Letter of Transmittal

March 15, 2019

Honorable Mayor and Members of the City Council,

State law requires that all general-purpose local governments publish, within 12 months of the close of each fiscal year, a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement the comprehensive Annual Financial Report of the City of Seminole for the Fiscal Year (FY) ended September 30, 2018, is hereby published.

This report consists of management's representations concerning the finances of the City of Seminole. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Seminole has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Seminole's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Seminole's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. The management team asserts that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Seminole's financial statements have been audited by Wells, Houser & Schatzel, P.A., a firm of licensed Certified Public Accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City of Seminole for the fiscal year ended September 30, 2018, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Seminole's financial statements for the fiscal year ended September 30, 2018, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Seminole's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Seminole, incorporated in 1970, is located in the west central part of the state between the cities of Clearwater and St. Petersburg. The City of Seminole currently occupies a land area of five and three tenths (5.3) square miles and serves a population of 18,440. The City of Seminole also provides emergency fire and EMS services to the Pinellas County unincorporated fire district with an estimated population of 66,778 resulting in an estimated total fire and EMS service population of 85,218. The City of Seminole is also a member of the Pinellas County Library Cooperative and makes library services available to residents from all of Pinellas County. Police protection, including Community Policing and School Crossing Guards, is supplied through a contract with the Pinellas County Sheriff's Office. The City of Seminole offers recreation services and special community events to its citizens and surrounding County residents. All other traditional municipal services are offered consistent with those offered by cities of comparable size. The City of Seminole is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by State Statute to extend its corporate limits by annexations which occur when deemed appropriate by the governing City Council.

The annual budget serves as the foundation for the City of Seminole's financial planning and control. All departments of the City of Seminole submit appropriation requests to the City Manager in March each year. The City Manager is required by the City Charter to submit a balanced proposed budget to the City Council by July 1st. The Council is required to hold two public hearings on the proposed budget and adopt a final budget no later than September 30th, the close date of the City of Seminole's fiscal year. The appropriated budget is prepared by fund, department, division and section. A transfer of appropriations from one department to another requires a budget amendment ordinance approved by the City Council. Budget estimates to actual cost comparisons are provided in this report for the general fund for which an appropriated annual budget has been adopted. The general fund comparison is presented on page 57 as part of required supplementary information.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Seminole operates.

Local Economy

As the recovery from the "Great Recession" continues, the City of Seminole continues to see increases in property values and a steady stream of commercial and residential construction projects throughout the City. The end of the downturn resulted in a positive impact on the tax revenues for FY18. Home sales and new construction have shown healthy activity and the financial benefit to the City was felt in FY18. The City anticipates a slowing market over the next few years with incremental property value growth. The State of Florida reported record tourism in 2018 which positively impacts both the City of Seminole and Pinellas County governments. State lawmakers established property tax reductions as a major goal in 2007, 2008 and 2009. As a result of these reforms, in any given year the City may not set a millage rate higher than the rolled-back millage rate without a super-majority vote of the City Council. The Legislature also initiated a Constitutional amendment that was approved in January 2008, that further limited tax revenue. Florida does not collect income tax and is heavily dependent on sales tax collected from consumer spending, which it shares with local governments. The City of Seminole has utilized a broad-based approach to revenue generation, did not overextend its resources during the boom years, and was not as severely impacted as many other cities during the recession. We are also in a good position as we move into a period of growth. In Seminole, we are always looking for ways to get the most for each dollar spent. We are also looking at our user fees to ensure that unincorporated residents pay, to the extent possible, their fair share when they avail themselves to City services.

Long-term Financial Planning

Twenty years ago, the City initiated a very detailed Capital Improvement Plan (CIP) that allocates funds each year over a period of time to fund major infrastructure and equipment needs, as well as their respective replacement. All of the City's existing fleet vehicles, facilities, and infrastructure are updated, as needed, during the annual budget process. The target year of replacement, the projected cost for each item, and an annual funding level is established. These annual funds are put into the Capital Improvement Plan Fund to ensure equipment or capital projects can be funded at the appropriate time with existing funds. This process has enabled the City to purchase high dollar value equipment, land, and fund capital improvements without affecting the operating budget or requiring an increase in the ad valorem tax rate. Utilizing this disciplined process for the past twenty years, the City of Seminole has constructed an Emergency Operations Center, a new Public Works facility, a new fire station, hardened and renovated three existing fire stations, developed three community parks, replaced all of the Fire/Rescue emergency vehicles, completed a traffic island beautification program, renovated/constructed a new recreation center, added restroom facilities in three parks, constructed an aquatics complex, completed roadway improvements, initiated a citywide drainage improvement program and completed a major renovation of the former library building into a "new" City Hall. In FY12, the City purchased a little over eight acres of land with access to the intercoastal waterway to establish Waterfront Park. The City has completed the first two phases of Waterfront Park with additional phases scheduled through FY 2021. All of the above-mentioned projects were or will be completed utilizing the funds available in the CIP Fund, Local Infrastructure Sales Tax (Penny for Pinellas) Fund and grants.

Cash Management Policies and Practices

The City's cash and investment management program involves a theory of keeping principal and interest earnings free from risk and maintaining reasonable liquidity to meet obligations. The investment cash is held at Wells Fargo Bank, SunTrust Bank, Florida Municipal Investment Trust, State Board of Administration, Florida Prime and BB&T in collateralized accounts regulated by the State. The City's investment balance on September 30, 2018, totaled \$16,087,775.

<u>Risk Management</u>

During 2002, the City of Seminole initiated a limited risk management program for workers' compensation. Various control techniques are in place, including employee accident prevention training for all new hires and periodic specialized training for employees based on their risk category. The City's Human Resource Director leads a multi-department Safety Committee which reviews claims and makes recommendations for future risk mitigation/prevention. The Director also reviews quarterly claims reports to ensure that the loss data is up to date and not overstated.

Pension Benefits

The City maintains a single employer, defined benefit pension plan (Firefighters' Pension Chapter 175 Plan) which covers all of its firefighters. The City rejoined the Florida Retirement System (FRS) on March 28, 2006. All future general employees will be in the FRS and current employees were given the option to re-enter the FRS retroactive to their starting date or to remain in the 401(a) plan. The plans also provide disability and survivor benefits. Benefits are determined by category and length of service as follows:

Firefighters' Chapter 175 Retirement Plan

Normal retirement is at age 55 and the completion of 10 years of service, or 25 years of service regardless of age, or attainment of age 62 regardless of the number of years of service; benefit is 3 times number of years of service times the average of highest five years average earnings.

The pension benefit obligations for the firefighters' pension plan is determined as part of an actuarial valuation of the plan for all eligible employees. The City's funding policy is to provide for periodic employer contributions at actuarially determined rates. These rates are expressed as percentages of annual covered payroll which, when combined with employee and state contributions, are designed to accumulate sufficient assets to pay benefits when due.

Florida Retirement System

Defined Benefit Plan

For employees enrolled prior to 7/1/2011: Vesting is attained at six years of service. Normal retirement at the earlier of age 62 and full vesting, 30 years of service regardless of age, or the age after 62 when the employee becomes vested, whichever comes first. Benefit is 1.6 (for general employees) or 2.0

(for executive management) times years of service times the average of highest five years average earnings.

For employees enrolled after 7/1/2011: Vesting is attained at eight years of service. Normal retirement at the earlier of age 65 and full vesting, 33 years of service regardless of age, or the age after 65 when the employee becomes vested, whichever comes first. Benefit is 1.6 (for general employees) or 2.0 (for executive management) times years of service times the average of highest eight years average earnings.

Defined Contribution Plan

Vesting is attained after one year of service. Employee is eligible for all employer and employee contributions and their earnings upon termination of employment.

401(a) Plan

Select senior management positions and employees who elected not to participate in FRS pension plan when the City rejoined in 2006 have this plan type, whereby the City contributes 10% of salary to a self-directed 401(a) Plan. The employee is 25% vested after 2 years, 50% vested after 3 years, 75% vested after 4 years and 100% vested after the fifth year.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Seminole for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2017. This was the 20th consecutive year that the City of Seminole has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both Generally Accepted Accounting Principles (GAAP) and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate for Fiscal Year 2018.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance division and the administration department. We would like to express our appreciation to all staff members who assisted and contributed to the preparation of this report. Credit also must be given to the Mayor and the members of the City Council for their unfailing dedication in maintaining the highest standards of professionalism in the policy development for the City of Seminole's finances.

Respectfully submitted,

Ann Toney-Deal, ICMA-CM City Manager

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor, City Council, and City Manager City of Seminole, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Seminole, Florida, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Seminole, Florida, as of September 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note A and Note M to the financial statements, in the fiscal year ended September 30, 2018, the City adopted the provisions of Government Accounting Standards Board (GASB) Statement Number 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. As a result of the implementation of GASB 75, the City reported a restatement for the change in accounting principle as of October 1, 2017.

500 94th Avenue North · St. Petersburg, Florida 33702-2406 · Phone: (727) 578-1040 · Fax: (727) 578-1041 · Online: www.whspa.com Members: American Institute of Certified Public Accountants · Florida Institute of Certified Public Accountants

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis (pages 3-14) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Seminole, Florida's basic financial statements. The introductory section, combining and individual fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The required budgetary comparison schedule (pages 57-61) and the required pension and postemployment benefits schedules (pages 62-65) are not a required part of the basic financial statements but are required by accounting principles generally accepted in the United States of America.

The budgetary comparison schedule, required pension schedules, combining and individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedule, required pension schedules, and the combining and individual fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Prior Year Comparative Information

The prior year summarized comparative information has been derived from the City's September 30, 2017 financial statements and, in our report dated March 22, 2018, we expressed an unmodified opinion on the basic financial statements.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2019, on our consideration of the City of Seminole, Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Seminole, Florida's internal control over financial reporting and compliance.

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Seminole's discussion and analysis is designed to (a) assist the reader in focusing on significant issues (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position (its ability to address the next and subsequent year challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

Since Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal letter (beginning on page v) and the City's financial statements (beginning on page 16).

HIGHLIGHTS

Financial Highlights

- The City was required to implement GASB Statement No. 75, *Accounting and Financial Reporting for Other Post-Employment Benefits (OPEB)*, for the fiscal year ending 9/30/18. As a result, an actuarial analysis was conducted and found the citywide liability to be \$456,256 as of September 30, 2018.
- The City's net position increased \$1,263,401 (or 2.7%). The change in net position reported in the Statement of Activities before recognizing the prior period adjustment of \$292,230 resulting from the implementation of GASB Statement No. 75 was \$1,555,631. On a government-wide basis, net position is the difference between total assets and deferred outflows of resources compared to total liabilities and total deferred inflows of resources.
- The City was required to implement Governmental Accounting Standards Board (GASB) Statement Number 68, *Accounting and Financial Reporting for Pensions*, during reporting for fiscal year 2015. This has resulted in the City recording a net pension liability for the Firefighters' Pension Trust Fund in the government-wide financial statements in the amount of \$4,545,439 as of September 30, 2018. Additionally, the City has recorded a net pension liability for its proportionate share of the Florida Retirement System (FRS) in the amount of \$4,285,374 as of September 30, 2018.
- The Firefighters' Pension Trust Fund *total* pension liability is 89% funded as of September 30, 2018. The *total* pension liability for the Florida Retirement System, excluding the pay-as-you-go Retiree Health Insurance Subsidy portion, is 84% funded. The overall net pension liability for the City for both retirement plans as of September 30, 2018 is \$8,830,813. This amount represents the cumulative net reduction of the City's net positon as a result of recording the net pension liabilities.
- Total revenues in all funds increased \$64,997 (0.32%) with significant increases in the Transportation Impact Fee Fund and Grants Fund, offsetting a revenue decrease in the General Fund of \$292,863 (-1.59%). Within the General Fund, tax revenues increased

\$468,328 (7.68%) bolstered by an increase in the City's total taxable value; however, this increase was somewhat offset by a decrease in licenses and permit revenue of \$289,219 due to the completion of Seminole City Center.

- Total expenditures in all funds decreased \$846,289 (-4.2%). In the General Fund, expenditures were \$741,384 (4.69%) higher over the prior year. This increase is largely attributed to \$363,747 in unanticipated debris removal and repair expenses due to Hurricane Irma and additional contributions to the fire pension fund.
- The Excess of Revenues Over Expenditures in the General Fund was \$1,565,908, a 39.78% decrease, compared to last year. This decrease is largely attributable to the unanticipated expenditures as a result Hurricane Irma the receipt in 2017 of Pinellas County's share of the new fire station construction that amounted to \$878,248.
- Transfers to the Capital Improvement Fund decreased by \$1,494,223 (-46.19%) over the prior year's levels because one-time 2017 revenues from Pinellas County for the construction of the fire station (as noted above) and \$227,125 of proceeds from the sale of property did not occur in 2018.
- The City's capital asset additions (buildings and improvements, construction and projects in progress, equipment and infrastructure) were \$1,504,360 while current year depreciation of the capital assets totaled \$1,341,538.
- The City's total long-term bonded debt decreased by \$938,228 in 2018. The final payment on the 2014 Revenue Bonds will be made in September 2019 resulting in the City no longer having any long-term bonded indebtedness. The cumulative amount of compensated absences decreased \$39,008 and totaled \$859,671 at year-end.

City Highlights

Preservation of the City's infrastructure has continued to be a goal and priority of the City Council. The City completed a \$146,455 project rehabilitating stormwater conveyance pipes in fiscal year 2018 that was a part of the drainage master plan. An additional \$132,544 was expended on road resurfacing during the fiscal year.

Recreation and greenspace are paramount to delivering a high quality of like for residents. The development of the City's 8-acre waterfront land parcel has continued in fiscal year 2018 with \$38,967 being expended for design and engineering costs. In addition, the final pieces of the new playground were installed at City Park.

The effects of Hurricane Irma, which hit the state of Florida in September 2017, were felt by the City well into fiscal year 2018. The City incurred \$363,747 to remove debris and make repairs to equipment and City assets damaged by heavy winds. While the City was spared from catastrophic damage, the event served as a catalyst to replace generators at City Hall and Fire Station 29 totaling \$254,301.

Finally, the Fire Rescue Department replaced a heavy rescue apparatus in fiscal year 2018 at a cost of \$301,975.

Government-Wide Financial Statements

The government-wide statements (see pages 16 to 19) are designed to be corporate-like in that all governmental activities are consolidated into a column that adds up to a total for the primary government. The focus of the Statement of Net Position (the "Unrestricted Net position") is designed to be similar to bottom line results for the City and its governmental activities. This statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets and long-term obligations.

The Statement of Activities (see pages 18 and 19) is focused on both the gross and net cost of various activities that are supported by the government's general tax and other revenues. This is intended to summarize and simplify the user's analysis of the cost of various governmental services.

The governmental activities in the Statement of Activities reflect the City's basic services, including general government, law enforcement, fire, code enforcement, physical environment, public works, library and recreation. Property taxes, utility service taxes, gas taxes, sales tax and charges for services finance the majority of these services.

Fund Financial Statements

Traditional users of governmental financial statements will find the Fund Financial Statement presentation more familiar. The focus is now on Major Funds, rather than (the previous model's) fund types.

The Governmental Major Fund presentation (see pages 20 to 26) is presented on a sources and uses of liquid resources basis. This is the manner in which the financial plan (the budget) is typically developed. The flow and availability of liquid resources is a clear and appropriate focus of any analysis of a government. Funds are established for various purposes and the Fund Financial Statements allow the demonstration of sources and uses and/or budgeting compliance associated therewith.

The Fund Financial Statements also allow the government to address its Fiduciary Fund (see pages 27 and 28) by type (employee retirement fund). While these Funds represent trust responsibilities of the government, these assets are restricted in purpose and do not represent discretionary assets of the government. Therefore, these assets are not presented as part of the government-wide financial statements.

Infrastructure Assets

The City implemented GASB Statement #34 in fiscal year 2002. Prior to the implementation of this accounting pronouncement, a government's largest group of assets (infrastructure – roads, bridges, traffic signals, and underground pipes) had not been reported or depreciated in governmental financial statements. GASB Statement #34 required that these assets be valued and recorded within the governmental activities column of the government-wide financial statements. Additionally, the government must elect to either (a) depreciate these assets over their estimated useful life or (b) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. The City of Seminole has elected to depreciate their assets over their estimated useful life.

GOVERNMENT-WIDE STATEMENT

Statement of Net Position

The following table reflects a condensed comparative Statement of Net Position as of September 30, 2018.

Table 1Statement of Net PositionAs of September 30

For more detailed information see the Statement of Net Position (pages 16 - 17).

Normal Impacts

There are six basic (normal) transactions that will affect the comparability of the Statement of Net Position summary presentation.

<u>Net Results of Activities</u> – which will impact (increase/decrease) current assets and unrestricted net position.

Borrowing for Capital – which will increase current assets and long-term debt.

<u>Spending Borrowed Proceeds on New Capital</u> – which will reduce current assets and increase capital assets.

<u>Spending of Non-borrowed Current Assets on New Capital</u> – which will (a) reduce current assets and increase capital assets and (b) will reduce unrestricted net position and increase net investment in capital assets.

<u>Principal Payment on Debt</u> – which will (a) reduce current assets and reduce long-term debt and (b) reduce unrestricted net position and increase net investment in capital assets.

<u>Reduction of Capital Assets through Depreciation</u> – which will reduce capital assets and net investment in capital assets.

Current Year Impacts

The second and third transactions above will not directly or indirectly affect the unrestricted net position balance. The remaining basic transactions above directly/indirectly affect the unrestricted net position as indicated in the following schedule. The adjusted results of operation, current assets used for capital, and bond principal payments clearly demonstrate the change in unrestricted net position.

Table 2Change in Unrestricted Net Position

	2018
Unrestricted Net Position 9/30/17	\$ 2,622,944
Results of Operations	1,555,631
Adjustments:	
Restricted - Infrastructure ¹	(758,772)
Restricted - Impact fees ¹	(150,146)
Restricted - Fire equipment ¹	(52,052)
Restricted – Tree and landscape mitigation ¹	(27,125)
Depreciation ²	1,341,538
Un-depreciated cost of assets sold or disposed ²	9,660
Adjusted Results of Operations	1,918,734
Capital Expenditures	(1,504,360)
Principal Payments including refunding	(938,228)
Prior period adjustment – GASB No. 75 –	
Note M – Notes to Financial Statements	(292,230)
Unrestricted Net Position 09/30/18	\$ 1,806,860

¹These adjustments reflect an (increase) decrease in restricted net

position and (decrease) increase in unrestricted results of operations.

² These adjustments are an expense that reduces the results of operations but does not have an impact on unrestricted net position.

Commitments Against Unrestricted Net Position

The Unrestricted Net Position balance is intended to be a corporate-style measure of well being (or a bottom line) for the City and its related governmental activities. While the City Council and the administration (City Manager, Administrative Services Director, Department Heads, etc.) may have made varying commitments against these balances, these choices are subject (and within local discretion) to be revisited and changed. A normal type of commitment is for future capital projects.

It should also be understood that having reasonable levels of reserves is essential to the bond markets' perceptions of local government strength and related ability to utilize private sector styled business practices, and provides for the availability to anticipate interest as a significant annual (recurring) revenue source.

Statement of Activities

The following schedule reflects a condensed comparative Statement of Changes in Net Position as of September 30, 2018.

	2018	2017
Revenues:		
Program revenues:		
Charges for services	\$ 9,154,941	\$ 9,092,543

Net position – end of year	\$ 47,780,868	\$ 46,517,467

TABLE 3Change in Net Position

For more detailed information see the Statement of Activities (pages 18 - 19).

Normal Impacts

There are eight basic impacts on revenues and expenses as reflected below.

Revenues:

Economic Condition – which can reflect a declining, stable or growing economic environment and has a substantial impact on property, sales, gas or other tax revenue as well as public spending habits for building permits, elective user fees and volumes of consumption.

Increase/Decrease in Council approved rates – while certain tax rates are set by statute, the City Council has a significant authority to impose and periodically increase/decrease rates (permitting, impact fee, recreation user fees, etc.)

Changing Patterns in Intergovernmental and Grant Revenue (both recurring and non-recurring) – certain recurring revenues (state revenue sharing, block grant, etc.) may experience significant changes periodically while non-recurring (or one-time) grants are less predictable and often distorting in their impact on year to year comparisons.

Market Impacts on Investment Income – due to varying maturities on the City's investments and the varying nature of the market in general, City investment income may fluctuate from year to year.

Expenses:

Introduction to New Programs –within the functional expense categories (General Government, Law Enforcement, Fire, Code Enforcement, Physical Environment, Public Works, Library, and Recreation) individual programs may be added or deleted to meet changing community needs.

Increase/Decrease in Authorized Personnel – changes in service demand may cause the Council to increase/decrease authorized staffing. Staffing costs (salary and related benefits) represent 58% of the City's General Fund budget.

Salary Increases (cost of living, merit and market adjustment) – the ability to attract and retain human and intellectual resources requires the City to strive to approach a competitive salary range position in the marketplace.

Inflation – while overall inflation appears to be reasonably modest, the City is a major consumer of certain commodities such as chemicals, supplies, fuels and parts. Some functions may experience unusual commodity specific increases.

Current Year Impacts:

Revenues

Year-Over-Year

As previously noted, total revenues in all funds increased \$64,997 (0.32%) with significant increases in the Transportation Impact Fee Fund (due to development) and Grants Fund, offsetting a revenue decrease in the General Fund of \$292,863 (-1.59%).

While total General Fund revenues decreased \$292,863 (-1.59%) in fiscal year 2018, this was anticipated due to the substantial completion of the \$150M Seminole City Center Entertainment and Retail District. The \$289,219 decrease of in one-time building permits and plan review fees were recovered through positive gains in recurring ad valorem property taxes as the properties of Seminole City Center were added to the tax rolls. Net of new construction and annexations, the City saw a healthy 5.97% increase in taxable value for existing properties. Overall ad valorem revenues increased by \$298,983 or 10.43%.

Non-ad valorem taxes such as utility taxes, franchise fees and the communications services tax revenues saw a 5.25% increase in fiscal year 2018 over the prior year, with communications services tax continuing its slow decline.

The City's intergovernmental revenues decreased \$820,054 in fiscal year 2018 which represents a 25.5% decrease. The decrease was largely due to the one-time FY 2017 revenue of \$898,248 from Pinellas County for their portion of the reconstruction of Fire Station #32.

Charges for service increased 2.93% or \$231,291 overall. The City supplies Fire/EMS protection to a large unincorporated area surrounding the City. Pinellas County contributes 100% of EMS costs and approximately 70% of fire service costs for the City to provide these services to the unincorporated area. Fire protection service revenue for the unincorporated service area increased \$107,634 (2.47%) and EMS fees increased \$103,179 (4.73%) over prior year actuals.

Budget to Actual

Total General Fund revenues were 6.88% higher than final budgeted levels, yielding an additional \$1,134,779. Taxes, intergovernmental and miscellaneous revenues comprised the majority of those overages. Current and delinquent ad valorem revenue was \$22,948 higher than budgeted levels. Franchise fees and utility taxes yielded \$217,789 in budget overages. These revenues are based on consumption and are budgeted conservatively because weather patterns are unpredictable.

Intergovernmental revenues, such as the one-half cent sales tax and a statewide sales tax revenue sharing, are signs of economic health and cannot always be predicted in advance. The one-half cent sales tax revenues were \$182,042 over budget and state sales tax revenue sharing was \$109,888 over budgeted levels. These revenues reflect a record year of tourism within the State of Florida.

Within miscellaneous revenues, investment income was \$98,729 over budgeted levels, reflecting a positive year for City investments. In addition, other income was \$116,936 over budget, of which \$79,207 was due to unusually high insurance proceeds due to Hurricane Irma cost recovery.

Expenses

Year-Over-Year

As previously noted, citywide expenses in all funds decreased \$846,289 or 4.29% over 2017 levels. The overall decrease in all funds was a result of decreased spending in the CIP Fund of \$1,875,065, which offset General Fund increases in expenditures. Fiscal year 2017 was an usually high year for CIP Fund expenses due to the reconstruction of Fire Station #32 and site preparation at Waterfront Park. These were one-time costs in 2017 that resulted in a significant decrease in spending for 2018.

General Fund expenses, net of transfers, increased by \$741,384 in fiscal year 2018 which represents a 4.69% increase over 2017. The largest contributor to the increase is the expenditure of \$376,670 on Hurricane Irma related expenses in the Administration Department. Total public safety expenses also rose \$293,179 due to a 2.39% increase in the contracted rate for law enforcement services to the Pinellas County Sherriff's Office. Additionally, there was a 5.59% increase of \$374,888 in personnel costs for the Fire Rescue Department over the prior year.

Budget to Actual

The following is a brief review of the variances from the final budget to the actual expenditures for the General Fund.

- (a) The Law Enforcement division had a positive variance of \$74,170 primarily as a result of not expending the full budgeted allotment for special traffic enforcement.
- (b) The Facilities division of Public Works had a favorable variance of \$157,693 due to the replacement of the HVAC system at City Hall which was budgeted for and encumbered in fiscal year 2018, but was not expended until the following year.
- (c) The Parks division of Public Works had a positive variance of \$94,859 due to lower than anticipated operating costs for utilities and repair of park equipment, which are unpredictable and can vary from year to year. In addition, vacancies throughout the year in this division accounted for \$36,882 of the variance.
- (d) The Fire Operations division had a negative variance of \$164,933 due to unbudgeted capital outlay expenditures in the amount of \$164,681.
- (e) The Code Enforcement division of Community Development had a favorable variance of \$72,117 primarily as a result of the savings realized on vacant personnel positions.
- (f) The Recreation Department had a positive variance of \$91,111 as a result of spending below budgeted levels for regular salaries and seasonal employee salaries in the amount of \$33,842 and also as a result of incurring less expense for instructors and other contracted services.

THE CITY FUNDS

Govermental Funds

As of year-end, the governmental funds (as presented on the balance sheet on pages 20-21) reported a combined fund balance of \$16.92 million, which is a 9.92% increase from the beginning of the year (\$15.39 million). The overall increase in fund balances of \$1,527,068 stems primarily from the Infrastructure Sales Surtax Fund increase of \$758,772 and the Capital Improvement Fund increase of \$754,382. It should be noted that the Infrastructure Sales Surtax Fund increase of \$758,772 serves to increase the amount restricted for infrastructure capital improvements.

The General Fund had \$1,565,908 in excess of revenues over expenditures (as presented on page 24) before considering interfund transfers out of \$1,740,758 and net proceeds from the sale of surplus capital assets of \$1,804.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of year-end, the City had \$39,107,284 invested in a variety of capital assets, as reflected in the following schedule, which represents a net increase (additions less net retirements and depreciation) of \$153,062 or 0.4 % from the end of last year.

Table 4 Capital Assets at Year-End (Net of Depreciation)

	Governmenta	Governmental Activities	
	2018	2017	
Non-Depreciable assets			
Land and improvements	\$ 5,537,638	\$ 5,537,638	
Land improvements - roadway base	4,971,447	4,971,447	
Construction in progress	1,870,902	1,383,045	
Depreciable assets			
Buildings	25,987,376	25,987,376	
Improvements other than buildings	3,813,528	3,629,205	
Equipment	7,243,966	8,281,376	
Infrastructure	8,031,968	7,605,151	
Total at historical cost	57,456,825	57,395,238	
Less accumulated depreciation for:			
Buildings	7,010,208	6,381,013	
Improvements other than buildings	2,201,107	2,132,772	
Equipment	4,796,412	5,764,281	
Infrastructure	4,341,814	4,163,050	
Total accumulated depreciation	18,349,541	18,441,116	
Capital assets, net	\$ 39,107,284	\$ 38,954,122	

The following reconciliation summarizes the Change in Capital Assets, which is presented in more detail on page 40 of the notes to the financial statements.

Table 5Change in Capital Assets

	Governmental
	Activities
Capital Assets, Beginning Balance	\$38,954,122
Additions/Transfers In - net	162,822
Deletions - net	(9,660)
Capital Assets, Ending Balance	\$39,107,284

Debt Outstanding

As of year-end, the City had \$933,449 in bonded debt outstanding, which represents a net decrease of \$938,228 or 50% from the end of last year.

Table 6Outstanding Debt, at year-end(excluding compensated absences)

	Government	al Activities
	2018	2017
Revenue Bonds 2014 payable	\$ 933,449	\$ 1,871,677

The City has no outstanding general obligation (G.O.) debt.

On September 2, 2014, the City issued the Series 2014 Revenue bonds at a lower interest rate than the outstanding Series 2009 bonds and through a current refunding retired the 2009 Revenue Bonds resulting in a savings of \$324,648. The Series 2014 Revenue Bonds were also used to help finance the construction of a Community building.

More detail on the City's total debt outstanding as of September 30, 2018 is provided in the notes to the financial statements on pages 41 to 42.

ECONOMIC FACTORS

The State of Florida, by constitution, does not have a state personal income tax and, therefore, the State operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties and school boards) primarily rely on property and a limited array of permitted other taxes (sales, gasoline, utilities services, etc.) and fees (franchise, local business tax, etc.) for their governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring (one-time) grants from both the state and federal governments. For certain governmental activities (permitting, recreational programs, etc.) the user pays a related fee (or charge) associated with the service.

The level of taxes, fees and charges for services (including development related impact fees) will have a bearing on the City's specific competitive ability to (a) annex additional land into its corporate limits and (b) encourage development (office, retail, residential and industrial) to choose to be located in the jurisdiction. The City places significant emphasis on encouraging both annexation and economic development.

The Pinellas County unemployment rate (in which the City is located) has improved to 2.9% from last year's level of 3.4%. Property values began increasing during 2013 and this favorable trend has continued to favorably impact Ad Valorem tax revenues in 2018. It is hoped that as the City continues to place more emphasis on neighborhood improvements in the residential areas (by providing improvements to the streets, sidewalks, drainage and infrastructure) and redevelopment, that property values within the City will respond and show a continued increase.

FINANCIAL CONTACT

The City's financial statements are designed to present users (citizens, taxpayers, customers, rating agencies, investors and creditors) with a general overview of the City's finances and to demonstrate the City's accountability. If you have questions about the report or need additional

information contact the City's Finance Director or Senior Accountant, City of Seminole, 9199 113th Street North, Seminole, FL 33772 – telephone (727) 391-0204.

Basic Financial Statements

The basic financial statements include the government-wide financial statements, fund financial statements, and notes to the financial statements. The government-wide financial statements present financial information about the reporting government as a whole, except for its fiduciary activities. The fund financial statements present financial information about major funds individually and nonmajor funds in the aggregate for the governmental funds and fiduciary funds in the aggregate. The notes to the financial statements present information essential for fair presentation of the financial statements that is not displayed on the face of the financial statements.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2018

Net change in fund balances - total governmental funds		\$ 1,527,068
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.		
Expenditures for capital assets Less current year depreciation	\$ 1,504,360 (1,341,538)	162,822
In the statement of activities, a gain or loss is reported on the disposal of capital assets based on the sale price less the remaining un-depreciated cost, whereas in the governmental funds the proceeds from the sale of capital assets increase financial resources. The remaining un-depreciated cost of assets disposed of results in a decrease in net position.		
Un-depreciated cost of capital assets sold as surplus or disposed of		(9,660)
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		938,228
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Change in accrued interest Current year cost - Other Postemployment Benefits Change in compensated absences Pension expense	922 (18,484) 39,008 (1,084,273)	(1,062,827)
Change in net position of governmental activities.		\$ 1,555,631

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Seminole (the City) maintains its accounting records in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

The City is a political subdivision of the State of Florida, located in Pinellas County in the southwest portion of the State. The City incorporated on January 4, 1972 under the provisions of the Laws of Florida, Chapter 165.04 under a mayor-council structure. On September 8, 1994, the Charter was amended to provide for the appointment of a City Manager, among other items. The City is approximately 5.3 square miles in area. The City provides its citizens with a full complement of municipal services. These services include public safety (police and fire), construction and maintenance of streets and sidewalks, stormwater management, recreation, public improvements, planning and zoning and general administrative services.

1. Defining the Financial Reporting Entity: The City follows the principals of Section 2100, "Defining the Reporting Entity" of GASB "Codification of Governmental Accounting and Financial Reporting Standards", which establish standards for defining and reporting on the "Financial Entity". The financial reporting entity includes the primary government, organizations for which the primary government is financially accountable and other organizations for which, if excluded, would cause the reporting entity's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority to an organization's board and either the ability to impose its will on that organization, the possibility that the organization will impose or provide a financial burden or benefit to the primary government unit and manages the component unit in essentially the same manner in which it manages its own programs or departments. The City has no such applicable organizations that meet these requirements; therefore, the accompanying financial statements include only information relative to the primary government.

2. Governmental Accounting Standards Board Statements

The City presents its comprehensive annual financial report in accordance with the provisions of GASB Statement Number 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments". This standard establishes the financial reporting requirements for state and local governments. The Statement establishes specific standards for the basic financial statements, management's discussion and analysis (MD&A), and certain required supplementary information.

As part of reporting pursuant to GASB Statement #34, there is a requirement that infrastructure; that is roads, sidewalks, curbing, and drainage improvements, etc. be accounted for in the comprehensive annual financial report. All major general infrastructure assets that were acquired or significantly reconstructed, or that received significant improvements, in fiscal years ending after June 30, 1980, are required to be retroactively reported. All newly acquired or improved infrastructure assets must be reported in accordance with GASB Statement #34. The City has included infrastructure assets acquired prior to June 30, 1980 that continue to be in use.

The basic financial statements include both government-wide and fund financial statements. The government-wide statements are presented using a full accrual, economic resource basis, which incorporates long-term assets and receivables and long-term liabilities. Governmental activities include the General Fund, Special Revenue Funds, and the Capital Improvement Fund. The City's Fiduciary Fund is not included in the government-wide statements since by definition these assets are being held for the benefit of a third-party and cannot be used to address activities or obligations of the government.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The government-wide Statement of Activities reports the gross and net cost for the various functional categories of the City that are otherwise supported by general government revenues. The expenses for each functional category are reduced by program revenues to ascertain the net costs for that function. Program revenues are defined as charges for services, operating grants, and capital grants that specifically relate to a specific program function. Charges for services include revenues arising from charges to customers or applicants who purchase, use, or directly benefit from the goods, services, or privileges provided. Operating grants and capital grants consist of revenues received from other governments, organizations, or individuals that are specifically attributable to a program and are restricted for either operating expenditures/expenses or capital expenditures/expenses associated with a specific program.

The City's comprehensive financial report is presented in accordance with the provisions of Statement Number 44, "Economic Condition Reporting: The Statistical Section," which improves the understandability and usefulness of the information that local governments present as supplementary information in the statistical section. Furthermore, this standard incorporates the government-wide, accrual-based information established by Statement Number 34.

3. Measurement Focus: The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund statements are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. The measurement focus is the determination of financial position and sources and uses of resources, rather than net income determination.

The fiduciary fund statements are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Operating statements of these funds present increases (e.g. additions) and decreases (e.g. deductions) in net position.

4. Fund Accounting: The City organizes its accounting system on the basis of funds, each of which is considered a separate accounting entity with a self-balancing set of accounts. The various funds are grouped in the financial statements as follows:

Governmental Fund Types:

<u>General Fund</u>: This fund type is used to account for all financial resources, except those required by law or administrative action to be accounted for in another fund. The general fund is always reported as a major fund.

<u>Special Revenue Funds</u>: This fund type is used to account for the proceeds of specific revenue sources that are restricted by law or administrative action to expenditure for specific purposes.

<u>Transportation Impact Fee Fund</u> – This fund accounts for the proceeds of transportation impact fees that are restricted for capital outlays associated with roads and streets.

<u>Grants Fund</u> – This fund accounts for the proceeds of grants that have restrictions placed on their use. The City elected to have this fund reported as a major fund in the governmental fund financial statements.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Infrastructure Sales Surtax Fund</u> – This fund accounts for the proceeds of the infrastructure sales surtax which is restricted for fixed capital outlays associated with the construction, reconstruction, or improvement of public facilities that have a life expectancy in excess of five years or vehicles that have a life expectancy of at least five years. This fund is reported as a major fund in the governmental fund financial statements.

<u>Special Events Fund</u> – This fund accounts for the proceeds and expenditure of funds associated with various special events sponsored by the City. This fund is reported as a non-major fund in the governmental fund statements.

<u>Library Fund</u> – This fund accounts for the proceeds of donations that have been restricted by the donor for the library. This fund is reported as a non-major fund in the governmental fund statements.

<u>Tree and Landscape Mitigation Fund</u> - This fund accounts for the proceeds of tree mitigation fees that are restricted for capital outlays associated with the planting of trees and replacement of landscaping. This fund is reported as a non-major fund in the governmental fund statements.

<u>Capital Improvement Fund</u>: This fund type includes the Capital Improvement Fund which accounts for financial resources earmarked or segregated for the acquisition, construction and replacement of capital assets. This fund is reported as a major fund in the governmental fund financial statements.

Fiduciary Fund Types:

<u>Trust Funds</u>: This fund type accounts for the activities of the pension funds, which accumulate resources for pension benefit payments to qualified employees.

5. Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements.

The government-wide financial statements and the fiduciary fund financial statement are presented on an accrual basis of accounting. The governmental funds in the fund financial statements are presented on the modified accrual basis of accounting.

Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available (susceptible to accrual). Revenues are generally considered available when they are received in cash (unless legally restricted to some future period) or when earned and expected to be collected soon enough after year-end to pay liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within 60 days of year-end. Revenues that are susceptible to accrual include franchise fees, sales tax, local option gas tax, interest revenue, state revenue sharing entitlements, and intergovernmental grants. Expenditures are recorded at the time the related fund liabilities are incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

Under the accrual basis of accounting, revenues are recognized in the period when earned and expenses are recognized in the period when incurred.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

6. Budgets and Budgetary Accounting: The City follows these procedures in establishing the budgetary data reflected in the financial statements.

- a. On or before June 1 of each year, the department heads submit requests for appropriations to the City Manager so that a budget may be prepared. The budget is prepared by fund, function and activity (departments), and includes information for the prior fiscal year, current year estimates, and requested appropriations for the next fiscal year.
- b. The City Manager presents the proposed budget to the City Council by July 1. The budget contains proposed expenditures and the means to finance them, including a proposed property tax millage. Any changes in the proposed budget are made at the direction of the City Council.
- c. Public hearings are conducted to obtain taxpayer comments on the proposed budget and property tax millage rate.
- d. The budget and property tax millage is approved by the City Council in September.
- e. An annual budget is adopted for the General Fund on a basis consistent with generally accepted accounting principles. The City does not formally adopt an annual budget for any other major fund.
- f. Expenditures may not exceed legal appropriations at the department level. The City Manager is authorized to transfer budget amounts within departments; however, any revision that alters the total expenditures of any department must be approved by the City Council. Appropriations lapse at year-end. All budget amounts presented in the accompanying financial statements have been adjusted for revisions as approved by the City Council during the year. General Fund appropriations were increased \$1,916,637 as a result of these approved revisions.
- g. For the year ended September 30, 2018, within the General Fund, expenditures exceeded appropriations in the following departments: fire control (fire / rescue) \$241,442.

7. Property Taxes: Under Florida Law, the assessment of all properties and the collection of all City property taxes are consolidated in the offices of the Pinellas County Property Appraiser and Pinellas County Tax Collector. The laws of the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. Florida Statutes permit municipalities to levy property taxes at a rate up to 10 mills. The millage rate in effect for the fiscal year ended September 30, 2018 was 2.4793.

The tax levy of the City is established by the City Council prior to October 1 of each year. The Pinellas County Property Appraiser incorporates the City millage into the total tax levy, which includes the tax requirements of the county, municipalities, independent districts, and the Pinellas County School Board.

All property is reassessed according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the roll meets all of the appropriate requirements of the Florida Statutes.

All taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Pinellas County Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Delinquent taxes on real property bear interest at 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on property. Tax certificates bear interest at 18% per year or at any lower rate bid by the buyer. The certificate holder may make application for a tax deed on any unredeemed tax certificates after a period of two years.

Delinquent taxes on personal property bear interest at 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

Because of the Pinellas County Tax Collector's efficient system for selling tax certificates and remitting the proceeds to the City, any delinquent or uncollected property taxes at year-end are immaterial. The City's tax calendar is as follows:

Valuation Date:	January 1
Levy Date:	November 1
Due Date:	March 31, succeeding year
Lien Date:	April 1, succeeding year

8. Assets, Liabilities, and Fund Equity:

<u>Cash, Pooled Cash, and Cash Equivalents and Investments</u>: The City utilizes a consolidated cash pool to account for cash and cash equivalents of all City funds. The consolidated cash pool concept allows each participating fund to benefit from the economies of scale and improved yield that are inherent to a larger pool. Formal accounting records detail the individual equities of the participating funds.

The City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The majority of the City's pooled investments have the general characteristics of demand deposits, in that additional funds may be deposited at any time and funds may be withdrawn at any time without prior notice or penalty. Therefore, all of the pooled investments regardless of their maturities are considered cash equivalents.

Investments, which are currently reported only in the fiduciary fund, are reported at fair value. Investments in common stocks and bonds traded on a national securities exchange are valued at the last reported sales price on the last business day of the year. Investments in mutual fund type securities are valued at the net asset value of the fund based on the underlying assets held in the fund. The fair value of an investment is the amount at which an investment could be exchanged in a current sale between a willing buyer and a willing seller, other than in a forced or liquidation sale.

<u>Receivables</u>: No allowance for doubtful accounts has been recorded as of September 30, 2018 and 2017 as management considers all accounts collectible.

<u>Inventories</u>: Inventories are valued at average cost. Inventories in the governmental funds are accounted for by the consumption method, wherein inventories are charged as expenditures when used.

<u>Prepaid Items</u>: Payments made to vendors for services that will benefit periods beyond September 30, 2018 are recorded as prepaid items and are accounted for based on the consumption method of accounting.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Capital Assets</u>: Capital assets acquired or constructed in excess of \$5,000 are capitalized at historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value as of the date received. Additions, improvements, and other capital outlays that extend the useful life of an asset are capitalized. Other costs incurred for repair and maintenance are expensed as incurred. Depreciation is provided using the straight-line method. The estimated useful lives of the various classes of depreciable assets are as follows:

Buildings	50 years
Improvements other than buildings	10-30 years
Equipment	3-15 years
Infrastructure	15-50 years

Interest cost is not capitalized on assets in the governmental funds.

Compensated Absences: Employees earn vacation and sick leave beginning with their first pay period.

Vacation Leave: Annual vacation accrues according to the number of regularly scheduled hours an employee works and the employee's length of service. The vacation accrual for part-time employees is calculated based on the employee's estimated full-time equivalent. Non-union represented employees may accrue vacation time up to a maximum of 2 times their annual accrual. International Association of Fire Fighters union represented employees receive their prior year vacation accrual on January 1st of the succeeding calendar year. If vacation time is not used in the subsequent year, it is forfeited, unless a specific waiver is obtained from the City Manager. At termination employees, other than those dismissed for misconduct, are paid for any accumulated vacation leave that has been earned at that time.

Sick Leave: It is the City's policy that full-time (forty hour per week) employees earn eight (8) hours of sick leave for each full month of employment, full-time (fifty-six hour per week) employees earn twelve (12) hours of sick leave for each full month of employment, and part-time employees earn pro-rated sick leave based upon the employee's estimated full-time equivalent. Sick leave may be accumulated up to a maximum of nine hundred-sixty hours for all forty hour per week employees, one thousand four hundred forty hours for all fifty-six hour per week employees, and three hundred hours for all part-time employees. Upon separation, depending upon employee age and longevity of employment, employees in good standing may receive between 10% to 30% of accumulated sick leave.

All compensated absences are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

<u>Deferred Inflows of Resources</u>: In the governmental funds and government-wide statements, the amount of business registration fees collected in advance of the October 1 due date is recorded as a deferred inflow of resources and will be recognized as revenue in the fiscal year the fees are due.

<u>Deferred Inflows of Resources and Deferred Outflows of Resources Related to Other Postemployment</u> <u>Benefits (OPEB):</u> Deferred inflows of resources and deferred outflows of resources related to OPEB that are derived from changes in assumptions are amortized to OPEB expense over a closed nine year period. Contributions to the OPEB plan from the employer subsequent to the measurement date of the total OPEB liability and before the end of the reporting period are reported as a deferred outflow of resources related to OPEB.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Deferred Inflows of Resources and Deferred Outflows of Resources Related to Pensions: Deferred inflows of resources and deferred outflows of resources related to pension plans that are derived from the difference between projected and actual earnings on the respective plan investments are amortized to pension expense over a closed five year period. Deferred inflows of resources and deferred outflows of resources related to pensions that are derived from differences between expected and actual experience with regard to economic or demographic factors (difference between expected and actual experience) in the measurement of the respective pension plan's total pension liability are amortized to pension expense over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the respective pension plan (active and inactive employees) determined as of the beginning of the measurement period. Contributions to the pension plan from the employer subsequent to the measurement date of the net pension liability and before the end of the reporting period are reported as a deferred outflow of resources related to pensions. This contribution is included as an increase in the respective pension plan fiduciary net position in the subsequent fiscal year.

<u>Total Other Postemployment Benefits (OPEB) Liability</u>: The City provides post retirement health insurance benefits to eligible retired employees. The City has adopted GASB Statement Number 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* for the fiscal year ended September 30, 2018. As a result of the implementation of GASB 75, the City is reporting a restatement for the change in accounting principle as of October 1, 2017. The difference between the Net OPEB liability as of September 30, 2017 and the GASB 75 Unfunded Actuarial Accrued Liability (reported as the Total OPEB liability in the Statement of Net Position) as of the measurement date of September 30, 2017 has been reported as a restatement of net position as of October 1, 2017. The impact of the implementation and prior period adjustment is presented in Note M.

<u>Net Pension Liability</u>: The City adopted GASB Statement Number 68, Accounting and Financial Reporting for Pensions and GASB Statement Number 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement Number 27 for fiscal year ended September 30, 2015.

<u>Net Position</u>: The government-wide financial statements utilize a net position presentation. Net position is presented in three components – invested in capital assets (net of related debt), restricted, and unrestricted.

- Net Investment in Capital Assets This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any debt attributable to the acquisition, construction, or improvement of those assets. This component does not include the portion of debt attributable to the unspent proceeds.
- Restricted This component consists of amounts that have constraints placed on them either externally by third-parties (creditors, grantors, and contributors) or by law through constitutional provisions of enabling legislation. The City would typically use restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use of these funds. The government-wide statement of net position reports \$7,800,173 of restricted net position, of which impact fees and tree and landscape mitigation fees totaling \$758,910 are restricted by enabling legislation while all other restricted net positions are restricted by grantors, contributors or state law.
- Unrestricted This component consists of net position that does not meet the definition of "net investment in capital assets" and "restricted". Designations of net position made by the City's management are included in this component because these types of constraints are internal and management can remove or modify them.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Fund Balance Classification</u>: The City reports fund balances in accordance with the provisions of GASB Statement Number 54 – "Fund Balance Reporting and Governmental Fund Type Definitions". GASB Statement Number 54 provides that governmental fund financial statements will present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The City has classified Inventories and Prepaid Items as being Nonspendable as these items are not expected to be converted to cash or are not expected to be converted to cash within the next current year.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources through either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed: This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action by the City Council through the approval of an ordinance. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action, which is the approval of an ordinance that was employed when the funds were initially committed. This classification also includes contractual obligations (encumbrances) to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
- Assigned: This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. The intent is expressed through the City Council by the inclusion of the constrained amounts in the City's subsequent year budget. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The City has assigned funds in the General Fund and the Capital Improvement Fund for capital projects and capital replacement or repairs.
- Unassigned: This classification includes the residual fund balance for the General Fund. The Unassigned classification would also include negative residual fund balances of any other governmental fund that cannot be eliminated by the offsetting of Assigned fund balance amounts.

The City would typically use Restricted fund balances first, followed by Committed resources and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first and to defer the use of these other classified funds.

9. Interfund Transactions: Interfund transactions are either reflected as loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses and are not eliminated in the consolidation of the government-wide financial statements. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other inter-fund transactions are treated as transfers and are netted as part of the reconciliation of the government-wide presentation.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

10. Estimates: The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

11. Comparative data / **reclassifications:** The financial statements include summarized prior year comparative information that does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the financial statements for the year ended September 30, 2017, from which such summarized information was derived.

NOTE B - CASH, POOLED CASH, CASH EQUIVALENTS, AND INVESTMENTS

Deposits

Florida Statutes require depositories of public funds to provide collateral each month at least equal to 50 percent of the average daily balance of all public deposits in excess of deposit insurance. The City's deposits are covered by the Florida Security for Public Deposits Act, Chapter 280. All of the City's pooled cash funds are deposited in qualified public depositories, and are considered insured. The carrying amounts of the City's deposits at year-end were \$8,632,325.

Cash Equivalent Investments

The City's investment policy is to maintain funds in investments that yield the highest possible efficiency and return within the limitations established by the Florida Statutes. Florida Statute 218.415(17) authorizes the City to invest in the Local Government Surplus Funds Trust Fund; SEC registered money market funds with the highest credit quality rating, interest-bearing time deposits or saving accounts in qualified public depositories, direct obligations of the United States Treasury, and federal agencies and their instrumentalities. The City adheres to the State of Florida authorized investment policy.

The Local Government Surplus Funds Trust Fund (Florida Prime) is an investment pool administered by the Florida State Board of Administration which is a three-member board that is made up of the State elected officials of Governor, Chief Financial Officer and Attorney General. This Board is empowered by Florida law to invest funds at the request of local governments. The Florida Prime is treated as a "2a-7 like" pool in accordance with GASB Statement Number 31 and Number 59 and is valued using the pooled share price (amortized cost), which approximates fair value. The Florida Prime funds may be withdrawn upon demand. Investment income is recognized as earned and is allocated to participants of the Fund based on their equity participation. The amount on deposit in the Florida Prime as of September 30, 2018 was \$4,549,111.

The Florida Municipal Investment Trust (Trust) is an investment pool administered by the Florida League of Cities, Inc. It is an inter-local governmental entity created under the laws of the State of Florida. The Trust is an authorized investment under section 163.01 of the Florida Statutes. The City has invested in the Trust 0-2 Year High Quality Bond Fund. The amount on deposit with the Florida Municipal Investment Trust at September 30, 2018 was \$615,387.

The Florida Surplus Asset Fund Trust (Florida Safe Investment Pool) is a common law trust organized in 2007 under the laws of the State of Florida. An elected five member Board of Trustees oversees all actions and decides on general policies. The trust is administered by Florida Management and Administrative Services, LLC, the operations manager is PMA Financial Network, Inc. and the investment advisor is Prudent Man Advisors, Inc., an affiliate of PMA Financial Network, Inc. The trust includes a liquid money

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE B - CASH, POOLED CASH, CASH EQUIVALENTS, AND INVESTMENTS (continued)

market-like investment called the "FL SAFE Fund" and one or more Term Series portfolios that have a fixed duration. Participants in the trust may invest in the FL SAFE Fund or any of the Term Series Portfolios. The Term Series Portfolios may consist of certificates of deposit, obligations of the U. S. government or its agencies or other investments allowed under Florida statutes. The FL SAFE Fund is accounted for as a Stable Net Position Value investment pool. The total amount on deposit with the Florida Surplus Asset Fund Trust at September 30, 2018 was \$2,289,752. The amount on deposit at September 30, 2018 was invested in the following: FL SAFE Fund - \$1,039,752 and Term Series and Certificate of Deposit Portfolios - \$1,250,000.

GASB Statement Number 53 – "Accounting and Financial Reporting for Derivative Instruments" was effective for fiscal year 2011. The City does not invest in derivative type instruments.

<u>Fair Value of Investments</u> – The City categorizes its fair value of investments within the fair value hierarchy established by generally accepted accounting principles pursuant to GASB Statement No. 72, *Fair Value Measurement and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted market prices in active markets for identical assets; Level 2 inputs are significant other observable inputs, and Level 3 are significant unobservable inputs.

<u>Interest Rate Risk</u> – In compliance with the City's investment policy, as of September 30, 2018, the City minimized the interest rate risk, related to the decline in market value of securities due to rising interest rates, by limiting the investment of operating funds to government investment pools so that securities are immediately available to meet cash requirements for ongoing operations without risk of market decline.

<u>Credit Risk</u> – In compliance with the City's Investment Policy, as of September 30, 2018, the City minimized credit risk losses due to default of a security issuer or backer, by limiting investments to government investment pools.

A summary of cash, pooled cash, and cash equivalent type investments as reported in the accompanying Statement of Net Position as of September 30, 2018, is summarized below:

	Carrying Amount	Fair Value Measurement	Overall Credit Rating
Petty Cash	\$ 1.200	N/A	N/A
Deposits	8.632.325	N/A	N/A
Florida State Board of Administration	0,052,525	10/11	14/11
Local Government Pooled Investment Fund –			
Florida Prime	4,549,111	Net Asset value	AAAm (S&P)
Florida Municipal Investment Trust	y y		()
0-2 Year High Quality Bond Fund	615,387	Level 2 inputs	AAA/V1(Fitch)
Florida Surplus Asset Fund Trust		1	
FL SAFE Fund	1,039,752	Level 2 inputs	AAAm (S&P)
Term Series and Certificate of Deposit Portfolios	1,250,000	Level 2 inputs	Non-rated
Total Cash, Pooled Cash, and Cash Equivalents	\$ 16,087,775		

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE B - CASH, POOLED CASH, CASH EQUIVALENTS, AND INVESTMENTS (continued)

Pension Plan Assets

The City reports one pension fund in the accompanying financial statements: the Firefighters' Pension Fund. The Firefighters' Pension Fund has its own investment policy and related investment restrictions. The Firefighters' Pension Fund is a defined benefit plan. All investments at year-end were in compliance with the Firefighters' Pension Fund investment policies.

Firefighters' Pension Fund

Deposits

The Firefighters' Pension Fund (the Fund) Board of Trustees has appointed First State Trust Company as custodian of the Fund's investments. The Fund assets have been invested with Morgan Stanley and UBS Trumbull Property Fund. Morgan Stanley holds temporarily un-invested cash funds primarily in Morgan Stanley Bank Money Market accounts. First State Trust Company holds cash funds in a Northern Institutional Government Select account.

Investments

The Board of Trustees of the Firefighters' Pension Fund are authorized to invest in time, savings and money market accounts of an institution insured by the Federal Deposit Insurance Corporation; obligations of the U. S. Government or an agency or instrumentality of the U. S. Government, domestic and international equity securities such that not more than 5% of the Plan's assets shall be invested in the common stock of any one issuing company and no more than 10% of the Plan's assets shall be invested in foreign securities; domestic fixed income investments rated in one of the three highest classifications by a major rating service, and real estate such that no more than 10% of the Plan's assets may be invested in real estate with a limit of \$3,000,000 at the time of the initial investment. If commercial paper is acquired it must be only of the highest quality (A-1 or P-1). The Fund's targeted investment portfolio mix is as follows: large capitalization value stocks – 27.5%; large capitalization growth stocks – 27.5%; international stocks – 10%, fixed income securities – 25% and real estate – 10%.

The Firefighters' Pension Fund held the following investments as of September 30, 2018:

Investment Type	Fair Value	Fair Value Measurement	Overall Credit Rating	Average Effective Duration (Years)
Temporary investments funds:				
Cash and Money Market Balance	\$ 483,795	N/A	N/A	N/A
Northern Institutional Gov't. Select	17,899	N/A	N/A	N/A
U. S. Government and Government				
Sponsored Entity Bonds	3,965,366	Level 1 inputs	AAA	6
Asset backed securities:				
Non-rated – Fed. Home Loan Mtg. Corp.				
and Fed. National Mortgage Association	1,531,370	Level 3 inputs	N/A	24
Equity investments	24,437,203	Level 1 inputs	N/A	N/A
Corporate bonds	2,380,800	Level 2 inputs	N/A	N/A
Real Estate Investment Trusts	54,518	Level 2 inputs		
Limited partnership interest -				
real estate investment fund (UBS				
Trumbull Property Fund)	4,984,493	Level 3 inputs	N/A	N/A
Total Investments	\$37,855,444			

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE B - CASH, POOLED CASH, CASH EQUIVALENTS, AND INVESTMENTS (continued)

<u>Credit Risk</u> – Consistent with state law the Plan's investment guidelines limit its fixed income securities to a quality rating of "A" or equivalent as rated by one or more recognized bond rating services at the time of purchase. Fixed income investments which are downgraded to a "BAA" or equivalent rating must be liquidated within a reasonable period of time not to exceed twelve months. Fixed income investments that are downgraded below a "BAA" rating are to be liquidated immediately.

<u>Interest Rate Risk</u> – Through its investment policies, the Plan manages its exposure to fair value losses arising from increasing interest rates.

NOTE C - CAPITAL ASSETS

Capital asset activity for the fiscal year ending September 30, 2018 was as follows:

			Deletions/	
	Balance	Additions/	Transfers	Balance
	10/1/17	Transfers In	Out	9/30/18
Governmental Activities:				
Non-Depreciable assets				
Land, improvements and land rights	\$ 5,537,638	\$ -	\$ -	\$ 5,537,638
Land improvements - roadway base	4,971,447	-	-	4,971,447
Total land and improvements	10,509,085	-	-	10,509,085
Construction and projects in progress	1,383,045	487,857	-	1,870,902
Depreciable assets				
Buildings	25,987,376	-	-	25,987,376
Improvements other than buildings	3,629,205	308,774	124,451	3,813,528
Equipment	8,281,376	280,912	1,318,322	7,243,966
Infrastructure	7,605,151	426,817	-	8,031,968
Total at historical cost	57,395,238	1,504,360	1,442,773	57,456,825
Less accumulated depreciation for:				
Buildings	6,381,013	629,195	-	7,010,208
Improvements other than buildings	2,132,772	192,786	124,451	2,201,107
Equipment	5,764,281	340,793	1,308,662	4,796,412
Infrastructure	4,163,050	178,764	-	4,341,814
Total accumulated depreciation	18,441,116	1,341,538	1,433,113	18,349,541
Capital assets, net	\$ 38,954,122	\$ 162,822	\$ 9,660	\$ 39,107,284
-				

The City has determined that the cost of land improvements – roadway base represents an inexhaustible asset and therefore these costs are not being depreciated. The cost of land improvement – roadway base includes site preparation, excavating, fill dirt, and compaction.

Depreciation was charged to the governmental activities as follows:

General government	\$ 105,053
Fire	429,325
Code enforcement	10,226
Physical environment	178,764
Public works	175,518
Library	6,179
Recreation	436,473
	\$ 1,341,538

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE C - CAPITAL ASSETS (continued)

In accordance with GASB Statement Number 51 – "Accounting and Financial Reporting for Intangible Assets", the City includes computer software purchases as a capital asset in the category "Equipment" and property easements are included within the category "Land, improvements, and land rights".

NOTE D - LONG-TERM DEBT

Long-term debt activity for the fiscal year ending September 30, 2018 was as follows:

Governmental Activities:	Balance 10/1/17	Additions	Reductions	Balance 9/30/18	Amounts Due Within One Year
Revenue Bonds 2014 payable	\$1,871,677	\$ -	\$ 938,228	\$933,449	\$ 933,449
Compensated absences	898,679	9,029	48,037	859,671	688,909
Totals	\$2,770,356	\$ 9,029	\$ 986,265	\$1,793,120	\$1,622,358

A

The compensated absences liability will be liquidated by the general fund.

Current Refunding of Debt:

On September 2, 2014 the City issued \$4,617,173 in Revenue Bonds- Series 2014 to refund the remaining balance of the 2009 Revenue Bonds in the amount of \$3,074,173, to provide partial funding for the construction of a new community center in the amount of \$1,500,000 and to pay for the debt issuance costs totaling \$43,000. As a result of the Series 2014 Revenue Bonds bearing a lower interest rate, a cash savings of \$335,650 was realized resulting in an economic gain on the current refunding. The present value of the cash savings was \$324,648.

Long-term debt for the governmental activities is comprised of the following at September 30, 2018:

<u>Revenue Bond, Series 2014</u> , in the amount of \$4,617,173 issued to partially finance the construction of a community center and to currently refund the Revenue Bonds, Series 2009. The interest rate on the bonds is	
1.22% and is payable semi-annually on March 1 and September 1. The remaining bonds will mature on September 1, 2019. The payment of the principal and interest on the bonds is secured by a pledge of the one-cent	
discretionary infrastructure sales surtax.	\$ 933,449
<u>Compensated absences</u> , consisting of the vested portion of accumulated vacation and sick pay benefits due employees.	859,671
Total long-term debt	\$ 1,793,120

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE D - LONG-TERM DEBT (continued)

The annual requirements to amortize the long-term debt as of September 30, 2018 are as follows:

	Principal	Interest	Total
Revenue Bond, Series 2014			
2019	933,449	11,388	944,837
	\$ 933,449	\$ 11,388	\$ 944,837

The debt service for the Revenue Bonds will be paid from the Infrastructure Sales Surtax Fund. The total debt service requirement in 2018 for the Series 2014 Revenue Bonds was \$961,063. The amount of Infrastructure Sales Surtax received for 2018 was \$1,865,950.

Interest expense on the Series 2014 Revenue Bonds in the amount of \$21,912, based on the accrual basis of accounting, is reported in the Statement of Activities.

Restrictions:

The Revenue Bonds, Series 2014 have a debt service reserve requirement that requires that the pledged Infrastructure Sales Surtax revenues be accounted for in a sinking fund such that upon each interest and principal payment date a sufficient amount of pledged revenues is available to pay the debt service.

NOTE E - RETIREMENT PLANS

The City maintains a single employer, defined benefit pension plan (Firefighters' Pension Plan) which covers all of its firefighters and a defined contribution 401(a) plan which covers the City's general employees hired on or after January 1, 1996. General employees hired prior to January 1, 1996 participate in the Florida Retirement System (System), a cost-sharing multiple-employer public employee retirement system (PERS), and effective March 28, 2006, all eligible new general employees as well as general employees previously participating in the defined contribution 401(a) plan that have elected to participate in the Florida Retirement System.

The pension liabilities for both the Firefighters' Pension Plan and the Florida Retirement System are liquidated through the General Fund.

Florida Retirement System

Plan Description: The City of Seminole contributes to the Florida Retirement System (FRS), a costsharing multiple-employer public employee retirement system (PERS) defined benefit pension plan controlled by the State Legislature and administered by the Florida Department of Management Services, Division of Retirement. The System provides retirement and disability benefits, annual cost-of-living adjustments, a health insurance subsidy, and survivor benefits to plan members and beneficiaries. Chapter 121 of the Florida Statutes assigns the authority to establish and amend benefit provisions to the State of Florida Department of Management Services. The Division of Retirement issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The report may be obtained by writing to the Department of Management Services, Division of Retirement, P. O. Box 9000, Tallahassee, Florida 32399-9000, by calling (850) 488-5706 or online at the Florida Retirement System Website:

www.myfrs.com/content/resources/publications/index

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE E - RETIREMENT PLANS (continued)

Funding Policy: Effective July 1, 2011, FRS requires contributions from covered members at a rate of 3%. The City is required by State Statute to contribute, on a monthly basis, an actuarially determined rate. The current rates for the indicated time periods, based on employees' gross earnings are:

	07/01/2018 - 09/30/2018	07/01/2017 - 06/30/2018
Regular Employees	8.26%	7.92%
Senior Management	24.06%	22.71%
Elected Officials	48.70%	45.50%

The City's contributions to the FRS for the fiscal years ending September 30, 2018, 2017, and 2016, were \$376,084, \$355,557, and \$304,047, respectively, and were equal to the required contributions for each year.

Deferred Retirement Option Program: The FRS Deferred Retirement Option Program (DROP) is a defined contribution plan and is available to a member when the member first reaches eligibility for normal retirement. The Plan is controlled by the State Legislature and administered by the Florida Department of Management Services, Division of Retirement. Chapter 121 of the Florida Statutes assigns the authority to establish and amend benefit provisions to the State of Florida Department of Management Services. DROP allows a member to retire while continuing employment up to 60 months. During DROP participation, the member's retirement benefits (increased by a cost-of-living adjustment each July) accumulate in the FRS Trust Fund and earn monthly interest equivalent to an annual rate of 6.5%. The member must cease employment after a maximum of 60 months, must satisfy the termination requirements for retirement, and is subject to reemployment restrictions thereafter. The member's DROP accumulation may be paid out as a lump sum payment, a rollover, or a combination partial lump sum payment and rollover. During the DROP eligibility period, the City is required to make contributions to FRS. The current rate, effective July 1, 2018 and continuing through September 30, 2018 based upon employees' gross earnings is 14.03%. The rate for the period July 1, 2017 through June 30, 2018 was 13.26%.

Pension liabilities, Pension expense and Deferred Outflows (Inflows) of Resources related to pensions- At September 30, 2018, as required by GASB 68 Accounting and Financial Reporting for Pensions, the City reported a net pension liability of \$3,275,723 for the FRS Plan component and \$1,009,651 for the HIS Plan component for its proportionate share of the FRS Pension Plan's net pension liability. The net pension liability, totaling \$4,285,374, was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The City's proportionate share as of the indicated dates are as follows:

	June 30, 2018	June 30, 2017	June 30, 2016
FRS Plan Component	.010875388%	.010436709%	.009506714%
HIS Plan Component	.009539308%	.009562343%	.009477035%

For the fiscal year ended September 30, 2018 the City recognized pension expense of \$364,516 and \$37,942 for the FRS and HIS Plan components, respectively. Deferred Outflows and Inflows of resources related to pensions are from the following sources:

FRS Plan Component

	Deferred Outflows	Deferred Inflows
Differences between expected and actual experience	\$ 277,503	\$ 10,072
Changes in assumptions	1,070,347	-
Net difference between projected and actual earnings on investments	-	253,090
Changes in proportion and differences between City contributions		
and proportionate share of contributions	323,251	-
Contributions subsequent to the measurement date	67,528	-
	\$ 1,738,629	\$ 263,162

<u>Actuarial Assumptions</u> – The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions:

	FRS component	HIS component
Valuation date	July 1, 2018	July 1, 2018
Measurement date	June 30, 2018	June 30, 2018
Inflation	2.60%	2.60%
Salary increases	3.25%, average,	3.25%, average,
-	includes inflation	includes inflation
Investment rate of return	7.00%, net of expense,	N/A
	includes inflation	
Mortality tables	Generation RP-2000	Generation RP-2000
	with Projection Scale	with Projection Scale
	BB tables	BB tables
Discount rate	7.00%	3.87%

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2014. The following changes in actuarial assumptions occurred in 2018 for the FRS component: the long-term expected rate of return was decreased from 7.10% to 7.00%. Additionally, for the HIS component, a change in the actuarial assumption was made increasing the municipal bond rate used to determine total pension liability from 3.58% to 3.87%.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the

NOTES TO THE FINANCIAL STATEMENTS

Firefighters' Pension Fund

Plan Administration: The Firefighters' Pension Fund (the Plan) is administered by a 5 member Board of Trustees that is comprised of two Council appointees, two members of the department that are elected by the membership, and a fifth member who is elected by the other four members and appointed by Council.

Membership in the Plan: Membership of the Plan as of September 30, 2017 (the measurement date):

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE E - RETIREMENT PLANS (continued)

Group	_
Inactive plan members or beneficiaries currently receiving benefits	81
Inactive plan members entitled to but not yet receiving benefits	6
Active plan members:	70
Total	157

Basis of Accounting: The Plans' financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Expenses are recognized when due and payable in accordance with the terms of the Plan. The Firefighters' Pension Fund issues separate, audited financial statements that may be obtained at the City of Seminole, 9199 113th Street N., Seminole, FL 33772-2806 or by calling 393-8711. The financial statements for the Plan are also presented on pages 27 and 28 of the basic financial statements.

Plan Description and Benefits Provided: The City contributes to a single-employer defined benefit pension plan that covers all firefighters. Firefighters who retire at age 55 after completion of ten years of credited service, or age 62 regardless of credited service, or the completion of twenty-five years of credited service regardless of age, are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 3% of their average annual compensation times their years of credited service. The Plan permits early retirement at age 50 and the completion of ten years of credited service with benefits being reduced from 3% for each year from age 55. Benefits vest upon completing ten years of credited service and the members will receive the vested portion of their benefits at age 55. There is no post-retirement cost of living increase.

The Plan also provides death and disability benefits for participants with coverage beginning from the date of employment. Service incurred disability benefits are equal to 42% plus 3% per year of credited service of the firefighter's final two years' average final compensation with a maximum benefit of 75%. Non-service incurred disability benefits are equal to 3% per year of credited service of the firefighter's final two years' average final compensation. For vested member, pre-retirement death benefits are payable monthly to the designated beneficiary for ten years at the members' normal or early retirement date.

Member contributions are 12.27% effective October 1, 2017 of salary and are adjusted with each actuarial valuation to ensure that the City and the members have equal funding requirements. The member contribution rate shall not exceed 15%. Accumulated firefighter contributions are refunded if a firefighter leaves covered employment before completing ten years of credited service. Interest is not paid on contributions of terminated firefighters.

Excise tax payments are also received from the State of Florida under Florida Statutes, Chapter 175. The Plan's administrative costs are financed through investment earnings.

Net Pension Liability: As noted previously, during the year ended September 30, 2015, the City adopted GASB 68 *Accounting and Financial Reporting for Pensions*. This required the City to record on its financial statements, its net pension liability for the Firefighters' Pension Plan. The net pension liability is measured as the portion of the present value of projected benefit payments to be provided through the pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plan's fiduciary net position.

The City's pension liability recorded in the September 30, 2018 financial statements was measured as of September 30, 2017.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE E - RETIREMENT PLANS (continued)

Actuarial Assumptions: The total pension liability was determined using the following actuarial assumptions:

Investment rate of return	7.75%
Post retirement benefit	
increases	None
Projected salary increases	Service based: 4% to 5%
Inflation rate	2.30%
Discount rate	7.75%
Mortality basis	RP-2000 table
	with no projection,
	disabled lives set forward
	2 years female and set
	back 4 years male

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of returns (expected returns net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by target asset allocation percentage and by adding expected inflation.

There were no changes of assumptions for the September 30, 2017 measurement date.

The best estimates of arithmetic real rates of return for each major asset class included in the Plan's adopted target asset allocation policy as of the September 30, 2017 measurement date are summarized in the following table:

Asset Class	Target Allocation	Expected Return
Domestic Equity	55%	6.31%
International Equity	10%	5.90%
Fixed Income	25%	2.17%
Real Estate	10%	3.04%
Total	100%	

The Plan did not hold investments in any one organization that represent 5% or more of the Plan's fiduciary net position. For the year ended September 30, 2017 (measurement date) the annual money-weighted rate of return on Plan investments net of investment expense was 11.60%. The money-weighted rate of return expresses investment performance net of investment expense, adjusted for the changing amounts actually invested.

The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that plan member (employees) contributions will be made at the current contribution rate and that plan sponsor (employer) contributions will be made at rates equal to the difference between actuarially determined contribution rates and the plan member rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Change in Net Pension Liability: The change in the net pension liability for the year ended September 30, 2018 is as follows:

Thereafter	-	

Employees' Pension Fund

Plan Description: The City, in accordance with Florida Statute 121, elected to opt out of the Florida Retirement System for newly hired employees effective January 1, 1996, and subsequently established a non-contributory defined contribution 401(a) plan administered by the ICMA Retirement Corporation under their prototype Profit-Sharing Plan and Trust Agreement. All new full time employees, except firefighters who are covered by a separate plan, are eligible to participate in the plan after one year of employment. Employees are fully vested after five years of service. Plan provisions and contribution requirements are established and may be amended by the City Council.

As previously disclosed, effective March 28, 2006, the City Council approved rejoining the Florida Retirement System for all eligible new general employees and general employees previously participating in the single-employer defined contribution 401(a) plan that have elected to participate in the Florida Retirement System. Existing employees as of March 28, 2006, who desired to remain in the 401(a) plan were permitted to do so.

Funding Policy: The 401(a) plan does not require contributions from members. The City contributes 10% of the annual compensation for general employees and 16% for executive employees. For fiscal years ending September 30, 2018, 2017, and 2016 the City contributed \$26,760, \$26,064, and \$26,886, respectively, to the plan. Contributions made by the City were equal to the required contributions. The net position of the pension fund was \$677,636 as of September 30, 2018.

Any portion of the unvested City contributions for employees who leave employment before five years of service are used to reduce the City's current period contribution requirement.

NOTE F – OTHER POST EMPLOYMENT BENEFITS

GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" (OPEB) provides for the determination and disclosure of the Total OPEB Liability and the annual cost of providing other postemployment benefits. The City provides other postemployment benefits in the form of the Retiree Health Care Plan.

Plan Description: The City's Retiree Health Plan is a single employer defined benefit postemployment health care plan that covers eligible retired employees of the City. The Plan, which is administered by the City, allows employees who retire and meet eligibility requirements under one of the City's retirement plans to continue medical, dental and vision insurance coverage as a participant in the City's plan.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE F – OTHER POST EMPLOYMENT BENEFITS (continued)

In accordance with Section 112.0801 of the Florida Statutes, because the City provides a medical, dental and vision plan to active employees of the City and their eligible dependents, the City is required to provide retirees with the opportunity to participate in this Plan. The Plan is currently unfunded. There is no separate trust through which benefits for retirees are funded. No assets are currently accumulated or earmarked for the Plan. Accordingly, for purposes of applying paragraph 4 under GAB Statement 75, the Plan does not meet the requirements for an OPEB plan administered through a trust

Employees covered by benefit terms: To be eligible to participate in the Plan, *general* employees must have a minimum of 10 years of service with the City. *Firefighter* employees are eligible to participate in the Plan after 10 years of service upon retirement at age 55 or after completion of 25 years of service upon retirement at age 52. At October 1, 2016, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefits	6
Inactive plan members entitled to but not yet receiving benefits	-
Active plan members:	102
Total	108

Benefits Provided: The benefits provided to eligible retiree are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical, dental and vision coverage. All employees of the City are eligible to receive postemployment health care benefits.

Contributions: The retired employees, including their eligible dependents, that are eligible to participate in the Plan are required to pay 100% of their respective health care insurance premiums. The City does not contribute toward this payment. In future years, contributions are assumed to increase the same rate as the premiums. The City subsidizes the premium rates paid by retirees by allowing them to participate in the plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. Medicare eligible retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The City does not issue stand-alone financial statements for the plan.

Funding Policy. While the City does not contribute directly towards the cost of retiree premiums via an explicit subsidy, the ability of retirees to obtain health insurance coverage at a group rate which includes active employees, constitutes a significant economic benefit to retirees, or an implicit subsidy. This implicit subsidy is considered to be another post employment benefit (OPEB) obligation of the City. The annual required contribution to fund the OPEB obligation is currently based on a pay-as-you-go funding approach.

Actuarial Assumptions. The Total OPEB Liability was determined by an actuarial valuation as of September 30, 2017 using the following actuarial assumptions:

Inflation	2.5 %
Salary increases	4.0 %
Discount rate	3.64%
Investment rate of return	0.00%
Initial trend rate	4.00%
Ultimate trend rate	4.00%
Years to ultimate	55

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE F – OTHER POST EMPLOYMENT BENEFITS (continued)

For all lives, mortality rates were based on the RP-2000 mortality tables projected to the valuation date using Projections Scale AA.

Discount Rate: Given the City's decision not to fund the program, all future benefit payments were discounted using a high quality municipal bond rate of 3.64%. The high quality municipal bond rate was based on the week closes but not later that the measurement date of the Bond Buyer 20-Bond Index as published by the Federal Reserve. The 20-Bond Index consists of 20 general obligations bonds that mature in 20 years. The average rating of the 20 bonds is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

Total OBEP Liability:

The measurement date for the Total OPEB Liability was September 30, 2017. The measurement date for the OPEB expense was October 1, 2016 to September 30, 2017. The reporting period is October 1, 2017 to September 30, 2018.

Change in Total OPEB Liability:

	Total OPEB Liability
	Increase (Decrease)
	¢ 452 110
Reporting period ending September 30, 2017	\$ 453,119
Changes for the year:	
Service cost	40,514
Interest	14,732
Differences between expected and actual experience	-
Changes of assumptions	(27,558)
Changes of benefit terms	-
Contributions - employer	-
Net investment income (loss)	-
Benefit payments	(24,551)
Administrative expense	-
Net changes	3,137
Reporting period ending September 30, 2018	\$ 456,256

Changes in assumptions reflect a change in the discount rate from 3.06% for the reporting period ended September 30, 2017, to 3.64% for the reporting period ended September 30, 2018.

Sensitivity lf the Total OPEB Liability to changes in the discount rate: the following presents the Total OPEB Liability of the City, as well as what the City's Total OPEB Liability would be if calculated using a discount rate that is one percentage-point lower or one-percentage point higher than the current discount rate.

	1% Decrease	Current Discount	1% Increase	
	(2.64%)	Rate (3.64%)	(4.64%)	
Total OPEB Liability	\$ 505,038	\$ 456,256	\$ 413,150

Net OPEB Liability	\$ 400,890	\$ 456,256	\$ 522,577

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB: For the year ended September 30, 2018, the City will recognize OPEB expense of \$52,183.

On September 30, 2018, the City reported Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB from the following resources:

	Deferred Outflows		Deferred Inflows	
Changes in assumptions	\$	-	\$	24,495
Employer contributions made subsequent to the				
measurement date		33,699		-
	\$	33,699	\$	24,495

The deferred outflows of resources related to employer contributions subsequent to the measurement date of \$33,699 will be recognized as an adjustment to the Total OPEB Liability for the fiscal year ended September 30, 2018 measurement date. Amounts reported as deferred outflows of resources and deferred inflows of resources, other than employer contributions made subsequent to the measurement date, related to OPEB will be recognized in OBEB expense as follows:

Fiscal year ending September 30,	
2018	\$ (3,062)
2019	(3,062)
2020	(3,062)
2021	(3,062)
2022	(3,062)
Thereafter	(9,185)
	\$ (24,495)

NOTE G - FIRE PROTECTION FEES

Fire protection fee revenue for the year ended September 30, 2018 was as follows:

Fire equipment – County	\$ 267,360
Fire equipment – Other	2,880
Fire protection fee – County	4,194,513
Fire protection fee – Redington Shores	113,580
Fire protection fee – North Redington Beach	76,563
Fire protection fee – Redington Beach	56,068
Fire protection fee – Bay Pines	100,783
	\$ 4,811,747

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE H – INTERFUND TRANSFERS

	Transfer in	Transfer out
General Fund	\$ -	\$ 1,740,758
Capital Improvement Fund	1,740,758	-
	\$ 1,740,758	\$ 1,740,758

The transfer from the General Fund to the Capital Improvement Fund in the amount of \$1,740,758 was for the acquisition and construction of capital assets.

NOTE I - RISK MANAGEMENT

The City is subject to losses in the normal course of operations resulting from general liability; property and casualty; workers' compensation; employee health and accident, environmental and antitrust matters. In an effort to reduce the rising costs of commercial insurance, the City purchases all of its insurance coverages, except for health coverage, from the Florida Municipal Insurance Trust (FMIT), which is serviced by the Florida League of Cities, Inc. The City does not retain any risk of loss as a member of the FMIT program.

The FMIT is a public entity risk pool currently operating as a common risk management and insurance program for local municipalities. The City pays an annual premium for property, liability, and workers' compensation based on members' experience. The City continues to carry commercial insurance for all other risks of loss including health and employee accident insurance.

During the fiscal year ended September 30, 2018, the City had no significant reductions of insurance coverage from the prior year. In addition, there have been no settlements that have exceeded the City's insurance coverage in any of the past three fiscal years.

NOTE J - COMMITMENTS

<u>Grants</u>: Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

<u>Law Enforcement</u>: The City annually contracts with the Sheriff of Pinellas County, Florida for law enforcement services. The cost of this contract for services for the fiscal year ended September 30, 2018 was \$1,681,696.

<u>Fire Control</u>: The City provides fire protection and EMS services to unincorporated areas of Pinellas County, Florida known as the Seminole Fire District under contracts expiring September 30, 2018. Revenue from these contracts for the fiscal year ended September 30, 2018 was \$4,811,747 for fire services and \$2,284,373 for emergency medical services. Expenditures are subject to review for compliance. At September 30, 2018, the City recorded a receivable from the County in the amount of \$1,376,242 for future capital outlays of fire protection equipment.

<u>Contractual Commitments</u>: General Fund encumbrances totaling \$139,405 as reported in the Balance Sheet – Governmental Funds.

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE J – COMMITMENTS (continued)

<u>Hurricane Irma Clean-up</u>: The City entered into a Participant Agreement for Disaster Debris Monitoring and Management Services to provide clean-up from the damage caused by Hurricane Irma in September, 2017. The cost of these services was originally estimated to be in excess of \$325,000. The City will receive reimbursement from the Federal Emergency Management Agency (FEMA) for a significant portion of the expenses incurred. The cost of these services and the amount to be received from FEMA as reimbursement have not been recorded as of September 30, 2018 due to the uncertainty of the amount of the costs to be paid and the reimbursements that will be received. The City received reimbursement in the amount of \$21,893 at the beginning of fiscal year 2019, of which \$18,765 was reimbursed by FEMA and \$3,128 was reimbursed by the State of Florida. As of the audit report date of March 15, 2019, reimbursements from FEMA and the State of Florida in excess of \$500,000 are still outstanding.

NOTE K - DEFERRED COMPENSATION PLAN

The City maintains a deferred compensation plan (plan) under the provisions of Section 457 of the Internal Revenue Code, as amended. This law stipulates that all assets and income of the plan must be held in trust for the exclusive benefit of the Plan participants and their beneficiaries. The City's plan is administered by the International City Management Association (ICMA) Retirement Corporation and Nationwide Retirement Solutions and provides the plan participants with the option to invest in over twenty different registered investment funds (mutual funds). Although the City is the Trustee of the plan, the City has no administrative involvement and performs no investing function for the plan and has not, therefore, included the plan in this financial report.

NOTE L – JOINT USE LIBRARY

In May 2000, the City contracted with St. Petersburg College to develop, maintain, and operate a community library. The library serves as a multipurpose building for College and community use, including library program rooms, conference rooms, study rooms, offices, classrooms, computer lab rooms, a food service area, exhibition space, and College library instruction. The library was built and is owned by the College. The College is responsible for maintaining and repairing the facility, utilities, custodial services, security services, and all capital maintenance. The City is responsible for maintaining the collection and managing the daily operations of the library including the staffing of the library for a minimum of 62 hours per week with eight full-time and fifteen part-time employees. Additional staff positions or operating hours in excess of 62 hours per week are reimbursed by the College. For fiscal year ending September 30, 2018, the City billed the College \$61,950 for additional staffing requirements.

NOTE M – PRIOR PERIOD ADJUSTMENTS

During the fiscal year 2018, the City implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. As a result of the implementation of GASB Statements 75, the City reported a restatement of its net position for the change in accounting principle as of October 1, 2017. The restatement to net position was reported in the accompanying Statement of Activities.

The effects of this restatement on net position as reported in the Statement of Activities for Postemployment Benefits Other Than Pensions as of October 1, 2017 are as follows:

NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE M – PRIOR PERIOD ADJUSTMENTS (continued)

City's retiree Health Care Plan	
Total Other Postemployment Benefits liability at 9-30-17	\$ 315,720
Less: Deferred Outflows of Resources at 9-30-17	(24,551)
Effect of restatement on net position	291,169
Florida Retirement System – GASB 75 impact on FRS component	1,061
Total reduction in net position due to restatement as of 10-1-17	\$ 292,230

NOTE N – SUBSEQUENT EVENTS

The City has considered subsequent events through the date of the audit report which is the date that the financial statements were available to be issued. There were no subsequent events that required an adjustment to the financial statements or disclosure in the notes to the financial statements.

(This space left blank intentionally)

Required Supplementary Information

Required supplementary information includes a budgetary comparison schedule for the general fund, schedules depicting the changes in net pension liability and contributions for the single employer defined benefit pension plan, the changes in net pension liability for the cost-sharing multipleemployer public employee retirement system plan and a schedule of changes in the retiree health care plan other postemployment benefits liability.

BUDGETARY COMPARISON SCHEDULE GENERAL FUND

For the Year Ended September 30, 2018 (continued)

EXPLANATION OF DIFFERENCES BETWEEN BUDGETARY INFLOWS AND OUTFLOWS AND GAAP REVENUES AND EXPENDITURES

SOURCES/INFLOWS OF RESOURCES

Actual amounts (budgetary basis) "available for appropriation" from the budgetary comparison schedule.	\$ 18,123,542
Differences - budget to GAAP:	
Proceeds from sale of surplus capital assets are inflows of budgetary	
resources but are not revenues for financial reporting purposes.	(1,804)
Total revenues as reported on the statement of revenues, expenditures, and	
changes in fund balances - governmental funds.	\$ 18,121,738
USES/OUTFLOWS OF RESOURCES	
Actual amounts (budgetary basis) "total charges to appropriations" from	
the budgetary comparison schedule.	\$ 18,296,588
Differences - budget to GAAP:	
Transfers to other funds are outflows of budgetary resources but are not	
expenditures for financial reporting purposes.	(1,740,758)
Total expenditures as reported on the statement of revenues, expenditures,	
and changes in fund balances - governmental funds.	\$ 16,555,830

NOTE: GASB 68 requires ten years of information. Information is only available for five years. Additional years of information will be added as the information becomes available.

Valuation date: September 30, 2015 Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.
years prior to the end of the fiscal year in which contributions are reported.
Methods and Assumptions Used to Determine Contribution Rates:
Funding Method: Entry Age Normal Actuarial Cost Method
Interest - A half year, based on the current 7.75% assumption.
Salary - A full year, based on the current 4.6% assumption.
Amortization Method: Level Dollar
Remaining Amortization
Period: 26 years as of 10-1-15
Mortality: RP-2000 table with no projection - disabled lives are set forward 5 years. Based
on a study of over 650 public safety plans, this table reflects a 10% margin for
future mortality improvements.
Interest Rate: 7.75% per year compounded annually, net of investment related expenses.
Inflation: 2.3% per year.
Retirement Rates: Age and experience-based probability table considering eligibility for normal retirement.
Salary IncreasesLess than 10 years of credited service - 5%, 10-20 years of credited service -4.5%, and more than 20 years of credited service 4%.
Disability RatesThe rates are based on an experience study issued February 6, 2012 ranging from a disability assumption of 0.15% at age 20 to 1.20% at age 55.
Asset Smoothing Method The total investment gain or loss for each plan year is recognized over a 4 year period. In the first year 25% of the gain or loss is recognized and 25% in each of the successive remaining three years. Investment gain or loss return is the difference between the actual rate of return on the Plan's assets and the assumed rate of return based on the actuarial assumption for investment return.
Payroll Growth: None.

Statistical Section

Statistical schedules differ from financial statements because they usually cover more than one fiscal year and may present non-accounting data. These tables reflect financial trends, revenue capacity, debt capacity, demographics, and operating information of the City.

Schedules of Financial Trends Information

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time. (This page left blank intentionally)

- (1) The City implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions. The unrestricted balance for fiscal year 2014 has been restated to reflect the net pension liability of the Fire Fighters Pension Trust Fund. The unrestricted balance for fiscal year 2015 also reflects the net pension liability of the City's proportionate share of the Florida Retirement System.
- (2) The City determined that the implementation of GASB Statements 68 and 71 was based on actuarial information for the reporting period ending September 30, 2016 rather than the reporting period ended September 30, 2015. As a result, the net position as of October 1, 2015 has been corrected and the impact of GASB Statements 68 and 71 on the fiscal year ended September 30, 2016 has been restated.

(1) - The beginning net position balance for fiscal year 2014 has been restated to reflect the net pension liability of the Fire Fighters Pension Trust Fund as of October 1, 2013 as a result of implementing GASB Statement No. 68. Additionally, Fire expenses have been restated for fiscal year 2014 to reflect the change in pension expense resulting from the implementation of GASB 68.

(2) - The beginning net position balance for fiscal year 2015 has been restated to reflect the net pension liability of the City's proportionate share of the Florida Retirement System as of October 1, 2014 as a result of implementing GASB 68. (3) - The City determined that the implementation of GASB Statements 68 and 71 was based on actuarial information for the reporting period ending September 30, 2016 rather than the reporting period ended September 30, 2015. As a result, the net position as of October 1, 2015 has been corrected and the impact of GASB Statements 68 and 71 on the fiscal year ended September 30, 2016 has been restated.

(4) - The beginning net position balance for fiscal year 2018 has been restated to reflect the City's total OPEB liability as of October 1, 2017 as a result of implementing GASB 75.

City of Seminole - Fire Rescue Department

Service Efforts and Accomplishments Fiscal Year 2018

The City of Seminole Fire Rescue Department is lead by the Fire Chief. The Department is divided into; Administration, Operations, Emergency Medical Services, Training, Life Safety Services and Fleet Maintenance Sections. Emergency Medical Services (EMS) and Fire Operations personnel are divided into three shifts of personnel. Personnel work a schedule of rotating 24 hour shifts. The Department operates from four fire stations providing comprehensive public safety services that include; emergency fire, rescue, hazardous materials mitigation and medical services, fire prevention and code enforcement, and public education. In addition to providing emergency services for the City of Seminole, the City contracts with; Pinellas County for emergency fire and EMS services to the unincorporated area surrounding the City, Bay Pines Veterans Administration complex for emergency fire response, and the Towns of Redington Beach, North Redington Beach, and Redington Shores through joint Seminole/ Madeira Beach Fire Protection Interlocal agreements. The Seminole Fire District's service area covers 25 square miles and protects approximately 100,000 full time residents and an additional 8,000 tourists and daytime workforce. The Department funds 78 full-time employees and three part time employees. Emergency response personnel staff four advanced life support (ALS) fire engines, one 78 ft ladder truck, one ALS support heavy rescue vehicle and a District Chief vehicle on a 24-hour a day basis. A hazardous materials vehicle, a brush fire fighting vehicle, and a number of support vehicles are staffed as needed. All firefighter personnel are State of Florida certified firefighters and are either emergency medical technician (EMT) or paramedic certified. In addition, all officers are State of Florida certified Fire Officers. The Insurance Services Office (ISO) rating for the Seminole Fire District is a Class One (1) rating (on a tenpoint scale with one being the best).

I. Administration

- A. The Fire Chief coordinates and manages the Administration Division including Fleet Maintenance and Life Safety Services. The Department provides Fire Suppression and Fire Inspection services in three Redington communities through an inter-local agreement with each Town. The Division tracks department contracts, purchases and expenses and continues to reduce costs through cooperative purchasing, competitive requests for proposals, and purchasing through State contracts where practical. The Fire Chief represents the city's interests within Pinellas County at the Pinellas County Fire Chiefs Association and other meetings as directed by the City Manager.
- B. <u>Fleet Maintenance Section</u> The Fleet Maintenance Section provides full-time comprehensive vehicle repairs, apparatus equipment installation, and preventative maintenance to all City vehicles including fire apparatus as well as providing maintenance services to other fire departments which generate revenue for the District.
- C. <u>Life Safety Services</u> The Life Safety Services Section includes all phases of inspection, enforcement of fire and safety codes/issues, fire investigations, and education. This single authority provides codes interpretation, application, and enforcement functions over all development and safety codes and standards. A Certified Fire Inspector, in

addition to the Fire Marshal, is responsible for conducting fire safety inspections and fire code enforcement of all commercial and multi-residential entities within the fire district and the three Redington towns. The Fire Marshal represents the city's interests within Pinellas County at the Pinellas County Fire Marshals Association and other meetings as directed by the Fire Chief.

D. <u>Public Education</u> - Public Education is part of the Life Safety Services Section. This portion of the Section provides comprehensive safety and accident prevention educational programs within our community through many different delivery methods. An annual Fire Department Open House has expanded into a broad-spectrum fire prevention and safety program for families with increased emphasis upon hurricane preparation and damage prevention efforts. The Public Educator participates actively in the Suncoast Safe Kids Coalition, a coalition consisting of law enforcement, fire, public health, 911, and many other safety related agencies both public and private. Each year 911 statistics are evaluated to determine child injury trends in order to focus on relevant prevention efforts. The Public Educator is involved in numerous safety education endeavors and also participates with the Pinellas County Juvenile Fire Setters Program. This program is a coalition of public educators who network to address the issue of educating/diverting children who have had incidence of fire setting/fire play. Comprehensive safety programs are delivered in our schools, community groups/ organizations, businesses and individuals on a daily basis. Free battery powered smoke detectors are provided and installed within a home at any request by our residents.

II. Fire Operations:

The Assistant Fire Chief of Operations coordinates and oversees the management of the Fire Operations and Training Sections along with department logistics. The EMS Sections is managed by the Assistant Fire Chief of Administration who also serves as the EMS This Division is charged with the responsibility for responding to all Coordinator. emergency and non-emergency requests for service in the Seminole Fire and EMS District. The Department has sixty-six (69) firefighters, cross trained as EMTs and paramedics, assigned to the Operations Division. Requests for assistance include responses to medical emergencies, fires, hazardous materials incidents, technical rescue emergencies, animal rescues, assistance to other public agencies and various other requests for service. In addition, this division installs smoke detectors and is the primary provider of public education. Assigned shift personnel serve on the City's Safety Committee. The Assistant Fire Chief of Operations serves as the Department's Health & Safety Officer and participates in the Department's Health & Safety Committee. He also represents the City's interests within Pinellas County at the Pinellas County Operations Chief's Association. The Assistant Fire Chief of Administration participates in the Pinellas County EMS Association, the Pinellas County Equipment Committee, as well as attending State EMS Advisory Committee meetings and other meetings as directed by the Fire Chief.

A. <u>Operations Section</u> is responsible for response and mitigation within an all-hazards response profile whether the request is for emergency or non-emergency services. The City of Seminole also participates with the Pinellas County Hazardous Materials Response Team providing trained team members and command officers who respond within Pinellas County as the need arises. Fire Operations responds within the Seminole

Fire District. The Pinellas County EMS Authority contracts with the City of Seminole Fire Rescue Department to provide First Response advanced life support (ALS) services to the community. After initial treatment and stabilization is provided by Seminole EMTs and paramedics, a private ambulance company transports the patient to the hospital.

- **B.** <u>EMS Section</u> is responsible for providing department directed EMS training and all support necessary for shift personnel to affectively respond to emergency and non-emergency medical incidents. This Section maintains a quality assurance program to monitor the medical performance of EMTs and Paramedics on medical incidents that meets the requirements of the County EMS contract.
- C. <u>Training Section</u> is responsible for the development and delivery of monthly formal training programs for the Department's personnel as well as proper training documentation. Directly managed by the Assistant Fire Chief of Operations, training programs are designed to meet the growing needs of the department and to ensure compliance with recognized standards. In addition to regular training, the Section works with Department personnel on educational goals and facilitates efforts for attendance at seminars and college classes. The Assistant Fire Chief of Operations is responsible for the department's Personal Protective Equipment and Self Contained Breathing Apparatus. The position is also responsible for; representing the City's training interests within Pinellas County at the Pinellas County Training Officers Association Committee meetings; functioning as a Commander of the county Hazardous Materials Response Team serving as a liaison between our city and county government; and attending other meetings as directed by the Fire Chief.

City of Seminole – Recreation Division

Service Efforts and Accomplishments Fiscal Year 2018

CITY OF SEMINOLE – RECREATION DIVISION

Recreation Division Mission Statement

While the City of Seminole is dedicated to excellence, professionalism, and integrity in the delivery of community services for an enhanced quality of life. The City of Seminole Recreation Divisions mission is to provide a diverse community leisure program for those living, working, and visiting our community by creating memorable experiences through exceptional programs, facilities, customer service and leadership.

Recreation Advisory Board Mission Statement

The City of Seminole Recreation Advisory Board serves as the link between the community, and city officials. The board is dedicated to excellence through the evaluation of recreation programs, City parks & facilities, and events on behalf of the citizens of Seminole. The advisory board meets quarterly and provides volunteer service in order to improve and enhance the quality of City recreation programs, parks & facilities, and events.

Recreation Division Description of Responsibilities

The recreation services provided to the community through the Recreation Division of the Department of Administration intended to enhance the quality of life to citizen and visitor, alike. The City of Seminole Recreation Division provides a myriad of programs for toddlers to adults. The Recreation Division is under the direction of the Recreation Director, and the Recreation Coordinators.

Responsibilities include the following programs:

- a) Children's Camp & Break Programs: Winter Break Camp, Spring Break Camp, Summer Break Camp, and Specialty Activity Camps provide childcare through various organized activities for the children of Seminole and surrounding cities during the time that the children are out of school. Activities offered include: Swimming, Field Trips, Crafts, Music, Games, Special Activities, Sports, Special Events, and many other diversified activities.
- b) Athletic Programs: Athletic programming for the community includes sports activities for men, women, boys and girls. Athletic opportunities include adult basketball, adult volleyball, adult racquetball, adult pickle-ball, youth soccer, youth basketball, youth flag football, youth triathlon, youth swim team and youth cross-country.

- c) Aquatic Programs: The Seminole Family Aquatic Center offers seasonal recreational swimming along with aquatic based programs for all ages. Programs include Jr. Lifeguard, Lifeguard Certification, Red Cross Swim Lessons, Recreational Swim Team, Youth Triathlon Team, Family Movie Nights, Doggie Derby, Water Aerobics, and Pool Party Rentals.
- d) Classes/Programs: The classes/programs offered by the Recreation Division reach all age groups throughout the City. The classes/programs include athletics, hobbies, crafts, instructional classes, physical fitness, the arts, fitness & wellness activities, pre-school activity programs, pre-school sport playgroups and day trips.
- e) Special Events: The Recreation Division is responsible for conducting special events for the community through such offerings as Field of Screams, Music in the Park, Winterfest, "Fit over Fifty" Health & Wellness Expo, Family Camp Out, Pow Wow Festival & Parade, Art In The Park, "Tri if you Dare" Kids Triathlon, Back to School Open House, and Teen Events including the annual Community Yard Sale.
- f) Community Partnerships: The Recreation Division has been involved with the Seminole Shooting Stars Soccer Association for many years. This organization provides the youth soccer programs for the children in the Fall and Spring. In addition, the Recreation Division has established partnerships with Seminole Junior Woman's Club (Winter Fest), Kiwanis Club of Seminole (Every Child a Swimmer, Tri If You Dare), Seminole Kiwanis Club Breakfast (Pow Wow Festival), and the Seminole Chamber of Commerce (Kids Appreciation Day and Holiday Parade).

City of Seminole – Library Division

Service Efforts and Accomplishments Fiscal Year 2018

The Library Division serves the residents of the City of Seminole and qualified borrowers of the Pinellas Public Library Cooperative (PPLC). In addition, the library is a joint use partnership facility between the City and St. Petersburg College (SPC), functioning both as a public library and a college library, and serving the students, faculty, and staff of the College as well as the general public. Public and College library collections, resources, programs, and services are located in the facility. Under the terms and conditions of the *Intergovernmental Agreement*, the contractual document of the joint use partnership, the City is responsible for managing, directing, and coordinating the daily activities and services of the library, including administering staff appointments, scheduling, evaluation, training, and development. The Library Division is under the management of the Community Library Director who reports to the Director of Administration.

Key areas of service include:

Technical Services

This section of the library is responsible for the classification, cataloging, and processing of library materials, making them ready for circulation and use to library patrons.

Circulation

On the City side of the joint-use partnership, the library is a member of the Pinellas Public Library Cooperative, along with 13 other member libraries. On the College side of the partnership, the library participates in the Florida Academic Library Services Cooperative (FALSC), a statewide automated library system used by all public college and universities statewide. These two networks provide shared library catalogs and collections of online journals, e-books, and other e-resources.

Collection and Resources

A library's collection and resources require careful development and management if they are to be of maximum value and efficiency for library users. Library staff evaluate and select library materials and resources – print, audio-visual, and electronic. In addition, staff monitor and analyze the collection and resources on an ongoing basis to meet patrons' recreational, informational, and educational interests.

No library can own or have access to everything, and so libraries have a long history of sharing resources through "inter-library loan," both among local libraries and those in other counties or states. Through its membership in the Pinellas Public Library Cooperative (PPLC), the Tampa Bay Library Consortium (TBLC), and the Florida Academic Library Services Cooperative, the library is able to participate in inter-library loan networks with other libraries to mutual benefit. The library borrows more items through inter-library loan than it lends, thus making this service especially valuable for our local patrons.

Adult and Information Services

Finding one's way through a wealth of books, periodicals, audio/visual materials, and eresources sometimes requires assistance. The library serves patrons who want to use the collection and resources independently and those who desire guidance in searching for the right book, audio/visual, or e-resource material. The library's adult and information services librarians are expert in navigating the various media and bringing together the patron and the item the patron is searching for.

Youth Services

The library serves as a community gathering place for children, teens, and families with a wide variety of programs, events, and activities, as well as a comfortable and enchanting children's library and teen collection and teen room.

Support Organizations

A public institution such as a library benefits greatly from dedicated volunteers who assist staff with daily operations, fundraising, advocacy, and advice from the citizen's perspective on library policies and management. The Friends of Seminole Library, Inc., the Library Advisory Board, the Library Teen Board, and many dedicated Library Volunteers are invaluable in working with staff to provide high quality library service to patrons.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Mayor, City Council, and City Manager City of Seminole, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Seminole, Florida (the City) as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 15, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

500 94th Avenue North · St. Petersburg, Florida 33702-2406 · Phone: (727) 578-1040 · Fax: (727) 578-1041 · Online: www.whspa.com Members: American Institute of Certified Public Accountants · Florida Institute of Certified Public Accountants

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Honorable Mayor, City Council, and City Manager City of Seminole, Florida

Report of the Financial Statements

We have audited the financial statements of the City of Seminole, Florida, as of and for the year ended September 30, 2018, and have issued our report thereon dated March 15, 2019.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General,.

Other Reports and Schedules

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, and our Independent Auditor's Report on an examination conducted in accordance with AICPA Professional Standards, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in these reports, which are dated March 15, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

The Rules of the Auditor General Section 10.554 (1)(i) 1., requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

The Rules of the Auditor General Section 10.554 (1)(i) 4. requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The City of Seminole, Florida, is a municipal corporation and operates under applicable provisions of Florida Statutes Chapter 166. The City of Seminole, Florida has no component units.

Financial Condition

Rules of the Auditor General Section 10.554 (1)(i) 5.a. and 10.556 (7), require that we apply appropriate procedures and report the results of our determination as to whether or not the City of Seminole, Florida has met one or more the conditions described in Section 218.503(1), Florida Statutes, "Determination of Financial Emergency" and identification of the specific condition(s) met. In connection with our audit, we determined that the City of Seminole, Florida, did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554 (1)(i) 5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City of Seminole, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Annual Financial Report

Rules of the Auditor General Sections 10.554 (1)(i) 5.b. and 10.556 (7), require that we apply appropriate procedures and report the results of our determination as to whether the annual financial report for the City of Seminole, Florida, for the fiscal year ended September 30, 2018, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2017. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

Rules of the Auditor General Section 10.554(1)(i) 5.c., requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided in the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that there were no special district component units.

Other Matters

The Rules of the Auditor General Section 10.554 (1)(i) 2., requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

The Rules of the Auditor General Section 10.554(1)(i) 3., requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the determination of financial statement amounts that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and State granting agencies, City Council members, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT REGARDING COMPLIANCE REQUIREMENTS IN RULES OF THE AUDITOR GENERAL 10.556(10)

The Honorable Mayor, City Council and City Manager City of Seminole, Florida

We have examined the City of Seminole, Florida's (the City's) compliance with the requirements of Section 218.415, Florida Statutes during the year ended September 30, 2018. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City of Seminole, Florida complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2018.
