INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Escambia Charter School, Inc.
Pensacola, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Escambia Charter School, Inc. (the "School") (a component unit of the Escambia County District School Board), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Directors
Escambia Charter School, Inc.
Pensacola, Florida

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School, as of June 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

School Closure

Due to recurring losses from low enrollment, the School ceased operations on June 30, 2018. As discussed in Note 2, there was substantial doubt about the School's ability to continue as a going concern in the prior year. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5 through 8 and 25 through 26 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 14, 2018, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Escambia Charter School, Inc.
Pensacola, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Escambia Charter School, Inc. (the "School") (a component unit of the Escambia County District School Board) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School's basic financial statements and have issued our report thereon dated August 14, 2018. As described in the independent auditor's report and the accompanying financial statements, the School ceased operations on June 30, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of Directors
Escambia Charter School, Inc.
Pensacola, Florida

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described below, that we consider to be a significant deficiency.

2018-1: Capital Funds - Dual Signatures Requirement

Auditor's Comment:

During audit procedures related to internal controls, we noted two checks for capital expenditures exceeding the \$5,000 dual signature threshold that had only one authorized signature. Two authorizing signatures for expenses over this predetermined amount is a control needed to ensure that only valid and necessary expenses are paid. According to the Accounting Policy and Procedures Manual, the Chairperson of the Board of Directors acts as a second signor on checks greater than \$5,000.

Client's Corrective Action Plan:

Due to the School closing as of June 30, 2018, the client's correction action plan is not applicable.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2018
(UNAUDITED)

As management of Escambia Charter School, Inc., (the "School"), we offer readers of the School's financial statements this narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2018 to (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the School's financial activities, (c) identify changes in the School's financial position, and (d) highlight significant issues in individual funds.

Because the information contained in the Management's Discussion and Analysis ("MD&A") is intended to highlight significant transactions, events and conditions, it should be considered in conjunction with the Basic Financial Statements found on pages 9 through 24.

FINANCIAL HIGHLIGHTS

- As of June 30, 2018, the School's governmental funds reported combined ending fund balances of \$26,962, an increase of \$40 in comparison with prior year.
- At June 30, 2018, unrestricted fund deficit for the general fund was \$13,412 and assigned fund balance for the capital projects fund was \$40,374.

As a result of reduced Florida Education Finance Program funding due to lower student enrollment, the School has incurred operating losses and the unrestricted fund balance has increased only \$40 from year ended June 30, 2017. As a result of the continuing operating losses, the School closed on June 30, 2018.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to private-sector business.

The statement of net position presents information on all of the School's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The statement of activities presents information showing how the School's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2018
(UNAUDITED)

Both of the government-wide financial statements distinguish functions of the School that are principally supported by the Escambia County District School Board (the "District"), and state funding (governmental activities). The governmental activities of the School include instruction, pupil personnel services, instructional staff training services, board, school administration, facilities acquisition and construction, fiscal services, central services, pupil transportation services, operation of plant, and maintenance of plant.

The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund financial statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the operations of the School are presented in governmental funds only.

Government funds - Government funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School maintains two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and the capital projects fund, both of which are considered to be major funds.

The basic governmental fund financial statements can be found on pages 11 and 13 of this report.

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 15 through 24 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Condensed financial information - As noted earlier, net position may serve over time as a useful indicator of a government's financial position.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds - The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2018, the School's governmental funds reported combined ending fund balances of \$26,962.

BUDGETARY HIGHLIGHTS

The School made no amendments to the original budget during the year.

CAPITAL ASSETS

Capital assets - The School's investment in capital assets for its governmental activities as of June 30, 2018, amounted to \$89,327 (net of accumulated depreciation). This investment in capital assets includes buildings and fixed equipment, furniture, fixtures and equipment, motor vehicles, computer software, property under capital lease and building improvements.

ECONOMIC FACTORS

Funding from the District according to the number of students enrolled primarily supports the School.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the School's finances for all those with an interest in the School's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Escambia Charter School, Inc., 30 E. Texar Drive, Pensacola, FL 32503.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Reporting Entity:

Escambia Charter School, Inc. (the “School”) is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The governing body of the School is the Board of Directors.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the Escambia County District School Board, which was effective until June 30, 2019. However, the School ceased operations on June 30, 2018. The School is considered a component unit of the Escambia County District School Board.

Criteria for determining if other entities are potential component units which should be reported within the School’s financial statements are identified and described in the Governmental Accounting Standards Board’s (“GASB”) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provide for identification of any entities for which the School is financially accountable and other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the School’s financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the School.

Government-wide and Fund Financial Statements:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the School. For the most part, the effect of interfund activity has been removed from these statements. The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to individuals who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus and Financial Statement Presentation:

The accompanying financial statements of the School have been prepared in conformity with generally accepted accounting principles ("GAAP") as applied to governmental units. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

GOVERNMENT-WIDE FINANCIAL STATEMENTS (GWFS)

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Program revenues included in the statement of activities derive directly from the program itself or from parties outside the School. Program revenues reduce the cost of the function to be financed from the School's general revenues.

FUND FINANCIAL STATEMENTS (FFS) - GOVERNMENTAL FUNDS

Governmental fund financial statements are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenues are recognized at the time the expenditure is made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. The School reports the following major governmental funds:

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the School. It accounts for all financial resources except those required to be accounted for in another fund.

Capital Projects Fund - The Capital Projects Fund accounts for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the General Fund.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted and Unrestricted Resources:

When an expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the School's policy to use restricted resources first, then unrestricted resources as they are needed. Within the unrestricted category, committed resources are used first, then assigned resources, if any, followed by unassigned resources as needed.

Assigned Fund Balance:

The Florida Commissioner of Education allocates capital outlay funds to eligible charter schools, and those funds are assigned to the School's Capital Projects Fund. Capital outlay funds are to be used for the following purposes: purchase of real property, construction of school facilities, purchase, lease-purchase, or lease of permanent or relocatable school facilities, purchase of vehicles to transport students, or renovation, repair, and maintenance of school facilities that a charter school owns or is purchasing through a lease-purchase or long-term lease.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes:

The organization is exempt from federal income taxes under Internal Revenue Service Code Section 501(c)(3). As a result, there is no provision for taxes in the accompanying financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets:

Capital assets are recorded at historical cost and depreciated over their estimated useful lives. Donated capital assets are recorded at their estimated fair value at the date of donation.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Capital assets have not been assigned a salvage value because management feels that the salvage value is immaterial. Straight-line depreciation is used based on the following estimated useful lives:

Buildings and fixed equipment	20 - 40 years
Furniture, fixtures and equipment	3 - 10 years
Motor vehicles	4 - 10 years
Computer software	5 - 10 years
Property under capital lease	5 - 10 years
Building improvements	7 - 40 years

Long-Term Debt and Compensated Absences:

All long-term debt is recorded as liabilities in the GWFS when incurred. Principal and interest payments are recorded as expenditures in the General Fund or Capital Fund Projects Fund in the FFS, with a corresponding reduction in the liability in the GWFS for the amount of the principal payment. Compensated absences are recorded as expenditures when leave is used or when accrued as payable to employees entitled to cash payment in lieu of taking leave.

Revenue Sources:

The School's primary revenue source is the Escambia County District School Board (the "District"). Pursuant to the provision of the School's charter and Section 1002.33, Florida Statutes, the School reports full time equivalents ("FTEs") to the District. The District, under Section 1011.62, Florida Statutes, then reports the number of FTEs to the Florida Department of Education for funding under the Florida Education Finance Program. The District retains an administration charge from the total FTE funding attributed to the School, therefore actual revenue recorded by the School represents the remainder of FTE funding after the administrative charge. School revenue is adjusted during the year to reflect changes in the number of FTEs.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Sources (Continued):

The School also receives Federal and State awards for the enhancement of various educational programs and facilities. Federal and State awards are generally received based on applications submitted to and approved by various granting agencies.

The School receives funding under the provisions of Section 1013.62, Florida Statutes, which provides capital outlay funding for charter schools. This amount is recorded as deferred revenue rather than as revenue until the School incurs and requests reimbursement for qualifying capital outlay expenditures. Awards received from the capital outlay program are made from funds appropriated by Legislature and may be used for any lawful capital outlay purpose that is directly related to the functioning of the charter school.

Budgetary Data:

The School utilizes the following procedures in establishing budgetary data:

The president submits to the Board of Directors the proposed annual budgets for the General Fund and the Capital Projects Fund for the fiscal year commencing the next July 1. The Board of Directors legally enacts the budget through adoption, and the budget is revised periodically throughout the school year, when deemed appropriate. Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the total expenditures level.

Risk Management Programs:

Automobile liability, general liability, property, employee bond, and workers' compensation coverages are being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not exceeded commercial coverage for the last three years.

NOTE 2 - SCHOOL CLOSURE

Due to recurring losses from low enrollment, the School ceased operations on June 30, 2018. In the past two fiscal years, the School's Florida Education Finance Program ("FEFP") funding from the District has averaged approximately \$615,000 while expenses have averaged \$712,000. As described in Note 1, the FEFP funding is the School's primary source of revenue. During fiscal year ended June 30, 2017, the School obtained a \$150,000 line of credit to offset the funding shortfall. During the year ended June 30, 2018, the School borrowed the maximum amount available on the line of credit. As of June 30, 2018, the line was repaid by utilizing funds from the money market account and certificate of deposit, both of which were used to secure the line of credit.

The School's liabilities remaining at June 30, 2018 were subsequently paid in July 2018. The School's capital assets were transferred to the District on July 1, 2018. The remaining cash balance will be disbursed to the District in fiscal year 2019.

NOTE 3 - CASH AND INVESTMENTS

The School's cash and investments consist of petty cash, demand deposits, and a certificate of deposit. At year end, the carrying amount of the School's deposits was \$41,737 and the bank balance was \$62,674, all of which was held by qualified public depositories under Chapter 280, Florida Statutes. Accordingly, all of the deposits are considered to be fully insured.

NOTE 5 - LINE OF CREDIT

As mentioned in Note 2, the School had a revolving line of credit with a bank in the amount of \$150,000 which matured on March 1, 2018. Borrowings under the line of credit accrued interest at a fixed rate of 2.6% which was payable monthly. The line was secured by the certificate of deposit and money market account that were held at the bank, and which were used to pay off the line of credit prior to June 30, 2018.

NOTE 6 - LONG-TERM LIABILITIES

Changes in long-term liabilities were as follows:

	Balance July 1, 2017	Additions	Reductions	Balance June 30, 2018	Amounts Due Within One Year
Capital lease obligation	\$ 10,637	\$	\$ (10,637)	\$ -	\$ -

Compensated absences records relate only to hours earned, used, and available; therefore, the net change in compensated absences payable is reflected in the above schedule. Compensated absences are included in accrued liabilities on the Statement of Net Position.

NOTE 7 - DEFICIT FUND BALANCE

A deficit unassigned fund balance of \$13,412 exists in the general fund. The deficit results from the School's reoccurring operating losses. Note 2 further discusses the School's closing on June 30, 2018.

NOTE 9 - INTERFUND TRANSFERS

During the year ended June 30, 2018, the School made transfers to the General Fund totaling \$51,963 to repay the line of credit out of the General Fund.

NOTE 10 - EMPLOYEE BENEFIT PLAN

Through December 2017, the School participated in a 401(k) retirement plan covering substantially all employees who have completed one year of service with the School. The plan included provisions for an employer match of 100% of employee contributions up to 3% of the employee's salary. The School's contributions to the Plan amounted to \$403 during the year ended June 30, 2018.

NOTE 11 - OPERATING LEASE

The School leased land and a building from Escambia County. The five-year lease, which began in 1998, was considered an operating lease and was renewed for an additional period to end May 15, 2018. The lease was not renewed as the School ceased operations on June 30, 2018. The monthly lease payment was \$500 through June 30, 2018. The lease payments are included in current facilities acquisition and construction under the Capital Projects Fund.

NOTE 12 - CONTINGENCIES

As stated in Note 1, the School has received charter school capital outlay funding. The disbursement of funds received under this program is subject to review and audit by awarding agencies, and these funds are restricted to use for lawful capital outlay expenditures only. Any disbursements disallowed by the awarding agency could become liabilities of the School. In the event the School terminates operation, all unencumbered funds and all equipment and property purchased with capital outlay funds revert back to the ownership of the District. As discussed in Note 2, the School's capital assets were transferred to the District on July 1, 2018.

OTHER REPORTS

**INDEPENDENT ACCOUNTANT'S REPORT
ON COMPLIANCE WITH SECTION 218.45, FLORIDA STATUTES**

To the Board of Directors
Escambia Charter School, Inc.
Pensacola, Florida

We have examined Escambia Charter School, Inc.'s (the "School") compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended June 30, 2018. The School's management is responsible for the School's compliance with those requirements. Our responsibility is to express an opinion on the School's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the School is in compliance with specified requirements, in all material respects. An examination involves performing procedures to obtain evidence about the School's compliance with specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance with specified requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the School's compliance with specified requirements.

In our opinion, the School complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2018.

This report is intended solely for the information and use of the School and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER

To the Board of Directors
Escambia Charter School, Inc.
Pensacola, Florida

Report on the Financial Statements

We have audited the financial statements of Escambia Charter School, Inc. (the “School”) (a component unit of the Escambia County District School Board), as of and for the fiscal year ended June 30, 2018, and have issued our report thereon dated August 14, 2018.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated August 14, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have not been taken to address the following findings and recommendations made in the preceding annual financial audit report: Finding 2016-1, 2016-2, and 2017-1.

Board of Directors
Escambia Charter School, Inc.
Pensacola, Florida

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires that the name or official title of the entity be disclosed in this management letter. The official title of the entity is Escambia Charter School, Inc.

Financial Condition and Management

Section 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of the financial information provided by same.

2016-1: Deteriorating Financial Conditions

Auditor's Comment:

In accordance with Sections 10.854(1)(e)6.a. and 10.855(12), Rules of Auditor General, we applied financial condition assessment procedures and determined the School appears to be operating in a state of deteriorating financial condition based on negative changes in fund balances for the past six years, in addition to unfavorable ratings on 62% of the applicable financial indicators assessed. Due to continued deteriorating conditions, the School ceased operations on June 30, 2018.

Client's Corrective Action Plan:

Due to the School closing as of June 30, 2018, the client's correction action plan is not applicable.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School did not maintain on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Board of Directors
Escambia Charter School, Inc.
Pensacola, Florida

2016-2: School Website

Auditor's Comment:

According to Section 1002.33(9)(p), Florida Statutes, the School should maintain a website in accordance with certain requirements. Per review of the website, the School's annual budget, annual independent fiscal audit, listing of Board of Directors, and information regarding the School's academic performance were not posted as required.

Client's Corrective Action Plan:

Due to the School closing as of June 30, 2018, the client's correction action plan is not applicable.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit and as described below, we determined that the School did not perform a physical inventory of all property as specified in Section 69I-73.006, Florida Administrative Code.

2017-1: Annual Inventory

Auditor's Comment:

According to Section 69I-73.006, Florida Administrative Code, the School is required to complete a physical inventory of all property annually. Per management and the accountant, an inventory was not performed during the fiscal year.

Client's Corrective Action Plan:

Due to the School closing as of June 30, 2018, the client's correction action plan is not applicable.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management, and the Escambia County District School Board, and is not intended to be and should not be used by anyone other than these specified parties.
