Independent Auditor's Report

To the Board of Directors of the Avant Garde Academy K8 of Osceola,
(A charter school under Avant Garde Academy, Inc.)
a Charter School and Component Unit of the
District School Board of Osceola County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Avant Garde Academy K8 of Osceola ("School"), a charter school under Avant Garde Academy, Inc. and component unit of the District School Board of Osceola County, Florida, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Avant Garde Academy K8 of Osceola, as of June 30, 2018, and the respective changes in financial position thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1, the accompanying financial statements referred to above present only the financial position of Avant Garde Academy K8 of Osceola at June 30, 2018, and the respective changes in financial position for the year then ended, and is not intended to be a complete presentation of Avant Garde Academy, Inc. These financial statements do not purport to and do not present fairly the financial position of Avant Garde Academy, Inc. as of June 30, 2018 and its changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedule, and Note to Required Supplementary Information, as shown in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 2, 2018 on our consideration of Avant Garde Academy K8 of Osceola's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Avant Garde Academy K8 of Osceola's internal control over financial reporting and compliance.

Respectfully submitted,

October 2, 2018

MANAGEMENT'S DISCUSSION AND ANALYSIS - (Unaudited)

The Management's Discussion and Analysis (MD&A) section of the annual financial report of the Avant Garde Academy K8 of Osceola ("School") provides an overview of the School's activities for the fiscal year ended June 30, 2018.

Because the information contained in the MD&A is intended to highlight significant transactions, events, and conditions, it should be considered in conjunction with the School's financial statements and notes to financial statements, as listed in the table of contents.

FINANCIAL HIGHLIGHTS

- For the fiscal year ended June 30, 2018, the School's expenses exceeded revenues as shown on the School's statement of activities by \$437,500.
- As shown on the statement of net position, the School reported a total deficit net position balance of \$209,444.

OVERVIEW OF THE FINANCIAL STATEMENTS

The basic financial statements consist of three components:

- ✓ Government-wide financial statements
- ✓ Fund financial statements
- ✓ Notes to financial statements

Government-Wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the School's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the School presented on the accrual basis of accounting. The statement of net position provides information about the government's financial position, its assets and liabilities, using an economic resources measurement focus. The difference between the assets and liabilities, the net position, is a measure of the financial health of the School. The statement of activities presents information about the change in the School's net position and the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the School's financial health is improving or deteriorating. To assess the overall financial position of the School, one needs to consider additional non-financial factors such as changes in the School student base funding level.

MANAGEMENT'S DISCUSSION AND ANALYSIS - (Unaudited)

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements provide more detailed information about the School's financial activities, focusing on its most significant funds rather than fund types. This is in contrast to the entity-wide perspective contained in the government-wide financial statements.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental funds utilize a spendable financial resources measurement focus rather than the economic resources measurement focus found in the government-wide financial statements. The financial resources measurement focus allows the governmental fund financial statements to provide information on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the fiscal year.

The governmental financial fund statements provide a detailed short-term view that may be used to evaluate the School's near-term financing requirements. This short-term view is useful when compared to the long-term view presented as governmental activities in the government-wide financial statements. To facilitate this comparison, both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation of governmental funds to governmental activities.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide detailed information about the School's most significant funds. The School operates three funds; a General Fund, a Special Revenue Fund, and a Capital Projects Fund. The School has elected to show each fund as a major fund.

The School adopts an annual budget for its governmental funds. A budgetary comparison schedule, as required, has been provided for the General Fund and Major Special Revenue Fund to demonstrate compliance with the budget.

Notes to Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

➤ **Reporting Entity**

The Avant Garde Academy K8 of Osceola (“School”), a charter school under Avant Garde Academy, Inc., is a component of the District School Board of Osceola County, Florida (“District”). The School’s charter is held by Avant Garde Academy, Inc., a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act. The governing body of the School is the not-for-profit corporation Board of Directors, which is comprised of not less than three members.

The basic financial statements of the School present only the balances, activity and disclosures related to the School. They do not purport to, and do not, present fairly the financial position of Avant Garde Academy, Inc. as of June 30, 2018, and its changes in financial position or budgetary comparisons, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the Osceola County School Board, Florida, (“District”). The current charter is effective until June 30, 2019, and is subject to annual review and may be renewed by mutual agreement between the School and the District. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter. During the term of the charter, the District may also terminate the charter if good cause is shown. In the event of termination of the charter, the District shall assume operation of the School. The School is considered a component unit of the District; therefore, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governmental units.

Criteria for determining if other entities are potential component units which should be reported within the School's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the School is financially accountable and other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the School's basic financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the School.

➤ **Basis of Presentation**

Government-wide Financial Statements - Government-wide financial statements, including the statement of Net Position and the statement of activities, present information about the School as a whole.

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the School's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School.

Fund Financial Statements - Fund financial statements report detailed information about the School in the governmental funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliation is presented with each of the governmental fund financial statements.

The School's major governmental funds are as follows:

- General Fund – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- Special Revenue Fund - to account for certain Federal grant program resources.
- Capital Projects Fund: to account for all resources for the acquisition of capital and related items purchased by the School with restricted capital outlay funds.

➤ **Basis of Accounting**

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

Governmental fund financial statements are prepared using the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The School considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized when due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

➤ **Cash and Cash Equivalents**

Cash deposits consist of demand deposits with a financial institution. Deposits on hand at financial institutions are insured by the Federal Deposit Insurance Company up to \$250,000.

➤ **Capital Assets**

Expenditures for capital assets acquired or constructed for general School purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the School as those costing more than \$750. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at fair value at the date of donation.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Furniture, Fixtures and Equipment	5 years
Computer Equipment	3 - 5 years
Software	3 years

➤ **Long-term Debt**

Long-term obligations that will be financed by resources to be received in the future by the general fund are reported in the government-wide financial statements, not in the general fund. Current-year information relative to changes in long-term debt is described in subsequent notes.

➤ **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial

NOTES TO FINANCIAL STATEMENTS

statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until then. The School does not have any items that qualify for reporting in this category.

➤ **Net Position and Fund Balance Classification**

Government-wide Financial Statements

Net Position are classified and reported in three components:

- Net Investment in Capital Assets – consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any borrowings that are attributed to the acquisition or improvement of those assets.
- Restricted Net Position – consists of net position with constraints placed on their use either by external groups such as creditors, contributors, or laws or regulations of other governments.
- Unrestricted Net Position – all other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements

GASB Codification Section 1800.142, *Fund Balance Reporting and Governmental Fund Type Definitions*, defines the different types of fund balances that a governmental entity must use for financial reporting purposes. GASB requires the fund balance amounts to be reported within one of the following fund balance categories:

- Nonspendable – fund balance associated with inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed or assigned). All nonspendable fund balances at year end relate to assets that are in nonspendable form.
- Restricted – fund balance that can be spent only for the specific purposes stipulated by the constitution, external resource providers, or through enabling legislation.
- Committed – fund balance that can be used only for the specific purposes determined by a formal action of the School’s Board of Governance.

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

- Assigned – fund balance that is intended to be used by the School’s management for specific purposes but does not meet the criteria to be classified as restricted or committed.
- Unassigned – fund balance that is the residual amount for the School’s general fund and includes all spendable amounts not contained in the other classifications.

➤ **Order of Fund Balance Spending Policy**

The School’s policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year. First, nonspendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including nonspendable amounts). Any remaining fund balance amounts for the non-general funds are to be classified as restricted fund balance. It is possible for the non-general funds to be classified as restricted fund balance. It is possible for the non-general funds to have negative unassigned fund balance when nonspendable amounts plus the amount of restricted fund balances for specific purposes exceed the positive fund balance for non-general fund.

➤ **Revenue Sources**

Revenues for current operations are received primarily from the District pursuant to the funding provisions included in the School’s charter. In accordance with the funding provisions of the charter and Section 1002.33(17), Florida Statutes, the School reports the number of full-time equivalent students and related data to the District.

Under provisions of Section 1011.62, Florida Statutes, the District reports the number of full-time equivalent students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program (FEFP). Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent (FTE) students reported by the School during designated full-time equivalent student survey periods. The Department may also adjust subsequent fiscal period allocations based upon an audit of the School’s compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The basic amount of funding through the FEFP under Section 1011.62 is the product of the (1) unweighted FTE, multiplied by (2) the cost factor for each program, multiplied by (3) the base student allocation established by the legislature. Additional funds for exceptional students who do not have a matrix of services are provided through the guaranteed allocation designated in Section 1011.62(1)(e)2., Florida Statutes. For the fiscal year ended June 30, 2018, the School reported 288.30 unweighted and 306.0256 weighted FTE.

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

FEFP funding may also be adjusted as a result of subsequent FTE audits conducted by the Florida Auditor General pursuant to Section 1010.305, Florida Statutes, and Rule 6A-1.0453, Florida Administrative Code (FAC). Schools are required to maintain the following documentation for three years or until the completion of an FTE audit:

- Attendance and membership documentation (Rule 6A-1.044, FAC).
- Teacher certification documentation (Rule 6A-1.0503, FAC).
- Documentation for instructors teaching out-of-field (Rule 6A-1.0503, FAC).
- Procedural safeguards for weighted programs (Rule 6A-6.03411, FAC).
- Evaluation and planning documents for weighted programs (Section 1010.305, Florida Statutes, and Rule 6A-6.03411, FAC).

The School receives federal or state awards for the enhancement of various Education programs. This assistance is generally received based on applications submitted to and approved by various granting agencies. For federal or state awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

The School receives state funds through the District under charter school capital outlay funding pursuant to Section 1013.62, Florida Statutes. Funds are based upon a capital outlay plan submitted to the District and are to be used for lease, rent or construction of school facilities. The School also receives funding through donations and fundraising efforts, school lunch sales and local property tax collections.

The School follows the policy of applying restricted resources prior to applying unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted assets are available.

➤ **Income Taxes**

The School is exempt from Federal tax under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements. Additionally, no uncertain tax positions have been made requiring disclosure in the related notes to financial statements. The School's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

➤ **Use of Estimates**

In preparing the financial statements in conformity with generally accepted accounting principles in the United States management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the statement of net position and affect revenues and expenditures for the period presented. Actual results could differ from those estimates.

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2018

1. BUDGETARY BASIS OF ACCOUNTING

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g., salaries and benefits, purchased services, materials and supplies and capital outlay) within each activity (e.g., instruction, pupil personnel services and school administration). Budgets may be amended by resolution at any Board meeting prior to the date for the annual report.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Directors of the Avant Garde Academy K8 of Osceola,
(A charter school under Avant Garde Academy, Inc.)
a Charter School and Component Unit of the
District School Board of Osceola County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Avant Garde Academy K8 of Osceola ("School"), a charter school under Avant Garde Academy, Inc. and component unit of the District School Board of Osceola County, Florida, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated October 2, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider finding No. 2018-01 a material weakness and finding No. 2018-02 a significant deficiency, as shown on page 30.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have reported other matters, Finding Nos. 2018-03 - 2018-05 on pages 31 and 32, for management's further consideration.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

2018-01

Financial Reporting - The School is responsible for accurate financial reporting which includes detecting and preventing material misstatements in the financial statements, as well as within the underlying records. Our audit revealed several misstatements related to the following: (1) the recording of revenues and (2) the recording of payables which resulted in the necessity of audit adjustments required to be recorded in order to present the financial statements in conformity with generally accepted accounting principles. We recommend the School improve their financial accounting process to ensure the fair presentation of reported and recorded financial information.

Management's Response - The School has already improved its financial accounting process to ensure the fair presentation of reported and recorded financial information by consolidating all financial matters under Building Hope, including the timely and proper recording of revenues and payables submission of financial reports to the district, budgeting and financial protocols to provide consistency in all financial matters, as of July 1, 2018. The misstatements reported in the 2017-2018 school year were a direct result of the mismanagement and inaccurate information provided to the School by iSchools. The School is no longer using iSchools in this or any other capacity.

2018-02

Disbursements – The School made four payments to The School Store, Inc. totaling \$21,340 relating to academic consulting, attorney fees, marketing, and management fees during the 2017-18 fiscal year. We were provided invoices for three transactions and the fourth transaction was documented by an email requesting payment. These types of services generally call for a contract to set forth the specific duties and outcomes to be provided by the vendor. We requested a copy of contracts for these services; however, none were provided. Without proper documentation, we were unable to determine the appropriateness of these disbursements. We recommend the School obtain all invoices and contracts to properly document these disbursements.

Management's Response - The School will obtain contracts with a scope of services and accurate invoices to properly document all disbursements. The School will use the Building Hope on-line system which allows for the timely and easy to use uploads of all invoices and related documents as part of the payables approval process prior to the issuance of checks. The payments cited here were processed by iSchools. The School asked iSchools for the backup documentation for these payments but did not receive it. The School is no longer conducting business with either iSchools or The School Store.

2018-03 **Budget Over expenditures** – Florida Statutes Section 1002.33(9)4.(h) requires the School to adopt and maintain an operating budget. The School adopted an annual budget and amended it during the year. However, as shown in the Budgetary Comparison Schedule on page 24, expenditures exceeded final budgeted amounts in 5 functions by \$427,504 in total. We recommend the Board adjust the School's budget in a timely manner in order to prevent expenditures exceeding the final approved budget.

Management's Response - The Board will adjust the budget in a timely manner to prevent expenditures from exceeding the approved budget. Invoices and expenditures will be recorded on a timely basis. The School's budget will be uploaded in the Building Hope accounting system and will flag any line item that exceeds the monthly budget allocation, for ease of tracking. The excess of expenditures over budgeted amount were a direct result of the mismanagement and inaccurate information provided to the Schools by iSchools and iSchool's failure to follow the School's budget and policies and procedures.

2018-04 **Financial Emergency** - The Rules of the Auditor General (Section 10.854(1)(e)2.), require that we make a statement as to whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the School met one of the conditions described in Section 218.503(1), Florida Statutes. The School failed to pay uncontested claims from several vendors totaling approximately \$23,000, as recorded in the Schools accounting records, within 90 days as of June 30, 2018. These events resulted from a lack of available funds. We recommend the School make appropriate financial arrangements with the unpaid vendors in order to make good on all past due amounts owed.

Management's Response - The School has already paid many of the vendors from the 2017-2018 school year and is paying the rest of the vendors in accordance with its financial arrangements. The misstatements reported in the 2017-2018 school year were a direct result of the mismanagement and inaccurate information provided to the Schools by iSchools.

Deteriorating Financial Condition – We applied certain procedures pursuant to Section 10.854(1)(e)6.a. and Section 10.855(12) Rules of the Auditor General. As a result, it appears that the financial emergency as described in Finding No. 2018-04 on page 30 is a result of a deteriorating financial condition. The financial assessment procedures applied disclosed that over the past 2 fiscal years the school’s total assets, the unrestricted net position balance, and the change in the School’s net position have decreased significantly while the liabilities have significantly increased as shown below:

	as of: 6/30/2017	as of: 6/30/2018	(Decrease)/ Increase from 6/30/17 to 6/30/2018
Assets	\$ 552,089	\$ 540,271	\$ (11,818)
Liabilites	\$ 324,033	\$ 749,715	\$ 425,682
Unrestricted Net Position	\$ 110,035	\$ (289,235)	\$ (399,270)
Change in Net Position	\$ 156,955	\$ (437,500)	\$ (594,455)

We recommend the School take immediate action to rectify the financial condition of the School.

This finding is to bring the deteriorating financial condition of the School to the attention of the School’s Board of Directors and the Osceola County District School Board in accordance with Section 218.39(5), Florida Statutes.

Management’s Response - The School has taken action to rectify the financial condition of the School. Expenses are being carefully tracked to conform to the approved budget. A year-round enrollment plan is in place to continue to increase the number of students and revenues in time for the October and February student count. The School’s landlord has offered to assist the school in its financial recovery during this year. The change in the School’s financial condition during the 2017-2018 school year is a direct result of the mismanagement and inaccurate information provided to the Schools by iSchools.
