CITY OF WINTER PARK

401 Park Avenue South

Winter Park, Florida

32789-4386

April 23, 2019

To the Honorable Members of the City
Commission and the Citizens of the
City of Winter Park, Florida:

The Comprehensive Annual Financial Report (CAFR) of the City of Winter Park, Florida (City) for the fiscal year ended September 30, 2018, is hereby submitted. This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Moore Stephens Lovelace, P.A., a firm of licensed certified public accountants, has audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2018, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended September 30, 2018, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

Profile of the City

The City, incorporated in 1887, is located in Central Florida in north Orange County and is considered part of the Orlando Metropolitan Area. Although the Orlando Metropolitan Area has been one of the top growth areas in the country, generally, Winter Park has seen only modest population growth since 1970. The City currently occupies a land area of approximately ten square miles and serves a population of 30,212. The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Commission.

The City operates under the commission-manager form of government. Policy-making and legislative authority are vested in the City Commission (Commission) consisting of the Mayor and four commissioners. The Commission is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring both the City Manager and Attorney. The City Manager is responsible for carrying out the policies and ordinances of the Commission, for overseeing the day-to-day operations of the City, and for appointing the heads of various departments. The Commission is elected on a non-partisan basis. Commission members serve three-year staggered terms, with two commission seats or the mayor's seat up for election each year. The mayor and commissioners are elected at large.

The City provides a full range of services, including police and fire protection; the construction and maintenance of streets, sidewalks and infrastructure; engineering; planning and community development; code compliance; general administration and support services; and recreational activities and cultural events. In addition, the City operates two enterprises: water and sewer service and electric service. The City has also contracted with a private firm to provide solid waste collection services.

The annual budget serves as the foundation of the City's financial planning and control. Departments are required to submit requests for appropriations including any new employee positions and capital projects to the Budget and Management Division, which uses those requests as the starting point for developing a proposed budget. With the oversight of City Management and involvement of the Finance Department, a proposed budget and five year capital improvement plan is prepared and presented to the City Commission by the City Manager in June.

The Mayor and City Commissioners submit their thoughts on adjustments they would like to see made to the proposed budget in August. City Management and staff summarize these suggestions and add analysis of the operational impact, if any, of each suggestion. At a City Commission meeting, the Commission discusses each suggestion and reaches consensus on each item. Staff incorporates all approved suggestions in the budget the Commission will vote on in September.

The Commission is required to hold two public hearings on the budget and millage rate in September and adopt a final budget and millage rate by no later than September 30, the close of the City's fiscal year.

The appropriated budget is prepared by fund. Transfers between accounts within the same fund may be made with City Manager approval. Transfers between funds and adjustments that increase the overall budget of a fund require approval of the City Commission. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated budget has been adopted. For the General Fund and other major special revenue fund (Community Redevelopment Agency), this comparison is presented as required supplemental information. For nonmajor governmental funds, this comparison is presented in the combining financial statements.

Budgetary and Internal Accounting Controls

The budget is an integral part of the financial accounting system. The City proposes an annual budget for all departments, which must be approved by the City Commission. Encumbrances are recorded for all significant expenditures at the time a purchase commitment is made. Line item expenditure reports are accessible to all departments and include: budgeted amounts, actual expenditures, encumbered amounts, and budget balances remaining. These reports are reviewed by each department where primary responsibility is placed.

The Finance Department monitors all financial activity on an ongoing basis. Quarterly reports summarizing the City's financial activities are prepared for the City Commission. Each quarter, the City provides an update of its key performance metrics as a communication outreach to the City Commission and the public. The report is organized by the four themes that emerged from a City-wide visioning process that involved more than 1,000 participants and over 21 community meetings. These four themes are:

- 1) Cherish and sustain Winter Park's extraordinary quality of life
- 2) Plan our growth through a collaborative process that protects our City's timeless scale and character
- 3) Enhance the Winter Park brand through a flourishing community of arts and culture
- 4) Build and embrace our local institutions for lifelong learning and future generations

Highlights of the FY 2018 budget included:

- 1) Funding for the expansion of fiber optic connectivity for city facilities and laid the groundwork for future Smart City applications
- 2) Continued the Electric Undergrounding Master Plan with \$3,925,000
- 3) Expanded call center capabilities to include increased efficiency related to utility outage management
- 4) Allocated over \$1.9 million in funding for implementation of the Urban Forestry Management Plan removing hazardous tree conditions and increasing funding for new tree plantings by 38 percent
- 5) Enhanced floral landscaping and plantings in City medians and parks through Project Bloom
- 6) Refurbished the hard tennis courts and building facility at Azalea Lane Tennis Center
- 7) Funded historic preservation initiatives
- 8) Upgraded public safety communications radios for emergency response
- 9) Funded the fire rescue department's paramedicine program, which seeks to provide proactive healthcare options
- 10) Funded the purchase of an Automated Fingerprint Information System to enhance the police department's crime fighting ability
- 11) Allocated funding for implementation of solar arrays on city water plants to reduce third-party costs and promote sustainability
- 12) Provided funding to expand streetscape improvements in the downtown core funded by the Community Redevelopment Agency
- 13) Funded the development and redevelopment of parks and recreation facilities including: athletic field and tennis center lighting improvements, replacement of equipment, and facility and mini-park upgrades
- 14) Expanded the use of technology to enhance communication, customer service and operational efficiency by continuing the replacement of the city's operating enterprise software

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Local economy.

Winter Park is well positioned in the middle of a well-connected and diverse economy just northeast of the City of Orlando and 25 miles from Disney World. The largest employers within Winter Park are Winter Park Memorial Hospital, Orange County Public Schools, City of Winter Park, Gecos Inc., Publix and Rollins College. Yet, Winter Park's economy is not overly dependent on any one employer as the total employed by the six largest employers represents less than thirty percent of the total workforce in Winter Park.

The following table includes trend information on some key data:

	2014	2015	2016	2017	2018
Taxable value of property (in thousands)	\$ 3,943,795	\$ 4,184,570	\$ 4,528,431	\$ 4,898,491	\$ 5,258,804
Estimated costs of permitted construction (in thousands)	\$ 169,854	\$ 116,072	\$ 201,985	\$ 257,014	\$ 256,365
Population	29,073	28,967	29,308	29,317	30,212
Unemployment rate for Orange County	5.6%	4.7%	4.3%	3.5%	2.6%
Building permit revenues	\$ 2,224,934	\$ 1,746,308	\$ 2,449,973	\$ 3,884,944	\$ 3,267,879
Half-cent sales tax revenues	\$ 4,029,181	\$ 4,281,355	\$ 4,470,609	\$ 4,597,403	\$ 4,956,977

The taxable value of property increased again in fiscal year 2018. Property tax valuations are generally a lagging indicator of the health of the economy as January 1 valuations are the basis for tax revenues for the fiscal year beginning the following October 1. The City has held its operating millage rate at 4.0923 since fiscal year 2009.

Half cent sales tax revenue which is dependent on consumer spending reached a new peak in FY 2018.

Construction continued at a high level with further activity in the Ravadauge Development and Winter Park Memorial Hospital. In addition, Rollins College added a new facility on Fairbanks Avenue and is beginning construction of additional housing on the main campus.

Major Initiatives

Winter Park Canopy – set within the 23-acre block that includes Martin Luther King, Jr. Park, the Winter Park Canopy will house the city’s new library & events center and offer spectacular views of the water’s edge and beautiful natural surroundings.

Fiber Backbone Project - In March 2017, the City Commission approved the formation of a Fiber Optics Task Force. One month later in April, the Task Force held its first meeting with the shared belief that a municipal fiber optic backbone is an important asset to:

- a) Ensure secure and reliable communication circuits for both city business and smart city applications
- b) Realize the potential for increased consumer choice related to broadband access
- c) Facilitate the flow of information and encourage commerce
- d) Understand limiting of capital risk while remaining open to technological advancements

In July 2017, three recommendations were offered to the City Commission, as part of the FY 2018 budget process:

- Phase 1) Expand current network to connect all remaining city facilities and operations over the next year
- Phase 2) Complete remaining backbone infrastructure within three years
- Phase 3) Continue to review and evaluate technologies to facilitate fiber-to-the-home connectivity for residents and businesses

Phase 1 was funded and work began on this project in FY 2018. Phases 2 and 3 were not approved for funding in this year's budget; however, may be discussed in the future depending on public need and demand.

Undergrounding Fairbanks Avenue Power Lines – The City's Electric Department working in conjunction with Duke Energy® is undergrounding the overhead power lines that run along the south side of Fairbanks Avenue between Interstate 4 and Harper Street. Construction started in late 2018. This \$15 million project is funded by a Florida Department of Transportation (FDOT) grant and will create the following positive, long-term benefits:

- 1) Better protection against high winds during storms
- 2) Enhanced visual appeal
- 3) Facilitate marketability of properties

Undergrounding Power Lines City-Wide - Placing overhead power lines underground continues to be a major priority of the City with a goal of completing five miles of undergrounding each year. 5.8 miles of overhead lines were underground in FY 2018. This effort is expected to take until FY 2026 to complete and is being funded by current operating revenues of the electric utility.

Long-term financial planning

The City has prepared a ten year pro-forma forecast for the General Fund, Community Redevelopment Agency, Water and Sewer, and Electric Services Funds as well as a five year Capital Improvements Plan. These schedules provide information to assess the City's long-term financial condition in comparison to the short-term focus of the CAFR and budget. This data is included in the City's annual budget document which is available at www.cityofwinterpark.org. This document projects the City's major capital expenditures and related operating expenditures in addition to projecting regular operating expenditures, recurring capital expenditures and revenue.

New Accounting Standard

In June 2015, the GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions (GASB 75) effective for the City's fiscal year beginning October 1, 2017. This statement replaces the requirements of GASB Statement 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as amended. GASB 75 establishes new accounting and financial reporting requirements for Other Postemployment Benefits (OPEB) plans. This statement provides guidance for accounting for net OPEB liabilities, including definition of balances to be included in deferred inflows and deferred outflows of resources.

The City implemented GASB 75 in the current year and has made certain required disclosures in Note 17 as well as required supplementary information. Additionally a prior period restatement has been made to beginning net position balances as required by the standard, see details in Note 19.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report (CAFR) for the fiscal year ended September 30, 2017. This was the thirty eighth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the fiscal year beginning October 1, 2017. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide and a communications device.

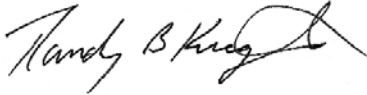

The in-house preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. The significant amount of year-end closing procedures and report preparation could not have been accomplished without much hard work and personal sacrifice. Special thanks must be given to Karen Cockerham and Franco Catalan for their dedication in the creation and compilation of this document.

Other City departments, although not extensively involved in year-end audit activities, contributed significantly by ensuring the accuracy and integrity of accounting information compiled throughout the year. Without their diligence, the work of the Finance Department would have been considerably more difficult.

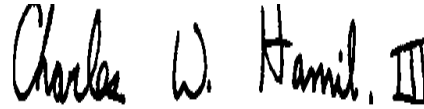

Appreciation must also be expressed to the City's auditors, Moore Stephens Lovelace, P.A., whose suggestions and attention to detail enhanced the quality of this report.

Last, but certainly not least, special appreciation must be expressed to the City's elected officials for their unyielding support and steadfast commitment to maintaining the financial integrity of the City. With their continued leadership, the City can look forward to a secure financial future.

Respectfully submitted,

Randy B. Knight, CPA
City Manager

Charles W. Hamil, III, CPA
Finance Director

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Winter Park for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2017. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reporting.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of Winter Park has received a Certificate of Achievement for the last thirty eight consecutive years (fiscal years 1980 - 2017). We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Winter Park, Florida (the "City") as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof, and for the year then ended in conformity with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT
(Concluded)

Emphasis-of-Matter – Change in Accounting Principle

As discussed in Note 19 to the financial statements, in the fiscal year ended September 30, 2018, the City adopted the provisions of Government Accounting Standards Board Statement (“GASBS”) No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. As a result of the implementation of GASBS 75, the City reported a restatement for the change in accounting principle as of October 1, 2017. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

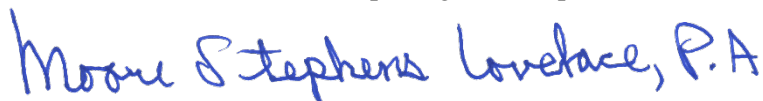

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City’s basic financial statements as a whole. The introductory section, combining and individual fund financial statements and schedules, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual major and non-major fund financial statements and schedules are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual major and non-major fund financial statements and schedules are fairly stated, in all material respects, in relation to the financial statements as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 23, 2019, on our consideration of the City’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City’s internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)

As management of the City of Winter Park (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$197,705,103 (net position). Of this amount, \$26,909,772 (unrestricted net position) may be used to meet the City's ongoing obligations to its citizens and creditors.
- The City's total net position increased by \$20,039,887 (or 11.28%). The governmental net position increased by \$7,972,731 (or 10.72%) and the business-type net position increased by \$12,067,156 (or 11.68%).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$13,547,366, or 25.81% of total expenditures and transfers out for recurring operational costs reported in other funds as compared to 19.37% in the prior year. Unassigned fund balance in the General Fund increased by \$3,856,856 in fiscal year 2018. This was due in large part to the sale of 1111 W Fairbanks Avenue, which added \$2,326,312 to the General Fund and \$1,000,000 to the Community Redevelopment Agency. In addition, a second year of very high construction activity generated significant permit and inspection fee revenues.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, information technology, financial services, communications, planning and community development, building and permitting services, community redevelopment agency, public works, police, fire rescue, parks and recreation, and cultural and community services. The business-type activities of the City include water and sewer and electric services.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains fourteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Community Redevelopment Fund, and Capital Projects Fund, which are considered to be major funds. Data from the other eleven governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund and certain Special Revenue Funds. Budgetary comparison schedules have been provided for the General Fund and each major Special Revenue Fund that adopts a budget to demonstrate compliance with the budget and are presented as required supplemental information. Budgetary comparisons for nonmajor special revenue funds are presented in the combining statements.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer and electric services. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its fleet maintenance operations, vehicle replacement funding, and insurance. Because services accounted for in internal service funds predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Fund and Electric Services Fund. The Water and Sewer Fund and Electric Services Fund are considered to be major funds of the City. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning budgetary comparisons and the City's progress in funding its obligation to provide pension benefits to its employees and Other Postemployment Benefit (OPEB) obligations.

The combining statements referred to earlier in connection with nonmajor governmental and internal service funds are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$197,705,103 at the close of the most recent fiscal year.

The largest portion of the City's net position (75.90%) reflects its investment in capital assets (e.g., land, buildings, improvements other than buildings, machinery and equipment) and other assets (goodwill, sewer capacity rights, etc.), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

	Net Position					
	Governmental Activities		Business-type Activities		Total	
	2018	2017	2018	2017	2018	2017
Current assets	\$ 71,485,416	\$ 66,070,707	\$ 57,022,022	\$ 53,579,395	\$ 128,507,438	\$ 119,650,102

Deferred inflows of resources	1,091,370	489,642	105,884	-	1,197,254	489,642
Net position:						
Net Investment in Capital						
Assets	75,740,111	71,473,766	74,314,718	66,333,483	150,054,829	137,807,249
Restricted	5,923,813	5,647,853	14,816,689	11,045,144	20,740,502	16,692,997
Unrestricted	693,484	(655,951)	26,216,288	27,863,015	26,909,772	27,207,064
Total net position	\$ 82,357,408	\$ 76,465,668	\$ 115,347,695	\$ 105,241,642	\$ 197,705,103	\$ 181,707,310

An additional portion of the City's net position (10.49%) represents resources that are subject to external restrictions on how they may be used. The remaining 13.61% is unrestricted and may be used to meet the government's ongoing obligations to its citizens and creditors.

Governmental activities. Current assets of governmental activities increased significantly in the current year due to the sale of the property at 1111 W Fairbanks Avenue for \$3,326,312. Construction activity related revenues in excess of budget estimates contributed another \$2,456,292 in cash.

Deferred outflows of resources included \$2,161,539 less related to pensions than in the current year as portions of prior year deferrals were recognized as pension expense in the current year.

Long-term liabilities were reduced through principal payments on debt.

Business-type activities. Water and sewer impact fees added \$5,222,105 to current assets of business-type activities. \$3,110,034 was for two apartment projects that are outside the City limits but still served by Winter Park's water and sewer system.

Long-term liabilities were reduced through principal payments on debt.

The changes in net position displayed below shows the governmental and business-type activities during the fiscal year.

Governmental activities. Governmental activities increased the City’s net position by \$7,972,731 as compared to an increase of \$6,076,842 in the prior year. Explanations for some of the significant variances from the prior year are as follows:

Property tax revenues increased as a result of 7.36% increase in taxable value as well as the addition of voted debt service millage for the General Obligation Bonds, Series 2017 for the construction of The Canopy, a new library and events center.

Intergovernmental revenues with the most significant increases in FY 2018 were half-cent sales tax (\$359,574 increase) and tax increment revenue in the Community Redevelopment Agency (\$253,842 increase). Increment revenue from the County is reported as intergovernmental revenue.

Building expenses include the Safety and Code Compliance function, which had been reported in Fire for the past several years. These costs were \$386,542 in the current year and \$354,529 in the prior year. Additional Building costs were required to keep up with all the plan review and inspection requirements associated with construction activity.

Public Works expenses include \$406,415 for street lighting costs that had been reported in the Electric Services Fund for the past several years. In addition, solid waste services increased by \$330,480. FY 2018 was the first full year of the City billing commercial accounts for solid waste collection and disposal. The City’s franchisee had been billing these customers in the past. Now, the City bills the customers, pays the franchisee for collection of solid waste, and pays the landfill directly for disposal costs.

Parks and recreation expenses include \$1,294,787 in storm recovery costs related to Hurricane Irma. Hurricane Irma struck the City on September 11, 2017. Most of the more significant debris removal and facility repair costs were incurred in FY 2018.

Interest on long-term debt was higher in the current year due to the addition of debt service on the voter approved General Obligation Bonds, Series 2017.

Business-type activities. Business-type activities increased the City’s net position by \$12,067,156 as compared to an increase of \$4,950,637 in the prior year. Explanations for some of the significant variances from the prior year are as follows:

Electric rates were increased effective October 1, 2017. The new rates were expected to increase most customer bills by 4 – 6%. The higher rates increased non-fuel revenues by \$3,137,580.

Capital contributions and grants (water and sewer impact fees) were up significantly due to the construction activity discussed earlier.

Electric expenses decreased due to the lower price of natural gas. Fuel costs associated with bulk power purchases were \$1,120,012 lower than in the prior year.

Financial Analysis of the City’s Major Governmental Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City’s governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year. The City maintains three major governmental funds: the General Fund, the Community Redevelopment Fund, and the Capital Projects Fund.

General Fund. The General Fund is the primary operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$13,547,366, while total fund balance was \$17,959,679. As a measure of the General Fund’s liquidity, it may be useful to compare both unassigned fund balance and total fund balance to the fund’s total current expenditures. Unassigned fund balance represents 25.81% of total expenditures and transfers out for recurring operational costs reported in other funds, while total fund balance represents 34.22% of that same amount. Total fund balance includes non-spendable balances such as property held for resale (\$830,000), inventory (\$123,993), prepaid items (\$2,194), and spendable balances such as permit revenues restricted for enforcing the Florida Building Code (\$3,213,082) and balances assigned via purchase order commitments that were re-appropriated in FY 2019 (\$243,044).

The General Fund’s fund balance increased by \$4,472,215 during the current fiscal year. The most significant reasons for this increase were (1) sale of 1111 W Fairbanks Avenue for \$2,326,312 (Community Redevelopment Agency also received \$1,000,000 to offset its investment in the purchase of the property), (2) Permit and inspection fee revenue associated with construction activity, and (3) improved half-cent sales tax revenue. The following chart presents the General Fund’s unassigned fund balance as a percentage of total expenditures and transfers out for recurring operational costs reported in other funds for each of the past ten years.

The Government Finance Officers Association recommends, at a minimum, that general-purpose governments maintain unassigned fund balance in their general fund of no less than one to two months of regular general fund operating expenditures (or 8.33 – 16.67%). The City’s Administrative Policy sets a General Fund Balance goal of 30% of expenditures and transfers out for recurring operating costs reported in other funds.

The following graph presents the General Fund’s largest revenue sources over the past five years, excluding transfers in, which can identify growth trends. These revenue sources comprised approximately 80% of General Fund revenues each year. For purposes of this graph, electric franchise fees reported as revenue in the Electric Services Fund and subsequently transferred to the General Fund were included in the franchise fee revenue below.

The property tax is by far the most significant single revenue source over which the City can exercise some control. The City’s operating millage rate was increased from 3.9950 mills to 4.0923 mills in FY 2009 where it has remained since. Property values have continued to increase which boosted General Fund property tax revenues by \$1,428,538 as a result of a 7.36% increase in taxable value of property.

Sales tax revenue has consistently grown over the past five years.

License and permit fee revenues have been high for the past two years due to large construction projects such as expansion of the Winter Park Memorial Hospital, replacement of the Winter Park Wellness Center, apartment complexes in the Ravadauge Development, office space on Morse Boulevard and a new Sprouts.

Charges for solid waste collection increased significantly beginning in the prior year as a result of the City beginning billing of commercial accounts; however, this new revenue was largely offset by the costs of collection and disposal that is now the City’s responsibility.

Community Redevelopment Agency. Tax increment revenues increased by \$572,724. Property valuations which determine tax increment revenues increased by 17.64%.

Capital Projects Fund. Fund balance of the Capital Projects Fund remained relatively flat and ended the fiscal year at \$28,551,818. This will decrease significantly, as construction on The Canopy Project (new library and events center) begins.

General Fund Budgetary Highlights

Final amended appropriations for the General Fund were \$54,771,623 and actual expenditures were \$54,192,796.

	Budgeted Amounts			Final vs. Original Budget	Final Budget vs. Actual
	Original	Final	Actual		
General administration	\$ 1,388,998	\$ 1,388,998	\$ 1,242,889	\$ -	\$ 146,109
Information technology	534,737	534,737	426,992	-	107,745
Financial services	355,153	355,153	376,178	-	(21,025)
Communications	198,321	275,821	283,743	77,500	(7,922)
Planning and community development	600,240	600,240	534,213	-	66,027
Building and permitting services	1,739,138	1,772,776	1,926,965	33,638	(154,189)
Public works	8,717,402	9,430,775	9,238,684	713,373	192,091
Police	14,470,520	14,470,520	13,803,832	-	666,688
Fire rescue	12,410,747	12,410,747	12,415,133	-	(4,386)
Parks and recreation	7,928,686	7,814,986	7,928,415	(113,700)	(113,429)
Cultural and community services	1,509,100	1,509,100	1,511,499	-	(2,399)
Non-departmental	(150,972)	(150,972)	-	-	(150,972)
Transfers to other funds	4,219,936	4,358,742	4,504,253	138,806	(145,511)
Total	\$ 53,922,006	\$ 54,771,623	\$ 54,192,796	\$ 849,617	\$ 578,827

The General Fund budget was increased by \$849,617 from the original budget to the final budget. The following table summarizes these adjustments:

Increase for open purchase orders re-appropriated in the following fiscal year	\$ 302,473
Appropriate revenue from additional solid waste services to pay for the related expenditures	299,200
Funding for roadway improvements in the Ravadauge Development	93,806
Appropriate additional golf revenues to pay for golf services	75,500
Funding for Loch Lomond Trail Project	45,000
Demolish building damaged by fire	33,638
Total increase in General Fund budget	\$ 849,617

The variance between the final budget and actual expenditures for the general fund for the year was \$578,827. General administration’s budgetary savings are mostly attributable to less spending for legal services. The deficit in the Building and Permitting Services Department resulted from extra costs being incurred to keep up with all of the construction activity. The positive variance in Public Works results from less spending on street paving materials. The Police Department spent less than budgeted due to vacant positions that occurred during the year. The Non-Departmental budget is a budget item for likely vacancies not linked to any specific department. The City’s Comprehensive Plan requires 10% of increases in General Fund balance to be set aside for acquisition of park land. Increases are first offset by any prior year decreases. Since this transfer is not known until the end of the fiscal year, it is not part of the budget.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of September 30, 2018, amounts to \$273,284,772 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, furniture and fixtures, vehicles, streets and drainage, water and sewer transmission lines and facilities and construction in progress.

Major capital asset events during the current fiscal year included the following:

- \$744,464 for information technology upgrades including a new enterprise resource planning program. The general ledger, purchasing, accounts payable, and fixed asset applications of this system were implemented effective October 1, 2017. The City went live with the inventory application at the conclusion of fiscal year 2018. Implementation of other applications will take place over the next two years.
- \$1,084,430 for design and other work related to constructing The Canopy Project. Total invested in this project through September 30, 2018 was \$1,995,370. Construction will begin in FY 2019.
- \$384,508 was invested in improvements to the Azalea Lane Tennis Center. Winter Park staff recently resumed operating this facility after several years of contracting this service.
- \$236,529 to upgrade lighting of the City's athletic fields and tennis courts. This is part of an ongoing lighting upgrade program.
- \$1,773,314 was spent on stormwater drainage improvements.
- Routine Water and Sewer system improvements in the current year included water main upgrades and extensions (\$862,335), sewer main upgrades and extensions (\$407,350), and the relocation of water and sewer mains required by the I-4 Ultimate project (\$179,495).
- \$1,562,724 was invested in routine capital improvements of the electric distribution system. These capital expenditures were funded through electric rate revenues and contributions from private parties to connect to the City's electric system.
- \$4,503,360 was spent on undergrounding 5.8 miles of overhead power lines. This is a long-term effort and a primary focus of the Electric Utility. The annual goal is to underground 5.0 miles of overhead lines.
- \$891,181 in replacement vehicles were acquired in the current year.

	Capital Assets					
	Governmental Activities		Business-type Activities		Totals	
	2018	2017	2018	2017	2018	2017
Land	\$ 15,472,338	\$ 18,039,902	\$ 12,187,524	\$ 12,187,524	\$ 27,659,862	\$ 30,227,426

Additional information on the City's capital assets can be found in Note 4 in the notes to the financial statements.

Long-term debt. At the end of the current fiscal year, the City had total bonded debt outstanding of \$159,675,000. Of this amount, \$26,990,000 comprises debt backed by the full faith and credit of the City and the remainder represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

Outstanding Debt						
	General Obligation and Revenue Bonds					
	Governmental Activities		Business-type Activities		Total	
	2018	2017	2018	2017	2018	2017
General obligation bonds	\$ 26,990,000	\$ 28,525,000	\$ -	\$ -	\$ 26,990,000	\$ 28,525,000
Revenue bonds

Community Redevelopment Agency	9,035,000	10,195,000	-	-	9,035,000	10,195,000
Water and Sewer	-	-	58,445,000	61,185,000	58,445,000	61,185,000
Electric	-	-	63,185,000	65,715,000	63,185,000	65,715,000
Total bonds	\$ 38,045,000	\$ 41,080,000	\$ 121,630,000	\$ 126,900,000	\$ 159,675,000	\$ 167,980,000

In the current year, the City completed the following bond transaction:

In December 2017, the City refunded \$34,640,000 in outstanding Water and Sewer Revenue Bonds, Series 2009. This refunding transaction was undertaken to achieve net present value savings of \$5,259,216 and reduce future debt service payments by \$8,840,424.

The City's charter does require voter referendum for the following categories of bonds:

- General obligation bonds
- Revenue bonds intended to finance enterprises or projects which involve the purchase, lease and/or acquisition of real property, with the exception of property for parks.
- Revenue bonds which pledge specific non-ad valorem taxes as the primary source(s) to pay the principal and interest and which have a principal value in excess of one million dollars. This dollar limitation is adjusted annually as of the end of the fiscal year in accordance with changes in the cost-of-living index as published by the federal government. This limitation, as adjusted, was \$2,494,457 at the close of the most recent fiscal year.

The City received the following recent bond ratings:

	Moody's Investor Services	Fitch Ratings	Standard & Poor's
General Obligation Bonds	Aa1	Aa+	-
Electric Revenue Bonds	A1	A+	-
Water and Sewer Revenue Bonds	Aa2	AA-	AA-

Additional information on the City's long-term liabilities can be found in Notes 6 to 14 in the notes to the financial statements.

Economic Factors and Next Year's Budgets and Rates

City staff monitors economic indicators on a continual basis. Taxable values went up by 8.61% for the FY 2019 tax levy. The FY 2018 budget was prepared holding the operating millage rate at 4.0923 mills where it has been since FY 2009. While construction activity continues to occur at a high rate, permit revenues are budgeted on a conservative basis due to the uncertainty of this revenue source.

Garbage service rates were held constant for FY 2019. Water and sewer rates were increased by 1.76% based on the 2018 price index for water and wastewater utilities adopted by the Florida Public Service Commission (FPSC). City of Winter Park is not regulated by the FPSC but chooses to use its index as indicative of cost changes in the industry.

Electric service rates were increased effective October 1, 2018. Most electric customers will see an increase of approximately 4 – 6% in their monthly bills.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 401 Park Avenue South, Winter Park, Florida 32789. Other financial information can be found at the City's website (www.cityofwinterpark.org).

**The City of Winter Park, Florida
Reconciliation of the Balance Sheet
to the Statement of Net Position
Governmental Funds
September 30, 2018**

Fund Balances - Total Governmental Funds	\$	58,283,170
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Receivables not expected to be received within 180 days of fiscal year end are not considered as "available" revenue in the governmental funds, and therefore, reported as deferred revenue. In the Statement of Net Position, which is presented on the accrual basis, no deferral is reported since the revenue is fully recognized in the Statement of Activities		1,396,295
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Governmental Capital Assets	\$ 163,522,312	
Less: Accumulated Depreciation	<u>(83,110,459)</u>	80,411,853
Certain amounts related to the Other Postemployment Benefits Liability are deferred and amortized over time		
Deferred outflows of resources	149,668	
Deferred inflows of resources	<u>(373,586)</u>	(223,918)
Certain amounts related to the Pension Liability are deferred and amortized over time		
Deferred outflows of resources	2,918,143	
Deferred inflows of resources	<u>(706,114)</u>	2,212,029
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.		
Governmental Bonds Payable	(29,133,567)	
Deferred Amount on Refunding	11,000	
Governmental Notes Payable	(11,055,000)	
Capital Lease Obligations	(693,660)	
Accrued Interest Payable on Long-Term Liabilities	(347,255)	
Pension Liability	(19,247,692)	
Other Postemployment Benefits Liability	(6,878,420)	
Compensated Absences	<u>(4,162,809)</u>	(71,507,403)
Internal service funds are used by management to charge the costs of certain activities to individual funds.		
The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.		<u>11,785,382</u>
Net Position of Governmental Activities	\$	<u>82,357,408</u>

The City of Winter Park, Florida
Reconciliation of the Statement of Revenues,
Expenditures and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended September 30, 2018

Net Change in Fund Balances - Total Governmental Funds **\$ 3,187,318**

Amounts reported for governmental activities in the Statement of Activities are different because:

Special assessment revenues in the governmental funds were recognized as revenues in prior periods in the government-wide financial statements since they are on the accrual basis of accounting. (77,674)

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is depreciated over their useful lives.

Expenditures for Capital Assets	\$ 3,986,268	
Less: Current Year Depreciation	<u>(2,543,281)</u>	1,442,987

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Change in Accrued Interest on Governmental Debt	23,898	
Amortization of Bond Premium	148,526	
Amortization of Bond Discount	(9,933)	
Amortization of Deferred Loss on Bond Refunding	(4,125)	
Principal Payments on General Obligation Bonds	1,535,000	
Principal Payments on Notes Payable	340,000	
Principal Payments on Community Redevelopment Debt	1,160,000	
Principal Payments on Capital Lease Obligations	<u>172,150</u>	3,365,516

Some expenses in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in Other Postemployment Obligation and Related Deferred Outflows and Inflows		(185,800)
Change in Pension Liability and Related Deferred Outflows and Inflows		(638,543)
Change in Long-term Compensated Absences		123,724

Internal service funds are used by management to charge the costs of certain activities to individual funds.

Change in net position of the internal service funds are included in governmental activities in the Statement of Activities.		<u>755,203</u>
--	--	----------------

Change in Net Position of Governmental Activities **\$ 7,972,731**

THE CITY OF WINTER PARK, FLORIDA

Notes to Financial Statements

September 30, 2018

1. Summary of Significant Accounting Policies

The City of Winter Park (the “City”), which was established by a special act of the Florida Legislature on April 8, 1882 and incorporated October 12, 1887, operates under the Commission - City Manager form of government. The City is located in the center of the State of Florida in the northern section of Orange County (the “County”).

The accounting policies of the City conform to generally accepted accounting principles (GAAP) as applied to governmental units. The more significant accounting policies used by the City are described below.

A. REPORTING ENTITY:

The City is a municipal corporation with a five member commission including the mayor, who acts as the presiding officer of the commission, with a vice mayor serving in his absence.

The City provides a full range of municipal services including police and fire protection, public works activities, parks and recreational facilities, planning and development, financial services and general administrative services. In addition, the City operates two enterprise funds: water and sewer services and electric services.

In evaluating the City (the primary government) as a reporting entity, all potential component units that may or may not fall within the financial accountability of the City have been addressed. Financial accountability is present if the City Commission (the “Commission”) appoints a voting majority of a component unit's governing body and has the ability to impose its will on the organization or if there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the City.

The accompanying financial statements present all the fund types of the City and its component unit. The blended component unit, although a legally separate entity, is, in substance, part of the City's operations.

Blended Component Unit:

The Community Redevelopment Agency is governed by the City's five-member commission. Pursuant to the requirements of Chapter 163, Part III of the Florida Statutes, the City, with the consent of Orange County, created a Community Redevelopment Area (CRA) through City Resolution No. 1528, adopted on January 11, 1994 to foster improvements in the Westside and Central Business Districts of the City. The CRA uses future tax increment revenue to fund a variety of improvement projects. The CRA is reported as a special revenue fund.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges between the City's water and sewer, electric and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other governmental revenues are considered available if they are collected within 180 days of the end of the current fiscal period. For special assessments receivable, only the portion due within the subsequent fiscal year is considered to be available for recognition as revenue in the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

Franchise and utility taxes, state revenue sharing, charges for garbage and stormwater service, fines and forfeitures and investment earnings associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

The City utilizes an indirect cost allocation system to allocate costs incurred in the General Fund that are indirect expenses of other funds. Reimbursements to the General Fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures in the General Fund. These reimbursements are presented in the Indirect Expenses Allocation column of the Statement of Activities. The Expenses column of this statement includes only the direct expenses of each function.

Surpluses or deficits in the Internal Service Funds are allocated back to customers at the government-wide level Statement of Activities. This creates a reconciling item between the business-type activities column at the government-wide level and the proprietary fund statements at the fund level as reflected on the bottom of each statement.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise and internal service funds include the cost of sales and services, administrative expenses, depreciation on capital assets and amortization of intangible assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Major Governmental Funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Community Redevelopment Fund accounts for the activities funded by tax increment revenues from the Community Redevelopment Area.

The Capital Projects Fund accounts for financial resources used for the acquisition or construction of significant capital assets.

Non-Major Governmental Fund Types:

Special Revenue Funds account for specific revenue sources that are restricted by law or administrative action to expenditures for specific purposes. Non-major special revenue funds include the Designations Trust Fund, Stormwater Utility Fund, Affordable Housing Fund, Law Enforcement Trust Fund, Grant Fund, Parks Impact Fees Fund, Hurricane Recovery Fund, Police and Firefighter Premium Tax Trust Fund and Cemetery Trust Fund.

The Debt Service Fund accounts for the accumulation of resources for, and the payment of principal and interest on, certain general long-term debt.

The Stormwater Capital Projects Fund accounts for stormwater fees segregated for the acquisition or construction of major stormwater drainage or treatment facilities.

Major Proprietary Funds:

The Water and Sewer Fund accounts for the provision of water and sewer service to customers both inside the City limits and to the west, north and east of the City.

The Electric Services Fund accounts for the provision of electric service to certain areas within the City limits.

Non-Major Proprietary Funds:

Internal Service Funds account for the financing of goods and services provided by one department to other departments of the City on a cost reimbursement basis. Internal service funds include the Fleet Maintenance Fund, Vehicle Replacement Fund, Employee Insurance Fund and General Insurance Fund.

Fiduciary Fund Types:

Pension Trust Funds account for the activities of the Police and Firefighter Pension Trust Funds, which accumulate resources for pension benefit payments to qualified public safety employees.

D. NEW ACCOUNTING PRONOUNCEMENT:

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions* (GASB 75) effective for the City's fiscal year beginning October 1, 2017. This statement replaces the requirements of GASB Statement 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended. GASB 75 establishes new accounting and financial reporting requirements for Other Postemployment Benefits (OPEB) plans. This statement provides guidance for accounting for net OPEB liabilities, including definition of balances to be included in deferred inflows and deferred outflows of resources.

The City adopted GASB 75 in the current year and has made certain required disclosures in Note 17 as well as required supplementary information. Additionally a prior period restatement has been made to beginning net position balances as required by the standard, see details in Note 19.

E. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY:

1) Budgetary information:

The City's budgetary procedures and a comparison of budget to actual data are presented in the Required Supplemental Information section for the General and budgeted major Special Revenue Fund (Community Redevelopment Fund).

Expenditures of the Cemetery Trust non-major special revenue fund exceeded the annual budget by \$16,994. Revenues of this fund exceeded the annual budget by \$103,088.

2) Deficit fund balances:

The Hurricane Recovery Fund is accounted for as a non-major special revenue fund. At September 30, 2018, this fund had a \$1,475,265 deficit fund balance. This deficit is expected to be liquidated in future years by hurricane-related reimbursements and transfers from the General Fund for any costs not reimbursed by other entities.

The Fleet Maintenance Fund is accounted for as an internal service fund. At September 30, 2018, this fund had a \$64,916 deficit net position balance. This deficit is expected to be liquidated in future years through charges to user departments.

F. USE OF ESTIMATES:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

G. CHANGE IN ACCOUNTING PRINCIPLE:

The City implemented GASB 75, *Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions* in fiscal year 2018. The primary objective of this statement is to improve accounting and reporting by state and local governments for OPEB. The City has restated amounts of affected balances within the government-wide financial statements as of September 30, 2017.

	<u>As Originally Reported</u>	<u>As Restated</u>	<u>Effect of Change</u>
Statement of Net Position			
Deferred Outflow of Resources:			
Benefit payments made subsequent to the measurement date	\$ -	\$ 144,280	\$ 144,280
Long-term Liabilities:			
Net OPEB Liability	5,052,144	8,694,567	(3,642,423)
Deferred Inflow of Resources:			
Changes of assumptions	-	543,951	(543,951)
Net Position: Government-wide	181,707,310	177,665,216	<u>(4,042,094)</u>
Statement of Activities			
Restatement per GASB 75 implementation	\$ -	\$ (4,042,094)	<u>\$ (4,042,094)</u>

H. DEPOSITS AND INVESTMENTS:

Cash and Cash Equivalents

The City's cash management pool allows individual funds to, at any time, deposit additional cash or make withdrawals without prior notice or penalty, and thus, the City is managing an internal service pool which is considered by GASB to be a cash equivalent. The City considers cash equivalents to be highly liquid investments (including restricted assets) with an original maturity of three months or less when purchased.

Each participating fund's portion of the pool is reported as "Cash, Cash Equivalents and Investments" in the governmental and proprietary funds' balance sheets. Certain cash and investments for the Water and Sewer and Electric Services Funds are held separately and not included in the pool.

For purposes of the statements of cash flows, the City classifies its cash management pool (including restricted assets) along with the Water and Sewer and Electric Services Funds cash accounts as cash and cash equivalents.

Individual funds with credit balances at year-end were reclassified to Due to Other Funds for reporting purposes with offsetting Due from Other Funds in the General Fund and Water and Sewer Fund.

Deposits

Deposits consist of interest bearing demand accounts. All deposits with financial institutions were 100% insured by Federal depository insurance or by collateral pursuant to the Public Depository Security Act of the State of Florida. The carrying amount of the demand deposits and cash on hand at September 30, 2018 was \$7,242,428 (excluding Pension Trust Funds).

Investments

The City's investment policy is governed by an ordinance adopted by the City Commission. Allowable investments include, the Local Government Surplus Trust Fund, United States Government Securities, United States Government Agencies (full faith and credit of the United States Government), Federal Instrumentalities (United States Government sponsored agencies which are non-full faith and credit), Non-Negotiable Interest Bearing Time Certificates of Deposit, Repurchase Agreements, Banker's Acceptances, Commercial Paper, State and/or Local Government Taxable and/or Tax-Exempt Debt, Registered Investment Companies (Money Market Mutual Funds) and Intergovernmental Investment Pools.

The City of Winter Park, Florida
Notes to Financial Statements - September 30, 2018

The following is a summary of cash and investments held by the City at September 30, 2018:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1 - 5	6 - 10	More Than 10

Fair Value of Investments - Investments are stated at fair value with the exception of the Florida Education Investment Trust Fund that is measured at net asset value (NAV) and investments in the Florida Surplus Asset Fund Trust (FLSAFE) and State Board of Administration's Local Government Surplus Funds Trust Fund (SBA - an external 2a7-like fund) which are presented at amortized cost.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The level in the fair value hierarchy within which a fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Investments using net asset value or amortized cost, which approximate fair value, have not been classified in the fair value hierarchy.

The following is a summary of the City's financial assets carried at fair value by level within the valuation hierarchy as of September 30, 2018:

Investment Type	Fair Value	Fair Value by Level		
		Level 1	Level 2	N/A

Total Cash and Investments	\$ 56,033,941	\$ 9,697,407	\$ 41,519,715	\$ 3,252,699	\$ 1,564,120

The City has the following recurring fair value measurements as of September 30, 2018:

- U.S. Treasury Securities and Stocks - Valued using quoted prices in an active market for identical assets (Level 1 inputs).
- Equity Mutual Funds – Valued at market prices for similar assets in active markets (Level 1 inputs).
- Debt Securities – Valued using either a bid evaluation or a matrix pricing technique. Bid evaluations may include market quotations, yields, maturities, call features and ratings. Matrix pricing is used to value securities based on the securities relationship to benchmark quoted prices (Level 2 inputs).
- Fixed Income Mutual Funds – Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yield currently available on comparable securities of issuers with similar credit ratings (Level 2 inputs).
- Common Collective Trusts – Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common collective trusts. The underlying assets are valued based on the net asset value as provided by the investment account manager (Level 2 inputs).
- Real Estate Commingled Funds – Valued using a combination of external appraisals and internal valuations (Level 3 inputs).

Interest Rate Risk - To mitigate interest rate risk, the City's investment policy requires that the investment strategy provide sufficient liquidity to meet the City's operating, payroll and capital requirements that may be reasonably anticipated. Investments of current operating funds are to have maturities not exceeding twelve months.

Credit Risk - Although the City's investment policy does not address specific investment-related risk, to mitigate credit risk, the City primarily invests in the U.S. Government Securities and the State of Florida local government surplus trust fund pool as well as other investments allowed in the investment ordinance referred to above. Credit quality distribution for investments, with credit exposure as a percentage of total investments, are as follows at September 30, 2018:

Investment Type	Standard & Poor's Ratings	Moody's Ratings	Percentage of Total
Pooled Investments			
U.S. Treasury Securities	Not Rated	Aaa	12%
Government National Mortgage Assoc	Not Rated	Not Rated	2%
Federal Farm Credit Bank	AA+	Aaa	18%
Federal Home Loan Bank	AA+	Aaa	16%
Federal Home Loan Mortgage Corp	AA+	Aaa	13%
Federal National Mortgage Association	AA+	Aaa	6%

Total Corporate Bonds	\$ 1,026,078		

Credit Ratings for Investments in Debt Securities by the Firefighters' Pension			
	Amount Invested	Standard & Poor's Ratings	Percentage of Total
Fixed Income Mutual Funds	\$ 423,232	Not Rated	9%
Total Fixed Income Mutual Funds	\$ 423,232		
Corporate Bonds	\$ 247,490	A	5%
	585,363	B	13%
	524,129	BB	12%
	297,229	BBB	7%
	70,161	CCC	2%
	2,368,030	Not Rated	52%
Total Corporate Bonds	\$ 4,092,402		

Custodial Risk – To mitigate custodial risk, broker/dealers must provide audited financial statements, proof of National Association of Securities Dealers (NASD) certification and proof of state registration. Securities transactions between a financial institution or broker/dealer and the custodian involving purchase or sale of securities by transfer of money or securities must be made on a “delivery vs. payment” basis, if applicable, to ensure that the custodian will have the security or money, as appropriate, on hand at the conclusion of the transaction.

Concentration of Credit Risk - The City's investment policy requires that investments be diversified by security type and institution. Specific limitations as to the percentage of the portfolio and length of maturity for each type of investment are addressed in the policy.

I. RECEIVABLES:

Utility operating revenues are generally recognized on the basis of cycle billings rendered monthly. The amount of services delivered for the period from the last billing date to September 30th is estimated and accrued at year-end.

J. PROPERTY TAXES:

Under Florida Law, the assessment of all properties and the collection of all City property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. State Statutes permit cities to levy property taxes at a rate of up to ten (10) mills. The operating millage rate in effect for the fiscal year ended September 30, 2018 was 4.0923. A debt service millage was also in effect of 0.5133 mills.

All property is assessed according to its fair market value on January 1 of each year and at that time a lien is placed on the property for the taxes. The tax levy of the City is established by the City Commission prior to October 1 of each year and the Orange County Property Appraiser incorporates the City's millage into the total tax levy, which also includes Orange County, the Orange County School Board and the St. Johns Water Management District's tax requirements.

All taxes are billed on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

K. INVENTORIES:

Inventories are stated at cost using the first-in/first-out (FIFO) method and are charged as expenditures/expenses when used.

- ◆ Inventories of the General Fund consist of fuel and other operating supplies.
- ◆ Inventories of the Stormwater Utility Fund consist of aquatic weed control chemicals.
- ◆ Inventories of the Water and Sewer Fund consist of maintenance parts, supplies and water meters.
- ◆ Inventories of the Electric Services Fund consist of cable, meters, transformers and supplies.
- ◆ Inventories of the Fleet Maintenance Fund consist of maintenance parts, tires, fuels and supplies.

L. PREPAID ITEMS:

Prepaid items represent payments made to vendors that will benefit periods beyond September 30, 2018. The costs of governmental fund type prepaid items are recorded using the consumption method, that is, as expenditures when consumed rather than when purchased.

M. CAPITAL ASSETS:

Property, plant and equipment purchased or acquired are carried at historical cost or estimated historical cost. Contributed assets are recorded at acquisition value as of the date received. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property, plant and equipment are depreciated using the straight-line method over the following useful lives:

Years	Classification
7 – 50	Buildings
10 – 50	Streets and drainage
10 – 50	Improvements other than buildings
2 – 20	Machinery and furniture
2 – 10	Vehicles (including heavy equipment)
30 – 50	Water & sewer lines
30 – 50	Electric

System acquisition costs represent the 1981 acquisition of General Waterworks Corporation's operating assets, consisting primarily of the water utility within the City and a water and sewer system providing services to areas outlying the City's boundaries. The purchase method was utilized to account for this transaction. The system acquisition costs are amortized using the straight-line method over forty (40) years.

The City's payment to Duke Energy for the electric distribution system in the City limits for going concern and stranded costs are reported as system acquisition costs and are being amortized over the term of the bonds issued to finance this acquisition.

Capacity rights and sewer contract costs consist of purchased rights to specified percentages in existing and future water and sewer treatment capacity as described in Note 18. The capacity rights were recorded at cost and amortized using the straight-line method over a period of 13 to 30 years.

The City's payment to South Seminole-North Orange County Wastewater Transmission Authority for its share of infrastructure improvements is reported as sewer capacity rights and is being amortized over the term of the bonds issued to finance this payment. The City is party to an intergovernmental agreement, which governs the South Seminole-North Orange County Wastewater Transmission Authority. The Authority owns and operates the pipeline that takes the City's and other participants' sewage flows to the Iron Bridge Regional Wastewater Treatment Plant.

N. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The deferred expense on refunding bonds reported in the government-wide statement of net position and proprietary funds statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The amount for pensions relates to certain differences between expected and actual actuarial results and changes of assumptions. The amount for other postemployment benefits relates to contributions to the OPEB plan from the employer subsequent to the measurement date of the net OPEB liability and before the end of the reporting period.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that period. The unavailable revenue on long-term receivables reported in the fund financial statements balance sheet for governmental funds represents a portion of various long-term receivables that will be received after the availability period. This amount is deferred and the portion of the receivables becoming due within the following fiscal year will be recognized as revenue in future periods. The amount for pensions relates to certain differences between expected and actual actuarial results and certain differences between projected and actual investment earnings. The amount for other postemployment benefits relates to changes of assumptions or other actuarial inputs.

O. UNEARNED REVENUE:

The unearned revenue on the government-wide statement of net position includes golf course memberships collected in advance and occupational license fees collected before year-end but not due until October 1.

P. LONG-TERM DEBT:

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

Q. ACCUMULATED UNUSED COMPENSATED ABSENCES:

The City records the vested portion of accumulated unused compensated absences at year-end based on each employee's accumulated unused hours and rate of pay, including the City's share of Social Security, Medicare taxes and Retirement. All compensated absences are accrued when earned by employees in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

R. PENSION PLANS:

The City sponsors and administers three pension plans covering substantially all full-time employees. The City's policy is to fund the annual pension costs in the annual budget.

Employees of the Police and Fire Departments are enrolled in separate defined benefit pension plans adopted by the City effective August 4, 1959 for the police officers and January 1, 1959 for the firefighters. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Police and Firefighter pension plans and additions/deductions from the plan net positions have been determined on the same basis as they are reported by the plans.

Benefit payments (including refunds of employee contributions) are recognized in the fund financial statements when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General employees are enrolled in a defined contribution 401(a) pension plan established January 1, 1992, as described in Note 16(C). The assets, liabilities, fund equity and operations of this plan are not presented on the City's financial statements as the plan is independently administered.

S. CATEGORIES AND CLASSIFICATION OF FUND BALANCE:

Fund balance classifications are Non Spendable, Restricted, Committed, Assigned and Unassigned. These classifications reflect not only the nature of the funds, but also provide clarity to the level of restriction placed upon fund balance. Fund balance can have different levels of restraint, such as external versus internal compliance requirements. The City classifies governmental fund balances as follows:

Non Spendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

Spendable Fund Balance:

- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as donors or amounts constrained by enabling legislation.
- Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of City Commission. Such formal action may be in the form of an ordinance or resolution and may only be modified or rescinded by taking the same formal action that imposed the original constraint. Approval of an ordinance requires two public hearings while a resolution only requires one. These commitments must be in place prior to September 30.
- Assigned – includes amounts that are intended to be used for specific purposes that are neither restricted nor committed. Assignments may be made by City Commission or management based on the purpose of the fund.
- Unassigned – includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories.

The City uses restricted amounts first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City does not have a minimum fund balance policy. As part of its Administrative Policy, the City Commission set a goal of working towards an unassigned fund balance in the General Fund equaling thirty percent of the annual General Fund expenditures and transfers out for recurring operating costs reported in other funds.

T. NET INVESTMENT IN CAPITAL ASSETS COMPONENT OF NET POSITION:

Net investment in capital assets component of net position consisted of the following components as of September 30, 2018:

	Governmental Activities	Business-type Activities
Capital assets, net	\$ 87,803,687	\$ 185,481,085
Related debt, net ¹	(38,727,660)	(113,364,932)
Unspent proceeds from capital related debt	26,664,084	2,198,565
Totals	\$ 75,740,111	\$ 74,314,718

¹Amounts outstanding are net of applicable unamortized discounts, premiums, and capital-related deferred outflows of resources (deferred expense on refundings).

U. RESTRICTED COMPONENT OF NET POSITION:

Restricted component of net position are subject to restrictions that are either (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

2. *Receivables*

The accounts receivable and allowance for uncollectibles at September 30, 2018 were as follows:

	Accounts Receivable	Allowance for Uncollectibles	Net
General Fund	\$ 3,687,501	\$ 2,417,616	\$ 1,269,885
Community Redevelopment Fund	21,100	21,100	-
Non-Major Governmental Funds:			
Designations Trust Fund	30,979	28,524	2,455
Stormwater Utility Fund	236,273	566	235,707
Debt Service Fund	1,310	-	1,310
Enterprise Funds:			
Water and Sewer Fund	1,758,648	139,606	1,619,042
Electric Services Fund	4,542,781	224,206	4,318,575
Internal Service Funds:			
Employee Insurance Fund	54,803	837	53,966
Totals	\$ 10,333,395	\$ 2,832,455	\$ 7,500,940

3. *Special Assessments Receivable*

Special assessments receivable consist of assessments for community redevelopment, street bricking and other streetscaping improvements in the governmental funds and undergrounding of electric and cable utilities in the Electric Services Fund. Owners of properties benefitting from the improvements are given the option of paying their share of the project cost either in a lump sum at the completion of the project or over a certain time. Assessments are billed to property owners through the property tax bill as non-ad valorem assessments.

Special assessments receivable at September 30, 2018 were as follows:

	<u>Interest Rate</u>	<u>Principal</u>		<u>Interest Receivable</u>	<u>Total</u>
		<u>Current Receivable</u>	<u>Deferred Receivable</u>		
Governmental Activities:					
Major Fund					
Community Redevelopment Fund:					
Community redevelopment	-	\$ 30,000	\$ 300,000	\$ -	\$ 330,000
Non-Major Funds					
Designations Trust Fund:					
Street bricking improvements	6.00%	\$ 11,421	\$ 102,215	\$ 18,409	\$ 132,045
Debt Service Fund:					
Park Avenue improvements	1.57%	58,102	116,203	2,722	177,027
Orange Avenue improvements	2.09%	99,048	792,381	75,513	966,942
		<u>\$ 157,150</u>	<u>\$ 908,584</u>	<u>\$ 78,235</u>	<u>\$ 1,143,969</u>
Business-Type Activities:					
Major Fund					
Electric Services Fund:					
Undergrounding electric and cable utilities	4.00% & 4.25%	\$ 138,686	\$ -	\$ 12,382	\$ 151,068

4. *Capital Assets*

The following is a summary of changes in capital assets during the year ended September 30, 2018:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities:				
Capital assets, not being depreciated:				
Land	\$ 18,039,902	\$ 334,337	\$ (2,901,901)	\$ 15,472,338
Construction in progress	4,956,818	6,316,780	(2,512,996)	8,760,602
Total capital assets, not being depreciated	<u>22,996,720</u>	<u>6,651,117</u>	<u>(5,414,897)</u>	<u>24,232,940</u>
Capital assets, being depreciated:				
Buildings	41,712,964	1,504,659	-	43,217,623
Improvements other than buildings	21,872,241	304,482	-	22,176,723
Machinery and equipment	14,326,331	545,604	(27,918)	14,844,017
Furniture and fixtures	608,186	5,072	-	613,258
Vehicles	17,819,833	881,026	(454,843)	18,246,016
Streets and drainage	61,772,947	749,418	-	62,522,365
Total capital assets being depreciated	<u>158,112,502</u>	<u>3,990,261</u>	<u>(482,761)</u>	<u>161,620,002</u>
Less accumulated depreciation for:				
Buildings	(20,519,581)	(989,194)	-	(21,508,775)
Improvements other than buildings	(12,658,007)	(265,053)	-	(12,923,060)
Machinery and equipment	(11,706,837)	(720,324)	27,918	(12,399,243)
Furniture and fixtures	(555,973)	(10,715)	-	(566,688)
Vehicles	(11,243,325)	(1,076,714)	454,071	(11,865,968)
Streets and drainage	(38,074,363)	(711,158)	-	(38,785,521)
Total accumulated depreciation	<u>(94,758,086)</u>	<u>(3,773,158)</u>	<u>481,989</u>	<u>(98,049,255)</u>
Total capital assets, being depreciated, net	<u>63,354,416</u>	<u>217,103</u>	<u>(772)</u>	<u>63,570,747</u>
Governmental activities capital assets, net	\$ <u>86,351,136</u>	\$ <u>6,868,220</u>	\$ <u>(5,415,669)</u>	\$ <u>87,803,687</u>
Business-type Activities:				
Capital assets, not being depreciated:				
Land	\$ 12,187,524	\$ -	\$ -	\$ 12,187,524
Construction in progress	1,144,953	1,942,410	(1,349,084)	1,738,279
Total capital assets, not being depreciated	<u>13,332,477</u>	<u>1,942,410</u>	<u>(1,349,084)</u>	<u>13,925,803</u>
Capital assets, being depreciated:				
Buildings and production facilities	3,446,293	-	-	3,446,293
Machinery and equipment	5,719,113	285,752	-	6,004,865
Furniture and fixtures	8,435	-	-	8,435
Improvements other than buildings	243,581,014	7,371,159	-	250,952,173
System acquisition costs	20,059,699	-	-	20,059,699
Sewer contract costs	3,394,035	-	-	3,394,035
Sewer capacity rights	19,661,103	-	-	19,661,103
Total capital assets, being depreciated	<u>295,869,692</u>	<u>7,656,911</u>	<u>-</u>	<u>303,526,603</u>
Less accumulated depreciation for:				
Buildings and production facilities	(3,135,944)	(17,557)	-	(3,153,501)
Machinery and equipment	(6,222,394)	(475,421)	-	(6,697,815)
Furniture and fixtures	(8,435)	-	-	(8,435)
Improvements other than buildings	(95,687,838)	(5,133,449)	-	(100,821,287)
System acquisition costs	(8,232,978)	(660,177)	-	(8,893,155)
Sewer contract costs	(3,394,035)	-	-	(3,394,035)
Sewer capacity rights	(8,342,531)	(660,562)	-	(9,003,093)
Total accumulated depreciation, net	<u>(125,024,155)</u>	<u>(6,947,166)</u>	<u>-</u>	<u>(131,971,321)</u>
Total capital assets, being depreciated, net	<u>170,845,537</u>	<u>709,745</u>	<u>-</u>	<u>171,555,282</u>
Business-type activities capital assets, net	\$ <u>184,178,014</u>	\$ <u>2,652,155</u>	\$ <u>(1,349,084)</u>	\$ <u>185,481,085</u>

Depreciation expense was charged to governmental functions as follows:

Planning and Community Development	\$ 2,526
Public Works	1,281,945
Police	466,112
Fire Rescue	288,973
Parks and Recreation	503,727
Capital assets held by the City's internal service funds are charged to the various functions based on their usage of the assets	<u>1,229,875</u>
Total depreciation expense	\$ <u>3,773,158</u>

5. *Interfund Balances*

Interfund receivable and payable balances at September 30, 2018 consist of:

	Due From Other Funds	Due To Other Funds
Major Funds:		
General Fund	\$ 1,584,949	\$ -
Water and Sewer Fund	2,384,670	-
Electric Services Fund	-	2,384,670
Nonmajor Governmental Funds	-	1,584,949
Totals	\$ <u>3,969,619</u>	\$ <u>3,969,619</u>

The Due to Other Funds balances reported in the fund financial statements represent temporary interfund loans to cover credit cash balances in the individual funds at year-end with offsetting Due from Other Funds in the lending funds.

6. *General Obligation Bonds*

General Obligation Bonds, Series 2011 and 2017, are general obligations of the City and are payable from and secured by a lien upon and pledge of the revenues received from the levy and collection by the City of voted debt service millage on all the taxable property within the City.

Proceeds of such tax are deposited, as received, into the Sinking Fund and applied solely for the purpose of paying the principal and interest as they become due.

The proceeds from the General Obligation Bonds, Series 2011, issuance were used to refund the General Obligation Bonds, Series 2001, which were used to finance construction of a new Public Safety Complex. The proceeds from the General Obligation Bonds, Series 2017, are being used for construction of the Winter Park Canopy, a state-of-the-art library and events center.

A. GENERAL OBLIGATION BONDS CONSIST OF THE FOLLOWING:

Description	Interest Rates and Dates	Final Maturity	Original Amount Issued	Amount Outstanding at 9/30/2018
Series 2011	2.50% - 3.00% 1/1;7/1	07/01/21	\$6,955,000	\$2,300,000
Series 2017	3.00% - 5.00% 1/1;7/1	07/01/37	\$25,500,000	\$24,690,000

B. EARLY REDEMPTION:

Description	Call Date	Call Rate
Series 2011	Redeemable at par plus accrued interest	100%
Series 2017	Redeemable at par plus accrued interest on or after July 1, 2027	100%

7. *Non-Ad Valorem Revenue Notes*

The Orange Avenue Refunding Revenue Improvement Note, Series 2012A, is a special obligation of the City payable from the monies budgeted and appropriated by the City Commission for such purpose in each year from legally available non-ad valorem revenues. The proceeds from this note were used for a current refunding of the Orange Avenue Revenue Improvement Note, Series 2007, which were used to finance streetscaping improvements on Orange Avenue.

The Park Avenue Refunding Revenue Improvement Note, Series 2012B, is also a special obligation of the City payable from the monies budgeted and appropriated by the City Commission for such purpose in each year from legally available non-ad valorem revenues. The proceeds from the Park Avenue Revenue Improvement Note, Series 2012B were used for a current refunding of the Park Avenue Refunding Improvement Revenue Bonds, Series 2010. The original Park Avenue Revenue Improvement Note, Series 2004 was used to finance enhancements to the downtown area of Park Avenue.

A. NON-AD VALOREM REVENUE NOTES CONSIST OF THE FOLLOWING:

Description	Interest Rates and Dates	Final Maturity	Original Amount Issued	Amount Outstanding at 9/30/2018
Series 2012A	2.54% 1/1;7/1	07/01/28	\$1,870,000	\$1,310,000
Series 2012B	1.91% 1/1;7/1	07/01/21	\$2,060,000	\$710,000

B. EARLY REDEMPTION:

Description	Call Date	Call Rate
Series 2012A	Note may be prepaid	The Note contains a make whole call provision
Series 2012B	Note may be prepaid	The Note contains a make whole call provision

8. *Community Redevelopment Agency Notes*

The Community Redevelopment Agency Notes are special obligations of the City’s CRA payable from tax increment revenues of the CRA. The proceeds from these notes were used to finance capital enhancements and social programs within the CRA. Tax increment revenue from Orange County is reported as other intergovernmental revenue and tax increment revenue from the City is reported as transfers in from the General Fund.

Total principal and interest remaining on the notes is \$10,315,606, payable through January 2026. For the current year, principal and interest paid and total incremental tax revenue was \$1,503,624 and \$4,356,216, respectively.

A. COMMUNITY REDEVELOPMENT AGENCY NOTES CONSIST OF THE FOLLOWING:

Description	Interest Rates and Dates	Final Maturity	Original Amount Issued	Amount Outstanding at 9/30/2018
Series 2006	3.89%, 1/1; 7/1	01/01/25	\$2,155,000	\$1,000,000
Series 2010	4.48%, 1/1; 7/1	01/01/26	\$8,100,000	\$4,780,000
Series 2012	1.99% 1/1; 7/1	01/01/25	\$5,870,000	\$3,255,000

B. EARLY REDEMPTION:

Description	Call Date	Call Rate
Series 2006	Not subject to redemption	N/A
Series 2010	Note may be prepaid	15% of balance outstanding may be prepaid on any January 1 without penalty; all or a portion of the Notes may be prepaid at any time with a fee to compensate the underwriter based on market conditions at the time of such prepayment
Series 2012	Note may be prepaid	The Note contains a make whole call provision

9. *Water and Sewer Revenue Bonds*

A. THE REVENUE BONDS (SERIAL) CONSIST OF THE FOLLOWING:

Description	Interest Rates and Dates	Final Maturity	Original Amount Issued	Amount Outstanding at 9/30/2018
Water & Sewer Revenue Bonds, Series 2010	4.96% 6/1; 12/1	12/01/30	\$16,500,000	\$16,500,000
Water & Sewer Refunding Revenue Bonds, Series 2011	2.00% to 5.00% 6/1; 12/1	12/01/21	\$14,155,000	\$6,915,000
Water & Sewer Refunding Revenue Bonds, Series 2017	2.60% 6/1; 12/1	12/01/34	\$35,030,000	\$35,030,000

The City has pledged future water and sewer customer revenue, net of specified operating expenses, to repay the debt above. Proceeds from the bonds provided financing for major improvements to the City's water treatment plants as well as its share of costs for improvements to facilities owned by other entities through which the City participates via interlocal agreements. The bonds are payable solely from water and sewer customer revenues and are payable through 2035. Annual principal and interest payments on the bonds are expected to require less than 50 percent of net revenues. The total principal and interest remaining on the bonds is \$74,459,824. Principal and interest paid for the current year and total net revenues were \$5,232,482 and \$10,562,269, respectively.

B. BOND COVENANTS:

The Water and Sewer Revenue Bonds, Series 2010, Series 2011 and Series 2017, resolutions provide for:

1) ESTABLISHMENT AND MAINTENANCE OF VARIOUS FUNDS:

- Revenue Fund records all operating revenues and expenses of the system;
- Sinking Fund records all debt service requirements which include the Sinking Fund account, bond amortization account and reserve account;
- Renewal and Replacement Fund records all the improvements, extensions and replacements of the system; and
- Construction Fund records the cost of major additions to the system financed by the revenue bonds.

2) RESTRICTIONS ON THE USE OF CASH FROM OPERATIONS IN ORDER OF PRIORITY:

- Deposits are made to the Revenue Fund to meet current operations according to the existing bond ordinance;
- Deposits to the Sinking Fund are required each month equal to one-sixth (1/6) of the interest becoming due on the next semi-annual interest payment date and one-twelfth (1/12) of the principal becoming due on the next principal payment date;
- Deposits to the Renewal and Replacement Fund are required in each month equal to one-twelfth (1/12) of 5% of gross revenues for the preceding fiscal year; however, no such monthly deposit shall be required whenever the amount in such fund shall be at least equal to 5% of the then current net asset value of the system.

3) EARLY REDEMPTION:

Description	Call Date	Call Rate
Series 2010	Anytime	Subject to Prepayment Premium prior to 12/22/2020; 100% thereafter
Series 2011	Anytime	Not subject to redemption prior to stated dated of maturity.
Series 2017	10/01/26 and thereafter	100%

4) INVESTMENT RESTRICTIONS:

- Funds are required to be continuously secured in the same manner as state and municipal deposits of funds are required to be secured by the Laws of the State of Florida; and
- All funds deposited shall be continuously invested in direct obligations of, or obligations that are guaranteed by, the United States of America, obligations of its several agencies, the Local Government Surplus Funds Trust Fund, obligations guaranteed by the Government National Mortgage Association, or time deposits in banks, trust companies or savings and loan associations represented by Certificates of Deposit.

10. *Electric Revenue Bonds*

A. THE REVENUE BONDS (SERIAL) CONSIST OF THE FOLLOWING:

Description	Interest Rates and Dates	Final Maturity	Original Amount Issued	Amount Outstanding at 9/30/2018
Electric Revenue Bonds, Series 2005A	Variable rates*; Payable weekly	10/01/33	\$42,025,000	\$1,000,000
Electric Revenue Bonds, Series 2009A	2.000% to 5.000%; 4/1;10/1	10/01/35	\$28,020,000	\$22,385,000
Electric Revenue Bonds, Series 2009B	2.000% to 5.000%; 4/1;10/1	10/01/35	\$6,965,000	\$5,920,000
Electric Revenue Bonds, Series 2010	3.20% 4/1;10/1	10/01/30	\$5,245,000	\$3,800,000
Electric Revenue Bonds, Series 2014	2.74% 4/1;10/1	10/01/33	\$7,680,000	\$6,630,000
Electric Revenue Bonds, Series 2014A	2.99% 4/1;10/1	10/01/33	\$5,900,000	\$5,190,000
Electric Revenue Bonds, Series 2016	2.000% to 5.000%; 4/1;10/1	10/01/37	\$18,260,000	\$18,260,000

* Variable rates ranged from 1.30% - 3.89% for the fiscal year ended September 30, 2018. The average rate was 3.03%. The interest rate is reset weekly and is 175% of the thirty day London Interbank Offering Rate.

The City has pledged future electric customer revenue, net of specified operating expenses, to repay the debt above. Proceeds from the bonds provided financing for the acquisition of the electric utility in 2005, improvements to the system to allow it to function as a stand-alone distribution system, and undergrounding of some of the major feeder lines. The bonds are payable solely from electric customer revenues and are payable through 2037. Annual principal and interest payments on the bonds are expected to require less than 50 percent of net revenues. The total principal and interest remaining on the bonds is \$86,827,378. Principal and interest paid for the current year and total customer net revenues were \$14,578,121 and \$5,018,254, respectively.

B. BOND COVENANTS:

The Electric Revenue Bonds, Series 2005A, Series 2009A, Series 2009B, Series 2010, Series 2014, Series 2014A and Series 2016, resolution provides for:

1) ESTABLISHMENT AND MAINTENANCE OF VARIOUS FUNDS:

- Revenue Fund accounts for all gross revenues of the electric system;
- Electric System Operation and Maintenance Fund records all operating revenues and expenses of the system;
- Sinking Fund records all debt service requirements which include the interest account, principal, reserve account and bond amortization account;
- Project Fund records the cost of the project financed by the revenue bonds.

2) RESTRICTIONS ON THE USE OF CASH FROM OPERATIONS IN ORDER OF PRIORITY:

- Deposits are made to the Electric System Operation and Maintenance Fund to meet current operations according to the existing bond ordinance;
- Deposits shall next be used for deposit into the Principal Account in any year immediately before a Serial Bond maturity date one-twelfth (1/12) of the principal becoming due on the next principal payment date;
- Deposits to the Renewal and Replacement Fund are required in each month equal to one-twelfth (1/12) of the amount recommended by the Director of Electric Utilities, but no further deposit shall be required as long as there is on deposit therein the amount recommended by the Consulting Engineers for the system for the current fiscal year;
- The remainder of the revenues on deposit in the Revenue Fund, after all other required payments into the funds provided above have been made, together with any deficiencies for prior payments, may be used by the City for any lawful purpose.

3) EARLY REDEMPTION:

Description	Call Date	Call Rate
Series 2005A	On any interest payment date	100%
Series 2009A	10/01/19 and thereafter	100%
Series 2009B	10/01/19 and thereafter	100%
Series 2010	Any payment date	101%
Series 2014	10/01/22 and thereafter	100%
Series 2014A	10/01/22 and thereafter	100%
Series 2016	10/01/26 and thereafter	100%

4) INVESTMENT RESTRICTIONS:

- Funds are required to be continuously secured in the same manner as state and municipal deposits of funds are required to be secured by the Laws of the State of Florida; and
- All monies deposited shall be continuously invested in direct obligations of, or obligations that are guaranteed by, the United States of America, obligations of its several agencies, the Local Government Surplus Funds Trust Fund, obligations guaranteed by the Government National Mortgage Association, or time deposits in banks, trust companies or savings and loan associations represented by Certificates of Deposit.

11. Bonded Indebtedness

A. FUTURE REQUIREMENTS

Debt service requirements for all bonded debt outstanding as of September 30, 2018 are as follows:

	Governmental Activities					
	General Obligation Bonds		Non-Ad Valorem Revenue Notes		Community Redevelopment Agency Notes	
	Principal	Interest	Principal	Interest	Principal	Interest
2019	\$ 1,595,000	\$ 1,023,550	\$ 350,000	\$ 45,300	\$ 1,185,000	\$ 311,263
2020	1,655,000	958,700	355,000	37,863	1,230,000	269,412
2021	1,725,000	891,250	370,000	30,267	1,265,000	226,056
2022	980,000	820,800	125,000	22,417	1,315,000	181,097
2023	1,030,000	771,800	130,000	19,178	1,350,000	134,485
2024 – 2028	5,980,000	3,033,000	690,000	44,707	2,690,000	158,293
2029 - 2033	7,325,000	1,691,600	-	-	-	-
2034 - 2037	6,700,000	510,000	-	-	-	-
Totals	\$ 26,990,000	\$ 9,700,700	\$ 2,020,000	\$ 199,732	\$ 9,035,000	\$ 1,280,606

	Business-type Activities			
	Water & Sewer Bonds		Electric Services Bonds	
	Principal	Interest	Principal	Interest
2019	\$ 3,560,000	\$ 2,000,992	\$ 2,670,000	\$ 2,426,527
2020	2,920,000	1,873,257	2,780,000	2,321,568
2021	3,040,000	1,730,024	2,885,000	2,209,623
2022	3,175,000	1,580,550	3,015,000	2,091,518
2023	3,490,000	1,445,050	3,135,000	1,966,808
2024 – 2028	19,025,000	5,330,934	17,570,000	7,768,656
2029 – 2033	17,975,000	1,916,867	19,910,000	4,107,405
2034 – 2038	5,260,000	137,150	11,220,000	750,273
Totals	\$ 58,445,000	\$ 16,014,824	\$ 63,185,000	\$ 23,642,378

B. CAPITALIZATION OF INTEREST

Interest costs incurred in enterprise funds during construction are capitalized, net of interest income from the proceeds of related tax-exempt debt, as part of the cost of the related assets of the Electric Services Funds.

Interest costs on long-term debt incurred and capitalized during the year ended September 30, 2018 were as follows:

	Total Interest Costs Incurred	Less: Interest Costs Capitalized	Net Interest Expense
Business-type Activities:			
Electric Services	\$ 2,913,549	\$ 73,207	\$ 2,840,342
Total business-type activities	\$ 2,913,549	\$ 73,207	\$ 2,840,342

12. Bond Refunding

In December 2017, the City refunded \$34,640,000 in outstanding Water and Sewer Revenue Bonds, Series 2009. This refunding transaction was undertaken to achieve net present value savings of \$5,259,216 and reduce future debt service payments by \$8,840,424.

13. Other Long-Term Liabilities

A. CAPITAL LEASE OBLIGATIONS:

In 2011, the City entered into a capital lease agreement to finance air conditioning and lighting improvements for City Hall and other City facilities. The process of installing these improvements was completed in 2011 at a cumulative cost of \$2,489,592. As of September 30, 2018, accumulated depreciation on these improvements was \$501,515, leaving a net book value of \$1,988,077. A capital lease obligation in the amount of \$1,725,656 is providing a portion of the funding for this project. Future principal and interest payments are due as follows:

	Principal	Interest
2019	\$ 177,461	\$ 19,142
2020	182,937	13,668
2021	188,579	8,025
2022	144,683	2,206
Totals	\$ 693,660	\$ 43,041

B. NOTES PAYABLE BUSINESS-TYPE ACTIVITIES:

The City has a commitment for a five year line of credit for up to \$8,000,000 to finance, if needed, various operational needs of the City of Winter Park's Electric Utility System. Any draws on this line of credit would be secured by a subordinate lien on the net revenues of the electric system. As of the date of this report, the City had not made any draws on this line of credit.

14. Changes in Long-Term Liabilities

Long-term liability activity for the year ended September 30, 2018 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
General obligation bonds	\$ 28,525,000	\$ -	\$ (1,535,000)	\$ 26,990,000	\$ 1,595,000
Unamortized discount	(196,187)	-	9,933	(186,254)	-
Unamortized premium	2,478,347	-	(148,526)	2,329,821	-
Non-ad valorem revenue notes	2,360,000	-	(340,000)	2,020,000	350,000
CRA notes	10,195,000	-	(1,160,000)	9,035,000	1,185,000
Capital lease obligations	865,810	-	(172,150)	693,660	177,461
Other Postemployment Benefits ¹	6,819,650	274,371	-	7,094,021	-
Pension Liability	20,987,160	-	(1,739,468)	19,247,692	-
Compensated absences	4,391,647	1,349,460	(1,469,112)	4,271,995	930,051
Governmental activity Long-term liabilities	\$ 76,426,427	\$ 1,623,831	\$ (6,554,323)	\$ 71,495,935	\$ 4,237,512
Business-type activities:					
Bonds payable:					
Revenue bonds	\$ 126,900,000	\$ 35,030,000	\$ (40,300,000)	\$ 121,630,000	\$ 6,230,000
Unamortized discount	(118,410)	(87,575)	19,560	(186,425)	-
Unamortized premium	2,224,387	-	(628,129)	1,596,258	-
Other Postemployment Benefits ¹	1,874,917	75,650	-	1,950,567	-
Compensated absences	719,013	415,321	(460,201)	674,133	277,122
Business-type activity Long-term liabilities	\$ 131,599,907	\$ 35,433,396	\$ (41,368,770)	\$ 125,664,533	\$ 6,507,122
¹ As restated for implementation of GASB Statement No. 75					

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for the governmental activities. At year end, \$109,186 of compensated absences of internal service funds was included in the above amounts. Compensated absences for governmental activities will be liquidated in future periods by the General Fund, Stormwater Utility Fund, Community Redevelopment Agency, Fleet Maintenance Fund and General Insurance Fund.

15. *Transfers to/from Other Funds*

Transfers to/from other funds for the year ended September 30, 2018 were as follows:

Recipient Fund	Transferring Fund	Amount	Purpose
General Fund:			
General	Water and Sewer	\$2,395,367	Contribution of 15% on average annual non-sewer revenues for the thirty six months ended March 31, 2016 as stipulated in City Ordinance 2752-08
General	Electric Services	2,557,836	Transfer of electric franchise fee equivalent (6% of charges for electric service) as stipulated in City Ordinance 2617-05
General	Cemetery Trust	296,368	Transfer to cover the cost of operating and maintaining Palm and Pineywood Cemeteries
Total transfers to General Fund		\$5,249,571	
Community Redevelopment Fund:			
Community Redevelopment	General	\$2,141,166	Tax increment revenue payment to Community Redevelopment Agency
Capital Projects Fund:			
Capital Projects	General	\$1,703,806	Funding for various capital projects
Capital Projects	Designations Trust	75,000	Funding for athletic field lighting
Capital Projects	Law Enforcement Trust	35,000	Funding for purchase of new ERP software
Capital Projects	Cemetery Trust	100,000	Funding for expansion of the golf/cemeteries maintenance building
Capital Projects	Water and Sewer	157,917	Funding for public facility maintenance items (\$66,667), information technology infrastructure upgrades (\$60,000), and purchase of new ERP software (\$31,250)
Capital Projects	Electric Services	122,500	Purchase of new ERP software (\$62,500), information technology infrastructure upgrades (\$60,000)
Total transfers to Capital Projects Fund		\$2,194,223	
Nonmajor Governmental Funds:			
Designations Trust	General	276,998	General Fund share of contribution to support outside organizations
Designations Trust	Water and Sewer	73,809	Water and Sewer Fund share of contribution to support outside organizations
Designations Trust	Electric Services	120,705	Electric Fund share of contribution to support outside organizations
Debt Service	General	382,283	Principal and interest due on various debt instruments
Total transfers to nonmajor governmental funds		\$853,795	
Total transfers out to other funds		\$10,438,755	

16. *Employee Benefits Plans*

A. POLICE AND FIREFIGHTER EMPLOYEE PENSION PLANS:

Plan Description

The City maintains two separate single-employer, defined benefit pension plans for police officers and firefighters, which are maintained as Pension Trust Funds and included as part of the City's reporting entity. These pension plans do not issue stand-alone financial reports.

The Police Officers' (PPP) and Firefighters' (FPP) Pension Plans both use the accrual basis of accounting to determine the reporting of contributions, benefits paid and refunds paid. Contributions are recognized when due pursuant to formal commitments (as well as statutory requirements). Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Costs for administering the plans are included in the actuarial calculation and are paid from plan assets.

ACCOUNTING POLICIES AND PLAN ASSETS:

	<u>Police</u>	<u>Firefighter</u>
Authority	Special Act of Legislation	Special Act of Legislation
Basis of Accounting	Accrual	Accrual
Assets Valuation:		
Reporting	Fair Value	Fair Value

Non-governmental investment in excess of 10%	None	None

Benefits Provided

The following schedule is derived from the respective actuarial reports and City information for the two pension plans as of October 1, 2016 and with regard to contributions for fiscal year 2017/2018, based on the October 1, 2016 actuarial reports:

NORMAL RETIREMENT BENEFITS:	<u>Police</u>	<u>Firefighter</u>
Eligibility	All Police Officers	All Uniformed Firefighters
Age/Years of Service – Normal	Earlier of: 20 years service or age 55 w/10 yrs service	Earlier of: 20 years service or age 55 w/10 yrs service
Age/Years of Service – Early	Age 50 w/10 years service	Age 50 w/10 years service
Normal (1)	3% of Average Final Compensation (AFC) times credited service	3% of Average Final Compensation (AFC) times credited service
Early	Same as Normal except reduced by 3% per year early	Same as Normal except reduced by 3% per year early

	Police	Firefighter
Delayed	Computed the same as Normal	Computed the same as Normal
Normal Form	10 years certain and life thereafter	10 years certain and life thereafter
Years to vest	10	10
Cost of living adjustment (COLA)	Participants who retire on or after Early or Normal Retirement Date (including DROPs) are entitled to a 3% annual COLA on benefit payments beginning at age 60	Participants who retire on or after Early or Normal Retirement Date (including DROPs) are entitled to a 3% annual COLA on benefit payments beginning at age 60
DISABILITY BENEFITS:		
Service Incurred	Accrued benefit, but not less than 42% of AFC	Accrued benefit, but not less than 42% of AFC
Non-line of Duty: Eligibility	10 or more yrs of credited service; totally and permanently disabled	10 or more yrs of credited service; totally and permanently disabled
Benefit	Accrued benefit, but not less than 25% of AFC	Accrued benefit, but not less than 25% of AFC
PRE-RETIREMENT DEATH BENEFITS:		
Service Incurred	The greater of (a) the accrued benefit at the time of death or (b) 30% of monthly salary at time of death payable to the spouse until death	The greater of (a) the accrued benefit at the time of death or (b) 30% of monthly salary at time of death payable to the spouse until death
Non-Service Incurred Eligible for Normal Retirement	Determined as though had retired on date of death	Determined as though had retired on date of death
Not Eligible for Normal Retirement	(2)	(2)
DEFERRED RETIREMENT OPTION PROGRAM (DROP):		
Eligibility	Must be eligible for Normal Retirement	Must be eligible for Normal Retirement
Benefit	Transferred to hypothetical DROP account within Pension Fund; paid as lump sum upon actual termination of employment	Transferred to hypothetical DROP account within Pension Fund; paid as lump sum upon actual termination of employment
Interest	Member elects either: Rate of return earned by Fund or 6.5% fixed	Member elects either: Rate of return earned by Fund or 6.5% fixed
Period of Participation	At least 12 months but no more than 60 months	At least 12 months but no more than 84 months
TERMINATION BENEFITS:	(3)	(3)

MEMBERS:	Police	Firefighter
Active Participants:		
Vested	30	38
Non Vested	42	22
Service Retirees and Beneficiaries	66	40
Disability Retirees	5	1
Terminated Vested	3	1
Deferred Retired Option Plan	8	13

- (1) Average Final Compensation (AFC) is average monthly compensation during the best 60 successive months out of the last 120 calendar months preceding date of retirement (or termination). Compensation - Total Pay, excluding special detail pay (includes vacation and comp time accrual).
- (2) Less than 10 years of credited service – return of employee contributions. 10 years or more – accrued benefit payable for 10 years.
- (3) Less than 10 years of credited service – return of employee contributions. 10 years or more – unreduced vested benefit payable at age 55.

Contribution Requirements

The Florida Constitution requires local governments to make the actuarially determined contribution. The Florida Division of Retirement reviews and approves each local government's actuarial report prior to its being appropriated for use for funding purposes. The funding methods and determination of benefits payable are provided in the various acts of the Florida Legislature, which created the funds including subsequent amendments thereto.

Additionally, the State of Florida collects two locally authorized insurance premium surcharges (one for the PPP on casualty insurance policies and one for the FPP on certain real and personal property insurance policies within the corporate limits) which can only be distributed after the State has ascertained that the local government has met their actuarial funding requirement for the then most recently completed fiscal year. The remaining funding requirement not covered by insurance premium surcharges is paid from the City's General Fund.

The amounts legally required as of September 30, 2018 to be reserved for the PPP and FPP funds are \$52,467,027 and \$56,508,794 respectively.

CONTRIBUTIONS:	Police	Firefighter
Rate:		
City (4)	56.20%	44.90%
Participants	6.0%	6.0%
Contributions Made	\$ 2,537,741	\$ 2,177,715
ACTUARIAL VALUATION:		
Frequency	Annual	Annual
Latest Date	10/01/2017	10/01/2017
Basis for Contribution	10/01/2016	10/01/2016
Cost Method	Entry Age	Entry Age

	<u>Police</u>	<u>Firefighter</u>
AMORTIZATION:		
Method	Level Dollar Method	Level Dollar Method

ASSET VALUATION METHOD:	4 year smoothed market	4 year smoothed market

- (4) City contributions for Police and Firefighters include excise taxes on gross receipts of casualty insurance premiums for Police and property insurance premiums for Firefighters. Revenues from these taxes in fiscal year 2018 were \$340,435 and \$430,663, respectively. These payments were reported as revenue and expense in the Police and Firefighter Premium Tax Trust Special Revenue Fund.

**Schedule of Employer's Contributions
Fiscal Year Ending September 30, 2018**

	<u>Actuarially Determined Contribution</u>	<u>Actual Contribution</u>	<u>Contribution Deficiency (Excess)</u>	<u>Covered Payroll</u>	<u>Actual Contribution as a % of Covered Payroll</u>
Police Pension	\$ 2,537,741	\$ 2,537,741	\$ -	\$ 4,831,702	52.52%
Firefighter Pension	\$ 2,177,715	\$ 2,177,715	\$ -	\$ 5,095,403	42.74%

Investments

The investments of the two funds are administered and managed by investment consultants. Investments are reported at fair value and are managed by third party money managers. The City's independent custodian and the individual money managers price each instrument and reconcile material differences. Investments that do not have an established market are reported at estimated fair value. Performance reporting, manager fees, and the City's asset valuation are based on the custodian's determination of value.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocations as of September 30, 2018, are summarized in the following table:

Asset Class	Police		Firefighter	
	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return
Large Cap Core	27%	10.7%	20%	10.7%
Mid Cap Core	7%	11.8%	7%	11.8%
Small Cap Core	7%	10.0%	6%	10.0%
Infrastructure	5%	8.8%	5%	8.8%
Convertibles	5%	9.2%	8%	9.2%
International Equity	15%	5.6%	13%	5.6%
Fixed Income	25%	6.1%	29%	6.1%
Treasury Inflation Protected	2%	5.2%	4%	5.2%
Real Estate (Private)	5%	7.4%	6%	7.4%
Cash	2%	3.2%	2%	3.2%
Total	100%		100%	

The long-term expected rate of return is the thirty year average return, unless the asset class did not exist prior to 1988, in which case since-inception return was used as a substitute.

For the year ended September 30, 2018, the annual money-weighted rate of return for the PPP and FPP investments, net of pension plan investment expense was 7.63% and 6.88%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability

The City's net pension liability was measured as of September 30, 2018 and was based on projected actuarial valuations as of that date. Update procedures were used to roll forward Total Pension Liability amounts excluding DROP account balances and reserve for excess State Funds (FPP) to the measurement date – actual DROP account balances and reserve for excess State funds (FPP) as of the measurement date included in Total Pension Liability. The PPP and FPP DROP account balances determined by actuarial valuations dated September 30, 2017 were \$969,678 and \$3,811,899, respectively.

	Police	Firefighter

Discount Rate

A discount rate of 7.75% was used to measure the total pension liability. This discount rate was based on the expected rate of return on plan investments of 7.75%. The projection of cash flows used to determine this discount rate assumed member contributions will be made at the current contribution rate and employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to the Discount Rate Assumption (Measurement Date 09/30/2017)

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
Police Pension Net Pension Liability	\$ 20,339,461	\$ 12,084,772	\$ 5,357,848
Firefighters Pension Net Pension Liability	\$ 15,147,047	\$ 7,162,920	\$ 645,225

**Pension Expense and Deferred Outflows of Resources
and Deferred Inflows of Resources Related to Pensions**

For the year ended September 30, 2018, the City recognized total pension expense of \$4,947,551 consisting of \$2,511,396 for the PPP and \$2,436,155 for the FPP funds. At September 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Outflows	Police	Firefighter	Total
Differences between expected and actual experience on liabilities	\$ 1,078,582	\$ 1,094,965	\$ 2,173,547
Changes of assumptions or other inputs	374,179	-	374,179
Net difference between projected and actual earnings on pension plan investments	-	370,417	370,417
Total	\$ 1,452,761	\$ 1,465,382	\$ 2,918,143

Deferred Inflows	Police	Firefighter	Total
Differences between expected and actual experience on liabilities	\$ 248,737	\$ 45,652	\$ 294,389
Changes of assumptions or other inputs	-	150,158	150,158
Net difference between projected and actual earnings on pension plan investments	261,567	-	261,567
Total	\$ 510,304	\$ 195,810	\$ 706,114

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending September 30,	Police	Firefighter	Total
2019	\$ 599,501	\$ 706,935	\$ 1,306,436
2020	618,686	923,590	1,542,276

C. GENERAL EMPLOYEE 401(a) PENSION PLAN:

The City maintains a single-employer, defined contribution pension plan for the General Employees. This is a tax-qualified plan pursuant to Section 401(a) of the Internal Revenue Code. This plan was established as of January 1, 1992 by adoption of the City Commission through Ordinance No. 1987. The Plan Ordinance may be amended by the City Commission after public notice has been made, and two public hearings are held. All full-time general employees hired after January 1, 1992 are eligible for participation in the plan. All employees hired before January 1, 1992 were brought into the plan. As of September 30, 2018, there were 329 employees enrolled in the 401(a) pension plan.

The plan, administered by an outside party, provides for employer contributions at 7%. Earnings include W-2 earnings, plus any contributions made pursuant to a salary reduction agreement, which are not includible in the gross income of the employee under Section 125 of the Internal Revenue Service Code, *Overtime and Bonuses*. The employee is required to contribute 3% of his/her earnings as defined above beginning October 1, 1992. The vesting schedule provides for employees to vest at 20% per year with 100% vesting after five years of service have been completed. If an employee is terminated prior to completing the five years of service, the non-vested employer contributions are forfeited by the employee and used to offset future employer contributions. The normal retirement age has been designated by the employer as age 55. The plan permits withdrawals for retirement, termination and disability. The plan does allow participants to borrow against their accounts.

Payroll for covered employees	\$ 20,226,417
Total City payroll	\$ 32,748,510
Employer contributions required (net) and actually made	\$ 1,328,851
Employee contributions actually made – 3% of covered payroll	\$ 606,792

Contributions to the Plan may be amended by a resolution adopted by the City Commission.

17. Other Postemployment Benefits

Plan Description and Benefits Provided

The City’s Post Retirement Health Benefit Plan (Plan) is a single employer defined benefit OPEB plan with no component units. Benefit provisions for the Plan are established by the City Commission and may be amended through action by the City Commission. The Plan is administered by the City and does not issue a stand-alone report.

The City currently provides direct subsidies to Special Risk retirees disabled in the line-of-duty and spouses of Special Risk employees upon death in the line-of-duty resulting from a violent act by paying the full cost of coverage for both the retiree and spouse. All other retirees are responsible for paying the total blended premium amount for postemployment benefit coverage.

Apart from the direct subsidy described above, an accounting liability arises because the full illustrative premiums are based on a blending of the experience among younger active employees and retired employees. Since retirees generally have higher costs, this means the City is actually subsidizing the cost of the retiree and dependent coverage even when retirees pay the full blended premium. GASB Statement No. 75 calls this the “implicit rate subsidy.” Retirees and their dependents are permitted to remain covered under the Plan as long as they pay a full premium applicable to coverage elected. This conforms to the minimum required of Florida governmental employers per Chapter 112.08, Florida Statute.

Funding Policy

Currently, the City’s OPEB benefits are unfunded. That is, there is no separate Trust Fund or equivalent arrangement into which the City would make contributions to advance-fund the obligation. Therefore, the ultimate subsidies which are provided over time are financed directly by general assets of the City that are invested in accordance with the investment policy previously described. The Plan is being funded under a Pay-As-You-Go approach. Liabilities and OPEB Expense were developed using the Entry Age Level Percent of Pay Actuarial Cost Method as required by GASB Statement No. 75.

Projection of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. Each City fund was assessed its share of OPEB costs based on the number of covered employees in the fund divided by the total number of covered City employees.

Employees Covered by Benefit Terms

At the actuarial valuation date of October 1, 2016, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	17
Active employees	514
Total	531

Total OPEB Liability

The City's Total OPEB Liability (TOL) of \$9,044,588 was based on an actuarial valuation performed as of October 1, 2016. Update procedures were used to roll forward the TOL to the measurement date of October 1, 2017. The beginning OPEB liability for the year ended September 30, 2018 was adjusted due to the implementation of GASB 75. See Note 19 for more details on the prior period restatement.

Significant Actuarial Assumptions and Other Inputs

In any long-term actuarial valuation, certain demographic, economic and behavioral assumptions are made concerning the population, the investment return/discount rates and the benefits provided. These actuarial assumptions form the basis for the actuarial model which is used to project the future population, the future benefits provided and the future contributions collected. Then the discount rate assumption is used to discount the projected net OPEB benefits to a present value. This and other related present values are used to calculate the OPEB Expense to be expensed in the City's financial statements and the TOL disclosed in the financial statements.

The TOL determined in the October 1, 2016 actuarial valuation used the following significant actuarial assumptions and other inputs:

Measurement date	October 1, 2017
Inflation	2.60%
Discount rate	3.50% Based on Fidelity 20-Year Municipal GO AA Index
Projected salary increases	3.70% - 9.50%
Healthcare cost trend rates	Based on Getzen Model starting at 6.50% gradually decreasing to an ultimate rate of 4.40% in 2040
Retirees' share of benefit-related costs	100% of blended health insurance premium rates except by law 0% for certain conditions for Police Officers and Firefighters death and disability benefits
Mortality rates	Healthy members based on various RP-2000 mortality tables with varying Collar adjustments and generational mortality improvements with Scale BB. Disabled Employees based on RP-2000 Disabled mortality tables setback 4 years for males and set forward 2 years for females and no projected improvements
Experience Study	For General Employees, the actuarial assumptions used in the October 1, 2016 actuarial valuation are based on results of experience studies conducted by the Florida Retirement System as of 2014
	For Police Officers, the actuarial assumptions used in the October 1, 2016 actuarial valuation are based on results of experience studies conducted by the City as of 2013
	For Firefighters, the actuarial assumptions used in the October 1, 2016 actuarial valuation are based on results of experience studies conducted by the City as of 2008

Changes in Total OPEB Liability

	TOL
Balance at 09/30/17, as Restated	\$ 8,694,569
Changes for the year:	
Service Cost	747,757
Interest	290,493
Assumptions Changes	(543,951)
Benefit Payments	(144,280)
Net changes	350,019
Balance at 09/30/18	\$ 9,044,588

Changes in assumptions reflect a change in the discount rate from 3.10% for the Measurement Date October 1, 2016, to 3.50% for the Measurement Date October 1, 2017. There were no changes to benefit terms during this time period.

Discount Rate

For plans that do not have a GASB compliant trust, the discount rate should equal the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an Average AA credit rating as of the measurement date.

A discount rate of 3.50% was used to measure the October 1, 2017 TOL. A discount rate of 3.10% was used for the beginning of the measurement period. These rates are based on the Fidelity 20-Year Municipal GO AA Index – daily rate closest or equal to but not later than the respective measurement dates.

Sensitivity of the Total OPEB Liability to the Discount Rate Assumption (Measurement Date 10/01/2017)

	1% Decrease (2.5%)	Current Discount Rate (3.5%)	1% Increase (4.5%)
Total OPEB Liability	\$ 10,495,506	\$ 9,044,588	\$ 7,864,096

Sensitivity of the Total OPEB Liability to the Trend Rate Assumption (Measurement Date 10/01/2017)

	1% Decrease (5.5% to 3.4%)	Current Discount Rate (6.5% to 4.4%)	1% Increase (7.5% to 5.4%)
Total OPEB Liability	\$ 7,506,206	\$ 9,044,588	\$ 11,037,004

**OPEB Expense and Deferred Outflows of Resources
and Deferred Inflows of Resources Related to OPEB**

For the year ended September 30, 2018, the City recognized total OPEB expense of \$992,851. At September 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions or other inputs	\$ -	\$ 491,140
Employer contributions subsequent to the Measurement Date	196,859	-
Total	\$ 196,859	\$ 491,140

\$196,859 was reported as deferred outflows of resources related to OPEB resulting from benefit payments made after the measurement date will be recognized as a decrease of the TOL in fiscal year 2019. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending September 30,	Amount
2019	\$ (52,811)
2020	(52,811)
2021	(52,811)
2022	(52,811)
2023	(52,811)
Thereafter	(227,085)
Total	\$ 491,140

18. Commitments and Contingencies

A. INTERLOCAL AGREEMENTS:

The City has entered into various interlocal agreements with the City of Orlando and the City of Altamonte Springs for sewage treatment capacity at facilities owned and operated by these entities. Under the terms of the agreements the City has treatment capacity as follows (in gallons per day):

Source	Capacity
Orlando McLeod	1,000,000
Orlando Iron Bridge I	4,962,000
Orlando Iron Bridge II	1,000,000
Altamonte Springs	413,524
Total Committed Capacity	7,375,524

The City does not have an equity interest in the assets or liabilities related to any of the facilities listed above, nor does it participate in the daily operations. The City funds through its rates a proportionate share of the operating costs of the facilities based upon a combination of committed and used capacity.

B. ENCUMBRANCES AND COMMITMENTS:

Encumbrance accounting is employed as an extension of formal budgetary integration for the Governmental Funds. The encumbrance balances at September 30, 2018 were as follows:

	Encumbrances
General Fund	\$ 243,044
Community Redevelopment Fund	171,723
Capital Projects Fund	2,691,904
Non-Major Governmental Funds:	
Stormwater Utility Fund	52,000
Grant Fund	11,988
Stormwater Capital Projects Fund	470,144
Total Encumbrances	\$ 3,640,803

The most significant of these contracts and purchase orders are outlined in the table below:

Project	Funding Source	Outstanding Commitment
New York Streetscape Civil Engineering Services	Community Redevelopment Fund	\$133,981
Library and Events Center Architectural Services	Capital Projects	\$1,509,780
Library and Events Center Owner's Representative Services	Capital Projects	\$171,900
Library and Events Center Preconstruction Phase Work	Capital Projects	\$260,000
ERP Software Implementation Contract	Capital Projects	\$627,892
Lake Mizell Alum System Upgrade	Stormwater Capital Projects	\$100,189
St. Andrews Trail Safe Routes to School Sidewalk Project - Design Services	Stormwater Capital Projects	\$225,486

C. RISK MANAGEMENT:

The government is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City is insured for workers' compensation, general liability and automobile liability coverage under an All Lines Aggregate Plan.

Under the All Lines Aggregate Plan, the City retains risk on aggregate claims per claim year basis as follows:

Type of Risk	Amount of Risk Retained by City
Property Insurance	\$ 75,000
General Liability	\$ 50,000
Police Liability	\$ 50,000
Automobile Liability	\$ 50,000
Public Officials Liability	\$ 50,000
Workers' Compensation Liability	\$ 250,000
Crime Liability	\$ 50,000
Maximum Aggregate Claim Loss	\$ 1,000,000

Liabilities are recorded when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of pay-outs and other economic and social factors. These claims liabilities are included in accrued liabilities in the financial statements. The Maximum Aggregate Claim Loss applies to all the policies except Property Insurance. The estimated liability for unpaid claims was based on an actuarial valuation prepared in 2018. Changes in the balances of claims liabilities during the past year are as follows:

	Fiscal Year Ending September 30, 2018	Fiscal Year Ending September 30, 2017
Unpaid claims, beginning of fiscal year	\$ 821,000	\$ 993,000
Incurred claims (including IBNRs)	491,767	372,063
Claim payments	(468,357)	(544,063)
Unpaid claims, end of fiscal year	\$ 844,410	\$ 821,000

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past five years. Premiums are paid into the General Insurance Fund, an internal service fund, by all other funds and are available to pay the insurance premiums when due.

No significant reductions in insurance coverage from the prior year have been made. The City does not participate in any risk pools.

D. LITIGATION:

The City is subject to various disputes, legal proceedings and labor relation claims which arise in the normal course of its operations. In the opinion of management and legal counsel, the amount of ultimate liability with respect to these activities will not be material to the City's financial condition.

E. PENSION INVESTMENT RISKS:

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, and due to the recent volatility that has affected the financial markets, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the City’s future pension funding obligations.

19. Prior Period Restatement

During fiscal year 2018, the City implemented GASB 75. The effects of implementing GASB 75 were applied to the Statement of Net Position as of the implementation date of October 1, 2017. The following schedule reflects the impact of GASB 75:

	Governmental Activities	Business-type Activities	
		Water and Sewer Fund	Electric Services Fund
Net position – beginning of period, as previously reported	\$ 76,465,668	\$ 73,628,086	\$ 31,613,556
Adjustment for change in accounting principle	(2,080,991)	(1,418,829)	(542,274)
Net position – beginning of period, as restated	\$ <u>74,384,677</u>	\$ <u>72,209,257</u>	\$ <u>31,071,282</u>

None	<u>-</u>
Total expenditures as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	<u>\$ 4,059,056</u>

The City follows the following procedures in establishing the budgetary data reflected in the financial statements:

- a) In April of each year, the City Manager presents draft budget goals to the City Commission for their consideration and revision if the Commission chooses. These goals become part of the foundation for developing the proposed budget and capital improvement plan.
- b) At the first City Commission meeting in July, the City Manager presents a recommended budget for the next succeeding fiscal year to the City Commission. The recommended budget includes proposed expenditures and the sources of receipts to finance them as well as a capital improvement plan.
- c) Public hearings are conducted to obtain taxpayers comments.
- d) The budget is approved by the Commission and becomes the basis for the millage levied by the Commission.
- e) The City Manager is authorized to transfer budgeted amounts between line items within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Commission. Expenditures may not exceed legal appropriations at the fund level. All appropriations lapse at year-end. For the fiscal year ended September 30, 2018, there were budget overages in the following areas:
 - 1) The \$21,025 negative variance in Finance results from personnel costs related to implementation of portions of the new Enterprise Resource Planning software and merchant fees for credit cards in excess of what was anticipated.
 - 2) Responsibilities for Special Events were moved from the Parks and Recreation Department to the Communications Department in FY 2018. Budget funding was moved as well but not quite enough to cover the personnel costs involved resulting in a \$7,922 overage.
 - 3) Costs in the Building and Permitting Department exceed the budget by \$154,189 as a result of all the construction activity. Permit revenues received were adequate to cover these expenses.
 - 4) The \$4,386 negative variance in the Fire Rescue Department is due to payment of accumulated unused leave to two senior level managers retiring in FY 2018.
 - 5) Parks and Recreation assumed responsibility for operating the Cady Way Pool this past year which created a need for several new staff positions. Also, operations of the Azalea Lane Tennis Center were brought in-house after being contracted for several years. These factors combined to create the negative budget variance of \$113,429.

- 6) The \$2,399 overage in Culture and Community Services is due to the contribution of some donated funds committed to outside organizations.
 - 7) The Non-Departmental Charges line is for a combination of contingency as well as a negative budget for estimated vacant position savings that naturally occur each year.
 - 8) Transfers to Other Funds was due to a transfer to the Parks Acquisition Account in the Designations Trust Fund. The City's Comprehensive Plan requires 10% of increases in General Fund balance to be set aside for acquisition of park land. Increases are first offset by any prior year decreases. Since this transfer is not known until the end of the fiscal year, it is not part of the budget.
- f) Formal budgetary integration is employed as a management control device during the year for the General Fund and certain Special Revenue Funds. Formal budgetary integration is not employed for the Capital Projects Fund, Designations Trust Fund, Affordable Housing Fund, Law Enforcement Trust Fund, Parks Impact Fees Fund, Hurricane Recovery Fund, Police and Firefighter Premium Tax Trust Fund, Debt Service Fund, and Stormwater Capital Projects Fund.
 - g) The budgets for the General Fund and certain Special Revenue Funds (Stormwater Utility Fund, Grant Fund and Cemetery Trust Fund) are legally adopted on a basis consistent with generally accepted accounting principles with the exception that budgetary basis expenditures include purchase orders (encumbrances) issued for goods or services not received at year-end.
 - h) Budgeted amounts are as originally adopted, or as amended, in accordance with City ordinance. The General Fund budget for the current year was increased by \$849,617 subsequent to its original adoption.
 - i) General administration includes divisions that are under the City Manager and do not have their own departmental director.
 - j) The Budgetary Comparison Schedules shown in the accompanying supplemental information present comparisons of the legally adopted budget, as amended, with actual results. The originally adopted budget is presented for purposes of comparison to the final, amended budget. The original budget includes the adjustments necessary to bring forward the carry forward appropriation (for unexpended projects and encumbrances) as authorized in the annual budget ordinance. The nonmajor Special Revenue Fund budget comparisons are presented in the Combining Statements section.

 Notes to Pension Schedules – September 30, 2018

- (1) All recommended trend information has been calculated using the Entry Age Actuarial Cost Method.
- (2) For information regarding contribution percentage rates, assumptions, amortization method, etc. (See Note 16A).
- (3) As of the 10/01/95 actuarial valuation date, the following benefit accrual rate change was made to the police and firefighter pension funds:

Benefit Accrual Rate	Current	Previous
	3.0% per year of service for all employees	2.5% per year of service for non-exempt employees 3.0% per year of service for exempt employees

- (4) A 3% annual cost of living adjustment on benefit payments for participants in the police and fire pension plans who terminate employment on or after October 1, 2002 was added effective October 1, 2002.
- (5) Effective March 1, 2013, the following benefit changes were made:
 - (a) Refunds of participant contributions to non-vested terminated participants no longer include interest. These refunds previously included interest at the rate of 5% on an annual basis.
 - (b) Vested participants who terminate employment with the City prior to attaining eligibility for early or normal retirement, are not eligible to begin receiving benefit payments until they reach 55 years of age.
 - (c) The 3% annual cost of living adjustment on benefit payments is limited to participants who retire on or after early or normal retirement date (including DROPs).

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Designations Trust Fund - To account for the receipt and disbursement of donor specified contributions and to account for City funds set aside for designated future purposes.

Stormwater Utility Fund - To account for the Stormwater Utility Fee revenues and the related expenditures for stormwater runoff management.

Affordable Housing Fund - To account for the Affordable Housing Fee and the related expenditures for affordable housing in Winter Park.

Law Enforcement Trust Fund - To account for revenues and expenditures to be used for law enforcement in accordance with Chapter 943.25 of the Florida Statutes.

Grant Fund - To account for revenues and expenditures of various law enforcement grants.

Parks Impact Fees Fund – To account for impact fees collected on new residential units in the City and related expenditures for acquiring new park land and recreation facilities on newly acquired park land.

Hurricane Recovery Fund – To account for the costs of removing debris following Hurricane Irma which struck the City in September of 2017.

This page intentionally left blank.

Nonmajor Governmental Funds

(continued)

Police and Firefighter Premium Tax Trust Fund - To account for excise taxes imposed on homeowners' insurance premiums collected by the State of Florida Department of Revenue and remitted to the City. These tax revenues are to be used as retirement contributions to Police and Firefighter Pension plans.

Cemetery Trust Fund - To account for the operations of the City's cemeteries including the sale and maintenance of lots.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Stormwater Capital Projects Fund

The Stormwater Capital Projects Fund is used to account for the Stormwater Capital Project revenues and the related expenditures for Stormwater projects.

**Explanation of Differences between Budgetary Inflows and Outflows
and GAAP Revenues and Expenditures**

Sources/inflows of resources

Actual amounts "available for appropriation" from the budgetary comparison schedule.	\$ 458,088
Differences - budget to GAAP:	
None	<u>-</u>
Total revenues as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	<u>\$ 458,088</u>

Uses/outflows of resources

Actual amounts "total charges to appropriations" from the budgetary comparison schedule.	\$ 396,368
Differences - budget to GAAP:	
Transfers to other funds are outflows for budgetary resources but are not expenditures for financial reporting purposes.	<u>(396,368)</u>
Total expenditures as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	<u>\$ -</u>

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the government on a cost reimbursement basis.

Fleet Maintenance Fund – To account for the operations of the Fleet Maintenance Department that provides fleet management and maintenance services for the vehicles and equipment owned by the City.

Vehicle Replacement Fund - To account for the acquisition and control of the City's motor vehicles.

Employee Insurance Fund - To account for the accumulation of funds to pay health insurance premiums when due.

General Insurance Fund - To account for the accumulation of funds to pay insurance premiums when due.

Note: There were no significant non-cash transactions.

STATISTICAL SECTION (UNAUDITED)

Statistical tables differ from financial statements because they usually cover more than one fiscal year and may present nonaccounting data, financial trends and the fiscal capacity of the governments.

There are no limitations placed upon the amount of debt the City of Winter Park may issue by either the City's Code of Ordinances or by Florida Statutes.

STATISTICAL SECTION

This part of the City’s Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, not disclosures, and required supplementary information says about the City’s overall financial health.

Contents

Page

Financial Trends

These schedules contain trend information to help the reader understand how the City’s financial performance and well-being have changed over time.

Table 1 – Net Position by Component.....	125
Table 2 – Changes in Net Position.....	126
Table 3 – Fund Balances, Governmental Funds	128
Table 4 – Changes in Fund Balances, Governmental Funds	129

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the City’s most significant local revenue source, the property tax.

Table 5 – Assessed and Estimated Actual Value of Taxable Property.....	130
Table 6 – Direct and Overlapping Property Tax Rates.....	131
Table 7 – Principal Property Tax Payers	132
Table 8 – Property Tax Levies and Collections.....	133

Debt Capacity

These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future

Table 9 – Ratios of Outstanding Debt by Type	134
Table 10 – Ratios of General Obligation Bonds Outstanding	135
Table 11 – Direct and Overlapping Governmental Activities Debt	136
Table 12 – Legal Debt Margin Information.....	137
Table 13 – Tax Increment Revenue Bonds Coverage	138
Table 14 – Water and Sewer Revenue Debt Coverage.....	139
Table 15 – Electric Services Revenue Debt Coverage	140

Contents (continued)

Note: Assessed values are determined as of January 1 for each fiscal year.
Real Property is assessed at 85% of estimated market value and Personal Property assessment at 55%.
Estimated actual taxable value is calculated by dividing assessed value by those percentages.
Centrally assessed property consists of the railroad lines which are assessed by the State of Florida.

The City of Winter Park, Florida
Table 12
Legal Debt Margin Information

There are no limitations placed upon the amount of debt the City may issue by either the City's Charter or code of ordinances or by the Florida State Statutes.

The City's Charter does require voter referendum for the following categories of bonds:

- * General obligation bonds.**
- * Revenue bonds intended to finance enterprises or projects which involve the purchase, lease and/or acquisition of real property.**
- * Revenue bonds which pledge specific non-ad valorem taxes as the primary source(s) of revenue to pay the principal and interest which have a principal value in excess of one million dollars. This dollar limitation is adjusted annually as of the end of the fiscal year in accordance with changes in the cost-of-living index as published by the federal government. The limitation, as adjusted, at September 30, 2018 is \$2,494,457**

However, notwithstanding the foregoing in the second and third items above, voter referendum shall not be required prior to the issuance of revenue bonds which finance the purchase, lease and/or acquisition of park real property and/or park projects by the City.

Notes:

1 Schedule includes debt service requirements for Water and Sewer Revenue Bonds, 2002, 2004, 2009, 2010, 2011 and 2017. Minimum debt service coverage is net revenues of 1.25 times debt service becoming due and payable in each year.

The bonds and interest due thereon are payable from and secured by a prior lien upon a pledge of the net revenues derived by the City from the operation of the Water and Suburban Sewer System.

2 Gross Revenues are defined by the bond covenants as all income and earnings derived by the City from the ownership, operation, leasing, or use of the system and investment income, excluding impact fees and interest earned thereon.

3 Operation and maintenance expenses are defined as the cost of operation and maintenance as defined by the bond covenant, as current expenses, paid or accrued, less depreciation and amortization expenses.

2018	48,392,578	34,636,787	13,755,791	2,530,000	2,549,235	5,079,235	2.71

Notes: 1 Schedule includes debt service requirements for Electric Revenue Bonds, Series 2005A, 2005B, 2007, 2009A, 2009B, 2010, 2014, 2014A and 2016. Minimum debt service coverage is net revenues of 1.25 times debt service becoming due and payable in each year.

The bonds and interest due thereon are payable from and secured by a prior lien upon a pledge of the net revenues derived by the City from the operation of the Electric System.

2 Gross Revenues are defined by the bond covenants as all income and earnings derived by the City from the ownership, operation, leasing, or use of the system and investment income, excluding capital expansion and system improvement grants.

3 Operation and maintenance expenses are defined as the cost of operation and maintenance as defined by the bond covenant, as current expenses, paid or accrued, less depreciation and amortization expenses.

4 Pledge revenues are defined as gross revenues less operation and maintenance expense.

5 Debt service coverage fell below the required minimum of 1.25 in fiscal year 2008 due to high interest costs on auction rate bonds and underrecovery of fuel costs. The City has since refunded most of the auction rate bonds with fixed rate bonds and reviews its fuel cost recovery rates on a quarterly basis and adjusts as necessary.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Mayor and City Commission
City of Winter Park, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Winter Park, Florida (the “City”) as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements, and have issued our report thereon dated April 23, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Mayor and City Commission
City of Winter Park, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of the City in a separate letter dated April 23, 2019.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

Mayor and City Commission
City of Winter Park, Florida

Report on Compliance for Each Major Federal Program

We have audited the compliance of the City of Winter Park, Florida (the “City”) with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City’s major federal programs for the year ended September 30, 2018. The City’s major federal programs are identified in the summary of auditor’s results section of the accompanying Schedule of Findings and Questioned Costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the City’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City’s compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2018.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to in the first paragraph of this section. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the basic financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated April 23, 2019, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis, as required by the Uniform Guidance, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements.

Mayor and City Commission
City of Winter Park, Florida

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance (Cont.)

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Mayor and City Commission
City of Winter Park, Florida

Report on the Financial Statements

We have audited the basic financial statements of the City of Winter Park, Florida (the "City") as of and for the fiscal year ended September 30, 2018, and have issued our report thereon dated April 23, 2019.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* ("Uniform Guidance"); and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have also issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance, Schedule of Findings and Questioned Costs, and Independent Accountant's Report on an examination conducted in accordance with AICPA *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated April 23, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. No findings and recommendations were made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Mayor and City Commission
City of Winter Park, Florida

Financial Condition and Management (Cont.)

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, City Commission, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

Orlando, Florida
April 23, 2019

INDEPENDENT ACCOUNTANT'S REPORT

Mayor and City Commission
City of Winter Park, Florida

We have examined the City of Winter Park, Florida's (the "City") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2018. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with those requirements. An examination involves performing procedures to obtain evidence about the City's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2018.
