INTRODUCTORY SECTION

BAL HARBOUR

- V I L L A G E -

March 16, 2020

Honorable Mayor, Assistant Mayor, Council Members,
and Citizens of Bal Harbour Village, Florida

We are pleased to present the Comprehensive Annual Financial Report ("CAFR") as of and for the fiscal year ended September 30, 2019, pursuant to Florida State law. A CAFR is a set of financial statements comprising the financial report of a state, municipal, or other governmental entity that complies with accounting requirements promulgated by the Governmental Accounting Standards Boards (GASB). The financial statements were audited by a firm of independent certified public accountants retained by the Village and paid from its public funds.

This report may be accessed via the internet at <http://www.balharbourfl.gov>.

We encourage you to thoroughly review this document and we welcome the opportunity to discuss some of the important items it addresses.

While financial activities are never an end unto themselves, their recording and presentation can give the encouraged and knowing reader great insight into the operations of a community. They can highlight both strengths and weaknesses and can illustrate the issues that are, at any time, being addressed by the local government.

This report consists of management's representations concerning the finances of the Village. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Village has established a comprehensive internal control framework that is designed both to protect the Village assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Village's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the Village's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of Bal Harbour Village

The Village of Bal Harbour, Florida (the "Village") is located on the northern tip of the barrier island commonly referred to as Miami Beach; it is the northern-most barrier island in a chain that extends south to Key West, Florida. A channel between the north end of Biscayne Bay and the Atlantic Ocean runs across the northern end of the Village. The main traffic corridor running through the Village is Collins Avenue, also demarked as Florida State Highway A1A. Occupying a land area of approximately 0.6 square miles, the Village population is 3,134 and has 251 active business licenses. The Village has

BAL HARBOUR

- V I L L A G E -

one business-district, which houses the Bal Harbour Shops, an upscale, open-air shopping mall which has ranked first in the U.S. for decades in productivity based on sales per square foot. The remainder of the Village is high end, single family residential, and condominium or hotel use, a balance that establishes a high quality of life for families.

The Village was incorporated in 1946, with a master plan and a vision for the future. A Resort Tax was established creating a dedicated funding source derived from hotel and food and beverage purchases within the Village. The resort tax funds are used to maintain the aesthetics of the community and promote the Village as a premier tourist destination. This additional tax, contributes to the ability of the Village to maintain one of the lowest property tax rates and overall taxing efforts among South Florida municipalities. This community has spent considerable sums maintaining the unique character of the Village. Our municipal boundaries are compactly defined and give the Village a true sense of place. The cachet that comes from being associated with the Village of Bal Harbour adds a premium to property tax values and the Village's relaunched marketing and renewed branding efforts are thought to pay dividends not only to commercial property owners, but also to residential property owners who enjoy a higher value for their property, and pay a lower tax rate than they would absent a resort tax.

Few changes have been made since the original planned development of the Village, however since 2012, redevelopment of existing oceanfront properties commenced. Redevelopment of the Bal Harbour Shops, approved in FY 2017, will add an additional 350,000 square feet of retail space, with a negotiated development agreement that calls for the development of a new waterfront park, with partial developer funding, and a new Village Hall constructed by the developer. This will add value to the Village's tax roll, new businesses to the community, an engaging waterfront venue, and a new Village Hall as the center of community life. In addition, the development agreement also includes revenue streams from leased property and parking surcharges.

Additional capital improvements on the horizon include the renovation of the newly purchased Parks and Public Spaces Operations Facility, the reconstruction of the Haulover Inlet Jetty, inlet cut walk, and entrance to the beach at 96th Street, tying the inland redevelopment along Collins Avenue, to the oceanfront beachside linear park corridor and the rehabilitation of the Village Utility Infrastructure. The capital improvements collectively enhance the favorable international image of the Village, and add to the amenities offered to, and enjoyed by our residents and guests.

This financial report summarizes our current financial condition. It helps us to understand where we can go and what we can do in the future. Planning is the most important tool available to us and the Village's planning efforts include the allocation of financial resources, to sustain the Village into the future. Our ability to tax is limited. The opportunities provided to municipalities under Florida law are limited, so we must work within the framework we are provided. For the Village to succeed, we must continue to build and maintain value in what we have in order to enhance services to our residents in a fiscally conservative manner, and maximize our existing resources through thoughtful planning and allocation.

Government Structure and Services Provided

The Village exists as a Council-Manager form of municipal government. Under Florida law, Bal Harbour is considered a municipal corporation. The Village is governed by a Council of five (5) qualified persons, each of whom must be a registered voter residing within the limits of the Village for a period of at least one year immediately prior to their qualification. The Charter allows, and the Village Council has

BAL HARBOUR

- V I L L A G E -

enacted, legislation requiring the creation of five (5) districts of nearly equal area and population. To qualify as a candidate for election, the person must reside within the District that he or she proposes to represent on the Council. Village registered voters elect each of the five Council Members without regard to districts. The Council elects one of its members as Mayor. The Mayor presides at the meetings of the Council. The Council also elects one of its members as an Assistant Mayor who acts as Mayor during the absences or disability of the Mayor. The Council appoints the Village Manager and the Village Clerk. The Village Manager appoints Department Directors and administers the government of the Village. The Department Directors have the primary responsibility to hire and fire employees, however, the final decision ultimately rests with the Village Manager. The Village is organized into various Departments as shown in the organization chart on page xii.

VILLAGE MANAGER'S OFFICE. This Office is responsible for leadership and the overall management of the Village. Any policy that the Village Council wishes implemented becomes the responsibility of this Office.

FINANCE DEPARTMENT. This Department is responsible for Financial Administration, Business and Tourism Taxes, Payroll, and Water & Sewer Utility Administration and Customer Service.

BUILDING DEPARTMENT. This Department is responsible for Planning, Zoning, Land Use activities, Building Permits and Inspections.

POLICE DEPARTMENT. This Department is responsible for all aspects of Public Safety services, inclusive of Code Enforcement.

PARKS AND PUBLIC SPACES DEPARTMENT. This Department combines the Public Works, Park and Recreation, Water & Sewer Utility Operations, and Beautification activities and is responsible for the Village's facilities and infrastructure, beach maintenance, solid waste and recycling, landscaping efforts, recreational and cultural activities.

TOURISM DEPARTMENT. This Department is responsible for the marketing and branding efforts of the Village and is the liaison for the Resort Tax Board.

The six departments provide residents and businesses with the full range of municipal services contemplated by state law or local charter. Services include police, culture, recreation, licensing and permitting, general administration and finance, water and sewer utilities, public works and maintenance, solid waste disposal and recycling, and code enforcement.

Accounting Controls and Budgetary Process

Management of the Village is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Village are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. Village internal controls in the last five years are much improved, to include proper segregation of duties between accounts payables, receivables and cash receipt

BAL HARBOUR

- V I L L A G E -

processing, the daily reconciliation of banking activities, a Council approved process for management approval of any utility billing adjustments, and proper procedures to maintain an accurate listing of capital assets within an upgraded financial management system.

The annual budget serves as the foundation for the Village's financial planning and control. Departmental allocations are based on long range planning efforts in support of the Village's five key goals, capital and master planning efforts such as the Utility Master Plan. Village departments submit requests for appropriation to the Chief Financial Officer, these are incorporated with fixed annual inflationary costs to produce the preliminary base budget, prior to the presentation and setting of the preliminary millage by the Village Council in July of each year. The base budget is developed in collaboration with directors, these requests are used to assist the Village Manager in developing a Proposed Budget which depending on current year resources and resource allocation priorities, may include enhancements to current service levels or capital allocations. The Council is required to hold two public hearings on the Proposed Budget and to enact an Approved Budget as prescribed by the State of Florida mandated process by the new fiscal year in October.

The Village maintains budgetary controls for all of its funds except fiduciary and agency funds. The objective of these controls is to ensure compliance with legal provisions embodied in the annual budget adopted by the Village Council. Activities of the various funds are included in the annual budget. The legal level of control (such as, the level at which actual expenditures and transfers out cannot legally exceed the "budget" appropriations) is maintained at the department/fund level. The Village does not maintain an encumbrance accounting system. All unspent appropriations related to Capital Projects and Grants are generally re-appropriated as part of the following year's budget. Budget to actual comparisons demonstrate how the actual expenditures compare to both the original and final revised budgets.

As demonstrated by the statements and schedules included in the financial section of this report, the Village continues to meet its responsibility for sound financial management.

The Bal Harbour Experience

At our Village Council Retreat in January 2019, the collective vision was discussed that will continue to drive decision making for the Village through the next several years. The focus was on describing the "Bal Harbour Experience", which represents that distinctive feeling one experiences when living in or visiting our unique, exclusive, curated and refined community. Developing funding strategies, initiatives and programming that will further this vision are the focus of the budget development process.

BAL HARBOUR

- V I L L A G E -

The four (4) main elements which denote the essence of the Bal Harbour Experience are:

- Beautiful Environment – represented by our pristine beach, lush landscaping, well maintained public spaces, well-designed jogging paths, sidewalks and rights of way. These signature public amenities reflect the maintenance standards the community expects, and allow visitors to immediately identify they are in Bal Harbour. In other words - you immediately recognize when you have arrived to Bal Harbour and you immediately know when you have left.
- Destination & Amenities - represented by high-end hotels, eateries, and boutiques and shopping available, in our beautiful setting.
- Exclusivity & Access – represented by our curated art programs and well-produced special events. Our recognized Museum Access Program, Art experiences and exclusive tours, creative public art installations, special access programs during Art Basel, movies and concerts on the beach, and the Bal Harbour Series of the South Beach Wine and Food Festival and Haute Cuisine are just some of the exclusive opportunities created for residents and visitors, and reflect the community's refined taste.
- Safety - anchored by our focus on a Community Policing model, where our law enforcement officers are staffed, trained and motivated to provide excellent service and safety to our residents and visitors in a pleasant and friendly manner. The increased visibility, investment in state-of-the-art technology and employment of innovative policing strategies ensures that our community remains safe at all times, as well as a leader and model in public safety.

Together, these elements define what it means to live, work, play in and visit Bal Harbour Village and what makes our community so unique and distinctive.

BAL HARBOUR

- V I L L A G E -

This vision rests on a foundation based on:

- Developing and maintaining well designed and modernized public facilities and infrastructure;
- Implementing smart policies and strategic solutions to address the challenges of today and to ensure that we remain a Resilient and Sustainable community able to protect our future; and
- Ensuring that both the perception and reality of safety in our community remains uncompromised.

Financial Policies and Planning

The Village prioritizes the allocation of resources with a focus on five key goals

- Enhancing policing strategies and accountability;
- Improving and beautifying our public spaces;
- Investing in our Information Technology Infrastructure;
- Enhance community engagement through public events and expanded communications with our residents and visitors; and,
- Establishing sustainable fiscal policies and planning for future capital investments.

These are the focus of our efforts and will continue to guide our funding priorities from year to year. Coupled with continued administrative improvements, we prioritize the initiatives most important to our Village Council and residents while keeping costs down consistent with revenue trends. In the past few years, we added \$5.3 million to our Capital Projects Reserve for use toward future capital projects as a result of a policy to budget \$300 thousand toward these contributions on an annual basis, and a policy of allocating year end surplus (*excess revenue over expenditure*) in a proportionate manner to fund both undesignated fund balance and an assigned capital projects reserve. This practice ensures a “rainy day” fund, is available to the Village in the event of a dramatic downturn due to unforeseen fiscal conditions that could adversely affect our community and/or economy, and that funds are available for future capital projects. As a seaside, tourist-based community, Bal Harbour Village is especially vulnerable to the volatility of the tourist economy, as well as the annual threat of hurricanes and/or severe weather events. The Village once again exceeded its requirement to maintain a minimum unassigned General Fund balance of 33% of the subsequent year’s General Fund budgeted expenditures in 2019.

To ensure the availability of funding for future capital needs, the Village has implemented:

- A policy to allocate 50% of excess revenue over expenditure at the close of each fiscal year to assigned fund balance for a Capital Projects Reserve,
- A policy to budget funds for future pay-as-you go capital projects on an annual basis;
- Continued the identification of alternative funding sources toward the completion of prioritized capital projects, and allocate Village funding in support of these initiatives;
- Competitive design and solicitation processes for the development of capital projects.

CIP accomplishments and initiatives for Fiscal Year 2019 are outlined below:

- Bal Harbour Haulover Inlet Jetty Project – This project (includes the area under the Haulover Bridge) will reconstruct the existing Jetty to enhance the aesthetics as a public space with design concepts to be developed with community involvement. Design activities are ongoing. This project is projected to be completed in Fiscal Year 2024.

BAL HARBOUR

- V I L L A G E -

- Off-site Park and Public Spaces Facility - Purchase, renovation, site work and hardening of Village property in North Miami funded by both the General and Utility Fund. Providing space for displaced Parks & Public Spaces (including Utility Operations) and storage; EOC category 5 rated emergency operations including complete roof replacement. Purchase was completed in Fiscal Year 2019. This project is projected to be substantially completed in Fiscal Year 2020.
- Computer Aided Dispatch and Records Management System - This system provides real-time data on policing activity throughout the Village and helps ensure officer safety through geolocation. This project was completed in Fiscal Year 2019.
- Telestaff Time Tracking System, - This project will automate the scheduling of police resources, as well as time and attendance tracking for payroll and Emergency Management purposes. This project is projected to be completed in Fiscal Year 2019.
- Utility Master Plan (including Stormwater) – Rehabilitation of the Village infrastructure to include identified replacement of the Water, Sanitary Sewer and Stormwater systems, with remedial paving in affected areas. This is a multiphase project. Design and construction activities are ongoing. Overall project completion is projected to be Fiscal Year 2024.
- Various machinery and equipment– Includes the purchase of a 40 cubic yard Grapple Truck as well as the purchase of other vehicles and equipment.
- other minor capital improvements and reserves.

Looking forward, major new capital initiatives to commence or continue in fiscal year 2020 include planning and design of the new Waterfront Park, renovation of a new off-site Park and Public Spaces Facility, design for the redevelopment of the Bal Harbour Haulover Inlet Jetty, continued implementation of the Utility Master Plan, and planning efforts toward improvements Inlet Cut Walk , 96th Street beach access and the Collins Avenue Corridor. All told, the anticipated cost of these capital improvements total \$78.6 million, with funding readily identified for all but \$30.0 million of future year improvements, without the need to issue additional bonds, as summarized below.

TOTAL EXPENDITURE	\$ 11,890,100	\$ 11,255,200	\$ 8,602,500	\$ 13,141,500	\$ 300,000	\$ -	\$ 34,213,000	\$ 78,602,300

Enterprise Operations

Water and Wastewater services within the Village are provided as an enterprise operation, services are funded as payments for measurable water and wastewater services are consumed. Rates established as charges for services should sustain its operations and satisfy any related debt. For the Village utility operations, water is purchased at a wholesale rate from the Miami-Dade County Water and Sewer Department (WASD) and the City of Miami Beach applies a wholesale rate for Wastewater or sewer services which travels through their system for treatment at the Miami-Dade WASD Virginia Key plant. Wholesale water service is paid directly to Miami-Dade WASD, and wholesale sewer services are paid directly to the City of Miami Beach by the Village, for this reason their rates directly affect the rates the Village charges to our customers.

BAL HARBOUR

- V I L L A G E -

Risk Management

The goal of risk management is to qualify and quantify exposures that can weigh upon the Village's assets and to affect necessary action to eliminate and reduce losses within the Village. The Village is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Coverage is provided for general and auto liability, workers' compensation, excess liability, and health insurance through government risk pools and commercial insurance. Proper management and internal controls serve to minimize this risk.

REPORTING ENTITY

The activities included in our report are those over which the Village has the ultimate financial accountability, accompanied by the reporting information for the Village's General Employees' and Police Officers' Pension Plans. Activities for which the Village, as a "primary" government, is ultimately financially accountable has been presented within this report. No activity has been excluded which would cause our financial statements to be misleading or incomplete. Certain activities are not included in this report because they do not meet the necessary criteria. For example, in Florida, school boards are independently elected and financially accountable for their finances. As such, the school board would present separate financial statements.

Acknowledgements and Other Information

Independent Audit

State statutes require an annual audit by independent certified public accountants. Through the statutorily required competitive process, the Village selected the accounting firm, RSM US LLP, to conduct its annual audit. Auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* were used by the auditors in conducting the audit. The auditors' report on the basic financial statements and combining fund statements and schedules is included in the financial section of this report. The auditors' report on internal controls and compliance with applicable laws and regulations are included in a separate section.

Reporting Achievement

The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village, for its CAFR for the fiscal year ended September 30, 2018. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting. The attainment of this award represents a significant accomplishment by a government and its financial management team. This is the sixth year that the Village has achieved this prestigious award.

BAL HARBOUR

- V I L L A G E -

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both the generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this report would not have been possible without the skill, effort and dedication of the entire staff of the Finance Department and the accounting firm, RSM US LLP. We wish to thank all the Village Departments for their assistance in providing the information necessary to prepare this report. Credit also must be given to the Mayor and Council members for their unfailing support for maintaining the highest standards of professionalism in the management of the Village, and to their appointees serving on the Village's Budget Advisory Committee, for serving as the selection committee for the external auditors, and providing their guidance throughout the annual budget development process.

Bal Harbour Village, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bal Harbour Village, Florida (the Village), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bal Harbour Village, Florida, as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, and other post-employment benefits and pension schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The accompanying supplementary information such as the introductory section, statistical section, and combining fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund financial statements and schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2020, on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION AND ANALYSIS
MD&A – UNAUDITED

MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED

The following narrative provides an overview of Bal Harbour Village, Florida, (the "Village") financial activities for the fiscal year ended September 30, 2019. This narrative should be read in conjunction with the letter of transmittal at the front of this report and the financial statements and accompanying notes which follow this section. Additional information is provided within this narrative and the accompanying required supplementary information and statistical sections of the financial statements.

Financial Highlights for Fiscal Year 2019

- At the close of the fiscal year, the total assets and deferred outflows of the Village exceeded its liabilities and deferred inflows by \$83.9 million (*net position*), this reflects a 13.6% increase over the prior fiscal year. Of this amount, \$23.9 million (*unrestricted net position*) may be used to meet the Village's ongoing obligations to citizens and creditors, reflecting a 15.4% increase over FY 2018. Unrestricted net position is comprised of \$13.8 million in governmental activities and \$10.1 million in business-type activities.
- At the close of the fiscal year, the total assets are \$102.7 million, reflecting a 11.8% increase, total liabilities are \$23.3 million, reflecting an increase of 10.9% over the prior year, with deferred pension and post-employment related inflows and outflows increased to a net of \$4.4 million.
- At the close of the fiscal year, the Village's governmental activities ended with a net position of \$56.6 million, and the business-type activities (*Water & Sewer Fund*) ended with a net position of \$27.3 million. The net position ending reflects an increase of \$10.0 million over 2018, comprised of an increase of \$10.8 million in total assets largely comprised of \$7.4 million *attributable to cash and* \$2.6 million *in capital assets*, offset by an increase of \$2.3 million in liabilities.
- At year end, the change in net position of governmental activities totals \$7.3 million, comprised of \$7.5 million in cash and cash equivalents, \$1.5 million in net pension related deferred outflows, \$1.1 million in capital assets and \$1.9 million in net pension liability.
- At the close of the fiscal year, the Village governmental funds reported combined fund balances of \$34.4 million, an increase of \$7.3 million in comparison to the prior fiscal year. The *unassigned fund balance* is \$15.4 million, or 44% and 55% of the ending fund balance for governmental funds and general fund, respectively. This amount is available for spending at the Village's discretion.
- At the close of the fiscal year, governmental fund revenue increased by \$5.6 million to \$26.9 million, comprised of \$3.5 million in developer contributions, a \$701 thousand increase to resort tax, a \$530 thousand increase to fines and forfeitures, a \$416 thousand increase to licenses and permit revenue, resulting in a \$7.3 million increase to the governmental fund's ending balances.
- At the close of the fiscal year, ending net position for the water and sewer proprietary fund is \$27.3 million, reflecting a change in net position over 2018 of \$2.7 million. Unrestricted net position for the fund is \$10.1 million or 37% of total net position, which may be used to meet the Village's ongoing utility obligations to citizens and creditors.
- At the close of the fiscal year, ending net position for the Village's two pension trust funds is \$38.8 million, an increase of \$2.3 million in comparison to fiscal year 2018.

The Comprehensive Annual Financial Report (CAFR) consists of six parts – introductory section, management’s discussion and analysis (this section), the basic financial statements, required supplementary information, combining statements for non-major governmental funds and statistical section.

Management's Discussion and Analysis (MD&A) is designed to: (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Village’s financial activity, (c) identify changes in the Village’s financial position (its ability to address the next and subsequent year challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

Since the MD&A is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Village’s financial statements (*beginning on page 14*).

Overview of the Financial Statements

The financial statements focus is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the Village’s accountability.

Government-wide Financial Statements

The government-wide financial statements (*see pages 14 and 15*) are designed to be corporate-like in that all governmental and business-type activities are consolidated into columns that add up to a total for the primary government. The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to be similar to bottom line results for the Village and its governmental and business-type activities. The two government-wide financial statements report the Village’s net position and how they have changed. Net position—the difference between the Village’s assets and deferred outflows and the Village’s liabilities and deferred inflows—is one way to measure the Village’s financial health and position.

The statement of activities (*see page 15*) is focused on both the gross and net cost of various activities (including governmental, component units and business-type) that are supported by the government's general tax and other revenues. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities and/or components.

The government activities reflect the Village’s basic services, including general government, police, solid waste, roads and streets, park and recreation, and tourism. Property taxes, franchise and utility taxes, intergovernmental revenue, special assessments, and tourism revenue finance the majority of these services. The business-type activities reflect private sector type operations (Water and Sewer) where the fees for service typically cover all or most of the cost of operation, including depreciation.

Fund Financial Statements

The Fund Financial Statement presentation focuses on major funds. The Government's major fund (*see pages 16 to 17*) presentation is presented on a sources and uses of liquid resource basis. This is the manner in which the financial plan (the budget) is typically developed. The flow and availability of liquid resources is a clear and appropriate focus of any analysis of a government. Funds are

established for various purposes and the fund financial statements allow the demonstration of sources and uses and/or budgeting compliance associated therewith (*beginning on page 100*).

The fund financial statements also allow the government to address its fiduciary (or trust) and agency funds (*see pages 22 and 23*) by type (*employee retirement funds and pending forfeiture funds*). While these funds represent trust or agency responsibilities of the government, these assets are restricted in purpose and do not represent discretionary assets of the government. Therefore, these assets are not presented as part of the government-wide financial statements and are not considered generally available to the Village to use for any other purpose.

While the business-type activity – Enterprise column on the business-type fund financial statements (*see pages 19 to 20*) is the same as the business-type activities column on the government-wide financial statement, the government major funds total (*page 16*) column requires a reconciliation because of the different measurement focus (current financial resources versus total economic resources) which is reflected on the page following each *statement* (*see pages 16 and 17*). The flow of current financial resources will reflect interfund transfers and other financial sources, as well as capital expenditures. The reconciliation will eliminate these transactions and incorporate the capital asset and long-term obligations into the government activities column (*in the government-wide statements*).

GOVERNMENT WIDE STATEMENTS

The government wide financial statements were designed so that the user can determine if the Village is in a better or worse financial condition from the prior year. The Village's overall assets exceeded liabilities by \$83.9 million at the close of the most recent fiscal year.

Summary Statement of Net Position

The following table reflects the comparative condensed Statement of Net Position (*in thousands*):

	<u>Governmental</u>		<u>Business-type</u>		<u>Total</u>		<u>Percent</u> <u>Change</u>
	<u>2019</u>	<u>2018</u>	<u>2019</u>	<u>2018</u>	<u>2019</u>	<u>2018</u>	
Current and other assets	\$ 36,269	\$ 28,732	\$ 13,553	\$ 12,819	\$ 49,822	\$ 41,551	19.91%
Capital assets	33,409	32,277	19,459	18,012	52,868	50,289	5.13%
Total assets	<u>69,678</u>	<u>61,009</u>	<u>33,012</u>	<u>30,831</u>	<u>102,690</u>	<u>91,840</u>	<u>11.81%</u>
Deferred Outflows of Resources	5,775	3,672	116	216	5,891	3,888	51.52%
Current and other liabilities	1,489	1,173	751	811	2,240	1,984	12.90%
Non-current liabilities	15,954	13,336	5,058	5,642	21,012	18,978	10.72%
Total liabilities	<u>17,443</u>	<u>14,509</u>	<u>5,809</u>	<u>6,453</u>	<u>23,252</u>	<u>20,962</u>	<u>10.92%</u>
Deferred Inflows of Resources	1,443	881	36	55	1,479	936	58.01%
Net investment in capital assets	33,151	32,114	17,140	15,827	50,291	47,941	4.90%
Restricted	9,636	5,157	-	-	9,636	5,157	86.85%
Unrestricted	13,780	12,020	10,143	8,712	23,923	20,732	15.39%
Total net position	<u>\$ 56,567</u>	<u>\$ 49,291</u>	<u>\$ 27,283</u>	<u>\$ 24,539</u>	<u>\$ 83,850</u>	<u>\$ 73,830</u>	<u>13.57%</u>

As summarized above, the statement of net position for the Village reflects an increase of \$10.0 million, comprised of a \$4.5 million increase to restricted net position, and a \$4.8 million in net investment in capital assets.

A large portion of the Village's net position reflects its investment in capital assets (e.g., land, building, and equipment) \$50.3 million. Net investment in capital assets is the portion of net position that related to capital assets reduced by accumulated depreciation and by any outstanding debt incurred to acquire, construct, or improve those assets, excluding unexpended debt proceeds. The Village uses these capital assets to provide service to the citizens; consequently, these assets are not available for future spending. An additional portion of the Village's net position represents resources that are subject to external restrictions on how they may be used (restricted assets) amounting to \$9.6 million; for the Village these include Capital Projects to be funded by developer contributions, Tourism, Security District, and State Forfeiture funds.

The Unrestricted balance is intended to be a corporate style measurement of well-being (or a bottom line) for the Village and its related governmental and business-type activities. The unrestricted net position for the Village is \$23.9 million, with \$13.8 million for governmental activities and \$10.1 million for business-type activities. This is due to the results of current year operations.

CURRENT YEAR IMPACTS

Statement of Activities

The following schedule presents the comparative condensed Statement of Activities (in thousands):

	Governmental Activities		Business-type Activities		Total		Percent Change
	2019	2018	2019	2018	2019	2018	
Revenues:							
Program revenues:							
Charges for services	\$ 9,437	\$ 8,605	\$ 4,393	\$ 4,277	\$ 13,830	\$ 12,882	7.36%
Capital grants and contributions	3,025	-	2,058	7	5,083	7	72514%
General revenue:							
Taxes	12,022	11,913	-	-	12,022	11,913	0.91%
Other	1,950	1,235	107	67	2,057	1,302	57.99%
Total revenues	26,434	21,753	6,558	4,351	32,992	26,104	26.39%
Expenses:							
General government	6,449	5,604	-	-	6,449	5,604	15.08%
Public safety	6,635	6,568	-	-	6,635	6,568	1.02%
Solid waste and open space	1,099	925	-	-	1,099	925	18.81%
Tourism	3,540	3,629	-	-	3,540	3,629	-2.45%
Roads, streets and parks	1,440	1,268	-	-	1,440	1,268	13.56%
Interest on long-term debt	8	14	-	-	8	14	-42.86%
Water and sewer	-	-	3,801	3,333	3,801	3,333	14.04%
Total expenses	19,171	18,008	3,801	3,333	22,972	21,341	7.64%
Changes in net position before transfers	7,263	3,745	2,757	1,019	10,020	4,764	110.33%
Transfers	13	-	(13)	-	-	-	0.00%
Changes in net position	7,276	3,745	2,744	1,019	10,020	4,764	110.33%
Net position - beginning	49,291	45,988	24,539	23,520	73,830	69,508	6.22%
Prior period adjustment	-	(442)	-	-	-	(442)	100.00%
Net Position - Beginning, restated	49,291	45,546	24,539	23,520	73,830	69,066	6.90%
Net position - ending	\$ 56,567	\$ 49,291	\$ 27,283	\$ 24,539	\$ 83,850	\$ 73,830	13.57%

* FY 2017 as restated.

The statement of activities as presented in comparative fashion, more closely resembles the manner in which revenue and expenses are programmed for budget purposes and allocated for departmental and fund use. The statement of net position ending for the Village in fiscal year 2019 is \$83.9 million, the most notable change is within restricted net position of the Governmental Activities resulting from \$3 million (\$2.5 million is to be used towards the Waterfront Park capital project and 0.5 million is to be used for Arts in Public Spaces) in contributions received from Bal Harbour Shops in connection with its development agreement; and within the unrestricted net position of the Business-Type Activities resulting from \$2.1 million of capital grants reimbursements from Miami-Dade County General Obligation Bond funds for the sewer portion of the Utility Master Plan project.

CURRENT YEAR IMPACTS

Village Highlights

The Village concluded fiscal year 2019 with a 15.4% increase to unrestricted net position ending at \$23.9 million, and an increase of total net position by 13.6% to \$83.9 million. During 2018, the Village negotiated the first amendment to the Bal Harbour Shops Development Agreement which advanced the timeline for developer proffered improvements and contributions resulting in approval for redevelopment of the entire Business District of the Village. The negotiated development agreement includes provisions for the planning of a new waterfront park, a new Village Hall constructed by the developer, and recurring revenue streams from leased property, parking surcharges, and guarantees for ad valorem revenue in future years. The improvements associated with the Bal Harbour Shops redevelopment serve to solidify the Village's property values and prospective financial position.

The Village purchased a new offsite Parks and Public Spaces operating facility in North Miami, Florida completed the Village Water Meter Replacement Project and continued the implementation of the Utility Master Plan with improvements. These projects serve as a catalyst for improvements to Village infrastructure which will serve residents and visitors for the next 50 years.

Normal Impacts

There are several basic (normal) impacts on revenues and expenses which could affect the Village as described below:

Revenues

- **Overall Economic Condition.** This can reflect a declining, stable or growing economic environment and has a substantial impact on property, tourism, and other tax revenue as well as redevelopment efforts made by the development community. The Village is exposed to risks associated with tourism. Declines in tourism can adversely affect dollars available to the Village for marketing and parks, roads, and streets. Declines in tourism can result in reduced property values to the Village, which would result in lower property tax dollars. Likewise, a poor economy can also negatively impact the Village's property tax base. The Village has a handful of large properties that could stagnate or decline under certain economic conditions. The effect on the Village would be disproportionately leveraged. The Village has continued to experience redevelopment of its largest oceanfront properties, and plans for the redevelopment of the entire business district are moving through the approval process, with developer proffered donations of land, a new Village Hall, and future new revenue streams. Management believes the Village can weather most short-term economic scenarios as it did with Hurricane Irma, and the 2017 Zika outbreak. If this current period

of economic growth should cease, the Village provides services and has planned for capital projects within its current fiscal resources as they are available and does not leverage new debt in order to accomplish future capital and operating strategic goals.

- **Increase/Decrease in Council Approved or State-Mandated Tax Rates and Assessments.** The Village Council can raise or lower its various tax rates and special assessment levels. These rates have a direct relationship to the Village's revenue streams. Volatility in tax rates can be detrimental to business owners and homeowners, making their properties less attractive to own. The Village has a stable taxation policy. The fiscal year 2019 millage rate of 1.9654 was maintained making it the fifth year in a row at an ad valorem tax rate which is the third lowest in Miami-Dade County, and well below the statutory cap of 10 mills.
- **Reliance upon Intergovernmental Revenue.** The Village received approximately \$743 thousand dollars in recurring revenue from other governments during FY2019. Since the Village does not directly control the levy or collection of these revenues, it is exposed to the risk that those revenues will not grow or even be available in future years. The loss of these revenues would likely require the Village to raise more money through higher local taxing efforts, or implement level of service adjustments. The Village has the capacity to raise its tax rates to more than offset the loss of these other governmental revenues.
- **Undiversified Tourism Tax Base.** The Village receives about 53% of its Tourism funding from one venue. The loss of the venue would significantly and adversely affect the operations of the Village's marketing and tourism efforts. The Village's finances are not totally dependent upon tourism, but anything that materially affects tourism, such as a severe recession or natural disaster, could adversely affect the Village's revenues and put pressure on the Village to levy higher tax rates. When tourism declines, commercial property values also tend to decline.
- **Limits on Annual Assessments for Homestead Properties.** Florida's Constitution restricts residential homestead assessment growth to 3% per year, or less, on each home that has a homestead exemption. Commercial properties are limited to a maximum 10% annual increase on their assessment and they are not generally provided any exemptions from assessment. The Village is overwhelmingly residential in nature, but is fortunate to have a number of residential units that are not subject to this annual limitation. Further, the value of the homes that are subject to the annual assessment cap is substantial and the Village does not suffer from a limited tax base growth to the extent other Florida municipalities might. However, the Village may be exposed to changes in the manner with which annual assessments are valued or the limit to which they may be taxed, or additional homestead exemptions granted by the Legislature, but to a lesser degree than most municipal jurisdictions.

Expenses

- Public Safety expenses account for about 43% of the Village's General Fund expenditures. South Florida municipalities face constant pressure to remain competitive with the salary and benefits paid to sworn police personnel. The costs of maintaining competitive pay packages could have a growth rate that exceeds that of the revenue growth rate, resulting in pressure on the Village's budget. Additionally, the Village traditionally affords all civilian employees benefits similar in nature to those provided to Police employees.
- The Village provides water and sewer services to its residents and businesses. The Village buys water and transmits wastewater for further treatment under large-user agreements with other units of government. The Village cannot negotiate from a position of strength for these services and is

largely at the mercy of the service provider. Increased operating costs, pass-through rate increases from wholesale service providers, combined with the additional debt service expense associated with capital improvements of our wholesale service providers, make additional rate increases likely for the foreseeable future.

- Solid Waste Disposal – The Village collects money from its property owners through special assessments to pay for the cost of collection and disposal of solid waste from its residents. The Village outsources its solid waste operation.
- Environmental Risks – The Village is located between an intracoastal waterway and the Atlantic Ocean and is exposed to significant risks caused by weather, particularly hurricanes. In addition to the potential damage to structures and infrastructure, substantial loss of beach can occur during hurricanes. Because a significant portion of the Village’s attraction is its beachfront area, the loss of the beach, even if only temporary, could result in significant loss of revenue to the Village.

Current Year Impacts

Revenues

Red light camera revenue was \$196 thousand more than budgeted, resulting from the prolonged removal of three cameras during improvements related to the Consultatio development in the prior year. Likewise, parking revenue was \$33 thousand more than budgeted, due to construction staging within the parking lot for Haulover Inlet Bridge improvements in the prior year. Interest earnings increased due to basis point increases from the State Board of Administration with an additional \$40 thousand in earnings over 2018.

Building permit revenue significantly exceeded budgeted expectations at \$1.9 million, an additional \$878 thousand more than budgeted, and \$1.0 million more than the cost of the proprietary operation in the current year, it is important to note that the work performed for the permitting process and construction completion can span multiple fiscal years.

Resort Tax returns outperformed budgeted figures at \$1.0 million, exceeding prior year collections by more than \$701 thousand.

The Security District assessment rate was held at \$2,639.53/single family resident unit, in order to enhance services to the residents of the area.

Expenses

All of the Village’s General Fund operating departments and activities concluded the fiscal year within budgeted appropriations, with expenditures less than budgeted. The Village continues to experience increases in existing retirement costs, but has taken action through the collective bargaining process to reduce those impacts by closing the Police Officers’ Pension Plan to new participants, and reducing retiree cost of living increases by 1% to new retirees under the Plan, and joining the Florida Retirement System (FRS). All new police officers hired are now a part of FRS.

At the close of the fiscal year, the net pension liability for the Village is \$13.7 million, the annual required contribution for each year is an actuarial computation which provides a fixed input for annual expenditures for the General Employees’ Pension Plan that value was \$957 thousand, and for the Police Officers’ Pension Plan that value was \$1.5 million. Increases to the actuarial required contribution for each Village Plan are due to adjusted rate of return assumptions, actual investment returns, Plan experience, salary increases, and mortality rates.

Other Post-Employment Benefits (OPEB) refers to the benefits, other than pensions, that state local government employees are eligible to receive as a part of their retirement benefits. OPEB, which, for the Village, are limited to healthcare costs, continue to increase. Under state law, the Village is required to allow its retirees to continue their health care coverage provided the retirees pay the full premium. This results in an “implied subsidy” to older participants with greater need. The Village also allows (through a collective bargaining agreement with its police officers) police retirees to receive a monthly health insurance stipend of \$350. An OPEB analysis was completed for 2019 indicating a liability of \$1.24 million, this is funded by the Village on a pay-as-you-go basis.

Increases in wholesale water and sewer rates from both Miami-Dade County, Florida and the City of Miami Beach, Florida resulted in increased expenses for the purchase of water and sewer service per 1,000/gallons, additional pass-through rate increases are anticipated in future years. Current employee and operating expenses and liabilities are allocated to the utility fund for work performed. Implementation of the Utility Master Plan capital project continued in fiscal year 2019, with the alternative approach of relining sewer pipes as opposed to excavation and replacement, \$2 million reimbursement from Miami-Dade County General Obligation Bond funds for the sewer portion of the project. Completion of this capital project with an anticipated completion date of 2024.

Management curbs expenditures consistent with revenue projections, when trends merit their delay or abatement.

THE VILLAGE FUNDS

Governmental Funds

As of the year end, the Governmental Funds (*as presented on the balance sheet*) reported total fund balance of \$34.4 million, with an increase of \$5.8 million noted for the General Fund with an ending balance of \$27.8 million. The Resort Tax Fund ended the year with \$4.9 million in total liabilities and fund balance, an increase of \$1.14million in comparison to the prior year. Total Fund Balances are \$27.8 million for the General Fund, \$4.7 million for Resort Tax and \$1.9 million for non-major funds, these funds, include the Security District Fund and the State Forfeiture Fund.

Enterprise Fund

The Water and Sewer Fund net position at year end is \$27.3 million, an increase of \$2.7 million in comparison to fiscal year 2018. Capital Assets continued to see improvements made to the underground water and wastewater Utility Master Plan ongoing project, with the addition of \$1.8 million of improvements, increasing capital assets to \$19.5 million. Operating revenue increased by \$116 thousand over the prior year, and operating expense increased by \$483 thousand.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the close of the fiscal year, governmental activities capital assets, net of depreciation is \$33.2 million, net capital assets for business-type activities are \$17.1 million, for a combined net book value of \$50.3 million in capital assets categorized as land, construction in progress, building, furniture and equipment, and infrastructure which will be depreciated over time on the government-wide and proprietary financial statements.

For additional information on the Village's capital assets, see Note 5 beginning on page 40.

Long-Term Debt

At the close of 2019, the Village had \$20.6 million in outstanding long-term obligations, of which \$1.2 million is due during fiscal year 2020. The ending balance is comprised of \$4.9 million from Revenue Bonds issued in 2010, pension and other post-employment benefit liabilities comprise \$15.0 million, compensated absences comprise \$664 thousand, and capital leases total \$114 thousand. The current year portion of all debt is budgeted within the 2020 operating budget of the Village.

For additional information on the Village's long-term debt, see Note 7 beginning on page 42.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The redevelopment plans for the Village's Business District and the completion of a new beach front luxury complex, enhanced the economic outlook for the Village. The property tax millage rate for fiscal year 2019 was maintained at 1.9654 mills per \$1,000 of assessed valuation. The Village was able to retain this very low rate, as a result of increased tax roll value resulting from redevelopment of oceanfront property.

In development of the current year's budget the Village balanced Florida's limiting measures on residential property taxes which allow the exemption of the first \$25,000 of assessed values is from taxation on homestead property. Further, homeowners over age 65 and who have income less than \$20,000 are able to avoid taxes on the next \$25,000 of assessed value. Florida's Constitution also limits the assessed value on homestead property to a maximum increase of 3% per year, or less if inflation is less. Commercial property is limited to a maximum 10% increase in assessed value per year. An additional \$25,000 exemption was approved in November of 2019; those impacts were evaluated for the Village and determined to be nominal in nature. Much of the condominium market in the Village does not have homestead exemption, and thus enjoys a higher rate of growth. This too insulates the Village from substantial impacts resulting from future State Legislative proposals.

A recurring challenge for the Village are personnel benefit costs that outpace its tax base growth, excluding new construction. For this reason, the value added resulting from redevelopment within the Village is important and permits the Village to retain the third lowest operating millage rate in the County.

Redevelopment of the Business District properties works in conjunction with Village marketing efforts to increase the value of the Bal Harbour brand and The Bal Harbour Shops, as an international destination-shopping venue enhance the tax base of the Village. The Shops is the Village's largest commercial taxpayer and the businesses that locate within the Shops tend to have large retail inventories that are also taxed by the Village. The expansion plans of the Shops, approved in 2017 will increase the development by an additional 350,000 square feet to total 860,000 square feet. Estimated increased values associated with this expansion are appraised at a range of \$193 million to \$270 million upon completion, resulting in a significant increase in ad valorem tax revenue at any millage rate. For the year ended September 30, 2019, Bal Harbour Shops contributed 4.7% of ad valorem tax revenue; the ad valorem tax revenue increases will be substantial after project completion. In addition, the accompanying development agreement provides an estimated benefit in excess of \$123 million to the Village in the years to come.

Notwithstanding the recently approved expansion to The Shops, the Village's tax base is heavily weighted to the residential market and is not very diversified otherwise. This exposes the Village to the movements of fewer markets that can lead to more volatility in the tax base. This has sometimes been mitigated by the property tax base growth that can "recapture" limited tax base growth in prior years. Also, because Bal Harbour residential properties tend to be at the high end of the market, recoveries have historically been faster than for the residential market as a whole.

Water and sewer rates were decreased to pass-through anticipated decreases from our wholesale service providers, from \$4.88/1,000 to \$4.81/1,000 gallons of water consumed with a 3,000-gallon minimum monthly charge; wastewater rates remained stable at \$8.38/1,000 gallons of wastewater consumed with a 3,000-gallon minimum monthly charge for sewer. The Village has continued the implementation of the Utility Master Plan infrastructure project, which when completed in 2024 will result in renewed water, sewer, and stormwater infrastructure with a 30-year lifespan.

The Village benefitted from a beach renourishment truck project that widened the beaches throughout the Village in 2014. The Village coordinates with Miami Dade County, the State of Florida and the United States Army Corps of Engineers to advance the Sand Bypass Project and place approximately 240,000 cubic yards of sand on Bal Harbour Beach. This draft plan is under review and the Bal Harbour Sand bypass approach for sand replenishment has received positive feedback from the regulatory agencies, with work continuing. We continue our efforts to have renourishment plans included in the County's long-term plans to assist the Village in obtaining both County and State funding for these efforts in the future. This results in a positive impact on both tourism taxes and property values for the Village.

FINANCIAL CONTACT

The Village's financial statements are designed to present users (citizens, taxpayers, customers, investors and creditors) with a general overview of the Village's finances and to demonstrate the Village's accountability. If you have any questions about the report or need additional financial information, contact the Village's Chief Financial Officer at Village Hall located at 655 96th Street, Bal Harbour Village, Florida 33154, or call telephone (305) 866-4633.

BAL HARBOUR VILLAGE, FLORIDA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2019

Amounts reported for governmental activities in the statement of activities
are different because:

Net change in fund balances – total governmental funds		\$ 7,327,289
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense		
Depreciation expense		(557,000)
Expenditures for capital assets		1,689,086
Revenues that are earned but not received within the Village’s availability period are recognized in the statement of activities when earned and subsequently in the governmental fund financial statements when they become available		(476,134)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
Net pension liability – defined benefit plans	\$ (1,909,409)	
Net pension liability – excess benefit plan	(322,431)	
Compensated absences	(107,841)	
Revenue bonds and capital lease principal payments	80,718	
Total other post-employment benefits liabilities	<u>12,122</u>	(2,246,841)
Deferred outflow of resources and deferred inflow of resources related to pensions and OPEB are not recognized in the governmental funds		<u>1,540,135</u>
Change in net position of governmental activities		<u>\$ 7,276,535</u>

See Notes to Financial Statements.

NOTES TO BASIC FINANCIAL STATEMENTS

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of Bal Harbour Village's (the Village) significant accounting policies is presented to assist the reader in interpreting the basic financial statements and other data in this report. The policies are considered essential and should be read in conjunction with the accompanying basic financial statements.

The financial statements of the Village have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting policies of the Village are described below:

A. Financial Reporting Entity

The Village is a municipal corporation organized under Florida Statutes. The Village, which was incorporated in August 1946, is located in Miami-Dade County, Florida. The Village operates under a Council-Manager form of government with the Mayor serving as the head of the government for all purposes and the Village Manager serving as the administrative official. The Village provides the following services: public safety (police), physical environment (refuse collection), transportation (maintenance of roads and streets), tourism development, special security district protection, water and sewer utilities and general administrative services. Fire protection, education, hospital facilities and welfare services are provided by other units of local government whose activities are not included in the accompanying financial statements.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Village. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or identifiable activity is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or identifiable activity. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or identifiable activity, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or identifiable activity. Taxes and other items not properly included among program revenues are reported instead as general revenues.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

(Continued)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-Wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining non-major funds are aggregated and reported as other governmental funds.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements other than the agency fund which has no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers all revenues except grant revenues to be available if they are collected within 60 days after year end. Grant revenues are considered available if collected within 6 months of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred as required by accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, other post-employment benefits and pension costs, are recorded when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period, if received within the availability period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the Village.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The Village reports the following major governmental funds:

The **general fund** is the Village's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The **resort tax special revenue fund** is used to account for proceeds of resort tax revenue sources that are legally restricted to expenditures for tourism development and beach restoration. Resort taxes are paid monthly by establishments doing business within the Village based on 4% of their revenues from hotel room rentals and 2% of food and beverage sales.

The Village also reports the following non-major government funds:

The **security district fund** accounts for the special assessments received from the property owners residing in the special district maintaining the security and common areas within the special district.

The **state law enforcement trust fund** accounts for the receipts of state forfeiture monies received through the participation in law enforcement cases resulting in the forfeiture of assets awarded by Florida courts. These funds can only be spent for police related activities, equipment and training and all expenditures are approved by Council.

The **federal law enforcement trust fund** accounts for the receipts of federal forfeiture monies received through the participation in law enforcement cases resulting in the forfeiture of assets awarded by Federal courts. These funds can only be spent for police related activities, equipment and training and all expenditures are approved by Council.

The Village also reports the following major proprietary fund:

The **water and sewer fund** is used to account for water and sewer utility operations, which are financed and operated in a manner similar to a private business enterprise. The intent of the Village is that the costs (expenses including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges.

Additionally, the Village reports the following fund types:

The **pension trust funds** are used to account for assets held by the Village's General Employees' Pension Trust and the Police Officers' Pension Trust. The assets of the funds are restricted to providing retirement and disability benefits to those qualified employees.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The ***pending forfeitures fund*** is an agency fund used to account for the receipts of federal and state forfeiture monies received through the participation in law enforcement cases resulting in the forfeiture of assets to the federal or state government. Money deposited in this fund and earnings on those deposits are not considered property of the Village until awarded to the Village by an order of the court.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Village's water and sewer function and various other functions of the Village. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues in the government-wide financial statements include: 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes, whose purpose has not been restricted to a specific purpose.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Village's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources include committed, assigned and unassigned amounts which are available and can be used for the intended purpose. When unrestricted resources are available for use, it is the Village's policy to use committed resources first, then assigned and then unassigned as they are needed.

In fiscal year 2019, the Village adopted two new statements of financial accounting standards issued by the GASB:

- Statement No. 83, *Certain Asset Retirement Obligations*
- Statement No. 88, *Certain Disclosures Relating to Debt*

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

GASB Statement No. 83, *Certain Asset Retirement Obligations*, was issued November 2016. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.

GASB Statement No. 88, *Certain Disclosures Relating to Debt*, is effective for reporting periods beginning after June 15, 2018. This Statement requires certain disclosures in the notes to government financial statements related to debt, and also clarifies which liabilities governments should include when disclosing information related to debt.

The adoption of these statements resulted in no financial impact to the City.

D. Deposits and Investments

Cash and cash equivalents are considered to be cash and short-term investments with original maturities of three months or less from the date of acquisition. The Village's cash and cash equivalents include cash on hand and investments with the Florida PRIME administered by the State Board of Administration.

GASB Statement No. 72, *Fair Value Measurement and Application*, requires that investments be categorized according to the fair value hierarchy established by this Statement. The hierarchy is based on valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Investments are reported at fair value which is the amount a financial instrument could be exchanged for in a current transaction between willing parties at the measurement date. Investments with Florida PRIME are recorded at amortized costs.

E. Receivables

Receivables include amounts due from other governments and others for services provided by the Village. Receivables are recorded and revenues are recognized as earned or as specific expenditures/expenses are incurred. Allowances for uncollectible receivables are based upon historical trends and the periodic aging of receivables.

Water charges to customers are based on actual water consumption. The Village recognizes revenue and a related receivable for the estimated unbilled consumption as of September 30th of each year.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Prepays

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. The cost of prepaid items are recorded as expenditure/expense when consumed (i.e., the consumption method), rather than when purchased in both the governmental and proprietary funds.

G. Restricted Assets

The Village reports customer water and sewer deposits as restricted assets.

H. Capital Assets

Capital assets, which include property, plant, equipment, intangible (e.g., easement) and certain infrastructure assets (e.g., sidewalks and other similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the Proprietary Fund. Capital assets are defined by the government as assets with an initial, individual cost of more than \$25,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed or as they are otherwise acquired.

Capital assets of the Village are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	30
Improvements other than buildings	30
Public domain infrastructure	25-60
Water/sewer system	25-60
Furniture, fixtures and equipment and software	3-20

I. Compensated Absences

It is the Village's policy to permit employees to accumulate earned, but unused vacation pay and comp-time benefits. Both are accrued when incurred in the government-wide and proprietary funds and reported as a liability. Compensated absences are reported in governmental funds only if they have matured.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Long-Term Obligations

In the government-wide financial statements and in the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Issuance costs are expensed in the year of issuance, except for prepaid bond insurance costs.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reporting as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Payments of principal and interest are also reported as expenditures.

K. Pensions

The Village provides separate defined benefit pension plans for general employees and sworn police officer's hired before October 1, 2016. The Village provides retirement benefits to all full-time officer's sworn in after October 1, 2016 through the Florida Retirement System (FRS and HIS).

The Village also offers an optional deferred compensation plan created in accordance with Internal Revenue Code 457. In 2006, the Village established the Excess Benefit Plan, a qualified governmental excess benefit arrangement as defined In Section 415 of the Internal Revenue Code.

For the purposes of measuring the Village's share of the net pension liability, net pension asset, deferred outflows of resources related to pensions, deferred inflows of resources related to pensions, and pension expense, the Village uses information about the fiduciary net position of the Village's General Employees' Pension Plan, Police Officer's Pension Plan, Florida Retirement System (FRS) and Retiree Health Insurance Subsidy (HIS) (the Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

L. Other Post-Employment Benefits (OPEB)

The total OPEB liability, OPEB expense and deferred outflows and inflows of resources related to OPEB are measured and presented in accordance with the requirements of GASB Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions. Additional Information regarding the Village's OPEB liability can be found in Note 9.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

M. Deferred Outflows and Inflows of Resources

The Statement of Net Position includes a separate section for Deferred Outflows of Resources. This represents the usage of net position applicable to future periods and will be recognized as expenditures in the future period to which it applies. Currently, there is only deferred outflows related to pensions and OPEB in this category.

The Statement of Net Position also includes a separate section for Deferred Inflows of Resources. This represents the acquisition of net position applicable to future periods and will be recognized as revenue in the future period to which it applies. Currently, there is only deferred inflows related to pensions in this category.

N. Fund Balance

The Village reports the following classifications:

Non-spendable fund balance. Non-spendable fund balances are amounts that are: (a) not in spendable form; or (b) legally or contractually required to be maintained intact.

Restricted fund balance. Restricted fund balances are amounts that can be spent only for specific purposes stipulated by: (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance. These amounts can only be used for the specific purposes determined by a formal action (Ordinance and Resolution have the same authority) of the Village Council, the Village's highest level of decision making authority. Commitments may be changed or lifted only by the Village Council taking the same formal action (Ordinance and Resolution) that imposed the constraint originally.

Assigned fund balance. Assigned fund balances are amounts that are constrained by the Village's intent to be used for specific purposes, but are neither restricted nor committed. Intent is established by the Village Manager to which the Council has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. This balance includes: (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as non-spendable, restricted or committed; and (b) amounts in the General Fund that are intended to be used for a specific purpose.

Specific amounts that are not restricted or committed in a special revenue fund are assigned for specific purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the Village itself.

Unassigned fund balance. This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Fund Balance (Continued)

The Village adopted a formal Fund Balance Policy that provided for definitions and classifications of fund balance. The policy also provides for certain non-spendable fund balance, restricted, committed, and assigned categories. Of particular note is the assigned fund balance for the Village's excess benefit plan and other post-employment benefits of \$1.9 million and \$1.2 million, respectively, in the General Fund; and \$5.3 million for future capital projects. A requirement to maintain a minimum unassigned General Fund balance of 33% of the subsequent year's General Fund budgeted expenditures exists, and the Village exceeded that goal with \$15.3 million or 85% of the General Fund fiscal year 2019 budgeted expenditures.

O. Net Position

The net position of the government-wide and the proprietary fund are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets is that portion of net position that relates to the Village's capital assets reduced by accumulated depreciation and any associated debt used to acquire or construct those capital assets.

Restricted net position is that portion of net position that has been restricted for general use by external parties (creditors, grantors, contributors or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted net position consists of all net positions that do not meet the definition of either of the other two components.

Sometimes the Village will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Village's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

P. Use of Estimates

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States of America. Management is required to make estimates and assumptions that affect the reported amounts of assets/deferred outflows of resources, liabilities/deferred inflows of resources, and the disclosures of contingent balances as of the date of the financial statements, as well as and revenue and expenses during the period reported. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 2. PROPERTY TAXES

Under Florida Law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. State statutes permit municipalities to levy property taxes at a rate of up to 10.0 mils. The fiscal year 2019 millage rate assessed by the Village was 1.9654 mills.

The tax levy of the Village is established by the Village Council prior to October 1 each year and the County Property Appraiser incorporates the millage into the total tax levy, which includes Miami-Dade County (the County), Miami-Dade County School Board and special taxing districts.

All property is reassessed according to its fair value as of January 1 each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State statutes.

All real and tangible personal property taxes are due and payable on November 1 each year or as soon as practicable thereafter as the assessment roll is certified by the County Property Appraiser. The County mails to each property owner on the assessment roll a notice of the taxes due and the County also collects the taxes for the Village. Taxes may be paid upon receipt of such notice from the County, with discounts at the rate of 4% if paid in the month of November, 3% if paid in the month of December, 2% if paid in the month of January and 1% if paid in the month of February. Taxes paid during the month of March are without discount, and all unpaid taxes on real and tangible personal property become delinquent on April 1 of the year following the year in which taxes were assessed. Procedures for the collection of delinquent taxes by the County are provided for in the laws of Florida. There were no material delinquent property taxes as of September 30, 2019, however the Village continues to experience the effects of the Value Adjustment Board's action on appealing assessment values, which directly impacts the collection of budgeted property tax revenue.

NOTE 3. DEPOSITS AND INVESTMENTS

At September 30, 2019, cash and investments of the primary government and the fiduciary funds consisted of the following:

	<u>Balance</u>
Primary Government	
Cash	\$ 35,931,235
Investments	11,935,052
Total cash and cash equivalents	<u>\$ 47,866,287</u>
Fiduciary Funds	
Cash	\$ 301,248
Investments	38,569,830
Total cash, cash equivalents and investments	<u>\$ 38,871,078</u>

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

Deposits

In addition to insurance provided by the Federal Depository Insurance Corporation (FDIC), all deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, *Florida Security for Public Deposits Act*, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or another banking institution eligible collateral. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Accordingly, all amounts reported as deposits are deemed as insured or collateralized.

Investments – Other Than Pension Funds

Village administration is authorized to invest in those instruments authorized by the Florida statutes, including the Florida PRIME administered by the Florida State Board of Administration (State Treasurer's Investment Pool).

The State Board of Administration (SBA) administers the Florida PRIME, which is governed by Chapter 19-7 of the Florida Administrative Code and Chapters 218 and 215 of the Florida Statutes. These rules provide guidance and establish the policies and general operating procedures for the administration of the Florida PRIME. The Florida PRIME is not a registrant with the Securities and Exchange Commission (SEC); however, the SBA has adopted operating procedures which permits the use of money market funds in order to maintain a constant net asset value (NAV) of \$1 per share. The fair value of the position in the Florida PRIME is equal to the value of the pool shares. The Florida PRIME pool is operating in a manner consistent with SEC rules of 2a-7 funds. The investments in Florida PRIME are not insured by FDIC or any other governmental agency.

As of September 30, 2019, the Village's investment in the Florida Prime is recorded at amortized cost.

Investment	Balance
Florida PRIME	\$ 11,935,052

Note: Florida PRIME is included as cash equivalents in the financial statements.

Interest Rate Risk

The dollar weighted average days to maturity (WAM) of the Florida PRIME at September 30, 2019, was 37 days. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM. The pool's guidelines allow for the purchase of only money-market assets at least 50% rated 'A-1+' by Standard & Poor's and no more than 50% rated 'A-1', such as U.S. Treasury and U.S. agency obligations, corporate obligations including commercial paper and asset backed commercial paper; municipal securities; bank obligations; and money-market mutual funds.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

Credit Risk

The Village does not have an investment policy for credit risk. Village administration is authorized to invest in those instruments authorized by the Florida statutes, including the Florida PRIME administered by the Florida State Board of Administration (State Treasurer's Investment Pool). The Florida PRIME is rated by Standard and Poor's as AAAM as of fiscal year end.

Concentration of Credit Risk

The Village structures its investment mix in a manner to control the risk of loss resulting from concentration of assets to a specific maturity, instrument, issue, dealer, or bank through which these securities are bought and sold. As of September 30, 2019, the value of each position held in any one Issuer within the Village's portfolio is less than 5% of total Investments.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the counterparty, the government will not be able to recover the value of its investments that are in the possession of an outside party. The Village requires that investments being held by a third-party custodian be properly designated as an asset of the Village and be held in the Village's name.

Investments – General Employees' Pension Plan

Policy

The Plan maintains a master custodial agreement whereby the investment securities are held in the plan's name by a financial institution acting as the Plan's agent.

The Board of Trustees of the Bal Harbour Village General Employees' Pension Plan & Trust (the Plan) adopted an amended Investment Policy effective January 1, 2008. Concurrently with this amended investment policy, the Board of Trustees elected to discontinue active management of a portfolio of investments, based upon the advice of its investment monitor and advisor. The Board of Trustees, in keeping with its consultant's recommendation, has opted to invest in index funds, as provided for in the investment policy. The policy defines the scope of control of the Board, the investment objectives, performance measurements, investment and fiduciary standards, authorized investments, maturity and liquidity requirements, portfolio composition, risk and diversification, target asset mixes, expected annual rates of return and other investment requirements.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

The Plans' investments are categorized as follows according to the GASB 72 fair value level hierarchy as of September 30, 2019:

Investment Type	General Employees	
	Fair Value Measurements Using	
	Balance	Quoted Prices in Active Markets for Identical Assets (Level 1)
Equity mutual funds	\$ 8,786,811	\$ 8,786,811
Bond mutual funds	5,351,638	5,351,638
Total Investments at Fair Value	14,138,449	\$ 14,138,449
Measured at amortized cost:		
Money market mutual funds (exempts)	645,531	
Total Investments	\$ 14,783,980	

Interest Rate Risk

Interest rate risk refers to the portfolio's exposure to fair value losses arising from increasing interest rates. The Plan does not have a formal investment policy that limits investment maturities as a means managing its exposure to market value losses arising from changing interest rates. However, the investment policy limits investments in fixed income instruments to index mutual funds.

As of September 30, 2019, the Plan had the following investments and maturities:

Investment Type	Fair Value	Less Than 1 Year
Equity mutual funds	\$ 8,786,811	\$ 8,786,811
Bond mutual funds	5,351,638	5,351,638
Money market mutual funds	645,531	645,531
Total	\$ 14,783,980	\$ 14,783,980

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The current investment policy limits investments to index mutual funds. Therefore, the portfolio bears the credit risk of the aggregated market.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

Concentration of Credit Risk

The current investment policy limits investments to index mutual funds. Therefore, the portfolio represents the total diversification provided in the markets that the index funds mirror.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of an outside party. The Plan requires that investments being held by a third-party custodian be properly designated as an asset of the Plan and be held in the Plan's name.

Investments - Bal Harbour Police Officer's Pension Plan

The Plan's investment policy establishes asset classes and stipulates the following maximum portfolio percentages as of September 30, 2019:

Authorized Investments	Allowable Range %	Target %
Domestic Equity	0% - 65%	60%
Fixed Income	0% - 100%	40%
Foreign Securities	0% - 25%	0%

The Plans' investments are categorized as follows according to the GASB 72 fair value level hierarchy as of September 30, 2019:

	Police Plan		
	Fair Value Measurements Using		
	Balance	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Investments by Fair Value Level			
Fixed income securities:			
U.S. government obligations	\$ 6,219,017	\$ -	\$ 6,219,017
Mortgage-backed and agency securities	951,641	-	951,641
Corporate bonds	1,643,018	-	1,643,018
Total Fixed Income Securities	8,813,676	-	8,813,676
Equity securities:			
Large cap domestic stock	12,296,474	12,296,474	-
Total Investments at Fair Value	21,110,150	\$ 12,296,474	\$ 8,813,676
Real estate investments (measured at NAV)	2,352,296		
Money market funds (measured at amortized cost)	323,404		
Total Investments	\$ 23,785,850		

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

Custodial Risk

Custodial credit risk is the risk that in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of an outside party. The Police Officer's Pension Plan maintains a Master Custodian Agreement, whereby the investment securities are held in the Plan's name by a financial institution acting as the Plan's agent.

Interest Rate Risk

Interest rate risk refers to the portfolio's exposure to fair value losses arising from increasing interest rates. The Police Pension does not have a formal investment policy that limits investment maturities as a means of managing its exposure to market value losses arising from increasing interest rates.

As of September 30, 2019, the Police Officer's Pension Plan had the following fixed income investments and maturities:

	Fair Value	Investment Maturities (In Years)			More than 10 years
		Less Than 1	1-5	6-10	
U.S. government obligations	\$ 6,219,017	\$ 459,297	\$ 4,281,182	\$ 1,478,538	\$ -
Mortgage-backed securities	951,641	-	1,458	672,096	278,087
Corporate bonds	1,643,018	-	352,183	1,290,835	-
Total Investments	\$ 8,813,676	\$ 459,297	\$ 4,634,823	\$ 3,441,469	\$ 278,087

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Police Officer's Pension Plan's investment policy limits fixed income investments to a rating no lower than Standard & Poor's BBB or Moody's Baa. The Police Officer's Pension Plan's corporate bonds and most of the mortgage-backed securities were all rated "Baa" or better under Moody's ratings and at least "BBB" under Standard & Poor's ratings however, certain mortgage-backed security investments were not rated.

Concentration of Credit Risk

The Police Officer's Pension Plan's investment policy stipulates that not more than 5% of Police Officer's Pension Plan's assets can be invested in the common stock of any one issuing company nor can the aggregate investment in any one issuing company exceed 5% of the outstanding capital stock of any company. As of September 30, 2019, the value of each position in any one issuer held by the Police Pension comprised less than 5% of Police Pension net position and less than 5% of the value of the outstanding capital stock of any company.

Depreciation expense for the fiscal year ended September 30, 2019, was charged to functions/programs as follows:

Governmental activities:	
General government	\$ 105,629
Public safety	272,094
Road, streets, and parks	149,742
Tourism development	<u>29,535</u>
Total depreciation expense - governmental activities	<u><u>\$ 557,000</u></u>
Business-type activities:	
Water and sewer	<u><u>\$ 405,306</u></u>

NOTE 6. ADMINISTRATIVE CHARGES

The General Fund charges other funds an administrative charge for services provided during the year. Amounts charged to each fund for the fiscal year ended is presented below.

Resort Tax Fund	Security District Fund	Water and Sewer Fund	Total
\$ 35,000	\$ 40,000	\$ 65,000	\$ 140,000

NOTE 7. LONG-TERM DEBT

On October 18, 2011, the Village issued the Capital Improvement Revenue Bonds, Series 2011 Bonds (Bonds). 96.5% of this debt was allocated to the water and sewer fund and 3.5% was allocated to the governmental activities. The Bonds bear interest on the outstanding principal balance from their date of issuance payable semiannually on each March 31, September 30 (the Interest Payment Dates) at an interest rate equal to 63% of the 10-Year H-15 Swap Index, plus 1.05% (the Fixed Rate). As used herein, "10-Year H-15 Swap Index" means the most recent rate designated as the 10-year interest rate swap rate under the H.15 Selected Interest Rates published by the Federal Reserve. The interest rate as of September 30, 2019 on the Bonds was 3.09%.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (Continued)

The Village pledged, assigned and granted a security interest in the Local Government Half-Cent Sales Tax, the Municipal Revenue Sharing and the Alcoholic Beverage License Tax Revenues in order to secure the principal of and interest on the Bonds. To the extent these revenues are insufficient to pay principal of and interest on the Bonds when due, the Village agrees to appropriate in its annual budget, if necessary, non-ad valorem revenues lawfully available in each fiscal year, amounts sufficient to pay the principal and interest due on the Bonds in accordance with the terms during such fiscal year.

Total pledged revenues to repay the principal and interest of those bonds follows:

Current revenue pledged	\$315,888
Current debt service	\$796,473
Total future revenue pledged	\$5,394,684

Description of debt	Bal Harbour Village, Florida Capital Improvement Revenue Bonds, Series 2011
---------------------	---

Purpose of debt	To fund water and sewer projects
-----------------	----------------------------------

Term of commitment	2011 - 2026
--------------------	-------------

Percentage of debt service to pledged revenue	252%
---	------

The bonds outstanding at September 30, 2019, consist of the following:

Revenue Bonds	Purpose of Issue	Amount Issued	Amount Outstanding	Interest Rate
Series 2011	Capital Improvement	\$ 10,000,000	\$ 4,898,821	3.090%

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (Continued)

The Village entered into lease agreements as lessee for financing the acquisition of vehicles and equipment. Under the terms of the agreements, these are accounted for as capital leases, the Village will make payments including interest at various rates.

Annual future minimum lease payments and the present value of minimum lease payments are as follows:

Years Ending September 30:

2020	\$	91,431
2021		22,256
2022		4,808
Total minimum lease payments		<u>118,495</u>
Less amount representing interest		<u>(4,497)</u>
Present value of minimum lease payments	\$	<u><u>113,998</u></u>

The capital assets acquired through the capital lease as of year end follows:

Asset	Balance
Equipment	\$ 350,491
Less accumulated depreciation	<u>(272,716)</u>
Net book value	<u><u>\$ 77,775</u></u>

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS

A. DEFINED BENEFIT PLANS

The following brief descriptions of the Retirement Plans are provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

Summary of Significant Accounting Policies

Basis of Accounting

The Plans' financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which the contributions are due. Village contributions are recognized as revenue when due and the village has made a commitment to pay. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plans. Interest and other income are recorded as earned and dividend income is recorded as of the ex-dividend date.

For the purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources, pension expense, the fiduciary net position of the Plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans.

Plan Descriptions

The Village, as a single employer, maintains two Public Employee Retirement Systems (PERS) defined benefit pension plans covering substantially all full-time employees and an unfunded excess benefits plan. On October 1, 1955, the Village established the Bal Harbour Village Employees' Pension Trust (General Employees' Plan). In fiscal year ended September 30, 2000, the police officers of the Village elected to form their own plan (Police Officer's Pension Plan) in order to continue receiving Section 185 monies from the State of Florida. The Police Officers' Pension Plan was effectively closed October 1, 2017, all full-time officers sworn in after that date are members of the FRS. To fund benefits owed by employment contracts that cannot be funded through either defined benefit plan, the Village also established the Bal Harbour Village Excess Benefit Plan (Excess Benefit Plan) in year 2009.

The pension plans are considered to be part of the Village's financial reporting entity and are included in the Village's financial statements as pension trust funds. The Bal Harbour Police Officers' Pension Trust (Police Officer's Pension Plan) issues a publicly available financial report that includes the financial statements and required supplementary information. The report may be obtained by writing to the Plan Administrator or calling (954) 723-9521.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

The Police Officer's Pension Plan received a favorable IRS Determination on April 20, 2016, and subsequently on September 18, 2016, the General Employees' Plan received the same. This indicates that both Plans are designed and are currently being operated in compliance with the applicable sections of the Internal Revenue Code. On October 1, 2017, a new bargaining agreement was reached with the Police Benevolent Association (PBA).

The Excess Benefit Plan is a qualified governmental excess benefit plan established in accordance with Section 415 of the Internal Revenue Code. The purpose of this Plan is to provide retirement benefits to employees covered by either or both of the Village's defined benefit plans whose benefits are otherwise limited by IRC §415.

Plan membership consisted of the following. The most recent actuarial valuation date for the General Employees' Plan and Police Officer's Pension Plan is October 1, 2017 and October 1, 2018 respectively, and the mactuarial valuation date is September 30, 2019 for the Excess Benefit Plan:

	General	Police Officer's	Excess Benefit
Inactive plan members and beneficiaries currently receiving benefits	30	23	1
Inactive plan members entitled to but not yet receiving benefits	8	1	-
Active plan members	25	18	-
Total members	<u>63</u>	<u>42</u>	<u>1</u>

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

General Employees' Plan

The benefit provisions and all other requirements of the General Employees' Plan are established by Village Ordinance No. 447, as amended, and are summarized as follows:

Vesting

Benefits are fully vested after 10 years of credited service.

Eligibility for Participation

Full-time employees, after completing one year of continuous employment from the anniversary date of the Plan, which is October 1.

Eligibility for Retirement

The Plan provides for normal retirement as follows:

- a) Age 57, regardless of service,
- b) Age 55, having completed 25 years of continuous employment or
- c) 30 years of continuous employment regardless of age.

Annual Retirement Benefit

The monthly retirement benefit is equal to 3% of final average compensation (average of the highest 36 consecutive months of compensation, as defined, during the 10 years immediately preceding retirement or termination) times completed years and months of continuous employment.

Cost of Living Adjustment

Retired participants, except those who elect to take a lump sum distribution, will receive a 2.50% compounded annual COLA; commencing on the one-year anniversary of the retirement date and will continue to be paid each year thereafter. To receive the COLA an employee must be or become an active participant on or after March 21, 2006.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

General Employees' Plan (Continued)

Target Asset Mix

The Policy establishes the following Target Asset Mix for the plan:

<u>Asset Class</u>	<u>Target Allocation</u>
Return US Equity - Large Cap	30%
US Equity - Mid Cap	10%
US Equity - Small Cap	10%
International Equity	7%
Emerging Markets Equity	3%
Domestic Fixed Income	35%
Cash and Cash Equivalence	5%
	<u>100%</u>

Other Benefits

The system also provides for optional retirement benefits, early retirement, deferred retirement, disability retirement and death benefits.

Contributions and Funding Policy

Employees are required to contribute 8% of their annual compensation, to be deposited each pay period. The Village is required to contribute the amount in excess of employee contributions to pay the annual pension cost. The pension board establishes the required employee contribution. The required employer contribution is actuarially determined as of October 1 of each year.

If any employee leaves covered employment or dies before ten years of credited service, accumulated employee contributions are refunded to the employee or the designated beneficiary.

Rate of Return

For the year ended September 30, 2019, the annual money-weighted rate of return on pension investments, net of pension plan investment expense was 3.65%.

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. Inputs to the dollar-weighted rate of return calculation are determined on a monthly basis.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

General Employees' Plan (Continued)

Deferred Retirement Option Program

The Plan has a Deferred Retirement Option Program (DROP) for participants who are eligible to receive normal retirement. Eligible members may apply to participate by applying to the Board. Upon a member's election to participate in the DROP, that member shall be considered retired. Monthly retirement benefits that would have been payable had the member retired without electing the DROP will be paid into the DROP and credited to the retired member who may not receive any of these amounts until they actually sever employment with the Village. Upon separation from service with the Village, the entire DROP balance is made to or for the benefit of the participant as a lump sum distribution. Payments into the DROP will earn the same return as earned by the remainder of the Plan assets or a fixed rate of 4% at the option of the participant. This option can be changed every year prior to December 1st for the following calendar year. If they do not make a choice, the default option is the fixed rate of 4%.

At September 30, 2019, there were 6 members who were enrolled under the DROP. The total liability for the members DROP account as of September 30, 2019 was \$489,342. This amount is included in the total investment balance and the net position presented on the statement of fiduciary net position.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

Police Officer's Pension Plan

The Police Officer's Pension Plan was established to account for the pension for the Village's police officers. The Plan is considered part of the Village's financial reporting entity and is included in the Village's financial statements as a pension trust fund. Benefit and contribution provisions are established by Village ordinance and may be amended only by the Board of Trustees, subject to approval of the Village Council. The Plan was available to full-time sworn Police Officers from date of employment, including probationary period. Participation was mandatory as a condition of employment, except for the Police Chief, who may opt out. The Police Officers' Pension Plan was effectively closed October 1, 2017, all full-time officers sworn in after that date are members of the Florida Retirement System.

The Plan is administered by a Board of Trustees comprised of:

- a. Two Village residents appointed by the Village Council.
- b. Two Police Officers elected by a majority of Police Officers.
- c. A fifth member elected by the Board and appointed (as a ministerial duty) by the Village Council.

The benefit provisions and all other requirements of the Plan are established by Village Ordinance No. 474, as amended, and are summarized as follows:

Contributions and Funding Policy

Employees contribute 10% of their compensation. The Village is required to contribute the amount in excess of employee contributions to pay the annual pension cost. The Village Council, through establishment or modification of enabling legislation, establishes the required employee contribution. The required employer contribution, which is a percentage of annual covered payroll and includes amounts contributed by the State pursuant to Chapter 175, Florida Statutes, is actuarially determined as of October 1st of each year. The annual required employer contribution for the fiscal year ended September 30, 2019, was determined based on the October 1, 2017 actuarial valuation and was 70.18% of non-DROP covered payroll.

If any employee leaves covered employment or dies before ten years of credited service, accumulated employee contributions are refunded to the employee or the designated beneficiary.

Benefits Provided

The Plan provides retirement, termination, disability and death benefits.

Normal Retirement

Date: Earliest of age 55 and 10 years of Credited Service; age 57, regardless of service; or 20 years of Credited Service, regardless of age.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

Police Officer's Pension Plan (Continued)

Benefit: 3.50% of final average compensation times years of credited service.
Minimum Benefit: \$25 per month.

Early Retirement

Eligibility: Age 50 and 10 Years of Credited Service.

Benefit: Accrued benefit reduced 3.0% for each year that early retirement precedes normal retirement.

Vesting (Termination of Employment)

Less than 1 year: refund of member contributions, with 5.0% interest.

1-9 years: 10% of accrued pension for each complete year of service, payable at normal retirement, or a refund of contributions described above. 10 years or more: 100% of accrued pension payable at normal retirement date.

Disability

Eligibility: Total and permanent; medical proof required.

Service-connected benefit: Accrued benefit, but not less than 42% of average monthly compensation on date of disability.

Non-Service-Connected Benefit: Accrued benefit, but not less than 25% of average monthly compensation on date of disability.

Pre-Retirement Death Benefits

Service connected: 50% of base rate of pay on date of death, paid for 10 years.

Non-service connected: Accrued Benefit, actuarially reduced if early commencement, paid for 10 years.

Minimum benefit: Greater of actuarial equivalent of accrued benefit, or member's contributions.

Cost-of-Living Adjustment

Retirees who were actively employed on or after February 21, 2006 receive 2.5% annually, after one year of receiving benefits. After October 01, 2016, retirees receive a 1.25% Cost-of-Living Adjustment, delayed for 5 years after retirement or entry into DROP.

Target Asset Mix

The policy establishes the following target asset mix for the Plan:

<u>Asset Class</u>	<u>Target Allocation</u>
Broad Growth Equities	60%
Intermediate Fixed Income	40%
Total	<u>100%</u>

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

Police Officer's Pension Plan (Continued)

Rate of Return

For the year ended September 30, 2019, the annual money-weighted rate of return on pension investments, net of pension plan investment expense, was 5.76%.

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. Inputs to the dollar-weighted rate of return calculation are determined on a monthly basis.

Deferred Retirement Option Program (DROP)

Upon a member's election to participate in the DROP, that member shall cease to be a member of the Bal Harbour Village Police Officers' Pension Plan and shall be precluded from any additional benefits under the Plan; accordingly, that member shall be considered retired. Monthly retirement benefits that would have been payable had the member retired and elected to receive monthly pension payments will be paid into the DROP and credited to the retired member. Payments in the DROP are made monthly for the period the retired member participates in the DROP, up to a maximum of 60 months, an increase from prior maximum of 36 months. Payments into the DROP will earn the same return as earned by the remainder of the Plan assets. Employees also now have the option to select from either the rate of return of the portfolio or a fixed 4%. This can be changed every year prior to December 1 for the following calendar year. If they do not make a choice, the default is 4%. Upon termination of employment, participants in the DROP will receive the balance of their account either in a lump sum distribution or in any other form of payment selected by the participant, approved by the Board and conforming to applicable laws.

At September 30, 2019, there was 1 participant enrolled under the DROP. The DROP balance as of September 30, 2019 is zero. The DROP investment assets are included in the total investment balance presented on the Statement of Fiduciary Net Position (when applicable).

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

Excess Benefit Plan

Vesting

Benefits are fully vested immediately upon entry into the Plan.

Eligibility for Participation

Based upon employment contract language and participation in either or both defined benefit plans.

Eligibility for Benefits Under the Plan

A participant shall receive a benefit equal to the difference between the retirement allowance otherwise payable from either or both defined benefit plans prior to any reduction or limitation required by IRC §415 and the actual retirement allowance payable as limited by IRC §415. The benefit shall be subject to withholding for applicable state and federal taxes. The benefit shall be paid in accordance with the retirement payment option selected by the participant or beneficiary for the retirement otherwise payable by either or both defined benefit plans.

Funding Policy

To be qualified under IRC §415, Excess Benefits Plans, the Village cannot advance fund any benefit currently payable under the Plan and any assets held by the Plan during any year can only be used to pay for benefits coming due during the year or for expenses of the Plan during the year. Contributions by the Village are not allowed to accumulate from year-to-year for purposes of advance funding of any of the Plan's liabilities. Any assets, including all property rights and beneficial interests of the Plan remain the general, unpledged and unrestricted assets of the Plan and the Village. The interests of participants and their beneficiaries of the Plan are not senior to the claims of unsecured creditors of the Plan or the Village. The Village cannot restrict any assets, including cash, for the purpose of providing funding for these benefits. However, the Village has designated a portion of its General Fund's fund balance for the purpose of noting its intent to fund the benefits payable under the Plan. The Village has sufficient financial assets at year end, to pay the benefits payable under the Plan.

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

In accordance with the requirements of GASB 68, 71, and 73, information about the Village's pension plans are included in this note and in the Required Supplementary Information (RSI) section following the notes to the basic financial statements.

Plan Financial Information

The actuarial valuation date for the General Employees' Plan and Police Officer's Pension Plan was October 1, 2017, with updated asset information as of September 30, 2018. The measurement date of the net pension liability for each plan was determined as of September 30, 2018. The actuarial valuation date for the Excess Benefit Plan was September 30, 2019, and the measurement date was September 30, 2019. The Required Supplementary Information section provides additional detailed information about actuarial methods and assumptions used to determine the contribution rates for each plan. In addition, a schedule of employer contributions for each plan and a schedule of total pension liability, plan fiduciary net position and the change in net pension liability for each plan is included here in.

Aggregate Information for all Pension Plans

Summarized aggregate information for the three single employer defined benefit plans follows:

	General Employees'	Police Officer's	Excess Benefit Plan
Total pension liability	\$ 18,455,693	\$ 28,774,581	\$ 1,925,808
Fiduciary net position	(13,815,684)	(22,720,860)	-
Net pension liability	<u>\$ 4,640,009</u>	<u>\$ 6,053,721</u>	<u>\$ 1,925,808</u>
Fiduciary net position as % of total pension liability	74.86%	78.96%	0.00%

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

Long-Term Expected Rate of Return – The long-term expected rate of return on pension plans investments were determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation are summarized in the following tables:

General Employees' Plan

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	50%	7.5%
Domestic Bonds	40%	2.5%
International Equity	7%	8.5%
International Bonds	0%	3.5%
Real Estate	0%	4.5%
Alternative Assets	3%	5.5%
	100%	

Police Officer's Pension Plan

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Broad Growth Equity	60%	7.50%
Intermediate Fixed Income	40%	2.50%
	100%	

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

Discount rate: A single discount rate of 7.75% and 6.00% were used to measure the total pension liability for the police and general employee pension trust plans, respectively. The single discount rates were based on the expected rate of return on pension plan investments of 7.75% and 6.00%, respectively. The projection of cash flows used to determine each single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the fiduciary net position of the plans was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for each plan.

The discount rate used to measure the excess benefit plan total pension liability was 2.75%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the excess benefit plan is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the Long-Term Municipal Bond Rate selected by the Village. The Fidelity Bond Index, general obligation, 20 years to maturity, mixed quality was adopted as the applicable municipal bond index rate.

Sensitivity of the discount rate: The sensitivity of the net pension liability to changes in the single discount rate for each plan follows. The following presents each plan's net pension liability, calculated using a single discount rate, as well as what each plan's net pension liability would be if it were calculated using a single discount rate that is one percentage point lower or one percentage point higher than the current rate assumption.

<u>General Employees' Plan</u>	1% Decrease	Discount Rate	1% Increase
	5.00%	6.00%	7.00%
Net Pension Liability	\$ 7,593,740	\$ 4,640,009	\$ 2,393,743
<u>Police Officer's Pension Plan</u>	1% Decrease	Discount Rate	1% Increase
	6.75%	7.75%	8.75%
Net Pension Liability	\$ 9,688,624	\$ 6,053,721	\$ 3,062,845
<u>Excess Benefit Plan</u>	1% Decrease	Discount Rate	1% Increase
	1.75%	2.75%	3.75%
Net Pension Liability	\$ 2,267,253	\$ 1,925,808	\$ 1,601,981

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

For the year ended September 30, 2019, the Village recognized pension expenses of \$1,699,287 and \$1,246,409 for its Police and General Employees' Plans, respectively. For the year ended September 30, 2019, the Village recognized pension expense of \$385,041 for its Excess Benefit Plan.

The Village reported deferred inflows and outflows of resources related to the Plans from the following sources:

Description	General Employees' Plan		Police Officer's Pension Plan	
	Deferred Outflows of Resources	Deferred Inflow of Resources	Deferred Outflows of Resources	Deferred Inflow of Resources
Village contribution subsequent to measurement date	\$ 957,499	\$ -	\$ 1,440,569	\$ -
Differences between expected and actual experience	381,592	-	730,749	-
Change of assumptions	451,117	-	767,928	-
Net difference between projected and actual earnings on pension plan investments	150,973	593,562	-	819,533
	<u>\$ 1,941,181</u>	<u>\$ 593,562</u>	<u>\$ 2,939,246</u>	<u>\$ 819,533</u>

The deferred outflows of resources related to Village's contributions to the Plans subsequent to the measurement date will be recognized as a reduction of the net pension liability for the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Years Ending September 30:	General Employees' Plan	Police Officer's Pension Plan
2020	\$ 473,612	\$ 873,700
2021	92,747	297,383
2022	(142,585)	(288,983)
2023	(33,654)	(202,956)
Total	<u>\$ 390,120</u>	<u>\$ 679,144</u>

The Excess Benefit Plan did not have any deferred inflow and outflows of resources as of year end.

B. FLORIDA RETIREMENT SYSTEM (FRS and HIS)

The Village provides retirement benefits to sworn police officers hired after October 1, 2016 through the FRS and the HIS Plan.

Florida Retirement System

The Village participates in the FRS, which was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Health Insurance Subsidy Program, a cost-sharing multiple-employer defined benefit pension plan, for retired members of any state administered retirement system in paying the costs of health insurance.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. **EMPLOYEE RETIREMENT PLANS** (Continued) **Florida Retirement System (FRS)** (Continued)

The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs.

The Village's pension expense for FRS totaled \$327,457 for the fiscal year ended September 30, 2019.

A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

Plan Description

The FRS is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class – Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) – Members in senior management level positions.
- Special Risk Class – Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

All members enrolled in the FRS on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service (except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service). Members of the FRS may include up to 4 years of credit for military service toward creditable service.

The FRS also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)
Florida Retirement System (FRS) (Continued)

The DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in the DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

FRS Retirement Benefits and Contributions

Benefits under the FRS are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment and Retirement Age/Years of Service</u>	<u>% Value</u>
Regular Class Members Initially Enrolled on or After July 1, 2011:	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or up to 34 years of service	1.63
Retirement at age 67 or up to 35 years of service	1.65
Retirement at age 68 or up to 36 years of service	1.68
Elected County Officers	3
Senior Management Service Class	2
Special Risk Regular:	
Service from December 1, 1970 through September 30, 1974	2
Service on and after October 1, 1974	3

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)
Florida Retirement System (FRS) (Continued)

As provided in Section 121.101, Florida Statutes, FRS members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions during the 2019 fiscal year were as follows:

Class	Percent of Gross Salary ⁽²⁾	
	Employee	Employer ⁽¹⁾
FRS, Regular	3.00%	7.92%
FRS, Elected Council Officers	3.00%	45.50%
FRS, Senior Management Service	3.00%	21.71%

(1) Employer rates include 1.66% for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06% for administrative costs of the Investment Plan.

(2) Contribution rates are dependent upon retirement class in which reemployed.

The Village's contributions to the FRS amounted to \$88,252 and employees' contributions amounted to \$11,621 for the fiscal year ended September 30, 2019.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

On September 30, 2019, the Village reported a liability of \$980,181 for its proportionate share of the Plan's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The Village's proportionate share of the net pension liability was based on the Village's 2019 fiscal year contributions relative to the participating members. At June 30, 2019, the Village's proportionate share was 0.002846%. This is an increase of the 388 percentage points from its proportionate share measured at June 30, 2018.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)
Florida Retirement System (FRS) (Continued)

For the fiscal year ended September 30, 2019, the Village recognized pension expense of \$239,205 related to the Plan. In addition, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions, from the following sources:

	FRS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 58,137	\$ 608
Changes of Assumptions	251,753	-
Net difference between projected and actual earnings on FRS pension plan investments	-	54,229
Changes in proportion and differences between Village FRS contributions and proportionate share of contributions	456,194	-
Village FRS contributions subsequent to the measurement date	27,441	-
Total	<u>\$ 793,525</u>	<u>\$ 54,837</u>

The deferred outflows of resources totaling \$27,441, resulting from the Village's contributions to the FRS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ending September 30:	
2020	\$ 163,749
2021	99,156
2022	138,670
2023	122,109
2024	84,368
Thereafter	103,195
	<u>\$ 711,247</u>

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued) Florida Retirement System (FRS) (Continued)

Actuarial Assumptions

The FRS actuarial valuation was determined using the following actuarial assumptions, as of July 1, 2019, applied to all periods included in the measurement:

Inflation	2.60%
Salary Increases	3.25% average, including inflation
Investment Rate of Return	6.90%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table and varies by member category and sex, projected generationally with Scale MP-2018. The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Long-Term Expected Rate of Return – The long-term expected rate of return on the Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	FRS		Compound Annual (Geometric) Return	Standard Deviation
	Target Allocation*	Annual Arithmetic Return		
Cash	1.0%	3.3%	3.3%	1.2%
Fixed income	18.0%	4.1%	4.1%	3.5%
Global equity	54.0%	8.0%	6.8%	16.5%
Real estate (property)	10.0%	6.7%	6.1%	11.7%
Private equity	11.0%	11.2%	8.4%	25.8%
Strategic investment	6.0%	5.9%	5.7%	6.7%
	<u>100.0%</u>			
Assumed inflation-mean			2.6%	1.7%

*Note: As outlined in the Plan’s investment policy

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)
Florida Retirement System (FRS) (Continued)

Discount Rate – The discount rate used to measure the net pension liability of the Plan was 6.90%. The Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate is reviewed annually and set by mutual agreement between the Board of Trustees and its actuarial firm.

Sensitivity of the Village’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following represents the Village’s proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the Village’s proportionate share of the net pension liability would be if it calculated using a discount rate that is one percentage point lower (5.90%) or one percentage point higher (7.90%) than the current rate:

	FRS		
	1% Decrease 5.90%	Discount Rate 6.90%	1% Increase 7.90%
Village’s proportionate share of the FRS net pension liability	\$ 1,694,406	\$ 980,181	\$ 383,682

Retiree Health Insurance Subsidy Program (HIS)

Plan Description

The Retiree Health Insurance Subsidy Program (HIS) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of the State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided

For the fiscal year ended September 30, 2019, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)
Retiree Health Insurance Subsidy Program (HIS) (Continued)

Contributions

The HIS is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2019, the HIS contribution rate was 1.66%. The Village contributed 100% of its statutorily required contributions for the current fiscal year. The HIS contributions are deposited in a separate trust fund from which payments are authorized. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The Village's contributions to the HIS totaled \$6,431 for the fiscal year ended September 30, 2019.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019, the Village reported a net pension liability of \$129,589 for its proportionate share of the HIS Plan's net pension liability. The total pension liability was determined by an actuarial valuation date as of July 1, 2019. The Village's proportionate share of the net pension liability was based on the Village's 2019 fiscal year contributions relative to the 2019 fiscal year contributions of all participating members. At June 30, 2019, the Village's proportionate share was 0.001158%. This is an increase of the 391 percentage points from its proportionate share measured at June 30, 2018.

For the fiscal year ended September 30, 2019, the Village recognized pension expense of \$20,118 related to the HIS. In addition, the Village reported, deferred outflows of resources and deferred inflows of resources related to the HIS from the following sources:

	HIS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,574	\$ 159
Changes of assumptions	15,005	10,592
Net difference between projected and actual earnings on HIS pension plan investments	84	-
Changes in proportion and differences between Village HIS contributions and proportionate share of contributions	99,661	-
Village HIS contributions subsequent to the measurement date	1,917	-
Total	<u>\$ 118,241</u>	<u>\$ 10,751</u>

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 8. EMPLOYEE RETIREMENT PLANS (Continued)
Retiree Health Insurance Subsidy Program (HIS) (Continued)

The deferred outflows of resources totaling \$1,917, resulting from the Village's contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability for the fiscal year ended September 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years ending September 30:	
2020	\$ 15,811
2021	15,308
2022	14,395
2023	12,489
2024	13,437
Thereafter	34,133
Total	<u>\$ 105,573</u>

Actuarial Assumptions

The HIS plan's actuarial valuation was determined using the following actuarial assumptions as of July 1, 2019, applied to all periods included in the measurement:

Inflation	2.60%
Salary Increases	3.25%
Municipal Bond Rates - Investment Rate of Return	3.50%

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Discount Rate – The discount rate used to measure the total pension liability for the HIS Plan was 3.50%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Total	\$ 13,729,308	\$ 5,792,193	\$ 1,478,683

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 9. OTHER POST-EMPLOYMENT BENEFITS

Plan Description

The Village provides health insurance benefits to its retired employees through a single-employer plan that is administered by the Village. Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the Village and eligible dependents, may continue to participate in the Village's fully-insured benefit plan for medical and prescription drug insurance coverage. The Village subsidizes the premium rates paid by retirees by allowing them to participate in the plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The benefits provided under this defined benefit plan are provided for a retiree's lifetime (or until such time at which the retiree discontinues coverage under the Village sponsored plans, if earlier). Additionally, and as provided by a collective bargaining agreement, eligible retired sworn police officers from the Village receive a health stipend of \$350 per month until age of 65 which can be used to pay for health insurance at the Village or outside. Retirees are required to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible. The Plan may be amended or terminated by the Village if Florida law changes or if collective bargaining agreements are amended.

Funding Policy

Currently, the Village's Other Post-Employment Benefits (OPEB) are unfunded. That is, the Village Council has not established a separate trust fund or equivalent arrangement to advance-fund the obligation, presently the obligation is funded on a pay as you go basis.

For the fiscal year ended September 30, 2019, the Village provided required contributions of \$90,177 toward the annual OPEB cost, in the form of age adjusted premiums paid on behalf of retirees for the fully insured benefits and health stipend. If the Plan is amended or terminated by the Village because of Florida law changes, amendments to collective bargaining agreements, or other reasons, the Village may amend its funding system or its benefits. The funding percentage for each employee is 100% of the implied subsidy or 100% of the \$350 stipend, as applicable.

Employees Covered by benefit terms. As of October 1, 2018, employee membership data related to the OPEB Plan is as follows:

Inactive employees or beneficiaries currently receiving benefit payments	10
Active employees entitled to but not yet receiving benefit payments	49
Total	<u>59</u>

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 9. OTHER POST-EMPLOYMENT BENEFITS (Continued)

Total OPEB Liability

The Village's total OPEB liability was measured as of September 30, 2018.

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation as of September 30, 2018, using the following assumptions, applied to all prior periods included in the measurement:

Inflation rate	2.50%
Salary increases	3.83%
Discount rate	6.00%
Healthcare cost trend rates:	
Select rates	7.50% for 2018; 7.00% for 2019 and then decreasing to the ultimate trend rate of 4.50% per annum

Mortality rates were based on the RP-2000 Generational Combined Healthy Participant Mortality Table using Scale AA.

Discount rate. For OPEB plans that do not have assets, the discount rate should equal the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. Changes in assumptions and other inputs include the change in the discount rate from 3.50% as of the beginning of the measurement period to 3.83% as of September 30, 2018. There were no benefit changes during the year.

Changes in Total OPEB Liability

	Total OPEB Liability
Balance at September 30, 2018	<u>\$ 1,247,154</u>
Changes for the year:	
Service cost	60,520
Interest	44,190
Change in assumptions	(26,655)
Benefit payments	<u>(90,177)</u>
Net changes	<u>(12,122)</u>
Balance at September 30, 2019	<u><u>\$ 1,235,032</u></u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following table illustrates the impact of interest rate sensitivity on the total OPEB liability of the Village as of September 30, 2019:

	1% Decrease 2.83%	Discount Rate 3.83%	1% Increase 4.83%
Total OPEB Liability	\$ 1,318,450	\$ 1,235,032	\$ 1,158,212

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following table illustrates the impact of healthcare cost trend rate sensitivity on the total OPEB liability of the Village as of September 30, 2019:

	1% Decrease 6%	Healthcare Cost Trend Rates 7%	1% Increase 8%
Total OPEB Liability	\$ 1,164,650	\$ 1,235,032	\$ 1,314,788

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2019, the Village recognized a credit to OPEB expense of a \$12,122. At September 30, 2019, the Village reported deferred outflows of resources related to the OPEB plan totaling \$98,795, resulting from Village contributions to the Plan subsequent to the measurement date. This amount will be recognized as a reduction of the OPEB liability for the fiscal year ending September 30, 2020.

BAL HARBOUR VILLAGE, FLORIDA

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 10. COMMITMENTS AND CONTINGENCIES

Construction and Other Significant Commitments

The Village has active Construction projects as of September 30, 2019. These projects include infrastructure redevelopment and improvement, water, wastewater and drainage projects. At year end, the Village's outstanding commitments related to these projects follows:

Project	Spent to Date	Remaining Commitment
Bal Harbour Haulover Inlet Jetty	\$ 125,166	\$ 641,221
Utility Master Plan	654,848	469,742
	<u>\$ 780,014</u>	<u>\$ 1,110,963</u>

The projects listed above are being financed through the capital grant reimbursements, and from existing Village resources.

Litigation, Claims and Assessments

In the normal course of business, the Village may be involved in pending or threatened litigation, claims or assessments. The Village's administration, the Village Council and legal counsel anticipate that any claims not covered by insurance or limited by state statute would not have a material adverse effect on the financial position of the Village.

Development Agreement

In Fiscal Year 2017, the Village entered into a development agreement with Bal Harbour Shops. During Fiscal Year 2018, the Village negotiated the first amendment to the Bal Harbour Shops Development Agreement which advanced the timeline for developer proffered improvements and contributions resulting in approval for redevelopment of the entire Business District of the Village. The negotiated development agreement includes a new Village Hall constructed by the developer, conveyance of property to the Village, funding for various Village capital projects, recurring revenue streams from leased property, parking surcharges, and guarantees for ad valorem revenue in future years.

Grants

Grant monies received and disbursed by the Village for specific purposes may be subject to audit by the grantor agencies. Such audits may result in requests for reimbursements due to disallowed expenditures or other actions by grantor agencies. The Village does not believe that such disallowances or other actions taken by the grantor agencies, if any, would have a material effect on the financial position of the Village.

NOTE 11. RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, and natural disasters for which the Village carries commercial insurance. There were no reductions in insurance coverages from coverages in the prior year and there were no settlements that exceeded insurance coverages for each of the past three years.

BAL HARBOUR VILLAGE, FLORIDA

NOTE TO BUDGETARY COMPARISON SCHEDULES

NOTE 1. BUDGET AND BUDGETARY ACCOUNTING

The Village legally adopts an annual budget for each of its funds, except for the State Law Enforcement Trust Fund and the Federal Law Enforcement Trust Fund. Of the major funds presented in a budget-to-actual format, only the general and resort tax special revenue funds have adopted budgets. The budgets are prepared on a basis consistent with accounting principles generally accepted in the United States of America. The Village Manager may make transfers of appropriations within a department. Transfers of appropriations between departments and between funds require the approval of the Village Council. Therefore, the legal level of control for the general fund is at the department or activity level.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) During July, the Village Manager submits to the Village Council a proposed operating and capital budget for the fiscal year beginning the following October 1st. The budget includes proposed revenues and expenditures with an explanation regarding each expenditure that is not of a routine nature.
- b) Two public hearings are conducted to obtain taxpayer and citizen comments.
- c) Prior to September 30th, the budget is legally enacted through passage of an ordinance or resolution.
- d) At the request of the Village Manager, the Council may, by resolution, transfer any unspent appropriated balance from one activity or department to another. This typically occurs as a mid-year budget amendment or end of year budget amendment.
- e) Budgeted amounts reflected in the accompanying financial statements are as originally adopted and as amended.
- f) Appropriations lapse at year-end, except grants and capital improvements which do not lapse at year-end and are only reported to the extent of revenues recognized, and expenditures incurred for the current year.

Contributions as a Percentage of Covered Payroll	73.56%	70.18%	52.15%	70.30%	60.65%	76.23%

Notes to Schedule of Contributions

Valuation Date October 1, 2017

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method Entry Age Normal Cost Method

Amortization Method Closed, Level Percent of Pay Method

Remaining Amortization Period 20 years (as of 10/01/2017).

Asset Valuation Method Each year, the prior Actuarial Value of Assets is brought forward utilizing the historical geometric five-year average market value return (net of fees). It is possible that over time this technique will produce an insignificant bias above or below market.

Inflation 2.5% per year

Salary Increases 7.0% per year up to the assumed retirement age

Investment Rate of Return 7.50%, net of pension plan investment expense, including inflation

Fund Earnings 8.0% per year, compounded annually, net of investment related expenses

Payroll Increase 0.0% per year

Cost-of-Living Adjustment 2.5% per year

Retirement Age Earlier of age 55 and 10 years of service or age 57, regardless of service, or 20 years of service, regardless of age. Members at the assumed retirement age are assumed to continue employment for one more year.

Early Retirement None

Mortality RP 2000 Combined Healthy Participant Mortality Table (for pre-retirement mortality) and the RP-2000 Mortality Table for Annuity (for post-retirement mortality), with mortality improvements projected to all future years after 2000 using Scale BB. For males, the base mortality rates include a 50% blue collar adjustment and a 50% white collar adjustment. For females, the base mortality rates include a 100% white collar adjustment. For females, the base mortality rates include a 100% white collar adjustment. These are the same rates currently in use for Regular Class members of the Florida Retirement System (FRS), as mandated by Florida House Bill 1309.

Note: Property taxes are for a calendar year, while tax rates are for fiscal years.

Note: Total Values are compared to Assessed Values both provided by the Miami-Dade County Property Appraiser.

BAL HARBOUR VILLAGE, FLORIDA

PRINCIPAL PROPERTY ASSESSED VALUES – UNAUDITED

	Fiscal Year 2019			
	Market Assessed Value	Taxable Assessed Value	Rank	Percentage of Total Taxable Assessed Value
St. Regis Hotel and Condominiums (Seldar)	\$ 1,105,705,180	\$ 1,104,805,180	1	20.37%
Oceana	1,015,292,008	1,015,042,008	2	18.72%
One Bal Harbour /Ritz Carlton Complex	569,894,106	568,493,606	3	10.48%
The Majestic Complex	300,108,834	297,956,834	4	5.49%
Balmoral Complex	297,578,948	293,759,948	5	5.42%
Bal Harbour Shops Complex	254,771,575	254,771,575	6	4.70%
Bal Harbour Tower Complex	250,279,733	247,976,733	7	4.57%
Harbour House Complex	216,050,945	214,699,945	8	3.96%
The Palace Complex	183,622,473	182,415,973	9	3.36%
Bellini	159,695,939	158,744,939	10	2.93%
Total	\$ 4,352,999,741	\$ 4,338,666,741		80.01%

Notes:

- a. The ten properties with the highest assessed values comprise 80.01% of the total taxable value for the Village as a whole.
- b. 39.09% of the percent of total taxable value for 2019, is within 2 of the 10 highest taxable value.
- c. Properties ranked #1, #2 and #10 did not exist 10 years ago, this indicates significant assessed value growth due to oceanfront development within the Village, as these properties comprise just over half of the top 10 value for the Village.

**The total property tax collections exceed the percent of levy in 2012 as Delinquent Ad Valorem proceeds from prior years were distributed by the Tax Collector in that period. Subsequent year distribution are after completion of appeals.*

***The 'Discount' increase since 2015 reflects Value Adjustment Board clearance of appeal backlogs, resulting in a compounding affects in the subsequent year. Per State TRIM requirements, the Village must budget Ad Valorem proceeds at 95%, up to a 4.0% discount is provided for early payment in November.*

BAL HARBOUR
- VILLAGE -

REPORTING SECTION

**Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of
Financial Statements Performed In Accordance with
*Government Auditing Standards***

Independent Auditor's Report

To the Honorable Mayor and
Members of the Village Council
Bal Harbour Village, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining information of Bal Harbour Village, Florida (the Village) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated March 16, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Management Letter Required By
Chapter 10.550 of the Rules of the
Auditor General of the State of Florida**

To the Honorable Mayor and
Members of the Village Council
Bal Harbour Village, Florida

Report on the Financial Statements

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bal Harbour Village, Florida (the Village), as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated March 16, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 16, 2020 should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions taken to address findings and recommendations made in the preceding annual financial report are disclosed in Appendix A – *Status of Prior Year's Findings and Recommendations to Improve Financial Management*.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This is disclosed in Note 1 of the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Village has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Village did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Village. It is management's responsibility to monitor the Village's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Mayor, Members of the Village Council, and applicable management of the Village, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Accountant's Report

The Honorable Mayor and
Members of the Village Council
Bal Harbour Village, Florida

We have examined Bal Harbour Village, Florida's (the Village) compliance with Section 218.415, Florida Statutes, Local Government Investment Policies during the period October 1, 2018 to September 30, 2019. Management of the Village is responsible for the Village's compliance with those requirements. Our responsibility is to express an opinion on the Village's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Village complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Village complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Village's compliance with specified requirements.

In our opinion, the Village complied, in all material respects, with the aforementioned requirements for the period October 1, 2018 to September 30, 2019.

This report is intended solely for the information and use of the Florida Auditor General, the Honorable Mayor, Members of the Village Council, the Village Manager, and applicable Village management, and is not intended to be and should not be used by anyone other than these specified parties.
