Introductory Section

March 13, 2020

To the Honorable Mayor, Members of the City Council and the Citizens of the City of Orange City, Florida:

It is with great pleasure that we present to you the City of Orange City, Florida ("the City") Comprehensive Annual Financial Report for the fiscal year ended September 30, 2019. This report fulfills the requirements set forth in the Florida Statutes, Chapter 166.241 and the Rules of the Florida Auditor General, Chapter 10.550. The organization, form and contents of this report, plus the accompanying financial statements and statistical tables, are formulated in accordance with the principles prescribed by the Government Accounting Standards Board (GASB), State of Florida (SOF), and the Government Finance Officers Association (GFOA).

Management assumes full responsibility for the completeness and reliability of all information presented in this report based upon a comprehensive framework of internal controls that has been established for this purpose. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of material mistakes. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

McDermitt Davis, LLC, a firm of licensed certified public accountants, has audited the City's financial statements. The objective of the independent audit was to provide reasonable assurance that the financial statements of the City for the year ended September 30, 2019, are free of material misstatements. The independent audit involved examining on test basis evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon their examination, that there was a reasonable basis for rendering an unmodified ("clean") opinion that the City's financial statements for the fiscal year ended September 30, 2019, are fairly presented in conformity with generally accepted accounting principles (GAAP).

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

We believe the City's internal controls function adequately to safeguard assets, provide reasonable assurance of proper recording of financial transactions, and provide for proper authorization of all transactions and activities.

CITY PROFILE

The City of Orange City, Florida, is located in Southwest Volusia County between the cities of DeBary, DeLand and Deltona, creating a "Metropolitan Area" of over 200,000 residents. The City of Orange City was chartered as a municipality under law of the State of Florida on May 30, 1889, although the City was formed on August 26, 1882. The City currently has a land area of just over 7.85 square miles and an estimated population of 12,103 which represents an increase from 11,720 in 2018 (information obtained by Bureau of Economic Business and Research). The City of Orange City has operated under the council-manager form of government since 1988. Policymaking and legislative authority are vested in an elected City Council, which consists of a mayor and six council members.

The City provides a full range of services. Governmental activities include police, fire and rescue, street maintenance, planning and zoning, building inspections, community and economic development, parks and recreation, cultural events, and general administrative services. In addition, Business-type activities include two Enterprise Funds. The Utilities Fund provides water, wastewater and reclaimed water and the Stormwater Fund provides drainage infrastructure. Both Enterprise Funds are funded through user fees established by the City Council to ensure adequate coverage of operating expenses and payments on outstanding debt. The City provides utilities services outside the city limits in certain unincorporated parts of Volusia County. The City contracts with a private contractor through a franchise agreement for solid waste collection.

As noted on page 25 of the Notes, the City maintains a Community Redevelopment Agency (CRA). A CRA is a dependent special district in which any future increases in property values are set aside to support economic development projects within the district. The CRA is charged with undertaking redevelopment and revitalization of Volusia Avenue and surrounding areas. The CRA is a decision making body which works with city staff to carry out the CRA plan and manages the tax increment funds.

The annual budget serves as the foundation for the City's financial planning and control. The City Manager formally presents the proposed budget in August. During August there is at least one workshop with the Council to review and discuss the operating budget and the capital improvement budget. From there, Council and the public review/change the proposed budget with formal adoption occurring in late September.

The process of amending and modifying the budget is specified in the City's Charter. The City Manager has authority to transfer among line items within a department. City Council approval is required for all budget amendments, which include transfers among departments, transfers involving contingency, reserve allocations, or increases in the total budget. Amendment recommendations by the City Manager throughout the fiscal year are usually prompted by significant changes in circumstances. These are documented and explained, as they occur, to the City Council in a resolution agenda item at a regularly scheduled City Council meeting.

Local economy: The financial statements are a realistic barometer of the City and its continued quality growth pattern over the past years. The City's 2019 taxable property valuations increased by 10.8% (\$73,679,876). New construction and annexations for 2019 totaled \$35,301,571 compared to \$8,656,590 in 2018. The increase in taxable value resulted from economic improvements and new taxable values resulting from annexations and new construction. The City anticipates a continued increase in taxable values for the 2020 tax year. The City's tax base contains non-residential and residential properties, with non-residential being classification such as; retail, healthcare, and apartments. Non-residential represents 73.7% of the taxable value and residential is 26.3%.

FINANCIAL INFORMATION

Long-Term Financial Planning: Each year, the City conducts a thorough ratio analysis of financial trends on numerous strategic performance metrics over the preceding five-year period to identify financial threats and/or issues that may affect the year's pre-budget planning, assisting in the determination of major budgeting parameters such as tax policy, capital objectives, operational spending targets, cash management, and reserve requirements. Long-term financial planning is also incorporated into budgeting via use of the City's four part fiscal strategy, which includes: (1) Controlling recurring expenses and long-term liabilities-insuring that such cost growth does not outpace the growth of recurring revenue; (2) Providing for the future availability of current assets; (3) Avoiding any structural fiscal imbalance; and, (4) Running government like a business, e.g., recognizing citizens and business owners as shareholders and taking actions appropriate to the protection of that part of their owner's equity that is based on the safety, attractiveness, and overall desirability of the living and business environments.

Relevant Financial Policies: The City's investment policy is to minimize market risks while maintaining a competitive yield on its portfolio. Accordingly, deposits were either insured by Federal Depository Insurance or collateralized in Qualified Public Depositories in accordance with state statutes. Very limited surplus funds (less than 1%) are invested in the Local Government Investment Pool (LGIP) administered by the Florida State Board of Administration (SBA) and the Florida Safe Investment Pool.

Along with the annual budget each fiscal year, the City adopts a comprehensive strategic plan with an annual performance report. The strategic plan identifies major challenges, states goals, and sets a policy agenda and a management agenda. Each year the performance report is prepared to aid in evaluating the prior years' performance and to assist with updating the strategic plan. All parties in the budget process are accountable for providing realistic and attainable projections in order to minimize deviations from the plan as each budget year proceeds.

It has been a long-standing goal of the City Council and management's position that the general fund balance should always remain above 25% of projected expenditures. In the event the City is faced with a natural disaster, these funds would be readily available to pay the various contractors needed to assist the City with meeting the needs of opening roads and debris clean-up without having to wait for federal funding (FEMA).

AWARDS AND ACKNOWLEDGEMENTS

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Orange City for its comprehensive annual financial report (CAFR) for the fiscal year ended September 30, 2018; this is the eighteenth consecutive year that the City has received this prestigious award. In order to receive this Certificate of Achievement, the City must publish an easily readable and efficiently organized CAFR. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to again determine its eligibility for another certificate.

The City also received the GFOA's Distinguished Budget Presentation Award for its annual budget of Fiscal Year 2018/19. To qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device. We believe that our budget document for Fiscal Year 2019/20 meets the Distinguished Budget Presentation Award Program's requirements and was submitted to the GFOA to determine its eligibility for the award. The City has successfully received the Distinguished Budget Award for twelve consecutive years.

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Our sincere appreciation is extended to each member of the department for the contributions made in the preparation of this report.

Other City Departments, although not extensively involved in year-end audit activities, contributed significantly by ensuring the accuracy and integrity of accounting information compiled throughout the year. Without their diligence, the work of the Finance Department would have been considerably more difficult. Appreciation must also be expressed to McDirmit Davis, LLC, the City's auditors, for their contribution to the excellence and quality of this report.

In closing, we would also like to thank the Mayor and City Council for their continued support and steadfast commitment to maintaining the financial integrity of the City. With their leadership, the City has a secure financial future without compromising quality of life.

Yours in public service,

Ms. Dale Arrington

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Orange City, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the *City of Orange City, Florida*, as of and for the year ended September 30, 2019 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

City of Orange City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Orange City, as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, pension and other postemployment benefits disclosures as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise *City of Orange City's* basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, statistical section, and the Schedule of Expenditures of Federal Awards and State Financial Assistance (The Schedule), as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, *Rules of the Auditor General*, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules of budgetary comparison information, and the Schedule are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund statements and schedules, and the Schedule is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated March 13, 2020 on our consideration of *City of Orange City's* internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering *City of Orange City's* internal control over financial reporting and compliance.

McDiarmid Davis

Orlando, Florida
March 13, 2020

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

Management of the City of Orange City, Florida (the "City") offers the readers of these basic financial statements this narrative overview and analysis of the City's financial activities for the fiscal year that ended on September 30, 2019. This discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position, (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues and concerns.

As with other sections of this financial report, the information contained within the Management's Discussion and Analysis (MD&A) should be considered only as part of a greater whole. The readers of this statement should take time to read and evaluate all sections of this report, including the letter of transmittal, which can be found on page i, the required supplementary information (RSI) which can be found beginning with page 54, and the City's financial statements beginning on page 16.

Financial highlights

- The assets and deferred outflows of resources of the City of Orange City exceeded its liabilities and deferred inflows of resources at September 30, 2019 by \$41,036,868 (net position). Of this amount, \$5,270,012 (unrestricted net position) may be used to meet the government's ongoing obligations to its citizens and creditors.
- The City's total net position increased by \$4,737,209. Governmental total net position increased by \$1,327,995 while business-type activities increased by \$3,409,214.
- At the close of the fiscal year, the City of Orange City's governmental funds reported combined ending fund balances of \$10,849,203, an increase of \$2,218,302 in comparison with the prior year. Approximately 85.3% of this amount or \$9,249,870 is available for spending at the City's discretion (unassigned fund balance).
- The City's total outstanding debt increased by \$579,556 during the current fiscal year. The increase is attributable an increase in SRF loan proceeds offset by a decrease in outstanding Revenue Bonds.

Overview of the financial statements

This discussion and analysis is intended to serve as an introduction to the City of Orange City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The Statement of Net Position presents information on all of the City's assets, liabilities and deferred outflows/inflows with the difference reported as net position. The focus of the Statement of Net Position (the "unrestricted net position") is designed to be similar to the "bottom line" results for the City and its governmental and business-type activities. One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used in most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and the change in position. You can think of the City's net position – the difference between assets and liabilities – as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial position is improving or deteriorating.

However, other nonfinancial factors will need to be considered to assess the overall health of the City, such as, changes in the City property tax base and the condition of the City roads.

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

In the Statement of Net Position and the Statement of Activities, we divide the City into two kinds of activities:

- **Governmental activities** – Most of the City's basic services are reported here, including police, fire, public works, parks and general government. Property taxes, franchise fees and state-shared revenues finance most of these activities.
- **Business-type activities** – Fees are charged to customers to cover the cost of providing water, wastewater utility and stormwater services.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year, focusing on both the gross and net costs of various activities, in the governmental and business-type funds, that are supported by the government's general tax and other revenues. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

Both of the government-wide financial statements distinguish functions of the City, that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (business-type activities). The governmental activities include general government, public safety, transportation, and culture and recreation. The business-type activities include water, wastewater and stormwater fees.

The government-wide financial statements include the City of Orange City itself (known as the primary government) and one blended component unit (Community Redevelopment Agency Fund). The government-wide financial statements can be found on pages 16-17 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains six individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, Impact Fee Fund (a special revenue fund) and CRA (a special revenue fund), all of which are considered to be major funds. Data from the other three governmental funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in this report, following the notes to the financial statements.

The City adopts an annual appropriated budget for its General Fund and special revenue funds. Budgetary comparison schedules have been provided for these funds to demonstrate compliance with the budget. The General Fund, Impact Fee Fund and the CRA Fund are presented as required supplemental information. The governmental funds financial statements can be found on pages 18-20 of this report.

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

Enterprise funds. The City maintains two *enterprise funds*. Enterprise funds are used to present the same functions presented as business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for its utilities and stormwater funds. The Enterprise Fund statements provide the same type of information as the government-wide financial statements, only in more detail.

The basic enterprise fund financial statements can be found on pages 21-24 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements and can be found on pages 25-52 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning budgetary comparisons. Combining and individual fund statements and schedules can be found on pages 62-68 of this report.

Infrastructure assets. Typically, a government's largest group of assets (infrastructure – roads, bridges, underground pipes [unless associated with a utility] etc.) have not been reported nor depreciated in governmental fund financial statements. GASB Statement No. 34 requires that these assets be valued and reported within the governmental column of the government-wide statements. The City had the option to either (a) depreciate these assets over their useful life or (b) develop a system of asset management (the alternative method) designed to maintain the service delivery potential to near perpetuity. The City has elected to implement the depreciation method, and will monitor and consider, over time, a possible conversion to the alternative method.

GOVERNMENT-WIDE OVERALL FINANCIAL ANALYSIS

Net Position - As noted earlier, net position may serve over time as a useful indicator of a government's financial position. For the current year, the City's assets and deferred outflows exceed liabilities and deferred inflows by \$41,036,868 at September 30, 2019.

The following table reflects the condensed Statement of Net Position compared to the prior year. For more detailed information see the Statement of Net Position on page 16.

(in thousands)	Statement of Net Position As of September 30					
	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
Current and other assets	\$ 12,219	\$ 9,216	\$ 7,179	\$ 6,873	\$ 19,398	\$ 16,089
Restricted assets	-	-	726	683	726	683
Capital assets	10,357	8,987	27,513	23,826	37,870	32,813
Total assets	22,576	18,203	35,418	31,382	57,994	49,585

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

Eighty-four percent (84%) of the City's net position are reflected in investment in capital assets (e.g., land, buildings, improvements, infrastructure, vehicles and equipment) less any outstanding related debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net position of the City's **governmental activities** increased by \$1,327,995 and totaled \$11,335,886 at the end of fiscal year 2019. Of this amount, approximately all of this is either restricted as to the purpose they can be used for or is invested in capital assets (land, buildings and equipment). Consequently, unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, totaled \$250,156 at the end of 2019.

Net position of the City's **business-type activities** increased by \$3,409,214 and totaled \$29,700,982 at the end of fiscal year 2019. Of this amount, approximately 83% is invested in capital assets (land, buildings and equipment) and restricted. Consequently, unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, totaled \$5,019,856 at the end of 2019.

As of September 30, 2019, the City is able to report positive balances in all three of the three categories of net position.

The following table reflects the condensed Statement of Activities as compared to the prior year. For more detailed information see the Statement of Activities on page 17.

Changes in net position – while the Statement of Net Position shows a snapshot of the City's financial position at the end of the fiscal year, the Statement of Changes in Net Position provides answers as to the nature and source of those changes. At September 30, 2019, the City's combined net position totaled \$41,036,868, which is an increase of \$4,737,209 over last year's reported \$36,299,659.

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

The City's total revenue increased by less than 1% or \$7,843. The total cost of all program expenses increased by 9% or \$1,638,867. Governmental activities increased the City's net position by \$1,327,995, and business-type activities increased the City's net position by \$3,409,214 for a total increase of \$4,737,209.

The analysis below separately considers the operations of governmental and business-type activities.

Governmental Activities

The cost of all governmental activities this year was \$14,629,352 compared to \$13,236,085 last year for an increase of 10.5% or \$1,393,267. It should be noted that as shown in the Statement of Activities on page 17, the amount the City's taxpayers ultimately financed for these activities through City taxes was \$7,413,092 because some of the costs were paid by those who directly benefited from the programs, \$5,480,942 or by other governments and organizations that subsidized certain programs with grants and contributions, \$1,735,318. The governmental program revenues increased in fiscal year 2019 to \$7,216,260 from \$5,700,663 for an increase of \$1,515,597 or 26.6%. With the net increase being attributable to grant revenues increasing from \$924,218 to \$1,735,318 (grants tend to be nonrecurring). Positive factors resulting in the increase were ad valorem and utility taxes. The City also realized an increase in permitting and new construction. The City continues to pursue grant opportunities and anticipates an increase in grant revenue next year depending on the completion of certain large capital projects and the subsequent collection of reimbursement grant proceeds. The City paid for the remaining "public benefit" portion of governmental activities with \$7,413,092 in taxes and with other revenue, such as general entitlements.

Program Expenses vs. Revenues

Management's Discussion and Analysis

September 30, 2019

Governmental Revenues by Source

Business-type Activities

A comparison of the City's functional program revenues and costs of providing business-type activities to its customers is useful in identifying the capabilities of producing revenue sufficient to operate programs.

Total expenses of the business-type activities increased in 2019 to \$4,515,827 (up \$245,600 or 5.8%) as compared to \$4,270,227 in 2018. Charges for services of the business-type activities increased in 2019 to \$5,476,532 (up \$326,350 or 6.3%) as compared to \$5,150,182 in 2018. Business-type activities increased the City's net position by \$3,409,214, which is less than the prior year's \$5,890,413, and totaled \$29,700,982 at September 30, 2019. Key factors in the current year's activity include:

- The annual Utilities (water, wastewater and reclaimed) rates increased as provided in the 2013 adopted rate study.
- The annual Stormwater rate increased as provided in the 2015 adopted rate study.
- There were no Operating Grants and Contributions revenues for 2019 and 2018 and Capital Grants and Contributions revenues decreased in 2019 (\$2,705,959) compared to 2018 (\$5,239,319).

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

The following is a summary of the City's Program Revenues and Expenses – Business-type Activities:

The primary sources of revenues for the business-type activities are generated through charges for services and capital grants and contributions. These sources are useful in identifying how revenues are generated to operate the program.

The following is a summary of the City's Revenues by Source – Business-type Activities:

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

Financial analysis of the City's funds. As noted earlier, the City of Orange City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance may serve as a measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2019, the City's governmental funds reported combined ending fund balances of \$10,849,203, an increase of \$2,218,302 in comparison to \$8,630,901 reported last year. Approximately 85% of this total amount, \$9,249,870 constitutes the unassigned fund balance, which is available for spending at the City's discretion. The remaining fund balance categories total \$1,599,333 and represent balances that are nonspendable, restricted, committed and assigned. Nonspendable funds total \$103,333 and are used to account for prepaid items at year-end. Restricted funds include the forfeiture funds, CRA funds and other funds totaling \$94,683 and must be spent according to various Florida State Statutes. Committed funds are impact fees that total \$910,518 and are used for acquisitions of capital assets resulting from growth (not replacement of capital assets). The assigned funds total \$490,799 and are the result of appropriated fund balance within the adopted fiscal year 2019/20 budget and in-progress procurements at year-end. For more detailed information see Note 9 on page 48.

The General Fund is the chief operating fund of the City. As of September 30, 2019, the unassigned fund balance of the General Fund was \$9,249,870, while the total fund balance of all governmental funds was \$10,849,203. As a measure of the General Fund liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 71.6% of total General Fund expenditures of \$12,913,034.

The fund balance of the City's General Fund increased \$2,180,940 during the current fiscal year. The increase is attributed to recurring revenue being collected at 7.7% over the budget, an increase in Licenses and Permits, in conjunction with under spent appropriations primarily as it relates to planned capital projects.

Enterprise funds. The City's Enterprise Funds provides the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Utilities and Stormwater funds at September 30, 2019, amounted to \$5,019,856 a increase of \$11,336 or 0.2% from the prior year of \$5,008,520.

General Fund Budgetary Highlights

The following is a brief summary of the budget changes from the original to the final budget (refer to budget comparison on page 58). The general fund budget expenditures were increased from \$12,488,946 to \$14,864,163 from the original budget (an increase of \$2,375,217 or 16%) and was primarily attributed to the following changes:

- \$1,243,700 increase in Transportation expenditures with the largest being carry-forward of the French LAP Projects (shared use path and sidewalk) totaling \$1,070,507.
- \$520,000 increase in Building Division expenditures resulting from new development activity.
- \$282,121 increase in Parks and Recreation expenditures including the carry-forward of the Skate Park (ECHO grant) and Improvements (CDBG grant) at Coleman Park.

Actual revenues collected were \$1,058,044 more than the final budget, and actual expenditures were \$1,951,129 less than the final budget.

These differences are primarily attributed to:

Revenues:

Actual year-end revenues were over the budgeted amount by a net \$1,058,004 or 7.7%.

Major revenue items that generated favorable/positive budget variances were:

- Intergovernmental (grant) \$617,627

Major revenues that generated unfavorable/negative budget variances were:

- Property Taxes \$21,007

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

Expenditures:

Actual year-end expenditures were less than budgeted by \$1,951,129 or 13%.

Major expense categories that came in under budget were:

- Transportation services \$ 709,064
- General Government \$ 449,596

With Transportation the LAP project (grant related) known as Big French shared use path project contributed to actual expenditures generating a favorable budget variance and are considered multi-year projects. The General Government under spent budget is primarily attributed to attorney fees and professional services. Further, personnel services throughout were less than budgeted as the result of some position vacancies and normal personnel attrition throughout the city (notably within police, fire, and public works). City departments continued to be prudent resulting in unspent operating allocations within all departmental functions. The aforementioned items, in part, contributed to the expense appropriation being \$1,951,129 under budget.

Capital Assets and Debt Administration

Capital assets. At September 30, 2019 the City had \$37,870,088 (net of accumulated depreciation) invested in a broad range of capital assets, including land, equipment, buildings, park facilities and infrastructure. This amount represents a net increase (including additions and deductions) of \$5,057,670 or 15.4% above last year. The following table illustrates the composition in capital assets:

	Capital Assets					
	(net of accumulated depreciation)					
	As of September 30					
(in thousands)	Governmental activities		Business-type activities		Total	
	2019	2018	2019	2018	2019	2018

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

Major capital projects completed during the current fiscal year include the following:

- Completion of Coleman Skate Park and other improvements (\$264,679)
- Citywide computers and equipment (\$154,193)
- Citywide replacement vehicles (\$302,602)
- Various road improvements (\$75,928)
- Various facility improvements (\$116,295)
- Wastewater collection improvements (\$150,959)

Construction in progress (CIP) at September 30, 2019 totaled \$16,420,843 with business-type activities accounting for \$13,984,261 and is associated with several comprehensive capital projects (the most significant projects being: Water System Capital Improvements and the Holly Avenue infrastructure project). Governmental activities at September 30, 2019 accounted for \$2,436,582 and are associated with several projects (notably the two French LAP projects and the Holly Avenue infrastructure project).

Major capital projects for the upcoming fiscal year include the following:

The City's fiscal year 2020 governmental-type activities capital budget continues to demonstrate forward momentum with the City Council's long-standing commitment to appropriately align available resources to meet the capital replacement program, with funding totaling \$932,541. Fiscal year 2020 highlighted capital improvements are: sidewalks totaling \$50,000, fleet vehicles, nine (9) replacement/new totaling \$332,150, various building improvements totaling \$178,861, and city-wide computers, software and related equipment totaling \$46,500.

The City's fiscal year 2020 business-type capital budget has appropriated \$881,880 in projects. In fiscal year 2016, the City successfully obtained funding from the Florida Department of Environmental Protection State Revolving Funding, a combination of grant (85%) and low interest loan (15%), in the amount of up to \$10.5 million to fund up to 5-years of the Water System Master Plan (capital improvements). These projects were multi-year construction projects and are scheduled to be completed by the end of fiscal year 2020. Additional information on the City's capital assets can be found in Note 5 (page 37-38) of the notes to the financial statements in this report.

Long-term debt. At September 30, 2019, the City had debt as noted below.

Long-Term Debt						
As of September 30						
(in thousands)	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
State Revolving Fund Loan	\$ 276	\$ -	\$ 2,141	\$ 1,518	\$ 2,417	\$ 1,518

Total	\$ 276	\$ -	\$ 3,166	\$ 2,863	\$ 3,442	\$ 2,863

CITY OF ORANGE CITY, FLORIDA

Management's Discussion and Analysis

September 30, 2019

The City's governmental activities debt increased by \$276,538 relative to drawing on the SRF loan.

The City's business-type activities debt decrease by \$320,000 due to principal payments on the 2005 Utility Revenue Bonds and increased by \$623,018 relative to drawing on the SRF loan.

At September 30, 2019 the City has SRF Loans DW642000 and DW642030 payable in the amount of \$2,417,094. Additional information on the City's long-term liabilities can be found in Note 6 (page 39-40) of the notes to the financial statements.

The City is authorized to issue debt pursuant to Article III, Section 2, of the Constitution of the State of Florida, and Chapter 166, part II, Florida Statute. The City charter does not set debt limitations, but requires authorization of debt issuance by Ordinance.

Economic Factors and Next Year's Budgets and Rates

The State of Florida, by constitution, does not have a state personal income tax and therefore the State operates primarily using sales, fuel and corporate income tax. Local governments (cities, counties and school boards) rely on property taxes and a limited array of other taxes (sales, fuel, business, utilities, etc.) and fees (franchise, permit, etc.) for governmental activities. There are a limited number of state-shared revenues and recurring and non-recurring (one-time) grants from local, state and federal governments. Of paramount concern is the continuation of unfunded mandates and State Legislature actions as they continue to erode the "Home-Rule Authority" resulting in loss of valuable revenues that the City uses for maintenance and development.

In February 2020, Council held a Strategic Planning/Goal Setting Update Workshop and reviewed and updated the City's Strategic Plan. This plan is utilized to help guide the city in prioritizing funding for the annual budget. The City expenditures have been strategically linked to the priorities contained within the plan.

The City continues to realize forward momentum thanks to our long-standing continuation of several fundamental objectives as indicated in the following. The City's continued focus for fiscal year 2019 relates to maintaining our current level of service coupled with an emphasis on funding to maintain the City's capital assets and infrastructure through proper and timely maintenance and replacement. The City continues to work to address revenue sources that have declined or have been reduced through state unfunded mandates by managing operating expenses in the most prudent way possible. Current known (and ongoing) shared revenue sources that the state continues to debate as to whether to eliminate or to enact sweeping changes are Communication Services Tax and Business Tax Receipts. On a positive note, the city experienced an increase in taxable values and are poised to experience considerable new development with both commercial and residential construction.

Council and staff continue to monitor and evaluate current economic influences both internally and externally which influence revenues and expenditures and steps continue to be taken to ensure the City is prepared to adjust the budget appropriately, as well as prepare for the 2020 budget development.

Requests for Information

The financial report is designed to provide a general overview of the City's finances for all of those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the office of the Finance Director, City of Orange City, 205 East Graves Avenue, Orange City, Florida 32763.

CITY OF ORANGE CITY, FLORIDA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES**

For the Year Ended September 30, 2019

Net Change in Fund Balances - total governmental funds: \$ 2,218,302

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report outlays for capital assets as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Expenditures for capital assets	2,538,956	
Current year depreciation	<u>(1,157,309)</u>	1,381,647

The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins and disposals) is to decrease net position	(11,212)
---	----------

Expenditures in the governmental funds for compensated absences are not recorded as expenses in the statement of activities	(1,508)
---	---------

Expenditures in the governmental funds for other post employment benefits are not recorded as expenses in the statement of activities	(10,654)
---	----------

Long-Term liabilities, including bonds payable are not due and payable in the current period, and therefore not reported in the funds:	
Note payable	(276,538)

Cash pension contributions reported in the funds were more than the calculated pension expense on the statement of activities, and therefore increased net position	<u>(1,972,042)</u>
---	--------------------

Change in net position of governmental activities	<u>\$ 1,327,995</u>
---	---------------------

The accompanying Notes to Financial Statements are an integral part of this statement.

CITY OF ORANGE CITY, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2019

Note 1 - Summary of Significant Accounting Policies:

The *City of Orange City, Florida* ("the City") was incorporated on August 26, 1882, and is a municipal corporation chartered in the State of Florida. The City operates under a Council/City Manager form of government providing services of general government, finance, police and fire protection, sanitation services, stormwater services, water and sewer services, the construction and maintenance of streets and infrastructure, recreational activities and cultural events to its residents. The legislative branch of the City is composed of a seven (7) member elected City Council. The City Council is governed by City Charter, state and local laws and regulations. The City Council is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the City Council, appointed City Manager and City Clerk.

The City's financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the City are discussed below. The financial statements have also been prepared in accordance with GASB Statement 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments*.

A. Reporting Entity:

The City of Orange City operates under a Council/City Manager form of government. The city is a municipal corporation with a seven-member council including the mayor, who acts as the presiding officer of the council, with a vice-mayor serving in his absence.

The City provides a full range of municipal services including: public safety (police and fire), public work activities (street and right-of-way maintenance), development services (city planning and development), parks (maintenance and leisure), and general administration. Additionally, the City operates both a utilities and stormwater enterprise fund.

In evaluating how to define the City, for financial reporting purposes, the management has considered all potential component units. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organizations' resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to the organization; or (c) is obligated in some manner for the debt of the organization. In applying the above criteria, the City has one blended component unit as follows:

The City of Orange City created the Community Redevelopment Agency (CRA) in August of 2014. This is a dependent taxing district established in accordance with Chapter 163, Part III, Florida Statutes. Notification to affected taxing agency was done in compliance with Chapter 163.346, Part III, Florida Statutes. The CRA fund is governed by a seven-member board - the seven members of the city council. Separate financial statements are not issued for the CRA.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):

A. Reporting Entity (Continued):

The incremental annual increase in tax over the base years will be used to fund projects designed to enhance and improve the described area. The purpose of the CRA is to utilize appropriate private and public resources to eliminate and prevent the development or spread of slum and blighted areas in designated areas within the City. Areas within the CRA are to be redeveloped as an economically sustainable and attractive mixed-use area offering a high quality local destination in a manner that promotes a positive image for the City.

B. Basic Financial Statements:

Government-Wide Financial Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's police and fire protection, parks, and recreation, public works, and general administrative services are classified as governmental activities. The City's utilities and stormwater services are classified as business-type activities.

In the government-wide statement of net position, both governmental and business-type activities columns (a) are presented on a consolidated basis by column and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts: net investment in capital assets, restricted net position, and unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The government-wide statement of activities reports both the gross and net cost of each of the City's functions (police, fire, public works, etc.) and business-type activities. The functions are also supported by general government revenues (property, sales and use taxes and certain intergovernmental revenues). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets, liabilities, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least ten (10) percent of the corresponding total for all funds of that category or type; and

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):

B. Basic Financial Statements (Continued):

- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least five (5) percent of the corresponding total for all governmental and enterprise funds combined.
- c. The City in its own discretion determines that the fund should be considered a major fund.

C. Basis of Presentation - Fund Accounting:

(1) Major Governmental Funds:

General Fund - The General Fund is the City's primary operating fund, and is used to account for all financial resources except those required to be accounted for in another fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund.

Impact Fee Fund - This special revenue fund accounts for police, fire, parks and transportation impact fees. The use of this revenue is restricted to expansion for programs related to parks, transportation, police and fire.

Community Redevelopment Fund - This special revenue fund was established by the City as authorized under Chapter 163, Part III, Florida Statutes, for the economic development of designated area(s) of the City. The incremental annual increase in tax over the base years will be used to fund projects designed to enhance and improve the designated area.

(2) Major Proprietary Funds:

Utilities - The Utilities fund is used to account for the operations of the City's water and wastewater system, which are financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public on an ongoing basis are financed primarily through user charges.

Stormwater - The Stormwater fund is used to account for the operations of the City's stormwater system, which is financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public on an ongoing basis are financed primarily through user charges.

Proprietary funds distinguish operating revenues and expenses from non-operating. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenue of the City's enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, depreciation on capital assets and amortization of intangible assets.

(3) Nonmajor Governmental Funds:

Special Revenue Funds - Special revenue funds are used to account for specific revenue sources that are restricted by law to expenditures for specific purposes. Nonmajor special revenue funds include the Solid Waste Assessment Fund, the Forfeiture Fund, and Shadow Ridge 2 Streetlighting District Fund.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):

D. Measurement Focus/Basis of Accounting:

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

E. Budgets and Budgetary Accounting:

The following procedures are used to establish the budgetary data reflected in the financial statements:

- (1) Prior to August 1 of each year, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1.
- (2) Public hearings are conducted to obtain taxpayer comments.
- (3) Prior to October 1, the budget is legally enacted through the passage of an ordinance.
- (4) Formal budgetary integration is employed as a management control device during the year for all governmental funds that have a legally-adopted budget.
- (5) Budgets are adopted on a basis consistent with U.S. Generally Accepted Accounting Principles (GAAP).
- (6) Budget appropriations are prepared by the City Manager and authorized by the City Council on a departmental basis in accordance with Article VII, Section 7.01 of the City Charter. Subsidiary designations of departmental appropriations are authorized by the City Council. All interdepartmental budget amendments and/or transfers must be approved by the City Council. Budgetary control is exercised at the department level.
- (7) Every appropriation, except for a specified major capital expenditure, shall lapse at the close of the fiscal year to the extent that it has not been expended. The City does not use the encumbrance method of accounting.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):***F. Accounts Receivable:***

- (1) Property Taxes Receivable - Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the state regulating tax assessments are also designed to assure a consistent property valuation method statewide. State statutes permit municipalities to levy property taxes at a rate of up to ten (10) mills. The millage rate assessed by the City for the fiscal year ended September 30, 2019 was 8.034, which means that the City has a tax margin of 1.966 per \$1,000 and could raise up to \$1,344,173 in additional tax revenue per year from the present assessed valuation of \$683,709,535.

The property tax calendar is as follows:

- All property is assessed according to its fair market value on January 1 of each year.
- Property Appraiser prepares the assessment roll January 1 of the year then submits this preliminary roll for approval by the State and notifies each taxing authority of their respective valuation by July 1 of the assessment year.
- City Council holds two required public hearings, adopts a budget for the upcoming fiscal year, and adopts an ad valorem tax millage rate by September 30 of the assessment year.
- Property Appraiser certifies the assessment roll, and all real and tangible personal property taxes are due and payable November 1 (levy date) of the assessment year.
- A Notice of Taxes is mailed to each property owner on the assessment roll by November 1 of the assessment year. Taxes may be paid November 1 (year of assessment) through March 31 (following year of assessment) with the following applicable discounts:

<u>Month</u>	<u>Discount</u>
November	4%
December	3%
January	2%
February	1%
March	0%

- All unpaid taxes on real and tangible personal property become delinquent on April 1 of the year immediately following year of assessment.
- A list of unpaid tangible personal property taxes and a list of unpaid real property taxes are advertised in April/May of the year immediately following the year of assessment.
- Tax certificates are sold on all real properties with unpaid real property taxes on June 1 (lien date) of the year immediately following the year of assessment.
- A court order is obtained authorizing the seizure and sale of personal property if the taxpayer fails to pay the delinquent personal property taxes by June 1 of the year immediately following the year of assessment.

- (2) Unbilled Utilities Accounts Receivable - Utilities revenues are generally recognized on the basis of cycle billings rendered monthly. The unbilled portion is accrued at year end by calculating the City's October billing cycle and prorating the amount of days applicable to the current year which amounted to \$428,206 at September 30, 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):***F. Accounts Receivable (Continued):***

- (3) Allowance for Uncollectible Accounts - Based upon an analysis of both past history and past due receivables, it is management's opinion that a \$45,355 allowance for uncollectible accounts is necessary. This balance relates entirely to the utilities enterprise fund.

G. Long-term Obligations:

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or enterprise fund operations and whether they are reported in the government-wide or fund financial statements. All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of bonds payable, notes payable, accrued compensated absences, and other post-employment benefits. Long-term debt for governmental funds is not reported as a liability in the fund financial statements. The accounting for the enterprise funds is the same in the fund statements as it is in the government-wide statements.

H. Cash and Investments:

Cash and cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and mature within three months of acquisition.

Investments for the City are reported at fair value within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, except for the position in the Florida State Board of Administration's and Florida Safe's Local Government Surplus Investment Pools (LGIP). In accordance with state law, the LGIP's operate in conformity with all of the requirements of the Securities and Exchange Commission's (SEC) Rule 2a7 as promulgated under the Investment Company act of 1940, as amended. Accordingly, the LGIP's qualify as a 2a7-like pools and are reported at the net asset value per share (which approximates fair value) even though it is calculated using the amortized cost method. The Florida State Board of Administration is subject to regulatory oversight by the State of Florida, although it is not registered with the SEC.

I. Capital Assets:

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years
Water and Wastewater System	10-50 years
Machinery and Equipment	2-10 years
Improvements	10-20 years
Other Infrastructure	10-50 years

There were no capitalizable interest costs for the year ended September 30, 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):

J. Operating Revenues and Expenses:

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues and expenses of the City's enterprise funds are charged to customers for sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

K. Revenues:

Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as nonoperating revenue based on GASB No. 33. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenues when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met, are reported as unearned revenue.

L. Inventory:

Inventories are valued at cost using the first-in/first-out (FIFO) method. Inventory costs are reported in the period when inventory items are used, rather than when purchased.

M. Compensated Absences:

Effective February 1, 2016 the City revised the policy for compensated absences from vacation and sick leave to personal time off (PTO), which is accrued per pay period based on an employee's length of service.

Regular employees may use paid time off leave for any reason including vacation, illness, medical appointments, personal business, etc. Employees are still required to arrange and obtain prior/advance approval of paid time off leave. Supervisors can consider same day requests for illnesses. No employee shall be granted paid time off leave unless the time has already accrued prior to the leave period. Paid time off leave shall not be used in increments of less than one quarter hour (fifteen minutes).

A balance between work life and personal life is essential for maximum productivity. Therefore, employees with one (1) year up to five (5) years of service shall be required to utilize a minimum of forty (40) hours of paid time off leave per fiscal year (or 42 hours or 56 hours depending on employee's schedule). Employees who have more than five (5) years of service shall be required to utilize a minimum of eighty (80) hours of paid time off leave per fiscal year (or 84 or 112 hours depending on employee's schedule).

Full-time employees, upon separation or retirement with six (6) month's service, will receive payment of all unused accrued paid time off leave up to a maximum of 580 hours. PTO accruals are not capped during employment, but may not exceed 580 hours paid out upon separation of employment or retirement.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):

N. Interfund Activity:

Interfund activity is reported as loans, services provided reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

O. Restricted Assets:

Restricted assets in the enterprise funds represent the cash and cash equivalents to pay the upcoming bond payment and security deposits held by the enterprise funds.

P. Prepaid Items:

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These are recorded as expenditures when consumed rather than when purchased.

Q. Unearned Revenue:

Unearned revenues in governmental funds include amounts collected before the revenue recognition criteria are met. The unearned revenue typically consists of funds collected in advance for permits or other fees relating to services to be rendered in the subsequent year.

R. Estimates:

The preparation of financial statements in accordance with the modified accrual or accrual basis of accounting described in the previous paragraphs, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets or liabilities at the date of the financial statements and the reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

S. Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then.

The government has two items which qualify for reporting in this category. It is the deferred outflow of pension resources, and deferred outflows related to OPEB. Details on the composition of the deferred outflows related to pensions and OPEB are further discussed in notes 7 and 12 respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):

S. Deferred Outflows/Inflows of Resources (Continued):

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

The City has two items that qualify for reporting in this category for the year ended September 30, 2019, the deferred inflow of pension investment earnings, and deferred inflow related to OPEB. Details on the composition of the deferred inflows related to pensions and OPEB are further discussed in notes 7 and 12 respectively.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expenses, information about the fiduciary net position of the Florida Retirement System Pension Plan (FRS) and Health Insurance Subsidy Program (HIS) and additions to/deductions from the FRS and HIS fiduciary net position have been determined on the same basis as they are reported by FRS and HIS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

T. Net Position Flow Assumptions:

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

U. Fund Balance Flow Assumptions:

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied.

It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 1 - Summary of Significant Accounting Policies (Continued):

V. New GASB Statements Implemented

In fiscal year 2019, the City implemented Government Accounting Standards Board (GASB) Statement No. 88, Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements. This statement requires additional note disclosures for certain debt issues. The City also implemented GASB Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period. This statement eliminates the requirement to capitalize interest on enterprise fund construction projects. There was no effect on beginning balances of the City.

Additionally, the GASB has issued Statement No. 83, Certain Asset Retirement Obligations that is effective for this fiscal year. The City has reviewed this statement and determined that this pronouncement has no discernable impact on these financial statements

Note 2 - Reconciliation of Government-Wide and Fund Financial Statements:

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

The governmental funds balance sheet includes reconciliation between *fund balances - total governmental funds* and *net position - governmental activities* as reported in the government-wide statement of net position.

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between *net changes in fund balances - total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities.

Note 3 - Cash and Investments:

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The City currently holds \$1,500 collectively in cash drawers.

The City's investment policy adopted by Ordinance 354 (adopted/updated June 24, 2008) is to invest public funds in a manner so as to place the highest priority on the safety of principal and liquidity. The optimization of investment returns shall be secondary to the requirements of safety and liquidity.

The City's investment policy authorizes the City to invest in the following:

- a) United States Treasury and Agency Securities
- b) Government Sponsored Enterprises
- c) State and Local Governments
- d) Corporations
- e) Local Government Investment Pools, as provided in s.163.01
- f) State Board of Administration, as provided in s.218.5
- g) Money Market Mutual Funds
- h) Repurchase Agreements

CITY OF ORANGE CITY, FLORIDA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 3 - Cash and Investments (Continued):

The City maintains cash and cash equivalent pools that are available for use by all funds except those whose cash and cash equivalents must be segregated due to bond covenants or other legal restrictions.

Cash and Cash Equivalents - Cash and cash equivalents are carried at cost. In accordance with GASB Statement No. 40, the City's deposits are categorized to give an indication of the level of custodial risk assumed at year end. At present, some of the City's excess funds are primarily deposits that are insured or collateralized pursuant to the Public Depository Security Act of the State of Florida.

Demand deposits and money market accounts are insured by federal depository insurance up to \$250,000 of the aggregate account balances for each entity. Amounts in excess of \$250,000 are fully insured by U.S. Government securities held in the Public Security Trust Fund maintained and monitored by the Treasurer of the State of Florida. Demand deposits and cash on deposit bank balances at September 30, 2019 were approximately \$16,281,000.

The City invests surplus funds in an external investment pool, Florida State Board of Administration (SBA) "The Local Government Surplus Funds Trust Fund". The State Pool is administered by the SBA, who provides regulatory oversight.

Florida Prime - The Florida Prime (formerly known as Pool or Fund A) meets the requirements of and is classified as a "2a-7 like" pool. The SBA is not a registrant with, nor regulated by, the Securities and Exchange Commission or any other regulatory agency; however, the Florida Prime has adopted operating procedures consistent with the requirements for a 2a-7 like pool and the fair value of the position in the pool is equal to the value of the pool's shares. Such investments are stated at amortized cost in the accompanying financial statements. The Florida Prime is rated by Standard and Poors and is currently rated AAAM. The weighted average days to maturity (WAM) at September 30, 2019 is 37 days. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM. The Florida Safe is rated by Standard and Poors and is currently rated AAAAM. The weighted average days to maturity (WAM) at September 30, 2019 is 36 days. Next interest rate reset dates used in the calculation of the WAM.

As of September 30, 2019 the funds are as follows:

	Florida Prime	FL Safe
General Fund	\$ 152,201	\$ 1,591,957
Utilities Enterprise Fund	80,420	-
	<u>\$ 232,621</u>	<u>\$ 1,591,957</u>

The City's investment in the State Pool exposes it to credit risk. The City does not have a formal policy relating to these risks, which are hereafter described.

Credit Risk

Credit risk is the risk that an insurer or other counterparty to an investment will not fulfill its obligations, while interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

CITY OF ORANGE CITY, FLORIDA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 6 - Long-Term Debt:Utilities System Refunding Revenue Bonds - Private placement

On April 20, 2005, the City issued \$4,585,000, 3.94% fixed rate, Utilities System Refunding Revenue Bonds, Series 2005, maturing October 2021, to refund the Series 1995 and series 1996 bonds and pay issuance costs. In the event of default, the bondholders may pursue any available remedy to enforce the payment of principal and interest on the bonds then outstanding. The bonds outstanding as of September 30, 2019 totaled \$1,025,000.

These bonds are collateralized by the net revenues of the utilities system. All gross revenues derived from the operation of the system shall be deposited in the revenue fund and net revenues shall be sufficient to pay at least one hundred and twenty-five percent (125%) of the annual debt service requirements. The total principal and interest remaining to be paid on this series is \$1,106,755. For the fiscal year, total principal and interest paid was \$366,689, and total pledged revenue was \$1,394,147.

Annual debt service requirements to maturity for utilities revenue bonds are as follows:

Year Ending September 30,	Business-Type Activities	
	Principal	Interest
2020	\$ 330,000	\$ 40,385
2021	340,000	27,383
2022	355,000	13,987
Total	<u>\$ 1,025,000</u>	<u>\$ 81,755</u>

State Revolving Fund Loan

In December 2015, the City executed a State Revolving Fund Loan agreement DW642000 for the City's drinking water project. The agreement provides for total funding of \$11,726,613 including \$9,967,621 of principal forgiveness. The loan period is for 30 years with an interest rate of 1.08 to 1.34 percent. The note is secured by gross revenues from the water and wastewater utilities net of operation and maintenance costs. The total principal and interest remaining to be paid on this series is \$2,160,218. For the fiscal year, there was no interest, or principal due or paid and total pledged revenue was \$1,027,458.

In March 2018, the City executed a State Revolving Fund Loan agreement DW642030 for the City's stormwater project. The agreement provides for total funding of \$7,757,679. The loan period is for 20 years with no interest. The note is secured by gross revenues from the water and wastewater utilities net of operation and maintenance costs. The principal remaining to be paid on this series is \$873,895. The City used Community Redevelopment Special Revenue Fund to pay about 31% of the loan. For the fiscal year, there was no interest, or principal due or paid and total pledged revenue was \$1,027,458.

For both SRF loans, in an event of default, the Florida Department of Environmental Protection may cause to establish rates and collect fees, require the City to account for all moneys received and used, appoint a receiver to manage the Water and Sewer Systems, intercept delinquent amounts plus a penalty due to the City under State Revenue Sharing, recover all amounts due including costs of collection and attorney fees, and accelerate the repayment schedule or increase the interest rate by a factor of up to 1.667.

CITY OF ORANGE CITY, FLORIDA

Note 7 - Employee Benefit Plans:

A. Florida Retirement System

The City contributes to the Florida Retirement System (FRS), a multiple-employer, cost-sharing, defined-benefit pension plan administered by the State of Florida, for the City's authorized permanent, full-time and part-time employees. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. State Statutes authorizes the State to establish and amend all plan provisions. The State of Florida issues a publicly available report that includes financial statements and required supplementary information for FRS. The report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the website: www.dms.myflorida.com/workforce_operations/retirement/publications.

Plan Descriptions - The FRS offers a choice between a defined-benefit plan (Pension Plan) or a defined-contribution plan (Investment Plan) which is administered by the State Board of Administration (SBA). In addition, a Health Insurance Subsidy plan (HIS) is offered to assist retired members of any state-administered retirement system in paying the costs of health insurance.

- 1) The Pension Plan members are eligible for retirement after vesting, which occurs at six (6) years of creditable service for regular members enrolled prior to July 1, 2011 and eight (8) years of creditable service if enrolled on or after July 1, 2011. Normal retirement age is attained at the earlier of thirty (30) or (33) years of creditable service, regardless of age, or retirement at age sixty-two (62) or (65) with at least (6) or (8) years of creditable service if enrolled prior to July 1, 2011 or on or after July 1, 2011 respectively. Early retirement may be taken any time after vesting; however, there is a five percent (5%) benefit reduction for each year prior to normal retirement age. Members are also eligible for inline-of-duty or regular disability benefits if permanently and totally disabled and unable to work. Benefits are computed on the basis of age, average final compensation, and service credit.

In addition to the above benefits, the Deferred Retirement Option Program (DROP) allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants. The employer contribution at fiscal year ended September 30, 2019 is 14.60%.

- 2) The Investment Plan provides for vesting after one year of creditable service. Under this plan, the employer makes contributions to a participant's account, and the participant directs where the contributions are invested among the plan's investment funds. Upon termination, vested participants receive amounts accumulated in their investment accounts.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 7 - Employee Benefit Plans (Continued):

A. *Florida Retirement System (Continued)*

- 3) Health Insurance Subsidy (HIS) Program is established by Chapter 112, Florida Statutes and provides insurance subsidy payments to persons who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system except those individuals who are pension recipients under Section 121.40, 237.08(18)(a) and 250.22, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when he or she terminated employment with all employers participating in the Florida Retirement System and:
- a) for a member of the Investment Plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes and meets the definition of retiree in Section 121.4501(2), Florida Statutes or
 - b) for a member of the Pension Plan or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan. Any person retiring on or after July 1, 2011, as a member of the Florida Retirement System, including a member of the investment plan, must satisfy the vesting requirements for his or her membership class as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability benefit per provisions under Chapter 112, Florida Statutes.

The HIS plan is funded by required contributions from FRS participating employers as set by the Florida legislature. Employer contributions are a percentage of gross compensation for all active FRS members. At fiscal year ended September 30, 2019, the contribution rate was 1.16% of payroll.

The HIS plan provides monthly payment assistance to retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled. For the fiscal year ended September 30, 2019, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payment is at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare. Terms of the benefits provided by the plan may be amended only by the State Legislature with a change in the Statutes governing the plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 7 - Employee Benefit Plans (Continued):

A. Florida Retirement System (Continued)

Contributions - The FRS has many classes of membership. Employer contribution rates are set by law. Rates below include the appropriate retirement contribution rate, 1.66 percent HIS contribution rate, 0.06 percent administrative/educational fee and any applicable UAL rates. These classes, with descriptions and weighted average contribution rates in effect during the period ended September 30, 2019, are as follows:

Regular Class - members not qualifying for other classes (11.47% [includes 3% employee contribution] from July 1, 2019 through September 30, 2019 and 11.26% [includes 3% employee contribution from October 1, 2018 through June 30, 2019].)

Senior Management Service Class – members of senior management who do not elect the optional annuity retirement program (28.41% [includes 3% employee contribution] from July 1, 2019 through September 30, 2019 and 27.06% [includes 3% employee contribution] from October 1, 2018 through June 30, 2019.)

Special Risk Class – members employed as law enforcement officers, firefighters, or correctional officers and meet the criteria set to qualify for this class (28.48% [includes 3% employee contribution] from July 1, 2019 through September 30, 2019 and 27.50% [includes 3% employee contribution] from October 1, 2018 through June 30, 2019.)

Elected State Officer's Class – certain elected City officials (51.82% [includes 3% employee contribution] from July 1, 2019 through September 30, 2019 and 51.70% [includes 3% employee contribution] from October 1, 2018 through June 30, 2019.)

- 4) Pension Liabilities and Deferred outflows of Resources and Deferred Inflows of Resources Related to Pensions and Health Insurance Subsidy - At September 30, 2019, the City reported a liability of \$12,061,694 for its proportionate share of the FRS Pension Plan's net pension liability and \$2,230,546 for its proportionate share of the HIS Plan net liability. The net pension liabilities were measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The City's proportionate share of the net pension liabilities were based on accrued retirement contributions for employers that were members of the FRS Pension Plan during the year ended June 30, 2019. At June 30, 2019, the City's proportionate share was .0350 percent and 0.0199 percent, which was an increase (decrease) of .0006 percent and 0.002 percent from its proportionate share of 0.0344 and 0.0197 percent measured as of June 30, 2018 for both the FRS and HIS plans, respectively.

CITY OF ORANGE CITY, FLORIDA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 7 - Employee Benefit Plans (Continued):**A. Florida Retirement System (Continued)**

For the fiscal year ended September 30, 2019, the City recognized pension expense of \$2,052,803 for the FRS Pension Plan and \$123,545 for the HIS Plan. At September 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to these plans from the following sources:

Description	FRS		HIS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 715,414	\$ 7,485	\$ 27,092	\$ 2,731
Change of assumptions	3,097,962	-	258,276	182,307
Net difference between projected and actual earnings on Pension Plan investments	-	667,316	1,439	-
Changes in proportion and differences between City Pension Plan contributions and proportionate share of contributions	622,612	-	224,529	-
City Pension Plan contributions subsequent to the measurement date	307,247	-	30,167	-
Total	<u>\$ 4,743,235</u>	<u>\$ 674,801</u>	<u>\$ 541,503</u>	<u>\$ 185,038</u>

The deferred outflows of resources related to FRS \$307,247 and HIS \$30,167 resulting from City contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2020. Other amounts reported for the Plans as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

FRS		HIS	
Fiscal Year Ending September 30:	Amount Recognized	Fiscal Year Ending September 30:	Amount Recognized
2020	\$ 1,344,285	2020	\$ 107,595
2021	527,059	2021	87,680
2022	960,984	2022	62,569
2023	691,259	2023	22,561
2024	189,540	2024	22,970
Thereafter	48,060	Thereafter	22,923

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 7 - Employee Benefit Plans (Continued):**A. Florida Retirement System (Continued)**

- 5) Actuarial Assumptions - The total pension liability for both the FRS and HIS Plans was determined using the following actuarial assumption, applied to all periods included in the measurement:

	FRS	HIS
Inflation	2.60%	2.60%
Salary Increases, average, including inflation	3.25%	3.25%
Investment Rate of Return net of pension plan investment expense, including inflation	6.90%	3.50%
Mortality rates were based	PUB-2010 base table, projected Generational with scale MP-2018	Generational RP-2000 with projection scale BB tables

The actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

- 6) Discount Rate - The discount rate used to measure the total pension liability for the FRS Pension Plan was 6.90%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation the total pension liability is equal to the long-term expected rate of return.

The discount rate used to measure the HIS Plan liability was 3.50%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

- 7) Long-Term Expected Rate of Return - The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 7 - Employee Benefit Plans (Continued):**A. Florida Retirement System (Continued)**

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.00%	3.30%	3.30%	1.20%
Fixed Income	18.00%	4.10%	4.10%	3.50%
Global Equity	54.00%	8.00%	6.80%	16.50%
Real Estate	10.00%	6.70%	6.10%	11.70%
Private Equity	11.00%	11.20%	8.40%	25.80%
Strategic Investments	6.00%	5.90%	5.70%	6.70%
Total	100.00%			
Assumed Inflation - Mean			2.60%	1.70%

(1) As outlined in the Pension Plan's investment policy

- 8) Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following represents the City's proportionate share of the net pension liability of the FRS and HIS Plans calculated using the discount rate of 6.90% and 3.50% respectively. Also presented is what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (5.90%)	Current Discount Rate (6.90%)	1% Increase (7.90%)
FRS Plan			
City's Proportionate Share of the Net Pension Liability	\$ 20,850,653	\$ 12,061,694	\$ 4,721,427
	1% Decrease (2.50%)	Current Discount Rate (3.50%)	1% Increase (4.50%)
HIS Plan			
City's Proportionate Share of the Net Pension Liability	\$ 2,546,282	\$ 2,230,546	\$ 1,967,573

Contributions:

The City's contributions, including employee contributions, to the Pension Plan totaled \$1,107,972 and to the HIS Plan \$111,757 for the fiscal year ended September 30, 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 7 - Employee Benefit Plans (Continued):***A. Florida Retirement System (Continued)***Payables:

At September 30, 2019, the City reported a payable in the amount of \$41,822 to the Pension Plan and \$0 to the HIS Plan for outstanding contributions.

Expense:

The City's Investment Plan pension expense totaled \$185,650 for the fiscal year ended September 30, 2019.

B. Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all city employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, or death, or an unforeseeable emergency. The plan assets are held and administered by a third party; thus, the asset and related liabilities are not reflected in these financial statements.

Note 8 - Interfund Balances and Transfers:

Interfund transfers are the flow of assets without a reciprocal return of assets, goods or services. These are transfers to support other funds without a requirement for repayment. The interfund transfer activity for the year ended September 30, 2019 consisted of the following:

<u>Transfers Out:</u>	<u>Transfers In</u>
	<u>Major Funds</u>
	<u>Fund</u>
Impact Fee	\$ 18,540
Utilities Enterprise Fund	267,806
Solid Waste	35,818
	<u>\$ 322,164</u>

Purpose:

The transfer of \$18,540 from the Impact Fee fund to the General Fund is for capital projects.

The transfer of \$35,818 from the Solid Waste Fund to the General Fund is the annual 10% franchise fee on residential solid waste.

The transfer of \$267,806 from the Utilities Enterprise Fund to the General Fund is to cover administrative costs including the city manager's and other general government employees' salaries and other unallocated costs.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 9 - Fund Balance:

In accordance with GASB 54, *Fund Balance Reporting and Governmental Fund Type Definitions* the City is required to report fund balance amounts in five classifications - nonexpendable and spendable categories of restricted, committed, assigned and unassigned as follows:

Nonspendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements. The City had a nonspendable fund balance of \$103,333 in its general fund, which consists of prepaid items.

Restricted - amounts that are constrained for specific purposes which are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments. The City had restricted fund balance of \$23,791 at September 30, 2019 restricted for the Forfeiture Fund related expenditures; \$8,288 for Shadow Ridge 2 assessments; and \$62,604 for community development.

Committed - amounts that can only be used for specific purposes pursuant to constraints imposed by formal action by the City's highest level of decision-making authority. The City Council addresses these commitments through formal board action, such as, the adoption of a resolution or by motion prior to the City's fiscal year end. Both actions (resolution or motion) are equally binding. The City had committed fund balance at September 30, 2019 of \$910,518 related to the Impact Fee approved capital activity.

Assigned - amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Assignments can be made by the City Council. The City had assigned fund balance of \$490,799 at September 30, 2019 to fund various improvements. Encumbrances of balances within the General Fund are classified as assigned. Under this method, purchase orders, contracts, memoranda of understanding, and other commitments outstanding at year end do not constitute expenditures or liabilities. GASB 54 provides additional guidance on the classification within the Fund Balance section of amounts that have been encumbered. These encumbrances are not separately classified in the financial statements and equal \$490,799. The City Council may also assign fund balance as it does when, fund balance is appropriated, to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget.

Unassigned - includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balances may also include negative fund balances for any other governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The City uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 10 - Commitments and Contingencies:

The City has a contract with Volusia County whereby Volusia County has agreed to provide a wastewater treatment and disposal system for the benefit of the City. This contract remains in effect until 2039, at which time the contract can be extended for additional ten-year terms. The fee for this service is established by Volusia County. The City's annual expense related to this contract for the year ended September 30, 2019 was approximately \$721,000.

In the normal course of operations, the City participates in various federal and/or state grant programs from year-to-year. The grant programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant. An additional liability for reimbursement which may arise as a result of these potential audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Various lawsuits and claims arising in the ordinary course of the City's operations are pending against the City. While the ultimate effect of such litigation cannot be ascertained at this time, management believes, based on the advice of legal counsel, that there will be no material effect on the City's financial position and/or that the City has sufficient insurance coverage to cover any claims.

The City has various in progress consultant services and commitments in Governmental Funds and Enterprise Funds which amounted to \$4,918,012 at September 30, 2019.

Note 11 - Risk Management:

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. Settled claims have not exceeded the specified commercial coverage limitations for the past three years. There have been no significant reductions in insurance coverage from the past year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 12 - Other Post-Employment Benefits (OPEB):Plan Description

In accordance with Florida Statutes Section 112.363, the City makes continued group health insurance through the City's current provider available to retirees, provided certain requirements and normal age retirement requirements have been met. This benefit has no cost to the City, other than the implicit cost of including retirees in the group calculation. All premiums are paid by the retiree. The City has chosen pay-as-you-go funding, but is recording the liability in the government-wide financial statements. This plan does not issue stand-alone financial statements.

As of October 1, 2017, the valuation date, there were 121 active employees and no inactive employees currently receiving benefits. The OPEB liability of \$169,054 was measured as of September 30, 2019 and was determined by the actuarial valuation rolled forward to 2019. The covered payroll was \$5,930,325, and the ratio of Net OPEB liability as a percentage of covered payroll was 2.85%.

Summary of Actuarial Methods and Assumptions:

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Other Postemployment Benefits Liability and Related Ratios Schedule, immediately following the notes to the financial statements as required supplementary information, presents multi-year trend information about whether the actuarial value of the plan assets is increasing or decreasing over time. The schedule includes one year.

Projections of benefits for financial reporting purposes are based on the substantive OPEB plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The Total liability was determined using the following actuarial assumptions and other inputs, applied to all periods include in the measurement unless otherwise specified:

Initial Health Care Cost Trend Rate	5%
Ultimate Health Care Cost Trend Rate	4.50%
Fiscal Year the Ultimate Rate is Reached	Fiscal year 2028
Valuation Date	October 1, 2017
Measurement Date	September 30, 2019
Actuarial Cost Method	Entry Age Normal
Discount Rate*	3.58%
Inflation Rate	3%
Salary Rate Increase	4%

* S&P Municipal Bond 20-year high-grade rate index as of September 30, 2019

Note 12 - Other Post-Employment Benefits (OPEB) (Continued):

Below are the details regarding the Total OPEB liability for the measurement period from October 1, 2018, to September 30, 2019.

	Total OPEB Liability
Balance as of 9/30/2018	\$ 150,903
Changes for the year:	
Service Cost	13,001
Interest on Total OPEB Liability	5,467
Difference Between Expected & Actual Experience	-
Changes of Assumptions and Other Inputs	970
Benefit Payments ⁽¹⁾	(1,448)
Other Changes	161
Net Changes	<u>\$ 18,151</u>
Balance as of 9/30/2019	<u><u>\$ 169,054</u></u>

(1) Includes the Implicit Rate Subsidy.

The following table presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	Decrease <u>2.58%</u>	Discount Rate <u>3.58%</u>	Increase <u>4.58%</u>
Total OPEB Liability	\$ 154,123	\$ 169,054	\$ 184,780

The following presents the total liability of the city using the 2018 healthcare cost trend rate of 4.5 percent, as well as what the City's OPEB liability would be if it were calculated using healthcare trend rates that are 1 percentage point lower and 1 percentage point higher than the current healthcare cost trend rates:

	Decrease <u>1%</u>	Health Care Trend	Increase <u>1%</u>
Total OPEB Liability	\$ 198,822	\$ 169,054	\$ 144,474

CITY OF ORANGE CITY, FLORIDA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

September 30, 2019

Note 12 - Other Post-Employment Benefits (OPEB) (Continued):

For the fiscal year ended September 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	Deferred outflows of Resources
Difference between expected and actual experience	\$ 579	\$ -
Changes of assumptions	33,248	1,026
Total	<u>\$ 33,827</u>	<u>\$ 1,026</u>

Amounts reported as deferred outflows or resources and deferred outflows/inflows of resources related to OPEB will be recognized in OPEB expenses as follows:

<u>Fiscal Year Ending September 30,</u>	
2020	\$ (3,866)
2021	(3,866)
2022	(3,866)
2023	(3,866)
2024	(3,866)
Thereafter	(13,471)

Summary of Benefits:

Other postemployment benefits (OPEB's) - The City provides optional postemployment healthcare, dental and life insurance coverage to eligible individuals.

Eligible individuals - Employees of the City who are eligible for retirement or disability retirement under the Florida Retirement System (FRS) may elect to participate in the City-sponsored insurance plans (healthcare, dental and life) at their cost.

Retired monthly premiums for postemployment insurance coverage - retirees must pay monthly premiums as determined by the insurance carriers. Failure to pay insurance premiums will result in termination of insurance coverage without the ability to reinstate such coverage.

Note 13 - Subsequent Events:

Subsequent to year end, the City drew funds on the State Revolving Fund Loan of approximately \$1,938,000.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

September 30, 2019

1. Summary of Significant Budget Policies

The City Council annually adopts budgets for the General Fund of the primary government. All appropriations are legally controlled at the fund and department level for the General Fund. On September 12, 2018, the City Council approved the original adopted budget and on November 12, 2019 approved the revised final budget reflected in the financial statements.

The budget is integrated into the accounting system, and the budgetary data, as presented in the financial statement for all funds with annual budgets, compares the expenditures with the amended budgets. The budget is presented on the modified accrual basis of accounting. Accordingly, the accompanying Budgetary Comparison Schedule for the General Fund presents actual expenditures in accordance with U.S. Generally Accepted Accounting Principles on a basis consistent with the legally adopted budgets as amended. Unexpended appropriations on the annual budget lapse at the end of each fiscal year.

All major Special Revenue Funds budgets were legally adopted.

2. Material Violations

There were no material violations of the annual appropriated budget for the General Fund for the fiscal year ended September 30, 2019. In addition, there were no excesses of budgetary expenditures for the period.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds account for revenues from specific taxes or other earmarked revenue sources which, by law, are designated to finance particular functions or activities of government. The City has the following Special Revenue Funds.

Forfeiture Fund

- This fund is established pursuant to the Florida Contraband Forfeiture Act for the receipts of contraband sales proceeds to be used for law enforcement, excluding normal operating expenditures.

Solid Waste Special Assessment Fund

- The Solid Waste Special Assessment Fund is a special revenue fund that is used to account for the collection of the special assessment revenue and expenditures related to residential solid waste services.

Shadow Ridge 2 Streetlighting District Fund

- This is a special revenue fund that is used to account for the collection of the special assessment revenue and expenditures related to the Shadow Ridge 2 Streetlighting District.

Statistical Section

CITY OF ORANGE CITY, FLORIDA

STATISTICAL SECTION

For the Year Ended September 30, 2019

This part of the Orange City, Florida comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

CONTENTS

Financial Trends

These schedules contain trend information to help readers understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help readers assess the City's most significant local revenue source - its property tax.

Debt Capacity

These schedules present information to help readers assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. There are no limitations placed upon the amount of debt the City may issue by either the City Charter or the City's Code of Ordinances or by Florida Statutes.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help readers understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help readers understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

TABLES

1 through 4

5 through 8

9 through 11

12 through 13

14 through 16

Except where noted, the information in these schedules is derived from the City of Orange City's comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 54 in 2011; schedules presenting fund equity include information beginning in that year.

Notes:

(1) The City implemented GASB Statement No. 54 in fiscal year 2011. That statement establishes fund balance classifications that comprise a hierarchy extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classification to 2011 served as a measure of the availability or nonavailability of spending of current financial resources.

Notes:

Table 6 has been adjusted to reflect the fiscal year versus tax year.

(1) Overlapping rates are those of local and county governments that apply to property owners within the City of Orange City. Not all overlapping rates apply to all Orange City property owners.

(2) Orange City's direct rate is for operating millage. There is no debt service millage.

Other Reports

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and City Council
City of Orange City, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the *City of Orange City, Florida*, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 13, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Orange City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Orange City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Orange City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Orange City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The result of our tests disclosed no instances of noncompliance, or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND STATE PROJECT AND REPORT ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM
GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Honorable Mayor and City Council
City of Orange City, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the *City of Orange City's* (the City) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* and the requirements described in the Florida Department of Financial Services *State Projects Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs and state projects for the year ended September 30, 2019. The City's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal and state statutes, regulations, and the terms and conditions of its federal programs and state projects applicable to its federal programs and state projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*. Those standards, the Uniform Guidance and Chapter 10.550, Rules of the Auditor General require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each major federal program and state projects for the year ended September 30, 2019.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program and state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program and state project on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program and state project will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program and state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

CITY OF ORANGE CITY, FLORIDA

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE**

Year Ended September 30, 2019

Note 1 - Basis of Presentation:

The accompanying schedule of expenditures of federal awards and state financial assistance (the Schedule) includes the federal and state grant activity of the City of Orange City (the City) under programs of the federal and state government for the year ended September 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements for Federal Awards* (Uniform Guidance) and Section 215.97, Florida Statutes. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.

Note 2 - Summary of Significant Accounting Policies:

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Therefore, amounts reported on the Schedule are based on expenditures incurred as of September 30, 2019, even if grant or loan was received subsequent to that date. Federal expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

Note 3 - Loans and Loan Guarantees:

In December 2015, the City executed a State Revolving Fund Loan agreement DW642000 for the City's drinking water project. Loan balance as of September 30, 2019 is \$1,543,199. Loan expenditures reported in current year SEFA is \$1,099,207.

In March 2018, the City executed a State Revolving Fund Loan agreement DW642030 for the City's Stormwater project. Loan balance as of September 30, 2019 is \$873,895. Loan expenditures reported in current year SEFA is \$2,238,536.

Note 4 - FEMA Expenditures:

Expenditures for CFDA No. 97.036, *Disaster Grants - Public Assistance* and State of Florida Hurricane Irma grant, include expenditures of \$587,563 and \$37,196 that were incurred in prior fiscal years for federal and state projects, respectively.

Note 5 - Indirect cost rate:

Indirect cost rate is dictated by its federal contract terms. The 10-percent de Minimis indirect rate as allowed under the Uniform Guidance is not in effect nor is available under its contracts.

MANAGEMENT LETTER

Honorable Mayor and City Council
City of Orange City, Florida

Report on the Financial Statements

We have audited the financial statements of the *City of Orange City, Florida*, as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated March 13, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 13, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, require that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no such findings in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information has been disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the *City of Orange City, Florida* has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the *City of Orange City, Florida* did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Financial Condition and Management (Continued)

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the *City of Orange City, Florida's* financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, City Council and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "McDiarmid Davis". The signature is written in a cursive, slightly slanted style.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES**

The Honorable Mayor and City Council
City of Orange City, Florida

We have examined City of Orange City's (the City) compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in Government Auditing Standards issued by the Comptroller General of the United States and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, City of Orange City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

McDermitt Davis
