Honorable Mayor, Commissioners, and City Manager City of Tallahassee, Florida

The Comprehensive Annual Financial Report of the City of Tallahassee, Florida, for the fiscal year ended September 30, 2019, is hereby submitted pursuant to Section 11.45, Florida Statutes and Chapter 10.550 of the Rules of the Auditor General of the State of Florida. This report represents the official report of the City's financial operations and condition to the citizens, City Commission, City management, rating agencies, and other interested persons.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, but not absolute, assurance that the financial statements are free of any material misstatements.

The certified public accounting firm of MSL, P.A. has issued an unmodified opinion on the City's financial statements for the year ended September 30, 2019. The independent auditors' report is located at the front of the financial section of this report.

The City is also required to undergo an annual audit to obtain reasonable assurance about compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs and state projects. These independent auditors' reports are presented in the single audit section of this report.

Management's Discussion and Analysis (MD & A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD & A and should be read in conjunction with it.

#### PROFILE OF THE CITY

Tallahassee, the capital city of Florida, was incorporated in 1825, twenty years before Florida was admitted to the Union. The City is governed by a Mayor and four Commissioners elected at-large.

The City Commission appoints the City Manager, the City Treasurer-Clerk, the City Auditor, and the City Attorney. Collectively the appointed officials are responsible for all administrative aspects of the government, with most falling under the purview of the City Manager.

The City provides a full range of municipal services. These services include public safety (police and fire), construction and maintenance of streets and sidewalks, stormwater management, recreation, planning and zoning, general administrative services, five utilities (electric, gas, water, sewer, and solid waste collection), a mass transit bus system, and an international airport.

The Commission is required to adopt a final budget no later than the close of the fiscal year. This annual budget serves as the foundation for the City's financial planning and control. The budget is approved at the fund and department level. Transfers between funds and/or departments require approval by the Commission.

REESE GOAD

City Manager

ELAINE W. BRYANT

JEREMY MATLOW

City Auditor

The budget process is a formalized annual occurrence that involves input, collaboration, and coordination between the respective City departments, the Office of Resource Management, the executive team, the City Commission, and the citizens of Tallahassee.

A budget review team composed of various members of the leadership team and executive teams is established to set budget direction and priorities for the City. Annually, issues are selected by the City Commission to represent those programs and community needs, which are to be given priority attention during the year.

Prior to the development of the budget, citizen input is solicited on any program changes, as well as on performance of all major programs, through the use of a citizen survey.

#### FACTORS AFFECTING FINANCIAL CONDITION

The economy of Leon County is strongly influenced by governmental and educational activities. The presence of the State Capital and two major universities help to shape Leon County's population as relatively young, well educated, and affluent.

Leon County is a racially diverse community. Minorities account for 38.10% of the population, with African-Americans comprising 31.7%.

Leon County residents have historically attained a very high level of education. Forty six percent of area residents aged 25 or older have completed at least four years of college.

The 2014-2018 American Community Survey 5-year estimates report median family income in Leon County is \$51,201, which is comparable to the national median.

The level of governmental employment has a stabilizing effect on the economy and helps to minimize unemployment. In December 2019, the unemployment rate was 2.9% in the City as compared to the State's unemployment rate of 3.0%. The percentage of employees employed by local, state, and federal government is approximately 33.41% of the work force. The unemployment rate is one of many economic indicators utilized to evaluate the condition of the economy.

#### POPULATION GROWTH

Population growth trends for Leon County are presented in the following table:

Year	Tallahassee	Unincorporated	Leon
1960	48,174	26,051	74,225
1970	71,897	31,150	103,047
1980	81,548	67,107	148,655
1990	124,773	67,720	192,493
2000	150,624	88,828	239,452
2010	181,736	94,111	275,847
2019	195,713	100,786	296,499
2020	197,100	101,200	298,300
2025	207,900	104,000	311,900
2030	216,500	106,300	322,800
2035	223,400	108,100	331,500
2040	229,500	109,700	339,200
2045	234,800	111,200	346,000

#### **CONSTRUCTION TRENDS**

#### Residential Construction

Single-family residential building permits in Leon County were down 9% in fiscal year 2019, following a 6% decrease in fiscal year 2018. Permits for multi-family units were down 67% in fiscal year 2019 following a 2% decrease in fiscal year 2018. Year-over-year new multi-family construction can be volatile given the number of units included in each development.

#### Commercial Development

In fiscal year 2019, approximately \$293 million in new commercial construction was permitted in Leon County, more than double the nearly \$137 million permitted in fiscal year 2018. Larger new commercial permits in fiscal year 2019 include the \$150 million, 576,000 square foot Washington Square development, the \$21.5 million, 72,000 square foot CHP Metropolitan Health Center, a \$15 million, 154-room AC Hotel Tallahassee by Marriott at Cascades, and the \$14.5 million, 38,000 square foot Tallahassee Orthopedic Clinic.

#### **MILLAGE RATES**

As indicated below, the City enjoys the lowest millage rate of the comparable largest cities in Florida for 2019 and 2018. Tallahassee's low and stable millage rate should act as an incentive to economic growth and stability.

Comparable City	Millage Rates				
	2019	2018			
Clearwater	5.96	5.96			
Daytona	5.85	7.66			
Fort Lauderdale	4.12	4.12			
Gainesville	4.74	4.74			
Hollywood	7.46	7.7			
Lakeland	5.46	5.56			
Largo	5.62	5.74			
Orlando	6.65	6.65			
Pensacola	4.29	4.29			
Tallahassee	4.1	4.1			
West Palm Beach	8.35	8.35			

#### LONG-TERM FINANCIAL PLANNING

The financial viability of the City continues to be a high priority for the City Commission and management. An integral part of the budgeting process is the development of the City's Five-Year Financial Plan (the Plan). The Plan is updated annually during the budget process and serves as a blueprint for decision-making and allows for flexibility to address issues as they arise.

The Plan resulted in an approved fiscal year 2019 operating budget of \$727.2 million and an approved capital budget of \$161.8 million. The Plan for the ensuing five years (including 2019) results in projected capital expenditures of approximately \$887.1 million.

#### AWARDS AND ACKNOWLEDGEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Tallahassee, Florida for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2018. The Certificate of Achievement is a prestigious national award that recognizes conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, the City must publish a comprehensive annual financial report, whose contents satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for a new certificate.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Accounting Services Division, in particular the members of the Financial Accounting and Reporting staff, who participated in the compilation of the report. We would also like to thank the members of the City Commission for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Raoul A. Lavin

Assistant City Manager

Supplementary Information

#### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Tallahassee, Florida (the "City") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Citys basic financial statements, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America` this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Citys preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Citys internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

#### Emphasis-of-Matter - Correction of an error

As discussed in Note III. D to the financial statements, in the year ended September 30, 2019, the City made an adjustment to accrue unbilled utility receivables which required the restatement of the October 1, 2018 net position in various funds. Our opinions are not modified with respect to this matter.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information (other than MD&A), as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining financial statements and schedules, the other supplemental information, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining financial statements and schedules, and other supplemental information are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 8, 2020 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MSL, P.A.

Certified Public Accountants Tallahassee, Florida April 8, 2020

#### MANAGEMENT DISCUSSION AND ANALYSIS

As management of the City of Tallahassee (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year that ended September 30, 2019. Management's Discussion and Analysis is designed to: (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activities, (c) identify changes in the City's financial position, and (d) identify individual fund concerns or issues. It should be read in conjunction with the Transmittal Letter at the front of this report and the City's financial statements, which follow this section. Notes mentioned below are Notes to the Financial Statements, which follow the statements.

#### **FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources as of September 30, 2019 by \$2.0 billion. Of this amount, \$58 million represents unrestricted net position that is available to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$24.0 million as a result of fiscal year 2019 operations which increased net position by \$1.7 million and an increase in net position of \$22.3 million resulting from prior period restatements related to a change in the method for recording utility receivables.
- As of September 30, 2019, the City's Governmental Funds reported combined ending fund balances of \$84.7 million, a decrease of \$30.9 million in comparison with the prior year. Approximately \$1.5 million of this amount is available for spending at the City's discretion (unassigned fund balance).
- At the end of the fiscal year, spendable fund balance for the general fund was \$1.5 million, or 0.9% of general fund expenditures.
- As of September 30, 2019, the City's enterprise funds reported combined net position of \$1.24 billion, an increase of \$39.6 million from the prior year. This increase was due to the net effect of current year income of \$18.0 million and a \$21.6 million increase for the prior period restatements related to a change in the method for recording utility receivables. Approximately \$155.8 million of the net position is unrestricted.
- Capital assets, net of accumulated depreciation, as of September 30, 2019, totaled \$2.68 billion, an increase of \$14.3 million in comparison with prior year (Note IV.D.).
- The City's outstanding long-term debt (Note IV.G.) increased from \$1.41 billion to \$1.42 billion, or 0.3%.

#### AN OVERVIEW OF THE FINANCIAL STATEMENTS

The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

#### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The *government-wide financial statements* are designed to report information about the City as a whole using accounting methods similar to those used by private-sector companies. Two statements, the *statement of net position* and the *statement of activities*, are utilized to provide information on a government-wide basis.

The *statement of net position* presents financial information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus revenues and expenses are reported for some items that will result in cash flows in future periods.

The government-wide financial statements of the City are divided into three categories:

- **Governmental activities** These include the basic services provided by the City including police, parks and recreation, public works, and general administration. Property, sales, and other taxes finance the majority of these activities.
- Business-type activities These include services for which the City charges specific fees which are
  meant to cover the cost of providing the services. These services include electric, gas, airport, fire
  protection, solid waste collection, water, sewer, stormwater management, transit services, and the
  Hilaman Golf Course.
- Component units These are legally separate organizations for which the City Commission appoints the governing board and the City has financial reporting responsibilities. The City has one discretely presented component unit, the Downtown Improvement Authority, which is an agency created by the Florida Legislature to regulate downtown growth. The City also has a blended component unit, the Community Redevelopment Agency, which is blended as a major special revenue fund into the primary government (see Note I-A for more details).

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The focus is on major funds, which provides detailed information about the most significant funds. The City, like other governmental entities, uses funds to ensure and demonstrate compliance with financial requirements imposed by law, bond covenants, and local administrative and legislative actions. All of the City's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**GOVERNMENTAL FUNDS** — Governmental funds are used to account for essentially the same functions as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirteen (13) individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General and the Community Redevelopment Agency Funds, both of which are considered major funds. Data from the other eleven (11) funds are combined into a single, aggregate presentation. Individual fund data for each of these non-major governmental funds is provided on pages 136 - 139 of this report.

**PROPRIETARY FUNDS** — The City maintains two different types of proprietary funds, enterprise and internal service.

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City maintains ten (10) individual enterprise funds. Information is presented separately in the proprietary funds statement of net position and in the proprietary funds statement of revenues, expenses, and changes in net position for the Electric, Gas, Sewer, Water, Airport, and Stormwater Management Funds, all of which are considered major funds. Data from the other four (4) funds are combined into a single, aggregate presentation. Individual fund data for each of these non-major proprietary funds is provided on pages 142 - 144 of this report.

Internal Service Funds are used to account for activities that provide goods and services to the City's other programs and activities. The City maintains thirteen (13) individual internal service funds. These internal service funds are allocated between governmental activities and business-type activities in the government-wide financial statements based upon the activity that receives the predominant benefit. Internal service funds are combined into a single, aggregate presentation in the proprietary fund financial statements. Individual fund data for each of these internal service funds is provided on pages 146 - 151 of this report.

**FIDUCIARY FUNDS** — Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's programs and activities. The City reports three fiduciary funds, two of which are combined into a single, aggregate presentation in the fiduciary fund statements. Individual fund data for each of these two fiduciary funds is provided on pages 154 - 155 of this report. The basic financial statements for all three fiduciary funds are provided on pages 52 - 53 of this report.

#### **NOTES TO THE FINANCIAL STATEMENTS**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### OTHER INFORMATION

This report additionally includes required supplementary information (RSI) including a budget comparison schedule, with related notes, for the General Fund and information concerning the City's progress in funding its obligation to provide pension and other post employment benefits to its employees.

The combining statements in connection with non-major governmental funds, non-major enterprise funds, internal service funds, and pension and other employee benefit fiduciary funds are presented in the combining statements section of the report.

Information regarding the City's debt service requirements, statistical information, and economic data is also presented to give report users a historical perspective of the City and to allow for broader understanding of the economic and social environment in which the City operates.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The following table is a summary of the fiscal year 2019 Statement of Net Position found on pages 36 - 37 with comparative information for fiscal year 2018.

Table 1

<sup>(\*)</sup> Balances for 2018 have not been restated for prior period adjustments related to recording of unbilled receivables.

Changes in net position over time can be one of the best and most useful indicators of financial position. Total net position of the City increased from \$1.98 billion in 2018 to \$2.00 billion in 2019, an increase of \$1.7 million or .086%.

The largest portion of the City's net position, \$1.63 billion or 81.4%, reflects its substantial investment in capital assets (e.g., land, buildings, equipment, etc.), less the related outstanding debt used to acquire or construct those assets. The City uses these capital assets to provide services to residents; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

In addition, a portion of the City's net position, \$315.6 million or 15.7%, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$57.5 million or 2.9%, is available to meet the ongoing obligations of the City.

At the end of the fiscal year, the City is able to report positive balances in all reported categories of net position for the government as a whole. The unrestricted net position in governmental activities is primarily negative as a result of the implementation of GASBs 68 and 75 which require the recording of a net pension/liability net OPEB liability. The remaining net position categories for governmental activities and all of the net position for business-type activities have positive balances.

The following table is a summary of the fiscal year 2019 Statement of Activities found on pages 38 - 39 with comparative information for fiscal year 2018.

<sup>(\*)</sup> Balances for 2018 have not been restated for prior period adjustments related to recording of unbilled receivables.

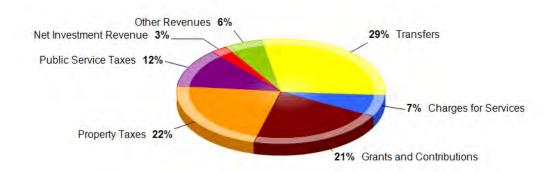

**GOVERNMENTAL ACTIVITIES** - During the fiscal year, net position for governmental activities decreased \$22.3 million for current year operations and it increased \$736,000 resulting from a prior period restatement related to a change in the method for recording utility receivables. The result was a total decrease in net position of \$21.6 million from the prior fiscal year for an ending balance of \$701.5 million.

The following chart compares expenditures and program revenues for the governmental activities.

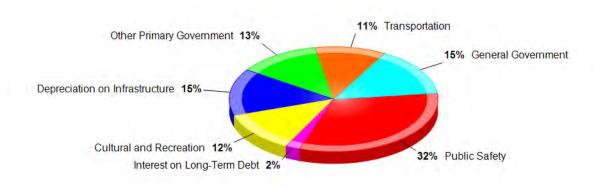

The following chart illutrates the City's revenues by source for the City's governmental activities.

#### **Revenues by Source**

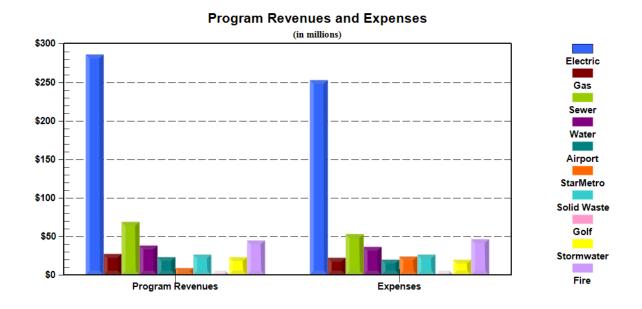

The following chart illustrates the City's expenditures by function for the City's governmental activities.

#### **Expenditures by Function**

**BUSINESS-TYPE ACTIVITIES** - For the City's Business-type activities, the results for the current fiscal year were positive resulting in an ending balance of \$1.30 billion. The overall increase of \$45.6 million in net position for business-type activities includes a prior period restatement of \$21.6 million.

The following chart compares program revenues and expenses for the City's business-type activities.

#### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **GOVERNMENTAL FUNDS**

The fund financial statements for the governmental funds are provided on pages 42 - 45. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2019, the City's governmental funds reported combined ending fund balances of \$84.6 million, a decrease of \$31.0 million in comparison with the prior year. Of this amount \$2.1 million is considered non-spendable; \$59.8 million is restricted for purposes which are externally imposed by providers; \$21.2 million is committed for specific purposes that are internally imposed by the government through the City Commission; and \$1.5 million is unassigned.

The following table summarizes the change in fund balance for the governmental funds:

Table 3
Financial Analysis of the City's Governmental Funds
(in millions)

Fund	9	Fund Balances /30/2018 Restated	Sources	Uses	Sources Over (Under) Uses	Fund Balances 9/30/2019
General Fund Community	\$	29.1	\$ 159.9	\$ 186.0	\$ (26.1)	\$ 3.0
Redevelopment Other Funds		8.7 77.8	9.7 51.7	3.3 63.0	6.4 (11.3)	15.1 66.5
Total City Funds	\$	115.6	\$ 221.3	\$ 252.3	\$ (31.0)	\$ 84.6

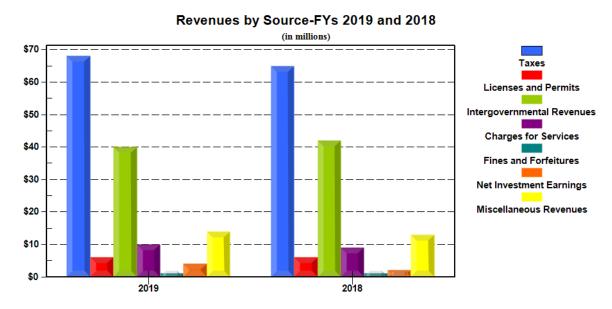

The General Fund is the chief operating fund of the City. At the end of the fiscal year, fund balance for the general fund was \$3.0 million, or 1.8% of general fund expenditures and other financing uses. Of this amount, \$1.5 million is non-spendable and \$1.5 million is unassigned.

The fund balance for the City's General Fund decreased substantially during fiscal year 2019. Revenues and other sources increased \$8.9 million or 5.9%, as compared to the prior year. The increase of revenue included \$2.9 million increase in property and public service taxes, \$3.7 million increase in transfers from other funds in accordance with the City's financing policy for dispostion of annual surpluses as well as transfers for reimbursements related to hurricane emergency expenditures originally paid from the general fund, \$1 million related to increases in overhead charges and \$1.5 million resulting from an increase in the fair market value of investments. Expenditures and other uses increased \$27.6 million or 17.4%, as compared to the prior year. This increase in expenditures is primarily from expenditures incurred for Hurricane Michael cleanup and recovery. These expenses are expected to be recovered from FEMA and other grantors.

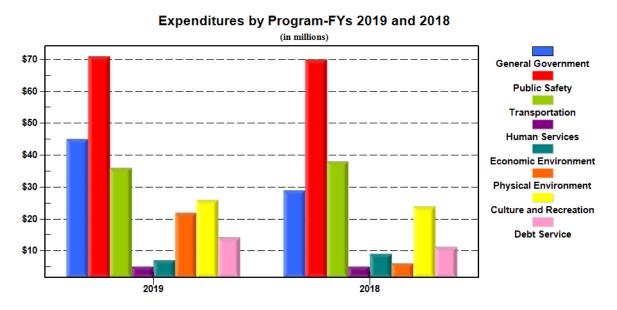

The fund balance for the City's Community Redevelopment Agency (CRA) Fund increased \$6.4 million from 2018. Revenues increased \$4.8 million primarily from the sale of the Firestone/Bloxham land which generated \$4.2 million for which there was no comparable sale in the prior year. Expenditures decreased \$847,000 or 20.5% primarily because the Agency spent \$983,000 on projects in the prior year which did not occur in the current year. These projects included a Frenchtown Farmers' Market Commercial Kitchen, Business Facility Improvement Program Grants, and an agreement to reimburse Big Bend Cares for construction related costs. The net results for the year was net income of \$6.4 million

The fund balance in the City's other non-major governmental funds decreased \$11.3 million from the prior year primarily due to the decreases in the capital projects funds where the expenses related to the City's aggressive capital improvement program are incurred. The decreases in those funds totalled \$11.1 million.

The following chart compares revenue by source for the governmental funds.

The following chart compares expenditures by program for the governmental funds.

#### PROPRIETARY FUNDS

The City's proprietary funds provide the same type of information found in the government-wide financial statements but in more detail. Factors addressing the finances of these funds have already been addressed in the discussion of the City's business-type activities.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

A schedule comparing the original to the final budget and the variance from the final budget to the actual results is included on page 118 of the financial statements.

There was an increase to the original budget for \$203,000 for various changes including a reorganization of traffic operations as well as changes to budgeted transfers that increased to fund additional projects. Project priorities change during the year based on needs, assessments, availability of grant funding or other issues that impact the start or completion of projects or their cost.

The City's general fund generated a positive variance of approximately \$294,000 between the final amended budget and actual results of operation. Actual revenues were less than final budgeted revenues by \$2.6 million, or 1.6%; these variances were spread across most revenue sources. Actual expenditures for the year were less than final budgeted expenditures by \$2.9 million, or 1.8%; these variances were spread across most expenditure line items due to regular budget monitoring.

#### **CAPITAL ASSETS**

The City's capital assets for its governmental and business-type activities, net of depreciation, as of September 30, 2019, were approximately \$2.7 billion. This represents a net increase of approximately \$14 million, or 0.5%, over last year. See Note IV.D. for more information about the City's capital assets.

Table 4
Capital Assets, net of accumulated depreciation (in thousands)

	Governmental Activities				Business-Type Activities				Total			
	2019		2018		2019		2018		2019		2018

Improvements												
(Other than Buildings)	6,889		7,347		33,845		24,467		40,734		31,814	
Infrastructure	362,201		378,994		776,817		767,862		1,139,018		1,146,856	
Intangibles	190		8		204,109		195,424		204,299		195,432	
Construction in Progress	16,166		18,591		90,376		117,922		106,542		136,513	
Total	\$ 824,870	\$	829,353	9	1,852,084	\$	1,833,324	\$ 2	2,676,954	\$	2,662,677	

Major capital acquisitions and improvements during the year included the following:

Aviation infrastructure - \$5.5 million

Electric generation, transmission and distribution infrastructure - \$38.0 million

Gas transmission and distribution infrastructure - \$2.7 million

Sewer collection, treatment, and disposal infrastructure - \$14.3 million

StarMetro acquisition of buses and system improvements - \$11.6 million

Stormwater infrastructure - \$7.2 million

Street construction, widening and expansion projects improvements, park improvements, and vehicles and equipment for public safety purposes, - \$26.5 million

Water transmission and distribution infrastructure - \$8.5 million

Solid Waste Truck Replacement - \$1.2 million.

Technology and Innovation - \$5.6 million

#### **LONG-TERM DEBT**

As shown in the following table, as of September 30, 2019, the City had \$1.02 billion in total debt outstanding. This amount represents bonds and loans secured by specified revenue sources and excludes issuance premium and discounts.

Table 5
Outstanding Debt at September 30
(in thousands)

	Government	Governmental Activities		e Activities	To	Total		
	2019	2018	2019	2018	2019	2018		
General Revenue Bonds Proprietary Revenue Bonds Other Loans	96,215 - 1,033	104,155 - 1,282	902,680 15,808	921,612 18,627	96,215 902,680 16,841	104,155 921,612 19,909		
Total	97,248	105,437	918,488	940,239	1,015,736	1,045,676		

The City's total debt decreased by \$29.94 million, or 2.86%, during the current fiscal year. This is primarily the result of the net effect of principal paydowns of approximately \$37.9 million netted with the sale of a Transportation Improvement Bond for \$8 million for the purchase of electric buses.

Bond ratings have a significant influence in establishing the rate of interest expense the City must pay when the bonds are sold. Ratings for the City's debt have been consistently judged to be of good investment quality as indicated in the following table:

Table 6
Bond Ratings

	Moody's Investors Service, Inc	Standard & Poor's Rating Services	Fitch Ratings, Inc
Capital Bonds	Aa2	NR	AA+
Consolidated Utility Systems Bonds	Aa1	AA	AA+
Energy System Bonds	Aa3	AA	AA

Additional information about the City's long-term liabilities is included in Note IV-G to the financial statements.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

- The unemployment rate is one of many economic indicators utilized to evaluate the condition of the economy. The unemployment rate for the City continues to show improvement as the economy thrives. Unemployment has consistently been lower than both the state and national levels. In December 2019, the unemployment rate in Tallahassee was 2.9% as compared to the state's unemployment rate of 3.0%. For December 2018, Tallahassee's unemployment rate was 3.2% as compared with the statewide rate of 3.3%. The percentage of employees employed by local, state, and federal government in Tallahassee is approximately 33.4% of the work force.
- The ratio of taxable assessed value to total estimated value for ad valorem tax purposes equals 49.1%, demonstrating the large amount of state-owned tax-exempt property located in the City. In 2019, the millage rate was 4.1 mills and there will be no change for 2020.
- The Small Business/Commercial Cost Comparison for FY19, which shows the City's costs for services
  for our local businesses, demonstrates a business-friendly environment in Tallahassee, which was
  strengthened by the Commission's decision in July 2016 to repeal the business license tax. The City will
  continue to monitor costs and work to keep them competitive for the community while maintaining quality
  service.
- The presence of two state universities, a community college and the state government provide a stabilizing influence on the City of Tallahassee's financial position. Alongside the state workforce, Tallahassee's institutions of higher learning continue to be major economic drivers in the community. Ongoing partnership with these institutions represents significant economic and development opportunities for the City. Most recently, increased partnership between the universities and the City have helped attract companies to relocate to Tallahassee, especially those companies that are interested in the research being performed by Florida State University's National High Magnetic Field Laboratory. Furthermore, while the cost of college education has come under increased scrutiny in the past couple of years, tuition at the state universities remains affordable when compared to public universities in other states.
- In December 2017, a 20-MW solar farm located at the Tallahassee International Airport was connected to the city's power grid. The 234,000-panel solar farm is spread out over 120 acres. It produces enough energy to light 3,400 homes.
- As with any capital city, the health of the state government will continue to have a substantial impact on the economic or financial health of the City of Tallahassee. With the state government seeing some stability in revenues, it appears that the City will not endure additional hardships because of state budget cuts. The City continues to monitor state and local revenue streams, such as the Communication Services Tax, and contracts lobbying services to advocate for its financial interest at both the state and federal level. Additionally, the City is deliberate in seeking out state and federal grant opportunities to support the services it provides to its citizens.
- Single-family residential building permits in Leon County were down slightly in fiscal year 2019, following
  a 6% decrease in fiscal year 2018. Permits for multi-family units were down also in fiscal year 2019.
  Year-over-year, new multi-family construction can be volatile given the number of units included in each
  development.
- The City is actively involved in recruiting new businesses and employers to the area by providing a
  number of incentives and funding for eligible businesses as well as planning tools designed to promote
  economic development. This strategy has been successful in attracting new businesses as well as
  helping existing businesses remain in the City.

- Based on reviews of management practices, financial results and reserves, the City continues to receive
  positive bond ratings, including AA bond ratings for its capital (governmental), consolidated utility system
  (water, sewer and stormwater) and energy system (electric and gas) bonds.
- City priorities are intended to make Tallahassee a better place to live attracting new citizens. These priorities include enhancing and modernizing infrastructure to enable capacity for growth; soliciting opportunities for new and emerging industries to locate in Tallahassee; increasing Tallahassee International Airport's economic impact on the region; rehabilitating and enhancing the existing housing inventory to reduce the cost of living; enhancing the city's network of roads, bike lanes, and sidewalks; ensuring public transit is accessible, efficient, and equitable; implementing proactive community-based solutions to enhance public safety; maintaining a safe, accessible, well-maintained network of parks, recreational facilities, greenways, and trails; and enhancing livability and preserving the unique characteristics of neighborhoods.

These indicators, as well as others, were taken into account when adopting the City's budget for fiscal year 2020. The total fiscal year 2020 Citywide operating budget totals \$727.0 million, a decrease of \$300,000 from fiscal year 2019. Personnel expenditures account for approximately 30% of the City's operating budget. The City's fiscal year 2020 operating budget has a net increase of 2 positions bringing total positions to 2,853.5.

The capital budget for fiscal year 2020 totals \$158.8 million, a decrease of \$3.0 million from fiscal year 2019. The City's utilities account for \$111.1 million or 70.00% of the capital budget; other major uses include transportation, general government, and culture and recreation. Bond proceeds (new and existing) will fund approximately 17.9% of these capital projects with the balance of funding coming primarily from capital improvement funds reserved for projects, federal funds, state funds, and general government resources. The City has a five year plan for capital improvements for all projects planned through fiscal year 2024 which totals \$851 million with appropriations of funding made on an annual basis.

#### **FINANCIAL CONTACT**

This financial report is designed to provide residents, taxpayers, customers, and creditors with a general overview of the City of Tallahassee's finances and to demonstrate the City's accountability for the money it receives. If you have questions about the report or need additional financial information, contact the Financial Reporting Manager at Mailbox A-29, 300 South Adams Street, Tallahassee, Florida 32301-1731 or via email at Rita.Stevens@talgov.com.

#### **FUNDS**

#### **GOVERNMENTAL FUNDS**

General Accounts for all financial resources except those required to be accounted for in

another fund. The functions paid for by the general fund include police, protective inspection, code enforcement, culture and recreation, general government, transportation, human services, economic development, and physical environment.

Community Accounts for the general tax revenue collected on and the expenses incurred in the

Redevelopment Agency

redevelopment of properties in the community redevelopment area.

Other Detailed descriptions of these funds are provided on page 135.

Governmental Funds

PROPRIETARY FUNDS

Electric Accounts for the assets, operation and maintenance of the City-owned electric

generation, transmission, and distribution system.

Gas Accounts for the assets, operation and maintenance of the City-owned gas

system.

Sewer Accounts for the assets, operation and maintenance of the City's wastewater

collection and treatment system.

Water Accounts for the assets, operation and maintenance of the City's water production

and distribution system.

Airport Accounts for the assets, operation and maintenance of the City-owned

international airport.

Stormwater Accounts for the operation, maintenance, and expansion of the City-owned

stormwater utility system.

Other

Management

Enterprise Funds

Detailed descriptions of these funds are provided on page 141.

Internal

**Service Funds** 

Detailed description of these funds are provided on page 145.

FIDUCIARY FUNDS

Pension and OPEB
Trust Funds

Detailed descriptions of these funds are provided on page 153

Nuclear

Decommissioning

Accounts for resources legally held in trust for Florida Power Corporation (FPC) for the future decommissioning of the Crystal River Unit 3 Utility Plant (CR3 Plant).

## CITY OF TALLAHASSEE, FLORIDA RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION

September 30, 2019 (in thousands)

Total Fund Balances - Governmental Funds	\$ 84,676
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	807,035
Long-term receivables will not be collected in the current period and, therefore, are not reported in the funds.	30,427
Revenues not available at year end which are deferred in fund statements are recognized as revenues in the Statement of Activities increasing net position.	1,803
Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the governmental-type internal service funds are included in the Statement of Net Position.	29,862
Certain amounts related to the Net Pension Liability and Net OPEB liability are deferred and amortized over time and are not reported in the funds.	45,262
Deferred results and contributions to pension plans made after the measurement date are recorded as expenditures in the fund statements but must be deferred in the Statement of Net Position.	29,845
Long-term liabilities, including bonds payable, compensated absences, deferred outflows of resources, net pension liability, and net OPEB obligation are not due and payable in the current period and therefore are not reported in the funds.	(327,444)
Net Position - Governmental Activities	\$ 701,466

# CITY OF TALLAHASSEE, FLORIDA RECONCILIATION OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

## for the fiscal year ended September 30, 2019 (in thousands)

Net Change in Fund Balances - Total Governmental Funds	\$ (30,931)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	(11,780)
Internal Service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of certain internal service funds is reported with governmental activities.	12,736
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	7,908
The net change in compensated absences which is reported in the Statement of Activities does not require the use of current financial resources and therefore is not reported as an expenditure in governmental funds.	(262)
Revenues not available at year end are deferred in the fund statements but are recorded as revenues in the Statement of Activities.	1,803
Pension and OPEB related items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as an expenditure in governmental funds.	(1,786)
Change in Net Position of Governmental Activities	\$ (22,312)

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This Summary of Significant Accounting Policies is presented to assist the reader in interpreting the financial statements. The policies are considered essential and should be read in conjunction with the accompanying financial statements. The accounting policies of the City conform to generally accepted accounting principles (GAAP) as applicable to governmental units. This report, the accounting systems and classification of accounts conform to standards of the Governmental Accounting Standards Board (GASB).

#### A. REPORTING ENTITY

The City is a political subdivision of the State of Florida, located in Leon County in the center of the Florida Panhandle. It is approximately 103 square miles in area. It is the capital of Florida, the county seat, and the only incorporated municipality in Leon County. The City was incorporated in 1825 following a decision by the Florida Legislature to locate the capital of the new Florida Territory midway between the population centers of St. Augustine and Pensacola.

In the Code of Ordinances, Chapter 8374, Laws of Florida, Special Acts 1919, the City was granted a new City Charter by the State Legislature authorizing a Commission-Manager form of government. In the original charter, the five City Commissioners were elected at large for four-year terms and each year, the Commissioners selected the Mayor for a one-year term to act as the official representative for the City. Tallahassee voters approved a charter change in November 1996 calling for a separately elected Mayor, thereby changing the structure of the Tallahassee City Commission. The first elected Mayor was elected in February 1997 for a four-year term. The elected Mayor has powers commensurate with the other four members of the City Commission; however, he/she is able to serve as an ongoing contact for matters involving other governmental or institutional organizations, including the state legislature, county government, and local universities.

The City provides a full range of municipal services to its citizens. These services include public safety (police and fire), construction and maintenance of streets and sidewalks, stormwater management, recreation, public improvements, planning and zoning, and general administrative services. In addition, the City owns and operates ten enterprise funds which include an international airport, a bus system, a golf course, a solid waste collection system, four utilities (an electric generation transmission and distribution system, a natural gas distribution system, a water production and distribution system, and a sewage collection and treatment system), fire services, and a stormwater system.

In evaluating the City as a reporting entity, management has addressed all potential component units for which the City may or may not be financially accountable and, as such, be includable within the City's financial statements. The City (the primary government) is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burden on the City. Additionally, the primary government is required to consider other organizations for which exclusion of the nature and significance of their relationship with the City would cause the reporting entity's financial statements to be misleading or incomplete.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the City's operation. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. REPORTING ENTITY

#### 1.BLENDED COMPONENT UNIT

Community Redevelopment Agency (CRA) - The Tallahassee Community Redevelopment Agency and the CRA Board were created in 1998. Governed by an interlocal agreement between the City of Tallahassee, Leon County and CRA, the CRA Board consists of the Mayor and the four City Commissioners. Although legally separate, management of the City has operational responsibility for this component unit. Thus the CRA is blended in the City's financial statements in accordance with GASB 14, as amended by GASB 61. The CRA has responsibility for two specifically separate tax increment districts as described below.

- <u>Greater Frenchtown/Southside Community Redevelopment Area (GFSCRA)</u> The City Commission adopted the Greater Frenchtown/Southside Community Redevelopment Plan in June 2000. The GFSCRA consists of three distinct geographical sections of 1,859 acres of residential, commercial/retail and industrial land uses, located within the greater Frenchtown and Southside neighborhoods. The City Commission approved two expansions for the GFSCRA, one in 2016 and another in 2018, adding 578 parcels and over 400 acres, increasing the GFSCRA to 1,859 acres.
- <u>Downtown District Community Redevelopment Area (DDCRA)</u> The City Commission adopted the Downtown Community Redevelopment Plan in June 2004. The DDCRA consists of approximately 440 acres located in downtown and between the northern and southern portions of the Greater Frenchtown/South Community Redevelopment Area.

#### 2. DISCRETELY PRESENTED COMPONENT UNIT

<u>Downtown Improvement Authority</u> - The Downtown Improvement Authority (DIA) is an agency created by the Florida Legislature to regulate downtown growth. The City Commission appoints the governing board of the DIA. The City can impose its will on the DIA by approving and/or modifying its budget. There are no separately issued financial statements for the DIA. The DIA utilizes governmental fund accounting.

#### 3. JOINT VENTURES EXCLUDED FROM THE REPORTING ENTITY

• Sunshine State Governmental Financing Commission

The Sunshine State Governmental Financing Commission (the "Commission") was created in November 1985, initially by the cities of Tallahassee and Orlando, Florida to operate and administer a loan program. As of September 30, 2019, the Commission's membership consists of the following governmental units: City of Coral Gables, Florida; City of Coral Springs, Florida; City of Daytona Beach, Florida; City of Ft. Lauderdale, Florida; City of Hollywood, Florida; City of Jacksonville, Florida; City of Lakeland, Florida; City of Miami, Florida; City of Miami Beach, Florida; City of Orlando, Florida; City of St. Petersburg, Florida; City of Tallahassee, Florida; City of Vero Beach, Florida; Miami-Dade County, Florida; Palm Beach County, Florida; and Polk County, Florida. In addition, the City of West Palm Beach, Florida, participates in the Commission's programs as a non-member participant. Other Florida local governments may in the future become members or non-member participants including units of government such as special districts or other qualifying public agencies. Each member government appoints a representative to the Commission. These representatives elect a five-member board of directors to administer the loan program.

As a joint venture among the member governmental units, the Commission enables a limited number of qualifying governments to participate in pooled debt financings with pricing and cost structures not normally available to governmental entities acting individually. Loan obligations from the Commission are reflected as debt by the participating governmental units.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. REPORTING ENTITY

#### 3. JOINT VENTURES EXCLUDED FROM THE REPORTING ENTITY

The City of Tallahassee has no obligation and minimal event risk associated with the Commission other than the repayment of its loans from the Commission. Financial statements may be obtained from the Sunshine State Governmental Financing Commission at website: <a href="https://www.ssgfc.com">www.ssgfc.com</a>.

#### Capital Region Transportation Planning Agency

In December 2004, the Capital Region Transportation Planning Agency (CRTPA) was created through an inter-local agreement between the Florida Department of Transportation; the Counties of Leon, Gadsden, Jefferson and Wakulla; the Cities of Chattahoochee, Gretna, Midway, Monticello, Quincy, St. Marks, Sopchoppy and Tallahassee; the Towns of Greensboro, Havana and the Leon County School Board as authorized by Section 163.01 Florida Statutes. It was established in order for the members to participate cooperatively in the development of transportation related plans and programs. The governing board consists of voting representatives from the Counties of Leon, Gadsden, Jefferson and Wakulla; the Cities of Midway, Quincy, Tallahassee, Chattahoochee and Gretna; the Towns of Greensboro and Havana, the Leon County School Board, and three nonvoting representatives from the Florida Department of Transportation, the Federal Highway Administration, and StarMetro.

The CRTPA receives federal and state transportation funds for the performance of its transportation planning and programming activities. If operating expenses exceed the external funding obtained, the deficit is funded by the members of the CRTPA in proportion to their weighted votes. As a participating member of CRTPA, the City therefore has a limited share of financial responsibility for any such deficits.

Current audited financial statements may be obtained from the Capital Region Transportation Planning Agency, 300 S. Adams Street, Box A-19, Tallahassee, Florida 32301.

#### Consolidated Dispatch Agency

In December 2006, the Consolidated Dispatch Agency (CDA) was created through an inter-local agreement between the City of Tallahassee (City) and Leon County, Florida (County), and the Leon County Sheriff (Sheriff). The purpose of the CDA is to provide law enforcement and emergency dispatch services to the City and Leon County, Florida. On April 1, 2014, the commencement date, all existing dispatch operations personnel of the City, Sheriff, and the County became part of the CDA. The City of Tallahassee City Manager, the Leon County Administrator and the Leon County Sheriff constitute the CDA's Board of Directors.

The CDA is primarily funded by the City of Tallahassee and the Leon County Sheriff based upon the per capita population within the incorporated limits of the City of Tallahassee and within the unincorporated area of Leon County. For the twelve month period ended September 30, 2019, the City's contribution to the CDA was \$5,159,078.

Current audited financial statements may be obtained from the Consolidated Dispatch Agency, 300 S. Adams Street, Box A-19, Tallahassee, Florida 32301.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. REPORTING ENTITY

#### 4. JOINTLY GOVERNED ORGANIZATION

City of Tallahassee-Leon County Blueprint Intergovernmental Agency

In October 2000, the City entered into an inter-local agreement with Leon County as authorized by Section 163.01(7) Florida Statutes. This agreement created the Blueprint Intergovernmental Agency (Blueprint) to govern the project management for the project planning and construction of a list of projects known as the Blueprint projects. The Board of County Commissioners and the City Commission constitute the Blueprint Intergovernmental Agency. The revenues to fund the projects under this agreement are the collections of the local government infrastructure sales surtax, which began December 1, 2004. This tax was extended pursuant to the provisions in Section 212.055, Florida Statutes, until December 31, 2039. In response to the passage of the extension, Blueprint also opened the Office of Economic Vitality whose purpose is to invest in and cultivate the evolving economic development landscape.

Periodically, Blueprint provides construction management services to the City. For these services, Blueprint and the City enter into Joint Participation Agreements (JPAs) whereby the City agrees to pay an administrative fee to Blueprint. There were no fees paid to Blueprint under these agreements in the current year.

Current audited financial statements may be obtained from Blueprint Intergovernmental Agency, 315 S. Calhoun St., Suite 450, Tallahassee, Florida 32301.

#### **B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. With the exception of interfund services provided and used, the effect of interfund activity has been eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those expenses that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Basis of accounting refers to when revenues, expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements, proprietary fund, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year taxes are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Primarily grant revenues are susceptible to accrual.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenues susceptible to accrual include grant and shared revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The government reports the following major governmental funds:

- The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The Community Redevelopment Agency Fund accounts for the general tax revenue collected and the expenses incurred in the redevelopment of properties in the Community Redevelopment area.

The government reports the following major proprietary funds:

- The Electric Fund accounts for the assets, operation and maintenance of the City-owned electric generation, transmission, and distribution system.
- The Gas Fund accounts for the assets, operation and maintenance of the City-owned gas system.
- The Sewer Fund accounts for the assets, operation and maintenance of the City's wastewater system.
- The Water Fund accounts for the assets, operation, and maintenance of the City's water production and distribution system.
- The Airport Fund accounts for the assets, operation, and maintenance of the City-owned international airport.
- The Stormwater Management Fund accounts for the assets, operation, maintenance, and expansion of the City-owned stormwater utility system.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION Additionally, the government reports the following fund types:

- Internal Service Funds account for various services provided to other departments of the government and to other governments on a cost reimbursement basis. The services provided include an 800 megahertz system, revenue collection, information systems services, accounting operations, purchasing, fleet management, human resources, employee retirement plan's administrative operation, risk management operation, internal loan program, utility services functions, environmental services and facilities management, policy initiatives, and community relations.
- The Nuclear Decommissioning Private-Purpose Trust Fund is used to account for resources legally held in trust for Florida Power Corporation (FPC) for the future decommissioning of the Crystal River Unit 3 Utility Plant (CR3 Plant). On October 1, 1999, the City sold its interest in the CR3 Plant to FPC and was released from any decommissioning costs in excess of the amount held in trust.
- The Pension and Other Employee Benefits Trust Funds include the Pension Trust Fund and the OPEB Trust Fund. The Pension Trust Fund includes a Defined Benefit Plan and a Defined Contribution Plan. It is used to account for the accumulation of resources to be used for retirement annuity payments to City employees. The Defined Benefit Plan accounts for general employees, police officers, and fire fighters separately. The Defined Contribution Plan covers all employees who elect to contribute a portion of their salary to the plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the general employees, police officers and fire fighters pension plans, and additions to/deductions from the respective plan's fiduciary net position have been determined on the same basis as they are reported by each of the plans. For this purpose, benefits payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The OPEB Trust Fund accounts for the accumulation of resources to be used for benefit payments for retirees health care costs.

The private sector standards of accounting and financial reporting are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, and fines and forfeitures, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds, and of the City's internal service funds, are charges to customers for sales and services. The water and sewer funds also recognize as operating revenue the portion of the tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the costs of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses that do not meet this definition are reported as nonoperating revenue and expenses. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. ASSETS, LIABILITIES, AND NET POSITION

#### 1. CASH AND CASH EQUIVALENTS

The City considers cash on hand, demand deposits, liquid investments with an original maturity of 90 days or less, and balances included within its cash and investments pool to be cash and cash equivalents. The City's cash and investments pool is an internal cash management pool used to obtain efficiencies of operation and improved financial performance, and includes certain non-pension cash, cash equivalent, and investment securities. Each fund maintains a share in the equity of the pool which is reported as cash and cash equivalents in the statements of net position since cash may be withdrawn from the pool at any time without penalty. Liquid investments classified as cash and cash equivalents include repurchase agreements purchased under the terms of the City's depository contract, open repurchase agreements, certificates of deposit, banker's acceptances, commercial paper, U.S. Treasury direct and agency obligations, holdings at the FLCLASS investment pool and the Florida League of Cities 0-2 Year Pool funds. Interest earned by the cash and investments pool is distributed to each fund monthly based on daily balances.

The City's bank balances are insured by federal depository insurance and, for the amount in excess of such federal depository insurance, by the State of Florida's Public Depository Act (the Act). Provisions of the Act require that public deposits may only be made at qualified public depositories. The Act requires each qualified public depository to deposit with the State Treasurer eligible collateral equal to or in excess of the required collateral as determined by the provisions of the Act. In the event of a failure by a qualified public depository, losses, in excess of federal depository insurance and proceeds from the sale of the securities pledged by the defaulting depository, are assessed against the other qualified public depositories of the same type as the depository in default. When other qualified public depositories are assessed additional amounts, they are assessed on a pro-rata basis.

#### 2. INVESTMENTS

The City's investments are pension and other trust fund assets held in the fiduciary funds. Investments are carried at fair value, except for those investments for which net asset value or amortized cost is the most appropriate measurement.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets. Only equities (stock holdings) held by the City's pension trust fund are classified as Level 1 investments. Investments classified in Level 2 of the fair value hierarchy are based upon observable, market-based inputs for similar, but not identical, investments. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The City's custodian uses the pricing services of multiple vendors to price the same assets to determine the most accurate price. Investments classified in Level 3 of the fair value hierarchy are based upon extrapolated data, proprietary pricing models and indicative quotes for similar securities. The City has relatively few investments that are classified as Level 3 for securities that are not traded frequently. The City has a number of investments that have their fair value determined by the net asset value of the investment holding. Investments in this category are not classified according to Levels 1, 2 and 3 of the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. ASSETS, LIABILITIES, AND NET POSITION

#### 3. INVENTORY

The City maintains a variety of inventory types, such as fuel, materials and supplies, and retail merchandise, all of which utilize the consumption method stated at cost which approximates market. Inventory cost is determined using either the first-in, first-out method or the average cost method. Perpetual inventory records are maintained for all significant inventories. Reported inventories of the General Fund are equally offset by a reservation of fund balance(non-spendable), since they are unavailable for appropriation.

#### 4. ADVANCES TO OTHER FUNDS

Noncurrent portions of interfund loans receivable (reported in "Advances to" asset accounts) of governmental funds are equally offset by a fund balance reserve account which indicates that they do not constitute "available spendable resources" since they are not a component of net current assets. Current portions of interfund receivables (reported in "Due from" asset accounts) are considered "available spendable resources." The proceeds of advances to governmental funds are recorded in "Other Financing Sources."

#### 5. RESTRICTED ASSETS

Certain proceeds of the City's enterprise funds revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the Statement of Net Position because their use is limited by applicable bond covenants. Assets are set aside for the following uses:

- <u>Revenue Bonds Current Debt Service</u> used to segregate resources accumulated for debt service payments over the next twelve months.
- <u>Revenue Bonds Future Debt Service</u> used to report resources set aside to make up potential future deficiencies in the revenue bonds current debt service account.
- Revenue Bonds Renewal and Replacement used to report resources set aside to fund asset renewals
  and replacements or to meet unexpected contingencies.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. ASSETS, LIABILITIES, AND NET POSITION

#### 6. CAPITAL ASSETS

Capital assets, which include land, buildings, equipment, improvements other than buildings, intangibles and public domain infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, other than land and infrastructure, are defined as assets with a cost of \$1,000 or more and an estimated useful life greater than one year. Land and infrastructure assets are long-lived capital assets that are stationary in nature and can be preserved for a significantly greater number of years than most general capital assets. Examples of infrastructure assets are roads, bridges, sidewalks, paved paths, utility systems, stormwater drainage systems, traffic control and lighting systems. In the initial capitalization of general infrastructure assets, the City chose to include all such items regardless of their acquisition date or amount. The City was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). As the City constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. The capitalization threshold for infrastructure assets has been set at \$100,000 for roadways and \$50,000 for other infrastructure assets. Land assets have no capitalization threshold, therefore all city-owned land is capitalized.

Other capital assets are recorded at historical cost when purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition cost. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Major outlays for constructed capital assets and improvements are capitalized as projects are completed. Interest is capitalized during the construction phase of capital assets for business-type activities constructed with tax-exempt debt. The amount of interest to be capitalized is calculated as the interest expense incurred from the date of the borrowing until completion of the project net of the interest earned on invested proceeds over the same period.

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the fund's financial statements. These general capital assets are included in the governmental activities column of the government-wide financial statements. Capital assets used in the Enterprise and Internal Service Funds are accounted for in the respective funds. All vehicles of the City are accounted for in the Garage Fund, an Internal Service Fund, with the exception of StarMetro vehicles (generally buses). StarMetro vehicles are accounted for in their own fund. Depreciation on all exhaustible capital assets used in the Enterprise and Internal Service Funds is charged as an expense against their operations. Accumulated depreciation is reported on the respective fund's balance sheet.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

ASSETS	YEARS
Buildings	20 to 40
Improvements other than buildings	10 to 40
Equipment and machinery	5 to 40
Vehicles	5 to 20
Infrastructure	10 to 60

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. ASSETS, LIABILITIES, AND NET POSITION

#### 7. COMPENSATED ABSENCES

All non-union employees earn vacation and sick leave starting with the first day of employment; all non-union employees earn vacation and sick leave based on the number of hours worked. Vacation leave is earned based on creditable service hours worked as follows:

EXECUTIVE		SENIOR MAN	AGEMENT	GENERAL				
Creditable Service Hours	Leave earned per hour	Creditable Service Hours	Leave earned per hour	Creditable Service Hours	Leave earned per hour			
0 - 2,079 2,080 - 10,400 10,401 - 20,800 over 20,800	0.080770 0.092308	0 - 2,079 2,080 - 10,400 10,401 - 20,800 20,801 - 41,600 over 41,600	0.069231 0.080770 0.092308	0 - 10,400 10,401 - 20,800 20,801 - 41,600 over 41,600	0.057693 0.069231 0.080770 0.092308			

A maximum of 344 hours of vacation leave time may be carried over from one calendar year to the next for executive employees and a maximum of 264 hours for senior management and general employees. An employee who terminates employment with the City is paid for any unused vacation leave accumulated to the time of termination.

Sick leave is earned at the rate of .023077 hours for each hour of service with no maximum limit on the number of hours which may be accumulated. A non-unionized employee who terminates from the City for any reason other than termination for cause will be paid one-half of the total amount of sick leave (without regard to catastrophic illness leave) accumulated by the employee on the effective date of termination. A unionized employee who terminates from the City for any reason other than termination for cause will be paid one-third of the total amount of sick leave without regard to catastrophic illness leave accumulated by the employee on the effective date of termination. If the employee dies, the sick leave amount will be paid to the employee's beneficiary or estate. Retiring employees can elect the option of using the accumulated sick leave amount to purchase single coverage health insurance in lieu of receiving payment.

Accumulated current and long-term vacation and sick pay amounts are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for the amounts is reported in the governmental funds only if they have matured, as a result of employee resignation and retirements.

Employees covered by the Police and Fire bargaining units shall accrue vacation time on the following basis:

POLICE BAR	GAINING UNIT	FIRE BARGAINING UNIT								
		Suppression	Personnel	Forty-hour	Personnel					
Creditable Service Hours	Leave Earned Per Hour	Years of Continuous Service	Hours Accrued Monthly	Years of Continuous Service	Hours Accrued Monthly					
0-10,400 10,401-20,800	0.057693	1-5 years 6-10 years	13.25 15.90	1-5 years 6-10 years	10 12					
20,801-41,600 over 41,600		11-15 years 16-20 years over 20 years	18.55 21.20 23.85	11-15 years 16-20 years over 20 years	14 16 18					

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. ASSETS, LIABILITIES, AND NET POSITION

#### 7. COMPENSATED ABSENCES

For employees covered by the Police bargaining unit, accrued vacation time may not be carried over in excess of 33 days (264 hours). As of the end of the calendar year, accrued vacation time in excess of 264 hours shall be reduced to no more than 264 hours for any individual employee.

For employees covered by the Fire bargaining unit, accrued vacation at the end of the calendar year may not be carried over in excess of 264 hours for 40-hour supervisory personnel, and 350 hours for 53-hour supervisory personnel. For non-supervisory firefighters who are 40-hour personnel, accrued vacation time may not carry over in excess of 240 hours in a calendar year, and for non-supervisory firefighters who are 53-hour personnel, accrued vacation time may not carry over in excess of 318 hours in a calendar year.

Employees covered by the Police bargaining unit shall accrue sick leave at the rate of .046154 hours per hour worked, which is the fractional equivalent of eight (8) hours per month. There is no maximum limit on the number of hours which may be accumulated by an employee.

Employees covered by the Fire bargaining unit shall accrue sick leave credit at the rate of 10.6 hours of sick leave per month for suppression personnel and 8 hours of sick leave per month for forty-hour personnel. There is no maximum limit on the number of sick leave hours which may be accumulated by an employee.

For employees covered by the Police bargaining unit, payment for sick leave will be made for 33 1/3% (1/3) of the unused sick leave balance credited to an employee at the time of retirement or death, up to a maximum of seven hundred (700) hours, provided that the unused sick leave balance credited to the employee at the time of retirement or death equals at least three hundred (300) hours. If the unused sick leave balance credited to an employee at the time of retirement or death equals less than three hundred (300) hours, payment will be made for 25% (1/4) of the unused balance.

For employees covered by the Fire bargaining unit, a fire suppression employee who retires or dies will be paid for 33 1/3% (1/3) of the unused sick leave balance credited to the employee at the time of retirement or death, provided that the unused sick leave balance credited to the employee at the time of retirement or death equals at least three hundred ninety-eight (398) hours. If the unused sick leave balance credited to the employee at the time of retirement or death equals less than 398 hours, the employee who retires or dies will be paid 25% (1/4) of the unused balance. A 40-hour employee who retires or dies will be paid for 33 1/3% (1/3) of the unused sick leave balance credited to the employee at the time of retirement or death, provided that the unused sick leave balance credited to the employee at the time of retirement or death equals at least three hundred (300) hours. If the unused sick leave balance credited to the employee at the time of retirement or death equals less than three hundred (300) hours, the employee will be paid for 25% (1/4) of the unused balance. An employee who accidentally dies while engaged in the performance of their firefighter duties, or who receives accidental bodily injury which subsequently results in the loss of their life within one (1) year after being received, provided that such a death is not the result of suicide and that such bodily injury is not intentionally self-inflicted, and the accidental death occurs as a result of the firefighter's response to what is reasonably believed to be an emergency involving the protection of life or property, will be paid 100% of the accrued but unused sick leave credited to them at the time of death.

In either of the above-described cases, the payment for unused sick and vacation leave will be made at the employee's straight time base rate.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### D. ASSETS, LIABILITIES, AND NET POSITION

#### 8. BOND PREMIUMS, DISCOUNTS AND REFUNDING GAINS AND LOSSES

In the government-wide financial statements and in the proprietary fund statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premium and discounts are deferred and amortized over the life of the bonds at the rate at which principal payments are made which approximates the effective interest method. Bond issuance costs are expensed in the year they are incurred in accordance with GASB Statement No. 65. Bond refunding gains and losses are deferred and amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, using the effective interest method. As a result of adopting GASB Statement No. 65, a deferred loss on bond refunding is reported as a Deferred Outflow of Resources on the government-wide Statement of Net Position and it is being amortized over the life of the bond. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums on debt issuances are reported as other financing sources. Discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 9. INDIRECT COST ALLOCATION

The City currently employs an indirect cost allocation system based upon an internal cost analysis. An administrative service fee is charged by the General Fund to the other operating funds to address General Fund administrative services provided (e.g., legal, cash management, internal audit, and executive services). At the fund-level statements, the administrative service fee is included in the General Fund's Miscellaneous Revenue line item and in the other operating funds in the Contractual Services line. This administrative service fee is eliminated at year-end in the government-wide statements.

#### 10. FUELS MANAGEMENT PROGRAM

In connection with the purchase of natural gas, diesel fuel, and unleaded gasoline, the City has developed and implemented a fuels management program intended to manage the risk of changes in the market prices of natural gas, diesel fuel, and unleaded gasoline. Pursuant to this program the City may execute fixed price and option contracts from time to time to help manage fluctuations in the market price of such fuels. The contracts are recorded at fair value on the Statement of Net Position as they have been determined to qualify as derivative instruments under GASB Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments". Such amounts are included in deferred outflows of resources and liabilities. Any associated margin deposits are recorded in noncurrent assets. The net amounts received or paid under expired or closed contracts are recorded as an adjustment to fuel expense in the period realized. See Note V, section I.

The City uses an allowance account to manage fluctuations in future electric and gas costs. These costs are evaluated bi-annually and any amounts over or under recovered are amortized over the following six months. This allowance is included in Accounts and Retainage Payables.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

## A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

The governmental funds balance sheet includes a reconciliation between *fund balances – total governmental funds* and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including bonds payable, compensated absences, deferred outflows of resources, net pension liability, and net OPEB obligation are not due and payable in the current period and therefore are not reported in the funds." The details of this \$327,444 difference are as follows (in thousands):

Bonds and Loans Payable including Premiums and Discounts	\$ (110,176)
Effect of Deferred Loss on Refunding	2,180
Compensated Absences	(10,345)
Net OPEB Liability	(47,892)
Net Pension Liability	(161,425)
Cash Balances in Long Term Debt Fund	 214
Net adjustments to reduce long-term liabilities of Total	
Governmental Funds to arrive at Net Position	\$ (327,444)

## B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances - total governmental funds and net change in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation states, "Capital Outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense." The details of this \$11,780 difference are as follows (in thousands):

Capital Outlay	\$ 23,879
Depreciation Expense	(35,659)
Net adjustment to increase net change in Fund Balances Total	
Governmental Funds to arrive at Changes in Net Position	
Governmental Activities	\$ (11,780)

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General and Enterprise Funds. The budget is adopted at the fund level and administered at the department level. The difference between budgetary revenues and expenditures and modified accrual basis revenues and expenditures as reported in the general fund financial statements are explained in the budgetary comparison schedule notes in the Required Supplementary Information of this report. The City Manager is authorized to transfer budget amounts within funds and between departments; however, any revision that alters the total expenditures of any department or fund must be approved by the City Commission. Unencumbered appropriations are closed at year-end.

Encumbrance accounting, under which requisitions, purchase orders, contracts, and other commitments for the expenditures of resources are recorded to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental funds.

#### B. COMPLIANCE WITH FINANCE - RELATED LEGAL AND CONTRACTUAL PROVISIONS

The City had no material violations of finance-related legal or contractual provisions.

#### C. DEFICIT FUND EQUITY - FUND BALANCE OF INDIVIDUAL FUNDS

At fiscal year end, the Human Resources fund had a deficit of \$389,000 and the Pension Administration fund had a deficit of \$37,000. Both funds are internal service funds. Fire Services fund, which is a nonmajor enterprise fund had a deficit of \$1,845,000.

#### D. PRIOR PERIOD ADJUSTMENTS

Net Position as of September 30, 2019 has been restated to reflect the following adjustment:

The City made an adjustment to accrue unbilled utility receivables which required the restatement of the October 1, 2018 net position in various funds. This adjustment resulted in an increase in General Government net position of \$736,000, It also increased net position of major enterprise funds as follows: Electric - \$13,755,000, Gas - \$847,000, Water - \$1,178,000, Sewer - \$2,353,000, and Stormwater - \$783,000. The net position of nonmajor enterprise funds increased as follows: Fire - \$1,580,000 and Solid Waste - \$1,055,000. The adjustment increased the change in net assets in General Government by \$127,000, major enterprise funds by \$1,901,000 and nonmajor enterprise funds by \$395,000.

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

#### A. CASH, CASH EQUIVALENTS, AND INVESTMENTS

The City reports the following cash, cash equivalents and investments in the statements of net position at September 30, 2019 (in thousands):

	Primary		C	Component		Fiduciary
	G	Sovernment		Unit		Funds
Cash and cash equivalents	\$	281,769	\$	52	\$	16,416
Cash and cash equivalents – restricted		315,620		-		-
Investments		-		-		1,842,320
Total	\$	597,389	\$	52	\$	1,858,736

As discussed in Note I.D. the City's cash and cash equivalents include cash, cash equivalents, and funds held in a cash and investments pool. The City's investments are monies held by the City's pension funds.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

#### A. CASH, CASH EQUIVALENTS, AND INVESTMENTS

According to the City Charter, the City Treasurer-Clerk is designated to invest all monies belonging to the City pursuant to the policies approved by the City Commission, except those monies in the pension funds. Monies in the pension funds are invested under the auspices of the City Charter-created Sinking Fund Commission, which consists of the five City Commissioners and three appointed members. Under the policies approved by the City Commission and the Sinking Fund Commission, the day-to-day investment of all monies is managed by the City Treasurer-Clerk.

The City has two approved investment policies: 1) the Non-Pension Investment Policy, which is approved by the City Commission and governs the investment of all non-pension monies of the City, including the previously referenced cash and investments pool, and 2) the Pension Investment Policy, which is approved by the Sinking Fund Commission and governs the investment of assets of the City's Pension Funds. The Non-Pension Investment Policy provides for a Core Portfolio, governing the investment of all monies held or controlled by the City, not otherwise classified as Specialized or Pension Fund monies. The Non-Pension Investment Policy specifies the investments that are authorized for purchase within the Core Portfolio. The Non-Pension Investment Policy further provides for the establishment of Specialized Portfolios, with the governing criteria unique to that portfolio, including authorized investments, to be approved on a case-by-case basis by the Investment Advisory Committee. In addition to authorizing investment instruments, the City's investment policies also identify various portfolio parameters addressing issuer diversification, term to maturity and liquidity, and requirement of "purchase versus delivery" perfection for securities held by a third party on behalf of and in the name of the City.

#### 1. CASH AND CASH EQUIVALENTS

The following table presents the City's primary government cash and cash equivalent balances at September 30, 2019 carried at fair value by level within the valuation hierarchy, financial assets carried at net asset value or amortized cost, and other cash and cash equivalent balances. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net position (in thousands).

		Quoted Prices				
		in Active		Significant		
		Markets for		Other		Significant
		Identical	(	Observable	U	Inobservable
		Assets		Inputs		Inputs
Cash equivalents type by fair value level	 Total	Level 1		Level 2		Level 3
Debt securities	\$ 531,286	\$ 20,134	\$	504,301	\$	6,851
Total cash equivalents at fair value	 531,286	20,134		504,301		6,851
Cash equivalents recorded at net asset value						<u> </u>
FL League of Cities 0-2 Year Pool	10,548					
Other cash and cash equivalent balances	 55,555	r				
Total cash and cash equivalents	\$ 597,389					

At year-end, the book balance of the City's operating cash deposits was \$13,433,000 and the bank balance was \$10,849,000, which is included in total other cash and cash equivalent balances. The difference between the book balance and bank balance is due to outstanding checks and deposits. Three City funds had deficit cash balances at year end totaling \$4,058,000 which is reported in interfund payables at September 30, 2019.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

# A. CASH, CASH EQUIVALENTS, AND INVESTMENTS 1. CASH AND CASH EQUIVALENTS

The City's Core Portfolio includes investments administered internally by the City, funds invested in external investment pools, and funds invested in externally managed portfolios. The external managers for these portfolios include Galliard Capital Management, Income Research and Management and Wellington Management Company. The external investment pools are the Florida Municipal Investment Trust Portfolio 0-2 Year High Quality Bond Fund (the "Florida League of Cities 0-2 Year Pool"), administered by the Florida League of Cities, and Florida Cooperative Liquid Assets Securities System ("FLCLASS"), an intergovernmental investment pool administered by Public Trust Advisors, LLC. FLCLASS is an authorized local government investment pool under Section 218.415(16)(a), Florida Statutes, by and for participating Florida public agencies. A copy of the Florida Municipal Investment Trust audited financial statements may be obtained from the Florida Municipal Investment Trust, 301 South Bronough Street, Suite 300, Tallahassee, FL 32301. A copy of the FLCLASS audited financial statements may be obtained at their offices, 201 E. Pine Street, Suite 750, Orlando, FL 32801.

The Florida League of Cities 0-2 Year Pool is measured at net asset value (NAV). At September 30, 2019, the City owns \$10,548,000 in shares of the Florida League of Cities 0-2 Year Pool, not the individual securities within the portfolio. The modified duration of the Florida League of Cities 0-2 Year Pool as of September 30, 2019, was 0.80 years. The Florida League of Cities 0-2 Year Bond Fund (Florida League of City's Fund) allows the City to withdraw any or all of its assets on the 15th and last day of each month, provided the City gives the Florida League of City's Fund advance notice of at least 10 business days of the withdrawal.

The FLCLASS investment pool is measured at net asset value (NAV). At September 30, 2019, the City owns \$15,540,000 in shares of FLCLASS, not the individual securities within the portfolio. The Pool is a 2a-7 like pool which maintains a stable net asset value of \$1, is rated AAAm by Standard & Poor's, and has a weighted average days to maturity of 54 days. The FLCLASS pool allows the City to withdraw any or all of its assets on any business day that the pool is open.

**Credit Risk:** The structure of the City's non-pension portfolio is designed to minimize credit risk. To limit the City's risk against possible credit losses, a maximum of 5% of the total portfolio may not be held at any one time in all securities of any corporate entity, inclusive of commercial paper, medium term notes, or corporate notes and bonds. No corporate entity represented more than 5% of the portfolio at September 30, 2019. The majority of the securities held are of the highest available credit quality ratings. The non-pension portfolio's credit quality is measured using the Standard & Poor's rating scale.

As of September 30, 2019, the City had the following non-pension investments subject to credit risk in the internal and externally managed portions of the portfolio, in addition to the previously discussed shares in the Florida League of Cities 0-2 Year Pool and FLCLASS:

Quality	Portfolio
Breakdown	Percentage
U.S. Treasury	13.79 %
U.S. Agency	28.14
AAA	10.16
AA	12.32
Α	20.82
BBB	8.35
Other	6.42
Total	100.00 %

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

## A. CASH, CASH EQUIVALENTS, AND INVESTMENTS

#### 1. CASH AND CASH EQUIVALENTS

**Interest Rate Risk**: In accordance with the City's Non-Pension Investment Policy, the City has established maturity limitations for each authorized investment category. The maximum duration of the various investments within the internally managed portion of the non-pension portfolio ranges from 60 days to 3.5 years. The maximum duration for externally managed investments ranges from 3.0 years to 6.0 years. The option adjusted duration of the non-pension portfolio as of September 30, 2019 was 1.91 years.

As of September 30, 2019, the Core Portfolio had the following investments on a time-segmented basis (in thousands):

		Less than			
Investment Type	 Fair Value	 1 Year	 1-5 Years	 6-10 Years	10+ Years

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

#### A. CASH, CASH EQUIVALENTS, AND INVESTMENTS

#### 2. INVESTMENTS

The assets shown as Level 1 Inputs represent those investments for which the City's custodian had directly observable, quoted prices (unadjusted) in active markets for identical assets or liabilities. The assets shown as Level 2 Inputs represent those investments for which the City's custodian had inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs are derived from or corroborated by observable market data through correlation or by other means. The assets shown as Level 3 Inputs represent those investments for which the City's custodian utilized unobservable inputs when relevant Level 1 and Level 2 inputs were unavailable. The level in which an asset is assigned is not indicative of its quality but an indication of the source of valuation. There were no changes in the valuation techniques used by the City's custodian from the end of the prior fiscal year.

The Mutual funds category is the invested assets of the defined contribution portion of the City's pension plan which are used to pay matching contributions to City retirees. As of September 30, 2019, these investments totaled \$139,069,000. The equity securities category includes the invested assets of the OPEB Trust. As of September 30, 2019, these investments totaled \$9,036,000.

The Debt securities category is comprised of two, commingled accounts in the Pension Fund: one investing in core fixed-income, the second investing in bank loans. The Pension Fund may withdraw from the core fixed-income account at any time with reasonable notice (five business days are recommended); the fund may withdraw from the bank loans account by providing advance notice of 30 days, with redemptions made on the 15th day of the month.

The real estate investment consists of commingled funds and a number of limited partnerships. The City has invested in two commingled funds. The commingled funds permit withdrawals once per quarter by providing advance notice of 45 days prior to the end of the quarter; all withdrawals are subject to available cash, as determined by the fund's Trustee. Available cash is defined as excess cash after provision for outstanding future capital commitments and other operating reserves. If withdrawal requests exceed available cash, distributions are made on a pro rata basis. Withdrawal requests are typically paid on the final day of the quarter. As of September 30, 2019, the commingled funds had a NAV of approximately \$96 million.

Limited partnerships cannot be redeemed at the option of the Pension Fund; the Pension Fund will receive distributions over the life of each limited partnership. Each partnership is expected to distribute the principal and earnings to the Pension Fund over a period of approximately 12 years from the establishment date of the partnership. The Pension Fund has investment commitments in 13 active limited partnerships, all of which have varying start dates and commitment amounts. As of September 30, 2019, the Pension Fund had approximately \$59 million in remaining commitments to these various real estate partnerships, with an expectation that the total contributions to each partnership will ultimately reach about 95% of the total commitment amount for each individual partnership.

Private equity funds consist of several limited partnerships as of September 30, 2019. The limited partnerships cannot be redeemed at the option of the Pension Fund; the Pension Fund will receive distributions over the life of each limited partnership. Each partnership is expected to distribute the principal and earnings to the pension fund over a period of approximately 12 years from the establishment date of the partnership. The Pension Fund has investment commitments in ten active limited partnerships, all of which have varying start dates and commitment amounts. As of September 30, 2019, the Pension Fund had approximately \$99 million in remaining commitments to these various partnerships, with an expectation that the total contributions to each partnership will ultimately reach about 65% of the total commitment amount for each individual partnership

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

#### A. CASH, CASH EQUIVALENTS, AND INVESTMENTS

#### 2. INVESTMENTS

Timber funds are comprised of several limited partnerships. The limited partnerships cannot be redeemed at the option of the Pension Fund; the Pension Fund will receive distributions over the life of each limited partnership. Each partnership is expected to distribute the principal and earnings to the Pension Fund over a period of approximately 12 years from the establishment date of the partnership. The Pension Fund has investment commitments in five active limited partnerships, all of which have varying start dates and commitment amounts. As of September 30, 2019, the Pension Fund had approximately \$4 million in remaining commitments to these various timber partnerships, with an expectation that the total contributions to each partnership will ultimately reach about 95% of the total commitment amount.

Private credit funds are comprised of several limited partnerships. The limited partnerships cannot be redeemed at the option of the Pension Fund; the Pension Fund will receive distributions over the life of each limited partnership. Each partnership is expected to distribute the principal and earnings to the Pension Fund over a period of approximately six to ten years from the establishment date of the partnership. The Pension Fund has investment commitments in three active limited partnerships, all of which have varying start dates and commitment amounts. As of September 30, 2019, the Pension Fund had approximately \$52 million in remaining commitments to these various private credit partnerships, with an expectation that the total contributions to each partnership will ultimately reach about 85% of the total commitment amount.

The Local Government Investment Prime Pool is composed of the Nuclear Fuel Decommissioning Private-Purpose Fund which is a Specialized Portfolio. As of September 30, 2019, the Nuclear Fuel Decommissioning Private-Purpose Fund held \$7,265,000 in the Florida State Board of Administration (SBA) Local Government Investment Prime Pool. The Prime Pool is a 2a-7 like pool which maintains a stable net asset value of \$1, is rated AAAm, and has an average weighted maturity of 37 days. A copy of the audited financial statements of the Florida State Board of Administration (SBA) Local Government Investment Prime Pool can be obtained from the Florida State Board of Administration website.

**Credit Risk:** The City's Investment Policy for the Pension Plan requires its fixed-income managers to manage a high-grade portfolio of bonds. The individual money managers evaluate risk in their selection of bond securities to hold in their portfolios. The Pension Plan measures credit quality using the Standard & Poor's rating scale.

As of September 30, 2019, the City had the following pension investments subject to credit risk:

	Portfolio
Quality Breakdown	<u>Percentage</u>
US Treasury	15.54 %
US Agency	11.18
AAA	3.24
AA	1.51
Α	3.36

#### A. CASH, CASH EQUIVALENTS, AND INVESTMENTS

#### 2. INVESTMENTS

**Foreign Currency Risk:** The City's Investment Policy for the Pension Plan does not explicitly address foreign currency risk. The investment policy specifies the market sectors of the investments and the benchmark for each sector. Individual money managers are hired to manage each sector and are evaluated on their performance against that benchmark. The individual money managers evaluate risk in their selection of securities to hold in their portfolios.

The table below shows the Foreign Currency Risk for the City's Pension Plan with the amount (in thousands) and the percentage each currency represents for the Pension Plan's cash, cash equivalents and investments:

	Exposure	Percentage
United States Dollar	\$ 1,562,155	91.97 %

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

#### A. CASH, CASH EQUIVALENTS, AND INVESTMENTS

2. INVESTMENTS

#### **B. SECURITIES LENDING TRANSACTIONS**

In accordance with Section 51 of the City Charter, the City Treasurer-Clerk or his designee may authorize investment transactions that he considers prudent. Accordingly, the City participates in securities lending transactions via a Securities Lending Agreement with The Northern Trust Company ("Northern") that authorizes the banking institution to lend the City's securities to approved broker-dealers and banks in order to generate additional income. Gross income from securities lending transactions and the fees paid to Northern are reported in the City's statements. Assets and liabilities include the value of the collateral held.

During the fiscal year ended September 30, 2019, Northern loaned, at the direction of the City's Treasurer-Clerk, securities and received cash, securities issued or guaranteed by the United States government, and irrevocable bank letters of credit as collateral. Northern does not have the ability to pledge or sell collateral securities delivered absent a borrower default. Borrowers were required to deliver cash collateral for each loan equal to at least 102% of the initial market value of the loaned securities or if the borrowed securities and the collateral were denominated in different currencies, equal to 105% of the market value of the securities.

There are no restrictions on the amount of securities that may be loaned. The Agreement requires Northern to indemnify the City for losses attributable to violations by Northern of the Standard of Care set out in the Agreement. There were no such violations during the fiscal year ended September 30, 2019. Moreover, there were no losses during the fiscal year ended September 30, 2019 resulting from a default of any borrower.

During the fiscal year ended September 30, 2019, the City and each borrower maintained the right to terminate all securities lending transactions on demand. For the Pension Fund, the cash collateral received on each loan of securities together with the cash collateral of other qualified plan lenders were invested in a collective investment pool with Northern. The cash collateral for the non-pension funds lending activity was invested in a liquid assets portfolio institutional account. Because the loans are terminable at will, their duration did not generally match the duration of the investments made with the cash collateral. For the Pension Fund, the average term of the loan was approximately 61 days, while the average duration of the investment pool as of September 30, 2019 was 32 days. For the non-pension funds, the average term of the loan was approximately 39 days, while the average duration of the investment pool as of September 30, 2019 was 17 days. On September 30, 2019, the City had no credit risk exposure to borrowers.

As of September 30, 2019, for the City's Pension Fund, the collateral held and the market value of securities on loan were \$94,457,000 and \$92,501,000, respectively; for the City's non-pension funds, the collateral held and the market value of securities on loan were \$2,469,000 and \$2,411,000 respectively.

#### C. RECEIVABLES

#### 1. PROPERTY TAXES

Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the Leon County Property Appraiser and the Leon County Tax Collector. The laws of the State regulating tax assessment are also designed to ensure consistent property taxes at a rate of up to 10 mills. The millage rate assessed by the City for the fiscal year ended September 30, 2019 was 4.1. All property is assessed by the county according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

The current year taxes for the fiscal year, beginning October 1, are billed in the month of November and are due no later than March 31. On April 1, all unpaid amounts become delinquent and are subject to interest and penalties. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount. Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the seven year statute of limitations.

The City Tax Calendar is as follows: Valuation Date: January 1; Levy Date: November 1; Due Date: March 31, Succeeding Year; and Lien Date: April 1, Succeeding Year.

In August 2015, the GASB issued Statement No. 77, *Tax Abatements Disclosures*. The objective of this Statement is to require disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues. Tax abatements are widely used by state and local governments, particularly to encourage economic development. The provisions for this Statement were effective for the fiscal year ending September 30, 2017 and requires governments that enter into tax abatement agreements to disclose information regarding the agreement. For fiscal year ending September 30, 2019, the City did not have any tax abatement agreements to disclose.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

#### C. RECEIVABLES

#### 2. AIRPORT FUND'S LEASING OPERATIONS

The Airport Fund's leasing operations consist principally of leasing land and buildings under operating leases to airlines, rental car agencies and other commercial enterprises. Original lease terms vary from one to thirty-two years and require, in most cases, that leasehold improvements be contributed to the City at lease termination.

The following is a schedule, by years, of minimum future rentals on noncancelable operating leases of the Airport Fund as of September 30, 2019 (in thousands):

Years ending September 30,	_	
2020	\$	3,538
2021		3,523
2022		2,111
2023		1,429
2024		1,385
2025-2029		5,074
2030-2034		4,645
2035-2039		4,481
2040-2044		667
2045-2049		376
	\$	27,229

Total minimum future rentals do not include contingent rentals that may be realized under certain leases that require additional rent if the tenant's gross revenues exceed stipulated minimums. Contingent rentals for the fiscal year ended September 30, 2019 amounted to \$623,571.

Effective October 2016, the City entered into five-year lease and use agreements with its major airline tenants (the Signatory Airline Agreements). The agreement requires that rates for rentals, fees and charges be reviewed annually and adjusted so that the total airline revenues equal the Signatory Airline's share of the applicable costs. Year-end settlement provisions under the agreement provides for a recalculation of rates and charges. Upon determination of any difference between the actual rentals, fees and charges paid by Signatory Airlines, the City shall return to the airlines the amount of such difference in the event of an overpayment and, in the event of an underpayment, the City will invoice the airlines for the amount of such underpayment.

At the end of the fiscal year, after determination of settlement, the City will share with the Signatory Airlines a portion of net remaining revenues. The Signatory Airlines' percentage of revenue sharing on net remaining revenues will be forty percent (40%) and the City's share will be sixty percent (60%). Availability of revenue sharing will be based on City's ability to satisfy its obligations and meet Debt Service Coverage requirements in each fiscal year.

The minimum rentals to be paid by the Signatory Airlines under this agreement will vary each year and such amounts have not been included in the above schedule of minimum future rentals. The Signatory Airline Agreement is reliant on the ongoing operations of the Signatory Airlines.

## E. INTERFUND RECEIVABLES, PAYABLES, INTRAGOVERNMENTAL CHARGES, AND TRANSFERS

#### 1. INTERFUND RECEIVABLES/PAYABLES

At September 30, 2019, Interfund Receivables and Payables are as follows (in thousands):

Fund		Due From		Due To	Advance To			Advance From		
	•		_		_		•			
General	\$	-	\$	53	\$	-	\$	864		
Electric		38,143		-		-		6,362		
Stormwater		-		-		48		-		
Nonmajor governmental/Account										
group		-		-		16,566		48		
Nonmajor business-type		-		4,062		-		10,754		
Internal service funds		73		34,101		1,414				
	\$	38,216	\$	38,216	\$	18,028	\$	18,028		
			_		_					

\$38,264,000 of the interfund receivables and payables balances represent amounts remaining from loans to fund operations. \$17,980,000 of these balances represent amounts loaned for capital funding.

#### 2. INTRAGOVERNMENTAL CHARGES

Certain functions of the City of a general and administrative nature are accounted for in internal service funds. The costs accumulated in these funds are allocated to the various funds benefited by the services via charges, which are recorded as charges for services in the internal service funds and expenses or expenditures in the benefited funds.

Such costs allocated to the funds for the year ended September 30, 2019 are as follows (in thousands):

General	\$ 20,607
Community Redevelopment Agency	27
Electric	23,238
Gas	2,971
Sewer	8,866
Water	9,899
Airport	1,688
Stormwater management	6,100
Nonmajor business type	21,749
Nonmajor governmental type	904
Fiduciary type	600
Internal service type	 7,159
Total	\$ 103,808

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

#### E. INTERFUND RECEIVABLES, PAYABLES, INTRAGOVERNMENTAL CHARGES, AND TRANSFERS

#### 3. INTERFUND TRANFERS

At September 30, 2019, Interfund Transfers are as follows (in thousands):

						Tran	ısf	fers In			
Transfer Out	 General	-	Electric	Water	-	Gas		Nonmajor Governmental	Nonmajor Business- type	Internal Service Funds	 Total
General	\$ 	\$	158	\$ 10	\$	6	\$	14,017	\$ 7,207	\$ 124	\$ 21,522
Electric	32,871		-	-		-		7,703	-	9,793	50,367
Gas	2,989		-	-		-		6	-	967	3,962
Sewer	4,968		-	-		-		39	-	100	5,107
Water	3,638		-	-		-		26	-	-	3,664
Stormwater	473		-	-		-		49	-	-	522
Nonmajor governmental	657		-	-		-		1,777	3,270	448	6,152
Nonmajor business-type	2,768		-	-		-		248	-	-	3,016
Internal Service	 1,233		-	 		-		220		137	1,590
Total	\$ 49,597	\$	158	\$ 10	\$	6	\$	24,085	\$ 10,477	\$ 11,569	\$ 95,902

Interfund transfers are primarily for operations, capital projects funding and governmental fund debt service.

#### F. LEASE COMMITMENTS

#### 1.Operating

The City has entered into operating leases for buildings and equipment. The leases are for one to five years, expiring in 2019 through 2023. Total rent expenses incurred by the City for the year ended September 30, 2019, was \$1,767,000. The remaining future minimum lease obligations are as follows (in thousands):

Year Ending	
September 30,	
2020	\$ 76
2021	64
2022	54
2023	 52
Total	\$ 246

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

# F. LEASE COMMITMENTS 2.Capital

The City (as Lessee) has entered into lease agreements for financing electric bus batteries, a modular office building, wireless, computer and network equipment. These lease agreements qualify as capital leases for accounting purposes and are recorded at the present value of the future minimum lease payments as of the inception date (in thousands):

	G	overnmental	Вι	ısiness-Type
Asset/stated interest rate		Activities		Activities
Bus Batteries/4%	\$	-	\$	3,969
Modular Building/3%		253		-
Computer/Network Equipment/4%		1,932		-
Wireless Equipment/5.596%		820		-
Less: Accumulated Depreciation		(388)		
Total	\$	2,617	\$	3,969

The future minimum lease payments are as follows:

Year Ending September 30,	 Principal	Interest	Total
2020	\$ 926,000	\$ 268,000	\$ 1,194,000
2021	919,000	207,000	1,126,000
2022	958,000	168,000	1,126,000
2023	764,000	127,000	891,000
2024	551,000	98,000	649,000
2025-2029	1,714,000	292,000	2,006,000
2030-2031	754,000	28,000	 782,000
Present Value of minimum			
lease payments	\$ 6,586,000	\$ 1,188,000	\$ 7,774,000

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### 3. PRIVATE PLACEMENT BONDS/DIRECT BORROWINGS

The Capital Improvement Refunding Revenue Bond, Series 2009, and the Transportation Improvement Bond, Series 2019, are both private placement bonds. Should there be an Event of Default, the City would be required to prepay the entire outstanding obligation of both of these bonds. The borrowings identified below under Loans Payable are the direct borrowings of the City. Should there be an Event of Default, the City would be obligated to return the equipment financed to the lender unless the City agreed to prepay the entire outstanding obligation of the loan. For all of the private placement bonds and direct borrowings, should the borrowings no longer be tax exempt, the interest rate on the outstanding amount will be increased.

#### 4. LOANS PAYABLE

#### **AMI Loan Program**

On December 27, 2007, the City entered into a loan with the Bank of America Capital Corporation to provide \$35,300,000 of financing to fund the City's Smart Metering program. The loan is due in semi-annual installments ranging from \$1,083,000 to \$1,633,000 ending on June 27, 2024, bearing interest at 3.9459%. The remaining balance of this loan is payable and secured by the Smart Energy Metering and Management System, consisting of meters and communication devices. The outstanding balance of the remaining loan was \$14,977,000 as of September 30, 2019.

#### **Bank of America Loan**

On May 20, 2016, the City entered into a loan with the Bank of America Public Capital Corporation to provide \$2,575,875 of financing to fund the purchase of Sports Lighting Equipment at various parks and Communications Equipment for the City's utility operations. Interest payments on the loan are due semi-annually, with principal payments due annually, ending on April 1, 2023, bearing interest at 1.5494%. The annual debt service for the loan ranges from \$347,236 to \$395,621. The loan is payable and secured by the City's pledge to budget and appropriate the debt service payments. The outstanding balance of this loan was \$1,533,000 as of September 30, 2019.

#### Republic Parking System, Inc. Loan

In accordance with the Management Agreement for Management and Operation of Parking Services at Tallahassee International Airport, Republic Parking System, Inc. acquired a new Revenue Control System in the amount of \$410,000 for the Airport's parking operation. Under the terms of the Agreement, which include an interest rate of 7.25%, monthly payments of \$5,173.47 will be made to Republic Parking over a nine-year period. The outstanding balance of this loan was \$331,000 as of September 30, 2019.

#### 6. OTHER DEBT CONSIDERATIONS

The City, as of September 30, 2019, nor at any time during fiscal year 2019, did not have a line of credit upon which to borrow additional funds.

## 7. CONDUIT DEBT OBLIGATIONS

From time to time, the City has acted as a conduit for the issuance of bonds for non-profit organizations for the acquisition, construction, and improvement of housing, educational, and medical facilities deemed to be in the public interest, and has issued Industrial Revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds.

- As of September 30, 2019, there were three series of Health Facilities Revenue Refunding Bonds outstanding. The original issue amounts totaled \$357.3 million and the outstanding balance as of September 30, 2019 was \$349.5 million.
- As of September 30, 2019, there was one Florida State University School Lease Revenue Bond outstanding. The original issue amount totaled \$18.1 million and the outstanding balance as of September 30, 2019 was \$9.4 million.
- As of September 30, 2019, there was one Industrial Revenue Bond outstanding. The original issue amount totaled \$5.4 million and the outstanding balance as of September 30, 2019 was \$4.9 million.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### **NOTE IV. DETAILED NOTES - ALL FUNDS**

#### H. NET POSITION

The business-type fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted or unrestricted.

#### 1. NET INVESTMENT IN CAPITAL ASSETS

Net Investment in Capital Assets is intended to reflect the portion of net position associated with non-liquid, capital assets less outstanding capital asset related debt. Related debt includes the outstanding balances of any bonds, mortgages, notes, or other borrowings attributable to the acquisition, construction, or improvement of capital assets of the City.

#### 2. RESTRICTED ASSETS

Restricted Assets are subject to constraints that are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

#### 3. Unrestricted Assets

Unrestricted Assets are the portion of net position that are neither invested in capital assets nor restricted for use by a third party.

The net position shown in government-wide financial statements was changed beginning in fiscal year 2012 to comply with GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". The details of net position presentation are explained in Note IV.I. "Fund Balance" below.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

## NOTE IV. DETAILED NOTES - ALL FUNDS I. FUND BALANCE

The City classifies governmental fund balances as follows:

Non-spendable Fund Balance - includes fund balance amounts that cannot be spent either because it is a) not in a spendable form, such as inventory or b) because it is legally or contractually required to be maintained intact.

#### Spendable Fund Balance

- Restricted fund balance amounts constrained for specific purposes that are externally imposed by providers, such as creditors, or amounts constrained due to constitutional provisions or enabling legislation.
- Committed fund balance amounts constrained for specific purposes imposed by majority vote of the City Commission.
- Assigned spendable fund balance amounts transferred from committed funds into projects or other funds under the control of the department budgeted to receive the committed funds. Budgetary control is established within each fund and department. The City Manager or designee may transfer amounts between departments within the same fund. These transfers are not specifically approved by the City Commission.
- Unassigned residual positive fund balance within the General Fund that was not classified within the categories defined above. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The City spends restricted amounts first when both restricted and unrestricted fund balances are available unless there are legal documents/contracts that prohibit doing this, such as grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City Commission has established an emergency reserve policy and fund, referred to as the Deficiencies Fund, in order to meet unforeseen expenditures. The target amount per the policy is a maximum level of two (2) months of general government operating expenditures of the ensuing fiscal year's operating budget. Use of the Deficiencies Fund requires approval by the City Commission. The Deficiencies Fund is contained as a separate sub-fund within the General Fund and the balance is classified as committed fund balance within the General Fund.

During 2019, the Deficiencies Fund expended more than \$28 million responding to Hurricane Michael and recovering from its effects. The Hurricane made landfall in October 2018 and as of September 30, 2019 the City had received \$3.5 million in reimbursements. The total of allowable expenditures which the City expects to receive in the future is approximately \$24 million. This revenue is not reflected above since it does not yet meet the criteria for recognition in the governmental fund financial statements prescribed by the Governmental Accounting Standards Board.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE V. OTHER INFORMATION

#### A. OUTSTANDING CONTRACTS

The City has outstanding commitments on various contracts for construction and other projects. These commitments, as of September 30, 2019, in the respective funds are as follows (in thousands):

General Fund	\$ 3,048
Electric	28,604
Gas	860
Sewer	12,155
Stormwater Management	5,648
Water	11,390
Airport	6,988
Nonmajor Governmental	20,674
Nonmajor Enterprise	7,662
Internal Service Funds	20,525
CRA	 82
Total	\$ 117,636

Long-term purchase contract obligations for the purchase of gas and energy are disclosed in Note V.E. Long-term contracts are not included in the above outstanding commitment balances.

#### **B. RISK MANAGEMENT PROGRAM**

The Risk Management program provides coverage for Workers' Compensation by self-insuring primary losses up to \$1 million and losses above that amount are insured through an excess policy. General liability, automobile and employment liability are totally self-insured. General and automobile liability losses are statutorily limited by sovereign immunity of \$200,000 per person and \$300,000 per accident. Prior to October, 2011, the statutory limit was \$100,000 per person and \$200,000 per accident. Settlement amounts in workers' compensation claims have not exceeded the self-insured retention in the past three years. The Risk Management program is also responsible for the purchase of certain other coverages including airport liability coverage. The City's buildings and contents are covered by an all-risk, blanket program with varying deductibles. Statutory death benefits for police and firefighters are also purchased and such policy pays pursuant to the benefits specified by state law. The Risk Management Fund, which is classified as an Internal Service Fund, is responsible for collecting premiums from all of the departments for both self-insured and commercial programs, paying claim settlements on self-insured claims and procuring commercial insurance. Claims settlements and loss expenses are reserved for the expected value of the known losses and also for estimated incurred but not reported losses (IBNRs). The Risk Management program also provides Employment Practice Liability such as allegations of race, gender and other discrimination or disparate treatment allegations. This exposure is also self-insured.

Annually, as of August 31 and extrapolated to September 30, the program has a third party actuary review the claim history for all claim years for which open self-insurance claims are outstanding. The actuary projects the ultimate claim payment obligation (including the IBNRs) for each year's claim experience and projects the new year's probable loss fund cost and a discounted alternative. The City elected to establish the liability at the discounted value (2.0%).

Employee health insurance is provided through two programs. Employees may choose a health maintenance organization, or a traditional insurance program. For both options, the City pays a premium and retains no additional liability.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE V. OTHER INFORMATION

#### **B. RISK MANAGEMENT PROGRAM**

Changes in the balances of self-insured claims for the year ended September 30, 2019 are as follows (in thousands):

Unpaid claims - October 1 (including IBNRs)	\$ 14,677
Expenses	5,260
Claim payments	(5,056)
Unpaid claims - September 30 (including IBNRs)	\$ 14,881

#### C. LITIGATION

The City is involved in pending lawsuits. The City Attorney estimates that the potential claims against the City not covered by insurance resulting from litigation would not materially affect the financial position of the City. The City has replied to subpoenas as part of an on-going investigation by a federal government agency into potential criminal activities. A former city commissioner and a former executive have been indicted as a result of this investigation. At this time, we do not anticipate any impact on the City's financial condition.

#### D. FEDERAL AND STATE GRANTS

The City has received numerous federal and state grants that are subject to financial and compliance audits made in accordance with the Office of Management and Budget uniform administrative requirements, cost principles and audit requirements.

Certain grants, such as the Community Development Block Grant, HOME grant, State Housing Initiatives Partnership (SHIP), and others, provide for the issuance of loans to qualifying individuals or non-profit entities. Loans to individuals include down payment assistance loans that are not repaid unless certain events occur, such as the sale or refinancing of a purchased home within a certain time period. Loans to non-profit entities are sometimes only payable if the entity has sufficient annual cash flow, or may be forgiven by the City Commission to prevent economic hardship for the entity. Since repayment of these loans is contingent upon various factors, the loans are not reported in the Financial Statements. As of September 30, 2019, the contingent loans for Special Projects totaled \$5.2 million. The contingent down payment assistance loan balance for SHIP totaled \$1.8 million.

#### **E. LONG-TERM CONTRACTS**

The City acquires natural gas and power through a combination of short, medium and long-term contracts. The City currently has six long-term natural gas "prepay" contracts discounted from an index: 1) 20-Year contract with Tennessee Energy Acquisition Corporation (TEAC); 2) 30-year contract with MainStreet; 3) 30-Year contract with TEAC; 4) 30-year contract with Blackbelt; 5) TEAC 3-year, 9-month; 6) Black Belt 5 months. These contracts save the City between \$160,000 and \$320,000 each month through 2048. The City also uses financial instruments to hedge natural gas for future periods. The City is currently hedged for approximately 75% of our gas needs through FY 2024. The City's obligation for financial hedges is limited to the difference between the hedge price and market price. The City is not obligated to purchase the underlying gas supply. Energy contracts are managed and monitored by the City's Energy Services Department. Revenues from customers through the Energy Cost Recovery Clause (ECRC) and the Purchased Gas Recovery Clause (PGRC) are designed to recover the costs incurred by these purchase commitments.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE V. OTHER INFORMATION

#### **E. LONG-TERM CONTRACTS**

The City engages in the wholesale power markets on a short-term and long-term basis to buy or sell power when market prices are more economical than native generation. The City participates daily in the power markets for short-term opportunities to deliver the lowest cost power to our customers. The City continuously evaluates long-term purchase or sales offers through our internal planning process. The City has two Purchased Power Agreements (PPA) for solar energy. The first 20 MW of solar started in the fall of 2017 and the second 40 MW solar contract started in late December 2020. Each of these contracts are for 20 years with option clauses to either purchase or extend their terms. These contracts are managed and monitored by the City's Energy Services Department and Electric Utility. The following is a schedule, by years, of approximate minimum future purchase commitments on long-term purchase contracts as of September 30, 2019 (in thousands):

Years ending	Energy Contracts					
September 30,	Gas Contracts	(i	ncluding Solar PPA)		Total	
2020	\$ 28,473	\$	3,790	\$	32,263	
2021	25,045		4,603		29,648	
2022	22,461		4,783		27,244	
2023	19,236		4,982		24,218	
2024	20,273		5,178		25,451	
Thereafter	582,820		100,885		683,705	
Total	\$ 698,308	\$	124,221	\$	822,529	

#### F. PENSION PLAN OBLIGATIONS

The City of Tallahassee sponsors and administers the Pension Plan (Plan), established by Chapter 14 of the City Code of Ordinances, as separate plans as follows:

PΙ	an	Nar	ne
----	----	-----	----

General Employees Pension Plan (Article II) Police Officers Pension Plan (Article III) Firefighters Pension Plan (Article IV) Matched Annuity Pension Plan (Article V)

## **Supplemental Plans**

Municipal Police Officers Share Plan Municipal Firefighters Share Plan

#### Plan Type

Cost-sharing multiple-employer, defined benefit Single-employer, defined benefit Single-employer, defined benefit Multiple-employer, defined contribution

Single-employer, defined contribution Single-employer, defined contribution

The Plan is administered by the City of Tallahassee Treasurer-Clerk's Office, under guidance from the Plan's Board of Trustees, which is composed of the members of the City Commission and one City police officer or firefighter. The City police officer or firefighter is elected by a majority of the police officers and firefighters who are members of the Plan. The City's general employee defined benefit provision and defined contribution provision is also provided for the employees of Blueprint Intergovernmental Agency (Blueprint), the Capital Region Transportation Planning Agency (CRTPA) and the Consolidated Dispatch Agency (CDA). Blueprint is a jointly governed organization, while CRTPA and CDA are both joint ventures. The defined benefit plans for police officers and firefighters are comprised only of City employees.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE V. OTHER INFORMATION

#### F. PENSION PLAN OBLIGATIONS

The aggregate amount of net pension liabilities, related deferred inflows and outflows of resources, and pension expense for the City's defined benefit pension plans are summarized as follows:

	General			
	Employees -			
Plan Obligations and Expenses (in thousands):	City	Police Officers	Firefighters	Total
Net Pension Liability	\$ 92,107	\$ 46,099	\$ 56,197	\$ 194,403
Pension Related Deferred Outflows	111,674	29,786	27,964	169,424
Pension Related Deferred Inflows	(38,285)	(14,460)	(6,245)	(58,990)
Pension Expense	\$ 28,713	\$ 4,244	\$ 7,141	\$ 40,098

2018 Membership Statistical Information	General Employees - City	Police Officers	Firefighters	Total
Retirees and beneficiaries of deceased retirees currently receiving benefits	1,668	279	252	2,199
Terminated employees entitled to benefits but not yet receiving benefits	246	30	7	283
Active Employees	1,895	331	259	2,485

The defined benefit and defined contribution provisions are combined and reported as one plan in the financial statements. The City of Tallahassee does not issue a stand-alone financial report for the Plan. The provisions of the Plan are "qualified" under the Internal Revenue Service Code and employee contributions are tax deferred.

The City of Tallahassee Supplemental Share Plans for Firefighters and Police Officers were created in 2000 by Sections 14-9.010 and 14-8.010, City Ordinances. Both Plans are defined contribution pension plan covering all full-time Firefighters and Police Officers of the City of Tallahassee. Participation in the Plans are required as a condition of employment. The Plans provide for additional and supplemental pension, death and disability benefits. In addition, the Plans are local law plans subject to provisions of Chapters 175 and 185 of the State of Florida Statutes.

The Plans are each governed by a five-member pension board. The Fire Supplemental Share Plan members include two Firefighters, two City residents and a fifth member elected by the other four members of the board. The Police Supplemental Share Plan members include two Police Officers, two City residents and a fifth member elected by the other four members of the board.

Contributions to the Plans are the Florida Excise Tax Rebate monies received from the State of Florida pursuant to Florida Statutes Chapters 175 and 185. Participants may not make voluntary contributions to the Plans. The total additions to each participant's account cannot exceed \$55,000 or 100 percent of each participant's compensation.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE V. OTHER INFORMATION

#### F. PENSION PLAN OBLIGATIONS

Each participant's account is credited with an allocation of the Florida Excise Tax Rebate payment to and among those participants that are entitled on the first day of each plan year. The payments are allocated equally among the total shares of the participants with the number of shares allocated to each participant's account in accordance with the following schedule:

Years of credited service	Number of Shares
Less than 5	0
5 or more, but less than 10	1
10 or more, but less than 15	2
15 or more, but less than 20	3
20 or more, but less than 31	4
31 years or more	5

The Florida Excise Tax Rebate payment for each Plan is sent directly to the City of Tallahassee and is deposited into the City's bank account. Based on the total amount of shares to be distributed to each participants account, the City transfers the money received to Empower (formerly known as Great West Life & Annuity Insurance Company) a third-party administrator who administers the investments for the Plans. A small portion of the money is held by the City and is included in the City's cash and investment pool that is available for use by the Plans Board of Trustees for administrative and operational expenses.

#### 1. DEFINED BENEFIT PROVISION

The Plan is established for all three programs in Chapter 14 of the City Code of Ordinances, through Parts A, B, C and D in Article II for general employees with Parts A, B and C closed to new participants. Effective April 1, 2013, the City Commission approved changes to the City's General Employees' Pension Plan creating Part D participants. Part D provides coverage to all new employees hired after that date. For police officers and firefighters, Article III and IV, respectively, Parts A and B are closed to new participants while Part C provides coverage to all new employees. All members of the Plan are covered by one of these parts depending upon employment date. These parts provide a detailed description of the various defined benefit provisions. These provisions include the types of employees covered, benefit provisions, employee eligibility requirements for normal, early and/or vested retirements, and the related benefits of these retirements, pre-retirement death benefits, and provisions for disability retirements. There are also post retirement cost-of-living adjustments (COLA) and health care supplements.

#### F. PENSION PLAN OBLIGATIONS

#### 1. DEFINED BENEFIT PROVISION

The total pension liability was determined by an actuarial valuation as of October 1, 2018, using the following significant actuarial assumptions applied to all periods included in the measurement: The actuarially determined contribution rates are calculated as of October 1 which is two years prior to the end of the fiscal year in which contributions are reported. The actuarially determined contribution is projected to the contribution year using conventional actuarial projection methods.

The assumptions used in determining the total pension liability are as follows:

	General Employees	Police Officers	Firefighters
Valuation Date	October 1, 2018	October 1, 2018	October 1, 2018
Actuarial Cost Method	Entry age, normal	Entry age, normal	Entry age, normal

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE V. OTHER INFORMATION

#### F. PENSION PLAN OBLIGATIONS

#### 1. DEFINED BENEFIT PROVISION

*Investments* - Plan assets are managed in accordance with the Pension Investment Policy. The table below presents the adopted asset allocation as of September 30, 2019.

A	Target Allocation	Long-Term Expected Real
Asset Class	Percentage	Rate of Return
Domestic Equity	36 %	4.5 %
International Equity	10	5.0
Emerging Markets Equity	5	6.4
Fixed Income	19	1.6
Real Estate	15	5.0
Private Equity	5	8.0
Private Credit	5	6.8
Timber	5	4.7
Total	100 %	

The Plan's investments are managed by various investment managers under contract with the Boards who have discretionary authority of the assets managed by them and within the Plan's investment guidelines as established by the Board. The investments are held in trust by the Plan's custodian in the Plan's name. The City of Tallahassee Sinking Fund Commission is responsible for making investment policy changes. These assets are held exclusively for the purpose of providing benefits to members of the Plan and their beneficiaries.

For the year ended September 30, 2019, the annual money-weighted rate of return on the General Employees, Police Officers, and Firefighters pension plan investments, net of investment expense, was 3.73%. The money-weighted rate of return takes into account cash flows into and from the various investments of the Plan.

The long-term expected arithmetic rate of return on pension plan investment is based upon an asset allocation study that was conducted for the Plan by its investment consultant toward the end of fiscal year 2018. The study was prepared by the Pension Plan's investment consultant, and went through numerous iterations before a final asset allocation was established. The study looked at expected rates of return for twenty-one (21) different asset classes, as well as examining expected standard deviations and correlations among these various asset classes.

Discount Rates – The discount rates used to measure the total pension liability of the Plan are indicated below. This single discount rate was based on the expected rate of return on pension plan investments of 7.50%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments (7.50%) was applied to all periods of projected benefits payments to determine the total pension liability.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

#### NOTE V. OTHER INFORMATION

#### F. PENSION PLAN OBLIGATIONS

#### 1. DEFINED BENEFIT PROVISION

The discount rates as of September 30, 2019 were as follows:

General		
Employees	Police Officers	Firefighters
7.50 %	7.50 %	7.50 %

The following presents the Plan's net pension liability, calculated using a single discount rate of 7.60%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage point higher:

#### Sensitivity of the Net Pension Liability(Asset) to the Single Discount Rate Assumption (in thousands)

	1% Decrease 6.50%	Current Single Discount Rate	1% Increase 8.50%
General Employees	\$ 325,107	\$ 152,101	\$ 10,020
General Employees-City	309,372	144,739	9,535
Police Officers	117,140	60,604	14,542
Firefighters	106,916	68,593	37,236

Pension Expense and Deferred Outflows (Inflows) of Resources Related to Pensions - In accordance with GASB 68, paragraphs 54 and 71, changes in the net pension liability are recognized as pension expense in the current measurement period, except as shown below. For each of the following, a portion is recognized in pension expense in the current measurement period, and the balance is amortized as deferred outflows or inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors which are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan, both active and inactive.
- Changes of assumptions or other inputs which are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan, both active and inactive.
- Changes in proportion and differences between contributions and proportionate share of contributions which are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan, both active and inactive.
- Differences between expected and actual earnings on pension plan investments are amortized over five years.

2023		4,040
2024		2,454
Thereafter		722
Total	\$	15,984

### 2. **DEFINED CONTRIBUTION PROVISION**

All employees (general, firefighters, and police officers) may elect to contribute a portion of their salary to the Plan. General employees, firefighters and police officers can contribute up to but not to exceed the maximum amount allowed by the Internal Revenue Service. Each employer contributes 5% to each general employee's Matched Annuity Plan (MAP) account. Upon reaching normal retirement age or retiring under the Plan, a participant shall be paid his and the City's contributions, together with accrued earnings. If a general employee uses the contributions and accrued earnings to receive an annuitized payment stream, the Plan will increase the amount of funds (only on the employer's 5%, employee flex matched contribution and employees' contribution up to the 5%) used by the participant by a factor of 50%. Employee contributions (including the City's 5% contribution to each general employee's MAP account) plus accrued earnings thereon are 100% refundable if the employee elects to terminate his vesting rights or is not vested at the date of employment termination. For the year ended September 30, 2019, the contributions and forfeitures to the MAP account totaled \$1,782,000 and \$448,000, respectively.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

### NOTE V. OTHER INFORMATION G. OTHER EMPLOYEE BENEFITS

### 1. DEFERRED COMPENSATION

The City of Tallahassee offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

In December 1998, the City established a Trust Agreement where all assets and income of the City Deferred Compensation Plan are held in trust for the exclusive benefit of City employees, in accordance with Internal Revenue Code Sections 457 (b) and (g). Thus, plan assets are no longer subject to the claims of the City's general creditors.

### 2. FLEXIBLE BENEFITS

The City has implemented a "Cafeteria" Plan created in accordance with Internal Revenue Code Section 125. The plan provides employees with an opportunity to select benefits from a menu of options, many of which are offered on a pre-tax basis.

### H. OTHER POST EMPLOYMENT BENEFITS (OPEB)

### 1. OPEB PLAN DESCRIPTION

The City administers a multi-employer, defined benefit other post employment benefits plan, The City of Tallahassee Retiree Medical Insurance Plan (OPEB Plan). The OPEB Plan provides health insurance and prescription drug coverage for eligible retirees and their eligible dependents through the City's health insurance program, which covers both active and retired employees. Pursuant to Section 112.0801, Florida Statutes, the City is required to permit participation in the health insurance program by retirees and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. In addition, the City's program has elected to provide a partial subsidy to its retirees to offset the cost of such health insurance. The City does not issue a standalone financial report on the OPEB Plan.

The OPEB Plan is established by City Commission Policy 150. To aid in the administration of the OPEB Plan, the City of Tallahassee created the Retiree Medical Trust (RMI Trust) in January 2010, the provisions of which are in Article VII of Chapter 2 of the City Code of Ordinances. The plan provides health insurance and prescription drug coverage for eligible retirees and their eligible dependents through the City's health insurance program, which covers both active and retired employees.

The OPEB Plan and the RMI Trust are administered by the City of Tallahassee Treasurer-Clerk's Office, under guidance from the Plan's Board of Trustees, which is composed of the members of the City Commission and the chairperson of the general employees' pension advisory committee. The City of Tallahassee does not issue a standalone financial report for the RMI Trust. The OPEB plan is also provided for the employees of the Blueprint Intergovernmental Agency (Blueprint), a jointly governed organization, and the Capital Regional Transportation Planning Agency, a joint venture.

The aggregate amounts, reported by the City as of September 30, 2019, of net OPEB liabilities, related deferred inflows and outflows of resources, and OPEB expenses using a valuation date and measurement date of September 30, 2018 are summarized as follows:

OPEB Plan Obligations	Primary	DIA	Total
and Expenses	Government	(Component Unit)	(in thousands)
Net OPEB Liability	\$ 82,290	\$118	\$ 82,408
OPEB Related Deferred Outflows	4,580	10	4,590
OPEB Related Deferred Inflows	7,860	6	7,866
OPEB Expense	3,950	3	3,953

NOTES TO FINANCIAL STATEMENTS September 30, 2019

### NOTE V. OTHER INFORMATION

### H. OTHER POST EMPLOYMENT BENEFITS (OPEB)

### 1. OPEB PLAN DESCRIPTION

OPEB Plan membership at September 30, 2018 was as follows:

Inactive Members or Beneficiaries
Currently Receiving Benefits 1,247
Active Members 2,638
Total Members 3,885

Benefits - A member receives a reduced rate on the health insurance premium for the City's health insurance plan. All reduced rate premiums will be deducted from the retiree's pension benefit. If the health insurance premium exceeds the pension benefit amount, the member will pay the City for the difference. The following tables provide the amounts of the City's monthly retiree subsidy that reduces the member's health insurance premium, which were established by Resolution 11-R-04, effective January 1, 2011:

Retiree with No Medicare Coverage	Monthly Subsidy Amount
Individual	\$ 174.88
Two-Party	\$ 315.71
Three or More	\$ 443.22

Retiree with Medicare CHP* Coverage	Monthly Subsidy Amount
Individual	\$ 37.76
Two-Party(Both Medicare)	\$ 71.74
Two-Party (One Medicare)	\$ 183.40
Family (One or two Medicare)	\$ 298.82

### \*Capital Health Plan

Retiree with Medicare BCBS**	
Coverage	Monthly Subsidy Amount
Individual	\$ 159.78
Two-Party (Both Medicare)	\$ 336.07
Two-Party (One Medicare)	\$ 336.07
Family (One or two Medicare)	\$ 463.39

<sup>\*\*</sup>Blue Cross/Blue Shield

Eligibility - A member may continue on the City's health insurance plan upon retirement if the member is drawing a pension for Normal Retirement, Early Retirement or Disability Retirement. The retiree may continue to cover any qualified dependents that were on the City's health insurance plan at the time of retirement. If the retiree's spouse or domestic partner is an active permanent City employee, the member may choose to be covered under the spouse's or domestic partner's insurance coverage. When the spouse or domestic partner retires and begins to draw a pension, both individuals will be covered as retirees under the City's health insurance policy.

A member who is a Deferred Retiree (eligible to retire upon termination but chooses to defer the commencement of a pension benefit) may choose to remain on the City's health insurance plan and pay the unreduced health insurance

NOTES TO FINANCIAL STATEMENTS September 30, 2019

### NOTE V. OTHER INFORMATION

### H. OTHER POST EMPLOYMENT BENEFITS (OPEB)

### 1. OPEB PLAN DESCRIPTION

premium until the commencement of a pension benefit. A Deferred Retiree may also choose to terminate health insurance coverage and be allowed to rejoin the City's health insurance plan upon commencement of a pension benefit and pay the reduced health insurance premium if they are able to prove they maintained continuous health insurance coverage during the period between terminating from the City's health insurance plan and when they rejoined the City's health insurance plan.

A Long-Term Vested Participant (10 years or more service time in the City's pension plan, but not yet eligible to receive a pension benefit) may choose to remain on the City's health insurance plan at their expense. The Participant will be required to pay the unreduced health insurance premium cost until the Participant retires. If the Participant chooses to terminate the City's health insurance coverage, the Participant will no longer be eligible to participate in the OPEB Plan.

A surviving spouse of a deceased retiree may continue or join the City's health insurance plan only if the deceased retiree was enrolled in the City's health insurance plan at the time of death. The surviving spouse may join the OPEB Plan without being subject to the evidence of insurability requirements. The surviving spouse may cover any qualified dependents.

### 2. OPEB PLAN INVESTMENTS

Due to its small size, there is not a separate investment policy specifically for the assets of the RMI Trust. Chapter 2 of the Municipal Code provides that the RMI Trust invests in instruments similar to those invested in by the City's Pension Fund. There were no significant changes to the investment of the RMI Trust assets during Fiscal Year 2019. More than 5% of the RMI Trust's net position was invested in a S&P 500 index fund.

### 3. NET OPEB LIABILITY

Changes in the Net OPEB Liability - The Plan is presenting net OPEB liability for the year ended September 30, 2019 based on the September 30, 2019 measurement date as follows (in thousands):

### **NOTE V. OTHER INFORMATION**

### H. OTHER POST EMPLOYMENT BENEFITS (OPEB)

### 3. NET OPEB LIABILITY

The total OPEB liability and contribution rates were determined by an actuarial valuation as of September 30, 2018. The total OPEB liability was rolled forward one year. The significant assumptions used were as follows:

Actuarial Cost Method	Entry Age Normal
Normal Inflation	2.5%.
Discount Rate	2.79%, the resulting Single Discount Rate based on the expected rate of return on OPEB Plan investments as of September 30, 2019 at 7.50% and the long term municipal bond rate as of September 30, 2019 at 2.75%.
Salary Increases	2.95% to 6.40%, including inflation; varies by plan type and years of service.
Retirement Age	Experience based table of rates that are specific to the plan and type of eligibility condition.
Mortality	Mortality Tables used for Regular Class and Special Risk Class members in the July 1, 2018 actuarial valuation of the Florida Retirement System, with generational projections using scale BB. They are based on the results of a statewide experience study covering the period 2008 through 2013.
Healthcare Cost Trend Rates	Based on the Getzen Model, with trend starting at 6.1% for 2019 (based on actual premium increases), followed by 6.5% for 2020, and then gradually decreasing to an ultimate trend rate of 4.24% plus 0.49% increases to reflect the Excise Tax on High Cost Employer Health Diagrams.
Aging factors to Death Expenses	increase to reflect the Excise Tax on High-Cost Employer Health Plans.  Based on the 2013 SOA Study "Health Care Costs - From Birth to Death"
Expenses	Investment expenses are net of the investment returns; and, administrative expenses are included in the premium costs.
Notes	There were no benefit changes during the year. Assumption changes reflect the following changes: The Single Discount Rate from the beginning of the year at 3.88% is changed to the end of the year at 2.79% (the resulting Single Discount Rate based on the expected rate of return on OPEB plan investments as of September 30, 2019 at 7.5% and the long-term municipal bond rate as of September 30, 2019 at 2.75%) Assumed initial costs and premium amounts were revised to reflect premium rates adopted for the 2018 plan year. For more details, refer to Sections E and G of the September 30, 2018 Actuarial Valuation Report dated October 4, 2019

Sensitivity of Net OPEB Liability to changes in the Single Discount Rate –The following presents the plan's net OPEB liability, calculated using a Single Discount Rate of 2.79%, as well as what the plan's net OPEB liability would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher (in thousands):

	Current Single Discount		
1% Decrease	Rate Assumption	1	% Increase
 1.79%	 2.79%	_	3.79%
\$ 110,602	\$ 96,275	\$	84,611

NOTES TO FINANCIAL STATEMENTS September 30, 2019

### NOTE V. OTHER INFORMATION

### H. OTHER POST EMPLOYMENT BENEFITS (OPEB)

### 3. NET OPEB LIABILITY

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates - The following presents the plan's net OPEB liability, calculated using the assumed trend rates as well as what the plan's net OPEB liability would be if it were calculated using a trend rate that is one percent lower or one percent higher (in thousands):

1% Decrease			rent Healthcare Cost	1% Increase				
(5	5.1% down to 3.73%)	Tre	nd Rate Assumption	_(7.	1% down to 5.73%)			
\$	86,606	\$	96,275	\$	84,610			

OPEB Expense and Deferred Outflows/(Inflows) of Resources Related to OPEB – In accordance with GASB 75, changes in the net OPEB liability are recognized as OPEB expense in the current measurement period, except as shown below. For each of the following, a portion is recognized in OPEB expense in the current measurement period, and the balance is amortized as deferred outflows or inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors which are amortized over the average expected remaining service life of all employees that are provided with benefits through the OPEB plan, both active and inactive.
- Changes of assumptions or other inputs which are amortized over the average expected remaining service life of all employees that are provided with benefits through the OPEB plan, both active and inactive.
- Changes in proportion and differences between contributions and proportionate share of contributions which are amortized over the average expected remaining service life of all employees that are provided with benefits through the OPEB plan, both active and inactive.
- Differences between expected and actual earnings on OPEB plan investments are amortized over five years.

Based on a valuation date of September 30, 2018 and a measurement date of September 30, 2018, the City recognized OPEB expenses of \$3,863,000 for the year ended September 30, 2019. At September 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to the OPEB plan from the following sources (in thousands):

NOTES TO FINANCIAL STATEMENTS September 30, 2019

### NOTE V. OTHER INFORMATION

### H. OTHER POST EMPLOYMENT BENEFITS (OPEB)

### 3. NET OPEB LIABILITY

Deferred outflows of resources related to the plan of \$4,590,000, resulting from City contributions to the plan paid subsequent to the measurement date and prior to the City's fiscal year, will be recognized as a reduction of the net OPEB liability in the fiscal year ended September 30, 2020. Other amounts reported as OPEB related deferred outflows and inflows of resources will be recognized in future OPEB expense, as follows:

Year ending	Net Amount (in
September 30,	thousands)
2020	\$ 1,572
2021	1,572
2022	1,572
2023	1,417
2024	1,183
Thereafter	550
Total	\$7,866

### 4. FUNDING POLICY

The contribution requirements of OPEB Plan members and the City are established and may be amended by the City Commission. These contributions are neither mandated nor guaranteed. The City has retained the right to unilaterally modify its payment for retiree health care benefits. Effective October 1, 2010, the City implemented a "cap" on employer contributions for retirees. Accordingly, the City's subsidy was frozen at the 2010 levels, and retirees must absorb all future premium rate increases.

### I. DERIVATIVE INSTRUMENTS

The contracts are recorded at fair value on the Statement of Net Assets as they have been determined to qualify as derivative instruments under GASB Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments". The fair value balances and notional amounts of derivative instruments, all of which are accounted for within the City's business-type activities, as of September 30, 2019 and the changes in fair value of such derivative instruments for the year then ended, are as follows (amounts in thousands):

	Changes in Fair	Value	Fair Value at September 30, 2019					
	Classification	Amount	Classification	Amount	Notional			
Cash Flow Hedges:								
Commodity Forward	Deferred Outflows		Derivative		71,670,000			
<ul> <li>Natural Gas</li> </ul>	of Resources	\$12,492	Instrument	(\$12,492)	MMBTUs			

The fair values of the forward contracts are estimated based upon the present value of their estimated cash flows. For FY 2020 & 2023 the City has hedged various volumes Over-the-Counter (OTC) with BP Energy Company, J. Aron & Company LLC and Shell Energy North America. For FY 2021 only, the City hedged on the CME exchange with Futures Commission Merchant (FCM), ADM Investor Services Inc.(ADM). Counterparty S&P credit ratings are as follows: BP Energy Company A-, J. Aron & Company. BBB+, Shell Energy North America A+ and ADM A, as of September 30, 2019. Positions with ADM are cleared on a daily basis, so neither party incurs credit risk for those transactions.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

### NOTE V. OTHER INFORMATION

### J. CONTINGENCY

### **Cascade Park Superfund Site**

The City of Tallahassee (City) excavated approximately 85,000 tons of contaminated soil from the Cascades Park site in 2005-2006 pursuant to the requirements of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA or Superfund), Blueprint 2000, as part of park construction activities, conducted additional excavation and contaminated soil disposal. Despite these efforts, residual groundwater and soil contamination remained at the site. As a result, in December 2011, the City as the CERCLA "responsible party" and the U.S. Environmental Protection Agency (EPA) entered into a new Settlement Agreement that required the City to determine the most appropriate remedial technology to address the subsurface contamination and make recommendations to the EPA on how to move forward. In accordance with the Settlement Agreement, and as part of this evaluation, a field-scale pilot injection study was completed in February 2013. Following the pilot study, the City finalized its recommendations which were formally submitted in the form of a Draft Feasibility Study Report in February 2014, and continued annual groundwater monitoring. Throughout 2017 and into 2018, the City, the Florida Department of Environmental Protection and the EPA met to discuss the results of the work completed to date, including the annual monitoring results. Based on the data, which demonstrated that unacceptable site risks posed by soil, sediment, and groundwater were all successfully eliminated through the remedial actions, in July 2018 the EPA issued a Proposed Plan, proposing a "No Action" Record of Decision (ROD). On February 4, 2019, the EPA issued the ROD, determining that no further action is necessary to protect public health, welfare or the environment, and concluding that no further action is required to clean up the Cascades Park Superfund Site. This determination concludes a nearly 15-year long cleanup effort by the City to remediate contamination associated with the site's manufactured gas plant and landfill, which operated from the late 1800s to the mid-1900s. The issuance of the No Action ROD means that no further assessment, remediation or monitoring work is required by the City, thereby allowing for official regulatory closure. As mandated, the City will be liable for any direct and indirect costs incurred by the EPA associated with the site, including development and issuance of the ROD. The City has not yet been invoiced for these costs. Other than EPA costs, and well abandonment expenses, no additional costs are expected for subsequent years following official site closure.

NOTES TO FINANCIAL STATEMENTS September 30, 2019

## NOTE V. OTHER INFORMATION K. RELATED PARTY TRANSACTIONS

Related party transactions during the year ended September 30, 2019 included the following:

- 1) In the current year, the City contributed to the Blueprint's Office of Economic Vitality (OEV) \$174,500 to fund operations.
- 2) The City paid the following contributions to the Consolidated Dispatch Agency:
  - a. \$4,846,778 for operations.
  - b. \$312,300 for Fire/EMS revenue.
- The City paid \$380,000 to Blueprint Intergovernmental Agency for the Agency's Northeast Corridor Connector Bannerman Road Project during the fiscal year. The funding for this contribution came from the City's Significant Benefit District 1 concurrency fund comprised of fees paid by developers to mitigate excess traffic within a specific geographic area.
- 4) The City charges fees for administrative services to the Consolidated Dispatch Agency, Blueprint Intergovernmental Agency, and the Capital Region Transportation Planning Agency. For the year ended September 30, 2019, the City charged fees of \$1,344,890, \$66,269, and \$68,038, respectively.
- As of September 30, 2019, the City was owed \$1,973,457 by the Consolidated Dispatch Agency, \$2,471,195 by the Blueprint Intergovernmental Agency, and \$525,772 by the Capital Region Transportation Planning Agency. The City also owed the Consolidated Dispatch Agency \$67,467.

### L. SUBSEQUENT EVENTS

### PAYOUT OF NUCLEAR DECOMMISSIONING TRUST FUNDS

In 1977, the City of Tallahassee agreed to join with certain other municipal electricity providers and with Florida Power Corporation (now doing business as Duke Energy Florida) as part owners of the Crystal River Unit Three (CR-3) nuclear power plant. As an owner of CR-3, the City incurred certain liabilities, including a portion of the costs associated with the decommissioning of the facility proportional to its ownership interest. In 1992, the City created the City of Tallahassee Nuclear Decommissioning Trust Fund, managed by a third-party trustee to provide a funding source for the eventual decommissioning of CR-3. In December 1998, the City entered into a CR-3 Acquisition Agreement ("Acquisition Agreement") with Florida Power Corporation to sell its interest in CR-3. The Acquisition Agreement called for the City to maintain the Trust Fund and ultimately pay the City's share of the decommissioning costs as they were incurred and invoiced to the City. As a result of the Acquisition Agreement, the Trust Fund was amended slightly in October 1999, but kept its original purpose to provide funding for the decommissioning costs. In addition to the direct decommissioning costs, the City agreed to pay 50% of the income tax liability incurred by Duke Energy for the receipt of decommissioning funds paid from the Trust Fund to Duke Energy. This tax liability was required to be paid from funds other than the Trust Fund proceeds and was capped at \$1.5 million. In January 2020, City staff received the proposed Nuclear Decommissioning Trust Fund Transfer and Release Agreement which provided for disbursement of 100% of the proceeds in the Trust Fund to Duke Energy no later than March 26, 2020 in return for Duke Energy's release of the City from any tax liability under the Acquisition Agreement, or otherwise. On February 12, 2020, the City Commission agreed to the terms of the Transfer and Release Agreement and they intend to make the payment by March 26 as agreed.

### **CORONAVIRUS PANDEMIC**

On December 31, 2019, the first cases of what would become the COVID-19 virus were reported in China. Since then, the virus has spread across the globe and has been declared a global pandemic by the World Health Organization. The City continues to monitor the situation and take appropriate measures as necessary; however, the financial impact to the City, if any, cannot be determined at this time.

### CITY OF TALLAHASSEE, FLORIDA REQUIRED SUPPLEMENTARY INFORMATION Note to Required Supplementary Information

General Fund September 30, 2019 (in thousands) (Unaudited)

Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues/Transfers In and Expenditures/Transfers Out

Inflows of Resources	
Actual amounts (budgetary basis) available for appropriation from the budgetary comparison schedule.  Differences - budget to GAAP	\$ 156,732
The fund balance at the beginning of the year is a budgetary resource but is not a current year revenue for financial reporting purposes.	(302)
The increase in the fair market value of investments is an increase in revenue for financial reporting purposes but is considered a budgetary inflow.	886
The revenues of the City's Deficiency Reserve and Scholarship Reserve are current year revenues for reporting purposes but are not considered budgetary inflows.	4,528
Current year nonbudgeted transfer is treated as revenue for financial reporting purposes but not as a budgetary inflow.	122
Miscellaneous items treated as budgetary inflows but not as revenues for financial reporting purposes.	(2,111)
Miscellaneous items treated as revenues for financial reporting purposes but not as budgetary inflows	73
Total Revenues and Other Financing Sources as reported on the statement of revenues, expenditures, and changes in fund balances.	\$ 159,928
Outflows of Resources Actual amounts (budgetary basis) total charges to appropriations from the budgetary comparison schedule. Difference - budget to GAAP	\$ 156,438
The expenditures of the City's Deficiency Reserve and Scholarship reserve are current year expenditures for reporting purposes but are not considered budgetary outflows.	31,639
Current year nonbudgeted transfer is treated as expense for financial reporting purposes but not as a budgetary outflow.	61
Miscellaneous items treated as budgetary outflows but not as expenditures for financial reporting purposes.	(2,493)
Miscellaneous items treated as expenditures for financial reporting purposes but not as budgetary outflows.	 350
Total Expenditures and Other Financing Uses as reported on the statement of revenues, expenditures, and changes in fund balances.	\$ 185,995

### NOTES TO SCHEDULE OF CONTRIBUTIONS - GENERAL EMPLOYEES

Valuation Date: October 1, 2017

Measurement Date: September 30, 2019

Notes: Actuarially determined contribution rates are calculated as of October 1, 2017 for the fiscal year ended September 30,2019. The actuarially determined contribution is projected to the contribution year using conventional actuarial projection methods.

### Methods and Assumption Used to Determine Contribution Rates:

Actuarial Cost Method Entry Age Normal

Amortization Method Level Percent of Pay (with 1.25% payroll growth assumption) for bases created

before October 1, 2017; Level Dollar for bases created on and after October 1,

2017, Closed

Remaining Amortization Period 20 years

Asset Valuation Method 20% of the difference between expected actuarial value (based on assumed return)

and market value is recognized each year with 20% corridor around market value

Inflation 2.5%

Salary Increases A blend of 33.33% of 3.5% and 66.67% of a range of 2.95% to 5.00%, depending on

completed years of service, including inflation

Investment Rate of Return 7.60%

Retirement Age Experience-based table of rates that are specific to the type of eligibility condition

RP-2000 Combined Healthy Participant Mortality Table (for pre-retirement mortality) and the RP-2000 Mortality Table for Annuitants (for postretirement mortality) with mortality improvements projected to all future years after 2000 using Scale BB. For

males, the base mortality rates include a 50% blue collar adjustment and a 50% white collar adjustment. For females, the base mortality rates include a 100% white

collar adjustment.

Other Information:

Mortality

Notes See Discussion of Valuation Results in the October 1, 2017 Actuarial Valuation

Report dated June 5, 2018.

<sup>\*</sup> The actual contributions are the same as contractually required contributions for participating cost sharing employers.

### NOTES TO SCHEDULE OF CONTRIBUTIONS - FIREFIGHTERS

Valuation Date: October 1, 2017

Measurement Date: September 30, 2019

Notes: Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

### Methods and Assumption Used to Determine Contribution Rates:

Actuarial Cost Method Entry Age Normal

Amortization Method Level Percent of Pay (with 3.5% payroll growth assumption)

for bases created before October 1, 2017; Level Dollar for bases created on and after October 1, 2017, Closed

Remaining Amortization Period 25 years

Asset Valuation Method 20% of the difference between expected actuarial value

(based on assumed return) and market value is recognized

each year with 20% corridor around market value

Inflation 2.5%

Salary Increases A blend of 33.33% of 4.0% and 66.67% of a range of

4.40% to 5.75%, depending on completed years of service,

including inflation

Investment Rate of Return 7.60%

Retirement Age Experience-based table of rates that are specific to the type

of eligibility condition

Mortality RP-2000 Combined Healthy Participant Mortality Table (for

pre-retirement mortality) and the RP-2000 Mortality Table for Annuitants (for postretirement mortality) with mortality improvements projected to all future years after 2000 using Scale BB. For males, the base mortality rates include a 90% blue collar adjustment and a 10% white collar

adjustment. For females, the base mortality rates include a

100% white collar adjustment.

Other Information:

Notes See Discussion of Valuation Results in the October 1, 2017

Actuarial Valuation Report dated June 5, 2018.

#### NOTES TO SCHEDULE OF NET OPEB LIABILITY

Valuation date: October 1, 2018

Methods and Assumptions Used to Determine Net OPEB Liability::

Actuarial Cost Method Entry Age Normal.

Inflation 2.5%.

Discount Rate 2.79%, the resulting Single Discount Rate based on the expected rate of

return on OPEB plan investments as of September 30, 2019 at 7.50% and the long-term municipal bond rate as of September 30, 2019 at

2.75%.

Salary Increases 2.95% to 6.40%, including inflation; varies by plan type and years of

service.

Retirement Age Experience-based table of rates that are specific to the plan and type of

eligibility condition.

Mortality Mortality Table used for Regular Class and Special Risk Class members

in the July 1, 2018 actuarial valuation of the Florida Retirement System, with generational projections using scale BB. They are based on the results of a statewide experience study covering the period 2008 through

2013.

Healthcare Cost Trend Rates Based on the Getzen Model, with trend starting at 6.1% for 2019 (based

on actural premium increase), followed by 6.50% for 2020, and then gradually decreasing to an ultimate trend rate of 4.24% plus 0.49% increase to reflect the Excise Tax on High-Cost Employer Health Plans. Based on the 2013 SOA Study "Health Care Costs - From Birth to Death".

Expenses Investment expenses are net of the investment returns; and,

Administrative expenses are included in the per capital health cost.

Other Information:

Aging factors

Notes There were no benefit changes during the year.

Assumption changes reflect the follow changes:

-The Single Discount Rate from the beginning of the year at 3.88% is changed to the end of the year at 2.79% (the resulting Single Discount Rate based on the expected rate of return on OPEB plan investments as of September 30, 2019 at 7.50% and the long-term municipal bond rate

as of September 30, 2019 at 2.75%).

-Assumed initial costs and premium amounts were revised to reflect premiums rates adopted for the 2018 plan year. For more details, refer to sections E and G of the September 30, 2018 Actuarial Valuation Report

dated October 4, 2019.

Note: Schedule is intended to show information for ten years. Additional years will be displayed as the information becomes available.

### **COMBINING FINANCIAL STATEMENTS**

These basic financial statements provide a summary overview of the financial position of all funds and account groups as well as the operating results of all funds. They also serve as an introduction to the more detailed statements and schedules that follow in subsequent sections:

Nonmajor Governmental Funds

Nonmajor Enterprise Funds

Internal Service Funds

Fiduciary Funds

Capital Assets Used in the Operation of Governmental Funds

This page intentionally left blank.

### NONMAJOR GOVERNMENTAL FUNDS

### **Special Projects**

Accounts for federal, state and local grants. These grants include but are not limited to the Community Development Block Grant, the Neighborhood Stabilization Program, the Homeless Prevention and Rapid Re-Housing Program, Emergency Shelter Grants, the HOME program and other miscellaneous grants. This fund includes other miscellaneous items that are to be used for general government purposes that are not appropriated in another fund.

### Law Enforcement

For the accounting of state and federal forfeitures received by the City as prescribed by Florida Statutes. Also included: the Federal Law Enforcement Block Grant revenues and expenditures; and Second Dollar funding revenues received from the County who collects fines from citizens guilty of a statute violation or local ordinance.

### Building Code Enforcement

Accounts for all assets, operations, and maintenance of the City's Building Inspection Division of the Growth Management Department. Revenues accounted for in this fund are derived from fees, fines, and investment earnings from the enforcement and implementation of the Florida Building code. Revenues in this fund were previously captured and reported in the General Revenue Fund.

### Concurrency

Accounts for activity resulting from the State's new concurrency requirements outlined in Chapter 163, F.S. This statute allows developers the opportunity to move forward with development despite concurrency constraints by contributing their fair share of the cost to improve the impacted transportation facilities.

### State Housing Partnership

Accounts for State funding to be used as an incentive to produce and preserve affordable housing for very low, low, and moderate income families.

### **Debt Service**

Accounts for the accumulation of resources for, and the payment of, interest and principal on all general long-term debt other than that payable from Proprietary Funds.

### Capital Improvement

Accounts for general revenue used for the acquisition or construction of general fixed assets.

### **Capital Bonds**

Accounts for bond proceeds used for the acquisition or construction of general fixed assets.

### Sales Tax Construction

Accounts for tax proceeds used for the acquisition or construction of public safety and transportation improvements.

### **Gas Tax**

Accounts for tax proceeds used for the acquisition or construction of transportation improvements.

### Cemetery

To accumulate resources for the perpetual maintenance of the City's cemeteries which include the sale and maintenance of plots.

#### INTERNAL SERVICE FUNDS

800 MHz Communication Supports the 800 MHz Radios Communications unit within the Information System Services. Revenues for the fund are derived from Leon County per agreement, and rentals from other users. The remaining cost is allocated to user departments. The allocation is based on the number of 800 MHz devices per department.

Information Systems Services Accounts for the costs of the City's data processing operations.

**Accounting** 

Accounts for the costs of the City's accounting operations.

**Purchasing** 

Accounts for the costs of the City's procurement operations.

Garage

Accounts for the costs of maintaining and operating the City's fleet management operation.

**Human Resources** 

Accounts for the costs of the City's employee relations operations.

Pension Administration Accounts for the costs of the City's employee retirement plan's administrative operation.

Risk Management

Accounts for the costs of the City's risk management.

**Internal Loan** 

Accounts for the loans received from the Sunshine State Governmental Financing Commission, which in turn are loaned to other funds to provide financing for capital projects.

**Revenue Collection** 

Accounts for the costs of the City's revenue collection services.

**Utility Services** 

Accounts for the costs of centralizing safety and training, environmental, GIS, sales, rate design, and marketing functions of the City's utilities.

**Environmental Policy** and **Energy Resources** 

Accounts for the City's environmental policy development and initiatives and environmental regulatory compliance.

**Community Relations** 

Accounts for the City's community relations function which serves to engage citizens through interactive educational outreach efforts focused on a variety of City services and programs ranging from utility services to transportation.

#### FIDUCIARY FUNDS

#### **Pension Trust**

Accounts for the accumulation of resources to be used for retirement annuity payments to City employees including both a Defined Benefit Plan and a Defined Contribution Plan. The Defined Benefit Plan accounts for general employees, police officers and fire fighters separately. The Defined Contribution Plan covers all employees.

#### **OPEB Trust**

Accounts for the accumulation of resources to be used for benefit payments for retirees' care costs.

## STATISTICAL SECTION

This part of the City's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, notes disclosures, and required supplementary information says about the City's overall financial health.

CONTENTS	PAGE
Financial Trends	
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Net Position by Component	181
Changes in Net Position	182
Fund Balances, Governmental Funds	185
Changes in Fund Balances, Governmental Funds	186
Revenue Capacity	
These schedules contain information to help the reader assess the City's most significant revenue source, the property tax.	
Assessed Value and Estimated Actual Value of Taxable Property	187
Direct and Overlapping Property Tax Rates	188
Principal Property Taxpayers	189
Property Tax Levies and Collections	190
Assessed Valuations, Millage and Taxes Levied and Collected	191
Debt Capacity	
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the Agency's ability to issue additional debt in the future.	
Ratios of Outstanding Debt by Type	192
Ratios of General Bonded Debt Outstanding	193
Direct and Overlapping Governmental Activities Debt	194
Computation of Legal Debt Margin	195
Revenue Bond Coverage:	
Energy System Revenue Bonds	196
Consolidated System Utility Revenue Bonds	197

Sources: Unless otherwise noted, the information in these schedules is derived from the City's Comprehensive Annual Financial Reports for the relevant year.

## STATISTICAL SECTION

Note: In accordance with requirements of GASB Statement 54, which was effective for periods beginning after June 15, 2010, fund balances are classified based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The GASB was implemented in fiscal 2011. Retroactive restatement was not possible due to personnel constraints.

Source: Leon County Property Appraiser

<sup>(1)</sup> Florida Statutes provide for a discount of up to four percent for early payment of ad valorem taxes. All unpaid taxes become delinquent on April 1 and are sold at auction on June 1 of each year as tax certificates. The City, after all tax certificates are sold, has fully collected all ad valorem tax revenues.

<sup>(2)</sup> Net collected includes penalties or late payments.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Tallahassee, Florida (the "City") as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the Citys' basic financial statements, and have issued our report thereon dated April 8, 2020.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Citys internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Citys internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying Schedule of Findings and Questioned Costs as items 2019.001 and 2019-002 that we consider to be significant deficiencies.

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated April 8, 2020.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MSL, P.A.

Certified Public Accountants

Tallahassee, Florida April 8, 2020

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, MAJOR STATE PROJECT, AND THE PASSENGER FACILITY CHARGE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE AND SCHEDULE OF PASSENGER FACILITY CHARGES REQUIRED BY THE UNIFORM GUIDANCE, CHAPTER 10.550, RULES OF THE AUDITOR GENERAL, AND PASSENGER FACILITY CHARGE AUDIT GUIDE FOR PUBLIC AGENCIES

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

## Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

We have audited the compliance of the City of Tallahassee, Florida (the .City)<sup>a</sup>/with the types of compliance requirements described in the U.S. Office of Management and Budget (àOMB) Compliance Supplement, the requirements described in the Department of Financial Services' State Projects Compliance Supplement, and the requirements described in the Passenger Facility Charge Audit Guide for Public Agencies issued by the Federal Aviation Administration (the "Guide") that could have a direct and material effect on each of the Citys major federal programs, major state projects, and the passenger facility charge program for the year ended September 30, 2019. The Citys major federal programs and major state projects are identified in the summary of auditors results section of the accompanying Schedule of Findings and Questioned Costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs, state projects, and the passenger facility charge program.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Citys major federal programs, major state projects, and the passenger facility charge program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States the audit requirements of Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards (Uniform Guidance"); and Chapter 10.550, Rules of the Auditor General; and the Guide.

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

#### Auditor's Responsibility (Continued)

Those standards, the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program, major state project, or the passenger facility charge program occurred. An audit includes examining, on a test basis, evidence about the Citys' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program, major state project, and the passenger facility charge program. However, our audit does not provide a legal determination of the City's compliance.

## Opinion on Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs, major state projects, and the passenger facility charge program for the year ended September 30, 2019.

#### **Report on Internal Control over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Citys' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program, major state project, and the passenger facility charge program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program, major state project, and the passenger facility charge program and to test and report on internal control over compliance in accordance with the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Citys internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

#### Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide. Accordingly, this report is not suitable for any other purpose.

#### Report on Schedule of Expenditures of Federal Awards and State Financial Assistance and Schedule of Passenger Facility Charges

We have audited the basic financial statements of the City as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated April 8, 2020, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance, and schedule of passenger facility charges are presented for purposes of additional analysis, as required by the Uniform Guidance, Chapter 10.550, Rules of the Auditor General, and the Guide, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

#### SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

#### For the Year Ended September 30, 2019

#### SECTION II - FINANCIAL STATEMENT FINDINGS

#### 2019-001 - Unbilled Utility Revenue

#### Type of Finding – Significant Deficiency

#### Criteria:

U.S. GAAP requires that charges for services revenue be reported in the fiscal period in which the service were provided. Services provided during the fiscal year but billed subsequent to fiscal year end should be accrued at year end.

#### **Condition:**

During our testing of accounts receivable, it was noted that unbilled utility revenue had not been evaluated and recorded in the current and prior periods. Due to this error, accounts receivable and net position were understated by approximately \$22.3 million across the City's general fund and proprietary funds except the City's Airport, StarMetro and Golf as of October 1, 2018.

#### Cause:

The City had deemed the unbilled utility revenue as immaterial in prior years. However, there was no process in place to evaluate the potential financial impact of unbilled utility revenues on a regular (annual) basis. There was also a lack of communication between the Utility Services Department and the Financial Reporting Division regarding this issue. The Financial Reporting Division was not aware that the Utility Services Department was not recording or evaluating unbilled utility revenues.

#### Effect:

A prior period adjustment due to a correction of an error was made to restate the applicable beginning fund balance/net positions and the related accounts receivable for the general fund and all proprietary funds except the Airport, StarMetro and Golf.

#### **Recommendation:**

We recommend that the City continue to record unbilled utility revenue in future years and strengthen communication between the Utility Services Department and the Financial Reporting Division.

#### Views of responsible officials and plan corrective action:

The City will continue to estimate and record unbilled utility revenue and will ensure that there is improved communication between the Utility Services Department and the Financial Reporting Division specifically as part of the close out process. Additionally, a requirement has been added to the RFP for new CIS software which requires the ability to generate estimated unbilled consumption and the resulting estimated charges using defined estimation rules.

## CITY OF TALLAHASSEE, FLORIDA

## SCHEDULE OF FINDINGS AND QUESTIONED COSTS (Continued)

## For the Year Ended September 30, 2019

#### 2019-002 - Capital Asset Reconciliation

## Type of Finding – Significant Deficiency

#### Criteria:

The City has a significant investment in capital assets. The City's asset management system is used as the inventory record of these assets. This system maintains various required information related to capital assets including: cost, depreciable life, depreciation expense, accumulated depreciation, asset location, asset custodian, etc. Capital assets recorded in an asset's subledger should be reconciled on a regular basis to the City's general ledger accounting system to ensure proper financial reporting.

#### **Condition:**

During our audit, we noted that the City's asset management system required a significant manual reconciliation process. This process includes information contained in excel spreadsheets required to reconcile to the general ledger. Information maintained in spreadsheets include significant assets in numbers and dollars which are not reported in the asset management system.

#### Cause:

Due to prior asset system conversions and a lack of coordination between various departments responsible for capital projects, the City has relied upon a manual process to reconcile its asset management system to the general ledger.

## **Effect:**

Although the City's capital assets are materially correct, this manual reconciliation process could lead to misstatements in the City's financial statements. Over the years, this has resulted in various financial reporting issues related to asset acquisition, disposal and reporting of asset depreciation.

#### Recommendation:

We recommend that the City review the capabilities of the asset management system to determine if the City can reduce the reliance on excel spreadsheets and manual reconciliations. We also recommend that the City begin a process to ensure that all assets be properly maintained in the asset management system.

### Views of responsible officials and plan corrective action:

Financial Services will go through the 9/30/2019 reconciliation and make sure that assets are either correctly entered into the asset management module or adjusted in the City's general ledger as appropriate. Additionally, Fixed Assets with work with the Enterprise Resource Planning group to develop a query or report to assist in simplifying the reconciliation process. Financial Services is planning to re-implement the asset management module. That process will involve a comprehensive review of the capabilities of the module as we continue to try to leverage technology to move towards paperless processes.

SECTION III - FEDERAL AWARD AND STATE FINANCIAL ASSISTANCE FINDINGS AND QUESTIONED COSTS SECTION

None Reported.

# CITY OF TALLAHASSEE, FLORIDA

# SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

## For the Year Ended September 30, 2019

## SECTION II - FINANCIAL STATEMENT FINDINGS

## 2018-002 - Capital Asset Accounting

**Significant Deficiency:** There were various issues related to capital asset accounting including reconciling the fixed asset management system to the general ledger, physical inventory and capital assets acquired by federal and state funds.

**Status:** Corrective actions have been implemented; however, a portion of the comment is still applicable. See current year finding 2019-002 in the schedule of findings and questioned costs.

NOTES					

- 1) The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (Schedule) present the activity of all federal programs and state projects of the City of Tallahassee for the year ended September 30, 2019. All expenditures related to federal awards and state projects received directly from federal and state agencies, as well as federal awards and state projects passed through other governmental agencies, are included in the accompanying Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2, US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance) and Chapter 10.550, Rules of the Florida Auditor General.
- 2) The Schedule was prepared on the modified accrual basis of accounting.
- 3) No federal or state financial assistance was expended in non-cash assistance.
- 4) The City has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
- 5) Housing loans outstanding at year end:

Community Development Block Grant – Entitlement	14.218	\$ 786,277
Home Investment Partnerships Program	14.239	\$ 4,157,085
State Housing Initiatives Partnership Program	40.901	\$ 1,761,491
		\$ 6,704,854

- 6) Expenditures in the amount of \$3,186,845 shown for the US Department of Homeland Security, pass through the Florida Executive Office of the Governor, Disaster Grants-Public Assistance (Presidentially Declared Disasters, CFDA 97.036, grant number PA-00-02-47-01-424, were incurred through September 30, 2018.
- 7) Statement in accordance with Chapter 341.052, Florida Statutes, Florida Department of Transportation, Public Transit Block Grant funds did not exceed local revenue; were not expended for depredation or amortization of capital assets; and did not supplant local tax revenues made available for operations in the previous year.

#### INDEPENDENT ACCOUNTANT'S REPORT

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

We have examined the compliance of the City of Tallahassee, Florida (the àCity)<sup>a</sup>/with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2019. Management is responsible for the Citys compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with those requirements. An examination involves performing procedures to obtain evidence about the Citys` compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2019.

MSL, P.A.

Certified Public Accountants

Tallahassee, Florida April 8, 2020

#### INDEPENDENT AUDITOR'S MANAGEMENT LETTER

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

## **Report on the Financial Statements**

We have audited the basic financial statements of the City of Tallahassee, Florida (the City) ` as of and for the year ended September 30, 2019, and have issued our report thereon dated April 8, 2020.

## **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America` the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States<sup>r</sup> the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements*, *Cost Principles*, and the Audit Requirements for Federal Awards (Uniform` Guidance) <sup>r</sup> and Chapter 10.550, Rules of the Auditor General; and the Passenger Facility Charge Audit Guide for Public Agencies.

#### **Other Reporting Requirements**

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards; Independent Auditors' Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program and on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance and Schedule of Passenger Facility Charges Required by the Uniform Guidance, Chapter 10.550, Rules of the Auditor General, and Passenger Facility Charge Audit Guide for Public Agencies; Schedule of Findings and Questioned Costs' and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT.C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated April 8, 2020, should be considered in conjunction with this management letter.

## **Prior Audit Findings**

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, the current year status of prior audit findings is as follows:

#### 2018-001 Capital Assets Accounting

Current Year Status: Repeated in the current year as Finding 2019.002, Capital Asset Reconciliation in the Schedule of Findings and Questioned Costs.

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

### 2018-002 Communication and Financial Services Department

Current Year Status: We consider this finding partially resolved, see current year finding 2019-004 for aspects of this finding that are still applicable.

### 2018-003 Financial Reporting Division

Current Year Status: Fully resolved.

#### 2018-004 Bank Reconciliations

Current Year Status: Fully resolved.

#### 2018-005 P-card Program

Current Year Status: No instances of non-compliance noted in our testing, we consider this comment

fully resolved.

## 2018-006 Subrecipient Monitoring

Current Year Status: Fully resolved.

## 2018-007 Procurement of Contracts with Davis-Bacon Provisions

Current Year Status: Fully resolved.

## Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

## **Financial Condition and Management**

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we have the following recommendations:

## 2019-003 - Utility Accounts Receivable Aging Reports

#### Criteria

Utility accounts receivable aging reports are an important tool to determine if the City's customer accounts receivable is properly valued. It can also be used to assist the City with determining if there are any issues with collections.

## **Condition:**

During our testing of utility accounts receivable, it was noted that the City was not able to produce a detailed utility accounts receivable aging by customer.

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

#### Cause:

The City's Customer Information System ("CIS") does not have the capability to generate the report.

#### **Effect:**

The City may not able to properly analyze its utility customer A/R including: the general aging of receivables, are there significant aged credit balances and which customers are significantly past due.

#### **Recommendation:**

The City is currently considering upgrading to a new CIS software. We recommend that the City require that the detailed accounts receivable customer aging reports be part of the reporting package for the new CIS software. We also recommend that the City include the Financial Services Department ("FSD") as part of the evaluation and conversion team for any new CIS software.

## Views of responsible officials and plan corrective action:

The City has included the requirement in the RFP for the new CIS software that a detailed accounts receivable aging report can be produced to tie to the General Ledger. Communication has been established between the CIS Team and the Financial Services Department and the latter will be included as part of the evaluation and conversion team. Pending implementation of the new software, a report will be created to simulate such a report as closely as possible.

### 2019-004 - Communication with Financial Services Department

#### Criteria:

All agreements that have a financial impact to the City should be communicated to the FSD so that they can properly evaluate and record the agreements in accordance with applicable accounting and reporting standards. Ideally, FSD would be part of the process prior to finalization of such agreements but, at a minimum, this information should be provided to them timely in order to ensure the proper accounting and reporting of these agreements.

#### Condition:

During our audit, the FSD notified us that two capital lease agreements were not properly reported in the financial statements.

#### Cause:

Due to the reliance of the FSD on other City departments to provide them financial agreements, agreements are not timely provided or not provided at all to FSD. Therefore, FSD is unable to ensure the proper reporting of all financial agreements.

#### **Effect:**

FSD was required to make adjusting journal entries to properly record the capital leases in the general ledger after they had understood that all agreements were properly recorded. Also, the risk that the City may not have all agreements properly recorded in the financial statements is increased due to the reliance of FSD on other departments.

#### Recommendation:

We recommend that the City develop a process which ensures that FSD is part of the information flow related to any agreements that will have a financial statement impact to the City.

The Honorable Mayor and Members of the City Commission City of Tallahassee, Florida

## Views of responsible officials and plan corrective action:

Financial Services will work with other City departments to develop a process which will ensure that Financial Services is part of the finalization process of all agreements that will have a financial statement impact.

## **Special District Component Units**

Section 10.554(1)(i)5.c, Rules of the Auditor General, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

## **Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Mayor, City Council, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.
