INDEPENDENT AUDITOR'S REPORT

Board of Directors
Bridgeprep Academy of Greater Miami Charter School
Miami, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and each major fund, and the aggregate remaining fund information of Bridgeprep Academy of Greater Miami Charter School (the "School"), a charter school under Bridgeprep Academy, Inc. as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School, as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

As described in Note 1, the accompanying financial statements referred to above present only the financial position of Bridgeprep Academy of Greater Miami Charter School as of June 30, 2020, and the respective changes in financial position for the year then ended, and it is not intended to be a complete presentation of Bridgeprep Academy, Inc. These financial statements do not purport to and do not present fairly the financial position of Bridgeprep Academy, Inc. as of June 30, 2020 and its changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 9 and budgetary comparison information on pages 24 through 26 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 14, 2020, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Management's Discussion and Analysis
Bridgeprep Academy of Greater Miami Charter School
June 30, 2020

The corporate officers of Bridgeprep Academy of Greater Miami Charter School (the "School") have prepared this narrative overview and analysis of the School's financial activities for the fiscal year ended June 30, 2020.

FINANCIAL HIGHLIGHTS

1. The assets of the School exceeded its liabilities at June 30, 2020 by \$971,508 and at year-end, had current assets of \$1,157,521.
2. The School had an decrease in net position of \$43,681 during the current fiscal year of operations.
3. The School had an decrease in fund balance during the fiscal year of \$16,434, and had a combined ending fund balance of \$967,602 at June 30, 2020.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the School's basic financial statements. The School's financial statements for the year ended June 30, 2020, are presented in accordance with GASB Codification Section 2200. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the School's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. The difference is reported as *net position*. Over time, increases or decreases in net position may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The *Statement of Activities* presents information on how the School's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event resulting in the change occurs, without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 10-11 of this report.

Fund Financial Statements

A "fund" is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School, like other state and local governments, uses fund accounting to ensure and report compliance with finance-related legal requirements.

All of the funds of the School are governmental funds. *Governmental Funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.

Governmental Fund financial statements, however, focus on *near-term* inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for near-term financing.

Prior to the start of the School's fiscal year, the Board of the School adopts an annual budget for all of its governmental funds. A budgetary comparison statement has been provided for the School's governmental funds to demonstrate compliance with the School's budget. The basic governmental fund financial statements can be found on pages 12-15 of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to basic financial statements can be found on pages 16-23 of this report.

ACCOMPLISHMENTS

During 2019-2020, the School served nearly 445 Students at the Greater Miami. The schools has sustained this average enrollment for several years and has approximately 442 students attending for 2020-2021 school year.

The School implemented an extensive instructional support program in order to improve the School's academic position. The School received an overall grade of "C" for the 2018-2019 school year. Unfortunately, due to COVID 19 the campus was not able to assess the state assessment (FSA) and demonstrate their academic improvements. The school qualified for Title I additional funding, which will allow the campus to invest additional instructional dollars to enhance their population and accomplish a better instructional performance grade. The School continues to service its community in the Downtown Miami area and was renewed for 5 additional years with Miami-Dade County Public Schools.

The School's Board has approved additional curriculum support staff, which will continue to provide support to all campuses in the following areas: Financial Compliance, Reading and Language Arts Support, Mathematics Support, and Administrative support. These efforts have been accomplished as the facility was accredited during the school year. This status allows the campus to receive additional monies towards Capital Outlay expenses allowing the facility to use its FEFP towards staff support.

SCHOOL LOCATION

The School operates in the Miami area located at 137 NE 19th Street, Miami, FL 33132.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the School's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the School's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the School's governmental funds reported a combined ending fund balance of \$967,602 and an decrease in fund balance of \$16,434.

CAPITAL ASSETS

The School's investment in capital assets, net of related debt, as of June 30, 2020, amounts to \$37,192 (net of accumulated depreciation). This investment in capital assets includes leasehold improvements, fixtures, furniture and equipment, audio visual materials, and computer software. The School maintains a continuous capital improvements program to enhance facilities and update fixtures and equipment as required.

GOVERNMENTAL FUND BUDGET ANALYSIS

Prior to the start of the School’s fiscal year, the Board of the School adopted an annual budget. A budgetary comparison statement has been provided for the governmental funds to demonstrate compliance with the School’s budget.

NOTE 1 – ORGANIZATION AND OPERATIONS

Reporting Entity

Bridgeprep Academy of Greater Miami Charter School, (the “School”) is a charter school sponsored by the School Board of Miami-Dade County, Florida (the “District”). The School’s charter is held by Bridgeprep Academy, Inc. a not-for-profit corporation, organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. The governing body of the School is the Board of Directors, which is comprised of four members and has determined that no component unit exists that would require inclusion in the School’s financial statements.

The general operating authority of Bridgeprep Academy of Greater Miami Charter School (the “School”) is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the District School Board of Miami-Dade County, Florida (the “School Board”). The current charter is effective until June 30, 2020. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter, in which case the School Board is required to notify the School in writing at least 90 days prior to the School’s expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. The charter may be renewed for up to an additional 10 years by mutual agreement.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Based on the guidance provided in the American Institute of Certified Public Accountants Audit and Accounting Guide – Audits per State and Local Governments and provisions of Florida Statutes, the School is presented as a governmental organization for financial statement reporting purpose under standards set by The Governmental Accounting Standards Board (“GASB”).

Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information for the School as a whole. Both statements report only governmental activities, as the School does not engage in any business type activities. These statements do not include fiduciary funds.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, (2) operating grants and contributions which finance annual operating activities, and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. Other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures. Major individual governmental funds, namely, the general, special revenue, and capital project funds are reported as separate columns in the fund financial statements:

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

General Fund – is the School’s primary operating fund. It accounts for all financial resources not accounted for and reported in another fund.

Capital Projects Fund – used to account for financial resources used for the acquisition or construction of major capital facilities and for the proceeds and related expenditures of charter school capital outlay funding.

Special Revenue Fund – used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service and capital projects.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of Bridgeprep of Greater Miami Charter School, (the “School”) are prepared in accordance with generally accepted accounting principles (GAAP). The School’s reporting entity applies all relevant Governmental Accounting Standards Board (GASB) *Codification of Accounting and Financial Reporting Guidelines*.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Revenues from non-exchange transactions are reported according to Governmental Accounting Standards Board (GASB) Codification Section 1600.111 and Section N50 “*Accounting and Financial Reporting for Non-Exchange Transactions*”. On the accrual basis, revenues from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Measurable means the amount of the transaction can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 90 days of the end of the fiscal year. Florida Education Finance Program (FEFP) revenues are recognized when received. A one-year availability period is used for revenue recognition for all other governmental fund revenues. When grant terms provide that the expenditure of funds is the prime factor for determining eligibility for federal, state, and other grant funds, revenue is recognized at the time the expenditure is made. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

Budgetary Basis Accounting

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g., salaries, purchased services, and capital outlay). Any revisions to the annual budget are approved by the School Board.

Cash and Cash Equivalents

The School’s cash is considered to be cash on hand and demand deposits, with original maturities of three months or less.

Accounts Receivable

Accounts receivable consists of after-school care fees pending to be collected. Any bad debts are expensed in the subsequent period when they are determined to be uncollectible.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Due from Governmental Agencies

Due from other agency consists of amounts due from other governmental units for revenues from federal, federal through state, state, or other sources.

Capital Assets, Depreciation and Amortization

Capital assets purchased or acquired are carried at historical cost or estimated historical cost. The School capitalization levels are \$1,000 on tangible personal property. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the costs and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

Furniture and equipment	5 Years
Computer equipment and software	7 Years
Building and improvements	39 Years

Compensated Absences

The School grants a specific number of days of sick/personal leave. Full-time employees are eligible for one day per month to up to ten days of active work during the ten-month period (a “benefit year”). In the event that available time is not used by the end of the benefit year, employees may “rollover” all unused days for use in future benefit years. There is an opportunity to “cash out” unused sick days, however, the employees may only cash out if they have used three days or less of their sick leave in that benefit year. Employees may not cash out more than ten days per school year and are required to always maintain a minimum of twenty-one unused days. The cash value is eighty percent of their current daily rate. There is no termination payment for accumulated unused sick days.

GASB Codification Section C60, *Accounting for Compensated Absences*, provides that compensated absences that are contingent on a specific event that is outside the control of the employer and employee should be accounted for in the period those events take place. Accordingly, these financial statements do not include an accrual for compensated absences available to be used in future benefit years.

The School also provides certain days to be used for specific personal matters such as family death and jury duty. Because the use of such days is contingent upon those events taking place and such events are out of the control of both the employer and the employee, there is no accrual for such days.

Government-wide Fund Net Assets

Government-wide fund net assets are divided into three components:

- Net investment in capital assets – consists of the historical cost capital assets less accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition or improvement of those assets plus deferred outflows of resources less deferred inflows of resources. The net investment in capital assets for the year ending June 30, 2020 was \$3,906.
- Restricted net assets – consists of net assets with constraints placed on their use, either by external groups such as creditors, grantors or contributors, or laws and regulations of other governments less related liabilities and deferred inflows of resources. The restricted net position for the year ending June 30, 2020 was \$0.
- Unrestricted – all other net position is reported in this category.

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

- Nonspendable – fund balance associated with inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned). At June 30, 2020, the School had \$63,429 in nonspendable fund balance.
- Restricted – fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. At June 30, 2020, there is restricted fund balance of \$0.
- Committed – fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School’s Board of Directors. At June 30, 2020, there is no committed fund balance.
- Assigned – fund balance classification are intended to be used by the School’s management for specific purposes but do not meet the criteria to be classified as restricted or committed. At June 30, 2020, there is no assigned fund balance.
- Unassigned – fund balance is the residual classification for the School’s general fund and includes all spendable amounts not contained in the other classifications.

Order of Fund Balance Spending Policy

The School’s policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance at the end of the fiscal year by adjusting journal entries. First, non-spendable fund balances are determined. Then, restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then, any remaining fund balance amounts for the non-general funds are classified as restricted fund balance. It is possible for the non-general funds to have negative unassigned fund balance when non-spendable amounts plus the restricted fund balances for specific purposes amounts exceed the positive fund balance for the non-general fund. As of June 30, 2020, there are no minimum fund balance requirements for any of the School’s funds.

Revenue Sources

Revenues for operations will be received primarily from the District School Board of Miami-Dade County (the “School Board”) pursuant to the funding provisions included in the School’s charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the School Board. Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. In addition, the School receives an annual allocation of charter school capital outlay funds for leasing of School facilities.

The School may also receive federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenues until expensed. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

Income Taxes

The School is a division of a nonprofit corporation, Bridgeprep Academy, Inc., which qualifies as a tax exempt organization under the Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The School has evaluated subsequent events and transactions for potential recognition or disclosure through September 14, 2020, which is the date the financial statements were available to be issued.

NOTE 4 – EDUCATION SERVICE AND SUPPORT PROVIDER

The School entered into an agreement with S.M.A.R.T. Management LLC to provide professional management and consulting services to the School. In its capacity as the management company, S.M.A.R.T. Management LLC manages the finances and operations and makes recommendations to the School’s independent board of directors which make the final determinations regarding policies and contracts.

In providing management services to the School, officers of the S.M.A.R.T. Management LLC may not serve as members of the Board of Directors of the School. The agreement began on July 1, 2010, and is effective through June 30, 2020. The contract calls for a management fee equal to 10% of full time equivalent (FTE) revenues based on the total number of full time equivalents. In addition, the School pays \$1,000 a month for the management of the After Care program. During the year ended June 30, 2020, the School incurred management fees of \$349,933. At June 30, 2020, the School had no amounts owed to S.M.A.R.T. Management LLC.

NOTE 5 – COMMITMENTS AND CONTINGENCIES

The School entered into a lease agreement in January 2011 to lease facilities. The first payment commenced on September 1, 2011, and requires monthly lease payments of approximately \$36,800 for the fiscal year ended June 30, 2020, and with annual base rent increases of the greater of 5% or CPI for the year. The term of this agreement ends August 31, 2026 and has two 5 year renewal periods.

In June 2014, the School entered into an agreement to lease additional facilities. The lease commenced August 1, 2014 through July 31, 2026, and requires monthly minimum lease payments of \$11,603 with an additional \$1,160 monthly for each student at the facility in excess of 120.

For the year ended June 30, 2020, the amount paid by the School for the use of these facilities and services was \$560,527. Future minimum payments are as follows:

<u>Year Ended June 30,</u>	
2021	\$ 513,600
2022	529,008
2023	544,878
2024	561,224

2031-2035	3,664,552
2036	800,172
Total	<u>\$ 10,352,570</u>

NOTE 6 – CAPITAL LEASE OBLIGATIONS

The School leases equipment under capital leases expiring February 2021. As of June 30, 2020, the leased equipment is recorded at a cost of \$78,940 and related accumulated depreciation of \$48,710. The leases require monthly payments of principal and interest totaling \$1,965 at an interest rate of 10.46% per annum.

The following is a summary of changes in long-term debt for the year ended June 30, 2020:

	Balance July 1, 2019	Additions	Payments/Transfers	Balance June 30, 2020
Obligations under capital lease	\$ 30,423	\$ 27,315	\$ (24,452)	\$ 33,286

NOTE 7 – DEPOSITS POLICY AND CREDIT RISK

It is the School's policy to maintain its cash and cash equivalents in one financial institution. As of June 30, 2020, the School's deposits consisted of cash balances \$1,112,976. Deposits at FDIC-insured financial institutions are insured up to \$250,000 per depositor, per financial institution. The School is a charter school under Bridgeprep Academy, Inc., which also operates various other charter schools. All bank accounts are opened under the account ownership of Bridgeprep Academy, Inc., therefore, bank balances at times may potentially be in excess of FDIC coverage. As of June 30, 2020, bank balances in potential excess of FDIC coverage was \$1,112,976.

NOTE 8 – GRANTS

In the normal course of operations, the School receives grant funds from various federal, state and local agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement, which may arise as the result of these audits, is not reflected in these financial statements.

NOTE 9 – RISK MANAGEMENT

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions, and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage in the past. In addition, there were no reductions in insurance coverage from those in the prior year. The School does not sponsor a public entity risk pool and has had no settlements that have exceeded their insurance coverage.

NOTE 10 – DEFINED CONTRIBUTION RETIREMENT PLAN

The School’s personnel, which are leased through ADP TotalSource Group, Inc., are eligible to participate in a defined contribution 401(k) plan sponsored by their payroll company, ADP TotalSource Group, Inc., covering employees who meet certain age and tenure requirements. Beginning in the 2015-2016 school year, under the ADP TotalSource Retirement Savings Plan (the “Plan”), the School provides a match of 25% of the employee’s contribution up to 4% of the employee’s compensation. The School made \$2,172 in contributions to the Plan for the year ended June 30, 2020.

NOTE 11 – SUBSEQUENT EVENTS

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a “Public Health Emergency of International Concern,” which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the School, its performance, and its financial results.

NOTE A – BUDGETARY INFORMATION

Budgetary basis of accounting

The School's annual budget is adopted for the entire operations at the combined governmental level and may be amended by the Board. The budget presented for the year ended June 30, 2020, has been amended according to Board procedures. During the fiscal year, expenditures were controlled at the fund level.

Although budgets are adopted for the entire operation, budgetary comparisons have been presented for the general, special revenue, and capital project funds for which a legally adopted budget exists.

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g., salaries, purchased services, and capital outlay).

INDEPENDENT AUDITOR’S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors of
Bridgeprep Academy of Greater Miami Charter School
Miami, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Bridgeprep Academy of Greater Miami Charter School (the “School”), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School’s basic financial statements, and have issued our report thereon dated September 14, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School’s internal control. Accordingly, we do not express an opinion on the effectiveness of the School’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Directors of
Bridgeprep Academy of Greater Miami Charter School
Miami, Florida

Report on the Financial Statements

We have audited the financial statements of Bridgeprep Academy of Greater Miami Charter School (the “School”), as of and for the fiscal year ended June 30, 2020, and have issued our report thereon dated September 14, 2020.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards. Disclosures in that report, which is dated September 14, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding audit report

The official title of the entity and the school code assigned by the Florida Department of Education of the school is Bridgeprep of Greater Miami Charter School and #132013.

Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. The financial condition assessment procedures applied in connection with our audit, has lead us to believe that the School's overall financial condition as of June 30, 2020 is not deteriorating.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.
