miamidade.gov

May 28, 2021

Honorable Daniella Levine Cava, Mayor

Honorable Jose "Pepe" Diaz, Chairman and Members of the Board of County Commissioners

Honorable Harvey Ruvin Clerk of the Circuit and County Courts

Citizens of Miami-Dade County

Ladies and Gentlemen:

We are pleased to present the Miami-Dade County, Florida (the "County" or "Miami-Dade County") Comprehensive Annual Financial Report ("Annual Report") for the fiscal year ended September 30, 2020, pursuant to Florida State law. The financial statements were prepared in accordance with U.S. generally accepted accounting principles ("GAAP") as promulgated by the Governmental Accounting Standards Board ("GASB") and audited by a firm of independent certified public accountants retained by the County and paid from its public funds. For the fiscal year ended September 30, 2020, the County received an unmodified opinion from its independent auditor.

This report may also be accessed via the internet at http://www.miamidade.gov/finance/.

Responsibility for the accuracy and fairness of the presentation, including disclosures, rests with management of the County. We believe the data is accurate in all material respects, is presented in a manner designed to fairly set forth the financial position and results of operations of the County and has all disclosures necessary to enable the reader to gain an understanding of the County's financial activity. Miami-Dade County has established comprehensive internal controls designed to protect the County's assets from loss, theft or misuse and provide accounting data for preparation of the financial statements in conformity with GAAP. Because the cost of internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met.

The management's discussion and analysis ("MD&A") immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this Letter of Transmittal and should be read in conjunction with it.

#### Profile of the Government

Miami-Dade County is located along the southeast tip of the Florida peninsula, bounded by Biscayne Bay and the Atlantic Ocean to the east, Everglades National Park to the west, the Florida Keys to the south, and Broward County to the north. It occupies an area of more than 2,431 square miles. The total population served by the County is more than 2.8 million, including approximately 1.2 million that live in the Unincorporated Municipal Services Area ("UMSA"). Due to its proximity and high volume of travel and trade within the region, Miami-Dade County is often referred to as the "Gateway to Latin America and the Caribbean."

#### **Government Structure and Services Provided**

Dade County was created in 1836 and encompassed an area from present-day Palm Beach County to the Florida Keys. The State Legislature in 1955 approved and submitted to a general election a constitutional amendment designed to give a new form of government to the County. The amendment was approved in a statewide general election in November 1956. A Dade County Charter Board was constituted and, in April 1957, it completed a draft of a charter for the County. The proposed charter was adopted in a countywide election in May 1957 and became effective on July 20, 1957 (the "Charter"). The electors of the County are granted power to revise and amend the Charter from time

to time by countywide vote. The County has home-rule powers, subject only to the limitations of the Constitution and general laws of the State. The County has, in effect, a county government with certain powers effective throughout the entire County, including 34 municipalities located within the County, and a municipal government for the unincorporated area of the County. The County does not displace or replace the cities, but supplements them.

The Board of County Commissioners (the "BCC") is the legislative body, consisting of 13 members elected from single-member districts. Members are elected to serve four-year terms, not to exceed two consecutive four-year terms effective November 6, 2012. Elections of members are staggered. The BCC chooses a Chairperson, who presides over the Commission, as well as appoints the members of its legislative committees. The BCC has a wide array of powers to enact legislation and regulate businesses operating within the County. It also has the power to override the Mayor's veto with a two-thirds vote.

On January 23, 2007, the electors of Miami-Dade approved an amendment to the Home Rule Charter which established a Strong Mayor form of government. This amendment expands the Mayor's powers over administrative matters. Under this new system, the Mayor appoints all department heads.

On January 29, 2008, a charter amendment was approved to make the Property Appraiser an elected position. The Property Appraiser is elected to a four-year term, with no term limits.

The Clerk of the Board is a separate, duly elected constitutional officer as mandated by Article V, Section 16 of the Constitution of the State of Florida. The Clerk is elected to a four-year term by the electorate of Miami-Dade County. In this capacity, the Clerk serves as the Ex-Officio Clerk of the Board of County Commissioners, County Recorder, County Auditor, custodian of all County funds, and custodian of all records filed with the Court.

Florida's Constitution provides for five elected officials to oversee executive and administrative functions for each county: Sheriff, Supervisor of Elections, Tax Collector, Property Appraiser and Clerk. Through the Home Rule Charter, the first three of these offices were reorganized and became subordinate County Departments. In November 2018, Amendment 10 to the Florida Constitution was adopted calling for, among other things, the election of these five offices in all counties by removing the counties' charters ability to abolish, change the term, transfer the duties or eliminate the election of these offices. The election for these offices under this amendment will take place in November 2024 and the newly elected officials will take office at the beginning of January 2025.

Miami-Dade County provides a full range of services, including, but not limited to, police and fire protection; health services, which includes the operation of a major hospital and various neighborhood health clinics; mass transportation; sanitation; water and sewer services; the construction and maintenance of highways, streets and other infrastructure; libraries; correctional facilities; parks, recreational and cultural facilities and events; the operation of an airport system, including an international airport, three general aviation airports and a training airport; a full service seaport and solid waste collection services.

The financial reporting entity under which the financial statements are prepared includes all the organizations, activities and functions for which the County, as the primary government, is financially accountable.

#### **Budgetary Process and Control**

State of Florida statutes require that all county governments prepare, approve, adopt and execute an annual budget for such funds as may be required by law or by sound financial practices. In compliance with this, the budgets adopted by the County are either

appropriated or non-appropriated in nature. Funds that have legally appropriated budgets cannot legally exceed their appropriations. The budgetary controls over funds that have nonappropriated budgets are set by enabling ordinances, such as Bond Ordinances, in which the expenditure authority extends many years into the future.

Budgets are monitored at varying levels of classification detail; however, expenditures cannot legally exceed total appropriations at the individual fund/department level. Amendments and supplements to the budget require BCC approval. Estimated beginning fund balances available for financing current appropriations are considered in the budgetary process. Budget

and actual comparison for the General Fund and the Fire Rescue Fund are presented in

the Required Supplementary Information (RSI) section of the Annual Report. Budget and actual comparisons for other governmental funds are presented as supplementary information in the financial section of the report.

As an additional control, the County employs an encumbrance system that reduces available appropriations in governmental funds upon issuance of purchase orders, contracts or other forms of legal commitments. Encumbrances at year-end do not constitute expenditures or liabilities.

#### Long-Term Debt Management

The County continues to obtain, in an efficient and innovative manner, long-term financing for the construction or acquisition of various long-term assets. It is management's objective to adequately plan and meet the County's comprehensive construction demands for essential capital improvements and equipment, while ensuring that the residents of the community are not overburdened with general obligation long-term debt payable from ad valorem taxes.

#### Enterprise Operations

The County operates the following enterprise funds: The Transit Enterprise Fund, the Solid Waste Management Enterprise Fund, the Seaport Department, the Aviation Department, the Water and Sewer Department, the Public Health Trust, the Rickenbacker Causeway Fund, the Venetian Causeway Fund, the Section 8 Allocation Fund and the Mixed Income Properties Fund.

Although the Vizcaya Art Museum was set up as a separate trust, under GASB Statement No. 80, it has been integrated as a nonmajor enterprise fund within our statements. The County retains sole ownership of Vizcaya's grounds, building, and art collections. However, effective October 1, 2017 the management and operations, including personnel, started to be overseen by the not-for-profit 501(c)3 organization, Vizcaya Museum and Gardens Trust, Inc. (VMGTI). Following is a brief introduction to the County's major enterprise funds.

#### Transit Enterprise Fund

As part of the Transportation and the Neighborhood and Infrastructure strategic area,

DTPW operates the 18th largest public transit system in the country (based on annual vehicle revenue miles) and the largest transit agency in the state of Florida. DTPW provides approximately 27.5 million miles of Metrobus annual revenue service along 96 routes, 25 of which are operated with contracted services, with a fleet of 675 full-sized buses, 89 articulated buses, three minibuses and 80 contractor-operated buses. DTPW's system also includes a 25-mile dual elevated

Metrorail track, a 20-mile South Dade Transitway line that is among the longest in the United States and a 4.4-mile dual elevated Metromover track. During fiscal year 2020,

Transit operated a total fleet of approximately 846 buses, 166 rail cars and 30 metromovers.

On November 5, 2002, Miami-Dade County voters approved a half of one percent Charter County Transit System Surtax (Surtax) that has since been providing a dedicated funding source for transportation improvements, operations and maintenance and roadway improvements in the County.

Miami-Dade County also approved the Peoples Transportation Plan or (PTP) which outlined specific transit and roadway improvements to be supported by the Surtax. Eligible applications include bus service improvements, fixed guideways, rapid transit improvements, major highway and road improvements, and neighborhood improvements. Changes to County projects detailed in the PTP must first go through the Citizens' Independent Transportation Trust (Transportation Trust) and are ultimately approved by the County Commission. Additionally, as per the Ordinance 02-116, 20 percent of the sales tax proceeds shall be distributed annually to municipalities in Miami-Dade County in existence at the time the tax was adopted, based upon a pro-rata share determined by population, for transportation and transit improvements. The County has agreed to allocate annually approximately three percent of the annual surtax proceeds from its 80 percent share to three new municipalities that have been formed after the surtax was approved in 2002, as approved by the Board of County Commissioners.

#### Solid Waste Management Enterprise Fund

The Department of Solid Waste Management provides solid waste collection services for unincorporated Miami-Dade County and nine municipalities in addition to solid waste disposal services for all of Miami-Dade County. Its principal responsibilities are collection, transfer, disposal, and recycling of municipal solid waste.

Solid Waste Management is responsible for the operation of a variety of facilities, including the Resources Recovery Facility (waste-to-energy facility), landfills, transfer stations, and Neighborhood Trash and Recycling Centers. It is also responsible for meeting the State's countywide environmental compliance objectives such as the State's waste recycling goal of 75 percent by 2020.

#### Seaport Department

The Seaport Department operates the county-owned Dante B. Fascell Port of Miami-Dade ("Port"). The Port is the largest cruise home port in the world and is among the leading international waterborne container ports in the United States. The Port is an island port and occupies approximately 520 acres of land. For fiscal year 2020, the Port handled approximately 3.5 million passengers. During the same period, approximately 9.7 million tons of cargo and close to 1.07 million twenty-foot equivalent units (TEU's) were processed through the Port.

#### **Aviation Department**

The Miami-Dade County Aviation Department ("MDAD") operates a system of airports, the Miami International Airport ("MIA"), as well as three general aviation airports and one training airport. During fiscal year 2020, 25.4 million passengers traveled through MIA, a decrease of 44.6% from prior year. The significant decrease in passenger volume during fiscal year 2020 is a direct result of the COVID-19 global pandemic. MIA remains number one in the U.S. for international freight and third

for international passenger traffic. MIA continues to be an economic engine for Miami-Dade County and the State of Florida and is the major trans-shipment point between the Americas, and the Caribbean. During calendar year 2020, the most recent year for which such information is available, the Airport handled 79% of all air imports and 74% of all air exports between the United States and the Latin American/Caribbean region. More than 36,000 people are employed in the Miami-Dade County System of Airports, 1,350 of whom are County employees.

#### Water and Sewer Department

The Miami-Dade County Water and Sewer Department ("WASD"), considered the largest water utility in the Southeast United States, provides water and wastewater services throughout the County. The department's water system, consisting of three regional water treatment plants and five small auxiliary treatment plants, serves approximately 451,509 retail customers and fifteen wholesale customers within the County. WASD manages fourteen wellfields comprised of 95 production wells, 10 Floridian Aquifer wells and five aquifer storage and recovery wells supplying untreated water to treatment plants. Seven remote finished water storage and pumping facilities and more than 8,574 miles of water mains distribute water throughout the 400 square mile service area. Whereas the wastewater system, also consisting of three regional wastewater treatment plants, serves approximately 367,618 retail customers and thirteen wholesale customers.

#### **Public Health Trust**

The Public Health Trust ("the Trust") was created in October 1973 to provide for an independent governing body responsible for the operation, governance, and maintenance of designated health facilities. These facilities include six hospitals, two skilled nursing facilities, several primary care centers, multiple specialty care centers, the corrections health services for Miami-Dade County; and five urgent care centers. The trust provides health services throughout the County. The hospitals include Jackson Memorial Hospital (a teaching hospital operating in association with the University of Miami School of Medicine), Jackson North Medical Center, Jackson South Medical Center, Jackson Behavioral Health Hospital, Jackson Rehabilitation Hospital, and Holtz Children's Hospital.

On September 3, 1991, the voters of the County approved a half-cent health care surtax (the Surtax) on sales transactions occurring in Miami-Dade County. The Surtax proceeds are considered unrestricted tax revenue of the Trust and shall be used only for the

operation, maintenance and administration of the Trust. Additionally, the County is required to provide the Trust with a Maintenance of Effort (MOE) payment. At September 30, 2020, the Trust operated a total of 2,137 licensed hospital beds and 343 licensed nursing home beds.

#### Factors Affecting Financial Condition

The information presented in the financial statements primarily focuses on the County's financial position, as measured by its existing resources and claims on those resources. However, the County's financial condition is best understood when the focus is on both existing and future resources and potential claims on those resources. This broader concept is used to assess its financial condition, which reflects the current financial position as well as the prospects that today's financial position will improve or deteriorate.

#### Economic Condition

This economic condition and outlook outlines the level of economic activity throughout fiscal year 2020 and forecasts the area's economic outlook for next fiscal year (see discussion in Future Outlook related to coronavirus- COVID19.). The forecast of fiscal year 2020 was a fair assessment of what actually took place at the international, national and local levels.

In fiscal year 2020, there was a national decline in economic activity, with real gross domestic product (GDP) falling at an annual rate of 2.3%, compared to an increase of 2.2% in fiscal year 2019. The reduction in GDP was the result of a decline in the level of investment from an increase of 3.6% in fiscal year 2019 to a contraction of 6.5% in fiscal year 2020. Also, the reduction in GDP resulted from a decline in consumption in fiscal year 2020 of 2.6%. Alongside the contraction in economic activity, and due, in part, to a

drop in energy prices, inflation decreased from 1.9% in fiscal year 2019 to 1.4% in fiscal year 2020. This pullback in the level of inflation materialized alongside an increase of the headline unemployment rate of 360 basis points to 7.3%, the highest level in at least 7 years.

At the County level, fiscal year 2020 closed with the highest unemployment rate since at least fiscal year 2004 and saw payroll employment fall for the first time in a decade. The residential real estate market weathered the turmoil surprisingly well, although on two fronts did display signs of pandemic induced stress, with permits for new residential construction falling 28.0% over the previous year and with residential condominium sales decreasing by 10.8%.

Affected by the pandemic, taxable sales, international trade, number of visitors to Miami, hotel occupancy rates and average hotel room rates all contracted significantly during fiscal year 2020.

#### Employment

During fiscal year 2020 nonagricultural wage and salary employment (annual average) recorded an overall loss of approximately 43,800 jobs. This decrease of 3.6% left total employment at 1,168,900 according to non-seasonally adjusted data from the Bureau of Labor Statistics. This loss in employment represented the first loss in ten years, resulting in a near-doubling of the unemployment rate. The average annual unemployment rate for the year reached 7.6%, compared to 3.4% a year earlier.

#### Real Estate Market

Traditionally, the real estate sector in Miami-Dade County is viewed as one of the most important measures of the County's economic health. The effects of the pandemic on the real estate market during fiscal year 2020 were mixed, with increased uncertainty weighing on residential construction and shutdowns delaying residential sales on the one hand and record low mortgage rates and increases in work from home policies boosting home buyers appetite in some segments of the market on the other. The impacts brought by the pandemic will take a while to settle, but for fiscal year 2020 they resulted in an almost unchanged number of single-family home sales, a decrease in condominium sales, reduced construction activity and a drop in foreclosure filings.

During fiscal year 2020, sales of existing single-family homes decreased 2.8%, from 13,000 to 12,730 homes sold.

In terms of valuation, housing price appreciation continued in fiscal year 2020. Median sales price for single family homes rose by 5.8% in fiscal year 2020, the fastest increase since fiscal year 2017. The median sales price for existing condominiums rose by

0.3% in fiscal year 2020, the slowest increase since fiscal year 2011.

The commercial/industrial components of the real estate market experienced a slight increase in vacancy rates in fiscal year 2020 compared to the previous year. Office vacancy went up slightly to 9.0%, with average rent rate per square foot increasing by 5.4%. The retail vacancy rate remained stable at just over 4.0%. Average lease rates for retail stand-alone space were flat at \$40.88 per square foot while average lease rates in shopping centers increased by 3.3% to \$34.44 per square foot. The industrial market saw vacancy rates unchanged at 4.0% in fiscal year 2020.

#### Sales Indicators

Taxable sales in the County were impacted by the pandemic. In fiscal year 2020 they total \$49 billion after decreasing an inflation-adjusted 13.8% from fiscal year 2019.

After increases in every category in fiscal year 2018 and increases in two out of six categories in fiscal year 2019, all categories suffered contractions in fiscal year 2020, led by Tourism with a decrease of 28.8%, followed by Consumable Nondurables with a decrease of 14.5% and Consumer Durable with a decrease of 14.1%.

#### International Trade and Commerce

International trade and commerce is a key component of Miami-Dade's economy. Since surpassing \$90 billion (2019 inflation adjusted dollars) in trade measured by value in fiscal 2018, merchandise trade passing through Miami-Dade County fell 4.3% in fiscal year 2019, and, aided by the recession tied to the pandemic in fiscal year 2020, fell an additional 10.7% to \$77 billion.

In contrast to the recurring merchandise trade deficits that the United States maintains year after year, the Miami-Dade ports exports more than it imports resulting in a trade surplus. The surplus narrowed in fiscal year 2020 after exports decreased by 9.4%, which was less than the decrease of 11.8% in imports. Most of the Miami-Dade ports export markets are in South America, Central America, and the Caribbean and together with Europe, account for more than 87% of the total trade. In addition, most of all U.S. imported perishables from South America, Central America, and the Caribbean pass through the Miami-Dade ports.

Two of Miami-Dade County's barometers of trade activity are the freight tonnage moving through Miami International Airport ("MIA") and PortMiami ("the Seaport"). At the former, overall air freight tonnage decreased 1.3%, after declining 2.4% the preceding year. At the Seaport, cargo tonnage figures were down by 3.9% after increasing by 5.3% the year before. The Seaport accounts for 87% of total County trade measured by weight.

#### Tourism

The State of Florida hosted more than 130 million overnight visitors for the first time in fiscal year 2019. Due to restrictions associated with the pandemic, the State of Florida hosted just over 97 million overnight visitors in fiscal year 2020. In tandem with the rest of the state, the number of overnight visitors to the Miami area decreased from 16.2 million in fiscal year 2019 to 9.1 million in fiscal year 2020. The number of international visitors fell by more than half while domestic visitors were down 39%.

Consistent with the trend in overnight visitors, the Miami International Airport passenger levels stood at 26 million in fiscal year 2020, representing an annual decrease of 43%, after increasing 1.9% in the prior year. Even harder hit than the overall tourism sector was the cruise industry, subject to a complete regulatory shutdown that continues even now. PortMiami saw its passenger traffic plunge 49% to 3.5 million passengers in fiscal year 2020 after a 22% increase in fiscal year 2019.

The drop in overnight visitors, coupled with an increase of 3.0% in hotel room inventory, translated into a decrease in the hotel occupancy rate from 75.6% in fiscal year 2019 to 45.6% in fiscal year 2020. This drop in the occupancy rate was coupled with a decrease in the average room rate from \$194 in fiscal year 2019 to \$165 in fiscal year 2020.

#### Future Outlook

Over a decade of economic expansion for both the United States and Miami-Dade County came to a halt in fiscal year 2020 as the public health measures such as closure of businesses were implemented in response to COVID-19. The pandemic had a severe effect at the end of the second quarter and beginning of the third quarter of fiscal year 2020. With more knowledge of the COVID-19 virus and with effective vaccines rolling out. There is optimism of a rebound in economic activity in fiscal year 2021 from the levels in the prior fiscal year.

The County's Adopted Capital Budget and Multi-Year Capital Plan, covering the period October 1, 2019 through September 30, 2020 and future years, includes 496 active capital projects with programmed expenditures across all strategic areas that total \$24.9 billion. The capital budget for fiscal year 2020 is \$3.3 billion, of this total, 31% comprises Transportation and Mobility, 25% Economic Development, 26% Neighborhood and Infrastructure, 6% Public Safety, 6% General Government, 4% Recreation and Culture, and 2% Health and Human Services

Major capital projects programmed to commence or continue in fiscal year 2021 include:

- Construction of a new Civil and Probate Courthouse located in downtown Miami
- Construction of the Westchester Cultural Arts Center
- Neighborhood and drainage improvements
- Systemwide library improvements
- Replacement of over 1,000 light and heavy vehicles county-wide to replace those vehicles that have reached or exceeded their life cycle
- Modernization and renovation of various affordable housing sites and units throughout the County
- Beach erosion mitigation and re-nourishment
- Work on the Americans with Disabilities Act barrier removal projects throughout Miami-Dade County
- Cruise terminal and port-wide infrastructure improvements
- Water and wastewater infrastructure improvements
- Concourse renovations and infrastructure improvements under the Capital Improvement Program (CIP) at Miami International Airport
- Second phase implementation of Enterprise Resource Planning (ERP) system
- Implementation of the Advanced Traffic Management System
- Countywide Infrastructure Investment Program for the renovation, rehabilitation and upgrade of county facilities, life safety, security, elevators and other related required infrastructure improvements at all County-owned or operated facilities

The Building Better Communities General Obligation Bond Program, approved by the electorate in 2004, continues with a planned commercial paper program, implemented in fiscal year 2013, which allows for a more efficient management of project cash flows, based on the approved debt service millage of 0.4780 mills in fiscal year 2021.

Fuel tax collections include a programmed \$18.4 million of Constitutional Gas Taxes and \$20.7 million of Capital Improvement Local Option Fuel Tax to be allocated for transportation projects benefiting countywide projects in the Department of Transportation and Public Works.

#### **Certificate of Achievement**

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to Miami-Dade County for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2019. This is the 39<sup>th</sup> occasion the County has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### Acknowledgements

The preparation and completion of this Annual Report represents the culmination of numerous processes performed by many of the accountants throughout the County departments, and excellent cooperation and assistance from the accounting firms associated with the audit of the County's operations. We would like to thank the Research Section of the Regulatory and Economic Resources Department for providing the information regarding our economy. In particular, we wish to express our appreciation to the staff of the Finance Department who were responsible for the preparation of this report.

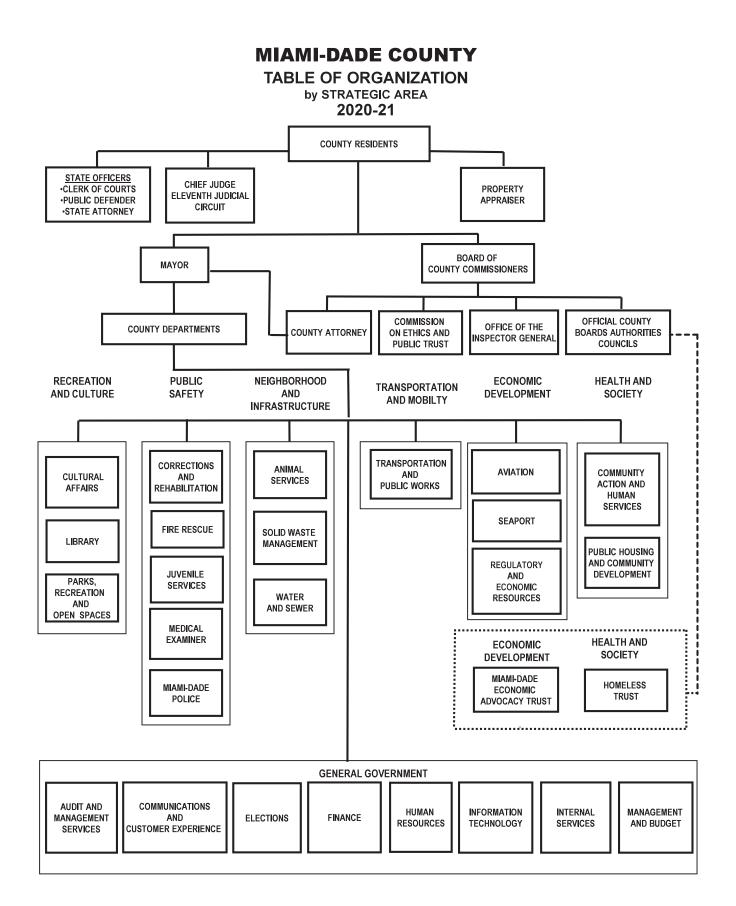

Respectfully submitted,

Dway Margur

#### Independent Auditor's Report

**RSM US LLP** 

The Honorable Mayor and Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Miami-Dade County, Florida (the County), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of:

| omponent Units / Funds   | Opinion Unit                          |

Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the funds and component units referred to above, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Jackson Health Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Miami-Dade County, Florida, as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, defined benefit retirement and pension plans and other post-employment benefits schedules and the budgetary comparison information for the general fund and fire rescue fund, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying introductory section, the combining and individual fund financial statements and schedules, the budgetary comparison schedules and the statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual major and nonmajor fund financial statements and schedules, and the budgetary comparison schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual major and nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated May 28, 2021, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

RSM US LLP

May 28, 2021 Miami, Florida

# MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)

The following narrative provides an overview of Miami-Dade County's (the "County") financial activities for the fiscal year ended September 30, 2020. Comparative information is provided in this year's report. This narrative should be read in conjunction with the letter of transmittal at the front of this report and the financial statements and accompanying notes, which follow this section. Additional information is provided in this narrative and the accompanying notes to the financial statements.

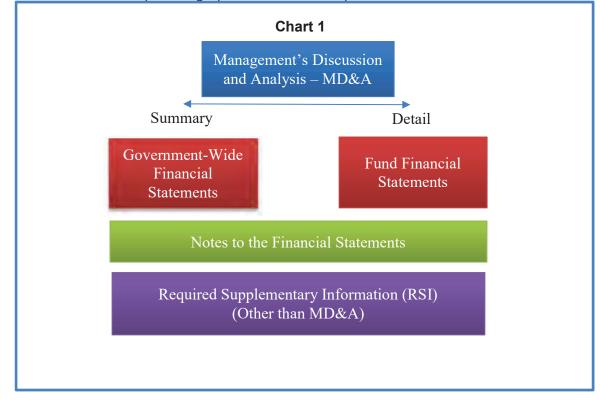

# **Financial Highlights for Fiscal Year**

- At September 30, 2020, the County's assets and deferred outflows exceeded its liabilities and deferred inflows by \$3.7 billion (net position). Net investment in capital assets was \$4.6 billion; restricted net position (amounts restricted by law, agreements, debt covenants or for capital projects) was \$3.7 billion; and unrestricted net position had a deficit of (\$4.6) billion.
- The County's total current year activities decreased net position by \$605.5 million. Current year activities of business-type activities increased net position by \$119.7 million due to positive results of the Solid Waste Management, Transit, Water and Sewer and Public Health Trust enterprise funds. Net position of governmental activities decreased by \$725.2 million.
- Long-term liabilities of governmental activities increased by \$1.2 billion in fiscal year 2020. Bonds, loans and note payable increased by \$379.5 million, resulting from general and special obligation bond issuance in the amount of \$979.6 million (including bond premium and accretions), less reductions of \$600.1 million from principal payments and refunded debt. Other long-term liabilities for governmental activities increased by \$846.3 million, primarily due to a net increase in net pension liability of \$621.4 million, estimated claims payable of \$99.1 million, total other post-employment benefits of \$53.3 million and compensated absences of \$55.9 million (see note 8).
- □ Long-term liabilities of business-type activities increased by approximately \$1.2 billion. Bonds and loans payable increased by \$1.1 billion, resulting from general and special obligation bond issuance in the amount of \$2.3 billion (including bond premium and accretions), less reductions of \$1.2 billion from principal payments and refunded debt. Other long-term liabilities for business-type activities increased by \$111.4 million, primarily due to a net increase in pension liability of \$132.1 million, capital lease liability of \$57.6 million, compensated absences of \$18.0 million, total other post-employment benefits of \$8.7 million, less \$.7 million in claims payable and in commercial paper notes of \$156.3 million. The commercial paper notes program provides the Aviation, Seaport and Water and Sewer Department interim financing for the Departments' Capital Improvement Program. The notes and accrued interest are payable solely from future revenue bond proceeds (see note 8).
- At September 30, 2020, the County's governmental funds had fund balances totaling \$2.5 billion. The net change in governmental fund balances during the year was an increase of \$66.8 million.

- At September 30, 2020, the General Fund had a fund balance of \$501.9 million, an increase of \$28 million, or 5.9% from the previous year, primarily due to an increase in general property tax revenues, capital lease proceeds and approximately \$60 million in reimbursable expenditures from the Coronavirus Aid, Relief, and Economic Security (CARES) Act Funding in FY 2020. Of the total fund balance, \$85 million was restricted, \$32.9 million was nonspendable, and \$126.7 million was unassigned.
- At September 30, 2020, the Fire Rescue Fund had a fund balance of \$59.8 million, an increase of \$18.3 million, or 44.2%, from the previous year. Of the total fund balance, \$49.4 million was restricted and \$10.4 million was nonspendable.

# **Overview of the Financial Statements**

This report has been prepared in accordance with Governmental Accounting Standard Board (GASB) Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis-for State and Local Governments*. The Statement requires that the basic financial statements include: 1) *government-wide* statements, 2) *fund* financial statements, and 3) notes to the financial statements. Other supplementary information and statistical data are also included in the report. A graphical illustration is presented below — Chart 1.

The GASB Statement No. 34 reporting model focuses on the County as a whole (government-wide) and on the major individual funds. Both perspectives allow the user to address relevant questions, broaden the basis for comparison and enhance the County's accountability.

**Government-wide statements.** Two government-wide statements are presented: the *Statement of Net Position* and *the Statement of Activities*. These statements provide

information on the County as a whole using the accrual basis of accounting similar to those of private-sector companies. The accrual basis of accounting recognizes increases or decreases in economic resources as soon as the underlying transaction takes place. Therefore, all of the current year's revenues and expenses are reported regardless of when cash is received or paid. The economic resources measurement focus is applied to all long-term and short-term *financial* assets, deferred outflows of resources, liabilities and deferred inflows of resources, as well as all *capital* assets. These statements include the County and its component units, except for funds that are fiduciary in nature.

The Statement of Net Position presents information for the County's governmental and business-type activities. Increases or decreases in net position may be useful in assessing the County's financial position.

The Statement of Activities presents the change in net position over the fiscal year being reported. The format for this statement reports the *net (expense) revenue* of each of the County's functions (groups of related activities which provide a major service). It identifies the extent to which each function is either self-supporting or relies on general revenues of the County. The County's *general revenues*, such as taxes, shared revenues from the State of Florida, investment earnings, and transfers, are reported after the total net expense of the County functions.

In the government-wide statements, financial information is provided separately for:

- Governmental activities. Policy Formulation and General Government, Protection of People and Property, Culture and Recreation, and Physical Environment are examples of governmental activities. These activities are principally supported by general and intergovernmental revenues.
- Business-type activities. The operations of the Airport, Seaport, Water and Sewer, Solid Waste Management, Transit, and the Public Health Trust are the County's major business-type activities. These activities are financed in whole or in part by fees charged to external users for goods and services.
- <u>Component units</u>. Component units are legally separate entities for which the County is financially accountable. The Miami-Dade Housing Finance Authority and the Jackson Health Foundation are discretely presented component units of the County. The County has other blended component units, refer to Note 1 for more information.

**Fund financial statements.** Fund financial statements have traditionally been presented in the Comprehensive Annual Financial Report (the "Annual Report"). A *fund* is a set of self-balancing accounts that are segregated for the purpose of carrying on specific activities or attaining certain objectives, as required by special regulations, restrictions or limitations. Miami-Dade County's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds account for most of the County's basic services, which are reported as governmental activities in the government-wide statements. Fund statements, however, use the modified accrual basis of accounting and current financial resources measurement focus. The aim of the statements is to report the near-term (current) inflows and outflows, and the balances of spendable financial resources at the end of the fiscal year. The statements provide a short-term

view of the County's ability to finance its programs in the near future, in contrast to the long-term view provided by the government-wide statements. To facilitate comparison, reconciliations are presented for the governmental funds' balance sheet and statement of revenues, expenditures and changes in fund balance to the government-wide statements.

The governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance include separate columns for the County's major funds, the General Fund and the Fire Rescue Fund, and Other Nonmajor Governmental Funds in the aggregate. Individual fund statements for the Other Nonmajor Governmental Funds are included in the combining statements in the supplementary information section of the Annual Report.

- Proprietary funds. Proprietary funds are those funds where the County charges a user fee in order to recover costs. The County's proprietary funds are enterprise funds and internal service funds.
  - 1. *Enterprise funds* are used to finance and account for the acquisition, operation and maintenance of facilities and services that are intended to be entirely or predominantly self-supporting through the collection of charges from external customers. Enterprise funds are used to report the same activities as the business-type activities in the government-wide financial statements. The County has six major enterprise funds.
  - 2. Internal service funds are used to report any activity that provides goods and services to other funds, departments, or agencies of the County, on a reimbursement basis. The County's Self-Insurance Fund is an internal service fund. In the statement of activities, any profit or loss in the Self-Insurance Fund is allocated back to the different functions that participated in the fund. Because the Self-Insurance Fund predominantly serves the government, assets and liabilities of the Self-Insurance Fund are included within the governmental activities in the statement of net position.
- Fiduciary funds. Fiduciary funds are used to report assets held in a trustee or agency capacity for others. The County currently has funds held in an agency capacity for the Clerk of the Circuit and County Court and the Tax Collector, as well as other funds placed in escrow pending distributions. The County also has a Pension Trust Fund that accounts for the Public Health Trust Defined Benefit Retirement Plan. These funds cannot be used to support the County's own programs, and therefore, are not reflected in the government-wide financial statements.

**Notes to the financial statements.** The notes include various disclosures to ensure a complete picture is presented in the financial statements. They provide information useful in understanding the data presented in the government-wide and fund financial statements.

**Other information.** This report also includes as required supplementary information various schedules, including a schedule of revenues, expenditures and changes in fund balances – budget and actual, for the General Fund and the Fire Rescue Fund. There are also additional disclosures for Public Health Trust Pension Fund, the Florida Retirement System (FRS) Pension Plan, the Florida Health Insurance Subsidy (HIS) Pension Plan, and the Miami-Dade County Group Health Plan. Combining and individual fund statements and budget

comparisons for non-major funds are located in the pages following the notes to the financial statements.

# Financial Analysis of the County as a Whole

A government's *net position* is the difference between its assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. The County's net position (deficit) is summarized below:

# Table 1 Miami-Dade County, Florida Summary of Net Position (Deficit) September 30, 2019 and 2020 (in millions)

| assets                       | 1,235       | 1,048          | 4,073       | 4,210          | \$ (670)    | \$ (688)    | 4,638                       | 4,570    |  |  |  |
| Restricted                   | 1,856       | 2,045          | 1,487       | 1,652          |             |             | 3,343                       | 3,697    |  |  |  |
| Unrestricted (deficit)       | (4,379)     | (5,106)        | 42          | (140)          | 670         | 688         | (3,667)                     | (4,558)  |  |  |  |
| Total net position (deficit) | \$ (1,288)  | \$ (2,013)     | \$ 5,602    | \$ 5,722       |             |             | \$ 4,314                    | \$ 3,709 |  |  |  |

Net position may be used to assess the financial position of the County. The County's combined net position as of September 30, 2020 was \$3.7 billion. Approximately \$4.6 billion of the County's net position represents its net investment in capital assets. These assets include land, buildings, machinery and equipment, and infrastructure less any outstanding debt used to acquire those assets that are not available for future spending. Additionally, \$3.7 billion are restricted resources subject to external restrictions on how they may be used.

At September 30, 2020, the County had an unrestricted net position (deficit) of (\$4.6) billion. The governmental activities unrestricted net position deficit of (\$5.1) billion is primarily the result of recording the net pension liability (\$3.5) billion, total other post-employment benefits liability (\$435.1) million, estimated claims payable (\$663.5) million, liability for compensated absences (\$579.7) million, and other unfunded liabilities.

The governmental activities column includes debt issued by the County to finance construction projects for business-type activities, for which the enterprise fund owns and uses the assets and the County retires the debt. These amounts are reported in the adjustments column of the statement of net position to properly report the government-wide net invested in capital assets and unrestricted net position.

On November 2, 2004, Miami-Dade County voters approved the \$2.9 billion Building Better Communities Bond Program (BBC Bond Program), which allows the County to issue long-term bonds to fund more than 300 neighborhood and regional capital programs, in the areas of water, sewer, and flood control; parks and recreational facilities; bridges, public infrastructure, neighborhood improvements; public safety facilities; emergency and healthcare facilities; public service outreach facilities; housing for the elderly and families; and cultural, library, and multicultural educational facilities.

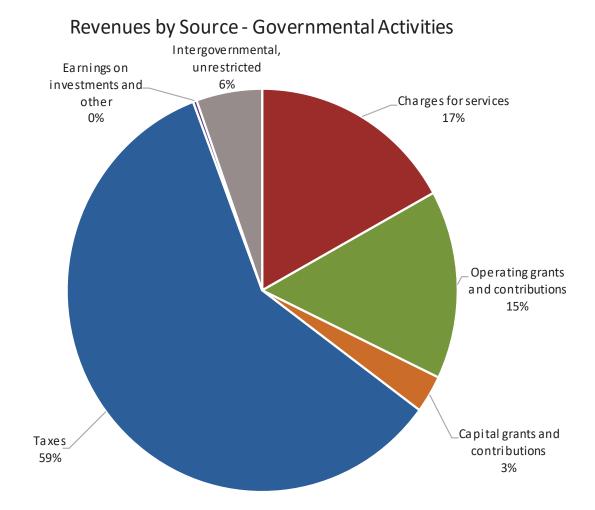

Various municipalities, including the City of Miami, City of Miami Beach, City of Hialeah, and others, have received funds from the BBC Bond Program to fund numerous projects. The County is responsible for the debt and the municipalities own the assets. The debt related to this program is reported in the governmental activities unrestricted portion of net position (deficit). During fiscal year 2020, the County paid a total of \$4.8 million to municipalities from the BBC Bond Program; total paid since the inception of the program is \$264.8 million as of September 30, 2020. Some projects funded by the BBC Bond Program are: renovation of the Miami Beach Convention Center, City of Miami parks and facilities improvements, and county-wide water and sewer enhancements. More information of the BBC Bond Program is available County's website from the https://www8.miamidade.gov/global/management/building-better-communities.page.

The following schedule is a summary of the government-wide activity for the fiscal year ended September 30, 2020, with comparative information for the fiscal year ended September 30, 2019.

#### Table 2 Miami-Dade County, Florida Changes in Net Position (Deficit) For the Fiscal Years Ended September 30, 2019 and 2020 (in millions)

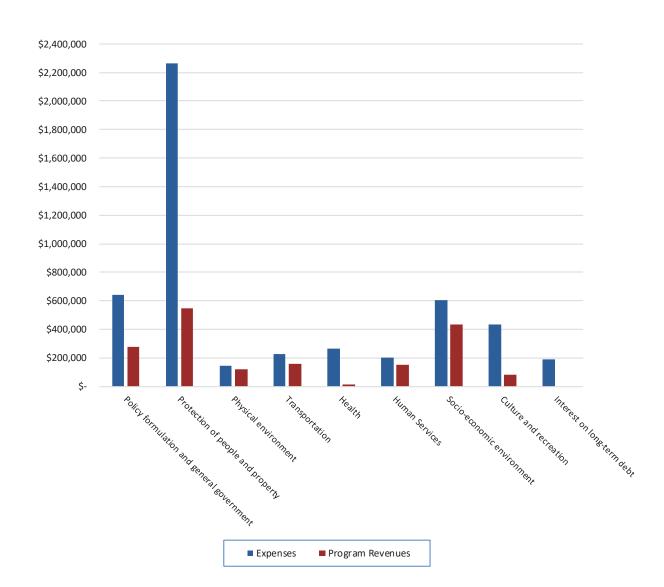

Governmental activities **Business-type activities** Total primary government 2019 2019 2020 2019 2020 2020 Revenues: Program revenues: Charges for services \$ 821 \$ 864 \$ 3,690 \$ 3,430 \$ 4,511 \$ 4,294 Operating grants and contributions 728 771 330 554 1,058 1,325 Capital grants and contributions 175 152 323 294 498 446 General revenues: 2,030 2,162 2,030 2,162 Property taxes County hospital 1/2% sales surtax 283 251 283 251 Transportation 1/2% sales surtax 283 251 283 251 Tourist taxes 176 118 176 118 Utility taxes 100 106 100 106 Local option gas taxes 61 52 61 52 Communication tax 25 26 26 25 Documentary stamp surtax 37 29 37 29 Other taxes 16 15 16 15 306 277 306 277 Intergovernmental revenues, unrestricted Franchise fees 24 24 48 (34)78 32 126 (2) Earnings on investments Miscellaneous 19 19 51 32 70 51 5,132 5,059 4,472 4,342 9,604 9,401 **Total revenues** \$ \$ \$ \$ Expenses: Policy formulation and general government \$ 587 642 \$ 587 642 \$ \$ Protection of people and property 2,064 2,264 2,064 2,264 Physical environment 262 137 262 137 Transportation 192 226 192 226 Health 240 262 240 262 Human services 178 201 178 201 Socio-economic environment 494 604 494 604 432 381 432 Culture and recreation 381 Interest on long-term debt 188 190 188 190 Mass transit \$ 702 \$ 725 702 725 Solid waste collection (43) 114 (43)114 Solid waste disposal 165 160 165 160 Seaport 159 168 159 168 Aviation 1,010 1,010 1,023 1,023 Water 292 317 292 317 474 508 474 508 Sewer Public health 2,052 2,045 2,052 2,045 Other 39 42 39 42 4,586 4,958 4,850 5,102 9,436 10,060 Total expenses \$ \$ \$ \$ \$ \$ Increase (decrease) in net position (deficit) 101 before transfers \$ 546 \$ \$ (378) \$ (760)\$ 168 \$ (659) Special Item - Proceeds from swaps termination 54 54 Transfers (863) (880) 863 880 \$ \$ Increase (decrease) in net position (deficit) \$ (317) \$ \$ 168 \$ (605) (725) 485 120 Beginning net position (deficit) (971) (1,288) 5,117 5,602 4,146 4,314 Ending net position (deficit) \$ (1,288) \$ (2,013) 5,602 5,722 4,314 3,709 \$ \$ \$ \$

**Governmental activities.** Net position of governmental activities decreased by \$725.2 million in fiscal year 2020. Total revenues for the governmental activities were \$5.1 billion, a decrease of \$21.7 million from prior year. The largest source of revenue was taxes (59%), followed by charges for services (17%), and operating grants and contributions (15%). Property tax revenues increased by \$131.5 million, or 6.5%, in fiscal year 2020. This was partly due to an increase in property values, as compared to fiscal year 2019. Charges for Services increased by \$43.5 million and operating grants and contributions increased by \$43.5 million in fiscal year 2020. The increase in operating grants and contributions is primarily due to the County receiving Coronavirus Aid, Relief, and Economic Security (CARES) Act Funding in FY 2020 and no corresponding contribution in FY 2019 (refer to Note 10). Capital grants and contributions decreased by \$23 million in fiscal year 2020. Earnings on investments decreased by \$82.6 million.

Total expenses for governmental activities were \$5 billion in fiscal year 2020, an increase from \$4.6 billion in fiscal year 2019. Expenses for Protection of People and Property, which include Police and Fire Rescue, comprise 45.6% of total expenses. Net transfers to business-type activities were \$874.3 million, an increase of \$10.9 million or 1.3%, which includes: \$405.9 million to the Transit Agency, of which approximately \$198.2 million was from the half-penny sales tax for transit-related costs, and \$207.7 million was from the General Fund per the Maintenance of Effort (MOE) Agreement; \$250.7 million of the half-penny Indigent

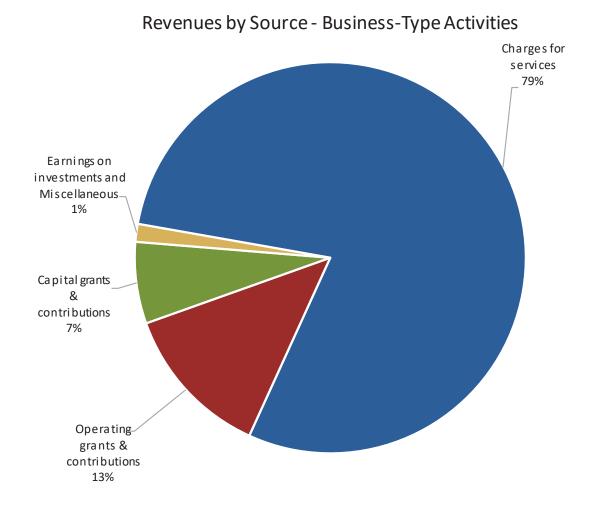

Care sales tax was transferred to the Public Health Trust; and \$213.3 million was transferred from the General Fund to the Public Health Trust per the MOE Agreement. The below chart shows the extent to which general revenues, such as property taxes and intergovernmental revenues, are used to support governmental activities when expenditures for the activity exceed program revenues.

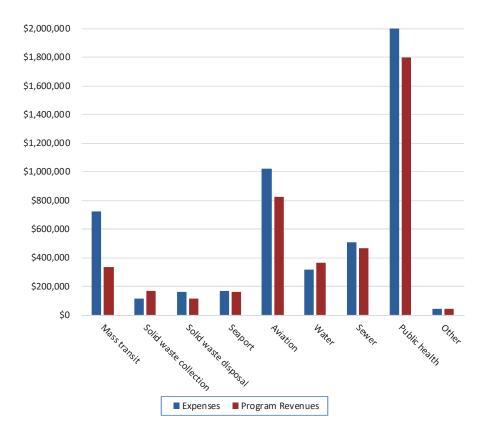

# Expenses and Program Revenues - Governmental Activities (in thousands)

**Business-type activities.** The County's major business-type activities include the following enterprise funds: Transit, Solid Waste Management, Seaport, Aviation, Water and Sewer, and the Public Health Trust.

Business-type activities' net position increased by \$114 million. This increase is the result of a combined increase in net position during the year of \$305.9 million for the Transit, Rickenbacker Causeway, Water and Sewer, Solid Waste Management, Public Health Trust, Section 8 Allocation Properties and Mixed Income Properties enterprise funds, offset by a total net position decrease of \$191.9 million for Seaport, Aviation, Vizcaya Art museum and Venetian Causeway enterprise funds, combined with the allocation of self-insurance activity. More detailed information on these changes may be found in the Financial Analysis of the County's Funds section of the MD&A. The pie chart below summarizes the revenues by source of the business-type activities.

The bar graph below summarizes the expenses and program revenues of the business-type activities but does not include maintenance of effort transfers from the general fund and the health and transportation half-cent sales tax revenue.

Expenses and Program Revenues - Business-Type Activities (in thousands)

# Financial Analysis of the County's Funds

**Governmental Funds.** The County's governmental funds reported combined fund balance of \$2.5 billion at September 30, 2020, an increase of \$66.8 million or 2.7% from the prior year's fund balance. Of the total fund balance, \$235.7 million is assigned and (\$166.2) million is unassigned. These totaled \$69.5 million or 2.8% of total fund balance and constitutes the fund balance (deficit) that is accessible to meet the County's needs. The remainder of the governmental funds balance includes \$49.4 million in the nonspendable category for items that are not expected to be converted to cash, such as inventories; \$2.4 billion restricted for various programs and \$21.6 million committed for other purposes.

The General Fund is the County's main operating fund and is used to account for most of its governmental activities. As of September 30, 2020, its total fund balance was \$501.9 million, of which \$235.7 million was assigned and \$126.7 million was unassigned. Total General Fund balance represents 24.5% of total General Fund expenditures. The Fund's total revenues exceeded expenditures by \$582.3 million in fiscal year 2020. Other financing sources comprise net transfers out of \$608.8 million and capital lease arrangements of \$45.9 million, resulting in a total fund balance increase of \$28 million or 5.9% from prior fiscal year.

The Fire Rescue Fund constitutes a major fund and it is used to account for all the fire and rescue activities of the County. As of September 30, 2020, its total fund balance was \$59.8 million, of which \$10.4 million was nonspendable and \$49.4 million was restricted. Fire Rescue Fund balance represents 11.8% of total Fire Rescue Fund expenditures. The Fund's total expenditures in excess of revenues of \$16.4 million were offset by net transfers in of \$30.5 million. Additionally, there was an increase in reserve for inventory of \$4.2 million, resulting in a total fund balance increase of \$18.3 million.

**Enterprise Funds**. The proprietary funds provide the same type of information found in the government-wide statements, but in more detail.

*Miami-Dade Transit Enterprise Fund ("MDT")* MDT's net position was \$513.2 million at September 30, 2020, an increase of \$31.8 million from fiscal year 2019. MDT generated \$51.5 million in operating revenues in fiscal year 2019, a decrease of \$43.8 million from prior year. MDT's total operating expenses, including depreciation, totaled \$655.2 million in fiscal year 2020, which resulted in an operating loss of \$603.7 million. Non-operating revenues, contributions and transfers totaled \$635.5 million.

As of September 30, 2020, the MDT had a cash surplus of \$83 million as compared to a cash deficit of (\$38.1) million from the previous year. In accordance with generally accepted accounting principles, the cash deficits are funded with cash advances from the County's General Fund. This year, MDT's grant project funds' cash deficit was (\$24.5) million which will be reimbursed from federal and state grantor agencies compared to (\$55.7) million last year, representing a decrease of \$31.2 million in the current year compared to the prior year. The total cash surplus excludes a cash balance of \$315.9 million, which mainly represents the unspent proceeds of surtax bonds, which was issued to fund the Peoples' Transportation Plan (PTP) projects and debt service account. MDT continues to be dependent on funding from the County and various other governmental entities.

Miami-Dade Solid Waste Management Enterprise Fund ("DSWM") DSWM's net position was \$314 million at September 30, 2020, an increase of \$17.7 million from fiscal year 2019. This increase is a result of operating income of \$8.4 million, non-operating revenues of \$2.1 million and net transfers in of \$7.2 million. Operating revenues increased by \$9.3 million from \$269.7 million in fiscal year 2019 to \$279 million in fiscal year 2020 as a result of higher balances in Collection Services, Utility Service Fee Revenues and Other Operating Revenues, partially offset by lower balances in Electricity Sales. Operating expenses before depreciation and closure and post closure care costs for inactive landfills, showed an increase of \$5.2 million from \$249.5 million in fiscal year 2019 to \$254.7 million in fiscal year 2020. This increase in operating expenses is primarily due to higher balances in transfer operations, garbage collection, litter control, facility maintenance, enforcement and environmental, and general administration. Non-operating revenues totaled \$2.1 million, as compared to non-operating revenues of \$153.3 million in fiscal year 2019, which consisted primarily of reimbursements for Hurricane Irma. Non-operating revenue balance of \$2.1 million resulted from Hurricane Irma reimbursements and other transfers. Net transfers in of \$7.2 million resulted primarily from COVID-19 reimbursements.

*Miami-Dade Seaport Department* Seaport's net position was \$247.8 million at September 30, 2020, a decrease of \$1 million from fiscal year 2019. The decrease in fiscal year 2020 can be mostly attributed to a decrease in operating revenues from 2019. The Seaport Department's operating revenues for the 2020 fiscal year were \$133.1 million, a decrease of approximately \$32.5 million from the prior year. The decrease can be mostly attributed to

decrease in cruise related revenues, parking and ground transportation, offset by increase in cargo related revenues and rentals. The decreases in cruise related revenues, parking and ground transportation are mostly related to a significant decrease in cruise activity related to the COVID-19 shutdown, which suspended cruises early in March 13, 2020. The increases in cargo related revenues and rentals are mostly related to an increase in tariff rates and activities. Operating expenses before depreciation and amortization totaled \$94.8 million, an increase of approximately \$9 million from prior year. The increase in operating expenses is primarily attributed to an increase in general and administrative expenses related to the increase in pension and OPEB related expenses from prior year.

*Miami-Dade Aviation Department* The Aviation Department's net position totaled \$1.04 billion at September 30, 2020, a decrease of \$188.4 million from fiscal year 2019. This decrease is a result of capital contributions of \$31.4 million and net non-operating revenues of \$7.6 million, offset by operating loss of \$227.4 million. The Aviation Department had operating revenues of \$553.8 million in fiscal year 2020, a decrease of \$266.8 million from prior year. The decrease in operating revenues is primarily attributable to the decrease across all primary revenue sources due to the significant decline in air travel because of the COVID-19 global pandemic. Operating expenses before depreciation and amortization totaled \$510.2 million, an increase of \$9.8 million from prior year. The increase in operating expenses is primarily attributed to an increase in expenses for salaries, fringe benefits and outside contracts.

*Miami-Dade Water and Sewer Department ("WASD")* WASD's net position totaled \$2.7 billion at September 30, 2020, an increase of \$51 million from prior year. This increase was a result of operating income of \$84.5 million and capital contributions of \$57.9 million, offset by net non-operating expenses of \$91.5 million. WASD's operating revenues were \$769.5 million in fiscal year 2020, an increase of \$35 million from fiscal year 2019. Total expenses increased by \$58.7 million in fiscal year 2020, primarily due to an increase in interest expense attributable to the decrease in capitalized interest, bad debt expense, pension expense and administrative support charges.

**Public Health Trust ("PHT" or "Trust")** PHT's net position totaled \$887.4 million at September 30, 2020, an increase of \$198.2 million from prior year. The increase consisted of a \$449.3 million operating loss, offset by non-operating revenues of \$19.4 million, and contributions and transfers of \$628.1 million. PHT had operating revenues of \$1.6 billion in fiscal year 2020, an increase of \$45.6 million from prior year. The increase was due, in part, to an increase in financial support through the US Department of Health and Human Services (HHS) Coronavirus Aid, Relief and Economic Security Act (CARES Act) Provider Relief Fund. Operating expenses before depreciation and amortization totaled \$2 billion, a decrease of \$4.4 million from prior year. This was the result of a decrease in personnel expenses in fiscal year 2020, a reduction in salaries and related costs due to a \$30.4 million adjustment to the other postemployment benefits as a result of changes in assumptions and plan benefits.

# General Fund Budgetary Highlights

During fiscal year 2020, the General Fund's budget was amended once. This budget amendment or supplemental appropriation reflects the change in projected expenditures that occurred since the budget hearings were held in September 2019 and distributes allocated funds among various County agencies from appropriate reserves and sources. Major amendments include \$6.8 million to the Parks, Recreation and Open Spaces department for additional support to cover decreased operating revenues resulting from the closure of facilities in response to the COVID-19 pandemic and \$2.8 million to the Board of County Commissioners to reflect transfer of unspent balances in FY 2019-20.

## General Fund Budgeted Revenues Compared to Actual Revenues

For the 2020 fiscal year actual revenues were lower than budgetary revenues by \$36 million. The most significant changes occurred in the following categories:

- Taxes were \$10.4 million over budget due, in part, to general property taxes exceeding the final budget by \$9.4 million. Utility taxes exceeded the final budget by \$8.1 million due to increased consumption. This was offset by Local option gas tax and Communication tax revenues being under budget by \$5.1 million and \$2.5 million, respectively. Local option gas tax revenues were under budget by \$5.1 million due to the impact of the COVID-19 pandemic. Communication taxes were under budget by \$2.5 million as parcel corrections processed by the State of Florida resulted in the taxes derived from these parcels to be due to local taxing jurisdictions other than the County.
- Licenses and permits were \$.7 million over budget primarily due to an increase of \$2.7 million in building permits attributable to electrical permit fees, upfront fees and higher than anticipated permit fees. This was offset by other licenses being under budget by \$2 million due to the impact of the COVID-19 pandemic. The County Permit and Inspection Center closed to the public for several weeks due to COVID-19 and is now only accepting customers by appointment or through an online process.
- Intergovernmental revenues were \$26.2 million under budget mainly due to a decrease of \$20.1 million in state sales tax and \$4.7 million in state revenue sharing, attributable to the impact of the COVID-19 pandemic.
- Charges for services were \$24.1 million under budget due, in part, to the decrease of \$12.6 million in sheriff and police services attributable to School Safety Initiative Revenue being \$10.5 million under budget due to the closure of schools in early March 2020 caused by the COVID-19 pandemic. Merchandise sales & recreational fees were \$10.6 million under budget attributable to the closure of recreational facilities due to the COVID-19 pandemic.
- Fines and forfeitures were \$3.4 million under budget as a result of the decrease in local ordinance code enforcement collections by the Regulatory and Economic Resources Department. Enforcement officers for both the Consumer Protection and Code Compliance Divisions of RER department stopped enforcement activity beginning in the month of April 2020 through the end of the fiscal year due to impact of the COVID-19 pandemic.

# General Fund Budgeted Expenditures Compared to Actual Expenditures

For the 2020 fiscal year actual expenditures were below budgeted expenditures by \$111.8 million.

The following items explain the most significant changes in General Fund expenditures as compared to the final budget:

- Policy Formulation and General Government expenditures were \$44.0 million under budget. Of this amount, \$30.7 million are savings from Finance, Internal Services and Information Technology Departments, due to operational savings in personnel costs from delays in hiring, other contractual savings; and the cost of resources focused on COVID-19 activities, which were charged to the Emergency and Disaster Relief Fund.
- Protection of People and Property expenditures were \$43.8 million under budget. Of this amount, \$33.9 million are from the Police Department due to the reimbursement from the Homestead Exemption Mitigation Reserve for additional overtime expenditures related to providing law enforcement resources at every public school in the Unincorporated Municipal Service Area.

# Capital Asset and Debt Administration

**Capital Assets.** The following table summarizes the components of the County's investment in capital assets, net of accumulated depreciation, which totaled \$20.8 billion at September 30, 2020. Additional detail on capital assets can be found in Note 4.

| Miami-Dade County, Florida                       |  |

| Totals                             | \$ 4,759,234 | \$ 4,829,451   | \$15,333,026 | \$ 15,960,543  | \$20,092,260 | \$ 20,789,994 |

Governmental activities' major capital assets additions during the year included:

- \$6 million for the construction of the new Palmetto Bay Miami Dade Fire Rescue Station #62
- **u** \$2.9 million for improvements to North Glades Park
- **u** \$1.3 million in boat ramp, parking lot, and pier renovations at Haulover Park
- \$5.6 million for the construction of the new Miami Dade County Police Department Academy training facility building

- \$2.2 million in the People's Transportation Plan Roadway Improvements at NW 57<sup>th</sup> Avenue, between NW 36<sup>th</sup> Street and Poinciana Boulevard
- \$1.4 million for the purchase of an E-One Cyclone Bronto Skylift Fire Rescue vehicle
- □ \$1.7 million for the purchase of the Relia-Vote vote-by-mail ballot sorting system
- \$12.7 million for the purchase of approximately 585 vehicles for the Miami Dade Police Department

Business-type activities' major capital asset additions during the year included:

## Miami-Dade Seaport Department:

Seaport's capital assets, net of accumulated depreciation, totaled \$1.5 billion, an increase of \$197.9 million from prior year. Major construction in progress include a new cruise terminal, cruise terminal improvements to various terminals to accommodate larger vessels, cargo and yard related improvements, security enhancements and port-wide infrastructure improvements.

#### Miami-Dade Aviation Department:

Aviation's capital assets, net of accumulated depreciation, totaled \$5.8 billion, a decrease of \$141.5 million from prior year. The decreases were due primarily to current year depreciation expense exceeding capital assets additions. Major capital projects in the close out phase include Satellite Automated People Mover Replacement, Lower Concourse E Renovations, Satellite E Pavement Rehabilitation, Concourse H Roof Replacement and Lower Concourse E FIS Area Renovations.

#### Miami-Dade Water & Sewer Department:

Water & Sewer's capital assets, net of accumulated depreciation, totaled \$5.1 billion, an increase of \$291.2 million from prior year. Major capital improvements include wastewater treatment facilities of \$97.3 million, force mains of \$27.5 million, pump stations of \$40.2 million, inflow/infiltration/exfiltration of \$12.8 million, gravity mains and services of \$11.5 million, and water transmission mains, meters and services of \$35.2 million.

#### Public Health Trust (PHT):

PHT's capital assets, net of accumulated depreciation, totaled \$1.1 billion, an increase of \$187.3 million from prior year. The increase is mainly related to the ongoing construction of Jackson West Hospital.

# Miami-Dade Transit Enterprise Fund:

Transit's capital assets, net of accumulated depreciation, totaled \$2.04 billion, an increase of \$88.8 million from prior year. The increase is due to the addition of automotive transportation equipment, including the purchases of new railcars, new

compressed natural gas (CNG) buses, and new vehicles – including cars, trucks, and vans.

**Long-Term Liabilities.** At September 30, 2020, the County had \$25.7 billion in long-term liabilities, which are summarized in the schedule below. Additional information regarding long-term liabilities can be obtained in Note 8.

#### Miami-Dade County, Florida Outstanding Long-term Liabilities as of September 30, 2019 and 2020 (in thousands)

# **Bond Ratings**

Miami-Dade County continues to meet its financial needs through prudent use of its revenues and effective debt financing programs. The County's financial strength and sound financial management practices are reflected in its general obligation bond (uninsured) investment ratings, which are among the highest levels attained by Florida counties. Following are the credit ratings assigned by the three primary credit rating agencies in the financial market:

Aa2 Moody's Investor ServicesAA Standard & Poor's CorporationAA Fitch IBCA, Inc.

At September 30, 2020, the County had \$17.8 billion in bonds and loans payable outstanding. This is a net increase (new debt issued less principal reductions and bond refunding) of \$1.5 billion or 8.8% from the previous year. During the year, the County issued approximately \$3.1 billion of debt, of which \$1.4 billion were refunding bonds. The bonds and loans issued during the year are detailed in the chart below. Additional information on the County's debt can be obtained in Note 8.

| Date Issued | Description   | Purpose   | Interest Rate<br>Range | Final<br>Maturity<br>Date | Amount Issued<br>Sold in FY 2020 |
|-------------|---|---|------------------------|---------------------------|----------------------------------|

#### BONDS AND LOANS ISSUED OR SOLD DURING THE YEAR

Total long-term debt issued or sold during the year

(1) Transit System Sales Surtax Revenue Bonds Series 2020A is split 93.29% Transit and 6.71% Public Works

(2) Transit System Sales Surtax Revenue Bonds Series 2020B is split 77.59% Transit and 22.41% Public Works

\$3,046,238,000

**Other Obligations.** The County administers a self-insurance program for workers' compensation, tort liability, property, and group health and life insurance programs, subject to certain stop-loss provisions. Detailed information about the County's liability related to the self-insurance program is included in Note 7. Other obligations include pension liabilities, compensated absences, post-employment health insurance benefits and other contingencies.

# **Economic Factors and Other Significant Matters**

The County's revenues and expenses are affected by changes in international, national and local economic factors. Economic growth can be measured by various factors. As a result of the pandemic, and the necessary public health response to it, the economic impacts in Miami-Dade County were profound. Highlights of the economic factors that affected Miami-Dade County during the last fiscal year are discussed below.

- The average annual unemployment rate for fiscal year 2020 increased to 7.6%, as compared to 3.4% a year earlier. During fiscal year 2020, nonagricultural wage and salary employment recorded a decrease of 3.6% from fiscal year 2019, to put total employment at 1,168,900. (Source: Miami-Dade County Department of Regulatory and Economic Resources, Research Section).
- Office vacancy rate increased to 9.0% in fiscal year 2020, while the retail vacancy rate remained stable at just over 4%. The industrial market vacancy rate remained unchanged at 4% in fiscal year 2020. Sales of existing single-family homes and condominiums decreased, and foreclosure filings decreased, as a result of the United States Federal Housing Authority announcing a foreclosure and eviction moratorium on qualifying residential properties, in response to the pandemic. (Source: Miami-Dade Department of Regulatory and Economic Resources, Research Section).
- Taxable sales were impacted by the pandemic. In fiscal year 2020, they totaled \$49.0 billion dollars after decreasing an inflation-adjusted 13.8% from fiscal year 2019. All categories suffered contractions in fiscal year 2020, led by tourism with a decrease of 28.8%. (Source: Miami-Dade Department of Regulatory and Economic Resources, Research Section).
- Visitors to the Miami area decreased sharply in fiscal year 2020, at a level of 9.1 million overnight visitors. The number of international visitors fell by more than half, while domestic visitors were down 39%. (Source: Miami-Dade Department of Regulatory and Economic Resources).

# Requests for information

This financial report is designed to provide a general overview of Miami-Dade County's finances to our citizens, taxpayers, customers, investors, creditors, and others with an interest in the County's finances. Questions concerning this report or requests for additional financial information should be emailed to: <u>FIN-FCRPT@miamidade.gov</u>.

# Note 1 – Summary of Significant Accounting Policies

## 1-A. Reporting Entity

Miami-Dade County, Florida (the "County") is an instrumentality of the State of Florida established by an amendment to the Florida State Constitution adopted May 21, 1957 as the Dade County Home Rule Charter, to carry on a centralized government.

The Board of County Commissioners (the "BCC") is the legislative body, consisting of 13 members elected from single-member districts. Members are elected to serve four-year terms, and elections of members are staggered. The BCC chooses a Chairperson, who presides over the Commission, as well as appoints the members of its legislative committees. The BCC has a wide array of powers to enact legislation, create departments, and regulate business operating within the County. It also has the power to override the Mayor's veto with a two-thirds vote.

The Mayor is elected by qualified voters of the county at large for a four-year term, for a maximum of two consecutive four-year terms. The Mayor is the head of the county government with specified powers and responsibilities, including the management of all administrative departments of the County government and for carrying out policies adopted by the BCC. On January 23, 2007, the electors of Miami-Dade County approved an amendment to the Home Rule Charter which established a Strong Mayor form of government. This amendment expands the Mayor's powers over administrative matters. Under this new system, the Mayor appoints all department heads.

The Mayor has veto authority over any legislative decision of the BCC, if acted upon within ten days of the final adoption by the BCC. The BCC may at its next regularly scheduled meeting after the veto occurs, override that veto by a two-thirds vote of the Commissioners present. On January 29, 2008, a charter amendment was approved to make the Property Appraiser an elected position. On November 6, 2018, voters elected to pass Amendment 10, which requires Miami-Dade County to elect its sheriff, supervisor of elections, and tax collector. Amendment 10 will be effective in 2024.

The General Fund is the primary operating fund of Miami-Dade County. The General Fund accounts for revenues, expenditures, sources and uses of the general government except those required or assigned to be accounted for in other funds.

The financial reporting entity for which the accompanying financial statements are prepared includes the County (primary government) and its component units. Component units are legally separate organizations for which the elected officials of the County are financially accountable, or the relationship to the County is such that exclusion would cause the County's financial statements to be misleading or incomplete. Financial accountability is determined in accordance with criteria established by the Governmental Accounting Standards Board (GASB). Component units are classified as either blended component units or discretely presented component units, depending on the nature of the entity's relationship with the primary government. Blended component units, although legally separate entities, are in substance, part of the County's operations, so data from these units are combined with data of the County. If the component unit does not meet the criteria for blending, it is discretely presented in a separate column.

The financial position and result of operations of the following entities and constitutional officer are blended with the primary government in the accompanying financial statements.

#### > Vizcaya Museum and Gardens Trust, Inc. (the "Vizcaya Trust")

In July 2017, Ordinance No.17-42 relating to the Vizcaya Museum and Gardens Trust amended Article LXXXI of the Code of Miami-Dade County. The County retains sole ownership of Vizcaya's grounds, building, and art collections. However, the management and operations, including personnel, will be overseen by the not-for-profit 501(c)3 organization, Vizcaya Museum and Gardens Trust, Inc. (VMGTI). VMGTI's focus will be on increasing Vizcaya's philanthropic

contributions, increasing grant opportunities, and ensuring that charitable donations play a greater role in Vizcaya's future.

The Vizcaya Trust was created by the County and as such, Vizcaya Trust is included in the County's financial statements using the blending method. Vizcaya Trust is presented as a nonmajor enterprise fund in the business-type activities.

Clerk of the Circuit and County Courts of Miami-Dade County, Florida, Eleventh Judicial Circuit of Florida (the "Clerk")

The Clerk is an elected official pursuant to Article V of the Florida Constitution. The Clerk serves two capacities: Clerk of the Circuit and County Courts and Clerk, Ex-Officio of the Board of County Commissioners. Under the first function the Clerk provides support to the Courts (Civil, Family, Criminal and Traffic). His ex-officio functions include Clerk of the Board of County Commissioners, County Auditor, Custodian of Public Funds and County Recorder.

Effective July 1, 2004, Constitutional Revision 7 to Article V of the Florida Constitution allocated State court system funding among the State, counties and users of the courts. It specifically addressed funding responsibilities, functional responsibilities, management structure, and operational efficiencies. Funding responsibilities were defined as pertaining to the State court system when the Clerk served in his capacity as Clerk of the Circuit and County Courts and to the Board of County Commissioners (the Board) when serving as ex-officio of the Board. Consequently, the Clerk prepares a budget in two parts.

From July 1, 2009 through June 30, 2013 the Florida Legislature decreed that the Clerks of Court be funded from State appropriations. Legislation enacted in 2013, removed the Clerks from the State appropriations process and returned them to a county fiscal year. Effective July 1, 2013 the Clerk's Offices were funded from filing fees, service charges, court costs, and fines. Each Clerk's Office now submits its budget request to the Clerk of Courts Operations Corporation (CCOC), who submits them to the Legislative Budget Commission (LBC) for final approval. The LBC shall approve, disapprove, or amend and approve the total of the Clerk's combined budget or any individual Clerk's budget.

The budget for the ex-officio capacity is funded by the BCC as part of the County's annual budget whereby the Clerk remits all fees and other monies earned in the agency funds to the County for appropriation by the Board. As a result of the budgetary control by the County and its financial dependency on the County, financial information for the Clerk is presented as a special revenue fund within Other Governmental Funds.

#### > Naranja Lakes Community Redevelopment Agency (the "NLCRA")

The NLCRA trust fund was created by the BCC on May 6, 2003 as a redevelopment trust fund to be funded with ad valorem tax increment revenues to finance or refinance proposed community redevelopment in the NLCRA area. The BCC appointed the NLCRA Board of Commissioners and delegated certain powers to it. As per the Ordinance creating the NLCRA, Miami-Dade County is obligated to continue to fund the NLCRA annually until all debt incurred by the trust fund has been paid. All other powers not specifically delegated to the NLCRA are reserved exclusively by the BCC. Financial information for the NLCRA for the fiscal year ended September 30, 2020 has been blended with the Miami-Dade County primary government in this report within Other Governmental Funds. Trust fund revenues and expenditures during the period were \$3.0 million and \$1.4 million, respectively. The ending fund balance for the NLCRA was \$4.9 million.

## > 7th Avenue Community Redevelopment Agency (the "7<sup>th</sup> Avenue CRA")

The 7<sup>th</sup> Avenue CRA trust fund was created by the BCC on June 22, 2004 as a redevelopment trust fund to be funded with ad valorem tax increment revenues to finance or refinance proposed community redevelopment in the 7<sup>th</sup> Avenue CRA area. The BCC appointed the 7<sup>th</sup> Avenue Board of Commissioners and delegated certain powers to it. As per the Ordinance creating the 7<sup>th</sup>

Avenue CRA, Miami-Dade County is obligated to continue to fund the 7<sup>th</sup> Avenue CRA annually until all debt incurred by the trust fund has been paid. All other powers not specifically delegated to the NW 79<sup>th</sup> St. CRA are reserved exclusively by the BCC. Financial information for the 7<sup>th</sup> Avenue CRA for the fiscal year ended September 30, 2020 has been blended with the Miami-Dade County primary government in this report within Other Governmental Funds. Trust fund revenues and expenditures during the period were \$0.7 million and \$0.8 million, respectively. The ending fund balance for the 7<sup>th</sup> Avenue CRA was \$2.6 million.

#### > West Perrine Community Redevelopment Agency (the "WPCRA")

The WPCRA was created by the BCC on June 5, 2007 as a redevelopment trust fund to be funded with ad valorem tax increment revenues to finance or refinance proposed community redevelopment in the CRA area. The BCC appointed itself as the Board of the WPCRA. As per the Ordinance creating the WPCRA, Miami-Dade County is obligated to continue to fund the WPCRA annually until all debt incurred by the trust fund has been paid. Financial information for the WPCRA for the fiscal year ended September 30, 2020 has been blended with the Miami-Dade County primary government in this report within Other Governmental Fund. Trust fund revenues and expenditures during the period were \$0.6 million and \$0.1 million respectively. The ending fund balance of the WPCRA was \$1.1 million.

#### > NW 79th Street Corridor Community Redevelopment Agency (the "NW 79<sup>th</sup> St. CRA")

- The NW 79<sup>th</sup> Street CRA was created by the BCC on July 19, 2011 as a redevelopment trust fund to be funded with ad valorem tax increment revenues to finance or refinance proposed community redevelopment in the CRA area. The BCC appointed the NW 79<sup>th</sup> St. CRA's Board of Commissioners and delegated certain powers to it. As per the Ordinance creating the NW 79th St. CRA, Miami-Dade County is obligated to continue to fund the NW 79th St. CRA annually until all debt incurred by the trust fund has been paid. All other powers not specifically delegated to the NW 79<sup>th</sup> St. CRA are reserved exclusively by the BCC. Financial information for the NW 79<sup>th</sup> St. CRA for the fiscal year ended September 30, 2020 has been blended with the Miami-Dade County primary government in this report within Other Governmental Funds. Trust fund revenues and expenditures during the period were \$1.0 million and \$.3 million, respectively. The ending fund balance of the NW 79<sup>th</sup> St. CRA was \$1.7 million.
- The Miami-Dade Fire and Rescue Service District (the "MDFRSD") was created by the BCC by Ordinance No. 80-86. The services provided by MDFRSD include a uniform level of fire and rescue service throughout the County and to those governmental entities that from time to time contract with MDFRSD. The initial boundaries of the MDFRSD are the geographic boundaries of Miami-Dade County, excluding any municipality which opted out of the MDFRSD prior to the date it was created. Any municipality may join MDFRSD through the enactment of an ordinance passed by a majority of its governing body and a resolution passed by a majority of the BCC. The Board of County Commissioners is the governing body of the MDFRSD, and the County has operational responsibility for the MDFRSD. Additionally, given the MDFRSD is fiscally dependent on Miami-Dade County, its financial information has been blended with that of the primary government. The Fire Rescue Fund is a major fund and is reported in a separate column in the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

## > The Miami-Dade Library District (the "MDLD")

In 1966 the County tax assessor was directed, in accordance with the provisions of Chapter 150.08(1) Florida Statutes, to assess the millage for the Special District Library Fund upon all taxable property of the unincorporated area of Dade County and certain municipalities not already taxed for library services. All other municipalities, which were already taxing their citizens for municipal library services, were exempted from this special purpose district tax. Over the years since 1966 the cities of Miami, Miami Beach, and Homestead have joined the Library Taxing District and no longer levy their own municipal library tax. The Board of County Commissioners is the governing body of the MDLD, and the County has operational responsibility for the MDLD. Additionally, given the MDLD is fiscally dependent on Miami-Dade County, its financial information has been blended with that of the primary government within Other Governmental Funds.

#### > The Miami-Dade Transportation Planning Organization (the "TPO")

The Federal Aid Highway Act of 1962 mandated that as a condition for the receipt of federal funds, each urban area with a population over 50,000 in the United States was required to carry on a continuing, cooperative, and comprehensive transportation planning process. The Transportation Planning Organization, formerly called the Metropolitan Planning Organization, for the Miami Urbanized Area guides the transportation planning process in Miami-Dade County. The TPO was created on March 2, 1977 as required under Section 163.01, Chapter 163, Florida Statutes, and established by Interlocal Agreement between Miami-Dade County and the Florida Department of Transportation (FDOT).

A new Management Services Agreement between the TPO and the County was entered into on July 1, 2013. It was agreed that the County furnish the TPO with the professional, technical and administrative staff; supplies, equipment, office, and other incidental items necessary to carry on the transportation planning and programming process. Such services are limited to those specified and allocated to the County in the biennial Unified Planning Work Program (UPWP) budget and all approved budgets under Federal or State grant contracts with the TPO. The TPO's annual budget from July 1 to June 30 fiscal year basis shall be approved by the TPO Governing Board. The records and accounts of the TPO are administered by the County in accordance with accounts and accounting procedures that are developed by the County for the TPO. Contracts and bids for the purchase of material and services are to be in accordance with County procedures for the same purposes, with certain exceptions by action of the TPO Governing Board. All monies received by the TPO shall be deposited with the County in a trust account and applied only in accordance with Federal or State law. The TPO agrees to reimburse the County for all services rendered under the agreement as specified in the UPWP and approved annual budgets.

A major role of the TPO is to ensure conformance with federal regulations requiring that highways, mass transit and other transportation facilities and services are properly developed and deployed in relation to the overall plan of urban development and to approve plans for regional and state transportation network accessibility. In addition, federal guidelines require that the use of Federal Aid for transportation be consistent with TPO endorsed plans and programs. Federal, state and local transportation planning funds are utilized on an ongoing basis to insure the effectiveness of the TPO process.

The TPO is legally separate from the County, however, the 13 members of the Miami-Dade County Board of County Commissioners make up a voting majority of the TPO Governing Board (13 out of 23 voting members) and therefore the BCC may impose its will on the TPO. Financial information of the TPO has been blended with the Miami-Dade County primary government, and is included in the Transportation Planning Organization Special Revenue Fund within the Other Governmental Funds.

The financial position and result of operations of the following component units are discretely presented in the accompanying financial statements:

#### > Housing Finance Authority (the "HFA")

The Housing Finance Authority of Miami-Dade County, Florida (the "HFA" or "Authority") was created by an act of the state legislature and by County Ordinance 78-89 adopted on December 12, 1978. The Authority is a semiautonomous component unit of Miami-Dade County, which performs solely in an advisory capacity to the Board of County Commissioners of Miami-Dade County, Florida (the "BCC"). The Authority's principal function is to provide financing for residential housing to be occupied by persons or families of moderate, middle or lesser income.

On December 6, 2011, the County passed and adopted Ordinance 11-99 amending Section 2-191.7 of the Code of Miami-Dade County, pertaining to the Authority. This ordinance eliminates the need for the Board of County Commissioners to approve in advance (i) the issuance and sale of bonds (other than for purposes of TEFRA) by the Authority; (ii) the rules and regulations for the Authority program eligibility; and (iii) contracts to be entered into by the Authority. The BCC appoints the 13 members of its governing Board. The BCC also has the ability to remove appointed members of the Authority's Board without cause by a three-fifths vote of the governing body of the County per Section 159.607 of the Florida Statutes. As a result of the BCC's ability to appoint and remove members of the Authority Board, it has the ability to impose its will on the HFA. The Authority is reported as a discretely presented component unit of the County in a separate column in the government-wide financial statements.

Complete financial statements of the HFA may be obtained directly from their administrative offices at: Housing Finance Authority of Miami-Dade County, 7855 NW 12<sup>th</sup> Street, Suite 102, Miami, Florida 33126. Telephone (305) 594-2518.

#### > Jackson Health Foundation, Inc. (the "Foundation")

Established in 1991 as Jackson Memorial Foundation, the organization was renamed Jackson Health Foundation in 2014 to more closely align with Jackson Health System. The Foundation is a legally separate, tax-exempt component unit of the County. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the Public Health Trust in support of its programs. The board of the Foundation is self-perpetuating and consists of community members. Although the County does not control the timing or amount of the receipts from the Foundation, the majority of resources and income that the Foundation holds and invests are restricted to the activities of the Public Health Trust by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the Public Health Trust, the Foundation is considered a component unit of the County. Financial information for the Foundation is presented in a separate column in the County's government-wide financial statements. The Foundation is reported as a discretely presented component unit of the County in a separate column in the government-wide financial statements.

Complete financial statements for the Foundation can be obtained at: Jackson Health Foundation, Inc., 901 NW 17<sup>th</sup> Street, Plaza Park East - Suite G, Miami, Florida 33136. Telephone (305) 355-4999.

The following component units had zero revenues and expenditures and no fund balance at September 30, 2020.

#### > Educational Facilities Authority (the "EFA")

The Miami-Dade Educational Facilities Authority was created by the BCC on October 22, 1969, pursuant to Chapter 69-345, Florida Statutes, empowering it to issue tax-exempt bonds for the purpose of enabling institutions of higher education to provide facilities and structures, including the refinancing of the same, pursuant to Chapter 243, Part II, Florida Statutes. Neither the notes, bonds nor any other obligation incurred by the EFA shall be deemed a pledge of the faith or credit of Miami-Dade County. Any expenditures incurred by the EFA shall be payable solely from funds provided under the authority of Chapter 69-345.

#### > Health Facilities Authority

The Miami-Dade County Health Facilities Authority was created by the BCC on October 16, 1979 pursuant to Section 154.207, Florida Statutes, empowering it to issue tax-exempt bonds for the purpose of assisting in the development and maintenance of the health facilities of Miami-Dade County. All bonds issued by the Health Facilities Authority shall not be deemed to constitute debt, liability or obligation of Miami-Dade County or a pledge of the faith and credit of Miami-Dade County.

## **Related Organizations:**

The following entities are those in which the County appoints a voting majority of the governing board; however, the County is not financially accountable for these entities.

#### > Industrial Development Authority (the "IDA")

The Miami-Dade County IDA was created by the BCC on March 21, 1978, pursuant to Chapter 159, Sections 159.44 through 159.53, Florida Statutes. The IDA develops and manages the Tax-Exempt Industrial Development Revenue Bond Program that serves as a financial incentive to support private sector business and industry expansion and location in Miami-Dade County. The Commission appoints the members of IDA's governing board. However, the County is not financially accountable for IDA because it cannot impose its will on the organization. IDA bonds are not obligations of the County. Its operations neither provide a financial benefit to nor impose a financial burden on the County and are not included in the financial statements of Miami-Dade County.

Financial statements for the IDA may be obtained directly from their administrative offices at: Miami-Dade Industrial Development Authority, 80 SW 8<sup>th</sup> Street, Suite 2801, Miami, Florida 33130. Telephone (305) 579-0070.

#### > Miami-Dade Expressway Authority (the "MDXA")

The MDXA is an agency of the State of Florida. It constructs, maintains, and operates the expressway system located in Miami-Dade County. The BCC appoints a voting majority of the MDXA governing board. The Florida State Legislature has passed various legislation that could have a future impact on the Authority's governance and operations. The Authority filed a declaratory action regarding these legislative acts. The resolution of this litigation could impact future governance and operation of the Authority. However, the County is not financially accountable for the MDXA, and the MDXA is therefore not included in the accompanying financial statements.

Financial statements for the MDXA may be obtained directly from their administrative offices at: Miami-Dade Expressway Authority, 3790 NW 21<sup>st</sup> Street, Miami, Florida 33142. Telephone (305) 637-3277.

#### > Performing Arts Center Trust (the "PACT")

The PACT, a non-profit corporation, was created by the BCC in 1991 to oversee the planning, design, construction and operation of the Performing Arts Center. The Mayor of Miami-Dade County appoints the 32 trustees of the PACT, a majority of which is predetermined by ordinance or selected by others outside the County government; hence the Mayor's appointment authority is not substantive. The PACT is financially independent from the County, and Miami-Dade County is not entitled to, nor has the ability to otherwise access, the economic resources of the PACT. Therefore, the PACT is not included in the accompanying financial statements.

Financial statements for the PACT may be obtained directly from their administrative offices at: Performing Arts Center Trust, 1300 Biscayne Boulevard, Miami, Florida 33132. Telephone (786) 468-2210.

## 1-B. Measurement Focus, Basis of Accounting, Basis of Presentation

In addition to the government-wide statements, separate financial statements are presented for governmental funds, proprietary funds, and fiduciary funds. The financial statements may differ in terms of the measurement focus and basis of accounting used to prepare them, as discussed below.

The government-wide statements, proprietary fund and fiduciary fund financial statements are prepared using the economic resources measurement focus and the full accrual basis of accounting. Agency funds, however, report only assets and liabilities. Agency funds have no measurement focus, therefore, an operating statement is not presented. Revenues are recognized when earned and expenses are recorded when a liability is incurred, regardless of when the related cash flow occurs. Revenues from exchange

transactions generally are recognized when the exchange, in the ordinary course of operations, takes place. Property taxes are recorded as revenues in the year for which they are levied, and grants and other similar non-exchange transactions are recorded as revenue as soon as all eligibility requirements have been met. The governmental fund financial statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. For the purpose of revenue recognition, "available" means that the revenues are collectible within the current period or within 90 days from fiscal year end, with the exception of property taxes, which have an availability period of 60 days and expenditure driven (reimbursement) grants and intergovernmental revenues, for which the availability period is one year. When the primary eligibility requirement under a grant is incurring an eligible expenditure, the County recognizes revenue at the time the expenditure is incurred, subject to the availability criteria. Major revenue sources include property taxes, intergovernmental revenues, and other consumption type taxes. Prior year property taxes billed but uncollected as of the end of the fiscal year are reflected as delinquent taxes receivable with an offsetting allowance account.

Amounts related to governmental fund receivables that are measurable, but not available, are recorded as deferred inflow of resources in the governmental fund statements. Revenues that are not considered measurable are recognized when received by the County. Amounts received that do not meet revenue recognition requirements (not earned) are recorded as unearned revenue in the governmental fund statements, proprietary fund statements, and in the government-wide statements.

Expenditures are generally recorded when a liability is incurred, except for: principal and interest on longterm debt, expenditures related to compensated absences, pension obligations, other post-employment benefits, claims and judgments, pollution remediation, and other long-term obligations, which are recorded only when payment is due.

The above differences in measurement focus and basis of accounting result in differences in the amounts reported as net position and changes in net position in the governmental activities in the government-wide statements from the amounts reported in the governmental fund statements. Those differences are briefly explained in the reconciliation statements included in the governmental fund statements.

## Government-wide Financial Statements

The accompanying financial statements include a government-wide statement of activities and a government-wide statement of net position. These statements report information on the County as a whole and its component units. They do not include the fiduciary activities of the County.

In the government-wide statements, the primary government (the County) is reported separately from its component units (the Housing Finance Authority and the Jackson Health Foundation), which are discretely presented. Governmental activities and business-type activities of the County are presented separately. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities rely mostly on charges for services for support.

The statement of activities shows the extent to which the direct expenses of a given function or segment are offset by its program revenues. The direct expenses of a function are clearly identifiable with that function. Certain indirect costs are included in the program expense reported for individual functions and activities. The program revenues of a function include: (1) amounts charged to those who purchase, use, or directly benefit from goods or services provided by the function, (2) grants and contributions that are restricted to operational uses by the function, and (3) grants and contributions that are restricted to capital uses by the function. All revenues other than program revenues are considered to be general revenues and are shown in the bottom section of the statement of activities. They include all taxes (even those levied for a particular function), unrestricted intergovernmental revenues, unrestricted investment earnings and other miscellaneous non-program revenues.

The government-wide statement of net position reports all financial and capital resources of the County, as well as its liabilities. The difference between assets, liabilities, and deferred inflows/outflows are reported as net position. Net position is displayed in three components:

- The **Net Investment in Capital Assets** consists of: capital assets (net of accumulated depreciation) and deferred outflow of resources for losses on refunding transactions; reduced by the outstanding balance of debt related to the acquisition or construction of those assets and deferred inflow of resources for gains on refunding transactions. If there is significant unspent related debt proceeds, the unspent amount is not included in the calculation.
- The *Restricted Net Position* consists of net assets where constraints on their use are: (1) externally imposed by creditors, grantors, contributors or laws or regulations of other governments, or (2) imposed by law through constitutional provisions or enabling legislation, reduced by liabilities and deferred inflows of resources related to those assets.
- The **Unrestricted Net Position (Deficit)** consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of the other two components of net position. Deficits will require future funding.

The Governmental Activities column in the Statement of Net Position includes debt issued for businesstype activities in the Net Investment in Capital Assets line totaling \$688.3 million. The County issues debt to finance construction projects for its business-type activities, however, the enterprise funds own the assets and the County's governmental funds retire the debt. The Statement of Net Position reports an adjustment column to properly reflect the entity-wide Net Investment in Capital Assets and Unrestricted Net Position.

## Fund Financial Statements

The accompanying financial report includes separate financial statements for governmental funds, proprietary funds and fiduciary funds (though fiduciary funds are excluded from the government-wide statements). The fund financial statements present major individual funds in separate columns. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

## Major Governmental Funds

The following major governmental funds are included in the County's financial statements:

**General Fund:** The General Fund is the primary operating fund of Miami-Dade County, Florida. It accounts for the assets, deferred outflows, liabilities, deferred inflows, revenues, expenditures, sources and uses of the general government, except those required or assigned to be accounted for in other funds.

**Fire Rescue Fund:** The Fire Rescue Fund is used to account for the operations of the special taxing district established to provide uniform fire suppression services throughout the County for participating municipalities and the unincorporated area.

## Major Proprietary Funds

The following major enterprise funds are included in the County's financial statements:

**Miami-Dade Transit Enterprise Fund ("MDT"):** Operates the County's mass transit rail system, bus system, downtown metro-mover loop, and special transportation services.

**Solid Waste Management Enterprise Fund ("WM"):** Provides solid waste collection and recycling services to the unincorporated area of Miami-Dade County and to some municipalities. Also provides solid waste disposal services to 15 municipalities and operates a variety of facilities, including landfills, transfer stations, and neighborhood trash and recycling centers. Although this fund does not meet the test as a major fund based on quantitative calculations, County management has deemed it to be a major fund for consistency purposes as well as for public interest.

Miami-Dade Seaport Department: Operates the Dante B. Fascell Port of Miami-Dade County.

**Miami-Dade Aviation Department:** Operates and develops the activities of the Miami International Airport, three other general aviation airports, and one training airports.

**Miami-Dade Water and Sewer Department ("WASD"):** Maintains and operates the County's water distribution system and wastewater collection and treatment system.

**Public Health Trust ("PHT" or "Trust"):** The PHT was created by a County ordinance in 1973 to provide for an independent governing body responsible for the operation, governance and maintenance of designated health facilities. These facilities include Jackson Memorial Hospital, a teaching hospital operating in association with the University of Miami School of Medicine, Jackson North (formerly Parkway Regional Medical Center), Jackson South (formerly Deering Hospital), and several primary care centers and clinics throughout Miami-Dade County.

## Internal Service Fund

The following internal service fund is included in the County's financial statements:

**Self-Insurance Fund:** Accounts for the County's risk financing programs covering property, automobile, general liability, professional and workers' compensation for most County departments. Also accounts for medical, dental, life, and disability insurance for County employees as well as other postemployment benefits. Additional information can be found in Note 7.

## Fiduciary Funds

The following fiduciary funds are included in the County's financial statements:

#### Agency Funds

**Clerk of Circuit and County Courts Funds:** Accounts for funds received, maintained and distributed by the Clerk of the Circuit and County Courts in his capacity as custodian to the State and County judicial systems.

**Tax Collector Fund:** Accounts for the collection and distribution of ad-valorem taxes and personal property taxes to the appropriate taxing districts. Also accounts for the collection of motor vehicle registration fees and sales of other State of Florida licenses, the proceeds of which are remitted to the State.

Other Agency Funds: Accounts for various funds placed in escrow pending timed distributions.

#### Trust Funds

**Pension Trust Fund:** The Pension Trust Fund accounts for assets held by Northern Trust Bank for the benefit of employees of the Public Health Trust who participate in the Public Health Trust Defined Benefit Retirement Plan.

## Proprietary Funds Operating vs. Nonoperating Items

The County's proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items in their statements of revenues, expenses and changes in fund net position. In general, operating revenues result from charges to customers for the purchase or use of the proprietary fund's principal product or service. Operating expenses relate to the cost of providing those services or producing and delivering those goods, and also include administrative expenses, depreciation of capital assets, and closure and postclosure care costs for active and inactive landfills.

All other revenues and expenses that do not result from the fund's principal ongoing operations are considered to be *nonoperating*. Examples of other nonoperating items include investment earnings, interest expense, grants and contributions, passenger facility charges, and hurricane related expenses.

# Grants from Government Agencies

Certain operating grants under various federal and state programs are included in the Special Revenue Funds. Grant monies received are disbursed by these funds for goods and services as prescribed under the respective grant program or are transferred to other County funds for ultimate distribution under the terms of the grants. These programs are dependent on the continued financial assistance of the state or federal government.

Grants designated as operating subsidies to enterprise funds are recorded as nonoperating revenues upon compliance with the grant's eligibility requirements. Grant monies designated for use in acquiring property or equipment are recorded as capital contributions.

## Interfund Activity

As a general rule the effect of interfund activity has been eliminated from the government-wide statements. An exception to this rule is that charges for services provided by the Water and Sewer Enterprise Fund and the Solid Waste Management Enterprise Fund have not been eliminated from the statement of activities. Elimination of these charges would understate the expenses of the user function and the program revenues of the function providing the services. Also, the General Fund charges certain funds for administrative cost overhead based on a cost allocation plan. An adjustment has been made to the government-wide statements to eliminate the revenue and expense reported in the General Fund so that the administrative expense is shown only by the funds/activities that were charged.

# Use of Estimates

The preparation of financial statements in accordance with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources at the date of the financial statements, and the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates.

# 1-C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Balance

Associated with the requirement of an applicable Florida DEP Solid Waste rule, management reports that all County assets are held in the U.S.

# *Cash, Cash Equivalents and Investments* (exclusive of the those reported for the Public Health Trust of Miami-Dade County, Florida, Defined Benefit Retirement Plan, Note 9)

Cash includes cash on hand, amounts in demand deposits, and positions in investment pools that can be deposited or withdrawn without notice or penalty. Cash equivalents are short-term, highly liquid securities with maturities when acquired of three months or less.

The County follows the provisions of GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, GASB Statement No. 72, *Fair Value Measurement and Application*, and other related standards which established accounting and financial reporting standards for all investments, including fair value standards.

Investments such as U.S. agency coupon issues and bullets are considered to be participating when their value is affected by market (interest rate) changes. Investments are reported at fair value, except as disclosed below. Unrealized gains and losses due to variations in fair value are recognized for the year. Interest-earning investment contracts (such as nonnegotiable certificates of deposit) are considered to be nonparticipating when their redemption terms are not affected by market rates. The County normally holds these to term and does not record any interim gain or loss. Nonparticipating investments are reported at amortized cost (cost plus accrued interest), assuming their value is not affected by the credit standing of the financial institution or other factors. Money market investments and participating interest-earning investment contracts that have maturities of one year or less from the date of their acquisition are reported at amortized cost rather than fair value. Amortized cost reasonably approximates fair value.

## Derivative Instruments

GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, addresses the recognition, measurement and disclosure of information regarding derivative instruments entered into by state and local governments. The Statement requires governments to report their derivatives at fair value on the statement of net position. If a derivative instrument is determined to be effective at reducing an identified risk, the changes in fair value should be deferred until a termination event occurs. If a derivative instrument is determined to be ineffective, the change in fair value should be reported as investment income in the period in which it occurs.

The County has entered into several interest rate swap agreements that have been determined to be ineffective and are therefore reported as investment-type derivatives. Because there is no financial risk being hedged by the swaps that can be expressed in terms of exposure to adverse changes in cash flows or fair values, the swaps are treated as investment derivative instruments. As such, these interest rate swaps are reported at fair value in the Statement of Net Position and changes in the fair value are reported as investment income in the Statement of Activities. Additional disclosure on the County's investment derivatives can be found in Note 3.

## Accounts Receivable

All accounts receivables are shown net of an allowance for uncollectible amounts. Receivables are analyzed for their collectability based on the terms and conditions of agreements, as well as current economic conditions and consideration of the creditor's ability to pay. In addition, for those receivables specifically identified as uncollectible, a general allowance is established based on type of receivable and periodic aging.

## Due to/from Other Funds

The balances result from timing differences between the date(s) interfund goods and services are provided or reimbursable expenditures occur, and payments between the funds are made.

## Due from Other Governments

Amount due to the County by other governments relate to grants for reimbursable cost that have been incurred but have not been reimbursed by the grantor agency.

## Inventories and Prepaids

Inventories, consisting principally of materials and supplies held for use or consumption, are recorded at weighted average cost basis for governmental funds and lower of cost (first-in, first-out method) or market for enterprise funds, except for the Transit Agency, Water and Sewer and Public Health Trust. These enterprise funds use the average cost method.

The purchases method of inventory accounting is used to report inventories in the governmental funds. Under this method, inventories are reported as expenditures when purchased. However, significant amounts of inventories are reported as assets and are reported as a nonspendable fund balance to indicate they do not constitute resources available for appropriation. In the statement of net position, inventories are accounted for using the consumption method characteristic of full accrual accounting. Under this method, the recognition of an expense is deferred until such time when the inventories are actually consumed.

Prepaid items are those certain types of supplies and/or services (not inventory) that are acquired or purchased during an accounting period but not used or consumed during that accounting period.

## Mortgage and Notes Receivable

Mortgages and notes receivable primarily arise from the County's housing development programs that provide low-income housing assistance to eligible applicants and developers. These receivables are collateralized by the property for which the mortgage has been issued. Mortgages and notes receivable total \$793.1 million and have an estimated allowance for uncollectible accounts of \$518.2 million. The

allowance is primarily comprised of mortgages and notes receivable that are delinquent over 90 days or whose payments terms were reduced and are being repaid at less than full normal amortization.

## **Property Taxes**

Property values are assessed as of January 1 of each year, at which time, according to the Florida Statute 197.122, taxes become an enforceable lien on property until discharged by payment or until barred under Chapter 95. Tax bills are mailed in October and are payable upon receipt with discounts at the rate of 4% if paid in November, decreasing by 1% per month with no discount available if paid in the month of March. Taxes become delinquent on April 1 of the year following the year of assessment and State law provides for enforcement of collection of property taxes by the sale of interest-bearing tax certificates and the seizure of personal property to satisfy unpaid property taxes. The procedures result in the collection of most property taxes prior to June 30 of the year following the year of assessment.

# Capital Assets

Capital assets include land, buildings, furniture, fixtures, equipment, machinery, utility plant and systems, infrastructure (e.g., roads, bridges, sidewalks, and similar items) and construction work in progress with an estimated useful life in excess of one year. Capital assets used in the operation of governmental funds and those used in business-type activities are reported in the applicable columns in the government-wide and proprietary funds financial statements.

Capital assets are recorded at cost if purchased or constructed. Contributed capital assets are recorded at acquisition value at the date of contribution. The cost of maintenance, repairs and minor renewals and betterments are expensed as incurred, rather than capitalized (added to the cost of the asset). Major renewals and betterments are treated as capital asset additions.

Capital assets are depreciated over their useful lives unless they are inexhaustible (e.g., land, certain individual items or collections with historical or artistic value). Pursuant to Florida Statute, the County inventories all assets with a historical cost of \$1,000 or more and a useful life of one year or greater. However, for financial reporting purposes, for equipment and other, the County has established a capitalization threshold of \$5,000 for its governmental activities and from \$1,000 to \$5,000 for its business-type activities and \$100,000 for building and building improvements. The County uses the straight-line method of depreciation to depreciate assets over their estimated useful lives, which range as follows:

| Buildings and building improvements          | 5-50 years  |
|--|-------------|
| Utility plant and systems                    | 5-100 years |
| Infrastructure                               | 10-50 years |
| Furniture, fixtures, machinery and equipment | 3-30 years  |

The Solid Waste Management Enterprise Fund records depletion of landfill capacity in addition to the amortization of closure and long-term care costs for landfills. The closure and long-term amortization is based on the proportion of capacity used over total capacity applied to the estimate for these costs.

# **Restricted Assets**

The use of certain assets is restricted by specific bond covenants and other legal requirements. Assets so designated are identified as restricted assets on the statements of net position.

## Long-term Obligations

In the government-wide and proprietary fund type financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method or the straight-line method if it does not differ materially from the effective interest method. Bonds payable include the applicable bond premium or discount.

In the governmental fund financial statements, the face amount of the debt issues and bond premium / discount are reported in the current period as other financing sources (uses). Issuance costs, whether or

not withheld from the actual debt proceeds received and principal payments, are reported as debt service expenditures.

## **Compensated Absences**

The County accounts for compensated absences by recording a liability for employees' compensation of future absences according to the guidelines set by GASB Statement No. 16, *Accounting for Compensated Absences*.

Compensated absences represent accrued leave earned by employees through their years of service and for which they will be compensated, either through time off or by a cash payment at termination or retirement. In the governmental funds, the cost of vacation and sick pay benefits is recognized when payments are made to employees or when the related liability matures. The government-wide statements and proprietary funds recognize a liability and expense in the period vacation and sick pay benefits are earned.

The government-wide statement of net position for September 30, 2020 includes a liability for accumulated vacation and sick pay of \$823.2 million. Of this amount, an estimated \$248.3 million is payable within a year and the remaining balance of \$574.9 million is long-term.

# Other Postemployment Benefits (OPEB)

The County's OPEB cost is calculated based on the actuarially determined contribution by the County, an amount actuarially determined in accordance with the parameters of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The plan is funded on a pay-as-you-go basis and there are no assets accumulated in a qualifying trust. The total OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service. Additional information can be found in Note 9.

# **Deferred Compensation Plan**

The County offers its employees a deferred compensation plan (the "Plan") created in accordance with Internal Revenue Code Section 457. The Plan, available to all County employees, allows them to defer a portion of their salary to future years. The County's direct involvement in the Plan is limited to remitting the amounts withheld from employees to the Plan's administrator. The deferred compensation plan is not available to employees until termination, retirement, death or an unforeseeable emergency. The deferred compensation plan is not included in the County's financial statements.

## Pension Plan

The County contributes to the Florida Retirement System (FRS), a cost-sharing multi-employer plan. GASB pension guidance requires employers that participate in multi-employer defined benefit plans to recognize a pension liability (asset), pension expense, and deferred inflows/outflows related to the pension. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS and Health Insurance Subsidy (HIS) and additions to/deductions from FRS and HIS fiduciary net position have been determined on the same basis as they are reported by the plans. The County applies the recognition and disclosure requirements of GASB No.68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. Additional information can be found in Note 9.

## Net Position and Fund Flow Assumption

If both restricted and unrestricted resources are available for use for a certain purpose, it is the County's policy to use restricted resources first, and then use unrestricted resources as needed. In the case of unrestricted resources, the County generally uses committed amounts first, followed by assigned amounts, then unassigned amounts as needed.

## Net Position Restricted by Enabling Legislation

As of September 30, 2020, Miami-Dade County had \$3.7 billion of restricted net position, of which \$1.3 billion was restricted by enabling legislation.

## Fund Balances

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, established accounting and financial reporting standards for governmental funds. It includes criteria for classifying fund balances into specifically defined classifications and clarifies definitions for governmental fund types. The Statement provides a more structured classification of fund balance and improves usefulness and understanding of fund balance information to the users of the County's financial statements. Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the uses of those resources. The fund balance classifications are described below. Additional information can be found in Note 13.

**Nonspendable** – Fund balance that cannot be spent either because the underlying resources are not in spendable form or because the government is legally or contractually required to maintain the resources intact. Examples of this classification are inventories, prepaid amounts and endowments.

**Restricted** – Fund balance that consists of net assets (where constraints on their use are: (1) externally imposed by creditors, grantors, contributors or laws or regulations of other governments, or (2) imposed by law through constitutional provisions or enabling legislation), reduced by liabilities and deferred inflows of resources related to those assets.

**Committed** – Fund balance that represents resources whose use is subject to a legally binding constraint that is imposed by the Board of County Commissioners, the highest level of decision-making authority for Miami-Dade County. An ordinance is the formal action required to establish, modify or rescind a fund balance commitment since it constitutes the most binding constraint. The same type of formal action that created the constraint is required to change or remove the specified use.

**Assigned** – Fund balance that is intended to be used for specific purposes, but is neither restricted nor committed. Assigned amounts include those that have been set aside for a specific purpose by actions of the Board of County Commissioners or its delegates, and not included in other categories. Encumbrance of Governmental Funds is considered an assignment of fund balance. The County Mayor, the Internal Services Department Director and Department Directors have been delegated certain authority to encumber County funds through the award of contracts for goods and services, as outlined in the Master Procurement Implementing Order, IO #3-38.

**Unassigned** – The portion of fund balance in the General Fund that is the residual classification of amounts that have not been restricted, committed or assigned for specific purposes. The General Fund is the only fund that reports a positive unassigned fund balance. The unassigned deficit fund balances in the Emergency and Disaster Relief Fund is discussed in Note 2.

## **Donor-restricted endowments**

The permanent funds for the Zoo Miami and Libraries have net appreciation on investments available for expenditures of \$0.22 million and \$0.02 million, respectively and are reflected in net position as restricted for other purposes (expendable). Under the terms of the endowments and consistent with State statutes, the County is authorized based on a total-return policy to spend the net appreciation on those programs. Any amounts not spent during a particular fiscal year may be carried over to be spent in future years.

# Note 2 - Stewardship, Compliance and Accountability

## Self-Insurance Fund – Net Position Deficit

At September 30, 2020, the Self-Insurance Internal Service Fund had a net position deficit of \$216.7 million, a decrease in net position deficit of \$15 million from the prior year. The decrease in net position deficit is a result of increased rates. Management intends to continue increasing the insurance rates charged to departments annually with the goal to budget sufficient funds to cover annual cost and reduce the accumulated deficit.

## **Emergency and Disaster Relief - Fund Deficit**

At September 30, 2020, the Emergency and Disaster Relief Special Revenue Fund had a fund deficit of \$315.9 million. The deficit is due to expenditures relating to prior year hurricanes and to COVID-19 that have not been fully reimbursed. The County will continue to seek reimbursement through the Federal Emergency Management Agency (FEMA) for eligible expenditures which will improve the fund deficit.

## Legally Adopted Budgets

The County's General Fund, Debt Service Funds, Permanent Funds, Special Revenue Funds, and Capital Projects Funds, with the exception of the Clerk of Courts Operations Special Revenue Fund, have legally adopted annual budgets approved by the BCC. As dictated by Article V of the Florida Constitution, the Clerk of the Courts Operations Special Revenue Fund's budget is submitted to the State's Clerk of Court (COC) Operations Conference for their review and approval. The Clerk of the Court is accountable to the COC Operations Conference for court-related expenditures funded by the State. The General Fund's and Fire Rescue Fund's budget-to-actual comparison is presented in the Required Supplementary Information section. The remaining funds' budget-to-actual comparisons are presented in the Supplementary Information section of this report.

(This space left blank intentionally)

## Note 3 - Cash, Cash Equivalents and Investments

**Deposits and Investments** (exclusive of those reported in the Public Health Trust of Miami-Dade County, Florida, Defined Benefit Retirement Plan, Note 9)

Miami-Dade County ("the County") is authorized through Florida Statutes §218.415, Ordinance No. 84-47, and the County's Investment Policy Resolution R-367-16 to make certain investments. The Investment Policy was updated and adopted on May 17, 2016. The County's overall investment objectives are, in order of priority, the safety of principal, liquidity of funds and maximizing investment income.

The County pools substantially all cash, cash equivalents and investments, except for cash and investment accounts that are maintained separate in accordance with legal provisions or agreements with creditors, grantors or contributors. Each fund's equity share of the total pooled cash, cash equivalents and investments is included in the accompanying financial statements under the caption "Cash and cash equivalents" and "Investments."

All cash deposits are held in qualified public depositories pursuant to State of Florida Statutes Chapter 280, "Florida Security for Public Deposits Act" (the Act). Under the Act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The pledging level may range from 25% to 200% depending upon the depository's financial condition and establishment period. All collateral must be deposited with an approved financial institution. Any losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

As a rule, the County intends to hold all purchased securities until their final maturity date. There may be occasional exceptions, including, but not limited to the need to sell securities to meet unexpected liquidity needs as well as sales relating to swap transactions.

At September 30, 2020, the cash balances of the primary government and fiduciary funds totaled \$664,045 exclusive of cash in PHT's Pension Trust Fund (Note 9) (in thousands).

The County categorizes its investments in accordance Governmental Accounting Standards Board (GASB) Statement No. 72 <u>Fair Value Measurement and Application</u>, issued in February 2015, which requires categorizing investments according to the fair value hierarchy established by this Statement. The hierarchy is based on the valuation inputs used to measure the fair value of an asset, with Level 1 inputs being those quoted prices (unadjusted) in active markets for identical assets; Level 2 inputs being those quoted prices for similar assets and liabilities in markets that are not active, or other observables such as benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing; and Level 3 being unobservable inputs for the asset/liability - used to the extent that observable inputs are not available. All of the County's investments are classified as Levels 1 and 2.

The carrying value of cash equivalents and investments of the primary government and fiduciary funds, other than PHT's Pension Trust Fund, include the following as of September 30, 2020 (in thousands):

|  | Amounts         |    | Fair Value | Fair Value      |
|--|-----------------|----|------------|-----------------|
| Investments                                |                 |    | Level 1    | Level 2         |
| Federal Home Loan Mortgage Corporation     | \$<br>637,256   |    |            | \$<br>637,256   |
| (Freddie Mac)                              |                 |    |            |                 |
| Federal Home Loan Bank                     | 1,569,701       |    |            | 1,569,701       |
| Federal Farm Credit Bank                   | 539,122         |    |            | 539, 122        |
| Federal National Mortgage Association      | 269,196         |    |            | 269, 196        |
| (Fannie Mae)                               |                 |    |            |                 |
| Treasury Notes                             | 198,748         |    |            | 198,748         |
| Treasury Bills                             | 2,751,279       |    |            | 2,751,279       |
| Commercial Paper                           | 437,441         |    |            | 437,441         |
| Jubilee Issue Bonds                        | 90,673          |    |            | 90,673          |
| Fixed Income Mutual Funds                  | 2,842           | \$ | 2,842      |                 |
| Equity Securities                          | 88              |    | 88         |                 |
| Total Investments                          | \$<br>6,496,346 | \$ | 2,930      | \$<br>6,493,416 |
| Time Deposits                              | 258,273         |    |            |                 |
| Interest Bearing Accounts                  | 93,360          |    |            |                 |
| Money Market Funds                         | 201,321         |    |            |                 |
| Total Cash Equivalents                     | \$<br>552,954   | -  |            |                 |
| Deposits in Financial Institutions         | 664,045         |    |            |                 |
| Total Cash, Cash Equivalents & Investments | \$<br>7,713,345 | -  |            |                 |

Cash and investment are reported in the financial statements as follows:

| Statement of Net Position<br>Primary Government |    |           |    |           |
|---|----|-----------|----|-----------|
| Cash, Cash Equivalents & Investments            | \$ | 3,383,604 |    |           |
| Restricted Cash, Cash Equivalents & Investments |    | 4,020,976 |    |           |
|   |    |           | \$ | 7,404,580 |

| Cash, Cash Equivalents & Investments            | \$ | 308,765   | _  |           |
|   | -  |           | -  | 308,765   |
|   |    |           | \$ | 7,713,345 |

# Credit Risk

The County's Investment Policy (the Policy), minimizes credit risk by restricting authorized investments to: Local Government Surplus Funds, Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act; Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits or savings accounts in qualified public depositories, pursuant to Florida Statutes §280.02, which are defined as banks, savings bank, or savings association organized under the laws of the United States with an office in the State of Florida that is authorized to receive deposits, and has deposit insurance under the provisions of the Federal Deposit Insurance Act; direct obligations of the United States Treasury; federal agencies and instrumentalities; securities of, or other interests in, any openend or closed-end management-type investment company or investment trust registered under the Investment Company Act of 1940, provided that the portfolio is limited to the obligations of the United States government or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such United States government obligations, and provided that such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian; commercial paper of prime quality with a stated maturity of 270 days or less from the date of its issuance, which has the highest letter and numerical rating from at least two rating agencies which are Standard & Poor's (A1),

Moody's (P1), or Fitch (F1); bankers acceptances which have a stated maturity of 180 days or less from the date of its issuance, and have the highest letter and numerical rating from at least two rating agencies (as noted for commercial paper above) and are drawn and accepted by commercial banks and which are eligible for purchase by the Federal Reserve Bank; investments in repurchase agreements ("Repos") collateralized by securities authorized within this policy. All Repos shall be governed by a standard SIFMA ("Securities Industry and Financial Markets Association") Master Repurchase Agreement; municipal securities issued by U.S. state or local governments, having at time of purchase, a stand-alone credit rating of AA or better assigned by two or more recognized credit rating agencies or a short-term credit rating of A1/P1 or equivalent from one or more recognized credit rating agencies.

The table below summarizes the County's investments by credit rating at September 30, 2020.

| Investment Type                        | Credit Rating<br>(S&P/Moody's/Fitch) |
|--|--------------------------------------|
| Federal Home Loan Mortgage Corporation |                                      |
| (Freddie Mac)                          | AA+/Aaa/AAA                          |
| Federal Home Loan Bank                 | AA+/Aaa/N/A                          |
| Federal Farm Credit Bank               | AA+/Aaa/AAA                          |
| Federal National Mortgage Association  |                                      |
| (Fannie Mae)                           | AA+/Aaa/AAA                          |
| Treasury Notes                         | AA+u/Aaa/P-1/AAA F1+                 |
| Commercial Paper                       | A-1+/ P-1/ F1+                       |
| Jubilee Issue Bonds                    | AA-/A1/A+                            |
| Money Market Funds                     | N/A                                  |
| Time Deposits                          | N/A                                  |
| Interest Bearing Accounts              | N/A                                  |

# **Custodial Credit Risk**

This is the risk that in the event of a financial institution failure, the County's deposits may not be recoverable. The Policy requires that deposits be made only in qualified public depositories. These are banking institutions approved by the State Treasurer of Florida to hold public funds, and which are required to deposit with the Treasurer or other banking institution eligible collateral, as required by Florida Statutes Chapter 280, *Security for Public Depositories*. In addition to insurance provided by the Federal Deposit Insurance Corporation (FDIC), the remaining public depositories would be responsible for covering any resulting losses. At September 30, 2020 all of the County's bank deposits were in qualified public depositories and as such the deposits are not exposed to custodial credit risks.

Securities may be purchased only through financial institutions that are state-certified public depositories. For third-party custodial agreements, the County will execute a Custodial Safekeeping Agreement with a commercial bank. All securities purchased and/or collateral obtained by the County shall be the property of the County and be held apart from the assets of the financial institution.

# Concentration of Credit Risk

The Policy establishes limitations on portfolio composition by investment type and by issuer to limit its exposure to concentration of credit risk. The Policy provides that a maximum of 50% of the portfolio may be invested in the State of Florida Local Government Surplus Trust Fund (the "Pool"); however, bond proceeds may be temporarily deposited in the Pool until alternative investments have been purchased. Prior to any investment in the Pool, approval must be received from the Board of County Commissioners. A maximum of 30% of the portfolio may be invested in SEC registered money market funds with no more than 10% to any single money market fund. A maximum of 20% of the portfolio may be invested in interest bearing time deposits or demand accounts with no more than 5% deposited with any one issuer. There is no limit on the percent of the total portfolio that may be invested in direct obligations of the U.S. Treasury

or federal agencies and instrumentalities; with no limits on individual issuers (investment in agencies containing call options shall be limited to a maximum of 25% of the total portfolio). A maximum of 3% of the portfolio may be invested in bonds backed by the full faith and credit of the state of Israel. A maximum of 5% of the portfolio may be invested in open-end or closed-end funds. A maximum of 50% of the portfolio may be invested in bankers acceptances with a maximum of 10% with any one issuer. A maximum of 25% of the portfolio may be invested in bankers acceptances with a maximum of 10% with any one issuer, but a maximum of 60% of the portfolio may be invested in both commercial paper and banker's acceptances. A maximum of 20% of the portfolio may be invested in repurchase agreements with the exception of one (1) business day agreements, with a maximum of 10% of the portfolio in any one institution or dealer with the exception of one business day agreements. A maximum of 25% of the portfolio may be directly invested in municipal obligations, up to 5% with any one municipal issuer.

As of September 30, 2020, the following issuers represented 5% or more of the County's investment portfolio:

| Portfolio | Issuer   |
|-----------|--|
| 8%        | Federal Farm Credit Bank                             |
| 23%       | Federal Home Loan Bank                               |
| 9%        | Federal Home Loan Mortgage Corporation (Freddie Mac) |

#### Interest Rate Risk

The Policy limits interest rate risk by requiring the matching of known cash needs and anticipated net cash outflow requirements; following historical spread relationships between different security types and issuers; evaluating both interest rate forecasts and maturity dates to consider short-term market expectations. The Policy requires that investments made with current operating funds shall maintain a weighted average of no longer than 12 months. Investments for bond reserves, construction funds and other non-operating funds shall have a term appropriate to the need for funds and in accordance with debt covenants. The Policy limits the maturity of a single investment in the portfolio to a maximum of five (5) years.

As of September 30, 2020, the County had the following investments with the respective weighted average maturity.

|  | Weighted<br>Average in |
|--|------------------------|
| Investment Type                                      | Years                  |
| Federal Home Loan Mortgage Corporation (Freddie Mac) | 2.92                   |

| Interest bearing                                     | 2.60                   |

# Foreign Currency Risk

The Policy limits the County's foreign currency risk by excluding foreign investments as an investment option.

## **Derivative Instruments**

Derivative instruments, such as interest rate and commodity swaps, swap options, and forward contracts, are financial arrangements entered into by governments with other parties (usually private-sector financial firms) to manage specific risks or to make investments. The value of a derivative depends on other, more basic, underlying variables. Refer to Note 1-C for additional discussion.

As a debt management tool, the County has entered into several swap transactions. Swaps are made in accordance with the provisions of County Resolution R-311-05, "Master SWAP Policy." The BCC must authorize the swap agreement and its provisions. Generally, the County will enter into transactions only with counterparties whose obligations are rated in the double-A category or better from at least one nationally recognized rating agency. In instances when the credit rating is lowered below the A rating the County requires the counterparty to collateralize its exposures or the County will exercise its right to terminate. The County's swap policy seeks to mitigate counterparty risk, termination risk, interest rate risk, basis risk, amortization risk, liquidity risk and pricing risk.

In accordance with GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, the swaps were evaluated to determine whether they should be treated as effective hedging derivative instruments. Derivative instruments utilized in hedging relationships are designed to reduce identified financial risks by offsetting changes in cash flows or fair values of the associated item. The County's swaps are basis swaps. Because there is no financial risk being hedged by the swaps that can be expressed in terms of exposure to adverse changes in cash flows or fair values, the swaps are treated as investment derivative instruments.

The fair value balances of the swaps were derived by the County's swap advisor using market prices in effect as of the close of business on September 30, 2020. The valuations include the current interest period accruals which would be payable on the next interest payment dates, if applicable. Valuation amounts are from the perspective of Miami-Dade County. A negative amount is what the County would have owed had the transaction been terminated at midmarket on the valuation date, and a positive number is what the County would have received.

The County currently has three governmental basis swaps with the bank (Provider). Under the Assignment and Assumption Agreement dated September 22, 2014 and the Amendment Agreement dated September 22, 2014, the Provider is required to post collateral in the amount of the County's exposure to the Provider if the Provider is rated "A3" or lower by Moody's or "A-" or lower by Standard and Poor's. The Provider may also be required to post an Independent Amount if it is rated below "A3" or "A-". As a result of the downgrades in fiscal year 2016 of the Provider by Moody's to "Baa2" and by Standard and Poor's to "BBB+", the Provider is currently required to post a collateral amount equal to the mark-to-market value of the Swaps on any given day, plus an independent amount of \$5.1 million. The collateral posting requirement has remained in place as the Provider's rating is below the ratings threshold. As of September 30, 2020, the mark-to-market value of the swaps is \$8.2 million dollars. The total value of the collateral held by the County, including interest earnings, is \$13.4 million as of September 30, 2020, and is reflected in the debt service fund statements. Interest on cash posted to the collateral account will be owed to the Provider. The observability of inputs used to perform the measurement results in the swap fair values being categorized as level 2 in accordance with GASB 72.

The Swaps were terminated on January 27, 2021, and effective that date the County's entire swap portfolio has been terminated as described in Note 14-Subsequent Events.

Throughout the fiscal year, the County terminated the Industrial Development Series 2013 Bond, BAC Funding Swap and executed incremental terminations of the remaining Swap agreements. The County received \$53.8 million as a result of the terminations. This amount was recorded as a Special Item in the Statement of Revenues, Expenditures and Changes in Fund Balance of the governmental funds.

The fair value and notional amounts of the swaps, and the change in their market value are noted in the tables below: (amounts in thousands)

(This space left blank intentionally)

### Note 5 – Leases/Management and Operating Agreements

*General Segment Operating Leases -* The County leases various facilities under non-cancelable operating leases. Total cost for the leases was \$14.5 million for the year ended September 30, 2020. The future minimum lease payments for these leases are as follows (in thousands):

| Year Ending<br>September | ,  |        |
|--------------------------|----|--------|
| 2021                     | \$ | 8,631  |
| 2022                     |    | 4,973  |
| 2023                     |    | 3,377  |
| 2024                     |    | 1,497  |
| 2025                     |    | 927    |
| 2026-2030                |    | 3,494  |
| 2031-2035                |    | 2,491  |
|                          | \$ | 25,390 |
|                          |    |        |

**Governmental Activities Capital Leases** – The County has entered into various agreements with banks to provide capital to finance the lease/purchase of equipment, such as vehicles, fire trucks, and other equipment. During fiscal year 2020, the County entered into two new capital lease financing agreements totaling \$45.9 million. The future minimum payments for principal and interest under these agreements are as follows (in thousands):

| Year Ending<br>September 30, |               |          |
|------------------------------|---------------|----------|
|                              | Principal     | Interest |
| 2021                         | 26,994        | 2,244    |
| 2022                         | 26,410        | 1,731    |
| 2023                         | 19,707        | 1,254    |
| 2024                         | 18,638        | 847      |
| 2025                         | 12,036        | 535      |
| 2026-2030                    | 14,071        | 791      |
| 2031-2035                    | 2,580         |          |
|                              | \$<br>120,436 | 7,402    |

The net book value as of September 30, 2020, for assets being leased are as follows (in thousands):

| Asset                  | Asset<br>Cost           | -  | cumulated<br>preciation | B  | Net<br>ook Value |
|------------------------|-------------------------|----|-------------------------|----|------------------|
| Equipment<br>Buildings | \$<br>141,782<br>25,407 | \$ | 55,728<br>13,974        | \$ | 86,054<br>11,433 |
| Total                  | \$<br>167,189           | \$ | 69,702                  | \$ | 97,487           |

*Marlins Stadium Operating Agreement -* Miami-Dade County, the City of Miami (the City) and the Florida Marlins, L.P. (the Team) entered into an agreement to construct a baseball stadium to be owned by the County. The County would provide \$376.3 million, the City \$13.5 million, and the Team \$126.2 million.

The stadium was to be constructed to meet Leadership in Energy and Environmental Design (LEED) Silver Certification, as required by County Code. The County was to provide an additional \$1.75 million and the City was to provide an additional \$1.25 million to achieve the LEED Silver Certification.

In fiscal year 2012, the County recognized the Team's contribution in governmental activities as an exchange-type transaction. This resulted in the total Team's contribution of \$126.2 million being deferred and recognized over the life of the agreement with the Team, 35 years. The statement of activities for the year ended September 30, 2020 includes \$3.6 million of revenue recognized for this transaction.

As of September 30, 2017, the Team contributed 100% of the \$126.2 million commitment towards the stadium costs (in the form of capital assets), and thus fulfilled their obligation toward the County. In addition, pursuant to the Non-Relocation Agreement between the County and the Team, the County shall receive an annual payment of \$2.3 million, increasing at 2% per year, in semi-annual installments due on April 30 and September 30 over 35 years. In fiscal year 2020 the County received \$2.7 million from the Team in accordance with the Non-Relocation Agreement.

At September 30, 2020 the future minimum amounts due under the agreement are as follows (in thousands):

| Year Ending   |              |
|---------------|--------------|
| September 30, |              |
| 2021          | \$<br>2,749  |
| 2022          | 2,804        |
| 2023          | 2,860        |
| 2024          | 2,917        |
| 2025          | 2,975        |
| 2026-2030     | 15,793       |
| 2031-2035     | 17,437       |
| 2036-2040     | 19,252       |
| 2041-2045     | 21,256       |
| 2046          | <br>4,510    |
|               | \$<br>92,553 |

The stadium was completed and placed in operation in April 2012. The County capitalized \$511.8 million of the cost of construction of the stadium, which has a carrying value of \$425.6 million as of September 30, 2020, net of accumulated depreciation of \$86.2 million.

As per the Operating Agreement between the County, the Marlins Stadium Operator, LLC (the Operator) and the City of Miami (City), a Capital Reserve Fund was established from which the Operator may withdraw funds to pay for necessary improvements or emergency capital repairs to the stadium. The parties agreed that the Capital Reserve Fund would be an asset of the County designed to protect its ownership interest in the stadium, and not an asset of the City, the Operator or its affiliates. It was further agreed that prior to November 30 following the end of each Operating Year, (i) the City shall deposit \$250,000 into the Capital Reserve Fund, and (ii) each of the County and the Operator shall deposit \$750,000 into the Capital Reserve Fund. As of September 30, 2020, the balance of the Capital Reserve Fund was \$17.3 million, and is reported in the County's governmental funds balance sheet.

*American Airlines Arena Management Agreement* – The American Airlines Arena (Arena) was completed and placed into operation in January 2001. The construction of the Arena was funded 100 percent by the Miami Heat Limited Partnership, a Florida Limited Partnership (Team) in exchange for the County-owned land and an annual payment from the County.

The County capitalized \$234.9 million of the cost of its construction, which has a carrying value, net of accumulated depreciation of \$91.6 million, of \$143.3 million.

The County and Basketball Properties, Ltd. (Arena Manager) originally executed a series of agreements dated April 29, 1997 to provide, among other things, for the development, improvement, management and operation of the Arena. On June 3, 2014, the Board of County Commissioners approved the amended and restated agreements with the Team and the Arena Manager, as follows:

Under the new Assurance Agreement with the Arena Manager, the County will provide the Arena Manager with an annual payment of \$6.4 million through fiscal year 2029. From July 1, 2030 to June 30, 2035, the County's annual payments increase to \$8.5 million. The funding source for the payments made by the County to the Arena Manager are County Available Arena Funds (as defined in the Assurance Agreement), which are generally comprised of, in any fiscal year, the sum of: (1) excess Convention Development Taxes (CDT); (2) County Rental Revenues; (3) Naming Rights receipts, if any; and (4) monies paid to the County for Community Events held at the Arena. Excess Convention Development Taxes is defined as CDT funds collected less the debt service requirements. Notwithstanding and prevailing over any contrary term or provision of the Agreement, the County is not obligated to use any source of funds other than from the Arena Capital Replacement Reserve Fund and County Available Arena Funds.

In the event that at any time the County Available Arena Funds are insufficient to pay for the Building Owner contribution, the County shall continue to be obligated to pay the shortfall, with interest accumulating at the Prime Rate from the date of the shortfall until the date such amounts are repaid by the County.

The County recorded an obligation of \$140 million reflecting the amount owed to the Arena Manager at September 30, 2014. During fiscal year 2020, the County made quarterly payments totaling \$6.4 million. At September 30, 2020 the future payments under the agreement are as follows (in thousands):

| Year Ending<br>September 30, |               |
|------------------------------|---------------|
| 2021                         | \$<br>6,400   |
| 2022                         | 6,400         |
| 2023                         | 6,400         |
| 2024                         | 6,400         |
| 2025                         | 6,400         |
| 2026-2030                    | 27,100        |
| 2031-2035                    | 42,500        |
|                              | \$<br>101,600 |

The County is in negotiation with a potential sponsor, regarding naming rights. As of 2020, a new naming rights contract has not been approved by the Board of County Commissioners. If the County elects to sell the naming rights, then beginning in 2020 the County is obligated to make an annual payment to the Arena Manager not to exceed \$2 million through 2040.

The agreement eliminates the formula used to calculate the Arena Manager's contribution to the County and replaces it with a fixed annual revenue stream to the County in the form of a donation for use by the County's Parks, Recreation and Open Spaces Department for County-owned parks, recreation and youth programs. The Arena Manager will make annual payments to the County of \$1 million starting 2014 through 2030. The annual amount increases to \$1.25 million from 2031 to 2035. The Arena Manager's donation to the County from fiscal year 2014 to 2020 was \$1 million per year.

At September 30, 2020 the future amounts due from the Arena Manager are as follows (in thousands):

| Year Ending<br>September 30, |              |
|------------------------------|--------------|
| 2021                         | \$<br>1,000  |
| 2022                         | 1,000        |
| 2023                         | 1,000        |
| 2024                         | 1,000        |
| 2025                         | 1,000        |
| 2026-2030                    | 5,000        |
| 2031-2035                    | 6,250        |
|                              | \$<br>16,250 |
|                              |              |

Additionally, the amended and restated management agreement increased the required minimum amount the Arena Manager must make to the Arena Capital Replacement Reserve Fund (Fund) between July 1, 2013 and June 30, 2040, which will total \$81.2 million. During the year ended June 30, 2020, the Arena Manager met the requirement for its contribution of \$1.9 million through eligible expenditures totaling \$12.4 million towards maintenance and capital improvements to the Arena. Eligible expenditures in excess of the required contribution in any fiscal year is not carried forward to subsequent fiscal years. Capital improvements that are capitalizable in accordance with the County's policy have been properly included in the County's governmental activities. The amount held in the Fund, if any, is maintained and held by the Arena Manager.

As of September 30, 2020 the future payments to the Fund or in-kind maintenance or capital improvements by the Arena Manager are as follows (in thousands):

| Year Ending   |              |
|---------------|--------------|
| September 30, |              |
|               |              |
| 2021          | \$<br>2,025  |
| 2022          | 2,105        |
| 2023          | 2,190        |
| 2024          | 2,277        |
| 2025          | 2,368        |
| 2026-2030     | 13,341       |
| 2031-2035     | 16,231       |
| 2036-2040     | <br>19,748   |
|               | \$<br>60,285 |

**Seaport Leases** – The Seaport (Lessor) has several operating leases consisting principally of the leasing of land, office space and warehouses to several tenants. The lease agreements consist of both cancelable and non-cancelable agreements. The agreements expire over the next 18 years. Future minimum lease income under the non-cancelable operating leases (with initial remaining lease terms in excess of one year) as of September 30, 2020, is summarized in the table below (in thousands):

| Year Ending<br>September 30, |               |
|------------------------------|---------------|
|                              |               |
| 2021                         | \$<br>33,312  |
| 2022                         | 33,328        |
| 2023                         | 33,324        |
| 2024                         | 26,960        |
| 2025                         | 26,498        |
| 2026-2030                    | 118,468       |
| 2031-2035                    | 81,027        |
| 2036-2040                    | 59,622        |
| 2041-2045                    | 23,882        |
| Total future minimum         |               |
| lease payments               | \$<br>436,421 |
|                              |               |

Rental income was \$33.9 million in fiscal year 2020. At September 30, 2020, the net book value of assets being leased by the Seaport as lessor are as follows (in thousands):

### Seaport net book value of leased assets

| Asset     | Asset Cost |         | ccumulated epreciation | Net<br>Book Value |        |  |
|-----------|------------|---------|------------------------|-------------------|--------|--|
| Land      | \$         | 85,305  |                        | \$                | 85,305 |  |
| Buildings |            | 38,663  | \$<br>37,942           |                   | 721    |  |
| Total     | \$         | 123,968 | \$<br>37,942           | \$                | 86,026 |  |

The Board approved various resolutions authorizing the execution of terminal usage agreements with the Seaport's major cruise lines and cargo terminal operators. These agreements provide certain wharfage and dockage incentive discounts from the published tariff as well as marketing incentives in return for minimum annual revenue guarantees and preferential berthing arrangements at certain terminal facilities. The agreements also provide for container yard improvements, reduced reefer rates, and other commitments to incur expenses and make certain incentive payments which are not reflected in the table of total gross minimum annual revenue guarantees below.

The following table provides future total gross minimum annual revenue guarantees due to the Seaport for the following years (in thousands):

|  | Cruise Cargo   |  |  |  |
|--|--|--|--|--|
| Year Ending<br>September 30,   | Cruise<br>Operators  | Cargo<br>Operators   |  |  |
| 2021<br>2022<br>2023<br>2024<br>2025<br>2026-2030<br>2031-2035<br>2036-2040<br>2041-2045 | <ul> <li>\$ 149,120</li> <li>157,691</li> <li>153,808</li> <li>683,067</li> <li>663,909</li> <li>721,335</li> <li>644,419</li> </ul> | \$ 56,205<br>58,468<br>60,829<br>63,528<br>66,247<br>376,558<br>27,983 |  |  |
| 2046-2050<br>2051-2053   | 598,953<br>98,546  |  |  |  |
| Total  | \$ 3,870,848   | \$ 709,818   |  |  |

**Public Health Trust Leases** – The Public Health Trust leases various equipment and facilities under operating leases. Rent expense for all operating leases was approximately \$8.89 million in fiscal year 2020. At September 30, 2020, future minimum lease payments by year under non-cancelable operating leases are as follows (in thousands):

| Year Ending   |              |
|---------------|--------------|
| September 30, |              |
|               |              |
| 2021          | \$<br>8,271  |
| 2022          | 5,641        |
| 2023          | 4,086        |
| 2024          | 3,364        |
| 2025          | <br>2,807    |
|               | \$<br>24,169 |

**Aviation Leases** - The major portion of the Aviation Department's (Lessor) property, plant and equipment is held for lease. The lease agreements consist of both cancelable and non-cancelable leases, and provide for periodic adjustment to rental rates to maximize operational flexibility. The non-cancelable lease agreements also provide for periodic adjustments to the rental rates. All leases are classified as operating leases. The Aviation Department recognized \$144.07 million of rental income from both cancelable and non-cancelable leases for the year ended September 30, 2020.

Concession Agreements – The Aviation Department has entered into concession agreements with retail stores and newsstands, duty-free merchandise shops, food and beverage facilities, various rent-a-car companies, aeronautical service companies, and other passenger services through 2025. The agreements consist of both cancelable and noncancellable agreements and provide for a minimum annual rental and a franchise fee based on a percentage of the gross revenue, whichever is greater. These agreements generated revenue of approximately \$120.66 million during fiscal year 2020. Minimum future fees under such noncancellable concession agreements as of September 30, 2020 are as follows (in thousands):

| Year Ending   |               |
|---------------|---------------|
| September 30, |               |
|               |               |
| 2021          | \$<br>77,140  |
| 2022          | 71,700        |
| 2023          | 41,576        |
| 2024          | 39,662        |
| 2025          | 8,965         |
|               | \$<br>239,043 |

Lease Agreements – The leasing operations of the Aviation Department consist principally of the leasing of land, buildings and office space. The lease agreements consist of both cancelable and noncancellable agreements and permit the Aviation Department to periodically adjust rents and maximize operational flexibility. Minimum rentals under such noncancellable lease agreements as of September 30, 2020 are as follows (in thousands):

| Year Ending<br>September 30, |              |
|------------------------------|--------------|
| 2021                         | \$<br>9,529  |
| 2022                         | 9,246        |

Accounts Receivable at September 30, 2020 were as follows (in thousands):

(1) For the Public Health Trust, contractual adjustments are also included.

Net receivables in the governmental activities totaled approximately \$56.5 million as of September 30, 2020. Receivables in the General Fund were comprised of 52% for utility taxes due from the electric utility company, 21% due from other entities and 27% for customer receivables. Receivables in the Fire Rescue Fund were primarily driven by transport fees. Receivables in the Other Governmental Funds were 21% for Transient Lodging and Food and Beverage Taxes, 17% for Convention Development Tax, 48% due from other entities, and 14% for Public Housing & Community Development charges. For governmental activities, 83% of gross accounts receivables are not expected to be collected in the subsequent year, therefore, an allowance for uncollectible accounts was recorded.

As of September 30, 2020, Aviation's accounts receivable, net of allowance for doubtful accounts, were approximately \$55.7 million which comprised of accounts due from customers (tenants, carriers, and business partners) of 98.3% and 1.7% due from government agencies. American Airlines represented \$23.1 million or 41.5% of accounts receivable, net of the allowance for doubtful accounts, and approximately \$171.3 million or 30.9% of total operating revenues for fiscal year 2020.

Public Health Trust's patient's accounts receivable consist primarily of receivables from patients and third-party payors. As of September 30, 2020, 23% of receivables are due from patients and 24% are due from Medicaid and Medicare.

For fiscal year 2020, approximately 50.2% of the Seaport's operating revenues and 51% of corresponding receivables were generated from nine major cruise and cargo operators. The following table summarizes the balances for the cruise and cargo operators as of September 30, 2020 (in thousands).

| R  | Revenue |   | ceivable   |

| Public Health Trust                      |    | 173,260 |    | 79,220     |       | 252,480 |  |
| Other Non-major proprietary              |    | 1,922   |    | 132        |       | 2,054   |  |
| Total - business-type activities         | \$ | 426,641 | \$ | 104,054    | \$    | 530,695 |  |

<sup>(a)</sup> Retainage payable for business-type activities is not included herein, but included in Other Liabilities on the Proprietary Funds' Statement of Net Position.

### Note 7 - Self-Insurance Program

Miami-Dade County provides health insurance to its employees, retirees, and their eligible dependents through a self-funded health plan administered by a Third Party Administrator. Effective January 1, 2016, the County offers up to three HMO benefit options (based on collective bargaining agreements) and one POS option for active and pre-Medicare retirees. Medicare retirees can select from either a high option HMO plan, with or without pharmacy coverage, or a low option HMO plan.

The County's Risk Management Division (RMD) administers workers' compensation and auto and general liability self-insurance programs. No excess coverage is purchased for these programs. Premiums are charged to the various County departments based on amounts necessary to fund the program. The County purchases commercial property insurance for County-owned properties and purchases commercial insurance in certain instances due to exposure to loss and/or contractual obligations.

The estimated liability for reported and unreported claims of the self-insurance programs administered by RMD is calculated annually by an independent actuary. The estimate for incurred but not reported (IBNR) claims is based on historical experience, adjusted by other factors that would modify past experience, such as current trends and industry projections. Outstanding claims are evaluated based on relevant statutory/case law application and historical claims experience on a case-by-case basis.

The RMD also administers the self-insurance program for the County's enterprise funds. Water and Sewer only participates in the workers' compensation and group health self-insurance program. Water and Sewer has established a self-insurance program for general and automobile liability exposures. RMD administers the claims on their behalf.

The Aviation Department pays premiums to commercial insurance carriers for airport liability insurance, construction wrap-up insurance and participates in the County's property insurance program. The airport liability program provides commercial general liability, contractual liability and personal injury liability coverage at all airports. RMD administers claims within the self-insured retention for this program.

The Public Health Trust (the Trust) maintains its own self-insurance programs for general and professional liability claims, as well as workers' compensation claims. The Trust uses a Third Party Administrator to administer their workers' compensation coverage. The Trust places and administers a commercial property insurance program for Trust properties.

At September 30, 2020, the Self-Insurance Internal Service Fund had a net position deficit of \$216.7 million, a decrease in net position deficit of \$15 million from the prior year. The decrease in net position deficit is a result of increased rates. Management intends to continue increasing the insurance rates charged to departments annually with the goal to budget sufficient funds to cover annual cost and reduce the accumulated deficit.

Changes in the Internal Service Fund's estimated claims liabilities for fiscal years 2019 and 2020 are as follows (in thousands):

|  | Workers<br>Compensation |          | General,<br>Auto, and<br>Police<br>Liability |          | Group<br>Health | Other      | Total         |

### Long-Term Debt - Governmental Activities

Long-term debt of the County's governmental activities include general and special obligation bonds, special obligation bonds from direct placement, installment purchase contracts and loan agreements that are payable from property tax levies and specific revenue sources. The County's outstanding general obligation bonds, special obligation bonds, and special obligation bonds from direct placements contain (1) a provision that in an event of default, outstanding amounts become immediately due if the County is unable to make payment and (2) contain a subjective acceleration clause that allows for the acceleration of payment of the entire principle amount to become immediately due if it is determined that a material adverse event occurs. General obligation bonds are payable from unlimited ad valorem taxes on all taxable real and tangible personal property of the County, and are backed by the full faith, credit and taxing power of the County. Special obligation bonds are limited obligations of the County payable solely from and secured by pledged non-ad valorem revenues of the County. Neither the full faith and credit, nor the taxing power of the County is pledged to the payment of the special obligation bonds. Variable-rate bonds are only 2.73% of total County debt. Debt service requirements for interest on variable-rate debt were calculated using the

rates in effect as of September 30, 2020. The General Fund will fund most of the obligations of governmental activities.

Annual debt service requirements to maturity are as follows (assuming the demand bonds are remarketed and the letters of credit are extended):

### **Other Obligations**

### Pollution Remediation

The County has identified a number of sites that are undergoing pollution remediation activities or have violations of pollution related permits and licenses that must be cured. Pollution at most sites is due to contamination from petroleum, ammonia, and metals in soil and in groundwater. In addition, certain sites must continue to be monitored for a number of years due to methane gas emission. As of September 30, 2020, the County has recorded a pollution remediation liability of \$22.5 million in long-term liabilities, in the statement of net position of governmental activities.

### **Energy Conservation Loans**

Pursuant to Resolution R-740-08, the BCC approved the establishment of an Energy Performance Contracting Program, allowing the County to use private energy services companies to recommend ways to reduce energy consumption by County facilities and equipment. These projects are performed in a turn-key fashion by the companies, who must guarantee that the projected saving in County utility expenses will meet or exceed all project costs. These projects are financed through the County's third-party financing arrangements with banks, and all financing costs will be funded from the operating and energy cost savings that are guaranteed by the private energy services companies. At September 30, 2020, the County has a total of \$28.4 million of these financial arrangements, which are reported in the governmental activities statement of net position.

### Long-Term Debt – Business-type Activities

Long-term debt of business-type activities includes revenue bonds, special obligation bonds and loans payable from specified revenues of the County's enterprise funds. Also included are general obligation bonds issued on behalf of the Seaport and Aviation Departments, which will be paid from Seaport and

Aviation revenues and, to the extent those revenues are insufficient, from ad valorem taxes. Debt service requirements for interest on variable-rate debt were calculated using the rates in effect as of September 30, 2020.

PHT also has an unused line of credit in the amount of \$149.8 million.

The County's proprietary funds have issued certain debt instruments that contain various covenants, restrictions and financial test requirements.

Annual debt service requirements to maturity are as follows (assuming the demand bonds are remarketed and the letters of credit are extended) (in thousands):

### Aviation Commercial Paper Notes

As of September 30, 2020 the County did not have any Aviation Commercial Paper Notes (Notes) outstanding. On May 30, 2019, \$170 million from the proceeds of Series 2019A bonds were used to pay off the outstanding notes.

The proceeds of the Notes were used to finance certain airport and airport-related improvements. The Notes and accrued interest are payable solely from proceeds of future Revenue Bonds and any unencumbered monies in the Improvement Fund. The Notes are secured and payable under an irrevocable transferrable direct-pay letter of credit. The letter of credit, in the amount of \$200 million was approved for the purpose of making funds readily available for the payment of principal and interest on the Notes. As of September 30, 2020, there was \$200 million available on the letter of credit. The letter of credit expires on March 2, 2021, subject to earlier termination as provided therein, and to extension or renewal as provided therein.

### Water and Sewer Commercial Paper Notes

The Water and Sewer Department established a commercial paper (CP) program to provide interim financing for the Department's Capital Improvement Program. Three series of notes have been issued under the commercial paper program: The Series A CP Notes in an aggregate principal amount not to exceed \$200.0 million and Series B CP Notes in an aggregate principal amount not to exceed \$200.0 million. Resolution No. R-347-16 adopted by the Board on May 17, 2016, authorizes issuance, from time

to time, of the Notes in the aggregate principal amount not exceeding \$400.0 million outstanding at any time, maturing no later than the earliest of 270 days or the second business day prior to the expiration of the applicable letter of credit. Barclay's Capital Inc. and Citigroup Global Markets Inc. have been designated as the initial dealers with respect to the offering and sale of the notes. The letters of credit expires May 17, 2021.

The notes are issued for the purpose of providing temporary funding for a portion of the Department's Capital Improvement Program, financing for the payment of the principal and interest on any maturing notes or obligations and paying certain costs of issuance. Payment of principal and interest on maturing Series A Notes and Series B Notes are supported by an irrevocable transferrable direct-pay letter of credit issued by Barclays Bank PLC and Sumitomo Mitsui Banking Corp, respectively.

Following is a schedule of changes in Notes (in thousands):

### Water & Sewer

| Balance on September 30, 2019 | \$<br>300,000 |
|-------------------------------|---------------|
| Additions                     |               |
| Deductions                    | (300,000)     |
| Balance on September 30, 2020 |               |

### Seaport Commercial Paper Notes

On July 23, 2019, the Board adopted a resolution authorizing to increase the aggregate principal amount from \$200 million to not exceed the aggregate principal of \$400 million of Miami-Dade County Florida Seaport Commercial Paper Notes (Notes). The implementation of Seaport's Notes will provide temporary financing to fund a portion of Seaport's capital improvement program. Two series have been issued to date: The Seaport Notes Series A-1 (AMT) and Seaport Notes Series A-2 (Taxable), both of which are not to exceed aggregate principal amounts of \$400 million. The commercial paper program requires remarketing of the instrument for any period from 1 to 270 days. Due to the liquidity requirements and rolling maturity of the Notes, a Letter of Credit (LOC) provider can provide the source of funds to repay investors. The LOC in the amount of \$400 million was approved for the purpose of making funds readily available for the payment of principal and interest on the Notes. The LOC expires on July 27, 2022, subject to earlier termination as provided therein and to extension or renewal as provided therein. The Notes and accrued interest are payable solely from future revenue bond proceeds.

Following is a schedule of changes in Notes (in thousands):

### Seaport

| Balance on September 30, 2019 | \$<br>247,655 |
|-------------------------------|---------------|

| Balance on September 30, 2020 | \$<br>391,345 |

### Demand Bonds Outstanding:

Each series of demand bonds listed below meets the criteria for inclusion as long-term debt of the County. Amounts are outstanding demand bond balances as of September 30, 2020

# \$45,850,000 Special Obligation Variable Rate Demand Bonds, Series 2003B (Juvenile Courthouse Project) (the Bonds):

**Bond Terms** – The Bonds are insured variable rate demand bonds that mature and are remarketed every seven days at a reset interest rate.

*Liquidity Agreement Terms* – Liquidity for the Bonds is provided by a Letter of Credit issued pursuant to a Letter of Credit and Reimbursement Agreement with TD Bank (the Bank) dated September 1, 2014 and expiring October 1, 2023. If the Letter of Credit is not renewed by its expiration date, the par amount of the debt will be due in the fiscal year it expired.

**Terms of Take Out Agreement -** As of September 30, 2020, there were no advances outstanding or bank bonds held under this Agreement. If the Bank extends a Liquidity Advance to the County under the Letter of Credit to make principal and interest payment on the Bonds, then any unpaid amount after the sixtieth (60th) calendar day on the Liquidity Advance (the Term Loan Conversion Date) will be converted to a Term Loan. The Term Loan will be payable by the County in 60 equal monthly installments with the first payment due on the first day of the month following the Term Loan Conversion Date.

The interest rate of the Take Out Agreement is Prime +2%. If the Take Out Agreement had been exercised as of September 30, 2020, assuming a Prime rate of 3.25% plus two percent (2.00%), the debt service requirements to maturity would be \$53.071 million, or as follows:

|                                 | <b>Principal</b> | Interest        | Total            |
|---------------------------------|------------------|-----------------|------------------|
| Year 1                          | \$<br>9,170,000  | \$<br>2,407,125 | \$<br>11,577,125 |
| Year 2                          | 9,170,000        | 1,925,700       | 11,095,700       |
| Year 3                          | 9,170,000        | 1,444,275       | 10,614,275       |
| Year 4                          | 9,170,000        | 962,850         | 10,132,850       |
| Year 5                          | 9,170,000        | 481,425         | 9,651,425        |
| Total Debt Service Requirements | \$<br>45,850,000 | \$<br>7,221,375 | \$<br>53,071,375 |

# \$92,410,000 Sunshine State Governmental Financing Commission Multimodal Revenue Bonds, Series 2010A and 2010B (the Bonds).

**Bond Terms** – The Bonds were issued by the Sunshine State Governmental Financing Commission (the Issuer) for the benefit of Miami-Dade County. The Bonds are uninsured variable rate demand bonds that mature and are remarketed every seven days at a reset interest rate. The liquidity provided by Bank of New York Mellon (the Bank) is for the benefit of the Sunshine State Governmental Financing Commission.

*Liquidity Agreement Terms* – Liquidity for the Bonds is provided by a Letter of Credit issued pursuant to a Letter of Credit Reimbursement Agreement (the Agreement) with Bank of New York Mellon dated December 19, 2013 and expiring December 19, 2016. If the Letter of Credit is not renewed by its expiration date, the par amount of the debt will be due in the fiscal year it expired. The County replaced the Bank of New York Mellon Letter of Credit provider with MUFG Union Bank, N.A effective December 13, 2016 with an expiration date of December 10, 2021.

**Terms of Take Out Agreement -** As of September 30, 2020, there were no Liquidity Advances under this Agreement. If the Bank extends a Liquidity Advance to the Issuer under the Letter of Credit, then the Issuer agrees to pay to the Bank with respect to any principal portion of such Liquidity Advance in twelve (12) equal consecutive quarterly principal installments. The Take Out interest rate is two percent plus the greater of Prime or the Fed Funds rate +0.5%. Assuming a Term Rate of 5.25% and had the Take Out Agreement been exercised as of September 30, 2020, the debt service requirements to maturity would be \$102.113 million for all Bonds, as follows:

|                                 | <b>Principal</b> | Interest        | Total             |
|---------------------------------|------------------|-----------------|-------------------|
| Year 1                          | \$<br>30,803,333 | \$<br>4,851,525 | \$<br>35,654,858  |
| Year 2                          | 30,803,333       | 3,234,350       | 34,037,683        |
| Year 3                          | 30,803,334       | 1,617,175       | 32,420,509        |
| Total Debt Service Requirements | \$<br>92,410,000 | \$<br>9,703,050 | \$<br>102,113,050 |

The Sunshine State Commission agrees to issue bonds or convert the Bonds to a mode not requiring a credit facility and use the proceeds thereof to repay all of the outstanding bonds or to obtain an alternate credit facility to replace the Letter of Credit on or before its expiration date. In the event the Agreement is not replaced or renewed by the expiration date, the Agreement contains a mandatory provision requiring the Bank to purchase the Bonds with the proceeds of a liquidity drawing under the Letter of Credit, such liquidity drawing then being subject to a Liquidity Advance amortization. All payments required of the Bank under the Letter of Credit are required to be made by the County pursuant to the Trust Agreement and the Note between the Sunshine State Commission and the County.

# \$201,470,000 Seaport Variable Rate Demand Revenue Bonds, Series 2014A and Series 2014B (the Bonds)

**Bond Terms** – The Bonds are uninsured variable rate demand bonds that mature and are remarketed every seven days at a reset interest rate. The bonds are paid solely from the pledged revenues of the Net Operating Revenues of the Seaport. The Letter of Credit associated with the Bonds is secured by the Net Operating Revenues of the Seaport with a secondary pledge secured by a covenant of the County to annually budget and appropriate from legally available non-ad valorem revenues whenever Net Operating Revenues are insufficient to make such a payment.

*Liquidity Agreement Terms* – Liquidity for the Bonds is provided by a Letter of Credit with PNC Bank, National Association effective May 6, 2019 with an expiration date of May 6, 2024. The original provider was with The Bank of Tokyo-Mitsubishi UFJ, Ltd. dated May 8, 2014 and expired on May 7, 2019. The County replaced the Tokyo-Mitsubishi UFJ, Ltd. Letter of Credit provider with PNC Bank. If the Letter of Credit is not renewed by its expiration date, the par amount of the debt will be due in the fiscal year it expired.

**Terms of Take Out Agreement -** As of September 30, 2020, there were no advances outstanding or Bank Bonds held under this Agreement. In the event the bonds are not remarketed and the County draws down on the Letter of Credit, any unpaid amounts remaining of such draw shall be converted to a Term Loan commencing on the last business date of the holding period. The County agrees to pay the Bank the outstanding principal amount of each such Liquidity Advance in six (6) equal consecutive semiannual principal installments over a three-year period. The Bank Bond Rate is the Base Rate plus one percent (1.00%) and the Base Rate is the highest of (i) the Prime Rate (ii) the Federal Funds Rate plus one half of one percent (0.5%), (iii) the 1-Month LIBOR Rate plus one percent (1.0%), and (iv) seven percent (7.00%). Assuming the minimum rate of 7.00% plus the Bank Bond Rate of 2.00%, and had the full amount of the Bonds been drawn as of September 30, 2020, the debt service requirements to maturity would be \$237.735 million for all Bonds, as follows:

|                                 | <b>Principal</b>  | <u>Interest</u>  | <u>Total</u>      |
|---------------------------------|-------------------|------------------|-------------------|
| Year 1                          | \$<br>67,156,667  | \$<br>18,132,300 | \$<br>85,288,967  |
| Year 2                          | 67,156,667        | 12,088,200       | 79,244,867        |
| Year 3                          | 67,156,666        | 6,044,100        | 73,200,766        |
| Total Debt Service Requirements | \$<br>201,470,000 | \$<br>36,264,600 | \$<br>237,734,600 |

# \$100,000,000 Professional Sports Franchise Facilities Tax Variable Rate Revenue Bonds, Series 2009E (the Bonds)

On February 11, 2016, the County amended the existing reimbursement agreement with Wells Fargo on the \$100 million Pro Sports Series 2009E Bonds. The amendment allowed Wells Fargo to purchase all \$100 million of the outstanding variable rate bonds. In exchange, the Letter of Credit backing the variable rate bonds was no longer needed and the County would pay Wells Fargo the Weekly Rate of Interest plus a fee of .65 percent to provide the Letter of Credit plus .10 percent to the remarketing agent, for a total cost of .75 percent. This deal allows the County to save .20 percent or \$200k per year over the life of the reimbursement agreement (expiration date is July 12, 2019). This agreement was authorized by Resolution R-2-16. On July 12, 2019 the Pro Sports Series 2009E Bonds were remarketed pursuant to Ordinance No. 09-23, as amended by Ordinance No. 09-50, and Resolution No. R-335-09 by PNC Capital Markets LLC. The Bonds will be secured by an irrevocable, direct-pay letter of credit dated July 12, 2019 issued by PNC Bank National Association expiring July 12, 2024 which will secure payment of the Bonds and provide for the payment of the principal and purchase price of and interest of the Bonds.

(This space left blank intentionally)

**<u>Pledged Revenues</u>**: The County has formally committed to secure certain debt with specific future revenues. A summary of those debt issues and the related pledged revenues follows (dollars in thousands):

| Pledged Revenue Source   | Description of Secured Debt / Purpose / Term of Final<br>Bond Maturity  | Future Revenue<br>Pledged Towards<br>Principal and Interest<br>Payments on Secured<br>Debt | Percentage of Revenue<br>Pledged (1)   | Pledged<br>Revenues<br>Recognized<br>During the<br>Period | Principal and<br>Interest<br>Requirements for<br>the Period | Debt<br>Coverage<br>During the<br>Period (2) |

### Refunding of Debt

On November 6, 2019, the County issued \$548.090 million of Water and Sewer System Revenue Refunding Bonds, Taxable Series 2019C. The proceeds were used to refund \$340.265 million Series 2013A and \$152.400 million Series 2013B Bonds. The refunding resulted in a decrease in future debt payments of \$52.8 million and an economic gain of \$49.5 million.

On April 21, 2020, the County issued \$15.600 million of Capital Asset Acquisition Refunding Special Obligation Notes, Series 2020A. The proceeds were used to refund \$2.600 million Series 2008A and \$12.875 million Series 2008B Notes. The refunding resulted in a decrease in future debt payments of \$1.7 million and an economic gain of \$1.6 million.

On June 24, 2020, the County issued \$32.660 million of General Obligation Refunding Bonds (Building Better Communities Program), Series 2020A. The proceeds were used to refund \$39.165 million Series 2010A Bonds. The refunding resulted in a decrease in future debt payments of \$12.0 million and an economic gain of \$10.0 million.

On June 24, 2020, the County issued \$168.775 million of General Obligation Refunding Bonds (Building Better Communities Program), Taxable Series 2020B. The proceeds were used to refund \$156.200 million Series 2011A Bonds. The refunding resulted in a decrease in future debt payments of \$46.8 million and an economic gain of \$38.5 million.

On September 3, 2020, the County issued \$513.405 million of Transit System Sales Surtax Revenue Refunding Bonds, Taxable Series 2020B. The proceeds were used to refund \$467.190 million Series 2012 Bonds. The refunding resulted in a decrease in future debt payments of \$134.5 million and an economic gain of \$107.1 million.

On September 9, 2020, the County issued \$42.925 million of Stormwater Utility Revenue Refunding Bonds, Series 2020. The proceeds were used to refund \$55.133 million Series 2013 Bonds. The refunding resulted in a decrease in future debt payments of \$8.3 million and an economic gain of \$7.2 million.

On September 30, 2020, the County issued \$73.475 million of Capital Asset Acquisition Special Obligation Refunding Bonds, Taxable Series 2020D. The proceeds were used to refund \$24.225 million Series 2011A and \$43.900 million Series 2013A Bonds. The refunding resulted in a decrease in future debt payments of \$11.5 million and an economic gain of \$10.3 million.

### **Other Defeased Debt**

The County has defeased certain debt as listed in the following table (in thousands), by placing the proceeds of new bond issues in an irrevocable trust to provide for all future debt service payments of the defeased debt. Such proceeds are invested in direct obligations of the U.S. government, and in the opinion of the County and its Bond Counsel, will provide for all future debt service payments on the defeased debt. Accordingly, the trust account's assets and the liability for the defeased debt are not included in the accompanying financial statements.

### Contingent Liability / Loan Guarantee

On October 1, 2000, Miami-Dade County entered into an Installment Sale Agreement with BAC Funding Corporation, a Florida non-profit corporation, for the lease of an office building. BAC Funding Corporation, the developer, obtained funding for construction of the building by pledging the County lease payments towards repayment of \$21,775,000 of bonds issued by the Industrial Development Authority, Series 2000A and 2000B. The County further facilitated funding by unconditionally guaranteeing to budget and appropriate any shortfalls in pledged revenues from non-ad valorem taxes. On December 23, 2013, the Series 2000A and 2000B Bonds were refunded by the \$16.4 million Industrial Development Refunding Revenue Bonds (BAC Funding Corporation Project), Series 2013. BAC Funding Corporation's 2013 Bonds had an outstanding principal of \$13.0 million as of September 30, 2020.

### Debt Authorized, but Unissued

As of September 30, 2020, the County has authorized but not issued the following:

- a) \$1,280,000 of General Obligation Bonds for general public improvements;
- b) \$7,745,000 of General Obligation Bonds for capital improvements for County airports to be paid by Aviation net revenues, if issued;
- c) \$155,759,520 Equipment Floating/Fixed Rate Special Obligation Bonds to finance cost of capital equipment for various County departments;
- d) \$35,700,000 Equipment Floating/Fixed Rate Special Obligation Bonds to finance cost of capital equipment for various County departments;
- e) \$156,300,000 Equipment Floating/Fixed Rate Special Obligation Bonds for various County equipment;
- f) \$131,474,000 of General Obligation Bonds for capital improvements to the County's water and sewer system, to be paid by Water and Sewer net revenues, if issued;
- g) \$4,347,870,000 Water and Sewer System Revenue Bonds to finance the cost of capital improvements to the County's water and sewer system;
- h) \$400,000,000 Water and Sewer Commercial Paper Notes to finance the cost of capital improvements to the County's water and sewer system;
- i) \$50,000,000 Solid Waste System Bond Anticipation Notes to pay the costs of improvements to, and new capital project for, the County's solid waste system;
- j) \$126,098,417 Solid Waste System Revenue Bonds to pay the outstanding Solid Waste System Bond Anticipation Notes and to pay the cost of improvements to and new capital projects for the County's solid waste system;
- k) \$6,480,000 Special Obligation Bonds (Juvenile Courthouse Project) to fund the acquisition, construction and equipping of the Juvenile Courthouse Project;
- I) \$6,000,000 Special Obligation Bonds (Correction Facility Project) to fund the acquisition, construction and equipping of a new criminal holding facility;
- m) \$27,867,079 Special Obligation Bonds (Convention Development Tax) to pay the cost of various visitor related capital facilities;
- n) \$971,850,000 General Obligation Bonds to fund the projects of the "Building Better Communities" Bond Program;
- o) \$380,065,000 General Obligation Bonds (PHT) to fund the projects of the "Public Health Trust" Bond Program;
- p) \$20,000,000 Transit System Sales Surtax Bond Anticipation Notes to fund the projects of the People's Transportation Plan;
- q) \$5,000,000,000 Aviation Revenue Bonds for improvements to airport facilities;

- r) \$4,215,000 Special Obligation Bonds to fund UMSA Public Improvements;
- s) \$340,895,000 Seaport Revenue Bonds to pay the cost of capital improvements to certain Seaport Department facilities;
- t) \$2,390,000 Rickenbacker Causeway Revenue Bonds to rehabilitate the Bear Cut and West Bridges on the Rickenbacker Causeway.
- u) \$58,657,014 Special Obligation Bonds (Professional Sports Tax) for the development, construction, and related public infrastructure of a publicly owned baseball stadium.
- v) \$3,420,000 Stormwater Utility Revenue Bonds to pay or reimburse the County for costs of QNIP program in the unincorporated municipal service area (UMSA) of the County.
- w) \$110,695,000 Public Facilities Revenue Bonds (Jackson Health System) to provide funds to reimburse PHT for the cost of certain additions to the Trust Facilities.
- x) \$8,655,000 Seaport Commercial Paper Notes to pay the costs of certain additional improvements and capital expenditures at Seaport properties.

### Conduit Debt

One discretely presented component unit of the County, the HFA, is authorized to issue bonds to fulfill its purpose. Bonds issued by the HFA shall not be deemed to constitute a debt of the HFA, the County, or any political sub-division thereof. As of September 30, 2020, there is no outstanding revenue bonds for HFA. The issuance of single family and multifamily bonds is not considered debt to the HFA since it is issued as conduit debt and as a result is not recorded in the Authority's financial records. To date the Authority has issued over \$3.24 billion in single family and multifamily bonds since its inception. The County does not maintain the total outstanding balance of these bonds.

### Note 9 - Pension Plans and Other Postemployment Benefits

### MIAMI-DADE COUNTY, FLORIDA

The County provides retirement benefits to its employees through the Florida Retirement System and a Deferred Retirement Option Program (DROP), as well as state approved Other Post-Employment Benefits (OPEB) in the form of subsidized health insurance premiums.

### Florida Retirement System Overview

The County participates in the Florida Retirement System (FRS). The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the DROP under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective October 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist eligible retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the County are eligible to enroll as members of the State- administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature.

The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, available from the Florida Department of Management Services' Web site is (http://www.dms.mvflorida.com/workforce operations/retirement/publications).

### FRS Pension Plan

### Plan Description

The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers' Class Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) Members in senior management level positions.
- Special Risk Class Members who are employed as law enforcement officers and firefighters and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members enrolled prior to July 1, 2011 are eligible for normal retirement benefits at age 62 or at any age after 30 years of service (except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service). All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service (except for members classified as special risk who are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service (except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service). Members of the Plan may include up to 4 years of credit for military service toward creditable service.

The Plan also includes an early retirement provision; however, there is a 5% benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

### Benefits Provided

Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

| Class, Initial Enrollment, and Retirement Age / Years of Service  | % Value<br>Per Year<br>of Service |
|---|-----------------------------------|
| Regular Class members initially enrolled before July 1, 2011      |                                   |
| Retirement up to age 62 or up to 30 years of service              | 1.60                              |
| Retirement at age 63 or with 31 years of service                  | 1.63                              |
| Retirement at age 64 or with 32 years of service                  | 1.65                              |
| Retirement at age 65 or with 33 or more years of service          | 1.68                              |
| Regular Class members initially enrolled after July 1, 2011       |                                   |
| Retirement up to age 65 or up to 33 years of service              | 1.60                              |

| EOC membership for its elected officials                          | 3.00                              |
| Senior Management Service Class                                   | 2.00                              |

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

### **Contributions**

The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates in effect from July 1, 2019 through June 30, 2021 were as follows:

|   | Percentage o | f Gross Salary | Percentage of Gross Salary |              |  |  |
|---|--------------|----------------|----------------------------|--------------|--|--|
| Class   | Employee     | Employer (*)   | Employee                   | Employer (*) |  |  |
| FRS, Regular  | 3.00         | 8.47           | 3.00                       | 10.00        |  |  |
| FRS, Elected County Officers                              | 3.00         | 48.82          | 3.00                       | 49.18        |  |  |
| FRS, Senior Management Service                            | 3.00         | 25.41          | 3.00                       | 27.29        |  |  |
| FRS, Special Risk Regular<br>DROP - Applicable to members | 3.00         | 25.48          | 3.00                       | 24.45        |  |  |
| from all of the above classes                             | N/A          | 14.60          | N/A                        | 16.98        |  |  |

\*Employer rates include 1.66% for the postemployment health insurance subsidy, and employer rates, other than for DROP participants, include 0.06% for administrative costs.

The County's contributions for the pension plan totaled \$273.9 million and employee contributions totaled \$49.1 million for the fiscal year ended September 30, 2020.

### <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> <u>Resources Related to Pensions</u>

At September 30, 2020, the County reported a liability of \$3,437.1 million for its proportionate share of the Plan's net pension liability. The Public Health Trust (PHT) is a separate employer under the Florida Retirement System, therefore, PHT's FRS Pension information is presented separately in this note. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The County's proportionate share of the net pension liability was based on the County's 2020 fiscal year contributions relative to the 2020 fiscal year contributions of all participating members. At June 30, 2020, the County's proportionate share was 7.93%, which was a decrease from its proportionate share of 7.94% measured at June 30, 2019.

(This space left blank intentionally)

For the fiscal year ended September 30, 2020, the County recognized pension expense of \$726.89 million related to the Plan. In addition, the County reported, in the government-wide financial statements, deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

|  | Deferred<br>Outflow of |           |    | Deferred<br>Inflow of |
|--|------------------------|-----------|----|-----------------------|
| Description  | F                      | Resources | F  | Resources             |
| Differences between expected and   |                        |           |    |                       |
| actual experience  | \$                     | 131,543   |    |                       |
| Change of assumptions<br>Net difference between projected and actual   |                        | 622,216   |    |                       |
| earnings on FRS pension plan investments<br>Changes in proportion and differences between<br>Miami Dade County FRS contributions and |                        | 204,645   |    |                       |
| proportionate share of contributions<br>Miami Dade County contributions subsequent to  |                        | 36,137    | \$ | (3,200)               |
| measurement date   |                        | 77,749    |    |                       |
| Total  | \$                     | 1,072,290 | \$ | (3,200)               |

The deferred outflows of resources related to pensions, totaling \$77.7 million, resulting from the County's contributions to the Plan subsequent to the measurement date, but before the end of the county's reporting period will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Changes in the NPL arising from experience gains/losses, assumption changes, and differences between projected and actual earnings on investments must be recognized in expense over a period of years. Those amounts that are not recognized in expense during the current reporting period, are accounted for as deferred inflows and outflows of resources. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

|                                  | Deferred |                |  |  |
|----------------------------------|----------|----------------|--|--|
|                                  | Outfle   | ows/(Inflows), |  |  |
| Fiscal Year Ending September 30, |          | Net            |  |  |
| 2021                             | \$       | 209,993        |  |  |
| 2022                             |          | 317,501        |  |  |
| 2023                             |          | 267,379        |  |  |
| 2024                             |          | 159,988        |  |  |
| 2025                             |          | 36,480         |  |  |
|                                  | \$       | 991,341        |  |  |

### Actuarial Assumptions

Infla

The FRS pension actuarial assumptions that determined the total pension liability as of June 30, 2020, were based on the results of an actuarial experience study for the period July 1, 2013 – June 30, 2018.

| Inflation                 | 2.40%  |
|---------------------------|--|
| Salary Increases          | 3.25% average, including inflation           |
| Investment Rate of Return | 6.80% net of pension plan investment expense |
| Discount Rate             | 6.80%  |
|                           |  |

Mortality rates were based on the PUB2010 base tables (varies by member category and sex). Projected generationally with scale MP-2018 details.

### Long-Term Expected Rate of Return

The long-term expected rate of return on the Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

|                          |                         | Annual     | Compound<br>Annual |           |
|--------------------------|-------------------------|------------|--------------------|-----------|
|                          | Target                  | Arithmetic | (Geometric)        | Standard  |
| Asset Class              | Allocation <sup>1</sup> | Return     | Return             | Deviation |
| Cash                     | 1.0%                    | 2.2%       | 2.2%               | 1.2%      |
| Fixed income             | 19.0%                   | 3.0%       | 2.9%               | 3.5%      |
| Global equity            | 54.2%                   | 8.0%       | 6.7%               | 17.1%     |
| Real estate (property)   | 10.3%                   | 6.4%       | 5.8%               | 11.7%     |
| Private equity           | 11.1%                   | 10.8%      | 8.1%               | 25.7%     |
| Strategic investments    | 4.4%                    | 5.5%       | 5.3%               | 6.9%      |
|                          | 100.0%                  |            |                    |           |
| Assumed Inflation - Mean |                         |            | 2.4%               | 1.7%      |

<sup>1</sup>As outlined in the Plan's investment policy.

### Discount Rate

The discount rate used to measure the total pension liability was 6.80%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and those contributions will be made at the statutorily required rates. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the valuations of the defined benefit pension plans pursuant to Section 216.136(10), Florida Statutes. The 6.80% rate of return assumption used in the June 30, 2020 calculations was determined by the Plan's consulting actuary to be reasonable and appropriate per Actuarial Standard of Practice No. 27 (ASOP 27) for accounting purposes, which differs from the rate used for funding purposes, which is used to establish the contribution rates for the Plan.

(This space left blank intentionally)

<u>Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u> The following represents the County's proportionate share of the net pension liability calculated using the discount rate of 6.80%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.80%) or one percentage point higher (7.80%) than the current rate (in thousands):

|                                    | 1%                |           |                        | Current   |       | 1%        |

\*The Public Health Trust is a separate employer under the Florida retirement System. Its FRS Pension information is presented separately in this note.

### The Retiree Health Insurance Subsidy Program (HIS)

### Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a non-qualified, cost-sharing multipleemployer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist eligible retirees and surviving beneficiaries of the State-administered retirement systems in paying their health insurance costs, and is administered by the Division of Retirement within the Florida Department of Management Services.

#### Benefits Provided

For the fiscal year ended September 30, 2020 eligible retirees and surviving beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

## Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2020, the HIS contribution rate was 1.66%. The County contributed 100% of its statutorily required contributions for the current fiscal year. The HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or if available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The County's contributions to the HIS Plan totaled \$36.8 million for the fiscal year ended September 30, 2020.

#### <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> Resources Related to Pensions

At September 30, 2020, the County reported a net pension liability of \$771.9 million for its proportionate share of the HIS Plan's net pension liability. The Public Health Trust (PHT) is a separate employer under the Florida Retirement System, therefore, PHT's HIS information is present separately in this note. The total pension liability was determined by an actuarial valuation date as of July 1, 2020. The County's proportionate share of the net pension liability was based on the County's 2020 fiscal year contributions relative to the 2020 fiscal year contributions of all participating members. At June 30, 2020, the County's proportionate share was 6.32%, which was a decrease from its proportionate share of 6.36% measured at June 30, 2019.

For the fiscal year ended September 30, 2020, the County recognized pension expense of \$65.3 million related to the HIS Plan. In addition, the County reported, in the government-wide financial statements, deferred outflows of resources and deferred inflows of resources related to the HIS Plan from the following sources (in thousands):

|   | Deferred   |           |    | Deferred  |
|---|------------|-----------|----|-----------|
|   | Outflow of |           |    | Inflow of |
| Description                                   | F          | Resources |    | Resources |
| Differences between expected and              |            |           |    |           |
| actual experience                             | \$         | 31,574    | \$ | (595)     |
| Change of assumptions                         |            | 83,000    |    | (44,881)  |
| Net difference between projected and actual   |            |           |    |           |
| earnings on HIS pension plan investments      |            | 616       |    |           |
| Changes in proportion and differences between |            |           |    |           |
| Miami Dade County HIS contributions and       |            |           |    |           |
| proportionate share of contributions          |            | 14,588    |    | (4,659)   |
| Miami Dade County contributions subsequent to |            |           |    |           |
| measurement date                              |            | 10,021    |    |           |
| Total   | \$         | 139,799   | \$ | (50,135)  |

The deferred outflows of resources related to pensions, totaling \$10.0 million, resulting from the County's contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

-

|                                  | -  | Deferred<br>ows/(Inflows), |
|----------------------------------|----|----------------------------|
| Fiscal Year Ending September 30, |    | Net                        |
| 2021                             | \$ | 21,841                     |
| 2022                             |    | 16,771                     |
| 2023                             |    | 6,707                      |
| 2024                             |    | 11,055                     |
| 2025                             |    | 12,991                     |
| Thereafter                       |    | 10,278                     |
|                                  | \$ | 79,643                     |

#### Actuarial Assumptions

The HIS pension as of July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

The actuarial assumptions that determined total pension liability as of June 30, 2020 were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

| Inflation                 | 2.40%                              |
|---------------------------|------------------------------------|
| Salary Increases          | 3.25% average, including inflation |
| Investment Rate of Return | N/A                                |
| Discount Rate             | 2.21%                              |

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018.

# Discount Rate

The discount rate used to measure the total pension liability for the HIS Plan was 2.21%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

<u>Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u> The following represents the County's proportionate share of the net pension liability calculated using a discount rate of 2.21%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (1.21%) or one percentage point higher (3.21%) than the current rate (in thousands):

|                                    | 1%       |         |                        | Current | 1%       |         |  |
|------------------------------------|----------|---------|------------------------|---------|----------|---------|--|
|                                    | Decrease |         | Decrease Discount Rate |         | Increase |         |  |
|                                    |          | 1.21%   |                        | 2.21%   |          | 3.21%   |  |
| Miami Dade County's proportionate  |          |         |                        |         |          |         |  |
| share of the net pension liability | \$       | 892,257 | \$                     | 771,876 | \$       | 673,349 |  |

# Pension plan fiduciary net position

Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report (see above).

## Miami-Dade County Allocation

Miami-Dade County's proportionate share of the HIS Plan's net pension liability, deferred outflow of resources and deferred inflow of resources as of September 30, 2020, and pension expense / adjustment for the fiscal year ended September 30, 2020 was allocated to Miami-Dade County funds base on contributions. Amounts are as follows (in thousands):

|                           | HEALTH INSURANCE SUBSIDY (HIS) PLAN |           |    |           |          |           |         |           |
|---------------------------|-------------------------------------|-----------|----|-----------|----------|-----------|---------|-----------|
|                           |                                     |           |    | DEFERRED  | DEFERRED |           | PENSION |           |
|                           | NE                                  | T PENSION | 0  | UTFLOW OF | 1        | INFLOW OF |         | EXPENSE   |
|                           |                                     | LIABILITY | F  | RESOURCES | F        | RESOURCES | Α       | DJUSTMENT |

\*The Public Health Trust is a separate employer under the Florida retirement System. Its HIS plan information is presented separately in this note.

# FRS – Defined Contribution Investment Plan

Miami Dade County contributes to the FRS Defined Contribution Investment Plan (Investment Plan). The Investment Plan is administered by the State Board of Administration (SBA), and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Miami Dade County employees participating in the DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS Pension Plan.

Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment member's accounts, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows:

|                                | Percentage of |
|--------------------------------|---------------|
|                                | Gross         |
| Membership Class               | Compensation  |
| FRS, Regular                   | 6.30%         |
| FRS, Elected County Officers   | 11.34%        |
| FRS, Senior Management Service | 7.67%         |
| FRS, Special Risk              | 14.00%        |

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to Miami Dade County.

After terminating and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided under the Investment Plan if the member becomes permanently and totally disabled. The member must transfer the account balance to the FRS Trust Fund when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan.

The County's contributions to the FRS Investment Plan totaled \$18.7 million and the employee contributions totaled \$10.7 million for the fiscal year ended September 30, 2020.

# PUBLIC HEALTH TRUST OF MIAMI-DADE COUNTY (the Trust)

The Trust is a separate employer from the County under the Florida Retirement System. Therefore, the Trust's FRS Pension and HIS Pension information are reported separately in this report.

#### Florida Retirement System

#### Plan Description

The Florida Retirement System (FRS) Pension Plan and Other-State Administrative Systems (the Systems) are administered by the Florida Department of Management Services, Division of Retirement, and are a part of the primary government of the State of Florida. The FRS is a section 401(a), Internal Revenue Code, qualified cost-sharing, multiple-employer defined benefit plan for participating public employers and their covered employees.

The State Board of Administration of Florida (SBA) manages the assets of the Florida Retirement System (FRS). The primary investment objectives for the FRS Pension Plan are to provide investment return sufficient to ensure timely payment of promised benefits and keep plan costs at a reasonable level. The portfolio consists of a highly diversified asset mix of investments, which includes government and corporate bonds, common stock, income-producing real state, alternative investments, and short-term money market instruments.

The FRS Pension Plan was created in Chapter 12, Florida Statutes in 1970 by consolidating several employee retirement systems. All eligible employees (as defined by the State of Florida) who were hired after 1970 and those employed prior 1970 who elected to be enrolled are covered by the Plan. Employees in the Pension Plan vest at 6 years of service if enrolled in the plan prior to July 1, 2011. Enrollment after July 1, 2011 requires 8 years of service to vest. Members initially enrolled in FRS before July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, regardless of age. For employees hired prior to July 1, 2011, pension plan benefit payments are based on the member's highest five-year average annual salary (average final compensation) time the number of years of service. Enrollees after July 1, 2011 are eligible for normal retirement benefits at age 65, or any age after completing eight years of creditable service if after 65. Normal retirement benefits are based on the member's highest eight-year average annual salary. The annual final compensation (regardless of whether it is the highest five or eight years) is multiplied by a percentage ranging from 1.60% at either 62 or with 30 years of service to 1.68% at age 65 or with 33 years of service. Members are eligible for early retirement after six years of service, however, normal benefits are reduced by 5% for each year a member retires before normal retirement age. Effective January 1, 1996, the Trust ceased participants in the FRS plan with regard to future employees.

The plan provides retirement, disability, and death benefits and annual cost-of living adjustment, as well as supplements for certain employees to cover social security benefits lost by the virtue of retirement system membership.

A Deferred Retirement Option Program (DROP) was established effective July 1, 1998. It permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with a Florida Retirement System employer. An employee may participate in the DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the Florida Retirement System Trust fund and accrued interest.

Eligible FRS members may elect to participate in the FRS Investment Plan in lieu of the defined-benefit Plan. Trust employees participating in DROP are not eligible to participate in the FRS Investment Plan. This plan is funded by employer contributions that are based on salary and membership class. Contributions are directed to individual member accounts and the ultimate benefit depends in part on the performance of investment funds chosen. Employees in the FRS investment Plan vest after one year of service.

The benefit provisions and all other requirements of the Plan are established by Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefits of the Plan.

The contribution rates for the Plan are established by section 121.71 of the Florida State Statutes and may be amended by the State of Florida. The uniform rates for Plan fiscal year 2020 were as follows:

|               | Percentage of gross salary |              |  |  |  |  |
|---------------|----------------------------|--------------|--|--|--|--|
| Class or Plan | Employee                   | Employer (A) |  |  |  |  |
| FRS, Regular  | 3.00                       | 8.47         |  |  |  |  |

Notes: (A) Employer rates include 1.66% for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06% for administrative costs.

The Trust's contributions to the Plan, net of employee contributions, for the fiscal year ending September 30, 2020 was approximately \$7.19 million. Effective July 1, 2011, all members of FRS, except DROP participants and reemployed retirees who are not eligible for renewed membership, are required to contribute 3% of their compensation to FRS. Amounts collected by the Trust and remitted to the Plan, related to employee contributions are not considered employer contributions by the Plan.

Benefits are computed on the basis of age and/or years of service, average final compensation and service credit.

### <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> <u>Resources Related to Pensions</u>

Section 121.031(3), Florida Statutes, requires an annual actuarial valuation of the FRS Pension Plan, which is provided to the Florida Legislature as guidance for funding decisions.

At September 30, 2020, the Trust reported a net pension liability of \$93.72 million for its proportionate share of the FRS Pension Plan net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The Trust's proportionate share of the FRS net pension liability was based on the Trust's actual contributions to the pension plan relative to the total actual contributions of all participating employers during the fiscal year ended June 30, 2020. At June 30, 2020, the Trust's proportionate share was 0.2162% which was a decrease of 14.71% from its proportionate share of 0.2535% measured as of June 30, 2019.

For the year ended September 30, 2020, the Trust recognized pension expense of approximately \$12.52 million for the FRS Pension Plan. At September 30, 2020, the Trust reported deferred outflows of resources and deferred inflows of resources related to pensions for the FRS Pension Plan from the following sources (in thousands):

| Description                                   | Deferred<br>Outflow of<br>Resources |           |    | Deferred<br>Inflow of<br>Resources |
|---|-------------------------------------|-----------|----|------------------------------------|
| Differences between expected and              |                                     | 100001000 |    |                                    |
| actual experience                             | \$                                  | 3,587     |    |                                    |
| Change of assumptions                         |                                     | 16,967    |    |                                    |
| Net difference between projected and actual   |                                     |           |    |                                    |
| earnings on FRS pension plan investments      |                                     | 5,580     |    |                                    |
| Changes in proportion and differences between |                                     |           |    |                                    |
| Trust contributions and proportionate         |                                     |           |    |                                    |
| share of contributions                        |                                     |           | \$ | (19,863)                           |
| Trust contributions subsequent to             |                                     |           |    |                                    |
| measurement date                              |                                     | 1,984     |    |                                    |
| Total   | \$                                  | 28,118    | \$ | (19,863)                           |

The deferred outflows of resources related to pensions totaling \$1.98 million as of September 30, 2020, resulting from Trust contributions subsequent to the measurement date, but before the end of the county's reporting period will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported for the FRS Pension Plan as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

|                                  | Amount<br>recognized |          |  |
|----------------------------------|----------------------|----------|--|
| Fiscal Year Ending September 30, | (in th               | ousands) |  |
| 2021                             | \$                   | (712)    |  |
| 2022                             |                      | 3,373    |  |
| 2023                             |                      | 3,273    |  |
| 2024                             |                      | 1,267    |  |
| 2025                             |                      | (930)    |  |
|                                  | \$                   | 6,271    |  |

#### Actuarial assumptions

The total pension liability for the FRS Pension Plan was determined by an actuarial valuation date calculated on the assumptions listed below:

| Valuation Date                           | July 1, 2020         |
|--|----------------------|
| Measurement Date                         | June 30, 2020        |
| Discount Rate                            | 6.80%                |
| Long-term expected rate of return net of |                      |
| investment expense                       | 6.80%                |
| Inflation                                | 2.40%                |
| Salary increase, including inflation     | 3.25%                |
| Mortality                                | PUB2010 base table   |
|  | by category and sex, |
|  | projected            |
|  | generationally with  |
|  | Scale MP-2018        |
| Actuarial cost method                    | Individual Entry Age |
|  | Normal               |

The actuarial assumptions that determined the total pension liability of the FRS Pension Plan as of June 30, 2020, were based on the results of an actuarial experience study for the period ended July 1, 2013 through June 30, 2018

The following changes in actuarial assumptions occurred during the year ended September 30, 2020:

• The discount rate and long-term expected rate of return, net of investment expense decreased from 6.90% to 6.80%.

# Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method for which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class            | Target<br>Allocation | 2020 Annual<br>arithmetic rate<br>of return |
|------------------------|----------------------|---|
| Cash                   | 1.00%                | 2.20%                                       |
| Fixed Income           | 19.00%               | 3.00%                                       |
| Global Equity          | 54.20%               | 8.00%                                       |
| Strategic Investment   | 4.40%                | 5.50%                                       |
| Private Equity         | 11.10%               | 10.80%                                      |
| Real Estate (property) | 10.30%               | 6.40%                                       |
| Total                  | 100.00%              |   |

# Discount Rate

The discount rate used to measure the total pension liability for the FRS Pension Plan was 6.80% for fiscal years ended 2020. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

<u>Sensitivity of the Trust's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u> The following presents the Trust's proportionate share of the net pension liability of the FRS Pension Plan calculated using the discount rate of 6.80%. Also presented is what the Trust's proportionate share of the FRS Pension Plan net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.80%) or one percentage-point higher (7.80%) than the current rate (in thousands):

|  |    |          | C    | urrent    |    |          |
|--|----|----------|------|-----------|----|----------|
|  | 1% | Decrease | disc | ount rate | 1% | Increase |
| (in thousands)                         | (  | 5.80%)   | (    | 6.80%)    | (  | 7.80%)   |
| Trust's proportionate share of the FRS |    |          |      |           |    |          |
| Pension Plan net pension liability     | \$ | 149,659  | \$   | 93,723    | \$ | 47,004   |

# Pension Plan Fiduciary Net Position

Detailed information about FRS Pension Plan's fiduciary net position is available in the separately issued FRS Comprehensive Annual Financial Report. The comprehensive annual financial report of the FRS is available by mail at: State of Florida, Division of Retirement, Department of Management Services, 1317 Winewood Boulevard, Building 8, Tallahassee, Florida 32399, by telephone toll free (844) 377-1888 or (850) 907-6500; by e-mail at <a href="mailto:rep@dms.myflorida.com">rep@dms.myflorida.com</a>; or at the Division's Web site (http://www.dms.myflorida.com).

# The Retiree Health Insurance Subsidy Program (HIS)

# Plan Description

The HIS Pension is a non-qualified, cost-sharing multiple-employer defined-benefit pension plan established under Section 112.363, Florida Statutes to provide a monthly payment to assist retirees and beneficiaries of any state-administered retirement system.

#### Benefits Provided

The benefit of the HIS Pension Plan is a monthly payment to assist retirees in paying their health insurance costs. This plan is administered by the Department of Management Services, Division of Retirement. HIS benefits are not guaranteed and are subject to annual legislative appropriation.

Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service complete at the time retirement multiplied by \$5. The payments are a minimum payment of \$30 but not more than \$150 per month pursuant to Florida Statutes 112.363.

# **Contributions**

The HIS Pension Plan is funded by required contributions from FRS participating employers. The funds are deposited in a separate trust fund and consequently paid from that trust fund. Employer contributions are a percentage of gross compensation for all FRS members. For the fiscal year ended September 30, 2020, the contribution rate was 1.66% of payroll per Florida Statutes 112.363. Employees do not contribute to this plan.

The Trust's contributions to the HIS Pension Plan totaled approximately \$1.52 million for the fiscal year ended September 30, 2020.

# <u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of</u> <u>Resources Related to HIS Pensions</u>

At September 30, 2020, the Trust reported a liability of approximately \$32.14 million for its proportionate share of the HIS Pension net pension liability. The net pension liability as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of the July 1, 2020. The Trust's proportionate share of the net pension liability was based on the Trust's actual contributions to the pension plan relative to the total actual contributions of all employers during the fiscal year ended June 30, 2020. At June 30, 2020, the Trust's proportionate share was 0.2632%, which was a decrease of 17.10% from its proportionate share of 0.3175% measured as of June 30, 2019.

For the year ended September 30, 2020, the Trust recognized a reduction in pension expense of approximately \$2.268 million. At September 30, 2020, the Trust reported deferred outflows of resources and deferred inflows of resources related to pensions for the HIS Pension Plan from the following sources (in thousands):

| Description                                   | Deferred<br>Outflow of<br>Resources |       |    | Deferred<br>Inflow of<br>Resources |  |  |
|---|-------------------------------------|-------|----|------------------------------------|--|--|
| Differences between expected and              |                                     |       |    |                                    |  |  |
| actual experience                             | \$                                  | 1,315 | \$ | (25)                               |  |  |
| Change of assumptions                         |                                     | 3,455 |    | (1,869)                            |  |  |
| Net difference between projected and actual   |                                     |       |    |                                    |  |  |
| earnings on pension plan investments          |                                     | 26    |    |                                    |  |  |
| Changes in proportion and differences between |                                     |       |    |                                    |  |  |
| Trust contributions and proportionate         |                                     |       |    |                                    |  |  |
| share of contributions                        |                                     |       |    | (16,032)                           |  |  |
| Trust contributions subsequent to             |                                     |       |    |                                    |  |  |
| measurement date                              |                                     | 339   |    |                                    |  |  |
| Total   | \$                                  | 5,135 | \$ | (17,926)                           |  |  |

The deferred outflows of resources related to pensions totaling \$0.339 million as of September 30, 2020, resulting from Trust contributions subsequent to the measurement date, but before the end of the county's reporting period will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported for the HIS Pension Plan as deferred outflows or inflows of resources related to pensions will be recognized in pension expenses as follows:

|                                  | Deferred          |          |  |
|----------------------------------|-------------------|----------|--|
|                                  | Outflows/(Inflows |          |  |
| Fiscal Year Ending September 30, |                   | Net      |  |
| 2021                             | \$                | (3,521)  |  |
| 2022                             |                   | (3,008)  |  |
| 2023                             |                   | (2,862)  |  |
| 2024                             |                   | (1,871)  |  |
| 2025                             |                   | (1,188)  |  |
| Thereafter                       |                   | (680)    |  |
|                                  | \$                | (13,130) |  |

## Actuarial Assumptions

The total pension liability for the HIS Pension Plan was determined by an actuarial valuation as of the valuation date calculated on the assumption listed below:

| Valuation Date                           | July 1, 2020         |
|--|----------------------|
| Measurement Date                         | June 30, 2020        |
| Discount Rate                            | 2.21%                |
| Long-term expected rate of return net of |                      |
| investment expense                       | N/A                  |
| Bond Buyer General Obligation 20-Bond    |                      |
| Municipal Bond Index                     | 2.21%                |
| Inflation                                | 2.40%                |
| Salary increase, including inflation     | 3.25%                |
| Mortality                                | Generational PUB-    |
|  | 2010 with Projection |
|  | Scale MP-2018        |
| Actuarial cost method                    | Individual Entry Age |
|  | Normal               |

HIS has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. Because HIS is funded on a pay-as-you-go basis, no experience study has been completed for this plan. The actuarial assumptions that determined the total pension liability for HIS were based on certain results for the most recent experience study of FRS for the period July 1, 2013 through June 30, 2018.

## Discount Rate

Because the HIS Pension Plan uses a pay as-you-go funding structure, a municipal bond rate of 2.21% in 2020 was used to determine the total pension liability for the program.

<u>Sensitivity of the Trust's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u> The following represents the Trust's proportionate share of the net pension liability of the HIS Pension Plan calculated using the discount rate of 2.21%. Also presented is what the Trust's proportionate share of the HIS Pension Plan net pension liability would be if it were calculated using a discount rate that is 1percentage-point lower (1.21%) or 1-percentage-point higher (3.21%) that the current rate (in thousands):

|  |                        | C  | urrent              |                         |
|--|------------------------|----|---------------------|-------------------------|
|  | <br>Decrease<br>1.21%) |    | ount rate<br>2.21%) | <br>Increase<br>(3.21%) |
| Trust's proportionate share of the FRS<br>Pension Plan net pension liability | \$<br>37,150           | \$ | 32,138              | \$<br>28,036            |

## Pension Plan Fiduciary Net Pension

Detailed information about HIS Pension Plan's fiduciary net position is available in the separately issued FRS Comprehensive Annual Financial Report. The comprehensive annual financial report of the FRS is available by mail at: State of Florida, Division of Retirement, Department of Management Services, 1317 Winewood Boulevard, building 8, Tallahassee, Florida 32399, by telephone toll free (844) 377-1888 or (850) 907-6500; by e-mail at <a href="mailto:rep@dms.myflorida.com">rep@dms.myflorida.com</a>; or at the Division's Web site (<a href="http://www.dms.myflorida.com">http://www.dms.myflorida.com</a>).

## Public Health Trust of Miami-Dade County, Florida, Defined Benefit Retirement Plan

The Public Health Trust of Miami Dade County, Florida Defined-Benefit Retirement Plan (the Plan) is a Single employer defined benefit pension plan that was created in 1996. The Plan has a calendar year-end of December 31 and does not issue stand-alone financial statements. Section 112 of the Florida State Statues grants the Trust the authority to establish and amend the benefit terms of the Plan. The Plan is administered by a Pension Plan Committee made of seven members which consists of three members of the Trust Board of Trustees, a union representative, a member at large, the Trust President and Chief Executive Officer, and the Trust Executive Vice President and Chief Financial Officer.

## Defined-Benefit Retirement Plans

The Trust follows GASB Statement No. 67, *Financial Reporting for Pension Plans*, which specifies the required approach to measuring the pension liability of employers and non-employer contributing entities for benefits provided through the pension plan. GASB Statement No. 67 requires plans to calculate a net pension asset (liability) to be measured as the total pension liability less the amount of the pension plan's fiduciary net position.

## <u>GASB Statement No. 68, Accounting and Financial Reporting for Pensions – An Amendment of GASB</u> <u>Statement No. 27</u>

Requires employers and non-employer contributing entities to report their net pension liability on their financial statements. While GASB Statement No. 68 changed the amount of the net pension liability (asset) that is reported on the financial statements, governments may continue to fund their plans by calculating an actuarially determined contribution and measuring their funded status as it relates to that actuarially determined contribution.

In order to provide the necessary disclosures that are required under the various GASB Statements, the disclosures below are separated into five sections. The first section, General Information about the Defined-Benefit Retirement Plan, offers disclosures about the plan itself – descriptions of the plan and who is covered; an analysis of the membership of the plan as of the end of the fiscal year; and a discussion of benefits provided, and the financial statements. The second section, Deposits and Investments, reports the contents of the investments of the Plan assets, and related economic or market risks. The third section, Fair Value Measurement, required by GASB Statement No. 72, *Fair Value Measurement and Application*, reports investments at fair value and categorizes fair value measurements within the hierarchy established by generally accepted accounting principles. The fourth section, Net Pension Asset (Liability) and Disclosures required by GASB Statement No. 67, provides the information that is required by GASB

Statement No. 67 – the calculation of the net pension asset (liability); the actuarial assumptions and census data that were used in calculating that net pension asset (liability); the discount rate that was used in the calculations; and the sensitivity of the net pension asset (liability) to changes in the discount rate. The fifth section, Pension Expenses and Deferred outflows/Inflows of Resources, required by GASB Statement No. 68, provides information about the pension expense calculation, deferred outflows and inflows balances, and current and future years' amortization of the inflows and outflows balances.

# (i) General Information about the Defined Benefit Retirement Plan Eligibility

#### Eligibility

All PHT employees working in a full-time or part-time regularly established position who were hired after January 1, 1996 are covered by the PHT Plan.

## Contributions

The Trust intends to make contributions to fund the PHT Plan at such times and in such amounts as certified by an independent actuary as being no less than amounts required to be contributed under Section 112, Florida Statutes; any actuarial gain arising under the Plan shall be used to reduce future Trust contributions to the PHT Plan and shall not be applied to increase retirement benefits to participants. Effective April 1, 2012, all plan members were required to make a 3% pretax employee contribution.

#### Benefits

Benefits under the Plan vest after six years of service. The normal retirement age for employees hired before April 1, 2012 is age 62 with six years of credited service or completion of 30 years of continuous service. The normal retirement age for employees hired after March 31, 2012 is age 65 with six year of credited service or completion of 30 years of continuous service. All employees are entitled to either an annual retirement benefit payable monthly for life or one lump-sum payment. The lump-sum payment option became effective for plan members as of October 1, 2013. The Plan also provides for early retirement at reduced benefits and death and disability benefits.

## Deferred Retirement Option Program (DROP)

Any employee who has attained normal Retirement Age by January 1, 2020 or attains Normal Retirement Age between 2020 and December 2024 has the option to participate in the DROP. Employees who elect to participate in the DROP must: 1) Declare a date, which is within the three-year period beginning with the Member's Normal Retirement Age to participate in DROP ("DROP Date), that they will terminate employment (the time from the Member's DROP Date and the Member's termination of employment is the "DROP Period"), 2) Agree that their Plan benefit will be frozen as of the DROP Date and that no additional benefits will accrue beyond the DROP Date, 3) Agree that their contributions to the Plan shall continue through the DROP Period, and 4) Provide information to the Plan that may be necessary to determine the amount of annuity payments that would be paid to the DROP Member if the Plan were to pay the DROP Member a single life annuity, based on the DROP Member's Accrued Benefit, at the DROP Member's DROP Date.

At the end of the DROP Member's DROP Period, the DROP Member shall terminate employment and have the opportunity to elect a form of payment for the frozen Plan benefit as described in the Retirement section above. In addition, the DROP Member will be eligible to receive a one-time, lump sum payment that is the sum of: 1. The monthly single life annuity amounts, as if said amounts had accumulated without interest throughout the DROP Period; and 2. The DROP Member's contributions that were contributed during the DROP Period.

#### Payment of Expenses

Expenses associated with administering the Plan will be paid out of the Plan's assets unless, at the discretion of the Trust, will be paid by the Trust.

## Plan Termination

The Board of Trustees of the Plan has the right to terminate this Plan at any time. In the event of such termination, all affected participants shall be 100% vested.

#### <u>Membership</u>

Membership of the PHT Plan consisted of the following at January 1, 2020, the date of the latest actuarial valuation:

#### Membership

| Retirees and beneficiaries currently receiving benefits            | 962    |
|--|--------|
| Terminated plan members entitled to but not yet receiving benefits | 1,056  |
| Active plan members  | 9,511  |
|  | 11,529 |
|  |        |
| Number of participating employers                                  | 1      |

## (ii) Deposits and Investments

The PHT Plan's investment authority is derived from the authorization of the Board and is in accordance with the Florida Statute 215.47 and the Employment Retirement Income Security Act of 1974 (ERISA), as amended.

The following is a summary of the fair value of assets held in the pension trust fund at September 30, 2020: (in thousands)

| Cash and short-term investments          | \$<br>5,451   |

| Net position held in trust for employees | \$<br>877,208 |

# Credit Risk

The Plan's investment policy (the Investment Policy) is designed to minimize credit risk by restricting authorized investments to only those investments permitted by the Statute, subject to certain additional limitations. These additional limitations consist of prohibitions against investments in derivative securities, options, futures, or short positions; however, the Investment Policy allows for investments in mortgage pass-through securities. Generally, the Statute permits investments in the Florida State Board of Administration Pooled Investment account (the SBA Pool), U.S. government and agency securities, common and preferred stock of domestic and foreign corporations, repurchase agreements, commercial paper and other corporate obligations, bankers' acceptances, state or local government taxable or tax-exempt debt, real estate and real estate securities, venture capital, private equity, hedge equity, multimanager/multistrategy funds, and money market funds. With the exception of obligations directly issued or guaranteed by the U.S. government, investments in the SBA Pool, and certain state or local government, debt instruments, the Statute provides limits as to the maximum portion of the Plan's portfolio that can be invested in any one investment category or issuer.

| Investment Type                               | Fair<br>Value  | Credit<br>Rating * |

\$ 877,208

# Custodial Credit Risk

GASB Statement No. 40, Deposit and Investment Risk Disclosures, requires governments to disclose deposits and investments exposed to custodial credit risk. The custodial credit risk for investments is the risk that, in the event of the failure of the counter-party to a transaction, a government may not be able to recover the value of investment or collateral securities that are in the possession of an outside party. As of September 30, 2020, the PHT Plan's investment portfolio was held with a single third-party custodian.

#### Concentration of Credit Risk

The Investment Policy establishes limitations on portfolio composition by investment type and by issuer to limit its exposure to concentration of credit risk. The Investment Policy in place at September 30, 2020 was:

|                   | Policy | Allowable |
|-------------------|--------|-----------|
|                   | Target | Range     |
| Equity Securities | 60%    | +/-12%    |
| Fixed Income      | 30%    | +/- 9%    |
| Real Estate       | 10%    | +/- 2%    |

At September 30, 2020 the composition of the PHT Plan's investments by investment type as a percentage of total investment was as follows:

|  | Percentage of<br>Portfolio |
|--|----------------------------|
| Domestic Investments:                  |                            |
| Mutual Funds                           | 4.5%                       |
| Equities                               | 60.7%                      |
| Commingled Funds - Equity              | 5.9%                       |
| Commingled Funds - Fixed Income        | 7.1%                       |
| Corporate Debt Securities              | 5.4%                       |
| U.S. Government and agency obligations | 1.6%                       |
| Real Estate                            | 8.4%                       |
| International Investments:             |                            |
| Mutual Funds                           | 4.1%                       |
| Equities                               | 0.9%                       |
| Corporate Debt Securities              | 0.8%                       |
| Other:                                 |                            |
| Cash and Short-term investments        | 0.6%                       |

There were no individual investments in excess of 5%.

#### Interest Rate Risk

The Plan manages its exposure to rising interest rate risk in fair value by forecasting cash outflows and inflows. To the extent possible, an attempt will be made to match investment maturities with known cash needs and anticipated cash flow requirements.

As of September 30, 2020 the PHT Plan had the following investments with the respective weighted average maturity in years:

|   | Weighted<br>Average<br>Maturity |
|---|---------------------------------|
| Domestic Investments:                   |                                 |
| Corporate debt securities:              |                                 |
| Corporate bonds                         | 8.99                            |
| U.S. government and agency obligations: |                                 |
| Federal National Mortgage Association   | 24.82                           |
| Federal Home Loan Mortgage Corporation  | 19.06                           |
| U.S. treasury bills                     | 6.36                            |
| U.S. treasury notes                     | 1.37                            |
| International Investments:              |                                 |
| Corporate debt securities               | 3.73                            |

# Foreign Currency Risk

GASB Statement No. 40 requires governments to disclose deposits or investments exposed to foreign currency risk, the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit.

# MIAMI-DADE COUNTY, FLORIDA

The PHT Plan's exposure to foreign currency risk at September 30, 2020 is as follows (in U.S. dollars): (in thousands)

|  | Currency           | Fai | r Value |
|--|--------------------|-----|---------|
| International equities                   |                    |     |         |
| Common Stock                             | Argentine peso     | \$  | 592     |
| Common Stock                             | Israeli new shekel |     | 791     |
| Common Stock                             | Australian dollar  |     | 1,059   |
| Common Stock                             | Singapore dollar   |     | 5,041   |

| pension benefits, at end of year           | \$       | 877,208 |

#### (iii) Fair Value Hierarchy

The PHT Plan categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the inputs used in valuation and gives the highest priority to unadjusted quoted prices in active markets and requires that observable inputs be used in the valuations when available. The disclosure of fair value estimates in the hierarchy is based on whether the significant inputs into the valuations are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest level, Level 1, is given to unadjusted quoted prices in active markets and the lowest level, Level 3, to unobservable inputs.

Assets are measured based upon the market approach valuation technique, whereby prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities is used:

Level 1 – Valuations based on unadjusted quoted prices for identical instruments in active markets that the Trust has the ability to access.

Level 2 – Valuations based on quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are observable.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each investment. The tables below show the fair value leveling of the Trust's pension trust fund investments as of September 30, 2020. The Trust's pension trust fund investments measured at net asset value (NAV) include commingled funds – fixed income, commingled funds – equity, and real estate.

Commingled funds – fixed income. The Trust makes investments in fixed income securities that include, among other things, U.S. Treasuries, Corporate Bonds, Asset Backed Securities, Mortgage Backed Securities, high yield securities, bank loans, non-U.S. investments, etc. The Trust owns shares in commingles fund vehicles that purchase and sell the fixed income instruments. The commingled funds may be passive (tracking an index) or actively managed by a fixed income manager. The commingled funds often offer daily or monthly liquidity for the Trust.

Commingled funds – equities. The Trust makes investments in public equity securities that include, U.S. stocks and non-U.S. stocks. The Trust owns shares in commingled fund vehicles that purchase and sell the equities. The commingled funds may be passive (tracking an index) or actively managed by an equity manager. The commingled funds often offer daily or monthly liquidity to the Trust.

Real Estate. The Trust's investments in real estate are executed through limited partnerships or commingled funds. The Trust owns shares in the limited partnerships/commingled funds. The Trust's investments are valued at NAV per share. The limited partnerships/commingled funds purchase and operate hundreds of properties across the United States focused on high quality income generating assets including multifamily, industrial, retail and office. The limited partnerships/commingled funds typically have quarterly liquidity.

The schedule below discloses the following fair value measurements for the Trust's pension trust fund investments as of September 30, 2020 (in thousands):

| Investments by fair value level                                | <u>To</u> | tal Value | i<br>ma<br>iden | oted prices<br>n active<br>arkets for<br>tical assets<br>Level 1 | ob | gnificant<br>other<br>servable<br>nputs<br>.evel 2 |

| Investments measured at the Net Asset Value (NAV)              |           |           |                 |  |    |  |
| Commingled Funds - Equity                                      |           | 51,888    |                 |  |    |  |
| Commingled Funds - Fixed Income                                |           | 62,297    |                 |  |    |  |
| Real Estate  |           | 73,417    |                 |  |    |  |
| Total investments measured at the NAV                          |           | 187,602   |                 |  |    |  |
| Total  | \$        | 871,757   |                 |  |    |  |

Additional information for investments measured at the net asset value (NAV) per share (or its equivalent) as of September 30, 2020, is presented in the table below (in thousands):

|  | air value<br>otember 30,<br>2020 | Redemption<br>frequency<br>(If currently eligible) |
|--|----------------------------------|--|
| Investments measured at the net asset value (NAV): |                                  |  |
| Commingled Funds- Equity                           | \$<br>51,888                     | Monthly  |
| Commingled Funds - Fixed Income                    | 62,297                           | Quarterly  |
| Real Estate  | <br>73,417                       | Monthly, Biannually                                |

# (iv) Net Pension Asset (Liability)

The Trust recorded the net pension liability as a long-term liability on the statements of net position. The components of the net pension liability at September 30, 2020 are as follow:

| Total pension liability                     | \$<br>956,631 |
|---|---------------|
| Less:                                       |               |
| Plan fiduciary net position                 | <br>(877,208) |
| Net pension liability                       | \$<br>79,423  |
| Plan fiduciary net position as a percentage |               |
| of total penstion liability                 | 91.7%         |

Additional information regarding changes in the net pension liability for the year ended September 30, 2020 can be found in the Required Supplementary Information section of these financial statements.

#### Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of January 1, 2020 using the following actuarial assumptions:

| Valuation Date             | January 1, 2020                |
|----------------------------|--------------------------------|
| Measurement Date           | September 30, 2020             |
| Actuarial cost method      | Entry Age Normal, Level        |
|                            | Percent of Pay                 |
| Inflation assumptions      | 2.5%                           |
| Investment rate of return  | 7.4%                           |
| Projected salary increases | 4.0% per year for employees    |
|                            | with less than 10 years and    |
|                            | 3.0% for employees with more   |
|                            | than 10 years                  |
| Assumed annual rate of     | 3.0% for benefits earned prior |
| cost-of-living increases   | to April 1, 2012               |

The mortality table was updated from the RP 2000 mortality table, sex-distinct, with a 25-year projection using Scale BB to the RP 2000 Generational tables with 50% white collar and 50% blue collar for annuitants (male) and 100% white collar for annuitants (female), and applying scale BB mortality improvements from 2000 on a generational basis for healthy lives.

The actuarial assumptions used in the January 1, 2020 valuations were based on the results of an actuarial experience study for the period from January 1, 2017 through December 31, 2019. Actuarial valuations attempt to estimate costs associated with the plan based on a number of demographic, economic, and retirement experience assumptions. To the extent assumptions are at variance to experience, this can result in actuarial gains and losses ultimately impacting contribution rates and the development of the actuarially required contribution. Experience studies are performed every three years to review actual experience in comparison to these assumptions and to provide recommended changes to assumptions.

The long-term expected rate of return on pension plan investments was determined using best-estimate ranges of expected future nominal rates of return (expected returns, net of investment expense, and inflation) developed for each major asset class using an econometric model that forecasts a variety of economic environments and then calculates asset class returns based on functional relationships between the economic variables and the asset classes. These best estimate ranges were combined to produce forecasts of the short-, intermediate-, and longer-term horizons by weighting the expected future nominal rates of return by the target asset allocation percentage. The various time horizons in the forecast are intended to capture more recent economic and capital market conditions as well as other plausible environments that could develop in the future over economic cycles. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of September 30, 2020 are summarized in the following table:

| Asset Class    | Target asset allocation | expected real |
|----------------|-------------------------|---------------|
| Equity         | 60.00%                  | 5.20%         |
| Fixed Income   | 30.00%                  | 0.90%         |
| Alternatives   | 10.00%                  | 4.90%         |
| Inflation rate |                         | 2.60%         |

#### Total Pension Liability

The change in the Trust pension liability at September 30, 2020 is as follows (in thousands):

| Service Cost  | \$<br>37,175  |
|---|---------------|
| Interest Cost   | 67,772        |
| Differences between expected and actual experience          | 17,952        |
| Changes in assumptions                                      | (11,368)      |
| Benefit payments, including refunds of member contributions | <br>(61,286)  |
| Total change in pension liability                           | <br>50,245    |
| Total pension liability, beginning of year                  | <br>906,386   |
| Total pension liability, end of year                        | \$<br>956,631 |
| Plan fiduciary net position:                                |               |
| Contributions - employer                                    | \$<br>27,400  |
| Contributions - member                                      | 22,115        |
| Net investment income                                       | 75,817        |
| Benefit payments, including refunds of member contributions | (61,286)      |
| Administrative expense                                      | <br>(1,798)   |
| Net change in plan fiduciary net position                   | 62,248        |
| Plan fiduciary net position, beginning of year              | <br>814,960   |
| Plan fiduciary net position, end of year                    | \$<br>877,208 |
| Net pension liability, end of year                          | \$<br>79,423  |

## Discount Rate

The discount rate used to measure the net pension liability was 7.4% at September 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions will continue to be made in accordance with the current funding policy. Based on these assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments to current Plan members. Therefore, a blended rate incorporating a municipal bond rate is not needed.

The annual money-weighted rate of return on pension plan investments calculated as the internal rate of return on pension plan investments, net of pension plan investment expenses for the year ended September 30, 2020 was 9.4%. A money-weighted rate of return expresses investment performance, net of pension plan investment expense, adjusted for the changing amounts actually invested.

The discount rate was chosen based on market information on the measurement date. The discount rate reflects the estimate of future experience for trust asset returns, reflecting the plan's current asset allocation and any expected changes during the current plan year, current market conditions and the plan sponsor's expectations for future market conditions. Use of this assumption implies that the sponsor continues to make contributions in the future consistent with the actuarial cost method selected as the basis of its funding policy.

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rates determined above, as well as what the PHT Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate (in thousands):

|                                    |    | 1%               | C                      | Current  |    | 1%             |  |
|------------------------------------|----|------------------|------------------------|----------|----|----------------|--|
|                                    | 0  | ecrease<br>6.40% | Discount Rate<br>7.40% |          |    | crease<br>.40% |  |
| PHT Plan's proportionate           |    |                  |                        |          |    | <u>,</u>       |  |
| share of the net pension liability | \$ | (186,929)        | \$                     | (79,423) | \$ | 3,385          |  |

#### Funding Policy

The Trust's funding policy provides for actuarially determined rates deemed sufficient to pay benefits as due; the rate was 6.72% at January 1, 2020, of covered payroll. Effective April 1, 2012, employees were required to contribute 3% of the required contribution, thus the employer contribution rate was 3.72% for the year ended September 30, 2020. The assumptions used to compute the contribution requirements are the same as those used to compute pension benefits earned. The Trust has traditionally contributed the annual required contribution.

## (v) Pension Expense and Deferred Outflows (Inflows) of Resources

In accordance with GASB Statement No. 68, changes in the net pension liability are recognized in pension expense in the current measurement period, with some exceptions. For each of the following, a portion is recognized in pension expense in the current measurement period, for which the Trust decided to use a measurement date of September 30, 2020, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors and changes in assumptions and other inputs – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees).
- Differences between expected and actual earnings on pension plan investments amortized over five years.

#### Pension Expense (in thousands):

| Service cost                          | \$<br>37,175 |
|---------------------------------------|--------------|
| Interest cost                         | 67,772       |
| Administrative expenses               |              |
| Expected return on assets             | (60,055)     |
| Recognition of deferred amounts       | 3,980        |
| Changes in benefit items <sup>1</sup> |              |
| Pension expense                       | \$<br>48,872 |

<sup>1</sup> A one-time recognition of early retirement acceptance (ERA) program lump-sum incentive payment.

Contributions to the pension plan from employees are not included in collective pension expense.

# Deferred Inflows/Outflows of Resources

A summary of changes in deferred outflows and deferred inflows of resources during fiscal year 2020 is as follows (in thousands):

|  | Year of deferral | Amortization period | Balance<br>October 1,<br>2019 |         | Change |          | Balance<br>tember 30,<br>2020 |
|--|------------------|---------------------|-------------------------------|---------|--------|----------|-------------------------------|
| Deferred outflows (inflows) of<br>resources: |                  |                     |                               |         |        |          |                               |
| Assumption changes                           | 2016             | 9.564 years         | \$                            | (1,435) | \$     | 258      | \$<br>(1,177)                 |
|  | 2017             | 10.993 years        |                               | (2,234) |        | 280      | (1,954)                       |

# **Postemployment Benefits Other Than Pensions**

**Plan Description**. GASB Statement No. 75, Accounting and Financial for Postemployment Benefits Other than Pensions requires net or total OPEB liability to be recorded in the statement of net position, additional note disclosures, and required supplementary information (RSI). The County administers a single-employer defined benefit healthcare plan ("the Plan") that provides postretirement medical, hospital, pharmacy and dental coverage to retirees as well as their eligible spouses and dependents. Benefits are provided through the County's group health insurance plan, which covers both active and retired members. Benefits are established and may be amended by the Miami-Dade County Board of County Commissioners ("the BCC"), whose powers derive from F.S. 125.01(3)(a). The Plan does not issue a publicly available financial report.

Participation in the Health Plan consisted of the following at September 30, 2020:

|   | TOTAL  |
|---|--------|
| Inactive employees currently receiving benefit payments | 3,759  |
| Active employees  | 36,026 |
| Total   | 39,785 |

There are no inactive employees entitled to but not yet receiving benefit payments since eligible employees who elect not to participate in the plan at any time, lose the right to join the plan at a later date.

*Eligibility:* To be eligible to receive retiree medical and dental benefits, participants must be eligible for retirement benefits under the Florida Retirement System (FRS) or the Public Health Trust of Miami-Dade County, Florida, Defined Benefit Retirement Plan and pay required contributions.

- Regular Class Employees (all employees not identified as members of the Special Risk Class) hired prior to July 1, 2011 are eligible for postemployment benefits at age 62 with six years of service, or with 30 years of service at any age. Eligibility for reduced retirement is six years of service at any age. Those hired on or after July 1, 2011 are eligible at age 65 with eight years of service, or 33 years of service at any age.
- Special Risk Employees (Police Officers, Firefighters and Corrections Officers) hired prior to July 1, 2011 are eligible for postemployment benefits at age 55 with six years of service, or with 25 years of service at any age. Eligibility for reduced retirement is six years of service at any age. Those hired on or after July 1, 2011 are eligible at age 60 with eight years of service, or 30 years of service at any age.

**Benefits:** Eligible pre-Medicare retirees receive health care coverage through one of four self-funded medical plans;

- AvMed POS
- AvMed HMO High
- AvMed HMO Select
- Jackson First HMO

Retirees may continue coverage beyond Medicare eligibility by enrolling in one of the County-sponsored, self-insured Medicare Supplemental plans provided by AvMed. The County only contributes to post-65 retirees electing one of these plans;

- AvMed Medicare Supplement Low Option with Rx
- AvMed Medicare Supplement High Option with Rx
- AvMed Medicare Supplement High Option without Rx

# **MIAMI-DADE COUNTY, FLORIDA**

**Funding Policy.** The County contributes to both the pre-65 and post-65 retiree medical coverage. Medical contributions vary based on plan and tier. Retirees pay the full cost of dental coverage. The postretirement medical is currently funded on a pay-as-you go basis (i.e., Miami-Dade County funds on a cash basis as benefits are paid). The County's contribution is the actual pay-as-you-go postemployment benefit payments less participant contributions for the period October 1, 2019 to September 30, 2020. No assets have been segregated and restricted to provide postretirement benefits.

Contributions are required for both retiree and dependent coverage. Retirees contribute a portion of the full active premium equivalent rates for health coverage. The full monthly premiums, retiree contribution amounts and the County subsidies effective January 1, 2020 through December 31, 2020 are provided in the tables below. The County subsidy is assumed to remain flat.

| PRE-MEDICARE PREMIUM EQUIVALENT RATES |                  |                |        |         |              |            |  |

<u>Total OPEB Liability</u> The County's total OPEB liability of \$692.3 million was measured as of September 30, 2020 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the September 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

| MDC   |  |
|---|--|
| Valuation date  | September 30, 2020   |
| Measurement date  | September 30, 2020   |
| Discount Rate   | 2.21%  |
| Salary Increase Rate  | 3.0% per annum   |
| Actuarial Cost Method   | Entry Age Normal based on level percentage of projected salary.<br><i>Experience/Assumptions</i> gains and losses are amortized over a close period of 11.7 years starting |
| Amortization Method   | October 1, 2019, equal to the average remaining<br>service of active and inactive plan members (who<br>have no future service).  |
| Healthcare Cost Trend Rates   | Medical/Rx Select 6.0=% and Ultimate 4.5%  |
| Retirees' share of benefit-related costs                                | 29.9%  |
| Mortality Rates   | MP-2018 to Pub-2010 mortality table with generational scale MP-2019 to reflect the Society of Actuaries' recent mortality study.   |
| <u>PHT</u>  |  |
| Valuation date  | September 30, 2020   |
| Measurement date  | September 30, 2020   |
| Discount Rate   | 2.2%   |
| Salary Increase Rate  | 3.5% per annum   |
| Inflation Rate  | 3.0% per annum   |
| Actuarial Cost Method   | Entry Age Normal based on level percentage of  |
|   | projected salary.<br>Experience/Assumptions gains and losses are<br>amortized over a closed period of 17.0 years starting  |
| Amortization Method   | the current fiscal year, equal to the average<br>remaining service of active and inactive plan<br>members (who have no future<br>service).                                 |
| Healthcare Cost Trend Rates<br>Retirees' share of benefit-related costs | Medical/Rx Select 6.0% and Ultimate 4.5% 28.9%   |
| Mortality Rates   | Pub-2010 mortality table with generational scale MP-<br>2019   |

The discount rate was based on the Bond Buyer 20-Bond GO index.

## MIAMI-DADE COUNTY, FLORIDA

The actuarial assumptions used in the September 30, 2020 valuation were based on the Florida Retirement System's valuation assumptions and Miami Dade County's claims experience for the period of October 1, 2019 to September 30, 2020.

# Changes in Total OPEB Liability

Changes in the County's total OPEB liability for the fiscal year ended September 30, 2020 are as follows (in thousands):

|   | <br>TOTAL     |
|---|---------------|
| Balance at September 30 <sup>th</sup> , 2019      | \$<br>630,202 |
| Changes for the Year:                             |               |
| Service Cost                                      | 14,616        |
| Interest Cost                                     | 16,768        |
| Change in Assumptions or Other Inputs             | 132,014       |
| Difference Between Expected and Actual Experience | (38,862)      |
| Changes of Benefit Terms                          | (33,478)      |
| Benefits Payments                                 | (28,970)      |
| Balance at September 30 <sup>th</sup> , 2020      | \$<br>692,290 |

The increase in the total OPEB liability is mostly due to changes in actuarial assumptions and a reduction in the discount rate.

# Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following represents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate (in thousands):

|                      | 1% Decrease<br>(1.21%) |         | Curr | ent Discount Rate | 1% Increase |         |  |  |
|----------------------|------------------------|---------|------|-------------------|-------------|---------|--|--|
|                      |                        |         |      | (2.21%)           | (3.21%)     |         |  |  |
| Total OPEB Liability | \$                     | 758,845 | \$   | 692,290           | \$          | 633,339 |  |  |

## Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend

The following represents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare a cost trend rates that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates (in thousands):

|                      | 1% | 1% Decrease |    | Current Trend | 1% Increase |         |  |
|----------------------|----|-------------|----|---------------|-------------|---------|--|
| Total OPEB Liability | \$ | 632,847     | \$ | 692,290       | \$          | 763,168 |  |

# OPEB Expense, Deferred Outflows and Deferred Inflows of Resources

For the year ended September 30, 2020, the County recognized OPEB expense of \$10.4 million. At September 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

| Deferred Outflows |         |                     | red Inflows of  |
|-------------------|---------|---------------------|---|
| of Resources      |         |                     | esources  |
| \$                | 4,081   | \$                  | (35,832)  |
|                   | 190,782 |                     | (26,976)  |
| \$                | 194,863 | \$                  | (62,808)  |
|                   |         | \$ 4,081<br>190,782 | of Resources         R           \$         4,081         \$           190,782         \$ |

Amounts reported as deferred outflows and deferred inflows of Resources related to OPEB will be recognized in OPEB Expense as follows (in thousands):

| Fiscal Year ended September 30 | A  | mount   |
|--------------------------------|----|---------|
| 2021                           | \$ | 12,466  |
| 2022                           |    | 12,466  |
| 2023                           |    | 12,466  |
| 2024                           |    | 12,466  |
| 2025                           |    | 12,466  |
| Thereafter                     |    | 69,725  |
|                                |    |         |
|                                | \$ | 132,055 |

## Miami-Dade County Allocation

Miami-Dade County's total OPEB liability, deferred outflows, deferred inflows, and OPEB expense were allocated to Miami-Dade County Funds based on the census data. Amounts are as follows (in thousands):

|                            | Total OPEB<br>Liability |           | Deferred<br>Outflows |         | Deferred<br>Inflows |          | OPEB<br>Expense |
|----------------------------|-------------------------|-----------|----------------------|---------|---------------------|----------|-----------------|
| General Government         | \$                      | (427,576) | \$                   | 116,444 | \$                  | (30,451) | \$<br>24,599    |
| PHCD                       |                         | (7,538)   |                      | 2,053   |                     | (537)    | 407             |
| Solid Waste Department     |                         | (29,265)  |                      | 7,970   |                     | (2,084)  | 1,571           |
| Aviation Department        |                         | (31,596)  |                      | 8,605   |                     | (2,250)  | 1,734           |
| Seaport Department         |                         | (8,199)   |                      | 2,233   |                     | (584)    | 471             |
| Transit Department         |                         | (78,167)  |                      | 21,288  |                     | (5,567)  | 4,312           |
| Water and Sewer Department |                         | (58,434)  |                      | 15,914  |                     | (4,162)  | 3,235           |
| Rickenbacker Causeway      |                         | (362)     |                      | 99      |                     | (26)     | 24              |
| Public Health Trust        |                         | (51,153)  |                      | 20,257  |                     | (17,147) | (25,982)        |

# Note 10 - Contingencies and Commitments

# **Enterprise Funds Construction Contracts and Commitments**

As of September 30, 2020, the County's enterprise funds had contracts and commitments as follows:

- Aviation Department, \$194.36 million
- Water and Sewer Department, \$694.7 million
- Transit Department, \$174.8 million
- Seaport Department, \$224.5 million
- Solid Waste Department, \$3.7 million

In addition, the Public Health Trust (the Trust) has several construction projects currently in progress at September 30, 2020. The estimated total cost to date and cost to complete such projects is approximately \$351.59 million and \$284.97 million, respectively.

## Governmental Funds – Encumbrances

The County has established a procedure for encumbering appropriations for purchase orders, contracts, and other commitments authorizing delivery of merchandise or rendering services. An encumbrance system reduces the possibility of commitments being made in excess of budgeted appropriations due to the lag of time between issuance of purchase orders, contracts, or other obligations, and the actual provision of services or goods and subsequent receipts of invoices and billings from the vendors and contractors. Depending on the source(s) of funding, encumbrances are reported as part of restricted or assigned fund balance on the governmental funds balance sheet. In accordance with GASB Statement No. 54, *"Fund Balance Reporting and Governmental Fund Type Definitions"*, the County's total encumbered amounts for specific purposes for which resources have already been Restricted, Committed, or Assigned in the governmental fund statements should not deviate from those classifications. Governmental funds encumbrances in the aggregate are reported as follows at September 30, 2020 (in thousands):

|                                   | Encumbrances |         |
|-----------------------------------|--------------|---------|
| Major Governmental:               |              |         |
| General Fund                      | \$           | 50,874  |
| Fire Rescue Fund                  |              | 49,400  |
| Nonmajor Governmental:            |              |         |
| Capital Projects Fund             |              | 438,732 |
| Other Nonmajor Governmental Funds |              | 109,435 |
|                                   | \$           | 648,441 |

## Solid Waste Management - Closure and Postclosure Care Costs

Current laws and regulations require the County to place final covers on landfill cells as they are closed and perform certain maintenance and monitoring functions at the landfill cell sites for thirty years after closure. These laws and regulations also require the County, on an annual basis, to disclose the extent of its financial responsibility for the costs involved, which are referred to as "closure and postclosure care" costs. The County was in compliance with these requirements as of September 30, 2020.

At September 30, 2020, the County's total liability for landfill closure and postclosure care costs was \$77.2 million. Of this amount, \$81.8 million relates to active landfills and a cost recovery of \$4.6 million relates to inactive landfills.

The County accounts for and discloses closure and postclosure care costs in accordance with GASB Statement No. 18 Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs (the "Statement"). The Statement requires, among other matters: (1) that the liability for closure and postclosure care costs be estimated based on applicable federal, state or local regulations that were in existence as of

the date of the statement of net position, (2) that the cost estimates be reevaluated and adjusted on an annual basis for changes due to inflation or deflation, or for changes due to advancements in technology, (3) that a portion of these estimated closure and postclosure costs be recognized in each operating period that the landfill is active, based on the amount of waste received during the period (included in the capacity used to date), even though the majority of the costs will not be paid until after the landfill cells are closed, and (4) that changes in the estimated costs for closure and postclosure care which occur after the landfill stops accepting waste be recognized entirely in the period of the change.

Expenses for closure and postclosure care are funded from bond proceeds, of which the principal and interest are subsequently repaid from Utility Service Fees assessed on all countywide water and wastewater users, in accordance with Chapter 24 of the Dade County Code (the "Code"). Under the Code, funds collected from this fee can be used for solid waste landfill closure and postclosure care costs that are the financial responsibility of the County, for environmental remediation at landfill sites, and for land acquired to protect groundwater. The Department of Solid Waste Management's Net Position includes \$43.9 million in net position restricted for grants and other purposes for groundwater protection as of September 30, 2020.

#### Solid Waste Management - Resources Recovery Facility

The County entered into an agreement for the operation of the County owned resource recovery facility (the "Facility"). The Fourth Amended and Restated Operations and Management Agreement (the "O&M Agreement", "Agreement") was executed on July 27, 2012 (but was effective as of October 1, 2009) by and between the County and Covanta Dade Renewal Energy, LLC (at the time of the agreement known as Covanta Dade Renewable Energy Ltd., a Florida limited partnership), for the purpose of amending and restarting in its entirety the Third Amended and Restated Operations and Management Agreement dated as of September 1, 1996 between the County and the Company. The Agreement expires on October 31, 2023. The term of the Agreement (at the option of the County) can be automatically extended for up to four additional five-year renewal terms that would expire on October 31, 2043. Solid waste is delivered to the Facility from the County's transfer stations and directly from municipal customers and private haulers. The garbage and trash are processed into refuse derived fuel and then burned in four boilers that produce steam to turn two turbine generators to produce electricity.

Payments made to the Covanta under Amended Agreement are primarily for tipping fees on the waste processed through the Facility, subject to certain delivery and processing guarantees. Covanta is also paid a 50% share of the revenues from the sale of electricity generated by the plant and purchased by Florida Power & Light, Rainbow Energy Marketing Corp., Duke Energy and the City of Homestead. Accordingly, these payments are treated as an operations and maintenance expense.

The County has guaranteed to deliver 240,000 tons per year (TPY) in Recyclable Trash to Covanta. In addition, the County has guaranteed 732,000 TPY in On-Site Waste. This On-Site Waste Guaranteed Tonnage is to be fulfilled with garbage. The sum of the Annual On-Site Waste Guaranteed Tonnage and the Annual Recyclable Trash Guaranteed Tonnage shall not be less than 972,000 tons per annual period, unless the solid waste shall not be deemed to be available to the County for delivery to the Facility if such solid waste is unavailable for circumstances beyond the County's control and not due to actions taken by the County.

For fiscal year ended 2020, the County recorded expenses of \$46.0 million in tipping fees to the Operator. The rates charged for tipping fees as of September 30, 2020 were \$51.49 per ton for on-site waste processing other than tires and \$92.82 per ton for clean shredded tires. These rates are adjusted annually for the consumer price index. Fuel and other by-products not returned to County facilities from the Recyclable Trash received a credit of \$2.14 per ton as a recycle credit fee.

In addition to tipping fees, the Department recorded \$4.8 million in pass-thru-invoices and other during fiscal year 2020.

In the event of termination of the O&M Agreement, the County must find a successor operator. The final actual tipping fees for fiscal year 2020 totaled \$46.0 million, as required by the Agreement.

#### Solid Waste Management – Contract Disposal

During fiscal year 2020, the Department maintained a long-term waste disposal contract with a private regional disposal facility provider, Waste Management Inc. of Florida ("Waste Management"). The Waste Management contract is effective until September 30, 2035, with two additional five-year renewal options. Under the terms of the contract, the County must deliver or direct to be delivered, a minimum of 250,000 tons of waste per year to a landfill located in the Town of Medley, Florida. The County may dispose up to 500,000 tons of waste at the Medley landfill site. Waste deliveries over 500,000 tons may be disposed of at two alternate landfill sites: up to 250,000 tons of waste in the Monarch Hill landfill site and up to 500,000 tons of waste in the Okeechobee County landfill site.

The contract fixed the disposal fee paid by the County at \$36.27 per ton in fiscal year 2020. As of September 30, 2020, the County was in compliance with this contract. The Department recorded expenses of \$13.7 million for these disposal costs in fiscal year 2020.

On September 30, 2015, the County executed the Second Amended and Restated Agreement with Progressive Waste Solutions ("Progressive"). The contract is effective until September 30, 2025, with two additional five-year renewal options. Under the terms of the contract, Progressive must deliver 51% of the total solid waste they collect in Miami-Dade County to WM facilities for disposal. Also, the County has a guaranteed capacity of up to 500,000 tons of waste per year at the Progressive JED Landfill. If the Department elects or needs to dispose of solid waste at this landfill, the disposal rate (which started at \$20 per ton of waste) changes each fiscal year, subject to annual CPI adjustment. For fiscal year 2020, the fee was \$21.34.

## Aviation Department Environmental Matters

In August 1993, the Aviation Department and the Dade County Department of Environmental Resources Management (DERM) entered into a Consent Order. Under the Consent Order, the Aviation Department was required to correct environmental violations resulting from various tenants' failure to comply with their environmental obligations at the Airport including those facilities previously occupied by Eastern Airlines and Pan Am Airlines. In addition, the Aviation Department had a preliminary study performed by an independent engineering firm to estimate the cost to correct the environmental violations noted in the Consent Order. This study was used as a basis to record the environmental remediation liability as of September 30, 1993.

In each subsequent year, the Aviation Department has received an updated study performed by an independent engineering firm to further update the estimated costs to correct the environmental violations noted in the Consent Order based on additional information and further refinement of estimated costs to be incurred.

As a result of the updated study and costs incurred in fiscal year 2020, the total cumulative estimate to correct such violations was approximately \$210.7 million. This estimate allows for uncertainties as to the nature and extent of environmental reparations and the methods, which must be employed for the remediation. The cumulative amount of environmental expenditures spent through September 30, 2020 approximated \$152.2 million. The Aviation Department has also spent \$56.3 million in other environmental related projects not part of any consent order.

During fiscal year 1998, a Consent Order (FDEP Consent Order) was signed with the State of Florida Department of Environmental Protection (FDEP). The new FDEP Consent Order encompasses and replaces the DERM agreement and includes additional locations. The FDEP Consent Order includes all locations at the Miami International Airport (MIA) that are contaminated as well as additional sites where contamination is suspected. The Aviation Department included other sites where contamination is suspected in the FDEP Consent Order under a Protective Filing. If contamination is documented at these sites, the State of Florida (the State) would be required to incur the costs of remediation. Because the State will be required to pay for remediation of sites filed in the Protective Filing and because the contamination at the sites is unknown, an accrual amount is not reflected in the Opinion of Cost report or in the accompanying financial statements.

Currently, the County has several pending lawsuits in State Court against the Potentially Responsible Parties (PRPs) and insurers to address recovery of past and future damages associated with the County's liability under the FDEP Consent Order. As of September 30, 2020, the Aviation Department has received approximately \$60.4 million from the State, insurance companies and PRPs.

The outstanding liability at September 30, 2020 was approximately \$58.5 million, representing the unexpended environmental remediation costs based on the Opinion of Cost performed by an independent engineering firm. At September 30, 2020, the long-term liability was \$48.9 million, and the short-term liability was \$9.6 million. Management has allocated a portion of bond proceeds to fund this obligation and believes that the remaining amount can be funded from recoveries and the operations of the Aviation Department. The liability recorded by the Aviation Department does not include an estimate of any environmental violations at the three general aviation airports or at the two training airports. Management is not aware of any such liabilities and the occurrence of any would not be material to the financial statements.

In addition to the studies conducted to determine the environmental damage to the sites occupied by Eastern and Pan Am, the Aviation Department caused studies to be performed to determine the amount required to remove or otherwise contain the asbestos in certain buildings occupied by the airlines. The Aviation Department has also estimated the amount required to remove or otherwise contain the asbestos in buildings other than those formerly occupied by Eastern and Pan Am. The studies that estimate the cost to correct such damage related to all buildings were assessed at approximately \$4.5 million. The Aviation Department has no intention of correcting all assessed damage related to asbestos in the near future as they pose no imminent danger to the public. Specific issues will be addressed when and if the Aviation Department decides to renovate or demolish related buildings. At such time, the Aviation Department will obligate itself to the cleanup or asbestos abatement. As emergencies or containment issues may arise from this condition, they will be isolated and handled on a case-by-case basis as repair and maintenance. Such amounts do not represent a liability of the Aviation Department until such time as a decision is made by the management to make certain modifications to the buildings, which would require the Aviation Department to correct such matters. As such no amounts are recorded as of September 30, 2020.

The nature of ground and groundwater contamination at MIA can be divided into two categories; petroleum related contamination and hazardous/nonhazardous contamination. The Opinion of Cost is divided in three large areas: the Inland Protection Trust Fund (IPTF) which was created by the State to deal with contamination related to petroleum products in sites that qualified for that program; the non IPTF contamination relates to other sites which might include petroleum as well as hazardous/non-hazardous related contamination; and the non-consent items which can be either of the two above but were not specifically listed in the Consent Order.

The table below summarizes the remediation liability by nature of the containment as of September 30, 2020 (in thousands):

| Nature of Contamination | IPTF        | N  | on-IPTF | Non-Consent |       |    | Totals |
|-------------------------|-------------|----|---------|-------------|-------|----|--------|
| Petroleum               | \$<br>4,375 |    |         |             |       | \$ | 4,375  |
| Hazardous/nonhazardous  |             | \$ | 48,075  | \$          | 6,025 |    | 54,100 |
|                         | \$<br>4,375 | \$ | 48,075  | \$          | 6,025 | \$ | 58,475 |

# Aviation Department Agreement with Florida Department of Transportation

In a quitclaim deed dated December 11, 2011, the Rental Car Facility (RCF) and the Miami Intermodal Center (MIC) adjacent to the airport was conveyed to Miami-Dade County through its Aviation Department by FDOT. The conveyance was recorded in the amount of \$393.3 million (\$42.0 million for the land and \$351.3 million for the building and improvements), which represented the acquisition value at the time of conveyance. The quitclaim deed requires that the RCF be used as a rental car facility. In the event that it ceases to be used as such, all property rights in it revert to FDOT.

The facility was designed and constructed by FDOT, which borrowed \$270 million from the United States Department of Transportation (USDOT) under the TIFIA loan program. The loan will be repaid through the collection of Customer Facility Charges (CFCs) and contingent rent, if needed, from car rental company customers using the RCF. The car rental companies remit these funds directly to the Fiscal Agent servicing the loan; the CFCs are not revenues of the Aviation Department. The County and MDAD do not own nor do they have access to accounts held by the Fiscal Agent. The repayment of the TIFIA loan is not secured by any Aviation Department revenue and in no event will the Department be required to use any airport revenues for the payment of debt service on the RCF portion of the TIFIA loan or any additional RCF financing.

COVID-19 Effect and Managements Plans – In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") a global pandemic, which continues to spread throughout the world and has adversely impacted global commercial activity, global air travel, and contributed to significant declines and volatility in the financial markets. The COVID-19 outbreak and government responses are creating disruption to global supply chains and adversely impacting many industries. The travel restrictions imposed by governments both domestically and internationally have resulted in a decrease in passenger volume and air travel demand, resulting in loss revenues based on pre-pandemic projected revenues. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. To mitigate the financial impact and loss of revenues as a result of the pandemic, management immediately implemented cost savings measures, refinanced bonds resulting in debt service savings of approximately \$120.3 million over the next three fiscal years (2021 – 2023), and deferred construction projects that will be reassessed and re-evaluated in the future.

# Seaport Cruise and Cargo Terminal Usage Agreements

Seaport has entered into several terminal usage agreements with cruise line operators which commits the Seaport to building new cruise terminals and make certain terminal improvements at future dates, in order to accommodate the cruise operators' passengers and vessel operations. The Seaport intends to fund the following projects primarily with proceeds from long-term debt as follows:

- On September 19, 2019, the Board approved a resolution to amend one of the existing terminal agreements: (a) allowing the operator to build a new terminal for an increase amount of \$239 million; (b) provide the operator with preferential berthing rights at certain existing terminals and at the new terminal; (c) increase the minimum annual passengers for the cruise operator and (d) requiring Seaport to make certain infrastructure improvements. The Seaport's contribution to the new terminal is approximately \$100 million, not subject to be reimbursed by the cruise operator. The cruise operator will reimburse the Seaport for all advanced project costs over \$100 million and up to \$239 million. As of fiscal year end 2020, Seaport's total commitment towards the new terminal was \$227.8 million and \$11.2 million was its remaining commitment. The new terminal being constructed will be an asset of the Seaport.
- On September 19, 2019, the Board approved an amendment to a preferential berthing agreement with a certain cruise operator to relinquish those rights for a new cruise terminal to be completed by October 15, 2022. The Seaport's cost of the new cruise terminal is expected to be approximately \$179 million, for a period of thirty years of preferential berthing rights to the cruise operator, with

two options to renew of five years each. As of fiscal year-end 2020, the Seaport's total commitment towards the new terminal was approximately \$36.6 million. The new terminal being constructed will be an asset of the Seaport.

- On September 19, 2019, the Board approved a preferential berthing agreement with a cruise operator upon substantial completion of certain cruise terminal improvements, granting berthing rights to a certain cruise terminal for an initial term of twenty years. The Seaport and cruise operator's share for these improvements would be approximately \$130 million and \$65 million, respectively, for a total of \$195 million. As of fiscal year-end 2020, the Seaport's total commitment towards the cruise terminal improvements was \$4.8 million. The terminal being constructed will be an asset of the Seaport.
- On February 19, 2020, the Board passed a resolution executing an agreement with a contractor for the development of a Transportation Master Plan (Plan), consisting of a Traffic Impact Study and a Conceptual Roadway Plan. The Plan will assist the Seaport in the roadway network, site circulation, and access requirements to meet future transportation needs. The contract amount was \$3.3 million with a contingency allowance of \$300,000.

# Public Health Trust Annual Operating Agreement

# Annual Operating Agreement

In accordance with the annual operating agreement between the Public Health Trust (the Trust) and the University of Miami (the University), the Trust pays certain amounts for staff and services to be provided by the University. Under the annual operating agreement, costs incurred by the Trust for the year ended September 30, 2020 were approximately \$88.5 million. At September 30, 2020 the Trust had a liability to the University of \$14.2 million. The decrease in the annual operating agreement cost and liability is due to changes in the agreement that no longer classify certain services provided by the University as annual operating agreement expenses. In fiscal year 2012, The Trust and the University entered into an agreement for the repayment of old debt, which included the renegotiation of leased rental property. At September 30, 2020, the Trust had a balance of \$10.9 million due to University of Miami in other long-term liabilities.

# **Other Commitments**

# Legal Contingencies

The County is a defendant to legal proceedings that occur in the normal course of operations. Probable losses have been recognized in the Self-Insurance Fund or in the government-wide statements. In the opinion of the County Attorney, the ultimate resolution of these legal proceedings are not likely to have a material, adverse impact on the financial position of the County or the affected funds.

### Public Health Trust

There is a recoupment claim for Medicaid funds in connection with the Low-Income Pool (LIP). The U.S. Department of Health and Human Services Office of Inspector General (OIG) performed an audit of the Medicaid cost reimbursement to the Trust under the LIP program. The OIG alleges that of the \$1.8 billion in LIP payments made to Jackson Hospital by the State of Florida from 2010-2014, the state claimed Medicaid reimbursement of approximately \$729 million (\$436 million Federal match) in excess of the Jackson's allowable costs under the LIP program. According to the Miami-Dade County Attorney, recovery of a sum in excess of \$436 million is reasonably possible.

Management strongly disagrees with a number of the findings in the OIG audit report. Management believes that the OIG's findings on this issue are largely inaccurate, are based on erroneous assumptions, and misconstrue or mischaracterize documentation provided in the course of the audit. Therefore, due to the several gross miscalculations and misjudgments contained in the report, management disagrees with the OIG's findings.

The current COVID-19 pandemic has had numerous and varied medical, economic and social impacts, any and all of which have and may again adversely affect the Trust's business and financial results.

In March 2020, the Florida Governor issued an executive order prohibiting certain medically unnecessary, non-urgent or non-emergent procedures and surgeries as a result of the COVID-19 pandemic. The restrictions were lifted in May 2020; however, there is a possibility that additional restrictions on elective procedures could be reintroduced to the extent that COVID-19 patients threaten system capacity. Disruptions could also include temporary closures of the Trust's facilities or the facilities of suppliers and their contract manufacturers. The effect of COVID-19 could further and severely affect the Trust's ability to conduct normal business operations, and, as a result, the future operating results of the Trust could be materially adversely affected.

In March 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law providing among other provisions, financial relief to hospitals and healthcare providers during the COVID-19 pandemic. The CARES Act Provider Relief Fund provides funding from the U.S. Department of Health and Human Services (HHS) to support healthcare-related expenses or lost revenue attributable to the COVID-19 pandemic.

# Arbitrage Rebates

The rebate to the Federal Government is required to be paid within five years from the date of issuance and each five years thereafter. The ultimate amount of the County's obligation will be determined based on actual interest earned. As of September 30, 2020, the County had no obligations to record rebate liabilities.

# Federal and State Grant Awards

Governmental audits include compliance audits of federal grants, performed under the Single Audit Act Amendments of 1996 and the Office of Management and Budget (OMB) Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). State grants are audited in accordance with Florida Rules of the Auditor General, Section 10.550 and the State of Florida Single Audit Act. Amounts received or due from grantor agencies are subject to audit adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund.

### Hurricane Irma

In September 2017, the County was impacted by Hurricane Irma which was a significant storm across all of Florida. As a result, the County experienced one-time expenditures related to emergency protective measures, debris-related costs, and other repair costs. As of September 30, 2020, a total of \$188 million was obligated by FEMA and the State of Florida and a total of \$161.5 million was paid to the County.

The remaining projects are at varying stages of documentation, completion and review by FEMA or the State of Florida. Once the review process is completed by FEMA and the State, the project is obligated,

and the Hurricane Irma grant award is incremented. The County is working diligently with the FEMA representatives to meet the documentation requirements. The FEMA and State reimbursement percentages combined range from 95% to 100% depending on the category and the time period of the expenditure. As the projects are obligated, the County's expenditures will be reimbursed.

### **COVID-19 Financial Assistance**

The outbreak of the coronavirus disease (COVID-19), referred to herein as "COVID-19," was declared as a global pandemic on March 11, 2020 by the World Health Organization. COVID-19 impacted economic activity globally and locally and has resulted in a decrease of various revenue sources and an increase in operating expenditures.

The County is working diligently to recover additional costs incurred as a result of the pandemic. The County will seek reimbursement from FEMA, and other Federal and State agencies as they become available. As the grants are awarded and projects are obligated, the County's expenditures will be reimbursed. For grants that are advanced by agencies, the County anticipates expending amounts received by the required deadline.

Below is a list of grants awarded to the County. With the exception of the governmental funds narrative, the narratives for each Department were extracted from the respective financial statement of each Department. Refer to page 266 for more information on where each electronic financial statement can be found.

### **Governmental Funds**

As of September 2020, the County has received \$474.1 million in funding from the Coronavirus Aid, Relief, and Economic Security (CARES) Act Coronavirus Relief Fund, of which \$163.4 million of eligible expenses were incurred in fiscal year 2020 and are included on the schedule of expenditures of federal awards. The balance of \$310.7 million is being applied to eligible expenditures through December 31, 2021. These balances are reflected in our Emergency and Disaster Relief Special Revenue Fund.

### PHCD (included in Governmental Funds)

In March 2020, the U.S. Department of Housing and Urban Development (HUD) authorized over \$13.3 million in CARES Act funding to the Miami-Dade Public Housing and Community Development Department. \$4.9 million has been expended under the Section 8 Housing Choice Vouchers Program as of September 30, 2020 and is included in the Section 8 Housing Choice Vouchers Program on the schedule of expenditures of federal awards. \$0.064 million has been expended under the Mainstream Vouchers Program as of September 30, 2020 and is included in the Section 8 housing Choice Vouchers Program on the schedule of expenditures of federal awards. \$6.9 million has been expended under the Public and Indian Housing Program as of September 30, 2020 and is included in the Public and Indian Housing Program on the schedule of expenditures of federal awards. \$6.9 million of CARES Act funding from the U.S. Department of Treasury. No amounts have been received or expended under this program as of September 30, 2020 and therefore, no amounts are included on the schedule of expenditures of federal awards. The deadline to expend the CARES Act funds is December 31, 2021 and Miami-Dade Public Housing and Community Development Department anticipates expending all funds it receives by this deadline.

### Aviation

On May 11, 2020, the Aviation Department was awarded a FAA Airport grant of \$207.2 million under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). During fiscal year 2020, the Aviation Department recorded approximately \$184.1 million in grants under the FAA CARES Act program to aid with costs related to operating expenses and debt obligations.

# PHT

As of September 30, 2020, the Trust received approximately \$108.8 million in Provider Relief Funding related to the CARES Act. The funds received under the CARES Act Provider Relief fund represent payments that do not need to be repaid as long as the Trust complies with certain terms and conditions imposed by HHS, including reporting and compliance requirements. Such payments are accounted for as

government grants and are recognized as grants and other income once there is reasonable assurance that the applicable terms and conditions required to retain the funds will be met. As of September 30, 2020, the Trust has recognized approximately \$59.3 million within grants and other income on the statements of revenues, expenses, and changes in net position. The remaining \$49.6 million has been recorded within total current liabilities as deferred revenue in the statements of net position to be recognized as grants and other income as terms and conditions are met. During April 2020, the Trust applied for and received approximately \$107.9 million from the Medicare Advance Payment Program provided under the CARES Act. The amount is separately recorded in estimated payables due to other third-party payers on the statements of net position. Based on the Continuing Appropriations Act, 2021 and Other Extensions Act released in October 2020, repayment will begin one year after the receipt of the advance payments. The claims for services provided to Medicare beneficiaries will be applied against the advance payment balance. Any unapplied advance payment amounts must be paid in full within 29 months of receipt.

# Transit

DTPW received Federal CARES Act Funding in the amount of approximately \$111.1 million and created safety guidelines to help mitigate the impact of the disruption in operations for the year ended September 30, 2020.

# Note 11 – Interfund Transfers and Balances

### Major Interfund Transfer Transactions:

Transfers out from the General Fund totaling \$634.2 million include: \$207.7 million to the Transit department to support its operations in accordance with the Maintenance of Effort Agreement (MOE); \$213.3 million to the Public Health Trust from ad valorem taxes to support its operations in accordance with the MOE; \$52.8 million to the Debt Service Fund; \$57 million to the Capital Projects Fund to fund capital projects; \$33.4 million to the Community and Social Development Funds to finance its programs; and \$33.7 million to the Fire Rescue Fund to support different activities of the department.

Transfers out of the Fire Rescue Fund totaling \$3.2 million were mainly transferred to fund debt service payments.

The Nonmajor Governmental transfers out of \$649.3 million primarily include: \$79.1 million to the Debt Service Fund; \$11.1 million to the Capital Outlay Fund; \$14.4 million to the Cultural Programs Fund; \$198.2 million to the Transit department from the People's Transportation Plan for the State of Florida half-penny transit system sales surtax, and \$250.7 million to the Public Health Trust from the Health Development Fund for the State of Florida half-penny indigent health sales surtax.

### Major Due to / Due from Balances:

The General Fund balance of \$8.8 million includes \$1.5 million due to Aviation for an OIG Audit and \$6.3 million due to Housing for a percentage of rent and property sales tax.

**Cash Deficits:** The amounts due to the General Fund include advances to other funds to cover their cash deficits, in accordance with Generally Accepted Accounting Principles for financial reporting purposes. The balance includes due from the Community & Social Development fund of \$3.2 million. This cash advance will be repaid upon collection of federal and state grant receivables. The corresponding amounts are reported by the respective funds as due to other funds.

The \$63.8 million in Nonmajor Governmental funds due to the Public Health Trust represents the amount due from the Health Development Fund for the half penny indigent sales surtax revenue for fiscal year 2020. The \$15 million due to the General Fund from Public Health Trust represents an agreement to partially fund the County's obligation to the State of Florida under the Medicaid program.

(Concluded)

# Note 12 – New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following pronouncements prior to September 30, 2020 which have an effective date that may impact future presentations.

In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*, which was originally effective for reporting periods beginning after December 15, 2018. With the extension granted by GASB Statement No. 95, Statement No. 84, *Fiduciary Activities*, is effective for reporting periods beginning after December 15, 2019. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement describes four fiduciary funds that should be reported, if applicable: (1) pension (and other employee benefit) trust funds, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. Custodial funds generally should report fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria. The County is in the process of evaluating the impact of implementation.

In June 2017, GASB issued Statement No. 87, *Leases*, which was originally effective for reporting periods beginning after December 15, 2019. With the extension granted by GASB Statement No. 95, Statement No. 87, *Leases*, is effective for reporting periods beginning after June 15, 2021. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lesse is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The County is in the process of evaluating the impact of implementation. The impact is not known at this time, but it is expected to be significant.

In August 2018, GASB issued Statement No. 90, *Majority Equity Interests—an amendment of GASB Statements No. 14 and No. 61,* which was originally effective for reporting periods beginning after December 15, 2018. With the extension granted by GASB Statement No. 95, Statement No. 90, *Majority Equity Interests—an amendment of GASB Statements No. 14 and No. 61,* is effective for reporting periods beginning after December 15, 2019. The primary objectives of this Statement is an amendment of GASB Statements No. 14 and No. 61, and it defines that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. For all other majority equity interest holdings in a legally separate organization, a government should report the legally separate organization as a component unit. The County is in the process of evaluating the impact of implementation.

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*, which was originally effective for reporting periods beginning after December 15, 2020. With the extension granted by GASB Statement No. 95, Statement No. 91, *Conduit Debt Obligations*, is effective for reporting periods beginning after December 15, 2021. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The County is in the process of evaluating the impact of implementation.

In January 2020, GASB issued Statement No. 92, *Omnibus 2020*, which was originally effective for reporting periods beginning after June 15, 2020. With the extension granted by GASB Statement No. 95, Statement No. 92, *Omnibus 2020*, is effective for reporting periods beginning after June 15, 2021. This statement establishes accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance-related activities of public entity risk pools, fair value measurements, and derivative instruments. The County is in the process of evaluating the impact of implementation.

In March 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. The original implementation date for the portion of the statement dealing with the removal of LIBOR as an appropriate benchmark was for reporting periods ending after December 31, 2021 while all other requirements of the statement were effective for reporting periods beginning after June 15, 2020. However, GASB 95 postpones the implementation date for all provisions except the portion of the statement dealing with the removal of LIBOR as an appropriate benchmark by one year to reporting periods beginning after June 15, 2021. This Statement establishes accounting and financial reporting requirements related to the replacement of IBORs in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The requirements of this Statement apply to the financial statements of all state and local governments. The objective of this statement is to address certain accounting and financial reporting implications of the replacement of an IBOR the most notable of which is the London Interbank Offered Rate (LIBOR) which is expected to cease to exist in its current form at the end of 2021. This will cause governments to amend or replace financial instruments by changing the reference rate or adding or changing fallback provisions related to the reference rate. The County is in the process of evaluating the impact of implementation.

In March 2020, GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, which is effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). The Statement will require governments to report assets and liabilities related to PPPs consistently and disclose important information about those PPP transactions. The County is in the process of evaluating the impact of implementation.

In May 2020, GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases,* as amended. The County is in the process of evaluating the impact of implementation.

In June 2020, GASB issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32.* The requirements in (1) paragraph 4 of this Statement as it applies to defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans and (2) paragraph 5 of this Statement are effective immediately. The requirements in paragraphs 6–9 of this Statement are effective for fiscal years beginning after June 15, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The County is in the process of evaluating the impact of implementation.

# Water and Sewer Department

On September 17, 2020, the Board of County commissioners adopted County Budget Ordinance Number 20-96 authorizing a continuation of modifications to the Department's retail tiered-based structure that will generate enough revenues to support costs including fiscal requirements related to capital investments. Changes will be effective October 1, 2020.

In addition, effective October 1, 2020 the County Budget Ordinance increased the water wholesale rate by \$0.1043 per thousand gallons to \$1.7947 from \$1.6904 and the wastewater wholesale rate by \$0.1017 to \$3.2971 from \$3.1954 per thousand gallons. Wholesale water and wastewater rates per thousand gallons rates are based on cost recovery.

### Seaport Department

On October 20, 2020, the Board passed a resolution authorizing the County Mayor to negotiate and execute agreements to: (a) preferential berthing rights and cruise terminal usage agreements providing for a two-phase coronavirus disease 2019 (COVID-19) recovery period; (b) amending a Ground Lease agreement with a certain cruise operator during the two-phase COVID-19 recovery period.

On February 17, 2021, the Board approved a resolution authorizing the execution of an Amended and Restated Development, Management and Lease agreement with a term of sixty-two years that is expected to be completed by November 15, 2023. The estimated cost for the multi-berth Shared Terminal is approximately \$400 million, which the Seaport's obligation would be \$136 million. The new terminal will be part of the Seaport's assets when completed.

### **Aviation Department**

On October 22, 2020, the Aviation Department closed on \$177,670,000 Double-Barreled Aviation Refunding Bonds (General Obligation), Series 2020, at an all-inclusive true interest cost of 2.13% and a final maturity of July 1, 2041. The principal/par value of the refunded bonds was \$198,460,000. The gross debt service savings over the life of the bonds is \$74,469,152, and the net present value savings is \$59,087,291, a percentage savings of 29.77%.

On December 17, 2020, the Aviation Department closed on \$415,730,000 Aviation Revenue Refunding Bonds, Series 2020A (Non-AMT) and Series 2020B (Taxable), at an all-inclusive true interest cost of 2.50% and a final maturity of October 1, 2041. The principal/par value of the refunded bonds was \$465,060,000. The gross debt service savings over the life of the bonds is \$101,845,483 and the net present value savings is \$98,102,349, a percentage savings of 21.09%.

In March 2021, the County authorized the issuance, from time to time, of the Series 2021 Notes in the aggregate principal amount not exceeding \$200,000,000, outstanding at any time, maturing no later than the earliest of 270 days from their respective dates, the second Business Day prior to the expiry of the

then current Letter of Credit, or March 18, 2026. The Series 2021 Notes will be issued pursuant to the terms of the Issuing and Paying Agency Agreement, dated as of March 18, 2021. The Series 2021 Notes are secured by and payable under an irrevocable transferrable direct-pay letter of credit issued by Bank of America, N.A. (the "Bank"), pursuant to a Letter of Credit and Reimbursement Agreement, dated March 18, 2021, between the Bank and the County. The Issuing and Paying Agent will draw on the Letter of Credit to pay the principal of and interest on the Series 2021 Notes on the maturity dates thereof. The Letter of Credit expires on March 17, 2022, subject to earlier termination as provided therein. The Ordinance authorizes the issuance of Commercial Paper Notes to be paid from the proceeds of future Aviation Revenue Bonds and any unencumbered monies in the Improvement Fund. The proceeds of the Series 2021 Notes are being used to provide temporary funding for airport-related capital projects and other improvements.

# Clerk of Courts

Effective October 1, 2020, a portion of the activities of the Code Enforcement Division will no longer be under the purview of the Clerk of Courts under Administrative Order No. 2-5. Miami-Dade County Finance will assume all responsibilities for collections and distribution in accordance with the Miami-Dade County Home Rule Charter and other sections 1.01, 2.02(A), 5.01 and 5.03 and Chapter 8CC, Code of Miami-Dade County. The Clerk of Courts will continue to support the Hearing Process functions within the Code Enforcement Division.

### American Airlines Arena (Refer to Note 5)

On March 26, 2021, the Board of County Commissioners approved the sale of the naming rights to the County-Owned professional sports franchise facility arena located at 601 Biscayne Boulevard, which currently serves as home of the Miami Heat, a National Basketball Association (NBA) team. The new name of the arena will be the FTX Arena. The naming rights agreement between FTX and the County is for a term of 19 years with resulting revenues to the County in the amount of \$135 million over the term of the agreement, or a gross average annual payment of \$7.1 million per year.

### **Derivative Instruments (Refer to Note 3)**

As of September 30, 2020, the County had two basis swaps with the bank (Provider). The Swaps were terminated on January 27, 2021. As a result of the termination, the County received \$53.8 million. Effective that date, the County's entire Swap portfolio has been terminated.

### Miami Marlins Settlement (Refer to Note 5)

On March 16, 2021, the Board of County Commissioners approved a settlement agreement between Miami-Dade County, the City of Miami, Miami Marlins, LP, and Marlins TeamCo, LLC to resolve the County's and City's claims pertaining to the Non-Relocation Agreement's equity payment. The County's share of the equity payment, resulting from the settlement agreement, is \$4,763,000. These are unrestricted, general funds and are to be divided equally among all County Commission Districts to be used for COVID-relief efforts.

# **COVID-19 Financial Assistance:**

On March 11, 2021, the American Rescue Plan Act (ARPA) was signed into law by the President. Section 603 of ARPA established the Coronavirus Local Fiscal Recovery Fund intended to provide support to local and Tribal governments in responding to the impact of COVID-19 and in their efforts to contain COVID-19.

### **Governmental Funds**

Through the Coronavirus Fiscal Recovery Fund, on May 19, 2021, the County received \$263.9 million.

### PHCD (included in Governmental Funds)

On January 21, 2021 PHCD received \$60.8 million from the US Department of Treasury for the Emergency Rental Assistance Program.

On May 14, 2021, and May 20, 2021, PHCD received \$19.3 million and \$9.6 million from the American Rescue Plan Act for the Emergency Rental Assistance 2 program (ERA2).

# Aviation

Under the Coronavirus Response and Relief Supplemental Appropriations ACT (CRRSAA) signed into law on December 27, 2020, the Aviation Department allocated a total of \$39.5 million of which \$34.9 million has been received.

### Public Health Trust

On May 25, 2021, the Public Health Trust Board of Trustees approved a 2% COLA for the third year of the 2017-2020 Collective Bargaining Agreement, which will be retroactively applicable to all employees. The expected payout amounts to approximately \$9 million.

# **Status of Public Assistance Reimbursements**

As of May 25, 2021, the County has received \$76.7 million in Public Assistance (PA) reimbursements from the Federal Emergency Management Agency (FEMA) for COVID-19 emergency protective measures. The County continues to work with FEMA to seek reimbursement for eligible expenditures.

The County has evaluated events and transactions for subsequent events that would impact the financial statements for the year ended September 30, 2020 through May 28, 2021, the date the financial statements were available to be issued.

The contribution rate for normal cost is determined using the aggregate actuarial funding method. Under this method, the excess of present value of projected benefits over the actuarial value of assets is spread evenly over the expected future compensation of active participants presently under normal retirement age. Gains and losses resulting from fluctuations in Plan experience are similarly amortized as part of the normal cost. The contribution rate for normal cost is determined using the aggregate actuarial funding method. Under this method, the excess of present value of projected benefits over the actuarial value of assets is spread evenly over the expected future compensation of active participants presently under normal retirement age. Gains and losses resulting from fluctuations in Plan experience are similarly amortized as part of the normal cost.

Notes to Schedule:

Benefit changes since September 30, 2014: During the year-ended September 30, 2019, an early retirement acceptance (ERA) program commenced. Lump-sum incentive payments and retirement date changes resulted from the program.

Changes of assumptions. From September 30, 2019 to September 30, 2020: For employees with less than 10 years of service: 5% if under age 50 and 4% if age 50 or older, and for employees with 10 or more years of service: 4% if under age 45 and 3% if age 45 or older.

Changes of assumptions. From September 30, 2018 to September 30, 2019: None.

Changes of assumptions. From September 30, 2017 to September 30, 2018: Discount rate and expected long-term rate of return decreased from 7.5% to 7.4%.

Changes of assumptions. From September 30, 2016 to September 30, 2017: For active participants, 40% are assumed to elect an immediate lump sum upon termination,

Changes of assumptions. From September 30, 2015 to September 30, 2016: The mortality table was updated from the RP 2000 Mortality Table, sex-distinct, with a 25 year projection using scale AA to the RP2000 Generational tables with 50% white collar and 50% blue collar for annuitants (male) and 100% white collar for annuitants (female), and applying scale BB mortality improvements from 2000 on a generational basis for healthy lives. For active participants, 65% are assumed to elect a lump sum and 35% are assumed to elect an annuity (life annuity if single 100% joint and survivor annuity if married). The valuation compensation was also updated from: (1) the greater of Actual Compensation each of the two prior plan year, increased by salary scale or Annual Compensation rate for the current plan year, to (2) For continuing actives who worked 12 months for each of the two prior plan years, valuation compensation is assumed to be the annual compensation rate for the current plan year.

Changes of assumptions. From September 30, 2014 to September 30, 2015: None.

Changes of assumptions. From September 30, 2013 to September 30, 2014: Retirement rates and termination rates were updated to better reflect plan experience as exhibited in the period 2009 – 2013. The Mortality table was changed from RP 2000 Mortality Table, sex-distinct, projected to 2014 with scale AA to RP 2000 Mortality Table, sex-distinct, projected 25 years with scale AA.

1 A one-time recognition of early retirement acceptance (ERA) program. This includes the value of both lump-sum incentive payments and the financial effect of expected retirement date changes resulting from the program.

Note: Schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

*Changes in assumptions:* Changes in assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used each period:

| 2020 | 2.21% |
|------|-------|
| 2019 | 2.66% |
| 2018 | 4.24% |

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB 75 to pay related benefits. There were no changes to benefit terms during the measurement period. The discount rate is the only applicable change in the actuarial valuation. All other assumptions for this update report are the same as the prior valuation.

<u>Note:</u> Schedule is intended to show information for 10 years. Currently, only data for fiscal years ending September 30, 2018, 2019 and 2020 are available. Additional years will be displayed as they become available.

# Notes to the Required Supplementary Information - (Unaudited)

# **Budgets**

Chapter 129, Florida Statutes, requires that all county governments prepare, approve, adopt and execute an annual budget for such funds as may be required by law or by sound financial practices and generally accepted accounting principles. The budgets control the levy of taxes and the expenditure of money for County purposes for the ensuing fiscal year. The budgeting process is based on estimates of revenues and expenditures. The County budgets are prepared on a modified-accrual basis or accrual basis of accounting in accordance with generally accepted accounting principles.

The County's budgets have to be approved by the Board of County Commissioners. Every September, the County holds two public hearings and adopts the annual budgets for substantially all County funds through the enactment of budget ordinances. Most funds have annually appropriated budgets, meaning that their budgets are established annually. Capital project funds and certain grant funds, however, have budgets that extend over the duration of the project or grant, which may be several years. At the end of the fiscal year, the appropriations of annually adopted budgets lapse, but the appropriations of project-length budgets continue until the end of the capital project or grant.

The adopted budgets are either appropriated or non-appropriated in nature. Funds that have appropriated budgets cannot legally exceed their appropriations. The budgetary control over funds that have non-appropriated budgets are dependent on other enabling ordinances, such as bond ordinances, in which expenditure authority extends over several years into the future.

Budgets are monitored at varying levels of classification detail. However, expenditures cannot legally exceed total appropriations at the individual fund or departmental level. Amendments and supplements to the budget at the fund or department level require County Commissioners' approval. Department directors are authorized to make transfers of appropriations within their fund or department. Transfers of appropriations between funds or departments require County Commissioners' approval. Estimated fund balances are considered in the budgetary process.

Encumbrance accounting is used in the County's governmental funds. Encumbrances are commitments for future expenditures, based on purchase orders or contracts issued, where the goods or services have been ordered but have not been received. Encumbrances do not constitute expenditures or liabilities to the County since no resources are expended until the goods or services are received. They are used to help ensure that actual expenditures and commitments for future expenditures do not exceed authorized appropriations.

A budget and actual comparison for the General Fund and the Fire Rescue Fund is presented in the Required Supplementary Information section of this report. Budget and actual comparisons for other funds are reflected in the Other Supplementary section.

# COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

Combining and individual fund statements and schedules provide a more detailed view of the information aggregated to develop the basic financial statements presented in the preceding section.

# NONMAJOR SPECIAL REVENUE FUNDS

Special revenue funds are used to account for revenues, from specific sources, which are restricted by law or policy to finance specific activities. The County's special revenue funds are numerous. Accordingly, for financial reporting purposes, special revenue funds of a similar nature have been combined within the following classifications:

**Health Development Fund:** To account for revenues received from Federal and State grants, half-cent sales tax used to support the operations of the Public Health Trust, and user charges for the operation of the Office of Rehabilitative Services.

**People's Transportation Fund:** To account for revenues received from the half-cent transportation sales tax used to support transportation operations, transportation related capital projects and acquisition of capital transportation assets.

**Public Library Fund:** To account for revenues received from the unincorporated area and participating municipalities for the operation of a uniform public library system.

**Community and Social Development Funds:** These funds account for revenues received from Federal and State grants to support Human Services and Community Action.

**State Housing Initiatives Program (SHIP):** To account for documentary stamp tax revenues received from the Local Government Housing Trust Fund. The purpose of SHIP is to provide housing assistance, including mortgages, to very low, low and moderate income households.

**Documentary Stamp Surtax Program:** To account for revenues received from locally generated documentary stamp surtax for special housing programs.

**Other Housing Programs:** To account for Housing programs, including the Housing General Fund and Section 8, Homeless Programs and Low-Income Public Housing funded by revenues received from US HUD.

**Clerk of Courts Operations Fund:** To account for revenues and expenditures applicable to the general ex-officio operations of the Clerk of the Courts and of the Circuit and County court functions.

**Emergency and Disaster Relief Fund:** To account for revenues received from the Federal Emergency Management Agency grants, insurance, and other reimbursements from Federal and State agencies for countywide disaster assistance.

**Other Special Revenue Funds:** To account for revenues received from miscellaneous sources for a wide range of programs, including tourist development, criminal justice, and recreational development.

# NONMAJOR DEBT SERVICE FUNDS

Debt service funds are used to account for the accumulation of resources for, and the payment of, principal and interest on long-term obligations. Separate funds are maintained, as their titles indicate, to account for transactions arising from obligations of a similar nature.

# NONMAJOR CAPITAL PROJECTS FUNDS

Capital project funds account for financial resources used for the acquisition and/or construction of major capital facilities and other infrastructure needs:

**General Obligation Bond (G.O.B.) Projects:** To account for the receipt and disbursement of bond proceeds from general obligation debt to be used for construction and/or acquisition activities for the County, other than those financed by enterprise funds.

**Special Obligation Bond (S.O.B.) Projects:** To account for the receipt and disbursement of bond proceeds from special obligation debt and loan agreements to be used for construction and/or acquisition activities for the County, other than those financed by enterprise funds.

**Impact Fees:** To account for the collection and disbursement of impact fees contributed by property owners.

**Other Capital Projects:** To account for all other resources (primarily from current revenues and Federal and State grants) used to finance long-lived construction projects other than those financed by enterprise funds.

# NONMAJOR PERMANENT FUNDS

Permanent funds are used to account for resources that are legally restricted to the extent that only earnings, and not principal, may be used to support County programs.

**Zoo Miami (formerly Metrozoo) Permanent Fund:** To account for the principal trust amount received for the benefit of the Zoo, and the related interest income. Only the interest portion may be used to support Zoo operations.

**Libraries Permanent Fund:** To account for the principal trust amount received for the benefit of the County libraries, and the related interest income. Only the interest portion may be used to support library operations.

### NONMAJOR ENTERPRISE FUNDS

Nonmajor Enterprise Funds are used by the County to account for the operations of those services rendered to the general public where the intent is to recover costs or generate revenues through user charges. These activities are accounted for in a manner similar to private business enterprise. The County maintains the following Nonmajor Enterprise Funds:

**Rickenbacker Causeway Fund:** Accounts for the Rickenbacker Causeway operations. The Rickenbacker Causeway includes bridges and roadways that connect the City of Miami and the Village of Key Biscayne.

**Venetian Causeway Fund:** Accounts for the Venetian Causeway operations. The Venetian Causeway is a bridge that connects the City of Miami and the City of Miami Beach.

**Vizcaya Art Museum:** Accounts for the Vizcaya Art Museum, a major tourist attraction.

**Section 8 Allocation Properties:** Accounts for the operation of residential rental properties provided to low-income families, assisted by US HUD under the Section 8 Special Allocation program.

**Mixed Income Properties:** Accounts for the operation of rental properties funded by market rents paid by tenants.

### FIDUCIARY FUNDS

Fiduciary funds account for assets held by the County in a trustee or agency capacity for employees, individuals, private organizations, and other governmental units. The County administers the following fiduciary funds:

### Agency Funds:

**Clerk of the Circuit and County Courts Fund:** To account for funds received, maintained, and distributed by the Clerk of the Circuit and County Courts in his capacity as custodian to the State and County judicial systems.

**Tax Collector Fund:** To account for the collection and distribution of ad-valorem taxes and personal property taxes to the appropriate taxing districts. The fund is also used to account for the collection of motor vehicle registration fees and sales of other State of Florida licenses, the proceeds of which are remitted to the State.

**Other Agency Funds:** To account for various monies placed in escrow pending timed distributions.

Source: Miami-Dade County Office of the Property Appraiser

Note: Property in the County is reassessed each year. Property is assessed at actual market value. Tax rates are per \$1,000 of assessed value.

Total actual and assessed values for each year reflect the Final Tax Roll certified for the previous year.

<sup>a</sup> Exemptions for real property include: \$25,000 homestead exemption; an additional \$25,000 homestead exemption (excluding School Board taxes) starting in FY 2009; widows/widowers exemption; governmental exemption; disability/blind age 65 and older exemption; institutional exemption; economic development exemption and other exemptions as allowed by law.

<sup>b</sup> Amendment 10 was an amendment to the Florida Constitution in 1992 which capped the assessed value of properties with homestead exemption to increases of 3% per year or the Consumer Price Index, whichever is less (193.155, F.S.).

 $^{
m c}$ Total actual and assessed values for FY 2020 reflect the Final 2019 Tax Roll certified on June 29, 2020.

### Municipalities - next page

### Notes:

Miami-Dade County and the other thirty-five municipalities and all other townships and unincorporated areas therein have: (1) no personal income tax, (2) no gross receipts tax, (3) no inheritance tax, (4) no gift tax, and (5) no commuter tax.

<sup>1</sup> The combined Countywide General, Fire Rescue and Library rates may not exceed the Florida statutory limit of \$10.000 per \$1,000 for the Statutory limits are \$10.000 for the School Board and \$1.000 for the State.

<sup>2</sup> "Total Direct Rate" is the weighted average of all individual County direct rates based on the proportion of their respective tax rolls to the countywide rolls. For FY 2020, the "Total Direct Rate" was adjusted based on the Final 2019 Tax Roll certified on June 29, 2020.

Source: Miami-Dade County Finance Department-Tax Collector Division and Miami-Dade County Office of the Property Appraiser

<sup>(a)</sup> Adjustments to the tax roll are made by the Miami-Dade County Property Appraiser and Value Adjustment Board.

<sup>(b)</sup> Prior to FY 2012 VAB petitioners were not required to pay their property taxes until the VAB hearing was completed. Due to the historically high volume of VAB appeals, the hearings overlapped two fiscal years before payment was required. Prior to FY 2012 "Collections in Subsequent Years" reflect collections of VAB appealed accounts received in the subsequent fiscal year. Beginning in FY 2012 (2011 Tax Roll) statutory change required that no less than 75% of ad valorem tax be paid by corrections the tax delinquency date of April 1st before a VAB appeal could be heard. And, if taxes were paid in full, any tax refund resulting from a VAB correction issued after April 1 also requires interest to be paid at 1% per month accruing from April 1 to resolution on the refunded amount. Thus, more collections occur within the fiscal year of levy and subsequent year collection reflects reductions to collection due to VAB and PA corrections as well as interest paid on VAB.

(e) Taxes levied in FY 2017 were adjusted to reflect the Final 2016 Certified Tax Roll in June 22, 2017.

<sup>(f)</sup> Taxes levied in FY 2018 were adjusted to reflect the Final 2017 Certified Tax Roll in June 26, 2018.

<sup>(g)</sup> Taxes levied in FY 2019 were adjusted to reflect the Final 2018 Certified Tax Roll in June 28, 2019.

<sup>(h)</sup> Taxes levied in FY 2020 were adjusted to reflect the Final 2019 Certified Tax Roll in June 29, 2020.

### Notes:

Tax notices are mailed on or before November 1 of each year with the following discounts allowed:

4% if paid in November

3% if paid in December

2% if paid in January

1% if paid in February

If paid in March, no discount applies.

Taxes are delinquent in April.

Note:

As per the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of general obligation bonds.

a General Obligation Bonds in the Business-Type Activities for FY 2020 includes \$57.9 million of Seaport General Obligation Refunding Bonds, Series 2011C and \$198.5million of Double-Barreled Aviation Bonds, Series 2010. The Bonds are payable from ad valorem taxes levied on all taxable property of the County to the extent that net available revenues from the Seaport and Aviation are insufficient to pay debt service.

b The value of taxable property can be found in the Schedule for Actual Value and Assessed Value of Taxable Property in this section.

c Population data can be found in the Schedule for Demographic and Economic Statistics in this section.

Pledged revenues: Ordinance 09-72 enacted September 1, 2009 to collect \$30 traffic surcharge revenues of which \$15 will be used to pay principal and interest on bonds issued for the Juvenile Courthouse Projects.

The pledged revenue schedules were prepared as per GASB 44 "Economic Condition Reporting: The Statistical Section". The statement does not require the use of the coverage formulas stipulated in their bond covenants because the purpose is to help the user assess the County's ability to generate sufficient resources to pay debt, rather than to demonstrate legal compliance. Therefore, the schedules herein presented do not necessarily represent legal compliance.

Pledged revenues: Payable from Stormwater Utility Fees collected from residential and nonresidential developed property in the County.

The pledged revenue schedules were prepared as per GASB 44 "Economic Condition Reporting: The Statistical Section". The statement does not require the use of the coverage formulas stipulated in their bond covenants because the purpose is to help the user assess the County's ability to generate sufficient resources to pay debt, rather than to demonstrate legal compliance. Therefore, the schedules herein presented do not necessarily represent legal compliance.

Pledged revenues: Aviation Revenue Bonds are payable by the net revenues of the Port Authority Properties. In addition, the net revenues are pledged towards Aviation General Obligation Bonds. Principal payments for the GOB bonds were \$5.375 million and interest payments were \$10.059 million in fiscal year 2020.

The pledged revenue schedules were prepared as per GASB 44 "Economic Condition Reporting: The Statistical Section". The statement does not require the use of the coverage formulas stipulated in their bond covenants because the purpose is to help the user assess the County's ability to generate sufficient resources to pay debt, rather than to demonstrate legal compliance. Therefore, the schedules herein presented do not necessarily represent legal compliance.

Pledged revenues: Seaport Revenue Bonds are payable solely from net revenues of the Seaport Department. In addition, the net revenues are pledged towards Seaport General Obligation Bonds. Principal payments for the GOB bonds were \$6.875 million and interest payments were \$2.826 million in fiscal year 2020.

The pledged revenue schedules were prepared as per GASB 44 "Economic Condition Reporting: The Statistical Section". The statement does not require the use of the coverage formulas stipulated in their bond covenants because the purpose is to help the user assess the County's ability to generate sufficient resources to pay debt, rather than to demonstrate legal compliance. Therefore, the schedules herein presented do not necessarily represent legal compliance.

Pledged revenues: Payable from the transit system 1/2 cent sales surtax.

Gross revenues in this schedule are 80% of the Transit sales surtax proceeds. The other 20% is paid out to municipalities. The pledged revenue schedules were prepared as per GASB 44 "Economic Condition Reporting: The Statistical Section". The statement does not require the use of the coverage formulas stipulated in their bond covenants because the purpose is to help the user assess the County's ability to generate sufficient resources to pay debt, rather than to demonstrate legal compliance. Therefore, the schedules herein presented do not necessarily represent legal compliance.

### **INDEPENDENT AUDITORS' REPORT**

To Honorable Harvey Ruvin, Clerk of the Circuit and County Courts of Miami-Dade County, Florida Eleventh Judicial Circuit of Florida

### **Report on the Financial Statements**

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Clerk of the Circuit and County Courts of the Miami-Dade County, Florida, Eleventh Judicial Circuit of Florida (the "Clerk"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Clerk's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major funds, and the aggregate remaining fund information of the Clerk as of September 30, 2020, and the respective changes in financial position, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

### **Emphasis of Matter**

As discussed in Note 1 to the financial statements, the accompanying financial statements were prepared for the purpose of complying with Section 218.39(2), *Florida Statutes*, and Section 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*. These financial statements do not purport to, and do not, present fairly the financial position of Miami-Dade County, Florida, as of September 30, 2020, and changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Other Matters**

### Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk's basic financial statements. The combining and individual nonmajor fund financial statements, and combining and individual fiduciary financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, and combining and individual fiduciary fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 2, 2021, on our consideration of the Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk's internal control over financial reporting and compliance.

Den J.A.

Miami, Florida February 2, 2021

| Total Liabilities   | <u>\$ 152,419,682</u> |

### Note 1 - General

### Structure

The Clerk of the Circuit and County Courts of Miami-Dade County, Florida, Eleventh Judicial Circuit of Florida (the Clerk), is an elected official pursuant to Article V of the Florida Constitution. The Clerk serves in two capacities: Clerk of the Circuit and County Courts and Clerk, Ex-Officio of the Board of County Commissioners. Under the first function the Clerk provides support to the Courts (Civil, Family, Criminal and Traffic). His ex-officio functions include Clerk of the Board of County County Auditor, Custodian of Public Funds and County Recorder.

The Constitutional Revision 7 to Article V of the Florida Constitution allocated state court system funding among state, counties, and users of courts. It specifically addresses funding responsibilities, functional responsibilities, management structure and operational efficiencies. Funding responsibilities are defined as pertaining to the State court system when the Clerk serves in his capacity as Clerk of the Circuit and County Courts and to the Board of County Commissioners (the Board) when serving as ex-officio of the Board. Consequently, the Clerk prepares a budget in two parts.

The Clerk's Offices are funded from filing fees, service charges, court costs and fines. During the 2017 legislative session, FS 28.35(f) was amended to require each Clerk's Office to submit its budget request to the Florida Clerk of Court Operations Corporation (CCOC) for final approval. However, the CCOC must ensure that the total combined budgets of the clerks of the court do not exceed the total estimated revenues available for court related expenditures as determined by the most recent Revenue Estimating Conference.

The budget for the ex-officio capacity is funded by the Board as part of the County's annual budget whereby the Clerk remits all fees and other monies earned through the agency funds to the County for appropriation by the Board.

### **Financial Statements**

The financial statements presented include the general fund, special revenue funds and agency funds of the Clerk of the Circuit Court's office. The accompanying financial statements were prepared for the purpose of complying with Section 218.39(2), *Florida Statutes*, and Section 10.557(3), *Rules of the Auditor General for Local Governmental Entity Audits*.

### Note 1 - General (cont'd)

### Financial Statements (cont'd)

Section 10.556(5), *Rules of the Auditor General for Local and Governmental Entity Audits,* permits the Clerk's financial statements to only present fund financial statements. Accordingly, due to the omission of certain financial statement disclosures and management's discussion and analysis these financial statements do not constitute a complete presentation of the financial position of the Clerk for the year ended September 30, 2020 and changes in its financial position for the year then ended in conformity with Governmental Accounting Standards Board Statement No. 34, but otherwise constitute financial statements prepared in conformity with accounting principles generally accepted in the United States of America. The financial activities of the Clerk, as a constitutional officer, are included in the County's Comprehensive Annual Financial Report.

### Note 2 - Summary of Significant Accounting Policies

The following is a summary of the more significant accounting policies used in the preparation of the accompanying financial statements:

The accounts of the Clerk are organized and operated on the basis of funds and an account group, each of which is considered a separate accounting entity. Each fund and account group is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenue, and expenditures. Resources are allocated and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The Clerk has the following funds:

### A. Major Governmental Funds

### (i) General Fund

The General Fund is used to account for all revenues and expenditures applicable to the general ex-officio operations of the Clerk. The General Fund measurement focus is upon determination of financial position and changes in financial position (sources, uses and balances of financial resources rather than upon net income determination).

**The Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes. The measurement focus of these funds is the same as the General Fund.

### Note 2 - Summary of Significant Accounting Policies (cont'd)

### A. Major Governmental Funds

The following comprise Special Revenue Funds of the Clerk:

### (ii) Court Operations Fund

*The Circuit and County Court functions are funded pursuant to Sections 28.35 and 28.36, Florida Statutes.* 

### (iii) Child Support Grant Fund

The Clerk operates within the Central Depository Fund activities relating to Child Support. Per the cooperative agreement (CL313) between the Florida Department of Revenue Child Support Enforcement Program and the Clerk in its capacity as the local child support depository, and as required by 45 C.F.R.S. 303.107(d) the expenditures related to those activities are reimbursed by the Department of Revenue.

### (iv) Public Records Modernization Trust Fund

Established July 1, 1987 per section 28.24 (12)(d), *Florida Statute*. This fund receives \$1.00 for each first page and \$0.50 for each page thereafter per instrument recorded in the official records of the County Recorder. The funds are utilized for equipment, personnel training, and technical assistance in modernizing the official records system.

### (v) Lobbyists Registration Trust Fund

Established February 19, 1991 by County Ordinance 91-22 and amended June 2, 1998 by Ordinance 98-76. This fund receives \$125 for initial registration fees and \$490 for biennial registration fees. These fees are utilized to fund the costs of administering the provisions of the Ordinance.

### (vi) Code Enforcement Technological Trust Fund

Established May 25, 1999 by County Ordinance 99-55 and comprising the newly created Section 8CC-10.1 of the Code of Miami-Dade County. This fund receives \$10 from each code enforcement civil penalty to be utilized for the enhancement of the technological capability of all code enforcement departments.

### (vii) Court Technology Trust Fund

Effective July 1, 2004, per section 28.24(12)(e) *Florida Statutes*, the Court Technology Trust Fund receives \$1.90 per page per instrument recorded in the official records of the County Recorder. The funds are utilized for funding court-related technology needs of the Clerk.

### Note 2 - Summary of Significant Accounting Policies (cont'd)

### B. Non-major Governmental Funds

All non-major governmental funds are comprised of various Special Revenue Funds.

The following comprise the Non-major Governmental Special Revenue Funds of the Clerk:

### (i) Clerk's Traffic Facility Trust Fund

Established September 1, 1987 by County Resolution R-1196.87. This fund received \$10 from each driver license reinstatement fee collected to be utilized by the Traffic Court Division for the operating expenses incurred in collecting the fee and the purchase of data processing services through September 30, 2008. Revenue is no longer collected in this fund; however, the provisions still apply to the remaining fund balance.

### (ii) Parking System Trust Fund

Established October 1, 1990 by Court Administrative Order No. 90-28. This fund received \$3 of the costs assessed under Section 30-388.32 of the County Code for the maintenance and enhancement of the Parking Violations Bureau Collections System. County Ordinance 18-145 was adopted last year, amending Section 30-388.32. Although these costs were not assessed during this fiscal year, the provisions still apply to the remaining fund balance.

### (iii) Clerk's Service Enhancement Trust Fund

Established as a 1994 amendment to County Ordinance 90-72 which amended County Code Section 30-388.32. This fund received \$4 for each assessment of costs pursuant to parking violations and authorized the Clerk of the Courts to expend them for the enhancement of the services provided by his Office. County Ordinance 18-145 was adopted last year, amending Section 30-388.32. Although these costs were not assessed during this fiscal year, the provisions still apply to the remaining fund balance.

### Note 2 - Summary of Significant Accounting Policies (cont'd)

### B. Non-major Governmental Funds (cont'd)

### (iv) Bid Protest Trust Fund

Established June 15, 2001 by Administrative Order 3-21, to protest an award recommendation with respect to County contracts and purchases. The Administrative Order defines the requirements and procedures governing a bid protest brought by a participant with respect to the recommended award of a County contract or purchase involving the expenditure of over \$25,000. It provides that the protester pay a non-refundable filing fee in accordance with a fixed rate schedule which is used to defray the costs of administering the bid protest program.

### C. Fiduciary Funds

Fiduciary funds of the Clerk are Agency Funds which report assets received for, and disbursed to, other governmental units or outside persons or groups. Agency funds are custodial in nature and, accordingly, do not report equity nor involve the measurement of results of operations.

### D. Basis of Accounting and Presentation

The accounts of the Governmental Fund Types and Fiduciary Fund Type are maintained on the modified accrual basis. Under the modified accrual basis, liabilities are recorded at the time they are incurred, and assets are recorded as they are both measurable and available to pay liabilities of the current period. Expenditures are recorded at the time liabilities are incurred and revenues are recorded when received in cash or when they are considered both measurable and available.

### E. Classification of Agency Funds

The accounts of the Clerk's Agency Fund have been classified into two sets - the Circuit Court Agency Fund and the County Agency Fund.

### Note 2 - Summary of Significant Accounting Policies (cont'd)

### E. Classification of Agency Funds (cont'd)

The Circuit Court Agency Fund consists of the following agency sub-funds:

### (i) General Clerk's Agency Fund

Accounts for all monies collected and disbursed by the Circuit Court - principally filing fees, service charges, and code enforcement violation fines.

### (ii) Central Depository Fund

Accounts for the collection and proper release of court-ordered alimony and child support payments.

### (iii) Court Registries Fund

Accounts for the deposit and subsequent release of various types of monies under the authority of Circuit orders, including the receipt and disbursement of the proceeds from the sale of foreclosed property.

### (iv) Criminal Bond Fund

Accounts for the collection and proper release of criminal bonds.

### (v) Restitution Registries Fund

Accounts for the collection and proper release of court-ordered, non-probation restitution payments.

### (vi) Witness Fund

Accounts for disbursement of witness fees and travel costs.

### (vii) County Recorder Fund

Accounts for all collections made by the County Recorder, including documentary stamps and intangible taxes remitted to the State of Florida and all statutory fees.

### Note 2 - Summary of Significant Accounting Policies (cont'd)

### E. Classification of Agency Funds (cont'd)

The County Court Agency Fund consists of the following agency sub-funds:

### (i) General Clerk's Agency Fund

Accounts for all monies collected and disbursed by the County Clerk - principally traffic and parking fines, filing fees and service charges.

### (ii) Court Registries Fund

Accounts for the deposit and subsequent release of various types of monies under the authority of County Court orders.

### (iii) County Bond Fund

Accounts for the collection and proper release of County Court bonds.

### F. Investments

Investments are carried at fair value, except for investments with an original maturity of one year or less at the date of purchase which are carried at amortized cost.

### G. Budgetary Requirements

### (i) General Fund

Section 129.03 Florida Statutes governs the preparation, adoption, and administration of the Clerk's annual General Fund budget. The Clerk prepares a budget for the ex-officio functions for the General Fund and submits it to the Board for approval. Any subsequent amendments to the total General Fund budget must be approved by the Board.

### (ii) Court Operations Fund

Sections 28.35 and 28.36, Florida Statutes govern the preparation, adoption, and administration of the Clerk's annual budget for the Circuit and County Court functions. Legislation passed in 2013 provided that Clerks be removed from the State appropriations process and returned the Clerks to a county fiscal year.

The Clerk prepares a budget for the Court Operations Fund and submits it to the CCOC for approval. The CCOC reviews and approves the budget request for each Clerk. The Clerks' Offices are funded from filing fees, service charge, court costs and fines.

### Note 2 - Summary of Significant Accounting Policies (cont'd)

### G. Budgetary Requirements (cont'd)

### (iii) Public Modernization Trust Fund

The Clerk's Office does not prepare an annual budget for this fund. Section 28.24(12)(d), *Florida Statutes* authorizes the fees charged under this fund. Funds collected are utilized to pay for equipment, personnel training, and technical assistance in modernizing the official records system.

### (iv) Lobbyist Registration Trust Fund

The Clerk's Office does not prepare an annual budget for this fund. County Ordinance 98-76 governs the administration of the Lobbyist Registration Trust Fund. Fees collected are utilized to fund the cost of administering the provision of the Ordinance.

### (v) Code Enforcement Technological Trust Fund

The Clerk's Office does not prepare an annual budget for this fund. Chapter 8CC-10.1 of the Code of Miami-Dade County governs the administration of the Code Enforcement Technology Trust Fund. A committee of 5 members, who are jointly appointed by the Clerk and the County Mayor review all requests for expenditures and determine the priority of use of the funds.

### (vi) Court Technology Trust Fund

The Clerk's Office does not prepare an annual budget for this fund. Section 28.24(12)(e), *Florida Statutes* authorizes the fees charged under this fund. Funds collected are utilized to fund court-related technology needs of the Clerk.

The budgets are prepared on a basis consistent with accounting principles generally accepted in the United States of America. Expenditures may not legally exceed appropriations at the departmental level. Appropriations lapse at year-end. Budgetary control is maintained at the departmental major object expenditure level. Budgetary changes within major object expenditure categories are made at the discretion of the Clerk. The Clerk does not adopt a budget for the non-major governmental Special Revenue Funds.

### Note 2 - Summary of Significant Accounting Policies (cont'd)

### H. Capital Assets

The tangible personal property used by the Clerk is reported in the Account Group of the County. Upon acquisition, such assets are recorded as expenditures in the General Fund of the Clerk and capitalized at cost in the General Fixed Assets Account Group of the County. The Clerk maintains custodial responsibility for the fixed assets used by the office. Fixed assets held by the Clerk totaled approximately \$3,706,000 at September 30, 2020.

*Furniture and Equipment* is the only category maintained in the Clerk's Office. It has a capitalization threshold of \$5,000 and a useful life of seven years. These assets include fixed or movable tangible assets to be used for operation such as machinery, computers, printers, radios, vehicles, etc.

### I. Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and expenses during the reporting period. Actual results could differ from those estimates.

### **Fund Balance**

In the fund financial statements, governmental funds report aggregate amounts for two classifications of fund balances based on the constraints imposed on the use of these resources.

*Restricted fund balance.* This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed fund balance.* These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the Board of County Commissioners (the Board)—the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Board removes the specified use by taking the same type of action imposing the commitment.

### Note 3 - Cash and Cash Equivalents

At September 30, 2020, the approximate carrying amount of the Clerk's Agency Fund's demand deposits and cash equivalents was \$152,332,000 and the approximate bank balance was \$163,001,000. In addition, cash equivalents in the major governmental special revenue funds of approximately \$22,982,000 were maintained by the County in the County's pooled cash system. All cash deposits are held in banking institutions approved by the State of Florida State Treasurer to hold public funds. Under the *State of Florida Statutes* Chapter 280, "Florida Security for Public Deposits Act," the State Treasurer requires all qualified public depositories to deposit with the Treasurer to another banking institution eligible collateral equal to 50% to 125% of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally U.S. Government and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. Any losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

At September 30, 2020, the Clerk's demand deposits and cash equivalents had no credit risk, custodial credit risk, concentration of credit risk or interest rate risk.

The Clerk's investments which are administered by the County are made in accordance with *Florida Statutes* 218.415, and County Ordinance 84-47, Resolution R-31-09 and its Investment Policy to make certain investments. The Investment Policy was updated and adopted on January 22, 2009 in response to current and possible uncertainties in the domestic and international financial markets. The County's overall investment objectives are, in order of priority, the safety of principal, liquidity of funds and maximization of investment income.

The Clerk is authorized to invest in repurchase agreements, certificates of deposit, U.S. Treasury Bills, negotiable direct obligations of the U.S. Government, obligations of the Federal Farm Credit Banks, the Federal Home Loan Mortgage Corporation or obligations guaranteed by the Government National Mortgage Association and the Local Government Surplus Funds trust funds.

Earnings for non-court investments are remitted to the County. Court-related investment earnings are generally retained by the Clerk. The exception is for funds received in Court Registries subject to investment restrictions pursuant to court orders and for which only 10% of the related investment earnings are retained by the Clerk. Any idle cash is invested by the Clerk. Total interest earned on the Clerk's investments during the year amounted to approximately \$109,000. Interest earned by the special revenue funds maintained in the County's pooled cash system was approximately \$93,000.

### Note 3 - Cash and Cash Equivalents (cont'd)

The Clerk considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. At September 30, 2020, the Clerk did not hold any investments with maturities greater than three months.

### Note 4 - Capital Assets

The following is a summary of capital assets activity during the current year:

|                               | Beginning<br><u>Balance</u> |           | <u>Increases</u> |           | Decreases |           | Ending<br><u>Balance</u> |
|-------------------------------|-----------------------------|-----------|------------------|-----------|-----------|-----------|--------------------------|
| Cost                          | \$ 3,520,486                | \$        | 215,487          | \$        | (30,167)  | \$        | 3,705,806                |
| Less accumulated depreciation | 3,139,068                   |           | 132,507          |           | 30,167    |           | 3,241,408                |
| Total capital assets          | <u>\$ 381,418</u>           | <u>\$</u> | 82,980           | <u>\$</u> | _         | <u>\$</u> | 464,398                  |

Depreciation expense recognized during the current year was approximately \$102,000.

### Note 5 - Lease Commitments

The Clerk leases office space under arrangements accounted for as operating leases. Total rental expenditure under these leases was approximately \$2,189,000 for the year ended September 30, 2020.

### Note 6 - Pension Plan

The Clerk's employees participate in the Florida Retirement System (FRS) Pension Plan, a costsharing, multiple-employer, public employee retirement plan which covers substantially all of the Clerk's full-time and part-time employees. The FRS was established in December 1, 1970 by Chapter 121, Florida Statutes. The FRS is a defined benefit plan, qualified under Section 401 (a) of the Internal Revenue Code.

All eligible employees who were hired after November 1970 and those employed previously and electing to be enrolled, are covered by the FRS. Employees enrolled in the FRS before July 1, 2011 vest after 6 years of service. Those enrolled on or after that date vest after 8 years of service. Benefits are computed on the basis of age, earnings, creditable service, and membership class. Retired employees are entitled to an annual retirement benefit payable monthly for life. The FRS also provides for early retirement at reduced benefits, as well as death and disability benefits.

### Note 6 - Pension Plan (cont'd)

The FRS is a contributory system and is administered by the State of Florida. Contribution rates are set by the Florida Legislature each year and are subject to change. Effective July 1, 2011, retirement contributions are paid by both employees (employee contribution rate is 3% of salary) and their participating employers. From October 1975 through June 2011 the FRS had been an employee-noncontributory system.

Employer contribution rates are blended for the five membership classes and are established as a percentage of salaries. The Clerk's contribution to the FRS for the year ended September 30, 2020 was approximately \$5,822,000 compared to \$5,144,000 for the year ended September 30, 2019 and \$5,031,000 for September 30, 2018. This represents pension costs of 11% of gross salaries in each of the fiscal years 2020, 2019 and 2018.

The Clerk has met all contribution requirements for the current year and the preceding two years.

FRS issues an annual financial report. A copy can be obtained by writing to Division of Retirement, Research and Education Section, P.O. Box 9000, Tallahassee, FL 32315-9000, by calling toll-free (877) 377-1737, or by visiting their website at http://FRS.myFlorida.com.

### Note 7 - Deferred Compensation Plan

During fiscal year 1999 the County adopted the Provisions of the Internal Revenue Code Section 457, whereby the assets and income of the deferred compensation plan (the "Plan") are held in trust for the exclusive benefit of the participants and their beneficiaries. The County has also elected to transfer all fiduciary responsibilities to an external third party, and as such, the assets and income from the Plan are not reported in the County's financial statements.

### Note 8 - Long-Term Obligations – Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits, which will be paid to employees upon separation from County service. The Clerk accrues vacation and sick pay benefits in the period they are earned. Accrued vacation and sick pay are included in the basic financial statements of the County.

The following is a summary of changes in long-term obligations during the current year:

|                              | Beginning<br><u>Balance</u> | <u>Additions</u>      | <u>Retirements</u>  | Ending<br><u>Balance</u> |
|------------------------------|-----------------------------|-----------------------|---------------------|--------------------------|
| Accrued compensated absences | <u>\$ 15,827,479</u>        | <u>\$   3,311,118</u> | <u>\$ (437,701)</u> | <u>\$ 18,700,896</u>     |

### Note 9 - Insurance Coverage

The Clerk participates in the County's self-insurance programs. The County's Risk Management Division (RMD) administers workers' compensation and auto and general liability self-insurance programs. No excess coverage is purchased for these programs. The County purchases excess commercial property insurance for County-owned properties. The group medical and life insurance programs are also self-insured and are managed by an independent third party administrator. Premiums are charged to the various County departments based on amounts necessary to fund the program. For the year ended September 30, 2020 the Clerk paid approximately \$14,103,000 in premiums for the self-insured programs.

### Note 10 - Related Party Transactions

The Clerk incurred costs and charges from the County for court and non-court operations totaling approximately \$4,073,000. This included approximately \$3,338,000 for information and technology services, \$548,000 for records management and \$187,000 for rent and supplies.

### Note 11 - Article V Activities

### Legislation

Effective July 1, 2004, the Clerk implemented the provision of Constitutional Revision 7 to Article V of the Florida Constitution. Article V activities are related to the operation of the Circuit and County Court functions. It allocated state court system funding among state, counties, and users of courts. It addressed, but was not limited to, funding responsibilities. The Clerk accounts for all revenues and expenditures for Circuit and County court functions in its major Special Revenue Fund, Court Operations.

Clerk offices are funded primarily by fees collected locally. FS 28.36(2)(a) requires each Clerk's Office to submit its budget request to the CCOC for final approval. Pursuant to F.S. 28.35(2)(f), the CCOC must ensure that the total combined budgets of the clerks of the court do not exceed the total estimated revenues available for court related expenditures as determined by the most recent Revenue Estimating Conference, plus the total of unspent budgeted funds for court-related functions carried forward by the clerks of the court from the previous county fiscal year and plus the balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to F.S. 28.37(3)(b).

Pursuant to F.S. 28.37(2), Clerks are also required to remit monthly to the Florida Department of Revenue collections that are in excess of one-twelfth of the annual approved court budget.

### Note 11 - Article V Activities (cont'd)

The changes in Section 28.37(3), F.S. also allowed Clerks to retain collected revenues from September 2019 to fund cash flow requirements for the year ended September 30, 2020 and to remit unspent collected and appropriated funds from September 1, 2019 through August 31, 2020 by January 25, 2021. However, pursuant to 28.36(3), F.S. if a revenue deficit is projected for a Clerk of Courts after retaining all of the projected collections from the court-related fines, fees, service charges, and costs, the CCOC shall request release authority for funds from the Clerks of the Court Trust Fund. The funding of the shortfall of revenue from September 1, 2019 through August 31, 2020 will generally take place by January 25, 2021.

### COVID-19 Pandemic

On March 9, 2020 Florida Governor Ron DeSantis issued Executive Order Number 20-52, declaring a state of emergency for the entire state due to the outbreak of the Novel Coronavirus (COVID-19), soon thereafter identified as a global pandemic. The Florida Supreme Court issued various Administrative Orders to protect the health and safety of the public and staff members.

As the State of Florida struggled with the devastating impact of the COVID-19 pandemic, the Clerk of Courts moved quickly to address constituents needs during the crisis. During the early stages of the pandemic, the Clerk established an Executive Management Team to collaborate with the Courts and facilitate coverage of mission-critical services.

During the third quarter of the fiscal period, the groundwork for virtual court appearances and increased use of technology was established. Non-essential court functions were primarily serviced remotely. The Clerk's Phone Unit remained open as customer service representatives answered a majority of the calls remotely. Clerk's staff also largely worked remotely using the e-Filing portal to continue processing Civil, Family and Probate filings. Ultimately, all court locations remained open to accept court-essential payments despite the challenges posed by the COVID-19 emergency.

As in other major economic downturns, the pandemic has reduced state and local revenues. The outbreak of COVID-19 continues to be monitored at local, state, national and worldwide levels as increased demands for funding impose severe strains on revenue-limited budgets.

### **Budget Authority**

At the beginning of the fiscal year the Florida Clerk of the Courts collectively were authorized to spend approximately \$459,000,000 of their total collected revenues including \$11,700,000 for Juror Program expenditures.

## Note 11 - Article V Activities (cont'd)

# Budget Authority (cont'd)

The budget authority originally allocated to the Miami-Dade Clerk of Courts was approximately \$72,598,000, composed of \$71,546,000 for the operational budget and \$1,053,000 for Juror Program expenditures.

In March 2020, the State of Florida went into a lockdown due to the COVID-19 pandemic and as a result revenues declined considerably. The CCOC reviewed the operational budget authority twice during that period. At the end of the fiscal year, the CCOC adjusted the budget authority from the original appropriation of approximately \$72,598,000 to \$63,989,000 representing a 12 percent reduction.

Additionally, at the beginning of fiscal year ended September 30, 2020, the CCOC distributed unspent budgeted funds from the prior fiscal year of approximately \$5,813,000. Also distributed from fiscal year ended September 30, 2019 was \$10,000,000 in cumulative excess funds. Miami-Dade County's share of the total distribution was approximately \$2,532,000.

The funding for the Clerks' Offices is derived from filing fees, service charges, court costs and fines.

# Funds Transferred to the State of Florida

Pursuant to 28.37(2), F.S. Clerks are also required to remit monthly to the Florida Department of Revenue, collections that are in excess of one-twelfth of the annual approved court budget as part of the methodology used by the State of Florida to provide and distribute funding to other Clerks. The distribution of approximately \$2,047,000 for fiscal year ended September 30, 2020 by Miami-Dade County was based on the funded/ depository designation.

# Settle-Up of Funding for Revenue Shortfalls

Pursuant to 28.36(3), F.S. if a revenue deficit is projected for a Clerk of Courts office after retaining all of the projected collections from the court-related fines, fees, service charges, and costs, the CCOC shall request release authority for funds from the Clerks of the Court Trust Fund. The funding of the shortfall of revenue from September 1, 2019 through August 31, 2020 generally takes place by January 25, 2021. The settle up amount for the fiscal year ended September 30, 2020 is approximately \$581,000.

As of September 30, 2020, unspent funds totaled approximately \$4,524,000, representing September 2020 revenue collections which can be used to fund cash flow requirements for the year ended September 30, 2021.

### Note 11 - Article V Activities (cont'd)

### Settle-Up of Funding for Revenue Shortfalls (cont'd)

The Clerk's Juror Program expenditures for the quarter ending September 30, 2020 exceeded that quarter's allocation and carryover from prior years by approximately \$152,000.

### Note 12 - Pronouncements Issued, Not Yet Effective, and Recently Adopted

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates in the future that may impact future financial presentations.

### • GASB Statement No. 84– Fiduciary Activities

The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The provisions of this Statement are effective for the financial reporting periods beginning after December 15, 2018. Management has determined this statement will have no effect on the Clerk's financial statements.

### • GASB Statement No. 87– Leases

The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lesse is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The provisions of this Statement are effective for the financial reporting periods beginning after December 15, 2019. Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

### Note 12 - Pronouncements Issued, Not Yet Effective, and Recently Adopted (cont'd)

# • GASB Statement No. 89– Accounting for Interest Cost Incurred before the End of a Construction Period

The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

This Statement requires that interest cost incurred before the end of a 352construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The provisions of this Statement are effective for the financial reporting periods beginning after December 15, 2019. Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

# • GASB Statement No. 90– Majority Equity Interest – an amendment of GASB Statements No. 14 and No. 61

The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

This Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. Transactions presented in flows statements of the component unit in that circumstance should include only transactions that occurred subsequent to the acquisition. The provisions of this Statement are effective for the financial reporting periods beginning after December 15, 2018. Management has determined this statement will have no effect on the Clerk's financial statements.

### Note 12 - Pronouncements Issued, Not Yet Effective, and Recently Adopted (cont'd)

### • GASB Statement No. 91– Conduit Debt Obligations

This Statement will define conduit debt obligations for accounting and financial reporting purposes, establish related standards for recognition and measurement, and improve disclosures. Conduit debt obligations (CDOs) refer to certain debt instruments issued by a state or local government on behalf of a specific third party or parties. Third parties use this financing for projects including affordable housing developments, not-for-profit hospitals, and economic development. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

### • GASB Statement No. 92– Omnibus 2020

The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

The requirements of this Statement covers the following GASB pronouncements and the effective as follows:

- The requirements related to the effective date of **Statement 87** and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance.
- The requirements related to intra-entity transfers of assets and those related to the applicability of **Statements 73 and 74** are effective for fiscal years beginning after June 15, 2020.
- The requirements related to application of **Statement 84** to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities are effective for reporting periods beginning after June 15, 2020.
- The requirements related to the measurement of liabilities (and assets, if any) associated with **AROs** in a government acquisition are effective for government acquisitions occurring in reporting periods beginning after June 15, 2020.

Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

### Note 12 - Pronouncements Issued, Not Yet Effective, and Recently Adopted (cont'd)

### • GASB Statement No. 93– Replacement of Interbank Offered Rates

The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR.

Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate.

The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2020. Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

# • GASB Statement No. 94– Public-Private and Public-Public Partnerships and Availability Payment Arrangements

The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction.

This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

### Note 12 - Pronouncements Issued, Not Yet Effective, and Recently Adopted (cont'd)

# • GASB Statement No. 95– Postponement of the Effective Dates of Certain Authoritative Guidance

The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

The requirements of this Statement are effective immediately. Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

### • GASB Statement No. 96– Subscription-Based Information Technology Arrangements

This Statement provides guidance on the accounting and financial reporting for subscriptionbased information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended.

This Statement requires a government to disclose descriptive information about its SBITAs other than short-term SBITAs, such as the amount of the subscription asset, accumulated amortization, other payments not included in the measurement of a subscription liability, principal and interest requirements for the subscription liability, and other essential information. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

## Note 12 - Pronouncements Issued, Not Yet Effective, and Recently Adopted (cont'd)

• GASB Statement No. 97– Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans— an amendment of GASB Statements No. 14 and 84, and a supersession of GASB Statement No. 32

The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. Management has not currently determined what effect implementation of this statement may have on the Clerk's financial statements.

# Note 13 - Contingencies

Cost reflected in the accompanying financial statements relating to the Florida Department of Revenue funded Child Support Enforcement Program are subject to audit by the grantor agency. The possible disallowance by the grantor agency of any item charged to the Program, if any, cannot be determined at this time. No provision for any liability that may result has been made in the financial statements. A significant reduction in the level of this funding, if this were to occur, would have an effect on the Clerk's ability to carry out the activities of the Child Support Enforcement Program. The Clerk's Office believes that a significant reduction in the level of funding by the grantor agency is highly unlikely.

### Note 14 - Subsequent Event

The Clerk has evaluated events and transactions for subsequent events that would impact the financial statements for the year ended September 30, 2020 through February 2, 2021, the date the financial statements were available to be issued. There were no subsequent events that require recognition or disclosure in the financial statements.

# Note 14 - Subsequent Event (cont'd)

Effective October 1, 2020, a portion of the activities of the Code Enforcement Division will no longer be under the purview of the Clerk of Courts under Administrative Order No. 2-5. Miami-Dade County Finance will assume all responsibilities for collections and distribution in accordance with the Miami-Dade County Home Rule Charter and other sections 1.01, 2.02(A), 5.01 and 5.03 and Chapter 8CC, Code of Miami-Dade County. The Clerk of Courts will continue to support the Hearing Process functions within the Code Enforcement Division.

### **OTHER REPORTING REQUIREMENT**

SEPTEMBER 30, 2020

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To Honorable Harvey Ruvin, Clerk of the Circuit and County Courts of Miami-Dade County, Florida Eleventh Judicial Circuit of Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Clerk of the Circuit and County Courts of the Miami-Dade County, Florida, Eleventh Judicial Circuit of Florida (the "Clerk"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Clerk's basic financial statements, and have issued our report thereon dated February 2, 2021.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Clerk's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### Management Letter in Accordance With the *Rules of the Auditor General* of the State of Florida

The Honorable Mayor and Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

#### **Report on the Financial Statements**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Miami-Dade County, Florida (the County) as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated May 28, 2021. Our report includes a reference to other auditors who audited the component units and funds listed below. This report does not include the findings and recommendations of the other auditors' that are reported on separately by those auditors.

#### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, *Rules of the Auditor General* of the State of Florida.

Other auditors audited the financial statements of the following component units and funds as described in our report on the County's financial statements:

| Component Units/Funds   | Opinion Unit                          |
|---|---------------------------------------|
| Miami-Dade Housing Agency – State Housing Initiatives Program                   | governmental activities               |
| Miami-Dade Housing Agency – Documentary Stamp Surtax Program                    | governmental activities               |
| Miami-Dade Housing Agency – Other Housing Programs                              | governmental activities               |
| Miami-Dade County Clerk of the Circuit and County Courts – Special Revenue Fund | governmental activities               |
| Miami-Dade Housing Agency – Section 8 Allocation Properties Fund                | business-type activities              |
| Miami-Dade Housing Agency – Mixed Income Properties Fund                        | business-type activities              |
| Miami-Dade Vizcaya Museum and Gardens Trust, Inc                                | business-type activities              |

#### THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

#### **Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control Over Compliance, Schedule of Findings and Questioned Costs, and Independent Accountant's Reports on Examination Conducted in Accordance With *AICPA Professional Standards*, *AT-C Section 315*, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report, except as noted below in Appendix B to this report under the heading "Status of Prior Year Findings and Recommendations." This procedure does not include any matters that were reported on by other auditors as identified above on page 1.

#### **Official Title and Legal Authority**

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The information is disclosed in Note 1 to the County's financial statements.

#### **Financial Condition and Management**

Sections 10.554(1)(i)5.a, and 10.556(7), *Rules of the Auditor General*, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. This report does not include any matters that were reported on by other auditors as identified above. The recommendations to improve the County's financial management have been addressed in "Current Year's Recommendations to Improve Financial Management" in Appendix A to this report. Management's responses to the recommendations to improve the County's financial management have been addressed in "Current Year's Recommendations to Improve Financial Management" in Appendix A to this report. A to this report.

#### **Additional Matters**

Section 10.554(1)(i)3., *Rules of the Auditor General,* requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

#### Purpose of This Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

RSM US LLP

Miami, Florida May 28, 2021, except for the report on compliance for each major federal program and state project and report on internal control over compliance, for which the date of each report is June 30, 2021

| 2020-002 | Schedule of Expenditures of Federal Awards and State Financial Assistance (SEFA) |

#### Appendix A—Current Year's Recommendations to Improve Financial Management

#### 2020-001 Other Postemployment Benefits Liability

**Criteria:** Internal control policies and procedures should provide reasonable assurance regarding the data included in actuarial valuations completed by external specialists. The reliability of actuarial valuations are a critical function of the financial reporting process and should be completed in a timely manner.

**Condition:** During census data testing for Other Postemployment Benefit Liability (OPEB), we noted that personnel from the Firefighters' department were excluded from the County's OPEB Liability. Upon review of the Metro-Dade Firefighters IAFF Local 1403 Collective Bargaining Agreement, it was noted that the County is required to pay \$150 per month as a retirees health insurance supplement to eligible firefighting personnel for a period of 10 years or until they are eligible for Medicare, whichever is less. Although this benefit was being paid to current eligible retirees, the Finance Department was unaware of this liability and upon discovery, an actuarial calculation was performed by the County's OPEB actuary to determine an estimate of the County's obligation as of September 30, 2020, which was determined to be approximately \$17.9 million.

Context: The condition is an isolated incident relating to the OPEB liability.

**Effect:** The lack of review of existing agreements can result in material misstatements to the financial statements.

Cause: There was a reliance on prior year reviews and processes.

**Recommendation:** The County has multiple collective bargaining unit agreements and faced with various complex transactions which require a rigorous analysis of the facts and adequate accounting research. We recommend that management develop and implement formal policies and procedures necessary to ensure that all non-routine and significant transactions are properly reported in the financial statements. A "best practice" may include that the County: (1) document the fact pattern related to the transaction; (2) summarize the terms of the transactions; (3) analyze the accounting implications; (4) conduct the adequate research or consult others as considered necessary; (5) document conclusions reached; and (6) implement a formal review of the conclusions.

**Views of Responsible Officials and Planned Corrective Actions:** Census data provided to the external actuary is provided by the County. The census data is reviewed by the actuary and sorted based on the scope of services defined. Upon the implementation of Governmental Accounting Standards Board (GASB) No. 45: *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for fiscal year ended September 30, 2009, the Fire Rescue Department's employees were excluded from the OPEB actuarial valuation. The actuary has written correspondence with County staff at the time whereby they reached a conclusion on the accounting treatment of the agreement. Exclusion was due to the Fire Department having their own Fire Union Insurance. Upon further inquiry and research completed this year, it was noted that the County is required to pay a small monthly fee per employee, as noted above. Upon a current review, it was determined that the agreement should be considered in the actuarial valuation. The County obtained an updated valuation from the actuary to satisfy the reporting requirements of the current year and consulted with the actuary to include the Fire Rescue Department in the actuarial valuation for the future reporting periods.

The County will review all active Collective Bargaining agreements to ensure appropriate accounting conclusions are reached.

#### Appendix A—Current Year's Recommendations to Improve Financial Management (Continued)

#### 2020-002 Schedule of Expenditures of Federal Awards and State Financial Assistance (SEFA)

**Criteria:** The Code of Federal Regulations (CFR) Section 200.303(b) requires non-federal entities to establish and maintain effective internal control over the federal award that provides reasonable assurance that the non-federal entity is managing the federal award in compliance with federal statutes, regulations, and terms and conditions of the federal award. CFR Section 200.502(a) states that the determination of when a federal award is expended should be based on when the activity related to the federal award occurs. Generally, the activity pertains to events that require the non-federal entity to comply with federal statutes, regulations and the terms and conditions of federal awards, such as expenditure/expense transactions associated with grant awards.

The design of a control structure and related policies and procedures should provide for coordination between the County's Finance Department and specific departments directly administering the grant programs regarding the progress of projects, expenditures incurred and compliance with grant requirements.

**Condition:** We noted that the SEFA provided to the auditors for the Single Audit and major program determination for the fiscal year ended September 30, 2020, required various adjustments and revisions, including the addition of grant programs that were erroneously excluded. We also noted that there was a lack of timeliness of communication from various departments administering the grants to the Finance department who compiles the SEFA.

Some of the adjustments and revisions were as follows:

- Certain expenditures were listed under incorrect Federal Assistance Listing Number (ALN)/Catalog of State Financial Assistance (CFSA) ALN(s)/CFSA(s) numbers and certain federal pass-through grant awards were misclassified as state assistance. This could have an effect on the determination of whether a program meets the criteria for consideration as a Major (Type A) Program for federal or state testing purposes.
- There were various adjustments to the SEFA for accruals that amounted to a net decrease of \$2,942,325. Such adjustments are a result of the Finance Department not reconciling prior to providing the schedule to the auditors. The final SEFA had federal and state expenditures of \$374,302,590 and \$16,501,609, respectively, an increase in federal expenditures of \$3,989,021 and a decrease in state expenditures of \$6,931,346 when compared to the initial SEFA provided to auditors.

**Context:** The finding is considered systemic in nature.

**Effect:** Lack of effective and regular coordination between the County's departments involved in grant programs may result in noncompliance with grant requirements, disallowance of program expenditures, and potential untimely recognition in the accounting records of financial transactions related to the program.

**Cause:** The departments directly administering the grants did not communicate in a timely manner to the Finance Department which resulted in multiple adjustments to the SEFA. Clearly a significant reason and effect of this was the effects of the global pandemic, the new ERP system implementation and the competing demands to address all the additional funds being received to assist the citizens and businesses of the County with the pandemic; which impacted resources in the departments that manage the grant programs, as well as, the Finance Department.

#### Appendix A—Current Year's Recommendations to Improve Financial Management (Continued)

**Recommendation:** While no one could have predicted the onset of a global pandemic and all the repercussions of dealing with it and there is nothing the County can do about something of that nature. We do believe there are some potential changes that could be made to the design of the control structure and existing policies and procedures for communication of this information and preparation of the SEFA. Grant activities including general ledger activity should be reconciled by the departments managing the programs and the information communicated timely to County Finance. Depending on the nature and size of the grant programs these reconciliations could occur, monthly, quarterly or yearly, depending on what is most efficient in each individual situation. Also additional training could be provided to help enhance the understanding of grant personnel around some of the important nuances of revenue and expenditure recognition criteria the County must comply with in accordance with generally accepted accounting principles so they provide County Finance and seek assistance for any matters they are unsure of how to process.

Also an additional procedure can be applied on the back end to review the SEFA for reasonableness by comparing the current year activity to prior years and evaluating any changes. Also as part of the validation process staff should review all expenditure amounts, ALN/CSFA numbers and grant/contract numbers to see that they are coded correctly in the SEFA.

Views of responsible officials and planned corrective action: Management understands the comment and feels there were significant competing priorities this year that affected the normal end of year process. The County had one of the most difficult years ever due to a Global Pandemic, Covid-19. Most County employees, including Finance and Grant Accountants were asked to work from home. This was a huge endeavor. However, even more important, and difficult was the amount of grant dollars provided to the County under CARES Act. Miami Dade County, including all departments and enterprise funds, received approximately \$1 billion in grant awards. These monies were to help the community with the economic hardships faced due to the pandemic. The monies were awarded mid-year and had in many cases deadlines that required spending before year-end. That became the focus of the Miami Dade County management and the grant personnel and accountants. The monies were used to feed the elderly, COVID testing, non-congregate sheltering for the homeless and others to contain the spread of COVID, assist restaurant owners, provide housing, subsidize rent, help taxi drivers that lost significant ridership, provide for mental health, distribute funds to smaller municipalities and many other community needs. Grant agreements had to be drafted for many of these programs. The process was long and arduous as the County had to ensure fairness and develop controls and processes overnight to prevent waste and fraud. The health, safety and well-being of the constituents was the County management's first priority.

The second priority that affected many was a multimillion-dollar project, INFORMS, a county-wide enterprise wide (ERP system) that was to go live October 1, 2020. This project was a significant undertaking for the County who had been on the same mainframe system (FAMIS) over 30 years. This project affected every department and again all accountants and grant personnel within the County. Processes had to be developed and tested and County personnel at the Department level were used. Lastly, over the past years, the County has been faced with continued retirements due to the Baby Boomers retiring. This is especially difficult in an environment of very long-term employees.

Due to the above time constraints and limited resources and to ensure the auditors had adequate time to audit, the County provided the auditors with a working draft of the SEFA not the final version. Going forward, the County will enhance coordination and year-end scheduling to ensure a final version of the SEFA is provided.

# Appendix B—Status of Prior Year Findings and Recommendations

# MIAMI-DADE COUNTY

# MANAGEMENT LETTER

# **AVIATION DEPARTMENT**

#### Independent Auditor's Management Letter

To the Honorable Mayor and Members The Board of County Commissioners Miami-Dade County Miami, Florida

#### **Report on the Financial Statements**

We have audited the financial statements of the Miami-Dade County Aviation Department (the "Aviation Department"), an enterprise fund of Miami-Dade County, Florida, as of and for the year ended September 30, 2020, and have issued our report thereon dated February 26, 2021. The financial statements present only the Aviation Department and do not purport to, and do not, present fairly the financial position of Miami-Dade County, Florida, as of September 30, 2020, the changes in its financial position or, where applicable, its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

#### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (the "Uniform Guidance"); *Passenger Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration, and Chapter 10.550, Rules of the Auditor General.

#### **Other Reporting Requirements**

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on compliance for Each Major Federal Program and State Financial Assistance Project and on Internal Control over Compliance Required by Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Report of Independent Auditor on Compliance for the Passenger Facility Charge Program and on Internal Control over Compliance Required by the *Passenger Facility Charge Audit Guide for Public Agencies*; and Schedule of Findings and Questioned Costs. Disclosure in those reports and schedule, which are dated February 26, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

#### **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Aviation Department is an enterprise fund of Miami-Dade County, Florida, which is a chartered political subdivision of the state of Florida. There were no component units related to the Aviation Department.

#### **Financial Condition and Management**

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us apply appropriate procedures and communicate the results of our determination as to whether or not the Aviation Department has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Aviation Department did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Aviation Department. It is management's responsibility to monitor the Aviation Department's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

#### **Purpose of this Letter**

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

# **CLERK OF CIRCUIT AND COUNTY COURTS**

# MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To Honorable Harvey Ruvin, Clerk of the Circuit and County Courts of Miami-Dade County, Florida Eleventh Judicial Circuit of Florida

# **Report on the Financial Statements**

We have audited the financial statements of the Clerk of the Circuit and County Courts of the Miami-Dade County, Florida, Eleventh Judicial Circuit of Florida (the "Clerk"), as of and for the year ended September 30, 2020, and have issued our report thereon dated February 2, 2021.

# Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

# **Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards;* Report on Internal Control over Compliance; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards,* AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 2, 2021, should be considered in conjunction with this management letter.

# **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

KPMG LLP Brickell City Center, Suite 1200 78 SW 7 Street Miami, FL 33130

### Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standard*

The Board of Trustees Public Health Trust of Miami-Dade County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, the discretely presented component unit, and the pension trust fund information of Public Health Trust of Miami-Dade County, Florida (the Trust), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Trust's basic financial statements, and have issued our report thereon dated January 29, 2021. Our report also includes a reference to other auditors who audited the financial statements of Jackson Memorial Foundation, Inc. (the Foundation), the discretely presented component unit, as described in our report on the Trust's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Trust's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we do not express an opinion on the effectiveness of the Trust's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trust's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Trust's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

January 29, 2021

KPMG LLP Brickell City Center, Suite 1200 78 SW 7 Street Miami, FL 33130

### Independent Auditors' Report on Compliance for Each Major Federal Program and State Project; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General of the State of Florida*

The Board of Trustees Public Health Trust of Miami-Dade County, Florida:

### Report on Compliance for Each Major Federal Program and State Project

We have audited the Public Health Trust of Miami-Dade County, Florida's, a department of Miami-Dade County (the Trust), compliance with the types of compliance requirements described in the *OMB Compliance Supplement*, and the requirements described in the *Florida Department of Financial Services' State Projects Compliance Supplement*, that could have a direct and material effect on each of the Trust's major federal programs and state projects for the year ended September 30, 2020. The Trust's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal programs and state projects.

### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Trust's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General of the State of Florida* (Chapter 10.550). Those standards, the Uniform Guidance, and Chapter 10.550 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the Trust's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the Trust's compliance.

### Opinion on Each Major Federal Program and State Project

In our opinion, the Trust complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2020.

### **Report on Internal Control Over Compliance**

Management of the Trust is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Trust's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Trust's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550

We have audited the financial statements of the business-type activities, the aggregate discretely presented component unit, and the pension trust fund of the Public Health Trust of Miami-Dade County, Florida, a department of Miami-Dade County, Florida (the Trust) as of and for the year ended September 30, 2020, and have issued our report thereon dated January 29, 2021, which contained an unmodified opinion on those financial statements, which collectively comprise the Trust's basic financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

### Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and Members of the Board of Commissioners Miami-Dade Public Housing and Community Development Miami, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund of Miami-Dade Public Housing and Community Development Department (the "Department"), as of and for the year ended September 30, 2020, which collectively comprise the Department's basic financial statements and have issued our report thereon dated April 20, 2021. Our report includes a reference to other auditors who audited the financial statements of the properties which comprise the Department's business-type activities, as described in our report on the Department's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. Our report also included an emphasis of matter paragraph drawing attention to the fact that the financial statements are for the Department, and that they do not purport to present the financial statements of Miami-Dade County.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Department's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Department's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control, that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Department's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Department's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Department's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

RSM US LLP

### Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

### **Independent Auditor's Report**

The Honorable Mayor and Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Waste Management Enterprise Fund of the Department of Solid Waste Management (Waste Management), an enterprise fund of Miami-Dade County, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise Waste Management's basic financial statements, and have issued our report thereon dated March 31, 2021.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Waste Management's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Waste Management's internal control. Accordingly, we do not express an opinion on the effectiveness of Waste Management's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Waste Management's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# DEPARTMENT OF TRANSPORTATION AND PUBLIC WORKS

To the Honorable Mayor and Board of County Commissioners Miami-Dade County, Florida

### **Report on the Financial Statements**

We have audited the financial statements of the Transit Enterprise Fund ("Transit"), an enterprise fund of Miami-Dade County, Florida ("County"), as of and for the year ended September 30, 2020, and the related notes to the financial statements and have issued our report thereon dated March 31, 2021. As discussed in Note 1, the financial statements present only Transit and do not purport to, and do not, present fairly the financial position of the County, the changes in its financial position, or, where applicable, its cash flows in conformity with accounting principles generally accepted in the United States of America.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*.

### Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and State Financial Assistance Project and Report on Internal Control over Compliance; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 31, 2021, should be considered in conjunction with this management letter.

### **Prior Audit Findings**

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings in the preceding annual financial audit report.

### **Other Matters**

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

### Purpose of this Letter

This letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the County Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

# MANAGEMENT LETTER

# WATER AND SEWER DEPARTMENT

# MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Honorable Daniella Levine Cava, Mayor, and Honorable Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

### **Report on the Financial Statements**

We have audited the financial statements of the Miami-Dade Water and Sewer Department (the "Department"), a department of Miami-Dade County, Florida (the "County"), as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated March 18, 2021. As discussed in Note 1, the financial statements present only the Department and do not purport to and do not, present fairly the financial position of the County, the changes in its financial position, or, where applicable, its cash flows in conformity with accounting principles generally accepted in the United States of America.

### Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

### **Other Reporting Requirements**

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards;* Independent Auditors' Report on Compliance for Each Major Federal Program and State Project; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance; Summary Schedule of Prior Audit Findings; and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedules, which are dated March 18, 2021, should be considered in conjunction with this management letter.

11

# **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

# Financial Condition and Management

Sections 10.554(1)(i)5.a., and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Department has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Department did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Department. It is management's responsibility to monitor the Department's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. The financial condition assessment was performed as of fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

# Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

# Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and State granting agencies, the Honorable Mayor, and Board of County Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

### Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

### **Independent Auditor's Report**

The Honorable Mayor and Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Miami-Dade County, Florida (the County), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 28, 2021. Our report includes a reference to other auditors who audited the component units and funds listed below. The financial statements of the Jackson Health Foundation, Inc. were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal controls over financial reporting or instances of reportable noncompliance with the Jackson Health Foundation, Inc.

Other auditors audited the financial statements of the following component units and funds, as described in our report on the County's financial statements:

| mponent Units/Funds   | Opinion Unit                        |

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Miami, Florida May 28, 2021

# Report on Compliance for Each Major Federal Program and State Project; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General, State of Florida*

### **Independent Auditor's Report**

The Honorable Mayor and Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

### Report on Compliance for Each Major Federal Program and Major State Project

We have audited Miami-Dade County, Florida's (the County) compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and the requirements described in the *Florida Department of Financial Services' State Projects Compliance Supplement*, that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2020. The County's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

The County's basic financial statements include the operations of the Miami-Dade Aviation Department; Miami-Dade Transit Department; Public Health Trust of Miami-Dade County; the Miami-Dade Housing Agency; and Miami-Dade Water and Sewer Department, which received \$199,640,753, \$244,377,000, \$321,411,154, \$4,988,307, and \$40,221,476, respectively, in federal awards and state financial assistance, which are not included in the schedule of expenditures of federal awards and state financial assistance for the year ended September 30, 2020. Our audit, described below, did not include the operations of the Miami-Dade Aviation Department, Miami-Dade Transit Department, Public Health Trust of Miami-Dade County, the Miami-Dade Housing Agency, and Miami-Dade Water and Sewer Department because these departments engaged other auditors to separately perform an audit in accordance with the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General, State of Florida*.

### Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal programs and state projects.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General, State of Florida.* Those standards and the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General,* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or major state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance.

### **Opinion on Each Major Federal Program and Major State Project**

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and major state projects for the year ended September 30, 2020.

### **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, and which are described in the accompanying schedule of findings and questioned costs as items CF 2020-003 through CF 2020-004. Our opinion on each major federal program and state project is not modified with respect to these matters.

The County's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and major state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and major state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiencies, in internal control over compliance with a type of compliance of the program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiencies, in internal control over compliance with a type of compliance of the type of type of type of the type of the type of type of the type of the type of the type of 
Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items IC 2020-001 through IC 2020-002 that we consider to be significant deficiencies. The County's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated May 28, 2021, which contained unmodified opinions on those financial statements and a reference to other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550. Rules of the Auditor General, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance

#### Note 1. General

The accompanying schedule of expenditures of federal awards and state financial assistance (the Schedule) presents the activity of all federal award programs and state financial assistance projects of the General Government, Miami-Dade County Seaport Department, and the Waste Management Enterprise Fund of the Department of Solid Waste Management of Miami-Dade County, Florida (the County) for the year ended September 30, 2020. Consequently, the Schedule does not include the federal award programs and state financial assistance of the Miami-Dade Aviation Department, Miami-Dade Transit, the Public Health Trust of Miami-Dade County, Miami-Dade Housing Agency, and Miami-Dade Water and Sewer Department. Federal awards programs and state financial assistance projects received directly, as well as passed through other government agencies, are included on the Schedule. Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or where applicable, cash flows of the County.

#### Note 2. Basis of Accounting

The Schedule includes the federal and state grant activity of certain funds and departments of the County, as described above, and is presented on the modified accrual basis of accounting for grants which are accounted for in the governmental fund types and on the accrual basis of accounting for grants which are accounted for in the proprietary fund types. Such expenditures are reported following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements, Cost Principles, and Audit Requirements of Title 2 U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Title 2 U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Regulations* Part 200, *Uniform Guidance*), and Chapter 10.550, *Rules of the Auditor General*. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### Note 3. Subrecipients

Certain program funds are passed through the County to subrecipient organizations. Subrecipients are noted on the schedule as "pass-through amount to subrecipent."

#### Note 4. Indirect Cost Recovery

The County recovered its indirect costs using the 10% de minimis indirect cost rate provided under Section 200.414 of the Uniform Guidance for federal grants received from the U.S. Department of Human and Health Services for A.L.N. #93.914 and A.L.N. #93.243, the U.S. Department of Transportation for A.L.N. #20.205 (Transportation Planning Organization only) and A.L.N. #20.505, but not for other federal grants.

#### IC 2020-001 Subrecipient Monitoring

#### Department of Treasury – Coronavirus Relief Fund (ALN No. 21.019)

<u>Criteria</u>: 2 CFR § 200.332(d), and the subrecipient agreements, requires that a pass-through entity be responsible for monitoring subrecipient activities and that the subrecipient is administering federal awards in compliance with federal requirements. A control system should be in place to ensure subrecipient monitoring activities occur on a timely basis.

<u>Condition</u>: The County was unable to provide sufficient evidence that a monitoring review was completed of the subrecipient's compliance with the Coronavirus Relief Program. For one out of four subrecipients tested we were unable to see evidence of proper subrecipient monitoring.

Questioned costs: Undeterminable.

Context: This condition is considered to be systemic in nature.

<u>Effect</u>: Subrecipients may not be administering the activities funded by the program in accordance with the provisions of the program requirements and grant agreements which may result in disallowance by the grantor of project expenditures.

<u>Cause</u>: The County has not developed a formal policy and procedures on subrecipient monitoring and site visit review for this program due to the nature of the grant and changing federal guidelines.

<u>Recommendation</u>: We recommend the County establish a formal policy and procedure to document the performance of subrecipient monitoring procedures over the activities of the sub-grantees of the program.

<u>Views of responsible officials and planned corrective action</u>: The County understands the importance of subrecipient monitoring. Contracts were established with subrecipients detailing Federal guidelines. In addition, the Program Management Division was created under the Office of Management and Budget to monitor Coronavirus Relief Fund (CRF) funds granted to subrecipients by the County. The Division is working on a monitoring plan to monitor all CRF programs to ensure compliance with Federal regulations and requirements and with the provisions of each subaward agreement.

#### State Projects

#### IC 2020-002 Reporting

# Florida Department of Elder Affairs – Passed through Alliance on Aging Local Services Program (CSFA No. 65.009)

<u>Criteria</u>: Each prime recipient must provide a monthly client information registration and tracking system (CIRTS) report no later than three days after each month end. The County is required to review the monthly reports before submission to the grantor.

<u>Condition</u>: The County was unable to provide evidence that a timely review took place for eight out of eight monthly reports selected for testing as the reports were submitted after the due date.

Questioned costs: Not applicable.

Context: This condition is considered to be systemic in nature.

Effect: Failure to comply with program requirements could result in loss of grant funding.

Cause: The County's control over this grant's reporting requirement was not operating effectively.

<u>Recommendation</u>: We recommend that the County review its current policies for oversight of compliance with reporting requirements for this grant. Personnel in charge of administering grant compliance should review the County's grant reports to ensure the timeliness and regulatory compliance are met prior to submission to grantors and should establish some form of available evidence to demonstrate the review was completed whether it be a signoff, an email or other evidence the reports were reviewed timely before being filed.

<u>Views of responsible officials and planned corrective action</u>: The department will notify its subrecipients of the importance of complying with the established reporting dates and will provide additional training to ensure future compliance. Furthermore, the department will review and revise the monthly reporting periods to provide its sub-recipients additional time to complete the required monthly reports in accordance with the established contractual deadlines.

#### CF 2020-003 Subrecipient Monitoring

#### Department of Treasury – Coronavirus Relief Fund (ALN No. 21.019)

<u>Criteria</u>: 2 CFR § 200.332(d), and the subrecipient agreements, requires that a pass-through entity be responsible for monitoring subrecipient activities and that the subrecipient is administering federal awards in compliance with federal requirements.

<u>Condition</u>: For one out of four subrecipients tested we were unable to see evidence of proper subrecipient monitoring.

Questioned costs: Undeterminable.

<u>Context</u>: This condition is considered systemic in nature.

<u>Effect</u>: Subrecipients may not be administering the activities funded by the program in accordance with the provisions of the program requirements and grant agreements which may result in disallowance of the grant expenditures and the requirement for repayment of awards funding.

<u>Cause</u>: The County has not developed a formal policy and procedures on subrecipient monitoring and site visit reviews for this program due to the nature of the grant and changing Federal guidelines.

<u>Recommendation</u>: We recommend the County establish a formal policy and procedure for monitoring and reviewing the activities of the sub-grantees of the program to ensure proper and timely monitoring of program compliance.

<u>Views of responsible officials and planned corrective action</u>: The County understands the importance of subrecipient monitoring. Contracts were established with subrecipients detailing Federal guidelines. In addition, the Program Management Division was created under the Office of Management and Budget to monitor CRF funds granted to subrecipients by the County. The Division is working on a monitoring plan to monitor all CRF programs to ensure compliance with Federal regulations and requirements and with the provisions of each subaward agreement.

# Florida Department of Elder Affairs – Passed through Alliance on Aging Local Services Program (CSFA No. 65.009)

<u>Criteria</u>: Each prime recipient must provide a monthly client information registration and tracking system (CIRTS) report no later than three days after each month end.

<u>Condition</u>: It was noted eight out of eight monthly reports selected for testing were filed after the due date stipulated by the agency.

Questioned costs: Not applicable.

Context: This condition is considered systemic in nature.

Effect: Failure to comply with program requirements could result in loss of grant funding.

<u>Cause</u>: The County was not compliant with the grant requirements for timely filing of required grant reports.

<u>Recommendation</u>: We recommend that County personnel in charge of administering grant compliance, review the County's grant reports to ensure the reports are submitted on a timely basis in accordance with the provisions of the grant agreement to the grantors.

<u>Views of responsible officials and planned corrective action</u>: The department will notify its subrecipients of the importance of complying with the established reporting dates and will provide additional training to ensure future compliance. Furthermore, the department will review and revise the monthly reporting periods to provide its sub-recipients additional time to complete the required monthly reports in accordance with the established contractual deadlines.

#### Schedule of Prior Year Audit Findings

The prior year single audit disclosed no findings in the *Schedule of Findings and Questioned Costs* and no uncorrected or unresolved findings exist from the prior audit's *Summary Schedule of Prior Audit Findings*.

#### Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Mayor and Members Board of the County Commissioners Miami-Dade County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Miami-Dade Aviation Department (the "Aviation Department"), an enterprise fund of Miami-Dade County, Florida, which comprise the statement of net position as of September 30, 2020, and the related statements of revenues, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 26, 2021.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Aviation Department's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Aviation Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Aviation Department's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Aviation Department's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Report of Independent Auditor on Compliance for Each Major Federal Program and State Financial Assistance Project and on Internal Control over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General

To the Honorable Mayor and Members Board of the County Commissioners Miami-Dade County, Florida

#### Report on Compliance for Each Major Federal Program and State Financial Assistance Project

We have audited the Miami-Dade Aviation Department's (the "Aviation Department") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the requirements described in the Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on the Aviation Department's major federal program and state financial assistance project for the year ended September 30, 2020. The Aviation Department's major federal program and state financial assistance project are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal program and state financial assistance project.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Aviation Department's major federal program and state financial assistance project based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.550, Rules of the Auditor General of the state of Florida ("Chapter 10.550"). Those standards, the Uniform Guidance, and Chapter 10.550, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the Aviation Department's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for the major federal program and state financial assistance project. However, our audit does not provide a legal determination of the Aviation Department's compliance.

#### **Opinion on Each Major Federal Program and State Financial Assistance Project**

In our opinion, the Aviation Department complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs and state financial assistance project for the year ended September 30, 2020.

#### **Report on Internal Control over Compliance**

Management of the Aviation Department is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state financial assistance project and to test and report on internal controls over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing our opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Aviation Department's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies is a deficiency, or a combination of deficiencies, in internal control over compliance of the prevented and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or a combination of deficiencies, in a deficiency, or a combination of deficiencies, in internal control over compliance to the prevented of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550

We have audited the financial statements of the Aviation Department, an enterprise fund of Miami-Dade County, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Aviation Department's basic financial statements. We issued our report thereon dated February 26, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550 and is not a required part of the basic financial statements. Such information is the responsibility *of* management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

## Report of Independent Auditor on Compliance for Passenger Facility Charge Program and on Internal Control over Compliance Required by the Passenger Facility Charge Audit Guide for Public Agencies

To the Honorable Mayor and Members Board of the County Commissioners Miami-Dade County, Florida

#### **Report on Compliance for the Passenger Facility Charge Program**

We have audited the Miami-Dade Aviation Department's (the "Aviation Department"), compliance with the types of compliance requirements described in the *Passenger Facility Charge Audit Guide for Public Agencies* (the "Guide"), issued by the Federal Aviation Administration (the "FAA"), that could have a direct and material effect on the Aviation Department's passenger facility charge program for the year ended September 30, 2020.

#### Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions applicable to its passenger facility charge program.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Aviation Department's passenger facility charge program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the passenger facility charge program occurred. An audit includes examining, on a test basis, evidence about the Aviation Department's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for the passenger facility charge program. However, our audit does not provide a legal determination of the Aviation Department's compliance.

#### **Opinion on the Passenger Facility Charge Program**

In our opinion, the Aviation Department complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its passenger facility charge program for the year ended September 30, 2020.

#### **Report on Internal Control over Compliance**

Management of the Aviation Department is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Aviation Department's internal control over compliance with the types of requirements that could have a direct and material effect on the passenger facility charge program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the passenger facility charge program and to test and report on internal control over compliance in accordance with the Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Aviation Department's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of the passenger facility charge program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over requirement of the passenger facility that material noncompliance with a type of compliance requirement of the passenger facility charge program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or *compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is in internal control over compliance is a deficiency or *compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance facility charge program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Report on Schedule of Passenger Facility Charges Required by the Guide

We have audited the financial statements of the Aviation Department, an enterprise fund of Miami-Dade County, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Aviation Department's basic financial statements. We have issued our report thereon dated February 26, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of passenger facility charges is presented for purposes of additional analysis as required by the Guide, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of passenger facility charges is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guide. Accordingly, this report is not suitable for any other purpose.

# MIAMI-DADE COUNTY AVIATION DEPARTMENT

# NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE AND PASSENGER FACILITY CHARGES

YEAR ENDED SEPTEMBER 30, 2020

#### Note 1—Basis of presentation

The schedules of expenditures of federal awards and state financial assistance and passenger facility charges (the "Schedules") include all grants, contracts, and similar agreements entered into directly between the Miami-Dade Aviation Department (the "Aviation Department") and agencies and departments of the federal and state governments. It also includes all subawards to the Aviation Department by nonfederal organizations pursuant to federal and state grants, contracts, and similar agreements. The information in these Schedules is prepared on the accrual basis of accounting and is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), Chapter 10.550, Rules of the Auditor General, and the *Passenger Facility Charge Audit Guide for Public Agencies,* issued by the Federal Aviation Administration in September 2000. The grants reflect transactions for the fiscal year irrespective of the year of grant award and, accordingly, the Schedules do not include a full year's activity for grants awarded or terminated on dates not coinciding with the aforementioned fiscal year.

The Aviation Department has not elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

There were no awards passed through to subrecipients.

#### Note 2—Passenger facility charges

Revenue consists of passenger facility fees and investment earnings on the restricted cash related to passenger facility charges. Expenditures represent airport construction-related costs incurred at the Aviation Department. Unliquidated passenger facility charges represent the net restricted cash and passenger facility fees receivable less related accounts payable as of year-end.

#### Independent Auditor's Management Letter

To the Honorable Mayor and Members The Board of County Commissioners Miami-Dade County Miami, Florida

#### **Report on the Financial Statements**

We have audited the financial statements of the Miami-Dade County Aviation Department (the "Aviation Department"), an enterprise fund of Miami-Dade County, Florida, as of and for the year ended September 30, 2020, and have issued our report thereon dated February 26, 2021. The financial statements present only the Aviation Department and do not purport to, and do not, present fairly the financial position of Miami-Dade County, Florida, as of September 30, 2020, the changes in its financial position or, where applicable, its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

#### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (the "Uniform Guidance"); *Passenger Facility Charge Audit Guide for Public Agencies*, issued by the Federal Aviation Administration, and Chapter 10.550, Rules of the Auditor General.

#### **Other Reporting Requirements**

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on compliance for Each Major Federal Program and State Financial Assistance Project and on Internal Control over Compliance Required by Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Report of Independent Auditor on Compliance for the Passenger Facility Charge Program and on Internal Control over Compliance Required by the *Passenger Facility Charge Audit Guide for Public Agencies*; and Schedule of Findings and Questioned Costs. Disclosure in those reports and schedule, which are dated February 26, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

#### **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Aviation Department is an enterprise fund of Miami-Dade County, Florida, which is a chartered political subdivision of the state of Florida. There were no component units related to the Aviation Department.

#### **Financial Condition and Management**

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us apply appropriate procedures and communicate the results of our determination as to whether or not the Aviation Department has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Aviation Department did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Aviation Department. It is management's responsibility to monitor the Aviation Department's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

#### **Purpose of this Letter**

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

#### Independent Auditors' Report on Compliance for Each Major Federal Program and State Project; Report on Internal Control Over Compliance; and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General of the State of Florida*

The Board of Trustees Public Health Trust of Miami-Dade County, Florida:

#### Report on Compliance for Each Major Federal Program and State Project

We have audited the Public Health Trust of Miami-Dade County, Florida's, a department of Miami-Dade County (the Trust), compliance with the types of compliance requirements described in the *OMB Compliance Supplement*, and the requirements described in the *Florida Department of Financial Services' State Projects Compliance Supplement*, that could have a direct and material effect on each of the Trust's major federal programs and state projects for the year ended September 30, 2020. The Trust's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state financial assistance applicable to its federal programs and state projects.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Trust's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General of the State of Florida* (Chapter 10.550). Those standards, the Uniform Guidance, and Chapter 10.550 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the Trust's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the Trust's compliance.

#### Opinion on Each Major Federal Program and State Project

In our opinion, the Trust complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2020.

#### **Report on Internal Control Over Compliance**

Management of the Trust is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Trust's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Trust's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550

We have audited the financial statements of the business-type activities, the aggregate discretely presented component unit, and the pension trust fund of the Public Health Trust of Miami-Dade County, Florida, a department of Miami-Dade County, Florida (the Trust) as of and for the year ended September 30, 2020, and have issued our report thereon dated January 29, 2021, which contained an unmodified opinion on those financial statements, which collectively comprise the Trust's basic financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### PUBLIC HEALTH TRUST OF MIAMI-DADE COUNTY, FLORIDA

A Department of Miami-Dade County, Florida

Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance

Year ended September 30, 2020

#### (1) General

The accompanying schedule of expenditures of federal awards and state financial assistance (the Schedule) presents the activity of all federal awards programs and state financial assistance projects of the Public Health Trust of Miami-Dade County, Florida (the Trust) for the year ended September 30, 2020. Federal awards programs and state financial assistance projects received directly, as well as passed through other government agencies, are included on the Schedule.

#### (2) Basis of Accounting

The Trust maintains its accounting records in accordance with the economic resources measurement focus and the accrual basis of accounting. The Schedule is presented using the same basis of accounting.

#### (3) Contingencies

The grant expenditure amounts are subject to audit and adjustment. If any expenses are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grant agencies would become a liability of the Trust. In the opinion of management, all grant expenses are in compliance with the terms of the grant agreements and applicable federal and state laws and regulations.

#### (4) Indirect Cost Rate Election

The Trust did not elect to charge the de minimus rate of 10% for determining indirect cost amounts.

#### (5) Matching Requirements

The contracts between the Trust and the South Florida Behavior Health Network, Inc. contain local matching requirements. For the year ending September 30, 2020, the Trust met the matching requirement for each applicable contract.

## PUBLIC HEALTH TRUST OF MIAMI-DADE COUNTY, FLORIDA

A Department of Miami-Dade County, Florida Schedule of Findings and Questioned Costs September 30, 2020

#### (1) Summary of Auditors' Results

## Miami-Dade Public Housing and Community Development Department (A Department of Miami-Dade County, Florida)

## Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance September 30, 2020

## NOTE A- BASIS OF PRESENTATION

- 1. The accompanying schedule of expenditures of federal awards and state financial assistance includes the federal grant activity of the Miami-Dade Public Housing and Community Development Department and is presented on the accrual basis of accounting. The information on this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* ("CFR") Part 200, *Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards* ("Uniform Guidance"), and Chapter 10.550, *Rules of the Auditor General,* State of Florida. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.
- 2. In accordance with HUD regulations, HUD considers the Annual Budget Authority for the Section 8 Housing Choice Voucher Program, CFDA Number 14.871, as an expenditure for the purposes of this schedule. Therefore, the amount in this schedule represents the total amount received or due from HUD and not the total expenditures paid by the Department.
- 3. New loans made in the current year under the State Housing Initiatives Program, CSFA 40.901, are presented as current year expenditures for the purposes of this schedule.
- 4. Miami-Dade Public Housing and Community Development Department has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

## NOTE B - CARES ACT FUNDS

In accordance wit the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") passed by the U.S. Congress in March 2020, HUD has authorized over \$13.3 million in CARES Act funding to the Miami-Dade Public Housing and Community Development Department. \$4.857.573 has been expended under the Section 8 Housing Choice Vouchers Program as of September 30, 2020 and is included in the Section 8 Housing Choice Vouchers Program on the schedule of expenditures of federal awards. \$64,249 has been expended under the Mainstream Vouchers Program as of September 30, 2020 and is included in the Mainstream Vouchers Program on the schedule of expenditures of federal awards. \$6,921,282 has been expended under the Public and Indian Housing Program as of September 30, 2020 and is included in the Public and Indian Housing Program on the schedule of expenditures of federal awards. Additionally, the Miami-Dade Public Housing and Community Development Department has been allocated \$4.822.500 of CARES Act funding from Miami-Dade County. Florida under the U.S. Department of Treasury. No amounts have been received or expended under this program as of September 30, and therefore, no amounts are included on the schedule of expenditures of federal awards. The deadline to expend the CARES Act funds is December 31, 2021 and Miami-Dade Public Housing and Community Development Department anticipates expending all funds it receives by this deadline.

## Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and Members of the Board of Commissioners Miami-Dade Public Housing and Community Development Miami, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund of Miami-Dade Public Housing and Community Development Department (the "Department"), as of and for the year ended September 30, 2020, which collectively comprise the Department's basic financial statements and have issued our report thereon dated April 20, 2021. Our report includes a reference to other auditors who audited the financial statements of the properties which comprise the Department's business-type activities, as described in our report on the Department's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. Our report also included an emphasis of matter paragraph drawing attention to the fact that the financial statements are for the Department, and that they do not purport to present the financial statements of Miami-Dade County.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Department's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Department's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control, that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Department's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Department's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Department's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and on Internal Control over Compliance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*

The Honorable Mayor and Members of the Board of Commissioners Miami-Dade Public Housing and Community Development Miami, Florida

## Report on Compliance for Each Major Federal Program and State Project

We have audited the Miami-Dade Public Housing and Community Development Department (the "Department")'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the requirements described in the *Department of Financial Services State Projects Compliance Supplement* that could have a direct and material effect on each of the Department's major federal programs and state project for the year ended September 30, 2020. The Department's major federal programs and state project are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with the federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal programs and state project.

## Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Department's major federal programs and state project based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.550, *Rules of the Auditor General, State of Florida* ("Chapter 10.550"). Those standards, the Uniform Guidance, and Chapter 10.550 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program and state project occurred. An audit includes examining, on a test basis, evidence about the Department's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the Department's compliance.

## Opinion on Each Major Federal Program and State Project

In our opinion, the Department complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state project for the year ended September 30, 2020.

## Report on Internal Control over Compliance

Management of the Department is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Department's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance over compliance is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Board of County Commissioners Miami-Dade County, Florida Miami, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Transit Enterprise Fund ("Transit"), an enterprise fund of Miami-Dade County, Florida ("County"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, and have issued our report thereon dated March 31, 2021. As discussed in Note 1, the financial statements present only Transit and do not purport to, and do not, present fairly the financial position of the County, the changes in its financial position, or, where applicable, its cash flows in conformity with accounting principles generally accepted in the United States of America.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Transit's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Transit's internal control. Accordingly, we do not express an opinion on the effectiveness of Transit's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Transit's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Crowne LLP

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE FINANCIAL ASSISTANCE PROJECT; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550 RULES OF THE AUDITOR GENERAL

The Honorable Mayor and Board of County Commissioners Miami-Dade County, Florida Miami, Florida

#### Report on Compliance for Each Major Federal Program and State Financial Assistance Project

We have audited Transit Enterprise Fund's ("Transit"), an enterprise fund of Miami-Dade County, Florida ("County"), compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the requirements described in the *Department of Financial Services' State Projects Compliance Supplement*, that could have a direct and material effect on each of Transit's major federal programs and state financial assistance projects for the year ended September 30, 2020. Transit's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal programs and state financial assistance projects.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Transit's major federal programs and state financial assistance projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General.* Those standards, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program and state financial assistance project occurred. An audit includes examining, on a test basis, evidence about Transit's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state financial assistance project. However, our audit does not provide a legal determination of Transit's compliance.

## **Opinion on Each Major Federal Program and State Financial Assistance Project**

In our opinion, Transit complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended September 30, 2020.

## **Report on Internal Control Over Compliance**

Management of Transit is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Transit's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state financial assistance project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Transit's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*

We have audited the financial statements of Transit as of and for the year ended September 30, 2020, and the related notes to the financial statements. We issued our report thereon dated March 31, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General* and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the financial statements as a whole.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of expenditures of federal awards and state financial assistance (the Schedule) includes the activity of all federal programs and state financial assistance projects of the Transit Enterprise Fund ("Transit"), an enterprise fund of Miami-Dade County, Florida ("County"), for the year ended September 30, 2020, and is presented on the accrual basis of accounting. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies are included in the accompanying Schedule.

The information in this Schedule is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General.* Because the Schedule only presents a selected portion of the operations of Transit, it is not intended to and does not present the financial position, changes in financial position or cash flows of Transit.

Expenditures are recognized following cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Transit has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Transit did not receive any non-cash assistance, including Federal Insurance, during the fiscal year.

## **NOTE 2 - NEGATIVE EXPENDITURES**

Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

## SUMMARY OF PRIOR AUDIT FINDINGS

There were no prior audit findings.

# **MIAMI-DADE COUNTY**

# WATER AND SEWER DEPARTMENT

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Daniella Levine Cava, Mayor, and Honorable Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the Miami-Dade Water and Sewer Department, a department of Miami-Dade County, Florida (the "Department"), which comprise the statement of net position as of September 30, 2020 and the related statements of revenues, expenses and changes in net position, and cash flows for the fiscal year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 18, 2021.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Department's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Department's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Department's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Marcune LLP

Miami, FL March 18, 2021

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

To the Honorable Daniella Levine Cava, Mayor, and Honorable Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

## Report on Compliance for Major Federal Program and State Project

We have audited Miami-Dade Water and Sewer Department, a department of Miami-Dade County, Florida (the "Department")'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement*, and the requirements described in the *State of Florida Department of Financial Services*' State Projects Compliance Supplement, that could have a direct and material effect on each of the Department's major federal programs and the state projects for the fiscal year ended September 30, 2020. The Department's major federal program and state project are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state projects applicable to its federal program and state project.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Department's major federal program and state project based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General. Those standards, the Uniform Guidance, and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the Department's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each of the major federal program and state project. However, our audit does not provide a legal determination of the Department's compliance.

## **Opinion on Major Federal Program and State Project**

In our opinion, the Department complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program and major state project for the fiscal year ended September 30, 2020.

## **Report on Internal Control Over Compliance**

Management of the Department is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Department's internal control over compliance with the types of requirements that could have a direct and material effect on each of its major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each of its major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

### Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General

We have audited the financial statements of the Department as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated March 18, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the financial statements as a whole.

See accompanying notes to schedule of expenditures of federal awards and state financial assistance.

### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

### FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2020

### NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards and state financial assistance (the "Schedule") includes the federal and state grant activity of the Miami-Dade Water and Sewer Department, a department of Miami-Dade County, Florida (the "Department") under programs of the federal government and the projects of the State of Florida for the fiscal year ended September 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Chapter 10.550, Rules of the Auditor General of the State of Florida. Because the Schedule presents only a selected portion of the operations of the Department, it is not intended to and does not present the financial position, changes in net position or cash flows of the Department.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, and the Florida Single Audit Act, wherein certain types of expenditures are not allowable or are limited as to reimbursements.

### NOTE 3. INDIRECT COST RATE

The Department has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### Independent Accountant's Report

The Honorable Mayor and Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

We have examined Miami-Dade County, Florida's (the County) compliance with Section 218.415, Florida Statutes, Local Government Investment Policies for the year ended September 30, 2020. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risk of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the County's compliance with the specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.

The purpose of this report is to comply with the local investment policy requirements of Section 218.415, *Florida Statutes,* and Rules of the Auditor General.

This report is intended solely for the information and use of the Florida Auditor General, the Honorable Mayor, Board of County Commissioners and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

#### **Independent Accountant's Report**

The Honorable Mayor and Chairperson and Members of the Board of County Commissioners Miami-Dade County, Florida

We have examined Miami-Dade County, Florida's (the County) compliance with *Sections 365.172 and 365.173, Florida Statutes, Communications Number E911 System Fund* during the year ended September 30, 2020. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.

This report is intended solely for the information and use of the Florida Auditor General, the Honorable Mayor, Board of County Commissioners and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

## INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTIONS 28.35 AND 28.36 FLORIDA STATUTES, SECTION 218.415 FLORIDA STATUTES, AND SECTION 61.181(1)(A), FLORIDA STATUTES

To The Honorable Harvey Ruvin, Clerk of the Circuit and County Courts of Miami-Dade County, Florida Eleventh Judicial Circuit of Florida

We have examined the Clerk of the Circuit and County Courts of the Miami-Dade County, Florida, Eleventh Judicial Circuit of Florida (the "Clerk"), compliance with the requirements of Sections 28.35 and 28.36, Section 218.415, and Section 61.181, Florida Statutes, during the fiscal year ended September 30, 2020. Management is responsible for the Clerk's compliance with those requirements. Our responsibility is to express an opinion on the Clerk's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Clerk's compliance with specified requirements.

In our opinion, the Clerk complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2020.

## **Report on the Financial Statements**

We have audited the financial statements of the Clerk of the Circuit and County Courts of the Miami-Dade County, Florida, Eleventh Judicial Circuit of Florida (the "Clerk"), as of and for the year ended September 30, 2020, and have issued our report thereon dated February 2, 2021.

## Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

### **Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards;* Report on Internal Control over Compliance; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards,* AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 2, 2021, should be considered in conjunction with this management letter.

### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

### **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such disclosures are made in Note 1 to the Clerk's financial statements. The Clerk was established by Article V, Section 16 of the Constitution of the State of Florida. The Clerk included no related component units.

### **Financial Management**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

### Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal, and other granting agencies, the Clerk and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
