INDEPENDENT AUDITORS' REPORT

Board of Directors
Jacksonville Classical Academy, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and the discretely presented component unit of Jacksonville Classical Academy, Inc. (the "Academy"), as of and for the year ended June 30, 2020, and the related notes to financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and the discretely presented component unit of the Jacksonville Classical Academy, Inc. as of June 30, 2020, and the respective changes in financial position, for the year ended June 30, 2020 in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only Jacksonville Classical Academy, Inc. and do not purport to, and do not present the financial position of Duval County District School Board as of June 30, 2020, the changes in their financial position, or, where applicable, their cash flows and respective budgetary comparison for the major funds for the year ended June 30, 2020 then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison – general fund on pages 4 through 8 and page 31, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2021, on our consideration of the Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

Jacksonville Classical Academy, Inc. Management's Discussion and Analysis

Management's discussion and analysis provides an easily readable analysis of Jacksonville Classical Academy, Inc.'s (Academy's) financial activities. The analysis provides summary financial information for the Academy and should be read in conjunction with the Academy's financial statements.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Academy's basic financial statements. The Academy's basic financial statements are comprised of three components: 1) *government-wide financial statements*, 2) *fund financial statements*, and 3) *notes to financial statements*. The *government-wide financial statements* present an overall picture of the Academy's financial position and results of operations. The *fund financial statements* present financial information for the Academy's major funds. The *notes to financial statements* provide additional information concerning the Academy's finances that may not otherwise be disclosed in the government-wide or fund financial statements.

Government-wide Financial Statements

The *government-wide financial statements* include the *statement of net position* and the *statement of activities*. These statements are designed to provide readers with a broad overview of the Academy's financial position in a manner similar to that of private-sector companies. Emphasis is placed on the net position of governmental activities as well as the change in net position. Governmental activities are the activities where the Academy's programs and services are reported including, but not limited to, instruction, operation and maintenance of plants and facilities, pupil transportation, extracurricular activities, capital outlay, debt service, and other support services. The Academy does not have any business-type activities.

The *statement of net position* presents information on all assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the Academy, with the difference between them reported as *net position*. Increases or decreases in net position over time may serve as a useful indicator of the Academy's improving or declining financial position.

Jacksonville Classical Academy, Inc. Management's Discussion and Analysis

The *statement of activities* presents information on all revenues and expenses of the Academy and the change in net position for the fiscal year. Changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement of activities for some items that will result in cash flows in future fiscal periods.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific purposes or objectives. Individual funds have been established by the Academy to account for revenues that are restricted to certain uses or to comply with legal requirements. The major category of funds in the Academy's *fund financial statements* includes: governmental funds.

Fund financial statements provide financial information for the Academy's major fund and more detailed information about the Academy's activities along with detailed information about the preschools. Governmental fund financial statements provide information on the *current* assets and liabilities of the fund, changes in *current* financial resources (revenues and expenditures), and *current* available resources.

Fund financial statements for the governmental fund includes a balance sheet and a statement of revenues, expenditures and changes in fund balance. The Academy's general fund also includes a statement of revenues and expenditures - budget and actual.

The *government-wide financial statements* and the *fund financial statements* provide different presentations of the Academy's financial position. Categorized by governmental activities and component units, the government-wide financial statements provide an overall picture of the Academy's financial standing. The government-wide financial statements, which are comparable to private-sector companies, provide a good understanding of the Academy's overall financial health and present the means used to pay for various activities, or functions provided by the Academy. All assets and deferred outflows of resources of the Academy, including buildings and land are reported in the statement of net position, as well as all liabilities and deferred inflows of resources, including outstanding principal on bonds and other long-term debt. The statement of activities includes depreciation on all long-lived assets of the Academy. The *fund financial statements* provide a presentation of the Academy's major fund. In the case of the governmental fund, outlays for long-lived assets are reported as expenditures and long-term liabilities, such as revenue bonds, are included as other financing sources in the fund financial statements in the year the liabilities are incurred. To facilitate a comparison between the *fund financial statements* and the *government-wide financial statements*, a reconciliation is provided.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the Academy. Additional information about the accounting practices of the Academy, investments of the Academy, and long-term debt are just a few of the items included in the notes to financial statements.

Jacksonville Classical Academy, Inc. Management's Discussion and Analysis

Financial Analysis of the Academy

The Academy commenced construction of its school facility during the year ended June 30, 2020. As such, no prior year financial activity existed.

The following schedule provides a summary of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position of the Academy.

<i>June 30, 2020</i>	Jacksonville Classical Academy, Inc. (Primary Government)	Jacksonville Support Corporation (Component Unit)
Assets		
Current assets	\$ 11,656,719	\$ 2,960,437
Non-current assets	767,594	18,813,235
Total assets	12,424,313	21,773,672
Liabilities		
Current liabilities	1,020,353	1,985,820
Non-current liabilities	13,970,557	15,760,000
Total liabilities	14,990,910	17,745,820
Net position	\$ (2,566,597)	\$ 4,027,852

The following schedule provides a summary of the changes in net position.

<i>Year ended June 30, 2020</i>	Jacksonville Classical Academy, Inc. (Primary Government)	Jacksonville Support Corporation (Component Unit)
Program revenues - capital grants and contributions	\$ 2,085,871	\$ -
Expenses		
School administration	(472,118)	-
Debt service	(182,914)	-
Other	(51,068)	-
Total expenses	(706,100)	-
General revenues	81,484	-
Transfers	(4,027,852)	4,027,852
Change in net position	\$ (2,566,597)	\$ 4,027,852

Jacksonville Classical Academy, Inc. Management's Discussion and Analysis

Financial Analysis of the Academy's Funds

Governmental Funds

General Fund

The main operating fund of the Academy is the general fund. As of June 30, 2020, total assets were \$11,656,719 and total liabilities were \$1,020,353. At the end of fiscal year 2020, fund balance of the general fund was \$10,636,366.

Analysis of General Fund Budget Variations

For the year ended June 30, 2020, the general fund expenditures exceeded the final budget by \$24,629 mainly due to unexpected costs associated with COVID-19 and the construction of new facilities. Revenues, including other financing sources, exceeded the final budget by \$8,294,179 mainly due to differences in the anticipated debt proceeds received and capital outlay incurred.

Capital Assets Activity

The following schedule provides a summary of the Academy's capital assets.

<i>June 30, 2020</i>	Jacksonville Classical Academy, Inc. (Primary Government)	Jacksonville Support Corporation (Component Unit)
Land	\$ -	\$ 1,712,513
Equipment	765,763	-
Textbooks	10,021	-
Construction in progress	-	17,100,722
Accumulated depreciation	(8,190)	-
Capital assets, net of accumulated depreciation	\$ 767,594	\$ 18,813,235

Debt Management

The following schedule provides a summary of the Academy's long-term debt:

<i>June 30, 2020</i>	Jacksonville Classical Academy, Inc. (Primary Government)	Jacksonville Support Corporation (Component Unit)
Notes payable	\$ 13,970,557	\$ 15,760,000

Jacksonville Classical Academy, Inc. Management's Discussion and Analysis

Economic Factors and Next Year's Budget

During the year ended June 30, 2021, construction of the facility will be completed and operations will begin. Budgeted activities for fiscal 2021 anticipate the following:

- Student enrollment of 879
- Annual revenues of \$6,961,377
- Payroll of \$4,156,344
- No further capital outlay
- Annual debt service of \$1,220,004 based on a fixed interest rate of 7% amortized over 35 years

Contacting the Academy's Finance Department

This financial report is designed to provide a general overview of Jacksonville Classical Academy, Inc.'s finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Jacksonville Classical Academy's Finance Department, 2043 Forest Street, Jacksonville, Florida 32204. You may visit the Academy's website at <http://www.jaxclassical.org>.

Jacksonville Classical Academy, Inc.
Reconciliation of the Governmental Fund
Statement of Revenues, Expenditures and
Changes in Fund Balance to the Statement of Activities
Year ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds	\$ 10,636,366
--	---------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of depreciation expense in the current period.

	(8,190)
--	---------

Capital outlay, reported as expenditures in governmental funds are shown as capital assets in the statements of net position

	775,784
--	---------

Governmental funds report debt proceeds as revenues. However, in the statement of activities, proceeds from debt are not reported. This is the amount of proceeds from debt received in the current period.

	(13,970,557)
--	--------------

Change in net position of governmental activities	\$ (2,566,597)
--	-----------------------

The accompanying notes are an integral part of these financial statements.

Jacksonville Classical Academy, Inc. Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Jacksonville Classical Academy, Inc. was organized in August 2018 as a Florida nonprofit corporation. The Academy was granted a charter from the Duval County District School Board (District) to operate a public school, grades kindergarten through 6th within the District. The Charter expires in 2026. The District has the option to renew the charter or to terminate them upon expiration, or before its expiration date, based on circumstances defined in the agreement.

Reporting Entity

These financial statements include only the balances and activity of Jacksonville Classical Academy, Inc. and its component unit entities for which the Academy is considered to be financially accountable or for which the nature and significance of the relationship with the primary government are such that their exclusion would cause the Academy's financial statements to be misleading or incomplete. They are not intended to be a complete presentation of the financial position or the changes in financial position of Duval County District School Board in conformity with accounting principles generally accepted in the United States of America (GAAP). The accounting policies of the schools conform to GAAP, as applicable to charter schools in the State of Florida.

The accounting policies of the Academy conform to generally accepted accounting principles (GAAP) as applied to governmental units. The more significant accounting policies used by the Academy are described below.

In evaluating the Academy as a reporting entity, management has considered all potential component units in accordance with Section 2100: *Defining the Financial Reporting Entity* of the Governmental Accounting Standards Board (GASB) Codification.

Discretely Presented Component unit – Jacksonville Support Corporation, Inc.

The Jacksonville Support Corporation, Inc. (the "Corporation"), was formed as an educational support organization to operate at all times exclusively for the benefit of, to perform the functions of, and/or to carry out the purposes of the Academy. The Corporation is operated solely for the benefit of the Academy. The Corporation is presented as a governmental fund type with a fiscal year end of June 30. Due to the nature and significance of the Corporation's relationship with the Academy, exclusion of the Corporation's financial operations would render the Academy's financial statements incomplete or misleading. The Corporation is disclosed using the discrete presentation method to emphasize that it is a legally separate entity from the Academy.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from

Jacksonville Classical Academy, Inc. Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide and Fund Financial Statements (continued)

business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the general fund which is the only governmental fund. The Academy does not have any proprietary funds or fiduciary funds.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants, contributions, and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues (other than grants) to be available if they are collected within 60 days of the end of the current fiscal period. The Academy considers grants available if collected within one year after year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt is reported as other financing sources.

Jacksonville Classical Academy, Inc. Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Intergovernmental revenues (except grants) and interest are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within one year of year-end). All other revenue items are considered to be measurable and available only when cash is received by the Academy.

Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for the governmental fund.

As discussed earlier, the Academy has one discretely presented component unit shown in a separate column in the government-wide financial statements.

Fund Financial Statements

The fund financial statements provide information about the Academy's funds. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented when applicable. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The Academy reports the following major governmental fund:

The *general fund* is the Academy's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

Budgetary Basis of Accounting

An operating budget is adopted and maintained by the governing board of the Academy pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in the preparation of the fund financial statements.

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgetary Basis of Accounting (continued)

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

Cash and Cash Equivalents

The Academy's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term highly liquid investments with maturities of three months or less from the date of acquisition.

Receivables

Allowance for doubtful accounts – Receivables have been reported net of the allowance for doubtful accounts. There was no allowance for uncollectible amounts considered necessary at June 30, 2020.

Restricted Assets

Certain assets of the Academy are classified as restricted assets on the statement of net position and governmental fund balance sheet because their use is limited by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors, grantors, contributors or laws or regulations of other governments. Special restricted asset accounts have to account for the sources and uses of these limited use assets.

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. athletic fields and outside structures), are reported in the governmental activities column in the government-wide financial statements. Capital assets, are typically defined by the Academy as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of two years.

The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government are depreciated using the straight-line method generally over the following estimated useful lives:

Buildings	40	Years
Furniture, fixtures and equipment	5 - 10	Years
Textbooks	7	Years

Accrued Vacation and Sick Leave

The Academy's policy is to grant paid absences for vacation and sick leave. Employees are encouraged to use vacation time in the benefit period in which it is earned. The Academy does not compensate employees for any unused vacation and sick leave.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position.

Categories and Classification of Fund Equity

Net position flow assumption – Sometimes the Academy will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Academy's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Categories and Classification of Fund Equity (continued)

Fund balance flow assumptions – Sometimes the Academy will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Academy's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies – Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The Academy itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, specifies the following classifications:

Nonspendable fund balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the Academy's highest level of decision-making authority, which is the Board of Directors. Once a commitment is made, the limitation imposed remains in place until a similar action is taken to remove or revise the limitation.

Assigned fund balance – Amounts in the assigned fund balance classification are intended to be used by the Academy for specific purposes but do not meet the criteria to be classified as committed. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned fund balance – Unassigned fund balance is the residual classification for the general fund.

Jacksonville Classical Academy, Inc. Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenues and Expenditures/Expenses

During the current year, the Academy received support to obtain real property and secure financing related to the construction of a facility to conduct school operations. Beginning in fiscal year ended June 30, 2021, revenues for current operations will be received primarily from the State of Florida through the District pursuant to the funding provisions included in the Academy's charter. In accordance with the funding provisions of the charter and Section 1002.33(17), Florida Statutes, the Academy reports the number of full-time equivalent students and related data to the District.

Under provisions of Section 1011.62, Florida Statutes, the District reports the number of full-time equivalent students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program (FEFP). Funding for the Academy is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent (FTE) students reported by the Academy during designated full-time equivalent student survey periods. The Department may also adjust subsequent fiscal period allocations based upon an audit of the Academy's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The basic amount of funding through the FEFP under Section 1011.62 will be the product of the (1) unweighted FTE, multiplied by (2) the cost factor for each program, multiplied by (3) the base student allocation established by the legislature. Additional funds for exceptional students who do not have a matrix of services will be provided through the guaranteed allocation designated in Section 1011.62(1)(e)2., Florida Statutes.

FEFP funding may also be adjusted as a result of subsequent FTE audits conducted by the Florida Auditor General pursuant to Section 1010.305, Florida Statutes and Rule 6A-1.0453, Florida Administrative Code (FAC). Companies are required to maintain the following documentation for three years or until the completion of an FTE audit:

- Attendance and membership documentation (Rule 6A-1.044 FAC)
- Teacher certificates and other certification documentation (Rule 6A-1.0503 FAC)
- Documentation for instructors teaching out-of-field (Rule 6A-1.0503 FAC)
- Procedural safeguards for weighted programs (Rule 6A-6.03411 FAC)
- Evaluation and planning documents for weighted programs (Section 1010.305, Florida Statutes, and Rule 6A-6.03411, FAC)

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditure of monies are recorded as reservations of budget, is employed as an extension of the statutory required budgetary process. At year-end, outstanding encumbrances represent material purchase commitments for goods and services which were ordered, budgeted, and appropriated, but had not been received or completed at date. Although encumbrances lapse at year-end, it is the intention to substantially honor these encumbrances under authority provided in the subsequent year's budget.

Income Taxes

The Academy and Corporation are exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in these financial statements. The Academy and Corporation have no unrelated business income for the year ended June 30, 2020.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through June 21, 2021, the date that the financial statements were available to be issued. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Recently Issued and Implemented Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following statements that will become effective in future years.

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. This Statement seeks to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. GASB 84 was initially expected to be effective for the fiscal years beginning after December 15, 2018. However, during fiscal year 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which postponed the effective date of this statement to fiscal years beginning after December 15, 2019.

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued and Implemented Accounting Pronouncements (continued)

In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement were postponed by GASB Statement No. 95 to be effective for reporting periods beginning after June 15, 2021.

In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. The requirements of this Statement were postponed by GASB Statement No. 95 and are effective for reporting periods beginning after December 15, 2020.

In May 2020, GASB issued Statement No. 96, *Subscription-based Information Technology Arrangements (SBITA)*. The objectives of this Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

The Academy is evaluating the requirements of the above statements and the impact on reporting.

Note 2: RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The following is an explanation of differences between the general fund balance sheet and statement of net position.

The total fund balance of the Academy's general fund of \$10,636,366 on the governmental funds balance sheet differs from the net position of governmental activities (\$2,566,597) reported in the statement of net position. This difference results primarily from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental funds balance sheet. Details of this difference are as follows on the next page:

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 2: RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS
(Continued)

Capital Related Items

When capital assets that are to be used in governmental activities are purchased or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the statement of net position includes those capital assets of the Academy.

Cost of capital assets	\$	775,784
Accumulated depreciation		(8,190)
Capital assets, net of accumulated depreciation	\$	767,594

Long-term Debt

Long-term liabilities applicable to the Academy's governmental activities are not reported as fund liabilities. All liabilities are reported in the statement of net position.

Notes payable	\$	13,970,557
Total long-term liabilities	\$	13,970,557

The following is an explanation of differences between the governmental funds statement of revenues, expenditures and changes in fund balance and the government-wide statement of activities.

The statement of activities and governmental fund revenues, expenditures and changes in fund balance includes a reconciliation between net change in fund balance - total governmental funds and change in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation is governmental funds report capital outlays as expenditures. However, in the statement of activities the costs of these assets are allocated over their estimated useful lives and reported as depreciation expense.

The details of this difference is as follows:

Capital outlay	\$	775,784
Depreciation expense		(8,190)
Net adjustment to increase net change in fund balance - total governmental funds to arrive at change in net position of governmental activities	\$	767,594

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 2: RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS
(Continued)

Another element of that reconciliation is the issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, the statement of net position reports interest accrued on long-term debt, whereas only the current interest expense is reported in the general fund. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The details of this difference are as follows:

<u>Debt proceeds</u>	<u>\$ (13,970,557)</u>
Net adjustment to increase net change in fund balance - total governmental funds to arrive at change in net position of governmental activities	<u>\$ (13,970,557)</u>

Note 3: DETAILED NOTES ON ALL FUNDS

Deposits

Up to \$250,000 of the Academy’s bank balances per bank are covered by federal depository insurance (FDIC). Monies invested in amounts greater than the FDIC coverage are secured by the qualified public depositories pledging securities with the State Treasurer in such amounts required by the Florida Security for Public Depositories Act. In the event of a default or insolvency of a qualified public depositor, the State Treasurer will implement procedures for payment of losses according to the validated claims of the Academy pursuant to Section 280.08, Florida Statutes.

The Academy does not have an investment policy. Florida Statutes, Section 218.415, authorizes the Academy to invest surplus funds in the following:

- The Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, as provided in Section 163.01
- Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency
- Interest bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02
- Direct obligations of the U.S. Treasury

Custodial credit risk – Custodial credit risk for deposits is the risk in the event of the failure of a depository financial institution a government may not be able to recover deposits. Monies placed on deposit with financial institutions in the form of demand deposits, time deposits or certificate of deposits are defined as public deposits. The financial institutions in which the Academy places its deposits are certified as “qualified public depositories,” as required under the Florida Security for Public Deposits Act.

Jacksonville Classical Academy, Inc.

Note 3: DETAILED NOTES ON ALL FUNDS (Continued)

Restricted Cash

At June 30, 2020, the Academy had \$513,175 in restricted cash for sinking fund and reserve requirements related to their outstanding debt.

Capital Assets

Capital assets balances and activity for the year ended June 30, 2020 are as follows:

	Balance, July 1, 2019	Additions	Deletions	Balance, June 30, 2020
<i>Primary government:</i>				
Capital assets				
Equipment	\$ -	\$ 765,763	\$ -	\$ 765,763
Textbooks	-	10,021	-	10,021
Total capital assets	-	775,784	-	775,784
Less accumulated depreciation				
Equipment	-	(8,190)	-	(8,190)
Textbooks	-	-	-	-
Total accumulated depreciation	-	(8,190)	-	(8,190)
Capital assets, net of accumulated depreciation	\$ -	\$ 767,594	\$ -	\$ 767,594

	Balance, July 1, 2019	Additions	Deletions	Balance, June 30, 2020
<i>Component unit:</i>				
Capital assets				
Land	\$ -	\$ 1,712,513	\$ -	\$ 1,712,513
Construction in progress	-	17,100,722	-	17,100,722
Total capital assets	-	18,813,235	-	18,813,235
Total accumulated depreciation	-	-	-	-
Capital assets, net of accumulated depreciation	\$ -	\$ 18,813,235	\$ -	\$ 18,813,235

Depreciation expense of \$8,190 was charged to governmental activities. Depreciation expense was not allocated to specific functions as their capital assets essentially serve all functions.

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 3: DETAILED NOTES ON ALL FUNDS (Continued)

Long-term Debt and Liabilities

On December 18, 2019, the Academy obtained debt financing with Truist Bank. The maximum principal amount is \$15,209,081. Interest-only payments are due monthly at 2.84% and adjusted at one month LIBOR plus 1.10%. The note payable is secured by the construction in progress (balance of \$19,063,709 at June 30, 2020). The principal amount is due in full on December 18, 2026. Management intends to refinance the debt upon maturity. The principal amount outstanding at June 30, 2020 is \$11,970,557.

On December 19, 2019, the Academy obtained debt financing with Vestcor Family Foundation. The maximum principal amount is \$2,500,000. No interest payments are due. Principal is due at maturity of December 31, 2026. The note is unsecured and subordinate to the debt financed with Truist Bank. The principal amount outstanding at June 30, 2020 is \$2,000,000.

On December 18, 2019, the Academy entered into a New Market Tax Credit (NMTC) financing transaction to provide the funding to acquire real estate and develop a charter school in Jacksonville, Florida. As part of the transaction, the Academy made a loan of \$11,180,000 to the Jacksonville Investment Fund, LLC (the Fund). The loan is due December 1, 2043 and carries an interest rate of 1.315%.

In conjunction with the Academy's loan, SunTrust Community Capital, LLC contributed \$6,240,000 to the Fund. SunTrust Community Capital, LLC received NMTC's in return for its investment in the Fund. The Fund used the collective proceeds to fund two Community Development Entities (CDEs), ST CDE LXVII, LLC and Civic Builders Sub-CDE 12, LLC.

The Corporation entered into an \$11,760,000 and \$4,000,000 loan with ST CDE LXVII, LLC and Civic Builders Sub-CDE 12, LLC, respectively. Each loan consists of two tranches, Loan A and Loan B, both of which have an interest rate of 1.00%, simple interest, and mature on December 1, 2049.

Long-term debt balances and activity for the year ended June 30, 2020 are as follows:

	Balance, July 1, 2019		Additions		Deletions	Balance, June 30, 2020
<i>Primary government:</i>						
Long-term debt	\$ -	\$	13,970,557	\$	-	\$ 13,970,557
<i>Component unit:</i>						
Long-term debt	\$ -	\$	15,760,000	\$	-	\$ 15,760,000

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 3: DETAILED NOTES ON ALL FUNDS (Continued)

Future debt service requirements on the notes payable at June 30, 2020 are as follows:

<i>For the years ending June 30,</i>	Principal	Interest	Total
<i>Primary government:</i>			
2021	\$ -	\$ 344,756	\$ 344,756
2022	176,843	344,756	521,599

2031 - 2035	3,384,157	615,007	3,999,164
2036 - 2040	3,557,225	441,941	3,999,166
2041 - 2045	3,739,143	260,022	3,999,165
2046 - 2049	3,128,531	70,801	3,199,332
Total	\$ 15,760,000	\$ 2,939,524	\$ 18,699,524

Fund Balance and Net Position Restrictions

The statement of net position reports a restricted net position of \$513,175 at June 30, 2020.

Restricted debt service – This restriction was established in conjunction with the issuance of debt and funded by initial deposits from the proceeds of such debt and by transfers from operating funds into sinking funds. The amount restricted for debt service for net position is \$513,175 at June 30, 2020.

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 3: DETAILED NOTES ON ALL FUNDS (Continued)

Net Investment in Capital Assets

The elements of net investment in capital assets as of June 30, 2020 are as follows:

<i>June 30, 2020</i>	Primary Government	Component Unit
Capital assets (net of depreciation)	\$ 767,594	\$ 18,813,235
Less long-term liabilities for notes payable (limited to capital asset balance)	767,594	15,760,000
Net investment in capital assets	\$ -	\$ 3,053,235

Note 4: RISK MANAGEMENT

The Academy is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. There have been no claims in excess of insurance coverage limits during the past three years.

The Academy maintains commercial insurance coverage for workers' compensation through its relationship with a Professional Employer Organization (PEO). The Academy purchases separate commercial insurance coverage for liability and property damage. Coverage for workers' compensation and automobile claims are limited to the maximum liability exposure the Academy faces under Florida statutes. Coverage for general liability claims is a maximum of \$1,000,000 and coverage for umbrella liability claims is a maximum of \$5,000,000.

The commercial insurance carried is a claims incurred policy for which the Academy is covered for claims originating against the Academy during the policy period. The amount of coverage is dependent on the date of the liability-imposing event. The Academy has maintained continuous coverage and does not believe it has any exposure to events which occurred prior to the year ended June 30, 2020.

Note 5: COMMITMENTS AND CONTINGENCIES

During the ordinary course of its operation, the Academy is party to various claims, legal actions, and complaints. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the Academy, the liabilities which may arise from such actions would not result in losses which would exceed the liability insurance limits in effect at the time the claim arose or otherwise materially affect the financial condition of the Academy or results of activities.

Jacksonville Classical Academy, Inc.
Notes to Financial Statements

Note 5: COMMITMENTS AND CONTINGENCIES (Continued)

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal and state governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund(s). The amount, if any, of expenditures from current or prior years which may be disallowed by the grantor cannot be determined at this time although the Academy expects such amounts not recorded, if any, to be immaterial.

The Academy has active construction projects as of June 30, 2020. At year-end, the Academy's commitments with contractors are as follows:

	Total Contract Commitment	Remaining Commitment as of June 30, 2020
Summit Construction - Facilities Construction	\$ 11,261,829	\$ 1,292,751
Total	\$ 11,261,829	\$ 1,292,751

Note 6: RETIREMENT PLAN

The Academy participates in a multi-employer retirement plan offered by its PEO. All full-time employees of the Academy are able to contribute to the plan. The Academy matches employee contributions to the plan at 100% up to 4.5% of the employee's base salary. Retirement expense was \$1,179 for the year ended June 30, 2020.

Note 7: UNCERTAINTIES

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant impact on the operations of the Academy. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors
Jacksonville Classical Academy, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Jacksonville Classical Academy, Inc., (the Academy) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Jacksonville Classical Academy, Inc.'s basic financial statements, and have issued our report thereon dated June 21, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Academy's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**MANAGEMENT LETTER AND
INTERNAL CONTROL RECOMMENDATIONS**

Management Letter as Required by Section 218.39(4) Florida Statutes

To the Board of Directors of
Jacksonville Classical Academy, Inc.

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Jacksonville Classical Academy, Inc. (the "Academy"), as of and for the year ended June 30, 2020, and have issued our report thereon dated June 21, 2021.

AUDITORS' RESPONSIBILITY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

OTHER REPORTING REQUIREMENTS

We have issued our Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated June 21, 2021, should be considered in conjunction with this management letter.

PRIOR AUDIT FINDINGS

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations in the preceding annual financial audit report.

OFFICIAL TITLE

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title of the entity is Jacksonville Classical Academy, Inc.

FINANCIAL CONDITION AND MANAGEMENT

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the Academy has met one or more of the condition(s) described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Academy did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Management Letter as Required by Section 218.39(4) Florida Statutes (Continued)

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the Academy. It is management's responsibility to monitor the Academy's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. The financial condition assessment was done as of the fiscal year-end.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

TRANSPARENCY

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the Academy maintains on its website the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the Academy maintained on its website the information specified in Section 1002.33(9)(p), Florida Statutes.

ADDITIONAL MATTERS

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

PURPOSE OF THIS LETTER

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Board of Directors, applicable management, and the District School Board of Duval County, Florida and is not intended to be, and should not be, used by anyone other than these specified parties.

Internal Control Findings

The Board of Directors and Management of
Jacksonville Classical Academy, Inc.

In planning and performing our audit of the financial statements of the governmental activities, the discretely presented component unit and fund information of Jacksonville Classical Academy, Inc. as of and for the year ended June 30, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Jacksonville Classical Academy, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Jacksonville Classical Academy, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Jacksonville Classical Academy, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management, Board of Directors, others within Jacksonville Classical Academy, Inc., and is not intended to be, and should not be, used by anyone other than these specified parties.
