

## **Comprehensive Annual Financial Report**

Year Ended September 30, 2020

<b>ON THE COVER:</b> Orange County is home to numerous parks and lakes, offering many beautiful views and outdoor recreational opportunities. The featured cover photo, entitled "Perfect View", taken by Orange County resident Steve Coleman, captures the beauty of the sun setting over Lake Apopka at Newton Park in Winter Garden.
<b>ON THE TABS:</b> Located on beautiful Lake Jessamine, the gazebo at Cypress Grove Park, provides a setting of peace and serenity. Orange County's Kelly Park is home to Rock Springs, a natural free-flowing spring, the perfect option for swimming and tubing on a warm summer day. An old boat dock on the shores of Lake Apopka provides the perfect setting for another beautiful sunset. Lake Eola Park, located in downtown Orlando, is home to family friendly events, and the iconic fountain featured here.

#### OFFICE OF COMPTROLLER

ORANGE COUNTY FLORIDA PHIL DIAMOND, CPA County Comptroller 201 S. Rosalind Avenue PO Box 38 Orlando, FL 32802 Telephone: (407) 836-8690

Fax: (407) 836-5599 Website: www.occompt.com

March 22, 2021

To the Citizens of Orange County, Florida:

The Comprehensive Annual Financial Report of Orange County, Florida (County) for the fiscal year ended September 30, 2020 is hereby submitted. This is Orange County's fiscal report. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation (including all disclosures) rests with management. To the best of our knowledge and belief, the information presented herein is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of County operations. All disclosures necessary to enable readers to gain an understanding of the County's financial activities have been included.

Users of this Comprehensive Annual Financial Report are the residents and businesses of our community that pay for governmental services. Creditors and investors are equally concerned with the County's financial stability. Recognizing these primary users, we have attempted to provide information to satisfy their need to evaluate the County.

State statutes and the Rules of the Florida Auditor General require that a countywide set of financial statements be published within nine months after fiscal year end. The statements must be presented in conformance with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. The statements must be audited in accordance with generally accepted auditing standards by licensed independent certified public accountants. This report is intended to fulfill these requirements.

Also, due to the special needs of federal grantor agencies, the County is required to undergo an annual "Single Audit" in conformity with the provisions of the Single Audit Act of 1984, the Single Audit Act Amendments of 1996, and the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Furthermore, with respect to certain grants funded by the State of Florida, the County is required to comply with the requirements of the Florida Single Audit Act and the related Rules of the Florida Auditor General. All schedules and reports required under these federal and state regulations are included in the compliance and internal control section of this report.

Florida law also requires separate audited financial reports for each constitutional officer. In addition, separate audited financial reports are prepared for the Board of County Commissioners

(Board) and for the enterprise funds activities operated by the Board. The separate enterprise funds are the Convention Center, Solid Waste System, and Water Utilities System. For conciseness, and to avoid substantial duplication, these financial reports are not presented in their separate forms; instead, their financial data are included in the Comprehensive Annual Financial Report. The general operating funds of each constitutional officer and the Board are combined and reported in the Comprehensive Annual Financial Report as one County general fund. This combining effort eliminates amounts that have been transferred between the general operating funds to further prevent duplicate reporting. The County's six discrete component units also prepare separate audited financial reports. All of the separate reports disclose more detail with respect to their respective activities and are available upon request.

Additionally, the Securities and Exchange Commission (SEC) requires governmental debt issuers to provide continuing disclosure information. As an issuer of taxable and tax-exempt debt, the County must annually make financial and other supplemental information available to beneficial owners and potential purchasers of County debt in the secondary market, dealers, security analysts, rating agencies, and other interested parties. Also, this financial and other supplemental information must be electronically filed with the Electronic Municipal Market Access (EMMA) System of the Municipal Securities Rulemaking Board. This Comprehensive Annual Financial Report and a companion document, the Orange County Florida Bond Disclosure Supplement, serve to fulfill these continuing disclosure requirements of the SEC.

Management of the County is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the County are protected from loss, theft, or misuse, and to ensure that sufficient reliable accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits require estimates and judgments by management. We believe that the County's internal controls adequately safeguard assets and provide reasonable assurance of properly recorded financial transactions.

As a recipient of federal and state financial assistance, the County also is responsible for establishing an adequate internal control system to ensure compliance with applicable laws and regulations related to those programs. This internal control system is subject to periodic evaluation by management and the audit staff of the County Comptroller, an elected constitutional officer. As part of the County's Single Audit, tests are made to determine the adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to determine that the County has complied with applicable laws and regulations. The results of the County's Single Audit for the fiscal year ended September 30, 2020 provided no instances of material weaknesses in the internal control system or significant violations of applicable laws and regulations related to federal or state financial assistance programs.

Pursuant to the requirements of Florida law, the County uses a competitive process to select the independent audit firm. An audit selection committee composed of one representative of the Board as recommended by the County Mayor, one representative of the County Comptroller, and one representative of each of the other constitutional officers develop the selection of the firm. Firms are ranked and the top three are presented to the Board. The Board selects the highest ranked firm for contract negotiation or must publicly document the reason for selecting a lower ranked firm. This method is designed to meet the County's needs while providing a degree of independence in the selection process.

Pursuant to this process, the County's financial statements have been audited by Cherry Bekaert LLP, a firm of licensed certified public accountants. The audit was performed to provide reasonable assurance that the financial statements are free of material misstatement. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering unmodified opinions that the County's financial statements for the fiscal year ended September 30, 2020 are fairly presented in conformity with GAAP. The Report of the Independent Auditor is presented as the first component of the Comprehensive Annual Financial Report's financial section. Beginning with the 2006 fiscal year, the opinions of the independent auditor were rendered on the financial statements of each individual fund. In previous years, the opinions were rendered on the more highly summarized basic financial statements, with an "in relation to" opinion on the combining fund-level financial statements.

The County Comptroller's Audit Division performs financial, compliance, and operational/performance audits of the Board, the six constitutional officers, and outside organizations receiving significant funding from the Board. Those audits provide greater access and closer scrutiny than the external audit process. Their efforts assist the external auditor in its audit of County financial statements.

This Letter of Transmittal is designed to complement, and should be read in conjunction with, the narrative introduction, overview, and analysis provided in the Management's Discussion and Analysis, which can be found immediately following the Report of the Independent Auditor, within the Financial Section of the Comprehensive Annual Financial Report.

#### **County Profile**

Orange County is located near the center of the State of Florida and is about 1,000 square miles. Orlando, the County seat, is its principal city. Including Orlando, there are 13 incorporated cities throughout the County. The County's population increased 2.1% in 2020, compared to the State's 1.8% increase. The 2020 population estimate was 1,415,260. Orange County is the fifth most populated county in Florida. Nearly two-thirds of the County's population resides in its unincorporated areas.

The County was established in 1824 and currently operates under a charter that was originally enacted by the voters effective January 1, 1987. The charter was amended by the voters in 1988, 1992, 1996, 1998, 2004, 2008, 2012, 2014, and 2016. Charter powers address self-government and cannot conflict with general law or special law approved by the voters. The established legislative body of the County is the Board of County Commissioners, which consists of the County Mayor elected at-large and six single-member district Commissioners. Specifically designated governmental functions are performed by separately-elected constitutional officers, who are elected countywide. The constitutional officers are the Clerk of the Courts, County Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. All elected officials serve four-year terms and the current incumbents are identified at the front of this Comprehensive Annual Financial Report. The collective operations of the Board and the constitutional officers comprise the Orange County primary government.

The County provides its citizens with a wide range of services including law enforcement, corrections facilities, civil and criminal justice, fire and EMS services, health and social services, housing assistance, animal services, library and cultural services, parks and recreation operations, children's programs, environmental regulation and protection, road, bridge and drainage maintenance and construction, and other general and administrative support services.

Additionally, the County owns and operates a water and wastewater utility, a solid waste landfill and recycling program, and the Orange County Convention Center. Many services are provided countywide, while others are focused primarily in the unincorporated areas.

The countywide financial reporting entity consists of the primary government and component units. Component units are legally separate organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion from the reporting entity's financial statements would be misleading or incomplete. For purposes of determining whether financial accountability exists, a primary government must appoint a voting majority of the organization's governing body and either be able to impose its will on that organization or have the potential to receive specific financial benefits or burdens from the organization.

Blended component units, although legally separate, function in essence as County departments and their data are therefore included with the primary government's data. The operating funds of the blended component units are treated as special revenue funds, since the respective revenue sources are legally restricted as to purpose of expenditure. The County has six blended component units: the Orange Blossom Trail Local Government Neighborhood Improvement District (NID), Pine Hills Local Government NID, Lake Conway Water and Navigation Control District, Windermere Water and Navigation Control District, International Drive Community Redevelopment Agency (CRA), and the Orange Blossom Trail CRA.

Discrete component units are more distinctly separate from the primary government and are therefore reported in a separate column in the government-wide financial statements. The County has six component units requiring discrete presentation: the Orange County Housing Finance Authority, Orange County Library District, International Drive Master Transit and Improvement District, Orange County Health Facilities Authority, Orange County Industrial Development Authority, and the Orange Blossom Trail Development Board, Inc. Services included in this Comprehensive Annual Financial Report due to the inclusion of discretely presented component units are: financing for affordable housing, library services, conduit financing for hospitals and related facilities, economic development and redevelopment, and mass transit. Additional information on the financial reporting entity, including the component units, can be found in Note A of the notes to financial statements.

Examples of governmental units that do not meet the criteria for inclusion in this report include the Central Florida Regional Transportation Authority, the Greater Orlando Aviation Authority, the Central Florida Expressway Authority, Orange County Schools, the Orange Soil and Water Conservation District, the South Seminole-North Orange County Wastewater Transmission Authority, and the West Orange Healthcare District.

Budgetary controls are maintained by the County. Except for a portion of the Clerk of the Circuit and County Courts (Clerk), each constitutional officer is required by law to file tentative budgets with the Board. In addition, the Board reviews and approves its own proposed budget as prepared by the County Mayor, and then adopts the County's budget as a whole, subject to two public hearings, in the month of September. The Clerk's budget for State court operations is

annually submitted for approval to the State Clerk of Courts Operations Corporation. Florida law prohibits the expenditure of public funds in excess of budgetary amounts and requires that budgets be balanced.

The County adopts annual budgets for all governmental funds on a modified accrual basis. Annual budgets for proprietary funds are adopted on substantially an accrual basis. Budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is established at the department level within each fund. Encumbrance accounting (under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded as a reservation of budget) also strengthens budgetary control.

Department heads may make transfers of appropriations within a department. However, transfers of appropriations between funds/departments or to and from reserves, and changes in total appropriations, require Board approval. Budget-to-actual comparisons are provided in the Comprehensive Annual Financial Report for each fund for which an appropriated annual budget has been adopted. Original and final budgets for major governmental funds are also provided.

The County also maintains a five-year Capital Improvement Program that is updated annually. Proposed projects are prioritized and available funds are allocated accordingly.

#### **Factors Affecting Financial Condition**

**Local Economy.** A diverse mix of goods-producing and service-providing sectors supports Orange County's economy. Goods-producing industries include construction and manufacturing. Service-providing industries include trade, transportation, and utilities; leisure and hospitality; professional and business; government; and education and healthcare. High technology, health care and social assistance, and leisure and hospitality are considered the major economic engines in the County. According to the Metro Orlando Economic Development Commission, these three industries alone generate annual payroll of more than \$24.23 billion.

High Technology. High technology industries include military defense, space exploration, modeling and simulation, flight training, scientific research, power generation, and biotechnology. During 2020, Lockheed Martin and other high-tech manufacturers announced they had won contracts with a potential value of \$6.17 billion to build and supply military defense systems. The University of Central Florida (UCF) plays a key role in this sector. Adjacent to UCF's main campus in East Orlando is one of the top ten research parks in the nation. The Central Florida Research Park's tenants include UCF's Institute for Simulation and Training, UCF Technology Incubator, Naval Air Warfare Center Training Systems Division, and the U.S. Air Force Agency for Modeling and Simulation. The Research Park houses 145 high-tech companies employing approximately 10,000 individuals.

In partnership with Valencia College, UCF will expand its downtown campus as part of the \$1.5 billion Creative Village project, which will be a 68-acre transit oriented hub for high-technology companies, educational institutions, retail and commercial businesses, and residential living. This innovation district will be anchored by Electronic Arts, Inc., which plans to relocate its regional headquarters to Creative Village in the fall of 2021, and will bring as many as 1,000 high-wage jobs to the district. This multi-phase development project is scheduled to be completed in 2031.

Health Care and Social Assistance. The health care industry in Orange County is rapidly growing due in part to the development of "Medical City" in the southeast part of the County. Included in

this research center are the University of Central Florida College of Medicine and Burnett School of Biomedical Sciences, University of Florida Research and Academic Center, Veterans Administration Medical Center, and Nemours Children's Hospital. UCF is also repurposing the former Sanford Burnham Institute into the UCF Lake Nona Cancer Center, scheduled to open in 2021. Additionally, UCF, in partnership with HCA Healthcare, Inc., are building a \$175 million teaching hospital in Medical City. This teaching hospital will provide opportunities for medical residences and help curb a projected shortage of physician specialists in Florida over the next five years. Construction began in October 2019 and is scheduled to open in 2021.

In March 2019, AdventHealth broke ground on a \$200 million hospital that will become part of the medical complex in Winter Garden, located in west Orange County. The new 7-story patient tower, expected to open in 2022, could eventually expand to 200 beds and will create approximately 700 new jobs.

Orlando Health began construction on a \$341 million orthopedic hospital complex in downtown Orlando in November 2020. The Orlando Health Jewett Orthopedic Institute will be a 370,000-square-foot medical campus including an orthopedic specialty hospital, housing 75 patient beds, 10 operating suites and a bio-skills lab for research and education; a medical pavilion, featuring an ambulatory surgical center with 12 operating rooms and a medical office building; and a 1,000 space parking garage.

Leisure and Hospitality. The coronavirus pandemic had a devastating impact on the leisure and hospitality industry. Hotels and theme parks closed in March 2020 due to stay-at-home orders. Universal Orlando and Disney World reopened with limited attendance in June and July 2020, respectively. As a result, tourist development taxes fell 41.1% due to a steep drop in occupancy rates. For calendar year 2020, hotel occupancy rates in the Orlando metropolitan area of Orange, Seminole, and Osceola Counties fell to 41.5% from 76.2% in 2019.

Walt Disney World and Universal Orlando did open new attractions in 2020. Shortly before the theme park closed in March, Disney opened Mickey and Minnie's Runaway Railway at Hollywood Studios. The trackless ride takes guests on a whirlwind adventure on Engineer Goofy's train, while Mickey and Minnie try to save the day. In June, Universal Orlando opened The Bourne Stuntacular, based on the *Bourne* film franchise. The live-action stunt show, featuring high-tech props and live performers, follows Jason Bourne around the world as menacing characters pursue him.

Construction. The construction industry experienced strong growth in Central Florida during Fiscal Year 2020. The U.S. Census Bureau reported that approximately 12,394 single and multi-family residential building permits, with an estimated construction cost of \$2.57 billion, were issued during the year. The number of building permits issued increased 3.3% from 2019, and estimated construction value rose 2.2%. Some of the larger projects included hotels, resorts, hospital facilities, entertainment venues, and transportation infrastructure.

*Transportation.* Due to the pandemic, passenger traffic at Orlando International Airport (OIA) decreased 41.6% to 29.1 million passengers in Fiscal Year 2020. This decrease led to a scaled back improvement plan that impacted the new South Terminal Complex project. The project budget was reduced by \$360 million and the number of gates to be added was reduced to 15 from 19. The \$2 billion expansion is projected to open in the spring of 2022.

Brightline, an intercity rail company, is building a \$4 billion expansion from Orlando to West Palm Beach. The project will add 170 miles of rail line and connect to an already existing service that operates between Miami, Fort Lauderdale and West Palm Beach. The project is expected to be completed in 2022 with the Orlando station located at OIA.

Employment. The leisure and hospitality industry was profoundly affected by the coronavirus lockdown and stay-at-home orders, with unemployment in the Orlando metro area among the highest in the nation. Employment in Orange County fell 10.3% to 675,176 persons by the end of the fiscal year, according to the Florida Research and Economic Information Database. Comparatively, employment decreased 6.9% statewide and 6.7% nationwide. In the Orlando metropolitan area, construction employment decreased 4.0%, while manufacturing employment fell 1.2%, and service-producing employment was down by 10.1%.

Forecast. The local economy will continue to be adversely impacted by the coronavirus pandemic, however, it is expected to benefit from new construction in the tourism industry, an intercity rail project, the I-4 Ultimate Improvement Project, development of the Orlando Sports & Entertainment District, and growth in health care and technology. The positive outlook for the economy is reflected in employment projections. The Florida Department of Economic Opportunity forecasts employment to rise by 18.1% over the next eight years.

Walt Disney World, Universal Orlando and SeaWorld are planning to open new attractions in 2021. Disney will add Remy's Ratatouille Adventure, the first attraction based on the Pixar movie *Ratatouille*. This attraction will "shrink" guests allowing them to scamper through Gusteau's Restaurant in rat-themed cars on this 4D ride. The ride will be located in Epcot's France Pavilion, and was originally expected to open in 2020. Universal Orlando plans to open a new rollercoaster based on the Jurassic World film franchise at Islands of Adventure in the summer of 2021. The ride will feature an original story that expands on the films and incorporates actors from the films. SeaWorld plans on opening the Ice Breaker, an artic-inspired rollercoster featuring four launches and a vertical drop from a 93-foot spike with a 100 degree angle, and RipTide Race, a dueling raft ride that will start at the top of a 68 foot tower. Both rides were originally scheduled to open in 2020.

Last year, Universal announced plans to open a new theme park, Epic Universe, originally announced for opening in 2023 but was temporarily delayed due to the economic uncertainty with the pandemic. The new park is expected to include an estimated 800 acres with four themed lands. Only one confirmed land, Super Nintendo, was announced. Additionally, two new 750-room hotels and a \$350 million expansion of Kirkman Road, south of the existing parks, are part of the project. The economic impact is estimated at more than \$11 billion.

In addition to the train route between Orlando and West Palm Beach, Brightline plans to build a \$1.7 million high-speed route between Orlando and Tampa. The route will also include a stop at Disney Springs, Disney World's shopping, dining and entertainment complex. Construction is expected to begin in 2022 with service between OIA and Disney Springs expected at the end of 2023, and the Tampa connection completed in 2025.

The Florida Department of Transportation is more than halfway through construction on the I-4 Ultimate Improvement Project, a \$2.4 billion road expansion and improvement project that will remake the 21-mile stretch of Interstate 4 from west of Kirkman Road in Orange County to east of State Road 434 in Seminole County. The project includes the reconstruction of 15 interchanges,

53 new bridges, 74 bridge replacements, 13 bridge modifications, reconstruction of general use lanes, and the addition of two express lanes in each direction. The express lanes will provide restricted access points and variable toll pricing. The project is expected to be completed in the fall of 2022. Separately, the Central Florida Expressway Authority's five-year plan indicates it will spend more than \$2 billion on roadway expansion and improvement projects.

In November 2014, the first phase of the Dr. Phillips Center for the Performing Arts opened. It included the 2,700-seat Disney Theater for large productions and the 300-seat Jim & Alexis Pugh Community Theater for theater, dance, and music performances. The Dr. Phillips Center broke ground in March 2017 on the \$237.5 million second phase of construction. The expansion will include the Steinmetz Hall, a 1,700-seat acoustical hall with three tiers of seating; The Green Room, a 9,000 square-foot rehearsal room and gathering space that will allow performers and guests to come together; an additional lobby space and full kitchen facilities. Phase II construction is scheduled for completion in 2021.

The Orlando Magic announced plans to build a \$500 million mixed-use project on 8.2 acres of land in downtown Orlando. The Orlando Sports & Entertainment District will include a 300-room hotel, a 420,000 square foot office tower, 80,000 square feet of event space, more than 100,000 square feet of retail and restaurant space, and an open air plaza.

The development of Innovation Way as a center for technology and healthcare facilities is diversifying Orange County's economic base outside of the core leisure and hospitality industry. The Innovation Way corridor encompasses the University of Central Florida, a Valencia College campus, Central Florida Research Park, International Corporate Park, Orlando International Airport, the University of Florida Research and Academic Center, and Medical City at Lake Nona.

Long-term financial planning. The County maintains an active program of capital improvements in all phases of its operation. A five-year capital improvements plan and a model for projecting operating expenses five years in advance are maintained and utilized. Capital construction and acquisition planning entails an evaluation and ranking process that begins in advance of the operating budget process, with the operating impact of a proposed project being a required element. It is the County's philosophy that new projects are undertaken only if current and future operating revenues are sufficient to fund the associated operating costs. The current capital improvements plan totals \$2.26 billion over the five fiscal years ending in 2025.

Highlights of current County capital initiatives and their expected operating impacts are as follows:

Governmental Activities. Orange County operates one of the largest county jails in the state. The Corrections Department is currently in the process of procuring a new Inmate Management System to track all aspects of an inmate's incarceration from booking to release. This system will require on-going maintenance costs which should be offset by increased efficiencies, reduced liability issues, and enhanced information interface with arresting authorities and other agencies.

A campus-wide security and controls upgrade project and a renovation project are both currently in the design phase. The security project will upgrade access, lighting, and water controls throughout the complex, and is expected to reduce personal services costs. The renovation project will upgrade exterior windows, cell fronts, chase doors and replace cell doors allowing for increased security and more flexibility in housing different inmate classifications. A \$2.1 million project to extend safety rails throughout the jail's housing areas to prevent injuries, reduce medical costs and liability is expected to continue through Fiscal Year 2021.

During 2020, the County continued with repairs or improvements of existing fire stations and construction of new stations in response to growing needs. Operating efficiency and rehabilitation improvements were in progress or completed on 34 Fire Stations and facilities. Construction of two new fire stations in east Orange County began in Fiscal Year 2020 and will represent new assets for the County with an impact on the County's operating budget in future years. Assessment on the design and construction of a new training facility was started during the fiscal year. This project will also have an impact on the operating budget due to the size and scope of the new facility.

With regard to Public Works projects, design or construction is underway on numerous major road and bridge widening or extension projects. These projects include All American Boulevard, Boggy Creek Road, Econlockhatchee Trail, Ficquette Road, Hamlin Trail, Holden Avenue, International Drive, Kennedy Boulevard, Lake Underhill Road, Richard Crotty Parkway, Taft Vineland Road, and Texas Avenue. Under the oversight of the County's Public Works Department, projects completed in Fiscal Year 2020 include three intersection improvements, one drainage improvement, and two stormwater management projects. Additionally, 315 miles of roadway were either paved or resurfaced, 42 sidewalk projects totaling just over fifteen miles, and 880 curb ramps were completed during the year. New roads, bridges, road lanes, and sidewalks are new assets and will have some impact on the County's operating budget. The County continues to allocate additional funds in this area to augment dedicated transportation resources.

The Environmental Protection Division (EPD) continued with Environmental Sensitive Land and Water Quality Improvement assessment projects that will have an impact on the County's operating budget as they move from the assessment phase into implementation.

Improvements to public facilities and development of affordable housing were advanced by the Housing and Community Development Division. Projects completed at seven different locations are estimated to benefit 3,850 individuals. Construction at the Preserve at Emerald Villas, providing 96 affordable rental units, was completed in June 2020. Additional funds were provided to two senior apartment complexes with construction underway. These projects are owned, operated, and maintained by the private or nonprofit sectors and will not have an impact on the County's operating budget.

Business-type activities. The Water Utilities System (System) has several water and wastewater projects in various stages of development. These improvements will provide additional capacity to accommodate future customer growth and allow the system to function more efficiently and effectively. Water distribution modifications continue with improvements to the Malcom Road Water Supply Facility with completion expected by summer of 2021.

Construction continues on the \$27.6 million reclaimed water main project on Boggy Creek Road to Wewahootee Road and is scheduled to be completed by September 2021. The installation of the new piping is required to connect the Southern and Eastern Water and Reclaimed Water Service Areas to serve the needs of new development in the eastern portion of Orange County. Construction on a new Utilities Operations Center-East, located with the Eastern Water Reclamation Facility property, is anticipated to start in late 2021. This \$37.2 million project will consist of a 126,111 square foot two story building with offices, equipment storage and a warehouse. The facility will house approximately 200 staff members and will allow for greater efficiencies in conducting field service activities in eastern Orange County.

The System operates solely on user charges and capital contributions from new customers. All capital costs, including their operating expense impacts, are recovered through established rates and fees.

Future plans in the Solid Waste System call for a full build-out of Cell 2. The Notice to Proceed was issued in October 2019 and was declared substantially complete in June 2020. Replacement of the McLeod Road Transfer Station continues with a new station that will be more efficient to operate. The replacement is expected to be substantially complete in early 2021. A Notice to Proceed for the development of Cell 11 was issued on May 18, 2020 and substantial completion is scheduled for August 2021. Future operating costs are not expected to increase.

The Solid Waste System operates solely on user charges from customers. All capital costs, including their operating expense impacts, are recovered through established rates and fees.

The Orange County Convention Center (Center) is a multipurpose building designed for conventions, trade shows, exhibits, meetings, and consumer shows. The Center is the second largest convention center in the U.S. in terms of prime exhibition space. The facility contains approximately seven million gross square feet of enclosed building space, including approximately 2.1 million gross square feet of exhibit space and over one-half million square feet of meeting room space. Support facilities include an auditorium of performing arts quality seating 2,643, two multipurpose ballrooms, boardrooms, multiple fully equipped kitchens, concession and administrative spaces, dressing rooms, and storage areas. During Fiscal Year 2020, the Center completed the West Building Roof Replacement and Restroom Renovation projects. The current capital improvement plan, totaling \$193.6 million over the five fiscal years ending 2025, is primarily for renovations to the existing facility. The primary mission of the Center is economic development. Prior to the stay-at-home orders and the cancellation or rescheduling of events due to the coronavirus pandemic, the Center had 79 events with approximately 667,000 attendees that generated \$1.49 billion in total economic impact. The Center's operating revenues largely offset its operating expenses. In accordance with the County's tourist development plan, the Center will continue to utilize a portion of the County's tourist development tax revenues as an operating subsidy. Debt service payments for outstanding bond issues used to finance the construction of the Center will continue to come from the tourist development tax as well. Facility renovation costs will be initially funded by reserves on hand.

Cash management policies and practices. Cash management is exercised independently by each constitutional officer and the discrete component units. With respect to the Board, the County Comptroller deposits, invests, and disburses funds on their behalf as required by law. Available cash is invested according to investment policies adopted by the Board pursuant to Florida law following four specific objectives. The policies' objectives are safety of principal, provision of sufficient liquidity, maximizing yield, and diversification of the portfolio to control risk. Investment types were relatively conservative in nature (so as to prevent losses occurring from market risks and default) and included U.S. Treasury securities, federal agency securities, money market mutual funds investing only in treasury and agency securities, certificates of deposit, and commercial paper.

The average effective rate of return for Board funds was approximately 1.46% for the fiscal year, and countywide investment income recognized was approximately \$34.7 million, which helped to reduce the tax burden to citizens. Investment income reported includes changes in the fair value of investments. Additional information on the County's investment program can be found in Note B in the notes to financial statements.

**Risk management.** The County maintains a risk management loss prevention and self-insurance program for property, liability, and workers' compensation coverage. Participants include the Board and constitutional officers. However, the Sheriff is enrolled in the Florida Sheriffs' Self-Insurance Fund for all general liability and automobile claims and certain worker's compensation claims.

The County's risk management program covered claims on losses during Fiscal Year 2020 for workers' compensation, property damage, and general liability. Additional insurance coverage in excess of the self-insured retention limits for property damage and general liability is in force to reduce the risk of catastrophic loss. With regard to employee health insurance coverage, the County converted to a self-insured basis in January 2007. Also, the Sheriff is self-insured with respect to employee health insurance coverage. Additional information regarding the County's risk management and insurance programs can be found in Note G in the notes to financial statements.

**Pension and other post-employment benefits.** Substantially all County employees participate in the Florida Retirement System (FRS), administered by the Florida Department of Management Services. Employees elect participation in either the defined benefit plan, a multiple-employer cost-sharing defined benefit retirement plan, or the defined contribution plan. The Plan was substantially changed during Fiscal Year 2011, affecting benefits for new employees hired after June 30, 2011, and requiring Plan members to contribute three percent of their salary. These changes served to significantly reduce the County's required contributions to the FRS. Additional information on this Plan can be found in Note H in the notes to the financial statements.

The Board and each of the constitutional officers provide other postemployment benefits (OPEB) to certain retirees to subsidize their health care insurance costs. The County established a qualifying trust and began funding its OPEB Plan obligation in September 2007, with the Clerk of the Circuit and County Courts following suit by establishing its own trust in June 2009. The County and Clerk combined actuarially determined contribution for Fiscal Year 2020 was \$9.68 million and the actual contribution was \$11.99 million. The most recent actuarial reports were prepared as of September 30, 2020, for both the County the Clerk. They reflect that the net position as a percentage of OPEB liability is 69.82% and 85.09% for the County and Clerk, respectively.

Funding the actuarially determined OPEB costs of the County and the Clerk has not had a significant impact on operating costs or financial position. Additional information on the County's and the Clerk's OPEB plans can be found in Notes I and J in the notes to financial statements.

#### Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Orange County for its comprehensive annual financial report for the fiscal year ended September 30, 2019. This was the 38th consecutive year that the County has earned this prestigious award (fiscal years ended 1982-2019). In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current

comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

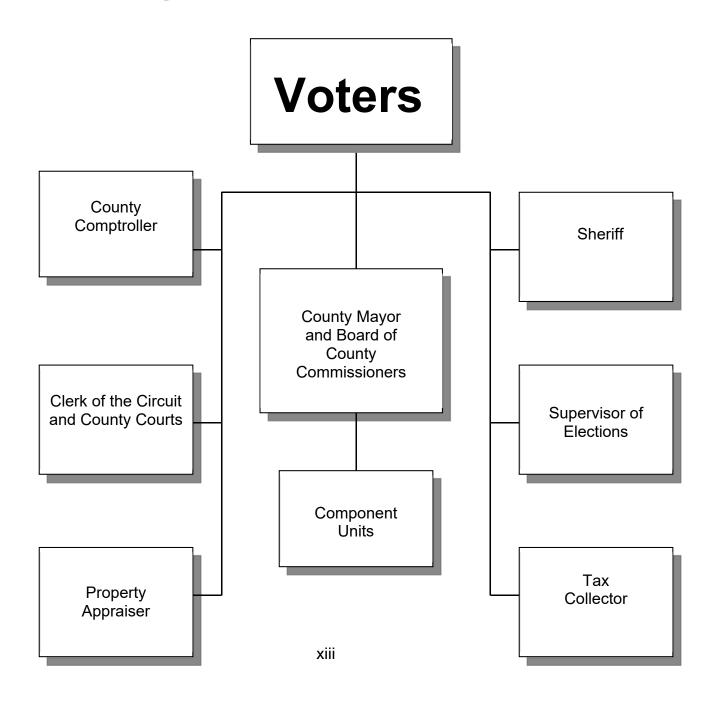

Orange County also received the GFOA's Award for Distinguished Budget Presentation for its annual appropriated budget dated October 1, 2019. This marks the 30th consecutive time that the County has received this award, with four of the awards being biennial awards for multi-year budgets for Fiscal Years 2000 through 2007. To qualify for the Distinguished Budget Presentation Award, the government's budget document must be judged proficient in several categories including policy documentation, financial planning, operational guidelines, and public communications.

Your elected County officials and their staffs are dedicated to providing responsive, efficient service to the citizens of Orange County. The financial results of one year of those efforts are shown in this report. On behalf of the County Comptroller's Office, we extend our appreciation to the County Mayor, the County Commissioners, the constitutional officers, and their respective staffs for their assistance and cooperation throughout the year. Finally, we extend thanks to the accounting firm of Cherry Bekaert LLP for its cooperation with this report.

Sincerely,

Phil Diamond, CPA County Comptroller

Executive Director/CEO

Report of Independent Auditor

Management's Discussion & Analysis

Basic Financial Statements

Required Supplementary Information
Other Supplementary Information

#### **Report of Independent Auditor**

To the Honorable Mayor and Board of County Commissioners of Orange County, Florida:

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Orange County, Florida (the "County"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the County's nonmajor governmental, internal service and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2020, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 87%, 44%, and 33%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the aggregate discretely presented component units, insofar as it relates to the amounts included for the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., is based solely upon the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of September 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Fire Protection MSTU Fund, and Grants Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental, internal service and fiduciary funds of the County as of September 30, 2020 and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension and other postemployment benefits disclosures be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, other supplementary information, supplemental schedules, and statistical section, as listed in the foregoing table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and Chapter 10.550, Rules of the Auditor General, and are also not a required part of the basic financial statements.

The other supplementary information, supplemental schedules, and the schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial

statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the other supplementary information, supplemental schedules, and the schedules of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

Chang Bahart Let

In accordance with *Government Auditing Standards*, we have also issued our report dated March 22, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Orlando, Florida March 22, 2021

#### **Management's Discussion and Analysis**

Orange County's discussion and analysis offers readers of the County's financial statements a narrative overview and analysis of the County's financial activities for the fiscal year ended September 30, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, and in the financial statements and notes to the financial statements.

The government-wide financial statements include not only Orange County and its blended component units (known as the primary government), but also legally separate discrete component units for which the County is financially accountable. Information included in this discussion and analysis focuses on the activities of the primary government. Accordingly, information provided does not include the activities of discretely-presented component units.

#### **Financial Highlights**

- Orange County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at September 30, 2020 by \$6,934.7 million (net position).
   Of this amount, \$19.5 million (unrestricted net position) may be used to meet the County's ongoing obligations to citizens, creditors and enterprise fund customers.
- The County's total net position increased by \$185.2 million compared to the previous year's amount, with \$223.9 million of the increase resulting from governmental activities offset by a \$38.7 million decrease resulting from business-type activities.
- At September 30, 2020 the County's governmental fund balance sheet reported a combined ending fund balance of \$1,483.6 million, an increase of \$113.3 million compared to the previous fiscal year balance. Of the combined governmental fund balances, \$163.4 million remains in the General fund of the County as unassigned.
- The General fund reported a fund balance of \$208.7 million, an increase of \$30.4 million from last fiscal year. This ending fund balance equates to 21.1% of General fund expenditures and transfers out for the year.
- Total bonded debt decreased by \$74.4 million in Fiscal Year 2020, due to advanced refundings and scheduled payments of principal on outstanding bonds.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. The statement of net position presents information on all of the County's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes; earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The County's governmental activities include general government, public safety, physical environment, transportation, economic environment, human services, and culture/recreation. The County's business-type activities include a convention center facility, a solid waste system, and a water/wastewater utility system. Financial information in the government-wide financial statements distinguishes discretely-presented component units from the financial information presented for the primary government itself

The government-wide financial statements can be found on pages 14 through 16 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Orange County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 48 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General fund, Fire Protection MSTU fund, Grants fund and Sales Tax Trust fund, each of which are considered to be major funds for Fiscal Year 2020. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its governmental funds. Budgetary comparison statements have been provided for governmental funds to demonstrate compliance with the budget.

The basic governmental funds financial statements can be found on pages 17 through 23 of this report.

Proprietary funds. The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its convention center facility, solid waste system, and water/wastewater utility system. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its risk management, fleet management, and employee health benefits and insurance services. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Financial statements of proprietary funds provide the same type of information as the government-wide financial statements, but in greater detail. The proprietary fund financial statements provide separate information for the Orange County Convention Center, Solid Waste System, and Water Utilities System, each of which are considered to be major funds of the County. Individual fund data for the County's five internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 24 through 28 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 29 and 30 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32 through 114 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's proportionate share of its liability of the Florida Retirement System Pension Plans and changes in net other postemployment benefits and contributions for employees of the County and the Clerk of Circuit and County Courts. Required supplementary information can be found on pages 115 through 122 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 123 through 205 of this report.

#### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Orange County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$6,934.7 million at the close of the most recent fiscal year, representing an increase in total net position for the year amounting to \$185.2 million.

The largest portion of the County's net position (87.3%) reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, and intangibles), less any related

outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, they are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Unrestricted	95.6	123.6	(76.1)	127.9	19.5	251.5
Total net position	\$ 4,895.2	\$ 4,671.3	\$ 2,039.5	\$ 2,078.2	\$ 6,934.7	\$ 6,749.5

An additional portion of the County's net position (12.5%) represents resources that are subject to restrictions on how they may be used, most of which are restrictions imposed from external sources. The remaining 0.2% of total net position (\$19.5 million) represents unrestricted amounts that may be used to meet the government's ongoing obligations to citizens, creditors, and customers within the respective governmental and business-type activities.

At the end of the current fiscal year, as in the prior year, the County is able to report positive balances in all three categories of net position within the governmental activities. Business-type activities reported a negative balance in unrestricted net position for the current year. Overall the County experienced an increase of \$185.2 million (2.7%) in total net position from the prior year. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

**Governmental activities** accounted for a \$223.9 million increase in the County's net position. This consists of a \$141.5 million increase in the net investment in capital assets, a \$110.4 million increase in restricted net position, and a decrease of \$28.0 million in unrestricted net position compared with the prior year. Total revenues increased by \$248.3 million, largely consisting of an increase of \$249.9 million in operating grants due to the receipt of Federal Coronavirus Aid, Relief, and Economic Security Act (CARES Act) funding and an increase in ad valorem property taxes. This was offset by decreases in charges for services in almost all categories, state shared revenue, and interest. Expenditures increased by \$238.8 million, primarily in the areas of

general government (\$23.5 million), public safety (\$63.6 million), and human services (\$136.1 million), the result of providing assistance through the CARES Act and the protection of residents and employees in order to maintain local government operations.

**Business-type activities** resulted in a decrease to the County's net position by \$38.7 million. Revenue decreased \$175.9 million largely due to the decline in the collection of Tourist Development Taxes (\$116.6 million) and charges for services at the Convention Center (\$31.8 million). This decrease was offset by an increase in charges for services by the Water Utility System (\$5.0 million). Expenses decreased \$1.4 million largely due to decreased operating expenses for the Convention Center (\$4.2 million) and Solid Waste System (\$1.8 million) offset by increases in operating expenses and depreciation by the Water Utilities (\$4.6 million).

The changes in net position displayed below shows the governmental and business-type activities during the previous two fiscal years. The increase in net position for each year represents the extent to which revenues exceeded expenses during the year.

#### **Financial Analysis of Orange County's Funds**

As noted earlier, Orange County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2020, Orange County governmental funds reported combined fund balances of \$1,483.6 million, an increase of \$113.3 million compared with the prior year. Approximately 11% of this total amount (\$163.4 million) constitutes unassigned fund balance, which is available for spending at the County's discretion. The remainder of fund balance falls into the categories of either not in spendable form, restricted, committed or assigned. These categories indicate that the funds are not available for new spending because they have already been designated for a specific purpose either by action of the County, statutory or debt based requirements.

The General fund is the chief operating fund of the County. At September 30, 2020, total fund balance in the General fund was \$208.7 million, of which \$163.4 million was unassigned. As a measure of the General fund's liquidity, the total and unassigned fund balance amounts equate to approximately 21% and 17% of total fund expenditures and transfers out, respectively. The fund balance of the General fund increased \$30.4 million during the current fiscal year largely due to increases in ad valorem property tax revenue, resulting from a 10% increase in the taxable assessed value property taxes are based upon. This was offset with increases in expenditures in the general government for personal services and payments to local governments for their allocation of the property taxes collected; public safety expenditures for law enforcement and public safety capital equipment; and human services for aid to local organizations.

The Fire Protection MSTU special revenue fund has a total committed fund balance of \$72.1 million. This fund balance increased \$12.5 million during the current fiscal year, compared to an increase of \$9.7 million in the prior fiscal year. This is primarily due to an increase in ad valorem taxes, resulting from an increase in the taxable assessed property values, and emergency medical transportation services revenues offset by an increase in public safety expenditures related to personal services increases, including salaries and other payroll related charges, and maintenance and improvement to County owned facilities.

The Grants fund has a total restricted fund balance of \$3.7 million, a decrease of \$3.3 million over last fiscal year. Both revenues and expenditures increased due to the receipt of \$243.2 million in CARES Act funding. The County used the funds to provide assistance to small business and individuals impacted by business closures and layoffs, through direct financial assistance and grants, as well as funding for several local social service agencies to provide childcare, job retraining, and to address food insufficiency and homelessness. Funds were also expended to provide for protective equipment, modifications to buildings and costs related to coronavirus testing sites.

The Sales Tax Trust debt service fund has a total fund balance of \$272.6 million, of which \$46.7 million is restricted for payment of debt service. The \$39.5 million increase in fund balance for the year, as compared to a \$32.4 million increase in Fiscal Year 2019, is the result of a decline in revenue of \$42.3 million due to business closures and job losses that resulted in substantially reduced spending which generates sales tax. This decline was offset by a reduction in transfers to other funds of \$48.1 million due to the decrease in the amount available from collections.

**Proprietary funds.** The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in greater detail. At September 30, 2020, total net position amounted to \$2,039.5 million for enterprise funds, as compared to \$2,078.2 million at September 30, 2019. Total net position of the Convention Center fund was \$357.2 million, recognizing a \$90.8 million decrease for the year. This is largely due to the stay-at-home orders related to the coronavirus pandemic that resulted in a decline in the Tourist Development Taxes collected. Events at the Convention Center were also rescheduled or cancelled, resulting in a decrease of \$31.6 million in operating revenues compared to Fiscal Year 2019.

Total net position of the Solid Waste System amounted to \$164.1 million at the end of the fiscal year, representing a \$2.6 million increase over net position reported for Fiscal Year 2019. This increase in earnings is primarily due to a decrease in operating and maintenance expenses compared to last fiscal year. Unrestricted net position stands at \$38.6 million, and the System continues to have no outstanding bonded debt.

The Water Utilities System total net position rose by \$49.4 million during the year, to \$1,518.2 million from \$1,468.8 million. The largest portion of System net position (96.1%) reflects its investment in capital assets, less any related outstanding debt used to acquire those assets. Total restricted net position increased by \$1.8 million to reflect amounts set aside for scheduled debt service payments and other contractual obligations. Unrestricted net position of the System decreased to \$13.2 million from \$74.0 million as the System had an increase in expenses related to the acquisition and construction of capital assets, offset by a significant decrease in capital contributions received from customer connection fees and capital assets donated by developers, as well as investment interest earned.

#### **General Fund Budgetary Highlights**

A budget to actual statement is provided for the General Fund. Columns for both the original budget adopted for Fiscal Year 2020 as well as the final budget are presented. During the year, the budget for fund balance brought forward from the prior year was increased by \$28.0 million to more closely reflect the final actual amount. Current expenditure budgets were increased to provide \$10 million in funding for the Housing for All Action Plan, to assist in providing affordable housing; \$14 million in aid to organizations providing a range of children services; and the remaining for other operating expenditures.

Budgeted taxes revenue represents the full levy of ad valorem property taxes for the year, while actual results reflect early payment discounts allowed by State statute. Negative revenue variances totaling approximately \$31.1 million were offset by the legally-mandated statutory deduction. Expenditures for general government, public safety, economic environment and human services were under budget by a sum total of \$98.1 million as the County postponed all non-essential operating expenditures not related to health or safety. During the year, overall revenues exceeded the total budgetary estimate and actual expenditures were less than budgetary estimates in every category.

#### **Capital Asset and Debt Administration**

**Capital assets.** The County's investment in capital assets for its governmental and business-type activities as of September 30, 2020 amounts to \$6,983.7 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, improvements other than buildings, infrastructure, machinery and equipment, and intangible items. The overall net increase in the County's capital assets for the current fiscal year was 3.5% over last year (increases of 2.7% for governmental activities and 4.7% for business-type activities for the year). Major capital asset events in the current year included the following:

- Approximately 7 road widening and extension projects were continued or completed at a combined cost of \$24.9 million during the fiscal year.
- Capital assets valued at \$173.0 million were received as capital contributions \$122.7 million for governmental activities and \$50.3 million for business-type activities.
- At fiscal year-end, the County had outstanding construction contracts for various projects totaling approximately \$289.6 million.

Additional information on the County's capital assets can be found in note E on pages 55 and 56 of this report.

**Long-term debt.** At the end of the current fiscal year, the County had total bonded debt outstanding (net of unamortized costs) of \$1,101.0 million, entirely comprised of debt that is secured by specified revenue sources (i.e., revenue bonds). Of these revenue bonds, \$814.8 million, or 74%, is secured by the first five cents of the County's tourist development tax levy for the financing of the various expansion phases of the Orange County Convention Center.

#### Orange County Outstanding Debt Revenue Bonds (in millions)

		rnmental tivities			Busine Act	e	Total				
	<u>2020</u>		<u>2019</u>		<u>2020</u> <u>2019</u>			<u>2020</u>		<u>2019</u>	
Revenue bonds	\$ 202.4	\$	224.4	\$	898.6	\$	951.0	\$	1,101.0	\$	1,175.4

The County's total bonded debt decreased by \$74.4 million during the 2020 fiscal year – consisting of a decrease of \$22.0 million for governmental activities bonds, and a decrease of \$52.4 million for the business-type activities. The reductions were associated with advance refundings and scheduled principal payments on maturing debt obligations.

As of September 30, 2020, the County had no outstanding general obligation debt. Capacity for pledging existing revenue sources is still available with respect to public service taxes, sales tax revenue, state revenue sharing revenue, tourist development tax revenue, gas tax revenue, and utility systems revenue, as well as property taxes. Bonds backed by any of these sources, with the exception of property taxes, could still be issued and would not require voter approval. Any property tax bonds would be a general obligation issue requiring voter approval.

Additional information on the County's bonded debt and other long-term liabilities can be found in notes H through O on pages 60 through 106 of this report.

#### **Economic Factors and Next Year's Budgets and Rates**

- The unemployment rate for Orange County increased to 9.8% from a rate of 2.7% a year ago as a result of the impact on the tourism industry from the coronavirus pandemic. This is higher than both the state's average unemployment rate of 7.2% and the national average of 7.9% at September 30, 2020.
- Taxable property valuation increased 9.8% from \$130.5 billion in 2019 to \$143.3 billion in 2020.
- Countywide taxable sales decreased from \$53.3 billion in 2019 to \$43.0 billion in 2020.
- Countywide motor fuel sales decreased from 835 million gallons in 2019 to 775 million gallons in 2020.

All of these factors were considered in preparing the County's budget for Fiscal Year 2021.

During the year ended September 30, 2020 unassigned fund balance in the General fund increased to \$163.4 million. The County has appropriated this amount in the Fiscal Year 2021 budget in accordance with the requirements of State statute. Ad valorem property tax rates remain unchanged for Fiscal Year 2021, however, they have been affected in recent years as follows.

In 2007, the Florida Legislature adopted property tax limiting legislation that impacted all counties, cities, and special districts. This action imposed statutory changes on how property tax millage rates are adopted, and it resulted in Orange County adopting rates in the 2008 fiscal year that were five percent below the roll-back rate (except for Fire/EMS at three percent). Going forward, annual millage rates may be levied up to the roll-back rate or to a rate approximating the roll-back rate based on certain allowed adjustments. Rate increases beyond such limitations require either a super-majority or unanimous vote of the governing body, depending on the magnitude of the increase.

This legislative action also placed a constitutional amendment on the ballot, which was approved by Florida voters in January 2008. Referred to as "Amendment 1", it made four changes affecting taxable assessed value. First, with respect to homestead property, it increased the current \$25,000 homestead exemption by another \$25,000 (for property values between \$50,000 - \$75,000), except for school district taxes. Second, Amendment 1 allows property owners to transfer (make portable) up to \$500,000 of their "Save Our Homes" benefits to their next homestead when they move. "Save Our Homes", a 1995 amendment to the Florida Constitution, limits the annual increase in assessed value for homestead property to the lesser of three percent or the percentage change in the Consumer Price Index. Third, the amendment limits the annual increase in assessed value for non-homestead property (businesses, industrial

property, rental property, second homes, etc.) to 10%, except for school district taxes. And fourth, it provides a \$25,000 exemption for tangible personal property. Amendment 1 was effective for property taxes collected for the 2009 fiscal year, except for the 10% assessment cap on non-homestead property, which became effective for the 2010 fiscal year.

For the 2020 and 2021 fiscal years, the County's property tax millage rate levies remained unchanged from the reduced rates adopted in 2008. For Fiscal Year 2020, taxable assessed values increased by 9.8% from 2019, and taxable assessed values continue to rise for 2021 with an 8.6% increase over 2020. Based on the revised statutory methodology and the Fiscal Year 2020 increase in assessed values, the County's "roll-back" millage rate was six percent higher than the actual rate adopted, and the maximum rate allowed with a simple majority vote was 63% higher than the "roll-back" rate. It is important to note that property values were determined before the coronavirus pandemic occurred and the County is forecasting a decrease in values that would impact the budget in future fiscal years. Under the provisions of the 2007 legislation, the County retains the option for millage rate adjustments in future fiscal years that could mitigate reductions in property tax receipts due to reduced assessed values, without the requirement of a super-majority vote.

As for the County's business-type activities, the Water Utilities System automatic three percent rate increase for all categories of the water and wastewater rate schedules was not repealed for Fiscal Year 2020 or Fiscal Year 2021. In the Solid Waste System, a phased approach for tipping fee increases, which began with 6.5% and 39.5% increases for Class I and Class III refuse in December 2008, respectively, continued with 6.5% increases in Class I and Class III tipping fees in December 2009, and finished with an additional 6.5% increase in Class I tipping fees in December 2010. Effective April 1, 2013, further revisions to the fee schedule were adopted which decreased Class I tipping fees for residential and commercial waste by 9.4% and 15.6%, respectively. The Class III rate remained the same, except that Class III waste delivered to a transfer station would be charged at the Class I rate. Further, this resolution eliminated the provision for automatic rate increases.

#### **Requests for Information**

This financial report is designed to provide a general overview of Orange County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Phil Diamond, County Comptroller, Post Office Box 38, Orlando, Florida 32802-0038. Complete financial statements for each of the individual component units may be obtained at each respective administrative office as reflected in note A on page 35 of this report.

Total fund balances for governmental funds

\$ 1,483,566,064

Total net position reported for governmental activities in the statement of net position is different because:

1. Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of:

Land	\$ 1,265,892,249
Construction in progress	146,551,512
Buildings and improvements, net of \$377,001,340 accumulated depreciation	434,722,213
Infrastructure, net of \$1,144,272,820 accumulated depreciation	1,726,168,261
Machinery and equipment, net of \$327,516,471 accumulated depreciation	120,533,805
Intangibles, net of \$30,168,986 accumulated depreciation	624,534,417

Total capital assets, net 4,318,402,457

2. Internal service funds are used by management to charge costs associated with risk management, fleet maintenance, and employee medical benefits. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. This is the internal service fund net position, net of amounts for capital assets accounted for in item 1 above.

78,172,615

Amounts to be collected under long-term receivables are not available to pay for the current period's expenditures, and therefore are reported as deferred inflows in the funds.

179,593,868

4. Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities, except for portions payable early in the following year for which sufficient resources have been accumulated in the funds to liquidate the liabilities. These liabilities (net of portions accounted for in internal service funds) consist of:

> Bonds payable (net of unamortized costs, and net of \$6,045,000 reported as fund liabilities) (196,320,142)Deferred loss on debt refunding 7,629,857 Notes payable (4,275,000)Capital leases (2,068,986)Compensated absences (net of \$651,094 in internal service funds) (85,539,181)Landfill closure costs payable (2,875,409)Deferred outflows related to pensions (net of \$1,644,591 in internal service funds) 369,897,351 Deferred outflows related to OPEB (net of \$279,966 in internal service funds) 10,455,736

> Deferred inflows related to pensions (net of \$90,261 in internal service funds) (14,229,674)
>
> Deferred inflows related to OPEB (net of \$109,956 in internal service funds) (14,208,087)
>
> Net pension liability (net of \$5,716,152 in internal service funds) (1,189,310,507)

Net OPEB liability (net of \$471,301 in internal service funds)

Total long-term liabilities

(1,165,616,601)

(42,277,422)

5. Interest payable on long-term debt is not accrued in governmental funds; rather, it is recognized as an expenditure when due. These liabilities are reported in the statement of net position.

# ORANGE COUNTY, FLORIDA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES for the year ended September 30, 2020

<del></del>											
Total net change in fund balances for governmental funds	\$	113,257,040									
The change in net position reported for governmental activities in the statement of activities is different because:											
1. Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$111,350,526) exceeds capital outlay (\$101,281,666) in the current period, excluding amounts recorded in the internal service funds.											
2. Donations of capital assets increase net position in the statement of activities, but are not reported in the governmental funds because they are not financial resources.											
3. In the statement of activities, a gain or loss on sales, trade-ins, or other dispositions of capital assets is reported, whereas in the governmental funds, the proceeds received from dispositions of capital assets increases financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of capital assets disposed.											
4. Proceeds of certain long-term debt are reported as financing sources in governmental funds and thus contribute to the increase in fund balance. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position. This is the amount by which payment of principal on this debt exceeds the proceeds from issuance of new debt.											
	3,336 5,000 3,399_										
5. Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are used. The net changes associated with these expenses/expenditures are as follows:		23,381,735									
	2,889 3,678 3,064) 3,039	(150,376,690)									
6. Under the modified accrual basis of accounting used in the governmental funds, revenues are not recognized until funds are measurable and available to finance current expenditures. In the statement of activities, however, which is presented on the accrual basis, revenues are reported regardless of when financial resources are available. This is the net adjustment to current year revenue in converting to the full accrual basis.		103,498,688									
7. Internal service funds are used by management to charge costs associated with risk management, fleet maintenance, and employee medical benefits. In the statement of activities, the net revenue (expense) of internal service funds is reported with governmental activities.											
Change in not position of approximatel activities	Φ.	000 000 045

#### ORANGE COUNTY, FLORIDA NOTES TO FINANCIAL STATEMENTS for the year ended September 30, 2020

#### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements of Orange County, Florida (County) were prepared in accordance with accounting principles generally accepted in the United States of America for governmental entities (GAAP). The following summary of the more significant accounting policies of the County is presented to assist the reader in interpreting these financial statements, and should be viewed as an integral part of this report.

#### Reporting Entity:

Entity status for financial reporting purposes is governed by Statement No. 14 of the Governmental Accounting Standards Board (GASB), as amended. The GASB is the standard-setting body for the establishment of GAAP in governmental entities. Determination of the financial reporting entity of the County is founded upon the objective of accountability. Therefore, these financial statements include the County government (the primary government) and two types of legally separate component units (blended and discrete) for which operational or financial responsibility rests with the elected officials of the County or for which the nature and significance of their relationship to the County are such that exclusion would cause the financial statements to be misleading or incomplete.

Operational or financial responsibility is considered to have been met if the primary government appoints a voting majority of the component unit's governing board and it is able to impose its will on the unit or there is potential for the unit to provide specific financial benefits or impose specific financial burdens on the primary government. All component units of the County have a September 30 fiscal year end.

The County is governed under the authority of the County Charter (Charter), which provides for home rule and is derived from the Florida Constitution. Under the Charter, the principal legislative body of the County is the Board of County Commissioners (Board), a seven-member elected body consisting of six Commissioners elected by district and the County Mayor elected at-large. The County Mayor also serves as the principal executive officer. In addition, certain designated governmental functions are performed by constitutional officers who are elected at-large. The constitutional officers are the Clerk of the Circuit and County Courts, County Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. Although these six officers are operationally autonomous, they do not hold sufficient corporate powers of their own to be considered legally separate component units for financial reporting purposes. Therefore, the operations governed by each officer are reported together with operations governed by the Board of County Commissioners as part of the primary government. For purposes of this report, operations governed by the Board of County Commissioners are referred to as Board.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Blended component units are legally separate entities that are in substance part of the County's operation, as they either have governing bodies that are substantively the same as the Board of County Commissioners and there is a financial benefit or burden relationship between the County and the component unit, or they provide their services exclusively or almost exclusively to the County. The financial transactions of these component units are merged in with transactions of the County as part of the primary government. The blended component units of the County are as follows:

Orange Blossom Trail (OBT) Local Government Neighborhood Improvement District (NID) – The District serves to provide for improvements in public safety in a designated area adjacent to Orange Blossom Trail. The governing body of the District is the Board of County Commissioners, which provides substantial funding of operations. The District is presented as a special revenue fund.

<u>Pine Hills Local Government Neighborhood Improvement District (NID)</u> – The District serves to provide for improvements in public safety in a designated area within Pine Hills. The governing body of the District is the Board of County Commissioners, which provides substantial funding of operations. The District is presented as a special revenue fund.

<u>Water and Navigation Control Districts (2)</u> - The Lake Conway Water and Navigation Control District and the Windermere Water and Navigation Control District each serve to provide for the regulation of shoreline alteration, aquatic plant management, and lake patrol activities for their designated areas. The governing board of each District is the Board of County Commissioners. The primary revenue source is ad valorem property taxes levied by the Board of County Commissioners and the annual budgets of each District must be approved by the Board of County Commissioners. These Districts are presented together as a special revenue fund.

International Drive Community Redevelopment Agency (CRA) – The Agency serves to provide improved transportation and roadway conditions in the International Drive corridor. The governing body of the Agency is the Board of County Commissioners, which provides substantial funding of operations. The Agency is presented as a special revenue fund.

Orange Blossom Trail (OBT) Community Redevelopment Agency (CRA) – The Agency serves to renew economic interest and improve the commercial diversity and viability of a redevelopment area adjacent to Orange Blossom Trail. The governing body of the Agency is the Board of County Commissioners, which provides substantial funding of operations. The Agency is presented as a special revenue fund.

Effective for Fiscal Year 2020, the State of Florida Legislature enacted Chapter 2019-163, Laws of Florida, which amended section 163.387(8), Florida Statutes, to require each CRA

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

that has revenues or a total of expenditures and expenses in excess of \$100,000, to have performed a separate audit. In accordance with Florida Auditor General Rule 10.557(3), the CRA audit report must include basic financial statements, notes to the financial statements, and management's discussion and analysis and other required supplementary information. Both International Drive CRA and Orange Blossom Trail CRA meet the requirements for separate financial statements to be issued. For further information on these two CRAs the contact information is as follows:

International Drive CRA:
Orange County Office of Management
And Budget
201 S. Rosalind Avenue
Orlando, FL 32801

Orange Blossom Trail CRA: Orange Blossom Trail Development Board, Inc. 2719 S Orange Blossom Trail Orlando, FL 32805

Discretely-presented component units are legally separate entities which do not meet the criteria for blending. They are reported in separate columns to emphasize that they are legally separate from the County. The discrete component units of the County are as follows:

Orange County Housing Finance Authority – The Authority serves to finance dwelling accommodations for low, moderate, and middle income persons in Orange County and three other adjacent counties. Its five-member board is appointed by the Board of County Commissioners. There is no budget approval required by the Board of County Commissioners, although there is an approval requirement for any bonded debt issuance. The County has no obligation to pay the outstanding debt of the Authority; however, the Board of County Commissioners does have the power to remove an Authority board member without cause.

Orange County Library District – The District serves to provide comprehensive library services and serves County residents, except for those within the cities of Winter Park and Maitland. The governing board of the District is composed of the Board of County Commissioners plus one member appointed by the City Council of the City of Orlando. This governing board levies the property taxes necessary to operate the District, adopts the annual budget, and approves debt issuances. However, the County is not legally responsible for funding the operations or repayment of debt of the District and there is no financial benefit or burden relationship between the County and the District.

International Drive Master Transit and Improvement District - The District serves to administer transportation and capital planning projects along certain segments of International Drive. Two of the three board members are members of the Board of County Commissioners. There is no budget approval required by the Board; however, a major portion of the District's funding is derived from Municipal Service Taxing Units (MSTUs) of the County. Tax revenues from these MSTUs are committed to the

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

activities of the District. During the 2020 fiscal year, \$7.5 million was paid to the District from the County's MSTUs.

<u>Orange County Health Facilities Authority</u> - The Authority serves to assist health facilities in the acquisition, construction, financing and refinancing of capital projects within the County and, under certain circumstances, outside the geographic limits of the County. Its five-member board is appointed by the Board of County Commissioners. The Authority is not legally required to adopt a budget; however, the Board must authorize the issuance of bonded debt. Neither the Authority nor the County has any legal obligation for repayment of the revenue bonds issued through the Authority. The Authority is an issuer of "conduit" debt obligations.

Orange County Industrial Development Authority – The Authority serves to assist in financing and refinancing capital projects which will foster economic development in the County. Its five-member board is appointed by the Board of County Commissioners. The Authority is not legally required to adopt a budget; however, the Board must authorize the issuance of bonded debt. Neither the Authority nor the County has any legal obligation for repayment of the revenue bonds issued through the Authority. As an issuer of "conduit" debt obligations, the Authority has no assets or liabilities.

Orange Blossom Trail Development Board, Inc. - This not-for-profit corporation, established by interlocal agreement between the Board of County Commissioners and the City of Orlando, serves to provide management services for redevelopment of a section of Orange Blossom Trail. Six positions of the nine-member board of directors are appointed by the Board of County Commissioners, and they may be removed without cause. There is no budget approval requirement nor responsibility for deficit funding on the part of the County; however, a major portion of the Corporation's revenues are derived from grants and reimbursements from the County.

None of the blended component units prepare individual financial statements. Individual audited financial statements for the discretely-presented component units can be obtained directly from their administrative offices as follows:

Orange County Housing Finance Authority 2211 Hillcrest Street Orlando, FL 32803-4905

Orange County Library District 101 East Central Boulevard Orlando, FL 32801

International Drive Master Transit and Improvement District 7081 Grand National Drive, Suite 105 Orlando, FL 32819

Orange County Health Facilities Authority c/o Lowndes, Drosdick, Doster, Kantor & Reed, P.A. 215 N. Eola Drive Orlando, FL 32801

Orange County Industrial Development Authority 301 E. Pine Street, Suite 900 Orlando, FL 32801

Orange Blossom Trail Development Board, Inc. 2719 S. Orange Blossom Trail Orlando, FL 32805

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The remainder of these notes provides disclosures for both the primary government and discretely-presented component units. In cases essential to fair presentation, GAAP requires special or separate note references for discretely-presented component units. Such disclosures are correspondingly noted and are displayed to the extent disclosed in the individual audited financial statements of the applicable component unit.

### Financial Statement Presentation:

Government-wide financial statements – The statement of net position and the statement of activities report information about the nonfiduciary activities of the primary government and its discretely-presented component units. With the exception of interfund services provided and used, the effect of interfund activity has been removed through adjustments in order to minimize the double-counting of interfund activity. These statements distinguish between governmental activities and business-type activities. Governmental activities are primarily financed through taxes and intergovernmental revenues, while business-type activities are primarily financed through charges for services to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities, and for each of the business-type activities. Direct expenses are those that are clearly identified with a specific program or segment. Indirect expense allocations are displayed separately from the direct expenses. Program revenues include (a) fees, fines, and charges for service, and (b) grants and contributions that are restricted for the operating or capital requirements of a specific program. All taxes and other revenues not meeting the criteria for classification as program revenues are reported as general revenues.

**Fund financial statements** - The fund financial statements report information about the County's funds, including fiduciary funds. Separate columns are presented for each major governmental and enterprise fund.

The County reports the following major governmental funds:

General Fund - This is the County's primary operating fund; it accounts for all financial transactions not required to be accounted for in another fund.

Fire Protection MSTU - This fund accounts for fire protection and emergency medical services financed with ad valorem taxes levied in the MSTU, as well as service fee revenues. The MSTU encompasses the unincorporated area of the County.

*Grants* – This fund is for projects and programs which are financed in whole or in part by agencies of the Federal Government, State of Florida, and local governments.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Sales Tax Trust - This fund accounts for receipt of the County's share of state sales tax, and debt service payments for the County's outstanding sales tax revenue bonds.

The County reports the following major enterprise funds:

Convention Center - This fund accounts for the operation of the Orange County Convention Center, and the payment of debt service on the outstanding tourist development tax revenue bonds. Major revenues are charges for services and tourist development taxes.

Solid Waste System - This fund accounts for the County's solid waste disposal (landfill) operation, primarily financed through user charges.

Water Utilities System - This fund accounts for costs associated with residential and commercial sewer and water services provided to various sections of the county, primarily financed through user charges.

Additionally, the County reports the following fund types:

Internal service funds - These funds account for risk management, fleet management, and employee medical benefits services provided to other County departments on a cost-reimbursement basis, as well as Sheriff's health insurance and workers' compensation claims.

Other postemployment benefit trust funds - These funds account for the receipt and disbursement of assets held in trust for participants of other postemployment benefit plans of the County and the Clerk of the Circuit and County Courts.

*Private purpose trust fund* - This fund accounts for assets held in trust for the benefit of the St. Johns River Water Management District, pursuant to a trust agreement dated February 21, 2006.

Agency funds - These funds account for assets held on behalf of third parties. Examples include developers' escrows held pending satisfactory performance on construction projects, and taxes, fees and fines collected on behalf of other governments.

### Measurement Focus and Basis of Accounting:

The government-wide, proprietary fund and trust fund financial statements use a flow of economic resources measurement focus to determine net income and financial position. The accounting principles used are similar to those applicable to businesses in the private

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

sector and, thus, these funds are maintained on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Governmental fund financial statements use a current financial resources measurement focus, and are maintained on the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual; that is, when they become both "measurable" and "available to finance expenditures of the current period." The County considers amounts collected on grants within 120 days after year-end, and amounts collected within 60 days after year-end on all other governmental funds, to be available and thus recognizes them as revenues of the current year. As a general rule, expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable. Exceptions to this general rule are principal and interest on general long-term debt which are recorded as fund liabilities when due or when amounts have been accumulated in the debt service funds for payments to be made early the following year, as well as expenditures related to compensated absences and claims and judgments, which are recognized when due.

Revenues of the County which are susceptible to accrual under the modified accrual basis include property taxes, gas taxes, public service taxes, grant revenues, interest revenue, and charges for services. In applying the "susceptible to accrual" concept to intergovernmental revenues (grants, entitlements and shared revenues), the legal and contractual requirements of the numerous individual programs are used as guidance. There are essentially two types of these revenues. In one, moneys must be expended on the specific purpose or project before any amounts will be earned by the County; therefore, revenues are recognized based upon when the expenditures are made if they meet the criterion of availability. In the other, moneys are essentially unrestricted as to purpose of expenditure and revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if they meet the criterion of availability.

Agency funds do not measure results of operations, but assets and liabilities are measured on the accrual basis of accounting.

#### Fund Balance Presentation:

Fund balances of the governmental funds are classified as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

<u>Restricted:</u> This classification includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.

<u>Committed:</u> This classification includes amounts that can be spent only for specific purposes pursuant to constraints imposed by formal action of the highest level of decision making authority, the Board of County Commissioners. Such formal action may be in the form of an ordinance or resolution which, dependent upon the nature of the matter, may be equally binding and may only be modified or rescinded by a subsequent formal action.

<u>Assigned:</u> This classification includes amounts that are intended by the Board of County Commissioners to be used for specific purposes, but are neither restricted nor committed. The Board of County Commissioners has not granted any specific individual the authority to assign amounts, thus assignments may be made only by the Board.

<u>Unassigned</u>: This classification represents the residual positive balance within the General Fund, which has not been restricted, committed or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances.

The County uses restricted amounts first when both restricted and unrestricted fund balances are available. Additionally, the County first uses committed, then assigned, and then unassigned amounts of fund balance when expenditures are made.

#### **Budgets and Budgetary Accounting:**

Chapter 129, Florida Statutes, requires that the annual fiscal year budget be legally adopted by the Board at the fund level, and that any expenditures or contract for expenditure in the fiscal year for an amount greater than the total fund budget is unlawful. Pursuant to this legal requirement, an annual appropriated budget is adopted by resolution subject to public hearing. Such resolution sets the budget appropriations in total by fund for each governmental fund and each proprietary fund of the Board. Budgets for the trust funds and agency funds are not legally required or adopted. Budgetary information presented in this report is in a categorized format by revenue source, expenditure function, and expenditure reserves, which represents a detail level greater than the statutory level of control. At the close of the fiscal year, all budget appropriations lapse to the extent that they have not been expended. Outstanding encumbrances also lapse, but are re-established in the succeeding fiscal year against the newly adopted budget.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

In addition to the statutory requirements discussed above, the County has adopted management control and approval guidelines for expenditures and budget amendments. Key components of these management guidelines are as follows:

- 1. Each fund contains allocations by object of expenditure, and for reserves for various purposes.
- 2. No expenditure or encumbrance may occur without a sufficient budgetary balance.
- 3. Allocations within a fund may be transferred within a department by action of the County's budget officer or between departments by action of the Board of County Commissioners.
- 4. Available balances to or from reserves may be used to modify an expenditure allocation in the same fund upon approval of the Board of County Commissioners.
- 5. A revenue or other financing source which was originally unanticipated may be appropriated by action of the Board of County Commissioners.
- 6. Increased revenues for proprietary funds may be appropriated by action of the Board of County Commissioners.

Since transfers of budget allocations between departments must be approved by the Board, the department level is deemed the legal level of budgetary control. Such legal level of budgetary control corresponds to the categorical breakdowns reflected in the financial statements, except for the General Fund, the Grants special revenue fund and the Miscellaneous Construction Projects capital projects fund. These funds contain multiple operating departments requiring Board of County Commissioners approval for budget transfers. Schedules showing budgeted and actual expenditures at the department level for these three funds are presented as supplementary information at the end of this Financial Section.

In instances where total fund appropriations are amended by revenues or other financing sources unanticipated in the existing budget, an amending budget resolution is adopted which indicates the revised budget appropriation for each affected fund. Amendments to overall appropriations for any other reasons also require a public hearing prior to adoption.

Budget appropriations presented in this report include all legally adopted appropriations as amended during the fiscal year. During the 2020 fiscal year, appropriation increases of approximately \$915 million were approved by the Board of County Commissioners, primarily due to the issuance of refunding Sales Tax debt, the reappropriation of unexpended grant award balances and encumbrances outstanding at the end of the 2019 fiscal year, as well as the award of Federal CARES Act funds. The original adopted budget for the 2020 fiscal year totaled \$4.77 billion and the final amended budget totaled \$5.69 billion, representing a 19.3% increase during the year.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

All governmental fund budgets are prepared on a basis consistent with GAAP, except that capital outlay expenditures and other financing sources related to the acquisition of assets through capital leases are not budgeted. For Fiscal Year 2020, the following adjustments were necessary to present the actual data on a budgetary basis for the General Fund:

	<u>E</u>	Expenditures	Other Financing Sources (Uses)
GAAP basis	\$	958,600,217	\$ 244,906,505
Non-budgeted capital lease transactions		(141,648)	(141,648)
Non-GAAP budgetary basis	\$	958,458,569	\$ 244,764,857

The budgets for the proprietary funds are prepared on an accrual basis and are consistent with GAAP except that pension liability adjustment and other postemployment benefits (OPEB) adjustment, depreciation, amortization, noncash capital contributions, and gains/losses on the disposal of assets are not budgeted; capital outlays are budgeted as expense; and debt proceeds and principal payments are respectively budgeted as revenue and expense. Insurance liability claims in the Risk Management internal service fund are budgeted according to the loss reserves available for disbursement rather than by new liabilities incurred during the fiscal year.

Annual budgets are prepared according to the following procedures:

During the month of July, the County Mayor, after working with the County's budget officer to establish proposed funding priorities for the ensuing fiscal year, presents a tentative budget for each fund which includes all estimated receipts, taxes to be levied, all other financing sources and all estimated expenditures and reserves.

The Board of County Commissioners examines these tentative budgets in work sessions throughout the month of July. Pursuant to law, the budgets of each fund are balanced (i.e., all revenues and other financing sources equal all expenditures, reserves, and other financing uses). Subject to hearing and notice requirements, the budgets may be revised as deemed necessary provided they remain in balance.

In September, public hearings are held to adopt tentative and final budgets. The hearings are held primarily to explain the budget and obtain public input. In accordance with statutory requirements, the annual budgets are enacted prior to October 1 through passage of a resolution. If for some reason a budget is not enacted by October 1, Florida Statutes provide for continued operation under the previous year's budget subject to any amendments.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

#### **Encumbrances:**

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of moneys are recorded as a reservation of budget, is employed as an extension of the statutorily required budgetary process. Under Florida Statutes, appropriations, even if encumbered, lapse at fiscal year end. Encumbrances outstanding at September 30, 2020, represented by purchase orders and other executory contracts, were approximately \$255.3 million. It is the County's intention to substantially honor these encumbrances under authority provided in the subsequent year's budget.

### Cash and Cash Equivalents:

Cash balances from the majority of funds are pooled for investment purposes. Earnings from such investments are allocated to the respective funds based on applicable cash participation by each fund. The investment pools are managed such that all participating funds have the ability to deposit and withdraw cash as if they were demand deposit accounts, and therefore all balances representing participants' equity in the investment pools are classified as cash equivalents for purposes of the statement of cash flows. For investments which are held separately from the pools, those which are highly liquid (including restricted assets) with an original or remaining maturity of 90 days or less when purchased are also considered to be cash equivalents for the statement of cash flows.

#### Investments:

All investments are stated at fair value or at amortized cost, which approximates fair value. Investment fair values are based on quoted market prices, except for bankers' acceptances and commercial paper, which are based on amortized cost. Investments in Florida PRIME, a qualifying external investment pool, as provided by GASB Statement No. 79, and money market mutual funds are stated at amortized cost, which is substantially the same as fair value.

#### Accounts Receivable:

Amounts due from private individuals, organizations, or other governments which pertain to charges for services rendered by County departments, or are owed to County departments, are reported as accounts receivable.

Receivables are reviewed periodically to establish or update the provisions for uncollectible amounts. These provisions are estimated based on an analysis of the age of the various accounts. The County records the amount of earned but unbilled service revenues for the Water Utilities System enterprise fund.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

### Notes and Loans Receivable:

The County has several agreements with other agencies under which cash has been advanced to those agencies for the purpose of financing loans to developers for multi-family affordable housing projects. These interest and noninterest-bearing advances will be repaid to the County over varying terms of up to 30 years. The outstanding principal balance is primarily reported as Notes and Loans Receivable in the Local Housing Assistance (SHIP) special revenue fund, with a corresponding amount in Restricted Fund Balance, as future use of collected proceeds remain restricted. A portion of these advances is also reported in the Miscellaneous Construction Projects capital project fund, as Notes and Loans Receivable, with a corresponding amount reported in Assigned Fund Balance. With the exception of an allowance established for one note to recognize a reduction from the amount due for compliance with conditions of the agreement, no uncollectible allowance has been established for these receivables, based upon management's evaluation of the loans.

Also included in the Local Housing Assistance (SHIP) and the Grants special revenue funds are loans receivable associated with the County's Down Payment Assistance, Neighborhood Stabilization and Housing Rehabilitation Programs. Loans are collateralized by personal residences and are forgiven over periods up to 20 years, provided that the program participant complies with the terms of the loan. An allowance is also established equal to the value of the loans as the County does not expect to collect on them.

The County, along with the City of Orlando and Lake Nona Land Company, LLC ("Funding Parties"), entered into an agreement with the University of Central Florida Real Estate Foundation, LLC to provide a no interest loan in the amount of \$50 million for the conveyance of the Sanford-Burnham Institute. The Institute was originally constructed through a competitive process that included incentives from the State of Florida, the Funding Parties, and others. In 2016, Sanford Burnham expressed its intent to wind down its operations in Florida. In anticipation of Sanford Burnham's departure, the Funding Parties agreed to convey the property to the University of Central Florida in exchange for a no interest loan. Each Funding Party shares the benefits and liabilities relative to the Property based on each Funding Party's actual contribution to the original incentive transaction with Sanford Burnham, 43.95% of which related to the County. The County's proportionate share of the outstanding principal, \$21,975,000, is reported as a Note Receivable, for which an equal amount is also presented as a deferred inflow of resources in the General Fund. The entire amount is to be repaid over a period of 30 years, with final payment no later than July 1, 2051.

#### Interfund Balances and Activity:

During the course of normal operations, the County has numerous transactions between funds. Examples of these transactions include providing services, constructing assets or

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

servicing debt. These transactions are generally recorded as interfund transfers, except for internal service fund charges which are reflected as revenues to internal service funds and expenses or expenditures to the funds receiving the services. Additionally, short-term interfund loans are recorded from time to time as cash flow needs arise. As of fiscal year-end, any unpaid amounts related to these transactions are reported as "due from other funds" or "due to other funds" on the fund financial statements. Interfund loans not expected to be repaid within one year are reported as advances. In governmental funds, advances are offset equally by a nonspendable fund balance which indicates that they do not constitute expendable available financial resources and, therefore, are not available for appropriation. Interfund balances and transfers are consolidated for government-wide financial reporting, and residual balances between governmental activities and business-type activities, if any, are reported on the government-wide financial statements.

### Inventories and Prepaid Costs:

Inventories in proprietary fund types consist of materials and supplies held for consumption and are reported at cost. Cost is determined by the Solid Waste System and the Water Utilities System enterprise funds using the weighted average and the moving average methods, respectively. The Fleet Management internal service fund values inventory using the first-in, first-out method.

Prepaid costs reported in both governmental and proprietary fund types consist of payments for costs applicable to future accounting periods. The cost of these prepaid items is recorded as expenditure or expense when consumed, rather than when purchased.

#### **Restricted Assets:**

The use of certain assets of enterprise funds is restricted by specific provisions of bond resolutions and agreements with various parties. Assets so designated are identified as restricted assets on the statement of net position. When both restricted and unrestricted resources are available for use, the County's policy is to use restricted resources first, then unrestricted resources as they are needed. Restricted assets are classified as noncurrent if they are for acquisition or construction of capital assets, for liquidation of long-term debt, or are for other than current operations.

#### Capital Assets:

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Constructed or purchased assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at acquisition value on the date of donation. The thresholds for capitalization of assets range

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

from \$500 to \$1 million, depending on the asset class. Costs of maintenance and repairs that do not add to the value of assets or extend their useful lives are not capitalized.

All capital assets except land and construction in progress are depreciated using the straight-line method over the following estimated useful lives:

Buildings	5 to 50 years
Improvements other than buildings	10 to 50 years
Machinery and equipment	3 to 15 years
Infrastructure – roadways	20 to 50 years
Infrastructure – drainage	20 to 75 years
Intangible	3 to 40 years

### Accounts Payable and Accrued Liabilities:

Liabilities reported as accounts payable and accrued liabilities on the government-wide statement of net position are comprised of the following components:

	Governmental Activities	Βι 	usiness-type Activities
Current payables due to vendors Salaries and wages payable Retainage on contracts payable	\$ 113,741,194 17,845,226 3,650,178	\$	48,438,240 2,076,907 21,934,281
Total accounts payable and accrued liabilities	\$ 135,236,598	\$	72,449,428

#### Deferred Outflows/Inflows of Resources and Unearned Revenue:

Deferred outflows of resources represent a consumption of net position that applies to a future period and therefore will not be recognized as expended until then. The County presents deferred outflows associated with pensions and OPEB, amortized over future periods, and losses charged on the refunding of debt, amortized over the life of the debt.

In instances where assets have been received by the County for services to be rendered in future periods, asset balances have been offset by an unearned revenue liability account in the financial statements. Unearned revenues of the County's business-type activities at September 30, 2020 are associated with cash received to secure future bookings at the Convention Center. Unearned revenue included in governmental activities are deposits held from builders for future building permit issuance, where revenue will be earned in future periods.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Deferred inflows of resources are reported in governmental activities to offset receivables and deposits that do not meet the availability criterion under the modified accrual basis of accounting. Primary examples of the County's deferred inflows are amounts associated with outstanding loans and receivables for the general fund and grants, EMS transport services and 911 system service provider fees, where payments will be received in cash over future periods. The County also presents amounts associated with pensions and OPEB as deferred inflows of resources.

#### Landfill Closure Costs:

Under the terms of current state and federal regulations, the County is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to 30 years after closure. In accordance with GASB Statement No. 18, the County is recognizing these costs of closure and postclosure maintenance over the active life of each landfill area, based on landfill capacity used during the period. Required obligations for these costs are recognized in the governmental activities for internal landfill operations and in the Solid Waste System enterprise fund for public landfill operations.

### Accretion of Original Issue Discount on Bonds:

The original issue discount on compound interest bonds is being accreted to maturity using the interest method.

#### Obligation for Bond Arbitrage Rebate:

Pursuant to Section 148(f) of the U. S. Internal Revenue Code, the County must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. Arbitrage rebate, if any, is due and payable on each five-year anniversary of the respective debt issue. As of September 30, 2020, the County had no outstanding arbitrage rebate liability.

### Operating and Nonoperating Revenues and Expenses:

The proprietary fund financial statements distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses are those that result from providing services associated with the principal activities of the respective fund. Primary examples of operating revenues are charges for hall and room rentals of the Convention Center, landfill tipping fees of the Solid Waste System, and charges for water and wastewater treatment services of the Water Utilities System. Operating expenses include the cost of sales and services, administrative costs, and depreciation expense. Nonoperating revenues and expenses are all those that do not meet the criteria described above, and include interest and tax revenues and debt service expenses.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

### **Compensated Absences**:

It is the policy of the County to permit employees to accumulate a limited amount of earned but unused leave benefits which will be paid to employees upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the proprietary fund financial statements. For governmental funds, there is no legal requirement to accumulate expendable available financial resources to liquidate the obligation; thus expenditures are recognized in the governmental funds when payments are made to employees. The valuation of accrued leave benefits is calculated in accordance with GASB Statement No. 16. The current portion of the accrued compensated absences liability is based on the average annual amount of leave paid over the preceding three years.

#### Net Position:

The government-wide statement of net position reports a total of \$690,162,021 of restricted net position for governmental activities, of which \$405,363,042 is restricted by enabling legislation.

#### Pension Expense:

The County expenses required pension contributions as a component of personal services expense. The remaining portion of pension expense, consisting of the County's proportionate share of the Florida Retirement System's actuarially determined pension expense in excess of amounts contributed, is presented as an expense in the statement of activities by function.

### Other Postemployment Benefit Expense:

The County expenses OPEB contributions as a component of personal services expense. The remaining portion of OPEB expense, consisting of the actuarially determined proportion of the County's OPEB expense in excess of the amounts contributed is presented as an expense in the statement of activities by function.

#### **Bond Amortization Costs:**

In the proprietary fund financial statements, bond premiums are amortized over the life of the bonds using the interest method. Also, in accordance with GASB Statement No. 23, the difference between the reacquisition price and the net carrying amount of refunded debt is being amortized over the shorter of the life of the old debt or the life of the new debt using the interest method. Amortization of bond premium and the deferred amounts on refundings are recorded as components of interest expense.

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

### Indirect Expenses Allocation:

General administrative overhead costs are charged to all County functions, based on the proportionate benefit to each function, as determined through the County's annually-prepared cost allocation plan. These indirect expenses are identified in a separate column on the government-wide statement of activities.

#### Property Tax Revenues:

Ad valorem property taxes levied in September 2020 are for the purpose of financing the budget of the 2021 fiscal year. Property tax revenues recognized for the 2020 fiscal year were levied in September 2019. Virtually all unpaid taxes are collected via the sale of tax certificates prior to fiscal year end; thus there is no receivable reported for property taxes in the financial statements.

Key dates in the property tax cycle are as follows:

	Revenues for fiscal year ended September 30, 2020
Lien date	January 1, 2019
Assessment roll certified	August 23, 2019
Property taxes levied	September 19, 2019
Beginning of fiscal year for which taxes have been levied	October 1, 2019
Tax bills rendered	November 1, 2019
Property taxes payable: Maximum discount (latest date) Delinquent	November 30, 2019 April 1, 2020
Tax certificates sold on unpaid taxes	May 31, 2020

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

### Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

### **B. DEPOSITS AND INVESTMENTS**

### **Primary Government:**

As of September 30, 2020, the carrying values of the County's deposits and investments, with their respective Standard & Poor's (S&P) and Moody's Investors Service credit ratings, was as follows:

Investment Type	Fair Value	Credit Rating
Demand and time deposits	\$ 296,128,812	NA
Florida PRIME	440,768,545	AAAm
Florida Class	30,000,000	AAAm
U.S. Treasury Notes	1,063,942,284	AA+/Aaa
Federal instrumentalities:		
Notes and bonds	374,852,500	A-1
Discount notes	149,936,000	AA+/Aaa
Money market mutual funds	107,257,551	AAAm/Aaa-mf
Total deposits and investments	\$ 2,462,885,692	

The County's investments utilize Level 2 inputs. Fair value measurement is based on pricing received from the County's third party vendor. The County uses the market approach method as a valuation technique which uses prices and other relevant information generated by market transactions involving identical or similar groups of assets. Florida PRIME, time deposits and money market mutual funds are valued at amortized cost. There are no restrictions or limitations on withdrawals; however, Florida PRIME may, on the occurrence of an event that has a material impact on liquidity or operations, impose restrictions on withdrawals for up to 48 hours. The County's investments in the Florida Cooperative Liquid Assets Securities System (Florida Class), a public entity investment trust organized under the laws of the State of Florida, are presented at Net Asset Value (NAV), which reflects fair value. The objectives of the Florida Class are to generate investment income while maintaining safety and liquidity. There are no restrictions or terms and conditions on the County in redeeming the investment and the County has no unfunded commitments related to this investment.

### B. DEPOSITS AND INVESTMENTS, Continued

At September 30, 2020, the County's categorizations of investment fair value measurements were as follows:

	Fair Value 9/30/2020	Significant Other Observable Inputs (Level 2)
U.S. Treasury Notes Federal Instrumentalities:	\$ 1,063,942,284	\$ 1,063,942,284
Notes and bonds	374,852,500	374,852,500
Discount notes	149,936,000	149,936,000
Total investments at fair value	\$ 1,588,730,784	\$ 1,588,730,784
Investments reported at amortized cost:		
Demand and time deposits	\$ 296,128,812	
Florida PRIME	440,768,545	
Florida Class	30,000,000	
Money market mutual funds	107,257,551	
Total investments at amortized cost	\$ 874,154,908	
Total investments	\$ 2,462,885,692	

### Credit Risk:

The Board's Investment Policy (Policy), as well as the separate investment policies of the constitutional officers, limits credit risk by restricting authorized investments to the following: obligations issued or explicitly guaranteed by the U.S. Government (Treasuries), obligations of certain U.S. Government-sponsored Federal instrumentalities (Instrumentalities), direct obligations of states and municipalities, repurchase agreements comprised of Treasuries or Instrumentalities, Florida PRIME administered by Florida's State Board of Administration (a qualifying external investment pool), Florida Class, an independent local government investment pool, commercial paper, bankers' acceptances, bank certificates of deposit or savings accounts, and money market mutual funds (Money Markets). The Policy requires that investments in Instrumentality debt be guaranteed by the full faith and credit of the U.S. Government-sponsored agency, and that investments in Money Markets have an S&P rating of AAAm or AAAg, and limits eligible Money Markets to those comprised of Treasuries. For arbitrage compliance only, Money Markets may be comprised of state and local government taxable and tax-exempt debt.

### B. DEPOSITS AND INVESTMENTS, Continued

### Concentration of Credit Risk:

Except for Treasuries, the Policy establishes limitations on portfolio composition for all permitted investments, both by investment type and by issuer, in order to control concentration of credit risk. The Policy provides that a maximum of 45% of the portfolio may be invested in any of four specified Instrumentalities, with a limit of 15% in any one issuer; and that a maximum of 25% of the portfolio may be invested in Money Markets, with a limit of 10% of the portfolio invested in any one issuer. At September 30, 2020, the County's investment pool portfolio included investments in one authorized Instrumentality, which represented seven percent of the total pool portfolio.

### **Custodial Credit Risk:**

The Policy requires that bank demand and time deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida. At September 30, 2020, all of the County's bank deposits were in qualified public depositories.

The Policy requires execution of a third-party custodial safekeeping agreement for all purchased securities, and requires that securities be held in the County's name. At September 30, 2020, all of the County's investments were held in a bank's trust department in the County's name.

#### Interest Rate Risk:

For all investment types, the Policy limits the investment of current operating funds to 13 months. To increase returns and provide diversity, the Policy also provides for the investment of noncurrent (13 months) operating funds in investments with maturities no longer than 60 months. Noncurrent operating funds are invested in the intermediate term portfolio with a maximum maturity of 36 months, and a noncurrent operating portfolio with a maximum maturity of 60 months. Bond reserves, construction funds, and other nonoperating funds may be invested for up to 10 years, subject to debt covenant restrictions and liquidity needs.

As of September 30, 2020, the County's investments have the following weighted average maturities by investment type: U.S. Treasury Notes — 18.4 months; Federal instrumentalities — 4.8 months; Money Markets — not more than 60 days. The portfolio did not contain any callable securities.

### B. DEPOSITS AND INVESTMENTS, Continued

### Orange County OPEB Retirement Health Benefit Plan:

Investments in the Orange County OPEB Trust are managed in accordance with the Trustee's Retiree Health Care Benefit Trust Investment Policy. The OPEB Retirement Health Benefit Plan investments, other than \$187,422 of uninvested cash deposits and \$83,751,798 in index funds investing in equity securities, were as follows at September 30, 2020:

		Credit	Average	
Fund/Investment	Туре	Rating	Maturity (years)	 Fair Value
Prime Money Market Fund	Money Market	Not rated	<60 days	\$ 3,051
International Bond Index Fund	Fixed Income	Not rated	10.0	4,319,884
Bond Market Index Fund	Fixed Income	Not rated	8.5	10,315,485
Total Fixed Income				\$ 14,638,420

The County's fair value measurement for investments in index funds uses quoted prices in active markets for identical assets (Level 1 inputs); PRIME money market funds maintain stable net asset values and are valued at amortized cost.

#### Clerk of the Circuit and County Courts OPEB Retirement Health Benefit Plan:

Cash and investments of the Clerk of the Circuit and County Courts OPEB Trust are managed in accordance with Florida Statutes. As of September 30, 2020, \$210,544 was deposited in an interest bearing checking account and \$8,133,281, at net asset value, was held in investments

(Remainder of this page intentionally left blank)

### C. RESTRICTED ASSETS

The use of certain assets is restricted by specific provisions of bond resolutions and agreements with various outside parties. Restricted assets at September 30, 2020 consist of the following:

	Cash and Cash Equivalents		Inve	Investments		Accrued Interest Receivable		Totals
Convention Center		<u>·                                      </u>					_

### D. NOTES AND LOANS RECEIVABLE

Notes and loans receivable of the primary government at September 30, 2020 were as follows:

#### **Governmental Activities:**

County's proportionate share of a promissory note with the University of Central Florida dated August 27, 2018 for conveyance of Sanford-Burnham Institute; noninterest bearing; repayment of principal to begin July 1, 2021 and will be paid quarterly over a 30 year period	\$ 21,975,000
SHIP-Assisted grant loan due from Grand Avenue Economic Community Development Corporation dated 2010; to be reduced annually by 1/20th of the original amount.	425,000
Multi-Family Affordable Housing Agreements with Florida Community Capital Corporation and Neighborhood Lending Partners dated 1997 through 2014; secured by an equitable ownership of the underlying mortgages; noninterest bearing; repayment of principal is made quarterly over the life of the underlying mortgages, with final maturities ranging from 2020 to 2039.	6,229,583
Multi-family Affordable Housing Agreement with Goldenrod Pointe Partners and Neighborhood Lending Partners dated October 2016; secured by an equitable ownership of the underlying mortgage; interest at 1% per annum, payable monthly; repayment of principal is made in the form of a balloon payment due September 2036.	2,000,000
Multi-family Affordable Housing Agreement with Ability WDC, LLC and Neighborhood Lending Partners dated June 2018; secured by an equitable ownership of the underlying mortgage; interest at 1% per annum, payable monthly; repayment of principal is made in the form of a balloon payment due June 2038.	2,000,000
SHIP-Assisted and Grant Assisted loans due from individual participants in the County's down payment assistance, neighborhood stabilization and rehabilitation programs. Loans are collateralized by liens on personal residences and are forgiven after periods of up to 20 years provided the program participant	
complies with terms of the loan.	63,128,589
	95,758,172
Less allowance for uncollectible accounts	 (63,553,589)
Governmental activities notes and loans receivable, net	\$ 32,204,583

### E. CAPITAL ASSETS

#### G. RISK MANAGEMENT AND INSURANCE COVERAGE

### Risk Management Program:

The County maintains the Risk Management internal service fund which reports the costs and benefits of a mutual risk management, loss prevention, and self-insurance program for property, liability, and workers' compensation losses. The self-insurance program covers the operations of the Board and the constitutional officers with the exception of the Sheriff, which elects to assume responsibility for general liability, automobile, and workers' compensation losses related to its operations.

The Risk Management fund covers claims on losses up to the following limits:

Amount	
Per Occurrence	Type of Coverage
\$1,000,000	Public Liability
500,000	Property
500,000	Cyber Liability
5% of unit value	Named Windstorm
250,000	Environmental and Storage Tank Liability
50,000	Money and Securities Theft
50,000	Employee Fidelity
50,000	Boiler and Machinery Breakdown
25,000	Sabotage and Terrorism
250,000	Vehicle and Mobile Equipment
Self-Insured	Workers' Compensation

The County's self-insurance program has excess insurance coverage in place for instances where losses exceed the above-stated limits.

With regard to insurance coverages for the Sheriff, all general liability and automobile claims incurred subsequent to September 30, 1996, except for Fiscal Year 2000 claims covered by a commercial insurance carrier, are covered by the Florida Sheriff's Self-Insurance Fund, a risk management pool to which risk is transferred in exchange for annual premium payments. These payments are accounted for as General fund expenditures.

Sheriff's workers' compensation claims since October 1, 1999 are covered by commercial insurance carriers, subject to a \$250,000 per claim deductible. Effective October 1, 2004, the Sheriff became self-insured for workers' compensation, subject to a \$600,000 deductible. The Sheriff has been self-insured for health claims since October 1, 2003. The worker's compensation and health insurance liabilities described here are accounted for through internal service funds.

### G. RISK MANAGEMENT AND INSURANCE COVERAGE, Continued

In addition to certain bank deposits administered by the Sherriff's third party administrator, the Sherriff has an unused \$35,489 letter of credit outstanding to secure payment for workers' compensation claims incurred since October 1, 1999. There have been no claims made against the letter of credit.

Overall, there have been no claim settlements in excess of insurance coverage during the three fiscal years ended September 30, 2020. Coverage limits for flood and earthquake damages, damages from named windstorms, and damages from other wind or hail events, are set at \$50 million, \$100 million, and \$500 million, respectively.

The claims liability reported in the Risk Management funds, Sheriff's Health Insurance and Workers' Compensation Internal Service funds at September 30, 2020 and 2019 is based on an actuarial review of claims pending and past experience. The liability is recorded on a present value basis, excluding nonincremental claims adjustment expenses and using a discount factor of one percent for the County and three percent for the Sheriff. The undiscounted liability as of September 30, 2020 was \$76,766,828. Changes in the fund's claims liability amount during Fiscal Years 2020 and 2019 were:

	Year ended September 30			
		2020		<u>2019</u>
Liability beginning balance	\$	65,789,627	\$	59,650,909
Claims and changes in estimates		59,876,452		61,242,011
Claim payments		(54,745,958)		(55,103,293)
Liability ending balance	\$	70,920,121	\$	65,789,627

### Self-Insurance – Employee Medical Benefits:

Effective January 1, 2007, the County converted from a fully-insured to a self-insured plan for employee medical benefits. The plan covers all regular employees and certain retirees and former employees of the Board and their eligible dependents. Pursuant to interlocal agreements, all of the constitutional officers except for the Sheriff, as well as four other small local governmental agencies, are participating in the County's plan. In accordance with GASB Statement No. 10, the plan is accounted for through the County's Employee Benefits internal service fund.

### G. RISK MANAGEMENT AND INSURANCE COVERAGE, Continued

The claims liability reported in the Employee Benefits internal service fund is the actuarially determined undiscounted amount. The change in the fund's claims liability amount during Fiscal Years 2020 and 2019 was:

	 Year ended September 30		
	2020		<u>2019</u>
Liability beginning balance	\$ 7,653,235	\$	7,210,043
Claims incurred	106,378,639		103,313,808
Claim payments	(104,991,874)		(102,870,616)
Liability ending balance	\$ 9,040,000	\$	7,653,235

#### H. RETIREMENT PLANS

### Florida Retirement System:

General Information - All of the employees of the primary government participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan ("Pension Plan") and the Retiree Health Insurance Subsidy ("HIS Plan"). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan ("Investment Plan") alternative to the FRS Pension Plan, which is administered by the State Board of Administration ("SBA"). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site:

www.dms.myflorida.com/workforce operations/retirement/publications.

### H. RETIREMENT PLANS, Continued

### Pension Plan

<u>Plan Description</u> – The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program ("DROP") for eligible employees.

Benefits Provided - Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service. Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected Officers' class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Pension Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

### H. RETIREMENT PLANS, Continued

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions – Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2019 through June 30, 2020 and from July 1, 2020 through September 30, 2020, respectively, were as follows: Regular--8.47% and 10.00%; Special Risk Administrative Support--38.59% and 35.84%; Special Risk--25.48% and 24.45%; Senior Management Service--25.41% and 27.29%; Elected Officers'--48.82% and 49.18%; and DROP participants--14.60% and 16.98%. These employer contribution rates include 1.66% HIS Plan subsidy for the period October 1, 2019 through September 30, 2020.

The County's contributions to the Pension Plan totaled \$83,833,489 for the fiscal year ended September 30, 2020.

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2020, the County reported a liability of \$1,067,238,039 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The County's proportionate share of the net pension liability was based on the County's 2019-20 fiscal year contributions relative to the 2018-19 fiscal year contributions of all participating members. At June 30, 2020, the County's proportionate share was 2.46%, which was an increase of 0.04% from its proportionate share measured as of June 30, 2019.

### H. RETIREMENT PLANS, Continued

For the fiscal year ended September 30, 2020, the County recognized pension expense of \$230,666,481. In addition, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	erred Outflows f Resources		eferred Inflows of Resources
Differences between expected and actual experience	\$ 40,845,371	\$	-
Change of assumptions	193,204,040		-
Net difference between projected and actual earnings on Pension Plan investments	63,544,378		-
Changes in proportion and differences between the County's Pension Plan contributions and proportionate share of contributions	32,087,636		1,831,030
County Pension Plan contributions subsequent to the measurement date	 23,467,998	_	
Total	\$ 353,149,423	\$	1,831,030

The deferred outflows of resources related to the Pension Plan, totaling \$23,467,998 resulting from County contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expenses as follows:

Fiscal Year Ending	
September 30:	Amount
2021	\$ 70,827,958
2022	103,046,462
2023	86,933,927
2024	53,363,111
2025	13,678,937

### H. RETIREMENT PLANS, Continued

<u>Actuarial Assumptions</u> – The total pension liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.40%

Salary increases 3.25%, average, including inflation Investment rate of return 6.80%, net of pension plan investment

expense, including inflation

Mortality rates were based on the PUB-2010 base table varies by member category and sex, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

(Remainder of this page intentionally left blank)

### H. RETIREMENT PLANS, Continued

		Annual	Compound Annual	
	Target	Arithmetic	(Geometric)	Standard
Asset Class	Allocation (1)	Return	Return	Deviation
Cash	1.0%	2.2%	2.2%	1.2%
Fixed income	19.0%	3.0%	2.9%	3.5%
Global equity	54.2%	8.0%	6.7%	17.1%
Real estate (property)	10.3%	6.4%	5.8%	11.7%
Private equity	11.1%	10.8%	8.1%	25.7%
Strategic investments	4.4%	5.5%	5.3%	6.9%
Total	100.0%			
Assumed Inflation - Mean		2.4%		1.7%

### (1) As outlined in the Pension Plan's investment policy

<u>Discount Rate</u> - The discount rate used to measure the total pension liability was 6.80%, which is a decrease from 6.90% used to determine the total pension liability in the prior year. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation of the total pension liability is equal to the long-term expected rate of return.

<u>Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u> - The following represents the County's proportionate share of the net pension liability calculated using the discount rate of 6.80%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

		Current	
	1% Decrease	Discount Rate	1% Increase
	(5.80%)	(6.80%)	(7.80%)
County's proportionate		 _	 _
share of the net Pension			
Plan liability at			
September 30, 2020	\$ 1,704,199,792	\$ 1,067,238,039	\$ 535,244,813

### H. RETIREMENT PLANS, Continued

<u>Pension Plan Fiduciary Net Position</u> - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

<u>Payables to the Pension Plan</u> - At September 30, 2020, the County reported de minimis amounts payable for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2020.

### **HIS Plan**

<u>Plan Description</u> – The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

<u>Benefits Provided</u> – For the fiscal year ended September 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

<u>Contributions</u> – The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2020, the HIS rate was 1.66%. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

### H. RETIREMENT PLANS, Continued

The County's contributions to the HIS Plan totaled \$10,505,423 for the fiscal year ended September 30, 2020.

Pension Liability, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2020, the County reported a liability of \$220,155,141 for its proportionate share of the HIS Plan's net pension liability.

The net pension liability was measured as of June 30, 2020, and was estimated and based on the results of the valuation conducted as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The County's proportionate share of the net pension liability was based on the County's 2019-20 fiscal year contributions relative to the 2018-19 fiscal year contributions of all participating members. At June 30, 2020, the County's proportionate share was 1.80%, which is unchanged from its proportionate share measured as of June 30, 2019.

For the fiscal year ended September 30, 2020, the County recognized pension expense of \$20,206,903. In addition, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
Description	of Resources	of Resources
Differences between expected and actual experience	\$ 9,005,680	\$ 169,836
Change of assumptions	23,672,947	12,801,162
Net difference between projected and actual earnings on HIS Plan investments	175,774	-
Changes in proportion and differences between the County's HIS Plan contribution and proportionate share of contributions	ns 9,263,509	986,023
County HIS Plan contributions subsequent to the measurement date	2,828,435	
Total	\$ 44,946,345	\$ 13,957,021

### H. RETIREMENT PLANS, Continued

The deferred outflows of resources related to the HIS Plan, totaling \$2,828,435, resulting from the County's contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized as pension expense as follows:

Fiscal Year Ending	
September 30:	<u>Amount</u>
2021	\$7,611,779
2022	5,971,178
2023	2,772,598
2024	4,213,882
2025	4,414,111
Thereafter	3,177,341

<u>Actuarial Assumptions</u> – The total pension liability in the July 1, 2020 valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary increases	3.25%, average, including inflation
Municipal bond rate	2.21%

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018.

The actuarial assumptions used to determine the July 1 valuation, was based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

<u>Discount Rate</u> - The discount rate used to measure the total pension liability was 2.21%, which is a decrease from 3.50% used to determine the total pension liability in the prior year. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

### H. RETIREMENT PLANS, Continued

<u>Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate</u> - The following represents the County's proportionate share of the net pension liability calculated using the discount rate of 2.21%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease	Discount Rate	1% Increase
	(1.21%)	(2.21%)	(3.21%)
County's proportionate share of the net HIS Plan liability at September 30, 2020	\$ 254,489,520	\$ 220,155,141	\$ 192,052,555

<u>HIS Plan Fiduciary Net Position</u> - Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

<u>Payables to the HIS Plan</u> - At September 30, 2020, the County reported de minimis amounts payable for outstanding contributions to the HIS Plan required for the fiscal year ended September 30, 2020.

#### **Investment Plan**

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Board employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various

### H. RETIREMENT PLANS, Continued

approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution and by forfeited benefits of plan members. The employer contribution for the period from October 1, 2019 through September 30, 2020 was 0.06% of payroll. Allocations to the investment member's accounts during the 2019-20 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class--6.30%, Special Risk Administrative Support class--7.95%, Special Risk class--14.00%, Senior Management Service class--7.67% and County Elected Officers class--11.34%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County's Investment Plan pension expense totaled \$17,684,836 for the fiscal year ended September 30, 2020.

### H. RETIREMENT PLANS, Continued

#### Orange County Housing Finance Authority Defined Benefit Pension Plans:

The Orange County Housing Finance Authority (Authority), a discretely presented component unit of the Board, participates in the cost-sharing, multiple employer defined benefit pension plans administered by the Florida Retirement System (FRS). Further information on the effect of participation in the FRS plans is included in the Authority's Annual Financial Report and can be obtained from the Authority's administrative office whose address is indicated on page 19 of this report.

### Orange County Library District Defined Benefit Pension Plan:

The Orange County Library District (District), a discretely presented component unit of the Board, administers a single employer defined benefit pension plan (Plan). A complete description of the Plan is included in the District's Comprehensive Annual Financial Report and can be obtained from the District's administrative office whose address is indicated on page 19 of this report.

#### I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

#### Orange County Other Postemployment Benefit Plan:

Plan Description - The Board and all constitutional officers, except for the Clerk of the Circuit and County Courts, administer a single-employer defined other postemployment benefit plan (OPEB Plan) and can amend the benefit provisions. In accordance with its Personnel Policies and Collective Bargaining Agreements, the Board offers an OPEB Plan that subsidizes the cost of health care for its retirees and eligible dependents. Board employees with at least 10 years of combined service under the Board and/or the Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, or Tax Collector who retire and immediately begin receiving benefits from the Florida Retirement System (FRS) are eligible to receive a monthly health care subsidy payment of three dollars per year of service up to a maximum of \$90 per month. If combined service is at least 20 years and receipt of FRS benefits is deferred to a later date, this monthly benefit may be vested for commencement at such deferral date. Additionally, in accordance with State statute, Board employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan at the same group rate as for active employees. Benefit provisions for the Comptroller and Supervisor of Elections are essentially the same as the Board. Benefit provisions for the Sheriff, Property Appraiser (if employed prior to October 1, 2005) and Tax Collector differ in that the monthly health care subsidy payment is five dollars per year of service up to a maximum of \$150 per month. Also, there are differences in the service reciprocity and vesting features of their respective plans.

### I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

In September 2007, the County established the Orange County Health Care Benefit Trust (Trust), a qualifying irrevocable trust, and began funding its OPEB Plan obligation. The Clerk of the Circuit and County Courts was excluded from participation in the Trust, and benefit provisions of constitutional officers that exceed those of the Board are excluded from the Trust. Separate stand-alone financial statements for the Trust are not prepared.

At September 30, 2020, the date of the latest actuarial valuation, plan participation consisted of:

Active members	10,103
Inactive employees currently receiving benefits	3,845
Inactive employees with deferred benefits	135

<u>Contributions</u> – The County has the authority to establish and amend the funding policy. For the year ended September 30, 2020, the County contributed \$11,988,923 to the OPEB Plan, including a contribution of \$9,113,246 to the Trust. It is the County's intent to base future Trust contributions on the Actuarially Determined Contribution (ADC) in subsequent annual actuarial reports; however, no Trust contributions are legally or contractually required. Employees do not make contributions to the OPEB Plan.

Net OPEB Liability - The County's net OPEB liability was measured as of September 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation of that date.

Actuarial Assumptions – The total OPEB liability in the September 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Iha	actuarial	assumptions	ara:

Continued

#### I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

Investment Policy – The Trust's investment policy is established and may be amended by the County Comptroller. It is the policy of the County Comptroller to invest funds held by or for the benefit of the beneficiaries participating in the Trust in a manner that will provide adequate liquidity to meet cash flow needs and optimize returns while conforming to all federal, state, and local laws governing the investment of public funds. After providing for liquidity in either a money market fund or in a demand deposit bank account, remaining assets shall be invested per the following allocation policy of the Trust, as of September 30, 2020:

Asset Class	Allocation
Domestic equity securities and money markets	50 %
International equity securities and money markets	33
Fixed income mutual funds	12
International bond index fund	5
	100 %

Specific investments exceeding five percent of the Plan's net position consist of the following: Vanguard Total Stock Market Index Fund, Vanguard Total International Stock Index Fund and Vanguard Total Bond Market Index Fund.

For the fiscal year ended September 30, 2020, the annual money-weighted rate of return on the Trust Assets was 12.01%. The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested.

#### I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rate of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of September 30, 2020 are summarized in the following table:

	Expected		
	Nominal	<b>Expected Real</b>	
Asset Class	Rate of Return	Rate of Return	Allocation
Large Cap U.S. Equity	6.50%	3.90%	43.50%
Small Cap U.S. Equity	7.00%	4.39%	6.50%
International Equity	7.50%	4.88%	24.70%
Emerging Markets Equity	8.10%	5.46%	8.30%
Non-U.S. Developed Bond	1.30%	-1.17%	5.00%
Intermediate Duration Bonds-Gov't	1.30%	-1.17%	7.50%
Intermediate Duration Bonds-Credit	2.30%	-0.20%	4.50%
Total Portfolio	6.94%	4.33%	100.00%

Plan fiduciary net position as a percentage of the total OPEB liability:

69.82%

The discount rate used to measure the total OPEB liability is 7.0%. The projection of cash flows used to determine the discount rate assumed the County would continue to fund the actuarially determined contribution. Only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on these assumptions, the OPEB Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members.

### I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

<u>Sensitivity of the Net OPEB liability to changes in the discount rate</u> - The following represents the net OPEB liability of the County at its measurement date of September 30, 2020, as well as what it would be if it were calculated using a discount rate that is one percent lower or one percent higher than the current rate:

	Current

Thereafter		1,094,735

### Clerk of the Circuit and County Courts Other Postemployment Benefit Plan:

<u>Plan Description</u> - The Clerk of the Circuit and County Courts (Clerk) administers a single-employer defined other postemployment benefit plan ("OPEB Plan") that subsidizes the cost of health care for its retirees and eligible dependents. Retirees with at least 10 years of service under the Clerk who are receiving benefits from the FRS are eligible to receive a monthly benefit of five dollars per year of service up to a maximum of \$150 per month. Additionally, Clerk employees who retire and immediately begin receiving benefits from the FRS have the option of continuing in the County health insurance plan at the same group rate as for active employees.

### I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

In June 2009, the Clerk established the Orange County Clerk of the Circuit and County Courts Retiree Health Insurance Subsidy Trust ("Trust"), a qualifying trust, and began funding its OPEB Plan obligation. Separate stand-alone financial statements for the Trust are not prepared.

At September 30, 2020, the date of the last actuarial study, the plan participation consisted of:

Active Employees	393
Inactive Participants	<u>150</u>
Total	543

<u>Contributions</u> – The Clerk has the authority to establish and amend its funding policy. For the year ended September 30, 2020, the Clerk made no contributions into the Trust. This Trust is to be used to fund current subsidy payments to participants for upcoming fiscal years.

<u>Rate of Return</u> – For the year ended September 30, 2020, the annual money-weighted rate of return on investments, net of investment expense, was 1.03%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net OPEB Liability – The Clerk's net OPEB liability was \$1,461,870 at September 30, 2020, measured as of September 30, 2020, based on an actuarial valuation dated October 1, 2020.

Plan fiduciary net position as a percentage of the total OPEB liability:

85.09%

Actuarial Methods and Assumptions - Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Calculations for financial reporting purposes are based on the benefits provided under terms of the substantive plan (the plan as understood by the employer and the plan members) in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

### I. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS, Continued

The actuarial methods are:

Actuarial cost method Entry Age normal

Asset valuation method Fair value

The actuarial assumptions are:

Discount rate used to

measure total OPEB liability 2.21%
Projected annual salaries increase 4.5%
Inflation rate 2.5%

Healthcare cost trend rate Pre-65 increase of 6.45%; post 65 increase of

7.25% for Fiscal Year 2020, grading to an ultimate rate of 4.5% for Fiscal Year 2029

Mortality rates were based on the Pub-2010 Headcount Weighted General tables projected with Scale MP-2020 as of the September 30, 2020 measurement date.

The claims and trend used for the Clerk of the Court valuation are the same as those used for Orange County Government and were developed based on the aggregated County population and experience. The assumptions noted above are applicable for the valuation as of September 30, 2020.

<u>Discount Rate</u> – The funds in the trust are not aggressively invested and are assumed to grow at the Bond Buyer General Obligation 20-Bond Municipal Bond Index 20 year municipal bond rate as of the beginning of the year, the same rate at which the liability is expected to grow. Therefore, the discount rate used to determine the total OPEB liability is equal to the expected rate of return applied to the assets in the trust fund. The long-term expected rate of return on OPEB plan investments as of the September 30, 2019 measurement date was 2.66% and decreased to 2.21% as of the September 30, 2020 measurement date.

<u>Sensitivity of the Net OPEB Liability to Changes in the Discount Rate</u> – The following presents the net OPEB liability of the Clerk, as well as what the Clerk's net OPEB liability would be if it were calculated using a discount rate that is one percent lower or one percent higher than the current discount rate of 2.21% at September 30, 2020:

	1	% Decrease (1.21%)	 Current Rate (2.21%)	 1% Increase (3.21%)
Clerk's Net OPEB liability based on September 30, 2020				
measurement date	\$	2,683,112	\$ 1,461,870	\$ 421,423

#### \$25,480,000 Capital Improvement Refunding Revenue Bonds, Series 2009

Type: Governmental Activities Revenue Bonds

Dated: May 2009

Final maturity: Year 2022

Principal payment date: October 1

Interest payment dates: April 1 and October 1

Interest rates: 5.00% to 5.25% Reserve requirement: None

#### M. BONDS PAYABLE, Continued

Revenue pledged: County receipts from the State Revenue Sharing Trust Fund provided by Chapter 218, Florida Statutes in an amount equal to fifty percent (50%) of the revenue received from this source in the immediately preceding fiscal year. The total principal and interest remaining to be paid on this series is \$8,274,531. For the fiscal year, principal and interest paid on this series was \$2,771,913 and total pledged revenue was \$23,273,253.

Purpose: Together with certain funds provided by the County, current refunding of all outstanding Capital Improvement Refunding Revenue Bonds, Series 1998 in the total principal amount of \$27,715,000.

Call provisions: Series 2009 bonds are not subject to optional or mandatory redemption prior to their stated dates of maturity.

Consequence of default: The County must first use the Reserve Account, and next require the Registrar to deliver a demand for payment, or otherwise draw upon all related Reserve Account Facilities in accordance with their terms for the remaining amount needed to prevent default in the payment of such Bonds, with priority to interest payments.

#### \$33,843,803 Public Facilities Revenue Bonds, Series 1994A

Type: Governmental Activities Revenue Bonds

Dated: June 1994

Final maturity: Year 2019

Principal payment date: October 1

Interest payment dates: October 1 – only capital appreciation bonds remain outstanding.

Interest rates: 6.50% yield

Reserve requirement: The lesser of (1) 125% of the average annual debt service, (2) the maximum annual debt service, or (3) 10% of the initial total principal of the bonds, \$4,355,000.

Revenue pledged: All of certain non-ad valorem revenues of the County. Among these are state sources of license revenues, local license and permit fees, local charges for service, and miscellaneous local revenue. The final principal and interest payment, in the amount of \$4,355,000, was made on October 1, 2019.

Purpose: To finance costs of construction and improvements to various County facilities and to redeem \$20,818,000 of commercial paper used for correctional facilities and telecommunication systems.

Call provisions: No bonds remain outstanding at September 30, 2020.

Consequence of default: Payment was secured by a municipal bond insurance policy. If it became necessary to call upon the municipal bond insurance policy, payment of principal required ownership of the Bonds to transfer to the insurer.

Bonded Indebtedness - Discretely-Presented Component Units:

Orange County Housing Finance Authority:

Bonds and other obligations issued by the Authority are payable, both as to principal and interest, solely from the assets of the various housing programs which are pledged under the resolutions authorizing the particular issues. These issues do not constitute an obligation, either general or special, of the Board, the State of Florida or of any local government therein. Neither the faith, credit and revenues nor the taxing power of the Board, the State of Florida or any local government therein shall be pledged to the payment of the principal or interest on the obligations. During the year ended September 30, 2020, the Authority issued \$73,838,422 in housing bonds. The aggregate principal amount outstanding is \$439,461,475 at September 30, 2020.

### M. BONDS PAYABLE, Continued

Orange County Industrial Development Authority and Orange County Health Facilities Authority:

These Authorities serve to assist in the financing and refinancing of certain types of capital projects for third parties. Revenue bonds issued are payable solely from moneys and other assets pledged under the indentures of trust with the bond trustees and do not constitute debt of the Authorities. The Authorities serve only as "conduit" agents for their respective bond issues. The Board also has no financial obligation for bonds issued by the Authorities. Therefore, the bonds outstanding are not reported in the accompanying financial statements since neither the Authorities nor the Board has any commitment for their repayment.

The Industrial Development Authority assists with capital projects which will foster economic development. From inception through the end of Fiscal Year 2020, approximately \$1.1 billion in revenue bonds have been issued by the Authority. During the year ended September 30, 2020, the Authority issued \$23,447,515 in industrial development revenue bonds. The aggregate principal amount outstanding for the bonds issued after October 1, 1996, is approximately \$248 million at September 30, 2020.

The Health Facilities Authority assists with capital projects which serve to improve health-related facilities. At September 30, 2020, the total outstanding principal of revenue bonds issued by the Authority was approximately \$1.4 billion.

### N. NOTES AND LOANS PAYABLE - DIRECT BORROWINGS

<u>Orange County Promissory Note – Series 2010:</u>

On December 15, 2010, the County entered into a loan agreement with Branch Banking and Trust Company for issuance of the Orange County Promissory Note, Series 2010 (Note), for the purpose of funding upgrades and improvements to the County's public safety radio system. The total amount of the Note, which matures on October 1, 2022, was \$15,395,000 and the primary pledged revenue for the loan is the locally adopted traffic surcharge revenue authorized by Florida Statutes. As needed, legally available non-ad valorem funds are also pledged. Semi-annual interest payments at the rate of 2.57% began on October 1, 2011 and are due on April 1 and October 1. Annual principal payments began on October 1, 2011 and the principal balance outstanding was \$4,275,000 as of September 30, 2020. Note proceeds were accounted for in the County's 2010 Promissory Note capital project fund and were fully expended during Fiscal Year 2013. The total principal and interest remaining to be paid on the Note is \$4,441,600. For the fiscal year, principal and interest paid was \$1,482,280 and total primary pledged revenue was \$997,656.

#### N. NOTES AND LOANS PAYABLE – DIRECT BORROWINGS, Continued

Future principal and interest payments (in thousands) required on the Note are as follows as of September 30, 2020:

September 30	<u>Principal</u>		Inte	<u>Interest</u>		<u>Total</u>	
2020*	\$	1,390	\$	55		\$	1,445
2021		1,425		74			1,499
2022		1,460		38			1,498
Totals	\$	4,275	\$	167		\$	4,442

<sup>\*</sup>Requirement shown for year ending September 30, 2020 relates to payment due on October 1, 2020.

#### State Revolving Fund Loans – Water Utilities System:

In June 2002, the County began participation in the Clean Water State Revolving Fund Construction Loan Program with the State of Florida Department of Environmental Protection. Loan proceeds are being utilized by the Water Utilities System to finance various construction projects of the water and wastewater system. Pledged revenues are those pledged as security by the County in its bond resolution, after payment of operation and maintenance expenses and satisfaction of the yearly payment obligation for outstanding System revenue bonds. The County has covenanted to maintain rates and charges for System services which will be sufficient in each fiscal year, after payment of senior and parity obligations, to provide pledged revenues of at least 1.15 times the sum of all Loan Program payments due in the fiscal year. Following is a description of each of the loans outstanding as of September 30, 2020.

In June 2002, the initial loan for construction of a central wastewater collection system in the Holden Heights area was approved in the initial amount of \$8,457,900. This was reduced in Fiscal Year 2008 to \$6,241,215 to reflect the final project cost. The principal balance outstanding was \$1,946,466 as of September 30, 2020. Semiannual payments of \$193,774, including interest at 3.09%, are due on March 15 and September 15 of each year through March 15, 2026.

In August 2006, a loan was approved for a subsequent phase of the Holden Heights project, in the initial amount of \$8,339,312. This was reduced in Fiscal Year 2011 to \$6,540,920 to reflect the final project cost. The principal balance outstanding was \$3,257,430 as of September 30, 2020. Semiannual payments of \$204,412, including interest at 2.63%, are due on January 15 and July 15 of each year through July 15, 2029.

#### N. NOTES AND LOANS PAYABLE - DIRECT BORROWINGS, Continued

In March 2011, a loan was approved for the Lake Lawne Gravity Sewer Rehabilitation Project in the initial amount of \$1,756,255. This was reduced in Fiscal Year 2013 to \$1,734,755 to reflect the final project cost. The principal balance outstanding was \$1,086,985 as of September 30, 2020. Semiannual payments of \$54,765, including interest of 2.53%, are due on February 15 and August 15 of each year through February 15, 2032.

In January 2012, a loan was approved for the West Southwood Gravity Sewer and Water System Project in the initial amount of \$2,655,957. This was reduced in Fiscal Year 2013 to \$2,068,169 to reflect the final project cost. The principal balance outstanding was \$1,324,548 as of September 30, 2020. Semiannual payments of \$63,771, including interest of 2.38%, are due March 15 and September 15 of each year through September 15, 2032.

In January 2012, a loan was approved for the Huggins Street Pump Station Project in the initial amount of \$3,981,328. This was increased in Fiscal Year 2014 to \$6,545,876 due to additional approved rehabilitation. This was reduced in Fiscal Year 2017 to the actual amount drawn of \$6,297,137 to reflect the final project cost. The principal balance outstanding was \$4,807,676 as of September 30, 2020. For this loan, semiannual payments of \$196,801, including interest of 2.38%, on the original amount and 2.34% on the additional amount, are due on March 15 and September 15 of each year through March 15, 2035.

In January 2012, a loan was approved for the South and Eastern Area Reclaimed Water Main Project in the initial amount of \$5,064,998. This was reduced in Fiscal Year 2017 to \$2,074,266 to reflect the final project cost. The principal balance outstanding was \$1,212,982 as of September 30, 2020. Semiannual payments of \$54,517, including interest of 2.38%, are due on March 15 and September 15 of each year through September 15, 2033.

In January 2012, a loan was approved for the East Southwood Gravity Sewer and Water System Project in the initial amount of \$4,360,690. This was reduced in Fiscal Year 2015 to \$2,946,957 to reflect the final project cost. The principal balance outstanding was \$1,963,584 as of September 30, 2020. Semiannual payments of \$88,252, including interest of 2.38%, are due on March 15 and September 15 of each year through September 15, 2033.

In December 2012, a loan was approved for the South and Eastern Area Water Main Project in the initial amount of \$10,807,569. This was reduced in Fiscal Year 2020 to the actual amount drawn of \$8,838,068 to reflect the final cost of the construction project. The principal balance outstanding was \$6,888,638 as of September 30, 2020. Semiannual payments of \$328,839, including interest of 1.99% were due on March 15 and September 15 of each year, through March 15, 2020. Semiannual payments for the period September 15, 2020 through March 15, 2036 were reduced to \$259,339 to reflect the reduction in loan amount.

### N. NOTES AND LOANS PAYABLE - DIRECT BORROWINGS, Continued

In December 2012, a loan was approved for the Hidden Springs Water Facility Improvements Project in the initial amount of \$4,196,246. This was reduced in Fiscal Year 2019 to \$3,965,087 to reflect the final project cost. The principal balance outstanding was \$2,935,144 as of September 30, 2020. Semiannual payments of \$120,623, including interest of 1.99%, are due on January 15 and July 15 of each year, through July 15, 2034.

In September 2013, a loan was approved for the I-Drive Forcemain and Reclaimed Water Main Improvements Project in the initial amount of \$7,571,449. This was reduced in Fiscal Year 2017 to the actual amount drawn of \$7,122,045 to reflect the final project cost. The principal balance outstanding was \$5,691,375 as of September 30, 2020. Semiannual payments of \$213,138, including interest of 1.92%, are due on April 15 and October 15 of each year, through October 15, 2035.

In May 2014, a loan was approved for the Eastern Water Reclamation Facility Phase V Improvements Project in the initial amount of \$30,139,180. This was increased in Fiscal Year 2015 to \$61,985,280 and again in Fiscal Year 2016 to \$73,003,611. In Fiscal Year 2020, this was reduced to the actual amount drawn of \$69,476,053 to reflect the final project cost. The principal balance outstanding was \$64,495,923 as of September 30, 2020. For this loan, semiannual payments of \$2,232,470, including interest of 2.26%, on the original amount, 1.91% on the first additional amount and 1.82% on the second additional amount, were due on February 15 and August 15 of each year, through February 2020. Semiannual payments for the period August 2020 through August 2038, were reduced to \$2,191,151 to reflect the reduction in loan amount.

In the event of default on these loans, the System may be caused to establish rates and collect fees and charges for use of the System in order to fulfill the agreements. The State of Florida Department of Environmental Protection may accelerate the repayment schedule or increase the interest rate on the unpaid principal up to 1.667 times the original interest rate on all loans with the exception of the Holden Heights project loan, which may increase up to 3.333 times the original interest rate.

The total principal and interest remaining to be paid on these loans was \$113,487,320 as of September 30, 2020. For the fiscal year, principal and interest paid was \$5,994,429 and total available pledged revenue was \$57,059,079. Future principal and interest payments (in thousands) required on the State Revolving Loans are as follows as of September 30, 2020:

### N. NOTES AND LOANS PAYABLE - DIRECT BORROWINGS, Continued

Fiscal Year Ending September 30		<u>Principal</u>		<u>Interest</u>			<u>Total</u>

Totals	\$	95,611		\$	17,876		\$	113,487	

### **Commercial Paper Notes:**

The County has established a commercial paper program whereby Commercial Paper Notes issued are secured by a pledge of the County's non-ad valorem tax revenues. Proceeds from Note issuances may be used on various capital projects according to the specific authorizing resolutions. Total active Notes authorized were \$332,000,000 as of September 30, 2020. Of that, Notes in the total amount of \$125,536,000 were issued, all of which were redeemed by the end of Fiscal Year 2008.

The County's commercial paper debt program is administered as follows: The Notes mature within 270 days of issuance, with interest payable at maturity based on market rates not to exceed 10%. The Notes are not subject to redemption prior to maturity. As each block of Notes matures, new Notes are issued to refinance the principal amount, and current eligible revenues of the County are used to pay the interest amount due. The County deactivated use of this program during Fiscal Year 2009 upon the expiration of its broker/dealer and backup line of credit agreements and the termination of its issuance and paying agent agreement.

#### O. LEASE COMMITMENTS

## Capital Leases:

The County has entered into various leasing agreements for vehicles, machinery and equipment. The terms of these leases are such that the County capitalized the leases and reported the obligations in the government-wide statement of net position.

The following is a schedule of future minimum lease payments applicable to governmental activities for \$4,619,484 of assets (all equipment assets) capitalized under lease agreements, and the present value of future minimum lease payments as of September 30, 2020:

Year Ending		Λ
September 30		Amount
2021	\$	765,804
2022		710,263
2023		672,354
Total minimum lease payments	2	2,148,421
Less amount representing interest		(79,435)
Present value of future minimum		
lease payments	\$ 2	2,068,986

There are no capital lease obligations outstanding at September 30, 2020 for business-type activities.

### Operating Leases:

The primary government leases office facilities and equipment under various operating lease agreements which have noncancelable lease terms in excess of one year. The following is a schedule by years of future minimum rentals on such leases as of September 30, 2020:

## O. LEASE COMMITMENTS, Continued

Year Ending September 30	_	Amount
2021	Ç	\$ 9,877,696
2022		6,427,817
2023		5,814,677
2024		5,053,805
2025		2,871,814
Thereafter		7,371,951
Total future minimum rentals		\$ 37,417,760

Rental expenditures on operating leases amounted to approximately \$13.4 million for the year ended September 30, 2020. The primary government also leases other office facilities and equipment on a monthly basis.

### P. INTERFUND RECEIVABLE AND PAYABLE BALANCES

Interfund receivable and payable balances as of September 30, 2020, are detailed below:

Due to/from other funds:

Payable fund		<u>Amount</u>
Grants	\$	7,720,235
Nonmajor governmental funds		1,188,185
Internal service funds		33,263
General Fund		1,506,418
Grants		1,035,460
General Fund		885,197
General Fund		1,186,359
Grants		3,466,108
General Fund		527,852
	\$	17,549,077
Payable fund		<u>Amount</u>
Grants	\$	3,200,000
	Grants Nonmajor governmental funds Internal service funds General Fund Grants General Fund General Fund General Fund Grants General Fund Grants General Fund	Grants \$ Nonmajor governmental funds Internal service funds General Fund Grants General Fund General Fund Grants General Fund Grants General Fund \$ Payable fund

The primary purpose of these interfund receivables and payables is to provide temporary loans for cash flow needs, primarily associated with reimbursable grant programs.

#### Q. TRANSFERS TO/FROM OTHER FUNDS

Significant transfers between funds of the County included excess amounts from debt service funds. Pledged revenues are placed in debt service funds when initially received. After debt service requirements are fulfilled, the excess amounts are then transferred to other funds for operating expenditure purposes. Additionally, the Special Tax Equalization District special revenue fund collects the revenues necessary for certain programs or functions, and then transfers them out for expenditure purposes. The Convention Center enterprise fund records the transfer of available Tourist Development Tax monies to the General Fund for certain cultural tourism functions. The Water Utilities System enterprise fund transfers certain available funds annually to the General fund pursuant to Board resolution.

Interfund transfers for the 2020 fiscal year were as follows:

						Trans	sfers To	:				
				Fire						Nonmajor		
			F	Protection			Sales Tax		Governmental			
	General Fund		MSTU		Grants		Trust Fund		Funds			Totals
Transfers from:												
General fund	\$	-	\$	1,506,419	\$	-	\$	-	\$	28,701,525	\$	30,207,944

Totals	\$ 274	,972,801	\$	1,506,419	\$	4,497,900	\$ 1,1	41,867	\$	186,948,544	\$	469,067,531

(Remainder of this page intentionally left blank)

### R. COMMUNITY REDEVELOPMENT AGENCIES

As explained in Note A, the International Drive Community Redevelopment Agency and the Orange Blossom Trail Community Redevelopment Agency (CRA) are blended component units of the County and each is presented as a nonmajor special revenue fund. As required by State statute, additional CRA financial information during Fiscal Year 2020 is as follows:

Source of Deposite	nternational Drive CRA	Orange Blosso Trail CRA			
Source of Deposits					
County tax increment City of Orlando tax increment Interest income Miscellaneous	\$ 19,553,979 865,300 1,748,757 1,337	\$	393,351 335,608 25,509		
Total deposits	\$ 22,169,373	\$	754,468		
Purpose of Withdrawals					
CRA administration Residential and commercial	\$ 175	\$	193,844		
development	-		63,727		
Roadway improvements	1,526,009		35,132		
Neighborhood enhancements	 		4,144		
Total withdrawals	\$ 1,526,184	\$	296,847		

## **CRA** Indebtedness

Neither CRA has pledged incremental revenues or incurred any debt to carry out its activities.

## S. COMMITMENTS AND CONTINGENCIES

## **Encumbrances**:

As of September 30, 2020, the County had significant encumbrance commitments in the Governmental Funds as follows:

Encumbrances: (in thousands)		
Major Funds		
General Fund Fire Protection MSTU Grants	\$	28,751 8,627 41,843
Total Major Funds	_	79,221

Total Non-Major Funds	-	93,288
Total Encumbrances	\$ _	172,509

## S. COMMITMENTS AND CONTINGENCIES, Continued

### **Commitments Under Construction Contracts:**

At September 30, 2020, the County had outstanding construction and operating contracts for various projects totaling approximately \$1,031 million.

### Grants:

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If any expenditures are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would reduce receivables and/or become a liability of the County. In the opinion of management, any such adjustments would not be material to the County's operating results or fund balances.

### Litigation:

The County is a party in various lawsuits and other claims incidental to the ordinary course of its operation, some of which are covered by the County's risk management program (see Note G). While the results of litigation and claims cannot be predicted with certainty, management believes the final outcome will not have a material adverse impact on the County's financial position.

## Community Redevelopment Agencies:

Pursuant to State statute, various local jurisdictions have created 13 Community Redevelopment Agencies (CRAs) within the County, including two formed by the County and reported as blended component units. Funding for these agencies is derived from incremental ad valorem tax proceeds generated by improvements made within the CRA. The County is obligated to pay to each CRA from its current year's ad valorem tax the increment related to taxable property improvements made since the designated "base year." Other jurisdictions which have created CRAs are the Cities of Orlando, Winter Park, Ocoee, Maitland, Eatonville, Apopka, and Winter Garden. The total amount paid to CRAs by the County amounted to \$50,839,475 for Fiscal Year 2020.

## Orange Blossom Trail Improvements:

In 1987, the County created two municipal service taxing units (MSTUs) for properties situated on and in the immediate environs of South Orange Blossom Trail (US 441), from Interstate 4 to the Beach Line Expressway. These MSTUs are reported as a part of the Municipal Service Districts special revenue fund. The purpose of the MSTUs was to fund

## S. COMMITMENTS AND CONTINGENCIES, Continued

capital costs and ongoing maintenance for enhanced improvements to a US 441 road widening project by the State of Florida, and thereby stimulate economic revitalization. The enhanced improvements consisted of streetscape/landscape features and undergrounding of utilities for the segment of US 441 noted above. When the State initiated the widening project in 1993, the MSTUs had not raised sufficient funds to pay for all of the planned enhancements. At that time, the County elected to use Local Option Gas Taxes and Public Service Taxes in the combined amount of \$8.8 million to cover the difference, with an understanding that the MSTUs would be able to reimburse this amount in subsequent fiscal years.

Due to the ongoing maintenance costs of the completed project, less than expected growth in MSTU revenues and property tax reform, actual project reimbursements from the MSTUs have totaled only \$630 thousand. Reimbursements from unspent project funds totaled an additional \$759 thousand, leaving an unreimbursed total of approximately \$7.4 million as of the end of Fiscal Year 2020. Reimbursements from the MSTUs in subsequent fiscal years will be made as funds are available; however, management's current expectation is that most of the amount outstanding will remain unreimbursed at the time the MSTUs are scheduled to sunset in Fiscal Year 2021. There is no repayment schedule, and the unreimbursed amounts are not shown in the financial statements.

### Transportation Impact Fee Credits:

The County has entered into a number of agreements with developers under which the developer donates transportation infrastructure improvements or rights of way to the County and receives credit for future transportation impact fee payments. As of September 30, 2020, credit balances for future impact fees total approximately \$40.9 million.

### Tax Refunds and Abatements:

The County has entered into property tax refund agreements with new and expanding local businesses as authorized under Florida's Qualified Target Industry Tax Refund Program (QTI) for economic development. Under this program, the County may grant refunds in amounts up to 20% of the annual property tax refund awarded under the QTI program. Amounts to be refunded are determined by the number of new jobs created. The amount of taxes refunded for QTI programs, during Fiscal Year 2020, amounted to \$62,797.

On July 21, 2006, the County entered into an economic development grant agreement with Darden Restaurants. In recognition of Darden's commitment to consolidate and expand its corporate headquarters and increase the number of jobs within the County, the County

## S. COMMITMENTS AND CONTINGENCIES, Continued

committed to refund the general fund portion of property taxes collected for each tax year beginning in 2010, up to a total refund amount of \$4,800,000. The amount of property tax refunded to Darden during Fiscal Year 2020 was \$515,460.

Additionally, in accordance with Florida Statute 196.1995 and County Ordinance 12-05, the County has the authority to grant economic development ad valorem tax exemptions in amounts up to 100% of the assessed value of improvements of new or expanding businesses located within the County. The County shall not grant exemptions of forgone ad valorem tax revenues exceeding \$2,000,000 in a fiscal year and retains the authority to revoke an exemption and recover all taxes not paid for years deemed ineligible. The amount of property tax exempted in Fiscal Year 2020 was \$25,702.

## **Economic Conditions:**

During Fiscal Year 2020, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. As a result of the spread of COVID-19, economic uncertainties have arisen that could negatively impact the County's revenue for an interminable period of time. Other financial impacts could occur that are unknown at this time.

In order to address the adverse effects of COVID-19, the United States Department of the Treasury provided \$243 million of funding to the County during the year ended September 30, 2020, of which \$142 million has been spent on allowable costs and recognized as revenue. The remainder of this funding is presented as unearned revenue and is subject to spending requirements that expire December 31, 2021.

### T. BUDGETARY LEGAL COMPLIANCE AND FUND DEFICITS

For the fiscal year ended September 30, 2020, no excess of expenditures over appropriations at the legal level of budgetary control occurred. The Sheriff's Workers' Compensation internal service fund had a deficit balance of \$9,421,816. The Sheriff intends to eliminate the deficit balance in this fund through effective claims management, charges to the General fund, and to the extent necessary, funding from future excess fees.

### U. PROVISION FOR CLOSURE COSTS

As explained in Note A, current regulations of the U.S. Environmental Protection Agency (EPA) and the Florida Department of Environmental Protection (FDEP) require municipal solid waste landfills to place a final cover on closed landfill areas, and to maintain those areas for up to 30 years after closure. The County periodically obtains updated and revised estimates of total future closure and postclosure costs from its consulting engineers. All amounts recognized are based on what it would cost to perform closure and postclosure

## U. PROVISION FOR CLOSURE COSTS, Continued

functions in current dollars. Actual costs may be different due to inflation, changes in technology, or changes in laws and regulations.

The internal landfills have ceased operation. Required closure work is complete and the entire estimated \$2.9 million future cost for postclosure maintenance is reported as a long-term liability of the governmental activities on the government-wide statement of net position. These costs are recognized as governmental fund expenditures as they become obligations to be liquidated with available financial resources, using resources in the Transportation Trust and the Miscellaneous Construction Projects funds.

For the public landfill, accounted for in the Solid Waste System (System) enterprise fund, expenses associated with final closure and postclosure maintenance of landfill areas are recognized over the active life of those areas. These costs are recognized in each operating period based on the amount of waste received during that period, regardless of when cash disbursements are made for these costs. The cumulative effect of updated and revised estimates of closure-related costs is recognized in the period of the change to the extent it relates to current and past operations.

The total unrecognized closure and postclosure costs attributable to the currently active areas of the public landfill are approximately \$170 million. These costs will be recognized in future periods as the remaining capacity of approximately 41 million tons is filled. As of September 30, 2020, the active landfill areas were filled to approximately 8% and 37% of capacity for subbasins 2A-cell 2, and 9-12, respectively. The current landfill facilities are expected to provide the needed capacity through 2103.

The County is required by FDEP annually to show proof of ability to finance closure and postclosure costs, and has done so for the internal landfills by providing a standby letter of credit and trust account. For the public landfill, the County has fulfilled the requirements of the financial test provision of the regulation. In addition, the County maintains a closure costs account in the System enterprise fund to provide for the financing of future closure activities of the public landfill. The balance in this account as of September 30, 2020 was approximately \$47.2 million. The liability for closure and post-closure activities, calculated in accordance with GASB Statement No. 18 and reported on the System's statement of net position, was approximately \$49.9 million as of September 30, 2020.

#### V. SUBSEQUENT EVENTS

On December 10, 2020, the County issued \$140,740,000 Water and Wastewater Utility Revenue Bonds, Series 2020. The proceeds of the bonds, together with cash on hand, will be used for the acquisition, construction and equipping of certain capital improvements to its water and waste facilities.

## V. SUBSEQUENT EVENTS, Continued

## Orange County Housing Finance Authority

During the period October 1, 2020 through January 15, 2021, pursuant to various trust indentures, the Orange County Housing Finance Authority called for partial redemptions of bonds in the aggregate amount of \$2,830,581. The bonds were called at the redemption price equal to par value plus accrued interest.

## Orange County Health Facilities Authority

Orlando Health Obligated Group Taxable Hospital Revenue Bonds, Series 2020B, were issued on October 7, 2020. The proceeds for the sale of the bonds were used to refund and defease all outstanding Orlando Health Series, Inc. 2012A and 2012B bonds.

On January 6, 2021, Adventist Health System/Sunbelt Obligation Group redeemed the Adventist Health System/Sunbelt Obligation Group, Series 2010B Bonds.

## **SPECIAL REVENUE FUNDS**

Special Revenue Funds account for the proceeds of certain revenue sources that are restricted or committed to finance particular functions or activities.

## SPECIAL REVENUE FUNDS

<u>Special Tax Equalization District</u> is for public safety services financed with revenues generated from ad valorem property taxes levied in the Municipal Service Taxing Unit (MSTU) which encompasses the unincorporated area of the County, the County's communications services tax and operating transfers from other funds.

<u>Court Facilities Fee</u> is for certain court service fees and surcharges earmarked to be used for court facilities.

<u>Teen Court</u> is for certain court fees and fines to be used for operating costs of the Teen Court program.

<u>Court Technology</u> is for a portion of the service fees for recording documents in the County's Official Records, to be used for court-related technology needs.

<u>Local Court Programs</u> is for certain court fees to be used to fund various court-related programs including legal aid programs, a law library, juvenile court programs, and other local court programs.

<u>Building Safety</u> is to ensure public safety through the enforcement of construction codes, financed primarily from building permits and inspections.

<u>Crime Prevention</u> is for court fines collected which are dedicated for the use of crime prevention programs within the County.

<u>Law Enforcement Education</u> is for statutorily defined law enforcement education expenditures financed by fines levied in accordance with State statute and local ordinance.

<u>Law Enforcement Trust</u> is for law enforcement expenditures financed with forfeited funds originating from illegal activities.

**911 Fee** is for fees collected on telephone lines in the County, and for fees distributed from the State as collected from wireless telephone subscribers within the County. The funds are used for 911 emergency telephone systems.

<u>OBT Local Government Neighborhood Improvement District (NID)</u> is for specified revenues used for public safety improvements in a designated area adjacent to Orange Blossom Trail (OBT). The District is a blended component unit of the County.

<u>Pine Hills Local Government Neighborhood Improvement District (NID)</u> is for specified revenues used for public safety improvements in a designated area within Pine Hills. The District is a blended component unit of the County.

<u>Inmate Commissary</u> is for funds generated by the County's jail commissary operation, held and expended for the benefit of inmates, pursuant to the requirements of State statute.

## **SPECIAL REVENUE FUNDS, Continued**

<u>Mandatory Refuse Collection</u> is for collection of assessments for charges for services and expenditures of funds relating to the refuse collection and recycling for specified residential units in the unincorporated areas of the County.

<u>Air Pollution Control</u> is for funds received by the County from the 50-cent fee charged on the sale of each vehicle registration, and 80% of the inspection fees charged by the State for asbestos removal projects. The funds are used for local air pollution control and asbestos removal programs.

<u>Water and Navigation Control Districts</u> are for boating regulation and control of lakes Conway and Windermere, financed by special ad valorem property taxes levied on properties surrounding these lakes. These Districts are blended component units of the County.

<u>Aquatic Weed Taxing Districts</u> are for lake weed control financed by special ad valorem property taxes levied on properties surrounding certain lakes.

Aquatic Weed Non-tax Districts are for lake weed control projects operated on a contributory basis.

<u>Conservation Trust</u> is for moneys collected as compensation for habitat loss in conjunction with land development and used for the purchase, improvement, creation, restoration and replacement of natural habitats within the County.

<u>Pollutant Storage Tank</u> is for penalties collected from violators of regulations relating to above ground and below ground storage tanks. The funds are used for administration of the program.

<u>Municipal Service Districts</u> are for assessments for minor capital improvements, and for charges for services providing for streetlighting, right-of-way maintenance, recreation, and retention pond maintenance.

<u>Local Option Gas Tax</u> is for specific road improvements and maintenance utilizing the County's portion of the six-cent local option gas tax.

<u>Constitutional Gas Tax</u> is for acquisition, construction, and maintenance of roads, utilizing the 80% portion of constitutional gas tax proceeds.

<u>Transportation Trust</u> is for road system expenditures which are financed by the 20% portion of constitutional gas tax, the county gas tax allocated to the County, a portion of the County's half-cent sales tax revenues, and other designated revenues.

<u>International Drive Community Redevelopment Agency</u> is for incremental ad valorem property tax revenues generated by new or expanded development within the International Drive redevelopment area. Moneys are designated to be used for revitalization projects in the area. The Agency is a blended component unit of the County.

## **SPECIAL REVENUE FUNDS, Continued**

<u>Local Housing Assistance (SHIP)</u> is for funds distributed from the State under the State Housing Initiatives Partnership Act. The purpose of this program is to provide for the creation and preservation of affordable housing and to assist with affordable housing recovery efforts needed as a result of hurricane damage.

**OBT Community Redevelopment Agency** is for incremental ad valorem property tax revenues generated by new or expanded development within the redevelopment area surrounding the Orange Blossom Trail. Moneys are designated to be used for revitalization projects in the area. The Agency is a blended component unit of the County.

<u>School Impact Fees</u> is for fees collected countywide for growth-related capital improvements to the public school system. The public school system is not a part of the County government entity.

<u>Drug Abuse Trust</u> is for court fees from cases involving drug-related misdemeanor crimes, to be used for drug abuse treatment and education programs.

<u>Driver Education Safety</u> is for certain fines collected from civil traffic violations. The funds are used to support driver education programs in schools within the County.

<u>Animal Services Trust</u> is for public and private donations, and collections from a \$2 surcharge on civil penalties imposed by the courts, used respectively for providing for the welfare of animals and the training of animal services officers.

<u>Parks</u> is for certain countywide ad valorem property tax revenues and a portion of public service tax revenues dedicated for parks improvements and programs pursuant to the requirements established by the County in the ad valorem property tax levy resolution and public service tax ordinance.

<u>Boating Improvement Program</u> is for boat registration fees collected by the State and distributed to the County for the purpose of providing recreational channel marking, public launching facilities and other boating-related improvements.

<u>Public Records Modernization</u> is for specified portions of Official Records recording fees collected by the County Comptroller which are earmarked for modernization of the recording service systems of the County Comptroller and the Clerk of the Circuit and County Courts (Clerk), and for technology needs of the Clerk's Office.

<u>Mortgage Foreclosure Education</u> is for service charges resulting from mortgage foreclosure sales collected by the Clerk of the Circuit and County Courts which are designated to educate the public as to the rights of homeowners regarding foreclosure proceedings. During Fiscal Year 2020, the remaining balance in this fund was expended for eligible costs, and the fund was closed out.

<u>Fire Protection MSTU</u> is presented as a major fund in the governmental fund financial statements and, as such, is not included in these supplementary combining statements and schedules. The fund accounts for expenditures for fire protection and emergency medical services financed with revenues generated from ad valorem property taxes levied in the MSTU, as well as service fee revenues.

<u>Grants</u> is presented as a major fund in the governmental fund financial statements and, as such, is not included in these supplementary combining statements and schedules. This fund is for projects and programs which are financed in whole or in part by agencies of the Federal Government, State of Florida, and local governments.

## **DEBT SERVICE FUNDS**

Debt Service Funds account for the accumulation of resources for, and the payment of, general government long-term debt principal and interest.

### **DEBT SERVICE FUNDS**

<u>Capital Improvement Bonds</u> is for debt service payments on the Capital Improvement Refunding Revenue Bonds, Series 2009. Pledged revenue for debt service on the bonds is County receipts from the State Revenue Sharing Trust Fund provided by Chapter 218, Florida Statutes, in an amount equal to 50% of revenue received from this source in the immediately preceding fiscal year.

<u>Public Facilities Bonds</u> is for debt service payments on the Public Facilities Revenue Bonds, Series 1994A. The primary revenue source is miscellaneous designated revenues of the General Fund, transferred in for required debt service payments. The final debt service payment was made during Fiscal Year 2020, and the fund was closed out.

<u>Public Service Tax Bonds</u> is for debt service payments on the Public Service Tax Refunding Revenue Bonds, Series 2013. The primary revenue source is the public service tax levied by the County on utilities services sold or consumed in the unincorporated area.

<u>Orange County Promissory Note</u> is for debt service payments on the Series 2010 Promissory Note. The primary revenue source is from a surcharge on traffic violations within the County.

<u>Sales Tax Trust</u> is presented as a major fund in the governmental fund financial statements and, as such, is not included in these supplementary combining statements. The budgetary comparison schedule is included in this section to demonstrate compliance with budgetary restrictions. The fund accounts for debt service payments on the Sales Tax Revenue Refunding Bonds, Series 2012C and Series 2015A; and the Sales Tax Revenue Bond, Series 2015; and the Taxable Sales Tax Revenue Refunding Bonds, Series 2019. The primary revenue source is the County's one-half cent share of the State sales tax collected in Orange County.

### **CAPITAL PROJECTS FUNDS**

Capital Projects Funds account for the financial resources used for the acquisition or construction of capital facilities and other capital assets.

### **CAPITAL PROJECTS FUNDS**

<u>Law Enforcement Impact Fees</u> is for fees collected in the unincorporated areas of the County to be used for growth-related law enforcement capital expenditures.

<u>Fire Impact Fees</u> is for fees collected in the unincorporated areas of the County to be used for growth-related improvements to fire protection facilities and equipment.

<u>Transportation Impact Fees</u> is for fees collected in the unincorporated areas of the County to be expended on the acquisition or expansion of growth-related transportation capital assets.

<u>Parks and Recreation Impact Fees</u> is for fees collected countywide for growth-related capital improvements to the parks and recreation facilities throughout the County.

<u>Miscellaneous Construction Projects</u> is for the acquisition and construction of various minor projects and facilities which are funded by a portion of the countywide ad valorem property tax levy.

### **ENTERPRISE FUNDS**

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

### **ENTERPRISE FUNDS**

<u>Convention Center</u> is for the operation of the Orange County Convention Center and its functions. It also serves to administer debt service payments on all outstanding Tourist Development Tax Revenue and Refunding Revenue Bonds, which were issued to construct and expand the Center and to finance sports and cultural venues owned by the City of Orlando. The primary revenue sources are Center operating revenues and pledged tourist development taxes.

<u>Solid Waste System</u> is for the facilities and administration relating to the sanitary disposal of solid waste (refuse). The primary revenue source is System operating revenues.

<u>Water Utilities System</u> is for the facilities and administration relating to residential and commercial water and wastewater services provided to various sections of the County, including debt service payments on all outstanding Water and Wastewater Utility Revenue Bonds and the State Revolving Loans. Bond and loan proceeds have been used to construct system assets. The primary revenue source is System operating revenues.

The three enterprise funds are presented as major funds of the County; thus, the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Fund Net Position, and the Statements of Cash Flows are included in the basic financial statements. The budgetary comparisons for these funds are presented as supplementary information in this sub-section to demonstrate compliance with budgetary restrictions.

## **INTERNAL SERVICE FUNDS**

Internal Service Funds account for the financing of goods or other services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost reimbursement basis.

### INTERNAL SERVICE FUNDS

<u>Risk Management</u> is for self-insured workers' compensation, public liability, and comprehensive property coverage for the Board and all constitutional officers, except for the Sheriff. Revenues are generated from user fees and charges.

<u>Fleet Management</u> is for services relating to a scheduled preventive maintenance program and the repair of vehicles with revenues generated from user fees and charges.

**Employee Benefits** is for medical, life, and disability insurance for employees and qualified retirees of the Board, four other small local governmental agencies, and all constitutional officers except for the Sheriff. The cost of group insurance is jointly paid by employees, employers, and retirees. Health insurance claims incurred since January 1, 2007 are on a self-insurance basis.

<u>Sheriff Health Insurance</u> is for health self-insurance claims activities for employees of the Sheriff, for claims incurred since October 1, 2003.

<u>Sheriff Workers' Compensation</u> is for workers' compensation claims activities for employees of the Sheriff. Claims incurred since October 1, 2005 are on a self-insurance basis.

## **AGENCY FUNDS**

Agency Funds account for assets held by the County as agent for individuals or other governmental units.

### **AGENCY FUNDS**

<u>Board of County Commissioners</u> is for amounts held in a fiduciary or escrow capacity on behalf of third parties, such as deposits from developers held pending satisfactory performance on specific construction projects, reserve funds held for the Community Venues and personal funds of inmates in County correctional programs.

<u>Tax Collector</u> is for property taxes and fees for licenses collected by the Tax Collector and distributed during the fiscal year to taxing authorities.

**Sheriff** accounts for funds received and disbursed for writs, sales, and auctions.

<u>Clerk of the Circuit and County Courts</u> is for assets collected and held by the Clerk as agent for other governmental agencies from the collection of fines and forfeitures and various filing fees, and for individuals from the collection of support payments, jury and witness services, and bail bond deposits.

<u>Comptroller</u> is for taxes and fees collected by the County Comptroller on behalf of other governmental agencies, such as State documentary stamps and intangible taxes, and for amounts held on behalf of individual taxpayers, such as lien escrow deposits and tax deed auction proceeds.

#### ORANGE COUNTY, FLORIDA STATISTICAL SECTION CONTENTS for the year ended September 30, 2020

The Statistical Section of the Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information indicates about Orange County's overall financial health. Below is a summary of the components and purpose for the tables provided herein.

<u>Pages</u>

Financial Trends 218-227

These schedules contain trend information to help the reader understand how Orange County's financial performance and financial position have changed over time.

Revenue Capacity 228-232

These schedules contain information to help the reader assess Orange County's most significant local revenue source – the property tax.

Debt Capacity 233-235

These schedules present information to help the reader assess the affordability of Orange County's current levels of outstanding debt, the County's ability to issue additional debt in the future, and related historical trend data.

#### **Demographic and Economic Information**

246-249

These schedules contain demographic and economic indicators to help the reader understand the environment within which Orange County's financial activities take place.

#### Operating Information

250-254

These schedules contain service levels and capital asset data to help the reader understand how the information in the County's financial report relates to the services the County provides to its citizens and visitors.

#### NET POSITION BY COMPONENT - LAST TEN FISCAL YEARS (Unaudited)

## RATIO OF NET GENERAL OBLIGATION BONDED DEBT TO TAXABLE ESTIMATED ACTUAL VALUE AND NET BONDED DEBT PER CAPITA - LAST 10 FISCAL YEARS (Unaudited)

The County has had no outstanding General Obligation debt for the Fiscal Years 2011 through 2020.

#### **DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT**

## September 30, 2020 (Unaudited)

Jurisdiction	Debt Outstanding	Estimated Percentage Applicable to Orange County (3)	Amount Applicable to Orange County
County Direct Debt:			
Revenue bonds			\$202,365,142
Notes			4,275,000
Capital leases			2,068,986
		Total County Direct Debt	208,709,128
Overlapping:			
Reedy Creek Improvement District (1)	\$750,460,000	94.30%	707,683,780
City of Winter Park (2)	25,835,000	100%	25,835,000
		Total Overlapping Debt	733,518,780
Total Dir	ect and Overlapping G	Governmental Activities Debt	\$942,227,908

Notes: (1) Bond issues of 2013A, 2013B, 2015A, 2016A, 2017A and 2020A.

Assessed value data used to estimate the applicable percentage was provided by Reedy Creek Improvement District.

- (2) General Obligation Bonds, Series 2011, 2017, and 2020. The City of Winter Park lies completely within the boundaries of Orange County.
- (3) The percentage of applicable overlapping debt is estimated using taxable assessed property values, by determining the amount of the overlapping government's taxable assessed value that is within the County's boundaries and dividing by the total taxable assessed value of the overlapping government.

LEGAL DEBT MARGIN (Unaudited)

Neither the Orange County Board of County Commissioners nor the Florida Statutes provide for a limit on the amount of ad valorem taxes Orange County may levy for voted bonds.

## Compliance & Internal Control Section

Control Section

## Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Mayor and Board of County Commissioners of Orange County, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the businesstype activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Orange County, Florida (the "County"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 22, 2021. We have also audited the financial statements of each of the County's nonmajor governmental, internal service and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2020. Our report includes a reference to other auditors who audited the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 87%, 44%, and 33%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units, as described in our report on the County's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

Chang Bahart Let

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Orlando, Florida March 22, 2021

# Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control Over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General

To the Honorable Mayor and Board of County Commissioners of Orange County, Florida

#### Report on Compliance for Each Major Federal Program and State Financial Assistance Project

We have audited Orange County, Florida (the "County") compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* and the requirements described in the State of Florida Department of Financial Services' State Projects Compliance Supplement, that could have a direct and material effect on each of the County's major federal programs and state financial assistance projects for the year ended September 30, 2020. The County's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, contracts, and the terms and conditions of its federal and state awards applicable to its federal programs and state financial assistance projects.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state financial assistance projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.550, Rules of the Auditor General. Those standards, the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal awards programs and state financial assistance projects. However, our audit does not provide a legal determination of the County's compliance.

#### Opinion on Each Major Federal Program and State Financial Assistance Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal awards programs and state financial assistance projects for the year ended September 30, 2020.

#### **Report on Internal Control over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program or state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state financial assistance project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal awards program or state financial assistance project on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS – FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

YEAR ENDED SEPTEMBER 30, 2020

#### **Part II - Schedule of Financial Statement Findings**

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

There were no financial statement findings required to be reported in accordance with *Government Auditing Standards*.

#### Part III - Federal Award Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major federal programs, as required to be reported by 2 CFR 200.516(a).

There were no findings required to be reported by 2 CFR 200.516(a).

#### **Part IV - State Project Findings and Questioned Costs**

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major state projects, as required to be reported by Chapter 10.550, *Rules of the Auditor General - Local Governmental Entity Audits*.

There were no findings required to be reported by Chapter 10.550, Rules of the Auditor General - Local Governmental Entity Audits.

## SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FEDERAL AWARDS PROGRAMS AND STATE FINANCIAL ASSISTANCE PROJECTS

YEAR ENDED SEPTEMBER 30, 2020

#### **FINANCIAL STATEMENTS**

There were no financial statement findings required to be reported in accordance with *Government Auditing Standards* in the prior year.

#### **FEDERAL AWARD PROGRAMS**

Condition 2019-001: Our tests of reimbursement requests for salaries and related expenses associated with Orange County Sheriff's Office officers found 7 instances, out of the 25 tested, whereby the officers for which reimbursement requests were submitted had been hired prior to the grant award.

Status: The County took corrective action to resolve the above finding during Fiscal Year 2020.

#### STATE FINANCIAL ASSISTANCE PROJECTS

There were no findings required to be reported in by Chapter 10.550, *Rules of the Auditor General – Local Governmental Entity Audits* in the prior year.

#### ORANGE COUNTY, FLORIDA

### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND THE SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE

for the year ended September 30, 2020

#### **BASIS OF ACCOUNTING**

The Schedule of Expenditures of Federal Awards and the Schedule of Expenditures of State Financial Assistance (SEFA) are prepared on the modified accrual or accrual basis of accounting, depending on the type of fund in which the grant is reported, in accordance with accounting principles generally accepted in the United States of America. Subrecipient expenditures are reported on the cash basis in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

#### REPORTING ENTITY

For purposes of reporting, the SEFA includes only the activities of the primary government and thus excludes discretely presented component units.

#### INDIRECT COST RATE

The County did not elect to utilize the 10% de minimis indirect cost rate.

### DISASTER GRANTS - PUBLIC ASSISTANCE PRESIDENTIAL DECLARED DISASTER (HURRICANE IRMA) (CFDA #97.036)

Stafford Act funds are reported when the funds are approved by the Department of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA). Accordingly, \$2,650,154 included in the SEFA were costs which were incurred in a previous fiscal year.

To the Honorable Mayor and Board of County, Commissioners of Orange County, Florida:

#### **Report on the Financial Statements**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Orange County, Florida (the "County") as of and for the year ended September 30, 2020, and the related notes to the financial statements, and have issued our report thereon dated March 22, 2021. We also have audited the financial statements of each of the County's nonmajor governmental, internal service and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2020. Our report includes a reference to other auditors who audited the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 87%, 44%, and 33%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units, as described in our report on the County's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

#### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* ("Uniform Guidance"); and Chapter 10.550, Rules of the Auditor General.

#### Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control over Compliance Required by Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Schedule of Findings and Questioned Costs; and Report of Independent Accountant on Compliance with Local Government Investment Policies and E911 Requirements of Sections 365.172 and 365.173, Florida Statutes. Disclosures in those reports and schedule, which are dated March 22, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Reference to whether corrective actions have been taken is provided in separate management letters for each County agency, where applicable.

#### Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such disclosure is included in notes to the financial statements.

#### **Financial Condition and Management**

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit of the financial statements of the County, the results of our tests did not indicate the County met any of the specified conditions of a financial emergency contained in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the County. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. Reference to such matters is provided in separate management letters for each County agency, where applicable.

#### **Additional Matters**

Section 10.554(1)(i)3, Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

#### **Purpose of this Letter**

Chang Bahart Let

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Orlando, Florida March 22, 2021

# Report of Independent Accountant on Compliance With Local Government Investment Policies and E911 Requirements of Sections 365.172 and 365.173, Florida Statutes

To the Honorable Mayor and Board of County Commissioners of Orange County, Florida:

We have examined the Orange County, Florida's (the "County's") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, and E911 requirements of Sections 365.172 and 365.173, Florida Statutes, during the year ended September 30, 2020. Management of the County is responsible for the County's compliance with the specified requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the County's compliance with the specified requirements.

In our opinion, the County complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, and E911 requirements of Sections 365.172 and 365.173, Florida Statutes, during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Sections 218.415, 365.172, and 365.173, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida March 22, 2021

Chang Bahart Let

To the Honorable Mayor and Board of County, Commissioners of Orange County, Florida:

#### **Report on the Financial Statements**

We have audited the financial statements of each major fund and aggregate remaining fund information of the Orange County, Florida Board of County Commissioners (the "Board") as of and for the year ended September 30, 2020, and the related notes to the financial statements, and have issued our report thereon dated March 22, 2021. We also have audited the financial statements of each of the Board's nonmajor governmental, internal service and fiduciary funds and the aggregate discretely presented component units presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended September 30, 2020. We did not audit the financial statements of the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., whose statements reflect 87%, 44%, and 33%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the aggregate discretely presented component units, insofar as it relates to the amounts included for the Orange County Housing Finance Authority, Orange County Industrial Development Authority, and Orange Blossom Trail Development Board, Inc., is based solely upon the reports of the other auditors.

#### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* ("Uniform Guidance"); and Chapter 10.550, Rules of Auditor General.

#### Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance for Each Major Federal Awards Program and State Financial Assistance Project and on Internal Control over Compliance Required by Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Schedule of Findings and Questioned Costs; and Report of Independent Accountant on Compliance with Local Government Investment Policies and E911 Requirements of Sections 365.172, and 365.173, Florida Statutes. Disclosures in those reports and schedule, which are dated March 22, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address the findings and recommendations made in the preceding annual financial report.

#### Official Title and Legal Authority

Section 10.554(1)(i)4, Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such disclosure is included in notes to the financial statements.

#### **Financial Management**

Section 10.554(1)(i)2, Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. Our recommendations can be found in Appendix A of this report. We did not audit management's responses to the recommendations, which are also provided in Appendix A, and, accordingly, we express no opinion on them.

#### **Additional Matters**

Section 10.554(1)(i)3, Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

#### Purpose of this Letter

Chang Bahset Let

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Orlando, Florida March 22, 2021

### ORANGE COUNTY, FLORIDA BOARD OF COUNTY COMMISSIONERS

#### APPENDIX A – MANAGEMENT LETTER COMMENTS

YEAR ENDED SEPTEMBER 30, 2020

#### Accrual of Invoices after Fiscal Year-end

Statement of Condition 2020-A: Certain invoices received after September 30, 2020 were not recorded in Fiscal Year 2020, even though the expenditures or expenses and corresponding liabilities were associated with Fiscal Year 2020.

*Criteria:* In accordance with accounting principles generally accepted in the United States of America, transactions should be recorded in the accounting period to which they relate.

Effect of Condition: Twelve funds had unrecorded fiscal 2020 expenditures or expenses that were not considered material but were significant enough to warrant the County's representation as to whether material. An additional four funds had unrecorded fiscal 2020 expenditures that were considered significant to the respective funds and were subsequently recorded.

Cause of Condition: At the end of fiscal 2020, departments estimated the anticipated payables that should be accrued as of September 30, 2020. As invoices were received and processed after the fiscal year-end, County Finance personnel matched these to the estimated accruals. During the process, adjustments were typically entered for any differences; however, County Finance passed on adjusting certain differences they considered immaterial. The cumulative effect of adjustments not made resulted in the errors noted above.

Recommendation: County Finance should enhance its process regarding recording and tracking accounts payables at year-end so that transactions are recorded in the proper period.

*Management Response*: We concur with the recommendation and are initiating new processes and procedures to ensure that transactions are recorded in the proper reporting period.

### ORANGE COUNTY, FLORIDA BOARD OF COUNTY COMMISSIONERS

#### APPENDIX A – MANAGEMENT LETTER COMMENTS

YEAR ENDED SEPTEMBER 30, 2020

#### Reporting of Subrecipient Expenditures on the Schedule of Expenditures of Federal Awards

Statement of Condition 2020-B: Subrecipient expenditures reported on the draft Schedule of Expenditures of Federal Awards (SEFA) were not recorded based on when disbursements were made. In addition, certain County agencies and beneficiaries of the CARES Act grant were initially treated as subrecipients on the SEFA.

Criteria: 2 CFR § 200.502, Basis for Determining Federal Awards Expended, specifies that subrecipient expenditures are to be recognized when the funds are disbursed. In addition, federal expenditures with subrecipients are to be reported separately from expenditures incurred directly by the County.

Effect of Condition: Expenditures for five grants were overstated by approximately \$4.7 million on the SEFA because subrecipient expenditures had not been recognized based on the disbursement dates. In addition, certain expenditures for the CARES Act grant were initially identified with subrecipients, rather than direct expenditures of the County.

Cause of Condition: The expenditures reported on the SEFA were determined based on the accrual basis of accounting, rather than when disbursements were made, and the identification of subrecipients was not readily apparent upon preparation of the SEFA.

Recommendation: Determinations as to when expenditures to subrecipients are to be reported on the SEFA should be based on when disbursements are made. Additional review should also be performed in the process of identifying subrecipients.

Management Response: After further review of 2 CFR § 200.502, we concur that expenditures made to subrecipients should be recorded on the SEFA in the reporting period in which the disbursement was made. The SEFA for the period ended September 30, 2020 reflects this reporting requirement. Additional review will be performed to ensure the proper identification of subrecipient relationships.

### Report of Independent Accountant on Compliance With Local Government Investment Policies

To the Honorable Mayor and Board of County Commissioners of Orange County, Florida:

Chang Behoest up

We have examined the Orange County, Florida Board of County Commissioners (the "Board") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management of the Board is responsible for the Board's compliance with the specified requirements. Our responsibility is to express an opinion on the Board's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Board complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Board complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Board's compliance with the specified requirements.

In our opinion, the Board complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida March 22, 2021

To the Honorable Phil Diamond, Comptroller of Orange County, Florida:

#### **Report on the Financial Statements**

We have audited the financial statements of the Orange County, Florida Comptroller (the "Comptroller") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated January 13, 2021.

#### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

#### Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 13, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

#### Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Comptroller is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Comptroller.

#### **Financial Management**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

#### **Purpose of this Letter**

Chang Bahart up

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Orlando, Florida January 13, 2021

### Independent Accountant's Report on Compliance with Local Government Investment Policies

To the Honorable Phil Diamond, Comptroller of Orange County, Florida:

We have examined the Orange County, Florida Comptroller's (the "Comptroller's") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management of the Comptroller is responsible for the Comptroller's compliance with the specified requirements. Our responsibility is to express an opinion on the Comptroller's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Comptroller complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Comptroller complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Comptroller's compliance with the specified requirements.

In our opinion, the Comptroller complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida January 13, 2021

Chang Bahoat Let

To the Honorable Rick Singh,
Property Appraiser of Orange County, Florida:

#### **Report on the Financial Statements**

We have audited the financial statements of the Orange County, Florida Property Appraiser (the "Property Appraiser"), as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated December 18, 2020.

#### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

#### **Other Reporting Requirements**

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated December 18, 2020, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

#### Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Property Appraiser is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Property Appraiser.

#### **Financial Management**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such findings.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. Our recommendation can be found in Appendix A of this report. We did not audit the Property Appraiser's response to the recommendation, which is also provided in Appendix A, and, accordingly, we express no opinion on it.

#### **Purpose of this Letter**

Chang Bahart up

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Orlando, Florida December 18, 2020

### ORANGE COUNTY, FLORIDA PROPERTY APPRAISER

#### APPENDIX A—MANAGEMENT LETTER COMMENTS

YEAR ENDED SEPTEMBER 30, 2020

**Observation 2020-001:** Florida Statute 215.425 specifies limitations on ability to provide extra compensation to any officer, agent, employee or contractor after service has been rendered or the contract made. The Florida Attorney General has further interpreted extra compensation to include additional payment for services performed or compensation over and above that fixed by contract or law when the services are rendered. Therefore, the Florida Attorney General has opined that the payment of retroactive compensation, lump sum allowances or other forms of compensation not provided by law or contract is generally prohibited by Florida Statute 215.425. The Property Appraiser believed that extra payments were permissible and provided a payout to employees in the amount of 2% of their current pay rates, even though consultations with its outside auditor and legal counsel were caveat in nature and did not provide positive affirmation that such payments were permissible. The Property Appraiser called these payments an "employee incentive" and cited the difficulties associated with the COVID-19 pandemic as the reason behind it.

**Recommendation:** Due to the sensitivity of the matter and the wording of Florida Statute 215.425 and the Florida Attorney General opinion, we believe it would have been in the best interest of the Property Appraiser to receive, as part of its consultations prior to payments, affirmation as to whether such payments were permissible. In the absence of receiving positive affirmation that the payments were permissible, we do not believe such payments should have been made. We recommend future questionable matters of legal compliance be more fully vetted and documented.

Management's Response: At the time the payment was disbursed, the Property Appraiser believed it took all diligent and reasonable steps to ensure compliance with the law and confirm that this employee incentive was allowable. Prior to issuing an employee incentive, in transparency, the Property Appraiser contacted the auditors at Cherry Bekaert LLP and the Florida Department of Revenue, and sought the advice of both in-house and outside legal counsels. The Property Appraiser believed a positive affirmation was received, allowing for this payment as long as the payment did not fall within any of the restrictions listed in Florida Statutes or other relevant legal authority. The legal guidance the Property Appraiser received from its in-house legal counsel provided that the legislature spelled out specific instances in which additional compensation was prohibited and this employee incentive did not fall under any of those prohibited categories. Upon reviewing the prohibited categories and understanding that the employee incentive (1) was not for "past services" rendered because all employees were eligible for this payment if they were employed with the agency on the day the payment was made: (2) this was not a "bonus" because it was a one-time payment provided to all employees regardless of work-performance or standing with the agency; and, in an abundance of caution, (3) this payment did not come from tax revenues or state appropriated funds. Based on this, the Property Appraiser moved forward with issuing the one-time payment. The Property Appraiser was open and transparent before paying the employee incentive and desired to address unprecedented concerns and difficulties our employees face and have faced due to the COVID-19 pandemic.

Herein, the Property Appraiser concurs with the recommendation to seek external legal disposition for all similar in nature sensitive matters which may benefit from legal advice beyond that of internal legal counsel.

### Independent Accountant's Report on Compliance with Local Government Investment Policies

To the Honorable Rick Singh,
Property Appraiser of Orange County, Florida:

We have examined the Orange County, Florida Property Appraiser's (the "Property Appraiser's") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management of the Property Appraiser is responsible for the Property Appraiser's compliance with the specific requirements. Our responsibility is to express an opinion on the Property Appraiser's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Property Appraiser complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Property Appraiser complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Property Appraiser's compliance with the specified requirements.

In our opinion, the Property Appraiser complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida December 18, 2020

Chang Bahart ut

To the Honorable John W. Mina, Sheriff of Orange County, Florida:

#### **Report on the Financial Statements**

We have audited the financial statements of the Orange County, Florida Sheriff (the "Sheriff"), as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated February 4, 2021.

#### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

#### Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated February 4, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

#### Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Sheriff is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Sheriff.

#### **Financial Management**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

#### **Purpose of this Letter**

Chang Bahart up

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Orlando, Florida February 4, 2021

### Independent Accountant's Report on Compliance with Local Government Investment Policies

To the Honorable John W. Mina, Sheriff of Orange County, Florida:

We have examined the Orange County, Florida Sheriff's (the "Sheriff") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management of the Sheriff is responsible for the Sheriff's compliance with the specified requirements. Our responsibility is to express an opinion on the Sheriff's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Sheriff complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Sheriff complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Sheriff's compliance with the specified requirements.

In our opinion, the Sheriff complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida February 4, 2021

Chang Bahart ut

To the Honorable Bill Cowles, Supervisor of Elections of Orange County, Florida:

#### **Report on the Financial Statements**

We have audited the financial statements of the Orange County, Florida Supervisor of Elections (the "Supervisor of Elections") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated December 11, 2020.

#### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

#### **Other Reporting Requirements**

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated December 11, 2020, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

#### Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Supervisor of Elections is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Supervisor of Elections.

#### **Financial Management**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Orlando, Florida December 11, 2020

### Independent Accountant's Report on Compliance with Local Government Investment Policies

To the Honorable Bill Cowles, Supervisor of Elections of Orange County, Florida:

We have examined the Orange County, Florida Supervisor of Elections' (the "Supervisor of Elections'") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management of the Supervisor of Elections' is responsible for the Supervisor of Elections' compliance with the specific requirements. Our responsibility is to express an opinion on the Supervisor of Elections' compliance with the specific requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Supervisor of Elections complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Supervisor of Elections complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Supervisor of Elections' compliance with the specified requirements.

In our opinion, the Supervisor of Elections complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

### Independent Accountant's Report on Compliance with Local Government Investment Policies

To the Honorable Scott Randolph, Tax Collector of Orange County, Florida:

We have examined the Orange County, Florida Tax Collector's (the Tax Collector's") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management of the Tax Collector is responsible for the Tax Collector's compliance with the specified requirements. Our responsibility is to express an opinion on the Tax Collector's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Tax Collector complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Tax Collector complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Tax Collector's compliance with the specified requirements.

In our opinion, the Tax Collector complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Orlando, Florida December 16, 2020

Chang Bahoat Let

To the Honorable Tiffany Moore Russell, Clerk of the Circuit and County Courts of Orange County, Florida:

#### **Report on the Financial Statements**

We have audited the financial statements of the Orange County, Florida Clerk of the Circuit and County Courts (the "Clerk") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated January 22, 2021.

#### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

#### Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountant's Report on Compliance with Local Government Investment Policies, Article V Requirements and Depository Requirements of Sections 218.415, 28.35, 28.36 and 61.181, Florida Statutes, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated January 22, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

#### Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Clerk is a separately elected county official established pursuant to the Constitution of the State of Florida. There are no component units related to the Clerk.

#### **Financial Management**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

#### **Purpose of this Letter**

Larry Bahart Let

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.550, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

# Independent Accountant's Report on Compliance with Local Government Investment Policies, Article V Requirements and Depository Requirements of Sections 218.415, 28.35, 28.36 and 61.181, Florida Statutes

To the Honorable Tiffany Moore Russell, Clerk of the Circuit and County Courts of Orange County, Florida:

We have examined the Orange County, Florida Clerk of the Circuit and County Courts' (the "Clerk's") compliance with the local government investment policy requirements of 218.415, Florida Statutes, Article V requirements of Sections 28.35 and 28.36, Florida Statutes, and requirements of Section 61.181, Florida Statutes, during the year ended September 30, 2020. Management of the Clerk is responsible for the Clerk's compliance with those specific requirements. Our responsibility is to express an opinion on the Clerk's compliance with these specific requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Clerk complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Clerk complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Clerk's compliance with the specified requirements.

In our opinion, the Clerk complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, Article V requirements of Section 28.35 and 28.36, Florida Statutes, and requirements of Section 61.181, Florida Statutes, during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, Article V requirements of Sections 28.35 and 28.36, Florida Statutes, requirements of Section 61.181, Florida Statutes, and Rules of the Auditor General.
