MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the annual financial report of Legends Academy (the "School") presents management's discussion and analysis of the School's financial performance during the fiscal year ended June 30, 2021. Please read it in conjunction with the School's financial statements, which follow this section. The School operated as part of Nap Ford Community School, Inc. (the "Company") with another charter school, Nap Ford Community School, through June 30, 2020. Effective July 1, 2020, the Company combined the operations of both schools and operates under the name of Legends Academy.

FINANCIAL HIGHLIGHTS

- The School's total net position increased as compared to the prior year.
- During 2021, the School's revenues exceeded expenses by \$361,941, which is an increase from the prior year when revenues exceeded expenses by \$203,018 (as restated).
- Overall, revenues decreased by approximately \$57,000, which was a 1% decrease from the prior year.
- Overall, expenses decreased by approximately \$216,000, which was a 5% decrease from the prior year.
- Total assets and deferred outflows of resources were \$2,934,462, and total liabilities and deferred inflows of resources were \$2,840,229, resulting in net position of \$94,233 as of June 30, 2021.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements and required supplementary information. The basic financial statements include two kinds of statements that present different views of the School:

- The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the School's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the School, reporting the School's operations in more detail than the government-wide statements.
 - The governmental funds financial statements tell how general school services were financed in the short term, as well as what remains for future spending.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

This document also includes the following information required by the Uniform Guidance: schedule of expenditures of federal awards and accompanying note, independent auditor's report on compliance for the major program and on internal control over compliance required by the Uniform Guidance and the schedule of findings and questioned costs. In addition, it includes the independent auditor's report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*, as well as the management letter required by the Rules of the Auditor General, Chapter 10.850.

The following table summarizes the major features of the School's financial statements, including the portion of the School they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

	Government-wide Statements	Fund Statements Governmental Funds
Scope	Entire School	The activities of the School that are not proprietary or fiduciary
Required financial statements	Statement of net position Statement of activities	Balance sheet – governmental funds Statement of revenues, expenditures and changes in fund balances – governmental funds
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus
Type of asset/liability information	All assets, deferred outflows of resources, liabilities and deferred inflows of resources, both financial and capital, and short-term and long-term	Only assets/deferred outflows of resources expected to be used up and liabilities/deferred inflows of resources that come due during the year or soon thereafter; no capital assets included
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter

Government-wide Financial Statements

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private sector companies. The statement of net position includes all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two government-wide financial statements report the School's net position and how it has changed. Net position - the difference between the School's assets and deferred outflows of resources and its liabilities and deferred inflows of resources - is one way to measure the School's financial condition. Over time, increases or decreases in the School's net position are an indicator of whether its financial condition is improving or deteriorating, respectively. To assess the overall health of the School, one needs to consider additional nonfinancial factors such as changes in the School's student base, the quality of the education and the safety of the School.

The government-wide financial statements of the School are generally divided into three categories:

<u>Governmental Activities</u> – Most of the School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.

<u>Business-Type Activities</u> – In certain instances, the School may charge fees to help it cover the costs of certain services it provides. The School currently has no business-type activities.

<u>Component Units</u> – There currently are no component units included within the reporting entity of the School.

Fund Financial Statements

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is a self-balancing set of accounts which the School uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by state law, and the School may establish other funds to control and manage money for particular purposes, such as for federal grants.

The School has one type of fund:

Governmental Funds – Most of the School's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps one determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the subsequent page that explains the differences between them.

FINANCIAL ANALYSIS OF THE SCHOOL AS A WHOLE

Net Position

The School's combined net position as of June 30, 2021 and 2020 is summarized as follows – see table below:

		Government			
		2021	(as	s restated) 2020	Increase (Decrease)
Current and other assets	\$	1,553,958	\$	761,114	104%
•	Φ		φ	•	_
Capital assets, net		485,366		376,659	29%
Deferred outflows of resources		895,138		935,064	-4%
Total assets and deferred outflows		2,934,462		2,072,837	42%
Current and other liabilities		2,120		82,866	-97%
Long-term liabilities		2,665,905		2,037,916	31%
Deferred inflows of resources		172,204		219,763	-22%
Total liabilities and deferred inflows		2,840,229		2,340,545	21%
Net position:					
Net investment in capital assets		398,722		242,485	64%
Restricted		-		9,580	-100%
Unrestricted		(304,489)		(519,773)	41%
Total net position	\$	94,233	\$	(267,708)	135%

Capital assets, net and net investment in capital assets increased due to current year fixed asset additions in excess of depreciation expense, offset by related debt activity. Deferred outflows of resources, long-term liabilities and deferred inflows of resources changed due to the remeasurement of the pension liability and due to current year borrowings. Current and other assets and total net position changed due to the current year operating surplus and the activity noted above.

Change in Net Position

The School's total revenues decreased by 1% to \$4,646,475, and the total cost of all programs and services decreased by 5% to \$4,284,534 – see table below.

		Governmenta			
		2021	(a	s restated) 2020	Increase (Decrease)
Revenues:					
Federal sources passed through local school district	\$	912,941	\$	568,955	60%
State and local sources	,	3,223,800	•	3,180,775	1%
Contributions and other revenue		509,734		954,182	-47%
Total revenues		4,646,475		4,703,912	-1%
Expenses:					
Instruction		2,902,805		3,063,163	-5%
Instruction-related technology		42,722		101,122	-58%
Board		35,331		21,879	61%
General administration		98,719		133,803	-26%
School administration		209,709	197,422		6%
Fiscal services		130,185		128,439	1%
Food services		122,300		230,191	-47%
Operation and maintenance of plant		732,104		589,964	24%
Community services		-		23,653	-100%
Interest		10,659		11,258	-5%
Total expenses		4,284,534		4,500,894	-5%
Change in net position	\$	361,941	\$	203,018	78%

Federal sources passed through local school district changed due to the School receiving funding in the current year to help pay costs associated with the coronavirus pandemic. Contributions and other revenue changed due to decreased revenues from donations and fundraising events.

Instruction-related technology changed due to decreased technology-related consulting services and fewer purchases of technology supplies during the current year. General administration changed due to the decreased administrative fee charged by the school district in the current year. Food services changed due to reduced food service expenditures resulting from increased virtual school attendance in the current year. Operation and maintenance of plant changed due increased purchases of janitorial supplies and the addition of contracted janitorial services in the current year. Community services changed due to the School not offering the after-school program in the current year.

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

As the School completed the year, its governmental funds reported a combined fund balance of \$1,551,838. Both revenues and expenditures changed for the same reasons described above.

General Fund Budgetary Highlights

For 2021, actual general fund revenues were approximately \$71,000 below the final budget, which represents a budget variance of 2%.

Actual general fund expenditures were approximately \$369,000 below the final budget, which represents a 10% budget variance. The variance was due to lower than expected spending required to meet the needs of the student body.

Special Revenue Fund Budgetary Highlights

For 2021, actual special revenue fund revenues were approximately \$254,000 above the final budget, which represents a budget variance of 39%. The variance was due to an award from the Elementary and Secondary School Emergency Relief ("ESSER") Fund under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, which was not included in the final budget.

Actual special revenue fund expenditures were approximately \$67,000 above the final budget, which represents a 10% budget variance. The variance was due to higher than expected janitorial services and supplies in the current year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The School's investment in capital assets at the end of fiscal 2021 amounts to \$485,366 (net of accumulated depreciation). See table below:

	 Government	tivities		
	2021	(as	restated) 2020	Increase (Decrease)
Buildings	\$ 119,575	\$	119,575	0%
Leasehold improvements	394,182		374,182	5%
Furniture, fixtures and equipment	702,490		436,708	61%
Less: accumulated depreciation	(730,881)		(553,806)	-32%
Total capital assets	\$ 485,366	\$	376,659	29%

The School purchased computers and other computer hardware in the current year. There were no significant disposals during the current year. More detailed information about the School's capital assets is presented in Note 4 to the financial statements.

Long-term Debt

As of June 30, 2021, the School had \$475,323 in long-term debt outstanding. This year's major long-term debt addition includes the following:

Payroll Protection Program ("PPP") note payable of \$388,679

Scheduled payments reduced the amount outstanding in the current year. More detailed information about the School's long-term liabilities is presented in Note 6 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The following economic indicators were taken into account when adopting the general fund budget for 2022:

- Stable student enrollment
- Projected decrease in donations and fundraising events

Amounts available for appropriation in the general fund are approximately \$3,272,000, a decrease of 7% from the final 2021 amount of \$3,521,367. Budgeted expenditures are expected to be approximately \$3,292,000, an increase of 2% from the final 2021 amount of \$3,223,702. The School has added no major new programs to the 2022 budget.

If these estimates are realized, the School's budgetary general fund balance is expected to decrease by the close of 2022.

CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

This financial report is designed to provide interested parties with a general overview of the School's finances and to demonstrate the School's accountability for the money it receives. Should additional information be required, please contact the School's administrative offices at P.O. Box 2031, Orlando, Florida 32802.

INDEPENDENT AUDITOR'S REPORT ON BASIC FINANCIAL STATEMENTS AND SUPPLEMENTARY INFORMATION

To the Board of Directors of Nap Ford Community School, Inc. – Legends Academy

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Nap Ford Community School, Inc. - Legends Academy (the "School"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Directors of Nap Ford Community School, Inc. – Legends Academy Page 2

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Nap Ford Community School, Inc. - Legends Academy as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1-7, the budgetary comparison information on pages 34-35 and the pension information on pages 36-37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

To the Board of Directors of Nap Ford Community School, Inc. – Legends Academy Page 3

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2021 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2021

Net changes in fund balances - total governmental funds	\$ 873,590
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$293,368) exceed depreciation expense (\$184,661) in the current period.	108,707
Pension income or expense resulting from GASB 68 included in the statement of activities does not provide or require the use of current financial resources and, therefore, is not reported as a net change in fund balances in the governmental funds.	(279,207)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.	(388,679)
Principal payments on long-term debt are expenditures in the governmental funds, but the repayments reduce long-term liabilities in the statement of net position.	47,530
Change in net position of governmental activities	\$ 361,941

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2021

1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Nap Ford Community School, Inc. (the "Company") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act and Section 1002.33, Florida Statutes. Legends Academy (the "School") operated as part of the Company with another charter school, Nap Ford Community School, through June 30, 2020. Effective July 1, 2020, the Company combined the operations of both schools and operates under the name of Legends Academy (see Note 10). The governing body of the School is the not-for-profit corporation Board of Directors, which is composed of six members.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the District School Board of Orange County, Florida (the "School Board"). The current charter is effective until June 30, 2031 and may be renewed in increments of five or fifteen years by mutual written agreement between the School and the School Board. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter. In this case, the School Board is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds, except capital outlay funds, revert back to the School Board. Any unencumbered capital outlay funds revert back to the Florida Department of Education ("FDOE") to be distributed among eligible charter schools. The School meets the definition of a governmental entity under the Governmental Accounting Standards Board's ("GASB") accounting guidance; therefore, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governmental units.

Criteria for determining if other entities are potential component units of the School which should be reported with the School's basic financial statements are identified and described in the GASB's Codification of Governmental Accounting and Financial Reporting Standards. The application of these criteria provides for identification of any entities for which the School is financially accountable and other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the School's basic financial statements to be misleading or incomplete. Based on these criteria, no component units are included within the reporting entity of the School.

Basis of Presentation

The School's financial statements have been prepared in accordance with generally accepted accounting principles as prescribed by the GASB. Accordingly, both government-wide and fund financial statements are presented.

NOTES TO FINANCIAL STATEMENTS (continued)

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the School's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The government-wide financial statements of the School are generally divided into three categories:

<u>Governmental Activities</u> – Most of the School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.

<u>Business-Type Activities</u> – In certain instances, the School may charge fees to help it cover the costs of certain services it provides. The School currently has no business-type activities.

<u>Component Units</u> – There currently are no component units included within the reporting entity of the School.

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is an accounting entity having a self-balancing set of accounts for recording assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, expenditures, and other financing sources and uses. Resources are allocated to and accounted for in individual funds based on the purpose for which they are spent and the means by which spending activities are controlled. The funds in the financial statements of this report are as follows:

Governmental Funds:

<u>General Fund</u> – To account for all financial resources not required to be accounted for in another fund.

<u>Special Revenue Fund</u> – To account for the proceeds of specific revenue sources and grants that are restricted by law or administrative action to expenditure for specific purposes and to provide a single source of accountability for all funds received.

<u>Capital Projects Fund</u> – To account for all resources for the acquisition of capital items by the School purchased with capital outlay funds.

For purposes of these statements, the general and special revenue funds are considered major funds. The capital projects fund is considered non-major and is included as the other governmental fund.

NOTES TO FINANCIAL STATEMENTS (continued)

Basis of Accounting

Basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are presented using the accrual basis of accounting and an economic resources focus. Under the accrual basis of accounting, revenues and expenses are recognized when they occur.

The modified accrual basis of accounting and current financial resources focus is followed by the governmental funds. Under the modified accrual basis, revenues are recognized when they become measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (1) interest on general long-term debt is recognized when due and (2) expenditures related to liabilities reported as general long-term debt are recognized when due.

Budgetary Basis Accounting

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the fund level.

Cash and Cash Equivalents

Investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents. The School maintains its cash accounts in financial institutions subject to insurance coverage issued by the Federal Deposit Insurance Corporation (the "FDIC"). Under FDIC rules, the Company is entitled to aggregate coverage of \$250,000 per account type per separate legal entity per financial institution. As of June 30, 2021, the Company had deposits in financial institutions with custodial credit risk exposure in excess of FDIC coverage totaling approximately \$750,000. The School has not historically experienced losses on its cash and cash equivalents.

Receivables

Receivables consist of amounts due from contributors or from governmental agencies for various programs. Allowances are reported when management estimates that accounts may be uncollectible.

NOTES TO FINANCIAL STATEMENTS (continued)

Capital Assets and Depreciation

Expenditures for capital assets acquired for general School purposes are reported in the governmental fund that financed the acquisition. Purchased capital assets are reported at cost, net of accumulated depreciation, in the government-wide financial statements. Donated assets are recorded at fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which range as follows:

	<u>Years</u>
Buildings	10
Leasehold improvements	3 - 5
Furniture, fixtures and equipment	3 - 5

Information relative to changes in capital assets is described in Note 4.

Compensated Absences

Compensated absences (i.e. paid absences for employee vacation leave and sick leave) are recorded as expenditures in governmental funds when leave is used or when accrued as payable to employees entitled to cash payment in lieu of taking leave. In the government-wide financial statements, compensated absences are recorded as an expense when earned by the employees. The liability for compensated absences is classified as a long-term liability that is due within one year because the amount of vacation and sick time to be used after the following year cannot be reasonably estimated. Information relative to changes in long-term liabilities is described in Note 6.

Long-term Liabilities

Long-term obligations that will be financed by resources to be received in the future by the governmental funds are reported in the government-wide financial statements, not in the governmental funds. Information relative to changes in long-term liabilities is described in Note 6.

Fund Balance Spending Policy

The School's adopted spending policy is to spend from the restricted fund balance first, followed by committed, assigned, then the unassigned fund balance. Most funds were designated for one purpose at the time of their creation. Therefore, expenditures made out of the fund will be allocated to the applicable fund balance classifications in the order of the aforementioned spending policy. If expenditures are incurred that meet the purpose of more than one fund, they will be allocated to restricted fund balance first and then follow the order above. Funds can only be committed by formal action of the Board of Directors. The Board of Directors has delegated authority to assign funds to the Executive Director. There are no minimum fund balance requirements for any of the School's funds.

NOTES TO FINANCIAL STATEMENTS (continued)

Revenue Sources

Revenues for current operations are received primarily from the School Board pursuant to the funding provisions included in the School's charter. As such, the School's revenue stream is largely dependent upon the general state of the economy and the amounts allotted to the FDOE by the state legislature. In accordance with the funding provisions of the charter and Section 1002.33(18), Florida Statutes, the School reports the number of full-time equivalent students and related data to the School Board.

Under the provisions of Section 1011.62, Florida Statutes, the School Board reports the number of full-time equivalent students and related data to the FDOE for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. The School Board receives a 5% administrative fee from the School, which is reflected as a general administration expense/expenditure in the accompanying financial statements.

The School receives federal awards for the enhancement of various educational programs. This assistance is generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

The School is also eligible for charter school capital outlay funding. The amounts received under this program are based on the School's actual and projected student enrollment during the fiscal year. Funds received under this program may only be used for lawful capital outlay expenditures and, as such, any unexpended amounts are reflected as restricted net position and restricted fund balance in the accompanying financial statements.

Income Taxes

The Company is an organization exempt from income taxation under Section 501(a) as an entity described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Accordingly, no provision for federal income taxes is included in the accompanying financial statements.

Use of Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources as of the date of the statement of net position and the balance sheet – governmental funds and affect revenues and expenses/expenditures for the period presented. Actual results could differ significantly from those estimates.

NOTES TO FINANCIAL STATEMENTS (continued)

Subsequent Events

The School has evaluated subsequent events through September 20, 2021, the date these financial statements were available to be issued.

Recently Issued Accounting Pronouncement

In June 2017, the GASB issued Statement No. 87, *Leases*, which requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this guidance, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, thereby enhancing the relevance and consistency of information about a school's leasing activities. The new standard is effective for the fiscal year ending June 30, 2022. The cumulative effect of any changes adopted to conform to the provisions of this guidance would be reported as a restatement of beginning net position and fund balance. The School is currently evaluating the effect that implementation of the new standard will have on its financial statements.

2 INTERFUND ACTIVITIES

Due to/from other funds consisted of the following balances as of June 30, 2021:

	Interfund Receivables		nterfund Payables
General fund	\$ 184,760	\$	-
Special revenue fund	 		184,760
Total interfund	\$ 184,760	\$	184,760

The amount payable by the special revenue fund to the general fund is to cover temporary cash shortages related to the timing of receipts.

3 OTHER ASSETS

Other assets consist of the following as of June 30, 2021:

Deposits	\$ 109,000
Prepaid expenses	979
Total other assets	\$ 109,979

NOTES TO FINANCIAL STATEMENTS (continued)

4 CHANGES IN CAPITAL ASSETS

Capital asset activity during fiscal year 2021 was as follows:

Beginning			Ending
Balance	Increases	Decreases	Balance
(as restated)			
\$ 119,575	\$ -	\$ -	\$ 119,575
374,182	20,000	-	394,182
436,708	273,368	(7,586)	702,490
930,465	293,368	(7,586)	1,216,247
(5 979)	(7 972)	_	(13,951)
(267,522)	(48,884)	-	(316,406)
(280,305)	(127,805)	7,586	(400,524)
(553,806)	(184,661)	7,586	(730,881)
\$ 376,659	\$ 108,707	\$ -	\$ 485,366
	Balance (as restated) \$ 119,575	Balance (as restated) Increases \$ 119,575 \$ - 374,182 20,000 273,368 273,368 293,368 293,368 293,368 (127,972) (267,522) (48,884) (280,305) (127,805) (553,806) (184,661)	Balance (as restated) Increases Decreases \$ 119,575 (374,182) \$ - (7,586) \$ - (7,586) \$ 930,465 (7,586) \$ 293,368 (7,586) \$ (7,586) \$ (267,522) (48,884) (280,305) (127,805) (127,805) (7,586) \$ 7,586 \$ (553,806) (184,661) (7,586) \$ 7,586

Depreciation expense was charged to functions as follows:

Governmental activities:

Instruction	\$ 171,684
School administration	12,977
Total governmental activities depreciation expense	\$ 184,661

5 CONTINGENT LIABILITIES

Grants

The School participates in state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the School has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable as of June 30, 2021 may be impaired. In the opinion of the School, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

NOTES TO FINANCIAL STATEMENTS (continued)

Legal Matters

In the normal course of conducting its operations, the School occasionally becomes party to various legal actions and proceedings. In the opinion of management, the ultimate resolution of such legal matters will not have a significant adverse effect on the accompanying financial statements.

Risk Management Program

Workers' compensation coverage, health and hospitalization, general liability, professional liability and property coverages are being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not historically exceeded commercial coverage.

Uncertainty

The extent of the impact and effects of the outbreak of the coronavirus on the School's operations will depend on future developments, including the duration and spread of the outbreak, related travel advisories and restrictions, changes in enrollment and the impact on governmental funding, all of which are highly uncertain and cannot be predicted. While the School's operations have not been significantly impacted due to the virus to date, if the virus causes significant negative impacts to economic conditions, the School's operations may be adversely affected.

6 LONG-TERM LIABILITIES

Long-term liabilities activity during 2021 was as follows:

	Beginning Balance Increases Decrease		creases	Ending Balance		Due Within One Year			
	(as	restated)							
Governmental activities:									
Compensated absences	\$	14,820	\$ -	\$	-	\$	14,820	\$	14,820
Capital lease obligation		55,885	-		(27,150)		28,735		28,735
Note payable		78,289	-		(20,380)		57,909		22,903
PPP note payable		-	388,679		-		388,679		-
Net pension liability		1,888,922	286,840		-	2	2,175,762		-
Governmental activities									
long-term liabilities		2,037,916	\$ 675,519	\$	(47,530)	\$ 2	2,665,905	\$	66,458

NOTES TO FINANCIAL STATEMENTS (continued)

Note Payable

The School has entered into a note payable with a financial institution. Principal and interest payments of \$2,374 are due monthly at an interest rate of 11.7%. The note matures in October 2023 and is secured by three portable classroom buildings.

Future debt service requirements related to the note payable are as follows:

Year Ended June 30,	P	rincipal	Ir	iterest	 Total
2022	\$	22,903	\$	5,585	\$ 28,488
2023		25,737		2,751	28,488
2024		9,269		228	 9,497
	\$	57,909	\$	8,564	\$ 66,473

PPP Note Payable

In March 2021, the School entered into a \$388,679 note payable agreement pursuant to the Coronavirus, Aid, Relief, and Economic Security Act's ("CARES Act") Paycheck Protection Program ("PPP"). The note requires monthly principal and interest payments for five years at an interest rate of 1%. The Company may apply for loan forgiveness and, if approved, the note will be deemed satisfied. Repayment is deferred until the Company receives a response to its forgiveness application. As of June 30, 2021, the School had not yet requested forgiveness of its PPP note payable.

7 PENSION PLANS

Pension Plan Descriptions

The Florida Department of Management Services, Division of Retirement ("Division"), is part of the primary government of the State of Florida and is responsible for administering the Florida Retirement System Pension Plan and Other State-Administered Systems ("System"). The School participates in two defined benefit plans administered by the Division. The Division issued a publicly-available, audited comprehensive annual financial report ("CAFR") on behalf of the System that includes financial statements, notes and required supplementary information for each of the pension plans. Detailed information about the plans is provided in the CAFR which is available online or by contacting the Division.

NOTES TO FINANCIAL STATEMENTS (continued)

The Florida Retirement System ("FRS") Pension Plan is a cost-sharing, multiple-employer qualified defined benefit pension plan with a Deferred Retirement Option Program ("DROP") available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the FRS Pension Plan. Retirees receive a lifetime pension benefit with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state community college, or district school board, unless restricted from FRS membership under sections 121.053 and 121.122, Florida Statutes, or allowed to participate in a non-integrated defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy ("HIS") Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit terms of the HIS Program. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which may include Medicare.

Employee contributions required pursuant to section 121.71(3), Florida Statutes, are accounted for by the FRS as employer-paid employee contributions and are treated as employer contributions under 26 U.S.C. s. 414(h)(2) allowing these contributions to be deducted on a pretax basis. Pension expense reported by the School is reduced by these amounts.

Total employer contributions are determined on a uniform basis (blended rate) as required by Part III of Chapter 121, Florida Statutes. Employer contributions reflected in the financial statements represent contributions specific to each defined benefit plan and do not equal total blended contributions remitted by the employer. Contribution rates were as follows:

	Percent of Gross Salary				
Class or Plan	Employee	Employer (A)			
Florida Retirement System, Regular	3%	10%			
Florida Retirement System, Reemployed Retiree	(B)	(B)			

- (A) Employer rates include 1.66% for the Retiree Health Insurance Subsidy and 0.06% for administration of the Florida Retirement System Investment Plan and provision of educational tools for both plans, and any applicable unfunded actuarial liability rates.
- (B) Contribution rates are dependent upon the retirement class in which reemployed.

NOTES TO FINANCIAL STATEMENTS (continued)

Information about the Employer's Proportionate Share of the Collective Net Pension Liability

Assumptions and Other Inputs

The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the funding valuations of the defined benefit pension plan pursuant to section 216.136(10), Florida Statutes. The Division determines the assumptions in the valuations for GASB 67 reporting purposes. The FRS Pension Plan's GASB 67 valuation is performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2019 for the period July 1, 2013, through June 30, 2018. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS Pension Plan investments is 6.80%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 2.21% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for the FRS Pension Plan and HIS Program were based on the PUB-2010 base table.

The following changes in actuarial assumptions occurred in 2020:

- FRS: The long-term expected rate of return was decreased from 6.90% to 6.80%.
- HIS: The municipal bond rate used to determine total pension liability was decreased from 3.50% to 2.21%, and the mortality assumption was changed from the Generational RP-2000 with Projection Scale BB tables to the PUB-2010 base table, projected generationally with Scale MP-2018.

NOTES TO FINANCIAL STATEMENTS (continued)

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the collective net pension liability if the discount rate was 1% lower or 1% higher than the current discount rate as of June 30, 2020:

School's Prop Po	ortionate Shar ension Liability		School's Proportionate Share of HIS Pension Liability		
	Current Discount		1%	Current Discount	
1% Decrease	Rate	1% Increase	Decrease	Rate	1% Increase
5.80%	6.80%	7.80%	1.21%	2.21%	3.21%
\$ 2,419,103	\$ 1,514,939	\$ 759,777	\$ 763,882	\$ 660,823	\$ 576,470

The Pension Plans' Fiduciary Net Positions

Detailed information about the pension plans' fiduciary net positions are available in the System's separately issued CAFR. The components of the collective net pension liability of the participating employers for each defined benefit plan for the measurement date of June 30, 2020, are shown below (in thousands):

	FRS	 HIS
Total pension liability	\$ 204,909,739	\$ 12,588,098
Plan fiduciary net position	(161,568,265)	 (378,261)
Net pension liability	\$ 43,341,474	\$ 12,209,837
Plan fiduciary net position as a percentage		
of the total pension liability	78.85%	3.00%

The total pension liability for the FRS Pension Plan was determined by the plan's actuary and reported in the plan's GASB 67 valuation as of June 30, 2020. The fiduciary net position used by the actuary to determine the net pension liability (as shown above) was determined on the same basis used by the plan. Update procedures were not used.

The total pension liability for the HIS was determined by the plan's actuary and reported in the plan's GASB 67 valuation as of June 30, 2020. The fiduciary net position used by the actuary to determine the net pension liability (as shown above) was determined on the same basis used by the plan.

NOTES TO FINANCIAL STATEMENTS (continued)

<u>Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of</u> Resources Related to Pensions

As of June 30, 2021, the School reported a liability of \$2,175,762 for its proportionate share of the net pension liabilities. The School's proportionate share was calculated using accrued retirement contributions related to the reporting periods included in the System's fiscal years ending June 30, 2013, through June 30, 2020, for employers that were members of the FRS and HIS during those fiscal years. The proportion calculated based on contributions for each of the fiscal years was applied to the net pension liability and other pension amounts applicable to that fiscal year to determine the School's proportionate share of the liability, deferred outflows of resources, deferred inflows of resources and associated pension expense. The School's proportions are as follows:

	FRS	HIS
June 30, 2020	0.0035%	0.0054%
June 30, 2019,		
as restated	0.0036%	0.0057%
Change	-0.0001%	-0.0003%

In accordance with GASB 68, paragraphs 54 and 71, changes in the School's proportionate share of the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current reporting period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Changes of assumptions or other inputs amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Changes in proportion and differences between contributions and proportionate share of contributions – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Differences between expected and actual earnings on pension plan investments amortized over five years.

Employer contributions to the pension plans from the School are not included in collective pension expense; however, employee contributions are used to reduce pension expense. The average expected remaining service life of all employees provided with pensions through the pension plans as of June 30, 2020, was 5.9 years for FRS and 7.2 years for HIS.

NOTES TO FINANCIAL STATEMENTS (continued)

For fiscal year 2021, the School recognized pension expense of \$465,796. As of June 30, 2021, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		ln	eferred flows of sources
Differences between expected and actual experience	\$	85,012	\$	510
Changes of assumptions		345,309		38,424
Net difference between projected and actual earnings on pension plan investments		90,729		-
Changes in proportion and differences between School contributions and proportionate share of contributions		207,891		133,270
School contributions subsequent to the measurement date Total	\$	166,197 895,138	\$	- 172,204

Deferred outflows of resources related to the School's contributions paid subsequent to the measurement date and prior to the School's fiscal year end will be recognized as a reduction of the net pension liability in the subsequent reporting period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension expense will be recognized as follows:

Reporting Period Ended	
June 30:	Amount
2022	\$ 122,892
2023	165,329

8 SCHEDULE OF STATE AND LOCAL REVENUE SOURCES

The following is a schedule of state and local revenue sources and amounts:

District School Board of Orange County, Florida:	
Florida Education Finance Program	\$ 1,765,392
Class size reduction	450,109
Special millage	293,670
Discretionary millage	207,261
Capital outlay	212,167
Supplemental academic instruction	89,865
Teacher salary increase allocation	64,357
ESE guaranteed allocation	58,607
Instructional materials	29,212
Safe schools	23,760
Reading allocation	15,836
Teacher lead pay	7,130
Compression allocation	3,996
Compression adjustment	2,162
Digital classroom allocation	276
Total	\$ 3,223,800

The administration fee paid to the School Board during 2021 totaled \$98,719, which is reflected as a general administration expense/expenditure in the accompanying financial statements.

9 RELATED PARTY TRANSACTIONS

Lease Agreements

The Company has entered into various lease agreements for facilities and equipment used by the School. The School pays the monthly rent on behalf of the Company, which totals approximately \$33,000. For 2021, the School's expense for these agreements totaled approximately \$394,000, of which \$18,000 is included in instruction and \$376,000 is included operation of plant in the accompanying financial statements.

Capital Lease

The Company leases a portion of its equipment under a lease agreement that is classified as a capital lease. The capital lease requires monthly principal and interest payments of \$2,279 at an interest rate of 5.25%. The School makes the payments on behalf of the Company. The economic substance of the lease is that the School is financing the acquisition of the assets through the lease, and, accordingly, a portion of the assets and the lease obligation is recorded in the School's statement of net position.

NOTES TO FINANCIAL STATEMENTS (continued)

Total leased assets as of June 30, 2021 consist of the following:

	Governm Activit		
Furniture, fixtures and equipment Less accumulated depreciation	\$	75,746 (48,393)	
	\$	27,353	

Future debt service requirements related to the capital lease are as follows:

Year Ended June 30,	Principal		Principal Interest		Total		
2022	\$	28,735	\$	888	\$	29,623	
	\$	28,735	\$	888	\$	29,623	

Purchase Commitment

In May 2021, the Company entered into an agreement with three parties to purchase three pieces of property for \$5,500,000. As of June 30, 2021, the School made a payment to an escrow agent on behalf of the Company of \$100,000, which is included in other assets in the accompanying financial statements.

10 COMBINATION OF SCHOOLS

Effective July 1, 2020, Nap Ford Community School and Legends Academy combined their operations into Legends Academy. The opening balances of Legends Academy's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position, as of the beginning of the fiscal year, were determined on the basis of the carrying values reported in the separate financial statements of Nap Ford Community School and Legends Academy as of June 30, 2020.

NOTES TO FINANCIAL STATEMENTS (continued)

NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED JUNE 30, 2021

1 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Company and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the Uniform Guidance).

For fiscal year 2021, the School did not elect to use the 10% de minimis indirect cost rate.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Nap Ford Community School, Inc. - Legends Academy

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Nap Ford Community School, Inc. - Legends Academy (the "School"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated September 20, 2021.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Directors of Nap Ford Community School, Inc. - Legends Academy Page 2

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Winter Park, Florida September 20, 2021

BKHM PA.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNOFRM GUIDANCE

To the Board of Directors of Nap Ford Community School, Inc. - Legends Academy

REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM

We have audited Legends Academy's (the "School") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the School's major federal program for the year ended June 30, 2021. The School's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the School's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the School's compliance.

Opinion on the Major Federal Program

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2021.

To the Board of Directors of Nap Ford Community School, Inc. - Legends Academy Page 2

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

PURPOSE OF THIS REPORT

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

ADDITIONAL INFORMATION REQUIRED BY RULES OF THE AUDITOR GENERAL, CHAPTER 10.850

To the Board of Directors of Nap Ford Community School, Inc. - Legends Academy

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Nap Ford Community School, Inc. - Legends Academy (the "School"), as of and for the year ended June 30, 2021, and have issued our report thereon dated September 20, 2021.

AUDITOR'S RESPONSIBILITY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"); and Chapter 10.850, Rules of the Auditor General.

OTHER REPORTING REQUIREMENTS

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for the Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance, and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule, which are dated September 20, 2021, should be considered in conjunction with this management letter.

PRIOR AUDIT FINDINGS

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations in the preceding annual financial audit report.

OFFICIAL TITLE

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title of the entity is Nap Ford Community School, Inc. - Legends Academy, and the school code assigned by the Florida Department of Education is 0080.

FINANCIAL CONDITION AND MANAGEMENT

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. The financial condition assessment was done as of the fiscal year-end.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

TRANSPARENCY

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its website the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its website the information specified in Section 1002.33(9)(p), Florida Statutes.

ADDITIONAL MATTERS

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

PURPOSE OF THIS LETTER

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Board of Directors, applicable management, and the District School Board of Orange County, Florida and is not intended to be, and should not be, used by anyone other than these specified parties.

Winter Park, Florida September 20, 2021
