December 18, 2020

Dear School Board Members and Citizens of Duval County:

We are pleased to submit to you the Comprehensive Annual Financial Report (CAFR) of Duval County Public Schools ("District") for the fiscal year ended June 30, 2020. The CAFR serves as the District's official annual financial report and is presented in accordance with the requirements of the Governmental Accounting Standards Board (GASB) and State Board of Education Rule 6A-1.001, Florida Administrative Code. The purpose of the CAFR is to report the financial position and the operations of the school system, including the blended component unit, and provide an overview of the discretely presented component units.

Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position, and changes in financial position of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the government's assets from losses, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

MSL, P.A. has issued unmodified opinions on the Duval County Public Schools' basic financial statements for the fiscal year ended June 30, 2020. The auditor's report is located at the front of the financial section of this report.

This CAFR contains the financial statements for all operations over which the School Board has oversight responsibility or is financially accountable. Potential component units were evaluated to determine whether they should be considered as part of the District's reporting entity. Based on established criteria, it was determined that 32 District-sponsored charter schools are component units of the District, requiring discrete presentation in the basic financial statements. Charter school applications and contracts are approved and monitored by the District throughout the

contract periods. Charter schools are funded by the State and Federal governments, and funds pass through the District for distribution to each charter school. Charter schools may also receive grants and donations that do not pass through the District's financial system. The District receives the majority of its operating funds through a State funding formula that is intended to equalize funding received from the State and local property tax between districts within the State. Charter schools operating through a contract with the District are provided with their proportionate share of these funds, based on the number of full-time equivalent students enrolled at the charter school. The Duval School Board Leasing Corporation is identified as a component unit requiring blended presentation in the basic financial statements. Additional information on this corporation is located in the notes to the financial statements (Section IV F – Long-Term Liabilities).

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The MD&A complements this letter of transmittal and should be read in conjunction with it. The District's MD&A can be found on page 4, immediately following the independent auditor's report.

PROFILE OF DUVAL COUNTY PUBLIC SCHOOLS

The District and its governing School Board were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. The District is an independent taxing and reporting entity; managed, controlled, operated, administered, and supervised by District school officials in accordance with Chapter 1003, Florida Statues, *Public K-12 Education*. The School Board consists of seven elected officials responsible for the adoption of policies, which govern the operation of the District's public schools. The School Board appoints the Superintendent who is responsible for the administration and management of the schools within the applicable parameters of State laws, State Board of Education rules, and School Board policies. Section 1010.01, Florida Statues, requires each school district to prepare and maintain financial records and accounts as prescribed by laws and rules of the State Board of Education.

The first school taxing district was created by Jacksonville, South Jacksonville, and adjoining suburban areas in 1914. Duval County Public Schools (DCPS) is the 20th largest school District in the United States, with 123,330 students enrolled during the 2019-20 fiscal year, and encompasses the entirety of Duval County as its geographical boundaries. The student body reflects the racial diversity of the surrounding county with 43 percent African-American, 34 percent Caucasian, 13 percent Hispanic, 4 percent Asian, and 6 percent other or biracial students. The District offers a variety of programs to students in grades K-12, including general education, exceptional student education, vocational training, and providing magnet schools and dropout prevention programs. The District also works with the juvenile justice system in order to provide educational services to children who are incarcerated or in a rehabilitation facility. During the 2019-20 year, the District operated 190 schools, 19 high schools, 3 alternative centers, 3 exceptional centers, and 2 virtual schools. For the 2020-21 fiscal year, the District projects it will enroll 130,229 students.

Although charter schools receive public funds, they operate independently of public school districts. Each charter school has its own board of directors and administrators. Each of the charter schools operating during the 2019-20 school year within the District provided an alternative choice with a specific educational focus. However, State law requires that all charters be issued by the local School Board and are under mandate that they receive no more than two consecutive "F" grades from the State Board of Education or else become subject to closure.

For the previous school year, the State Board of Education gave "A" grades to 54 District elementary, middle, and high schools. The District also had 41 elementary, middle, and high schools that received a "B" grade, for a total of 95 elementary, middle, and high schools that received an "A" or "B" grade. Overall, 42 elementary, middle, and high schools improved their grades. The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments (FSA). This model for school grades utilizes the new school grades model adopted for 2014-15, as well as the new learning gains components established by the FDOE. The school grading system focuses the school grading formula on student success measures such as achievement, learning gains, graduation, acceleration success, and maintaining a focus on students who need the most support. Due to Covid-19, the FDOE canceled K-12 assessments in March of 2020. The 2018-19 school grades were used for the 2019-2020 as well. Despite these unprecedented times, U.S. News & World Report Magazine included four District schools on its 2020 list of the top 500 high schools in the nation. The U.S. News & World Report ranking was based on a school's performance on State proficiency tests, Advanced Placement (AP) or International Baccalaureate (IB) participation rates, and the number of students who took and passed at least one individual AP or IB subject test. Stanton was ranked at #62, Paxon was ranked #195, Darnell Cookman Middle/High was ranked #250 and Douglas Anderson School of the Arts was ranked #261.

Duval County Public Schools is a full "Choice" District, with open enrollment to any of our District-operated schools. All our schools have a Choice theme, and have open enrollment if the school has not yet met its enrollment cap. In addition to neighborhood schools, the District also operates magnet programs and schools, special transfer option schools, and a virtual school that offers both full and part-time enrollments for students in grades K through 12. Our dedicated magnet programs have specialized themes, with admission through a prioritized lottery system, with few exceptions. We have several magnet programs at the high school level with admissions based on applications or audition. All of our IB, AICE, and Early College programs are determined by application, and student admission to our dedicated arts school is admissions-based. Transportation is provided to all dedicated magnet schools.

The District owns or controls 1,401 buildings, covering 3,560 acres around the County. The average age of the facilities is 62 years. In the last ten years, one K-8 and one high school were built. The District continues to renovate and repair existing facilities.

The District conducted a full review of the condition of District wide facilities. Duval County maintains and operates some of the oldest schools in the State, with an average age of 62 years. In order to fully understand the condition of our facilities, the District engaged an engineering firm

to conduct District wide inspections in order to complete the Facilities Condition Index (FCI) Report. The FCI provides detailed information per school campus and clearly identifies which schools are in need of the most repairs, the cost to repair, the current building value, school campus value, the physical condition and cost of replacement for all building support systems within a school.

An annual enrollment report is developed based on data collected on the twentieth day of school. This data is available for District leadership and the School Board for short term decision making. The District contracted with Cooperative Strategies to complete this long-term projection. This enrollment report incorporated past data and provided enrollment projections up to ten years in the future.

The third phase of the project is the development of a Master Plan Report, incorporating the latest FCI and projected enrollment data. This Report was completed Spring of 2019. The District now has a document that will provide District leadership and the School Board detailed and comprehensive information. The Master Plan provides recommendations for consolidations, construction of new schools/wings, and boundary changes. The development of this report was not done in isolation, it incorporates community meetings around the District and school level meetings involving School Advisory Councils, Parent Student Teacher Associations, Student Governments and other community stakeholders.

The District is the second largest employer in the Jacksonville Metropolitan Statistical Area, with an average of 11,461 full and part-time individuals employed during the 2019-20 year. Out of this total, 7,639 were instructional personnel.

GENERAL DESCRIPTION AND LOCATION

The District's boundaries correspond with those of Duval County. In 1968, Duval County consolidated its government with the City of Jacksonville, creating one of the largest cities in land area in the United States. Although there are a few small independent towns remaining, the City of Jacksonville and Duval County have become synonymous. Located on the Atlantic coast in Northeast Florida, Duval County has been consistently ranked as one of the best cities for business and trade.

The consolidated City covers over 841 square miles, which is the largest city by land area in the continental United States. The City is the 12th largest in the United States by population, with 985,460 people. Duval County is the 5th most populous county in Florida, with approximately 5 percent of the State's total population.

With 22 miles of beaches, 40 miles of waterfront along the Intracoastal Waterway, and 35 miles of the St. Johns River running the length of the county, Duval county boasts 1100 miles of navigable waterways. We are also home to the largest urban park system in the nation which includes 3 National Parks, 7 State Parks and more than 450 City Parks spanning over 80,000 acres.

Jacksonville is the home to an Amazon Fulfillment Center, Deutsche Bank, and FIS Global Solutions. In addition to other tourism, Duval is becoming known as a destination for health care

tourism, with a number of nationally recognized hospitals and health care centers, including Baptist, UF Health/Shand's, Mayo, Nemours and Wolfson Children's hospitals, and MD Anderson Cancer Center.

Jacksonville's deep-water port is one of the largest in the United States with 3 cargo terminals and a cruise terminal. Nationally, it is one of the busiest ports for total vehicle handling and it is Florida's largest container port complex. This has helped Jacksonville to become the leading transportation and distribution hub in the State. Recent initiatives are helping to expand the port, including a newly rebuilt heavy lift cargo berths and a major river deepening project to enable larger, deeper draft vessels to reach the new container berths. Major products passing through the port include lumber, phosphate, paper, wood pulp and automobiles. Although the City has a significant manufacturing industry, Jacksonville is also a major Southern center for trade, financial activities, and business services. The City is home to two major Naval bases - Naval Air Station Jacksonville and Naval Station Mayport.

As the City continues to grow, it has developed its arts and entertainment offerings for both the permanent population and a growing tourist industry. Jacksonville is home to the NFL's Jacksonville Jaguars and hosts the annual Florida/Georgia football rivalry. Many of the City's performing arts centers allow public school performances in order to increase the younger generation's appreciation of the arts. The Times-Union Center has been hosting to performances of Douglas Anderson School of the Arts Annual Extravaganza and the District's Celebration of the Arts. This is the fourth year for Fort Caroline Middle as a Visual and Performing Arts magnet program in the District.

Education is another major focus of the City, with 89.5 percent of the population being high school graduates, as compared to 88 percent of the State population, and 29.2 percent with a bachelor's degree or higher, as compared to 29 percent of the State population. Some of the higher-level educational facilities in the city include the University of North Florida, Florida State College at Jacksonville, Jacksonville University, Everest College, Edward Waters College and the Florida Coastal School of Law. In addition, museums such as the Museum of Science and History, Jacksonville Museum of Modern Art, and the Cummer Museum of Art and Gardens add to the City's educational experiences.

The Kids Hope Alliance is an independent agency of the City whose mission is to support families in their efforts to maximize their children's potential to be healthy, safe, educated and contributing members of the community by focusing on prevention, early intervention, and support programs for families and children. The Alliance's programs support good parenting, access to better nutrition, early learning, high-quality afterschool activities, summer camps, and help for children with special needs. Other initiatives include quality improvement work in early learning centers, developmental screenings for young children, mentoring, and mental health and case management services for children with barriers to success.

ECONOMIC CONDITIONS AND OUTLOOK OF LOCAL ECONOMY

State Economy

The State is rebounding with an increase in the housing market. Statewide median home sales prices have increased 13.2 percent over the past year as reported by Florida Realtors. Single family homes building permits have increased 2.80 percent statewide as reported by U.S. Census Bureau. Documentary Stamp Tax collections reflected a 2.10 percent increase from prior as reported by Economic and Demographic Research. Two key measures of employment are job growth and the unemployment rate. The job market in Florida continues to feel the effects of Covid-19 especially in the leisure and hospitalities industries.

Florida's unemployment rate continues to drift downward since the start of the global pandemic in March 2020. The state's average unemployment rate in June 2020 was 4.30 percent. This was lower than the nations average at 6.16 percent. The state unemployment rate was as low as 3.1 percent in March 2006 (the lowest unemployment rate in more than thirty years), and most recently peaked at 13 percent in April 2020 as the state was forced to shut down due to Covid-19.

Florida tourism is a major component of the state's economy ending 2019 with 131.4 million visitors. As the state was forced to shut down in April 2020, tourism dropped 35.20 percent attracting only 44.18 million tourists in comparison 68.2 million in the first half of 2019. Florida continues to work through the peaks and valleys of these unprecedented times.

Local Economy

Like the State economy, the local economy in Jacksonville felt the effects of Covid-19 having to close tourists like activities and businesses being on a "work at home" order during the second quarter of 2020. However, the sale of existing homes has been on a steady upswing with a small dip in the month of April 2020. This increase is twofold: people cooped up in their homes need more space if they're going to work out of their house more, and buyers from out of state who now realize they can work remotely from anywhere are moving to Florida where they've longed to relocate.

Although, the State and local economies are showing growth in certain sectors, a report published by ATTOM Data Solutions indicates a total of 8,892 U.S. properties started the foreclosure process July 2020, down 4 percent from the previous month and down 83 percent from a year ago due to the moratoria put in place by the federal and state governments.

The report also stated the following states had the highest foreclosure rate: Delaware, South Carolina, Maine, New Mexico and California.

Metro areas posting increases in foreclosure in July were Trenton NJ, McAllen TX, Davenport IA, Dayton, OH and Albuquerque NM.

Population Growth

Duval County has seen a steady population increase of 1.30 percent over the past year; however, the State's overall population has increased one percent. Florida's population remains at approximately 21 million resident mark as of July 2020 and is the 4th most populous state. In a recent summary from the Demographic Estimate Conference, Florida's population between April 2018 and April 2024 are expected to grow by an average of 330,605 residents per year.

As previously mentioned, Duval County is currently the 5th most populous county in the State, with approximately 4.6 percent of the State's population. There was an increase in population from 970,672 in 2019 to an estimated 985,640 in 2020, or a 1 percent increase. Duval County is expected to have an estimated population increase of 1.2 percent per year from 2020 to 2025. This is in line with the State's estimated population increase of 5.1 percent for the same time period. The District is forecasting an increase in full time equivalent student enrollment of 132,228 in the 2020-21 fiscal year compared to 130,330 full time equivalent student enrollment for 2019-20.

Employment

The City of Jacksonville has worked to attract new businesses to the area. However, due to Covid-19 the unemployment rate increased to 9.70 percent as of July 2020 compared to 3.40 percent as of June 2019 or an increase of 6.30 percent. As of June 2020, the average unemployment rate for the State of Florida was 4.30 percent. Median family income increased from \$60,669 to \$62,025. This compares favorably to the State's median family income of \$64,003.

Over the past few years, Florida industry diversification number has gone from the bottom half of the states to now in the top 20 of all sates in the country. One of the reasons for this is Florida has been growing manufacturing jobs at nearly three times the rate of the United States as a whole. This is an important factor to increase the success of the school system.

MAJOR INITIATIVES

District Goals

The District adopted a strategic plan aligning all of its strategic goals around the vision and mission of the District. The District's vision statement is: *Every student is inspired and prepared for success in college or a career, and life.*

The District's mission is: To provide educational excellence in every school, in every classroom, for every student, every day.

In order to support the District vision and mission, the District has adopted four core values. These core values are:

Responsibility

We foster learning that leads to independence by upholding individual and collective commitments to creating a community of learners.

> Knowledge

We foster lifelong learning in children and adults to be prepared to participate in the global economy.

> Trust

We foster positive relationships based on mutual respect, transparency, honesty, and the consistent demonstrations of actions.

➤ Compassion

We foster an environment of equity and empathy that honors differences and values diversity.

Aligning with the vision, mission and core values of the strategic plan, the Superintendent developed four strategic goals, with various strategies from which all initiatives and individual goals are being developed around. The four strategic goals and strategies are:

Intentional Focus on Student Achievement

Strategies -

- Promote student engagement through safe, nurturing, and enriching learning environments.
- Provide rigorous and vetted curriculum through differentiated learning opportunities.
- Expand and improve well-rounded opportunities for the development of the whole child.

> Develop and Retain High Performing Team Members

Strategies -

- Recruit and retain a diverse team of high-quality personnel.
- Provide all team members with the opportunity and support to develop professionally.
- Build capacity within the organization to support succession management.
- Sustain Engagement of Parents, Caregivers, and Community Strategies –
 - Provide resources and opportunities to increase Districtwide volunteerism, stakeholder awareness, and family engagement.
 - Create a welcoming and responsive environment for all stakeholders through high quality customer service.
 - Expand and ensure alignment and sustainability between District priorities and government and community organizations.

Ensure Effective, Equitable, and Efficient Use of Resources Aligned to Improved Student Outcomes

Strategies -

- Ensure our facilities and grounds are maintained in a manner that creates a positive learning and working environment for both our students and employees.
- Provide all schools and departments with the technology, the materials, and the equipment needed to meet the needs of students.
- Ensure the use of District funds is transparent, strategic, and aligned to priorities.

As the strategic plan drives performance, the plan is expected to create significant progress in many areas with emphasis on absenteeism, graduation rates and promotion rates.

FINANCIAL INFORMATION

Long-term Financial Planning

Duval County Public Schools continues to carefully manage its financial resources. Maintaining adequate fund balances, solid debt ratings, and fiscal restraint are critical success factors in this endeavor. In terms of State, the District ranks near the middle of all school districts in Florida (29th out of 67 districts).

As an intricate part of long-term financial planning, the District has an ongoing five-year plan for construction and maintenance projects, which is part of a 15-year master work plan. The District, with the involvement of the community, developed the 15-year master plan, which was accepted by the School Board. The master plan evaluated enrollment growth, class size reduction, building conditions, and program considerations, and then determined how to best deal with these factors, including building new schools, major renovations and modernizations, and additions. The half-cent sales surtax will be on the November 2020 voting ballot. If passed by the community, this will serve as the mainstream of revenue for the master plan.

Limited revenue from the State, cost increases for health care, class size compliance, professional development training for new teachers and staff, charter school competition, and the need to pay teacher salaries competitively with neighboring districts, including Southeastern Georgia, has put significant pressure on the operating fund. Similarly, capital funds are pressured by increased construction cost, increased technology requirements, limited capital outlay millage levies from 2.000 mills to 1.500 mills, reduced funding from Public Education Capital Outlay funding, and technology infrastructure refresh requirements. The District's school facilities have the 2nd highest average age of any regular K-12 school district in Florida.

Budgetary Controls

The District maintains comprehensive budgetary controls. In 2017 the District adopted the "Proposed Financial Plan for Addressing Budgetary Practices & Processes" establishing improved budgeting guidelines and process. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the School Board. Activities of all governmental fund types are included in the annual appropriated budgetary control is maintained for individual accounts or groups of accounts within each school or department through the use of an encumbrance accounting system. The process uses a test for availability of funds that precludes any requisition from becoming a purchase order, if the account or account group would be overspent. Encumbrances are reappropriated as part of the following year's budget.

To provide budgetary control for salaries, the District utilizes a centralized position control system. On an annual basis, the School Board adopts a District staffing plan that establishes teaching positions based generally on student populations served. In addition, new support and administrative positions are created based on established criteria.

Internal Controls

District management is responsible for designing and maintaining internal controls to ensure that the assets of the District are protected from loss, theft, or misuse, and that accounting data compiled for the formation of financial statements are in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by management. Both management and employees of the District are required to periodically review internal controls, and evaluate whether additions or changes are cost effective and should be made to strengthen controls.

Independent Audit

MSL P.A. performed the audit for the fiscal year ended June 30, 2020. The audit was conducted under the United States' Generally Accepted Auditing Standards (GAAS), and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

OTHER INFORMATION

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to Duval County Public Schools for its CAFR for the fiscal year ended June 30, 2019. This was the 19th consecutive year the District achieved these prestigious awards. To be awarded the Certificate of Achievement and the Certificate of Excellence in Financial Reporting, a government entity must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both GAAP and applicable legal requirements.

The Certificate of Achievement and the Certificate of Excellence are valid for a one-year period. We believe that our current CAFR continues to meet the Certificate of Achievement and Certificate of Excellence programs' requirements.

We are submitting this report to GFOA and ASBO to determine eligibility for these prestigious awards.

Acknowledgments

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire Business Services staff. We give special thanks to Budget & Financial Services, Communication Services, Curriculum and Instruction Services, and all other departments that provided assistance and support throughout the preparation of this report.

In closing, we would like to thank the members of the School Board for their strong and effective leadership in planning and conducting the financial operations of the District.

Respectfully submitted,

Dr. Diana L. Greene Superintendent of Duval County Public Schools

Michelle G. Begley, CPA

Chief Financial Officer

Stephanie J. Riviello Executive Director, Financial Services

BOARD MEMBERS

Non-Partisan – Elected

District 1 - The Honorable Dr. Kelly Coker

Present term began Present term expires Began as a Board member November 2020 November 2024 November 2020

Dr. Kelly Coker is an accomplished educator with the knowledge and desire to make our schools better for children. Dr. Coker began her career as a middle school teacher with the Duval County Public Schools. Over the next 27 years, she went on to serve as a Principal of two middle schools, Executive Director of Middle Schools, Region Superintendent of K-12 Schools, Region Chief of High Schools, and, most recently, Assistant Superintendent. During her career, she expanded school choice options for all children, oversaw a 29 million-dollar budget, and led multiple divisions across the school district. Working with parents, local business leaders, and school principals, she was able to establish new workforce development programs, expand dual enrollment options, and achieve record high district graduation rates.

Dr. Coker is a 4th generation Jacksonville native who has lived in School Board District 1 her entire life. She received her bachelor's degree from the University of Florida, master's degree from Jacksonville University, and doctoral degree from the University of North Florida. Dr. Coker currently serves on the Board of Directors for the Jacksonville Zoo and Gardens. She is also on the Leadership Team for Leadership Jax. She and her husband of 27 years continue to live in the neighborhood where she grew up. They are the proud parents of a daughter who recently graduated from Duval County Public Schools and now attends the University of Virginia.

District 2 - The Honorable Elizabeth Andersen - Chairwoman

Present term began Present term expires Began as a Board member November 2018 November 2022 November 2018

Ms. Elizabeth Andersen is a former Duval County Public Schools educator, current small business owner, mental health counselor, wife and mother. Raised in Arlington, she attended Arlington Heights Elementary School, Arlington Middle School and Terry Parker High School. Andersen obtained her Bachelor of Arts degree in English with a concentration in Psychology from the University of Florida. After graduation, in search of a meaningful and fulfilling career path, she decided to become an educator. Andersen taught in Alachua County for one year, but ultimately found her future at home in Jacksonville. She continued her teaching career in Duval County - teaching English at both Terry Parker High School and Edward H. White High School. There, she served as a lead teacher and had the opportunity to participate in curriculum writing and development. As a result, she has a clear understanding of the rigorous academic demands on both teachers and students.

District 3 - The Honorable Cindy Pearson

Present term began Present term expires Began as a Board member November 2020 November 2024 November 2020

Ms. Cindy Pearson is a Jacksonville native who attended Duval County Public Schools K-12. She and her husband Scott have three students in DCPS schools. For the past 8 years, she has been an active parent volunteer on the elementary, middle, and high school levels.

Cindy holds a BA in English from Florida State University and an MS in Recreation Studies from University of Florida. She has worked for a city government and for a faith-based not-for-profit organization.

Cindy brings experience in mobilizing parents and community members to support local schools. She looks forward to building a broad coalition of people who care about our public schools. She

believes that we need to hear from many voices and many perspectives on how to create a countywide system of thriving schools.

District 4 - The Honorable Darryl Willie - Vice-Chairman

Present term began Present term expires Began as a Board member November 2018 November 2022 November 2018

Mr. Darryl Willie is a proud military child that has attended both low and high performing public schools. He has used the education he was afforded to work passionately for students for the past 15 years. He comes from a family of educators and deeply understands the value and potential of high-quality public education. As a former teacher, he has taught in both K-12 and university settings. He knows what it takes to prepare students to be successful on various levels. In his current role, he recruits, selects and trains new teachers and education leaders for Title I schools in Duval County. His "on the ground" experience has allowed him to partner with Duval County Public Schools Human Resources and certification staff, Principals, Duval Teachers United, parents, veteran teachers, and other invaluable community and school-based partners.

District 5 - The Honorable Warren A. Jones

Present term began Present term expires Began as a Board member November 2020 November 2024 November 2016

Mr. Warren A. Jones represents District 5 and believes that having a well-educated and qualified workforce is a critical consideration for businesses that are looking to locate or expand in Jacksonville. He graduated from the University of Florida with a Bachelors of Arts degree in Political Science. During his 28 years as a Jacksonville City Council Member, he served as a member or Chairman of various standing committees and special committees and was also elected as City Council President in 1991 and 1992. As a City Council Member, he supported education through partnering with community associations and the Duval County Public Schools to provide funding for swimming pools, walking trails, and playground equipment for various schools. He

currently serves as a board member for Visit Jacksonville and Gateway Community Services. He has also coached the Redcaps youth baseball team for the Paxon Improvement Association and previously served as a board member for Jacksonville Electric Authority, the Museum of Science and History, Jacksonville Zoo and Gardens, Northeast Florida Community Action Agency, Jacksonville Area Legal Aid, Lackawanna Community Association, and Paxon Improvement Association. He resides on the Westside with his wife Vanessa, who has retired from Duval County Public Schools.

District 6 - The Honorable Charlotte Joyce

Present term began Present term expires Began as a Board member November 2018 November 2022 November 2018

Ms. Charlotte Joyce was born and raised on Jacksonville's westside and is deeply invested in her community, particularly in our children's education. She attended Joseph Stilwell Jr. High (now the Joseph Stilwell Military Academy of Leadership) and graduated from Ed White High School.

After graduating from the University of North Florida, magna cum laude, with a Bachelor of Arts degree in political science, Charlotte began her teaching career at Stilwell. Before that, she was a homeschool mom, and also spent many years as a substitute teacher. She has had the privilege of instructing students all of the district in many of the classrooms around our city.

As an educator, Charlotte has a first-hand appreciation for the joys and challenges that are common to all students and teachers. As a Magnet Coordinator, Charlotte developed an in-depth understanding of academic and discipline data, the budget process, market development, ESE training, and student incentive promotions, and the need for parental involvement.

In 2014, Joseph Stilwell became a dedicated magnet school. Because of Charlotte's experience as a "magnet school mom" – her own children attended Duval County Magnet Schools – she knew that successful schools require invested parents. She founded the Leadership Booster Club at Stilwell to develop community support and raise money for the magnet program. The Booster Club has played a vital role in funding the school's leadership program. As the former parent liaison, she also oversaw parent groups such as SAC and PTSA. One of her children is a proud Stilwell cadet.

Charlotte has five children of her own and understands a parent's desire to have his/her children delivered a world-class education. Experience has taught her that each child is unique and, as a result, may need a specialized program to maximize the likelihood of success. For this reason,

Charlotte is a champion for school choice. She has witnessed, in the transformation of Joseph Stilwell, how Duval County's magnet school program has transformed communities and lives.

Charlotte also enjoys advocating for agricultural education in our community. She works with Duval County Farm Bureau's women's leadership program in furtherance of that commitment.

District 7 - The Honorable Lori Hershey

Present term began Present term expires Began as a Board member November 2020 November 2024 November 2016

Ms. Lori Hershey is a champion for students and public education. Leading for over two decades, on School Advisory Councils, Booster Boards, PTSA Boards, Strings on the River and DCPS School Safety and Security Advisory Committee. Making a difference for children has been central to her multi-faceted career as she has worked with non- profit organizations like Communities in Schools and The Jacksonville Children's Commission. Ms. Hershey is an educator at heart and a former middle school teacher who is certified in Critical Thinking Strategies and Instructional Design by the National Institute for Teaching Thinking. Ms. Hershey values opportunities for students to participate in fitness. She has written grants to support run/walk programs for students in Duval and Clay Counties which impacts 18,000 students annually. Ms. Hershey received the Judges Choice Award in 2014 for grant writing. A licensed real estate agent since 2001. Her license is currently with Watson Referral Realty. During her first year on the board Ms. Hershey earned over 50 of the 96 hours of professional development required to become a certified board member. She has been recognized as an Emerging Leader by the Florida School Board Association. Ms. Hershey is a leader with the Florida School Board Association serving on the Federal Relations Network Subcommittee, Finance Committee, and is the Board Legislative Committee and the Board of Directors. Ms. Hershey's commitment to public education extends to the national level where she serves on the Board of Directors for the Council of Great City Schools. A graduate of Stetson University Ms. Hershey is a true lifelong learner. She holds a Master's degree in Public Administration and is currently working on her Doctoral degree through Grand Canyon University. Ms. Hershey lives in Mandarin with her husband Scott. All four of their children are graduates of Duval County Public Schools.

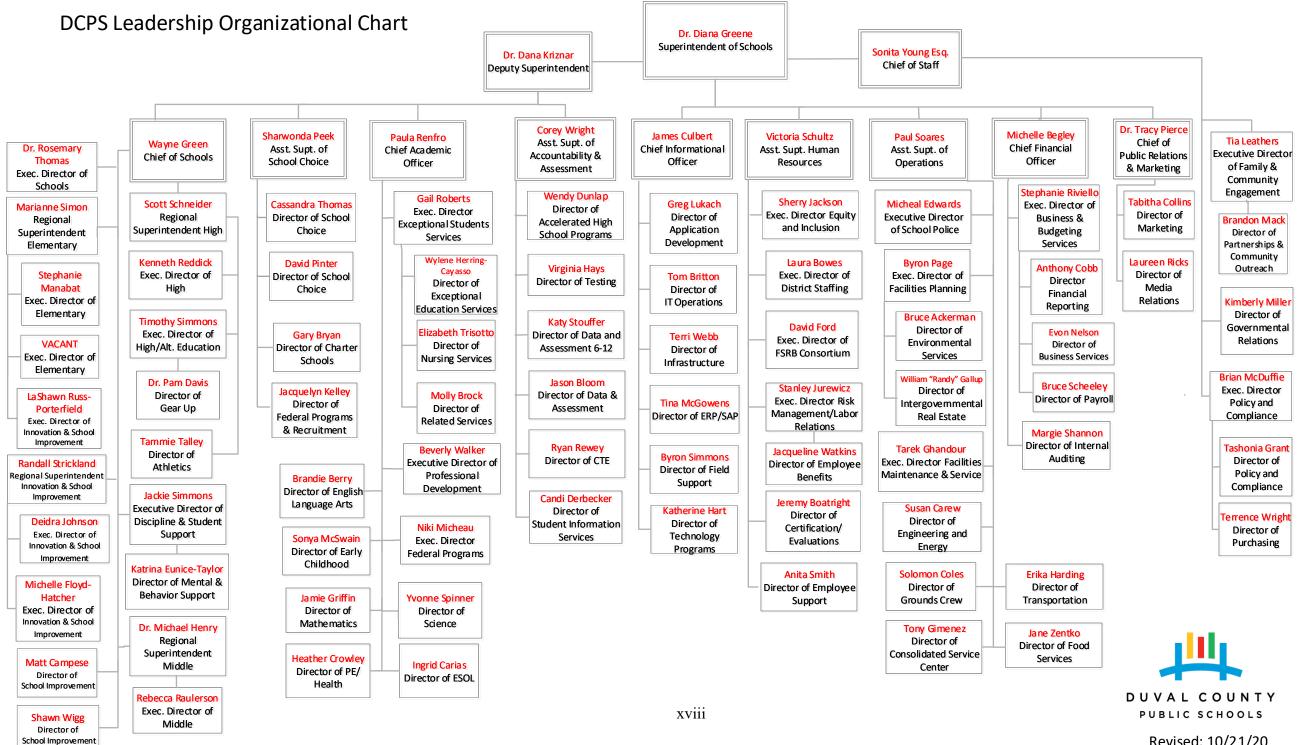

Dr. Diana L. Greene became Superintendent of Duval County Public Schools (DCPS), the 20thlargest school district in the nation on July 1, 2018 and serves 130,000 students within 200 schools and manages a \$1.7 billion-dollar budget. Prior to her work in Duval, she was the Superintendent of the School District of Manatee County, where she made significant strides forward academically, financially and in terms of its public perception.

Known for her positive nature and engaging personality, Dr. Greene initiated her time as Superintendent in Manatee County by putting forward a leadership plan that consisted of what she named the Five C's: Calmness, Consistency, Civility, Confidence and Community. Leading by example, Dr. Greene has overseen a district that has improved academically to the point that it received

a B grade from the state two of the last three years (2015, 2017), after receiving a C grade the previous three years, even in the face of more rigorous standards. In addition, the Manatee District's graduation rate rose 5.6% during the 2015-2016 school year, and was 2.8% higher than the statewide graduation rate.

On the financial front, the Manatee District's fund balance (reserve fund) increased from \$17.3 million to more than \$25.5 million in the last three years, causing global credit ratings leader Fitch Ratings to raise its financial rating of the District two times in the last three years. Those accomplishments led directly to the passage of two separate countywide tax referendums in a span of 16 months. The first came on November 8, 2016, when Manatee County voters approved the renewal of a 15-year half-cent sales tax to help fund school district capital needs. The second came on March 20, 2018, when voters approved a four-year, one-mill property tax increase to help fund more competitive teacher and staff pay, and to add a half-hour of instruction for students each day. Combined, the referendums are expected to add more than \$60 million annually to the District's budget.

Prior to becoming Superintendent, Dr. Greene served as Deputy Superintendent of Instructional Services in Manatee County. During her 33-year career as an educator, she has spent time as a teacher, assistant principal, principal as well as in curriculum development, staff development and in senior executive leadership. On a personal note, Dr. Greene is the daughter of a father who served in the Air Force, and she grew up living in locations all over the United States and abroad. She is married to James Greene, an independent financial advisor, and they have two sons, Aldon and Joshua.

DUVAL COUNTY

PUBLIC SCHOOLS

INDEPENDENT AUDITOR'S REPORT

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Duval County Public Schools (the "District") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discreetly presented component units, which comprises 100 percent of the assets, net position, and revenues of the discretely presented component units of the District. Those financial statements were audited by other auditors, whose reports have been furnished to us and, our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison for the general fund, other federal programs fund and the food service fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis-of-Matter – Prior Period Adjustment

As discussed in Note III to the financial statements, in the year ended June 30, 2020, the District made an adjustment to correct prior year interest revenue allocations which required the restatement of the July 1, 2019 fund balance in various funds. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, OPEB Schedule, and Pension Schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The introductory section, combining and individual major and nonmajor fund financial statements and schedules, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of receipts and expenditures of City of Jacksonville grant funds – budget and actual as listed in the table of contents are presented for purposes of additional analysis as required by the Ordinance Code of the City of Jacksonville (Section 118 Part 2) and are not a required part of the basic financial statements.

The combining individual financial statements and schedules and the schedule of receipts and expenditures of City of Jacksonville grant funds – budget and actual are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements and schedules and the schedule of receipts and expenditures of City of Jacksonville grant funds – budget and actual are fairly stated, in all material respects, in relation to the financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Orlando, Florida December 18, 2020

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

The management of the Duval County Public Schools has prepared the following discussion and analysis to provide an overview of the District's financial activities for the fiscal year ended June 30, 2020. The information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions and should be considered in conjunction with the District's financial statements found immediately following the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2019-20 fiscal year are as follows:

- The District's total assets and deferred outflows of resources exceeded total liabilities and deferred inflows of resources on June 30, 2020, by \$372,519,578 (net position).
- In total, net position decreased \$19,113,089 or 4.9 percent, from \$391,632,676 as of June 30, 2019, to \$372,519,587 as of June 30, 2020.
- ➤ The District's total government-wide revenues of \$1,315,060,542 were comprised of general revenues of \$1,244,934,626 or 94.7 percent of total revenues, and program specific revenues from charges for services, operating grants and contributions, and capital grants and contributions of \$70,125,916 or 5.3 percent of total revenues. This compares to the prior fiscal year with government-wide revenues of \$1,282,770,251 which were comprised of general revenue, \$1,196,271,706, or 93.3 percent of total revenues, and charges for services, operating grants and contributions of \$86,498,545, or 6.7 percent of total revenues.
- The District's total government-wide expenses of \$1,334,173,631 were offset by program specific revenues of \$70,125,706. The remaining expenses were funded from general revenues. In the prior fiscal year, total expenses of \$1,277,842,207 were offset with program specific revenues of \$86,498,545.
- The District's capital asset-related long-term debt decreased by a net amount of \$10,993,824, or 2.9 percent from \$385,246,075 on June 30, 2019, to \$374,252,251 on June 30, 2020. The District's investment in capital assets (net of accumulated depreciation) decreased by \$26,296,022, or 2.7 percent, from its balance of \$973,869,316 on June 30, 2019, to \$947,573,294 on June 30, 2020.
- The District's governmental funds reported combined ending fund balances of \$237,490,789, an increase of \$44,846,971, or 23.3 percent, in the 2019-20 fiscal year in comparison with the prior fiscal year's fund balance of \$192,643,818.
- The General Fund total fund balance was \$113,956,523 as of June 30, 2020, and represents an increase of \$30,576,606, or 36.7 percent, as compared to the prior fiscal year's balance of \$83,379,917.
- The General Fund assigned and unassigned fund balance totaled \$82,358,505 at June 30, 2020, or 8.1 percent of total General Fund revenues. For the 2018-19 fiscal year, the General Fund assigned and unassigned fund balance in the General Fund was \$59,651,602 or 6.0 percent of total General Fund revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS

The basic financial statements consist of three components: (1) government-wide financial statements; (2) fund financial statements; and (3) notes to financial statements. This report also includes supplementary information intended to furnish additional details to support the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental and business-type activities of the District presented on the accrual basis of accounting. The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources, using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The government-wide statements present the District's activities in the following categories:

- Governmental activities This represents most of the District's services, including its educational programs: basic, vocational, adult, and exceptional education. Support functions such as transportation and administration are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- Business-type activities this represents services and activities of the Florida School Retiree Benefits Consortium (FSRBC) enterprise fund.
- The District presents aggregate financial information for 32 charter schools, which are separate legal entities, in this report. Although legally separate organizations, the component units are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government.
- The Duval School Board Leasing Corporation (Leasing Corporation), although also a legally separate entity, was formed to facilitate financing for the acquisition of facilities and equipment for the District. Due to the substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This contrasts with the entity-wide perspective contained in the government-wide statements. The District's funds may be classified within one of the broad categories discussed below.

<u>Governmental Funds</u>: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing the government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds. The District's major funds are the General Fund, Special Revenue – Other Federal Programs Fund, Special Revenue – Food Service Fund, Debt Service – Other Debt Service Fund, Debt Service – ARRA Economic Stimulus Fund, and Capital Projects – Local Capital Improvement Fund. Data from the other governmental funds are combined into a single, aggregated presentation.

Proprietary Funds: Proprietary funds may be established to account for activities in which a fee is charged for services. The District maintains two different types of proprietary funds - internal services funds and an enterprise fund. Internal service funds are used to accumulate and allocate costs internally among the District's various functions. The District uses its internal service funds to account for its self-insurance programs, including workers' compensation, general liability, automobile liability, health and hospitalization, and District printing operations. The District's internal service funds are included within governmental activities in the government-wide financial statements because the services predominantly benefit the District's governmental functions. The internal service funds are combined into a single, aggregated column in the proprietary fund financial statements. The enterprise fund is used to account for resources held as fiscal agent for the Florida School Retiree Benefits Consortium (FSRBC).

Fiduciary Funds: Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes. The District's fiduciary funds are the trust fund used to account for Gear Up Scholarship programs and the agency funds used to account for the resources held in the school internal funds for student activities.

Notes to the Basic Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's other postemployment benefits and net pension liabilities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial health. The following is a summary of the District's net position as of June 30, 2020, compared to net position as of June 30, 2019:

| | | rnmental tivities | Business-Type Activities 0 6/30/2020 6/30/2019 | | | |
|--|-------------------------------|----------------------|--|------------------------|-------------------------------|-------------------------------|
| | 6/30/2020 | 6/30/2019 | | | 6/30/2020 | 6/30/2019 |
| Current and Other Assets Capital Assets | \$ 407,545,543 947,554,746 | | \$ 919,513 18,548 | \$ 1,083,244 25,293 | \$ 408,465,056 947,573,294 | \$ 361,109,610 973,869,316 |
| Total Assets | 1,355,100,289 | 1,333,870,389 | 938,061 | 1,108,537 | 1,356,038,350 | 1,334,978,926 |
| Deferred Outflows of Resources | 204,039,887 | 229,596,178 | | | 204,039,887 | 229,596,178 |
| Long-Term Liabilities | 1,043,130,506 | 1,041,208,871 | - | - | 1,043,130,506 | 1,041,208,871 |

Net Position, End of Year

The largest portion of the District's net position is investment in capital assets (e.g., land; buildings; furniture, fixtures, and equipment), less any related debt still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

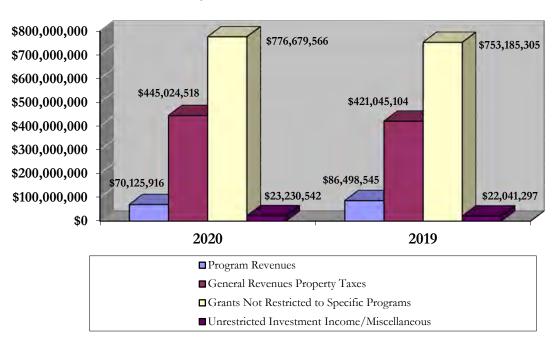

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The deficit unrestricted net position was the result, in part, of accruing certain long-term liabilities (such as compensated absences, pension, and other postemployment benefits) that are funded on a pay-as-you-go basis. However, the District has sufficient current assets to meet current liabilities.

The District's total net position decreased by \$19,113,089 during the 2019-20 fiscal year. The decrease represents the degree to which ongoing expenses have exceeded ongoing revenues. Details of the revenues and expenses composing the increase are as follows:

| - P | 0 | ts for the Fi | | ss-Type | | |

The State's Florida Education Finance Program (FEFP) and local property taxes provide the majority of the District's revenues for current operations. These revenues are included in general revenues, which provide

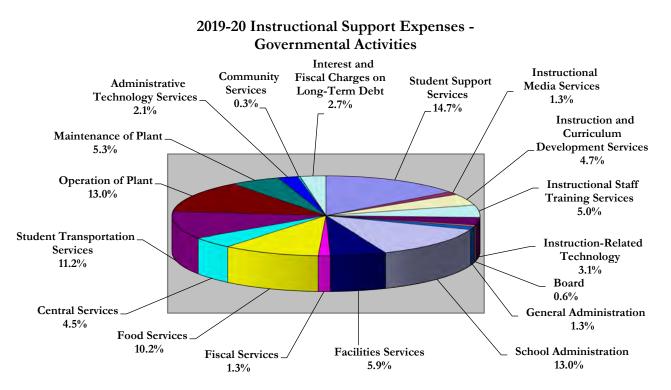

94.7 percent of total revenues, whereas program revenues provide only 5.3 percent. Most program revenues (79.4 percent) are in the food services activity.

Revenues by Source - Governmental Activities

The FEFP funding formula is used to allocate State revenue sources for current District operations and, utilizing student enrollment data, is designed to maintain equity in funding across all Florida school districts recognizing varying (1) local property tax bases; (2) education program costs; (3) costs of living; and (4) costs for equivalent educational programs due to sparseness and dispersion of the student population. Grants and contributions not restricted to specific programs revenues increased by \$23,494,261, or 3.1 percent, primarily due to an increase in FEFP revenues from the State. Revenues from property taxes increased by \$23,979,414, or 5.7 percent, as a result of increases in taxable property values.

Direct instructional activities represent the majority of the District's expenses, representing approximately 59.3 and 58.3 percent, respectively, of total expenses of governmental activities for the 2019-20 and 2018-19 fiscal years. Instructional activities expenses increased \$45,484,992 or 6.1 percent, partially due to increased expenditures for salaries and benefits. Overall, total expenses increased by \$56,332,627 or 4.4 percent.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted previously, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management.

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Specifically, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance that has not been limited to a particular purpose by an external party, the District, or a group or individual delegated authority by the Board to assign resources for particular purposes.

As of June 30, 2020, the District's governmental funds reported combined ending fund balances of \$237,490,789 or an increase of \$44,846,971 in comparison with the prior fiscal year. Fund balance increases were attributable mostly to the General Fund. Approximately 28.9 percent of total fund balance is unassigned, \$68,674,168, which is available for spending at the District's discretion. The total governmental fund balance can be broken down as follows: \$6,171,750 as nonspendable, \$148,960,534 as restricted, \$13,684,337 as assigned, and \$68,674,168 as unassigned. See the financial statement notes for more detail on the breakdown and category status (Note IV.L., Fund Balance Reporting).

The District's total governmental fund revenues increased by \$31,510,513 or 2.5 percent in comparison to the prior fiscal year. The District's total expenditures increased by \$8,546,562 or 0.7 percent.

Major Governmental Funds

The General Fund is the District's chief operating fund. At the end of the current fiscal year, unassigned fund balance is \$68,674,168, while the total fund balance is \$113,956,523. As a measure of the General Fund's liquidity, it may be useful to compare the total assigned and unassigned fund balances to General Fund total revenues. The total assigned and unassigned fund balance is 8.1 percent of the total General Fund revenues, while total fund balance represents 11.2 percent of total General Fund revenues.

Total General Fund fund balance increased by \$30,576,606 or 36.7 percent, as compared to the prior fiscal year. Key factors impacting the change in fund balance are revenues increased \$22,164,956, mainly from an increase in property taxes related to increased taxable property values and increased funding for Florida Education Finance Program, while expenditures only increased \$11,509,150, and a higher beginning fund balance.

The Special Revenue – Other Federal Programs Fund has revenues of \$106,213,938, transfers in of \$38,223, and expenditures of \$106,252,161. Funding was mainly used for instruction. Because grant revenues are not recognized until expenditures are incurred, this fund does not accumulate a fund balance.

The Special Revenue – Food Service Fund had a total fund balance of \$16,833,837. The nonspendable portion of the fund balance of \$1,751,806 is for United States Department of Agriculture donated food and supplies inventories, and the remainder of the fund balance of \$15,082,031 is restricted for the preparation and distribution of student and adult meals. Of this amount, \$2,274,278 has been encumbered for specific purposes. The increase in fund balance of \$937,305, as compared to the previous fiscal year fund balance, is due primarily decreased expenditures and transfers and a higher beginning fund balance.

The Debt Service – Other Debt Service Fund has a total fund balance of \$35,374,487, which is restricted for the payment of debt service on all certificates of participation issued. The fund balance increased \$3,978,318, mainly due to increased investments with fiscal agents.

Debt Service – ARRA Economic Stimulus Fund has a total fund balance of \$31,090,618, which is restricted for the payment of debt principal, interest, and related costs of Qualified School Construction Bonds and 2012 Qualified Zone Academy Bonds. The fund balance increased \$4,879,505 mainly due to increased investments with fiscal agents.

The Capital Projects – Local Capital Improvement Fund has a total fund balance of \$25,315,197, which is restricted for the acquisition, construction, and maintenance of capital assets. The fund balance increased \$2,179,423 from the prior fiscal year balance of \$23,135,774. It should be noted that \$18,696,708 of total fund balance has been encumbered for specific projects.

Proprietary Funds

The District's proprietary funds financial statements are presented on the same accounting basis as the government-wide financial statements. The Internal Service Funds' net position totaled \$102,400,818, of which \$92,285,131 was reported as unrestricted for employee health insurance benefits and \$10,115,687 was reported as unrestricted for worker's compensation, at the end of the current fiscal year. The District experienced an increase in net position of \$1,166,782, or 1.2 percent, mainly due to decreased expenditures for Worker's Compensation claims. The net position of the Florida School Retiree Benefits Consortium

was virtually unchanged with a decrease of \$6,745.

Fiduciary Funds

The District's Private-Purpose Trust Fund had a fiscal year-end net position of \$55,020, with \$1,341 spent on scholarships and fees during the 2019-20 fiscal year.

The District also has Agency Funds which are used to account for resources held for the school internal funds. The Agency Funds had assets of \$7,152,790 on June 30, 2020, an increase of \$723,066, or 11.2 percent in comparison to the prior fiscal year.

GENERAL FUND BUDGETARY HIGHLIGHTS

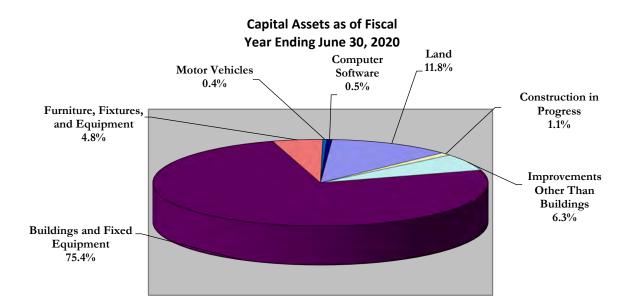

Over the course of the fiscal year, the District revises its budget to address unanticipated changes in revenues and expenditures. Differences between the General Fund original budget and the final amended budget were not significant for either revenues or expenditures. Projected revenues decreased by \$21,682,116, or 2.1 percent (\$1,038,199,873 to \$1,016,517,757). Projected expenditures decreased by \$17,077,374, or 1.5 percent (\$1,121,078,201 to \$1,104,000,827) mainly due to fluctuations and adjustments in District's requirements, initiative, and programs.

Actual General Fund revenues of 1,015,502,489 were \$1,015,268, or 0.1 percent less than final budgeted amounts, and actual expenditures of \$1,021,696,937 were \$82,303,890, or 7.5 percent less than anticipated. The District continuously reviews cost saving measures and incremental increases in expenditures to avoid budget shortfalls. The variance between the General Fund's budgeted and actual expenditures reflects the District's practice to fully appropriate all potential obligations. The actual ending fund balance exceeded the estimated fund balance in the final budget by \$79,272,180. This provides maximum flexibility in funding for the General Fund to meet shortfalls in revenue and additional expenditure requirements.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The District's investment in capital assets (net of accumulated depreciation) as of June 30, 2020, totaled \$947,573,294. The capital assets include land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; audio visual materials; and computer software. The investment in capital assets (net of accumulated depreciation) decreased during the current fiscal year by \$26,296,022, or 2.7 percent.

Major capital asset additions during the current fiscal year included new equipment, construction, remodeling, renovations, and site improvements at several schools and other facilities, including ongoing district-wide infrastructure and roofing projects.

Additional information on the District's capital assets can be found in the notes to the financial statements (Note IV.E., Changes in Capital Assets).

Long-Term Debt

The District had total long-term debt outstanding of \$374,252,251 at the end of the current fiscal year. The debt consisted of State School Bonds and Certificates of Participation, which include Qualified Zone Academy Bonds (QZABs) and Qualified School Construction Bonds (QSCBs), as shown below:

| | 2020 | 2019 | (| Increase Decrease) |
|-------------------------------------|-------------------|-------------------|----|-----------------------|
| State School Bonds | \$ - | \$ 18,000 | \$ | (18,000) |
| Certificates of Participation: | | | | |
| First Issues and Refundings | 251,663,251 | 260,868,109 | | (9,204,858) |
| Qualified School Construction Bonds | 42,574,000 | 44,344,966 | | (1,770,966) |
| Qualified Zone Academy Bonds | 80,015,000 | 80,015,000 | | - |
| Total Long-Term Debt | \$ 374,252,251 | \$ 385,246,075 | \$ | (10,993,824) |

Long-Term Debt Outstanding at Year-End

The District's total long-term debt decreased 2.9 percent. Changes in long-term debt were comprised of scheduled principal payments and related amortizations.

Additional information on the District's long-term debt can be found in the notes to the financial statements (Note IV.F., Long-Term Liabilities).

OTHER MATTERS OF SIGNIFICANCE

The following factors were considered in preparing the District budget for the 2019-20 fiscal year:

- The District relies heavily on local property taxes collected as a major source of funding. The housing market within Duval County has improved during the 2019-20 fiscal year. The median sales price of existing homes increased by 6.4 percent. The certified taxable value of property in the County for fiscal year 2019-20 was \$74,827,069,162. The certified value for fiscal year 2020-21 is \$79,583,630,855.
- The District's total millage rate decreased from 6.293 in fiscal year 2018-19 to 6.15 mills for the 2019-20 and again decreased in fiscal year 2020-21 to 5.905.
- The total District budget for 2020-21 is \$1.954 billion compared to \$1.826 billion in 2019-20. This is a 7.0 percent increase attributable to additional Federal, State, and Local funding.
- Voters approved a half cent sales tax referendum to fund upgrading the District's ageing schools through repairs and modernization and to keep schools safe. The tax is expected to raise nearly \$2 billion over the next 15 years.
- In the 2019-20 fiscal year, there were 32 charter schools. Full-time equivalent (FTE) dollars flow to the charter schools based on the number of FTE students. Over the last five years, charter school FTE has grown from 10,834 in fiscal year 2014-15 to 17,445 in fiscal year 2019-20. The District is marketing public schools and programs to attract students back to District schools. Magnet schools specializing in college preparation or accelerated learning, visual and performing arts, military and information technology are offered at District Schools.
- The District received Federal funding under the Coronavirus Aid, Relief, and Economic Security Act (CARES) to provide assistance for necessary expenditures incurred due to the COVID-19 public health emergency in the period March 1 December 30, 2020. To follow Federal health and safety guidelines, virtual learning for all students was implemented March 23 May 29, 2020. The District continues to monitor the safety and well-being of its students and staff and will move schools to virtual learning if necessary.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Duval County Public Schools' finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Duval County Public Schools, 1701 Prudential Drive, Jacksonville, Florida 32207-8182.

DUVAL COUNTY PUBLIC SCHOOLS RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION JUNE 30, 2020

| Total Fund Balances - Governmental Funds | | \$ 237,490,789 |
|---|--------------------------------|-----------------------|
| Amounts reported for governmental activities in the statement of net position are different because: | | |
| Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds. | | 947,554,746 |
| The difference between the acquisition price and the net carrying amount of refunded debt is reported as a deferred outflow of resources in the statement of net position, but is not reported in the governmental funds. | | 15,049,206 |
| Deferred outflows of resources and deferred inflows of resources related to Pensions and Other Postemployment Benefits are applicable to future periods, and therefore, are reported in the statement of net position, but not in the governmental funds. | | |
| Deferred Outflows Pensions Deferred Inflows Pensions | \$ 188,055,521 (80,776,700) | 107,278,821 |
| Deferred Outflows OPEB Deferred Inflows OPEB | \$ 935,160 (12,487,996) | (11,552,836) |
| Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. | | 102,400,818 |
| Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. | | |
| Compensation Absences Payable | \$ (58,511,989) | |
| Certificates of Participation Payable | (374,252,250) | |
| Net Pension Liability | (559,189,287) | |
| Other Postemployment Benefits Payable | (33,766,979) | (1,025,720,505) |
| Total Net Position - Governmental Activities | | <u>\$ 372,501,039</u> |

DUVAL COUNTY PUBLIC SCHOOLS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2020

| Net Change in Fund Balances - Governmental Funds | | \$ 45,261,244 |
|--|--|------------------|
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of these assets is allocated over their estimated useful lives as depreciation expense. This is the amount of depreciation expense in the excess of capital outlays in the current period. Capital Outlay - Facilities, Acquisition and Construction Capital Outlay - Other Less, Depreciation Expense | \$ 24,853,459 15,777,706 (67,209,456) | (26,578,291) |
| Capital assets donated to the District increase net position in the government-wide financial statements, but are not financial resources and, therefore, are not reported in the governmental funds. | | 289,015 |
| Repayment of long-term debt is an expenditure in the governmental fund, but the repayment reduces long-term liabilities in the statement of net position. This is the effect of these transactions. Payment of principal - COP Payment of principal - Bonds | \$ 9,941,759 18,000 | 9,959,759 |
| Governmental funds report the effect of premiums and discounts in the year debt is issued, but these amounts are deferred and amortized over the life of the debt in the statement of activities. The following details the effects of premiums and discounts in the current period: Amortization of Premiums Amortization of Discounts | \$ 1,034,872 (807) | 1,034,065 |
| Deferred outflows of resources and inflows of resources on refunded debt are reported in the governmental funds in the year debt is issued, but deferred and amortized over the life of the debt in the statement of activities. Deferred Outflows on Certificates of Participation Issued | | (1,150,434) |
| In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensation absences (i.e., vacation and sick leave) used in excess of the amount earned in the current period. | | (1,547,664) |
| Governmental funds report District pension contributions as expenditures. However, in the statement of activities, the cost of pension benefits earned net of employee contributions is reported as a pension expense. | | |
| Change in Pension Liability Change in Pension Deferred Outflows Change in Pension Deferred Inflows | \$ (27,853,079) (24,337,973) 1,225,762 | (50,244,111) |

 Governmental funds report District other postemployment benefits (OPEB) contributions as

 expenditures. However, in the statement of activities, the cost of OPEB benefits earned net of employee

 contributions, as determined through an actuarial valuation, is reported as an OPEB expense.

 Change in OPEB liability

 Change in OPEB Deferred Outflows

 (67,884)

 Change in OPEB Deferred Inflows

| Internal service funds are used by management to charge the cost of certain activities, such as insurance, | |
|--|---------|
| to individual funds. The net expense of internal service funds is reported with governmental activities. | 752,509 |
| | |

| Change in Net Position - Governmental Activities | \$ (19,106,344) |

DUVAL COUNTY PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. <u>Description of Government-wide Financial Statements</u>

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees charged to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Duval County School District's (District) governmental activities and for each segment of the business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense is allocated to the various functions.

B. <u>Reporting Entity</u>

The Duval County District School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is the Board, which is composed of seven elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Duval County, Florida.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading.

Based on the application of these criteria, the following component units are included within the District's reporting entity:

Blended Component Unit Blended component units are, in substance, part of the District's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the District. The Duval School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in a subsequent note. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

DUVAL COUNTY PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Discretely Presented Component Units The component unit columns in the government-wide financial statements include the financial data of the District's other component units. The District's component units consist of charter schools. A separate column is used to emphasize that they are legally separate from the District.

The charter schools are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by their sponsor, the Duval County School Board. The 32 charter schools are as follows: Biscayne High School, BridgePrep Academy Duval County, Duval Charter High School at Baymeadows, Duval Charter at Baymeadows, Duval Charter Scholars Academy, Duval Charter School at Coastal, Duval Charter School at Flagler Center, Duval Charter at Mandarin, Duval Charter at Southside, Duval Charter School at Westside, Duval Mycro School of Integrated Academics and Technologies Inc., Florida Cyber Charter School at Duval, Global Outreach Charter Academy, KIPP Jacksonville Inc., Lone Star High School, River City Science Academy - Innovation, River City Science Academy K-5, River City Science Academy -Mandarin, River City Science Academy Middle High, San Jose Academy, San Jose Preparatory High School, School for Accelerated Learning and Technologies Inc., Seacoast Charter Academy Inc., Seaside Charter School K-8, Seaside Charter North Campus, Seaside Community Charter School, Somerset Academy Eagle Campus (Elem), Somerset Academy Middle Eagle Campus, SOS Academy, Tiger Academy, Waverly Academy, and Wayman Academy of the Arts.

The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools. The District established the charter schools by approval of their charters, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District. Finally, the nature and significance of the charter schools' relationships with the District are such that their exclusion would cause the District basic financial statements to be misleading.

The financial data reported on the accompanying statements was derived from the charter schools' audited financial statements for the fiscal year ended June 30, 2020. School for Accelerated Learning and Technologies Inc. did not submit audited statements; unaudited statements for the fiscal year ended June 30, 2020 are being presented. The charter schools' financial statements are filed in the District's administrative offices at 1701 Prudential Drive, Jacksonville, Florida 32207-8182.

C. <u>Basis of Presentation: Government-wide Financial Statements</u>

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise fund. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used and net residual amounts between governmental and business-type activities.

D. Basis of Presentation: Fund Financial Statements

The fund financial statements provide information about the District's funds, including the fiduciary funds and blended component unit. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

- General Fund to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State or City that are legally restricted to be expended for specific current operating purposes.
- Special Revenue Other Federal Programs Fund to account for certain Federal grant program resources.
- Special Revenue Food Service Fund to account for the financial resources related to the preparation, distribution, and sale of breakfast, lunch, and snacks to District students and personnel and related Federal grant program resources.
- Debt Service Other Debt Service Fund to account for the accumulation of resources for, and the payment of, debt principal, interest, and related costs for the District's Certificates of Participation and the 2005 and 2014B Qualified Zone Academy Bonds.
- Debt Service ARRA Economic Stimulus Fund to account for the accumulation of resources for, and payment of, debt principal, interest, and related costs of Qualified School Construction Bonds and 2012 Qualified Zone Academy Bonds.
- Capital Projects Local Capital Improvement Fund to account for the financial resources generated by the local capital improvement ad valorem tax levy to be used for educational capital outlay needs, including new construction, renovation, and remodeling projects.

Additionally, the District reports the following proprietary and fiduciary fund types:

- Internal Service Funds to account for the District's individual workers' compensation, health self-insurance programs, and the District's printing department operations.
- Private-Purpose Trust Fund to account for resources of the William Raines High School's Gear Up Scholarship Trust Fund for scholarship recipients who are graduating seniors attending a 2-year or 4-year public or private institution. These activities are excluded from the government-wide financial statements because the District cannot use these assets to finance its operations.

- Enterprise Fund The District is a member of, and fiscal agent for, the Florida School Retiree Benefits Consortium (FSRBC). FSRBC offers retiree benefits (Medicare advantage and supplement programs). FSRBC is governed by a board of directors composed of nine (9) members selected by the Independent Benefits Council (IBC) Board of Directors representing the Florida School Boards Association, Inc.; Florida Association of District School Superintendents, Inc.; Florida Association of School Administrators, Inc.; Florida Education Association; retirees from public school districts; and benefit managers from public school districts. As fiscal agent, the District has established an enterprise fund to account for FSRBC's resources and operations.
- Agency Funds School Internal Accounts to account for resources of the school internal funds, which are used to administer monies collected at schools in connection with school, student athletic, class, and club activities. These activities are excluded from the government-wide financial statements because the District cannot use these assets to finance its operations.

During operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, transfers between the funds included in governmental activities are eliminated as internal statements, transfers between the funds included in governmental activities are eliminated in preparation of the governmental statements.

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When

grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Property taxes and interest associated with the current fiscal period is susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pension benefits, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary and private-purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency funds have no measurement focus but utilize the accrual basis of accounting for reporting assets and liabilities.

The charter schools, except for Tiger Academy, are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities. Tiger Academy is accounted for as a not-for-profit organization and uses the not-for-profit accounting model.

F. Budgetary Information

The Board follows procedures established by State statutes and SBE rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by State law and SBE rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student support services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.

G. <u>Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund</u> <u>Balance</u>

1. <u>Cash and Cash Equivalents</u>

The District's cash and cash equivalents are cash on hand, demand deposits, cash with fiscal agent, and short-term liquid investments with original maturities of 3 months or less from the date of acquisition. Investments classified as cash equivalents include

amounts placed with the State Board of Administration (SBA) in Florida PRIME and amounts held in money market mutual funds.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

2. <u>Investments</u>

Investments consist of amounts placed in the SBA debt service accounts which are restricted for debt service purposes, amounts placed with the SBA for participation in the Florida PRIME investment pool created by Section 218.405, Florida Statutes, the State Treasury Special Purpose Investment Account (SPIA) investment pool authorized in Section 17.61(1), Florida Statutes, and those made locally. These investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME, which the SBA indicates is an external investment pool, are like money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at amortized cost, which approximates fair value.

The District's investments in the SPIA investment pool managed by the Florida Department of Financial Services, Division of Treasury, represent ownership of a share of the pool, not the underlying securities. The District's participation is voluntary, and the investments are reported at the fair value of the investment pool, with a fair value factor of 1.0103 on June 30, 2020.

Investments made locally consist of money market mutual funds, obligations of United States Government agencies and instrumentalities, and U.S. Treasury securities and are reported at fair value or amortized cost. Types and amounts of investments held at fiscal year-end are described in a subsequent note.

3. Inventories

Inventories consist of expendable supplies held for consumption during District operations. Inventories are stated at cost on the moving weighted-average basis, except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than when purchased.

4. <u>Restricted Assets</u>

Certain assets held by a trustee, in the name of the District, in connection with Certificates of Participation (COPs), Qualified Zone Academy Bonds (QZABs) and Qualified School Construction Bonds (QSCBs) financing arrangements, are classified as restricted assets on the statement of net position and balance sheet. These assets are set aside for repayment of debt issues at maturity as required by applicable debt covenants and principal and interest payments as they come due.

5. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing \$750 or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation. Land and buildings acquired or constructed prior to July 1, 1969, were valued at appraised value when historical costs could not be determined.

Capital assets for Governmental and Business-type Activities are depreciated using the straight-line method over the following estimated useful lives:

| Description | Estimated Lives |
|------------------------------------|-----------------|
| Improvements Other Than Buildings | 10 - 40 years |
| Buildings and Fixed Equipment | 10 - 50 years |
| Furniture, Fixtures, and Equipment | 5 - 15 years |
| Motor Vehicles | 5 - 10 years |
| Audio Visual Materials | 5 years |
| Computer Software | 5 years |

Current year information relative to changes in capital assets is described in a subsequent note.

6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. The District has three items that meet this criterion, deferred outflows related to debt, pensions, and OPEB. The net carrying amount on debt refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows of resources related to pensions and OPEB are described in subsequent notes.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that meet this criterion, deferred inflows related to pensions and OPEB, which are described in subsequent notes.

7. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net

position. Debt premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize debt premiums and discounts during the current period. The face amount of debt issued and premiums on debt issuance are reported as other financing sources.

Changes in long-term liabilities for the current year are reported in a subsequent note.

8. <u>Pensions</u>

The District participates in the Florida Retirement System (FRS). In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans, and related amounts are described in a subsequent note.

9. <u>Net Position Flow Assumption</u>

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

10. Fund Balance Flow Assumptions

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

11. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balance at June 30, 2020.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. Board Policy 7.10 (Policy) states that the Board or, by delegation of the Board, the Superintendent or Superintendent's designee, may assign fund balance. The Board assigned fund balance for specific purposes, such as for the Extended Day Program. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

The Policy also states that the Superintendent shall budget an amount equal to 3 percent of total estimated General Fund revenue as an unassigned amount to be set aside for use in emergency situations, and that the Superintendent may recommend to the Board an additional amount to be set aside for use in emergency circumstances. Emergency circumstances are defined and include events that are non-routine in nature and unforeseen.

In addition, the Policy states that the District shall endeavor to maintain a minimum fund balance budget in compliance with Section 1011.051, Florida Statutes, which requires that the District maintain an assigned and unassigned actual General Fund balance that is sufficient to address normal contingencies. As of June 30, 2020, the actual General Fund assigned and unassigned fund balance of \$59,651,602 was 6 percent of General Fund revenues.

H. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not

classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

2. <u>State Revenue Sources</u>

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified time periods following the date of the original reporting. Such amendments may impact funding allocations for subsequent fiscal years. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

3. District Property Taxes

The Board is authorized by State law to levy property taxes for District school operations and capital improvements.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Duval County Property Appraiser, and property taxes are collected by the Duval County Tax Collector.

The Board adopted the 2019 tax levy on September 17, 2019. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection

of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Duval County Tax Collector at fiscal year-end but not yet remitted to the District.

Millages and taxes levied for the current year are presented in a subsequent note.

4. Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. The FDOE may require adjustments to subsequent fiscal period expenditures and related revenues based upon an audit of the district's compliance with applicable Federal awards requirements. Normally, such adjustments are treated as reductions of expenditures and related revenues in the fiscal year when the adjustments are made.

5. <u>Compensated Absences</u>

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

6. <u>Proprietary Funds Operating and Nonoperating Revenues and Expenses</u>

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's internal service funds for self-insurance are charges to the District for employee health insurance and workers' compensation premiums. The principal operating expenses include insurance claims and administrative expenses and fees. The principal operating revenues and expenses of the District's Internal Service Fund for printing department operations are charges to District departments to recover the costs of printing operations on a cost-reimbursement basis and the costs of operating the department. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

I. Use of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

II. ACCOUNTING CHANGES

Changes in Reporting Entity

During the 2019-20 fiscal year, the District added a new charter school, Seaside Charter North Campus, which is a discretely presented component unit. Seaside Charter North had preopening costs that were included in adjusted beginning net position. School for Accelerated Learning and Technologies Inc. discontinued operations and closed on February 14, 2020; no audited financial statements were received by the District. The school's net position for fiscal year 2018-19 was removed from beginning net position. Somerset Preparatory Academy K-8 merged with Somerset Elementary at the beginning of fiscal year 2019-20. Unexpended FTE from Somerset Preparatory was returned to the District and the two schools' net positions were added together and presented under Somerset Elementary.

III. PRIOR PERIOD ADJUSTMENTS

Restatement for Interest Revenue

The governmental activities net position beginning balance on July 1, 2019, was restated to correct prior year interest revenue allocations.

| _ | Net Position - Beginning | Adjusted for Interest Income | Net Position - Beginning - Restated |
|---------------------------------|-----------------------------|------------------------------------|---|
| General Fund | 83,379,917 | (737,675) | 82,642,242 |
| Special Revenue - | | | |
| Food Service Fund | 15,896,532 | 60,826 | 15,957,358 |
| Capital Projects - | | | |
| Public Education Capital Outlay | 1,369,883 | 1,039 | 1,370,922 |
| Capital Projects - | | | |
| Capital Outlay and Debt | 9,046,722 | 18,060 | 9,064,782 |
| Capital Projects - | | | |
| Local Capital Improvement | 23,135,774 | 236,282 | 23,372,056 |
| Capital Projects - | | | |
| Other Capital Projects | 2,207,267 | 7,195 | 2,214,462 |
| Internal Service - | | | |
| Worker's Compensation | 7,357,835 | 93,611 | 7,451,446 |
| Internal Service - | | | |
| Health Fund | 93,876,201 | 320,662 | 94,196,863 |

IV. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

A. Cash Deposits with Financial Institutions

<u>**Custodial Credit Risk-Deposits</u></u>. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to the District. To address custodial credit risk, Board Policy 7.44 requires the use of qualified public depositories. All bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.</u>**

B. <u>Investments</u>

Fair Value Measurement

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs. The District's recurring fair value measurements are valued using quoted prices for similar assets or liabilities in active markets (Level 2 inputs) and investments with the State Treasury are valued based on the District's share of the pool (Level 3 inputs).

The District's investments on June 30, 2020, are reported as follows:

| | | Fair Value Measurements Using | | | | | sing |
|--|-------------------|-------------------------------|----------------|----|-------------|----|-------------|
| | | | Quoted | | | | |
| | | | Prices | 5 | Significant | | |
| | | | in Active | | Other | | Significant |
| | |] | Markets for | (| Observable | U | nobservable |
| | | Id | entical Assets | | Inputs | | Inputs |
| | Total | | (Level 1) | | (Level 2) | | (Level 3) |
| Investments Valued at Fair Value | | | | | | | |
| External Investment Pool: | | | | | | | |
| Special Purpose Investment Account (SPIA) | \$ 118,377,046 | \$ | - | \$ | - | \$ | 118,377,046 |
| United States Treasury Securities | 33,418,843 | | - | | 33,418,843 | | - |

| Reported as Cash and Cash Equivalents | | | | | | | |
| External Investment Pool: | | | | | | | |
| Florida PRIME | 100,132,663 | | | | | | |
| Ameris Bank Money Market | 10,415,177 | | | | | | |
| Money Market Mutual Funds | 37,919,820 | | | | | | |
| Total Investments Valued at Amortized Cost | 148,467,660 | | | | | | |
| Total Investments | \$ 301,137,446 | | | | | | |

C. Interest Rate Risk

The District's investments as of June 30, 2020, are reported as follows:

Interest Rate Risk

The District's investments have the following maturities:

| Investments | Maturities | Fair Value | | |
|---|----------------------|-------------------|--|--|
| SBA: | | | | |
| Florida PRIME (1) | 53 Day Average | \$ 100,132,663 | | |
| SPIA | 0.43 Year Average | 118,377,046 | | |
| Money Market Mutual Funds (1)(2) | 24 Days Average | 48,334,997 | | |
| United States Treasury Securities (2) | July 2020 - May 2028 | 33,418,843 | | |
| Obligations of United States Government | | | | |
| Agencies and Instrumentalities (2) | October 21, 2020 | 873,897 | | |
| Total Investments | | \$ 301,137,446 | | |

Notes: (1) This investment is reported as a cash equivalent for financial statement reporting purposes.

(2) Includes \$22,555,657 of restricted investments and \$43,909,448 of restricted cash equivalents held under trust agreements in connection with the District's Qualified Zone Academy Bonds and Qualified School Construction Bonds financing arrangements to meet sinking fund requirements as follows: \$33,418,843 invested in United States Treasury Securities; \$873,897 invested in Obligations of United States Government Agencies and Instrumentalities; and \$32,172,365 invested in money market mutual funds.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy limits investment maturities to a maximum of 24 months for operating funds and 5.5 years for other funds as a means of managing its exposure to fair value losses from increasing interest rates.

Florida PRIME and the money market mutual funds use weighted-average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days, based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

External Investment Pools

The District's investments reported at net asset value in the SPIA investment pool represent ownership of a share of the pool, not the underlying securities. Pooled investments with the State Treasury are not registered with the Securities and Exchange Commission. Oversight of the pooled investments with the State Treasury is provided by the Treasury Investment Committee per Section 17.575, Florida Statutes. The authorized investment types are set forth in Section 17.57, Florida Statutes. The SPIA had an effective duration of 0.43 years and fair value factor of 1.0291 on June 30, 2020. Participants contribute to the Treasury Pool on a dollar basis. These funds are commingled, and a fair value of the pool is determined from the individual values of the securities. The fair value of the securities is summed, and a total pool fair value is determined. A fair value factor is calculated by dividing the pool's total fair value by the pool participant's

total cash balances. The fair value factor is the ratio used to determine the fair value of an individual participant's pool balance.

The District's investment in the Florida PRIME investment pool, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. The investments in the Florida PRIME investment pool are reported at amortized cost. Section 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the monies in the trust fund. However, the executive director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board [State Board of Administration] can invest monies entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the executive director has instituted such measures and review the necessity of those measures. If the trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the executive director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the trustees shall vote to continue the measures for up to an additional 15 days. The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days." As of June 30, 2020, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the Local Government Surplus Funds Trust Fund [Florida PRIME], or any other intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. The District's investment policy limits investments to Florida PRIME or similar intergovernmental investment pools; United States Government securities; obligations of United States Government Agencies and Instrumentalities; agency mortgage-backed securities; nonnegotiable interest-bearing time certificates of deposit, savings accounts, or money market accounts; repurchase agreements; commercial paper; corporate notes; municipal obligations; and SEC registered money market mutual funds.

The District's investments in the SBA debt service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account.

Disclosures for the Debt Service Accounts are included in the notes to financial statements of the State's Comprehensive Annual Financial Report.

The District's investment in Florida PRIME and money market mutual funds are rated AAAm by Standard & Poor's.

The District's investment in SPIA carried a credit rating of AA-f by Standard & Poor's at June 30, 2020. The District relies on policies developed by the State Treasury for managing interest rate risk and credit risk for this investment pool. Disclosures for the SPIA investment pool are included in the notes to financial statements of the State's Comprehensive Annual Financial Report.

Investments of \$873,897 in Obligations of the United States Government Agencies and Instrumentalities, \$33,418,843 in United States Treasury Securities, and \$32,172,365 in money market mutual funds are authorized under forward delivery agreements or supplemental trust agreements and are held by a trustee for the District's Qualified Zone Academy Bonds (QZABs) and Qualified School Construction Bonds (QSCBs) sinking fund obligations. The forward delivery agreements and supplemental trust agreements authorize the investment of the available sinking fund amounts in certain eligible securities, including United States Treasury securities, obligations issued by agencies of the United States Government, and short-term obligations issued by banks, corporations, or other borrowers having a rating at the time of delivery of at least A-1 by Standard & Poor's or P-1 by Moody's Investors Service. The District's investments in Obligations of the United States Government Agencies and Instrumentalities are rated A-1+ and P-1 by Standard & Poor's and Moody's Investors Service, respectively.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Section 218.415(18), Florida Statutes, requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in book entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a secured vault. The District's investment policy requires that all securities, except for certificates of deposit, collateral repurchase agreements, and money market mutual fund shares be held by a third-party custodial institution, and that all securities purchased by and all collateral obtained by the District be properly designated as an asset of the District. The securities must be held in an account separate and apart from the assets of the financial institution. As of June 30, 2020, all investments were held with an appropriate custodian or trustee or were held in accounts in the name of the District.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. Except for funds related to debt, where there are other existing policies or indentures in effect, the District's investment policy limits the amount the District may invest in any one issuer as follows:

| Security Type | Single Issuer Maximum |
|--|-----------------------|
| United States Government Agency Obligations | 25% |
| Federal Instrumentalities | 50% |
| Agency Mortgage-Backed Securities | 15% |
| Nonnegotiable Interest Bearing Time Certificates of | |
| Deposit or Savings Accounts or Money Market Accounts | 25% |
| Repurchase Agreements | 10% |
| Commercial Paper | 10% |
| Corporate Notes | 5% |
| Municipal Obligations | 10% |
| Money Market Mutual Funds | 25% |

D. <u>Due From Other Agencies</u>

Amounts due from other agencies as of June 30, 2020, are:

| Fund/Source | Amount |
|---|---------------|
| GOVERNMENTAL ACTIVITIES | |
| Major Governmental Funds: | |
| General Fund: | |
| Other Agencies | \$ 3,449,165 |
| Special Revenue - Other Federal Programs: | |
| Federal Grant Reimbursements: | |
| Florida Department of Education | 13,145,721 |
| Special Revenue - Food Service: | |
| Florida Department of Agriculture and Consumer Services | : |
| Summer Food Service Program for Children | 3,548,532 |
| Equipment Grant Assistance | 100,000 |
| City of Jacksonville: | |
| Kids Hope Alliance, Meal Program for Children | 172,625 |
| Other Agencies | 382,574 |
| ARRA Economic Stimulus Debt Service: | |
| Federal tax subsidies | 1,332,540 |
| Nonmajor Governmental Funds: | |
| Capital Projects - Other Capital Projects: | |
| Florida Department of Education: | |
| Facilities Security Grant | 2,274,111 |
| Total Governmental Funds | 24,405,268 |
| Proprietary Funds: | |
| Internal Service Fund: | |
| Workers' Compensation | 131,923 |
| Total Governmental Activities | \$ 24,537,190 |

The amounts due from other agencies in the General Fund are mainly from Medicaid funding. The amounts due from other agencies in the major Special Revenue – Other Federal Programs Fund mainly represent revenue reimbursements resulting from expenditure accruals; \$10.3 million is for CARES funding for COVID expenditures. The amounts due from other agencies in the major Special Revenue – Food Service Fund primarily represent reimbursements due from the Summer Food Service Program for Children and an equipment grant. The amount due from other agencies in the ARRA Economic Stimulus Fund represents Federal tax subsidies on bond issues. The amount due from other agencies in the nonmajor Capital Projects – Other Capital

Projects represents State capital for safety and security of school buildings and may not be entirely collected within one year. The amount due from other agencies, in the Proprietary Funds, represents reimbursements due from the Special Disability Trust Fund that are paid on a first-in, first-out basis, whereby requests are reimbursed to the District based on available funding and may not be entirely collected within one year.

| Subtotal | 360,461,354 | | | \$ 405,373,060 |
| Unamortized Premiums and Discounts | 13,790,897 | | | |
| Total Certificates of Participation | \$ 374,252,251 | | | |

- Notes: (1) Interest on this debt is paid by the United States Government through the issuance of Federal income tax credits to the holder of the QZAB (Qualified Zone Academy Bond). The rate of return to the holders was established by the United States Government at the time of the sale.
 - (2) Series 2009B-QSCB (Qualified School Construction Bonds) is a principal only bond, with the investors receiving a tax credit in lieu of interest payments. The QSCBs also have a 2.1 percent supplemental interest component that was necessary for marketing the bonds to investors.
 - (3) Series 2010A-QSCB is a 5.4 percent private placement issue where the District receives a direct interest subsidy payment from the United States Treasury. This subsidy reduced the District's true cost of borrowing to 0.169 percent over the duration of the lease term at the date of issuance.
 - (4) The Series 2012-QZAB is a 3.79 percent taxable direct subsidy bond where interest expense incurred by the District is offset by an interest subsidy payment from the United States Treasury. This subsidy reduced the District's true cost of borrowing to 0 percent over the duration of the lease term at the date of issuance.

The District entered a master financing arrangement on October 1, 2000, characterized as a lease-purchase agreement, with the Duval School Board Leasing Corporation (Leasing Corporation) whereby the District secured financing of various educational facilities and equipment. The financing was accomplished through the issuance of Certificates of Participation by the Leasing Corporation to third-party investors, to be repaid from the proceeds of rents paid by the District. The rents are funded from proceeds of the Capital Projects – Local Capital Improvement Fund as permitted by Statute and paid from the Debt Service – Other Debt Service and Debt Service – ARRA Economic Stimulus Funds.

As a condition of the financing arrangement, the District gave a ground lease on District property to the Leasing Corporation, with a rental fee of \$10 per year. The properties covered by the ground lease are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through to term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the certificates for the remaining term of the ground leases.

The lease terms and the District properties included in the ground lease under these arrangements include:

| Certificates | Lease Term | Description of Properties |

Qualified Zone Academy Bonds (QZAB) Certificates. The 2005, 2012, and 2014B QZABs were issued under a special program whereby the financing proceeds were used to acquire technology-related equipment and improvements at various designated schools, which are leased by the District from the Leasing Corporation.

The 2005 QZABs were issued under a special program whereby the certificates mature in full for the original issue amounts. There is no interest cost for borrowing monies under this program.

The 2012 QZAB was issued December 19, 2012, in the amount of \$29,000,000, with a principal repayment due in full on July 1, 2027. The 2012 QZABs are structured as taxable interest subsidy bonds created under the American Recovery and Reinvestment Act of 2009 with the bondholders receiving a 3.79 percent yield on investment. The District, in turn, receives a direct subsidy payment from the United States Treasury equal to 3.79 percent, thereby netting the District's interest expense to 0 percent over the term of the borrowing at the date of issuance.

For the 2005 and 2012 QZABs, the District entered into forward delivery agreements under which deposits (rent payments) are accumulated. The forward delivery agreements provide a guaranteed investment return whereby the required sinking fund deposits, along with accrued interest, will be sufficient to redeem the certificates at maturity.

The 2014B QZAB was issued December 4, 2014, in the amount of \$50,000,000. The District pays the bondholder interest at 1.25 percent, and the bondholders receive a tax credit rate of 4.42 percent. In addition, the District makes annual sinking fund deposits which, along with accrued interest, will be sufficient to provide for principal repayment, in full, on July 1, 2028.

The invested assets accumulated pursuant to the forward delivery agreements and in the sinking funds are held under trust agreements until the certificates mature. The QZAB certificates are secured by the assets held under the trust agreements in the event of cancelation or default.

Qualified School Construction Bonds (QSCB) Certificates. QSCBs are tax credit or direct subsidy bonds created under the American Recovery and Reinvestment Act of 2009 for school construction and renovation projects and are designed to provide zero or near zero interest costs to the issuer. Issuers are responsible for repayment of principal.

In November 2009, the District issued Certificate Series 2009B-QSCB in the amount of \$27,220,000. The series was issued to finance the cost of additions at five existing education facilities. The Series 2009B-QSCBs are non-interest, principal only obligations, with two investors each receiving tax credits along with a 2.1 percent supplemental interest component that was necessary for marketing the bonds. The District is required to make 15 consecutive annual payments, totaling \$17,220,000, and 16 consecutive annual payments, totaling \$10,000,000, to an escrow account held by a fiscal agent, on behalf of each investor, until maturity. The Series will mature December 16, 2025.

In July 2010, the District issued Certificate Series 2010A-QSCB in the amount of \$33,074,000 to finance new school construction, classroom additions, and renovations of existing facilities. The Series 2010A-QSCBs were issued as taxable direct subsidy bonds, whereby the District pays the full amount of interest, 5.4 percent, to the lender, and then files for and receives a direct subsidy payment from the United States Treasury which reduces the District's true cost of borrowing to 0.169 percent at the time of issuance. In addition, the District makes annual sinking fund deposits which, along with accrued interest, will be sufficient to provide for principal repayment, in full, on July 1, 2027.

<u>Minimum Lease Payments</u>. Except for the QZABs and the QSCBs, lease payments are payable, semiannually, on July 1 and January 1. The QZABs and the 2010A-QSCB are payable at maturity, and the 2009B-QSCB is payable annually, for both principal and interest, on December 16. The following is a schedule by years of future minimum lease payments under the lease agreement together with the present value of minimum lease payments as of June 30:

Direct Subsidy

| | | | | | וע | lect Subsidy |
|------------------------------|-------------------|-------------------|----|---------------|----|--------------|
| Fiscal Year Ending June 30 | Total | Principal | G | ross Interest | P | ayments (1) |
| 2021 | \$ 24,781,089 | \$ 11,497,932 | \$ | 13,283,157 | \$ | (2,714,873) |
| 2022 | 23,945,910 | 11,003,507 | | 12,942,403 | | (2,714,873) |
| 2023 | 23,944,777 | 11,374,865 | | 12,569,912 | | (2,714,873) |
| 2024 | 23,884,946 | 11,702,017 | | 12,182,929 | | (2,714,873) |
| 2025 | 23,821,200 | 12,039,486 | | 11,781,714 | | (2,714,873) |
| 2026-2030 | 224,591,537 | 182,117,547 | | 42,473,990 | | (5,429,747) |
| 2031-2035 | 110,270,469 | 95,688,000 | | 14,582,469 | | - |
| 2036-2040 | 25,752,141 | 25,038,000 | | 714,141 | | - |
| Total Minimum Lease Payments | 480,992,069 | 360,461,354 | | 120,530,715 | | (19,004,112) |
| Unamortized Premiums and | | | | | | |
| Discounts | 13,790,897 | 13,790,897 | | - | | |
| Total Net Certificates of | | | | | | |
| Participation Payable | \$ 494,782,966 | \$ 374,252,251 | \$ | 120,530,715 | \$ | (19,004,112) |

Note: (1) Represents direct subsidy bond payments received from the U.S. Treasury on the District's 2010A QSCB and 2012 QZAB obligations. The subsidies are considered "non-exchange" grant revenue and are not pledged specifically to pay District debt service.

Annual requirements to amortize the net premiums and discounts are as follows:

| Fiscal Year Ending June 30 | Total |
|----------------------------|---------------|
| 2021 | \$ 1,034,065 |
| 2022 | 1,034,065 |
| 2023 | 1,034,065 |
| 2024 | 1,034,065 |
| 2025 | 1,034,872 |
| 2026-2030 | 5,174,361 |
| 2031-2035 | 3,431,653 |
| 2036-2040 | 13,751 |
| Total | \$ 13,790,897 |

2. Changes in Long-Term Liabilities

The following is a summary of changes in long-term liabilities:

| Description | Beginning Balance | Additions | Deductions | Ending Balance | Due In One Year |
|--|----------------------|-------------------|---------------------|---------------------|--------------------|
| Description GOVERNMENTAL ACTIVITIES | Datatice | Autons | Deductions | Datanee | |
| Certificates of Participation Payable: | | | | | |
| Certificates of Participation (COPs) | \$ 58,975,000 | \$ - | \$ (585,000) | \$ 58,390,000 | \$ 610,000 |
| COPs from Direct Borrowings and | , , , | | (| / / | , |
| Direct Placements | 311,428,113 | | (9,356,759) | 302,071,354 | 10,887,932 |
| Unamortized Discounts | (4,034) | - | 807 | (3,227) | (807) |
| Unamortized Premiums | 14,828,996 | - | (1,034,872) | 13,794,124 | 1,034,872 |
| Total COPs Payable | 385,228,075 | - | (10,975,824) | 374,252,251 | 12,531,997 |
| Bonds Payable: | | | | | |
| State School Bonds | 18,000 | - | (18,000) | - | - |
| Unamortized Premiums | - | - | - | - | - |
| Total Bonds Payable | 18,000 | - | (18,000) | - | - |
| Other Long-Term Liabilities: | | | | | |
| Estimated Liability for Long-Term Claims | 18,722,000 | 2,683,823 | (3,995,823) | 17,410,000 | 5,493,000 |
| Net Pension Liability | 531,336,208 | 321,023,273 | (293,170,194) | 559,189,287 | 3,050,097 |
| Other Postemployment Benefits Payable | 48,940,263 | 4,327,556 | (19,500,840) | 33,766,979 | 7,417,621 |
| Compensated Absences Payable | 56,964,325 | 6,453,609 | (4,905,945) | 58,511,989 | 6,085,610 |
| Total Governmental Activities | \$ 1,041,208,871 | \$ 334,488,261 | \$ (332,566,626) | \$ 1,043,130,506 | \$ 34,578,325 |

The District's outstanding COPs from direct borrowings and direct placements totaled \$302,071,354. Information related to securities pledged as collateral and events of default provisions related to the COPs are discussed in Note IV.F.1.

For the governmental activities, compensated absences, other postemployment benefits, and pensions are generally liquidated with resources of the General Fund. The estimated insurance claims are generally liquidated with resources of the Proprietary Funds as discussed in a subsequent note.

G. <u>Retirement Plans</u>

1. Florida Retirement System (FRS) – Defined Benefit Pension Plans

General Information about the FRS

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility,

contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$95,226,190 for the fiscal year ended June 30, 2020.

| | Pension Plan | HIS Plan | Total |
|----------------------------------|----------------|----------------|----------------|
| Net Pension Liability | \$ 379,424,343 | \$ 179,764,944 | \$ 559,189,287 |
| Deferred Outflows of Resources | | | |
| Related to Defined Benefit Plans | 155,375,605 | 32,679,916 | 188,055,521 |
| Deferred Inflows of Resources | | | |
| Related to Defined Benefit Plans | 48,448,530 | 32,328,170 | 80,776,700 |
| Pension Expense | 84,998,404 | 10,227,786 | 95,226,190 |

FRS Pension Plan

<u>*Plan Description*</u>. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- > Regular Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Members who hold specified elective offices in local government.
- Special Risk Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member

retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

<u>Benefits Provided</u>. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

| Class, Initial Enrollment, and Retirement Age/Years of Service | Percent Value |
|--|---------------|
| Regular members initially enrolled before July 1, 2011 | |
| Retirement up to age 62 or up to 30 years of service | 1.60 |
| Retirement at age 63 or with 31 years of service | 1.63 |
| Retirement at age 64 or with 32 years of service | 1.65 |
| Retirement at age 65 or with 33 or more years of service | 1.68 |
| Regular members initially enrolled on or after July 1, 2011 | |
| Retirement up to age 65 or up to 33 years of service | 1.60 |
| Retirement at age 66 or with 34 years of service | 1.63 |
| Retirement at age 67 or with 35 years of service | 1.65 |
| Retirement at age 68 or with 36 or more years of service | 1.68 |
| Elected County Officers | 3.00 |
| Special Risk Regular | 3.00 |

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

<u>Contributions</u>. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2018-19 fiscal year were as follows:

| | Percent of Gross Salary | | | |
|------------------------------|-------------------------|--------------|--|--|
| Class | Employee | Employer (1) | | |
| FRS, Regular | 3.00 | 8.47 | | |
| FRS, Elected County Officers | 3.00 | 48.82 | | |
| FRS, Special Risk Regular | 3.00 | 25.48 | | |
| DROP | 0.00 | 14.60 | | |
| FRS, Reemployed Retiree | (2) | (2) | | |

Notes: (1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(2) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$35,248,418 for the fiscal year ended June 30, 2020.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to Pensions</u>. At June 30, 2020, the District reported a liability of \$379,424,343 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The District's proportionate share of the net pension liability was based on the District's 2018-19 fiscal year contributions relative to the total 2018-19 fiscal year contributions of all participating members. On June 30, 2019, the District's proportionate share was 1.101741237 percent, which was a decrease of 0.067222577 from its proportionate share measured as of June 30, 2018.

For the fiscal year ended June 30, 2020, the District recognized the Plan pension expense of \$84,998,404. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Description | | Deferred Outflows of Resources | | Deferred Inflows of Resources | |
|---|----|-----------------------------------|----|----------------------------------|--|
| Differences between expected and | | | | | |
| actual experience | \$ | 22,504,743 | \$ | 235,467 | |
| Change of assumptions | | 97,452,495 | | - | |
| Net difference between projected and actual earnings on FRS pension plan investments | | - | | 20,991,735 | |
| Changes in proportion and differences between District FRS contributions and proportionate share of contributions | | 169,949 | | 27,221,328 | |
| District FRS contributions subsequent to | | 109,949 | | 27,221,320 | |
| the measurement date | | 35,248,418 | | - | |
| Total | \$ | 155,375,605 | \$ | 48,448,530 | |

The deferred outflows of resources related to pensions resulting from District contributions to the Plan subsequent to the measurement date, totaling \$35,248,418, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Fiscal Year Ending June 30 | Amount |
|-------------------------------|---------------|
| 2021 | \$ 27,515,807 |
| 2022 | 3,932,155 |
| 2023 | 21,171,480 |
| 2014 | 16,122,769 |
| 2025 | 2,520,637 |
| Thereafter | 415,810 |
| Total | \$ 71,678,658 |

<u>Actuarial Assumptions</u>. The total pension liability in the July 1, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.60 percent |
|---------------------------|--|
| Salary Increases | 3.25 percent, average, including inflation |
| Investment rate of return | 6.9 percent, net of pension plan investment expense, |
| | including inflation |

The actuarial assumptions used in the July 1, 2019, valuations were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

| Asset Class | Target Allocation (1) | Annual Arithmetic Return | Compound Annual (Geometric) Return | Standard Deviation |
|--------------------------|--------------------------|--------------------------------|---|-----------------------|
| Cash | 1.0% | 3.3% | 3.3% | 1.2% |
| Fixed Income | 18.0% | 4.1% | 4.1% | 3.5% |
| Global Equity | 54.0% | 8.0% | 6.8% | 16.5% |
| Real Estate (Property) | 11.0% | 6.7% | 6.1% | 11.7% |
| Private Equity | 10.0% | 11.2% | 8.4% | 25.8% |
| Strategic Investments | 6.0% | 5.9% | 5.7% | 6.7% |
| Total | 100.0% | | | |
| Assumed Inflation - Mean | | | 2.6% | 1.7% |

Note: (1) As outlined in the FRS Pension Plan's investment policy available from funds managed on the SBA's website at <u>www.sbafla.com</u>.

(2) The money weighted plan rate of return is an estimate using estimated level monthly net external cash flows. It may differ from the more precise return calculated by the Florida State Board of Administration.

<u>Discount Rate</u>. The discount rate used to measure the total pension liability was 6.9 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2019 valuation was updated from 7.0 percent to 6.9 percent.

<u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in</u> <u>the Discount Rate</u>. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.9 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.9 percent) or 1 percentage point higher (7.9 percent) than the current rate:

| | 1% | Current | 1% |
|---|--------------------|-------------------------|--------------------|
| | Decrease (5.9%) | Discount Rate (6.9%) | Increase (7.9%) |
| District's proportionate share of the net pension liability | \$ 655,898,341 | \$ 379,424,343 | \$ 148,521,790 |

<u>Pension Plan Fiduciary Net Position</u>. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

HIS Pension Plan

<u>Plan Description</u>. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

<u>Benefits Provided</u>. For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare.

<u>Contributions</u>. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2020, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Plan totaled \$9,012,481 for the fiscal year ended June 30, 2020.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to Pensions</u>. On June 30, 2020, the District reported a net pension liability of \$179,238,246 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the pension plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The District's proportionate share of the net pension liability was based on the District's 2018-19 fiscal year contributions relative to the total 2018-19 fiscal year contributions of all participating members. On June 30, 2019, the District's proportionate share was 1.606622175 percent, which was a decrease of 0.086842917 from its proportionate share measured as of June 30, 2018.

For the fiscal year ended June 30, 2020, the District recognized the HIS Plan pension expense of \$10,227,786. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Description | | Deferred Outflows f Resources | Deferred Inflows of Resources | |
|---|----|-------------------------------------|-------------------------------------|------------|
| Differences between expected | | | | |
| and actual experience | \$ | 2,183,446 | \$ | 220,116 |
| Change of assumptions | | 20,815,082 | | 14,692,521 |
| Net difference between projected and actual earnings on HIS pension plan investments | | 116,000 | | - |
| Changes in proportion and differences between District HIS contributions and proportionate | | | | |
| share of HIS contributions | | 552,907 | | 17,415,533 |
| District contributions subsequent to the | | | | |
| measurement date | | 9,012,481 | | - |
| Total | \$ | 32,679,916 | \$ | 32,328,170 |

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$9,012,481, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2021. Other ounts

amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Fiscal Year Ending June 30 | nding June 30 Amount | |
|----------------------------|----------------------|-------------|
| 2021 | \$ | (64,276) |
| 2022 | | (999,981) |
| 2023 | | (1,339,911) |
| 2024 | | (3,785,826) |
| 2025 | | (2,072,742) |
| Thereafter | | (398,002) |
| Total | \$ | (8,660,737) |

<u>Actuarial Assumptions</u>. The total pension liability in the July 1, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.60 percent |
|---------------------|--|
| Salary Increases | 3.25 percent, average, including inflation |
| Municipal Bond Rate | 3.50 percent |

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

<u>Discount Rate</u>. The discount rate used to measure the total pension liability was 3.50 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 3.87 percent to 3.50 percent.

<u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in</u> <u>the Discount Rate</u>. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.50 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using

a discount rate that is 1 percentage point lower (2.50 percent) or 1 percentage point higher (4.50 percent) than the current rate:

| | 1% | | Current | | 1% | |
|-----------------------------------|----|---------------------|---------|-------------------------|----|---------------------|
| | | Decrease (2.50%) | D | iscount Rate (3.50%) | | Increase (4.50%) |
| District's proportionate share of | | | | | | |
| the net pension liability | \$ | 205,210,899 | \$ | 179,764,944 | \$ | 158,571,344 |

<u>Pension Plan Fiduciary Net Position</u>. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

2. FRS – Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Service retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2018-19 fiscal year were as follows:

| | Percent of |
|--------------------------------|--------------|
| | Gross |
| Class | Compensation |
| FRS, Regular | 8.47 |
| FRS, Elected County Officers | 48.82 |
| FRS, Senior Management Service | 25.41 |
| FRS, Special Risk Regular | 25.48 |

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the

transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lumpsum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$9,892,932 for the fiscal year ended June 30, 2020.

H. Other Postemployment Benefit Obligations

Plan Description. The Other Postemployment Benefits (OPEB) Plan is a single-employer defined benefit plan administered by the District that provides OPEB for all employees who satisfy the District's retirement eligibility provisions. Pursuant to the provisions of Section 112.0801, Florida Statutes, employees who retire from the District, and eligible dependents, are eligible to participate in the District's health and hospitalization plan for medical and prescription drug coverage. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because retiree healthcare costs are generally greater than active employee healthcare costs. The OPEB Plan contribution requirements and benefit terms of the District and the OPEB Plan members are established and may be amended through recommendations of the District Insurance Committee and action from the Board. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75.

Benefits Provided. The OPEB Plan provides healthcare insurance benefits for retirees and their dependents. In addition, the District offers an early retirement incentive that expired June 30,

2020, under which retirees may receive paid single medical coverage for a maximum period of 60 months or when the retiree turns age 65.

Employees Covered by Benefit Terms. On June 30, 2020, the following employees were covered by the benefit terms:

| Inactive Employees or Beneficiaries Currently Receiving Benefits | 627 |
|--|--------|
| Active Employees | 11,079 |
| Total | 11,706 |

Total OPEB Obligation. The District's total OPEB Liability of \$33,766,979 was measured as of June 30, 2020 and was determined by an actuarial valuation as of June 30, 2020, and update procedures were used to determine the total OPEB liability as of June 30, 2020.

<u>Actuarial Assumptions and Other Inputs</u>. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.5 percent per annum |
|-----------------------------|--|
| Salary Increases | 3.5 percent, average, including inflation per annum |
| Discount Rate | 2.21 percent |
| Healthcare Cost Trend Rates | 5.5 percent for 2020, decreasing 0.5 percent per year to |
| | an ultimate rate of 4.5 percent for 2022 and later years |

The discount rate was based on the 20-year tax exempt municipal bond yield rate closest to but not later than the measurement date.

Demographic assumptions employed in the actuarial valuation were the same as those employed in the July 1, 2019, actuarial valuation of the FRS Defined Benefit Pension Plan. These demographic assumptions were developed by FRS from an actuarial experience study, and therefore are appropriate for use in the OPEB Plan actuarial valuation. These include assumed rates of future termination, mortality, disability, and retirement. In addition, salary increase assumptions (for development of the pattern of the normal cost increases) were the same as those used in the July 1, 2019, actuarial valuation of the FRS Defined Benefit Pension Plan.

Assumptions used in valuation of benefits for participants of the FRS Investment Plan are the same as for similarly situated participants of the FRS Defined Benefit Pension Plan.

Changes in the Total OPEB Liability.

| | Amount |
|--|------------------|
| Balance at June 30, 2019 | \$ 48,940,263 |
| Changes for the year: | |
| Service Cost | 2,526,229 |
| Interest | 1,801,327 |
| Changes of Benefit Terms | - |
| Differences Between Expected and Actual Experience | (432,237) |
| Changes in Assumptions or Other Inputs | (11,650,982) |
| Benefit Payments | (7,417,621) |
| Net Changes | (15,173,284) |
| Balance at June 30, 2020 | \$ 33,766,979 |

Changes in assumptions and other inputs reflect significant changes to the retirement and termination assumptions and the repeal of the Excise Tax on employer sponsored plans, both decreased the liability. A change in the discount rate from 3.5 percent in 2019 to 2.21 percent in 2020 increased the liability.

<u>Sensitivity of the Total OPEB Liability to Changes in the Discount Rate</u>. The following table presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.5 percent) or 1 percentage point higher (4.5 percent) than the current rate (rounded (000)):

| | 1% | Current | 1% |
|----------------------|---------------|---------------|---------------|
| | Decrease | Discount Rate | Increase |
| | (1.21%) | (2.21%) | (3.21%) |
| Total OPEB Liability | \$ 35,167,000 | \$ 33,766,979 | \$ 32,405,000 |

<u>Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates</u>. The following table presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (5 percent decreasing to 3.5 percent) or 1 percentage point higher (7 percent decreasing 5.5) than the current healthcare cost trend rates (rounded (000)):

| | (5% | 6 Decrease 6 decreasing to 3.5%) | (6% | rend Rates % decreasing to 4.5%) | (7% | % Increase 6 decreasing to 5.5%) |
|----------------------|-----|--|-----|--|-----|--|
| Total OPEB Liability | \$ | 31,488,000 | \$ | 33,766,979 | \$ | 36,443,000 |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. For the fiscal year ended June 30, 2020, the District recognized OPEB expense of \$3,578,877. At June 30, 2020, the District recognized deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Defer | red Outflows | Defe | erred Inflows of |
|---------------------------------------|-------|--------------|------|------------------|
| Description | of | Resources | | Resources |
| Change of assumptions or other inputs | \$ | 935,160 | \$ | 12,487,996 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Fiscal Year Ending June 30 | | Amount | |
|----------------------------|-------------|-------------|--|
| 2021 | \$ | (748,679) | |
| 2022 | | (748,679) | |
| 2023 | | (748,679) | |
| 2024 | | (748,679) | |
| 2025 | | (748,679) | |
| Thereafter | (7,809,441) | | |
| Total | \$ (| 11,552,836) | |

I. Net Position - Net Investment in Capital Assets

In the government-wide statement of net position, the difference between total assets and deferred outflows of resources and total liabilities and deferred inflows of resources is net position. Generally accepted accounting principles require that net position be subdivided into the following three categories: net investment in capital assets, restricted net position, and unrestricted net position. The composition of net investment in capital assets as of June 30, 2020, is shown in the table below:

| Description | | Amount |
|--|---------------|----------------|
| Total Capital Assets, Net of Accumulated | | |
| Depreciation | | \$ 947,554,746 |
| Plus Deferred Outflows Related to Debt | | 15,049,206 |
| Less Related Debt | | |
| Certificates of Participation Payable | \$374,252,251 | |
| Construction and Retainage Payable | 4,284,265 | |
| Total Related Debt | | (378,536,516) |
| Net Investment in Capital Assets | | \$ 584,067,436 |

J. Construction and Other Significant Commitments

Encumbrances. Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Although appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered.

The following is a schedule of encumbrances as of June 30, 2020. The major Debt Service Funds had no encumbrances as of June 30, 2020.

| Major Funds | | | | | | | | | |
|-------------|------------|----|---------------|------------|------------|------------|-----------|------------|------------|
| | | | | | Capital | | | | |
| Special | | | | Projects - | N | Nonmajor | Total | | |
| | Revenue - | | Local Capital | | Go | vernmental | Go | vernmental | |
| General | | Fo | od Service | In | nprovement | | Funds | | Funds |
| \$ | 14,952,568 | \$ | 2,274,278 | \$ | 18,696,708 | \$ | 6,612,041 | \$ | 42,535,595 |

<u>Construction Contracts</u>. Encumbrances include the following major construction contract commitments at fiscal year-end:

| Project | Contract Amount | 0 | Completed to Date | Balance Committed | | |
|--------------------------|------------------------|----|----------------------|----------------------|-----------|--|
| Plumbing | \$ 2,015,705 | \$ | 928,399 | \$ | 1,087,306 | |
| Fire Alarm | 1,829,594 | | 1,679,203 | | 150,391 | |
| HVAC/DX Equipment | 1,035,828 | | 696,589 | | 339,239 | |
| Replace/Repair Windows | 1,013,754 | | 927,868 | | 85,886 | |
| Roof Replacement | 924,539 | | 885,161 | | 39,378 | |
| Safety Deficiencies | 642,973 | | 561,446 | | 81,527 | |
| District Technology | 539,374 | | 476,053 | | 63,322 | |
| Phase Out Portables | 265,930 | | 100,075 | | 165,855 | |
| Drainage Projects | 77,410 | | 64,457 | | 12,953 | |
| Elevator Upgrades/Repair | 64,445 | | 27,310 | | 37,135 | |
| Total | \$ 8,409,553 | \$ | 6,346,561 | \$ | 2,062,992 | |

K. <u>Risk Management Programs</u>

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, general liability, and automobile liability coverages, and health and hospitalization coverage, are being provided on a self-insured basis. The District has contracted with insurance administrators to administer the self-insurance programs, including the processing, investigation, and payment of claims. The insurance administrators have been approved by the Florida Department of Financial Services, Office of Insurance Regulation.

The District's liability for workers' compensation is limited to \$150,000 to \$425,000 per occurrence, depending on the year of occurrence, through January 31, 2003. Additionally, during the period February 1, 1997, through January 31, 2002, the District's liability is limited by aggregate excess coverage when total claims minus specific excess coverage exceed the loss fund established annually by the District. For claims occurring on or after February 1, 2003, the District retained the entire liability for workers' compensation claims. The District's liability for tort claims under the general

and automobile liability coverages is limited by Section 768.28, Florida Statutes, which limits claims to \$100,000 per claim and \$200,000 per incident for claims prior to October 1, 2011. Effective October 1, 2011, the limit is \$200,000 per claim and \$300,000 per incident.

The District's liability for health and hospitalization coverage is limited by excess insurance to \$650,000 per individual per plan year. The health and hospitalization coverage provided by the District also contains high employee and dependent deductibles. The District contributes \$450 per eligible employee and an additional \$300 for dependent and family coverage to an Internal Revenue Code 125 Flexible Benefits Plan (Flex Plan), for those employees who have elected the contributory medical plan. Any contributions to the Medical Flexible Spending Account are subject to a use-it-or-lose-it rule whereby unspent balances remaining in the Flex Plan after the reimbursement eligibility period are forfeited.

As of June 30, 2020, a liability in the amount of \$17,410,000 was actuarially determined to cover estimated incurred, but not reported, workers' compensation, general liability, and automobile liability insurance claims payable, and a liability in the amount of \$7,276,428 was actuarially determined to cover estimated incurred, but not reported, health and hospitalization insurance claims payable.

The following schedule represents the changes in claims liability for the past two fiscal years for the District's self-insured workers' compensation and health and hospitalization programs, including liabilities that have been incurred but not reported (IBNR):

~

| | | | C | urrent Year | | | | |
|------------------------|----|-------------|----|-------------|-----|--------------|----|------------|
| | I | Balance at | (| Claims and | | | F | Balance at |
| | B | eginning of | (| Changes in | | Claims | | Fiscal |
| Program / Year | F | 'iscal Year |] | Estimates |] | Payments | | Year-End |
| Workers' Compensation: | | | | | | | | |
| 2018-19 | \$ | 17,894,000 | \$ | 7,289,887 | \$ | (6,461,887) | \$ | 18,722,000 |
| 2019-20 | | 18,722,000 | | 2,683,823 | | (3,995,823) | | 17,410,000 |
| Health Insurance: | | | | | | | | |
| 2018-19 | \$ | 7,095,622 | \$ | 113,071,320 | \$(| 113,661,318) | \$ | 6,505,624 |
| 2019-20 | | 6,505,624 | | 116,238,546 | (| 115,467,742) | | 7,276,428 |
| Total: | | | | | | | | |
| 2018-19 | \$ | 24,989,622 | \$ | 120,361,207 | \$(| 120,123,205) | \$ | 25,227,624 |
| 2019-20 | | 25,227,624 | | 118,922,369 | (| 119,463,565) | | 24,686,428 |

Liability coverage for property protection, errors and omissions, employee blanket bond, and other coverage deemed necessary by the Board are provided through purchased commercial insurance, with minimum deductibles for each line of coverage. There have been no changes in insurance coverage from prior fiscal year. There were no settlements in excess of commercial insurance coverage in any of the 3 prior fiscal years.

L. Fund Balance Reporting

The following is a schedule of fund balances by category on June 30, 2020:

Major Funds

| | General | Special Revenue - Food Service | Debt Service - Other Debt Service | Debt Service - ARRA Economic Stimulus | Capital Projects - Local Capital Improvement | Nonmajor Governmental Funds | Total Governmental Funds |
|---------------------------|----------------|--------------------------------------|---|--|---|-----------------------------------|--------------------------------|
| Fund Balances | | | | | | | |
| Nonspendable: | | | | | | | |
| Inventories | \$ 4,419,944 | \$ 1,751,806 | \$- | \$ - | \$ - | \$ - | \$ 6,171,750 |
| Restricted for: | | | | | | | |
| State Required Carryover | 25,192,611 | - | - | - | - | - | 25,192,611 |
| Debt Service | - | - | 35,374,487 | 31,090,618 | - | - | 66,465,105 |
| Capital Projects: | | | | | | | |
| Public Ed Capital Outlay | - | - | - | - | - | 47,959 | 47,959 |
| CO&DS | - | - | - | - | - | 12,983,420 | 12,983,420 |
| Local Capital Improvement | - | - | - | - | 25,315,197 | - | 25,315,197 |
| Other Capital Projects | - | - | - | - | | 1,888,748 | 1,888,748 |
| Food Service | - | 15,082,031 | - | - | - | - | 15,082,031 |
| Grants and Contracts | 1,985,463 | - | - | - | - | - | 1,985,463 |
| Assigned for: | | | | | | | |
| Extended Day Program | 6,675,464 | - | - | - | - | - | 6,675,464 |
| Purchase Obligations | 2,270,532 | - | - | - | - | - | 2,270,532 |
| Other Assigned | 4,738,341 | - | - | - | - | | |
| Unassigned | 68,674,168 | | | - | - | - | 68,674,168 |
| Total Fund Balances | \$ 113,956,523 | \$ 16,833,837 | \$ 35,374,487 | \$ 31,090,618 | \$ 25,315,197 | \$ 14,920,127 | \$ 237,490,789 |

In addition to committed and assigned fund balance categories discussed in Fund Balance Policies note disclosure, fund balances may be classified as follows:

- **Nonspendable Fund Balance**. Nonspendable fund balance is the net current financial resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. Generally, not in spendable form means that an item is not expected to be converted to cash.
- **Restricted Fund Balance**. Restricted fund balance is the portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraint on the use of fund balance.
- **Assigned Fund Balance**. Assigned fund balance is the portion of fund balance that a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.
- **Unassigned Fund Balance.** The unassigned fund balance is the portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes. The General Fund is the only fund that reports a positive unassigned fund balance amount.

M. <u>Receivable and Payable</u>

1. Interfund Receivable and Payable

The following is a summary of the interfund receivable and payable reported in the financial statements as of June 30, 2020:

| Fund | | eceivables |] | Payables | | |
|--|----|------------|----|------------|--|--|
| Major Governmental Funds: | | | | | | |
| General | \$ | 12,473,728 | \$ | - | | |
| Special Revenue - Other Federal Programs | | - | | 11,141,188 | | |
| Debt Service - ARRA Economic Stimulus Fund | | - | | 1,332,540 | | |
| Total | \$ | 12,473,728 | \$ | 12,473,728 | | |

The above interfund receivable and payable represents monies owed to the General Fund from the Special Revenue – Other Federal Programs Fund to cover expenses incurred awaiting reimbursement from various grant sources. Interfund receivables and payables are expected to be collected within one year of the end of the fiscal period.

2. Receivables

Receivables as of June 30, 2020, for the District's major funds, including the applicable allowances for uncollectible accounts, are as follows:

| | Special Revenue - | | | | | | |
|--------------------------------------|-------------------|-------------|----|------------|--------|-------------|--|
| | | General | Fo | od Service | | | |
| | | Fund | | Fund | Totals | | |
| Receivables | | | | | | | |
| Accounts Receivable | \$ | 2,754,972 | \$ | 49,835 | \$ | 2,804,807 | |
| Less allowance for doubtful accounts | | (1,622,916) | | - | | (1,622,916) | |
| Accounts Receivable (net) | | 1,132,056 | | 49,835 | | 1,181,891 | |
| Total receivables | \$ | 1,132,056 | \$ | 49,835 | \$ | 1,181,891 | |

Based on the payment history for General Fund accounts receivable, \$210,000 of the amount reported is not expected to be collected within the next year. The Special Revenue – Food Service Fund accounts receivable are expected to be collected within the next year. The major Debt Service - Other Debt Service Fund and ARRA Economic Stimulus Fund, and Capital Projects - Local Capital Improvement Fund, along with the aggregate non-major funds, did not have either tax receivables or accounts receivable.

N. <u>Revenues</u>

1. <u>Schedule of State Revenue Sources</u>

The following is a schedule of the District's State revenue for the 2019-20 fiscal year:

| Source | Amount |
|---|----------------|
| Florida Education Finance Program | \$ 464,906,473 |
| Categorical Educational Program - Class Size Reduction | 146,592,863 |
| Florida Best and Brightest Scholarship Programs | 12,750,941 |
| Charter School Capital Outlay | 8,992,675 |
| School Recognition | 5,862,140 |
| Motor Vehicle License Tax (CO and DS) | 4,494,857 |
| Voluntary Prekindergarten Program | 3,421,167 |
| Schools of Hope | 2,819,702 |
| Project Award for Tiger Academy & KIPP | 2,500,000 |
| Facilities Security Grant | 1,742,874 |
| Food Service Supplement | 868,753 |
| Knowledge is Power | 500,000 |
| Sales Tax Distribution | 446,500 |
| State License Tax | 251,029 |
| Tempary Impact Aide | 232,134 |
| District Instructional Leadership and Faculty Development | 219,621 |
| Fuel Tax Refunds | 155,582 |
| Discretionary Lottery Funds | 134,495 |
| Full Service Schools | 76,653 |
| Diagnostic & Learning Resource Centers | 38,044 |
| Total | \$ 657,006,503 |

Accounting policies relating to certain State revenue sources are described in Note I.H.2.

2. Property Taxes

The following is a summary of millages and taxes levied on the 2019 tax roll for the 2019-20 fiscal year:

| | Millages | Taxes Levied |
|----------------------------------|----------|---------------------|
| GENERAL FUND | | |
| Nonvoted School Tax: | | |
| Required Local Effort | 3.8920 | \$ 291,226,953 |
| Prior Period Funding Adjustment | 0.0100 | 748,270 |
| Basic Discretionary Local Effort | 0.7480 | 55,970,648 |
| CAPITAL PROJECTS - | | |
| LOCAL CAPITAL IMPROVEMENT FUND | | |
| Nonvoted Tax: | | |
| Local Capital Improvements | 1.5000 | 112,240,604 |
| TOTAL | 6.1500 | \$ 460,186,475 |

Actual property taxes collected totaled less than the total taxes levied. The Duval County Tax Collector is not required by law to make an accounting to the School Board of the difference between taxes levied and taxes collected. However, because of discounts allowed for early payments and other reasons for non-collection, the School Board budget estimates an anticipated 4 percent shortfall between taxes levied and taxes collected.

O. Interfund Transfers

The following is a summary of interfund transfers reported in the fund financial statements for the year ended June 30, 2020:

| | Interfund | | | | | | | | |
|---|---------------|---------------|--|--|--|--|--|--|--|
| Funds | Transfers In | Transfers Out | | | | | | | |
| Major: | | | | | | | | | |
| General | \$ 37,998,677 | \$ 562,310 | | | | | | | |
| Special Revenue: | | | | | | | | | |
| Special Revenue - Other Federal Programs | 38,223 | - | | | | | | | |
| Food Service | 86,258 | 1,806,182 | | | | | | | |
| Debt Service: | | | | | | | | | |
| Other Debt Service | 23,412,447 | - | | | | | | | |
| ARRA Economic Stimulus | 6,641,420 | - | | | | | | | |
| Capital Projects: | | | | | | | | | |
| Local Capital Improvement | 284,318 | 56,934,878 | | | | | | | |
| Nonmajor Governmental: | | | | | | | | | |
| Capital Projects - Other Capital Projects | - | 9,311,483 | | | | | | | |
| Proprietary - Internal Service: | | | | | | | | | |
| Printing | 153,510 | | | | | | | | |
| Total | \$ 68,614,853 | \$ 68,614,853 | | | | | | | |

Interfund transfers represent permanent transfers of monies between funds. The transfers out of the Capital Projects – Local Capital Improvement Fund were to provide for debt service payments in the Debt Service – Other Debt Service Fund and Debt Service – ARRA Economic Stimulus Fund, and to provide funding for minor maintenance, property/casualty insurance, and transportation expenditures in the General Fund. The other transfers out of the Capital Projects – Other Capital Projects Fund were to provide funding for charter school capital outlay. The transfers out of the Special Revenue – Food Service Fund were to provide funding to the General Fund for construction expenditures. The remaining transfers between funds were operational in nature.

P. Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District management, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

Q. Subsequent Event

At the November 3, 2020, General Election, the referendum for the School Capital Outlay Sales Surtax passed with 67.34% of the vote. The voters approved to levy a 15-year half-cent sales surtax to upgrade aging schools through repairs and modernization, to keep schools safe and to continue to promote a conducive learning environment, to improve technology, and to replace existing or build new schools, and share with charter schools for their allowable uses. The levy is authorized by Section 212.055(6), Florida Statutes, and such proceeds and projects will be monitored by the Sales Surtax Oversight Committee, which is established and governed by Board Policy 9.66.

DUVAL COUNTY PUBLIC SCHOOLS NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2020

A. <u>Schedule Of Changes in the District's Other Post-Employment Benefits Liability</u> and Related Ratios

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

Changes in assumptions. Changes of assumptions and other inputs reflect the effects of changes in the discount rate each measurement period. The following are the discount rates used in each measurement period:

| Year | Discount Rate |
|------|---------------|
| | |
| 2019 | 3.50% |
| 2020 | 2.21% |

In 2020, amounts reflect a 1.29 percentage point decrease in the healthcare cost trend rates from the prior year.

B. <u>Schedule Of Net Pension Liability and Schedule of Contributions – Florida</u> <u>Retirement System Pension Plan</u>

Changes in assumptions. The long-term expected rate of return was decreased from 7.0 percent to 6.9 percent, and the active member mortality assumption was updated.

C. <u>Schedule of Net Pension Liability and Schedule of Contributions – Health Insurance</u> <u>Subsidy Pension Plan</u>

Changes in assumptions. The municipal bond rate used to determine total pension liability was decreased from 3.87 percent to 3.50 percent.

Combining and Individual Fund Financial Statements and Schedules

Combining and individual fund financial statements and schedules are comprised of information that accompanies the audited basic financial statements, but is not a required part of the basic financial statements. This subsection includes the budgetary analysis of major funds, other than the General Fund and major Special Revenue Funds, if any, not included elsewhere and the fund financial statements and schedules of the District's nonmajor funds.

Nonmajor Governmental Funds

Debt Service Funds

State Board of Education (SBE) and Capital Outlay Bond Issue (COBI) Fund – This fund is used to account for the payment of principal, interest, and related costs on the state bonds issued by the State Board on behalf of the District. Such bonds are payable from the District's portion of the state-assessed motor vehicle license tax.

Capital Projects Funds

Public Education Capital Outlay (PECO) Fund – These funds are used for educational capital outlay needs, including new construction, remodeling, renovation, maintenance, repairs, and site improvements.

Capital Outlay and Debt Service (CO&DS) Fund – This fund is used to account for capital project activity funded by the District's portion of the State CO&DS program.

Other Capital Projects Fund – This fund is used to account for the financial resources of the Qualified School Construction Bonds and 2012 Qualified Zone Academy Bonds to be used for certain capital construction and improvement projects.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

Workers' Compensation Fund – This fund is used to account for the District's workers' compensation insurance, including operating revenues and expenses as well as the liabilities incurred by the insurance.

Health Insurance Fund – This fund is used to account for the District's self-insurance program, including premiums received from employees, and payments made to the third-party administrator.

District Printing Department – This fund is used to account for the District's print shop, which is used by all areas in the District, to account for the accumulation and allocation of costs associated with printing.

STATISTICAL SECTION

This page intentionally left blank

Statistical Section Contents

This part of the School Board's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, notes disclosures and required supplementary information says about the District's overall financial health.

This section includes information on:

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenues source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Source: Duval County Property Appraiser's Office

Notes:

(1) Real property is being reported by major component beginning with the 2014-15 fiscal year.

(2) Personal property values are net of certain allowable exemptions, primarily for government property.

(3) Centrally assessed property is primarily railroad property and private car line property, which must be separately assessed.

(4) Tax rates are per \$1,000 of assessed value.

(5) Estimated actual values are the total "just" values of property subject to taxation, as defined by Section 193.011, Florida Statutes.

Notes:

(1) The GSD (General Services District) millage rate is the one which applies to most taxpayers in the City of Jacksonville, and it is effectively a county-wide rate. Due to the existence of five other taxing districts, a total of six combined millage rates apply to taxpayers within the City of Jacksonville.

(2) Florida Inland Navigational District

(1) Net of allowable discounts

Note: Property taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, tax collected will generally never be 100% of the tax levy. Taxes become delinquent as of April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1st of each year. Accordingly, the majority of taxes are collected in the fiscal year levied.

City of Jacksonville Comprehensive Annual Financial Report for the period ending September 30, 2019

Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the District. This process recognized that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying debt of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the City's taxable assessed value that is within the District's boundaries and dividing it by the City's total taxable assessed value.

(1) Assessed values are the final adjusted appraisals as reported by the Duval County Property Appraiser. See "Assessed and Estimated Actual Value of Taxable Property Last Ten Fiscal Years".

Note:

This schedule was previously presented as a requirement of Rule 6A-1.037(2) State Board of Education, Florida Administration Code, which established a legal debt limit of 10 percent of the assessed valuation of the District. Rule 6A-1.037(2) was repealed in March 2006, however, management believes this information may still be of value to users.

Notes:

(1) The District first participated in the Community Eligibility Provision (CEP) program, a National School Lunch and School Breakfast program, in the 2013-14 FY. Beginning with the 2013-14 FY, this column does not include students enrolled in schools which qualify for CEP.

(2) Includes all students enrolled in schools which qualify for CEP. When at least 40% of students enrolled at a school are directly certified, then all students enrolled at that school receive free breakfast and free lunch under CEP. A student is directly certified if his/her household receives State assistance through Medicaid, the Supplemental Nutrition Assistance Program, or Temporary Assistance to Needy Families.

(3) Only includes students enrolled in schools which qualify for CEP.

(4) This schedule previously included information for charter schools; however, the information was only for a limited population of charter school students. Since complete data is not available, charter schools will no longer be reported.

(4) For the 2014-15 fiscal year, these amounts were moved forward one year (for example, the amount previously reported for the fiscal year ending June 30, 2014 was moved to the row for the fiscal year ending June 30, 2015). This revision was necessary to align our fiscal year reporting to the correct tax year.

1701 Prudential Drive Jacksonville, FL 904-390-2000 www.duvalschools.org

Failure is success if we learn from it. ~Malcolm Forbes

<u>Vision</u>

Every student is inspired and prepared for success in college or a career, and life.

Mission

To provide educational excellence in every school, in every classroom, for every student, every day.

EVERY SCHOOL. EVERY CLASSROOM. EVERY STUDENT. EVERY DAY.

Notes:

(1) Basis of Presentation. The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Duval County District School Board (the District) under programs of the Federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

(2) <u>Summary of Significant Account Policies</u>. Expenditures are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Indirect Cost Rate. The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.

(4) <u>Noncash Assistance: National School Lunch Program</u>. Includes \$4,662,184 of donated food received (used) (Modified as appropriated.) during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.

(5) Impact Aid. Expenditures are related to grant number/program 19-FL-2019-0008 & 19-FL-2018-0008.

- (6) Hurricane Education Recovery Grant. Total CFDA No. 84.938 expenditures: \$672,408
- (7) Special Education Grants to States. Total CFDA No. 84.027 expenditures: \$33,306,931

(8) <u>Substance Abuse and Mental Health Services - Projects of Regional and National Significance</u>. Total CFDA No. 93.243 expenditures: \$110,187

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Duval County Public Schools (the "District") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 18, 2020. Our report includes a reference to other auditors who audited the financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.800, *Rules of the Auditor General*, we reported certain matters to management of the District in a separate management letter and Independent Accountant's Report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS IN ACCORDANCE WITH THE UNIFORM GUIDANCE

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Report on Compliance for Each Major Federal Program

We have audited the compliance of the Duval County Public Schools (the "District") with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") *Compliance Supplement*, that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2020. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to in the first paragraph. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program with a type of compliance requirement of a federal program with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the basic financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated December 18, 2020 which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. Our report on the basic financial statements included disclosures regarding our reference to the reports of other auditors. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis, as required by Uniform Guidance, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements.

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance (Cont.)

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Cont.)

For the Year Ended June 30, 2020

Section II - Findings Related to the Financial Statement Audit, as required to be reported in accordance with *Government Auditing Standards*

No matters are reported.

Section III - Federal Award Findings and Questioned Costs reported in accordance with the Uniform Guidance

No matters are reported.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

For the Year Ended June 30, 2020

FINANCIAL AUDIT FINDINGS

2019-001 - Financial Reporting

Significant Deficiency: District financial reporting procedures need improvement to ensure that account balances and transaction are properly reported

Status: Corrective actions have been implemented; we consider this finding fully resolved.

FEDERAL AUDIT FINDINGS

2019-002 – U.S. Department of Agriculture

Noncompliance and Significant Deficiency: Contrary to federal regulations, the District did not properly allocate interest earnings for the 2018-2019 fiscal year from the District's pooled cash and cash equivalents and investment accounts to the Child Nutrition Cluster food service program, resulting in questioned costs totaling \$60,826.

Status: Corrective actions have been implemented; we consider this finding fully resolved.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Report on Financial Statements

We have audited the financial statements of the School District of Duval County, Florida (the "District") as of and for the year ended June 30, 2020, and have issued our report thereon dated December 18, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government *Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.800, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance, Schedule of Findings and Questioned Costs, and our Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.800, *Rules of the Auditor General*. Disclosures in those reports and schedule, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.804(1)(f)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

Financial Condition and Management

Section 10.804(1)(f)2., *Rules of the Auditor General*, requires us to communicate whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

Financial Condition and Management (Cont.)

Pursuant to Sections 10.804(1)(f)5a. and 10.805(7), *Rules of the Auditor General*, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by the same.

Section 10.804(1)(f)3, *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with out audit, we did not have any such recommendations.

Transparency

Section 10.804(1)(f)6., *Rules of the Auditor General*, requires that we report the results of our determination as to whether the District maintains on its website the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its website the information specified in Section 1011.035, Florida Statutes.

Additional Matters

Section 10.804(1)(f)4., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In conjunction with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the School District Board members, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

The Honorable Members of the School Board Duval County Public Schools Jacksonville, Florida

We have examined the School District of Duval County, Florida's (the "District") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended June 30, 2020. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District is in accordance with those requirements in all material respects. An examination involves performing procedures to obtain evidence about the District's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2020.
