INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Avant Garde Academy K-5 Broward
A Department of Avant Garde Academy Foundation, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Avant Garde Academy K-5 Broward (the "School") (f/k/a Avant Garde Academy K-8 Broward), a Department of Avant Garde Academy Foundation, Inc. and a component unit of the School Board of Broward County, Florida, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School, as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements of the School are intended to present the financial position and change in financial position of only that portion of the governmental activities, each major fund and the aggregate remaining fund information of Avant Garde Academy Foundation, Inc. that is attributable to the transactions of the School. They do not purport to, and do not, present fairly the financial position of Avant Garde Academy Foundation, Inc. as of June 30, 2021 and the changes in its financial position or budgetary comparisons, where applicable, for the year ended June 30, 2021 in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the statements of revenues and expenditures - budget and actual – general fund and special revenue fund on pages 3 through 6 and 22 through 23 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2021, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**Keefe

CPA's + Trusted Advisors

As management of Avant Garde Academy K-5 Broward (the "School"), a Department of Avant Garde Academy Foundation, Inc. and a component unit of the School Board of Broward County, Florida (the "School Board"), we offer readers of the School's basic financial statements this narrative overview and analysis of the financial activities of the School for the year ended June 30, 2021 and certain comparative information for 2020.

Management's discussion and analysis is included at the beginning of the School's basic financial statements to provide, in layman's terms, the current position of the School's financial condition. This summary should not be taken as a replacement for the audit, which consists of the basic financial statements.

Financial Highlights

Our basic financial statements provide these insights into the results of this year's operations.

- As of June 30, 2021, the School's fund balances was \$ 1,534,795.
- As of June 30, 2021, the School had overall net position of \$ 2,407,208.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements are comprised of three components: 1) government-wide basic financial statements, 2) fund basic financial statements, and 3) notes to the basic financial statements.

Government-Wide Financial Statements: The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private sector business.

The statement of net position presents information on all of the School's assets, liabilities, and deferred inflows/outflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The statement of activities presents information showing how the School's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this Statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected revenues and services rendered but unpaid).

The government-wide financial statements include all governmental activities that are principally supported by grants and entitlements from the state for full-time equivalent funding. The School does not have any business-type activities. The governmental activities of the School primarily include instruction and instructional support services.

The government-wide basic financial statements can be found on pages 7 and 8 of this report.

Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide basic financial statements, governmental fund basic financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the School's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School maintains several individual governmental funds. Information is presented in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances. The General Fund, Special Revenue Fund and Capital Project Fund are considered to be the School's major funds.

The School adopts an annual budget for its governmental funds. A budgetary comparison statement has been provided for the General Fund and Special Revenue Fund to demonstrate compliance with the budget.

The governmental fund financial statements can be found on pages 9 through 12 of this report.

Notes to Basic Financial Statements: The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 13 through 21 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of financial position. The following table reflects the condensed government-wide statements of net position as of June 30, 2021 and 2020:

Change in net position	\$	<u><u>1,376,950</u></u>		\$ <u><u>601,964</u></u>

General revenues mostly consist of the School's per pupil funding, as well as other income items. Program revenues mostly consist of Title 1 funds of \$ 293,576, National School Lunch Program revenues of \$ 345,477, CSP grant of \$ 158,246, Cares Act grant of \$ 200,381, Capital Outlay Funding of \$ 489,398 and other grants of \$ 35,520 and \$ 335 for charges for services. Total expenses for the year are \$ 8,539,228 mainly consisting of instructional, fiscal services and rent expense.

Governmental Fund Expenditures

In the table below, we have presented the cost of the largest functions/programs as a percentage of total governmental expenditures:

Functions/Programs	2021		2020	
	Expenditures	Percent	Expenditures	Percent
Governmental expenditures:

Capital Assets and Debt Administration

Capital assets: At June 30, 2021, the School had capital assets of \$ 23,423,206 net of accumulated depreciation, invested in building, furniture, fixtures and equipment, books, computer equipment and improvements other than buildings as compared to \$ 909,235 at June 30, 2020.

**Avant Garde Academy K-5 Broward
Management's Discussion and Analysis
June 30, 2021**

Debt: At June 30, 2021, the School had outstanding debt of \$ 22,550,793, as compared to \$ 264,054 at June 30, 2020.

General Fund Budgetary Highlights

The final School enrollment was 89% of capacity. The enrollment shortfall was mostly due to the effects of the pandemic. The School received unbudgeted grant funds that attributed to a favorable variance in revenues. The School's operating expenditures exclusive of the capital lease expenditure and corresponding proceeds was \$ 7,272,954, which was \$ 211,597 under budget. The overall actual budget when including the capital lease expense was \$ 29,860,591, and \$ 22,376,040 over the original budget, which was due to the unbudgeted capital expenditures associated with the recording of the capital lease from the sale of the facility from its original owner to a portfolio which will allow the School to obtain ownership of the property as a component of lease fulfillment. When the capital lease proceeds of \$ 22,726,374 are incorporated into the School's financials, the School ended the year with a fund balance of \$ 1,534,795, which is an increase of \$ 1,149,718 over the prior fiscal year; and a net position of \$ 2,407,208, which is an increase of \$ 1,376,950 over the prior fiscal year.

Economic Factors and Next Year's Budget

For fiscal year 2021-2022, expected enrollment will actually be increased from 950 K-5 students from the prior year to 1,050 students. The overall K-12 program between the two co-located schools will have a net increase 262 students over the prior school year.

Note 1 - Organization and Operations

Avant Garde Academy K-5 Broward (the "School") (f/k/a Avant Garde Academy K-8 Broward), a Department of Avant Garde Academy Foundation, Inc. (the "Foundation") and a component unit of the School Board of Broward County, Florida, was established in 2015 as a public charter school to serve students from kindergarten to fifth grade in Broward County. The Foundation is a Florida nonprofit corporation organized pursuant to Chapter 617, Florida Statutes and the Florida Not-For-Profit Corporation Act. The governing body of the School is the not-for-profit corporation Board of Directors, which is comprised of not less than three members. There was an average of 1,030 students enrolled for the 2020/2021 school year.

The basic financial statements of the School present only the balances, activity and disclosures related to the School. They do not purport to, and do not, present fairly the financial position of the Foundation as of June 30, 2021, and its changes in financial position or budgetary comparisons, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America. Accordingly, these basic financial statements only include balances, activity and disclosures related to the School.

Note 2 - Summary of Significant Accounting Policies

Reporting entity: The School operates under a charter granted by the sponsoring School Board of Broward County (the "School Board"). The current charter is effective until June 30, 2025 and may be renewed by mutual written agreement between the School and the School Board. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter in which case the School Board is required to notify the School in writing at least ninety days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. The School is considered a component unit of the School Board of Broward County.

The School may also be financially accountable if an organization is fiscally dependent on the School regardless of whether the organization has a separately elected governing board, a governing board appointed by another government, or a jointly approved board. In addition, component units can be other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the basic financial statements to be misleading or incomplete.

As a result of evaluating the above criteria, management has determined that no component units exist for which the School is financially accountable which would require inclusion in the School's basic financial statements.

Basis of presentation: Based on the guidance presented in the American Institute of Certified Public Accountants Audit and Accounting Guide - Not-for-Profit Organizations and provisions of Section 228.056, Florida Statutes, the School is presented as a governmental organization for financial statement reporting purposes.

Government-wide financial statements: Government-wide financial statements, including the statement of net position and the statement of activities, present information about the School as a whole.

Note 2 - Summary of Significant Accounting Policies (continued)

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the School's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School.

Fund financial statements: Fund financial statements report detailed information about the School in the governmental funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, a reconciliation is presented with each of the governmental fund financial statements.

The School's major governmental funds are as follows:

General Fund - This fund is used to account for all operating activities of the School except for those required to be accounted for in another fund.

Special Revenue Fund - This fund is used to account for federal grants and certain state grants that are legally restricted to expenditures for particular purposes.

Capital Project Fund - This fund is used to account for the acquisition of capital assets and related expenditures with restricted capital outlay funds.

Basis of accounting: Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows.

Governmental fund financial statements are prepared using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available. Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The School considers revenues to be available if they are collected within sixty days of the end of the current period. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized when due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Note 2 - Summary of Significant Accounting Policies (continued)

Cash and cash equivalents: The School considers all demand accounts and short-term investments with a maturity of three months or less when purchased to be cash and cash equivalents. The School maintains its cash accounts at two financial institutions. The School's accounts at these institutions, at times, may exceed the federally insured limit. The School has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk (Note 3).

Prepaid items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Due to and due from other funds: Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. The balances result from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

Revenue recognition: Student funding is provided by the State of Florida through the School Board. Such funding is recorded as entitlement revenue in the government-wide financial statements and state source revenue in the fund financial statements. This funding is received on a pro rata basis over the ten-month period the School is in session and is adjusted for changes in full-time equivalent (FTE) student population.

Capital assets: Property and equipment purchased or acquired are capitalized at historical cost or estimated historical cost. Capital assets are defined by the School as assets with an initial cost of \$ 750 and useful life of over one year. Donated property and equipment are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized and depreciated over the remaining useful lives of the related fixed assets. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the estimated useful lives as follows:

Building	20 years
Furniture, fixtures and equipment	3-5 years
Books	3 years
Computer equipment	3 years
Improvements other than building	5 years

Deferred outflows/inflows of resources: In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

Note 2 - Summary of Significant Accounting Policies (continued)

Net position: Net position is classified in three categories. The general meaning of each is as follows:

- Net investment in capital assets - represents the difference between the cost of capital assets, less accumulated depreciation reduced by the outstanding balances of borrowings used for the acquisition, construction or improvement of those assets.
- Restricted - consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- Unrestricted - indicates that portion of net position that is available to fund future operations.

Fund balance: The governmental fund financial statements present fund balances based on the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement provides more clearly defined fund balance classifications and also sets a hierarchy which details how the School may spend funds based on certain constraints. The following are the fund balance classifications used in the governmental fund financial statements:

- Nonspendable - this classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The School classifies inventories, prepaid items, long-term notes receivable and deposits as nonspendable since they are not expected to be converted to cash or are not expected to be converted to cash within the next year.
- Restricted - this classification includes amounts that are restricted for specific purposes by external parties such as grantors and creditors or are imposed by law through constitutional provisions or enabling legislation.
- Committed - this classification includes amounts that can be used for specific purposes voted on through formal action of the Board of Directors (the highest level of decision making authority). The committed amount cannot be used for any other purpose unless the Board of Directors removes or changes the commitment through formal action.
- Assigned - this classification includes amounts that the Board of Directors intends to use for a specific purpose but they are neither restricted nor committed. The School classifies existing fund balance to be used in the subsequent year's budget for elimination of a deficit as assigned.
- Unassigned - this classification includes amounts that have not been restricted, committed or assigned for a specific purpose within the General Fund.

The details of the fund balances are included in the Governmental Fund Balance Sheet on page 9.

Note 2 - Summary of Significant Accounting Policies (continued)

When the School incurs expenditures for which restricted or unrestricted fund balance is available, the School would consider restricted funds to be spent first. When the School has expenditures for which committed, assigned or unassigned fund balance is available, the School would consider committed funds to be spent first, then assigned funds and lastly unassigned funds.

Income taxes: The School is a division of a nonprofit corporation. Revenue of the School is derived primarily from other governmental entities. The School is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in these financial statements.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budget: An operating budget is adopted and maintained by the governing board for the School pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in the preparation of the basic financial statements.

Date of management review: Subsequent events were evaluated by management through September 28, 2021, which is the date the financial statements were available to be issued.

Note 3 - Cash and Cash Equivalents

At June 30, 2021, the carrying amount of the deposits and cash on hand totaled \$ 2,078,135, with bank balances of \$ 2,221,164.

State statutes require, and it is the School's policy, that all deposits be made into, and be held by, financial institutions designated by the Treasurer of the State of Florida as "qualified public depositories" as defined by Chapter 280 of the Florida Statutes. This Statute requires that every qualified public depository institution maintain eligible collateral to secure the public entity's funds. The minimum collateral to be pledged by an institution, the collateral eligible for pledge, and the reporting requirements of the qualified public depositor to the Treasurer is defined by statute. Collateral is pooled in a multiple qualified public depository institution pool with the ability to assess members of the pool should the need arise. The School's deposits are held in a qualified public depository and are covered by the collateral pool because the School has identified itself as a public entity.

Note 4 - Due from Government Agencies

Due from government agencies at June 30, 2021 consists of amounts due from the District for National School Lunch Program and Title IV Grants.

Note 5 - Capital Assets

Capital asset balances and activity for the year ended June 30, 2021 are as follows:

	<u>\$ 789,355</u>

Note 6 - Long-Term Liabilities

Capital Leases: During the year, the School and Avant Garde Academy of Broward (“AGAB”) (Notes 7 and 10) entered into a capital lease for the rental of the facility through June 2041. The total monthly payment amounts to approximately \$ 240,000, of which approximately \$ 129,000 is the monthly payment for the School and includes imputed interest at 3.375%. At June 30, 2021, the outstanding balance of this capital lease amounted to \$ 22,488,172.

During the year, the School entered into a capital lease for the purchase of computers in the amount of \$ 35,100. Principal and interest at a fixed rate of 8.335% are payable in monthly installments of \$ 1,593 through April 2023. The outstanding balance at June 30, 2021 was \$ 32,393.

The School previously entered into a capital lease in the amount of \$ 246,825. Principal and interest at a fixed rate of 8.00% are payable in monthly installments of \$ 7,683 through December 2021. The outstanding balance at June 30, 2021 was \$ 30,228.

Note 6 - Long-Term Liabilities (continued)

The School previously entered into a capital lease in the amount of \$ 663,944. Principal and interest at a fixed rate of 8.00% are payable in monthly installments of \$ 20,668 through September 2020. This note was paid in full during the year ended June 30, 2021.

The future payments required under these leases as of June 30, 2021, are as follows:

Year Ending June 30,	Principal	Interest	Total
2022	\$ 848,415	\$ 748,716	\$ 1,597,131
2023	843,929	719,791	1,563,720
2024	856,993	690,795	1,547,788
2025	886,369	661,422	1,547,791
2026	916,751	631,040	1,547,791
2027-2031	5,077,211	2,661,742	7,738,953
2032-2036	6,009,096	1,729,851	7,738,947
2037-2041	7,112,029	626,918	7,738,947
	<u>\$ 22,550,793</u>	<u>\$ 8,470,275</u>	<u>\$ 31,021,068</u>

PPP Loan: On May 4, 2020, the School executed a promissory note for \$ 109,310 under the Paycheck Protection Program (“PPP”) authorized by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”). Loans provided through the PPP have been guaranteed through a nonexchange financial guarantee provided by the U.S. Small Business Administration. Under Statement 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, a governmental entity should continue to report a loan until that entity is legally released from the debt. Effective March 23, 2021, the SBA granted the School full forgiveness/legal release of this loan; therefore, an inflow of resources is presented within miscellaneous revenue in the accompanying Statement of Activities.

Changes in the School’s long-term liabilities for the fiscal year ended June 30, 2021, are as follows:

	Balance at July 1, 2020	Additions	Retirements	Balance at June 30, 2021	Amount Due Within One Year
Capital lease - building	\$ -	\$ 22,691,274	\$ 203,102	\$ 22,488,172	\$ 801,132
Capital leases - computers and other equipment	154,744	35,100	127,223	62,621	47,283
PPP Loan	109,310	-	109,310	-	-
	<u>\$ 264,054</u>	<u>\$ 22,726,374</u>	<u>\$ 439,635</u>	<u>\$ 22,550,793</u>	<u>\$ 848,415</u>

Note 7 - Related Party

The School shares the same physical location with AGAB (Notes 6 and 10), as they share common board membership and are departments of the Academy. The schools share common expenditures, of which have been allocated between the Schools based on student enrollment. As a result, at June 30, 2021, the School had a balance due to AGAB of \$ 195,178. This amount was forgiven and is included within the local and other revenue in the statement of activities and statement of revenues, expenditures and changes in fund balance - governmental funds.

Note 8 - Operating Agreement

The School entered into a contract for the period July 1, 2020 to June 30, 2035 with Leading Bright Scholars, Inc. ("LBS"). The contract calls for LBS to provide the School with general management of the day-to-day educational and operational aspects of the School. LBS subcontracts with Alliance Education Services, Inc. ("Alliance") for the provision of related services. An annual fee of 11% of the total revenues is paid in monthly installments. LBS and Alliance each received 5.5% of the annual fee. The total amount incurred during the year ended June 30, 2021, relating to these contracts were approximately \$ 967,000.

Note 9 - Schedule of State Revenue Sources

The following is a schedule of the School's state revenue for the year ended June 30, 2021:

Florida Education Finance Program	\$	4,960,822
Class size reduction		1,350,539
Discretionary local effort		643,544
Capital outlay		489,398
Supplementary academic instruction		228,058

Mental health		35,029
Teacher lead program		16,111
Compression allocation		5,419
Digital classroom allocation		658
	\$	<u><u>8,362,179</u></u>

Note 10 - Facility Lease

The School previously entered into a lease agreement for its educational facility through July 31, 2040. The facility was used for the operation of the School, as well as AGAB (Notes 6 and 7). On April 27, 2021, the School entered into a new lease agreement for its educational facility through June 30, 2041 and was determined to be a capital lease (Note 6). As a result, the existing lease was terminated. The School's portion of rental expenditures under this terminated lease agreement for the year ended June 30, 2021 was approximately \$ 1,130,000.

Note 11 - Pension Plan

The School participates in a defined contribution tax sheltered annuity 403(b) plan for participating employees. Contributions made by the School totaled \$ 50,908 for the year ended June 30, 2021, which were computed at 3% of employee compensation for each participating employee. Contributions are directed to individual employee's accounts, and the individual employees allocate contributions and account balances among various available investment choices, therefore, the School has no liability for the administration or payments of benefits of the plan, and accordingly, the present value of the related benefits is not reflected in these financial statements. The rate of contribution is set annually by the School's Board of Directors.

Note 12 - Risk Management

The School is exposed to various risks of loss related to torts, thefts of, damage to, and destruction of assets and natural disasters. The School has obtained property insurance from commercial companies including, but not limited to, general liability and errors and omissions insurance. There have been no claims in excess of insurance coverage limits during the past year and settlement amounts have not exceeded insurance coverage for the current year or three prior years.

Note 13 - Risks and Uncertainties

The coronavirus (COVID-19) outbreak has caused disruption in international and U.S. economies and markets. The coronavirus and fear of further spread has caused quarantines, cancellation of events, and overall reduction in business and economic activity. On March 11, 2020, the *World Health Organization* designated the coronavirus outbreak as a pandemic. Management and the Board of Directors continue to evaluate and monitor the potential adverse effect that this event may have on the School's financial position and operations. The full impact of COVID-19 is unknown at this time and cannot be reasonably estimated as these events are still developing.

OTHER INDEPENDENT
AUDITOR'S REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Avant Garde Academy K-5 Broward
A Department of Avant Garde Academy Foundation, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Avant Garde Academy K-5 Broward (the "School") (f/k/a Avant Garde Academy K-8 Broward), a Department of Avant Garde Academy Foundation, Inc. and a component unit of the School Board of Broward County, Florida, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated September 28, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

CPA's + Trusted Advisors

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its website the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its website the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
