Honorable Members of the Board of County Commissioners, Constitutional Officers and Citizens of Polk County, Florida

We are pleased to present the Comprehensive Annual Financial Report of Polk County, Florida for the fiscal year ended September 30, 2020. The financial activities of the Board of County Commissioners and the Constitutional Officers as well as the Harden/Parkway, Polk Commerce Centre, and Eloise Community Redevelopment Agencies, which are blended component units, are included in the Annual Report.

The Clerk of the Circuit Court, by authority of the Constitution of the State of Florida, serves as the Chief Financial Officer of the County and is responsible for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures. We believe the data presented is accurate in all material aspects, is presented in a manner designed to fairly set forth the financial position and results of operations of the County, and all disclosures necessary to enable the reader to obtain a comprehensive understanding of the County have been included.

Internal accounting controls for the County have been designed to provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgments by management.

Chapter 218.39 of the Florida Statutes requires an annual financial audit of counties in the state. In addition to meeting the requirements set forth in the state statutes, the County's audit was designed to meet the requirements of the Government Auditing Standards, 2 CFR 200--Federal Uniform Grant Guidance (single audit), and the Rules of the Auditor General Chapter 10.550.

The County's financial statements were audited by CliftonLarsonAllen, LLP. The audit was performed to provide reasonable assurance that the financial statements for the fiscal year ended September 30, 2020, are free from material misstatement. The independent auditors concluded there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended September 30, 2020, are fairly presented in conformity with generally accepted accounting principles (GAAP). The Independent Auditors' Report is located at the front of the Financial Section of this report on page B-1. The independent auditors' reports related specifically to Government Auditing Standards and the single audit are included in the Compliance Section.

Management's Discussion & Analysis (MD&A) provides a narrative introduction, overview, and analysis of the basic financial statements and begins on page C-1. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

A-1

COUNTY PROFILE

Polk County, Florida, is a political subdivision of the State of Florida. On November 3, 1998, the citizens of Polk County adopted a Home Rule Charter in accordance with the Constitution and Statutes of the State of Florida. The Home Rule Charter assumed all powers and duties on the first day of January 1999. The Home Rule Charter sets forth a "commission" form of government under which a five-member Board of County Commissioners is elected to serve as the executive and legislative body for the County.

The Commissioners appoint a County Manager whose duties include the administration of directives and policies of the Commissioners, responsibility for the operation of all business centers, and the provision of services under the purview of the Commissioners. The citizens of the County also elect a Sheriff, a Clerk of the Circuit Court and County Comptroller, a Supervisor of Elections, a Tax Collector, and a Property Appraiser whose responsibilities and duties are not altered by this Home Rule Charter. The Constitutional Officers perform their executive and administrative functions as specified by law.

Formal budgetary integration is employed as a management control device during the year for all fund types. The Constitutional Officers submit, at various times, to the Board and to certain divisions within the State of Florida Department of Revenue, a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them as set forth in Chapter 129 of the Florida Statutes.

Constitutional Officers and all divisions of the Board of County Commissioners submit their proposed budgets to the Budget and Management Services Division for assistance, review, and compilation. The County Manager then reviews the budgets of all County divisions and Constitutional Officers and makes his budget recommendation to the Board of County Commissioners in July of each year. The tentative budget includes proposed appropriations and the means of financing them.

During September, public hearings are held pursuant to Section 200.065, Florida Statutes, in order for the Board to receive public input on the tentative budget. At the end of the last public hearing, the Board adopts resolutions, at the fund level, to approve the budgets for all governmental fund types. The budgets legally adopted by the Board set forth the anticipated revenues by source and the appropriations by function. Budgets for enterprise and internal service funds are adopted on a basis consistent with generally accepted accounting principles. Computerized integrated budget reports are used for management control purposes throughout the year. Management is authorized to transfer budgeted amounts between cost centers and divisions in any fund as long as the total appropriations of a fund are not exceeded. Board approval is required to appropriate reserves and to amend the budget when unanticipated revenues are received that management wishes to have appropriated, thereby increasing the total appropriations of a fund. The appropriations lapse at the close of the fiscal year.

Polk County is the geographical center of the State of Florida and is the fourth largest county and the ninth most populous county in the state. The County is comprised of seventeen municipalities, of which Lakeland is the largest. Polk County also has numerous institutions of higher education including technical schools, community colleges, and public and private universities. Each of these institutions contribute to the development of a robust talent pipeline.

Polk County offers many services to its citizens including fire suppression, law enforcement, and emergency medical activities; construction and maintenance of street and traffic systems, highways, bridges and other infrastructure; preservation and maintenance of lakes, parks, and environmentally sensitive lands; recreational facilities, programs, and cultural activities; comprehensive planning and community development; community information and education programs; health and human services; water and wastewater utilities; solid waste collection and disposal facilities; and storm water utility facilities.

LOCAL ECONOMY

The local economy had been steadily growing; however, due to the emergence of COVID-19, some of the County's revenues decreased in FY 2020 while others continued to increase. As would be expected, other taxes, which includes tourism taxes, decreased by 22.6 percent in contrast to an increase of 3.2 percent in FY 2019 and fuel taxes decreased by 7.4 percent compared to an increase of 5.5 percent in 2019. State shared revenues also decreased 5.5 percent and had increased by 5.8 percent in FY 2019. Property taxes increased by 7.5 percent compared to 14.6 percent in FY 2019 while service taxes increased by 3.1 percent compared to 4.7 percent, and sales taxes increased by 0.6 percent compared to 8.5 percent.

The largest employers in the County by industry are trade, transportation and utilities (25.7 percent), education and health services (14.6 percent), professional and business services (12.9 percent), and government (12.3 percent). Polk County's unemployment rate at the end of FY 2020 was 7.9 percent compared to 3.5 percent in FY 2019 due to the COVID-19 pandemic, and was higher than the statewide average of 7.2 percent.

The Lakeland - Winter Haven Metropolitan Statistical Area (MSA) had the third fastest annual job growth rate of all areas in the state for mining, logging, and construction. This past year, there was also growth in the food and beverage industry and for manufacturers such as Florida Can Manufacturing, as well as major expansions of Peace River Citrus Products and Dispenser Packaging, Inc. Additionally, the ecommerce industry continued to grow in Polk as Amazon expanded its footprint to nearly 3.5 million square feet countywide and multiple Prime Air flights a day into Lakeland Linder International Airport. Major attractions, such as LEGOLAND Florida, Streamsong Resort, Bok Tower Gardens, Safari Wilderness, and the County's close proximity to other Central Florida attractions, such as Walt Disney World, have played a major role, as well. Attracting leisure travelers is Polk's number one priority, followed closely by driving demand from the state's number two industry, sports. Recruiting and hosting sporting events has proven to be a powerful recession resistant economic engine for the area. Polk County is also the headquarters for the Detroit Tigers Spring Training, the Lakeland Flying Tigers, the Orlando Magic's G-League affiliate - the Lakeland Magic, two professional soccer teams, the annual Sun 'n Fun International Fly-In and Expo, and the Miss Florida Pageant. Polk County also has the second largest water area for a non-coastal county in Florida with 213 miles of lakes, rivers, and streams, and is known worldwide as the "Water Ski Capital of the World." Additionally, the County's natural resources and abundant wildlife are second to none, particularly at locations such as the Circle B Bar Reserve and the delicate ecosystems on the Lake Wales Ridge.

A relatively low cost of living, attractive tax rates, local and state incentive programs, and location make Polk County the best place for business in Florida. The County is less than an hour away from Florida's largest cargo tonnage port in Tampa and has more rail miles than any other community in the state. Polk County is the only southeast location with two international airports (Tampa and Orlando) within an hour drive and is also home to four general aviation airports. The CSX Integrated Logistics Center in Winter Haven is also a critical point of connection throughout the state. Due to these logistical advantages and large parcels of available land, Polk County has become the epicenter of e-commerce

distribution in Florida. In addition to business growth, Polk is ranked as the number one county in Florida for net migration--people moving here from other places. Of all the states and counties in the nation, Polk County ranked number eight in net migration, drawing more than 17,000 people in a year. Polk County has grown approximately 19 percent in the last decade, from roughly 600,000 when the U.S. Census was taken in 2010 to 715,090 in September 2020.

LONG-TERM FINANCIAL PLANNING

Polk County is focused on strategic, long-term decision making and committed to fiscal responsibility, and has developed a strategic business plan that will provide the framework to guide the County in this direction. This plan focuses on several key business units that required policy decisions on significant funding and service level issues that are anticipated to occur in the next five years. The work on this plan will help direct the budget process in future years. The County prepares a biennial budget and five-year projections to enhance long-term financial planning.

RELEVANT FINANCIAL POLICIES

Fund Balance Policy

The County's General Fund reserve budget includes 42 to 45 days (11 to 12 percent) of operating expense; and when you add the 5 percent of estimated receipts that are not budgeted, in accordance with Florida Statutes, there is 16 to 17 percent, or two months of operating expense, in fund balance. The Enterprise Funds are budgeted to maintain a minimum of 30 days to 60 days of operating expenditures plus debt service requirements. During times of economic recession, it may not be practical to maintain these levels but, in those instances, the County's goal is to restore these levels as funds can be made available.

Community Investment Program Policy

Polk County has a Capital Improvement Program that is a five-year plan for capital/infrastructure projects. The program identifies anticipated projects, schedules, costs, revenue sources, comprehensive plan information, and future operating impacts. The proposed projects are presented to the Board in August for discussion and input before requesting approval in September.

INITIATIVES

Several years ago, input received from citizens helped to establish seven result areas that captured what citizens expect from government. These result areas continue to help guide the budget process as the County focuses on providing the desired services for citizens. In addition, the Polk County Board of County Commissioners holds an annual retreat to discuss major issues and gives direction on key strategic items. The Board has maintained a consistent, long-standing conservative fiscal policy of maintaining millage rates and allowing recovering property values and new growth to gradually increase investments in public safety, infrastructure projects, and improved quality of life for our citizens. For FY 2020, the adopted countywide operating millage rate remained at 7.1565 mills.

Much of FY 2020 was focused on responding to the COVID-19 pandemic. In late April, the County received \$126,467,997 from the federal government's Coronavirus Aid, Relief and Economic Security (CARES) Act and immediately developed a plan to address the needs of the residents of Polk County. The plan was divided into four major categories as detailed below:

- Community Health: Provide testing for residents and emergency responders, funding to local hospitals for unanticipated expenses, and building improvements for the Hayley Center to better serve our vulnerable indigent population.
- Individual/Household Assistance: Provide direct payments and assistance through United Way of Central Florida to assist individuals who lost jobs or were furloughed; aid Polk's Senior and disabled population; and provide jobs through a partnership with CareerSource Polk and local businesses.
- Small Business Assistance: Provide financial assistance to Polk's Small Business Owners with one to fifty employees.
- Local Government: Provide financial assistance to municipalities; Elected Officials, including the Clerk of Courts; Tax Collector; Sheriff; the Board of County Commissioners and others, as well as Chambers of Commerce and the Polk County School Board to offset the unexpected expenses contributed to COVID-19.

Although the CARES Act funding was originally scheduled to expire on December 30, 2020, the deadline was extended to December 2021. Polk County had spent the majority of the funding by the December 2020 deadline, and will utilize the remaining funds to implement a vaccination program in cooperation with Federal and State officials and guidelines.

Each year, the budget decisions are guided by Board policy with funding being directed towards the Board's highest priority goals. For several years, these goals have been focused in the Safety Result Area and the Growth and Infrastructure Result Area. The following highlights the result areas and some of the accomplishments:

Basic Needs – All Polk County residents who are at-risk because of their health or economic status will have their basic needs met and become as self-sufficient as possible.

COVID-19 created many challenges in FY 2020. With a remote work force for a significant portion of the year, seeing clients in the traditional manner was no longer feasible. Systems were put in place to maintain communication while eliminating the risk of exposure. All staff met with clients via telephone through face-to-face calls or strictly voice calls. Due to the change, there was a decrease in the number of clients seen. A portal was established whereby Polk Health Care Plan applicants could upload documents and eligibility could be determined. Face-to-face interviews were no longer required which helped address the challenges.

• One of the Board's priorities is the improvement of behavioral health services for the indigent population. Polk County is a federally designated medical provider shortage area, which includes behavioral health. The Board has increased behavioral health funding beyond existing programs and state mandated mental health and substance abuse requirements based on recommendations from the Citizens Healthcare Oversight Committee since FY 2018. Strategies for collaboration continue in an effort to avoid duplication of services and create a system of care in the County that reduces the incidence of recidivism in jails and mental health facilities.

Veteran Service officers assisted over 5,700 clients during FY 2020. In order to meet the Veteran
community's needs, Veterans and their families are now seen at four locations, including the main
Bartow office. The three other offices are in Davenport, Lakeland and Eloise and these strategic
locations were selected to assist the community with complications associated with traveling to
the Bartow office. In addition, in order to ease the burden of wait times Veterans experience in
order to obtain their benefits, Veteran Services has hired two new service officers this year and
now has six service officers.

Economic Development – Well-paying jobs and business opportunities will be available in Polk County, and people will be appropriately trained and educated to fill the workforce need.

- The County has focused on attracting businesses to Polk County. The County offers incentives
 through three programs: Ad Valorem Tax Exemptions (AVTE), Impact Fee Mitigation, and the
 local Business Incentive. The state QTI program failed to be renewed during the 2020 legislative
 session and is no longer offered. The Ad Valorem Tax Exemption (AVTE) Program was
 reauthorized by County Referendum No. 1 in November 2020 for an additional 10 years.
- Throughout the COVID-19 pandemic, the Central Florida Development Council (CFDC)--an organization who has partnered with the Board of County Commissions to grow Polk County's economy--worked diligently to provide updated, reliable information to all our stakeholders in Polk County, including businesses, government leaders, municipal economic development organizations, and the community at large. Polk's resiliency during these unprecedented times continues, and the support offered to businesses through the Board of County Commissioners' Polk CARES program showed the "business friendly" posture of the County. The CFDC was pleased to support the County and business applicants throughout the process. There were 7,329 applications processed, and over \$19.4 million in funding was granted to local Polk County businesses.
- FY 2020 was a very difficult year for tourism globally, including for Polk County, due to COVID-19. However, Polk County has recovered much faster than our contiguous neighbors and most of the state due to its well-planned strategic recovery plan and a heavy emphasis on the recession resistant sports market. The County's supply-side investment in sports facilities has made a significant difference in total revenue for the County. Recent investments include the completion of renovations to the RP Funding Center, home of the Lakeland Magic and Lakeland Tropics, and construction of the new AdventHealth Fieldhouse and Conference Center in Winter Haven. Additional sports facilities are in the works, including the new Northeast Regional Park baseball quad in Davenport, the Chain of Lakes Baseball Complex, and a championship soccer/lacrosse stadium at Lake Myrtle.

Recreation and Cultural Arts – Polk County offers safe, plentiful, and diverse recreation and cultural arts opportunities.

- Additional property tax revenue received from the Parks MSTU continues to provide funding needed to support the master plan ideas identified in the strategic plan, such as replacing and repurposing existing park facilities.
- The Polk County History Center achieved accreditation from the American Alliance of Museums, the highest national recognition afforded to museums. The History Center is one of only 15 accredited museums in Florida and one of only 1,078 in the nation.

- Parks Maintenance continues to run a distribution warehouse for pandemic related PPE supplies.
 These supplies were purchased by the State for medical and first responder type activities. County costs are being funded by the CARES Act.
- The Recreation Activities Program was successfully modified by implementing COVID-19 CDC guidelines in order to keep the public and County staff safe. Multiple events had to be canceled throughout the year and any savings was offset by a reduction in rental revenue as our facilities were closed or their capacity reduced.

Good Government – Citizens can trust that government is well run and is a good steward of their tax dollars.

- The County continues to provide recurring funding for building asset management to ensure that County facilities can be maintained. During FY 2020, the Facilities Division was challenged with providing socially distanced and healthy work environments for all County facilities. This included the renovation of the existing Sheriff's Boot Camp as a detention facility in order to address inmate COVID-19 quarantine isolation dorm requirements within the primary Central County Jail.
- While the pandemic challenged governments with providing services while practicing social distancing, Procurement leveraged technology to seamlessly continue to solicit and receive solicitations as well as provide for teleconferencing selection committee and negotiation meetings. These technology solutions have actually benefited more than they hindered our processes.
- Accurate, fast and plentiful communication with residents and businesses has been critical
 throughout the coronavirus pandemic and mass vaccination effort. In addition to traditional media,
 County communications staff has worked seven days a week to publish information on the website
 and in social media daily, and make messages available in English and Spanish.
- Strategic Plans were created for each division over the last three years. These plans which include a mission, vision, values, goals, strategies, objectives, metrics and indicators, will be updated on a regular basis and serve as a work plan for each division and the County as a whole.

Natural Resources and Environment – Polk County will have clean and plentiful natural resources for a healthy environment.

- The Board established a Stormwater Technical Advisory Committee to assist in managing the
 permit requirements of a National Pollutant Discharge Elimination System reissued in 2016. The
 projected revenue (\$1.9 million) generated in conjunction with various partnerships across the
 County should prove to be adequate in maintaining the future of the Water Resources Program.
- The Environmental Lands Education Program followed COVID-19 CDC guidelines to keep the
 public and County staff safe. These changes required additional time to implement but are not
 expected to result in additional cost to the County.
- As COVID-19 stay-at-home protocol took place in our community, residential waste volumes increased by approximately 15 percent.

Growth/Infrastructure – Polk County will grow in a manner and pace that County residents find desirable and allows them to move around the County safely and without excessive congestion.

- The County continues to fund pavement management, drainage/culverts, and sidewalks in the amount of \$22.0 million, which helps maintain the 2,695 miles of roads and right-of-way. The County also continues to execute several high priority capacity CIP projects on their work list including CR 557 widening (\$89.0 million), Pipkin Road widening (\$57.0 million), Marigold widening (\$28.6 million), Lake Wilson widening (\$32.0 million), and Cypress Parkway (\$22.0 million).
- Single family residences permitted totaled 3,710, representing a 22.5% increase over FY 2019.
- Utilities continues to add approximately 160 new services per month, producing roughly a 2.5% to 3.0% system growth rate. Growth is expected to continue at a rate between 2.0% and 5.0% in the coming years, which is fueled primarily by the Northeast Utility Service Area.
- Polk County is a founding member of the Polk Regional Water Cooperative, an agency created with the Southwest Florida Water Management District and 15 of the municipalities within Polk County. The cooperative has identified three alternative water supply projects and will begin conceptual designs of these facilities.
- Housing and Neighborhood Development Office was tasked with managing new funds from the Coronavirus Aid, Relief, and Economic Security Act passed March 27, 2020. Polk County received \$2.252 million in Community Development Block Grant Coronavirus (CDBG–CV) and \$1.073 million in Emergency Solutions Grant Coronavirus (ESG-CV) funding. Polk County allocated these funds to assist with public facilities improvements to support programs for health and safety, Rental Eviction Assistance, and various Public Service Projects aiding in the results of the Coronavirus outbreak. Additionally, a portion of the CARES Act Funds (Coronavirus Relief Funds CRF) was distributed by Florida Housing Finance Corporation. Polk County was awarded \$3.44 million for mortgage and rental assistance. Due to these funds having to be expended by December 30, 2020, the Governor vetoed the planned SHIP funds for FY 2021.

Safety – People will feel safe from crime, fire, and the effects of natural disasters.

- For the FY 2020 budget, the Board of County Commissioners (BoCC) approved an increase in the Fire Assessment rate by \$15. This additional funding provided staff to cover three-person engines, an officer development-training program, and additional training officer staff. Polk County Fire Rescue proudly opened the new Mulberry station, which included cancer innovative safeguards for operational personnel. Enhancement of outdated equipment, such as cardiac monitors in all the ALS engines, will continue to better prepare employees to assist the residents of Polk County with a higher level of service and public safety.
- The Emergency Medical Millage funding, approved in FY 2019, funds critically needed investments for emergency medical services as the population and number of 9-1-1 medical calls continue to increase. This funding source is included in a 10-year plan to utilize an additional 0.2500 mill levy for emergency medical service investments in stations, ambulance, capital equipment, and staffing.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Polk County, Florida, for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2019. In order to be awarded a Certificate of Achievement, a government must go beyond the minimum requirements of GAAP and prepare an Annual Report that evidences the spirit of transparency and full disclosure.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate. We are very proud that Polk County has been the recipient of this award for the last 40 consecutive years.

An Annual Report of this nature could not have been prepared on a timely basis without the dedicated efforts of all staff members concerned. We would like to thank the entire staff of the Comptroller Division of the Clerk of the Circuit Court and County Comptroller of Polk County for their invaluable assistance in the preparation of this report. We would also like to thank the Board of County Commissioners and their staff, and the other Constitutional Officers for their personal interest and dedicated support in planning and conducting the financial operations of the County in a responsible and progressive manner. We would also like to recognize our auditors, CliftonLarsonAllen, LLP, for their continuing support in helping us achieve the Certificate of Achievement for Excellence in Financial Reporting.

Sincerely,

Stacv M. Butterfield, CPA

Board of County Commissioners Polk County Board of County Commissioners Polk County, Florida Bartow, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Polk County, Florida (the County), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Tax Collector, Polk County, Florida, which represents 1.38% and 5.16%, respectively, of the assets and revenues of the general fund, and 0.39% and 2.51%, respectively, of assets and revenues of the governmental activities. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Tax Collector, Polk County, Florida, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information of the County, as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof, and the budgetary comparison for the General, Coronavirus Relief and County Transportation Trust funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly in all material respects, the respective financial position of the Harden/Parkway Community Redevelopment Agency Fund, Polk Commerce Centre Community Redevelopment Agency Fund of the County as of September 30, 2020, and the respective changes in financial position and budgetary comparison thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, and the schedule of changes to the County's total OPEB liability, schedules of the County's proportionate share of the net pension liability and of its contributions – pension plans on pages C-1 to C-16 and F-1 to F-5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and Chapter 10.550, Local Governmental Entity Audits, Rules of the Auditor General of the State of Florida, is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 5, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Polk County's discussion and analysis provides a narrative overview and easily readable analysis of the County's financial activities. The analysis provides a summary of financial information for the County and should be read in conjunction with the transmittal letter and the County's financial statements.

FINANCIAL HIGHLIGHTS

- Total net position at the end of the fiscal year was \$3,706.0 million compared to \$3,686.7 million in 2019, an increase of \$19.3 million with \$14.5 million related to governmental activities and \$4.8 million to business-type activities.
- Total assets were \$4,918.5 million, an increase of \$203.6 million, with increases of \$155.4 million in governmental activities and \$48.2 million in business-type activities.
- Total liabilities were \$1,366.6 million, an increase of \$258.6 million with increases of \$203.1 million in governmental activities and \$55.5 million in business-type activities.
- Polk County's combined ending fund balance for governmental funds was \$540.3 million, an increase of \$70.7 million over the prior year ending fund balance with \$272.9 million of the fund balance restricted and \$95.8 million unassigned in the various governmental fund types of the County.
- At the end of the current fiscal year, the fund balance for the general fund was \$119.8 million, an increase of \$15.0 million over the prior year fund balance. Of this amount, \$95.9 million was unassigned and \$4.5 million was restricted.
- On February 25, 2020, the County defeased a portion of the County's outstanding Utility System Revenue Refunding Bonds, Series 2012, Utility System Revenue Refunding Bonds, Series 2013, and Utility System Revenue Refunding Bonds, Series 2014A with legally available funds of the System.
- On March 12, 2020, the County issued the \$87,550,000 Utility System Revenue and Refunding Bonds, Series 2020. The proceeds were used to advance refund the County's outstanding Utility System Revenue Bonds, Series 2010 (Federally Taxable – Build America Bonds) and finance various system projects. The advance refunding of the Series 2010 bonds ultimately saved the County approximately \$8.8 million on a present value basis, or 18.9% of refunded par.
- On April 29, 2020, the County executed the \$27,062,000 Revenue Promissory Note, Series 2020A and loan agreement to finance several capital projects including an Oracle financial system upgrade, four fire stations, NE Regional Park improvements, a new NE Government Facility, and defibrillators.
- On May 29, 2020, the County refunded all of the Capital Improvement Refunding Revenue Bonds, Series 2010 and Transportation Improvement Refunding Revenue Bonds, Series 2010 with the \$41,955,000 Revenue Promissory Notes B and C. The refunding of the Series 2010 bonds saved the County approximately \$3.7 million on a present value basis.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains the statistical section, single audit and other supplementary information in addition to the basic financial statements themselves. The government-wide financial statements present an overall picture of the County's financial position and results of operations. The fund financial statements present financial information for the County's various funds. The notes to the financial statements provide additional information that is not disclosed in the government-wide or fund financial statements.

The government-wide financial statements are the statement of net position and the statement of activities. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and business-type activities and the change in net position. Governmental activities are primarily supported by property taxes, charges for services, fuel taxes, sales taxes, services taxes, and grants. Business-type activities are supported by charges to the users of those activities, such as water and sewer service charges and landfill tipping fees.

The government-wide financial statements include not only Polk County itself (known as the primary government) but also the legally separate component units for which Polk County is financially accountable. These component units are detailed in the notes to the financial statements.

The statement of net position presents information on all assets, deferred outflows, liabilities, and deferred inflows of the County, with the difference between assets plus deferred outflows and liabilities plus deferred inflows reported as net position. Net position is reported in three categories: 1) invested in capital assets, net of related debt, 2) restricted, and 3) unrestricted. Assets, deferred outflows, liabilities, deferred inflows and net position are reported for all governmental activities separate from the assets, deferred outflows, liabilities, deferred inflows and net position of business-type activities. It is not uncommon, particularly in the governmental activities column, to see an unrestricted net position deficit. For example, this may occur when governments have long-term liabilities that they fund on a pay-asyou-go basis, rather than accumulating resources in advance or issue debt to build capital assets for another government.

The statement of activities reflects the expenses of a given function or program, which are offset by program revenues providing the net cost of all functions of the County. General revenues are presented following the total net expense of the functions or programs. To assist in understanding the County's operations, expenses have been reported as governmental activities or business-type activities. Governmental activities financed by the County include general government, public safety, physical environment, transportation, economic environment, human services, culture and recreation, and debt service. Business-type activities financed by user charges include water and sewer services, garbage collection/disposal, and a nursing home.

Fund financial statements present financial information for governmental funds, proprietary funds, and fiduciary funds. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources. The proprietary funds financial statement provides information on all assets and liabilities of the funds, changes in the economic resources (revenues and expenses), and total economic resources. The fiduciary fund statement provides information concerning assets held in trust by the County on behalf of others.

Fund financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances – budget and actual for all governmental funds. For the proprietary funds, which include internal service funds in addition to business-type activities, a statement of net position, a statement of revenues, expenses, and changes in fund net position and a statement of cash flows are presented. A statement of fiduciary assets and liabilities is presented for the County's agency funds. Fund financial statements provide more detailed information about the County's activities. Individual funds are established by the County to track revenues that are restricted to certain uses, comply with legal requirements, or account for the use of state and federal grants.

The government-wide financial statements and the fund financial statements provide different pictures of the County. The government-wide financial statements provide an overall picture of the County's financial standing, divided into governmental activities and business-type activities. These statements are comparable to private-sector companies and provide a good understanding of the County's overall financial status and how the County paid for the various activities, or functions, provided by the County. Assets of the County, including buildings, land, roads, bridges, and traffic signals are reported in the statement of net position. All liabilities, including principal outstanding on bonds and future employee benefits obligated but not paid by the County, are included. The statement of activities includes depreciation on all long-lived assets of the County, but transactions between the different functions of the County have been eliminated in order to avoid duplication of the revenues and expenses. The fund financial statements provide a picture of the major funds of the County and all non-major funds. In the case of governmental activities, outlays for long-lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. A reconciliation has been included to provide a link from the fund financial statements to the government-wide financial statements.

Notes to the financial statements provide additional detail concerning the financial balances and financial activities of the County. Additional information regarding the accounting practices of the County, investments of the County, capital assets, and long-term debt are some of the items included in the notes to the financial statements.

The statistical section has been prepared in accordance with Governmental Accounting Standards Board Statement No. 44. This section contains selected data regarding financial trends, revenue capacity, debt capacity, demographic and economic conditions, and operating indicators of the County.

The single audit compliance section lists the expenditures of federal awards and state financial assistance during the fiscal year and presents grant compliance information and auditor reports.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following schedule provides a summary of assets, liabilities, deferred inflows and outflows, and net position of the County for fiscal years 2020 and 2019:

Net Position September 30, 2020 and 2019 (In Millions)

	Governmental Activities			E	Business-Type Activities			Total				
		2020	2019		2020		2019		2020		2019	
Current and Other Assets	\$	749.5	\$	590.8	\$	322.0	\$	304.0	\$	1,071.5	\$	894.8
Capital Assets		3,210.0		3,213.3		637.0		606.8		3,847.0		3,820.1
Total Assets		3,959.5		3,804.1		959.0		910.8		4,918.5		4,714.9
Deferred outflows of resources		183.4		148.7		18.5		6.2		201.9		154.9
Other Liabilities		147.6		103.7		19.5		24.5		167.1		128.2
Noncurrent Liabilities		893.1		733.9		306.4		245.9		1,199.5		979.8
Total Liabilities		1,040.7		837.6		325.9		270.4		1,366.6		1,108.0

Net Investment in Capital Assets		3,117.5		3,076.2		520.0		429.1		3,637.5		3,505.3
Restricted		248.1		241.4		1.0		30.6		249.1		272.0
Unrestricted		(307.7)		(274.2)		127.1		183.6		(180.6)		(90.6)
Total Net Position	\$	3,057.9	\$	3,043.4	\$	648.1	\$	643.3	\$	3,706.0	\$	3,686.7

Polk County's net investment in capital assets, such as land, roads, parks, buildings, machinery and equipment as a percentage of net position was 98.2 percent in 2020 and 95.1 percent in 2019. These asset values are presented less any outstanding debt related to the acquisition and including accumulated depreciation of those assets. The County uses capital assets to provide services to the citizens. Consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the capital assets cannot be used to liquidate that liability and, therefore, other resources will be needed to repay any associated debt.

The County's unrestricted net position decreased \$90.0 million and restricted net position decreased by \$22.9 million in 2020. Unrestricted net position represents County resources that may be used for any purpose while restricted net position represents resources that are constrained for a particular purpose.

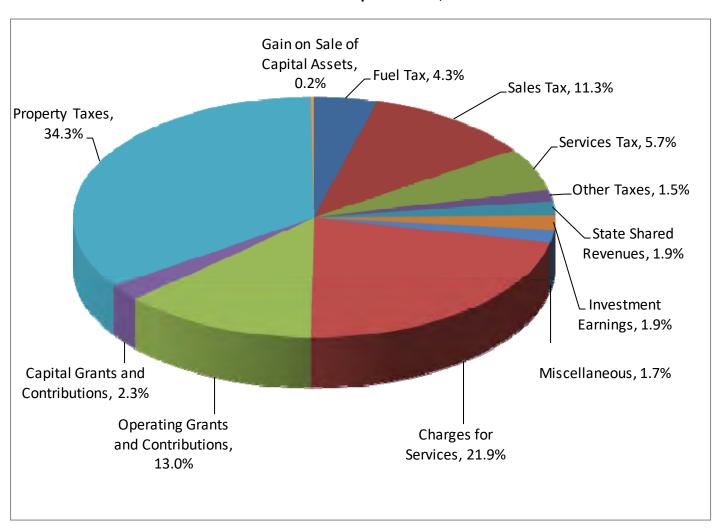

The schedule below provides a summary of the changes in net position for fiscal years 2020 and 2019.

Change in Net Position Years Ended September 30, 2020 and 2019 (In Millions)

The following chart depicts revenues of the governmental activities for the fiscal year, excluding transfers and net change in fair market value of investments.

Revenues-Governmental Activities Fiscal Year Ended September 30, 2020

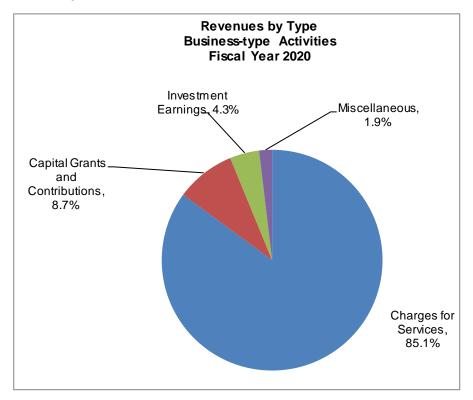

The following chart depicts governmental activities expenses compared to the program revenues which funded those activities for the fiscal year. The amounts not funded by program revenues were funded by general revenues (e.g., property taxes, etc.).

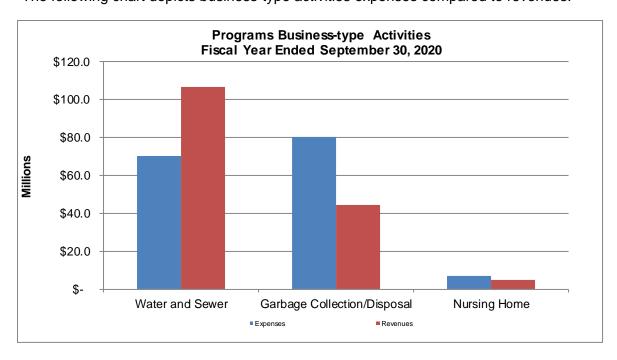

Governmental activities. Governmental activities resulted in a \$14.5 million increase in net position as the result of current fiscal year activities.

- Overall, revenues related to governmental activities increased by \$72.7 million or 9.9 percent.
- Charges for services increased by \$14.5 million or 9.0 percent with significant increases of \$7.0 million in impact fee special assessments, \$3.8 million in fire rescue special assessments and \$2.7 million in ambulance fees.
- Operating grants and contributions increased \$50.9 million or 95.1 percent largely due to \$85.2 million in operating grant revenue for coronavirus relief offset by a decline of \$37.0 million in operating grant revenue related to Hurricane Irma received in the prior year.
- Property taxes increased \$19.2 million or 7.5 percent due to growth and an increase in taxable values.
- Sales tax revenues increased by only \$0.5 million or 0.6 percent compared to an increase of \$7.0 million in 2019 as a result of a decrease in tourism related to COVID-19.
- Other taxes, which is mainly tourist development taxes, decreased by \$3.6 million or 22.6 percent and is attributed to the decrease in tourism because of COVID-19.
- The net change in the fair value of investments was \$3.1 million compared to \$3.9 million in 2019 while investment earnings decreased by \$1.8 million or 10.3 percent primarily as a result of market conditions.
- In total, expenses in governmental activities increased by \$93.9 million or 13.4 percent.
- Public safety expenses increased by \$100.7 million or 30.0 percent and included coronavirus relief expenditures of \$83.5 million and increases of \$9.2 million in salaries and benefits.
- Interest on Long-Term debt decreased by \$2.6 million or 38.8 percent as a result of interest savings from debt refunding.

The following chart depicts revenues of the business-type activities for the fiscal year, excluding transfers and net change in fair market value of investments.

The following chart depicts business-type activities expenses compared to revenues.

Business-type activities. Business-type activities resulted in a \$4.8 million increase in net position for the fiscal year.

- Overall, revenues for business-type activities increased by \$6.4 million or 4.0 percent.
- Charges for services increased \$6.2 million or 4.6 percent. There was an increase of \$4.9 million in Water and Sewer due to an increase in water rates of 2.5 percent and growth, while Garbage Collection/Disposal increased by \$1.7 million or 4.0 percent as a result of an increase in activity related to the pandemic, while the Nursing Home had a decrease of \$0.3 million.
- The net change in the fair value of investments was \$1.6 million in 2020 and \$2.2 million in 2019 while investment earnings decreased \$1.2 million or 14.3 percent primarily as a result of market conditions.
- In total, expenses for business-type activities increased \$55.7 million or 55.0 percent. Of this amount, \$46.9 million was in Garbage Collection/Disposal and is largely attributable to an increase in the liability for landfill closure.

FINANCIAL ANALYSIS OF FUNDS

Fund accounting is used to demonstrate and ensure compliance with finance-related legal requirements.

Governmental Funds

Governmental funds provide information on near-term inflows, outflows, and balances of spendable resources. In assessing Polk County's financing requirements, unassigned fund balance is a particularly useful measure of net resources available for spending at the end of the fiscal year. The County's governmental fund types include the general, special revenue, debt service and capital project funds.

Polk County's governmental funds combined fund balance was \$540.3 million in 2020 compared to \$469.6 million in 2019. These fund balances reflect increases of \$70.7 million and \$102.5 million for 2020 and 2019, respectively.

General Fund Information (In Millions)

	 eneral
Fiscal Year 2020:	
Revenues	\$ 381.1
Expenditures	(359.4)
Other Financing Sources (Uses)	(6.7)
Net Change in Fund Balances	\$ 15.0
Fiscal Year 2019:	
Revenues	\$ 369.6
Expenditures	(348.0)
Other Financing Sources (Uses)	13.8
Net Change in Fund Balances	\$ 35.4

General Fund

The fund balance for the General Fund, the main operating fund of the County, increased by \$15.0 million in 2020.

- Total revenues increased \$11.5 million or 3.1 percent.
- Taxes increased by \$15.9 million or 6.8 percent primarily due to an increase in ad valorem taxes of \$14.5 million.
- Intergovernmental revenues decreased by \$2.4 million or 4.7 percent with a \$4.1 million decrease attributable to state revenue sharing.
- Charges for services increased by \$2.4 million or 4.2 percent as a result of an increase in ambulance fees of \$2.7 million.

- Interest income decreased by \$1.3 million or 27.1 percent and the net change in fair value of investments was \$0.7 million in 2020 compared to \$1.0 million in 2019, mainly due to market conditions.
- Miscellaneous revenue decreased by \$2.4 million or 20.5 percent as a result of a one-time reimbursement received from the State in the prior year.
- Total expenditures increased \$11.4 million or 3.3 percent.
- General government increased by \$7.5 million or 7.0 percent largely due to a \$4.9 million increase in pre-booking medical expenditures for inmates at the County jail as well as increases in salaries and benefits.
- Public safety increased by \$4.1 million or 1.8 percent as a result of increases in salaries and benefits for the Sheriff's office in order to maintain competitive pay and appropriate staffing.
- These changes, when combined with total other financing uses of \$6.7 million in 2020, compared to total other financing sources of \$13.9 in 2019, resulted in fund balance increasing to \$119.8 million in 2020 compared to \$104.8 million in 2019.

Proprietary Funds

Proprietary fund statements provide the same information as in the business-type activities column of the government-wide statements, but in greater detail, and on a fund basis for enterprise funds and internal service funds.

Enterprise Funds

At September 30, 2020, total net position was \$652.0 million for enterprise funds compared to \$643.4 in 2019.

The Utilities Fund had operating income of \$30.2 million in 2020 compared to \$39.1 million in 2019. Operating revenues increased by \$4.7 million due to a 2.5 percent increase in water rates and growth while operating expenses increased by \$13.5 million primarily due to an increase in personnel services of \$8.4 million as a result of increases in salary and benefits as well as a \$2.3 million increase in other post-employment benefits. Operations and maintenance expenses also increased by \$3.9 million largely as a result of an increase of \$1.6 million in other contractual services as some employee vacancies were filled by contracted electricians and mechanics.

The Waste and Recycling Fund had an operating loss of \$35.4 million in 2020 and an operating income of \$10.1 million in 2019. Operating revenues increased by \$1.5 million while operating expenses increased by \$47.0 million largely due to an increase in closure and long-term care expenses of \$42.1 million.

Operations of the Rohr Nursing Home Fund (nonmajor enterprise fund) resulted in an operating loss of \$1.8 million compared to an operating income of \$0.9 million in 2019 primarily due to a \$2.3 million increase in operating expenses offset by \$0.3 million decrease in operating revenue.

Internal Service Funds

Internal service funds are designed to recover the costs of general services provided to the other fund groups.

The Fleet Fund operations resulted in an operating income in 2020 of \$1.4 million compared to \$0.7 million in 2019 due to an increase of \$1.9 million in charges for services.

The Employee Health Insurance Fund operating income for 2020 was \$3.7 million in contrast to \$1.8 million in 2019 primarily due to an increase in charges for services of \$6.5 million while operating expenses increased by \$0.4 million in 2020. The County continues to review insurance needs as well as cost containment.

The Information Technology Fund had an operating loss of \$2.9 million in 2020 and operating income of \$0.2 million in 2019 which was largely a result of an increase of \$4.1 million in operating expenses with \$2.4 million of the increase in personnel services.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund budget to actual statement is presented in the Basic Financial Statements. Variances between original and final budget amounts are due to excess revenue and unspent appropriations. Revenues were budgeted at 95.0 percent of the anticipated amount as required by State Statute.

The actual net change in the fund balance of the General Fund compared to the final budget was a positive variance of \$40.6 million. General Fund revenues were \$18.0 million more than the final budget amounts. The most significant areas of revenue overages were in the areas of taxes, licenses and permits, miscellaneous revenue, and intergovernmental. Furthermore, actual expenditures in the General Fund functional areas were \$21.0 million less than the final budget. Unspent appropriations represent 5.5 percent of the total expenditure budget.

CAPITAL ASSETS ACTIVITY

At year end, the County had \$3,847.0 million (net of accumulated depreciation) invested in a variety of capital assets as reflected in the following schedule. The net increase in capital assets in 2020 as a result of additions, deletions, and depreciation/amortization was \$27.0 million. For more detailed information regarding capital asset activity see Note 6 in the Notes to Financial Statements.

DEBT MANAGEMENT

At September 30, 2020, the County had \$481.7 million in long-term liabilities (bonds, notes, etc.) outstanding compared to \$433.4 million last year. For additional details see Note 9 in the Notes to Financial Statements.

Long-Term Liabilities (In Millions)

	G	Governmental Activities			B	Business-Type	Activ	ities	Total				
		2020		2019		2020		2019		2020		2019

Other Long-Term Liabilities		-				0.4		0.4		0.4		0.4	
Total	\$	209.5	\$	204.8	\$	272.2	\$	228.6	\$	481.7	\$	433.4	

The most significant changes in long-term liabilities were a decrease of \$60.5 million in bonds payable and a \$67.4 million increase in notes payable as well as a \$44.6 million increase in closure and long-term care. All of Polk County's bonded debt represents bonds secured solely by specified revenue sources.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- According to the U.S Bureau of Labor Statistics, the unemployment rate for Polk County in September 2020 was 7.9 percent compared to 3.5 percent in September 2019. In contrast, the statewide and national rates in September 2020 were 7.2 and 7.8 percent, respectively.
- Service demands are growing as the County continues to urbanize. Florida's Office of Economic and Demographic Research reported Polk County's 2020 estimated population as 715,090 in 2020 with forecasts suggesting the County will be home to an estimated 816,987 by 2030 and 893,089 by 2040. Polk County provides many services for its citizens, including fire suppression and ambulance services; building and maintaining parks, roads, sidewalks and trails; garbage and recycling collection; and water/wastewater utilities.
- Countywide budgeted property values increased 8.9 percent in FY 2021 as compared to 7.8 percent in FY 2020. Polk County has experienced eight consecutive years of robust property value increases and remains cautiously optimistic that this can be sustained in the second year of the biennial budget. Projections for the FY 2022 budget slow this valuation growth down to 4 percent, and are contingent upon economic recovery from the COVID-19 pandemic. Over the past few years, the County has developed a strategic business plan that provides the framework to guide a long-term plan and to help with making difficult decisions for the future.
- The adopted total countywide operating millage rate is reduced from 7.1565 mills to 6.8990 mills in the FY 2021 adopted budget. The General Fund operating millage is 5.5490 mills, a reduction of 0.1325 mills. Revenue from millage in this budget includes the third year of levies for emergency medical services and millage for transportation; however, it eliminates the millage for construction of a new Northeast Government Center as a result of available one-time funds from the FY 2019 ending fund balance. More information can be found by accessing the County's website at www.polk-county.net and selecting "Government," then "Budget and Management Services."

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Polk County's finances and was prepared by the Comptroller Division of the Clerk of the Circuit Court and County Comptroller. Requests for additional information should be addressed to the above department at P.O. Box 988, Bartow, Florida 33831, or by accessing the website at www.polkcountyclerk.net.

POLK COUNTY, FLORIDA GOVERNMENTAL FUNDS

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES YEAR ENDED SEPTEMBER 30, 2020

Net Change in Fund Balances - Total Governmental Funds		\$ 70,688,688
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. This is the amount by which depreciation expense is more than capital outlay in the current period.		
Reduction in Capital Expenditures (excluding internal service)	\$ (89,986,335)	
Donated Capital Assets	(18,049,890)	
Net Book Value of Disposed Capital Assets (excluding internal service)	3,377,470	
Depreciation Expense (excluding internal service)	 100,010,361	(4,648,394)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.		
Amortization of Bond Premium/Discount	2,366,715	
Addition of Note Payable	(69,017,000)	
Principal Payments - Bond Refunding	41,955,000	
Principal Payments - Note Payable	1,672,000	
Principal Payments - Bonds Payable	15,385,000	
Principal Payments - Interlocal Agreements	 2,361,320	(5,276,965)
Some expenses, such as expenses related to accrued compensated absences, accrued interest expense, self-insurance liabilities, postemployment benefits obligations (OPEB), and other accrued liabilities are reported in the statement of activities and do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Compensated Absences	(421,730)	
Self-Insurance Liability	1,030,000	
Interest Expense	470,162	
Pension Expense	(61,241,813)	
OPEB Expense	8,421,647	(51,741,734)
Governmental funds record unavailable ambulance receivables, other assets and unavailable accrued interest receivable as deferred inflows. However, on the government-wide financial		
statements these are recorded as revenue.		(290,929)
Internal service funds are used by management to charge the costs of insurance, information technology support and fleet management to individual funds. The net revenue of certain activities of		
internal service funds is reported with governmental activities.		 5,847,482
Change in Net Position of Governmental Activities		\$ 14,578,148

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Polk County is a political subdivision of the state of Florida governed by the State Constitution and general laws of the state of Florida.

The legislative and governing body of the County is the five-member Board of County Commissioners (Board). Each County Commissioner is elected on a county-wide basis for a four-year term of office and each County Commissioner is a resident of their Commission District. Polk County became a Home Rule Charter County on January 1, 1999, with an appointed County Manager, and with separate legislative and executive functions. The County Manager is the head of the administrative branch of county government and is responsible to the Board of County Commissioners for the proper administration of all affairs of the County, except for those powers, duties and functions residing, as specified by law, with the elected constitutional officers.

There are six offices elected countywide which are as follows: Board of County Commissioners, Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

The Board of County Commissioners and all Constitutional Officers maintain their accounts in accordance with the uniform classification of accounts required by Section 218.33, *Florida Statutes*. Pursuant to Section 125.17, *Florida Statutes*, the Clerk of the Courts of the County is designated as clerk, auditor and accountant for the board.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. The County is financially responsible if it appoints a voting majority of the organization's governing body and (a) is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the County. The County may be financially accountable if an organization is fiscally dependent on the County regardless of whether the organization has (a) a separately elected governing board, (b) a governing board appointed by a higher level of government, or (c) a jointly appointed board. If a component unit is, in substance, part of the government's operations, it should be reported as a blended component unit. Otherwise, a component unit should be discretely presented. For the year ended September 30, 2020, the County had no discretely presented component units.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Blended Component Units

The Harden/Parkway and Eloise Community Redevelopment Agencies (CRAs), were created pursuant to Section 163.360 of the *Florida Statutes* and by County Ordinances 04-11, and 98-50, respectively. The CRAs provide for the rehabilitation and/or conservation of the communities in the interest of the public health, safety, morals or welfare of the residents in these unincorporated areas of Polk County. The financial information for these component units is included with the financial information of the primary government in the government-wide statements since the Board of County Commissioners serves as the governing body of these CRAs and approves the annual budgets. The Harden/Parkway and Eloise CRAs are reported as special revenue funds of Polk County.

The CRAs are presented separately as a blended units due to the CRA's governing body being substantively the same as the governing body of the Board of County Commissioners and the financial burden between the County and the CRAs.

Polk Commerce Centre CRA was dissolved as a dependent special district pursuant to section 189.071, *Florida Statutes*, through County ordinance 19-014 approved and enacted on March 19, 2019. The activity shown in the current year non major combining schedules shows the activity to close the fund.

Measurement Focus and Basis of Accounting

The basic financial statements of the County are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

Government-Wide Financial Statements

The government-wide financial statements consist of a statement of net position and a statement of activities. These statements report all of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, expenses, gains and losses on all of the nonfiduciary activities of the County, providing a consolidated financial picture of the government as a whole. The effect of interfund activity has been removed from these statements.

Each statement distinguishes between activities that are supported primarily by taxes and intergovernmental revenues (governmental activities) and activities that are intended to recover all or most of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, and culture and recreation. The business-type activities of the County include the Utilities Fund, Waste and Recycling Fund, and the Rohr Nursing Home Fund.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide Financial Statements (Continued)

The statement of net position reports all financial and capital resources and obligations of the County as a whole. The effects of fiduciary funds are not included as a part of this statement. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position. The statement of activities presents information showing how the County's net position changed during the fiscal year. Further, this statement demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues.

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, deferred outflows, liabilities and deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, deferred outflows, liabilities and deferred inflows resulting from nonexchange transactions are recognized in accordance with the requirements of the Government Accounting Standards Board (GASB) Statement No. 33 – Accounting and Financial Reporting for Nonexchange Transactions.

Program revenues are derived directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole; they reduce the cost of the function to be financed from the government's general revenues. Program revenues include charges for services, program specific operating grants and contributions, and program specific capital grants and contributions. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as other financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

As a general rule, the effects of intrafund transfers among governmental funds and enterprise funds, respectively, have been eliminated from the government-wide financial statements. However, certain interfund services, accounted for in the internal service funds, have not been eliminated from the government-wide financial statements. The County eliminates the indirect costs between governmental activities to avoid a "doubling up" effect.

The County's fiduciary funds are presented in the fund financial statements by type (agency). Since these assets are being held for the benefit of a third-party and cannot be used to address the activities or obligations of the government, these funds are not incorporated into the government-wide statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Financial Statements

The underlying accounting system of the County is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows, liabilities, deferred inflows, fund balance, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements, for the primary governments, governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements display information about major funds individually and nonmajor funds in the aggregate for governmental and enterprise funds. The fiduciary statement includes financial information for the agency fund. The agency fund of the County primarily represents assets held by the County in a custodial capacity for other individuals or governments.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Property taxes, intergovernmental revenues and interest earned associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when cash is received by the County.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources". Governmental funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Noncurrent portions of long-term receivables due to governmental funds are reported on their balance sheets in spite of their spending measurement focus.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Funds (Continued)

Due to the spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as other financing sources rather than as a fund liability. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary Funds

Proprietary funds focus on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. The proprietary fund category includes enterprise and internal service funds. Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. Activities are required to be reported as enterprise funds if any one of the following criteria is met: (a) the activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity, (b) laws or regulations require that the activity's costs of providing services, including capital costs be recovered with fees and charges, rather than with taxes or similar revenues, or (c) the pricing policies of the activity establish fees and charges designated to recover its costs, including capital costs.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise and internal service funds are charges to customers for sales and services. Operating expenses for the County's enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the fund financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as an expense.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category and the governmental and enterprise combined) for the determination of major funds. The County has used GASB Statement No. 34 minimum criteria for major fund determination. The nonmajor funds are combined in a column in the fund financial statements and detailed in the combining section.

Governmental Major Funds

General Fund – The General Fund is the general operating fund of the County. It is used to account for all financial resources, except those required to be accounted for in another fund.

Coronavirus Relief Fund – The Coronavirus Relief Fund accounts for all activities related to money received from the U.S. Department of Treasury for Coronavirus relief.

County Transportation Trust – The main sources of revenues are from the stateshared revenues and local option gas taxes. These revenues are used for roads and bridge maintenance and construction.

Business-Type Major Funds

Utilities Fund – This fund accounts for all activities necessary to provide water and sewer services to residents in certain unincorporated areas of the County.

Waste and Recycling Fund – This fund accounts for all activities necessary to provide garbage collection and disposal services to the residents and businesses of the County.

Other Fund Types (Nonmajor)

Internal Service Funds – Internal Service Funds account for Fleet Management, Information Technology, and Employee Health Insurance services provided to other departments of the County on a cost reimbursement basis.

Agency Fund – The Agency Fund accounts for all assets held by Polk County in its capacity as custodian or agent for individuals, other governmental units, and nonpublic organizations. The Agency fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. The County's Agency Funds are: County Court Fund, Registry of Court Fund, Jury and Witness Fund, Domestic Relations Fund, Tax Deed Fund, Intangible Tax and Documentary Stamp Fund, County Court / Civil Court Fund, Cash Bonds Fund, Taxes Fund, Fees and Suspense Fund, Fines and DRD Fund, Inmate Fund, and Other Agency Fund. A description of each agency fund can be found on pages G-55 and G-56.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Noncurrent Governmental Assets/Liabilities

GASB Statement No. 34 requires noncurrent governmental assets, such as land and buildings, and noncurrent governmental liabilities, such as general obligation bonds and capital leases, to be reported in the governmental activities column in the government-wide statement of net position.

Pooled Cash and Investments

All funds participate in the pooled cash and investments program for the purpose of maximizing investment yields. The earnings of the pool are allocated on a monthly basis to individual funds based upon their average monthly balance in the pool.

Each fund's equity in the County's pool is considered to be a cash equivalent since the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

Pooled cash of the County determined to be available in excess of immediate needs is placed in investments in accordance with the Polk County Investment Policy as amended December 17,2019, under the guidelines of Section 218.415, *Florida Statutes*.

Allowance for Doubtful Accounts

The County provides an allowance for water and sewer accounts, Rohr nursing home and governmental funds receivables, which include ambulance and impact fee receivables, which may become uncollectible. At September 30, 2020, these allowances were \$9,399,754, \$48,017, and \$11,137,328 respectively. No other allowances for doubtful accounts are maintained since all other receivables are considered collectible as reported at September 30, 2020.

Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Inventory

Inventories are stated at cost using the first–in, first–out, (FIFO) method. Inventories consist of expendable supplies held for consumption (consumption method).

Restricted Assets

Certain funds of the County are classified as restricted assets on the statement of net position because the restriction is either imposed by law through constitutional provisions or enabling legislation or imposed externally by creditors, grantors, contributors, or laws or regulations of other governments. Therefore, their use is limited by applicable laws and regulations.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets, which include property, plant, equipment, infrastructure (e.g., roads, bridges, water and sewer distribution systems and similar items), and intangible assets (e.g., software and easements), are reported in the applicable governmental or business-type activities column in the government-wide financial statements.

Capital assets are valued at historical cost or estimated historical cost if actual is not available. Donated capital assets are recorded at estimated acquisition value at the date of donation.

Betterments and major improvements which significantly increase the values, change capacities, or extend the useful lives are capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are charged to expenditures/expenses as incurred and not capitalized.

Capital assets acquired by lease/purchase agreements or multiple year installment purchase contracts are recorded in the governmental funds in the year acquired as capital outlay expenditures and as other financing sources in the amount of the discounted present value of the total stipulated payments.

The Sheriff is accountable for and thus maintains capital asset records pertaining only to equipment used in his operations. These assets have been combined with the rest of the County's governmental capital assets in the statement of net position.

Property, plant, equipment, infrastructure, and intangibles related to software of the primary government are depreciated/amortized using the straight-line method over the following estimated useful lives. Assets with an initial, individual cost equal to or greater than the following thresholds, along with their estimated useful lives are as follows:

Assets	Years	Capitalization Threshold
Buildings and Improvements	10, 40 - 45	Capitalize All
Equipment	5 - 15	\$1,000
Infrastructure	10 - 75	Capitalize All
Intangibles - Software	3 - 10	\$100,000

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Ad Valorem Taxes

The property tax calendar for 2020 is as follows:

Lien Date January 1
Levy Date January 1

Due Dates November 1 through March 31

Delinquent Date April 1

Tax Certificate Sale Not Later than June 1

No accrual for the property tax levy becoming due in November of 2020 is included in the accompanying financial statements since such taxes are collected to finance expenditures of the subsequent period.

Capitalized Lease Obligations

Assets acquired under capitalized lease obligations for governmental and enterprise fund types are accounted for as assets and liabilities in the government-wide statement of net position. In the individual fund statements, these lease obligations are included in the enterprise funds, but not in the governmental funds. The capitalized lease obligations are stated at the original fair market value of leased assets capitalized, less payments since the inception of the lease discounted at the implicit rate in the lease.

Pension

In the government-wide statement of net position, liabilities are recognized for the County's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) and additions to/deductions from FRS's and HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and HIS plans. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds of employee contributions are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits (OPEB)

In the statement of net position, liabilities are recognized for the County's total OPEB liability as determined by an actuarial review of the healthcare coverage purchased by retirees to continue participation in the County's health plan. OPEB expense is recognized for changes in the OPEB liability resulting from current year service cost, interest on the total OPEB liability, and changes of benefit terms or actuarial assumptions. Changes to liability are first put into deferred inflows and deferred outflows then amortized.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources which represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The amounts from pension, OPEB, and deferred amounts of refunding will be recognized as increases in expense in future years. In addition to liabilities, the statement of net position includes a separate section for the deferred inflows of resources. This represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue or decrease in expense) until that time. The amounts will be recognized as decreases in pension and OPEB expenses in future years. In addition, the County has deferred inflows as of September 30, 2020, resulting from prepayment of taxes collected by the Tax Collector. These prepaid taxes will be recorded as revenue in November 2020.

Compensated Absences

The unpaid vacation and sick leave accumulated by employees is accrued as an expense when incurred in the government-wide statement of activities and the proprietary funds. Therefore, the entire unpaid liability for compensated absences is recorded in the government-wide statement of net position. Compensated absences are reported in governmental funds only if they have matured (i.e., unused reimbursable leave still outstanding following an employee's resignation or retirement).

Unearned Revenue

Revenue related to federal and state financial assistance programs is recognized when funds are expended. Grant funds received in advance of meeting any eligibility requirements other than a time requirement are reported as unearned revenues.

Amortization

Bond premiums and discounts are presented as additions or reductions of the face amount of bonds payable.

Contributions

Contributions of cash or property received from other County funds, other governmental units and from contractors or developers are credited directly to the contribution accounts in the proprietary funds. Property and equipment contributed for general governmental purposes are recorded in the government-wide statement of net position.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance and Spending Policies

In accordance with GASB Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions, governments are required to classify fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned. The following are the definitions of the fund balance classifications:

Nonspendable – Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – Amounts that can be used only for specific purposes determined by a formal action of the Board of County Commissioners, the County's highest level of decision making authority, by establishment of an Ordinance. Commitments may be modified or removed by the Board of County Commissioners by amending or repealing an Ordinance.

Assigned – Amounts that are intended by the board to be used for specific purposes, but are neither restricted nor committed. The board has not granted any specific individual the authority to assign amounts, thus assignments may be made only by the board.

Unassigned – All other spendable amounts. The general fund is the only fund that may report a positive unassigned fund balance amount.

The County has implemented fund balance and spending policies to clearly define the process for tracking the various classifications of fund balance. The policy states when a general fund expenditure is incurred and where restricted, committed, assigned, or unassigned amounts are available to be used, the County will first use restricted amounts, then committed amounts, then assigned amounts, and finally unassigned amounts. All other funds in which an expenditure is incurred and where restricted, committed, assigned, or unassigned amounts are available to be used, the County will first use unassigned amounts, then assigned amounts, and finally restricted amounts.

The Unbudgeted Other Special Revenue Funds are comprised of the Clerk of Courts' Records Modernization Trust, the Sheriff's Other Special Revenue Funds (Grants Fund and Other Governmental Funds) and the Supervisor of Elections' Special Revenue Grants Fund. These funds have distinct revenue sources and serve different purposes for the entities which administer them; therefore, their respective fund balances are classified separately before being combined together for financial reporting purposes.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance and Spending Policies (Continued)

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the County's policy is to first use restricted net position then unrestricted net position.

New GASB Pronouncements

The County fully implemented the following GASB statement during the fiscal year-ended September 30, 2020:

1) Statement No. 95, *Postponements of the Effective Dates of Certain Authoritative Guidance*, effective immediately. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The County has implemented this Statement for fiscal year 2020.

NOTE 2 BUDGETS AND BUDGETARY ACCOUNTING

The board follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Prior to July 15, the County Manager, as County Budget Officer, submits to the Board of County Commissioners a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted to obtain taxpaver comments.
- 3) Prior to October 1, the budget is legally enacted through passage of a resolution.
- 4) Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue funds, debt service funds and capital projects funds.
- 5) Budgets for the general, certain special revenue, debt service and capital projects funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 6) The County Manager (or his designee) approves budget transfers at the department level within a fund. Budget amendments at the fund level are approved by the board.

NOTE 2 BUDGETS AND BUDGETARY ACCOUNTING (CONTINUED)

- 7) Section 129.07, *Florida Statutes*, provides that expenditures in excess of total fund budgets are unlawful. When supplemental appropriations are necessary, the budget is amended by the board in a legally permissible manner. The budgetary data presented herein reflects the original adopted budget and the final budget after all amendments were made.
- 8) Unused appropriations lapse at the end of each fiscal year. However, some amounts may be carried forward to the following fiscal year in the form of a new appropriation which must be approved by the County Commission.

Chapter 195, *Florida Statutes*, governs the preparation, adoption and administration of the Tax Collector and Property Appraiser's annual budgets. The annual budget of the Tax Collector and the Property Appraiser must be submitted to and approved by the Department of Revenue, state of Florida.

The budget for the Clerk of the Circuit Court's general fund is prepared, adopted and administered in accordance with Sections 129.03 and 218.35, *Florida Statutes*, which requires separation of the part pertaining to the court system from that pertaining to the Clerk and Comptroller to the Board of County Commissioners.

The budget for the Clerk of the Circuit Court's court fund is prepared, adopted and administered in accordance with Section 28.36, *Florida Statutes*.

The budget for the Sheriff's general fund is prepared, adopted and administered in accordance with Section 30.49, *Florida Statutes*.

The budget for the Supervisor of Election's general fund is prepared, adopted and administered in accordance with Sections 129.201 and 129.202. *Florida Statutes*.

NOTE 3 POOLED CASH AND INVESTMENTS

In order to minimize its cost basis and limit taxpayer liability in the provision of a full range of county services, the County manages a portfolio of cash and investments to maximize net investment earnings on invested surplus funds. The Board of County Commissioners and Constitutional Officers each maintain investment guidelines in compliance with Section 218.415, *Florida Statutes*. Investment policy objectives place an emphasis on enhancing yield while maintaining safety and liquidity by continually balancing risk and cash flow management.

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Investment risk is managed in the following forms:

- Custodial credit risk risk that a government will not be able to recover deposits or the value of an investment that is in the possession of a failed institution or counterparty;
- Credit risk risk of loss from an issuer's failure to repay principal and/or interest on a debt obligation;
- Liquidity risk risk that an investment cannot be bought or sold quickly enough to minimize a loss stemming from a lack of marketability;
- Concentration risk increasing probability of loss arising from heavily lopsided exposure to an asset class, issuer, structure or maturity;
- Interest rate risk risk that a security's value will decrease with a rise in interest rates.

Custodial Credit Risk

To manage custodial credit risk for deposits, the County's investment policy requires that all demand and time deposits, including money market accounts, are insured and fully collateralized. The County's bank balances are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for each banking relationship. The remaining balances are insured and collateralized in accordance with Chapter 280, *Florida Statutes*, which established the Public Deposit Security Trust Fund, a multiple financial institution collateral pool. Section 280.08, *Florida Statutes*, provides for assessments against the members of the pool on a pro rata basis in the event that the collateral pool is insufficient to cover the losses of a member financial institution that fails. As such, all deposits covered by the collateral pool are considered to be fully insured. As of September 30, 2020, the County's book balance of cash was \$69,946,474 and the bank balance was \$81,383,209.

The County may also enter into overnight repurchase agreements with a local banking institution. On any given banking day, the County may authorize the bank to "sweep" their account for the purpose of entering into repurchase agreements and other investments. The next day the same account is credited for the principal amount of the previous day's sweep, plus interest earned. As such, the balance is included as part of the deposit total for purposes of financial statement presentation. The amounts are fully collateralized by U.S. Government Treasury and/or Agency Securities. There were no outstanding amounts on September 30, 2020.

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Custodial Credit Risk (Continued)

Investment in State Investment Pool

The County participates in the State of Florida Local Government Surplus Funds Trust Fund (LGIP), also known as Florida Prime administered by the State Board of Administration (SBA), under the regulatory oversight of the state of Florida. The purpose of this pool is to promote, through State assistance, the maximization of net interest earnings on invested surplus funds of local units of government. The LGIP is a 2a-7 like external investment pool and therefore uses amortized cost which is reported at a stable Net Asset Value (NAV), typically \$1.00 per share. Therefore, the account balance should be considered the fair value of the investment. As of September 30, 2020, the LGIP, now known as Florida Prime, is rated AAAm for Credit Quality by Standard & Poor's Rating Agency and had a weighted average maturity (WAM) of 48 days, and had a weighted average life (WAL) of 63 days.

A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments.

In accordance with GASB 79, as a participant in a qualifying external investment pool, the County should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority) to impose liquidity fees or redemption gates in the notes to the financial statements.

With regard to redemption gates, Section 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the monies in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the board can invest monies entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the trustees shall vote to continue the measures for up to an additional 15 days. The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days."

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Custodial Credit Risk (Continued)

Investment in State Investment Pool (Continued)

With regard to liquidity fees, Section 218.409(4), *Florida Statutes*, provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of September 30, 2020, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100% of their account value.

In addition, the County participates in the Florida Trust, formerly known as the Florida Local Government Investment Trust, which is administered by a board of trustees appointed by the Florida Association of Court Clerks and County Comptrollers, and the Florida Association of Counties, Inc. The Florida Trust was created in December 1991 to provide a means for public entities to pool surplus funds to maximize net earnings. As of September 30, 2020, all noncash investments held by the Florida Trust were money market, U.S. Treasury Notes, Commercial Paper, Collateralized Mortgage Obligations, Asset-Backed Securities, Agency ARM Pass-Throughs, Corporate Notes, Government Related securities, Agency Notes and Municipal Notes. The Florida Trust reports share all information at Net Asset Value and reflects share value, in accordance with GASB 31. As of September 30, 2020, the Florida Trust was rated AAAf for Credit Quality and S1 for Bond Fund Volatility by Fitch Ratings and had an effective duration of 1.93.

To further manage custodial credit risk for investments, the County's investment policy specifies the County will execute a Third-Party Custodial Safekeeping Agreement with a commercial bank's trust department separately chartered by the U.S. Government or state of Florida. All securities purchased by the County are properly designated as an asset of the County and are held in safekeeping by the bank's trust department.

Credit Risk

To manage credit risk, the County's investment policy identifies and limits investments to only top ratings issued by nationally recognized statistical rating organizations. The County's investments in Federal Home Loan Mortgage Corporation (FHLMC), Federal National Mortgage Association (FNMA) and Government National Mortgage Association (GNMA) were rated AAA by Moody's Investor Service and as of the reporting date, exceeded 5% of the portfolio. The following table illustrates the credit quality distribution with credit exposure as a percentage of the County's investment securities.

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Liquidity Risk

To manage liquidity risk, the County's investment policy identifies and limits investment to only top ratings issued by nationally recognized statistical rating organizations. In order to ensure deep liquid markets, the County's investment policy identifies and limits investment in various issuers. Position size is also taken into consideration with regard to liquidity risk.

³ Not Rated ⁴ Qualified Public Depository

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Concentration Risk

To manage concentration of investment risk, the County's investment policy stipulates maximum limitation guidelines for diversification by instrument. The following limits are established to serve as guidelines for diversification by instrument:

Local Government Surplus Funds Trust Fund	100 %
Certificates of Deposit	50
Federal Instrumentalities/	
Government Sponsored Enterprises (GSEs)	50
SEC Registered Money Market Funds	50

Supranationals	25
United States Federal Agencies Full Faith & Credit (FFC)	25
Banker's Acceptances	20
Florida Local Government Investment Trust	20
Israel Bonds	5

Interest Rate Risk

To manage interest rate risk, the County maintains a formal investment policy that limits investment maturities. The County manages interest rate risk by limiting how much of the portfolio is allocated to longer dated maturities. This coupled with a diversified portfolio of differing maturities and coupons that employ callable and structured securities limits exposure to fair value losses arising from interest rate risk.

In accordance with the County's investment policy, the County may invest in mortgage-backed securities, including collateralized mortgage-backed securities. It is management's opinion that the credit and legal risk associated with these investments would be comparable to other investments within the portfolio. The principal repayment portions may be sensitive to prepayment by mortgagers, which may be affected by interest rate changes.

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Interest Rate Risk (Continued)

The prepayments and anticipated interest rate changes can therefore affect the fair values of the respective investments. As of September 30, 2020, the County has the following investments and maturities:

		Investment Maturities (in Years)							
Investment Type	Fair Value	< 1 Year	1 - 5 Years	> 5 Years

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Fair Value Measurements

GASB Statement No. 72, Fair Value Measurements and Application, sets forth the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows:

Level 1 – Investments reflect prices quoted in active markets for identical assets or liabilities.

Level 2 – Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include input in markets that are not considered to be active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Investments reflect prices that are based on unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Investments whose values are based on quoted market prices in active markets, and are therefore classified as Level 1, primarily include those assets that are traded daily in public markets in the United States. The fair value of these investments is based on the last reported sales price on the last day of the fiscal year.

Investments that trade in markets that are not considered to be actively traded on a daily basis, but are valued based on quoted market prices, dealer and broker quotations, bid prices, or alternative pricing sources using observable inputs, are classified within Level 2. Inputs used in fair value measurement should be consistent with the inputs that market participants would use in pricing the asset or liability. These include U.S. Government obligations, investment grade corporate bonds and bank loans, certain mortgage and asset backed securities, less liquid listed securities and certain government agency securities. For example, inputs other than quoted prices, which provide a reasonable basis for fair value determination may include interest rates and yield curves, volatilities, prepayment speeds, credit risks and default rates. The fair value of these investments is based upon the last reported observable input(s) on the last day of the fiscal year.

NOTE 3 POOLED CASH AND INVESTMENTS (CONTINUED)

Fair Value Measurements (Continued)

Investments classified Level 3 have significant unobservable inputs, as they trade infrequently or not at all. Level 3 investments include private equity funds, real estate investment, limited partnerships, certain mortgages and asset backed and common and collective trust funds that are primarily real estate. The fair value of these investments is determined by estimations provided by independent pricing sources in asset classes, nonbinding prices from industry vendors and managers, and the net asset value on the last day of the fiscal year.

The County has the following recurring fair value measurements as of September 30, 2020:

	Quoted	Prices	Significant				
	in Ac	tive	Other	Sign	ificant		
	Market	s for	Observable	Unobs	ervable		
	Identical	Assets	Inputs	In	puts	S	eptember 30,

NOTE 4 RESTRICTED ASSETS, LIABILITIES AND NET POSITION – ENTERPRISE FUNDS

Revenue bond ordinances and certain other agreements generally require the restriction of certain fund assets for specific purposes. Reserves, representing the excess of amounts provided for certain restricted asset accounts over the liabilities payable there from, are established by a reduction of unrestricted net position.

Restricted Assets, Liabilities, and Net Position as of September 30, 2020, consist of the following:

		Capital		Capital		Capital		Capital		and	Customer	
Utilities Fund		Projects	<u>Im</u>	provements	Deposits	Total						
Cash and Investments	\$	49,457,600	\$	1,000,000	\$ 6,366,974	\$ 56,824,574						
Liabilities, Payable from												
Restricted Assets		-		-	(6,366,974)	(6,366,974)						
Unspent Bond Proceeds		(49,457,600)		(49,457,600)			 -	(49,457,600)				
Restricted Net Position	\$		\$	1,000,000	\$ _	\$ 1,000,000						
		Landfill	(Customer	Other							
Waste and Recycling Fund		Closure		Deposits	Liabilities	Total						
Cash and Investments	\$	25,931,990	\$	196,912	\$ 8,034	\$ 26,136,936						
Liabilities, Payable from												
Restricted Assets		(25,931,990)		(196,912)	(8,034)	 (26,136,936)						
Restricted Net Position	\$		\$		\$ -	\$ -						

Rule 62-701 of the Florida Administrative Code requires owners or operators of existing landfills to establish and maintain a landfill management escrow account or an alternative financial mechanism to show proof of financial responsibility for future landfill closure costs. The reserve for landfill closure includes funds restricted for this purpose.

NOTE 5 INTERFUND BALANCES

The outstanding balances between funds result mainly from a time lag between the dates that (1) interfund services are provided or reimbursement occurs, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All amounts are expected to be collected in the subsequent year.

The composition of interfund balances as of September 30, 2020, was as follows:

Due to General Fund from:		
Coronavirus Relief Fund	\$	822,467
Nonmajor Governmental Funds		114,306
Utilities Fund		304
Waste and Recycling Fund		15
Internal Service Funds		900
Total	\$	937,992
Due to Nonmajor Governmental Funds from:		
General Fund	\$	2,070,000
Nonmajor Governmental Funds	Ψ	99,789
Total	\$	2,169,789
Due to Utilities Fund from:		
General Fund	\$	2,951
Total	\$	2,951
Due to Waste and Recycling Fund from:		
General Fund	\$	393,178
Total	\$	393,178
Due to Internal Service from:		
General Fund	\$	3,157,171
Total	\$	3,157,171

NOTE 7 RISK MANAGEMENT

The County is exposed to various risk of loss related to theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. A self-insurance program is effectively maintained by the County to administer insurance activities related to workers' compensation insurance, general and employment practices liability, auto liability and health. The County's self-insurance program covers operations of the Board of County Commissioners and the constitutional officers. Under the program, the County has retention limits for each type of claim, which is covered by commercial insurance purchased by the County. Additional information regarding the self-insured employee health plan can be found in Note 8. The County also maintains fully-insured policies with several different carriers for property insurance with the total insured value for all properties estimated at \$848,692,165.

There have been no significant reductions in insurance coverage in the last year. Settled claims have not exceeded the insurance provided by third-party carriers in any of the last three years.

NOTE 7 RISK MANAGEMENT (CONTINUED)

Litigation

Various suits and claims arising in the ordinary course of operations, some of which involve substantial amounts, are pending against the County. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the County, the liabilities which may arise from such action would not result in losses which would materially affect the financial position of the County or the results of its operations.

Claim Type	County Coverage (Deductible / Self-insured Amount)	Excess Carrier's Coverage
Property	Deductible \$ 1,000,000 except for as below:	\$ 75,000,000 Named Windstorm \$ 100,000,000 All Other Perils (AOP) \$ 50,000,000 Builder's Risk
	Named Windstorm 3% of TIV with \$ 5,000,000 Maximum \$ 1,000,000 Builders Risk	\$ 25,000,000 Builder's RISK \$ 25,000,000 Earthquake Aggregate \$ 20,000,000 Flood Aggregate \$ 10,000,000 Flood Aggregate (zones A & V)

Cyber Insurance	\$ 100,000 Self-insured Retention	\$ 5,000,000 Limit

NOTE 8 SELF-INSURED EMPLOYEE HEALTH PLAN

The County provides a self-insured health plan for all eligible employees, retirees under the age of 65, and their dependents. Medical claims for the self-insured plan are paid from premium contributions made by participants and the County. The amount of the contribution toward the premium paid by the participant and the County are determined by projected claims based on historical and actuarial experience. Claim liabilities are recorded when it is probable to determine that a liability has been incurred and the amount can be reasonably estimated. This estimate is based on the County's actual claims incurred and payment patterns. The County incurred no claims against its stop loss policy in the current fiscal year.

NOTE 8 SELF-INSURED EMPLOYEE HEALTH PLAN (CONTINUED)

The following table shows the changes in aggregate liabilities for claims for the past two fiscal years:

		Beginning	Incurred				Ending	
Fiscal Year	Balance		 Claims		Payments		Balance	
2020	\$	4,178,000	\$ 38,490,658	\$	38,108,658	\$	4,560,000	
2019		4.261.301	48.841.581		48.924.882		4.178.000

There are a number of limitations and restrictions contained in the various bond indentures. As of September 30, 2020, all funds are being maintained in accordance with the ordinances and resolutions.

NOTE 9 LONG-TERM LIABILITIES (CONTINUED)

Revenue Bonds - Pledged Future Revenues

Polk County Board of County Commissioners has pledged future water and sewer customer revenues, net of specified operating expenses, to repay \$151,130,000 in revenue bonds issued in, 2012, 2013, 2014, and 2020. Proceeds from the bonds were used to finance the cost of the acquisition and construction of additions, extensions and improvements to the System. Principal and interest on the bonds are payable through 2043, from the water and sewer gross revenues and connection charges. Annual principal and interest on the bonds are expected to require approximately 13% of such gross revenues and connection charges. Principal and interest paid for the year ended September 30, 2020, was \$8,909,594.

Revenue Bonds Refunding

Bonds are refunded to retire all or a portion of an outstanding bond issue. Most typically, refunding is done to refinance at a lower interest rate to reduce overall debt service. Certain issues of bonds may be refunded prior to the call date, known as an advance refunding.

Future principal and interest payments on refunded bonds have been provided through advance refunding bond issues whereby refunding bonds are issued and the net proceeds, plus any additional resources that may be required, are used to purchase securities issued and guaranteed by the United States government. The County then deposits these securities in an irrevocable trust under an escrow agreement which states that all proceeds from the trust will be used to fund the principal and interest payments of the previously issued debt being refunded. The trust deposits have been computed so that the securities in the trust, along with future cash flows generated by the securities, will be sufficient to service the previously issued bonds.

During the year, the County issued the following refunding bonds and notes: Utility System Revenue and Revenue Refunding Bonds, Series 2020 (March 12, 2020) and Revenue Promissory Note, Series 2020B and C (May 29, 2020 and September 2, 2020, respectively). These bonds and notes reduced the present value of future debt service payments. The savings were available due to improved municipal bond market conditions (i.e., lower interest rates) during the year. The effect of the refunding is summarized as follows:

Revenue Bonds - Defeased Bonds

Government Funds – Capital Improvement Revenue Refunding Bonds, Series 2010 and Transportation Improvement Revenue Refunding Bonds, Series 2010. In 2020, The Board defeased the Capital Improvement Revenue Refunding Bonds, Series 2010 and Transportation Improvement Revenue Refunding Bonds, Series 2010, by depositing funds in an irrevocable trust with an escrow agent to provide for all future debt service payments on these bonds. For financial reporting purposes the debt has been considered defeased and, therefore, removed as a liability of the Board. As of September 30, 2020, the amount of this defeased debt outstanding but removed as a liability is \$41,955,000.

NOTE 9 LONG-TERM LIABILITIES (CONTINUED)

Closure and Long-Term Care Costs

State and federal laws and regulations require that a final cover be placed on all landfill sites when they are no longer accepting waste and that certain maintenance and monitoring functions are performed at the respective sites for thirty years after closure. Although closure and long-term care costs will be paid only near or after the date that the landfill stops accepting waste, a portion of these closure and long-term care costs are reported as an operating expense in each period based on the landfill capacity used as of each balance sheet date. The \$93,469,764 of which \$25,931,990 payable from restricted assets and \$67,537,774 payable from non-restricted assets reported as landfill closure and long-term care liability at September 30, 2020, represents the cumulative amount reported to date based on the use of 85.55% of the estimated capacity for all landfill sites. These amounts are estimated based on what it would cost to perform all closure and long-term care as of September 30, 2020. County landfills are permitted to remain open through 2038. One phase of the County's current landfill is not open yet and one phase is expected to close within the next 24 months. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

State and federal laws and regulations require that annual contributions be made to a trust to finance closure and long-term care. At September 30, 2020, cash, investments and receivables of \$25,931,990 are held for these purposes; therefore, the County is in compliance with financial assurance requirements. These assets are reported as Restricted Assets on the statement of net position. Future inflation costs are expected to be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional long-term care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenue.

Compensated Absences

The liability for compensated absences is liquidated in the fund in which an employee's payroll expense is normally recorded. The significant funds that have been used in prior years to liquidate this liability have been the General, Utilities, and Fire Rescue Funds. Total available vacation and sick leave hours are multiplied by the current pay rate to determine the accrued liability. The County uses the last-in, first-out (LIFO) method of recognizing the use of vacation and sick leave hours. Employees are charged for the last day of vacation or sick leave earned when the leave is used. Thus, unless it is anticipated that vacation or sick leave will be used in excess of a normal year's accumulation, no additional expenditures are accrued.

NOTE 9 LONG-TERM LIABILITIES (CONTINUED)

Self-Insurance

In an effort to combat the rising cost of insurance premiums and the unavailability of coverage, the County has initiated self-insured worker's compensation, general liability, employment practices and automobile liability programs. The programs effectively interrelate between an independent risk manager, a loss control consultant, an excess reinsurer, and County management.

The changes in aggregate liability for claims and judgments for the past two fiscal years are:

			С	urrent Year Claims	С	urrent Year		
		Beginning	ar	nd Changes		Claims		Ending
Year Ended September 30,	Balance		in Estimates		Payments		Balance

NOTE 9 LONG-TERM LIABILITIES (CONTINUED)

Interlocal Agreements

The County has entered into Interlocal agreements, in accordance with Florida Statute 163.01, with various municipalities within Polk County, Florida. The County and the various municipalities have joint powers to develop projects that contribute to economic development of Polk County, Florida. The County's participation in these projects include providing financing for a portion of the projects. The amounts contributed to these projects are disclosed in this footnote including the term and annual payments. These ventures are funded primarily through the tourism development tax. In addition to providing financing, the County provides other services to the developments including marketing, construction development oversight, and economic development services. These ventures allow for a method for equitably providing for and allocating and financing the capital and operating costs, including payments to reserve funds authorized by law and payments of principal and interest on obligations. The method is established by the participating parties to the interlocal agreement on a ratio of full valuation of real property, on the basis of the amount of services rendered or to be rendered or benefits received or conferred or to be received or conferred, or on any other equitable basis, subject to such limitations as may be contained in the constitution and statutes of this state.

Pension and Other Postemployment Benefits (OPEB)

The liabilities for pension and OPEB are liquidated in the fund in which an employee's payroll expense is normally recorded. The significant funds that have been used in prior years to liquidate these liabilities have been the General, Utilities, and Fire Rescue Funds. Additional disclosure for Pension and OPEB can be found in Note 10 and Note 11, respectively of the financial statements.

NOTE 10 RETIREMENT PLANS

Background

The Florida Retirement System (FRS) was created by Chapter 121, *Florida Statutes*, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, *Florida Statutes*, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Background (Continued)

Essentially all regular employees of the County are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, *Florida Statutes*; Chapter 112, Part IV, *Florida Statutes*; Chapter 238, *Florida Statutes*; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost sharing, multiple employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

The County's aggregate pension liability, deferred outflows of resources related to pensions, deferred inflows of resources related to pensions, and pension expense for all plans total \$519,641,860, \$160,848,473, \$6,823,208, and \$102,741,946, respectively.

Florida Retirement System Pension Plan

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multipleemployer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) Members in senior management level positions.
- Special Risk Class Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Plan Description (Continued)

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to four years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, *Florida Statutes*, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the member's five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the member's 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued) Benefits Provided (Continued)

The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	Value
Regular Class Members Initially Enrolled Before July 1, 2011	
Retirement Up to Age 62 or Up to 30 Years of Service	1.60 %
Retirement Up to Age 63 or Up to 31 Years of Service	1.63
Retirement Up to Age 64 or Up to 32 Years of Service	1.65
Retirement Up to Age 65 or Up to 33 Years of Service	1.68
Regular Class Members Initially Enrolled On or After July 1, 2011	
Retirement Up to Age 65 or Up to 33 Years of Service	1.60
Retirement Up to Age 66 or Up to 34 Years of Service	1.63
Retirement Up to Age 67 or Up to 35 Years of Service	1.65
Retirement Up to Age 68 or Up to 36 Years of Service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00
Special Risk Regular	
Service from December 1, 1970 through September 30, 1974	2.00
Service On and After October 1, 1974	3.00

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions

The Florida Legislature establishes contribution rates for participating employers and employees. Effective July 1, 2011, all FRS Plan members (except those in DROP) are required to make 3% employee contributions on a pretax basis. The employer contribution rates by job class for the periods from October 1, 2019, through June 30, 2020, and from July 1, 2020, through September 30, 2020, respectively, were as follows: Regular employees 8.47% and 10.00%; Special Risk employees 24.48% and 25.45% County Elected Officials 48.82% and 49.18%; Senior Management Services 25.41% and 27.29%; and DROP participants 14.60% and 16.98%. The County's contributions to the FRS Plan were \$34,117,293 for the year ended September 30, 2020.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued) Pension Costs

At September 30, 2020, the County reported a liability of \$436,355,676 for its proportionate share of the FRS Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The County's proportion of the net pension liability was based on the County's contributions received by FRS during the measurement period for employer payroll paid dates from July 1, 2019, through June 30, 2020, relative to the total employer contributions received from all of FRS's participating employers. At June 30, 2020, the County's proportion was 1.006785508%, which was an increase of 0.022185866% from its proportion measured as of June 30, 2019.

For the year ended September 30, 2020, the County recognized pension expense of \$94,976,534 for its proportionate share of the FRS Pension Plan's pension expense. In addition, the County reported its proportionate share of FRS Pension's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred Outflows of		Deferred Inflows of
Description	 Resources	F	Resources
Differences Between Expected and Actual			
Economic Experience	\$ 16,700,220	\$	-
Changes in Actuarial Assumptions	78,994,261		-
Net Difference Between Projected and Actual			
Earnings on Pension Plan Investments	25,981,036		-
Changes in Proportion and Differences Between the			
County's Contributions and Proportionate Share			
of Contributions	12,418,050		1,351,590
County's Contributions Subsequent to the			
Measurement Date	9,287,946		-
Total	\$ 143,381,513	\$	1,351,590

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Pension Costs (Continued)

An amount of \$9,287,946 reported as deferred outflows of resources related to pensions resulting from County contributions to the FRS Pension Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as an increase in pension expense as follows:

Year Ended September 30,	Amount
2021	\$ 29,129,035
2022	41,914,962
2023	35,072,990
2024	21,192,652
2025	5,432,338
Thereafter	-
Total	\$ 132,741,977

Actuarial Assumptions

The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40% Per Year
Salary Increases	3.25%, Average, Including Inflation
Investment Rate of Return	6.80%, Net of Pension Plan Expense

Mortality rates were based on the PUB-2010 base table which varies by member category and sex, projected generationally with Scale MP-2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Actuarial Assumptions (Continued)

The target allocation, as outlined in the FRS Pension Plan's investment policy, and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

		A 1	Compound	
	Torget	Annual Arithmetic	Annual	Standard
	Target	Anthinetic	(Geometric)	Standard
Asset Class	Allocation	Return	Return	Deviation
Cash	1.0 %	2.2 %	2.2 %	1.2 %
Fixed Income	19.0	3.0	2.9	3.5
Global Equity	54.2	8.0	6.7	17.1
Real Estate (Property)	10.3	6.4	5.8	11.7
Private Equity	11.1	10.8	8.1	25.7
Strategic Investments	4.4	5.5	5.3	6.9
Totals	100.0 %			
Assumed Inflation - Mean			2.4	1.7

Discount Rate

The discount rate used to measure the total pension liability was 6.80% for the FRS Pension Plan. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability for the FRS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

	1% Decrease	Current	1% Increase
	in Discount	Discount	in Discount
Description	Rate	Rate	Rate
FRS Plan Discount Rate	5.80%	6.80%	7.80%
County's Proportionate Share of the			
FRS Plan Net Pension Liability	\$ 696,786,683	\$ 436,355,677	\$ 218,842,567

NOTE 10 RETIREMENT PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Pension Plan Fiduciary Net Position

Detailed information about the FRS Plan's fiduciary's net position is available in a separately-issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report. That report may be obtained through the Florida Department of Management Services website (www.dms.myflorida.com).

Retiree Health Insurance Subsidy Program

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, *Florida Statutes*. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2020, the contribution rate was 1.66% of payroll pursuant to Section 112.363, *Florida Statues*. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled. The County's contributions to the HIS Plan were \$3,973,874 for the year ended September 30, 2020.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Retiree Health Insurance Subsidy Program (Continued) Pension Costs

At September 30, 2020, the County reported a liability of \$83,286,183 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The County's proportion of the net pension liability was based on the County's contributions received during the measurement period for employer payroll paid dates from July 1, 2019, through June 30, 2020, relative to the total employer contributions received from all participating employers. At June 30, 2020, the County's proportion was 0.682123618%, which is an increase of 0.010973128% from its proportion measured as of June 30, 2019.

For the year ended September 30, 2020, the County recognized pension expense of \$7,765,412 for its proportionate share of HIS's pension expense. In addition, the County reported its proportionate share of HIS's deferred outflows of resources and deferred inflows of resources from the following sources:

	Deferred			Deferred	
	Outflows of			Inflows of	
Description	Resources		Resources		
Differences Between Expected and Actual			<u> </u>	_	
Economic Experience	\$	3,406,910	\$	64,250

Total	\$	17,466,960	\$	5,471,618	

NOTE 10 RETIREMENT PLANS (CONTINUED)

Retiree Health Insurance Subsidy Program (Continued)

Pension Costs (Continued)

An amount of \$1,050,954 reported as deferred outflows of resources related to pensions resulting from County contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as an increase (decrease) in pension expense as follows:

Year Ended September 30,	 Amount
2021	\$ 3,076,988
2022	2,376,751
2023	1,049,487
2024	1,490,779
2025	1,588,582
Thereafter	 1,361,801
Total	\$ 10,944,388

Actuarial Assumptions

The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

HIS Actuarial Assumptions

Inflation 2.40% Per Year

Salary Increases 3.25%, Average, Including Inflation

Municipal Bond Rate 2.21%

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018. The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

Discount Rate

The discount rate used to measure the total pension liability was 2.21% for the HIS Plan. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-asyou-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

NOTE 10 RETIREMENT PLANS (CONTINUED)

Retiree Health Insurance Subsidy Program (Continued)

Pension Liability Sensitivity

The following presents the County's proportionate share of the net pension liability for the HIS Plan, calculated using the discount rate disclosed in the preceding paragraph, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

	1	1% Decrease Current		Current		% Increase
	in Discount			Discount		in Discount
Description		Rate		Rate		Rate
HIS Plan Discount Rate		1.21%		2.21%		3.21%
County's Proportionate Share of the						
HIS Plan Net Pension Liability	\$	96,275,110	\$	83,286,183	\$	72,654,784

Pension Plan Fiduciary Net Position

Detailed information about the HIS Plan's fiduciary's net position is available in a separately-issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report. That report may be obtained through the Florida Department of Management Services website (www.dms.myflorida.com).

FRS Investment Plan

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, *Florida Statutes*, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of plan members.

NOTE 10 RETIREMENT PLANS (CONTINUED)

FRS Investment Plan (Continued)

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County's contributions to the Investment Plan totaled \$4,964,244 for the year ended September 30, 2020.

Employee contributions to the Investment Plan totaled \$1,094,239 for the year ended September 30, 2020.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The postemployment benefits plan is a single-employer defined benefit plan administered by the County. In accordance with Section 112.0801, *Florida Statutes*, and as authorized by County Ordinance 2011-023 effective October 3, 2011, and County Ordinance 2018-073 effective November 20, 2018, the County offers retiring employees enrolled in the County's plans at the time of retirement and their covered dependents the opportunity to continue to participate in health and/or life insurance plans through the County's Retiree Benefits Program. The postemployment benefits plan does not issue a separate financial statement.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Plan Description (Continued)

If an employee wishes to immediately continue group health insurance through the County, the appropriate paperwork must be submitted within 30 days of their employment termination date. A retired employee, who retired on or after November 20, 2018, has a onetime option to elect to cease participation in the group health insurance plan upon retirement, enter into inactive status, and enroll at a later date. A surviving spouse may also elect this one-time option. An employee who retires under a state retirement system or a state optional annuity or retirement program or is placed on disability retirement must immediately begin receiving retirement benefits after leaving County employment to qualify for this benefit. Any employee who retires under the FRS Investment plan must meet the age and service requirements set forth in Section 121.021(29), Florida Statutes, or attained the retirement age specified by Section 72(t)(2)AA)(i) of the Internal Revenue Code and have the years of service required for vesting as set forth in Section 121.021(45), Florida Statutes. However, an exception to this qualification is that some employees who did not retire, were employed with County government a minimum of 15 years and terminated their employment prior to January 1, 2012, qualified for participation in the Retiree Benefits Program based solely upon their years of service. Retirees age 65 and older and/or their Medicare eligible dependents participate in the fully-insured Medicare Advantage plan and must enroll in the Federal Medicare program (Part A & Part B) to be eligible for enrollment in this plan option. Retirees under the age of 65 may remain on the County's self-insured medical plan.

The premiums for the retirees and dependents participating in the County's health plans are the same as that of active employees. If a retiree was employed before January 1, 2009, elects to continue group health insurance, and was employed by County government for a minimum of ten years, or eight years for elected officials and senior management, the County contributes toward the payment of the premium for the employee only coverage. If an employee retired or entered DROP before January 1, 2012, the County contributes 3% of the retiree's premium for each full year of employment that the employee had with a Polk County agency affiliated with the County's health plan. The maximum contribution that the County will provide to a retiree at 3% per year is 75% of the premium. If an employee retires after January 1, 2012, the County contributes the lesser of \$16 per year of service, up to a maximum of \$400 or 3% per year of service up to a maximum of 75%. The County does not make a contribution toward premiums for any employee hired after December 31, 2008. The County also subsidizes the premium rates paid by non-Medicare eligible retirees and their dependents by allowing them to participate in the self-insured plans at the blended group (implicitly subsidized) premium rates for both active and non-Medicare eligible retired employees. These rates provide an implicit subsidy because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees.

Employees may also retain the amount of basic life coverage in effect on the group life insurance plan at the time they become a retiree; however, they are fully responsible for the premium.

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Funding Policy

The County has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) or the net OPEB obligation. Contribution requirements of the County are established and may be amended through the County. The plan is currently being funded on a pay-as-you-go basis. No trust or agency fund has been established for the plan. The plan does not issue a separate financial report.

Employees Covered by Benefit Terms

At September 30, 2020, the following employees were covered by the benefit terms:

Plan Participants	
Inactive employees or beneficiaries currently receiving benefits	1,468
Active plan members	4,009
Total Participants	5,477

Total OPEB Liability

The County's Total OPEB liability was determined as of September 30, 2018 and was rolled forward to the September 30, 2019 measurement date. This liability is used for the reporting period ending September 30, 2020. The following table shows the County's total OPEB liability for the year ended September 30, 2020.

	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Delever October 4, 0040			
Balance - October 1, 2019	\$ 172,738,356	\$ -	\$ 172,738,356
Changes for the Year:			
Service Cost	4,515,181	-	4,515,181
Interest	6,618,093	-	6,618,093
Changes in Assumptions	23,137,736	-	23,137,736
Differences Between Expected and Actual Experience	-	-	-
Benefit Payments	(8,914,773)		(8,914,773)
Net Changes	25,356,237		25,356,237
Balance - September 30, 2020	\$ 198,094,593	\$ -	\$ 198,094,593

Discount Rate Sensitivity

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease in		
Description	Discount Rate	Discount Rate	Discount Rate
OPEB Plan Discount Rate	1.75 %	2.75 %	3.75 %
Total OPEB Liability	\$ 222,405,973	\$ 198,094,593	\$ 176,536,761

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Healthcare Trend Rate Sensitivity

The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease in		1% Increase in
	Healthcare Cost	Healthcare Cost	Healthcare Cost
Description	Trend Rate	Trend Rate	Trend Rate
OPEB Plan Healthcare Cost Rate	5.75 %	6.75 %	7.75 %
Total OPEB Liability	\$ 185,107,472	\$ 198,094,593	\$ 213,921,721

<u>Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB</u>

For the year ended September 30, 2020, the County recognized OPEB expense of \$8,212,717. In addition, the County reported deferred inflows of resources from the following sources:

		Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience Changes of assumptions	\$ 20,	29,177 566,876	\$	37,948,057	
County's Contributions Subsequent to the Measurement Date Total		467,969 064,022	\$	37,948,057	

An amount of \$7,467,969 reported as deferred outflows of resources related to OPEB resulting from County Contributions subsequent to measurement date will be recognized as reduction of the total OPEB liability in the year ended September 30, 2021. Amounts reported as deferred inflows and outflows of resources related to OPEB will be amortized over five years and will be recognized as follows:

Year Ended September 30,	Amount			
2021	\$	(2,920,557)		
2022		(2,920,557)		
2023		(2,920,557)		
2024		(2,920,557)		
2025		(2,920,557)		
Thereafter		(2,749,219)		
Total	\$	(17,352,004)		

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Actuarial Assumptions

The total OPEB liability in the September 30, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	2.75 %
Inflation	2.50 %
Healthcare Cost Trend Rates	6.75 %

The actuarial cost method used was the Entry Age Normal method.

Mortality tables used for Regular Class and Special Risk Class members in the July 1, 2018 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013.

For plans that do not have formal assets, the discount rate should equal the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. For the purpose of this actuarial roll-forward, the municipal bond rate is 2.75% (based on the daily rate of Fidelity's "20-Year Municipal GO AA Index" closest to but not later than the measurement date). The discount rate was 3.83% as of the previous measurement date.

NOTE 12 OPERATING LEASES

The following is a schedule by years of future minimum rental payments required under operating leases for certain land, buildings and equipment used in governmental operations that have initial or remaining noncancelable lease terms as of September 30, 2020:

Year Ended September 30,	Amount		
2021	\$	1,843,667	
2022		1,056,939	
2023		633,240	
2024		75,028	
2025		42,751	
Thereafter		260,087	
Total Minimum Payments Required	\$	3,911,712	

Rent expenditures under cancelable and noncancelable lease arrangements for the year ended September 30, 2020, were \$2,095,621. The leases generally provide for automatic termination in any year in which the County fails to appropriate funds for rental payments.

NOTE 13 GOVERNMENTAL FUND BALANCE CLASSIFICATIONS

The County's governmental fund balances as of September 30, 2020, were classified as follows:

		General Fund		County Transportation Trust Fund		Nonmajor overnmental Funds	Total Governmental Funds		
Nonspendable:									
Prepaids	\$	1,786,301	\$	-	\$	84,624	\$	1,870,925

NOTE 14 PROPERTY TAX REVENUES

Taxable values for all property are established as of January 1, which is the date of lien, for the fiscal year starting October 1. Property tax revenues recognized for the year ended September 30, 2020, were levied in January 2019. All taxes are payable on November 1 and due by March 31, or as soon as the assessments roll is certified and delivered to the Tax Collector. Discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Taxes paid in March are without discount. All unpaid taxes become delinquent as of April 1. Virtually all unpaid taxes are collected via the sale of tax certificates on or prior to June 1; therefore, there were no material taxes receivable at fiscal year-end. Any prepaid taxes paid in June through September are accrued as deferred inflows at the fiscal year-end.

NOTE 15 REHABILITATION AND HOMEOWNERSHIP LOAN PROGRAMS

The County has multi and single-family home rehabilitation and homeownership loan programs funded under the Community Development Block Grant (CDBG), HOME Investment Partnership Loan Program (HOME), and the State Housing Initiative Partnership Program (SHIP). If the homeowners remain in their homes for the full term of the deferred loan, the loan is forgiven. If the property is transferred or sold before the end of the loan period, the proceeds from the repayment including interest, if any, are then repaid and returned to the appropriate grant program. If the net proceeds from a voluntary (sale) or involuntary (foreclosure) sale are insufficient to repay the amount of the assistance, the County shall recapture the balance due on the loan or 100% of net proceeds from the sale, whichever is less. If there are no net proceeds from the sale, no repayment is required. A lien is placed against the property to ensure the repayment of the loan and interest, if any. As collection is uncertain on these loans, they are not recognized in the financial statements.

NOTE 16 PROPERTY TAX REVENUES AFFORDABLE HOUSING ASSISTANCE TRUST FUND STATE HOUSING INITIATIVE PARTNERSHIP PROGRAM (SHIP)

The Affordable Housing Assistance Trust Fund – State Housing Initiative Partnership Program (SHIP) is included in the Nonmajor Governmental Funds. Separate financial information for this fund is reported below:

NOTE 17 COMMITMENTS AND CONTINGENCIES

Federal Grant Programs

The County participates in a number of federal programs. Grant programs are subject to financial and compliance audits by the grantors or their representatives. The grantor audits of all programs for or including the year ended September 30, 2020, have not been completed. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

Litigation

Various suits and claims involving disputed ad valorem real property taxes are pending against Polk County. Portions of these taxes have been voluntarily paid, others have been paid under protest, and in certain instances, there are unpaid balances.

Various other suits and claims arising in the ordinary course of County operations, some of which may involve substantial amounts, are pending against the County. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the County, the liabilities which may arise from such action would not result in losses which would materially affect the financial position of Polk County or the results of its operations.

NOTE 17 COMMITMENTS AND CONTINGENCIES (CONTINUED)

Large Contractual Commitments

The County has contractual commitments at September 30, 2020 for the following:

Project	Estimate	d Amount
New Wastewater Clarifier and Related Improvements at North Central Water Treatment	\$	12,122,695
Oracle SAAS ERP Services and Implementation Services		9,126,032
Cherry Hill WPF Construction		5,237,625
Motorola Solutions-Radio Purchases (Over 5 Years)		4,620,368

Transfer to Waste and Recycling Fund from: Nonmajor Governmental Funds Total	\$ \$	12,506 12,506
Transfers to ROHR Nursing Home from: Nonmajor Governmental Funds Total	\$ \$	13,264 13,264
Transfers to Internal Service from: General Fund County Transportation Trust Fund Nonmajor Governmental Funds Total	\$	1,000,000 1,000,000 434,468 2,434,468

Transfers are used to 1) move revenues from the fund state law requires to collect them to the fund that state law requires to expend them, 2) provide matching funds for grants, 3) or use unrestricted General Fund and other fund revenues to finance transportation or other activities which must be accounted for in another fund.

NOTE 19 DEFICIT FUND BALANCES

At September 30, 2020, the Information Technology Fund had a fund balance deficit of \$3,485,115. The deficit in the Information Technology Fund will be eliminated through future charges to other funds.

NOTE 20 POLK COUNTY ECONOMIC DEVELOPMENT AD VALOREM TAX EXEMPTION PROGRAM

On November 6, 2012, the electorate of Polk County, Florida, passed a referendum authorizing the County to grant ad valorem tax exemptions to qualifying businesses. The Polk County Board of County Commissioners adopted Ordinance 2013-017 on May 7, 2013, to establish such a program. This ordinance authorized the County to grant economic development ad valorem tax exemptions to new businesses and expansions of existing businesses as defined in Section 196.012, of the *Florida Statutes* as authorized by Article VII, Section 3 of the Florida Constitution and section 196.195, *Florida Statutes*.

The ad valorem tax exemption program currently recognizes three categories of businesses for eligibility: new businesses in qualified target industries (QTI), existing businesses in QTI seeking to expand, and manufacturing expansion. Qualified applicants are eligible to receive ad valorem tax exemptions for up to 100% of the assessed value of the property for a maximum of 10 years. There were 25 businesses participating in the ad valorem tax exemption program for year ended September 30, 2020. The mutual agreement provides financial incentives to the companies and economic job growth for the County. The County assesses compliance with these agreements on an annual basis. The exemptions offered by the County do not apply to taxes levied by the Polk County School Board, Southwest Florida Water Management District, or any other taxing authorities not governed by the County. The following is a schedule of tax assessments and exemptions by exemption type for year ended September 30, 2020:

Taxable Value Summary - New Business QTI Assessed Taxes Without Abatements Tax Revenue Abated Tax Revenue to County	\$ 4,102,963 3,578,150 524,814
Tax Revenue Summary - New Business NonQTI Assessed Taxes Without Abatements Tax Revenue Abated Tax Revenue to County	\$ 288,811 216,608 72,203
Taxable Value Summary - Existing Business QTI Assessed Taxes Without Abatements Tax Revenue Abated Tax Revenue to County	\$ 1,647,893 1,007,183 640,710
Taxable Value Summary - Manufacturing Expansion Assessed Taxes Without Abatements Tax Revenue Abated Tax Revenue to County	\$ 286,443 137,663 148,780

NOTE 21 SUBSEQUENT EVENTS

Emergency Rental Assistance Program

The County received \$21,885,140 on January 15, 2021 from the U.S. Department of the Treasury as a wire transfer payment to provide rental, and utilities assistance to families.

The American Rescue Plan

The American Rescue Plan was signed into law on March 11, 2021. The County is expected to receive a total of \$70,285,000 in the next year.

REQUIRED SUPPLEMENTARY INFORMATION

OPEB Plan's Fiduciary Net Position as a Percentage of Total OPEB Liability		N/A	N/A	N/A

Notes to Schedule:

Information is required to be presented for 10 years. However, until a full 10-year trend is compiled, the County will present information for only those years for which information is available. There are no assets accumulated in a trust to pay for OPEB.

Benefit Changes: There have been no substantive plan provision changes since the last full valuation.

Changes in Assumptions: The following assumptions have been updated in accordance with GASB Statement No. 75.

- The trend table was updated to the last model released by the Society of Actuaries and has been adjusted to include the effects of the Cadillac Tax, set to take effect in 2022.
- The funding method was changed to Entry Age Normal as required by GASB Statement No. 75.
- The mortality and disability decrements were updated to the latest assumptions used for the OPEB Valuation.
- The discount rate was changed from 3.83% as of the previous measurement date to 2.75% as of September 30, 2019. This change is reflected in the Schedule of Changes in Total OPEB Liability.
- The Total OPEB Liability is not affected by the recent repeal of the excise tax because the law change was effective after the measurement date.

COMBINING AND INDIVIDUAL FUND SCHEDULES

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds of specific revenue sources requiring separate accounting because of legal or regulatory provisions or administrative action.

Special Revenue Grants Fund

This fund accounts for the various federal and state grants obtained by the County.

Tourist Development Tax Fund

The County's portion of the four and five cent tourism tax revenue is recorded in this fund. These revenues are to be used to promote tourism for the County.

Impact Fees Fund

This fund accounts for impact fees used for the construction or improvement of the County's emergency medical system, roads, and correctional facilities.

Lake and River Enhancement Fund

The annual County vessel registration fee revenues are recorded in this fund. These revenues are used for the maintenance and enhancement of the lakes, rivers, and waters, and for other boating related activities.

Lighting Districts Fund

This fund accounts for the costs of providing street lighting to residents living within the boundaries of the lighting districts. The primary revenue source is from non-ad valorem special assessments restricted for the purpose of street lighting in special districts.

Stormwater MSTU Fund

This fund accounts for MSTU revenue and cost of operating and maintaining the stormwater management system and complying with mandates of the National Pollutant Discharge Elimination System Stormwater (NPDES) permitting program.

Fire Rescue Fund

This fund accounts for the costs of providing fire protection services to the residents living within the unincorporated areas of the County. The primary revenue source is from various special assessments to citizens to be used for fire rescue and emergency medical services.

Emergency 911 Fund

This fund accounts for fees provided by the Florida emergency telephone act and by ordinance No. 86-23. These revenues are to be used for the acquisition, implementation, and maintenance of public safety answering point equipment and "911" service features.

SPECIAL REVENUE FUNDS (CONTINUED)

Hazardous Waste Fund

This fund accounts for costs of regulations and inspections of hazardous waste facilities. The primary revenue source is from a 3% tax on gross receipts on commercial hazardous waste facilities pursuant to Section 403.7215, *Florida Statutes*. According to Florida Statutes, these funds are restricted to be spent on the regulation and inspection of hazardous waste facilities.

Radio Communications Fund

This fund accounts for the cost of constructing and maintaining the County-wide 800-megahertz radio communications system. Primary revenue sources are court fines and radio communication user fees.

Law Enforcement Trust Fund

This fund accounts for the monies obtained from cash forfeitures and the sale of property and equipment confiscated by the Sheriff as provided for in Chapter 932, *Florida Statutes*. The amounts in the fund are to be expended only for certain law enforcement purposes.

Land Management Trust Fund

This fund accounts for monies obtained from ad valorem taxes, which may only be expended for the purchase and management of environmentally sensitive lands.

Building Fund

This fund accounts for building permit fees. Revenues are used solely to defer the costs of inspections and to enforce the building code, as permitted by Section 125.56 and 553.80, *Florida Statutes*.

Indigent Healthcare Fund

This fund accounts for receipts and disbursements of monies received from the discretionary half-cent sales tax approved by Polk County voters. Monies may be expended only for healthcare services for qualified residents, including but not limited to, the indigent and medically poor.

Harden/Parkway CRA Fund

This fund was established in 2004 and has a 40-year sunset date. This fund accounts for monies obtained from ad valorem taxes, which may only be expended to fund the design, construction, and payment for all components of the transportation improvements to the Harden/Parkway area.

Polk Commerce Centre CRA Fund

This fund was established in 2006 when Polk County Commissioners were assigned to the CRA board. This fund accounts for monies obtained from ad valorem taxes, which may only be expended to fund the design, construction, and payment for all components of the transportation improvements to the Polk Commerce Centre area.

SPECIAL REVENUE FUNDS (CONTINUED)

Leisure Services MSTU Fund

The leisure services MSTU was established in 2005 to provide and maintain expanded public access to parks and recreation areas and activities, by improving, acquiring, and operating parks, recreation areas and facilities, historical venues and trails within unincorporated areas of the county. Revenues are provided by ad valorem taxes.

Libraries MSTU Fund

The libraries MSTU fund was established in 2005 to provide and maintain expanded public access to library facilities and programs by improving, acquiring, constructing, and operating library facilities within the unincorporated areas of the County. Revenues are provided by ad valorem taxes.

Rancho Bonito MSTU Fund

The Rancho Bonito MSTU fund was established in 2013 to fund County and law enforcement services, facilities, operations, maintenance and programs properly located within Rancho Bonito. Revenues are provided by ad valorem taxes.

Transportation Millage Fund

This fund accounts for 1.1 mill of ad valorem revenue levied county-wide. In addition, the board of commissioners has assigned a portion of the Public Service Tax, assessed on the purchase of utilities such as electricity, water, natural gas, and petroleum gas, to the fund. The primary purpose of the fund is for pavement management, roadway drainage, road capacity, road safety, and general roadway improvements.

Eloise CRA Fund

This fund accounts for monies obtained from ad valorem taxes, which may only be expended for the rehabilitation, conservation, or redevelopment of the Eloise area.

Emergency Medical Millage

This fund was established based on a proposed millage increase of 0.25 mills. The fund is to support Emergency Medical Services (EMS) throughout the county, covering operating and capital costs associated with Emergency Medical Services.

Clerk of the Circuit Courts - Court Fund

This fund accounts for court-related financial resources. The primary revenue source is revenue sharing from Florida Clerks of Court Operations Corporation and is restricted for court-related operations.

SPECIAL REVENUE FUNDS (CONTINUED)

Unbudgeted Other Special Revenue Funds

The Clerk of Courts' Records Modernization Trust accounts for the proceeds of specified revenue sources that are legally restricted to expenditures for specified purposes. The Sheriff's Other Special Revenue Funds (Grants Fund and Other Governmental Funds) account for the proceeds of specific revenue sources related to law enforcement education, law enforcement equipment, and other governmental activities that are legally restricted or committed to expenditures for these specified purposes. The Supervisor of Elections' Special Revenue Grants Fund accounts for the proceeds and expenditures of grants that are contractually restricted for election related expenditures. Funds are unbudgeted and will not have a budget to actual fund statement.

DEBT SERVICE FUNDS

Debt service funds are used to account for the accumulation of resources for and payment of the County's long-term debt other than those payable from the operations of enterprise funds.

Capital Improvement Refunding Revenue Bonds, Series 2010 Fund

This fund accumulates monies for the payment of the \$32,265,000 Capital Improvement Refunding Revenue Bonds, Series 2010, which are serial bonds, due in annual installments of \$2,779,050 to \$2,784,200 through December 2026. Principal and interest are paid from the County share of the half-cent sales tax funds received from the state.

Transportation Improvement Refunding Revenue Bonds, Series 2010 Fund

This fund accumulates monies for the payment of the \$53,035,000 Transportation Improvement Refunding Revenue Bonds, Series 2010, which are serial bonds, due in annual installments of \$4,172,725 to \$4,176,975 through December 2029. Principal and interest are paid from the five cents per gallon local option fuel tax and 2% of the public service tax levied by the County.

Public Facilities Revenue Refunding Bonds, Series 2014 Fund

This fund accumulates monies for the payment of the \$71,510,000 Public Facilities Revenue Refunding Bond. Series 2014, which are serial bonds, due in annual installments of \$1,787,556 to \$5,453,600 through December 2035. Principal and interest are paid by a pledge of revenues from the State Revenue Sharing Trust Funds and 8% of the 10% public service tax accruing to the County under provisions of Chapter 210, *Florida Statutes*, Section 212.20 and Chapter 125, *Florida Statutes*; Chapter 218, Part II, *Florida Statutes*; Section 166.231, *Florida Statutes*.

Public Facilities Revenue Refunding Note, Series 2015 Fund

This fund accumulates monies for the payment of the \$18,157,000 in Public Facilities Revenue Refunding Note, Series 2015, due in annual installments of \$592,356 to \$2,151,780; including interest through December 1, 2026; interest of 2.14%; collateralized by a pledge of State Revenue Sharing Trust Funds and 8% of the 10% public service tax accruing to the County under provisions of Chapter 210, *Florida Statutes*, Section 212.20 and Chapter 125, *Florida Statutes*; Chapter 218, Part II, *Florida Statutes*; Section 166.231, *Florida Statutes*.

DEBT SERVICE FUNDS (CONTINUED)

Promissory Note A, Series 2020 Fund

This fund accumulates monies for the payment of the \$27,062,000 in Promissory Note A, Series 2020, due in annual installments of \$648,285 to \$2,249,066; including interest through April 1, 2035; interest of 2.20%; collateralized by a non-ad valorem revenue.

Promissory Note C, Series 2020 Fund

This fund accumulates monies for the payment of the \$41,955,000 in Promissory Note C, Series 2020, due in annual installments of \$611,319 to \$5,741,775; including interest through December 1, 2029; interest of 1.95%; collateralized by non-ad valorem revenue.

CAPITAL PROJECT FUNDS

Capital project funds account for funds used for the acquisition or construction of major capital facilities.

General Capital Improvements Fund

This fund is used to account for the acquisition, construction, modification, improvement and renovation of major capital facilities such as buildings and parks.

Capital Improvements Projects Fund

This fund is used to account for the capital improvement projects throughout the county.

Northeast Polk Roadway Fund

This fund was established to spend down the remaining balance on projects in Northeast Polk County transferred from the North Ridge CRA Fund that was sunset in 2015.

Environmental Lands Acquisition Fund

This fund is used to account for the purchase of environmentally sensitive lands which are funded by a 0.2 mill ad valorem tax levy.

Drainage and Water Quality Fund

This fund was established to account for drainage and water quality activities.

POLK COUNTY, FLORIDA AGENCY FUNDS YEAR ENDED SEPTEMBER 30, 2020

Agency funds account for all assets held as custodian or agent for individuals, governmental entities and nonpublic organizations. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

COUNTY COURT FUND

This fund accounts for the fine and forfeiture collections generated from criminal cases which is then disbursed to state or local agencies.

REGISTRY OF COURT FUND

This fund accounts for deposits from civil cases at the direction of the court, the funds are held until the court directs the fund to be disbursed.

JURY AND WITNESS FUND

This fund accounts for money used by the state attorney, public defender, and regional counsel to pay their witnesses when called for trial.

DOMESTIC RELATIONS FUND

This fund accounts for the money collected for court order child support payments.

TAX DEED FUND

This fund accounts for the proceeds from sales of property held due to delinquent property taxes.

INTANGIBLE TAX AND DOCUMENTARY STAMP FUND

This fund accounts for the documentary stamps and intangible taxes collected on items recorded in the Official Records to be remitted to the state.

COUNTY COURT/CIVIL COURT FUND

This fund accounts for the money collected on civil cases for funds collected for sheriff services.

CASH BONDS FUND

This fund accounts for cash bonds received on criminal cases as well as civil bonds deposited by parties in civil cases.

TAXES FUND

This fund accounts for the collection and distribution of the following taxes and fees: ad valorem taxes on real and tangible property and non-ad valorem assessments on property within Polk County, vehicle, vessel and mobile home registration taxes and title fees, driver license fees, tourist development taxes, business tax receipts, hunting and fishing licenses and sales tax on vehicle, vessel and mobile home sales with nondealers.

FEES AND SUSPENSE FUND

This fund accounts for fees and related sales taxes collected for other governmental units, judgement levies, charity fundraisers, forfeitures and F.S. Chapter 705 property awaiting award or distribution.

POLK COUNTY, FLORIDA AGENCY FUNDS (CONTINUED) YEAR ENDED SEPTEMBER 30, 2020

FINES AND DRD FUND

This fund accounts for the fines and child support payments collected for other governments.

INMATE FUND

This fund accounts for monies collected from inmates who have money in their possession at the time of their arrest and subsequent deposits to their accounts during incarceration.

OTHER AGENCY FUND

This fund accounts for all the other funds collected by the Clerk to be disbursed out to other agencies. These funds mainly come from civil cases and Official Records filings.

STATISTICAL SECTION (UNAUDITED)

The statistical data presents physical, economic, social, and political characteristics of Polk County. It is intended to provide users with a more broad and complete understanding of the County and its financial affairs than is possible from the financial statements and supporting schedules included in the financial section.

Contents

Financial Trends

These schedules contain trend information designed to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, property taxes.

Debt Capacity

These schedules present information to help the reader assess the factors of affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators designed to help the reader understand the environment within which the County's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

These schedules contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

- (1) Property taxes become due and payable on November 1 of each year. A four percent discount is allowed if the taxes are paid in November with the discount declining by one percent each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid tax assessments must be sold not later than June 1 of each year.
- (2) Current and delinquent collections include penalties.

Notes:

Eigeal Voor

- (1) Ordinance No. 87-04 enacted by the Polk County Board of County Commissioners on June 23, 1987 pursuant to which distribution percentages are established on July 1st of each year based on the following formula: 40% of the distribution is based on the percentage of miles of roads maintained by the County or the respective municipalities with the County; 60% of the distribution is based on the pro rata population of the respective municipalities and the unincorporated area of the County.
- (2) The Transportation Improvement Revenue Bonds are collateralized by a pledge of revenues from the 5-cents per gallon local option fuel tax and 2.0% of the 10.0% Public Service Tax.
- (3) The Transportation Improvement Revenue Bonds, Series 2010 were refunded by the Promissory Revenue Note, Series 2020 C.

Notes:

- (1) Gross Revenues and Cost of Operation and Maintenance for the fiscal years ended September 30, 2016 through and including 2020 are audited.
- (2) Charges for services increased from \$60.1 million in the fiscal year ended September 30, 2016 to \$76.4 million in the fiscal year ended September 30, 2020, or 27% based on a combination of growth in water, sewer, and reclaimed water customers. New rates were approved beginning October 1, 2016, implementing a 2.5 % annual rate increase beginning October 1, 2017 through October 1, 2019. Connection Charges of \$8,303,636, \$12,574,786, \$12,142,232, \$15,008,936 and \$15,683,589 for fiscal years-ended September 30, 2016 through 2020, respectively, are excluded from Charges for Services.

POLK COUNTY, FLORIDA UTILITY SYSTEMS REVENUE BONDS, SERIES 2010, 2012, 2013, 2014 A & C, AND 2020 (CONTINUED) CONTINUING DISCLOSURE

Notes (continued):

(3) Pursuant to the Sequestration Transparency Act of 2012, as a consequence of the Joint Select Committee on Deficit Reduction's failure to propose, and Congress' failure to enact, a plan to reduce the federal deficit by \$1.2 trillion (as required by the Budget Control Act of 2011 by January 2, 2013), the President of the United States, in his report to Congress of sequestration for fiscal year 2013, included in such sequestration the payments authorized for direct-pay bonds, such as the Series 2010 Bonds, issued under the Recovery and Reinvestment Act of 2009. The sequestration cut for direct-pay bonds was initially scheduled to last through fiscal year 2021. However, the Bipartisan Budget Act of 2013, extended the sequestration cut through fiscal year 2023. Congress recently approved a bill which would further extend sequestration through fiscal year 2024.

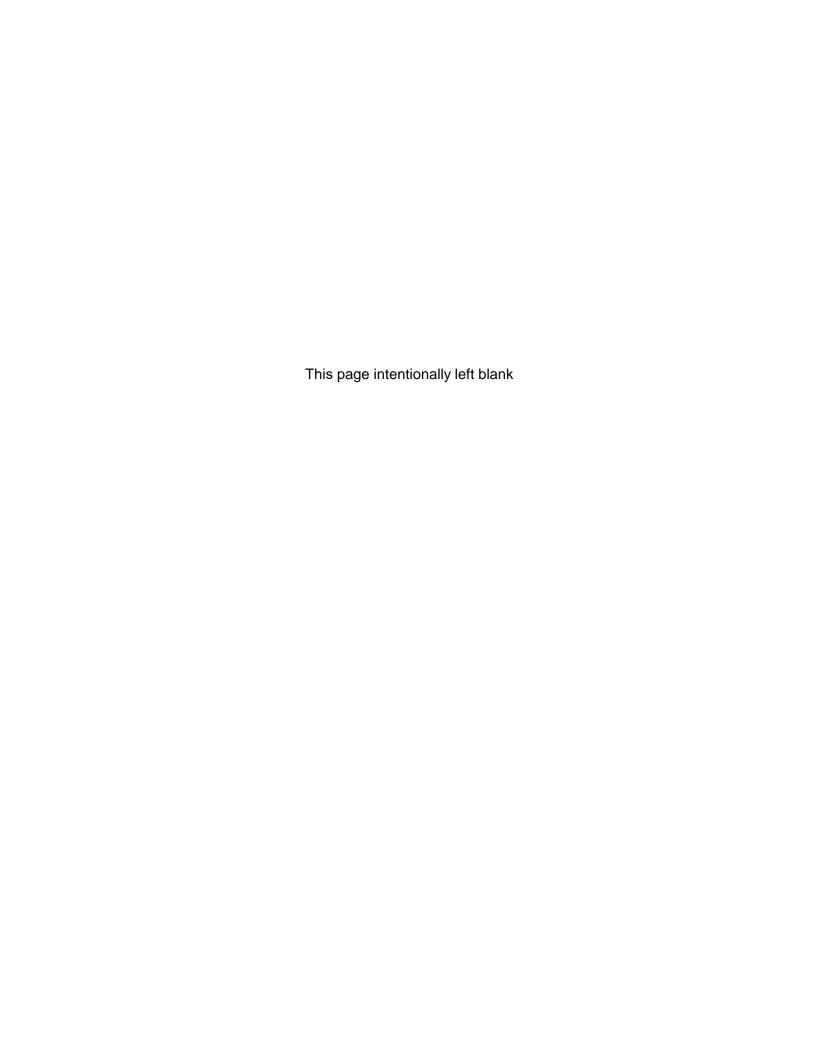

Payments received for April 1, 2015 and October 1, 2015 were each \$446,356.57 which represented a 7.3 % reduction. Payments received for April 1, 2016 and October 1, 2016 were each \$448,764.10 which represented a 6.8 % reduction. Payments received for April 1, 2017 and October 1, 2017 were each \$448,282.60 which represented a 6.9 % reduction. Payments received for April 1, 2018 and October 1, 2018 were each \$449,727.12 which represented a 6.6 % reduction. Payments received for April 1, 2019 and October 1, 2019 were each \$451,653.14 which represented a 6.2 % reduction. Payment received for April 1, 2020 in the amount of \$453,097.66 which represented a 5.9% reduction.

No assurance can be given that legislative proposals may be introduced or enacted by Congress that would or might apply to, or have an adverse effect upon, the County's receipt of Subsidy Payments. Payment of debt service is not contingent upon receipt by the County of Subsidy Payments and the County does not expect that any such reduction in Subsidy Payments will affect its ability to pay debt service. Due to the implementation of amendments to the Resolution effective as of October 1, 2015, Subsidy Payments are excluded from Gross Revenues in fiscal years ended September 30, 2016 through and including 2020 and instead are netted against the amount of interest payable on Subsidy Bonds. Payment of \$453,097.66 was received for April 1, 2020. Due to the refunding of the Series 2010 bonds on March 12, 2020 with the Utility Revenue Refunding Bonds, Series 2020, Polk County will no longer receive Subsidy Payments.

- (4) Miscellaneous revenues for fiscal year ended September 30, 2018, increased from fiscal year 2017 due to proceeds received from insurance claims.
- (5) Amounts reflect interest and investment earnings on all accounts created by the Resolution, including investment income derived from Connection Charges on deposit, as reported by County staff. These amounts do not include any adjustments for the market value of the investments.
- (6) Gross Revenue exclude income derived from Connection Charges, including investment income; however, such amount is includable in Test B of the rate covenant whereby Available Connection Charges and investment income derived from Available Connection Charges are added to Net Revenues.
- (7) Amounts exclude depreciation and amortization expenses, payments in lieu of taxes (PILOT) of \$1,573,381, \$1,599,979, \$1,628,437, \$1,810,597 and \$1,953,665 for the Fiscal Years ended 2016 through and including 2020, respectively, and capitalized labor. Beginning in the Fiscal Year ended September 30, 2017, the PILOT expenses have been recorded as transfers out and no longer are included in Cost of Operation and Maintenance. In the Fiscal Year ended September 30, 2018, personal services increased due to a 3.5% salary increase and 5 new positions. In Fiscal Year ended September 30, 2019 the decrease to Personal Services is due to OPEB and pension adjustments which have resulted in an overall decrease of \$2 million in Personal Services. In Fiscal Year ended September 30, 2020 Personal Services increased by \$8.4 million due to OPEB and pension adjustments which resulted in an overall increase of \$7.8 million. Includes payments to Polk Regional Water Cooperative in the amount of \$40,021.79, \$174,766.89 and \$96,189.14 for the fiscal years ended September 30, 2018, 2019, and 2020 respectively, and Water Cooperative of Central Florida in the amounts of \$20,000, \$25,000, \$25,000, \$22,000 and \$26,000 for the fiscal years ended September 30, 2016 through and including 2020, respectively.
- (8) Includes all operating expenses and losses on disposition of equipment. Increase in Fiscal Year ending September 30, 2019, is due to a loss on disposition of equipment in the amount of \$2,409,421.
- (9) Amount reflects an operating transfer from the Water and Sewer Fund to the General Fund to account for allocated operating and administrative expenses associated with utility services.

POLK COUNTY, FLORIDA UTILITY SYSTEMS REVENUE BONDS, SERIES 2010, 2012, 2013, 2014 A & C, AND 2020 (CONTINUED) CONTINUING DISCLOSURE

- (10) The Water Expansion Project Percentage and Sewer Expansion Project Percentage prior to issuance of the Series 2020 Bonds equal to 31.17% and 52.25%, respectively and following issuance of the Series 2020 Bonds is expected to equal approximately 39.59% and 48.55%, respectively.
- (11) Connection Charges have steadily increased over the last five years due to the increase in new development. Generally, under Florida law, fees such as the Connection Charges may be validly imposed against new construction or development in order to fund capital improvements or capacity which are necessitated by such new construction or development or to satisfy debt service for the bonds or other obligations issued for such purposes. Proceeds of such Connection Charges may generally be used only for the capital improvements or capacity attributable to the new construction or development or to pay debt service on indebtedness incurred to finance or refinance such capital improvements or capacity.
- (12) Subsidy payments received in FY 16 through FY 20 have been netted against interest payable and are excluded from the Annual Bond Service Requirement Amount.

Destination RVs (1)	\$	2,810.00
All other RVs Including Transient RVs	\$	4,195.00

Source: Polk County, Florida Utilities Department

Note:

⁽¹⁾ A Destination RV must be: (a) Sited on a lot owned in fee simple by the user; (b) Sited in a park that is platted subdivision; (c) Sited on a lot 3,000 square feet or larger; and (d) Sited in a park that does not have a dump station or undivided interest lot sales or time share lot sales. This category of user is subject to inspection by Polk County Utilities to ensure that Destination RV's are not Transient RV's. Destination RV lots used by Transient RVs will be subject to a 1.0 ERC sewer connection charge.

POLK COUNTY, FLORIDA WATER AND WASTEWATER CONNECTION CHARGES (CONTINUED) CONTINUING DISCLOSURE

COMMERCIAL

Water Connection Fees

Commerical Water Connection Charges will be assessed as per Resolution No. 10-182 based upon fixture unit values as contained within the Florida Plumbing Code and in accordance with the Polk County Utilities Code. Estimated usage based on fixture unit values are divided by 360 gallons to calculate the Equivalent Residential Connection ("ERC"). The ERC will be multiplied by the current Connection Charge for a Single Family Detached Unit on lots one acre or less.

Wastewater Connection Fees

Commercial Sewer Connection Charges will be assessed as per Resolution No. 10-182 based upon fixture unit values as contained within the Florida Plumbing Code and in accordance with the Polk County Utilities Code. Estimated sewer flows based on fixture unit values are divided by 270 gallons to calculate the ERC. The ERC will be multiplied by the current Connection Charge for a Single Family Detached Unit on lots one acre or less.

County staff for the Fiscal Year ended September 30, 2020

Notes:

(1) Amounts based on actual water sales for Fiscal Year ended September 30, 2020 approximately 5.6 billion gallons of water.

(2) Amounts based on actual charges for service for Fiscal Year ended September 30, 2020 of approximately \$69.3 million.

INDEPENDENT ACCOUNTANTS' REPORT

Board of County Commissioners and the Florida Auditor General Polk County, Florida

We have examined Polk County, Florida's (County) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds and Section 365.172(10) and 365.173(2)(d), Florida Statutes, regarding emergency communications number E911 system fund during the year ended September 30, 2020. Management of the County is responsible for the County's compliance with the specified requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with Section 218.415, Florida Statutes, regarding the investment of public funds and Section 365.172(10) and 365.173(2)(d), Florida Statutes, regarding emergency communications number E911 system fund during the year ended September 30, 2020.

This report is intended solely for the information and use of the County and the Auditor General, state of Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

I-1

MANAGEMENT LETTER

Honorable Chairman and Members of The Board of County Commissioners Polk County, Florida

Report on the Financial Statements

We have audited the financial statements of Polk County, Florida (County), as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated April 5, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated April 5, 2021, should be considered in conjunction with this management letter

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. The prior years' finding 2019-001 and 2018-001 were corrected in the current fiscal year.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The County was established by Constitution of the State of Florida; Article VIII, Section 1 (c). Polk County, Florida has three blended component units, Harden/Parkway, Polk Commerce Centre and Eloise Community Redevelopment Agencies (CRAs), were created pursuant to Section 163.360 of the Florida Statutes and by County Ordinances 04-11, 92-40 and 98-50, respectively.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the County met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the County. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Board of County Commissioners Polk County, Florida

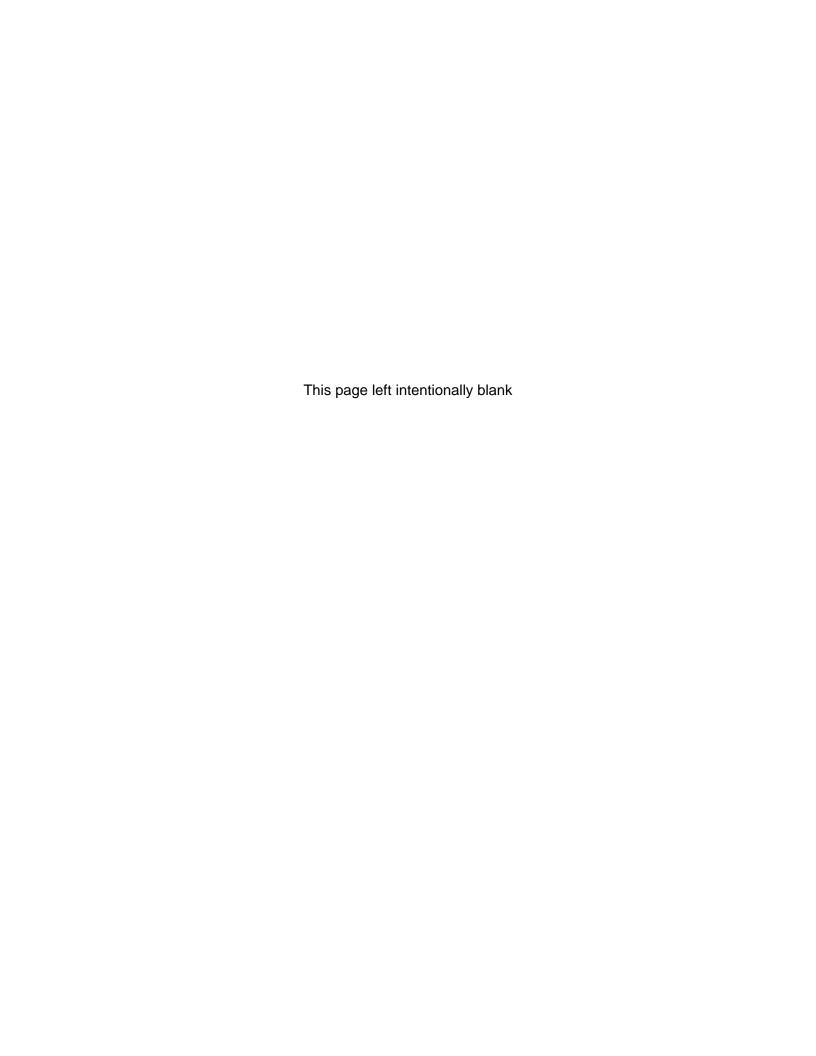

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Board of County Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of County Commissioners Polk County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Polk County, Florida (County), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated April 5, 2021. Our report includes a reference to other auditors who audited the financial statements of the Tax Collector, Polk County, Florida, as described in our report on the County's financial statements. This report includes our consideration of the results of the other auditors' testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CliftonLarsonAllen LLP

Lakeland, Florida April 5, 2021

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT, AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Board of County Commissioners Polk County, Florida

Report on Compliance for Each Major Federal and State Program

We have audited Polk County, Florida's (County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement*, and the requirements described in the Florida Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2020. The County's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal awards and state projects applicable to its federal programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General for Local Governmental Entity Audits. Those standards, Uniform Guidance, and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2020.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2020-001. Our opinion on each major federal program is not modified with respect to this matter.

The County's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-001, that we consider to be a significant deficiency.

Board of County Commissioners Polk County Board of County Commissioners

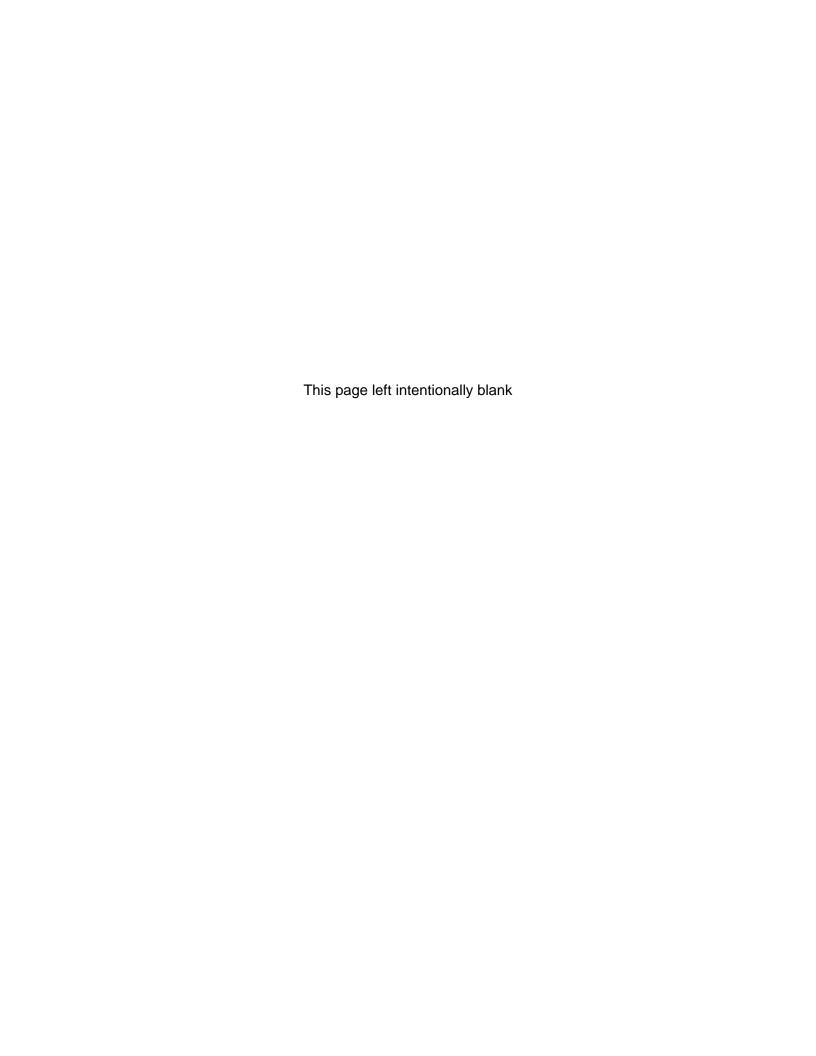

Clifton Larson Allen LLP

The County's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

POLK COUNTY, FLORIDA NOTES SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE YEAR ENDED SEPTEMBER 30, 2020

NOTE 1 GENERAL

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) presents the activity of all federal awards and state financial assistance programs of Polk County, Florida (the County). The County reporting entity is defined in Note 1 to the County's basic financial statements for the year ended September 30, 2020. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. The Schedule presents only a selected portion of the operations of the County, and is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Section 215.97, *Florida Statutes*. Therefore, some amounts presented in the Schedule may differ from amounts presented, or used in the preparation of the basic financial statements for the fiscal year ended September 30, 2020.

NOTE 2 BASIS OF ACCOUNTING

The accompanying Schedule is presented using the modified accrual basis of accounting, which is described in Note 1 to the County's basic financial statements for the year ended September 30, 2020. Such expenditures are recognized following the cost principles contained in the Uniform Guidance for all awards with the exception of CFDA 21.019, which follows criteria determined by the Department of Treasury for allowability of costs. Under these principles, certain types of expenditures are not allowable or are limited as to reimbursement. The county has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

POLK COUNTY, FLORIDA NOTES SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE YEAR ENDED SEPTEMBER 30, 2020

NOTE 3 OUNCE OF PREVENTION MATCH

In addition to the amounts listed on the Schedule, the County received additional funding from the State of Florida as a match for certain Federal programs. The amounts listed below represent the funding provided by the State of Florida as a match to the specified Federal programs.

NOTE 4 DISASTER GRANTS

After a presidentially declared disaster, FEMA provides Disaster Grants-Public Assistance (Presidentially Declared Disasters) (CFDA 97.036) to reimburse eligible costs associated with debris removal, emergency protective measures and the repair, restoration, reconstruction or replacement of public facilities or infrastructure damaged or destroyed. Reimbursements are provided in the form of cost-shared grants. Hurricane Irma (FEMA-4337-DR-FL) made landfall in Polk County on September 10, 2017. In 2020, \$1,110,923 of eligible expenditures were approved that were incurred in the prior years and are included in the SEFA.

POLK COUNTY, FLORIDA SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) YEAR ENDED SEPTEMBER 30, 2020

Part II - Financial Statement Findings

Our audit did not disclose any matters required to be reported in accordance with *Government Auditing Standards*.

Part III – Findings and Questioned Costs – Major Federal Programs and State Projects

2020 – 001-Allowable Costs and Activities

Federal agency: Department of Treasury

Federal program title: Coronavirus Relief Fund

CFDA number: 21.019

Award Period: March 1, 2020-December 30, 2020

Type of Finding:

•Significant Deficiency in Internal Control over Compliance

Other Matters

Criteria or specific requirement: Per the Treasury Guidance published in the Federal Register on January 15, 2021, necessary expenditures incurred due to the public health emergency included providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures. The maximum value paid to a sole proprietor should be \$2,000.

Condition: One disbursement for the Coronavirus Relief Fund funding was made more than the approved amount. The applicant's application was approved for \$2,000 of assistance but the check issued to the applicant was for \$2,500.

Questioned costs: \$500

Context: In a statistically valid sample of 60 disbursements tested the auditors noted that one disbursement was made which did not match the approved value of the disbursement which caused an overpayment of \$500 to an applicant who received economics assistance related to COVID-19. The total expenditures related to the Coronavirus relief fund was \$85,690,841. Our sample selected for testing totaled \$8,708,530. The error rate noted in the sample tested was 0.006%.

Cause: These grant funds were being distributed under an emergency declaration due to the COVID-19 worldwide pandemic and extraordinary measures were being taken to get the money to those Polk County citizens in need.

Originally when the Polk Care Business Relief program was established, a company with 2 or more employees was to be paid at \$2,500. Subsequently a policy change was made to increase this amount to \$5,000. Sole proprietors were originally \$1,000 and increased to \$2,000.

POLK COUNTY, FLORIDA SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) YEAR ENDED SEPTEMBER 30, 2020

Part III – Findings and Questioned Costs – Major Federal Programs and State Projects (Continued)

2020 - 001-Allowable Costs and Activities (Continued)

Cause (Continued): This applicant was originally paid \$2,500 based upon policy and application information available at that time. Subsequently, upon review of a second applicant and information provided that related to the first applicant, staff was able to determine that the first applicant was misclassified and should have received a lesser amount as a sole proprietor. At the same time initial applicants were being processed to be paid the net amount resulting from a policy change to increase the amount of assistance.

Due to the unusually high volume of transactions being processed expeditiously staff ensured that the second check did not get processed but failed to request the resulting \$500 overpayment from the original applicant.

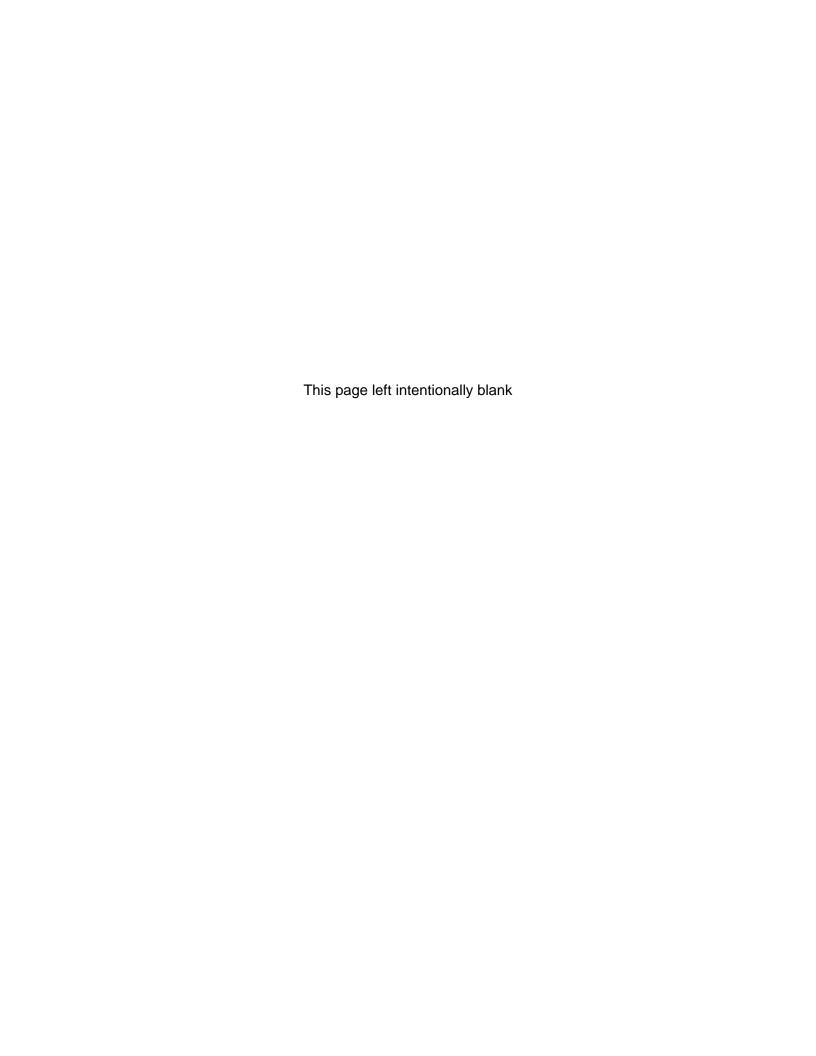

In summary, staff originally determined the issue and a refund has been requested from the applicant for the overpayment.

Effect: Payments made which do not match the approved totals of the program can cause over or under payments to be made for COVID-19 related relief.

Repeat Finding: No

Recommendation: We recommend the County implement additional review procedures between the application and approved payment requests.

Views of responsible officials: There is no disagreement with the audit finding.

CORRECTIVE ACTION PLAN

Polk County Florida respectfully submits the following corrective action plan for the year ended September 30, 2020.

Audit period October 1, 2019 - September 30, 2020

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule

FINDINGS-MAJOR FEDERAL PROGRAM AND STATE PROJECTS

SIGNIFICANT DEFICIENCY IN INTERNAL CONTROL OVER COMPLIANCE, OTHER MATTERS

2020-001 Allowable Costs and Activities

Recommendation: We recommend the County implement additional review procedures to ensure the accurate amount is paid.

Explanation of disagreement with the audit finding: There is no disagreement with the audit finding.

Action taken in response to finding:

These grant funds were being distributed under an emergency declaration due to the COVID-19 worldwide pandemic and extraordinary measures were being taken to get the money to those Polk County citizens in need.

Originally when the Polk Care Business Relief program was established, a company with 2 or more employees was to be paid at \$2,500. Subsequently a policy change was made to increase this amount to \$5,000. Sole proprietors were originally \$1,000 and increased to \$2,000.

This applicant was originally paid \$2,500 based upon policy and application information available at that time. Subsequently, upon review of a second applicant and information provided that related to the first applicant, staff was able to determine that the first applicant was misclassified and should have

received a lesser amount as a sole proprietor. At the same time initial applicants were being processed to be paid the net amount resulting from a policy change to increase the amount of assistance.

Due to the unusually high volume of transactions being processed expeditiously staff ensured that the second check did not get processed but failed to request the resulting \$500 overpayment from the original applicant.

In summary, staff originally determined the issue and a refund was requested and subsequently received from the applicant in the amount of \$500 on March 26, 2021.

Name of contact person(s) responsible for corrective action:

Todd J. Bond Deputy County Manager 863-534-6031

Planned completion date for corrective action plan: Refund requested from applicant on March 22, 2021. Refund in the amount of \$500 was received on March 26, 2021.

INDEPENDENT AUDITORS' REPORT

Honorable Stacy M. Butterfield Clerk of the Circuit Court Polk County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Polk County, Florida, Clerk of the Circuit Court (the Clerk), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Clerk's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the aggregate remaining fund information of the Clerk as of September 30, 2020, and the respective changes in financial position and the budgetary comparison for the General Fund and the Court Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, and the aggregate remaining fund information, only for that portion of the major funds, and the aggregate remaining fund information, of Polk County, Florida that is attributable to the transactions of the Clerk. They do not purport to, and do not, present fairly the financial position of Polk County, Florida as of September 30, 2020, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk's financial statements. The combining statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements. The combining statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and schedules are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2021 on our consideration of the internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Clerk's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Clerk's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Polk County is a political subdivision of the state of Florida governed by the state constitution and general laws of the state of Florida.

The Clerk of the Circuit Court (the Clerk) is a County Agency and a local governmental entity pursuant to Article 8, Section 1(d), of the Constitution of the State of Florida. For financial statement and reporting purposes, the Clerk does not meet the definition of a legally separate organization and is not considered to be a component unit. The Clerk is considered to be a part of the primary government of Polk County, Florida. The financial statements contained herein represent the financial transactions of the Clerk only.

The Clerk's financial statements have been prepared for the purpose of complying with Section 218.39(2), Florida Statutes, and Chapter 10.550, Rules of the Auditor General – Local Governmental Entity Audits, which requires the Clerk to only present fund financial statements. Accordingly, due to the omission of government-wide financial statements and related disclosures, including management's discussion and analysis, these financial statements do not constitute a complete presentation of financial position of the Clerk as of September 30, 2020 and the changes in its financial position for the year ended, in conformity with Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, but otherwise constitute financial statements prepared in conformity with accounting principles generally accepted in the United States of America.

The legislative and governing body of the County is the five-member board of county commissioners. Each county commissioner is elected on a county-wide basis for a four year term of office and each county commissioner is a resident of their Commission District. Polk County became a Home Rule Charter County on January 1, 1999, with an appointed county manager, and with separate legislative and executive functions. The county manager is the head of the administrative branch of county government and is responsible to the board of county commissioners for the proper administration of all affairs of the County, except for those powers, duties and functions residing, as specified by law, with the elected constitutional officers.

The Clerk is an elected public official serving both the Circuit and County Court in an administrative capacity. The Clerk's functions are to keep the courts' records and seal, serve as county recorder, issue and process, enter judgments and orders, give certified copies from the records, record and maintain custody of records, summon and process juries, serve as accountant, auditor and clerk to the board of county commissioners and perform other designated duties.

The general operations of the Clerk are funded through the fees charged to third parties and budget appropriations from the Polk County, Florida, Board of County Commissioners. The court operations of the Clerk are funded through fees and fines charged to third parties and funding from the Florida Clerk of Court Operations Corporation. The record modernization operations of the Clerk are funded through recording fees.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Basis of Presentation

These fund financial statements are prepared in conformity with the reporting guidelines established by the GASB and accounting practices prescribed by the Auditor General of the State of Florida. These financial statements present only the portion of the funds of Polk County, Florida that are attributable to the Clerk. They are not intended to present fairly the financial position and results of operations of Polk County, Florida in conformity with accounting principles generally accepted in the United States of America.

The Clerk reports the following major funds:

General Fund – The General Fund is used to account for all revenue and expenditures applicable to the general operations of the Clerk, which are not accounted for in another fund. All operating revenue not specifically restricted or designated as to use, is recorded in the general fund.

Court Fund – The Court Fund is used to account for all court-related financial resources. Based on the legal opinion provided by Clerks of Court Operations Corporation (CCOC) general counsel of the provisions of Section 28.35 and Section 28.37(3), *Florida Statutes*, which were adopted as policy by the CCOC Finance and Budget Committee, a portion of excess court-related funds have been included in a fund liability, Due to Other Governments.

Records Modernization Fund – To account for the additional service charges on recorded instruments for modernizing the official record keeping systems in the Clerk's office per Section 28.24(12)(d), *Florida Statutes* and funding court-related technology needs of the clerk as defined in s. 29.008(1)(f)2. and (h) per 28.24(12)(e), *Florida Statutes*.

Additionally, the Clerk reports the following fund type:

Agency Funds - The agency funds account for all assets held by the Clerk in capacity as custodian or agent for individuals, governmental entities and nonpublic organizations. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations and have measurement focus. Agency funds are accounted for using a full accrual basis of accounting.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Clerk considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, if measurable, except accrued compensated absences which are recorded only when payment has matured and will be payable shortly after year-end.

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus only current assets and current liabilities generally are included on the balance sheet. Statement of revenues, expenditures, and changes in fund balances of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

In governmental funds, intergovernmental revenues are considered susceptible to accrual when they are both measurable and available.

Charges for services, recording fees, fines and forfeitures and miscellaneous revenues are generally recorded as revenues when received in cash because they are usually not measurable until actually received.

Use of Estimates

The preparation of the financial statements requires management of the Clerk to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the period. Actual results could differ from estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets and Budgetary Accounting

The following are the procedures followed by the Clerk in establishing the budget:

The General Fund and Court Fund legally adopt budgets which are prepared on the modified accrual basis of accounting. Formal budgetary integration is employed as a management control device during the year for the General Fund and Court Fund. There is no legal requirement to adopt a budget for the Records Modernization Fund.

General Fund

The budget for the General Fund is prepared, adopted and administered in accordance with Sections 129.03 and 218.35, *Florida Statutes*. Section 28.36 also requires separation of the part pertaining to the court system from that pertaining to the Clerk and the Auditor of the board of county commissioners.

On or before May 1, of each year the Clerk submits to the board of county commissioners a tentative budget for expenditures to be paid by the board of county commissioners on behalf of the Clerk of the Circuit Court for the ensuing fiscal year.

Prior to September 1 of each year, the Clerk submits a budget to the board of county commissioners for filing which includes proposed expenditures for the operations of the Clerk's Office and the means of financing operations.

Section 129.07, *Florida Statutes*, provides that only excesses of total fund budgets are unlawful. Unused appropriations expire at the end of each state fiscal year.

Court Fund

The budget for the Court Fund shall further conform to the following requirements:

- 1. On or before June 1 of each year beginning in 2014, the proposed budget shall be prepared, summarized, and submitted to the Florida Clerks of Court Operations Corporation (CCOC) in the manner and form prescribed by the CCOC. The proposed budget must provide detailed information on the anticipated revenues available and expenditures necessary for the performance of the court-related functions of the Clerk's office for the county fiscal year beginning October 1.
- 2. The proposed budget must be balanced such that the total of the estimated revenues available equals or exceeds the total of the anticipated expenditures. Such revenues include revenue projected to be received from fees, service charges, costs, and fines for court-related functions during the fiscal period covered by the budget. The anticipated expenditures must be itemized as required by the CCOC.
- 3. If the Clerk estimates that available funds plus projected revenues from fines, fees, service charges, and costs for court-related services are insufficient to meet the anticipated expenditures for the standard list of court-related functions performed by the Clerk's office, the Clerk must report the revenue deficit to the CCOC.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets and Budgetary Accounting (Continued)

The CCOC shall verify that the proposed budget is limited to the standard list of court-related functions. If the CCOC verifies that a revenue deficit is projected, the CCOC shall certify a revenue deficit and notify the department of revenue that the Clerk is authorized to retain revenues, in an amount necessary to fully fund the projected revenue deficit, which he or she would otherwise be required to remit to the department of revenue for deposit into the department's Clerks of the Court Trust Fund pursuant. If a revenue deficit is projected for that clerk after retaining all of the projected collections from the court-related fines, fees, service charges, and costs, the corporation shall certify the amount of the revenue deficit to the Executive Office of the Governor and request release authority for funds from the department's Clerks of the Court Trust Fund.

Accrued Compensated Absences

Full-time employees earn annual leave at varying rates depending upon length of service as follows:

Length of Service	Annual Leave Earned
0 to 5 Years	22 Days
6 to 10 Years	25 Days
11 to 15 Years	28 Days
16 to 20 Years	31 Days
21 Years Plus	35 Days

The maximum permissible accumulation of annual leave is 35 days as of January 1 of each year. At termination, employees are paid for any accumulated annual leave up to 35 days.

Sick leave accumulates for employees hired prior to December 28, 2004 at the rate of two days per calendar year and is cumulative. At termination, employees are paid for any accumulated sick leave, based upon the following schedule provided they have 160 hours, up to a maximum of 800 hours for those employees hired prior to December 1, 1990, and a maximum of 400 hours for those employees hired after December 1, 1990.

At termination, employees hired prior to October 1, 1996 are paid for any accumulated sick leave based on the following schedule:

Length of Service	Percentage of Sick Leave
0 to 2 Years	0%
3 to 5 Years	25%
6 to 10 Years	30%
11 to 15 Years	35%
16 to 20 Years	40%
21 Years Plus	50%

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accrued Compensated Absences (Continued)

The Clerk uses the last-in, first-out (LIFO) method of recognizing the use of compensated absences. Under this method, compensated absences are recorded as an expenditure when the liability is liquidated with expendable available financial resources. Thus, unless it is anticipated that compensated absences will be used in excess of a normal year's accumulation, no additional expenditures are accrued by the Clerk. These liabilities are recorded in the Comprehensive Annual Financial Report of Polk County, Florida for the entire county and are not reflected in these statements.

Other Postemployment Benefit Obligations

The County provides certain health care benefits for retired employees. In accordance with Section 112.0801, *Florida Statutes*, and as authorized by the County Ordinance 2011-023, effective October 3, 2011, and County Ordinance 2017-037 effective July 25, 2017, the County offers retiring employees enrolled in the County's plans at the time of retirement and their covered dependents the opportunity to continue to participate in health and/or life insurance plans through the County's Retiree Benefits Program. The Clerk participates with Polk County in offering retiring employees the opportunity to continue to participate in the County's health insurance plan. The liability and expense for other postemployment benefits, calculated in accordance with Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, are reported in the financial statements of the County.

Excess Fees

Chapter 218, *Florida Statutes*, requires that any excess of revenues over expenditures in the General Fund which are not court related (excess fees) held by the Clerk at the end of each fiscal year shall be remitted to the board of county commissioners. For the year ended September 30, 2020, the Clerk remitted \$2,897,366 to the board of county commissioners, Polk County, Florida.

Capital Assets

Capital assets purchased by the Clerk are recorded as capital outlay expenditures. Ownership of all capital assets is vested in the Polk County, Florida Board of County Commissioners as provided by Chapter 274, *Florida Statutes*. The Clerk's policy is to capitalize expenditures for assets with a life of more than one year and cost of greater than \$1,000. Donated assets are recorded at their acquisition value at the date of donation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

All funds participate in the pooled cash program for the purpose of maximizing interest income. The earnings of the pool are allocated on a monthly basis to individual funds based upon their average monthly balance in the pool.

Fund Balance and Spending Policies

In accordance with GASB Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions, governments are required to classify fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned. The following are the definitions of the fund balance classifications:

Nonspendable — amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted — amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed — amounts that can be used only for specific purposes determined by a formal action of the Clerk. As the Clerk is an elected official responsible for the activities of the Clerk's office, she is the highest level of decision making authority and any official order from the Clerk would be required to authorize commitment of fund balance.

Assigned — amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used or specific purposes.

Unassigned — all other spendable amounts.

The Clerk has implemented fund balance and spending policies to clearly define the process for tracking the various classifications of fund balance. The policy states when an expenditure is incurred in the General Fund, the Clerk will first use restricted amounts, then committed amounts, then assigned amounts, and finally unassigned amounts. All other funds in which a fund expenditure is incurred, the Clerk will first use assigned amounts, then committed amounts, then restricted amounts, and finally unassigned amounts.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Chapter 218, Florida Statues

Chapter 218, *Florida Statutes*, requires that the Clerk make an annual report to the Board of County Commissioners, within 31 days of the close of his fiscal year, reflecting the excess of revenues over expenditures or the unexpended budget balance as of the close of the fiscal year. In order to comply with the state statute, it is the policy of the Clerk that the accounting records be held open several days after the close of the fiscal year in order that all revenue and expenditures applicable to the fiscal year can be recorded in the records. The financial statements prepared on an accounting principles generally accepted in the United States of America basis reflect any revenue or expenditures made after the close of the fiscal year as receivables or payables, as applicable.

Legislature Revisions

Effective July 1, 2004, Senate Bill 2962 implemented modifications to Article V, Revision 7 of the Constitution of the State of Florida (Article V). Article V modifications altered the funding for the county and circuit courts in the state of Florida. From July 1, 2004 and forward, Article V transferred the cost of county and circuit court operations from a board of county commissioners funded operation to a State funded operation. Effective July 1, 2013 with Senate Bill 1500, the Clerks are allotted a statewide budget that is allocated across the 67 Clerks by the Clerk of Courts Operations Corporation. Clerk's whose budgeted revenue is less than this budget allocation receive the expected shortfall in a 1/12th appropriation monthly. If a Clerk collects revenue in excess of 1/12th of their allocation in any month they must remit the excess by the 10th of the following month. Unspent revenue must be remitted at the end of the fiscal year.

NOTE 2 CASH AND CASH EQUIVALENTS

Deposits

At September 30, 2020, the Clerk's book balance of pooled cash was \$32,481,069. The bank balances in qualified depositories totaled \$36,230,267. The Clerk's bank balances are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for each banking relationship. The remaining balances in such accounts are collateralized with the state treasurer pursuant to Chapter 280, *Florida Statutes*. Under this Chapter, in the event of default by a participating financial institution (a qualified public depository), all participating institutions are obligated to reimburse the governmental entity for the loss.

Custodial Credit Risk and Interest Rate Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At year-end, the Clerk's deposits were entirely covered by federal depository insurance or guaranteed by qualified public depositories in Florida pursuant to Chapter 280.07, *Florida Statutes*. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

NOTE 3 LONG-TERM LIABILITIES

The following is a summary of the changes in long-term liabilities which are reported in the basic financial statements of Polk County, Florida.

	October 1,			September 30,
	2019	Additions	Deletions	2020
Accrued Compensated Absences	\$ 1,067,517	\$ 1,348,000	\$ (1,229,685)	\$ 1,185,832

Of these liabilities, \$1,046,503 is expected to be paid during the fiscal year ending September 30, 2021. These long-term liabilities are not reported in the financial statements of the Clerk since they have not matured.

NOTE 4 CAPITAL ASSETS

Capital assets used by the Polk County, Florida Clerk of Circuit Court in operations is reported in the basic financial statements of the County. The Clerk maintains custodial responsibility for capital assets used by the office.

The following is a summary of changes in capital assets:

	October 1,			September 30,
	2019	Additions	Disposals	2020
Capital Assets Being Depreciated:

Total Capital Assets, Net	\$ 768,467	\$ (210,960)	\$ (746)	\$ 556,761

NOTE 5 PENSION PLAN

Background

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiemployer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Clerk are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiemployer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

Florida Retirement System Pension Plan

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiemployer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) Members in senior management level positions.

NOTE 5 PENSION PLAN (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Plan Description (Continued)

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to four years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, *Florida Statutes*, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

NOTE 5 PENSION PLAN (CONTINUED)

Benefits Provided (Continued)

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

Retiree Health Insurance Subsidy Program

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiemployer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, *Florida Statutes*. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

NOTE 5 PENSION PLAN (CONTINUED)

FRS Investment Plan

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, *Florida Statutes*, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Clerk employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04% of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Clerk.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

NOTE 5 PENSION PLAN (CONTINUED)

Contributions

Participating employer contributions are based upon statewide rates established by the state of Florida. The Clerk contributions made to the plans during the years ended September 30, 2020, 2019, and 2018 were \$1,183,386, \$1,106,731, and \$1,032,751, respectively, equal to the actuarially determined contribution requirements for each year.

Additional information about pension plans can be found in Polk County's comprehensive annual financial report.

NOTE 6 OPERATING LEASES

As of September 30, 2020, the Clerk has several cancelable and noncancelable operating leases. The operating leases generally provide for automatic termination in any year in which the Clerk fails to appropriate funds for lease payments. Lease and rental expenditures under cancelable and noncancelable lease arrangements as well as various month to month rental agreements for the year ended September 30, 2020, were \$98,505. The following is a schedule of future minimum lease payments required under noncancelable leases:

Year Ending September 30,	 Amount
2021	\$ 96,602
2022	91,624
2023	47,566
2024	29,073
2025	5,407
Thereafter	-
Total	\$ 270,272

NOTE 7 RELATED-PARTY TRANSACTIONS

Transactions with the Polk County Board of County Commissioners for the year ended September 30, 2020 were as follows:

<u>Budget Appropriation</u> – The General Fund of the Clerk received revenues in the amount of \$5,247,286 for the year ended September 30, 2020, from the Polk County, Florida Board of County Commissioners. The Clerk also has receivables from the Polk County, Florida Board of County Commissioners in the amount of \$535,529 as of September 30, 2020.

NOTE 7 RELATED-PARTY TRANSACTIONS (CONTINUED)

As of September 30, 2020, the Clerk has additional payables to the Polk County, Florida Board of County Commissioners and the Polk County, Florida Sheriff in the amount of \$3.681,825 as follows:

General Fund - Excess Fees Due to BOCC	\$ 2,897,365
General Fund - Other Amounts Due to BOCC	46,764
Court Fund - Due to BOCC	9,905
Agency Funds - Due to BOCC	559,484
Agency Funds - Due to Other (Sheriff)	168,307
Total	\$ 3,681,825

NOTE 8 COMMITMENTS AND CONTINGENCIES

Litigation

Various suits and claims arising in the ordinary course of operations, some of which may involve substantial amounts, are pending against the Clerk. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the Clerk, the liabilities which may arise from such action would not result in losses which would materially affect the financial position of the Clerk or the results of its operations.

Grant Programs

The Clerk participates in a number of federal and state grant programs are subject to financial and compliance audits by the grantors or their representatives. The grantor audits of all programs for or including the year ended September 30, 2020 have not been completed.

Accordingly, the Clerk's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies, cannot be determined at this time although the Clerk expects such amounts, if any, to be immaterial.

NOTE 9 RISK MANAGEMENT

The Clerk participates in the risk management program through the Polk County, Florida Board of County Commissioners under a local government risk management pool. There were no losses reported for the years ended September 30, 2020, 2019, nor 2018.

There have been no significant reductions in insurance coverage in the last year. Settled claims have not exceeded the insurance provided by third party carriers in any of the last three years.

NOTE 9 RISK MANAGEMENT (CONTINUED)

The County is exposed to various risk of loss related to theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. A self-insurance program is effectively maintained by the County to administer insurance activities related to workers' compensation insurance, general and employment practices liability, auto liability and health. The County's self-insurance program covers operations of the board of county commissioners and the constitutional officers. Under the program, the County has retention limits for each type of claim, which is covered by commercial insurance purchased by the County

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Stacy M. Butterfield Clerk of the Circuit Courts Polk County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund and aggregate remaining information of the Polk County, Florida Clerk of the Circuit Court (the Clerk), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Clerk's financial statements, and have issued our report thereon dated February 23, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clerk's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Honorable Stacy M. Butterfield Polk County Clerk of the Circuit Court Polk County, Florida

We have audited the financial statements of each major fund and the aggregate remaining fund information of the Polk County, Florida, Clerk of the Circuit Court (the Clerk) as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated February 23, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 23, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with our audit, we did not have any such findings.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note 1 in notes to the financial statements.

Honorable Stacy M. Butterfield Clerk of the Circuit Court

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Clerk, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Stacy M. Butterfield and the Florida Auditor General Clerk of Circuit Courts Polk County, Florida

We have examined Polk County, Florida Clerk of the Circuit Court's (the Clerk's) compliance with Section 218.415, *Florida Statutes*, regarding the investment of public funds; Section 61.181, *Florida Statutes*, regarding clerks of the courts alimony and child support payments; and Sections 28.35 and 28.36, *Florida Statutes*, regarding clerks of the courts performance standards and budgets during the year ended September 30, 2020. Management of the Clerk is responsible for the Clerk's compliance with the specified requirements. Our responsibility is to express an opinion on the Clerk's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Clerk complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Clerk complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Clerk complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Clerk complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Clerk's compliance with specified requirements.

In our opinion, the Clerk complied, in all material respects, with Section 218.415, *Florida Statutes*, regarding the investment of public funds; Section 61.181, *Florida Statutes*, regarding clerk of courts alimony and child support payments; and Sections 28.35 and 28.36, *Florida Statutes*, regarding clerks of court performance standards and budgets, during the year ended September 30, 2020.

Honorable Stacy M. Butterfield and the Florida Audit General Clerk of the Circuit Court

INDEPENDENT AUDITORS' REPORT

Honorable Marsha M. Faux Property Appraiser Polk County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund of the Polk County, Florida Property Appraiser (Property Appraiser), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Property Appraiser's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general fund of the Property Appraiser as of September 30, 2020, and the changes in financial position and budgetary comparison of its general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund, only for that portion of the major funds of Polk County, Florida that is attributable to the Property Appraiser. They do not purport to, and do not, present fairly the financial position of Polk County, Florida as of September 30, 2020, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statement is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated January 12, 2021 on our consideration of the Property Appraiser's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of Property Appraiser's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Property Appraiser's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Polk County, Florida Property Appraiser (Property Appraiser) conform to accounting principles, as applicable to governmental units generally accepted in the United States of America. The accompanying summary of significant accounting policies is presented to assist the reader in interpreting the financial statements and footnotes in this report. These policies, as presented, should be viewed as an integral part of the accompanying financial statements.

Reporting Entity

Polk County, Florida is a political subdivision of the State of Florida governed by the State Constitution and general laws of the State of Florida.

The legislative and governing body of the County is the five-member Board of County Commissioners. Each County Commissioner is elected on a countywide basis for a four-year term of office and each County Commissioner is a resident of their Commission District. Polk County became a Home Rule Charter County on January 1, 1999, with an appointed County Manager, and with separate legislative and executive functions. The County Manager is the head of the administrative branch of county government and is responsible to the Board of County Commissioners for the proper administration of all affairs of the County, except for those powers, duties and functions residing, as specified by law, with the elected constitutional officers.

There are six offices elected countywide which are as follows: Board of County Commissioners composed of five (5) members, Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

The Property Appraiser is an elected official of the County pursuant to Article 8, Section 1(d), of the Constitution of the State of Florida. For financial statement and reporting purposes, the Property Appraiser does not meet the definition of a legally separate organization and is not considered to be a component unit. The Property Appraiser is considered to be a part of the primary government of Polk County, Florida (the County).

The financial activities of the Property Appraiser, as a constitutional officer are included in the Polk County, Florida Comprehensive Annual Financial Report.

Measurement Focus, Basis of Accounting, and Basis of Presentation

These financial statements have been prepared for the purpose of complying with Section 218.39(2), Florida Statutes, and Chapter 10.550, Rules of the Auditor General – Local Governmental Entity Audits, which allows the Property Appraiser to only present fund financial statements. These financial statements present only the portion of the funds of Polk County, Florida that are attributable to the Property Appraiser. They are not intended to present fairly the financial position and results of operations of Polk County, Florida in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Fund

The accounting records are organized for reporting purposes on the basis of a governmental fund. The Property Appraiser's only governmental fund is the general fund. The general fund is used to account for the general operations of the Property Appraiser.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The accounts of the governmental funds use the current financial resources measurement focus and are maintained on the modified accrual basis. Under the modified accrual basis, expenditures are recorded at the time liabilities are incurred and revenues are recorded when received in cash or when they are considered both measurable and available and, as such, are susceptible to accrual. For this purpose, the Property Appraiser considers revenues to be available if they are collected within 60 days after year end.

Fund Balance and Spending Policies

In accordance with GASB Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions, governments are required to classify fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned.

As the Property Appraiser is an elected official responsible for the activities of the Property Appraiser's office, she is the highest level of decision making authority and any official order from the Property Appraiser would be required to authorize commitment of fund balance. Also, the finance director has been given the authority to assign fund balance for a specific purpose.

The Property Appraiser has implemented fund balance and spending policies to clearly define the process for tracking the various classifications of fund balance. The policy states that when an expenditure is incurred and where restricted, committed, assigned, or unassigned amounts are available to be used, the Property Appraiser will first use restricted amounts, then committed amounts, then assigned amounts, and finally unassigned amounts.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets and Budgetary Accounting

Chapter 195, *Florida Statutes*, governs the preparation, adoption and administration of the Property Appraiser's annual budget. The General Fund budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America. Section 129.07, *Florida Statutes*, provides that only excesses of total fund budgets are unlawful.

The following are procedures followed in establishing the budget for the Property Appraiser's office:

- 1. On or before June 1 of each year, the Property Appraiser submits an annual budget for the operation of the office to the State of Florida, Department of Revenue, Ad Valorem Tax Division (the Department). A copy of the budget is also furnished to the Board of County Commissioners. After the budget has been reviewed and approved by the Department, it becomes the operating budget for the ensuing fiscal year.
- 2. The Property Appraiser's operating budget can only be amended after written approval has been received from the Department.
- 3. The Department approves all transfers between appropriation categories requested by the Property Appraiser, and this becomes the level of budgetary control for the Property Appraiser's office.
- 4. The original budget is the first complete appropriated budget. The final budget is the original budget adjusted by all reserves, transfers, allocations, supplemental appropriations, and other legally authorized changes applicable to the fiscal year, whenever legally authorized.
- 5. Formal budgetary integration is employed as a management control device during the year for the General Fund.

Accounts Receivable

All receivables are expected to be collected. As such, no allowance has been recorded

Use of Estimates

The preparation of the fund financial statements is in conformity with GAAP, as applicable to government entities, requires management to make use of estimates that affect the reported amounts in the financial statement. Actual results could differ from estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Return of "Excess Fees"

Florida Statutes further provide that the excess of revenues over expenditures held by the Property Appraiser be distributed to each governmental agency or the Board in the same proportion as the fees paid by each governmental agency bear to total fee revenues. The amount of this distribution is recorded as a liability and as an other financing use-transfer out in the accompanying financial statements.

Capital Assets

Capital assets purchased by the Property Appraiser are recorded as capital outlay expenditures. Capital assets are not included in the financial statements of the Property Appraiser because ownership is vested in the Polk County, Florida Board of County Commissioners as provided by Chapter 274, *Florida Statutes*.

Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated acquisition value on the date received. No depreciation expense has been provided on capital assets in these financial statements. However, depreciation expense on these assets is recorded in the basic financial statements of Polk County, Florida.

Accumulated Unpaid Vacation and Sick Pay

Effective January 1, 2014, the Property Appraiser adopted a Paid Time Off (PTO) for its vacation and sick leave. The purpose of this change is providing deputies with flexible paid time off from work that can be used for any purpose (illness or vacation). All unused annual leave will carry over and will convert into PTO credits. All unused sick time on, January 1, 2014 converted into "banked sick leave". The banked sick leave may be used if desired until it is exhausted. Deputies may not take leave without pay in lieu of PTO or banked sick leave. Deputies may not use or be paid for time accrued during the first six (6) months of employment.

Each full time deputy will accrue PTO bi-weekly, except for the last check in a three paycheck month, in hourly increments based on the deputies length of service as follows:

Years of Service	Leave Accrued per Month	Days Per Year
0-4 Years	6.87 Hours	22
5-9 Years	7.81 Hours	25
10-14 Years	8.75 Hours	28
15-19 Years	9.68 Hours	31
20 or more Years	10.93 Hours	35

The maximum accumulation for PTO will be 450 hours in any given payroll year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accumulated Unpaid Vacation and Sick Pay (Continued)

Deputies may sell back PTO once a year provided funds are available, if all criteria are met:

- 1. A minimum of 37.5 hours of scheduled PTO has been taken prior to annual sell back date. This time frame is based on the fiscal year of October through September.
- 2. No more than 75 hours of un-scheduled PTO has been taken prior to annual sell back date. This time frame is based on the fiscal year of October through September.
- 3. There must be a PTO balance of a minimum of 150 hours after the sell back.

If Polk County Property Appraiser Deputies hired prior to October 1, 1996 and classified as full-time shall receive compensation for banked sick leave upon resignation and/or retirement. Any deputy terminated will not be paid sick leave. Those appointed after October 1, 1996 will not receive compensation for banked sick leave upon resignation or retirement.

A deputy shall not be eligible for compensation according to the schedule unless they have accrued a minimum of twenty (20) days or one hundred fifty (150) hours.

Maximum of eight hundred (800) hours payable to deputies hired prior to January 1, 1987. Maximum of four hundred (400) hours payable to deputies hired after January 1, 1987. No sick leave hours payable to deputies hired after October 1, 1996.

Compensation shall be based on the deputy's computed hourly rate at the time of resignation or retirement based on hours on the books the day of resignation. Length of service and percentage payable shall be calculated on continuous service with the Property Appraiser's Office only.

	Percentage of				
Years of Service	Leave Accrued				
2-5 years	25%				
6-10 years	30%				
11-15 years	35%				
16-20 years	40%				
20 or more years	50%				

The Property Appraiser does not, nor is legally required to, accumulate financial resources for these unmatured obligations. Accordingly, the liability for compensated absences is not reported in the general fund of the Property Appraiser, but rather reported in the basic financial statements of Polk County, Florida.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Significant Accounting Policies

Chapter 218, *Florida Statutes*, requires that the Constitutional Officers make an annual report to the Board of County Commissioners, within 31 days of the close of their fiscal year, reflecting the excess of revenues over expenditures or the unexpended budget balance as of the close of the fiscal year. In order to comply with the state statute, it is the policy of the Constitutional Officers that the accounting records be held open several days after the close of their fiscal year in order that all receipts and expenditures applicable to the fiscal year can be recorded in the records. The financial statements prepared on a GAAP basis reflect any receipts or disbursements made after the close of the fiscal year as receivables or payables, as applicable.

Other Postemployment Benefit Obligations

The County provides certain health care benefits for retired employees. In accordance with Section 112.0801, *Florida Statutes*, and as authorized by the County Ordinance 2011-023, effective October 3, 2011, and County Ordinance 2017-037 effective July 25, 2017, the County offers retiring employees enrolled in the County's plans at the time of retirement and their covered dependents the opportunity to continue to participate in health and/or life insurance plans through the County's Retiree Benefits Program. The Sheriff participates with Polk County in offering retiring employees the opportunity to continue to participate in the County's health insurance plan. Other postemployment benefits, calculated in accordance with Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, are reported in the financial statements of the County.

NOTE 2 CUSTODIAL CREDIT RISK

Custodial credit risk is defined as the risk that, in the event of failure of the counterparty, the Property Appraiser will not be able to recover the value of its securities that are in the possession of an outside party.

At September 30, 2020, the Property Appraiser's book balance of cash was \$891,043 and the bank balance was \$1,128,075. The Federal Deposit Insurance Corporation (FDIC) insures the Property Appraiser's bank balances for \$250,000 for each banking relationship through December 31, 2020. The remaining balances are collateralized pursuant to Chapter 280, *Florida Statutes*. Pursuant to Chapter 280, *Florida Statutes*, the Property deposits are required to be entirely covered by federal depository insurance or by collateral pledged with the State Treasurer. Under this Chapter, in the event of default by a participating financial institution, (a qualified public depository), all participating institutions are obligated to reimburse the governmental entity for the loss.

NOTE 3 OPERATING LEASES

At September 30, 2020, the Property Appraiser has entered into long-term operating leases. Each operating lease has a funding clause that allows the Property Appraiser to terminate the lease if funding is not available to make lease payments. The following schedule of future minimum lease payments is required under these leases.

September 30,	
2021	\$ 90,572
2022	74,358
2023	28,801
Total	\$ 193,731

The operating lease expenses for the year ended September 30, 2020 were \$110,062.

NOTE 4 CAPITAL ASSETS

The following is a summary of changes in capital assets for the year ended September 30, 2020:

	October 1, 2019		Additions		Deletions		September 30, 2020		
Capital assets:									
Building Improvements	\$	68,373	\$	-	\$	-	\$	68,373	
Equipment		1,965,765		143,398		(267,392)		1,841,771	
Intangibles		1,530,000		-		-		1,530,000	
Total capital assets		3,564,138		143,398		(267,392)		3,440,144	
Less accumulated depreciation:									
Building Improvements		67,850		523		-		68,373	
Equipment		1,553,580		162,707		(267,392)		1,448,895	
Intangibles		1,530,000		-		-		1,530,000	
Total accumulated depreciation		3,151,430		163,230		(267,392)		3,047,268	
Total capital assets, net	\$	412,708	\$	(19,832)	\$	-	\$	392,876	

NOTE 5 LONG-TERM LIABILITIES

The following is a summary of the changes in long-term liabilities which are reported in the basic financial statements of Polk County, Florida.

	0	ctober 1, 2019	Additions	Sep	otember 30, 2020	Due Within One Year		
Accrued Compensated Absences	\$	204,422	626,040	(615,037)	\$	215,425	\$	215,425

The long-term liabilities are not reported in the financial statements of the Property Appraiser since they are not payable from available spendable resources and they have not matured. They are reported in the financial statements of the County.

NOTE 6 PENSION PLANS

Background

The Florida Retirement System (FRS) was created by Chapter 121, *Florida Statutes*, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, *Florida Statutes*, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Property Appraiser are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, *Florida Statutes*; Chapter 112, Part IV, *Florida Statutes*; Chapter 238, *Florida Statutes*; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

NOTE 6 PENSION PLANS (CONTINUED)

FLORIDA RETIREMENT SYSTEM PENSION PLAN

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multipleemployer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) Members in senior management level positions.

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, *Florida Statutes*, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

NOTE 6 PENSION PLANS (CONTINUED)

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

RETIREE HEALTH INSURANCE SUBSIDY PROGRAM

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multipleemployer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, *Florida Statutes*. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

NOTE 6 PENSION PLANS (CONTINUED)

FRS INVESTMENT PLAN

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, *Florida Statutes*, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Property Appraiser employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Property Appraiser.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

NOTE 6 PENSION PLANS (CONTINUED)

Contributions

Participating employer contributions are based upon statewide rates established by the State of Florida. The Property Appraiser's contributions made to the plans during the years ended September 30, 2020, 2019, and 2018 were \$757,238, \$684,855, and \$616,900, respectively, equal to the actuarially determined contribution requirements for each year.

Additional information about pension plans can be found in the County's comprehensive financial report or County-wide financial statements.

NOTE 7 RELATED PARTY TRANSACTIONS

Transactions with the Polk County, Florida Board of County Commissioners for the year ended September 30, 2020, were as follows:

<u>Budget Appropriation</u> – The Polk County, Florida Board of County Commissioners paid fees to the Property Appraiser for the year ended September 30, 2020 in the amount of \$9,625,875. Revenues from the Polk County, Florida Board of County Commissioners accounted for 94% of total General Fund revenues. The amount representing excess fees to the Polk County, Florida Board of County Commissioners at September 30, 2020 was \$553,072.

<u>Health Insurance</u> – The Board of County Commissioners provides health insurance benefits to the Property Appraiser for employees, their dependents, and retirees. The charges for the services for the year ended September 30, 2020 amounted to \$1,613,528.

Other – The Board of County Commissioners and the Clerk of Circuit Court provides other supplies and services to the Property Appraiser. The charges for these supplies and services for the year ended September 30, 2020 amounted to \$44,911 and \$1,340, respectively.

NOTE 8 RISK MANAGEMENT

The Property Appraiser participates in the risk management program through the Polk County, Florida Board of County Commissioners under a local government risk management pool. There were no losses reported for the years ended September 30, 2020, 2019, nor 2018.

There have been no significant reductions in insurance coverage in the last year. Settled claims have not exceeded the insurance provided by third party carriers in any of the last three years.

The County is exposed to various risk of loss related to theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. A self-insurance program is effectively maintained by the County to administer insurance activities related to workers' compensation insurance, general and employment practices liability, auto liability and health. The County's self-insurance program covers operations of the Board of County Commissioners and the constitutional officers. Under the program, the County has retention limits for each type of claim, which is covered by commercial insurance purchased by the County.

Claim Tuna	County Coverage (Deductible/Self-insured Amount)	Excess Carrier's Coverage
Claim Type	(Deductible) Self-Illsured Allibuilt)	Excess Carrier's Coverage

Compensation	\$ 1,000,000 Employers Liability	Employers Liability - No Excess Coverage

NOTE 9 LITIGATION

Various suits and claims arising in the ordinary course of the Property Appraiser's operations, some of which involve substantial amounts, are pending against the Property Appraiser. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the Property Appraiser, the liabilities which may arise from such action would not result in losses which would materially affect the financial position of the Property Appraiser or the results of its operations.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Marsha M. Faux Property Appraiser Polk County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the general fund of Polk County, Florida Property Appraiser (Property Appraiser), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise Property Appraiser's financial statements, and have issued our report thereon dated January 12, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Property Appraiser's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Property Appraiser's internal control. Accordingly, we do not express an opinion on the effectiveness of Property Appraiser's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Property Appraiser's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Property Appraiser's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Honorable Marsha M. Faux Polk County Property Appraiser Polk County, Florida

Report on the Financial Statements

We have audited the financial statements of the general fund of the Polk County, Florida Property Appraiser (Property Appraiser), Florida, as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated January 12, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated January 12, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with our audit, we did not have any such findings.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note 1 in notes to the financial statements.

Honorable Marsha M. Faux Property Appraiser

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such finding.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies and the Property Appraiser and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Marsha M. Faux and the Florida Auditor General Polk County Property Appraiser Polk County, Florida

We have examined Polk County, Florida Property Appraiser's (the Property Appraiser) compliance with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the year ended September 30, 2020. Management of the Property Appraiser is responsible for the Property Appraiser's compliance with the specified requirements. Our responsibility is to express an opinion on the Property Appraiser's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Property Appraiser complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Property Appraiser complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Property Appraiser's compliance with specified requirements.

In our opinion, the Property Appraiser complied, in all material respects, with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the year ended September 30, 2020.

This report is intended solely for the information and use of the Property Appraiser and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable Grady C. Judd Sheriff Polk County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the major fund and the aggregate remaining fund information of the Polk County, Florida Sheriff (Sheriff), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Sheriff's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund and the aggregate remaining fund information of the Sheriff as of September 30, 2020, and the respective changes in financial position and budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the state of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major fund and the aggregate remaining fund information, only for that portion of the major fund and the aggregate remaining fund information, of Polk County, Florida that is attributable to the transactions of the Sheriff. They do not purport to, and do not, present fairly the financial position of Polk County as of September 30, 2020, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sheriff's financial statements. The combining statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements. The combining statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and schedules are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 17, 2021 on our consideration of the internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Sheriff's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sheriff's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Sheriff is a political subdivision of the state of Florida governed by the state constitution and general laws of the state of Florida.

The Sheriff is a county agency and a local governmental entity pursuant to Article 8, Section 1(d), of the Constitution of the State of Florida. For financial statement and reporting purposes, the Sheriff does not meet the definition of a legally separate organization and is not considered to be a component unit. The Sheriff is considered to be a part of the primary government of Polk County, Florida. The financial statements contained herein represent the financial transactions of the Sheriff only.

The accompanying financial statements have been prepared for the purpose of complying with Section 218.39(2), Florida Statutes, and Chapter 10.550, Rules of the Auditor General – Local Governmental Entity Audits, which allows the Sheriff to only present fund financial statements. These financial statements present only the portion of the funds of Polk County, Florida that are attributable to the Sheriff. They are not intended to present fairly the financial position and results of operations of Polk County, Florida in conformity with accounting principles generally accepted in the United States of America. There are no separate legal entities (component units) for which the Sheriff is financially accountable.

The legislative and governing body of the county is the five-member board of county commissioners. Each county commissioner is elected on a county-wide basis for a four-year term of office and each county commissioner is a resident of their commission district. Polk County became a Home Rule Charter County on January 1, 1999, with an appointed county manager, and with separate legislative and executive functions. The county manager is the head of the administrative branch of county government and is responsible to the board of county commissioners for the proper administration of all affairs of the County, except for those powers, duties and functions residing, as specified by law, with the elected constitutional officers.

The Sheriff is the chief law enforcement officer of Polk County. He is a conservator of the peace; expressly empowered to suppress disturbances and to command the assistance of others in the furtherance of his duties. Additionally, he executes all process, both civil and criminal, within the County and is responsible for the management of the County detention facilities.

These financial statements are fund financial statements that have been prepared in conformity with the reporting guidelines established by the Governmental Accounting Standards Board (GASB) and accounting practices prescribed by the Auditor General, State of Florida. The basic financial statements for the County as a whole, which includes the funds of the Sheriff, are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Basis of Presentation

The accounts of the governmental funds are maintained on the modified accrual basis. Under the modified accrual basis, expenditures are recorded at the time liabilities are incurred, and revenues are recorded when received in cash or when they are considered both measurable and available and as such, are susceptible to accrual. For this purpose, the Sheriff considers revenues to be available if they are collected within 60 days after year-end with the exception of grants, which have a period of availability of one year. Grants are recognized as revenue as soon as all eligibility requirements have been met. Expenditures are recorded when the related fund liability is incurred, except for compensated absences, which are recognized as expenditures to the extent they have matured.

The fiduciary funds are maintained on the accrual basis of accounting.

Description of Funds

The accounting records are organized for reporting purposes on the basis of governmental funds and a fiduciary funds.

Governmental Funds

Major Fund

General Fund – The General Fund is the general operating fund of the Sheriff. It is used to account for all financial resources, except for those required to be accounted for in another fund.

Nonmajor Funds

Special Revenue Funds – The Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes. These funds include expenditures for special revenue grants.

Inmate Welfare Fund – This fund accounts for the monies collected from commissary and canteen sales commissions, and is governed by the provisions of Section 951.23, *Florida Statute*.

Law Enforcement Education Fund – These funds account for revenues from \$2.50 and \$2.00 court costs assessments pursuant to Section 938.15, *Florida Statutes* as outlined in Section 318.18, *Florida Statute*, and the \$5.00 animal control fee assessment pursuant to Polk County Ordinance 10-001, section 6. These revenues are used for the purpose of education and training of Law Enforcement, Detention and Support personnel.

Law Enforcement Trust Fund – These funds account for revenues from local forfeiture proceedings pursuant to Section 932.7055, *Florida Statute*, and federal civil assets forfeitures and sharing programs of Department of Justice and Department of Treasury per the US Department of Justice Guide to Equitable Sharing.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Funds (Continued)

Fiduciary Funds

Agency Funds – The Agency Funds are used to account for assets held by the Sheriff as an agent for individuals, private organizations, and other governments. The Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of changes in financial position. The Sheriff's Agency Funds are: Fees and Suspense Fund, Inmate Fund, and Fines and DRDs Fund.

Budgets and Budgetary Accounting

The following are the procedures followed by the Sheriff in establishing the budget:

- a) On or before May 1 of each year, the Sheriff submits an annual budget for the operations of his office to the board of county commissioners. After the budget has been reviewed and approved by the board of county commissioners, it becomes the operating budget for the ensuing fiscal year.
- b) The General Fund budget is prepared on the modified accrual basis of accounting.
- c) The budget for the Sheriff is prepared, adopted and administered in accordance with Sections 30.49 and 129.03, *Florida Statutes*.
- d) Any subsequent amendments to the budget must be approved by the board of county commissioners. The annual budget serves as the legal authorization for expenditures.
- e) Section 129.07, *Florida Statutes*, provides that only expenditures in excess of total fund budgets are unlawful.
- f) Unused appropriations lapse at the end of each fiscal year.
- g) Formal budgetary integration is employed as a management control device for the General Fund. Budgetary Control is maintained by fund at the departmental expenditure level. Budgetary changes are made at the discretion of the Sheriff. Management uses a monthly budget variance report that analyzes year-to-date expenditures by category and fund and projects the year-end budget surplus or deficit.
- h) Budgets for the Special Revenue Funds and Other Governmental Funds are not required legally and are, therefore, not prepared.
- i) The original budget is the first complete appropriated budget. The final budget is the original budget adjusted by all reserves, transfers, allocations, supplemental appropriations, and other legally authorized changes applicable to the fiscal year, whenever legally authorized.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets purchased by the Sheriff are recorded as capital outlay expenditures. Ownership of all capital assets is vested in the Polk County, Florida Board of County Commissioners as provided by Chapter 274, *Florida Statutes*. The Sheriff maintains custodial responsibility for the capital assets used by his office. Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated acquisition value on the date received. The Sheriff's policy is to capitalize expenditures for equipment with a life of more than one year and cost of greater than \$1,000. The Sheriff's expenditures for building renovations shall only be considered capital if the renovation project exceeds \$5,000. No depreciation expense has been provided on capital assets in these financial statements. However, depreciation expense on these assets is recorded in the basic financial statements of Polk County, Florida.

Excess Fees

Chapter 30, *Florida Statutes*, requires that any excess of revenues over expenditures in the General Fund (excess fees) held by the Sheriff at the end of each fiscal year shall be refunded to Polk County, Florida Board of County Commissioners. Therefore, the excess of revenues over expenditures in the General Fund at the end of each fiscal year is reflected as a transfer of excess fees on the statement of revenues, expenditures and changes in fund balances, and the related liability is recorded as due to Polk County, Florida Board of County Commissioners.

Cash and Investments

All funds participate in the pooled cash and investments program for the purpose of maximizing investment yields. The earnings of the pool are allocated on a monthly basis to individual funds based upon their average monthly balance in the pool.

Due to/from Other Funds

Amounts receivable from or payable to other funds are reflected in the accounts of the fund until liquidated by payment or authorized interfund transactions.

Receivables, Net

Receivables include amounts due from services provided under various agreements. All receivables are current. Based on estimated collectability, the allowance for uncollectible amounts related to stipends paid to persons in the training academy is \$400,824, which is equal to the receivable of \$400,824. All other receivables are considered to be collectible and, therefore, no other allowance for doubtful accounts is considered necessary by management.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the financial statements. Prepaid items are generally accounted for using the consumption method. These are not available expendable resources.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance and Spending Policies

In accordance with GASB Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions, governments are required to classify fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned. The following are the definitions of the fund balance classifications:

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of the Sheriff. As the Sheriff is an elected official responsible for the activities of the Sheriff's office, he is the highest level of decision making authority and any official order from the Sheriff would be required to authorize commitment of fund balance.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Sheriff's general orders, only the executive director has been given the authority to assign fund balance for a specific purpose.

Unassigned – all other spendable amounts.

The Sheriff has implemented fund balance and spending policies to clearly define the process for tracking the various classifications of fund balance. The policy states when a general fund expenditure is incurred and where restricted, committed, assigned, or unassigned amounts are available to be used, the Sheriff will first use restricted amounts, then committed amounts, then assigned amounts, and finally unassigned amounts. All other funds in which fund expenditure is incurred and where restricted, committed, assigned, or unassigned amounts are available to be used, the Sheriff will first use unassigned amounts, then assigned amounts, and finally restricted amounts.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accrued Compensated Absences

Vacation and Sick Leave Plan

Full-time employees earn annual leave at varying rates depending upon length of service as follows:

Rank	Length of Service	Annual Leave Earned
Major and Above	0 and Above	240 hours
Below Major	1 to 4 Years	96 hours
	5 to 9 Years	120 hours
	10 to 14 Years	160 hours
	15 to 19 Years	180 hours
	20 to 24 Years	200 hours
	25 and Above Years	240 hours

For employees hired prior to January 1, 1997, the maximum permissible accumulation of vacation leave is 36 times the monthly accrual rate. If hired after January 1, 1997, employees may accumulate vacation leave not to exceed 240 hours. At termination, employees in good standing are paid for any accumulated vacation leave.

Sick leave accumulates for full time employees at the rate of one day per calendar month and is cumulative. Employees hired after January 1, 1997 shall not be paid for accrued sick leave. However, if a full-time employee hired prior to January 1, 1997 leaves the Sheriff in good standing or retires, the employee shall be paid for accrued sick leave based on the following schedule:

Length of Service	Percentage of Sick Leave
15 to 19 Years	40 - 48%
20 to 24 Years	50 - 54%
25 to 29 Years	55 - 59%
30 and Above Years	60%

Total payable vacation and sick leave hours are multiplied by the current pay rate to determine the accrued liability. Employees are charged for the last day of vacation or sick leave when the leave is used. Thus, unless it is anticipated that vacation or sick will be used in excess of a normal year's accumulation, no additional expenditures are accrued.

The Sheriff does not, nor is the sheriff legally required to, accumulate expendable financial resources for these unmatured obligations. Accordingly, the liability for compensated absences is not reported in the governmental funds of the Sheriff, but rather reported in the basic financial statements for the Polk County, Florida.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Paid Time Off (PTO) Leave Plan

Full-time employees earn annual leave at varying rates, depending upon length of service. All members in the PTO plan accrue leave according to the following schedule:

	PTO Leave Earned
Length of Service	After January 1, 1997
0 and Above	288 hours
0 to 4 Years	144 hours
5 to 9 Years	168 hours
10 to 14 Years	192 hours
15 to 19 Years	216 hours
20 and Above Years	248.4 hours
	0 and Above 0 to 4 Years 5 to 9 Years 10 to 14 Years 15 to 19 Years

There is no maximum amount of paid time off leave hours a member may accumulate. Upon termination, the maximum that shall be paid out is based on the following schedule:

Members Hired		Members Hired
	January 1, 1997	January 1, 2014
Length of Service	to December 31, 2013	and After
0 to 3 Years	Up to 240 hours	None
4 to 5 Years	Up to 240 hours	Up to 100 hours
6 Years	Up to 240 hours	Up to 200 hours
7 to 9 Years	Up to 250 hours	Up to 250 hours
10 to 14 Years	Up to 300 hours	Up to 300 hours
15 to 19 Years	Up to 350 hours	Up to 350 hours
20 to 24 Years	Up to 400 hours	Up to 400 hours
25 and Above Years	Up to 480 hours	Up to 480 hours

Total payable PTO leave hours are multiplied by the current pay rate to determine the accrued liability. Employees are charged for the last day of PTO leave when the leave is used. Thus, unless it is anticipated that PTO will be used in excess of a normal year's accumulation, no additional expenditures are accrued.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Postemployment Benefit Obligations

The County provides certain health care benefits for retired employees. In accordance with Section 112.0801, *Florida Statutes*, and as authorized by the County Ordinance 2011-023, effective October 3, 2011, and County Ordinance 2017-037 effective July 25, 2017, the County offers retiring employees enrolled in the County's plans at the time of retirement and their covered dependents the opportunity to continue to participate in health and/or life insurance plans through the County's Retiree Benefits Program. The Sheriff participates with Polk County in offering retiring employees the opportunity to continue to participate in the County's health insurance plan. Other postemployment benefits, calculated in accordance with Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, are reported in the financial statements of the County.

Use of Estimates

The preparation of the financial statements requires management of the Sheriff to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the period. Actual results could differ from those estimates.

Other Significant Accounting Policies

Chapter 218, Florida Statutes, requires that the Sheriff make an annual report to Polk County, Florida Board of County Commissioners, within 31 days of the close of his fiscal year, reflecting the excess of revenues over expenditures or the unexpended budget as of the close of the fiscal year. In order to comply with the Florida statute, it is the policy of the Sheriff that the accounting records be held open several days after the close of the fiscal year in order that all receipts and expenditures applicable to the fiscal year can be recorded in the records. The financial statements prepared on a GAAP basis reflect any receipts or disbursements made after the close of the fiscal year as receivables or payables, as applicable.

NOTE 2 CASH AND INVESTMENTS

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At year-end, the Sheriff's deposits were entirely covered by federal depository insurance or guaranteed by qualified public depositories in Florida pursuant to Chapter 280.07, *Florida Statutes*. Under the Chapter, in the event of default by a participating financial institution (a qualified public depository), all participating institutions are obligated to reimburse the government entity for the loss.

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Deposits

At September 30, 2020, the Sheriff's book balance of cash was \$23,200,167, which includes \$3,015 of cash on hand, and the bank balance was \$24,559,771. The Sheriff's interest bearing bank balance is collateralized pursuant to Chapter 280, *Florida Statutes*. The remaining balances in such accounts are collateralized with the State Treasurer pursuant to Chapter 280, *Florida Statutes*.

Investments

The Sheriff is authorized to invest surplus funds in accordance with Chapter 218.415, *Florida Statutes*. This investment policy formally established guidelines and authorized the Sheriff to invest in the following:

- a) the Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, in s. 163.01;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) interest bearing time deposits or savings accounts in qualified public depositories, as defined in s. 280.02, and
- d) direct obligations of the U.S. Treasury.

There were no violations of legal or contractual provisions for deposits and investments during the year.

The Sheriff invests funds throughout the year with the Local Government Surplus Funds Trust Fund, "Florida PRIME" pool, an investment pool administered by the Florida State Board of Administration (SBA), under the regulatory oversight of the State of Florida. Investments in Florida PRIME are made pursuant to Chapter 125.31, *Florida Statutes*. Florida PRIME is considered a qualifying external investment pool that meets all of the necessary criteria to elect to measure all of the investments at amortized cost. Therefore, the fair value of the Sheriff's position in the pool is the same as the value of the pool shares. At September 30, 2020, the balance in Florida PRIME totaled \$14,356,974.

The Sheriff's investment in the State Pool exposes it to custodial credit risk. Custodial credit risk is the risk that in the event of a failure of the counterparty to a transaction, the Sheriff will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

The Florida PRIME has adopted operating procedures consistent with the requirements for a SEC 2a7-like fund (as defined in GASB 31); therefore, the account balance should be considered the fair value of the investment. The Florida PRIME is rated by Standard and Poor's. The current rating is AAAm. The weighted average days to maturity (WAM) of the Florida PRIME at September 30, 2020 was 48 days. The weighted average life (WAL) of the Florida PRIME at September 30, 2020 was 63 days.

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the local government investment pool to interest rate changes.

In accordance with GASB 79, as a participant in a qualifying external investment pool, the Sheriff should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates in the notes to the financial statements.

With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the monies in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days."

With regard to liquidity fees, *Florida Statute* 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2020, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100% of their account value.

NOTE 3 LONG-TERM LIABILITIES

The following is a summary of changes in long-term liabilities for the Sheriff for the year ended September 30, 2020 which are reported in the basic financial statements of Polk County, Florida:

	October 1,			September 30,
	2019	Additions	Deletions	2020
Compensated Absences	\$ 10,728,449	\$ 8,648,702	\$ (8,870,460)	\$ 10,506,691

Of these liabilities, approximately \$1,337,851 is expected to be paid during the fiscal year ending September 30, 2020.

NOTE 4 PENSION PLANS

Background

The Florida Retirement System (FRS) was created by Chapter 121, *Florida Statutes*, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, *Florida Statutes*, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Sheriff are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, *Florida Statutes*; Chapter 112, Part IV, *Florida Statutes*; Chapter 238, *Florida Statutes*; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiemployer benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

NOTE 4 PENSION PLANS (CONTINUED)

Florida Retirement System Pension Plan

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multipleemployer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) Members in senior management level positions.
- Special Risk Class Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to four years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, *Florida Statutes*, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

NOTE 4 PENSION PLANS (CONTINUED)

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

Retiree Health Insurance Subsidy Program

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, *Florida Statutes*. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

NOTE 4 PENSION PLANS (CONTINUED)

FRS Investment Plan

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, *Florida Statutes*, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Sheriff employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Sheriff.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Contributions

Participating employer contributions are based upon statewide rates established by the state of Florida. The Sheriff's contributions made to the plans during the years ended September 30, 2020, 2019, and 2018 were \$19,920,312, \$18,844,105, and \$17,491,392, respectively, equal to the actuarially determined contribution requirements for each year.

NOTE 4 PENSION PLANS (CONTINUED)

Contributions (Continued)

Additional information about pension plans can be found in Polk County's comprehensive annual financial report.

NOTE 5 OPERATING LEASES

As of September 30, 2020, the Sheriff has several cancelable and noncancelable operating leases. The operating leases generally provide for automatic termination in any year in which the Sheriff fails to appropriate funds for lease payments. Lease and rental expenditures under cancelable and noncancelable lease arrangements as well as various month to month rental agreements for the year ended September 30, 2020, were \$541,830. The following is a schedule of future minimum lease payments required under noncancelable leases:

Year Ending September 30,	Amount		
2021	\$	333,544	
2022		49,139	
2023		11,817	
2024		10,426	
2025		10,426	
Thereafter		65,160	
Total	\$	480,512	

NOTE 6 FUND BALANCE CLASSIFICATIONS

As of September 30, 2020, fund balances are composed of the following:

	Nonmajor								
		General		Funds		Total			
Nonspendable:	•		•	-	-	<u>,</u>			
Prepaid Items	\$	1,122,976	\$	84,624	\$	1,207,600			
Restricted:									
Inmate Welfare		-		1,992,922		1,992,922			
Law Enforcement Education		-		519,972		519,972			
Law Enforcement Trust Fund Purposes		-		108,645		108,645			
Restricted for Purpose of Grants		-		186,307		186,307			
Total Restricted		-		2,807,846		2,807,846			
Assigned Funds									
Subsequent Year Expenditures		-		4,092		4,092			
Unassigned Funds		(1,122,976)		(40,866)		(1,163,842)			
Total Fund Balances	\$	_	\$	2,855,696	\$	2,855,696			

NOTE 7 CAPITAL ASSETS

Tangible personal property used by the Sheriff in operations is reported in the basic financial statements of Polk County, Florida.

State law requires the Sheriff to account for all tangible property used by the Sheriff. A summary of changes in capital assets for the year ended September 30, 2020:

	October 1, 2019	Additions	Disposals	Transfers	September 30, 2020
Capital Assets Not Depreciated: Construction-in-Progress	\$ 220,787	\$ 188,826	\$ -	\$ (185,191)	\$ 224,422
Total Assets Not Depreciated	220,787	188,826		(185,191)	224,422
Capital Assets Depreciated:					
Autos and Aircraft	39,430,977	3,180,350	(3,476,887)	13,373	39,147,813
Radios and Equipment	1,779,597	285,309	(280,457)	-	1,784,449
Jail Fixtures and Equipment	2,205,722	217,393	(227,098)	-	2,196,017

General Fund	\$ 3,000
Agency Funds	2,012
Total	\$ 5,012

NOTE 9 COMMITMENTS AND CONTINGENCIES

Litigation

Various suits and claims arising in the ordinary course of operations, some of which involve substantial amounts, are pending against the Sheriff. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the Sheriff, the liabilities which may arise from such action would not result in losses which would materially affect the financial position of the Sheriff or the results of its operations.

Contingencies

No accrual has been made in the financial statements for contingencies related to claims not yet asserted, because the amount cannot be reasonably estimated. In management's opinion, any such claims, if asserted, would not have a material adverse effect on the operations or financial position of the Sheriff.

NOTE 9 COMMITMENTS AND CONTINGENCIES (CONTINUED)

Federal and State Grant Programs

The Sheriff participates in a number of federal and state programs. Grant programs are subject to financial and compliance audits by the grantors or their representatives. Accordingly, the Sheriff's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies, cannot be determined at this time although the Sheriff expects such amounts, if any, to be immaterial.

NOTE 10 RELATED-PARTY TRANSACTIONS

Transactions with the Polk County Board of County Commissioners for the year ended September 30, 2020 were as follows:

<u>Budget Appropriations</u> – The General Fund of the Sheriff received appropriations in the amount of \$173,262,025.

Other Revenue – The General Fund of the Sheriff received revenues in the amounts of \$194,012 for charges for services, for the year ended September 30, 2020, from the board of county commissioners.

The Nonmajor Funds of the Sheriff received revenues in the amounts of \$390,335 and \$425,052 for fines and forfeitures and other charges for services, respectively, for the year ended September 30, 2020, from the board of county commissioners.

<u>Fuel Expense</u> – The General Fund of the Sheriff purchased fuel in the amount of \$505,562.

NOTE 11 INTERLOCAL AGREEMENTS

The Sheriff has entered into interlocal agreements with local governmental entities. The interlocal agreements were formed to provide law enforcement services, law enforcement related telecommunications services and related information technology services within the related municipalities within Polk County, Florida. The Sheriff shall assign personnel to provide these services consistent with each interlocal agreement. The activity for these interlocal agreements is accounted for in the General Fund in Charges and Fees for Services.

NOTE 12 RISK MANAGEMENT

The Sheriff participates in the risk management program through the Polk County, Florida Board of County Commissioners under a local government risk management pool. The County is exposed to various risk of loss related to theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. A self-insurance program is effectively maintained by the County to administer insurance activities related to workers' compensation insurance, general and employment practices liability, auto liability and health. The County's self-insurance program covers operations of the Board of County Commissioners and the constitutional officers. Under the program, the County has retention limits for each type of claim, which is covered by commercial insurance purchased by the County.

	County Coverage

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Grady C. Judd Sheriff Polk County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the major fund and aggregate remaining information of the Polk County, Florida Sheriff (Sheriff), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Sheriff's financial statements, and have issued our report thereon dated February 17, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sheriff's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sheriff's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Honorable Grady C. Judd Sheriff Polk County, Florida

We have audited the financial statements of the major fund and the aggregate remaining fund information of the Polk County, Florida Sheriff (Sheriff), as of and for the year ended September 30, 2020 and have issued our report thereon dated February 17, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 17, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with our audit, we did not have any such findings.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note 1 in notes to the financial statements.

Honorable Grady C. Judd Polk County Sheriff

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Sheriff, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Grady C. Judd Sheriff Polk County, Florida

We have examined the Polk County, Florida Sheriff's (the Sheriff) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2020. Management of the Sheriff is responsible for the Sheriff's compliance with the specified requirements. Our responsibility is to express an opinion on the Sheriff's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Sheriff complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Sheriff complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Sheriff's compliance with specified requirements.

In our opinion, the Sheriff complied, in all material respects, with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the year ended September 30, 2020.

This report is intended solely for the information and use of the Sheriff and the Auditor General, State of Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

Honorable Lori Edwards Supervisor of Elections Polk County, Florida

Report on the Financial Statement

We have audited the accompanying financial statements of each major fund of the Polk County, Florida, Supervisor of Elections (Supervisor), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Supervisor's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund of the Supervisor as of September 30, 2020, and the respective changes in financial position and the budgetary comparisons of its general fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Florida Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of each major fund only for that portion of the major funds of Polk County, Florida that is attributable to the transactions of the Supervisor. They do not purport to, and do not, present fairly the financial position of Polk County, Florida as of September 30, 2020, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated February 28, 2021 on our consideration of the Supervisor's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Supervisor's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Polk County, Florida is a political subdivision of the State of Florida governed by the State Constitution and general laws of the State of Florida.

The legislative and governing body of the County is the five-member Board of County Commissioners. Each County Commissioner is elected on a countywide basis for a four-year term of office and each County Commissioner is a resident of their Commission District. Polk County became a Home Rule Charter County on January 1, 1999, with an appointed County Manager, and with separate legislative and executive functions. The County Manager is the head of the administrative branch of county government and is responsible to the Board of County Commissioners for the proper administration of all affairs of the County, except for those powers, duties and functions residing, as specified by law, with the elected constitutional officers.

There are six offices elected countywide which are as follows: Board of County Commissioners composed of five (5) members, Supervisor of Elections, Clerk of the Circuit Court, Property Appraiser, Sheriff, and Tax Collector.

Reporting Entity

The Supervisor of Elections (Supervisor) is a County Agency and a local governmental entity pursuant to Article 8, Section 1(d), of the Constitution of the State of Florida. For financial statement and reporting purposes, the Supervisor does not meet the definition of a legally separate organization and is not considered to be a component unit. The Supervisor is considered to be a part of the primary government of Polk County, Florida (the County).

These financial statements presented include the general fund and the special revenue grants fund of the Supervisor's office. The accompanying financial statements have been prepared for the purpose of complying with Section 218.39(2), Florida Statutes, and Chapter 10.550, Rules of the Florida Auditor General – Local Governmental Entity Audits, which allows the Supervisor to only present fund financial statements. These financial statements present only the portion of the funds of Polk County, Florida that are attributable to the Supervisor. They are not intended to present fairly the financial position and results of operations of Polk County, Florida in conformity with accounting principles generally accepted in the United States of America.

The Supervisor is the official custodian of the registration books and has the exclusive control of matters pertaining to registration of electors and the administration of elections. These financial statements present all fund types of the Supervisor, and are not meant to represent Polk County, Florida as a whole.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reporting Entity (Continued)

The accounting policies of the Supervisor conform to accounting principles, as applicable to governmental units generally accepted in the United States of America. The accompanying summary of significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies, as presented, should be viewed as an integral part of the accompanying financial statements.

Measurement Focus, Basis of Accounting, and Basis of Presentation

The accounts of the governmental funds are maintained on the modified accrual basis. Under the modified accrual basis, expenditures are recorded at the time liabilities are incurred, and revenues are recorded when received in cash or when they are considered measurable and available and as such, are susceptible to accrual. For this purpose, the Supervisor considers revenues to be available if they are collected within 60 days after year-end with the exception of grants, which have a period of availability of one year. Grants are recognized as revenue as soon as all eligibility requirements have been met. Expenditures are recorded when the related fund liability is incurred, except for compensated absences, which are recognized as expenditures to the extent they have matured.

Description of Funds

The accounting records are organized for reporting purposes on the basis of governmental funds.

General Fund – the general fund is the primary operating fund of the Supervisor. It is used to account for all revenues and expenditures not required to be accounted for in another fund.

Special Revenue Grants Fund – the grants fund accounts for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Assets

Capital assets purchased by the Supervisor are recorded as capital outlay expenditures and are capitalized in the basic financial statements of Polk County, Florida rather than in the governmental funds of the Supervisor. Ownership of all capital assets is vested in the Polk County Board of County Commissioners as provided by Chapter 274, *Florida Statutes*. The Supervisor's policy is to capitalize expenditures for assets with a life of more than one year and cost of greater than \$1,000.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance and Spending Policies

In accordance with GASB Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions, governments are required to classify fund balance in governmental funds as nonspendable, restricted, committed, assigned, and unassigned. The following are the definitions of the fund balance classifications:

Nonspendable — amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted — amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed — amounts that can be used only for specific purposes determined by a formal action of the Supervisor. As the Supervisor is an elected official responsible for the activities of the Supervisor's office, she is the highest level of decision making authority and an official order from the Supervisor would be required to authorize commitment of fund balance.

Assigned — amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used or specific purposes.

Unassigned — all other spendable amounts.

The Supervisor has implemented fund balance and spending policies to clearly define the process for tracking the various classifications of fund balance. The policy states when general fund expenditure is incurred, the Supervisor will first use restricted amounts, then committed amounts, then assigned amounts, and finally unassigned amounts. All other funds in which fund expenditures are incurred, the Supervisor will first use unassigned amounts, then assigned amounts, then committed amounts, and finally restricted amounts.

Accrued Compensated Absences

The amounts of unpaid vacation and sick leave accumulated by employees are accrued as current year expenditures for amounts that would normally be liquidated with expendable available financial resources. Total available vacation and sick leave hours are multiplied by the current pay rate to determine the accrued liability. The Supervisor uses the last-in, first-out (LIFO) method of recognizing the use of vacation and sick hours. Employees are charged for the last day of vacation or sick leave earned when the leave is used. Thus, unless it is anticipated that vacation or sick leave will be used in excess of a normal year's accumulation, no additional expenditures are accrued.

The Supervisor does not, nor is legally required to accumulate financial resources for these unmatured obligations. Accordingly, the liability for compensated absences is not reported in the general fund of the Supervisor, but rather is reported in the basic financial statements of Polk County, Florida.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Postemployment Benefit Obligations

The County provides certain health care benefits for retired employees. In accordance with Section 112.0801, *Florida Statutes*, and as authorized by the County Ordinance 2011-023, effective October 3, 2011, and County Ordinance 2017-037 effective July 25, 2017, the County offers retiring employees enrolled in the County's plans at the time of retirement and their covered dependents the opportunity to continue to participate in health and/or life insurance plans through the County's Retiree Benefits Program. The Supervisor participates with Polk County in offering retiring employees the opportunity to continue to participate in the County's health insurance plan. Other postemployment benefits, calculated in accordance with Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, are reported in the financial statements of the County.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the financial statements. Prepaid items are generally accounted for using the consumption method. These are not available expendable resources.

Budgets and Budgetary Accounting

The following are the procedures followed in establishing the budget for the Supervisor's office:

- 1. On or before June 1 of each year, the Supervisor submits to the Board of County Commissioners a tentative budget for expenditures to be paid by the Board of County Commissioners on behalf of the Supervisor for the ensuing fiscal year.
- 2. Prior to September 1 of each year, the Supervisor submits a budget to the Board of County Commissioners for filing which includes proposed expenditures for the operations of the Supervisor and the means of financing operations. All appropriations are provided by the Board of County Commissioners.
- 3. Formal budgetary integration is employed as a management control device during the year for the General Fund.
- Section 129.07, Florida Statutes, provides that only excesses of total fund budgets are unlawful.
- 5. Unused appropriations expire at the end of each fiscal year.
- 6. A budget for the Special Revenue Grants Fund is not legally required to be prepared by the Supervisor and is therefore not presented in the financial statements.
- 7. The original budget is the first complete appropriated budget. The final budget is the original budget adjusted by all reserves, transfers, allocations, supplemental allocations and legally authorized changes applicable to the fiscal year, whenever legally authorized.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of the financial statements requires management of the Supervisor to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the period. Actual results could differ from those estimates.

NOTE 2 CASH AND CASH EQUIVALENTS

The Supervisor participates in the pooled cash and investments program of the Polk County, Florida, Board of County Commissioners for the purpose of maximizing investment yields. The earnings of the pool are allocated on a monthly basis to the individual funds of the Board of County Commissioners and the Supervisor based upon their average monthly balance in the pool.

Pooled cash and investments of the Board of County Commissioners determined to be available in excess of immediate needs is placed in investments in accordance with the Polk County Board of County Commissioners Investment Policy as amended October 4, 2016, under the guidelines of *Florida Statute* 218.415. Investments, which are primarily comprised of treasury notes and other U.S. obligations, certificates of deposit, and amounts invested in the State Board of Administration, are recorded at fair value.

NOTE 3 CAPITAL ASSETS

Capital assets used by the Supervisor in operations is reported in the financial statements of Polk County, Florida. The Supervisor maintains custodial responsibility for the capital assets used by the office. The following is a summary of changes in capital assets, which are reported in the basic financial statements of Polk County, Florida:

NOTE 4 PENSION PLANS

Background

The Florida Retirement System (FRS) was created by Chapter 121, *Florida Statutes*, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, *Florida Statutes*, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Supervisor are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost sharing, multiple employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

Florida Retirement System Pension Plan

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multipleemployer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) Members in senior management level positions.

NOTE 4 PENSION PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Plan Description (Continued)

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, *Florida Statutes*, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

NOTE 4 PENSION PLANS (CONTINUED)

Florida Retirement System Pension Plan (Continued)

Benefits Provided (Continued)

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

Retiree Health Insurance Subsidy Program

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, *Florida Statutes*. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

FRS Investment Plan

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

NOTE 4 PENSION PLANS (CONTINUED)

FRS Investment Plan (Continued)

As provided in Section 121.4501, *Florida Statutes*, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Supervisor employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Supervisor.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Contributions

Participating employer contributions are based upon statewide rates established by the State of Florida. The Supervisor's contributions made to the plans during the years ended September 30, 2020, 2019, and 2018 were \$260,720, \$234,364 and \$214,866, respectively, equal to the actuarially determined contribution requirements for each year.

Additional information about pension plans can be found in the County's comprehensive annual financial report.

NOTE 5 LONG-TERM LIABILITIES

The following is a summary of the changes in long-term liabilities which are reported in the basic financial statements of Polk County, Florida.

	Oc	ctober 1, 2019	A	dditions	 Deletions	Sep	tember 30, 2020
Compensated Absences	\$	76,842	\$	172,497	\$ (137,023)	\$	112,316

Of these liabilities, approximately \$112,316 is expected to be paid during fiscal year ending September 30, 2021, which will be included in the operating costs of the general fund when expended. These long-term liabilities are not reported within the financial statements of the Supervisor since they have not matured.

NOTE 6 FUND BALANCE CLASSIFICATIONS

As of September 30, 2020, fund balances are composed of the following:

	Special Revenue					
		General		Grants		Total
Nonspendable:						
Prepaid Items	\$	248,551	\$	-	\$	248,551
Restricted:						
Restricted for Helping America Vote Act		-		536,334		536,334
Unassigned Funds		(248,551)				(248,551)
Total Fund Balances	\$	-	\$	536,334	\$	536,334

NOTE 7 RELATED PARTY

Transactions with the Polk County, Florida, Board of County Commissioners for the year ended September 30, 2020 were as follows:

<u>Budget Appropriations</u> – The Board of County Commissioners provided appropriations to the General Fund and Special Revenue Grants Fund in the amount of \$4,480,598 and \$73,937, respectively for personnel services, operating expenses, and capital outlay.

<u>Fleet Expense</u> – The General Fund of the Supervisor utilized the fleet services including fuel and repairs in the amount of \$4,049 for the year ended September 30, 2020, from the Board of County Commissioners.

<u>Information Technology Service Expense</u> – The General Fund of the Supervisor utilized the IT services in the amount of \$32,210 for the year ended September 30, 2020, from the Board of County Commissioners.

NOTE 8 COMMITMENTS AND CONTINGENCIES

Litigation

Various suits and claims arising in the ordinary course of operations, some of which may involve substantial amounts, are pending against the Supervisor. While the ultimate effect of such litigation cannot be ascertained at this time, in the opinion of counsel for the Supervisor, the liabilities which may arise from such action would not result in losses which would materially affect the financial position of the Supervisor or the results of its operations.

Contingencies

No accrual has been made in the financial statements for contingencies related to claims not yet asserted, because the amount cannot be reasonably estimated. In management's opinion, any such claims, if asserted, would not have a material adverse effect on the operations or financial position of the Supervisor.

State Grant Programs

The Supervisor participates in a number of State programs. Grant programs are subject to financial and compliance audits by the grantors or their representatives. Accordingly, the Supervisor's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies, cannot be determined at this time, although the Supervisor expects such amounts, if any, to be immaterial.

NOTE 9 RISK MANAGEMENT

The Supervisor of Elections participates in the risk management program through the Polk County, Florida Board of County Commissioners under a local government risk management pool. There were no losses reported for the years ended September 30, 2020, 2019, nor 2018.

There have been no significant reductions in insurance coverage in the last year. Settled claims have not exceeded the insurance provided by third-party carriers in any of the last three years.

The County is exposed to various risk of loss related to theft of, damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. A self-insurance program is effectively maintained by the County to administer insurance activities related to workers' compensation insurance, general and employment practices liability, auto liability and health. The County's self-insurance program covers operations of the Board of County Commissioners and the constitutional officers. Under the program, the County has retention limits for each type of claim, which is covered by commercial insurance purchased by the County.

NOTE 9 RISK MANAGEMENT (CONTINUED)

The insurance coverages are summarized below.

County Coverage

Claim Type	(Deductible/Self-Insured Amount)	Excess Carrier's Coverage
	Deductible \$1,000,000 except for as below:	\$75,000,000 Named Windstorm
		\$100,000,000 All Other Perils (AOP)
		\$50,000,000 Builder's Risk

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Lori Edwards Supervisor of Elections Polk County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund of the Polk County, Florida, Supervisor of Elections (Supervisor), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Supervisor's basic financial statements, and have issued our report thereon dated February 28, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Supervisor's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor's internal control. Accordingly, we do not express an opinion on the effectiveness of the Supervisor's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Supervisor's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Supervisor's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Honorable Lori Edwards Supervisor of Elections Polk County, Florida

Report on the Financial Statements

We have audited the financial statements of Polk County, Florida, Supervisor of Elections (Supervisor), as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated February 28, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated February 28, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations reported in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Florida Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note 1 in the notes to the financial statements. There were no component units to be reported in the financial statements.

Honorable Lori Edwards Supervisor of Elections

Financial Management

Section 10.554(1)(i)2., Rules of the Florida Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Florida Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Supervisor and applicable management, and is not intended to be and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT

Honorable Lori Edwards Supervisor of Elections Bartow, Florida

We have examined the Polk County, Florida Supervisor of Elections' (Supervisor), compliance with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the year ended September 30, 2020. Management of the Supervisor is responsible for the Supervisor's compliance with the specified requirements. Our responsibility is to express an opinion on the Supervisor's compliance with the specific requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Supervisor complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Supervisor complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Supervisor's compliance with specified requirements.

In our opinion, the Supervisor complied, in all material respects, with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the year ended September 30, 2020.

This report is intended solely for the information and use of the Supervisor and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

TAX COLLECTOR'S OFFICE IS ESSENTIAL AND RESILIENT

The Tax Collector's Office for Polk County, Florida (TCPC) experienced unprecedented challenges in 2020. The most impactful challenges were a dramatic increase in customer service transactions, the negative effects of the COVID-19 pandemic, and defending against a targeted computer systems attack. Through it all, TCPC services were deemed to be essential to the public. Moreover, during this period, the TCPC team worked hard in continuing to meet or exceed customer expectations.

Dramatic Increase in Customer Service Center Transactions - When compared to last year, the TCPC realized a 10% daily increase in all service center transactions per day. The biggest increase in the type of transaction conducted came by way of additional motor vehicle registration renewals. These renewals accounted for a 35% increase in daily motor vehicle registration renewal transactions. Compared to last year, this additional work load generated a 5% increase in the work hours needed per day to handle these service transactions. With regard to motor vehicle registration renewal transactions, a 41% increase in work hours per day was realized.

COVID-19 Pandemic - Due to the declared COVID-19 emergency and statewide government agency shut-downs, TCPC service centers were closed to the public on Friday, March 20, 2020. The TCPC continued to provide services to the public through mail processing, online information and payments, telephone call center operations, MV Express kiosk transactions, the establishment of a temporary online electronic chat service, and emergency walk-in services for those needing regular and commercial driver licenses, as well as auto dealer title work. On Monday, May 18, 2020, TCPC Service Center operations resumed using new safety measures aligned with state guidelines. For customers, these new measure included, but were not limited to: social distancing, encouragement of the use of face masks, and a set number of customers allowed in service center facilities. Additionally, TCPC team members exercised further precautions when serving customers. Examples of such precautions included, but were not limited to, the increased cleaning of work areas, required wearing of face masks, and the installation of protective plexiglass counter shields.

Computer Systems Attack - On June 23, 2020, the TCPC was subject to a new strain of a targeted computer virus attack not seen before. In response to this event, the TCPC's IT staff quickly recognized the problem and took immediate action to mitigate the incursion, which included shutting down computer systems and isolating the threat. After, conducting an extensive investigation, with the assistance of third-party computer forensic specialists, the TCPC reported it did not lose access to its systems, backups, or other operational data. Furthermore, there was no evidence any personal data belonging to customers was obtained or subject to misuse. However, in an abundance of caution, the TCPC notified its customers of the event and implemented additional safeguards to further secure its computer systems and data.

Public Response to the TCPC's Efforts: In the face of these unprecedented challenges, respondents to the TCPC's Annual Customer Expectations and Customer Satisfaction Survey for 2020 reported an overall satisfaction level of 88.4% with TCPC services. For comparison, the satisfaction level for 2019 was reported at 80.2%. Additionally, 2020 was an election year, wherein the electors of Polk County reelected Joe G. Tedder, by way of his being unopposed, to be their Tax Collector for another four-year term. Given these indicators of positive public feedback, the following observation was made:

"I am extremely proud of our customers and staff for coming together during the difficulties experienced in 2020. Together, we found a number of ways to succeed in the face of adversity."

~ JOE G. TEDDER, Tax Collector

Joe G. Tedder, CFC, Tax Collector Imperial Polk County & The State of Florida

March 15, 2021

To the Citizens and Taxpayers of Polk County:

Florida's Constitution authorizes the position of Tax Collector as an independent unit of its political subdivisions, which are otherwise known as counties.

The Tax Collector's responsibilities involve the collection of revenue and public funding for a variety of state, regional, and local governmental agencies and taxing authorities; the enforcement against delinquency in payment of such revenues and funds; the distribution of such revenues and funds in a timely manner to various state and local agencies and taxing authorities involved; the investment of public funds pending distribution; the vigilant adherence to procedures designed to promote fairness to the taxpayer and governmental efficiency and accountability in the collection, enforcement, distribution, and investment of funds; and, serve as the most likely contact on a daily basis with and between citizens and taxpayers and the various state, regional, and local governmental agencies and taxing authorities.

As a position established by Florida's Constitution to complete a system of checks and balances, the Tax Collector for Polk County (TCPC) serves the people of Polk County. Therefore, the Tax Collector does <u>not</u> serve as an employee of the state, a state agency, a regional governmental agency, or local government.

The Tax Collector serves the people of Polk County and is elected by its voters to serve a four-year term.

The TCPC is responsible for providing a wide range of services to the citizens and taxpayers of Polk County on behalf of other governmental units. These services consist primarily of the collection and administration of ad Valorem taxes, non-ad Valorem assessments, driver license fees and identification card issuance, motor vehicle taxes and registration/title/plate/decal issuance, county local business taxes and receipt issuance, tourist development taxes, hunting and fishing fees and license issuance, concealed weapon licenses and mail-in payment processing for various governmental agencies. These services are performed on behalf of numerous local governments and agencies of the State of Florida.

Services are provided at the TCPC Service Centers, which are located in Bartow, Lakeland, Davenport (North Ridge), and Lake Wales. Motor vehicle registration and title transactions are also authorized to be conducted in Winter Haven by the American Legion Post No. 8.

Our Mission, Vision, Shared Values and Focus Points

Our Mission

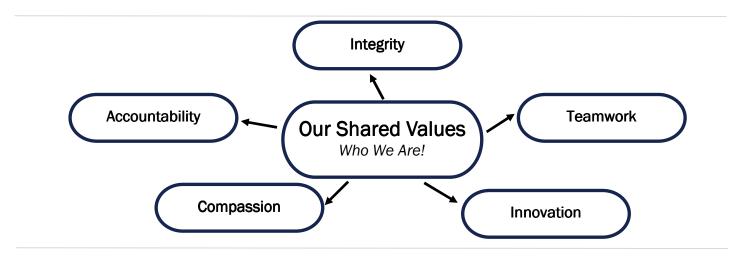

What We Do!

We are working to earn the public's trust and confidence by providing the best in customer service, assured quality and the efficient use of public funds.

Our Vision

What We Want To Be!

To treat our customers with such professionalism and concern that we change their perception of government.

Our Focus Points

How We Do It!

Customer Service

We strive to exceed customers' expectations.

Efficiency

We provide timely services while conserving resources..

Accountability

We hold ourselves to transparency in all we do as stewards of the public's trust.

Employee Well-Being

We drive professional excellence by empowering our staff and meeting their needs.

Leadership

We use the highest ethical standards in both actions and appearance enabling us to perform with the utmost honor and integrity.

Ad Valorem Taxes and Non-Ad Valorem Assessments

Ad Valorem Taxes and Non-Ad Valorem Assessments

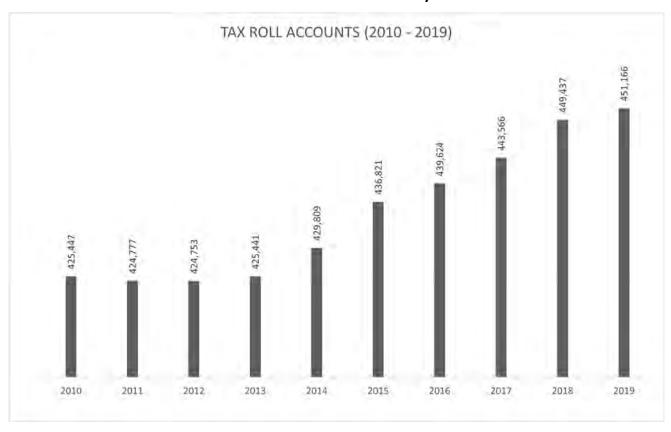

The TCPC is responsible for collecting and remitting the taxes and assessments provided on the annual tax roll provided by the Property Appraiser's Office and independent taxing authorities.

The TCPC is <u>not</u> responsible for determining assessed values, exemptions, taxable values or the tax rates. The tax roll includes real estate taxes, tangible taxes and non-ad Valorem assessments. Non-ad Valorem assessments consist primarily of assessments for fire services, solid waste, and lighting districts.

The collections of these taxes and assessments are administered in accordance with Florida Statutes and the rules and regulations of the Florida Department of Revenue. These services are provided on behalf of taxpayers, the Polk County Board of County Commissioners, the Polk County School Board, as well as, municipalities and special taxing and assessment districts located within Polk County.

The 2019 tax roll was provided to the TCPC in October of 2019 and the tax bills were mailed in time to start collections on November 1, 2019. Unpaid taxes became delinquent on April 1, 2020. Tax certificates were offered for sale in June 2020 on delinquent real estate taxes and warrants were ratified by the court in July 2020 for delinquent tangible taxes. The TCPC is required by the state to report to the Board of County Commissioners the status of the current tax roll within sixty days of the tax certificate sale.

Tax roll accounts for the last ten years:

A summary of the Status of the Current Tax Roll Report, which was provided in July 2020.

SUMMARY OF 2019 TAX ROLL REPORT	AMOUNT	PERCENT
Taxes collected including discounts taken	\$ 737,771,537	99.72%
Tax certificates not purchased at sale	1,440,565	0.20%
Delinquent tangible taxes	449,549	0.06%
Taxes in bankruptcy or litigation	13,802	0.00%
Miscellaneous	181,065	0.02%
Total 2019 Tax Roll	\$ 739,856,518	100.00%

The last ten tax rolls have consisted of the following amounts and accounts:

TAX ROLLS	AMOUNT	ACCOUNTS
2019	\$ 739,856,518	451,166
2018	\$ 692,573,379	449,437
2017	\$ 634,627,621	443,566
2016	\$ 585,870,443	439,624
2015	\$ 562,706,280	436,821
2014	\$ 527,360,758	429,809
2013	\$ 509,700,423	425,441
2012	\$ 491,329,439	424,753
2011	\$ 512,982,607	424,777
2010	\$ 543,728,462	425,447

Tax Certificate Redemptions

On or before June 1 of each year, the TCPC offers for sale tax certificates on properties with unpaid real estate taxes. A tax certificate represents a lien on the property. The purpose of the sale is to collect unpaid real estate taxes on behalf of the numerous taxing authorities.

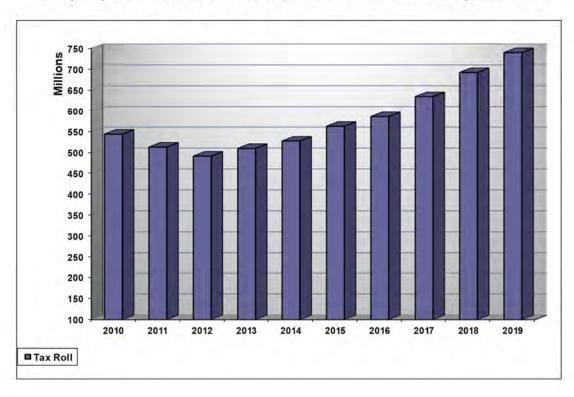

There were 23,816 certificates offered for sale representing taxes of \$21,722,908. As a result of the sale and subsequent sales 15,919 certificates were sold accounting for \$21,113,197 in taxes. Unsold certificates are referred to as "County held" certificates and earn interest at 18% per year.

After the sale of tax certificates this office is responsible for handling the subsequent collections from the property owner and remitting the funds to the certificate holder. During the fiscal year 2019/20, 16,539 certificates were redeemed by property owners and \$21,443,568 was remitted to certificate holders.

When County held certificates are redeemed by the property owner the funds are remitted to the various taxing authorities. During the fiscal year 2019/20, 6,688 County held certificates were redeemed and \$807,893 was remitted to the taxing authorities.

A Graphic Representation of Property Tax Roll All Tax Authorities in Polk County (2010—2019)

Property Tax Roll For All Tax Authorities In Polk County, Florida

Tax Collector Services

Motor Vehicle Transactions - The TCPC processes motor vehicle and vessel transactions, involving titles and registration, as well as various other transactions on behalf of the Florida Department of Highway Safety and Motor Vehicles. The TCPC also collect sales taxes on sales of motor vehicles and vessels not involving licensed dealers on behalf of the Florida Department of Revenue.

During the 2019/20 fiscal year 131,425 title transactions and 658,306 registration transactions were processed. Registration, sales taxes and title and other fees totaling more than \$55 million were collected in our Service Centers.

Driver Licenses – During the 2019/20 fiscal year, the TCPC issued 107,176 driver licenses and permits, as well as 12,021 identification cards, while collecting \$5,452,009. The TCPC provides full driver license services in Lakeland, Lake Wales and North Ridge (Davenport) service centers and in the Bartow service center by appointment only.

Local Business Taxes - The TCPC collects the local business tax imposed by the Board of County Commissioners. This tax is required of various individuals and enterprises doing business in Polk County. During 2019/20 taxes were collected on 35,838 receipts for a total of \$1,709,136 including a 15% commission retained by this office. Collections are remitted monthly to the BOCC and municipalities in the county, which share these taxes.

Tourist Development Taxes - The TCPC collects the tourist development tax imposed by the Board of County Commissioners. This is a 5% tax on transient or short-term rentals of accommodations. During 2019/20 this office administered 5,408 accounts from which \$11,153,233 was remitted, including a 3% commission retained by this office.

Hunting and Fishing Licenses - The TCPC issues hunting and fishing licenses on behalf of the Florida Fish and Wildlife Conservation Commission (FWC). These licenses are issued at our Bartow, Lakeland, Lake Wales and Davenport Service Centers. During 2019/20, 1,379 licenses were issued totaling \$51,901 including the fees retained by this office.

Concealed Weapon Licenses – The TCPC issues concealed weapon licenses on behalf of the Florida Department of Agriculture and Human Services. During the 2019/20 fiscal year 6,940 licenses were issued totaling \$582,407, including the fees retained by this office.

Payment Processing Services – The TCPC services include payment processing for local government entities. The Cities of Bartow and Lakeland as well as the Polk County Board of County Commissioners have contracted with the TCPC for processing of their mail-in utility payments. During 2019/20, approximately 535,889 payments totaling \$185,958,320 million were processed in our Technical Processing Department for these entities generating \$132,461 in revenues for the TCPC.

Call Center Operations – The TCPC also provides information services via telephone calls and emails. Phone calls answered during 2019/20 totaled 357,351.

Total cash receipts collected by Tax Collector on behalf of other governmental agencies and tax certificate holders, during year ended September 30, 2020, were:

TOTAL RECEIPTS PROCESSED BY SOURCE	AMOUNT
Ad Valorem Taxes and Non-Ad Valorem Assessments	\$ 716,090,653
Vehicle and Vessel Taxes	55,256,641
Tax Certificate Redemptions	21,443,568
Tourist Development Taxes	10,496,464
Driver Licenses	5,452,009
Local Business Taxes	1,366,416
Concealed Weapon Licenses	582,407
Hunting and Fishing License Taxes	51,901
Interest	422,428
*Payment Processing Payments	 185,958,320
TOTAL	\$ 997,120,807

^{*}Payment processing payments are transactions completed by the TCPC, but directly deposited into the business process unit's account.

Total cash receipts distributed by Tax Collector to other governmental agencies and tax certificate holders, during year ended September 30, 2020, were:

CASH RECEIPTS FOR TAXING AUTHORITIES	AMOUNT		
Polk County Board of County Commissioners (BoCC)	\$ 357,860,425		
Polk County Public Schools (PCPS)	241,795,128		
Municipalities in Polk County	94,339,064		
State of Florida	61,101,463		
Special Taxing Districts	34,395,691		
Tax Certificate Holders	21,761,947		
Other	6,716,898		
TOTAL	\$ 817,970,616		

Revenues and Expenditures

Operating Revenues and Expenditures - The TCPC operates as a "fee office." This means the TCPC earns fees and commissions for the services rendered. The fees and commissions are established primarily by the Florida Legislature and are contained in the Florida Statutes.

The annual budget of the TCPC is approved by the Department of Revenue. Any subsequent increases in the budget must also be approved by the Department of Revenue.

The excess of revenues over expenditures are remitted to each governmental unit that paid fees to our office in the same proportion as the fees paid bear to the total revenues of the office.

REVENUES AND EXPENDITURES

Revenues (including other financing sources) and expenditures (including other financing uses) for the past ten years were:

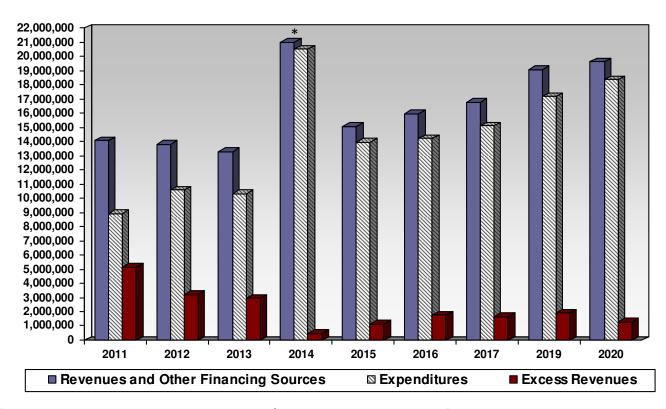

FISCAL YEAR	REVENUES	EXPENDITURES	EXCESS REVENUES
2019/2020	\$19,657,884	\$18,371,993	\$1,285,891
2018/2019	\$19,078,565	\$17,184,787	\$1,893,778
2017/2018	\$18,100,923	\$16,429,417	\$1,671,506
2016/2017	\$16,785,536	\$15,138,161	\$1,647,375
2015/2016	\$15,973,701	\$14,207,904	\$1,765,797
2014/2015	\$15,088,931	\$13,959,072	\$1,129,859
2013/2014*	\$21,019,117	\$20,543,313	\$ 475,804
2012/2013	\$13,309,212	\$10,338,272	\$2,970,940
2011/2012	\$13,814,779	\$10,605,868	\$3,208,911
2010/2011	\$14,072,461	\$ 8,929,500	\$5,142,961

^{*}The increase in revenue and expenditures in 2013/2014 was due to construction of the Lakeland and Davenport Service Centers. These offices were built in order for the TCPC to perform driver license services as these duties were transitioning from the State of Florida DHSMV to the TCPC. The TCPC received additional funding from the Polk County BOCC and the Lakeland Community Redevelopment Agency to assist with these projects.

A graphic representation of revenues (including other financing sources) and expenditures (2011-2020).

Tax Collector's Office Revenues And Expenditures

^{*}The increase in revenue and expenditures in 2013/2014 was due to construction of the Lakeland and Davenport Service Centers.

Accountability - The Tax Collector and his office are first and foremost accountable to the citizens and taxpayers of Polk County. To ensure the Tax Collector remains primarily accountable to the people, the TCPC has undertaken a mission, whereby it is "working to earn the public's trust and confidence by providing the best in customer services through assured quality and the efficient use of public funds."

To succeed in its mission, the TCPC has adopted an "Outline For Success" (OFS), that seeks to measure operational performance, including meaningful public evaluations, so that administrative measures can be taken to improve and maintain efficiencies and/or address opportunities for improvement.

TCPC Outline for Success Performance Scorecard

Info-Tech Research Group Recognizes Terri-Anne Crawford as a 2020 Info-Tech CIO Awards Winner

On December 14, 2020, Terri-Anne Crawford, CIO for TCPC was recognized by Info-Tech Research Group, a leading IT research and advisory firm, as a 2020 Info-Tech CIO Awards winner.

Since 2016, the Info-Tech CIO Awards have recognized outstanding CIOs for delivering exceptional value to their organizations and achieving high scores in stakeholder satisfaction in Info-Tech's CIO Business Vision program.

Info-Tech's CIO Business Vision program bridges the communication gap between CIOs and key stakeholders, measures business leaders' satisfaction with core IT services, and ultimately provides CIOs with the foundation to jumpstart a successful IT strategy.

"The Info-Tech CIO Awards focus on the most vital aspect of any IT leader's success, which is stakeholder satisfaction," said Geoff Nielson, vice president, product development and innovation, Info-Tech Research Group. "The recipients of these awards are solely determined by IT satisfaction and value scores that are evaluated by the recipients' direct business stakeholders. This year's honorees particularly exemplify what it means for IT to deliver business value during unprecedented times. We are thrilled to recognize this exemplary group, which we believe is playing a critical role in creating a competitive advantage for their organizations."

Terri joined the Tax Collector's Office in February 2012. She directs leadership in the areas of IT Support Services, Application Development and Project Management. Under Terri's direction, the IT department has continuously delivered business value to the organization through the development of systems such as a customized customer queuing system linked directly to a customer feedback system. These systems are instrumental in providing discreet data to the Business Intelligence program, providing information to support decisions that improve the customer experience and gain operational efficiencies. In addition to a historical view, real-time dashboards allow the leadership team to see operational measures and respond immediately. The organization's vision is to Change the Public's Perception of Government; Terri and her IT team strive to support this vision with every endeavor.

"My team's commitment to the organization is to enable each person on the Tax Collector's team to perform their job in a manner that is both efficient and customer friendly. Mr. Tedder is committed to our citizens and employees, and he inspires all of us to deliver great service. Yes, in IT we are responsible for the technology, the networking, the hardware, the security...but we always approach our role with a focus on the business need and customer service. I often tell others in the organization that my team certainly completes many projects and a ton of tasks, however; we have only one job. Our job is to make everyone else's job easier." Terri-Anne Crawford, CIO.

Closing Statement for Tax Collector for Polk County

I trust that these actions, including the performance of the Tax Collector's Office, as well as the accompanying document meet with your approval. However, if you have any questions or concerns regarding this correspondence or the accompanying information, please do not hesitate to contact us. Your inquiries and comments are welcomed.

Sincerely,

Joe G. Tedder, cFC

Tax Collector

INDEPENDENT AUDITORS' REPORT

Honorable Joe G. Tedder, CFC Tax Collector for Polk County, Florida Polk County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the General Fund and the aggregate remaining fund information of the Tax Collector for Polk County, Florida ("Tax Collector"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise of the Tax Collector's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Honorable Joe G. Tedder, CFC Tax Collector for Polk County, Florida Polk County, Florida

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the General Fund and aggregate remaining fund information of the Tax Collector, as of September 30, 2020, and the respective changes in financial position and the budgetary comparisons of the General Fund and aggregate remaining fund information for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida ("Rules"). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the General Fund, and, aggregate remaining fund information only for that portion of the General Fund, and aggregate remaining fund information of Polk County, Florida that is attributable to the Tax Collector. They do not purport to, and do not, present fairly the financial position of Polk County, Florida as of September 30, 2020, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statement is not affected by this missing information.

Honorable Joe G. Tedder, CFC Tax Collector for Polk County, Florida Polk County, Florida

Other Matters - Continued

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise of the Tax Collector's basic financial statements. The Statement of Changes in Assets and Liabilities – Agency Fund, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Statement of Changes in Assets and Liabilities – Agency Fund, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Changes in Assets and Liabilities – Agency Fund, is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Governmental Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated March 15, 2021 on our consideration of the Tax Collector's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Tax Collector's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Collector's internal control over financial reporting and compliance.

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Polk County is a political subdivision of the State of Florida governed by the State Constitution and general laws of the State of Florida. Polk County government consists of the following six offices elected countywide: Board of County Commissioners, Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The Tax Collector, Polk County, Florida (Tax Collector) is a local government entity pursuant to Article 8, Section 1(d), of the constitution of the State of Florida.

These financial statements are fund financial statements that have been prepared in conformity with the reporting guidelines established by the Governmental Accounting Standards Board (GASB) and accounting practices prescribed by the Auditor General, State of Florida. The basic financial statements for Polk County as a whole, which includes the funds of the Tax Collector, were prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

The Tax Collector is an elected public official responsible for the collection and distribution of the following taxes and fees: ad valorem taxes on real and tangible property and non-ad valorem assessments on property within Polk County, tourist development taxes, hunting and fishing licenses, motor vehicle and mobile home titles and registrations, driver license fees, business tax receipts, vessel titles and registrations and sales tax on motor vehicle and vessel sales with non-dealers. These services are provided on behalf of the Polk County Board of County Commissioners (Board), Polk County School Board, the State of Florida, as well as, municipalities and special taxing districts located within Polk County.

The accounting policies of the Tax Collector conform to GAAP as applicable to governmental entities. The accompanying summary of significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies, as presented, should be viewed as an integral part of the financial statements.

Fund Accounting

The accounts of the Tax Collector are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for in separate self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The various funds of the Tax Collector are grouped into two generic fund types and two broad fund categories as follows:

Governmental Fund Type

<u>General Fund</u> - The General Fund is the general operating fund of the Tax Collector and accounts for all financial resources not required to be accounted for in another fund.

Fiduciary Fund Type

<u>Agency Fund</u> - The agency fund accounts for all assets held by the Tax Collector in his capacity as custodian or agent for individuals and other governmental units. The agency fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations.

September 30, 2020

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available. For this purpose, the Tax Collector considers revenues to be available if they are collected within 31 days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, if measurable, except for the long term portion of unpaid sick and vacation pay.

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in the fund balance.

In governmental funds, material revenues in the following categories are considered susceptible to accrual when they are both measurable and available:

Property taxes Intergovernmental revenues Interest earned

Licenses and permits, charges for services, fines and forfeitures and miscellaneous revenues are generally recorded as revenues when received in cash because they are usually not measurable until actually received.

Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Agency funds are accounted for using the modified accrual basis of accounting.

Capital Assets

Capital assets are assets with a useful life of more than one year and a cost of \$1,000 or greater. Capital assets purchased by the Tax Collector are recorded as expenditures. Capital assets, except for real property, are not included in the financial statements because ownership is vested in the Board of County Commissioners as provided by Chapter 274, Florida Statutes. Section 197.332, Florida Statutes, provides for county tax collectors to own real property. Tax Collector owned real property is reported in Footnote C. Buildings are being depreciated over a 40-year useful life using the straight line method. Donated capital assets are recorded at cost or fair value at the date of donation.

Excess Fees

Chapter 218, Florida Statutes, requires that any excess of revenues over expenditures (excess fees) held by a tax collector at the end of each fiscal year shall be distributed to each governmental unit utilizing the Tax Collector's services in the same proportion as the fees paid by the governmental unit bear to the total fee income of the Tax Collector's office. Therefore, the excess of revenues over expenditures at the end of each fiscal year is reflected as a transfer of excess fees on the statement of revenues and expenditures and change in fund balance and the related liability is recorded on the balance sheet as due to the Board or other governmental agencies, as applicable, leaving a net fund balance of zero dollars.

September 30, 2020

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Budgets and Budgetary Accounting

The following are the procedures followed in establishing the budget for the Tax Collector's office:

- 1. On or before August 1 of each year, the Tax Collector submits an annual budget for the operations of their office to the Florida Department of Revenue, Property Tax Oversight Division, (Department). A copy of the budget is also furnished to the Board. After the budget has been reviewed and approved by the Department, it becomes the operating budget for the ensuing fiscal year.
- 2. The Tax Collector's operating budget can only be amended after written approval has been received from the Department.
- 3. The Department approves all transfers between appropriation categories requested by the Tax Collector, and this becomes the level of budgetary control for the office.
- 4. Formal budgetary integration is employed as a management control device during the year for all governmental fund types.
- 5. The General Fund budget is adopted on a modified accrual basis of accounting.

Ad Valorem Taxes

The property tax calendar for 2020 is as follows:

Lien date January 1, 2020 Levy date January 1, 2020

Due dates November 1, 2020 - March 31, 2021

Delinquent date April 1, 2021

Tax certificate sale No later than June 1, 2021

No accrual for the property tax levy becoming due in November of 2020 is included in the accompanying financial statements since such taxes are collected to finance expenditures of the subsequent period.

Investments

The Tax Collector has elected to adopt an Internal Investment Policy in accordance with Chapter 218, Florida Statutes. This policy authorizes the Tax Collector to invest surplus public funds in:

- (1) The Local Government Surplus Funds Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Chapter 163, Florida Statutes.
- (2) Securities and Exchange Commission registered money market funds with the highest quality rating from a nationally recognized rating agency.

September 30, 2020

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- (3) Accounts in state qualified public depositories as defined in Chapter 280, Florida Statutes.
- (4) Certificates of Deposit in state qualified public depositories, as defined in Chapter 280, Florida Statutes.
- (5) Direct obligations of the U.S. Treasury.
- (6) Federal agency and instrumentalities.
- (7) Repurchase Agreements collateralized by securities otherwise authorized above.

Accumulated Unpaid Leave

Effective January 1, 1992, employees began earning annual leave at varying rates depending upon length of service as follows:

Length of Service	Annual Leave Earned
01-05 years	20 days
06-10 years	25 days
11-15 years	28 days
16-20 years	30 days
21-25 years	32 days
26 and over	35 days

Employees are paid at year end for accumulated paid leave in excess of 240 hours.

The Tax Collector uses the last-in, first-out (LIFO) method of recognizing the use of compensated absences. Under this method, compensated absences are recorded as an expenditure when the liability is normally liquidated with expendable available financial resources. Thus, unless it is anticipated that compensated absences will be used in excess of a normal year's accumulation, no additional expenditures are accrued.

Accumulated Unpaid Leave

Since the Tax Collector remits the excess of revenues over expenditures to the Board and other governmental agencies on an annual basis, the entire unpaid liability for sick and annual leave is the responsibility of the Board and other governmental agencies and is therefore recorded in the General Long Term Debt Account Group of the Board and the respective governmental agencies.

Other significant accounting policies are set forth in the financial statements and the notes thereto.

Use of Estimates

The preparation of the fund financial statements is in conformity with accounting practices prescribed by the GASB and the Auditor General, State of Florida, and requires management to make use of estimates that affect the reported amounts in the financial statements. Actual results could differ from estimates.

September 30, 2020

A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Other Postemployment Benefit Obligations

Based on GASB Statement 45 – Accounting and Financial Reporting by Employers for Postretirement Benefits Other Than Pensions, which was implemented by Polk County for the year ended September 30, 2008, certain governmental entities are required to record actuarial accrued liabilities related to Other Postemployment Benefit Plans. The Tax Collector's employees are included as part of the Postemployment Health Benefits Plan (OPEB Plan) administered by the Board. The OPEB Plan currently covers certain eligible retirees of the Board and the Constitutional Officers of Polk County. The OPEB Plan currently pays certain portions of healthcare insurance premiums of retirees based on years of service and other factors. The liabilities and expenses associated with the OPEB Plan are not included in the financial statements of the Tax Collector. Such liabilities and expenses are included in the Comprehensive Annual Financial Report of Polk County.

B - CASH AND CASH EQUIVALENTS

The carrying amount of the Tax Collector's deposits were \$13,374,196 and the bank balances were \$12,261,387 at September 30, 2020. Cash and cash equivalents, which include assets easily and quickly convertible to cash.

Cash and cash equivalents at September 30, 2020, were as follows

Amount insured by federal depository insurance or guaranteed by the banks as qualified public depositories in Florida pursuant to Section 280.07, Florida	\$ 5,007,889
Statutes	
Amount on deposit with State of Florida, State Board of Administration in the Tax Collector's name	7,253,498
	\$ 12,261,387

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The State of Florida requires that deposits by governmental units in a financial institution be collateralized. The State of Florida maintains collateral requirements and authorizes certain financial institutions to act as depositories for governmental unit funds. The Tax Collector maintains all of his accounts in financial institutions approved by the State of Florida.

C - CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2020 was as follows:

	Beginning Balance	Additions Deletions		Ending Balance	
Capital Assets Not Being Depreciated: Land	\$ 2,279,723	\$ -	\$ -	\$ 2,279,723	
Capital Assets Being Depreciated: Building and Improvements Less Accumulated Depreciation Capital Assets Being Depreciated, Net	6,862,657 (909,772) 5,952,885	17,984 (172,767) (154,783)	- - -	6,880,641 (1,082,539) 5,798,102	
Capital Assets, Net	\$ 8,232,608	\$ (154,783)	\$ -	\$ 8,077,825	

September 30, 2020

D - COMPENSATED ABSENCES

At September 30, 2020 the commitment for accrued leave was valued at \$624,098. This liability is recorded in the combined Polk County Comprehensive Annual Financial Report.

E - OPERATING LEASES

The following is a schedule by years of future minimum payments required under operating leases used in governmental operations that have initial or remaining non-cancelable lease terms in excess of one year as of September 30, 2020:

Year Ending September 30, 202	21 \$ 190,755
202	22 103,745
202	23 1,392
Thereaft	ter -
	\$295,892

Total rent expense on all operating leases, both cancelable and non-cancelable, for the year ended September 30, 2020 was \$170,400.

F - RISK MANAGEMENT

The Tax Collector purchases commercial insurance coverage and surety bonds related to various risks of loss related to theft of and errors and omissions related to cash. For all other risk such as property, automobile, and worker's compensation the Tax Collector is under Polk County's plan. In an effort to combat the rising cost of insurance premiums and the unavailability of coverage, Polk County has initiated self-insured worker's compensation, general liability, employment practices and automobile liability programs. There have been no decreases in coverage nor have there been any settlements in excess of coverage in any of the prior three years.

G - RETIREMENT PLANS

All employees are participants in the Florida Retirement System (FRS), a multiple employer, cost-sharing public retirement system. FRS, which is controlled by the State Legislature and administered by the State of Florida, Division of Retirement, is available to governmental units within the State of Florida. Participants can choose from two options: FRS Pension Plan or FRS Investment Plan.

For employees hired on or before June 30, 2011, FRS Pension Plan provides for vesting of benefits after six years of creditable service. Normal retirement benefits are available to employees who retire at or after age 62 with six or more years of service or at completion of 30 years of service. Early retirement is available after six years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement benefits are based upon age, average compensation, and years of service credit where average compensation is computed as the average of an individual's five highest years of earnings.

For employees hired on or after July 1, 2011, FRS Pension Plan provides for vesting of benefits after eight years of creditable service. Normal retirement benefits are available to employees who retire at or after age 65 with eight or more years of service or at completion of 33 years of service. Early retirement is available after eight years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement benefits are based upon age, average compensation, and years of

September 30, 2020

G - RETIREMENT PLANS (continued)

service credit where average compensation is computed as the average of an individual's eight highest years of earnings. FRS Investment Plan provides for vesting after one year of creditable service. Normal retirement benefits are available to employees after termination from all FRS-covered employment for 3 calendar months. Retirement benefits are based on the employee's account balance.

Effective July 1, 2011, all employees are now required to contribute 3% of their salary to the plan they have elected. As a result, retirement expenses were reduced compared to prior years. The Tax Collector has no responsibility to FRS other than to make the periodic payments required by the state statutes. The Florida Division of Retirement issues a publicly available financial report that includes financial statements and required supplementary information for FRS. The report may be obtained by writing to Florida Division of Retirement, 2639 Monroe Street, Building C, Tallahassee, Florida 32399-1560. Participating employer contributions are based upon state-wide rates established by the State of Florida. These rates, effective July 1, 2020, which include the health insurance subsidy contributions of 1.66%, and the 0.06% administration/education fee, are applied to employee salaries as follows: regular employees - 10%; senior management - 27.29%; elected officials -49.18%; and DROP from FRS – 16.98%. The Tax Collector recognizes pension expenditures when the payments are made to FRS. Payments made during the years ended September 30, 2020, 2019 and 2018 were \$1,178,727, \$1,064,911, and \$934,024, respectively. Payments made after June 30, 2020, the measurement date used to determine the net pension liability associated with FRS Pension Plan, amounted to \$361,037. The Tax Collector is not legally required to and does not accumulate expendable available resources to liquidate the retirement obligation related to its employees. Accordingly, the net pension liability and associated deferred outflows and deferred inflows are presented on the government-wide financial statements of the County, following the requirements of GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No.27, and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, effective October 1, 2014.

H - OTHER POST-EMPLOYMENT BENEFIT OBLIGATIONS

Polk County provides certain health care benefits for retired employees. In accordance with Section 112.0801, Florida Statutes, and as authorized by the County Ordinance 2011-023, effective October 3, 2011, and County Ordinance 2017-037 effective July 25, 2017, the County offers retiring employees enrolled in the County's plans at the time of retirement and their covered dependents the opportunity to continue to participate in health and/or life insurance plans through the County's Retiree Benefits Program. The Tax Collector participates with Polk County in offering retiring employees the opportunity to continue to participate in the County's health insurance plan. The liability and expense for the postemployment benefits, calculated in accordance with Governmental Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits other than Pensions, are reported in the Comprehensive Annual Financial Statements of the County.

I - RELATED PARTY

Transactions with the Board of County Commissioners include commissions earned from the collection of property taxes and other financing uses from the transfer of excess fees. For the year ended September 30, 2020, commissions earned were \$11,716,687 and the transfer of excess fees was \$1,224,150.

At September 30, 2020, amounts payable to the Board were \$1,540,487 from the General Fund and \$4,156,891 from the Agency Fund.

September 30, 2020

J - CONTINGENCY

Effective November 5, 2013 the Tax Collector has a contingent liability to the Lakeland Community Redevelopment Agency (LCRA) in the amount of \$600,000. The LCRA provided \$600,000 to the Tax Collector to assist with the relocation of the Lakeland Service Center. The agreement provides for the Tax Collector to repay the \$600,000 to the LCRA if the Tax Collector ceases to use the building within the next twenty five years. If the Tax Collector ceases to use the building between years twenty six and fifty the Tax Collector must repay \$300,000 of this amount. There is no amount due if the Tax Collector is using the building at the end of fifty years.

K – SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 15, 2021, the date which the financial statements were available for issue, and has determined there are no additional adjustments and/or disclosures required.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Joe G. Tedder, CFC Tax Collector for Polk County, Florida Polk County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund of the Tax Collector for Polk County, Florida (the "Tax Collector"), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Tax Collector's basic financial statements, and have issued our report thereon dated March 15, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Tax Collector's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Collector's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tax Collector's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

Honorable Joe G. Tedder, CFC Tax Collector for Polk County, Florida Polk County, Florida

We have examined the Tax Collector for Polk County, Florida's (the "Tax Collector") compliance with Section 218.415, *Florida Statutes*, Local Government Investment Policies during the year ended September 30, 2020. Management of the Tax Collector is responsible for the Tax Collector's compliance with the specified requirements. Our responsibility is to express an opinion on the Tax Collector's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards required that we plan and perform the examination to obtain reasonable assurance about whether the Tax Collector complied, in all material respects, with the specified requirements referenced above. An examination involved performing procedures to obtain evidence about whether the Tax Collector complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Tax Collector's compliance with specified requirements.

In our opinion, the Tax Collector complied, in all material respects with Section 218.415, *Florida Statutes*, Local Government Investment Policies during the year ended September 30, 2020.

This report is intended solely for the information and use of the Tax Collector, the Auditor General, and State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT TO MANAGEMENT

Honorable Joe G. Tedder, CFC Tax Collector for Polk County, Florida Polk County, Florida

Report on the Financial Statements

We have audited the financial statements of the Tax Collector for Polk County, Florida (the "Tax Collector") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated March 15, 2021.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 15, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Office Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. See Note A in the notes to the financial statements. There are no component units related to the Tax Collector.

Financial Management

Section 10.554(1)(i)(2)., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Polk County, Florida, CliftonLarsonAllen LLP, the Tax Collector and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
