District School Board of Seminole County 400 E. Lake Mary Blvd. Sanford, FL 32773-7127

Dear Chairman, School Board Members, and Citizens of Seminole County:

State law requires that all local governments publish, after the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP), and audited in accordance with governmental auditing standards generally accepted in the United States of America. Pursuant to this requirement, we hereby issue the Annual Comprehensive Financial Report (ACFR) of the District School Board of Seminole County, Florida (District) for the fiscal year ended June 30, 2022.

The accompanying report includes all District funds, The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), The Foundation for Seminole County Public Schools, Inc. (Foundation), and the District's six charter schools: Choices in Learning, Inc., Florida High School for Accelerated Learning - Seminole, Inc., Galileo School for Gifted Learning, Galileo School for Gifted Learning - Skyway, United Cerebral Palsy (UCP) Seminole Charter School, and Seminole Science Charter School (Charter Schools). The Leasing Corporation was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities and is considered to be a blended component unit. The Foundation is a notfor-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. The Charter Schools are separate not-forprofit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The Foundation and the Charter Schools are included in aggregate as discretely presented component units.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, District management has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient, reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of

Visit Our Web Site www.scps.k12.fl.us

internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The independent auditing firm, MSL CPAs & Advisors, has audited the District's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. MSL CPAs & Advisors concluded that there was a reasonable basis for rendering an unmodified opinion that the District's basic financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the United States Office of Management and Budget Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on the administration of federal awards. Information related to this single audit, including the schedule of expenditures of federal awards, findings and questioned costs, summary of prior audit findings, and the independent auditor's reports on the system of internal control and on compliance with applicable requirements, are included in the single audit section.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditor's report.

Profile of the District

The District and its governing board were created pursuant to Article IX, Section 4, of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by District school officials in accordance with Chapter 1001, Florida Statutes. The Board consists of five elected officials responsible for the adoption of policies, which govern the operation of District public schools. The appointed Superintendent of Schools (Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education (SBE) rules, and School Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by SBE Rule 6A-1.001, Florida Administrative Code.

The geographic boundaries of the District are those of Seminole County. The District is the 12th largest school district in the State and is 60th nationally. During the 2021-22 fiscal year, the District operated 65 K-12 schools, including 37 elementary schools, 12 middle schools, 9 high schools, 6 specialty schools, and Seminole County Virtual School. In addition, the District sponsors 6 charter schools that are component units of the District. In the 2020-21 fiscal year, the District provided general, special, vocational, and other educational programs to 67,478 unweighted full-time equivalent students. The projected enrollment for the 2022-23 fiscal year is 69,902 unweighted full-time equivalent students. Florida Inventory of School Houses (FISH) has the average age of the District's schools at 28 years old.

The District receives the majority of its operating funds through a State funding formula that is intended to equalize funding received from the State and local property tax between districts within the State. Charter schools operating through a contract with the District are provided with their proportionate share of these funds based upon the number of full-time equivalent students enrolled at the charter school. Recent reports from the Florida Department of Education (FLDOE) indicate that the District has among the lowest administrative costs statewide and was ranked among the best in the state for energy and transportation efficiency.

Economic Condition and Outlook

Seminole County is part of the Orlando Metropolitan Area along with Orange, Osceola and Lake Counties. According to the U.S. Census Bureau and Florida Office of Economic & Demographic Research, Metro Orlando currently has a population of approximately 2.7 million people. The Orlando Economic Partnership promotes Seminole County as a hotbed for high tech and other industry growth directly on the "I-4 corridor" (an area that roughly runs from St. Petersburg and Tampa through Lakeland, Orlando, Lake Mary, Sanford, and ends in Daytona Beach). Seminole County is also part of the Orlando-Space Coast Region, which "supports cutting-edge industries like Aerospace & Defense, Advanced Manufacturing and Life Sciences & Health. Entrepreneurs and global players call the Orlando-Space Coast region home for its high-quality transportation infrastructure, talented workforce and livability," according to Enterprise Florida

The U.S. Census estimates the population of Seminole County to be 470,093 as of July 1, 2021, an decrease of 763 (.016 percent) since April 1, 2020. By most economic and demographic data measures Seminole compares favorably to the State and the nation:

	Measurement			
Economic and Demographic Data	Period	Seminole	Florida	U.S.
Median Household Income	2017-2021	\$73,002	\$ 61,777	\$69,021
Bachelor's Degree or Higher	2017-2021	41.9%	31.5%	33.7%
High School Diploma	2017-2021	94.2%	89.0%	88.9%
Total employment percentage change	2019-2020	1.7%	2.5%	0.9%
Unemployment rate (seasonally adjusted)	June 2022	3.0%	2.9%	3.6%
Age 65 and older	2021	16.4%	21.1%	16.8%

Source: U.S. Census Bureau and U.S. Department of Labor, Bureau of Labor Statistics

The Orlando Economic Partnership identifies Seminole County as home to a plethora of equally dynamic corporations and headquarters such as American Automobile Association (AAA), Mitsubishi Power Americas, Scholastic Book Fairs, Verizon, and Charter Communications, as

well as the emergence of many high-tech companies, including Finastra, Deloitte Consulting's U.S. Delivery Center, Fiserv, and Faro Technologies. Ongoing expansion at the Orlando Sanford International Airport (SFB), coupled with the state's largest foreign trade zone designation, has helped SFB become the third most active international airport in Florida and the 12th most active in the United States. Seminole County has prepared for growth with everything from a new expressway to pre-approved development sites, specialized job training and infrastructure incentives. The county's public-school system is rated among the highest in the state, and the median household effective buying income is the highest in the region.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The District remains Seminole County's largest employer, employing 7,241 full-time equivalent employees over the course of the fiscal year, which included 4,591 instructional personnel.

Impacts of Coronavirus Pandemic

The District continued to feel the effects of novel coronavirus (COVID-19) pandemic during the 2021-22 fiscal year. Fiscal uncertainty has led to reductions to the District's operating budget and increases operating costs associated with preventative measures required to minimize the potential for COVID-19 exposure to students, faculty, and staff. Federal, state, and local assistance to school districts has and will continue to offset some of these costs. However, new strains of the virus, such as the Delta variant, introduce new uncertainties, making economic prognosis uncertain. The District continues to proactively monitor the situation and remains committed to delivering high-quality K-12 instruction to meet the needs of Seminole County students.

Long-Term Financial Planning

The District follows procedures required by Florida Statutes and the SBE rules in establishing and adopting annual budgets for each of the governmental fund types. Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. Appropriations are controlled at the object level (e.g., salaries, benefits, and purchased services) within each function activity (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report. During the initial planning for the budget, the District annually sets aside 4 percent of its revenues to ensure compliance with Board Policy 6210. On June 30, 2022, unassigned fund balance in the General Fund exceeds the District policy of 4 percent of recurring expenditures.

On March 11, 2014, the District entered into an agreement with the Board of County Commissioners of Seminole County to share a proposed 1 percent local government infrastructure sales surtax as allowed under Section 212.055(2), Florida Statutes. The agreement provides the District with 25 percent of the proposed sales surtax subject to a countywide referendum election. This referendum was approved during the May 20, 2014, special election. The District is estimated to receive \$159 million over a 10-year period from the sales surtax interlocal agreement which will expire in 2024.

Capital Outlay Program

The Florida Legislature reduced the millage rate that school districts can levy for capital projects by 25 percent, from 2 mills to 1.5 mills, over two fiscal years, ending June 30, 2009 and 2010. The allowable millage rate has remained at 1.5 mills since. Property tax revenues for capital projects totaled \$62.4 million in fiscal year 2021-22, an increase of \$3.0 million or 5% over fiscal year 2019-20 revenues.

Relevant Financial Policies

The District has developed financial policies to ensure that the District meets or exceeds the requirements of GAAP, Federal agency reporting requirements, Florida Statutes, and State and Local reporting requirements. The most significant of those policies are described further in the Notes to Financial Statements, which immediately follow the Basic Financial Statements, to provide readers with context for understanding the financial information presented in this ACFR.

Accomplishments

The District is committed to student achievement and college and career readiness, while striving to lead and innovate, for example:

- The District is annually ranked above the State and national averages for graduation rate and is one of the highest in the State and Central Florida area. The District's fiscal year 2020-21 graduation rate was 95.5 percent, or 5.4 percentage points above the State Average of 90.1 percent.
- The District's 2021 graduating seniors earned more than \$48 million in scholarships.
- Schools throughout Florida are required to participate in an accountability program that awards school grades based on student performance and growth on the required statewide assessments. The District has consistently maintained superior educational programs for its students as indicated by perennial recognition as an "A" system by the FLDOE.
- More than 46 percent of the District's teachers have earned master's degrees or higher, and 98 percent of teachers are designated as "Highly Qualified."
- During the 2020-21 fiscal year, the District continued to hold its number 1 ranking in the state in Science, Technology, Engineering, and Math (STEM) and was one of the top districts in the state in calculus and physics enrollment.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its ACFR for the fiscal year ended June 30, 2021. This was the 21st year the District has received these prestigious awards. In order to be awarded the Certificate of Achievement for Excellence in Financial Reporting and the Certificate of Excellence in Financial

Reporting, the District must publish an easily readable and efficiently organized ACFR. This ACFR must satisfy both generally accepted accounting principles and applicable legal requirements. The Certificate of Achievement and Certificate of Excellence are valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement and the Certificate of Excellence program requirements, and we are submitting it to the GFOA and ASBO to determine its eligibility for another certificate. This ACFR also satisfies both GAAP and applicable legal requirements.

The preparation and completion of this ACFR on a timely basis was made possible by the dedicated service of the entire staff of the Finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation and completion of this Report.

In closing, we would like to thank the members of the School Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

Chairman and Members of The District School Board of Seminole County, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Seminole County, Florida (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the School Internal Funds, which represent 5.5%, 0.2%, 6.3%, 6.2%, and 5.7%, respectively, of the assets, liabilities, fund balance, revenues, and expenditures of the aggregate remaining fund information. In addition, we did not audit the financial statements of the aggregate discretely presented component units, which represent 100% of the transactions and account balances of the aggregate discretely presented component units columns. The financial statements of the School Internal Funds and the aggregate discretely presented component units were audited by other auditors, whose reports have been furnished to us and, our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT (Continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error America.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Chairman and Members of The District School Board of Seminole County, Florida

INDEPENDENT AUDITOR'S REPORT (Continued)

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Other Postemployment Benefit Schedules, and Pension Schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The accompanying combining and individual major and non-major fund financial statements and schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit and the report of the other auditors, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Chairman and Members of The District School Board of Seminole County, Florida

INDEPENDENT AUDITOR'S REPORT (Concluded)

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 11, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the District School Board of Seminole County, Florida (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2022. The information contained in Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights fiscal year 2021-22 are as follows:

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2022, by \$618,243,751 (net position). Of this amount, \$163,290,491 represents a deficit unrestricted net position. This is the eighth consecutive year the District reported a deficit unrestricted net position, which is attributable to the implementation of Government Accounting Standards Board (GASB) standards for liabilities recognized for pensions and other postemployment benefits. See Note I.G.10., Note II.E., and Note II.F. to the financial statements for more information.
- The District's total net position increased during the current fiscal year by \$74,920,174, or 13.8 percent.
- General revenues totaled \$581,104,756, or 77.8 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions totaled \$165,661,894, or 22.2 percent of all revenues.
- At June 30, 2022, the fund balance for the General Fund totaled \$103,135,092. The amount represents a \$9,517,535 increase during the current fiscal year. At June 30, 2022, the unassigned fund balance for the General Fund totaled \$74,152,591, representing a \$10,322,412 increase during the current fiscal year. The total of the General Fund assigned and unassigned fund balances were \$92,655,719, or approximately 17.9 percent of General Fund expenditures.
- At June 30, 2022, the District had unspent Certificates of Participation proceeds that totaled \$457,316 which included interest earnings.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities, which are designed to provide consolidated financial information about the governmental activities of the District presented on the accrual basis of accounting.

The statement of net position provides information about the District's financial position, its assets, liabilities, deferred inflows of resources, and deferred outflows of resources using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position and the results of operations for the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The government-wide statements present the District's activities in the following categories:

- Governmental activities This represents most of the District's services, including its educational
 programs: basic, vocational, and exceptional education. Support functions, such as transportation,
 food service, and administration, are also included. Local property taxes and the State's education
 finance program provide most of the resources that support those activities.
- Component units The District presents seven separate legal entities in this report. The District's six charter schools (Choices in Learning, Inc., Florida High School for Accelerated Learning Seminole, Inc., Galileo School for Gifted Learning, Galileo School for Gifted Learning-Skyway Campus, UCP Seminole Charter School, and Seminole Science Charter School), and The Foundation for Seminole County Public Schools, Inc., are legally separate organizations and component units that are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government. The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), although also a legally separate entity, was formed to facilitate financing for the acquisition of facilities and equipment for the District. Due to the substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation is included as an integral part of the primary government.

Remainder of this page was intentionally left blank.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This contrasts with the entity-wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of the broad categories discussed below.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, comparing the information presented for governmental funds with similar information presented in the government-wide financial statements may enhance readers' understanding of the long-term impact of the government's near-term financing decisions. Reconciliations between the government-wide financial statements and the governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances are provided to facilitate this comparison.

The governmental funds balance sheet and the statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds. The District's major funds are the General Fund, Debt Service - Certificates of Participation Fund, Capital Projects - Other Capital Improvement Funds, Capital Projects - §1011.71(2) Local Capital Improvement Tax Fund, Special Revenue – Contract Programs Fund, and Special Revenue – Federal Education Stabilization Fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each nonmajor governmental fund is provided in the form of combining statements in this report immediately following the notes to the financial statements and the required supplementary information.

The District annually adopts a budget for its governmental funds. Budgetary comparison statements are provided as part of the basic financial statements for the General Fund and the Special Revenue – Contract Programs Fund, and the Special Revenue – Federal Education Stabilization Fund to demonstrate compliance with the budget at the functional level. Budgetary comparison schedules for all the remaining funds immediately follow the notes to the financial statements and the required supplementary information.

Proprietary Funds

Proprietary funds may be established to account for activities in which a fee is charged for services. Internal service funds are proprietary funds used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses internal service funds to account for its self-insurance programs, print shop, and internal leasing program. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within the governmental activities in the government-wide financial statements. Individual fund data for each of these internal service funds is provided in the form of combining statements in this report, immediately following the notes to the financial statements and the required supplementary information.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The District's internal service funds are combined into a single, aggregated column in the proprietary fund financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's net pension liability and its funding progress for other postemployment benefits.

Combining and Individual Fund Statements and Schedules

The combining statements and additional budgetary comparison schedules referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the Required Supplementary Information Other than MD&A.

Remainder of this page was intentionally left blank.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position over time may serve as a useful indicator of a government's financial condition. The following is a summary of the District's net position as of June 30, 2022, compared to net position as of June 30, 2021:

District School Board of Seminole County, Florida's Net Position

As of June 30, 2021 and 2022 (amounts expressed in thousands)

	Governmental Activities			
	2021	2022		
Current and other assets Capital assets Total assets	\$ 346,271 744,922 1,091,193	\$ 374,616 732,476 1,107,092		
Deferred outflows of resources	137,579	115,580		
Current and other liabilities Long-term liabilities Total liabilities	49,796 595,576 645,372	46,140 322,364 368,504		
Deferred inflows of resources	40,077	235,923		
Net position: Net investment in capital assets Restricted Unrestricted (deficit)	614,154 123,706 (194,536)	623,856 157,678 (163,290)		
Total net position	\$ 543,324	\$ 618,244		

The largest portion of the District's net position, \$623,856,034, is net investment in capital assets (e.g., land; construction in progress; buildings and fixed equipment; improvements other than buildings; furniture, fixtures, and equipment; motor vehicles; audio-visual materials; and computer software), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the net investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District's net position, \$157,678,208, represents resources that are subject to external restrictions on how they may be used. The unrestricted net position, a deficit amount of \$163,290,491, was partly the result of accruals for compensated absences payable, total other postemployment benefits (OPEB) liability, and net pension liability.

District School Board of Seminole County, Florida's Net Position

June 30, 2021, and 2022 (amounts in thousands)

Overall, the current period results of operations increased the District's net position versus the prior fiscal year by \$74,920,174.

Remainder of this page was intentionally left blank.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2021 and 2022, are as follows:

^(*) Beginning net position for fiscal year ending June 30, 2021, was restated to reflect (1) the adoption of GASB Statement No, 84, Fiduciary Activities, and (2) the District's proportionate share decrease in net pension liability arising from a prior period adjustment recognized by the Florida Retirement system. (See notes I(A) and II.)

The largest revenue source for the District is from the State of Florida, Florida Education Finance Program (FEFP), which is presented as part of other unrestricted sources in the chart below. FEFP revenue is based on a formula that utilizes student enrollment data and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District's funding ability based on the local property tax base. FEFP revenue decreased by \$12,596,615 due to an increase in amounts held back for school choice scholarships.

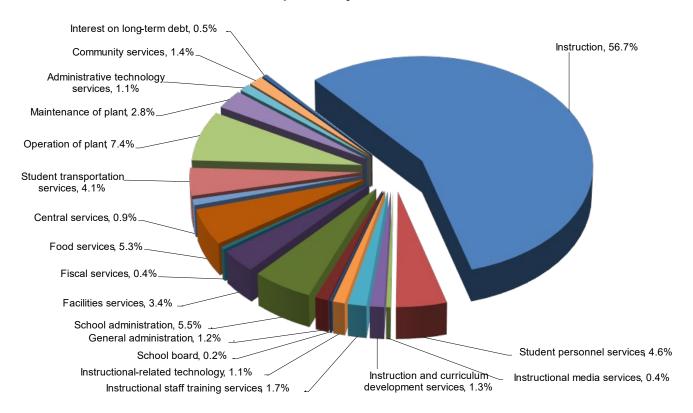

Property tax revenues increased by a net \$7,009,331, or 3.0 percent versus the prior fiscal year, despite a decrease in total millage rate of 0.109 mills, or 1.8% percent. The increase in property tax revenues was driven by increases in the assessed taxable property values.

The District also receives one-quarter of a Seminole County voter-approved one-cent infrastructure surtax authorized under Section 212.005(2), Florida Statutes. The District receives their allocation of surtax revenues through an interlocal agreement on taxable sales generated in Seminole County from January 1, 2015, to December 31, 2024. For the current year, sales tax revenues totaled \$24,445,059.

Revenue by Source

Expenses by Function

Total expenses were \$671,846,476, which was a decrease of \$32,894,733 from the prior year. This decrease was primarily the result of a significant decrease in pension and OPEB expenses, which are allocated to the various functions based on salaries. As a result, the proportion of Instruction expenses to total government wide expenses of 56.7. percent for the 2021-22 fiscal year, was comparable to the prior year's proportion of \$58.3 percent.

Outside of instruction and student personnel services, other functions of the District also had various increases and decreases in expenses from the prior fiscal year.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Governmental Funds

The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Specifically, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance that has not been limited to a particular purpose by an external party or by the District.

The total fund balances of governmental funds increased during the current fiscal year by \$49,565,812, or 23.8 percent from the previous fiscal year. Of this amount, the General Fund increased by \$9,517,535, or 10.2 percent, the Debt Service - Certificates of Participation Fund decreased by \$1,760,339, or by 92.8 percent, and the Capital Projects - Other Capital Improvement Funds increased by \$29,249,179, or 47.4 percent The remaining increase of \$12,559,437, or 24.5 percent, was a direct result of changes in the nonmajor funds.

The total governmental fund balance at June 30, 2022, was \$258,026,094, of which \$74,152,591, or 28.7 percent is unassigned and available for spending at the District's discretion. The remainder of the fund balance is nonspendable, restricted, or assigned to indicate that it is: 1) not in spendable form (\$3,497,154), 2) restricted for particular purposes (\$161,873,221), or 3) assigned for particular purposes (\$18,503,128).

Major Governmental Funds

The General Fund is the District's operating fund. At the end of the current fiscal year, unassigned fund balance was \$74,152,591, and the total fund balance was \$103,135,092. As a measure of the General Fund's liquidity, it may be useful to compare the total assigned and unassigned fund balances to General Fund total expenditures. The total assigned and unassigned General Fund balance is approximately 17.9 percent of the total General Fund expenditures, while total General Fund balance represents approximately 19.9 percent of total General Fund expenditures.

The total General Fund balance increased by \$9,517,535 during the current fiscal year. The primary factors impacting the change in fund balance are described below:

Total revenues decreased by \$13,950,836, or 2.7 percent for fiscal year 2022. Florida Education Finance Program (FEFP) revenue decreased by \$12,596,615 due to state holdbacks for certain scholarship programs; the FEFP is accounted for entirely in the General Fund. In addition, property tax revenue increased by \$4,084,237. Charges for services income increased by \$1,511,669 and class size reduction income also decreased by \$7,772,529. The remaining change comprises relatively small decreases in various categories across function.

Total expenditures increased by \$6,339,659, or 1.2 percent, due primarily to a decrease in salaries and benefits expenses of \$7,400,841, an increase in purchased services of \$5,583,357, an increase in energy services of \$3,552,717, an increase in material and supplies of \$3,950,668, an increase in noncapitalized capital outlay of \$133,512, and an increase in other expenses of \$389,511.

The Debt Service - Certificates of Participation Fund had a fund balance total of \$136,365 at June 30, 2022. The fund balance decreased in the current fiscal by \$1,760,339 primarily due to interfund transfers made during the fiscal year. These funds are restricted for future debt service payments.

The Capital Projects - Other Capital Improvement Funds includes the following sources: Sales Tax Revenue 3rd Generation, County Impact Fee Revenues, Miscellaneous State Revenue, Local Capital Improvement activities and proceeds of the issuance of certificates of participation. The Capital Projects - Other Capital Improvement Funds reported a total fund balance of \$90,988,086 at June 30, 2022. These funds are restricted for the acquisition, construction, and maintenance of capital assets. The fund balance increased by \$29,249,179, or 47.4 percent, in the 2021-22 fiscal year. This was due to fewer projects being charged to this fund in fiscal year 2022.

The Special Revenue – Contract Programs Fund is used to account for certain Federal Program resources, such as grants, which are typically funded on a cost-reimbursement basis. The fund had total revenues of \$38,143,474 during the fiscal year. Because revenues are not recognized until expenditures are incurred, this fund generally does not accumulate a fund balance. The due from other governments balance of \$728,851 at June 30, 2022, represents amounts due from other agencies for outstanding reimbursements due for expenditures incurred during the fiscal year.

The Special Revenue – Federal Education Stabilization Fund is used to account for Federal funding CARES and the Elementary and Secondary School Emergency Relief Funds provided to assist the District in covering additional instructional and operational costs incurred due to the COVID-19 pandemic; which is typically funded on a cost-reimbursement basis. The fund had total revenues of \$32,745,948 during the fiscal year. Because revenues are not recognized until expenditures are incurred, this fund generally does not accumulate a fund balance. The due from other governments balance of \$4,698,863 at June 30, 2022, represents amounts due from other agencies for outstanding reimbursements due for expenditures incurred during the fiscal year.

GENERAL FUND BUDGETARY HIGHLIGHTS

Original Budget Compared to Final Budget

During the 2021-22 fiscal year, the District amended its General Fund budget several times to account for budget increases/decreases in revenue, primarily due to changes in estimated State funding levels. Because of their unpredicted nature, other revenue budget adjustments are made throughout the year when the new revenues are received. Final budgeted revenues in the General Fund were less than original budgeted amount by \$7,706,567, or 1.5 percent. Final appropriations in the General Fund were more than the original budgeted amounts by \$2,132,181, or .4 percent.

Final Budget Compared to Actual Results

Actual revenues were approximately \$2.3 million below budgeted revenues. The primary change was related to a decline in investment income of \$2.3 million..

Actual expenditures are less than final budgeted amounts by approximately \$53.4 million, or 9.33 percent. The primary cause for unspent appropriations is related to schools and other programs carrying forward unspent appropriations that will be used in succeeding years. This accounts for approximately \$27 million (\$8.5 million for State required carryover programs, \$15.3 million for other carryover programs, and \$3.2 million in purchase order obligations at year-end). The balance of approximately \$26.4 million is largely due to savings in operations versus budgeted amounts, most notably in salaries and benefits, purchased services and materials and supplies, a portion of which was reimbursed through federal and local COVID relief funding.

The General Fund's actual ending fund balance of \$103,135,092 exceeded the final amended budgeted fund balance by approximately \$47.2 million. The increase in fund balance is primarily attributable to lower than budgeted expenditures, as explained above.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The District's capital assets for governmental activities as of June 30, 2022, totaled \$732,475,509 (net of accumulated depreciation and amortization). The capital assets include land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures, and equipment; motor vehicles; and computer software. The District's capital assets (net of accumulated depreciation and amortization) for the current fiscal year decreased by \$12,446,799, or 1.7 percent. The change is attributable to a net decrease in buildings and fixed equipment and other improvements of \$8,713,034; net decrease in furniture, fixtures, and equipment of \$925,488; net increase in motor vehicles of \$352,911; net decrease in software of \$10,490; and net decrease in construction in progress of \$3,150,699.

Major projects in process at the end of the current fiscal year that are included as additions to construction in progress: 25th Place Refurbishment (\$1,874,257), South Seminole Middle School – Gym, Media, and

Dining (\$937,561), Oviedo High Dining Renovations (\$138,950), and Casselberry Elementary Renovation (\$16,646,077).

The following is a summary of the District's capital assets as of June 30, 2020 and 2022:

Debt Administration

The following is a summary of the District's long-term debt outstanding as of June 30, 2020 and 2022:

District School Board of Seminole County, Florida's Long-Term Debt Outstanding

As of June 30, 2021 and 2022

	Governmental Activities			
		2021 2022		
Bonded debt:				
Certificates of participation				
Direct borrowings and direct placements	\$	56,560,000	\$	44,085,000
Other		60,605,000		53,850,000
Unamortized premiums		8,357,748		7,566,832
Certificates of participation, net		125,522,748		105,501,832
State school (SBE) bonds		4,178,000		3,491,000
Unamortized premiums		456,549		378,399
State school (SBE) bonds, net		4,634,549		3,869,399
Total bonded debt	\$	130,157,297	\$	109,371,231

At June 30, 2022, the District has long-term bonded debt outstanding of \$109,371,231, net of premiums and discounts. During the current fiscal year, principal debt payments, excluding refundings, interest payments, amortization of premiums, or discounts, totaled \$19,917,000.

SBE Capital Outlay bonds are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Proceeds are to be used to refund outstanding SBE Bonds.

In September 2016, the District received ratings on its Certificates of Participation of Aa3 and AA- from Moody's Investor Services and Fitch ratings, respectively, and Fitch affirmed the District's AA- rating on August 6, 2020. Although the District has no outstanding general obligation bonds, the District's general obligation underlying rating was confirmed as Aa2 from Moody's Investor Services.

Debt Refundings

On April 15, 2022, the District issued Certificates of Participation, Series 2022A, in the par amount of \$16,680,000 with an interest rate of 1.26 percent. The proceeds were used to advance refund the Certificates of Participation Series 2021A outstanding par value of \$16,680,000 and an average interest rate of 1.59 percent. The transaction resulted in defeasance of the refunded principal and the liability for those bonds has been removed from the government-wide statement of net assets. The District completed the advance refunding to reduce its total debt services payments over the next 8 years by 232,000 and to obtain an economic gain of \$224,000.

Additional information on the District's debt and refunding transactions can be found in Note IV.I. to the financial statements.

OTHER SIGNIFICANT MATTERS

In developing the 2022-23 fiscal year budget, the District considered many factors, including the following:

- The uncertainty of the longer-term impacts of the COVID-19 pandemic and the costs to the District of the sustained response efforts for the safety of teachers and students returning to the classroom.
- The potential shift of students back to physical school locations from virtual or blended learning environments.
- The latest enrollment projections for the District indicate an increase of approximately 2,201.11 unweighted full-time equivalent students during the 2022-23 fiscal year.
- The Legislature increased the Board's formula funding by \$485.36, or 6.4 percent, per student funding for the 2022-23 fiscal year.
- Employer contributions to the Florida Retirement System increased for regular employees from 10.82 to 11.91 percent of payroll for the 2022-23 fiscal year.
- A potential decrease in Federal and State funding sources available to defray costs of COVID-19 prevention and response.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in the MD&A or other required supplementary information, and financial statements and notes thereto, or requests for additional financial information should be addressed to the Chief Financial Officer, Seminole County Public Schools, 400 East Lake Mary Boulevard, Sanford, Florida 32773-7127.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position June 30, 2022

Fund Balances - Total Governmental Funds		\$ 258,026,094
Amounts reported for governmental activities on the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Nondepreciable capital assets Depreciable capital assets Less: Accumulated depreciation	\$ 75,152,769 1,348,496,288 (692,824,958)	730,824,099
Earned revenues not received within the avilability period are reported as unavailable revenues in the governmental funds, but are recorded as revenue in the government-wide statements.		78,960
Differences between expected and actual experiences, assumption changes and net differences between projected and actual earnings and contributions subsequent to the measurement date for the postretirement benefits (pension and other postemployment benefits (OPEB)) are recognized as deferred outflows of resources and deferred inflows of resources on the Statement of Net Position		
Deferred outflows - pension related	110,866,781	
Deferred outflows - OPEB related	2,885,217	
Deferred inflows - pension related	(207,536,514)	
Deferred inflows - OPEB related	 (27,923,823)	(121,708,339)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.		
Bonds payable	(3,491,000)	
Less: unamortized premiums on bonds payable	(378,399)	
Add: deferred charges on refunding	152,460	
Certificates of participation payable	(97,935,000)	
Less: unamortized premiums on certificates of participation payable	(7,566,832)	
Add: deferred charges on refunding	1,675,170	
Less: deferred gains on refunding	(463,143)	
Accrued interest payable	(78,427)	
Compensated absences	(20,636,340)	
Total OPEB liability	(9,869,686)	
Net pension liability	 (172,583,468)	(311,174,665)
Internal service funds are used by management to account for the cost of self-insurance,		
print shop, and the internal leasing program. The assets and liabilities of the internal service		
funds are included in governmental activities on the Statement of Net Position.		62,197,602
Net Position of Governmental Activities		\$ 618,243,751

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Fiscal Year Ended June 30, 2022

Net Change in Fund Balances - Total Governmental Funds		\$ 49,565,812
Amounts reported for governmental activities on the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is depreciated over their estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets Less: Current year depreciation	\$ 23,629,544 (36,098,198)	(12,468,654)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position		
Donations of capital assets Cost basis of capital assets disposed	 33,496 (13,871)	19,625
Earned revenues not received within the avilability period are reported as unavailable revenues in the governmental funds, but are recorded as revenue in the government-wide statements. This is the effect of timing differences between the two methods of revenue recognition		78,960
The issuance of long-term debt (e.g., bonds, certificates of participation) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.		
Debt issued or incurred: Certificates of participation Principal repayments: Bonds payable Certificates of participation Payment to escrow agent for refunding	 (16,680,000) 687,000 19,230,000 16,680,000	19,917,000
Some expenses in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Change in long-term compensated absences Change in accrued interest payable Amortization of bonds payable premiums Amortization of certificates of participation premiums Amortization of deferred charges and gains on refunding, net Changes in pension liabilities and related deferred outflows and inflows of resources	1,721,875 15,638 78,150 790,916 (143,569) 29,933,948	
Changes in OPEB liabilities and related deferred outflows and inflows of resources	 1,396,005	33,792,963
Internal service funds are used by management to account for the cost of self-insurance, print shop and the internal leasing program. The net revenue and transfers in of certain activities of internal service funds are reported with governmental activities.		(15,985,532)
Change in Net Position of Governmental Activities		\$ 74,920,174

NOTES TO THE FINANCIAL STATEMENTS

I. Summary of Significant Accounting Policies

A. Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the primary government and its component units. Governmental activities are normally supported by taxes, intergovernmental revenues, and other nonexchange transactions. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Seminole County School District's (District) governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation and amortized expenses are allocated to each function or program of the primary government.

B. Reporting Entity

The Seminole County District School Board (Board) has direct responsibility for operation, control, and supervision of the District schools and is considered a primary government for financial reporting. The District is part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Seminole County.

The concept underlying the definition of the reporting entity is that elected officials are accountable to their constituents for their actions. The accompanying financial statements present the District and its blended and discretely presented component units. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are included within the statements of the primary government. The discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the District.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) Codification of Governmental Accounting and Financial Reporting Standards, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the District is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading. Based on these criteria, the following blended and discretely presented component units are included in the District's reporting entity.

I. Summary of Significant Accounting Policies (continued)

B. Reporting Entity (continued)

Blended Component Unit

The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in Note IV.I.1. The governing board of the Leasing Corporation is the same as the District School Board. Financial records for the Leasing Corporation are maintained by the District, and District staff is responsible for the day-to-day operation of the Leasing Corporation. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are blended in the accompanying basic financial statements. The Leasing Corporation does not issue separate financial statements.

Discretely Presented Component Units

The Foundation for Seminole County Public Schools, Inc. (Foundation), is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. The District authorized and approved the Foundation per Section 1001.453, Florida Statutes; however, the Foundation has its own Board and operates independently of the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a discretely presented component unit.

The District's charter schools, Choices in Learning, Inc., Florida High School for Accelerated Learning – Seminole Inc. D/B/A Elevation High School, Galileo School for Gifted Learning, Galileo School for Gifted Learning – Skyway, UCP Seminole Charter School, and Seminole Science Charter School (charter schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by the District. The charter schools are component units of the District because the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District.

The financial data reported on the District's financial statements was derived from the Foundation's and charter schools' unaudited financial statements for the fiscal year ended June 30, 2022. The financial statements are filed in the District's administrative office at 400 East Lake Mary Boulevard, Sanford, Florida. None of the component units are considered a major component unit in relation to the District. All financial statement notes for the Foundation and the charter schools are omitted from this report since their separate financial statements are available. The notes to the Foundation's and charter schools' statements should be used as an integral part to interpret the financial statements of these component units.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA Notes to the Financial Statements June 30, 2022

I. Summary of Significant Accounting Policies (continued)

C. Basis of Presentation - Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds. Separate financial statements are provided for governmental funds and proprietary funds.

The effects of interfund balances and activities have been eliminated from the government-wide financial statements, except for transfers between governmental activities.

D. Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the District's funds, including the blended component units. Separate statements for each fund category – governmental and proprietary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliations are presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources not required to be accounted for in another fund and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

The *Debt Service* - *Certificates of Participation Fund* is a debt service fund that accounts for the accumulation of resources for, and the payment of, debt principal, interest, and related costs on the long-term certificates of participation.

The Capital Projects - Other Capital Improvement Funds is funded by various sources other than the local capital improvement tax levy. Funding sources include revenue generated by the one-quarter of one-cent intergovernmental local sales tax, as approved by the voters pursuant to Section 212.055(2), Florida Statutes; impact fees revenues generated from the sale of new home construction; new debt issues used to build and renovate existing infrastructure, and other miscellaneous capital improvement revenue.

The Special Revenue Funds - Contract Programs Fund is a special revenue fund used to account for certain Federal grant program resources.

The Special Revenue Funds – Federal Education Stabilization Fund is a special revenue fund used to account for Federal funding provided as emergency relief in covering additional instructional and operational costs incurred by the District due to the COVID-19 pandemic.

I. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation - Fund Financial Statements (continued)

Additionally, the District reports the following proprietary fund types:

Internal Service Funds account for printing services, health self-insurance, risk management services (including claims for workers' compensation, general liability, and property damage), and inter-District vehicle leasing on a cost-reimbursement basis. The District maintained four internal service funds during the 2021-22 fiscal year.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding between funds at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

E. Measurement Focus and Basis of Accounting

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements. The applicable measurement focus and basis of accounting differs between the government-wide and the governmental fund financial statements.

Government-wide

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

I. Summary of Significant Accounting Policies (continued)

E. Measurement Focus and Basis of Accounting (continued)

Governmental Funds

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. State revenues, property taxes, sales taxes, impact fees, Medicaid revenues, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when cash is received by the District.

Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pensions, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of long-term debt are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

Proprietary Funds

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

<u>Discretely Presented Component Units</u>

The UCP Seminole Charter School is accounted for under the not-for-profit basis of accounting and uses the *accrual basis of accounting* (revenues are recognized when earned and expenses are recognized when incurred) in accordance with the pronouncements issued by the Financial Accounting Standards Board (FASB).

The Foundation, Choices in Learning, Inc., Florida High School for Accelerated Learning – Seminole Inc. D/B/A Elevation High School Galileo School for Gifted Learning, and Seminole Science Charter School are accounted for as governmental organizations and follow the same accounting model as the District in accordance with the pronouncements issued by the GASB.

I. Summary of Significant Accounting Policies (continued)

F. Budgetary Information

Budgetary Basis of Accounting

The Board follows procedures established by State Statutes and SBE rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and SBE rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each functional activity (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report. This object level is the legal level of budgetary control.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored in the subsequent period.

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand and demand deposits. Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance up to specified limits or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Section 280.03(3)(f), Florida Statutes.

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

2. Investments

Investments consist of amounts placed in the State Board of Administration (SBA) debt service accounts for investment of debt service funds, amounts placed with the SBA for participation in the Florida PRIME investment pool created by Section 218.405, Florida Statutes, and amounts invested locally. These investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in the SBA debt service accounts are administered by the SBE to provide for debt service payments on bonded debt issued by the SBE for the benefit of the District. Disclosures for the debt service accounts are included in the notes to the financial statements of the State of Florida's Annual Comprehensive Financial Report. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account.

The District's investments in Florida PRIME are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at amortized cost, which approximates fair value. The District has local investments in the Florida Public Assets for Liquidity Management (FL PALM) portfolio, an external investment pool in which shares are owned in the fund, rather than in the underlying investments. FL PALM investments are reported at net asset value (NAV). The District also has investments in the Florida Fixed Income Trust (FL FIT) external investment pool in which shares are owned in the fund, rather than in the underlying investments. FL FIT investments are reported NAV. Other investments made locally consist of Money Market Mutual Funds, United States Treasury Securities, Obligations of United States Government Instrumentalities and Agencies, State and Local Debt, and Commercial Paper. These investments are reported at fair value.

<u>Fair Value Measurement of Investments</u> – The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Types and amounts of investments held at fiscal year-end are described in a subsequent note.

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

3. Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption in District operations. The supply inventory is stated using a weighted-average cost. The print shop and maintenance inventories are stated at last invoice price that approximates the first-in, first-out basis. The transportation and food service inventories are stated at cost using the first-in, first-out basis. United States Department of Agriculture donated foods are stated at fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Service, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods. Those items are recorded as prepaid items in the government-wide, governmental funds, and proprietary fund statements, and their cost is recorded as an expenditure/expense when consumed rather than when purchased.

4. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those having an estimated useful life of more than one year and costing more than \$5,000 for furniture, fixtures, and equipment; motor vehicles; audio-visual materials; and computer software; \$10,000 for leased assets; and \$50,000 for improvements other than buildings; buildings and fixed equipment; and construction in progress. Such assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at acquisition value at the date of donation. All land purchases are included in capital assets regardless of cost. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Gains or losses on disposal of capital assets are included as income in the period of disposal. Land and construction in progress are not depreciated. Capital assets are depreciated or amortized using the straight-line method over the following estimated useful lives:

<u>Description</u> <u>Es</u>	stimated Lives
Buildings and Fixed Equipment 10) - 40 years
Improvements Other than Buildings 15	years
Furniture, Fixtures and Equipment 6	years
Motor Vehicles 10	years
Audio-Visual Materials and Computer Software 5	years

Current year information relative to changes in capital assets is described in a subsequent note.

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

5. Unearned Revenues

Unearned revenues presented on both the governmental and proprietary fund financial statements represents advance collection of funds for services to be provided in future reporting periods. Unearned revenues in the nonmajor governmental funds consists primarily of prepayments for school lunches and local/non-federal grant advances. Unearned revenues in the internal service funds consists primarily of benefits and payroll deductions applicable to future fiscal year health insurance coverage in the self-insurance funds. Unearned revenues on the government-wide financial statements are the same as those reported on the governmental and proprietary statements.

6. Pensions

The District participates in both the Florida Retirement System (FRS) defined benefit pension plan and the Health Insurance Subsidy Program (HIS) defined benefit plan administered by Florida Division of Retirement (collectively, FRS/HIS). In the government-wide financial statements, net pension liability represents the District's proportionate share of the net pension liability of those cost-sharing pension plans. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plans to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost-sharing pension plans' fiduciary net position.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS/HIS, and additions to/deductions from FRS/HIS's fiduciary net position have been determined on the same basis as they are reported by FRS/HIS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in a subsequent note.

7. Compensated Absences

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in a payment. A liability is reported for compensated absences in the governmental fund financial statements only if it has matured, such as for occurrences of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable. For the calculation of sick leave termination liability, the District uses the termination payments method.

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

8. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized using a straight-line method over the term of the related debt. Certificates of participation and bonds payable are reported net of applicable premiums and discounts.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until they become due. Governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Changes in long-term liabilities for the current year are reported in a subsequent note.

9. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represent a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense) until then. The District has three items that qualify for reporting in this category. The net carrying amount of debt refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred amounts on pensions and OPEB result from the difference in the expected and actual amounts related to experience, earnings, and contributions. The deferred outflows of resources related to pensions and OPEB are discussed in a subsequent note.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represent an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The District has three types of items that qualify for reporting in this category on the statement of net position. Deferred gains on refunding results from a debt refinancing whereby the net carrying amount of the debt instrument exceeds the reacquisition price of the refunding debt. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred amounts on pensions and OPEB result from the difference in the expected and actual amounts related to experience, earnings, and contributions. The deferred inflows of resources related to pensions and OPEB are discussed in subsequent notes.

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

10. Net Position

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted. Net investment in capital assets groups all capital assets into one component of net position; accumulated depreciation and the outstanding balances of debt that are attributed to the acquisition, construction, or improvement of these assets reduce the balance in this category. Restricted net position includes all net position with external restrictions imposed by creditors, grantors, or laws and regulations of other governments. Unrestricted net position is the residual amount of net position of the District that is not restricted for any particular purpose.

11. Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as *restricted net position* and *unrestricted net position* in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

12. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance) upon recommendation of the Superintendent.

- <u>Nonspendable</u> Nonspendable fund balance includes items that cannot be spent because they are not in spendable form, such as inventory. All other categories of fund balance, other than nonspendable, are collectively known as spendable fund balance.
- <u>Restricted</u> Restricted fund balances encompass the portion of net fund resources subject to externally enforceable legal restrictions. This includes externally imposed restrictions by creditors (such as through debt covenants), grantors, contributors, laws, or regulations of other governments, as well as restrictions imposed by law through constitutional provisions or enabling legislation.

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

12. Fund Balance Policies (continued)

- <u>Committed</u> The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision-making authority. The Board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The District reported no committed fund balances at June 30, 2022.
- Assigned Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The District and the Board also have not established a policy to assign fund balance. However, certain actions taken by the District, as subsequently described, assign fund balance in accordance with GASB Statement No. 54. The Board has, by approval of the annual financial report, authorized the assignment of fund balance. Included in assigned fund balance in the General Fund is an amount for purchase order obligations outstanding that have not been already included as restricted fund balance. In addition, an amount is included in assigned fund balance for certain program budgets carried over from year-to-year outside of those required by State Statute.
- <u>Unassigned</u> The residual fund balance remaining is reported as unassigned fund balance and is the excess of nonspendable, restricted, committed, and assigned fund balance. The General Fund is the only fund that reports a positive unassigned fund balance amount.

<u>Minimum Fund Balance Policy</u> – The Board has adopted Policy 6210 to provide for a 4 percent minimum unassigned fund balance for the General Fund, if feasible, based on the recurring expenditure budget. For the 2021-22 fiscal year, the Board adopted an unassigned fund balance budget of \$55,457,306.

13. Fund Balance Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). To calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

I. Summary of Significant Accounting Policies (continued)

H. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

2. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data and calculates the allocation of funds to the District. The District is permitted to amend its original reporting during specified time periods following the date of the original reporting. Such amendments may impact funding allocations for subsequent fiscal years. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

The District received an allocation from the State under the School Hardening Grant program. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE. Accordingly, the District recognizes the allocation of these funds as unearned revenue until such time as an encumbrance authorization is received.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

I. Summary of Significant Accounting Policies (continued)

H. Revenues and Expenditures/Expenses

3. District Property Taxes

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Seminole County Property Appraiser, and property taxes are collected by the Seminole County Tax Collector.

The Board adopted the 2021 tax levy on September 7, 2021. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Seminole County Property Appraiser, and property taxes are collected by the Seminole County Tax Collector.

Taxes become a lien on the property on January 1 and are delinquent on April 1 of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Seminole County Tax Collector at fiscal year-end but not yet remitted to the District.

Millage rates and taxes levied for the current year are presented in a subsequent note.

4. Local Government Infrastructure Surtax (Local Sales Tax)

On May 20, 2014, the voters of Seminole County approved a one-cent infrastructure surtax authorized under Section 212.055(2), Florida Statutes on taxable sales in the County. Through an interlocal agreement, the District receives one-quarter of the surtax revenues over a tenyear period that started on January 1, 2015, and will go through December 31, 2024.

I. Summary of Significant Accounting Policies (continued)

H. Revenues and Expenditures/Expenses (continued)

5. Educational Impact Fees

Seminole County imposes an educational impact fee based on an ordinance adopted by the County Commission in 1992. This ordinance was most recently amended in January 2018, when Ordinance 2018-1 established, in part, revised impact fee rates. The educational impact fee is collected by the County and each municipality within the County based on an interlocal agreement. The fees are to be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development and are not to be used for any expenditure that would be classified as a maintenance or repair. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest, and related costs of indebtedness necessitated by new residential development.

6. Federal Revenues Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. The FDOE may require adjustments to subsequent fiscal period expenditures and related revenues based upon an audit of the district's compliance with applicable Federal awards requirements. Normally, such adjustments are treated as reductions of expenditures and related revenues in the fiscal year when the adjustments are made.

7. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for sales and services and premiums charged to the District and employees under various insurance programs. The principal operating expenses for the internal service funds include salary and benefits, cost of sales and services, claims, and premiums for excess coverage. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

II. Detailed Notes on All Activities and Funds

A. Cash Deposits with Financial Institutions

Cash balances from all funds are combined and invested to the extent available. Earnings are allocated monthly to each fund based on average monthly balances.

Custodial Credit Risk - Cash Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to the District. It is the policy of the District that all cash deposits are to be held in institutions which are qualified as public depositories under Florida law. All bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

B. Investments

The District's investments at June 30, 2022, are reported as follows:

Primary Government

		Investment Maturities						
	Total	Less Than	1 Year -	2 Years -	3 Years -	4 Years -

B. Investments (continued)

Fair Value Measurement

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Assets are classified into one of three levels. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The District has the following fair value measurements as of June 30, 2022:

Primary Government

		Fair Value Measurements Using					g
Investments by fair value level	 Amount	i Ma Ident	oted Prices n Active arkets for tical Assets Level 1)	Obs Ir	nificant Other ervable nputs evel 2)	Unob In	nificant servable iputs evel 3)

Florida Fixed Income Trust	AV)					

II. Detail Notes on All Activities and Funds (continued)

B. Investments (continued)

Fair Value Measurement (continued)

Certain investments are measured at fair value using the net asset value per share (or its equivalent) practical expedient or amortized cost, which approximates fair value. These amounts have not been classified in the fair value hierarchy. The District invests in these types of investments to obtain competitive market returns while ensuring the safety and liquidity of the portfolio. These types of investments may be redeemed without advance notice and there are no unfunded commitments for further investment. There are currently no limitations as to the frequency of redemptions; with the exception of Florida PRIME.

For Florida PRIME, Section 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the executive director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the board [State Board of Administration] can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the executive director has instituted such measures and review the necessity of those measures. If the trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the executive director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the trustees shall vote to continue the measures for up to an additional 15 days. The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days." As of June 30, 2022, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. District policy limits investment maturities to a maximum of five years, and, to the extent possible, limits the investment of current operating funds to two years. All investments, throughout the fiscal year and at yearend, were authorized in District policy.

Florida PRIME and Dreyfus Money Market Fund use a weighted-average-days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity (or reset date in the case of floating rate instruments). WAM measures the sensitivity of the portfolio to interest rate changes.

II. Detail Notes on All Activities and Funds (continued)

B. Investments (continued)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the SBA's Florida PRIME, or any other intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest bearing time deposits in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. District policy limits the investments allowed to be purchased to the following:

- SBA Florida PRIME and other Intergovernmental Investment Pools
- United States Government Securities, Obligations of United States Government Agencies or Instrumentalities, and Repurchase Agreements collateralized by obligations of the United States Government, its Agencies, or Instrumentalities
- Time Deposit or Savings Accounts
- Money Market Funds that are registered under the Federal Investment Company Act of 1940 and operate in accordance with 17 Code of Federal Regulations, Section 270.2a-7, which stipulates that money market funds must have an average, weighted maturity of 90 days or less and where the share value of the money market funds is equal to one dollar
- Commercial Paper and Bankers Acceptances that are rated at least "P-1" by Moody's and "A-1" by Standard & Poor's (S&P)
- State and/or local government taxable and/or tax-exempt debt that are rated at least "Aa" by Moody's and "AA" by S&P on long-term debt or "MIG-2" by Moody's and "SP-2" by S&P on short-term debt.

The District's investments in the SBA debt service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account. Disclosures for the Debt Service Accounts are included in the notes to financial statements of the State's Annual Comprehensive Financial Report.

II. Detail Notes on All Activities and Funds (continued)

B. Investments (continued)

The District's investments have the following credit ratings at June 30, 2022:

Primary Government

	Credit	Rating	
Investments	Rating	Agent	Fair Value
State Board of Administration (SBA):			
Florida PRIME	AAAm	S&P	\$ 21,419,295
Debt service account	(1)	(1)	79,087
Intergovernmental investment pools:			
Florida Public Assets for Liquidity Management	AAAm	S&P	1,170,345
Florida Public Assets for Liquidity Management - Term	AAAf	Fitch	25,059,918
Florida Fixed Income Trust - Enhanced Cash Pool	AAAf	Fitch	10,522,438
Florida Fixed Income Trust - Select Cash Pool	AAAf	Fitch	38,402,345
Money market funds:

Obligations of U.S. government agencies			
and U.S. government instrumentalities			6,444,476
Commercial paper	A-1	S&P	79,554,590
Total investments			\$ 302,184,353

⁽¹⁾ Investment managed by the SBA, but is outside the scope of the District's investment policy, see Note I.G.2.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Section 218.415(18), Florida Statutes, requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in book entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a secured vault.

II. Detail Notes on All Activities and Funds (continued)

B. Investments (continued)

District policy requires that all investments, other than investments in money market funds, Florida PALM, FL-FIT, and the SBA, be held in the District's name in custodial and/or trustee accounts by an independent custodial bank. The District maintains compliance with this policy and all applicable investments are held by an independent custodial bank.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. Composition of investment portfolio, calculated based on the fair value, is limited by District policy. District policy places the following limits on concentration of investments by type and issuer at the time an investment is made:

Allowed Securities With Credit Exposure as a Percentage of Total Investments

Type of Investment	Per Issuer <u>Maximum</u>	Percentage <u>In Total</u>
SBA Florida PRIME	*	50%
United States Government Securities	*	100%
Obligations of United States Government Agencies	40%	80%
Obligations of United States Government Instrumentalities	40%	80%
Repurchase Agreements Collateralized by Obligations		
of the United States Government, its Agencies and	25%	50%
Instrumentalities		
Time Deposit or Savings Accounts	15%	25%
Intergovernmental Investment Pools	*	25%
Money Market Funds	50%	75%
Commercial Paper	10%	35%
Bankers Acceptances	10%	35%
State and/or Local Government Taxable and/or Tax-Exempt Debt	*	20%

^{*} Per issuer maximum not applicable

II. Detail Notes on All Activities and Funds (continued)

B. Investments (continued)

As of June 30, 2022, the District was in compliance with Board policy concerning concentration of credit risks:

Primary Government

Percentage of Total

	Investments By					
Investments	Issuer	Туре	Fair Value			
State Board of Administration:						
Florida PRIME			\$ 21,419,295

II. Detail Notes on All Activities and Funds (continued)

C. Receivables

Most of the District's receivables are due from other governments. Those and the remaining accounts receivable are considered fully collectible. As such, no allowance for uncollectible accounts receivable is accrued. Below is the detail of receivables (both accounts receivable and due from other governments) by reporting fund as of June 30, 2022:

Operation of plant	415,911
Maintenance of plant	363,111
Administrative technology services	369,223
Community services	181,284
Total depreciation and amortization expense	\$ 36,354,412

E. Retirement Plans

1. FRS – General Information

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

1. FRS – General Information (continued)

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's total pension liability is \$172,583,468. FRS and HIS pension expense totaled \$6,522,150 for the fiscal year ended June 30, 2022. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to the FRS and HIS pensions from the following sources:

	Deferred Outflows of	Deferred Inflows of
	Resources	Resources
Differences between expected and actual experience	\$ 13,367,431	\$ 49,231
Changes in assumptions	46,898,199	4,843,034
Net difference between projected and actual earnings on pension plan investments	122,535	192,025,434
Changes in proportion and differences between District contributions and proportionate share of contributions	14,022,518	10,618,815
District contributions subsequent to the measurement date Total	36,456,098 \$ 110,866,781	\$ 207,536,514

Additional information about the two pension plans is provided below.

II. Detail Notes on All Activities and Funds (continued)

- E. Retirement Plans (continued)
 - 2. FRS Defined Benefit Pension Plans

The FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing, multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- Regular Members of the FRS who do not qualify for membership in the other classes.
 - Elected County Officers Members who hold specified elective offices in local government.
 - Senior Management Service Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members who enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following table shows the percentage value for each year of service credit earned:

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS – Defined Benefit Pension Plans (continued)

The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	Percent Value				
Regular Members Initially Enrolled Before July 1, 2011					
Retirement up to age 62 or up to 30 years of service	1.60				
Retirement at age 63 or with 31 years of service	1.63				
Retirement at age 64 or with 32 years of service	1.65				
Retirement at age 65 or with 33 or more years of service	1.68				
Regular Members Initially Enrolled On or After July 1, 2011					
Retirement up to age 65 or up to 33 years of service	1.60				
Retirement at age 66 or with 34 years of service	1.63				
Retirement at age 67 or with 35 years of service	1.65				
Retirement at age 68 or with 36 or more years of service	1.68				
Elected County Officers	3.00				
Senior Management Service	2.00				

As provided in Section 121.101, Florida Statutes, if the member was initially enrolled in the Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member was initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS – Defined Benefit Pension Plans (continued)

Contributions. The State of Florida establishes contribution rates for participating employers and employees. The District's employer and employee contribution rates are established in Section 121.71, Florida Statutes. Employer contribution rates under the uniform rate structure (a blending of both the FRS Pension Plan and Investment Plan rates) are recommended by the Plan actuary but set by the Legislature. Statutes require any unfunded actuarial liability be amortized over 30 plan years. Contribution rates during the 2021-22 fiscal year were as follows:

	Percent of Gro	Percent of Gross Salary					
Class	Employee	Employer (A)					
Florida Retirement System, Regular	3.00	10.82					
Florida Retirement System, Elected County Officers	3.00	51.42					
Florida Retirement System, Senior Management Service	3.00	29.01					
Deferred Retirement Option Program - Applicable to Members from All of the Above Classes	0.00	18.34					
Florida Retirement System, Reemployed Retiree	(B)	(B)					

⁽A) Employer rates include 1.66 percent for the retiree HIS program. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

The District's contributions to the FRS Pension Plan totaled \$30,748,134 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2022, the District reported a liability of \$55,041,350 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The District's proportionate share of the net pension liability was based on the District's 2020-21 fiscal year contributions relative to the total 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the District's proportionate share was 0.728651637 percent, which was a decrease of 0.054097688 from its proportionate share measured as of June 30, 2020.

⁽B) Contribution rates are dependent upon the retirement class in which the employee was reemployed.

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS – Defined Benefit Pension Plans (continued)

For the year ended June 30, 2022, the District recognized the Plan pension expense of \$(564,414). In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of			Deferred Inflows of	
	Resources		Resources		
Differences between expected and actual experience	\$	9,434,175	\$	-	
Changes in assumptions		37,662,020		-	
Net difference between projected and actual earnings on pension plan investments		-		192,025,434	
Changes in proportion and differences between District contributions and proportionate share of contributions		13,942,290		6,579,182	
District contributions subsequent to the measurement date		30,748,134		-	
Total	\$	91,786,619	\$	198,604,616	

The deferred outflows of resources related to pensions resulting from District contributions to the Plan subsequent to the measurement date, totaling \$30,748,134, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	
Ending	Amount
June 30,	Recognized
2023	\$ (25,275,765)
2024	(28,548,481)
2025	(37,753,270)
2026	(48,378,121)
2027	2,389,506
Thereafter	-
Total	\$(137,566,131)

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

Actuarial Assumptions. The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.40 percent

Salary Increases 3.25 percent, average, including inflation Investment Rate of Return 6.80 percent, net of pension plan investment

(Discount Rate) expense, including inflation

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP 2018.

The actuarial assumptions used in the July 1, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

Long-term Expected Rate of Return. The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	2.1%	2.1%	1.1%
Fixed Income	20.0%	3.8%	3.7%	3.3%
Global Equity	54.2%	8.2%	6.7%	17.8%
Real Estate	10.3%	7.1%	6.2%	13.8%
Private Equity	10.8%	11.7%	8.5%	26.4%
Strategic Investments	3.7%	5.7%	5.4%	8.4%
Total	100.0%			
Assumed Inflation - Mean			2.4%	1.2%

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

Discount Rate. The discount rate used to measure the total pension liability was 6.8 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long term expected rate of return.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.8 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.8 percent) or 1 percentage point higher (7.8 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(5.8%)	(6.8%)	(7.8%)
District's proportionate share of the			
FRS Pension Plan net pension liability	\$ 246,148,604	\$ 55,041,350	\$(104,702,887)

Pension Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan. At June 30, 2022, the District reported a payable of \$4,055,274 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2022.

- II. Detail Notes on All Activities and Funds (continued)
 - E. Retirement Plans (continued)
 - 2. FRS Defined Benefit Pension Plans (continued)

The HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. Persons are eligible for HIS payments who are retired under a state-administered retirement system or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system, except those individuals who are pension recipients under Sections 121.40, 237.08(18)(a) and 250.22, Florida Statutes, or are recipients of health insurance coverage under Section 110.1232, Florida Statutes or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when they terminate employment with all employers participating in the FRS and:

- For a member of the FRS investment plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes, and meets the definition of retiree in Section 121.4501(2), Florida Statutes.
- For a member of the FRS defined benefit pension plan, or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan.

Any person retiring on or after July 1, 2001, as a member of the FRS, including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability benefit per provisions under Chapter 112, Florida Statutes.

Benefits Provided. The benefit of the HIS Plan is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare.

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2022, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized.

The District's contributions to the HIS Pension Plan totaled \$5,707,964 for the fiscal year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2022, the District reported a net pension liability of \$117,542,118 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS Plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021, and update procedures were used to determine the net pension liability as of June 30, 2022. The District's proportionate share of the net pension liability was based on the District's 2020-21 fiscal year contributions relative to the total 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the District's proportionate share was 0.958236533 percent, which was a decrease of 0.003150124 from its proportionate share measured as of June 30, 2020.

For the fiscal year ended June 30, 2022, the District recognized the HIS Plan pension expense of \$7,086,564. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of			Deferred Inflows of	
	Resources		Resources		
Differences between expected and actual experience	\$	3,933,256	\$	49,231	
Changes in assumptions		9,236,179		4,843,034	
Net difference between projected and actual earnings on pension plan investments		122,535		-	
Changes in proportion and differences between District contributions and proportionate share of contributions		80,228		4,039,633	
District contributions subsequent to the measurement date		5,707,964			
Total	\$	19,080,162	\$	8,931,898	

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$5,707,964, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	
Ending	Amount
June 30,	Recognized
2023	\$ 1,148,295
2024	(453,544)
2025	810,171
2026	1,521,465
2027	1,182,662
Thereafter	231,251
Total	\$ 4,440,300

Actuarial Assumptions. The total pension liability for the HIS Pension Plan was determined by an actuarial valuation as of the valuation date, calculated using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.25 percent, average, including inflation
Municipal Bond Rate	2.16 percent

Mortality rates were based on the PUB-2010 base table, projected generationally with Scale MP 2018.

While an experience study had not been completed for the HIS Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

Discount Rate. The discount rate used to measure the total pension liability was 2.16 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20 Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 321 percent to 2.16 percent.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 2.16 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.16 percent) or 1 percentage point higher (3.16 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(1.16%)	(2.16%)	(3.16%)
District's proportionate share of the			
HIS Pension Plan net pension liability	\$ 135,890,074	\$ 117,542,118	\$ 102,510,071

Pension Plan Fiduciary Net Position. Detailed information about HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan. At June 30, 2022, the District reported a payable of \$526,980 for the outstanding amount of contributions to the HIS Plan required for the fiscal year ended June 30, 2022.

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of Investment Plan members. Allocations to the Investment Plan member accounts during the 2021-22 fiscal year were as follows:

	Percent of
Class	Gross Salary
Florida Retirement System, Regular	6.30
Florida Retirement System, Elected County Officers	11.34
Florida Retirement System, Senior Management Service	7.67

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2022, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

II. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

3. FRS - Defined Contribution Pension Plan (continued)

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided in which the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$10,272,224 for the fiscal year ended June 30, 2022.

Payables to the Plan. At June 30, 2022, the District reported a payable of \$1,747,250 for the outstanding amount of contributions to the Plan required for the fiscal year ended June 30, 2021.

F. Other Postemployment Benefits (OPEB) Obligations

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a singleemployer defined benefit plan administered by the District that provides OPEB for all employees who satisfy the District's retirement eligibility provisions. Pursuant to Section 112.0801, Florida Statutes, employees who retire from the District are eligible to participate in the District's health and hospitalization plan for medical and prescription drug, and life coverage. For retiree life insurance, retirees pay 100% of the life insurance premium, and their premium rates are not subsidized by the District. Retirees and their eligible dependents are offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. The District implicitly subsidizes the premium rates paid by pre-Medicare retirees by allowing them to participate in the OPEB Plan at reduced or blended group premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because retiree healthcare costs are generally greater than active employee healthcare costs. Plan contribution requirements of the District and OPEB Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefit Terms. The OPEB Plan provides healthcare and life insurance benefits for retirees and their dependents. In addition to the implicit subsidy described above, the benefit terms provide for reduced health insurance premiums for Medicare retirees to offset their Medicare Part B premium. Regarding healthcare insurance benefits, retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. For retiree life insurance, premium rates are not subsidized by the District.

Employees Covered. As of June 30 2022, there were 7,047 active employees and 193 retirees enrolled for healthcare benefits. The District contributed \$1,196,845 toward annual OPEB costs for claims and retention costs, net of retiree contributions totaling \$3,241,112.

II. Detail Notes on All Activities and Funds (continued)

F. Other Postemployment Benefits (OPEB) Obligations (continued)

Total OPEB Liability. The District's total OPEB liability of \$9,869,686 was measured as of June 30, 2021, and was determined by an actuarial valuation as of the same.

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Valuation Date June 30, 2021

Measurement Date June 30, 2021

Reporting Date June 30, 2022

Actuarial Cost Method Entry Age Normal (level percent of salary)

Health Care Trend 6.50% decreasing by 0.10% per year down to 5.00%, and level

thereafter

Discount Rate* 2.25% (based upon all years of projected payments

discounted at a municipal bond rate of 2.25%)

Municipal Bond Rate Source Bond Buyer 20-Bond GO Index

Actuarial Assumptions Based on an experience study conducted in 2019 using Florida

Retirement System (FRS) experience from 2013-18.

Mortality Assumptions Based on 2019 FRS experience, Pub-2010 base tables with

age adjusments and generational mortality improvements using gender-specific MP-2018 mortality improvement

projection scale

The discount rate was based on the daily rate of Bond Buyer GO-20 Municipal Bond Rate closest to but not later than the measurement date.

^{*} Implicit in this rate is an assumed rate of inflation of 2.00%

II. Detail Notes on All Activities and Funds (continued)

F. Other Postemployment Benefits (OPEB) Obligations (continued)

Demographic assumptions employed in the actuarial valuation were the same as those employed in the July 1, 2021, actuarial valuation of the FRS Defined Benefit Pension Plan. These demographic assumptions were developed by FRS from an actuarial experience study, and therefore are appropriate for use in the OPEB Plan actuarial valuation. These include assumed rates of future termination, mortality, disability, and retirement. In addition, salary increase assumptions (for development of the pattern of the normal cost increases) were the same as those used in the July 1, 2021, actuarial valuation of the FRS Defined Benefit Pension Plan. Assumptions used in valuation of benefits for participants of the FRS Investment Plan are the same as for similarly situated participants of the FRS Defined Benefit Pension Plan.

Changes to the Total OPEB Liability. Below are the details regarding the total OPEB liability for the year ending June 30, 2022, measured as of June 30, 2021.

	Total OPEB Liability
Balance at 06/30/2021	\$ 21,740,202
Changes for the Fiscal Year:	
Service cost	1,869,112
Interest cost	496,718
Difference between expected and actual experience	(5,382,969)
Changes of assumptions or other inputs	(7,656,532)
Benefit payments	(1,196,845)
Net change in total OPEB liability	(11,870,516)
Balance at 06/30/2022	\$ 9,869,686

The changes of assumptions or other inputs was based on the following:

- The medical claims costs and premiums were updated based on actual claims experience and premium information provided for the valuation.
- The Medical Care Trend rate decreased from 7.50 percent to 6.50 percent.

II. Detail Notes on All Activities and Funds (continued)

F. Other Postemployment Benefits (OPEB) Obligations (continued)

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following table presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.25 percent) or 1 percentage point higher (3.25 percent) than the current discount rate:

	Decrease		Discount Rate		Increase	
	(1.25%)		(2.25%)		(3.25%)	
Total OPEB Liability	\$	9,797,440	\$	9,869,686	\$	9,765,361

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend. The following table presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	Healthcare cost					
	Decrease Trend Rate					Increase
		(5.50%)		(6.50%)		(7.50%)
Total OPEB Liability	\$	8,624,545	\$	9,869,686	\$	11,287,291

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. For the fiscal year ended June 30, 2022, the District recognized OPEB expense of \$(91,212). At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

		Deferred outflows of		Deferred Inflows of
	F	Resources	F	Resources
Differences between expected and actual experience	\$	-	\$	10,462,945
Changes in assumptions		1,580,424		17,460,878
Benefits paid subsequent to the measurement date		1,304,793		-
Total	\$	2,885,217	\$	27,923,823

II. Detail Notes on All Activities and Funds (continued)

F. Other Postemployment Benefits (OPEB) Obligations (continued)

Of the total amount reported as deferred outflows of resources related to OPEB, \$1,304,793 results from benefits paid subsequent to the measurement date and before the end of the fiscal year, will be included as a reduction of the total OPEB liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year	
Ending	Amount
June 30,	Expense
2023	\$ (2,457,042)
2024	(2,457,042)
2025	(2,457,042)
2026	(2,457,042)
2027	(2,457,042)
Thereafter	(14,058,189)
Total	\$ (26,343,399)

G. Construction and Other Significant Commitments

Encumbrances. Appropriations in governmental funds are encumbered upon issuance of purchase orders for goods and services. Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered.

The following is a schedule of encumbrances at June 30, 2022:

	Capital Projects-		Federal		
	Other Capital		Education	Nonmajor	Total
	Improvement	Contract	Stabilization	Governmental	Governmental
General Fund	Funds	Programs Fund	Fund	Funds	Funds
\$ 11,010,189	\$ 8,920,311	\$ 1,347,541	\$ 10,501,505	\$ 15,860,603	\$ 47,640,149

II. Detail Notes on All Activities and Funds (continued)

G. Construction and Other Significant Commitments (continued)

Construction, Remodeling, and Renovation Contracts. Encumbrances include the following non-reoccurring major construction, remodeling and renovation commitments remaining at fiscal year-end:

Period	Contract		Completed		Remaining	
Project Project		Amount	to Date		ommitment	
25th Place Refurbishment						
Contractor	\$	1,945,948	\$ 1,776,814	\$	169,134

South Seminole Middle School - Gym, Media, and Dinin	ıg					
Contractor		2,109,759	754,229		1,355,530	
Engineering and Technical Services		201,835	183,332		18,503	
Oviedo High Dining Renovations						
Contractor		1,838,147	138,950		1,699,197	
Casselberry Elementary Renovation						
Contractor		16,758,909	15,570,726		1,188,183	
Engineering and Technical Services		1,165,705	1,075,351		90,354	
Total	\$	24,131,058	\$19,596,845	\$	4,534,213	

H. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District established the Self-Insurance - Casualty, Liability, and Workers' Compensation Internal Service Fund (Risk Management Fund) to account for and finance its uninsured risks of loss related to workers' compensation, automobile liability, and general liability claims. The District retains \$600,000 per occurrence for workers' compensation liability, \$500,000 per occurrence for errors and omissions exposure, and \$300,000 per occurrence for automobile and general liability exposures. The District retains \$100,000 per occurrence for property damage other than named storms (hurricanes, etc.); for named storms the District's retention is 2 percent of the total insured value per building, with a maximum deductible of \$10,000,000.

The District entered into agreements with various insurance companies to provide specific excess coverage of claims amounts above the stated amount on an individual claim basis and aggregate excess coverage when total claims minus specific excess coverage exceeds the loss fund established annually by the District. The District contracted with a third-party claims administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims. Settled claims resulting from risks described in this section have not exceeded commercial insurance coverage for the past three fiscal years.

II. Detail Notes on All Activities and Funds (continued)

H. Risk Management (continued)

The District established a Self-Insurance - Health Internal Service Fund (Health Self-Insurance Fund) to account for and finance the Health Self-Insurance Program. The District provides coverage for health and hospitalization and for prescription drugs. The self-insurance program is administered by an outside provider. Both health and hospitalization claims and prescription drug claims are limited to a specified amount per person and/or per plan year, due to stop-loss insurance coverages being purchased from a commercial insurance provider. The first stop-loss insurance coverage is individual stop-loss coverage that reimburses claims in excess of \$450,000 per person per plan year, including prescription drug claims.

The District reports the self-insurance programs in the Internal Service Funds. Amounts are transferred from the General Fund to the Internal Service Funds to provide sufficient resources to cover claims incurred, pay for the purchase of excess and/or stop-loss insurance, pay for risk management personnel expenses and pay the insurance service agent's administrative fee.

A liability in the amount of \$6,976,834 was actuarially determined to cover outstanding claims and estimated incurred, but not reported, insurance claims payable for the Self-Insurance - Casualty, Liability, and Workers' Compensation Fund, at June 30, 2022, and is net of \$0 of excess insurance recoverable on unpaid claims. A liability in the amount of \$2,926,081 was estimated pending final actuarial valuation to cover outstanding claims and estimated incurred, but not reported, insurance claims payable at June 30, 2022, for the Self-Insurance - Health Fund.

The estimates of the insurance claims payable also include allocated loss adjustment expenses (incremental claims adjustment expenses). Allocated loss adjustment expense provides for all expenses associated with the handling and settling of claims that can be directly attributable to a particular claim. Such expenses typically include legal fees, investigatory and expert witness fees, etc. No other costs associated with the District's insurance program have been considered in determining the insurance claims payable.

II. Detail Notes on All Activities and Funds (continued)

H. Risk Management (continued)

The following schedules represent the changes in claims liability for the past two fiscal years for the District's Self-Insurance Programs:

Casualty, Liability, and Workers' Compensation Self-Insurance Fund:

I. Long-Term Liabilities

1. Certificates of Participation

The District entered into a financing arrangement on April 1, 1994, characterized as a lease-purchase agreement, with the Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), whereby the District secured financing of various educational facilities and equipment. This financing was accomplished through the issuance of Certificates of Participation to be repaid from the proceeds of rents paid by the District.

As a condition of the financing arrangement, the District has given ground leases on District property to the Leasing Corporation, with rental fees of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payments through to term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the certificates for a period of time as specified by the arrangements.

II. Detail Notes on All Activities and Funds (continued)

I. Long-Term Liabilities (continued)

1. Certificates of Participation (continued)

On April 8, 2022, the District issued Certificates of Participation, Series 2022A, in the par amount of \$16,680,000 with an interest rate of 1.26 percent. The certificates were used to current refund the Certificates of Participation, Series 2021A, outstanding par value of \$16,680,000 with an interest rate of 1.59 percent. The Series 2022A Certificates were placed with a trustee for delivery to the registered owner in exchange for exchange for surrender of the Series 2021A Certificates to the Trustee for cancellation. As a result, the liability for the 2021A Series has been removed from the government-wide statement of net position. Payments of \$95,959.90 for interest and other issuance costs were paid with other resources of the District.

The current refunding of the Certificates of Participation Series 2021A resulted in a difference between the reacquisition price and the net carrying amount of the Series 2021A of \$440,432. This difference, reported in the accompanying financial statements as a deferred gain on refunding, will be charged to interest expense through fiscal year 2029 using the straight-line method. The District completed the current refunding to reduce its total debt service payments over the next 8 years by \$233,000 and to obtain an economic gain of \$224,000.

II. Detail Notes on All Activities and Funds (continued)

I. Long-Term Liabilities (continued)

1. Certificates of Participation (continued)

The District has the following ground leases at June 30, 2022:

		Ground Lease			
Cortificates of Porticipation	Defunded by	Commencement	Run Through

2. Bonds Payable

Bonds payable, consisting solely of State School Bonds, at June 30, 2022, are as follows:

Series	Amount Issued		0	Amount utstanding	Remaining Interest Rates (Percent)	Annual Maturity To
State school bonds:						
Refunding Series 2011-A	\$	3,030,000	\$	155,000	3.00	2023
Refunding Series 2014-A		925,000		302,000	3.00	2025
Refunding Series 2017-A		4,376,000		3,034,000	3.00 - 5.00	2028
Total bonds payable	\$	8,331,000	\$	3,491,000		

II. Detail Notes on All Activities and Funds (continued)

I. Long-Term Liabilities (continued)

2. Bonds Payable (continued)

The various issues of State School Bonds were issued to finance capital outlay projects of the District or refund previously issued State School Bonds. These bonds are issued by the State Board of Education (SBE) on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the state-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service fund resources, and compliance with reserve requirements are administered by the SBE and the SBA. Annual requirements to amortize all bonded debt outstanding as of June 30, 2022, are as follows:

Fiscal Year Ending	State School Bonds Payable								
June 30,		Principal Inter		Interest		Total			
2023	\$	673,000	\$	157,730	\$	830,730			
2024		562,000		127,180		689,180			
2025		562,000		99,080		661,080			
2026		522,000		72,540		594,540			
2027		564,000		46,440		610,440			
2028		608,000		18,240		626,240			
Total bonds payable	\$	3,491,000	\$	521,210	\$	4,012,210			

II. Detail Notes on All Activities and Funds (continued)

I. Long-Term Liabilities (continued)

3. Changes in Long-Term Liabilities

The following is a summary of changes in long-term liabilities:

Primary Government	Balance July 1, 2021	Additions	Reductions	Balance June 30, 2022	Long-term Portion	Due Within One Year
Governmental activities: Certificates of participation payable: Direct borrowings	2021	Additions	Reductions	2022	Portion	One real

payable	11,575,323	52,816,070	(54,488,478)	9,902,915	4,765,076	5,137,839
Net pension liability (1) Total other postemployment	409,745,367	104,796,103	(341,958,002)	172,583,468	171,991,824	591,644
benefits liability	21,740,202	2,365,830	(14,236,346)	9,869,686	9,869,686	-
Total long-term liabilities	\$ 595,576,404	\$ 195,404,572	\$(468,617,336)	\$ 322,363,640	\$ 291,411,261	\$ 30,952,379

⁽¹⁾ The current portion of net pension liability reflects benefit payments of the FRS HIS plan in excess of its fiduciary net position.

Compensated absences, net pension liability, and other postemployment benefits are generally liquidated with resources of the General Fund. The estimated insurance claims are generally liquidated with resources of the Internal Service Funds.

II. Detail Notes on All Activities and Funds (continued)

J. Interfund Payables and Receivables

The following is a summary of interfund payables and receivables reported in the fund financial statements:

	I	Due From	Due To		
Funds	0	ther Funds	Other Funds		
Major:			,		
General Fund	\$	8,335,507	\$	4,851,248	
Debt Service - Certificates of Participation Fund		-		463,299	
Capital Projects - Other Capital Improvement Funds		6,290,980		2,527,962	
Special Revenue - Contract Programs Fund		4,851,248		3,021,221	
Federal Education Stabilization Fund		112,669		2,435,648	
Nonmajor governmental funds		-		46	
Internal service funds		-		6,290,980	
Total	\$	19,590,404	\$	19,590,404	
		,			

The majority of the interfund payables and receivables represent the cash overdrafts for various funds that were covered by cash held by other funds and will be repaid within 12 months. The remaining interfund balances are operational in nature involving unreimbursed sales between funds and will be paid within 12 months.

K. Revenues

Schedule of State Revenue Sources

The following is a schedule of the District's state revenue for the 2021-22 fiscal year:

Source	Amount
Florida Education Finance Program	\$ 238,339,768
Class size reduction	64,805,184
Motor vehicle license tax (Capital Outlay and Debt Service)	2,505,987
Voluntary Pre-K	2,015,926
Charter school capital outlay	1,124,057
Food service supplement	293,483
Miscellaneous	1,164,537
Total	\$ 310,248,942

Accounting policies relating to certain State revenue sources are described in note I.H.2.

II. Detail Notes on All Activities and Funds (continued)

K. Revenues (continued)

Property Taxes

The following is a summary of millages and taxes levied on the 2021 tax roll for the 2021-22 fiscal year:

	Millages	Taxes Levied
General Fund		
Nonvoted school tax:		
Required local effort	3.577	\$ 154,326,152
Discretionary operating	0.748	32,271,725
Local Capital Improvement Tax Fund		
Nonvoted tax:		
Local capital improvements	1.500	64,716,027
Total	5.825	\$ 251,313,904

Accounting policies relating to District Property Taxes revenue recognition are described in Note I.H.3.

L. Interfund Transfers

The following is a summary of interfund transfers reported in the fund financial statements:

Funds	Transfers In	Transfers Out		
Major:				
General Fund	\$ 29,803,501	\$	-	
Debt Service - Certificates of Participation Fund	21,585,009		-	
Capital Projects - Other Capital Improvement Funds	-		6,694,758	
Nonmajor governmental funds	-		37,143,752	
Internal service funds	-		7,550,000	
Total	\$ 51,388,510	\$	51,388,510	

Most of the transfers out of the capital project funds and nonmajor governmental funds were to provide debt service principal and interest payments and to assist in funding maintenance operations of the District. The remaining transfers between funds were operational in nature.

III. Summary Disclosure of Significant Contingencies

A. Litigation

The School Board is a defendant in various lawsuits at fiscal year-end. Although the outcome of these lawsuits cannot presently be determined, in the opinion of the District's legal counsel, the resolution of these matters will not have a material adverse effect on the financial position of the District.

B. Other Loss Contingencies

The District receives financial assistance from Federal and State agencies in the form of grants and appropriations. The disbursement of funds received under these programs generally requires compliance with specified terms and conditions and is subject to final determination by the applicable Federal and State agencies. Any disallowed claims should become a liability of the General Fund or other applicable funds. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although District management anticipates such amounts, if any, will be immaterial.

Notes to the Required Supplementary Information For the Year Ended June 30, 2022

1. Schedule of Changes in the District's Total Other Postemployment Benefits Plan Liability and Related Ratios

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

The June 30, 2022, OPEB liability of \$9,869,686 was less than the June 30, 2021, liability of \$21,740,202 by \$11,870,516. Changes in actuarial assumptions are described below:

Changes in assumptions. Changes of assumptions and other inputs includes a decrease in the medical care trend rate from 7.5 percent to 6.5 percent, and updates to the medical claims costs and premiums based on actual experience and information provided for the valuation.

2. Schedule of Net Pension Liability and Schedule of Contributions – Florida Retirement System Pension Plan

Changes of Assumptions. There were no changes in assumptions related to the pension calculation for the FRS Plan for fiscal year 2022.

3. Schedule of Net Pension Liability and Schedule of Contributions – Health Insurance Subsidy Pension Plan

Changes in assumptions. The municipal bond rate used to determine total pension liability for the HIS Plan for fiscal year 2022 was decreased from 2.21 percent to 2.16 percent.

OTHER SUPPLEMENTARY INFORMATION – COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

Other Supplementary Schedules General Fund

The General Fund budgetary comparison statement presented within the basic financial statements was presented at a summary level that is higher than which the District has budgetary control. Therefore, a more detailed budgetary comparison schedule is provided as part of the other supplementary schedules to demonstrate the District's compliance with its legal level of budgetary control (i.e., the object level within each function) for the General Fund.

The General Fund is the primary operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in the General Fund. The General Fund is reported as a major governmental fund.

Other Supplementary Schedules Special Revenue – Contract Programs Fund

The Special Revenue – Contract Programs Fund budgetary comparison statement presented within the basic financial statements was presented at a summary level. A more detailed budgetary comparison schedule is provided as part of the other supplementary schedules at the object level within each function, consistent with budgetary controls, for the Special Revenue – Contract Programs Fund.

The Special Revenue – Contract Programs Fund is used to account for federal, state, or local source revenues that are restricted, committed, or assigned to expenditures for particular grant or other program objective. The Special Revenue – Contract Programs Fund is reported as a major governmental fund.

Other Supplementary Schedules Governmental Funds other than General Fund

Combining Statements

Included in the other supplementary schedules are combining statements for nonmajor governmental funds. These statements provide information on each individual nonmajor governmental fund that aggregates to the total presented as nonmajor governmental funds on the basic financial statements.

Individual Budgetary Comparison Schedules

Also included in the other supplementary schedules are budgetary comparison schedules for all governmental funds.

For nonmajor special revenue funds, all debt service funds, and all capital projects funds, budgetary comparison statements were not presented as part of the basic financial statements. Budgetary comparison schedules are presented as part of the other supplementary schedule for each of these funds to demonstrate the District's compliance with its budget in each fund.

Nonmajor Governmental Funds

Special Revenue Funds

The Special Revenue Funds account for certain revenues derived from the State of Florida, the Federal Government and other local and private sources that are required to finance designated activities.

Food Service Fund – To account for and report on activities of the food service program in serving breakfast and lunch at the schools.

Debt Service Funds

The Debt Service Funds are used to account for the payment of interest and principal of the current portion on long-term debt.

State Board of Education (SBE) Bond Fund – To account for and report on payment of principal, interest, and related costs on the state school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the state-assessed motor vehicle license tax.

Capital Projects Funds

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects.

Capital Outlay & Debt Service Fund – To account for and report on the dollars received through the State's Capital Outlay & Debt Service (CO&DS) program, used for construction and maintenance of schools.

Public Education Capital Outlay Fund – To account for and report on the dollars received through the State's Public Education Capital Outlay program, used for construction and maintenance of schools.

Internal Service Funds

Internal Service Funds are nonmajor proprietary funds and are reported as governmental activities. They are used to account for the financing of goods or services provided by one department to other departments within the school district on a cost-reimbursement basis. The following funds are included in the Internal Service Funds:

Self-Insurance – Casualty, Liability, etc. – To account for the financial activities of the District's self-insured property, casualty, liability, and workers' compensation program.

Self-Insurance – Health – To account for the financial activities of the District's self-insured employee prescription, health and hospitalization insurance program.

Print Shop – To account for the financial activities of the District's print center operations.

Computer Store – To account for the financial activities of the District's centralized computer purchase, preparation and software installation program.

Internal Leasing Program – To account for the District's centralized program to purchase vehicles for use by various departments.

Nonmajor Discretely Presented Component Units

The component units columns in the basic financial statements include the financial data of the District's nonmajor discretely presented component units.

Choices in Learning, Inc., Galileo School for Gifted Learning, Galileo School for Gifted Learning – Skyway, UCP Seminole Charter School, and Seminole Science Charter School (Charter Schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The Charter Schools operate under a charter approved by their sponsor, the District School Board of Seminole County. In accordance with a ruling by and requirement of the Florida Department of Education, the Charter Schools are included as component units of the District. According to the Florida Department of Education, the Charter Schools are fiscally dependent on the District for their tax levy and the majority of their budget and create a financial burden on the District because the Charter Schools' full-time equivalent (FTE) student enrollment is the basis for the District to provide funding to the Charter Schools.

The Foundation for Seminole County Public Schools, Inc. (Foundation) is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized and approved by the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. The Foundation has its own staff and does not provide services entirely or nearly entirely to the District and, therefore, is discretely presented, rather than blended.

STATISTICAL SECTION (UNAUDITED)

Statistical schedules differ from financial statements because they usually cover more than one fiscal year and may present non-accounting data. These schedules reflect social data, economic data, and financial trends of the District School Board of Seminole County, Florida.

Statistical Schedules

This part of the District School Board of Seminole County, Florida's Comprehensive Annual Financial Report presents detail information as a context for understanding what the information in the financial statements, notes disclosures and required supplementary information says about the School Board's overall financial health. Below is a summary of the components and purpose for the tables provided herein.

Contents	Pages
Financial Trend Information	174 – 197
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	
Revenue Capacity Information	198 – 203
These schedules contain information to help the reader assess the District's most significant local revenue source, property taxes.	
Debt Capacity Information	204 – 211
These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.	
Demographic and Economic Information	212 – 213
These schedules contain demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	214 – 221
These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Notes:

- (1) During the fiscal year ended June 30, 2013, implementation of GASB Statement Nos. 63 and 65 resulted in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.
- (2) During the fiscal year ended June 30, 2014, net position for governmental activities was restated due to changes in accounting principles and prior period adjustments. Periods prior to June 30, 2014, have not been adjusted for these changes.
- (3) During the fiscal year ended June 30, 2015, implementation of GASB Statement No. 68 resulted in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.
- (4) During the fiscal year ended June 30, 2017, unspent proceeds of \$45,473,925 from the COP 2016C debt issue were included in net investment in capital assets. Net investment in capital assets was restated and offset with restricted fund balance to show the correct balance for the unspent proceeds.
- (5) During the fiscal year ended June 30, 2018, implementation of GASB Statement No. 75 and an immaterial FRS actuarial error related to employer contributions subsequent to the measurement date resulted in adjustments to beginning net postition. Periods previous to that fiscal year have not been adjusted for these changes.
- (6) During the fiscal year ended June 30, 2019, beginning net position was adjusted to reflect the FRS reported change in beginning net pension liability due to implementation of GASB Statement No. 75. Periods previous to that fiscal year have not been adjusted for this change.

Source: District records

Notes:

- (1) During the fiscal year ended June 30, 2013, implementation of GASB Statement Nos. 63 and 65 resulted in adjustments to beginning net position. Previous periods were not adjusted for these changes.
- (2) In fiscal years ending prior to June 30, 2014, class size reduction funding was presented as an operating contribution to instruction. Pursuant to State Statute, this amount is not restricted to this function and has been restated to be reported as other state sources general revenues for all periods presented.
- (3) During the fiscal year ended June 30, 2014, net position for governmental activities was restated due to changes in accounting principles and prior period adjustments. Previous periods were not adjusted for these changes.
- (4) During the fiscal year ended June 30, 2015, implementation of GASB Statement No. 68 resulted in adjustments to beginning net position. Previous periods were not adjusted for these changes.
- (5) In fiscal years ending prior to June 30, 2015, federal grant related revenues were presented as a general revenue to the District. The District previously determined this was the correct manner to report federal grants because federal revenues were not restricted to a certain function. GASB Implementation Guide Question 7.34.3 clarified that federal grant revenues are restricted to specific programs and should be reported as operating grants program revenues. For the fiscal year ending June 30, 2015, all federal revenues have been reclassified to be operating grant program revenues to the functions to which they relate. All prior periods presented have been restated to report federal grant revenues as operating grant program revenues.
- (6) During the fiscal year ended June 30, 2018, implementation of GASB Statement No. 75 and an immaterial FRS actuarial error related to employer contributions subsequent to the measurement date resulted in adjustments to beginning net postition. Previous periods were not adjusted for these changes.
- (7) During the fiscal year ended June 30, 2019, beginning net position was adjusted to reflect the FRS reported change in beginning net pension liability due to implementation of GASB Statement No. 75. Previous periods were not adjusted for these changes.

Source: Seminole County Tax Collector

- (1) Net of allowable discounts.
- (2) Property Taxes become due and payable on November 1 of each year. A four percent discount is allowed if taxes are paid in November, with the discounts declining by one percent each month thereafter. Accordingly, taxes collected will never be one hundred percent of the tax levy. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1 of each year. Accordingly, majority of taxes are collected in the fiscal year levied, as current year tax certificates are included in current tax collections.
- (3) Variance in Total Collections from the Statement of Revenues, Expenditures and Changes in Fund Balances Governmental Funds is due to interest earnings on property taxes held by the county.

- (1) Total Primary Government Debt divided by personal income and population from the schedule of Demographic and Economic Statistics. Percentage of personal income calculation has been restated due to restatement of personal income on the schedule of Demographic and Economic Statistics.
- (2) State Board of Education Bonds are issued by the State Board of Administration, and a portion of the issued bonds is allocated to the District in book-entry form. SBE bonds are issued for the purpose of financing capital outlay projects and are secured by and payable from gross tax receipts distributed to the State Board of Education, which may be used for debt services.

Note:

(1) Overlapping debt is that of local governments and Seminole County which apply to property owners within the County. Not all overlapping debt applies to all county property owners. The municipality rates apply only to the property owners in each of the county's seven cities. This estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents of the county. This process recognizes that, when considering the county's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government. The municipalities listed above are 100% within the boundary of the Seminole County and the School District.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA Notes to the Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2022

1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Seminole County District School Board under programs of the Federal government for the fiscal year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, or changes in net position.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule of Financial Awards are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.

4. Noncash Assistance

The National School Lunch Program includes \$ 3,483,039 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Chairman and Members of The District School Board of Seminole County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Seminole County, Florida (the "District") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 11, 2023. Our report includes a reference to other auditors who audited the financial statements of the School Internal Funds and the aggregate discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Chairman and Members of The District School Board of Seminole County, Florida

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.800, *Rules of the Auditor General*, we reported certain matters to management of the District in a separate management letter dated January 11, 2023.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Chairman and Members of The District School Board of Seminole County, Florida

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the compliance of the District School Board of Seminole County, Florida (the "District") with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget ("OMB") *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibility of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Chairman and Members of The District School Board of Seminole County, Florida

Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the basic financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated January 11, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. Our report on the basic financial statements included disclosures regarding our reference to the reports of other auditors. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis, as required by the Uniform Guidance, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

- Independent Auditor's Management Letter

INDEPENDENT ACCOUNTANT'S REPORT

Chairman and Members of The District School Board of Seminole County, Florida

We have examined the District School Board of Seminole County, Florida's (the "District") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended June 30, 2022. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the District's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the year ended June 30, 2022.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Honorable Chairperson and Members of Seminole County District School Board, Florida

Report on Financial Statements

We have audited the financial statements of the Seminole County District School Board, Florida (the "District") as of and for the year ended June 30, 2022, and have issued our report thereon dated January 11, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.800, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance, Schedule of Findings and Questioned Costs, and our Independent Accountant's Report in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.800, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated January 11, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.804(1)(f)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial report. There were no recommendations made in the preceding annual financial report.

Chairman and Members of The District School Board of Seminole County, Florida

Financial Condition and Management

Section 10.804(1)(f)2., Rules of the Auditor General, requires us to communicate whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.804(1)(f)5a. and 10.805(7), *Rules of the Auditor General*, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.804(1)(f)3., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Section 10.804(1)(f)6., Rules of the Auditor General, requires that we communicate the results of our determination as to whether the District maintains on its website the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its website the information specified in Section 1011.035, Florida Statutes.

Additional Matters

Section 10.804(1)(f)4., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, District School Board members, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.
