INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Magnolia Montessori Academy, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Magnolia Montessori Academy, Inc., (the "School"), a charter school and component unit of the School District of Polk County, Florida, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Magnolia Montessori Academy, Inc., as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule – general fund and the note to budgetary comparison schedule – general fund as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 9, 2019, on our consideration of Magnolia Montessori Academy, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Magnolia Montessori Academy's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

The management's discussion and analysis (MD&A) provides an overview of Magnolia Montessori Academy, Inc.'s ("School") activities for the year ended June 30, 2019 and should be read in conjunction with the financial statements and the notes thereto.

The MD&A, and the financial statements and notes thereto, are the responsibility of School management.

FINANCIAL HIGHLIGHTS

- Net position represents the residual interest in the School's assets and deferred outflows of resources after deducting liabilities and deferred inflows of resources. The School's net position at June 30, 2019 totaled \$159,601 or 17% of 2018-2019 expenses compared to the June 30, 2018 total of \$101,997 or 11% of 2017-2018 expenses.
- For the year ended June 30, 2019, the School's total net position increased by \$57,604 compared to an increase of \$20,078 for the prior year.
- As of the close of the current fiscal year, the School's general fund reported ending fund balance of \$166,701, an increase of \$103,389 in comparison with the prior year.
- At the close of the current fiscal year, the School's general fund reported ending unassigned fund balance of \$161,284 which represents 17% of the total expenditures for the year ended June 30, 2019 compared to 11% in the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report includes the management's discussion and analysis, the independent auditor's report and the basic financial statements of the School as well as required supplementary information. The financial statements also include notes that explain in more detail some of the information found in the financial statements. The basic financial statements include two kinds of statements that present different views of the School.

The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the School's overall financial status. These statements report information about the School as a whole and about its activities in a manner that helps answer the question, "Is Magnolia Montessori Academy, Inc. better off or worse off as a result of the year's activities?" These statements include all assets, liabilities and deferred outflows and inflows of resources using the accrual basis of accounting similar to the accounting used by the private sector corporations. All of the current year's revenues and expenses are taken into consideration regardless of when cash is received or paid.

The *statement of net position* presents all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the residual measure reported as "net position". Over time, increases or decreases in the net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating. The reader will need to consider other non-financial factors such as the current tax laws, student enrollment growth or decline, and facility conditions in arriving at their conclusion regarding the overall health of the School.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

The *statement of activities* presents information showing how the School's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The remaining statements are the fund financial statements that focus on individual parts of the School's operation in more detail than the government-wide statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental funds utilize a spendable financial resources measurement focus rather than the economic resources measurement focus found in the government-wide financial statements. The financial resources measurement focus allows the governmental fund statements to provide information on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the fiscal year.

The governmental fund statements provide a detailed short-term view that may be used to evaluate the School's near-term financing requirements. This short-term view is useful when compared to the long-term view presented as governmental activities in the government-wide financial statements. To facilitate this comparison, both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balance provide a reconciliation of governmental fund(s) to governmental activities.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balance provide detailed information about the School's most significant funds. The School operates one fund, a general fund to account for its general operations and internal account activities. For reporting purposes, the general fund is the only major fund of the School.

The School adopts an annual budget for its governmental funds. A budgetary comparison schedule, as required, has been provided for the general fund to demonstrate compliance with the budget.

Notes to financial statements – The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2019

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

Governmental Funds - As of June 30, 2019, the School's general fund reported a positive fund balance of \$166,701 or 18% of 2018-2019 general fund expenditures. As of June 30, 2018, the School's general fund reported a positive fund balance of \$103,389 or 12% of 2017-2018 general fund expenditures.

BUDGETARY HIGHLIGHTS

The general fund budget for the fiscal year ended June 30, 2019, was developed based on the School's anticipated revenues and expenditures and the expected student population for the school year. For the year ended June 30, 2019, actual budgetary inflows were \$53,672 greater than the final budgeted amount and actual outflows were \$2,617 more than budgeted appropriations resulting in an overall positive budget variance of \$51,055.

The budget was amended during the year increasing budgeted revenue by \$25,528 and increasing budgeted expenditures by \$55,220.

CAPITAL ASSETS

At June 30, 2019, the School had \$99,996 in capital assets, less accumulated depreciation of \$81,918, for net capital assets of \$18,078. Depreciation charges for the current fiscal year totaled \$3,541. More information about the School's capital assets is presented in the notes to financial statements.

LONG-TERM LIABILITIES

At June 30, 2019, the School's long-term liabilities consisted of \$14,678 of unused compensated absences. More information about the School's long-term liabilities is presented in the notes to financial statements.

ECONOMIC FACTORS THAT WILL AFFECT THE FUTURE

The budget is initially adopted by June of the prior year based on a conservative estimate of enrollment and estimated per pupil revenue from the state. This enrollment is based on the number of expected returning students and the number of students in the waiting pool for available spaces. For the 2018-2019 school year, the enrollment at the School was 99 students. The 2019-2020 enrollment is expected to increase to approximately 134 full-time-equivalent students.

For the year ended June 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 63,312

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets are allocated over their estimated useful lives and reported as depreciation expense.

This is the amount of depreciation expense recorded in the current period. (3,541)

Deposits to secure positions in the pre kindergarten class provide current financial resources that are measurable and available and therefore are recognized as revenue in the governmental funds. In the statement of activities, these deposits are not recognized as revenue until the exchange takes place which is the date at which the deposit is applied to the pre kindergarten tuition requirement.

This is the amount of unearned revenue reported as of June 30, 2018. 12,499

This is the amount of unearned revenue - deposits, reported as of June 30, 2018. (10,500)

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

Magnolia Montessori Academy, Inc. (the "School") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act and Section 1002.33, Florida Statutes on June 6, 2012. The governing body of the School is a Board of Directors comprised of not less than three or more than seven members elected by the existing Board members.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the School District of Polk County, Florida (the "District") and, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governmental units. The School is reported as a discretely presented component unit of the District. The charter became effective on July 1, 2013 for an initial four-year term and has been renewed for a fifteen-year term ending June 30, 2032. During the term of the charter, the District may terminate the charter if good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds revert to the District.

Criteria for determining if other entities are potential component units which should be reported within the School's basic financial statements are identified and described in Governmental Accounting Standards Board's (GASB) Codification of Governmental Accounting and Financial Reporting Standards, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the School is financially accountable and other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the School's basic financial statements to be misleading or incomplete. Based upon these criteria, no component units are included within the reporting entity of the School.

BASIS OF PRESENTATION

The School's financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the GASB. Accordingly, the basic financial statements consist of the government-wide financial statements and fund financial statements.

Government-wide Financial Statements - The government-wide financial statements, including the statement of net position and the statement of activities, present information about the School as a whole using accounting methods similar to those used by private-sector companies. These statements include nonfiduciary financial activity of the school. Both statements report only governmental activities as the School does not engage in any business type activities.

Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

BASIS OF PRESENTATION (cont...)

Fund Financial Statements - The fund financial statements provide detailed information about the School's most significant funds. A fund is an accounting entity having a self-balancing set of accounts for recording assets, deferred outflows, liabilities, deferred inflows, fund balance, revenues, expenditures, and other financing sources and uses. Resources are allocated to and accounted for in individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled. The financial transactions of the School are recorded in a single governmental "general" fund. There are no other governmental funds. Because the focus of governmental fund financial statements differs from the focus of the government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

BASIS OF ACCOUNTING AND MEASUREMENT FOCUS

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in accounts and reported in the financial statements. Basis of accounting related to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses recorded when a liability is incurred, regardless of the timing of related cash flows.

Imposed nonexchange resources are reported as deferred inflows if received before the date when use is first permitted. Government mandated nonexchange transactions and voluntary nonexchange transactions (donations and grants) resources are reported as liabilities until the eligibility requirements are met and as deferred inflows if received before time requirements are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within 60 days of the end of the current fiscal period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, state or other grant resources, revenue is recognized at the time the expenditure is made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recognized only when payment is due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

CASH AND CASH EQUIVALENTS

The financial statement caption "cash and cash equivalents" includes all deposits with banks and financial institutions including certificates of deposit and all highly-liquid investments (with original maturities of three months or less). All deposits are insured by federal depository insurance.

NOTES TO FINANCIAL STATEMENTS

June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

RECEIVABLES

Consist primarily of amounts due from other governments. All receivables are deemed collectible, and no allowance for uncollectible accounts is considered necessary.

INVENTORIES

Supplies inventory is immaterial and such items are charged to expense when purchased.

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until that time.

In addition to liabilities, the statement of net position will sometimes report a section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applied to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

COMPENSATED ABSENCES

Employees are allowed 10 paid days of leave per contract year which commences on July 1 and ends on June 30. The employees are given all 10 days on the first day of the contract year. At the end of each contract period up to fifteen days of unused leave may be carried to the subsequent year or, if the employee has worked for the School for the entire school year, they can elect to receive payment for the accumulated unused leave instead of carrying the days to the next year. The School will provide pay for accumulated leave time upon termination based upon the set rate in the individual employee contracts. The liability for these compensated absences is recorded as long-term in the government-wide statement of net position and not reported in the fund level balance sheet because the liability is generally not payable from expendable available financial resources.

CAPITAL ASSETS

In the government-wide statements, capital assets include leasehold improvements and furniture and equipment. Capital assets are defined as personal or real property or improvements with an individual cost of \$750 or more and that is either titled in the School's name or for which the School has the continuing responsibility for maintenance. Such assets are recorded at historical cost and reported net of accumulated depreciation. Donated assets are recorded at acquisition value as of the date received. Other costs incurred for repairs and maintenance are expensed as incurred.

In the fund financial statements, capital assets used in governmental fund operations are accounted as capital outlay expenditures of the governmental fund upon acquisition.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

CAPITAL ASSETS (concluded)

Capital asset depreciation is recognized using the straight-line method over the estimated useful lives as follows:

	Years
Leasehold improvements	3-20
Furniture and equipment	3-5

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make use of estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ significantly from those estimates.

INCOME TAXES

The School is generally exempt from income taxes under section 501 (c) (3) of the Internal Revenue Code and applicable state law. Therefore, no provisions for income taxes have been made in the accompanying financial statements.

The School recognizes the financial statement effects from a tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the School and various positions related to the potential sources of unrelated business taxable income. The assessment of the technical merits of a tax position is a matter of judgment. The School files Form 990 in the U.S. Federal jurisdiction. The School is generally no longer subject to examination by the Internal Revenue Service for years endings before June 30, 2016.

REVENUE SOURCES

Revenues for current operations are received primarily from the District pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33(17), Florida Statutes, the School reports the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. The District receives a 2% administrative fee from the School, which is reflected as a central services expense / expenditure in the accompanying statement of activities and statement of revenues, expenditures and change in fund balance.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont...)

REVENUE SOURCES (concluded)

The School is also eligible for charter school capital outlay funding. The amounts received under this program are based on the School's actual and projected student enrollments during the fiscal year. Funds received under this program may only be used for lawful capital outlay expenditures and, as such, the unspent portion is reflected as restricted net position and fund balance in the accompanying statements of net position and balance sheet - governmental fund, respectively. As of June 30, 2019, the School had no unspent capital outlay funds.

EQUITY CLASSIFICATIONS

Government-wide Statements - The difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources is classified as net position and displayed in three components:

- a) *Investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation.
- b) *Restricted net position* - Consists of net position with constraints placed in its use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c) *Unrestricted net position* - Consists of the net amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

When both restricted and unrestricted net position are available for use, it is the School's policy to use restricted net position first, then unrestricted net position as they are needed.

Fund Statements - The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the School is bound to honor the constraints on the specific purposes for which amounts in those funds can be spent. The following classifications describe the relative strength of the spending constraints:

- a) *Nonspendable* - amounts that are not in spendable form (such as prepaid items and deposits) or are legally required to be maintained intact. The School had no nonspendable fund balance amounts at June 30, 2019.
- b) *Restricted* - amounts constrained to specific purposes by external purposes by external providers or imposed by law through constitutional provisions or by enabling legislation. The School had no restricted fund balance amounts at June 30, 2019.

EQUITY CLASSIFICATIONS (concluded)

- c) *Committed* - amounts constrained to specific purposes by formal action of the School itself, using its highest level of decision-making authority (the School's Board of Directors) through resolution. To be reported as committed, amounts cannot be used for any other purpose unless the School's Board of Directors takes the same highest-level action (a resolution) to remove or change the constraint. The School had no committed fund balance amounts at June 30, 2019.
- d) *Assigned* - amounts the School intends to use for a specific purpose but are neither restricted nor committed. Assignments can be made by the principal or by an official or body which the Board of Directors have delegated the authority. The School reported fund balance assigned for playground improvements at June 30, 2019.
- e) *Unassigned* - includes residual positive fund balance which has not been classified within the other above-mentioned categories.

The details of the fund balances are included in the governmental funds balance sheet. The School uses restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds. The details of the fund balances are included in the governmental fund balance sheet on page 10.

NOTE 2 - BUDGETARY LAW AND PRACTICE

The budget is adopted by the School's Board of Directors on or before July 1 of each year by motion in the minutes. All budget amounts presented in the accompanying supplementary information have been adjusted for legally authorized amendments. The budget for the general fund is prepared on a cash basis which differs from the basis used for financial reporting purposes. For the year ended June 30, 2019, actual expenditures exceeded budgeted appropriations by \$2,617 which was funded by greater than anticipated current year budgetary resources.

NOTE 3 – DEPOSITS AND INVESTMENTS

The School's deposits are insured by the FDIC up to \$250,000 per financial institution.

The captions on the government-wide statement of net position for "cash and cash equivalents" are summarized below.

Cash and cash equivalents:

NOTE 3 – DEPOSITS AND INVESTMENTS (concluded)

The types of investments in which the School may invest are governed by Section 218.415(17), Florida Statutes. The School has not adopted a formal investment policy, nor have they adopted a formal policy to address investment related risks.

The State Board of Administration (SBA) component of cash and cash equivalents is an investment with Florida PRIME, an investment pool administered by the SBA, under the regulatory oversight of the State of Florida. Florida PRIME meets all the necessary criteria to report their investments at amortized cost in accordance with GASB Cod. Sec. In5. As of June 30, 2019, there were no redemption fees, maximum transaction amounts or any other requirements that serve to limit the City's access to one hundred percent of their account value.

There were no investment securities maintained during the year

NOTE 6 - RISK MANAGEMENT

Commercial insurance protection with normal deductibles, including general liability, property and workers compensation, is in place to limit the School's exposure from losses arising from theft, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. There has been no significant reduction in coverages, nor have settlement amounts exceeded the School's coverages during the year ended June 30, 2019 or the previous two years.

In the normal course of conducting operations, the School may become party to various legal actions and proceedings. In the opinion of management, the ultimate resolution of such legal matters will not have a significant adverse effect on financial operations. As of June 30, 2019, management was not aware of any legal actions or proceedings pending against the school.

NOTE 7 - COMMITMENTS AND CONTINGENT LIABILITIES

The School may from time to time participate in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the School has not complied with the rules and regulations governing the grants, refunds of any money received may be required. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

In accordance with Florida Statutes, all property and improvements, furnishings and equipment purchased with public funds provided to the School through the District will automatically revert to full ownership of the District upon the non-renewal or termination of the charter agreement.

NOTE 8 - FACILITY LEASE

Effective December 21, 2012, the School entered into an annual operating lease for administrative and classroom space. The School has continued to lease the facility under annual lease agreements for each year through June 30, 2019. Facility rental expense related to the facility lease for the fiscal year ended June 30, 2019 totaled \$56,472.

Effective June 30, 2019, the School entered into an annual lease agreement for the year ending June 30, 2020. Based upon this agreement, the annual fee for the 2019-2020 school year is \$57,192.

OTHER REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Magnolia Montessori Academy, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Magnolia Montessori Academy, Inc. (the "School") a charter school and component unit of the School District of Polk County, Florida, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School's basic financial statements and have issued our report thereon dated September 9, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Directors
Magnolia Montessori Academy, Inc.

Report on the Financial Statements

We have audited the financial statements of Magnolia Montessori Academy, Inc., (the "School"), a charter school and component unit of the School District of Polk County, Florida, as of and for the fiscal year ended June 30, 2019, and have issued our report thereon dated September 9, 2019.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in this report, which is dated September 9, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

Official Title

Section 10.854(1)(e)5, Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title of the entity is Magnolia Montessori Academy, Inc. of District 53 Polk, School 8005.

Financial Condition and Management

Sections 10.854(1)(e)2 and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit of the financial statements of the School, we determined that the School did not meet any of the specified conditions of a financial emergency described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

MANAGEMENT LETTER
(cont...)

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes except for the items reported in the accompanying schedule of findings and recommendations at finding 2019-01.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit we had one such finding reported in the accompanying schedule of findings and recommendations at finding 2019-02.

Magnolia Montessori Academy, Inc.'s Response to Recommendation

Magnolia Montessori Academy, Inc.'s response to the recommendation identified in our audit is described in the accompanying letter of management's response. Magnolia Montessori Academy's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

**SCHEDULE OF FINDINGS AND RECOMMENDATIONS
FOR THE YEAR ENDED JUNE 30, 2019
MAGNOLIA MONTESSORIT ACADEMY, INC.**

2019-01: Transparency

Condition: During our audit, we noted that the School's website did not report the School's 2017-2018 school grade and the links to the annual budget and audited financial statements were associated with a page that did not contain the annual budgets nor the annual audited financial statements.

Criteria: Section 1002.33(9)(p), Florida Statutes requires the School to maintain a website that enables the public to obtain information regarding the School's academic performance, the names of the governing board members, programs at the School, School grades, minutes of the governing board meetings, the annual budget and the annual audited financial statements.

Cause: During the current year, the School developed a new website and monitoring compliance related to the new website was not adequate.

Effect: Noncompliance with Section 1002.33(9)(p), Florida Statutes.

Recommendation: We recommend management properly design and implement internal controls over compliance regarding information reported on their website.

2019-02: Background Checks

Condition: During our audit, we noted that the School was unable to provide documentation of compliance with the fingerprinting and background screening requirements of the School's charter agreement and Section 1012.32(2)(b), Florida Statutes for three members of the governing board.

Criteria: The School's charter agreement and Section 1012.32(2)(b), Florida Statutes requires instructional and noninstructional personnel who are hired or contracted to fill positions in any charter school and members of the governing board of any charter school to undergo background screening by filing with the district school board for the school district in which the charter school is located a complete set of fingerprints taken by an authorized law enforcement agency or an employee of the school or school district who is trained to take fingerprints.

Cause: Inadequate internal control over compliance with the onboarding of new members of the governing board.

Effect: Noncompliance with the School's charter agreement and Section 1012.32(2)(b), Florida Statutes.

Recommendation: We recommend management properly design and implement internal controls over compliance with fingerprinting and background screenings of staff members and members of the governing board.

2019-02 Background checks

Magnolia has put together a checklist for each new board member that goes with their file and can be used to follow up that all items have been completed.

The management team at Magnolia appreciates the thoroughness of the audit conducted by Brynjulfson's C.P.A and all the input and recommendations.

Sincerely

Tammi Crotteau
