KEITH LEONARD, SUPERINTENDENT

December 15, 2023

To the Honorable Members of the District School Board of Escambia County
and the Citizens of Escambia County, Florida

State law requires that all local governments publish, after the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP), and audited in accordance with auditing standards generally accepted in the United States of America. Pursuant to this requirement, we hereby issue the Annual Comprehensive Financial Report (ACFR) of the District School Board of Escambia County, Florida (District) for the fiscal year ended June 30, 2023.

This report consists of management's representations concerning the finances of the District. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been independently audited by The Florida Auditor General. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2023, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's basic financial statements for the fiscal year ended June 30, 2023, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the United States Office of Management and Budget (OMB) Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. A separate report related to this single audit, including the schedule of expenditures of federal awards, findings and questioned costs, and independent auditor's

To the Honorable Members of the District School Board of Escambia County
and the Citizens of Escambia County, Florida
December 15, 2023

report on the system of internal control and on compliance with applicable requirements, are included in the Single Audit Section.

This report includes all funds of the District, The Escambia County Public Schools Foundation for Excellence, Inc. (the Foundation), and charter schools, which comprise the reporting entity. The Foundation is a separate not-for-profit corporation organized and operated as a direct-support organization. The Foundation's purpose is exclusively educational and charitable for the constituents of Escambia County. Charter schools are public schools operating under performance contracts with the District's governing board (Board). The Foundation and the applicable charter schools are included as discretely presented component units in the accompanying financial statements except for one charter school operated by Pensacola State College (PSC). This school was reported as a component unit of the college rather than the District in accordance with GASB 14.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A immediately follows the independent auditor's report.

PROFILE OF THE DISTRICT

The District and its Board were created pursuant to Article IX, Section 4 of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by the District school officials in accordance with Chapter 1001, Florida Statutes. The Board consists of five elected officials responsible for the adoption of policies, which govern the operation of District public schools. The appointed Superintendent of Schools (Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education (SBE) Rules, and Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of financial records and accounts for the District by SBE Rule 6A-1.001, Florida Administrative Code.

The geographic boundaries of the District are those of Escambia County. During the 2022-23 fiscal year, the District operated sixty-one (61) schools, special centers, and other programs, including thirty-two (32) elementary schools, nine (9) middle schools, seven (7) high schools, three (3) special centers, and ten (10) other programs. The District also has five (5) charter schools that are component units of the District and one (1) non-component unit charter school in association with Pensacola State College. The District continues to provide on-line learning opportunities through its virtual education offerings.

District school facilities vary greatly in age. Year of occupancy for elementary schools range from the year 1936 to 2018; middle schools range from 1953 to 2018; and high school facilities range from 1949 to 1993.

The District receives the majority of its operating funds through the Florida Education Finance Program (FEFP), the state funding formula based on student membership and attendance. The state legislature sets the FEFP per pupil funding each legislative session and is funded according to a combination of state and local revenue. The local portion is made up of a Required Local Effort (RLE) millage rate applied to the county certified tax roll. The RLE for the 2022-23 fiscal year is 3.310 mills. In addition, a prior period funding adjustment rate of 0.002 mills and a local operating discretionary rate of 0.748 mills is also levied by the District for general fund operations in order to receive the full amount of FEFP formula funds.

To the Honorable Members of the District School Board of Escambia County
and the Citizens of Escambia County, Florida
December 15, 2023

The FEFP is made up of various components, including categorical earmarks, that insures both local flexibility of funds and adherence to legislative educational programs. The FEFP formula is also designed to equalize funding across the various school districts. In addition to funding traditional public schools, charter schools, operating through a contract with the District, are provided with their proportionate share of FEFP funds according to the number of full-time equivalent students so enrolled.

The District's general fund financial condition ratio at June 30, 2023 was 8.3 percent, well above the minimum statutory requirement of 3 percent (local board requirement is 8.0 percent). The financial condition ratio is calculated by dividing the combined assigned and unassigned fund balance by total general fund revenue. The financial condition ratio is an indication of the district's level of liquidity and flexible operating reserves. The ratio improved over the prior year due to a sharp increase in the assigned and unassigned fund balance totals. In contrast to the prior fiscal year, the District was in a more favorable position for determining student population and related revenue as the Family Empowerment Scholarships (FES) awarded to students from traditional District schools tended to stabilize.

During the 2022-23 fiscal year, the District provided general, special, vocational, and other education programs to 39,065 unweighted full-time equivalent students (UFTE), an increase of 110 UFTE from the prior fiscal year (38,955 UFTE). The increase was primarily due to FES recipients who are counted in the various student surveys, even though they are not a part of the District's traditional population. However, since FES funding is deducted from the FEFP calculation and follows the student to schools outside the District, there was no financial benefit to the District for those students.

Based on forecasting models, the District projects its 2023-24 student membership to reach 39,546 UFTE which represents an increase of 481 UFTE over the 2022-23 fiscal year (39,065 UFTE). However, these projections continue to be affected by the statewide increase in Family Empowerment Scholarships and virtually all of the projected increase is attributed to that. In addition, subsequent to the projected FTE dated February 23, 2023, one of the District's middle schools was turned over to a private charter school company to begin operating under a charter agreement for the 2023-24 school year. The amount of FTE projected for that school totaled 596 UFTE.

ECONOMIC CONDITION AND OUTLOOK

Escambia County, located in the northwestern part of the State, was established July 21, 1821, as a non-charter government when the Provisional Governor Andrew Jackson signed an ordinance making the County one of the first two counties in Florida, the other being St. John's County. There are two municipalities within the County, the City of Pensacola, which is the County seat, and the Town of Century.

Escambia County encompasses approximately 661 square miles, or 420,480 acres, with an additional 64,000 acres of water area and serves a population of approximately 333,452. The county population has increased by approximately 27,635 or 9.0 percent over the last 10 years (305,817). The statewide population at the end of the 2022-23 fiscal year was 22.6 million, a 15.3 percent increase over the same period (19.6 million).

The Escambia county unemployment rate has decreased from 4.5 percent a year ago to 3.0 percent in June 2023. The decrease is directly related to the reopening of businesses from the coronavirus shutdown and the expansion of Navy Federal Credit Union.

To the Honorable Members of the District School Board of Escambia County
and the Citizens of Escambia County, Florida
December 15, 2023

Local sales tax revenues continue to increase on a yearly basis. 2022-23 fiscal year receipts totaled \$40.3 million which was a 4.4% increase over the 2021-22 fiscal year (\$38.6 million).

Per pupil funding for the Escambia County School District was \$8,060 per UFTE at the fourth FEFP calculation, an increase of 5.5 percent over the 2021-22 fiscal year (\$7,639). The increase was in accordance with legislative intent for K-12 FEFP funding.

The FEFP funding formula is made up of state and local revenue. It includes several funding components including local ad valorem taxes and state categorical programs. School taxes in Escambia County generate both operating and capital outlay revenue according to millage rates set by the State (required local effort) and the local school board (discretionary operating and capital outlay millage rates).

The total fund balance of the general fund increased by \$6 million and totals \$42.2 million. Unrestricted fund balance (the assigned and unassigned portion) was \$26.8 million which was an increase of \$9.4 million. Meanwhile, nonspendable and restricted fund balance decreased by \$3.3 million. This indicates that restricted funds were utilized at a rate that exceeded the spending of unrestricted funds as is consistent with utilizing the categorical earmarks for their intended purposes.

MAJOR INITIATIVES

Capital Outlay Funds – Local Sales Tax Receipts

Section 212.055(6), Florida Statutes, authorizes local school boards the ability to levy a one-half cent School Capital Outlay Sales Surtax. Accordingly, the Escambia County School District has successfully placed a referendum on the ballot four separate times beginning with two five-year levies starting in January 1998 and renewed through December 2007, and two ten-year levies starting in January 2008 and renewed through the current referendum ending in December 2027. Accordingly, the District has successfully used these funds to build, remodel, and retrofit new schools, classroom additions, sports and physical education facilities, playground equipment, technology and related infrastructure, HVAC projects, and other school related capital projects. In addition, the following projects were financed using sales tax proceeds:

- In January 2016, the District issued Sales Tax Revenue Bonds, Series 2016 to build the new Beulah Middle School. This was the first use of debt financing serviced by sales tax proceeds. All previous school and other remodel/renovation construction projects had been completed on a cash pay-as-you-go basis. The bond will be paid off at the end of the current ten-year referendum (December 2027).
- The District issued Certificates of Participation, Series 2020A early in the 2020-21 fiscal year for the construction/rebuild of Pleasant Grove Elementary School. The debt is serviced with a combination of capital outlay ad valorem taxes and local sales tax proceeds from the current referendum. The debt on the Series 2020A Certificates will be paid off by the end of the ten-year sales tax referendum on December 31, 2027.

Elementary and Secondary School Emergency Relief Funds (ESSER)

ESSER funds were established as part of the Coronavirus Aid, Relief, and Economic Security (CARES) Act in March 2020. The CARES Act provided direct funding to state educational agencies to distribute to local school districts. The funds were to address the impact COVID-19 has had on elementary and secondary schools. This initial CARES Act funding became known as ESSER I and totaled \$12.3 million for the Escambia County School District. The funds were to provide additional dollars specifically for the

To the Honorable Members of the District School Board of Escambia County
and the Citizens of Escambia County, Florida
December 15, 2023

safe operation of schools and to keep employees working through a period of school closures or reduced capacity.

In December 2020, ESSER funding was expanded through the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act. Allowable uses of the funds, known as ESSER II, were expanded from operational costs to include air quality projects such as facility upgrades and retrofits of HVAC systems, air filter replacements, and other physical plant needs affecting student and staff learning and work environments. The original ESSER II allocation totaled \$48.5 million.

The third and currently final round of ESSER funding was added through the American Rescue Plan (ARP) Act. The ARP, or ESSER III, provides a greater emphasis on the safe reopening of schools and addressing learning loss due to the pandemic shutdown. The allocation of ESSER III funds also addresses facility air quality needs as well to help ensure the safe continuous operation of schools for the longer term. ESSER III funds are the largest by far and total \$109 million for the District.

The grant period for the various phases of ESSER funding run through September 2022, September 2023, and September 2024, respectively.

FINANCIAL INFORMATION

Internal Controls Management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. Internal control is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Budgetary Controls The District maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board. Activities of all governmental fund types are included in the annual appropriated budget. The level of budgetary control (that is the level at which expenditures cannot exceed the appropriated amount) is established at the object level.

Budgetary information is integrated into the accounting system and, to facilitate budgetary control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent fiscal year's appropriations. In order to provide budgetary control for salaries, the District utilizes a centralized position control system. On an annual basis, the Board adopts a District staffing plan that establishes teacher positions based generally on student populations served. Additionally, support and administrative positions are created based on established criteria.

LONG-TERM FINANCIAL PLANNING

General Operating The District's financial objectives for general operating revenue may be summarized as follows: (1) provide for adequate classroom resources and operational support to accomplish curriculum and instructional goals, (2) provide for a competitive salary and benefits program for all employees, and (3) maintain adequate fund balance consistent with School Board policy.

To the Honorable Members of the District School Board of Escambia County
and the Citizens of Escambia County, Florida
December 15, 2023

AWARDS AND ACKNOWLEDGMENTS

The District's ACFR for the fiscal year ended June 30, 2022, received the following awards:

- The Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA).
- The Certificate of Excellence in Financial Reporting from the Association of School Business Officials (ASBO).

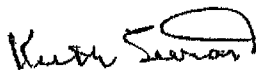

This was the fifteenth consecutive year that the District's ACFR has been so recognized and demonstrates the District's commitment to transparency for the benefit of the taxpayers of Escambia County. Accordingly, the District will also submit the current 2022-23 ACFR for such consideration.

Note: Beginning with the 2021-22 fiscal year, the Comprehensive Annual Financial Report (CAFR) became known as the Annual Comprehensive Financial Report (ACFR) in compliance with Government Accounting Standards Board (GASB) Statement No. 98. Previous fiscal year financial information is still posted to the District website as Comprehensive Annual Financial Report.

The timely preparation of this report was made possible by the dedicated service of the entire staff of the Finance and Business Services department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, we would like to thank the members of the School Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

Keith Leonard

INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Escambia County District School Board, as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Escambia County District School Board, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparisons for the general fund and major special revenue funds for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the employee benefit trust fund, a blended component unit, which represent 24 percent, 21 percent, 26 percent, 36 percent, and 37 percent, respectively, of the assets, liabilities, net position, revenues, and expenses of the aggregate remaining fund information as of June 30, 2023. In addition, we did not audit the financial statements of the aggregate discretely presented component units, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units columns as of June 30, 2023. The financial statements of the employee benefit trust fund and the aggregate discretely presented component units were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the employee benefit trust fund and the aggregate discretely presented component units, are based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that **Management's Discussion and Analysis, Schedule of Changes in the District's Total OPEB Liability and Related Ratios, Schedule of District Contributions – OPEB, Notes to Required Supplementary Information, Schedule of the District's Proportionate Share of the Net Pension Liability – Florida Retirement System Pension Plan, Schedule of District Contributions – Florida Retirement System Pension Plan, Schedule of the District's Proportionate Share of the Net Pension Liability – Health Insurance Subsidy Pension Plan, and Schedule of District Contributions – Health Insurance Subsidy Pension Plan** be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules and the accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules, and the accompanying **SCHEDULE OF**

EXPENDITURES OF FEDERAL AWARDS, are fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2023, on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control over financial reporting and compliance.

Respectfully submitted,

Sherrill F. Norman, CPA
Tallahassee, Florida
December 15, 2023
Audit Report No. 2024-094

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the District School Board of Escambia County, Florida (District) has prepared the following discussion and analysis to provide an overview of the District's financial activities for the fiscal year ended June 30, 2023. The information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2022-23 fiscal year are as follows:

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows at June 30, 2023, by \$340.6 million (net position).
- The District's total net position increased by \$32.5 million from the prior fiscal year (\$308.1 million). The increase in net position is primarily due to a \$13.5 million net increase in capital assets (school construction) and due to revenues exceeding expenditures.
- At June 30, 2023, the combined assigned and unassigned fund balance for the General Fund was \$26.8 million, an increase of \$9.4 million over the prior fiscal year (\$17.4 million). Likewise, the Financial Condition Ratio (Ratio) increased from 5.8 percent to 8.3 percent of total General Fund revenue. The Ratio is a measure of liquidity and is calculated by dividing the total assigned and unassigned fund balance by total General Fund revenue (\$321.9 million).
- Total General Fund balance increased by \$6.0 million and totals \$42.2 million at June 30, 2023.
- The District's total long-term debt (Bonds Payable and Certificates of Participation) was \$64.9 million, a decrease of \$13.3 million from the prior fiscal year (\$78.2 million). The decrease is due to the reduction of principal through normal debt service payments during the 2022-23 fiscal year.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements consist of three components:

- Government-wide financial statements.
- Fund financial statements.
- Notes to financial statements.

This report also includes supplementary information intended to furnish additional details to support the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the District presented on the accrual basis of accounting. The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred outflows/inflows of resources, using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

All of the District's activities and services are reported in the government-wide financial statements as governmental activities. The District's governmental activities include instruction, student support services, instructional support services, administrative support services, facility maintenance, transportation, and food services. Property taxes and State revenues finance most of these activities. Additionally, all capital and debt financing activities are reported as governmental activities.

The government-wide statements present the District's activities in two categories:

- Governmental activities – This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- Component units – The District presents aggregate financial information for the following six separate legal entities in this report: Capstone Academy Pensacola, Jacqueline Harris Preparatory Academy, Beulah Academy of Science, Inc., Byrneville Elementary School, Inc., Pensacola Beach Elementary School, Inc., and the Escambia County Public Schools Foundation for Excellence, Inc.

Each school is considered to be a component unit of the District due to the following criteria:

1. The District is financially accountable for each school.
2. Each school was established based on school board approval of the charter (which is tantamount to the initial appointment of the charter schools).
3. There is potential for each charter school to impose specific financial burdens on the District.

In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the

District. Financial information for these component units is reported separately from the financial information presented for the primary government.

Blended Component Unit - The Escambia School District Employee Benefit Trust (Trust) was established to administer the District's employee life, health, and dental insurance programs. All activities of the Trust are solely for the benefit of the District and its employees. Therefore, the financial activities of the Trust have been included (blended) as an integral part of the primary government.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of the broad categories discussed below.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental funds utilize a financial resources measurement focus rather than the economic resources measurement focus found in the government-wide financial statements. The financial resources measurement focus allows the governmental fund financial statements to provide information on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing the District's near-term financing arrangements.

The governmental fund statements provide a detailed, short-term view that may be used to evaluate the District's near-term financing requirements. This short-term view is useful when compared to the long-term view presented as governmental activities in the government-wide financial statements. To facilitate this comparison, both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation of governmental funds to governmental activities.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds. The District's major funds are the General Fund, Special Revenue – Other Federal Programs Fund, Special Revenue – Federal Education Stabilization Fund, and the Capital Projects – Other Fund. Data from the other governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its governmental funds. Budgetary comparison statements have been provided for the General Fund, Special Revenue – Other Federal Programs Fund, and the Special Revenue – Federal Education Stabilization Fund to demonstrate compliance with the budget.

Proprietary Funds. Proprietary funds, including internal service funds, may be established to account for activities in which a fee is charged for services. Internal service funds are used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses the internal service funds to account for risk management and employee benefits activities. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within governmental activities in the government-wide financial statements.

The internal service funds are combined into a single, aggregated column in the proprietary fund financial statements.

Notes to Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's progress in funding its obligation to provide other postemployment benefits to its employees and required supplementary information concerning the District's liability and required contributions to the state retirement system.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position over time may serve as a useful indicator of a government's financial health. The following is a summary of the District's net position as of June 30, 2023, compared to net position as of June 30, 2022:

	Net Position, End of Year	
	Governmental	
	Activities	
	6/30/23	6/30/22
Current Assets	\$ 226,390,419	\$ 222,725,277
Capital Assets	455,442,270	441,947,559
Total Assets	681,832,689	664,672,836
Deferred Outflow of Resources	83,735,262	77,830,947
Total Assets and Deferred Outflow of Resources	\$ 765,567,951	\$ 742,503,783
Long-Term Liabilities	\$ 386,922,661	\$ 278,994,353
Other Liabilities	16,588,356	18,430,789
Total Liabilities	403,511,017	297,425,142
Deferred Inflow of Resources	21,472,702	136,994,448
Net Position:		
Net Investment in Capital Assets	387,867,596	365,205,460
Restricted	136,473,744	132,958,785
Unrestricted (Deficit)	(183,757,108)	(190,080,052)
Total Net Position	340,584,232	308,084,193
Total Liabilities, Deferred Inflow of Resources, and Net Position	\$ 765,567,951	\$ 742,503,783

The largest portion of the District's net position, \$387.9 million, is its net investment in capital assets (e.g., land, construction in progress, buildings, improvements, equipment, motor vehicles, computer software, and audio-visual materials), less any related debt still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District's net position, \$136.5 million, represents resources that are subject to external restrictions on how they may be used. The deficit unrestricted net position of \$183.8 million was mainly due to the accrual of net pension liability totaling \$238.1 million. The District reported net pension liability according to the requirements of GASB Statement No. 68 – *Accounting and Reporting for Pensions*.

Long-term liabilities increased and deferred inflows of resources decreased primarily due to the District recognizing its proportionate share of the Florida Retirement System's net position liability and deferred inflows or resources.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2023, and June 30, 2022, are as follows:

	Operating Results for the Year	
	Governmental	
	Activities	
	<u>6/30/23</u>	<u>6/30/22</u>
Program Revenues:		
Charges for Services	\$ 3,788,679	\$ 3,091,994
Operating Grants and Contributions	23,373,347	23,725,739
Capital Grants and Contributions	4,652,940	4,182,274
General Revenues:		
Property Taxes, Levied for Operational Purposes	108,089,784	99,970,540
Property Taxes, Levied for Capital Projects	32,322,922	27,315,572
Local Sales Taxes	40,327,587	38,644,476
Grants and Contributions Not Restricted to Specific Programs	319,460,335	263,035,349
Unrestricted Investment Earnings	2,590,696	(2,427,938)
Miscellaneous	13,801,923	10,588,929
Total Revenues	<u>548,408,213</u>	<u>468,126,935</u>
Functions/Program Expenses:		
Instruction	241,010,958	215,035,755
Student Support Services	30,726,531	26,822,187
Instructional Media Services	4,933,427	4,466,961
Instruction and Curriculum Development Services	20,813,766	19,337,414
Instructional Staff Training Services	10,680,159	8,186,185
Instruction-Related Technology	4,434,449	4,277,502
Board	1,462,226	1,160,356
General Administration	5,529,565	3,570,643
School Administration	21,156,285	17,618,971
Facility Acquisition and Construction	55,434,048	37,836,854
Fiscal Services	2,886,770	2,431,969
Food Services	26,182,084	21,063,400
Central Services	7,537,963	8,534,886
Student Transportation Services	24,374,270	20,995,470
Operation of Plant	36,994,021	30,984,683
Maintenance of Plant	14,611,417	12,035,449
Administrative Technology Services	4,497,339	4,106,357
Community Services	1,781,198	2,296,605
Unallocated Interest on Long-Term Debt	861,698	1,164,902
Total Functions/Program Expenses	<u>515,908,174</u>	<u>441,926,549</u>
Increase (Decrease) in Net Position	<u>32,500,039</u>	<u>26,200,386</u>
Beginning Net Position	<u>308,084,193</u>	<u>281,883,807</u>
Ending Net Position	<u>\$ 340,584,232</u>	<u>\$ 308,084,193</u>

Governmental Activities increased the District's net position by \$32.5 million. Grants and Contributions increased by \$56.4 million, or 21.5 percent, mainly due to additional FEFP and FES grant funding received

during the 2022-23 fiscal year. Instruction expenses increased by \$26 million, or 12.1 percent, mainly due to the increased cost of providing basic instruction and exceptional education to students.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Major Governmental Funds

General Fund. The General Fund is the District's chief operating fund. Total fund balance is \$42.2 million at June 30, 2023, an increase of \$6.0 million over the prior fiscal year (\$36.2 million). The components of fund balance based on Government Accounting Standards Board (GASB) Statement No. 54 were as follows in comparison to the 2021-22 fiscal year:

Fund Balance Component	6/30/2023	6/30/2022	Change
Nonspendable	\$ 1,989,310	\$ 2,044,218	\$ (54,908)
Restricted	13,438,497	16,732,615	(3,294,118)
Assigned	13,837,158	16,699,797	(2,862,639)
Unassigned	12,923,792	692,336	12,231,456
Total Fund Balance	\$ 42,188,757	\$ 36,168,966	\$ 6,019,791

The assigned and unassigned fund balances total \$26.8 million for the current fiscal year which is an increase of \$9.4 million over the prior year. Meanwhile, the nonspendable and restricted components total \$15.4 million which is a decrease of \$3.3 million. Key fund balance performance indicators are as follows:

- ESSER federal funds were utilized to fund and maintain instructional personnel that were allocated in excess of earned units. Many of these instructional units would otherwise have been charged to the general fund if the positions were determined necessary to address learning loss.
- Adjusted FEFP revenue at the 2022-23 fourth calculation provided a total of \$152.7 million which was an increase of \$7.9 million over the prior year total of \$144.8 million. This increase helped the District comply with the state's beginning teacher salary initiative and minimum \$15 per hour requirement for all employees. Included in these expenditures was a 1.09 percent increase in the regular class retirement contribution amount to the Florida Division of Retirement.

Special Revenue – Other Federal Programs Fund. The Special Revenue – Other Federal Programs Fund had revenues and expenditures of \$35.8 million each. This is a decrease over the prior fiscal year of \$0.3 million (\$36.1 million). Funds are typically recorded as revenue when expended.

Special Revenue – Federal Education Stabilization Fund. The Special Revenue – Federal Education Stabilization Fund consists of the original Coronavirus Aid, Relief, and Economic Security (CARES) Act and subsequent allocations to Florida school districts:

- Elementary and Secondary School Emergency Relief (ESSER) Funds

- ESSER I – the original allocation to provide safe re-openings of schools, offsite remote learning platforms, sanitation, medical support, instructional hardware and software, and continued employment of personnel during the pandemic shutdown. The District was allocated \$12.3 million through September 30, 2022.
- ESSER II – the second allocation to provide additional funds for the same allowable uses as ESSER I but also included facility upgrades for air quality. This allowed the District to plan for and utilize funds to retrofit HVAC systems, remove and replace certain carpeting, and other applicable facilities improvements leading to improved air quality. The District’s original allocation was \$48.5 million but that total was adjusted to \$40.5 million after the Florida Department of Education recalled \$8 million during a statewide reversion of funds. The grant period ends on September 30, 2023. At June 30, 2023, the District had expended a total of \$37.3 million of the allocated funds.
- ESSER III – Also known as the American Rescue Plan, the allocation provided more funds with the same allowable uses as ESSER II. The original allocation was \$109 million through September 30, 2024. At June 30, 2023, the District had expended a total of \$63.1 million of the allocated funds with significant emphasis on HVAC and other air quality upgrades and salaries and benefits for additional instructional and instructional support staff to address learning loss.

It should be noted that the District planned to utilize the entire grant period for each allocation. Therefore, expenditures were planned for current and future years. In the case of facilities planning, architectural and engineering requirements, along with the bidding of projects and selection of contractors, requires significant lead times and careful coordination of contractors with school administration.

Capital Projects – Other Fund. The Capital Projects – Other Fund has a fund balance of \$76.2 million for the 2022-23 fiscal year. The fund balance decreased from the prior year by \$6.7 million (\$82.9 million) due to various school projects such as Pleasant Grove Elementary School and Myrtle Grove Elementary School new construction, various auditoriums, new classrooms, cafeterias, and school renovations projects using local sales tax proceeds.

The original net proceeds of the Series 2016, Sales Tax Revenue Bonds totaled \$60 million and has a remaining balance of \$29.2 million at June 30, 2023 (a decrease of \$5.1 million during the 2022-23 fiscal year).

GENERAL FUND BUDGETARY HIGHLIGHTS

- **Revenues** - Final budgeted revenue totaled \$315.6 million. Actual revenue at \$321.9 million exceeded budgeted revenue by \$6.3 million.

- Expenditures - Final budgeted expenditures totaled \$341.6 million. Actual expenditures at \$330 million were below budgeted expenditures by \$11.6 million.
- Other financing sources – Final budgeted financing sources totaled \$9.4 million. Actual financing sources at \$14.1 million exceeded budgeted financing sources by \$4.7 million. A portion of the financing sources (\$2.9 million) were from eligible ESSER expenditures that were not captured in the prior fiscal year. Funds were transferred in from ESSER III after being identified as eligible salary and benefits costs in the general fund.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The District’s investment in capital assets for its governmental activities as of June 30, 2023, amounts to \$455.4 million (net of accumulated depreciation). This investment in capital assets includes land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; and audio-visual materials and computer software. The District’s investment in capital assets (net of accumulated depreciation) for the current fiscal year increased \$13.5 million (approximately 3.1 percent).

Major construction projects initiated, continued, or completed during the current fiscal year included the following:

- Pensacola High School – Renovations
- Pleasant Grove Elementary School – New construction
- Myrtle Grove Elementary School – Building 1 replacement
- Beulah Elementary School – Cafeteria and classroom
- West Pensacola Elementary School - Renovations
- Tate High School – Agriscience building
- Ferry Pass Middle School - Renovations
- Northview High School – Wastewater treatment plant
- Escambia High School - Auditorium

Additional information on the District’s capital assets can be found in Notes 5 and 11 to the financial statements.

Long-Term Debt

At June 30, 2023, the District has total long-term debt outstanding of \$64.9 million, a decrease of \$13.3 million over the prior fiscal year (\$78.2 million). The District has \$698.8 thousand outstanding of State School Bonds issued by the State Board of Education (SBE) and backed by the full faith and credit of the

State of Florida. Certificates of Participation outstanding total \$35.0 million and the remainder of the long-term debt is made up of Sales Tax Revenue Bonds, Series 2016, which have an outstanding balance of \$29.2 million at June 30, 2023.

Additional information on the District's long-term debt can be found in Notes 6 through 8 to the financial statements.

CONSIDERATION OF ECONOMIC FACTORS IN BUDGETARY PLANNING

Factors considered in preparing the District budget for the 2023-24 fiscal year:

Student Enrollment - The District receives the majority of its general operating funds through the Florida Education Finance Program (FEFP). The funds are based on the number of full-time equivalent (FTE) students and is a combination of state and local revenue. Key issues related to the proposed 2023-24 FEFP funding formula over the 2022-23 fiscal year include:

- The District will begin the 2023-24 fiscal year with FEFP funds totaling \$341.0 million (Second FEFP calculation) which is an increase of \$26.4 million over the 2022-23 Fourth FEFP calculation.

However, when the total FEFP revenue is adjusted for Family Empowerment Scholarship (FES) deductions, the increase over the prior year is reduced to \$19.0 million.
- The following factors concerning FEFP revenue should be noted:
 - (1) Total District UFTE is projected to increase from 39,031 (2022-23 Fourth FEFP Calculation) to 40,046 UFTE (2023-24 Second FEFP Calculation).
 - (2) The projected increase of 1,015 UFTE is mainly due to the FES Program which increased by 843 UFTE. Projected FES recipients total 3,016 UFTE (7.5 percent of the District total).
 - (3) Revenues generated for Family Empowerment Scholarships are projected to increase from \$18.8 million (2022-23) to \$25.1 million (2023-24), an increase of \$6.3 million. FES revenue totals are deducted from the FEFP calculation.
 - (4) A charter school sponsored by Pensacola State College will enter its second year of operation and continue to provide full-time instruction to approximately 100 eleventh and twelfth grade students. Most of the students are dual enrolled from traditional District high schools and the school intends to expand its student population with additional transfers.
 - (5) Warrington Middle School was converted to a charter school as mandated by FDOE. The operator will be Charter Schools USA and the school name was changed to Warrington Preparatory Academy. The school will continue to serve its attendance zone and is expected to provide instruction for approximately 600 students in grades 6-8. The school will be funded by its portion of FEFP revenue.
 - (6) The District agreed to meet compliance with the state minimum teacher salary requirement of \$47,500. The beginning teacher salary during the 2022-23 school year was \$45,700. The salary initiative was originally funded by the Teacher Salary Increase Allocation, an FEFP categorical

program. In the 2023-24 fiscal year the funding was included in the base student allocation and not as a separate categorical program.

General Fund – During the 2023-24 fiscal year the District will budget for the following:

- Increased state retirement rate contributions on all employees.
- Teacher salaries - approximately \$2.4 million to meet minimum teacher salary of \$47,500.
- Address salary compression issues related to minimum teacher salary requirements.
- Increased diesel fuel costs, increasing property/casualty insurance rates, and other inflation affected purchases.
- Maintain compliance with the state requirement for a minimum \$15 minimum wage and its salary compression effect.
- Plan for student choice transfers to Family Empowerment Scholarships and new charter school offering.

Any unspent appropriations and/or revenue receipts in excess of budgeted amounts will be used to replenish the unassigned fund balance accordingly.

Elementary and Secondary School Emergency Relief (ESSER) Federal Funds

- Elementary and Secondary School Emergency Relief Fund II (ESSER II) – Signed into law on December 27, 2020 and provides additional aid for school districts in the same proportion as the original ESSER I. The total for the Escambia County School District was \$48.5 million. The grant period extends to September 30, 2023. The allocation was divided into four separate grant awards as follows:
 - (1) Nonenrollment Assistance Allocation - \$1.9 million allocated to assist the District's efforts to find and re-enroll students who may have dropped out from their school during the previous shutdown or who otherwise disengage from the District.
 - (2) Academic Assistance Allocation - \$9.7 million allocated to support the District in improving the student learning and achievement gap caused by the effects of the pandemic.
 - (3) Technology Assistance allocation - \$2.4 million allocated to assist in providing state-of-the art technology required to improve student learning.
 - (4) Lump Sum Allocation - \$34.4 million allocated for similar activities as ESSER I except for the addition of allowable costs for facility upgrades and improvements to air quality.

During the 2021-22 fiscal year, by order of the Florida Department of Education, unspent funds from the Nonenrollment and Academic Assistance Allocations reverted to the state. The amount of the reverted funds totaled \$780 thousand and \$7.2 million, respectively. At June 30, 2023, unspent ESSER II funds, net of reverted amounts, totaled \$3.2 million.

- Elementary and Secondary School Emergency Relief Fund III (ESSER III) – The American Rescue Plan (ARP) – Signed into law on March 1, 2021, the ARP (ESSER III) funds were allocated to local educational agencies to help meet a wide range of needs arising from the coronavirus pandemic, including reopening schools safely, sustaining their safe operation, and essentially replicated the allowable costs and uses of the previous ESSER II. The Escambia County School District was allocated a total of \$109 million through the grant period ending on September 30, 2024.

In order to make a lasting investment in the various schools, the District budgeted a large portion of ESSER II and III funds in air quality upgrades that included new HVAC systems, window replacements, flooring replacements, and other related school and office improvements. Most of these projects were previously scheduled in the District’s five-year capital outlay work plan and ten year half cent sales tax capital outlay program. At June 30, 2023, unspent ESSER III funds totaled \$45.9 million of which encumbrances made up \$40.4 million of the unspent amount.

REQUESTS FOR INFORMATION

Questions concerning information provided in the MD&A, and financial statements and notes thereto, or requests for additional financial information should be addressed to the Assistant Superintendent - Finance and Business Services, District School Board of Escambia County, 75 North Pace Boulevard, Pensacola, Florida 32505.

**DISTRICT SCHOOL BOARD OF ESCAMBIA COUNTY, FLORIDA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2023**

Total Fund Balances - Governmental Funds \$ 162,618,204

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds. 455,442,270

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. 16,668,169

Long-term liabilities are not due and payable in the current fiscal year and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at fiscal year-end consist of:

Bonds Payable	\$	(26,194,000)	
Less: unamortized premiums on bonds payable		(3,680,489)	
Certificates of Participation Payable		(30,855,000)	
Less: unamortized premiums on certificates of participation payable		(4,181,684)	
Compensated Absences Payable		(38,896,957)	
Net Pension Liability		(238,070,927)	
Other Postemployment Benefits Payable		(14,527,914)	(356,406,971)

Deferred inflows of resources related to the deferred amount on refunding are applicable to future periods and, therefore, are not reported in the governmental funds.

Deferred Gains on Refunding - Bonds Payable (57,700)

Deferred outflows of resources and deferred inflows of resources related to pensions and other postemployment benefits are applicable to future periods and, therefore, are not reported in the governmental funds.

Deferred Outflows Related to Pensions		78,805,375	
Deferred Inflows Related to Pensions		(17,890,468)	
Deferred Outflows Related to Other Postemployment Benefits		4,929,887	
Deferred Inflows Related to Other Postemployment Benefits		(3,524,534)	62,320,260

Total Net Position - Governmental Activities **\$ 340,584,232**

**DISTRICT SCHOOL BOARD OF ESCAMBIA COUNTY, FLORIDA
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

Net Change in Fund Balances - Governmental Funds \$ 4,991,600

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital outlays in excess of depreciation expense in the current fiscal year.

Capital Outlay - Facilities Acquisition and Construction - Capitalized	\$ 24,152,421	
Capital Outlay - Other Capital Outlay - Capitalized	5,734,878	
Less, Depreciation Expense	<u>(14,511,264)</u>	15,376,035

The statement of activities reflects only the gain/loss on the sale of assets, whereas the governmental funds include all proceeds from these sales. Thus, the change in net position differs from the change in fund balances by the cost of assets sold. (1,881,323)

Debt proceeds are reported as financial resources in governmental funds and thus contribute to the change in fund balance. However, in the statement of net position, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, payments to escrow agents are reported as financial uses in the governmental funds but reduces the liability in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but reduces the liability in the statement of net position. These are the debt refunding and principal payments for the current fiscal year:

Bond Repayments	4,621,000	
Certificate of Participation Repayments	<u>6,820,000</u>	11,441,000

Premiums associated with long-term debt issued in the current fiscal year are reported in the statement of activities, but are not a current financial resource and, therefore, are not reported in governmental funds. This is the decrease in deferred premiums during the current fiscal year:

Bonds Payable	758,197	
Amortization of deferred charges and gain on refunding, net	12,627	
Certificates of Participation Payable	<u>1,045,421</u>	1,816,245

In the Statement of Activities, pension expense is recorded for the District's proportionate share of collective pension expense of the cost sharing defined benefit plans in which the District participates. Also included in pension expense are amounts required to be amortized in accordance with GASB Statement No. 68. (1,902,561)

In the Statement of Activities, other postemployment benefits (OPEB) expense is recorded for the District's proportionate share of collective OPEB expense of the cost-sharing defined benefit plans in which the District participates. Also included in OPEB expense are amounts required to be amortized in accordance with GASB Statement No. 75. (101,989)

In the statement of activities, the cost of compensated absences is measured by the amounts earned during the fiscal year, while in governmental funds expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences paid in excess of the amount earned in the current fiscal year. 3,897,874

Internal service funds are used by management to charge the cost of certain activities, such as insurance, to individual funds. The net expense of internal service funds is reported with governmental activities. (1,136,842)

Change in Net Position of Governmental Activities \$ 32,500,039

**DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

➤ **Reporting Entity**

The Escambia County District School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The Escambia County School District (District) is considered part of the Florida system of public education. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Escambia County.

Criteria for determining if other entities are potential component units which should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading.

Based on the application of these criteria, the following component units are included within the Board's reporting entity:

- **Blended Component Unit.** The Escambia School District Employee Benefit Trust (Trust) has been established to administer the District's employee life, health, and dental insurance programs. Assets necessary to fund the programs are transferred to the Trust; however, under the terms of the Trust Agreement, the Board retains control of the assets. Due to the substantive economic relationship between the District and the Trust, the financial activities of the Trust are reported in the accompanying basic financial statements as an internal service fund.
- **Discretely Presented Component Units.** The component units' columns in the basic financial statements, include the financial data of the District's other component units, as follows:

The Escambia County Public Schools Foundation for Excellence, Inc. (Foundation), is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, and, as such, the Foundation is approved by the Board. The Foundation was formed to provide charitable and educational aid to the District and to receive, hold, invest, and administer property and to make expenditures for the benefit of the District, which is able to impose its will on the Foundation.

Charter schools are separate not-for-profit corporations each with a separate board of directors organized pursuant to Chapter 617, Florida Statutes, the Florida Not for Profit Corporation Act, and Section 1002.33, Florida Statutes. Charter schools operate under a charter of the sponsoring school district and are considered component units according to the interpretation of GASB Statement No. 61 by the Florida Department of Education which determined that Florida school districts are financially accountable for Florida charter schools.

Pursuant to the Florida Constitution, charter schools are public schools and the District is responsible for their operation, control, and supervision. The District has entered

(Continued)
**DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

into charter agreements with the following charter schools that are considered part of the District's reporting entity:

Capstone Academy Pensacola was established to provide exceptional student educational services to handicapped prekindergarten students.

Jaqueline Harris Preparatory Academy was established to provide alternate programs of education, training, and related services for elementary students who are considered "at risk" of academic failure. Jaqueline Harris Preparatory Academy, operated by New Road to Learning, Inc., is a separate not-for-profit entity.

Beulah Academy of Science, Inc., was established to provide an agriculture and science program for middle school students.

Byrneville Elementary School, Inc., and Pensacola Beach Elementary School, Inc., were established to provide education, training, and related services to elementary school students.

Non-Component Unit Charter School:

Pensacola State College Charter Academy (PSC Charter), was established during the 2022-23 fiscal year with the intentions of providing 11th and 12th grade students with the opportunity to earn a high school diploma, college credits, and an associate degree in either arts or sciences. However, due to its relationship with Pensacola State College, PSC Charter is not considered a component unit of the District.

Audits of the Foundation's financial statements and the charter schools' financial statements for the fiscal year ended June 30, 2023, are conducted by independent certified public accountants and are filed in the District's administrative office at 75 North Pace Boulevard, Pensacola, Florida.

➤ **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The accounting and financial reporting treatment is determined by its measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured as current financial resources or economic resources. The basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Government-wide Financial Statements - The Government-wide financial statements are prepared under the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions in which the District gives or receives value without directly receiving or giving value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the

(Continued)
DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

financial activities of the government in its entirety. Governmental activities are normally supported by taxes and inter-governmental revenues. The District currently does not have any business-type activities.

The Statement of Net Position includes all assets, liabilities, and deferred outflows/inflows of resources of the District. The Statement of Activities presents a comparison between the direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Depreciation expenses are allocated to functions based on actual and estimated usage of the assets in those functions.

Amounts reported as program revenues include: 1) charges for services provided to students for tuition, fees, rental, material, supplies, or other services, 2) operating grants and contributions, and 3) capital grants and contributions. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used.

Fund Financial Statements – The Governmental Fund Financial Statements are prepared utilizing the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual, that is, both measurable and available. “Measurable” means the amount of transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues “susceptible to accrual” include ad valorem taxes, reimbursable-type grants, and interest on investments. The District considers revenues from property taxes as available if they are collected within 60 days after fiscal year-end. Expenditures are recorded when the fund liability is incurred. However, exceptions include unmatured principal and interest on general long-term debt and accumulated sick and vacation pay, which are recorded when payment is due.

In applying the “susceptible to accrual” concept to revenues from Federal and State sources, the legal contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of revenues. In one type, moneys must be expended for the specific purpose or project before the District will receive any amounts; therefore, revenues are recognized based upon the occurrence of the expenditure. In the other type, moneys are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed legal and contractual requirements. These resources are reflected as revenues at the time of receipt or earlier if the “susceptible to accrual” criteria are met. In all cases, moneys received before the revenue recognition criteria have been met, are reported as unearned revenue.

The Proprietary Fund Financial Statements are prepared under the economic resources measurement focus and the accrual basis of accounting.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

(Continued)
DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

The principal operating revenues of the District's internal service funds are for self-insurance (property, casualty, liability, and workers' compensation), and employee benefits (health and prescription) provided to other funds. Operating expenses for the internal service funds include salaries, employee benefits, purchased services, energy services, materials and supplies, capital outlay, and insurance claims. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The fund statements provide information about the District's funds. Separate financial statements for each fund category – governmental and proprietary – are presented. The emphasis of fund financial statements is on major funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as other governmental funds. The District reports the following major governmental funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Special Revenue - Other Federal Programs Fund – to account for certain Federal grant program resources.
- Special Revenue – Federal Education Stabilization Fund - To account for Elementary and Secondary School Emergency Relief (ESSER) and American Rescue Plan (ARP) funds.
- Capital Projects – Other Fund – to account for the financial resources generated by the local voted sales tax and various other financial resources restricted for educational capital outlay needs, including new construction, renovation, and remodeling projects.

Additionally, the District reports the following proprietary fund:

- Internal Service Funds – to account for the District's individual self-insurance programs.

Discretely Presented Component Units – The Foundation is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred.

Except for the Capstone Academy Pensacola, the charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities. The Capstone Academy Pensacola is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the fiscal year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts

(Continued)
**DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

➤ **Net Position / Fund Balance Flow Assumptions**

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed. When committed, assigned, or unassigned resources are available for use in governmental fund financial statements, it is the District's policy to use committed resources first, followed by assigned resources, and then unassigned resources as they are needed.

➤ **Fund Balance Policies**

GASB Statement No. 54 provides for the structured classification of fund balance and is intended to improve the usefulness of fund balance reporting to the users of the district's financial statements. The standard provides for a hierarchy for fund balance classification and the constraints imposed on the uses of those resources. GASB 54 provides for two major types of fund balances, nonspendable and spendable.

Nonspendable fund balances cannot be spent during the reporting period because they are not expected to be converted to cash or they are legally or contractually required to remain intact. The District reports inventory as nonspendable.

Spendable fund balances under GASB 54 are categorized according to various spending restraints:

- **Restricted** – Fund balances that are constrained by external parties or legislation. The District reports state categorical carry-over balances and other similar carry-over balances from state or local earmarked revenue as restricted.
- **Committed** - Fund balances that are set aside by formal Board action (typically by adoption of a resolution) to allocate funds for specific purposes. The Board is the highest level of decision-making authority for the district. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balance as of June 30, 2023.
- **Assigned** – Fund balances that are reserved or designated for a particular purpose but are not formally imposed by the governing Board. Because there is no formal action by the Board, assigned fund balance does not rise to the level of committed under GASB 54. As such, authority to assigned fund balances may be delegated to the Superintendent or designee and generally exist on a temporary basis. Additional Board action is not required for the removal of an assignment. Assigned fund balances include roll forwards of unspent school budget allocations and local projects that do not have legal or other imposed restrictions.
- **Unassigned** – Fund balances in the General Fund that are not classified in any of the other categories. The unassigned fund balance category is not applicable to any other governmental funds.

ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

➤ **Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term, highly liquid investments with original maturities of 3 months or less. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME (the state investment pool created by section 218.405, Florida Statutes).

Cash deposits are held by banks qualified as public depositories under Florida law or through the Federally Insured Cash Account program, which complies with the provisions of Section 218.415(23), Florida Statutes, and is therefore exempt from Florida's public deposits program pursuant to Section 280.03(3)(f), Florida Statutes. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple, financial institution collateral pool, as required by Chapter 280, Florida Statutes. The statement of cash flows considers cash and cash equivalents as those amounts in demand deposit accounts and all highly liquid investments with an original maturity of 3 months or less.

Investments consist of amounts placed in SBA Debt Service accounts for investment of debt service moneys, amounts placed with SBA for participation in the Florida PRIME, and those made locally. Investments made locally are reported at fair value and consisted of the following investment categories during the fiscal year:

- (1) Intergovernmental investment pool made up of money market mutual funds and various short-term government bond funds. The intergovernmental investment pool is reported at fair value and is described in a subsequent note on investments.
- (2) Corporate bonds
- (3) Government bonds.
- (4) Agency bonds
- (5) Municipal bonds
- (6) Commercial paper.
- (7) Treasury bills.
- (8) U.S. Government bond funds.

The District's investments in Florida PRIME, which SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, as of June 30, 2023, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. According to GASB Statement 79, these investments are reported at fair value, which is amortized cost. Florida PRIME operates under investment guidelines established by Section 215.47, Florida Statutes.

**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

➤ **Inventories**

Inventories consist of expendable supplies held for consumption in the course of District operations. Material stores, maintenance stores, custodial stores, transportation stores, fuel inventories, and purchased food and lunchroom supply inventories are stated on the average-cost method. The United States Department of Agriculture surplus donated foods are stated at their fair value, as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

➤ **Capital Assets**

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement should be reported at acquisition value rather than fair value at the date of donation. Interest costs incurred during the construction of capital assets are not considered material and are not capitalized as part of the cost of construction.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Improvements Other Than Buildings	15 years
Buildings and Fixed Equipment	20 - 55 years
Furniture, Fixtures, and Equipment	5 - 15 years
Motor Vehicles	10 - 20 years
Audio Visual Materials and Computer Software	10 - 15 years

Current fiscal year information relative to changes in capital assets is described in a subsequent note.

➤ **Long-Term Liabilities**

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Bond and Certificates of Participation (COP) premiums and discounts are amortized over the life of the debt using the straight-line method. Bonds and COP payable are reported net of the applicable premiums or discounts.

(Continued)
**DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued and premiums on debt issuance are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current fiscal year are reported in a subsequent note.

➤ **Compensated Absences**

The criteria for determining compensated absences (i.e., paid absences for employee vacation and sick leave benefit) liability are derived from Board policy, negotiated agreements, and State law. Vacation benefits are accrued as a liability as the benefits are earned if an employee's right to receive compensation is attributable to services already rendered and it is probable that the employer will compensate the employee for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vesting method. The liability is based on the sick leave accumulated at fiscal year-end by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. Compensated absences include applicable salary related payments for Social Security, Medicare, and retirement contributions.

In the government-wide financial statements, compensated absences are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability is reported for compensated absences in the governmental fund financial statements only if they have matured (i.e., unused reimbursable leave still outstanding following an employee's resignation or retirement). The liability for compensated absences includes salary-related benefits, where applicable.

Changes in compensated absences for the current fiscal year are reported in a subsequent note.

➤ **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense) until then.

The District has two items that qualify for reporting as deferred outflows of resources, the *deferred outflows related to pensions* and the *deferred outflows related to other post-employment benefits (OPEB)* are reported in the government-wide statement of net position. The deferred outflows related to pensions and OPEB are an aggregate of related items as calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, respectively. The deferred outflows related to pensions and OPEB will be recognized as either an expense or a reduction in the net liability in future reporting years. Details on the composition of the deferred outflows related to pensions and OPEB are further discussed in subsequent notes.

(Continued)
DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

In addition to liabilities, the statement of net position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The District has three items that qualify for reporting as deferred inflows of resources.

The three items reported as deferred inflows of resources are the *deferred gains on refunding*, the *deferred inflows related to pensions*, and the *deferred inflows related to OPEB* and are reported in the government-wide statement of net position. A deferred gain on refunding results from a debt refinancing whereby the net carrying amount of the debt instrument exceeds the reacquisition price of the refunding debt. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred inflows related to pensions and OPEB are an aggregate of related items as calculated in accordance with GASB Statement No. 68 and No. 75, respectively. The deferred inflows related to pensions and OPEB will be recognized as a reduction of an expense in future reporting years. Details on the composition of the deferred inflows related to pensions and OPEB are further discussed in subsequent notes.

➤ **State Revenue Sources**

Revenues from State sources for current operations are primarily from the Florida Education Finance Program administered by the Florida Department of Education (Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting according to a calendar established by the Department. Such amendments may impact funding allocations for subsequent fiscal years. The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. State Board of Education (SBE) rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The Department generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the unspent balance of categorical and earmarked educational program resources. A schedule of state revenue sources is presented in a separate note.

➤ **District Property Taxes**

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Escambia County Property Appraiser, and property taxes are collected by the Escambia County Tax Collector.

(Continued)
**DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

The School Board adopted the 2022 tax levy on September 15, 2022. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Escambia County Tax Collector at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current fiscal year are presented in a subsequent note.

➤ **School Capital Outlay Surtax**

On November 4, 2014, the citizens of Escambia County renewed a 0.5 percent school capital outlay sales surtax authorized under Section 212.055(6), Florida Statutes. The surtax was authorized for a period of 10 years, beginning January 1, 2018. Sales tax proceeds are to be used for fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a useful life expectancy of 5 or more years, and retrofitting and technology implementation and any land acquisition, land improvement, design, and engineering costs related thereto. The 10-year extension will end on December 31, 2027.

At June 30, 2023 two debt issues were either fully or partially secured by sales tax proceeds:

- Certificates of Participation, Series 2020A – Par Amount - \$37,675,000
Lease payments are paid from a combination of sales tax proceeds (42%) and capital outlay millage (58%).
- Sales Tax Revenue Bonds, Series 2016 – Par Amount - \$51,910,000

➤ **Federal Revenue Sources**

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

FOR THE FISCAL YEAR ENDED JUNE 30, 2023

2. BUDGETARY COMPLIANCE AND ACCOUNTABILITY

The Board follows procedures established by State Statutes and SBE rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and SBE rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting no later than the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent fiscal year's appropriations.

Total Investments, Primary Government		<u><u>\$ 108,553,747</u></u>	

Note: (1) Investments reported as cash equivalents for financial statement reporting purposes.

GASB Statement No. 72, Fair Value Measurement and Application

According to GASB Statement No. 72, all assets meeting the definition of an investment should be measured at fair value, except the following:

- Nonparticipating interest earning investment contracts including non-negotiable certificates of deposit
- Investments in unallocated insurance contracts

(Continued)
DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

- Money market investments and participating interest-earning investment contracts that have remaining maturity at time of purchase of 3 months or less
- Investments held by 2a-7 external investment pools
- Investments in 2a-7-like pools
- Fully benefit-responsive synthetic guaranteed investment contracts
- Investments in life insurance contracts not meeting the definition of a life settlement contract

In addition to expanding the definitions of fair value and investments, GASB Statement No. 72 provides requirements for the valuation and disclosure of assets and liabilities reported at fair value. Governments are to use valuation techniques that are appropriate and for which sufficient data is available to measure assets and liabilities at fair value. These valuation techniques, which are inputs or data that market participants use in valuing assets and liabilities, should be applied consistently.

The District uses the market approach for fair value measurements.

GASB Statement No. 72 establishes a three-tier fair value hierarchy that prioritizes the inputs based on relative reliability and requiring all assets and liabilities valued at fair value to be categorized each using one of the three hierarchy levels:

- *Level 1 Inputs* – quoted prices in active markets for identical assets or liabilities. Observable markets include exchange markets, dealer markets, brokered markets, and principal-to-principal markets.
- *Level 2 Inputs* – inputs other than quoted prices included within Level 1 that are observable for the asset or liability. These inputs are derived from or corroborated by observable market data through correlation or by other means. Examples: Quoted prices for similar assets or liabilities in active or inactive markets, credit spreads, interest rates and yield curves observable at commonly quoted intervals.
- *Level 3 Inputs* – unobservable inputs used only when relevant Level 1 and Level 2 inputs are unavailable. Examples: Nonbinding quotes on interest rate swaps that cannot be corroborated by observable market data and financial forecasts using internal data for commercial real estate.

Interest Rate Risk

- Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In order to provide sufficient liquidity to pay obligations as they become due, the District's investment policy limits the length of investments as follows: (1) investments of current operating funds shall have maturities of no longer than 2 years, and (2) investments of bond reserves, construction funds, and other nonoperating funds shall have a term appropriate for the need for the funds and in accordance with debt covenants, but in no event shall exceed 5 years.
- The District's investments in Florida PRIME and Commercial Paper (CP) had weighted average maturities (WAMs) of 37 days, and 5-111 days, respectively, at June 30, 2023.
- The District's investments in FL Class had a weighted average maturity (WAM) of 168 days at June 30, 2023.

(Continued)
DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

- The District’s investments in Corporate Bonds, Agency Bonds, Government Bonds, and Municipal Bonds had WAMs of 1.79 years, 1.90 years, 1.24 years, and 1.58 years, respectively, at June 30, 2023.
- Florida Fixed Income Trust (FL FIT) had the following WAM for each portfolio:
 - FL Select Cash Pool – 2.48 years
 - FL FIT Enhanced Cash Pool – 1.16 years
 - FL FIT Cash Pool – 86 days

A portfolio’s WAM reflects the average maturity in days or years based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

- As of June 30, 2023, the District has the following interest rate risk by fund:

Investment by Fund	Fair Value	Investment Maturities		
		Six Months or Less	Greater than Six Months to Two Years	Greater than Two Years
Major Governmental Funds:				
General	\$ 22,929,333	\$ 13,245,236	\$ 7,173,679	\$ 2,510,418
Capital Projects - Other	61,422,953	3,681,071	54,997,832	2,744,050
Nonmajor Governmental	10,589,707	14,998	7,833,417	2,741,292
Proprietary - Internal Service Fund (1)	13,611,754	13,611,754	-	-
Total Investments	<u>\$ 108,553,747</u>	<u>\$ 30,553,059</u>	<u>\$ 70,004,928</u>	<u>\$ 7,995,760</u>

(1) Self Insurance Program

Note: Investments that have stable net asset values (NAVs) are considered cash equivalents for financial statement purposes.

Credit Risk

- Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District’s investment policy limits authorized investments to the SBA Local Government Surplus Funds Trust Fund Investment Pool, which is known as Florida PRIME; direct obligations of the United States Government Agencies; certain Federal Instrumentalities; interest-bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; repurchase agreements secured by the collateral composed of negotiable direct obligations of the United States Government, Government Agencies, and Federal Instrumentalities that have a fair value of 102 percent of the value of the repurchase agreement; commercial paper of the highest credit rating; certain Banker’s Acceptances; certain highly rated state and local government

DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

taxable or tax-exempt debt; shares of open-end, no-load mutual funds registered under the Investment Company Act of 1940, provided that the portfolio invests primarily in short-term government bonds and money market funds operated in accordance with 17 CFR 270.2a-7, provided the funds are rated no lower than the credit rating applied to the United States government by Standard & Poor's, or the equivalent by another rating agency; and any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, as provided in Section 163.01, Florida Statutes, provided that the said funds contain no derivatives. Investment in any derivative products or the use of reverse repurchase agreements requires specific Board approval.

As of June 30, 2023, the District's investments are rated as follows:

- The District's investments in First American Government Obligations are rated AAAM by Standard and Poor's (S&P) and Aaa by Moody's Investors Service.
- The District's investments in the SBA Florida PRIME are rated AAAM by S&P.
- The District's investments in FL Class are rated AAAM by S&P.
- The District's investments in Corporate Bonds are rated AAA by S&P and Aaa by Moody's.
- The District's investments in Agency Bonds are rated AA+ by S&P and Aaa by Moody's.
- The District's investments in Government Bonds are rated AA+ by S&P and Aaa by Moody's.
- The District's investments in Municipal Bonds are rated AAA by S&P and Aa1 by Moody's.
- The District's investments in Commercial Paper are rated A-1 by S&P and P-1 by Moody's.
- The District's investments in FL FIT Cash Pool, Enhanced Cash Pool, and Select Cash Pool are rated AAAs/S1 by Fitch Ratings.
- The District's investments in the SBA Debt Service Accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing credit risk for this account.

Custodial Credit Risk

- Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Section 218.415(18), Florida Statutes, requires the District to earmark all investments and 1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; 2) if in

(Continued)
DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

book entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or 3) if physically issued to the holder but not registered with the issuer or its agents, must be immediately placed for safekeeping in a secured vault. The District's investment policy requires that securities shall be held with a third-party custodian; and all securities purchased by and all collateral obtained by the District should be properly designated as an asset of the District. As of June 30, 2023, all investments are held with an appropriate custodian or trustee or are held in accounts in the name of and belonging to the District.

All District investments are compliant with District policy in relation to interest rate risk, credit risk, and custodial credit risk.

Concentration of Credit Risk

- Concentration of credit risk is associated with potential loss of assets attributed to the portion of investment in a single issuer or issue size. The District's investment policy has established asset allocation and issuer limits according to the following investment types:

The Florida Local Government Surplus Funds Trust Fund (Florida PRIME)

Portfolio Composition: A maximum of 35 percent of available funds may be invested in Florida PRIME.

United States Government Securities

Portfolio Composition: A maximum of 75 percent of available funds may be invested in the United States Government Securities with no more than 10 percent of those funds invested in any one issue size (per CUSIP).

United States Government Agencies

Portfolio Composition: A maximum of 50 percent of available funds may be invested in United States Government agencies.

Limits on Individual Issuers: A maximum of 25 percent of available funds may be invested in individual United States Government agencies with no more than 10 percent of those funds invested in any one issue size (per CUSIP).

Federal Instrumentalities (United States Government sponsored agencies)

Portfolio Composition: A maximum of 50 percent of available funds may be invested in Federal Instrumentalities.

Limits on Individual Issuers: A maximum of 25 percent of available funds may be invested in individual Federal Instrumentality security with no more than 10 percent of those funds invested in any one issue size (per CUSIP).

(Continued)
**DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

Interest Bearing Time Deposit or Saving Accounts

Portfolio Composition: A maximum of 25 percent of available funds may be invested in non-negotiable interest bearing time certificates of deposit (CDs).

Limits on Individual Issuers: A maximum of 15 percent of available funds may be deposited with any one CD.

Repurchase Agreements

Portfolio Composition: A maximum of 50 percent of available funds may be invested in repurchase agreements excluding one business day agreements and overnight sweep agreements.

Limits on Individual Issuers: A maximum of 15 percent of available funds may be invested with any one institution.

Commercial Paper

Portfolio Composition: A maximum of 35 percent of available funds may be directly invested in prime commercial paper.

Limits on Individual Issuers: A maximum of 10 percent of available funds may be invested in any one issuer with no more than 5 percent of those funds invested in any one issue size.

Registered Investment Companies (Mutual Funds and Money Markets)

Portfolio Composition: A maximum of 20 percent of available funds may be invested in mutual funds (investing in short-term government bonds) and 75 percent of available funds may be invested in money market funds.

Limits on Individual Issuers: A maximum of 20 percent of available funds may be invested with any one mutual fund or money market fund.

Intergovernmental Investment Pool

Portfolio Composition: A maximum of 50 percent of available funds may be invested in intergovernmental investment pools.

Limits on Individual Issuers: A maximum of 25 percent of available funds may be invested with any one intergovernmental investment pool (excludes Florida PRIME).

4. RECEIVABLES

The majority of receivables are due from other agencies. These receivables and the remaining accounts receivable are considered to be fully collectible. As such, no allowance for uncollectible receivables is accrued.

6. CERTIFICATES OF PARTICIPATION

The District entered into financing arrangements, characterized as lease purchase agreements, with the Florida School Boards Association, Inc., whereby the District secured financing of various educational facilities. The financing was accomplished through the issuance of Certificates of Participation to be repaid from the proceeds of rents paid by the District. The following schedule describes the current status of the principal balances of these issues at June 30, 2023:

Issue	Original	Principal		Refunded By Series	Balance 6-30-23
	Amount	Paid	Refunded		
Series 1992	\$ 55,830,000	\$ 15,030,000	\$ 40,800,000	1996-1, 2002	\$ -
Series 1996-1	26,740,000	6,485,000	20,255,000	2005, 2006, 2011	-
Series 1996-2	21,645,000	-	21,645,000	2004	-
Series 2002	16,745,000	16,745,000	-		-
Series 2004	22,725,000	885,000	21,840,000	2014	-
Series 2005	10,000,000	10,000,000	-		-
Series 2006	10,000,000	10,000,000	-		-
Series 2011	1,124,561	1,124,561	-		-
Series 2014	19,840,000	19,840,000	-		-
Series 2020A	37,675,000	6,820,000	-		30,855,000
	<u>\$ 222,324,561</u>	<u>\$ 86,929,561</u>	<u>\$ 104,540,000</u>		<u>\$ 30,855,000</u>

As a condition of the financing arrangements, the District has given ground leases on District property to the Florida School Boards Association, Inc.

- The ground leases on the property associated with the Series 1992, 1996-1, 2002, 2005, 2006, and 2011 Certificates ended on the date on which the Series 1996-1, 2005, 2006, and 2011 Certificates were paid in full.
- The ground leases on the property associated with the Series 1996-2, 2004, and 2014 Certificates ended on February 1, 2022, the date on which the series of Certificates were paid in full.
- The ground leases on the property associated with the Series 2020A Certificates will end on February 1, 2027, the date on which the Certificates will be paid in full.

The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payments through to term, the District may be required to surrender the sites included under the ground lease agreements for the benefit of the securers of the Certificates until the end of the ground leases.

 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

Certificates of Participation, Series 2020A:

- Pleasant Grove Elementary School – A new facility under construction to replace the current school of the same name. The new elementary school is scheduled to open for the beginning of the 2023-24 school year (August 2023). The new school is being constructed in a different location but will serve a similar area. The Certificates provide new construction proceeds of \$44,650,000 net of issuance costs. Par amount of the Certificates totaled \$37,675,000.

The lease payments for the Series 2020A Certificates are payable by the District, semiannually, on August 1 and February 1 at interest rates of 5 percent. The following is a schedule by fiscal year of the remaining lease payments under each lease agreement, together with the present value of minimum lease payments as of June 30, 2023:

- Lease payments for the Series 2020A Certificates are funded from both capital outlay millage proceeds (58 percent) and half-cent sales surtax proceeds (42 percent).

Fiscal Year Ending June 30	Series 2020A		
	Total	Principal	Interest
2024	\$ 8,523,750	\$ 7,160,000	\$ 1,363,750
2025	8,511,875	7,515,000	996,875
2026	8,506,625	7,895,000	611,625
2027	8,492,125	8,285,000	207,125

7. BONDS PAYABLE

SBE Bonds payable at June 30, 2023, are as follows:

Bond Type	Original Debt Issue Amount	Amount Outstanding	Interest Rates (Percent)	Annual Maturity To
State School Bonds:				
Series 2014A (Refunding)	\$ 229,000	\$ 38,000	3-5	2025
Series 2017A (Refunding)	812,000	487,000	3-5	2028
Series 2020A (Refunding)	126,000	94,000	5	2030
Subtotal	1,167,000	619,000		
Unamortized Premiums, Net	440,398	79,760		
Total Bonds Payable	<u>\$ 1,607,398</u>	<u>\$ 698,760</u>		

The various bonds were issued to finance capital outlay projects of the District. The following is a description of the bonded debt issues:

State School Bonds

These bonds are issued by the SBE on behalf of the District. The bonds mature serially, and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The total revenues received in the current fiscal year were \$1,642,822, all of which was applicable to debt service. Principal and interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

Annual requirements to amortize all bonded debt outstanding as of June 30, 2023, are as follows:

Fiscal Year Ending June 30	Total	Principal	Interest
State School Bonds:			
2024	\$ 152,530	\$ 124,000	\$ 28,530
2025	132,330	110,000	22,330
2026	126,990	110,000	16,990
2027	128,490	117,000	11,490
2028	132,640	127,000	5,640
2029-2030	33,350	31,000	2,350
Subtotal	706,330	619,000	87,330
Unamortized Premiums, Net	79,760	79,760	-
Total Bonds Payable	<u>\$ 786,090</u>	<u>\$ 698,760</u>	<u>\$ 87,330</u>

Sales Tax Revenue Bonds

In November 2014, the voters of Escambia County approved a 10-year extension to the District's one-half cent sales surtax for capital outlay. The extension began on January 1, 2018, and will end on December 31, 2027. Accordingly, in order to provide financing for the construction of a new middle school and improvements to several other of the various schools, the Board issued Sales Tax Revenue Bonds, Series 2016 in the amount of \$51,910,000.

These bonds are authorized by Chapters 212 and 1001, Florida Statutes. The principal and interest on the Series 2016 Bonds are payable solely from and secured by the proceeds received by the

(Continued)
DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Board from the levy and collection of the one-half cent sales surtax pursuant to Section 212.055(6), Florida Statutes. The District pledged a total of \$67,969,815 for principal and interest on the original issue during the 2015-16 fiscal year. Due to payments for normal debt service requirements, the total pledged at June 30, 2023, for principal and interest was \$42,992,563 (Sales Tax Revenue Bonds, Series 2016 - \$28,698,125 and COPs Series 2020A - \$14,294,438).

Final debt service requirements on this bond issue will be paid on September 1, 2027. Assuming a nominal growth rate of sales tax revenues through December 2027, approximately \$180,000,000 will be collected (average of \$40,000,000 per year for 4.5 years). Consequently, approximately 15.9 percent of this revenue stream has been pledged in connection with debt service on the bonds.

During the 2022-23 fiscal year, the District recognized sales tax revenues totaling \$40,327,587 and expended \$9,405,200 (23.3 percent) of these revenues for debt service directly collateralized by these revenues.

Series 2016 Bonds payable at June 30, 2023, are as follows:

Bond Type	Original Debt Issue Amount	Amount Outstanding	Interest Rate (Percent)	Annual Maturity To
Sales Tax Revenue Bonds:				
Series 2016	\$ 51,910,000	\$ 25,575,000	5	2028
Unamortized Premiums, Net	<u>8,641,751</u>	<u>3,600,729</u>		
Total Bonds Payable	<u>\$ 60,551,751</u>	<u>\$ 29,175,729</u>		

The following is a schedule by years of the future annual debt service of the Series 2016 Bonds at June 30, 2023:

Fiscal Year Ending June 30	Total	Principal	Interest
Sales Tax Revenue Bonds:			
2024	\$ 5,742,375	\$ 4,655,000	\$ 1,087,375
2025	5,738,750	4,890,000	848,750
2026	5,770,625	5,135,000	635,625
2027	5,726,875	5,315,000	411,875
2028	<u>5,719,500</u>	<u>5,580,000</u>	<u>139,500</u>
Subtotal	28,698,125	25,575,000	3,123,125
Unamortized Premiums, Net	<u>3,600,729</u>	<u>3,600,729</u>	-

9. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The following is a summary of interfund receivables and payables reported in the fund financial statements:

Funds	Interfund	
	Receivables	Payables
Major:		
General	\$ 1,535,815	\$ 15,464
Special Revenue - Other Federal Programs	-	4,002,692
Special Revenue - Federal Education Stabilization	-	14,753,000
Capital Projects - Other	10,715,000	7,000
Nonmajor Governmental	7,028,294	174,796
Internal Service	-	326,157
Total	<u>\$ 19,279,109</u>	<u>\$ 19,279,109</u>

The interfund receivables and payables represent the payment of expenditures by one fund for another fund and will be repaid within 12 months.

The following is a summary of interfund transfers reported in the fund financial statements:

Funds	Interfund	
	Transfers In	Transfers Out
Major:		
General	\$ 11,932,718	\$ -
Special Revenue - Federal Education Stabilization	-	2,935,489
Capital Projects - Other	-	9,716,221
Nonmajor Governmental	14,282,875	13,563,883
Total	<u>\$ 26,215,593</u>	<u>\$ 26,215,593</u>

Transfers among funds were as follows: (1) Capital Outlay funds were transferred to the General Fund to cover eligible maintenance operational costs, payment of property insurance premiums, charter school capital outlay distributions, (2) Special Revenue – Federal Education Stabilization Funds were transferred to the General Fund to reimburse prior year expenditures eligible for coronavirus relief, and (3) Capital Outlay funds were transferred to Debt Service (nonmajor) funds to provide for debt service requirements for Sales Tax Revenue Bonds and Certificates of Participation.

ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

10. FUND BALANCE REPORTING

The District does not have a fund balance policy regarding the commitment or assignment of fund balance. However, Section 1001.51, Florida Statutes, requires the Superintendent or designee to prepare the Annual Financial Report, including the Annual Comprehensive Financial Report, in accordance with generally accepted accounting principles, including the statements issued by the GASB. The Board approves the assigned fund balance.

The District reports its governmental fund balances in the following categories, as applicable:

- **Nonspendable.** The net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means that an item is not expected to be converted to cash. Examples of items that are not in spendable form include inventory, prepaid amounts, long-term amounts of loans and notes receivable, and property acquired for resale. The District classifies its amounts reported as inventories as nonspendable.
- **Restricted.** The portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance. The District classifies most of its fund balances, other than General Fund, as restricted, as well as unspent State categorical and earmarked educational funding reported in the General Fund, that are legally or otherwise restricted.
- **Committed.** The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the highest level of decision-making authority (i.e., the Board). Generally, such formal action by the Board would be in the form of a resolution or Board policy. These amounts cannot be used for any other purpose, unless the Board removes or changes the specified use by taking the same action it employed to previously commit the amounts. The District did not have any committed fund balances at June 30, 2023.
- **Assigned.** The portion of fund balance that is intended to be used for specific purposes, but is neither restricted nor committed. Assigned amounts include those that have been set aside for specific purposes, such as allocated school-based funds, specific reserves for projects and contingencies, and other designated uses. Constraints imposed for assigned fund balances do not satisfy the criteria to be classified as restricted or committed. This category also includes any remaining positive amounts, for governmental funds, other than the General Fund, not classified as nonspendable, restricted, or committed. The District also classifies amounts as assigned that are constrained to be used for specific purposes based on actions of the Superintendent and Assistant Superintendent for Finance and Business Services and not included in other categories. The District has determined a total assigned fund balance of \$13,837,158 consisting of the following: (1) encumbered local project carryovers totaling \$3,212,995, (2) unencumbered local project carryovers totaling \$5,532,475, and (3) local project contingencies of \$5,091,688.
- **Unassigned.** The portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes. Unassigned fund balance totaled \$12,923,792 at June 30, 2023.

General Fund Minimum Fund Balance Requirement. Section 1011.051, Florida Statutes, requires that the District maintain a fund balance in the General Fund that is sufficient to address

(Continued)
**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

normal contingencies, and the Superintendent shall provide written notification to the Board and the Commissioner of Education if, at any time, the fund balance in the General Fund not classified as restricted, committed, or nonspendable in the approved operating budget is projected to fall below 3 percent of projected General Fund revenues. If the fund balance in the General Fund not classified as restricted, committed, or nonspendable is projected to fall below 2 percent of projected General Fund revenues, the Commissioner must determine whether the District has a plan to avoid a financial emergency, as determined pursuant to Section 218.503, Florida Statutes, or to appoint a financial emergency board operating consistent with the requirements, powers, and duties specified in Section 218.503(3)(g), Florida Statutes. The District has adopted Board policy 5.01 to maintain an assigned/unassigned fund balance ratio in the General Fund of at least 8.0 percent of general fund revenue to comply with the intent of Section 1011.051, Florida Statutes.

As of June 30, 2023, the assigned and unassigned fund balance of the General Fund totaled \$26,760,950 (8.31 percent of General Fund revenues) while total fund balance was \$42,188,757.

11. SIGNIFICANT COMMITMENTS

Encumbrances. Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current fiscal year are carried forward and the next fiscal year’s appropriations are likewise encumbered.

The following is a schedule of encumbrances at June 30, 2023:

Major Funds				Nonmajor	Total
General	Special Revenue - Other Federal Programs	Special Revenue - Federal Education Stabilization	Capital Projects - Other	Governmental Funds	Governmental Funds
\$ 6,542,623	\$ 271,310	\$ 42,516,480	\$ 32,164,741	\$ 9,989,338	\$ 91,484,492

12. SCHEDULE OF STATE REVENUE SOURCES

The following is a schedule of the District's State revenue for the 2022-23 fiscal year:

<u>Source</u>	<u>Amount</u>
Florida Education Finance Program	\$ 152,711,340
Categorical Educational Program - Class Size Reduction	37,206,083
Workforce Development Program	4,859,848
Voluntary Pre-K Program	1,778,224
Motor Vehicle License Tax (Capital Outlay and Debt Service)	1,642,822
Florida School Recognition Program	1,522,832
Reading Program	589,840
Racing Commission Funds	446,500
Charter School Capital Outlay	382,631
Food Service Supplement	284,104
Education Facilities Security Grant	260,790
Civics Seal of Excellence	249,000
Law Enforcement Grants	136,264
Florida Student Assistance Grant	87,889
State License Tax	63,654
Computer Science Certification/Bonus	57,501
Youth Mental Health Awareness Training	49,344
Miscellaneous	160,975
Total	<u>\$ 202,489,641</u>

Accounting policies relating to certain state revenue sources are described in Note 1.

13. PROPERTY TAXES

The following is a summary of millages and taxes levied on the 2022 tax roll for the 2022-23 fiscal year:

<u>GENERAL FUND</u>	<u>Millages</u>	<u>Taxes Levied</u>
Nonvoted School Tax:		
Required Local Effort	3.310	\$ 90,933,329
Prior Period Funding Adjustment	0.002	54,945
Discretionary Local Effort	0.748	20,549,284
 <u>CAPITAL PROJECTS FUNDS</u>		
Nonvoted Tax:		
Local Capital Improvement	1.214	33,351,378
Total	<u>5.274</u>	<u>\$ 144,888,936</u>

14. FLORIDA RETIREMENT SYSTEM

Pensions. In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS's and the HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms.

Governmental Accounting Standards Board Statement No. 68. The District participates in the FRS defined benefit pension plan and the HIS defined benefit plan administered by Florida Division of Retirement. As a participating employer, the District implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, for the fiscal year ended June 30, 2015, which requires employers participating in cost-sharing multiple-employer defined benefit pension plans to report the employers' proportionate share of the net pension liabilities and related pension amounts of the defined benefit pension plans. The District's proportionate share of the net pension liabilities at June 30, 2023, totaled \$238,070,927 (Pension Plan - \$173,098,892, HIS Plan - \$64,972,035).

General Information about the FRS.

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. An Annual Comprehensive Financial Report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

The District's total pension expense was \$26,410,500 (Pension Plan – \$23,926,670, HIS Plan - \$2,483,830) for the fiscal year ended June 30, 2023.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

(Continued)
**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers Class* – Members who hold specified elective offices in local government.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with a participating FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<i>Regular Class members initially enrolled before July 1, 2011</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class members initially enrolled on or after July 1, 2011</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00

(Continued)
**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2022-23 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>
FRS, Regular	3.00	11.91
FRS, Elected County Officers	3.00	57.00
DROP - Applicable to Members from All of the Above Classes	0.00	18.60
FRS, Reemployed Retiree	(2)	(2)

Notes: (1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(2) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions (not including employee contributions) to the Plan for the fiscal year ended June 30, 2023, totaled \$20,637,173 which was equal to the required contributions for the fiscal year.

**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2023, the District reported a liability of \$173,098,892 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District's proportionate share of the net pension liability was based on the District's 2021-22 fiscal year contributions relative to the 2021-22 fiscal year contributions of all participating members.

At June 30, 2022, the District's proportionate share was 0.465219103 percent, which was 0.008569663 less than the proportionate share measured as of June 30, 2021 (0.473788766).

For the fiscal year ended June 30, 2023, the District recognized pension expense of \$23,926,670 related to the Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 8,221,198	\$ -
Change of assumptions	21,317,853	-
Net difference between projected and actual earnings on FRS pension plan investments	11,429,897	-
Changes in proportion and differences between District FRS contributions and proportionate share of contributions	7,284,168	4,842,916
District FRS contributions subsequent to the measurement date	20,637,173	-
Total	<u>\$ 68,890,289</u>	<u>\$ 4,842,916</u>

The deferred outflows of resources related to pensions, totaling \$20,637,173, resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

(Continued)
**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

Fiscal Year Ending June 30	Amount
2024	\$ 10,054,740
2025	4,294,151
2026	(2,343,891)
2027	30,062,091
2028	1,342,910
Thereafter	199
Total	\$ 43,410,200

Actuarial Assumptions. The total pension liability in the July 1, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Investment rate of return	6.70 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments consist of two building block components: 1) a real (in excess of inflation) return of 4.20 percent, which is consistent with the 4.38 percent real return from the capital market outlook model developed by the FRS consulting actuary, and 2) a long-term average annual inflation assumption of 2.40 percent as adopted in October 2022 by the FRS Actuarial Assumption Conference.

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1.0%	2.6%	2.6%	1.1%
Fixed Income	19.8%	4.4%	4.4%	3.2%
Global Equity	54.0%	8.8%	7.3%	17.8%
Real Estate (Property)	10.3%	7.4%	6.3%	15.7%
Private Equity	11.1%	12.0%	8.9%	26.3%
Strategic Investments	3.8%	6.2%	5.9%	7.8%
Total	100.0%			
Assumed inflation - Mean			2.4%	1.3%

Note: (1) As outlined in the Plan's investment policy

**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA**
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Discount Rate. The discount rate used to measure the total pension liability decreased from 6.8 percent (2022 valuation) to the current 6.7 percent. The Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 6.7 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.7 percent) or 1 percentage point higher (7.7 percent) than the current rate:

	1% Decrease (5.7%)	Current Discount Rate (6.7%)	1% Increase (7.7%)
District's proportionate share of the net pension liability (asset)	\$ 299,362,632	\$ 173,098,892	\$ 67,527,382

Pension Plan Fiduciary Net Position. Detailed information about the Plan’s fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan. At the fiscal year ended June 30, 2023, the District reported payables of \$81,037 and \$429,467 for the outstanding amount of employee and employer contributions, respectively.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended June 30, 2023, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2023, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

(Continued)
**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA**
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

The District's contributions to the HIS Plan totaled \$3,870,563 for the fiscal year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2023, the District reported a net pension liability of \$64,972,035 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District's proportionate share of the net pension liability was based on the District's 2021-22 fiscal year contributions relative to the total 2021-22 fiscal year contributions of all participating members. At June 30, 2022, the District's proportionate share was 0.613430007 percent, which was a decrease of 0.00876459 from its proportionate share measured as of June 30, 2021 (.622194597 percent).

For the fiscal year ended June 30, 2023, the District recognized pension expense of \$2,483,830 related to the HIS Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 1,972,055	\$ 285,883
Change of assumptions	3,724,239	10,051,132
Net difference between projected and actual earnings on HIS pension plan investments	94,066	-
Changes in proportion and differences between District HIS contributions and proportionate share of HIS contributions	254,163	2,710,537
District contributions subsequent to the measurement date	3,870,563	-
Total	<u>\$ 9,915,086</u>	<u>\$ 13,047,552</u>

The deferred outflows of resources related to pensions, totaling \$3,870,563, resulting from District contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

(Continued)
**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA**
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

Fiscal Year Ending June 30	<u>Amount</u>
2024	\$ (2,006,686)
2025	(1,289,421)
2026	(690,838)
2027	(799,394)
2028	(1,525,699)
Thereafter	(690,991)
Total	<u>\$ (7,003,029)</u>

Actuarial Assumptions. The total pension liability in the July 1, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Discount Rate	3.54 percent
Municipal Bond Rate	3.54 percent

Mortality rates were based on the Generational PUB-2010 with Projected Scale MP-2018

Discount Rate. The discount rate used to measure the total pension liability was 3.54 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference. The discount rate used in the 2022 valuation was updated from 2.16 percent to 3.54 percent.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.54 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.54 percent) or 1 percentage point higher (4.54 percent) than the current rate:

	<u>1% Decrease (2.54%)</u>	<u>Current Discount Rate (3.54%)</u>	<u>1% Increase (4.54%)</u>
District's proportionate share of the net pension liability	\$ 74,333,343	\$ 64,972,035	\$ 57,225,746

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

FRS/HIS Pension Plan - Aggregate

The aggregate amount of net pension liabilities, related deferred outflows of resources, deferred inflows of resources, and pension expense for the District’s defined pension plans are summarized below:

	Pension Plan	HIS Plan	Total
Net Pension Liabilities	\$ 173,098,892	\$ 64,972,035	\$ 238,070,927
Deferred Outflows of Resources	68,890,289	9,915,086	78,805,375
Deferred Inflows of Resources	4,842,916	13,047,552	17,890,468
Pension Expense (Income)	23,926,670	2,483,830	26,410,500

FRS – Defined Contribution Pension Plan

The District contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA’s annual financial statements and in the State of Florida Annual Comprehensive Financial Report. Service retirement benefits are based upon the value of the member’s account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member’s accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment member’s accounts during the 2022-23 fiscal year were as follows:

Class	Percent of Gross Compensation
FRS, Regular	9.30
FRS, Elected County Officers	14.34

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5 year period, the employee will regain control over their account. If the employee does not return within the 5 year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded

(Continued)
DISTRICT SCHOOL BOARD OF
ESCAMBIA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023

of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended June 30, 2023, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided and the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

There were 1,746 District participants in the Investment Plan during the 2022-23 fiscal year. The District's total contribution to the plan, including the employee portion totaled \$9,194,938 (which was equal to the required contribution for the 2022-23 fiscal year). The employer portion was \$7,350,685.

15. EARLY TERMINATION BENEFITS

Retirement Incentive. Board policy provides for the payment of retirement incentive bonuses to District personnel who retire by the end of the fiscal year in which they first become eligible under any retirement plan sponsored by a unit of Florida municipal, local, or State government and who have a minimum of 15 years of service with the District. The Retirement Incentive is equal to 25 percent of the qualified employee's gross annual salary. In addition to payments made for regular termination benefits, the District reported expenditures totaling \$340,476.37 during the 2022-23 fiscal year for Retirement Incentive pay.

16. OTHER POSTEMPLOYMENT BENEFITS PAYABLE

Other Postemployment Benefits (OPEB) are addressed in GASB Statements No. 74 and 75; *Financial Reporting for Postemployment Benefits Plans Other than Pension Plans*, and *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. GASB Statement No. 74 establishes financial and reporting requirements for OPEB, while Statement No. 75 requires governments to report a liability on the face of the financial statements for the OPEB that they provide. This statement requires governments in all types of OPEB plans to present adequate note disclosures and Required Supplemental Information (RSI) about their OPEB liabilities.

Plan Description. The OPEB healthcare plan is a single-employer, defined benefit plan administered by the District. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the District are eligible to participate in one of four self-funded comprehensive plans for medical and prescription drug coverage. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement No. 75.

(Continued)
**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

Additionally, certain retirees receive insurance coverage at a lower (explicitly subsidized) premium rate than active employees. The benefits provided under this defined benefit plan are provided for a fixed number of years determined at the time of retirement based on the number of years worked for the District. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The OPEB plan does not issue a stand-alone report and is not included in the report of a public employee retirement system or another entity.

Funding Policy. Plan contribution requirements of the District are established and may be amended through recommendations of the Insurance Committee and action from the Board. The District has not advanced-funded or established a funding methodology for the OPEB costs or the net OPEB obligation. The actuarial valuation was based on personnel data at July 1, 2022 in which 111 retirees and 19 eligible dependents received postemployment healthcare benefits. For the 2022-23 fiscal year, the District provided required contributions of \$1,070,827 toward annual OPEB costs, a decrease of \$1,337,672 over the prior fiscal year (\$2,408,499), comprised of benefit payments made on behalf of retirees for claims expenses, retention costs, and net of retiree contributions totaling \$1,170,596, 0.52 percent of covered employee payroll (\$223,608,344). Required contributions are based on projected pay-as-you-go financing.

As of July 1, 2022, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefits	130
Active employees	<u>5,014</u>
Total	<u>5,144</u>

Total OPEB Liability. The District’s total OPEB liability was measured from the period July 1, 2021 to June 30, 2022 and was determined by an actuarial valuation as of July 1, 2022.

Actuarial Methods and Assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The District’s OPEB actuarial valuation for the 2021-22 fiscal year used the entry age normal cost actuarial method to estimate the unfunded actuarial liability as of June 30, 2023, and to estimate the District’s annual required contribution. Because the OPEB liability is currently unfunded, the actuarial assumptions included a 3.54 percent rate of return on invested assets, which is the District’s long-term expectation of investment returns under its investment policy. The actuarial assumptions also included a payroll growth rate of 3 percent per year, salary increases of 4.5 percent, general inflation is 2.5 percent, and an annual healthcare cost trend rate of 6.58 percent

 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

initially for the 2022-23 fiscal year, reduced to an ultimate rate of 4.5 percent for the fiscal year ending June 30, 2034. Under GASB Statement No. 75 the entire amount of the unfunded OPEB liability is reported.

The long-term expected rate of return on OPEB investments was determined using the Bond Buyer GO 20-Bond Municipal Bond Index which is used to determine the interest rates for a new issue of general obligation bonds. The average yield drawn from the index is taken from a survey of muni bond traders. The index tracks the average yields of 20 general obligation municipal bonds of which the average rating Aa2 (Moody's) or AA (Standard & Poor's).

Changes in Total OPEB Liability. The following table illustrates the Total OPEB Liability under GASB 75:

	Increase (Decrease)
	Total OPEB Liability
Balance Recognized at 6/30/2022 (Based on 6/30/2021 Measurement Date)	\$ 17,069,979
Changes Recognized for the Fiscal Year:	
Service Costs	1,562,926
Interest on the total OPEB Liability	390,968
Differences Between Expected and Actual Experience	(799,941)
Changes in Assumptions	(2,625,191)
Benefit Payments	(1,070,827)
Contributions From Employer	-
Net Changes	(2,542,065)
Balance Recognized at 6/30/2023 (Based on 6/30/2022 Measurement Date)	\$ 14,527,914

Actuarial Assumptions:

Cost Method – Entry Age Normal Cost Method

Method Changes – None

Assumption Changes:

- A change in the funding discount rate from 2.16 percent at June 30, 2022 to 3.54 percent at June 30, 2023.
- A change in the medical trend rates and claims from those developed as of July 1, 2020 to rates and claims developed as of July 1, 2022.
- A change in the future medical plan choice election based on current retiree date.

(Continued)
**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

The rationales for selecting each of the assumptions used in the financial accounting valuation and for the assumption changes summarized above are to best reflect the current market conditions and recent plan experience.

Interest Rate Sensitivity. The following table illustrates the impact of interest rate sensitivity on the Total OPEB Liability for the fiscal year ended June 30, 2023:

	1% Decrease (2.54%)	Current Discount Rate (3.54%)	1% Increase (4.54%)
Total OPEB Liability	\$ 15,497,408	\$ 14,527,914	\$ 13,589,303

Healthcare Cost Trend Sensitivity. The following table illustrates the impact of healthcare cost trend sensitivity on the Total OPEB Liability for the fiscal year ended June 30, 2023:

	1% Decrease	Current Trend	1% Increase
Total OPEB Liability	\$ 12,974,996	\$ 14,527,914	\$ 16,356,667

OPEB Expense and Deferred Outflows/Inflows of Resources. For the year ended June 30, 2023, the District recognized OPEB expense of \$1,758,732. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,209,845	\$ 824,369
Change of assumptions	1,063,299	2,700,165
Sub Total	3,273,144	3,524,534
Contributions made in FYE 6/30/2023 after measurement date	1,656,743	-
Total	\$ 4,929,887	\$ 3,524,534

The deferred outflows of resources related to OPEB, totaling \$1,656,743, resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Amounts reported as deferred outflows of resources and deferred inflows of resources to OPEB will be recognized in OPEB expense as follows:

**DISTRICT SCHOOL BOARD OF
 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

Fiscal Year Ending June 30	<u>Amount</u>
2024	\$ 3,293
2025	534,874
2026	253,838
2027	(252,097)
2028	(252,097)
Thereafter	<u>(539,201)</u>
Total	<u>\$ (251,390)</u>

Plan Fiduciary Net Position. The Plan’s funding policy is pay-as-you-go and does not use a trust. Therefore, regardless of any earmarked assets, the plan’s asset value is always zero and is projected to be 100 percent unfunded at every year-end in the projection.

As such, the Plan’s fiduciary net position was not projected to be available to make all projected future benefit payments for the current Plan members. Therefore, the long-term expected rate of return on Plan investments was not applied to any periods of projected benefit payments to determine the total OPEB liability.

17. RISK MANAGEMENT PROGRAMS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is self-insured for property losses, except that commercial property insurance having a number of different deductibles, sublimits, and policy maximums has been purchased to limit the District’s exposure to loss. The District provides a self-insurance program for workers’ compensation, automobile liability, and general liability coverage. These activities are accounted for in a Risk Management Fund, a part of the internal service funds reported on the basic financial statements of the District. For automobile and general liability, the District generally relies upon the sovereign immunity limits of Section 768.28, Florida Statutes, which limits the District’s liability to \$200,000 for each claimant and \$300,000 in any one occurrence. Workers’ compensation claims are fully covered by the District.

The District also provides commercially purchased life and dental insurance and is self-insured for prescription drug and health coverage to its employees, retirees, and their dependents. These activities are accounted for in the Escambia School District Employee Benefit Trust, which is reported in the internal service funds on the basic financial statements of the District. The District also self-insures medical and prescription high cost claims through a self-insured stop loss fund that provides specific excess coverage of health and prescription drug claims that exceed a stated amount per policy period. In addition, third-party administrators have been contracted to assist in the payment and/or processing of prescription drugs and health claims.

Settled claims from self-insuring stop loss claims have not exceeded premiums in any of the past 3 fiscal years.

For all programs for which the District is self-insured, an undiscounted liability in the amount of \$30,515,690 (workers’ compensation - \$26,100,775, automobile - \$594,484, general liability claims - \$213,431, and \$3,607,000 for dental, prescription drug, and health insurance claims) was actuarially

 ESCAMBIA COUNTY, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

determined to cover estimated incurred, but not reported claims and insurance claims payable at June 30, 2023.

The following schedule represents the changes in claims liability for the past two fiscal years for the District's self-insurance program:

Fiscal Year	Beginning-of- Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2021-22	\$ 26,698,080	\$ 41,290,453	\$ (39,125,661)	\$ 28,862,872
2022-23	28,862,872	39,236,997	(37,584,179)	30,515,690

18. LITIGATION

The District is involved in several pending and threatened legal actions. It is the opinion of District management, after considering the District's related insurance coverage, as well as statutory limitations on uninsured losses for governmental agencies, that the amount of loss from all such claims and actions would not materially affect the financial condition of the District.

19. SUBSEQUENT EVENTS

Subsequent to the fiscal year ended June 30, 2023, the District issued Certificates of Participation, Series 2023A, dated July 12, 2023, in order to finance the reconstruction of Myrtle Grove Elementary School. The Certificates were issued at a par value of \$37,470,000 and carried a premium of \$3,989,135 (which will be amortized yearly until maturity on February 1, 2043). Proceeds of the sale totaled \$41,459,135. Average coupon rate of the Certificates is 4.8 percent.

The transaction is secured by undivided proportionate interests in basic rental payments pursuant to a Master Lease and subsequent supplemental lease agreements. Lease payments are made from a portion of the proceeds of the District's ad valorem capital outlay millage levy (1.214 mills for the 2023-24 fiscal year). The Certificates are rated A1 by Moody's and AA- by Fitch Ratings.

FLORIDA RETIREMENT SYSTEM HEALTH INSURANCE SUBSIDY PENSION PLAN –
CHANGES IN BENEFIT TERMS AND ASSUMPTIONS

There were no changes in benefit terms for the fiscal year ended June 30, 2023.

Changes in Assumptions:

- The municipal bond rate used to determine total pension liability was increased from 2.16 percent to 3.54 percent. An increase in discount rate results in a decrease in pension liability.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

Nonmajor Governmental Funds

Special Revenue Funds

The Special Revenue Funds account for certain revenues derived from the State of Florida, the Federal Government, and other local and private sources that are required to finance designated activities. Activities included within the funds are as follows:

Food Service Fund - To account for and report on activities of the food service program in serving breakfast and lunch at the schools.

School Internal Funds - To account for and report on activities of the school internal funds (athletics, clubs, classes, etc.) that do not meet the criteria for reporting as fiduciary activities due to the District's administrative involvement with those funds.

Debt Service Funds

The Debt Service Funds are used to account for the payment of interest and principal of the current portion on long-term debt.

State Board of Education (SBE) Bond Fund - To account for and report on payment of principal, interest, and related costs on the State school bonds issued by the SBE on behalf of the District. These bonds are payable from the District's portion of the State-assessed motor vehicle license tax.

Other Debt Service Fund - (1) To account for and report on Certificate of Participation Issues, characterized as lease-purchase agreements. (2) To account for and report on the Sales Tax Revenue Bonds, Series 2016.

Nonmajor Governmental Funds (Continued)

Capital Projects Funds

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects. Specific funding sources included herein are:

Capital Outlay & Debt Service Fund – To account for and report on the excess dollars received through the State's Capital Outlay & Debt Service (CO&DS) program, used for construction and maintenance of schools.

Local Capital Improvement Fund - To account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payments on certificates of participation.

Special Revenue Funds

The special revenue funds account for certain revenues derived from the State of Florida, the Federal Government and other local and private sources that are required to finance designated activities. Activities included within the funds are as follows:

Nonmajor Special Revenue Fund

Food Service Fund - To account for and report on activities of the food service program in serving breakfast and lunch at the schools.

School Internal Funds - To account for and report on activities of the school internal funds (athletics, clubs, classes, etc.) that do not meet the criteria for reporting as fiduciary activities due to the District's administrative involvement with those funds.

Major Special Revenue Fund

Other Federal Programs Fund - To account for and report on activities of various Federal programs of different funding sources according to the specifications and requirements of each funding source.

Federal Education Stabilization Fund - To account for and report on Coronavirus Aid, Relief, and Economic Security (CARES) Act funds and Elementary and Secondary School Emergency Relief (ESSER) funds.

Debt Service Funds

The Debt Service Funds are used to account for the payment of interest and principal of the current portion on long-term debt.

Nonmajor Debt Service Funds

State Board of Education (SBE) Bond Fund - To account for and report on payment of principal, interest, and related costs on the State school bonds issued by the SBE on behalf of the District. These bonds are payable from the District's portion of the State-assessed motor vehicle license tax.

Other Debt Service Fund - (1) To account for and report on Certificate of Participation Issues, characterized as lease-purchase agreements. (2) To account for and report on the Sales Tax Revenue Bonds, Series 2016.

Capital Projects Funds

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects. Specific funding sources included herein are:

Nonmajor Capital Projects Funds

Capital Outlay & Debt Service Fund – To account for and report on the excess dollars received through the State's Capital Outlay & Debt Service (CO&DS) program, used for construction and maintenance of schools.

Local Capital Improvement Fund - To account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payments on certificates of participation.

Major Capital Projects Funds

Other Fund - To account for the financial resources generated by the local voted sales tax and various other financial resources restricted for educational capital outlay needs, including new construction, renovation, and remodeling projects.

Internal Service Funds

Internal service funds are nonmajor proprietary funds and are reported as governmental-type activities. They are used to account for the financing of goods or services provided by one department to other departments within the District on a cost-reimbursement basis. The following funds are included in the internal service funds:

Risk Management Fund – To account for and report on funds received for and used by the District’s self-insured property, casualty, liability, and workers’ compensation program.

Employee Benefit Trust Fund – To account for and report on funds received for and used to pay for life, health, and dental insurance issued under the District’s self-insurance program.

Escambia County

PUBLIC SCHOOLS

This page was intentionally left blank.

Discretely Presented Component Units

The component units' columns in the basic financial statements, include the financial data of the District's discretely presented component units.

Nonmajor Discretely Presented Component Units

The Escambia County Public Schools Foundation for Excellence, Inc. (Foundation), is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds, receive, hold, invest, and administer property and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized and approved by the District. The stated mission of the Foundation is to enhance the quality of education in Escambia County Public Schools through raising and distributing funds and in-kind contributions, fostering involvement in the public system. The Foundation is considered to be a component unit of the District because the District must approve all members of the Foundation's board and the District has the ability to impose its will on the Foundation. It is considered to be a discretely presented component unit because the two boards are not the same.

Beulah Academy of Science, Inc., Jacqueline Harris Preparatory Academy, Pensacola Beach Elementary School, Inc., Byrneville Elementary School, Inc., and Capstone Academy Pensacola (Charter Schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. These six charter schools operate under charters approved by their sponsor, the Board, and are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the District.

STATISTICAL SECTION

This part of the District School Board of Escambia County, Florida's Annual Comprehensive Financial Report presents detail information as a context for understanding what the information in the financial statements, notes disclosures and required supplementary information says about the District's overall financial health.

Contents	Page
Financial Trend Information	136
<i>These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.</i>	
Revenue Capacity Information	144
<i>These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.</i>	
Debt Capacity Information	150
<i>These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.</i>	
Demographic and Economic Information	156
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.</i>	
Operating Information	160
<i>These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.</i>

(1) Millage rates applied to final taxable value line 7, DR-420S (Certification of School Taxable Value)

Note:

Property taxes become due and payable on November 1 of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never be 100 percent of the tax levy. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1 of each year. Accordingly, the majority of taxes are collected in the fiscal year levied.

2013-14	34,152 - 37,752	55,635 - 59,235	44,254

(a) Minimum and maximum salary ranges are based on the educational level of the employee. The starting amount represents a bachelor's degree and the ending amount represents an in-field doctorate degree. Employees may earn additional pay for the following degree levels: in-field masters (\$2,750); out-of-field masters (\$1,870); in-field specialist (\$3,410); out-of-field specialist (\$2,860); in-field doctorate (\$3,960); out-of-field doctorate (\$3,630). Employees may also receive additional compensation for working 11 or 12 months.

Note: The 2020-21 fiscal year was the initial implementation of the governor's Teacher Salary Increase Allocation. The goal was to implement a minimum teacher salary of not less than \$47,500 statewide. The Escambia County School District has increased minimum teacher salary each year towards that goal.

The notes below are an integral part of this Schedule.

Notes:

(1) Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Escambia County District School Board under programs of the Federal government for the fiscal year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present financial position, changes in net position, or cash flows of the District.

(2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Indirect Cost Rate

The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.

(4) Noncash Assistance: National School Lunch Program

Includes \$2,020,813 of donated food received during the fiscal year. Donated foods are recorded at fair value as determined at the time of donation.

(5) Impact Aid

Expenditures are related to grant numbers/programs as follows: 19-FL-2021-0001 (\$84,815), 19-FL-2023-0001 (\$345,080).

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Escambia County District School Board as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 15, 2023, included under the heading **INDEPENDENT AUDITOR'S REPORT**. Our report includes a reference to other auditors who audited the financial statements of the employee benefit trust fund, a blended component unit, and the aggregate discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a

combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Escambia County District School Board's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the fiscal year ended June 30, 2023. The District's major Federal programs are identified in **SECTION I – SUMMARY OF AUDITOR'S RESULTS** of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the **Auditor's Responsibilities for the Audit of Compliance** section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each

major Federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Other Matter – Federal Expenditures Not Included in the Compliance Audit

The District's basic financial statements include the operations of Beulah Academy of Science, Inc. (Charter School) as part of the reported aggregate discretely presented component units on the accompanying basic financial statements. The Charter School expended \$2,945,262 in Federal awards, which is not included in the District's **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** during the fiscal year ended June 30, 2023. Our compliance audit, described in the ***Opinion on Each Major Federal Program*** section of our report, did not include the operations of this Charter School because the Charter School engaged other auditors to perform an audit in accordance with the Uniform Guidance.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's Federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major Federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** as Federal Award Finding Nos. 2023-001 and 2023-002. Our opinion on each major Federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the noncompliance findings identified in our compliance audit described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. The District is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The District's responses and **CORRECTIVE ACTION PLAN** were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the ***Auditor's Responsibilities for the Audit of Compliance*** section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** as Federal Award Finding Nos. 2023-001 and 2023-002, to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the internal control over compliance findings identified in our compliance audit described in

the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. The District is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The District's responses and **CORRECTIVE ACTION PLAN** were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Sherrill F. Norman, CPA
Tallahassee, Florida
December 15, 2023
Audit Report No. 2024-094

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

SECTION I – SUMMARY OF AUDITOR’S RESULTS

Financial Statements

Type of auditor’s report issued on whether the financial statements audited were prepared in accordance with GAAP:	Unmodified
Internal control over financial reporting:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	None reported
Noncompliance material to financial statements noted?	No

Federal Awards

Internal control over major Federal program(s):	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	Yes
Type of auditor’s report issued on compliance for major Federal program(s):	Unmodified
Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?	Yes
Identification of major Federal program(s):	
Assistance Listing Number(s):	Name of Federal Program or Cluster:
10.553 and 10.555	Child Nutrition Cluster
84.425	Education Stabilization Fund
Dollar threshold used to distinguish between type A and type B programs:	\$3,000,000
Auditee qualified as low risk auditee?	Yes

SECTION II – FINANCIAL STATEMENT FINDINGS

No matters are reported.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

U.S. DEPARTMENT OF AGRICULTURE

Finding Number	2023-001
Assistance Listing Number	10.553 and 10.555
Program Title	Child Nutrition Cluster (CNC)
Compliance Requirement	Special Tests and Provisions
Pass-Through Entity	Florida Department of Agriculture and Consumer Services (FDACS)
Federal Grant/Contract Number and Grant Year	225FL915N1199 – 2022; 235FL915N1199 – 2023
Statistically Valid Sample	No
Finding Type	Noncompliance and Significant Deficiency
Questioned Costs	None
Prior Year Finding	Not Applicable
Finding	Improvements were needed in the District’s process for verifying free and reduced-price meal applications.
Criteria	<p>Title 7, Section 245.6, Code of Federal Regulations (CFR), provides application and other documentation requirements for a child to qualify for meals served free or at a reduced price under the School Breakfast and National School Lunch programs. Children qualify for free or reduced-price meals based on household income and categorical eligible children are automatically eligible for free meal benefits because they, or any household member, receive benefits from, or are eligible for, certain other assistance programs. Also, Title 7, Section 245.6a, CFR, provides, in part, that the District must verify the household income of the lesser of 3,000 or 3 percent of the free and reduced-price meal applications approved as of October 1. The sample must be selected from error-prone applications defined as applications that indicate monthly income within \$100, or annual income within \$1,200, of the applicable income eligibility limit for free or reduced-price meals.</p> <p>Title 7, Section 245.6a(a)(7), CFR, provides that the sources of verification may include written evidence as the primary source of verification and includes written confirmation of a household’s circumstances, such as wage stubs, award letters, and letters from employers. Whenever written evidence is insufficient to confirm income information on the application or current eligibility, the District may require verbal confirmations of a household’s circumstances by a person outside of the household.</p> <p>Title 7, Section 245.6a(f)(2), CFR, also provides that the documentation of income must indicate the source, amount, and frequency of all income and can be for any point in time between the month prior to application for school meal benefits and the time the household is requested to provide income documentation. The <i>USDA, Eligibility Manual for School Meals: Determining and Verifying Eligibility</i>, July 18, 2017 (<i>Manual</i>) requires that reportable income to be included on the free and reduced-price meal application include earnings from work, public assistance, and any other income regularly received. In addition, Title 7, Section 245.6a(f)(7), CFR, requires the District, based on the verification activities, to make appropriate modifications to the eligibility determinations made initially and notify the household of any change.</p>

Condition	<p>For the 2022-23 fiscal year, the District had a total of 655 free and reduced-price meal applications and District personnel input household information for students into food service software to help determine the student's meal-price status. In an effort to comply with Federal requirements, District personnel selected for verification 20 (3 percent) of the applications. However, our examination of District records supporting the 20 applications disclosed that, contrary to Federal verification requirements, the household income listed on 4 applications was not properly supported and the District did not change the meal-price status of the students listed on the 4 applications. Specifically, based on District records, the listed household income was incorrect on:</p> <ul style="list-style-type: none"> • 2 applications and the food service software was not updated based on the income of the households' most recent earnings statements. • Another application because it reflected earnings from a prior year earnings statement and District personnel did not request the most recent earnings statement. • A fourth application because the application excluded housing and subsistence allowances.
Cause	District personnel indicated that, due to personnel turnover, those responsible for verifying free and reduced-price meal applications did not fully understand the Federal verification requirements. In addition, those responsible for review of the verifications were not fully aware of the input requirements within the food service software and did not detect the errors.
Effect	The price of the meals for each of the students listed on the 4 applications should have been, but was not, increased to reduced price or paid (i.e., full price). Without following the Federally mandated verification procedures, the District did not comply with those requirements and may be using Federal funds to serve students who do not qualify for free or reduced-price meals.
Recommendation	The District should enhance procedures to ensure that free and reduced-price meal application verifications are performed in accordance with Federal requirements. Such enhancements should include appropriate training for personnel to understand the Federal verification requirements and food service software input requirements.
District Response	The District acknowledges the finding and has corrected the errors. Accordingly, a corrective action plan has been developed and provided separately.

U.S. DEPARTMENT OF EDUCATION

Finding Number	2023-002
Assistance Listing Number	84.425D and 84.425U
Program Title	Education Stabilization (ES) Fund: Elementary and Secondary School Emergency Relief (ESSER) Fund and American Rescue Plan ESSER Fund
Compliance Requirement	Special Tests and Provisions
Pass-Through Entity	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	S425D210052 – 2023, S425U210052 – 2023
Statistically Valid Sample	No
Finding Type	Noncompliance and Significant Deficiency

Questioned Costs	\$716,957
Prior Year Finding	Not Applicable
Finding	District controls did not always ensure compliance with the Davis-Bacon Act for Federally funded construction projects exceeding \$2,000, resulting in questioned costs totaling \$716,957.
Criteria	<p>The ES Fund provides Federal funds for school facility repairs and improvements to reduce the risk of virus transmission and exposure to environmental health hazards, and to support student health needs.</p> <p>Title 29, Section 5.5, Code of Federal Regulations (Davis-Bacon Act), requires the District to include prevailing wage rate clauses in any construction contract exceeding \$2,000 that is financed either wholly or in part by Federal funds and ensure that contractors pay workers the prevailing wage rates established by the United States Department of Labor. This includes a requirement for the contractor to submit to the District weekly, for each week in which any contract work is performed, a copy of the payroll and a statement of compliance (certified payrolls). The United States Department of Labor established “prevailing wages” by geographic area and interprets the Davis-Bacon Act to apply to construction, alteration, or repair of public buildings or public work.</p>
Condition	<p>During the 2022-23 fiscal year, the District expended \$16,735,847 from the ES Fund for projects related to 38 construction contracts totaling \$52,100,469 to install replacement windows, HVAC systems, flooring, and cooling towers, and to upgrade chiller plants at various District facilities.</p> <p>Our examination of District records supporting 9 selected construction contracts totaling \$25,292,337 disclosed that the District expended \$716,957 related to 3 construction contracts and the District did not receive required weekly certified payrolls for those contracts.</p>
Cause	District personnel indicated that the District typically complied with Davis-Bacon Act and considered the 3 contracts to be purchase-service contracts. Notwithstanding, since the contracts included installation of flooring and the replacement of a cooling tower, the contracts were for construction projects subject to the Davis-Bacon Act.
Effect	Absent the required weekly certified payrolls, there is an increased risk that construction contractors paid with Federal moneys will not pay workers the prevailing wage rates established by the United States Department of Labor. Although we requested, the District did not provide the certified payrolls from the contractors demonstrating that the prevailing wage rates were paid for the construction contracts. Consequently, the District incurred questioned costs totaling \$716,957.
Recommendation	The District should enhance procedures to ensure compliance with all Davis-Bacon Act requirements. Such procedures should ensure that applicable Federally funded construction contracts require submittal of weekly certified payrolls and that District personnel verify that the payrolls were received. In addition, the District should document to the FDOE the allowability of the questioned costs or contact the FDOE regarding necessary corrective action.
District Response	The District disagrees with the finding and has discussed its position on the corrective action document separately enclosed.

Auditor's Remarks

Management's response and corrective action plan provides that the District disagrees with the finding and contends that "the services obtained through these contracts were not considered 'construction' as no design professional nor general contractor (GC) was needed and no permits were required to perform the work." Notwithstanding, since the contracted services were for construction, alterations, or repair, and were paid for using Federal ES Funds, the District was required to comply with the Davis-Bacon Act and the finding stands as presented.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

The District did not have prior audit findings required to be reported under 2 CFR 200.511.

CORRECTIVE ACTION PLAN

THE SCHOOL DISTRICT OF ESCAMBIA COUNTY
75 NORTH PACE BOULEVARD
PENSACOLA, FL 32505
PH (850)432-6121 FX (850)469-6379

KEITH LEONARD, SUPERINTENDENT

November 20, 2023

**Escambia County District School Board
Management's Corrective Action Plans
For the Fiscal Year Ended June 30, 2023**

Federal Award Findings
Number: 2023-001

Planned Corrective Action: Upon initial notification of the verification findings, the District Food Services department immediately began corrective action to ensure the success of the SY 23-24 Verification. Specifically, three Food Services Office staff members were actively involved in the Verification training offered by the governing State agency, as well as, the software provider. All questions throughout the verification process were immediately asked of the State agency and/or software provider as appropriate. All supporting documents were reviewed by two staff members at the time of submission. Once verification was completed on November 15, 2023, a report was pulled to show change in status. The change in status for families that did and did not respond was reviewed by two staff members to ensure accuracy.

Anticipated Completion: 11/16/2023

Responsible Contact
Person: Jaleena Davis, Director - School Food Services

Federal Award Findings
Number: 2023-002

Planned Corrective Action: When using cooperative purchasing agreement, District staff will require documentation from the vendor of compliance with prevailing wage or Davis-Bacon Act when using Federal funds.

Anticipated Completion: Completed

Responsible Contract
Person: M. Keith Wasdin, Director, Facilities Planning

Response: The District contends that the service obtained through these contracts were not considered "construction" as no design professional nor general contractor (GC) was needed and no permits were required to perform the work. Rather they were
Affirmative action / equal opportunity employer

viewed as a "Maintenance" activity that are routinely carried out by the same vendors working under the same contracts using local funds.
