INDEPENDENT AUDITORS' REPORT

To the Board of Directors,
The School of Arts and Sciences Foundation, Inc.:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, and each major fund and the aggregate remaining fund information of The School of Arts and Sciences at the Centre (a charter school under The School of Arts and Sciences Foundation, Inc. and a component unit of the School Board of Leon County, Florida) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of The School of Arts and Sciences at the Centre as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School of Arts and Sciences at the Centre and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The School of Arts and Sciences at the Centre's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School of Arts and Sciences at the Centre's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School of Arts and Sciences at the Centre's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise a substantial doubt about the School of Arts and Sciences at the Centre's ability to continue as a going concern for a reasonable period of time.

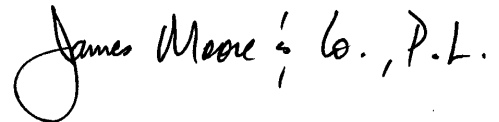

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal-control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated September 11, 2023 on our consideration of The School of Arts and Sciences at the Centre's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The School of Arts and Sciences at the Centre's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023**

As management of The School of Arts and Sciences at the Centre (The "School"), we offer readers of the School's financial statements this narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2023.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to The School of Arts and Sciences at the Centre's basic financial statements. The School of Arts and Sciences at the Centre's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of The School of Arts and Sciences at the Centre's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of The School of Arts and Sciences at the Centre's assets, liabilities, deferred outflows and inflows with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of The School of Arts and Sciences at the Centre is improving or deteriorating.

The *statement of activities* presents information showing how The School of Arts and Sciences at the Centre's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish various functions of The School of Arts and Sciences at the Centre. The governmental activities of The School of Arts and Sciences at the Centre include instruction and instruction related services, school administration, fiscal services, food services, pupil transportation services, operation of plant, and maintenance of plant.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School of Arts and Sciences at the Centre, like other charter schools, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of The School of Arts and Sciences at the Centre are governmental funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a school's near-term financing requirements.

THE SCHOOL OF ARTS AND SCIENCES AT THE CENTRE
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2023
(Continued)

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the school's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The School of Arts and Sciences at the Centre maintains four governmental funds. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, capital project fund, and special revenue funds, of which three are considered to be major funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning The School of Arts and Sciences at the Centre's budgetary information and Pension information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a school's financial position. In the case of The School of Arts and Sciences at the Centre, assets and deferred outflows exceeded liabilities and deferred inflows by \$722,962 at the close of the most recent fiscal year. This balance in the most recent fiscal year reflects its investment in capital assets and right-to-use assets (e.g., buildings, furniture, fixtures, equipment and software). The School of Arts and Sciences at the Centre uses these capital assets and right-to-use assets to provide services to students. Accordingly, these assets are not available for future spending.

Financial Analysis of the Government's Funds

As noted earlier, The School of Arts and Sciences at the Centre uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of The School of Arts and Sciences at the Centre's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing The School of Arts and Sciences at the Centre's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a school's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, The School of Arts and Sciences at the Centre itself, or a group or individual that has been delegated authority to assign resources for use for a particular purposes by The School of Arts and Sciences at the Centre's board.

At June 30, 2023, The School of Arts and Sciences at the Centre's governmental funds reported combined fund balances of \$1,988,739, an increase of \$109,783 in comparison with the prior year.

The general fund is the chief operating fund of The School of Arts and Sciences at the Centre. As of the end of the current fiscal year, unassigned fund balance was \$1,942,180 and total fund balance of the general fund was \$1,946,980.

The fund balance of The School of Arts and Sciences at the Centre's general fund increased by \$125,696 during the current fiscal year.

The key element of the increase is due to an increase in FEFP revenues which is determined based on enrollment.

The capital projects fund is used to account for financial resources to be used for education's capital outlay needs, including new construction and renovation. As of the end of the current fiscal year, restricted fund balance was \$0. The fund balance of the capital projects fund decreased by \$15,913 during the current fiscal year.

- The key element of the decrease was PECO operation of plant expenses exceeded revenues in the prior year.

The cares act fund is used to account for the activities related to cares act grant activity which the grants are typically cost reimbursement in nature. There was no ending fund balance or change in fund balance at year end.

General Fund Budgetary Highlights

Original budget compared to final budget. The major differences between the original budget and the final amended budget were due to the following:

- The original budget was amended to reflect additional CARES related expenses

Actual amounts compared to final budget. The major differences between actual amounts compared to budgeted amounts were due to the following:

- Overall expenses were less than anticipated.

Capital Asset Administration

Capital and right-to-use lease assets. The School of Arts and Sciences at the Centre's investment in capital and right-to-use lease assets for its governmental activities as of June 30, 2023, amounts to \$5,426,661 (net of accumulated depreciation and amortization). This investment in capital and right-to-use lease assets includes technology equipment, buildings, furniture, fixtures, and equipment.

Additional information on The School of Arts and Sciences at the Centre's capital and right-to-use lease assets can be found in the Notes to Financial Statements as listed in the table of contents.

Long-term Debt. At the end of the current fiscal year, The School of Arts and Sciences at the Centre has \$1,840,375 related to the net pension liability.

Additional information on The School of Arts and Sciences at the Centre's long-term debt can be found in the Notes to Financial Statements as listed in the table of contents.

Economic Factors and Next Year's Budgets and Rates

The following economic factors currently affect The School of Arts and Sciences at the Centre and were considered in developing the 2023-2024 fiscal year budget.

- Enrollment for fiscal year 2023-2024 is projected to be 450 students consistent to 450 students for fiscal year 2022-2023.

Requests for Information

This financial report is designed to provide a general overview of The School of Arts and Sciences at the Centre's finances for all those with an interest in the school's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to The School of Arts and Sciences at the Centre, 2415 North Monroe Street, Tallahassee, FL 32303.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

(1) **Summary of Significant Accounting Policies:**

The following is a summary of the more significant accounting policies of The School of Arts and Sciences at the Centre (the “School”), which affect significant elements of the accompanying basic financial statements:

(a) **Reporting entity**—The School entered into a contract with the School Board of Leon County, Florida (“Sponsor”) to provide an educational program for elementary and middle school students in grades kindergarten through eighth. The School receives a majority of its funding through the Sponsor based on a formula of student attendance which is identical to that of other Leon County, Florida public elementary and middle schools. The current charter is effective through June 30, 2029, and may be renewed based on academic performance, by mutual agreement between the School and the Sponsor. At the end of the term of the charter, the Sponsor may choose not to renew the charter under grounds specified in the charter, in which case the Sponsor is required to notify the School in writing at least 90 days prior to the charter’s expiration. During the term of the charter, the Sponsor may also terminate the charter if good cause is shown. The School is considered a component unit of the School Board of Leon County, Florida.

The accompanying financial statements referred to above are intended to present the basic financial statements and related notes of only that portion of The School of Arts and Sciences Foundation, Inc. that is attributable to the transactions of The School of Arts and Sciences at The Centre and is not intended to be a complete presentation of the basic financial statements and related notes of The School of Arts and Sciences Foundation, Inc., as of June 30, 2023, and for the year then ended in conformity with accounting principles generally accepted in the United States of America.

(b) **Description of government wide financial statements**—The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities, are normally supported by intergovernmental revenues, and other nonexchange transactions.

(c) **Basis of presentation – government wide financial statements**—While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

(d) **Use of estimates**—The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

(1) **Summary of Significant Accounting Policies:** (Continued)

(e) **Basis of presentation – fund financial statements**—The fund financial statements provide information about the government’s funds. Separate statement for the fund category, governmental, is presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. Major individual governmental funds are reported as separate columns in the fund financial statements.

The School reports the following major governmental funds:

General Fund—The general fund is used to record the general operations of the School pertaining to education and those operations not provided for in other funds.

Capital Projects Fund—The capital projects fund is used to account for financial resources to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and major maintenance projects.

Cares Act Fund—The cares act fund is used to account for the activities related to grant activities related to the cares act which are typically cost reimbursement.

During the course of operations, the School has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

(f) **Deferred outflows/inflows of resources**—In addition to assets and liabilities, the statement of financial position will, if required, report a separate section for deferred outflows of resources and deferred inflows of resources, respectfully. These separate financial statement elements, deferred outflows/inflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow/inflow of resources (expense/expenditure or revenue) until then. Currently, the only item in this category consisted of deferred amounts related to pension, as discussed further in the Note related to the Florida Retirement System.

(g) **Deposits and investments**—Cash and cash equivalents include amounts in demand deposits as well as investments that are readily convertible to known amounts of cash. Investments with original maturities of three months or less are considered to be cash equivalents.

THE SCHOOL OF ARTS AND SCIENCES AT THE CENTRE
NOTES TO FINANCIAL STATEMENTS

(1) **Summary of Significant Accounting Policies:** (Continued)

(h) **Measurement focus and basis of accounting**—The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Amounts reported as program revenues include charges for services, operating grants and contributions, and capital grants and contributions. Items not properly included among program revenues, such as monies received from the Leon County School Board, are reported as general revenues.

All governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues, except for certain grant revenues, are recognized in the accounting period in which they become both measurable and available. Available means collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, state, and other grant resources, revenue is recognized at the time the expenditure is made. Under the modified accrual basis of accounting, expenditures are generally recorded when the related fund liability is incurred. The principal exceptions to this are principal and interest on general long-term debt, which are recorded as expenditures only when payment is due.

The School's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. Accordingly, the financial statements are organized on the basis of funds. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund equity, revenues, expenditures, and other financing sources and uses.

Resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

(i) **Budgetary information**—The budgetary process is prescribed by provisions of the laws of Florida and requires the governing board to adopt an operating budget each year. The School's governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenues and expenditures primarily resulting from events unknown at the time of budget adoption.

The amounts reported as the original budgeted amounts in the budgetary statements reflect anticipated revenue and expense amounts at the time the budget was adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for.

(j) **Prepaid items**—Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

THE SCHOOL OF ARTS AND SCIENCES AT THE CENTRE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

(1) **Summary of Significant Accounting Policies:** (Continued)

(k) **Capital assets**—Capital assets are defined by the School as assets with an initial individual cost of at least \$1,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost. Donated capital assets are recorded at their estimated fair market values at the date of donation. The cost of normal maintenance and repairs that does not add to the value of the asset or materially extend the asset’s life is not capitalized.

Property, plant and equipment of the School is depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Land improvements	8 – 35
Furniture, fixtures, and equipment	3 – 10
Buildings and improvements	10 – 50
Leasehold improvements	7 – 20
Computer software	3 – 5

(l) **Long-term obligations**—In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities fund type statement of net position.

(m) **Net position flow assumption**—Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the School’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

(n) **Pensions**—For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) have been determined on the same basis as they are reported by FRS and actuary, respectfully. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

(o) **Fund balance flow assumptions**—Sometimes the School will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the School’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

(1) **Summary of Significant Accounting Policies:** (Continued)

(p) **Fund balance policies**—Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School's highest level of decision-making authority. The School Board is the highest level of decision-making authority for the School that can, by passing a motion prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the School for specific purposes but do not meet the criteria to be classified as committed. The School Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

(q) **Revenue sources**—Revenues for current operations are received primarily from the Leon County School Board pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33(17), Florida Statutes, the School reports the number of full-time equivalent (FTE) students and related data to the Leon County School Board. Under the provisions of Section 1011.62, Florida Statutes, the Leon County School Board reports the number of FTE students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted FTE students reported by the School during designated FTE student survey periods.

The School may receive federal and state awards for the enhancement of various educational programs. This assistance is generally based on applications submitted to and approved by various granting agencies. These awards may have eligibility requirements whereby the issuance of grant funds is withheld until such eligible expenditures are incurred. Revenues for these awards are recognized only to the extent that eligible expenditures have been incurred.

(r) **Leases**—The School leases a building and copier equipment. The School determines if an arrangement is a lease at inception. The School recognize intangible right-to-use (RTU) assets and corresponding lease liabilities for all leases that are not considered short-term. RTU assets represent the School's right to use an underlying asset for the lease term and lease liabilities represent the School's obligation to make lease payments arising from the lease. RTU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term.

(1) **Summary of Significant Accounting Policies:** (Continued)

Basis of lease classification – Leases that meet the following requirements will not be considered short term: (1) the maximum possible lease term(s) is non-cancelable by both lessee and lessor, and is more than 12 months.

Discount Rate – Unless explicitly stated in the lease agreement, known by the School, or the School is able to determine the rate implicit within the lease, the discount rate used to calculate lease right-to-use assets and liabilities will be the School’s estimated borrowing rate at the time of lease inception.

(s) **New accounting pronouncements**—GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) The School has considered the impact of this new accounting standard and determined that there is no impact to the financial statements related to the implementation.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* provides guidance on the accounting and financial reporting for Public-private and public-public partnership arrangements. The School has considered the impact of this new accounting standard and determined that there was no impact on the financial statements related to implementation.

(t) **Reclassification**—Certain prior year amounts have been reclassified to conform to the current year presentation.

(2) **Significant Funding Source:**

The School receives a substantial amount of its funding from the Leon County School Board. A significant reduction in the level of this funding, if this were to occur, could have an adverse effect on the School’s programs and activities.

(3) **Deposits:**

Custodial credit risk-deposits. In the case of deposits, this is the risk that in the event of a bank failure, the School’s deposits may not be returned. At year end, the carrying amount of the School’s deposits was \$1,637,585 and the bank balance was \$1,655,565. Of the bank balance, \$250,000 was covered by Federal depository insurance or by collateral held by the School’s custodial bank which is pledged to a state trust fund that provides security for amounts held in excess of FDIC coverage in accordance with the Florida Security for Deposits Act Chapter 280, Florida Statutes.

The Florida Security for Public Deposits Act established guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements and characteristics of eligible collateral.

The carrying amount of deposits consisted of the following as of June 30, 2023:

Cash and cash equivalents	<u>\$ 1,637,585</u>

(8) **Florida Retirement System:**

Plan Description and Administration

The School participates in the Florida Retirement System (FRS), a multiple-employer, cost sharing defined public employee retirement system which covers all of the School's full-time employees. The System is administered by the State of Florida, Department of Administration, Division of Retirement to provide retirement and survivor benefits to participating public employees. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. The FRS is a single retirement system administered by the Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer retirement plans and other nonintegrated programs. These include a defined-benefit pension plan (Plan), with a Deferred Retirement Option Program (DROP), and a defined-contribution plan, referred to as the FRS Investment Plan (Investment Plan).

In addition, all regular employees of the School are eligible to enroll as members of the Retiree Health Insurance Subsidy (HIS) Program. The HIS is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Benefits Provided and Employees Covered

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of both Plans may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

(8) **Florida Retirement System:** (Continued)

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest.

Employees may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. Employer and employee contributions are defined by law, but the ultimate benefit depends in part on the performance of investment funds. The Investment Plan is funded by employer and employee contributions that are based on salary and membership class (Regular, DROP, etc.). Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Employees in the Investment Plan vest at one year of service.

Financial Statements

Financial statements and other supplementary information of the FRS are included in the State's Comprehensive Annual Financial Report, which is available from the Florida Department of Financial Services, Bureau of Financial Reporting Statewide Financial Reporting Section by mail at 200 E. Gaines Street, Tallahassee, Florida 32399-0364; by telephone at (850) 413-5511; or at the Department's Web site (www.myfloridacfo.com). Current-year employer HIS contributions were made at a rate of 1.66% of covered payroll, which are included in the above rates.

Actual contributions made for School employees participating in FRS and HIS for the plan year ended June 30, 2023, were as follows:

School Contributions – FRS	\$ 148,049
School Contributions – HIS	31,389
Employee Contributions – FRS	56,727

Net Pension Liability, Pension Expense, and Deferred Outflows and Inflows of Resources Related to Pensions

At June 30, 2023, the School reported a net pension liability related to FRS and HIS as follows:

Plan	Net Pension Liability
FRS	\$ 1,290,929
HIS	549,446
Total	\$ 1,840,375

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer proportion of the net pension liability was based on a projection of the School’s long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental entities, as actuarially determined. At June 30, 2023 and June 30, 2022, the School’s proportionate share of the FRS and HIS net pension liabilities were as follows:

Plan	2023	2022
FRS	.00346949%	.00309118%
HIS	.00518756%	.00458311%

For the plan year ended June 30, 2022, pension expense was recognized related to the FRS and HIS plans as follows:

FRS	\$ 248,812
HIS	74,572
Total	\$ 323,384

Deferred outflows/inflows related to pensions:

At June 30, 2023, deferred outflows of resources and deferred inflows of resources related to pensions were recorded from the following sources:

	<u>FRS</u>		<u>HIS</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 61,312	\$ -	\$ 16,677	\$ (2,418)
Changes of assumptions	158,983	-	31,495	(84,999)
Net different between projected and actual investment earnings	85,240	-	796	-
Change in proportionate share	185,738	-	104,488	-
Contributions subsequent to measurement date	152,107	-	31,558	-
	<u>\$ 643,380</u>	<u>\$ -</u>	<u>\$ 185,014</u>	<u>\$ (87,417)</u>

Above amounts for deferred outflows of resources for contributions related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions being amortized for a period of greater than one year will be recognized in pension expense in succeeding years as follows:

	<u>FRS</u>	<u>HIS</u>	<u>Total</u>
2023	\$ 130,413	\$ 26,156	\$ 156,569
2024	75,809	18,904	94,713
2025	17,045	15,205	32,250
2026	248,842	8,924	257,766
2027	19,165	(1,339)	17,826
Thereafter	-	(1,812)	(1,812)
Total	<u>\$ 491,274</u>	<u>\$ 66,038</u>	<u>\$ 557,312</u>

Actuarial assumptions:

The actuarial assumptions for both defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS was completed in 2019 for the period July 1, 2013, through June 30, 2018. Because HIS is funded on a pay-as-you-go basis, no experience study has been completed.

(8) **Florida Retirement System:** (Continued)

The total pension liability for each of the defined benefit plans was determined by an actuarial valuation, using the entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth, including inflation, for both plans is assumed at 3.25%. Both the discount rate and the long-term expected rate of return used for FRS investments is 6.80%. This rate decreased from the prior year rate, which was 6.90%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Because HIS Program uses a pay-as-you-go funding structure, a municipal bond rate of 2.21% was used to determine the total pension for the program. This rate decreased from the prior year rate, which was 3.50%. Mortality assumptions for both plans were based on the PUB2010 base table varies by member category and sex, projected generationally with Scale MP-2018 details.

Long-term expected rate of return:

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2020, the FRS Actuarial Assumptions conference reviewed long-term assumptions developed by both Milliman's capital market assumptions team and by a capital market assumptions team from Aon Hewitt Investment Consulting, which consults to the Florida State Board of Administration. The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at that time based on the long-term target asset allocation. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Annual Arithmetic Expected Rate of Return</u>
Cash	1.0%	2.6%
Fixed income	19.8%	4.4%
Global equities	54.0%	8.8%
Real estate	10.3%	7.4%
Private equity	11.1%	12.0%

HIS	3.54%	628,611	549,446	483,938

(9) **Interfund Balances:**

The following is a summary of amounts reported in the governmental fund financial statements. Interfund loans were used rather than maintaining separate cash accounts for each fund or a pooled cash system:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Capital Projects Fund	\$ 42,933
General Fund	Cares Act Fund	303,900

Transfers from/to other funds for the year ended June 30, 2023, were as follows:

<u>Recipient Fund</u>	<u>Amount</u>	<u>Reason for Transfer</u>
Capital Projects Fund	\$ 249,769	Transfer from General Fund to aid in operation cost for Capital Projects Fund for the current year.

(10) **Related Party Transactions:**

The School of Arts and Sciences Foundation, Inc. consists of two schools, The School of Arts and Sciences on Thomasville Road and The School of Arts and Sciences at the Centre. The two related parties are under the same management team and have frequent combined transactions related to payroll expenses, utility services, and other miscellaneous expenses. At June 30, 2023, \$21,015 related to payroll and other miscellaneous expenses were payable to The School of Arts and Sciences on Thomasville Road.

(11) **Subsequent Events:**

The School has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 11, 2023, the date which the financial statements were available to be issued. No subsequent events have been recognized or disclosed.

(12) **Restatement of Beginning Net Position/Fund Balance:**

Subsequent to the issuance of the June 30, 2022 financial statements, management became aware of the following: overstatement of accounts receivable and related revenues. The prior period adjustment reduced both the Net Position and Fund Balance by \$32,036. The restated Net Position is \$844,591 and the restated Fund Balance is \$1,821,284.

(13) **Recent Accounting Pronouncements:**

The Governmental Accounting Standards Board (“GASB”) has issued several pronouncements that have effective dates that may impact future financial statements. Listed below are pronouncements with required implementation dates effective for subsequent fiscal years that have not yet been implemented. Management has not currently determined what, if any, impact implementation of the following will have on the School’s financial statements:

GASB issued Statement No. 101, Compensated Absences, in June 2022. GASB Statement No. 101 amends the existing guidance related to the calculation and disclosures surrounding the liability for compensated absences. The provisions for GASB 101 are effective for fiscal years beginning after December 15, 2023.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors,
The School of Arts and Sciences Foundation, Inc.:

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of The School of Arts and Sciences at the Centre, a charter school under The School of Arts and Sciences Foundation, Inc., and a component unit of the District School Board of Leon School, Florida, as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the School's basic financial statements and have issued our report thereon dated September 11, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered The School of Arts and Sciences at the Centre's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The School of Arts and Sciences at the Centre's internal control. Accordingly, we do not express an opinion on the effectiveness of The School of Arts and Sciences at the Centre's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described below as item 2023-001 to be a material weakness.

Finding 2023-001: Significant Adjustments

Condition and Criteria: The internal controls of The School of Arts and Sciences at the Centre have focused primarily on the objective of effectiveness and efficiency of operations (i.e., performance and mission goals and safeguarding of resources). However, the system of internal control over the objectives of reliability of financial reporting contains certain deficiencies. A key element of financial reporting is the ability of management to select and apply the appropriate accounting principles to prepare the financial statements in accordance with generally accepted accounting principles.

Cause: For the year ended June 30, 2023, certain adjustments were required to be made to the accounting records subsequent to the start of the audit process. Since these adjustments resulted in a material misstatement of the financial statements, this deficiency is deemed to be a material weakness.

Effect: Financial statements would be materially misstated if significant adjustments were not made.

Recommendation: We recommend management select and apply the appropriate accounting principles to prepare the financial statements in accordance with generally accepted accounting principles.

Compliance and Other Matters

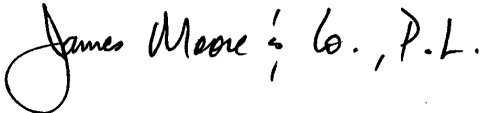

As part of obtaining reasonable assurance about whether The School of Arts and Sciences at the Centre's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The School of Arts and Sciences at the Centre's Response to Finding

The School of Arts and Sciences at the Centre's response to the finding identified in our audit is described in the accompanying corrective action plan. The School of Arts and Sciences at the Centre's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' MANAGEMENT LETTER REQUIRED BY CHAPTER 10.850,
RULES OF THE STATE OF FLORIDA, OFFICE OF THE AUDITOR GENERAL**

To the Board of Directors,
The School of Arts and Sciences Foundation, Inc.:

Report on the Financial Statements

We have audited the financial statements of The School of Arts and Sciences at the Centre, a charter school under The School of Arts and Sciences Foundation, Inc., and a component unit of the District School Board of Leon County, Florida, as of and for the fiscal year ended June 30, 2023, and have issued our report thereon dated September 11, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.850, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosures in that report, which is dated September 11, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report except as noted in the table below.

Description	Current Year Finding #	2021-22 FY Finding #	2020-21 FY Finding #
Significant Adjustments	2023-001	2022-001	N/A

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity and the school code assigned by the Florida Department of Education be disclosed in this management letter. The official title and the school code assigned by the Florida Department of Education of the entity are The School of Arts and Sciences at the Centre, 371444.

Financial Condition and Management

Sections 10.854(1)(e)2 and 10.855(11), Rules of the Auditor General, require us to apply appropriate procedures to communicate whether or not The School of Arts and Sciences at the Centre has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that The School of Arts and Sciences at the Centre did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for The School of Arts and Sciences at the Centre. It is management's responsibility to monitor The School of Arts and Sciences at the Centre's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that we apply appropriate procedures and communicate the results to determine as to whether The School of Arts and Sciences at the Centre maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that The School of Arts and Sciences at the Centre did maintain all of the required information on its website as specified in Section 1002.33(9)(p), Florida Statutes.

Additional Matters

Section 10.854(1)(e)4., Rules of the Auditor General, requires that us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Leon School District School Board, the Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
