Orange County, Florida

Comprehensive Annual Financial Report

Year Ended
September 30, 2019

ON THE COVER AND TABS: Orange County is home to numerous parks and lakes. Magnolia Park, located in Northwest Orange County on the shore of Lake Apopka, is known for its peaceful atmosphere and beautiful sunsets and has often been referred to as the sunset capital of Central Florida. Appropriately entitled “Tranquility”, the featured photo, taken by Orange County resident Steve Coleman, captures the beauty and serenity of the sun setting over Lake Apopka at Magnolia Park.

March 11, 2020

To the Citizens of Orange County, Florida:

The Comprehensive Annual Financial Report (CAFR) of Orange County, Florida (County) for the fiscal year ended September 30, 2019 is hereby submitted. This is Orange County's fiscal report. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation (including all disclosures) rests with management. To the best of our knowledge and belief, the information presented herein is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of County operations. All disclosures necessary to enable readers to gain an understanding of the County's financial activities have been included.

Users of this CAFR are the residents and businesses of our community that pay for governmental services. Creditors and investors are equally concerned with the County's financial stability. Recognizing these primary users, we have attempted to provide information to satisfy their need to evaluate the County.

State statutes and the Rules of the Florida Auditor General require that a countywide set of financial statements be published within nine months after fiscal year end. The statements must be presented in conformance with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. The statements must be audited in accordance with generally accepted auditing standards by licensed independent certified public accountants. This report is intended to fulfill these requirements.

Also, due to the special needs of federal grantor agencies, the County is required to undergo an annual "Single Audit" in conformity with the provisions of the Single Audit Act of 1984, the Single Audit Act Amendments of 1996, and the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Furthermore, with respect to certain grants funded by the State of Florida, the County is required to comply with the requirements of the Florida Single Audit Act and the related Rules of the Florida Auditor General. All schedules and reports required under these federal and state regulations are included in the compliance and internal control section of this report.

Florida law also requires separate audited financial reports for each constitutional officer. In addition, separate audited financial reports are prepared for the Board of County Commissioners

(Board) and for the enterprise funds activities operated by the Board. The separate enterprise funds are the Convention Center, Solid Waste System, and Water Utilities System. For conciseness, and to avoid substantial duplication, these financial reports are not presented in their separate forms; instead, their financial data are included in the CAFR. The general operating funds of each constitutional officer and the Board are combined and reported in the CAFR as one County general fund. This combining effort eliminates amounts that have been transferred between the general operating funds to further prevent duplicate reporting. The County's six discrete component units also prepare separate audited financial reports. All of the separate reports disclose more detail with respect to their respective activities and are available upon request.

Additionally, the Securities and Exchange Commission (SEC) requires governmental debt issuers to provide continuing disclosure information. As an issuer of taxable and tax-exempt debt, the County must annually make financial and other supplemental information available to beneficial owners and potential purchasers of County debt in the secondary market, dealers, security analysts, rating agencies, and other interested parties. Also, this financial and other supplemental information must be electronically filed with the Electronic Municipal Market Access (EMMA) System of the Municipal Securities Rulemaking Board. This CAFR and a companion document, the Orange County Florida Bond Disclosure Supplement, serve to fulfill these continuing disclosure requirements of the SEC.

Management of the County is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the County are protected from loss, theft, or misuse, and to ensure that sufficient reliable accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits require estimates and judgments by management. We believe that the County's internal controls adequately safeguard assets and provide reasonable assurance of properly recorded financial transactions.

As a recipient of federal and state financial assistance, the County also is responsible for establishing an adequate internal control system to ensure compliance with applicable laws and regulations related to those programs. This internal control system is subject to periodic evaluation by management and the audit staff of the County Comptroller, an elected constitutional officer. As part of the County's Single Audit, tests are made to determine the adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine that the County has complied with applicable laws and regulations. The results of the County's Single Audit for the fiscal year ended September 30, 2019 provided no instances of material weaknesses in the internal control system or significant violations of applicable laws and regulations related to federal or state financial assistance programs.

Pursuant to the requirements of Florida law, the County uses a competitive process to select the independent audit firm. An audit committee composed of one representative of the Board as recommended by the County Mayor, one representative of the County Comptroller, and one representative of each of the other constitutional officers develop the selection of the firm. Firms are ranked and the top three are presented to the Board. The Board selects the highest ranked firm for contract negotiation or must publicly document the reason for selecting a lower ranked firm. This method is designed to meet the County's needs while providing a degree of independence in the selection process.

Pursuant to this process, the County's financial statements have been audited by Cherry Bekaert LLP, a firm of licensed certified public accountants. The audit was performed to provide reasonable assurance that the financial statements are free of material misstatement. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering unmodified opinions that the County's financial statements for the fiscal year ended September 30, 2019 are fairly presented in conformity with GAAP. The Report of the Independent Auditor is presented as the first component of the CAFR's financial section. Beginning with the 2006 fiscal year, the opinions of the independent auditor were rendered on the financial statements of each individual fund. In previous years, the opinions were rendered on the more highly summarized basic financial statements, with an "in relation to" opinion on the combining fund-level financial statements.

The County Comptroller's Audit Division performs financial, compliance, and operational/performance audits of the Board, the six constitutional officers, and outside organizations receiving significant funding from the Board. Those audits provide greater access and closer scrutiny than the external audit process. Their efforts assist the external auditor in its audit of County financial statements.

This Letter of Transmittal is designed to complement, and should be read in conjunction with, the narrative introduction, overview, and analysis provided in the Management's Discussion and Analysis, which can be found immediately following the Report of the Independent Auditor, within the Financial Section of the CAFR.

County Profile

Orange County is located near the center of the State of Florida and is about 1,000 square miles. Orlando, the County seat, is its principal city. Including Orlando, there are 13 incorporated cities throughout the County. The County's population increased 2.7% in 2019, compared to the State's 1.8% increase. The 2019 population estimate was 1,386,080. Orange County is the fifth most populated county in Florida. Nearly two-thirds of the County's population resides in its unincorporated areas.

The County was established in 1824 and currently operates under a charter that was originally enacted by the voters effective January 1, 1987. The charter was amended by the voters in 1988, 1992, 1996, 1998, 2004, 2008, 2012, 2014, and 2016. Charter powers address self-government and cannot conflict with general law or special law approved by the voters. The established legislative body of the County is the Board of County Commissioners, which consists of the County Mayor elected at-large and six single-member district Commissioners. Specifically designated governmental functions are performed by separately-elected constitutional officers, who are elected countywide. The constitutional officers are the Clerk of the Courts, County Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. All elected officials serve four-year terms and the current incumbents are identified at the front of this CAFR. The collective operations of the Board and the constitutional officers comprise the Orange County primary government.

The County provides its citizens with a wide range of services including law enforcement, corrections facilities, civil and criminal justice, fire and EMS services, health and social services, housing assistance, animal services, library and cultural services, parks and recreation operations, children's programs, environmental regulation and protection, road, bridge and drainage maintenance and construction, and other general and administrative support services. Additionally, the County owns and operates a water and wastewater utility, a solid waste landfill and recycling program, and the Orange County Convention Center. Many services are provided countywide, while others are focused primarily in the unincorporated areas.

The countywide financial reporting entity consists of the primary government and component units. Component units are legally separate organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion from the reporting entity's financial statements would be misleading or incomplete. For purposes of determining whether financial accountability exists, a primary government must appoint a voting majority of the organization's governing body and either be able to impose its will on that organization or have the potential to receive specific financial benefits or burdens from the organization.

Blended component units, although legally separate, function in essence as County departments and their data are therefore included with the primary government's data. The operating funds of the blended component units are treated as special revenue funds, since the respective revenue sources are legally restricted as to purpose of expenditure. The County has six blended component units: the Orange Blossom Trail Local Government Neighborhood Improvement District (NID), Pine Hills Local Government NID, Lake Conway Water and Navigation Control District, Windermere Water and Navigation Control District, International Drive Community Redevelopment Agency (CRA), and the Orange Blossom Trail CRA.

Discrete component units are more distinctly separate from the primary government and are therefore reported in a separate column in the government-wide financial statements. The County has six component units requiring discrete presentation: the Orange County Housing Finance Authority, Orange County Library District, International Drive Master Transit and Improvement District, Orange County Health Facilities Authority, Orange County Industrial Development Authority, and the Orange Blossom Trail Development Board, Inc. Services included in this CAFR due to the inclusion of discretely presented component units are: financing for affordable housing, library services, conduit financing for hospitals and related facilities, economic development and redevelopment, and mass transit. Additional information on the financial reporting entity, including the component units, can be found in Note A of the notes to financial statements.

Examples of governmental units that do not meet the criteria for inclusion in this report include the Central Florida Regional Transportation Authority, the Greater Orlando Aviation Authority, the Central Florida Expressway Authority, Orange County Schools, the Orange Soil and Water Conservation District, the South Seminole-North Orange County Wastewater Transmission Authority, and the West Orange Healthcare District.

Budgetary controls are maintained by the County. Except for a portion of the Clerk of the Circuit and County Courts (Clerk), each constitutional officer is required by law to file tentative budgets with the Board. In addition, the Board reviews and approves its own proposed budget as prepared by the County Mayor, and then adopts the County's budget as a whole, subject to two public hearings, in the month of September. The Clerk's budget for State court operations is annually submitted for approval to the State Clerk of Courts Operations Corporation. Florida law

prohibits the expenditure of public funds in excess of budgetary amounts and requires that budgets be balanced.

The County adopts annual budgets for all governmental funds on a modified accrual basis. Annual budgets for proprietary funds are adopted on substantially an accrual basis. Budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is established at the department level within each fund. Encumbrance accounting (under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded as a reservation of budget) also strengthens budgetary control.

Department heads may make transfers of appropriations within a department. However, transfers of appropriations between funds/departments or to and from reserves, and changes in total appropriations, require Board approval. Budget-to-actual comparisons are provided in the CAFR for each fund for which an appropriated annual budget has been adopted. Original and final budgets for major governmental funds are also provided.

The County also maintains a five-year Capital Improvement Program that is updated annually. Proposed projects are prioritized and available funds are allocated accordingly.

Factors Affecting Financial Condition

Local Economy. A diverse mix of goods-producing and service-providing sectors supports Orange County's economy. Goods-producing industries include construction and manufacturing. Service-providing industries include trade, transportation, and utilities; leisure and hospitality; professional and business; government; and education and healthcare. High technology, health care and social assistance, and leisure and hospitality are considered the major economic engines in the County. According to the Metro Orlando Economic Development Commission, these three industries alone generate annual payroll of more than \$22.88 billion.

High Technology. High technology industries include military defense, space exploration, modeling and simulation, flight training, scientific research, power generation, and biotechnology. During 2019, Lockheed Martin and other high-tech manufacturers announced they had won contracts with a potential value of \$4.14 billion to build and supply military defense systems. The University of Central Florida (UCF) plays a key role in this sector. Adjacent to UCF's main campus in East Orlando is one of the top ten research parks in the nation. The Central Florida Research Park's tenants include UCF's Institute for Simulation and Training, UCF Technology Incubator, Naval Air Warfare Center Training Systems Division, and the U.S. Air Force Agency for Modeling and Simulation. The Research Park houses 145 high-tech companies employing approximately 10,000 individuals.

In partnership with Valencia College, UCF will expand its downtown campus as part of the \$1.5 billion Creative Village project, which will be a 68-acre transit oriented hub for high-technology companies, educational institutions, retail and commercial businesses, and residential living. This innovation district will be anchored by Electronic Arts, Inc., which plans to relocate its regional headquarters to Creative Village in the fall of 2021, and will bring as many as 1,000 high-wage jobs to the district. This multi-phase development project is scheduled to be completed in 2031.

Health Care and Social Assistance. The health care industry in Orange County is rapidly growing due in part to the development of "Medical City" in the southeast part of the County. Included in this research center are the University of Central Florida College of Medicine and Burnett School

of Biomedical Sciences, University of Florida Research and Academic Center, Veterans Administration Medical Center, and Nemours Children's Hospital. UCF, in partnership with HCA Healthcare, Inc., are building a \$175 million teaching hospital in Medical City. This teaching hospital will provide opportunities for medical residences and help curb a projected shortage of physician specialists in Florida over the next five years. Construction began in October 2019 and is scheduled to open in 2020.

In March 2019, AdventHealth broke ground on a \$200 million hospital that will become part of the medical complex in Winter Garden, located in west Orange County. The new 7-story patient tower, expected to open in 2021, could eventually expand to 200 beds and will create approximately 700 new jobs.

Leisure and Hospitality. The leisure and hospitality industry had a strong year, as evidenced by a 2.6% increase in tourist development tax collections. The growth in revenues reflected a 1.1% increase in average daily room rates. For calendar year 2019, hotel occupancy rates in the Orlando metropolitan area of Orange, Seminole, and Osceola Counties fell to 76.1% from 77.5% in 2018. The number of rooms increased marginally to 125,167 and the Orlando area room supply remains the largest in Florida and among the largest in the United States.

Walt Disney World, Universal Orlando, and SeaWorld Orlando all opened new attractions in 2019. In August, Disney opened *Star Wars: Galaxy's Edge* at Hollywood Studios. The land features *Star Wars* themed dining, merchandise, and two new attractions: Millennium Falcon Smugglers Run, a flight simulator ride where guests can pilot the Millennium Falcon, and Rise of the Resistance (which opened later in 2019), an indoor attraction that places visitors in the middle of a battle between the First Order and the Resistance. In June, Universal Orlando opened a new *Harry Potter* themed rollercoaster, called Hagrid's Magical Creatures Motorbike Adventure, at Islands of Adventure. SeaWorld opened a new land based on *Sesame Street* in March, featuring seven attractions, character meet and greets, and a daily parade. The rides include Super Grover's Box Car Derby, a family friendly rollercoaster; Elmo's Choo Choo Train, a horn-honking and bell ringing train ride; and Big Bird's Twirl 'N' Whirl, a spinning teacup ride.

Construction. The construction industry was booming in Central Florida during Fiscal Year 2019. The U.S. Census Bureau reported that approximately 11,997 single and multi-family residential building permits, with an estimated construction cost of \$2.52 billion, were issued during the year. The number of building permits issued increased 6.0% from 2018, and estimated construction value rose 6.8%. Some of the larger projects included hotels, resorts, hospital facilities, entertainment venues, and transportation infrastructure.

Transportation. Following its designation as the eleventh busiest airport in the United States, as well as the busiest in the state, passenger traffic at Orlando International Airport (OIA) increased 6.3% to 49.8 million passengers in Fiscal Year 2019. The airport is in the midst of a \$4.12 billion capital improvement plan that includes the new South Terminal Complex project, which will add 19 gates that can accommodate a minimum of 24 aircraft. The \$2.30 billion expansion is projected to open in late 2021.

Employment. Employment in Orange County increased 3.9% to 763,604 persons by the end of the fiscal year, according to the Florida Research and Economic Information Database. Comparatively, employment rose 2.8% statewide and 1.5% nationwide. In the Orlando metropolitan area, construction employment increased 7.1%, while manufacturing employment rose 7.3%, and service-producing employment grew by 3.4%.

Forecast. The local economy will benefit from new construction in the tourism industry, an intercity rail project, the I-4 Ultimate Improvement Project, construction on the second phase of the Performing Arts Center, and growth in health care and technology. The positive outlook for the economy is reflected in employment projections. The Florida Department of Economic Opportunity forecasts employment to rise by 12.1% over the next eight years.

Walt Disney World, Universal Orlando and SeaWorld are planning to open new attractions in 2020. Disney will add two new attractions, Remy's Ratatouille Adventure and Mickey and Minnie's Runaway Railway. The first attraction is based on the Pixar movie *Ratatouille*, and will "shrink" guests allowing them to scamper through Gusteau's Restaurant in rat-themed cars on this 4D ride. The ride will be located in Epcot's France Pavilion and is expected to open in the summer. Mickey and Minnie's Runaway Railway is a trackless ride that will take guests on a whirlwind adventure on Engineer Goofy's train, while Mickey and Minnie try to save the day. This attraction is located in Hollywood Studios and will open in March. Universal Orlando will open the Bourne Stuntacular, based on the *Bourne* film franchise, in the spring of 2020. The live-action stunt show, featuring high-tech props, live performers and a huge LED screen, will follow the Jason Bourne character around the world as menacing characters pursue him. SeaWorld plans on opening the Ice Breaker, an artic-inspired rollercoaster featuring four launches and a vertical drop from a 93-foot spike with a 100 degree angle, and RipTide Race, a dueling raft ride that will start at the top of a 68 foot tower, in the spring.

Universal also announced plans to open a new theme park, Epic Universe, in 2023. The new park will include an estimated 800 acres of land and will include four themed lands. Only one confirmed land, Super Nintendo, was announced. Additionally, two new 750-room hotels and a \$350 million expansion of Kirkman Road will be included to the south of the existing parks. The economic impact is estimated at more than \$11 billion.

Disney and Universal also have construction projects underway to expand on-site hotel accommodations. The Disney Riviera Resort, opened in the first quarter of Fiscal Year 2020, features apartment-like rooms with a mix of one- to three-bedroom villas, each with a full size kitchen and laundry. The resort includes three Mediterranean-themed pools, European-style dining experiences, and access to Epcot and Hollywood Studios via the Disney Skyliner. In March, Universal Orlando is scheduled to open the Dockside Inn and Suites. This 2,050 room hotel will have a coastal retreat theme and feature two resort style swimming pools, a game room, fitness center, food court and bar. This will be the eighth hotel at the Universal Orlando Resort.

Transportation construction projects will include Virgin Trains USA and road work in Orange County. Virgin Trains USA is building a \$4 billion expansion from West Palm Beach to Orlando, with the Orlando station located at the intermodal transportation facility at OIA. The project will add 170 miles of new track and is expected to be completed in 2022. Virgin Trains is also pursuing rights-of-way for a \$1.7 billion route between Orlando and Tampa. In addition, the company plans to open a station on the Tampa route at the Walt Disney World Resort.

The Florida Department of Transportation is more than halfway through construction on the I-4 Ultimate Improvement Project, a \$2.3 billion road expansion and improvement project that will remake the 21-mile stretch of Interstate 4 from west of Kirkman Road in Orange County to east of State Road 434 in Seminole County. The project includes the reconstruction of 15 interchanges, 53 new bridges, 74 bridge replacements, 13 bridge modifications, reconstruction of general use

lanes, and the addition of two express lanes in each direction. The express lanes will provide restricted access points and variable toll pricing. The project is expected to be completed in the fall of 2021. Separately, the Central Florida Expressway Authority's five-year plan indicates it will spend more than \$2 billion on roadway expansion and improvement projects.

In November 2014, the first phase of the Dr. Phillips Center for the Performing Arts opened. It included the 2,700-seat Disney Theater for large productions and the 300-seat Jim & Alexis Pugh Community Theater for theater, dance, and music performances. The Dr. Phillips Center broke ground in March 2017 on the \$237.5 million second phase of construction. The expansion will include the Steinmetz Hall, a 1,700-seat acoustical hall with three tiers of seating; The Green Room, a 9,000 square-foot rehearsal room and gathering space that will allow performers and guests to come together; an additional lobby space and full kitchen facilities. Phase II construction is scheduled for completion in September 2020.

The development of Innovation Way as a center for technology and healthcare facilities is diversifying Orange County's economic base outside of the core leisure and hospitality industry. The Innovation Way corridor encompasses the University of Central Florida, a Valencia College campus, Central Florida Research Park, International Corporate Park, Orlando International Airport, the University of Florida Research and Academic Center, and Medical City at Lake Nona.

Long-term financial planning. The County maintains an active program of capital improvements in all phases of its operation. A five-year capital improvements plan and a model for projecting operating expenses five years in advance are maintained and utilized. Capital construction and acquisition planning entails an evaluation and ranking process that begins in advance of the operating budget process, with the operating impact of a proposed project being a required element. It is the County's philosophy that new projects are undertaken only if current and future operating revenues are sufficient to fund the associated operating costs. The current capital improvements plan totals \$2.76 billion over the five fiscal years ending in 2024. With economic indicators continuing to highlight positive economic gains, the County recognizes the importance of adequate infrastructure to maintain quality of life and the area's economic vitality. To accomplish this, the County allocates over \$300 million a year for transportation related expenditures.

Highlights of current County capital initiatives and their expected operating impacts are as follows:

Governmental Activities. Orange County operates one of the largest county jails in the state. The Corrections Department is currently in the process of procuring a new Inmate Management System to track all aspects of an inmate's incarceration from booking to release. This system will require on-going maintenance costs which should be offset by increased efficiencies, reduced liability issues, and enhanced information interface with arresting authorities and other agencies.

A campus-wide security assessment is underway to coordinate the continuance of the perimeter security project in conjunction with other work being constructed throughout the jail. The perimeter security project is expected to replace electronic locks and security controls throughout the entire jail complex. This project is expected to reduce personal service costs. A \$2.1 million project to extend safety rails throughout the jail's housing areas to prevent injuries, reduce medical costs and liability is expected to continue through Fiscal Year 2020.

During 2019, the County continued with the renovation of existing fire stations and construction of new stations in response to growing needs. Operating efficiency and rehabilitation improvements were completed on 37 Fire Stations and facilities. Construction of three new fire stations in east

Orange County is expected to begin in Fiscal Year 2020. These new stations will represent new assets for the County and will have an impact on the County's operating budget in future years.

With regard to Public Works projects, design or construction is underway on numerous major road and bridge widening or extension projects. These projects include All American Boulevard, Boggy Creek Road, Econlockhatchee Trail, Fenton Street, Ficquette Road, Hamlin Trail, Holden Avenue, International Drive, John Young Parkway, Kennedy Boulevard, Lake Underhill Road, Richard Crotty Parkway, Taft Vineland Road, and Texas Avenue. Under the oversight of the County's Public Works Department, projects completed in Fiscal Year 2019 include two intersection improvements, three drainage improvements, and five stormwater management projects. Additionally, 300 miles of roadway were either paved or resurfaced, 35 sidewalk projects totaling nine miles, and 887 curb ramps were completed during the year. New roads, bridges, road lanes, and sidewalks are new assets and will have some impact on the County's operating budget. The County continues to allocate additional funds in this area to augment dedicated transportation resources.

In the area of parks and recreation, the County completed the East Orange District Park, and Phase 1, Segment 1 of the Shingle Creek Trail projects. These accomplishments represent new assets to the County and will impact the County's operating budget.

The Environmental Protection Division (EPD) completed the construction of the stormwater reuse facility at Lake Lawne. The project will help reduce the amount of nutrient pollutant reaching the lake and provide additional irrigation water without drawing on new or existing water resources. EPD continued with Environmental Sensitive Land and Water Quality Improvement assessment projects that will have an impact on the County's operating budget as they move from the assessment phase into implementation.

Improvements to public facilities and development of affordable housing were advanced by the Housing and Community Development Division. Affordable housing projects included the rehabilitation of 221 rental units at the Tuscany at Aloma/Winter Park Housing Authority and Forest Edge apartment complexes. A joint venture between the City of Orlando, Orange County and other organizations, completed construction a new health care facility in the Ivey Lane community in May 2019. These projects are owned, operated, and maintained by the private or nonprofit sectors and will not have an impact on the County's operating budget.

Finally, the Public Safety Communication Division completed the replacement of generators at county radio tower sites in Fiscal Year 2019. Upgrades to the 911 Viper System and the purchase of new recorders for 911 calls was started during the fiscal year.

Business-type activities. The Water Utilities System (System) has several water and wastewater projects in various stages of development. These improvements will provide additional capacity to accommodate future customer growth and allow the system to function more efficiently and effectively. Water distribution system modifications began on the Eastern Regional Water Supply Facility Phase 3B and are expected to be complete in early 2020. Water distribution modifications continue with improvements to the Malcom Road Water Supply Facility with completion expected by summer of 2020.

With regard to wastewater treatment, the expansion of the Eastern Water Reclamation Facility Phase 5 and Biosolids Facility was substantially completed in March 2019. The expansion will increase the facility's wastewater treatment capacity by five million gallons per day and includes

improvements to the treatment process in order to produce higher quality effluent suitable for public access reuse. Construction began on the \$27.6 million reclaimed water main project on Boggy Creek Road to Wewahootee Road and is scheduled to be completed in late 2021. The installation of the new piping is required to connect the Southern and Eastern Water and Reclaimed Water Service Areas to serve the needs of new development in the eastern portion of Orange County.

The System operates solely on user charges and capital contributions from new customers. All capital costs, including their operating expense impacts, are recovered through established rates and fees.

Future plans in the Solid Waste System call for a full build-out of Cell 2. The Notice to Proceed was issued in October 2019 and is scheduled for substantial completion in mid-2020. Replacement of the McLeod Road Transfer Station continues with a new station that will be more efficient to operate. Upgrades to the scalehouse facilities at the Porter Transfer Station are underway and, once complete, are anticipated to reduce operating costs. Design continued for the development of Cell 11. Future operating costs are not expected to increase.

The Solid Waste System operates solely on user charges from customers. All capital costs, including their operating expense impacts, are recovered through established rates and fees.

The Orange County Convention Center (Center) is a multipurpose building designed for conventions, trade shows, exhibits, meetings, and consumer shows. The Center is the second largest convention center in the U.S. in terms of prime exhibition space. The facility contains approximately seven million gross square feet of enclosed building space, including approximately 2.1 million gross square feet of exhibit space and over one-half million square feet of meeting room space. Support facilities include an auditorium of performing arts quality seating 2,643, two multipurpose ballrooms, boardrooms, multiple fully equipped kitchens, concession and administrative spaces, dressing rooms, and storage areas. During Fiscal Year 2019, the Center completed the West Building Valencia Pre-function Area improvements, Campus Master Plan improvements, West Building and North/South seating upgrades, exterior wayfinding signage, conference room upgrades, purchase of food court and kitchen equipment, and Chapin Theater lighting and audio system replacements. The current capital improvement plan, totaling \$220.1 million over the five fiscal years ending 2024, is primarily for renovations to the existing facility. The primary mission of the Center is economic development. The Center currently has 726 future events booked that are anticipated to have an economic impact of approximately \$19.2 billion. The Center's operating revenues largely offset its operating expenses. In accordance with the County's tourist development plan, the Center will continue to utilize a portion of the County's tourist development tax revenues as an operating subsidy. Debt service payments for outstanding bond issues used to finance the construction of the Center will continue to come from the tourist development tax as well. Facility renovation costs will be initially funded by reserves on hand.

Cash management policies and practices. Cash management is exercised independently by each constitutional officer and the discrete component units. With respect to the Board, the County Comptroller deposits, invests, and disburses funds on their behalf as required by law. Available cash is invested according to investment policies adopted by the Board pursuant to Florida law following four specific objectives. The policies' objectives are safety of principal, provision of sufficient liquidity, maximizing yield, and diversification of the portfolio to control risk. Investment types were relatively conservative in nature (so as to prevent losses occurring from

market risks and default) and included U.S. Treasury securities, federal agency securities, money market mutual funds investing only in treasury and agency securities, certificates of deposit, and commercial paper.

The average effective rate of return for Board funds was approximately 2.30% for the fiscal year, and countywide investment income recognized was approximately \$49.6 million, which helped to reduce the tax burden to citizens. Investment income reported includes changes in the fair value of investments. Additional information on the County's investment program can be found in Note B in the notes to financial statements.

Risk management. The County maintains a risk management loss prevention and self-insurance program for property, liability, and workers' compensation coverage. Participants include the Board and constitutional officers. However, the Sheriff is enrolled in the Florida Sheriffs' Self-Insurance Fund for all general liability and automobile claims and certain worker's compensation claims.

The County's risk management program covered claims on losses during Fiscal Year 2019 for workers' compensation, property damage, and general liability. Additional insurance coverage in excess of the self-insured retention limits for property damage and general liability is in force to reduce the risk of catastrophic loss. With regard to employee health insurance coverage, the County converted to a self-insured basis in January 2007. Also, the Sheriff is self-insured with respect to employee health insurance coverage. Additional information regarding the County's risk management and insurance programs can be found in Note G in the notes to financial statements.

Pension and other post-employment benefits. Substantially all County employees participate in the Florida Retirement System (FRS), administered by the Florida Department of Management Services. Employees elect participation in either the defined benefit plan, a multiple-employer cost-sharing defined benefit retirement plan, or the defined contribution plan. The Plan was substantially changed during Fiscal Year 2011, affecting benefits for new employees hired after June 30, 2011, and requiring Plan members to contribute three percent of their salary. These changes served to significantly reduce the County's required contributions to the FRS. Additional information on this Plan can be found in Note H in the notes to the financial statements.

The Board and each of the constitutional officers provide other postemployment benefits (OPEB) to certain retirees to subsidize their health care insurance costs. The County established a qualifying trust and began funding its OPEB Plan obligation in September 2007, with the Clerk of the Circuit and County Courts following suit by establishing its own trust in June 2009. The County and Clerk combined actuarially determined contribution for Fiscal Year 2019 was \$10.13 million and the actual contribution was \$13.04 million. The most recent actuarial reports were prepared as of September 30, 2019, for both the County the Clerk. They reflect that the net position as a percentage of OPEB liability is 61.69% and 88.81% for the County and Clerk, respectively.

Funding the actuarially determined OPEB costs of the County and the Clerk has not had a significant impact on operating costs or financial position. Additional information on the County's and the Clerk's OPEB plans can be found in Notes I and J in the notes to financial statements.

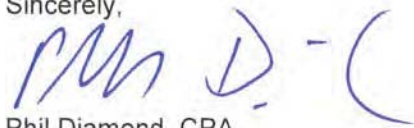

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Orange County for its comprehensive annual financial report for the fiscal year ended September 30, 2018. This was the 37th consecutive year that the County has earned this prestigious award (fiscal years ended 1982-2018). In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Orange County also received the GFOA's Award for Distinguished Budget Presentation for its annual appropriated budget dated October 1, 2018. This marks the 29th consecutive time that the County has received this award, with four of the awards being biennial awards for multi-year budgets for Fiscal Years 2000 through 2007. To qualify for the Distinguished Budget Presentation Award, the government's budget document must be judged proficient in several categories including policy documentation, financial planning, operational guidelines, and public communications.

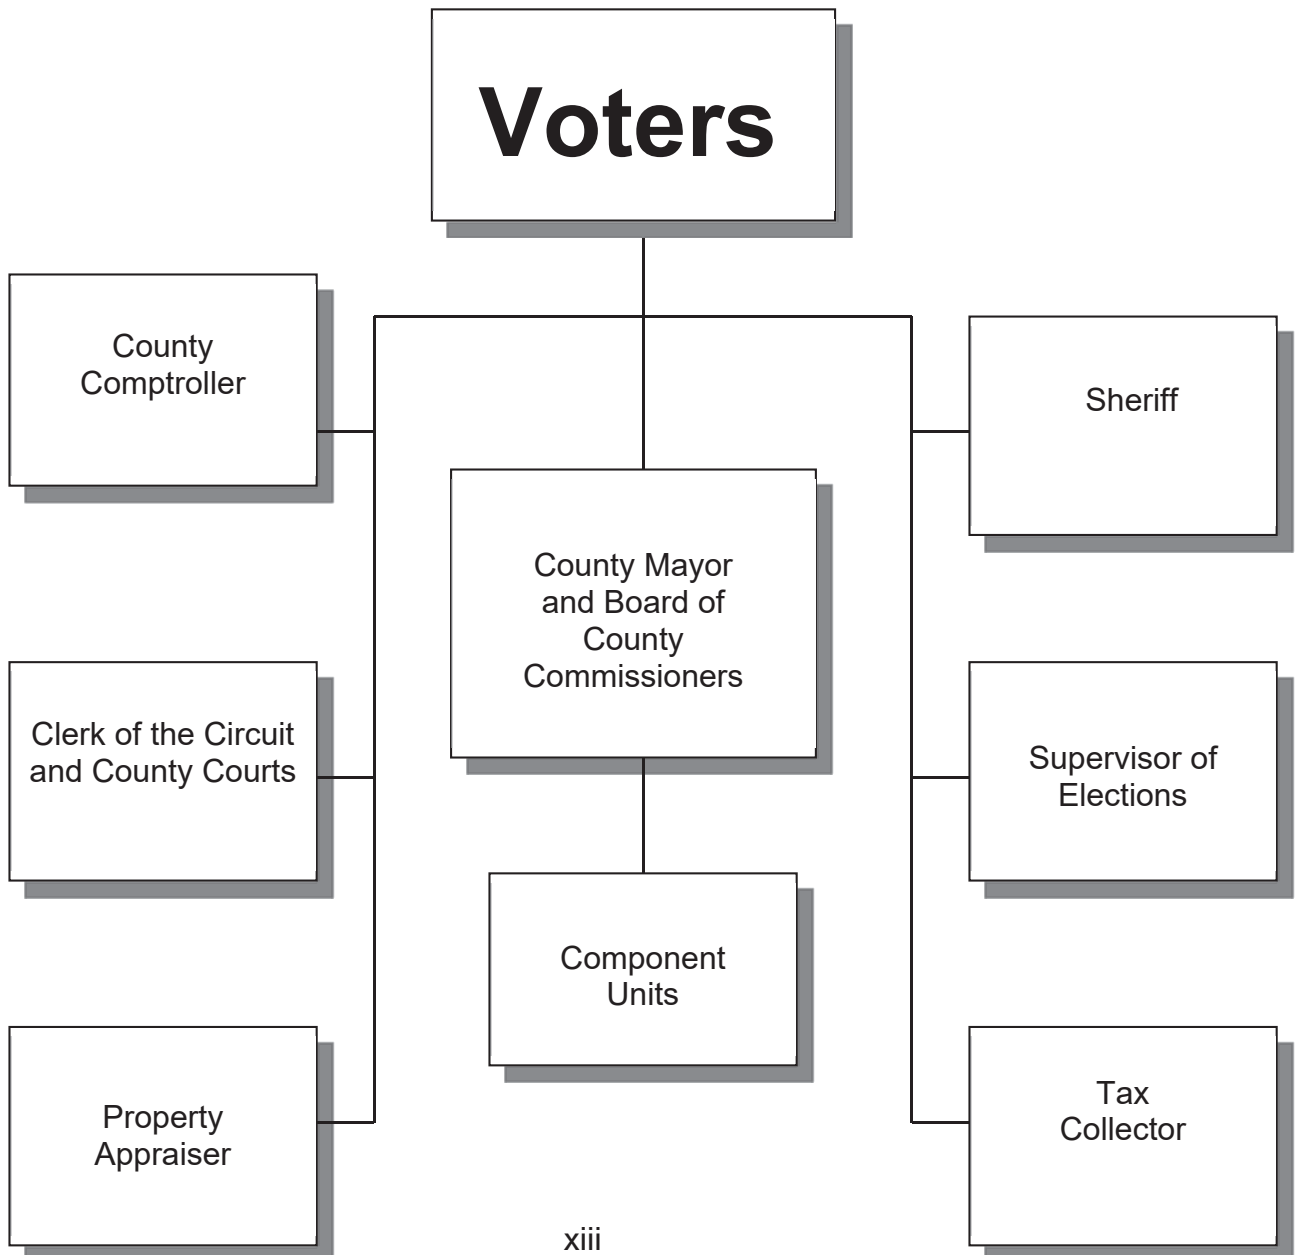

Your elected County officials and their staffs are dedicated to providing responsive, efficient service to the citizens of Orange County. The financial results of one year of those efforts are shown in this report. On behalf of the County Comptroller's Office, we extend our appreciation to the County Mayor, the County Commissioners, the constitutional officers, and their respective staffs for their assistance and cooperation throughout the year. Finally, we extend thanks to the accounting firm of Cherry Bekaert LLP for its cooperation with this report.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Phil Diamond', with a stylized flourish extending to the right.

Report of Independent Auditor

To the Honorable Mayor and Board of County
Commissioners of Orange County, Florida:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Orange County, Florida (the "County"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the County's nonmajor governmental, internal service and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2019, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 89%, 48%, and 38%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the aggregate discretely presented component units, insofar as it relates to the amounts included for the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., is based solely upon the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and Fire Protection MSTU Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental, internal service and fiduciary funds of the County as of September 30, 2019 and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension and other postemployment benefits disclosures be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, other supplementary information, supplemental schedules, and statistical section, as listed in the foregoing table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and Chapter 10.550, Rules of the Auditor General, and are also not a required part of the basic financial statements.

The other supplementary information, supplemental schedules, and the schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial

statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the other supplementary information, supplemental schedules, and the schedules of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2020, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Cheryl Behrman LLP". The signature is written in a cursive style.

Management's Discussion and Analysis

Orange County's discussion and analysis offers readers of the County's financial statements a narrative overview and analysis of the County's financial activities for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, and in the financial statements and notes to the financial statements.

The government-wide financial statements include not only Orange County and its blended component units (known as the primary government), but also legally separate discrete component units for which the County is financially accountable. Information included in this discussion and analysis focuses on the activities of the primary government. Accordingly, information provided does not include the activities of discretely-presented component units.

Financial Highlights

- Orange County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at September 30, 2019 by \$6,749.5 million (net position). Of this amount, \$251.6 million (unrestricted net position) may be used to meet the County's ongoing obligations to citizens, creditors and enterprise fund customers.
- The County's total net position increased by \$350.2 million compared to the previous year's amount, with \$212.3 million of the increase resulting from governmental activities and \$137.9 million from business-type activities.
- At September 30, 2019 the County's governmental fund balance sheet reported a combined ending fund balance of \$1,370.3 million, an increase of \$205.4 million compared to the previous fiscal year balance. Of the combined governmental fund balances, \$150.1 million remains in the General fund of the County as unassigned.
- The General fund reported a fund balance of \$178.3 million, an increase of \$32.2 million from last fiscal year. This ending fund balance equates to 19.2% of General fund expenditures and transfers out for the year.
- Total bonded debt decreased by \$76.6 million in Fiscal Year 2019, due to scheduled payments of principal on outstanding bonds.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. The statement of net position presents information on all of the County's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes; earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The County's governmental activities include general government, public safety, physical environment, transportation, economic environment, human services, and culture/recreation. The County's business-type activities include a convention center facility, a solid waste system, and a water/wastewater utility system. Financial information in the government-wide financial statements distinguishes discretely-presented component units from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 14 through 16 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Orange County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 48 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General fund, Fire Protection MSTU fund, and Sales Tax Trust fund, each of which are considered to be major funds for Fiscal Year 2019. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its governmental funds. Budgetary comparison statements have been provided for governmental funds to demonstrate compliance with the budget.

The basic governmental funds financial statements can be found on pages 17 through 22 of this report.

Continued

Proprietary funds. The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its convention center facility, solid waste system, and water/wastewater utility system. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its risk management, fleet management, and employee health benefits and insurance services. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Financial statements of proprietary funds provide the same type of information as the government-wide financial statements, but in greater detail. The proprietary fund financial statements provide separate information for the Orange County Convention Center, Solid Waste System, and Water Utilities System, each of which are considered to be major funds of the County. Individual fund data for the County's five internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 23 through 27 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 28 and 29 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31 through 112 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's proportionate share of its liability of the Florida Retirement System Pension Plans and changes in net other postemployment benefits and contributions for employees of the County and the Clerk of Circuit and County Courts. Required supplementary information can be found on pages 113 through 120 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 121 through 203 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Orange County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$6,749.5 million at the close of the most recent fiscal year, representing an increase in total net position for the year amounting to \$350.2 million.

The largest portion of the County's net position (85.1%) reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, and intangibles), less any related

Continued

outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, they are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net position (11.2%) represents resources that are subject to restrictions on how they may be used, most of which are restrictions imposed from external sources. The remaining 3.7% of total net position (\$251.5 million) represents unrestricted amounts that may be used to meet the government's ongoing obligations to citizens, creditors, and customers within the respective governmental and business-type activities.

At the end of the current fiscal year, as in the prior year, the County is able to report positive balances in all three categories of net position as a whole and individually within the governmental activities. Business-type activities also reported a positive balance in unrestricted net position for the current year. Overall the County experienced an increase of \$350.2 million (5.5%) in total net position from the prior year. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

Governmental activities accounted for a \$212.3 million increase in the County's net position. This consists of a \$126.2 million increase in the net investment in capital assets; a \$53.9 million increase in restricted net position and an increase of \$32.2 million in unrestricted net position compared with the prior year. Total revenues increased by \$129.4 million, largely consisting of an increase of \$73.9 million in ad valorem property taxes. Increases in program revenues (\$3.4 million), are attributable to increases in transportation capital grants. This was offset by a decrease in general government and public safety charges for services. Expenses increased by \$122.2 million, primarily in the areas of general government (\$26.1 million), public safety

Continued

(\$67.0 million), and transportation (\$13.4 million), the result of providing additional services related to rising revenues.

Business-type activities increased the County's net position by \$137.9 million. A \$55.8 million increase in revenues is largely due to charges for services in the Water Utilities System (\$9.2 million) and related to the Convention Center, an increase in tourist development taxes (\$7.2 million). Expenses increased \$45.0 million largely due to increased operating expenses and depreciation of the Water Utility System (\$20.7 million) and, for the Convention Center, payments to other organizations pursuant to priorities outlined in the Tourist Development Plan (\$26.3 million).

The changes in net position displayed below shows the governmental and business-type activities during the previous two fiscal years. The increase in net position for each year represents the extent to which revenues exceeded expenses during the year.

Financial Analysis of Orange County's Funds

As noted earlier, Orange County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2019, Orange County governmental funds reported combined fund balances of \$1,370.3 million, an increase of \$205.4 million compared with the prior year. Approximately 11% of this total amount (\$150.1 million) constitutes unassigned fund balance, which is available for spending at the County's discretion. The remainder of fund balance falls into the categories of either not in spendable form, restricted, committed or assigned. These categories indicate that the funds are not available for new spending because they have already been designated for a specific purpose either by action of the County, statutory or debt based requirements.

The General fund is the chief operating fund of the County. At September 30, 2019, total fund balance in the General fund was \$178.3 million, of which \$150.1 million was unassigned. As a measure of the General fund's liquidity, the total and unassigned fund balance amounts equate to approximately 19% and 16% of total fund expenditures and transfers out, respectively. The fund balance of the General fund increased \$32.2 million during the current fiscal year largely due to increases in ad valorem property tax revenue, charges for services and interest revenues, which were offset with increases in general government and public safety expenditures.

The Fire Protection MSTU special revenue fund has a total committed fund balance of \$59.5 million. This fund balance increased \$9.7 million during the current fiscal year, compared to an increase of \$5.3 million in the prior fiscal year. This is primarily due to an increase in ad valorem taxes and emergency medical transportation services offset by an increase in public safety expense.

The Sales Tax Trust debt service fund has a total fund balance of \$233.1 million, of which \$60.6 million is restricted for payment of debt service. The \$32.4 million increase in fund balance for the year, as compared to a \$7.0 million increase in Fiscal Year 2018, is the net result of increases in sales tax and interest revenues, a reduction of interfund transfers out, offset by an increase in debt service expense.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in greater detail. At September 30, 2019, total net position amounted to \$2,078.2 million for enterprise funds, as compared to \$1,940.3 million at September 30, 2018. Total net position of the Convention Center fund was \$447.9 million, recognizing a \$59.6 million increase for the year, representing a \$7.5 million decline over the 2018 increase. This is largely due to an increase in payments due to other agencies, offset by increased Tourist Development Tax collections and interest earnings.

Total net position of the Solid Waste System amounted to \$161.5 million at the end of the fiscal year, representing a \$4.5 million increase over net position reported for Fiscal Year 2018. This increase in earnings is primarily due to an increase in interest revenue. Unrestricted net position stands at \$59.9 million, and the System continues to have no outstanding bonded debt.

The Water Utilities System total net position rose by \$73.8 million during the year, to \$1,468.8 million from \$1,395.0 million. The largest portion of System net position (91.9%) reflects its investment in capital assets, less any related outstanding debt used to acquire those assets. Total restricted net position increased by \$2.4 million to reflect amounts set aside for scheduled debt service payments and other contractual obligations. Unrestricted net position of the System decreased to \$74.0 million from \$104.0 million.

General Fund Budgetary Highlights

A budget to actual statement is provided for the General Fund. Columns for both the original budget adopted for Fiscal Year 2019 as well as the final budget are presented. During the year, the budget for fund balance brought forward from the prior year was increased by \$12.8 million to more closely reflect the final actual amount. Current expense budgets were increased, as well as budgetary reserve for contingencies.

Budgeted taxes revenue represents the full levy of ad valorem property taxes for the year, while actual results reflect early payment discounts allowed by State statute. Negative revenue variances totaling approximately \$23.6 million were offset by the legally-mandated statutory deduction. Expenditures for general government, public safety, economic environment and human services were under budget by a sum total of \$69.8 million due to conservative spending practices. During the year, overall revenues exceeded the total budgetary estimate and actual expenditures were less than budgetary estimates in every category.

Capital Asset and Debt Administration

Capital assets. The County's investment in capital assets for its governmental and business-type activities as of September 30, 2019 amounts to \$6,748.4 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, improvements other than buildings, infrastructure, machinery and equipment, and intangible items. The overall net increase in the County's capital assets for the current fiscal year was 2.4% over last year (increases of 2.5% for governmental activities and 2.4% for business-type activities for the year). Major capital asset events in the current year included the following:

- Approximately 6 road widening and extension projects were continued or completed at a combined cost of \$20.5 million during the fiscal year.
- Capital assets valued at \$182.3 million were received as capital contributions - \$127.0 million for governmental activities and \$55.3 million for business-type activities.
- At fiscal year-end, the County had outstanding construction contracts for various projects totaling approximately \$195.6 million.

Additional information on the County's capital assets can be found in note E on pages 54 and 55 of this report.

Long-term debt. At the end of the current fiscal year, the County had total bonded debt outstanding (net of unamortized costs) of \$1,175.4 million, entirely comprised of debt that is secured by specified revenue sources (i.e., revenue bonds). Of these revenue bonds, \$863.0 million, or 73%, is secured by the first five cents of the County's tourist development tax levy for the financing of the various expansion phases of the Orange County Convention Center.

Orange County Outstanding Debt
Revenue Bonds
(in millions)

	Governmental Activities		Business-type Activities		Total	
	<u>2019</u>	<u>2018</u>	<u>2019</u>	<u>2018</u>	<u>2019</u>	<u>2018</u>
Revenue bonds	<u>\$ 224.4</u>	<u>\$ 249.2</u>	<u>\$ 951.0</u>	<u>\$ 1,002.8</u>	<u>\$ 1,175.4</u>	<u>\$ 1,252.0</u>

The County's total bonded debt decreased by \$76.6 million during the 2019 fiscal year – consisting of a decrease of \$24.8 million for governmental activities bonds, and a decrease of \$51.8 million for the business-type activities. The reductions were associated with scheduled principal payments on maturing debt obligations.

As of September 30, 2019, the County had no outstanding general obligation debt. Capacity for pledging existing revenue sources is still available with respect to public service taxes, sales tax revenue, state revenue sharing revenue, tourist development tax revenue, gas tax revenue, and utility systems revenue, as well as property taxes. Bonds backed by any of these sources,

Continued

with the exception of property taxes, could still be issued and would not require voter approval. Any property tax bonds would be a general obligation issue requiring voter approval.

Additional information on the County's bonded debt and other long-term liabilities can be found in notes G through O on pages 57 through 103 of this report.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Orange County decreased to 2.7% from a rate of 2.9% a year ago. This is better than both the state's average unemployment rate of 3.2% and the national average of 3.5% at September 30, 2019.
- Taxable property valuation increased 9.3% from \$119.4 billion in 2018 to \$130.5 billion in 2019.
- Countywide taxable sales increased from \$50.8 billion in 2018 to \$53.3 billion in 2019.
- Countywide motor fuel sales increased from 815 million gallons in 2018 to 835 million gallons in 2019.

All of these factors were considered in preparing the County's budget for Fiscal Year 2020.

During the year ended September 30, 2019, unassigned fund balance in the General fund increased to \$150.1 million. The County has appropriated this amount in the Fiscal Year 2020 budget in accordance with the requirements of State statute. Ad valorem property tax rates remain unchanged for Fiscal Year 2020, however, they have been affected in recent years as follows.

In 2007, the Florida Legislature adopted property tax limiting legislation that impacted all counties, cities, and special districts. This action imposed statutory changes on how property tax millage rates are adopted, and it resulted in Orange County adopting rates in the 2008 fiscal year that were five percent below the roll-back rate (except for Fire/EMS at three percent). Going forward, annual millage rates may be levied up to the roll-back rate or to a rate approximating the roll-back rate based on certain allowed adjustments. Rate increases beyond such limitations require either a super-majority or unanimous vote of the governing body, depending on the magnitude of the increase.

This legislative action also placed a constitutional amendment on the ballot, which was approved by Florida voters in January 2008. Referred to as "Amendment 1", it made four changes affecting taxable assessed value. First, with respect to homestead property, it increased the current \$25,000 homestead exemption by another \$25,000 (for property values between \$50,000 - \$75,000), except for school district taxes. Second, Amendment 1 allows property owners to transfer (make portable) up to \$500,000 of their "Save Our Homes" benefits to their next homestead when they move. "Save Our Homes", a 1995 amendment to the Florida Constitution, limits the annual increase in assessed value for homestead property to the lesser of three percent or the percentage change in the Consumer Price Index. Third, the amendment limits the annual increase in assessed value for non-homestead property (businesses, industrial property, rental property, second homes, etc.) to 10%, except for school district taxes. And fourth, it provides a \$25,000 exemption for tangible personal property. Amendment 1 was effective for property taxes collected for the 2009 fiscal year, except for the 10% assessment cap on non-homestead property, which became effective for the 2010 fiscal year.

For the 2019 and 2020 fiscal years, the County's property tax millage rate levies remained unchanged from the reduced rates adopted in 2008. For Fiscal Year 2019, taxable assessed values increased by 9.3% from 2018, and taxable assessed values continue to rise for 2020 with a 9.5% increase over 2019. Based on the revised statutory methodology and the Fiscal Year 2019 increase in assessed values, the County's "roll-back" millage rate was six percent

Continued

higher than the actual rate adopted, and the maximum rate allowed with a simple majority vote was 63% higher than the “roll-back” rate. Although the economy is strengthening and taxable property values are inching up, the County chose to adjust its budget for Fiscal Year 2020 rather than upwardly adjust property tax millage rates to compensate for the reduction in taxable values from that of previous years. Thus, under the provisions of the 2007 legislation, the County retains the option for millage rate adjustments in future fiscal years that could mitigate reductions in property tax receipts due to reduced assessed values, without the requirement of a super-majority vote.

As for the County’s business-type activities, the Water Utilities System automatic three percent rate increase for all categories of the water and wastewater rate schedules was not repealed for Fiscal Year 2019 or Fiscal Year 2020. In the Solid Waste System, a phased approach for tipping fee increases, which began with 6.5% and 39.5% increases for Class I and Class III refuse in December 2008, respectively, continued with 6.5% increases in Class I and Class III tipping fees in December 2009, and finished with an additional 6.5% increase in Class I tipping fees in December 2010. Effective April 1, 2013, further revisions to the fee schedule were adopted which decreased Class I tipping fees for residential and commercial waste by 9.4% and 15.6%, respectively. The Class III rate remained the same, except that Class III waste delivered to a transfer station would be charged at the Class I rate. Further, this resolution eliminated the provision for automatic rate increases.

Requests for Information

This financial report is designed to provide a general overview of Orange County’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Phil Diamond, County Comptroller, Post Office Box 38, Orlando, Florida 32802-0038. Complete financial statements for each of the individual component units may be obtained at each respective administrative office as reflected in note A on page 34 of this report.

Intangibles, net of \$28,778,505 accumulated depreciation	<u>548,959,939</u>	
 Total capital assets, net		 4,203,657,058

2. Internal service funds are used by management to charge costs associated with risk management, fleet maintenance, and employee medical benefits. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. This is the internal service fund net position, net of amounts for capital assets accounted for in item 1 above. 58,789,872

3. Amounts to be collected under long-term receivables are not available to pay for the current period's expenditures, and therefore are reported as deferred inflows in the funds. 76,095,180

4. Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities, except for portions payable early in the following year for which sufficient resources have been accumulated in the funds to liquidate the liabilities. These liabilities (net of portions accounted for in internal service funds) consist of:

Bonds payable (net of unamortized costs, and net of \$8,170,556 reported as fund liabilities)	(216,257,886)	
Deferred loss on debt refunding	5,580,587	
Accreted interest payable	(3,489,444)	
Notes payable	(5,630,000)	
Capital leases	(2,637,385)	
Compensated absences (net of \$594,104 in internal service funds)	(76,866,017)	
Landfill closure costs payable	(2,827,345)	
Deferred outflows related to pensions (net of \$1,651,940 in internal service funds)	329,643,666	
Deferred outflows related to OPEB (net of \$333,065 in internal service funds)	8,770,226	
Deferred inflows related to pensions (net of \$336,764 in internal service funds)	(62,277,944)	
Deferred inflows related to OPEB (net of \$48,452 in internal service funds)	(9,658,451)	
Net pension liability (net of \$5,215,457 in internal service funds)	(949,523,485)	
Net OPEB liability (net of \$525,704 in internal service funds)	<u>(50,259,587)</u>	
Total long-term liabilities		(1,035,433,065)

5. Interest payable on long-term debt is not accrued in governmental funds; rather, it is recognized as an expenditure when due. These liabilities are reported in the statement of net position. (2,125,345)

Total net position of governmental activities \$ 4,671,292,724

See accompanying notes to financial statements.

ORANGE COUNTY, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
for the year ended September 30, 2019

Total net change in fund balances for governmental funds \$ 205,449,919

The change in net position reported for governmental activities in the statement of activities is different because:

1. Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$106,330,501) exceeds capital outlay (\$88,624,588) in the current period, excluding amounts recorded in the internal service funds. (17,705,913)

2. Donations of capital assets increase net position in the statement of activities, but are not reported in the governmental funds because they are not financial resources. 127,023,872

3. In the statement of activities, a gain or loss on sales, trade-ins, or other dispositions of capital assets is reported, whereas in the governmental funds, the proceeds received from dispositions of capital assets increases financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of capital assets disposed. (8,874,337)

4. Proceeds of certain long-term debt are reported as financing sources in governmental funds and thus contribute to the increase in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position. This is the amount by which payment of principal on this debt exceeds the proceeds from issuance of new debt.

	Bonds	\$ 22,030,556	
	Notes	1,320,000	
	Capital leases	587,409	
		23,937,965	23,937,965

5. Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are used.

The net changes associated with these expenses/expenditures are as follows:

	Compensated absences	(2,141,425)	
	Accrued/accreted interest	3,325,745	
	Amortization of bond costs	1,625,053	
	Closure costs	(60,863)	
	Net OPEB liabilities	5,484,660	
	Net Pension liabilities	(126,090,066)	
		(117,856,896)	(117,856,896)

6. Under the modified accrual basis of accounting used in the governmental funds, revenues are not recognized until funds are measurable and available to finance current expenditures. In the statement of activities, however, which is presented on the accrual basis, revenues are reported regardless of when financial resources are available. This is the net adjustment to current year revenue in converting to the full accrual basis. 916,008

7. Internal service funds are used by management to charge costs associated with risk management, fleet maintenance, and employee medical benefits. In the statement of activities, the net revenue (expense) of internal service funds is reported with governmental activities. (611,125)

Change in net position of governmental activities \$ 212,279,493

See accompanying notes to financial statements.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements of Orange County, Florida (County) were prepared in accordance with accounting principles generally accepted in the United States of America for governmental entities (GAAP). The following summary of the more significant accounting policies of the County is presented to assist the reader in interpreting these financial statements, and should be viewed as an integral part of this report.

Reporting Entity:

Entity status for financial reporting purposes is governed by Statement No. 14 of the Governmental Accounting Standards Board (GASB), as amended. The GASB is the standard-setting body for the establishment of GAAP in governmental entities. Determination of the financial reporting entity of the County is founded upon the objective of accountability. Therefore, these financial statements include the County government (the primary government) and two types of legally separate component units (blended and discrete) for which operational or financial responsibility rests with the elected officials of the County or for which the nature and significance of their relationship to the County are such that exclusion would cause the financial statements to be misleading or incomplete.

Operational or financial responsibility is considered to have been met if the primary government appoints a voting majority of the component unit's governing board and it is able to impose its will on the unit or there is potential for the unit to provide specific financial benefits or impose specific financial burdens on the primary government. All component units of the County have a September 30 fiscal year end.

The County is governed under the authority of the County Charter (Charter), which provides for home rule and is derived from the Florida Constitution. Under the Charter, the principal legislative body of the County is the Board of County Commissioners (Board), a seven-member elected body consisting of six Commissioners elected by district and the County Mayor elected at-large. The County Mayor also serves as the principal executive officer. In addition, certain designated governmental functions are performed by constitutional officers who are elected at-large. The constitutional officers are the Clerk of the Circuit and County Courts, County Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. Although these six officers are operationally autonomous, they do not hold sufficient corporate powers of their own to be considered legally separate component units for financial reporting purposes. Therefore, they are reported together with the Board as part of the primary government.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Blended component units are legally separate entities that are in substance part of the County's operation, as they either have governing bodies that are substantively the same as the Board and there is a financial benefit or burden relationship between the Board and the component unit, or they provide their services exclusively or almost exclusively to the County. The financial transactions of these component units are merged in with transactions of the County as part of the primary government. The blended component units of the County are as follows:

Orange Blossom Trail (OBT) Local Government Neighborhood Improvement District (NID) – The District serves to provide for improvements in public safety in a designated area adjacent to Orange Blossom Trail. The governing body of the District is the Board of County Commissioners, which provides substantial funding of operations. The District is presented as a special revenue fund.

Pine Hills Local Government Neighborhood Improvement District (NID) – The District serves to provide for improvements in public safety in a designated area within Pine Hills. The governing body of the District is the Board of County Commissioners, which provides substantial funding of operations. The District is presented as a special revenue fund.

Water and Navigation Control Districts (2) - The Lake Conway Water and Navigation Control District and the Windermere Water and Navigation Control District each serve to provide for the regulation of shoreline alteration, aquatic plant management, and lake patrol activities for their designated areas. The governing board of each District is the Board of County Commissioners. The primary revenue source is ad valorem property taxes levied by the Board and the annual budgets of each District must be approved by the Board. These Districts are presented together as a special revenue fund.

International Drive Community Redevelopment Agency (CRA) – The Agency serves to provide improved transportation and roadway conditions in the International Drive corridor. The governing body of the Agency is the Board of County Commissioners, which provides substantial funding of operations. The Agency is presented as a special revenue fund.

Orange Blossom Trail (OBT) Community Redevelopment Agency (CRA) – The Agency serves to renew economic interest and improve the commercial diversity and viability of a redevelopment area adjacent to Orange Blossom Trail. The governing body of the Agency is the Board of County Commissioners, which provides substantial funding of operations. The Agency is presented as a special revenue fund.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Discretely-presented component units are legally separate entities which do not meet the criteria for blending. They are reported in separate columns to emphasize that they are legally separate from the County. The discrete component units of the County are as follows:

Orange County Housing Finance Authority – The Authority serves to finance dwelling accommodations for low, moderate, and middle income persons in Orange County and three other adjacent counties. Its five-member board is appointed by the Board of County Commissioners. There is no budget approval required by the Board, although there is an approval requirement for any bonded debt issuance. The County has no obligation to pay the outstanding debt of the Authority; however, the Board does have the power to remove an Authority board member without cause.

Orange County Library District – The District serves to provide comprehensive library services and serves County residents, except for those within the cities of Winter Park and Maitland. The governing board of the District is composed of the Board of County Commissioners plus one member appointed by the City Council of the City of Orlando. This governing board levies the property taxes necessary to operate the District, adopts the annual budget, and approves debt issuances. However, the County is not legally responsible for funding the operations or repayment of debt of the District and there is no financial benefit or burden relationship between the County and the District.

International Drive Master Transit and Improvement District - The District serves to administer transportation and capital planning projects along certain segments of International Drive. Two of the three board members are members of the Board of County Commissioners. There is no budget approval required by the Board; however, a major portion of the District's funding is derived from Municipal Service Taxing Units (MSTUs) of the County. Tax revenues from these MSTUs are committed to the activities of the District. During the 2019 fiscal year, \$6.8 million was paid to the District from the County's MSTUs.

Orange County Health Facilities Authority - The Authority serves to assist health facilities in the acquisition, construction, financing and refinancing of capital projects within the County and, under certain circumstances, outside the geographic limits of the County. Its five-member board is appointed by the Board of County Commissioners. The Authority is not legally required to adopt a budget; however, the Board must authorize the issuance of bonded debt. Neither the Authority nor the County has any legal obligation for repayment of the revenue bonds issued through the Authority. The Authority is an issuer of "conduit" debt obligations.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Orange County Industrial Development Authority – The Authority serves to assist in financing and refinancing capital projects which will foster economic development in the County. Its five-member board is appointed by the Board of County Commissioners. The Authority is not legally required to adopt a budget; however, the Board must authorize the issuance of bonded debt. Neither the Authority nor the County has any legal obligation for repayment of the revenue bonds issued through the Authority. As an issuer of “conduit” debt obligations, the Authority has no assets or liabilities.

Orange Blossom Trail Development Board, Inc. - This not-for-profit corporation, established by interlocal agreement between the Board of County Commissioners and the City of Orlando, serves to provide management services for redevelopment of a section of Orange Blossom Trail. Six positions of the nine-member board of directors are appointed by the Board, and they may be removed without cause. There is no budget approval requirement nor responsibility for deficit funding on the part of the County; however, a major portion of the Corporation’s revenues are derived from grants and reimbursements from the County.

None of the blended component units prepare individual financial statements. Individual audited financial statements for the discretely-presented component units can be obtained directly from their administrative offices as follows:

Orange County Housing Finance Authority
2211 Hillcrest Street
Orlando, FL 32803-4905

Orange County Library District
101 East Central Boulevard
Orlando, FL 32801

International Drive Master Transit and Improvement District
7081 Grand National Drive, Suite 105
Orlando, FL 32819

Orange County Health Facilities Authority
c/o Lowndes, Drosdick, Doster, Kantor & Reed, P.A.
215 N. Eola Drive
Orlando, FL 32801

Orange County Industrial Development Authority
301 E. Pine Street, Suite 900
Orlando, FL 32801

Orange Blossom Trail Development Board, Inc.
2719 S. Orange Blossom Trail
Orlando, FL 32805

On May 30, 2019, the Orange County Educational Facilities Authority was dissolved. This entity was previously reported as a discretely-presented component unit of the County. Due to the absence of management available to provide required representations and the absence of activity, a separate audit of the entity was not conducted at the time of its dissolution.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The remainder of these notes provides disclosures for both the primary government and discretely-presented component units. In cases essential to fair presentation, GAAP requires special or separate note references for discretely-presented component units. Such disclosures are correspondingly noted and are displayed to the extent disclosed in the individual audited financial statements of the applicable component unit.

Financial Statement Presentation:

Government-wide financial statements – The statement of net position and the statement of activities report information about the nonfiduciary activities of the primary government and its discretely-presented component units. With the exception of interfund services provided and used, the effect of interfund activity has been removed through adjustments in order to minimize the double-counting of interfund activity. These statements distinguish between governmental activities and business-type activities. Governmental activities are primarily financed through taxes and intergovernmental revenues, while business-type activities are primarily financed through charges for services to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities, and for each of the business-type activities. Direct expenses are those that are clearly identified with a specific program or segment. Indirect expense allocations are displayed separately from the direct expenses. Program revenues include (a) fees, fines, and charges for service, and (b) grants and contributions that are restricted for the operating or capital requirements of a specific program. All taxes and other revenues not meeting the criteria for classification as program revenues are reported as general revenues.

Fund financial statements - The fund financial statements report information about the County's funds, including fiduciary funds. Separate columns are presented for each major governmental and enterprise fund.

The County reports the following major governmental funds:

General Fund - This is the County's primary operating fund; it accounts for all financial transactions not required to be accounted for in another fund.

Fire Protection MSTU - This fund accounts for fire protection and emergency medical services financed with ad valorem taxes levied in the MSTU, as well as service fee revenues. The MSTU encompasses the unincorporated area of the County.

Sales Tax Trust - This fund accounts for receipt of the County's share of state sales tax, and debt service payments for the County's outstanding sales tax revenue bonds.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The County reports the following major enterprise funds:

Convention Center - This fund accounts for the operation of the Orange County Convention Center, and the payment of debt service on the outstanding tourist development tax revenue bonds. Major revenues are charges for services and tourist development taxes.

Solid Waste System - This fund accounts for the County's solid waste disposal (landfill) operation, primarily financed through user charges.

Water Utilities System - This fund accounts for costs associated with residential and commercial sewer and water services provided to various sections of the County, primarily financed through user charges.

Additionally, the County reports the following fund types:

Internal service funds - These funds account for risk management, fleet management, and employee medical benefits services provided to other County departments on a cost-reimbursement basis, as well as Sheriff's health insurance and workers' compensation claims.

Other postemployment benefit trust funds - These funds account for the receipt and disbursement of assets held in trust for participants of other postemployment benefit plans of the County and the Clerk of the Circuit and County Courts.

Private purpose trust fund - This fund accounts for assets held in trust for the benefit of the St. Johns River Water Management District, pursuant to a trust agreement dated February 21, 2006.

Agency funds - These funds account for assets held on behalf of third parties. Examples include developers' escrows held pending satisfactory performance on construction projects, escrows for the Sanford-Burnham Institute grant from the County and other funding parties, and taxes, fees and fines collected on behalf of other governments.

Measurement Focus and Basis of Accounting:

The government-wide, proprietary fund and trust fund financial statements use a flow of economic resources measurement focus to determine net income and financial position. The accounting principles used are similar to those applicable to businesses in the private sector and, thus, these funds are maintained on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Governmental fund financial statements use a current financial resources measurement focus, and are maintained on the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual; that is, when they become both "measurable" and "available to finance expenditures of the current period." The County considers amounts collected on grants within 120 days after year-end, and amounts collected within 60 days after year-end on all other governmental funds, to be available and thus recognizes them as revenues of the current year. As a general rule, expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable. Exceptions to this general rule are principal and interest on general long-term debt which are recorded as fund liabilities when due or when amounts have been accumulated in the debt service funds for payments to be made early the following year, as well as expenditures related to compensated absences and claims and judgments, which are recognized when due.

Revenues of the County which are susceptible to accrual under the modified accrual basis include property taxes, gas taxes, public service taxes, grant revenues, interest revenue, and charges for services. In applying the "susceptible to accrual" concept to intergovernmental revenues (grants, entitlements and shared revenues), the legal and contractual requirements of the numerous individual programs are used as guidance. There are essentially two types of these revenues. In one, moneys must be expended on the specific purpose or project before any amounts will be earned by the County; therefore, revenues are recognized based upon when the expenditures are made if they meet the criterion of availability. In the other, moneys are essentially unrestricted as to purpose of expenditure and revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if they meet the criterion of availability.

Agency funds do not measure results of operations, but assets and liabilities are measured on the accrual basis of accounting.

Fund Balance Presentation:

Fund balances of the governmental funds are classified as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

Restricted: This classification includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Committed: This classification includes amounts that can be spent only for specific purposes pursuant to constraints imposed by formal action of the highest level of decision making authority, the Board of County Commissioners. Such formal action may be in the form of an ordinance or resolution which, dependent upon the nature of the matter, may be equally binding and may only be modified or rescinded by a subsequent formal action.

Assigned: This classification includes amounts that are intended by the Board to be used for specific purposes, but are neither restricted nor committed. The Board has not granted any specific individual the authority to assign amounts, thus assignments may be made only by the Board.

Unassigned: This classification represents the residual positive balance within the General Fund, which has not been restricted, committed or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances.

The County uses restricted amounts first when both restricted and unrestricted fund balances are available. Additionally, the County first uses committed, then assigned, and then unassigned amounts of fund balance when expenditures are made.

Budgets and Budgetary Accounting:

Chapter 129, Florida Statutes, requires that the annual fiscal year budget be legally adopted by the Board at the fund level, and that any expenditures or contract for expenditure in the fiscal year for an amount greater than the total fund budget is unlawful. Pursuant to this legal requirement, an annual appropriated budget is adopted by resolution subject to public hearing. Such resolution sets the budget appropriations in total by fund for each governmental fund and each proprietary fund of the Board. Budgets for the trust funds and agency funds are not legally required or adopted. Budgetary information presented in this report is in a categorized format by revenue source, expenditure function, and expenditure reserves, which represents a detail level greater than the statutory level of control. At the close of the fiscal year, all budget appropriations lapse to the extent that they have not been expended. Outstanding encumbrances also lapse, but are re-established in the succeeding fiscal year against the newly adopted budget.

In addition to the statutory requirements discussed above, the County has adopted management control and approval guidelines for expenditures and budget amendments. Key components of these management guidelines are as follows:

1. Each fund contains allocations by object of expenditure, and for reserves for various purposes.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

2. No expenditure or encumbrance may occur without a sufficient budgetary balance.
3. Allocations within a fund may be transferred within a department by action of the County's budget officer or between departments by action of the Board.
4. Available balances to or from reserves may be used to modify an expenditure allocation in the same fund upon approval of the Board.
5. A revenue or other financing source which was originally unanticipated may be appropriated by action of the Board.
6. Increased revenues for proprietary funds may be appropriated by action of the Board.

Since transfers of budget allocations between departments must be approved by the Board, the department level is deemed the legal level of budgetary control. Such legal level of budgetary control corresponds to the categorical breakdowns reflected in the financial statements, except for the General Fund, the Grants special revenue fund and the Miscellaneous Construction Projects capital projects fund. These funds contain multiple operating departments requiring Board approval for budget transfers. Schedules showing budgeted and actual expenditures at the department level for these three funds are presented as supplementary information at the end of this Financial Section.

In instances where total fund appropriations are amended by revenues or other financing sources unanticipated in the existing budget, an amending budget resolution is adopted which indicates the revised budget appropriation for each affected fund. Amendments to overall appropriations for any other reasons also require a public hearing prior to adoption.

Budget appropriations presented in this report include all legally adopted appropriations as amended during the fiscal year. During the 2019 fiscal year, appropriation increases of approximately \$388 million were approved by the Board, primarily due to reappropriation of unexpended grant award balances and encumbrances outstanding at the end of the 2018 fiscal year. The original adopted budget for the 2019 fiscal year totaled \$4.42 billion and the final amended budget totaled \$4.81 billion, representing a 8.8% increase during the year.

All governmental fund budgets are prepared on a basis consistent with GAAP, except that capital outlay expenditures and other financing sources related to the acquisition of assets through capital leases are not budgeted. For Fiscal Year 2019, the following adjustments were necessary to present the actual data on a budgetary basis for the General Fund:

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

	<u>Expenditures</u>	<u>Other Financing Sources (Uses)</u>
GAAP basis	\$ 898,369,916	\$ 236,863,353
Non-budgeted capital lease transactions	<u>(71,715)</u>	<u>(71,715)</u>
Non-GAAP budgetary basis	<u>\$ 898,298,201</u>	<u>\$ 236,791,638</u>

The budgets for the proprietary funds are prepared on an accrual basis and are consistent with GAAP except that pension liability adjustment and other postemployment benefits (OPEB) adjustment, depreciation, amortization, noncash capital contributions, and gains/losses on the disposal of assets are not budgeted; capital outlays are budgeted as expense; and debt proceeds and principal payments are respectively budgeted as revenue and expense. Insurance liability claims in the Risk Management internal service fund are budgeted according to the loss reserves available for disbursement rather than by new liabilities incurred during the fiscal year.

Annual budgets are prepared according to the following procedures:

During the month of July, the County Mayor, after working with the County's budget officer to establish proposed funding priorities for the ensuing fiscal year, presents a tentative budget for each fund which includes all estimated receipts, taxes to be levied, all other financing sources and all estimated expenditures and reserves.

The Board examines these tentative budgets in work sessions throughout the month of July. Pursuant to law, the budgets of each fund are balanced (i.e., all revenues and other financing sources equal all expenditures, reserves, and other financing uses). Subject to hearing and notice requirements, the budgets may be revised as deemed necessary provided they remain in balance.

In September, public hearings are held to adopt tentative and final budgets. The hearings are held primarily to explain the budget and obtain public input. In accordance with statutory requirements, the annual budgets are enacted prior to October 1 through passage of a resolution. If for some reason a budget is not enacted by October 1, Florida Statutes provide for continued operation under the previous year's budget subject to any amendments.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Encumbrances:

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of moneys are recorded as a reservation of budget, is employed as an extension of the statutorily required budgetary process. Under Florida Statutes, appropriations, even if encumbered, lapse at fiscal year end. Encumbrances outstanding at September 30, 2019, represented by purchase orders and other executory contracts, were approximately \$203.2 million. It is the County's intention to substantially honor these encumbrances under authority provided in the subsequent year's budget.

Cash and Cash Equivalents:

Cash balances from the majority of funds are pooled for investment purposes. Earnings from such investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pools are managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts, and therefore all balances representing participants' equity in the investment pools are classified as cash equivalents for purposes of the statement of cash flows. For investments which are held separately from the pools, those which are highly liquid (including restricted assets) with an original or remaining maturity of 90 days or less when purchased are also considered to be cash equivalents for the statement of cash flows.

Investments:

All investments are stated at fair value or at amortized cost, which approximates fair value. Investment fair values are based on quoted market prices, except for bankers' acceptances and commercial paper, which are based on amortized cost. Investments in Florida PRIME, a qualifying external investment pool as provided by GASB Statement No. 79, and money market mutual funds are stated at amortized cost, which is substantially the same as fair value.

Accounts Receivable:

Amounts due from private individuals, organizations, or other governments which pertain to charges for services rendered by County departments are reported as accounts receivable.

Receivables are reviewed periodically to establish or update the provisions for uncollectible amounts. These provisions are estimated based on an analysis of the age of the various accounts. The County records the amount of earned but unbilled service revenues for the Water Utilities System enterprise fund.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Notes and Loans Receivable:

The County has several agreements with other agencies under which cash has been advanced to those agencies for the purpose of financing loans to developers for multi-family affordable housing projects. These interest and noninterest-bearing advances will be repaid to the County over varying terms of up to 30 years. The outstanding principal balance is primarily reported as Notes and Loans Receivable in the Local Housing Assistance (SHIP) special revenue fund, with a corresponding amount in Restricted Fund Balance, as future use of collected proceeds remain restricted. A portion of these advances is also reported in the Miscellaneous Construction Projects capital project fund, as Notes and Loans Receivable, with a corresponding amount reported in Nonspendable Fund Balance as they are not available financial resources. With the exception of an allowance established for one note to recognize a reduction from the amount due for compliance with conditions of the agreement, no uncollectible allowance has been established for these receivables, based upon management's evaluation of the loans.

Also included in the Local Housing Assistance (SHIP) and the Grants special revenue funds are loans receivable associated with the County's Down Payment Assistance, Neighborhood Stabilization and Housing Rehabilitation Programs. Loans are collateralized by personal residences and are forgiven over periods up to 20 years, provided that the program participant complies with the terms of the loan. An allowance is also established equal to the value of the loans as the County does not expect to collect on them.

The County, along with the City of Orlando and Lake Nona Land Company, LLC (Funding Parties), entered into an agreement with the University of Central Florida Real Estate Foundation, LLC to provide a no interest loan in the amount of \$50 million for the conveyance of the Sanford-Burnham Institute. The Institute was originally constructed through a competitive process that included incentives from the State of Florida, the Funding Parties, and others. In 2016, Sanford Burnham expressed its intent to wind down its operations in Florida. In anticipation of Sanford Burnham's departure, the Funding Parties agreed to convey the property to the University of Central Florida in exchange for a no interest loan. Each Funding Party shares the benefits and liabilities relative to the property based on each Funding Party's actual contribution to the original incentive transaction with Sanford Burnham, 43.95% of which related to the County. The County's proportionate share of the outstanding principal, \$21,975,000, is reported as a Note Receivable, for which an equal amount is also presented as a deferred inflow of resources in the General Fund. The entire amount is to be repaid over a period of 30 years, with final payment no later than November 30, 2050. In addition, funds held in an agency fund at the end of Fiscal Year 2018, which represented unexpended grant funds provided by the Funding Parties, were distributed to the Funding Parties in an amount equivalent to their proportionate share, during Fiscal Year 2019.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Interfund Balances and Activity:

During the course of normal operations, the County has numerous transactions between funds. Examples of these transactions include providing services, constructing assets or servicing debt. These transactions are generally recorded as interfund transfers, except for internal service fund charges which are reflected as revenues to internal service funds and expenses or expenditures to the funds receiving the services. Additionally, short-term interfund loans are recorded from time to time as cash flow needs arise. As of fiscal year-end, any unpaid amounts related to these transactions are reported as "due from other funds" or "due to other funds" on the fund financial statements. Interfund loans not expected to be repaid within one year are reported as advances. In governmental funds, advances are offset equally by a nonspendable fund balance which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation. Interfund balances and transfers are consolidated for government-wide financial reporting, and residual balances between governmental activities and business-type activities, if any, are reported on the government-wide financial statements.

Inventories and Prepaid Costs:

Inventories in proprietary fund types consist of materials and supplies held for consumption and are valued at the lower of cost or market. Cost is determined by the Solid Waste System and the Water Utilities System enterprise funds using the weighted average and the moving average methods, respectively. The Fleet Management internal service fund values inventory using the first-in, first-out method.

Prepaid costs reported in both governmental and proprietary fund types consist of payments for costs applicable to future accounting periods. The cost of these prepaid items is recorded as expenditure or expense when consumed, rather than when purchased.

Restricted Assets:

The use of certain assets of enterprise funds is restricted by specific provisions of bond resolutions and agreements with various parties. Assets so designated are identified as restricted assets on the statement of net position. When both restricted and unrestricted resources are available for use, the County's policy is to use restricted resources first, then unrestricted resources as they are needed. Restricted assets are classified as noncurrent if they are for acquisition or construction of capital assets, for liquidation of long-term debt, or are for other than current operations.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Capital Assets:

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Constructed or purchased assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at acquisition value on the date of donation. The thresholds for capitalization of assets range from \$500 to \$1 million, depending on the asset class. Costs of maintenance and repairs that do not add to the value of assets or extend their useful lives are not capitalized.

All capital assets except land and construction in progress are depreciated using the straight-line method over the following estimated useful lives:

Buildings	5 to 50 years
Improvements other than buildings	10 to 50 years
Machinery and equipment	3 to 15 years
Infrastructure – roadways	20 to 50 years
Infrastructure – drainage	20 to 75 years
Intangible	3 to 40 years

Accounts Payable and Accrued Liabilities:

Liabilities reported as accounts payable and accrued liabilities on the government-wide statement of net position are comprised of the following components:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Current payables due to vendors	\$ 74,273,021	\$ 51,517,252
Salaries and wages payable	13,133,199	1,671,745
Retainage on contracts payable	<u>2,190,587</u>	<u>13,455,059</u>
Total accounts payable and accrued liabilities	<u>\$ 89,596,807</u>	<u>\$ 66,644,056</u>

Deferred Outflows/Inflows of Resources and Unearned Revenue:

Deferred outflows of resources represent a consumption of net position that applies to a future period and therefore will not be recognized as expended until then. The County presents deferred outflows associated with pensions and OPEB, amortized over future periods, and losses charged on the refunding of debt, amortized over the life of the debt.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

In instances where assets have been received by the County for services to be rendered in future periods, asset balances have been offset by an unearned revenue liability account in the financial statements. Unearned revenues of the County's business-type activities at September 30, 2019 are associated with cash received to secure future bookings at the Convention Center. Unearned revenue included in governmental activities are deposits held from builders for future building permit issuance, where revenue will be earned in future periods.

Deferred inflows of resources are reported in governmental activities to offset receivables and deposits that do not meet the availability criterion under the modified accrual basis of accounting. Primary examples of the County's deferred inflows are amounts associated with outstanding loans and receivables for the general fund and grants, EMS transport services and 911 system service provider fees, where payments will be received in cash over future periods. The County also presents amounts associated with pensions and OPEB as deferred inflows of resources.

Landfill Closure Costs:

Under the terms of current state and federal regulations, the County is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to 30 years after closure. In accordance with GASB Statement No. 18, the County is recognizing these costs of closure and postclosure maintenance over the active life of each landfill area, based on landfill capacity used during the period. Required obligations for these costs are recognized in the governmental activities for internal landfill operations and in the Solid Waste System enterprise fund for public landfill operations.

Accretion of Original Issue Discount on Bonds:

The original issue discount on compound interest bonds is being accreted to maturity using the interest method.

Obligation for Bond Arbitrage Rebate:

Pursuant to Section 148(f) of the U. S. Internal Revenue Code, the County must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. Arbitrage rebate, if any, is due and payable on each five-year anniversary of the respective debt issue. As of September 30, 2019, the County had no outstanding arbitrage rebate liability.

NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Operating and Nonoperating Revenues and Expenses:

The proprietary fund financial statements distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses are those that result from providing services associated with the principal activities of the respective fund. Primary examples of operating revenues are charges for hall and room rentals of the Convention Center, landfill tipping fees of the Solid Waste System, and charges for water and wastewater treatment services of the Water Utilities System. Operating expenses include the cost of sales and services, administrative costs, and depreciation expense. Nonoperating revenues and expenses are all those that do not meet the criteria described above, and include interest and tax revenues and debt service expenses.

Compensated Absences:

It is the policy of the County to permit employees to accumulate a limited amount of earned but unused leave benefits which will be paid to employees upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the proprietary fund financial statements. For governmental funds, there is no legal requirement to accumulate expendable available financial resources to liquidate the obligation; thus expenditures are recognized in the governmental funds when payments are made to employees. The valuation of accrued leave benefits is calculated in accordance with GASB Statement No. 16. The current portion of the accrued compensated absences liability is based on the average annual amount of leave paid over the preceding three years.

Net Position:

The government-wide statement of net position reports a total of \$579,821,990 of restricted net position for governmental activities, of which \$384,057,520 is restricted by enabling legislation.

Pension Expense:

The County expenses required pension contributions as a component of personal services expense. The remaining portion of pension expense, consisting of the County's proportionate share of the Florida Retirement System's actuarially determined pension expense in excess of amounts contributed, is presented as an expense in the statement of activities by function.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Other Postemployment Benefit Expense:

The County expenses OPEB contributions as a component of personal services expense. The remaining portion of OPEB expense, consisting of the actuarially determined proportion of the County's OPEB expense in excess of the amounts contributed, is presented as an expense in the statement of activities by function.

Bond Amortization Costs:

In the proprietary fund financial statements, bond premiums are amortized over the life of the bonds using the interest method. Also, in accordance with GASB Statement No. 23, the difference between the reacquisition price and the net carrying amount of refunded debt is being amortized over the shorter of the life of the old debt or the life of the new debt using the interest method. Amortization of bond premium and the deferred amounts on refundings are recorded as components of interest expense.

Indirect Expenses Allocation:

General administrative overhead costs are charged to all County functions, based on the proportionate benefit to each function, as determined through the County's annually-prepared cost allocation plan. These indirect expenses are identified in a separate column on the government-wide statement of activities.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Property Tax Revenues:

Ad valorem property taxes levied in September 2019 are for the purpose of financing the budget of the 2020 fiscal year. Property tax revenues recognized for the 2019 fiscal year were levied in September 2018. Virtually all unpaid taxes are collected via the sale of tax certificates prior to fiscal year end; thus there is no receivable reported for property taxes in the financial statements.

Key dates in the property tax cycle are as follows:

	<u>Revenues for fiscal year ended September 30, 2019</u>
Lien date	January 1, 2018
Assessment roll certified	August 21, 2018
Property taxes levied	September 20, 2018
Beginning of fiscal year for which taxes have been levied	October 1, 2018
Tax bills rendered	November 1, 2018
Property taxes payable:	
Maximum discount (latest date)	November 30, 2018
Delinquent	April 1, 2019
Tax certificates sold on unpaid taxes	May 31, 2019

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

B. DEPOSITS AND INVESTMENTS

Primary Government:

As of September 30, 2019, the carrying values of the County's deposits and investments, with their respective Standard & Poor's (S&P) and Moody's Investors Service credit ratings, was as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Credit Rating</u>
Demand and time deposits	\$ 275,709,269	NA
Florida PRIME	839,678,392	AAAm
Florida Class	30,000,000	AAAm
U.S. Treasury Notes	1,061,516,459	AA+/Aaa
Federal instrumentalities:		
Notes and bonds	24,989,000	A-1
Discount notes	29,963,550	AA+/Aaa
Money market mutual funds	<u>66,598,353</u>	AAAm/Aaa-mf
Total deposits and investments	<u>\$ 2,328,455,023</u>	

The County's fair value measurement for U.S. Treasury Notes and Federal Instrumentalities uses observable inputs other than quoted prices in active markets (Level 2 inputs). Florida PRIME, time deposits and money market mutual funds are valued at amortized cost. There are no restrictions or limitations on withdrawals; however, Florida PRIME may, on the occurrence of an event that has a material impact on liquidity or operations, impose restrictions on withdrawals for up to 48 hours. The County's investments in the Florida Cooperative Liquid Assets Securities System (Florida Class), a public entity investment trust organized under the laws of the State of Florida, are presented at Net Asset Value (NAV), which reflects fair value. The objectives of the Florida Class are to generate investment income while maintaining safety and liquidity. There are no restrictions or terms and conditions on the County in redeeming the investment and the County has no unfunded commitments related to this investment.

Credit Risk:

The Board's Investment Policy (Policy), as well as the separate investment policies of the constitutional officers, limits credit risk by restricting authorized investments to the following: obligations issued or explicitly guaranteed by the U.S. Government (Treasuries), obligations of certain U.S. Government-sponsored Federal instrumentalities (Instrumentalities), direct obligations of states and municipalities, repurchase agreements comprised of Treasuries or

Continued

B. DEPOSITS AND INVESTMENTS, Continued

Instrumentalities, Florida PRIME administered by Florida's State Board of Administration (a qualifying external investment pool), Florida Class, an independent local government investment pool, commercial paper, bankers' acceptances, bank certificates of deposit or savings accounts, and money market mutual funds (Money Markets). The Policy requires that investments in Instrumentality debt be guaranteed by the full faith and credit of the U.S. Government-sponsored agency, and that investments in Money Markets have an S&P rating of AAAM or AAAG, and limits eligible Money Markets to those comprised of Treasuries. For arbitrage compliance only, Money Markets may be comprised of state and local government taxable and tax-exempt debt.

Concentration of Credit Risk:

Except for Treasuries, the Policy establishes limitations on portfolio composition for all permitted investments, both by investment type and by issuer, in order to control concentration of credit risk. The Policy provides that a maximum of 45% of the portfolio may be invested in any of four specified Instrumentalities, with a limit of 15% in any one issuer; and that a maximum of 25% of the portfolio may be invested in Money Markets, with a limit of 10% of the portfolio invested in any one issuer. At September 30, 2019, the County's investment pool portfolio included investments in two authorized Instrumentalities, each of which represented less than one percent of the total pool portfolio.

Custodial Credit Risk:

The Policy requires that bank demand and time deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida. At September 30, 2019, all of the County's bank deposits were in qualified public depositories.

The Policy requires execution of a third-party custodial safekeeping agreement for all purchased securities, and requires that securities be held in the County's name. At September 30, 2019, all of the County's investments were held in a bank's trust department in the County's name.

Interest Rate Risk:

For all investment types, the Policy limits the investment of current operating funds to 13 months. To increase returns and provide diversity, the Policy also provides for the investment of noncurrent (13 months) operating funds in investments with maturities no longer than 60 months. Noncurrent operating funds are invested in the intermediate term portfolio with a maximum maturity of 36 months, and a noncurrent operating portfolio with a

Continued

B. DEPOSITS AND INVESTMENTS, Continued

maximum maturity of 60 months. Bond reserves, construction funds, and other nonoperating funds may be invested for up to 10 years, subject to debt covenant restrictions and liquidity needs.

As of September 30, 2019, the County's investments have the following weighted average maturities by investment type: U.S. Treasury Notes – 18.8 months; Federal instrumentalities – 29 days; Money Markets – not more than 60 days. The portfolio did not contain any callable securities.

Orange County OPEB Retirement Health Benefit Plan:

Investments in the Orange County OPEB Trust are managed in accordance with the Trustee's Retiree Health Care Benefit Trust Investment Policy. The OPEB Retirement Health Benefit Plan investments, other than \$183,596 of uninvested cash deposits and \$70,121,942 in index funds investing in equity securities, were as follows at September 30, 2019:

Fund/Investment	Type	Credit Rating	Average Maturity (years)	Fair Value
Prime Money Market Fund	Money Market	Not rated	<60 days	\$ 620,302
International Bond Index Fund	Fixed Income	Not rated	10.0	4,050,650
Bond Market Index Fund	Fixed Income	Not rated	8.3	9,723,857
Total Fixed Income				<u>\$ 14,394,809</u>

The County's fair value measurement for investments in index funds uses quoted prices in active markets for identical assets (Level 1 inputs); PRIME money market funds maintain stable net asset values and are valued at amortized cost.

Clerk of the Circuit and County Courts OPEB Retirement Health Benefit Plan:

Cash and investments of the Clerk of the Circuit and County Courts OPEB Trust are managed in accordance with Florida Statutes. As of September 30, 2019, \$718,054 was deposited in an interest bearing checking account and \$7,746,094, at net asset value, was held in investments.

G. RISK MANAGEMENT AND INSURANCE COVERAGE

Risk Management Program:

The County maintains the Risk Management internal service fund which reports the costs and benefits of a mutual risk management, loss prevention, and self-insurance program for property, liability, and workers' compensation losses. The self-insurance program covers the operations of the Board and the constitutional officers with the exception of the Sheriff, which elects to assume responsibility for general liability, automobile, and workers' compensation losses related to its operations.

The Risk Management fund covers claims on losses up to the following limits:

<u>Amount</u> <u>Per Occurrence</u>	<u>Type of Coverage</u>
\$1,000,000	Public Liability, including Terrorism
500,000	Property
500,000	Cyber Liability
2% of unit value	Named Windstorm
250,000	Environmental and Storage Tank Liability
50,000	Money and Securities Theft
50,000	Employee Fidelity
50,000	Boiler and Machinery Breakdown
25,000	Sabotage and Terrorism
250,000	Vehicle and Mobile Equipment
Self-Insured	Workers' Compensation

The County has excess insurance coverage in place for instances where losses exceed the above-stated limits.

With regard to insurance coverages for the Sheriff, all general liability and automobile claims incurred subsequent to September 30, 1996, except for Fiscal Year 2000 claims covered by a commercial insurance carrier, are covered by the Florida Sheriff's Self-Insurance Fund, a risk management pool to which risk is transferred in exchange for annual premium payments. These payments are accounted for as General fund expenditures.

Sheriff's workers' compensation claims since October 1, 1999 are covered by commercial insurance carriers, subject to a \$250,000 per claim deductible. Effective October 1, 2004, the Sheriff became self-insured for workers' compensation, subject to a \$600,000 deductible. The Sheriff has been self-insured for health claims since October 1, 2003. The worker's compensation and health insurance liabilities described here are accounted for through internal service funds.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

G. RISK MANAGEMENT AND INSURANCE COVERAGE, Continued

In addition to certain bank deposits administered by the Sherriff's third party administrator, the Sherriff has an unused \$35,489 letter of credit outstanding to secure payment for workers' compensation claims incurred since October 1, 1999. There have been no claims made against the letter of credit.

Overall, there have been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2019. Coverage limits for flood and earthquake damages, damages from named windstorms, and damages from other wind or hail events, are set at \$50 million, \$100 million, and \$500 million, respectively.

The claims liability reported in the Risk Management funds, Sheriff's Health Insurance and Workers' Compensation Internal Service at September 30, 2019 and 2018 is based on an actuarial review of claims pending and past experience. During Fiscal Year 2019, the County elected to decrease funding of claims liability from a 75% confidence level in Fiscal Year 2018, to a 65% confidence level. This change resulted in a net decrease to the liability of \$3,654,143. The liability is recorded on a present value basis, excluding nonincremental claims adjustment expenses and using a discount factor of 3.5%. The undiscounted liability as of September 30, 2019 was \$77,179,217. Changes in the fund's claims liability amount during Fiscal Years 2019 and 2018 were:

	Year ended September 30	
	<u>2019</u>	<u>2018</u>
Liability beginning balance	\$ 59,650,909	\$ 53,702,382
Claims and changes in estimates	61,242,011	63,857,592
Claim payments	(55,103,293)	(57,909,065)
Liability ending balance	\$ 65,789,627	\$ 59,650,909

Self-Insurance – Employee Medical Benefits:

Effective January 1, 2007, the County converted from a fully-insured to a self-insured plan for employee medical benefits. The plan covers all regular employees and certain retirees and former employees of the County and their eligible dependents. Pursuant to interlocal agreements, all of the constitutional officers except for the Sheriff, as well as four other small local governmental agencies, are participating in the County's plan. In accordance with GASB Statement No. 10, the plan is accounted for through the County's Employee Benefits internal service fund.

G. RISK MANAGEMENT AND INSURANCE COVERAGE, Continued

The claims liability reported in the Employee Benefits internal service fund is the actuarially determined undiscounted amount. The change in the fund's claims liability amount during Fiscal Years 2019 and 2018 was:

	Year ended September 30	
	2019	2018
Liability beginning balance	\$ 7,210,043	\$ 6,243,297
Claims incurred	103,313,808	90,462,807
Claim payments	(102,870,616)	(89,496,061)
Liability ending balance	\$ 7,653,235	\$ 7,210,043

H. RETIREMENT PLANS

Florida Retirement System:

General Information - All of the employees of the primary government participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan ("Pension Plan") and the Retiree Health Insurance Subsidy ("HIS Plan"). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan ("Investment Plan") alternative to the FRS Pension Plan, which is administered by the State Board of Administration ("SBA"). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site:

www.dms.myflorida.com/workforce_operations/retirement/publications.

H. RETIREMENT PLANS, Continued

Pension Plan

Plan Description – The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (“DROP”) for eligible employees.

Benefits Provided - Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers’ class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Pension Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers’ class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

H. RETIREMENT PLANS, Continued

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions – Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2018 through June 30, 2019 and from July 1, 2019 through September 30, 2019, respectively, were as follows: Regular--8.26% and 8.47%; Special Risk Administrative Support--34.98% and 38.59%; Special Risk--24.50% and 25.48%; Senior Management Service--24.06% and 25.41%; Elected Officers'--48.70% and 48.82%; and DROP participants--14.03% and 14.60%. These employer contribution rates include 1.66% HIS Plan subsidy for the period October 1, 2018 through September 30, 2019.

The County's contributions to the Pension Plan totaled \$77,123,971 for the fiscal year ended September 30, 2019.

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2019, the County reported a liability of \$834,180,663 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The County's proportionate share of the net pension liability was based on the County's 2018-19 fiscal year contributions relative to the 2017-18 fiscal year contributions of all participating members. At June 30, 2019, the County's proportionate share was 2.42%, which was an increase of 0.08% from its proportionate share measured as of June 30, 2018.

H. RETIREMENT PLANS, Continued

The deferred outflows of resources related to the Pension Plan, totaling \$21,448,966, resulting from County contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Fiscal Year Ending September 30:	Amount
2020	\$ 85,541,267
2021	31,513,869
2022	63,174,693
2023	47,295,880
2024	14,257,726
Thereafter	3,857,858

Actuarial Assumptions – The total pension liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Investment rate of return	6.90%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB2010 base table varies by member category and sex, projected generationally with Scale MD-2018.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Total	<u>100.0%</u>			
Assumed Inflation - Mean		2.6%		1.7%

(1) As outlined in the Pension Plan's investment policy

Discount Rate - The discount rate used to measure the total pension liability was 6.90%, which is a decrease from 7.00% used to determine the total pension liability in the prior year. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following represents the County's proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	<u>1% Decrease (5.90%)</u>	<u>Current Discount Rate (6.90%)</u>	<u>1% Increase (7.90%)</u>
County's proportionate share of the net Pension Plan liability at September 30, 2019	\$ 1,442,020,582	\$ 834,180,663	\$ 326,531,512

H. RETIREMENT PLANS, Continued

Pension Plan Fiduciary Net Position - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan - At September 30, 2019, the County reported de minimis amounts payable for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2019.

HIS Plan

Plan Description – The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided – For the fiscal year ended September 30, 2019, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions – The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2019, the HIS rate was 1.66%. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The County's contributions to the HIS Plan totaled \$10,114,596 for the fiscal year ended September 30, 2019.

H. RETIREMENT PLANS, Continued

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2019, the County reported a liability of \$201,051,161 for its proportionate share of the HIS Plan’s net pension liability.

The net pension liability was measured as of June 30, 2019, and was estimated and based on the results of the valuation conducted as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The County’s proportionate share of the net pension liability was based on the County’s 2018-19 fiscal year contributions relative to the 2017-18 fiscal year contributions of all participating members. At June 30, 2019, the County’s proportionate share was 1.80%, which was an increase of 0.05% from its proportionate share measured as of June 30, 2018.

For the fiscal year ended September 30, 2019, the County recognized pension expense of \$17,394,103. In addition the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 2,441,992	\$ 246,181
Change of assumptions	23,279,826	16,432,284
Net difference between projected and actual earnings on HIS Plan investments	129,737	-
Changes in proportion and differences between the County’s HIS Plan contributions and proportionate share of contributions	10,935,242	1,119,895
County HIS Plan contributions subsequent to the measurement date	<u>2,713,411</u>	<u>-</u>
Total	<u>\$ 39,500,208</u>	<u>\$ 17,798,360</u>

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

H. RETIREMENT PLANS, Continued

The deferred outflows of resources related to the HIS Plan, totaling \$2,713,411 resulting from County contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

Fiscal Year Ending <u>September 30:</u>	<u>Amount</u>
2020	\$ 6,020,126
2021	5,145,156
2022	3,509,467
2023	321,140
2024	1,757,327
Thereafter	2,235,221

Actuarial Assumptions – The total pension liability in the July 1, 2019 valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Municipal bond rate	3.50%

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions used to determine the July 1 valuation, was based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Discount Rate - The discount rate used to measure the total pension liability was 3.50%, which is a decrease from 3.87% used to determine the total pension liability in the prior year. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following represents the County's proportionate share of the net pension liability calculated using the discount rate of 3.50%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (2.50%)	Current Discount Rate (3.50%)	1% Increase (4.50%)
County's proportionate share of the net HIS Plan liability at September 30, 2019	\$ 229,510,209	\$ 201,051,161	\$ 177,347,998

HIS Plan Fiduciary Net Position - Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the HIS Plan - At September 30, 2019, the County reported de minimis amounts payable for outstanding contributions to the HIS Plan required for the fiscal year ended September 30, 2019.

Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Board employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

H. RETIREMENT PLANS, Continued

approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution and by forfeited benefits of plan members. The employer contribution for the period from October 1, 2018 through September 30, 2019 was 0.06% of payroll. Allocations to the investment member's accounts during the 2018-19 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class--6.30%, Special Risk Administrative Support class--7.95%, Special Risk class--14.00%, Senior Management Service class--7.67% and County Elected Officers class--11.34%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2019, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County's Investment Plan pension expense totaled \$15,830,439 for the fiscal year ended September 30, 2019.

Orange County Housing Finance Authority Defined Benefit Pension Plans:

The Orange County Housing Finance Authority (Authority), a discretely presented component unit of the Board, participates in the cost-sharing, multiple employer defined benefit pension plans administered by the Florida Retirement System (FRS). Further information on the effect of participation in the FRS plans is included in the Authority's Annual Financial Report and can be obtained from the Authority's administrative office whose address is indicated on page 34 of this report.

Orange County Library District Defined Benefit Pension Plan:

The Orange County Library District (District), a discretely presented component unit of the Board, administers a single employer defined benefit pension plan (Plan). A complete description of the Plan is included in the District's Comprehensive Annual Financial Report and can be obtained from the District's administrative office whose address is indicated on page 34 of this report.

I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

Orange County Other Postemployment Benefit Plan:

Plan Description - The Board and all constitutional officers, except for the Clerk of the Circuit and County Courts, administer a single-employer defined other postemployment benefit plan (OPEB Plan) and can amend the benefit provisions. In accordance with its Personnel Policies and Collective Bargaining Agreements, the Board offers an OPEB Plan that subsidizes the cost of health care for its retirees and eligible dependents. Board employees with at least 10 years of combined service under the Board and/or the Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, or Tax Collector who retire and immediately begin receiving benefits from the Florida Retirement System (FRS) are eligible to receive a monthly health care subsidy payment of three dollars per year of service up to a maximum of \$90 per month. If combined service is at least 20 years and receipt of FRS benefits is deferred to a later date, this monthly benefit may be vested for commencement at such deferral date. Additionally, in accordance with State statute, Board employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan at the same group rate as for active employees. Benefit provisions for the Comptroller and Supervisor of Elections are essentially the same as the Board. Benefit provisions for the Sheriff, Property Appraiser (if employed prior to October 1, 2005) and Tax Collector differ in that the monthly health care subsidy payment is five dollars per year of service up to a maximum of \$150 per month. Also, there are differences in the service reciprocity and vesting features of their respective plans.

I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

In September 2007, the County established the Orange County Health Care Benefit Trust (Trust), a qualifying irrevocable trust, and began funding its OPEB Plan obligation. The Clerk of the Circuit and County Courts was excluded from participation in the Trust, and benefit provisions of constitutional officers that exceed those of the Board are excluded from the Trust. Separate stand-alone financial statements for the Trust are not prepared.

At September 30, 2019, the date of the latest actuarial valuation, plan participation consisted of:

Active members	9,934
Inactive employees currently receiving benefits	3,764
Inactive employees with deferred benefits	134

Contributions – The County has the authority to establish and amend the funding policy. For the year ended September 30, 2019, the County contributed \$11,953,012 to the OPEB Plan, including a contribution of \$9,824,975 to the Trust. It is the County’s intent to base future Trust contributions on the Actuarially Determined Contribution (ADC) in subsequent annual actuarial reports; however, no Trust contributions are legally or contractually required. Employees do not make contributions to the OPEB Plan.

Net OPEB Liability - The County’s net OPEB liability was measured as of September 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation of that date.

Actuarial Assumptions – The total OPEB liability in the September 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

The actuarial assumptions are:

Investment rate of return	7.0%
Discount rate used to measure total OPEB liability	7.0%
Projected annual salaries increase	4.5%
Inflation rate	2.5%
Healthcare cost trend rate	Pre-65 increase of 6.70%; post 65 increase of 7.45% for Fiscal Year 2019, grading to an ultimate rate of 4.50% for Fiscal Year 2029
Mortality	Pub-2010 Headcount Weighted General and Public Safety tables, projected with Scale MP-2019

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

Investment Policy – The Trust’s investment policy is established and may be amended by the County Comptroller. It is the policy of the County Comptroller to invest funds held by or for the benefit of the beneficiaries participating in the Trust in a manner that will provide adequate liquidity to meet cash flow needs and optimize returns while conforming to all federal, state, and local laws governing the investment of public funds. After providing for liquidity in either a money market fund or in a demand deposit bank account, remaining assets shall be invested per the following allocation policy of the Trust, as of September 30, 2019:

<u>Asset Class</u>	<u>Allocation</u>
Domestic equity securities and money markets	50 %
International equity securities and money markets	33
Fixed income mutual funds	12
International bond index fund	5
	100 %

Specific investments exceeding five percent of the Plan’s net position consist of the following: Vanguard Total Stock Market Index Fund, Vanguard Total International Stock Index Fund and Vanguard Total Bond Market Index Fund.

For the fiscal year ended September 30, 2019, the annual money-weighted rate of return on the Trust Assets was 2.34%. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of September 30, 2019 are summarized in the following table:

<u>Asset Class</u>	<u>Expected Nominal Rate of Return</u>	<u>Expected Real Rate of Return</u>	<u>Allocation</u>
Large Cap U.S. Equity	6.80%	4.20%	46.80%
Small Cap U.S. Equity	7.30%	4.68%	3.20%
International Equity	7.50%	4.88%	25.70%
Emerging Markets Equity	8.10%	5.46%	7.30%
Non-U.S. Developed Bond	2.50%	0.00%	5.00%
Intermediate Duration Bonds-Gov't	2.40%	-0.10%	7.90%
Intermediate Duration Bonds-Credit	3.40%	0.88%	4.10%
Total Portfolio	7.20%	4.59%	100.00%

Plan fiduciary net position as a percentage of
the total OPEB liability: 61.69%

The discount rate used to measure the total OPEB liability is 7.0%. The projection of cash flows used to determine the discount rate assumed the County would continue to fund the actuarially determined contribution. Only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on these assumptions, the OPEB Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members.

Clerk of the Circuit and County Courts Other Postemployment Benefit Plan:

Plan Description - The Clerk of the Circuit and County Courts (Clerk) administers a single-employer defined other postemployment benefit plan ("OPEB Plan") that subsidizes the cost of health care for its retirees and eligible dependents. Retirees with at least 10 years of service under the Clerk who are receiving benefits from the FRS are eligible to receive a monthly benefit of five dollars per year of service up to a maximum of \$150 per month. Additionally, Clerk employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan at the same group rate as for active employees.

I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

In June 2009, the Clerk established the Orange County Clerk of the Circuit and County Courts Retiree Health Insurance Subsidy Trust (“Trust”), a qualifying trust, and began funding its OPEB Plan obligation. Separate stand-alone financial statements for the Trust are not prepared.

At September 30, 2019, the date of the last actuarial study, the plan participation consisted of:

Active Employees	405
Inactive Participants	<u>153</u>
Total	558

Contributions – The Clerk has the authority to establish and amend its funding policy. For the year ended September 30, 2019, the Clerk contributed \$890,000 in excess of benefit payments into the Trust. This Trust is to be used to fund current subsidy payments to participants for upcoming fiscal years.

Rate of Return – For the year ended September 30, 2019, the annual money-weighted rate of return on investments, net of investment expense, was 2.31%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net OPEB Liability – The Clerk’s net OPEB liability was \$1,066,077 at September 30, 2019, measured as of September 30, 2019, based on an actuarial valuation dated October 1, 2019.

Plan fiduciary net position as a percentage of
the total OPEB liability: 88.81%

Actuarial Methods and Assumptions - Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Calculations for financial reporting purposes are based on the benefits provided under terms of the substantive plan (the plan as understood by the employer and the plan members) in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

The actuarial methods are:

Actuarial cost method	Entry Age normal
Asset valuation method	Fair value

The actuarial assumptions are:

Discount rate used to measure total OPEB liability	2.66%
Projected annual salaries increase	4.5%
Inflation rate	2.5%
Healthcare cost trend rate	Pre-65 increase of 6.7%; post 65 increase of 7.45% for Fiscal Year 2019, grading to an ultimate rate of 4.5% for Fiscal Year 2028

Mortality rates were based on the Pub-2010 Headcount Weighted General tables projected with Scale MP-2019 as of the September 30, 2019 measurement date.

The claims and trend used for the Clerk of the Court valuation are the same as those used for Orange County Government and were developed based on the aggregated County population and experience. The assumptions noted above are applicable for the valuation as of September 30, 2019.

Discount Rate – The funds in the trust are not aggressively invested and are assumed to grow at the Bond Buyer General Obligation 20-Bond Municipal Bond Index 20 year municipal bond rate as of the beginning of the year, the same rate at which the liability is expected to grow. Therefore, the discount rate used to determine the total OPEB liability is equal to the expected rate of return applied to the assets in the trust fund. The long-term expected rate of return on OPEB plan investments as of the September 30, 2018 measurement date was 4.18% and decreased to 2.66% as of the September 30, 2019 measurement date.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate – The following presents the net OPEB liability of the Clerk, as well as what the Clerk’s net OPEB liability would be if it were calculated using a discount rate that is one percent lower or one percent higher than the current discount rate of 2.66% at September 30, 2019:

	1% Decrease (1.66%)	Current Rate (2.66%)	1% Increase (3.66%)
Clerk's Net OPEB liability based on September 30, 2019 measurement date	\$ 2,237,856	\$ 1,066,077	\$ 68,506

Summary of Bond Resolutions:

The following is a summary of primary government bond resolutions pertaining to debt reflected in the September 30, 2019 financial statements. Bond covenants of enterprise fund issues require supplemental disclosures in addition to those mentioned below. The supplemental disclosures are found in the separate annual financial reports of each enterprise fund. Also, other required secondary market disclosures for all bonds outstanding are found in the separate Orange County, Florida Bond Disclosure Supplement for the year ended September 30, 2019.

Public Offerings:

\$97,295,000 Sales Tax Revenue Refunding Bonds, Series 2012B

Type: Governmental Activities Revenue Bonds

Dated: April 2012

Final maturity: Year 2032

Principal payment date: January 1

Interest payment dates: January 1 and July 1

Interest rates: 4.00% to 5.00%

Reserve requirement: None, so long as annual pledged revenues exceed three times the maximum annual debt service for all outstanding Sales Tax bonds.

Revenue pledged: All of the Half-cent State Sales Tax accruing to Orange County. The total principal and interest remaining to be paid on this series is \$140,458,500. For the fiscal year, no principal was due and interest paid on this series was \$4,660,000 and total pledged revenue was \$197,116,992.

Purpose: Together with certain funds provided by the County, advance refunding of all outstanding Sales Tax Revenue Bonds, Series 2002B, in the total principal amount of \$104,495,000.

Call provisions: Bonds maturing on or after January 1, 2025 are subject to redemption prior to their maturity, at the option of the County in whole or in part by lot on any date on or after January 1, 2022, with no premium.

Consequence of default: All available pledged revenue shall be used to satisfy first any outstanding, reasonable and proper charges of an appointed receiver, next to interest, principal, or redemption price, if applicable, then due on the Bonds, in that order of priority.

\$96,195,000 Sales Tax Revenue Refunding Bonds, Series 2012C

Type: Governmental Activities Revenue Bonds

Dated: October 2012

Final maturity: Year 2024

Principal payment date: January 1

M. BONDS PAYABLE, Continued

Interest payment dates: January 1 and July 1

Interest rate: 5.00%

Reserve requirement: None, so long as annual pledged revenues exceed three times the maximum annual debt service for all outstanding Sales Tax bonds.

Revenue pledged: All of the Half-cent State Sales Tax accruing to Orange County. The total principal and interest remaining to be paid on this series is \$74,657,250. For the fiscal year, principal and interest paid on this series was \$15,360,875 and total pledged revenue was \$197,116,992.

Purpose: Together with certain funds provided by the County, current refunding of all outstanding Sales Tax Revenue Refunding Bonds, Series 2002A, in the total principal amount of \$120,065,000.

Call provisions: Series 2012C bonds are not subject to optional or mandatory redemption prior to their stated dates of maturity.

Consequence of default: All available pledged revenue shall be used to satisfy first any outstanding, reasonable and proper charges of an appointed receiver, next to interest and principal then due on the Bonds, in that order of priority.

\$25,480,000 Capital Improvement Refunding Revenue Bonds, Series 2009

Type: Governmental Activities Revenue Bonds

Dated: May 2009

Final maturity: Year 2022

Principal payment date: October 1

Interest payment dates: April 1 and October 1

Interest rates: 4.00% to 5.25%

Reserve requirement: None

Revenue pledged: County receipts from the State Revenue Sharing Trust Fund provided by Chapter 218, Florida Statutes in an amount equal to fifty percent (50%) of the revenue received from this source in the immediately preceding fiscal year. The total principal and interest remaining to be paid on this series is \$11,046,444. For the fiscal year, principal and interest paid on this series was \$2,771,212 and total pledged revenue was \$21,741,992.

Purpose: Together with certain funds provided by the County, current refunding of all outstanding Capital Improvement Refunding Revenue Bonds, Series 1998 in the total principal amount of \$27,715,000.

Call provisions: Series 2009 bonds are not subject to optional or mandatory redemption prior to their stated dates of maturity.

Consequence of default: The County must first use the Reserve Account, and next require the Registrar to deliver a demand for payment, or otherwise draw upon all related Reserve Account Facilities in accordance with their terms for the remaining amount needed to prevent default in the payment of such Bonds, with priority to interest payments.

\$33,843,803 Public Facilities Revenue Bonds, Series 1994A

Type: Governmental Activities Revenue Bonds

Dated: June 1994

Final maturity: Year 2019

Principal payment date: October 1

Interest payment dates: October 1 – only capital appreciation bonds remain outstanding.

Interest rates: 6.50% yield

Reserve requirement: The lesser of (1) 125% of the average annual debt service, (2) the maximum annual debt service, or (3) 10% of the initial total principal of the bonds, \$4,355,000.

Revenue pledged: All of certain non-ad valorem revenues of the County. Among these are state sources of license revenues, local license and permit fees, local charges for service, and miscellaneous local revenue. The total principal and interest remaining to be paid on this series is \$4,355,000. For the fiscal year, principal and interest paid on this series was \$4,355,000 and total pledged revenue was \$55,039,803.

Purpose: To finance costs of construction and improvements to various County facilities and to redeem \$20,818,000 of commercial paper used for correctional facilities and telecommunication systems.

Call provisions: Series 1994A bonds that remain outstanding are not subject to redemption prior to their stated dates of maturity.

Consequence of default: Payment is secured by a municipal bond insurance policy. If it becomes necessary to call upon the municipal bond insurance policy, payment of principal requires ownership of the Bonds to transfer to the insurer.

\$37,895,000 Public Service Tax Refunding Revenue Bonds, Series 2013

Bonded Indebtedness - Discretely-Presented Component Units:

Orange County Housing Finance Authority:

Bonds and other obligations issued by the Authority are payable, both as to principal and interest, solely from the assets of the various housing programs which are pledged under the resolutions authorizing the particular issues. These issues do not constitute an obligation, either general or special, of the Board, the State of Florida or of any local government therein. Neither the faith, credit and revenues nor the taxing power of the Board, the State of Florida or any local government therein shall be pledged to the payment of the principal or interest on the obligations. During the year ended September 30, 2019, the Authority issued \$64,033,739 in housing bonds. The aggregate principal amount outstanding is \$401,786,215 at September 30, 2019.

Orange County Industrial Development Authority and Orange County Health Facilities Authority:

These Authorities serve to assist in the financing and refinancing of certain types of capital projects for third parties. Revenue bonds issued are payable solely from moneys and other assets pledged under the indentures of trust with the bond trustees and do not constitute debt of the Authorities. The Authorities serve only as “conduit” agents for their respective bond issues. The Board also has no financial obligation for bonds issued by the Authorities. Therefore, the bonds outstanding are not reported in the accompanying financial statements since neither the Authorities nor the Board has any commitment for their repayment.

The Industrial Development Authority assists with capital projects which will foster economic development. From inception through the end of Fiscal Year 2019, approximately \$1.0 billion in revenue bonds have been issued by the Authority. During the year ended September 30, 2019, the Authority issued no industrial development revenue bonds. The aggregate principal amount outstanding for the bonds issued after October 1, 1996, is approximately \$269 million at September 30, 2019.

The Health Facilities Authority assists with capital projects which serve to improve health-related facilities. At September 30, 2019, the total outstanding principal of revenue bonds issued by the Authority was approximately \$1.5 billion.

N. NOTES AND LOANS PAYABLE – DIRECT BORROWINGS

Orange County Promissory Note – Series 2010:

On December 15, 2010, the County entered into a loan agreement with Branch Banking and Trust Company for issuance of the Orange County Promissory Note, Series 2010 (Note), for the purpose of funding upgrades and improvements to the County’s public safety radio system. The total amount of the Note, which matures on October 1, 2022, was \$15,395,000 and the primary pledged revenue for the loan is the locally adopted traffic surcharge revenue authorized by Florida Statutes. As needed, legally available non-ad valorem funds are also pledged. Semi-annual interest payments at the rate of 2.57% began on October 1, 2011 and are due on April 1 and October 1. Annual principal payments began on October 1, 2011 and the principal balance outstanding was \$5,630,000 as of September 30, 2019. Note proceeds were accounted for in the County’s 2010 Promissory Note capital project fund and were fully expended during Fiscal Year 2013. The total principal and interest remaining to be paid on the Note is \$5,923,880. For the fiscal year, principal and interest paid was \$1,481,652 and total primary pledged revenue was \$1,174,342.

State Revolving Fund Loans – Water Utilities System:

In June 2002, the County began participation in the Clean Water State Revolving Fund Construction Loan Program with the State of Florida Department of Environmental Protection. Loan proceeds are being utilized by the Water Utilities System to finance various construction projects of the water and wastewater system. Pledged revenues are those pledged as security by the County in its bond resolution, after payment of operation and maintenance expenses and satisfaction of the yearly payment obligation for outstanding System revenue bonds. The County has covenanted to maintain rates and charges for System services which will be sufficient in each fiscal year, after payment of senior and parity obligations, to provide pledged revenues of at least 1.15 times the sum of all Loan Program payments due in the fiscal year. Following is a description of each of the loans outstanding as of September 30, 2019.

In June 2002, the initial loan for construction of a central wastewater collection system in the Holden Heights area was approved in the initial amount of \$8,457,900. This was reduced in Fiscal Year 2008 to \$6,241,215 to reflect the final project cost. The principal balance outstanding was \$2,266,434 as of September 30, 2019. Semiannual payments of \$193,774, including interest at 3.09%, are due on March 15 and September 15 of each year through March 15, 2026.

In August 2006, a loan was approved for a subsequent phase of the Holden Heights project, in the initial amount of \$8,339,312. This was reduced in Fiscal Year 2011 to \$6,540,920 to reflect the final project cost. The principal balance outstanding was \$3,574,319 as of

September 30, 2019. Semiannual payments of \$204,412, including interest at 2.63%, are due on January 15 and July 15 of each year through July 15, 2029.

In March 2011, a loan was approved for the Lake Lawne Gravity Sewer Rehabilitation Project in the initial amount of \$1,756,255. This was reduced in Fiscal Year 2013 to \$1,734,755 to reflect the final project cost. The principal balance outstanding was \$1,167,482 as of September 30, 2019. Semiannual payments of \$54,765, including interest of 2.53%, are due on February 15 and August 15 of each year through February 15, 2032.

In January 2012, a loan was approved for the West Southwood Gravity Sewer and Water System Project in the initial amount of \$2,655,957. This was reduced in Fiscal Year 2013 to \$2,068,169 to reflect the final project cost. The principal balance outstanding was \$1,418,878 as of September 30, 2019. Semiannual payments of \$63,771, including interest of 2.38%, are due March 15 and September 15 of each year through September 15, 2032.

In January 2012, a loan was approved for the Huggins Street Pump Station Project in the initial amount of \$3,981,328. This was increased in Fiscal Year 2014 to \$6,545,876 due to additional approved rehabilitation. This was reduced in Fiscal Year 2017 to the actual amount drawn of \$6,297,137 to reflect the final project cost. The principal balance outstanding was \$5,082,677 as of September 30, 2019. For this loan, semiannual payments of \$196,801, including interest of 2.38%, on the original amount and 2.34% on the additional amount, are due on March 15 and September 15 of each year through March 15, 2035.

In January 2012, a loan was approved for the South and Eastern Area Reclaimed Water Main Project in the initial amount of \$5,064,998. This was reduced in Fiscal Year 2017 to \$2,074,266 to reflect the final project cost. The principal balance outstanding was \$1,291,738 as of September 30, 2019. Semiannual payments of \$54,517, including interest of 2.38%, are due on March 15 and September 15 of each year through September 15, 2033.

In January 2012, a loan was approved for the East Southwood Gravity Sewer and Water System Project in the initial amount of \$4,360,690. This was reduced in Fiscal Year 2015 to \$2,946,957 to reflect the final project cost. The principal balance outstanding was \$2,091,075 as of September 30, 2019. Semiannual payments of \$88,252, including interest of 2.38%, are due on March 15 and September 15 of each year through September 15, 2033.

In December 2012, a loan was approved for the South and Eastern Area Water Main Project in the initial amount of \$10,807,569. The principal balance outstanding was \$7,333,427 as of September 30, 2019. Semiannual payments of \$328,839, including interest of 1.99%, are due on March 15 and September 15 of each year through September 15, 2032.

N. NOTES AND LOANS PAYABLE - DIRECT BORROWINGS, Continued

In December 2012, a loan was approved for the Hidden Springs Water Facility Improvements Project in the initial amount of \$4,196,246. This was reduced in Fiscal Year 2019 to \$3,965,087 to reflect the final project cost. The principal balance outstanding was \$3,115,289 as of September 30, 2019. Semiannual payments of \$127,678, including interest of 1.99%, were due on January 15 and July 15 of each year, through January 2019. Semiannual payments for the period July 2019 through July 15, 2034 were reduced to \$120,623 to reflect the reduction in loan amount.

In September 2013, a loan was approved for the I-Drive Forcemain and Reclaimed Water Main Improvements Project in the initial amount of \$7,571,449. This was reduced in Fiscal Year 2017 to the actual amount drawn of \$7,122,045 to reflect the final project cost. The principal balance outstanding was \$6,003,869 as of September 30, 2019. Semiannual payments of \$213,138, including interest of 1.92%, are due on April 15 and October 15 of each year, through October 15, 2035.

In May 2014, a loan was approved for the Eastern Water Reclamation Facility Phase V Improvements Project in the initial amount of \$30,139,180. This was increased in Fiscal Year 2015 to \$61,985,280 and in Fiscal Year 2016 to \$73,003,611 to reflect the additional approved construction costs of the project. The first draw on this loan was received in June 2015 and the principal balance outstanding was \$60,186,416 as of September 30, 2019. For this loan, semiannual payments of \$2,232,470, including interest of 2.26%, on the original amount, 1.91% on the first additional amount and 1.82% on the second additional amount, are due on February 15 and August 15 of each year, for a 15-year period that began in February 2019.

In the event of default on these loans, the System may be caused to establish rates and collect fees and charges for use of the System in order to fulfill the agreements. The State of Florida Department of Environmental Protection may accelerate the repayment schedule or increase the interest rate on the unpaid principal up to 1.667 times the original interest rate on all loans with the exception of the Holden Heights project loan, which may increase up to 3.333 times the original interest rate.

The total principal and interest remaining to be paid on these loans was \$108,086,634 as of September 30, 2019. For the fiscal year, principal and interest paid was \$7,509,776 and total available pledged revenue was \$54,418,481. Future principal and interest payments (in thousands) required on the State Revolving Loans are as follows as of September 30, 2019:

Totals	<u>\$ 93,532</u>	<u>\$ 14,555</u>	<u>\$ 108,087</u>

Commercial Paper Notes:

The County has established a commercial paper program whereby Commercial Paper Notes issued are secured by a pledge of the County's non-ad valorem tax revenues. Proceeds from Note issuances may be used on various capital projects according to the specific authorizing resolutions. Total active Notes authorized were \$332,000,000 as of September 30, 2019. Of that, Notes in the total amount of \$125,536,000 were issued, all of which were redeemed by the end of Fiscal Year 2008.

The County's commercial paper debt program is administered as follows: The Notes mature within 270 days of issuance, with interest payable at maturity based on market rates not to exceed 10%. The Notes are not subject to redemption prior to maturity. As each block of Notes matures, new Notes are issued to refinance the principal amount, and current eligible revenues of the County are used to pay the interest amount due. The County deactivated use of this program during Fiscal Year 2009 upon the expiration of its broker/dealer and backup line of credit agreements and the termination of its issuance and paying agent agreement.

O. LEASE COMMITMENTS

Capital Leases:

The County has entered into various leasing agreements for vehicles, machinery and equipment. The terms of these leases are such that the County capitalized the leases and reported the obligations in the government-wide statement of net position.

O. LEASE COMMITMENTS, Continued

The following is a schedule of future minimum lease payments applicable to governmental activities for \$4,477,835 of assets (all equipment assets) capitalized under lease agreements, and the present value of future minimum lease payments as of September 30, 2019:

<u>Year Ending September 30</u>	<u>Amount</u>
2020	\$ 738,179
2021	713,383
2022	657,842
2023	<u>648,634</u>
Total minimum lease payments	2,758,038
Less amount representing interest	<u>(120,653)</u>
Present value of future minimum lease payments	<u>\$ 2,637,385</u>

There are no capital lease obligations outstanding at September 30, 2019 for business-type activities.

Operating Leases:

The primary government leases office facilities and equipment under various operating lease agreements which have noncancelable lease terms in excess of one year. The following is a schedule by years of future minimum rentals on such leases as of September 30, 2019:

<u>Year Ending September 30</u>	<u>Amount</u>
2020	\$ 10,239,152
2021	8,637,362
2022	5,518,846
2023	4,960,954
2024	3,807,562
Thereafter	<u>8,500,025</u>
Total future minimum rentals	<u>\$ 41,663,901</u>

Rental expenditures on operating leases amounted to approximately \$12.0 million for the year ended September 30, 2019. The primary government also leases other office facilities and equipment on a monthly basis.

P. INTERFUND RECEIVABLE AND PAYABLE BALANCES

Interfund receivable and payable balances as of September 30, 2019, are detailed below:

Due to/from other funds:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General Fund	Nonmajor governmental funds	\$ 4,066,664
General Fund	Internal Service Funds	116,319
Fire Protection MSTU	General Fund	1,526,576
Nonmajor governmental funds	General Fund	1,517,615
Nonmajor governmental funds	Nonmajor governmental funds	3,921
Internal Service Funds	General Fund	366,500
Total due to/from other funds		<u><u>\$ 7,597,595</u></u>

Advances to/from other funds:

<u>Receivable fund</u>	<u>Payable fund</u>	<u>Amount</u>
General fund	Nonmajor governmental funds	<u><u>\$ 3,200,000</u></u>

The primary purpose of these interfund receivables and payables is to provide temporary loans for cash flow needs, primarily associated with reimbursable grant programs.

Q. TRANSFERS TO/FROM OTHER FUNDS

Significant transfers between funds of the County included excess amounts from debt service funds. Pledged revenues are placed in debt service funds when initially received. After debt service requirements are fulfilled, the excess amounts are then transferred to other funds for operating expenditure purposes. Additionally, the Special Tax Equalization District special revenue fund collects the revenues necessary for certain programs or functions, and then transfers them out for expenditure purposes. The Convention Center enterprise fund records the transfer of available Tourist Development Tax monies to the General Fund for certain cultural tourism functions. The Water Utilities System enterprise fund transfers certain available funds annually to the General fund pursuant to Board resolution.

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

S. COMMITMENTS AND CONTINGENCIES, Continued

Commitments Under Construction Contracts:

At September 30, 2019, the County had outstanding construction and operating contracts for various projects totaling approximately \$957 million.

Grants:

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If any expenditures are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would reduce receivables and/or become a liability of the County. In the opinion of management, any such adjustments would not be material to the County's operating results or fund balances.

Litigation:

The County is a party in various lawsuits and other claims incidental to the ordinary course of its operation, some of which are covered by the County's risk management program (see Note G). While the results of litigation and claims cannot be predicted with certainty, management believes the final outcome will not have a material adverse impact on the County's financial position.

Community Redevelopment Agencies:

Pursuant to State statute, various local jurisdictions have created 13 Community Redevelopment Agencies (CRAs) within the County, including two formed by the County and reported as blended component units. Funding for these agencies is derived from incremental ad valorem tax proceeds generated by improvements made within the CRA. The County is obligated to pay to each CRA from its current year's ad valorem tax the increment related to taxable property improvements made since the designated "base year." Other jurisdictions which have created CRAs are the Cities of Orlando, Winter Park, Ocoee, Maitland, Eatonville, Apopka, and Winter Garden. The total amount paid to CRAs by the Board amounted to \$44,726,296 for Fiscal Year 2019.

Orange Blossom Trail Improvements:

In 1987, the County created two municipal service taxing units (MSTUs) for properties situated on and in the immediate environs of South Orange Blossom Trail (US 441), from Interstate 4 to the Beach Line Expressway. These MSTUs are reported as a part of the Municipal Service Districts special revenue fund. The purpose of the MSTUs was to fund

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

S. COMMITMENTS AND CONTINGENCIES, Continued

capital costs and ongoing maintenance for enhanced improvements to a US 441 road widening project by the State of Florida, and thereby stimulate economic revitalization. The enhanced improvements consisted of streetscape/landscape features and undergrounding of utilities for the segment of US 441 noted above. When the State initiated the widening project in 1993, the MSTUs had not raised sufficient funds to pay for all of the planned enhancements. At that time, the County elected to use Local Option Gas Taxes and Public Service Taxes in the combined amount of \$8.8 million to cover the difference, with an understanding that the MSTUs would be able to reimburse this amount in subsequent fiscal years.

Due to the ongoing maintenance costs of the completed project, less than expected growth in MSTU revenues and property tax reform, actual project reimbursements from the MSTUs have totaled only \$630 thousand. Reimbursements from unspent project funds totaled an additional \$759 thousand, leaving an unreimbursed total of approximately \$7.4 million as of the end of Fiscal Year 2019. Reimbursements from the MSTUs in subsequent fiscal years will be made as funds are available; however, management's current expectation is that most of the amount outstanding will remain unreimbursed at the time the MSTUs are scheduled to sunset in Fiscal Year 2021. There is no repayment schedule, and the unreimbursed amounts are not shown in the financial statements.

Transportation Impact Fee Credits:

The County has entered into a number of agreements with developers under which the developer donates transportation infrastructure improvements or rights of way to the County and receives credit for future transportation impact fee payments. As of September 30, 2019, credit balances for future impact fees total approximately \$41.4 million.

Tax Refunds and Abatements:

The County has entered into property tax refund agreements with new and expanding local businesses as authorized under Florida's Qualified Target Industry Tax Refund Program (QTI) for economic development. Under this program, the County may grant refunds in amounts up to 20% of the annual property tax refund awarded under the QTI program. Amounts to be refunded are determined by the number of new jobs created. The amount of taxes refunded for QTI programs, during Fiscal Year 2019, amounted to \$75,543.

On July 21, 2006, the County entered into an economic development grant agreement with Darden Restaurants. In recognition of Darden's commitment to consolidate and expand its corporate headquarters and increase the number of jobs within the County, the County

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

S. COMMITMENTS AND CONTINGENCIES, Continued

committed to refund the general fund portion of property taxes collected for each tax year beginning in 2010, up to a total refund amount of \$4,800,000. The amount of property tax refunded to Darden during Fiscal Year 2019 was \$518,099.

Additionally, in accordance with Florida Statute 196.1995 and County Ordinance 12-05, the County has the authority to grant economic development ad valorem tax exemptions in amounts up to 100% of the assessed value of improvements of new or expanding businesses located within the County. The Board shall not grant exemptions of forgone ad valorem tax revenues exceeding \$2,000,000 in a fiscal year and retains the authority to revoke an exemption and recover all taxes not paid for years deemed ineligible. The amount of property tax exempted in Fiscal Year 2019 was \$135,525.

T. BUDGETARY LEGAL COMPLIANCE AND FUND DEFICITS

For the fiscal year ended September 30, 2019, no excess of expenditures over appropriations at the legal level of budgetary control occurred. The County's Risk Management Internal Service Fund had a deficit balance of \$229,322. The County intends to eliminate the deficit balance through increased fees to participating funds. The Sheriff's Workers' Compensation internal service fund had a deficit balance of \$9,048,700. The Sheriff intends to eliminate the deficit balance in this fund through effective claims management, charges to the General fund, and to the extent necessary, funding from future excess fees.

U. PROVISION FOR CLOSURE COSTS

As explained in Note A, current regulations of the U.S. Environmental Protection Agency (EPA) and the Florida Department of Environmental Protection (FDEP) require municipal solid waste landfills to place a final cover on closed landfill areas, and to maintain those areas for up to 30 years after closure. The County periodically obtains updated and revised estimates of total future closure and postclosure costs from its consulting engineers. All amounts recognized are based on what it would cost to perform closure and postclosure functions in current dollars. Actual costs may be different due to inflation, changes in technology, or changes in laws and regulations.

The internal landfills have ceased operation. Required closure work is complete and the entire estimated \$2.8 million future cost for postclosure maintenance is reported as a long-term liability of the governmental activities on the government-wide statement of net position. These costs are recognized as governmental fund expenditures as they become obligations to be liquidated with available financial resources, using resources in the Transportation Trust and the Miscellaneous Construction Projects funds.

Continued

ORANGE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019

U. PROVISION FOR CLOSURE COSTS, Continued

For the public landfill, accounted for in the Solid Waste System (System) enterprise fund, expenses associated with final closure and postclosure maintenance of landfill areas are recognized over the active life of those areas. These costs are recognized in each operating period based on the amount of waste received during that period, regardless of when cash disbursements are made for these costs. The cumulative effect of updated and revised estimates of closure-related costs is recognized in the period of the change to the extent it relates to current and past operations.

The total unrecognized closure and postclosure costs attributable to the currently active areas of the public landfill are approximately \$182 million. These costs will be recognized in future periods as the remaining capacity of approximately 42 million tons is filled. As of September 30, 2019, the active landfill areas were filled to approximately 7% and 35% of capacity for subbasins 2A-cell 2, and 9-12, respectively. The current landfill facilities are expected to provide the needed capacity through 2100.

The County is required by FDEP annually to show proof of ability to finance closure and postclosure costs, and has done so for the internal landfills by providing a standby letter of credit and trust account. For the public landfill, the County has fulfilled the requirements of the financial test provision of the regulation. In addition, the County is making deposits to a closure costs account in the System enterprise fund to provide for the financing of future closure activities of the public landfill. The balance in this account as of September 30, 2019 was approximately \$46.8 million. The liability for closure and post-closure activities, calculated in accordance with GASB Statement No. 18 and reported on the System's statement of net position, was approximately \$44.7 million as of September 30, 2019.

V. SUBSEQUENT EVENTS

On December 5, 2019, the County issued \$103,805,000 Taxable Sales Tax Revenue Refunding Bonds, Series 2019. The proceeds of the bonds, together with cash on hand, will be used to advance refund all remaining outstanding Sales Tax Revenue Refunding Bonds, Series 2012B, in the amount of \$96,425,000. The refunding transaction results in a cash flow savings of \$11,795,510 over the life of the remaining maturities, and a net present value debt service savings of \$10,199,499, discounted at 2.53%. The refunded Series 2012B Bonds will be called on January 1, 2022.

Orange County Housing Finance Authority

During the period October 1, 2019 through January 31, 2020, pursuant to various trust indentures, the Orange County Housing Finance Authority called for partial redemptions of bonds in the aggregate amount of \$1,723,063. The bonds were called at the redemption price equal to par value plus accrued interest.

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of certain revenue sources that are restricted or committed to finance particular functions or activities.

SPECIAL REVENUE FUNDS

Special Tax Equalization District is for public safety services financed with revenues generated from ad valorem property taxes levied in the Municipal Service Taxing Unit (MSTU) which encompasses the unincorporated area of the County, the County's communications services tax and operating transfers from other funds.

Court Facilities Fee is for certain court service fees and surcharges earmarked to be used for court facilities.

Teen Court is for certain court fees and fines to be used for operating costs of the Teen Court program.

Court Technology is for a portion of the service fees for recording documents in the County's Official Records, to be used for court-related technology needs.

Local Court Programs is for certain court fees to be used to fund various court-related programs including legal aid programs, a law library, juvenile court programs, and other local court programs.

Building Safety is to ensure public safety through the enforcement of construction codes, financed primarily from building permits and inspections.

Crime Prevention is for court fines collected which are dedicated for the use of crime prevention programs within the County.

Law Enforcement Education is for statutorily defined law enforcement education expenditures financed by fines levied in accordance with State statute and local ordinance.

Law Enforcement Trust is for law enforcement expenditures financed with forfeited funds originating from illegal activities.

911 Fee is for fees collected on telephone lines in the County, and for fees distributed from the State as collected from wireless telephone subscribers within the County. The funds are used for 911 emergency telephone systems.

OBT Local Government Neighborhood Improvement District (NID) is for specified revenues used for public safety improvements in a designated area adjacent to Orange Blossom Trail (OBT). The District is a blended component unit of the County.

Pine Hills Local Government Neighborhood Improvement District (NID) is for specified revenues used for public safety improvements in a designated area within Pine Hills. The District is a blended component unit of the County.

Inmate Commissary is for funds generated by the County's jail commissary operation, held and expended for the benefit of inmates, pursuant to the requirements of State statute.

Continued

SPECIAL REVENUE FUNDS, Continued

Mandatory Refuse Collection is for collection of assessments for charges for services and expenditures of funds relating to the refuse collection and recycling for specified residential units in the unincorporated areas of the County.

Air Pollution Control is for funds received by the County from the 50-cent fee charged on the sale of each vehicle registration, and 80% of the inspection fees charged by the State for asbestos removal projects. The funds are used for local air pollution control and asbestos removal programs.

Water and Navigation Control Districts are for boating regulation and control of lakes Conway and Windermere, financed by special ad valorem property taxes levied on properties surrounding these lakes. These Districts are blended component units of the County.

Aquatic Weed Taxing Districts are for lake weed control financed by special ad valorem property taxes levied on properties surrounding certain lakes.

Aquatic Weed Non-tax Districts are for lake weed control projects operated on a contributory basis.

Conservation Trust is for moneys collected as compensation for habitat loss in conjunction with land development and used for the purchase, improvement, creation, restoration and replacement of natural habitats within the County.

Pollutant Storage Tank is for penalties collected from violators of regulations relating to above ground and below ground storage tanks. The funds are used for administration of the program.

Municipal Service Districts are for assessments for minor capital improvements, and for charges for services providing for streetlighting, right-of-way maintenance, recreation, and retention pond maintenance.

Local Option Gas Tax is for specific road improvements and maintenance utilizing the County's portion of the six-cent local option gas tax.

Constitutional Gas Tax is for acquisition, construction, and maintenance of roads, utilizing the 80% portion of constitutional gas tax proceeds.

Transportation Trust is for road system expenditures which are financed by the 20% portion of constitutional gas tax, the county gas tax allocated to the County, a portion of the County's half-cent sales tax revenues, and other designated revenues.

International Drive Community Redevelopment Agency is for incremental ad valorem property tax revenues generated by new or expanded development within the International Drive redevelopment area. Moneys are designated to be used for revitalization projects in the area. The Agency is a blended component unit of the County.

Continued

SPECIAL REVENUE FUNDS, Continued

Local Housing Assistance (SHIP) is for funds distributed from the State under the State Housing Initiatives Partnership Act. The purpose of this program is to provide for the creation and preservation of affordable housing and to assist with affordable housing recovery efforts needed as a result of hurricane damage.

OBT Community Redevelopment Agency is for incremental ad valorem property tax revenues generated by new or expanded development within the redevelopment area surrounding the Orange Blossom Trail. Moneys are designated to be used for revitalization projects in the area. The Agency is a blended component unit of the County.

School Impact Fees is for fees collected countywide for growth-related capital improvements to the public school system. The public school system is not a part of the County government entity.

Drug Abuse Trust is for court fees from cases involving drug-related misdemeanor crimes, to be used for drug abuse treatment and education programs.

Driver Education Safety is for certain fines collected from civil traffic violations. The funds are used to support driver education programs in schools within the County.

Animal Services Trust is for public and private donations, and collections from a \$2 surcharge on civil penalties imposed by the courts, used respectively for providing for the welfare of animals and the training of animal services officers.

Parks is for certain countywide ad valorem property tax revenues and a portion of public service tax revenues dedicated for parks improvements and programs pursuant to the requirements established by the County in the ad valorem property tax levy resolution and public service tax ordinance.

Boating Improvement Program is for boat registration fees collected by the State and distributed to the County for the purpose of providing recreational channel marking, public launching facilities and other boating-related improvements.

Grants is for projects and programs which are financed in whole or in part by agencies of the Federal Government, State of Florida, and local governments.

Public Records Modernization is for specified portions of Official Records recording fees collected by the County Comptroller which are earmarked for modernization of the recording service systems of the County Comptroller and the Clerk of the Circuit and County Courts (Clerk), and for technology needs of the Clerk's Office.

Mortgage Foreclosure Education is for service charges resulting from mortgage foreclosure sales collected by the Clerk of the Circuit and County Courts which are designated to educate the public as to the rights of homeowners regarding foreclosure proceedings.

Fire Protection MSTU is presented as a major fund in the governmental fund financial statements and, as such, is not included in these supplementary combining statements and schedules. The fund accounts for expenditures for fire protection and emergency medical services financed with revenues generated from ad valorem property taxes levied in the MSTU, as well as service fee revenues.

DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources for, and the payment of, general government long-term debt principal and interest.

DEBT SERVICE FUNDS

Capital Improvement Bonds is for debt service payments on the Capital Improvement Refunding Revenue Bonds, Series 2009. Pledged revenue for debt service on the bonds is County receipts from the State Revenue Sharing Trust Fund provided by Chapter 218, Florida Statutes, in an amount equal to 50% of revenue received from this source in the immediately preceding fiscal year.

Public Facilities Bonds is for debt service payments on the Public Facilities Revenue Bonds, Series 1994A. The primary revenue source is miscellaneous designated revenues of the General Fund, transferred in for required debt service payments.

Public Service Tax Bonds is for debt service payments on the Public Service Tax Refunding Revenue Bonds, Series 2013. The primary revenue source is the public service tax levied by the County on utilities services sold or consumed in the unincorporated area.

Orange County Promissory Note is for debt service payments on the Series 2010 Promissory Note. The primary revenue source is from a surcharge on traffic violations within the County.

Sales Tax Trust is presented as a major fund in the governmental fund financial statements and, as such, is not included in these supplementary combining statements. The budgetary comparison schedule is included in this section to demonstrate compliance with budgetary restrictions. The fund accounts for debt service payments on the Sales Tax Revenue Refunding Bonds, Series 2012B, Series 2012C, Series 2015A; and the Sales Tax Revenue Bond, Series 2015. The primary revenue source is the County's one-half cent share of the State sales tax collected in Orange County.

CAPITAL PROJECTS FUNDS

Capital Projects Funds account for the financial resources used for the acquisition or construction of capital facilities and other capital assets.

CAPITAL PROJECTS FUNDS

Law Enforcement Impact Fees is for fees collected in the unincorporated areas of the County to be used for growth-related law enforcement capital expenditures.

Fire Impact Fees is for fees collected in the unincorporated areas of the County to be used for growth-related improvements to fire protection facilities and equipment.

Transportation Impact Fees is for fees collected in the unincorporated areas of the County to be expended on the acquisition or expansion of growth-related transportation capital assets.

Parks and Recreation Impact Fees is for fees collected countywide for growth-related capital improvements to the parks and recreation facilities throughout the County.

Miscellaneous Construction Projects is for the acquisition and construction of various minor projects and facilities which are funded by a portion of the countywide ad valorem property tax levy.

ENTERPRISE FUNDS

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

ENTERPRISE FUNDS

Convention Center is for the operation of the Orange County Convention Center and its functions. It also serves to administer debt service payments on all outstanding Tourist Development Tax Revenue and Refunding Revenue Bonds, which were issued to construct and expand the Center and to finance sports and cultural venues owned by the City of Orlando. The primary revenue sources are Center operating revenues and pledged tourist development taxes.

Solid Waste System is for the facilities and administration relating to the sanitary disposal of solid waste (refuse). The primary revenue source is System operating revenues.

Water Utilities System is for the facilities and administration relating to residential and commercial water and wastewater services provided to various sections of the County, including debt service payments on all outstanding Water and Wastewater Utility Revenue Bonds and the State Revolving Loans. Bond and loan proceeds have been used to construct system assets. The primary revenue source is System operating revenues.

The three enterprise funds are presented as major funds of the County; thus, the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Fund Net Position, and the Statements of Cash Flows are included in the basic financial statements. The budgetary comparisons for these funds are presented as supplementary information in this sub-section to demonstrate compliance with budgetary restrictions.

INTERNAL SERVICE FUNDS

Internal Service Funds account for the financing of goods or other services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost reimbursement basis.

INTERNAL SERVICE FUNDS

Risk Management is for self-insured workers' compensation, public liability, and comprehensive property coverage for the Board and all constitutional officers, except for the Sheriff. Revenues are generated from user fees and charges.

Fleet Management is for services relating to a scheduled preventive maintenance program and the repair of vehicles with revenues generated from user fees and charges.

Employee Benefits is for medical, life, and disability insurance for employees and qualified retirees of the Board, four other small local governmental agencies, and all constitutional officers except for the Sheriff. The cost of group insurance is jointly paid by employees, employers, and retirees. Health insurance claims incurred since January 1, 2007 are on a self-insurance basis.

Sheriff Health Insurance is for health self-insurance claims activities for employees of the Sheriff, for claims incurred since October 1, 2003.

Sheriff Workers' Compensation is for workers' compensation claims activities for employees of the Sheriff for claims incurred since October 1, 1999. Claims incurred since October 1, 2005 are on a self-insurance basis.

AGENCY FUNDS

Agency Funds account for assets held by the County as agent for individuals or other governmental units.

AGENCY FUNDS

Board of County Commissioners is for amounts held in a fiduciary or escrow capacity on behalf of third parties, such as deposits from developers held pending satisfactory performance on specific construction projects, grant funds for the Sanford Burnham Prebys Medical Discovery Institute, reserve funds held for the Community Venues and personal funds of inmates in County correctional programs.

Tax Collector is for property taxes and fees for licenses collected by the Tax Collector and distributed during the fiscal year to taxing authorities.

Sheriff accounts for funds received and disbursed for writs, sales, and auctions.

Clerk of the Circuit and County Courts is for assets collected and held by the Clerk as agent for other governmental agencies from the collection of fines and forfeitures and various filing fees, and for individuals from the collection of support payments, jury and witness services, and bail bond deposits.

Comptroller is for taxes and fees collected by the County Comptroller on behalf of other governmental agencies, such as State documentary stamps and intangible taxes, and for amounts held on behalf of individual taxpayers, such as lien escrow deposits and tax deed auction proceeds.

Statistical Section

**ORANGE COUNTY, FLORIDA
STATISTICAL SECTION CONTENTS
for the year ended September 30, 2019**

The Statistical Section of the Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information indicates about Orange County's overall financial health. Below is a summary of the components and purpose for the tables provided herein.

	<u>Pages</u>
<u>Financial Trends</u>	216-225
These schedules contain trend information to help the reader understand how Orange County's financial performance and financial position have changed over time.	
<u>Revenue Capacity</u>	226-230
These schedules contain information to help the reader assess Orange County's most significant local revenue source – the property tax.	
<u>Debt Capacity</u>	231-243
These schedules present information to help the reader assess the affordability of Orange County's current levels of outstanding debt, the County's ability to issue additional debt in the future, and related historical trend data.	
<u>Demographic and Economic Information</u>	244-247
These schedules contain demographic and economic indicators to help the reader understand the environment within which Orange County's financial activities take place.	
<u>Operating Information</u>	248-252
These schedules contain service levels and capital asset data to help the reader understand how the information in the County's financial report relates to the services the County provides to its citizens and visitors.

(1) Information is reported based on the fiscal year in which associated tax revenue is recognized - e.g., the 2018 tax roll data is reported here for Fiscal Year 2019, as that is the period of collection and revenue recognition.

(2) Centrally Assessed Property consists of railroad property assessed by the State of Florida.

(3) Direct countywide tax rate excludes rates for non-countywide special taxing districts. The rate as stated is imposed per \$1,000 of taxable assessed value.

The County has had no outstanding General Obligation debt for the Fiscal Years 2010 through 2019.

**ORANGE COUNTY, FLORIDA
STATISTICAL DATA**

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT

**September 30, 2019
(Unaudited)**

<u>Jurisdiction</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable to Orange County (3)</u>	<u>Amount Applicable to Orange County</u>
County Direct Debt:			
Revenue bonds			\$224,428,442
Notes			5,630,000
Capital leases			<u>2,637,385</u>
		Total County Direct Debt	<u>232,695,827</u>
Overlapping:			
Reedy Creek Improvement District (1)	\$739,225,000	93.64%	692,210,290
City of Winter Park (2)	25,395,000	100%	<u>25,395,000</u>
		Total Overlapping Debt	<u>717,605,290</u>
		Total Direct and Overlapping Governmental Activities Debt	<u><u>\$950,301,117</u></u>

Notes: (1) Bond issues of 2013A, 2013B, 2015A, 2016A and 2017A.

Assessed value data used to estimate the applicable percentage was provided by Reedy Creek Improvement District.

(2) General Obligation Bonds, Series 2011 and 2017.

The City of Winter Park lies completely within the boundaries of Orange County.

(3) The percentage of applicable overlapping debt is estimated using taxable assessed property values, by determining the amount of the overlapping government's taxable assessed value that is within the County's boundaries and dividing by the total taxable assessed value of the overlapping government.

Compliance & Internal Control Section

**Report of Independent Auditor on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Honorable Mayor and Board of County
Commissioners of Orange County, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Orange County, Florida (the "County"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 11, 2020. We have also audited the financial statements of each of the County's nonmajor governmental, internal service and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2019. Our report includes a reference to other auditors who audited the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 89%, 48%, and 38%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units, as described in our report on the County's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control Over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General

To the Honorable Mayor and Board of County Commissioners of Orange County, Florida

Report on Compliance for Each Major Federal Program and State Financial Assistance Project

We have audited Orange County, Florida (the “County”) compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the requirements described in the State of Florida Department of Financial Services’ State Projects Compliance Supplement, that could have a direct and material effect on each of the County’s major federal programs and state financial assistance projects for the year ended September 30, 2019. The County’s major federal programs and state financial assistance projects are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with federal and state statutes, regulations, contracts, and the terms and conditions of its federal and state awards applicable to its federal programs and state financial assistance projects.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the County’s major federal programs and state financial assistance projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”); and Chapter 10.550, Rules of the Auditor General. Those standards, the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the County’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal awards programs and state financial assistance projects. However, our audit does not provide a legal determination of the County’s compliance.

Opinion on Each Major Federal Program and State Financial Assistance Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal awards programs and state financial assistance projects for the year ended September 30, 2019.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2019-001. Our opinion on each major federal program and state financial assistance project, is not modified with respect to this matter.

The County's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program or state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state financial assistance project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal awards program or state financial assistance project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2019-001, that we consider to be a significant deficiency.

The County's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Children and Families in Need of Services (CINS/FINS)	80.005

Dollar threshold used to determine Type A programs:

Federal	\$ 2,561,070
State	\$ 750,000

Auditee qualified as low-risk auditee for federal purposes? yes no

ORANGE COUNTY, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS –
FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

YEAR ENDED SEPTEMBER 30, 2019

Part II - Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

There were no financial statement findings required to be reported in accordance with *Government Auditing Standards*.

Part III - Federal Award Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major federal programs, as required to be reported by 2 CFR 200.516(a)

U.S. Department of Justice

CFDA # 16.710 - Public Safety Partnership and Community Policing Grants

Statement of Condition 2019-001: Our tests of reimbursement requests for salaries and related expenses associated with Orange County Sheriff's Office officers found 7 instances, out of the 25 tested, whereby the officers for which reimbursement requests were submitted had been hired prior to the grant award.

Criteria: In accordance with the U.S. Department of Justice, Office of Community Oriented Policing Services (COPS) Hiring Program, grantees must use the funds to supplement, and not supplant, funds that were already committed prior to the grant award. Accordingly, officers must be hired after the grant award date in order for their salary and associated expenses to be eligible for reimbursement.

Effect of Condition: The reporting of eligible officer salaries for reimbursement was erroneous; however, there were sufficient other officers hired to fulfill grant requirements. There are no associated questioned costs since the Department of Justice has allowed the Orange County Sheriff's Office to replace the improper reimbursement requests with an equivalent set of reimbursement requests related to officers hired after the grant award date.

Cause of Condition: The County has a control in place to verify that officers selected for inclusion in this grant meet the supplement, not supplant, requirement. However, the control was not properly performed and ineligible officers were selected.

Recommendation: The current control process to ensure eligible officers are selected under this grant should be reviewed and strengthened. The County should also consider adding a secondary control whereby the hiring dates of the selected officers are reviewed prior to the submission of the quarterly reimbursement requests.

Management response: Concur. Additional human resource verification documentation will now be required to determine the correct dates of hire are after the contract date of execution on the COPS Hiring grant to ensure complete compliance. Because the COPS guidance states only entry-level sworn officers to be funded with the grant, officers chosen were based on the sworn date instead of their hire date.

ORANGE COUNTY, FLORIDA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS –

FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

YEAR ENDED SEPTEMBER 30, 2019

Part IV - State Project Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major state projects, as required to be reported by Chapter 10.550, *Rules of the Auditor General - Local Governmental Entity Audits*.

There were no findings required to be reported by Chapter 10.550, *Rules of the Auditor General - Local Governmental Entity Audits*.

ORANGE COUNTY, FLORIDA
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

YEAR ENDED SEPTEMBER 30, 2019

FINANCIAL STATEMENTS

There were no financial statement findings required to be reported in accordance with *Government Auditing Standards* in the prior year.

FEDERAL AWARD PROGRAMS

There were no findings required to be reported by Uniform Guidance in the prior year.

STATE FINANCIAL ASSISTANCE PROJECTS

There were no findings required to be reported in by Chapter 10.550, *Rules of the Auditor General – Local Governmental Entity Audits* in the prior year.

March 11, 2020

Orange County respectfully submits the following corrective action plan for the fiscal year ended September 30, 2019.

Finding: 2019-001

Comment: In accordance with the U.S. Department of Justice, Office of Community Policing Services (COPS) Hiring Program, funds must be used to supplement, not supplant, funds already committed prior to the grant award. The Orange County Sheriff's Office submitted reimbursement requests for officers that had been hired prior to the grant award.

Planned Corrective Action: Additional human resource verification documentation will now be required to determine the correct dates of hire are after the contract date of execution on the COPS Hiring grant to ensure complete compliance. Because the COPS guidance states only entry-level sworn officers to be funded with the grant, officers chosen were based on the sworn date instead of the hire date

Anticipated Completion Date: April 1, 2020

Responsible Contact Person: Andrew DiLoreto

ORANGE COUNTY, FLORIDA

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND THE
SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE**

for the year ended September 30, 2019

BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Financial Assistance (SEFA) are prepared on the modified accrual or accrual basis of accounting, depending on the type of fund in which the grant is reported, in accordance with accounting principles generally accepted in the United States of America.

REPORTING ENTITY

For purposes of reporting, the SEFA includes only the activities of the primary government and thus excludes discretely presented component units.

INDIRECT COST RATE

The County did not elect to utilize the 10% de minimis indirect cost rate.

**DISASTER GRANTS – PUBLIC ASSISTANCE PRESIDENTIAL DECLARED DISASTER
(HURRICANE IRMA) (CFDA #97.036)**

Stafford Act funds are reported when the funds are approved by the Department of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA). Accordingly, \$1,430,359 included in the SEFA were costs incurred in a previous fiscal year.

Independent Auditor's Management Letter

To the Honorable Mayor and Board of County,
Commissioners of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Orange County, Florida (the "County") as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated March 11, 2020. We also have audited the financial statements of each of the County's nonmajor governmental, internal service and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2019. Our report includes a reference to other auditors who audited the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 89%, 48%, and 38%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units, as described in our report on the County's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* ("Uniform Guidance"); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control over Compliance Required by Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Schedule of Findings and Questioned Costs; and Report of Independent Accountant on Compliance with Local Government Investment Policies and E911 Requirements of Sections 365.172 and 365.173, Florida Statutes. Disclosures in those reports and schedule, which are dated March 11, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Reference to whether corrective actions have been taken is provided in separate management letters for each County agency, where applicable.

Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such disclosure is included in notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit of the financial statements of the County, the results of our tests did not indicate the County met any of the specified conditions of a financial emergency contained in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the County. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. Reference to such matters is provided in separate management letters for each County agency, where applicable.

Additional Matters

Section 10.554(1)(i)3, Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Orlando, Florida
March 11, 2020

**Report of Independent Accountant on Compliance
With Local Government Investment Policies and E911 Requirements of
Sections 365.172 and 365.173, Florida Statutes**

To the Honorable Mayor and Board of County
Commissioners of Orange County, Florida:

We have examined the Orange County, Florida's (the "County's") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, and E911 requirements of Sections 365.172 and 365.173, Florida Statutes, during the year ended September 30, 2019. Management of the County is responsible for the County's compliance with the specified requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the County's compliance with the specified requirements.

In our opinion, the County complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, and E911 requirements of Sections 365.172 and 365.173, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Sections 218.415, 365.172, and 365.173, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida
March 11, 2020

Independent Auditor's Management Letter

To the Honorable Mayor and Board of County,
Commissioners of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of each major fund and aggregate remaining fund information of the Orange County, Florida Board of County Commissioners (the "Board") as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated March 11, 2020. We also have audited the financial statements of each of the Board's nonmajor governmental, internal service and fiduciary funds and the aggregate discretely presented component units presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2019. We did not audit the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 89%, 48%, and 38%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the aggregate discretely presented component units, insofar as it relates to the amounts included for the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., is based solely upon the reports of the other auditors.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* ("Uniform Guidance"); and Chapter 10.550, Rules of Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control over Compliance Required by Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Schedule of Findings and Questioned Costs; and Report of Independent Accountant on Compliance with Local Government Investment Policies and E911 Requirements of Sections 365.172 and 365.173, Florida Statutes. Disclosures in those reports and schedule, which are dated March 11, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address the findings and recommendations made in the preceding annual financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such disclosure is included in notes to the financial statements.

Financial Management

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3, Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

**Report of Independent Accountant on Compliance
With Local Government Investment Policies**

To the Honorable Mayor and Board of County
Commissioners of Orange County, Florida:

We have examined the Orange County, Florida Board of County Commissioners (the "Board") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management of the Board is responsible for the Board's compliance with the specified requirements. Our responsibility is to express an opinion on the Board's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Board complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Board complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Board's compliance with the specified requirements.

In our opinion, the Board complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida
March 11, 2020

Independent Auditor's Management Letter

To the Honorable Phil Diamond,
Comptroller of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of the Orange County, Florida Comptroller (the "Comptroller") as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated January 24, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Report of Independent Accountant on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 24, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Comptroller is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Comptroller.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

**Independent Accountant's Report on Compliance
with Local Government Investment Policies**

To the Honorable Phil Diamond,
Comptroller of Orange County, Florida:

We have examined the Orange County, Florida Comptroller's (the "Comptroller's") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management of the Comptroller is responsible for the Comptroller's compliance with the specified requirements. Our responsibility is to express an opinion on the Comptroller's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Comptroller complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Comptroller complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Comptroller's compliance with the specified requirements.

In our opinion, the Comptroller complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Independent Auditor's Management Letter

To the Honorable Rick Singh,
Property Appraiser of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of the Orange County, Florida Property Appraiser (the "Property Appraiser"), as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated January 24, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 24, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Property Appraiser is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Property Appraiser.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Independent Accountant's Report on Compliance
with Local Government Investment Policies

To the Honorable John W. Mina,
Sheriff of Orange County, Florida:

We have examined the Orange County, Florida Sheriff's (the "Sheriff") compliance with the local government investment policy requirements of Section 21 .415, Florida Statutes, during the year ended September 30, 2019. Management of the Sheriff is responsible for the Sheriff's compliance with the specified requirements. Our responsibility is to express an opinion on the Sheriff's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Sheriff complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Sheriff complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Sheriff's compliance with the specified requirements.

In our opinion, the Sheriff complied, in all material respects, with the local investment policy requirements of Section 21 .415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 21 .415, Florida Statutes, and Rules of the Auditor General.

Independent Accountant's Report on Compliance with Local Government
Investment Policies Article Requirements and Depository Requirements
of Sections and Florida Statutes

To the Honorable Tiffany Moore Russell,
Clerk of the Circuit and County Courts of Orange County, Florida:

We have examined the Orange County, Florida Clerk of the Circuit and County Courts' (the "Clerk's") compliance with the local government investment policy requirements of Section 21.415, Florida Statutes, Article requirements of Sections 2.35 and 2.36, Florida Statutes, and requirements of Section 61.111, Florida Statutes, during the year ended September 30, 2019. Management of the Clerk is responsible for the Clerk's compliance with those specific requirements. Our responsibility is to express an opinion on the Clerk's compliance with these specific requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Clerk complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Clerk complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Clerk's compliance with the specified requirements.

In our opinion, the Clerk complied, in all material respects, with the local investment policy requirements of Section 21.415, Florida Statutes, Article requirements of Section 2.35 and 2.36, Florida Statutes and requirements of Section 61.111, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 21.415, Florida Statutes, Article requirements of Sections 2.35 and 2.36, Florida Statutes, requirements of Section 61.111, Florida Statutes and Rules of the Auditor General.

Orlando, Florida
January 24, 2020

**FINANCIAL STATEMENTS AND COMPLIANCE
REPORTS FOR SEPARATELY-AUDITED COUNTY
AGENCIES**

**BOARD OF COUNTY COMMISSIONERS
ORANGE COUNTY, FLORIDA**

FINANCIAL STATEMENTS

Year Ended September 30, 2019

Report of Independent Auditor

To the Honorable Mayor and Board of County
Commissioners of Orange County, Florida:

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Orange County, Florida Board of County Commissioners (the “Board”) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Board’s basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the Board’s nonmajor governmental, internal service and fiduciary funds and the aggregate discretely presented component units presented as supplementary information in the accompanying, combining and individual fund financial statements as of and for the year ended September 30, 2019, as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 89%, 48%, and 38%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion on the aggregate discretely presented component units, insofar as it relates to the amounts included for the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., is based solely upon the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Board as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund and Fire Protection MSTU Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each of the Board's nonmajor governmental, internal service and fiduciary funds and the aggregate discretely presented component units as of September 30, 2019, and respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Other Information

As described in Note A, the financial statements referred to are not intended to be a complete presentation of the financial position, changes in financial position and cash flows, where applicable, of the Board. Additionally, the financial statements present only the Board and are not intended to present the financial position and the changes in financial position and cash flows, where applicable, of Orange County, Florida, taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2020, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Cheryl Behrman LLP". The signature is written in a cursive, flowing style.

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of the more significant accounting policies of the Orange County Board of County Commissioners (Board) is presented to assist the reader in interpreting these financial statements, and should be viewed as an integral part of this report.

Reporting Entity:

The Board is the principal legislative and governing body of Orange County, Florida (County), as provided by Article VIII, Section 1 of the Florida Constitution, Section 125 of the Florida Statutes, and the Orange County Charter. These financial statements and other supplementary information include all funds of the Board and its “blended” and “discrete” component units. “Component units” are legally separate entities for which operational or financial responsibility rests with the Board or for which the nature and significance of their relationship to the Board is such that exclusion would cause the financial statements to be misleading or incomplete. These statements do not include the County Comptroller, Property Appraiser, Tax Collector, Clerk of the Circuit and County Courts, Sheriff, and Supervisor of Elections (collectively known as “constitutional officers”).

Entity status for financial reporting purposes is governed by Statement No. 14 of the Governmental Accounting Standards Board (GASB), as amended. The GASB is the standard-setting body for the establishment of accounting principles generally accepted in the United States of America for governmental entities (GAAP). The financial statements of the Board, when combined with all five of its blended component units and the constitutional officers constitute the “primary government” of Orange County according to GAAP. The primary government, together with all six of the Board’s discretely-presented component units, constitute the complete GAAP basis financial reporting entity of the County which is presented in the Orange County, Florida Comprehensive Annual Financial Report.

Since this report excludes the constitutional officers, these Board financial statements do not purport to reflect the financial position or the results of operations of Orange County, Florida taken as a whole. Rather, they have been prepared to provide information at this level of detail greater than what is available in the County’s financial statements.

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The legal authority by which each of the blended and discrete component units were created is as follows:

Blended Component Units:

Orange Blossom Trail Local Government Neighborhood Improvement District - Section 163.504, F.S.; County Ord. No. 90-24.

Pine Hills Local Government Neighborhood Improvement District - Section 163.506, F.S.; County Ord. No. 2011-21.

Water and Navigation Control Districts (2) - Lake Conway - Chapter 57-1643, Laws of Florida; Windermere - Chapter 63-1711, Laws of Florida.

International Drive Community Redevelopment Agency - Section 163.356, F.S.; County Resolution No. 98-M-07.

Orange Blossom Trail Community Redevelopment Agency - Section 163.356, F.S.; County Resolution No. 90-M-24.

Discretely-Presented Component Units:

Orange County Housing Finance Authority - Section 159.604, F.S.; County Ord. No. 78-18.

Orange County Library District - Chapter 80-555, Laws of Florida.

International Drive Master Transit and Improvement District - Section 125.01, F.S.; County Ord. No. 92-37.

Orange County Health Facilities Authority - Section 154.207, F.S.; County Ord. No. 77-13.

Orange County Industrial Development Authority - Section 159.45, F.S.; County Resolution dated January 30, 1979.

Orange Blossom Trail Development Board, Inc. - Chapter 617, F.S.; Articles of Incorporation, filed January 9, 1985.

Blended component units are legally separate entities that are in substance part of the Board's operation, as they either have governing bodies that are substantively the same as the Board and there is a financial benefit or burden relationship between the Board and the component unit, or they provide their services exclusively or almost exclusively to the Board. The financial transactions of these component units are merged in with transactions of the Board as part of the primary government. The blended component units of the Board are as follows:

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Orange Blossom Trail (OBT) Local Government Neighborhood Improvement District (NID) – The District serves to provide for improvements in public safety in a designated area adjacent to Orange Blossom Trail. The governing body of the District is the Board of County Commissioners, which provides substantial funding of operations. The District is presented as a special revenue fund.

Pine Hills Local Government Neighborhood Improvement District (NID) – The District serves to provide for improvements in public safety in a designated area within Pine Hills. The governing body of the District is the Board of County Commissioners, which provides substantial funding of operations. The District is presented as a special revenue fund.

Water and Navigation Control Districts (2) - The Lake Conway Water and Navigation Control District and the Windermere Water and Navigation Control District each serve to provide for the regulation of shoreline alteration, aquatic plant management, and lake patrol activities for their designated areas. The governing board of each District is the Board of County Commissioners. The primary revenue source is ad valorem property taxes levied by the Board and the annual budgets of each District must be approved by the Board. These Districts are presented together as a special revenue fund.

International Drive Community Redevelopment Agency (CRA) – The Agency serves to provide improved transportation and roadway conditions in the International Drive corridor. The governing body of the Agency is the Board of County Commissioners, which provides substantial funding of operations. The Agency is presented as a special revenue fund.

Orange Blossom Trail (OBT) Community Redevelopment Agency (CRA) – The Agency serves to renew economic interest and improve the commercial diversity and viability of a redevelopment area adjacent to Orange Blossom Trail. The governing body of the Agency is the Board of County Commissioners, which provides substantial funding of operations. The Agency is presented as a special revenue fund.

Discretely-presented component units are legally separate entities which do not meet the criteria for blending. They are reported in separate columns to emphasize that they are legally separate from the Board. The discrete component units of the Board are as follows:

BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Orange County Housing Finance Authority – The Authority serves to finance dwelling accommodations for low, moderate, and middle income persons in Orange County and three other adjacent counties. Its five-member board is appointed by the Board of County Commissioners. There is no budget approval required by the Board, although there is an approval requirement for any bonded debt issuance. The Board has no obligation to pay the outstanding debt of the Authority; however, it does have the power to remove an Authority board member without cause.

Orange County Library District – The District serves to provide comprehensive library services and serves County residents, except for those within the cities of Winter Park and Maitland. The governing board of the District is composed of the Board of County Commissioners plus one member appointed by the City Council of the City of Orlando. This governing board levies the property taxes necessary to operate the District, adopts the annual budget, and approves debt issuances. However, the Board is not legally responsible for funding the operations or repayment of debt of the District and there is no financial benefit or burden relationship between the Board and the District.

International Drive Master Transit and Improvement District - The District serves to administer transportation and capital planning projects along certain segments of International Drive. Two of the three board members are members of the Board of County Commissioners. There is no budget approval required by the Board; however, a major portion of the District's funding is derived from Municipal Service Taxing Units (MSTUs) of the Board. Tax revenues from these MSTUs are committed to the activities of the District. During the 2019 fiscal year, \$6.8 million was paid to the District from the Board's MSTUs.

Orange County Health Facilities Authority - The Authority serves to assist health facilities in the acquisition, construction, financing and refinancing of capital projects within the County and, under certain circumstances, outside the geographic limits of the County. Its five-member board is appointed by the Board of County Commissioners. The Authority is not legally required to adopt a budget; however, the Board must authorize the issuance of bonded debt. Neither the Authority nor the Board has any legal obligation for repayment of the revenue bonds issued through the Authority. The Authority is an issuer of "conduit" debt obligations.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Orange County Industrial Development Authority – The Authority serves to assist in financing and refinancing capital projects which will foster economic development in the County. Its five-member board is appointed by the Board of County Commissioners. The Authority is not legally required to adopt a budget; however, the Board must authorize the issuance of bonded debt. Neither the Authority nor the Board has any legal obligation for repayment of the revenue bonds issued through the Authority. As an issuer of “conduit” debt obligations, the Authority has no assets or liabilities.

Orange Blossom Trail Development Board, Inc. - This not-for-profit corporation, established by interlocal agreement between the Board of County Commissioners and the City of Orlando, serves to provide management services for redevelopment of a section of Orange Blossom Trail. Six positions of the nine-member board of directors are appointed by the Board, and they may be removed without cause. There is no budget approval requirement nor responsibility for deficit funding on the part of the Board; however, a major portion of the Corporation’s revenues are derived from grants and reimbursements from the Board.

None of the blended component units prepare individual financial statements. Individual audited financial statements for the discretely-presented component units can be obtained directly from their administrative offices as follows:

Orange County Housing Finance Authority
2211 Hillcrest Street
Orlando, FL 32803-4905

Orange County Library District
101 East Central Boulevard
Orlando, FL 32801

International Drive Master Transit and Improvement District
7081 Grand National Drive, Suite 105
Orlando, FL 32819

Orange County Health Facilities Authority
c/o Lowndes, Drosdick, Doster, Kantor & Reed, P.A.
215 N. Eola Drive
Orlando, FL 32801

Orange County Industrial Development Authority
301 E. Pine Street, Suite 900
Orlando, FL 32801

Orange Blossom Trail Development Board, Inc.
2719 S. Orange Blossom Trail
Orlando, FL 32805

On May 30, 2019, the Orange County Educational Facilities Authority was dissolved. This entity was previously reported as a discretely-presented component unit of the Board. Due to the absence of management available to provide required representations and the absence of activity, a separate audit of the entity was not conducted at the time of its dissolution.

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The remainder of these notes provides disclosures for both the primary government and discretely-presented component units. In cases essential to fair presentation, GAAP requires special or separate note references for discretely-presented component units. Such disclosures are correspondingly noted and are displayed to the extent disclosed in the individual audited financial statements of the applicable component unit.

Financial Statement Presentation:

The Board's financial statements are prepared in accordance with Chapter 10.550, *Rules of the Auditor General – Local Governmental Entity Audits* (The "Rules"), which do not require separate financial statements for the Board but which specify certain requirements if such financial statements are presented. Requirements include presentation of fund-level and component unit financial statements. Government-wide financial statements, related disclosures and management's discussion and analysis are not required by the Rules and are not presented. As such, these statements report information about the Board's funds, including fiduciary funds, but do not present a complete presentation of the Board's financial position and changes in financial position. Separate columns are presented for each major governmental and enterprise fund.

The Board reports the following major governmental funds:

General Fund - This is the Board's primary operating fund; it accounts for all financial transactions not required to be accounted for in another fund.

Fire Protection MSTU - This fund accounts for fire protection and emergency medical services financed with ad valorem taxes levied in the MSTU, as well as service fee revenues. The MSTU encompasses the unincorporated area of the County.

Sales Tax Trust - This fund accounts for receipt of the Board's share of state sales tax, and debt service payments for the Board's outstanding sales tax revenue bonds.

The Board reports the following major enterprise funds:

Convention Center - This fund accounts for the operation of the Orange County Convention Center, and the payment of debt service on the outstanding tourist development tax revenue bonds. Major revenues are charges for services and tourist development taxes.

Solid Waste System - This fund accounts for the Board's solid waste disposal (landfill) operation, primarily financed through user charges.

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Water Utilities System - This fund accounts for costs associated with residential and commercial sewer and water services provided to various sections of the County, primarily financed through user charges.

Additionally, the Board reports the following fund types:

Internal service funds - These funds account for risk management, fleet management, and employee medical benefits services provided to other Board departments on a cost-reimbursement basis.

Private purpose trust fund - This fund accounts for assets held in trust for the benefit of the St. Johns River Water Management District, pursuant to a trust agreement dated February 21, 2006.

Agency funds - These funds account for assets held on behalf of third parties. Examples include developers' escrows held pending satisfactory performance on construction projects, escrows for the Sanford-Burnham Institute grant from the County and other funding parties, and funds held on behalf of inmates in the Board's correctional facilities.

Measurement Focus and Basis of Accounting:

Governmental fund financial statements use a current financial resources measurement focus, and are maintained on the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual; that is, when they become both "measurable" and "available to finance expenditures of the current period." The Board considers amounts collected on grants within 120 days after year-end, and amounts collected within 60 days after year-end on all other governmental funds, to be available and thus recognizes them as revenues of the current year. As a general rule, expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable. Exceptions to this general rule are principal and interest on general long-term debt which are recorded when due or when amounts have been accumulated in the debt service funds for payments to be made early the following year, as well as expenditures related to compensated absences and claims and judgments, which are recognized when due.

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Revenues of the Board which are susceptible to accrual under the modified accrual basis include property taxes, gas taxes, public service taxes, grant revenues, interest revenue, and charges for services. In applying the "susceptible to accrual" concept to intergovernmental revenues (grants, entitlements and shared revenues), the legal and contractual requirements of the numerous individual programs are used as guidance. There are essentially two types of these revenues. In one, moneys must be expended on the specific purpose or project before any amounts will be earned by the Board; therefore, revenues are recognized based upon when the expenditures are made if they meet the criterion of availability. In the other, moneys are essentially unrestricted as to purpose of expenditure and revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if they meet the criterion of availability.

The proprietary fund and private purpose trust fund financial statements use a flow of economic resources measurement focus to determine net income and financial position. The accounting principles used are similar to those applicable to businesses in the private sector and, thus, these funds are maintained on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. Agency funds do not measure results of operations, but assets and liabilities are measured on the accrual basis of accounting.

Fund Balance Presentation:

Fund balances of the governmental funds are classified as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

Restricted: This classification includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.

Committed: This classification includes amounts that can be spent only for specific purposes pursuant to constraints imposed by formal action of the highest level of decision making authority, the Board of County Commissioners. Such formal action may be in the form of an ordinance or resolution which, dependent upon the nature of the matter, may be equally binding and may only be modified or rescinded by a subsequent formal action.

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Assigned: This classification includes amounts that are intended by the Board to be used for specific purposes, but are neither restricted nor committed. The Board has not granted any specific individual the authority to assign amounts, thus assignments may be made only by the Board.

Unassigned: This classification represents the residual positive balance within the General Fund, which has not been restricted, committed or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances.

The Board uses restricted amounts first when both restricted and unrestricted fund balances are available. Additionally, the Board first uses committed, then assigned, and then unassigned amounts of fund balance when expenditures are made.

Budgets and Budgetary Accounting:

Chapter 129, Florida Statutes, requires that the annual fiscal year budget be legally adopted at the fund level, and that any expenditures or contract for expenditure in the fiscal year for an amount greater than the total fund budget is unlawful. Pursuant to this legal requirement, an annual appropriated budget is adopted by resolution subject to public hearing. Such resolution sets the budget appropriations in total by fund for each governmental fund and each proprietary fund. Budgets for the trust funds and agency funds are not legally required or adopted. Budgetary information presented in this report is in a categorized format by revenue source, expenditure function, and expenditure reserves, which represents a detail level greater than the statutory level of control. At the close of the fiscal year, all budget appropriations lapse to the extent that they have not been expended. Outstanding encumbrances also lapse, but are re-established in the succeeding fiscal year against the newly adopted budget.

In addition to the statutory requirements discussed above, the Board has adopted management control and approval guidelines for expenditures and budget amendments. Key components of these management guidelines are as follows:

1. Each fund contains allocations by object of expenditure, and for reserves for various purposes.
2. No expenditure or encumbrance may occur without a sufficient budgetary balance.
3. Allocations within a fund may be transferred within a department by action of the Board's budget officer or between departments by action of the Board.

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

4. Available balances to or from reserves may be used to modify an expenditure allocation in the same fund upon approval of the Board.
5. A revenue or other financing source which was originally unanticipated may be appropriated by action of the Board.
6. Increased revenues for proprietary funds may be appropriated by action of the Board.

Since transfers of budget allocations between departments must be approved by the Board, the department level is deemed the legal level of budgetary control. Such legal level of budgetary control corresponds to the categorical breakdowns reflected in the financial statements, except for the General Fund, the Grants special revenue fund and the Miscellaneous Construction Projects capital projects fund. These funds contain multiple operating departments requiring Board approval for budget transfers. Schedules showing budgeted and actual expenditures at the department level for these three funds are presented as supplementary information at the end of the Financial Section of the County's Comprehensive Annual Financial Report.

In instances where total fund appropriations are amended by revenues or other financing sources unanticipated in the existing budget, an amending budget resolution is adopted which indicates the revised budget appropriation for each affected fund. Amendments to overall appropriations for any other reasons also require a public hearing prior to adoption.

Budget appropriations presented in this report include all legally adopted appropriations as amended during the fiscal year. During the 2019 fiscal year, appropriation increases of approximately \$388 million were approved by the Board, primarily due to reappropriation of unexpended grant award balances and encumbrances outstanding at the end of the 2018 fiscal year. The original adopted budget for the 2019 fiscal year totaled \$4.42 billion and the final amended budget totaled \$4.81 billion, representing a 8.8% increase during the year.

All governmental fund budgets are prepared on a basis consistent with GAAP. The budgets for the proprietary funds are prepared on an accrual basis and are consistent with GAAP except that pension liability adjustment and other postemployment benefits (OPEB) adjustment, depreciation, amortization, noncash capital contributions, and gains/losses on the disposal of assets are not budgeted; capital outlays are budgeted as expense; and debt proceeds and principal payments are respectively budgeted as revenue and expense. Insurance liability claims in the Risk Management internal service fund are budgeted according to the loss reserves available for disbursement rather than by new liabilities incurred during the fiscal year.

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Annual budgets are prepared according to the following procedures:

During the month of July, the County Mayor, after working with the Board's budget officer to establish proposed funding priorities for the ensuing fiscal year, presents a tentative budget for each fund which includes all estimated receipts, taxes to be levied, all other financing sources and all estimated expenditures and reserves.

The Board examines these tentative budgets in work sessions throughout the month of July. Pursuant to law, the budgets of each fund are balanced (i.e., all revenues and other financing sources equal all expenditures, reserves, and other financing uses). Subject to hearing and notice requirements, the budgets may be revised as deemed necessary provided they remain in balance.

In September, public hearings are held to adopt tentative and final budgets. The hearings are held primarily to explain the budget and obtain public input. In accordance with statutory requirements, the annual budgets are enacted prior to October 1 through passage of a resolution. If for some reason a budget is not enacted by October 1, Florida Statutes provide for continued operation under the previous year's budget subject to any amendments.

Encumbrances:

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of moneys are recorded as a reservation of budget, is employed as an extension of the statutorily required budgetary process. Under Florida Statutes, appropriations, even if encumbered, lapse at fiscal year end. Encumbrances outstanding at September 30, 2019, represented by purchase orders and other executory contracts, were approximately \$203.2 million. It is the Board's intention to substantially honor these encumbrances under authority provided in the subsequent year's budget.

Cash and Cash Equivalents:

Cash balances from the majority of funds are pooled for investment purposes. Earnings from such investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pools are managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts, and therefore all balances representing participants' equity in the investment pools are classified as cash equivalents for purposes of the statement of cash flows. For investments which are held separately from the pools, those which are highly liquid (including restricted assets) with an original or remaining maturity of 90 days or less when purchased are also considered to be cash equivalents for the statement of cash flows.

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Investments:

All investments are stated at fair value or at amortized cost, which approximates fair value. Investment fair values are based on quoted market prices, except for bankers' acceptances and commercial paper, which are based on amortized cost. Investments in Florida PRIME, a qualifying external investment pool, and money market mutual funds are stated at amortized cost, which is substantially the same as fair value.

Accounts Receivable:

Amounts due from private individuals, organizations, or other governments which pertain to charges for services rendered by Board departments are reported as accounts receivable.

Receivables are reviewed periodically to establish or update the provisions for uncollectible amounts. These provisions are estimated based on an analysis of the age of the various accounts. The Board records the amount of earned but unbilled service revenues for the Water Utilities System enterprise fund.

Notes and Loans Receivable:

The Board has several agreements with other agencies under which cash has been advanced to those agencies for the purpose of financing loans to developers for multi-family affordable housing projects. These interest and noninterest-bearing advances will be repaid to the Board over varying terms of up to 30 years. The outstanding principal balance is primarily reported as Notes and Loans Receivable in the Local Housing Assistance (SHIP) special revenue fund, with a corresponding amount in Restricted Fund Balance, as future use of collected proceeds remain restricted. A portion of these advances is also reported in the Miscellaneous Construction Projects capital project fund, as Notes and Loans Receivable, with a corresponding amount reported in Nonspendable Fund Balance as they are not available financial resources. With the exception of an allowance established for one note to recognize a reduction from the amount due for compliance with conditions of the agreement, no uncollectible allowance has been established for these receivables, based upon management's evaluation of the loans.

Also included in the Local Housing Assistance (SHIP) and the Grants special revenue funds are loans receivable associated with the Board's Down Payment Assistance, Neighborhood Stabilization and Housing Rehabilitation Programs. Loans are collateralized by personal residences and are forgiven over periods up to 20 years, provided that the program participant complies with the terms of the loan. An allowance is also established equal to the value of the loans as the Board does not expect to collect on them.

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The Board, along with the City of Orlando and Lake Nona Land Company, LLC (“Funding Parties”), entered into an agreement with the University of Central Florida Real Estate Foundation, LLC to provide a no interest loan in the amount of \$50 million for the conveyance of the Sanford-Burnham Institute. The Institute was originally constructed through a competitive process that included incentives from the State of Florida, the Funding Parties, and others. In 2016, Sanford Burnham expressed its intent to wind down its operations in Florida. In anticipation of Sanford Burnham’s departure, the Funding Parties agreed to convey the property to the University of Central Florida in exchange for a no interest loan. Each Funding Party shares the benefits and liabilities relative to the Property based on each Funding Party’s actual contribution to the original incentive transaction with Sanford Burnham, 43.95% of which related to the Board. The Board’s proportionate share of the outstanding principal, \$21,975,000, is reported as a Note Receivable, for which an equal amount is also presented as a deferred inflow of resources in the General Fund. The entire amount is to be repaid over a period of 30 years, with final payment no later than November 30, 2050. In addition, funds held in an agency fund at the end of Fiscal Year 2018, which represented unexpended grant funds provided by the Funding Parties, were distributed to the Funding Parties in an amount equivalent to their proportionate share, during Fiscal Year 2019.

Interfund Balances and Activity:

During the course of normal operations, the Board has numerous transactions between funds. Examples of these transactions include providing services, constructing assets or servicing debt. These transactions are generally recorded as interfund transfers, except for internal service fund charges which are reflected as revenues to internal service funds and expenses or expenditures to the funds receiving the services. Additionally, short-term interfund loans are recorded from time to time as cash flow needs arise. As of fiscal year-end, any unpaid amounts related to these transactions are reported as "due from other funds" or "due to other funds" on the fund financial statements. Interfund loans not expected to be repaid within one year are reported as advances. In governmental funds, advances are offset equally by a nonspendable fund balance which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation. Interfund balances and transfers are consolidated for government-wide financial reporting, and residual balances between governmental activities and business-type activities, if any, are reported on the government-wide statements of the County.

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Inventories and Prepaid Costs:

Inventories in proprietary fund types consist of materials and supplies held for consumption and are valued at the lower of cost or market. Cost is determined by the Solid Waste System and the Water Utilities System enterprise funds using the weighted average and the moving average methods, respectively. The Fleet Management internal service fund values inventory using the first-in, first-out method.

Prepaid costs reported in both governmental and proprietary fund types consist of payments for costs applicable to future accounting periods. The cost of these prepaid items is recorded as expenditure or expense when consumed, rather than when purchased.

Restricted Assets:

The use of certain assets of enterprise funds is restricted by specific provisions of bond resolutions and agreements with various parties. Assets so designated are identified as restricted assets on the statement of net position. When both restricted and unrestricted resources are available for use, the Board's policy is to use restricted resources first, then unrestricted resources as they are needed. Restricted assets are classified as noncurrent if they are for acquisition or construction of capital assets, for liquidation of long-term debt, or are for other than current operations.

Capital Assets:

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements of the County. Constructed or purchased assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at acquisition value on the date of donation. The thresholds for capitalization of assets range from \$500 to \$1 million, depending on the asset class. Costs of maintenance and repairs that do not add to the value of assets or extend their useful lives are not capitalized.

(Remainder of this page intentionally left blank)

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

All capital assets except land and construction in progress are depreciated using the straight-line method over the following estimated useful lives:

Buildings	5 to 50 years
Improvements other than buildings	10 to 50 years
Machinery and equipment	3 to 15 years
Infrastructure – roadways	20 to 50 years
Infrastructure – drainage	20 to 75 years
Intangible	3 to 40 years

Deferred Outflows/Inflows of Resources and Unearned Revenue:

Deferred outflows of resources represent a consumption of net position that applies to a future period and therefore will not be recognized as expended until then. The Board presents deferred outflows in proprietary funds associated with pensions and OPEB, amortized over future periods, and losses charged on the refunding of debt, amortized over the life of the debt.

In instances where assets have been received by the Board for services to be rendered in future periods, asset balances have been offset by an unearned revenue liability account in the financial statements. Unearned revenues of the Board's proprietary funds at September 30, 2019 are associated with cash received to secure future bookings at the Convention Center. Unearned revenue included in governmental activities are deposits held from builders for future building permit issuance, where revenue will be earned in future periods.

Deferred inflows of resources are reported in governmental activities to offset receivables and deposits that do not meet the availability criterion under the modified accrual basis of accounting. Primary examples of the Board's deferred inflows are amounts associated with outstanding receivables for the general fund and grants, EMS transport services and 911 system service provider fees, where payments will be received in cash over future periods. The Board presents deferred inflows associated with pensions and OPEB in its proprietary funds.

Landfill Closure Costs:

Under the terms of current state and federal regulations, the Board is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to 30 years after closure. In accordance with GASB Statement No. 18, the Board is recognizing these costs of closure and postclosure maintenance over the active life of each landfill area, based on landfill capacity used during the period.

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Required obligations for these costs are recognized in the governmental activities for internal landfill operations and in the Solid Waste System enterprise fund for public landfill operations.

Accretion of Original Issue Discount on Bonds:

The original issue discount on compound interest bonds is being accreted to maturity using the interest method.

Obligation for Bond Arbitrage Rebate:

Pursuant to Section 148(f) of the U. S. Internal Revenue Code, the Board must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. Arbitrage rebate, if any, is due and payable on each five-year anniversary of the respective debt issue. As of September 30, 2019, the Board had no outstanding arbitrage rebate liability.

Operating and Nonoperating Revenues and Expenses:

The proprietary fund financial statements distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses are those that result from providing services associated with the principal activities of the respective fund. Primary examples of operating revenues are charges for hall and room rentals of the Convention Center, landfill tipping fees of the Solid Waste System, and charges for water and wastewater treatment services of the Water Utilities System. Operating expenses include the cost of sales and services, administrative costs, and depreciation expense. Nonoperating revenues and expenses are all those that do not meet the criteria described above, and include interest and tax revenues and debt service expenses.

Compensated Absences:

It is the policy of the Board to permit employees to accumulate a limited amount of earned but unused leave benefits which will be paid to employees upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the proprietary fund financial statements. For governmental funds, there is no legal requirement to accumulate expendable available financial resources to liquidate the obligation; thus expenditures are recognized in the governmental funds when payments are made to employees. The valuation of accrued leave benefits is calculated in accordance with GASB Statement No. 16. The current portion of the accrued compensated absences liability is based on the average annual amount of leave paid over the preceding three years.

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Pension Expense:

The Board expenses required pension contributions as a component of personal services expense. The remaining portion of pension expense, consisting of the proprietary funds proportionate share of the Florida Retirement System's actuarially determined pension expense in excess of amounts contributed by the proprietary funds, is presented as pension liability adjustment.

Other Postemployment Benefit Expense:

The Board expenses OPEB contributions as a component of personal services expense. The remaining portion of OPEB expense, consisting of the actuarially determined proportion of the Board's OPEB expense in excess of the amounts contributed by the proprietary funds, is presented as OPEB liability adjustment.

Bond Amortization Costs:

In the proprietary fund financial statements, bond premiums are amortized over the life of the bonds using the interest method. Also, in accordance with GASB Statement No. 23, the difference between the reacquisition price and the net carrying amount of refunded debt is being amortized over the shorter of the life of the old debt or the life of the new debt using the interest method. Amortization of bond premium and the deferred amounts on refundings are recorded as components of interest expense.

BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Property Tax Revenues:

Ad valorem property taxes levied in September 2019 are for the purpose of financing the budget of the 2020 fiscal year. Property tax revenues recognized for the 2019 fiscal year were levied in September 2018. Virtually all unpaid taxes are collected via the sale of tax certificates prior to fiscal year end; thus there is no receivable reported for property taxes in the financial statements.

Key dates in the property tax cycle are as follows:

	<u>Revenues for fiscal year ended September 30, 2019</u>
Lien date	January 1, 2018
Assessment roll certified	August 21, 2018
Property taxes levied	September 20, 2018
Beginning of fiscal year for which taxes have been levied	October 1, 2018
Tax bills rendered	November 1, 2018
Property taxes payable:	
Maximum discount (latest date)	November 30, 2018
Delinquent	April 1, 2019
Tax certificates sold on unpaid taxes	May 31, 2019

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

B. DEPOSITS AND INVESTMENTS

Primary Government:

As of September 30, 2019, the carrying values of the Board's deposits and investments, with their respective Standard & Poor's (S&P) and Moody's Investors Service credit ratings, was as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Credit Rating</u>
Demand and time deposits	\$ 199,230,235	NA
Florida PRIME	839,678,392	AAAm
U.S. Treasury Notes	1,061,516,459	AA+/Aaa
Federal instrumentalities:		
Notes and bonds	24,989,000	A-1
Discount notes	29,963,550	AA+/Aaa
Money market mutual funds	<u>52,020,218</u>	AAAm/Aaa-mf
Total deposits and investments	<u><u>\$ 2,207,397,854</u></u>	

The Board's fair value measurement for U.S. Treasury Notes and Federal Instrumentalities uses observable inputs other than quoted prices in active markets (Level 2 inputs). Demand and time deposits, Florida PRIME, and money market mutual funds maintain stable net asset value and are valued at amortized cost. There are no restrictions or limitations on withdrawals; however, Florida PRIME may, on the occurrence of an event that has a material impact on liquidity or operations, impose restrictions on withdrawals for up to 48 hours.

Credit Risk:

The Board's Investment Policy (Policy) limits credit risk by restricting authorized investments to the following: obligations issued or explicitly guaranteed by the U.S. Government (Treasuries), obligations of certain U.S. Government-sponsored Federal instrumentalities (Instrumentalities), direct obligations of states and municipalities, repurchase agreements comprised of Treasuries or Instrumentalities, Florida PRIME administered by Florida's State Board of Administration (a qualifying external investment pool), commercial paper, bankers' acceptances, bank certificates of deposit or savings accounts, and money market mutual funds (Money Markets). The Policy requires that investments in Instrumentality debt be guaranteed by the full faith and credit of the U.S. Government-sponsored agency, and that investments in Money Markets have an S&P rating of AAAm or AAAg, and limits eligible

Money Markets to those comprised of Treasuries. For arbitrage compliance only, Money Markets may be comprised of state and local government taxable and tax-exempt debt.

Concentration of Credit Risk:

Except for Treasuries, the Policy establishes limitations on portfolio composition for all permitted investments, both by investment type and by issuer, in order to control concentration of credit risk. The Policy provides that a maximum of 45% of the portfolio may be invested in any of four specified Instrumentalities, with a limit of 15% in any one issuer; and that a maximum of 25% of the portfolio may be invested in Money Markets, with a limit of 10% of the portfolio invested in any one issuer. At September 30, 2019, the Board's investment pool portfolio included investments in two authorized Instrumentalities, each of which represented less than one percent of the total pool portfolio.

Custodial Credit Risk:

The Policy requires that bank demand and time deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida. At September 30, 2019, all of the Board's bank deposits were in qualified public depositories.

The Policy requires execution of a third-party custodial safekeeping agreement for all purchased securities, and requires that securities be held in the Board's name. At September 30, 2019, all of the Board's investments were held in a bank's trust department in the Board's name.

Interest Rate Risk:

For all investment types, the Policy limits the investment of current operating funds to 13 months. To increase returns and provide diversity, the Policy also provides for the investment of noncurrent (13 months) operating funds in investments with maturities no longer than 60 months. Noncurrent operating funds are invested in the intermediate term portfolio with a maximum maturity of 36 months, and a noncurrent operating portfolio with a maximum maturity of 60 months. Bond reserves, construction funds, and other nonoperating funds may be invested for up to 10 years, subject to debt covenant restrictions and liquidity needs.

As of September 30, 2019, the Board's investments have the following weighted average maturities by investment type: U.S. Treasury Notes – 18.8 months; Federal

G. RISK MANAGEMENT AND INSURANCE COVERAGE

Risk Management Program:

The Board maintains the Risk Management internal service fund which reports the costs and benefits of a mutual risk management, loss prevention, and self-insurance program for property, liability, and workers' compensation losses. The self-insurance program covers the operations of the Board and the constitutional officers with the exception of the Sheriff, which elects to assume responsibility for general liability, automobile, and workers' compensation losses related to its operations.

The Risk Management fund covers claims on losses up to the following limits:

<u>Amount Per Occurrence</u>	<u>Type of Coverage</u>
\$1,000,000	Public Liability, including Terrorism
500,000	Property
500,000	Cyber Liability
2% of unit value	Named Windstorm
250,000	Environmental and Storage Tank Liability
50,000	Money and Securities Theft
50,000	Employee Fidelity
50,000	Boiler and Machinery Breakdown
25,000	Sabotage and Terrorism
250,000	Vehicle and Mobile Equipment
Self-Insured	Workers' Compensation

The Board has excess insurance coverage in place for instances where losses exceed the above-stated limits. There have been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2019. Coverage limits for flood and earthquake damages, damages from named windstorms, and damages from other wind or hail events, are set at \$50 million, \$100 million, and \$500 million, respectively.

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

G. RISK MANAGEMENT AND INSURANCE COVERAGE, Continued

The claims liability reported in the Risk Management fund at September 30, 2019 and 2018 is based on an actuarial review of claims pending and past experience. During Fiscal Year 2019, the Board elected to decrease funding of claims liability from a 75% confidence level in Fiscal Year 2018, to a 65% confidence level. This change resulted in a net decrease to the liability of \$3,654,143. The liability is recorded on a present value basis, excluding nonincremental claims adjustment expenses and using a discount factor of 3.5%. The undiscounted liability as of September 30, 2019 was \$57,897,708. Changes in the fund's claims liability amount during Fiscal Years 2019 and 2018 were:

	<u>Year ended September 30</u>	
	<u>2019</u>	<u>2018</u>
Liability beginning balance	\$ 44,437,959	\$ 39,732,160
Claims and changes in estimates	19,985,565	17,064,266
Claim payments	<u>(14,727,406)</u>	<u>(12,358,467)</u>
Liability ending balance	<u>\$ 49,696,118</u>	<u>\$ 44,437,959</u>

Self-Insurance – Employee Medical Benefits:

Effective January 1, 2007, the Board converted from a fully-insured to a self-insured plan for employee medical benefits. The plan covers all regular employees and certain retirees and former employees of the Board and their eligible dependents. Pursuant to interlocal agreements, all of the constitutional officers except for the Sheriff, as well as four other small local governmental agencies, are participating in the Board's plan. In accordance with GASB Statement No. 10, the plan is accounted for through the Board's Employee Benefits internal service fund.

The claims liability reported in the Employee Benefits internal service fund is the actuarially determined undiscounted amount. The change in the fund's claims liability amount during Fiscal Years 2019 and 2018 was:

	Year ended September 30	
	2019	2018
Liability beginning balance	\$ 7,210,043	\$ 6,243,297
Claims incurred	103,313,808	90,462,807
Claim payments	(102,870,616)	(89,496,061)
Liability ending balance	\$ 7,653,235	\$ 7,210,043

H. RETIREMENT PLANS

Florida Retirement System:

General Information - All of the Board's employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan ("Pension Plan") and the Retiree Health Insurance Subsidy ("HIS Plan"). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan ("Investment Plan") alternative to the FRS Pension Plan, which is administered by the State Board of Administration ("SBA"). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site:

www.dms.myflorida.com/workforce_operations/retirement/publications.

H. RETIREMENT PLANS, Continued

Pension Plan

Plan Description – The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (“DROP”) for eligible employees.

Benefits Provided - Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers’ class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Pension Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers’ class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

H. RETIREMENT PLANS, Continued

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions – Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2018 through June 30, 2019 and from July 1, 2019 through September 30, 2019, respectively, were as follows: Regular--8.26% and 8.47%; Special Risk Administrative Support--34.98% and 38.59%; Special Risk--24.50% and 25.48%; Senior Management Service--24.06% and 25.41%; Elected Officers'--48.70% and 48.82%; and DROP participants--14.03% and 14.60%. These employer contribution rates include 1.66% HIS Plan subsidy for the period October 1, 2018 through September 30, 2019.

The Board's contributions to the Pension Plan totaled \$48,167,413 for the fiscal year ended September 30, 2019.

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – The Board's governmental funds, which utilize the current financial resources measurement basis of accounting, generally recognize pension expense as amounts are paid. Pension liability is recognized at the fund level only to the extent expected to be liquidated with expendable available financial resources. Amounts associated with long-term pension liabilities and related deferred outflows of resources and deferred inflows of resources are reported on the government-wide financial statements of the County, rather than the financial statements of the Board.

The Board's enterprise and internal service funds recognize pension liabilities, pension expense and deferred outflows of resources and deferred inflows of resources related to pensions on the accrual basis of accounting. At September 30, 2019, the Board's enterprise and internal service funds reported a liability of \$60,288,051 for their proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The Board's proportionate share of the net pension liability was based on the Board's 2018-19 fiscal year contributions relative to the 2017-18 fiscal year contributions of all participating members. At June 30, 2019, the Board's proportionate share for all funds was 1.51%, which was an increase of 0.03% percent from its proportionate share measured as of June 30, 2018. Approximately 11.59% of the Board's proportionate share of the net pension liability was allocated to the enterprise and internal service funds of the Board based on their proportionate share of the Board's pension plan contributions.

For the fiscal year ended September 30, 2019, the Board's enterprise and internal service funds recognized pension expense of \$14,839,400. In addition, these activities reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Actuarial Assumptions – The total pension liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Investment rate of return	6.90%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB2010 base table varies by member category and sex, projected generationally with Scale MD-2018.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Total	<u>100.0%</u>			
Assumed Inflation - Mean		2.6%		1.7%

(1) As outlined in the Pension Plan's investment policy

Discount Rate - The discount rate used to measure the total pension liability was 6.90%, which is a decrease from 7.00% used to determine the total pension liability in the prior year. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the Board's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following represents the Board's enterprise and internal services funds proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.90%) or one percentage point higher (7.90%) than the current rate:

	<u>1% Decrease (5.90%)</u>	<u>Current Discount Rate (6.90%)</u>	<u>1% Increase (7.90%)</u>
Enterprise and internal service funds proportionate share of the net Pension Plan liability	\$ 104,217,966	\$ 60,288,051	\$ 23,599,144

Pension Plan Fiduciary Net Position - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the Pension Plan - At September 30, 2019, the Board's enterprise and internal service funds reported de minimis amounts payable for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2019.

HIS Plan

Plan Description – The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided – For the fiscal year ended September 30, 2019, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions – The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2019, the HIS rate was 1.66%. The Board contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The Board's contributions to the HIS Plan totaled \$6,702,234 for the fiscal year ended September 30, 2019.

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – The basis of accounting and financial reporting of the Board's HIS Plan is identical to that of the Board's Pension Plan. At September 30, 2019, the Board's enterprise and internal service funds reported a liability of \$25,420,288 for their proportionate share of the Board's HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and was estimated and based on the results of the valuation conducted as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation prepared as of July 1, 2018. The Board's proportionate share of the net pension liability was based on the Board's 2018-19 fiscal year contributions relative to the 2017-18 fiscal year contributions of all participating members.

At June 30, 2019, the Board's proportionate share for all funds was 1.19%, which was an increase of 0.02% percent from its proportionate share measured as of June 30, 2018. Approximately 19.12% of the Board's proportionate share of the net pension liability was allocated to the enterprise and internal service funds of the Board based on their proportionate share of the Board's HIS Plan contributions.

For the fiscal year ended September 30, 2019, the Board's enterprise and internal service funds recognized pension expense of \$2,198,444. In addition, these activities reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Actuarial Assumptions – The total pension liability in the July 1, 2019 valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary increases	3.25%, average, including inflation
Municipal bond rate	3.50%

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions used to determine the July 1 valuation, was based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Discount Rate - The discount rate used to measure the total pension liability was 3.50%, which is a decrease from 3.87% used to determine the total pension liability in the prior year. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the Board's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following represents the Board's enterprise and internal service funds proportionate share of the net pension liability calculated using the discount rate of 3.50%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (2.50%) or one percentage point higher (4.50%) than the current rate:

	1% Decrease (2.50%)	Current Discount Rate (3.50%)	1% Increase (4.50%)
Enterprise and internal service funds proportionate share of the net HIS Plan liability	\$ 29,018,561	\$ 25,420,288	\$ 22,423,334

HIS Plan Fiduciary Net Position - Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the HIS Plan - At September 30, 2019, the Board's enterprise and internal service funds reported de minimis amounts payable for outstanding contributions to the HIS Plan required for the fiscal year ended September 30, 2019.

Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Board employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution and by forfeited benefits of plan members. The employer contribution for the period from October 1, 2018 through September 30, 2019 was 0.06% of payroll. Allocations to the investment member's accounts during the 2018-19 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class--6.30%, Special Risk Administrative Support class--7.95%, Special Risk class--14.00%, Senior Management Service class--7.67% and County Elected Officers class--11.34%.

H. RETIREMENT PLANS, Continued

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2019, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Board.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Board's Investment Plan pension expense totaled \$8,347,516 for the fiscal year ended September 30, 2019.

Orange County Housing Finance Authority Defined Benefit Pension Plans:

The Orange County Housing Finance Authority (Authority), a discretely presented component unit of the Board, participates in the cost-sharing, multiple employer defined benefit pension plans administered by the Florida Retirement System (FRS). Further information on the effect of participation in the FRS plans is included in the Authority's Annual Financial Report and can be obtained from the Authority's administrative office whose address is indicated on page 19 of this report.

Orange County Library District Defined Benefit Pension Plan:

The Orange County Library District (District), a discretely presented component unit of the Board, administers a single employer defined benefit pension plan (Plan). A complete description of the Plan is included in the District's Comprehensive Annual Financial Report and can be obtained from the District's administrative office whose address is indicated on page 19 of this report.

I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

Plan Description - The Board offers a postemployment benefit plan (OPEB Plan) that subsidizes the cost of health care for its retirees and eligible dependents. Board employees with at least 10 years of combined service under the Board and/or the Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, or Tax Collector who retire and immediately begin receiving benefits from the Florida Retirement System (FRS) are eligible to receive a monthly benefit of three dollars per year of service up to a maximum of \$90 per month. If combined service is at least 20 years and receipt of FRS benefits is deferred to a later date, the monthly benefit may be vested for commencement at such deferral date. Additionally, in accordance with State statute, Board employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the Board's health insurance plan at the same group rate as for active employees.

In September 2007, the County established the Orange County Health Care Benefit Trust (Trust), a single-employer defined benefit OPEB plan for, and administered by, the Board and County officers noted above. The Board has the authority to establish and amend the Plan and engages an actuarial firm to determine each participant's estimated obligation and actuarially determined contribution (ADC), in accordance with GASB Statement No. 75. The Fiscal Year 2019 ADC amount for the Board and County officers was paid into the Trust by the Board, and included the amount of \$4,590,388 attributable to the Board. For the Board, this ADC payment was 1.11% of the Board's covered payroll of \$413,378,355. A full presentation of the Trust and OPEB Plan assets, liabilities, funding status, and actuarial methods and assumptions is included in the Orange County, Florida Comprehensive Annual Financial Report. Separate stand-alone financial statements for the Trust are not prepared.

At September 30, 2019, the date of the latest actuarial valuation, Board employee plan participation consisted of:

Active members	7,003
Inactive employees currently receiving benefits	2,460
Inactive employees with deferred benefits	127

Net OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - The Board's governmental funds, which utilize the current financial resources measurement basis of accounting, generally recognize OPEB expense as the annual contribution is made. OPEB liability is recognized at the fund level only to the extent expected to be liquidated with expendable available financial resources.

Amounts associated with net OPEB liabilities, Plan fiduciary net position and related deferred outflows of resources and deferred inflows of resources are reported on the government-wide financial statements of the County, rather than the financial statements of the Board.

The Board's enterprise and internal service funds recognize Net OPEB liabilities, OPEB expense, deferred outflows of resources and deferred inflows of resources related to OPEB on the accrual basis of accounting.

Net OPEB Liability - The Board's enterprise and internal service funds net OPEB liability was measured as of September 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions – The total OPEB liability in the September 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

The actuarial assumptions are:

Investment rate of return	7.0%
Discount rate used to measure total OPEB liability	7.0%
Projected annual salaries increase	4.5%
Inflation rate	2.5%
Healthcare cost trend rate	Pre-65 increase of 6.70%; post 65 increase of 7.45% for Fiscal Year 2019, grading to an ultimate rate of 4.50% for Fiscal Year 2029
Mortality	Pub-2010 Headcount Weighted General and Public Safety tables, projected with Scale MP- 2019

I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of September 30, 2019 are summarized in the following table:

<u>Asset Class</u>	<u>Expected Nominal Rate of Return</u>	<u>Expected Real Rate of Return</u>	<u>Allocation</u>
Large Cap U.S. Equity	6.80%	4.20%	46.80%
Small Cap U.S. Equity	7.30%	4.68%	3.20%
International Equity	7.50%	4.88%	25.70%
Emerging Markets Equity	8.10%	5.46%	7.30%
Non-U.S. Developed Bond	2.50%	0.00%	5.00%
Intermediate Duration Bonds-Gov't	2.40%	-0.10%	7.90%
Intermediate Duration Bonds-Credit	3.40%	0.88%	4.10%

Changes in the Net OPEB Liability – for the Board’s enterprise and internal service funds, for the Fiscal Year ended September 30, 2019, is displayed in the following table:

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balances at 9-30-18	\$10,604,850	\$ 9,254,856	1,349,994
Changes for the year:			
Service cost	449,616	-	449,616
Interest	757,473	-	757,473
Differences between expected and actual experience	223,358	-	223,358
Changes of assumptions	(540,964)	-	(540,964)
Contribution - employer	-	646,592	(646,592)
Net investment income	-	329,680	(329,680)
Benefit payments	(669,112)	(669,112)	-
Net changes	<u>220,371</u>	<u>307,160</u>	<u>(86,789)</u>
Balances at 9-30-19	<u>\$10,825,221</u>	<u>\$ 9,562,016</u>	<u>\$ 1,263,205</u>

Plan fiduciary net position as a percentage of
the total OPEB liability: 88.33%

The discount rate used to measure the total OPEB liability is 7.00%. The projection of cash flows used to determine the discount rate assumed the Board would continue to fund the actuarially determined contribution. Only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included.

Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included.

Based on these assumptions, the OPEB fund’s fiduciary net position was projected to be available to make all projected future benefit payments for current plan members.

J. LONG-TERM LIABILITIES, Continued

The compensated absence and net pension and OPEB liabilities are typically liquidated with resources of the same fund that has paid the applicable employee's regular salaries and fringe benefits which include the General, Special Revenue, Internal Service and Enterprise funds.

Amounts associated with long-term liabilities of governmental activities are reported on the government-wide statement of net position of the County, rather than on the financial statements of the Board, except for those presented in the internal service fund statements included in this report.

Summary of Bond Resolutions:

The following is a summary of primary government bond resolutions pertaining to debt reflected in the September 30, 2019 financial statements. Bond covenants of enterprise fund issues require supplemental disclosures in addition to those mentioned below. The supplemental disclosures are found in the separate annual financial reports of each enterprise fund. Also, other required secondary market disclosures for all bonds outstanding are found in the separate Orange County, Florida Bond Disclosure Supplement for the year ended September 30, 2019.

Public Offerings:

\$97,295,000 Sales Tax Revenue Refunding Bonds, Series 2012B

Type: Governmental Activities Revenue Bonds

Dated: April 2012

Final maturity: Year 2032

Principal payment date: January 1

Interest payment dates: January 1 and July 1

Interest rates: 4.00% to 5.00%

Reserve requirement: None, so long as annual pledged revenues exceed three times the maximum annual debt service for all outstanding Sales Tax bonds.

Revenue pledged: All of the Half-cent State Sales Tax accruing to Orange County. The total principal and interest remaining to be paid on this series is \$140,458,500. For the fiscal year, no principal was due and interest paid on this series was \$4,660,000 and total pledged revenue was \$197,116,992.

Purpose: Together with certain funds provided by the Board, advance refunding of all outstanding Sales Tax Revenue Bonds, Series 2002B, in the total principal amount of \$104,495,000.

Call provisions: Bonds maturing on or after January 1, 2025 are subject to redemption prior to their maturity, at the option of the Board in whole or in part by lot on any date on or after January 1, 2022, with no premium.

Consequence of default: All available pledged revenue shall be used to satisfy first any outstanding, reasonable and proper charges of an appointed receiver, next to interest, principal, or redemption price, if applicable, then due on the Bonds, in that order of priority.

\$96,195,000 Sales Tax Revenue Refunding Bonds, Series 2012C

Type: Governmental Activities Revenue Bonds

Dated: October 2012

Final maturity: Year 2024

Principal payment date: January 1

Interest payment dates: January 1 and July 1

Interest rate: 5.00%

Reserve requirement: None, so long as annual pledged revenues exceed three times the maximum annual debt service for all outstanding Sales Tax bonds.

Revenue pledged: All of the Half-cent State Sales Tax accruing to Orange County. The total principal and interest remaining to be paid on this series is \$74,657,250. For the fiscal year, principal and interest paid on this series was \$15,360,875 and total pledged revenue was \$197,116,992.

Purpose: Together with certain funds provided by the Board, current refunding of all outstanding Sales Tax Revenue Refunding Bonds, Series 2002A, in the total principal amount of \$120,065,000.

Call provisions: Series 2012C bonds are not subject to optional or mandatory redemption prior to their stated dates of maturity.

Consequence of default: All available pledged revenue shall be used to satisfy first any outstanding, reasonable and proper charges of an appointed receiver, next to interest and principal then due on the Bonds, in that order of priority.

\$25,480,000 Capital Improvement Refunding Revenue Bonds, Series 2009

Type: Governmental Activities Revenue Bonds

Dated: May 2009

Final maturity: Year 2022

Principal payment date: October 1

Interest payment dates: April 1 and October 1

Interest rates: 4.00% to 5.25%

Reserve requirement: None

Revenue pledged: County receipts from the State Revenue Sharing Trust Fund provided by Chapter 218, Florida Statutes in an amount equal to fifty percent (50%) of the revenue received from this source in the immediately preceding fiscal year. The total principal and interest remaining to be paid on this series is \$11,046,444. For the fiscal year, principal and interest paid on this series was \$2,771,212 and total pledged revenue was \$21,741,992.

Purpose: Together with certain funds provided by the Board, current refunding of all outstanding Capital Improvement Refunding Revenue Bonds, Series 1998 in the total principal amount of \$27,715,000.

K. BONDS PAYABLE, Continued

Call provisions: Series 2009 bonds are not subject to optional or mandatory redemption prior to their stated dates of maturity.

Consequence of default: The County must first use the Reserve Account, and next require the Registrar to deliver a demand for payment, or otherwise draw upon all related Reserve Account Facilities in accordance with their terms for the remaining amount needed to prevent default in the payment of such Bonds, with priority to interest payments.

\$33,843,803 Public Facilities Revenue Bonds, Series 1994A

Type: Governmental Activities Revenue Bonds

Dated: June 1994

Final maturity: Year 2019

Principal payment date: October 1

Interest payment dates: October 1 – only capital appreciation bonds remain outstanding.

Interest rates: 6.50% yield

Reserve requirement: The lesser of (1) 125% of the average annual debt service, (2) the maximum annual debt service, or (3) 10% of the initial total principal of the bonds, \$4,355,000.

Revenue pledged: All of certain non-ad valorem revenues of the Board. Among these are state sources of license revenues, local license and permit fees, local charges for service, and miscellaneous local revenue. The total principal and interest remaining to be paid on this series is \$4,355,000. For the fiscal year, principal and interest paid on this series was \$4,355,000 and total pledged revenue was \$55,039,803.

Purpose: To finance costs of construction and improvements to various County facilities and to redeem \$20,818,000 of commercial paper used for correctional facilities and telecommunication systems.

Call provisions: Series 1994A bonds that remain outstanding are not subject to redemption prior to their stated dates of maturity.

Consequence of default: Payment is secured by a municipal bond insurance policy. If it becomes necessary to call upon the municipal bond insurance policy, payment of principal requires ownership of the Bonds to transfer to the insurer.

\$37,895,000 Public Service Tax Refunding Revenue Bonds, Series 2013

Type: Governmental Activities Revenue Bonds

Dated: July 2013

Final Maturity: Year 2025

Principal payment date: October 1

Interest payment dates: April 1 and October 1

Interest rate: 5.00%

Reserve requirement: None

K. BONDS PAYABLE, Continued

The Series 2013 bond is subject to mandatory sinking fund redemption on the date and in the following principal amount, as stated below:

<u>Date</u>	<u>Principal Amount</u>
October 1, 2019 (final maturity)	\$ 3,260,000

Consequence of default: The Board must transfer principal and interest accounts to the Trustee and the Trustee is required to draw on the Bond Reserve Accounts to make up any deficiency.

Bonded Indebtedness - Discretely-Presented Component Units:

Orange County Housing Finance Authority:

Bonds and other obligations issued by the Authority are payable, both as to principal and interest, solely from the assets of the various housing programs which are pledged under the resolutions authorizing the particular issues. These issues do not constitute an obligation, either general or special, of the Board, the State of Florida or of any local government therein. Neither the faith, credit and revenues nor the taxing power of the Board, the State of Florida or any local government therein shall be pledged to the payment of the principal or interest on the obligations. During the year ended September 30, 2019, the Authority issued \$64,033,739 in housing bonds. The aggregate principal amount outstanding is \$401,786,215 at September 30, 2019.

Orange County Industrial Development Authority and Orange County Health Facilities Authority:

These Authorities serve to assist in the financing and refinancing of certain types of capital projects for third parties. Revenue bonds issued are payable solely from moneys and other assets pledged under the indentures of trust with the bond trustees and do not constitute debt of the Authorities. The Authorities serve only as "conduit" agents for their respective bond issues. The Board also has no financial obligation for bonds issued by the Authorities. Therefore, the bonds outstanding are not reported in the accompanying financial statements since neither the Authorities nor the Board has any commitment for their repayment.

The Industrial Development Authority assists with capital projects which will foster economic development. From inception through the end of Fiscal Year 2019, approximately \$1.0 billion in revenue bonds have been issued by the Authority. During the year ended September 30, 2019, the Authority issued no industrial development revenue bonds. The aggregate principal amount outstanding for the bonds issued after October 1, 1996, is approximately \$269 million at September 30, 2019.

The Health Facilities Authority assists with capital projects which serve to improve health-related facilities. At September 30, 2019, the total outstanding principal of revenue bonds issued by the Authority was approximately \$1.5 billion.

L. NOTES AND LOANS PAYABLE – DIRECT BORROWINGS

Orange County Promissory Note – Series 2010:

On December 15, 2010, the Board entered into a loan agreement with Branch Banking and Trust Company for issuance of the Orange County Promissory Note, Series 2010 (Note), for the purpose of funding upgrades and improvements to the Board's public safety radio system. The total amount of the Note, which matures on October 1, 2022, was \$15,395,000 and the primary pledged revenue for the loan is the locally adopted traffic surcharge revenue authorized by Florida Statutes. As needed, legally available non-ad valorem funds are also pledged. Semi-annual interest payments at the rate of 2.57% began on October 1, 2011 and are due on April 1 and October 1. Annual principal payments began on October 1, 2011 and the principal balance outstanding was \$5,630,000 as of September 30, 2019. Note proceeds were accounted for in the Board's 2010 Promissory Note capital project fund and were fully expended during Fiscal Year 2013. The total principal and interest remaining to be paid on the Note is \$5,923,880. For the fiscal year, principal and interest paid was \$1,481,652 and total primary pledged revenue was \$1,174,342.

State Revolving Fund Loans – Water Utilities System:

In June 2002, the Board began participation in the Clean Water State Revolving Fund Construction Loan Program with the State of Florida Department of Environmental Protection. Loan proceeds are being utilized by the Water Utilities System to finance various construction projects of the water and wastewater system. Pledged revenues are those pledged as security by the Board in its bond resolution, after payment of operation and maintenance expenses and satisfaction of the yearly payment obligation for outstanding System revenue bonds. The Board has covenanted to maintain rates and charges for System services which will be sufficient in each fiscal year, after payment of senior and parity obligations, to provide pledged revenues of at least 1.15 times the sum of all Loan Program payments due in the fiscal year. Following is a description of each of the loans outstanding as of September 30, 2019.

In June 2002, the initial loan for construction of a central wastewater collection system in the Holden Heights area was approved in the initial amount of \$8,457,900. This was reduced in Fiscal Year 2008 to \$6,241,215 to reflect the final project cost. The principal balance outstanding was \$2,266,434 as of September 30, 2019. Semiannual payments of \$193,774, including interest at 3.09%, are due on March 15 and September 15 of each year through March 15, 2026.

In August 2006, a loan was approved for a subsequent phase of the Holden Heights project, in the initial amount of \$8,339,312. This was reduced in Fiscal Year 2011 to \$6,540,920 to reflect the final project cost. The principal balance outstanding was \$3,574,319 as of

September 30, 2019. Semiannual payments of \$204,412, including interest at 2.63%, are due on January 15 and July 15 of each year through July 15, 2029.

In March 2011, a loan was approved for the Lake Lawne Gravity Sewer Rehabilitation Project in the initial amount of \$1,756,255. This was reduced in Fiscal Year 2013 to \$1,734,755 to reflect the final project cost. The principal balance outstanding was \$1,167,482 as of September 30, 2019. Semiannual payments of \$54,765, including interest of 2.53%, are due on February 15 and August 15 of each year through February 15, 2032.

In January 2012, a loan was approved for the West Southwood Gravity Sewer and Water System Project in the initial amount of \$2,655,957. This was reduced in Fiscal Year 2013 to \$2,068,169 to reflect the final project cost. The principal balance outstanding was \$1,418,878 as of September 30, 2019. Semiannual payments of \$63,771, including interest of 2.38%, are due March 15 and September 15 of each year through September 15, 2032.

In January 2012, a loan was approved for the Huggins Street Pump Station Project in the initial amount of \$3,981,328. This was increased in Fiscal Year 2014 to \$6,545,876 due to additional approved rehabilitation. This was reduced in Fiscal Year 2017 to the actual amount drawn of \$6,297,137 to reflect the final project cost. The principal balance outstanding was \$5,082,677 as of September 30, 2019. For this loan, semiannual payments of \$196,801, including interest of 2.38%, on the original amount and 2.34% on the additional amount, are due on March 15 and September 15 of each year through March 15, 2035.

In January 2012, a loan was approved for the South and Eastern Area Reclaimed Water Main Project in the initial amount of \$5,064,998. This was reduced in Fiscal Year 2017 to \$2,074,266 to reflect the final project cost. The principal balance outstanding was \$1,291,738 as of September 30, 2019. Semiannual payments of \$54,517, including interest of 2.38%, are due on March 15 and September 15 of each year through September 15, 2033.

In January 2012, a loan was approved for the East Southwood Gravity Sewer and Water System Project in the initial amount of \$4,360,690. This was reduced in Fiscal Year 2015 to \$2,946,957 to reflect the final project cost. The principal balance outstanding was \$2,091,075 as of September 30, 2019. Semiannual payments of \$88,252, including interest of 2.38%, are due on March 15 and September 15 of each year through September 15, 2033.

In December 2012, a loan was approved for the South and Eastern Area Water Main Project in the initial amount of \$10,807,569. The principal balance outstanding was \$7,333,427 as of September 30, 2019. Semiannual payments of \$328,839, including interest of 1.99%, are due on March 15 and September 15 of each year through September 15, 2032.

L. NOTES AND LOANS PAYABLE - DIRECT BORROWINGS, Continued

In December 2012, a loan was approved for the Hidden Springs Water Facility Improvements Project in the initial amount of \$4,196,246. This was reduced in Fiscal Year 2019 to \$3,965,087 to reflect the final project cost. The principal balance outstanding was \$3,115,289 as of September 30, 2019. Semiannual payments of \$127,678, including interest of 1.99%, were due on January 15 and July 15 of each year, through January 2019. Semiannual payments for the period July 2019 through July 15, 2034 were reduced to \$120,623 to reflect the reduction in loan amount.

In September 2013, a loan was approved for the I-Drive Force Main and Reclaimed Water Main Improvements Project in the initial amount of \$7,571,449. This was reduced in Fiscal Year 2017 to the actual amount drawn of \$7,122,045 to reflect the final project cost. The principal balance outstanding was \$6,003,869 as of September 30, 2019. Semiannual payments of \$213,138, including interest of 1.92%, are due on April 15 and October 15 of each year, through October 15, 2035.

In May 2014, a loan was approved for the Eastern Water Reclamation Facility Phase V Improvements Project in the initial amount of \$30,139,180. This was increased in Fiscal Year 2015 to \$61,985,280 and in Fiscal Year 2016 to \$73,003,611 to reflect the additional approved construction costs of the project. The first draw on this loan was received in June 2015 and the principal balance outstanding was \$60,186,416 as of September 30, 2019. For this loan, semiannual payments of \$2,232,470, including interest of 2.26%, on the original amount, 1.91% on the first additional amount and 1.82% on the second additional amount, are due on February 15 and August 15 of each year, for a 15-year period that began in February 2019.

In the event of default on these loans, the System may be caused to establish rates and collect fees and charges for use of the System in order to fulfill the agreements. The State of Florida Department of Environmental Protection may accelerate the repayment schedule or increase the interest rate on the unpaid principal up to 1.667 times the original interest rate on all loans with the exception of the Holden Heights project loan, which may increase up to 3.333 times the original interest rate.

The total principal and interest remaining to be paid on these loans was \$108,086,634 as of September 30, 2019. For the fiscal year, principal and interest paid was \$7,509,776 and total available pledged revenue was \$54,418,481. Future principal and interest payments (in thousands) required on the State Revolving Loans are as follows as of September 30, 2019:

Commercial Paper Notes:

The Board has established a commercial paper program whereby Commercial Paper Notes issued are secured by a pledge of the Board's non-ad valorem tax revenues. Proceeds from Note issuances may be used on various capital projects according to the specific authorizing resolutions. Total active Notes authorized were \$332,000,000 as of September 30, 2019. Of that, Notes in the total amount of \$125,536,000 were issued, all of which were redeemed by the end of Fiscal Year 2008.

The Board's commercial paper debt program is administered as follows: The Notes mature within 270 days of issuance, with interest payable at maturity based on market rates not to exceed 10%. The Notes are not subject to redemption prior to maturity. As each block of Notes matures, new Notes are issued to refinance the principal amount, and current eligible revenues of the Board are used to pay the interest amount due. The Board deactivated use of this program during Fiscal Year 2009 upon the expiration of its broker/dealer and backup line of credit agreements and the termination of its issuance and paying agent agreement.

M. LEASE COMMITMENTS

Capital Leases:

The Board has entered into various leasing agreements for vehicles, machinery and equipment. The terms of these leases are such that the Board capitalized the leases and reported the obligations in the government-wide statement of net position of the County.

The following is a schedule of future minimum lease payments applicable to governmental activities for \$240,879 of assets (all equipment assets) capitalized under lease agreements, and the present value of future minimum lease payments as of September 30, 2019:

<u>Year Ending September 30</u>	<u>Amount</u>
2020	\$ 89,545
2021	64,749
2022	<u>9,208</u>
Total minimum lease payments	163,502
Less amount representing interest	<u>(10,393)</u>
Present value of future minimum lease payments	<u>\$ 153,109</u>

There are no capital lease obligations outstanding at September 30, 2019 for business-type activities.

Operating Leases:

The primary government leases office facilities and equipment under various operating lease agreements which have noncancelable lease terms in excess of one year. The following is a schedule by years of future minimum rentals on such leases as of September 30, 2019:

O. TRANSFERS TO/FROM OTHER FUNDS

Significant transfers between funds of the Board included excess amounts from debt service funds. Pledged revenues are placed in debt service funds when initially received. After debt service requirements are fulfilled, the excess amounts are then transferred to other funds for operating expenditure purposes. Additionally, the Special Tax Equalization District special revenue fund collects the revenues necessary for certain programs or functions, and then transfers them out for expenditure purposes. The Convention Center enterprise fund records the transfer of available Tourist Development Tax monies to the General Fund for certain cultural tourism functions. The Water Utilities System enterprise fund transfers certain available funds annually to the General fund pursuant to Board resolution.

Interfund transfers for the 2019 fiscal year were as follows:

	Transfers to:			Totals
	General Fund	Sales Tax Trust Fund	Nonmajor Governmental Funds	
Transfers from:				
General fund	\$ -	\$ -	\$ 26,189,755	\$ 26,189,755

Q. COMMITMENTS AND CONTINGENCIES, Continued

Commitments Under Construction Contracts:

At September 30, 2019, the Board had outstanding construction and operating contracts for various projects totaling approximately \$957 million.

Grants:

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If any expenditures are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would reduce receivables and/or become a liability of the Board. In the opinion of management, any such adjustments would not be material to the Board's operating results or fund balances.

Litigation:

The Board is a party in various lawsuits and other claims incidental to the ordinary course of its operation, some of which are covered by the Board's risk management program (see Note G). While the results of litigation and claims cannot be predicted with certainty, management believes the final outcome will not have a material adverse impact on the Board's financial position.

Community Redevelopment Agencies:

Pursuant to State statute, various local jurisdictions have created 13 Community Redevelopment Agencies (CRAs) within the County, including two formed by the Board and reported as blended component units. Funding for these agencies is derived from incremental ad valorem tax proceeds generated by improvements made within the CRA. The Board is obligated to pay to each CRA from its current year's ad valorem tax the increment related to taxable property improvements made since the designated "base year." Other jurisdictions which have created CRAs are the Cities of Orlando, Winter Park, Ocoee, Maitland, Eatonville, Apopka, and Winter Garden. The total amount paid to CRAs by the Board amounted to \$44,726,296 for Fiscal Year 2019.

Orange Blossom Trail Improvements:

In 1987, the Board created two municipal service taxing units (MSTUs) for properties situated on and in the immediate environs of South Orange Blossom Trail (US 441), from Interstate 4 to the Beach Line Expressway. These MSTUs are reported as a part of the Municipal Service Districts special revenue fund. The purpose of the MSTUs was to fund

BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

Q. COMMITMENTS AND CONTINGENCIES, Continued

capital costs and ongoing maintenance for enhanced improvements to a US 441 road widening project by the State of Florida, and thereby stimulate economic revitalization. The enhanced improvements consisted of streetscape/landscape features and undergrounding of utilities for the segment of US 441 noted above. When the State initiated the widening project in 1993, the MSTUs had not raised sufficient funds to pay for all of the planned enhancements. At that time, the Board elected to use Local Option Gas Taxes and Public Service Taxes in the combined amount of \$8.8 million to cover the difference, with an understanding that the MSTUs would be able to reimburse this amount in subsequent fiscal years.

Due to the ongoing maintenance costs of the completed project, less than expected growth in MSTU revenues and property tax reform, actual project reimbursements from the MSTUs have totaled only \$630 thousand. Reimbursements from unspent project funds totaled an additional \$759 thousand, leaving an unreimbursed total of approximately \$7.4 million as of the end of Fiscal Year 2019. Reimbursements from the MSTUs in subsequent fiscal years will be made as funds are available; however, management's current expectation is that most of the amount outstanding will remain unreimbursed at the time the MSTUs are scheduled to sunset in Fiscal Year 2021. There is no repayment schedule, and the unreimbursed amounts are not shown in the financial statements.

Transportation Impact Fee Credits:

The Board has entered into a number of agreements with developers under which the developer donates transportation infrastructure improvements or rights of way to the Board and receives credit for future transportation impact fee payments. As of September 30, 2019, credit balances for future impact fees total approximately \$41.4 million.

Tax Refunds and Abatements:

The Board has entered into property tax refund agreements with new and expanding local businesses as authorized under Florida's Qualified Target Industry Tax Refund Program (QTI) for economic development. Under this program, the Board may grant refunds in amounts up to 20% of the annual property tax refund awarded under the QTI program. Amounts to be refunded are determined by the number of new jobs created. The amount of taxes refunded for QTI programs, during Fiscal Year 2019, amounted to \$75,543.

On July 21, 2006, the Board entered into an economic development grant agreement with Darden Restaurants. In recognition of Darden's commitment to consolidate and expand its corporate headquarters and increase the number of jobs within the County, the Board

Continued

**ORANGE COUNTY, FLORIDA
BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued

Q. COMMITMENTS AND CONTINGENCIES, Continued

committed to refund the general fund portion of property taxes collected for each tax year beginning in 2010, up to a total refund amount of \$4,800,000. The amount of property tax refunded to Darden during Fiscal Year 2019 was \$518,099.

Additionally, in accordance with Florida Statute 196.1995 and County Ordinance 12-05, the Board has the authority to grant economic development ad valorem tax exemptions in amounts up to 100% of the assessed value of improvements of new or expanding businesses located within the County. The Board shall not grant exemptions of forgone ad valorem tax revenues exceeding \$2,000,000 in a fiscal year and retains the authority to revoke an exemption and recover all taxes not paid for years deemed ineligible. The amount of property tax exempted in Fiscal Year 2019 was \$135,525.

R. BUDGETARY LEGAL COMPLIANCE AND FUND DEFICITS

For the fiscal year ended September 30, 2019, no excess of expenditures over appropriations at the legal level of budgetary control occurred. As of fiscal year end, no funds of the Board were in a deficit fund balance position.

S. PROVISION FOR CLOSURE COSTS

As explained in Note A, current regulations of the U.S. Environmental Protection Agency (EPA) and the Florida Department of Environmental Protection (FDEP) require municipal solid waste landfills to place a final cover on closed landfill areas, and to maintain those areas for up to 30 years after closure. The Board periodically obtains updated and revised estimates of total future closure and postclosure costs from its consulting engineers. All amounts recognized are based on what it would cost to perform closure and postclosure functions in current dollars. Actual costs may be different due to inflation, changes in technology, or changes in laws and regulations.

The internal landfills have ceased operation. Required closure work is complete and the entire estimated \$2.8 million future cost for postclosure maintenance is reported as a long-term liability of the governmental activities on the government-wide statement of net position. These costs are recognized as governmental fund expenditures as they become obligations to be liquidated with available financial resources, using resources in the Transportation Trust and the Miscellaneous Construction Projects funds.

For the public landfill, accounted for in the Solid Waste System (System) enterprise fund, expenses associated with final closure and postclosure maintenance of landfill areas are recognized over the active life of those areas. These costs are recognized in each operating period based on the amount of waste received during that period, regardless of when cash

BOARD OF COUNTY COMMISSIONERS
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

S. PROVISION FOR CLOSURE COSTS, Continued

disbursements are made for these costs. The cumulative effect of updated and revised estimates of closure-related costs is recognized in the period of the change to the extent it relates to current and past operations.

The total unrecognized closure and postclosure costs attributable to the currently active areas of the public landfill are approximately \$182 million. These costs will be recognized in future periods as the remaining capacity of approximately 42 million tons is filled. As of September 30, 2019, the active landfill areas were filled to approximately 7% and 35% of capacity for subbasins 2A-cell 2, and 9-12, respectively. The current landfill facilities are expected to provide the needed capacity through 2100.

The Board is required by FDEP annually to show proof of ability to finance closure and postclosure costs, and has done so for the internal landfills by providing a standby letter of credit and trust account. For the public landfill, the Board has fulfilled the requirements of the financial test provision of the regulation. In addition, the Board is making deposits to a closure costs account in the System enterprise fund to provide for the financing of future closure activities of the public landfill. The balance in this account as of September 30, 2019 was approximately \$46.8 million. The liability for closure and post-closure activities, calculated in accordance with GASB Statement No. 18 and reported on the System's statement of net position, was approximately \$44.7 million as of September 30, 2019.

T. SUBSEQUENT EVENTS

On December 5, 2019, the Board issued \$103,805,000 Taxable Sales Tax Revenue Refunding Bonds, Series 2019. The proceeds of the bonds, together with cash on hand, will be used to advance refund all remaining outstanding Sales Tax Revenue Refunding Bonds, Series 2012B, in the amount of \$96,425,000. The refunding transaction results in a cash flow savings of \$11,795,510 over the life of the remaining maturities, and a net present value debt service savings of \$10,199,499, discounted at 2.53%. The refunded Series 2012B Bonds will be called on January 1, 2022.

Orange County Housing Finance Authority

During the period October 1, 2019 through January 31, 2020, pursuant to various trust indentures, the Orange County Housing Finance Authority called for partial redemptions of bonds in the aggregate amount of \$1,723,063. The bonds were called at the redemption price equal to par value plus accrued interest.

On January 1, 2020, the Orange County Housing Finance Authority, Multifamily Housing Revenue Bonds 2017, Series C, were fully redeemed totaling \$6,275,000 in principal amount, plus accrued interest.

SPECIAL REVENUE FUNDS

Special Tax Equalization District is for public safety services financed with revenues generated from ad valorem property taxes levied in the Municipal Service Taxing Unit (MSTU) which encompasses the unincorporated area of the County, the County's communications services tax, and operating transfers from other funds.

Court Facilities Fee is for certain court service fees and surcharges earmarked to be used for court facilities.

Teen Court is for certain court fees and fines to be used for operating costs of the Teen Court program.

Court Technology is for a portion of the service fees for recording documents in the County's Official Records, to be used for court-related technology needs.

Local Court Programs is for certain court fees to be used to fund various court-related programs including legal aid programs, a law library, juvenile court programs, and other local court programs.

Building Safety is to ensure public safety through the enforcement of construction codes, financed primarily from building permits and inspections.

Crime Prevention is for court fines collected which are dedicated for the use of crime prevention programs within the County.

Law Enforcement Education is for statutorily defined law enforcement education expenditures financed by fines levied in accordance with State statute and local ordinance.

Law Enforcement Trust is for law enforcement expenditures financed with forfeited funds originating from illegal activities.

911 Fee is for fees collected on telephone lines in the County, and for fees distributed from the State as collected from wireless telephone subscribers within the County. The funds are used for 911 emergency telephone systems.

OBT Local Government Neighborhood Improvement District (NID) is for specified revenues used for public safety improvements in a designated area adjacent to Orange Blossom Trail (OBT). The District is a blended component unit of the Board.

Pine Hills Local Government Neighborhood Improvement District (NID) is for specified revenues used for public safety improvements in a designated area within Pine Hills. The District is a blended component unit of the Board.

Inmate Commissary is for funds generated by the Board's jail commissary operation, held and expended for the benefit of inmates, pursuant to the requirements of Florida Statutes.

Continued

SPECIAL REVENUE FUNDS, Continued

Mandatory Refuse Collection is for collection of assessments for charges for services and expenditures of funds relating to the refuse collection and recycling for specified residential units in the unincorporated areas of the County.

Air Pollution Control is for funds received by the Board from the 50-cent fee charged on the sale of each vehicle registration, and 80% of the inspection fees charged by the State for asbestos removal projects. The funds are used for local air pollution control and asbestos removal programs.

Water and Navigation Control Districts are for boating regulation and control of lakes Conway and Windermere, financed by special ad valorem property taxes levied on properties surrounding these lakes. These Districts are blended component units of the Board.

Aquatic Weed Taxing Districts are for lake weed control financed by special ad valorem property taxes levied on properties surrounding certain lakes.

Aquatic Weed Non-tax Districts are for lake weed control projects operated on a contributory basis.

Conservation Trust is for moneys collected as compensation for habitat loss in conjunction with land development and used for the purchase, improvement, creation, restoration and replacement of natural habitats within the County.

Pollutant Storage Tank is for penalties collected from violators of regulations relating to above ground and below ground storage tanks. The funds are used for administration of the program.

Municipal Service Districts are for assessments for minor capital improvements, and for charges for services providing for streetlighting, right-of-way maintenance, recreation, and retention pond maintenance.

Local Option Gas Tax is for specific road improvements and maintenance utilizing the Board's portion of the six-cent local option gas tax.

Constitutional Gas Tax is for acquisition, construction, and maintenance of roads, utilizing the 80% portion of constitutional gas tax proceeds.

Transportation Trust is for road system expenditures which are financed by the 20% portion of constitutional gas tax, the county gas tax allocated to the County, a portion of the Board's half-cent sales tax revenues, and other designated revenues.

International Drive Community Redevelopment Agency is for incremental ad valorem property tax revenues generated by new or expanded development within the International Drive redevelopment area. Moneys are designated to be used for revitalization projects in the area. The Agency is a blended component unit of the Board.

Continued

SPECIAL REVENUE FUNDS, Continued

Local Housing Assistance (SHIP) is for funds distributed from the State under the State Housing Initiatives Partnership Act. The purpose of this program is to provide for the creation and preservation of affordable housing and to assist with affordable housing recovery efforts needed as a result of hurricane damage.

OBT Community Redevelopment Agency is for incremental ad valorem property tax revenues generated by new or expanded development within the redevelopment area surrounding the Orange Blossom Trail. Moneys are designated to be used for revitalization projects in the area. The Agency is a blended component unit of the Board.

School Impact Fees is for fees collected countywide for growth-related capital improvements to the public school system. The public school system is not a part of the Board government entity.

Drug Abuse Trust is for court fees from cases involving drug-related misdemeanor crimes, to be used for drug abuse treatment and education programs.

Driver Education Safety is for certain fines collected from civil traffic violations. The funds are used to support driver education programs in schools within the County.

Animal Services Trust is for public and private donations, and collections from a \$2 surcharge on civil penalties imposed by the courts, used respectively for providing for the welfare of animals and the training of animal services officers.

Parks is for certain countywide ad valorem property tax revenues and a portion of public service tax revenues dedicated for parks improvements and programs pursuant to the requirements established by the Board in the ad valorem property tax levy resolution and the public service tax ordinance.

Boating Improvement Program is for boat registration fees collected by the State and distributed to the Board for the purpose of providing recreational channel marking, public launching facilities and other boating-related improvements.

Grants is for projects and programs which are financed in whole or in part by agencies of the Federal Government, State of Florida, and local governments.

Fire Protection MSTU is presented as a major fund in the governmental fund financial statements and, as such, is not included in these supplementary combining statements and schedules. The fund accounts for expenditures for fire protection and emergency medical services financed with revenues generated from ad valorem property taxes levied in the MSTU, as well as service fee revenues.

DEBT SERVICE FUNDS

Capital Improvement Bonds is for debt service payments on the Capital Improvement Refunding Revenue Bonds, Series 2009. Pledged revenue for debt service on the bonds is Board receipts from the State Revenue Sharing Trust Fund provided by Chapter 218, Florida Statutes, in an amount equal to 50% of revenue received from this source in the immediately preceding fiscal year.

Public Facilities Bonds is for debt service payments on the Public Facilities Revenue Bonds, Series 1994A. The primary revenue source is miscellaneous designated revenues of the General Fund, transferred in for required debt service payments.

Public Service Tax Bonds is for debt service payments on the Public Service Tax Refunding Revenue Bonds, Series 2013. The primary revenue source is the public service tax levied by the Board on utilities services sold or consumed in the unincorporated area.

Orange County Promissory Note is for debt service payments on the Series 2010 Promissory Note. The primary revenue source is from a surcharge on traffic violations within the County.

Sales Tax Trust is presented as a major fund in the governmental fund financial statements and, as such, is not included in these supplementary combining statements. The budgetary comparison schedule is included in this section, to demonstrate compliance with budgetary restrictions. The fund accounts for debt service payments on the Sales Tax Revenue Refunding Bonds, Series 2012B, Series 2012C, Series 2015A; and the Sales Tax Revenue Bond, Series 2015. The primary revenue source is the Board's one-half cent share of the State sales tax collected in Orange County.

CAPITAL PROJECTS FUNDS

Law Enforcement Impact Fees is for fees collected in the unincorporated areas of the County to be used for growth-related law enforcement capital expenditures.

Fire Impact Fees is for fees collected in the unincorporated areas of the County to be used for growth-related improvements to fire protection facilities and equipment.

Transportation Impact Fees is for fees collected in the unincorporated areas of the County to be expended on the acquisition or expansion of growth-related transportation capital assets.

Parks and Recreation Impact Fees is for fees collected countywide for growth-related capital improvements to the parks and recreation facilities throughout the County.

Miscellaneous Construction Projects is for the acquisition and construction of various minor projects and facilities which are funded by a portion of the countywide ad valorem property tax levy.

ENTERPRISE FUNDS

Convention Center is for the operation of the Orange County Convention Center and its functions. It also serves to administer debt service payments on all outstanding Tourist Development Tax Revenue and Refunding Revenue Bonds, which were issued to construct and expand the Center and to finance sports and cultural venues owned by the City of Orlando. The primary revenue sources are Center operating revenues and pledged tourist development taxes.

Solid Waste System is for the facilities and administration relating to the sanitary disposal of solid waste (refuse). The primary revenue source is System operating revenues.

Water Utilities System is for the facilities and administration relating to residential and commercial water and wastewater services provided to various sections of the County, including debt service payments on all outstanding Water and Wastewater Utility Revenue Bonds and the State Revolving Loans. Bond and loan proceeds have been used to construct system assets. The primary revenue source is System operating revenues.

The three enterprise funds are presented as major funds of the Board; thus, the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Fund Net Position, and the Statements of Cash Flows are included in the basic financial statements. The budgetary comparisons for these funds are presented as supplementary information in this sub-section to demonstrate compliance with budgetary restrictions.

INTERNAL SERVICE FUNDS

Risk Management is for self-insured workers' compensation, public liability, and comprehensive property coverage for the Board and all constitutional officers, except for the Sheriff. Revenues are generated from user fees and charges.

Fleet Management is for services relating to a scheduled preventive maintenance program and the repair of vehicles with revenues generated from user fees and charges.

Employee Benefits is for medical, life, and disability insurance for employees and qualified retirees of the Board, four other small local governmental agencies, and all constitutional officers except for the Sheriff. The costs of group insurance is jointly paid by employees, employers, and retirees. Health insurance claims incurred since January 1, 2007 are on a self-insurance basis.

AGENCY FUNDS

Special Trust and Agency is for amounts held in a fiduciary or escrow capacity on behalf of third parties, such as deposits from developers held pending satisfactory performance on specific construction projects.

Work Release Deposits is for personal funds of inmates in the work release program.

Inmate Trust is for personal funds of inmates held by the Board's Corrections Department.

Wall MSBU is for debt service transactions associated with special assessment debt for which the Board is not obligated in any manner. Assessments from affected property owners are received into the fund, and used for principal and interest payments on bank loans. The loans financed construction of screen walls in certain subdivisions.

Sanford-Burnham Institute was for disbursing Grant Agreement funds received from the Board, the City of Orlando, and the Lake Nona Land Company ("Funding Parties") to the Sanford-Burnham Medical Research Institute for construction of a new medical research facility. During Fiscal Year 2018, the Funding Parties ended their agreement with the Sanford-Burnham Institute and distributed remaining funds to the Funding Parties in Fiscal Year 2019 based on their proportionate share, and the fund was closed.

**Report of Independent Auditor on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Honorable Mayor and Board of County
Commissioners of Orange County, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund, the aggregate discretely presented component units, and aggregate remaining fund information of the Orange County, Florida Board of County Commissioners (the "Board") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated March 11, 2020. We also have audited the financial statements of each of the Board's nonmajor governmental, internal service and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2019. Our report includes a reference to other auditors who audited the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., as described in our report on the Board's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Cheryl Behrman LLP". The signature is written in a cursive, flowing style.

Orlando, Florida
March 11, 2020

Independent Auditor's Management Letter

To the Honorable Mayor and Board of County,
Commissioners of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of each major fund and aggregate remaining fund information of the Orange County, Florida Board of County Commissioners (the "Board") as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated March 11, 2020. We also have audited the financial statements of each of the Board's nonmajor governmental, internal service and fiduciary funds and the aggregate discretely presented component units presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2019. We did not audit the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 89%, 48%, and 38%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the aggregate discretely presented component units, insofar as it relates to the amounts included for the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., is based solely upon the reports of the other auditors.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* ("Uniform Guidance"); and Chapter 10.550, Rules of Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control over Compliance Required by Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Schedule of Findings and Questioned Costs; and Report of Independent Accountant on Compliance with Local Government Investment Policies and E911 Requirements of Sections 365.172 and 365.173, Florida Statutes. Disclosures in those reports and schedule, which are dated March 11, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address the findings and recommendations made in the preceding annual financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such disclosure is included in notes to the financial statements.

Financial Management

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3, Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

**Report of Independent Accountant on Compliance
With Local Government Investment Policies**

To the Honorable Mayor and Board of County
Commissioners of Orange County, Florida:

We have examined the Orange County, Florida Board of County Commissioners (the "Board") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management of the Board is responsible for the Board's compliance with the specified requirements. Our responsibility is to express an opinion on the Board's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Board complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Board complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Board's compliance with the specified requirements.

In our opinion, the Board complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida

**CLERK OF THE CIRCUIT AND
COUNTY COURTS**

ORANGE COUNTY, FLORIDA

FINANCIAL STATEMENTS

Year Ended September 30, 2019

Report of Independent Auditor

To the Honorable Tiffany Moore Russell,
Clerk of the Circuit and County Courts of Orange County, Florida:

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Orange County, Florida Clerk of the Circuit and County Courts (the "Clerk") as of and for the year ended September 30, 2019, and the related notes to the financial statements, as listed in the table of contents. We also have audited the Other Postemployment Benefits Trust Fund, as displayed in the Clerk's financial statements, and the financial statements of each of the Clerk's agency funds as of and for the year ended September 30, 2019, presented as other supplementary information in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Clerk, as well as of the Other Postemployment Benefits Trust Fund, as of September 30, 2019, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each agency fund of the Clerk as of September 30, 2019, and the respective changes in assets and liabilities thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Limitation of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each fund of Orange County, Florida that is attributable to the Clerk. They do not purport to, and do not, present fairly the financial position of Orange County, Florida as of September 30, 2019, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the supplementary information on pages 19 through 24, including the budgetary comparison information, the schedule of changes in net OPEB liability and related ratios, the schedule of employer contributions, and the schedule of investment returns OPEB, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated January 24, 2020 on our consideration of the Clerk's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clerk's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Clerk's internal control over financial reporting and compliance.

ORANGE COUNTY, FLORIDA
CLERK OF THE CIRCUIT AND COUNTY COURTS
S I C S

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies

The reporting entity is Orange County, Florida, Clerk of the Circuit and County Courts. The Clerk is a separately elected county official elected pursuant to the constitution of the State of Florida. The Clerk's financial statements do not purport to reflect the financial position or the result of operation of Orange County, Florida. The County Treasurer's financial statements of the Clerk have been prepared in accordance with the accounting principles and reporting guidelines established by the Governmental Accounting Standards Board (GASB).

The entity is established for financial reporting purposes in accordance with GASB Statement No. 34, amended. Although the Clerk's office is operationally autonomous and legally separate from the Board, it does not hold sufficient corporate power of itself to be considered a separate entity for financial reporting purposes. Therefore, under GASB guidelines, the Clerk is reported as a part of the primary government of the County.

Assets of the County are reported for reporting purposes on the basis of governmental fund and fiduciary fund.

General Fund is the general fund used to account for all revenues and expenditures applicable to the general operation of the Clerk.

Special revenue funds are special revenue funds used to account for the proceeds of specific revenues that are legally restricted or committed to expenditures for specified purposes. The Board of Modernization, created by the Clerk, is established pursuant to an act of the Florida Legislature. The fees of the additional reordining fees are collected by the Orange County, Florida, Comptroller's Office, a constitutional officer, and are earmarked for the modernization of reordining services. The fees are collected by the Orange County, Florida, Comptroller's Office and are earmarked for the Clerk's voluntary needs. The Board of Foreclosure Administration and the Board of Foreclosure Administration are authorized by Florida Statute to collect the fees on any surplus proceeds from a mortgage foreclosure sale. Proceeds from these fees may only be used for purposes of education. The public assets of the Clerk are owned by the Clerk's property in the mortgage foreclosure administration and the Board of Foreclosure Administration. The Clerk has the intention to collect the funds into the next three years.

Fiduciary funds are fiduciary funds of the Clerk, including retirement benefits and are used to account for the receipt and disbursement of assets held in trust for participants of the Clerk's retirement benefit plan and a pension fund. These are used to account for assets held by the Clerk as a trust.

The measurement basis of accounting and financial statement presentation of the Clerk's financial statements are prepared for the purpose of complying with Section 218.01, Florida Statute, and Chapter Rule of the Auditor General, which requires the Clerk to only present fund financial statements.

The general fund and special revenue fund are governmental funds. The current financial reporting measurement for the modified accrual basis of accounting. Revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible in the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers an amount collectible on a certain day after year-end and amount collectible on all other government funds on a certain day after year-end to be available and to be recognized in the current year.

ORANGE COUNTY, FLORIDA
CLERK OF THE CIRCUIT AND COUNTY COURTS
S I C S S

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies (continued)

Expenditures generally are recorded on a liability incurred basis under a accrual accounting system. Expenditures related to compensated services and claims and judgments are recorded only when payment is due.

The clerk reports the general and the utility Reorder Modernization Fund and the Port Authority Core Location Fund and a major governmental fund as special funds. These funds are auxiliary in nature and do not in themselves represent the result of operations. Related assets and liabilities are measured on the accrual basis of accounting. The other employment benefit fund and the Florida Economic Development Corporation are measured on the cash basis of accounting. The Florida Economic Development Corporation's accounting principles used are similar to those applied to the utility and the Port Authority funds maintained on the accrual basis of accounting. In addition, these funds are recognized when earned and deductions are recognized when incurred.

The fee schedule is a result of Resolution No. 2011-01 of the Commission of the State of Florida, the passage of Senate Bill 1000 and the reissuance of numerous Sections of Florida Statute collectively titled the Clerk's Fee Schedule. The fee schedule is an entirely fee-based constitutional provision.

The fee schedule is a result of the passage of Senate Bill 1000 and the fee schedule is a part of the state appropriation process. The fee schedule is a predetermined part of a state-wide appropriation to all State of Florida Clerks of Court.

The fee schedule is a result of the passage of Senate Bill 1000. The fee schedule returned to the fee schedule is an entirely fee-based constitutional provision. In accordance with the bill, the fee schedule is an entirely fee-based constitutional provision.

The clerk's operations are related to court-related and non-court-related activities as defined in Article IV, Section 1 of the State of Florida. Court-related revenues over court-related expenditures of September each year are paid to the State of Florida Department of Revenues. The revenues of non-court-related revenues over non-court-related expenditures are reflected as a liability to the Finance Board of County Commissioners.

Under a presentation, all fund balances of the governmental fund are classified as restricted. The classification includes amounts that are expended only for specific purposes, the execution of constitutional provisions, or enrollment in litigation or the execution of constraints that are externally imposed by creditors, grantors, contributors or the legal jurisdiction of other government.

Budgetary requirements and expenditures are controlled by appropriation in accordance with the budgetary requirements set forth in the Florida Statute. The budget is prepared on the modified accrual basis of accounting. The liability is a contingent liability. Accounting principles generally accepted in the United States of America.

The Florida Clerk of Court Corporation approved the budget for the clerk's court-related activities for the fiscal year ended September 30, 2019. The clerk is not required to submit non-court-related activities budget for approval. The budget is collectively comprised of the clerk's general and budget. The clerk is not required to submit the special revenue fund budget for approval. The clerk's general and non-court-related budget and the utility Reorder Modernization Fund and budget are not included in the amount of the budget and are separately reported in the budget amendment.

ORANGE COUNTY, FLORIDA
CLERK OF THE CIRCUIT AND COUNTY COURTS

Note 4 Retirement system

Administration of the employee participation in the Florida Retirement System (RS) provided by Chapter 218, Florida Statute, the RS provides to our multiple employer defined benefit plan administered by the Florida Department of Management Services (DMS) Division of Retirement Administration (DRA) the RS enrollment and the Retiree Health Insurance Subsidy (IS) plan under Section 218.05, Florida Statute, the RS also provides a defined contribution plan. In the event an alternative to the RS enrollment is administered by the State Board of Administration.

A general rule member in the RS is compulsory for all employees or individuals regularly employed position for a state agency, county government, district, school board, state university, community college or a participating city or special district in the State of Florida. The RS provides retirement and disability benefit annual cost of living adjustment and death benefit to plan members and beneficiaries. Benefits are established by Chapter 218, Florida Statute and Chapter 218.05, Florida Administrative Code. Amendment to the law has been made only by an act of the Florida Legislature.

Benefits under the enrollment are computed on the basis of a member's final compensation and either credited or enrollment member enrolled before July 1, 1997. Regular law members who retire at or after age 65 at least 1 year of credited service or 10 years of service regardless of age are entitled to a retirement benefit payable monthly for life equal to 80% of their final average compensation based on the first 5 years of salary for each year of credited service. Elected members at least 10 years of service may retire before age 65 and receive reduced retirement benefit. Senior Management Services Law members who retire at or after age 65 at least 1 year of credited service or 10 years of service regardless of age are entitled to a retirement benefit payable monthly for life equal to 80% of their final average compensation based on the first 5 years of salary for each year of credited service. Elected members who retire at or after age 65 at least 1 year of credited service or 10 years of service regardless of age are entitled to a retirement benefit payable monthly for life equal to 80% of their final average compensation based on the first 5 years of salary for each year of credited service. Substantial amendments were made to the enrollment during fiscal year 2019. Affected members enrolled on or after July 1, 2019 are subject to the 5-year requirement to elect 1 year of credited service and in the event of normal retirement to age 65 or 10 years of service regardless of age. 100% of the final average compensation for the member is based on the first 5 years of salary.

ORANGE COUNTY, FLORIDA
CLERK OF THE CIRCUIT AND COUNTY COURTS
S I C S S

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 4 Retirement system (continued)

The IS plan provides a monthly benefit to a participant retiree in payment for their health insurance and administrative costs. The Florida Department of Financial Services Division of Retirement provides the retiree and beneficiary with a monthly health insurance premium payment of \$100 for each year of creditable service. It also provides a minimum payment of \$100 per month. The IS plan is funded by required contributions from RS participating employee and former employees. The Florida Legislature has adopted a percentage of gross compensation for all active RS members.

In addition to the above benefit, the RS administrator offers a Deferred Retirement Option Plan (DROP) program. This program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a RS employer for a period not to exceed 18 months after election to participate. Deferred monthly benefits are held in the RS trust fund and accrue interest. There are no required contributions by the RS participant.

For those members who elect participation in the Incentive Plan, the rate of contribution is 10% of the employee's salary for the first year of service. The participant receives a contribution for self-direction in an incentive product. The third party administrator elected by the State Board of Administration, employer and employee contributions in a lump sum amount contributed to individual member accounts are defined by the ultimate benefit depend on the performance of the incentive fund. Benefit terms in a lump sum contribution requirement for the Incentive Plan are established and may be amended by the Florida Legislature. The Incentive Plan is funded by the same employer and employee contribution rates that are based on salary and membership. The Regular Local Government Employees' Retirement System defined benefit plan contributions are directed to individual member accounts and the individual member allocates contributions and account balance among various approved investments. The cost of administering the plan in a lump sum financial guidance program are funded through an employer contribution of 1% of payroll and a forfeited benefit of plan members.

The net pension expense is an amount equal to the amount paid to the pension plan for the IS plan and the defined contribution plan amounting to \$100 million and \$100 million respectively for the fiscal year ended September 30, 2019. The net pension expense is the net pension liability associated with the pension plan and IS plan amounted to \$100 million and \$100 million respectively. The net pension liability is not legally required to and does not accumulate a liability. The net pension liability is required to liquidate the retirement obligation related to the employee. Ordinarily, the net pension liability and associated deferred outflows and deferred inflows are presented on the government's financial statement of the county. The net pension liability is required to follow GASB Statement No. 27, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68.

Unfunded obligations of all enrolled members of the RS pension plan are required to contribute 10% of their salary to the RS. In addition to member contributions, governmental employers are required to make contributions to the RS based on the established contribution rate. The employer contribution rate is 10% for the period from 2010 to 2019. The net pension liability is required to liquidate the retirement obligation related to the employee. Ordinarily, the net pension liability and associated deferred outflows and deferred inflows are presented on the government's financial statement of the county. The net pension liability is required to follow GASB Statement No. 27, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68.

ORANGE COUNTY, FLORIDA

S I C S S

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 4 Retirement system (continued)

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the RS. The latest available report may be obtained by visiting the State of Florida Division of Retirement Department of Management Services website at dm.myflorida.com or for e operation retirement publication.

Note 5 Insurance coverage

Orange County maintains a self-insurance program that provides for coverage of substantially all risks of self-insurance in insurance policies. It is a commercial carrier also in force for claim settlement. The amount available to fund the self-insurance program during the fiscal year is a portion of the assessed no-claim settlement in the self-insurance coverage during the fiscal year ended September.

Additionally, Orange County maintains a self-insured plan for employee medical benefit. The plan covers all regular employees and certain retirees and former employees of the County and their eligible dependent. In accordance with the Florida law, the lifetime maximum for a covered individual is unlimited. The self-insured plan for employee medical benefit during the fiscal year is a portion of the

Note 6 Other Postemployment Benefit (OPB) Plan

As described, the plan offers a defined benefit plan. The plan is a defined benefit plan that provides a monthly benefit for retired employees and eligible dependents. Retirees receive at least one year of service under the plan. Employees are eligible to receive a monthly benefit of five dollars per year of service up to a maximum of \$100 per month. Additionally, the plan allows employees to retire and immediately receive a benefit from the RS as an option of continuing in the County health insurance plan at the same group rate as for a full-time employee.

In accordance with the Florida law, the Orange County Clerk of the Circuit and County Court Retiree Health Insurance Study Report is a qualified trust and is an unfunded liability. Separate stand-alone financial statements for the trust are not prepared.

Members covered under the terms of the September 30, 2019 study are the date of the actuarial study to follow in employee service over the benefit term.

The actuarial valuation of the reported amount includes the actuarial valuation of the reported amount and a lump sum payment.

ORANGE COUNTY, FLORIDA
 CLERK OF THE CIRCUIT AND COUNTY COURTS
 SERVICES

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 6 Other Postemployment Benefit (OPB) Plan (continued)

Assumptions for financial reporting purposes are based on the benefit provided under terms of the ultimate plan. The plan administrator and the plan members in effect at the time of each valuation and on the pattern of contributions of both the employer and plan members to that point. The projection of benefit for financial reporting purposes does not explicitly incorporate the potential effect of legal or contractual funding limitations on the pattern of contributions of the employer and plan members in the future. Actuarial valuations reflect a long-term perspective. Assumptions are based on the actuarial method and assumptions used in the actuarial valuation that are designed to reduce the effect of short-term volatility in actuarial assumptions and the actuarial value of assets.

Actuarial methods are:

Actuarial method	Country's normal
actuarial method	air value

Actuarial assumptions are:

General inflation	
Projected annual salaries in real	
earnings are not trend rate	
	Real in real of and post
	in real of for the financial year
	relative to an ultimate rate of for the
	financial year

Mortality rates are based on the ultimate expected general table projected by the Society of Actuaries as of September 30, 2019 measurement date.

The claim and trend used for the actuarial valuation are the same as those used for the county government and were developed based on the actual county population and experience. The assumptions noted above are applicable for the valuation as of September 30, 2019.

The discount rate used in the trust are not directly indexed and are assumed to reflect the long-term rate of return on the trust assets. The discount rate used to determine the total liability is equal to the expected rate of return applied to the assets in the trust fund. The long-term expected rate of return on the plan investment as of September 30, 2019 measurement date is 4.5% and decreased to 4.0% as of September 30, 2019 measurement date.

Sensitivity of the net liability to changes in the discount rate is shown in the following table. The net liability would be affected if the assumptions were varied in a discount rate at the lower or higher than the current discount rate of 4.5% as of September 30, 2019.

<u>4.0%</u>	<u>4.5%</u>	<u>5.0%</u>
Current Rate	Current Rate	Current Rate

 S I C S S

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 6 Other Postemployment Benefit (OPEB) Plan (continued)

Sensitivity of the liability to changes in the actuarial assumptions used in the present value of the liability of the plan is as follows: A one percentage point increase in the discount rate would decrease the liability by \$1.2 million, a one percentage point decrease in the discount rate would increase the liability by \$1.2 million, and a one percentage point increase in the mortality rate would increase the liability by \$0.1 million.

Decrease Current Rate Increase

The expense and deferred outflow of resources and deferred inflow of resources related to the year ended September 30, 2019 are as follows: The expense of \$1.2 million on a pay a you basis is the expense related to the plan presented on the county government statement of activities for the year ended September 30, 2019. The deferred outflow of resources and deferred inflow of resources related to the plan are as follows:

	Deferred Outflow of Resources	Deferred Inflow of Resources
Difference between expected and actual experience		
Net difference between projected and actual earnings on plan investments		
Change of assumptions		
Total		

Amount recognized as deferred outflow of resources and deferred inflow of resources related to the year ended September 30, 2019 are as follows:

Year ended September

Hereafter
 Total

ORANGE COUNTY, FLORIDA

SUPPL M TAR R PORTS

Report of Independent Auditor on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance
with Government Auditing Standards

To the Honorable Tiffany Moore Russell,
Clerk of the Circuit and County Courts of Orange County, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Orange County, Florida Clerk of the Circuit and County Courts (the "Clerk") as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated January 24, 2020 for the purpose of compliance with Section 21.39(2), Florida Statutes, and Chapter 10.550, Rules of the Auditor General – Local Governmental Entity Audits. We also have audited the Other Postemployment Benefits Trust Fund, as displayed in the Clerk's financial statements, and the financial statements of each of the Clerk's agency funds, presented as other supplementary information, as of and for the year ended September 30, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

ompliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Cheryl Behrman LLP".

Orlando, Florida
January 24, 2020

Independent Auditor's Management Letter

To the Honorable Tiffany Moore Russell,
Clerk of the Circuit and County Courts of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of the Orange County, Florida Clerk of the Circuit and County Courts (the "Clerk") as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated January 24, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies, Article Requirements and Depository Requirements of Sections 218.415, 218.35, 218.36 and 61.111, Florida Statutes, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 24, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Signature and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Clerk is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Clerk.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

urpose of this letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Handwritten signature in black ink that reads "Cheryl Behrman CPA". The signature is written in a cursive style.

Independent Accountant's Report on Compliance with Local Government
Investment Policies Article Requirements and Depository Requirements
of Sections and Florida Statutes

To the Honorable Tiffany Moore Russell,
Clerk of the Circuit and County Courts of Orange County, Florida:

We have examined the Orange County, Florida Clerk of the Circuit and County Courts' (the "Clerk's") compliance with the local government investment policy requirements of Section 21.415, Florida Statutes, Article requirements of Sections 2.35 and 2.36, Florida Statutes, and requirements of Section 61.11, Florida Statutes, during the year ended September 30, 2019. Management of the Clerk is responsible for the Clerk's compliance with those specific requirements. Our responsibility is to express an opinion on the Clerk's compliance with these specific requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Clerk complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Clerk complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Clerk's compliance with the specified requirements.

In our opinion, the Clerk complied, in all material respects, with the local investment policy requirements of Section 21.415, Florida Statutes, Article requirements of Section 2.35 and 2.36, Florida Statutes and requirements of Section 61.11, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 21.415, Florida Statutes, Article requirements of Sections 2.35 and 2.36, Florida Statutes, requirements of Section 61.11, Florida Statutes and Rules of the Auditor General.

Orlando, Florida
January 24, 2020

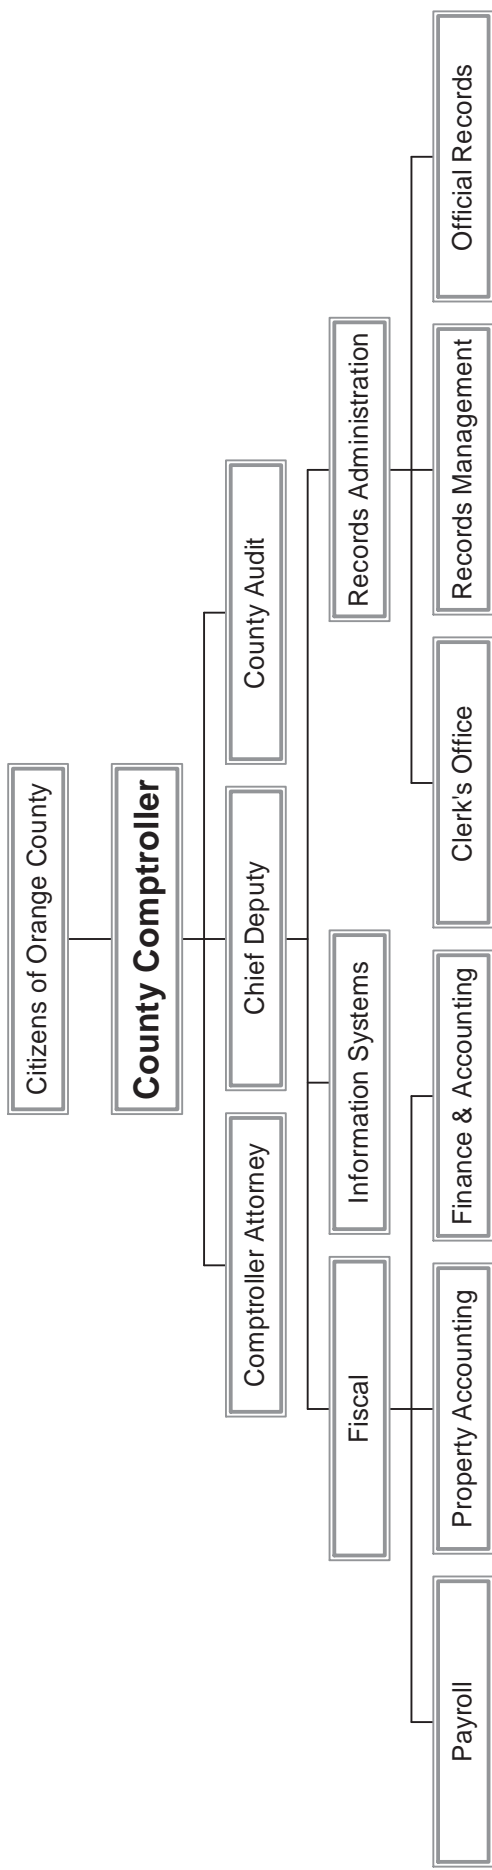

COMPTROLLER
ORANGE COUNTY, FLORIDA

FINANCIAL STATEMENTS

Year Ended September 30, 2019

Orange County Comptroller's Office

Report of Independent Auditor

To the Honorable Phil Diamond,
Comptroller of Orange County, Florida:

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Orange County, Florida Comptroller (the "Comptroller") as of and for the year ended September 30, 2019, and the related notes to the financial statements, as listed in the table of contents. We also have audited the financial statements of each of the Comptroller's agency funds as of and for the year ended September 30, 2019, presented as other supplementary information in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Comptroller, as of September 30, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each agency fund of the Comptroller as of September 30, 2019, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each fund of Orange County, Florida that is attributable to the Comptroller. They do not purport to, and do not, present fairly the financial position of Orange County, Florida as of September 30, 2019, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 18 and 19 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the Comptroller's financial statements. The organizational chart is presented for purposes of additional analysis and is not a required part of the financial statements.

The organizational chart has not been subjected to the auditing procedures applied in the audit of the Comptroller's financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated January 24, 2020 on our consideration of the Comptroller's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Comptroller's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Comptroller's internal control over financial reporting and compliance.

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Orange County Comptroller (Comptroller) is a separately elected officer of Orange County, Florida (County), established pursuant to the Constitution of the State of Florida. The Comptroller's duties include serving the Board of County Commissioners (Board) and the public in the areas of financial services, audit, and records administration. The Comptroller's financial statements do not purport to reflect the financial position or the results of operations of the County as a whole. The financial statements of the Comptroller have been prepared in accordance with the accounting principles and reporting guidelines established by the Governmental Accounting Standards Board (GASB).

Entity status for financial reporting purposes is governed by GASB Statement No. 14, as amended. Although the Comptroller's Office is operationally autonomous and legally separate from the Board, it does not hold sufficient corporate powers of its own to be considered a separate entity for financial reporting purposes. Therefore, under GASB guidelines, the Comptroller is reported as a part of the primary government of the County.

The following is a summary of the significant accounting principles and policies used in the preparation of the accompanying financial statements.

Description of Funds:

The accounting records are organized for reporting purposes using Governmental Funds and Fiduciary Funds.

Governmental Funds:

General Fund:

The General Fund is used to account for all revenues and expenditures applicable to the general operations of the Comptroller which are not accounted for in another fund. All general operating revenues that are not restricted as to use by outside sources are recorded in the General Fund. The General Fund, presented as a major fund, uses a current financial resources measurement focus -- that is, the focus is upon determination of sources, uses and balances of current financial resources rather than upon net income determination.

Continued

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Special Revenue Funds:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. Like the General Fund, Special Revenue Funds use the current financial resources measurement focus.

Public Records Modernization Trust Fund: This fund was established pursuant to an act of the 1987 Florida Legislature. The fund, presented as a major fund of the Comptroller, accounts for certain recording fees that are restricted for modernizing the public records system of the office.

Fiduciary Funds:

The Fiduciary Funds of the Comptroller consist of Agency Funds, which are used to account for assets held by the Comptroller as an agent for individuals or other governmental agencies. Agency Funds are custodial in nature and do not involve measurement of results of operations. Specific Agency Funds used by the Comptroller are as follows:

Documentary and Intangible Tax Fund: The Comptroller acts as a collection agent for the State of Florida with regard to Documentary Stamp and Intangible Taxes.

Lien Escrow Fund: This fund accounts for assets held for individuals who are seeking court resolutions to liens filed against their property.

Tax Deed Sales Fund: This fund accounts for amounts due to individuals which are received during the tax deed auction sales.

Comptroller Employees Fund: This fund accounts for assets derived from vending machine proceeds and fund raising activities, and are held for employees' activities. All vending sales are made to employees, which fully covers the cost of the equipment and operations.

Court Technology Fees Fund: This fund accounts for the portion of recording fees that are collected on behalf of the Board, the Clerk of the Circuit and County Courts, and the Florida Association of Court Clerks, to be used for court-related technology improvements.

Tax Deed Deposits Fund: This fund accounts for assets held for individuals seeking to participate in tax deed auctions.

Continued

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Basis of Accounting and Financial Statement Presentation:

The Comptroller's financial statements are prepared in accordance with Section 218.39(2), Florida Statutes, and Chapter 10.550, *Rules of the Auditor General - Local Governmental Entity Audits*, which only require the Comptroller to present fund financial statements. The accounts of the Governmental Funds are maintained on the modified accrual basis of accounting. Under this basis, expenditures are recorded at the time liabilities are incurred and revenues are recorded when they are considered both measurable and available and as such, susceptible to accrual. For this purpose, the Comptroller considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. The extent to which General Fund revenues exceed General Fund expenditures is reflected as a liability to the Board in compliance with Florida Statutes. Agency Funds use the accrual basis of accounting to report assets and liabilities.

Use of Estimates:

The preparation of financial statements requires management to make use of estimates that affect reported amounts. Actual results could differ from estimates.

Fund Balance Presentation:

In accordance with GASB Statement No. 54, fund balances of the Governmental Funds are classified as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

Restricted: This classification includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.

Unassigned: This classification represents the residual fund balance that does not meet other fund balance classification requirements. The negative balance exists since there is a nonspendable balance in prepaid costs and since all excess fees are returned to the Board.

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Budgetary Requirements:

Expenditures are controlled by budget appropriations in accordance with requirements set forth in the Florida Statutes. The budgeted revenues and expenditures in the accompanying financial statements were prepared on a basis consistent with generally accepted accounting principles (GAAP), except for certain contributed goods and services further described below.

Some data processing services are provided to the Comptroller by the Board's Information Systems and Services Division (ISS). ISS expenditures are funded in the Board's General Fund, at no direct charge to the Comptroller. However, in order to provide full disclosure of the costs of operation of the Comptroller, the total value of data processing services provided for the 2019 fiscal year by the Board has been reflected as a revenue and expenditure in the Comptroller's operating statement. The cost of the ISS services to the Comptroller is calculated in the County's annual Cost Allocation Plan. No budget has been provided for such data processing services.

The Board also provides at no direct charge all office space and utilities to the Comptroller and an actuarially determined contribution for other postemployment benefits (OPEB). As with data processing services provided by the Board, the total value of office space and utilities and the OPEB contribution provided for the 2019 fiscal year by the Board has been reflected as a revenue and expenditure in the Comptroller's operating statement. Valuation of office space and utilities is calculated by the Board's Real Estate Management Division based on current market rates for office space with utilities. No budget has been provided for the value of office space and utilities or for the OPEB contribution.

For the 2019 fiscal year, the following adjustments were necessary to present the actual data on a budgetary basis for the General Fund:

	<u>Revenues</u>	<u>Expenditures</u>
GAAP basis	\$ 27,249,474	\$ 21,021,540
Non-budgeted contributed goods and services	<u>(2,911,490)</u>	<u>(2,911,490)</u>
Non-GAAP budgetary basis	<u>\$ 24,337,984</u>	<u>\$ 18,110,050</u>

Continued

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Cash and Cash Equivalents and Investments:

The Comptroller's cash and cash equivalents consist of cash on hand, demand deposits, and highly liquid investments with a maturity of 90 days or less when purchased. All investments are stated at fair value, which is based on quoted market prices, except for money market mutual funds, which are stated at amortized cost.

Capital Assets:

Tangible personal property used in the Comptroller's operations is recorded as expenditures at the time the assets are purchased and placed into service. The assets are capitalized at historical cost in the government-wide financial statements of the County. Office space and utilities used in the Comptroller's operations are provided by the Board, as required by law.

Compensated Absences:

The Comptroller accrues a liability for employees' rights to receive compensation for future absences when certain conditions are met. The Comptroller is not legally required to and does not accumulate expendable available financial resources to liquidate this obligation. The liability for compensated absences is included in the government-wide financial statements of the County.

For the 2019 fiscal year, the activity for the Comptroller's compensated absences liability was as follows:

Balance, October 1, 2018	\$ 2,175,997
Additions	1,397,104
Deductions	<u>(1,244,957)</u>
Balance, September 30, 2019	<u><u>\$ 2,328,144</u></u>

Transfer Out:

In accordance with Florida Statutes, all revenues in excess of expenditures as of year end in the General Fund are owed to the Board. These "excess fees," in the amount of \$6,227,934 are reported as a transfer out.

Continued

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

B. DEPOSIT AND INVESTMENT RISK

As of September 30, 2019, the carrying value of the Comptroller's deposits and investments was as follows:

Demand deposits	\$ 5,970,625
Money market mutual funds	<u>14,578,135</u>
Total deposits and investments	<u><u>\$ 20,548,760</u></u>

This amount, together with \$2,351 petty cash funds on hand, comprises the total \$20,551,111 cash and cash equivalents reported at September 30, 2019 (\$7,964,279 in the governmental funds and \$12,586,832 in the agency funds). Money market mutual funds are reported at amortized cost.

Credit Risk:

The Comptroller's Investment Policy limits credit risk by restricting authorized investments to the following: Florida PRIME administered by the Florida State Board of Administration (a qualifying external investment pool), direct obligations of the United States or its agencies and instrumentalities, or repurchase agreements or money market mutual funds comprised only of those investments in direct obligations of the United States or its agencies or instrumentalities. The Standard & Poor's and Moody's Investors Service credit ratings of the money market mutual funds are AAAM and Aaa-mf, respectively.

Concentration of Credit Risk:

The Comptroller's Investment Policy establishes limitations on portfolio composition in order to control concentration of credit risk. As of September 30, 2019, the Comptroller's investments are not subject to concentration of credit risk disclosure.

Custodial Credit Risk:

The Comptroller's Investment Policy requires that bank deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida. At September 30, 2019, all of the Comptroller's demand deposits were in qualified public depositories.

The Comptroller's Investment Policy requires execution of a third-party custodial safekeeping agreement for all purchased securities, and requires that securities be held in the Comptroller's name. As of September 30, 2019, the Comptroller does not have securities exposed to custodial credit risk.

Continued

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

B. DEPOSIT AND INVESTMENT RISK, Continued

Interest Rate Risk:

The Comptroller's Investment Policy limits the maturity of all purchased securities to no more than one year. The money market mutual funds have a weighted average maturity of not more than 60 days.

C. RETIREMENT SYSTEM

Plan Description:

The Comptroller's employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (Pension Plan) and the Retiree Health Insurance Subsidy (HIS Plan). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (Investment Plan) alternative to the Pension Plan, which is administered by the Florida State Board of Administration. As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S Florida Administrative Code. Amendments to the law can be made only by an act of the Florida Legislature.

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service, or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers' class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service. Substantial changes were made to the Pension Plan during fiscal year 2011 affecting new members enrolled on or after July 1, 2011 by extending the vesting requirement

Continued

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

C. RETIREMENT SYSTEM, Continued

to eight years of credited service and increasing normal retirement to age 65 or 33 years of service regardless of age. Also, the final average compensation for these members will be based on the eight highest years of salary.

The HIS Plan provides a monthly benefit to assist retirees in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement. Eligible retirees and beneficiaries receive a monthly health insurance subsidy payment of \$5 for each year of creditable service, with a minimum payment of \$30 and a maximum of \$150 per month. The HIS Plan is funded by required contributions from FRS participating employees as set forth by the Florida Legislature, based on a percentage of gross compensation for all active FRS members.

In addition to the above benefits, the FRS administers a Deferred Retirement Option Program (DROP). This program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

For those members who elect participation in the Investment Plan, rather than the Pension Plan, vesting occurs at one year of service. These participants receive a contribution for self-direction in an investment product with a third party administrator selected by the Florida State Board of Administration. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by Statute, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members.

The Comptroller recognizes pension expenditures in an amount equal to amounts paid to the Pension Plan, the HIS Plan and the Investment Plan, amounting to \$1,029,831, \$205,686 and \$123,195, respectively, for the fiscal year ended September 30, 2019. Of the total amount, the Comptroller's payments for the Pension Plan and the HIS Plan after June 30, 2019, the measurement date used to determine the net pension liability associated with the Pension Plan and HIS Plan, amounted to \$287,201 and \$55,579, respectively. The Comptroller is not legally required to and does not accumulate expendable available resources to liquidate the retirement obligation related to its employees. Accordingly, the net pension liability and associated deferred outflows and deferred inflows are presented on the government-wide

Continued

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

C. RETIREMENT SYSTEM, Continued

financial statements of the County, following requirements of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, both effective October 1, 2014.

Funding Policy:

Effective July 1, 2011, all enrolled members of the FRS other than DROP participants are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates. The employer contribution rates by job class for the periods from October 1, 2018 through June 30, 2019 and July 1, 2019 through September 30, 2019, respectively, were as follows: regular--8.26% and 8.47%; county elected officers--48.70% and 48.82%; senior management--24.06% and 25.41%; and DROP participants--14.03% and 14.60%. During the fiscal year ended September 30, 2019, the Comptroller contributed to the plan an amount equal to 10.97% of covered payroll. Comptroller contributions to the FRS for the fiscal years ending September 30, 2017 through 2019 were \$1,161,221, \$1,256,493, and \$1,358,712, respectively, which were equal to the required contributions for each fiscal year.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site www.dms.myflorida.com/workforce_operations/retirement/publications.

D. OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

In addition to the pension benefits described in Note C, the Comptroller offers an OPEB Plan that subsidizes the cost of health care for its retirees and eligible dependents. Comptroller employees with at least 10 years of combined service under the Comptroller and/or the Board, Property Appraiser, Sheriff, Supervisor of Elections, or Tax Collector who retire and immediately begin receiving benefits from the FRS are eligible to receive a monthly benefit of three dollars per year of service up to a maximum of \$90 per month. If combined service is at least 20 years and receipt of FRS benefits is deferred to a later date, the monthly benefit may be vested for commencement at such deferral date. Additionally, Comptroller employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan at the same group rate as for active employees.

Continued

**ORANGE COUNTY, FLORIDA COMPTROLLER
NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended September 30, 2019**

D. OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN, Continued

In September 2007, the County established the Orange County Retiree Health Care Benefit Trust (Trust) for the Board, Comptroller and the other county officers noted above. As required by GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, the Board engages an actuarial firm to calculate the County's accrued net OPEB liability and related deferred outflows and deferred inflows. In doing so, the actuary also calculated the actuarially determined contribution to the Trust for the 2019 fiscal year, which was made by the Board, and which included an amount of \$166,310 attributable to the Comptroller. A full presentation of the Trust and OPEB Plan assets, liabilities, funding status, and actuarial methods and assumptions is included in the government-wide financial statements of the County.

E. INSURANCE COVERAGE

The County maintains a self-insurance program that provides for coverage of substantially all risks. Various excess catastrophe insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. The Comptroller participated in the self-insurance program during the 2019 fiscal year at a cost of \$67,994. There have been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2019.

Additionally, the County maintains a self-insured plan for employee medical benefits in which the Comptroller participates. The self-insurance plan covers all regular employees and certain retirees and former employees of the County and their eligible dependents. In accordance with the Affordable Care Act, the lifetime maximum for a covered individual is unlimited. The Comptroller participated in the County's employee medical benefits plan during the 2019 fiscal year at a cost of \$2,141,924.

F. LITIGATION

From time to time, the Comptroller is a party to various lawsuits and claims which it vigorously defends. Such matters arise out of the normal course of its operation, some of which are covered by insurance policies. While the results of litigation cannot be predicted with certainty, management believes the final outcome of such litigation will not have a material adverse effect on the Comptroller's financial position.

SUPPLEMENTARY REPORTS OF INDEPENDENT AUDITOR

**Report of Independent Auditor on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

To the Honorable Phil Diamond,
Comptroller of Orange County, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Orange County, Florida Comptroller (the "Comptroller") as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated January 24, 2020 for the purpose of compliance with Section 218.39(2), Florida Statutes, and Chapter 10.550, *Rules of the Auditor General-Local Governmental Entity Audits*. We also have audited the financial statements of each of the Comptroller's agency funds, presented as other supplementary information as of and for the year ended September 30, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Comptroller's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Comptroller's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Comptroller's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Comptroller's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor’s Management Letter

To the Honorable Phil Diamond,
Comptroller of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of the Orange County, Florida Comptroller (the “Comptroller”) as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated January 24, 2020.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Report of Independent Accountant on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 24, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Comptroller is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Comptroller.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

A handwritten signature in black ink that reads "Cheryl Behrman LLP". The signature is written in a cursive, flowing style.

**Independent Accountant's Report on Compliance
with Local Government Investment Policies**

To the Honorable Phil Diamond,
Comptroller of Orange County, Florida:

We have examined the Orange County, Florida Comptroller's (the "Comptroller's") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management of the Comptroller is responsible for the Comptroller's compliance with the specified requirements. Our responsibility is to express an opinion on the Comptroller's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Comptroller complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Comptroller complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Comptroller's compliance with the specified requirements.

In our opinion, the Comptroller complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida
January 24, 2020

**PROPERTY APPRAISER
ORANGE COUNTY, FLORIDA**

FINANCIAL STATEMENTS

Year Ended September 30, 2019

Report of Independent Auditor

To the honorable Ric Singh,
Property Appraiser of Orange County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the mayor and fund of the Orange County, Florida Property Appraiser as of and for the year ended September 30, 2011, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Attended Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the mayor and fund of the Property Appraiser as of September 30, 2011, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each fund of Orange County, Florida that is attributable to the Property Appraiser. They do not purport to, and do not, present fairly the financial position of Orange County, Florida as of September 30, 2021, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 11 and 12 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated January 20, 2022 on our consideration of the Property Appraiser's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Property Appraiser's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Property Appraiser's internal control over financial reporting and compliance.

ORANGE COUNTY, FLORIDA
PROPERTY APPRAISERS
STATE ASSOCIATION

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies

Reporting Entity – The Orange County, Florida Property Appraiser the Property Appraiser is a separately elected county official established pursuant to the Constitution of the State of Florida. These financial statements present only the Property Appraiser's office and do not purport to reflect the financial position or the results of operations of Orange County, Florida the County, taken as a whole.

Entity status for financial reporting purposes is governed by Governmental Accounting Standards Board GASB Statement No. 1, as amended. Although the Property Appraiser's office is operationally autonomous, it does not hold sufficient corporate powers of its own to be considered a legally separate entity for financial reporting purposes. Therefore, under GASB guidelines, the Property Appraiser is reported as a part of the primary government of the County.

Measurement of a liability of a continuing and financial statement presentation The Property Appraiser's financial statements are prepared for the purpose of complying with Section 218.02, Florida Statutes, and Chapter 110, Rules of the Auditor General the Rules, which require the Property Appraiser to only present fund financial statements.

The General Fund is used to account for all revenues and expenditures applicable to the general operations of the Property Appraiser that are not legally required or by accounting principles generally accepted in the United States of America to be accounted for in another fund. The General Fund is presented as a major governmental fund and uses the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Property Appraiser considers typically revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

The extent to which General Fund revenues exceed expenditures is reflected as transfers out and as liabilities to the Orange County Board of County Commissioners the Board and other governmental agencies in the same proportion as fees paid by each governmental unit to total fees earned by the Property Appraiser.

Budgetary Requirement – General Fund expenditures are controlled by budget appropriations in accordance with the requirements set forth in the Florida Statutes. The budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America.

Cash – The Property Appraiser's cash consists of cash on hand and demand deposits. All cash is insured by the Federal Deposit Insurance Corporation or covered by the State of Florida collateral pool, a multiple financial pool with the ability to access its members for collateral shortfalls if a member institution fails.

ORANGE COUNTY, FLORIDA
 PROPERTY APPRAISER
 SERVICES

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies (continued)

The Property Appraiser follows Florida Statutes for its Investment Policy which limits investment risks by restricting authorized investments to the following: the local Government Surplus Funds Trust Fund, direct obligations of the United States or its agencies or instrumentalities, repurchase agreements and money market mutual funds comprised only of those investments in direct obligations of the United States or its agencies or instrumentalities. The Property Appraiser's Investment Policy also limits the maturity of all purchased securities to no more than one year.

Prepaid item – Certain payments to postage vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital asset – Tangible personal property used in the Property Appraiser's operations are recorded as expenditures in the General Fund at the time assets are received and a liability is incurred. Purchased assets are capitalized at historical cost in the government-wide financial statements of the County.

Compensated absence – The Property Appraiser permits employees to accumulate earned but unused vacation and sick pay benefits. The Property Appraiser is not legally required to and does not accumulate expendable available financial resources to liquidate this obligation. The obligation for compensated absences is accrued in the government-wide financial statements of the County. A summary of activity for the Property Appraiser's compensated absences obligation, in accordance with GASB Statement No. 16, A

Balance sheet, is as follows

Balance, October 1, 2018	7,711
Additions	82,100
Deletions	<u>8,700</u>
Balance, September 30, 2019	<u><u>81,111</u></u>

Distribution of net revenue – Florida Statutes provide that the excess of the Property Appraiser's fee revenue over expenditures is to be distributed to each governmental agency in the same proportion as the fees paid by the governmental agency bear to total fee income of the Property Appraiser. The amount of undistributed excess fees at the end of the fiscal year is reported as amounts due to the Board and other governmental agencies on the balance sheet. The transfer and distribution of excess fees from other governmental agencies are reported as general government operating expenditures because there is a reduction in financial resources of the County. In contrast, the transfers and distribution of excess fees from the Board are reported as other financing uses.

Estimate – The preparation of financial statements requires management to make use of estimates that affect reported amounts. Actual results could differ from estimates.

ORANGE COUNTY, FLORIDA
PROPERTY APPRAISERS
SERVICES

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 2 Retirement system

Description – The Property Appraisers employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides full cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (Pension Plan) and the Retiree Health Insurance Subsidy (S Plan). Under Section 121.01, Florida Statutes, the FRS also provides a defined contribution plan (Investment Plan) alternative to the FRS Pension Plan, which is administered by the State Board of Administration.

As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 6S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida legislature.

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service, or seven years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than seven years of service may retire before age 62 and receive reduced retirement benefits. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or seven years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers class members who retire at or after age 62 with at least six years of credited service or seven years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2% of their final average compensation based on the five highest years of salary for each year of credited service. Substantial changes were made to the Pension Plan during fiscal year 2011, affecting new members enrolled on or after July 1, 2011 by extending the vesting requirement to eight years of credited service and increasing normal retirement to age 60 or seven years of service regardless of age. Also, the final average compensation for these members is based on the eight highest years of salary.

The S Plan provides a monthly benefit to assist retirees in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement. Eligible retirees and beneficiaries receive a monthly health insurance subsidy payment of \$100 for each year of creditable service, with a minimum payment of \$50 and a maximum payment of \$100 per month. The S Plan is funded by required contributions from FRS participating employees as set forth by the Florida legislature, based on a percentage of gross compensation for all active FRS members.

In addition to the above benefits, the FRS administers a Deferred Retirement Option Program (DRP). This program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DRP participants.

ORANGE COUNTY, FLORIDA
 PROPERTY APPRAISERS
 SERVICES

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 2 Retirement system (continued)

For those members who elect participation in the investment Plan, rather than the Pension Plan, vesting occurs at one year of service. These participants receive a contribution for self-direction in an investment product with a third party administrator selected by the State Board of Administration. Employer and employee contributions, including amounts contributed to individual members' accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the investment Plan are established and may be amended by the Florida legislature. The investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class Regular Class, Elected County Officers, etc., as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of . . . of payroll and by forfeited benefits of plan members.

The Property Appraiser recognizes pension expenditures in an amount equal to amounts paid to the Pension Plan, the 457(b) Plan and the defined contribution plan, amounting to \$6,218,871 and \$1,211,211, respectively, for the fiscal year ended September 30, 2019. The Property Appraiser's payments for the Pension Plan and the 457(b) Plan after June 30, 2019, the measurement date used to determine the net pension liability associated with the Pension Plan and 457(b) Plan, amounted to \$18,122,222, respectively. The Property Appraiser is not legally required to and does not accumulate expendable available resources to liquidate the retirement obligation related to its employees. Accordingly, the net pension liability and associated deferred outflows and deferred inflows are presented on the government-wide financial statements of the County, following requirements of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, and GASB Statement No. 71, Pensions: An Amendment to GASB Statement No. 68, effective October 1, 2019.

Contribution Policy – All enrolled members of the FRS Pension Plan are required to contribute . . . of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates. The employer contribution rates by job class for the periods from October 1, 2018 through June 30, 2019 and July 1, 2019 through September 30, 2019, respectively, were as follows: regular – 8.26% and 8.7%; county elected officers – 8.7% and 8.82%; senior management – 2.6% and 2.1%; and DR/P participants – 1. . . . and 1.6% During the fiscal year ended September 30, 2019, the Property Appraiser contributed to the plan an amount equal to \$1.7 million of covered payroll.

The state of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the state of Florida Division of Retirement, Department of Management Services, P. O. Box . . . , Tallahassee, Florida 32311 That report may be viewed on the Florida Department of Management Services website located at dms.myflorida.com or [force operations retirement publications](#)

FOR THE YEAR ENDED SEPTEMBER 30, 2019

note 3 Other Postemployment Benefit (OPB) Plan

In addition to the pension benefits described in Note 2, the Property Appraiser offers an OPB Plan that subsidizes the cost of health care for its retirees and eligible dependents. Property Appraiser employees with at least 1 year of combined service under the Property Appraiser or the Board who retire and immediately begin receiving benefits from the FRS are eligible to receive a monthly benefit of \$1,000 per year of service up to a maximum of \$12,000 per month if employed prior to October 1, 2011, and a monthly benefit of \$1,000 per year of service up to a maximum of \$12,000 per month if employed thereafter. Additionally, Property Appraiser employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan.

During fiscal year 2017, the Board established the Orange County Retiree Health Care Benefit Trust for the Board, Property Appraiser and the four other County officers to fund OPB benefits at the level offered by the Board. As required by Governmental Accounting Standards Board Statement No. 7, A Fair Presentation, the Board engaged an actuarial firm to determine each participant's actuarially determined Annual Required Contribution (ARC) and proportionate share of the accrued net OPB liability and related deferred outflows and deferred inflows. In doing so, the actuary also calculated the actuarially determined contribution to the Trust for the 2017 fiscal year, which was made by the Board, and which included an amount of \$1,600,000 attributable to the Property Appraiser. Additionally, the Property Appraiser made direct contributions in the form of health care premium only payments to retirees, in the amount of \$1,700,000. These direct contributions represent the Property Appraiser's OPB expenditures for fiscal 2017, amounting to 0.7% of the Property Appraiser's covered employee payroll of \$248,000,000. A full presentation of the Trust and OPB Plan assets, liabilities, funding status, and actuarial methods and assumptions is included in the Orange County, Florida Comprehensive Annual Financial Report.

note 4 Insurance coverage

The County maintains a self insurance program that provides for coverage of substantially all risks. Various excess catastrophe insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. The Property Appraiser participated in the County's self insurance program during fiscal year 2017 at a cost of \$1,000,000, not including health insurance costs. There have been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2017.

Additionally, the County maintains a self insured plan for employee medical benefits in which the Property Appraiser participates. The self insurance plan covers all regular employees and certain retirees and former employees of the County and their eligible dependents. In accordance with the Affordable Care Act, the lifetime maximum for a covered individual is unlimited. The Property Appraiser participated in the County's employee medical benefits plan during the fiscal year 2017 at a cost of \$1,760,000.

ORANGE COUNTY, FLORIDA
 PROPERTY APPRAISER
 SERVICES

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 5 Commitments and contingencies

Operating lease expense – The Property Appraiser leases office equipment and vehicles under various operating lease agreements. Total lease expenditures amounted to \$1,860 during the year ended September 30, 2019.

In addition, the Board provides office space used by the Property Appraiser at no charge. The Board incurred \$86,226 of lease cost in connection with this office space during fiscal 2019.

The following is a schedule by years of minimum future obligations under noncancelable operating leases as of September 30, 2019:

Year ending September	Amount
2020	17,800
2021	162,870
2022	6,280
Total	186,950

Litigation – The Property Appraiser is involved in certain litigation and claims as a defendant or plaintiff in the ordinary course of operations. The Property Appraiser, based on the advice of legal counsel, is of the opinion that the range of potential recoveries or liabilities will not materially affect the financial position of the Property Appraiser.

Budgetary Requirement

Expenditures are controlled by appropriations in accordance with the budget requirements set forth in the Florida Statutes. The budgeted revenues are expenditures reported in the schedule of revenues, expenditures and changes in fund balances – budget to actual – general fund provided as required supplementary information and reflect all approval amendments.

On or before June 1 of each year, the Property Appraiser submits a tentative budget for the ensuing fiscal year to the Florida Department of Revenue, Division of Ad Valorem Taxation, and the Orange County, Florida, Board of County Commissioners. The budget is prepared only for the General Fund. On or before July 1, the Division notifies the Property Appraiser and the Board of tentative budget amendments and changes. The Property Appraiser and the Board may submit additional information and testimony until August 1 when the Division makes final budget amendments and changes.

Budgetary control is maintained at the departmental management objective level. Amendments to the budget between management objective expenditure categories must be approved by the Division. Appropriations lapse at the end of the fiscal year to the extent they have not been expended.

SUPPL M TAR R PORTS

Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the honorable Ric Singh, Property Appraiser of Orange County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in AT-CES issued by the Comptroller General of the United States, the financial statements of the major fund of the Orange County, Florida Property Appraiser the Property Appraiser as of and for the year ended September 30, 2021, and the related notes to the financial statements, and have issued our report thereon dated January 20, 2022, for the purpose of compliance with Section 218.02, Florida Statutes, and Chapter 118.07, Florida Administrative Code.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Property Appraiser's internal control over financial reporting internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Property Appraiser's internal control. Accordingly, we do not express an opinion on the effectiveness of the Property Appraiser's internal control.

A deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Property Appraiser's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under

A S .

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with A S in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Accountant's Report on Compliance with Local Government Investment Policies

To the Honorable Rick Singh,
Property Appraiser of Orange County, Florida:

We have examined the Orange County, Florida Property Appraiser's (the Property Appraiser's) compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management of the Property Appraiser is responsible for the Property Appraiser's compliance with the specific requirements. Our responsibility is to express an opinion on the Property Appraiser's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Property Appraiser complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Property Appraiser complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Property Appraiser's compliance with the specified requirements.

In our opinion, the Property Appraiser complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

SHERIFF
ORANGE COUNTY, FLORIDA

FINANCIAL STATEMENTS

Year Ended September 30, 2019

Report of Independent Auditor

To the Honorable John J. Mina,
Sheriff of Orange County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Orange County, Florida Sheriff, the Sheriff, as of and for the year ended September 30, 2011, and the related notes to the financial statements, as listed in the table of contents. We also have audited each of the Sheriff's internal service and agency funds as of and for the year ended September 30, 2011, presented as other supplementary information in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Attorney's Standard*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Sheriff as of September 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each internal service and agency fund of the Sheriff as of September 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In accordance with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each fund of Orange County, Florida that is attributable to the Sheriff. They do not purport to, and do not, present fairly the financial position of Orange County, Florida as of September 30, 2011, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 18 through 20 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with American Society of Certified Public Accountants (AICPA) Government Auditing Standards, we have also issued a report dated February 6, 2022 on our consideration of the Sheriff's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sheriff's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with American Society of Certified Public Accountants (AICPA) Government Auditing Standards in considering the Sheriff's internal control over financial reporting and compliance.

ORANGE COUNTY, FLORIDA

SHERIFF

STATEMENTS

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies

Reporting entity The Orange County, Florida Sheriff the Sheriff is a separately elected county official established pursuant to the Constitution of the State of Florida. The Sheriff's financial statements do not purport to reflect the financial position or the results of operations of Orange County, Florida the County taken as a whole. The financial statements of the Sheriff have been prepared in accordance with accounting principles and reporting guidelines established by the Governmental Accounting Standards Board (GASB).

Entity status for financial reporting purposes is governed by GASB Statement No. 1, as amended. Although the Sheriff's office is operationally autonomous from the Board, it does not hold sufficient corporate powers of its own to be considered a legally separate entity for financial reporting purposes. Therefore, under GASB guidelines, the Sheriff is reported as a part of the primary government of the County.

Description of fund – The accounting records are organized on the basis of funds classified for reporting purposes into three basic fund types

Fund – The governmental funds consist of the General Fund and Special Revenue Fund. The governmental fund measurement focus is upon determination of financial position and changes in financial position sources, uses and balances of financial resources rather than upon net income determination.

The General Fund is used to account for all revenues and expenditures applicable to the general operations of the Sheriff.

The Special Revenue Fund accounts for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes. This fund also accounts for public safety programs financed in whole or in part by funds received under the Florida Contraband Forfeiture Act and its fund balance represents unexpended forfeiture proceeds.

Internal Service Funds – Internal Service Funds are used to account for the Sheriff's self insurance activities.

Fiduciary Funds of the Sheriff are Agency Funds, which are used to account for assets held by the Sheriff as agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

Measurement focus and financial statement presentation The Sheriff's financial statements are prepared for the purpose of complying with Section 218.02, Florida Statutes, and Chapter 11, Rules of the Auditor General, which require the Sheriff to only present fund financial statements.

The General Fund and Special Revenue Fund are governmental funds that use the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers amounts collected on grants within 12 days after year end, and amounts collected on all other governmental funds within 6 days after year end, to be available and thus recognizes them as revenues of the current year.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences, long term debt principal and interest and claims and judgments are recorded only when payment is due.

ORANGE COUNTY, FLORIDA
SHERIFF
SAAS

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies (continued)

Measurement focus of a continuing and financial statement presentation continued. The proprietary funds and fiduciary funds use a flow of economic resources measurement focus to determine net income and financial position. The accounting principles used are similar to those applicable to businesses in the private sector and, thus, these funds are maintained on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The Sheriff reports the General Fund and Special Revenue Fund as major governmental funds and agency funds as a fiduciary fund type.

Transfer – The Sheriff transfers funds from the General Fund to the Special Revenue Fund in order to provide local matching funds for grants administered under the Special Revenue Fund. In addition, the extent to which General Fund revenues exceed General Fund expenditures is reflected as transfers out and as liabilities to the Board of County Commissioners.

Fund balance presentation – In accordance with GASB Statement No. 34, the fund balance of the special revenue fund is classified as restricted. This classification includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.

Cash and cash equivalents – For purposes of the Statement of Cash Flows, the Sheriff's cash and cash equivalents consist of deposits and highly liquid investments with maturities of 90 days or less when purchased.

Capital assets – Tangible personal property used in the Sheriff's operations are recorded as expenditures in the General Fund and Special Revenue Fund at the time assets are received and a liability is incurred. Purchased assets are capitalized at historical cost in the government wide financial statements of the County, as follows:

	<u>Equipment</u>	<u>Accumulated Depreciation</u>
Balance, October 1, 2018	1,000,000	76,800,000
Additions	1,700,000	200,000
Deletions	(700,000)	(678,862)
	<u>1,000,000</u>	<u>76,921,138</u>
Balance, September 30, 2019	<u>11,120,000</u>	<u>82,200,000</u>

Depreciation is calculated on the straight line method over useful lives of 5-10 years and amounted to \$200,000 for the year ended September 30, 2019. As with the Sheriff's capital assets and related accumulated depreciation, depreciation expense is recorded on the government wide financial statements of the County, rather than on the financial statements of the Sheriff.

ORANGE COUNTY, FLORIDA
SHERIFF
SAAS

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies (continued)

Compensated absences – The Sheriff permits employees to accumulate earned but unused vacation and sick pay benefits. The Sheriff is not legally required to and does not accumulate expendable available financial resources to liquidate this obligation. The obligation for compensated absences is accrued in the government wide financial statements of the County. A summary of activity for the Sheriff's compensated absences obligation is as follows:

Balance, October 1, 2018	2,222
Additions	2,728
Deletions	<u>1,272</u>
Balance, September 30, 2019	<u><u>3,678</u></u>

Use of estimates – The preparation of financial statements requires management to make use of estimates that affect reported amounts. Actual results could differ from estimates.

Note 2 Deposits

Cash and cash equivalents consist of demand deposits and money market mutual funds insured by the Federal Deposit Insurance Corporation or covered by the state of Florida collateral pool, a multiple financial institution pool with the ability to assess its members for collateral shortfalls if a member institution fails.

Florida Statutes and the Sheriff's investment policy authorize investments in certificates of deposit, savings accounts, repurchase agreements, the local Government Surplus Funds Trust Fund administered by the Florida State Board of Administration, and obligations of the U.S. Government and government agencies unconditionally guaranteed by the U.S. Government.

Note 3 Interfund receivables and payables

Interfund receivables and payables at September 30, 2019 consist of the following:

	Due from other funds	Due to other funds
General Fund	2,726.2	
Special Revenue Fund		2,726.2
	<u>2,726.2</u>	<u>2,726.2</u>

The amount due to the General Fund is related to expenditures made out of the fund for costs that are reimbursable by the Special Revenue Fund.

ORANGE COUNTY FLORIDA
 SHERIFF
 TEST ST. TEMPLE

FOR THE YEAR ENDED SEPTEMBER ,

NOTE

Capital Leases The Sheriff leases a helicopter under a capital lease with a term of seven years. This lease transfers ownership at the end of the lease period. The gross amount of assets under the capital lease was \$4,236,956 at September 30, 2019, presented as assets on the government-wide financial statements of the County. The following is a schedule of future minimum lease payments, together with the present value of net minimum lease payments:

	Year Ending September 30, 2019	
2020	\$	648,634
2021		648,634
2022		648,634
2023		<u>648,634</u>
Total minimum lease payments		2,594,536
Less amount representing interest		<u>110,261</u>
Present value of net minimum lease payments	\$	<u><u>2,484,275</u></u>

The following is a summary of transactions relating to capital lease obligations, which are presented as liabilities on the government-wide financial statements for the County, for the year ended September 30, 2019:

Balance, October 1, 2018	\$	3,078,724
Payments on lease obligations		<u>594,449</u>
Balance, September 30, 2019	\$	<u><u>2,484,275</u></u>

Operating Leases The Board of County Commissioners provides certain office space including utilities and services to the Sheriff at no cost. The Board incurred \$1,208,172 of cost associated with the Sheriff's office space leases, human resource records management, professional development, supplies and other specified items during fiscal 2019.

NOTE

Pension Description The Sheriff's employees participate in the Florida Retirement System. Services provided by Chapters 121 and 112, Florida Statutes, the System provides cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the System Pension Plan, System Pension Plan and the Retiree Health Insurance Subsidy (HIS) Plan. Under Section 121.4501, Florida Statutes, the System also provides a defined contribution plan, Investment Plan, alternative to the Pension Plan, which is administered by the State Board of Administration.

ORANGE COUNTY, FLORIDA

SHERIFF

STATE ASSETS

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 5 Retirement system (continued)

As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 6S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida legislature.

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or seven years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary for each year of credited service. Vested members with less than seven years of service may retire before age 62 and receive reduced retirement benefits. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or seven years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2% of their final average compensation based on the five highest years of salary for each year of credited service. Elected officers class members who retire at or after age 62 with at least six years of credited service or seven years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.5% of their final average compensation based on the five highest years of salary for each year of credited service. Special Risk Administrative Support class members who retire at or after age 62 with at least six years of credited service or seven years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.5% of their final average compensation based on the five highest years of salary for each year of credited service. Special Risk class members consisting of law enforcement officers, firefighters, and correctional officers who retire at or after age 62 with six years of credited service, or with seven years of service regardless of age are entitled to a retirement benefit payable monthly for life equal to 1.5% of their final average compensation based on the five highest years of salary for each year of credited service. Substantial changes were made to the Pension Plan during fiscal year 2011 affecting members enrolled on or after July 1, 2011 by extending the vesting requirement for Regular, Senior Management Service, Elected Officers and Special Risk Administrative Support class members to eight years of credited service and increasing normal retirement to age 62 with at least eight years of credited service or seven years of service regardless of age. The vesting requirement for Special Risk class members was extended to eight years of credited service and increasing normal retirement to age 62 with at least eight years of credited service or seven years of service regardless of age or age 70 with seven years of combined Special Risk Class service and military service. Also, the final average compensation of these members will be based on the eight highest years of salary. A post employment health insurance subsidy is also provided to eligible retired members through the FRS in accordance with Florida Statutes.

The S Plan provides a monthly benefit to assist retirees in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement. Eligible retirees and beneficiaries receive a monthly health insurance subsidy payment of \$100 for each year of creditable service, with a minimum payment of \$50 and a maximum payment of \$100 per month. The S Plan is funded by required contributions from FRS participating employees as set forth by the Florida legislature, based on a percentage of gross compensation for all active FRS members.

In addition to the above benefits, the FRS administers a Deferred Retirement Option Program (DROP). This program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

ORANGE COUNTY, FLORIDA

SHERIFF

SALES

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 5 Retirement system (continued)

For those members who elect participation in the investment Plan, rather than the Pension Plan, vesting occurs at one year of service. These participants receive a contribution for self direction in an investment product with a third party administrator selected by the State Board of Administration. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the investment Plan are established and may be amended by the Florida legislature. The investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class Regular Class, elected County officers, etc., as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the plan, including the FRS Financial Guidance Program, are funded through an employer contribution of . . . of payroll and by forfeited benefits of plan members.

The Sheriff recognizes pension expenditures in an amount equal to amounts paid to the Pension Plan, the S Plan and the defined contribution plan, amounting to \$21,286,727,717 and \$6,667, respectively, for the fiscal year ended September 30, 2019. The Sheriff's payments for the Pension Plan and the S Plan after June 30, 2019, the measurement date used to determine the net pension liability associated with the Pension Plan and S Plan, amounted to \$861,616 and \$6,202, respectively. The Sheriff is not legally required to and does not accumulate expendable available resources to liquidate the retirement obligation related to its employees. Accordingly, the net pension liability and associated deferred outflows and deferred inflows are presented on the government wide financial statements of the County, following requirements of GASB Statement No. 68, Appendix A, FRS Plan, PMS, ASBS, and GASB Statement No. 71, PMS, ASBS, TMS, M, S, M, D, ASBS, N.

Contribution Policy - All enrolled members of the FRS other than DRP participants are required to contribute a percentage of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state wide contribution rates. The employer contribution rates by job class for the periods from October 1, 2018 through June 30, 2019 and July 1, 2019 through September 30, 2019, respectively, are as follows: regular, 8.26% and 8.7% special services, 2.8% and 2.8% special services administrative support, 2.8% and 8.0% county elected officers, 8.7% and 8.82% senior management, 2.6% and 2.1% and DRP participants, 1.0% and 1.6%. During the fiscal year ended September 30, 2019, the Sheriff contributed to the Plan an amount equal to 17.6% of covered payroll.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 12000, Tallahassee, Florida 32310, or from the website dms.myflorida.com or force operations retirement publications.

Note 6 Other Postemployment Benefit ("OPB") Plan

In addition to the pension benefits described in Note 5, the Sheriff offers a single employer defined benefit plan OPB plan that subsidizes the cost of health care for its retirees and eligible dependents. Retirees with at least 10 years of service under the Sheriff who are receiving benefits from the Florida Retirement System are eligible to receive a monthly benefit of five dollars per year of service up to a maximum of \$1,000 per month. Additionally, Sheriff employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan at the same group rate as for active employees.

Note 6 Other Postemployment Benefit (OPB) Plan (continued)

During fiscal year 2017, the Board established the Orange County Retiree Health Care Benefit Trust for the Board, the Sheriff and four other County officers. As required by Governmental Accounting Standards Board Statement No. 7, Accounting for Financial Pensions, the Board engaged an actuarial firm to determine each participant's actuarially determined contribution and proportionate share of the accrued net OPB liability and related deferred outflows and deferred inflows. The actuary calculated the actuarially determined contribution to the Trust for the 2017 fiscal year, which was made by the Board, and which included an amount of \$1,700,000 attributable to the Sheriff. Additionally, the Sheriff made direct contributions, in the form of credits to retirees that participate in the County's health insurance plan, and in the form of health care premium subsidy payments to retirees that participate in a health insurance plan other than the County's, in the amount of \$2,160,622, respectively. These direct contributions represent Sheriff OPB expenditures for fiscal 2017, which amount to .61% of the Sheriff's covered employee payroll of \$1,817,200. A full presentation of the Trust and OPB Plan assets, deferred outflows, liabilities, deferred inflows, funding status, and actuarial methods and assumptions is included in the Orange County, Florida Comprehensive Annual Financial Report.

Note Insurance coverage

Pursuant to a Memorandum of Understanding between the Sheriff and the Board, effective October 1, 2016, the Sheriff's office withdrew from the joint self insurance risk management program of the County. As a result, the Sheriff assumed responsibility for general liability, automobile and workers compensation losses related to its operations. All assets, liabilities and operations related to general liability, automobile and workers compensation claims incurred as of September 30, 2016 are accounted for in the Sheriff's 2016 and Prior Claims Internal Service Fund. Workers compensation is generally provided for individual workers compensation claims in excess of \$100,000, and for automobile and general liability claims in excess of \$100,000 that were incurred prior to October 1, 2016.

All general liability and automobile claims incurred subsequent to September 30, 2016, with the exception of fiscal 2017 claims covered by a commercial insurance carrier, are covered by the Florida Sheriff's Self Insurance Fund, a risk management pool to which risk is transferred in exchange for annual premium payments. Such payments are accounted for as General Fund expenditures. In addition, the General Fund accounts for all other insurance expenditures, which consist of premiums paid to insurance providers.

Workers compensation claims since October 1, 2016 are covered by commercial insurance carriers, subject to a \$2,000 per claim deductible. Effective October 1, 2017, the Sheriff became self insured for workers compensation and claims are currently subject to a \$6,000 deductible.

The Sheriff has been self insured for health claims since October 1, 2017, subject to reinsurance limitation thresholds. The self insurance plan covers all regular employees and certain retirees and former employees of the Sheriff and their eligible dependents. The plan covers claims of up to \$2,000 per individual per year, plus \$2,000 in aggregate coverage. The Sheriff has purchased an insurance policy to cover claims in excess of these amounts. In accordance with the Affordable Care Act, the lifetime maximum for a covered individual is unlimited.

The Sheriff has bank deposits administered by the Sheriff's third party administrators that include certain contingency reserves, particularly for health care claims. In addition, the Sheriff has an unused \$1,188 letter of credit outstanding to secure payment for workers compensation claims incurred since October 1, 2017. There have been no claims made against the letter of credit.

ORANGE COUNTY, FLORIDA

SHERIFF

STATE ASSETS

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note Insurance coverage (continued)

There have been no significant reductions in insurance coverage from coverage in the prior year. Also, there have been no settlements that have exceeded applicable insurance coverage during the past three fiscal years. The Sheriff has an aggregate fund surplus in internal service funds of \$2,000,000, including a fund surplus in its health insurance internal service fund and fund deficits of \$1,000,000 and \$128,668, respectively, in its Officers Compensation and 106 and Prior Claims internal service funds, which the Sheriff intends to eliminate through effective claims management, charges to the General Fund and, to the extent necessary, funding from future excess fees.

The claims liability reported at September 30, 2017 and 2018 is based on actuarial calculations. Liabilities are calculated at present value assuming a 5% discount rate in fiscal 2017 and 2018. The undiscounted liability as of September 30, 2017 is \$1,281,000. Changes to the claims liability for the Sheriff's internal service funds in fiscal years 2017 and 2018 are as follows:

Fiscal Year	Beginning Balance	Additions	Claim Payments	Ending Balance
2017	1,212,000	1,266,000	(7,887)	16,000
2018	1,722,000	67,260	(1,000)	1,719,000

Note Litigation

From time to time, the Sheriff is a party to various lawsuits and claims which it vigorously defends. Such matters arise out of the normal course of its operation, some of which are covered by insurance policies. While the results of litigation cannot be predicted with certainty, management believes the final outcome of such litigation will not have a material adverse effect on the Sheriff's financial position.

Budgetary Requirements

Fund expenditures are controlled by appropriations in accordance with the budget requirements set forth in the Florida Statutes. The General Fund budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America, except that \$62 of salaries related to the year end payroll accrual are not budgeted, as identified in the table below. Proceeds from capital asset sales of \$26,600 are budgeted as offsets to capital outlay expenditures and principal and interest payments on capital leases of \$68,600 are budgeted as capital outlay expenditures. The Special Revenue Fund budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America, except that \$2,702 and \$18 of salaries related to off duty services and salaries related to the year end payroll accrual, respectively, as identified in the table below, are not budgeted.

For the 2019 fiscal year, the following adjustments were necessary to present General Fund activities on a budgetary basis

	<u>Expenditures</u>	<u>Revenues</u>	<u>Other Financing Sources (Uses)</u>
Non GAAP budgetary basis	2,702,22	2,702,22	21,200
Nonbudgeted change in payroll accrual	62	62	
Nonbudgeted change in capital outlay	702		702
Nonbudgeted change in debt service	68,600		68,600
GAAP basis	<u>2,616,607</u>	<u>2,888,808</u>	<u>61,601</u>

For the 2019 fiscal year, the following adjustments were necessary to present Special Revenue Fund activities on a budgetary basis

	<u>Expenditures</u>	<u>Revenues</u>	<u>Other Financing Sources</u>

SUPPL M TAR R PORTS

Report of Independent Auditor on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards

To the honorable John J. Mina,
Sheriff of Orange County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Accounting Standards issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Orange County, Florida Sheriff's Office as of and for the year ended September 30, 2012, and the related notes to the financial statements, and have issued our report thereon dated February 6, 2013 for the purpose of compliance with Section 218.02, Florida Statutes, and Chapter 118.01, Florida Administrative Code. We also have audited the financial statements of each of the Sheriff's internal service and agency funds presented as other supplementary information in the accompanying combining fund financial statements as of and for the year ended September 30, 2012.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sheriff's internal control over financial reporting internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff's internal control.

A deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions is not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under

A S

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with A S in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Orlando, Florida

Independent Auditor's Management Letter

To the Honorable John W. Mina,
Sheriff of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of the Orange County, Florida Sheriff (the "Sheriff"), as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated February 6, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 6, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Identification and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Sheriff is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Sheriff.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Our sole purpose is to

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

A handwritten signature in black ink that reads "Cheryl Behrman CPA". The signature is written in a cursive style.

Independent Accountant's Report on Compliance
with Local Government Investment Policies

To the Honorable John W. Mina,
Sheriff of Orange County, Florida:

We have examined the Orange County, Florida Sheriff's (the "Sheriff") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management of the Sheriff is responsible for the Sheriff's compliance with the specified requirements. Our responsibility is to express an opinion on the Sheriff's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Sheriff complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Sheriff complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Sheriff's compliance with the specified requirements.

In our opinion, the Sheriff complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

**SUPERVISOR OF ELECTIONS
ORANGE COUNTY, FLORIDA**

FINANCIAL STATEMENTS

Year Ended September 30, 2019

Report of Independent Auditor

To the honorable Bill Coles,
Supervisor of Elections of Orange County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund of the Orange County, Florida Supervisor of Elections the Supervisor of Elections as of and for the year ended September 30, 2011, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Attestation Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express such an opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund of the Supervisor of Elections as of September 30, 2011, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each fund of Orange County, Florida that is attributable to the Supervisor of Elections. They do not purport to, and do not, present fairly the financial position of Orange County, Florida as of September 30, 2011, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 11 and 12 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with GASB, we have also issued a report dated January 2, 2012 on our consideration of the Supervisor of Elections' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Supervisor of Elections' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with GASB in considering the Supervisor of Elections' internal control over financial reporting and compliance.

ORANGE COUNTY, FLORIDA
SUPERVISOR OF ELECTIONS
STATE ASSOCIATION

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies

Reporting Entity – The Orange County, Florida Supervisor of Elections the Supervisor of Elections is a separately elected county official established pursuant to the Constitution of the State of Florida. The Supervisor of Elections financial statements do not purport to reflect the financial position or the results of operations of Orange County, Florida the County taken as a whole. The financial statements of the Supervisor of Elections have been prepared in accordance with the accounting principles and reporting guidelines established by the Governmental Accounting Standards Board (GASB).

Entity Status for Financial Reporting Purposes – The Supervisor of Elections office is operationally autonomous and legally separate from the Board of County Commissioners the Board, it does not hold sufficient corporate powers of its own to be considered a separate entity for financial reporting purposes. Therefore, under GASB guidelines, the Supervisor of Elections is reported as part of the primary government of the County.

Measurement Basis of Accounting and Financial Statement Presentation – The accounting records are organized for reporting purposes on the basis of the measurement basis of accounting and financial statement presentation of governmental funds.

General Fund – The General Fund is a governmental fund used to account for all revenues and expenditures applicable to the general operations of the Supervisor of Elections that are not required legally or by accounting principles generally accepted in the United States of America to be accounted for in another fund.

Special Revenue Fund – The Special Revenue Fund is used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes. The Special Revenue Fund proceeds are to be used exclusively for the purchase of voting equipment, voter education, poll worker recruitment and training, federal election activities, and polling place accessibility.

Measurement Basis of Accounting and Financial Statement Presentation – The Supervisor of Elections financial statements are prepared for the purpose of complying with Section 218.02, Florida Statutes, and Chapter 1.09, Rules of the Auditor General Local Governmental Entity Audits the Rules, which require the Supervisor of Elections to only present fund financial statements.

The General Fund and Special Revenue Fund are governmental funds which use the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers amounts collected on grants within 12 days after year end, and amounts collected on all other government funds within 60 days after year end, to be available and thus recognizes them as revenues of the current year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

The extent to which General Fund revenues exceed General Fund expenditures is reflected as transfers out and as liabilities due to the Board of County Commissioners.

ORANGE COUNTY, FLORIDA
 SUPERVISOR OF COLLECTIONS
 S A A S A S

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 Summary of significant accounting policies (continued)

Cash and cash equivalents – The Supervisor of Collections presents as cash and cash equivalents all demand deposits and other highly liquid investments with maturities of 90 days or less when purchased.

Capital assets – Tangible personal property used in the Supervisor of Collections operations are recorded as expenditures in the General Fund at the time assets are received and a liability is incurred. Purchased assets are capitalized at historical cost in the government wide financial statements of the County.

Compensated absences – The Supervisor of Collections permits employees to accumulate earned but unused vacation and sick pay benefits. The Supervisor of Collections is not legally required to and does not accumulate expendable available financial resources to liquidate this obligation. The obligation for compensated absences is accrued in the government wide financial statements of the County. A summary of activity for the Supervisor of Collections compensated absences obligation is as follows:

Balance, October 1, 2018	1,186
Additions	178
Deletions	187
Balance, September 30, 2019	<u><u>1,176</u></u>

Use of estimates – The preparation of financial statements requires management to make use of estimates that affect reported amounts. Actual results could differ from estimates.

Note 2 Deposits and investments

The Supervisor of Collections follows Florida Statutes for its investment policy, which authorizes investments in certificates of deposit, savings accounts, repurchase agreements, the Local Government Surplus Funds Trust Fund administered by the Florida State Board of Administration, and obligations of the U.S. Government and government agencies unconditionally guaranteed by the U.S. Government.

Cash at September 30, 2019 consists of bank deposits insured by the Federal Deposit Insurance Corporation or covered by the State of Florida collateral pool, a multiple financial institution pool with the ability to assess its members for collateral shortfalls if a member institution fails.

SUPERVISOR OF LOCALITIES
S A S A S

FOR THE YEAR ENDED SEPTEMBER 30, 2019

ote 3 Retirement system

an des ri tion – The Supervisor of l ections employees participate in the Florida Retirement System FRS . As provided by Chapters 121 and 112, Florida Statutes, the FRS provides t o cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan Pension Plan and the Retiree ealth nsurance Subsidy S Plan . nder Section 121. 1, Florida Statutes, the FRS also provides a defined contribution plan nvestment Plan alternative to the FRS Pension Plan, hich is administered by the State Board of Administration.

As a general rule, membership in the FRS is compulsory for all employees or ing in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district ithin the State of Florida. The FRS provides retirement and disability benefits, annual cost of living ad ustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 6 S, Florida Administrative Code. Amendments to the la can be made only by an act of the Florida eglislature.

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before uly 1, 2 11, Regular class members ho retire at or after age 62 ith at least si years of credited service, or years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6 of their final average compensation based on the five highest years of salary, for each year of credited service. ested members ith less than years of service may retire before age 62 and receive reduced retirement benefits. Senior Management Service class members ho retire at or after age 62 ith at least si years of credited service or years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2. of their final average compensation based on the five highest years of salary for each year of credited service. lected fficers class members ho retire at or after age 62 ith at least si years of credited service or years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to . . for dges and ustices of their final average compensation based on the five highest years of salary for each year of credited service. Substantial changes ere made to the Pension Plan during fiscal year 2 11, affecting ne members enrolled on or after uly 1, 2 11 by e tending the vesting requirement to eight years of credited service and increasing normal retirement to age 6 or years of service regardless of age. Also, the final average compensation for these members is based on the eight highest years of salary.

The S Plan provides a monthly benefit to assist retirees in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement. ligible retirees and beneficiaries receive a monthly health insurance subsidy payment of for each year of creditable service, ith a minimum payment of and a ma imum payment of 1 per month. The S Plan is funded by required contributions from FRS participating employees as set forth by the Florida eglislature, based on a percentage of gross compensation for all active FRS members.

n addition to the above benefits, the FRS administers a Deferred Retirement ption Program DR P . This program allo s eligible members to defer receipt of monthly retirement benefit payments hile continuing employment ith a FRS employer for a period not to e ceed 6 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DR P participants.

ORANGE COUNTY, FLORIDA
 SUPERVISOR OF COLLECTIONS
 STAFF ASSAULT

FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 3 Retirement system (Continued)

For those members who elect participation in the investment Plan, rather than the Pension Plan, vesting occurs at one year of service. These participants receive a contribution for self direction in an investment product with a third party administrator selected by the State Board of Administration. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the investment Plan are established and may be amended by the Florida legislature. The investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class Regular Class, Elected County Officers, etc., as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the plan, including the FRS Financial Guidance Program, are funded through an employer contribution of . . . of payroll and by forfeited benefits of plan members.

The Supervisor of Collections recognizes pension expenditures in an amount equal to amounts paid to the Pension Plan, the S Plan and the defined contribution plan, amounting to \$22,821, and \$6,2 , respectively, for the fiscal year ended September 30, 2019. The Supervisor of Collections payments for the Pension Plan and the S Plan after June 30, 2019, the measurement date used to determine the net pension liability associated with the Pension Plan and S Plan, amounted to \$2,28 and \$, respectively. The Supervisor of Collections is not legally required to and does not accumulate expendable available resources to liquidate the retirement obligation related to its employees. Accordingly, the net pension liability and associated deferred outflows and deferred inflows are presented on the government wide financial statements of the County, following requirements of GASB Statement No. 68, A F R P ASB S N 2 , and GASB Statement No. 71, P T M S M D ASB S N , effective October 1, 2019.

Funding Provisions – All enrolled members of the FRS Pension Plan are required to contribute . . . of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state wide contribution rates. The employer contribution rates by job class for the periods from October 1, 2018 through June 30, 2019 and July 1, 2019 through September 30, 2019, respectively, were as follows: regular 8.26 and 8.7 county elected officers 8.7 and 8.82 senior management 2.6 and 2.1 and DR P participants 1. . . and 1.6 . During the fiscal year ended September 30, 2019, the Supervisor of Collections contributed to the plan an amount equal to 1 . . . of covered payroll.

The state of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the state of Florida Division of Retirement, Department of Management Services, P. O. Box . . . , Tallahassee, Florida 32311 . That report may be viewed on the Florida Department of Management Services website located at dms.myflorida.com or [force operations retirement publications](#).

ORANGE COUNTY, FLORIDA
SUPERVISOR OF COLLECTIONS
SAASA

FOR THE YEAR ENDED SEPTEMBER 30, 2019

note 4 Other Postemployment Benefit (OPB) Plan

In addition to the pension benefits described in Note 3, the Supervisor of Collections offers an OPB Plan that subsidizes the cost of health care for its retirees and eligible dependents. Supervisor of Collections employees with at least 1 year of combined service under the Supervisor of Collections and or the Board, County Comptroller, Property Appraiser, Sheriff, or Tax Collector who retire and immediately begin receiving benefits from the FRS are eligible to receive a monthly benefit of \$1,000 per year of service up to a maximum of \$12,000 per month if employed prior to October 1, 2017, and a monthly benefit of \$1,000 per year of service up to a maximum of \$12,000 per month if employed thereafter. Additionally, Supervisor of Collections employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan.

During fiscal year 2017, the Board established the Orange County Retiree Health Care Benefit Trust for the Board, Supervisor of Collections and the four other County officers noted above. As required by Governmental Accounting Standards Board Statement No. 7, Actuarial Financial Reporting, the Board engaged an actuarial firm to determine each participant's actuarially determined Annual Required Contribution (ARC) and proportionate share of the accrued net OPB liability and related deferred outflows and deferred inflows. In doing so, the actuary also calculated the actuarially determined contribution to the Trust for the 2017 fiscal year, which was made by the Board, and which included an amount of \$1,700,000 attributable to the Supervisor of Collections. Additionally, the Supervisor of Collections made direct contributions, in the form of health care premium subsidy payments to retirees, in the amount of \$8,200,000. These direct contributions represent the Supervisor of Collections OPB expenditures for fiscal 2017, amounting to 0.1% of the Supervisor of Collections covered employee payroll of 2,710,000. A full presentation of the Trust and OPB Plan assets, liabilities, funding status, and actuarial methods and assumptions is included in the Orange County, Florida Comprehensive Annual Financial Report.

note 5 Insurance coverage

Orange County maintains a self insurance program that provides for coverage of substantially all risks. Various excess catastrophe insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. The Supervisor of Collections participated in the County's self insurance program during fiscal year 2017 at a cost of 18,207. There have been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2017.

Additionally, Orange County maintains a self insured plan for employee medical benefits in which the Supervisor of Collections participates. The self insurance plan covers all regular employees and certain retirees and former employees of the County and their eligible dependents. In accordance with the Affordable Care Act, the lifetime maximum for a covered individual is unlimited. The Supervisor of Collections participated in the County's employee medical benefits plan during the fiscal year 2017 at a cost of 6,116.

ORANGE COUNTY, FLORIDA
 SUPERVISOR OF COLLECTIONS
 STATE ASSOCIATION

FOR THE YEAR ENDED SEPTEMBER 30, 2019

note 6 Commitments and contingencies

Operating leases – The Board provides administrative office and warehouse space used by the Supervisor of Collections at no charge. The Board incurred \$878,872 of lease cost in connection with this office space during fiscal year 2019.

In addition, the Supervisor of Collections leases office equipment and vehicles under arrangements accounted for as operating leases. Total lease expenditures were \$6,800 for the year ended September 30, 2019. The following is a schedule of minimum future lease obligations under non cancelable leases with terms in excess of one year

Year Ending September ,	Amount
2020	680
2021	1,700
2022	7,820
Total	68,700

Litigation – The Supervisor of Collections is a party from time to time in various lawsuits and other claims incidental to the ordinary course of its operation, some of which are covered by the Board's self insurance program. While the results of litigation cannot be predicted with certainty, management believes the final outcome of such litigation will not have a material adverse effect on the Supervisor of Collections financial position.

Budgetary requirements – General Fund expenditures are controlled by appropriations in accordance with the budget requirements set forth in the Florida Statutes. The budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America.

The Supervisor of Collections is not legally required to adopt a budget for the Special Revenue Fund. Therefore, budget comparison information for this fund is not included in the Supervisor of Collections financial statements.

SUPPL M TAR R PORTS

Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Bill Cowles,
Supervisor of Elections of Orange County, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of each major fund of the Orange County, Florida Supervisor of Elections (the Supervisor of Elections) as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated January 24, 2020 for the purpose of compliance with Section 218.39(2), Florida Statutes, and Chapter 10.550, Rules of the Auditor General on Governmental Audits.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Supervisor of Elections' internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, we do not express an opinion on the effectiveness of the Supervisor of Elections' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Supervisor of Elections' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Cheryl Behrman LLP". The signature is written in a cursive, flowing style.

Independent Auditor's Management Letter

To the Honorable Bill Cowles,
Supervisor of Elections of Orange County, Florida:

Report on the Financial Statements

We have audited the financial statements of the Orange County, Florida Supervisor of Elections (the "Supervisor of Elections") as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated January 24, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 24, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Reporting Entity and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Supervisor of Elections is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Supervisor of Elections.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Orlando, Florida

Independent Accountant's Report on Compliance
with Local Government Investment Policies

To the Honorable Bill Cowles,
Supervisor of Elections of Orange County, Florida:

We have examined the Orange County, Florida Supervisor of Elections' (the Supervisor of Elections') compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management of the Supervisor of Elections' is responsible for the Supervisor of Elections' compliance with the specific requirements. Our responsibility is to express an opinion on the Supervisor of Elections' compliance with the specific requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Supervisor of Elections complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Supervisor of Elections complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Supervisor of Elections' compliance with the specified requirements.

In our opinion, the Supervisor of Elections complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

TAX COLLECTOR
ORANGE COUNTY, FLORIDA

FINANCIAL STATEMENTS

Year Ended September 30, 2019

Report of Independent Auditor

To the Honorable Scott Randolph,
Treasurer, Collector of Orange County, Florida:

Report on the Financial Statements

We have audited the accompanying financial statements of the major fund and the aggregate remaining fund information of the Orange County, Florida Treasurer, Collector (the "Treasurer, Collector") as of and for the year ended September 30, 2019, and the related notes to the financial statements, as listed in the table of contents. We also have audited the financial statements of each of the Treasurer, Collector's agency funds as of and for the year ended September 30, 2019, presented as other supplementary information in the table of contents.

M R F S

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

A R

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

O

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund and the aggregate remaining fund information of the Treasurer, Collector as of September 30, 2019, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each agency fund of the Treasurer, Collector as of September 30, 2019, and the respective changes in assets and liabilities thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

E M

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each fund of Orange County, Florida that is attributable to the Tax Collector. They do not purport to, and do not, present fairly the financial position of Orange County, Florida as of September 30, 2019, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

O M

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 13 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by A S

In accordance with Government Auditing Standards, we have also issued a report dated January 24, 2020 on our consideration of the Tax Collector's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Tax Collector's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Tax Collector's internal control over financial reporting and compliance.

FOR FUTURE REFERENCE

Note Summary of significant accounting policies

Reporting Entity The Orange County, Florida Tax Collector (the "Tax Collector") is a separately elected county official established pursuant to the Constitution of the State of Florida. The Tax Collector's financial statements do not purport to reflect the financial position or the results of operations of Orange County, Florida (the "County") taken as a whole.

Entity status for financial reporting purposes is governed by Governmental Accounting Standards Board ("GASB") Statement No. 14, as amended. Although the Tax Collector's Office is operationally autonomous, it does not hold sufficient corporate powers of its own to be considered a legally separate entity for financial reporting purposes. Therefore, under GASB guidelines, the Tax Collector is reported as a part of the primary government of the County.

Description of Fund The accounting records are organized for reporting purposes on the basis of a governmental fund and fiduciary funds.

General Fund The General Fund is used to account for all revenues and expenditures applicable to the general operations of the Tax Collector that are not required legally or by accounting principles generally accepted in the United States of America to be accounted for in another fund.

Fiduciary Funds Fiduciary funds of the Tax Collector are Agency Funds, which are used to account for assets held by the Tax Collector as agent.

Measurement Basis of Financial Statement Presentation The Tax Collector's financial statements are prepared for the purpose of complying with Section 218.39(2), Florida Statutes, and Chapter 10.550, Rules of the Auditor General for Local Governmental Entity Audits (the "Rules"), which require the Tax Collector to only present fund financial statements.

The General Fund is a governmental fund which uses the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

The extent to which General Fund revenues exceed General Fund expenditures is reflected as transfers out and as liabilities to the Orange County Board of County Commissioners (the "Board") and to other governmental agencies in the same proportion as the fees paid by each governmental unit to total fees earned by the Tax Collector.

The Tax Collector reports the General Fund as a major governmental fund and agency funds as a fiduciary fund type. Agency funds are custodial in nature and do not involve measurement of results of operations.

ORANGE COUNTY FLORIDA
 TOLL TORS
 SERVICES

FOR FUTURE ESTIMATES

Note Summary of significant accounting policies continued

Budgetary Requirement Expenditures are controlled by budget appropriations in accordance with the budget requirements set forth in the Florida Statutes. The budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents The Toll Collector's cash and cash equivalents consist of demand deposits and highly liquid investments with maturities of 90 days or less when purchased. Investments are reported at fair value.

Capital Assets Tangible personal property used in the Toll Collector's operations are recorded as expenditures in the General Fund at the time assets are received and a liability is incurred. Purchased assets are capitalized at historical cost in the government wide financial statements of the County.

Unearned Revenue Unearned revenue represents fees charged by the Toll Collector for the collection of business taxes in fiscal 2019 that relate to fiscal 2020.

Compensated Absences The Toll Collector permits employees to accumulate earned but unused vacation and sick pay benefits. The Toll Collector is not legally required to and does not accumulate expendable available financial resources to liquidate this obligation. The obligation is accrued in the government wide financial statements of the County. A summary of activity for the Toll Collector's compensated absences obligations is as follows:

	<u>Balance October 1, 2019</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance September 30, 2019</u>
Accrued compensated absences	1,131,320	1,165,966	(1,203,345)	1,093,961

Use of Estimates The preparation of financial statements requires management to make use of estimates that affect reported amounts. Actual results could differ from estimates.

Distribution of Excess Revenue Florida Statutes provide that the excess of the Toll Collector's fee revenues over expenditures is to be distributed to each governmental agency in the same proportion as the fees paid by the governmental agency bear to total fee income received by the Toll Collector. The amount of undistributed excess fees at the end of the fiscal year is reported as amounts due to the Board of County Commissioners and other governmental agencies; the transfer of total excess fees are reported as other financing uses.

Subsequent Events The Toll Collector has evaluated subsequent events through January 24, 2020 in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

ORANGE COUNTY FLORIDA
TAX COLLECTOR
SECURITIES

FOR FUTURE USE

note deposits

The Tax Collector had demand deposits of \$3,495,959 and investments in the Florida Cooperative Liquid Assets Securities System ("FLCLASS") of \$30,000,000 at September 30, 2019.

FLCLASS is an external investment pool reported at net asset value. FLCLASS invests in high quality fixed income securities for which objectives are safety and preservation of principle, daily liquidity, transparency and competitive yields, resulting in a Standard & Poor's Principle Stability Fund AAAM rating. The Tax Collector may redeem its investment in FLCLASS upon written notice; however, the FLCLASS administrator, with the consent of the governing board, may temporarily suspend or postpone right of withdrawal should an event occur in financial markets which entitles such suspension or postponement. The Tax Collector considers amounts invested in FLCLASS to be cash equivalents.

Demand deposits and investments in FLCLASS, together with \$31,954,542 petty cash funds on hand, comprises the total \$34,450,502 cash and cash equivalents reported at September 30, 2019 (\$24,399,452 in the General Fund and \$14,000,302 in the agency funds).

The Tax Collector's investment policy limits investment risk by restricting authorized investments to the following: certificates of deposit; interest bearing savings accounts; repurchase agreements; Florida PRIM and similar investment pools authorized by the Florida Interlocal Cooperation Act; obligations of the U.S. Government; obligations of government agencies unconditionally guaranteed by the U.S. Government; certain federal instrumentalities which are U.S. Government sponsored agencies which are non full faith and credit; money market mutual funds registered under the Federal Investment Company Act of 1940 that have an average weighted maturity of 90 days or less and be rated at least AAAM or AAAM G or better by Standard & Poor's or the equivalent by another rating agency; mutual funds with any open end or closed end management type investment company or investment fund operated under specified sections of the Federal Investment Company Act of 1940 and advised by a Registered Investment Advisor with a rating of at least AAAM or AAAM G by Standard and Poor's or the equivalent by another rating agency; bankers acceptances with credit quality ratings of Prime 1 and A by Moody's and A 1 by Standard and Poor's and ranked in the top 50 United States banks in terms of total assets; commercial paper with credit quality ratings of Prime 1 by Moody's and A 1 by Standard and Poor's; mortgage backed securities which are based on mortgages that are guaranteed by a government agency for payment of principal and a guarantee of timely payment; state and or local government taxable and or tax exempt debt which are general obligation and or revenue bonds rated at least Aa by Moody's or AA by Standard & Poor's for long term debt and MIG 2 by Moody's or SP 2 by Standard & Poor's for short term debt; and investment funds (Section 3(c)(1) or 3(c)(2) of the Investment Company Act of 1940).

The Tax Collector's investment policy provides that, to the extent possible, investment maturities should match known cash needs and anticipated cash flow requirements.

FOR E EARE E SE EM ER

ote Retirement system

an es ri tion

The Ta Collector's employees participate in the Florida Retirement System ("FRS"). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan ("Pension Plan") and the Retiree Health Insurance Subsidy ("HIS Plan"). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan ("Investment Plan") alternative to the FRS Pension Plan, which is administered by the State Board of Administration.

As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida Legislature.

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least si years of credited service, or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6 of their final average compensation based on the five highest years of salary, for each year of credited service. ested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Senior Management Service class members who retire at or after age 62 with at least si years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0 of their final average compensation based on the five highest years of salary for each year of credited service. lected Officers' class members who retire at or after age 62 with at least si years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0 (3.33 for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service. Substantial changes were made to the Pension Plan during fiscal year 2011, affecting new members enrolled on or after July 1, 2011 by e tending the vesting requirement to eight years of credited service and increasing normal retirement to age 65 or 33 years of service regardless of age. Also, the final average compensation for these members is based on the eight highest years of salary.

The HIS Plan provides a monthly benefit to assist retirees in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement. ligible retirees and beneficiaries receive a monthly health insurance subsidy payment of 5 for each year of creditable service, with a minimum payment of 30 and a ma imum payment of 150 per month. The HIS Plan is funded by required contributions from FRS participating employees as set forth by the Florida Legislature, based on a percentage of gross compensation for all active FRS members.

In addition to the above benefits, the FRS administers a Deferred Retirement Option Program ("DROP"). This program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to e ceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

ORANGE COUNTY FLORIDA
TALLahassee
SASSASS

FOR E EARE E SE EM ER

ote Retirement system continued

For those members who elect participation in the Investment Plan, rather than the Pension Plan, vesting occurs at one year of service. These participants receive a contribution for self direction in an investment product with a third party administrator selected by the State Board of Administration. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

The Tallahassee Collector recognizes pension expenditures in an amount equal to amounts paid to the Pension Plan, the HIS Plan and the defined contribution plan, amounting to \$926,511,251.61 and \$11,450, respectively, for the fiscal year ended September 30, 2019. The Tallahassee Collector's payments for the Pension Plan and the HIS Plan after June 30, 2019, the measurement date used to determine the net pension liability associated with the Pension Plan and HIS Plan, amounted to \$2,406 and \$4,950, respectively. The Tallahassee Collector is not legally required to and does not accumulate expendable available resources to liquidate the retirement obligation related to its employees. Accordingly, the net pension liability and associated deferred outflows and deferred inflows are presented on the government wide financial statements of the County, following requirements of GASB Statement No. 6, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, and GASB Statement No. 1, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, effective October 1, 2014.

unding o i

All enrolled members of the FRS Pension Plan are required to contribute 3.0% of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state wide contribution rates. The employer contribution rates by job class for the periods from October 1, 2011 through June 30, 2019 and July 1, 2019 through September 30, 2019, respectively, were as follows: regular .26% and .4%; county elected officers 4.0% and 4.2%; senior management 24.06% and 25.41%; and DROP participants 14.03% and 14.60%. During the fiscal year ended September 30, 2019, the Tallahassee Collector contributed to the plan an amount equal to 9.94% of covered payroll.

The state of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the state of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000. That report may be viewed on the Florida Department of Management Services website located at www.dms.myflorida.com/workforce_operations_retirement_publications.

ORANGE COUNTY FLORIDA
TAX COLLECTOR
SAASAS

FOR FUTURE ESTIMATES

Other Postemployment Benefit (OPB) Plan

In addition to the pension benefits described in Note 3, the Tax Collector offers an OPB Plan that subsidizes the cost of health care for its retirees and eligible dependents. Tax Collector employees with at least 10 years of combined service under the Tax Collector and/or Board, County Comptroller, Property Appraiser, Sheriff, or Supervisor of Elections who retire and immediately begin receiving benefits from the FRS are eligible to receive a monthly benefit of \$5 per year of service up to a maximum of \$150 per month if employed prior to October 1, 2005, and a monthly benefit of \$3 per year of service up to a maximum of \$90 per month if employed thereafter. Additionally, Tax Collector employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan at the same group rate as for active employees.

During fiscal year 2019, the Board established the Orange County Retiree Health Care Benefit Trust (Trust) for the Board, Tax Collector and the four other County officers noted above. As required by Governmental Accounting Standards Board Statement No. 5, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Board engaged an actuarial firm to determine each participant's actuarially determined Annual Required Contribution (ARC) and proportionate share of the accrued net OPB liability and related deferred outflows and deferred inflows. In doing so, the actuary also calculated the actuarially determined contribution to the Trust for the 2019 fiscal year, which was made by the Board, and which included an amount of \$345,151 attributable to the Tax Collector. Additionally, the Tax Collector made direct contributions, in the form of health care premium subsidy payments to retirees, in the amount of \$129,644. These direct contributions represent the Tax Collector's OPB expenditures for fiscal 2019, amounting to 0.99% of the Tax Collector's covered employee payroll of \$13,040,579. A full presentation of the Trust and OPB Plan assets, liabilities, funding status, and actuarial methods and assumptions is included in the Orange County, Florida Comprehensive Annual Financial Report.

Insurance Coverage

Orange County maintains a self insurance program that provides for coverage of substantially all risks. Various excess catastrophe insurance policies with a commercial carrier are also in force for claims exceeding the amount chargeable against the loss fund. The Tax Collector participated in the County's self insurance program during fiscal year 2019 at a cost of \$14,402. There has been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2019.

Additionally, Orange County maintains a self insured plan for employee medical benefits in which the Tax Collector participates. The self insurance plan covers all regular employees and certain retirees and former employees of the County and their eligible dependents. In accordance with the Affordable Care Act, the lifetime maximum for a covered individual is unlimited. The Tax Collector participated in the County's employee medical benefits plan during the fiscal year 2019 at a cost of \$3,06,190.

Report of Independent Auditor on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with A S

To the Honorable Scott Randolph,
Treasurer of Orange County, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the major fund and the aggregate remaining fund information of the Orange County, Florida Treasurer (the Treasurer) as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated January 24, 2020 for the purpose of compliance with Section 218.39(2), Florida Statutes, and Chapter 10.550, Rules of the Auditor General of Local Governmental Entity Audits. We also have audited the financial statements of each of the Treasurer's agency funds presented as other supplementary information in the accompanying combining fund financial statements as of and for the year ended September 30, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Treasurer's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Treasurer's internal control. Accordingly, we do not express an opinion on the effectiveness of the Treasurer's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tax Collector's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Cheryl Behrman LLP".

Independent Auditor's Management Letter

To the Honorable Scott Randolph,
Treasurer, Collector of Orange County, Florida:

Re: Financial Statements

We have audited the financial statements of the Orange County, Florida Treasurer, Collector (the "Treasurer, Collector") as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated January 24, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 24, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Signature and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Treasurer, Collector is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Treasurer, Collector.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Handwritten signature in black ink that reads "Cheryl Behrman CPA". The signature is written in a cursive style.

Independent Accountant's Report on Compliance
with Local Government Investment Policies

To the Honorable Scott Randolph,
Treasurer of Orange County, Florida:

We have examined the Orange County, Florida Treasurer's (the Treasurer's) compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management of the Treasurer is responsible for the Treasurer's compliance with the specified requirements. Our responsibility is to express an opinion on the Treasurer's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Treasurer complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Treasurer complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Treasurer's compliance with the specified requirements.

In our opinion, the Treasurer complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.
