INDEPENDENT AUDITOR'S REPORT

Board of Directors
Manatee School of Arts and Sciences, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the General Fund of Manatee School of Arts and Sciences, Inc. (the "Charter School") (a Charter School and component unit of the School Board of Manatee County) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General Fund of the Charter School as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3–7 and 22–23 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2019, on our consideration of the Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Manatee School of Arts and Sciences, Inc. (the "Charter School"), which is a component unit of the School Board of Manatee County, Florida (the "School Board"), we offer readers of the Charter School's financial statements this narrative overview and analysis of the financial activities of the Charter School for the fiscal year ended June 30, 2019, to: (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the Charter School's financial activities, (c) identify changes in the Charter School's financial position, (d) identify material deviations from the approved budget, and (e) highlight significant issues in individual funds.

Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, it should be considered in conjunction with the Basic Financial Statements found starting on page 8.

Financial Highlights

- The assets of the Charter School exceeded its liabilities at the close of the fiscal year by \$1,340,094 (net position).
- As of the close of the current fiscal year, the Charter School's General Fund reported an ending fund balance of \$295,998.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Charter School's basic financial statements. The Charter School's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the Charter School's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Charter School's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Charter School is improving or deteriorating.

The statement of activities presents information showing how the Charter School's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

MANATEE SCHOOL OF ARTS AND SCIENCES, INC.
(A Charter School and Component Unit of the School Board of Manatee County)

MANAGEMENT’S DISCUSSION AND ANALYSIS

Both of the government-wide financial statements distinguish functions of the Charter School that are principally supported by district, state, and federal funding (governmental activities). Basic instruction, exceptional instruction, and fiscal services are examples of the Charter School's governmental activities.

The government-wide financial statements include all of the assets and liabilities of the Charter School.

The government-wide financial statements can be found on pages 8-9 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Charter School, like state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the operations of the Charter School are presented in governmental funds only.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Charter School maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund which is considered to be a major fund.

The Charter School adopts an annual appropriated budget for its operations. Budgetary comparison statements with required notes have been provided to demonstrate compliance with this budget and can be found on pages 22 and 23 of this report.

The basic governmental fund financial statements can be found on pages 10 - 13 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 14 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of the Charter School's financial position. In the case of the Charter School, assets exceeded liabilities by \$1,340,094 at the close of the most recent fiscal year.

A portion of the Charter School's net position reflects its investment in capital assets (land, buildings, furniture and equipment, and computers), less any related debt used to acquire those assets that is still outstanding. The Charter School uses these capital assets to provide services to students; consequently, these assets are not available for future spending.

Comparison of the condensed statement of net position at June 30 and the statement of activities for 2019 and 2018, are provided below:

The Charter School's net position was as follows:

Governmental activities. Governmental activities increased the Charter School's net position by \$204,500 for the year ended June 30, 2019.

Financial Analysis of the Government's Funds

As noted previously, the Charter School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Charter School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Charter School's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a Charter School's net resources available for spending at the end of the fiscal year.

MANATEE SCHOOL OF ARTS AND SCIENCES, INC.
(A Charter School and Component Unit of the School Board of Manatee County)

MANAGEMENT'S DISCUSSION AND ANALYSIS

The General Fund is the chief operating fund of the Charter School. At the end of the current fiscal year, the unassigned fund balance was \$217,221 in the General Fund.

Capital Asset and Long-Term Debt

Capital assets. The Charter School's investment in capital assets for its governmental activities as of June 30, 2019, amounts to \$1,044,096 (net of accumulated depreciation). This investment in capital assets includes land, buildings, furniture, equipment and computers. Additional information on the Charter School's capital assets can be found in Note C.

Long-term debt. During the 2019 fiscal year, Manatee School of Arts & Sciences, Inc. made a total of \$67,570 in principal and interest payments on the mortgage for the Charter School. As of June 30, 2019, the principal balance of the mortgage was \$294,679. The Charter School continues to pay the mortgage of \$5,198 on monthly basis through an automatic bank debit on the last day of each month.

General Fund Budgetary Highlights

During the year, budget appropriations increased \$59,564 between original and final amended budget for instructional salaries, \$56,000 for anticipated audit and attorney fees, and \$93,800 for repairs and maintenance. Budgeted revenues increased \$238,836 due to additional funding received from the state and the extended day program. Actual expenditures were less than the final appropriations and actual revenues were greater than estimated creating a total positive variance in the amount of \$144,298.

Economic Factors and Next Year's Budget

The State of Florida is projecting an increase in Florida Education Finance Program funding for the next fiscal year of approximately 1%.

Request for Information

This financial report is designed to provide a general overview of Manatee School of Arts and Sciences, Inc.'s finances for all those with an interest in the Charter School's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Manatee School of Arts and Sciences, Inc., 3700 32nd Street West Bradenton, Florida 34205.

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity: Manatee School of Arts and Sciences, Inc. (the “Charter School”) is a not-for-profit corporation that operates an elementary school in Bradenton, Florida. The Corporation was organized pursuant to Chapter 617, *Florida Statutes*, Florida Not-For-Profit Corporation Act. The governing body of the Charter School is a not-for-profit corporation Board of Directors composed of four members.

The general operating authority of the Charter School is contained in Section 1002.33, *Florida Statutes*. The Charter School operates under a charter of the sponsoring school board, the School Board of Manatee County. The current charter is effective until June 30, 2020, and may be renewed by mutual agreement between the Charter School and the School Board. The Manatee School of Arts and Sciences, Inc. is considered a component unit of the School Board of Manatee County.

Criteria for determining if other entities are potential component units which should be reported within the Charter School's basic financial statements are described in GASB Statement No. 14, as amended by GASB Statement No. 39 and No. 61. The application of these criteria provide for identification of any entities for which the Charter School is financially accountable and other organizations for which the nature and significance of their relationship with the Charter School are such that exclusion would cause the Charter School's basic financial statements to be misleading or incomplete. Based on these criteria, no component units are required to be included within the reporting entity of the Charter School.

Basis of Presentation: The basic financial statements of the Charter School have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB has issued a codification of governmental accounting and financial reporting standards. This codification and subsequent GASB pronouncements are recognized as GAAP for state and local governments.

Basic Financial Statements—Government-Wide Statements: The Charter School's basic financial statements include both government-wide (reporting on the Charter School as a whole) and fund financial statements (reporting on the General Fund only). Both the government-wide and fund financial statements present only governmental activities. The Charter School has no business-type activities.

In the government-wide Statement of Net Position, the Charter School's governmental activities are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Charter School's net position is reported in three parts (as applicable); (1) invested in capital assets, net of related debt; (2) restricted net position; and (3) unrestricted net position.

MANATEE SCHOOL OF ARTS AND SCIENCES, INC.
(A Charter School and Component Unit of the School Board of Manatee County)

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The government-wide Statement of Activities reports both the gross and net cost of each of the Charter School's functions. The functions are also supported by general government revenues (funding from the sponsoring school board). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues. Program revenues must be directly associated with the function and include operating-specific and discretionary grants.

The net costs, by function, are normally covered by general revenues from the sponsoring school district.

The government-wide focus is more on the sustainability of the Charter School as an entity and the change in the Charter School's net position resulting from the current year's activities.

Basic Financial Statements–Fund Financial Statements: The individual generic fund type in the Charter School's financial statements is a governmental fund. The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income.

The only governmental fund and major fund utilized by the Charter School is the General Fund. The General Fund is the general operating fund of the Charter School and is used to account for all of its financial resources. This fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures.

Basis of Accounting: Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual: Governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual: The fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for federal, state and other grant resources; revenue is recognized at the time the expenditure is made. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

MANATEE SCHOOL OF ARTS AND SCIENCES, INC.
(A Charter School and Component Unit of the School Board of Manatee County)

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgetary Basis Accounting: Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the function level.

Cash: The Charter School's cash consists of demand deposits with a financial institution which are insured by federal depository insurance. At June 30, 2019, the carrying amount of the Charter School's deposits was \$381,700 and the bank balance was \$395,617, of which \$250,000 was covered by FDIC insurance. The remaining balances are collateralized pursuant to Chapter 280, *Florida Statutes*.

Capital Assets: Capital assets are recorded at cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded at fair market value at the date of donation. The Charter School maintains a capitalization threshold of \$750 for fixed asset additions. Capital assets are recorded in the government-wide financial statements, but are not reported in the fund financial statements. All capital assets are depreciated using the straight-line method over their estimated useful lives. Useful lives are 39 years for buildings and 5 to 15 years for furniture, fixtures and equipment.

Fund Equity: Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance: Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the Charter School is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- *Nonspendable:* Fund balances are reported as nonspendable when amounts cannot be spent because they are either: (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- *Restricted:* Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Charter School or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- *Committed:* Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Directors through the adoption of a resolution. Only the Board of Directors may modify or rescind the commitment.

NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- *Assigned:* Fund balances are reported as assigned when amounts are constrained by the Charter School's intent to be used for specific purposes, but are neither restricted nor committed. Currently there is no one authorized to assign fund balances.
- *Unassigned:* Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The Charter School reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in other funds when applicable.

Flow Assumptions: When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Charter School's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Charter School's policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

Net Position: Net position represent the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net position invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the Charter School has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The Charter School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Revenue Sources: Revenues for current operations are received primarily from the School Board of Manatee County pursuant to the funding provisions included in the Charter School's charter. In accordance with the funding provisions of the charter and Section 1002.33(17), *Florida Statutes*, the Charter School reports the number of full-time equivalent (FTE) students and related data to the School Board. Under the provisions of Section 1011.62, *Florida Statutes*, the School Board reports the number of FTE students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the Charter School is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted FTE students reported by the Charter School during the designated FTE student survey periods.

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Charter School also receives federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Additional revenues are derived from various fundraising activities (which are presented net of related fundraising expenses of \$6,929), contributions and interest earned.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

NOTE A: BUDGETARY INFORMATION

Annual budgets are adopted for the General Fund and may be amended by the Board of Directors (the “Board”). The budgets presented for the fiscal year ended June 30, 2019, have been amended according to Board procedures. Budgets are adopted on the modified accrual basis of accounting. The legal level of budgetary control is the fund level.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Manatee School of Arts and Sciences, Inc.
Bradenton, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the General Fund of Manatee School of the Arts and Sciences, Inc. (the "Charter School") (a Charter School and component unit of the School Board of Manatee County), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Charter School's basic financial statements, and have issued our report thereon dated September 30, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Recommendations as item 2019-001 (prior year finding 2018-001) that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Charter School's Response to Finding

The Charter School's response to the finding identified in our audit is described in the Schedule of Findings and Recommendations. The Charter School's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Board of Directors
Manatee School of Arts and Sciences, Inc.
Bradenton, Florida

Report on the Financial Statements

We have audited the financial statements of Manatee School of Arts and Sciences, Inc. (the "Charter School") (a Charter School and component unit of the School Board of Manatee County) as of and for the fiscal year ended June 30, 2019, and have issued our report thereon dated September 30, 2019.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and the Schedule of Findings and Recommendations. Disclosures in those reports, which are dated September 30, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1, *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions were not taken to address finding 2018-001 Journal Entries, and is included in the current year report as finding 2019-001.

Official Title

Section 10.854(1)(e)5, *Rules of the Auditor General*, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity are Manatee School of Arts and Sciences, Inc.; 2101.

Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), *Rules of the Auditor General*, requires us to apply appropriate procedures and communicate whether or not the Manatee School of Arts and Sciences, Inc. has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and to identify the specific condition(s) met. In connection with our audit, we determined that the Manatee School of Arts & Sciences, Inc. did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), *Rules of the Auditor General*, we applied financial condition assessment procedures for the Manatee School of Arts and Sciences, Inc. It is management's responsibility to monitor the Charter School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether the Charter School maintains on its Web site the information specified in Section 1002.33(9)(p), *Florida Statutes*. In connection with our audit, we determined that the Charter School maintained on its Web site the information specified in Section 1002.33(9)(p), *Florida Statutes*.

Additional Matters

Section 10.854(1)(e)4., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Board of Directors, applicable management, and the School District of Manatee County and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS

2019 – 001 Journal Entries

Criteria: Internal controls should be in place to ensure that financial statements properly present the financial position and results of operations of the Charter School in accordance with generally accepted accounting principles (GAAP) and that all of the Charter School's transactions are properly reported in the proper period.

Condition: Misstatements were detected in our audit of the Charter School's financial statements for the fiscal year ended June 30, 2019.

Cause: During our audit for the year ended June 30, 2019, four adjustments were required for the fair presentation of the financial statements. One was to correct items purchased that were incorrectly recorded as an expense rather than a capital asset, and the others were to adjust net assets, accounts receivables and accrued liabilities.

Recommendation: During the year management and the Board switched accountants to address the prior year finding for the significant amount of journal entries. This year the number of entries was reduced from ten to four. We recommend the Charter School continue this transition and review applicable reporting requirements at year-end to ensure that financial statements are properly adjusted and all information and financial data is being properly reported.

Management's Response: Manatee School of Arts and Sciences, Inc. accepts the finding of the audit and will continue to make improvements. We will continue to work closely with our Accountant to reduced and eliminate any errors. We are very pleased with the improvements made thus far.
