# SCHOOL DISTRICT OF MANATEE COUNTY

January 26, 2021

Dear Chair, Members of the School Board of Manatee County, Florida and Citizens of Manatee County:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the School Board of Manatee County, Florida (District) for the fiscal year ended June 30, 2020. State law requires all school districts publish within 9 months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States (GAAP) and audited in accordance with auditing standards generally accepted in the United States by an independent certified public accountant.

This report consists of management's representations concerning the finances of the District. Responsibility for the accuracy, completeness and fairness of the information presented, including all disclosures, rests with the District's management. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect District assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

This report will provide the taxpayers of the District with financial data in a format enabling them to gain an understanding of the financial affairs and standing of the District.

### Independent Audit

Cherry Bekaert LLP, has independently audited the District's financial statements for the fiscal year ended June 30, 2020. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The report on the basic financial statements by Cherry Bekaert LLP is included in the Financial Section of the CAFR. The independent auditor concluded there was a reasonable basis for rendering an unmodified opinion that, based on the audit and reports of other auditors, the District's financial statements are fairly presented in all material respects, in conformity with GAAP.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of Federal grantor agencies. The District is required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act of 1996 and the United States Office of Management and Budget Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements but also the audited government's internal controls and compliance with the legal requirements with special emphasis on internal controls and legal requirements involving the administration of Federal Awards, findings and questioned costs, summary of prior audit findings, and the report of independent auditor on the internal control over compliance and on compliance with applicable requirements, are included in the Single Audit section.

The CAFR includes all funds of the District, the Manatee School Board Leasing Corporation, and 12 charter schools, which comprise the reporting entity. The Leasing Corporation was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities. The charter schools are public schools operating under operating contracts with the District. The charter schools are included in the CAFR as discretely presented component units. One charter school, the State College of Florida Collegiate School, operates under another governmental agency and, therefore, is not included as a discretely presented component units of the District.

The CAFR is presented in three sections as follows:

- 1. The Introductory Section, which contains the Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the District.
- 2. The Financial Section, which includes the Report of Independent Auditor, Management's Discussion and Analysis (MD&A), basic financial statements, notes to the financial statements, and other supplemental information.

The basic financial statements and notes provide an overview of the District's financial position and operating results. The other supplemental information provides more detailed information relative to the basic financial statements, which includes combining statements for non-major governmental funds, combining statements for each fund type, budget to actual statements for all governmental funds, and combining statements for the discretely presented component units. The MD&A immediately follows the report of independent auditor and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements the letter of transmittal and should be read in conjunction with it.

3. The Statistical Section presents on a multi-year basis, selected social and economic data, financial trends and the fiscal capacity of the District.

Reports and schedules required by *Governmental Auditing Standards* and United States Office of Management and Budget (OMB) follow the three sections identified above.

### Profile of the School District

The District and its governing body were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by the District in accordance with Chapter 1001, Florida Statutes. The District consists of five elected officials responsible for the adoption of policies, which govern the operation of public schools in Manatee County. The Superintendent of Schools is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and District policies. Section 1010.01, Florida Statutes, requires each school district to prepare and maintain financial records and accounts as prescribed by law and rules of the State Board of Education.

The geographic boundaries of the District are those of Manatee County. The County encompasses a 742 square mile area located in west central Florida and is approximately 45 miles south of the city of Tampa. The County operates under a constitution adopted in 1921 and has a current estimated population of 387,414 persons. Within its borders are six municipalities: Cities of Anna Maria, Bradenton, Bradenton Beach, Holmes Beach, Palmetto and the Town of Longboat Key.

During the 2019-20 fiscal year, the District operated 54 schools at 54 sites; including 31 elementary schools, 9 middle schools, 7 high schools, 2 K-8 combination schools, 1 alternative education school, 1 ESE center, 1 post-secondary school (operated at 3 school sites) and 2 virtual schools. The District also managed 12 contract sites; including 4 Department of Juvenile Justice sites, and authorized operating contracts with 13 charter schools. The charter schools are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The average age of schools for the District is 44 years. The District reported serving approximately 49,076 unweighted, full-time equivalent students for the 2019-20 fiscal year and projects it will enroll 50,268 students for the 2020-21 fiscal year.

The District receives the majority of its operating funds through a State funding formula that is intended to equalize funding received from the State and local property tax between districts within the State. Charter schools operating through a contract with the District are provided with their proportionate share of these funds, based on the number of reported full-time equivalent students enrolled at the charter schools.

The District serves students from infants through adults. Students in the District represent a diverse community of learners, including a variety of ethnic and cultural backgrounds. The student population breaks down as follows: 45.2 percent White, 34.9 percent Hispanic, 13.6 percent Black/African American, 4.1 percent Multiracial, 2.1 percent Asian and 0.1 percent American Indian/Alaskan Native.

In addition to the various educational programs offered to K-12 students, the District offers services including: programs for babies of teen parents who are progressing toward achieving high school diplomas; programs for special education from age 3 to 21; preschool programs for children from birth through five years; programs for eligible homeless or at risk of becoming homeless students; and voluntary pre-kindergarten services.

The District also offers programs for adults to learn the necessary skills to enter the workforce or increase opportunities for advancement in current positions. Adults who did not finish high school may prepare for the official GED Test to earn a State of Florida high school diploma, and students

from foreign countries can learn communication skills through the District's English Language Learner (ELL) programs. Fee-supported courses are also available to increase personal development in various subjects such as computers, photography and personal financial planning.

### Economic Condition and Outlook

The County is part of the North Port-Bradenton-Sarasota Metropolitan Statistical Area (MSA) that includes Manatee and Sarasota Counties. Since 2010, the population of Manatee County has increased 20 percent to approximately 387,414. For the 2019 calendar year, The Office of Economic & Demographic Research ranks Manatee County as the 15<sup>th</sup> most populous county (out of 67 counties) in the State with 1.8 percent of Florida's population. Manatee County's unemployment rate was 3.1 percent.

The County experienced increased growth in the housing market. In 2019, there were 4,779 housing units permitted in Manatee County up from 4,490 in 2018. Housing values increased by 3.2 percent over June 2019. The median sales price for an existing single-family home in Manatee County was \$325,000, according to Realtor Association of Sarasota and Manatee.

The District recognizes it benefits financially from the growth in population as well as the increase in property values. The District anticipates continued growth in the number of students served by District schools. The 2020 population projection for Manatee County is 395,789.

### Major Initiatives and Accomplishments

Fiscal year 2019-20 was a busy and successful year for the School District of Manatee County. The District's accomplishments include:

### WE ARE IMPROVING ACADEMICALLY

- In the summer of 2013, the District had 18 D or F schools, according to state accountability reports. In the summer of 2019, the District had eliminated all F schools and dropped the number of D schools to two with the majority of schools at either an A or B.
- In 2012, the District of was ranked 46th out of 67 school districts in Florida, according to state accountability reports. In 2019, the District was ranked 28<sup>th</sup>.
- Graduating seniors from the District's Class of 2020 earned more than \$10 million in scholarships (not including Florida's Bright Futures) and were accepted into more than 169 colleges and universities including Cornell, Duke, Johnson and Wales, UNC-Chapel Hill, the United States Military Academy, the United States Naval Academy, along with virtually every public and private college and university in the State of Florida. In addition, seniors in the class of 2020 also entered all branches of the United States Armed Forces.

## WE ARE FINANCIALLY SOUND

- The District's total fund balance has grown from \$14.4 million at June 30, 2014 to \$29 million at the end of June 30, 2020.
- Global Financial Ratings firms Moody's, Standard and Poor's, and Fitch Ratings all significantly upgraded their ratings of the District in the last four years based upon the financial performance of the District.

## WE ARE PAYING COMPETITIVE SALARIES

- This past school year marked the sixth-consecutive year the District provided pay increases to teachers and other employees.
- The average teacher pay increase in 2019-20 was 2.5%.

• Starting teacher salaries increased from \$38,285 in 2015-16 to \$45,232 (including millage supplement) in 2019-20 and now represents one of the highest starting teacher salaries in the state.

### WE ARE GROWING

- Three new schools, Parrish Community High, Dr. Mona Jain Middle and Barbara A. Harvey Elementary opened in August 2019.
- The Gullett Elementary wing addition opened its doors in August 2019.
- In September 2019, construction began to expand Willis Elementary by adding a sixclassroom wing addition.
- Palm View Elementary expanded to become a new K-8 school which included the conversion of one building for middle school and plans for a new gymnasium, expected to be completed in early 2021.
- Braden River High will be receiving a new football field and track in the summer of 2020.
- The Tillman Full-Service Center is being converted to eight new classrooms, scheduled for completion in August 2020.
- The Witt Elementary addition and renovation project is under construction and expected to be complete in 2022.
- The Sugg Middle replacement project and the Braden River Middle addition and renovation are in design and will add student stations.
- The District's Executive Planner has been directed to locate and begin acquiring property for future schools in the north and east county areas.

### WE ARE EXPANDING EDUCATIONAL OPTIONS

- Bayshore High received a construction technology building, science lab renovations and updated technology labs.
- Due to COVID-19, the District deployed over 10,000 student devices and 400 hotspots to aid in the transition to on-line learning.

## WE ARE DEVELOPING A NEW STRATEGIC PLAN

- Created a new eLearning environment for transition to on-line learning.
- The District will actively seek and utilize community involvement to implement a plan that represents diverse voices and insight from across Manatee County.

### WE ARE INCREASING SECURITY

- Ballard Elementary received a new secure front office lobby and an enclosure of the circulation spaces adjacent to the auditorium.
- Rogers Garden Elementary front office and clinic were updated for security enhancements.
- 23 schools received additional fencing, gates, portals and other security enhancements, as part of a comprehensive, District-wide security initiative.
- School Guardians participated in 144 hours of firearm training, simulator exercises, active assailant scenarios, defensive tactics, legal instruction and diversity training.
- Schools continue to receive physical security vulnerability assessments for Phase II of the school hardening fencing projects.

### WE ARE SUPPORTED BY OUR COMMUNITY

- Manatee County voters renewed a half-cent Sales Tax for District capital needs in November 2016.
- Manatee County voters approved a one-mill Property Tax for District operational needs in March 2018.

### WE ARE CHAMPIONS

- 86 teams from 30 District elementary schools competed in the VEX Robotics program.
- Manatee students captured 98 event trophies at the annual Technology Student Association (TSA) state conference, including 39 first place trophies.
- High School Senior at Lakewood Ranch High was named 2020 Gatorade Florida Softball Player of the Year.

### **Financial Information**

The District is responsible for maintaining budgetary controls, and ensuring spending follows the annual appropriated budget approved by the District. All governmental fund types utilized by the District are included in the annual appropriated budget. The legal level of budgetary control is established at the fund-function-object level for all funds, meaning, this is the level at which expenditures cannot exceed the appropriated amount.

Budgetary information is integrated into the accounting system. To facilitate budgetary control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at year-end and outstanding encumbrances are honored in the subsequent year's appropriations.

To provide budgetary control for salaries, the District on an annual basis adopts a staffing plan that establishes teaching positions based generally on student populations served. Additionally, support and administration positions are created based on established criteria.

On March 20, 2018, Manatee County voters demonstrated their commitment to the District by voting for a one-mill levy increase to lengthen instructional time by 30 minutes each school day; increase pay for teachers, bus drivers and other staff who work directly with students; and to expand career, technical and science/engineering programs. This revenue source will continue until the fiscal year ended June 30, 2022.

At June 30, 2020, the District's General Fund, fund balance totaled \$29,018,719. The General Fund balance is comprised of four classifications, nonspendable (i.e. inventory and prepaid items), restricted (i.e. state categorical, grants, millage rollforward) assigned (i.e. encumbrances, programs) and unassigned (residual spendable amount not contained in any other category). The fund balance is broken down as follows: \$589,122 nonspendable, \$11,747,589 restricted, \$5,877,706 assigned and \$10,804,302 unassigned fund balance. The District's assigned and unassigned General Fund balance is 3.8 percent of revenues at June 30, 2020, a 1.2 percent decrease over the prior year of 5 percent. The reduction is mainly attributed to decreased revenues and increased expenditures related to the impacts of COVID-19, spend down of restricted funds remaining at year end for state categorical, millage, and grant roll forward balances.

The District continues to demonstrate strong financial stewardship. For the seventh consecutive fiscal year, the District closed the year with a positive fund balance exceeding the state reporting requirement of 3 percent. The assigned and unassigned fund balance of the District's general fund totaled \$16,682,008 or 3.8 percent of revenues and total fund balance equated to 6.7 percent. The District provided financial oversight to support a staffing and academic plan to enhance the educational environment.

### Certificate of Excellence in Financial Reporting

The Association of School Business Officials, International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2019. This is the 14th year the District received this prestigious award. To be awarded the Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized CAFR. The Certificate of Excellence is valid for a period of one year only. Upon completion of the CAFR this year, the District will once again apply for consideration of this award.

### Acknowledgements

The preparation of the CAFR was made possible by the dedicated service of the entire staff of the District's Finance Department. Our sincere appreciation is extended to each member of the department for their contributions in the preparation and completion of this report.

In closing, we would like to thank the members of the District School Board and the Audit Committee for their leadership that has contributed to the accomplishments of the School District of Manatee County. We also thank the District's teachers, staff, and the citizens of Manatee County, who have contributed greatly to the educational success of the students and to the operation of this innovative school system.

Respectfully submitted,

Cynthia Saunders Superintendent

Tim Bargeron Associate Superintendent for Finance

Tammy Taylor

Director of Finance

### **Report of Independent Auditor**

Honorable Members of the School Board School District of Manatee County Bradenton, Florida

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the School District of Manatee County (the "District"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units' columns in the accompanying financial statements. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the aggregate discretely presented component units. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, based on our audit and reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows, and the respective budgetary comparison for the General Fund and the Federal Contracted Programs Fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Emphasis of Matter

As discussed in Note III.C. to the financial statements, in March 2020 the World Health Organization declared COVID-19 a global pandemic. Given the uncertainty of the situation and the duration of any business disruption, the related financial impact cannot be reasonably estimated at this time. Our opinions are not modified with respect to this matter.

### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as presented in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the financial statements.

The combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 18, 2021 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Cherry Bekant LLP

Tampa, Florida January 18, 2021

This page was intentionally left blank.

The management of the District School Board of Manatee County, Florida (the "District") has prepared the following discussion and analysis to (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the District's financial activities, (c) identify changes in the District's financial position, (d) identify material deviations from the approved budget, and (e) highlight significant issues in individual funds.

Because the information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events and conditions, it should be considered in conjunction with the District's financial statements.

## **Financial Highlights**

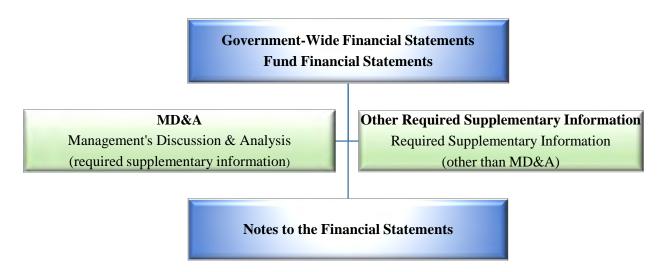

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2020 by \$633,176,388 (net position). Of this amount, \$206,601,571 represents a deficit unrestricted net position.
- This deficit in unrestricted net position was due primarily to the District's long-term liabilities and related deferrals for employee benefits at June 30, 2020. Significant liabilities and deferrals included: Other Postemployment Benefits Payable \$11,302,048; Compensated Absences Payable \$34,677,143; and Net Pension Liability \$278,088,728.
- The District's total net position decreased by \$19,545,819 or 3.0 percent.
- As of the close of the current fiscal year, the District's total governmental funds reported combined fund balances of \$121,091,514, an increase of \$2,860,411 in comparison with the prior fiscal year. This increase is mainly attributed to balances designated for construction projects in capital funds.
- The District's assigned and unassigned fund balance for the General Fund was \$16,682,008 or 3.8 percent of total General Fund revenues, which exceeds the 3 percent reporting threshold. The total fund balance was \$29,018,719, or 6.7 percent of total General Fund revenues.

## **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

The government-wide financial statements provide both long-term and short-term information about the District's overall financial status. The subsequent statements are fund financial statements that focus on individual parts of the District and provide greater detail of the District's operations than the government-wide statements. Additionally, the basic financial statements

include notes, which explain some of the information in the statements and provide more detailed data. The illustration below shows how the various parts of the financial section are arranged and relate to one another.

### **Basic Financial Statements**

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources, using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position, the results of operations, during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The statement of activities provides information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

Both above government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the District include such functions as instruction, student personnel services, administration, student transportation, maintenance, and other items. The District does not report any business-type activities.

The government-wide financial statements include not only the District itself (known as the primary government), the statements also include 12 charter schools the District is financially accountable for. Financial information for these component units is reported separately from the financial information presented for the primary government itself. One charter school, the State College of Florida Collegiate School, operates under another governmental agency and therefore, is not included as a discretely presented component unit.

Charter schools are public schools that operate under a performance contract, or a "charter" which frees them from many regulations created for traditional public schools while holding them accountable for academic and financial results. The charter contract between each charter school's governing board and the District details the school's mission, program, goals, students served, methods of assessment and ways to measure success. The length of time for which charters are granted varies by each school authorized.

Charter schools are created when a legal entity submits an application to the District; the District reviews the application, if the application is approved, the applicants form a governing board that negotiates a contract with the District School board; and the applicants and the District agree upon a charter or contract. The District then becomes the sponsor of the charter school. The negotiated contract outlines expectations of both parties regarding the school's academic and financial performance.

A charter school is statutorily required to (s.1002.33(9), F.S.):

- Be nonsectarian in its programs, admission policies, employment practices, and operations;
- Be accountable to the school district for its performance;
- Not charge tuition or fees;
- Comply with all applicable state and local health, safety, and civil rights requirements;
- Not discriminate on the basis of race, national origin, sex, handicap, or marital status;
- Subject itself to and pay for an annual financial audit;
- Maintain all financial records that constitute its accounting system in accordance with current law;
- Annually adopt and maintain an operating budget;
- Fully participate in the state's education accountability program.

First and central to charter school accountability is the charter or contract between the charter school and the District. The sponsor may close a charter school if the school fails to meet the student performance outcomes agreed upon in the charter, fails to meet generally accepted standards of fiscal management, violates the law, or shows other good cause.

When a charter is not renewed or is terminated, any unencumbered public funds from the charter school reverts to the District; all property and improvements, furnishings, and equipment purchased with public funds automatically revert to full ownership by the District subject to complete satisfaction of any lawful liens or encumbrances.

The Manatee School Board Leasing Corporation (Leasing Corporation), although legally separate, was formed to facilitate financing for the acquisition of facilities and equipment. Due to the substantive economic relationship between the District and Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 21 through 23 of this report.

**Fund Financial Statements**. A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the District's funds may be classified within one of three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds**. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 9 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund. The General Fund, one special revenue fund (Federal Contracted Programs Fund), one debt service fund (Other Debt Service Fund) and one capital projects fund (Other Capital Projects Fund) are major funds and are presented in the same manner. Data from the other five governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts annual appropriated budgets for its General and Special Revenue – Federal Contracted Programs Fund. Budgetary to actual comparisons have been provided for these funds as well as other major and nonmajor funds to demonstrate budgetary compliance.

The basic governmental fund financial statements can be found on pages 24 through 26 of this report.

**Proprietary Funds**. The District maintains one type of proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's

various functions. The District uses the internal service fund to account for its self-insurance programs Health and Casualty/Liability. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the District's self-insurance programs. The two internal service funds are combined in a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements on pages 37 through 39 of this report.

**Fiduciary Funds.** Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the government-wide statements because the resources of those funds are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring the assets reported in these funds are used only for their intended purposes. The basic fiduciary fund financial statements can be found on pages 40 through 41 of this report.

**Notes to the Financial Statements**. The notes provide additional information that is essential to fully understand the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 43 through 86 of this report.

**Required Supplementary Information.** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's progress in funding its obligation to provide Other Postemployment Benefits (OPEB) to its employees and supplementary information concerning the District's proportionate share of net pension liability and contributions to the defined benefit pension plan. The required supplementary information can be found on pages 87 through 89 of this report.

**Other Supplemental Information**. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the notes to financial statements. Combining and individual fund statements and schedules can be found on pages 91 through 134 of this report.

## **Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$633.2 million at the close of the current fiscal year. The following is a summary of the District's net position as of June 30, 2020, compared to net position as of June 30, 2019:

|  | Net Position,<br>Government | End of Year      | Difference     |            |
|--|-----------------------------|------------------|----------------|------------|
|  | Government                  |                  | Increase       | Percentage |
|  | June 30, 2020               | June 30, 2019    | (Decrease)     | Change     |
| Current and other assets               | \$ 196,972,270              | \$ 202,175,826   | \$ (5,203,556) | -2.57%     |
| Capital assets, net                    | 999,174,457                 | 999,891,652      | (717,195)      | -0.07%     |
| Total assets                           | 1,196,146,727               | 1,202,067,478    | (5,920,751)    | -0.49%     |
| Deferred charges on refunding          | 6,836,849                   | 7,316,907        | (480,058)      | -6.56%     |
| Deferred outflows related to OPEB      | 242,958                     | 321,080          | (78,122)       | 0.00%      |
| Deferred outflows related to pensions  | 109,311,647                 | 100,125,511      | 9,186,136      | 9.17%      |
| Total deferred outflows of resources   | 116,391,454                 | 107,763,498      | 8,627,956      | 8.01%      |
| Total assets and deferred outflows     |                             |                  |                |            |
| of resources                           | \$ 1,312,538,181            | \$ 1,309,830,976 | \$2,707,205    | 0.21%      |
| Current and other liabilities          | \$ 49,829,053               | \$ 53,962,559    | \$ (4,133,506) | -7.66%     |
| Long-term liabilities, current         | 27,464,709                  | 26,843,104       | 621,605        | 2.32%      |
| Long-term liabilities, noncurrent      | 574,435,871                 | 542,873,103      | 31,562,768     | 5.81%      |
| Total Liabilities                      | 651,729,633                 | 623,678,766      | 28,050,867     | 4.50%      |
| Deferred inflows related to OPEB       | 4,067,460                   | 4,519,926        | (452,466)      | -10.01%    |
| Deferred inflows related to pensions   | 23,564,700                  | 28,910,077       | (5,345,377)    | -18.49%    |
| Total deferred inflows of resources    | 27,632,160                  | 33,430,003       | (5,797,843)    | -17.34%    |
| Total liabilities and deferred         |                             |                  |                |            |
| inflows of resources                   | 679,361,793                 | 657,108,769      | 22,253,024     | 3.39%      |
| Net Position                           |                             |                  |                |            |
| Net Investment in Capital Assets       | 739,261,921                 | 718,608,486      | 20,653,435     | 2.87%      |
| Restricted                             | 100,516,038                 | 91,871,541       | 8,644,497      | 9.41%      |

The District's total net position was less on June 30, 2020, than the previous fiscal year, decreasing \$19.5 million or 3.0 percent to \$633.2 million, with a substantial portion of the change resulting from an increase in noncurrent long-term liabilities. Long-term liabilities increased by \$32.2

million, largely due to an increase in Net Pension Liability.

The District's current and other assets decreased by \$5.2 million, or 2.6 percent due primarily to the close out of sales surtax bond proceeds.

The largest portion of the District's net position, \$739.3 million, is its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to educate the students of Manatee County, Florida; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net position \$100.5 million, represents resources that are subject to external restrictions on how they may be used. The unrestricted net position, a deficit amount of \$206.6 million, was in part, the result of accruing net pension, compensated absences, and postemployment benefit liabilities.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2020, and June 30, 2019, are as follows:

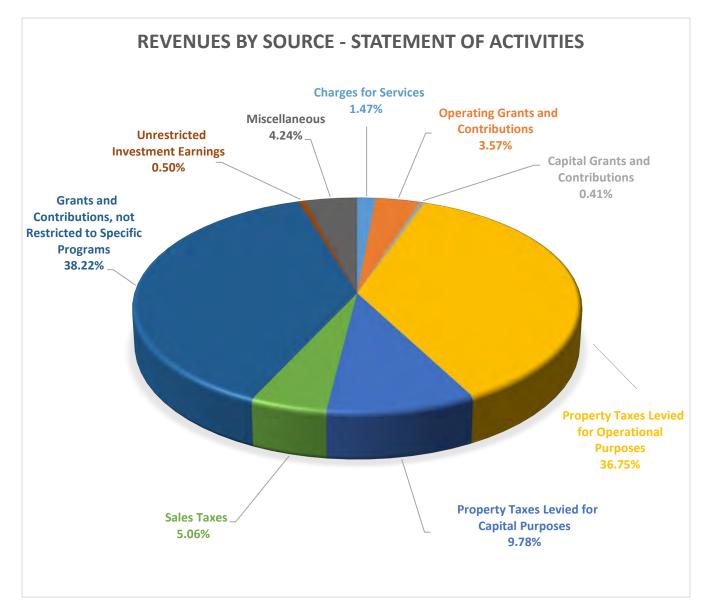

| $\begin{tabular}{ c c c c c c c c c c c c c c c c c c c$   | June 30, 2020, and June 30, 2017, are as follows              | Gover          | rnmental       | Difference      | Percentage |

The District's total revenues increased by .9 percent to \$618.6 million. Property taxes, FEFP funding, grants, and contributions accounted for most of the District's revenue. The remainder came from operating grants and contributions, capital grants and contributions, sales tax, fees charged for services, investment earnings and other sources.

The total cost of all programs and services increased by 9.9 percent to \$638.1 million. Approximately 87.7 percent of the District's expenses are related to student instruction, student services, facilities services, transportation, operation of plant and maintenance of schools. The District's administrative activities, including school administration, account for approximately 12.3 percent of total costs.

Total expenses exceeded revenues, decreasing the net position by \$19.5 million. Key components of this change are as follows:

- Property taxes for all governmental activities increased by \$13.3 million over the previous year. This change is related to growth in property values combined with an increased millage tax roll value.
- Grant and contribution revenues, not restricted to specific programs increased \$7.9 million due to increased grant awards and changes to reporting categories.
- Charges for services decreased by \$6.8 million mainly attributed the impacts of COVID-19 on revenue collections for food services, before and after care programs, facility leasing, printing, and transportation fees.
- Miscellaneous revenue decreased by \$6.9 million, primarily due to changes in reporting categories related to grants and a decrease in the indirect costs rate.
- Interest earnings on invested funds decreased by \$2.2 million due to lower market interest rates.
- Instruction, student support services and school administration related expenses increased by approximately \$51.6 million, mainly due to millage supplements for instructional staff.

### **Financial Analysis of the Government's Funds**

### **Major Governmental Funds**

The General Fund is the chief operating fund of the District. Presented below is an overall analysis of the General Fund as compared to the prior year.

| Total Fund Balance      |    | 29,018,719      |    | 39,214,896    |    | (10,196,177)                         |  |
| Total                   | \$ | 496,322,811     | \$ | 481,986,300   | \$ | 14,336,511                           |  |

At the end of the current fiscal year, the District's assigned and unassigned fund balance for the General Fund was \$16,682,008 or 3.8 percent of total General Fund revenues, while total fund balance was \$29,018,719 or 6.7 percent of total General Fund revenues. The remainder of fund balance is not available for new spending because it is (1) nonspendable in the form of inventory amounts, \$589,122 and (2) restricted for specific State categorical programs and grants, \$11,747,589.

The fund balance of the District's General Fund decreased by \$10,196,177, primarily due to decreased revenue and increased expenditures related to COVID-19, and spend down of restricted funds related to categorical flexibility, millage supplements, and grants. Most of these funds are restricted specifically for these programs and may not be used to support other operational purposes.

The Special Revenue – Federal Contracted Program Fund – is used to report revenues and expenditures for federal awards that are not food services programs. Because grant revenues are not recognized until expenditures are incurred, this fund generally does not accumulate a fund balance.

The Debt Service - Other Debt Service Fund is used to account for the payment of principal, interest, and related costs on the sales tax bond issues, certificates of participation issues and other debt issues. This fund ended with a fund balance restricted for debt service of \$1,157,965.

The fund balance increased during the fiscal year by \$107,074 as a result of the QZAB installment set aside for future principal payment.

The Capital Projects - Other Capital Projects Fund is used to account for the financial resources generated by various sources. Included in this fund were sales tax revenues and other miscellaneous capital outlay funded projects. The fund balance for this fund at the current fiscal year end, which was restricted for capital projects, was \$60,795,766. The fund balance increased during the fiscal year by \$11,425,228, due primarily to the completion of the construction in progress of three new schools.

**Proprietary Funds**. The District's proprietary fund financial statements provide the same type of information found in the government-wide financial statements. Net position at the end of the current fiscal year for the District's Self-Insurance programs was \$18,346,455. The total decrease in the District's self-insurance program's net position was \$5,996,152, due largely to increased claims and flat contribution rates.

# **General Fund Budgetary Highlights**

The District's original budget is prepared in accordance with Florida Statutes and is based on the modified accrual basis of accounting, which is the same basis as is used to account for actual transactions. The most significant budgeted fund is the General Fund.

During the current fiscal year, the District amended its General Fund budget several times. The original budget projected a \$11.5 million net decrease in fund balance, with an ending fund balance of \$27.7 million decreasing to \$17.8 million throughout the year. At fiscal year-end, the District's actual ending total fund balance was \$29.0 million, an increase of \$11.2 million.

The variance between the final General Fund budgeted revenues and actuals is primarily due to a decrease in total expenditures due to cost containment measures put in place due to COVID-19. District's revenues were \$8.5 million less than budgeted and the District's actual expenditures were \$19.7 million less than budgeted. All functional areas of the District experienced cost savings compared to budgeted amounts. The budget variances by function may be found on page 35.

## **Capital Assets and Debt Administration**

**Capital Assets**. The District's investment in capital assets for the governmental activities as of June 30, 2020, totals \$999,174,457 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, improvements other than buildings, buildings and fixed equipment, furniture, fixtures and equipment, motor vehicles, property under capital lease, and computer software. The total decrease in the District's investment in capital assets (net of accumulated depreciation) for the current fiscal year was \$717,195 or approximately .07 percent.

The decrease in net capital assets is primarily due to acquisitions of \$174.2 million, offset by the transfer of Construction in Progress to Buildings of \$139.1 million and the recognition of \$35.8 million of current year depreciation expense.

Major capital asset events during the current fiscal year included the following:

- Three new schools, Parrish Community High, Dr. Mona Jain Middle and Barbara A. Harvey Elementary schools opened.
- Gullett Elementary wing addition.
- Willis Elementary six classroom wing addition.
- Palm View Elementary expanded to become a K-8 school and plans for a gymnasium are slated to be completed in early 2021.
- Braden River High will be receiving a new football field and track.
- The Tillman Full-Service Center is being converted to eight new classrooms.
- Witt Elementary addition and renovation under construction.
- Bayshore High School: Science lab renovations completed in December 2019.

Further information on the District's long-term debt can be found in Notes II.K of the Notes to Financial Statements.

# Fiscal Year 2021 Budget and Economic Factors

The District's primary source of General Fund discretionary operating revenue is District School Taxes derived from local Ad Valorem taxes. Revenue from local taxes is expected to increase by 2.6 percent or \$5.8 million over fiscal year 2019-20. The increase is primarily attributed to a growth in assessed property values. This increase in taxable value was offset by a decrease in the required local effort millage rate, from 3.8870 in fiscal year 2019-20 to 3.7240 in fiscal year 2020-21, as established by the Florida Department of Revenue.

Beginning in fiscal year 2018-19, county voters demonstrated their commitment to the School District of Manatee County by voting 1 millage increase for four years, which will allow the District to increase instruction time by 30 minutes each day, increase pay for teachers, bus drivers and other staff who work directly with students and expand career, technical and science/engineering programs in order to address the continuous growth in our county.

Florida Education Finance Program (FEFP) provides funding to Florida schools districts based upon student enrollment (FTE). Enrollment is projected to increase by 1,192 or 2.4 percent to 50,268 unweighted FTE. FEFP funding for the 2020-21 fiscal year is anticipated to increase by \$12.1 million or 9.6 percent.

Overall, General Fund operating revenues are projected to increase by 3.1 percent from the prior fiscal year.

Salaries and benefits are the largest operating expenditure of the District, accounting for 66.2 percent of the operating budget or \$334.1 million.

The District's self-insured health insurance program provides affordable plans for district employees and their dependent children. Spouses of employees may also participate in the district program at a rate commensurate with the cost of their claims. Determination of the share of costs

between the employer and employee is subject to negotiations with bargaining units which have not been finalized for the 2020-21 fiscal year.

The District relies upon capital funding from District School Taxes (Ad Valorem), a half-cent sales tax approved by referendum in 2002 and extended in November 2016, to maintain, construct or purchase District facilities, equipment and technology and Impact Fee revenue from Manatee County.

District capital improvement taxes are anticipated to be \$3.4 million higher in fiscal year 2020-21 over fiscal year 2019-20. The current half-cent sales tax referendum is scheduled to expire in December 2032. In fiscal year 2020-21, sales tax revenues are estimated to generate \$28.6 million, a \$2.7 million decrease or 8.6 percent lower than fiscal year 2019-20 due to the impacts of COVID-19.

# **Requests for Information**

This report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate compliance and accountability for its resources. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, School District of Manatee County, 215 Manatee Avenue West, Bradenton, Florida 34205 or https://www.manateeschools.net/Domain/1142.

# SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION June 30, 2020

| Total Fund Balance - Governmental Funds   | \$<br>121,091,514 |
|---|-------------------|
| Amounts reported for governmental activities in the Statement of Net Position are different because:  |                   |
| Capital assets, net of accumulated depreciation, used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds.<br>Interest on long-term debt is accrued as a liability in the government-wide statements, but is not recognized in the governmental funds until due.  | 999,174,457       |
| The difference between the acquisition price and the net carrying amount of refunded debt   | (1,526,337)       |
| is reported as a deferred outflow of resources in the government-wide statements, but is not reported in the governmental funds.  | 6,836,849         |
| <ul> <li>Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.</li> <li>Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of:</li> </ul>   | 18,346,455        |
| Obligations Under Capital Lease\$ (1,050,287)Bonds Payable(136,229,868)Certificates of Participation Payable(131,807,459)Early Retirement Plan Payable(73,682)Other Postemployment Benefits Payable (OPEB)(11,302,048)Compensated Absences Payable(34,677,143)  | (315,140,487)     |
| Earned revenues not received within the availability period are reported as unavailable revenues in the governmental funds, but are recorded as revenue in the government-wide statements.  | 560,220           |
| Deferred outflows of resources and deferred inflows of resources related to other postemployment benefits are applicable to future periods and therefore, are not reported in the governmental funds.   |                   |
| Deferred outflows of resources related to OPEB\$ 242,958Deferred inflows of resources related to OPEB(4,067,460)  | <br>(3,824,502)   |
| On the governmental fund statements, a net pension liability is not recorded until an amount<br>is due and payable and the pension plan's fiduciary net position is not sufficient for payment<br>of those benefits (no such liability exists at the end of the current fiscal year). On the<br>Statement of Net Position, the District's proportionate share of the net pension liability of the<br>cost-sharing defined benefit pension plans in which the District participates is reported as a<br>noncurrent liability, and deferred outflows of resources and deferred inflows of resources<br>related to pensions are also reported. |                   |
| Net Pension Liability\$ (278,088,728)Deferred outflows of resources related to pensions109,311,647Deferred inflows of resources related to pensions(23,564,700)   | <br>(192,341,781) |
| Total Net Position - Governmental Activities  | \$<br>633,176,388 |

# SCHOOL DISTRICT OF MANATEE COUNTY, FLORIDA RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES For the Fiscal Year Ended June 30, 2020

| Net Change in Fund Balances - Governmental Funds  |         |              | \$<br>2,860,411 |
|---|---------|--------------|-----------------|
| Amounts reported for governmental activities in the Statement of Activities are different because:  |         |              |                 |
| Capital outlays are reported in governmental funds as expenditures. However, in the<br>Statement of Activities, the cost of those assets is allocated over their estimated useful lives<br>as depreciation expense. This is the amount by which depreciation expense exceed capital<br>outlays in the current period.   |         |              |                 |
| Capital Outlays   | \$      | 35,110,713   |                 |
| Less Depreciation Expense   |         | (35,830,408) | (719,695)       |
| Donated capital assets are reported as revenues on the Statement of Activities; however, they d   |         |              |                 |
| not provide current financial resources and are not reported as revenues in the governmenta   | al func | ls.          | 2,500           |
| Proceeds of refunding debt are reported as other financing sources in the governmental funds, we to the escrow agent for refunding of outstanding debt are shown as other financing uses.<br>Government-wide statements are affected only to the extent these amounts differ. Repayment debt principal is an expenditure in the governmental funds, but the repayment reduces long-to liabilities in the Statement of Net Position. | ent of  | ayments      |                 |
| Refunding Bonds Issued  | \$      | (1,037,000)  |                 |
| Premium on Refunding Bonds  | Ŧ       | (180,609)    |                 |
| Payment for Refunding Bonds   |         | 1,210,000    |                 |
| Principal Payments on Bonds   |         | 6,922,000    |                 |
| Principal Payments on Certificates of Participation   |         | 12,270,000   |                 |
| Principal Payments on Capital Leases  |         | 557,182      | 19,741,573      |
| Expenses in the Statement of Activities that do not require the use of current financial resources not reported in the governmental funds.  | are     |              |                 |
| Amortization of Deferred Cost of Refunding  | \$      | (480,058)    |                 |
| Amortization of Discount on Debt  | ·       | (6,298)      |                 |
| Amortization of Premium on Debt   |         | 2,065,465    |                 |
| Decrease in Accrued Interest Payable  |         | 81,463       |                 |
| Decrease in Other Postemployment Benefits (OPEB) Payable  |         | 114,409      |                 |
| Increase in Compensated Absences Payable  |         | (7,640,305)  |                 |
| Increase in Early Retirement Plan Payable   |         | (17,663)     | (5,882,987)     |
| Governmental funds report contributions to defined benefit pension plans as expenditures,<br>However, in the Statement of Activities, the amount contributed to defined benefit pension pla<br>reduces future net pension liability and is reported as part of deferred outflows of resources.  | ans     |              | 23,270,066      |
| readed father for pension liability and is reported as part of deferred outflows of resources.  |         |              | 20,210,000      |
| Governmental funds report District OPEB contributions as expenditures. However, in the Stater<br>Activities, the cost of OPEB benefits earned net of employee contributions, as determined<br>through an actuarial valuation, is reported as OPEB expense.  | nento   | of           | 374,344         |
| In the governmental funds, revenues cannot be recognized until they are available to pay liabilitie   | is of   |              |                 |
| the current period. In the statement of activities, revenue is recognized as soon as it is earned   |         |              |                 |
| regardless of its availability.   | Ju      |              | 560,220         |
|   |         |              | 500,220         |

In the Statement of Activities, pension expense is recorded for the District's proportionate share

of collective pension expense of the cost-sharing defined benefit plans in which the District participates. Also included in pension expense are amounts required to be amortized in accordance with GASB Statement No. 68.

Internal service funds are used by management to charge the cost of certain activities, such as insurance to individual funds. The change in net position of internal service funds is reported with governmental activities.

Internal Service Funds - Change in Net Position

#### Change in Net Position - Governmental Activities

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities are normally supported by taxes, intergovernmental revenues, and other nonexchange transactions. The primary government is reported separately from certain legally separate component units for which the primary government is accountable.

The statement of activities presents the comparison between direct expenses and program revenues for each function or program of the School District of Manatee County (District) governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense, if not specifically associated with a particular function, is reported as unallocated.

### **B.** Reporting Entity

The Manatee County District School Board (Board) has direct responsibility for operation, control, and supervision of District schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Manatee County.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the School Board is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading.

Based on the application of these criteria, the following component units are included within the District's reporting entity:

**Blended Component Units**. Blended component units are, in substance, part of the District's operations, even though they are legally separate entities. Thus, the blended component units are appropriately presented as funds of the District. The Manatee County School Board Leasing Corporation (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in Note II.K. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements for the Leasing Corporation are not published.

**Discretely Presented Component Units**. The component units' columns in the government-wide financial statements include the financial data of the District's other component units. A separate column is used to emphasize that they are legally separate from the District.

Manatee School of Arts and Sciences, Inc.; Renaissance Arts and Education, Inc., d/b/a Manatee School for the Arts; The Lee Foundation Inc., d/b/a Manatee Charter School; Oasis Middle School, Inc.; Palmetto Charter School, Inc.; Team Success A School of Excellence, Inc.; Visible Men Academy, Inc.; William Monroe Rowlett Academy for Arts & Communication, Inc.; William Monroe Rowlett Academy for the Arts & Communication, Inc. d/b/a William Monroe Rowlett Middle Academy for Arts and Communication; and Parrish Charter Academy, Inc., are not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act, and Section 1002.33, Florida Statutes. Imagine - Manatee County, LLC, d/b/a Imagine Charter School at North Manatee and Imagine – East Manatee County, LLC, d/b/a Imagine School at Lakewood Ranch are organized as limited liability corporations pursuant to Chapter 605, Florida Statutes, the Florida Limited Liability Company Act, and Section 1002.23, Florida Statutes. The charter schools operate under a charter approved by their sponsor, the Manatee County District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to provide specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools and the District is responsible for the operation, control, and supervision of public schools within the District.

The financial data reported on the accompanying statements was derived from the charter schools' audited financial statements for the fiscal year ended June 30, 2020. The reports are filed in the District's administrative offices at 215 Manatee Avenue West, Bradenton, Florida 34205.

**<u>Related Organizations</u>**. One charter school, the State College of Florida Collegiate School, operates under another governmental agency and therefore, is not included as a discretely presented component unit of the District. The school operates under a charter approved by their sponsor, the Manatee County District School Board.

## C. Basis of Presentation: Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and the internal service funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund activity have been eliminated from the government-wide financial statements except for interfund services provided and used.

# D. Basis of Presentation: Fund Financial Statements

The fund financial statements provide information about the District's funds, including the proprietary funds and fiduciary funds. Separate statements for each fund category – governmental, proprietary,

and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

- <u>General Fund</u> to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.
- <u>Special Revenue Federal Contracted Programs Fund</u> to account for certain Federal grant program resources.
- <u>Debt Service Other Debt Service Fund</u> to account for the accumulation of resources for and the payment of, debt principal, interest, and related costs on the sales tax revenue bond, certificates of participation, and other debt service.
- <u>Capital Projects Other Capital Projects Fund</u> to account for various financial resources (e.g., certificates of participation, capital outlay sales tax, impact fees, sales tax revenue bonds, etc.) to be used for educational capital outlay needs, including new construction and renovation and remodeling projects.

Additionally, the District reports the following proprietary and fiduciary fund types:

- <u>Internal Service Funds</u> to account for the District's individual self-insurance programs.
- <u>Private-Purpose Trust Funds</u> to account for financial fees and other moneys for which principal and income benefit individuals or private organizations.
- <u>Agency Funds</u> to account for resources of the school internal funds, which are used to administer moneys collected at several schools in connection with school, student athletic, class, and club activities.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so only the net amount is included as internal balances in the governmental activities column. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements. Transfers between the funds included in the governmental activities are eliminated so only the net amount is included as transfers in the governmental activities column.

## E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as

current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. Entitlements are recorded as revenues when all eligibility requirements are met, including time requirements, and the amount is received during the period or within the availability period for this revenue sources (within 60 days of year end). Property taxes, sales taxes, state education funding, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgements, pension benefits, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

The proprietary and private-purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency funds have no measurement focus but utilize the accrual basis of accounting for reporting assets and liabilities.

The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

## F. Budgetary Information

## **Budgetary Basis of Accounting**

The Board follows procedures established by State law and SBE rules in establishing budget balances for governmental funds, as described below:

• Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and SBE rules.

- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student support services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored from the subsequent year's appropriations.

## G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

## 1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term, liquid investments with original maturities of 3 months or less from the date of acquisition, except that short-term investments in the agency funds are not considered to be cash equivalents. Investments classified as cash equivalents include amounts placed with the State Board of Administration (SBA) in Florida PRIME, FL PALM, FL CLASS, and First American Treasury Obligations Funds.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by the Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

## 2. Investments

Investments consist of amounts placed with the SBA debt service accounts for investment of debt service moneys, certain amounts placed with the SBA for participation in the Florida PRIME investment pool created by Section 218.405, Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in Florida PRIME, and FL PALM are similar to money market funds in which shares are owned in the fund rather than in the underlying investments. These investments are reported at fair value, which is amortized cost.

Investments made locally consist of money market funds, commercial paper, a United States Treasury bond, United States Treasury notes, a United States Treasury bill, and United States Treasury State and Local Government Services - Certificates of Indebtedness and are reported at fair value.

Types and amounts of investments held at fiscal year-end are described in a subsequent note on investments.

### 3. Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at cost on the first-in, first-out-basis, except that United States Department of Agriculture donated foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

#### 4. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those costing more than \$1,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at acquisition value at the date of donation. Land and buildings acquired or constructed prior to July 1, 1967, are stated at estimated historical cost. Land acquired prior to July 1, 1967, is valued at 1974 assessed values (Manatee County Property Appraiser's report of assessed values dated August 23, 1975). Buildings acquired prior to July 1, 1967, are valued at their "depreciated value" (estimated replacement costs, multiplied by the percent of remaining estimated life) at June 30, 1978. Improvements other than buildings (parking lots, sidewalks, fences, etc.) include assets acquired after July 1, 1979.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| Description                        | <b>Estimated Useful Lives</b> |
|------------------------------------|-------------------------------|
| Improvements Other Than Buildings  | 10 - 35 years                 |
| Buildings and Fixed Equipment      | 10 - 60 years                 |
| Furniture, Fixtures, and Equipment | 3 - 15 years                  |
| Motor Vehicles                     | 5 - 10 years                  |
| Property Under Capital Lease       | 5 - 7 years                   |
| Audio-Visual Materials             | 3 - 7 years                   |
| Computer Software                  | 5 years                       |

Current year information relative to changes in capital assets is described in Note II.D.

#### 5. Pensions

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net

pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The District's retirement plans, and related amounts are described in Note II.E.

# 6. Other Post Employment Benefits

The District administers and contributes to a single-employer defined-benefit healthcare plan. The postretirement benefits are funded on a pay-as-you-go basis (i.e., the District funds on a cash basis as benefits are paid). The District follows GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

# 7. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until due. Governmental fund types recognize debt premiums and discounts, during the current period. The face amount of debt issued along with related premiums are reported as other financing sources, while discounts on debt issuances are reported as other financing uses.

Changes in long-term liabilities for the current year are reported in Note II.K.4.

## 8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) until then. The District has three items that qualify for reporting in this category. The deferred outflows of resources related to pensions and OPEB are discussed in subsequent notes. The *deferred charge on refunding* reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position and balance sheet report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future periods and so will not be

recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category on the statement of net position. The deferred inflows of resources related to pensions and OPEB are discussed in subsequent notes. The governmental funds report unavailable revenues, which arise only under a modified accrual basis of accounting. These amounts are deferred and recognized as inflow of resources in the period that the amounts become available.

# 9. Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide, proprietary fund and fiduciary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

## **10. Fund Balance Flow Assumptions**

The District may fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance. Further, when components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

## **11. Fund Balance Policies**

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). Fund balances are classified as follows, as applicable:

**Nonspendable**: Fund balances are classified as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

**<u>Restricted</u>**: Fund balances are classified as restricted when there are limitations imposed on their use either through the enabling legislation, constitutional provisions, or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

**Committed:** The committed fund balance classification includes amounts that can be used only for specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken

(the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balances at June 30, 2020.

Assigned: Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board has by policy authorized the Superintendent to assign fund balance. The Board may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

**Unassigned:** Fund balances classified as unassigned are the residual spendable amounts not contained in any other of the above classifications. The General Fund is the only fund that may report a positive unassigned fund. When expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it is necessary to report a negative unassigned fund balance.

In addition, the District has adopted Board Policy 6235 – Fund Balance, which provides for an adequate fund balance reserve necessary to cover unforeseen events (e.g. revenue short falls, student enrollment under projections, etc.). If feasible, the Board shall maintain a general fund reserve of ending fund balance not classified as restricted, committed, or nonspendable of up to 5 percent of recurring general fund revenues, but no less than 3 percent. The additional 2 percent will be assigned by the Board as contingency funds to be used only for fiscal short falls.

# H. Revenues and Expenditures/Expenses

## 1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

## 2. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified time periods following the date of the original reporting. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and

related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money and School Hardening grants, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in Note II.M.1.

# **3.** District Property Taxes

The Board is authorized by State law to levy property taxes for district school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Manatee County Property Appraiser, and property taxes are collected by the Manatee County Tax Collector.

The School Board adopted the 2019 tax levy on September 10, 2019. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Manatee County Tax Collector at fiscal year-end but not yet remitted to the District. Because any delinquent taxes collected after June 30 would not be material, delinquent taxes receivable are not accrued, and no delinquent tax revenue is recorded.

Millage and taxes levied for the current year are presented in Note II.M.2.

# 4. Capital Outlay Surtax

In November 2016, the voters of Manatee County approved a one-half cent discretionary sales surtax on sales in the County for 15 years, effective January 1, 2018 through December 31, 2032,

to pay construction, reconstruction or improvements of school facilities and related costs, land acquisitions, improvements and related costs, and costs for retrofitting and providing for technology implementation, including hardware and software for the various sites within the District in accordance with Section 212.055(6), Florida Statutes.

## 5. Educational Impact Fees

Manatee County imposes an educational impact fee based on an ordinance adopted by the Manatee County Board of County Commissioners (BOCC) in 2002. This ordinance was most recently amended in November 2017 when Ordinance 2017-046 established, in part, revised fees to be collected. The educational impact fees are collected for most new residential construction by the County and each municipality within the County based on an interlocal agreement. The fees are to be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development and are not to be used for any expenditures that would be classified as maintenance or repair expense. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest and related cost of indebtedness necessitated by new residential development.

## 6. Federal Revenue Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. The FDOE may require adjustments to subsequent fiscal period expenditures and related revenues based upon an audit of the District's compliance with applicable Federal awards requirements. Normally, such adjustments are treated as reductions of expenditures and related revenues in the fiscal year when the adjustments are made.

## 7. Compensated Absences

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

# 8. Proprietary Funds Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connections with the proprietary funds principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for employee health insurance and casualty premiums. Operating expenses include insurance claims and excess coverage premiums. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

## 9. Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimated.

# II. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

## A. Cash Deposits with Financial Institutions

<u>**Custodial Credit Risk.</u>** In the case of deposits, this is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk. All bank balances of the District are fully insured and collateralized as required by Chapter 280, Florida Statutes.</u>

## **B.** Investments

The District's investments at June 30, 2020 are reported as follows:

| Investments   | Maturities             | Fair Value        |
|---|------------------------|-------------------|
| SBA:  |                        |                   |
| Florida PRIME (1) (2)   | 53 Day Average         | \$<br>38,923,194  |
| Debt Service Accounts   | 6 Months               | 64,103            |
| Local Government Investment Pools:                                |                        |                   |
| Florida Assets for Liquidity Management (FLPALM) (1)              | 53 Day Average         | 21,885,388        |
| Money Market Funds:   |                        |                   |
| Florida Fixed Income Trust - Cash Pool (FL-FIT)                   | 110 Day Average        | 66,945,262        |
| Florida Fixed Income Trust - Cash Pool (FL-FIT MILLAGE)           | 110 Day Average        | 8,750,487         |
| Florida Cooperative Liquid Assets Securities System (FLCLASS) (1) | 69 Day Average         | 21,615,730        |
| U.S. Treasury Securities  | Sept 2020-October 2029 | 10,031,105        |
| Commercial Paper  | 12/21/2020             | 1,157,331         |
| First American Treasury Obligations Fund Class Y(1)               | 42 Day Average         | 14,345,774        |
| Total Investments   |                        | \$<br>183,718,374 |

(1) These investments are reported as cash equivalents for financial statement reporting purposes.

(2) At June 30, 2020, investments held by the Agency Funds in Florida PRIME totaling \$108,815 are not considered cash equivalents.

## Fair Value Measurement

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Certain investments are measured at fair value using the net asset value per share (or its equivalent) practical expedient or amortized cost, which approximates fair value. These amounts have not been

classified in the fair value hierarchy. The District invests in these types of investments to obtain competitive market returns while ensuring the safey and liquidity of the portfolio. These types of investments may be redeemed without advance notice and there are no unfunded commitments for further investment. There are currently no limitations as to the frequency of redemptions.

|   |    |             | Fair Value Measurements |   |   |                  | ts Using     | l.                                   |

A reconciliation of cash and investments as shown in the statement of net position follows:

## **Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District's investment policy limits investments to a maximum of 5 years, unless specifically matched with cash flow needs as a means of managing its exposure to fair value losses arising from increasing interest rates.

Florida PRIME, the money market funds, FLPALM, FLCLASS and FL-FIT use weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

For Florida PRIME, with regard to redemption gates, Section 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the executive director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board [State Board of Administration] can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the executive director has instituted such measures and review the necessity of those measures. If the trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the executive director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the trustees shall vote to continue the measures for up to an additional 15 days." The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days. As of June 30, 2020, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

## Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the Local Government Surplus Funds Trust Fund [Florida PRIME], or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from nationally recognized rating agency; interest-bearing time deposits or savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury.

The District's investment policy authorizes the following investments which are limited to credit quality ratings from nationally recognized rating agencies as follows:

- Florida PRIME when rated at least AAAm by S&P Global Ratings or the equivalent by another Nationally Recognized Statistical Rating Organization (NRSRO)
- United States Government Securities
- United States Government Agencies
- Federal Instrumentalities (United States Government Sponsored Enterprise ("GSE") limited to the Federal Farm Credit Bank (FFCB), Federal Home Loan Bank or its District banks (FHLB), Federal National Mortgage Association (FNMA) and the Federal Home Loan Mortgage Corporation (Freddie-Mac) including Federal Home Loan Mortgage Corporation participation certificates
- Interest Bearing Time Deposit or Savings Accounts
- Repurchase Agreements
- Commercial Paper of any United States company that is rated, at the time of purchase, P-1 by Moody's Investors Service and A-1 by S&P Global Ratings (prime commercial paper)
- Corporate Notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum single A category by any two NRSROs
- State and/or Local Government Taxable and/or Tax-Exempt Debt, general obligation and/or revenue bonds, rated at the time of purchase, at a minimum single A category by any two NRSROs for long-term debt, or rated at least MIG-1 by Moody's Investors Service or SP-1 by S&P Global Ratings for short-term debt
- Money Market Mutual Funds rated AAAm by S&P Global Ratings or the equivalent by another NRSRO
- Short Term Bonds rated AAf or better by S&P Global Ratings or the equivalent by another NRSRO

• Intergovernmental Investment Pools rated AAAm/AAf by S&P Global Ratings or the equivalent by another NRSRO

The District's investments in the SBA Debt Service Accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account. Disclosures for the Debt Service Accounts are included in the notes to financial statements of the State's Comprehensive Annual Financial Report.

- The District's investment in Florida PRIME is rated AAAm by S&P Global Ratings.
- The District's investment in the FLPALM was rated AAAm by S&P Global Ratings.
- The District's investment in the FLCLASS was rated AAAm by S&P Global Ratings.
- The District's investment in the FL-FIT was rated AAAf/S1 by S&P Global Ratings.
- Commercial paper was rated P-1 short term by Moody's Investors Service.

## **Custodial Credit Risk**

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Section 218.415(18), Florida Statutes, requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in book-entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a secured vault.

The District's investment policy requires all securities, except for certificates of deposits, shall be held with a third-party custodian; and all securities purchased by, and all collateral obtained by, the District should be properly designated as an asset of the District. The securities must be held in an account separate and apart from the assets of the financial institution. Certificates of deposits will be placed in the provider's safekeeping department for the term of the deposit.

## **Concentration of Credit Risk**

The District's investment policy has established permitted investment sectors which are designed to reduce concentration of credit risk of the District's investment portfolio. Adequate diversification of the District's portfolio is necessary to minimize market risk. It is the policy of the District to diversify its investment portfolio to protect against issuer defaults, market price changes, and technical

complications of assets in a specific maturity, a specific issuer, a specific geographical distribution, or a specific class of securities.

Investments of \$1,157,331 in commercial paper are 0.6 percent of the District's total investments and 7.4 percent of the investments in the Debt Service - Other Debt Service Fund, respectively. These investments are made pursuant to agreements with Qualified Zone Academy Bonds paying agents.

## C. Receivables

All receivables are deemed collectable by the District. Therefore, the District does not report an allowance for doubtful accounts.

## Due from Other Agencies

Most receivables are due from other agencies. At June 30, 2020, the District has recorded the following due from other agencies as follows:

|                          |    |             |     | Capital<br>Projects -<br>her Capital | -   | Revenue -<br>Federal<br>Contracted | Go | Othe r<br>ve rnme ntal |                  |

## **E. Retirement Plans**

## 1. FRS – Defined Benefit Pension Plans

## **General Information about the FRS**

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the Stateadministered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary

information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$53,756,101 for the fiscal year ended June 30, 2020.

## FRS Pension Plan

<u>Plan Description</u>. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are:

- Regular Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Members who hold specified elective offices in local government.
- Senior Management Service Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

<u>Benefits Provided.</u> Benefits under the Plan are computed based on age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

| Class, Initial Enrollment, and Retirement Age/Years of Service | Percent Value |
|--|---------------|
| Regular Members Initially Enrolled Before July 1, 2011         |               |
| Retirement up to age 62 or up to 30 years of service           | 1.60          |
| Retirement at age 63 or with 31 years of service               | 1.63          |
| Retirement at age 64 or with 32 years of service               | 1.65          |
| Retirement at age 65 or with 33 or more years of service       | 1.68          |
| Regular Members Initially Enrolled On or After July 1, 2011    |               |
| Retirement up to age 65 or up to 33 years of service           | 1.60          |
| Retirement at age 66 or with 34 years of service               | 1.63          |
| Retirement at age 67 or with 35 years of service               | 1.65          |
| Retirement at age 68 or with 36 or more years of service       | 1.68          |
| Elected County Officers  | 3.00          |
| Senior Management Service Class                                | 2.00          |

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

<u>Contributions.</u> The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2019-20 fiscal year were as follows:

|                                       | Percent of C | Fross Salary    |
|---------------------------------------|--------------|-----------------|
| Class                                 | Employee     | Employer<br>(1) |
| FRS, Regular                          | 3.00         | 8.47            |
| FRS, Elected County Officers          | 3.00         | 48.82           |
| FRS, Senior Management Service        | 3.00         | 25.41           |
| DROP - Applicable to                  |              |                 |
| Members from All of the Above Classes | 0.00         | 14.60           |
| FRS, Reemployed Retiree               | (2)          | (2)             |

- Notes: (1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.
  - (2) Contribution rates are dependent upon retirement class in which reemployed.

The District's contributions to the Plan totaled \$18,630,210 for the fiscal year ended June 30, 2020.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

At June 30, 2020, the District reported a liability of \$190,762,919 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The District's proportionate share of the net pension liability was based on the District's 2018-19 fiscal year contributions relative to the total 2018-19 fiscal year contributions of all participating members. At June 30, 2019, the District's proportionate share was 0.5539 percent, which was an increase of 0.0335 from its proportionate share of 0.5204 percent measured as of June 30, 2018.

For the fiscal year ended June 30, 2020, the District recognized the Plan pension expense of \$46,543,939. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Description  | Deferred<br>Outflows of<br>Resources |            | Deferred<br>Inflows of<br>Resources |
|--|--------------------------------------|------------|-------------------------------------|
| Differences Between Expected and Actual Experience   | \$                                   | 11,314,694 | \$<br>118,386                       |
| Change of Assumptions  |                                      | 48,996,127 | -                                   |
| Net Difference Between Projected and Actual Earnings on<br>FRS Pension Plan Investments                              |                                      | -          | 10,554,000                          |
| Changes in Proportion and Differences Between District<br>FRS Contributions and Proportionate Share of Contributions |                                      | 6,867,465  | 3,231,320                           |
| District FRS Contributions Subsequent to the Measurement Date  |                                      | 18,630,210 | <br>-                               |
| Total  | \$                                   | 85,808,496 | \$<br>13,903,706                    |

The deferred outflows of resources related to pensions resulting from District contributions to the Plan subsequent to the measurement date, totaling \$18,630,210 will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Fiscal Year Ending June 30 | Amount |            |  |  |  |
|----------------------------|--------|------------|--|--|--|
| 2021                       | \$     | 18,141,823 |  |  |  |
| 2022                       |        | 5,711,107  |  |  |  |
| 2023                       |        | 13,671,029 |  |  |  |
| 2024                       |        | 10,981,258 |  |  |  |
| 2025                       |        | 3,713,307  |  |  |  |
| Thereafter                 |        | 1,056,056  |  |  |  |
| Total                      | \$     | 53,274,580 |  |  |  |

<u>Actuarial Assumptions</u>. The total pension liability in the July 1, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

| Inflation                 | 2.60 percent                              |
|---------------------------|---|
| Salary Increases          | 3.25 percent, average including inflation |
| Investment Rate of Return | 6.90 percent, net of pension plan         |
|                           | investment expense, including inflation   |

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2019, valuation was based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

| Asset Class              | Target Allocation (1) | Annual<br>Arithmetic<br>Return | Annual<br>(Geometric)<br>Return | Standard<br>Deviation |
|--------------------------|-----------------------|--------------------------------|---------------------------------|-----------------------|
| Cash                     | 1.0%                  | 3.3%                           | 3.3%                            | 1.2%                  |
| Fixed Income             | 18.0%                 | 4.1%                           | 4.1%                            | 3.5%                  |
| Global Equity            | 54.0%                 | 8.0%                           | 6.8%                            | 16.5%                 |
| Real Estate (Property)   | 10.0%                 | 8.7%                           | 6.1%                            | 11.7%                 |
| Private Equity           | 11.0%                 | 11.2%                          | 8.4%                            | 25.8%                 |
| Strategic Investments    | 6.0%                  | 5.9%                           | 5.7%                            | 6.7%                  |
| Total                    | 100%                  |                                |                                 |                       |
| Assumed Inflation - Mean |                       |                                | 2.6%                            | 1.7%                  |

(1) As outlined in the Plan's investment policy.

<u>Discount Rate</u>. The discount rate used to measure the total pension liability was 6.9 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate used in the 2019 valuation was updated from 7.0 percent to 6.9 percent.

<u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the</u> <u>Discount Rate</u>. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.9 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.9 percent) or 1 percentage point higher (7.9 percent) than the current rate:

|  |   | 1%                 |    | Current               |    | 1%                 |
|--|---|--------------------|----|-----------------------|----|--------------------|
|  |   | Decrease<br>(5.9%) | Di | scount Rate<br>(6.9%) |    | Increase<br>(7.9%) |
| District's Proportionate Share of<br>the Net Pension Liability | ¢ | 329.765.563        | \$ | 100 762 010           | \$ | 74.672.199         |
| the net Pension Liability                                      | Ф | 529,705,505        | Ф  | 190,762,919           | Ф  | 74,072,199         |

<u>Pension Plan Fiduciary Net Position</u>. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

<u>Payables to the Pension Plan</u>. At June 30, 2020, the District reported a payable of \$1,373,217 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2020.

# HIS Pension Plan

<u>Plan Description</u>. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

<u>Benefits Provided</u>. For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement with a minimum of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare.

<u>Contributions</u>. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2020, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative

appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District's contributions to the HIS Pension Plan totaled \$4,639,856 for the fiscal year ended June 30, 2020.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows</u> of <u>Resources Related to Pensions</u>. At June 30, 2020, the District reported a net pension liability of \$87,325,809 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019.

The District's proportionate share of the net pension liability was based on the District's 2018-19 fiscal year contributions relative to the total 2018-19 fiscal year contributions of all participating members. At June 30, 2019, the District's proportionate share was 0.7805 percent, which was an increase of 0.0596 percent from its proportionate share of 0.7209 percent measured as of June 30, 2018.

For the year ended June 30, 2020, the District recognized the HIS Plan pension expense of \$7,212,162. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| <b>Description</b>  | Deferred<br>Outflows of<br>Resources |            | Deferred<br>Inflows of<br>Resources |           |
|---|--------------------------------------|------------|-------------------------------------|-----------|
| Differences Between Expected and Actual Experience                  | \$                                   | 1,060,670  | \$                                  | 106,928   |
| Change of Assumptions   |                                      | 10,111,501 |                                     | 7,137,300 |
| Net Difference Between Projected and Actual Earnings on HIS Pension |                                      |            |                                     |           |
| Investments   |                                      | 56,350     |                                     | -         |
| Changes in Proportion and Differences Between District HIS          |                                      |            |                                     |           |
| Contributions and Proportionate Share of Contributions              |                                      | 7,634,774  |                                     | 2,416,766 |
| District HIS Contributions Subsequent to the Measurement Date       |                                      | 4,639,856  |                                     | -         |
| Total   | \$                                   | 23,503,151 | \$                                  | 9,660,994 |

The deferred outflows of resources related to pensions resulting from District contributions to the HIS plan subsequent to the measurement date, totaling \$4,639,856 will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Fiscal Year Ending June 30 | Amount |           |  |
|----------------------------|--------|-----------|--|
| 2021                       | \$     | 2,212,507 |  |
| 2022                       |        | 2,338,015 |  |
| 2023                       |        | 1,708,550 |  |
| 2024                       |        | 168,814   |  |
| 2025                       |        | 1,078,951 |  |
| Thereafter                 |        | 1,695,464 |  |
| Total                      | \$     | 9,202,301 |  |

<u>Actuarial Assumptions</u>. The total pension liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation           | 2.60 percent                               |
|---------------------|--|
| Salary Increases    | 3.25 percent, average, including inflation |
| Municipal Bond Rate | 3.50 percent                               |

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

While an experience study had not been completed for the HIS Pension Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

<u>Discount Rate</u>. The discount rate used to measure the total pension liability was 3.50 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 3.87 percent to 3.50 percent.

<u>Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the</u> <u>Discount Rate</u>. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 3.5 percent, as well as what the District's proportionate share of the new pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.5 percent) or 1 percentage point higher (4.5 percent) than the current rate:

|  | 1%                 | Current              | 1%                 |
|--|--------------------|----------------------|--------------------|
|  | Decrease<br>(2.5%) | Discount Rate (3.5%) | Increase<br>(4.5%) |
| District's Proportionate Share of the<br>HIS Net Pension Liability | \$99,686,888       | \$87,325,809         | \$77,030,430       |

<u>Pension Plan Fiduciary Net Position</u>. Detailed information about HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

<u>Payables to the Pension Plan.</u> At June 30, 2020, the District reported a payable of \$300,737 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2020.

## 2. FRS - Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State's Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2019-20 fiscal year were as follows:

| Class                          | Percent of<br>Gross<br>Compensation |
|--------------------------------|-------------------------------------|
| FRS, Regular                   | 6.30                                |
| FRS, Elected County Officers   | 11.34                               |
| FRS, Senior Management Service | 7.67                                |

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the

accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$5,116,310 for the fiscal year ended June 30, 2020.

At June 30, 2020, the District reported a payable of \$404,031 for the outstanding amount of contributions to the Investment Plan required for the fiscal year ended June 30, 2020.

# 3. Early Retirement Plans

As authorized by Section 1012.685, Florida Statutes, the Board implemented Early Retirement Plans as described below:

On March 20, 1995, the School Board approved the Manatee County School Board One-time Only Retirement Incentive Plan (Plan). This plan provided that eligible employees who elected to retire by June 30, 1995, be paid special termination benefits. The Plan was offered to members of the instructional and classified bargaining units and administrative personnel who signed an agreement to participate in the Plan, who agreed to retire from employment under the provisions of the Florida Retirement System (FRS), and who met certain age and length of service requirements. One hundred fifty-nine (159) employees elected to participate in the Plan. Special termination benefits included payment for 100 percent of accrued sick and vacation leave, either a bonus based on 25 percent of the retiree's final year's compensation or an amount to compensate the employee for the FRS early retirement penalty, single coverage for health insurance, and a specified amount of life insurance. The Plan provided that the accrued sick and vacation leave, bonus pay, and the FRS early retirement penalty be paid out to the retirees and to a third-party administrator over a period of 5 years. The premiums for health insurance are to be paid for a period of 8 years, while the premiums for the life insurance are to be paid out over the respective retiree's life. The total paid by the District pursuant to this retirement incentive during the 2019-20 fiscal year was \$14,429. The District reported a liability of \$43,285 in the statement of net position representing the present value of the estimated future payments under the Plan.

On May 9, 2011, the School Board approved an On-Time Retirement Incentive Program for all Supervisory, Administrative and Managerial personnel (SAMP) and non-bargaining employees. Eligible employees will receive 1 month of salary (20 days), a 10-year life insurance policy in the amount of \$25,000 paid by the District, and 3 months of retiree single health insurance immediately following resignation. Employees were required to retire or resign no later than December 31, 2011. Twenty (20) employees elected to participate in the program. The total paid by the District pursuant to this retirement incentive during the 2019-20 fiscal year was \$7,599.

The District reported a liability in the amount of \$11,399 in the statement of net position representing the present value of the estimated future payments under the program.

On October 22, 2012, the School Board approved an On-Time Retirement Incentive Program for all Supervisory, Administrative and Managerial personnel (SAMP) and non-bargaining employees. Eligible employees will receive 1 month of salary (20 days), a 10-year life insurance policy in the amount of \$25,000 paid by the District, and 3 months of single health insurance immediately following resignation. Employees were required to retire or resign no later than December 31, 2012, with an effective date of no later than July 31, 2013. Nineteen (19) employees elected to participate in the program. The total paid by the District pursuant to this retirement incentive during the 2019-20 fiscal year was \$7,599. The District reported a liability in the amount of \$18,998 in the statement of net position representing the present value of the estimated future payments under the program.

## F. Other Postemployment Benefit Obligations

<u>Plan Description</u>. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District that provides OPEB for all employees who satisfy the District's retirement eligibility provisions. Pursuant to Section 112.0801, Florida Statutes, former employees who retire from the District, are eligible to participate in the District's health and hospitalization plan for medical and prescription drug coverage. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, retiree healthcare costs are generally greater than active employee healthcare costs. The OPEB plan contribution requirements and benefit terms of the District and the OPEB plan members are established and may be amended through recommendation of the Health Insurance Committee and action from the Board. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75.

<u>Benefits Provided</u>. The OPEB plan provides healthcare and prescription drug insurance benefits for retirees and their dependents. The OPEB plan only provides an implicit subsidy as described above. Retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The rates paid by retirees eligible for Medicare are reduced by the Medicare premium. The OPEB Plan does not issue a stand-alone report and is not included in the report of a public employee retirement system or another entity.

<u>Changes in Plan Provisions</u>. The financial accounting valuation does not reflect any plan changes since the prior year.

*Employees Covered by the Benefit Terms.* At June 30, 2020, the following employees were covered by the benefit terms:

| Inactive Employees or Beneficiaries Currently Receiving Benefits | 168          |
|--|--------------|
| Active Employees   | <u>5,734</u> |
| Total  | 5,902        |

<u>*Total OPEB Liability.*</u> The District's total OPEB liability of \$11,302,048 was measured as of June 30, 2020 and was determined by an actuarial valuation as of June 30, 2020.

<u>Actuarial Assumptions and Other Inputs</u>. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation                  | 2.60 percent   |
|----------------------------|--|
| Salary Increases           | 4.25 percent   |
| Discount Rate              | 2.21 percent   |
| Healthcare Cost Trend Rate | 7.20 percent for pre-65. These rates grade to 4.50 percent for fiscal year ending June 30, 2027. |

The discount rate was based on the Bond Buyer GO 20-Bond Municipal Bond Index as of the measurement date.

Mortality rates are based on the PUB-2010 Teachers Headcount Weighted Table with Generational Improvements using Scale MP-2019.

Healthcare cost trend rates were based on national average information from a variety of sources, including S&P Healthcare Economic Index, NHCE data, plan renewal data, and vendor prescription reports, with adjustments based on the District's benefit provisions.

The District selected the economic, demographic and health care claim costs assumptions used in the actuarial valuation. The actuary provided guidance with respect to the mortality, health claims, medical trend, plan participation, and spousal assumptions. All other assumptions selected align with the FRS Pension valuation.

## Changes in the Total OPEB Liability

|  |             | Amount     |
|--|-------------|------------|
| Balance at June 30, 2019                           | \$          | 11,416,457 |
| Changes for the year:                              |             |            |
| Service Cost                                       |             | 785,616    |
| Interest   |             | 421,574    |

| Benefit Payments                                   |             | (316,927)  |
| Net Changes  |             | (114,409)  |
| Balance at June 30, 2020                           | <b>\$</b> 1 | 11,302,048 |

The financial accounting valuation reflects the following assumption changes:

- The discount rate was updated from 3.50 percent as of June 30, 2019 to 2.21 percent as of June 30, 2020.
- Change in the mortality improvement projection scale from MP-2018 to MP-2019.
- The Excise tax adjustment was removed.

<u>Sensitivity of the Total OPEB Liability to Changes in the Discount Rate.</u> The following table presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.21 percent) or 1 percentage point higher (3.21 percent) than the current rate:

|                      | 1%           | Current       | 1%           |
|----------------------|--------------|---------------|--------------|
|                      | Decrease     | Discount Rate | Increase     |
|                      | (1.21%)      | (2.21%)       | (3.21%)      |
| Total OPEB Liability | \$11,753,457 | \$11,302,048  | \$10,798.690 |

<u>Sensitivity of the Total OPEB Liability to Changes in the Healthcare Trend Rates.</u> The following table represents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower and 1 percentage point higher that the current rate.

|                      | 1%<br>Increase           | Trend Rate               | 1%<br>Increase           |  |  |
|----------------------|--------------------------|--------------------------|--------------------------|--|--|
|                      | 6.2%, grading<br>to 3.5% | 7.2%, grading<br>to 4.5% | 8.2%, grading<br>to 5.5% |  |  |
| Total OPEB Liability | \$9,970,031              | \$11,302,048             | \$12,875,888             |  |  |

<u>OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to</u> <u>OPEB</u>. For the fiscal year ended June 30, 2019, the District recognized OPEB expense of \$(171,826). At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| Description  |    | Deferred<br>Outflows of<br>Resources |    | Deferred<br>Inflows of<br>Resources |  |
|--|----|--------------------------------------|----|-------------------------------------|--|
| Differences Between Expected and Actual Experience<br>Changes of Assumptions or Other Inputs | \$ | 242,958                              | \$ | 1,044,366<br>3,023,094              |  |
| Total  | \$ | 242,958                              | \$ | 4,067,460                           |  |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Fiscal Year Ending June 30 | Amount |             |  |  |
|----------------------------|--------|-------------|--|--|
| 2021                       | \$     | (1,379,016) |  |  |
| 2022                       |        | (1,379,016) |  |  |
| 2023                       |        | (802,303)   |  |  |
| 2024                       |        | (258,180)   |  |  |
| 2020                       |        | (5,987)     |  |  |
| Thereafter                 |        | -           |  |  |
| Total                      | \$     | (3,824,502) |  |  |

## G. Other Significant Commitments

**Encumbrances**. Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered.

The following is a schedule of encumbrances at June 30, 2020:

|              | Major Funds   |                   |              |               |
|--------------|---------------|-------------------|--------------|---------------|
|              |               | Special           |              |               |
|              | Capital       | Revenue-          | Other        |               |
|              | Projects -    | Federal           | Nonmajor     | Total         |
|              | Other Capital | <b>Contracted</b> | Governmental | Governmental  |
| General      | Projects      | Programs          | Funds        | Funds         |
|              |               |                   |              |               |
| \$ 1,272,858 | \$ 3,062,506  | \$ 1,477,578      | \$ 4,770,673 | \$ 10,583,615 |
|              |               |                   |              |               |

## H. Risk Management Programs

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, and general liability coverage are being provided on a self-insured basis up to specified limits, and the District has entered into agreements with various insurance companies to provide specific excess coverage of property claim amounts above the self-insured retention amount; currently \$100,000 for property excluding named storm, wind/hail and flood damages. Named windstorm deductible is 3 percent of replacement value per building, per occurrence for wind and hail damages with \$250,000 minimum; and \$1,000,000 for automobile and general liability. The District has contracted with an insurance administrator, Johns Eastern Company, to administer these self-insurance programs, including the processing, investigating, and payment of claims.

A third-party administrator, Florida Blue, Inc., administers the District's health and hospitalization insurance program. In plan year 2020, the District paid \$39.75 per employee per month for administrative fees. The payment agreement with Florida Blue provides for liability limits based on fixed rates and average numbers of insured employees and dependents. In 2020, there was a \$1,000,000 specific stop loss deductible including medical and pharmacy, with an unlimited lifetime maximum per covered member. To remain in compliance with health care reform and the Patient Protection and Affordable Care Act, there are no longer lifetime maximums included in the Florida Blue plans.

Settled claims resulting from the risks described above have not exceeded commercial insurance coverage in any of the past 3 fiscal years.

A liability in the amount of \$8,671,365 was actuarially determined to cover estimated incurred, but not reported, insurance claims payable at June 30, 2020. The estimated insurance claims payable for the workers' compensation/property/liability programs of \$6,412,365 was determined using the actuarial central estimate for unpaid losses on a discounted basis. The discounted basis recognized the expected rate of return on investments held in the Internal Service Fund using a discount rate of 4 percent. The estimated insurance claims payable for the self-insured health insurance program is \$2,259,000, including medical and pharmacy claims. This figure was not discounted and was calculated according to Actuarial Standards of Practice No. 5.

The following schedule represents the changes in claims liability for the past 2 fiscal years for the District's self-insurance program:

|           | F  | eginning of<br>iscal Year<br>Liability | Current Year<br>Claims and<br>Changes in<br>Estimates | Claims<br>Payments | Balance at<br>Fiscal<br>Year End |
|-----------|----|--|---|--------------------|----------------------------------|
| 2018-2019 | \$ | 7,656,304                              | \$ 41,298,073   | \$ (41,707,020)    | \$ 7,247,357                     |
| 2019-2020 |    | 7,247,357                              | 49,617,583  | (48,193,575)       | 8,671,365                        |

## I. Lease Obligations

#### **Obligation Under Capital Leases**

The classes and amount of property being acquired under capital leases are as follows:

| Asset Description           | Asset Balances      |
|-----------------------------|---------------------|
| Computer & Office Equipment | <u>\$ 2,634,952</u> |

The amortization of assets recorded under capital leases is included with depreciation expense in the accompanying financial statements.

Future minimum capital lease obligations and the present value of the minimum lease payments as of June 30 are as follows:

| Fiscal Year Ending June 30   | <br>Total       | Principal |           | I  | nterest |
|------------------------------|-----------------|-----------|-----------|----|---------|
| 2021                         | \$<br>554,283   | \$        | 504,100   | \$ | 50,183  |
| 2022                         | 362,354         |           | 333,886   |    | 28,468  |
| 2023                         | 165,912         |           | 154,742   |    | 11,170  |
| 2024                         | <br>58,611      |           | 57,559    |    | 1,052   |
| Total Minimum Lease Payments | \$<br>1,141,160 | \$        | 1,050,287 | \$ | 90,873  |

The stated interest rates range from 3.17 percent to 4.09 percent.

## J. Changes in Short-Term Debt

The following is a schedule of changes in short-term debt:

|   | Beginning<br>Balance | Additions     | Deductions    | Ending<br>Balance |
|---|----------------------|---------------|---------------|-------------------|
| GOVERNMENTAL ACTIVITIES   |                      |               |               |                   |
| Tax Anticipation Note, Series 2019,<br>issued September 26, 2019, with an<br>interest rate of 1.780 percent, and a<br>maturity date of March 18, 2020 | <del>\$</del>        | \$ 30,000,000 | \$ 30,000,000 | <u>\$ -</u>       |

Proceeds from the tax anticipation note were used as working capital reserves in the General Fund as permitted under State and Federal tax laws.

## K. Long-Term Liabilities

## 1. <u>Certificates of Participation</u>

Certificates of Participation at June 30, 2020 are as follows:

| Series                              |    | Amount<br>Dutstanding | Interest<br>Rates<br>(Percent) | Lease<br>Term<br>Maturity | Original<br>Amount |             |  |
|-------------------------------------|----|-----------------------|--------------------------------|---------------------------|--------------------|-------------|--|
| 2005, QZAB                          | \$ | 1,327,454             | (1)                            | 2021                      | \$                 | 1,327,454   |  |
| 2010A, QSCB                         |    | 19,920,000            | (1)                            | 2029                      |                    | 21,600,000  |  |
| 2011A                               |    | 2,335,000             | 4.750 - 5.625                  | 2021                      |                    | 39,850,000  |  |
| 2015, Refunding                     |    | 27,830,000            | 2.920                          | 2027                      |                    | 38,470,000  |  |
| 2016, Refunding                     |    | 36,050,000            | 5.000                          | 2029                      |                    | 36,780,000  |  |
| 2017, Refunding                     |    | 39,090,000            | 2.570                          | 2031                      |                    | 55,890,000  |  |
| Total Certificates of Participation | \$ | 126,552,454           |                                |                           | \$                 | 193,917,454 |  |

Note (1): The Federal government pays Interest on QZAB and QSCB certificates to the purchasers of the certificates in the form of tax credits.

The District entered into financing arrangements, which were characterized as lease-purchase agreements, with the Leasing Corporation whereby the District secured financing of various educational facilities. The financing was accomplished through the issuance of certificates of participation to be repaid from the proceeds of rents paid by the District. Except for the Qualified Zone Academy Bond (QZAB) and Qualified School Bond (QSCB) Certificates which are discussed below, the financing was accomplished through the issuance of Certificates of Participation, Series 2011A for \$39,850,000, Series 2015 for \$38,470,000, Series 2016 for \$36,780,000, and Series 2017 for \$55,890,000.

As a condition of the financing arrangements, the District gave ground leases on District property to the Leasing Corporation, with a rental fee of \$10 per year for Certificates of Participation, Series 2011A, 2015, 2016, and 2017, respectively. The master lease-purchase agreement is automatically renewable each fiscal year through July 1, 2031. If the District fails to renew the lease and to provide for the rent payments through to term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the certificates for a period of time specified by the arrangements.

On December 20, 2005, the District entered into a financing arrangement, which was characterized as a lease-purchase agreement, with the Leasing Corporation. The agreement was structured to qualify as a "Qualified Zone Academy Bond" pursuant to Section 1397E of the Internal Revenue Code, as amended. There is no interest cost to the District for borrowing moneys under this program. Interest on the Series 2005-QZAB is paid by the Federal government in the form of annual tax credits to the banks or other eligible financial institutions that hold the certificates. Mandatory annual deposits, for the Series 2005-QZAB, of \$67,616 are made to a sinking fund account with a paying agent beginning December 20, 2006 and ending December 20, 2021. Such deposits are held and accumulated by the paying agent to be applied solely to the payments due under the leases on the final rental payment date.

The American Recovery and Reinvestment Act (ARRA) of 2009, signed into law on February 17, 2009, created a new category of direct subsidy debt for school districts known as QSCBs. The QSCB does not represent incremental Federal funding; the District must repay it.

As a condition of the financing arrangement, the District has given a ground lease on District property to the Leasing Corporation, with a rental fee of \$10 per year. The initial term of the lease for the Series 2010A-QSCB is 19 years commencing October 29, 2010. The properties covered by the ground lease are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the lease and to provide for the rent payments through to term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the certificates.

For the Series 2010A-QSCB, the principal portion of the basic lease payment, \$19,920,000, is due on October 1, 2029. The interest portion of the basic lease payments is due each April 1 and October 1, commencing April 1, 2011. The sinking fund payments are made by the District with respect to the Series 2010A-QSCB and are deposited by the Trustee into the Series 2010 Sinking Fund Account pursuant to the Trust Agreement. Such funds are invested in investment securities in accordance with the Trust Agreement. The District may offset sinking fund payments with the interest earnings on amounts in the Series 2010 Sinking Fund Account, provided that the sinking fund payments will be funded at a rate not more rapid than equal, annual installments in an aggregate amount not in excess of the principal component due at maturity. Sinking fund payments on deposit in the Series 2010 Sinking Fund Account will be retained therein until transferred to the Series 2010 Lease Payment Account and applied to the payment of the \$19,920,000 principal component due on the Series 2010 Certificates at maturity (October 1, 2029) or upon earlier prepayment.

The District properties included in the various ground leases under these arrangements include:

## Series 2005-QZAB Certificates of Participation

Lease Schedule No. 2005-QZAB Manatee Elementary School Oneco Elementary School Palm View Elementary School

## Series 2010A-QSCB Certificates of Participation

The various bonds were issued to finance capital outlay projects of the District. The following is a description of the bonded debt issues:

## State School Bonds

These bonds are issued by the SBE on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of debt service fund resources, and compliance with reserve requirements are administrated by the SBE and SBA.

## **District Revenue Bonds**

The School Board issued Sales Tax Revenue Bonds, Series 2017 in the amount of \$131,785,000 on February 23, 2017. These bonds are authorized by Chapter 1001, Florida Statutes, and Chapter 212, Florida Statutes. These bonds are secured by a pledge of proceeds received by the District from the levy and collection of a one-half cent discretionary sales surtax pursuant to Section 212.055(6), Florida Statutes. Proceeds of the bonds were used to finance fixed capital expenditures or fixed capital costs associated with the construction, reconstruction or improvement of school facilities and campuses which have a useful life expectancy of five or more years and any land acquisition, design and engineering cost related thereto and for costs of retrofitting and providing for technology implementation including hardware and software for various sites within the District.

The sales tax collections began on January 1, 2003. On November 8, 2016, the voters of Manatee County approved the extension of the one-half cent Sales Tax to be effective January 1, 2018 through December 31, 2032, thereby maintaining revenues statutorily available to be used for capital expenditures to reduce overcrowding, reduce portable classrooms, renovate existing schools, build new schools where needed, purchase technology, and improve student safety and achievement.

During the 2019-20 fiscal year, the District recognized sales tax revenues totaling \$31,282,122 and expended \$12,551,475 (40.21 percent) of these revenues for debt service directly collateralized by these revenues.

| Fiscal Year Ending June 30   |     | Total      |            | Principal  | ]           | Interest  |

Annual requirements to amortize all bonded debt outstanding as of June 30, 2020, are as follows:

## 3. Defeased Debt

On January 14, 2020, the State Board of Education used the proceeds derived from the sale of the 2020A Bonds to refund the SBE Capital Outlay Bonds, Series 2010A, by placing the proceeds of the new State Board of Education Capital Outlay Bonds, Series 2020A, in an irrevocable trust and calling the refunded bonds for redemption on January 14, 2020. The Series 2020A certificates were issued to effectuate the refunding and to reduce the District's total debt service payments over the next five years by \$167,148.

## 4. Changes in Long-Term Liabilities

| Net Pension Liability                       | 233,071,182          | 164,295,070    |                    | 119,277,524 |                   | 278,088,728 |    | 1,481,669          |  |  |
| Compensated Absences Payable                | <br>27,036,838       | 9,970,465      |                    | 2,330,160   |                   | 34,677,143  |    | 3,427,314          |  |  |
| Total Governmental Activities               | \$<br>569,716,207    | \$ 226,355,207 | \$                 | 194,170,834 | \$                | 601,900,580 | \$ | 27,464,709         |  |  |

For the governmental activities, compensated absences, pensions, early retirement plan benefits, and other postemployment benefits are generally liquidated with resources of the General Fund. The estimated insurance claims are generally liquidated with resources of the proprietary funds.

The District's outstanding bonds and certificates of participation from direct borrowings and direct placements related to governmental activities of \$133,229,376 and \$131,807,459, respectively; contain a provision that in an event of default, outstanding amounts become immediately due if the District is unable to make payment, except for those Certificates which require the written consent of the Insurer if the Insurer is not in payment default. In addition, the District's outstanding direct placement sales tax bonds are secured by the associated sales tax revenues, whereas the Certificates of Participation from direct placement are secured by the applicable properties listed in the associated ground leases as noted above.

## 5. Interfund Receivables and Payables

The following is a summary of interfund receivables and payables reported in the fund financial statements:

|                             | Interfund |             |          |           |  |  |  |  |
|-----------------------------|-----------|-------------|----------|-----------|--|--|--|--|
| Funds                       | R         | leceivables | Payables |           |  |  |  |  |
| Major:                      |           |             |          |           |  |  |  |  |
| General                     | \$        | 6,556,035   | \$       | -         |  |  |  |  |
| Debt Service:               |           |             |          |           |  |  |  |  |
| Other Debt Service          |           | -           |          | 1,179     |  |  |  |  |
| Special Revenue:            |           |             |          |           |  |  |  |  |
| Federal Contracted Programs |           | -           |          | 6,396,750 |  |  |  |  |
| Other Nonmajor Governmental |           | -           |          | 158,106   |  |  |  |  |
| Total                       | \$        | 6,556,035   | \$       | 6,556,035 |  |  |  |  |

Interfund receivables and payables are temporary loans of cash between funds allowable under Section 1011.09(2), Florida Statutes, for a period of less than 13 months. The temporary loans do not restrict, impede, or limit implementation or fulfillment of the original purposes for which the moneys were received in the funding providing the advancement. All amounts are expected to be repaid within the 2020-21 fiscal year.

## L. Revenues

## 1. Schedule of State Revenue Sources

The following is a schedule of the District's State revenue sources for the 2019-20 fiscal year:

| Source  | <br>Amount        |
|---|-------------------|
| Florida Education Finance Program                         | \$<br>123,838,026 |

Accounting policies relating to certain State revenue sources are described in note I.

## 2. Property Taxes

The following is a summary of millage, and taxes levied on the 2019 tax roll for the 2019-20 fiscal year:

| General Fund   | Millage | Taxes Levied   |
|--|---------|----------------|
| Nonvoted School Tax:                                 |         |                |
| Required Local Effort                                | 3.887   | \$ 162,399,628 |
| Basic Discretionary Local Effort                     | 1.748   | 73,031,774     |
| Capital Projects - Local Capital<br>Improvement Fund |         |                |
|  |         |                |
| Nonvoted Tax:  |         |                |
| Nonvoted Tax:<br>Local Capital Improvements          | 1.500   | 62,670,327     |

## **M. Interfund Transfers**

The following is a summary of interfund transfers reported in the fund financial statements:

|                        | Interfund            |               |  |  |  |
|------------------------|----------------------|---------------|--|--|--|
| Funds                  | Transfers In Transfe |               |  |  |  |
| Governmental Funds:    |                      |               |  |  |  |
| Major Funds:           |                      |               |  |  |  |
| General                | \$ 22,320,810        | \$ -          |  |  |  |
| Debt Service:          |                      |               |  |  |  |
| Other Debt Service     | 29,036,044           | -             |  |  |  |
| Capital Projects:      |                      |               |  |  |  |
| Other Capital Projects | -                    | 19,937,946    |  |  |  |
| Other Nonmajor         | 721,050              | 32,139,958    |  |  |  |
| Total                  | \$ 52,077,904        | \$ 52,077,904 |  |  |  |

The transfers into the General Fund from the Capital Projects – Other Capital Projects Fund and Other Nonmajor Funds were for capital outlay to charter schools, reimbursing the General Fund for maintenance, repairs and equipment costs, and payment of premiums for property and casualty insurance.

The other transfers from Capital Projects – Other Capital Projects Fund and Other Nonmajor Funds to the Debt Service – Other Debt Service Fund and Other Nonmajor Funds were made for debt service payments.

# III. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

## A. Litigation

The District is defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's management, the resolution of these matters will not have a material effect on the financial condition of the District.

## **B.** Other Loss Contingencies

The District received financial assistance from Federal and State agencies in the form of grants and appropriations. The disbursement of funds received under these programs generally requires compliance with specified terms and conditions and is subject to final determination by the applicable Federal and State agencies. Any disallowed claims should become a liability of the General Fund or other applicable funds.

## C. Coronavirus

During 2020 an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result of the spread of COVID-19, economic uncertainties have arisen that could negatively impact the District's operations for an indeterminable time period. Other financial impacts could occur that are unknown at this time.

| Total OPEB Liability as a percentage of covered employee payroll | 5.48%         | 4.20%          |      | 3.96%       |

\* The amounts presented for each fiscal year were determined as of June 30. The District implemented GASB Statement No. 75 for the fiscal year ended June 30, 2018.

No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

*Changes of Assumptions*. Changes of assumptions and other inputs reflect the effects of changes in the discount rate each measurement period. The following are the discount rates in each measurement period:

| Year | Discount Rate |
|------|---------------|
| 2016 | 2.92%         |
| 2017 | 3.58%         |
| 2018 | 3.87%         |
| 2019 | 3.50%         |
| 2020 | 2.21%         |

The financial accounting valuation reflects the following assumption changes:

• A change in the mortality improvement projection scale from MP-2018 to MP 2019.

• The removal of the excise tax adjustment

Notes:

1) The District implemented GASB Statement No. 68 for the fiscal year ended June 30, 2015, including a restatement as of June 30, 2014. Information for prior years is not available.

2) FRS NPL at 2017 has been increased by \$10,152,810 due to implementation of GASB 75.

3) Changes in Assumptions: The long-term expected rate of return decreased from 7.00% to 6.90%, and the mortality assumption was changed from the Generational RP-2000 with Projection Scale BB Tables to the PUB-2010 base table, projected generationally with Scale MP-2018.

#### **Nonmajor Governmental Funds**

#### **Special Revenue Funds**

The Special Revenue Funds account for certain revenues derived from the State of Florida, Federal government, and other local and private sources that are required to finance designated activities. Activities included within the fund are as follows:

Food Services Fund - To account for and report on activities of the food service program in serving breakfast and lunch at the schools.

#### **Debt Service Funds**

The Debt Service Funds account for the payment of principal and interest on long-term debt.

ARRA Economic Stimulus Fund - To account for the accumulation of resources for and the payment of sinking fund interest and related costs on the Certificates of Participation, Series 2010A Qualified School Construction Bonds.

State Board of Education Bonds Fund - To account for and report on the payment of principal, interest, and related costs of the school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the State-assessed motor vehicle license tax.

#### **Capital Projects Funds**

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects. Specific funding sources included herein are:

Section 1011.71(2), F.S., Local Capital Improvement Tax Fund - To account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payments on revenue anticipation notes and certificates of participation.

Capital Outlay & Debt Service Fund - To account for and report on the excess dollars received through the State's Capital Outlay and Debt Service program used for construction and maintenance of schools.

#### **Debt Service Funds**

The Debt Service Funds are used to account for the payment of principal and interest on long-term debt.

#### **Major Debt Service Funds**

Other Debt Service Fund - To account for and report on the payment of principal, interest, and related costs on the sales tax bond issues, certificates of participation issues, and other debt issues.

#### **Nonmajor Debt Service Funds**

ARRA Economic Stimulus Fund - To account for the accumulation of resources for and the payment of sinking fund interest and related costs on the Certificates of Participation, Series 2010A Qualified School Construction Bonds.

State Board of Education Bonds Fund - To account for and report on the payment of principal, interest, and related costs on the school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the State-assessed motor vehicle license tax.

#### **Capital Projects Funds**

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings, additions to existing buildings, or major renovation projects. Specific funding sources included herein are:

#### **Major Capital Projects Funds**

Other Capital Projects Fund - To account for and report on funds received from various sources designated for construction remodeling and renovation, expansion of schools and ancillary facilities, and maintenance of schools. Those various sources include sales tax funds collected through a voter approved sales tax referendum; funds received through the issuance of certificates of participation; impact fees levied by the county and city which are transferred to the District through an interlocal agreement; and local capital improvement funds not required to be accounted for separately.

#### **Nonmajor Capital Projects Funds**

Section 1011.71(2), F.S., Local Capital Improvement Tax Fund - To account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payments on revenue anticipation notes and certificates of participation.

Capital Outlay & Debt Service Fund - To account for and report on the excess dollars received through the State's Capital Outlay & Debt Service program used for construction and maintenance of schools.

#### **Fiduciary Funds**

Fiduciary Funds are used to account for assets held by the District on behalf of outside related organizations or on behalf of other funds within the District.

The Private-Purpose Trust Fund serves to account for financial aid trust fund fees and other moneys for which principal and income benefit individuals or private organizations. They include:

The Donations Trust Fund accounts for employee and public donations held by the District to be used to assist homeless students enrolled in Manatee County schools.

The Financial Aid Fee Trust Fund accounts for the collection of financial aid fees at Manatee Technical Institute. These fees provide scholarships for students meeting the criteria for the award.

Agency Funds are used to account for resources held by the District in a trustee capacity or as an agent for individuals or private organizations. These resources include student and club activity funds that are held in trust for student, athletic, class, and club activities, and other resources held in trust. The District retains no equity interest in these funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of the results of operations.

The component units' columns in the basic financial statements, pages 21 through 23, include the financial data of the District's discretely presented component units.

#### **Nonmajor Discretely Presented Component Units**

Manatee School of Arts and Sciences, Inc.; Renaissance Arts and Education, Inc., d/b/a Manatee School for the Arts; The Lee Foundation, Inc, d/b/a Manatee Charter School; Oasis Middle School, Inc.; Palmetto Charter School, Inc.; Team Success A School of Excellence, Inc.; Visible Men Academy, Inc.; William Monroe Rowlett Academy for Arts & Communication, Inc.; William Monroe Rowlett Middle Academy for Leadership, Arts & Communication, Inc.; and Parrish Charter Academy, Inc. are charter schools and separate not-for-profit corporations organized pursuant to Chapter 617, F.S., the Florida Not For Profit Corporation Act, and Section 1002.33, F.S.. Imagine - Manatee County, LLC, d/b/a Imagine Charter School at North Manatee and Imagine -East Manatee County, LLC, d/b/a Imagine School at Lakewood Ranch are organized as a limited liability corporations pursuant to Chapter 608, F.S., the Florida Limited Liability Company Act, and Section 1002.23, F.S. The charter schools operate under charters approved by their sponsor, the Manatee County District School Board. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to provide specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District.

<sup>a</sup> The fluctuations in total fund balances are primarily due to the timing of debt issues.

<sup>b</sup> The District implemented the provision of Governmental Accounting Standards Board Statement 54 effective for fiscal year ended June 30, 2011.

Note: Property Taxes become due and payable on November 1st of each year. A four percent (4%) discount is allowed if taxes are paid in November, with the discounts declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never be 100% of the tax levy. Taxes become delinquent on April 1st of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1st of each year. Accordingly, the majority of taxes are collected in the fiscal year levied.

(1) Net of allowable discounts

### Notes:

- (1) <u>Basis of Presentation</u> The Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Manatee County District School Board under programs of the Federal government for the year end June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.
- (2) <u>Summary of Significant Account Policies</u> Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance,
  - wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (3) <u>Indirect Cost Rate</u> The District has not elected to use the 10 percent de minimus cost rate allowed under the Uniform Guidance.
- (4) <u>Noncash Assistance: National School Lunch Program.</u> Includes \$1,672,814 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.
- (5) The District incurred \$24,473 in expenditures for the Hurricane Education Recovery grant in the 2017-18 fiscal year.
- (6) The District received reimbursement from FEMA for prior year expenses for CFDA 97.036 in the amount of \$1,140,189.

### Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Honorable Members of the School Board School District of Manatee County Bradenton, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the School District of Manatee County (the "District") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 18, 2021. Our report includes reference to other auditors who audited the financial statements of the discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as Finding 2020-001 that we consider to be a significant deficiency.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of

our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### District's Response to Findings

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### Report of Independent Auditor on Compliance for Each Major Federal Program and on Internal Control Over Compliance Required by the Uniform Guidance

Honorable Members of the School Board School District of Manatee County Bradenton, Florida

#### Report on Compliance for Each Major Federal Program

We have audited the School District of Manatee County's (the "District") compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget ("OMB") Compliance Supplement* that could have a direct and material effect on each of District's major federal programs for the year ended June 30, 2020. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs for the year ended June 30, 2020.

#### **Report on Internal Control over Compliance**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### Part II - Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, fraud, illegal acts, violations of provisions of contracts and grant agreements, and abuse related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

Finding 2020-001 is considered a significant deficiency required to be reported in accordance with *Government Auditing Standards*. This finding is provided in Attachment A to this schedule.

#### Part III - Federal Award Findings and Questioned Costs

This section identifies the significant deficiencies, material weaknesses, and material instances of noncompliance, including questioned costs, as well as any material abuse findings, related to the audit of major programs, as required to be reported by 2 CFR 200.516(a).

There were no findings required to be reported by 2 CFR 200.516(a).

# SCHOOL DISTRICT OF MANATEE COUNTY SCHEDULE OF FINDINGS AND QUESTIONED COSTS - ATTACHMENT A

FOR THE YEAR ENDED JUNE 30, 2020

#### Finding 2020-001 - Significant Deficiency in Internal Controls over Capitalization of Capital Assets

*Statement of Condition:* Certain capital projects were improperly recorded as depreciable assets prior to being in a condition to be placed in service. In addition, several capital assets were improperly expensed and not capitalized.

*Criteria:* Under Generally Accepted Accounting Principles (GAAP), capital assets that are acquired or under construction but are not yet in a condition to be placed in service should be reported as a non-depreciable asset (construction in progress) until such time as they are in a condition to be placed in service. Additionally, GAAP prescribes that all tangible or intangible assets used in operations, that have a useful life extending beyond a single reporting period and meeting the threshold requirements set by the District, should be recorded as capital assets and depreciated over the capital asset's estimated useful life. The District's policy defines capital assets as all assets costing more than \$1,000, or permanently installed items costing more than \$50,000.

*Cause of Condition:* The District's procedures were not in accordance with GAAP or District policy. The District procedures only report significant construction projects that add square footage as construction in progress. All renovation projects, regardless of scope or consideration as to the project's completeness, are being depreciated as the project progresses. In addition, some construction projects that include both additions and renovations, are treated strictly as renovations, where the project is depreciated as construction progresses. Furthermore, the District expensed certain equipment that met the criteria for capitalization because it was not considered material to the building it was associated with.

*Effect of Condition:* In the current year we noted \$1,624,988 of construction in progress that was improperly recorded as depreciable capital assets, with estimated depreciation of \$27,000. We also noted \$6,243,242 of expensed capital assets that should have been capitalized. As a result, assets were understated and expenses were overstated by \$6,270,242 at the government-wide level.

*Recommendation:* We recommend that the District's finance personnel review the progress all projects in process at the end of each year to accurately distinguish between amounts still in process and those placed in service. We also recommend the District review its capitalization policy and implement procedures to properly identify and capitalize assets meeting the definition under GAAP and the threshold criteria in the District's policy.

*Views of Responsible Officials:* The District will assess and update policy, internal control and/or procedure documents to align with GAAP and current District practices in place for at least 19 years with no previous audit findings. CIP will be evaluated based on a condition criterion to determine the timing of capital assets to be placed into service. The District will review the threshold criteria and control procedures in order to properly identify and capitalize assets. When replacing building service systems, the District will evaluate a methodology to also remove the original cost of the equipment being replaced in order to avoid overstating the value of the property.

SCHOOL DISTRICT OF MANATEE COUNTY

01/18/2021

# Manatee County District School Board

### Summary Schedule of Prior Audit Findings

For the Fiscal Year Ended June 30, 2020

Finding Number:

Cynthia Saunders

Superintendent

#### 2019-001

Description of Finding: The District maintained nine accounts at two banks during the 2018-19 fiscal year and, at June 30, 2019, the District's adjusted cash account balance (included in cash and cash equivalents reported on the financial statements) totaled \$8,453,450. District personnel indicated that available cash is monitored daily using the District's Enterprise Resource Planning (ERP) system finance module, which automatically receives cash transactions from the bank and attempts to automatically match and reconcile the transactions to the District general ledger. However, the finance module did not effectively perform this function due, in part, to accounts payable entry errors. Although the District attempted a consolidated bank reconciliation, it was not completed by closing of the 2018-19 fiscal year.

Status of Finding: The status of the finding is repeated as management letter comment 2020-A in the current year as the District worked through proper implementation of the finance module with their service provider. The finding was fully resolved as of June 30, 2020.

Management's Corrective Action Plan

For the Fiscal Year Ended June 30, 2020

Finding Number:

Cynthia Saunders

Superintendent

#### 2020-001

Planned Corrective Action: The District will assess and update policy, internal control and/or procedure documents to align with GAAP and current District practices. Construction in progress will be evaluated based on a condition criterion to determine the timing of capital assets to be placed into service. The District will establish a threshold criteria and update control procedures in order to properly identify and capitalize assets. When replacing building service systems, the District will evaluate a methodology to remove the original cost of the equipment being replaced.

Anticipated Completion Date: March 30, 2021

Responsible Contact Person: Tim Bargeron

### Report of Independent Accountant on Compliance With Local Government Investment Policies

Honorable Members of the School Board School District of Manatee County Bradenton, Florida

We have examined the School District of Manatee County's (the "District") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended June 30, 2020. Management of the District is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the District's compliance with the specified requirements.

In our opinion, the District complied, in all material respects, with the local investment policy requirements of Section 218.415, Florida Statutes, during the year ended June 30, 2020.

The purpose of this report is to comply with the audit requirements of Section 218.415, Florida Statutes, and Rules of the Auditor General.

Kerry Bekant LLP

Tampa, Florida January 18, 2021

#### Independent Auditor's Management Letter

Honorable Members of the School Board School District of Manatee County Bradenton, Florida

#### **Report of the Financial Statements**

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the School District of Manatee County (the "District") as of and for the year ended June 30, 2020, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 18, 2021. We did not audit the financial statements of the aggregate discretely presented component units; those financial statements were audited by other auditors.

#### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.800, Rules of the Auditor General.

#### Other Reporting Required by Government Auditing Standards

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Report of Independent Auditor on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance; Report of Independent Accountant on Compliance with Local Government Investment Policies regarding compliance requirements in accordance with Chapter 10.800, Rules of the Auditor General; and the Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule, which are dated January 18, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.804(1)(f)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address the findings and recommendations made in the preceding annual financial audit annual financial audit report as of June 30, 2020. See Appendix A for current year status.

#### **Financial Condition and Management**

Section 10.804(1)(f)2., Rules of the Auditor General, requires us to communicate whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, the results of our tests did not indicate the District met any of the conditions described in Section 218.503(1), Florida Statutes.

# SCHOOL DISTRICT OF MANATEE COUNTY INDEPENDENT AUDITOR'S MANAGEMENT LETTER – APPENDIX A

YEAR ENDED JUNE 30, 2020

Pursuant to Sections 10.804(1)(f)5.a. and 10.805(7), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.804(1)(f)3., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. We have identified certain matters, noted as Statement of Condition 2020-A in Appendix A to this letter and Finding 2020-001 in the Schedule of Findings and Questioned Costs, that are relevant to financial management. We did not audit the District's responses to these matters, and, accordingly, we express no opinion on them.

#### Transparency

Section 10.804(1)(f)6., Rules of the Auditor General, requires that we communicate the results of our determination as to whether the District maintains on its Web site the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its Web site the information specified in Section 1011.035, Florida Statutes.

#### **Additional Matters**

Section 10.804(1)(f)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that has occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. We have identified a deficiency in internal control and an instance of non-material noncompliance, noted as Statement of Condition 2020-B in Appendix A to the this letter. We did not audit the District's responses to these matters, and, accordingly, we express no opinion on them.

#### Purpose of this Letter

The purpose of this management letter is to communicate certain matters prescribed by Chapter 10.800, Rules of the Auditor General. Accordingly, this management letter is not suitable for any other purpose.

Kerry Bekant LLP

Tampa, Florida January 18, 2021

# SCHOOL DISTRICT OF MANATEE COUNTY INDEPENDENT AUDITOR'S MANAGEMENT LETTER – APPENDIX A

YEAR ENDED JUNE 30, 2020

#### **Current Year Recommendations**

Observations are provided by the year in which they originated. This finding was reported as a significant deficiency in the prior year as Finding 2019-001 in the Schedule of Findings and Questioned Costs.

#### Reconciliations

Statement of Condition 2020-A: The District was not able to perform reconciliations of bank account balances to general ledger account balances throughout the fiscal year until the June 2020 reconciliation.

*Criteria:* Section 1010.01(5), Florida Statutes, requires each school district to establish and maintain internal controls designed to, among other things, detect fraud, ensure reliability of financial records and reports, and safeguard assets. Effective internal controls require that reconciliations of bank account balances to general ledger account balances be performed on a timely, routine basis.

*Cause of Condition:* Staff training was not sufficient to allow finance personnel to use the District ERP system finance module.

*Effect of Condition:* Bank reconciliations were not able to be performed throughout the year, until sufficient knowledge was obtained to perform the bank reconciliation for June 2020. Absent effective procedures for the timely preparation of bank account reconciliations, there is an increased risk that any cash transaction errors or fraud that may occur will not be timely detected, and the reliability of the general ledger financial information throughout the year and the Board's ability to effectively monitor the District's financial position is diminished.

*Recommendation:* The District should enhance procedures to ensure that reconciliations of bank account balances to the general ledger account balances are timely performed, with reconciling items promptly identified, thoroughly investigated, adequately documented, and resolved. Such enhancements should include appropriate training for employees who perform bank account reconciliations and use the District ERP system finance module.

*Management Response:* As stated in the prior year audit finding 2019-001, the treasury/cash management module was one of many not implemented nor functioning in PeopleSoft at go-live. The District worked with its service provider during the year to fully implement and correct the module, in addition to training staff on the proper procedures for reconciliations. The finding was fully resolved as of June 30, 2020 with no variances.

# SCHOOL DISTRICT OF MANATEE COUNTY INDEPENDENT AUDITOR'S MANAGEMENT LETTER – APPENDIX A

YEAR ENDED JUNE 30, 2020

#### Federal Pell Grant Enrollment Reporting

Statement of Condition 2020-B: Notification of student status changes did not reach the NSLDS or did not reach the NSLDS within the required time frame for certain students sampled.

*Criteria:* Title 34 CFR 690.83 requires the College to submit enrollment reporting roster files in accordance with deadlines established by the U.S. Department of Education (DOE). Under the Pell grant program, schools must submit updates to student enrollment status changes through the National Student Loan Data System (NSLDS) website within 60 days of the change in status.

*Cause of Condition:* Manatee Technical College (College) did not sufficiently review and correct enrollment information reported to NSLDS on their behalf by a third party service organization retained during fiscal year 2020.

*Effect of Condition:* NSLDS Roster files required to be reviewed and returned to the NSLDS had not been returned for 4 out of 6 roster files sent. From the population of 642 students receiving Pell, we examined records related to 25 students to determine whether the College accurately and timely reported enrollment changes through the NSLDS. We found that 24 students had incorrect enrollment statuses reported in NSLDS.

*Recommendation:* The College should closely monitor the work of the third party service and ensure information is accurately received by NSLDS but performing reviews of enrollment information on a monthly basis.

*Management Response:* The College has already started a review of enrollment information provided by the third party servicer, and will extend its procedures and controls to ensure the information is being properly submitted in NSLDS.
