District School Board of Hernando County  
919 North Broad Street  
Brooksville, Florida 34601

Dear Chair, Members of the School Board and Citizens of Hernando County:

The Annual Comprehensive Financial Report of the District School Board of Hernando County, Florida (District) for the fiscal year ended June 30, 2025, is submitted herewith. We believe the information, as presented, is accurate in all material aspects; that it is presented in a manner designed to set forth fairly the financial position and the changes in financial position of the District as measured and reported by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain an adequate understanding of the District's financial affairs have been included. The responsibility for the preparation of the accompanying financial statements and other information contained in this report, based on the above standards, rests with the District's management.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Florida Auditor have independently audited the District's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ending June 30, 2025, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion on the District's financial statements for the fiscal year ended June 30, 2025. The independent auditor's report on financial statements is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District is part of a broader, federally mandated "Single Audit" designed to meet the special needs of Federal grant agencies. The District is required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

The standards of governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of Federal awards. Information related to this single audit, including the Schedule of Expenditures of Federal Awards (SEFA), schedule of findings and questioned costs, summary schedule of prior audit findings, and the independent auditor's reports on the system of internal control and on compliance with applicable requirements, is included in the compliance section.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditor.

The accompanying report includes all funds of both the District and the Hernando School Board Leasing Corporation (Leasing Corporation). The School Board formed the Leasing Corporation to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities and is considered a blended component unit.

## **PROFILE OF THE DISTRICT**

The District and its governing Board were created pursuant to Section 4, Article IX of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by the District school officials in accordance with Chapter 1001.30, Florida Statutes. The Board consists of five elected officials responsible for the adoption of policies, which govern the operation of public schools in Hernando County. The Superintendent of Schools is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and District policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by State Board of Education Rule 6A-1.001, Florida Administrative Code.

This report contains the audited financial statements for all operations over which the School Board is financially accountable. Various potential component units were evaluated to determine whether they should be considered as part of the District's reporting entity.

Accordingly, included in the reporting entity are the Hernando County Education Direct Support Organization, Inc., (Foundation) a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, and the three charter schools, Brooksville Engineering, Science & Technology, Inc., Gulf Coast Elementary School, Inc., and Gulf Coast Academy of Science and Technology, Inc. The charter schools are not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The Charter Schools are funded through the District with FEFP funds. Both the Foundation and the charter schools are included as discretely presented component units in the accompanying financial statements. Additional information regarding these component units can be found in the notes to the financial statements.

The geographic boundaries of the District are those of Hernando County. Hernando County is located on the central-west coast of Florida, north of Tampa Bay. It is bounded by the Gulf of Mexico on the west, Citrus County to the north, Sumter County to the east, and Pasco County to the south. Hernando County stretches 37 miles east to west, and 18 miles north to south, for a total of approximately 479 square miles.

During the 2024-2025 fiscal year, the District had 26 schools, including 10 elementary schools, 4 middle schools, 5 high schools, 3 K-8 schools (Challenger K-8, Explorer K-8, and Winding Waters K-8), 1 alternative school, and 3 charter schools, and served approximately 23,925 prekindergarten through adult students. The projected prekindergarten through grade 12 student enrollment for fiscal year 2025-2026 is 26,356 unweighted full-time equivalent students. The average age of the school buildings within the District is approximately 37.5 years.

The district serves students from infants through adults. Students in the District represent a diverse community of learners, including a variety of ethnic and cultural backgrounds. In addition to the various educational programs offered to K-12 students, the District offers pre-kindergarten services including: programs for babies of teen parents who are progressing toward achieving high school diplomas; programs for special education infants and toddlers below the age of three; pre-kindergarten programs for three and four-year-old disabled students; and programs for eligible low-income, at-risk students.

The District also offers programs for adults to learn the necessary skills in order to enter the workforce or increase opportunities for advancement in current positions. Also, students from foreign countries have the opportunity to gain experience in communication skills through the District's English for Speakers of Other Languages (ESOL) programs, and all citizens can take fee-supported courses to increase personal development in various subjects such as computers, photography, and personal financial planning.

The annual budget serves as the foundation for the District's financial planning and control. The District establishes and maintains budgetary controls. The objective is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the District. Activities of all governmental fund types are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot exceed the appropriated amount) is established at the object level within each function level for all funds.

Budgetary information is integrated into the accounting system. To facilitate budgetary control, budget balances are encumbered when purchase orders are issued. Appropriations expire at year-end and encumbrances outstanding are honored in the subsequent year's appropriations.

In order to provide budgetary control for salaries, the District utilizes a centralized position control system. The District has adopted a staffing plan that establishes teaching positions based primarily on student populations served. Additionally, support and administrative positions are created based on established criteria.

## **FACTORS AFFECTING FINANCIAL CONDITION**

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment within which the District operates.

### **Economic Conditions**

Hernando County has experienced limited population growth, increasing 14.3 percent or 28,475 since the 2020 census. The County's current population as of April 1, 2020, is 194,515 with anticipated growth estimated to be 229,118 in the year 2030 and 251,320 in the year 2040. The median age is 47.4 years.

The local area economy continues to be affected by the national and State economic downturn. Unemployment rate increased during 2024-2025 to 4.0 percent for Hernando County and 2.9 percent for the State as of January 2025. The County's rate is lower than the national average of 4.1 percent during the same period.

The final property tax roll for Hernando County increased approximately \$1.30 million or 7.26 percent, bringing the tax roll to \$19.24 billion for the 2024-2025 fiscal year.

While the District is heavily reliant upon State funding for the core of the educational programs within the District, and while the economic conditions of the nation and State interact with State funding adequacy and availability, the economic outlook for the District is consistent with the national situation. The State of Florida is heavily dependent upon sales tax collections and tourism. Any funding fluctuations will mean new programs, innovative initiatives, and educational enhancements may not be available within the desired periods, but the positive improvements will continue to occur. In addition, the Board, Superintendent, and staff are acutely aware of the perils of interrupted revenue receipts. Prudent business practices, accompanied by statutes mandating balanced budgets, result in a continual review of the financial condition of the District.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The District remains Hernando County's largest employer, employing 3,127 full-time employees, including 1,505 instructional personnel.

### **Long-Term Financial Planning**

The District has a policy to operate in accordance with the State of Florida and has developed a long-range strategic plan. The Strategic Plan is built upon a foundation of five key pillars which include, student achievement, people, facility operations, communication and community engagement, and fiscal responsibility and organizational effectiveness. The plan sets forth goals and objectives in all areas of the District and outlines steps to be taken for their achievement. The Board reviews the plan annually with periodic progress reports made by staff.

### **Relevant Financial Policies**

The District follows procedures established by Board Policy, Florida Statutes, and the State Board of Education rules in establishing and adopting annual budgets for each of the governmental fund types.

Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. Appropriations are controlled at the object level (e.g., salaries, benefits and purchased services) within each function activity (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.

## ACADEMIC ACCOMPLISHMENTS

The District is committed to provide learning opportunities for all students to achieve individual success in life. Pillar one of the Strategic Plan includes expanding educational career and technical programs along with advanced academic options, students can be architects of their learning goals.

We currently offer the International Baccalaureate (IB) Program at Springstead High School. The esteemed Cambridge Assessment International Education and AICE Diploma program is offered at Central High School. We continue to expand our career and technical programs and students can take honors. Advanced Placement and Dual Enrollment classes are at the middle and high school levels. We also offer the nationally recognized college readiness program, AVID at Weeki Wachee High School. Our Controlled Educational Choice program allows parents to choose a school other than the one for which they are zoned through our open choice program.

Student achievement is measure by the District's graduation and drop-out rates. Graduation Rates are released by the State in late fall each year. According to the annual report of graduation rates, the 2025 graduation rate for Hernando School District is 88.1%, a decrease of 0.9 percentage points over last year's rate and increase of 2.40 percentage points about the state's average.

More than 49 percent of Hernando County School District teachers have earned master's degrees or higher. Additionally, the District has 31 teachers who have successfully completed the rigorous and time-intensive program of the National Board of Professional Teaching Standards. To achieve the highly esteemed National Certification, teachers are required to provide a portfolio of information regarding teaching styles, examples of work performed by students, and successfully pass an examination.

## Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District School Board of Hernando County for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2025. This was the twenty-second consecutive year that the District has received this prestigious award. In order to be awarded a Certificate of Achievement, the District must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation and completion of this Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation and completion of this report.

In closing, we would like to thank the members of the School Board for their leadership and support in planning and conducting the financial operations of the District. We also thank the citizens of Hernando County, whose cooperation, support, and assistance have contributed to the operation of this innovative school system.

Respectfully submitted,

Ray Pinder

## INDEPENDENT AUDITOR'S REPORT

Hernando County District School Board and  
Superintendent of Schools  
Brooksville, Florida

### Report on the Audit of the Financial Statements

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Hernando County District School Board (the District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the three charter schools, which represent 52.19%, 28.40%, and 61.00%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units as of June 30, 2025, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the three charter schools, are based solely on the report of the other auditors.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## INDEPENDENT AUDITOR'S REPORT

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

Hernando County District School Board and  
Superintendent of Schools  
Brooksville, Florida

## INDEPENDENT AUDITOR'S REPORT

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, required pension and other postemployment benefits related schedules, and major fund budgetary comparison schedules, as listed in the table of contents, be presented to supplement the basic financial statements.

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual non-major fund financial statements, combining non-major component units, other budgetary comparison schedules, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

Hernando County District School Board and  
Superintendent of Schools  
Brooksville, Florida

## INDEPENDENT AUDITOR'S REPORT

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended June 30, 2025**

The management of the Hernando County District School Board (the District) has prepared the following discussion and analysis to provide an overview of the District's financial activities for the fiscal year ended June 30, 2025. The information contained in the Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions, and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for the 2024-2025 fiscal year are as follows:

- Total Net Position is \$404,868,273 which represents an 9.38 percent increase from the 2023-2024 fiscal year.
- General revenues totaled \$325,168,295 or 94.3 percent, of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital gains and contributions total \$19,756,086 or 5.7 percent, of all revenues.
- Expenses total \$310,673,736 only \$19,756,086 of these expenses were offset by program revenues, with the remainder paid from general revenues.
- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$404,868,273.
- The total combined assigned and unassigned fund balance of the General Fund representing the net fund balance that is spendable and not restricted, totals \$23,357,022, or 9.9 percent, of total General Fund revenues.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the primary government presented on the accrual basis of accounting. The statement of net position provides information about the government's financial position, its assets, its liabilities, and its deferred outflows of resources using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health.

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended June 30, 2025**

The statement of activities presents information about the change in the District's net position, and the results of operations during the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The government activities of the District include such functions as instruction, pupil personnel services, administration, student transportation, maintenance, and other items.

The government-wide financial statements include not only the District itself (known as the primary government), but also Brooksville Engineering, Science & Technology, Inc., Gulf Coast Elementary School, Inc., and Gulf Coast Academy of Science and Technology, Inc., all Charter Schools, and Hernando County Education Direct Support Organization, Inc. (Foundation), all of which the District is required to report as component units. Financial information for the component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 15-16 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be classified under two categories: governmental funds and fiduciary funds.

- **Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term* inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's *near-term* financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's *near-term* financial decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 12 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Revenue – Other Federal Program, Special Revenue – Federal Education Stabilization Fund, Capital Projects – Local Capital Improvement Fund, and Capital Projects – Other Capital Projects Fund, all of which are considered to be major funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended June 30, 2025**

Data from the other seven governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its governmental funds. A budgetary comparison schedule has been provided for all the major funds to demonstrate compliance with this budget.

The basic governmental fund financial statements and the major budgetary comparison schedules presented as required supplementary information can be found on pages 18-23 and 57-66.

**Notes to Financial Statements.** The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on pages 24-55 of this report.

**Required Supplementary Information.** In addition to this management's discussion and analysis, this report also presents certain required supplementary information concerning the District's progress in funding its obligations to provide postemployment benefits other than pensions to its employees. The schedule of funding progress, other postemployment benefits plan, and required supplementary information can be found on pages 56-71 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary Information. Combining and individual fund statements and other schedules can be found on pages 72-86 of this report.

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended June 30, 2025**

The largest portion of the District's net position reflects its investment in capital assets (e.g., land; buildings and fixed equipment; furniture, fixtures and equipment net of depreciation), less any related debt still outstanding net of unspent debt proceeds. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The key elements of the changes in the District's net position for the fiscal years ended June 30, 2025 and June 30, 2024, are as follows:

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended June 30, 2025**

The total governmental net position increased by \$34,250,645 during the current year, as compared to a net increase of \$27,902,222 in the previous year. Total revenues decreased by \$6,323,297 compared to the prior year. The decrease in revenue was mainly due to decrease in grants and contributions not restricted to specific programs totaled \$16,388,110. District expenses decreased by \$12,671,720. Direct instructional expenses, including school administration, decreased \$6,157,196. Expenses for interest and unallocated depreciation decreased by \$1,385,889.

**FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS**

**Major Governmental Funds.** The focus of the District's governmental funds is to provide information on *near-term* inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$163,752,670, an increase of \$3,659,768 in comparison with the prior year. The following schedule indicates the fund balances and changes in fund balances by major fund and other governmental (non-major) funds as reported in the basic financial statements for the fiscal years ended June 30, 2025 and June 30, 2024.

Fund Balance	June 30, 2025	June 30, 2024	Increase (Decrease)	Percentage Change
Major Governmental Funds:				
General Fund	\$ 35,177,806	\$ 48,032,822	\$ (12,855,016)	-26.76%
Other Federal Programs				
Capital Projects Funds:				
Local Capital Improvement Fund	44,117,140	29,391,987	14,725,153	50.10%
Public Education Capital Outlay	0	2,965,421	(2,965,421)	-100.00%
Other Capital Projects	56,836,916	52,736,166	4,100,750	7.78%
Other Governmental Funds (nonmajor)	27,620,808	26,966,506	654,302	2.43%
Total Fund Balance	<u>\$ 163,752,670</u>	<u>\$ 160,092,902</u>	<u>\$ 3,659,768</u>	<u>2.29%</u>

**General Fund.** The General Fund is the primary operating fund of the District. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$13,453,936 while total fund balance was \$35,177,806. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total revenues. Unassigned fund balance represents 6 percent of General Fund revenues, while total assigned and unassigned fund balance represents 9.9 percent of that same amount.

During the current fiscal year, the total fund balance of the General Fund decreased by 12,855,016. The Districts' property revenues increase 7% due to higher property values.

**Capital Projects – Local Capital Improvements Fund.** The fund balance of the Capital Projects – Non-Voted Capital Improvements Fund increased by \$14,725,153 to \$44,117,140. This increase was primarily due to a decrease in transfers out for the payment of maintenance and site improvements.

**DISTRICT SCHOOL BOARD OF HERNANDO COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the Fiscal Year Ended June 30, 2025**

**Capital Projects – Other Fund.** The fund balance of the Capital Projects – Other Fund increased by \$4,100,750 to \$56,836,916. This fund is restricted for educational capital outlay needs, including new construction, renovations and remodeling projects, and debt service payments.

The following schedule shows the changes in General Fund revenues and transfers in for fiscal years ended June 30, 2025 and June 30, 2024:

Additional information on the District's long-term debt can be found in Notes 4 through 8 of this report.

**ECONOMIC FACTORS AND FORECAST**

As of June 2025, the unemployment rate for Hernando County is currently 4.7 percent, which is an increase from the rate of 3.7 percent a year ago. This compares to the State's average unemployment rate of 3.8 percent. These factors were considered in preparing the District budget for the 2024-2025 fiscal year.

During the current fiscal year, the fund balance in the General Fund decreased by \$12,855,016 to \$35,177,806. Included in this total, the District has inventories and prepaid of \$1,376,280 that are classified as non-spendable, \$10,200,005 in State categorical funds reported as restricted, and \$244,499 in Workforce Development. Assigned fund balance includes \$23,357,022, and \$2,435,045 for health insurance rebates and profit sharing, which will be held in fund balance until appropriated. It is anticipated that this use of unassigned fund balance will be replenished at year-end through unspent appropriations and operating fund property tax revenues in excess of the budget. It is anticipated that the fund balance at June 30, 2025, will be in excess of 6 percent of General Fund revenues.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF  
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025**

<b>Net Change in Fund Balances - Governmental Funds</b>	\$	3,187,661
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of depreciation expense in excess of capital outlays in the current period:		
Capital Outlay - Facilities and Construction - Governmental Funds	33,319,221	
Capital Outlay - Other Capital Outlay - Governmental Funds	7,149,112	
(Less Depreciation Expense)	(19,662,086)	20,806,247
Long-term debt proceeds provide current financial resources to the governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which repayments exceeded proceeds in the current period:		
Debt Repayments		6,967,881
Premiums are reported in the governmental funds in the year debt is issued, but are capitalized and amortized over the life of the debt in the statement of activities.		
Unamortized Premium:		
Prior Year	7,261,210	
(Less Current Year)	(6,652,261)	608,949
Bond Insurance for the 2016 COPS Refunding Debt Amortization:		
Prior Year	(296,020)	
(Less Current Year)	271,351	(24,669)
Gain on Refunding of the 2005 COPS - Amortization:		
Prior Year	464,246	
(Less Current Year)	(425,558)	38,688
The net decrease in net pension liability and deferred outflows and inflows is reported in the statement of activities but not in the fund statements.		
		239,646
Capital credits to be received in future years are accrued in the government-wide statements, but the credits do not provide current financial resources and are not recognized in the governmental funds:		
Current Year Accruals	5,674,196	
(Less Prior Year Accruals)	(5,501,966)	
Net Increase in Capital Credits Receivable		172,230
In the statement of activities, the cost of compensated absences is measured by the amounts earned during the year, while in the governmental funds expenditures are recognized based on the amounts actually paid for compensated absences. This is the net amount of compensated absences used in excess of the amount earned in the current period.		
		(554,264)
Other postemployment benefits costs are recorded in the governmental funds under the pay-as-you-go method, but under the full accrual method in the government-wide statements. This is the net increase in the other postemployment benefits liability, deferred inflows and outflows for the current period.

**Note 1 - Summary of Significant Accounting Policies**

**Reporting Entity**

The Hernando County District School Board (the Board) has direct responsibility for operation, control, and supervision of Hernando County School District (the District) schools and is considered a primary government for financial reporting. The District is considered part of the Florida system of public education. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Hernando County.

Criteria for determining if other entities are potential component units, which should be reported within the District's basic financial statements, are identified, and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any entities for which the District is financially accountable and other organizations for which the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading.

Based on the application of these criteria, the following component units are included within the District's reporting entity:

■ **Blended Component Unit**

The Hernando School Board Leasing Corporation (Leasing Corporation) was formed in July 2011 to facilitate financing for the acquisition of facilities and equipment as further discussed in Note 4. The governing board of the Leasing Corporation is the District's Board. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are included in the accompanying basic financial statements. Separate financial statements of the Leasing Corporation are not published.

■ **Discretely Presented Component Units**

The component unit columns in the government-wide financial statements include the financial data of The Hernando County Education Direct Support Organization, Inc., (the Foundation), and the following charter schools: Brooksville Engineering, Science & Technology, Inc., Gulf Coast Academy of Science and Technology, Inc., and Gulf Coast Elementary School, Inc.

The Foundation is a separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to receive, hold, invest, and administer property and to make expenditures to or for the benefit of the District. The Foundation is considered to be a component unit of the District because of the nature and significance of its relationship. The charter schools are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the *Florida Not for Profit Corporation Act*, and Section 1002.33, Florida Statutes.

The charter schools operate under a charter of the sponsoring District. The charter schools are considered to be component units of the District because the District is financially accountable for the charter schools as the District established the charter schools by approval Of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District.

Annual audits of the Foundation's and the charter schools' financial statements are conducted by independent certified public accountants and are filed in the District's administrative office at 919 North Broad Street, Brooksville, Florida 34601.

### **Basis of Presentation**

#### ■ **Government-Wide Financial Statements**

Government-wide financial statements, including the statement of net position and the statement of activities, present information about the District as a whole. These statements include the non-fiduciary financial activity of the primary government and its component units.

Government-wide financial statements are prepared using the economic resources measurement focus. The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation expense associated with the District's motor vehicles is allocated to the applicable functions, while remaining depreciation expense is not readily associated with a particular function and is reported as unallocated.

Program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

The effects of inter-fund activity have been eliminated from the government-wide financial statements.

#### ■ **Fund Financial Statements**

Fund financial statements provide detailed information about the District in the governmental and fiduciary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is reported in a separate column. Non-major funds are aggregated and reported in a single column. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliation is presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

**General Fund** – to account for all financial resources not required to be accounted for in another fund, and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

**Special Revenue – Other Federal Programs** – to account for certain Federal grant program revenue sources that are legally restricted for specified purposes. This special revenue fund tracks federal grants that are received by the District from various federal and state agencies.

**Special Revenue – Federal Education Stabilization Fund** – to account for *Federal Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) funding provided as emergency relief to address the impact of COVID-19 on elementary and secondary schools.

**Capital Projects – Local Capital Improvement Fund** – to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payment on certificates of participation.

**Capital Projects – Other Capital Projects Fund** – to account for the financial resources generated by the local voted sales tax and the impact fees levied by the Hernando County Board of County Commissioners. The sales tax is to be used for new school construction. The impact fees may be used for educational capital outlay needs, including new construction, renovation and remodeling projects, and debt service payments.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding at fiscal year-end are reported as due from/to other funds. Inter-fund services provided and used are not eliminated in the process of consolidation. Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in and out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements to report only the net amount of transfers.

### **Basis of Accounting**

Basis of accounting refers to when revenues and expenditures, or expenses, are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are prepared using the economic resources measurement focus and accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recognized when earned, and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are prepared using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

The District considers property taxes, sales taxes, and interest to be available if they are collected within 30 days of the end of the current fiscal year. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for federal, state, and other grant resources, revenue is recognized at the time the expenditure is made.

Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, pensions, and other postemployment benefits, and compensated absences, which

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

are recognized when due. Allocations of cost, such as depreciation, are not recognized in governmental funds.

Revenues can be classified into two kinds of transactions: (a) exchange and exchange-like transactions, in which each party receives and gives up essentially equal value, and (b) non-exchange transactions, in which a government gives (or receives) value without directly receiving (or giving) equal value in exchange. Revenue resulting from exchange transactions is recorded on the accrual basis when the exchange takes place.

Revenues resulting from non-exchange transactions are further classified into: (a) derived tax revenues, (b) imposed non-exchange revenues, (c) government-mandated non-exchange transactions, and (d) voluntary non-exchange transactions. Derived tax revenues (e.g., sales tax) are recorded when the exchange transaction occurs. Imposed non-exchange transactions (e.g., property taxes) are recorded when use of the resource is required or first permitted by time requirements (e.g., for property taxes, the period for which they are levied). Government-mandated and voluntary non-exchange transactions, (e.g., Federal mandates, grants, and donations) are recorded when all eligibility requirements have been met. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

The three charter schools and the Foundation, shown as discretely presented component units, are accounted for as governmental organizations, and follow the same accounting model as the District's governmental activities.

### **Cash and Cash Equivalents**

The District's cash and cash equivalents are considered to be demand deposits. On June 30, 2025, the carrying amount of the District's bank deposit accounts was \$44,615,010.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes.

### **Investments**

The District holds assets that are defined as investments. The District's investments are recorded at fair value unless the investment qualifies as an external investment pool under the guidance in GASB Statement No. 79.

#### **■ Fair Value Measurement**

The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels:

**Level 1 Inputs**—are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

**Level 2 Inputs**—are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

**Level 3 Inputs**—are unobservable inputs for an asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

minimizes the use of unobservable inputs.

Investments consist of amounts placed in the State Board of Administration (SBA) Debt Service accounts for investment of debt service moneys and amounts placed with the SBA for participation in Florida PRIME (formerly known as the Local Government Surplus Funds Trust Fund Investment Pool) investment pool created by Section 218.405, Florida Statutes, and those made locally. The investment pool operates under investment guidelines established by Section 215.47, Florida Statutes. Under the fair value hierarchy, SBA Debt Service moneys are considered to be Level 1.

The District's investments in Florida PRIME and the Florida PALM (formerly the Florida Education Investment Trust Fund (FEIT)) are external investment pools and are similar to money market funds in which shares are owned in the fund rather than the underlying investments. In accordance with GASB Statement No. 79, these investments are reported at amortized costs.

None of the external investment pools have limitations or restrictions on participant withdrawals, including items such as redemption notices, maximum transaction amounts, and the pool's authority to impose liquidity fees or redemption gates.

**Inventories**

Inventories consist of expendable supplies held for consumption in the course of District operations. Inventories are stated at average cost, except for transportation and food service inventories which are stated at last invoice, which approximates the first-in, first-out basis. The United States Department of Agriculture donate foods are stated at their fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Services, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than purchased.

**Capital Assets**

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets acquired are reported at cost in the government-wide statement of net position but are not reported in the governmental funds financial statements. Capital assets are defined by the District as those costing more than \$1,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement should be recorded at acquisition value.

Capital assets are depreciated using the composite method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Useful Lives</u>
Buildings and Fixed Equipment	50 years
Improvements Other than Buildings	25 years
Furniture, Fixtures, and Equipment	7 years
Motor Vehicles	10 years

Current-year information relative to changes in capital assets is described in a subsequent note.

### **Pensions**

In the government-wide statement of net position, liabilities are recognized for the District's proportionate share of each pension plan's net pension liability. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Florida Retirement System (FRS) defined benefit plan and the Health Insurance Subsidy (HIS) defined benefit plan and additions to/deductions from the FRS's and the HIS's fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in a subsequent note.

### **Long-Term Liabilities**

Long-term obligations that will be paid from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds and certificates of participation payable are reported net of the applicable premium or discount. As a result of the implementation of GASB Statement No. 65, debt issuance costs (except for Bond Insurance) are no longer treated as deferred charges.

Governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued, and premiums on debt issuances, are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

In the government-wide financial statements, compensated absences (i.e., paid absences for employee vacation leave and sick leave) are accrued as liabilities to the extent that it is probable that the benefits will result in termination payments. A liability for these amounts is reported in the governmental funds financial statements only if it has matured, for example, unused reimbursable leave still outstanding following employee resignations and retirements.

Changes in long-term liabilities for the current year are reported in a subsequent note.

### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has the following items that qualify deferred outflows related to their pensions and Other Postemployment Benefits (OPEB). The deferred outflows of resources related to pensions and OPEB are discussed in subsequent notes.

In addition to liabilities, the statement of net position and the governmental funds balance sheet report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The District has financial items that qualify for reporting in this category related to unearned revenue, gain on refunding of bonds, OPEB, and pensions that are reported only in the government-wide statement of net position. In both the statement of net position and balance sheet a financial item related to unearned revenue is included. For purposes of measuring the net

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS defined benefit plan and the HIS defined benefit plan and additions to/deductions from the FRS and the HIS fiduciary net position have been determined on the same basis as they are reported by the FRS and the HIS plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. Other items are unearned revenue from Hernando County impact fees and the State of Florida for Capital Outlay and Debt Service. The gain on refunding is related to premium on debt refunded in a prior period. This amount is recognized as a reduction of interest expense over the life of the new debt.

**State Revenue Sources**

Revenues from State sources for current operations are primarily from the Florida Education Finance Program (FEFP) administered by the Florida Department of Education (the Department) under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the Department. The Department performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of nine months following the date of the original reporting. Such amendments may impact funding allocations for subsequent years.

The Department may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the year when the adjustments are made.

The State provides financial assistance to administer certain categorical educational programs. State Board of Education rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided, and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same categorical educational programs. The Department generally requires that categorical educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental funds financial statements for the balance of categorical educational program resources.

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the Department.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

**District Property Taxes**

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District.

Property values are determined by the Hernando County Property Appraiser, and property taxes are collected by the Hernando County Tax Collector.

The Board adopted the 2025 tax levy on September 9, 2025. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental funds financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Hernando County Tax Collector at fiscal year-end but not remitted to the District. Millages and taxes levied for the current year are presented in a subsequent note.

### **Local Sales Tax**

On September 8, 2015, the voters of Hernando County approved a one-half cent sales tax for ten years, commencing on January 1, 2016, to finance capital improvements to school facilities and related costs in accordance with Section 212.055(6), Florida Statutes.

### **Educational Impact Fees**

The District receives residual educational impact fees based on an ordinance adopted by the Hernando County Commission (the County) on October 28, 1986. The fees are collected by the County and each municipality within the County for most new residential construction based on an inter-local agreement. The fees shall be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development, and shall not be used for any expenditure that would be classified as a maintenance or repair expense. The authorized uses include land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest, and related costs of indebtedness necessitated by new residential development. Because the educational impact fee is similar to a capital-type special assessment, it is reported as program revenue in the government-wide financial statements.

### **Federal Revenue Sources**

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

## **Note 2 - Investments**

### **Cash and Cash Equivalents and Investment Portfolio**

On February 15, 2000, the District formally adopted a comprehensive investment policy, as revised on June 13, 2017, pursuant to Section 218.415, Florida Statutes that established permitted investments, asset allocation and issuer limits, credit rating requirements, and maturity limits to protect the District's cash and investment assets. The District maintains a common cash and investment pool for the use of all funds. In addition, cash and investments are separately held by the District's special revenue, debt service, and capital projects funds.

### **Investment Portfolio**

Investment holdings, totaling \$119,838,463 (Statement of Net Position) consist of amounts placed in a Local Government Surplus Funds Trust Fund, Registered Investment Companies (Money Market Mutual Funds), and Intergovernmental Investment Pool.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

Section 218.415, Florida Statutes, limits the types of investments that the District can invest in unless specifically authorized in the District’s investment policy. The District’s formal investment policy allows for the following investments: United States Government Securities, United States Government Agencies, Federal Instrumentalities, Non-Negotiable Interest Bearing Time Certificates of Deposit, Commercial Paper, Bankers Acceptances, Corporate Notes, State and/or Local Government Taxable and/or Tax-Exempt Debt, Registered Investment Companies (Money Market Mutual Funds), Local Government Surplus Funds Trust Fund (Florida PRIME), and Intergovernmental Investment Pools.

As of June 30, 2025, the District has the following investments and maturities:

<u>Investments</u>	<u>Value</u>	<u>Weighted Average Duration</u>
External Investment Pools:		
State Board of Administration:		
Florida PRIME	\$ 66,009,899	47 days
Debt Service Accounts	11,077	0 months
Florida Palm	<u>53,817,487</u>	44 days
<b>Total</b>	<u>\$ 119,838,463</u>	.125 days

The Florida PRIME (the SBA) June 30, 2025, report was the source for the weighted average maturity and credit rating for Florida PRIME. <https://prime.sbafla.com/>.

The Fund Fact Sheet as of June 30, 2025, was the source for the Florida PALM (formerly Florida Education Investment Trust Fund (FEIT)) credit rating and weighted average maturity. <https://www.fl-palm.com/>.

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. The District’s investment policy limits interest rate risk by attempting to match investment maturities with known cash needs and anticipated cash flow requirements. Investments of current operating funds shall have maturities of no longer than 24 months. Investments of bond reserves, construction funds, and other non-operating funds (core funds) shall have a term appropriate to the need for funds and in accordance with debt covenants. The maturities of investments of core funds shall not exceed 5.5 years. Florida Palm (formerly the Florida Investment Trust Fund (FEIT)) and Florida PRIME use a weighted-average days to maturity (WAM).

The District also uses WAM as a measurement of interest rate risk and as of June 30, 2025, the investment portfolio had a weighted average duration of 0.125 years. A portfolio’s WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

**Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District’s investment policy permits for investments which are limited to credit quality ratings from nationally recognized rating agencies as follows:

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

Commercial paper of any United States company that is rated, at the time of purchase, “Prime-1” by Moody’s and “A-1” by Standard & Poor’s (prime commercial paper). In addition, corporate obligations allowed are corporate obligations issued by financial institutions that participate in the Federal Deposit Insurance Corporation’s (FDIC) Temporary Liquidity Guarantee Program and are fully insured by the FDIC and are guaranteed by the full faith and credit of the United States Government.

Bankers’ acceptances which are issued by a domestic bank which has at the time of purchase, an unsecured, uninsured, and unguaranteed obligation rating of at least “Prime-1” by Moody’s or “A-1” by Standard & Poor’s.

Corporate notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum single “Aa” by Moody’s and a minimum long-term debt rating of “AA” by Standard & Poor’s. In addition, corporate obligations allowed are corporate obligations issued by financial institutions that participate in the FDIC’s Temporary Liquidity Guarantee Program and are fully insured by the FDIC and are guaranteed by the full faith and credit of the United States Government.

State and/or local government taxable and/or tax-exempt debt, general obligation and/or revenue bonds, rated at least “Aa” by Moody’s or “AA” by Standard & Poor’s for long-term debt, or rated at least “MIG-2” by Moody’s or “SP-2” by Standard & Poor’s for short-term debt.

Registered Investment Companies (Money Market Mutual Funds) shall be rated “AAAm” by Standard & Poor’s or the equivalent by another national rating agency.

Investment pools shall be rated “AAAm” by Standard & Poor’s or the equivalent by another rating agency.

As of June 30, 2025, \$119,841,149 of the District’s investment securities were individually rated “AAAm” by Standard & Poor’s, and Moody’s Investors Services.

The District’s bank balance of \$44,615,010 was deposited in a qualified public depository, as required by Chapter 280, Florida Statutes.

As of June 30, 2025, the District had the following credit quality:

<u>Investments</u>	<u>Credit Rating</u>	<u>Professional Asset Allocation</u>
State Board of Administration:		
Florida PRIME	AAAm	55.08%
Florida PRIME - Debt Service Accounts	N/A	0.01%
External Investment Pool:

**Custodial Credit Risk**

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The District’s investment policy pursuant

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

to Section 218.415(18), Florida Statutes, requires securities, with the exception of certificates of deposits, shall be held with a third-party custodian; and all securities purchased by, and all collateral obtained by the District should be properly designated as an asset of the District. The securities must be held in an account separate and apart from the assets of the financial institution. A third-party custodian is defined as any bank depository chartered by the Federal Government, the State of Florida, or any other state or territory of the United States which has a branch or principal place of business in the State of Florida, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and is doing business in the State of Florida. Certificates of Deposit will be placed in the provider's safekeeping department for the term of the deposit.

As of June 30, 2025, the District's investment portfolio was held with a third-party custodian as required by the District's investment policy.

**Concentration of Credit Risk**

The District's investment policy has established asset allocation and issuer limits on the following investments which are designed to reduce concentration of credit risk of the District's investment portfolio.

A maximum of 100% of available funds may be invested in the United States Government Securities, 50% of available funds may be invested in United States Government agencies with a 25% limit on individual issuers, 75% of available funds may be invested in Federal Instrumentalities with a 25% limit on individual issuers, 75% of available funds may be invested in non-negotiable interest bearing time certificates of deposit with a 25% limit on individual issuers, 30% of available funds may be invested in negotiable certificates of deposit (CDs) with a 10% limit on individual issuers, 50% of available funds may be invested in repurchase agreements with a 25% limit on individual issuers, 25% of available funds may be invested in commercial paper with a 10% limit on individual issuers, 25% of available funds may be invested in banker acceptances with a 10% limit on individual issuers, 25% of available funds may be invested in corporate notes with a 5% limit on individual issuers, 25% of available funds may be invested in State and/or Local Government Taxable and/or Tax-Exempt Debt with a 10% limit on individual issuers, 50% of available funds may be invested in Registered Investment Companies (Money Market Mutual Funds) with a 40% limit of individual issuers, 50% of available funds may be invested in Intergovernmental Investment Pools, and 50% of available funds may be invested in Florida PRIME.

As of June 30, 2025, the District had the following issuer concentration based on fair value:

<u>Investments</u>	<u>Value</u>	<u>Portfolio Asset Allocation</u>
External Investment Pool:		
State Board of Administration:		
Florida PRIME	\$ 66,009,899	55.08%
Florida PRIME - Debt Service Accounts	11,077	0.01%
Florida Palm	<u>53,817,487</u>	<u>44.91%</u>
<b>Total</b>	<u>\$ 119,838,463</u>	<u>100.00%</u>

**Foreign Currency Risk**

The District's investment policy does not allow for investments in foreign currency; therefore, the District has no exposure to foreign currency risk.

**Note 4 - Certificates of Participation**

The District entered into various financing arrangements each of which was characterized as a financed-purchase agreement, with the Florida School Boards Association, Inc., whereby the District secured financing of various educational facilities in the total amount of \$106,670,000 for the Certificates of Participation, Series 2005; and \$90,645,000 for the Certificates of Participation, Series 2016A. The Certificates of Participation, Series 2016A were used to advance refund the outstanding Certificates of Participation, Series 2005A. The financings were accomplished through the issuance of Certificates of Participation to be repaid from the proceeds of the District.

On August 10, 2011, the Florida School Boards Association, Inc., irrevocably assigned to the Leasing Corporation all of its rights, title, and interest under the Master Trust Agreement and the Ground Lease Agreements, no amounts are paid between the blended entities.

As a condition of the financing arrangement, the District has provided the agreement for District property to the Leasing Corporation, with terms ranging from 20 to 30 years.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 JUNE 30, 2025

The properties covered by the agreement are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the agreements and to provide the rent payments through to term, the District may be required to surrender the sites included under the agreements for the benefit of the securers of the certificates for a period of time specified by the arrangement, which may be up to 35 years from the date of inception of the arrangements.

The District properties included in the arrangement include land on which the projects have been constructed. The projects related to the agreement are as follows:

**Series 2016A Certificates**

- Explorer K-8 School
- Winding Waters K-8 School
- Grade Specific Additions to Pine Grove Elementary School, West Hernando Middle School, and Central High School
- Improvements and Additions to Hernando High School
- Improvements and Additions to Springstead High School
- Improvements and Additions to Spring Hill Elementary School

The payments for the 2016A Series are payable by the District, semiannually, on July 1 and January 1, at interest rates ranging from 3% to 5%. The payment of principal and interest on the bonds underlying the agreements are due on July 1 and January 1 of each year. The July 1 payment is typically made on or around June 15 and is considered to be reduction of bond principal as of June 30.

The following is a schedule by years of future minimum payments under the agreement together with the present value of minimum payments as of June 30:

### State School Bonds

These bonds are issued by the State Board of Education (SBE) on behalf of the District. The bonds mature serially and are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax.

The State's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

### District Revenue Bonds

#### ■ Refunding and Capital Improvement Revenue Bonds, Series 2001

These bonds were issued in June 2001 to refund the Refunding and Improvement Revenue Bonds, Series 1992, and to finance the costs of various capital improvements within the District. These bonds were authorized by Chapter 79-471, Laws of Florida, which provides that the bonds be secured from racetrack funds and jai alai fronton funds accruing annually to the District from the State's Pari-Mutuel Tax Collection Trust Fund pursuant to Chapter 550, Florida Statutes (effective July 1, 2000, tax proceeds are distributed pursuant to Section 212.20(6) (d) 7.a., Florida Statutes (2001), now Section 212.20(6) (d) 6.a., Florida Statutes (2014). The annual distribution is remitted by the Florida Department of Financial Services to the District.

The District has pledged as sole security for the bonds, the entire annual pari-mutuel tax proceeds of \$209,750, which is remitted by the Florida Department of Financial Services to the District. The pledged revenue is committed until final maturity of the debt, or December 1, 2031. Approximately 98% of this revenue stream has been pledged in connection with the debt service on the revenue bonds. As required by the bond resolution, the District has established the sinking fund and reserve account and has accumulated and maintained adequate resources in the sinking fund and reserve account.

The Series 2020 bonds, totaling \$3.3 million, were issued to provide funds, together with other available funds of the Board, sufficient to refund the District's outstanding Refunding Revenue Bonds, Series 1990, and finance the costs of acquisition, construction, and installation of, and renovation to, certain capital improvements and educational facilities within the District, and pay costs associated with the issuance of the bonds. The Series 2001 bonds were refunded with the 2020 issuance with a present value savings of \$288,508.

**Note 9 - Fund Balance Reporting**

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Statement No. 54), provides a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the District’s financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

GASB Statement No. 54 provides two major types of fund balances, which are non-spendable and spendable. Non-spendable fund balances are balances that cannot be spent because they are not expected to be converted to cash, or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The District has inventory items that are considered non-spendable. The District has no non-spendable funds related to endowments.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

Spendable fund balances are classified based on a hierarchy of spending constraints. The District has classified the spendable fund balances as Restricted, Committed, Assigned, and Unassigned and considers each to have been spent when expenditures are incurred. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned, and unassigned resources are available for use in governmental fund financial statements, it is the District's policy to use committed resources first, followed by assigned resources, and then unassigned resources as they are needed.

**Restricted**—The portion of fund balance on which constraints have been placed by creditors, grantors, contributors, laws or regulations or other governments, constitutional provisions, or enabling legislation. Restricted fund balance places the most binding level of constraints on the use of fund balance. The District classifies most of its fund balances other than General Fund as restricted, as well as, unspent State categorical and earmarked education funding that are legally or otherwise restricted. State Categorical funds represent amounts provided the State of Florida to qualifying schools or districts for specific children with special needs, certain programs, or special purposes such as transportation. Unspent State Categorical funds are restricted until utilized for those express purposes. The District's restricted fund balance total is \$138,780,204, which represents \$10,200,005 in State Categorical programs, \$244,499 for workforce development programs, \$11,536,305 for food services, \$7,874,506 for debt service, \$106,229,615 for capital projects, and \$2,695,274 for Internal Accounts.

**Committed**—The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the highest level of decision-making authority (i.e., resolution that is approved by a majority vote of the Board at a public meeting). These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same action it employed to previously commit the amounts. At the end of the fiscal year, there were no commitments.

**Assigned**—The portion of fund balance that is intended to be used for specific purposes, but is neither restricted nor committed. Assigned amounts include those that have been set aside for a specific purpose by an authorized government body or official, but the constraint imposed does not satisfy the criteria to be classified as restricted or committed. At fiscal year-end, the assigned fund balance is \$9,903,086 which consists of \$7,468,041 assigned for District project carryforwards, and \$2,435,045 for health insurance rebates received to be used for premium increases.

**Unassigned**—The portion of fund balance that is the residual classification for the General Fund. This balance represents amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned for specific purposes. Fund balance of the General Fund that is not constrained for any particular purpose. The General Fund is the only fund that reports a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund. The unassigned fund balance for the General Fund is \$13,507,559.

**Note 13 - Retirement Plans**

**A. Florida Retirement System (FRS) – Defined Benefit Pension Plans**

**General Information about the FRS**

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS)

Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, *Florida Administrative Code*; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other non-integrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services website ([www.dms.myflorida.com](http://www.dms.myflorida.com)).

The District's FRS and HIS pension expense totaled \$22,386,819 for the fiscal year ended June 30, 2025.

### **FRS Pension Plan**

#### **■ Plan Description**

The FRS Pension Plan (the Plan) is a cost-sharing, multiple-employer defined benefit pension plan, with the DROP for eligible employees. The general classes of membership are as follows:

*Regular Class*—Members of the FRS who do not qualify for membership in the other classes.

*Elected County Officers Class*—Members who hold specified elective offices in local government.

*Senior Management Service Class (SMSC)*—Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

■ **Benefits Provided**

Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<i>Regular Class Members Initially Enrolled Before July 1, 2011</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class Members Initially Enrolled On or After July 1, 2011</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

■ **Contributions**

The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2024-2025 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (1)</u>
FRS, Regular	3.00	13.63
FRS, Elected County Officers	3.00	58.68
FRS, Senior Management Service	3.00	34.52
DROP – Applicable to Members from All of the Above Classes	0.00	21.13
FRS, Reemployed Retiree	(2)	(2)

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

**Notes:**

- (1) Employer rates include 1.66 percent for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the investment plan.
- (2) Contribution rates are dependent upon the retirement class in which reemployed.

The District's contributions to the Plan totaled \$15,604,964 for the fiscal year ended June 30, 2025.

■ **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2024, the District reported a liability of \$96,694,656 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of July 1, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The District's proportionate share of the net pension liability was based on the District's 2024-25 fiscal year contributions relative to the total 2024-25 fiscal year contributions of all participating members. At June 30, 2025, the District's proportionate share was 0.249955793 percent, which was a decrease of 0.005395044 percent from its proportionate share measured as of June 30, 2024.

For the fiscal year ended June 30, 2025, the District recognized the Plan pension expense of \$15,604,964. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 9,768,756	
Changes in Assumptions	13,252,887	-
Net Difference Between Projected and Actual Earnings on FRS Pension Plan Investments	-	6,426,830
Changes in Proportion and Differences Between District FRS Contributions and Proportionate Share of Contributions	3,379,913	3,640,187
District FRS Contributions Subsequent to the Measurement Date	14,684,390	
	<u>\$ 41,085,946</u>	<u>\$ 10,067,017</u>

The deferred outflows of resources related to pensions, totaling \$14,684,390 resulting from District contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Total</b>	<b>16,334,539</b>

**Actuarial Assumptions**

The total pension liability in the July 1, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60 percent
Salary Increases	3.25 percent, average, including inflation
Investment Rate of Return	6.70 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2024, valuation were based on the results of an actuarial experience study for the period July 1, 2018, through June 30, 2023.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation (1)</b>	<b>Annual Arithmetic Return</b>	<b>Compound Annual (Geometric) Return</b>	<b>Standard Deviation</b>
Cash	1.0%	3.3%	3.3%	1.2%

Private Equity	11.0%	11.2%	8.4%	25.8%
Strategic Investments	6.0%	5.9%	5.7%	6.7%
<b>Total</b>	<b>100.00%</b>			
Assumed inflation - Mean			2.6%	1.7%

Note: (1) As outlined in the Plan's investment policy.

■ **Discount Rate**

The discount rate used to measure the total pension liability was 6.70 percent. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

■ **Sensitivity of the District’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate**

The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 6.7 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (5.70 percent) or 1 percentage-point higher (7.70 percent) than the current rate:

	<b>1% Decrease</b> <b>5.70%</b>	<b>Current</b> <b>Discount Rate</b> <b>6.70%</b>	<b>1% Increase</b> <b>7.70%</b>
District’s Proportionate Share of the Net Pension Liability	\$ 170,082,514	\$ 96,694,656	\$ 35,216,759

■ **Pension Plan Fiduciary Net Position**

Detailed information about the Plan’s fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

**HIS Pension Plan**

■ **Plan Description**

The HIS Pension Plan (HIS Plan) is a cost-sharing, multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

■ **Benefits Provided**

For the fiscal year ended June 30, 2025, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Federal Medicare.

■ **Contributions**

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2025, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 3 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The District’s contributions to the HIS Plan totaled \$2,730,092 for the fiscal year ended June 30, 2025.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

■ **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources Related to Pensions**

At June 30, 2025, the District reported a net pension liability of \$53,179,238 for its proportionate share of the HIS Plan’s net pension liability. The current portion of the net pension liability is the District’s proportionate share of benefit payments expected to be paid within 1 year, net of the District’s proportionate share of the pension plan’s fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022, and update procedures were used to determine the net pension liability as of June 30, 2025. The District’s proportionate share of the net pension liability was based on the District’s 2024-2025 fiscal year contributions relative to the total 2023-24 fiscal year contributions of all participating members. At June 30, 2025, the District’s proportionate share was 0.354505170 percent, which was a decrease of 0.001965586596 percent from its proportionate share measured as of June 30, 2025.

For the fiscal year ended June 30, 2025, the District recognized the HIS pension expense of \$312,099 related to the HIS Plan. In addition, the District reported deferred outflows of resources relate and deferred inflows of resources relate to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 513,482	\$ 102,112
Changes in Assumptions	941,148	6,295,740
Net Difference Between Projected and Actual Earnings on HIS Pension Plan Investments	-	19,233
Changes in Proportion and Differences Between District HIS Contributions and Proportionate Share of Contributions	1,135,875	640,468
District HIS Contributions Subsequent to the Measurement Date	3,187,358	-
	<u>\$ 5,777,863</u>	<u>\$ 7,057,553</u>

The deferred outflows of resources totaling \$3,187,358 resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Amount</u>

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 JUNE 30, 2025

■ **Actuarial Assumptions**

The total pension liability in the July 1, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 percent
Salary Increases	3.50 percent, average, including inflation
Municipal Bond Rate	3.93 percent

Mortality rates were based on PUB-2010 base table projected generationally with Scale MP-2018.

While an experience study had not been completed for the Plan, the actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the FRS Plan.

■ **Discount Rate**

The discount rate used to measure the total pension liability was 3.93 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate changed from 3.54 percent to 3.93 percent.

■ **Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 3.93 percent, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93 percent) or 1-percentage-point higher (4.93 percent) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
	<u>2.93%</u>	<u>3.93%</u>	<u>4.93%</u>
District’s Proportionate Share of the Net Pension Liability	<u>\$ 60,537,728</u>	<u>\$ 53,179,238</u>	<u>\$ 47,070,503</u>

■ **Pension Plan Fiduciary Net Position**

Detailed information about the HIS Plan’s fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

**B. FRS – Defined Contribution Pension Plan**

The District contributes to the FRS Investment Plan (the Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA and is reported in the SBA’s annual financial statements and in the State of Florida Annual Comprehensive Financial Report.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 JUNE 30, 2025

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member’s accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member’s account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature.

The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member’s accounts during the 2024-2025 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	13.63
FRS, Elected County Officers	58.68
FRS, Senior Management Service	34.52

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2025, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The District’s Investment Plan pension expense totaled \$6,781,855 for the fiscal year ended June 30, 2025.

**Note 14 - OPEB Payable**

**Plan Description**

The Other Postemployment Benefits Plan (OPEB Plan) is a single employer defined benefit plan administered by the District. Pursuant to Section 112.0801, Florida Statutes, former employees

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
 NOTES TO FINANCIAL STATEMENTS  
 JUNE 30, 2025

who retire from the District and eligible dependents may continue to participate in the District's fully insured group health plan. Retirees and their eligible dependents shall be offered the same health plan as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. The District subsidizes the premium rates paid by retirees by allowing them to participate in the OPEB Plan at blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the OPEB Plan on average than those of active employees. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The OPEB Plan does not issue a stand-alone report and is not included in the report of a Public Employee Retirement System or another entity. OPEB Plan members receiving benefits contributed from \$628 to \$672 per month for retiree-only coverage and from \$1,202 to \$1,279 for retiree and spouse coverage, depending on the health plan selected.

Benefits Provided. The OPEB Plan provides healthcare insurance benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above.

Employees Covered by Benefit Terms. At June 30, 2025, the following employees were covered by the benefit terms:

Inactive Members or Beneficiaries Currently Receiving Benefits	51
Inactive Members Entitle to but Not Yet Receiving Benefits	0
Active Employees	3,008
<b>Total Membership</b>	<b>3,059</b>

Benefit provisions for the OPEB Plan are pursuant to provisions of Section 112.081, Florida Statutes, and are amended through negotiations between the District and the respective unions.

Total OPEB Liability. The District's total OPEB liability of \$12,913,965 was measured as of June 30, 2025, and was determined by an actuarial valuation as of June 30, 2024, and update procedures were used to determine the total OPEB liability as of June 30, 2025.

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.40 percent
Salary Increases	3.65 – 6.35 percent, average, including inflation
Discount Rate	3.93 percent
Healthcare Cost Trend Rates	
Pre-Medicare	6.75 percent for 2024, decreasing to an ultimate Rate of 4.40 percent for 2034.

- (1) There is one retiree who is not covered under Medicare and will be permitted to remain on medical insurance. As they are not covered under Medicare, their medical trend rates are the same as the Pre-Medical trend rates.

The discount rate was based on the Bond Buyer General Obligation 20-year Municipal Bond Index published the last week of June by The Bond Buyer. Mortality rates were based on the PUB-2010 mortality tables, with adjustments for FRS experience and generational mortality improvements using Scale MP-2021.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025

The demographic actuarial assumptions for mortality, retirement, disability incidence, and withdrawal used in the June 30, 2025, valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018, adopted by the FRS. The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2022, valuation were based on a review of recent plan experience done concurrently with the June 30, 2022, valuation.

Even though appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next fiscal year's appropriations are likewise encumbered. At June 30, 2025, encumbrances totaled \$0 within governmental funds.

**Note 16 - Membership in Non-Profit Corporation**

The District participated in a non-profit electric cooperative, the Withlacoochee River Electric Cooperative, Inc. (the Cooperative), established under the provisions of Chapter 425, Florida Statutes. In accordance with this Statute, revenues in excess of operating expenses, unless determined by a vote of the membership, are distributed by the Cooperative on a pro rata basis to its members. The policy of the Cooperative is to credit the excess revenues to members' accounts. Capital credits are distributed only after the Cooperative attains a certain margin of profit required by the Rural Electrification Administration. At June 30, 2025, the accumulated credits to the District's account are \$5,674,196. During the 2024-2025 fiscal year, the District received \$186,939 in capital credits.

**Note 17 - Risk Management Programs**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a participating district of the North East Florida Educational Consortium (the Consortium) under which several district school boards have established a combined limited self-insurance program for property protection, general liability, automobile liability, workers' compensation, money and securities, employee fidelity and faithful performance, boiler and machinery, and other coverage deemed necessary by the members and participants of the Consortium. Section 1001.42(12) (k), Florida Statutes, provides the authority for the District to enter into such a risk management program. The Consortium is self-sustaining through member and participant assessments (premiums), and purchases coverage through commercial companies for claims in excess of specified amounts. Reinsurance from commercial companies provided excess property coverage of up to \$50 million during the 2024-2025 fiscal year. The Board of Directors for the Consortium is composed of superintendents of all member districts. The Putnam County District School Board serves as fiscal agent for the Consortium. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. Health and hospitalization coverage is being provided through purchased commercial insurance with minimum deductibles for each line of coverage. Settled claims resulting from these risks have not exceeded commercial coverage in any of the past three fiscal years.

**Note 18 - Litigation and Contingencies**

The District is subject to potential litigation in the normal course of business. It is the opinion of management, after giving consideration to the District's related insurance coverage, as well as the Florida statutory limitations on governmental liability on uninsured risks, that the amount of losses resulting from litigation, which exceed the above-mentioned limits, would not be material to the financial position of the District.

Amounts received or receivable from grantors are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures, which may be disallowed by grantors, cannot be determined at this time. In the opinion of the management of the District, no material refunds will be required as a result of expenditures disallowed by grant.

DISTRICT SCHOOL BOARD OF HERNANDO COUNTY, FLORIDA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE FISCAL YEAR ENDED JUNE 30, 2025

1. BUDGET COMPLIANCE AND ACCOUNTABILITY

The Hernando County District School Board (the Board) follows procedures established by State law and State Board of Education (SBE) rules in establishing budget balances for governmental funds, as described below:

- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by State law and SBE rules.
- Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each activity (e.g., instruction, student transportation services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.
- Budgets are prepared using the same modified accrual basis as is used to account for governmental funds except that no budget appropriation is made for leases in the year of inception.
- Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued.  
Appropriations lapse at fiscal year end and encumbrances outstanding are honored from the subsequent year's appropriations.

# Nonmajor Governmental Funds

## Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to be expended for particular purposes.

**Food Service Fund** – To account for and report on activities of the food service program in serving breakfast and lunch at the schools. These activities are primarily funded through local charges and Federal awards.

**Miscellaneous Special Revenue Fund** – To account for and report activities related to School Internal Funds which are used administer moneys collected at the schools in connection with school, student athletic, class and club activities.

## Debt Service Funds

The Debt Service Funds are used to account for the payment of principal and interest of the current portion of long-term debt.

**SBE/COBI Bonds Fund** – To account for and report on payment of principal, interest, and related costs of the state school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the state-assessed motor vehicle license tax.

**Special Act Bonds Fund** – To account for and report on payment of principal, interest, and related costs on the Special Acts bonds. These bonds are authorized by Chapter 79-471, Laws of Florida, which provide that the bonds be secured from racetrack funds and jai alai fronton funds accruing annually to the District from the State's Pari-mutuel Tax Collection Trust Fund pursuant to Chapter 550, Florida Statutes (effective July 1, 2000, tax proceeds are distributed pursuant to Section 212.20(6) (d) 7a., Florida Statutes).

**Debt Service Fund – Other Fund** - To account for and report on payment of principal, interest and related costs on the District's Certificates of Participation issued in 2013A and 2016A.

## Capital Projects Funds

Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects.

**Public Education Capital Outlay (PECO) Fund** – To account for and report on funds received from the State for the construction and maintenance of schools.

**Capital Outlay and Debt Service Fund** – To account for and report on the dollars received through the State's Capital Outlay and Debt Service (CO & DS) program, used for construction and maintenance of schools.

## Nonmajor Component Units

Component units are legally separate organizations that the primary government must include as part of its financial reporting entity for fair presentation in conformity with generally accepted accounting principles.

**Brooksville Engineering, Science & Technology, Inc.** – A charter school which is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the *Florida Not-For-Profit Corporation Act*, and Section 1002.33, Florida Statutes. The Charter School operates under a charter of the sponsoring School District and is considered a component unit since it is fiscally dependent on the District to levy taxes for its support.

**Gulf Coast Elementary** – A charter school which is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the *Florida Not-For-Profit Corporation Act*, and Section 1002.33, Florida Statutes. The Charter School operates under a charter of the sponsoring School District and is considered a component unit since it is fiscally dependent on the District to levy taxes for its support.

**Gulf Coast Academy of Science and Technology, Inc.** – A charter school which is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the *Florida Not-For-Profit Corporation Act*, and Section 1002.33, Florida Statutes. The Charter School operates under a charter of the sponsoring School District and is considered a component unit since it is fiscally dependent on the Hernando County School District (the District) to levy taxes for its support.

**Hernando County Education Direct Support Organization, Inc. (Foundation)** – A separate not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to receive, hold, invest, and administer property and to make expenditures to or for the benefit of the District. The Foundation is considered to be a component unit of the District because of the nature and significance of its relationship to the District.

- (1) Fair Market Value of property is the amount it could sell for in a competitive open market, assuming that the buyer and seller both acted knowledgeably and without duress.
- (2) Assessed value of property is different than fair market value for those properties that have assessment limitations on them, such as the Save Our Homes (SOH) limitation, "greenbelt" for properties which have an agricultural use classification, and pollution control devices.
- (3) There are a number of property tax exemptions which include, but are not limited to; homestead, low income seniors, widow/widowers, blind, disabled, veterans, government, and institutional.
- (4) Taxable value of property is the resulting value after all applicable exemptions have been deducted from the assessed value of the property. The taxable value is what the millage rates are applied to develop the ad valorem property tax.
- (5) Centrally assessed property are the railroad tracks and train cars which cross county lines and are assessed by the Florida Department of Revenue, who provides the assessed values to the respective Property Appraiser.
- (6) Base Millage Rate comprised of total County, total School and Southwest Florida Management District county-wide levy. Specific basins, special ad valorem districts, and municipalities are not included. See calculation of base millage rate on Table 8.

(1) Net of allowable discounts

Note: Property taxes become due and are payable between November 1st of the year assessed and March 31st of the following year. A four percent (4%) discount is allowed if the taxes are paid in November, with the discount declining by one percent (1%) each month thereafter. Accordingly, taxes collected will never equal 100% of the tax levy. Taxes become delinquent on April 1st of each tax year and tax certificates for the full amount of any unpaid taxes and assessments must be sold no later than June 1st of each year. Accordingly, the majority of taxes are collected in the fiscal year levied.

(2) This schedule was previously presented as a requirement of State Board of Education Rule 6A-1.037(2), Florida Administrative Code, which established a legal debt limit of 10 percent of the assessed valuation of the District. This rule was repealed in March 2006, however, management believes this information may still be of value to users.

**Notes:**

- (1) **Basis of Presentation.** The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Hernando County District School Board under programs of the Federal Government for the fiscal year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position.
- (2) **Summary of Significant Accounting Policies.** Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (3) **Indirect Cost Rate.** The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.
- (4) **Non-Cash Assistance.** (A) National School Lunch Program - Includes -0- of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Hernando County District School Board and  
Superintendent of Schools  
Brooksville, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Hernando County District School Board (the District) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 19, 2025.

Our report includes a reference to other auditors, who audited the financial statements of the three charter schools that are presented as discretely presented component units, as described in our report on the District's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any significant deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

Hernando County District School Board and  
Superintendent of Schools  
Brooksville, Florida

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Hernando County District School Board’s (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District’s major federal programs for the year ended June 30, 2025. The District’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District’s compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District’s federal programs.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material non-compliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material non-compliance when it exists. The risk of not detecting material non-compliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Non-compliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material non-compliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will

not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## INDEPENDENT ACCOUNTANT'S REPORT

Hernando County District School Board and  
Superintendent of Schools  
Brooksville, Florida

We have examined the Hernando County District School Board's (the District) compliance with the requirements of Section 218.415, Florida Statutes, with regards to the District's investments during the year ended June 30, 2025. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements during the fiscal year ended June 30, 2025.

This report is intended solely for the information and use of the Florida Auditor General, the Board of Supervisors of the District, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

## MANAGEMENT LETTER

Hernando County District School Board and  
Superintendent of Schools  
Brooksville, Florida

### Report on the Financial Statements

We have audited the financial statements of the Hernando County District School Board (the District) as of and for the fiscal year ended June 30, 2025, and have issued our report thereon dated December 19, 2025. Our report includes a reference to other auditors. Other auditors audited the financial statements of three charter schools included in the aggregate discretely presented component units, as described in our report on the District's financial statements. This letter does not include the results of the other auditors, and such information related to those audits is reported on separately by those auditors.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.800, *Rules of the Auditor General*.

### Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for each Major Federal Program and on Report on Internal Control over Compliance Required by the Uniform Guidance, Schedule of Findings and Questioned Costs, and our Independent Accountant's Report on an examination conducted in accordance with American Institute of Certified Public Accountants *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.800, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated December 19, 2025, should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.804(1)(f)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in our preceding annual financial audit report for the fiscal year ended June 30, 2023 (State of Florida Auditor General audited the 2024 Fiscal Year). All 2023 findings have been addressed.

## MANAGEMENT LETTER

### Financial Condition and Management

Section 10.804(1)(f)2, *Rules of the Auditor General*, requires us to communicate whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.804(1)(f)5.a. and 10.805(7), *Rules of the Auditor General*, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by the same.

Section 10.804(1)(f)3, *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. There were no new recommendations to improve financial management.

### Transparency

Section 10.804(1)(f)6., *Rules of the Auditor General*, requires that we communicate the results of our determination as to whether the District maintains on its website the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its website the information specified in Section 1011.035, Florida Statutes.

### Additional Matters

Section 10.804(1)(f)4, *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that has occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

### Purpose of this Letter

Our Management Letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the District School Board members, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.
