INDEPENDENT AUDITOR'S REPORT

To The Honorable Mayor and
Members of the Town Council
Town of Campbellton
Campbellton, Florida 32426

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Campbellton, Florida as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based upon my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund , and the aggregate remaining fund information of the Town of Campbellton, Florida as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-9 and 31-32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

In accordance with Government Auditing Standards, I have also issued my report dated August 24, 2021 on my consideration of the Town of Campbellton's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*, and should be considered in assessing the results of my audit.

MANAGEMENT DISCUSSION AND ANALYSIS OF THE FY 2020 AUDIT

The FY 2020 Audit of the financial activities of the Town of Campbellton was performed by Bruce D. Mann, CPA, and provides an objective, impartial analysis of the strengths and weaknesses of the Town of Campbellton's financial operations for FY 2020. This discussion and analysis of the audit provided by the management of the Town of Campbellton will summarize and further explain the financial statements, provide a summary of net assets, discuss long-term debt and obligations of the town, and identify future direction and goals for FY 2020 and beyond.

SUMMARY OF THE FINANCIAL STATEMENTS

The Town of Campbellton is a small rural community located in Jackson County in the Florida Panhandle, just 3 miles from the Alabama State line. Development has proven difficult due to the condition of the economy, decreasing population within the town, and limited resources.

This discussion of the Town's audited statements will follow the same general order as the Audit Report, so that the Town's residents can better understand both the Audit and management's analysis and discussion of it, including the following topics:

- a. Government-wide Financial Statements, which are found on pages 10-11 of the Report.
- b. Fund Financial Statements, which are found on pages 12-17 of the Audit Report.
- c. Notes to the Financial Statements, which are found on pages 18-30,
- d. Other Contents, found on pages 31-32 of the Audit.

Government-Wide Financial Statements

These two statements present financial information for the Town of Campbellton in a manner consistent with private sector businesses.

Statement of Net Position (page 10). This statement describes the financial resources of the Town, including the General Fund or Governmental Activities, which is the Town's largest fund, and for the Town's fee earning or Business-Type Activities comprised of the Water Enterprise Fund. Simply stated, the formula for preparation of this statement is:

Current Assets plus Non-current Assets less Liabilities = Net Position.

Current and Non-current Assets include all of the resources of the Town, even those which are owed to the Town but not yet received. Liabilities show all known obligations of the Town which have not been paid by the fiscal year end. The difference between assets and liabilities totals a net asset or net worth amount of \$2,848,117 for FY 2020.

Generally it is expected that net assets will improve over time. The Town experienced an decrease of \$126,824 in net position during FY 2020.

Statement of Activities (page 11). This statement allows one to identify the activities responsible for the \$126,824 decrease in net assets. The line "Changes in Net Position" (third from the bottom), shows that Government Activities accounted for \$76,517 decrease, and Business-Type Activities \$50,306 reduction, for a total decrease in net assets of \$126,823. More detailed analysis can be performed by tracing the reductions by activity in the listing above. In this way management can discern areas in which future actions can perhaps improve "Changes In Net Position," although improvements may not always be possible due to emergencies or a shortage of resources.

Summary. The two statements referenced above included functions that were funded primarily by taxes, intergovernmental revenues, and fees for services. These activities include general government, public safety, including Fire and Law Enforcement, physical environment, transportation, culture/recreation, interest on long-term debt, and water. The Cable TV service was discontinued in FY 2012 due to a declining number of customers and losses incurred by operation of the Cable system. A Law Enforcement Automation (Communications Equipment) Account is included as a part of the Law Enforcement, Public Safety element. The Red Light Camera Program was discontinued in FY 2016.

Fund Financial Statements

The funds of the Town of Campbellton have been identified as Governmental and Proprietary. The Fund Financial Statements provide additional information which is invaluable to management for major decision making in future periods.

Governmental Fund Statements

Balance Sheet (page 12). The Town of Campbellton's balance sheet for Government Funds includes information for the General Fund and the Communications Equipment, shown as "Other" on the balance sheet report. The formula for this statement is:

Assets less Liabilities = Fund Balances; or Assets= Liabilities plus Fund Balances.

One of the most significant items on the Balance Sheet is the amount of unassigned Fund Balance, totaling \$120,667. This is the amount available for use in future periods. An amount of \$4,066 is committed for debt service and \$29,831 is already committed for other uses.

The Balance Sheet is reconciled to the "Net Asset" figure for Governmental Activities of \$2,009,312 shown in the first column (Governmental Activities) on page 10 of the Audit Report, decreased slightly from \$2,085,831 last year.

Statement of Revenues, Expenditures and Changes to Fund Balances (Page 13). This statement identifies the amount and source of all revenues and expenses for the General Fund and Communications Equipment (Other) for the Town of Campbellton.

General Fund expense exceeded revenue by \$9,947. However, other financing sources increased the excess by \$17,843 leaving a net decrease in the fund balance of \$27,790. The balance at the end of FY 2020 was \$124,733 in the General Fund. In the Communications Equipment, revenues exceeded expenses by \$380. This amount produced an increase of \$380 for FY 2020, bringing the account balance to \$29,831 at year-end. The year-end balance of the General and Other Account totaled \$154,564 for FY 2020, an decrease of \$27,410 from last year.

Reconciliation Report (Page 14). The last statement for Government funds reconciles the net change in fund balances as "Net Changes in Fund Balance," totaling \$(27,410) to the "Changes in Net Position - Governmental Activities".

Summary. The Town of Campbellton adopts an annual appropriated budget for its General Fund, which is adjusted as needed throughout the year and at year-end to equate to actual expenditures for the year. The fund statements focus more on short-term spendable resource availability while the previous government-wide statements reveal more of the long-term impact of spending decisions, Therefore both are beneficial for planning and evaluation purposes of the Town's management.

Proprietary Fund Statements

Statement of Net Assets (Page 15). This statement provides more detail for the Water (Enterprise) Fund than is shown in the Government-Wide Statement. The formula for this statement is:

Total Assets less Total Liabilities equals Net Assets.

The total of net assets \$838,804 is the same amount reflected in the second column of the Government-Wide Statement on Page 10. In addition it is important to note the balance on the Notes Payable of \$86,499 for FY 2020 and beyond. Payments for FY 2020 totaled \$4,527.

The ending Net Asset balance of \$838,804 is consistent with the prior statements for proprietary funds.

Statement of Revenues, Expenses, and Changes In Net Assets (Page 16). This statement shows that the proprietary funds of the Town of Campbellton had an operating loss of \$30,306 in FY 2020.

Statement of Cash Flows (Page 17). This statement reflects operating loss in the proprietary funds of \$66,080 for FY 2020. The decrease in cash and equivalents totaled \$2,175, leaving a balance of cash and cash equivalents at the end of FY 2020 of \$75,403.

Summary. The Town of Campbellton budgets for the Water Fund utilizes existing fee schedules, projected number of customers, and estimated expenditures. It adjusts budget to actual at fiscal year-end. Rate studies are performed periodically for the Town by our Water System Manager and Florida Rural Water.

At the end of FY 2020, combined bank balances for all funds totaled \$162,405.

Notes to the Financial Statements

The Notes to the above government-wide and fund statements are found on Pages 18-30, and are provided so that readers may fully understand the data shown in the statements. They contain statements of policy relating to accounting, budgeting, banking, debt, compliance with legal requirements, and other matters vital to a thorough understanding of the Town's financial statements.

Other Contents

Required Supplementary Information (Pages 31-32) compares actual receipts and expenditures to budgeted amounts.

Government Auditing Standards Requirements (Pages 33-34) provides the Auditor's report on internal control over financial reporting, compliance, and other matters based on auditing standards.

The Schedule of Findings (Pages 35) advises the Town of areas that need to be improved or are out of compliance. These are discussed at the end of this report.

The Auditor's Report to Management (Pages 36-38) provides the Auditor's analysis of the audit for the Town and indicates his compliance with applicable rules and regulations.

FINANCIAL ANALYSIS OF FY 2019/2020

Net assets may serve over time as a useful indicator of financial position. The Town of Campbellton, Florida's assets exceeded liabilities by \$2,848,117 at the close of FY 2020. A substantial portion of the Town of Campbellton Florida's net assets, (94.61%) reflects its investment in capital assets (land, buildings, streets, water system, park, machinery and equipment) less any related debt used to acquire those assets that is still outstanding. The Town of Campbellton uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Campbellton's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Town of Campbellton Florida's Net Assets

	2020		
	Governmental Activities	Business-type Activities	Total
Current and other assets	\$ 172,498	\$ 3,111	\$ 175,609

Total net assets	<u>\$ 2,085,831</u>	<u>\$ 889,110</u>	<u>\$ 2,974,941</u>

An additional portion of the Town of Campbellton's net assets (less than 1%) represents resources that are subject to external restrictions on how they may be used. The remaining balances of unrestricted net assets may be used to meet the government's ongoing obligations to citizens and creditors. Although the Water Fund incurred a deficit for the audit year in unrestricted net assets, total net assets portrays a positive balance for both government, business-type, and total net assets at the end of the year.

Town of Campbellton, Florida
Notes to Financial Statements

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

Introduction

The financial statements of the Town of Campbellton, Florida are prepared in accordance with generally accepted accounting principles (GAAP). The Town's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

Reporting Entity

The Town of Campbellton, Florida, (the Town) is located in northwest Florida in Jackson County. The town operates under an elected Mayor and Town Council and serves approximately 500 residents. The Town provides a full range of municipal services, including fire protection, public works activities, parks and recreation, and general administrative services. In addition, the Town operates a water utility and operated a cable system until July, 2011 when it was discontinued.

Government-wide Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the Town of Campbellton, Florida, as a whole excluding fiduciary activities. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and Town general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include 1) charges for services which report fees, fines and forfeitures, and other charges to users of the Town's services; 2) operating grants and contributions which finance annual operating activities including restricted investment income; and 3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses. Taxes and other items not properly included among program revenues are reported as general revenues.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES - Continued

Fund Financial Statements

Fund financial statements are provided for the governmental and proprietary funds. Non-major governmental funds are reported in separate columns.

Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Reimbursements are reported as reductions to expenses. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectable within the current period or soon enough thereafter to pay liabilities for the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are recorded when the related fund liability is incurred, except for debt principal and interest which are recorded as expenditures in the year due.

Major revenues sources susceptible to accrual include: sales and use taxes, property taxes, intergovernmental revenues, and investment income. In general, other revenues are recognized when cash is received.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Types and Major Funds

Governmental Funds

The Town reports the following major governmental funds:

General Fund – reports as the primary fund of the Town. This fund is used to account for all financial resources not reported in other funds.

Proprietary Funds

The Town reports the following major proprietary funds:

Water – accounts for the revenues and expenses, capital assets and debt for the utility department of the Town.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES - Continued

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund’s principal ongoing operations. The principal operating revenues of the Town’s proprietary funds are charges to customers for sales and services. Operating expenses for the proprietary funds includes the cost of personnel and contractual services, supplies, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenues and expenses.

Cash and Investments

Amounts shown as cash include cash in checking accounts, cash on hand, cash in savings accounts and certificates of deposit.

Restricted Assets

Restricted Assets consist of cash and investments, which are required by resolution to be set-aside for specific purposes and are therefore unavailable for general operating purposes.

Capital Assets and Depreciation

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, right of ways, stormwater system, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Property, plant and equipment with an initial, individual cost that exceeds \$5,000 and estimated useful lives of over one year are recorded as capital assets. Roads, bridges, and sidewalks are capitalized when their initial costs exceed \$25,000 and possess estimated useful lives of more than one year. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are valued at their estimated fair value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

GASB Statement No. 34 requires the Town to report and depreciate new infrastructure assets effective October 1, 2003. These infrastructure assets are likely to be the largest asset class of the Town.

Estimated useful lives, in years, for depreciable assets are as follows:

Buildings	20-50
Electrical, sewer, water and wastewater system	10-50
Equipment	5-20
Infrastructure	25

Major outlays for capital assets and improvements are capitalized as projects are constructed.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES - Continued

Property Taxes

Under Florida Law, the assessment of all properties and the collection of all Town municipal and school board property taxes are consolidated in the offices of the Property Appraiser and Tax Collector. The laws of the state regulating tax assessment are also designed to assure a consistent property valuation method statewide. Florida Statutes permit municipalities to levy property taxes a rate of up to 10 mills for general operations. The Town's millage rate for the year ended September 30, 2020 was 2.9399 mills.

All taxes are generally due and payable on November 1 of each year. Discounts are allowed of four, three, two and one percent for payments in November through February, respectively. Delinquent taxes at April 1, are converted, by the County, into Tax Certificates. Therefore, there are no significant taxes receivable at year end.

Long-Term Debt

In the government-wide financial statements, outstanding debt is reported as liabilities.

The governmental fund financial statements recognize the proceeds of debt as other financial sources of the current period.

Fund Equity

The governmental fund financial statements report reserved fund balance for amounts not available for appropriation or legally restricted for specified purposes.

Risk Management and Insurance

The Town insures itself against losses from casualty, accident and dishonesty by purchasing municipal insurance through the Florida Municipal Insurance Trust. The Town believes the level of insurance purchased is adequate to protect against material loss. No significant changes in coverage or claims have been made in the last year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES - Continued

Budgets and Budgetary Accounting

The Town uses the following procedures in establishing the budgetary data reflected in the financial statements.

1. The Town adopts its budget in accordance with Chapter 166 and 200, Florida Statutes.
 - (a) The Town follows an internal hearing process to set the proposed tentative budget and millage.
 - (b) Public hearings are then held to adopt both a tentative budget and millage, and a final budget and millage, in accordance with Chapters 166 and 200, Florida Statutes.
 - (c) Budget amendments are made in accordance with applicable Florida Statutes.
2. Budgets are reported for the General Fund and Special Revenue Funds.
3. All budgets are adopted in accordance with Generally Accepted Accounting Principles.
4. Florida Statutes do not require adoption of budgets for Debt Service Funds.
5. Level of Control – Expenditures may not exceed appropriations and are controlled in the following manner:
 - (a) The budget is controlled according to Chapter 166, Florida Statutes, at the total fund level.
 - (b) Any budget amendment or transfer of funds must be approved by the Town.

Compensated Absences

The Town maintains a policy that permits employees to accumulate earned but unused vacation and sick pay benefits that will be paid to employees upon separation from Town services if certain criteria are met. These benefits, plus their related tax costs are classified as compensated absences. Employees may be paid for unused vacation hours accrued up to a maximum amount. Payment of unused sick leave, upon termination, is also provided for up to varying amounts.

NOTE 2 – CASH DEPOSITS WITH FINANCIAL INSTITUTIONS

At year end, the carrying amount of the Town's deposits was \$162,405 and the bank balances were \$160,560.

NOTE 3 – RECEIVABLES

The Town reported receivables as follows:

General Fund	
Due from Other Governments	<u>\$ 7,752</u>
Enterprise Fund – Water System	
Water Fees	<u>\$ 5,452</u>
Total	<u>\$ 13,204</u>

No allowances for uncollectable accounts are considered necessary.

NOTE 4 – INTERNAL BALANCES

At September 30, 2020, the Town had interfund receivables and payables that resulted from various interfund transactions as follows:

	<u>Due From</u>	<u>Due To</u>	<u>Purpose</u>

NOTE 8 – WATER SYSTEM REVENUE BONDS

The Resolution No. 06-04 adopted August 8, 2006 and supplemented by Resolution No. 07-06, adopted on June 12, 2007 requires the establishment of certain “trust funds” to ensure repayment of the Water System Revenue Bonds. A summary of these requirements is as follows:

- A. All cash income for the ownership and operation of the system shall be deposited into the “Revenue Fund” on or before the 15th day of each month. Transfers are to be made to certain accounts.
- B. The “Sinking Fund” is to be used exclusively for the purpose of paying principal and interest on the revenue bonds and is to be funded by transferring each month from the “Reserve Fund” one-twelfth of the next annual interest and principal requirement.
- C. Revenues shall be transferred into the “Bond Reserve Account” until the balance is equal to the Reserve Fund Requirement. The Reserve Fund Requirement does not exceed the lesser of 1) maximum annual debt service on the Bonds, 2) 125% of average annual debt service on the Bonds, or 3) 10% of the original principal amount of the Bonds. The funds in this account shall be used only for paying the cost of repairing or replacing any damage to the system caused by an unforeseen catastrophe, construction improvements or extensions to increase net revenues, and paying principal and interest in the event that the Sinking Fund is insufficient to meet such payments.
- D. The “Operation and Maintenance” Fund is to be used exclusively for the purpose of receiving funds transferred monthly from the revenue fund and for paying the current expenses of the system pursuant to the annual budget.
- E. Excess funds not required by the above accounts are to be transferred to a Redemption Account. This account is to be used to redeem the Bonds in inverse order or to acquire outstanding bonds subject to limitations.

NOTE 9 – CAPITAL IMPROVEMENT REVENUE BOND

Resolution No. 08-01 adopted September 13, 2007 requires the establishment of certain trust funds to ensure repayment of the Capital Improvement Revenue Bond. A summary of these requirements is as follows:

- A. All revenues received from the interlocal agreement (fire protection) with the Jackson County Board of County Commissioners shall be deposited promptly into the “Revenue Fund” when received.
- B. The Town shall establish a “Sinking Fund” and shall transfer on or before the 15th day of each month from the “Revenue Fund” the following amounts, in the following order:
 - 1. A sum equal to one-twelfth of the amount of one year’s interest on all the Bonds then outstanding.

NOTE 9 – CAPITAL IMPROVEMENT REVENUE BOND– Continued

2. A sum equal to one-twelfth of the principal of the Bonds maturing on the next succeeding anniversary date.
3. The sum of one-twelfth of one-tenth of the maximum Bond Service Requirement shall be transferred into a “Reserve Account” established within the “Sinking Fund” until such time as the funds and investments therein shall equal the Maximum Bond Service Requirement, and monthly thereafter such amount as may be necessary to maintain the Maximum Bond Service Requirement in the Reserve Account, but not exceeding one-twelfth of one-tenth of the Maximum Bond Service Requirement monthly.

C. The Town shall establish a “Redemption Account” and transfer on or before the 15th day of each month the balance of excess funds in the “Revenue Fund”.

NOTE 10 – CABLE TV SERVICE

Due to a low number of subscribers to the Town’s Cable System, the Town ceased operation of the Cable service to its subscribers in July, 2011. The Town is presently looking for a buyer for the used cable equipment.

NOTE 11 – COMPLIANCE WITH LEGAL PROVISIONS

The Town is in compliance with all legal provisions to the best of the Town’s knowledge.

NOTE 12 – FUND DEFICIT

The Town operated a Cable system but due to a low number of subscribers, it produced a deficit unreserved fund balance. As discussed in Note 10, the Cable system operation was discontinued in July, 2011. The Cable system has a fund deficit of \$33,179.

NOTE 13 – LITIGATION

The Town attorney states that the Town is part of a pending litigation with other cities in Florida over the legality of the Red Light Camera Systems. The attorney feels that the Town will have no financial liability from this litigation.

The notes to the financial statement are an integral part of this statement

Town of Campbellton, Florida
Budgetary Comparison
For the Year Ended September 30, 2020

Note A to Required Supplementary Information

The Town adopted budgets for the governmental funds of the Town on a basis consistent with generally accepted accounting principles. Budget amounts are as originally adopted by the Town Council. The budget was adopted on September 23, 2019. Any changes to the budget must be approved by the Town Council. The legal level of budgetary control is at the total fund level. The Town amended its 2019-2020 budget on September 29, 2020 to agree budget to actual figures effective September 30, 2020.

The Town has adopted a budget for the enterprise fund for administrative purposes only. The budget is a fixed budget and a Non-GAAP basis budget.

Excess of Expenditures over Appropriations

Since the Town amended its 2019-2020 budget to agree budget figures with actual results, there were no excess of expenditures over appropriations for the year ended September 30, 2020.

**Independent Auditor's Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters
Based On An Audit Of Financial Statements
Performed In Accordance With Government Auditing Standards**

Honorable Mayor
and Members of the Town Council
Town of Campbellton
Campbellton, Florida 32426

I have audited, in accordance with standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Campbellton, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Town of Campbellton, Florida's basic financial statements, and have issued my report thereon dated August 24, 2021.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Town of Campbellton, Florida's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Campbellton, Florida's internal control. Accordingly, I do not express an opinion on the effectiveness of the Town of Campbellton, Florida's internal control.

My consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings, I identified certain deficiencies in internal control that I consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. I consider the deficiency described in the accompanying schedule of findings as item 04-1 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. I consider the deficiency described in the accompanying schedule of findings as item 04-01 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Campbellton, Florida's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Town of Campbellton, Florida's Response to Findings

The Town of Campbellton Florida's written responses to the findings identified in my audit have not been subjected to the audit procedures applied in the audit of the financial statements and, accordingly, I express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS

TOWN OF CAMPBELLTON, FLORIDA
SCHEDULE OF FINDINGS
Year Ended September 30, 2020

04-01

Criteria – Custody of assets, record keeping and recording of assets should have adequate separation.

Condition – Due to the size of the organization, proper separation of duties may not be feasible.

Effect - This condition represents a significant deficiency in the design and operation of the Town's internal control structure and could possibly adversely affect the Town's ability to record, process, summarize, and report financial data consistent with assertions of management in the Town's financial statements.

Cause – This is a small local government with a small bookkeeping staff.

Recommendation - The Town should compensate for this lack of segregation of duties by being conscious of the financial affairs of the Town. The Mayor and/or Council should review all bills before they are paid and evidence their approval on the invoice even though two signatures are required on all checks. The Town should continually be aware of the lack of segregation of duties and the significant deficiency in the design and operation of its internal control structure.

INDEPENDENT AUDITOR'S REPORT TO MANAGEMENT REQUIRED BY THE STATE OF FLORIDA

To the Honorable Mayor and
Town Council Members
Town of Campbellton
Campbellton, Florida 32426

I have audited the financial statements of the Town of Campbellton, Florida, as of and for the fiscal year ended September 30, 2020, and have issued my report thereon dated August 24, 2021.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. I have issued my Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters and Schedule of Findings. Disclosures in those reports and schedule, which are dated August 24, 2021 should be considered in conjunction with this management letter.

Additionally, my audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General, which governs the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditor's reports or schedule:

- Section 10.554(1)(i)1., Rules of the Auditor General, requires that I determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report except as noted below under the heading Prior Year Findings and Recommendations.
- Section 10.554(10)(i)2., Rules of the Auditor General, requires my audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with my audit, I determined that the Town of Campbellton, Florida complied with Section 218.415, Florida Statutes.

- Section 10.554(1)(i)3., Rules of the Auditor General, requires that I address in the management letter any recommendations to improve financial management. See the items under the heading Prior and Current Year Findings for my recommendations.
- Section 10.554(1)(i)4., Rules of the Auditor General, requires that I address violations of provisions of contract or grant agreements, or abuse, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with my audit, I did not have any such findings.
- Section 10.554(1)(i)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that have an inconsequential effect on financial statements considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, and (2) control deficiencies that are not significant deficiencies. See the items under the heading Prior and Current Year Findings for my recommendations.
- Section 10.554(1)(i)7.a, Rules of the Auditor General, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of any specific condition(s) met. In connection with my audit, I determined that the Town of Campbellton, Florida, did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- Section 10.554(1)(i) 7.b, Rules of the Auditor General, requires that I determine whether the annual financial report for the Town of Campbellton, Florida, for the fiscal year ended September 30, 2020, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2020. In connection with my audit, I determined that these two reports were in agreement.
- Pursuant to Sections 10.554(1)(i) 7.c. and 10.556(7), Rules of the Auditor General, I applied financial condition assessment procedures. It is management's responsibility to monitor the Town of Campbellton, Florida's financial condition, and my financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
- Pursuant to Section 218.39(5), Florida Statutes, requires that I determine whether a financial emergency situation exists for the entity. In connection with my audit, I determined that the entity is not in a financial emergency situation for the fiscal year ended September 30, 2020.

Prior Year Findings

None

Pursuant to Chapter 119, Florida Statutes, this management letter is public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require me to indicate that this letter is intended solely for the information and use of management, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

To the Honorable Mayor and
Town Council Members
Town of Campbellton
Campbellton, Florida 32426

I have examined the Town of Campbellton, Florida's compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, during the year ended September 30, 2020. Management is responsible for the Town's compliance with those requirements. My responsibility is to express an opinion on the Town's compliance based on my examination.

My examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my examination provides a reasonable basis for my opinion. My examination does not provide a legal determination on the Town's compliance with specified requirements.

In my opinion, the Town complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

August 24, 2021

The Town of Campbellton wishes to thank the Auditor for his work and recommendation to improve the effectiveness of the operations of the Town of Campbellton, and the respond to the Prior Year Findings of the September 30, 2020 Audit by providing the following comments:

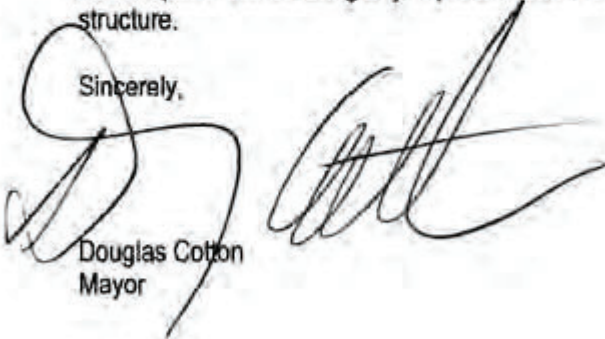

Finding 04-01: Custody of assets, recordkeeping, and recording of assets should have adequate separation.

This finding has been ongoing due to the small size of the Town's staff, and may continue to be an issue in the future. The Town Council has, however, become more conscious of financial activities of the Town by reviewing all bills before they are paid and dating and signing approval of all invoices prior to payment. Two signatures are required on all checks.

Also, the Town has employed a part-time clerk who receives all invoices, matches them with signed purchase receipts for all purchases made by Town staff or Commissioners, assigns account numbers, secures approval of the necessary Commissioner or Mayor, and passes them to the Town Clerk, who prepares the checks for signature by two authorized parties. In addition, financial statements for each account are reviewed by the Council at its regular meetings. Any purchase over \$350 requires the approval of the full Council.

The Town feels it has made substantial progress in complying with the requirement for adequate separation of duties and is open to considering any improvements that can feasibly be made with the confines of the Town's existing structure.

Sincerely,

Douglas Cotton
Mayor
