Southwest Ranches, FL 33330-2628

(954) 434-0008 Town Hall
(954) 434-1490 Fax

March 6, 2020

To the Honorable Mayor, Vice Mayor, Town Council, and the Citizens of the Town of Southwest Ranches, Florida:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the Town of Southwest Ranches, Florida (the Town), for the fiscal year ended September 30, 2019. Although Florida Statutes requires that every general-purpose local government publish within nine months of the close of each fiscal year a complete set of audited financial statements, the Government Finance Officers' Association (GFOA) recommends that local governments publish same within six months. Therefore, in addition to meeting legal requirements, the report represents the Town's continued strong support of full financial disclosure in the timeliest of manner. This philosophy is reflected by the informative financial analysis provided by the Town's Finance & Budget Department and the exhibits and statistical tables included herein. The financial statements have been audited by Keefe McCullough, Certified Public Accountants. The independent auditor has issued an unmodified opinion that this report fairly represents the financial position of the Town in conformity with generally accepted accounting principles (GAAP).

The CAFR's role is to assist in making policy decisions and to assist in providing accountability and transparency to the citizenry by:

- Comparing actual financial results with the legally adopted budget, where appropriate;
- Assessing financial condition and results of operations;
- Assisting in determining compliance with finance related laws, rules and regulations; and
- Assisting in evaluating the efficiency and effectiveness of Town operations.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Town. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly present the financial position and results of operations of the Town; and that all disclosures necessary to enable the reader to gain an understanding of the Town's financial activity have been included.

As previously mentioned, Keefe McCullough CPA, independent auditors, have issued unmodified opinions on the Town of Southwest Ranches financial statements for the fiscal year ended September 30, 2019. The independent auditors' report is located at the front of the financial section of this report. The Town's financial statements have been prepared in conformity with GAAP as promulgated by the Governmental Accounting Standards Board (GASB). The Town's Management Discussion and Analysis document (the MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A compliments this letter of transmittal and should be read in conjunction with it.

ACCOUNTING AND INTERNAL CONTROLS

Management of the Town is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Town are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- The cost of a control should not exceed the benefits likely to be derived; and
- The valuation of costs and benefits requires estimates and judgments by management.

PROFILE OF THE GOVERNMENT

The Town comprises approximately thirteen (13) square miles, with a 2018 census population estimate of 7,981 and is located in the southwest portion of Broward County, a major metropolitan area. The Town motto since its establishment is "Preserving our Rural Lifestyle" but is located between the three major urban cities: Davie (population estimate of 106,558), Pembroke Pines (population estimate of 172,374) and Weston (population estimate of 71,210). The neighboring cities provide a wealth of attractions, business and amenities for use by the residents of the Town. Accordingly, the residents benefit from this close association with these urban neighbors because the Town does not need to provide for these services.

The Town was incorporated on June 6, 2000. The Town's current Charter was amended by the citizens on November 4, 2003, on November 7, 2006, on November 2, 2010 and on November 6, 2018. The Town operates under the Council-Administrator form of government where the Mayor and four Council Members must live in residential districts, are elected at large and appoint a Town Administrator and Town Financial Administrator. The Town Council establishes policy for the operation of the government, enacts ordinances for the safety, welfare, and orderly interaction of the citizens of the Town, adopts a millage rate and annual budget, appoints the Town Attorney and Town Clerk, as well as members to various advisory boards, agencies, and authorities within the Town, and engages the independent auditor.

The financial reporting entity (the Town of Southwest Ranches) includes all funds of the primary government (i.e., the Town of Southwest Ranches as legally defined), as well as all its component units. Component units are legally separate entities for which the Town of Southwest Ranches is financially accountable or the nature and significance of the relationship between the Town and the entity is such that exclusion would cause the Town's financial statements to be misleading or incomplete.

The Town has identified one component unit: The Southwest Ranches Volunteer Fire-Rescue, Inc. is reported as a blended component unit of the Town and its governing body is comprised of the members of the Town Council. Additional information can be found in Note 1 of the notes to the basic financial statements.

SERVICES PROVIDED

The Town contracts for all major Town services including police, fire, emergency medical services, building inspections, code compliance, planning & zoning, information technology and solid waste & recycling. The Town also has employees to administer all contracts, grants, and daily operations of the Town as well as provide basic municipal services including parks, recreation, and general government services.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment. Despite the economic conditions and impact of Hurricane Irma on September 10, 2017, the Town has maintained its strong financial position through prudent planning and fiscal actions to reduce or contain costs.

The Town has real estate sales and values with an increase as most other governments in Florida and in the nation; however, the Town has a better than average business cycle than other communities due to the composition of its economy. Specifically, the Town primarily consists of an affluent residential housing stock of 2,610 units with a minimum one-acre and larger, single family estates.

In 2018, the Town experienced a 5.85% increase in total taxable assessed value and a 3.63% increase in 2019. Accordingly, the 2019 total taxable assessed values exceed the 2018 former record highest total taxable assessed valuation.

The Town has made it a policy to establish reserves to offset unanticipated expenses and ensure that a funding source exists in the event of a setback in the continuation of positive economic conditions. The General Fund has an unassigned fund balance equal to 30.8% of the adopted FY 2020 General Fund operating budget.

On a long-term financial perspective, the Town has identified all capital asset and infrastructure projects under a five-year capital improvement plan (CIP). This five-year CIP serves as a quick reference for a project timeline and identifies current and future funding requirements. Commencing in FY 2015, the Town implemented a Transportation Surface and Drainage Ongoing Rehabilitation (TSDOR) program with the goal of preserving and extending the life of the Town's paved streets. The TSDOR program addresses improvements for every Town road over a 25+ year period. Eight capital projects, including TSDOR have been fully or partially funded during the fiscal year 2019 budget process.

In the 2020 Session, the Florida Legislature is considering reducing or eliminating local business and communication service taxes as well as pushing additional costs down to local governments as unfunded mandates. The Town is closely monitoring these proposals and their potential impacts and limitations to Florida municipalities. The consequences of a combination of several of the proposals being considered could have a significant impact on the Town's ability to maintain and/or improve services to residents.

The Town adheres to several financial policies that impact daily operations and the current period's financial statements. The Town's budgetary and financial policies provide the basic framework for the overall fiscal management of the Town. The following policies were used in the development of current activities.

Revenue Policy:

The Town maintains a diversified revenue system to avoid reliance on property taxes. Charges for services are being provided at full cost recovery for services for individual users. One-time revenue will never be used for ongoing operating costs.

Debt Policy:

The Town has no General Obligation debt outstanding and believes that debt is a necessary and integral part of conducting its operations on a financially sound and equitable basis to all taxpayers. The Town reviews as well as evaluates its existing obligations and future borrowing needs regularly. During 2018, due to primarily vegetative debris collection and removal impact from Hurricane Irma on September 10, 2017, \$3.7 million of the Town's new \$10.0 million variable rate emergency line of credit was activated with collateralization provided from anticipated future reimbursement from Federal (FEMA) and State (FDEM) regulatory authorities. During FY 2019, \$1.9 million in total was received from both FEMA and FDEM and was appropriately utilized to pay down the outstanding balance to \$1.8 million. In 2016, the Town obtained financing for the purchase of \$8,100,000 in public purpose Land at a 3.25% interest rate and practically simultaneously retired \$1,640,000 of Series 2001 debt which carried a 5% interest rate utilizing general fund unassigned fund balance. In 2015, the Town obtained financing for the purchase of a \$206,500 Commercial Chassis Volunteer Fire Pumper vehicle while, during 2013, the Town refinanced a portion of its 2001 debt at a lower interest rate resulting in receiving over \$300,000 in present value cash savings for parks, recreation and open spaces capital improvements. The Town also borrowed \$439,139 and \$360,860 in 2010 and 2012, respectively from a line of credit subsequently converted to a fixed note, to fund roadway and drainage improvements. Finally, the Town entered into a \$2,500,000 note with a financial institution for the purpose of refunding an existing pooled commercial loan and to fund the move to a new permanent Town Hall building during 2012. These fixed rate loans, except for the retired Series 2001, are still outstanding at September 30, 2019.

LONG-TERM FINANCIAL PLANNING

The Town Council has adopted a five-year Capital Improvement Program (CIP) to guide in the development of the annual capital budget as well as assist in its associated operating maintenance to achieve the long-term goal of a financially sound Town. The CIP is prepared and presented to the Town Council as part of the annual budget and update process in accordance with a comprehensive plan. The projects represent the Town's plan for infrastructure improvements for the next five years. The approved CIP also includes funding for Public Safety, Transportation, Drainage, and Parks, Recreation and Open Space.

AWARDS

The Town has applied for and was awarded the Certificate of Achievement for Excellence in Financial Reporting awarded by the Government Finance Officers Association (GFOA) of the United States and Canada for the Town's first ever CAFR in 2003 and again in 2005, and 2007 through 2018. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents conform to program standards. This report must satisfy both GAAP and applicable legal requirements.

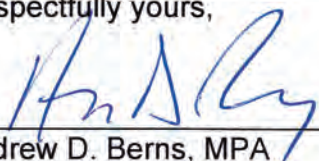

A Certificate of Achievement is valid for a period of one year only. We believe that our current report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

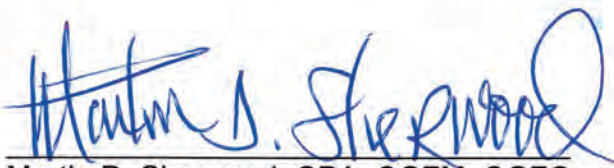

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance & Budget Department including Rich Strum, Venessa Redman, Gina Lawrence and the Town's independent audit firm, Keefe McCullough, CPA. We wish to also recognize staff for their efforts and support in planning and conducting the financial operations of the Town in a responsible and progressive manner as well as for their timely contributions to this report.

We believe that this report clearly illustrates the strong financial posture of the Town of Southwest Ranches and we wish to take this opportunity to thank you and the citizens of Southwest Ranches for the vital role you have historically played in enabling the Town to achieve and maintain this high level of fiscal responsibility.

Respectfully yours,

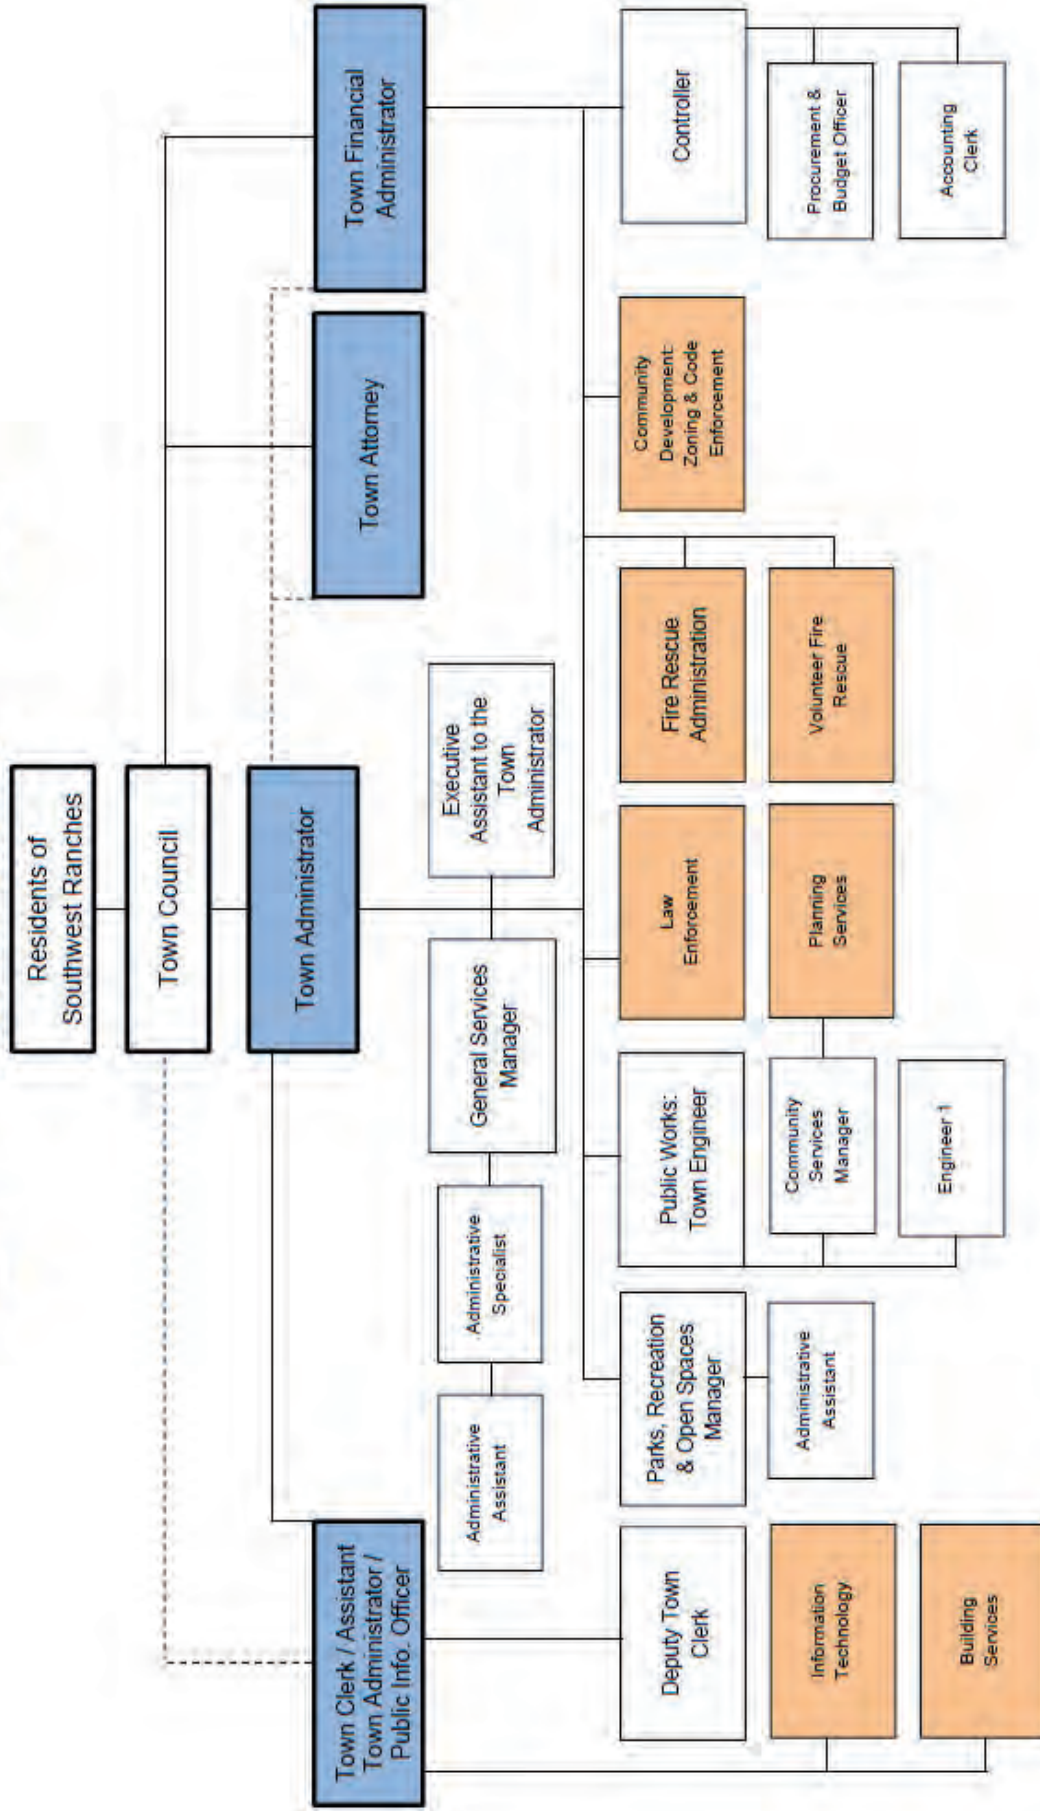

Andrew D. Berns, MPA

INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Southwest Ranches, Florida, (the "Town") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Southwest Ranches, Florida, as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information on the pages 4-14 and 42-44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual fund statements and schedules, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Town of Southwest Ranches, Florida

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 6, 2020, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

Within this section of the comprehensive annual financial report for the Town of Southwest Ranches (the Town), the Town's management is pleased to provide this narrative discussion and analysis of the financial activities of the Town for the fiscal year ended September 30, 2019. The Town's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

2019 FINANCIAL HIGHLIGHTS

- The Town's assets and deferred outflows of resources exceeded its liabilities by \$57,059,705 (total net position) as of September 30, 2019.
- Total net position increased \$5,798,583 primarily as a result of the impact of revenues recorded for reimbursement relating to Hurricane Irma of \$4,024,633 and is comprised of the following:
 - (1) Net investment in capital assets of \$49,695,775 includes property and equipment, net of accumulated depreciation and related debt.
 - (2) Net position of \$1,305,241 is restricted by constraints imposed on the Town in the amount of \$710,632 for transportation, \$342,672 and \$38,525 for fire control and the volunteer fire department, for building \$204,859, and \$8,553 for public safety, respectively, all from outside the Town such as grantors, laws, or regulations.
 - (3) The Town's total debt decreased \$2,545,122 (net) to a total of \$12,010,076 due to a reduction in total emergency line of credit outstanding of \$1,969,527 and normal amortization of \$575,595. Total debt includes loans, notes payable as well as an emergency line of credit.
 - (4) Unrestricted net position consists of \$6,058,689 that may be used to meet the Town's ongoing obligations to citizens and creditors.
- The Town's governmental funds reported total ending fund balance of \$6,877,389 at September 30, 2019. This compares to the prior year total ending fund balance of \$5,410,394 showing an increase of \$1,466,995 during the current year.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$3,939,370 or 32% of total General Fund expenditures and net transfers for 2019. The unrestricted fund balance for the General Fund was \$3,960,923 or 32% of total General Fund expenditures and net transfers for 2019.
- Overall, the Town maintains a healthy financial position.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management Discussion and Analysis document introduces the Town's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The Town also includes in this report additional information to supplement the basic financial statements. Comparative data is presented to allow comparison to the prior fiscal year.

Government-wide Financial Statements

The Town's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the Town's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the *Statement of Net Position*. This is the government-wide statement of position presenting information that includes all the Town's assets, deferred outflows, and liabilities, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town as a whole is improving or deteriorating. Evaluation of the overall health of the Town would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of the Town's infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the Town's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the Town's distinct activities or functions on revenues provided by the Town's taxpayers.

Both government-wide financial statements distinguish governmental activities of the Town principally supported by taxes from business-type activities intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, community services and development, parks and recreation, transportation, interest and other fiscal charges, and finally, emergency services (as a result of impact from Hurricane Irma).

The government-wide financial statements are presented on pages 15 and 16 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The Town uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the Town's most significant funds rather than the Town as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for nonmajor funds is provided in the form of combining statements in a later section of this report.

The Town has two types of funds:

Governmental funds are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the Town's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 17 and 19 of this report.

Individual fund information for nonmajor governmental funds is found in combining statements in a later section of this report.

Proprietary funds are reported in the fund financial statements and generally report services for which the Town charges customers a fee. The Town's proprietary fund (Solid Waste Fund) is classified as an enterprise fund. The enterprise fund essentially encompasses the same function reported as business-type activities in the government-wide statements.

The basic proprietary fund financial statements are presented on pages 21 - 23 of this report.

Notes to the Basic Financial Statements

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the basic financial statements begin on page 24 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Budgetary comparison schedules are included as required supplementary information for the General Fund and the Transportation Fund. Budgetary comparison schedules for all other governmental funds can be found in the supplementary information section of this report. These schedules demonstrate compliance with the Town's adopted and final revised budget.

Supplementary Information

As discussed, the Town reports major funds in the basic financial statements. Combining and individual fund statements and schedules for nonmajor funds are presented in a supplementary information section of this report beginning on page 45.

FINANCIAL ANALYSIS OF THE TOWN AS A WHOLE

The Town's net position at fiscal year-end is \$57,059,705. The following table provides a summary of the Town's net position:

	Summary of Net Position					
	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
Assets:						
Current assets	\$ 7,221,379	\$ 5,787,457	\$ 2,499,063	\$ 424,328	\$ 9,720,442	\$ 6,211,785
Non-current assets:						
Other	359,210	359,210	-	-	359,210	359,210
Capital assets	59,909,601	60,233,477	-	-	59,909,601	60,233,477

The following chart reports the Town's total net position balances from fiscal year 2010-2019.

Note over the last ten years, the total net positions have increased \$8,663,229 even with a fiscal year 2018 impact of a major Hurricane.

Current assets in governmental activities and business-type activities increased in fiscal year September 30, 2019. Cash, investments and receivables for governmental activities and business-type activities increased \$1,432,353 and \$2,074,735, respectively.

The Town continues to maintain high current ratios. The current ratio compares current assets to current liabilities and is an indication of the ability to pay current obligations. The current ratio for governmental activities is 8.7 to 1 as compared to 7.6 to 1 at September 30, 2018. The current ratio for business-type activities is 19.7 to 1 as compared to 1.6 to 1 at September 30, 2018. Overall, the total current ratio at September 30, 2019 increased to 10.2 to 1 as compared to 6.0 to 1 at September 30, 2018. The increase was primarily due to an increase in receivables recorded as a result of revenue recognition finally realized in FY 2019 from Hurricane Irma debris collection, disposal as well as monitoring payments expended during fiscal years 2017 and 2018.

The Town reported a positive balance in net position for both governmental and business-type activities. During 2019, changes in net position increased \$1,688,284 and \$4,110,299 for governmental activities and business-type activities, respectively. The latter is primarily due to reimbursements for the impact from Hurricane Irma. Accordingly, the Town's overall financial position is healthy at fiscal year-end 2019 and it remains stable within a positive economy overall.

Note that approximately 88.8% of the governmental activities' total assets are tied up in capital assets. The Town uses these capital assets to provide services to its citizens. The business-type activities do not have capital assets. By combining governmental activities with business-type activities, the Town has invested approximately 85.6% of its total assets in capital assets, as presented in the government-wide statement of net position.

The following table provides a summary of the Town's changes in net position:

	Summary of Changes in Net Position						Percentage of Total
	Governmental Activities		Business-type Activities		Total		
	2019	2018	2019	2018	2019	2018

Governmental Activity Revenues

The Town is heavily reliant on Ad valorem (property) taxes to support governmental operations. Property taxes provided 47.3% of the Town's total governmental revenues as compared to 45.9% in fiscal year 2018. Other taxes, which includes franchise and utility taxes, provided 13.6% and 14.8% of the Town's total governmental revenues for fiscal years 2019 and 2018, respectively. Additionally, because of the Town's healthy financial position, we have been able to earn \$170,060 in investment earnings to support governmental activities.

Note that program revenues covered 34.7% of governmental operating expenditures as compared to 33.6% in fiscal year 2018. This means that the government's taxpayers and the Town's other general revenues normally fund 65.3% of the governmental activities, primarily from property taxes, other taxes and unrestricted intergovernmental revenue. As a result, the general economy has a major impact on the Town's revenue streams.

Governmental Activity Expenses

The following table presents the cost of each of the Town's services, including the net costs (i.e., total cost less program revenues generated by the activities). The net costs illustrate the financial burden that is placed on the Town's taxpayers by each of these services.

Governmental Activities				
	Total Cost of Services	Percentage of Total	Net Cost of Services	Percentage of Total
General government	\$ 2,190,153	17.8%	\$ (2,190,153)	27.3%
Public safety	6,417,516	52.2%	(3,731,284)	46.5%
Community services and development	1,451,377	11.8%	(105,526)	1.3%
Parks and recreation	668,951	5.4%	(658,741)	8.2%
Transportation	1,132,102	9.2%	(974,929)	12.1%
Emergency services	4,244	0.0%	71,126	-0.9%
Interest and other fiscal charges	<u>439,232</u>	<u>3.6%</u>	<u>(439,232)</u>	<u>5.5%</u>
Total	<u>\$ 12,303,575</u>	<u>100.0%</u>	<u>\$ (8,028,739)</u>	<u>100.0%</u>

The public safety expenses total gross about 52% while net of program revenues total almost 46% of costs. The public safety function generated \$2,636,628 in user charges and \$49,604 in operating grant revenues, which offsets program costs. The community services and development expenditures total gross of 11.8% while net of program revenues total 1.3%. The community services and development function generated \$1,345,851 in user charges, primarily from building permits, planning/zoning, engineering and fire review fees of \$1,336,373. The transportation expenses total gross of 9.2% while net of program revenues total -12.1%. The transportation function, which includes the fifth year of TSDOR capital improvements, was aided by capital grant revenues of \$157,173 which also offsets capital program costs. A Hurricane Dorian threat entailed protective emergency service expenses total gross of 0.03% while net of operating program Hurricane Irma FEMA and FDEM reimbursements of \$75,370 total -0.9% of costs. Other total cost and net costs do not differ substantially by percentage or by dollars for each service.

Business-Type Activities

The Town reports one major enterprise fund, Solid Waste.

Total operating revenues increased \$486,457 or 37.2% due to Town Council no longer subsidizing new higher contractual service rates to its residential users as well as management conservatively including the maximum upside of a potential "true-up" which, ultimately, was successfully negotiated down. Intergovernmental, no-capital grants, comprising the realization and reimbursement for prior year Hurricane Irma expenditures increased \$3,949,263. Total operating expenses and all Hurricane Irma emergency services related expenses decreased \$3,497,625 or 70% due to slightly higher contractual and recycling costs of \$74,775 offset by a \$3,572,400 reduction in and completion of all Hurricane Irma debris collection, disposal and monitoring expenses as compared to the prior year. The current year emergency line of credit interest totaled \$117,253 and will continue to accrue until full reimbursement is received from federal (FEMA) and state (Florida Department of Emergency Management) authorities. Other operating expenses decreased by \$1,164 in fiscal year 2019 as compared to fiscal year 2018 due to lower professional fees.

In total, the year-to-year change in operating income increased \$4,000,219 and net position increased \$8,030,477, respectively.

FUND ANALYSIS

Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$6,877,389 compared to \$5,410,394 at September 30, 2018.

The total governmental revenues exceeded expenditures by \$1,325,935.

The General Fund revenues exceeded its expenditures by \$3,196,797 as compared to \$2,094,132 for fiscal year 2018. Transfers in from Solid Waste of \$258,313 as well as transfers to other funds totaling \$2,384,897 offset this excess. The details of the General Fund's financial operations are discussed below.

Governmental funds report total fund balance of \$6,877,389. Of this year-end total, \$1,305,241 is legally restricted for: transportation (\$710,632); fire control including volunteer fire operations (\$381,197); public safety (\$8,553); and building (\$204,859). \$1,002,396 is committed to various projects: capital projects (\$478,528); transportation (\$522,639); and tree preservation (\$1,229). \$236,740 is assigned for the following purposes - debt service (\$124,143); and capital projects (\$112,597). \$393,642 is considered non-spendable and \$3,939,370 is unassigned and available for future appropriation within the General Fund.

The total ending fund balances of governmental funds show an increase of \$1,466,995 or 27.1% increase over the prior year.

Major Governmental Funds

The Town reports three major governmental funds, the General Fund, Transportation Fund and the Capital Projects Fund.

General Fund - The General Fund is the Town's primary operating fund and the largest source of day-to-day service delivery. The General Fund's fund balance of \$4,899,464 increased by \$1,070,213 or 27.9% as compared to a decrease of (\$79,586) or (2.0%) in 2018. The ending unassigned fund balance is considered more than adequate, representing the equivalent of 38.4% of annual expenditures. This percentage compares to 27.9% at September 30, 2018.

Ad valorem (property) taxes increased \$702,016 or 12.0%. This increase relates to an increase in the taxable value of property as the combined operating and transportation surface and drainage ongoing rehabilitation (TSDOR) capital program millage rate increased from the prior year. However, in total, all tax revenues were \$664,268 or 9.4% above those of 2018. Licenses and permits were \$170,794 or 14.5% higher than the 2018 amount due to increased building and zoning permitting activity.

Overall, total General Fund expenditures increased \$277,984 or 2.8% above the fiscal year 2018 level. The most significant changes, by department, from fiscal year 2018 are described below.

General government costs, consisting of legislative, legal, executive and clerk administration, finance, and non-departmental departments were \$147,939 lower the 2018 amount primarily due to decreased litigation activity.

In total, public safety costs were up \$233,168 or 4.0% above the 2018 amount. This increase is due to a 4.5% annual contract escalator with the Town of Davie offset .5% by a total decrease in Southwest Ranches Volunteer Fire department expenses, including stipend payments.

Community services and development which consists of building, planning, code & zoning, and public works increased \$193,106 or 15.4% above those of 2018 primarily due to the aforementioned increased building, zoning permitting activity and application fee volume, resulting in significantly higher contractual service costs.

The 2019 parks and recreation amounts were \$4,776 lower than the 2018 amount of \$391,142. The major portion of this decrease is the full year impact from a lower grounds' maintenance frequency implemented at the end of FY 2019. Additionally, it shall be noted that a decrease occurred even with one new Town park facility (Gary A. Poliakoff/Founders' Park) operational for the entire FY 2019.

New for 2019, Hurricane Dorian emergency services expenditures totaled \$4,244 resulting from preparation and protective safety measures were incurred. Fortunately, this Hurricane did not ultimately strike or financially impact the Town.

In this fiscal year, the General Fund transferred \$2,384,897 to other funds, which included \$904,938 to the Transportation Fund, \$241,095 to the Capital Projects Fund, \$1,055,972 to the Debt Service Fund, and \$182,892 to the Volunteer Fire Department Fund (a component unit). The Solid Waste Fund transferred \$258,313 to the General Fund.

Transportation Fund – This fund accounts for the Town's share of the state gasoline and local option gas taxes, which are restricted to transportation purposes, a state transportation appropriation grant, and an on-going long-term transportation surface and drainage ongoing rehabilitation (TSDOR) capital program. In fiscal year 2019, revenue of \$335,067 of intergovernmental revenue was earned as compared to \$592,731 in fiscal year 2018 primarily related to a decrease in a state transportation appropriation grant. \$451,249 was expended on roadways including engineering, signage repairs and replacements and related personnel costs during 2019 and, \$466,567 on capital outlay comprising of: drainage improvements (\$299,244); and, TSDOR (\$167,323). The total legally restricted and committed in total transportation fund balance at fiscal year-end 2019 was \$710,632 and \$879,579, respectively.

Capital Projects Fund - This fund is primarily financed from transfers from the General Fund, as indicated above. There was no private source capital outlay donations as compared to 2018, a \$35,600 or 100% decrease.

During fiscal year 2019, this fund spent \$158,199 on capital outlay, which includes:

- Buildings/Fire Control Modular safety improvements \$147,667
- Infrastructure improvements for Country Estates Park \$8,997
- Infrastructure improvements for Frontier Trails Park \$1,535

Restricted fund balance was \$7,611 pertaining to fire control. Committed and assigned fund balance was \$101,264 (primarily for Frontier Trails Park) and \$112,597, respectively. The total capital project fund balance at fiscal year-end 2019 was \$221,472.

Proprietary Fund

Proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. The business-type activities analysis above discusses the Town's enterprise fund.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund's budget was amended in this fiscal year to reflect Departmental line item reclassifications and new Town Council initiatives.

Fines and forfeitures exceeded the final budget by \$151,889 or 76.4% as a result of higher traffic court revenue (approximately \$49,000) as well as code enforcement and lien recoveries received (approximately \$103,000) than anticipated. Charges for services revenues exceeded the final budget by \$103,935 or approximately 4.7%. This increase is primarily the result of unanticipated higher parks and recreation impact fees as well as special fire protection assessments received. Investment income revenue exceeded the final budget by \$71,672 due to an unanticipated higher interest rate environment. All other revenue sources were generally consistent with the adopted budget. Overall, we ultimately recognized \$438,964 or 103.4% of the revenue budget.

On the expenditure side, the Town's actual expenditures for each department or function were less than budgeted due to conservative budgeting and where noted below except for those pertaining to Hurricane Dorian protective emergency services (\$4,244), for its obvious reason. By function, general governmental was \$458,786 or 17.9% below the budget primarily due to lower than anticipated litigation in the amount of \$299,903, total public safety was \$99,436 or 1.6% below the budget, community services and development was \$18,275 or 1.2% below the budget, parks and recreation was \$13,547 or 3.4% below the budget and capital outlay was \$35,003 or 15.8% below the budget primarily due to lower than anticipated fire well costs (\$22,415).

Overall, the total General Fund budget was underspent by \$620,803 or 5.7% specifically due to the above, aforementioned items and lower general government operating expenditures including property insurance and contractual services, and lower than anticipated public safety, including volunteer fire services costs. Tight Departmental Director expenditure controls and monitoring throughout also contributed to the underspending.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Town's investment in capital assets, net of accumulated depreciation, for governmental activities as of September 30, 2019, was \$59,909,601. The change in this net investment was a 0.5% decrease for governmental activities. See Note 6 for additional information about changes in capital assets during the fiscal year and outstanding at the end of the year.

The following table provides a summary of capital asset activity:

	Capital Assets	
	Governmental Activities	
	2019	2018
Non-depreciable assets:		
Land	\$ 42,341,811	\$ 42,341,811
Construction in progress	1,786,806	2,530,121
Total non-depreciable	<u>44,128,617</u>	<u>44,871,932</u>
Depreciable assets:		
Infrastructure	24,532,754	23,316,776
Improvements other than buildings	5,278,971	5,269,974
Buildings and building improvements	3,653,649	3,505,983
Furniture and equipment	1,883,520	1,712,727
Total depreciable assets	35,348,894	33,805,460
Less: accumulated depreciation	<u>19,567,910</u>	<u>18,443,915</u>
Net book value - depreciable assets	<u>15,780,984</u>	<u>15,361,545</u>
Percentage depreciated	<u>55%</u>	<u>55%</u>
Total Capital Asset Net Book Value	<u>\$ 59,909,601</u>	<u>\$ 60,233,477</u>

At September 30, 2019, the depreciable capital assets for governmental activities were 55% depreciated. This compares to the 55% at September 30, 2018.

For governmental activities, the majority of the increase (decrease) of the balance of all non-depreciable and depreciable asset accounts relates to the following projects:

- TSDOR Construction-in-progress (net) (\$543,846)
- Frontier Trails Park Construction-in-progress \$1,535
- Drainage Projects Construction-in-progress (net) (\$168,251)
- Entranceway Signage Construction-in-progress (\$32,753)
- TSDOR Infrastructure \$708,013
- Drainage Infrastructure \$467,495
- SW 127th, SW 128th, SW 130th, SW 56th Striping Infrastructure \$3,157
- Griffin Rd & Bonaventure, Sheridan & 148th Entranceway Signage Infrastructure \$32,753
- Fire Well #40 & #132 Infrastructure \$4,560
- Country Estates Park Fencing Improvements other than buildings \$8,997
- Public Safety Modular Building Improvements \$147,666
- Town Hall Furniture and equipment (net) \$13,952
- Public Safety-Fire Furniture and equipment \$156,841

Debt

The Town reports its emergency line of credit within both its governmental and business-type activity for 9/30/2018 and for business-type activity only existing at 9/30/2019. The series 2016 land acquisition note payable, series 2013 and 2011 revenue refunding notes payable as well as an equipment and other loan payable with financial institutions are in governmental activities only. Overall, the Town of Southwest Ranches lowered its total debt by \$2,545,122 or 17.5% during the current year. More detailed information on long-term debt activity to the relevant disclosures in the notes to the financial statements are found on pages 36-39. The following table reports long-term debt balances at September 30, 2019 and 2018:

Outstanding Long-Term Debt		
	2019	2018
Governmental Activities:		
TD Note Payable, 2016	\$ 7,750,000	\$ 7,750,000
TD Note Payable, 2013	1,525,400	1,724,500
TD Note Payable, 2011	623,229	888,201
TD Note Payable, Rosenbauer	110,761	136,746
Centennial Loan Payable	238,988	324,526
TD Emergency Line of Credit	-	75,370
Sub-Total	<u>10,248,378</u>	<u>10,899,343</u>
Business-type Activities:		
TD Emergency Line of Credit	<u>1,761,698</u>	<u>3,655,855</u>
Grand Total	<u>\$ 12,010,076</u>	<u>\$ 14,555,198</u>

The Town provides an optional single-employer defined benefit post-employment health care plan to eligible employees. The Town does not make contributions to the Plan on behalf of retirees. In accordance with GASB Statement No. 75, the Town has evaluated and determined that it is not necessary to record the total OPEB liability of \$51,927 as it is insignificant to the Town.

A SUMMARY OF THE ECONOMIC CONDITIONS AFFECTING THE TOWN

The State of Florida, by constitution, does not have a state personal income tax, and, therefore, the State operates primarily using sales, gasoline and corporate income taxes. Local governments (towns and cities, counties, school boards) primarily rely on property and an array of permitted other taxes (utility taxes, franchise fees and local business taxes) as well as intergovernmental revenues for their governmental activities. For business-type activities and certain governmental activities (building/construction services and parks, recreation and open space programs), the user pays a related fee or charge associated with the service.

As of September 2019 and 2018, the unemployment rate for Broward County residents was 2.8%, and compares favorably to the State's unemployment rate of 3.2% and 3.5% for September 2019 and 2018, respectively. The Town's residents would expect to have a lower unemployment rate than is reported for the county. Inflationary trends in the region continue to also compare favorably to national indices, which is a positive sign. In addition, according to the U.S. Census Bureau (2014-2018), the Town's median household income of \$104,083 compares favorably to the Nation's and State's as well as the County's median household income of \$60,293, \$53,267, and \$57,333, respectively.

In the 2019–2020 adopted budget, we continue operating in a conservative economic environment. There are indications of a continued marginal increase in housing values and related taxable values due to new residential development, improvements and rehabilitation. Additionally, inflationary trends in the region compare more favorably to national indices.

Some of the key elements affecting the fiscal year 2019-2020 budget include:

- Relatively modest change in taxable values but expected to ellipse the 2019 record all-time highest.
- Continuance of a relatively low interest yield environment.
- Crude oil prices remain stable.
- Modest growth rates of building construction and rehabilitation.
- Small decline but movement toward stabilization in State of Florida shared revenues, especially from gas taxes.

All of these factors result in many budget challenges in fiscal year 2019-2020 and beyond. Additionally, the Town carefully monitors Florida Legislative initiatives and their future impact on the Town's ability to function at its present level.

The millage rate for fiscal year 2020 was lowered to the roll-back rate of 4.6564, representing the Town's regular operating of 4.2125 plus .4439 to provide for the sixth year of a major transportation related capital improvement project (TSDOR) as compared to 4.4969 plus .3342 for TSDOR for fiscal year 2019 totaling 4.8311 resulting in an anticipated net revenue reduction of (\$245,733). Additionally, during the current fiscal year, unassigned General Fund fund balance increased \$1,149,186 to \$3,939,370. Also, the Town of Southwest Ranches has appropriated \$73,000 of restricted fund balance for spending in the 2019-2020 fiscal year.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the Town's finances, comply with finance-related laws and regulations, and demonstrate the Town's commitment to public accountability and transparency. Questions concerning any of the information provided in this report or request for additional information should be addressed to the Town Financial Administrator, Town of Southwest Ranches, 13400 Griffin Road, Southwest Ranches, Florida 33330-2628.

The accompanying notes to basic financial statements are an integral part of these statements.

Town of Southwest Ranches, Florida
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of
Governmental Funds to the Statement of Activities
For the Fiscal Year Ended September 30, 2019

Amounts Reported for Governmental Activities in the Statement of Activities (Page 16) are Different Because:

Net changes in fund balance - total governmental funds (Page 19) \$ 1,466,995

Governmental funds report capital outlay as expenditures.
 However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense:

Expenditures for capital outlay	\$ 811,561	
Less: current year provision for depreciation expense	<u>(1,135,437)</u>	(323,876)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources to governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts (other than direct issuance costs) are deferred and amortized in the statement of activities.

This detail of the difference is as follows:

Repayment of principal	650,965
------------------------	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds:

Amortization of deferred amount on refunding	(5,758)
Change in accrued interest payable	<u>(100,042)</u>

Change in Net Position of Governmental Activities (Page 16)	\$ <u>1,688,284</u>
--	----------------------------

The accompanying notes to basic financial statements are an integral part of these statements.

**NOTES TO BASIC
FINANCIAL STATEMENTS**

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of the Town of Southwest Ranches, Florida's (the Town) significant accounting policies is presented to assist the reader in interpreting the basic financial statements. The policies are considered essential and should be read in conjunction with the basic financial statements.

The Town is an instrumentality of the State of Florida, incorporated in accordance with House Bill No. 1777 on June 6, 2000, to carry on a centralized government. The Town Council, which is comprised of four elected Council members and the elected Mayor, is responsible for legislative and fiscal control of the Town. The Town is governed under a Council/Administrator form of government. A Town Administrator is appointed by the Council and is responsible for administrative and fiscal control of the resources of the Town maintained in the funds.

The accounting policies of the Town conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

A. FINANCIAL REPORTING ENTITY

The accompanying financial statements present the Town and its component unit, the Southwest Ranches Volunteer Fire-Rescue, Inc. (the Department).

The Department became a blended component unit of the Town of Southwest Ranches on January 28, 2010 when the members of the Town Council became the Board of Directors of the Department. The Department is a legally separate, tax-exempt, 501(c)(4) organization that provides for the protection of human and animal life and property against fire, disaster, natural catastrophe or other calamity within the Town limits of Southwest Ranches. The Town is financially responsible (benefit/burden) and has operational responsibility for the Department. There are no separately issued financial statements for this component unit.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the activities of the Town and its component unit. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support. Likewise, the Town is reported separately from a legally separate component unit for which the Town is financially accountable.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as *general revenues*.

Separate financial statements are provided for governmental funds and the proprietary fund. Major individual governmental funds and the major individual enterprise fund are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting* as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days from the end of the current fiscal year.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes, franchise fees, utility taxes, charges for services, intergovernmental revenues and interest associated with the current fiscal period are all considered to be measurable and available and have been recognized as revenues of the current fiscal period. Revenues for expenditure driven grants are recognized when the qualifying expenditures are incurred and eligibility requirements imposed by the provider have been met. All other revenue items such as fines and forfeitures and licenses and permits are considered to be measurable and available when cash is received by the Town.

The reporting practices of the proprietary fund type closely parallel comparable commercial financial reporting, which recognize revenue when earned and expenses when incurred (the accrual basis) including, in the case of the enterprise fund, depreciation on its exhaustible capital assets, if any. Earned, but unbilled service receivables, if any, would be accrued as revenue in the enterprise fund.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

The Town reports the following major governmental funds:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The *Transportation Fund* accounts for the receipt of the Town's portion of the state revenue sharing of the gasoline and local option gas taxes which are restricted for transportation related expenditures.

The *Capital Projects Fund* is used to account for the capital projects of the Town which have received the approval of the Town Council. Transfers from the general and other funds are made to this fund to cover such expenditures.

The Town reports the following major proprietary fund:

The *Solid Waste Fund* (an enterprise fund) accounts for the operation of the Town's solid waste collection, disposal, and recycling services.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between the Town's solid waste functions and various other functions of the Town, if applicable. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as *program revenues*. The general revenues include all taxes whose purpose has not been restricted to a specific program.

Proprietary fund type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net position. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary fund are charges to customers for sales and services. Operating expenses for the proprietary fund include the costs of sales and services, administrative expenses and depreciation on capital assets, as applicable. All revenues and expenses that do not meet this definition are reported as non-operating revenues or expenses.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. DEPOSITS AND INVESTMENTS

The Town utilizes a pooled cash account for cash of all Town funds other than those that are required to be physically segregated. The pooled cash account concept allows each participating fund to benefit from the economies of scale and improved yield which are inherent to a larger investment pool. Formal accounting records detail the individual equities of the participating funds. The pooled cash system utilizes a single checking account for Town receipts and all disbursements including payroll.

Investments are in the Florida PRIME administered by the State Board of Administration. The Town's investments in the Florida PRIME are stated at amortized cost.

E. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items of governmental funds are recorded as expenditures when consumed rather than when purchased.

F. CAPITAL ASSETS

Capital assets, which include land, construction in progress, infrastructure assets, improvements other than buildings, buildings and building improvements, and furniture and equipment are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Infrastructure	10-40
Improvements other than buildings	10-40
Buildings and building improvements	10-50
Furniture and equipment	3-20

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. IMPAIRMENT OF LONG-LIVED ASSETS

The Town records impairment losses on long-lived assets used in operations when events and circumstances indicate the assets might be impaired. No impairment losses have been recorded.

H. LONG-TERM OBLIGATIONS

In the government-wide financial statements and the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts, if applicable, are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bond issue costs are expensed at issuance. Bonds payable are reported net of the applicable premiums and discounts.

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as debt issuance costs, in the year of issuance. The face amount of debt issued is reported as another financing source. Premiums received on debt issuance are reported as another financing source while discounts on debt issuances are reported as another financing use. Issuance costs, whether or not withheld from the actual debt proceeds received, and principal payments, are reported as debt service expenditures.

I. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The Town only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Town has no amounts reported in this category in the current year.

J. UNEARNED REVENUE

Unearned revenue represents increases in assets prior to the eligibility criteria being met for recognition of revenue.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. FUND BALANCE

The Town follows the criteria for classifying governmental fund balances into specifically defined classifications. Classifications are hierarchical and are based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in the funds may be spent. The Town's accounting and financial policies are used to interpret the nature and/or requirements of the funds and their corresponding classification of nonspendable, restricted, committed, assigned or unassigned.

The following are the fund balance classifications:

Nonspendable fund balance. Nonspendable fund balances are amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance. Restricted fund balances are amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance. These amounts can only be used for the specific purposes determined by a formal action (ordinance or resolution) of the Town Council, the Town's highest level of decision-making authority. Ordinances and resolutions constitute the most binding constraints and are deemed equally binding and enforceable within the Town. Commitments may be changed or lifted only by the Town Council taking the same formal action (ordinance or resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance. Assigned fund balances are amounts that are constrained by the Town's intent to be used for specific purposes but are neither restricted nor committed. Intent is established by the Town Administrator and Town Financial Administrator who have the discretionary authority as charter officers of the Town and to which the Council has delegated the authority to assign, modify or rescind amounts to be used for specific purposes. There is no formal policy which has been established by Council delegating this authority. This balance includes (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted, or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue or capital projects fund are assigned for the purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the Town itself.

Unassigned fund balance. This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. NET POSITION

Net position is the result of assets and deferred outflows of resources less liabilities and deferred inflows of resources. The net position of the government-wide and proprietary funds is categorized as net investment in capital assets, reduced by depreciation and any outstanding debt incurred to acquire, construct and improve those assets and deferred inflows and outflows of resources related to debt, and excluding unexpended proceeds.

Restricted net position is that portion of net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws and regulations of other governments) or imposed by law through constitutional provisions enabling legislation.

Unrestricted net position consists of the net position that does not meet the definition of either of the other two components.

M. FLOW ASSUMPTIONS

Net Position Flow Assumption

Sometimes the Town will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town’s policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Balance Flow Assumption

Sometimes the Town will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town’s policy to consider restricted fund balance to have been depleted before using any other components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

N. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred inflows/outflows, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results may differ from management’s estimates.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 2 – DEPOSITS AND INVESTMENTS

DEPOSITS

The Town maintains a cash pool that is available for use by all funds. In addition to insurance provided by the Federal Deposit Insurance Corporation (FDIC), all deposits are held in banking institutions approved by the State of Florida, State Treasurer to hold public funds. Under the Florida Statutes Chapter 280, *Florida Security for Public Deposits Act*, the State Treasurer requires all qualified public depositories to deposit with the Treasurer or banking institution eligible collateral of the depository. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Since the Town uses only authorized public depositories, all funds deposited with financial institutions are FDIC insured and/or are fully collateralized and treated as insured.

INVESTMENTS

The Town is authorized to invest in direct obligations of the U.S. Treasury, Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency, and the Local Government Surplus Funds Trust Fund, or any other intergovernmental investment pool authorized by Florida Statutes, including the Florida PRIME administered by the State Board of Administration. The investment policy defined in the statutes attempts to promote, through state assistance, the maximization of net interest earnings on invested surplus funds of local units of governments while limiting the risk to which the funds are exposed.

Florida PRIME is governed by Chapter 19-7 of the Florida Administrative Code and Chapters 215 and 218 of the Florida Statutes. These rules provide guidance and establish the policies and general operating procedures for the administration of the Florida PRIME. Florida PRIME invests in a pool of investments whereby the Town owns a share of the respective pool, not the underlying securities. GASB issued Statement No. 79, *Certain External Investment Pools and Pool Participants* establishing criteria for an external investment pool to qualify to report at amortized cost. Florida PRIME is reported at amortized cost.

The investments in the Florida PRIME are not insured by FDIC or any other governmental agency.

The Town had the following investments as of September 30, 2019:

Investments	<u>Value</u>	<u>Weighted Average Maturity</u>
Florida PRIME	\$ <u><u>1,877,072</u></u>	37 days

INTEREST RATE RISK

The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates nor do they have any investments that are subject to interest rate risk.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

CREDIT RISK

The Town does not have a written investment policy and, therefore, follows Florida Statute 218.415(17). The Town invests surplus funds in the State Board of Administration Investment Pool. The Florida PRIME is rated by Standard and Poor's. The current rating is AAAM.

CONCENTRATION OF CREDIT RISK

Disclosure is required when the percentage of investments is 5% or more of total investments. At September 30, 2019, the Town only invests in an external investment pool, the Florida PRIME.

INVESTMENT POOLS AND POOL PARTICIPANTS

With regard to redemption dates, Chapter 218.409(8) (a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the Executive Director may extend the moratorium until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days."

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2019, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 3 – PROPERTY TAXES

Property values are assessed as of January 1 of each year, at which time taxes become an enforceable lien on property. Tax bills are mailed for the Town by Broward County on or about October 1 of each year and are payable with discounts of up to 4% offered for early payment. Taxes become delinquent on April 1 of the year following the year of assessment and state law provides for enforcement of collection of property taxes by seizure of the personal property or by the sale of interest-bearing tax certificates to satisfy unpaid property taxes. Assessed values are established by the Broward County Property Appraiser. In November 1992, a Florida constitutional amendment was approved by the voters which provides for limiting the increases in homestead property valuations for ad valorem tax purposes to a maximum of 3% annually and also provides for reassessment of market values upon changes in ownership. The County bills and collects all property taxes and remits them to the Town. Procedures for the collection of delinquent taxes by Broward County are provided for in the Laws of Florida. There were no material delinquent property taxes at September 30, 2019.

State statutes permit municipalities to levy property taxes at a rate of up to 10 mills (\$10 per \$1,000 of assessed taxable valuation). The tax levy of the Town is established by the Town Council and the Broward County Property Appraiser, who incorporates the Town’s millage into the total tax levy, which includes the County, County School Board and other agencies tax requirements. The millage rate assessed by the Town for the fiscal year ended September 30, 2019 was 4.8311 mills (operating millage was 4.4969 and TSDOR millage 0.3342)

NOTE 4 - RECEIVABLES

Receivables as of September 30, 2019 for the Town’s funds are as follows:

		Taxes and Fees
General Fund	\$	324,686
Solid Waste Fund		21,000
Total Receivables	\$	345,686

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 5 – INTERFUND TRANSFERS

Interfund transfers during fiscal year ended September 30, 2019 are as follows:

	Transfers In	Transfers Out
General Fund	\$ 258,313	\$ 2,384,897
Transportation Fund	904,938	-
Capital Projects Fund	241,095	-
Volunteer Fire Department Fund	182,892	-
Debt Service Fund	1,055,972	117,253
Solid Waste Fund	117,253	258,313
Total Interfund Transfers	\$ 2,760,463	\$ 2,760,463

General Fund Transfers In consisted of \$258,313 from the Town’s Solid Waste Fund providing an annual subsidy to the General Fund for administrative, finance and contractual compliance management and legal expenses, while \$117,253 from the Debt Service Fund to the Solid Waste Fund relates to the emergency line of credit interest.

General Fund Transfers Out consisted of \$904,938 to the Transportation Fund to fund capital projects including the Transportation and Surface Drainage On-Going Rehabilitation (TSDOR) and operating needs; \$241,095 to the Capital Projects Fund to primarily fund capital projects pertaining to the Town Public Safety Modular complex and infrastructure at Frontier Trail Park; \$182,892 to the Volunteer Fire Department Fund to fund volunteer fire operations; and \$1,055,972 to the Debt Service Fund as debt service principal and interest payments become due in accordance with debt service arrangements.

REVENUE REFUNDING NOTE, SERIES 2013

On June 1, 2013 the Town entered in to a \$2,659,800 note with a financial institution for the purpose of refunding a portion of the Town's Florida Municipal Loan Council Revenue Bonds, Series 2001A and to finance the cost of certain capital projects. The note requires annual payments of principal and semi-annual payments of interest beginning November 1, 2013 and matures on November 1, 2025. The note bears interest on the outstanding principal amount thereof at a rate of 2.39% calculated on the basis of twelve 30-day months and a 360-day year. As security for loan repayment, the Town covenants and agrees to appropriate in its annual budget amounts of non-ad valorem revenues sufficient to satisfy its annual debt service requirements under the loan agreement.

The annual requirements to pay principal and interest on this obligation as of September 30, 2019 are as follows:

Fiscal Year Ending September 30,	Principal	Interest	Total
2020	\$ 200,500	\$ 34,061	\$ 234,561
2021	207,100	29,191	236,291
2022	213,300	24,167	237,467
2023	218,900	19,002	237,902
2024	224,000	14,468	238,468
2025-2026	461,600	12,623	474,223
Total	\$ 1,525,400	\$ 133,512	\$ 1,658,912

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 7 – LONG-TERM DEBT (CONTINUED)

REVENUE REFUNDING NOTE, SERIES 2011

On December 1, 2011 the Town entered in to a \$2,500,000 note with a financial institution for the purpose of refunding the Town’s pooled commercial paper loan with the Florida Local Government Finance Commission (FLGFC). The note requires quarterly payments of principal and interest beginning March 1, 2012 and matures on December 1, 2021. The note bears interest on the outstanding principal amount thereof at a fixed rate of 2.73% per annum calculated on a 30/360-day count basis. The Town has pledged non-ad valorem revenues to secure payment of the principal and interest of the note.

The annual requirements to pay principal and interest on this obligation as of September 30, 2019 are as follows:

Fiscal Year Ending September 30,	Principal	Interest	Total
2020	\$ 272,281	\$ 14,242	\$ 286,523
2021	279,791	6,733	286,524
2022	<u>71,157</u>	<u>485</u>	<u>71,642</u>
Total	\$ <u>623,229</u>	\$ <u>21,460</u>	\$ <u>644,689</u>

IMPROVEMENT REVENUE NOTE, SERIES 2016

On March 31, 2016, the Town entered in to a \$7,750,000 note with a financial institution for the acquisition of 24.4373 acres of vacant land. The note requires semi-annual payments of interest beginning November 1, 2016 and semi-annual payments of principal beginning November 1, 2021. The note bears interest at a rate of 3.25% annually and matures on March 31, 2036, unless the financial institution imposes a call option 90 days prior to May 1, 2031.

The annual requirements to pay principal and interest on this obligation as of September 30, 2019 are as follows:

Fiscal Year Ending September 30,	Principal	Interest	Total
2020	\$ -	\$ 251,875	\$ 251,875
2021	-	251,875	251,875
2022	516,666	247,677	764,343
2023	516,666	230,885	747,551
2024	516,666	214,094	730,760
2025-2029	2,583,330	818,594	3,401,924
2030-2034	2,583,330	398,802	2,982,132
2035-2036	<u>1,033,342</u>	<u>41,979</u>	<u>1,075,321</u>
Total	\$ <u>7,750,000</u>	\$ <u>2,455,781</u>	\$ <u>10,205,781</u>

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 7 – LONG-TERM DEBT (CONTINUED)

The Series 2013, 2011 and 2016 arrangements discussed previously include other financial provisions as follows: 1) a 6% late charge on overdue payments in excess of fifteen days; 2) events of defaults such as violation of covenants, payment defaults, bankruptcy, insolvency, and uncured final non-appealable judgements may declare any unpaid principal and interest (acceleration of maturity) due immediately and bearing a default rate equal to the interest rate on the Note at the time of such default plus an additional spread ranging from 4% to 6% but never to exceed the maximum rate permitted by law; and 3) an anti-dilution test of 1.30X and 1.50X as defined in the respective debt agreements – See the Debt Service Anti-Dilution Coverage table in the Statistical Section of this report.

ROSENBAUER PAYABLE

On July 15, 2015, the Town entered into a financing arrangement for the acquisition of a Rosenbauer Pumper Apparatus for the Volunteer Fire Department in the amount of \$206,500. The loan calls for annual interest and principal payments at a fixed rate of 2.56% and the loan matures on June 11, 2023.

The agreement provides that the lender is listed as the lienholder on the subject equipment, to the extent allowed by law. The Town is required to make bona-fide best efforts to include all annual required payments in its annual budget. If the Town fails to appropriate funding to meet the required payments, the equipment must be returned to the lender, at the expense of the Town, and the agreement shall then terminate upon the last day of the fiscal year for which funds were appropriated.

The annual requirements to pay principal and interest on this obligation as of September 30, 2019 are as follows:

Fiscal Year Ending September 30,	Principal	Interest	Total
2020	\$ 26,650	\$ 2,836	\$ 29,486
2021	27,332	2,153	29,485
2022	28,032	1,454	29,486
2023	28,747	736	29,483
Total	\$ 110,761	\$ 7,179	\$ 117,940

LOAN PAYABLE

On April 7, 2010, the Town originally entered into a line of credit agreement with a financial institution in an amount not to exceed \$2,000,000 for the purpose of financing road improvements and drainage projects in the Town. The loan called for monthly interest payments at 2.75% during the draw period. The principal amount outstanding at the end of the draw period shall be payable monthly, beginning May 7, 2012 in equal payments of principal and interest at 3.95% through April 7, 2022. The Town covenants to budget and appropriate in its annual budget from legally available non-ad valorem revenues in each fiscal year, sufficient moneys to pay the principal and interest on the loan.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 7 – LONG-TERM DEBT (CONTINUED)

In the event the Town fails to pay principal and interest when due on the loan or any other loan or obligation for the repayment of money; declare bankruptcy or insolvency; fails to correct any covenants, conditions or arrangements of this note and such default continues for 30 days after written notice requiring to be remedied; the holder of the note may proceed to protect and enforce its rights as allowed by law.

The annual requirements to pay principal and interest on this obligation as of September 30, 2019 are as follows:

Fiscal Year Ending September 30,	Principal	Interest	Total
2020	\$ 89,190	\$ 7,777	\$ 96,967
2021	92,778	4,190	96,968
2022	<u>57,020</u>	<u>730</u>	<u>57,750</u>
Total	\$ <u>238,988</u>	\$ <u>12,697</u>	\$ <u>251,685</u>

EMERGENCY LINE OF CREDIT - 2018

On May 23, 2018, the Town entered into a revolving line of credit agreement with a financial institution in an amount not to exceed \$10,000,000 for the purpose of expenditures for extraordinary, nonrecurring items the Town desires or needs to undertake subsequent to and as a result of a natural, technological or civil emergencies. The line of credit bears a variable interest rate calculated at 80.25% of the prime rate less 125 basis points (3.21% as of September 30, 2019). Payments of accrued interest are due on the first day of each February, May, August and November, beginning on November 1, 2018, based on the amount drawn and repaid by the Town from time to time. The outstanding principal of this Line of Credit and any accrued and unpaid interest is payable on the maturity date unless renewed. The maturity date of the line of credit is May 23, 2023. The Town had an outstanding and available balance of \$1,761,698 and \$ 8,238,302, respectively, at September 30, 2019.

The Town covenants to budget from legally available non-ad valorem revenues in each fiscal year sufficient funds to pay principal and interest on the note. The line of credit is secured by an irrevocable lien on revenues from FEMA and State proceeds, which shall be used to pay down the outstanding balance within 30 days of receipt. This note may be extended by the lender, at its sole discretion, for additional periods, each to not exceed five years. At such time, the Town is responsible for an extension fee of \$ 25,000 plus legal fees associated with the renewal. The lender, at its sole discretion, shall have the option to require the Town to prepay the loan in full on November 22, 2021 (the call date).

In addition, this arrangement includes other financial provisions as follows: 1) a 6% late charge on overdue payments in excess of fifteen days; and 2) events of defaults such as violation of covenants, payment defaults, bankruptcy, insolvency, and certain uncured final non-appealable judgements may declare any unpaid principal and interest (acceleration of maturity) due immediately and bearing a default rate equal to prime rate plus 6% but never to exceed the maximum rate permitted by law.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 8 – RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the Town carries commercial insurance. There were no reductions in insurance coverage from coverage requirements in the prior year. Settled claims did not exceed coverage requirements for each of the past three years.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

INTERLOCAL AGREEMENT FOR PUBLIC SAFETY SERVICES

In June 2017, the Town entered into an agreement with the Town of Davie for public safety services, including emergency medical, fire protection, fire and life safety, and police service effective October 1, 2017 through September 30, 2022. The Town paid approximately \$6,050,000 under this agreement for the fiscal year ended September 30, 2019.

AGREEMENT FOR PLANS REVIEW AND BUILDING INSPECTION SERVICES

In 2012, the Town entered a service agreement through March 2015 for plan review and building inspection services. The agreement was extended on April 12, 2018 for thirty-six months, with extensions to be approved by the Town and contractor. The amount of compensation is based on rates and schedules set forth in the agreement with a maximum percentage of 75% of actual revenue received by the Town. For the fiscal year ended September 30, 2019, the Town paid approximately \$840,000 for these services.

AGREEMENT FOR PLANNING SERVICES

In 2014, the Town entered into a renegotiated agreement with a consultant to provide planning, zoning and land use services on an hourly rate fee structure. This agreement, which was set to expire September 30, 2017, was extended through September 30, 2020 and is renewable upon the consent of both parties. For the fiscal year ended September 30, 2019, the Town paid approximately \$93,000 for these services.

AGREEMENT FOR CODE COMPLIANCE AND ZONING SERVICES

The Town entered into a service agreement with a provider for the provision of code compliance and zoning, including services, as the Code Compliance Official. This agreement is in effect through September 2022. Either party may terminate this agreement upon providing 90 days written notice. For the fiscal year ended September 30, 2019, the Town paid approximately \$256,000 for code compliance and zoning services.

LITIGATION

From time to time, the Town is a defendant in various suits and claims incidental to its operations. Although the outcome of such litigation is not presently determinable, it is the opinion of the Town attorney and Town management that resolution of such matters, if any, will not have a material adverse effect on the financial position and results of operations of the Town.

Town of Southwest Ranches, Florida
Notes to Basic Financial Statements
For the Fiscal Year Ended September 30, 2019

NOTE 9 – COMMITMENTS AND CONTINGENCIES (CONTINUED)

GRANTS AND AWARDS

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the Town. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, would not have a material adverse effect on the financial position of the Town.

NOTE 10 – DEFINED CONTRIBUTION PLAN

All regular full-time employees are eligible to be covered by the Town's 401(a) Plan (the Plan), a defined contribution pension plan, administered by an independent agent, ICMA Retirement Corporation, and authorized by resolution effective March 27, 2014. The Town's policy is to fund the annual pension costs in each department during the annual budget process.

Under the Plan, the Town matches, and therefore contributes, up to 5% or 10% (as a percentage of employees' regular wages) of the employees' annual elective contribution to an ICMA 457 Plan (see Note 11) for both General and Management personnel, respectively. Each personnel group receives a 20% graduated vesting over various periods of time by completing one through five years of full-time employment. Additionally, age 62, with 5 years of service, is the earliest age that personnel may elect to receive retirement benefits upon separation of service.

Under the Plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. There was a total of 13 employees for both personnel groups participating under the Plan throughout fiscal year 2019. The assets of the Plan are held in trust and are the sole property of the participants; therefore, no balances or financial information is reported in the Town's basic financial statements. For the fiscal year ended September 30, 2019, the employer pension expense was approximately \$78,000.

NOTE 11 – DEFERRED COMPENSATION PLAN

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Service ("IRS") Code Section 457. The Plan, administered by the ICMA Retirement Corporation, which is available to all Town employees, permits them to defer a portion of their salaries until future years. Participation in the Plan is optional. The deferred compensation plan is generally not available to employees until termination, retirement, death or the hardship distribution criteria as defined in IRS Code Section 457. The assets of the Plan are held in trust and are the sole property of the participants; therefore, no balances or financial information is reported in the Town's basic financial statements.

NOTE 12 – DATE OF MANAGEMENT REVIEW

The Town's management has evaluated subsequent events through March 6, 2020, the date which the financial statements were available for issuance.

Town of Southwest Ranches, Florida
Required Supplementary Information
Note to Budgetary Comparison Schedules
For the Fiscal Year Ended September 30, 2019

The Town follows the procedures below in establishing the budgetary data reflected in the accompanying financial statements.

NOTE 1 - BUDGETS AND BUDGETARY ACCOUNTING

- a. Prior to September 1, the Town Administrator submits to the Town Council a proposed operating budget for the ensuing fiscal year, commencing October 1. The operating budget includes proposed expenditures and the means of funding them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to October 1, the budget is legally enacted through passage of an ordinance.
- d. Upon request of the Town Administrator or Town Financial Administrator, the Town Council, in the form of a resolution, may amend the budget, make changes between funds or from a reserve, and increase or decrease a fund. The Town Administrator or Town Financial Administrator may make changes within a department. Therefore, the legal level of control is at the department level. At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the fund from which it was appropriated and is subject to future appropriations.
- e. Annual appropriated budgets are adopted for the General Fund, the Transportation Fund, the Capital Projects Fund and the Debt Service Fund on a basis consistent with accounting principles generally accepted in the United States of America.
- f. The reported budgetary data represents the final approved budgets after amendments (supplemental appropriations) adopted by the Town Council. The Volunteer Fire Department Fund's budget is not legally adopted by the Town Council.

REPORTING SECTION

2019 Town of Southwest Ranches Rural Public Arts & Design Advisory Board Photo Contest
Submitted by: Michael Tromans

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Southwest Ranches, Florida (the "Town"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated March 6, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

KEEFE McCULLOUGH

Fort Lauderdale, FL
March 6, 2020

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

Report on Compliance for Each Major Federal Program

We have audited the Town of Southwest Ranches, Florida (the "Town") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town's major federal programs for the year ended September 30, 2019. The Town's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Town's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Town's compliance.

Opinion on Each Major Federal Program

In our opinion, the Town complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of the Town is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To The Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

Report on the Financial Statements

We have audited the basic financial statements of the Town of Southwest Ranches, Florida (the "Town"), as of and for the fiscal year ended September 30, 2019, and have issued our report thereon dated March 6, 2020.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 6, 2020, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Town has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Town did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Town. It is management's responsibility to monitor the Town's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Members of the Town Council, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH
SECTION 218.415 FLORIDA STATUTES**

To The Honorable Mayor, Town Council and Town Administrator
Town of Southwest Ranches, Florida

We have examined the Town of Southwest Ranches, Florida's (the "Town") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2019. Management of the Town is responsible for the Town's compliance with the specific requirements. Our responsibility is to express an opinion on the Town's compliance with the specific requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Town complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Town complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, the Town complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

This report is intended solely for the information and use of Members of the Town Council, management, and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

Total Expenditures of Federal Awards			\$ 3,849,454	\$ -

See notes to Schedule of Expenditures of Federal Awards.

Town of Southwest Ranches, Florida
Notes to Schedule of Expenditures of Federal Awards
September 30, 2019

Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the Federal grant activity of the Town of Southwest Ranches, Florida (the "Town") for the year ended September 30, 2019. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Town.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, as well as other applicable provisions of contracts and grant agreements, wherein certain types of expenditures are not allowable or are limited as to reimbursements.

Note 3 - Indirect Cost Rate

The Town did not elect to use the 10% de minimis indirect cost rate.

Note 4 - Contingency

The grant and contract revenue amounts received are subject to audit and adjustment. If any expenditures or expenses are disallowed by the grantor agencies as a result of such an audit, any claim for reimbursement to the grantor/contract agencies would become a liability of the Town. In the opinion of management, all grant and contract expenditures are in compliance with the terms of the agreements and applicable federal and state laws and other applicable regulations.

Note 5 – Prior Year Expenditures

The Schedule includes financial assistance from the U.S. Department of Homeland Security in the amount \$ 3,813,114 that represents expenditures from the 2017 and 2018 fiscal years.

Town of Southwest Ranches, Florida
Schedule of Findings and Questioned Costs
For the Year Ended September 30, 2019

A. Summary of Auditor's Results

1. The auditor's report expresses an unmodified opinion on the basic financial statements.
2. No material weaknesses relating to the audit of the financial statements are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of the Town of Southwest Ranches, Florida, were disclosed during the audit.
4. No material weaknesses relating to the audit of the major federal programs are reported in the Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance.
5. The auditor's report on compliance for the major federal program for the Town of Southwest Ranches, Florida, expresses an unmodified opinion.
6. There are no audit findings relative to the major federal program for the Town of Southwest Ranches, Florida, reported in Part C of this schedule.
7. The program tested as major program is as follows:

<u>Federal Award Program</u>	<u>CFDA Number</u>
U.S. Department of Homeland Security - Disaster Grants - Public Assistance	97.036

8. The threshold for distinguishing Type A and Type B programs was \$ 750,000.
9. The Town of Southwest Ranches was not determined to be a low-risk auditee.

B. Findings - Financial Statement Audit

No matters were reported.

C. Findings and Questioned Costs - Major Federal Award Programs

No matters were reported.

D. Other Issues

1. A separate management letter was not issued.
2. A Summary Schedule of Prior Audit Findings is not required because there were no prior audit findings related to federal programs.
3. No Corrective Action Plan is required because there were no findings reported under the Uniform Guidance.
