## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Mavericks High School at Palm Springs  
Palm Springs, Florida

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of Mavericks High School at Palm Springs (the "School"), a division of NorthStar Academies, Inc., as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School, as of June 30, 2019, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of Matter

As discussed in Note 1, the financial statements of the School are intended to present the financial position and change in financial position of only that portion of the governmental activities and each major fund of NorthStar Academies, Inc. that is attributable to the transactions of the School. They do not purport to, and do not, present fairly the financial position of NorthStar Academies, Inc. as of June 30, 2019 and the changes in its financial position or budgetary comparisons, where applicable, for the year ended June 30, 2019 in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 and budgetary comparisons for the General Fund and Special Revenue Fund on pages 20 and 21, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2019, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

KEEFE McCULLOUGH

Fort Lauderdale, Florida  
September 23, 2019

# MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Mavericks High School at Palm Springs' (the "School") financial performance provides an overview of the School's financial activities for the years ended June 30, 2019 and 2018. Please read it in conjunction with the School's financial statements, which immediately follow this discussion.

### **Financial Highlights**

The following are the highlights of financial activity for the year ended June 30, 2019:

- The School's total assets exceeded its liabilities at June 30, 2019 by \$ 1,347,847 (net position).
- The School's total revenues were \$ 3,279,756, \$ 3,000,420 from FTE revenues, \$ 224,544 from operating grants and contributions and \$ 54,792 from miscellaneous revenues. The School's expenses for the year were \$ 3,165,354. Net position for the year increased by \$ 114,402.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains other required supplementary information in addition to the basic financial statements.

#### **Government-wide financial statements:**

The government-wide financial statements, which consist of the following two statements, are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business:

- The statement of net position presents information on all the School's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.
- The statement of activities presents information showing how the School's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by grants and entitlements from the state for full-time equivalent funding. The School does not have any business-type activities. The governmental activities of the School primarily include instruction and instructional support services.

The government-wide financial statements can be found on pages 7 and 8 of this report.

**Fund financial statements:**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School only has one category of funds - governmental funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the year. Such information may be useful in evaluating the School's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

The School maintains several individual governmental funds. The General Fund and Special Revenue Fund are considered to be the School's major funds.

A budgetary comparison statement has been provided for the General Fund and Special Revenue Fund to demonstrate compliance with the budgets.

The governmental fund financial statements can be found on pages 9 through 12 of this report.

**Notes to basic financial statements:**

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 13 through 19 of this report.

**Other information:**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the School's General Fund and Special Revenue Fund adopted budgets to actual results. Required supplementary information can be found on pages 20 and 21 of this report.

**Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of financial position. The following table reflects the condensed government-wide statements of net position as of June 30, 2019 and 2018:

Mavericks High School at Palm Springs Statements of Net Position		
	2019	2018
<b>Current Assets</b>	\$ 1,320,755	\$ 1,048,435
<b>Noncurrent Assets</b>	75,311	238,478
Total assets	1,396,066	1,286,913
<b>Liabilities</b>	48,219	53,468
<b>Net Position:</b>		
Net investment in capital assets	62,257	80,422
Unrestricted	1,285,590	1,153,023
Total net position	\$ 1,347,847	\$ 1,233,445

A portion of the School's net position reflect its investment in capital assets, less any related outstanding debt used to acquire those assets. The School uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the School's investment in its capital assets is reported net of related debt (if any), it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Resources that are subject to external restrictions on how they may be used are classified as restricted assets. As of June 30, 2019 and 2018, the School had no restricted assets.

As reflected below, the net position is showing a change of \$ 114,402 for the year ended June 30, 2019 and change of \$ (115,302) for the year ended June 30, 2018 as summarized in the following table:

Mavericks High School at Palm Springs Statements of Changes in Net Position For the Years Ended June 30, 2019 and 2018		
	2019	2018
<b>Revenues:</b>		
General revenues	\$ 3,055,212	\$ 2,775,823
Program revenues	224,544	287,901
Total revenues	3,279,756	3,063,724
<b>Expenses:</b>		
Instruction	805,786	772,586
Instructional support services	1,576,215	1,434,960
Operation of non-instructional services	783,353	971,480
Total expenses	3,165,354	3,179,026
Change in net position	\$ 114,402	\$ (115,302)

## **Financial Analysis of the School's Funds**

As noted earlier, the School uses fund accounting to maintain control over resources that have been segregated for specific activities or objectives. The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, unreserved fund balance, if any, may serve as a useful measure of the School's net resources available for spending at the end of the fiscal year.

## **General Fund Budgetary Highlights**

The 2018-2019 budget was amended at the end of the fiscal year to agree with the actual results of operations.

## **Capital Assets and Debt Administration**

**Capital assets:** The School's investment in capital assets at June 30, 2019 amounted to \$ 62,257 net of accumulated depreciation, compared to \$ 80,422 at June 30, 2018. This investment in capital assets is composed of furniture and equipment and leasehold improvements. A more detailed analysis is provided in Note 6 to the financial statements.

**Long-term debt:** At June 30, 2019 and 2018, the School had no outstanding debt.

## **Economic Factors for 2019-2020**

Total funding for capital outlay is expected to increase slightly in the next year, in addition to increases in regular FFEP revenues. Given the student count remains consistent, the overall effect will be a small increase in revenues.

## **Requests for Information**

This financial report is designed to provide a general overview of Mavericks High School at Palm Springs' finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to EdisonLearning, Inc.; One Broward Boulevard, Suite 1111, Fort Lauderdale, FL 33301.

# BASIC FINANCIAL STATEMENTS

**Mavericks High School at Palm Springs**  
**Statement of Net Position**  
**June 30, 2019**

**Mavericks High School at Palm Springs  
Reconciliation of the Balance Sheet - Governmental Funds  
to the Statement of Net Position  
June 30, 2019**

---

**Reconciliation of the Balance Sheet - Governmental  
Funds to the Statement of Net Position:**

Governmental fund balances: \$ 1,285,590

Amounts reported for governmental activities in the  
statement of net position are different because:

Capital assets used in governmental activities  
are not financial resources and therefore are  
not reported in the governmental funds.

Cost of capital assets	\$ 998,511	
Accumulated depreciation	<u>(936,254)</u>	<u>62,257</u>

**Net Position of Governmental Activities** \$ 1,347,847

The accompanying notes to basic financial statements are an integral part of these statements.

**Mavericks High School at Palm Springs  
Statement of Revenues, Expenditures and  
Changes in Fund Balances - Governmental Funds  
For the Year Ended June 30, 2019**

	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Capital Projects Fund</u>	<u>Total</u>
<b>Revenues:</b>				
Federal sources	\$ -	\$ 15,726	\$ -	\$ 15,726
State sources	3,000,420	-	208,818	3,209,238
Local sources	54,792	-	-	54,792
	<u>3,055,212</u>	<u>15,726</u>	<u>208,818</u>	<u>3,279,756</u>
<b>Expenditures:</b>				
Current:				
Instruction	790,060	15,726	-	805,786
Instructional support services	207,490	-	-	207,490
Student transportation services	49,700	-	-	49,700
Fiscal services	783,353	-	-	783,353
Plant operations and maintenance	774,569	-	208,818	983,387
Administrative services	265,588	-	-	265,588
Capital outlay:				
Equipment and improvements	51,885	-	-	51,885
	<u>2,922,645</u>	<u>15,726</u>	<u>208,818</u>	<u>3,147,189</u>
Net change in fund balances	132,567	-	-	132,567
<b>Fund Balances, July 1, 2018</b>	<u>1,153,023</u>	<u>-</u>	<u>-</u>	<u>1,153,023</u>
<b>Fund Balances, June 30, 2019</b>	<u>\$ 1,285,590</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,285,590</u>

The accompanying notes to basic financial statements are an integral part of these statements.

**Mavericks High School at Palm Springs  
 Reconciliation of the Statement of Revenues, Expenditures and  
 Changes in Fund Balances - Governmental Funds  
 to the Statement of Activities  
 For the Year Ended June 30, 2019**

---

**Net Change in Fund Balances - Governmental Funds** \$ 132,567

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures; in the statement of activities these costs are allocated over their estimated useful lives as a provision for depreciation.

Expenditures for capital assets	\$ 51,885	
Provision for depreciation	<u>(70,050)</u>	<u>(18,165)</u>

**Change in Net Position on the Statement of Activities** \$ 114,402

The accompanying notes to basic financial statements are an integral part of these statements.

### **Note 1 - Organization and Operations**

Mavericks High School at Palm Springs (the "School"), is a division of NorthStar Academies, Inc. (the "Entity"). The School commenced operations in July 2011 and offers classes for high school students in Palm Beach County, Florida. An average of approximately 429 students were enrolled in classes for the school year ended in June 2019.

During the year, the School was approved by the District to change the name of the School. Commencing in the 2019-2020 school year, the School will be named Palm Beach Preparatory Charter Academy.

The basic financial statements of the School present only the balances, activity and disclosures related to the School. They do not purport to, and do not, present fairly the financial position of NorthStar Academies, Inc. as of June 30, 2019, and the changes in its financial position or budgetary comparisons, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Note 2 - Summary of Significant Accounting Policies**

**Reporting entity:** The School operates under a charter granted by the sponsoring school district, the School Board of Palm Beach County, Florida (the "School Board"). The charter is effective until June 30, 2021. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter in which case the School Board is required to notify the School in writing at least ninety days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown.

**Component units:** The School may also be financially accountable if an organization is fiscally dependent on the School regardless of whether the organization has a separately elected governing board, a governing board appointed by another government, or a jointly approved board. In addition, component units can be other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. As a result of evaluating the above criteria, management has determined that no component units exist for which the School is financially accountable which would require inclusion in the School's financial statements.

**Basis of presentation:** Based on the guidance presented in the American Institute of Certified Public Accountants Audit and Accounting Guide – Not-for-Profit Organizations and provisions of Section 228.056(9), Florida Statutes, the School is presented as a governmental organization for financial statement reporting purposes.

**Government-wide financial statements:** Government-wide financial statements, including the statement of net position and the statement of activities, present information about the School as a whole.

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the School's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School.

**Note 2 - Summary of Significant Accounting Policies (continued)**

**Fund financial statements:** Fund financial statements report detailed information about the School in the governmental funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

The School reports the following major governmental funds:

- **General Fund** – This fund is used to account for all operating activities of the School except for those required to be accounted for in another fund.
- **Special Revenue Fund** – This fund is used to account for federal grants that are legally restricted to expenditures for particular purposes.
- **Capital Projects Fund** – This fund is used to account for state capital outlay funding that is legally restricted to expenditures for particular purposes.

**Net position:** Net position is classified in three categories. The general meaning of each is as follows:

- Net investment in capital assets - represents the difference between the cost of capital assets, less accumulated depreciation reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets (if any).
- Restricted net position - consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- Unrestricted - indicates that portion of net position that will need to be funded by future operations.

**Fund balance:** The School has implemented the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement provides more clearly defined fund balance classifications to report on the nature and extent to which the school is bound to have constraints on the specific purposes for which amounts in those funds can be spent.

The following classifications describe the relative strength of the spending constraints:

- Nonspendable fund balance – consists of amounts that are not in spendable form and of net position that are legally or contractually required to be maintained intact.
- Restricted fund balance – consists of amounts with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- Committed fund balance – consists of amounts that can be used for specific purposes pursuant to constraints imposed by the government itself, using its highest level of decision making authority.
- Assigned fund balance – consists of amounts that are constrained by the government's intended use of resources but are neither restricted or committed.

**Note 2 - Summary of Significant Accounting Policies (continued)**

- Unassigned – consists of net resources in excess of what can be properly classified in one of the above categories.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, the School considers restricted funds to have been spent first. When expenditures are incurred for which committed, assigned, or unassigned fund balances are available, the School considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless the School's governing body or its delegated official or body has provided otherwise in its commitment or assignment actions. The details of the fund balances are included in the Balance Sheet – Governmental Funds on page 9.

**Measurement focus and basis of accounting:** The basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied. Governmental funds use the current financial resources measurement focus and the government-wide statement uses the economic resources measurement focus.

Governmental activity in the government-wide financial statements is presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The governmental fund financial statements are presented on the modified accrual basis of accounting under which revenue is recognized in the accounting period in which it becomes susceptible to accrual (i.e., when it becomes both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the current period is defined as sixty days.

**Cash and cash equivalents:** The School maintains its cash accounts with two financial institutions. The School's accounts at these institutions, at times, may exceed the federally insured limit. The School has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk.

**Prepaid items:** Certain payments to vendors reflect costs applicable to future accounting period and are recorded as prepaid items.

**Due to and due from other funds:** Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. The balances result from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

**Capital assets:** Capital assets purchased or acquired are capitalized at historical cost or estimated historical cost. Capital assets are defined by the School as assets with a cost of \$ 1,000 or more and a useful life of over one year. Donated capital assets are valued at their estimated fair market value as of the date received. Additions, improvements, and other expenditures that significantly extend the useful life of an asset are capitalized and depreciated over the remaining useful lives of the related capital assets. Other costs for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the capital assets estimated useful lives as follows:

Furniture and equipment	3-5 years
Leasehold improvements	5 years

## Note 2 - Summary of Significant Accounting Policies (continued)

**Compensated absences:** The School's policy allows employees to carry over unused vacation time during the year. Unused sick leave benefits are not paid upon separation from service. No liability for compensated absences was recorded for the year ending June 30, 2019.

**Unearned revenue:** Unearned revenue arises when the School receives resources before it has legal claim to them.

**Deferred outflows/inflows of resources:** In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

**Revenue recognition:** Student funding is provided by the State of Florida through the District. Such funding is recorded as entitlement revenue in the government-wide financial statements and state source revenue in the fund financial statements and is net of a 5% administration fee, for the first 250 students, retained by the District. This funding is received on a pro rata basis over a twelve-month period and is adjusted for changes in full-time equivalent (FTE) student population.

**Grant and contract revenue:** Grant and contract revenue is recognized when the allowable costs, as defined by the individual grant or contract, are incurred.

**Use of estimates:** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**Date of management review:** Subsequent events were evaluated by management through September 23, 2019, which is the date the financial statements were available for issuance.

## Note 3 - Cash and Cash Equivalents

At June 30, 2019, the carrying amount of the deposits and cash on hand totaled \$ 776,271, with a bank balance of \$ 784,451.

State statutes require, and it is the School's policy, that all deposits be made into, and be held by, financial institutions designated by the Treasurer of the State of Florida as "qualified public depositories" as defined by Chapter 280 of the Florida Statutes. This Statute requires that every qualified public depository institution maintain eligible collateral to secure the public entity's funds. The minimum collateral to be pledged by an institution, the collateral eligible for pledge, and the reporting requirements of the qualified public depositor to the Treasurer is defined by statute. Collateral is pooled in a multiple qualified public depository institution pool with the ability to assess members of the pool should need arise. The School's deposits are held in a qualified public depository and are covered by the collateral pool because the School has identified itself as a public entity.

**Note 4 - Budgets**

The School formally adopted budgets for the General, Special Revenue and Capital Projects Fund by function for the year ended June 30, 2019. The budgets have been prepared in accordance with accounting principles generally accepted in the United States of America. A comparison of actual results of operations to the budgeted amounts for the General Fund and Special Revenue Fund are presented as required supplementary information.

**Note 5 - Due from Government Agencies**

Due from government agencies at June 30, 2019 consists of amounts due from the District for capital outlay.

**Note 6 - Due from Other**

Due from other at June 30, 2019 represents amounts due from NorthStar Academies, Inc. for fees paid by the School on behalf of the company.

**Note 7 - Capital Assets**

A summary of changes in governmental capital assets is as follows:

	Balance at July 1, 2018	Additions	Retirements	Balance at June 30, 2019
Capital assets, depreciable:				
Furniture and equipment	\$ 688,091	\$ 22,920	\$ -	\$ 711,011
Leasehold improvements	<u>258,535</u>	<u>28,965</u>	<u>-</u>	<u>287,500</u>
Total capital assets, depreciable	<u>946,626</u>	<u>51,885</u>	<u>-</u>	<u>998,511</u>
Accumulated depreciation:				
Furniture and equipment	628,393	55,146	-	683,539
Leasehold improvements	<u>237,811</u>	<u>14,904</u>	<u>-</u>	<u>252,715</u>
Total accumulated depreciation	<u>866,204</u>	<u>70,050</u>	<u>-</u>	<u>936,254</u>
Net capital assets	\$ <u><u>80,422</u></u>	\$ <u><u>(18,165)</u></u>	\$ <u><u>-</u></u>	\$ <u><u>62,257</u></u>

The provision for depreciation for the year ended June 30, 2018 amounted to \$ 70,050. The School allocated 79% of the depreciation to instructional support services and 21% to the operation of the facility.

As part of the School's charter contract, all capital assets purchased with public funds will automatically revert to the District upon the non-renewal or termination of this contract.

**Note 8 - Contingencies and Commitments**

**Grant agreements:** The School received financial assistance from Federal and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and may be subject to audit by the grantor agencies. In accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the Florida Single Audit Act, the School is not required to conduct “single audits” since the required threshold for federal awards and both state financial assistance is currently \$ 750,000 and the School did not exceed either threshold.

**Lease commitment:** The School entered into an operating lease with School Property Development, LLC, for the rental of its facility with monthly payments of approximately \$ 31,100 through June 30, 2026. The lease contains no renewal options. Total expense in connection with the facility lease amounted to \$ 364,100 for the year ended June 30, 2019.

Future lease payments are approximately as follows:

<u>Year Ending June 30,</u>		
2020	\$	373,400
2021	\$	373,400
2022	\$	373,400
2023	\$	373,400
2024	\$	373,400
Thereafter	\$	746,800

**Management Agreement:** The School operates under a management agreement with Edison Learning, Inc. (“Edison”), which is a third-party education service provider. The contract provided for assisting the School in the performance of various administrative, operating, and financial duties and providing operating equipment. The management agreement’s term was for five academic school years beginning with the 2011-2012 fiscal year or concurrent with the Charter with the School Board of Palm Beach County, Florida. The agreement provided for an additional five-year term or such periods that are consistent with the Charter contract term. In exchange for the aforementioned services, the Board of Directors of the School agreed on a fee annually contained in their budget. For the year ended June 30, 2019, management fee expense totaled approximately \$ 695,900. At June 30, 2019, the School had an amount due from Edison amounting to \$ 520,793, which represents advanced monies for School expenses including certain amounts for financing as described in Note 11. The advanced monies will be settled in full upon closing of the funding.

**Post-retirement benefits:** The School offers the opportunity to participate in its defined contribution 401(k) plan to eligible employees. The School did not make a contribution to the plan for the year ended June 30, 2019.

**Note 9 - Income Taxes**

The School is a division of a nonprofit corporation that qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

**Note 10 - Risk Financing**

The School is exposed to various risks of loss related to torts, thefts of, damage to, and destruction of assets and natural disasters. The School has obtained property insurance from commercial companies including, but not limited to, general liability and errors and omissions insurance. There have been no claims in excess of insurance coverage limits during the current year.

**Note 13 - Subsequent Event**

On August 13, 2019, the Governing Board of the Entity, which governs the operations of the School, Andrews High School, Sunrise High School, Chambers High School, and C.G. Bethel High School (collectively, the "NorthStar Schools"), approved a project that would permit the Entity to finance or refinance, including through reimbursement, the acquisition, equipping, furnishing, renovation and/or improvement of certain of the NorthStar Schools, (collectively, the "Facilities") and certain "Leased Facilities" currently occupied. The Entity will fund the project by entering into a Loan Agreement (the "Loan Agreement"), dated as of September 1, 2019, pursuant to which Capital Trust Agency (the "Issuer") will loan to the Entity the proceeds of the Series 2019 Bonds issued in the amount of \$ 45,360,000.

## OTHER AUDITOR'S REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER  
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
Mavericks High School at Palm Springs  
Palm Springs, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Mavericks High School at Palm Springs (the "School"), a division of NorthStar Academies, Inc., as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated September 23, 2019.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

## INDEPENDENT AUDITOR'S REPORT TO THE BOARD OF DIRECTORS

To the Board of Directors  
Mavericks High School at Palm Springs  
Palm Springs, Florida

### Report on the Financial Statements

We have audited the financial statements of Mavericks High School at Palm Springs (the "School"), a division of NorthStar Academies, Inc., as of and for the year ended June 30, 2019, and have issued our report thereon dated September 23, 2019.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

### Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated September 23, 2019, should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

### Official Title

Section 10.854(1)(e)5, Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and school code assigned by the Florida Department of Education of the entity is Mavericks High School at Palm Springs and 503971.

### Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, requires us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

### **Transparency**

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

### **Additional Matters**

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

### **Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
