I. Introductory Section

The School Board of Miami-Dade County, Florida
1450 Northeast Second Avenue
Miami, Florida 33132

December 19, 2018

Members of the School Board and Citizens of Miami-Dade County:

The Comprehensive Annual Financial Report of The School Board of Miami-Dade County, Florida (the "School Board," the "District," "Miami-Dade County Public Schools" or "M-DCPS") for the fiscal year ended June 30, 2018 is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the School Board. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Comprehensive Annual Financial Report is presented in sections. The financial section includes the Management's Discussion and Analysis (MD&A), immediately following the independent auditor's report, that provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A compliments this letter of transmittal and should be read in conjunction with it.

The District is the fourth largest school district in the nation. It is responsible for the operation, control, and supervision of all District schools and is considered a primary government for financial reporting purposes. This report includes all funds of the District and the Miami-Dade County School Board Foundation, Inc., which is reported as a blended component unit, comprising the reporting entity. The District provides a full range of educational services appropriate to students in early childhood, grade levels Pre-K through 12, and adult/vocational education programs. These include basic, regular and enriched academic education, special education for handicapped children, vocational education, and many individualized programs, such as special instruction for disadvantaged students and those with limited English proficiency. The District's mission, as a team, is to provide and support the highest quality education for our diverse community of children and adult learners.

Alberto M. Carvalho
Superintendent of Schools

"Throughout the 2017-18 academic year, Miami-Dade County Public Schools solidified its position as a leader in public education by garnering international, national and state recognitions. M-DCPS continued its legacy as a fiscally responsible school district that provides robust and innovative educational offerings to students. Our achievements are a result of our talented educators and administrators, engaged parents and community and the visionary leadership of our School Board."

**ECONOMIC
CONDITIONS
AND OUTLOOK**

Miami-Dade County is known as the “Gateway to the Americas.” Trade is increasingly vital to the economy. Its close proximity to Latin America and the Caribbean make it the center of international trade with those areas. The city’s international trade infrastructure is vast and varied. This infrastructure includes the Port of Miami, which is the busiest port for pleasure cruise ships in the world, coupled with the Miami International Airport, which is the nation’s top airport for international freight and second for international passengers. Miami’s tourism continues to be the principal industry; however, the city’s economy has become more diversified. International banking is another growing segment of the economy. Miami has become a major banking and commerce center in the southeast United States, dominating trade and finance.

Tourism remains a major industry for the area, as well as the state. Its mild climate, miles of beaches and attractions draw vacationers to the Greater Miami area.

Thirty-four municipalities, including the cities of Miami, Miami Beach, Hialeah, and Coral Gables, as well as unincorporated areas, comprise the county of Miami-Dade, which covers over 2,000 square miles and is inhabited by over 2.7 million citizens. Miami-Dade County Public Schools remains the area’s largest employer; employing 37,959 full and part-time employees. Full-time employees numbered approximately 33,215 during 2017-18, including 19,795 instructional professionals. The District’s annual operating budget for fiscal year 2018-19 is in excess of \$3.2 billion to serve an estimated enrollment of 349,654 students. Student enrollment is expected to remain stagnant or shrink due to a decrease in the birth rate, the growing population of publicly funded voucher programs for private schools, stricter immigration policies, and the high cost of living.

Florida’s economy topped \$1 trillion during 2018. That’s larger than the economy of several countries in the world. Per the Florida Economic Estimating conference held July 20, 2018, Florida growth rates are at levels that are typical of solid growth and continue to show progress. The fact that Florida is a low-tax state is a major contributing factor for this growth. Florida’s GDP ranks fourth in the country. One of the primary engines of economic growth is population growth and Florida is the third most populous state in the country. The job market in Florida is expected to continue to grow at modest rates. The unemployment rate for the state continues to decrease. The Florida unemployment rate was 3.5% in September 2018 compared to 3.8% in September 2017. Statewide construction rates are lagging but the growth in tourism is compensating for this lag. However, the threat of weather related events such as hurricanes and red tide could impact tourism revenues and Florida’s economy.

**FINANCIAL
INFORMATION**

Long-Term Financial Planning The District continues its efforts to provide world class educational opportunities for the children of Miami-Dade County through innovation, sound fiscal management, and choices that align with the District’s priorities and values.

General Obligation Bond Referendum A \$1.2 billion General Obligation Bond (GOB) referendum was approved by voters on the November 6, 2012 ballot. Proceeds from the bond issue will be used to modernize and construct schools throughout the District, including technology upgrades at all schools. The GOB program continues at an accelerated pace with over 500 projects at various stages of completion.

Miami-Dade Voters Approve Referendum to Raise Teachers' Salaries and Increase School Safety On November 6, 2018 the voters of Miami-Dade County approved the Secure Our Future referendum (#362) that will increase teacher compensation and improve school safety. The referendum approves a levy based on determined property value at approximately \$75 per \$100,000 of assessed value for up to four years. This levy will generate approximately \$232 million annually for the District. The average homeowner will pay \$0.39 a day, or \$12 a month. Better compensation for teachers is expected to translate into increased buying power providing a significant return on investment for the community and local business owners.

Internal Control Structure The internal control structure is subject to periodic evaluation by management and the internal audit staff. In accordance with Government Auditing Standards, the independent auditors have issued a report dated November 19, 2018 on their consideration of the District's internal control structure. The purpose of their report is to describe the scope of their testing of internal control and the results of that testing, and not to provide an opinion on internal control.

The administration is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data is compiled and recorded accurately to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by the administration.

The accompanying financial statements demonstrate that even under a period of changing operational conditions, the District continues to achieve a policy of sound financial management.

Budgetary Controls The District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the School Board. Activities of the General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, Proprietary Fund, and the Fiduciary Funds, except the schools' Internal Fund, are included in the annual appropriated budget. Project-length financial plans are provided for the Capital Projects Funds, but budgets are adopted for only one year.

Budgetary control is maintained for individual accounts or groups of accounts within each school or department through the use of an encumbrance accounting system. The process uses a test for availability of funds which precludes any requisition for services, equipment, supplies or materials from becoming a purchase order, if the account would be overspent. Encumbrances are reappropriated as part of the following year's budget.

The District issues a publicly available annual Budget Plan for planning purposes and an Executive Summary for adoption by the School Board. In addition, in order to control salaries effectively, a centralized Position Authorization Control (PAC) system governs salary expenditures, whereby full-time employees are not paid unless they are fully processed and fill a slot in the PAC system that also identifies the account structure to charge.

Independent Audit State law permits an outside independent audit of school districts by a firm of certified public accountants in lieu of an audit performed by the State of Florida, Office of the Auditor General. The auditing firm RSM US LLP was selected by the School Board to perform the annual audit. In keeping with the minority firm utilization program established by the School Board, RSM US LLP was assisted by Anthony Brunson, PA.

As an additional oversight review and control, the School Board Audit and Budget Advisory Committee, which includes individuals from the private sector with extensive knowledge in accounting and municipal finance, monitors the independent audit process. This includes reviewing the scope of the audit and the progress of the audit. Furthermore, the Committee evaluates the financial statements, the auditors' report and the administration's response. The Committee also reviews all internal audit reports and administrative staff responses, placing an emphasis on timely implementation of the recommendations made by the auditors. The Committee meets regularly, at least six times per year, and operates independently of the administration. It oversees the overall audit function and issues an annual report to the School Board.

Relevant Financial Policies The intent of the School Board is to ensure that the District manages its budget and finance in a fiscally prudent and responsible way by establishing financial policies for the Budget, Fund Balance and the maintenance of adequate reserves.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues except for certain grant revenues, are recognized when susceptible to accrual, that is when they become measurable and available. Property taxes, interest and certain General Fund revenues are the significant revenue sources considered susceptible to accrual.

Promoting Digital Citizenship and Online Safety Partnered with Facebook to develop an anti-bullying initiative to give students a greater understanding of the issue of bullying, to celebrate diversity and support others.

Unprecedented Access To The Arts Thanks to a strong partnership with Perez Art Museum Miami (PAMM), students in grades pre-k to 12 are eligible for a year-round PAMM Student Pass, granting unlimited free admission to the museum with an accompanying adult.

Steam Collaboration Provides Cultural Experience For Students History comes alive through Kitty Hawk, a live theater performance and STEAM learning initiative created for more than 26,000 seventh-graders through a partnership between M-DCPS' Cultural Passport program and the Arsht Center.

New Recording Studio Unveiled Through the support of the José Milton Foundation, a new state-of-the-art recording space, the only professional studio housed in a public school, opened at Miami Arts Studio at Zelda Glazer and is available to all M-DCPS students.

Enhanced Communications Resources The District has increased communication with parents via text messaging, improved information-sharing capabilities between law enforcement agencies, and implemented the use of highly-specialized software to detect social media threats.

Safe Learning Environment A number of safety enhancements have been implemented in all schools. M-DCPS has increased the number of resource officers assigned to schools, improved surveillance efforts with security cameras, reduced the number of entry points, strengthened protocols related to securing buildings and classrooms in the event of an on-campus threat, and requested additional funding from the state to augment established security measures.

Modernizing Our Schools Since the passage of the General Obligation Bond in 2012, more than 400 projects have been completed with dozens more under construction or in the planning stages. Total work completed or under contract exceeds \$660 million, passing the mid-point of the \$1.2 billion investment.

District Recognized For Diversity Compliance Monitoring Efforts M-DCPS received an "Award of Distinction" for implementation, execution and enhancements to the B2GNow Online Diversity Compliance System. This system is used to track the progress of work being completed through the GOB.

Digital Convergence 3.0 This year's implementation includes 12,000 mobile devices for the sixth-grade English Language Arts (ELA) Mobile Device Program an expansion of the Amplify ELA program, and expansion of the iPrep Math Program.

Bridging The Digital Divide Through the "1Million Project," M-DCPS partnered with Sprint to distribute 14,000 free wireless devices and provide service to participating students for up to four years while they attend high school, helping those who do not have Internet access at home reach their full potential.

Promoting Health And Wellness Through The 100 Billion-Step Challenge This initiative is an awareness and engagement campaign utilizing physical activity challenges to promote wellness and an active lifestyle. Employees' use of a mobile app allows them to set goals and participate in individual and team competitions.

Social, Emotional And Mental Health Education M-DCPS has partnered with various organizations, including Sandy Hook Promise and Lauren's Kids to promote the well-being of all students beyond academics.

PROGRAM HIGHLIGHTS

Historic Achievement As M-DCPS Becomes A-Rated School District For the first time in the history of Florida School Performance Grades, M-DCPS has achieved a district-wide grade of "A." For the second year in a row there are no "F" - rated traditional schools at M-DCPS. Higher percentages of Miami-Dade schools received "A" ratings in 2018 than statewide across all schools, and in all other large Florida districts.

Students Continue To Shine On National Assessment The National Assessment is widely considered the Nation's Report Card and gold standard of assessments. Miami-Dade's NAEP-TUDA results demonstrated that academic standards, instructional rigor, and student achievement continue to move on an upward trend, surpassing the nation. Nationally, M-DCPS' fourth graders ranked #1 in Reading, and #2 in Mathematics.

Graduation Rate Sets New High M-DCPS' graduation rate rose to 84.2 percent for the 2016-17 academic year - the highest rate the school district has achieved since the Florida Department of Education began tracking graduation statistics with modern methods in the late 1990's.

Unparalleled Assessment Results M-DCPS students demonstrated consistent success across all content areas and grade levels on the Spring 2018 administration of Florida's statewide assessments. Summing the growth indicators across all exams, an Annual Aggregated Performance measure of 20 points was achieved in M-DCPS, compared to 13 points statewide and 10 or fewer points in other large counties.

Impressive Third-Grade Test Results Third-grade students' scores on the Florida Standards Assessments (FSA) in English Language Arts (ELA) outperformed their counterparts statewide, both in terms of performance and growth. Accelerated growth was seen for Black and Hispanic students, narrowing the gap between minority/majority subgroups.

Continued Success In Advanced Placement For the seventh year in a row, M-DCPS' Advanced Placement (AP) exam passing rates increased, while also increasing AP enrollment. M-DCPS offers 37 AP courses.

Magnet Programs Once Again Garner National Attention For the seventh straight year, M-DCPS received more national magnet merit awards than any other district. In total, M-DCPS received 54 awards for the 2017-18 award cycle, an increase of 12 additional awards.

Preparing Students For the Workforce Siemens' Building Automation Systems Technology certification is the first program in Dade/Broward counties to focus on training for high-paying technical jobs in the smart-building field, providing students with in-demand skills and improving their employment prospects, while saving our natural resources.

Career Academies Outperform All School Districts M-DCPS now has 16 of the 68 National Academy Foundation (NAF) high-quality academies, demonstrating that our career academy programs perform at the highest level in preparing students for college and careers.

Expansion of Trade And Logistics Academies In Urban Core The King Carter Global Trade & Logistics Academies at Miami Northwestern and Miami Central senior high schools were made possible by a generous \$1 million donation by an anonymous donor. Turning tragedy into triumph, the academies pay homage to King Carter, a gregarious first grader who invoked pride and deep respect from all who knew and loved him.

Millions In Scholarships The Class of 2018 has been offered \$423 million in scholarships, paving the way for success in post-secondary education.

Financial Awards The Council of the Great City Schools recognized Miami-Dade County Public Schools (M-DCPS) for employing the highest standards in financial management, accountability and fiscal control.

It presented the Award for Excellence in Financial Management for its financial performance in safeguarding and protecting the financial integrity of the school system. M-DCPS met all of the mandatory and recommended management practices of the 136 practices in the nine areas of financial operations.

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to The School Board of Miami-Dade County for the fiscal year ended June 30, 2017. This was the thirty-third consecutive year that the District has received this prestigious award.

The School Board of Miami-Dade County also received the Association of School Business Officials (ASBO) International Certificate of Excellence in Financial Reporting for the Comprehensive Annual Financial Report for the fiscal year ended June 30, 2017. This is the thirty-fourth consecutive prestigious award that the District has received from ASBO.

These awards are for one year only and signify that the financial report conforms to generally accepted accounting principles, legal requirements and standards of reporting required by the organization granting the award.

We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate Programs' requirements, and we are submitting it to both GFOA and ASBO, to determine its eligibility to receive, once more, their respective prestigious awards.

The District also received the GFOA's award for Distinguished Budget Presentation for its annual adopted budget dated July 1, 2017. In order to qualify for the Distinguished Budget Presentation Award, the District's budget has to be proficient in several categories, including policy documentation, financial planning and organization. The award encourages and assists state and local governments in preparing budget documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting.

Acknowledgment The preparation of this report could not have been accomplished without the services of the entire staff of Financial Services, particularly the Office of the Controller, and the support that other bureaus and offices provided.

We would like to thank the members of the School Board for their interest and support in planning and conducting the financial operations of the District. We also thank the citizens of Miami-Dade County, whose cooperation, support and assistance have contributed greatly to the operation of this innovative school system.

We look forward to the opportunity, with your guidance and support, of building a better, more effective and efficient school system that provides a learning environment that adapts to the ever changing needs of our students - the citizens of tomorrow.

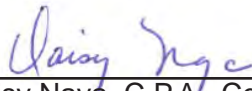

Respectfully submitted,

Alberto M. Carvalho, Superintendent of Schools

Independent Auditor's Report

Honorable Chairperson and Board Members of
The School Board of Miami-Dade County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of The School Board of Miami-Dade County, Florida (the School Board), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of The School Board of Miami-Dade County, Florida, as of June 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the School Board adopted the recognition and disclosure requirements of Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective July 1, 2017. The net position of the governmental activities of the School Board as of July 1, 2017, has been restated. Our opinion is not modified with respect to this matter.

THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis, budgetary comparison schedules, schedules of the proportionate share of net pension liability, schedule of changes in the net pension liability and related ratios, schedule of investment returns, schedules of contributions, and schedule of changes in the total other post-employment benefits liability and related ratios*, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Board's basic financial statements. The *introductory section, combining and individual fund financial statements and other supplementary information, and statistical section* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The *combining and individual fund financial statements and other supplementary information* is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the *combining and individual fund financial statements and other supplementary information* is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The *introductory and statistical sections* have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated November 19, 2018 on our consideration of the School Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Board's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
JUNE 30, 2018
(Unaudited)

The Management's Discussion and Analysis (MD&A) of The School Board of Miami-Dade County, Florida (the District), is intended to provide an overview of the District's financial position and changes in financial position for the fiscal year ended June 30, 2018.

Since the focus of the Management's Discussion and Analysis (MD&A) is on the current year activities, resulting changes and currently known facts, it should be read in conjunction with the District's financial statements, including the accompanying notes. Additionally, as a required part of the MD&A, comparative information for the current year and the prior year is presented for financial analysis to enhance the understanding of the District's financial performance.

Financial Highlights

At June 30, 2018, the General Fund had a total fund balance of \$249.2 million. This fund balance was comprised of \$7.9 million of non-spendable funds, \$10.4 million of restricted funds, \$72.5 million of assigned funds and \$158.4 million of unassigned funds.

General Fund fund balance increased by \$26.9 million or 12.1% from the previous year primarily due to an increase in revenues, as well as continued efforts to curtail expenditures.

Special Revenue funds ended the year with a fund balance of \$43.0 million, an increase of \$10.6 million or 32.8% from the previous year primarily due to increases in revenues.

Debt Service funds ended the year with a fund balance of \$93.8 million, an increase of \$28.8 million or 44.3% from the previous year primarily due to increases in the collection of taxes.

Capital Projects funds ended the year with a fund balance of \$548.4 million, a decrease of \$(112.9) million or (17.1)% from the previous year primarily due to the accelerated pace of the General Obligation Bond (GOB) program.

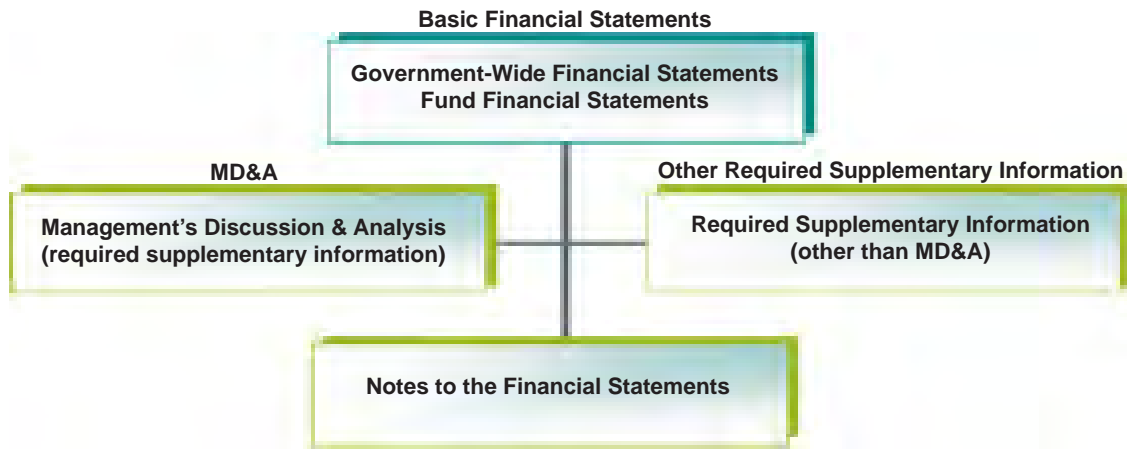

The Governmental Accounting Standards Board (GASB) issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* in June 2015, which replaces GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended. This Statement is effective for fiscal years beginning after June 15, 2017. The adoption of GASB 75 is reflected in the 2017-18 fiscal year financial statements. Its intent is to improve accounting and financial reporting by requiring an Other Postemployment Benefits (OPEB) liability to be reported on the face of the financial statements rather than in the accompanying notes. The implementation of GASB 75 resulted in an increase in the District's OPEB liability and a decrease in the District's Net Position.

During the 2017-18 fiscal year, the District refunded an outstanding Certificate of Participation (COP) bond that provided substantial net present value savings and cash flow savings, which reduced future debt service by over \$10.0 million.

Standard & Poor's (S&P) rating agency maintained the District's rating of "AA-/stable" for GOB and "A+/stable" for COP bonds based in part on good financial management practices and policies. Moody's Investors Service also maintained its rating of GOB and COP at "Aa3/stable" and "A1/stable", respectively noting the District's strong management.

USING THIS COMPREHENSIVE ANNUAL FINANCIAL REPORT

This Comprehensive Annual Financial Report is comprised of different sections. The following graphic is provided to facilitate the understanding of the format and its components:

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's Comprehensive Annual Financial Report consists of a series of financial statements and accompanying notes, with the primary focus being on the District as a whole. The Statement of Net Position and the Statement of Activities are government-wide financial statements that provide both short-term and long-term information about the District's overall financial position. The fund financial statements report the District's operations in more detail by providing information as to how services are financed in the short-term, as well as the remaining available resources for future spending. Additionally, the fund financial statements focus on Major Funds rather than fund types. The proprietary fund statements offer short-term and long-term financial information about the activities of the District as it relates to the group health insurance program. The remaining statements, the Fiduciary Funds Statements, provide financial information for those activities in which the District acts solely as a trustee or agent for the benefit of others. The accompanying notes provide essential information that is not disclosed on the face of the financial statements. Consequently, the notes are an integral part of the basic financial statements.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities - Most of the activities of the District are reported in these statements, including instruction, instructional support services, operations and maintenance, school administration, general administration, pupil transportation, and food service. Additionally, all state and federal grants, as well as capital and debt financing activities are reported in these statements.

The Statement of Net Position and the Statement of Activities present a view of the District's financial operations as a whole, reflect all financial transactions and provide information helpful in determining whether the District's financial position has improved or deteriorated as a result of the current year's activities. The implementation of GASB Statement No. 75 had a significant impact on the reporting of the District's liabilities as it relates to Other Postemployment Benefits (OPEB) and consequently a material impact to the District's Net Position. Both of these statements are prepared using the accrual basis of accounting similar to that used by most private-sector companies. The Statement of Net Position includes assets plus deferred outflows of resources, and liabilities, less deferred inflows of resources, both short and long term.

The Statement of Activities reports all of the current year's revenues and expenses regardless of when cash is received or paid. The two government-wide statements report the District's Net Position and the changes that resulted from the District's operations. The relationship between revenues and expenses indicates the District's operating results. Over time, increases and decreases in the District's Net Position are an indicator of whether the District's financial position is improving or deteriorating. However, as a governmental entity, the District's activities are not geared towards generating profits as are the activities of commercial entities. Other factors, such as the safety of schools and quality of education, must be considered in order to reasonably assess the District's overall performance, particularly because of the limited resources available.

Fund Financial Statements

The District's fund financial statements provide a detailed short-term view of the District's operations, focusing on its most significant or "major" funds. Certain funds are required by law while others are created by legal agreements, such as bond covenants. The District establishes other funds to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. The District has three kinds of funds - governmental funds, a proprietary fund and fiduciary funds.

Governmental Funds - The accounting for most of the District's basic services is included in the governmental funds. The measurement focus and basis of accounting continue to be reported using the modified accrual basis of accounting, which measures inflows and outflows of current financial resources and the remaining balances at year-end that are available for spending. Furthermore, under this basis of accounting, changes in net spendable assets normally are recognized only to the extent that they are expected to have a near-term impact. Inflows of financial resources are recognized only if they are available to liquidate liabilities of the current period. Similarly, future outflows are typically recognized only if they represent a depletion of current financial resources. The District's major governmental funds are the General Fund, General Obligation School Bonds Funds, and Capital Improvement-Local Optional Millage Levy (LOML) Funds. The differences in the amounts reported between the fund statements and the government-wide financial statements are explained in the reconciliations provided on Pages 25 and 28.

Proprietary Fund - The District maintains an Internal Service Fund as its only proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses the internal service fund to report the activities of the group health self-insurance program. Since these services predominantly benefit governmental rather than business-type functions, the internal service fund has been included within governmental activities in the government-wide financial statements. The District's proprietary fund activity is reported in the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows - Proprietary Funds on Pages 29 through 31.

Fiduciary Funds - The District is the trustee, or fiduciary, for resources held for the benefit of others, such as the student activities fund and the pension trust fund. The District's fiduciary activities are reported in the Statement of Fiduciary Net Position on Page 32 and the Statement of Changes in Fiduciary Net Position on Page 33. The resources accounted for in these funds are excluded from the government-wide financial statements because these funds are not available to finance the District's operations. Consequently, the District is responsible for ensuring that these resources are used only for their intended purposes.

Notes to the Financial Statements

The notes provide disclosures and additional information that are essential to a full understanding of the financial information presented in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also provides certain required supplementary information, as well as combining and individual fund statements and schedules beginning on Page 92.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Statement of Net Position

The following table provides a comparative analysis of the District's Net Position for the fiscal years ended June 30, 2018 and 2017.

CONDENSED STATEMENT OF NET POSITION - GOVERNMENTAL ACTIVITIES
June 30, 2018 and 2017
(\$ in millions)

Categories	2017/18	2016/17	Difference Increase (Decrease)	% Increase (Decrease)

OPEB	6.5	-	6.5	-
Total Liabilities and Deferred Inflows of Resources	<u>\$ 6,543.4</u>	<u>\$ 6,406.0</u>	<u>\$ 137.4</u>	2.1 %
Net Position				
Net Investment in Capital Assets	\$ 1,302.5	\$ 1,352.0	\$ (49.5)	(3.7) %
Restricted	245.9	115.9	130	112.2 %
Unrestricted (deficit)	(1,491.2)	(1,281.1)	(210.1)	(16.4) %
Total Net Position	<u>\$ 57.2</u>	<u>\$ 186.8</u>	<u>\$ (129.6)</u>	(69.4) %

The District's total assets plus deferred outflows of resources were \$6.6 billion and total liabilities and deferred inflows of resources were \$6.5 billion at the end of the current fiscal year.

The District's net position totaled \$57.2 million at June 30, 2018. The largest portion of the District's net position, \$1.3 billion, reflects its investment in capital assets (land, buildings, furniture, fixtures & equipment), net of depreciation and less any outstanding debt used to construct or acquire those assets. Restricted net position in the amount of \$245.9 million is reported separately to show legal constraints, from debt covenants and enabling legislation. The \$130 million increase in restricted net position resulted primarily from unspent cash and investment balances in the Capital Improvement-Local Optional Millage Levy (LOML) funds. The \$(1.5) billion unrestricted deficit in net position reflects the shortfall the District would face in the event it would have to liquidate all of its non-capital liabilities, including insurance claims payable, compensated absences, pensions and other post-employment benefits, at June 30, 2018. Consequently, these long term considerations have a significant impact on the resulting net position. The significant increase in the unrestricted deficit of \$(1.5) billion resulted primarily from the implementation of GASB Statement No. 75. This GASB Statement required the District to record an other postemployment benefits (OPEB) liability on the financial statements. A deficit in unrestricted net position should not be considered, solely, as evidence of economic financial difficulties, but rather as a result of different measurement focuses; long term compared to short term perspectives.

Statement of Activities

The following table summarizes the changes in the District's Net Position from its activities for the fiscal years ended June 30, 2018 and 2017.

CHANGES IN NET POSITION - GOVERNMENTAL ACTIVITIES For Fiscal Years Ended June 30, 2018 and 2017 (\$ in millions)

Revenues	2017/18	2016/17	Difference Increase (Decrease)	% Increase (Decrease)
Program Revenues:				
Charges for Services	\$ 44.5	\$ 49.0	\$ (4.5)	(9.2) %
Operating Grants & Contributions	1,030.0	988.9	41.2	4.2 %
Capital Grants & Contributions	<u>56.5</u>	<u>63.2</u>	<u>(6.7)</u>	(10.6) %
Total Program Revenues	\$ 1,131.0	\$ 1,101.1	\$ 29.9	2.7 %
General Revenues:				
Ad Valorem Taxes	\$ 2,018.3	\$ 1,946.7	\$ 71.6	3.7 %
Grants & Contributions Not				
Restricted to Specific Programs	661.3	615.6	45.7	7.4 %
Investment Earnings	20.7	8.8	11.9	135.2 %
Miscellaneous Revenues	<u>25.7</u>	<u>41.1</u>	<u>(15.4)</u>	(37.5) %
Total General Revenues	\$ 2,726.0	\$ 2,612.2	\$ 113.8	4.4 %
Total Revenues	\$ 3,857.0	\$ 3,713.3	\$ 143.7	3.9 %
Expenses				
Instructional Services	\$ 2,221.2	\$ 2,137.0	\$ 84.2	3.9 %
Instructional Support Services	301.2	293.4	7.8	2.7 %
Student Transportation	93.0	93.5	(0.5)	(0.5) %
Operations & Maintenance of Plant	378.8	366.5	12.3	3.4 %
Food Service	161.0	159.3	1.7	1.1 %
School Administration	167.6	163.3	4.3	2.6 %
General Administration	13.9	13.5	0.4	3.0 %
Business/Central Services	71.1	64.0	7.1	11.1 %
Facilities Acquisition and Construction	68.6	83.1	(14.5)	(17.4) %
Administrative Technology Services	3.4	2.9	0.5	17.2 %
Interest on Long-Term Debt	150.2	144.1	6.1	4.2 %
Community Services	31.0	30.3	0.7	2.3 %
Unallocated Depreciation	<u>168.4</u>	<u>167.1</u>	<u>1.3</u>	0.8 %
Total Expenses	\$ 3,829.4	\$ 3,718.0	\$ 111.4	3.0 %
Increase (Decrease) in Net Position	\$ 27.6	\$ (4.7)	\$ 32.3	687.2 %
Net Position, Beginning	\$ 186.8	\$ 191.5	\$ (4.7)	(2.5) %
Prior year restatement (Note 1T)	(157.2)	-	(157.2)	-
Net Position, Ending	\$ 57.2	\$ 186.8	\$ (129.6)	(69.4) %

Beginning Net Position has been restated due to the implementation of GASB Statement No. 75, that required the District to restate Net Position in the government-wide statements to report the District's net OPEB liability and related deferred outflows of resources, resulting in a reduction of Net Position of \$157.2 million. This is the primary cause for the decrease in Net Position of \$(129.6) million or (69.4)%.

Governmental Activities

The Statement of Activities reports gross expenses, offsetting program revenues and the resulting net expense (cost) by functions for the current year. The net cost of each of the District's functions represents the expenses that must be subsidized by general revenues, including tax dollars. As reflected in the Statement of Activities, total expenses for governmental activities excluding unallocated depreciation expense totaled \$3,661.0 million, of which \$1,131.0 million were financed by charges for services and other program revenues. The resulting net costs of \$2,530.0 million, excluding unallocated depreciation expense, were financed primarily by Florida Education Finance Program (FEFP) dollars and property taxes.

The table below, presents a comparative analysis of the cost and the net cost of each of the District's functions: School Level Services include Instruction, Student Services (counselors, psychologists, and visiting teachers), Transportation, Custodial and Maintenance (including utilities), School Administration and Community Services; Instructional Support Services include Curriculum Development and Staff Training; Business/Central Services include Accounting, Budget, Payroll, Accounts Payable, Cash and Debt Management, Purchasing, Personnel, Data Processing, Risk Management, and Warehousing; General Administration; and Facilities Acquisition & Construction.

NET COST OF GOVERNMENTAL ACTIVITIES For Fiscal Years Ended June 30, 2018 and 2017 (\$ in millions)

	2017/18	2016/17	Difference Increase (Decrease)	% Increase (Decrease)
Total Cost of Services				
School Level Services	\$ 3,052.6	\$ 2,950.0	\$ 102.6	3.5 %
Instructional Support Services	301.2	293.4	7.8	2.7 %
Business/Central Services	224.7	210.9	13.8	6.5 %
General Administration	13.9	13.5	0.4	3.0 %
Facilities Acquisition & Construction	68.6	83.1	(14.5)	(17.4) %
Total Cost of Services *	\$ 3,661.0	\$ 3,550.9	\$ 110.1	3.1 %
Net Cost of Services				
School Level Services	\$ 1,960.1	\$ 1,884.3	\$ 75.8	4.0 %
Instructional Support Services	301.2	293.4	7.8	2.7 %
Business/Central Services	222.7	205.9	16.8	8.2 %
General Administration	13.9	13.5	0.4	3.0 %
Facilities Acquisition & Construction	32.1	52.7	(20.6)	(39.1) %
Net Cost of Services *	\$ 2,530.0	\$ 2,449.8	\$ 80.2	3.3 %

* Excluding unallocated depreciation expense

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Financial information is presented separately in the Balance Sheet, and in the Statement of Revenues, Expenditures, and Changes in Fund Balances for the District's major funds: General Fund, General Obligation School Bonds Funds and Capital Improvement-Local Optional Millage Levy (LOML) Funds. Financial information for the non-major governmental funds is aggregated and presented in a single column. Individual fund data for each of the non-major governmental funds is presented in the combining statements beginning on Page 104.

GENERAL FUND

The General Fund is the primary operating fund for the District. Presented below is an overall analysis of the General Fund as compared to the prior year.

CHANGES IN GENERAL FUND ACTIVITY For Fiscal Years 2017/18 and 2016/17 (\$ in thousands)

Categories	2017/18	2016/17	Difference Increase (Decrease)	% Increase (Decrease)
Revenues	\$ 2,805,192	\$ 2,736,322	\$ 68,870	2.5 %
Other Financing Sources	167,896	167,836	60	0.1 %
Beginning Fund Balance	222,269	175,300	46,969	26.8 %
Total	\$ 3,195,357	\$ 3,079,458	\$ 115,899	3.8 %
Expenditures	\$ 2,925,519	\$ 2,852,527	\$ 72,992	2.6 %
Other Financing Uses	20,674	4,662	16,012	343.5 %
Ending Fund Balance	249,164	222,269	26,895	12.1 %
Total	\$ 3,195,357	\$ 3,079,458	\$ 115,899	3.8 %

The General Fund is the chief operating fund of the District. Overall Revenues increased by \$68.9 million or 2.5% from the previous year. The increase is primarily due to an increase in the Base Student Allocation (BSA), Best & Brightest state funding, and an increase in the property tax collections.

Expenditures increased by \$73.0 million or 2.6% from the previous year. The increase is primarily attributed to increased payments to charter schools, payment of Best & Brightest Teachers/Principals Scholarships and other operational costs.

Ending Fund Balance increased by \$26.9 million or 12.1% primarily due to the increase in tax collections and sound financial management.

CHANGES IN GENERAL FUND ACTIVITY For Fiscal Years 2017/18 and 2016/17 (\$ in millions)

GENERAL FUND (continued)

Revenues By Source

Revenues - Overall revenues increased by \$68.9 million or 2.5% as follows:

■ Federal
 ■ State
 ■ Local

REVENUES BY SOURCE
For Fiscal Years 2017/18 and 2016/17
(\$ in thousands)

Sources	2017/18	2016/17	Difference Increase (Decrease)	% Increase (Decrease)
Federal	\$ 23,613	\$ 14,791	\$ 8,822	59.6 %
State	1,189,472	1,136,163	53,309	4.7 %
Local	1,592,107	1,585,368	6,739	0.4 %
Total	\$ 2,805,192	\$ 2,736,322	\$ 68,870	2.5 %

Federal sources increased by \$8.8 million or 59.6% from the prior year. This increase is primarily due to an increase in Medicaid reimbursement.

State sources increased by \$53.3 million or 4.7% from the prior year. This increase is primarily due to an increase in FEFP funding and the Best & Brightest state funding.

Local sources increased by \$6.7 million or 0.4% from the prior year. This increase is primarily due to an increase in the collection of taxes as well as an increase in investment income offset by reductions in other local revenues.

Expenditures By Function

Expenditures - Overall expenditures increased by \$73.0 million or 2.6% as follows:

EXPENDITURES BY FUNCTION
For Fiscal Years 2017/18 and 2016/17
(\$ in thousands)

Functions	2017/18	2016/17	Difference Increase (Decrease)	% Increase (Decrease)
School Level Services	\$ 2,639,131	\$ 2,578,040	\$ 61,091	2.4 %
Instructional Support Services	196,056	187,011	9,045	4.8 %
Business Services/ Central Adm.	73,770	67,215	6,555	9.8 %

Facilities & Other Capital Outlay	2,972	6,880	(3,908)	(56.8) %
Total	\$ 2,925,519	\$ 2,852,527	\$ 72,992	2.6 %

■ School Level Services
 ■ School Board
■ Instructional Support Services
 ■ General Administration
■ Business Svcs./ Central Adm.
 ■ Facilities & Other Capital Outlay

Salaries and fringe benefits represent the most significant expenditures of the District specifically as it relates to school level expenditures. During the 2017-18 fiscal year, the administration continued to implement cost reduction strategies to meet the financial challenges of limited funding and increased costs.

GENERAL OBLIGATION SCHOOL BONDS

On November 6, 2012, Miami-Dade County voters approved a referendum authorizing the issuance of \$1.2 billion of General Obligation Bonds (GOBs) for the modernization and construction of public school facilities, including educational technology upgrades. Thus far, five separate bond series have been issued pursuant to this referendum. As of June 30, 2018, \$270.8 million bonds remain to be issued. Fiscal Year 2017-18 was another banner year for the GOB program, with close to 600 projects at various stages of development, from design to close out. The 2017-18 fiscal year ended with a total fund balance of \$399.6 million.

CAPITAL IMPROVEMENT-LOCAL OPTIONAL MILLAGE LEVY (LOML)

Capital Improvement - Local Optional Millage Levy (LOML) funds constitute the primary source of revenue in the Capital Budget. The Florida Legislature decreased the maximum allowable millage to be used for capital purposes from 1.75 mills to 1.50 mills in the 2009-10 fiscal year with the flexibility of shifting 0.25 mills back from the operating budget. Total fund balance of \$90.3 million represents an increase of \$8.9 million or 11% from the previous year. The increase can be attributed primarily to an increase in the collection of taxes. The total \$90.3 million fund balance is restricted for capital projects.

BUDGETARY HIGHLIGHTS

Most District operations are funded in the General Fund. The majority of the General Fund revenues are distributed to the District through the Florida Education Finance Program (FEFP), which uses formulas to distribute state funds and an amount of local property taxes (i.e., required local effort) established each year by the Florida Legislature. The purpose is to substantially equalize educational funding among the sixty-seven school districts in Florida, irrespective of differences in wealth among the districts.

Each school district retains its local property taxes, which are reported as local revenues. However, the required local effort portion is deducted from the district revenue generated by the State FEFP formulas. The resulting net revenue is reported as state revenue.

Total General Fund revenues and other financing sources during 2017-18 were \$50.9 million less than the originally adopted budget as follows:

Federal funds were \$7.6 million higher than anticipated due primarily to an increase in Medicaid reimbursements of \$7.1 million, with small increases/decreases in Impact Aid, R.O.T.C. and Other Federal through State sources.

State funds were \$33.2 million less than the originally adopted budget primarily due to the elimination of McKay Scholarships of \$42.8 million, a decrease in the FEFP funds received due to changes in enrollment of \$12.5 million, a decrease in Class Size Reduction funds of \$4.3 million, a decrease in Discretionary Lottery Funds of \$5.4 million and a decrease of \$1.9 million related to the Voluntary Pre-K program. These decreases were offset by the receipt of Best & Brightest Scholarship funds for \$23.6 million, an increase in School Recognition funds for \$4.5 million, an increase in the Declining Enrollment Supplement of \$3.1 million, Schools of Hope grants funds for \$1.8 million and miscellaneous small adjustments totaling a decrease of \$0.7 million.

Local revenues were \$13.8 million lower than the originally adopted budget. The decrease in local revenues is primarily due to reductions in net property taxes of \$29.2 million, increases in interest and investment revenue of \$7.9 million, decrease in E-Rate revenue of \$4.0 million and increases in other accounts of \$11.4 million.

Other Financing Sources decreased \$11.5 million due to the decrease in transfers from other funds of \$13.9 million and increases in other non-revenue sources of \$2.5 million.

The most significant variance between the budget as originally adopted and the final amended budget is reflected in Instructional Services expenditures. This variance is primarily due to the fact that most of the district's budget is originally placed in Instructional Services as teacher salaries and fringes. During 2017-18, the District experienced a higher than budgeted vacancy rate across a multitude of positions. The rest of the variance in Instructional Services relates to the fact that once the school year commences the true needs of each respective school are determined based on actual FTE and other established allocation processes. Therefore, funds originally budgeted under Instructional Services are spent under other functions which explains the negative variances seen in the rest of the other expenditure functions. The increase in Operation and Maintenance of Plant functions is mostly due to the increase in expenditures caused by the occurrence of Hurricane Irma.

The variance between final amended budget and actual expenditures relates to amounts that were encumbered as of June 30, 2018.

Ending fund balance as of June 30, 2018 was \$249.2 million comprised of nonspendable fund balances totaling \$7.9 million, representing inventories and prepaid items, restricted fund balance totaling \$10.4 million in state categorical programs, assigned fund balance of \$72.5 million, which included rebudgets and outstanding purchase orders and unassigned fund balance totaling \$158.4 million. This differs from the ending fund balance used for budgetary purposes since amounts encumbered are included as appropriations.

The District will continue to review the budget, focusing on maintaining essential educational services as it anticipates continuing revenue shortfalls and cost increases.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - At June 30, 2018, the District had \$4.4 billion invested in different categories of capital assets, net of accumulated depreciation, as shown in the table below.

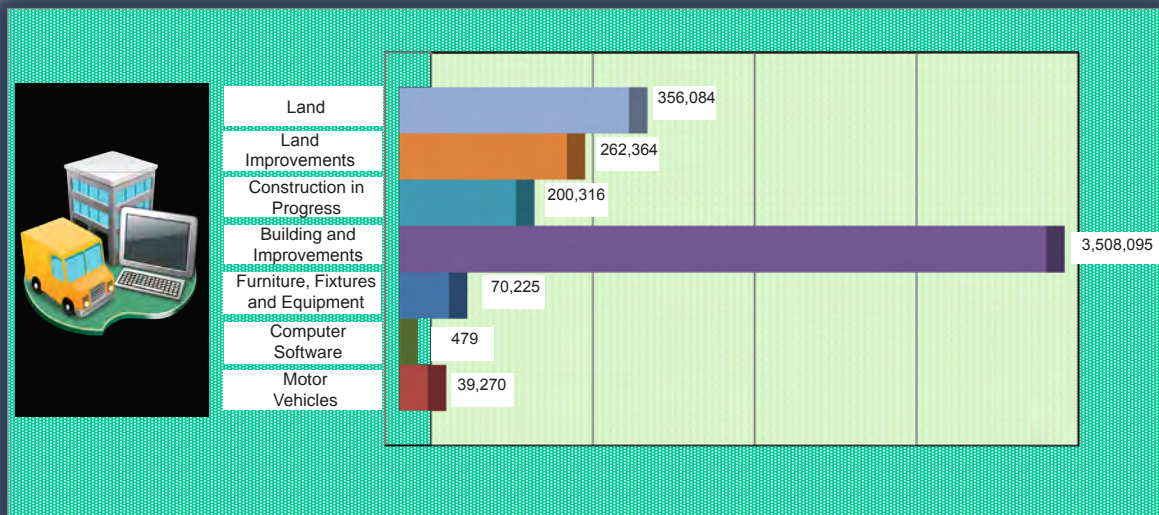

CAPITAL ASSET ACTIVITY At June 30, 2018 and 2017 (\$ in thousands)

Categories	2017/18	2016/17	Difference Increase (Decrease)	% Increase (Decrease)
Land	\$ 356,084	\$ 355,490	\$ 594	0.2 %
Land Improvements	262,364	259,528	2,836	1.1 %
Construction in Progress	200,316	181,134	19,182	10.6 %
Building and Improvements	3,508,095	3,538,790	(30,695)	(0.9) %
Furniture, Fixtures & Equipment	70,225	77,342	(7,117)	(9.2) %
Computer Software	479	695	(216)	(31.1) %
Motor Vehicles	39,270	44,686	(5,416)	(12.1) %
Total	\$ 4,436,833	\$ 4,457,665	\$ (20,832)	(0.5) %

Detailed information reflecting the District's capital asset balances and activity for the fiscal year ended June 30, 2018 is provided in Note 4 to the Financial Statements.

CAPITAL ASSET ACTIVITY At June 30, 2018 (\$ in thousands)

CAPITAL ASSETS AND DEBT ADMINISTRATION (continued)

Debt Administration - The following table represents the changes in the District's outstanding long-term liabilities at fiscal year end.

CHANGES IN LONG TERM LIABILITIES At June 30, 2018 and 2017 (\$ in thousands)

Categories	2017/18	2016/17	Difference Increase (Decrease)	% Increase (Decrease)
Bonds Payable	\$ 980,501	\$ 1,002,027	\$ (21,526)	(2.1) %
Certificates of Participation Payable by the Foundation	2,595,271	2,730,245	(134,974)	(4.9) %
Derivative Instrument Liability	13,926	20,421	(6,495)	(31.8) %
Capital Leases	44,316	78,271	(33,955)	(43.4) %
Insurance Claims Payable	169,362	183,343	(13,981)	(7.6) %
Retirement Incentive Benefits	1,576	1,530	46	3.0 %
Compensated Absences Payable	284,507	287,177	(2,670)	(0.9) %
Other Post Employment Benefits Liability	211,851	210,080 *	1,771	0.8 %
Net Pension Liability	1,783,082	1,690,370	92,712	5.5 %
Total	\$ 6,084,392	\$ 6,203,464	\$ (119,072)	(1.9) %

* Reflects restatement of balance to comply with GASB Statement No. 75.

Overall liabilities decreased by \$(119.1) million or (1.9)% from the prior year. The most significant decreases are reflected in Certificates of Participation \$(135.0) and Capital Leases \$(34.0). These decreases are primarily due to repayment of debt.

Detailed information relating to changes in long-term liabilities for the fiscal year ended June 30, 2018 is provided in Note 14 to the Financial Statements.

LONG TERM LIABILITIES At June 30, 2018 (\$ in millions)

ECONOMIC FACTORS

The State of Florida, by constitution, does not have a state personal income tax and therefore, the state operates primarily using sales, gasoline and corporate income taxes. Despite continued funding challenges, the District, through prudent fiscal management, maintains a healthy financial position to provide the quality education deserved by every child.

CONTACTING MANAGEMENT

The District's financial statements are designed to present citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. Additional information can be requested at:

 RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
 TO THE STATEMENT OF NET POSITION
 JUNE 30, 2018
 (amounts expressed in thousands)

Total Fund Balances – Governmental Funds		\$ 934,334
Amounts reported for governmental activities in the Statement of Net Position are different as a result of:		
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds.		
Capital assets	\$ 7,334,994	
Accumulated depreciation	<u>(2,898,161)</u>	4,436,833
Property taxes receivable not collected within 60 days of fiscal year-end are not available soon enough to pay for the current period's expenditures, and therefore are not recorded as revenue in the governmental funds.		
		5,734
An internal service fund is used by the District to charge the costs of health premiums to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the Statement of Net Position		
	Assets	131,680
	Liabilities	<u>(33,404)</u>
	Net Position	98,276
Current liabilities which are accrued as a liability in the government-wide statements but are not recognized in the governmental funds until due:		
Benefits payable	(1,477)	
Interest payable	<u>(39,556)</u>	(41,033)
Long-term liabilities are not due and payable in the current period and therefore are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of the following:		
Bonds payable	(980,501)	
Capital leases	(44,316)	
Compensated absences	(277,898)	
Retirement incentive benefits	(1,336)	
Certificates of participation	(2,595,271)	
Derivative instruments liability	(13,926)	
Net pension liability	(1,783,082)	
Other post employment benefits liability	(211,851)	
Claims payable	<u>(133,987)</u>	(6,042,168)
Deferred outflows (inflows) of resources are reported in the Statement of Net Position but are not recognized in the governmental funds:		
Accumulated decreases in fair value of hedging derivative instruments	13,926	
Net loss on debt refunding	91,386	
Net deferred outflows - pensions	560,191	
Net deferred inflows - other post employment benefits	<u>(226)</u>	665,277
Total Net Position – Governmental Activities		\$ 57,253

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
 OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 FOR THE FISCAL YEAR ENDED JUNE 30, 2018
 (amounts expressed in thousands)

Total Net Change in Fund Balances - Governmental Funds \$ (46,604)

Amounts reported for governmental activities in the Statement of Activities are different as a result of:

Property taxes not collected within 60 days of fiscal year-end are not considered available and therefore are not recorded as revenues in the fund level statements. However, for the government-wide statements property tax revenues are recorded when there is an enforceable lien. Additionally, the governmental funds reflect revenues that correspond to the prior year.

Prior year revenues recorded this year at the fund level	\$ (2,831)	
Revenues not recorded this year in the fund level statements are recorded as revenue in the government-wide statements	<u>5,734</u>	2,903

An internal service fund is used by the District to charge the costs of health premiums to individual funds. The decrease in net position of the internal service fund is reported with governmental activities. (15,512)

The changes in net pension liability and related deferred inflows and outflows are not reported in the fund statements and the net effect is to decrease net position. (78,718)

The changes in other post employment benefits liability and related deferred inflows and outflows are not reported in the fund statements and the net effect is to decrease net position. (10,330)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, recoveries, and donations) is to increase net position. 146

Capital outlay disbursements to purchase or build capital assets are reported as expenditures in the governmental funds. In the Statement of Net Position, these costs are capitalized and depreciated over their estimated useful lives. In the Statement of Activities the depreciation is reflected as an expense for the period.

Capital outlay expenditures for the fiscal year	170,570	
Depreciation expense for the fiscal year	<u>(191,549)</u>	(20,979)

Proceeds from issuance of debt instruments are recorded as other financing sources in the governmental funds, however, in the government-wide statements they are recorded as additions to long-term liabilities. Proceeds from debt instruments were as follows:

Proceeds from refunding of Certificates of Participation	(119,995)	
Proceeds from Leases	<u>(1,935)</u>	(121,930)

The governmental funds only include those liabilities that will be paid with current financial resources. Expenses recorded in the Statement of Activities exceed the amount recorded in the governmental funds due to the different measurement focus used.

Decrease in compensated absences liability	2,479	
Decrease in accrued salaries and benefits	160	
Decrease in claims payable	<u>17,367</u>	20,006

Repayment of debt principal is reflected as an expenditure in the governmental funds, however, in the Statement of Net Position it is reflected as a reduction of liabilities and does not affect the Statement of Activities.

Repayment of debt principal for Certificates of Participation	117,555	
Repayment of debt principal for General Obligation Bonds	15,655	
Repayment of debt principal for Capital Leases	35,891	
Repayment of debt principal for State Board of Education Bonds	<u>1,372</u>	170,473

Repayment to refund debt is reflected as an other financing use in the governmental funds, however, in the Statement of Net Position it is reflected as a reduction of liabilities and does not affect the Statement of Activities. 119,802

Interest on long-term debt differs from the amount reported in the governmental funds. In the governmental funds, interest on long-term debt is recorded as an expenditure when due and payable. In the Statement of Activities, interest is recorded as it accrues. In addition, premiums are amortized over the life of the debt, and are recorded as a decrease to interest expense on the Statement of Activities. Losses incurred as a result of advance refundings are also amortized over the life of the debt and are recorded as an increase to interest expense on the Statement of Activities.

Accrued interest payable	(39,556)	
Amortization of premium on State Board of Education Capital Outlay Bonds (SBEs)	332	
Amortization of premium on Certificates of Participation (COPs)	15,804	
Amortization of premium on General Obligation School Bonds (GOBs)	4,167	
Amortization of gain related to advance refunding of COPS	30	
Amortization of loss related to advance refunding of SBEs	(131)	
Amortization of loss related to advance refunding of COPs	(12,783)	
Prior year accrued interest paid during current fiscal year	<u>40,493</u>	8,356

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Reporting Entity

The School Board of Miami-Dade County, Florida (the "School Board," "Board," or the "District") is composed of nine members elected from single-member districts within the legal boundary of Miami-Dade County, Florida (the "County"). The appointed Superintendent of Schools is the executive officer of the Board. The School Board is part of the state system of public education under the general direction of the State Board of Education and is financially dependent on state support. However, the Board is considered a primary government for financial reporting purposes because it is directly responsible for the operation and control of District schools within the framework of applicable state law and State Board of Education rules and it is not considered to be an agency or component unit of the State of Florida.

The general operating authority of the School Board and the Superintendent is contained in Chapters 1000 through 1013, Florida Statutes. Pursuant to Section 1010.01, Florida Statutes, the Superintendent of Schools is responsible for keeping records and accounts of all financial transactions in the manner prescribed by the State Board of Education.

The accompanying financial statements include those of the District (the primary government) and those of its component units. Component units are legally separate organizations which should be included in the District's financial statements because of the nature and significance of their relationship with the primary government.

GASB Codification of Governmental Accounting and Financial Reporting Standards Section 2100 modifies the existing criteria for reporting component units. The Codification provides guidance on the inclusion of a legally separate entity to be included as a component unit under the misleading to exclude criterion and the financial accountability concept, which requires that in addition to meeting the fiscal dependency criterion, a financial benefit or burden relationship be present in order for a potential component unit to be included in the financial reporting entity.

Based on the application of GASB Codification Section 2100, the District determined that charter schools do not meet the criteria to qualify as component units of the District; therefore, they are not included in the District's Comprehensive Annual Financial Report (CAFR). Audits of the Charter Schools are conducted by independent certified public accountants and are filed in the Charter Schools Support office located at 1450 N.E. 2nd Avenue, Room 806, Miami, Florida 33132.

The criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the GASB Codification Section 2100. The application of these criteria provides for identification of any entities for which the District is financially accountable and other organizations that the nature and significance of their relationship with the Board are such that exclusions would cause the District's basic financial statements to be misleading or incomplete.

Based on the application of GASB Codification Section 2100, the following component unit is included within the District's reporting entity:

Blended Component Unit

The Miami-Dade County School Board Foundation, Inc., a Florida not-for-profit corporation, was created solely to facilitate financing for the acquisition and construction of District school facilities and related costs. The members of the School Board serve as the Board of the Foundation, therefore, the School Board is considered financially accountable for the Foundation. The financial activities of the Foundation have been blended (reported as if it were part of the District) with those of the District.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

B. Basis of Presentation

The District's accounting policies conform with accounting principles generally accepted in the United States applicable to state and local governmental units. Accordingly, the basic financial statements include both the government-wide and fund financial statements.

Government-Wide Financial Statements – The Statement of Net Position and the Statement of Activities present information about the financial activities of the District as a whole, and its component unit, excluding fiduciary activities. Eliminations have been made from the statements to remove the “doubling-up” effect of interfund activity.

The Statement of Activities reports expenses identified by specific functions, offset by program revenues, resulting in a measurement of “net (expense) revenue” for each of the District's functions. Program revenues that are used to offset these expenses include charges for services, such as food service and tuition fees; operating grants, such as the National School Lunch Program, Federal Grants, and other state allocations; and capital grants specific to capital outlay. In addition, revenues not classified as program revenues are shown as general revenues, which include Florida Education Finance Program (FEFP) revenues, property taxes, and other miscellaneous sources.

Fund Financial Statements – The fund financial statements provide information about the District's funds, including proprietary and fiduciary funds. Separate statements for governmental, proprietary and fiduciary funds are presented. The emphasis of the fund financial statements is on the major funds which are presented in a separate column with all non-major funds aggregated in a single column.

The District reports the following major governmental funds:

General Fund is the District's primary operating fund and accounts for all financial resources of the District, except those required to be accounted for in another fund.

General Obligation School Bonds Funds account for and report on resources from the issuance of GOBs approved by the Miami-Dade County voters on November 6, 2012, for the modernization, construction, expansion or otherwise improvement of school buildings, including technology upgrades.

Capital Improvement – Local Optional Millage Levy (LOML) Funds account for and report on funds levied by the District, as authorized by Capital Improvement, Section 1011.71, Florida Statutes mainly for capital outlay and maintenance purposes.

Additionally, the District reports separately the following proprietary and fiduciary fund types:

Internal Service Fund accounts for and reports on the activities of the District's group health self-insurance program.

Agency Fund – School's Internal Fund accounts for resources of the schools' Internal Fund which is used to administer monies collected at the schools in connection with school, student athletics, class, and club activities.

Pension Trust Fund accounts for resources used to finance the District's Supplemental Early Retirement Plan.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

C. Measurement Focus and Basis of Accounting - continued

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The basis of accounting refers to when revenues and expenditures, or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Revenues from non-exchange transactions are reported in accordance with GASB Statement No. 33, Accounting and Financial Reporting for Non-Exchange Transactions, as amended by GASB Statement No. 36, Recipient Reporting for Certain Shared Non-Exchange Revenues, which include, taxes, grants and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, that is, when they become measurable and available. "Measurable" means the amount of the transaction can be determined; "available" means collectible within the current period or soon thereafter to be used to pay liabilities of the current period.

Property taxes, when levied for, and intergovernmental revenues when eligibility requirements have been met, are the significant revenue sources considered susceptible to accrual. The District considers property taxes, when levied for, as available if they are collected within 60 days after fiscal year-end. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Charges for services and fees are recognized when cash is collected as amounts are not measurable. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (1) interest on general long-term debt is recognized as expenditures when due/paid; and (2) expenditures related to liabilities reported as general long-term obligations are recognized when due, such as compensated absences, Other Post Employment Benefits (OPEB), pensions, claims payables, bonds, loans and leases.

Proprietary Fund – Proprietary funds are accounted for in accordance with the Governmental Accounting Standards Board (GASB) requirements. The District established an Internal Service Fund to account for the group health self-insurance program. The Internal Service Fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish operating revenues and expenses from non-operating items.

The principal operating revenues of the District's Internal Service Fund for self-insurance are charges to the District's other funds for health insurance. The principal operating expenses include claims, administrative expenses and fees. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

The Fiduciary Funds are reported using the economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets and deferred outflows, and all liabilities and deferred inflows, associated with the operation of the funds are included on the Statement of Fiduciary Net Position. The Statement of Changes in Fiduciary Net Position presents additions and deductions to total net position.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

D. New Pronouncements – Adopted and Unadopted

The GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefit Other Than Pensions in June 2015. This statement is effective for fiscal years beginning after June 15, 2017. The District adopted GASB 75 in the current fiscal year financial statements. The adoption of GASB 75 is reflected in the government-wide financial statements, in Notes 1(T) and 17, to the Financial Statements, as well as in the Required Supplementary Information Section.

The GASB issued Statement No. 84, Fiduciary Activities in January 2017. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

The GASB issued Statement No. 85, Omnibus 2017 in March 2017. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. The District adopted GASB 85 in the current fiscal year financial statements. The adoption of GASB 85 did not impact the District's financial position or results of operations.

The GASB issued Statement No. 86, Certain Debt Extinguishment Issues in May 2017. The requirements of this Statement are effective for periods beginning after June 15, 2017. The District adopted GASB 86 in the current fiscal year financial statements. The adoption of GASB 86 did not impact the District's financial position or results of operations.

The GASB issued Statement No. 87, Leases in June 2017. The requirements of this Statement are effective for periods beginning after December 15, 2019. The adoption of GASB 87 will have a material impact on the District's financial position and results of operations.

The GASB issued Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements in March 2018. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018.

The GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period in June 2018. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

The impact on the District's financial position or results of operations has not yet been determined for the unadopted standards.

E. Cash, Cash Equivalents, and Investments

The District maintains an accounting system in which substantially all general District cash, investments, and accrued interest are recorded and maintained in a separate group of accounts. Investment income is allocated based on budget, as well as the proportionate balances of each fund's equity in pooled cash and investments. The cash and investment pool is available for all funds, except the State Board of Education Bonds, Certificates of Participation and other debt related funds requiring separate accounts.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Florida Statutes, Chapter 280. Cash and cash equivalents are considered to be cash on hand, demand deposits, non-marketable time deposits with maturities of three months or less when purchased, and money market/saving accounts.

Investments are categorized according to the fair value hierarchy established by GASB Statement No. 72, Fair Value Measurement and Application. Investments include U.S. Agency and U.S. Treasury obligations, Commercial Paper, and Money Market Mutual Funds which are recorded at fair value. Guaranteed Investment Contracts are recorded at the amount specified by the contracts at each year end. Pension Trust Fund investments are recorded at fair value based on quoted market prices and include: money market funds and fixed income/equity mutual funds.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

F. Inventory

Inventories consist of expendable supplies held for consumption in the course of the District's operations. Inventories are stated at cost, principally on a weighted average cost basis. Commodities from the United States Department of Agriculture are stated at their fair value as determined at the time of donation by the Florida Department of Agriculture and Consumer Services. Commodities inventory is accounted for using the "purchases" method that expense inventory when acquired and inventories on hand at fiscal year end are reported as an asset and restricted fund balance, net of amounts in accounts payable. Non-commodity inventory is accounted for under the consumption method and as such is recorded as an expenditure when used. Since inventories of commodities also involve purpose restrictions they are presented as restricted in the government-wide statement of net position.

G. Due From Other Governments or Agencies

Amounts due to the District by other governments or agencies relate to grants or programs for which the services have been provided to students of the District.

H. Prepaid Expenses and Other Assets

Other assets consist mainly of prepaid expenses which are payments for goods or services that have not been consumed or used at year end. The expenditure will be recorded when the asset is used. Accordingly, prepaid expenses are equally offset by a nonspendable fund balance classification.

I. Net Position

Net position reflects the net results of all transactions and represents the difference between assets/deferred outflows and liabilities/deferred inflows. Net position is displayed in three components:

- Net Investment in Capital Assets - reports capital assets, net of accumulated depreciation and reduced by the outstanding balances of any debt and the related deferred inflows/outflows that are attributable to the acquisition, construction or improvement of capital assets.
- Restricted Net Position - reports amounts that are restricted to specific purposes either by: a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position (Deficit) - this amount represents the accumulated results of all past year's operations not included in the above two components. The deficit in net position is due to its non-capital long-term liabilities, such as insurance claims payable, compensated absences, pensions and other post-employment benefits.

When both restricted and unrestricted resources are available for a specific purpose, it is the District's policy to use restricted resources first, until exhausted, before using unrestricted resources.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

J. Capital Assets

Capital assets which include, land, land improvements, construction in progress, buildings, building improvements, furniture, fixtures and equipment, computer software, and motor vehicles are reported in the Statement of Net Position in the government-wide statements. The District's capitalization thresholds are \$1,000 or greater for furniture, fixtures and equipment and \$50,000 for building improvements, additions, and other capital outlays that significantly extend the useful life of an asset. Other costs incurred for repairs and maintenance are expensed as incurred. Assets are recorded at historical cost. Assets purchased under capital leases are recorded at cost, which approximates fair value at acquisition date and does not exceed the present value of future minimum lease payments. Donated assets are recorded at the acquisition value at the time of receipt.

Certain costs incurred in connection with the development of internal use software are capitalized and amortized in accordance with GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets and are reflected in the government-wide financial statements.

Capital assets are depreciated using the straight-line method based on the following estimated useful lives:

	Useful Life (Years)
Buildings and Improvements	20 – 50
Furniture, Fixtures and Equipment	5 – 20
Vehicles	7 – 18
Computer Software	5

When capital assets are sold or disposed of, the related cost and accumulated depreciation are removed from the accounts, and the resulting gain or loss is recorded in the government-wide statements. Proceeds received from the sale or disposal of capital assets are recorded as Other Financing Sources in the governmental funds.

K. Long-Term Obligations

The government-wide financial statements report long-term liabilities or obligations that are expected to be paid beyond a one-year period. Long-term liabilities reported include bonds, Certificates of Participation (COPs), derivative instrument liabilities, capital leases, self-insurance claims payable, retirement incentive benefits, compensated absences, other post employment benefits, and net pension liabilities. Bond premiums are amortized over the life of the bonds using the effective-interest method.

In the fund financial statements, debt premiums and discounts are recognized in the period the related debt is issued. Proceeds, premiums, and discounts are reported as other financing sources and uses. Principal payments and issuance costs are reported as debt service expenditures.

L. Risk Management

The District is self-insured for portions of its general and automobile liability insurance and workers' compensation. Claim activity (expenditures for general and automobile liability and workers' compensation) is recorded in the general fund as payments become due each period. The estimated liability for self-insured risks represents an estimate of the amount to be paid on claims reported and on claims incurred but not reported (see Note 13). For the governmental funds, in the fund financial statements, the liability for self-insured risks is considered long-term and therefore, is not a fund liability (except for any amounts due and payable at year end) and represents a reconciling item between the governmental fund level and government-wide presentations.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

L. Risk Management - continued

The District provides medical and health coverage benefits for its employees and eligible dependents. The District has a self-insured plan, with individual, as well as aggregate stop loss coverage to protect the District against catastrophic claims in a calendar year. The District accounts for self-insured health insurance activity in an internal service fund established for this purpose. In the proprietary fund financial statements, the liability for self-insured health risks is recorded under the accrual basis of accounting.

M. State and Federal Revenue Sources

Revenues from state sources for current operations are primarily from the Florida Education Finance Program (FEFP), administered by the Florida Department of Education (FDOE), under the provisions of Section 1011.62, Florida Statutes. The District files reports on full-time equivalent (FTE) student membership with the FDOE. The FDOE accumulates information from these reports and calculates the allocation of FEFP funds to the District. Such revenues are recognized as revenues consistent with our policy in Note 1C. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its reviews, as well as to prevent statewide allocations from exceeding the amount authorized by the Legislature. Normally, such adjustments are treated as adjustments of revenue in the year the adjustment is made by the Florida Department of Education.

The District receives revenue from state and federal agencies to administer certain educational programs. Revenues earmarked for these programs are expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. Revenue is recognized when all eligibility requirements have been met.

The state allocates gross receipt taxes, generally known as Public Education Capital Outlay (PECO) money, to the District on an annual basis for capital and other projects. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

N. Property Taxes - Revenue Recognition

In the government-wide financial statements, property tax revenue is recognized in the fiscal year when levied for. The receivable is recorded net of an estimated uncollectible amount, which is based on past collection experience. In the fund financial statements, property tax revenue is recognized in the fiscal year when levied for and if available.

O. Unearned Revenues

The unearned revenues primarily relate to the Doral ground lease amortized on a straight line basis over the life of the lease agreement and other lease payments received in advance.

P. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets/deferred outflows and liabilities/deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

Q. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement section, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expenses/expenditure) until that time. The District currently reports accumulated decrease in fair value of hedging derivatives, the net deferred loss on refunding of debt, and deferred outflows related to pensions and OPEB in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement section, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District currently reports deferred inflows related to pensions and OPEB in the government-wide statements and unavailable revenue primarily related to taxes in the governmental funds.

R. Fund Balances

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, establishes accounting and financial reporting standards for governmental funds. It establishes criteria for classifying fund balances into specifically defined classifications and clarifies definitions for governmental fund types. Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the uses of those resources.

GASB Statement No. 54 requires the fund balance to be properly reported within one of the fund balance categories listed below:

Nonspendable – Fund balance amounts that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to be maintained intact. Examples of this classification are prepaid items, inventories not held for sale, and the principal of an endowment fund.

Spendable Fund Balance

Restricted – Fund balance amounts on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions or enabling legislation.

Committed – Fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by the formal action (Board Resolution) of the highest level of decision-making authority (The School Board). The amounts cannot be used for any other purpose unless the School Board removes or changes the specified use by taking the same formal action (Board Resolution) it employed to commit the amounts.

Assigned – Fund balance amounts intended to be used for specific purposes but are neither restricted nor committed. Assigned amounts include those that have been set aside for a specific purpose by actions of the School Board or Superintendent as stated in School Board Policy 6220.01-Fund Balance Reserve.

Unassigned – Includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

S. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS), Health Insurance Subsidy (HIS) defined benefit plans, and the Supplementary Early Retirement Plan (SERP) additions to/deductions from both Plans fiduciary net position have been determined on the same basis as they are reported by the Plans and are recorded in the government-wide financial statements. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

T. Restatement – Implementation of GASB Statement No. 75

The District implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for the 2017-18 fiscal year, which replaces GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended. This statement addresses accounting and financial reporting for Other Post Employment Benefits other than pensions (OPEB) provided to employees of state and local government employers; establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expenses; requires governments to report a liability, deferred outflows of resources, deferred inflows of resources, and expenses in the government's financial statement for the OPEB that they provide; and requires more extensive note disclosures and supplementary information about their OPEB liability.

This implementation of GASB Statement No. 75 described above, required the District to restate Net Position in the government-wide financial statement to report the District's net OPEB liability and related deferred inflows/outflows of resources. Accordingly, Beginning Net Position has been restated as follows (in thousands):

	Government-Wide Financial Statements
Total Net Position, July 1, 2017, as reported	\$ 186,831
Impact of Implementation of GASB Statement No. 75	\$ (157,191)
Total Net Position, July 1, 2017, as restated	\$ 29,640

The implementation of GASB Statement No. 75 resulted in the District recording deferred outflows of \$8,333 and increasing the net OPEB liability from \$44,556 to \$210,080 as of July 1, 2017, due to the transition in the valuation methods under GASB Statement No. 45 to GASB Statement No. 75.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

2. BUDGETS COMPLIANCE AND ACCOUNTABILITY:

A. Legal Compliance

The annual budget is submitted to the Florida Commissioner of Education by major functional levels such as instructional, instructional support, general administration, maintenance of plant, etc. Expenditures may not exceed appropriations without prior approval of the School Board in the General Fund and Special Revenue Funds at the function level. Budgetary control is exercised at the fund level for all other funds.

Florida Statutes, Section 1013.61, requires that the capital outlay budget designate the proposed capital outlay expenditures by project for the year from all fund sources. Accordingly, annual budgets for the Capital Project Funds are adopted on a combined basis only.

Budgeted amounts may be amended by resolution of the Board at any Board meeting prior to the due date for the Annual Financial Report (State Report). General Fund budgetary disclosure in the accompanying financial statements reflects the final budget including all amendments approved at the School Board meeting of September 5, 2018 for the fiscal year ended June 30, 2018.

Appropriations lapse at fiscal year-end, except for unexpended appropriations of state educational grants, outstanding purchase orders, contracts, and certain available balances. These balances are reflected at year-end either as restricted or assigned fund balance, and are re-appropriated in the new fiscal year.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported as restricted or assigned fund balance and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

B. Comparison of Budget to Actual Results

The budgets for each of the Governmental Funds are accounted for on the modified accrual basis of accounting.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

3. CASH, CASH EQUIVALENTS, AND INVESTMENTS:

Deposits and Investments

The District's surplus funds are invested directly by the District's Office of Treasury Management. The District's State Board of Education (SBE) bond proceeds are held and administered by the SBE with any related investments made by the State Board of Administration.

As authorized under State Statutes the District has adopted Board Policy 6144 - Investments as its formal Investment Policy for all surplus funds, including the Supplemental Early Retirement Funds that are part of Board Policy 6535 - Supplemental Early Retirement Plan. Board Policy 6144, Investments policies permit the following investments and are structured to place the highest priority on the safety of principal and liquidity of funds:

- Time Deposits – District and State approved designated depository
- U.S. Government direct obligations
- Revolving Repurchase Agreements or similar investment vehicles for the investment of funds awaiting clearance with financial institutions
- Commercial Paper rated A1/P1/F1 or better
- Bankers Acceptances with the 100 largest banks in the world
- State Board of Administration Local Government Investment Pool
- Obligations of the Federal Farm Credit Bank
- Obligations of the Federal Home Loan Bank
- Obligations of the Federal Home Loan Mortgage Corporation
- Obligations of the Federal National Mortgage Association
- Obligations guaranteed by the Government National Mortgage Association
- Securities of any investment company or investment trust registered under the Investment Company Act of 1940, 15 U.S.C.
- Corporate or Taxable Government Bonds rated investment grade
- Equity/Fixed Income Securities including index and actively managed mutual funds
- Guaranteed Investment Contracts as allowed by bond/lease purchase covenants.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

3. CASH, CASH EQUIVALENTS, AND INVESTMENTS, Continued:

The District follows Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application* and categorizes its investments according to the fair value hierarchy established by this Statement. The hierarchy is based on the valuation input used to measure the fair value of the asset with Level 1 assets being those where quoted prices in an active market for identical assets can be readily obtained and Level 2 assets valued using a matrix pricing technique of quoted prices for similar assets or liabilities in active markets.

As of June 30, 2018, the District's investments were categorized as follows (\$ in thousands):

<u>Investment Type</u>	<u>Amount</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Weighted Average Maturity (Years)</u>
Debt Securities				
Commercial Paper	\$ 263,680	\$ -	\$ 263,680	0.04
State Board of Education – Bond Proceeds*	245		245	
U.S. Government Agency	168,405		168,405	0.29
U.S. Treasury Strips	53,335		53,335	9.09
U.S. Treasury Notes	74,880		74,880	0.18
Total Debt Securities	<u>\$ 560,545</u>	<u>\$ -</u>	<u>\$ 560,545</u>	
Mutual Funds Securities				
Equity Securities	\$ 15,493	\$ 15,493		
Fixed Income Mutual Funds	8,888	8,888		8.02
Total Debt Securities	<u>24,381</u>	<u>24,381</u>	<u>-</u>	
Total Investments	<u>\$ 584,926</u>			
Balances not measured at fair value				
Guaranteed Investment Contract (GIC)	\$ 10,831			1.11
Money Market Mutual Funds	52,851			0.08
Cash and Cash Equivalents	<u>598,202</u>			
Total Cash, Cash Equivalents and Investments	<u>\$ 1,246,810</u>			

* Bond proceeds held and administered by the State Board of Education (SBE) and weighted average maturity information is not available.

At June 30, 2018, \$422.5 million in cash and investments relates to unspent debt proceeds pertaining to various financings including General Obligation Bonds, Certificates of Participation (COPs), and Master Equipment Lease which are restricted assets whose use is limited to projects primarily related to the acquisition and construction of school facilities and equipment as authorized by Board Resolutions and Debt Covenants.

The total cash, cash equivalents and investments of \$1,246.8 million at June 30, 2018, was comprised of \$1,066.5 million in Governmental Funds, \$131.1 million in Proprietary Fund - Health Insurance Fund, \$24.6 million in Fiduciary Funds - Pension Trust Fund and \$24.6 million in Fiduciary Fund - Agency Fund (Schools' Internal Fund).

The School Board of Miami-Dade County currently has 2 GIC's associated with its Qualified Zone Academy Bonds (QZAB's). These contracts total approximately \$10.8 million with internal rates of return ranging from 3.53% to 4.25% and maturity dates from December 2018 through December 2022.

Interest Rate Risk: In accordance with its investment policy under Board Policy 6144, Investments, the District manages its exposure to declines in fair values by substantially limiting the weighted average maturity on all investments to one year or less. U.S. Government Agency Securities include \$168.4 million in callable bonds that are assumed to be called on the next call date, and as such the weighted average maturity reflect the call date as the maturity date for these securities. The calculated weighted average maturity for all callable U.S. Government Agency Securities is 103 days.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

3. CASH, CASH EQUIVALENTS, AND INVESTMENTS, Continued:

Credit Risk: In accordance with Board Policy 6144, the District manages its exposure to credit risk by limiting investments to the highest rated government backed securities such as Government Agencies and Treasury Notes. The policy also requires Commercial Paper to be rated A-1 or better, and Money Market Mutual Funds rated AAAM.

Investment Type	Rating *	Percentage of Investments	Amounts (in thousands)
Commercial Paper	A-1+	21.57%	\$ 139,839
Commercial Paper	A-1	19.10%	123,841
Federal Farm Credit Bank Agency	AA+	0.15%	1,000
Federal Home Loan Bank Agency	AA+	20.61%	133,655
Federal Home Loan Mortgage Corporation	AA+	5.21%	33,750
Guaranteed Investment Contract	Not Rated	1.67%	10,831
Money Market Mutual Funds	AAAM	8.15%	52,851
State Board of Education – COBI	Not Rated	0.04%	245
U.S. Treasury Note Strips	AAA	8.23%	53,335
U.S. Treasury Notes	AAA	11.55%	74,880
Mutual Funds – Pension Trust Fund	Not Rated	3.76%	24,381

* Standards & Poor's ratings as of June 30, 2018.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of investments in a single issuer. In accordance with Board Policy 6144, the District permits investments of up to 7.5% of the total portfolio in Commercial Paper with a single issuer and 60% in total, 30% in Federal Farm Credit Bank, 30% in Federal Home Loan Bank, 30% in Federal Home Loan Mortgage Corporation, and unlimited U.S. Treasury Notes as well as Government Obligations Money Market Mutual Funds. The above listed concentration percentages are based on the total investments excluding all cash equivalent investments such as time deposits, although the District's policy permits investments concentration maximum threshold percentages to be calculated including all cash equivalent investments. Commercial paper investments, include concentrations of 6.91% in Toyota Motor Credit Corporation and 10.16% in JP Morgan Securities, LLC. All commercial paper, at time of purchase, met the District's 7.5% threshold per issuer.

Custodial Credit Risk: Custodial credit risk is the risk of losses due to the failure of a counterparty that is in possession of investment or collateral securities. All securities in accordance with the District's investment policy under Board Policy 6144, with the exception of time deposits and guaranteed investment contracts, are held by a third party custodian in an account separate and apart from the assets of the custodian and designated as assets of the District.

Cash/Deposits

The District's cash deposits include money market savings, demand deposits and petty cash. All bank balances of the District are fully insured or collateralized as required by Florida Statutes, Chapter 280. At June 30, 2018, the deposit's bank balances were \$614,364 (in thousands).

5. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS:

Interfund receivables and payables consisted of the following balances as of June 30, 2018 (in thousands):

	Due From Other Funds	Due To Other Funds
Major Funds:		
General Fund	\$ 344	\$ -
Non-major Funds	-	344
	\$ 344	\$ 344
Total Governmental Funds	\$ 344	\$ 344

Interfund receivables/payables are short-term balances between funds for payments made by one fund on behalf of another fund.

A summary of transfers for the year ended June 30, 2018 is as follows (in thousands):

	Transfers to:		
Transfers from:	General Fund	Non-major Funds	Total Governmental Funds
Major Funds:			
General Fund	\$ -	\$ 20,674	\$ 20,674
Capital Improvement LOML	111,320	263,391	374,711
Non-major Funds	24,126	4,504	28,630
Total Governmental Funds	\$ 135,446	\$ 288,569	\$ 424,015
Proprietary Fund	\$ 30,000	\$ -	\$ 30,000
Total Governmental Activities	\$ 165,446	\$ 288,569	\$ 454,015

Transfers to the General Fund relate primarily to funding for the maintenance, renovation and/or repair of school facilities from Capital Improvement LOML Fund (\$111,320), pursuant to Section 1011.71 of the Florida Statutes, as well as a transfer from the Proprietary Fund as a reimbursement of health insurance premium (\$30,000). Transfers to other non-major funds relate primarily to amounts transferred to make debt service payments (\$288,569).

7. SHORT-TERM DEBT

Short-term debt activity for the fiscal year ended June 30, 2018, is as follows (in thousands):

	<u>Balance July 1, 2017</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance June 30, 2018</u>
Tax Anticipation Note (TAN), Series 2017, issued on July 27, 2017, effective yield of 0.881%, with a maturity date of February 27, 2018.	\$ -	\$ 270,000	\$ 270,000	\$ -
Total	\$ -	\$ 270,000	\$ 270,000	\$ -

Proceeds from the TAN were used as a working capital reserve in the General Fund as permitted under State and Federal tax laws.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

8. COMPENSATED ABSENCES:

The District's employee vacation and sick leave policies provide for the granting of a specific number of days of vacation based on years of service governed by applicable labor contracts and one day of sick leave with pay per each month of employment. Active employees, excluding administrators, may request payment of 80% of their unused sick leave which has accumulated during the fiscal year, provided they have not used more than three sick/personal days during that time and have a remaining balance, after payment, of twenty-one days. These policies also provide for paying most employees unused vacation up to 60 days upon termination, and up to 100% of unused sick leave after thirteen years of service; 50% after ten years; 45% after six years; 40% after three years and 35% during the first three years of qualified service upon retirement, death or resignation. Vacation accrual is limited to 60 days for twelve-month active employees.

The School Board approved the adoption of the Miami-Dade County Public Schools Terminal Leave Retirement Program (TLRP) at its May 14, 2003 Board meeting. The TLRP Program consists of a tax-favored retirement plan, which allows the Board to direct accrued annual (vacation) leave or terminal sick leave (accrued sick days) for employees who are separating from service as a result of retirement, or entering into or continuing DROP, to a tax-sheltered annuity program, or other qualified plan, in lieu of a taxable cash payment to the employee, upon separation from service.

The program is mandatory as a result of Board action which became effective on May 15, 2003, for all personnel (except AFSCME employees) who will have their annual (vacation) leave and terminal sick leave automatically contributed to either the Board's Tax Sheltered Annuity 403(b) or 401(a) Programs. Contributions into this program will not be subject to either Federal Income Tax (estimated 27%) or Social Security Tax (FICA) of 7.65%. Any amount of accrued terminal leave in excess of the amounts authorized by the Internal Revenue Service will be paid out to the retiring employee and will be subject to applicable taxes.

The current portion (the amount expected to be liquidated with current available resources) of the accumulated vested vacation and anticipated sick leave payments is recorded in the General Fund and is included in accrued payroll and compensated absences. The liabilities recorded include provisions for the employer's portion of pension contributions, FICA and other fringe benefits due on the vested vacation and sick leave balances as applicable. At June 30, 2018, the accrued liability for compensated absences in the General Fund was \$6.6 million.

GASB Statement No. 16, *Accounting for Compensated Absences*, requires governmental agencies to record as a liability the vested and future rights to sick and/or vacation leave. Accordingly, the probability of partially vested employees becoming fully vested and actual past termination payment experience was considered in the determination of this liability.

The statement of net position reflects both the current and long-term portions of compensated absences including retirement incentive benefits. At June 30, 2018, the current and long-term portions were \$14,307 and \$271,776, respectively (in thousands).

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

9. CAPITAL LEASES:

The District has entered into various capital lease agreements for the acquisition of certain property, vehicles, and equipment which are stated at acquisition cost and reported as capital assets. At June 30, 2018 the cost of leased equipment recorded in capital assets was \$181.9 million, with accumulated depreciation of \$147.6 million, for a net book value of \$34.3 million. Additionally, \$213 thousand of unspent proceeds relating to Master Equipment Lease Agreements is disclosed in cash and investments at June 30, 2018 in Note 3.

The following is a summary of the future minimum lease payments, under capital leases together with the present value of the minimum lease payments as of June 30, 2018 (in thousands):

<u>Fiscal Year</u>	<u>Other Leases</u>	<u>Master Equipment</u>	<u>Lease Total</u>
2019	\$ 767	\$ 15,291	\$ 16,058
2020	713	11,883	12,596
2021	577	8,475	9,052
2022	511	5,581	6,092
2023	260	1,884	2,144
	<u>\$ 2,828</u>	<u>\$ 43,114</u>	<u>\$ 45,942</u>
Less Amount Representing Interest *	<u>300</u>	<u>1,326</u>	<u>1,626</u>
Present Value of Minimum Lease Payments	<u>\$ 2,528</u>	<u>\$ 41,788</u>	<u>\$ 44,316</u>

* The amount representing interest was calculated using rates ranging from 0.00% to 6.00%.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

10. LONG-TERM BONDS PAYABLE:

State Board of Education Capital Outlay Bonds

Capital Outlay Bonds are issued by the State Board of Education (SBE) on behalf of the District and are generally referred to as "SBE Bonds." The bonds mature serially and are secured by a portion of the District's state revenues derived from the sale of automobile license plates. Principal and Interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the State Board of Education and the State Board of Administration.

General Obligation Bonds

On March 8, 1988, pursuant to Florida Statutes, Sections 1010.40 through 1010.54, voter residents of the County approved a referendum authorizing the School Board to issue General Obligation School Bonds in an aggregate amount not exceeding \$980 million, to be issued as required. The proceeds from the bonds were used to pay for the construction of new educational facilities and improving existing educational facilities. As of June 30, 2018, no bonds remain to be issued. Principal and interest on the bonds is paid from ad valorem District taxes on all taxable real and personal property, excluding homestead exemption as required by Florida law, without limitation as to rate or amount.

On November 6, 2012, pursuant to Florida Statutes, Sections 1010.40 through 1010.54, voter residents of the County approved a referendum authorizing the School Board to issue additional General Obligation School Bonds in an aggregate amount not to exceed \$1.2 billion. The proceeds of the bonds are to be used to pay for modernizing, constructing, enlarging or otherwise improving school buildings, including educational technology upgrades.

As of June 30, 2018, five separate bond series have been issued pursuant to this referendum. The General Obligation Bond Series 2013 and 2014A were sold on July 10, 2013. The General Obligation Bond Series 2013, for \$190.0 million was issued on July 24, 2013 and the General Obligation Bond Series 2014A, for \$96.5 million was issued on February 11, 2014. The General Obligation Bond Series 2015, for \$192.72 million, was sold on July 21, 2015 and issued on August 12, 2015. The General Obligation Bond Series 2016, for \$200 million, was sold on August 2, 2016 and issued on August 18, 2016. The General Obligation Bond Series 2017, for \$250 million, was sold on April 18, 2017 and issued on May 2, 2017. As of June 30, 2018, \$270.8 million bonds remain to be issued.

Principal and interest on these and any future bond issues will be paid from ad valorem District taxes on all taxable real and personal property, excluding Homestead Exemption as required by Florida Law, without limitation as to rate or amount.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

10. LONG-TERM BONDS PAYABLE, Continued:

A summary of bonds payable as of June 30, 2018 is as follows (in thousands):

Total	\$ 902,981	\$ 694,124	\$ 1,597,105

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

**11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT -
CERTIFICATES OF PARTICIPATION AND QUALIFIED ZONE ACADEMY BONDS (QZABs):**

On August 1, 1994, the District entered into a Lease Purchase Agreement, with the Dade County School Board Foundation, Inc., a Florida not-for-profit corporation (the "Foundation") and blended component unit of the District, to finance the acquisition and construction of new schools and appurtenant equipment and other property (the "Facilities") to be operated by the District. The members of the School Board serve as the Board of Directors of The Foundation. The Foundation was formed by the School Board solely for the purpose of acting as the lessor of the Facilities, with the District as lessee. The School Board as lessor entered into Ground Leases with the Foundation for the Facilities sites and all improvements. In conjunction therewith, Certificates of Participation, (the "Certificates") were issued to third parties, evidencing undivided proportionate interests in basic lease payments to be made by the District, as lessee, pursuant to the Lease Purchase Agreement. Fee title to the Facilities and the Facilities sites is in the name of the District. The District is responsible for operation, maintenance, use, occupancy, upkeep and insurance of the Facilities.

The Foundation leases the Facilities to the District under the Lease Purchase Agreement, which are automatically renewable annually through May 1, 2037, unless terminated, in accordance with the provisions of the Lease Purchase Agreements, as a result of default or the failure of the School Board to appropriate funds to make lease payments in its final official budget. The remedies on default or upon an event of non-appropriation include the surrender of the Facilities by the District and its re-letting for the remaining Ground Lease term, or the voluntary sale of the Facilities by the School Board, in either case with the proceeds to be applied against the School Board's obligations under the Lease Purchase Agreements.

The Certificates are not separate legal obligations of the School Board, but represent undivided interests in lease payments to be made from appropriated funds budgeted annually by the School Board for such purpose from current or other funds authorized by law and regulations of the Department of Education, including the local optional millage levy. However, neither the School Board, the District, the State of Florida, nor any political subdivision thereof, are obligated to pay, except from appropriated funds, any sums due under the Lease Purchase Agreement from any source of taxation. The full faith and credit of the School Board and the District is not pledged for payment of such sums due under the Lease Purchase Agreement and such sums do not constitute an indebtedness of the School Board or the District within the meaning of any constitutional or statutory provision or limitation. The District plans to make the Series 2006C, 2006D, 2012B-1, 2012B-2, and 2014B lease payments from the impact fees collected on new residential construction by Miami-Dade County and remitted to the School Board, and from Local Optional Millage Levy.

Basic lease payments are deposited with the Trustee semi-annually. For accounting purposes, due to the consolidation of the Foundation within the financial statements, basic lease payments are reflected as debt service expenditures when payable to Certificate holders. A trust fund was established with the Trustee to facilitate payments in accordance with the Lease Purchase Agreements and the Trust Agreements. Various accounts are maintained by the Trustee in accordance with the trust indenture. All funds held in the various accounts, are invested by the Trustee, as directed by the School Board. Interest earned on funds in the Acquisition Account is transferred to the Lease Payment Account.

Under the American Recovery and Reinvestment Act of 2009, Qualified School Construction Bonds (QSCBs) and Build America Bonds (BABs) were established to provide for taxable obligations to be issued by the School District with a federal subsidy for interest. The Series 2009B and 2010A were issued under the Qualified School Construction Bond program and Series 2010B were issued under the Build America Bond program. The 2009B Series provides federal tax credits in lieu of interest payments to the Certificate holder, which is similar to the Series 2003, 2006 and 2015 Qualified Zone Academy Bonds (QZAB) program. The Series 2010A and 2010B, along with the Series 2010 QZAB, were issued as direct pay bonds whereby the interest subsidy is paid directly to the School District by the U.S. Treasury.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT - CERTIFICATES OF PARTICIPATION AND QUALIFIED ZONE ACADEMY BONDS (QZABs),
Continued:

The Internal Revenue Services (IRS) announced on March 4, 2013, that payments to issuers of these bonds were subject to a reduction of 8.7% of the amount budgeted for such payments. This sequester reduction rate has been modified annually, and all refund payments processed on or after October 1, 2017 and on or before September 30, 2018, will be reduced by the fiscal year 2018 sequestration rate of 6.6%. Accordingly, unless Congress acts to again change the sequester percentage or otherwise changes the application of the cuts, the District anticipates its aggregate expected QSCB Issuer Subsidy, BAB Issuer Subsidy and QZAB Issuer Subsidy of \$7,258 (in thousands) to be reduced by 6.6% which equates to a reduction of approximately \$479 (in thousands), for fiscal year 2018, resulting in a corresponding increase in interest costs for the District that must be paid from other revenue sources.

A summary of Certificates of Participation and QZABs payable as of June 30, 2018 is as follows (in thousands):

<u>Debt Series</u>	<u>Issue Date</u>	<u>Final Maturity</u>	<u>Interest Rate(s)</u>	<u>Issued</u>	<u>Outstanding</u>

11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT - CERTIFICATES OF PARTICIPATION AND QUALIFIED ZONE ACADEMY BONDS (QZABs), Continued:

At June 30, 2018 the following defeased certificates remain outstanding:

Defeased Certificates	Amount Outstanding (\$ in thousands)
2008A	\$ 130,950
2009A	\$ 250,135

Debt service requirements for obligations under lease purchase agreements – Certificates of Participation and QZABs to maturity, assuming the obligations will be remarketed based on the specified soft put dates disclosed below, are as follows (in thousands):

Year Ending June 30	Principal	Interest****	Total Debt Service Requirements*
2019	\$ 127,061	\$ 107,459	\$ 234,520
2020	136,397	103,664	240,061
2021	145,387	98,458	243,845
2022**	140,743	93,659	234,402
2023	142,327	89,556	231,883
2024 – 2028***	851,165	401,593	1,252,758
2029 - 2033	812,873	133,910	946,783
2034 - 2038	89,190	10,155	99,345
Total	\$ 2,445,143	\$ 1,038,454	\$ 3,483,597

* The schedule above reflects required annual payments to the sinking funds for the retirement of the debt, and are not considered reduction of principal until the year of maturity. The total outstanding balance for the QZABs as of year-end is \$61,823 (in thousands).

** Pursuant to an Amended and Restated Series 2008C Supplemental Trust Agreement dated as of May 1, 2012, the interest rate mode related to the Series 2008C Certificates was converted to an index floating rate mode, which Certificates were sold in a remarketing on May 16, 2012. On January 10, 2017, the existing floating rate note (FRN) was successfully remarketed for another five-year term at the outstanding par of \$50,700 (in thousands) with a rate of 70% of LIBOR plus 0.57%. At the end of the five-year term in 2022, the District intends to remarket in full the remaining balance of \$41,540 (in thousands), however if it cannot be remarketed interest shall accrue at base rate plus 1%, and from the 31st day, interest shall accrue at base rate plus 5%.

*** COP Series 2014A has a 10 year soft put on May 1, 2024 of \$71 million. If the District is unable to remarket the debt, the interest rate on the COP will increase to 11%.

**** The District's variable rate debt at June 30, 2018 was \$260,335 (in thousands). The interest rates for such outstanding debt range from 2.04% - 2.73%.

11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT - CERTIFICATES OF PARTICIPATION AND QUALIFIED ZONE ACADEMY BONDS (QZABs), Continued:

Hedging Derivative Instrument:

Objectives: The District entered into pay-fixed interest rate forward swaps (referred to herein collectively as “Swaps”) in order to lower its cost of capital and protect against rising interest rates. The Swaps are classified as cash flow hedges on the District’s floating rate debt and were executed to manage its mix of fixed and floating rate exposure in its on-going borrowing program.

The following Swaps had changes in fair value totaling \$6,496 (in thousands) classified as a decrease of Deferred Outflows of Resources. All expected swap cash flows have been calculated using the zero-coupon method by an independent party. This method calculates the future net settlement payments required by the Swaps, assuming that the current forward rates implied by the yield curve are the market’s best estimate of future spot interest rates. The income approach is then used to obtain the fair value of the swaps using a rate of return that takes into account the relative risk of nonperformance associated with the cash flows, and time value of money. The observability of inputs used to perform the measurement results in the swap fair values being categorized as level 2 in accordance with GASB Statement No. 72. The Swaps are in a liability position at year end.

The fair values calculated in the chart below were computed as required by GASB Statement No. 72.

Counterparty	Notional Amount Outstanding	Effective Date	Termination Date	Associated Certificates	Fixed Payable Swap Rate	Variable Receivable Swap Rate	Counterparty credit rating at June 30, 2018*	Fair Value at June 30, 2018
Royal Bank of Canada	\$42,575,000	04-01-2007	08-01-2027	COP 2002A	3.821%	70% 1Mo LIBOR	Aa3/AA-/AA	(3,695,483)
Royal Bank of Canada	\$42,870,000	04-01-2007	08-01-2027	COP 2002B	3.821%	70% 1Mo LIBOR	Aa3/AA-/AA	(3,652,360)
Royal Bank of Canada	\$49,030,000	03-08-2012	07-15-2027	COP 2008C	3.909%	70% 1Mo LIBOR	Aa3/AA-/AA	(6,577,791)
*Moody's/S&P/FITCH								Total \$ (13,925,634)

Using rates as of June 30, 2018, debt service requirements for variable rate debt and net Swap payment, assuming current interest rates remain the same, are as follows (in thousands):

Fiscal Year	Principal	Interest	Hedging Derivative Instruments, Net	Total Interest	Total Debt Service Requirement
2019	\$ 8,610	\$ 2,664	\$ 2,983	\$ 5,647	\$ 14,257
2020	8,855	2,495	2,832	5,327	14,182
2021	9,290	2,282	2,591	4,873	14,163
2022	9,780	2,059	2,337	4,396	14,176
2023	10,290	1,826	2,011	3,837	14,127
2024-2028	87,560	4,723	5,225	9,948	97,508
Total	\$ 134,385	\$ 16,049	\$ 17,979	\$ 34,028	\$ 168,413

Risk Disclosure:

Credit Risk. The Swaps rely upon the performance of the third parties who serve as swap counterparties, and as a result the District is exposed to credit risk, or the risk that a swap counterparty fails to perform according to its contractual obligations. The appropriate measurement of this risk at the reporting date is the fair value of the Swaps, as shown in the columns labeled Fair Value in the table above. To mitigate credit risk, the District maintains strict credit standards for Swap counterparties.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT - CERTIFICATES OF PARTICIPATION AND QUALIFIED ZONE ACADEMY BONDS (QZABs), Continued:

Risk Disclosure - Continued:

Credit Risk, continued. The current swap counterparty has ratings in double-A category or better. To further mitigate counterparty credit risk, the District's swap documents require counterparties to post collateral for the District's benefit if they are downgraded below Aa3 by Moody's and below AA- by Standard & Poor's, if the swap values exceed specified thresholds. Collateral is to be in the form of US Treasuries or Agency securities held by a third party custodian. Currently, the Swaps have not been in an asset position requiring the posting of collateral and is currently not exposed to credit risk. There is no master netting arrangement on the outstanding Swaps.

Interest Rate Risk. The Swaps are intended to protect the District against changes in floating interest rates. If floating rates rise, the District's payment on the variable rate bonds should increase but should be offset by the variable rate payments it receives under the Swaps.

Basis Risk. The District's Swaps expose the District to basis risk should the relationship between the floating rates the District will receive on the swaps (70% of LIBOR) fall short of the variable rate on the associated bonds, and the expected savings may not be realized. As of June 30, 2018, the variable rate was 1.51% on both the 2002A and 2002B certificates, while the LIBOR rate was 2.05% on the 2002A and 2.09% on the 2002B. The District received 1.43% (70%) on the 2002A, and 1.47% (70%) on the 2002B. As of June 30, 2018, the 2008C variable rate was 1.45%, while the LIBOR rate was 2.07% and the District received 1.45% (70%).

Termination Risk. The District's Swap agreements do not contain any out-of-the-ordinary termination events that would expose it to significant termination risk. In keeping with market standards the District or the counterparty may terminate each swap if the other party fails to perform under the terms of the contract. In addition, the swap documents allow either party to terminate in the event of a significant loss of creditworthiness. The District views such events to be remote in the case of the current counterparty which is rated Aa3/AA-. If at the time an early termination of the swap was declared and the swap had a negative value, the District would be liable to the counterparty for a payment equal to the fair value of such swap.

12. DEBT SERVICE:

The amount available for debt service consists of resources from the Debt Service Funds legally required to be used for debt service until the related debt is extinguished (in thousands):

Categories:	Fund Balance
Restricted for Payment of State Board of Education and Capital Outlay Bonds	\$ 244
Restricted for Payment of District Bond Funds	26,105
Restricted for Certificates of Participation	22,168
Restricted for ARRA Economic Stimulus Debt Service	45,313
Total Available in Debt Service Funds	\$ 93,830

All Certificates of Participation Lease Payments and all other amounts required to be paid by the School Board under the various Series under the Master Lease and all other Leases are made from legally available funds appropriated for such purpose by the School Board. The substantive portion for these payments is provided by the Local Optional Millage Levy on ad-valorem property. Separate Lease Payment Accounts are established for each series of Certificates issued under the Trust Agreement. Lease Payments are due under the Master Lease on an all-or-none basis and are payable on a parity basis solely from legally available funds appropriated by the School Board for such purpose. Such payments are normally transferred to the Trustee 15 days before Lease Payments are due.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

13. ESTIMATED LIABILITY FOR CLAIMS:

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; administrative errors and omissions; injuries to employees, students and guests; as well as natural disasters. The District is self-insured for portions of its general and automobile liability insurance, workers' compensation and health insurance. Losses involving auto and general liability claims are limited (generally) by provisions of the Florida State Statute 768.28. Claims brought against the District are handled by a contracted third-party administrator. The District purchases commercial insurance for other risks including property and other miscellaneous risks as follows:

<u>Type</u>	<u>Risk Retention/ Deductible</u>	<u>Coverage after Retention/Deductible</u>
Workers' Compensation	\$1,500,000	Statutory/\$3,000,000
General, Fleet Liability, and Errors and Omissions	\$200,000/\$300,000	\$500,000 per occurrence, \$3,250,000 annual aggregate
Property	\$100,000,000 per occurrence for hurricanes; \$1,000,000 per incident for all other perils. \$100,000 for each act of terrorism	\$250,000,000 per occurrence/annual aggregate for all perils including windstorms, earthquakes and floods. \$50,000,000 annual aggregate
	Zero deductible Storm Parametric Index Wind Speed Property Insurance	\$10,000,000 limit per occurrence, \$20,000,000 aggregate

Accordingly, liabilities for certain retained risks are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The District's estimated liability for self-insured losses relating to the casualty program consisting of general liability, automobile liability, professional liability/errors and omissions, and workers' compensation claims was determined by an independent actuarial valuation performed as of June 30, 2018. Liabilities, as determined by the actuary, include an amount for claims that have been incurred but not reported (IBNR). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of pay-outs and other economic and social factors. The portion of the liability that is due and payable at June 30, 2018 is recorded in the General Fund and the remaining portion is recorded in the government-wide financial statements. Liability for incurred losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using expected future investment yield assumptions of 2.5%.

The School Board authorized the purchase of Individual Stop Loss (ISL) coverage for its self-insured health program effective January 1, 2018, from Cigna with an attachment point of \$1,000,000 per claimant.

The School Board approved a set of premium equivalent rates, based upon actuarial projections of claims including claims incurred but not reported (IBNR) for the calendar year provided by the School Board's Employee Benefits Consulting firm of AON Hewitt and Cigna. The calendar year 2018 monthly rates for the three offered Open Access Programs (OAP) are \$757 (OAP 10), \$718 (OAP 20) and \$717 (Local Plus). The Board's contribution for employee only coverage is limited to the \$717 (Local Plus); therefore, employees who choose the OAP 10 or OAP 20 are subject to a monthly cost share based upon their salary band. Effective January 1, 2010, the cost of dependent healthcare coverage became banded by salary tiers which was renewed for January 1, 2018.

The School Board continues to offer an opt out provision for employees who can provide proof of insurance coverage. Employees who opt out receive a monthly adjustment to gross compensation of \$100/month.

The District's estimated liability for health insurance claim payments was determined by an independent actuarial valuation performed as of June 30, 2018.

There were no losses which exceeded coverage in fiscal years ended June 30, 2016, 2017 and 2018.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

13. ESTIMATED LIABILITY FOR CLAIMS, Continued:

A total estimated liability amount of \$169.4 million was actuarially determined to cover reported and unreported claims payable at June 30, 2018. It is estimated that of the current portion, \$64.4 million is due within a year. The remaining \$105.0 million will be due in future years.

	Estimated Liability For Claims (in thousands)		
	Current Portion	Long-Term Portion	Total
Workers' compensation	\$ 24,737	\$ 83,326	\$ 108,063

District Discretionary Lottery Funds	643
CO&DS Withheld For Administrative Expense	225
State License Tax	205
Interest on Undistributed CO&DS	183
SBE/COBI Bond Interest	11
Miscellaneous	<u>3,744</u>
Total	<u><u>\$ 1,224,711</u></u>

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

16. PROPERTY TAXES:

The Board is authorized by state law to levy property taxes for District school operations, capital improvements and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District. Property taxes are assessed by the County Property Appraiser and are collected by the County Tax Collector.

Property values are assessed as of January 1 of each year. Taxes are levied after the millage rate is certified in September of each year. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4% for early payment.

Taxes become delinquent on April 1 of the year following the year levied for. State law provides for enforcement of collection of real property taxes. First, interest-bearing tax certificates are sold at public auction to recover delinquent taxes. Finally, if the tax certificates are not paid with accrued interest by the property owner, the purchaser of the tax certificate is entitled to take possession of the property. Accordingly, substantially all of the taxes assessed for calendar year 2017 have been recognized for the fiscal year ended June 30, 2018.

The State Constitution limits the levying of non-voted taxes by the District to 10 mills (\$10.00 per thousand of assessed valuation). State law prescribes on an annual basis the upper limit of non-voted property tax millage that may be levied. For fiscal year 2017-18, 6.994 mills was levied. The total adjusted assessed value for calendar year 2017 on which the fiscal year 2018 levy was based, was approximately \$305.1 billion.

State law prescribes that the District budgets 96% of the current year's tax levy. However, actual property taxes collected and reflected in the table below totaled 94.2% of taxes levied, including collections from prior years' tax levies but exclude tax redemptions. The Miami-Dade County Tax Collector is not required by law to make an accounting to the District of the difference between taxes levied and taxes collected.

The following is a summary of millages and taxes levied on the 2017 tax roll for the fiscal year 2017-18 (in thousands):

	<u>Millages</u>	<u>Taxes</u>	
		<u>Levied</u>	<u>Collected</u>
<u>GENERAL FUND</u>			
Nonvoted School Tax:			
Required Local Effort	4.526	\$ 1,380,999	\$ 1,300,732
Discretionary Local Effort	<u>.748</u>	<u>228,234</u>	<u>214,969</u>
	<u>5.274</u>	<u>\$ 1,609,233</u>	<u>\$ 1,515,701</u>
<u>CAPITAL PROJECT FUNDS</u>			
Nonvoted Tax:			
Local Capital Improvements	<u>1.50</u>	<u>\$ 457,689</u>	<u>\$ 431,463</u>
<u>DEBT SERVICE FUNDS</u>			
Voted Tax:			
Debt Service - General Obligation Bonds	<u>0.220</u>	<u>\$ 67,128</u>	<u>\$ 63,179</u>

Taxes reported in the Governmental Funds as reflected above include an accrual only for taxes collected within 60 days after the fiscal year-end. In the government-wide financial statements the District bases the estimates of taxes receivable and uncollectible taxes on historical experience. For fiscal year 2017-18, the District considered \$33.8 million or 1.6% of levied taxes as uncollectible.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

17. RETIREMENT BENEFITS:

The School Board provides retirement benefits to its employees through the Florida Retirement System (FRS and HIS), the Supplemental Early Retirement Plan (SERP), and a Deferred Retirement Option Program (DROP), as well as state approved Other Post Employment Benefits (OPEB) in the form of subsidized health insurance premiums.

Florida Retirement System

The School Board participates in the Florida Retirement System (FRS). The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

The District's pension expense for FRS and HIS totaled \$221.5 million for the fiscal year ended June 30, 2018.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers Class* – Members who hold specified elective offices in local government.
- *Senior Management Service Class (SMSC)* – Members in senior management level positions.
- *Special Risk Class* – Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service (except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service). All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service (except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service). Members of the Plan may include up to 4 years of credit for military service toward creditable service.

**THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018**

17. RETIREMENT BENEFITS, Continued:

Florida Retirement System - continued

FRS Pension Plan

The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<i>Regular Class members initially enrolled before July 1, 2011</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class members initially enrolled on or after July 1, 2011</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00
<i>Special Risk Regular</i>	
Service from December 1, 1970 through September 30, 1974	2.00
Service on and after October 1, 1974	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Florida Retirement System - continued

FRS Pension Plan

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2017-18 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Salary</u>			
	<u>Employee</u>		<u>Employer (1)</u>	
FRS, Regular	3.00	%	7.92	%
FRS, Elected County Officers	3.00		45.50	
FRS, Senior Management Service	3.00		22.71	
FRS, Special Risk Regular	3.00		23.27	
FRS, Special Risk Administrative	3.00		34.63	
DROP - Applicable to				
Members from All of the Above Classes	0.00		13.26	
FRS, Reemployed Retiree		(2)		(2)

Notes: (1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(2) Contribution rates are dependent upon retirement class in which reemployed.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2018, the District reported a liability of \$1,190.7 million for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The District's proportionate share of the net pension liability was based on the District's 2016-17 fiscal year contributions relative to the 2016-17 fiscal year contributions of all participating members. At June 30, 2017, the District's proportionate share was 4.03 percent, which was a decrease of (.07) percent from its proportionate share measured as of June 30, 2016.

The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the valuations of the defined benefit pension plans pursuant to Section 216.136(10), Florida Statutes. The 7.10% rate of return assumption used in the June 30, 2017 calculations was determined by the Plan's consulting actuary to be reasonable and appropriate per Actuarial Standard of Practice No. 27 (ASOP 27) for accounting purposes, which differs from the rate used for funding purposes, which is used to establish the contribution rates for the Pension Plan. The discount rate used in the July 1, 2016 valuation was 7.60%.

FRS Pension Plan

For the fiscal year ended June 30, 2018, the District recognized pension expense of \$183.7 million related to the Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 109,277	\$ 6,596
Change of assumptions	400,155	-
Net difference between projected and actual earnings on FRS pension plan investments	-	29,508
Changes in proportion and differences between District FRS contributions and proportionate share of contributions	-	59,261
District FRS contributions subsequent to the measurement date	113,560	-
Total	\$ 622,992	\$ 95,365

The deferred outflows of resources related to pensions, totaling \$113.6 million, resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

<u>Fiscal Year Ending June 30</u>	<u>Deferred outflows/ (inflows), net</u>
2019	\$ 46,968.5
2020	149,397.5
2021	100,442.7
2022	13,309.4
2023	74,930.7
Thereafter	29,018.2

Actuarial Assumptions. The total pension liability in the July 1, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Investment rate of return	7.10 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the July 1, 2017, valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

FRS Pension Plan

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1%	3.0%	3.0%	1.8%
Fixed Income	18%	4.5%	4.4%	4.2%
Global Equity	53%	7.8%	6.6%	17.0%
Real Estate	10%	6.6%	5.9%	12.8%
Private Equity	6%	11.5%	7.8%	30.0%
Strategic Investments	12%	6.1%	5.6%	9.7%
Total	100%			
Assumed inflation - Mean			2.6%	1.9%

Note: (1) As outlined in the Plan's investment policy

Discount Rate. The discount rate used to measure the total pension liability was 7.10 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate (in thousands):

	<u>1% Decrease (6.10%)</u>	<u>Current Discount Rate (7.10%)</u>	<u>1% Increase (8.10%)</u>
District's proportionate share of the net pension liability	\$ 2,155,070	\$ 1,190,687	\$ 390,027

Pension Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

For the Fiscal Year Ended June 30, 2018

17. RETIREMENT BENEFITS, Continued:

Florida Retirement System - continued

The Retiree Health Insurance Subsidy Program (HIS)

Plan Description. The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of the State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services, Division of Retirement.

Benefits Provided. For the fiscal year ended June 30, 2018, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2018, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding three years. The HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. The HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2018, the District reported a net pension liability of \$577.5 million for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The District's proportionate share of the net pension liability was based on the District's 2016-17 fiscal year contributions relative to the total 2016-17 fiscal year contributions of all participating members. At June 30, 2017, the District's proportionate share was 5.40 percent, which was a decrease of (.09) percent from its proportionate share measured as of June 30, 2016.

The Retiree Health Insurance Subsidy Program (HIS)

For the fiscal year ended June 30, 2018, the District recognized pension expense of \$37.8 million related to the HIS Plan. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ -	\$ 1,203
Change of assumptions	81,173	49,935
Net difference between projected and actual earnings on HIS pension plan investments	320	-
Changes in proportion and differences between District HIS contributions and proportionate share of HIS contributions	-	28,747
District contributions subsequent to the measurement date	28,908	-
Total	\$ 110,401	\$ 79,885

The deferred outflows of resources related to pensions, totaling \$28.9 million, resulting from District contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

<u>Fiscal Year Ending June 30</u>	<u>Deferred outflows/ (inflows), net</u>
2019	\$ 3,320.1
2020	3,259.5
2021	3,230.4
2022	1,383.9
2023	(207.9)
Thereafter	(9,378.0)

Actuarial Assumptions. The total pension liability in the July 1, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	3.58 percent

Mortality rates were based on the Generational RP-2000 with Projected Scale BB.

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

17. RETIREMENT BENEFITS, Continued:

Florida Retirement System - continued

The Retiree Health Insurance Subsidy Program (HIS)

Discount Rate. The discount rate used to measure the total pension liability was 3.58 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.58 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58 percent) or 1-percentage-point higher (4.58 percent) than the current rate (in thousands):

	1% Decrease (2.58%)	Current Discount Rate (3.58%)	1% Increase (4.58%)
District's proportionate share of the net pension liability	\$ 658,975	\$ 577,474	\$ 509,589

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

FRS – Defined Contribution Pension Plan

The District contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the State Board of Administration (SBA) and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. District employees participating in the DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment members' accounts during the 2017-18 fiscal year were as follows:

**THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018**

17. RETIREMENT BENEFITS, Continued:

Florida Retirement System - continued

<u>Membership Class</u>	<u>Gross Compensation</u>
FRS, Regular	6.30
FRS, Elected County Officers	11.34
FRS, Senior Management Service	7.67
FRS, Special Risk Regular	14.00

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five year period, the employee will regain control over their account. If the employee does not return within the five year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended June 30, 2018, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension contributions totaled \$15.7 million for the fiscal year ended June 30, 2018.

NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018**

17. RETIREMENT BENEFITS, Continued:

Supplemental Early Retirement Plan

Plan Description

In addition to participating in the FRS Plan, the School Board established an early retirement plan on July 1, 1984. The plan is a single employer, non-contributory defined benefit plan administered by an independent trustee and investments are managed by the District, through a third party asset manager.

Benefits Provided – The Plan was established in order to supplement an early retiree’s benefits by the amount of reduction imposed by the FRS. The Plan provides supplemental income for those employees who retired between the ages of 55 and 61 and who had completed at least 25 years, but not more than 28 years of creditable service. Payments under the Plan are equal to the difference in monthly retirement income for the participant under the FRS between the retirement benefit based on average final compensation, as defined above, and creditable service as of the member’s early retirement date and the early retirement benefit under the FRS. Benefits are subject to an annual 3% cost of living adjustment. These benefit provisions and all other requirements are established by Florida Statutes, Section 1012.685.

At June 30, 2018 the total number of retirees and beneficiaries of deceased retirees currently receiving benefits is 477, averaging \$616.45 per month. The District closed the Supplemental Early Retirement Plan (the “Plan”) to new employees on July 1, 2000, with no additional employees vesting after July 1, 2003.

The Plan is included as a Pension Trust Fund in the accompanying financial statements. Separate stand alone statements are not issued for the Plan.

Contributions - The District provides for actuarially determined periodic contributions sufficient to pay the benefits provided by this Plan when they become due. Plan members do not contribute to the Plan. Total contributions to the Plan for 2017-18 fiscal year of \$2,156 (in thousands) were made in accordance with actuarially determined requirements computed through an actuarial valuation performed as of July 1, 2017.

Net Pension Liability

The District’s net pension liability was measured as of July 1, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The following table represents the components of the net pension liability of the District at June 30, 2018 (in thousands).

	<u>June 30, 2018</u>
Total Pension Liability	\$ 39,511
Less: Plan Fiduciary Net Position	<u>24,590</u>
Net Pension Liability	<u>\$ 14,921</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	62.24 %
Measurement Date	7/1/2017

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

17. RETIREMENT BENEFITS, Continued:

Supplemental Early Retirement Plan - continued

Actuarial Assumptions

The total pension liability in the July 1, 2017 actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement:

Inflation	2.5 %
Investment rate of return	6.25 %

The long-term expected rate of return on pension plan investments are developed for each major asset class by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash/Money Market	2 %	3.30 %
Domestic Equity	39 %	7.70 %
International Equity	21 %	7.70 %
Domestic Fixed Income	38 %	6.30 %
Total	100.0 %	

Mortality rates were based on the mortality table used by FRS – (Healthy Female – RP2000 Generational, 100% Annuitant White Collar, Scale BB and Healthy Males – RP2000 Generational, 50% Annuitant White Collar/50% Annuitant Blue Collar, Scale BB).

Discount Rate

The discount rate used to measure the total pension liability was 6.25 percent. The discount rate reflects the long-term expected rate of return on pension plan investments that are expected to be used to finance the payment of benefits, to the extent that the pension plan's fiduciary net position is projected to be sufficient to make projected benefit payments and pension plan assets are expected to be invested using a strategy to achieve that return. The projection of cash flows used to determine the discount rate assumes the District will continue to make future contributions at the actuarially determined contribution rate.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2018, the District recognized pension expense of \$1,839 (in thousands). In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Outflows/Inflows

The following table illustrates the deferred inflows of resources and outflows of resources under GASB Statement No. 68 as of June 30, 2018 (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between expected and actual earnings on Pension Plan Investments	\$ 1,212	\$ 1,320
Contributions subsequent to the measurement date	2,156	-
Total	\$ 3,368	\$ 1,320

The deferred outflows of resources related to pensions, totaling \$2.2 million, resulting from District contributions to the plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2019.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year ended June 30:	Amount (\$ in thousands)
2018	\$ (297.4)
2019	278.4
2020	97.0
2021	(186.1)

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

17. RETIREMENT BENEFITS, Continued:

Other Post Employment Benefits

As authorized by the Board, employees who retire in the first year of their eligibility under the FRS Plan can receive up to \$1,200 per year as reimbursement for health insurance cost paid until they reach 65 years of age or until they become eligible for Medicare or Social Security disability. In October 2018, approximately 239 retirees will receive an estimated \$203 thousand in premium reimbursements for the year ended June 30, 2018.

From 1991 through 2005, the District offered retirement incentive programs in an effort to reduce salary costs. The programs include enhanced insurance benefits up to the Board's annual monthly contribution and payments of accrued sick leave at an enhanced rate. Enhanced insurance benefits offered to eligible employees, as defined under the provisions of each program, consist of health and term life insurance subsidies for up to ten years. Expenditures for the retirement incentive program are recognized in the General Fund each year on a pay-as-you-go basis. The estimated liability for retirees receiving benefits of approximately \$1.6 million is fully accrued and included in the government-wide financial statements.

The District implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* for certain postemployment healthcare benefits provided by the District for the fiscal year ended June 30, 2018. The implementation of this statement resulted in a restatement of the District's government-wide statements as previously discussed in Note 1T.

Plan Description. Effective January 1, 2010, the District changed from a fully-insured health program to a self-insured program for eligible employees and retirees. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District. Pursuant to Section 112.0801, Florida Statutes, employees who retire from the District are eligible to participate in the District's health and hospitalization plan for medical and prescription drugs. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. A retiree means any employee who retires under a state retirement system or is placed on disability retirement and who begins receiving retirement benefits immediately after retirement from employment. In addition, any employee who retires under the Florida Retirement System Investment Plan is considered a "retiree" if he or she meets the age and service requirements to qualify for normal retirement or has attained the age of 59.5 years and has the years of service required for vesting. Such provisions may be amended at any time by further action from the Florida Legislature. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because retiree healthcare costs are generally greater than active employee healthcare costs. The OPEB Plan contribution requirements and benefit terms of the District and the OPEB Plan members are established and may be amended through action from the Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Plan does not issue separate financial statements or required supplementary information.

Benefits Provided. The OPEB Plan provides healthcare insurance benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above.

**THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018**

17. RETIREMENT BENEFITS, Continued:

Other Post Employment Benefits - continued

Employees Covered by Benefit Terms. The actuarial valuation was based on personnel information as of July 1, 2016. The following employees were covered by the benefit terms:

Inactive Participants	1,214
Active Participants	<u>32,742</u>
Total	<u><u>33,956</u></u>

Total OPEB Liability

The District's total OPEB liability of \$211,851 was measured as of June 30, 2017, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5 percent
Salary increases	4.5 percent
Discount rate	3.58 percent at 6/30/17
Healthcare cost trend rates	7.25 percent for 2017, grading down to an ultimate rate of 4.5 percent for 2024-2025.
Retirees' share of benefit-related costs	Based on the service cost for the 2016-17 measurement period, retirees are expected to pay 64% of benefit-related costs.

The plan is unfunded so no projection of Fiduciary Net Position is required.

The discount rate was based on the Bond Buyer General Obligation 20-year Municipal Bond Index with no blending of the expected return on assets.

Mortality rates were based on the RP-2000 with Fully Generational Scale BB with 100% White Collar for females and 50/50 White Collar/Blue Collar for males.

The demographic actuarial assumptions for OPEB Liability used in the June 30, 2017 valuation were based on data at July 1, 2016.

The remaining actuarial assumptions health care cost trends used in the June 30, 2017 valuation were based on experience for the 24-month period ending May 31, 2016.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2018, the District recognized OPEB expense of \$16,672 (in thousands). At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Change of assumptions or other inputs	\$ -	\$ 6,567
District contributions subsequent to the measurement date	6,341	-
Total	<u>\$ 6,341</u>	<u>\$ 6,567</u>

Of the total amount reported as deferred outflows of resources related to OPEB, \$6,341 resulting from District contributions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the total OPEB liability for the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (in thousands):

<u>Fiscal Year Ending June 30</u>	<u>Deferred Outflows (inflows), net</u>
2019	\$ (1,192)
2020	(1,192)
2021	(1,192)
2022	(1,192)
2023	(1,192)
Thereafter	(607)

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

18. COMMITMENTS AND CONTINGENCIES:

A. Commitments

As part of its capital outlay program, the District has entered into various construction commitments totaling approximately \$120.2 million as of June 30, 2018 (see Note 4).

The District leases certain facilities and equipment under various cancelable, operating lease agreements with lease terms not extending beyond one year. The total rent expense under these leases was approximately \$11.8 million for the fiscal year ended June 30, 2018.

B. Contingencies

Florida Education Finance Program and Federal, State and Local Grants

The District receives funding from the State of Florida under the Florida Education Finance Program (FEFP), which is based in part on a computation of the number of full-time equivalent (FTE) students attending different instructional programs. The accuracy of FTE student data submitted by individual schools and used in the FEFP computations is subject to audit by the state and, if found to be in error, could result in refunds to the state or in decreases to future funding allocations. Additionally, the District participates in a number of federal, state and local grants which are subject to financial and compliance audits. It is the opinion of management that the amount of revenue, if any, which may be remitted back to the state due to errors in the FTE student data or the amount of grant expenditures which may be disallowed by grantor agencies would not be material to the financial position of the District.

Hurricane Irma

On September 10, 2017 the President declared Hurricane Irma a major disaster as a result of damage sustained through-out the State of Florida. This declaration allows the District to seek reimbursement for all eligible costs through the Federal Emergency Management Agency (FEMA) as well as Miami-Dade County for shelter related expenses. The District sustained relatively minor property damage to its facilities. However, the District did incur significant debris removal costs as well costs associated with operating shelters. These costs did not exceed the District's \$100 million named windstorm deductible.

Estimated losses from Hurricane Irma are approximately \$19.1 million, which consist of: labor \$7.8 million, debris monitoring and removal \$7.1 million, and temporary/permanent repairs and related expenses \$4.2 million. These amounts may increase as permanent repairs are finalized. The District is in the process of generating project worksheets to obtain all eligible funding from FEMA.

C. Litigation

The District is a defendant in numerous lawsuits as of June 30, 2018. In the opinion of management, the District's estimated aggregate liability, with respect to probable losses, has been provided for in the estimated claim liability accrual in the accompanying financial statements, after giving consideration to the District's related insurance coverage, as well as the Florida statutory limitations of governmental liability on uninsured risks. It is the opinion of management and District's legal counsel that the amount of losses resulting, if any, from the above-mentioned litigation in excess of the amount accrued as of June 30, 2018, would not be material to the financial position of the District.

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018

19. FUND BALANCES:

In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District reports its fund balance in the following categories:

Nonspendable – The District has \$18.0 million of prepaid items and \$6.6 million of inventories that are considered nonspendable.

Restricted – The District reported restricted fund balances totaling \$678.8 million comprised of \$10.5 million of State Required Carryover programs, \$42.7 million in Food Service, \$0.3 million in Miscellaneous Special Revenue, \$93.8 million in Debt Services and \$531.5 million in Capital Projects.

Committed – The District did not have any committed fund balances at June 30, 2018.

Assigned – The District has assigned fund balances totaling \$72.6 million comprised of \$29.4 million for rebudgets and obligations; \$43.1 million for outstanding encumbrances for goods and services, including \$25.5 million for purchased services, \$11.1 million for energy services, \$3.1 million for materials and supplies, \$1.7 million for capital outlay, \$1.7 million for other expenses; and \$0.1 million for capital projects.

Unassigned – The portion of fund balance that is the residual classification for the general fund. This balance represents amounts that have not been restricted, committed, or assigned for specific purposes. The unassigned fund balance for the General Fund is \$158.4 million.

Committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Board Policy 6220.01 delineates Fund Balance Reserve Policies to target 5.5% of the combined assigned and unassigned General Fund fund balance, as a percentage of total General Fund revenues at fiscal year end. At June 30, 2018 the combined assigned and unassigned General Fund fund balance totaled \$230.8 million or 9.8% of General Fund revenues net of charter schools' revenues.

Below is a table of fund balance categories and classifications for the fiscal year ended June 30, 2018 for the Districts' governmental funds (in thousands):

	General Fund	General Obligation School Bonds Funds	Capital Improvement LOML	Other Governmental Funds non-major*	Total

* Aggregates all of the District's non-major fund balances

**THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2018**

20. SUBSEQUENT EVENTS:

Tax Anticipation Notes

On July 31, 2018, the District issued \$335 million in Tax Anticipation Notes (“the Notes”) with an effective yield of 1.58%. The Notes were issued to pay operating expenditures incurred prior to the receipt of the ad-valorem taxes levied and collected for operating purposes for the fiscal year commencing July 1, 2018. The Notes will mature on June 15, 2019.

Secure Our Future Referendum

On November 6, 2018, the voters of Miami-Dade County approved a referendum which will increase the millage rate by 0.75 mills beginning with the 2019-20 fiscal year. This levy will generate approximately \$232.0 million annually for the District over the next four years. Funding from the levy will be used to increase teacher compensation and improve school safety.

Total OPEB Liability	
Service Cost	\$ 11,360
Interest Cost	6,198
Changes of Assumptions	(7,759)
Benefit Payments	<u>(8,028)</u>
Net Change in Total OPEB Liability	1,771
Total OPEB Liability - Beginning, as Restated	<u>\$ 210,080</u>
Total OPEB Liability - Ending	<u><u>\$ 211,851</u></u>
Covered-employee payroll	\$ 1,782,584
Total OPEB Liability as a % of covered-employee payroll	11.88%

Notes to Schedule:

There was a change in the Government Accounting Standards that were used to develop the current actuarial report. The prior actuarial report was based on GASB Statement No. 45, while the current actuarial report is based on GASB Statement No. 75.

The discount rate was updated to 3.58% as of the Measurement date of June 30, 2017, 2.85% was used as of the beginning of the reporting year (Based on Bond Buyer GO 20-Bond Municipal Bond Index).

The amounts presented for each fiscal year were determined as of June 30th. GASB Statement No. 75 requires the schedule to show information for 10 years. Additional years will be displayed as they become available.

Non-major Special Revenue Funds

The Non-major Special Revenue Funds account for and report the proceeds of specific revenue sources derived from Miami-Dade County, Florida, the State of Florida and the Federal Government; that are restricted or committed to finance designated activities. Activities included within the funds are as follows:

- **Food Service Fund** - Accounts for and reports on proceeds of specific revenues of the food service program in serving breakfast and lunch at the schools.
- **Other Federal Programs Fund** - Accounts for and reports on the proceeds of specific revenues of various programs of different funding sources, according to the specifications and requirements of each funding source.
- **Miscellaneous Special Revenue Funds** - Accounts for and report on proceeds of specific revenues that are restricted or committed to expenditures of the law enforcement and special events fund.

Non-major Debt Service Funds

The Non-major Debt Service Funds account for the payment of interest and principal of the current portion on long-term debt, primarily from tax proceeds and earnings on temporary investments:

- **State Board of Education Bond Funds** - Account for and report on payment of principal and interest on various bond issues serviced by the State.
- **Certificates of Participation Fund** - Accounts for and reports on payment of principal, interest and related costs on obligations pertaining to lease payments, acquisition and construction of schools and ancillary facilities.
- **General Obligation School Bonds Fund** - Accounts for and reports on payment of principal, interest and related costs on bonds of the voter-approved Bond Referendum issued to finance the building of new schools and facilities.
- **ARRA Economic Stimulus Debt Service Fund** - Accounts for and reports on payment of principal and interest for Debt Services for American Recovery and Reinvestment Act school construction bonds.

Non-major Capital Projects Funds

The Non-major Capital Projects Funds account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects. Specific funding sources included herein are:

- **Impact Fees Funds** - Accounts for and reports on local revenues associated with new construction and development.
- **Master Equipment Lease Fund** - Accounts for and reports on funds for leased equipment acquisitions.
- **Public Education Capital Outlay (PECO) Funds** - Accounts for and reports on funds received from the State for the construction and maintenance of schools.
- **Capital Outlay and Debt Service Funds** - Accounts for and reports on the excess dollars from the debt service funds, used for construction and maintenance of schools.
- **Certificates of Participation Funds** - Accounts for the issuance of Certificates of Participation, used for the acquisition and construction of schools and ancillary schools.
- **Other Capital Projects Funds** - Accounts for resources used in site acquisition, construction, renovation and remodeling of educational facilities.

*Florida Statutes, Section 1013.61, requires that the capital outlay budget designate the proposed capital expenditures by project for the year from all sources. Accordingly, annual budgets for the Capital Projects Funds are adopted on a combined basis only. Therefore, both major and non-major funds are presented in this schedule.

Agency Fund

Agency Fund accounts for the resources of the Schools' Internal Fund, which is used to administer monies, collected at the schools in connection with school, student athletics, class and club activities.

III. Statistical Section

Statistical Section

The Statistical Section presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary says about the District's overall financial health. Contents included are as follows:

- **Financial Trends** - These schedules contain trend information to help the reader understand how the District's financial performance and financial condition have changed over time.
- **Revenue Capacity** - These schedules contain information to help the reader assess the factors affecting the District's ability to generate a significant revenue source and property taxes.
- **Debt Capacity** - These schedules present information to help the reader assess the District's current debt burden and the District's ability to issue additional debt.
- **Demographic and Economic Information** - These schedules offer demographic and economic indicators to help the reader understand the socioeconomic environment within which the District operates.
- **Operation Information** - These schedules contain information about the District's operations and resources to help the reader understand how the District's financial information relates to the services it provides and the activities it performs.

Anti-Discrimination Policy

Federal and State Laws

The School Board of Miami-Dade County, Florida adheres to a policy of nondiscrimination in employment and educational programs/activities and strives affirmatively to provide equal opportunity for all as required by:

Title VI of the Civil Rights Act of 1964 - prohibits discrimination on the basis of race, color, religion, or national origin.

Title VII of the Civil Rights Act of 1964 as amended - prohibits discrimination in employment on the basis of race, color, religion, gender, or national origin.

Title IX of the Education Amendments of 1972 - prohibits discrimination on the basis of gender.

Age Discrimination in Employment Act of 1967 (ADEA) as amended - prohibits discrimination on the basis of age with respect to individuals who are at least 40.

The Equal Pay Act of 1963 as amended - prohibits gender discrimination in payment of wages to women and men performing substantially equal work in the same establishment.

Section 504 of the Rehabilitation Act of 1973 - prohibits discrimination against the disabled.

Americans with Disabilities Act of 1990 (ADA) - prohibits discrimination against individuals with disabilities in employment, public service, public accommodations and telecommunications.

The Family and Medical Leave Act of 1993 (FMLA) - requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons.

The Pregnancy Discrimination Act of 1978 - prohibits discrimination in employment on the basis of pregnancy, childbirth, or related medical conditions.

Florida Educational Equity Act (FEEA) - prohibits discrimination on the basis of race, gender, national origin, marital status, or handicap against a student or employee.

Florida Civil Rights Act of 1992 - secures for all individuals within the state freedom from discrimination because of race, color, religion, sex, national origin, age, handicap, or marital status.

Title II of the Genetic Information Nondiscrimination Act of 2008 (GINA) - prohibits discrimination against employees or applicants because of genetic information.

Boy Scouts of America Equal Access Act of 2002 – no public school shall deny equal access to, or a fair opportunity for groups to meet on school premises or in school facilities before or after school hours, or discriminate against any group officially affiliated with Boy Scouts of America or any other youth or community group listed in Title 36 (as a patriotic society).

Veterans are provided re-employment rights in accordance with P.L. 93-508 (Federal Law) and Section 295.07 (Florida Statutes), which stipulate categorical preferences for employment.

In Addition:

School Board Policies 1362, 3362, 4362, and 5517 - Prohibit harassment and/or discrimination against students, employees, or applicants on the basis of sex, race, color, ethnic or national origin, religion, marital status, disability, genetic information, age, political beliefs, sexual orientation, gender, gender identification, social and family background, linguistic preference, pregnancy, citizenship status, and any other legally prohibited basis. Retaliation for engaging in a protected activity is also prohibited.

Chapter 10.800 of the Rules of the
Auditor General of the State of Florida**

Honorable Chairperson and Board Members of
The School Board of Miami-Dade County, Florida
Miami, Florida

Report on the Financial Statements

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of The School Board of Miami-Dade County, Florida (hereafter the School Board or District), as of and for the fiscal year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements and have issued our report thereon dated November 19, 2018.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance, Schedule of Findings and Questioned Costs and our Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.800, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated December 4, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.804(1)(f)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding annual financial audit report.

Financial Condition and Management

Section 10.804(1)(f)2., Rules of the Auditor General, requires us to communicate whether or not the School Board has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the School Board did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.804(1)(f)5.a. and 10.805(7), Rules of the Auditor General, we applied financial condition assessment procedures for the School Board. It is management's responsibility to monitor the School Board's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.804(1)(f)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. Such recommendations are included in *Appendix A – Current Year's Recommendations to Improve Financial Management, Accounting Procedures and Internal Control.*

Transparency

Section 10.804(l)(f)6., Rules of the Auditor General, requires that we communicate the results of our determination as to whether the School Board maintains on its website the information specified in Section 1011.035, Florida Statutes. (Section 1011.035, Florida Statutes, provides that district school boards include a plain language version of each proposed, tentative, and official budget that describes each budget item in terms that are easily understandable to the public). In connection with our audit, we determined that the School Board maintained on its website the information specified in Section 1011.035, Florida Statutes.

Additional Matters

Section 10.804(1)(f)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of This Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the School Board members, members of the School Board Audit and Budget Advisory Committee and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

RSM US LLP

Miami, Florida
November 19, 2018

The School Board of Miami-Dade County, Florida

**Appendix A – Current Year’s Recommendations to Improve Financial Management,
Accounting Procedures and Internal Control**

CD 2018-01 Change Management

Criteria: General Information Technology (IT) controls should provide reasonable assurance that program changes, application configuration changes, system changes and maintenance (including changes to system software and data structures), production processing changes (including new jobs, and schedule changes) and emergency changes are standardized, documented, approved and subject to formal change management procedures.

Condition: We noted that a change to the SAP system was placed into production without the Change Advisory Board or Change Management groups’ review and approval.

Cause: The School Board’s established change management program and policies was not followed.

Effect: Unauthorized changes may be moved to the production environment without management’s knowledge and may significantly impact the School Board’s internal control procedures.

Recommendation: We recommend that management adhere to its change management program and policies, which requires the review and approval of all changes by the Change Advisory Board and/or Change Management group.

Views of Responsible Officials and Planned Corrective Actions: Upon reviewing the finding it was determined that the proper controls are already in place for approving production changes. The established procedure will be reviewed, as part of the weekly Change Advisory Board (CAB) weekly meetings to remind everyone of the procedure to be followed.

**Independent Accountant's Report
in Accordance With Chapter 10.800 of the Rules of the
Auditor General of the State of Florida**

Honorable Chairperson and Board Members of
The School Board of Miami-Dade County, Florida

We have examined The School Board of Miami-Dade County, Florida's (the School Board) compliance with *Section 218.415, Florida Statutes, Local Government Investment Policies* during the year ended June 30, 2018. Management of the School Board is responsible for the School Board's compliance with the specified requirements. Our responsibility is to express an opinion on the School Board's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the School Board complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the School Board complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the School Board's compliance with specified requirements.

In our opinion, the School Board complied, in all material respects, with *Section 218.415, Florida Statutes, Local Government Investment Policies* during the period July 1, 2017 to June 30, 2018.

This report is intended solely for the information and use of the Florida Auditor General, the Superintendent of Schools, members of the School Board, members of the School Board Audit and Budget Advisory Committee and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards***

Independent Auditor's Report

To the Chairperson and Members of
the School Board of Miami-Dade County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of The School Board of Miami-Dade County, Florida (the School Board), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements and have issued our report thereon dated November 19, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the School Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

RSM US LLP

Miami, Florida
November 19, 2018

**Report on Compliance for Each Major Federal Program;
Report on Internal Control Over Compliance; and Report on the
Schedule of Expenditures of Federal Awards as Required by the Uniform Guidance**

Independent Auditor's Report

To the Chairperson and Members of
the School Board of Miami-Dade County, Florida

Report on Compliance for Each Major Federal Program

We have audited The School Board of Miami-Dade County, Florida's (the School Board) compliance with the types of compliance requirements described in the Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the School Board's major federal programs for the year ended June 30, 2018. The School Board's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School Board's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School Board's compliance.

Opinion on Each Major Federal Program

In our opinion, the School Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items CF 2018-001 and CF 2018-002. Our opinion on each federal program is not modified with respect to this matter.

Management's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Management's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the School Board is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School Board's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program, and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School Board's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as items IC 2018-001 and IC 2018-002 that we consider to be significant deficiencies.

Management's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Management's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the School Board, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements. We issued our report thereon dated November 19, 2018, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**The School Board of Miami-Dade County, Florida
Notes to Schedule of Expenditures of Federal Awards**

Fiscal Year Ended June 30, 2018

Note 1. General and Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) presents the expenditure activity of all federal awards of The School Board of Miami-Dade County, Florida (the School Board), for the year ended June 30, 2018. The School Board's reporting entity is defined in Note 1 of the School Board's basic financial statements. All federal awards received directly from federal and indirectly through state agencies, as well as amounts passed through other government agencies are included in the accompanying Schedule. Because the Schedule presents only a selected portion of the expenditures of the School Board, it is not intended to and does not present the financial position, changes in net position/fund balance or cash flows, where applicable, of the School Board. Some amounts presented in this Schedule may differ from amounts presented in or used in the preparation of the basic financial statements. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Note 2. Basis of Accounting

The accompanying Schedule is presented using the modified accrual basis of accounting since grants are accounted for in the governmental fund types of the School Board. Such expenditures are reported following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3. Indirect Cost Recovery

The School Board did not recover its indirect costs using the 10% de minimis indirect cost rate provided under Section 200.414 of the Uniform Guidance.

Note 4. Noncash Awards

The National School Lunch Program (CFDA 10.555) includes \$10,324,023 of donated food used during the fiscal year. Donated foods are valued at fair value as determined at the time of the donation.

Note 5. Research and Development Cluster

The total expenditures for the research and development cluster follows:

Program Title	Catalog of Federal Domestic Assistance Number	Amount of Expenditures
The Pennsylvania State University	84.305	\$ 5,603
University of Miami	84.305	34
New Teacher Center	84.411	432,960
School Safety National Activities (formerly, Safe and Drug-Free Schools and Communities-National Programs)	84.184	551,908
Teacher and School Leader Incentive Grants	84.374	1,393,318
University of South Florida	93.767	31,203
Total Research and Development Cluster		\$ 2,415,026

Schedule of Findings and Questioned Costs**

Fiscal Year Ended June 30, 2018

Section I. Summary of Independent Auditor's Results

Financial Statements

- A. Type of auditor's report issued: Unmodified Opinion
- B. Internal Controls over financial reporting:
 Material weakness(es) identified? Yes X No
 Significant deficiency(ies) identified? Yes X None reported
- C. Noncompliance material to financial statements noted? Yes X No

Federal Awards

- D. Type of auditor's report issued on compliance for major federal programs: Unmodified Opinion
- E. Internal control over major federal programs:
 Material weakness(es) identified? Yes X No
 Significant deficiency(ies) identified? X Yes None reported
- F. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? X Yes No
- G. Identification of major federal programs:

CFDA Numbers

84.287
 10.553, 10.555, 10.559
 84.007, 84.063
 84.424

Name of Federal Program or Cluster

Twenty-First Century Community Learning Centers
 Child Nutrition Cluster
 Student Financial Assistance Cluster
 Student Support and Academic Enrichment Program

- H. Dollar threshold used to distinguish between type A and type B program: \$3,000,000
- I. Auditee qualified as a low-risk auditee? X Yes No

Section II. Financial Statements Findings

No matters to report.

**The School Board of Miami-Dade County, Florida
Schedule of Findings and Questioned Costs (Continued)**

Fiscal Year Ended June 30, 2018

Section III. Federal Award Findings and Questioned Costs

A. Internal Control over Compliance

IC 2018 – 001

Special Tests and Provisions – Enrollment Reporting
U.S. Department of Education

Title:	CFDA#:
Student Financial Assistance Cluster	84.007/84.063

Criteria: 34 CFR 690.83(b)(2) requires that changes in student enrollment information be reported to the Department of Education within 30 days of the change, except when a student roster is submitted within 60 days. Changes in student enrollment information include reductions or increases in attendance levels, withdrawals, graduations, or approved leaves-of-absence.

Condition: The following exceptions were noted in the reporting of student enrollment information for 38 of the 60 students selected for testing:

- Changes in student enrollment status for 15 students were not reported.
- Changes in student enrollment status for 20 students were reported late.
- One actively enrolled student was improperly listed as withdrawn in the District's records.
- Two actively enrolled students were improperly listed as graduated in the District's records.

Questioned Costs: Unknown.

Context: See "Condition" above.

Effect: Failure to comply with program requirements could result in loss of grant funding.

Cause: Management evaluated the program guidelines and improperly concluded that changes in student enrollment are only to be reported when the student is listed on the roster provided by the National Student Loan Data System (NSLDS).

Recommendation: Management responsible for administering the grant program should obtain relevant training and an understanding of the student enrollment information reporting requirements of the grant program, to allow for ongoing compliance. Procedures should be established for supervisory review to verify changes are submitted in accordance with program guidelines described above.

Views of Responsible Officials and Planned Corrective Actions:

District management and the school Principal or designee will be responsible for providing supervisory oversight for each technical college's Registration Office, Financial Aid Office and Business Office. District management will provide enrollment status reports based on the reporting criteria required by NSLDS in a timely manner to help ensure proper processing. Management will deploy a process whereby the school's Registrar completes a status change form and transmits it weekly to the Financial Aid Officer (FAO). The FAO will in turn manually update the NSLDS record for each student as needed within the required 30 days. District management will also provide targeted training for FAOs, Registrars and Principals or designees to ensure that schools are consistently adhering to Federal regulations. The Principal or designee will be responsible for reviewing and confirming the data utilizing Focus, the District's student information system. Once the data is verified, the FAO will be responsible for submitting the information into the NSLDS. These measures and procedures will ensure that student enrollment information is correctly reported within the established timelines.

**The School Board of Miami-Dade County, Florida
Schedule of Findings and Questioned Costs (Continued)**

Fiscal Year Ended June 30, 2018

IC 2018 – 002

Special Tests and Provisions – Return of Title IV Funds
U.S. Department of Education

Title: **Student Financial Assistance Cluster** **CFDA#:** **84.007/84.063**

Criteria: 34 CFR 668.22(a)(6)(ii)(B)(1) states that the District must disburse directly to a student any amount of a post-withdrawal disbursement of grant funds that is not credited to the student's account. The District must make the disbursement as soon as possible, but no later than 45 days after the date of the District's determination that the student withdrew.

Condition: The following exceptions were noted related to the return of Title IV funds for 42 of the 60 students selected for testing:

- Funds for 2 students were not disbursed to date and funds for 21 students were not disbursed timely, which was in excess of 45 days of the District's determination that the student withdrew.
- The return of Title IV funds were incorrectly calculated for eight students.
- Seven withdrawn students were improperly listed as graduated in the District's records.
- Four withdrawn students were improperly listed as active in the District's records.

Questioned Costs: \$3,601.

Context: See "Condition" above.

Effect: Failure to comply with program requirements could result in loss of grant funding.

Cause: Lack of proper supervisory oversight resulted in return of Title IV funds not being properly calculated and administered in accordance with program guidelines.

Recommendation: We recommend that management adhere to their established internal control policies and procedures that require supervisory review and approval of the return of Title IV funds. This will allow for accurate and timely payment to students and proper reporting of such information to the Department of Education in accordance with program guidelines.

Views of Responsible Officials and Planned Corrective Actions:

District and school management will participate in Federal Student Aid workshops to strengthen their knowledge on matters related to Title IV disbursements. Management will continue to enforce established internal control policies and procedures that require supervisory review of credit balances. The Financial Aid Officer (FAO), Business Manager/Treasurer and Registrar, at each respective technical college, will be responsible to ensure that all post-withdrawal disbursement of grant funds that are not credited to the student's account are disbursed to the student no later than 45 days after the date of the school's determination that the student withdrew. The schools' Registrar will complete a status change form and transmit it weekly to the FAO. The Principal or designee will review the status change form to verify data accuracy and ensure that data is transmitted by the FAO in a timely manner. The FAO will prepare the Automatic Clearing House/Electronic Funds Transfer (ACH/EFT) Payment Request and submit the documents via the Federal website. To facilitate consistency throughout the seven technical colleges, management will conduct targeted training for FAOs on the use of the Department of Education worksheets and software to assist them in implementing the Title IV return regulations. These procedures and corrective measures will ensure that responsible school staff adhere to and follow established timelines to distribute credit balances to students.
