INDEPENDENT AUDITOR'S REPORT

Board of Directors
Franklin Academy Boynton Beach
Boynton Beach, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Franklin Academy Boynton Beach (the "School"), a charter School under Franklin Academy Foundation, Inc. and Subsidiary, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Franklin Academy Boynton Beach, as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information

and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Management’s Discussion and Analysis
Franklin Academy Boynton Beach
(A Charter School Under Franklin Academy Foundation, Inc. and Subsidiary)
June 30, 2023

The corporate officers of Franklin Academy Boynton Beach (the “School”) have prepared this narrative overview and analysis of the School’s financial activities for the fiscal year ended June 30, 2023.

FINANCIAL HIGHLIGHTS

1. The net position of the School as of June 30, 2023 was \$5,605,846.
2. At year-end, the School had current assets on hand of \$7,817,742.
3. The net position of the School increased by \$1,083,027 during the year.
4. The unassigned fund balance at year end was \$3,874,759.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the School’s basic financial statements. The School’s financial statements for the year ended June 30, 2023 are presented in accordance with GASB Codification Section 2200. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *Government-Wide Financial Statements* are designed to provide readers with a broad overview of the School’s finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the School’s assets and liabilities. The difference between the two is reported as *net position*. Over time, increases or decreases in net position may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The *Statement of Activities* presents information on how the School’s net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event resulting in the change occurs, without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 10 – 11 of this report.

Fund Financial Statements

A “fund” is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School, like other state and local governments, uses fund accounting to ensure and report compliance with finance-related legal requirements.

All of the funds of the School are governmental funds. *Governmental Funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.

Governmental Fund financial statements, however, focus on *near-term* inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government’s requirements for near-term financing.

Prior to the start of the School’s fiscal year, the Board of the School adopts an annual budget for all of its governmental funds, if applicable. A budgetary comparison statement has been provided for the School’s governmental funds to demonstrate compliance with the School’s budget. The basic governmental fund financial statements can be found on pages 12 - 15 of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 16 - 25 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a charter school's financial position. In the case of the School, the net position was \$5,605,846 at the close of the fiscal year. A summary of the School's net position as of June 30, 2023 and 2022 is as follows:

ACCOMPLISHMENTS

Franklin Academy in Boynton Beach completed its tenth successful year in 2022-2023.

A variety of parent and community events were hosted on our campus including the Fall Festival, NJHS Induction Ceremony, Culture Fair, Fall and Spring Arts Showcase, our quarterly behavior celebrations to acknowledge our "High Flying K.I.T.E.S", Parent Academies, after school tutoring, and summer school for students in grades Kindergarten through eighth.

Our SGA attended the annual county council banquet which consists of all the middle/high school student councils in Palm Beach County enjoying lunch, campaigning, and voting for the 23-24 school year county officer positions, and giving out scholarships to seniors. This year was extra special because our very own members Madison and Kailey represented Franklin Academy with their Barbie theme campaign (you can do anything!), ran for county treasurer, and won! This is the first time Franklin Academy has held a county position. They are very excited to represent us.

SCHOOL LOCATION

Franklin Academy Foundation, Inc. owns the facility located at 7882 Military Trail, Boynton Beach, Florida 33463.

CAPITAL IMPROVEMENT REQUIREMENT

The School maintains a continuous capital improvements program to enhance facilities and update fixtures and equipment as required.

SCHOOL ENROLLMENT

This past year, the School had approximately 1,416 students enrolled in grades kindergarten through eighth grade.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the School's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the School's financing requirements. In particular, the *unassigned fund* balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Most of the School's operations are funded in the General Fund. The majority of the General Fund revenues are distributed to the School by the District through the Florida Education Finance Program (FEFP), which uses formulas to distribute state funds and an amount of local property taxes (i.e., required local effort) established each year by the Florida Legislature.

At the end of the fiscal year, the School's governmental general fund reported ending fund balance of \$3,874,759. The fund balance unassigned and available for spending at the School's discretion is \$3,874,759.

CAPITAL ASSETS

The School's investment in capital assets as of June 30, 2023 amounts to \$19,607,239 (net of accumulated depreciation). This investment in capital assets includes, land building and improvements, furniture, fixtures and computer equipment. The School had \$23,714,688 in long-term debt related to capital assets.

REQUESTS FOR INFORMATION

This financial report is intended to provide a general overview of the finances of the Charter School. Requests for additional information may be addressed to Alison L'Etoile, at 7882 Military Trail, Boynton Beach, Florida, 33463.

GOVERNMENTAL FUND BUDGET ANALYSIS

Prior to the start of the School's fiscal year, the Board of the Charter School adopted an annual budget. A budgetary comparison statement has been provided for the governmental funds to demonstrate compliance with the School's budget.

NOTES TO FINANCIAL STATEMENT
FOR THE YEAR ENDED JUNE 30, 2023**

NOTE 1 – ORGANIZATION AND OPERATIONS

Reporting Entity

Franklin Academy Boynton Beach (the "School"), is a charter school located in the school district of the School Board of Palm Beach County, Florida (the "District"). The Schools charter is held by Franklin Academy Foundation, Inc. and Subsidiary, a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act. The governing body of the School is the board of directors of Franklin Academy Foundation, Inc. and Subsidiary, which is composed of five members and also governs other charter schools. The board of directors has determined that no component unit exist that would require inclusion in the School financial statement.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter granted by the sponsoring district, the School Board of Palm Beach County, Florida. The current charter expires on June 30, 2028 and is renewable for an additional term pursuant to law and/or by a mutual written agreement between the School and the District. At the end of the term of the charter, the District may choose not to renew the charter under the grounds specified in the charter in which case the District is required to notify the School in writing at least 90 days prior to the charters expiration. During the term of the charter, the District may terminate the charter if good cause is shown.

The School's location is in Boynton Beach, Florida for children from kindergarten through eighth grade and is funded by the District. These financial statements are for the year ended June 30, 2023, when a total of approximately 1,416 students were enrolled for the school year.

Basis of Presentation

The School's accounting policies conform to accounting principles generally accepted in the United States as applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Accordingly, the basic financial statements include both the government-wide and fund financial statements.

Deferred Outflow/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section of deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

Government-wide and Fund Financial Statements

Government Wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information about the School as a whole. Any internal interfund activity has been eliminated from these financial statements. Both statements report only governmental activities as the School does not engage in any business type activities.

NOTE 1 – ORGANIZATION AND OPERATIONS (Continued)

Government-wide and Fund Financial Statements (Continued)

Government Wide Financial Statements

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees; (2) operating grants such as the National School Lunch Program, Federal grants, and other state allocations; and (3) capital grants specific to capital outlay.

In addition, revenues not classified as program revenues are shown as general revenues, which include Florida Education Finance Program (FEFP) revenues and other miscellaneous sources.

Fund Financial Statements

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, and liabilities, deferred inflows of resources, equity, revenues and expenditures. The School reports the following major governmental funds with all non-major funds aggregated in a single column:

General Fund - is the School's primary operating fund. It accounts for all financial resources of the school, except those required to be accounted for in another fund.

Debt Service Fund - accounts for the resources accumulated and payments made for principal and interest on long-term debt of the School.

Measurement Focus and Basis of Accounting

The financial statements of the School are prepared in accordance with generally accepted accounting principles (GAAP). The School's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) Codification of Accounting and Financial Reporting Guidance.

The government-wide statements report using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The School recognizes assets of non-exchange transactions in the period when the underlying transaction occurs, when an enforceable legal claim has arisen, or when all eligibility requirements are met. Revenues are recognized on the modified accrual basis, when they are measurable and available. Non-exchange transactions occur when the school provides (or receives) value to (from) another party without receiving (or giving) equal or nearly equal value in return. Most donations are examples of non-exchange transactions. Revenues from grants and donations are recognized on the accrual basis, in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year.

NOTES TO FINANCIAL STATEMENT
FOR THE YEAR ENDED JUNE 30, 2023**

NOTE 1 – ORGANIZATION AND OPERATIONS (Continued)

Measurement Focus and Basis of Accounting (Continued)

Florida Education Finance Program (FEFP) revenues are recognized when received. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Charges for services and fees are recognized when cash is collected as amounts are not measurable. When grant terms provide that the expenditure of funds is the prime factor for determining eligibility for federal, state, and other grant funds, revenue is recognized at the time the expenditure is made. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

Budgets and Budgetary Accounting

In compliance with Florida Statutes, the Board of Directors adopts an annual budget using the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g. salaries and benefits, purchased services, materials and supplies and capital outlay) within each activity (e.g. instruction, pupil personnel services and school administration). Revisions to the annual budget are approved by the Board.

Cash

Cash and cash equivalents include all highly liquid investments with a maturity of three months or less.

Inter-fund Transfers

Inter-fund receivables/payables ("due from/to") are short-term balances that represent reimbursements between funds for payments made by one fund on behalf of another fund.

Due from Other Governments or Agencies

Amounts due to the School by other governments or agencies are for grants or programs under which the services have been provided by the School.

Capital Assets

The School's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the statement of net position in the government-wide financial statements. Donated capital assets are recorded at their estimated fair market value on the date donated. The School generally capitalizes assets with a cost of \$500 or more. Building improvements, additions and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in the government wide financial statements. Proceeds received from the sale of or disposal of capital assets are recorded as other financing sources in the fund financial statements. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings and Improvements	15-40 Years
Furniture, Equipment and Software	5 Years
Textbooks	3 Years

NOTE 1 – ORGANIZATION AND OPERATIONS (Continued)

Compensated Absences

For all full-time, regular, 10-month employees (meaning employees whose position requires them to work only during the academic school year, approximately 10 months of the year), PTO is accrued at the rate of 8 hours per month. Each fiscal year (July 1 through June 30), 10-month employees are eligible to earn up to a maximum of 80 hours of PTO. At the end of a fiscal year, exempt 10-month employees are eligible for PTO buyback for up to five (5) days of accrued but unused PTO. PTO buyback is at the substitute teacher rate in effect at the time of the buyback.

GASB Codification Section C60, Accounting for Compensated Absences, provides that compensated absences that are contingent on a specific event that is outside the control of the employer and employee should be accounted for in the period those events take place. Accordingly, these financial statements do not include an accrual for sick days available to be used in future benefits years.

The School also provides certain days to be used for specific personal matter such as family death and jury duty. Because the use of such days is contingent upon those events taking place and such events are out of the control of both the employer and the employee, there is no accrual for such days.

Revenue Sources

Revenues for current operations are received primarily from the State through the District pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its review as well as to prevent statewide allocations from exceeding the amount authorized by the Legislature. Normally, such adjustments are treated as reductions of revenue in the year the adjustment is made.

The School receives state funds through the District under charter school capital outlay funding pursuant to Section 1013.62, Florida Statutes. Funds are based on a capital outlay plan submitted to the District and are to be used for lease of school facilities. In addition, the School may receive a portion of the local capital improvement ad valorem tax revenues levied by the District.

Finally, the School also receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenues until expended. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

NOTE 1 – ORGANIZATION AND OPERATIONS (Continued)

Net Position and Fund Balance Classifications

Government-wide financial statements

Equity is classified as net position and displayed in three (3) components:

- Net investment in capital assets - and long-term receivables consists of capital assets net of accumulated depreciation and long-term receivables, reduced by the outstanding balances of any borrowings that are attributable to the acquisition or improvement of those assets.
- Restricted net position - consists of net position with constraints placed on their use either by external groups such as creditors, grantors, contributors or laws or regulations of other governments.
- Unrestricted net position - all other net position that do not meet the definition of "restricted" or "net investment in capital assets and long-term receivables."

When both restricted and unrestricted resources are available for a specific purpose, it is the District's policy to use restricted resources first, until exhausted, before using unrestricted resources.

Fund financial statements

Under GASB Codification Section 1800.142, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes. GASB requires the fund balance amounts to be properly reported within one of the fund balance categories listed below:

- Non-spendable - includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Consists of fund balance associated with inventories, and prepaid expenses.
- Restricted - fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. Restricted balances at year-end relate to bonds issued.
- Committed - fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School's Board of Directors. There are no committed fund balances at year-end.
- Assigned - fund balance classification are intended to be used by the School's management for specific purposes but do not meet the criteria to be classified as restricted or committed. There are no assigned fund balances at year-end.
- Unassigned - portion of the fund balance that has not been restricted, committed or assigned for a specific purpose. This is the residual classification for the School's general fund.

Committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

NOTE 1 – ORGANIZATION AND OPERATIONS (Continued)

Restricted Assets

Restricted assets include money market accounts that are related to amounts that the School is required to segregate in connection with the issuance of bonds, including capitalized interest fund and reserve requirements. The Trust Indenture requires the establishment of Funds for the bonds and accounts within such funds, all of which shall be special trust funds and accounts held by the Trustee. At June 30, 2023, the composition of restricted balances is as follows:

<u>Debt Service Reserve</u>	
Bond Interest Account	\$ 947,450
Principal Account	15,400
Bond Revenue Fund	22
Debt Service Reserve	<u>1,752,565</u>
	<u>\$ 2,715,437</u>

Income Taxes

Franklin Academy Foundation, Inc. and Subsidiary qualifies as a tax-exempt organization under Internal Revenue Code Section 501 (c)(3), and is, therefore, exempts from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In accordance with GASB Codification Section 2250.106, the School has evaluated subsequent events and transactions for potential recognition or disclosure through September 26, 2023, which is the date the financial statements were available to be issued.

NOTE 3- CASH, OPERATING UNRESTRICTED

Deposits

The School's policy is to maintain its cash and cash equivalents in major banks and in high grade investments. As of June 30, 2023, the carrying amount of the School's operating deposits was \$5,045,936 and the respective bank balances totaled \$5,047,045.

Deposits at FDIC-insured institutions are insured up to \$250,000 per depositor, per financial institution. The School is a charter school under Franklin Academy Foundation, Inc. and Subsidiary, which also operates various other charter schools. All bank accounts are opened under the account ownership of Franklin Academy Foundation, Inc. and Subsidiary, therefore, bank balances at times may potentially be in excess of FDIC coverage. As of June 30, 2023, bank balances in potential excess of FDIC coverage totaled \$4,797,045.

NOTE 4 – MANAGEMENT

The School uses Franklin Academy Foundation Inc., (the holder of the School's charter) to provide complete administrative and management services to all Franklin Academy schools. These services include but are not limited to: administration of support services (facility maintenance, food service, transportation, etc.); governmental compliance reporting; coordination of legal support for school operations; district management/liaison; parent customer service; grant application/management; charter application development/submission/approval; site selection/development; construction project management; school marketing/enrollment management; financing management; and public relations.

NOTE 4 – MANAGEMENT (Continued)

Based on the School’s Administrative Services agreement with Franklin Academy Foundation, Inc., the School was charged \$665 per student during the year ended June 30, 2023 and will be charged \$740 per student in 2023-2024. During the year, the School made payments totaling \$868,636.

In addition, Building Hope Services, LLC., a professional charter school management company, provides accounting and human resources management services to the School including, but not limited to, regulatory compliance, maintenance of the books and records, bookkeeping, budgeting and financial reporting. The agreement between the School and the management company calls for a fee of \$50 per full time equivalent (FTE) student per year. The agreement can be terminated at any time by the board with 30 day notice. During the year ended June 30, 2023, the School incurred approximately \$65,311 in management fees. Building Hope Services, LLC. is located at 1225 SE 2nd Avenue, Fort Lauderdale, Florida, 33316.

NOTE 5 - RELATED PARTY TRANSACTIONS

The School transacts with its charter holder, Franklin Academy Foundation, Inc. and has recorded such transactions as long-term receivables from Franklin Academy Foundation, Inc. At June 30, 2023, the School had a long-term receivable of \$3,417,647.

Changes in long-term receivable balances were as follows:

	Balance July 1, 2022	Additions	Collections	Balance June 30, 2022
Franklin Academy Foundation, Inc.	\$ 3,104,996	\$ 968,554	\$ (655,903)	\$ 3,417,647
Total Long Term Receivables	<u>\$ 3,104,996</u>	<u>\$ 968,554</u>	<u>\$ (655,903)</u>	<u>\$ 3,417,647</u>

Pursuant to the Charter School contract with the School District, the District withholds an administrative fee of up to 5% of the qualifying revenues of the School and up to and including 250 students. For the year ended June 30, 2023, administrative fees totaled \$97,890.

NOTE 6 — LONG TERM DEBT

Revenue Bond

Educational Facilities Revenue Bonds, Series 2016A and 2016B — The Florida Development Finance Corporation (the "issuer") issued Educational Facilities Revenue Bond, Series 2016A, in aggregate principal amount \$50,625,000 (the "Series 2016A Bonds") and Franklin Academy Foundation, Inc. issued Taxable Educational Facilities Revenue Bond Series 2016B, in the aggregate principal amount of \$195,000 (the "Series 2016B Bonds"). The bonds were used to (i) finance or refinance the acquisition, construction, rehabilitation, improvement and equipping of the Facilities for the School in Boynton Beach, Florida (Boynton Beach Project) and for Franklin E in Cooper City, Florida (Cooper City Project) (ii) the funding of capitalized interest on the Bond; (iii) the funding of a debt service reserve fund for the Bond; and (iv) certain cost of issuance of the Series 2016 Bonds. The Series 2016A Bonds are subject to redemption prior to their stated maturity in part, randomly, from Mandatory Sinking Account Payments.

Interest is payable annually beginning July 2017. The bonds are secured by mortgage interest on the projects to the benefit of US National Association (the "Trustee") and assignment of payments (the "Pledge Revenue") to the Trustee pursuant to the Indenture of Trust dated August 1, 2016. These Bonds are subject to interest rates ranging from 4.00% to 6.00%

Total Due from (Due to)	<u>\$ (56,369)</u>	<u>\$ 56,369</u>

NOTE 8 - COMMITMENTS, CONTINGENCIES AND CONCENTRATIONS

The School receives substantially all of its funding from the District under the Florida Education Finance Program (FEFP), which is based in part on a computation of the number of full-time equivalent (FTE) students attending different instructional programs. The accuracy of FTE student data submitted by individual schools and used in the FEFP computations is subject to audit by the state and, if found to be in error, could result in refunds to the state or in decreases to future funding allocations. Additionally, the School receives various forms of federal, state and local funding which are subject to financial and compliance audits. It is the opinion of management that the amount of funding, if any, which may be remitted back to the state due to errors in the FTE student data or the amount of grant expenditures which may be disallowed by grantor agencies would not be material to the financial position of the School.

NOTE 9 - RISK MANAGEMENT

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage for the past years. In addition, there were no reductions in insurance coverage from those in the prior year.

NOTE 10— DEFINED CONTRIBUTION RETIREMENT PLAN

The School's personnel are eligible to participate in a defined contribution 401(k) plan covering employees who meet certain age and tenure requirements. Under the Plan, the School provides a match of the employee's contribution up to 2.5% of the employee's compensation. The School contributed to the Plan \$42,911 for the year ended June 30, 2023. The School does not exercise any control or fiduciary responsibility over the Plans' assets.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Franklin Academy Boynton Beach
Boynton Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund and the aggregate remaining fund information of Franklin Academy Boynton Beach (the "School"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated September 26, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Directors
Franklin Academy Boynton Beach
Boynton Beach, Florida

Report on the Financial Statements

We have audited the financial statements of Franklin Academy Boynton Beach (the "School"), as of and for the fiscal year ended June 30, 2023, and have issued our report thereon dated September 30, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards. Disclosures in that report, which is dated September 26, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no findings and recommendations in the preceding financial audit report.

Official Title

Section 10.854(1)(e)5, Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity is Franklin Academy Boynton Beach, 4020.

Financial Condition and Management

Sections 10.854(1)(e)2. and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the Franklin Academy Boynton Beach. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management, and the School Board of Palm Beach County, Florida, and is not intended to be and should not be used by anyone other than these specified parties.
