#### **Independent Auditor's Report**

To the Board of Directors New Dimensions High School, Inc. Kissimmee, Florida

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of New Dimensions High School, Inc. (the "School"), a component unit of the School Board of Osceola County, Florida as of and for the year ended June 30, 2021, which collectively comprise New Dimensions High School, Inc.'s basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Dimensions High School, Inc. as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise New Dimensions High School, Inc.'s basic financial statements. The accompanying supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated September 2, 2021 on our consideration of the New Dimensions High School, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and

grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering New Dimensions High School, Inc.'s internal control over financial reporting and compliance.

Schafer Thehogy, Whitemet, Mitchell & Shuilan, LCP

September 2, 2021 Maitland, Florida

#### **Management's Discussion and Analysis**

As management of New Dimensions High School, Inc. (the "School"), we offer readers of the School's financial statements this narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2021 to (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the School's financial activities, (c) identify changes in the School's financial position, (d) identify material deviations from the approved budget, and (e) highlight significant issues in individual funds.

Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, it should be considered in conjunction with the basic financial statements found starting on page 9.

#### **Financial Highlights**

- At the end of the current fiscal year, unreserved fund balance for the general fund was \$1,745,513.
- The assets of the School exceeded its liabilities at the close of the most recent fiscal year by \$2,713,014 (net assets).
- The School's total net assets increased by \$42,659.
- At the end of the current fiscal year, the School's total debt decreased by \$97,450 due to mortgage payments made.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to be the School's basic financial statements. The School's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the School's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The statement of activities presents information showing how the School's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both the government-wide financial statements distinguish functions of the School that are principally supported by district, state, and federal funding (governmental activities). Basic instruction, exceptional instruction, and transportation services are examples of the School's governmental activities.

The government-wide financial statements include only the School itself and can be found on pages 8 and 9 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School, like state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the operations of the School are presented in governmental funds only.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the governmental-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund and capital outlay fund, both of which are considered to be major funds.

The School adopts annual appropriate budgets for the general and capital projects funds. Budgetary comparison statements have been provided to demonstrate compliance with these budgets and can be found on pages 38 and 39 of this report.

**Notes to financial statements.** Those notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on page 17 of this report.

#### **Government-Wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of the School's financial position. In the case of the School, assets exceeded liabilities by \$2,713,014 for the year ended June 30, 2021.

The largest portion of the School's net assets reflects its investment in capital assets (e.g., land, buildings and fixed equipment, improvements other than buildings, furniture, fixtures, and equipment, information technology equipment, and vehicles), less any related debt used to acquire those assets that is still outstanding. The School uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the School's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Comparison of the condensed statement of net assets and the statement of activities are provided below.

#### New Dimensions High School, Inc. Statement of Net Assets

	<b>Governmental Activities</b>			
	2021	2020	\$ Change	
ASSETS				
Current and other assets	\$ 1,998,254	1,724,034	274,220	
Capital assets, net of				
accumulated depreciation	5,671,501	5,791,673	(120,172)	
Total assets	7,669,755	7,515,707	154,048	
DEFERRED OUTFLOWS OF RESOURCES				
Deferred outflows related to pensions	500 202	425,992	(74,210)	
Total deferred outflows	500,202	425,992	(74,210)	
LIABILITIES				
Current and other liabilities	337,668	287,369	50,299	
Noncurrent liabilities	5,031,712	4,808,643	223,069	
Total liabilities	5,369,380	5,096,012	273,368	
DEFERRED INFLOWS OF RESOURCES				
Deferred inflow related to pensions	87,563	175,332	(87,769)	
Total deferred inflows of resources	87,563	175,332	(87,769)	
NET ASSETS				
Invested in capital assets,				
net of related debt	2,240,236	2,262,958	(22,722)	
Unrestricted	472,778	407,397	65,381	
Total net assets	\$ 2,713,014	2,670,355	42,659	

The capital assets balances decreased primarily due to depreciation. Current liabilities decreased primarily due to a decrease in accrued payroll. Finally, noncurrent liabilities decreased due to principal payments on the mortgage.

Deferred outflows and inflows and the associated net pension liability relate to the change in accounting for pensions.

### New Dimensions High School, Inc. Statement of Activities

	Governmental Activities			
	2021	2020	\$ Change	
Revenues:				
Program revenues:				
Charges for services	\$ 62,651	188,235	(125,584)	
Capital grants and contributions	251,639	224,955	26,684	
General revenues:				
State through local school district	3,181,006	3,110,467	70,539	
Other grants	225,766	395,500	(169,734)	
Interest income	91	445	(354)	
Total revenues	3,721,153	3,919,602	(198,449)	
Expenses:				
Instruction	2,132,308	2,137,826	(5,518)	
General administration	34,493	34,162	331	
School administration	782,833	501,394	281,439	
Facilities	220,717	222,243	(1,526)	
Transportation services	89,198	106,167	(16,969)	
Operation of plant	85,529	91,852	(6,323)	
Maintenance of plant	179,459	132,148	47,311	
Interest and amortization	153,957	158,572	(4,615)	
Total expenses	3,678,494	3,384,364	(294,130)	
Change in net assets	\$ 42,659	535,238	(492,579)	

**Governmental activities.** Governmental activities increased the School's net assets by \$42,659 for the year ended June 30, 2021. The decrease in revenue of \$198,449 was primarily a result of the receipt of a payroll protection program grant in 2020.

#### Financial Analysis of the Government's Funds

As noted previously, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a School's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the School. At the end of the current fiscal year, unreserved fund balance of the general fund was \$472,778.

The fund balance of the School's general fund increased by \$42,659 during the current fiscal year.

#### **General Fund Budgetary Highlights**

The Board of Directors approved a budget for the general fund and capital projects fund for fiscal year 2021.

#### **Capital Asset and Debt Administration**

Capital assets. The School's net investment in capital assets before related debt for its governmental activities as of June 30, 2021, totaled \$5,671,501. (net of accumulated depreciation). This investment in capital assets includes land, improvements other than buildings, buildings and fixed equipment, furniture, fixtures, and equipment, information technology equipment, and vehicles. Additional information on the School's capital assets can be found in note 4 of the financial statements.

**Long-term liabilities.** The School entered into a loan agreement with maximum borrowings of \$3,800,000 in 2016 to refinance existing debt and to fund the construction of new facilities. The balance remains on this agreement as of June 30, 2021 is \$3,431,265. Further information pertaining to the above can be found in note 5 of the financial statements.

#### **Request for information**

This financial report is designed to provide a general overview of New Dimensions High School, Inc.'s finances for all those with an interest in the School's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Mr. Michael Alfers 4900 Pleasant Hill Rd, Kissimmee, FL 34759.

Total expenditures	3,103,609	389,100	3,492,709
Excess revenues over expenditures	365,905	(137,461)	228,444
Other financing sources:			
Note payable issued	-	-	-
Transfer	(137,470)	137,470	
Net change in fund balance	228,435	9	228,444
Fund balances at July 1, 2020	1,528,849	12,174	1,541,023
Fund balances at June 30, 2021	\$ 1,757,284	12,183	1,769,467

## Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds to the Statement of Activities

For the year ended June 30, 2021

Net change in fund balances - total government funds		\$	228,444
The change in net assets reported for governmental activities in the statement of activities are different because:			
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.			
Fixed capital outlay	137,693		
Depreciation	(257,865)		(120,172)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transactions, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when the debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.			(120,172)
Note payable principal payments	97,450		
Net effect of various transactions in the statement of activities that do not require the use of current financial resources are not reported in the governmental funds:			97,450
Pension expense (calculated for net pension liability)	(365,776)		
Pension contributions made subsequent to the pension liability measurement date of June 30, 2020	202,713		
naumity measurement date of June 30, 2020	202,/13	_	(163,063)
Change in net assets of governmental activities		\$	42,659

#### **Notes to Financial Statements**

June 30, 2021

#### (1) Organization

New Dimensions High School, Inc. (the "School") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statues, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The School provides educational services to students of grades 9 - 12. The governing body of the School is the Board of Directors, which is composed of eight members.

The general operating authority of New Dimensions High School, Inc. is contained in Section 1002.33, Florida Statues. The School operates under a charter of the sponsoring school district, which is the School Board of Osceola County, Florida (the "District"). The current charter is effective through June 30, 2021, which at any time can be renewed in increments of one year. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter in which case the District is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the District may also terminate the charter if good cause is shown. New Dimensions High School, Inc. is considered a component unit of the School Board of Osceola County, Florida.

#### (2) Summary of Significant Accounting Policies

#### (a) Government-wide and Fund Financial Statements

The government-wide financial statements consist of a statement of net assets and a statement of activities. These statements report information on all of the nonfiduciary activities of the School. As part of the consolidation process, all interfund activities are eliminated from these statements. Both statements report only governmental activities as the School does not engage in any business-type activities.

Net assets, the difference between assets and liabilities, as presented in the statement of net assets, are subdivided into three categories: amounts invested in capital assets net of related debt, restricted net assets, and unrestricted net assets. Net assets are reported as restricted when constraints are imposed on the use of the amounts either externally by creditors, grantors, contributors, laws or regulations of other governments, or enabling legislation.

#### **Notes to Financial Statements**

June 30, 2021

#### (2) Summary of Significant Accounting Policies (Continued)

#### (a) Government-wide and Fund Financial Statements (Continued)

The statement of activities presents a comparison between the direct and indirect expenses of a given function and its program revenues, and displays the extent to which each function contributes to the change in net assets for the fiscal year. Direct expenses are those that are clearly identifiable to a specific function. Indirect expenses are costs the School has allocated to various functions. Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions.

Charges for services refer to amounts received from those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function. Revenues not classified as program revenues are reported as general revenues.

Separate fund financial statements report detailed information about the School's governmental funds. The focus of the governmental fund financial statements is on major funds. Therefore, major funds are reported in separate columns on the fund financial statements. All of the School's funds were deemed major funds. A reconciliation is provided that converts the results of governmental fund accounting to the government wide presentation.

#### (b) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred.

All governmental fund financial statements are reported using a current financial resources measurement focus on a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues, except for certain grant revenues, are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period.

#### **Notes to Financial Statements**

June 30, 2021

#### (2) Summary of Significant Accounting Policies (Continued)

## (b) <u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)</u>

For this purpose, the government considers revenues to be available if they are collected within sixty days of the current fiscal period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for federal, state, and other grant resources, revenue is recognized at the time the expenditure is made.

Under the modified accrual basis of accounting, expenditures are generally recorded when the related fund liability is incurred. However, principal and interest on general long-term debt are recorded as expenditures only when payment is due.

The School's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. Accordingly, the financial statements are organized on the basis of funds. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund equity, revenues, expenditures, and other financing sources and uses.

Resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The School reports the following major governmental funds:

<u>General Fund</u> - the general operating fund of the School. It is used to account for all financial resources not required to be accounted for in another fund.

<u>Capital Outlay Fund</u> - in accordance with guidelines established by School Board of Osceola County, FL, this fund accounts for all resources for the leasing, construction, or acquisition of capital facilities and assets by the School to the extent funded by capital funds.

Additionally, the School reports the following fiduciary fund type:

Agency Fund - to account for resources of School's internal funds which are used to administer money collected in connection with student, athletic, class, and club activities.

#### **Notes to Financial Statements**

June 30, 2021

#### (2) Summary of Significant Accounting Policies (Continued)

## (b) <u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)</u>

When both restricted and unrestricted resources are available for use, it is the School's policy to use restricted resources first, then unrestricted resources as they are needed.

#### (c) Cash and Cash Equivalents

The School's cash and cash equivalents consist of deposits, cash on hand, and investments with a maturity date of three months or less.

#### (d) Receivables

The School's receivables typically consist of amounts due from the local school district at June 30, 2021. After reviewing the individual account balances, the School's management has determined that 100% of receivables are fully collectible. Therefore, no allowance for doubtful accounts has been provided.

#### (e) Interfund Activity

Activity between the funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as due to/from other funds. As of June 30, 2021, the general fund has no amount due to the agency fund.

#### (f) Capital Assets

Capital assets, are reported in the applicable governmental columns on the government-wide financial statements. Capital assets are defined by the School as assets with an initial individual cost of more than \$1,000 and an estimated useful live of more than one year. Such assets are recorded at historical cost. Donated capital assets are recorded at their estimated fair market value at the date of donation.

#### **Notes to Financial Statements**

June 30, 2021

#### (2) Summary of Significant Accounting Policies (Continued)

#### (f) <u>Capital Assets (Continued)</u>

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets of the School are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Buildings and fixed equipment	10 - 40
Improvements other than buildings	5 - 39
Furniture, fixtures, and equipment	5 - 10
Information technology equipment	5 - 7
Vehicles	10

#### (g) Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net assets.

#### (h) Revenue Resources

Revenues for current operations are received primarily from the State of Florida passed through the District to the School pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33(17), Florida Statutes, the School reports the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of FTE students and related data to the Florida Department of Education (FLDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect revised calculations by the FLDOE under the Florida Education Finance Program and actual weighted FTE students reported by the School during designated FTE student survey periods.

#### **Notes to Financial Statements**

June 30, 2021

#### (2) Summary of Significant Accounting Policies (Continued)

#### (h) Revenue Resources (Continued)

The School at times receives federal awards for the enhancement of various educational programs. This assistance is generally based on applications submitted to and approved by various granting agencies. These federal awards may have eligibility requirements whereby the issuance of grant funds is withheld until such eligible expenditures are incurred. Revenues for these awards are recognized only to the extent that eligible expenditures have been incurred. For the year ended June 30, 2021, no federal awards were received.

Additionally, other revenues may be derived from various other activities and programs.

#### (i) <u>Use of Estimates</u>

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

#### (j) <u>Income Taxes</u>

The School qualifies as a tax-exempt organization, and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

#### **Notes to Financial Statements**

June 30, 2021

#### (2) Summary of Significant Accounting Policies (Continued)

#### (k) Pensions

In the government-wide statement of net pension, liabilities are recognized for the School's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS's and the HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The School's retirement plans and related amounts are described in a subsequent note.

#### (l) <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then.

#### **Notes to Financial Statements**

June 30, 2021

### (2) Summary of Significant Accounting Policies (Continued)

#### (m) **Subsequent Events**

In preparing these financial statements, the Organization has evaluated subsequent events and transactions for potential recognition and disclosure through September 2, 2021, which is the date the financial statements were available to be issued.

#### (3) Cash and Cash Equivalents

Custodial Credit Risk – The School maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Federal Deposit Insurance Corporation ("FDIC") insures up to \$250,000 per depositor for all insurable accounts.

#### (4) Capital Assets

Changes in capital assets are as follows:

	Balance at July 1, 2020	Additions	<b>Deletions</b>	Balance at June 30, 2021
Capital assets not being depreciated:				
Land	\$ 275,000			275,000
Capital assets depreciated:				
Buildings and fixed equipment	7,235,127	-	_	7,235,127
Improvements other than buildings	485,470	-	-	485,470
Furniture, fixtures and equipment	279,075	-	-	279,075
Information technology equipment	272,278	137,693	_	409,971
Vehicles	148,109			148,109
Total assets depreciated	8,420,059	137,693	_	8,557,752
Less accumulated depreciation:				
Buildings and fixed equipment	1,916,753	199,376	_	2,116,129
Improvements other than buildings	348,539	16,605	_	365,144
Furniture, fixtures and equipment	269,291	4,736	_	274,027
Information technology equipment	272,278	22,571	_	294,849
Vehicles	76,525	14,577		111,102
Total accumulated depreciation	2,903,386	257,865		3,161,251
Total government activities capital				
assets, net	\$ 5,791,673			5,671,501
				(Continued)

#### **Notes to Financial Statements**

June 30, 2021

#### (4) Capital Assets (Continued)

Depreciation expense for the year ended June 30, 2021 was charged to functions of the School as follows:

Instruction	\$ 22,571
Facilities	220,717
Transportation	14,577
Total depreciation	\$ 257,865

#### (5) <u>Long-Term Liabilities</u>

**Changes in Long-Term Liabilities** 

Changes in long-term liabilities are as follows:

	Balance at July 1, 2020	Additions	Reductions	Balance at June 30, 2021	Due within one year
Note payable	\$ 3,528,715		97,450	3,431,265	108,881
Net pension liability	\$ 1,384,286	325,042		1,709,328	

The School has entered into a note to aide in the construction of permanent student facilities. The construction of these facilities was completed in June 2012. The note payable is due in monthly installments of \$11,993, including interest at 4.25% through November 2, 2026 at which date the balance is due. The note is collateralized by a mortgage on the facilities. Current year interest on the note was \$83,935.

In May 2017, the School entered into a note for the purpose of financing a new building. The construction of this building was completed in August 2017. The note payable is due in monthly installments of \$8,957 including interest at 4.50% through March 5, 2027 at which time the balance is due. Current year interest on the note was \$70,022.

#### **Notes to Financial Statements**

June 30, 2021

## (5) <u>Long-Term Liabilities (Continued)</u>

Future amounts required to service the note are as follows:

Fiscal Year ending June 30,	Principal	Interest	Total
2022	\$ 108,881	142,526	251,407
2023	113,599	137,808	251,407
2024	118,523	132,884	251,407
2025	123,660	127,747	251,407
2026	129,018	128,389	251,407
thereafter	2,837,584	128,104	2,886,941
	\$ 3,431,265	712,711	4,143,976

## (6) **Concentrations**

#### Revenue Resources

As stated in note 2(h), the School receives revenues from current operations primarily from the State of Florida through the District. The following is a schedule of revenue sources and amounts:

Sources	Amounts
School District of Osceola County:	
Base funding	\$ 2,218,149
ESE guaranteed allocation	20,752
Supplemental academic instruction	98,302
Class size reduction	400,876
Safe schools	24,466
Discretionary local effort	156,705
Discretionary millage	111,306
Instructional materials	33,827
Capital outlay	251,639
Digital classroom	761
Teacher salary increase	76,910
Student transportation	19,350
Reading allocation	19,602
Total passed through the School District	3,432,645
Other revenues:	
Rental income	22,388
Interest income	91
Other revenues	572
Other grants	225,766
Title I	39,691
	\$ 3,721,153

#### **Notes to Financial Statements**

June 30, 2021

#### (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan

General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the School are eligible to enroll as members of the Stateadministered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is Department available from the Florida of Management Services' Web site (www.dms.myflorida.com).

The School's pension expense totaled \$237,134 for the fiscal year ended June 30, 2021.

#### FRS Pension Plan

<u>Plan Description</u>. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

Regular Class – Members of the FRS who do not qualify for membership in the other classes.

#### **Notes to Financial Statements**

June 30, 2021

#### (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS-participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average financial compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned.

#### **Notes to Financial Statements**

June 30, 2021

### (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

Class, Initial Enrollment, and Retirement Age/Years of Service	% Value
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

<u>Contributions</u>. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2018-19 fiscal year were as follows:

	Percent of	Gross Salary
Class	Employee	Employer (A)
FRS, Regular	3.00	8.47
FRS, Reemployed Retiree	(B)	(B)

Notes: (A) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(B) Contribution rates are dependent upon retirement class in which reemployed.

#### **Notes to Financial Statements**

June 30, 2021

#### (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

The School's contributions, including employee contributions, to the Plan totaled \$121,570 for the fiscal year ended June 30, 2021, excluding HIS plan contributions.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflow of Resources Related to Pensions. At June 30, 2021, the School reported a liability of \$1,183,802 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The School's proportionate share of the net pension liability was based on the School's 2018-19 fiscal year contributions relative to the 2019-20 fiscal year contributions of all participating members. At June 30, 2020, the School's proportionate share was .002731337 percent, which was an increase of .000109103 percent from its proportionate share measured as of June 30, 2019.

For the fiscal year ended June 30, 2021, the School recognized pension expense of \$287,134. In addition, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 45,307	-
Change of assumptions	214,305	-
Net difference between projected and actual earnings on FRS pension plan investments	70,485	_
Changes in proportion and differences between School FRS contributions and proportionate share of con-	,	
tributions	35,328	35,041
School FRS contributions subsequent to the measure-	,	•
ment date	22,759	
Total	\$ 365,425	35,041

#### **Notes to Financial Statements**

June 30, 2021

#### (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

The deferred outflows of resources related to pensions, totaling \$22,759, resulting from School contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the subsequent reporting period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2022	\$ 68,059
2023	106,053
2024	90,129
2025	53,886
2026	12,257
Thereafter	_

<u>Actuarial Assumptions</u>. The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Investment rate of return	6.80 percent, net of pension plan investment
	expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

#### **Notes to Financial Statements**

June 30, 2021

#### (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

Asset Class	Target Allocation (A)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.00%	3.3%	3.3%	1.2%
Fixed income	18.00%	4.1%	4.1%	3.5%
Global equity	54.00%	8.0%	6.8%	16.5%
Real estate (property)	10.00%	6.7%	6.1%	11.7%
Private equity	11.00%	11.2%	8.4%	25.8%
Strategic investments	6.00%	5.9%	5.7%	6.7%
Total	100.00%			
Assumed inflation – Mean		2.4%		1.7%

Note: (A) As outline in the Plan's investment policy.

<u>Discount Rate</u>. The discount rate used to measure the total pension liability was 6.80 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the School's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the School's proportionate share of the net pension liability calculated using the discount rate of 6.80 percent, as well as what the School's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (5.80 percent) or 1 percentage-point higher (7.80 percent) than the current rate:

	1%	Current	1%
	Decrease (5.80%)	Discount Rate (6.80%)	Increase (7.80%)
School's proportionate share of			
the net pension liability	\$ 1,890,141	1,183,802	593,704

#### **Notes to Financial Statements**

June 30, 2021

#### (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

<u>Pension Plan Fiduciary Net Position</u>. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

#### **HIS Pension Plan**

<u>Plan Description</u>. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2021, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2021, the contribution rate was 1.66 percent of payroll pursuant to Section 112,363, Florida Statutes. The School contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The School's contributions to the HIS Plan totaled \$33,296 for the fiscal year ended June 30, 2021.

(Continued)

#### **Notes to Financial Statements**

June 30, 2021

## (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2021, the School reported a net pension liability of \$525,526 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The School's proportionate share of the net pension liability was based on the School's 2019-2020 fiscal year contributions relative to the total 2019-2020 fiscal year contributions of all participating members. At June 30, 2020, the School's proportionate share was .004300874 percent, which was an increase of .000102865 percent from its proportionate share measured as of June 30, 2018.

For the fiscal year ended June 30, 2021, the School recognized pension expense of \$78,642. In addition, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Ou	ferred tflows sources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	21,497	406
Change of assumptions		56,509	30,557
Net difference between projected and actual earnings			
on HIS pension plan investments		420	-
Changes in proportion and differences between School			
HIS contributions and proportionate share of HIS con-			
tributions		28,312	21,559
School contributions subsequent to the measurement			
date		5,280	
Total	\$	112,018	52,522

(Continued)

#### **Notes to Financial Statements**

June 30, 2021

## (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

The deferred outflows of resources totaling \$5,280, was related to pensions resulting from School contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent reporting period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending June 30	Amount
2022	\$ 15,007
2023	11,131
2024	3,041
2025	7,064
2026	9,618
Thereafter	8,355

<u>Actuarial Assumptions</u>. The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	3.25 percent, average, including inflation
Municipal bond rate	2.21 percent

Mortality rates were based on the Generational RP-2000 with Projected Scale BB.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

<u>Discount Rate</u>. The discount rate used to measure the total pension liability was 2.21 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

## (7) Florida Retirement System (FRS) – Defined Benefit Pension Plan (Continued)

Sensitivity of the School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following represents the School's proportionate share of the net pension liability calculated using the discount rate of 2.21 percent, as well as what the School's proportionate share of the net pension liability would be If it were calculated using a discount rate that is 1 percentage point lower (1.21 percent) or 1 percentage point higher (3.21 percent) than the current rate:

	1%	Current	1%
	Decrease (1.21%)	Discount Rate (2.21%)	(3.21%)
School's proportionate share of	\$ 607 485	525 526	458,443
the net pension liability	\$ 607,485	525,526	

<u>Pension Plan Fiduciary Net Position</u>. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

Certified Public Accountants

Michael R. Schafer, CPA Thomas R. Tschopp, CPA Tom V. Whitcomb, CPA 541 S. Orlando Avenue, Suite 312 Maitland, Florida 32751 (407) 839-3330 Joseph P. Mitchell, CPA Stephen J. Sheridan, CPA Daniel M. Hinson, CPA

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

To the Board of Directors New Dimensions High School, Inc. Kissimmee, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing* Standards issued by the Comptroller General of the United States, the financial statements of New Dimensions High School, Inc. (the "School"), a component unit of the School Board of Osceola County, Florida as of and for the year ended June 30, 2021, which collectively comprise New Dimensions High School, Inc.'s basic financial statements, and the related notes to the financial statements, and have issued our report thereon dated September 2, 2021.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered New Dimensions High School, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New Dimensions High School, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of New Dimensions High School, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the organization's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether New Dimensions High School, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### MANAGEMENT LETTER

To the Board of Directors New Dimensions High School, Inc. Kissimmee, Florida

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of New Dimensions High School, Inc. ("School"), a component unit of the School Board of Osceola County, Florida as of and for the fiscal year ended June 30, 2021, which collectively comprise New Dimensions High School, Inc.'s basic financial statements and have issued our report thereon dated September 2, 2021.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters. Disclosures in that report, which is dated September 2, 2021, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.850, Rules of the Auditor General, which governs the conduct of the charter school and similar entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditor's reports or schedule:

- Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report for the year ended June 30, 2020.
- Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address violations of provisions of contracts or grant agreements, or abuse that have an effect on the financial statements that is less than material but more than inconsequential. See the attached list for any such violations. In connection with our audit, we did not have any such recommendations.

- Section 10.854(1)(e)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that have an effect on the financial statement considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, and (2) control deficiencies that are not significant deficiencies. See the attached list for any such recommendations.
- Section 10.854(1)(e)6., Rules of the Auditor General, requires the name or official title of the school. The official title of the School is *New Dimensions High School, Inc.*, a component unit of the School Board of Osceola County, FL, which is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes.
- Section 10.854(1)(e)2., Rules of the Auditor General, requires a statement be included as to whether or not the school has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- Pursuant to Sections 10.854(1)(e)7.a. and 10.855(10), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
- Sections 10.854(1)(e)7. And 10.855(13), Rules of the Auditor General, require that we apply appropriate procedures to determine whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Pursuant to Chapter 119, Florida Statutes, this management letter is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended for the information of New Dimensions High School, Inc., the School District of Osceola County, Florida, the State of Florida Office of the Auditor General and other regulatory agencies of federal and state governments and is not intended to be and should not be used by anyone other than these specified parties.
