INDEPENDENT AUDITORS' REPORT

The Honorable County Commissioners
Clay County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Clay County, Florida (the "County"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Housing Finance Authority of Clay County, which is the County's discretely presented component unit. Those statements were audited by another auditor whose report has been furnished to us, and our opinions, insofar as they relate to the amounts included for the Housing Finance Authority of Clay County, are based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County as of September 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 14 to the financial statements, the prior year financial statements have been restated in the amount of \$2,932,290 in the fiduciary funds. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance, which is required by the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and *Chapter 10.550, Rules of the Auditor General*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining financial statements and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to

the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditor. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditor, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 01, 2022, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Carly Riggs & Ingram, L.L.C.

Jacksonville, Florida
June 01, 2022

Management's Discussion and Analysis

This discussion and analysis of Clay County's (the County) financial statements is designed to introduce the basic financial statements and provide an analytical overview of the County's financial activities for the fiscal year ended September 30, 2021. The basic financial statements are comprised of the government-wide financial statements, fund financial statements, and footnotes. We hope this will assist readers in identifying significant financial issues and changes in the County's financial position.

Financial Highlights

- The assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at the close of fiscal year 2021 by \$464,522,141. \$422,495,859 is from Governmental activities while \$42,026,282 is from Business-type activities.
- The County issued Sales Surtax Revenue Bonds Series 2020 with a par value of \$103,420,000 and an original issue premium of \$26,291,032 in fiscal year 2020. These were issued to primarily finance the acquisition and construction of certain roadway projects. The outstanding liability of these bonds was \$126,321,032 as of September 30, 2021.
- The County reported a liability of \$47,219,391 for its proportionate share of the Florida Retirement System net pension liability for a net decrease of approximately \$112 million.
- The County's revenues exceeded its expenses by \$49,694,691 for the fiscal year.
- Outstanding long-term obligations as of September 30, 2021 were \$228,594,219 including the outstanding debt on the bonds. Of this amount \$9,929,900 is considered due within one year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements, which consist of the following two statements, are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses

Management's Discussion and Analysis

are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected earned revenues such as sales taxes and earned but unused vacation leave).

Both of these financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, physical environment, public safety, court related, transportation, economic environment, human services, and culture/recreation. The business-type activities include solid waste disposal and solid waste collection (universal collection).

The government-wide financial statements include not only the County itself (known as the primary government), but also the Housing Finance Authority of Clay County. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 1-2 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains numerous individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Sheriff MSTU, 2020 Bond Construction, 2020 Bond Revenue, COVID Related Grants, and Capital Improvement Projects funds, which are considered to be major funds. Data from the other governmental funds are combined into a single,

Management's Discussion and Analysis

aggregate presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its general, budgeted special revenue, debt service and capital projects funds. A budget comparison statement has been provided for these funds, where applicable, to demonstrate budgetary compliance.

The basic governmental fund financial statements can be found on pages 3-6 of this report.

The County maintains two types of proprietary funds, enterprise funds and an internal services fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities relating to solid waste disposal and universal solid waste collection. An internal service fund is utilized to report activities of the County's self-insured employee/retiree health fund.

Proprietary funds provide the same type of information as the government-wide financial statements only in more detail. The proprietary fund financial statements provide separate information for the solid waste disposal and solid waste collection operations.

The basic proprietary fund financial statements can be found on pages 7-9 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is similar to proprietary funds.

The basic fiduciary fund financial statements can be found on pages 10-11 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 12-41 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's comparison of budget and actual revenues and expenditures for its general and major special revenue funds; and certain information concerning the County's other postemployment benefit and pension obligations. Required supplementary information can be found on pages 42-58 of this report.

The combining statements referred to earlier in connection with non-major governmental funds can be found on pages 59-80 of this report.

Management’s Discussion and Analysis

The combining statements referred to earlier in connection with fiduciary funds can be found on pages 81-82 of this report.

The County received federal and state financial assistance, generally in the form of grants. Expenditures of these grants and notes are reported on pages 83-85.

Requirements of the Auditor General and Uniform Guidance are also presented on pages 86-96.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$464,522,141 at the close of the fiscal year ended September 30, 2021.

Deferred inflows of resources	86,141,688	5,155,622	851,487	30,343	86,993,175	5,185,965
Net position:						
Invested capital assets						
net of related debt	374,484,160	362,218,816	4,537,920	4,655,955	379,022,080	366,874,771
Restricted	243,071,758	236,483,063	218,790	174,537	243,290,548	236,657,600
Unrestricted (deficit)	(195,060,059)	(223,129,694)	37,269,572	34,424,773	(157,790,487)	(188,704,921)
Total net position	\$ 422,495,859	\$ 375,572,185	\$ 42,026,282	\$ 39,255,265	\$ 464,522,141	\$ 414,827,450

The largest portion of the County’s net position (82%) reflects its investment in capital assets such as land, buildings, infrastructure, improvements and equipment, less any outstanding debt used to acquire those capital assets. The County uses these capital assets to provide services to the citizens; consequently, these assets are not available for future spending. Although the County’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the County’s net position, \$243,290,548, represents resources that are subject to external restrictions on how they may be used. The remaining balance represents a deficit in net position of \$157,790,487.

Governmental Activities

Governmental activities increased the County’s net position by \$46,923,674.

Management's Discussion and Analysis

Management’s Discussion and Analysis

Business-type activities

Business-type activities increased the County’s net position by \$2,771,017. The key elements of the increase are attributable to the Solid Waste Disposal fund which reported revenues in excess of expenses of \$1,998,631. The other enterprise fund, the Solid Waste Collection fund, reported revenues in excess of expenses of \$772,386.

Financial Analysis of the County’s Funds

Management’s Discussion and Analysis

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the County’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County’s financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of the end of the fiscal year 2021, the County’s General fund reported an ending fund balance of \$63,642,321. This is an increase of \$9,886,193 from the prior year. Unassigned fund balance is \$20,918,777 and is generally available for spending at the County’s discretion. The remainder of fund balance is either restricted for specific purposes, \$5; assigned with the intent to be used for a specific purpose, \$41,901,470; or considered non-spendable for inventory and prepaid items, \$822,069.

The fund balance of the County’s General fund increased during the fiscal year, as stated above. There were significant increases in several revenue areas in fiscal year 2021 compared to fiscal year 2020. These include an Ad Valorem Tax increase of \$4,892,110 as the County has experienced growth and various Federal and State Grant Funding increases of \$1,581,016 driven by the COVID-19 funding.

The General fund is the chief operating fund of the County. As a measure of the General fund’s liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 16.6% of the total General fund expenditures.

The Sheriff MSTU fund, 2020 Construction Bond fund, 2020 Bond Revenue fund, COVID Related Grants fund, and Capital Improvements Projects funds are reported as major funds along with the General Fund. For the fiscal year, the Sheriff MSTU operated with a deficit of \$2,978,148 and an ending balance of \$5,532,491. The 2020 Construction Bond fund operated with a deficit of \$4,458,556 and an ending balance of 124,790,635. The 2020 Bond Revenue fund did not operate with a deficit or surplus, ending balance was zero. The COVID Related Grants fund operated with a deficit of \$135,522, and an ending balance of zero. The Capital Improvements Projects fund operated with a surplus of \$3,547,526 and an ending fund balance of \$53,506,692.

The CARES Act fund received funds from the economic stimulus bill passed by the 116th US Congress and signed into law on March 27, 2020. The Coronavirus Aid, Relief and Economic Security Act (CARES Act) allocated \$339.8 billion to state and local governments to fund the communities for COVID related expenditures, allow payments to individuals, business and not for profits that were negatively affected by COVID and to pay for public safety costs that supports COVID relief. The County’s portion of the funding was \$18,282,616 for fiscal year 2021. The County incurred expenditures of \$18,424,168 with the breakdown as follows:

- Aid to Individuals affected by COVID \$ 422,461
- Aid to Businesses affected by COVID \$ 756,522
- Aid to Not for Profits affected by COVID \$ 666,758
- Aid to Government Agencies \$ 3,861,126
- Professional Services \$ 1,107,549
- Public Safety expense COVID Support \$ 4,855,343
- Software \$ 324,182

Management’s Discussion and Analysis

- Maintenance, Equipment, and Supplies \$ 6,327,244
- Administrative support to fund program \$ 102,983
- Total \$18,424,168

The County’s proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The Solid Waste Disposal enterprise fund is reported as a major fund. Additionally, the County operates a self-insured program for its employee/retiree health benefit coverage. This activity is reported as an Internal Service fund.

Unrestricted net position of the proprietary funds at the end of the current and prior fiscal years amounted to:

	Unrestricted Net Position	
	2021	2020
Solid Waste Disposal	\$ 34,876,436	\$ 32,804,023
Universal Collection	2,393,136	1,620,750
Internal	12,246,372	12,110,089
Total	\$ 49,515,944	\$ 46,534,862

Other factors concerning the finances of these funds have been addressed in the discussion of the County’s business-type activities.

General Fund Budgetary Highlights

Over the course of the year the County revised the General fund budget several times. These budget amendments fall into two categories. The first category includes supplemental appropriations. These additional appropriations consist primarily of unanticipated revenues received by the County during the year. The second category of budgetary amendments is regular budgetary adjustments from one division to another. Differences between the General fund’s original budget and final amended budget are briefly summarized as follows:

- Increase in General Government Services of \$3,126,352.
- Increase in Public Safety of \$2,206,663.
- No change in Physical Environment.
- Decrease in Transportation of \$34,000.
- Increase in Economic Development of \$90,587.
- Increase in Human Services of \$22,328
- Increase in Culture and Recreation of \$440,088.
- Increase in Court Costs of \$304,518.
- Increase in Capital Outlay of \$6,683,317

Significant differences between the final amended General fund budget for the fiscal year 2021 and the actual expenditures are briefly summarized as follows:

Management's Discussion and Analysis

- Professional services for the CDBG Voluntary Home Buyout was a positive variance of \$4,282,841 as the program carried over to fiscal year 2022.
- Anticipated repairs and maintenance expenditures in parks & recreation did not occur as COVID-19 projects took priority resulting in a positive variance of \$1,230,208.
- Anticipated repairs and maintenance expenditures in buildings and grounds did not occur resulting in a positive variance of \$1,204,877.
- Salaries and related benefits were reimbursed for public safety from CARES Act funding generating the majority of the positive variance of \$664,435.
- Workers' compensation claims were 32% lower than FY2020 resulting in a positive variance of \$640,273.
- Capital expenditures in parks and recreation, building, fleet/fuel management did not occur resulting in a positive variance of \$1,849,206.

Capital Assets

The County's investment in capital assets for its governmental and business-type activities as of September 30, 2021 amounted to \$383,693,457 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, infrastructure, and construction in progress. The total increase in the County's investment in capital assets (net of depreciation and disposals) for the year was 4.6% (a net increase of \$16,936,721 for governmental activities and a \$118,035 net decrease for business-type activities).

Major capital asset events during the fiscal year include the following:

- Purchase of three county buildings of \$5,469,747 to be used for various county facilities.
- Construction and improvements to County roadways of \$4,625,132 from funds other than bond funds.
- Public safety equipment of \$2,057,830 consisting of one firetruck and seven ambulances.
- Sheriff's Office purchased 58 vehicles for a total of \$1,905,184.
- Radio Tower upgrades of \$1,847,508.

Management’s Discussion and Analysis

Capital Assets
(Net of Accumulated Depreciation)

	Governmental Activities		Business-Type Activities		Total	
	2021	2020	2021	2020	2021	2020
Land	\$ 98,197,300	\$ 97,557,234	\$ 877,750	\$ 877,750	\$ 99,075,050	\$ 98,434,984

Total	\$ 379,155,537	\$ 362,218,816	\$ 4,537,920	\$ 4,655,955	\$ 383,693,457	\$ 366,874,771

Additional information on the County’s capital assets can be found in Note 7 on pages 26-27 of this report.

Long-term Debt

During the 2020 fiscal year, the County issued \$129,711,032 of revenue bonds. The Series 2020 bonds were secured by a lien upon and pledge of the discretionary sales surtax. Proceeds of the bonds are being utilized for several large road improvement projects in the County. As of September 30, 2021, \$4,785,590 of these bond proceeds were spent on the road improvement projects.

Outstanding Debt
Governmental Activities

	2021	2020
Sales tax revenue bonds	\$ 126,321,032	\$ 129,711,032

Additional information on the County’s debt can be found in Note 8 on page 28-29 of this report.

Economic Factors and Next Year’s Budget and Rates

- The unemployment rate for the County was 3.3% for September 2021. This represents a decrease of 21% from the prior year (4.2%) driven by the stronger economy coming out of COVID.
- The gross taxable property values increased to \$12.2 billion in fiscal year 2021 an increase of 7.2%.
- The number of building inspections performed decreased from 53,881 in fiscal year 2020 to 47,621 in fiscal year 2021. There were 6,719 building permits issued during 2021 compared to 7,120 building permits for the fiscal year 2020.
- The County’s population increased 0.8% to 221,440 over the 2020 number of 219,575.

Management’s Discussion and Analysis

Of the County’s September 30, 2021 General fund balance of \$63,642,321, \$30,934,836 has been appropriated to the 2021 fiscal year to fund 2022 activity. This amount has been included in the assigned fund balance on the 2021 financial statements along with \$10,966,634 in the Fine & Forfeiture fund which is assigned for law enforcement purposes.

The ad valorem tax rate for FY2021 for the County remained constant at 8.101 mills. However, for FY2022 the rate increased to 8.601 mills.

The disposal assessment rates (\$72.00 per unit) for the Solid Waste fund as well as the franchise fees were not changed for the 2021 fiscal year. The universal collection assessment fee was changed to \$154.44 per household, the same as the prior year.

Request for Information

This financial report is designed to present users with a general overview of the County’s finances and to demonstrate the County’s accountability. If you have any questions concerning any of the information provided in this report or need additional financial information, contact the County’s Finance Officer at 825 N. Orange Ave, Green Cove Springs, Florida. Additional information concerning the County can be found on our web site <http://www.claycountygov.com>.

The accompanying notes form an integral part of these financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Net change in fund balances – total governmental funds \$ 16,259,189

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is depreciated over their estimated useful lives.

Acquisitions of capital assets	32,568,832
Donations of capital assets	4,222,946
Current year depreciation expense	(19,850,233)
Loss on disposition of capital assets	(4,824)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of long-term debt consumes current financial resources, but neither transaction has any effect on net assets. Also, governmental funds report the effect of discounts, premiums, and other similar items when debt is first issued, whereas these amounts are deferred and amortized over the term of the debt in the statement of activities.

Principle payments	3,390,000
--------------------	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated absences	315,352
Net OPEB expense resulting from changes in net OPEB liability and deferred outflows and inflows	(1,227,380)
Net pension expense resulting from changes in net pension liability, deferred outflows and inflows	10,464,057
Self-insured workers' compensation	(356,000)

Revenue earned but not available for use in current operations is not reported as revenue recognized and is deferred in the fund financial statements.

	725,304
--	---------

Change in net position of the Internal Service Fund is reported in the statement of activities, but not in the governmental funds.

	136,283
--	---------

Acquisitions of inventory and prepaid items under the purchases method in the governmental funds are treated as expenditures when purchased:

Change in inventory and prepaids	280,148
----------------------------------	---------

Change in net position of governmental activities \$ 46,923,674

The accompanying notes form an integral part of these financial statements.

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Clay County, Florida (the “County”) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

Reporting Entity

The County is a general purpose local government whose charter was established under the legal authority of the Constitution of the State of Florida. It is composed of an elected Board of County Commissioners and elected constitutional officers -- Clerk of the Circuit Court, Sheriff, Tax Collector, Property Appraiser, and Supervisor of Elections -- that operate as separate county agencies.

The accompanying financial statements present the County as the primary government, and also present its component units, which are entities for which the County is considered to be financially accountable.

Blended Component Units

Although legally separate entities, blended component units are in substance part of the primary government's operations and, accordingly, data from these units, if any, would be combined with the data of the primary government. There are no blended component units included in the accompanying financial statements.

Discretely Presented Component Units

Discretely presented component units, on the other hand, are reported in a separate column in the financial statements to emphasize that they are legally separate entities.

For the Housing Finance Authority of Clay County, Florida (“HFA”), there were positive responses to the criteria used for establishing financial accountability. Accordingly, the HFA has been included in the County’s financial statements as a discretely presented component unit.

The HFA is a dependent special district created by Ordinance 80-19, pursuant to Section 159.604, Florida Statutes. It is responsible for authorizing issuance of housing revenue bonds for the purpose of alleviating a shortage of affordable residential and rental housing facilities, and to provide for capital investment in such facilities for low and moderate income families and persons within the County. The members of the governing board of the HFA are appointed by the Board of County Commissioners who may alter or change the structure, organization, programs, or activities of HFA; terminate the HFA; remove members of the HFA; and review the budget of the HFA.

Complete financial statements for the component unit may be obtained at the entity’s administrative offices:

The Housing Finance Authority of Clay County
PO Box 562
Orange Park, FL 32067-0562

Joint Ventures

The County does not participate in any joint ventures.

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Related Organization

The County appoints the voting majority of the Clay County Utility Authority (“Authority”). However, the County is not financially accountable for the Authority and, accordingly, the Authority is not included in the County’s financial reporting entity.

The County approves the budget of the Lake Asbury Municipal Service Benefit District (“District”). However, the County is not financially accountable for the District and, accordingly, the District is not included in the County’s financial reporting entity.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the County and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual funds are reported as separate columns in the fund financial statements, but all nonmajor funds are aggregated and displayed in a single column. The governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for the governmental funds.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the enterprise fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Taxes and certain intergovernmental revenues constitute the most significant sources of revenue considered susceptible to accrual.

In governmental funds, expenditures are generally recognized when the related liability is incurred. However, debt service expenditures, and expenditures for compensated absences and claims and judgments, are recorded only when payment is due.

Custodial fund assets and liabilities are accounted for on the accrual basis.

Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the County's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the County has one discretely presented component unit. While the Housing Finance Authority of Clay County, Florida is considered to be a major component unit, it is nevertheless shown in separate column in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Financial Statements

Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

Fiduciary funds are used to report assets held in an agency capacity for others that cannot be used to support the government's own programs. Custodial funds are purely custodial and do not involve measurement of results of operations.

The County reports the following major governmental funds:

The General Fund is the general operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

The Capital Improvement Projects Fund, a capital projects fund, accounts for resources to be used for the construction of various capital projects.

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2020 Bond Construction Fund, a capital projects fund, accounts for bond proceeds to be used for the construction of various capital projects.

The Sheriff MSTU Fund, a special revenue fund, accounts for resources provided by taxes levied for municipal services.

2020 Bond Revenue fund, a special revenue fund, accounts for revenues received from discretionary sales surtax imposed to finance capital projects.

The COVID Related Grants, a special revenue fund, accounts for resources provided by the Department of the Treasury that are restricted for COVID-19 pandemic expenditures.

The County reports the following major enterprise fund:

The Solid Waste Disposal Fund accounts for refuse services that are financed and operated in a manner similar to private business enterprises.

Additionally, the County reports the following fiduciary fund type:

Custodial funds are used to account for resources held by the County in a custodial capacity.

Internal service funds are used to account for those operations which provide benefits to other funds, departments, or agencies of the primary government. The County's internal service fund accounts for County employees' health insurance benefits and claim payments. Although the County's internal service fund is reported as a proprietary fund in the fund financial statements, it is incorporated into governmental activities in the government-wide financial statements.

During the course of operations, the County has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements.

Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, only highly liquid investments with original maturities of three months or less are considered to be cash equivalents.

Investments

Investments are reported at fair value, with the exception of investments in external investment pools that meet all of the necessary criteria to elect to be measured at amortized cost.

Restricted investments represent unspent bond proceeds accumulated in the capital improvements funds, funds restricted for post-closure costs in the solid waste fund, and investments restricted for the various uses of the special revenue funds.

Accounts Receivable

The accounts receivable of the County are recorded in the government-wide, governmental, and proprietary fund financial statements and are net of an allowance for uncollectable accounts, which is generally equivalent to the receivables that are over 60 days.

Unearned Revenue

Unearned revenue is reported when the County receives cash payments prior to satisfying all of the eligibility requirements necessary to recognize these payments as revenue. The revenue will be recognized in the fiscal year it is earned. Unearned revenue is reported as a liability in the fund financial statements.

Interfund Activities and Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds” or “due to other funds” within the fund financial statements. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any residual balance outstanding between the governmental and business-type activities at the end of the fiscal year with agency funds, which are reported in the government-wide financial statements as “internal balances”.

Inventories and Prepaid Items

Inventories are valued at cost under the first-in, first-out method and is accounted for using the purchases method. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Nonspendable fund balance is reported in the governmental fund financial statements to indicate that inventories and prepaid items do not represent available spendable resources.

Restricted Assets

In the accompanying Statement of Net Position, Restricted Net Position is subject to restrictions beyond the County's control. The restriction is either externally imposed (for instance, by creditors, grantors, contributors, or laws/regulations of other governments) or is imposed by law through constitutional provisions or enabling legislation. It is the practice of the County to utilize restricted assets before unrestricted assets.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are valued at historical cost or estimated historical cost. Donated capital assets are recorded at estimated fair value on the date donated. The thresholds for capitalizing assets are generally as follows:

Tangible personal property	\$ 1,000
Building and building improvements	25,000
Land and land improvements	10,000
Roads	250,000
Subdivisions	250,000
Bridges	100,000
Sidewalks	50,000
Street light systems	100,000
Drainage systems	100,000

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the following estimated useful lives:

	Years
Governmental activities:	
Buildings and infrastructure	50
Machinery and equipment	5
Computer equipment - greater than \$10,000	5
Computer equipment - less than \$10,000	3
Business-type activities:	
Buildings and improvements	20 - 50
Machinery and equipment	3 - 10

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources represent a consumption of resources that applies to a future period and will not be recognized as an outflow of resources (expense or expenditure) until that time.

Deferred inflows of resources represent an acquisition of resources that applies to a future period and will not be recognized as an inflow (revenue) until that time.

Compensated Absences

Personnel policies of the various county agencies allow a limited accumulation and vesting of unused employee vacation and sick leave. A liability is accrued when incurred in the government-wide and proprietary fund financial statements. However, a liability is reported in governmental funds only when payment is due.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond discounts, premiums and deferred amounts on refunding are amortized over the life of the bonds using a method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position, and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the Florida Retirement System Pension Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB) Liability

In addition to pension benefits noted above, the County provides health care and life insurance benefits for retired employees (OPEB). For purposes of measuring the net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance

The County follows the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the County's highest level of decision-making authority, which is an ordinance. Committed amounts cannot be used for any other purpose unless the County removes those constraints by taking the same type of action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the County Commission or (b) a body or official to which the County Commission has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund. When the components of fund balance can be used for the same purpose, it is the County's policy to expend resources in the following order: restricted, committed, assigned, and unassigned.

Revenues and Expenditures/Expenses

Proprietary funds operating and nonoperating revenues and expenses- The proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Clay County, Florida Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently Issued and Implemented Accounting Pronouncements

The County has implemented GASB Statement No. 84, Fiduciary Activities. The implementation of this statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Additional information can be found in Note 14.

NOTE 2 – DEPOSITS AND INVESTMENTS

Deposits with Financial Institutions

All of the County’s deposits and those of its discretely presented component unit, The Housing Finance Authority of Clay County’s (“HFA”), are held in qualified public depositories pursuant to Chapter 280, Florida Statutes, and, accordingly, are entirely insured by federal depository insurance or collateralized pursuant to the Florida Security for Public Deposits Act.

Investments

The County invests excess public funds pursuant to the guidelines established in Section 218.415, Florida Statutes. Accordingly, the County is authorized to invest excess public funds in the following instruments: The Local Government Investment Pool (“State Pool”) or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act; Securities and Exchange Commission registered money market funds with the highest credit quality rating; savings accounts and certificates of deposit in qualified public depositories; and direct obligations of the U.S. Treasury.

At September 30, 2021 the County’s cash and investments consisted of the following:

	Reported Value
Cash	\$ 129,390,009
Money Market Fund	750,495
Investment in State Pool (Florida PRIME)	107,355,410
Florida Surplus Asset Trust Fund (Florida SAFE)- NAV	33,298,985
Florida Local Government Investment Trust (FLGIT)	116,344
Florida Public Assets for Liquidity Management (FL PALM)- NAV	31,002,034
U.S. Treasuries	83,254,514
Supra-National Agencies	9,553,961
Total Cash and Investments	\$ 394,721,752

Clay County, Florida Notes to Financial Statements

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

Housing Finance Authority of Clay County Investments

HFA's investment policy allows it to invest excess public funds pursuant to the guidelines established in Section 218.415, Florida Statutes and in mortgage backed securities which HFA may receive as a result of refunding one of its bond programs.

HFA's investments at September 30, 2021 consist of mortgage backed securities, reported at fair value of \$722,200. These investments have a credit quality rating of AAA and a weighted average maturity of 7 years.

Investments and Fair Value Measurements

For the County's and HFA's investments that are measured at fair value, HFA's mortgage backed securities and the County's investment in FLGIT, the values are determined using guidelines established by Generally Accepted Accounting Principles. These guidelines recognize a three-tiered hierarchy as follows:

- Level 1 – Investments reflect unadjusted quoted prices in active markets for identical assets that a government can access at measurement date.
- Level 2 – Investments reflect prices that are based on inputs, other than quoted prices included within Level 1, that are observable for an asset, either directly or indirectly.
- Level 3 – Investments that are based on unobservable inputs for an asset.

The County has the following recurring fair value measurements as of September 30, 2021:

- Investment pools organized pursuant to Florida Statutes 163.01 – Valued at the daily closing price as reported by the fund.
- Investments in external pools, though measured at fair value, are not categorized within the fair value hierarchy.
- Debt securities classified in Level 1 of the fair value hierarchy are valued using quoted market prices for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique based on the securities relationship to benchmark quoted prices.

Clay County, Florida Notes to Financial Statements

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the City’s assets at fair value as of September 30, 2021:

	Fair Value	Maturities (in years)			S & P Rating	Level
		Less than 1	1 - 5	More than 5		
Investment in State Pool (Florida PRIME)	\$ 107,355,410	\$ 107,355,410	\$ -	\$ -	AAAm	-
Florida Surplus Asset Trust Fund (Florida SAFE)- NAV	33,298,985	33,298,985	-	-	AAAm	-
Florida Local Government Investment Trust (FLGIT)	116,344	116,344	-	-	AAAf	-
Florida Public Assets for Liquidity Management (FL PALM)- NAV	31,002,034	31,002,034	-	-	AAAm	-
U.S. Treasuries	83,254,514	-	83,254,514	-	AA+	L1
Supra-National Agencies	9,553,961	-	9,553,961	-	AAA	L2
Total Investments (excludes cash)	\$ 264,581,248	\$ 171,772,773	\$ 92,808,475	\$ -		

Investment Risks

The County and HFA are exposed to the following risks associated with its investment portfolios:

Interest Rate Risk – the risk that changes in interest rates will adversely affect the fair value of an investment. The County’s policy is to minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates by limiting investment to those intended to maintain a constant share price or par value.

Credit Risk – the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County’s policy is to limit credit risk by diversifying the investment portfolio so that potential loss on individual securities will be minimized and by limiting investments to specified credit ratings.

Florida Surplus Asset Trust Fund (Florida SAFE)

Florida SAFE is organized pursuant to Florida Statute 163.01. Florida SAFE is overseen by a Board of Trustees comprised of Florida local government officials, who are themselves participants in Florida SAFE. Florida SAFE is an external investment pool that meets all of the necessary criteria to elect to measure all of the investments at amortized cost. Therefore, the County’s investment in Florida SAFE is reported at amortized cost. Florida SAFE seeks, but does not guarantee to maintain a constant net asset value at \$1.00 per share.

Florida SAFE had a credit quality rating at September 30, 2021 of AAAM. The weighted average maturity (WAM) for Florida SAFE at September 30, 2021 was 60 days.

There were no redemption fees or maximum transaction amounts. The Fund’s Indenture of Trust does provide for limited situations in which a participant’s access to 100% of the account value is restricted. The Trustees have the authority to resume participant access to the Fund when the situation causing the restriction has been resolved.

Clay County, Florida Notes to Financial Statements

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

Investment in State Pool (Florida PRIME)

The County invests surplus funds in the State Board of Administration's Local Government Surplus Funds Trust Fund. The Florida PRIME is administered by the Florida State Board of Administration ("SBA"), who provides regulatory oversight. The powers and duties of the SBA are defined in Florida Statute 218.409. In addition, Chapter 19-7 of the Florida Administrative Code identifies the rules and regulations governing the administration of the Florida PRIME. These rules provide guidance and establish the general operating procedures for the administration of the pool.

The Florida PRIME is an external investment pool that meets all of the necessary criteria to elect to measure all of the investments in Florida PRIME at amortized cost. Therefore, the County's investment in the Florida PRIME is reported at amortized cost. The fair value of the position in the pool is equal to the value of the pool shares. The Florida PRIME had a credit quality rating at September 30, 2021 of AAAM. The weighted average maturity (WAM) of the Florida PRIME at September 30, 2021 was 49 days.

Florida "PRIME" was not exposed to any foreign currency risk during the period October 1, 2020 through September 30, 2021.

As of September 30, 2021, there were no redemption fees or maximum transaction amounts. Florida Statutes do provide for situations in which a participant's access to 100 percent of the account value is limited.

Florida Local Government Investment Trust (FLGIT)

FLGIT is an external investment pool administered by the Florida Association of Court Clerks and Comptrollers, and is not registered with the SEC. The investment pool does not meet all necessary criteria to elect to measure all of the investments in FLGIT at amortized cost. Therefore, the County's investment in FLGIT is reported at the fair value. FLGIT had a credit quality rating of AAAf at September 30, 2021. The weighted average maturity (WAM) of the Florida FLGIT at September 30, 2021 was 2.10 years.

Florida Public Assets for Liquidity (FL PALM)

FL Palm is an external investment pool that meets all of the necessary criteria to elect to measure all of the investments at amortized cost. Therefore, the County's investment in FL PALM are reported at amortized cost. FL PALM seeks, but does not guarantee to maintain a constant net asset value at \$1.00 per share.

FL PALM had a credit quality rating of AAAM and a weight average maturity (WAM) at September 30, 2021 of 53 days.

Custodial Credit Risk – the risk that in the event of the failure of a depository financial institution, the County may not be able to recover deposits. All County deposits are in qualified public depositories

Clay County, Florida Notes to Financial Statements

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

pursuant to Chapter 280, Florida Statutes. All deposits made in qualified public depositories are fully collateralized and backed by the Public Deposit Security Trust Fund.

As of September 30, 2021, the County's investments were held with a third-party custodian as required by the County's investment policy.

Concentration of Credit Risk – the risk of loss attributed to the magnitude of an investment in a single issuer. Unless market conditions otherwise require, the investment policy requires that no more than eighty (80%) of the County's investment portfolio may be in any one class of security other than those issued or guaranteed by the U.S. Government or its agencies.

NOTE 3 – PROPERTY TAXES

Property taxes become due and payable on November 1st of each year and are delinquent on April 1 of the following year. Discounts on property taxes are allowed for payments made prior to the April 1 delinquent date. Tax certificates for the full amount of any unpaid taxes must be sold no later than June 1st of each year.

Procedures for collecting delinquent taxes, including applicable tax certificate sales and tax deed sales, are provided by Florida Statutes. The enforceable lien date is approximately two years after taxes become delinquent and occurs only upon request of a holder of a delinquent tax certificate. There were no significant delinquent property taxes receivable at September 30, 2021.

Tax revenues are recognized when levied, to the extent that they result in current receivables in governmental funds. By year-end, substantially all property taxes have been collected. Accordingly, there is no ad-valorem property taxes receivable reported in the accompanying financial statements. Details of the property tax calendar are presented below:

Lien Date	January 1
Levy Date	October 1
Discount Period	November – February
No Discount Period	March
Delinquent Date	April 1

NOTE 4 – ALLOWANCE FOR DOUBTFUL ACCOUNTS

Account receivables are reported net of an allowance for uncollectible accounts of \$5,859,180 in the General Fund and \$352,750 in the Enterprise Fund (Solid Waste).

Receivables for the discretely presented component unit are reported net of an allowance for uncollectible accounts of approximately \$4,376,062.

Clay County, Florida
Notes to Financial Statements

NOTE 5 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

At September 30, 2021, interfund balances consisted of:

	Due to							
	General Fund	Capital Improvements	Sheriff MSTU	Nonmajor Governmental	Solid Waste Disposal	Universal Collection	Health Insurance	Total Due from
Due from								
General fund	\$ -	\$ -	\$ 1,387,308	\$ 311,619	\$ 43,847	\$ 86,728	\$ 47,802	\$ 1,877,304
2020 Bond revenue	-	3,306,660	-	-	-	-	-	3,306,660
COVID related grants	191	-	-	-	-	-	-	191
Nonmajor governmental	184,658	368,740	-	485,613	-	-	-	1,039,011
Custodial funds	63,360	-	-	288,518	-	-	-	351,878
Total Due to	\$ 248,209	\$ 3,675,400	\$ 1,387,308	\$ 1,085,750	\$ 43,847	\$ 86,728	\$ 47,802	\$ 6,575,044

The interfund balances resulted from the normal course of operations and are expected to be paid within one year.

Interfund transfers for the year ended September 30, 2021 are summarized below:

	Transfer Out							Total Transfer In
	General Fund	Capital Improvement Projects	Sheriff MSTU	COVID Related Grants	2020 Bond Revenue	Nonmajor Governmental		
Transfer in								
General fund	\$ -	\$ -	\$ 24,865,430	\$ 3,630,831	\$ -	\$ 511,863	\$ 29,008,124	
Capital improvement projects	-	-	-	-	19,037,214	368,740	19,405,954	
Sheriff MSTU	1,387,308	-	-	221,131	-	-	1,608,439	
Nonmajor governmental	949,312	1,433,199	-	1,013,724	8,405,500	1,337,750	13,139,485	
Solid waste disposal	43,847	-	-	-	-	-	43,847	
Universal collection	86,728	-	-	-	-	-	86,728	
Total transfer out	\$ 2,467,195	\$ 1,433,199	\$ 24,865,430	\$ 4,865,686	\$ 27,442,714	\$ 2,218,353	\$ 63,292,577	

Some balances resulted from the time lag between the dates that (a) interfund goods and services are provided or reimbursable expenditures occur, (b) transactions are recorded in the accounting system, and (c) payments are made between funds.

Other balances are transfers that include transfers to provide match for grant requirements; transfer monies to other funds based on budgetary requirements; and to move monies from a fund that by statute or budgetary authority must collect revenues to funds that are required by statute or budgetary authority to expend them.

NOTE 6 – OPERATING LEASES

The County has various equipment operating leases and one facility operating lease. Maturities range from monthly to Fiscal year 2031. During the year ended September 30, 2021, the lease payments totaled \$362,770.

Clay County, Florida
Notes to Financial Statements

NOTE 6 – OPERATING LEASES (Continued)

The future minimum lease payments under these leases are approximately as follows:

Year Ending September 30,	Amount
2022	
2023	\$ 368,351
2024	366,620
2025	363,355

NOTE 8 – LONG-TERM DEBT AND LIABILITIES

Sales Surtax Revenue Bonds, Series 2020 with a par value of \$103,420,000 and an original issue premium of \$26,291,031.75 were issued March 2020. The bonds were issued to finance the acquisition and construction of certain roadway and other capital improvements for the County and pay the costs of issuance of the Series 2020 Bonds. Bonds will be payable on October 1, 2020, and semiannually thereafter on April 1 and October 1 of each year, total annual installments ranging from \$3,390,000 to \$8,080,000. The bonds mature in 2039 bearing interest rates ranging from 4.00% to 5.05%. The revenues of the discretionary sales surtax are pledged as collateral and the bond is payable from the 2020 Bond Debt Service Fund. Principal payments made during the fiscal year amounted to \$3,390,000. Interest payments made during the year amounted to \$5,012,500 and debt service fees made during the year amounted to \$3,000.

\$ 100,030,000

Changes in long-term liabilities for the fiscal year ended September 30, 2021, are summarized as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities					
Bonds payable	\$ 103,420,000	\$ -	\$ 3,390,000	\$ 100,030,000	\$ 3,560,000
Issuance premiums	26,291,032	-	-	26,291,032	218,045
Compensated absences	15,592,492	10,404,041	10,719,393	15,277,140	5,776,601
Net pension liability	157,819,431	-	110,969,237	46,850,194	125,136
Net OPEB liability	34,981,149	2,473,916	-	37,455,065	-
Governmental activity long-term liabilities	\$ 338,104,104	\$ 12,877,957	\$ 125,078,630	\$ 225,903,431	\$ 9,679,782
Business-type activities					
Compensated absences	274,196	113,973	78,228	309,941	30,064
Net pension liability	1,490,098	-	1,120,901	369,197	1,264
Landfill postclosure care costs	1,697,236	314,414	-	2,011,650	218,790
Business-type activity long-term liabilities	\$ 3,461,530	\$ 428,387	\$ 1,199,129	\$ 2,690,788	\$ 250,118

Compensated absences, other postemployment benefits and the net pension liability will be liquidated in future periods primarily by the General Fund for governmental activities. Business-type activities compensated absences will be liquidated by the respective proprietary fund.

Clay County, Florida
Notes to Financial Statements

NOTE 8 – LONG-TERM DEBT AND LIABILITIES (CONTINUED)

Debt service requirements to maturity on the County’s long-term obligations at September 30, 2021, are as follows:

Year Ending September 30,	Governmental Activities Direct Borrowings		
	Principal	Interest	Total
2022	\$ 3,560,000	\$ 4,843,000	\$ 8,403,000
2023	3,735,000	4,665,000	8,400,000
2024	3,925,000	4,478,250	8,403,250
2025	4,120,000	4,282,000	8,402,000
2026	4,325,000	4,076,000	8,401,000
2027-2031	25,090,000	16,912,000	42,002,000
2032-2036	32,025,000	9,980,000	42,005,000
2037-2039	23,250,000	1,961,200	25,211,200
Total	\$ 100,030,000	\$ 51,197,450	\$ 151,227,450

Events of Default and Remedies

The County follows GASB Statement No. 88 Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements. The revenues of the discretionary sales surtax are pledged as collateral and the payments of the bonds are insured with a municipal bond issue insurance policy. The County also has no unused lines of credit.

In the event of default, all pledged Funds shall be applied to the payment of expenses to the payment of the interest and principal due on the bonds.

Landfill Closure and Postclosure Care Costs

State and Federal laws and regulations require the County to place a final cover on its landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after closures. Although postclosure care costs will be paid only near the end or after the date landfills stop accepting waste, the County reports a portion of these costs as an operating expense in each period based on landfill capacity used as of each financial statement date. As of September 30, 2021, each of the County landfill sites have reached full capacity. The \$2,011,650 reported as landfill postclosure care liability at September 30, 2021, represents the estimated remaining obligation for postclosure care costs for the landfill sites. Actual costs may differ due to inflation, deflation, technology, or changes in applicable laws or regulations. The estimate for post closure care costs is updated annually.

The County has restricted resources in the amount of \$218,790 to provide for this liability in accordance with the regulations of the Florida Department of Environmental Protection.

Clay County, Florida Notes to Financial Statements

NOTE 9 – STATE OF FLORIDA PENSION PLANS

Defined Benefit Plans

The County participates in two defined benefit pension plans that are administered by the State of Florida, Department of Management Services, Division of Retirement. The plans provide retirement, disability or death benefits to retirees or their designated beneficiaries. Chapter 121, Florida Statutes, establishes the authority for benefit provisions. Changes to the law can only occur through an act of the Florida Legislature. The State of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the plans. That report is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

The Florida Retirement System (FRS) Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees. The FRS was established and is administered in accordance with Chapter 121, Florida Statutes. Retirees receive a lifetime pension benefit with joint and survivor payment options.

FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state college, or district school board, unless restricted from FRS membership under Sections 121.053 or 121.122, Florida Statutes, or allowed to participate in a defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy (HIS) Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees and surviving beneficiaries of the state-administered retirement systems in paying their health insurance costs. To be eligible to receive a HIS benefit, a retiree under a state administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

Benefits Provided

Benefits under the FRS Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes.

Clay County, Florida
Notes to Financial Statements

NOTE 9 – STATE OF FLORIDA PENSION PLANS (CONTINUED)

Contributions

The contribution requirements of plan members and the employer are established and may be amended by the Florida Legislature. Employees are required to contribute 3.00% of their salary to the FRS Pension Plan. The employer’s contribution rates as of September 30, 2021, were as follows:

	FRS	HIS
Regular class	9.16%	1.66%
Special risk class	24.23%	1.66%
Senior management service class	27.35%	1.66%
Elected officials	49.76%	1.66%
DROP from FRS	16.68%	1.66%

The employer’s contributions for the year ended September 30, 2021, were \$10,095,018 to the FRS Pension Plan and \$1,213,642 to the HIS Program.

Pension Liabilities and Pension Expense

In its financial statements for the year ended September 30, 2021, the County reported a liability for its proportionate share of the net pension liability of the FRS Pension Plan and its proportionate share of the net pension liability of the HIS Program. The net pension liabilities were measured as of June 30, 2021. The County’s proportions of the net pension liabilities were based on its share of contributions to the pension plans relative to the contributions of all participating entities, actuarially determined.

	FRS	HIS
Net pension liability	\$ 22,097,711	\$ 25,121,680
Proportion at:		
Current measurement date	0.2925%	0.2048%
Prior measurement date	0.3115%	0.1991%
Pension expense	\$ 40,293	\$ 2,055,308

Deferred Outflows/Inflows of Resources Related to Pensions

At September 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Clay County, Florida
Notes to Financial Statements

NOTE 9 – STATE OF FLORIDA PENSION PLANS (CONTINUED)

	FRS		HIS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,787,583	\$ -	\$ 840,635	\$ (10,522)
Changes of assumptions	15,120,349	-	1,974,002	(1,035,077)
Net difference between projected and actual earnings on pension plan investments	-	(77,093,359)	26,189	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	3,874,872	(6,840,422)	1,418,663	(342,306)
Employer contributions subsequent to the measurement date	2,854,774	-	286,447	-
Total	\$ 25,637,578	\$ (83,933,781)	\$ 4,545,936	\$ (1,387,905)

Deferred outflows of resources related to employer contributions paid subsequent to the measurement date and prior to the employer's fiscal year end will be recognized as a reduction of the net pension liability in the reporting period ending September 30, 2022.

Other pension-related amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year ending September 30,	FRS	HIS
2022	\$ (10,591,881)	\$ 756,748
2023	(12,516,654)	380,042
2024	(16,425,815)	541,786
2025	(21,014,712)	607,988
2026	(601,915)	480,279
Thereafter	-	104,741
Total	\$ (61,150,977)	\$ 2,871,584

Actuarial Assumptions

The total pension liability for each of the defined benefit plans was measured as of June 30, 2021. The total pension liability for both the FRS Pension Plan and HIS Program were determined by actuarial valuations dated July 1, 2020 and rolled forward. The individual entry age actuarial cost method was used for each plan, along with the following significant actuarial assumptions:

	FRS	HIS
Inflation	2.40%	2.40%
Salary increases	3.25%	3.25%
Investment rate of return	6.80%	N/A
Discount rate	6.80%	2.16%

Mortality assumptions for both plans were based on the PUB-2010 base tables projected generationally with Scale MP-2018.

Clay County, Florida
Notes to Financial Statements

NOTE 9 – STATE OF FLORIDA PENSION PLANS (CONTINUED)

For both plans, the actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The following changes in key actuarial assumptions occurred in 2021:

FRS:

- The maximum amortization period was decreased to 20 years for all current and future amortization bases.

HIS:

- The municipal bond index rate and the discount rate used to determine the total pension liability decreased from 2.21% to 2.16%.

The long-term expected investment rate of return for the FRS Pension Plan was not based on historical returns, but instead was based on a forward-looking capital market economic model. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption of 2.40%.

For the FRS Pension Plan, the table below summarizes the consulting actuary’s assumptions based on the long-term target asset allocation.

Asset Class	Target Allocation	Annual Arithmetic Return	Annual (Geometric) Return
Cash	1.00%	2.08%	2.07%
Fixed income	20.00%	3.80%	3.70%
Global equity	54.20%	8.21%	6.73%
Real estate	10.30%	7.10%	6.20%
Private equity	10.80%	11.70%	8.50%
Strategic investments	3.70%	5.70%	5.40%
	<u>100%</u>		

Discount Rate

The discount rate used to measure the total pension liability for the FRS Pension Plan was 6.80%. FRS’ fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program is essentially funded on a pay-as-you-go basis and the depletion date is considered to be immediate, a municipal bond rate of 2.16% was used to determine the total pension liability for the program. The Bond Buyer General Obligation Bond 20-Bond Municipal Bond Index was used as the applicable municipal bond index.

Clay County, Florida
Notes to Financial Statements

NOTE 9 – STATE OF FLORIDA PENSION PLANS (CONTINUED)

Sensitivity Analysis

The following tables demonstrate the sensitivity of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the employer’s proportionate share of the net pension liability if the discount rate was 1.00% higher or 1.00% lower than the current discount rate.

	FRS			HIS		
	Current Discount			Current Discount		
	1% Decrease (5.80%)	Rate (6.80%)	1% Increase (7.80%)	1% Decrease (1.16%)	Rate (2.16%)	1% Increase (3.16%)
Employer's proportionate share of the net pension liability	\$ 98,822,444	\$ 22,097,711	\$ (42,035,563)	\$ 29,043,095	\$ 25,121,680	\$ 21,908,957

Pension Plans’ Fiduciary Net Position

Detailed information about the pension plans’ fiduciary net position is available in the State’s separately issued financial reports.

Defined Contribution Plan

Pursuant to Chapter 121, Florida Statutes, the Florida Legislature created the Florida Retirement Investment Plan (“FRS Investment Plan”), a defined contribution pension plan qualified under Section 401(a) of the Internal Revenue Code. The FRS Investment Plan is an alternative available to members of the Florida Retirement System in lieu of the defined benefit plan. There is a uniform contribution rate covering both the defined benefit and defined contribution plans, depending on membership class. Required employer contributions made to the plan during the year ended September 30, 2021, totaled \$2,327,192.

NOTE 10 – OTHER POSTEMPLOYMENT BENEFIT PLAN

Plan Description

The County administers a single employer defined benefit plan for postemployment benefits other than pension benefits (“OPEB Plan”). The OPEB Plan provides post-employee life insurance benefits and a health insurance subsidy for retirees and eligible dependents.

The life insurance benefit is provided to retirees at a rate comparable to current employees. The employee contribution rate for life insurance was increased from \$.99 monthly per \$1,000 of coverage to \$1.45 monthly per \$1,000 of coverage effective January 1, 2017. Eligible retired employees who retired prior to October 1, 1998 receive a decreasing amount of coverage based upon age.

Retirees under the age of 65 receive the maximum \$10,000 of coverage decreasing to \$1,500 of coverage after age 79.

Clay County, Florida Notes to Financial Statements

NOTE 10 – OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Eligible employees who retired between October 1, 1998 and October 1, 1999 receive a fixed coverage amount of \$10,000. Eligible employees who retired after October 1, 1999 receive a fixed coverage amount of \$20,000.

The County provides health care coverage through its self-insurance plan administered by Blue Cross Blue Shield of Florida for retired employees of the Board of Constitutional Officers. Substantially all employees may become eligible for those benefits if they reach normal retirement age while working for the County and have provided six or more years of service.

During 2010, the County amended its OPEB plan. The amendment stabilized the County's portion of retiree health insurance costs, thus making the retiree responsible for future cost increases.

Participants

As of September 30, 2020, the date of the latest actuarial valuation, plan participation consisted of 1,369 active employees and 528 retirees receiving benefits. A separate stand-alone financial statement is not prepared for the OPEB Plan.

Contributions

The contribution requirements of the plan members and the County are established and may be amended by the Clay County Board of County Commissioners. A trust has not been established. Contributions are being made based on pay-as-you-go financing requirements.

Total OPEB Liability

At September 30, 2021, the County reported a total OPEB liability of \$37,455,065. The OPEB liability was measured as of September 20, 2020 and was determined by an actuarial valuation as of September 30, 2021.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the September 30, 2020 actuarial valuation was determined using the entry age normal funding method, calculated on an individual basis with level percentage of pay, and the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Clay County, Florida
Notes to Financial Statements

NOTE 10 – OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

Inflation rate	2.5%
Rate of Growth in Real Income/GDP per capita	1.5%
Health Share of GDP Resistance Point	25.0%
Year for Limiting Cost Growth to GDP Growth	2075
Mortality	Rates were based on the Pub-2010 General Retirees Headcount Table using MP-2019 Scale. Rates for Disabled Retirement Participants were based on Pub-2010 General Disabled Retirees Headcount-Weighted Mortality using MP 2019 Scale.
Healthcare cost trend rates	4.7% is the initial rate. The rate in 2075+ is 4.0%

The discount rate used to measure the total OPEB liability was 2.41%, which is based on the Bond Buyer General Obligation 20-Bond Municipal Index as of September 30, 2020. An actuarial experience study has not yet been performed for the plan.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at 9/30/20	\$ 34,981,149
Changes for the year:	
Service cost	1,718,580
Interest	940,052
Differences between expected and actual experience	-
Changes in assumptions or other inputs	1,410,157
Benefit payments	(1,594,873)
Net changes	<u>2,473,916</u>
Balance at 9/30/21	<u>\$ 37,455,065</u>

There were no changes of benefit terms.

Changes of assumptions and other inputs reflect a change in the discount rate from 2.75% to 2.41%.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following table presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1.00% higher or 1.00% lower than the current discount rate:

Clay County, Florida
Notes to Financial Statements

NOTE 10 – OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

	1% Decrease (1.41%)	Current Discount Rate (2.41%)	1% Increase (3.41%)
Total OPEB liability	\$ 42,049,500	\$ 37,455,065	\$ 33,578,341

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following table presents the total OPEB liability of the County, as well as what the County’s total OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1.00% higher or 1.00% lower than the current healthcare cost trend rate:

	1% Decrease (3.00%)	Current Healthcare Cost Trend Rate (4.00%)	1% Increase (5.00%)
Total OPEB liability	\$ 36,370,242	\$ 37,455,065	\$ 38,735,691

OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2021, the County recognized an OPEB expense of \$2,822,253. At September 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,411,722	\$ -
Changes of assumptions	2,496,023	1,671,489
Net difference between projected and actual earnings on OPEB plan investments	-	-
Employer contribution subsequent to the measurement date	-	-
Total	\$ 3,907,745	\$ 1,671,489

Amount reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date, if any, will be recognized as a reduction of the net OPEB liability in the year ended September 30, 2021. Other amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Clay County, Florida
Notes to Financial Statements

Thereafter		1,418,150
Total	\$	2,236,256

NOTE 11 – RISK MANAGEMENT

Commercial Insurance

The County carries commercial insurance for certain risks, including health insurance. There were no significant reductions in insurance coverage during 2021. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Self-Insurance – Workers’ Compensation

The County has a self-insurance program for its workers’ compensation insurance. The activities of the self-insurance program are administered by a third party and are accounted for in the County’s General Fund. The County retains losses up to \$550,000 at which point commercial stop loss insurance begins covering claims.

In the government-wide financial statements, the County has reported an estimated liability for self-insured losses of \$1,520,100. The estimated liability for self-insured losses is based on reported claims, historical loss data, industry statistics for incurred but not reported claims, and a valuation performed by an independent actuary.

The change in the estimated liability for self-insured losses is as follows:

Year Ended	Beginning of Year Liability	Claims Incurred	Claims Paid	End of Year Liability
2019	2,339,300	538,800	1,380,000	1,498,100
2020	1,498,100	1,246,000	1,580,000	1,164,100
2021	1,164,100	1,118,000	762,000	1,520,100

Clay County, Florida
Notes to Financial Statements

NOTE 11 – RISK MANAGEMENT (CONTINUED)

Self-Insurance – Health and Disability

The County is exposed to various risks of loss related to employee health, and short-term disability claims for which it is self-insured. An excess coverage insurance policy covers claims in excess of \$250,000.

Liabilities are reported if information prior to the issuance of the financial statements indicate that it is probable that a loss has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated, including an estimate for those claims incurred but not reported (IBNRs).

This estimate is based on historical experience and current trends, and is reported at current dollar value in the County’s health insurance internal service fund.

Changes in the fund’s claims liability were as follows:

Year Ended	Beginning of Year Liability	Claims Incurred	Claims Paid	End of Year Liability
2019	2,242,407	16,782,831	16,458,859	2,566,379
2020	2,566,379	16,151,599	16,287,462	2,430,516
2021	2,430,516	17,915,001	16,803,568	3,541,949

NOTE 12 – CONTINGENT LIABILITIES

The County is sometimes involved in litigation in the normal course of operations. It is the opinion of management and the County’s attorney that any unrecorded, uninsured claims resulting from such litigation would not be material in relation to the County’s financial condition.

Impact fees were established by the BOCC to fund the construction or improvement of the County’s transportation system, including both vehicular and multimodal improvements. These fees are intended to compensate governments for a portion of the additional costs of providing infrastructure for new real estate developments in the County, rather than assessing existing taxpayers. Sometimes developers agree to donate the additional infrastructure and right of way needed by the County in exchange for a credit against impact fees that may be imposed on future development. Florida’s concurrency laws in effect through June 2009 require that developers have infrastructure in place before developing their parcel and due to these laws there may be credits still available to developers during that time period. There is no guarantee that the developer will incur impact fees in the future and benefit from an impact fee offset at that time. When the County accepts a donation of infrastructure from a developer, the maintenance of these assets shifts to the County relieving the developer of that responsibility. The County does not report the impact fee offsets as liabilities because impact fees are *fees* rather than taxes and impact fee offsets are viewed as reductions of future revenues, which are not yet due or earned by the County. Impact fees are not due until requesting electrical power clearance for new construction. Infrastructure contributions are recorded by the County when received.

Clay County, Florida
Notes to Financial Statements

NOTE 13 – FUND BALANCE CLASSIFICATIONS

Fund balance is restricted for the following purposes:

	General Fund	Capital Improvement Projects	2020 Bond Construction	Sheriff MSTU	Other Governmental Funds	Total
Capital projects	\$ -	\$ 53,506,692	\$ 124,790,635	\$ -	\$ 18,214,603	\$ 196,511,930

In the General Fund, fund balance of \$30,934,836 is assigned for subsequent year’s expenditures of the Board of County Commissioners and \$10,966,634 is assigned for public safety-law enforcement.

NOTE 14 – NET POSITION RESTATEMENT

In fiscal year 2021, the County recorded prior period adjustment of \$2,932,290 which was required for restating the prior period balance of fiduciary net position in custodial funds for the implementation of GASB Statement No. 84, Fiduciary Activities. At September 30, 2020, \$2,932,290 was previously classified as various asset held for others liability balances. These balances have been restated as fiduciary net position in custodial funds as required under GASB Statement No. 84.

	Custodial Funds			
	Clerk of Courts	Sheriff	Tax Collector	Total

Note to Budgetary Comparison Schedules:

The preparation, adoption and amendments of the budgets are governed by Florida Statutes and County policy. The County Manager can authorize budget transfers within, but not between, divisions provided that the total of that division's budgeted appropriation does not change. The division is the legal level of control. Budgets are prepared and adopted on a basis that does not differ materially from generally accepted accounting principles. Appropriations lapse at year-end.

Clay County, Florida
Notes to Schedule of Expenditures of Federal Awards and
State Financial Assistance

Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance

1. General

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the "Schedule") presents the activity of all federal award programs and state financial assistance projects of Clay County, Florida (the County) for the year ended September 30, 2021. Federal awards and state financial assistance received directly from federal or state agencies, as well as those passed through other government agencies are included in the accompanying Schedule.

2. Basis of Presentation

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Section 10.550 of the Rules of the Auditor General, as applicable, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Schedule includes the activities of all federal award programs and state financial assistance projects of the County except the component unit referred to in our Independent Auditors' Report as being audited by other auditors, and is presented using the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Therefore some amounts presented in this schedule may differ from amounts presented in, or used in the presentation of the basic financial statements. Because the schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

3. Subrecipients

The County did not provide federal or state awards to subrecipients.

4. Indirect Cost Rate

The County has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

5. Loan or Loan Guarantee Programs

The County does not participate in any loan or loan guarantee programs.

6. Federally Funded Insurance

The County does not receive any federally funded insurance.

7. Noncash Assistance

The County did not receive any noncash assistance.

**Additional Elements Required
by the Rules of the Auditor General**

MANAGEMENT LETTER

The Honorable County Commissioners
Clay County, Florida

Report on the Financial Statements

We have audited the financial statements of Clay County, Florida (the “County”) as of and for the year ended September 30, 2021, and have issued our report thereon dated June 01, 2022.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General; and Report on the Schedule of Federal Awards and State Financial Assistance; Schedule of Findings and Questioned Costs; and Independent Accountants’ Reports on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated June 01, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no prior audit findings or recommendations in the prior year’s annual financial audit report.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the County. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. The application of such procedures did not reveal evidence of "deteriorating financial condition" as that term is defined in Rule 10.554.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Unit

As required by the Rules of the Auditor General, we determined that the special district component unit of the County provided the necessary information for proper recording within the audited financial statements of the County in accordance with Section 218.39(3)(b), Florida Statutes.

We did not audit the financial statements of the County's discretely presented component unit. That component unit was audited by other auditors, whose report should be considered in conjunction with this management letter.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

As required by the Rules of the Auditor General, we performed separate audits of each of the County's constitutional officers. The comments included in those separately-issued reports should be considered in conjunction with this management letter.

Purpose of this Letter

This management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of County Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of the audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

Carly Riggs & Ingram, L.L.C.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable County Commissioners
Clay County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Clay County, Florida (the "County") as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 01, 2022. Our report includes a reference to other auditors who audited the financial statements of the Housing Finance Authority of Clay County, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify deficiency in internal control, described in the

accompanying schedule of findings and questioned costs as item 2021-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's Response to Findings

The County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTIONS 365.172(10) AND 365.173(2)(d), FLORIDA STATUTES

The Honorable County Commissioners
Clay County, Florida

We have examined Clay County, Florida's (the County) compliance with the requirements of Section 365.172(10), Florida Statutes, *Authorized Expenditures of E911 Fee*, and Section 365.173(2)(d), Florida Statutes, *Distribution and Use of (E911) Funds*, during the year ended September 30, 2021. Management is responsible for the County's compliance with the specified requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

The Honorable County Commissioners
Clay County, Florida

We have examined Clay County, Florida's (the "County") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management is responsible for the County's compliance with the specified requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

The Honorable County Commissioners
Clay County, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited Clay County, Florida's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the requirements described in the Department of Financial Services' State Projects *Compliance Supplement* that could have direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2021. The County's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Chapter 10.550, Rules of the Auditor General. Those standards, the Uniform Guidance, and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance.

Opinion on each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2021.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs

PART I – SUMMARY OF AUDITORS’ RESULTS

Financial Statements:

- | | |
|--|------------|
| 1. Type of auditors’ report issued | Unmodified |
| 2. Internal control over financial reporting: | |
| a. Material weaknesses identified? | Yes |
| b. Significant deficiencies identified not considered to be material weaknesses? | None Noted |
| c. Noncompliance material to the financial statements noted? | No |

Federal and State Awards:

- | | |
|--|------------|
| 1. Type of auditors’ report issued on compliance for major programs/projects | Unmodified |
| 3. Internal control over major programs/projects: | |
| a. Material weaknesses identified? | No |
| b. Significant deficiencies identified not considered to be material weaknesses? | None noted |
| 4. Any audit findings disclosed that are required to be reported in accordance with 2 CFR section 200.516(a) and Chapter 10.557, Rules of the Auditor General? | None noted |

5. Identification of major programs/projects:

<u>Federal Programs</u>	<u>CFDA Number</u>
Coronavirus Relief Fund	21.019
Emergency Rental Assistance Program	21.023
Coronavirus State and Local Recovery	21.027
<u>State Projects</u>	<u>CSFA Number</u>
Local Transportation Projects	55.039
Economic Development, Tax Refund, Tax Credit, and Grant Program	40.043

- | | |
|--|-----------|
| 6. Dollar threshold used to distinguish between type A and type B federal programs and state projects: | \$750,000 |
| 7. Auditee qualified as a low-risk under 2CFR 200.520? | Yes |

Clay County, Florida Schedule of Findings and Questioned Costs

PART II – FINANCIAL STATEMENT FINDINGS

2021-001- Improper Recording of Unearned Grant Revenue

Criteria: Financial statements must be presented in accordance with generally accepted accounting principles.

Condition: Audit procedures uncovered a material adjustment to the Office's financial statements. The Office did not properly record unearned grant revenue related to the Emergency Rental Assistance and American Rescue Plan Act.

Cause: Accounting personnel did not properly record certain necessary adjustments in order to properly state the balances.

Effect: The financial statements were materially misstated as a result. The Office recorded a correcting journal entry enabling the financial statements to be fairly presented in conformity with general accepted accounting principles.

Recommendation: The Office should consider and evaluate the costs and benefits of improving internal controls relative to the financial reporting process.

Management Response:

As background, the County has seen a significant increase in grant revenue over the past 4 years. Federal grants increased from \$3.2MM in 2018 to \$9.5MM in 2019. Both 2020 and 2021 fiscal years have recognized over \$20MM in federal grant revenue. Activity has increased so much that the County has established a grants department to help with all of the different compliance and reporting requirements related to Federal and State awards. The Emergency Rental Assistance and American Rescue Plan Acts were not only new grants to the County but were new to the Country as well as a response to the COVID-19 pandemic. These new grants were distributed to the local governments in advance of spending, which is a modification to past practices. For past grants, funds were spent by the local government first and then the funds were reimbursed back to the local government once submitted to and approved by the Federal or State government. We did not have these grants in our year-end financial reporting review process due to the new nature of this practice. We will add this to our year-end financial reporting review process starting with the fiscal year ended September 30, 2022. This will be completed by David Caudill, Finance Director by 9/1/2022.

Management understands that the Financial Statements are the responsibility of Management and that we are responsible for the financial statements being fairly stated in accordance with Generally Accepted Accounting Principles. We believe our internal controls and financial reporting would be improved with an audit planning meeting with the Audit team. Discussing new transactions would improve Managements financial reporting and assist the Audit team in assessing risk as they develop their audit plan. We will schedule an audit planning meeting between Management and the Audit team prior to the close of each fiscal year. This will completed by Amy Bramlitt, Finance Officer by 9/15/2022.

INDEPENDENT AUDITORS' REPORT

The Honorable Tara S. Green
Clerk of the Circuit Court
Clay County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Clay County, Florida Clerk of the Circuit Court (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Office as of September 30, 2021, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position, where applicable, of each major fund, and the aggregate remaining fund information, only for that portion of each major fund, and the aggregate remaining fund information, of Clay County, Florida, that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position, where applicable, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to these matters.

Restatement of Net Position

As discussed in Note 5 to the financial statements, the prior year financial statements have been restated in the amount of \$2,868,123 in the fiduciary funds. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Office's financial statements. The supplementary information, as described in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated, May 4, 2022, on our consideration of the Office's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Office's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Office's internal control over financial reporting and compliance.

Clay County, Florida Clerk of the Circuit Court Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the office of the Clay County, Florida Clerk of the Circuit Court (the "Office") conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Clerk of the Circuit Court is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law.

The Office is an integral part of Clay County, Florida (the "County"), which is the primary government for financial reporting purposes.

Basis of Presentation

The Office's financial statements have been prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida (the "Rules"). These financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund statements do not constitute a complete presentation because, in conformity with the Rules, the Office has not presented reconciliations to the government-wide financial statements, the government-wide financial statements, management's discussion and analysis, or the pension or the other post-employment benefit related required supplementary information. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's countywide financial statements. In conformity with the rules, the accompanying financial statements are intended to present the financial position and changes in financial position, where applicable, of each major fund, and the aggregate remaining fund information, only for that portion of each major fund, and the aggregate remaining fund information, of Clay County, Florida, that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position, where applicable, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Clay County, Florida Clerk of the Circuit Court Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

Custodial funds are accounted for on the accrual basis of accounting. The custodial funds are purely custodial and does not involve measurement of results of operations.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column. All nonmajor funds are aggregated and displayed in a single column.

The Office reports the following major governmental funds:

General Fund – The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

Fine and Forfeiture Fund – This fund is used to account for appropriations from the State of Florida and court fees to fund court expenditures.

Records Modernization Fund – This fund is used to account for fees collected and associated expenditures related to equipment upgrades and modernization of all official records of the Court.

Information Technology Fund – This fund is used to account for additional service charges collected by the Office to fund state-mandated court related technology needs of the Office.

The Office reports the following nonmajor governmental funds:

BCC Technology Fund – This fund is used to account for additional service charges collected by the Office and used by the Board of County Commissioners to fund state-mandated court technology improvements and upgrades.

CGD Supplementary Fee – To account for monies to upgrade the child support enforcement program. Financing is provided primarily through fees.

Teen Court – To account for donations received from the general public for the operation and administration of the Teen Court system.

Clay County Archives – To account for donations received from the general public to promote historical documents.

Clay County, Florida Clerk of the Circuit Court Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Office also reports the following fiduciary funds:

Custodial Funds – Custodial Funds are used to account for resources held by the Office in a custodial capacity.

Cash and Cash Equivalents

All cash and cash equivalents of the Office are placed in a bank that qualifies as a public depository pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by this law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely insured or collateralized throughout the fiscal year.

Investments

The Office invests certain surplus funds in the Florida Local Government Investment Trust's ("FLGIT") short-term bond fund. The FLGIT is an external investment pool administered by the Florida Association of Court Clerks and Comptrollers, and is not registered with the SEC. The Trust is an open-ended professionally managed fund available only to public entities in Florida. The fair value of the position in the FLGIT is equal to the value of the pool shares. Such investments are reported at fair value.

Fund Balance

The Office follows the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Office is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Office's highest level of decision-making authority, which is a policy of the Office. Committed amounts cannot be used for any other purpose unless the Office removes those constraints by taking the same type of action.

Clay County, Florida Clerk of the Circuit Court Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the Office’s intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the constitutional officer or (b) a body or official to which the constitutional officer has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund.

The Office’s policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Restricted Net Position

In the accompanying statement of net position, restricted net position, if any, is subject to restrictions beyond the Office’s control. The restriction is either externally imposed (for instance, by creditors, grantors, contributors, or laws/regulations of other governments) or is imposed by law through constitutional provisions or enabling legislation. It is the practice of the Office to utilize restricted assets before unrestricted assets.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Recently Issued and Implemented Accounting Pronouncements

The Office has implemented GASB Statement No. 84, Fiduciary Activities. The implementation of this statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The Office has evaluated these criteria and determined that all funds previously reported as fiduciary funds remains proper. Additional information can be found in Note 5.

NOTE 2 – INVESTMENTS

As of September 30, 2021, the Office’s investment in FLGIT’s short-term bond fund consists of the following:

Fund	Fair Value	S&P Rating
Records modernization trust fund	\$ 84,539	AAAf
Information technology fund	30,510	AAAf
CGD supplementary fee fund	1,295	AAAf
Total	\$ 116,344	

**Clay County, Florida Clerk of the Circuit Court
Notes to Financial Statements**

NOTE 2 – INVESTMENTS (CONTINUED)

The weighted average maturity (WAM) of FLGIT at September 30, 2021 was 2.10 years. Currently, the Office’s policy is to follow Section 218.415, Florida Statutes, with regard to the investment of public funds which addresses investment risks. The Office does not have a formal policy for credit or interest rate risk.

NOTE 3 – FAIR VALUE MEASUREMENT

As a governmental external investment pool, the Office’s investment in FLGIT’s short-term bond fund is not required to be categorized in GASB’s fair value hierarchy.

NOTE 4 – FUND BALANCE CLASSIFICATIONS

Balances of reported fund balance at September 30, 2021 are as follows:

	General Fund	Fine & Forfeiture Fund	Records Modern- ization Fund	Information Technology Fund	Other Governmental Funds	Total
Nonspendable-prepaid items	\$ 21,049	\$ 14,513	\$ -	\$ 6,110	\$ 956	\$ 42,628
Nonspendable-inventory items	-	-	-	-	110	110
Restricted for:						
Court operations	-	622,837	-	-	33,384	656,221
Court technology	-	-	-	979,975	-	979,975
Records modernization	-	-	418,161	-	-	418,161
Child support program	-	-	-	-	7,419	7,419
Archives	-	-	-	-	11,085	11,085
Unassigned	(20,043)	-	-	-	-	(20,043)
Total fund balances	\$ 1,006	\$ 637,350	\$ 418,161	\$ 986,085	\$ 52,954	\$ 2,095,556

Clay County, Florida Clerk of the Circuit Court
Notes to Financial Statements

NOTE 5 – NET POSITION RESTATEMENT

In fiscal year 2021, the Office recorded a prior period adjustment of \$2,868,123 which was required to restate fiduciary net position in custodial funds due to the implementation of GASB Statement No. 84, Fiduciary Activities. At September 30, 2020, \$2,868,123 was previously classified as a liability “assets held for others” and has been restated as a fiduciary net position in custodial funds as required under GASB Statement No. 84.

	Custodial Funds
Fiduciary net position as previously reported at September 30, 2020	\$ -
Asset held for others- General trust fund	1,793,096
Asset held for others- Registry of court fund	1,071,748
Asset held for others- Jury witness fund	3,279
Fiduciary net position as restated as of October 1, 2020	\$ 2,868,123

NOTE 6 – OPERATING LEASE COMMITMENTS

The Office leases office space in Orange Park. The lease expires in 2026. The agreement calls for annual lease payments of \$46,627 through June 2021 with 3% annual increases effective July 1 of each year thereafter through June 2026. The future minimum lease payments as of September 30, 2021 are as follows:

For the year ended September 30,	Amount
2022	\$ 48,026
2023	49,467
2024	50,951
2025	52,479
2026	40,238
Total	\$ 241,161

In addition to the rental payments above, the Office is also responsible for its share of the common area maintenance and real estate taxes estimated to be approximately \$8,400 annually. For the year ended September 30, 2021, the Office incurred approximately \$55,000 of expenditures for these premises.

NOTE 7 – RISK MANAGEMENT

The County carries commercial insurance for certain risks, including general and auto liability, workers’ compensation, and errors or omissions. The Office participates with the Board of County Commissioners to purchase those coverages. There were no significant reductions in this insurance coverage during the current year. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

For health insurance, the County has a self-insurance program which covers the Board of County Commissioners and all the Constitutional Officers and is reported through the use of an internal service fund, which is recorded in the County-wide financial statements. The Board provides this coverage with no charge to the Clerk of the Circuit Court’s Office. Please refer to the notes to the County-wide financial statements for further information on the County’s self-insurance program.

MANAGEMENT LETTER

The Honorable Tara S. Green
Clerk of the Circuit Court
Clay County, Florida

We have audited the financial statements of the office of the Clay County, Florida Clerk of the Circuit Court (the "Office"), as of and for the year ended September 30, 2021, and have issued our report thereon dated May 4, 2022.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Chapter 10.550, Rules of Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements performed in accordance with *Government Auditing Standards*; and Independent Accountants' Reports on examinations conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated May 4, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address audit finding 2020-001 made in the preceding financial audit report.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Clay County, Florida Clerk of the Circuit Court, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of the audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Tara S. Green
Clerk of the Circuit Court
Clay County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Clay County, Florida Clerk of the Circuit Court (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements, and have issued our report thereon dated May 4, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

The Honorable Tara S. Green
Clerk of the Circuit Court
Clay County, Florida

We have examined the office of the Clay County, Florida Clerk of the Circuit Court's (the "Office") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management is responsible for the Office's compliance with the specified requirements. Our responsibility is to express an opinion on the Office's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Office complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Office's compliance with specified requirements.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTIONS 28.35 AND 28.36, FLORIDA STATUTES

The Honorable Tara S. Green
Clerk of the Circuit Court
Clay County, Florida

We have examined the office of the Clay County, Florida Clerk of the Circuit Court's (the "Office") compliance with the requirements of Section 28.35, Florida Statutes, *Florida Clerks of Court Operations Corporation*, and Section 28.36, Florida Statutes, *Budget Procedure*, during the year ended September 30, 2021. Management is responsible for the Office's compliance with the specified requirements. Our responsibility is to express an opinion on the Office's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Office complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Office's compliance with specified requirements.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 61.181, FLORIDA STATUTES

The Honorable Tara S. Green
Clerk of the Circuit Court
Clay County, Florida

We have examined the office of the Clay County, Florida Clerk of the Circuit Court's (the "Office") compliance with the requirements of Section 61.181, Florida Statutes, *Depository for Alimony Transactions, Support, Maintenance, and Support Payments; Fees*, during the year ended September 30, 2021. Management is responsible for the Office's compliance with the specified requirements. Our responsibility is to express an opinion on the Office's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Office complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Office's compliance with specified requirements.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

The Honorable Michelle Cook
Sheriff
Clay County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the office of the Clay County, Florida Sheriff (the "Office") as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Office as of September 30, 2021, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position, where applicable, of each major fund, and the aggregate remaining fund information, only for that portion of each major fund, and the aggregate remaining fund information, of Clay County, Florida, that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position, where applicable, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to these matters.

Restatement of Net Position

As discussed in Note 4 to the financial statements, the prior year financial statements have been restated in the amount of \$34,167 in the fiduciary funds. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Office's financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2022 on our consideration of the Office's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Office's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Office's internal control over financial reporting and compliance.

Clay County, Florida Sheriff Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the office of the Clay County, Florida Sheriff (the "Office") conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Sheriff is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law.

The Office is an integral part of Clay County, Florida ("the County"), which is the primary government for financial reporting purposes.

Basis of Presentation

The Office's financial statements have been prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida (the "Rules"). These financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund statements do not constitute a complete presentation because, in conformity with the Rules, the Office has not presented reconciliations to the government-wide financial statements, the government-wide financial statements, management's discussion and analysis, or the pension or the other post-employment benefit related required supplementary information. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's countywide financial statements. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position, where applicable, of each major fund, and the aggregate remaining fund information, only for that portion of each major fund, and the aggregate remaining fund information, of Clay County, Florida, that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position, where applicable, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Clay County, Florida Sheriff Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

Custodial funds are accounted for on the accrual basis of accounting. Custodial funds are purely custodial and do not involve measurement of results of operations.

The Office reports the following major governmental fund:

General Fund – the General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

The Office also reports the following fiduciary fund:

Custodial Funds – The Custodial Funds are used to account for resources held in a custodial capacity.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column. All nonmajor funds are aggregated and displayed in a single column.

Cash and Equivalents

All cash and equivalents are placed in a bank that qualifies as a public depository pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely insured or collateralized throughout the fiscal year.

Accounts Receivable

Accounts receivable consist primarily of commissions earned from inmate commissary transactions and secondary employment fees. Management considers these fully collectible and no allowance for bad debts has been provided.

Clay County, Florida Sheriff Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Auto parts and supplies inventory is valued at average cost and other inventory is valued at cost (first-in, first-out). Inventory is accounted for using the “purchases” method.

Capital Assets and Long-Term Liabilities

Capital assets used by the Office are recorded and accounted for by the Clay County Board of County Commissioners.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the financial statements of the County.

Fund Balance

The Office follows the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Office is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Office’s highest level of decision making authority, which is a policy of the Office. Committed amounts cannot be used for any other purpose unless the Office removes those constraints by taking the same type of action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the Office’s intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the constitutional officer or (b) a body or official to which the constitutional officer has delegated the authority to assign amounts to be used for specific purposes.

**Clay County, Florida Sheriff
Notes to Financial Statements**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund.

The Office’s policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Restricted Net Position

In the accompanying statement of net position, restricted net position, if any, is subject to restrictions beyond the Office’s control. The restriction is either externally imposed (for instance, by creditors, grantors, contributors, or laws/regulations of other governments) or is imposed by law through constitutional provisions or enabling legislation. It is the practice of the Office to utilize restricted assets before unrestricted assets.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Recently Issued and Implemented Accounting Pronouncements

The Office has implemented GASB Statement No. 84, Fiduciary Activities. The implementation of this statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The Office has evaluated these criteria and determined that all funds previously reported as fiduciary funds remains proper. Additional information can be found in Note 4.

NOTE 2 – INVENTORY

Inventories consist of the following at September 30, 2021:

Auto parts and supplies	\$	78,707
Radio parts		78,692
Armory weapons and ammunition		508,062
<hr/>		
Total inventory	\$	665,461
<hr/>		

**Clay County, Florida Sheriff
Notes to Financial Statements**

NOTE 3 – INTERFUND BALANCES

The following interfund balances arose through the normal course of operations.

	Due from Other Funds	Due to Other Funds
General fund	\$ 10,396	\$ -
Inmate welfare fund	7,402	10,396
Custodial funds	-	7,402
Totals	\$ 17,798	\$ 17,798

NOTE 4 – NET POSITION RESTATEMENT

In fiscal year 2021, the Office recorded a prior period adjustment of \$34,167 which was required to restate fiduciary net position in custodial funds due to the implementation of GASB Statement No. 84, Fiduciary Activities. At September 30, 2020, \$34,167 was previously classified as a liability “assets held for others” and has been restated as a fiduciary net position in custodial funds as required under GASB Statement No. 84.

	Custodial Funds
Fiduciary net position as previously reported at September 30, 2020	\$ -
Assets held for others - Inmate fund	34,167
Fiduciary net position as restated as of October 1, 2020	\$ 34,167

NOTE 5 – RISK MANAGEMENT

The County carries commercial insurance for certain general risks, including workers’ compensation, general liability, and errors or omissions. The Office participates with the Board of County Commissioners to purchase those coverages. There were no significant reductions in this insurance coverage during the current year. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

For health insurance, the County has a self-insurance program which covers the Board of County Commissioners and all the Constitutional Officers and is reported through the use of an internal service fund, which is recorded in the County-wide financial statements. The Board provides this coverage with no charge to the Constitutional Officers. Please refer to the notes to the County-wide financial statements for further information on the County’s self-insurance program.

The Office participates in the Florida Sheriffs’ self-insurance fund, a public entity risk pool, for risk related to professional police liability and certain tangible personal property. Aggregate coverage is

Clay County, Florida Sheriff Notes to Financial Statements

NOTE 5 – RISK MANAGEMENT (CONTINUED)

\$5,000,000. In addition, the Office insures its vehicles with a policy through the Florida Sheriff's Insurance Agency. The Office had no settlements that exceeded coverage and has not received additional assessments from the coverage in the previous three fiscal years.

NOTE 6 – CONTINGENCIES

The Office is involved in claims in the normal course of operations. It is the opinion of management that any uninsured claims would not be material in relation to the Office's financial condition.

Notes to schedule:

The budget is prepared on a basis that does not differ materially from generally accepted accounting principles. Its preparation, adoption, and amendment is governed by Florida Statutes. The fund is the legal level of control.

Supplementary Information

Clay County, Florida Sheriff Fund Descriptions

Non-Major Governmental Funds

Inmate Welfare Fund – This fund is used to account for commissions received, deposits of money, refunds or rebates from inmate commissary, inmate phone services, and miscellaneous revenues at the Clay County jail. All money and property deposited in the Inmate Welfare fund is managed by the Sheriff and Inmate Welfare Committee for the overall benefit of the inmates.

Grant Fund – The fund is used to account for the revenues and expenditures associated with federal, state, and local grants awarded to the Clay County Sheriff's Office.

2nd Dollar Sheriff Education Fund – This fund is used to account for the appropriations received from the Board of County Commissioners and the expenditures associated with criminal justice training and education as per Florida Statute 938.15.

Drug Investigative Fund – This fund is used to account for the appropriations received from the Board of County Commissioners and the expenditures associated with drug investigations and other law enforcement uses.

Federal Forfeiture-Law Enforcement Trust Fund – This fund is used to account for the proceeds of confiscated property that is legally restricted to specific activities.

Crime Prevention Program Fund – This fund is used to account for the appropriations received from the Board of County Commissioners and the expenditures associated with the agency's crime prevention programs and initiatives.

\$12.50 Motor Vehicle Surcharge Fund – This fund is used to account for the appropriations received from the Board of County Commissioners and the expenditures associated with repair and maintenance of the Clay County 800 MHz Public Safety Radio Communications System.

Capital Improvement Fund – This fund is used to account for the appropriations received from the Board of County Commissioners and the expenditures associated with major capital improvement projects in the area of public safety. This fund is mostly funded with infrastructure surtax, 2nd Local Option fuel tax, and interest earnings.

Fiduciary Funds – Custodial Funds

Custodial Funds – The Custodial Funds are used to account for funds held in a custodial capacity which include the following:

Depositors Fund – This fund is used to account for the receipt and subsequent activities of monies temporarily held for others.

Seized Assets Fund – This fund is used to account for funds that have been seized by the agency under the provisions of the Florida Contraband Forfeiture Act and are pending award by the Court.

Inmate Fund – This fund is used to account for the receipt and subsequent activity of funds temporarily held for the inmates of the Clay County Jail.

MANAGEMENT LETTER

The Honorable Michelle Cook
Sheriff
Clay County, Florida

We have audited the financial statements of the office of the Clay County, Florida Sheriff (the "Office"), as of and for the year ended September 30, 2021, and have issued our report thereon dated April 13, 2022.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements performed in accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated April 13, 2022 should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no prior audit findings or recommendations in the prior year's annual financial audit report.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Clay County, Florida Sheriff, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of the audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Michelle Cook
Sheriff
Clay County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the major fund and the aggregate remaining fund information of the office of the Clay County, Florida Sheriff (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements, and have issued our report thereon dated April 13, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

The Honorable Michelle Cook
Sheriff
Clay County, Florida

We have examined the office of the Clay County, Florida Sheriff's (the "Office") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management is responsible for the Office's compliance with the specified requirements. Our responsibility is to express an opinion on the Office's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Office complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Office's compliance with specified requirements.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

The Honorable Diane Hutchings
Tax Collector
Clay County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the major fund and the aggregate remaining fund information of the Clay County, Florida Tax Collector (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund and the aggregate remaining fund information of the Office as of September 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major fund, and the aggregate remaining fund information, only for that portion of the major fund, and the aggregate remaining fund information, of Clay County, Florida, that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to these matters.

Restatement of Net Position

As discussed in Note 3 to the financial statements, the prior year financial statements have been restated in the amount of \$30,000 in the fiduciary funds. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the basic financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Office's financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2022, on our consideration of the Office's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Office's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Office's internal control over financial reporting and compliance.

Clay County, Florida Tax Collector Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the office of the Clay County, Florida Tax Collector (the "Office") conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Tax Collector is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law.

The Office is an integral part of Clay County, Florida (the "County") which is the primary government for financial reporting purposes.

Basis of Presentation

The Office's financial statements have been prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida (the "Rules"). These financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund statements do not constitute a complete presentation because, in conformity with the Rules, the Office has not presented reconciliations to the government-wide financial statements, the government-wide financial statements, management's discussion and analysis, or the pension or the other post-employment benefit related required supplementary information. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's countywide financial statements. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major fund, and the aggregate remaining fund information, only for that portion of the major fund, and the aggregate remaining fund information, of Clay County, Florida, that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position, for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

Clay County, Florida Tax Collector Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Custodial fund assets and liabilities are accounted for on the accrual basis of accounting.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column.

The Office reports the following major governmental fund:

General Fund – The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

The Office also reports the following fiduciary funds:

Custodial Funds – The Custodial Funds are used to account for assets held in a custodial capacity.

Equity in Pooled Cash and Equivalents

The Office maintains a cash and equivalents pool that is available for use by all funds. Each fund's portion of this pool is displayed on the balance sheet as "Equity in Pooled Cash and Equivalents." If a fund overdraws its account in the pool, a liability and corresponding receivable (i.e., due to/from other funds) are reported on the balance sheet. All pooled cash is placed in a bank that qualifies as a public depository pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by this law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely insured or collateralized throughout the fiscal year.

Capital Assets and Long-Term Liabilities

Capital assets used by the Office are recorded and accounted for by the Clay County Board of County Commissioners.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the financial statements of the County.

**Clay County, Florida Tax Collector
Notes to Financial Statements**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance

The Office follows the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Office is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either: (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Office's highest level of decision making authority, which is a policy of the Office. Committed amounts cannot be used for any other purpose unless the Office removes those constraints by taking the same type of action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the Office's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by: (a) the constitutional officer or (b) a body or official to which the constitutional officer has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund.

The Office's policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Restricted Net Position

In the accompanying statement of net position, restricted net position, if any, is subject to restrictions beyond the Office's control. The restriction is either externally imposed (for instance, by creditors, grantors, contributors, or laws/regulations of other governments) or is imposed by law through constitutional provisions or enabling legislation. It is the practice of the Office to utilize restricted assets before unrestricted assets.

**Clay County, Florida Tax Collector
Notes to Financial Statements**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Recently Issued and Implemented Accounting Pronouncements

The Office has implemented GASB Statement No. 84, Fiduciary Activities. The implementation of this statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The Office has evaluated these criteria and determined that all funds previously reported as fiduciary funds remains proper. Additional information can be found in Note 3.

NOTE 2 – OPERATING LEASE COMMITMENTS

The Office leases premises in Orange Park and Keystone Heights where its branches are located. Future minimum rental payments are as follows:

Year ended September 30,	
2022	\$ 105,904
2023	108,993
2024	112,159
2025	63,913
Total	<u>\$ 390,969</u>

In addition to the rental payments above, the Office is also responsible for its share of the common area maintenance and real estate taxes. For the year ended September 30, 2021, the Office incurred approximately \$129,233 of expenditures for these premises.

**Clay County, Florida Tax Collector
Notes to Financial Statements**

NOTE 3 – NET POSITION RESTATEMENT

In fiscal year 2021, the Office recorded a prior period adjustment of \$30,000 which was required to restate fiduciary net position in custodial funds due to the implementation of GASB Statement No. 84, Fiduciary Activities. At September 30, 2020, \$30,000 was previously classified as a liability “assets held for others” and has been restated as a fiduciary net position in custodial funds as required under GASB Statement No. 84.

	Custodial Funds
Fiduciary net position as previously reported at September 30, 2020	\$ -
Asset held for others- General property taxes fund	30,000
Fiduciary net position as restated as of October 1, 2020	\$ 30,000

NOTE 4 – RISK MANAGEMENT

The County carries commercial insurance for certain risks, including general and auto liability, workers’ compensation, and errors or omissions. The Office participates with the Board of County Commissioners to purchase those coverages. There were no significant reductions in this insurance coverage during the current year. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

For health insurance, the County has a self-insurance program which covers the Board of County Commissioners and all the Constitutional Officers and is reported through the use of an internal service fund, which is recorded in the County-wide financial statements. The Board provides this coverage with no charge to the Tax Collector’s Office. Please refer to the notes to the County-wide financial statements for further information on the County’s self-insurance program.

NOTE 5 – CONTINGENCIES

The Tax Collector is involved in various litigation arising from the ordinary course of business. In the opinion of management, after consultation with legal counsel, these matters will be resolved without a material adverse effect on the Tax Collector’s financial position.

MANAGEMENT LETTER

The Honorable Diane Hutchings
Tax Collector
Clay County, Florida

We have audited the financial statements of the office of the Clay County, Florida Tax Collector (the "Office"), as of and for the year ended September 30, 2021, and have issued our report thereon dated March 28, 2022.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements performed in accordance with *Government Auditing Standards*; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 28, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no prior audit findings or recommendations in the prior year's annual financial audit report.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Clay County, Florida Tax Collector, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of the audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

Carr, Rigg & Ingram, L.L.C.

Jacksonville, Florida

March 28, 2022

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Diane Hutchings
Tax Collector
Clay County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the major fund and the aggregate remaining fund information of the office of the Clay County, Florida Tax Collector (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements, and have issued our report thereon dated March 28, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

The Honorable Diane Hutchings
Tax Collector
Clay County, Florida

We have examined the office of the Clay County, Florida Tax Collector's (the "Office") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management is responsible for the Office's compliance with the specified requirements. Our responsibility is to express an opinion on the Office's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Office complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Office's compliance with specified requirements.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

The Honorable Tracy S. Drake
Property Appraiser
Clay County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the major fund of the Clay County, Florida Property Appraiser (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the major fund of the Office as of September 30, 2021, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major fund, only for that portion of the major fund, of Clay County, Florida that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the basic financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 13, 2022 on our consideration of the Office's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Office's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Office's internal control over financial reporting and compliance.

Clay County, Florida Property Appraiser Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the office of the Clay County, Florida Property Appraiser (the "Office") conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Property Appraiser is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law.

The Office is an integral part of Clay County, Florida (the "County") which is the primary government for financial reporting purposes.

Basis of Presentation

The Office's financial statements have been prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida (the "Rules"). These financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund statements do not constitute a complete presentation because, in conformity with the Rules, the Office has not presented reconciliations to the government-wide financial statements, the government-wide financial statements, management's discussion and analysis or the pension or the other post-employment benefit related required supplementary information. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's countywide financial statements. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major fund only for that portion of the major fund of Clay County, Florida, that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Clay County, Florida Property Appraiser Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Expenditures are

generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column. All nonmajor funds are aggregated and displayed in a single column. The Office does not report any nonmajor funds.

The Office reports the following major governmental fund:

General Fund – The General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

Cash and Equivalents

All cash and equivalents are placed in a bank that qualifies as a public depository pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by this law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely insured or collateralized throughout the fiscal year.

Capital Assets and Long-Term Liabilities

Capital assets used by the Office are recorded and accounted for by the Clay County, Florida Board of County Commissioners.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the financial statements of the County.

Clay County, Florida Property Appraiser Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance

The Office follows the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Office is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Office's highest level of decision-making authority, which is a policy of the Office. Committed amounts cannot be used for any other purpose unless the Office removes those constraints by taking the same type of action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the Office's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the constitutional officer or (b) a body or official to which the constitutional officer has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund.

The Office's policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Clay County, Florida Property Appraiser Notes to Financial Statements

NOTE 2 – CONTINGENCIES AND COMMITMENTS

The Office is, during the course of normal operations, involved in various claims regarding the assessments of real and tangible personal property. It is the opinion of management that any uninsured claims would not be material in relation to the Office's financial condition.

NOTE 3 – RISK MANAGEMENT

For health insurance, the Office participates in the risk management program established by the Board of County Commissioners (the "Board") to cover claims against the Board and Constitutional Officers. The risk management program is accounted for in the Board's financial statements as an Internal Service Fund, in accordance with requirements of GASB Statement 10.

For risks of loss related to workers' compensation, general liability and errors or omissions, the Office participates with the Board to purchase commercial insurance. For the past three years, there have been no insurance settlements in excess of insurance coverages.

MANAGEMENT LETTER

The Honorable Tracy S. Drake
Property Appraiser
Clay County, Florida

We have audited the financial statements of the Clay County, Florida Property Appraiser (the "Office"), as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated January 13, 2022.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements performed in accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated January 13, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. The office had no such audit findings reported in the preceding annual financial report.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Clay County, Florida Property Appraiser, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of the audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Tracy S. Drake
Property Appraiser
Clay County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the office of the Clay County, Florida Property Appraiser (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements, and have issued our report thereon dated January 13 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

The Honorable Tracy S. Drake
Property Appraiser
Clay County, Florida

We have examined Clay County, Florida Property Appraiser's (the "Office") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management is responsible for the Office's compliance with the specified requirements. Our responsibility is to express an opinion on the Office's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Office complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Office's compliance with specified requirements.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

The Honorable Chris H. Chambless
Supervisor of Elections
Clay County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the major fund of the Clay County, Florida Supervisor of Elections (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund of the Office as of September 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major fund, only for that portion of the major fund, of Clay County, Florida that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a required part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2022 on our consideration of the Office's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Office's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Office's internal control over financial reporting and compliance.

Clay County, Florida Supervisor of Elections Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the office of the Clay County, Florida Supervisor of Elections (the "Office") conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

Reporting Entity

The Supervisor of Elections is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law.

The Office is an integral part of Clay County, Florida (the "County") which is the primary government for financial reporting purposes.

Basis of Presentation

The Office's financial statements have been prepared solely for the purpose of complying with the Rules of the Auditor General of the State of Florida (the "Rules"). These financial statements are the fund financial statements required by generally accepted accounting principles. However, these fund statements do not constitute a complete presentation because, in conformity with the Rules, the Office has not presented reconciliations to the government-wide financial statements, the government-wide financial statements, management's discussion and analysis, or the pension or the other post-employment benefit related required supplementary information. Also, certain notes to the financial statements may supplement rather than duplicate the notes included in the County's countywide financial statements. In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the major fund only for that portion of the major fund of Clay County, Florida, that is attributable to the Office. They do not purport to, and do not, present fairly the financial position of Clay County, Florida, as of September 30, 2021, and the changes in its financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

All governmental funds are accounted for on a current financial resources measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Their operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and, accordingly, are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, principal and interest on long-term debt are recognized when due.

Clay County, Florida Supervisor of Elections Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Accounting

Accounts are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The focus of fund financial statements is on major funds, each displayed in a separate column. All nonmajor funds are aggregated and displayed in a single column. The Office does not report any nonmajor funds.

The Office reports the following major governmental fund:

General Fund - the General Fund is the primary operating fund. It is used to account for and report all financial resources not accounted for and reported in another fund.

Cash and Equivalents

All cash and equivalents are placed in banks that qualify as public depositories pursuant to the provisions of the Florida Security for Public Deposits Act. Every qualified public depository is required by this law to deposit with the Chief Financial Officer eligible collateral equal to, or in excess of, an amount to be determined by the Chief Financial Officer. The Chief Financial Officer is required to ensure that all funds are entirely insured or collateralized throughout the fiscal year.

Capital Assets and Long-Term Liabilities

Capital assets used by the Office are recorded and accounted for by the Clay County, Florida Board of County Commissioners.

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities. They are instead reported as liabilities in the financial statements of the County.

Fund Balance

The Office follows the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the Office is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Clay County, Florida Supervisor of Elections Notes to Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the Office's highest level of decision-making authority, which is a policy of the Office. Committed amounts cannot be used for any other purpose unless the Office removes those constraints by taking the same type of action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the Office's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the constitutional officer or (b) a body or official to which the constitutional officer has delegated the authority to assign amounts to be used for specific purposes.

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund.

The Office's policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

NOTE 2 – RISK MANAGEMENT

The County carries commercial insurance for certain risks, including general and auto liability, which covers the Board of County Commissioners and all Constitutional Officers. There were no significant reductions in this insurance coverage during the current year. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

For health insurance the County has a self-insurance program which covers the Board of County Commissioners and all the Constitutional Officers and is reported through the use of an internal service fund, which is recorded in the County-wide financial statements. The Board provides this coverage with no charge to the Constitutional Officers. Please refer to the notes to the County-wide financial statements for further information on the County's self-insurance program.

For risks of loss related to workers' compensation, general liability and errors or omissions, the Office participates with the Board to purchase commercial insurance. For the past three years, there have been no insurance settlements in excess of insurance coverages.

MANAGEMENT LETTER

The Honorable Chris H. Chambless
 Supervisor of Elections
 Clay County, Florida

Report on the Financial Statements

We have audited the financial statements of the office of the Clay County, Florida Supervisor of Elections (the "Office"), as of and for the year ended September 30, 2021, and have issued our report thereon dated March 14, 2022.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements performed in accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 14, 2022 should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. If the audit findings in the preceding audit report are uncorrected, we are required to identify those findings that were also included in the second preceding audit report.

Tabulation of Uncorrected Audit Findings	
Current Year Finding #	2019-20 FY Finding #
2021-001	2020-001

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Clay County, Florida Supervisor of Elections, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of the audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Chris H. Chambless
Supervisor of Elections
Clay County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the office of the Clay County, Florida Supervisor of Elections (the "Office"), as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Office's financial statements, and have issued our report thereon dated March 14, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weakness or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings as item 2021-001, that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Office's Response to Findings

The Office's response to the finding identified in our audit is described in its accompanying letter of response. The Office's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

To the Honorable Chris H. Chambless
Supervisor of Elections
Clay County, Florida

We have examined the office of the Clay County, Florida Supervisor of Elections' (the "Office") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2021. Management is responsible for the Office's compliance with the specified requirements. Our responsibility is to express an opinion on the Office's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Office complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Office's compliance with specified requirements.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

Carr, Riggs & Ingram, L.L.C.

Jacksonville, Florida
March 14, 2022

Clay County, Florida Supervisor of Elections Schedule of Findings

2021-001 (A similar finding was previously reported as item 2020-001)

Criteria: Financial statements must be presented in accordance with generally accepted accounting principles.

Condition: As part of the audit process, it was necessary for us to propose material adjustments to the Office's financial statements. The Office did not properly reflect opening fund balance. Revenue was understated due to grant funding improperly reflected as unearned revenue. Payroll liabilities were overstated due to an error in calculating the payroll accrual.

Cause: Accounting personnel did not record certain prior year adjustments to properly state opening fund balance. In addition, revenue was understated and certain liabilities were overstated due to accounting errors.

Effect: Our proposed adjustments were accepted by management, enabling the financial statements to be fairly presented in conformity with general accepted accounting principles.

Recommendation: The Office should consider and evaluate the costs and benefits of improving internal controls relative to the financial reporting process.

Chris H. Chambliss

Supervisor of Elections
Clay County, Florida

March 14, 2022

The Honorable Dennis Baxley, Chair
Joint Legislative Auditing Committee
111 West Madison St, Rm 876
Tallahassee, FL 32399-1400

Dear Sir:

The financial statement audit of the Clay County Supervisor of Elections Office for the fiscal year ending September 30, 2021 has been completed by Carr, Riggs, and Ingram, LLC.

Their audit disclosed a material weakness in internal control identified as item 2021-001 in the Schedule of Findings.

The Office will evaluate our procedures in regard to the preparation of financial statements and reporting and make adjustments, taking into account limited resources, to conform to GAAP.

Sincerely,

Chris H. Chambliss
Supervisor of Elections
