INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Somerset Academy - Miramar South
Miramar, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Somerset Academy - Miramar South (the "School"), a charter school under Somerset Academy, Inc., which is a component unit of the School Board of Broward County, as of, and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Somerset Academy, Inc., and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Emphasis of a Matter – Presentation

As described in Note 1, the accompanying financial statements referred to above present only the financial position and change in financial position of Somerset Academy - Miramar South that is attributable to the transactions of the School and is not intended to be a complete presentation of Somerset Academy, Inc. These financial statements do not purport to, and do not, present fairly the financial position of Somerset Academy, Inc., as of June 30, 2023, and its changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5 through 9 and 27 through 28 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2023, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

CERTIFIED PUBLIC ACCOUNTANTS

Management's Discussion and Analysis
Somerset Academy - Miramar South
(A Charter School under Somerset Academy, Inc.)
June 30, 2023

The corporate officers of Somerset Academy, Inc., have prepared this narrative overview and analysis of the School's financial activities for the fiscal year ended June 30, 2023.

Financial Highlights

1. The net position of the School as of June 30, 2023 was \$3,915,227.
2. At year-end, the School had current assets on hand of \$1,586,145.
3. The School had an increase in its net position of \$458,055 for the year ended June 30, 2023.
4. The unassigned fund balance at year end was \$1,301,291.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the School's basic financial statements. The School's financial statements for the year ended June 30, 2023 are presented in accordance with GASB Codification Section 2200. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the School's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between the four is reported as *net position*. Over time increases or decreases in net position may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The *Statement of Activities* presents information on how the School's net position changed during the fiscal year. All changes in net position are reported when the underlying event occurs without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 10-11 of this report.

Fund Financial Statements

A "fund" is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School like other state and local governments uses fund accounting to ensure and report compliance with finance-related legal requirements.

All of the funds of the School are governmental funds. *Governmental Funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Governmental Fund financial statements, however, focus on *near-term* inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for near-term financing.

The Board of the School adopts an annual appropriated budget for its major governmental funds. A budgetary comparison statement has been provided for its major governmental funds to demonstrate compliance with the School's budget.

The basic governmental fund financial statements can be found on pages 12 - 15 of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 16 – 26 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a charter school's financial position. In the case of the School, net position was \$3,915,227 at the close of the fiscal year. A summary of the School's net position as of June 30, 2023, and 2022 is as follows:

	2023	2022
Cash	\$ 9,218	\$ 1,742
Investments	1,573,000	1,650,000
Prepaid expenses and other assets	3,622	3,622
Due from other agencies	305	35,315
Due from other divisions of Somerset Academy, Inc.	2,283,334	1,783,334
Capital assets, net	131,657	116,756
Total Assets	4,001,136	3,590,769
Deferred outflows of resources	-	-
Accounts payable	690	50,661
Salaries and wages payable	85,219	82,936
Total Liabilities	85,909	133,597
Deferred inflows of resources	-	-
Net Position:		
Net investment in capital assets	131,657	116,756
Restricted	195,323	163,674
Unrestricted	3,588,247	3,176,742
Total Net Position	\$ 3,915,227	\$ 3,457,172

At the end of both fiscal years, the School is able to report positive balances in total net position.

A summary and analysis of the School's revenues and expenses for the years ended June 30, 2023, and 2022 is as follows:

	2023	2022
REVENUES		
Program Revenues		
Capital Outlay Funding	\$ 118,846	\$ 118,303
Federal Sources	290,940	188,711
Lunch program fees	20,461	20,134
General Revenues		
Local Sources (FTE and other non specific)	1,690,174	1,597,158
Other Revenues	61,777	13,401
Total Revenues	\$ 2,182,198	\$ 1,937,707
EXPENSES		
Instruction	\$ 1,011,446	\$ 909,988
Student support services	-	439
Instructional staff training	8,027	2,518
Board	15,976	26,439
School administration	249,929	219,680
Fiscal services	32,100	32,625
Food services	74,799	68,202
Central services	32,872	32,625
Operation of plant	262,178	263,665
Maintenance of plant	25,444	29,860
Administrative Technology Services	11,372	10,106
Total Expenses	1,724,143	1,596,147
Increase in Net Position	458,055	341,560
Net Position at Beginning of Year	3,457,172	3,115,612
Net Position at End of Year	\$ 3,915,227	\$ 3,457,172

The School's revenues and expenses increased by \$244,491 and \$127,996, respectively. The School had an increase in its net position of \$458,055 for the year.

Capital Improvement Requirements

The School maintains a continuous capital improvements program to enhance facilities and update fixtures and equipment as required.

School Location

For 2022-2023, the school continues to operate from its facility located at 12425 SW 53rd Street, Miramar, Florida 33027.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the School's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the School's financing requirements. In particular, the *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Most of the School's operations are funded in the General Fund. The majority of the General Fund revenues are distributed to the School by the District through the Florida Education Finance Program (FEFP), which uses formulas to distribute state funds and an amount of local property taxes (i.e., required local effort) established each year by the Florida Legislature.

At the end of the fiscal year, the School's governmental general fund reported an ending fund balance of \$1,304,913. The fund balance unassigned and available for spending at the School's discretion is \$1,301,291. These funds will be available for the School's future ongoing operations.

Capital Assets

The School's investment in capital assets as of June 30, 2023 amounts to \$131,657 net of accumulated depreciation). This investment in capital assets includes furniture, fixtures and computer equipment. As of June 30, 2023, the School had no long-term debt associated to its capital assets and working capital.

Governmental Fund Budget Analysis and Highlights

Prior to the start of the School's fiscal year, the Board of the School adopted an annual budget. A budgetary comparison statement has been provided for the governmental funds to demonstrate compliance with the School's budget.

	Governmental Fund		
	Original Budget	Final Budget	Actual
REVENUES			
Program Revenues			
State capital outlay funding	\$ 112,707	\$ 118,900	\$ 118,846
Federal sources	320,147	324,002	325,691
Charges for services	43,383	18,299	20,461
General Revenues			
FTE nonspecific revenues	1,619,201	1,688,922	1,690,174
Charges and other revenues	21,290	60,023	61,777
Total Revenues	<u>\$ 2,116,728</u>	<u>\$ 2,210,146</u>	<u>\$ 2,216,949</u>
CURRENT EXPENDITURES			
Instruction	\$ 1,023,528	\$ 986,825	\$ 982,993
Instructional staff training	10,000	10,203	8,027
Board	19,081	17,820	15,976
School administration	262,139	250,893	249,929
Fiscal services	32,325	33,949	32,100
Food services	64,700	75,922	74,799
Central services	32,825	34,920	32,872
Operation of plant	228,219	261,901	255,732
Maintenance of plant	23,696	25,900	25,444
Administrative Technology Services	9,554	12,380	11,372
Total Current Expenditures	<u>\$ 1,706,067</u>	<u>\$ 1,710,713</u>	<u>\$ 1,689,244</u>

Most variances occurred as a result of the budget adopted being more conservative than actual results for the year.

Requests for Information

This financial report is intended to provide a general overview of the finances of the Charter School. Requests for additional information may be addressed to Ms. Ana Martinez at Academica Broward, LLC, 6340 Sunset Drive, Miami, Florida 33143.

The accompanying notes are an integral
part of this financial statement.

Somerset Academy - Miramar South
(A charter school under Somerset Academy, Inc.)

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance
of Governmental Funds to the Statement of Activities
For the year ended June 30, 2023

Net Change in Fund Balance - Governmental Funds \$ (22,095)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital outlay	49,800	
Depreciation expense	<u>(34,899)</u>	14,901

Revenues are recognized using the full accrual basis of accounting in the government-wide statements. However, revenues are recognized when they are measurable and available in the governmental funds. These revenues were not available at year end and therefore not reported in the governmental funds.

(34,751)

Increase in long term receivables is an expenditure in the governmental funds, but a decrease or collections of such receivables reduces long-term assets in the statement of net position. This is the amount by which increase in long-term receivables of \$500,000 exceeded collections of \$0 in the current period.

500,000

Change in Net Position of Governmental Activities \$ 458,055

The accompanying notes are an integral part of this financial statement.

Note 1 – Summary of Significant Accounting Policies

Reporting Entity

Somerset Academy - Miramar South (the "School"), is a component unit of the School Board of Broward County, Florida (the "District"). The School's charter is held by Somerset Academy, Inc., a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act. The governing body of the School is the board of directors of Somerset Academy, Inc., which is composed of four members and also governs other charter schools. The board of directors has determined that no component unit exists that would require inclusion in the School's financial statements.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter granted by the sponsoring district, the School Board of Broward County, Florida. The current charter expires on June 30, 2032 and it can be renewed in accordance with law. A charter can also be terminated before its date of expiration for reasons set forth in the charter and Section 1002.33 of the Florida Statutes.

The School is located in Miramar, Florida for students from kindergarten through fifth grade. These financial statements are for the year ended June 30, 2023, when on average 213 students were enrolled for the school year.

Basis of presentation

The School's accounting policies conform to accounting principles generally accepted in the United States as applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Accordingly, the basic financial statements include both the government-wide and fund financial statements.

Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information about the School as a whole. Any internal interfund activity has been eliminated from these financial statements. Both statements report only governmental activities as the School does not engage in any business type activities. These statements do not include fiduciary funds.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity.

Note 1 – Summary of Significant Accounting Policies (continued)

Program revenues include: (1) charges for services, such as food service and student activity fees; (2) operating grants such as the National School Lunch Program, Federal grants, and other state allocations; and (3) capital grants specific to capital outlay. In addition, revenues not classified as program revenues are shown as general revenues, which include Florida Education Finance Program (FEFP) revenues and other miscellaneous sources.

Fund Financial Statements

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, equity, revenues and expenditures. The School reports the following major governmental funds:

General Fund - is the School's primary operating fund. It accounts for all financial resources of the school, except those required to be accounted for in another fund.

Special Revenue Fund - accounts for specific revenues, such as federal funding, federal lunch program, and COVID-19 emergency relief funding that are legally restricted to expenditures for particular purposes.

Capital Outlay Fund - accounts for state and local capital outlay as authorized by Charter School Capital Outlay, Section 1013.62, Florida Statutes mainly for capital outlay purposes.

Measurement Focus and Basis of Accounting

The financial statements of the School are prepared in accordance with generally accepted accounting principles (GAAP). The School's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) *Codification of Accounting and Financial Reporting Guidance*.

The government-wide statements report using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The School recognizes assets of non-exchange transactions in the period when the underlying transaction occurs, when an enforceable legal claim has arisen, or when all eligibility requirements are met. Revenues are recognized, on the modified accrual basis, when they are measurable and available. Non-exchange transactions occur when the school provides (or receives) value to (from) another party without receiving (or giving) equal or nearly equal value in return. Most donations are examples of non-exchange transactions. Revenues from grants and donations are recognized on the accrual basis, in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period.

Note 1 – Summary of Significant Accounting Policies (continued)

Florida Education Finance Program (FEFP) revenues are recognized when received. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Charges for services and fees are recognized when cash is collected as amounts are not measurable. When grant terms provide that the expenditure of funds is the prime factor for determining eligibility for federal, state, and other grant funds, revenue is recognized at the time the expenditure is made. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

Budgets and Budgetary Accounting

In compliance with Florida Statutes, the Board of Directors adopts an annual budget using the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g. salaries and benefits, purchased services, materials and supplies and capital outlay) within each activity (e.g. instruction, pupil personnel services and school administration). Revisions to the annual budget are approved by the Board.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

Prepaid Expenses and Other Assets

Other assets consist mainly of prepaid expenses which are payments for goods or services that have not been consumed or used at year end. The expenditure will be recorded when the asset is used. Accordingly, prepaid expenses are equally offset by a nonspendable fund balance classification.

Cash and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, non-marketable time deposits with maturities of three months or less when purchased, and money market/savings accounts. The School has not adopted a formal deposit and investment policy that limits the School's allowable deposits or investments and address specific types of risk; however the School invests excess deposit funds in a government money market mutual fund.

Note 1 – Summary of Significant Accounting Policies (continued)

The School follows the provisions of GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, GASB Statement No. 72, *Fair Value Measurement and Application*, and other related standards which establish accounting and financial reporting standards for all investments (see Note 2). Money market investment that have maturities of one year or less from the date of acquisition are reported at amortized cost rather than fair value. Amortized cost closely approximates fair value.

Capital Assets

The School's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the statement of net position in the government-wide financial statements. Donated capital assets are recorded at their estimated fair market value on the date donated. The School generally capitalizes assets with a cost of \$1,000 or more. Building improvements, additions and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are sold or disposed of, the related cost and accumulated depreciation are removed from the accounts, and the resulting gain or loss is recorded in the governmentwide statements. Proceeds received from the sale or disposal of capital assets are recorded as Other Financing Sources in the governmental funds. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings and improvements	5-20 Years
Furniture, Equipment, and Computers	5 Years
Software	3 Years

Compensated Absences

The School grants a specific number of sick days. Full time instructional employees are eligible to one day per month to up to ten days of active work during the ten-month period (a "benefit year"). In the event that available time is not used by the end of the benefit year, employees may "rollover" all unused days for use in future benefit years. There is an opportunity to "cash out" unused sick days however, the employees may only cash out if they have used three days or less of their sick leave in that benefit year. Employees may not cash out more than ten days per school year and are required to always maintain a minimum of twenty-one unused days in order to cash out. The cash out value is eighty percent of their current daily rate. There is no termination payment for accumulated unused sick days.

GASB Codification Section C60, *Accounting for Compensated Absences*, provides that compensated absences that are contingent on a specific event that is outside the control of the employer and employee should be accounted for in the period those events take place.

Accordingly, these financial statements do not include an accrual for compensated absences available to be used in future benefits years.

Note 1 – Summary of Significant Accounting Policies (continued)

The School also provides certain days to be used for specific personal matters such as family death and jury duty. Because the use of such days is contingent upon those events taking place and such events are out of the control of both the employer and the employee, there is no accrual for such days.

Revenue Sources

Revenues for current operations are received primarily from the District pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its review as well as to prevent statewide allocations from exceeding the amount authorized by the Legislature. Normally, such adjustments are treated as reductions of revenue in the year the adjustment is made.

The School receives state funds through the District under charter school capital outlay funding pursuant to Section 1013.62, Florida Statutes. Funds are based on a capital outlay plan submitted to the District and are to be used for lease of school facilities. In addition, the School may receive a portion of the local ad valorem tax revenues levied by the District.

Finally, the School also receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenues until expended. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

Net position and Fund balance classifications

Government-wide financial statements

Equity is classified as net position and displayed in three components:

- a) Net investment in capital assets - consists of capital assets net of accumulated depreciation, reduced by the outstanding balances of any borrowings that are attributable to the acquisition or improvement of those assets.

Note 1 – Summary of Significant Accounting Policies (continued)

- b) Restricted net position - consists of net position with constraints placed on their use either by external groups such as creditors, grantors, contributors or laws or regulations of other governments.
- c) Unrestricted net position - all other net position that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for a specific purpose, it is the School's policy to use restricted resources first, until exhausted, before using unrestricted resources.

Fund financial statements

GASB Codification Section 1800.142, *Fund Balance Reporting and Governmental Fund Type Definitions*, defines the different types of fund balances that a governmental entity must use for financial reporting purposes. GASB requires the fund balance amounts to be properly reported within one of the fund balance categories list below:

- a) Nonspendable - includes amounts that cannot be spent because they are either not expected to be converted into cash or legally or contractually required to be maintained intact. Consists of fund balance associated with prepaid expenses. All fund balances at year end consist of not in spendable form assets.
- b) Restricted - this classification includes fund balance category amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. There are restricted fund balances at year end relating to the National School Lunch Program funds not spent at year end.
- c) Committed - fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School's Board of Directors. There are no committed fund balances at year end.
- d) Assigned - fund balance classification that is intended to be used by the School's management for specific purposes but do not meet the criteria to be classified as restricted or committed. There are no assigned fund balances at year end.
- e) Unassigned - portion of the fund balance that has not been restricted, committed or assigned for a specific purpose. This is the residual classification for the School's general fund.

Committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Inter-fund Transfers

Inter-fund receivables/payables ("due from/to") are short-term balances that represent reimbursements between funds for payments made by one fund on behalf of another fund.

Note 1 – Summary of Significant Accounting Policies (continued)

Due from Other Governments or Agencies

Amounts due to the School by other governments or agencies are for grants or programs under which the services have been provided by the School.

Income Taxes

Somerset Academy, Inc., qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

New Accounting Standard Adopted

In fiscal year 2023, the School adopted a new statement of financial accounting standard issued by Governmental Accounting Standards Board: GASB Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. The adoption had no material effect on the School's 2023 financial statements.

Pronouncements Issued But Not Yet Effective

GASB has issued GASB Statement No. 101, Compensating Absences. This Statement provides guidance on the accounting and financial reporting for certain types of compensated absences including parental leave, military leave, and injury duty leave. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023. The School is currently evaluating the effect that implementation of the new standard will have on its financial statements.

Subsequent Events

In accordance with GASB Codification Section 2250.106, the School has evaluated subsequent events and transactions for potential recognition or disclosure through September 29, 2023, which is the date the financial statements were available to be issued.

Note 2 – Cash and Investments

Deposits

The School maintains its cash in one financial institution. Deposits at FDIC-insured institutions are insured up to \$250,000 per depositor, per financial institution. The School is a charter school under Somerset Academy, Inc., which also operates various other charter schools. All bank accounts are opened under the account ownership of Somerset Academy, Inc., therefore, bank balances at times may potentially be in excess of FDIC coverage. As of June 30, 2023, bank balances in potential excess of FDIC coverage were \$9,475.

Investments

The School follows the Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in markets for identical assets; Level 2 inputs are significant other observable inputs (including quoted prices for similar investments, interest rates, credit risk, etc.); Level 3 inputs are significant unobservable inputs.

At June 30, 2023, the School had \$2,110,000 invested in a governmental money market mutual fund that is exempt from GASB 72 fair value hierarchy disclosures. The governmental money market mutual fund values its portfolio securities at amortized cost which approximates fair value. The government money market mutual fund primarily invests in cash, high quality, short-term U.S. government securities and/or repurchase agreements that are collateralized fully by government securities that have been valued by the fund as Level 2. As of June 30, 2023, maturities of the fund's portfolio holdings are approximately 91% within 30 days.

Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of investments in a single issuer. The School manages its exposure to credit risk by limiting investments to highly rated government money market mutual funds. The fund is rated Aaa-mf by Moody's.

Custodial credit risk is the risk that in the event of a failure of a depository financial institution or counterparty that is in possession of investment or collateral securities, the School will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the School will not be able to recover the value of investments or collateral securities that are in the possession of an outside party. At June 30, 2023, all of the School's investments in government money market mutual funds were held in a separate account and designated as assets of the School.

Interest rate risk is the risk that changes in interest rate will adversely affect the fair value of an investment. The School manages its exposure to declines in fair values by limiting all investments to government money market mutual funds that can be redeemed daily.

Note 3 –Capital Assets

The following schedule provides a summary of changes in capital assets, acquired substantially with public funds, for the year ended June 30, 2023:

	Balance 07/01/22	Additions	Retirements/ Reclassifications	Balance 06/30/23
Capital assets, depreciable:				
Buildings and improvements	\$ 65,760	\$ 46,300	\$ -	\$ 112,060
Computer equipment and software	118,904	3,500	-	122,404
Furniture and equipment	47,386	-	(22,900)	24,486
Total Capital Assets	232,050	49,800	(22,900)	258,950
Less Accumulated Depreciation:				
Buildings and improvements	(51,440)	(6,446)	-	(57,886)
Computer equipment and software	(37,281)	(23,556)	-	(60,837)
Furniture and equipment	(26,573)	(4,897)	22,900	(8,570)
Total Accumulated Depreciation	(115,294)	(34,899)	22,900	(127,293)
Capital Assets, net	\$ 116,756	\$ 14,901	\$ -	\$ 131,657

For the fiscal year ended June 30, 2023, depreciation expense is allocated in the Statement of Activities by function as follows:

Instruction	\$ 28,453
Operation of plant	6,446
Total Depreciation Expense	\$ 34,899

Note 4 – Education Service and Support Provider

Academica Broward, LLC, an educational service and support provider, offers administrative services to the School including, but not limited to, facility design, staffing recommendations, human resource coordination, regulatory compliance, legal and corporate upkeep, maintenance of the books and records, bookkeeping, budgeting, financial reporting, and virtual education services. The agreement calls for a fee on a per student basis. The agreement is through June 30, 2028, and unless terminated by the board will have an option to renew for an additional five year period. During 2023, the School incurred \$96,300 in fees related to this agreement.

Note 5 – Transactions with Other Divisions of Somerset Academy, Inc.

During 2023, the School was located in property owned by Somerset Academy, Inc. adjacent to the Somerset Academy – Miramar Campus. No rent was charged to the School during 2023 but the School shares salaries and other expenses with the other schools located in the Somerset Academy – Miramar Campus. Through the board of directors, management allocates a proportional share of these expenses.

The School’s lunch program is shared with various charter schools under Somerset Academy, Inc. Revenues and expenses related to such program have been allocated based on FTE equivalent for purposes of presentation in the financial statements.

Somerset Academy, Inc. charges its affiliated schools an assessment for shared corporate costs and accreditation expenses. Somerset Academy - Miramar South paid Somerset Academy, Inc. \$32,025 in connection with these charges during the year.

The School also made long term, non-interest bearing advances to other divisions of Somerset Academy, Inc.

	Balance 07/01/22	Advances	Collections	Balance 06/30/23
Somerset Academy - Corporate account	\$ 1,783,334	\$ 500,000	\$ -	\$ 2,283,334
Total Long Term Receivables	\$ 1,783,334	\$ 500,000	\$ -	\$ 2,283,334

Note 6 – Commitments, Contingencies, and Concentrations

Contingencies and Concentrations

The School receives substantially all of its funding from the State through the District under the Florida Education Finance Program (FEFP), which is based in part on a computation of the number of full-time equivalent (FTE) students attending different instructional programs. The accuracy of FTE student data submitted by individual schools and used in the FEFP computations is subject to audit by the state and, if found to be in error, could result in refunds to the state or in decreases to future funding allocations. Additionally, the School receives various forms of federal, state and local funding which are subject to financial and compliance audits. It is the opinion of management that the amount of funding, if any, which may be remitted back to the state due to errors in the FTE student data or the amount of grant expenditures which may be disallowed by grantor agencies would not be material to the financial position of the School.

Pursuant to the Charter School contract with the School District, the District withholds an administrative fee of 5% (or 2% if the school is high performing), of the qualifying revenues of the School. For the year ended June 30, 2023, administrative fees withheld by the School District totaled \$31,738.

Note 7 – Interfund transfers

Interfund transfers in governmental funds as of June 30, 2023, consist of the following:

	General Fund	Special Revenue Fund
To transfer federal funds received for prior period expenditures	\$ 157,458	\$ (157,458)
Total Transfers, net	<u>\$ 157,458</u>	<u>\$ (157,458)</u>
Due to Special Revenue Fund from General Fund for Lunch Program Funds	\$ (195,323)	\$ 195,323
Due to General Fund from Special Revenue Fund for Federal Grants	305	(305)
Total Due from/(Due to) Funds	<u>\$ (195,018)</u>	<u>\$ 195,018</u>

Note 8 – Risk Management

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage in any of the past three fiscal years. In addition, there were no reductions in insurance coverage from those in the prior year.

The School has entered into a strategic relationship with ADP TotalSource, Inc., a human resource management firm, typically known as “Professional Employer Organization” (PEO). Under a co-employment agreements, the PEO is the employer of record and is responsible for administering payroll, payroll taxes, provide employee benefits and assist with human resources and risk management. Accordingly, certain human resource related risks are transferred to the PEO. Nevertheless, the School may be subject to risks, including loss, penalties and fines related to employment practices, administrative error and omissions.

Note 9 – Defined Contribution Retirement Plan

The School’s personnel, who are leased through ADP Total Source Group, Inc., are eligible to participate in a defined contribution 401(k) plan sponsored by the leasing company, covering employees who meet certain age and tenure requirements. Under the ADP TotalSource Retirement Savings Plan (the “Plan”), the School provides a match of 100% of the employee’s contribution up to 4% of the employee’s compensation. The School’s contribution to the Plan for the year ended June 30, 2023 was \$29,795 The School does not exercise any control or fiduciary responsibility over the Plans’ assets, which are administered by Voya Financial.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Somerset Academy - Miramar South
Miramar, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Somerset Academy - Miramar South (the "School") as of, and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School's basic financial statements and have issued our report thereon dated September 29, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We issued a separate management letter dated September 29, 2023 pursuant to Chapter 10.850, Rules of the Auditor General.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Miramar, Florida

Report on the Financial Statements

We have audited the financial statements of Somerset Academy - Miramar South, Miramar, Florida as of and for the fiscal year ended June 30, 2023 and have issued our report thereon dated September 29, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in those reports and schedule, which are dated September 29, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no findings or recommendations made in the preceding annual financial audit report.

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity are: Somerset Academy - Miramar South (W/L# 5054).

Financial Condition and Management

Section 10.854(1)(e)2 and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures and communicate whether or not Somerset Academy - Miramar South has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that Somerset Academy - Miramar South did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for Somerset Academy - Miramar South. It is management's responsibility to monitor Somerset Academy - Miramar South's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendation to improve financial management. In connection with our audit, we did not have such recommendations.

Transparency

Sections 10.854(1)(e)7 and 10.855(13), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether Somerset Academy - Miramar South maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that Somerset Academy - Miramar South maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, School Board of Broward County, Federal and other granting agencies, the board of directors of Somerset Academy, Inc. , and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
