Section I

Introductory Section

May 13, 2018

Honorable Mayor,
Members of the Board of Commissioners, and
Citizens of the City of Madeira Beach, Florida

The Comprehensive Annual Financial Report (CAFR) of the City of Madeira Beach for the fiscal year ended September 30, 2018, is hereby submitted. In addition to meeting legal requirements of the City Charter, Florida Statutes and the Rules of the Auditor General of the State of Florida, the report continues to present the City's tradition of full financial disclosure. The CAFR represents the official report of the City's financial position and operations to the citizens, Board of Commissioners, rating agencies, bond holders and other interested parties.

Responsibility for the accuracy of the data and the completeness and fairness of presentation, including all disclosures, rests with the City. Management believes the data as presented are accurate in all material respects; that the report is presented in a manner which fairly illustrates the financial activity of the various funds; and that all disclosures necessary to enable the reader to gain a complete understanding of the City's financial activities have been included.

Profile of the Government

The City of Madeira Beach originally began as a fishing village. Located on a barrier island at John's Pass with direct access to the Gulf of Mexico, Madeira Beach connects to the mainland near St. Petersburg by a free causeway and to the other barrier islands by bridges. The City was incorporated in 1947 with a Council-Manager form of government. The permanent resident population is 4,673, complemented by a visiting population of over 15,000 annual tourists during the winter months.

The City of Madeira Beach provides a traditional range of services, including fire protection and emergency medical service; maintenance of parks, streets and other infrastructure; stormwater and sanitation collection services; a municipal marina; and recreational programs and events. The City contracts with the Pinellas County Sheriff's Office for law enforcement. Pinellas County provides potable water, sanitary sewerage, solid waste disposal and treatment, and criminal justice systems.

Accounting Systems and Internal Control

To provide a reasonable basis for making the financial presentations, management maintains an internal control structure that provides reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition; that transactions are executed in accordance with management's authorization; and that transactions are recorded properly to facilitate preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. We believe the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Pursuant to the City Charter, Florida Statutes Chapters 11.45 and 218, and Chapter 10.550 of the Rules of the Auditor General of the State of Florida, an audit of the accounts and financial statements of the City of Madeira Beach has been completed by the City's independent certified public accountants, Wells, Houser & Schatzel, P.A., whose opinion is included in the financial section of this report. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation.

The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Madeira Beach's financial statements for the fiscal year ended September 30, 2018, are fairly presented in conformity with GAAP.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Madeira Beach's MD&A can be found immediately following the audit report.

Budgetary Control

The annual budget serves as the foundation for the City's financial planning and control. Department directors are required to submit budget requests to the Director of Finance, who then develops the proposed budget based on additional direction from the City Manager. The City Manager is required by City Charter to present the proposed budget to the Board of Commissioners (BOC) prior to July 1. The BOC is required to hold public hearings on the proposed budget and to adopt a final budget by September 30, the close of the City's fiscal year. The appropriated budget is prepared by fund and department. The City Manager may transfer any unencumbered appropriation or portion thereof between classifications of expenditures within a department. The BOC may, by resolution, make additional appropriations or transfer any unencumbered appropriation from any department to another department. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. The comparison is presented as part of the basic financial statements for governmental funds.

Local Economy

The information presented in the financial statements is perhaps best understood when considered from the broader perspective of the specific environment within which the City of Madeira Beach operates. The City of Madeira Beach is one of twenty-four incorporated municipalities in Pinellas County. The sunny climate and long stretches of white, sandy beaches along the Gulf of Mexico attract visitors and new residents each year. Tourism is the primary industry of Pinellas County as well as Madeira Beach.

Madeira Beach is home to John's Pass Village, a regional commercial fishing hub that also includes retail shops, condominium rentals, restaurants, and a beach and waterfront boardwalk for visitors and tourists. The Village provides a unique, multi-purpose experience for fishing, shopping, dining and entertainment. The City works closely together with the John's Pass merchants to ensure the Village remains a destination attraction, both locally and nationally.

Major Initiatives

The City experienced a change in leadership with a new City Manager hired in March 2018. There was

also just one new Board of Commissioner change in March as well. The Board of Commissioners continued to provide direction to management to aggressively pursue numerous capital improvement projects. The City continued to utilize the four phases of debt since October 2013 to fund capital assets. The City did issue new debt in fiscal year 2018. This new debt Series 2018 in the amount of \$1,297,000 was issued to pay off a final payment in the amount of \$1,279,466 for debt Series 2014 that was due November 1, 2018. With this debt funding, The City has a new city hall, fire station, recreation center, and various recreation amenities. One of the phases of debt, Series 2016, also enabled the Fire Department to have a new 78' Aerial Quint Rosenbauer Fire Engine.

The Stormwater Master Plan continues to progress. Utilizing the existing debt Series 2015, two major projects Boca Ciega Drive and Rex Place were successfully completed in FY 2018. The 137th Avenue is the last project tied to this Series 2015 debt and started in FY 2019. However, delays and increased construction costs contributed the estimated cost to increase from \$1,138, 000 to \$1,308,591.

The Crystal Island stormwater project, not part of the debt Series 2015 mentioned above, is a badly needed stormwater project that has been pushed out each year in the City's capital improvement plan. It's estimated cost of \$4,200,000 as reflected in previous CAFR's did not have a funding plan and this cost would prove to be just a partial solution. Due in part to resident pressure as well as the aging infrastructure, City staff did recommend to the Board in February 2019 that this project be escalated. The City's engineer's analysis of both Crystal Island as well as Parsley/Marguerite Drive displayed that \$15 million dollars would be required for this project. Just recently in April 2019, the Board gave the City's financial advisor direction to seek a Bank Loan RFP. It is estimated that the \$15 million dollars will be available in September with the construction to begin in FY 2020.

The General Fund had a debt funding balance of \$1,050,000 remaining to complete the final phase two of the undergrounding of utilities along Gulf Boulevard during FY 2017. However, the contractors assigned to the project and DUKE Energy experienced delays attributed to Hurricane Irma which hit in September 2017. Additionally, in June 2017, the City entered into a \$1.9 million dollar joint participation agreement grant with the Florida Department of Transportation (FDOT) to resurface Gulf Boulevard. There have been delays associated with this project as well. Both of these projects mention have begun in FY 2019.

Private development has increased over the last several years, and property values have steadily increased. The City's first commercial hotel opened in March 2015, adding to the infrastructure of motels and condominium rentals available along the beach. Other recent development projects like the Madeira Beach Town Center have contributed to unprecedented building permit revenue and staff anticipates continued positive short-term growth.

Meanwhile, the Board of Commissioners have managed to keep millage rates constant over the last three years. Increases to taxable values within the city has contributed to substantial increases in property tax revenue. Below is a summary of property tax revenue over the last five years:

<u>Fiscal year</u>	<u>Millage rate</u>	<u>Estimated revenue</u>	<u>Percent change</u>
2015	1.9900	\$ 1,726,100	
2016	2.2000	\$ 2,069,000	19.9%
2017	2.2000	\$ 2,267,000	9.6%
2018	2.2000	\$ 2,446,000	7.9%
2019	2.2000	\$ 2,631,800	7.6%

Madeira Beach continues to operate on a competitive tax rate in relation to neighboring communities. Comparative millage rates among similar cities in Pinellas County are provided in the following table.

<u>Municipality</u>	<u>FY 2019 millage rate</u>
City of Treasure Island	3.4368
City of South Pasadena	3.5000
City of St. Pete Beach	3.1500
City of Madeira Beach	2.2000
City of Belleair Beach	2.0394
City of Indian Rocks Beach	1.8326

Long-term Financial Planning

The City uses a five-year Capital Improvement Program (CIP), located in the budget document, to link the comprehensive annual financial report (CAFR) with long-term financial estimates and capital improvement planning. The General Fund, for example, begins with the unassigned balance as reported in the CAFR and projects current-year revenue and expenditures to derive an estimated year-end final balance. Management then allocates funding plans for various capital needs based on direction from the Board of Commissioners. The CIP illustrates the City's desire to balance capital investment with cash preservation.

Relevant Financial Policies and Practices

The City's fund balance policy, adopted on September 8, 2015, is to maintain committed fund balance for an emergency storm response that is no less than 33% of General Fund operating expenditures. In addition, the City is to maintain a minimum unassigned balance equivalent to two months of annual General Fund operating expenditures. The respective balances are to be maintained not only in relation to the current period but also to that of each annual period within the five-year projections in the capital improvement program. Material one-time revenues shall not be used to fund ongoing expenditures.

The City was in compliance with its fund balance policy as of September 30, 2017.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Madeira Beach for its comprehensive annual financial report for the fiscal year ended September 30, 2017. This was the 20th consecutive year the City has received the prestigious award.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report (CAFR). The report must satisfy generally accepted accounting principles, applicable legal requirements, and best practices established by GFOA. Management believes the current report also conforms to the Certificate of Achievement program's requirements.

Preparation of the CAFR relies on the diligent and professional efforts of everyone in the Finance Department. The year-end closing procedure was an arduous process involving tireless efforts by staff. The City's independent auditors, Wells, Houser & Schatzel, P.A., also contributed invaluable to the process by testing data integrity and internal controls.

Management believes the CAFR clearly illustrates the financial position of the City of Madeira Beach and thanks you for your support and commitment to valuing and preserving the City's financial condition.

Respectfully submitted,

Jonathan Evans

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Board of Commissioners
City of Madeira Beach, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information, of the City of Madeira Beach, Florida, (the City) as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City as of September 30, 2017, and the respective changes in financial position, and, where applicable, cash flow thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3-14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential

part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the required supplementary information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City of Madeira Beach, Florida's basic financial statements. The introductory section, other supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis, and is also not a required part of the basic financial statements. The required budgetary comparison schedule – General Fund (pages 51-52) and pension and OPEB schedules (pages 53-54) are not a required part of the basic financial statements but are required by accounting principles generally accepted in the United States of America.

The required supplementary information (pages 51-54) and other supplementary information (pages 55-65), as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2019, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

Wells, Houser & Schatzel, P.A.
St. Petersburg, Florida

CITY OF MADEIRA BEACH, FLORIDA

Management’s Discussion and Analysis

September 30, 2018 (Unaudited)

Management’s discussion and analysis (MD&A) is designed to focus on significant financial issues and provide an overview of the City of Madeira Beach’s financial activity for the fiscal year ended September 30, 2018. The MD&A is designed to focus on the current year’s activities, resulting changes, and currently known facts. It should be read in conjunction with the transmittal letter (beginning on page 1), basic financial statements (beginning on page 15), and notes to the financial statements (beginning on page 26).

Financial Highlights

Government-wide Financial Position	As of September 30, 2018	As of September 30, 2017	Percent Change
Total assets	\$54,091,731	\$54,518,077	(0.78%)
Deferred outflows	994,056	1,066,965	(6.83)
Total liabilities	14,190,579	16,187,433	(12.34)
Deferred inflows	363,169	279,943	29.73
Net position	\$40,532,039	\$39,117,666	3.62%

Overview of the Financial Statements

The financial statements provide insight into the City of Madeira Beach’s (the City’s) ability to provide services and meet obligations, both now and in the future. Trends in assets, liabilities and net position illustrate the City’s overall financial position, and can be evaluated to determine whether the City is better off or worse off as a result of its operations.

The financial statements include three components that should be considered together in order to gain a comprehensive understanding of the City’s financial position: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

1. Government-wide Financial Statements:

The government-wide financial statements provide a broad overview of the City’s finances, in a manner similar to the private sector. The statements can be found on pages 15-17 of this document, and include two different reports: the statement of net position and the statement of activities.

The **Statement of Net Position** presents information on *all* of the City’s assets and liabilities as of September 30, 2018. The difference between assets (plus deferred outflows of resources) and liabilities (plus deferred inflows of resources) is known in governmental accounting as net position. Analysis of net position requires evaluation of unrestricted and restricted net position as well as net investment in capital assets. The latter category represents the net assets being used by the City to provide goods and services to the community. As such, these assets are not readily available for spending without first being converted to financial resources. Restricted net assets represent those which are controlled by state statutes, enabling legislation, debt covenants, or other external requirements. The remaining balance is unrestricted net position, which represents the accumulated resources available to the City for meeting its future obligations.

The **Statement of Activities** illustrates *how* the City’s net position changed as a result of its operations throughout the fiscal year. This section categorizes City services by program and illustrates the extent to which various functions are subsidized by general tax revenues. Distinction is made between those

CITY OF MADEIRA BEACH, FLORIDA

Management's Discussion and Analysis

September 30, 2018 (Unaudited)

operations which are expected to be supported by taxes (i.e., governmental activities) and those which are intended to recover their costs (i.e., business-type activities).

2. Fund Financial Statements:

In governmental accounting, a "fund" is a segregated group of related accounts used to ensure and demonstrate compliance with enabling legislation, legal requirements, or other financial administration goals and objectives. The City of Madeira Beach reports two types of funds: governmental and proprietary.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements (e.g., public safety, parks and recreation, physical environment, and parking enforcement). However, unlike the government-wide financial statements, governmental fund financial statements focus on financial resources rather than economic resources. Financial resources represent those which may be used to meet near-term requirements. Economic resources, such as capital assets which cannot be quickly converted to finance near-term requirements, are excluded from governmental fund reporting. The narrower focus is intended to emphasize the use of spendable assets.

The long-term impact of the City's shorter-term financial activities can be analyzed by comparing governmental fund reporting to the government-wide statements. Both the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison.

Budgetary comparison statements are provided for the major funds to demonstrate compliance with the legally adopted budget. Governmental fund financial statements begin on page 18.

The City's **Proprietary Funds** include three enterprise funds: the Sanitation Fund, Stormwater Fund, and Marina Fund. These funds report the same functions and use the same basis of accounting as the business-type activities presented in the government-wide financial statements. Proprietary fund statements are located on pages 22-25.

3. Notes to the Financial Statements:

Notes to the financial statements provide additional information that is essential to gaining a full understanding of the data provided in the government-wide and fund financial statements. The notes begin on page 26 of this report.

Government-Wide Financial Analysis

The City's financial position as of September 30, 2018 was largely impacted by an interlocal agreement, which provides reimbursement funding for Gulf Blvd. beautification improvements. The effect on the City's financial position is similar to that of a debt-financed improvement, in that revenue is reported when earned and available, while the costs of the project are depreciated over its useful life. While interlocal agreement funding available totaled \$760,880 in fiscal year 2018, no revenue was incurred and reported within intergovernmental revenue due to construction delays caused by Hurricane Irma.

While increasing just .1%, the City's parking operation continued to generate robust revenue. The revenue

CITY OF MADEIRA BEACH, FLORIDA

Management’s Discussion and Analysis

September 30, 2018 (Unaudited)

was on a good track before a red tide outbreak hit City beaches in September resulting in a 25% decrease.

Fiscal Year	Parking Revenue	Growth
2014	\$1,432,254	62.8%
2015	\$1,635,344	14.2%
2016	\$2,075,709	26.9%
2017	\$2,072,161	(0.2%)
2018	\$2,073,573	0.1%

Net pension liability decreased 1.0% based on the City’s allocated share of the Florida Retirement System’s funding status. The City’s net pension liability as of September 30, 2018 was \$2,190,353. The City did incur additional debt named capital improvement refunding revenue bond, Series 2018 which paid off the Series 2014 interlocal payments revenue bond. Below is a summary of the debt administered by the City since October 2013:

Description	Date issued	Principal borrowed	Scheduled total interest due	Final maturity
Capital improvement revenue bonds	10/24/2013	\$ 4,760,000	\$ 4,173,376	10/1/2043
Stormwater system revenue bond	8/14/2015	\$ 6,200,000	\$ 1,381,906	10/1/2030
Infrastructure sales surtax revenue note	2/18/2016	\$ 725,000	\$ 24,843	12/1/2019
Capital improvement refund revenue bond	6/14/2019	\$ 1,297,000	\$ 80,749	11/1/2021
Total		\$ 12,982,000	\$ 5,660,874	

More information on the City’s long-term liabilities can be found on page 40.

Net position grew for the 14th consecutive year, while the components of net position shifted corresponding to the manner in which the City has utilized its resources. The City’s ongoing effort to complete an extensive list of capital improvement projects has increased its net investment in capital assets, while also causing a sharp decline in unrestricted net position. The following table illustrates the extent to which the City’s net position has been shaped by capital asset activity over the last five years:

Fiscal Year	Net Investment in Capital Assets	As Percent of Total Net Position	Unrestricted Net Position	As Percent of Total Net Position
2014	\$17,434,521	54.1%	\$13,271,901	41.2%
2015	\$21,148,580	61.7%	\$11,726,657	34.2%
2016	\$25,864,855	71.7%	\$ 8,381,237	23.2%
2017	\$21,303,341	54.5%	\$12,152,512	31.1%

CITY OF MADEIRA BEACH, FLORIDA

Management’s Discussion and Analysis

September 30, 2018 (Unaudited)

Governmental Activities:

Governmental activities increased the City’s net position by \$565,303, largely relating to the reimbursement of construction expenditures described previously.

CITY OF MADEIRA BEACH, FLORIDA

Management's Discussion and Analysis

September 30, 2018 (Unaudited)

Business-type Activities:

Business-type activities increased the City's net position by \$849,070, as each of the City's enterprise funds generated net program revenue.

Management’s Discussion and Analysis

September 30, 2018 (Unaudited)

Fund Statement Financial Analysis

Governmental Funds:

Several governmental funds were introduced in the prior year adopted budget to improve the accounting of restricted revenue sources. Although the funds are included in the annual appropriation process and illustrated for budgeting purposes, they are considered “non-major” for the purpose of financial reporting due to their relative size. For the fiscal year 2018, the Debt Service Fund due to its significant increase expenditures is considered a major fund. The table below illustrates the City’s governmental funds and their classification for financial reporting purposes:

FY 2018 Major Funds	FY 2018 Non-Major Funds
General Fund	Archibald Fund
Debt Service Fund	Building Fund
	Gas Tax Fund
	Local Option Sales Tax Fund

Governmental Fund revenue decreased 7.9%, resulting primarily from the issue described previously: construction delays impacting interlocal agreement reimbursement funding. Charges for services decreased by 11.4% from the prior year. Parking revenue continues to show solid growth and coming closer to matching revenues received from property taxes. Expenditures decreased 7.7% with general government decreasing considerably. Debt increased by 45.9% due in part to a larger than average payment for the Series 2014 debt. Capital outlay expenditures, however, decreased 79.2% from the prior year again due to construction delays. Below is a summary of the year-to-year expenditure trends:

Type of Expenditure	FY 2017	FY 2018	Percent Change
Current (i.e., recurring)	\$7,959,585	\$7,536,626	(5.3%)
Debt service	\$1,654,050	\$2,413,750	45.9%
Capital outlay	\$1,511,411	\$315,055	(79.2%)

Total assets remained stable, increasing 8.2% over the previous year. Meanwhile, total liabilities increased 76.4%, with more accounts payable expenditures reported than the prior year.

As described previously, the treatment of governmental funds is perhaps the most unique feature of governmental financial reporting. The difference between assets and liabilities in a governmental fund is known as fund balance. Fund balance is a commonly used measure of a government’s available resources and liquidity. Designations are applied to various components of fund balance to describe the extent to which resources may be limited.

Non-spendable fund balance items include inventories, prepaid accounts, and other resources that are inherently not easily convertible into financial resources. The City’s non-spendable fund balance was \$878,098.

Restricted fund balance includes accounts and designations upon which restrictions have been externally imposed. The restricted balance total of \$2,506,064 reflects a 10.1% increase from the prior year due to the increase in capital projects from \$1,039,215 to \$1,334,244.

CITY OF MADEIRA BEACH, FLORIDA

Management’s Discussion and Analysis

September 30, 2018 (Unaudited)

Committed fund balance includes resources set aside by the Board of Commissioners (BOC). These funds may only be spent upon authorization by the BOC, and have been reserved to meet the City’s fund balance policy; to provide for future debt service flexibility (i.e., exercising call provisions); to fund future appropriations; and to account for remaining proceeds from the BP lawsuit settlement. Committed balance was \$3,887,413.

Assigned fund balance represents management’s intended use of specific resources. The City’s assigned balance includes reserves for existing purchase obligations, and funds to pay out vacation and sick leave benefits (i.e., compensated absences). The City’s assigned balance was \$3,275,832.

Unassigned fund balance should be considered the City’s most liquid resource available for appropriation. Trends in unassigned balance may reflect policy changes (e.g., intentionally building up or drawing down reserves), or planned and unplanned financial changes (i.e., budgetary imbalances). Unassigned fund balance decreased 35.9% to \$3,273,992. This decrease is reflective of increased purchase obligations for two major capital projects along Gulf Boulevard that totals \$2.9 million dollars.

Proprietary Funds:

The City’s proprietary fund statements provide the same type of information located in the government-wide financial statements, using the same basis of accounting. Based on the extent to which each of the City’s three enterprise funds generated operating income, total assets decreased 2.7%. A major part of this decrease was in the Stormwater Fund where total assets decreased by 3.8% due to one small project coming to completion. Revenue generated by the Sanitation Fund and Marina Fund was fairly consistent compared to the previous year, while the Marina Fund revenue increased over 7.8% due to an increase in user charges.

Proprietary fund non-operating revenue included \$60,111 in investment earnings, since the City had more

CITY OF MADEIRA BEACH, FLORIDA

Management's Discussion and Analysis

September 30, 2018 (Unaudited)

funds available to invest. Some debt issued in August 2015 still remained unspent throughout most of the fiscal year, earning interest at prevailing market rates notably higher than the prior year.

Depreciation expense increased nearly 17% corresponding to the magnitude of capital improvement activity described previously. Unrestricted net position decreased 59% as net investment in capital assets having increased 136.6%. The negative unrestricted net position reported by the Marina Fund in the amount of \$112,278 was the product of net capital assets having increased 88.3%. The total net position for the Marina Fund increased 7.5%, while \$835,197 remains owed to the General Fund. The General Fund advanced a total of \$500,000 dollars to the Marina Fund in fiscal year 2011 to build a new retail facility. Additionally in 2016 a total of \$625,000 was advanced by the General Fund to the Marina Fund for new docks.

General Fund Budgetary Highlights

Total General Fund revenue decreased 11.6% from \$9,383,671 to \$8,291,185. The fiscal year 2018 adopted budget, the millage rate did not change and stayed at 2.20 mills per \$1,000 of assessed property value. Meanwhile, property values were estimated to increase 8.2%, resulting in a total property tax revenue increase of 7.7%. As discussed, the City's parking enforcement operation continued to generate consistent revenue; the General Fund's allocated share included a 0.3% revenue increase. This increase would have been larger if it was not for a red tide outbreak which resulted in an estimated \$24,200 loss for General Fund Parking revenue in September.

Fund balance increased by \$368,754 as total revenues were insufficient to offset total expenditures and other financing uses. The City had issued debt to help offset or minimize the deficit in each of the four preceding fiscal years. The City did issue new debt in fiscal year 2018. This new debt Series 2018 in the amount of \$1,297,000 was issued to pay off a final payment in the amount of \$1,279,466 for debt Series 2014 due November 1, 2018. Recreation service expenditures decreased by 5.9% as the City continued to introduce new events and programs, but controlling costs. Capital outlay expenditures decreased by \$409,405, primarily relating to construction delays experienced in starting phase II of Gulf Boulevard beautification improvement project. Transfers to the Debt Service Fund for scheduled principal and interest payments totaled \$2,215,810 as well as \$192,000 committed by the Board of Commissioners to begin accumulating additional resources for future debt service flexibility.

Revisions from adopted to final budget:

The final budget included revisions to revenue estimates totaling \$3,257,313, of which \$40,053 was a Federal grant for fire bunker gear. Another revision in the amount of \$1,920,260 is for a joint project with Florida Department of Transportation (FDOT) to resurface Gulf Boulevard. The remaining revision was for \$1,297,000 related to the new debt Series 2018 mentioned earlier.

Final authorized expenditures included revisions of \$4,797,367 as compared to the original budget, of which \$1,323,996 related to capital improvement project scheduling and reclassifications. The Board of Commissioners authorized a modification to the City's capital asset threshold policy, requiring several budget amendments to transfer funds from capital outlay accounts to other departmental accounts, for items no longer considered capital assets. More information on the policy can be found on in Note 1 of the Notes to Financial Statements. A detailed list of changes relating to budgeted capital outlay is provided on the table to follow.

Total:	\$ (1,431,514)	\$ 1,595,911	\$ (271,915)	\$ 271,915
Net fiscal year 2018 change		\$ 1,323,996		

Significant budgetary variances:

Intergovernmental revenue: Revenue was less than the final budget estimate by 57.2%, as the budget was increased during the fiscal year to reflect \$1,920,260 joint participation agreement between the City and the Florida Department of Transportation (FDOT) to resurface Gulf Boulevard.

Culture and recreation revenue: Revenue exceeded budget estimates by 36.3%. Within the City's Recreation department, revenue exceeded budget estimates by 57.3% for the summer program. The after school program exceeded budget estimates by 42.6%. Little League fees surpassed budget estimates by \$23,792 due to more teams being added due to increased participation.

Investment income revenue: The City has an investment account with its main Bank that sweeps or transfers funds as needed into the operating account. Earnings on funds within the investment account have exceeded budget estimates by 75%.

Physical Environment expenditures: Public Works expenditures were 18% under budget due to lower than anticipated fuel costs.

Public Safety expenditures: Fire/EMS expenditures were 6% under budget due to management efficiency and controlling overtime costs.

CITY OF MADEIRA BEACH, FLORIDA

Management’s Discussion and Analysis

September 30, 2018 (Unaudited)

Culture and Recreation expenditures: Expenditures were under budget by at least 14% in each of the Parks, Recreation, and John’s Pass Village departments. Utility and maintenance costs were less than anticipated in each department.

Capital Assets and Debt Administration

Capital Assets:

The chart below illustrates the impact of the City’s capital improvement policy initiatives discussed throughout this report. Net capital assets increased by just 0.4%, primarily relating to Gulf Blvd beautification improvements construction delays and just starting the next stormwater project. Management reclassified several groups of assets to include new categories for infrastructure and intangible items, such as software and database improvements. Note 3 of the Notes to Financial Statements includes more information on the City’s capital assets and activity for fiscal year 2018.

Long-term Debt:

Note 3 of the Notes to Financial Statements includes a detailed listing of long-term liabilities. Below is a summary of the City’s outstanding debt as of September 30, 2018 compared to the prior year. The City did issue new debt for fiscal year 2018 which refunded the Series 2014. Net outstanding debt decreased 10% for fiscal year 2018.

Next Year’s Budget and Rates

Madeira Beach property values are estimated to increase 8%, which is the highest rate of growth projected in Pinellas County. The fiscal year 2019 budget maintains the 2.20 millage rate while generating \$185,800 in additional ad valorem revenue. In connection with the budget adoption process, the Board of Commissioners implemented two new policies designed to help guide financial decision making:

CITY OF MADEIRA BEACH, FLORIDA

Management's Discussion and Analysis

September 30, 2018 (Unaudited)

Tax rates, fees, and charges policy: This policy is intended to ensure the City prudently designs and manages its tax rates, fees, and charges in order to achieve each of the following:

- Revenue diversification, so that ongoing operations are less reliant upon variable revenue streams
- Revenues that exceed normal growth rates are used either for one-time expenditures or to increase reserves
- Revenue forecasts are adequate to provide for the variety and level of services expected by vested stakeholders
- Alignment of revenue with growth-related endeavors (e.g., economic development activities)

Debt management policy: This policy recognizes the long-term implications of debt issuance and provides guidelines to consider the following:

- Equity, such that those who pay for debt are those who benefit from the assets provided
- Essentiality, in that the financed asset is considered essential to the City's core operation
- Efficiency, with respect to the identified revenue source's sufficiency to meet debt service obligations and the total cost of financing being less than other alternatives

Requests for Information

This financial report is designed to provide a general overview of the City of Madeira Beach's financial position for all those interested in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance at 300 Municipal Drive, Madeira Beach, Florida 33708.

RECONCILIATION OF THE BALANCE SHEET TO THE
STATEMENT OF NET POSITION - GOVERNMENTAL FUNDS

September 30, 2018

Fund balances - total governmental funds \$ 13,821,399

Amounts reported for governmental activities in the statement
of net position are different because:

Capital assets used in government activities are not financial
resources and therefore are not reported in the governmental funds.

Governmental capital assets	\$ 36,617,224	
Less accumulated depreciation	<u>(11,914,248)</u>	24,702,976

Pension related items recognized pursuant to GASB 68 are not
reported in the governmental funds but will be recognized in pension
expense on a long-term basis and therefore are reported in the
Statement of Net Position

Deferred outflows of resources - Pension related	932,085	
Net pension liability	(2,083,112)	
Deferred inflows of resources - Pension related	<u>(279,059)</u>	(1,430,086)

Long-term liabilities, including bonds payable, are not due
and payable in the current period and therefore are not reported in the
governmental funds.

Governmental bonds payable	(5,870,000)	
Accrued interest payable	(12,247)	
Unamortized bond premium	16,196	
Total OPEB liability	(34,683)	
Compensated absences	<u>(292,744)</u>	<u>(6,193,478)</u>

Net position of governmental activities \$ 30,900,811

The accompanying notes to financial statements are an integral part of this statement.

CITY OF MADEIRA BEACH, FLORIDA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES - GOVERNMENTAL ACTIVITIES

For the year ended September 30, 2018

Net change in fund balances - total governmental funds \$ 893,573

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives

Expenditure for capital assets	\$ 315,055	
Less current year depreciation	<u>(1,447,210)</u>	(1,132,155)

Governmental funds report the proceeds from the sale of capital assets as an other revenue source. However, in the Statement of Activities the gain is included in General Revenues and loss from disposals are recognized as an expense

Proceeds from the sale of capital assets	(3,960)	
Loss on disposals of capital assets	(19,343)	
Gain on disposal of capital assets	<u>3,960</u>	(19,343)

Proceeds from debt issuance is an other financing source in the governmental funds, but the proceeds are reflected as long-term debt in the Statement of Financial Position (1,297,000)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets

Principal payments on long-term debt		2,183,000
--------------------------------------	--	-----------

Some items reported in the Statement of Activities do not require the use of or provide current financial resources and therefore are not reported as revenues or expenditures in governmental funds.

Pension expense - GASB 68	(124,857)	
Amortization of bond discount	(648)	
Accrued interest on long-term debt	105,211	
Change in long-term compensated absences	(62,208)	
Change in OPEB	<u>19,730</u>	<u>(62,772)</u>

Change in net position of governmental activities		<u><u>\$ 565,303</u></u>
---	--	--------------------------

The accompanying notes to financial statements are an integral part of this statement.

NONCASH INVESTING, CAPITAL AND FINANCING ACTIVITIES

An allowance for uncollectible accounts in the amount of \$9,322 has been provided for in the Sanitation Fund at September 30, 2018.

An allowance for uncollectible accounts in the amount of \$5,368 has been provided for in the Stormwater Fund at September 30, 2018.

The accompanying notes to financial statements are an integral part of this statement.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 1: Summary of Significant Accounting Policies

The City of Madeira Beach, Florida, is a political subdivision of the State of Florida located in Pinellas County. The legislative branch of the City is composed of a five (5) member elected Board of Commissioners. The Board of Commissioners is governed by the City Charter and by state and local laws and regulations. The Board of Commissioners is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the City Manager.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. Reporting Entity

In evaluating how to define the government, for financial reporting purposes, the City has considered all potential component units. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government: (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. Management has determined that there are no component units to be included within the reporting entity.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all activities of the City. Certain interfund activities, such as internal balances, have been removed from these statements. Individual funds are not displayed, but the statements distinguish governmental activities, which normally are supported by taxes and intergovernmental revenues, from business-type activities, which rely to a significant extent on fees and charges for support. The Statement of Net Position presents the financial position of the City's governmental and business-type activities at year-end.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 1: Continued

requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund financial statements are provided for major governmental funds and enterprise funds. Non-major funds are aggregated and reported in one column, while major funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the enterprise fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. This approach differs from the manner in which the governmental activities of the City are presented in the government-wide financial statements. The governmental fund financial statements, therefore, include a reconciliation to better identify the relationship between the government-wide financial statements and the governmental fund financial statements.

Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenditures vs. expenses. Under the modified accrual basis, property taxes, franchise taxes, licenses, intergovernmental revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received.

Major Governmental Funds

1. General Fund – The City’s primary operating fund, used to account for all financial resources except those required to be accounted for in another fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. The majority of current operating expenditures of the City other than proprietary fund activities are financed through revenues received by the General Fund.
2. Debt Service Fund – used to account for the debt service on governmental debt issues outstanding.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 1: Continued

Major Proprietary Funds

The City reports three major proprietary funds, which are enterprise funds financed and operated in a manner similar to the private sector. Costs of providing services to the general public on a continuing basis are financed or recovered primarily through user charges.

1. Sanitation Fund – Accounts for the City’s solid waste collection and disposal services provided to residential and commercial customers in the City. Collection and disposal of recyclable items is performed by a vendor under contract.
2. Stormwater Fund – Accounts for stormwater utility fee revenues, and expenses for drainage and stormwater related projects, including National Pollutant Discharge Elimination System (NPDES) reporting and compliance.
3. Marina Fund – Accounts for the operations of the Madeira Beach Municipal Marina.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources not restricted to specific functions or activities, are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes, interest revenue, and other miscellaneous revenues.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities, and Net Position or Fund Equity

Deposits and Investments

The City’s cash and cash equivalents are considered to be cash on hand, demand deposits and money market accounts. Investments, such as intergovernmental pools and certificates of deposit, are reported at fair market value. See Note 3 for additional information relating to fair value reporting.

The City is governed by its investment policy adopted by Resolution 2015-34 on September 8, 2015, which authorizes investments in the following securities:

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 1: Continued

- (i) U.S. Treasury obligations, and obligations the principal and interest of which are backed by the full faith and credit of the U.S. Government.
- (ii) Non-negotiable interest bearing time certificates of deposit, or savings accounts in banks organized under state law or in national banks organized under the laws of the United States and doing business
- (iii) Shares in open-end and no-load money market mutual funds, provided such funds are registered under the Investment Company Act of 1940 and operate in accordance with Rule 2a-7.
- (iv) State, local government, or privately-sponsored investment pools that are authorized pursuant to state law.

✚ Internal Balances

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances.”

✚ Property Taxes

Property taxes are levied on October 1 of each year, on property values assessed on January 1 of the same year, and are due and payable on March 31 of the following year. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. Taxes paid in March are not subject to discount. Delinquent taxes on real property bear interest at 18% per year. All unpaid taxes are delinquent on April 1 following the year in which they are assessed. On or about May 31 following the tax year, certificates are sold for all delinquent taxes on real property. Application for a tax deed on any unredeemed tax certificates may be made to the certificate holder after a period of two years. Unsold certificates are held by the County.

✚ Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Governmental fund inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

✚ Restricted Assets

The use of certain assets are restricted in accordance with debt covenants and agreements with various parties (e.g., customer deposits for marina storage rentals). Assets so designated are identified as restricted assets on the statement of net position.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 1: Continued

+ Capital Assets

Capital assets, which include land, buildings, improvements, vehicles and equipment and construction in progress, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as items with an individual cost of \$5,000 or more, used in operations, with an initial life of two or more years. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase for business-type activities is included as part of the capitalized value. There was no capitalized interest for the fiscal year ended September 30, 2018.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

<u>Depreciable Assets:</u>	<u>Years:</u>
Buildings	10 – 50
Improvements	3 – 50
Infrastructure	2 – 50
Intangible	2 – 10
Vehicles and Equipment	2 – 20

+ Compensated Absences

It is the City’s policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vested or accumulated vacation leave is recorded as an expense and liability of the appropriate fund as the benefits accrue to employees. No liability is recorded for the non-vesting accumulating right to receive sick pay benefits; however, a liability is recognized for that portion estimated to be paid at separation.

The enterprise funds report 100% of compensated absence liability in both the government-wide and the proprietary fund statements, because it is accrued when incurred. The General Fund reports 100% of the amount due in the government-wide statements because it is accrued when incurred, but only the amount the City estimates to be due and payable as of the balance sheet date is recorded as a liability in the governmental fund statements. The remaining amount is presented as assigned fund balance. The City estimates 10% of compensated absences will become due and payable within one year.

+ Accrued Liabilities and Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 1: Continued

✚ Net Position/Fund Balance

Net Position

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is presented in three components – net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any external bonds, notes or other borrowings attributable to the acquisition, construction or improvement of those assets. This component does not include the portion of debt attributable to the unspent proceeds.

Restricted consists of amounts that have constraints placed on them either externally by third parties (e.g., creditors, grantors, and contributors) or by law through constitutional provisions or enabling legislation.

Unrestricted consists of net position that does not meet the definition of “net investment in capital assets” or “restricted.”

Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy, based primarily on the extent to which the City is bound to honor constraints placed upon available balances. Fund balance is reported in five classifications: nonspendable, restricted, committed, assigned, and unassigned.

Nonspendable includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted consists of amounts that have constraints placed on them either externally by third parties (e.g., creditors, grantors, and contributors) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation.

Committed includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision making authority. Commitments may only be adopted, amended, and rescinded via Resolution by the Board of Commissioners.

Assigned includes amounts that are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed because they are supported by management’s intent rather than a formal action of the Board of Commissioners.

Unassigned can only be found in the General Fund. It represents the residual amount of fund balance not contained in the other classifications.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 1: Continued

The fund balance policy adopted by the Board of Commissioners in September 2015 establishes expectations with respect to several aspects of managing and utilizing fund balances:

1. The City shall maintain a committed fund balance for the purpose of emergency storm response (e.g., flood or hurricane) equivalent to at least 33% of General Fund operating expenditures. In the event such fund balance is drawn upon, the City shall seek to restore the committed balance as soon as is practicable and in no event later than five years subsequent to the initial emergency response.
2. In addition to the committed fund balance reserve, minimum unassigned fund balance shall be 16.67% (i.e., two months) of annual General Fund operating expenditures.
3. The City shall utilize funds in the following spending order: restricted; committed; assigned; unassigned.
4. In the case of an anticipated budget shortfall, the City may choose to balance its annual budget by assigning a portion of existing unassigned balance, or by reassigning funds in an amount no greater than the projected deficit.

 **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

(This space left blank intentionally)

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 2: Stewardship, Compliance and Accountability

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all funds. All annual appropriations lapse at fiscal year-end. The appropriated budget is adopted by fund and department. The legal level of budgetary control is at the department level, since the City Manager may transfer funds between line items within a department. The City cannot legally exceed the budget; however, at any time during the year, the Board of Commissioners may, by Resolution, transfer part or all of any unencumbered appropriation balance between departments or funds. The Board of Commissioners may also amend the adopted budget to provide supplemental appropriations or to revise budgeted estimates.

✚ Budget amendments

Supplemental appropriations to major governmental funds were authorized by the Board of Commissioners as follows:

	General Fund			Debt Service Fund		
	Adopted Budget	Amendments	Final Budget	Adopted Budget	Amendments	Final Budget
Revenue	\$9,967,500	\$ 3,257,313	\$13,224,813	\$1,417,200	\$ 1,263,154	\$2,680,354
Expenditures	9,868,300	4,797,367	14,665,667	1,153,500	1,263,154	2,416,654
Net	99,200	(1,540,054)	(1,440,854)	263,700	-	263,700

Local Option Sales Tax Fund			
	Adopted Budget	Amendments	Final Budget
Revenue	\$430,000	\$ -	\$ 430,000
Expenditures	410,000	105,568	515,568
Net	20,000	(105,568)	(85,568)

✚ Purchase obligations

Encumbrance accounting is employed in governmental funds. Encumbrances outstanding at year end are reported as “purchase obligations” on the governmental funds balance sheet. Such balances do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent fiscal year. Encumbered balances are disclosed in the table below.

	General Fund	Debt Service Fund	Non-major Governmental Funds
Encumbered as of 9/30/18	\$2,982,519	\$ -	\$570

(This space left blank intentionally)

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 3: Detailed Notes on All Funds

B. Deposits and Investments

As of September 30, 2018, the City had the following cash and investment balances:

	Balance	Percentage
Cash (bank deposits and petty cash)	\$ 6,294,180	35.5%
Money market funds	9,920,967	56.1%
Florida local government surplus fund	184,707	1.0%
Certificates of deposits	1,297,504	7.4%
Total	\$ 17,697,358	100.0%

The carrying amount of the City’s operating cash deposits was \$6,266,881 and the bank balance was \$6,383,599. Operating cash deposits were covered by Federal Depository Insurance.

The City adopted a new investment policy on September 8, 2015, defining investment objectives, standards of prudence, maturity guidelines, liquidity requirements, and performance measurements. Authorized investments prescribed by the policy are listed in Note 1. The investment policy is designed to address the following risk factors:

✚ Interest Rate Risk

Fixed income securities expose the City to the risk of prevailing interest rate changes. The City’s investment policy provides for this risk by requiring a maximum maturity of two years with respect to certificates of deposit and 5.5 years for U.S. Treasuries. As of September 30, 2018, the weighted average maturity of Florida PRIME investments was 72 days.

✚ Credit Risk

Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to fulfill its obligations. The selection of banking and investment institutions exposes the City to the possibility of default by external parties. To mitigate credit risk, the City holds all investments on deposit with members of the State of Florida Collateral Pool, which maintains the ability to assess banking institutions for collateralized assets in the event of default.

The City invests only in money market funds and local government investment pools with the highest credit quality ratings. As of September 30, 2018, the City held assets in one local government investment pools, which was rated AAAm by Standard and Poor’s.

✚ Custodial Risk

All cash and securities are held in the name of the City of Madeira Beach and are insured by FDIC or collateralized via the State of Florida Qualified Public Depository Program.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 3: Continued

✚ Concentration Risk

Concentration risk refers to the risk of loss resulting from over-exposure to a specific security or asset class. The City’s investment policy addresses concentration risk by requiring maximum allocations to specific investment sectors and issuers. The City was slightly over-concentrated in money market funds as of September 30, 2018:

Authorized Sector	Maximum Allocation	Actual Allocation
Cash	N/A	35.5%
Money market funds	50%	56.1%
Florida local government surplus fund	50%	1.0%
Certificates of deposit	50%	7.4%
U.S. Treasury	100%	0%
		100.0%

✚ Fair Value Measurement

Generally accepted accounting principles establish a fair value hierarchy ranking the quality and dependability of data used as inputs to generate a fair value price for portfolio securities. The City’s assets are valued based on Level 1 and Level 2 inputs.

	Level 1(a)	Level 2(b)	Total
Cash	\$ 6,294,180	\$ -	\$ 6,294,180
Money market funds	9,920,967	-	9,920,967
Florida local government surplus fund	-	184,707	184,707
Certificates of deposits	1,297,504	-	1,297,504
	\$ 17,512,651	\$ 184,707	\$ 17,697,358

(a) Level 1 inputs are quoted prices in active markets for identical assets.

(b) Level 2 inputs are quoted prices for similar assets in active markets. Level 2 assets are valued at amortized cost.

B. Receivables

The City has provided an allowance for potentially uncollectible accounts. Accounts receivable are reflected net of the allowance. The General Fund allowance of \$835 has been estimated by management. The Sanitation and Stormwater Funds each include an estimated uncollectible balance of 5% for unbilled accounts receivable. The total enterprise fund allowance is \$14,690.

(This space left blank intentionally)

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 3: Continued

As of September 30, 2018, \$1,032,716 was due to the City from other governments. Anticipated proceeds from the Department of Emergency Management relate to the City's participation in the FEMA Flood Mitigation Assistance Program, while the Southwest Florida Water Management District balance represents the first installment of grant revenue. State of Florida and Pinellas County balances pertain to revenue sharing agreements and utility billing payments.

Due from:	Governmental Activities	Business-type Activities
Pinellas County	\$ 101,787	\$ 283,084
State of Florida	43,741	--
Department of Emergency Management	179,104	--
Southwest Florida Water Management District	--	425,000
	\$ 324,632	\$ 708,084

C. Advances to/from

The General Fund loaned \$500,000 and \$625,000 to the Marina Fund in fiscal year 2011 and 2017, respectively, for construction of a recreational and commercial fishing retail center known as the Ship Store and for Marina Dock Improvements. The loans are scheduled to be repaid over 20 years at an interest rate of 1.5%. The balance as of September 30, 2018 was \$835,196 and is reflected as an internal balance on the statement of net position and as an advance to/from other funds in the fund financial statements.

D. Deferred Outflows/Inflows of Resources

The statements of net position and the governmental funds balance sheet include deferred outflows presented with assets, and deferred inflows presented with liabilities. Deferred outflows consist of transactions that consume resources but do not relate to the current accounting period; likewise, deferred inflows represent acquisitions of resources relating to a future period. As of September 30, 2018, deferred inflows and outflows included the following:

Deferred Outflows:	Deferred Inflows:
Unamortized bond discount	Contractual payments received prior to FY 2019
Net pension liability adjustments	Business tax receipts received prior to FY 2019
	Rental inspection receipts received prior to FY 2019
	Net pension liability adjustments

(This space left blank intentionally)

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 3: Continued

Depreciation expense was charged to activities of the City as follows:

Governmental activities:	
General government	\$ 464,085
Physical environment	97,811
Public safety	179,223
Culture and recreation	652,467
Parking enforcement	53,624
Total depreciation expense - governmental activities	\$ 1,447,210
Business-type activities:	
Sanitation	\$ 111,057
Stormwater	179,884
Marina	149,452
Total depreciation expense - business-type activities	\$ 440,393
Total depreciation expense	\$ 1,887,603

F. Construction Commitments

As of September 30, 2018, the City had contracts in place for the following projects:

	General Fund	Stormwater Fund
Gulf Blvd improvements	\$ 2,812,070	\$ -
Transient docks	30,463	-
Stormwater improvements	-	211,919

G. Long-term Liabilities

The City's long-term liabilities are comprised of outstanding debt, compensated absences, and other post-employment benefits.

Debt

1. Capital Improvement Revenue Bonds, Series 2013: Issued in October 2013 in the amount of \$4,760,000 to finance the construction of the City Centre project, including reconstruction of the City Hall, Recreation Center, Fire Station, and park amenities located at or near 300 Municipal Drive. Serial bonds in the amount of \$1,020,000 with interest rates from 3.00% to 3.50% payable semiannually October 1 and April 1, due in annual principal installments from \$90,000 to \$115,000 from October 1, 2014 to October 1, 2023. Term bonds in the amount of \$3,740,000 with interest rates from 4.00% to 5.00% payable semiannually on October 1 and April 1, due in annual principal installments from \$120,000 to \$285,000 from October 1, 2024 to October 1, 2043. Pledged revenue: public services tax, half-cent sales tax, franchise fees, and state revenue sharing.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 3: Continued

2. Interlocal Payments Revenue Bond, Series 2014: Issued in November 2014 in the amount of \$3,010,000 to finance undergrounding of utilities on Gulf Boulevard. Serial bond with interest rate of 1.43% payable semiannually May 1 and November 1, due in annual principal installments from \$190,000 to \$1,704,000 from November 1, 2015 to November 1, 2018. Pledged revenue: Pinellas County reimbursement revenue per interlocal agreement.

3. Stormwater System Revenue Bond, Series 2015: Issued in August 2015 in the amount of \$6,200,000 to finance improvements to the stormwater system. Serial bond with interest rate of 2.59% payable semiannually April 1 and October 1, due in annual principal installments from \$341,000 to \$488,000 from October 1, 2015 to October 1, 2030. Pledged revenue: drainage fee gross revenues, with a backup covenant to budget and appropriate non-ad valorem revenues.

4. Infrastructure Sales Surtax Revenue Note, Series 2016: Issued in February 2016 in the amount of \$725,000 to finance the acquisition of a fire apparatus (ladder truck). Serial note with interest rate of 1.59% payable semiannually June 1 and December 1, due in annual principal installments from \$53,000 to \$90,000 from June 1, 2016 to December 1, 2019. Pledged revenue: local option sales tax.

5. Capital Improvement Refunding Revenue Bond, Series 2018: Issued in June 2018 in the amount of \$1,297,000 to currently refund the Interlocal Payments Revenue Bonds, Series 2014 and pay the associated cost of issuance. Serial bond with interest rate of 3.25% payable semiannually May 1 and November 1, due in annual principal installments from \$312,000 to \$339,000 from November 1, 2018 to November 1, 2021. Pledged revenue: covenant to budget and appropriate annual debt service from non-ad valorem revenues.

Annual debt service requirements to maturity for long-term debt, gross of discounts, are as follows:

Year Ending September 30,	Governmental Activities		Business-type Activities

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 4: Employee Retirement Systems and Pension Plans

A: Florida Retirement System

General employees hired before January 1, 1996 and all firefighters, regardless of date of hire, participate in the Florida Retirement System (“System”), a cost-sharing multiple employer public employee retirement system administered by the State of Florida Department of Management Services, Division of Retirement, to provide retirement and survivor benefits to participating public employees. Chapter 121, *Florida Statutes*, establishes the authority for participant eligibility, contribution requirements, vesting eligibility and benefit provisions.

For general employees in the Regular Class, the System provides vesting of benefits after the member completes six (6) years of creditable service and attains age 62, or completes 30 years of creditable service, regardless of age, which may include a maximum of 4 years of military service credit as long as such credit is not claimed under any other system.

For firefighters in the Special Risk Class, the System provides vesting of benefits after the member completes 6 or more years of creditable service in the Special Risk Class and attains age 55; completes 25 years of creditable service in the Special Risk Class, regardless of age; or completes 25 years of creditable service and attains age 52, which service may include a maximum of 4 years of military service credit as long as such credit is not claimed under any other system and the remaining years are in the Special Risk Class.

Early retirement benefits may also be provided; however, there is a reduction in benefits for each year prior to normal retirement. Generally, membership is compulsory for all full-time and part-time employees. Presently, the System requires a 3.00% contribution from covered members in the regular and special risk classes. The employer’s statutory contribution rates as a percent of earnings were as follows:

Pension Contribution Rates	10/1/2017- 6/30/2018	7/1/2018- 9/30/2018
Regular employees	7.92%	8.26%
Special Risk (i.e., firefighters)	23.27%	24.50%
Deferred Retirement Option Program (DROP)	13.26%	14.03%

The Florida Legislature continued the uniform contribution rate system under which participating employers make uniform contributions to support both the FRS Pension Plan and the FRS Investment Plan. Under this system, employers contribute based upon blended rates determined as a percentage of the total payroll for each class or subclass of FRS membership, regardless of which retirement plan individual employees may elect.

(This space left blank intentionally)

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 4: Continued

Employer contribution rates for regular and special risk employees include the 1.66% Health Insurance Subsidy (HIS) contribution rate and the 0.06% assessment for administering the FRS Investment Plan and funding an educational component of the FRS. The DROP rate includes the HIS contribution, but the administrative/educational fee for the FRS Investment Plan does not apply to DROP participants.

Contributions required and made to the System for City employees were as follows:

Fiscal Year Ended	Required Contribution	Percent Contributed
9/30/2018	\$ 195,955	100%
9/30/2017	185,013	100%
9/30/2016	186,763	100%

For a stand-alone report of the Florida Retirement System, contact the Department of Management Services, Division of Retirement, P.O. Box 9000, Tallahassee, Florida 32315-9000.

During the fiscal year, the System held no securities issued by the employer.

✚ Pension Liabilities and Pension Expense

The City's net pension liability as of June 30, 2018 was based on an actuarially-determined proportionate share of 0.006127095% for the FRS Plan component and 0.0032580920% for the HIS Plan component.

Proportionate Share of Net Pension Liability	FRS	HIS	City Total
As of June 30, 2018	\$1,845,513	\$344,840	\$2,190,353
As of June 30, 2017	\$1,858,138	\$351,450	\$2,208,951

The City recognized pension expense of \$124,603 and \$7,051 for the FRS and HIS Plan components, respectively.

✚ Deferred Outflows/Inflows of Resources Related to Pension

FRS Plan Component	Deferred Outflows	Deferred Inflows
Differences between expected and actual experience	\$ 156,343	\$ 5,675
Changes in assumptions	602,986	-
Net difference between projected and actual earnings on investments	-	142,450
Changes in proportion and differences between City contributions and proportionate share of contributions	106,586	100,066
Contributions subsequent to the measurement date	50,079	-
	\$ 915,994	\$ 248,191

September 30, 2018

Note 4: Continued

HIS Plan Component	Deferred Outflows	Deferred Inflows
Differences between expected and actual experience	\$ 5,279	\$ 586
Changes in assumptions	38,350	36,459
Net difference between projected and actual earnings on investments	208	-
Changes in proportion and differences between City contributions and proportionate share of contributions	13,237	11,663
Contributions subsequent to the measurement date	4,792	-
	\$ 61,866	\$ 47,708

✚ Pension Expense

The deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability in the fiscal year ending September 30, 2018. Other amounts related to deferred outflows and inflows of resources will be recognized as pension expense as follows:

Fiscal year ending September 30,	FRS component (1)	HIS component (2)
2019	\$ (14,677)	\$ (842)
2020	9,389	(842)
2021	19,744	1,785
2022	953	2,673
2023	(7,186)	273
Thereafter	\$ 609,451	\$ 6,319

- (1) Per audited Florida Retirement System schedule (Exhibit D) provided to participating agencies for allocation purposes
- (2) Per audited Florida Retirement System schedule (Exhibit D) provided to participating agencies for allocation purposes

✚ Net Pension Liability

	FRS component	HIS component
City's proportionate share of Total Pension Liability	\$ 11,722,199	\$ 351,451
City's proportionate share of Plan Fiduciary Net Position	(9,876,686)	(6,611)
City's proportionate share of Net Pension Liability	1,845,513	344,840
Plan Fiduciary Net Position as a Percentage of the Total Net Pension Liability	84.26%	1.88%

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 4: Continued

✚ Change in Net Pension Liability

	FRS component	HIS component
Beginning balance – City’s proportionate share	\$ 1,858,138	\$ 351,451
Service cost	148,520	8,421
Interest on total pension liability	787,205	12,697
Effect of economic/demographic gain or loss	124,693	(9,948)
Employer contributions	(174,617)	(17,669)
Member contributions	(45,731)	(8)
Net investment income	(853,931)	(109)
Administrative expense	1,236	5
Ending balance – City’s proportionate share	\$ 1,845,513	\$ 344,840

✚ Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions:

	FRS component	HIS component
Valuation date	July 1, 2018	July 1, 2018
Measurement date	June 30, 2018	June 30, 2018
Inflation	2.60%	2.60%
Salary increases	3.25%, average, includes inflation	3.25%, average, includes inflation
Investment rate of return	7.00%, net of expense, includes inflation	3.87%, Municipal Bond Rate
Mortality tables	Generation RP-2000 with Projection Scale BB tables	Generation RP-2000 with Projection Scale BB tables
Discount rate	7.00%	3.87%

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013. The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead was based on a forward looking capital market economic model. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption was based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized on the following table.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 4: Continued

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1%	2.9%	2.9%	1.8%
Fixed income	18%	4.4%	4.3%	4.0%
Global equity	54%	7.6%	6.3%	17.0%
Real estate	11%	6.6%	6.0%	11.3%
Private equity	10%	10.7%	7.8%	26.5%
Strategic investments	6%	6.0%	5.7%	8.6%
Total	100.00%			
Assumed Inflation – Mean			2.6%	1.9%

(1) As outlined in the Pension Plan’s Investment Policy

For the year ended June 30, 2018, the annual money-weighted rate of return on FRS pension plan investments, net of pension plan expense was 9.28%

✚ Sensitivity Analysis

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:

The following table represents the City’s proportionate share of the net pension liability calculated at the respective discount rates and the proportionate share using a rate 1% less than and 1% more than the current rate.

FRS Plan Component: City’s Proportionate share of net pension liability	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
FRS Component	\$ 3,368,138	\$ 1,845,513	\$ 580,882

HIS Plan Component: City’s Proportionate share of net pension liability	1% Decrease (2.87%)	Current Discount Rate (3.87%)	1% Increase (4.87%)
HIS Component	\$ 392,753	\$ 344,840	\$ 304,902

Net pension liability	1,845,513	344,840	2,190,353

B. General Employee 401(a)

The City maintains a single-employer defined contribution plan for all general employees and elected officials hired after January 1, 1996. This is a tax-qualified plan pursuant to section 401(a) of the Internal Revenue Code. This plan was established by Resolution 98.20. Amendments to the plan provisions or contribution requirements may be made by resolution.

The plan, administered by the ICMA Retirement Corporation, provides for the employer to contribute 9% of earnings. Employees are not required to contribute to this plan; however, each employee directs the investment of his or her account. Employees are eligible to participate immediately upon hire, and the vesting schedule provides for employees to be fully vested after five years of service, or upon reaching the plan retirement age of 65 while employed by the City. The plan permits distributions of the vested amount for retirement, death, disability, hardship or direct rollover to another eligible retirement plan. For the year ended September 30, 2018, employer contributions required and made totaled \$161,646 and covered payroll totaled \$1,889,174.

Participation in the plan at September 30, 2018 was as follows:

Years of Service	Percent vested	Number of employees
5 or more	100%	11
4	0%	4
3	0%	7
2	0%	4
1	0%	7
0	0%	9

The City also maintains a defined contribution plan for the Senior Management Class, which includes the City Manager. This is a tax-qualified plan pursuant to section 401(a) of the Internal Revenue Code and is administered by the ICMA Retirement Corporation. This plan was established by Resolution 96.02. Amendments to the plan provisions or contribution requirements may be made by resolution. It provides for the employer to contribute 12% of the City Manager’s base salary. The City Manager is eligible to participate immediately upon employment and is immediately vested. The City has designated a retirement age of 62 for this plan. Distributions of the vested amount for retirement, death, disability, hardship or direct rollover to another eligible retirement plan are permitted.

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 4: Continued

C. Deferred Compensation

The City offers its employees a choice of two deferred compensation plans created in accordance with Internal Revenue Code Section 457(b). The plans, which are available to all City employees, permit the deferral of salary until future years. The deferred compensation is not available to employees until termination, retirement, death or other unforeseen non-reimbursed emergency. Limited loan provisions are available under the terms and conditions of the respective plans. Because all assets of the plans must be held in trust for the exclusive benefit of plan participants and their beneficiaries and the plan is administered by a third party, these plans are not accounted for in the City's financial statements.

Note 5: Other Post-Employment Benefits (OPEB)

The City does not provide any postretirement health care or life insurance benefits for employees. As mandated by Chapter 112.0801, *Florida Statutes*, retirees and their eligible dependents are offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost that is no more than the premium cost applicable to active employees. The entire premium cost is paid by the retirees.

The City implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, in the fiscal year ended September 30, 2018. Even though the City does not provide any postretirement health care or life insurance benefits for employees, there is an implicit rate subsidy because retirees are able to purchase insurance coverage at the same premium cost applicable to active employees. This practice creates a Total OPEB liability based on the theory that retirees have higher utilization of health care benefits than active employees, and the retirees are therefore subsidized by the active employees. This liability must be actuarially determined and recognized in the financial statements. The latest actuarial report used by the City was the September 30, 2018 actuarial date.

 **Plan Description**

The City administers a single-employer defined benefit healthcare plan that provides medical and dental coverage to retirees as well as their eligible spouses. Benefits are provided through the City's group health insurance plan, which covers both active and retired members.

Number of Covered Participants:

Active	55
Retired	1
Eligible	0
Spouses	11
Total	67

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 5: Continued

✚ Funding Policy

For all retired employees, the employee contributes 100% of the active premium rate and may also purchase spouse coverage at the active premium rate. The City does not contribute any amount. Plan provisions and contribution requirements are established and may be amended by the City Manager. The postretirement medical and dental benefits are funded on a pay-as-you go basis (i.e., as benefits are paid). No assets have been segregated and restricted to fund postretirement benefits. No trust or agency fund has been established for the plan.

✚ Change in Total OPEB Liability

The City's Total OPEB liability is calculated using the alternative measurement method permitted by GASB Statement No. 75 for employers with fewer than one hundred total plan members. The following table shows the changes in the City's Total OPEB liability:

Description	Calculated amount
Beginning Balance	\$ 69,636
Service Cost	4,368
Interest on Total OPEB liability	518
Effect of plan changes	-
Effect of economic/demographic gains (losses)	(16,649)
Effect of assumption changes	(15,060)
Benefit payments	-
Employer contributions	-
Employee contributions	-
Net investment income	-
Administrative expenses	-
Ending Total OPEB liability	\$ 42,813

The assumptions used in the valuation include:

- Payroll growth rate: 1%
- Employer investment return: 0%

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 5: Continued

✦ Total OPEB liability

As of September 30, 2018, the latest valuation date, the Total OPEB liability for benefits was \$42,812, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$2,942,881 and the Total OPEB liability to the covered payroll was 1.45%. The measurement date for the Total OPEB liability was September 30, 2018.

Changes in assumptions reflect a change in the discount rate from .700% for the reporting period ended September 30, 2017 to 3.25% for the reporting period ended September 30, 2018.

The City elected not to perform a GASB 75 valuation for September 30, 2017 as the amount of any potential restatement to beginning net position is deemed to be not significant.

✦ Sensitivity Analysis

Sensitivity of the Total OPEB liability to changes in the discount rate: The following presents the Total OPEB liability of the City, as well as what the City's Total OPEB liability would be if calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate.

	Decrease 1% 2.25%	Baseline 3.25%	Increase 1% 4.25%
Total OPEB liability	\$ 48,019	\$ 42,813	\$ 38,831

Sensitivity of the Total OPEB liability to changes in the Healthcare Cost Trend Rates: The following presents the Total OPEB liability of the City, as well as what the City's Total OPEB liability would be if calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the healthcare cost trend rates.

	Decrease 1% 2.00% - 6.60%	Baseline 3.00 - 7.60%	Increase 1% 4.00% -8.60%
Total OPEB liability	\$ 39,805	\$ 42,813	\$ 46,177

There were no deferred outflows or inflows related to the City's plan.

Note 6: Other Information

A. Risk Management

During the ordinary course of its operations, the City is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City does not retain risk. Commercial insurance coverage is maintained in amounts management feels is adequate to protect and safeguard the assets of the City. In the opinion of the City's

CITY OF MADEIRA BEACH, FLORIDA

Notes to Financial Statements

September 30, 2018

Note 6: Continued

management and legal counsel, legal claims and litigation are not anticipated to have a material impact on the financial position of the City. The amount of insurance settlements has not exceeded insurance coverage for any of the past three fiscal years.

B. Contingent Liabilities

The City participates in several programs that are fully or partially funded by grants received from state, county or federal governmental agency sources. Expenditures financed by grants are subject to audit by the appropriate grantor government or agency. If expenditures are disallowed due to non-compliance with grant program regulations, the City may be required to reimburse the grantor. As of September 30, 2018, the City believes that disallowed expenditures discovered in subsequent audits, if any, will not have a material effect on any of the individual funds or the overall financial position of the City.

C. Subsequent Events

The City has evaluated whether any events have occurred subsequent to September 30, 2018 and before the issuance of the financial statements that would have an impact on the City's financial condition as of September 30, 2018 or would influence the conclusions reached by a reader of the financial statements regarding the City's overall financial condition. Management has evaluated such events through April 18, 2019 which is the date the financial statements were available to be issued and determined there were no events that should be disclosed.

EXPLANATION OF DIFFERENCES BETWEEN BUDGETARY INFLOWS AND
OUTFLOWS AND GAAP REVENUES AND EXPENDITURES
SOURCES/INFLOWS OF RESOURCES

Actual amounts (budgetary basis) "available for appropriation" from the budgetary comparison schedule.	\$ 9,675,237
Differences - budget to GAAP:	
Interfund loan repayment	(83,092)
Interfund transfers are inflows of budgetary resources not revenues for financial reporting purposes.	(1,297,000)
Proceeds from the sale of capital assets are inflows of budgetary resources not revenues for financial reporting purposes.	(3,960)
Total revenues as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	<u>\$ 8,291,185</u>

USES/OUTFLOWS OF RESOURCES

Actual amounts (budgetary basis) "total charges to appropriations" from the budgetary comparison schedule.	\$ 9,306,483
Differences - budget to GAAP:	
Payment of Marina interfund loan applied to principal	(83,092)
Cost of debt issuance	(32,754)
Interfund transfers are outflows of budgetary resources not expenditures for financial reporting purposes.	(2,215,810)
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	<u>\$ 6,974,827</u>

Section V

Statistical Section

Statistical Section

The City's ability to maintain its current financial position depends largely on its broader environment. The extent to which various trends are moving in favorable or unfavorable directions impacts the alternatives available to the City in managing its resources. Of particular concern are the following factors:

- Financial trends, such as changes in financial position from one year to the next
- Revenue capacity, including the City's ability to manage its most significant own-source revenue
- Debt capacity, particularly with respect to any limiting factors
- Socioeconomic data, which help define the context in which the City operates
- Operating indicators defining the nature and extent of the City's service levels

Statistical schedules are provided to help illustrate the resulting economic condition created by these factors:

Financial trend schedules – beginning on page 66
Revenue capacity schedules – beginning on page 71
Debt capacity schedules – beginning on page 75
Socioeconomic schedules – beginning on page 78
Operating schedules – beginning on page 80

Source:
Pinellas County Property Appraiser

Notes:
1) "County" includes Pinellas County's General Fund, Health Department and Emergency Medical Services (EMS) millage rates. The EMS millage rate is assessed only on Real Property.
2) "Other" includes Pinellas County Planning Council, Juvenile Welfare Board and Southwest Florida Water Management District.
Overlapping rates are those of local and county governments that apply to property owners within the City of Madeira Beach.
Chapter 200.081, Florida Statutes, limits the operating millage that may be levied to 10 mills.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL
 AWARDS AND STATE FINANCIAL ASSISTANCE

Basis of Accounting: Federal awards and State financial assistance programs for the City of Madeira Beach, Florida (the City) are accounted for in the Statement of Activities as operating and capital grants; in the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds as intergovernmental revenues; and in the Statement of Revenues, Expenditures and Changes in Net Position - Business Type Activities - Enterprise Funds as capital grants and contributions, as applicable. The above schedule of expenditures of federal awards and state financial assistance has been prepared on the same basis of accounting as the financial statements of the City of Madeira Beach.

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor and Board of Commissioners
City of Madeira Beach, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Madeira Beach, Florida (the City) as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 18, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control that we consider to be a significant deficiency.

2018-01 – Building Permit Surcharge fees

CONDITION: The system used for calculating building permit charges had an incorrect rate in its data base resulting in the City not collecting or remitting the Permit Surcharge fee to the State of Florida Department of Community Affairs (DCA).

CRITERIA: The City should have controls in place to ensure building permit fees are properly calculating all applicable fee items.

CAUSE OF CONDITION: During the conversion to new building permit software the rate table was not updated to include the rate for the DCA component.

EFFECT OF CONDITION: The City did not collect or remit the amounts due to the DCA for the Building Permit Surcharge fees in a timely manner.

RECOMMENDATION: The City should have controls in place to test and verify all system rates are being calculated properly and timely remitted to outside agencies, if applicable.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matter that are required to be reported under *Government Auditing Standards*.

2018-01 – Building Permit Surcharge fees

CONDITION: Florida Statute 553.721 requires the collection and remittance of a permit surcharge fee of 1% (1.5% prior to 07/01/17) for each building permit issued to the Florida Department of Community Affairs (DCA).

CRITERIA: The City should collect and remit the permit surcharge fees on a timely basis.

CAUSE OF CONDITION: During the conversion to new building permit software the rate table was not updated to include the rate for the DCA component.

EFFECT OF CONDITION: The City did not collect or remit the amounts due to the DCA for the Building Permit Surcharge fees in a timely manner.

RECOMMENDATION: The City should have controls in place to test and verify all system rates are being calculated properly and timely remitted to outside agencies, if applicable.

City of Madeira Beach, Florida’s Response to Findings

The City’s response to our findings noted above is included in the letter on page 86 within this report. The City’s response was not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FLORIDA

May 14, 2019

The Honorable Sherrill F. Norman, CPA
Florida Auditor General
Claude Pepper Building
Suite G74
111 West Madison Street
Tallahassee, FL 32399-1450

Dear Auditor General Norman,

The City has prepared its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2018. The CAFR includes the Independent Auditor's Report on Internal Control and Compliance and Independent Auditor's Management Letter with findings and recommendations.

The City has addressed the auditor's finding 2018-01 as follows:

CONDITION: The system used for calculating building permit charges had an incorrect rate in its data base resulting in the City not collecting or remitting the Permit Surcharge fee to the State of Florida Department of Community Affairs (DCA).

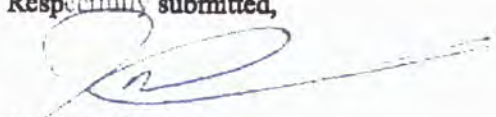

RECOMMENDATION: The City should have controls in place to test and verify all system rates are being calculated properly and timely remitted to outside agencies, if applicable.

CITY RESPONSE/ACTION: Upon discovering that the City was not collecting or remitting the permit surcharge fee to the State of Florida Department of Community Affairs (DCA), City finance staff had the City's Building Official research this issue. The Building Official discovered that no permit surcharge fees were remitted due to a software change in 2012. Further, that there was an incorrect rate in the software system. City finance department staff calculated that \$38,365.74 was due up through December 30, 2018. City finance department staff communicated to DCA that the proper reporting on line would be done and the total amount paid.

The above correction was completed on March 11, 2019 which was prior to the completion of the FY 2018 audit. Going forward, staff has made sure to incorporate the correct rate within the City's fee schedule. Also, documented procedures in place for quarterly submission. Further, there will be periodic testing of rates calculated within the software system.

Should you have any questions or require additional information regarding the City's response/action to the Auditor's finding and recommendation, do not hesitate to contact me.

Respectfully submitted,

Jonathan Evans
City Manager
City of Madeira Beach, Florida

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Honorable Mayor and Board of Commissioners
City of Madeira Beach, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Madeira Beach, Florida, as of and for the fiscal year ended September 30, 2018 and have issued our report thereon dated April 18, 2019.

Auditor's Responsibility

We have conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Reports on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports which are dated April 18, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial report. There were no such items disclosed in the preceding annual financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The City of Madeira Beach, Florida, a municipal corporation, was established in 1947 under Chapter 51-276876, Laws of Florida. The City of Madeira Beach, Florida includes no component units.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City of Madeira Beach, Florida has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City of Madeira Beach, Florida, did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City of Madeira Beach, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by the same.

Financial Condition and Management (continued)

Section 10.554(1)(i)(2), Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we would recommend that any time a rate is changed by City Ordinance or Resolution that the Finance Department perform system tests to ensure the appropriate rates are being calculated by the system. We would also recommend that all State statutory fees and charges be reviewed on an annual basis to ensure the appropriate fees are being collected and timely remitted.

Special District Component Units

Section 10.554(1)(i)5.c. Rules of the Auditor General, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that the City had no special district component units.

Additional Matters

Sections 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we noted one finding as follows:

2018-01 – Building Permit Surcharge fees

CONDITION: The system used for calculating building permit charges had an incorrect rate in its data base resulting in the City not collecting or remitting the Permit Surcharge fee to the State of Florida Department of Community Affairs (DCA).

CRITERIA: The City should have controls in place to ensure building permit fees are properly calculating all applicable fee items.

CAUSE OF CONDITION: During the conversion to new building permit software the rate table was not updated to include the rate for the DCA component.

EFFECT OF CONDITION: The City did not collect or remit the amounts due to the DCA for the Building Permit Surcharge fees in a timely manner.

RECOMMENDATION: The City should have controls in place to test and verify all system rates are being calculated properly and timely remitted to outside agencies, if applicable.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, City Commission Members, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT
REGARDING COMPLIANCE REQUIREMENTS IN RULES
OF THE AUDITOR GENERAL 10.556(10)

To the Honorable Mayor and Board of Commissioners
City of Madeira Beach, Florida

We have examined the City of Madeira Beach, Florida's (the City's) compliance with the requirements of Sections 218.415 and 288.8018, Florida Statutes during the year ended September 30, 2018. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City of Madeira Beach, Florida complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2018.

INDEPENDENT AUDITOR'S REPORT
REGARDING RULES OF THE AUDITOR GENERAL 10.557(3)(n)

To the Honorable Mayor and Board of Commissioners
City of Madeira Beach, Florida

We have audited the financial statements of the City of Madeira Beach, Florida (the City) as of and for the year ended September 30, 2018, and have issued our report thereon dated April 18, 2019 which contained an unmodified opinion on those financial statements.

Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Revenues and Expenditures – Deepwater Horizon Oil Spill is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
