April 13, 2020

To the Honorable Mayor,
Members of the City Commission, and
Citizens of the City of Lauderhill:

The Comprehensive Annual Financial Report (CAFR) of the City of Lauderhill, Florida (the City), for the fiscal year ended September 30, 2019, is hereby submitted as mandated by both local ordinances and state statutes. The financial statements included in this report conform to generally accepted accounting principles (GAAP) and are audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States by a firm of licensed certified public accountants.

Management Responsibility

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the data, as presented, is accurate in all material respects; that is, the presentation fairly shows the financial position and results of the City's operations as measured by the financial activity of its various funds; and that the included disclosures will provide the reader with an understanding of the City's financial affairs.

Internal Control

Management of the City of Lauderhill, Florida is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of the financial statements in conformity with generally accepted accounting principles in the United States (GAAP). In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal control. Internal controls are designed to provide reasonable but not absolute assurance regarding: (1) safeguarding of assets against loss from unauthorized use or disposition and (2) reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes: (1) the cost of control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgment by management. All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls

adequately safeguard assets and provide reasonable assurance of the proper recording of financial transactions.

Audit

The City's financial statements have been audited by S. Davis & Associates, PA. The goal of the independent auditor was to provide reasonable assurance that the financial statements for fiscal year ended September 30, 2019 are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors, based on their audit, rendered unmodified opinions that the financial statements for the fiscal year ended September 30, 2019, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

In addition to the standard independent audit of the City's financial statements, this audit was performed as part of a broader, mandated "Single Audit", which is designed to meet the special needs of the federal and state grantor agencies. The standards governing single audit engagements require the independent auditors to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal and state awards. These reports are available in a separately issued single audit report.

Financial Reporting Format

The City has prepared its CAFR using the financial reporting requirements as prescribed by Government Accounting Standards Board (GASB) *Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments (GASB 34)*. This GASB Statement requires that Management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Lauderhill was incorporated in 1959 and is governed by an elected mayor and four-member City Commission. The Mayor and Commissioners are elected city-wide and serve four-year terms. The City is administered under a commission-manager form of government whereby the Mayor and Commission hire a City Manager for administrative duties. The Commission is responsible for passing resolutions, which generally confirm or direct specific actions; and ordinances, which generally amend the City's permanent Code of Ordinances, for approving the annual budget and setting tax and assessment rates, for approving capital expenditures and all debt issued by the City, for appointing citizen boards

that assist and advise the Commission, and other related legislative duties. The City Manager is responsible for enacting the policies and actions approved by the Commission, for overseeing the daily operations of the City, and for appointing Department Directors and approving their staffing selections.

The City provides a full range of municipal services, including police and fire protection, parks and recreational programs such as swimming, youth sports, and tennis, cultural events and art instruction, a senior citizen community center and sponsored trips, water distribution and sewer and storm water collection, street and bridge repair, maintenance and lighting, public records maintenance, building inspection, business licensing, zoning regulation, code enforcement and grant programs for housing purchase and repairs.

The annual budget is the cornerstone of the City's financial planning and control. The Commission holds public hearings between February and April of each year to gather resident input for new projects and initiatives for the upcoming budget. Given general direction from the Commission following these meetings, Department Directors submit proposed departmental budgets to the City Manager in May. The City Manager reviews each proposal with the Directors and assembles a proposed budget that is delivered to the Commission by July 1.

The Commission holds public workshops in July to discuss and amend the City Manager's proposed budget. The final version of the proposed budget, including the proposed millage rate, is voted on in two public Commission meetings in September. The budget goes into effect October 1 and covers the fiscal year, which ends the following September 30th. During the fiscal year, the City Manager may approve transfers of funds among line items within a department, with the exception of reductions in capital outlay line items, which requires Commission approval. The Commission must also approve transfers between departments or supplemental appropriations that increase expenditures and revenues. Appropriated annual budgets have been adopted for all governmental funds in this report.

Economic Conditions and Outlook

Lauderhill is a mature community of approximately 72,094 year-round residents. That number increases to over 73,000 in the winter season, from December through March, as "snowbirds," primarily retirees from the northeastern United States and Canada, flock to their second homes in Lauderhill. Lauderhill's year-round residents include approximately 14,000 retirees, who are located throughout the City.

Working residents hold a range of jobs typical of those in the South Florida economy. These include positions in retail sales and other services, especially in the medical and tourism sectors, communications, municipal and county government, construction, and financial services. The broad base of Lauderhill's economy is representative of western Broward County, which is less dependent on tourism than the beach areas to the east.

Lauderhill's property tax base is primarily residential. The City has an industrial park with many small businesses operating in warehouses under 10,000 square feet but no large

firms that comprise a significant portion of the tax base. Lauderhill's residential tax base is rather evenly divided between single-family homes and multi-family condominiums and apartments. As shown in the Statistical Section of this CAFR, the majority of largest property taxpayers in Lauderhill are apartment complexes.

The City's assessed valuation is showing an upward trend resulting in a modest increase in property taxes, which is clearly a positive trend. The number of vacant homes and apartments in Lauderhill continues to decline during the past year, thus resulting in the stabilization of utility taxes and franchise fees for electricity, water, and telecommunication collections in the current year and in our projections for 2020. In addition, our investment in our community through improvements funded by the General Obligation Bonds, the implementation of four Safe Neighborhood Districts, and the use of grant funding have resulted in the increase of property values throughout the Community.

Major Initiatives and Capital Projects

The City continues its commitment to the residents by improving roadways, water and sewer lines, providing landscaping and acquiring capital assets to assist with the development of the overall community during Fiscal Year 2019. The Lauderhill Performing Arts Center opened to the public in fiscal year 2016. The 47,585 square foot facility houses a performing arts theater, meeting and classrooms, banquet and reception facilities and Broward County Public Library. The Center accommodates events for music, theatre, dance, cinema, comedy, visual arts, education, conferences, workshop and other social gatherings. The Lauderhill Performing Arts Center has a 1200 seat theatre equipped with Proscenium stage and state-of-the-art sound and lighting equipment. In Fiscal Year 2017 and 2018, the City issued General Obligation Bond in the amounts of \$35,260,000 and 8,900,000 accordingly. The capital funding from the Bonds allowed the City to fund several projects including road improvements, privacy wall constructions, parks and playground improvements, police body cameras, park lighting, security cameras and City's facilities improvements. Several major park improvements completed in Fiscal Year 2019. In addition, Revenue Sales Tax Bond in the amount of \$16,405,000 issued to fund other projects such as public safety building, additional park improvements, NW 38 Ave road improvements and land acquisition in Fiscal Year 2019. Also, the Water and Sewer Fund issued a \$5,000,000 revenue bond to continue improvements to waterlines, liftstations, pump and roads. With the assistance of the Emergency Watershed Protection Grant, the City completed the Stormwater Canal Stabilization project totaling \$5,600,000 in expenditures at the end of the fiscal year. The City continues to be committed to the betterment of our youths by continue to provide funding for afterschool programs, which include arts and cultural activities, sport programming and educational tutoring in the areas of math, science and technology. .

The City's main offices are located at 5581 W. Oakland Park Boulevard or on the NE corner of W. Oakland Park and Inverrary Boulevard. Our City Hall facility is a four-story facility with approximately 40,000 square feet of office and meeting space, and it features "green" or energy efficient components and is Leed Certified. As we progress the renaissance of Lauderhill, the City has made an ongoing commitment to improve the quality of life of its

residents. The Central Broward Regional Park, a 110-acre multipurpose facility features sporting events such as football, soccer, basketball and netball games, as well as cricket matches. Additional park amenities include a water park, a public-art feature, and location for the Lauderhill Performing Arts Center and Broward County Library.

The Community Redevelopment Agency contribution is set by the relative tax bases of the Eastern and State Road 7 areas compared to their base year of 2005. For the Central area, the tax base has decreased below zero; as a result, no funding is allocated other than the rental income received from the commercial tenants at Renaissance Plaza. These funds are sufficient to maintain the plaza and make minimal interest payment on debt used to purchase the plaza. The majority of East area revenue will be utilized to offset operating costs. The Community Redevelopment Agency in collaboration with Economic Development are working with businesses within and outside City's boundary to implement initiatives that will continue to improve the City's economy and attract new businesses to the Community. In addition, the Community Redevelopment Agency in conjunction with the City successfully host series of significant events to promote the City as an exciting and unique destination that both residents and visitors can enjoy.

The City received additional funding for the State Housing Initiative Program (SHIP). These funds provide opportunities for low and moderate income participants to receive down payment assistance so they may achieve the goal of home ownership. Additionally, the SHIP grant allows residents to make critical repairs to their homes in the areas of health and safety weatherization. The program was designed to provide very low, low and moderate income families with assistance to purchase or repair homes. The Community Development Block Grant (CDBG) utilizes funding for new and existing programs including funding for economic development through the Community Redevelopment Agency commercial façade renovation program. Additionally, the City has committed to the betterment of our youths by providing funding for afterschool programs, which includes arts and cultural activities, sports programming and educational tutoring. Properties that were purchased by City through the Neighborhood Stabilization Program (NSP) were transferred to the Lauderhill Housing Authority. Although new funding will not be available for the Neighborhood Stabilization Program (NSP), any remaining funds and/or program income available at the end of the year will be re-appropriated to fiscal year 2019.

Long-term Financial Planning

Management constantly examines the strategic goals and objectives of the City of Lauderhill and implements policies that will assist in taking advantage of the opportunities that will lead the City to its mission. The City's mission is to make the City a secure, clean, and desirable place to live, work, and visit by providing for a continually improving wide ranges of services; to encourage a community that retains and promotes employment opportunities, economic growth and improved quality of life, where people of diverse cultural backgrounds and incomes peacefully interrelate. The City utilizes long-term financial planning to identify future financial challenges and opportunities through financial forecasting and analysis, then, devise strategies based on the information to achieve financial sustainability. The goal of the annual budget and the five-year plan is to outline an

operating and financing plan, which will provide for sound fiscal management through the allocation of limited resources. The capital improvement fund is dedicated to the management of capital project expenditures such as equipment, renovations and vehicle purchases. Construction costs are effectively monitored to achieve saving opportunities and outstanding qualities.

The City issued bonds, including five Sales Tax Revenue Bonds, three Utility Tax Revenue Bonds, three Water and Sewer Revenue Bonds, three Stormwater Revenue Bonds, two General Obligation Bonds and three Notes Payable to continually improve capital assets and to better serve the residents of our City. The City is financially stable and strives to maintain and gradually improve its credit rating from at least two major Municipal bond credit ratings services, Moody's Investors Services and Standard and Poor's Global ratings. The most recent ratings for the City's credit obligations are as follows: A+ (Standard & Poor's) for 2013 Capital Improvement Revenue Bonds, AA (Standard & Poor's), A1 (Moody's) for 2016 Water and Sewer Bond, A (Standard & Poor's) and A2 (Moody's) for Certificates of Participation (COPs), and an A+ (Standard & Poor's) Half-Cent Sales Tax Revenue Bonds. Staff continues to closely monitor the bond covenants, level of expenditures and underlying revenue streams to ensure that the City maintains its rating and its ability to issue additional debt for capital improvements. The total outstanding principal as of September 30, 2019 are \$26,270 thousand for the Sales Tax Bonds, \$5,261 thousand for Water Utility Tax Bond, \$10,895 thousand for Electric Utility Revenue Bond, \$18,515 thousand for the Water and Sewer Revenue Bonds, \$7,165 thousand for the Stormwater Bonds, \$61,270 thousand for the General Obligation Bonds and \$12,850 thousand for Notes Payable. Revenue bonds have been issued between 2005 and 2019 to pay for capital projects or to refund earlier bond issues in an effort to take advantage of reduced interest rates. The outstanding debt is further detailed in the Notes to the Financial Statements.

In the Water and Sewer fund, capital funds are available for projects such as line rehabilitation, sewer lining, culvert cleaning and well replacement, lift station rehabilitations, automated meters for large buildings. Funding is also provided for a water line valve replacement program, maintaining water tanks, replacing various filters, and upgrading computer and security systems at the water treatment plant.

Relevant financial policies

The City implemented an investment policy to provide framework for the management of investments and guidelines for prudent investment of the City's funds. The goals of the City's investment policy and investment management function are to enhance the economic status of the City and protect its funds.

The City established a fund balance/net position policy to insure against unanticipated events that would adversely affect the financial condition of the City and jeopardize the continuation of necessary public service. This policy ensures that the City provides adequate cash flow for daily financial needs, secures and maintains investment grade bond

ratings, offsets significant economic downturns and revenue shortfalls, and provides funds for unforeseen expenditures related to emergencies.

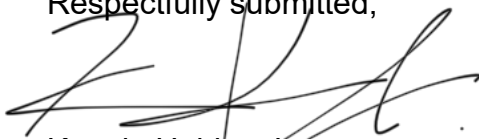

Awards and Acknowledgements

The Government Finance Officers' Association (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Lauderhill for its Comprehensive Annual Financial Report (CAFR) for fiscal year ended September 30, 2018. This is the 31st consecutive year (fiscal year ended September 30, 1988-2018) that the City has achieved this prestigious national award. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting. In order to be awarded a Certificate of Achievement, the City publishes an easily readable and efficiently organized Comprehensive Annual Financial Report. These reports satisfied both generally accepted accounting principles in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and the City is submitting it to GFOA to determine its eligibility for another Certificate.

The preparation of this report could not have been accomplished without the efficient and dedicated services of Karen Pottinger, Assistant Finance Director, Sean Henderson, Deputy Finance Director, Qi Pan, Assistant Comptroller and C Borders-Byrd, CPA, Contracted Internal Auditor, as well as the entire staff of the Finance and Support Services Department. Karen Pottinger has the primary responsibility for maintaining the integrity of the accounting records during the year and overseeing the preparation of this CAFR. The Finance staff also recognizes the City Commission and the City Manager for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Kennie Hobbs, Jr.

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor
and Members of the City Commission
City of Lauderhill, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lauderhill, Florida ("the City") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Pension Trust Funds, which represents 97%, 99% and 80%, respectively, of the assets, net position/fund balance, and revenues/additions of the aggregate remaining fund information. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Pension Trust Funds, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 15-25, budgetary comparison schedules, schedules of net pension liability, schedule of contributions by employer, schedule of investment returns and schedule of changes in total OPEB liability on pages 85-95 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2020, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF LAUDERHILL, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
FISCAL YEAR ENDED SEPTEMBER 30, 2019

We, the management of the City of Lauderhill (the "City"), offer readers of the City's financial statement a narrative presentation of the City's financial performance for fiscal year ended September 30, 2019. This discussion and analysis will provide an overview of the City's financial activities when read in conjunction with the transmittal letter on pages 1 through 7 and the City's financial statements, which begin on page 26.

FINANCIAL HIGHLIGHTS (in thousands)

- The assets of the City of Lauderhill exceeded its liabilities at the close of the most recent fiscal year by \$61,926 (net position). Governmental activities unrestricted is (\$53,216) and business-type activities is \$35,799 totaling (\$17,417). Majority of the (\$53,216) is a result of recognizing the pension fund liabilities on the government wide financial statements in accordance to GASB 68. Positive unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors.
- During fiscal year 2019, the government's total net position increased by \$15,144 to \$61,926. Governmental net position increased by \$9,876 (33.45 percent) and business-type activity net position increased by \$5,268 (6.90 percent). Pension, OPEB related deferred outflow of resources and recognition of Hurricane Irma receivable primarily contributed to the increase in total governmental net position.
- During fiscal year 2019, revenues of all Governmental Funds totaled \$92,369 while expenditures (before other financing sources and uses) totaled \$94,971. As a result, Governmental revenues were \$2,602 less than Governmental Fund Expenditures. This is a result of increased capital projects expenditures. Also, the City realized an increase in total Governmental Funds Fund Balance (net of other financing sources and uses) of \$13,303 during fiscal year 2019, due to proceeds from Revenue Bonds issued in 2019.
- Business-type activities yielded a net operating income of \$1,734. During fiscal year 2019, operating revenues decreased by \$647 from fiscal year 2018, totaled \$29,192 compared to \$29,839 during 2018. The decrease is primarily due to decrease in water consumption. The City continues to demonstrate strong revenues and earnings potential, which should allow for the issuance of additional debt to maintain and improve the current utility system while still maintaining sufficient funds for continued operations.
- The total operating expenditure for Governmental funds and Proprietary funds amounted to \$122,429 or \$6,778 (5.86 percent) more than fiscal year 2018. The Governmental costs increased by more than \$3,258 and Proprietary costs

increase by \$3,521 during fiscal year 2019. Increase in expenditure is attributed to capital, operating expenditures and contractual agreements.

- As of the close of the current fiscal year, the General Fund reported revenues in excess of expenditures of \$7,155 before other financing sources (uses) of (\$6,718). The increase was primarily due to increase property tax revenue.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: (1) government-wide financial statements (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Required Components of The City of Lauderhill's Comprehensive Annual Financial Report

Government-wide Financial Statements The government-wide financial statements are designed to provide information about the activities of the City as a whole, in a manner similar to a private-sector business. Both long-term and short-term information regarding the City's finances are presented.

The *statement of net position* presents information on all of the City's assets, deferred outflows of resources and liabilities and deferred inflows of resources with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as useful indicators of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal period (e.g. uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (business activities). The governmental activities of the City include general government, public safety, public works, culture and recreation, and economic and community development. The business-type activities of the City include Water and Sewer, Stormwater and Performing Arts operations.

The government-wide financial statements can be found on pages 26-27 of this report.

Fund Financial Statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. These funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate comparison between *governmental funds* and *governmental activities*.

The City maintains fourteen (14) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, community redevelopment agency fund, capital projects fund, fire protection fund and debt service fund, which are considered to be major funds. Data from the other nine (9) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 28-31 of this report.

Proprietary funds. The City maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses Enterprise Funds to account for its Water and Sewer, Stormwater, and Performing Arts operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary funds financial statements provide separate information for the Water and Sewer, Stormwater and Performing Arts operations, which are considered to be major funds of the City.

The basic proprietary fund financial statements can be found on pages 32-34 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's operations. However, the unfunded pension liabilities are reported on the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 35-36 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 37 of this report.

Other Information In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits to its employees and budgetary comparison schedules.

Required supplementary information can be found on pages 85-95 of this report.

The combining financial statements referred to previously in connection with nonmajor governmental funds, are presented immediately following the required supplementary information. Combining fund statements and schedules can be found beginning on page 96 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands)

Our analysis of the financial statements of the City begins below. The Statement of Net Position and the Statement of Activities report information about the City's activities that will help answer questions about the financial position and result of operations of the City. Information for both fiscal years ended 2019 and 2018 are presented for comparison purposes.

Statement of Net Position

As noted previously, net position, over time, serve as a useful indicator of a government's financial position. The schedule below summarizes the City of Lauderdale's net position for fiscal years ended 2019 and 2018:

	Governmental Activities		Business-type Activities		Total Government	
	2019	2018	2019	2018	2019	2018
Current and other assets	\$71,454	\$56,625	\$41,014	\$36,616	\$112,468	\$93,241
Capital assets	100,242	97,312	75,245	71,690	175,487	169,002
Total assets	<u>171,696</u>	<u>153,937</u>	<u>116,259</u>	<u>108,306</u>	<u>287,955</u>	<u>262,243</u>
Deferred outflows of resources	18,407	15,426	907	786	19,314	16,212
Long-term debt outstanding	123,882	114,499	29,333	27,189	153,215	141,688

Net pension liability	44,157	42,014	2,683	2,707	46,840	44,721
Other liabilities	10,788	8,993	2,224	1,521	13,012	10,514
Total liabilities	<u>182,938</u>	<u>169,588</u>	<u>34,673</u>	<u>31,788</u>	<u>217,611</u>	<u>201,376</u>
Deferred inflows of resources	26,810	29,296	922	1,001	27,732	30,297
Net position (deficit)	<u>(\$19,645)</u>	<u>(\$29,521)</u>	<u>\$81,571</u>	<u>\$76,303</u>	<u>\$61,926</u>	<u>\$46,782</u>
Net investment in capital assets	\$31,679	\$27,337	\$45,572	\$44,133	\$77,251	\$71,470
Restricted	1,892	1,749	200	200	2,092	1,949
Unrestricted	(53,216)	(58,607)	35,799	31,970	(17,417)	(26,637)
Total net position (deficit)	<u>(\$19,645)</u>	<u>(\$29,521)</u>	<u>\$81,571</u>	<u>\$76,303</u>	<u>\$61,926</u>	<u>\$46,782</u>

The City's combined net position was \$61,926 at the 2019 fiscal year end: (\$19,645) for governmental activities and \$81,571 for business-type activities. This represents an increase of \$15,144 from fiscal year 2018 net position. Pension and OPEB related deferred outflow of resources primarily contributed to the increase in total government net position. The governmental activities total net position deficit is primarily due to pension and OPEB liability reported on the government-wide statement as per GASB 68 and GASB 75. For governmental activities, capital assets were increased by \$2,930, restricted net position was increased by \$143 and current and other assets were increased by \$14,829 from fiscal year 2018. Significant increases in governmental and business type current assets are due to

Revenue Bond proceeds received in 2019. Increase in capital assets primarily due to increase in capital assets spending of various GO bonds capital projects.

The use of a portion of net position is restricted and cannot be used to meet the ongoing obligations of the City. For fiscal year 2019, restricted net position equaled \$1,892 for governmental activities. Unrestricted net position of governmental activities represent (\$53,216) while business-type activities unrestricted net position are \$35,799 or 43.89 percent of total net position; positive net position can be used to meet the City's ongoing obligations to citizens and creditors.

Investment in capital assets (such as land, buildings, and equipment) is a significant portion of the restricted assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Long-term debt outstanding has increased in the governmental activities and the enterprise activities. This is a result of the City paying down long term obligations and new debt was issued. At the end of the current fiscal year, the City is able to report positive balances of net position as it relates to the governmental and business-type activities as a whole.

Statement of Activities

Governmental activities for the current fiscal year increased net position by \$9,876, primarily due to increase in pension and OPEB related deferred outflows of resources. Key elements of the changes in net position are presented in the schedule below and described in the following section:

City of Lauderdale, Florida

Governmental Activities

- Property taxes revenue increased in the governmental activities by \$3,179 (13.8 percent) during fiscal year 2019 compared to fiscal year 2018. This is due to the increase of millage rate from 9.5364 to 9.9362 in year 2019.

Business-type Activities

Business-type activities for the year resulted in an increase in net position of \$5,268. Key elements of this change are as follows:

- The Stormwater Utility revenues exceeded total expenses by \$4,896
- The Water and Sewer Utility increased net position by \$1,294
- The Performing Arts change in net position was a decrease of (\$922).

FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

The City of Lauderhill uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The table below summarizes the significant changes in the fund balances of the City’s governmental funds:

Governmental Funds							
(In Thousands)							
	Community						Total
	Redevelopmer	Capital	Fire	Debt	Other		
	General	Agency	Projects	Protection	Service	Funds	Governmental
Fund balance (deficit), September 30, 2018	\$16,772	(\$1,090)	\$37,875	(\$8,917)	\$ -	(\$1,844)	\$42,796
Revenues	63,940	1,329	5,407	16,474	-	5,220	92,370
Expenditures	(56,785)	(708)	(8,046)	(16,830)	(10,584)	(2,019)	(94,972)
Other financing sources (uses)	(6,718)	520	10,073	1,584	10,584	(138)	15,905
Fund balance (deficit), September 30, 2019	<u>\$17,209</u>	<u>\$51</u>	<u>\$45,309</u>	<u>(\$7,689)</u>	<u>\$ -</u>	<u>\$1,219</u>	<u>\$56,099</u>

Governmental Funds

As discussed previously, the purpose of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of available resources relative to the City’s funding requirements. Unassigned fund balances serve as the most useful measure of the City’s net resources available for spending at the end of the fiscal year.

As the City completed the year, its governmental funds reported a combined fund balance of \$56,099 with general fund representing \$17,209, up by \$437 compared with fiscal year 2018, primarily due to the increase of property tax revenue. General fund balance of \$17,209 comprised of assigned fund balance of \$5,037, and \$7,545 unassigned fund balance at year-end.

The capital projects fund had a balance of \$45,309 at year-end, up by \$7,434 in fiscal year 2019. The primary reason for the increase is the recognition of debt proceeds from Revenue Bonds. Funding from the Revenue Bonds will be utilized to finance various capital projects throughout the City.

The Natural Disaster fund deficit of (\$1,565) reported in other funds is the result of cost incurred due to Hurricane Irma and Dorian. The majority of the total costs are reimbursable from Federal Emergency Management Agency and the State of Florida. In addition, the City reserved \$551 in the general fund to offset unreimbursable costs.

General Fund Budgetary Highlights

The City Commission approves the original budget (Adopted Budget) in September prior to the beginning of the fiscal year. The final budget (Amended Budget) reflects divisional changes made administratively and approved by the City Manager and departmental changes and supplemental appropriations approved by the City Commission during the year.

Actual General Fund revenues for fiscal year 2019 were above final budget by \$215. Actual expenditures for the year were approximately \$536 less than the final budget. The major expenditure variances between the final budget and actual in the general fund are reflected in general government, public safety, physical environment, transportation & recreation and social services, which is due to an overall decrease in spending.

Capital Assets

The City’s investment in capital assets for its governmental and business-type activities as of September 30, 2019, amounts to \$175,487 (net of accumulated depreciation). This investment in capital assets includes land, buildings, water distribution and sewer collection, storm drainage systems, park improvements, equipment, and street improvements, which are detailed (net of accumulated depreciation) as follows:

City of Lauderdale, Florida						
Capital Assets (net of depreciation)						
(In Thousands)						
	Governmental Activities		Business-type Activities		Total Government	
	2019	2018	2019	2018	2019	2018
Land	\$ 30,783	\$ 30,798	\$ 349	\$ 349	\$ 31,132	\$ 31,147

Machinery and equipment	3,891	4,594	2,424	1,855	6,315	6,449
Improvements(other than buildir	24,268	24,674	27,759	23,332	52,027	48,006
Infrastructure	3,108	3,265	13,964	14,591	17,072	17,856
Construction-in-progress	9,762	4,910	288	-	10,050	4,910
	<u>\$ 100,242</u>	<u>\$ 97,312</u>	<u>\$ 75,244</u>	<u>\$ 71,690</u>	<u>\$ 175,486</u>	<u>\$ 169,002</u>

The City has developed various capital improvement programs to improve the quality of life of its residents. Additional information on the City’s capital assets can be found in the notes to the financial statements on pages 62-63 of this report.

DEBT ADMINISTRATION

At the end of the current fiscal year, the City has total long-term debt outstanding of \$149,264. Total governmental activities debt and total business activities debt were increased net by \$9,404 and \$2,144 respectively because of Revenue Bonds issued and scheduled payments.

City of Lauderhill, Florida Outstanding Debt (In Thousands)						
	Governmental Activities		Business-type Activities		Total Government	
	2019	2018	2019	2018	2019	2018

	<u>\$ 119,931</u>	<u>\$ 110,527</u>	<u>\$ 29,333</u>	<u>\$ 27,189</u>	<u>\$ 149,264</u>	<u>\$ 137,716</u>

Additional information on the City's long-term debt can be found in the notes to the financial statements on pages 66-69.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

In the fiscal year 2020 budget, General fund revenues and expenditures are budgeted to increase by \$7,640 equally, or 12.17% when compared to fiscal year 2019. This increase is primarily due to debt and contractual obligations. General fund property taxes make up approximately 39% of general fund budgeted revenues and are projected to increase by \$4,178 or 20.48% from fiscal year 2019.

For the Water and Sewer fund, revenues and expenditures are budgeted to increase by \$93, or 0.36% when compared to fiscal year 2019. For the Stormwater fund, revenues and expenditures are budgeted to decrease by \$4,501, or 30.62% when compared to fiscal year 2019. The main reason for the decrease is the completion of canal bank stabilization project.

Performing Art Center Fund is budgeted to increase by \$272, or 16.14% when compared to fiscal year 2019. The increase in budget is to recognize additional revenues from scheduled events and the costs related to those performances.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Lauderhill's finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the City of Lauderhill, Finance Department, 5581 W. Oakland Park Boulevard, Suite 241 Lauderhill, Florida, 33313. Information may also be found at our website at www.lauderhill-fl.gov.

The notes to the financial statements are an integral part of this statement.

CITY OF LAUDERHILL, FLORIDA
 Reconciliation of the Statement of Revenues
 Expenditures, and Changes in Fund Balances of Governmental Funds
 To the Statement of Activities
 For the Year Ended September 30, 2019

Changes in fund balances - total government funds \$ 13,302,638

Amounts reported for governmental activities in the statement
of activities are different because:

Net change in fund balances

Governmental funds report capital outlays as expenditures.
However, in the statement of activities, the cost of those assets is depreciated
over their estimated useful lives and reported as depreciation expense.

Expenditures for capital outlays	8,218,664	
Less current year depreciation	<u>(4,320,325)</u>	3,898,339

The issuance of long-term debt (e.g. bonds) provides current financial
resources to governmental funds, while the repayment of the principal of
long-term debt consumes the current financial resources of governmental funds.
Neither transaction, however, has any effect on net position. Also, governmental
funds report the premiums, discounts, and similar
items when debt is first issued, whereas these amounts are deferred and amortized
in the statement of activities. This amount is the net effect of these differences
in the treatment of long-term debt and related items.

Proceeds on bonds issued	(16,405,000)	
Principal repayments	<u>7,002,313</u>	(9,402,687)

Some expenses reported in the statement of activities do not require
the use of current financial resources and, therefore, are not reported as
expenditures in governmental funds. 2,078,025

Change in net position of governmental activities \$ 9,876,316

The notes to the financial statements are an integral part of this statement.

City of Lauderhill, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 1 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

A. Financial reporting entity

The City of Lauderhill, Florida (the “City”) is located in Broward County, Florida and is a municipal corporation that was incorporated in 1959 pursuant to the Laws of Florida 59-1487. The City is governed by a five-member commission with an elected Mayor. The City Commission is responsible for the appointment of the City Manager, who is charged with overseeing the operations of the City. The City provides the following services pursuant to the City Charter: general government, public safety, public works, parks and recreation, social services, and community development.

The financial statements of the City have been prepared in accordance with accounting principles generally accepted accounting principles in the United States of America (“GAAP”) applicable to state and local governments. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting and reporting policies and practices used by the City are described below.

The definition of the financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. One of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The City is financially accountable for a component unit if it appoints a voting majority of the organization’s board and it is able to impose its will on that organization, or there is a potential for the organization to provide specific financial benefits, or impose specific financial burdens on the City. Blended component units, although legally separate entities, are, in substance, part of the government’s operations.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

As of September 30, 2019, the City had two entities, Community Redevelopment Agency and Windermere/Tree Gardens Safe Neighborhood Improvement District, which met these requirements.

Blended component units

Lauderhill Community Redevelopment Agency – In 2005, the Lauderdale Community Redevelopment Agency (CRA) was created for the purpose of revitalizing and enhancing the City of Lauderdale, through infrastructure improvements and targeted acquisition and rehabilitation of deteriorated properties. The Mayor and City Commissioners are all members of the CRA Board and responsible for approving the budget. Therefore, the City is financially accountable for the CRA. The financial activities of the CRA are reported in the City's financial statements as a *Special Revenue Fund*. CRA fund was specifically evaluated relative to Florida Statutes Chapter 163.387.

Habitat II, Isle of Inverrary and Manor of Inverrary Safe Neighborhood Improvement Districts - In 2011. *Windermere/Tree Gardens Safe Neighborhood Improvement District* - In 2009. These Safe Neighborhood Improvement Districts were created to promote the health, safety and general welfare of its residents, visitors, property owners and workers. The Mayor and City Commissioners are members of the board of directors and responsible for overseeing the Special Districts. Therefore, the City is financially accountable for the Safe Neighborhood Improvement District. The financial statements of all four Safe Neighborhood Improvement Districts have been included within the City's reporting entity as the Safe Neighborhoods Special Revenue Fund.

B. Government-wide and Fund Financial Statements

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the City as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information. *The government-wide financial statements* (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for services.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and, grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. *General revenues* consist of taxes and other items, not included among program revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. The proprietary fund and fiduciary fund financial statements are reported in the same manner. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash-flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the funding agency have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers receivables collected within 60 days after year-end to be available and recognizes them as revenues of the current year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual, and therefore, have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and are available only when the City receives cash.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Community Redevelopment Agency (CRA)*, which is reported as a Special Revenue Fund, is a component unit blended in the City financial statements. It accounts for the resources accumulated for infrastructure improvement and rehabilitation of deteriorated properties within the City's boundary. The Agency is funded by Tax Increment Financing (TIF) since base year 2005 and property rental income.

The *Capital Projects Fund* accounts for the resources accumulated for the completion of the five-year capital budget.

The *Fire Protection Fund* accounts for all financial resources and is the operating fund for the Fire Department. The major revenue sources are fire assessment and fire inspection fees.

The *Debt Service Fund* reserves resources to honor short and long-term debt obligation payments.

The City reports the following major proprietary funds:

The *Water and Sewer Fund* accounts for the provision of potable water to residents and the corresponding sewage disposal, which is processed by Broward County. The City operates the water treatment facility, water distribution system, sewage transportation pipelines, and sewage pumping stations.

The *Stormwater Fund* accounts for the infrastructure and operations of stormwater transportation, which is funded through user charges.

The *Performing Arts Center Fund* accounts for revenues and expenses of the cultural center, which provides a wide variety of entertainment, including visual arts and enrichment events, for which a significant portion will be financed through user charges. The City of Lauderdale operates and budgets for the Performing Arts Center and Broward County is fiscally responsible for the Library which is adjacent to the Performing Arts Center.

Additionally, the City's *Pension Trust Funds* account for the activities of the General Employee Retirement System, the Firefighter Retirement System, the Police Retirement System, and the Confidential and Managerial Retirement System.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

These funds accumulate resources for pension benefit payments to qualified employees. The Pension Trust Funds are classified as Fiduciary Funds in the City's Financial Statements.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer fund, of the Stormwater fund, and of the Performing Arts Center fund are charges to customers for sales and services.

The Water and Sewer fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Accountability and compliance

The City of Lauderdale utilized fund balance as a source of funds for the General Fund budget for the year ended September 30, 2019. The City budgeted and utilized the following amounts:

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

	<u>Original Budget</u>	<u>Additional Appropriations</u>	<u>Final Budget</u>
General government	\$ 17,526,162	\$ (462,363)	\$ 17,063,799
Public safety	25,941,300	211,099	26,152,399
Physical environment	2,674,110	93,492	2,767,602
Transportation	1,909,355	1,146,276	3,055,631
Recreation and social services	8,073,462	207,666	8,281,128
Total	<u>\$ 56,124,389</u>	<u>\$ 1,196,170</u>	<u>\$ 57,320,559</u>

On September 26, 2019 The City Commission passed a resolution approving a supplemental appropriation of additional revenues and expenditures to balance the fiscal year 2019 budget.

The Fire Protection fund, Natural Disaster fund and Home Grant fund had deficit fund balances of \$7,688,864, \$1,565,478 and \$6,654, respectively as of September 30, 2019. The funds increased expenditures to pay reimbursable expenditures for Hurricanes Irma and Dorian and home buyer assistance and other operating expenditures. The City plans to use the proceeds of tax revenue, reimbursement from federal and county funds and service charges to eliminate the deficits.

The City adopted the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, which is effective for financial statements for periods beginning after June 15, 2010. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The City passed resolution No. 11R-06-99 to authorize the assignment of fund balance.

The definition of each classification is as follows:

Non-spendable - Amounts not in spendable form or legally or contractually required to be maintained intact. This includes inventories, long term loans and notes receivables, property acquired for sales and prepaid amounts.

Restricted - Amounts restricted for specific purposes by external parties such as creditors, laws or regulator of other governments or by law through constitutional provisions or enabling legislation.

Committed – Amounts can be used for specific purposes pursuant to constraints imposed by the City’s code of Ordinances which can only be established, modified or rescind through the passage of ordinances by the City Commission, the City’s highest level of decision making authority.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Assigned – Amounts that are neither restricted nor committed; however, funds are constrained for specific purposes. Either the City Manager or his designee has the authority to assign amounts to specific purpose. Assigned funds cannot cause a deficit in unassigned fund balance.

Unassigned - Fund balance that are not restricted, committed or assigned to specific purposes. All funds in this category provide the resources necessary to meet unexpected expenditures and revenue shortfall. The General fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance are available, it is the City's policy to use restricted amounts first. Additionally, the City would first use committed funds, then assigned funds and finally unassigned funds when an expenditure is incurred for which committed, assigned or unassigned fund balance available.

E. New Pronouncements

Implemented in 2019

The City adopted GASB Statement No. 83, "Certain Asset Retirement Obligations." This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligation to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. This Statement establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for AROs. This Statement requires the measurement of an ARO to be based on the best estimate of the current value of outlays expected to be incurred. This Statement requires the current value of a government's AROs to be adjusted for the effects of general inflation or deflation at least annually. The adoption of statement No. 83 did not have a material impact on the financial position or results of operation of the City.

City of Lauderhill, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

The City adopted GASB Statement No.88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements." The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements. The adoption of statement No. 88 did not have a material impact on the financial position or results of operation of the City.

Not Yet Implemented

In January 2017, the GASB issued Statement No. 84, "Fiduciary Activities." The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement established criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

In June 2017, the GASB issued Statement No. 87, "Leases." The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

In June 2018, the GASB issued Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period." The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

In August 2018, the GASB issued Statement No. 90, "Majority Equity Interests-an amendment of GASB Statement No. 14 and No. 61." The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. This Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018.

In May 2019, the GASB issued Statement No. 91, "Conduit Debt Obligations" The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement requires issuers to disclose general information about their conduit debt obligations, organized by type of commitment, including the aggregate outstanding principal amount of the issuers' conduit debt obligations and a description of each type of commitment. This Statement also addresses arrangements often characterized as leases that are associated with conduit debt obligations. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020.

The City is currently evaluating the impact, if any, of implementation of the provisions of these GASB statements on the financial position or results of operations.

F. Assets, liabilities and net position or equity

1. Cash and investments

The City's equity in pooled cash and cash equivalents includes cash on hand, demand deposits, investments with the State Board of Administration (SBA) and short-term investments with original maturities of three months or less from the date of acquisition.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Resources of all funds, with the exception of the pension trust funds, and certain other cash and investment accounts, have been combined into a pooled cash and investment system for the purpose of maximizing earnings. Interest earned on pooled cash and investments is allocated monthly based upon equity of the respective funds.

For the purpose of the statement of cash flows for the proprietary fund types, cash and cash equivalent mean short term, highly liquid investments with an original maturity of three months or less.

State statutes authorize the City to establish its own investment policy by ordinance. The investment ordinance allows up to 100% investment in the following instruments, subject to maturity limitations: local government surplus trust fund (SBA), Securities and Exchange Commission (S.E.C.) registered money market funds with the highest quality rating from a nationally recognized rating company, savings accounts and certificates of deposit in state-certified qualified public depositories, direct obligations of the U.S. Treasury, and securities issued by federal agencies and instrumentalities. Up to 10% may be invested in common stocks, subject to quality restrictions.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e. the current portion of interfund loans) or “advances to/from other funds” (i.e. the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

All trade and property tax receivables are shown net of an allowance for uncollectibles. Accounts receivable allowances are based on historical trends.

3. Property taxes

Property values are assessed as of January 1, of each year, at which time taxes becomes an enforceable lien on property. Tax bills are mailed for the City, by Broward County, on or about October 1 of each year, and are payable with discounts of up to 4% offered for early payment. Taxes become delinquent on April 1 of the year following the year of assessment and State law provides for enforcement of collection of property taxes by seizure of the personal property or by the sale of interest-bearing tax certificates to satisfy unpaid property taxes.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Assessed values are established by the Broward County Property Appraiser. In November 1992, a Florida constitutional amendment was approved by the voters which provides for limiting the increases in homestead property valuation for Ad Valorem Tax purposes to a maximum of 3% annually and also provides for reassessment of market values upon changes in ownership. The County bills and collects all property taxes and remits them to the City. Procedures for the collection of delinquent taxes by Broward County are provided for in the Laws of Florida. There were no material delinquent property taxes at September 30, 2019.

State statutes permit municipalities to levy property taxes at a rate up to 10 mills (\$10 per \$1,000 of assessed taxable valuation). The tax levy of the City is established by the City Commission and the Broward County Property Appraiser incorporated the City's millage into the total tax levy, which includes the County and the County School Board tax requirements. The operating and voted debt service millage rates assessed by the City for the year ended September 30, 2019 are 7.9898 and 1.9464 respectively per \$1,000 of taxable assessed valuation.

4. Inventories and prepaid items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed. The City utilizes the consumption method for inventory, expenditures are recognized when inventory items are used rather than purchased.

Certain payments to vendors reflect the costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures when consumed rather than when purchased.

5. Restricted assets

Certain proceeds from revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in a separate investment accounts and their use is limited by applicable bond covenants. The "bond reserve account" is a separate brokerage account where securities have been purchased in lieu of surety bonds to subsidize potential deficiencies of revenues pledged for debt service. The "revenue bond renewal and replacement" account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals and replacements. The various reserve accounts have been recorded on the balance sheets of the applicable funds. When both restricted and unrestricted resources are available for use, it is City policy to use unrestricted resources first, and then restricted resources as needed.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

6. Capital assets

Capital assets - property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Purchased or constructed assets are recorded at historical cost or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement should be reported at acquisition value.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add value to the asset or materially extend its useful life are not capitalized.

Property, plant, and equipment are depreciated using the straight line method over the following estimated useful lives:

Asset	Years
Building	40
Improvements	20
Public domain infrastructure	40
System infrastructure	40
Vehicles	5
Office equipment	5
Computer equipment	5

7. Deferred outflows/inflows of resources

The Statement of Net Position includes a separate section for deferred outflows of resources and the items reported in this category is the deferred outflows of resources related to the Pension Plans and OPEB.

The Statement of Net Position also includes a separate section for deferred inflows of resources and the items reported in this category are the deferred inflows of resources related to the Pension Plans, OPEB and the deferred charge related to bonds refunding.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

8. Compensated absences

It is City policy to permit employees to accumulate earned but unused vacation and sick pay benefits. An employee may, on an annual basis, or upon termination, cash in a portion of these unused benefits at a discount. Vacation and sick pay benefits are accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts as a result of employee resignation or retirement is reported in governmental funds.

9. Long-term obligations

In the government-wide financial statements, and proprietary fund types financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as debt service expenditures according to GASB 65.

10. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

NOTE 2 – DEPOSITS AND INVESTMENTS

The City, for accounting and investment purposes, maintains a cash and investment pool for use by all City funds. This gives the City the ability to invest large amount of idle cash for short periods of time and to maximize earning potential. Each fund type's portion of this pool is displayed on the statement of net position / combining balance sheet as cash and equity in pooled cash and investments. Income earned on pooled cash and investments is allocated to the respective funds based on average daily balances.

City of Lauderhill, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Cash Deposits

The carrying amounts of the City’s cash deposits were \$46,463,276. including petty cash on hand of \$5,600 as of September 30, 2019; the total of which is collateralized or insured with securities held by the City or by its agent in the name of the City as discussed below.

Custodial Credit Risk. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. All of the City’s deposits are entirely insured by federal depository insurance or collateralized by the multiple financial institution collateral pool pursuant to Florida Statutes, Chapter 280, and “Florida Security for Public Deposits Act”. Under this Act, all qualified public depositories are required to pledge eligible collateral. Public deposits are protected by deposit insurance, sale of securities pledged as collateral, and assessments made to other public depositories when needed to guarantee no loss will be incurred by the public depositor.

Investments

Under the provisions of the City’s investment policy, and in accordance with Florida Statutes, the following investments were authorized:

	Maximum % <u>Portfolio</u>
State Board of Administration	100%
Money Market Funds	100%
Certificate of Deposits	100%
U.S. Treasury Securities	100%
U.S. Government Obligations and Instrumentalities	100%
Lauderhill Loan Consortium	\$60,000
Commercial Papers by any U.S. Corporation	10%
Option Contracts	10%

The City reports its investments according to the Governmental Accounting Standards Board (GASB) Statement No. 72, “Fair Value Measurement and Application” by categorizing its investments according to the fair value hierarchy established by this Statement. The hierarchy is based on the valuation input used to measure the fair value of the asset with Level 1 assets being those where quoted prices in an active market for identical assets can be readily obtained, Level 2 assets valued using a matrix pricing technique of quoted prices for similar assets or liabilities in active markets, and Level 3 assets valued using unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. As of September 30, 2019, the City had the following investments and maturities:

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

	<u>Credit Quality</u> <u>Ratings</u>	<u>Fair Value</u>	<u>Weighted Avg.</u> <u>Maturity (Years)</u>	<u>Fair Market</u> <u>Measurement</u> <u>Level 1</u>
SBA	Not Rated	\$ 20,663,361	-	\$ 20,663,361
		<u>\$ 20,663,361</u>	<u>-</u>	<u>\$ 20,663,361</u>

Interest Rate Risk In accordance with its investment policy, the City manages its exposure to decline in fair value by limiting its investment portfolio to less than four (4) years.

Credit Risk Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. State limits investments in commercial papers and corporate bonds to the highest credit rating from a nationally recognized rating agency. It is the City's policy to keep ninety (90) percent of the total portfolio in low risk investments such as US Treasury obligations that are diversified by purchase date and maturity dates while remaining ten (10) percent may be invested to high risk investments such as common stocks rated in one (1) of the top three (3) investment categories by a major rating service.

Concentration of Credit Risk. The investment policy of the City contains no limitation on the amount that can be invested in any one issuer beyond that stated above. Investments in any one issuer that represents 5% or more of the total City investments are as follows:

<u>Type</u>	<u>Amount</u>	<u>%</u>
Local Government Surplus Funds Trust Fund	\$ 20,663,361	100.00

Custodial Credit Risk. Custodial credit risk for investment is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The City's investment policy provided that securities may be held in street name in an account under the name of the City at the primary dealer where the securities was purchased provided that the total value of the account is insured and a monthly account statement evidencing all holdings is sent to the City by the dealer.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

The Employee Pension Plans' investments are held separately from those of other City funds. As described by the plan documents, the plan administrator is authorized to invest plan assets in obligations of the U.S. Government and various mutual and money market funds, which are held by the plan administrators and not in the City's name. The plan investments are held by Fifth Third Bank, Regions Bank and Fiduciary Trust which consisted of the following:

<u>Investment type</u>	<u>General Employees Retirement Plan</u>	<u>Firefighter Retirement Plan</u>	<u>Police Officer Retirement Plan</u>	<u>Managerial Retirement Plan</u>
Fixed income mutual funds	\$ 5,056	\$ -	\$ 9,385	\$ 7,263
Equity securities	-	28,288	-	-
U.S. Government securities	-	6,455	-	-
Corporate bonds	-	7,996	-	-
Commingled equity funds	-	28,061	-	-
Collective trust fund	-	1,333	-	-

International equities	3,165	-	9,841	3,231
Notes receivable	850	1,000	2,000	400
Real estate funds	2,049	11,803	11,644	-
Farmland investment fund	-	2,143	-	-
	<u>\$ 27,495</u>	<u>\$ 87,079</u>	<u>\$ 71,777</u>	<u>\$ 28,421</u>

General Employee Retirement System (GERS)

The Board of Trustees determines the Plan's investment policy. The policy has been designed by the Board to maximize the Plan's asset value, while assuming a risk that is consistent with the Board's risk tolerance. As is prudent, the Board has adopted a policy to diversify investment risk among several institutionally acceptable asset classes including equity securities, fixed income securities and mutual funds.

The Plan reports its investments according to the Governmental Accounting Standards Board (GASB) Statement No. 72, "Fair Value Measurement and Application" by categorizing its investments according to the fair value hierarchy established by this Statement.

The following table summarizes the Plan's investments within the fair value hierarchy at September 30, 2019:

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

	Fair Value	Level 2	Level 3
Mortgage loans receivable	\$ 850,000	\$ -	\$ 850,000
Fixed income mutual funds	5,055,932	5,055,932	-
Absolute return mutual funds	1,019,010	1,019,010	-
Domestic equity mutual funds	15,355,719	15,355,719	-
International mutual funds	3,165,439	3,165,439	-
Real estate funds	2,048,442	2,048,442	-
	<u>\$ 27,494,542</u>	<u>\$ 26,644,542</u>	<u>\$ 850,000</u>

Interest rate risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment in debt securities. The investment policy of the Plan limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Information as to the maturities of the Plan's fixed income portfolio is as follows:

Years	Fair Value
Less than 1 year	\$ 796,142
1 to 5 Years	2,568,395
6 to 10 Years	1,341,508
11 to 15 Years	88,055
16 to 20 Years	127,249
20 to 25 Years	26,785
Over 25 Years	107,798
	<u>\$ 5,055,932</u>

Credit risk. Credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. The plan's investment policy utilizes portfolio diversification in order to control this risk.

Credit Risk	Fair Value
AAA	\$ 1,695,102
AA	263,743
A	316,027
BAA	777,762
BB	895,548
B and lower	1,107,750
	<u>\$ 5,055,932</u>

As of September 30, 2019, the plan was in compliance with the established guidelines.

Custodial Credit Risk. The Plan does not have any investment in the possession of counterparties. All are held by the master custodian under the Plan's name.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Concentration of credit risk. The plan’s investment policy places investment limitations and provides target allocations to its investment managers to limit credit risk due to concentration. Equity and fixed income securities are also limited to no more than 5% in one single issuer. There were no single investments greater than 5% of net position as of September 30, 2019.

Foreign currency risk. The Plan’s exposure to foreign currency risk derives mainly from its investments in international equity mutual funds. The Plan’s exposure to foreign currency risk related to foreign equity funds are \$3,165,439.

Firefighter Retirement System (FRS)

The plan’s policy in regard to the allocation of invested assets is established and may be amended by the Board. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the Plan. The investment policy statement was last amended in October, 2018. The following was the Board’s adopted asset allocation policy as of September 30, 2019:

<u>Type of Investment</u>	<u>Target Allocation</u>
Domestic equity	35%-65%
International equity	0%-20%
Fixed income	10%-30%
Real assets	0%-20%
Cash equivalents	Minimal

The Plan reports its investments according to the Governmental Accounting Standards Board (GASB) Statement No. 72, “Fair Value Measurement and Application” by categorizing its investments according to the fair value hierarchy established by this Statement.

The following table summarizes the valuation of the Plan’s investments in accordance with the above mentioned fair value hierarchy levels as of September 30:

City of Lauderdale, Florida

Total	<u>\$ 14,452</u>	<u>\$ 296</u>	<u>\$ 3,683</u>	<u>\$ 2,335</u>	<u>\$ 8,138</u>

Credit risk. The plan's investment policy utilizes portfolio diversification in order to control this risk. This risk is generally measured by the assignment of a rating by a nationally recognized statistical rating organization.

The following table discloses credit ratings by investment type, at September 30, 2019 as applicable:

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

	<u>Fair Value In (Thousands)</u>
<u>Rating</u>	0
AAA	\$ 74
AA	565
A+	38
A	3,117
A-	82
BBB	4,119
N/R U.S govt. securities	6,456
Total fixed income securities	<u>\$ 14,451</u>

*Obligation of the US government or obligations explicitly guaranteed by the US government are not considered to have credit risk and do not have purchase limitations.

Concentration of credit risk. The investment policy of the plan contains limitation on the amount that can be invested in any one issuer as well as maximum portfolio allocation percentages. There were no individual investments that represent 5% or more of combined plan net position at September 30, 2019.

Custodial credit risk. Consistent with the plan's investment policy, the investments are held by Plan's custodial bank and registered in the Plan's name.

Police Retirement System (PRS)

The Plan's investment policy is determined by the Board of Trustees. The investment policy provided for the following guidelines: (a) investment in all equity securities shall be limited to those listed on a major US stock exchange and limited to no more than 75% (at market) of the Plan's total portfolio. No more than 5% of the portfolio may be invested in the shares of a single corporate issuer at cost. Investment in foreign securities shall be limited to 25% (at market) of the Plan's total portfolio; (b) the corporate fixed income portfolio shall be comprised of securities rated not less than "BBB" by a major rating service. Those securities rated below "BBB" shall not exceed 15% of the entire fixed income portfolio. (c) investments in collateralized mortgage obligation should be limited to 15% of the market value of the investment managers' total fixed income portfolio.

The Plan reports its investments according to the Governmental Accounting Standards Board (GASB) Statement No. 72, "Fair Value Measurement and Application" by categorizing its investments according to the fair value hierarchy established by this Statement.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

As of September 30, 2019, the Plan's investments were all categorized as follows:

	September 30, 2019	Level 1	Level 2	Weighted Average Maturity (Years)
Investment by Fair Value Level				
Debt Securities:				
Corporate Bond Fund	\$ 9,384,634	\$ -	\$ 9,384,634	-

BB	690	7.0%
B	432	5.0%
Below B	432	5.0%
Total credit risk debt securities	<u>\$ 9,385</u>	<u>100%</u>

Concentration of credit risk. The investment policy of the plan contains limitations on the amount that can be invested in any one issuer as well as maximum portfolio allocation percentages. There were no individual investments that represent 5% or more of fiduciary net position at September 30, 2019.

Foreign Currency Risk. The Plan’s exposure to foreign currency risk derives mainly from its investments in international equity mutual funds. The Plan’s exposure to foreign currency risk related to foreign equity funds are \$9,840,705 as of September 30, 2019.

Custodial credit risk. Consistent with the Plan’s investment policy, the investment are held by Plan’s custodial bank and registered in the Plan’s name.

Confidential and Managerial Employee Retirement Plan

The Plan’s investment policy is determined by the Board of Trustees. The policy has been identified by the Board as preventing the purchasing power of the Plan’s assets by earning a positive real rate of return (after inflation) over the long-term while minimizing, to a reasonable extent, the short-term volatility of results.

The Plan has implemented the Governmental Accounting Standards Board (GASB) Statement No. 72, “Fair Value Measurement and Application” issued in February 2015 by categorizing its investments according to the fair value hierarchy established by this Statement.

Cash and cash equivalents	<u>3,688,841</u>				
Total cash, cash equivalents and investments	<u>\$ 32,109,364</u>				

Interest rate risk. The Plan diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer with various durations of maturities. As of September 30, 2019, the Plan had the following investment and maturities in its portfolio:

Investment type	Investment Maturities (In Years)				
	Fair Value	Less Than 1	1 to 5	6 to 10	More Than 10
Fixed income funds	\$ 7,263,094	\$ 90,620	\$ 3,326,026	\$ 1,261,901	\$ 2,584,547
Total	<u>\$ 7,263,094</u>	<u>\$ 90,620</u>	<u>\$ 3,326,026</u>	<u>\$ 1,261,901</u>	<u>\$ 2,584,547</u>

Foreign currency risk. The Plan's exposure to foreign currency risk derives mainly from its investments in international equity mutual funds. The Plan's exposure to foreign currency risk related to foreign equity funds are \$3,231,087 as of September 30, 2019.

Credit risk. This is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. This risk is generally measured by the assignment of a rating by a nationally recognized statistical rating organization. The Plan's investment policy utilizes portfolio diversification in order to control this risk. The following table discloses credit ratings by investment type, at September 30, 2019:

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Quality rating of credit risk debt securities	In Thousands <u>Fair Value</u>	Percentage of <u>Portfolio</u>
AAA	\$ 2,822	39.0%
AA	324	5.0%
A	910	13.0%
BBB	1,908	26.0%
BB	538	7.0%
B	346	5.0%
Below B	315	4.0%
Not Rated	100	1.0%
Total fixed income securities	<u>\$ 7,263</u>	<u>100%</u>

Concentration of credit risk. The Plan's investment policy stipulates various investment restrictions for equity and fixed income securities of any one issuing company or agency. As of September 30, 2019, the value of each position held by the Plan portfolio comprised less than 5% of the Plan assets.

Custodial credit risk. Deposits are exposed to custodial risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name. Consistent with the plan's investment policy, the investment are held by Plan's custodial bank and registered in the plan's name.

NOTE 3 – RECEIVABLES AND PAYABLES

Receivables as of year-end for the City's individual major funds and non-major funds, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts are as follows:

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

City of Lauderhill, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Construction commitments

The City of Lauderhill has active construction projects as of September 30, 2019:

<u>Project Title</u>	<u>Cost-to-Date</u>	<u>Commitment</u>
GO bonds capital projects	\$ 9,762	\$ 39,913
Enterprise projects	288	\$ 914
Total	<u>\$ 10,050</u>	<u>\$ 40,827</u>

The commitment for governmental capital projects are being financed by General Obligation Bonds.

NOTE 5 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund Receivables and Payables

The composition of inter-fund balances as of September 30, 2019, is as follows:

<u>Receivable Fund</u>	<u>Amount</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	\$ 5,078,715	Capital Projects Fund	\$ -
Community Redevelopment Agency Fund	-	Fire Protection Fund	7,433,767
Water & Sewer Fund	5,000,000	Community Redevelopment Agency Fur	138,959
Stormwater Fund	2,500,000	Nonmajor Governmental Funds	4,852,701
Performing Arts Center Fund	-	Performing Arts Center Fund	153,288
Total	<u>\$ 12,578,715</u>	Total	<u>\$ 12,578,715</u>

The outstanding balances between Governmental Funds mainly resulted from time lag between the dates that (a) inter-fund goods and services are provided or reimbursable expenditures occur, (b) transactions are recorded in the accounting system, and (c) payments between funds are made. Interfund receivables for the General Fund and Stormwater Fund are to provide interim resources to Debt Service Fund, Fire Protection Fund, Safe Neighborhood Fund and NSP Fund to pay expenses related to reimbursable funds and grants.

Inter-fund transfers

<u>Fund</u>	<u>Transfer in</u>	<u>Transfer out</u>
General Fund	\$ -	\$ 6,718,298
Fire Protection Fund	1,800,000	215,938
Community Redevelopment Agency	1,114,105	594,023
Capital Projects Fund	121,389	6,453,297
Debt Service Fund	10,584,136	-
Nonmajor Governmental Funds	32,420	170,494
Performing Arts Fund	500,000	-
Total	<u>\$ 14,152,050</u>	<u>\$ 14,152,050</u>

City of Lauderhill, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Transfers were used to move revenues from the fund with collection authorization, to the debt service fund, as debt service principal and interest payment became due and to cover contractual expenses in other funds.

A transfer of \$500,000 from the General Fund and Community Redevelopment Agency Fund to Performing Arts Fund was to finance the Performing Arts Center project.

NOTE 6 – LEASES

In 2007, the Lauderhill Finance Corporation "a not for profit" was created under the provisions of Chapter 617 of the Florida State Statutes with The Mayor and City Commissioners as members of the board of trustees and are responsible for overseeing the Corporation. The City does not administer any functions or oversight nor receive benefit from the Corporation.

Operating Leases

On September 2007, the City of Lauderhill entered into an Operating Lease agreement with the Lauderhill Finance Corporation, "a not for profit", whereby the City leases the City of Lauderhill Municipal Building at 5581 W. Oakland Park Blvd, Florida, 33313 from the Corporation, which was completed on October 1, 2010. The lease renewal term is annually and the agreement is cancelable. Minimum future payment on the lease as of September 30, 2019 follows:

Fiscal Year Ending in:	<u>Building Lease</u>
2020	\$ 1,111,056
2021	1,110,116
2022	1,105,500
2023	1,107,375
2024	1,107,000
Later Years	<u>3,310,625</u>
	<u>\$ 8,851,672</u>

On September 2007, the City entered into a Ground Lease Agreement with Lauderhill Finance Corporation, "a non for profit", whereby the Corporation leases land from the City. The lease is for 20 years at \$1.00 payment per year with an automatic ten years renewal period upon mutual consent.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Capital Leases

The City entered into lease purchase agreements with Leasing 2 Inc and City National Bank of Florida as lessees for financing the acquisition of equipment in the amount of \$4,424,537. The agreements were initiated 2014, 2018 and expire in 2020 and 2022 respectively. The equipment has a five-year estimated useful life. This year, \$730,581 was included in the depreciation expense. The lease agreements qualify as capital leases for accounting purposes and therefore has been recorded at the present value of future lease payments as of the inception date. The leases carry interest rates of 2.77%, 1.942% with annual payments of \$67,540 and \$867,256.

The future (minimum) lease obligations and the net present value of capital lease payments as of September 30, 2019 are as follows:

September 30	
2020	\$ 934,796
2021	867,256
2022	867,256
2023	<u>867,256</u>
Total Lease Payment	3,536,564
Less: Amount of Interest	<u>(163,913)</u>
Present Value of Lease Payment	<u>\$ 3,372,651</u>

NOTE 7 – COMMITMENTS AND CONTINGENT LIABILITIES

The City has outstanding encumbrances in the Capital Projects funds. The following is a summary of these commitments at September 30, 2019:

<u>Governmental Funds</u>	
Capital Projects	\$ 9,013,888
	<u>\$ 9,013,888</u>

NOTE 8 – LONG-TERM DEBT

A. Revenue Bonds

The City issues bonds where it pledges income derived from the acquired or constructed assets to pay debt service. Revenue bonds have been issued for both the governmental and business-type activities. The original amount of revenue bonds issued in prior years was \$23,895,000 and during the year, the City issued 2019 A & 2019 B Half-Cent Sales Tax Revenue Bonds and a 2018 Water and Sewer Revenue Bonds in the amounts of \$10,405,000, \$6,000,000 and \$5,000,000 respectively with interest rates between 2.52 % and 3 %.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Revenue bonds outstanding as at September 30, 2019 were as follows:

	<u>Interest Rates</u>	<u>Maturity</u>	<u>Average Semi-annual Payment</u>	<u>Original Amount</u>	<u>Outstanding Balance</u>
Governmental activities:					
2019 Half-cent sales tax	2.52-3%	2050	860	16,405	16,405
2013-Electric utility revenue bonds	2.00%-4.00%	2038	449	11,225	9,355
					<u>25,760</u>
Business-type activities:					
Water and Sewer					
2016-A Water and Sewer - refunding	2.00%-4.00%	2031	354	8,195	7,560
2016-B Water and Sewer - refunding	1.15% - 2.2%	2022	337	4,475	2,710
2018 Water and sewer	3.00%	2043	312	5,000	5,000
					<u>15,270</u>
Total Revenue Bonds					<u>\$41,030</u>

B. General obligation

In 2005, the City issued \$35 million general obligation bond to provide funds for the acquisition and construction of major capital projects within a five-year period. General obligation bonds are direct obligations and pledge of full faith and credit of the government. On July 2, 2015, the City refunded General obligation bonds in the amount of \$23.35 million to take advantage of lower interest rate. In 2017, the City issued \$35 million general obligation bond. In 2018, the City issued \$8.9 million general obligation bond. Funding from the 2017 and 2018 General Obligation Bond will be utilized to finance various capital projects throughout the City. General obligation bonds outstanding at year-end are as follows.

In Thousands

	<u>Interest Rates</u>	<u>Maturity</u>	<u>Payment</u>	<u>Balance</u>
2005 General Obligation-refunding	2% - 5%	2030	\$1,085	\$18,600
2017 General Obligation bonds	2% - 5%	2042	2,215	33,830
2018 General Obligation bonds	2% - 5%	2043	557	8,840

C. State revolving fund loan

The City entered into State Revolving Loan Funding Agreement with the Florida Department of Environmental Protection (DEP) to finance various projects for stormwater and water and sewer improvements. The loans were made available on a reimbursement basis at below market interest rates. The total funding from these agreements aggregated to \$11,198,148 and approximately \$3,653,000 is outstanding in the Stormwater and Water and Sewer Funds as of September 30, 2019. These loans require annual payment of approximately \$492,378 and interest rate ranging from 2.71% to 3.52%.

D. Notes Payable

The City has established bank promissory notes. These funds were used to purchase and improve capital projects throughout the City. As of September 30, 2019 the direct borrowing balance is \$39,926,000 and is reflected in the Governmental and Business-type Activities.

Long-term liabilities	<u>\$ 27,560</u>	<u>\$ 5,062</u>	<u>\$ 2,856</u>	<u>\$ 29,766</u>	<u>\$ 3,079</u>

The City total outstanding debt of \$149,264,000 comprises of 41,030,000 revenue bonds, \$61,270,000 general obligation bonds and direct borrowings in the amount of \$39,926,000 at the end of the fiscal year. The City pledged future communication tax, sales tax, utility tax and electric franchise revenues to repay direct borrowings. The outstanding notes from direct borrowings related to the governmental activities include provision that in the event of default the obligations of the City become immediately due and payable. In addition, there are subjective acceleration clause within the note agreements that allows the lenders to accelerate payments of the entire principal amounts to become immediately due if the lenders determine that material adverse change occurs. The City has no unused line of credit at the end of the fiscal year.

For the governmental and business-type activities, compensated absences, pension liabilities and OPEB obligations are liquidated by the general and enterprise funds.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 9 – OTHER INFORMATION

A. Risk Management

The City is exposed to various risks of loss related to tort, theft, and destruction of assets, error and omission, injury to employees, and disasters. The Self-Insurance Program is accounted for in the General Fund. Under this Program, individual claims up to \$75,000 are paid. Commercial insurance has been purchased for individual claims in excess of \$75,000, and for total claims that exceed \$1,000,000 in a single year. Specialized insurance is purchased for boiler and machinery, sports accident, and fidelity bonds. Claims did not exceed the excess coverage of \$1,500,000 per claim for property and liability, or \$1,000,000 per claim for workers compensation in any of the past three years.

The City reviews and submits all claims to a claims administration firm. The firm reviews the claims and investigates as needed. A recommendation is then made for the City to pay the claim or to negotiate or litigate. The General and Proprietary Funds participate in the Program and pay their fair share based on submitted claims.

The estimated claims payable as of September 30, 2019 amounted to \$2,291,470 of which \$13,204 is currently due and payable. A liability for claims should be reported if information prior to the issuance of the financial statements indicates probability that a liability that was incurred at the date of the financial statements can be reasonably estimated. Current year claims are based on estimates from a third party administrator. Changes to claims liability balances during the past two years are:

	Year Ended	
	09/30/2019	09/30/2018
Unpaid claims, beginning	\$2,586,132	\$2,523,050
New claims	1,248,111	3,427,732
Claim payments	(1,542,773)	(3,364,650)
Unpaid claims, ending	\$2,291,470	\$2,586,132

B. Contingent liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

The City is a defendant in various lawsuits. The outcome of these lawsuits cannot presently be determined. In the opinion of the City Attorney, the resolution of these matters will not have a material adverse impact to the financial position or results of operation of the City.

C. On behalf payment of fringe benefits and salaries

In 2019, the City's financial statements include revenue and expenditures from contributions received from State Department of Revenues and Division of Retirement on behalf of its Firefighter and Police Officers Retirement Systems amounting to \$396,652 and \$491,287 respectively. The monies were deposited within five days from their receipt in accordance with the provisions of the law.

D. Restricted assets

The balance of the restricted asset accounts in enterprise funds are as follows:

Water & Sewer revenue bond reserve	\$1,946,672
Stormwater revenue bond reserve	113,126

These assets are restricted for the purpose of bond compliance requirement.

NOTE 10 – EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS

The City maintains four separate single-employer, defined benefit pension plans – The General Employee Retirement System, The Firefighter Retirement System, The Police Retirement System, and the Confidential and Managerial Retirement System. All employees are eligible to make voluntary contributions to a 457 defined benefit plan (457 plan). Some managerial employees participate in a previously available 401-(A) money purchase plan. With the exception of the City Manager and Department Directors, all other full-time employees hired after September 30, 2002 are required to participate in one of the defined benefit pension plans based on their job classification.

Summary of significant accounting policies

Basis of accounting

All four defined benefit plans present their financial statements using the accrual basis of accounting. Plan member contributions are recognized in the period in which the

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

contributions are due. Employer contributions are recognized when due, and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Valuation of investments

All plan investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price on the balance sheet date. Securities without an established market are reported at estimated fair value. The Plan has implemented the Governmental Accounting Standards Board (GASB) Statement No. 72, "Fair Value Measurement and Application" issued in February 2015 by categorizing its investments according to the fair value hierarchy established by this Statement. The hierarchy is based on the valuation input used to measure the fair value of the asset with Level 1 assets being those where quoted prices in an active market for identical assets can be readily obtained, Level 2 assets valued using a matrix pricing technique of quoted prices for similar assets or liabilities in active markets, and Level 3 assets valued using unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Plan descriptions

A separate five-member board of trustees administers each plan. All full-time employees are covered by one of the aforementioned plans. The plans provide retirement, disability, and death benefits to plan members and their beneficiaries. Plan provisions are amended through the collective bargaining process and must be approved by the City of Lauderdale's City Commission. A separately issued financial report that includes the applicable financial statements and required supplementary information for each plan, may be obtained from the Plan Administrators.

Plans' Membership Information

At October 1, 2018, the date of the latest actuarial valuation, the Plans' membership consisted of:

	General Employees Retirement System	Firefighter Retirement System	Police Retirement System	Confidential and Managerial Retirement System
Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits, but not yet receiving them	106	80	70	65
Current employees:

Non-Vested	33	58	46	77
	<u>201</u>	<u>161</u>	<u>172</u>	<u>180</u>

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

A. General Employees Retirement System (GERS)

Annual Pension Cost. For 2019, the City's annual pension cost of \$876,396 equaled its required and actual contribution. The required contribution was determined by the October 1, 2018 actuarial valuation using the entry age normal actuarial cost method. Actuarial assumptions are 7.0% investment return, 2.0% inflation and 5% projected salary increases. Chapter 112, Part VII, Florida Statutes requires amortization for unfunded liabilities being amortized over 20 years. A one-time 3% cost of living increase was granted to current retirees as of November 25, 2002. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a four-year period. GERS unfunded actuarial accrued liability is being amortized on an open level dollar basis. Twenty five years remained in the amortization period at September 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At September 30, 2019, the City reported a liability of \$ 2,798,470 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of September 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2018. At September 30, 2019, the City's proportionate share was 9.16 percent, which was a decrease of 2.7 percent from its proportionate share measured as of September 30, 2018.

The components of the net pension liability of the City at September 30, 2019 were as follows:

		<u>2019</u>
Total pension liability	\$	<u>30,563,226</u>
Plan fiduciary net position		<u>(27,764,756)</u>
City net pension liability	\$	<u><u>2,798,470</u></u>
 Plan fiduciary net position as a percentage of total pension liability		 90.84%

B. Firefighter Retirement System (FRS)

Annual Pension Cost. For 2019, the City's annual pension cost of \$3,700,819 equaled its required and actual contribution. The required contribution was determined by the October 1, 2018 actuarial valuation using the entry age normal actuarial cost method. Actuarial assumptions are 7.85% investment return, 3% inflation and 7% projected salary increases. Cost-of-Living adjustment is 1.5% after three years in retirement. In addition, contributions in the amount of \$396,652 were received from the State of Florida from fire and casualty insurance premium taxes. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a four-year period. FRS unfunded actuarial accrued liability is being amortized on a closed level dollar basis. Twenty five years remained in the amortization period at September 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At September 30, 2019, the City reported a liability of \$ 14,135,398 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of September 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2018. At September 30, 2019, the City's proportionate share was 13.66 percent, which was a decrease of 0.99 percent from its proportionate share measured as of September 30, 2018.

C. Police Retirement System (PRS)

Annual Pension Cost. For 2019, the City's annual pension cost of \$2,990,419 equaled its required and actual contribution. The required contribution was determined by the October 1, 2018 actuarial valuation, using the entry age normal actuarial cost method. Actuarial assumptions are 7.25% investment return, 3% inflation and 5.5% projected salary increases. The post retirement benefit is \$10 per month per year of credited service for all members employed by the City on or after April 25, 2011, provided that such members have at least 20 years of Credited Service with the City or provided such members left the City at age 55 or older with more than five years of Credit Service with the City. In addition, a contribution in the amount of \$491,287 was received from the State of Florida from fire and casualty insurance premium taxes. The actuarial value of assets was determined using the market value of investments. PRS unfunded actuarial accrued liability is being amortized on a closed level dollar basis. Thirty years remained in the amortization period at September 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At September 30, 2019, the City reported a liability of \$ 15,786,285 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of September 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

valuation as of October 1, 2018. At September 30, 2019, the City's proportionate share was 17.83 percent, which was an increase of 2.34 percent from its proportionate share measured as of September 30, 2018.

The components of the net pension liability of the City at September 30, 2019 were as follows:

	2019
Total pension liability	\$ 88,516,474
Plan fiduciary net position	(72,730,189)

2024	334,495
Thereafter	579,707
TOTAL	<u>\$3,802,505</u>

D. Confidential and Managerial Retirement System (CMRS)

Annual Pension Cost. For 2019, the City's annual pension cost of \$2,743,221 equaled its required and actual contribution. The required contribution 8% for employees was determined by the October 1, 2018 actuarial valuation, using the entry age normal actuarial cost method. Actuarial assumptions are 7.25% investment return, 3.0% inflation and 5.25% projected salary increases. The Board of Trustees may authorize a non-recurring cost of living adjustment benefit increase for retired members commencing in the third year after retirement, if the plan has a positive actuarial experience for the prior fiscal year. The actuarial value of assets was determined using the market value of investments. CMRS unfunded actuarial accrued liability is being amortized on a layered amortization. Nine years remained in the amortization period as of September 30, 2019.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At September 30, 2019, the City reported a liability of \$ 13,318,227 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of September 30, 2019, and the total

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2018. At September 30, 2019, the City's proportionate share was 29.4 percent, which was an increase of 1.47 percent from its proportionate share measured as of September 30, 2018.

The components of the net pension liability of the City at September 30, 2019 were as follows:

	<u>2019</u>
Total pension liability	\$ 45,303,540
Plan fiduciary net position	(31,985,313)

Balance as of September 30, 2019	<u>\$ 3,900,246</u>	<u>\$ 648,194</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Fiscal Year Ending	Amount
September 30:	
2020	\$835,764
2021	824,244
2022	907,937
2023	684,107
TOTAL	<u>\$3,252,052</u>

For the fiscal year ended September 30, 2019, the City recognized pension expense of \$7,194,565 for all pension plans.

NOTE 11 – OTHER POST EMPLOYMENT BENEFITS

Plan description

The City of Lauderdale Other Postemployment Benefits (OPEB) is presented in accordance with GASB Statement 75, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions". GASB 75 requires governments to account for other post-employment benefits (OPEB) on an accrual basis, rather than on a pay-as-you-go basis. The effect is the recognition of an actuarially determined expense on the Statement of Activities when a future retiree earns their post-employment benefits, rather than when they use their post-employment benefit. The post-employment benefit liability is recognized on the Statement of Net Position over time.

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Benefits provided

The City provides post-employment healthcare benefits for certain eligible retirees.

Employees covered by benefit terms

As of October 1, 2017, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	32
Inactive employees entitled to but not yet receiving benefit payments	-
Active Employees	<u>371</u>
Total Participants covered by OPEB Plan	<u><u>403</u></u>

Total OPEB Liability

The City's total OPEB liability of \$4,543,939 was measured as of October 1, 2017, and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs.

The total OPEB liability in the October 1, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	4.18%
Healthcare Cost Trend Rates:	
Current Year Trend	9.50%
Second Year Trend	9.00%
Decrement	0.50%
Ultimate Trend	5.00%
Year Ultimate Trend is Reached	2028
Salary Increases	2.00%

The discount rate was based on the index provided by Bond Buyer 20-Bond General Obligation Index based on the 20 year AA municipal bond rate as of October 1, 2017. Mortality rates: SOA RP-2014 Total Dataset Mortality with Scale MP-2017(Base year 2006).

City of Lauderdale, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Changes in the Total OPEB Liability

	<u>Fiscal Year Ending</u> <u>September 30, 2019</u>
OPEB Liability Beginning of Year	\$ 4,453,229
Changes for the Year:	
Service Cost	146,671
Interest	181,189
Assumption Changes	-
Difference Between Actual and Expected Experience	-
Change in Actuarial Cost Method	-
Benefit Payments	(237,150)
OPEB Liability End of Year	<u>\$ 4,543,939</u>

Sensitivity of the total OPEB liability to changes in the discount rate.

The following presents the total OPEB liability, calculated using the discount rate of 4.18%, as well as what the total OPEB Liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	<u>Discount Rate</u>		
	<u>1% Decrease</u>	<u>Baseline</u>	<u>1% Increase</u>
Total OPEB Liability	\$ 4,591,984	\$ 4,543,939	\$ 4,069,919

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.

The following presents the total OPEB liability, calculated using the trend rate of 9.50%, as well as what the total OPEB Liability would be if it were calculated using a trend rate that is one percentage point lower or one percentage point higher than the current rate:

	<u>Healthcare Cost Trend Rates</u>		
	<u>1% Decrease</u>	<u>Baseline</u>	<u>1% Increase</u>
Total OPEB Liability	\$ 4,117,072	\$ 4,543,939	\$ 5,040,778

OPEB Expense

For the year ended September 30, 2019, the City recognized an OPEB expense as follows:

	<u>September 30, 2019</u>
Service Cost	\$ 146,671
Interest	181,189
Amortization of Deferred Charges:	
Difference between Expected and Actual Experience	278,848
Changes of Assumptions or Other Inputs	(13,284)
Net OPEB Expense	<u>\$ 593,424</u>

City of Lauderhill, Florida
Notes to the Financial Statements
For the Fiscal Year Ended September 30, 2019

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At September 30, 2019, the City reported deferred outflows / (inflows) of resources related to OPEB from the following sources:

	Deferred outflows of resources	Deferred inflows of resources
Actual vs. Expected Experience	\$ 1,818,092	\$ -
Assumption Changes	-	(84,576)
	<u>\$ 1,818,092</u>	<u>\$ (84,576)</u>

Amounts reported as deferred outflows of resources and deferred (inflows) of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal year ending Sep 30	Deferred outflows of resources	Deferred inflows of resources
2020	\$ 278,848	\$ (15,322)
2021	278,848	(15,322)
2022	278,848	(15,322)
2023	278,848	(15,322)
2024	278,848	(15,322)
Thereafter	423,852	(7,966)
Total	<u>\$ 1,818,092</u>	<u>\$ (84,576)</u>

NOTE 12 – SUBSEQUENT EVENTS

In preparing the accompanying financial statements, the City has evaluated events and transactions for potential recognition or disclosure through April 13, 2020, the date the financial statements were available to be issued. There were two significant events that Management believes require disclosure. Effective March 1, 2020, City Manager, Charles Faranda retired from the City and the Commission appointed Desorae Giles-Smith to Interim City Manager and Kennie Hobbs, Jr., to Interim Deputy City Manager. The City is not anticipating any significant change in operations due to this management structure modification. Like other communities and globally, Management is currently assessing the impact COVID-19 is having on the City's day to day operations and will be making decisions on such matter that will be in the best interest of the Citizens of Lauderhill.

CITY OF LAUDERHILL, FLORIDA
Required Supplementary Information
Notes to the Budgetary Comparison Schedules
For the Year Ended September 30, 2019

Budgetary information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. Annual appropriations lapse at fiscal year end. The City follows Chapter 80-274 of the state of Florida Statutes and its charter in establishing the budgetary data reflected in the financial statements. The budget process is as follows:

1. Prior to August 1, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally enacted through passage of an appropriation ordinance.
4. The appropriated budget is prepared and adopted by fund, function, and department. Budgets are monitored within each department at the account level by the respective department head and the Finance Director. The City's department heads may make transfers of appropriations within a department with approval of the City Manager and Finance Director. Transfers of appropriations between departments require the additional approval of the City Commission. The legal level of budgetary control (i.e. the level at which expenditures may not exceed appropriations) is the department level. The City Commission made several supplemental budgetary appropriations throughout the year.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g. purchase orders, contracts) outstanding at year-end are reported as assigned fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

Excess of expenditures over appropriations

For the year ended September 30, 2019, expenditures exceeded appropriations in the following departments:

<u>Department</u>	<u>Excess Expenditures over Budget</u>
Police	\$1,011,670
Fire and Rescue	618,782
Transportation	93,676
Community Redevelopment Agency	49,843

These over expenditures were funded by a combination of greater than anticipated revenues and available fund balance.

CITY OF LAUDERHILL, FLORIDA
STATISTICAL SECTION
FISCAL YEAR ENDED SEPTEMBER 30, 2019

This part of the City of Lauderhill’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City’s financial standing.

TABLE OF CONTENTS	Page
FINANCIAL TRENDS	111
<p style="padding-left: 40px;">These schedules contain trend information to help the reader understand how the City’s financial performance and well-being have changed over the time.</p>	
REVENUE CAPACITY	117
<p style="padding-left: 40px;">These schedules contain information to help assess the City’s most significant local revenue source; the property tax.</p>	
DEBT CAPACITY	119
<p style="padding-left: 40px;">These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional Debt in the future.</p>	
DEMOGRAPHIC AND ECONOMIC INFORMATION	124
<p style="padding-left: 40px;">These schedules offer demographic and economic indicators to help the reader understand the environment within which the City’s financial activities take place.</p>	
OPERATING INFORMATION	126
<p style="padding-left: 40px;">These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report related to the services the City provides and the activities it performs.</p>	
MISCELLANEOUS STATISTICS	129

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

**INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE
OF EXPENDITURES OF FEDERAL AWARDS**

To the Honorable Mayor
and Members of the City Commission
City of Lauderhill, Florida

Report on the Schedule of Expenditures of Federal Awards

We have audited the accompanying schedule of expenditures of federal awards of City of Lauderhill, Florida (the "City") for the year ended September 30, 2019, and the related notes.

Management's Responsibility

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the expenditures of federal awards of the City of Lauderhill, Florida (the "City") for the year ended September 30, 2019, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor
and Members of the City Commission
City of Lauderhill, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of City of Lauderhill, Florida (the "City"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated April 13, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in blue ink that reads "S. Davis & Associates, P.A.".

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED
BY THE UNIFORM GUIDANCE**

To the Honorable Mayor
and Members of the City Commission
City of Lauderhill, Florida

Report on Compliance for Each Major Federal Program

We have audited the City of Lauderhill, Florida’s (the “City”) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City’s major federal programs for the year ended September 30, 2019. The City’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the City’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City’s compliance.

Opinion on Each Major Federal Program

In our opinion, the City, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule.

THE CITY OF LAUDERHILL, FLORIDA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED SEPTEMBER 30, 2019

Note 1 – Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) presents the expenditure activity of all federal awards of the City of Lauderhill, Florida (the “City”) for the year ended September 30, 2019. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the expenditures of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City. Some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements. The City’s reporting entity is defined in Note 1 of the City’s basic financial statements. All federal awards received directly from federal and indirectly through state agencies, as well as amounts passed through other government agencies are included in the accompanying schedule of expenditures of federal awards.

Note 2 - Summary of Significant Accounting Policies

The accompanying Schedule is presented using the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3 – Indirect Cost Rate

The City did not recover its indirect costs using the 10% de minimis indirect cost rate provided under Section 200.414 of the Uniform Guidance.

Note 4 - Contingencies

Grant monies received and disbursed by the City are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the City does not believe that such disallowances, if any, would have a material effect on the financial position of the City. As of April 13, 2020, management is not aware of any material questioned or disallowed costs as a result of grant audits in process or completed; however, the possible disallowance by a governmental agency of any item charged to a program or project cannot be determined at this time.

Management Letter in Accordance with Rules of the Auditor General of the State of Florida

To the Honorable Mayor
and Members of the City Commission
City of Lauderhill, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Lauderhill, Florida (the "City") as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated April 13, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated April 13, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report and the current status is described in our Schedule of Findings and Questioned Costs.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in the management letter, unless disclosed in the notes to the financial statements. The name or official title and legal authority of the primary government and component units are disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Annual Financial Report

Sections 10.554(1)(i)5.b. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether the annual financial report for the City for the fiscal year ended September 30, 2019, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2019. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

Section 10.554(1)(i)5.d., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that there were no special district component units associated with the City of Lauderhill that was required to provide information for reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, recommendations accompany this report in the Schedule of Findings and Questioned Costs.

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Members of the City and management and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in blue ink that reads "S. Davis & Associates, P.A." The signature is written in a cursive style.

Hollywood, Florida

April 13, 2020

INDEPENDENT ACCOUNTANT'S REPORT

To the Honorable Mayor
and Members of the City Commission
City of Lauderhill, Florida

We have examined the City of Lauderhill, Florida's (the "City") compliance with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2019. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2019.

Hollywood, Florida
