CITY OF FORT LAUDERDALE

May 15, 2020

Honorable Mayor and Commissioners:

This letter transmits the Comprehensive Annual Financial Report (CAFR) for the City of Fort Lauderdale, Florida (City) for the fiscal year ended September 30, 2019. This submission meets the requirements of the City Charter Section 10.02, Section 2-147(b)(14) of the Code of Ordinances of the City of Fort Lauderdale, Section 166.241, Florida Statutes, and Rules of the Florida Auditor General Section 10.550. The financial statements included in this report conform to Generally Accepted Accounting Principles in the United States (GAAP), as prescribed by the Governmental Accounting Standards Board (GASB).

The City is responsible for the accuracy of the data and the completeness and fairness of the presentation including all disclosures. Management has established internal controls to ensure that the City fulfills its fiduciary responsibility as custodian of public monies. The purpose of internal controls is to provide reasonable, but not absolute, assurance that City assets are safeguarded against loss through unauthorized use or disposition. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

The financial statements have been audited by Crowe LLP, Certified Public Accountants. The independent auditor has issued an unmodified opinion that the basic financial statements included in this report fairly present the financial position of the City and changes thereof and comply with all reporting standards noted above.

Management's Discussion and Analysis (MD&A) provides a narrative introduction, overview and analysis of the basic financial statements. It complements this Letter of Transmittal and should be read in conjunction with it.

Other financial information, including the budget and other schedules, are also provided to supplement required financial data. The Statistical Section includes schedules that provide historic, social, economic, and financial trend data that offers an overview of the City's fiscal position.

Profile of the Government

The City was founded in 1911. It operates under the commission/manager form of government where the Mayor, elected at large, and four Commissioners, elected by geographic single-member districts, determine the policies that guide the operation of the City. The City Commission hires a City Manager, who implements City policies and administers those policies on a full-time basis. The City Commission also appoints a City Attorney who is responsible for legal affairs, a City Clerk who is the official custodian of all public records and a City Auditor responsible for review of business practices, procedures, internal controls, and procurement practices.

Fort Lauderdale is a full-service city that provides police protection, fire-rescue services, parks and recreation programs, delivers potable drinking water to a customer base both within and outside the City limits along with wastewater collection and treatment, sanitation services, development regulation, parking, and street maintenance. The City is known for its beaches and waterways including Fort Lauderdale beach, the New River, the Middle River, and numerous canals. The City also owns and operates a sports complex, a general aviation airport, a downtown heliport, an aquatic complex and an auditorium.

This financial report includes all funds and component units of the City. The Sunrise Key Safe Neighborhood Improvement District (Sunrise Key) is included as a component unit along with the Fort Lauderdale Community Redevelopment Agency (CRA). These organizations have been included as component units, since the City is financially accountable for and has ultimate decision-making authority. The transactions and balances of the CRA are blended with those of the City (primary government), while the Sunrise Key financial information is discretely presented in the government-wide financial statements.

The City of Fort Lauderdale Downtown Development Authority (DDA), the Housing Authority of the City of Fort Lauderdale (HACFL), and the Lauderdale Isles Water Control District (LIWCD) are related organizations, but separate and distinct. They are not included in this financial report since they do not meet the established criteria for reporting herein. Along with the Performing Arts Center Authority and the DDA, the City is a participant in a joint venture in the Arts and Science District Parking Garage with each party maintaining an ongoing financial interest.

The City of Fort Lauderdale is required to adopt an annual budget in accordance with the City Charter and state statutes. The City Manager is charged with preparing a proposed budget for submission in July of each year for the fiscal year that begins the following October 1. Appropriations by department within funds and tax levies are adopted in September. The budget also authorizes the number of full-time equivalent positions available to City departments to deliver services. The budget may be amended by resolution if altering the total budget of a particular fund, by City Commission motion if changing a department total within a fund, or administratively if the change is within the same department and fund. Various thresholds of review and approval have been established for purchases and hiring throughout the fiscal year.

The City has two defined-benefit pension plans: 1) the General Employees Retirement System and 2) the Police and Fire Retirement System. A board of trustees administers each plan. The boards are composed of members elected by active employees and appointees of the Mayor. The Boards have responsibility for investment of the pension assets and determination of benefits as employees retire or seek other benefits under the plans. At September 30, 2019, the plans had total assets of \$1.629 billion. The General Employees Retirement System was closed to new participants beginning October 1, 2007 and replaced with a new defined contribution plan.

The City of Fort Lauderdale Other Post-Employment Benefits (OPEB) Trust fund was created in fiscal year 2014. The goal of the OPEB Trust is to capture long-term investment returns and make progress towards reducing the net OPEB liability under GASB 75. The City Commissioners serve as the Board of Trustees of the OPEB Trust and delegate the administration of the Trust to the City's Finance Director as the Trust Administrator. At September 30, 2019, the Trust had total assets of \$33.9 million.

In addition, the City created a Post-Retirement Pay Steps Plan for the Police and Firefighters' Retirement System member retirees. The plan provides for five post-retirement pay steps payable annually and each step shall take effect on the third year until five steps have been achieved. This plan is contained within the OPEB Trust, as a separate plan. At September 30, 2019, the plan had total assets of \$1.5 million.

Economic Condition

The City of Fort Lauderdale's taxable assessed value for tax year 2019 increased by 8.42% from 2018. New construction, which represents improvements to real property that were not on the tax roll in the prior year, added \$1.1 billion to the tax roll. This is the seventh year in a row that the assessed valuations have shown steady growth. The following table shows new construction and total taxable assessed value for the last five calendar years.

Taxable Values – 5 Year Comparison

Calendar Tax Year	Net New Construction	Final Gross Taxable Value	Increase/Decrease from Prior Year	Operating Millage Rate
2019-Certified	\$1,139,083,000	\$ 39,146,442,006	8.42%	4.1193
2018-Final	824,076,040	36,105,845,628	7.73%	4.1193
2017-Final	340,929,480	33,814,082,037	8.74%	4.1193
2016-Final	455,847,640	31,095,357,422	9.08%	4.1193
2015-Final	329,982,320	28,506,933,365	9.65%	4.1193

Economic indicators point to a healthy economy. According to the Bureau of Labor Statistics, Broward County's civilian labor force was 1,060,561 as of September 2019, amounting to a slight increase from the prior year of 1,043,978. The unemployment rate declined to 2.8% as compared to 3.1% in the prior year. More than 14 million visitors selected the Greater Fort Lauderdale area as their destination of choice and spent in excess of \$14.2 billion on tourism in 2018. In addition, tax revenue from area hotels generated \$86.9 million.

Long-term Financial Planning

Financial planning stimulates discussion about the long-term impact of decisions made today and how the City can position itself strategically to deliver a stable level of essential services to our neighbors into the future. The City's ability to generate sufficient revenue to provide core municipal services, make appropriate investment in economic and community development, and build "rainy day" reserves requires deliberate examination. During FY 2019, the City completed a ten year financial sustainability analysis for the General Fund and other proprietary funds within the City. This financial forecast model populated data from every facet of the organization to create an informed, interactive, financial forecast model to prepare long-term financial plans and ensure structural balance in our budget. Fort Lauderdale continues to be proactive in our actions to ensure long-term financial sustainability, as well as, investment in our capital infrastructure to protect and preserve Fort Lauderdale's outstanding quality of life.

FY 2019 is the twelfth consecutive year that the City Commission maintained an operating millage rate of 4.1193. The chart below represents the adopted operating and debt service millage rates for the last ten years.

Millage Rate History

Over 65.3% of the General Fund budget for operating expenditures is dedicated to public safety through police, fire rescue, and code enforcement. Another 11.8% is allocated to cultural and recreational quality of life programs.

Financial Policies

The City Commission adopted financial integrity principles to set forth the basic framework for the overall fiscal management of the City. It contained four high-level principles to govern the City's financial management:

- **Sound Budgeting Practices** - The City of Fort Lauderdale shall be committed to maintaining a structurally balanced budget to support high quality service to our neighbors, while maintaining a relatively low millage rate and reserves consistent with the needs of the City.
- **Prudent Fiscal Management** - The City of Fort Lauderdale shall be committed to best practices in revenue collection, expenditure disbursements, asset maintenance, and record keeping for ensuring the optimal performance and integrity of public funds and resources.
- **Cost Effective Operations** - The City of Fort Lauderdale shall be accountable to stakeholders through transparent and fiscally responsible decisions in order to deliver high quality services in the most efficient and effective manner possible.
- **Long-term Financial Planning** - The City of Fort Lauderdale shall be dedicated to investing in the future and enhancing the quality of life through public-private partnerships, cooperative decision-making, community engagement and smart strategic investments, while using debt in a responsible manner and striving for the highest level of government bond ratings available.

The City continues to exceed its policy to maintain the unrestricted fund balance for the General Fund equivalent to two (2) months of operating expenditures and required transfers. During FY 2019 the General Fund unrestricted balance increased from \$78.4 million to \$84.7 million. At 25.4%, this amount exceeds the minimum unrestricted requirement for the General Fund by \$29.1 million. The chart below presents an eight-year history of General Fund balances.

The City maintains an investment policy that strives to protect capital above all else while seeking investment earnings and providing for daily cash needs. The City's portfolio at September 30, 2019 was \$733.2 million, excluding investments of the permanent and fiduciary funds. The City's master and payroll accounts are swept regularly to maximize interest earnings.

The City of Fort Lauderdale has a combination of insurance policies and self-insured programs to mitigate the City's risk as a municipality. The City is self-insured for automobile, general liability, police professional liability, workers' compensation and employment practices claims and certain medical benefits. Insurance policies have been purchased to cover damage to City property, including windstorm and terrorism coverage, losses due to fraud or criminal actions of City officials, major employment practices liability, workers' compensation, medical claims, and cyber liability insurance. Independent actuaries assist in assessing the City's liabilities and establishing appropriate claim reserves.

Major Initiatives of FY 2019

The FY 2019 Adopted Budget served as a financial plan that advanced the organizational mission of providing optimum government services to our neighbors while investing in social capital to enhance the overall health of the City of Fort Lauderdale.

The Commission Annual Action Plan for FY 2019 included significant focus on Homelessness Response and Action Plan, Stormwater Management Master Plan: Implementation, Affordable Housing: Incentives, Critical City Infrastructure: Utilities, Sidewalk Policy: Review, Waterway Quality & Algae Bloom Improvements. In addition, the following were key priorities for Fiscal Year 2019:

- Stormwater Infrastructure Improvements (Subject to bond Financing)
- Central Region Wastewater System Projects
- Aviation Equipment & Service Facility Expansion, and runway improvements at Fort Lauderdale Executive Airport
- Stormwater Improvements
- Corridor Improvements along State Road A1A
- Mills Pond Park Artificial Turf Field
- Citywide Facilities Repairs
- Las Olas Boulevard Corridor Improvements
- Road Maintenance and Resurfacing
- Aquatics Complex Renovations
- Park Renovations and Improvements
- Priority Sidewalk and paver replacement projects
- Sustainable Development Renovations and Improvements
- Florence Hardy Park Improvements
- Priority Bridge Restoration Projects
- Mills Pond Park "green" Improvements
- Police Patrol Vessels
- Complete Streets and Walkability Improvements
- Land Asset Management System Project
- Parker Playhouse Renovation
- Additional Fire Alerting System Replacement
- Citywide playground replacements
- Additional Funding for Breakers Ave and Birch Road Impr
- Jimmy Everet Tennis Center Restroom Renovations
- Mills Pond Basketball Courts
- Citywide Camera

Fiscal year 2019 enhancements to the City included strategic new positions, infrastructure investment, and enhanced programming aligned with the priorities enumerated in the City's Vision, Strategic Plan, Neighbor Survey, and Commission Annual Action Plan. For example, funding enhancements to the budget include two positions for a new food recovery program; a new Chief Education Officer position; equipment replacement and upgrades for the Fire-Rescue Department; enhanced median maintenance to beautify our City; a new position and three additional vehicles to enhance the Parks and Recreation Department's facilities maintenance program; a new position and resources to enhance economic development; and transportation technology solutions including Bluetooth sensors.

Major Initiatives of FY 2020

The FY 2020 adopted operating budget and community investment plan includes over \$44.9 million in funding enhancements and new or reprioritized projects, including 45 new positions that are presented by Cylinder of Excellence. Each project and funding enhancement recommendation was made in an effort to enhance the City's capacity to meet the needs of the Community.

The Community Investment Plan (CIP) is born out of our commitment to adapt to the future. The City will continue to address a wide variety of infrastructure-related projects and funding issues to protect our valued quality of life. The CIP acts as a roadmap, demonstrating how we plan to reach our potential, support our aging infrastructure, and plan our investment strategies to adequately strengthen our community.

The Community Investment Plan addresses the identified priorities through specific projects funded in FY 2020 such as:

Stormwater Infrastructure Improvements (Subject to bond Financing)	\$ 200,000,000
A1A Streetscape improvements	\$ 7,500,000
Breakers-Birch Streetscape Project	\$ 5,100,000
Priority Sidewalk and paver replacement projects	\$ 1,000,000
Las Olas Corridor Mobility Improvements	\$ 825,000
Neighborhood and Business Community Investment Plan Maintenance Program	\$ 796,340
Joint Government Complex	\$ 500,000

Accreditations and Certifications

The City of Fort Lauderdale has earned the prestigious All-America City Award for its exemplary community-based problem solving and civic engagement efforts!

The City of Fort Lauderdale's Quality Management System is certified under the ISO 9001:2015 standard.

The City of Fort Lauderdale Parks and Recreation Department has earned national accreditation from the Commission for Accreditation of Park and Recreation Agencies (CAPRA). The City of Fort Lauderdale Parks and Recreation Department is only one of a few agencies in the country to receive national accreditation, which confirms an agency's commitment to quality and efficiency.

In May 1996, the Commission for Florida Law Enforcement Accreditation, Inc. (CFA) selected the Fort Lauderdale Police Department as one of ten pilot agencies in the State of Florida to undergo the accreditation process. The Fort Lauderdale Police Department was reaccredited most recently in 2019 and holds the Excelsior Recognition.

Public Works Water and Wastewater Treatment Division provides our neighbors with safe and efficient water treatment, water production, and wastewater treatment and disposal. Additionally, the City's laboratory, which is accredited (ISO 17025) and certified (National Environmental Laboratory Accreditation Certification), provides sampling and testing services to the City 365 days a year.

Fort Lauderdale has achieved the Gold certification from the Florida Green Building Coalition. Certification standards exist for homes, commercial buildings, high-rise projects and land development, as well as for local governments. Projects earn points for meeting each standard and can earn additional points for innovation. Based on the number of points earned, a level of certification is awarded.

Fort Lauderdale Fire Rescue maintained their accredited status through the Center for Public Safety Excellence "CPSE" acknowledging our commitment to provide our citizens with the best possible service available.

Fort Lauderdale Fire Rescue is rated a "Class 1" department by the Insurance Services Office "ISO". This certification notifies insurance companies of the exceptional level of service we provide our residents.

Fort Lauderdale Fire Rescue earned accreditation from the "Commission on Accreditation of Ambulance Services" acknowledging our outstanding emergency medical care.

Fort Lauderdale's Emergency Management Office is accredited status through the Emergency Management Accreditation Program, or EMAP.

The City of Fort Lauderdale has received national recognition as a Playful City USA community from the non-profit organization KaBOOM! Today's children spend less time playing outside than any previous generation, but the City of Fort Lauderdale has earned the national title due to its efforts to increase play opportunities for local children.

Recognition and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2018. This was the 42nd consecutive year that the City has received this award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current report continues to meet the program's requirements and we are submitting it to the GFOA to determine its eligibility for another award. Additionally, the City has received the GFOA Distinguished Budget Presentation Award each fiscal year since 1985 and for the sixth year the City received the Award for Outstanding Achievement in Popular Annual Financial Reporting (PAFR).

This report could not have been prepared without the dedicated service of all employees in the Finance Department and the support of the other City departments. Sincere appreciation is expressed to all for their efforts.

CITY OF FORT LAUDERDALE ORGANIZATIONAL CHART

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor,
City Commission and City Manager
City of Fort Lauderdale, Florida
Fort Lauderdale, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Lauderdale, Florida (the "City"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of Fort Lauderdale Police and Fire Retirement System (the "System"), which represents 43 percent, 46 percent, and 21 percent, respectively, of the assets, net position, and revenues of the aggregate remaining fund information of the City. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the System, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 21 to the financial statements, the City implemented the following Governmental Accounting Standards Board (GASB) Statements:

GASB Statement No. 83, *Certain Asset Retirement Obligations*. This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for asset retirement obligations that were not previously addressed in GASB standards.

GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings, and Direct Placements*. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

GASB Statement No. 89, *Accounting for Interest Costs Incurred before the End of a Construction Period*. This Statement (1) enhances relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. As per these requirements, in financial statements prepared using the economic resources, interest cost incurred before the end of a construction period should be recognized as an expense in the period in which the cost is incurred.

Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, the budgetary comparison schedule, schedules of changes in the net pension liability and related ratios, schedule of changes in the net OPEB liability and related ratios, schedules of contributions, and schedules of investment returns on pages 5 to 17, 100 to 102, and 104 to 117, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining financial statements; the schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Chapter 10.550, *Rules of the Auditor General*; the introductory and statistical sections and the other financial information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining financial statements and the schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Chapter 10.550, *Rules of the Auditor General*, are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements and the schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Chapter 10.550, *Rules of the Auditor General* are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections and the other financial information have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated May 15, 2020 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

The Management's Discussion and Analysis section is intended to provide readers of this report with a general overview of the financial activities of the City of Fort Lauderdale (City) during fiscal year (FY) 2019. We encourage readers to consider the information presented here in conjunction with the transmittal letter at the beginning of this report, as well as the financial statements and notes to financial statements, which follow.

Financial Highlights

- The City's total assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at September 30, 2019 by \$1,056.1 million (net position). Of this amount, \$275.8 million was from governmental activities and \$781.3 million was from business-type activities.
- The City's revenues for governmental activities, excluding transfers and conveyance of property, totaled \$436.2 million, a 3.3% or \$13.9 million increase from FY2018. Charges for services decreased by \$7.5 million and property taxes increased by \$10.4 million. Expenses for governmental activities increased by \$68.2 million or 18.2% to \$442.5 million. Public safety increased by \$73.8 million, while economic environment decreased by \$11.0 million. More information can be found on pages 13 and 14.
- Revenues related to business-type activities increased by \$36.7 million to \$251.5 million and expenses, excluding transfers, increased by \$15.7 million to \$212.0 million.
- The General Fund's fund balance increased by \$6.3 million to \$84.7 million. Unassigned fund balance increased from \$75.0 million in FY2018 to \$80.8 million in FY2019. More detailed information on the General Fund activities can be found on page 17.
- The City's long-term debt decreased by \$31.3 million net of retirements, unamortized premiums and discounts to \$813.9 million; this primarily resulted from the reduction of current debt of \$38.3 million through annual debt payments and an increase of \$7.0 million from the Parking System line of credit.

Overview of Financial Statements

The basic financial statements are comprised of government-wide statements that offer a broad overview of financial activity, and more specific fund statements that present more detailed information.

Government-wide Statements (pages 20 through 23) include the statement of net position and statement of activities. They provide a broad overview of the City as a whole similar to private sector financial statements. The *statement of net position* shows the total assets and deferred outflows and liabilities and deferred inflows for the City with the difference being net position. The *statement of activities* provides a breakdown of revenues and expenses by function. Functions generally supported by taxes and intergovernmental revenues such as police, fire-rescue, parks and recreation, and public works are considered governmental activities. Those functions that are primarily funded through user fees and charges are identified as business-type activities. In Fort Lauderdale, these activities include water and sewer, sanitation, cemetery, stormwater, the parking system, and the Fort Lauderdale Executive Airport (FXE).

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

The government-wide statements include two component units. The financial information of the City's Community Redevelopment Agency (CRA) is blended within the primary government. The Sunrise Key Safe Neighborhood District (SK) is discretely presented on the *statement of activities* and *statement of net position*. Refer to the Summary of Significant Accounting Policies for additional information on individual component units on page 37. Fiduciary funds, which include pension and agency funds are not included as part of the primary government because those resources are not available for use on City activities. Details of the fiduciary funds are provided in the fund statements.

Fund Financial Statements are found on pages 24 through 35. The City uses fund accounting to track the sources and uses of resources for specific purposes. The City categorizes funds into three basic fund types: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds (beginning on page 24) are used to account for essentially the same functions reported as governmental activities in the government-wide statements. However, unlike the previous statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Since the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This comparison highlights the long-term impact of the City's near term financial decisions. Both the *governmental fund balance sheet* and the *governmental fund statement of revenues, expenditures, and changes in fund balances* offer a reconciliation to assist with this comparison.

The City maintains 21 individual governmental funds. Of this number, only the General Fund is considered a major fund and thus is reflected separately in the fund financial statements. All the other governmental funds are combined for presentation purposes as nonmajor funds.

Proprietary Funds (beginning on page 28) are comprised of two different categories. Enterprise funds include business-type activities such as water and sewer, sanitation, cemetery, stormwater, the parking system, and the executive airport. Internal service funds include vehicle rental, central services (information technology, telecommunications, and printing services), and insurance services. The latter functions provide support to internal City departments rather than services to the public. Enterprise funds are also reported as either major or nonmajor funds depending upon the significance of their financial activity.

Fiduciary Funds (beginning on page 34), which are not included in the government-wide statements are presented in this section and include the General Employees' Retirement System, the Police and Firefighters' Retirement System, the Post-Retirement Pay Steps Plan and the Other Post-Employment Benefits Fund as well as the financial activity of the Arts and Science District Garage.

Notes to Financial Statements (beginning on page 37) are integral to a complete understanding of both the government-wide and fund financial statements. They provide additional explanation of the amounts shown in the various statements.

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

Other Information

This report also includes required supplementary information related to employee pension liability, other post-employment benefits, and the budgetary comparison schedules for major governmental funds. The combining statements and other financial information, in connection with nonmajor governmental and enterprise funds, internal service funds, fiduciary funds and nonmajor component units are presented following the required supplementary information.

Additional statistical information is presented to give report users a better historical perspective and assist in assessing current financial status and trends of the governmental unit. Economic data is presented to allow a broader understanding of the economic and social environment in which the City government operates.

Government-wide Financial Analysis

The table below summarizes the City's net position as of September 30, 2019 and 2018.

City of Fort Lauderdale									
Net Position

The City's investment in capital assets (land, buildings, improvements, infrastructure and equipment) net of the related debt outstanding used to acquire those assets of \$922.2 million represents 87.3% of its net position. These capital assets are used to provide services to City of Fort Lauderdale neighbors and are not available for future spending. The resources needed to repay the debt incurred to acquire these assets will come from future revenues.

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) September 30, 2019

An additional portion of net position (21.1%) represents resources subject to external restrictions (\$223.0 million). The unrestricted balance decreased by \$34.5 million compared to the end of FY2018 and the reasons for the overall decrease are discussed in the sections for governmental activities and business-type activities.

At the end of the current fiscal year, the City is able to report positive balances in the investment in capital assets and restricted categories of net position, both for the government as a whole, as well as for the governmental activities. The business-type activities reports positive balances in all reported categories of net position. The same situation held true for the prior fiscal year.

In FY2019, the total net position increased by \$31.3 million. The following table summarizes changes in net position for governmental and business-type activities for the past two fiscal years.

	Governmental Activities		Business-type Activities		Total		Increase/ (Decrease)

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

The governmental activities net position showed a decrease of \$14.0 million. Total revenues from governmental activities increased by \$13.9 million compared to FY2018. Although the property tax levy millage rate remained constant for the twelfth consecutive year, there was a \$10.4 million increase in property tax revenues resulting from an increase in property values. In FY2019, other revenues increased by \$19.4 million, this amount includes a \$11.1 million increase in interest revenue due to positive returns on City investments and a refund of \$5.1 million from the cancellation of the WAVE Streetcar project. Other taxes increased by \$2.2 million and capital grants and contributions increased by \$356,821, while charges for services and operating grants and contributions decreased by \$7.5 million and \$10.9 million, respectively.

As the following chart of revenues from governmental activities (by source) shows, property and other taxes provided 50.0% of the revenues used to fund governmental functions. Charges for services, such as parks and recreation programs and fire suppression special assessment comprised 32.9% of total revenues.

Expenses for governmental activities increased by 18.0% or \$68.2 million. Public safety increased by \$73.8 million and culture and recreation increased by \$5.6 million. Economic environment and general government decreased by \$10.9 million and \$2.1 million, respectively. Public safety increases were primarily due to an increase in personnel costs of \$48.4 million which includes 31.2 new part time positions, salary increases and the creation of the Post-Retirement Pay Steps Plan Trust. Services and materials increased by \$29.9 million. Additional information on the Post-Retirement Pay Steps Plan Trust can be found on Note 15.

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

Expenses for governmental activities (by function) are provided in the following chart. Public safety, comprised of police, fire-rescue, and code enforcement services, had the highest allocation, accounting for 64.3% of all resources. General government, culture/recreation, and economic environment expenses accounted for 12.9%, 10.4%, and 6.4%, respectively.

The following table and chart show the components of program and general revenues as percentage of total for governmental activities:

Expenses and Program Revenues – Governmental Activities

Functions/Programs	Expenses	% of Total	Program Revenues	% of Total	Net (Expense) Revenue
General Government	\$ 57,207,014	12.9%	\$ 43,382,277	25.5%	\$ (13,824,737)
Public Safety	284,744,147	64.3%	90,270,208	53.0%	(194,473,939)
Physical Environment	9,179,729	2.1%	2,026,224	1.2%	(7,153,505)
Transportation	5,762,848	1.3%	(2,161,445)	-1.3%	(7,924,293)

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

For the business-type activities, net position showed an increase of \$45.3 million. Total revenues for these activities increased by \$36.7 million or 17.1%. In FY2019, overall charges for services increased by \$21.9 million, of which water and sewer increased by \$14.7 million and cemetery increased by \$3.6 million.

The total expenses for business-type activities increased by \$15.7 million or 8.0%. Physical environment expenses increased by \$13.2 million or 7.9% and transportation expenses increased by \$2.5 million or 8.7%.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

Financial Analysis of the Government's Funds

The fund financial statements for *governmental funds* provide information on the near-term outflows, inflows, and balances of spendable resources. Such information is useful in assessing the City of Fort Lauderdale's financing requirements. In particular, the unassigned fund balance is a useful indicator of the City's net resources available for spending at the end of the fiscal year.

The General Fund balance at September 30, 2019 was \$84.7 million, an increase of 8.0% or \$6.3 million from the prior year balance of \$78.4 million. Approximately 95.4% of FY2019 fund balance or \$80.8 million represents the unassigned fund balance, which is available for spending at the government's discretion.

General Fund revenues for FY2019 totaled \$362.4 million, a \$13.1 million or 3.7% increase from FY2018. Tax revenues increased by \$12.6 million in FY2019, of which property taxes levied for operations increased \$10.3 million and other taxes increased by \$2.2 million

Total General Fund expenditures increased by \$20.7 million from \$294.7 million in FY2018 to \$315.4 million in FY2019. This is mainly attributed to an increase in personnel costs of \$15.9 million, which includes contractual wage and benefits increases, 9.8 additional budgeted positions and the implementation of a City-wide classification and compensation plan which resulted in changes to titles, job descriptions and pay ranges. Services and materials costs increased by \$3.5 million which includes the Post-retirement Pay Steps Plan contribution of \$1.5 million, increases to social contributions of \$1.2 million, and increases in fleet service charges of \$0.84 million. Capital outlay also increased by \$1.4 million.

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

The governmental funds ended the year with \$298.5 million in fund balance, which is a 1.2% decrease from FY2018. The combined fund balances of the nonmajor governmental funds decreased by \$10.0 million or 4.4% to \$213.8 million. The Building Fund increased by \$4.0 million mostly due to a relative steady activity in licenses and permits. General Capital Projects Fund balance decreased by \$7.6 million due to transfers to fund capital improvement projects. The Community Redevelopment Agency Capital Projects funds decreased by \$7.4 million, due to the completion of redevelopment and improvement projects. The Perpetual Care Fund of the Cemetery System decreased by \$257,557; mostly attributable to investment loss.

The City's *proprietary funds* are presented in more detail in the proprietary fund statements but represent the same activities reflected in the business-type activities. Proprietary funds include both the enterprise and internal service funds. The total enterprise funds net position increased by \$49.4 million to \$775.2 million in FY2019. Total enterprise funds operating income increased by \$15.5 million from \$18.3 million in FY2018, to \$33.7 million in FY2019, an 84.7% increase. The Water and Sewer Fund net position increased by \$33.1 million to \$576.9 million. Water and Sewer fund operating income was \$37.6 million in FY2019, an increase of \$16.6 million compared to FY2018.

The Stormwater fund had a net operating income of \$5.6 million, an increase of \$385,184 from FY2018. The Cemetery fund reported a net operating income of \$54,185 in its first year. The Sanitation, Airport, and Parking funds had net operating losses of \$6.8 million, \$1.9 million and \$918,141, respectively. The Sanitation fund operating loss is primarily due to the reallocation of private collectors' fees to the General Fund, of which General Fund transferred \$6.1 million back to the fund.

At September 30, 2019, the Insurance Fund reported a decrease in net position of \$16.5 million, from FY2018 of \$1.4 million. The Insurance fund had net operating loss of \$18.1 million due to an \$18.0 million liability related to a class action lawsuit. Additional information can be found in Note 19. In FY2019, the Central Services fund's net position balance of \$10.8 million represents a decrease of \$149,329 or 1.4% from \$10.9 million in FY2018. The Central Services fund had net operating income of \$814,849. The Vehicle Rental net position increased by \$3.5 million to \$33.0 million in FY2019.

General Fund Budgetary Highlights

The City's Revenue Estimating Committee helps to ensure that the General Fund revenues are estimated each year using a comprehensive process involving multiple stakeholders, to yield the most reasonable and accurate revenue estimates. It includes an in depth review of past, current, and projected financial conditions. The forecast is an integral part of the annual budget process and allows for informed decision-making, with the goal of maintaining financial integrity while delivering essential quality community services to the City's neighbors. Actual General Fund revenues for FY2019 were higher than the final FY2019 budget by approximately \$2.4 million. The majority of FY2019 positive variances or underestimations were accounted for in taxes, licenses and permits, intergovernmental revenues, charges for services, and miscellaneous revenues in the amount of \$2.4 million. An overestimation of fines and forfeitures resulted in a \$19,313 negative variance.

Total expenditures of \$318.1 million (including encumbrances of \$2.7 million) were \$9.5 million lower than the final FY2019 budget. This positive variance is mainly attributed to services and materials costs that were \$6.1 million lower than budgeted. Salary and employee benefits savings amounted to \$3.4 million, resulting from vacancies in multiple departments. Other financing uses of \$40.7 million were \$17,117 lower than the final FY2019 budget.

City of Fort Lauderdale FY2019 General Fund Budgetary Comparison (in millions of \$)

Capital Assets

The City's investment in capital assets, net of accumulated depreciation, for governmental and business-type activities is shown in the following table. Capital asset balances for governmental activities increased by \$30.2 million in FY2019.

Capital asset balances of the business-type activities increased by \$22.4 million. Additional information about the City's capital assets can be found in Note 8 to these financial statements.

City of Fort Lauderdale Capital Assets (in thousands of \$)

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

Debt Administration

At the end of the current fiscal year, the City of Fort Lauderdale had a total bonded debt outstanding of \$752.5 million, which comprises general obligation bonds, special obligation bonds, and water and sewer revenue bonds. Of this amount, \$29.2 million is backed by the full faith and credit of the government and \$226.9 million is pension related debt for which the City has pledged non-ad valorem revenues. The remainder of the City's long term obligations is comprised of notes and loans secured by the water and sewer net operating revenues, a tax increment note issued by the Community Redevelopment Agency (CRA) and capital lease obligations.

The City's total debt decreased by \$31.3 million, or 3.7%, during the current fiscal year. Principal retirements for governmental activities and business type activities totaled \$22.8 million and \$15.5 million, respectively. Additionally, the City drew \$7.0 million from the Parking System Line of Credit. More information about the City's long-term debt can be found in Note 11 to these financial statements.

Economic Factors and Next Year's Budget and Rates

The State of Florida, by its Constitution, does not have a state personal income tax and therefore operates primarily using sales, gasoline and corporate income taxes. Local governments (cities, counties and school boards) rely on property and a limited array of permitted other taxes (sales, gasoline, and utilities) and fees (franchise, business tax receipts) for their governmental activities. For the business-type and certain governmental activities (construction services and recreational programs), the user pays a related fee or charge associated with the service.

The FY2020 total adopted operating budget for all funds is \$832.7 million including balances and transfers. This is approximately \$47.6 million more than the FY2019 adopted budget of \$785.0 million or a 6.1% increase. The FY2020 adopted General Fund operating budget, including balances and transfers, is \$373.8 million. The General Fund budget represents a \$15.0 million or 4.2% increase from the FY2019 adopted budget of \$358.8 million. The FY2020 General Fund adopted budget is structurally balanced, does not include the use of fund balance, and maximizes all resources necessary to build, enhance, and sustain the future of our great City. In FY2019, the operating millage rate of 4.1193 remains unchanged for the twelfth consecutive year and equates to an 7.7% increase in revenues as a result of an increase in property values.

CITY OF FORT LAUDERDALE, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
September 30, 2019

The adopted FY2020 General Fund budget addresses key priorities established by the City Commission to meet the challenges of current economic conditions including no increase in the millage rate, increased demands being placed on City staff and the high quality services desired by our neighbors, maintaining adequate reserve funds, and no reductions in vital City services demonstrating the City's highest priorities to ensure that we live, work, and play in the best city possible, while remaining within our fiscal boundaries. *"We Build Community."*

In December 2019 a respiratory disease caused by a novel strain of coronavirus was detected in China. The disease has since spread to other countries, including the United States of America, producing sickness and deaths in the places where it has spread. The disease was declared a Public Health Emergency of International Concern on January 30, 2020 and named "COVID-19" on February 11, 2020, each by the World Health Organization. Currently, no proven cure or effective treatment exists for COVID-19 and no vaccine to limit contraction of the disease is available. City staff is constantly evaluating the impact of this unprecedented situation on the City's financial position and has put the following measures in place to mitigate the revenue shortfall in FY2020: a hiring slowdown for non-public safety vacancies, savings in operating expenditures, and reductions/deferments to the Community Investment Plan. While the magnitude and duration of this pandemic remain unclear, through strategic financial planning and proactive measures, the City is managing the impacts of this emergency. The City will continue to monitor and assess revenue and expenditure trends to ensure the level of available funds is commensurate with the level of risk associated with our revenue and expenditure variability. Please see page 98 for more information on COVID-19.

Requests for Information

This financial report is designed to provide a general overview of the City of Fort Lauderdale's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, City of Fort Lauderdale, 100 North Andrews Avenue, Fort Lauderdale, Florida 33301, or they may be contacted at finance@fortlauderdale.gov or (954) 828-5144.

BASIC FINANCIAL STATEMENTS

**RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
September 30, 2019**

Total fund balances of governmental funds	\$ 298,549,334
<p>Amounts reported for governmental activities in the statement of net position are different because:</p>	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	343,902,765
Other long-term assets are not available to pay for current period expenditures and, therefore are deferred in the funds.	11,147,331
The internal service fund is used by management to charge the costs of City insurance, communications, printing and central services and for the operation of a maintenance facility for City vehicles. The net position of the internal service funds are included in governmental activities in the statement of net position.	22,547,229
Deferred outflows of resources related to pension earnings are not recognized in the governmental funds and are recorded in the statement of net position.	29,223,250
Deferred outflows of resources related to OPEB earnings are not recognized in the governmental funds and are recorded in the statement of net position.	14,428,431
Deferred inflows of resources related to pension earnings are not recognized in the governmental funds and are recorded in the statement of net position.	(4,580,492)
Grant receivables will be collected next year, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the funds.	
Deferred loss on refunding amounts are expended in the fund level financial but are deferred and amortized over the life of the bonds in the government-wide financial statements.	60,260
Long-term liabilities are not due and payable in the current period and accordingly are not reported as fund liabilities.	
Bonds Payable	\$ (256,145,000)
Notes Payable	(13,654,600)
Capital Lease Payable	(613,733)
Net Pension Liabilities	(110,044,020)

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For The Year Ended September 30, 2019**

Net change in fund balances of governmental funds **\$ (3,670,421)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets are depreciated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital purchases exceed depreciation in the current year.

Capital Outlay	\$ 35,323,291	
Depreciation Expense	(15,096,013)	20,227,278

Some revenues reported in the statement of activities are not considered current financial resources and, therefore, are not reported as revenues in governmental funds. **(5,364,536)**

The change in the deferred refunding amounts has no effect on the current financial resource and, therefore, is not reported in the governmental funds. **5,895**

The issuance of long-term debt (e.g., bonds, capital leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts (except for issuance costs) are capitalized and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal Repayments:		
Bonds Payable	\$ 17,735,000	
Notes Payable	3,660,800	
Capital Lease Debt	46,458	21,442,258

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest Payable	\$ 141,442	
Amortization of Bond Discounts and Premiums	113,565	
Change in pension expense	(38,967,907)	
Other Post-Employment Benefits	3,119,341	
Compensated Absences Payable and Longevity Pay	(2,061,480)	(37,655,039)

The internal service fund is used by management to charge the costs of City insurance, communications, printing and central services and for the operation of a maintenance facility for City vehicles. The net revenue (expense) of certain activities of the internal service funds is reported with governmental activities. **(9,028,469)**

Change in net position of governmental activities **\$ (14,043,034)**

The notes to the financial statements are an integral part of the financial statements.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Fort Lauderdale, Florida (City) have been prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America applicable to governmental units. The following is a summary of the more significant accounting policies of the City:

(A) The Financial Reporting Entity

The City was incorporated in the State of Florida in 1911 and covers an area of approximately 36 square miles. The City is governed by an elected five-member commission composed of a Mayor and four District Commissioners and provides services to its approximately 183,000 residents in many areas, including public safety, public places, infrastructure, business development and neighborhood enhancement. As required by GAAP, these financial statements present the City of Fort Lauderdale (the primary government) and its component units. The component units discussed in note 1(B) below are included in the City's reporting entity because of the significance of their operational and financial relationships with the City.

(B) Individual Component Unit Disclosure

The criteria for including component units consist of the identification of legally separate organizations for which the elected officials of the City are financially accountable. This criteria also includes identification of organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Blended component units, although legally separate entities, are in substance, part of the government's operations and so data from these units are combined with data of the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the government.

A five-member board appointed by the City Commission (currently composed of the City Commission, itself) governs the Fort Lauderdale Community Redevelopment Agency (CRA). Although it is legally separate from the City, the CRA is reported as part of the primary government because its sole purpose is to finance and redevelop the City's designated redevelopment areas. The operations of the CRA are reported within the special revenue fund type and the capital expenditures are accounted for in a capital projects fund type using the blended method. Separate financial information can be obtained from the CRA.

A seven-member board appointed by the City Commission governs the Sunrise Key Safe Neighborhood Improvement District (SK). While legally separate from the City, it is reported as part of the reporting entity under the discretely presented method because the City's elected officials are financially accountable for SK. The City Commission has the power to approve, disapprove or modify the budget and millage rates or assessments submitted by the board. Separate financial information can be obtained from SK.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

(C) Related Organizations

The City's officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not significantly extend beyond making the appointments. The City Commission appoints the governing board of the City of Fort Lauderdale Downtown Development Authority (DDA), one member of the governing board of the Lauderdale Isles Water Control District (LIWCD), and the Mayor appoints the governing board of the Housing Authority of the City of Fort Lauderdale (HACFL). The City is not financially accountable for the DDA, LIWCD, or HACFL.

(D) Joint Ventures

The City is a participant with the Performing Arts Center Authority (PACA) and the DDA in a joint venture to own and operate the 950 space Arts and Science District Parking Garage. The City has an ongoing financial interest in this joint venture, which is discussed in Note 9.

(E) Government-wide and Fund Financial Statements

The government-wide financial statements, including the statement of net position and the statement of activities, report information on all of the non-fiduciary activities of the City. As part of the consolidation process, inter-fund activities are eliminated to avoid distorted financial results. Governmental activities, which are primarily supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely extensively on fees and charges for support. Likewise, the City's primary government is reported separately from its legally separate component units for which the City is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other than for depreciation, indirect expenses are not allocated to specific functions. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and enterprise funds are reported as separate columns in the fund financial statements.

(F) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary, except agency, fund financial statements. Agency funds have no measurement focus but follow the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become susceptible to accrual; that is measurable and available to finance the City's operations. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are recognized in the accounting period in which the related fund liabilities are incurred, if measurable, except for interest on long-term debt and the long-term portion of accumulated compensated absences and longevity pay, which are recognized when due.

Property taxes are recorded as revenues in the fiscal year levied, provided they are collected in the current period or within 60 days thereafter. Those remaining uncollected are recorded as deferred revenues in the governmental fund financial statements. The utility and franchise taxes from major sources are recorded as revenues when earned. Licenses and permits, fines and forfeitures, charges for services, and other revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment income is recorded as revenue when earned. Special assessments are recorded as revenues only to the extent that individual installments are considered available.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures incurred. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if susceptible to accrual.

The City reports the following major governmental fund:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in a separate fund.

The City reports the following major proprietary fund:

The Water and Sewer Fund accounts for the provision of water and sewer services to the residents of the City and surrounding areas.

Additionally, the City reports the following fund types:

Internal service funds account for the financing of goods and services provided to departments within the City in the following three areas: 1) costs of insuring the City in the areas of general liability, auto liability, workers' compensation, police professional liability, employee relations and medical benefits; 2) information technology systems, communications, and print center operations; and 3) operation of a maintenance facility for City vehicles.

Pension and OPEB trust funds account for the activities of the OPEB Trust, Post-Retirement Pay Steps Plan, General Employees' Retirement System and the Police and Firefighters' Retirement System, which accumulate resources for pension and benefit payments to qualifying City employees. The Arts and Science District Garage Agency Fund accounts for the assets and liabilities held by the City for the Arts and Science District parking garage.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's enterprise funds and the General Fund as well as cost reimbursement transactions between the enterprise funds and various other functions of City government. Elimination of these charges would distort the direct costs and program revenues reported for those sectors.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer, nonmajor enterprise funds, and all the internal service funds are charges to customers for sales and services. The Insurance Fund bills the other funds to cover insurance premiums and claims. Operating expenses for the enterprise and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

The preparation of the basic financial statements in conformity with GAAP requires management to make use of estimates that affect reported amounts in the basic financial statements. Actual results could differ from those estimates.

(G) Derivatives and Hedging Activities

Derivatives have a fair value, require little or no initial net investment, and may be net settled. The City follows GASB Statement No. 53 (GASB 53), "Accounting and Financial Reporting for Derivative Instruments". Under GASB 53, derivatives are either categorized as hedging derivative instruments or investment derivatives. Hedging derivative instruments are associated with specific hedging transactions wherein the intent is to significantly reduce risks. Changes in fair value of hedges are reported as either deferred inflows of resources or deferred outflows of resources in the statement of net position. For accounting purposes, in order to qualify as a hedge, the relationship between the derivative and the underlying item must result in a hedge that is "effective" in mitigating risk. If the hedge transaction is considered "ineffective" the valuation of the instrument is considered investment income or loss in the flows of resources statements. GASB 53 outlines five methods for evaluating hedge effectiveness if the hedged item is an existing or expected commodity transaction:

- Consistent Critical Terms
- Synthetic Instrument
- Dollar Offset
- Regression Analysis
- Other Quantitative Methods

For purposes of performing hedge effectiveness testing, the City can use any or all of the evaluation methods and is not limited to using the same method from period to period. Therefore, if the result of any one prescribed evaluation method indicates the hedge is ineffective, the City may apply another method to verify effectiveness. In addition, the calculations for effectiveness may be based on either a life to date period or be limited to the immediately preceding annual accounting period.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The City has adopted GASB 53 to account for petroleum future contracts to hedge variability in future cash flows resulting from volatility in gasoline and diesel fuel prices. Fair value is determined based on quoted prices in active markets for the derivative instrument. Because the fuel hedge is an effective hedge as defined by GASB 53, the unrealized gain (loss) on the fuel hedge is reported as deferred inflow/outflow of resources on the statement of net position. The hedging instruments affected are monthly future contracts with a notional amount of 42,000 gallons each with an index of Reformulated Gasoline Blendstock for Oxygen Blending (RBOB Gas) and New York Harbor Ultra Low Sulfur Diesel (NYHRBRULSD) as listed on the NYMEX. As of September 30, 2019, the City had sixteen (16) future contracts. The contracts were purchased at various times throughout the past year. On average, it costs the City \$64 to acquire a fuel hedge contract. The aggregate fuel hedge contracts cover a rolling 18-month forward period. The fuel hedge contracts are recorded as a liability at fair value with the accumulated change in fair value reported as a deferred outflow. The deferred outflow and the instrument itself, as of September 30, 2019 are valued at \$12,902.

Basis risk. The City is exposed to basis risk on its fuel hedge contracts because the future fuel purchases are based on a pricing point different from the pricing point at which the future contracts are expected to settle (New York Harbor Ultra Low Sulfur Diesel and Gasoline).

There is no termination or interest rate risk.

(H) Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

(1) Cash and Cash Equivalents

The City considers cash on hand, cash with fiscal agents, demand deposits, certificates of deposit and bank repurchase agreements as cash and cash equivalents. Each fund's equity in the City's investment pool has been treated as a cash equivalent since cash may be deposited or withdrawn from the pool at any time without prior notice or penalty.

(2) Investments

Investments are stated at fair value, except for Money Market Funds which are reported at amortized cost. Income from investments held by the individual funds is recorded in the respective fund as it is earned. All other investments owned by the City are accounted for in the City's investment pool. Income earned from this pool is allocated to the respective funds based upon average monthly equity balances.

(3) Receivables and Payables

Activity between funds that are representative of lending or borrowing arrangements outstanding at the end of the fiscal year of a short-term nature and any other outstanding balances between funds are reported as due to and due from other funds. The long-term portion of any borrowings between funds is reported as advances to and from other funds.

Long-term advances of the governmental funds are recorded by the advancing fund as a receivable and nonspendable fund balance. Any residual outstanding balances between the governmental activities and business-type activities at year-end are reported in the government-wide financial statements as internal balances.

All accounts and notes receivable are reported net of any allowances for uncollectibles.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

(4) Inventories

Inventories in the governmental funds are composed of land held for redevelopment or resale and are stated at cost. Inventories of materials and supplies in the enterprise funds are based on year-end physical counts priced at weighted average cost. Inventories are recognized as expenditures or expenses when consumed.

(5) Prepaid Items

Prepaid items represent payments made to vendors for services that will benefit the period beyond September 30, 2019. These services are recorded as expenditures/expenses when consumed.

(6) Restricted Assets

Certain proceeds of long-term bonds issued by the capital project, enterprise and internal service funds, as well as resources set aside for their repayment, are classified as restricted assets on the statement of net position and their use is limited by applicable bond covenants.

(7) Capital Assets

Capital assets, including land, buildings, improvements other than buildings, infrastructure (that is, roads, bridges, street lighting and other similar items) and equipment, are reported in the applicable governmental and business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. Such assets are stated at cost or estimated historical cost. Contributions or donations of capital assets received from federal, state or local sources are recorded as contributions when received and are stated at acquisition value. Additions, improvements and expenditures that significantly extend the useful life of an asset are capitalized.

Depreciation of capital assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	40-50 years
Improvements	20-50 years
Infrastructure	15-50 years
Machinery, Equipment and Vehicles	3-15 years

The City follows the requirements of GASB Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries" regarding potential impairment of capital assets.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

(8) Capitalization of Interest

The City early implemented GASB Statement No. 89 (GASB 89), "Accounting for Interest Cost Incurred Before the End of a Construction Period" This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. Interest capitalization balance as of September 30, 2019 totaled \$2,424,464.67. This balance will continue to reduce as projects are capitalized.

(9) Compensated Absences and Longevity

City employees are granted sick, vacation, and longevity pay in varying amounts based on length of service, date of hire, and employee group. Compensatory time is granted to employees in lieu of overtime pay at the employees' request. Sick leave payments to terminated employees are based on length of service and usage on a last in, first out basis. Unused vacation pay and compensatory time are paid upon an employee's termination. Longevity pay is paid to eligible employees annually based on length of service. Accumulated compensated absences and longevity are recorded as expenses in the government-wide and proprietary fund financial statements when earned. Expenditures for accumulated compensated absences and longevity have been recorded in the governmental funds only for amounts payable to employees who have terminated as of the end of the fiscal year.

(10) Estimated Claims Payable

The City is self-insured for general liability, automobile liability, police professional liability, workers' compensation, employee relations and certain death benefits and medical plans. The operating funds are charged premiums by the Insurance internal service fund. The accrued liability for estimated claims represents an estimate of the eventual loss on claims arising prior to year-end, including claims incurred and not yet reported.

(11) Landfill Post-Closure Costs

Landfill post-closure care costs represent an estimate of the City's remaining costs to monitor the City's former landfill site. These costs are accounted for in the Sanitation Fund, a nonmajor enterprise fund.

(12) Other Long-term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the applicable governmental and business-type activities and proprietary fund financial statements. Bond premiums and discounts are recorded as direct additions to or deductions from the related debt and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable premiums and discounts.

In the governmental fund financial statements, bond premiums and discounts are recognized during the current period. The face amount of debt issued and any premiums received are reported as other financing sources while discounts are reported as other financing uses.

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

(13) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred loss on refunding, accumulated decrease in fair value of derivative instruments, change in pension assumptions and loss on pension and OPEB investments. The deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Changes in pension plan and OPEB assumptions are deferred and amortized over the average of the expected remaining service lives of employees that are provided with benefits through OPEB and the pension plan. Difference between projected and actual earnings on pension and OPEB investments are deferred and amortized over five years.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that period. The City has two items that qualify for reporting in this category: (1) The accumulated increase in fair value of hedging derivative instruments is reported in the government-wide and internal service funds statement of net position; (2) Certain amounts related to pensions and OPEB must be deferred. Differences between expected and actual experience and change in pension and OPEB assumptions are deferred and amortized over the average of the expected remaining service lives of all employees that are provided with benefits through the OPEB and pension plan.

(14) Fund Balance and Net Position

In the governmental funds, fund balances are reported as nonspendable if they are not in spendable form or are legally or contractually required to be maintained intact. In addition, fund balances are reported as restricted, committed or assigned to specific purposes based upon the extent to which the City is bound to honor constraints placed on those funds. Unassigned fund balance is the residual fund balance classification of the General Fund.

Encumbrance accounting, under which purchase orders and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbered amounts for specific purposes are reported within the applicable restricted, committed or assigned fund balance classifications.

Net position of the government-wide and proprietary funds is categorized as net investment in capital assets; restricted or unrestricted. Net investment in capital assets consists of capital assets reduced by the outstanding debt issued to acquire, construct or improve those assets, less any unspent debt proceeds. Restricted net position has regulatory or third party limitations on its use.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

(15) Pensions Obligations

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the General Employees' Retirement System (GERS), the Police and Firefighters' Retirement System (PFRS) and the Post-Retirement Pay Steps Plan (PPS) and additions to/deductions from GERS, PFRS and PPS fiduciary net position have been determined on the same basis as they are reported by GERS, PFRS and PPS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

(16) Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Other Post-Employment Benefits Trust and additions to/deductions from OPEB fiduciary net position have been determined on the same basis as they are reported by OPEB plan. Investments are reported at fair value, except for money market investments.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

At September 30, 2019, the following funds of the City had a deficit balance:

Special Revenue Fund:	
Intergovernmental Revenue	\$ (18,597,194)

The deficit in the Intergovernmental Fund is expected to be eliminated by future grant revenues.

3. RESTRICTED ASSETS

Restricted assets at September 30, 2019 are as follows:

	Water and Sewer	Nonmajor Enterprise Funds				Total
		Sanitation	Cemetery	Parking System	Airport	
Accounts Payable	\$ 4,202,290	\$ -	\$ -	\$ -	\$ -	\$ 4,202,290

Renewal and Replacement	12,224,385	-	-	31,164	-	12,255,549
Customer Deposits	7,106,564	1,030,967	423,015	32,138	947,673	9,540,357
	<u>\$ 238,136,063</u>	<u>\$ 1,030,967</u>	<u>\$ 423,015</u>	<u>\$ 63,302</u>	<u>\$ 2,718,111</u>	<u>\$ 242,371,458</u>

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Restricted assets for the enterprise funds are classified on the proprietary fund statement of net position as follows:

	Water and Sewer	Nonmajor Enterprise Funds				Total
		Sanitation	Cemetery	Parking System	Airport	
Cash and Cash Equivalents	\$ 65,400,869	\$ 1,030,967	\$ 423,015	\$ 63,302	\$ 2,718,111	\$ 69,636,264
Investments	172,735,194	-	-	-	-	172,735,194
	<u>\$ 238,136,063</u>	<u>\$ 1,030,967</u>	<u>\$ 423,015</u>	<u>\$ 63,302</u>	<u>\$ 2,718,111</u>	<u>\$ 242,371,458</u>

4. DEPOSITS AND INVESTMENTS

The City maintains a pooled cash and investment fund for the City's operating and capital funds. In addition, cash and investments are separately held for the City's special revenue, debt service, capital projects, permanent, and enterprise funds.

In accordance with Section 218.415, Florida Statutes, the City's Investment Policy applies to all cash and investments held or controlled by the City and shall be identified as "general operating funds" of the City with the exception of the City's pension and cemetery funds. The policy was adopted on September 4, 2001 and subsequently amended on July 9, 2019.

Permitted investments, asset allocation limits, issuer limits, credit rating requirements and maturity limits are detailed in the policy in order to protect the City's cash and investments. The current policy allows for the purchase of the following investments: U.S. Government Securities, U.S. Government Agency Securities, Federal Instrumentalities, interest-bearing time deposits or saving accounts, repurchase agreements, commercial paper, corporate notes, bankers' acceptances, state or local government taxable or tax-exempt debt, City of Fort Lauderdale debt obligations, registered investment companies (money market mutual funds), and intergovernmental investment pools. As of September 30, 2019, the total cash and investments for the City of Fort Lauderdale's primary government, was \$763,307,438.

DEPOSITS WITH FINANCIAL INSTITUTIONS

Custodial Credit Risk – Deposits

Custodial credit risk for deposits is the risk in the event of the failure of a depository financial institution, a government may not be able to recover deposits. Monies placed on deposit with financial institutions in the form of demand deposits, time deposits or certificate of deposits are defined as public deposits. The City's investment policy requires that the City's public deposits be held in a State Qualified Public Depository as defined in Section 280.02, Florida Statutes. At September 30, 2019, \$49,916,508 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institutions' trust department, but not in the City's name.

INVESTMENTS

The City's investment holdings are organized into seven portfolios. Three portfolios are governed by the City's Investment Policy (the City's Portfolios): Surplus Funds Pooled Investments, Community Redevelopment Agency Portfolio, and Capital Improvements Projects Portfolio with the exception of the Water and Sewer Bond Fund, which is governed by the bond resolution. The remaining four portfolios, the Cemetery Perpetual Care Fund, the OPEB Trust Fund, the Police and Firefighters' Retirement System Fund, and the General Employees' Retirement System Fund are controlled by their respective policies. Compositions of the portfolios as of September 30, 2019 are:

Portfolio No. 1 Surplus Funds Pooled Investments, \$407,434,945

The pooled investments portfolio consists of investments in U.S. Government Securities, U.S. Government Agency Securities, Federal Instrumentalities, corporate obligations, including government guaranteed, asset and mortgage backed securities. There was no interest receivable on this portfolio at September 30, 2019.

Portfolio No. 2 Community Redevelopment Agency Portfolio, \$33,591,663

The pooled investments portfolio consists of investments in U.S. Government Securities, U.S. Government Agency Securities, Federal Instrumentalities, corporate obligations, including government guaranteed, asset and mortgage backed securities, and state and local municipal bonds. There was no interest receivable on this portfolio at September 30, 2019.

Portfolio No. 3 Capital Improvement Projects Portfolio, \$156,256,750

The proceeds of several long-term debt issues are a part of this portfolio. The proceeds from debt issuances may be invested by the City in such investments as are permitted by applicable law or the respective bond resolution. These funds are in the Florida Municipal Investment Trust and U.S. Government Securities, which complies with each individual debt issue's investment requirements. No interest receivable on this portfolio existed at September 30, 2019.

2011A General Obligation Bonds	\$ 8,159,112
2018 Water and Sewer Bonds	148,097,638
	<u>\$ 156,256,750</u>

Portfolio No. 4 Cemetery Perpetual Care Fund, \$30,062,624

Investments permitted by this fund's investment policy include U. S. Government Securities, U.S. government guaranteed obligations, Federal Instrumentalities, commercial paper, bankers acceptances, corporate bonds or notes, state or local government taxable or tax-exempt debt, intergovernmental investment pools, common and preferred stocks from domestic and foreign corporations, repurchase agreements composed of permitted instruments, real estate and real estate securities, and high yield bond mutual funds, and other mutual funds and commingled Common Trust Funds investing in permitted instruments, including money market funds.

As of September 30, 2019, this portfolio consisted of investments in money market funds, U. S. government securities, corporate obligations, common stock and preferred stock. Interest receivable on this portfolio at September 30, 2019 was \$90,367.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Portfolio No. 5 OPEB Trust Fund, \$33,887,820

Investments permitted by this fund's investment policy include cash equivalents, U.S. government guaranteed obligations, Federal Instrumentalities, non-negotiable interest-bearing time certificates of deposit or savings account, mutual funds, equity investments, fixed income investments and repurchase agreements.

As of September 30, 2019, this portfolio consisted of U.S. Treasury Cash Reserves Money Market Fund, U.S. Treasury notes, and mutual funds. Interest receivable on this portfolio at September 30, 2019 was \$18,497.

Portfolio No. 6 Police and Firefighters' Retirement System Fund, \$963,487,188

Investments permitted by this fund's investment policy include equity securities and fixed income securities including cash, U.S. Government Agency Securities, Federal Instrumentalities, corporate obligations, Government National Mortgage Association loans, U.S. government agency collateralized mortgage-backed securities, debentures, preferred stocks, commercial paper, certificates of deposits and other such instruments deemed prudent by the investment manager. Also permitted are other commingled vehicles invested in permitted investments.

As of September 30, 2019, investments of this portfolio include U.S. Government Securities, U.S. Government Agency Securities, Federal Instrumentalities, mutual funds, corporate obligations, municipal bonds, real estate, venture capital and partnerships and common stock. Interest receivable on this portfolio at September 30, 2019 was \$1,913,384.

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Fair Value Measurement

In February 2015, GASB issued Statement No. 72, addressing the accounting and financial reporting issues related to fair value measurements. GASB No. 72 defines fair value as the price that would be received to sell an asset. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are based on other significant observable inputs such as indices for fixed income bonds and quoted prices similar assets in markets that are not active; Level 3 inputs are significant unobservable inputs.

Investment Portfolios (Excluding Fiduciary Funds)

Since investing is not a core part of the City's mission, the City determines that the disclosures related to its investment portfolios only need to be disaggregated by major type. Therefore, the City chooses a narrative format for the fair value disclosure of its investment portfolios.

The City's investment portfolios have the recurring following fair value measurements as of September 30, 2019:

- U.S. Treasury Securities, Mutual Funds and Cash Equivalents of \$432.8 million are valued using quoted market prices (Level 1 inputs)
- Corporate Bonds, Municipal Bonds, and External Investment Pools of \$183.7 million are valued using a matrix pricing model (Level 2 inputs).
- Investments measured at the net asset value (NAV) held in commingled domestic equity funds (1) of \$10.8 million.

Investments Measured at the NAV	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Commingled equity fund ⁽¹⁾	\$ 10,846,040	\$ -	Daily	1 days
Total Investments Measured at NAV	\$ 10,846,040			

1. Commingled Domestic Equity Funds – consists of a broad range of U.S. dollar denominate money market instruments, including government, US. And foreign bank, and commercial obligations and repurchase agreements. The Fund may also invest in mortgage- and asset-backed securities, and short-term obligations. The Fund is valued at the net asset value if units held at the end of the period based upon the fair value of the underlying investments.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Derivatives

The City has established a fuel hedging program for its diesel fuel and gasoline consumption in order to create more certain fuel cost for the future that decreases fuel budget risk. This program uses exchange-traded diesel fuel and gasoline futures contracts. GASB 72 prescribes several methods by which governments may arrive at a fair value for assets that they hold. To value the City's holdings of diesel and gasoline futures contracts, the market approach is used since the market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets, liabilities, or a group of assets and liabilities. Since the City holds exchange-traded instruments, the valuation prices for the City's futures contracts are established on a daily basis by the New York Mercantile Exchange. The markets for these futures contracts are liquid and pricing is transparent. The published daily settlement prices from the New York Mercantile Exchange are used for the valuation of the City's futures contracts. As of September 30, 2019, this level 1 investment had a negative fair value of \$12,902.

The following is a description of the fair value techniques for the Plan's investments. Level 1 and 2 prices are obtained from various pricing sources by the Plan's custodian bank: Short-term investments, which consist of money market funds, are reported at amortized cost.

Equity securities traded on national or international exchanges are valued at the last reported sales price or current exchange rates (Level 1). This includes common stock and American depository receipts, and mutual fund equities.

Debt securities are valued using pricing inputs that reflect the assumptions market participants would use to price an asset or liability and are developed based on market data obtained from sources independent of the reporting entity (Level 2). This includes U.S. Treasury bonds and notes, inflation-indexed bonds, U.S. federal agencies, mortgage backed and collateralized securities, municipal bonds, mutual bond funds and corporate obligations, including asset backed, foreign bonds and notes.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient, including their related unfunded commitments and redemption restrictions.

Investments Measured at the NAV	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Commingled equity fund ⁽¹⁾	\$ 212,039,675	\$ -	Daily	1
Real estate funds ⁽²⁾	169,130,606	-	Quarterly	10 - 90
Hedge fund of funds ⁽³⁾	25,792,027	-	Quarterly	95
Private equity funds ⁽⁴⁾	13,511,547	3,677,249	N/A	N/A
Private debt funds ⁽⁵⁾	26,232,851	8,982,670	N/A	N/A
Total Investments Measured at NAV	\$ 446,706,706	\$ 12,659,919		

1. Commingled equity funds - consists of three equity index collective trusts considered commingled in nature which are designed to match the return of their respective benchmark index. Each are valued at the net asset value held at the end of the period based upon the fair value of the underlying investments. These funds are typically open for withdrawal twice monthly with limited notice.
2. Real estate funds - consists of five open end real estate partnerships. Two of the funds primarily invest in stable institutional quality office, retail, industrial, hotel and multifamily residential properties that are substantially leased and have minimal deferred maintenance. The other fund is a commingled insurance company separate account designed for use as a funding vehicle for tax-qualified pension plans and certain nonprofit organizations, its investments are comprised primarily of real estate investments either directly owned or through partnership interest, and mortgages and other loans on income producing real estate. The plan invested in two additional funds, which primarily invest in real estate primarily leased to state government agencies and the U.S. Federal Government either through the General Services Administration or other federal government agencies.
3. Hedge fund of funds - the plan invests in two hedge fund of funds partnership vehicles. The objectives of these funds are to seek above-average rates of return and long-term capital growth through an investment in a master fund of funds with a diversified portfolio of private investment entities and separately managed accounts.
4. Private equity fund - the plan invests in three private equity partnership vehicles. The private equity funds are not eligible for redemption. Distributions are received as underlying investments within the funds are liquidated, which on average will occur over a period of 5 to 10 years.
5. Private debt fund - the plan invests in two private debt partnership vehicles. One of the private debt funds is not eligible for redemption. Distributions are received as underlying investments within the fund produced income or principal is returned, which should occur on a quarterly basis over the 6 to 7 year life of the fund. The plan invested in an additional private debt partnership that invests in private credit and specialty finance assets with short to intermediate-term durations and often contractual cash flows and is not eligible for redemption.

Interest Rate Risk

Interest rate risk is the possibility that interest rates will rise and reduce the fair value of an investment. The City manages its portfolios' exposures to declines in fair value due to rising interest rates by limiting individual investments to maturities of ten (10) years or less from the date of purchase. Also, the overall "weighted average maturity" shall be less than three (3) years. The other portfolios use either the "duration" method or the "weighted average maturity" as measurements of interest rate risk. The following table illustrates the interest rate risk for debt investments:

Credit Risk

GASB Statement No. 40 (GASB 40), "Deposit and Investment Risk Disclosures", requires that governments provide information about the credit risk associated with their investments by disclosing the credit quality ratings of investments in debt securities as described by nationally recognized statistical rating organizations. Unless there is information to the contrary, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality.

Portfolio No. 1 Surplus Funds Pooled Investments

The City's investment policy provides for the following investments, which are limited to credit quality ratings from nationally recognized rating agencies as follows:

Corporate Obligations

Corporate obligations issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum "Aa" by Moody's Investor Service and a minimum "AA" by Standard & Poor's. As of September 30, 2019, \$82,443,641 of the City's investments were corporate obligations. These issues met or exceeded the minimum rating requirements at the time of purchase.

Federal Instrumentalities

Although the City's investment policy states no rating requirement for Federal Instrumentalities, all investments of this type were rated AA+ by Standard & Poor's or Aaa by Moody's Investor Service. This portfolio held \$78,984,796 in this type of investment as of September 30, 2019.

External Investment Pool

The City participates in the FMLVT 1-3 Year High Quality Bond Fund. The 1-3 Year Bond fund has a rating of AAAs/S2 by Fitch. This portfolio held \$50,050 in this type of investment.

Portfolio No. 2 Community Redevelopment Agency Portfolio

The Community Redevelopment Agency Portfolio utilizes the City's investment policy which limits investments to credit quality ratings from nationally recognized rating agencies as follows:

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

September 30, 2019

Corporate Obligations

Corporate obligations issued by corporations organized and operating within the United States or by depository institutions licensed by the United States that have a long-term debt rating, at the time of purchase, at a minimum “Aa” by Moody’s Investor Service and a minimum “AA” by Standard & Poor’s. As of September 30, 2019, \$686,753 of the City’s investments were in corporate obligations. These issues met or exceeded the minimum rating requirements at the time of purchase.

Federal Instrumentalities

Although the City’s investment policy states no rating requirement for Federal Instrumentalities, all investments of this type were rated AA+ by Standard & Poor’s or Aaa by Moody’s Investor Service. This portfolio held \$1,017,066 in this type of investment as of September 30, 2019.

Portfolio No. 3 Capital Improvement Projects Portfolio

External Investment Pool

The City participates in the FMLvT 0-2 Year High Quality Bond Fund. The 0-2 Year Bond fund has a rating of AAAf/S1 by Fitch. This portfolio held \$8,159,112 in this type of investment.

Portfolio No. 4 Cemetery Perpetual Care Fund

This portfolio’s investment policy requires investments in corporate bonds or notes to be rated A or better by a nationally recognized rating service. All of these investments met the policies requirement at September 30, 2019.

Portfolio No. 5 OPEB Trust Fund

This portfolio’s investment requires that investments in fixed income type securities to be rated A or better by a nationally recognized rating service. All of these investments met this requirement at September 30, 2019.

Portfolio No. 6 Police and Firefighters’ Retirement System Fund

The Plan’s investment policy requires that investments in fixed income type securities to be rated in the fifth major rating category by all recognized rating services. The overall portfolio quality of the active bond portfolios shall be maintained at A or higher. At September 30, 2019, all of the Plan’s investments met this requirement.

Portfolio No. 7 General Employees’ Retirement System Fund

This portfolio’s investment policy requires investments in corporate bonds or notes to be rated A or better by a nationally recognized rating service. All of these investments met this requirement at September 30, 2019.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Portfolio No. 8 Post-Retirement Pay Steps Trust Fund

This portfolio's investment requires that investments in fixed income type securities to be rated A or better by a nationally recognized rating service. All of these investments met this requirement at September 30, 2019.

Custodial Credit Risk – Investments

The City's investment policy requires that all securities, with the exception of certificates of deposit, be held with a third-party custodian. Security transactions between a broker/dealer and the custodian involving the purchase or sale of securities by transfer of money or securities are made on a "delivery vs. payment" basis to ensure that the custodian will have the security or money, as appropriate, in hand at the conclusion of the transaction. As of September 30, 2019, the City's investment portfolio was held with a third-party custodian.

Concentration of Credit Risk

GASB 40, requires disclosure of investments in any one issuer that represent five percent or more of total investments, excluding investments issued or explicitly guaranteed by the U.S. government, investments in mutual funds, external investment pools, and other pooled investments. Per this disclosure requirement, none of City's investments were with any one single issuer that represents 5% or more of all of the City's portfolios.

In addition, the City's investment policy establishes limits on portfolio composition, both by investment type and by issuer. The City's investments did not exceed these limits during the year ended September 30, 2019.

Foreign Currency Risk

GASB 40 requires governments to disclose deposits or investments exposed to foreign currency risk. None of the portfolios have exposure to foreign currency risk. All investments are in US dollars.

5. PROPERTY TAXES

The City's property tax is levied, becomes a lien on real and personal property located in the City and is recorded as a receivable on November 1 of each year based upon the assessed value listed as of the prior January 1. The Broward County Property Appraiser establishes assessed values. The assessed value at January 1, 2018, upon which the fiscal year 2019 levy was based, was approximately \$36.5 billion.

The City is permitted by state law to levy taxes up to 10 mills of assessed valuation for General Fund operations exclusive of voted debt levies. Taxes levied for the General Fund for the fiscal year 2019 were 4.1193 mills for operations and 0.0640 for debt service.

All taxes are due from property holders on March 31, become delinquent on April 1 and become subject to the issuance of tax sale certificates on June 1. Current tax collections for the year ended September 30, 2019 were approximately 99.0% of the total tax levy.

General Employees' Pension Fund	-	2,452,392
Police and Firefighters' Pension Fund	-	2,389,132
	<u>-</u>	<u>4,841,524</u>
	<u>\$ 28,670,384</u>	<u>\$ 28,670,384</u>

The \$21,534,600 due to the General Fund from the Intergovernmental Revenue Fund represents short-term borrowings that will be repaid using grants receipts. The \$1,921,684 due to the General Fund from the CRA Fund was for a short-term loan to assist the Beach CRA with funding for the aquatic center renovations. The \$42,463 were for short-term borrowings until a drawdown is made from the General Obligation Construction 2005 and 2011A Fund. The Perpetual Care Trust Fund payables of \$330,113 to the General Fund represent operational costs for the City's cemeteries that will be repaid by the Cemetery Trust. The payables to the General Fund from the pension trust funds totaling \$4,841,524 were for operating expenses of the funds paid by the City.

	<u>\$ 35,527,488</u>

This report includes all general infrastructure acquired or constructed since October 1, 1979 in accordance with GASB Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments."

The capital asset values include in-house built software and city acquired easements in accordance with GASB Statement No. 51, "Accounting and Financial Reporting for Intangible Assets".

9. INVESTMENT IN JOINT VENTURE

The City has agreements with the Performing Arts Center Authority (PACA) and the Downtown Development Authority (DDA) for the operation of a 950 space-parking garage in the Arts and Science District of the City. The City, as operating agent, has full and exclusive responsibility for operation and maintenance of the garage, which is being accounted for as a joint venture in the Parking System Fund using the equity method of accounting.

The City collects all revenues and pays all operating expenses for the garage and determines the allocation to each of the participants monthly. The increase in net position for the year of \$1,712,483 was derived exclusively from operations. The equity interests of the City, the PACA and the DDA totaled \$545,739 \$704,125 and \$404,128 respectively at September 30, 2019. Separate financial statements for the joint venture are available from the City's Finance Department.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

10. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Insurance Fund is used to account for and finance both uninsured and insured risks of loss. Coverage is provided for workers' compensation, property, employment practices, public officials' liability, active shooter, crime, cyber liability, general liability, automobile liability, watercraft liability, airport liability, police professional liability, and certain medical benefits.

The City has obtained insurance coverage for the following areas:

- Workers' compensation claims in excess of \$1.0 million for employees with statutory limits.
- Property policy with standard peril deductible of \$50,000 per loss, a named windstorm deductible of \$5.0 million per loss on each of the utility and non-utility programs, a \$25.0 million limit per loss on a utility and a \$50.0 million limit on non-utility, and a flood deductible of either \$5,000 or \$50,000 per location.
- Employment practices liability with a \$150,000 per claim, public officials' liability policy with a \$100,000 per claim, and a \$4.0 million combined coverage limit per claim.
- Active shooter policy with a deductible of \$10,000 and limit of \$5.0 million per loss.
- Crime and fidelity policy with a deductible of \$200,000 and a \$1.0 million limit per loss.
- Cyber liability policy with a deductible of \$50,000 and limit of \$2.0 million per claim.
- Automobile liability policy with no deductible and limit of \$1.0 million per loss.
- Watercraft liability policy with a \$2,500 deductible and limit of \$1.0 million per loss.
- Airport liability policy with no deductible and limit of \$20.0 million limit per loss.
- Medical benefits stop-loss policy in excess of \$325,000 per claim.

Settlements have rarely exceeded the retention on these policies for each of the past four fiscal years.

All operating funds of the City participate in the program and make payments to the fund based on estimates of the amounts needed to pay prior and current claims and to provide fund equity for catastrophic losses. The estimated insurance claims payable at September 30, 2019 of \$34,964,000 (discounted at 3.8%) is based on the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues" as amended by GASB Statement No. 30, "Risk Financing Omnibus", which requires that claims liabilities be based upon the estimated ultimate costs of settling the claims. The liability also includes incurred but not reported claims developed through actuarial analyses of loss history and non-incremental claims adjustment expenses. Changes in the balance of estimated insurance claims payable for the fiscal years ended September 30, 2018 and 2019 follow:

	Medical Benefits	Other	Total
Balance September 30, 2017	\$ 1,698,000	\$ 34,756,589	\$ 36,454,589

General obligation bonds are secured by the full faith and credit of the City. The special obligation loans are secured by a pledge of non-ad valorem tax revenues and a covenant to budget and appropriate. The special obligation bonds are secured by a pledge of non-ad valorem tax revenues and a covenant to budget and appropriate.

Periodically, the City will issue conduit debt to fulfill a public need or purpose. These obligations are not reported as liabilities in the City's financial statements and the City is not obligated in any manner for repayment of the debt. As of September 30, 2019, the City had no conduit debt outstanding.

On October 29, 2010, the City issued a \$14,015,000 Special Obligation Refunding Loan, Series 2010A and a \$10,095,000 Special Obligation Refunding Loan, Series 2010B. The Series 2010A was the refunding of Special Obligation Refunding Bond, Series 2008A. This refinancing reduced the interest rate from 5.14% to 2.43%. The September 1, 2020 maturity date remained unchanged. The Series 2010B proceeds were used to reissue the City's Special Obligation Note, Series 2008B which had a principal balance of \$10,051,200. The Series 2010B provides for semi-annual payments at a rate of 2.66%, maturing on June 1, 2022. As of September 30, 2019, the City's liability for the loan totaled \$4,094,600.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The City has pledged legally available non-ad valorem revenues to repay the Special Obligation Refunding Loan, Series 2010A and 2010B. The non-ad valorem revenue used for the loans consists of utility taxes, franchise taxes, licenses and permits, fines and forfeitures, intergovernmental, charges for services, and other. For the current year, principal and interest of \$2,297,776, was paid. Non-ad valorem revenues were \$211,940,855.

On September 9, 2011, the City issued Special Obligation Note, Series 2011A for \$7,218,000. The proceeds for Series 2011A are being used to finance certain governmental capital improvements. The Series 2011A note provides for semi-annual interest payments at a rate of 2.98% and annual principal payments until maturity in 2027. As of September 30, 2019, the City's liability for the loan totaled \$4,248,000.

The City has pledged legally available non-ad valorem revenues to repay the Special Obligation Note, Series 2011A. The non-ad valorem revenue used for the loan consists of utility taxes, franchise taxes, licenses and permits, fines and forfeitures, intergovernmental, charges for services, and other. For the current year, principal and interest of \$533,194, was paid. Non-ad valorem revenues were \$211,940,855.

The Special Obligation loan agreements have the following provisions in the event of default: (i) failure to make payment of the principal or interest when due and payable or (ii) performance of any covenant, condition, agreement or provision (iii) material misrepresentations or warranty contained in the agreement or (iv) the dissolution or liquidation of the City, or filing of bankruptcy or any similar act, the Lender may proceed to protect and enforce its rights under the laws of the State of Florida and under the agreement. Upon the occurrence and during the continuance of an event of default, the Lender may, by a notice in writing to the City, declare the principal (if not then due and payable) to be immediately due and payable, and upon such declaration, the same shall be immediately due and payable, or the agreement to the contrary notwithstanding.

On September 28, 2011, the City issued General Obligation Bonds, Series 2011A for \$20,000,000. The proceeds of Series A were used to finance upgrades to existing fire-rescue facilities and construction of new facilities. The Series A bonds provide for semi-annual interest payments at an average rate of 3.45% and annual principal payments until maturity in 2041. As of September 30, 2019, the City's liability for the bonds totaled \$16,255,000.

On October 3, 2012, the City issued Taxable Special Obligation Bonds, Series 2012 for \$337,755,000. The proceeds of Series 2012 were used to discharge a portion of the Unfunded Actuarial Accrued Liabilities (UAAL) of the pension plans, including, without limitation, a partial repayment to the City of its contribution to the Police and Firefighters' Pension Plan in fiscal year 2012 to prefund a portion of its UAAL for Fiscal Year 2013. The Series 2012 bonds provide for semi-annual interest payments with interest rates ranging from 2.460% to 5.143% and annual principal payments until maturity in 2032. As of September 30, 2019, the City's liability for the bonds totaled \$226,925,000.

The City has designated revenues to repay the Taxable Special Obligation Bonds, Series 2012. The designated revenue used for the bonds consists of communications services tax, public services tax, guaranteed entitlement revenues, and business tax revenues. For the current year, principal and interest of \$26,482,711, was paid. Designated revenues were \$46,652,139.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

On April 9, 2015, the City issued CRA Tax Increment Revenue Note, Series 2015 for \$7,603,000. The proceeds were used to pay for costs related to the design and construction of the North Loop of the Wave modern streetcar project, which is located in the Northwest-Progresso-Flagler Heights area of the CRA. The Series 2015 note provides for semi-annual interest payments at a rate of 3.17% and annual principal payments until maturity in 2025. As of September 30, 2019, the City's liability for the note totaled \$5,312,000.

In an event of default in connection with (i) failure to make payment of the principal of or interest on the Series 2015 Note when due and payable or (ii) performance of any covenant, condition, agreement or provision of the Series 2015 Note on the part of the CRA (iii) material misrepresentations or warranty of the CRA contained in the note agreement or (iv) the dissolution or liquidation of the CRA, or filing of bankruptcy or any similar act, the Lender may proceed to protect and enforce its rights under the laws of the State of Florida and under the agreement. Upon occurrence of any event of default, the Series 2015 Note will bear interest at the lesser of (i) 18% or (ii) the maximum rate permitted by law and shall continue until such time the event of default has been cured. In the enforcement of any remedy under the agreement, to the extent permitted by law, the Lender shall be entitled to sue for, enforce payment and receive any and all amounts due from the CRA.

On August 11, 2015, the City issued General Obligation Refunding Bonds, Series 2015 for \$15,220,000. The proceeds were used to refund the City's General Obligation Bonds, Series 2005. The gross saving of the refunding was \$2,277,823, with a net present value savings of \$1,687,077. This refinancing reduced the average interest rate from 4.26% to 3.44%. The July 1, 2035 maturity date remained unchanged. The Series 2015 bonds provide for semi-annual interest payments at an average rate of 3.44% and annual principal payments until maturity in 2035. As of September 30, 2019, the City's liability for the bonds totaled \$12,965,000.

The annual requirements to pay business-type activities principal and interest on the bonds, notes and loans outstanding at September 30, 2019 (in thousands) follow:

Year Ending September 30	Business-Type Activities

All of the outstanding bonds of the Water and Sewer Fund are secured by the water and sewer net operating revenues.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

In order to take advantage of low interest rates, the City is participating in the State of Florida revolving loan program to finance sewer system capital improvements. Loan agreements three, four and five were still outstanding as of September 30, 2019. The loan program operates on a reimbursement basis. When proceeds are issued, the loan accrues interest based upon the rate approved by the State at the date of closing. The liability due to the State is the original loan amount plus accrued interest until the date repayments commence, which is approximately three years from date of issue.

On May 5, 2005, the City entered into its third loan agreement for \$7,256,416, which carries an interest rate of 2.19% and provides for semi-annual principal and interest payments beginning in November 2006. The loan principal was increased to \$19,116,208 on August 23, 2005. The loan principal was decreased to \$17,384,060 on April 30, 2010. As of September 30, 2019, the City's liability for this loan totaled \$6,755,063.

On March 3, 2006, the City entered into its fourth loan agreement for \$20,393,500, which carries an interest rate of 2.1% and provides for semi-annual principal and interest payments beginning in May 2008. The loan principal was increased to \$40,619,300 on October 6, 2006. The additional principal amount of \$20,225,800 carried an interest rate of 2.24%. On February 15, 2008, the loan principal was decreased to \$35,606,400, with no effect on the interest rate. The loan principal was increased to \$45,334,292 in March 2009. The addition carries an interest rate of 2.65%. The loan principal was decreased to \$44,902,893 on September 20, 2011. As of September 30, 2019, the City's liability for this loan totaled \$21,935,073.

On February 11, 2008, the City entered into its fifth loan agreement for \$10,032,200, which carries an interest rate of 2.24% and provides for semi-annual principal and interest payments beginning in November 2008. The loan principal was decreased to \$10,000,000 on September 20, 2011. As of September 30, 2019, the City's liability for this loan totaled \$5,061,988.

The State Revolving loan agreements have the following provisions in the event of default: (1) Failure to make any monthly loan deposit when it is due and such failure shall continue for a period of 30 days or failure to make any installment of the semiannual loan payment when it is due and such failure shall continue for a period of 5 days. (2) Except as provided in certain subsections, failure to comply with the provisions of the agreement or failure in the performance or observance of any of the covenants or actions required by the agreement and such failure shall continue for a period of 60 days after written notice thereof to the local borrower by the Department of Environmental Protection ("Department"). (3) Any warranty, representation or other statement by, or on behalf of, the local borrower contained in the agreement or in any document, certificate or information furnished in compliance with, or in reference to, the agreement, which is false or misleading. (4) An order or decree entered, with the acquiescence of the local borrower, appointing a receiver of any part of the Water or Sewer System or gross revenues thereof or if such order or decree, having been entered without the consent or acquiescence of the local borrower, shall not be vacated or discharged or stayed on appeal within 60 days after the entry thereof. (5) Any proceeding instituted, with the acquiescence of the local borrower, for the purpose of effecting a composition between the local borrower and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any federal or state statute now or hereafter enacted, if the claims of such creditors are payable from gross revenues of the Water or Sewer System. (6) Any bankruptcy, insolvency or other similar proceeding instituted by, or against, the local borrower under federal or state bankruptcy or insolvency law now or hereafter in effect and, if instituted against the local borrower, is not dismissed within 60 days after filing. (7) Failure of the local borrower to give immediate written notice of default to the Department and such failure shall continue for a period of 30 days.

Upon any event of default, the Department may enforce the rights of the Corporation and the Department by accelerating the repayment schedule or increasing the financing rate on the unpaid principal of the loan to as much as 1.667 times the Financing Rate for a default.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

On May 16, 2012, the City sold \$64,585,000 Water and Sewer Revenue Refunding Bonds, Series 2012. The Series 2012 was the refunding of the Series 2003. The gross saving of the refunding was \$9,747,132, with a net present value savings of \$7,347,279. The issue provides for semi-annual principal and interest payments with interest rates ranging from 2% to 5% and a final maturity on September 1, 2031. This refinancing reduced the average interest rate from 4.52% to 4.12%. As of September 30, 2019, the City's liability for these bonds totaled \$47,845,000.

On November 18, 2014, the City sold \$121,520,000 Water and Sewer Revenue Refunding Bonds, Series 2014. The Series 2014 was the partial refunding of the Series 2006 and Series 2008 with an aggregate principal amount of \$31,865,000 and \$98,660,000, respectively. The gross saving of the refunding was \$19,168,610, with a net present value savings of \$11,520,607. The issue provides for semi-annual principal and interest payments with interest rates ranging from 4% to 5% and a final maturity on September 1, 2035. This refinancing reduced the average interest rate from 4.97% to 4.31%. As of September 30, 2019, the City's liability for these bonds totaled \$119,545,000.

On April 19, 2016, the City sold \$158,930,000 of Water and Sewer Revenue and Revenue Refunding Bonds, Series 2016. The Series 2016 was the full refunding of the Series 2006, Series 2008, Series 2010 and to prepay all amounts outstanding for two (2) loans obtained by the City from the State of Florida (the "Refunded SRF Loan") with aggregate principal amount of \$53,045,000, \$31,010,000, \$72,375,000 and \$18,156,248, respectively. The gross savings on the refunding was \$41,392,215, with a net present value savings of \$18,957,141. The issue provides for semi-annual principal and interest payments with interest rates ranging from 2.0% to 5.0% and a final maturity on September 1, 2038. This refinancing reduced the average coupon rate from 4.44% to 3.29%. As of September 30, 2019, the City's liability for these bonds totaled \$132,915,000.

On, February 20, 2018, the City issued \$196,035,000 in Water and Sewer Revenue Bonds, Series 2018. The proceeds from the sale are being used to finance certain improvements and upgrades to the City's Water and Sewer system. The issue provides for semi-annual principal and interest payments with interest rates ranging from 3.5% to 4.0% and final maturity on September 1, 2048. As of September 30, 2019, The City's liability for these bonds totaled \$196,035,000.

On December 5, 2017, the City entered into a non-revolving line of credit agreement in the amount of \$13,000,000 with Regions Capital Advantage, Inc. to provide interim financing of a portion of the cost for design, construction and equipping of a multi-level parking structure. The loan is secured by Parking System revenues, carries an interest rate of 65.001% of 30-day LIBOR plus 46 basis points and has a term of 30 months which expires on June 1, 2020. As of September 30, 2019, the City's liability for this loan totaled \$7,018,919 and the remaining undrawn balance of the line of credit is \$5,981,081.

In an event of default in connection with (i) failure to make payment of the principal of or interest when due and payable or (ii) performance of any covenant, condition, agreement or provision (iii) material misrepresentations or warranty contained in the agreement or (iv) the dissolution or liquidation of the City, or filing of bankruptcy or any similar act, the Lender may proceed to protect and enforce its rights under the laws of the State of Florida and under the agreement.

Upon an event of default, the Non-Revolving Credit Note will bear interest at the fluctuating interest rate per annum equal to the lesser of (i) the interest rate otherwise applicable to the Non-Revolving Credit Note from time to time in effect plus 6.0% per annum and (ii) the maximum interest rate permitted by the laws of the State.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

Internal service funds predominantly serve the governmental funds. Accordingly, their long-term liabilities totaling \$44.7 million are included as part of the above totals for governmental activities. Also, for the governmental activities, compensated absences, net pension liabilities and net OPEB liabilities are generally liquidated by the General Fund.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The City advance refunds and/or defeases long-term debt primarily to reduce debt service requirements. As of September 30, 2019, the City has the following outstanding bonds, which were funded by the placement of assets in an irrevocable trust to be used for satisfying debt service requirements therefore the debt is not reported in the financial statements.

Description of Obligation	Year Defeased	Original Issue	Amount Defeased
Water and Sewer Revenue Bonds, Series 2010	2016	82,300,000	\$ 65,090,000
			<u>\$ 65,090,000</u>

12. CAPITAL LEASE

In June 2015 the City entered into a five-year lease agreement with Motorola Solutions for public safety radio equipment for \$2,308,690. The lease carries an interest rate of 2.39% with annual payments of principal and interest. The lease qualifies as capital leases for accounting purposes and, therefore has been recorded at the present value of the future lease payments as of the inception date in the Central Services fund. The capital assets and depreciation thereon acquired under the lease is also accounted for in the Central Services fund. As of September 30, 2019, the City's liability for this lease totaled \$483,803.

In August 2017, the City entered into a seven-year lease agreement with Motorola Solutions for public safety radio equipment for \$6,383,587. The lease carries an interest rate of 2.470% with annual payments of principal and interest. The lease qualifies as capital leases for accounting purposes and, therefore has been recorded at the present value of the future lease payments as of the inception date in the Central Services Fund. The capital assets and depreciation thereon acquired under the lease is also accounted for in the Central Services Fund. As of September 30, 2019, the City's liability for this lease totaled \$4,669,550.

The Motorola lease agreements has the following provisions in the event of default: (i) Lessee fails to make any Lease Payment (or any other payment) as it becomes due in accordance with the terms of the Lease, and any such failure continues for twenty (20) days after the due date thereof; (ii) Lessee fails to perform or observe any other material covenant, condition, or agreement to be performed or observed by it hereunder and such failure is not cured within twenty (20) days after receipt of written notice thereof by Lessor; (iii) the discovery by Lessor that any statement, representation, or warranty made by Lessee in this Lease or in writing ever delivered by Lessee pursuant hereto or in connection herewith is false, misleading or erroneous in any material respect; (iv) proceedings under any bankruptcy, insolvency, reorganization or similar legislation shall be instituted against or by Lessee, or a receiver or similar officer shall be appointed for Lessee or any of its property, and such proceedings or appointments shall not be vacated, or fully stayed, within twenty (20) days after the institution or occurrence thereof; or (v) an attachment, levy or execution is threatened or levied upon or against the Equipment.

On January 5, 2017, the City entered into a tax-exempt lease purchase agreement in the amount of \$2,055,750 with Banc of America Public Capital Corp. to finance the City's energy savings performance project. The proceeds of the financing were placed into an escrow deposit account with the escrow agent. The lease agreement carries an interest rate of 1.978% and has a 12 year term with annual debt service payments and expires on January 5, 2029. As of September 30, 2019, the City's liability for this lease totaled \$1,791,778.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

In an event of default in connection with (i) failure to make payment of the principal of or interest when due and payable or (ii) performance of any covenant, condition, agreement or provision (iii) material misrepresentations or warranty contained in the agreement or (iv) the dissolution or liquidation of the City, or filing of bankruptcy or any similar act, the Lender may proceed to protect and enforce its rights under the laws of the State of Florida and under the agreement. Upon the occurrence of an event of default, and as long as such event of default is continuing, Lessor may, at its option, exercise any one or more of the following remedies: (i) by written notice to Lessee, declare all amounts then due under the Lease, and all remaining lease payments due during the fiscal year in effect when the default occurs to be immediately due and payable, whereupon the same shall become immediately due and payable; (ii) request by written notice that Lessee promptly deliver the equipment to Lessor or its Assignee; and (iii) exercise any other right, remedy or privilege which may be available under applicable laws, to recover damages for the breach of this Lease or to rescind this Lease as to any or all of the equipment.

The future (minimum) lease obligations and the net present value of capital lease payments as of September 30, 2019 are as follows:

Year Ending September 30	Total
2020	\$ 1,678,256
2021	1,187,923
2022	1,193,102
2023	1,198,429
2024	1,203,909
Later Years	1,053,687
Total Lease Payments	\$ 7,515,306
Less: Amount of Interest	(570,175)
Present Value of Lease Payments	<u>\$ 6,945,131</u>

13. LANDFILL POST-CLOSURE COSTS

The Wingate landfill and incinerator was an active disposal site from 1954 to 1978. In 1990, the site was designated by the United States Environmental Protection Agency (USEPA) as a superfund site requiring the City to take remedial action. Based on the results of a 1994 Remedial Investigation and Feasibility Study, the USEPA agreed to various remedies including a single layer cap in 1996 in a final Record of Decision at an estimated remediation cost of \$20,500,000, which was recognized as a liability in the Sanitation Fund. In 1998, the City entered into an agreement with the Potentially Responsible Parties (PRPs), known as the Wingate Superfund Group, to oversee compliance with a 1998 Consent Decree between the City, the USEPA and the PRP's. As a result of the agreement, the City reduced its estimated remediation liability to \$10,000,000.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The consent decree provided for payment of expenses associated with the remediation, promoted cost effective response actions, allocated management and financial responsibilities and resolved claims for cost recovery between the parties. The consent decree was validated on December 28, 1999, allowing site remediation to commence. The agreement with the Wingate Superfund Group created a trust fund for collection and disbursement of funds for the remediation and limited the City's share of remediation costs to \$8,325,000, excluding ancillary costs. The Second Five-Year Review Report was issued by the USEPA in July 2011. Monitoring data suggest that cleanup levels are being achieved and O&M procedures are currently maintaining the effectiveness of the remedy. The remedy currently protects human health and the environment in the short term because the landfill cap construction is complete and the required institutional controls (groundwater and land use restrictions) are in place. Based upon a favorable USEPA report reducing the amount of required monitoring the liability was reduced by \$2,368,781. As of September 30, 2019, the liability is \$783,316 to provide for estimated post closure care costs.

14. FUND BALANCES

In accordance with the requirements of GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions", the City classifies governmental fund balances as follows:

- (A) Nonspendable – includes fund balance amounts that cannot be spent because they are either not in spendable form or legal or contractually required to be maintained intact.
- (B) Restricted – includes fund balance amounts that are constrained to be spent only for specific purposes which are externally imposed by creditors, grantors, contributors or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.
- (C) Committed – includes unrestricted fund balance amounts that can only be used for specific purposes pursuant to internal constraints imposed by the City's Code of Ordinances which can only be established, modified or rescinded through the passage of ordinances by the City Commission, the City's highest level of decision making authority.
- (D) Assigned – includes unrestricted fund balance amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed. Either the City Commission or the City Manager has the authority to assign amounts to a specific purpose. On September 17, 2013, City Commission by Resolution 13-179 authorized the City Manager to assign resources and ending fund balance.
- (E) Unassigned – includes the residual fund balance of the General Fund not included in the above nonspendable, restricted, committed or assigned categories. It may also include negative fund balances of other governmental funds resulting from expenditures for specific purposes, which exceeded restricted, committed or assigned amounts available for those purposes.

It is the City's policy to use restricted fund balances before unrestricted funds when both are available for a specific purpose unless contractual requirements, such as for a specific grant that requires dollar for dollar spending, prohibit doing so. In addition, the order of use for unrestricted fund balances available for a specific purpose is committed, assigned, and then unassigned amounts.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The Commission adopted a Fund Balance Policy by Resolution No.13-179 which is a financial standard to maintain the unrestricted fund balance for the General Fund at a level that is equivalent to two (2) months of operating expenditures and required transfers. Should the projected or actual unrestricted fund balance fall below this minimum, a plan will be submitted for consideration to achieve the minimum level within a three-year period. This plan will include a combination of cost reductions, revenue enhancements, and/or service reductions and should be submitted within 30 days of recognition of the fund shortfall.

Use of fund balance below the recommended threshold is permitted only in case of an emergency, or in the case of an unanticipated economic downturn, which causes a material loss of revenues. Non-recurring revenues shall not be used to balance the annual budget for recurring expenditures.

The details of individual governmental fund balances by category at September 30, 2019 follow:

	Nonmajor Governmental					Total

15. PENSION OBLIGATIONS

The City of Fort Lauderdale, sponsors two defined benefit plans – General Employees' Retirement System (GERS) and Police and Firefighters' Retirement System (PFRS). The General Employees' Retirement System and the Police and Firefighters' Retirement System each issue a publicly available audited GAAP financial report that includes financial statements and required supplementary information. The information reported below is a brief summary of information reported in more detail in the independently published financial statements for each pension plan. In addition, the City created a Post-Retirement Pay Steps Plan (PPS) for the Police and Firefighters' Retirement System member retirees.

A) Defined Benefit Plans - Plan Descriptions and Funding Policies

1. General Employees' Retirement System

The General Employees' Retirement System is a single-employer defined benefit plan administered by an eight-member board of trustees, which covers City employees, except police and firefighters. Through collective bargaining with the general, supervisory and professional City employees, a new single-employer defined contribution pension plan was established for Teamster Union employees hired on or after October 1, 2007, Supervisory Union employees hired on or after November 7, 2007, and all other Non-Union employees hired on or after February 20, 2008. The General Employees Retirement System was then closed to new entrants. Under Ordinance No. C-11-34, adopted on December 6, 2011, a Bonus Incentive Program was offered to members eligible for either early or normal retirement as of December 1, 2011. Eligible members were granted 30 additional months of service for both benefit and eligibility purposes if, during the election period from December 7, 2011 through February 1, 2012, they elect to retire between December 14, 2011 and March 16, 2012. There were 134 members who elected to retire under the Bonus Incentive Program. The impact of the Bonus Incentive Program reflects the replacement of 20% of the members who retired under the program with promotions of the highest-paid remaining active members. The salaries of expected promoted members were increased by 5%. The City's payroll for employees covered by the plan after the plan change applicable to the September 30, 2013 actuarial valuation was approximately \$57,217,000. The total City payroll at that time was approximately \$158,475,000. As of the valuation date, employee membership data related to the pension plan was as follows:

Retirees and beneficiaries currently receiving benefits	1,413
Inactive, Non retired members	95
Active Members	667
Total	<u>2,175</u>

Under the vesting provisions of the plan, employees are entitled to 100% of normal retirement benefits after 5 years of service. Members who terminate prior to vesting are entitled to a refund of employee contributions plus interest at 3% per year. Employees are eligible to retire after 30 years of service, regardless of age, or at age 55 with 5 years of service. Members who continue in employment past normal retirement may either accrue larger pensions or freeze their accrued benefit and enter the Deferred Retirement Option Plan (DROP). Each participant in the DROP has an account credited with benefits not received plus interest. Participation in the DROP must end no later than 36 months after normal retirement. Certain employees hired on or after October 1, 1983 electing reduced benefits are entitled to 100% of normal retirement benefits after 10 years of service beginning at age 65. These benefit provisions and all other requirements are established by City ordinance.

Employees contribute from 4% to 6% of their earnings to the plan. The City is required to contribute the remaining amounts necessary to fund the plan, based on an amount determined by the plan's actuaries as of September 30 each year. For the current year, the City's contribution rate as a percentage of annual covered payroll was 20.53% or \$8,824,651.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Net Pension Liability

The City's net pension liability (asset) was measured as of September 30, 2019. The total pension liability used to calculate the net pension liability was determined as of that date. The components of the net pension liability of the City at September 30, 2019 were as follows:

Total Pension Liability	\$ 690,499,384
Plan Fiduciary Net Position	<u>(666,877,340)</u>
City's Net Pension Liability	<u>\$ 23,622,044</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability (Asset)	96.58%

Actuarial Assumptions: The total pension liability in the September 30, 2018 actuarial valuation updated to September 30, 2019 was determined using the following actuarial assumptions, applied to all periods in the measurements:

Inflation	2.50%
Salary Increases	4.00% to 9.50% depending on age, including inflation
Investment Rate of Return	7.30%

Mortality RP-2000 Combined Healthy Participant Mortality Table for males and females with mortality improvements projected to all future years after 2000 using Scale BB.

The actuarial assumptions used in the September 30, 2018 valuation were based on the results of an actuarial experience study dated November 1, 2012 for the period from October 1, 2001 to September 30, 2011.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the targets asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2019 are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Domestic Equity	40.0%	5.8%
International Equity	15.0%	3.5%
Emerging Equity	12.0%	8.2%
Private Equity	5.0%	10.9%
Real Estate & Timber	10.0%	11.0%
Fixed Income	15.0%	2.9%
Cash	3.0%	-0.5%
Total	<u>100.00%</u>	

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Discount Rate: A single discount rate of 7.30% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on Pension Plan investments of 7.30%. The projection of cash flows used to determine this single discount rate assumed that Plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on Pension Plan investments (7.30%) was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate assumption changed from 7.40% to 7.30%.

Changes in the Net Pension Liability (Asset)

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Pension expense and deferred outflows/inflows of resources related to pensions: For the year ended September 30, 2019, the City recognized a pension expense of \$14,416,082. At September 30, 2019, the City reported deferred outflows and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ -	\$ 2,687,552
Changes in Assumptions	2,984,791	-
Net Difference Between Projected and Actual Earnings on Pension Investments	358,180	-
Total	<u>\$ 3,342,971</u>	<u>\$ 2,687,552</u>

Amounts reported as deferred outflows of resources related to pension will be recognized in pension expense as follows:

Year ending September 30,	Net Deferred Outflows of Resources
2020	\$ (6,930,457)
2021	(4,154,082)
2022	4,821,808
2023	6,918,150
2024	-
Thereafter	-
Total	<u>\$ 655,419</u>

Historical trend information is presented in required supplementary information schedules following these notes to show the changes in the net pension liability and the contributions to the plan. (See page 97).

The Plan issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained online at www.citypension.com or by writing the Board of Trustees:

Board of Trustees of the City of Fort Lauderdale General Employees' Retirement System
316 NE Fourth Street, Suite 2
Fort Lauderdale, FL 33301

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

2. Police and Firefighters' Retirement System

The Police and Firefighters' Retirement System is a single-employer defined benefit plan administered by a seven-member board of trustees, which covers all police and firefighters.

Plan membership as of October 1, 2018:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	1,080
Inactive Plan Members Entitled to but Not Yet Receiving Benefits	24
Active Plan Members	793
Total	<u>1,897</u>

Under the vesting provisions of the plan, employees are entitled to 100% of normal retirement benefits after 10 years of service. Members who terminate prior to vesting are entitled to a refund of employee contributions plus interest at 3% per year. Employees are eligible to retire after 20 years of service, regardless of age, or at age 55 with 10 years of service. Members who continue in employment after completion of 20 years of service may either accrue larger pensions or freeze their accrued benefit and enter the Deferred Retirement Option Plan (DROP). Each participant in the DROP has an account credited with benefits not received plus interest. Participation in the DROP must end no later than 60, 72, 84 or 96 months after normal retirement depending on years of service. These benefit provisions and all other requirements are established by City ordinance.

Employees hired on or before April 18, 2010 contribute 8.25% of their earnings to the plan. Employees hired after April 18, 2010 contribute 8.5% of their earnings to the plan. In addition, contributions in the amount of \$6,743,190 were received from the State of Florida from fire and casualty insurance premium taxes. These on-behalf payments were also recognized as tax revenues and public safety expenditures in the General Fund. The City is required to contribute the remaining amounts necessary to fund the plan, based on an amount determined by the plan's actuaries as of October 1 each year. For the current year, the City and State of Florida contribution rates as percentages of annual covered payroll were 23.77% (\$18,108,528) and 8.85% (\$6,743,190), respectively.

For measurement date September 30, 2019, the inflation assumption rate has been updated from 2.75% to 2.25% to match the long-term inflation assumption utilized by the Plan's investment consultant.

Net Pension Liability

The City's net pension liability was measured as of September 30, 2019. The total pension liability used to calculate the net pension liability was determined as of that date. The components of the net pension liability of the City at September 30, 2019 were as follows:

Total Pension Liability	\$ 1,030,710,899
Plan Fiduciary Net Position	(962,058,994)
City's Net Pension Liability	<u>\$ 68,651,905</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	93.34%

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Actuarial Assumptions: The total pension liability was determined by an actuarial valuation as of October 1, 2018 updated to September 30, 2019 using the following actuarial assumptions applied to all measurement periods:

Inflation	2.75%
Salary Increases	0.50% - 3.00% Expected increase in annual salary in addition to 2.75% inflationary component.
Discount Rate	7.30%
Investment Rate of Return	7.30%

Mortality rates were based on the RP-2000 Generational Annuitant White Collar Scale BB. Disability mortality rates RP-2000 Disabled, no projection scale. The most recent actuarial experience study used to review the other significant assumptions was dated July 10, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. For fiscal year 2019, the inflation rate assumption of the investment advisor was 2.50%. These ranges are combined to produce the long term expected rate by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2019 are summarized in the following table:

Asset Class	Target Allocation
Domestic Equity	30.00%
International Equity	15.00%
Domestic Bonds	20.00%
Real Estate	15.00%
Other	20.00%
Total	100.00%

Discount Rate: The discount rate used to measure the total pension liability was 7.30%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current rate and that sponsor contribution will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate assumption changed from 7.35% to 7.30%

Historical trend information is presented in required supplementary information schedules following these notes to show the changes in the net pension liability and the contributions to the plan. (See page 100).

Changes of benefit terms

For measurement date 09/30/2019, amounts reported as changes of benefit terms resulted from the provisions of Chapter 112.1816, Florida Statutes. The Statutes state that, effective July 1, 2019, a death or disability (under the Plan's definition of total and permanent disability) for a Firefighter due to the diagnosis of cancer or circumstances that arise out of the treatment of cancer will be treated as duty related.

For measurement date 9/30/18, as outlined in the July 2, 2018 actuarial impact statement, there have been a number of changes to the plan provisions. The specific changes are as follows:

1. Provided provisional language for firefighters to purchase prior firefighter or military service at an amount equal to the full actuarial cost, as determined by the actuary for the retirement system.
2. Increased the member contribution rate for all active members to 10% of pensionable earnings. This increase was effective October 1, 2018 for firefighters and October 1, 2017 for police officers.
3. Provided for a permissible DROP extension for members who were participating in the DROP with a DROP period of less than ninety-six (96) months. The applicable extension would be for an additional twelve (12) or twenty-four (24) months of DROP participation, such that the total DROP participation would not exceed ninety-six (96) months.
4. Tier 1 members participating in DROP shall contribute 1.75% of salary. This requirement was effective October 1, for firefighters and October 1, 2017 for police officers. It is our understanding that no DROP participants will receive a refund of contributions made while in DROP, regardless of length of participation.
5. Tier 2 members participating in DROP shall contribute 10% of salary for the first five (5) years of DROP participation, and 1.50% of salary for each year thereafter. It is our understanding that no DROP participants will receive a refund of contributions made while in DROP, regardless of length of participation.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The Plan issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained online at www.ftlaudpfpension.com or by writing the Board of Trustees:

Board of Trustees of the City of Fort Lauderdale Police and Firefighters' Retirement System
888 S. Andrews Avenue, Suite 202
Fort Lauderdale, Florida 33316

3. Post-Retirement Pay Steps Plan

The Post-Retirement Pay Steps Plan ("PPS") for the Police and Firefighters' Retirement System ("PFRS") was created on December 4, 2018 to offer post-retirement payments to member retirees who were or are employed by the City as police officers on or after October 1, 2017, and for firefighters on or after October 1, 2018. The Post-Retirement Pay Steps Plan Trust is a single-employer defined benefit plan and administered by the City of Fort Lauderdale Commission as the Board of Trustees with a Trust Administrator responsible for the day-to-day administration and is contained within the OPEB Trust as a separate plan. For more information see Note 16.

To be eligible for a post retirement pay step, a member of the City's Police and Firefighters' Retirement System must have attained a normal retirement from the City and separated from City Service, entry into DROP and the term of any DROP participation does not count toward the timing of the PPS.

Plan membership as of October 1, 2018:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	0
Inactive Plan Members Entitled to but Not Yet Receiving Benefits	0
Active Plan Members	927
Total	<u>927</u>

The Plan provides for five post-retirement pay steps. The steps shall be payable annually and each step shall take effect every third year until five steps have been achieved. To be eligible for a PPS, the member must have retired (including the end of DROP) and separated from the City for a period of three years. The value of any individual PPS shall be based on the normal retirement benefit of the member, exclusive of any amount paid from the DROP. The initial PPS shall be equal to three percent (3%) of the individual's base retirement benefit and each subsequent PPS shall be three percent (3%) of the preceding step by multiplying the preceding amount by 1.03.

Contribution: Benefit provisions and City contribution requirements are established and may be amended by the City Commission. The PPS may be altered or eliminated for members covered by a collective bargaining agreement through future negotiations and adoption of an ordinance. As of September 30, 2019, there were 927 employees eligible for participation in the future. Contributions totaled \$1,457,703.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Net Pension Liability

The City's net pension liability was measured as of September 30, 2019. The total pension liability used to calculate the net pension liability was determined as of that date. The components of the net pension liability of the City at September 30, 2019 were as follows:

Total Pension Liability	\$ 30,072,033
Plan Fiduciary Net Position	(1,461,963)
City's Net Pension Liability	<u>\$ 28,610,070</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	4.86%

Actuarial Assumptions: The total pension liability was determined by an actuarial valuation as of October 1, 2018 using the following actuarial assumptions:

Inflation	2.75%
Salary Increases	0.50% to 3.00%
Discount Rate	7.00%
Investment Rate of Return	7.00%

Mortality RP-2000 Combined Healthy Participant Mortality Table for males and females with mortality improvements projected to all future years after 2000 using Scale BB. The most recent actuarial experience study used to review the other significant assumptions was performed for the Police and Firefighters' Retirement System dated July 10, 2015.

The long-term expected rate of return on pension plan investments can be determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. For 2019 the inflation rate assumption of the investment advisor was 2.75%. These ranges are combined to produce the Long-Term Expected Rate of Return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in the Pension Plan's target asset allocation as of September 30, 2019 are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Domestic Equity	40.00%	4.90%
International Equity	17.00%	4.80%
Fixed Income	40.00%	2.40%
Real Estate	3.00%	3.80%
	<u>100.00%</u>	

Discount Rate: The Discount Rate used to measure the Total Pension Liability was 7.00 percent. The projection of cash flows used to determine the Discount Rate assumed that PPS shall be funded through direct City appropriation. Based on those assumptions, the Pension Plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the Long-Term Expected Rate of Return on Pension Plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The Post-Retirement Pay Steps Plan does not issue a separate financial report. Historical trend information is presented in required supplementary information schedules following these notes to show the changes in the net pension liability and the contributions to the plan. (See page 100).

B) Defined Contribution Plans

1. General Employees Defined Contribution Plan

The General Employees Defined Contribution Plan is a single-employer defined contribution plan administered by ICMA Retirement Corporation (ICMA-RC), which covers all City employees hired on or after October 1, 2007, except police and fire. The City's current year payroll for employees covered by the plan was approximately \$57,122,198. The total City payroll for the year was approximately \$225,412,427.

The City contribution requirement of 9% on earnings of participants was paid on a biweekly basis and amounted to \$4,766,444 for the current year. Employee contributions are neither required nor permitted under the plan. Employees become fully vested in the plan upon entry. These benefit provisions and all other requirements are established by City ordinance.

2. General Employees Special Class Plan

The General Employees Special Class Plan is a single-employer defined contribution plan administered by ICMA-RC. It is available to City employees (except police and firefighters) as an alternative to participation in the General Employees' Retirement System. The City's current year payroll for employees covered by the plan was approximately \$63,467. The total City payroll for the year was approximately \$225,412,427.

The City contribution requirement of 20.98% on earnings of participants was paid on a biweekly basis and amounted to \$10,868 for the current year. Employee contributions are neither required nor permitted under the plan. Employees become fully vested in the plan upon entry. These benefit provisions and all other requirements are established by City ordinance. This plan is no longer available to new entrants.

3. Non-classified Employees Retirement Plan

The Non-classified Employees Retirement Plan is a single-employer defined contribution plan administered by ICMA-RC, which covers certain non-classified City employees who have elected not to participate in the City's General Employees' Retirement System. The City's current year payroll for employees covered by the plan was approximately \$2,477,906. The total City payroll for the year was approximately \$225,412,427.

The City contribution requirement of 19.89% on earnings of participants was paid on a biweekly basis and amounted to \$437,529 for the current year. Employee contributions are neither required nor permitted under the plan. Employees become fully vested in the plan upon entry. These benefit provisions and all other requirements are established by City ordinance. Effective October 1, 2012 the plan was closed to new entrants.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

16. POST-EMPLOYMENT BENEFITS

Plan Description

The City provides a single employer defined benefit post-employment health insurance benefit to its general employees, sworn police officers and certified firefighters. Employees are paid from \$100 to \$400 per month upon normal retirement for the purchase of health insurance. Non-Union Management and Confidential employees hired on or after October 1, 2012 shall not be eligible for any contribution from the City. Employees hired under the Fraternal Order of Police and the Federation of Public Employees on or after April 1, 2014, are no longer eligible for this contribution. Teamsters' employees hired on or after December 17, 2014 and employees hired under the International Association of Firefighters hired on or after June 16, 2015, are not eligible.

Benefits provided: The benefit continues until age 65 and is funded on a pay-as-you-go basis. In addition, pursuant to Section 112.0801, Florida Statutes, general employees and certified firefighters who retire from the City may continue their participation in a City sponsored health and/or dental insurance plan at the same premiums applicable to active employee. Since retiree claims are expected to result in higher costs to the plans, on average, than those for active employees on an actuarial basis, there is an implicit subsidy included in the premiums for the retirees. Payments totaled \$6,767,763 for the year, of which retiree implicit subsidies amounted to \$4,710,349.

Contributions: Benefit provisions and City contribution requirements are established and may be amended by the City Commission. As of September 30, 2019, there were 564 retired employees receiving a monthly benefit with an additional 2,148 employees eligible for participation in the future. Contributions totaled \$13,059,613.

The Other Post-Employment Benefits (OPEB) Trust is administered by the City of Fort Lauderdale Commission as the Board of Trustees with a Trust Administrator responsible for the day-to-day administration. The Trust was established on September 16, 2014 and covers former City employees who are eligible for certain post-employment benefits. As of September 30, 2019, \$33,887,496 was invested in the OPEB Trust fund. The OPEB Trust does not issue a separate financial report.

Plan membership: As of September 30, 2019, the membership consisted of the following:

Active Plan Members	2,148
Inactive plan members receiving benefit payments	<u>564</u>
Total	<u><u>2,712</u></u>

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Net OPEB Liability

The City's net OPEB liability was measured as of September 30, 2019. The total OPEB liability used to calculate the net OPEB liability was determined as of that date. The components of the net OPEB liability of the City at September 30, 2019 were as follows:

Total OPEB Liability	\$ 71,713,402
Plan Fiduciary Net Position	(33,887,496)
City's Net OPEB Liability	<u>\$ 37,825,906</u>
Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	47.25%

Actuarial Assumptions: The total OPEB liability was determined by an actuarial valuation as of October 1, 2018 using the following actuarial assumptions applied to all measurement periods:

Inflation	4.75% per annum
Salary Increases	3.0%
Discount Rate	7.00% (6.0% and 8.0% are illustrated for sensitivity)
Investment Rate of Return	7.00%
Mortality	RP 2014 Mortality, with Scale MP20148
Healthcare Trend Rate	4.75% in year 1, 7.20% in year 2 decreasing to an ultimate rate of 5.0%

Investments

Investment policy: The OPEB investment policy applies to the investment activities of the Other Post-Employment Benefits Trust ("OPEB Trust") for employees of the City of Fort Lauderdale. The City Commission serves as the OPEB Board of Directors ("Board") and has delegated the responsibility for conducting investment transactions with the Trust Administrator ("TA"). The purpose of this policy is to provide the TA with guidance for the administration of the Trust.

The long-term expected rate of return on the plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The long-term investment objective of the OPEB Trust is to provide for participant benefit needs. The goal of the OPEB Trust is to use a passive management strategy to invest in low-cost funds. The TA shall review and monitor the actuarial assumptions to provide for participant benefits' needs and make changes as necessary upon receipt of the actuarial report.

The annual money-weighted rate of return that expresses investment performance, net of investment expense, adjusted for changes in the amount invested was 7.47%.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Rate of Return
Domestic Equity	40.0%	7.4%
Fixed Income	40.0%	4.9%
Real Estate	3.0%	6.3%
International Equity	17.0%	7.3%
Total	100.00%	

Discount Rate: The discount rate used to measure the total OPEB liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in Net OPEB Liability

	Increase (Decrease)		
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Balances at September 30, 2019	\$ 49,793,974	\$ 26,672,110	\$ 23,121,864
Changes for the year:			
Service Cost	1,542,169	-	1,542,169
Interest on Total OPEB Liability	4,812,017	-	4,812,017
Differences between expected and actual experience on Total OPEB Liability	-		-
	22,045,568		22,045,568
Contributions - Employer	-	13,059,613	(13,059,613)
Assumption Changes	287,437	-	287,437
Net Investment Income	-	923,536	(923,536)
Benefit Payments	(6,767,763)	(6,767,763)	-
Net Changes	21,919,428	7,215,386	14,704,042
Balances at September 30, 2019	\$ 71,713,402	\$ 33,887,496	\$ 37,825,906

Sensitivity of the net OPEB liability to changes in the discount rate: The following presents the net OPEB liability of the City, calculated using the discount rate of 7.0%, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1% point lower (6.0%) or 1% point higher (8.0%) than the current rate:

	Discount Rate		
	1% Decrease 6.00%	Rate Assumption 7.00%	1% Increase 8.00%
	Net OPEB Liability	\$ 41,426,172	\$ 37,825,906

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rate: The following presents the net OPEB liability of the City, calculated using the healthcare discount rate of 4.75%, as it would be if it were calculated using trend rates that are 1% point lower (3.75%) or 1% point higher (5.75%) than the current trend rate:

	Healthcare Cost		
	1% Decrease	Trend Rates	1% Increase
	3.75%	4.75%	5.75%
Net OPEB Liability	\$ 34,348,871	\$ 37,825,906	\$ 41,559,050

OPEB expense and deferred outflows/inflows of resources related to OPEB: For the year ended September 30, 2019, the City recognized an OPEB expense of \$10,893,695. At September 30, 2019 the City reported deferred outflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 18,783,799	\$ -
Changes in Assumptions	232,998	-
Net Difference Between Projected and Actual Earnings on Pension Investments	805,662	-
Total	\$ 19,822,459	\$ -

Amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending September 30,	Net Deferred Outflows of Resources
2020	\$ 4,539,509
2021	4,539,510
2022	4,481,150
2023	4,570,449
2024	1,285,828
Thereafter	406,013
Total	\$ 19,822,459

Historical trend information is presented in required supplementary information schedules following these notes to show the changes in the net OPEB liability and the contributions to the plan. (See page 103).

17. DEFERRED COMPENSATION PLAN

The City offers a deferred compensation plan to its employees in addition to the pension plans. Participation is optional. The City has adopted the provisions of IRS Code Section 457(g) and GASB Statement No. 32, "Accounting and Financial Reporting for IRS Code Section 457 Deferred Compensation Plans". Under these provisions, all assets and income of the plan are held in trust for the exclusive benefit of participants. Accordingly, the assets and liabilities of the plan are not reported within the City's financial statements.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

18. OPERATING LEASES

On September 1, 1962, the City entered into a lease agreement as lessor with Bahia Mar Yachting Center, Inc. (Bahia Mar) for the purpose of constructing and operating a restaurant, lounge, yacht club, motel/hotel, convention hall, marine facilities and other similar businesses. The cost of the property at the inception of the lease was \$552,000. On June 30, 1994, this lease was assumed by RAHN Bahia Mar, LTD. and, as amended, will terminate on August 31, 2062, at which time, all additions to the property originally leased to Bahia Mar will revert to the City. The lease agreement provides for a minimum guaranteed annual rental of \$300,000 per year. In addition, the City receives contingent rentals (\$1,331,405 in 2019) based upon escalating percentages of gross receipts for the duration of the agreement. Minimum future rentals on this lease as of September 30, 2019 follow:

Fiscal Year Ending in:	Bahia Mar Lease
2020	\$ 300,000
2021	300,000
2022	300,000
2023	300,000
2024	300,000
Later Years	11,400,000
	<u>\$ 12,900,000</u>

The City has various aviation leases and non-aviation land leases, which are accounted for as operating leases in the Airport Fund. The cost and carrying amount of the property at the inception of the leases were \$2,677,713. Minimum future rentals on these leases as of September 30, 2019 follow:

Fiscal Year Ending in:	Aviation Leases	Land Leases	Total
2020	\$ 3,517,945	\$ 4,381,828	\$ 7,899,773
2021	3,514,267	4,381,828	7,896,095
2022	3,514,267	4,339,328	7,853,595
2023	3,467,906	4,211,828	7,679,734
2024	3,397,071	4,211,828	7,608,899

19. COMMITMENTS AND CONTINGENT LIABILITIES

The City has outstanding encumbrances in the governmental funds, as well as, other significant commitments in the various enterprise funds. The following is a summary of these commitments at September 30, 2019:

Governmental Funds	
General Fund	\$ 2,708,187
Nonmajor Governmental Funds	
Special Revenue Funds	
Community Redevelopment Agency Fund	14,308,784
Beach Business Improvement District Fund	62,882
Building Fund	1,461,231
Nuisance Abatement Fund	5,510
	<u>15,838,407</u>
Capital Projects Funds	
General Capital Projects Fund	10,424,299
Gas Tax Fund	207,866
General Obligation Construction 2005 and 2011A Fund	2,280,611
Community Redevelopment Agency Projects Fund	26,408,456
Park Impact Fee Projects Fund	2,005,092
	<u>41,326,324</u>
Enterprise Funds	
Water and Sewer	45,034,130
Nonmajor Enterprise Funds	
Sanitation Fund	724,015
Cemetery Fund	120,906
Parking System Fund	1,316,825
Airport Fund	2,132,055
Stormwater Fund	3,416,410
	<u>7,710,211</u>
Total Commitments and Contingent Liabilities	<u>\$ 112,617,259</u>

Various substantial lawsuits have been filed against the City including personal injury claims, liability claims related to police activities and general liability claims. The estimated liabilities related to the various claims have been accrued in the City's insurance internal service funds. In the opinion of City management, the expected liability for these claims would not materially exceed the amounts recorded in the financial statements.

As of September 30, 2019, the City recognized a liability of \$18,000,000 in the City Insurance Fund related to a class action filed by residents of the Durrs Neighborhood and surrounding areas. The claims arise out of alleged exposure to contaminants caused by the operations at the Lincoln Park municipal waste incinerator between the 1920s and 1950s, as well as activities surrounding the demolition of Lincoln Park Elementary School and the construction of the One Stop Shop municipal building.

20. TAX ABATEMENTS

The Fort Lauderdale Community Redevelopment Agency (CRA) comprises of three distinct CRAs areas: Central Beach, Northwest-Progresso-Flagler Heights and Central City. The CRAs were established in 1989, 1995, and 2012, respectively, and are charged with eliminating and/or reversing blighting conditions within its three project areas.

The CRA has established incentive programs designed to promote development and redevelopment within the City to eliminate slum and blight, remove deterioration, update existing buildings, and encourage new investment/development with an emphasis on enhancing the overall CRA, improving the quality of existing buildings, and attracting new construction. The CRA's economic development agreements are authorized under the State of Florida Statutes, Chapter 13.

Eligible Area: All properties within the CRA that are owned by an organization that fully contributes to the tax increment income are eligible.

Eligible Properties: All commercial, multifamily, or mixed-use buildings in the CRA with uses permitted by applicable land use codes or approved conditional uses that have had substantial capital improvements or new construction.

Eligible Project Costs: The benefits of this program are based on capital improvements on existing properties or the development cost of new buildings that result in a substantial increase of Ad Valorem Tax (Property Tax).

Basis/Limits of Benefits: Property Tax Reimbursement (PTR) are disbursed upon verification that property taxes for the year has been paid. A PTR award will run for a maximum of five (5) years and the limits are as follows:

- Year 1 – 95% of real property Ad Valorem taxes returned to the CRA as tax increment revenue
- Year 2 – 90% of real property Ad Valorem taxes returned to the CRA as tax increment revenue
- Year 3 – 85% of real property Ad Valorem taxes returned to the CRA as tax increment revenue
- Year 4 – 80% of real property Ad Valorem taxes returned to the CRA as tax increment revenue
- Year 5 – 75% of real property Ad Valorem taxes returned to the CRA as tax increment revenue

On December 16, 2016, the CRA entered into a Property Tax Reimbursement Agreement with 315 Flagler LP (Developer) to develop an eighteen (18) story Tier 1 Flag Hotel. The total increment payments to the Developer shall not exceed \$1,711,020. Reimbursements under this incentive program will only commence following completion of the project and once all the conditions of the agreement have been met. No reimbursement payments were processed for this agreement in FY2019.

21. NEW ACCOUNTING PRONOUNCEMENTS

Implemented

In November 2016, the GASB issued Statement No. 83, "*Certain Asset Retirement Obligation*". This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. It requires the measurement of an ARO to be based on the best estimate of the current value of outlays expected to be incurred and requires the current value of a government's AROs to be adjusted for the effects of general inflation or deflation at least annually. The provisions of this Statement are effective for financial statements for the City's financial year ending September 30, 2020. There was no impact to the City.

In April 2018, the GASB issued Statement No. 88, "*Certain Disclosures Relates to Debt, Including Direct Borrowings and Direct Placements*". The objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. The provisions of this Statement are effective for financial statements for the City's financial year ending September 30, 2020. The impact of this statement can be found on Note 11.

In June 2018, GASB issued Statement No. 89 "*Accounting for Interest Cost Incurred Before the End of a Construction Period*". This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The provisions of this Statement are effective for financial statements for the City's financial year ending September 30, 2022. The City is no longer capitalizing the interest cost incurred before the end of a construction period. Interest capitalization balance as of September 30, 2019 totaled \$2,424,464.67. This balance will continue to reduce as projects are capitalized.

Not Yet Implemented

In January 2017, the GASB issued Statement No. 84, "*Fiduciary Activities*". The objective of this GASB is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The focus of the criteria is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The provisions of this Statement are effective for financial statements for the City's financial year ending September 30, 2021.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

In June 2017, the GASB issued Statement No. 87, "*Leases*". The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions of this Statement are effective for financial statements for the City's financial year ending September 30, 2022.

In August 2018, GASB issued Statement No. 90 "*Majority Equity Interest*". The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization to improve the relevance of financial statement information. The provisions of this Statement are effective for financial statements for the City's financial year ending September 30, 2021.

In August 2018, GASB issued Statement No. 91 "*Conduit Debt Obligations*". The primary objectives of this Statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The provisions of this Statement are effective for financial statements for the City's financial year ending September 30, 2022.

In January 2020, GASB issued Statement No. 92, "*Omnibus 2020*". The objectives of this Statement are to provide enhance comparability in accounting and financial reporting and improve the consistency of authoritative literature for the application of certain GASB Statements as follows:

- Statement No. 87, *Leases*, and Implementation Guide No. 2019-3, *Leases*, for interim financial reports
- Reporting of intra-entity transfers of assets between a primary government employer and a component unit defined benefit pension plan or defined benefit other post-employment benefit (OPEB) plan
- The applicability of Statements No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, as amended*, and No. 74, *Financial Reporting for Postemployment*

Benefit Plans Other Than Pension Plans, as amended, to reporting assets accumulated for postemployment benefits:

- The applicability of certain requirements of Statement No. 84, *Fiduciary Activities*, to postemployment benefit arrangements
- Measurement of liabilities (and assets, if any) related to asset retirement obligations (AROs) in a government acquisition
- Reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers
- Reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature
- Terminology used to refer to derivative instruments.

The provisions of this Statement are effective as follows:

- Statement 92, paragraphs 6 and 7—fiscal years beginning after June 15, 2021
- Statement 92, paragraphs 8, 9, and 12—reporting periods beginning after June 15, 2021
- Statement 92, paragraph 10—government acquisitions occurring in reporting periods beginning after June 15, 2021
- Statement 93, paragraphs 13 and 14—fiscal years beginning after June 15, 2021, and all reporting periods thereafter

In March 2020, GASB issued Statement No. 93, *“Replacement of Interbank Offered Rates”*. The objectives of this Statement are to address accounting and financial reporting implications that result from the replacement of an interbank offered rate (IBOR). The removal of the London Interbank Offered Rate (LIBOR) as an effective interest rate is effective for the City’s financial year September 20, 2021. All other provisions of this Statement are effective for the City’s financial year September 30, 2022.

In March 2020, GASB issued Statement No. 94, *“Public-Private and Public-Public Partnerships and Availability Payment Arrangements”*. The primary objective of this Statement is to provide financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs) and provides guidance for accounting and financial reporting for availability payment arrangements (APA’s). The provisions of this Statement are effective for the City’s financial year September 30, 2023.

In May 2020, GASB issued Statement No. 95, *“Postponement of the Effective Dates of Certain Authoritative Guidance”*. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

- GASB issued Statement No. 83, *“Certain Asset Retirement Obligations”*. Postponed until September 30, 2020
- GASB issued Statement No. 88, *“Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements”*. Postponed until September 30, 2020
- GASB issued Statement No. 84, *“Fiduciary Activities”*. Postponed until September 30, 2021
- GASB issued Statement No. 87, *“Leases”*. Postponed until September 30, 2022
- GASB issued Statement No. 89, *“Accounting for Interest Cost Incurred before the End of a Construction Period”*. Postponed until September 30, 2022
- GASB issued Statement No. 90, *“Majority Equity Interests”*. Postponed until September 30, 2021
- GASB issued Statement No. 91, *“Conduit Debt Obligations”*. Postponed until September 30, 2022

Management has not determined what impact these GASB statements might have on its financial statements.

22. SUBSEQUENT EVENTS

On February 12, 2020, the City issued General Obligation Bonds, Series 2020A (Parks and Recreation Projects) for \$75,755,000 and General Obligation Bonds, Series 2020B (Police and Public Safety Projects) for \$92,290,000.

The proceeds from the General Obligation Bonds, Series 2020A sale are being used to finance a portion of the costs of developing, designing, acquiring, constructing, enlarging, renovating, equipping, installing, improving and furnishing the Parks and Recreation Projects. The issue provides for annual principal and interest payments with interest rates ranging from 2.1% to 5.0% and a final maturity on July 1, 2049.

The proceeds from the General Obligation Bonds, Series 2020B sale are being used to finance a portion of the costs of developing, designing, acquiring, constructing, enlarging, renovating, equipping, installing, improving of police and public safety facilities, equipment and technology. The issue provides for semi-annual principal and interest payments with interest rates ranging from 2.2% to 5.0% and a final maturity on July 1, 2049.

CITY OF FORT LAUDERDALE, FLORIDA

BASIC FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2019

On February 12, 2020, the City entered into a non-revolving line of credit agreement in the amount of \$70,500,000 with PNC Bank, National Association to provide interim financing of a portion of the costs of the acquisition, construction, development, extension, enlargement, improvement, renovation, equipping and furnishing of stormwater improvements. The interest rate on the non-revolving line of credit is subject to change based on a variable rate per annum equal to seventy-nine percent (79%) of the Federal Funds Effective Rate, plus seventy-six basis points (0.0076). The variable rate will adjust daily according to changes in the Federal Funds Effective Rate and shall not exceed the maximum interest rate permitted by the laws of the State of Florida. The non-revolving line of credit provides a full ten-year term-out at the conclusion of the draw period. The term out would be priced at the Prime Rate plus 1% and can be paid off at any point without penalty. Final maturity date on the non-revolving line of credit is February 12, 2035.

Since December 2019, the City has experienced a series of sewer line breaks in several neighborhoods, resulting in approximately 200 million gallons of wastewater discharge being spilled into City streets and waterways and creating a need for the City to undertake sewer line repairs and environmental remediation. The City managed and responded to these incidents with an “all hands-on deck” effort, which involved multiple City agencies implementing the National Incident Management System approach to emergency events. The breaks in the sewer lines have been fixed by utilizing various emergency repairs, while long-term corrections and sewer line replacements are being implemented. The Florida Department of Environmental Protection has announced that it is fining the City nearly \$1.8 million for the series of sewer line breaks the City has experienced since December. The City is unable to quantify the financial impact at this time.

In December 2019 a respiratory disease caused by a novel strain of coronavirus was detected in China. The disease has since spread to other countries, including the United States of America, producing sickness and deaths in the places where it has spread. The disease was declared a Public Health Emergency of International Concern on January 30, 2020 and named “COVID-19” on February 11, 2020, each by the World Health Organization. Currently, no proven cure or effective treatment exists for COVID-19 and no vaccine to limit contraction of the disease is available. The outbreak of COVID-19 has affected travel, commerce and financial markets globally, and is widely expected to have a significant impact on economies worldwide. While the potential impact of COVID-19 on the City cannot be predicted with any reasonable degree of certainty at this time, the continued spread of the disease, containment, and efforts designed to mitigate its effects could negatively impact the financial and operating condition of the City. At this time, the City has identified an estimated \$19.2 million revenue shortfall in the General Fund for FY2020 and has recommended the following reduction strategies to the General Fund to offset the projected revenue shortfalls. The City is implementing a hiring slowdown for non-public safety vacancies that could result in an estimated \$1.8 million in savings to the General Fund; savings in operating expenditure associated with having non-essential City operations closed during the COVID-19 crisis is anticipated to save \$5.8 million during FY2020; and a reduction/deferment to the Community Investment Plan (CIP) in the amount of \$11.5 million for projects that could be delayed or cancelled due to changes that have occurred since the funding was originally appropriated. Many of the immediate cost reduction strategies for the General Fund also apply to other funds.

The City of Fort Lauderdale incurred expenditures between fiscal years 2017 and 2019 to recover from damages caused by Hurricane Irma, which occurred in September 2017. The City submitted project worksheets in the amount of \$32.3 million and \$31.1 million has been obligated. In October 2019, the City was notified that Federal Emergency Management Agency (FEMA) approved more than \$18.7 million in reimbursement. The expenses related to Hurricane Irma will be reflected in the single audit in fiscal year 2020, along with the corresponding revenues recorded in the Intergovernmental Revenue Fund, eliminating the negative fund balance.

Contributions as a Percentage of Covered Payroll	20.53%	23.17%	30.85%	26.68%	26.82%	25.40%

Notes to Schedule:

Valuation Date: 9/30/2017

Actuarially determined contribution rates are calculated as of September 30, which is two year(s) prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Entry Age Normal

Amortization Method: Level Dollar, Closed

Remaining Amortization Period: 25 Years

Asset Valuation Method: 5-year smoothed market

Inflation: 2.50%

Salary Increases: 4.00% to 9.50% depending on age, including inflation

Investment Rate of Return: 7.40%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition.

Mortality: RP-2000 Combined Healthy Participant Mortality Tables for preretirement mortality and RP-2000 Mortality for post-retirement mortality, with mortality improvements projected to all future years after 2000 using Scale BB. Base mortality rate for males have a 50% blue collar and 50% white collar adjustment. For females, a 100% white collar adjustment.

*Note: This is a 10-year schedule. However, the information in this schedule is not required to be presented retroactively. Years will be added to this schedule in future fiscal years until 10 years of information is available.

*Note: This is a 10-year schedule. However, the information in this schedule is not required to be presented retroactively. Years will be added to this schedule in future fiscal years until 10 years of information is available.

Change of assumptions: For measurement date 09/30/2019, amounts reported as changes of assumptions resulted from lowering the investment return assumption from 7.35% to 7.30% per year, net of investment related expenses. For measurement date 09/30/2018, amounts reported as changes of assumptions resulted from lowering the investment return assumption from 7.40% to 7.35% per year, net of investment related expenses. For measurement date 09/30/2017, as required by Chapter 2015-157, Laws of Florida, the assumed rates of mortality have been changed from those in the July 1, 2015 FRS valuation report to those used in the July 1, 2016 FRS valuation report. Additionally, the investment rate of return was lowered from 7.50% to 7.40%, net of investment related expenses. Finally, the inflation rate assumption has been updated from 2.30% to 2.75% to match the long-term inflation rate assumption of the valuation report. For measurement date 09/30/2016, as a result of Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the assumptions used by the Florida Retirement System for special risk employees. The inflation assumption rate was lowered from 3.00% to 2.30%, matching the long-term inflation assumption utilized by Plan's investment consultant. For measurement date 09/30/2015, amounts reported as assumption changes were resulted from an actuarial experience study dated July 10, 2015 the Board approved numerous changes to the actuarial assumptions and methods in conjunction with the 10/01/20105 Valuation. The below assumptions/methods have been changed, and the specifics of the approved assumptions are displayed in the actuarial assumptions and methods section of the 10/01/2015 Valuation.

- 1) Asset Valuation Method (with a "Fresh Start")
- 2) Retirement Rates
- 3) Withdrawal Rates
- 4) Disability Rates (Police only)

Notes to Schedule:

Valuation Date: 10/1/2017
 Actuarially determined contribution rates are calculated as of October 1, two year(s) prior to the end of the fiscal year in which contributions are reported.
 Funding Method: Entry Age Normal Actuarial Cost Method
 Amortization Method: Level Percentage of Pay, Closed
 Remaining Amortization Period: 20 Years
 Mortality: RP-2000 Table Generational Scale BB
 Disability Rates: RP-2000 Disable, no setback, no projection scale
 Interest Rate: 7.40% per year compounded annually, net of investment related expenses.
 Inflation Rate: 2.75%
 Retirement Rates:

<u>Service</u>	<u>Probability of Retirement (Police)</u>	<u>Probability of Retirement (Fire)</u>
10-19	5%	5%
20	30%	25%
21	30%	35%
22	30%	45%
23	50%	50%
24	80%	50%
25-34	10%	20%
35+	100%	100%

No members are expected to take early retirement.

Salary Increases:

<u>Service</u>	<u>Annual % Increase</u>
1-6	3.0%
7-10	2.5%
11-25	1.0%
26+	0.5%

Cost of Living: None
 Payroll Increase: 2.0% per year.
 Marital Status: All employed members and all retired members are assumed to be married, Females are assumed to be 3 years younger than males.
 Actuarial Value of Assets: All assets are valued at market value with an adjustment to uniformly spread investment gains and losses (as measured by actual market value investment return against expected market value investment return) over a five-year period.

*Note: This is a 10-year schedule. However, the information in this schedule is not required to be presented retroactively. Years will be added to this schedule in future fiscal years until 10 years of information is available. The covered payroll figures are in compliance with GASB 82.

Actual contributions include certain Chapter 175/185 nonemployer contributing entity amounts.

Notes to Schedule:

Valuation Date: 10/1/2018

Methods and assumptions used to determine contribution rates:

Mortality: RP-2000 Combined Healthy Participant Mortality Table for males and females using Scale BB. The above assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the Florida Retirement System (FRS). The above rates are those outlined in Milliman's July 1, 2018 FRS valuation report for special risk employees.

Amortization Method: Entry age normal actuarial cost method

Asset Valuation Method: 5-year smoothed market

Inflation: 2.75%

Salary Increases: 0.5% to 3.0% Expected increase in annual salary in addition to 2.75% inflationary component

Investment Rate of Return: 7.00% per year compounded annually, net of investment related expenses

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition

*Note: This is a 10-year schedule. However, the information in this schedule is not required to be presented retroactively. Years will be added to this schedule in future fiscal years until 10 years of information is available.

CITY OF FORT LAUDERDALE, FLORIDA

REQUIRED SUPPLEMENTARY INFORMATION

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION:

Budgetary Data

The City Commission follows these procedures in establishing the budgetary data reflected in the financial statements:

- (1) Prior to August 1, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing on October 1. The operating budget includes proposed expenditures and the means of financing them.
- (2) Public hearings are conducted.
- (3) Prior to October 1, the budget is legally enacted.
- (4) The level of control (level at which expenditures may not exceed budget) is the department. The City Manager is authorized to transfer budgeted amounts within departments of any fund. The City Commission must approve any revisions that alter the total expenditures of any department.
- (5) Annual budgets are adopted for all governmental and proprietary funds except for the Intergovernmental Revenue, State Housing Initiative Partnership, and capital project funds. The original and final budgets, as presented, include re-appropriated encumbrances of the prior year. The budgets have been adopted on a basis consistent with GAAP with the following exceptions: Budgetary expenditures include GAAP expenditures adjusted for encumbrances at September 30, 2019 and principal on the long-term debt of proprietary funds. Unencumbered balances of appropriations lapse at year-end.

The reported budgetary data represents the final approved budget after amendments adopted by the City Commission with one exception. Budgets for grants and shared revenues from other governmental units which do not lapse at year-end are only reported to the extent of revenues recognized and expenditures incurred for the current year. Individual amendments were not material in relation to the original adopted budget.

CITY OF FORT LAUDERDALE

Combining Financial
Statements

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources (other than debt service or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Law Enforcement Confiscated Property Fund – to account for the proceeds from court awarded forfeitures of currency and personal property that are restricted to expenditure for law enforcement purposes.

Community Redevelopment Agency Fund – to account for the operation of the agency overseeing the financing and redevelopment of the designated redevelopment areas.

State Housing Initiative Partnership Fund – to account for revenues from the State Housing Initiative Partnership restricted to expenditure for low income housing.

Intergovernmental Revenue Fund – to account for revenues from Federal, State and local governments restricted to expenditure for specific current operating purposes or the acquisition of capital assets.

Beach Business Improvement District Fund – to account for the services and improvements to a portion of the beach area funded through assessments imposed on the businesses within that area.

Building Fund – to account for revenues derived from building permit fees restricted to expenditures associated with the enforcement of the Florida Building Code.

School Crossing Guards Fund – to account for revenues derived from parking citation surcharges restricted to expenditures related to the school crossing guard program.

Nuisance Abatement Fund – to account for fines collected due to public nuisance violations.

Special Assessment Fund – to account for revenues derived from special assessments fees restricted to expenditures related to the WAVE Modern Streetcar project.

Affordable Housing Trust Fund – to account for funds to create incentives to encourage and stimulate a mixture of affordable housing units in the City.

Debt Service Funds

Debt Service funds are used to account for resources that are restricted, committed or assigned to payment of principal, interest and other expenditures on general long-term debt, other than bonds payable from the operations of the enterprise funds.

General Obligation Bonds Fund – to accumulate monies for payment of the Series 1997, 1998, 2002, 2005 and 2011 General Obligation Bonds with remaining principal and interest due in varying amounts until maturity in 2041.

Special Obligation Bonds Fund – to accumulate monies for payment of the Special Obligation Bonds with remaining principal and interest due in varying amounts until maturity in 2032.

CITY OF FORT LAUDERDALE, FLORIDA

COMBINING FINANCIAL STATEMENTS

Special Obligation Loans Fund – to accumulate monies for payment of the Special Obligation Loans with remaining principal and interest due in varying amounts until maturity in 2026.

Tax Increment Revenue Notes – to accumulate monies for payment of the Tax Increment Revenue Notes with remaining principal and interest due in varying amounts until maturity in 2025.

Capital Projects Funds

Capital projects funds are used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations.

General Capital Projects Fund – to account for the acquisition or construction of, or improvements to, major capital facilities.

General Obligation Construction Fund 2005 and 2011A – to account for the construction of, or improvements to fire rescue facilities financed through the issuance of long-term debt.

Community Redevelopment Agency Projects Fund – to account for the construction of, or improvements to infrastructure within the designated redevelopment areas of the Community Redevelopment Agency.

Gas Tax Fund – to account for the construction of, or improvements to, streets and highways financed by county-shared gas tax revenues.

Parks Impact Fee Projects – to account for the construction of, or improvements to, parks facilities financed by impact fees.

Permanent Fund

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Perpetual Care Fund – to account for a portion of the lot sale proceeds of the City's cemeteries to be used for maintenance of the cemetery grounds and lots.

CITY OF FORT LAUDERDALE

Nonmajor Enterprise Funds and Internal Service Funds

Enterprise Funds

Each of the enterprise funds accounts for all activities necessary to provide the respective services of the fund, including but not limited to, administration, operations, maintenance, financing and related debt service.

Sanitation Fund – to account for the provision of solid waste disposal services to City residents, including collection and disposal of solid waste, curbside recycling, street sweeping, lot clearing and canal cleaning.

Cemetery System Fund - to account for the operations of the cemetery system.

Parking System Fund - to account for the operations of various parking facilities throughout the City.

Airport Fund - to account for the operation of the Fort Lauderdale Executive Airport.

Stormwater Fund - to account for the development and operation of the City's stormwater management program.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or fund to the other departments or funds of the City on a cost reimbursement basis.

City Insurance Fund - to account for the costs of insuring the City in the areas of general liability, auto liability, workers' compensation, police professional liability, employment practices and medical benefits. The City is primarily self-insured in these areas. Other funds are billed to cover actual costs of premiums and claims and to maintain an adequate balance in fund equity.

Central Services Fund - to account for the costs of providing communications and printing services to other departments. The other departments are billed at actual cost.

Vehicle Rental Fund - to account for the costs of operating a maintenance facility for City vehicles. Departments are billed to cover operating costs and to provide for future replacement of the vehicles. Funding for the initial purchase of vehicles is provided by the user departments.

CITY OF FORT LAUDERDALE

Fiduciary Funds

Trust Funds

The trust funds are used to account for assets held by the government in a trustee capacity. They are accounted for in essentially the same manner as enterprise funds since capital maintenance is critical.

Pension Trust Funds

General Employees' Fund - is used to account for the accumulation of resources to be used for retirement benefit payments to City employees, except police and fire. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by annual actuarial valuations.

Police and Firefighters' Fund - is used to account for the accumulation of resources to be used for retirement benefit payments to police and fire employees. Resources are contributed by employees at rates fixed by law and by the City at amounts determined by annual actuarial valuations.

Post-Retirement Pay Steps Fund - is used to account for the accumulation of resources to be used for post-retirement payments for retired police officers and firefighters. Resources by the City are contractually determined.

Other Post-Employment Benefits Trust Fund - is used to account for the future liability of costs for medical/prescription/dental coverage, extended life insurance coverage and benefits under the Employee Assistance Program available to retirees and their dependents.

Agency Fund

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations and other governmental units. They are custodial in nature and do not involve the measurement of results of operations.

Arts and Science District Garage Fund - to account for the operations of the Arts and Science District Garage.

* State law requires all counties to assess at 100% valuation and limits millage for operating purposes to ten mills.

** Overlapping rates are those of local and county governments that apply to property owners within the City. Not all Overlapping rates apply to all City property owners (e.g. the rates for special districts apply only to the proportion of the City's property owners whose property is located within the geographic boundaries of the special districts).

STATISTICAL SECTION

**DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
September 30, 2019**

Schedule 11

GOVERNMENTAL UNIT	DEBT OUTSTANDING	ESTIMATED PERCENTAGE APPLICABLE	ESTIMATED SHARE OF OVERLAPPING NET DEBT
Debt Repaid with Property Taxes			
Downtown Development Authority	\$ 5,274,872	100.00%	\$ 5,274,872
Broward County ⁽¹⁾	155,245,000	19.26%	29,900,187
Broward County School Board ⁽¹⁾	314,075,000 *	19.26%	<u>60,490,845</u>
Subtotal Overlapping Debt			95,665,904
City of Fort Lauderdale Direct Debt	275,865,353	100.00%	<u>275,865,353</u>
Total Direct and Overlapping Debt			<u><u>\$ 371,531,257</u></u>

Direct and Overlapping Debt

(1) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using gross taxable property values. Applicable percentages were estimated by dividing the City's gross taxable property values (\$36,429,433,861) by the County's gross taxable property values (\$189,147,336,120).

* Debt outstanding as of June 30, 2019.

Legal Debt Margin: The amount of debt the City of Fort Lauderdale can issue is not limited by either the City of Fort Lauderdale charter or code, nor the Florida State Statutes.

Sources: Assessed value data used to estimate applicable percentages was provided by the Broward County Property Appraiser. Debt outstanding data was provided by each governmental unit.

* Personal income in thousands of dollars.

Sources: Fort Lauderdale population obtained from the Bureau of Economic and Business Research, University of Florida. Broward County population and personal income obtained from the Bureau of Economics Analysis, U.S. Department of Commerce. Unemployment rates obtained from the Bureau of Labor Statistics, U.S. Department of Labor.

Note: Little reliable data currently exists on employment within the City of Fort Lauderdale. The above estimates are assembled from data provided by the Broward Alliance, Broward County Government, the Broward County School District, and the City of Fort Lauderdale's Economic Development Department. Information for prior years is unavailable.

Fort Lauderdale is a part of the diverse economy of Broward County. Service industries dominate the local employment environment. Primary sectors of the services within the City are marine-related industries, tourism, retail and wholesale trade.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor,
City Commission and City Manager
City of Fort Lauderdale, Florida
Fort Lauderdale, Florida

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Fort Lauderdale, Florida (the “City”) as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements, and have issued our report thereon dated May 15, 2020. Our report includes a reference to other auditors who audited the financial statements of the City of Fort Lauderdale Police and Fire Retirement System (the “System”), as described in our report on the City’s financial statements. This report does not include the results of the other auditors’ testing of internal control over financial reporting or compliance and other matters that are reported on separately by those other auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2019-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City's Response to Findings

The City's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE FINANCIAL ASSISTANCE PROJECT AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

To the Honorable Mayor,
City Commission and City Manager
City of Fort Lauderdale, Florida
Fort Lauderdale, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the City of Fort Lauderdale, Florida's (the "City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the requirements described in the *Department of Financial Services' State Projects Compliance Supplement*, that could have a direct and material effect on each of the City's major federal programs and state financial assistance projects for the year ended September 30, 2019. The City's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and terms and conditions of its federal and state awards applicable to its federal programs and state financial assistance projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs and state financial assistance projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*. Those standards, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program and state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state financial assistance project. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program and State Financial Assistance Project

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state financial assistance project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

See Notes to the Schedule of Expenditures of Federal Awards and State Financial Assistance

CITY OF FORT LAUDERDALE, FLORIDA
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
For the Year Ended September 30, 2019

1. General

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) presents the activity of all federal awards programs and state financial assistance projects of the City of Fort Lauderdale, Florida (the City), for the year ended September 30, 2019. Federal awards programs and state financial assistance projects received directly, as well as passed through other government agencies, are included on the Schedule.

The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

2. Basis of Accounting

The accompanying Schedule is presented using the modified accrual basis of accounting for expenditures accounted for in the governmental funds and the accrual basis of accounting for expenditures in the proprietary funds. Under the modified accrual basis, revenue is recognized if it is both measurable and available for use during the fiscal year and expenditures are recognized in the period liabilities are incurred, if measurable. Under the accrual basis, expenditures are recognized in the period liabilities are incurred.

The expenditures are recognized following the costs principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Program Clusters

The Uniform Guidance defines a cluster of programs as a grouping of closely related programs that share common compliance requirements. Based on this definition, similar programs are presented accordingly.

4. Contingency

The grant revenue amounts received are subject to audit and adjustment. If any expenditures or expenses are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the City. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal and state laws and regulations.

5. Non-Cash and Federal Insurance

The City did receive a non-cash assistance in the current fiscal year from the U.S Department of Justice for the total value of \$134,837, that included following: generator with the value of \$5,634 and MATV MRAP with the value of \$129,203.

6. De Minimis Cost

The City did not elect to use the 10% de minimis cost rate in fiscal year 2019.

CITY OF FORT LAUDERDALE, FLORIDA
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS –
 FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
 YEAR ENDED SEPTEMBER 30, 2019

SECTION I - SUMMARY OF AUDITOR'S RESULTS

FINANCIAL STATEMENTS

Type of auditor's report issued	Unmodified
Internal control over financial reporting:	
Material weakness identified	No
Significant deficiency identified not considered to be material weakness	Yes
Noncompliance material to financial statements noted	No

FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

Auditee qualified as low-risk	No

CITY OF FORT LAUDERDALE, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS –
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
YEAR ENDED SEPTEMBER 30, 2019

SECTION II – FINANCIAL STATEMENT FINDINGS

Classification: Significant Deficiency

Finding 2019-001 – User access

Criteria or specific requirement: Administrator level access to servers should be removed and/or login credentials changed immediately upon termination of employees. If access is unable to be removed within a reasonable period of time after termination, ongoing monitoring should be performed to identify any suspicious activity.

Condition: The City did not remove access to a server after an employee termination.

Context: A terminated employee with administrative access continued to have access to a server after the employee's termination date.

Effect: Potential unauthorized server access.

Cause: The City did not remove user access of a terminated employee within a reasonable period of time after termination and could not provide evidence that the terminated employee accessed the server or provide other evidence that the server was monitored for suspicious activity.

Recommendation: Crowe recommends the City follow best practices of immediately removing access or changing login credentials for terminated employees. The City should also monitor activity of all servers and financially significant systems for unusual activity on an ongoing basis.

Views of responsible officials and planned corrective actions: The City has updated an internal policy to clearly dictate that service accounts should not be associated with a person and should not be used by any person except for troubleshooting and initial testing purposes. This control will prevent the City from leaving system administrator accounts open due to account tie-in with critical services.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No items to report

SECTION IV - STATE FINANCIAL ASSISTANCE FINDINGS AND QUESTIONED COSTS

No items to report

CITY OF FORT LAUDERDALE, FLORIDA
SUMMARY OF PRIOR YEAR AUDIT FINDINGS
YEAR ENDED SEPTEMBER 30, 2019

SUMMARY OF PRIOR YEAR AUDIT FINDINGS

FINANCIAL STATEMENT FINDINGS

Classification: Material Weakness

Finding 2018-001 - Fort Lauderdale Community Redevelopment Agency

Condition: The Agency recorded other revenues for an amount not received within 60 days after fiscal year end.

Current Year Status: Matter has been resolved.

Finding 2018-002 - City of Fort Lauderdale General Employees' Retirement System

Condition: The Plan did not correctly record unsettled trade liabilities, accounts receivable and cash at year-end.

Current Year Status: Matter has been resolved.

**INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH
SECTION 218.415, FLORIDA STATUTES**

To the Honorable Mayor,
City Commission and City Manager
City of Fort Lauderdale, Florida
Fort Lauderdale, Florida

We have examined the City of Fort Lauderdale, Florida (the "City") compliance with Section 218.415, *Florida Statutes*, concerning the investment of public funds during the year ended September 30, 2019. Management of the City is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the requirements contained in Section 218.415, *Florida Statutes* for the year ended September 30, 2019.

The purpose of this report is solely to comply with Chapter 10.550, *Rules of the Florida Auditor General*. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in black ink that reads "Crowe LLP".

Crowe LLP

Fort Lauderdale, Florida
May 15, 2020

To the Honorable Mayor,
City Commission and City Manager
City of Fort Lauderdale, Florida
Fort Lauderdale, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Fort Lauderdale, Florida (the “City”), as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated May 15, 2020. Our report includes a reference to other auditors who audited the financial statements of the City of Fort Lauderdale Police and Fire Retirement System (the “Systems”), as described in our report on the City’s financial statements. This report does not include our consideration of the other auditor’s management letter that is reported on separately by those other auditors.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*; and Chapter 10.550, *Rules of the Auditor General*.

Other Reports and Schedule

We have issued our Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor’s Report on Compliance for Each Major Federal Program and State Financial Assistance Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant’s Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated May 15, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no such findings.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. Such information is disclosed in Note 1 to the financial statements.

Financial Condition

Section 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, requires that we apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Special District Component Units

Section 10.554(1)(i)5.d, *Rules of the Auditor General*, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), *Florida Statutes*. In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), *Florida Statutes*.

Other Matters Section

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management, accounting procedures, and internal controls. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuses that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Report

This letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the City Commissioners, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
