INDEPENDENT AUDITOR'S REPORT

Board of Directors
Olympus International Academy
Boca Raton, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Olympus International Academy (the "School") a charter school under Olympus International Academy, Inc. as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the School, as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 8 and budgetary comparison information on pages 24 through 25 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 8, 2020, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Management’s Discussion and Analysis
Olympus International Academy
June 30, 2020

The corporate officers of Olympus International Academy (the “School”) have prepared this narrative overview and analysis of the School’s financial activities for the fiscal year ended June 30, 2020, the School’s first year of operations.

FINANCIAL HIGHLIGHTS

1. At year-end, the School had current assets of \$155,127.
2. At year-end, the School’s reported a total fund balance of \$28,918.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the School’s basic financial statements. The School’s financial statements for the year ended June 30, 2020 are presented in accordance with GASB Codification Section 2200. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *Government-Wide Financial Statements* are designed to provide readers with a broad overview of the School’s finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the School’s assets and liabilities. The difference between the two is reported as *net position*. Over time, increases or decreases in net position may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The *Statement of Activities* presents information on how the School’s net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event resulting in the change occurs, without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 9 – 10 of this report.

Fund Financial Statements

A “fund” is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School, like other state and local governments, uses fund accounting to ensure and report compliance with finance-related legal requirements. All of the funds of the School are governmental funds. *Governmental Funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.

Governmental Fund financial statements, however, focus on *near-term* inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for near-term financing.

Prior to the start of the School's fiscal year, the Board of the School adopts an annual budget for all of its governmental funds, if applicable. A budgetary comparison statement has been provided for the School's governmental funds to demonstrate compliance with the School's budget. The basic governmental fund financial statements can be found on pages 11 - 14 of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 15 - 23 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, over time net position may serve as a useful indicator of the School's financial position. A summary of the School's net position as of June 30, 2020:

SCHOOL LOCATION

The School operates in the Palm Beach area located at 8411 W. Palmetto Park Rd., Boca Raton, FL 33433.

CAPITAL IMPROVEMENT REQUIREMENT

The School maintains a continuous capital improvements program to enhance facilities and update fixtures and equipment as required.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the School's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the School's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

For the year ended June 30, 2020, the School's governmental funds reported a deficit in its net change in fund balance of \$126,934 and reported a combined fund balance at year-end of \$28,918.

CAPITAL ASSETS

The School's investment in capital assets, as of June 30, 2020, amounts to \$136,438 (net of accumulated depreciation). This investment in capital assets includes improvements, furniture, fixtures and equipment.

LINE OF CREDIT

The School entered into a line of credit agreement of up to \$50,000. Interest is payable monthly from the date of each advance at a rate of 2% per annum. If advances are paid within forty-five business days from the advance date, the advance shall bear an interest rate of 0%. The balance owed on the line of credit at June 30, 2020 totaled \$30,000.

LONG-TERM DEBT

In June 2019, the School entered into an agreement to lease facilities. Under the terms of the agreement, the landlord loaned the School a total of \$250,000, consisting of \$150,000 to purchase fixtures, furnishing and equipment and \$100,000 to be used for the purpose of marketing and promotion of the School. During the year ended June 30, 2020, the School received loan proceeds of \$161,000 pursuant to the Paycheck Protection Program. Balances on loans payable totaled \$342,780 at June 30, 2020.

REQUESTS FOR INFORMATION

This financial report is intended to provide a general overview of the finances of the School. Requests for additional information may be addressed to Ms. Nancy Swenson, Principal, at 8411 W. Palmetto Park Rd., Boca Raton, FL 33433.

GOVERNMENTAL FUND BUDGET ANALYSIS

Prior to the start of the School's fiscal year, the Board of the School adopted an annual budget. A budgetary comparison statement has been provided for the governmental funds to demonstrate compliance with the School's budget.

NOTE 1 – ORGANIZATION AND OPERATIONS

Reporting Entity

Olympus International Academy (the “School”) is a charter school sponsored by the School Board of Palm Beach County, Florida (the “District”). The School’s charter is held by Olympus International Academy, Inc., a not-for-profit corporation, organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33 Florida Statutes. The School is governed by a Board of Directors composed of three members.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School recently renewed their charter for a term of five years beginning August 1, 2018 through July 31, 2023. The charter may be renewed as provided in Section 1002.33 or 1002.331, Florida Statutes, upon mutual consent between the School and the District and execution of a written renewal. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter, in which case the District is required to notify the School in writing at least ninety days prior to the charter's expiration. The School contract provides in the event the School is dissolved or terminated, any unencumbered funds and all School property purchased with public funds revert to the District. During the term of the charter, the District may also terminate the charter if good cause is shown.

These financial statements are for the year ended June 30, 2020, the School’s first year of operations, when approximately 190 students were enrolled in grades Kindergarten through 8th grade.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Based on the guidance provided in the American Institute of Certified Public Accountants Audit and Accounting Guide – Audits per State and Local Governments and provisions of Florida Statutes, the School is presented as a governmental organization for financial statement reporting purposes under standards set by the Governmental Accounting Standards Board (“GASB”).

Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information for the School as a whole. Both statements report only governmental activities as the School does not engage in any business type activities. These statements do not include fiduciary funds.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, (2) operating grants and contributions which finance annual operating activities, and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. Other revenue sources not properly included with program revenues are reported as general revenues.

**OLYMPUS INTERNATIONAL ACADEMY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2020**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide and Fund Financial Statements (Continued)

Fund Financial Statements

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures. Major individual governmental funds, namely, the general, special revenue, debt service, and capital project funds are reported as separate columns in the fund financial statements:

The School utilizes the following major governmental funds:

General Fund – is the School’s primary operating fund. The General Fund accounts for all financial resources not accounted for and reported in another fund.

Special Revenue Fund – used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service and capital projects.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the School are prepared in accordance with generally accepted accounting principles (GAAP). The School’s reporting entity applies all relevant Governmental Accounting Standards Board (GASB) *Codification of Accounting and Financial Reporting Guidelines*.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Revenues from non-exchange transactions are reported according to Governmental Accounting Standards Board (GASB) Codification Section 1600.111 and Section N50 “*Accounting and Financial Reporting for Non-Exchange Transactions*.” On the accrual basis, revenues from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Measurable means the amount of the transaction can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Florida Education Finance Program (FEFP) revenues are recognized when received. A one-year availability period is used for revenue recognition for all other governmental fund revenues. When grant terms provide that the expenditure of funds is the prime factor for determining eligibility for federal, state, and other grant funds, revenue is recognized at the time the expenditure is made. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

Budgetary Basis of Accounting

In compliance with Florida Statutes, the Board of Directors adopts an annual budget using the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g. instructional, pupil personnel services and school administration). Any revisions to the annual budget are approved by the Board.

The School’s cash is considered to be cash on hand and demand deposits, with original maturities of three months or less.

Due from Other Agencies

Due from other agency consists of amounts due from other governmental units for revenues from federal, federal through state, state, or other sources. Management has determined that amounts due from other agencies at June 30, 2020 are fully collectable and therefore, no allowance for uncollectable amounts has been recorded.

Capital Assets and Depreciation

Capital assets purchased or acquired are carried at historical cost or estimated historical cost. The School capitalization levels are \$1,000 on tangible personal property. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the costs and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

	Estimated Useful Lives <u>(years)</u>
Improvements other than building	10
Furniture, fixtures, and equipment	3 - 5

Compensated Absences

The School grants a specific number of days for sick/personal leave. Full-time employees are eligible for up to ten days of active work during the ten-month period (a “benefit year”). In the event that available time is not used by the end of the benefit year, employees may not “rollover” all unused days for use in future benefit years.

GASB Codification Section C60, *Accounting for Compensated Absences*, provides that compensated absences that are contingent on a specific event that is outside the control of the employer and employee should be accounted for in the period those events take place. Accordingly, these financial statements do not include an accrual for compensated days available to be used in future benefit years.

The School also provides certain days to be used for specific personal matters such as family death and jury duty. Because the use of such days is contingent upon those events taking place and such events are out of the control of both the employer and the employee, there is no accrual for such days.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide Fund Net Position

Government-wide fund net position are divided into three components:

- Net investment in capital assets – consists of the historical cost capital assets less accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition or improvement of those assets plus deferred outflows of resources less deferred inflows of resources. The net investment in capital assets for the year ending June 30, 2020, was a deficit of \$13,562.
- Restricted net assets – consists of net assets with constraints placed on their use either by external groups such as creditors, grantors, contributors or laws or regulations of other governments less related liabilities and deferred inflows of resources. There were no restricted net assets at June 30, 2020.
- Unrestricted – all other net position is reported in this category.

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

- Non-spendable – fund balance associated with inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned). At June 30, 2020, the School's non-spendable fund balance totaled \$3,708.
- Restricted – fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. At June 30, 2020, there is no restricted fund balance.
- Committed – fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School's Board of Directors. At June 30, 2020, there is no committed fund balance.
- Assigned – fund balance classification are intended to be used by the School's management for specific purposes, but do not meet the criteria to be classified as restricted or committed. At June 30, 2020, there is no assigned fund balance.
- Unassigned – fund balance is the residual classification for the School's general fund and includes all spendable amounts not contained in the other classifications.

Order of Fund Balance Spending Policy

The School considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and committed, assigned, or unassigned amounts are considered to have been spent when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The School has a revenue spending policy that provides guidance for programs with multiple revenue sources. The finance officer will use resources in the following hierarchy: debt proceeds, federal funds, state funds, local non-city funds, city funds, and funds passed through the District. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The finance officer has the authority to deviate from this policy if it is in the best interest of the School.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Sources

Revenues for operations will be received primarily from the District School Board of Palm Beach County (the "School Board") pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the School Board. Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods.

The School may also receive federal grant awards and State financial assistance for the enhancement of various educational programs. Federal awards and State financial assistance are generally received based on an application submitted to and approved by various granting agencies. For federal awards and state financial assistance in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. This activity is recorded in the Special Revenue Fund and Capital Outlay Fund, as applicable. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

Income Taxes

Olympus International Academy Inc. qualifies as a tax exempt organization under the Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements. Additionally, no uncertain tax positions have been made requiring disclosure in the related notes to the financial statements. The School's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The School has evaluated subsequent events and transactions for potential recognition or disclosure through October 8, 2020, which is the date the financial statements were available to be issued.

NOTE 3 - CASH DEPOSITS

It is the School's policy to maintain its cash and cash equivalents in two financial institutions. Deposits at FDIC-insured financial institutions are insured up to \$250,000 per depositor, per financial institution. As of June 30, 2020, the bank balances of the School's cash deposits was \$98,675 and did not exceed FDIC-insured limits.

Total	<u>\$ 24,550</u>

NOTE 5 – LINE OF CREDIT

The School entered into a line of credit agreement with ADMPAR1, LLC (“ADM”), an unrelated entity, for an amount up to \$50,000. All sums advanced pursuant to the agreement shall bear interest from the date each advance is made until paid in full at a rate of 2.0% per annum. If advances are paid within forty-five business days from the advance date, the advance shall bear an interest rate of 0%. The amount owed at June 30, 2020 totaled \$30,000 and is reflected as a current liability in the accompanying statement of financial position and balance sheet – governmental funds. The School also subleases a portion of the facilities in which they operate to ADM. See Note 10.

NOTE 6 – LONG-TERM LIABILITIES

In June 2019, the School entered into an agreement with ICG Charter Boca Raton, LLC (“ICG”) to lease facilities. See Note 9. Under the terms of the agreement, the School received loan proceeds of \$250,000, consisting of a \$150,000 loan to purchase fixtures, furnishing and equipment (“FF&E Loan”) and a \$100,000 loan to be used for the purpose of marketing and promotion of the School (“Marketing Loan”). The loans bear no interest. The FF&E Loan is to be repaid by the School on or before January 1, 2021. At June 30, 2020, the balance of the FF&E Loan was \$150,000. The balance of the Marketing Loan at June 30, 2020 totaled \$40,000 and is to be repaid in consecutive monthly installments of \$5,000 each, commencing August 2020 through March 2021.

**OLYMPUS INTERNATIONAL ACADEMY
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2020**

NOTE 6 – LONG-TERM LIABILITIES (Continued)

In April 2020, the School received loan proceeds from a financial institution in the amount of \$161,000 under the Paycheck Protection Program (“PPP”). The loan matures in April 2022 and bears interest at 1% per annum. The loan is payable monthly with a deferral of payments for the first 6 months. The loan and accrued interest are forgivable in whole or in part if used for qualifying expenses, such as payroll, rent and utilities. The PPP Flexibility Act, passed in June 2020, extends the deferral of payments for unforgiven amounts based on the timing of the forgiveness application. As of the date of these financial statements, the School has not applied for forgiveness. As a result, the School has reflected the loan proceeds of \$161,000 as a long-term liability in the accompanying financial statements as of June 30, 2020.

The following schedule provides a summary of changes in long-term liabilities for the year ended June 30, 2020:

	Balance July 1, 2019	Borrowings	Repayments	Balance at June 30, 2020
Loan payable - PPP	\$ -	\$ 161,000	\$ -	\$ 161,000
Loans payable - ICG	250,000	-	(68,220)	181,780
Total loans payable	<u>\$ 250,000</u>	<u>\$ 161,000</u>	<u>\$ (68,220)</u>	<u>\$ 342,780</u>

Future payments are to be made as follows:

Fiscal Year Ending June 30,	
2021	\$ 221,780
2022	161,000
	<u>\$ 382,780</u>

NOTE 7 – PROFESSIONAL SERVICES CONTRACT

The School entered into an agreement with Building Hope Services to provide accounting and finance services to the School. The contract, renewable annually, calls for an annual fee of \$80 per student based on enrollment at the beginning of the school year, payable in monthly installments. For the year ended June 30, 2020, the School incurred fees related to this agreement totaling \$17,859. The School owed fees of \$10,099 at June 30, 2020, which is included in accounts payable.

NOTE 8 – EDUCATION SERVICE AND SUPPORT PROVIDER

The School entered into an agreement with Vamos Falar Potugues Foundation, Inc. (“VFP”) to provide professional management and consulting services to the School. In its capacity, VFP manages the operations and finances and makes recommendations to the School’s independent board of directors which make the final determinations regarding policies and contracts. The agreement began on July 1, 2019 and is effective for ten years through June 30, 2029. The agreement will automatically renew for two additional five-year periods unless either party delivers a written notice of termination at least twelve months prior. The contract calls for a fee equal to 10% of all gross receipts of the School, excluding borrowings undertaken by the School, plus an additional 5% for before and aftercare revenues. The fee is payable in equal monthly installments. During the year ended June 30, 2020, fees incurred under the agreement totaled \$159,561. All fees were forgiven in full for the year ended June 30, 2020 and are reflected as other income.

NOTE 9 – COMMITMENTS

The School entered into an agreement to lease facilities from ICG Charter Boca Raton, LLC under a 25 year non-cancelable operating lease expiring September 1, 2044 with an option to renew for up to two additional consecutive five year periods. During the year ending June 30, 2020, the agreement called for monthly lease payments of \$23,833, beginning September 2019 through December 2019, and \$28,333 from January 2020 through June 2020. On August 1 each year, the annual base rent is adjusted in accordance with the agreement. Under the terms of the agreement, annual rent will not decrease from the preceding year. During the year ended June 30, 2020, rent expense totaled \$268,333.

Future minimum lease payments are as follows:

<u>Year Ended June 30,</u>	
2021	\$ 534,833
2022	737,167
2023	754,000
2024	754,000
2025	754,000
2026 - 2030	3,770,000
2031 - 2035	3,770,000
2036 - 2040	3,770,000
2041 - 2044	<u>3,016,000</u>
Total	<u>\$ 17,860,000</u>

NOTE 10 – SUBLEASE AGREEMENT

The School entered into an agreement to sublease a portion of its facilities to ADMPAR1, LLC, beginning February 1, 2020 through December 31, 2022. During the year ended June 30, 2020, the monthly rent payment was \$4,500 and rental income totaled \$22,500, which is recorded as other revenue in the accompanying financial statements. The School also entered into a line of credit agreement with ADM. See note 5.

Future minimum lease payments to be received are as follows:

<u>Year Ended June 30,</u>	
2021	\$ 57,000
2022	63,000
2023	<u>33,000</u>
Total	<u>\$ 153,000</u>

NOTE 11 – GRANTS

In the normal course of operations, the School receives grant funds from various federal, state and local agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not reflected in these financial statements.

NOTE 12 – RISK MANAGEMENT

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage in the past. In addition, there were no reductions in insurance coverage from those in the prior year. The School does not sponsor a public entity risk pool and has had no settlements that have exceeded their insurance coverage.

NOTE 13 – OTHER MATTER

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a “Public Health Emergency of International Concern,” which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the School, its performance, and its financial results.

NOTE A – BUDGETARY INFORMATION

Budgetary basis of accounting

The School's annual budget is adopted for the entire operations at the combined governmental level and may be amended by the Board. The budget presented for the year ended June 30, 2020, has been prepared according to Board procedures. During the fiscal year, expenditures were controlled at the fund level.

Although budgets are adopted for the entire operation, budgetary comparisons have been presented for the general, special revenue and capital projects funds for which a legally adopted budget exists.

Budgets are presented on the modified accrual basis of accounting consistent with generally accepted accounting principles. During the fiscal year, expenditures were controlled at the object level (e.g., salaries, purchased services, and capital outlay).

INDEPENDENT AUDITOR’S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors of
Olympus International Academy
Boca Raton, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Olympus International Academy (the “School”) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School’s basic financial statements, and have issued our report thereon dated October 8, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School’s internal control. Accordingly, we do not express an opinion on the effectiveness of the School’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Directors of
Olympus International Academy
Boca Raton, Florida

Report on the Financial Statements

We have audited the financial statements of Olympus International Academy (the “School”), a charter school sponsored by the District School Board of Palm Beach County, Florida, as of and for the fiscal year ended June 30, 2020, and have issued our report thereon dated October 8, 2020.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards. Disclosures in that report, which is dated October 8, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding audit report

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires that the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity are Olympus International Academy and #504030.

Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the School did not meet the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. The financial condition assessment procedures applied in connection with our audit, has lead us to believe that the School's overall financial condition as of June 30, 2020 is not deteriorating. However, the following was noted that we would like to bring to the attention of the governing body of the School.

2020-1 : Deficit in net position

Observation

Pursuant to Sections 218.39(5), Florida Statutes, the auditor must notify each member of the governing body for which a fund balance deficit in total or for that portion of a fund balance not classified as restricted, committed, or nonspendable, or a total or unrestricted net assets deficit, as reported on the fund financial statements of entities required to report under governmental financial reporting standards or on the basic financial statements of entities required to report under not-for-profit financial reporting standards, for which sufficient resources of the local governmental entity, charter school, charter technical career center, or district school board, as reported on the fund financial statements, are not available to cover the deficit.

Condition

The School has a deficit in net position of \$177,424 at June 30, 2020.

Cause

The 2019-2020 school year was the School's first year of operations. The School purchased certain equipment and incurred other start-up costs that caused the School to have a deficit in net position at June 30, 2020.

Effect

The School has a deficit in net position of \$177,424 at June 30, 2020.

Recommendation

The School needs to continue to properly budget its expected expenditures and revenues and increase enrollment for the following school year so that it can continue to improve its financial position.

Management response

The 2019-2020 school year was the School's first year of operations. Typically, schools incur many startup expenses during their first year in order to excel academically and maximize their return throughout several years. Management notes that although the School had a deficit in net position at June 30, 2020, the School's total fund balance was positive at year-end. In addition, the School was awarded a CSP grant to be used in the 2020-2021 school year which will help support additional startup expenses and will assist the School in recovering from its deficit.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management, and the School Board of Palm Beach County, Florida, and is not intended to be and should not be used by anyone other than these specified parties.
