April 8, 2021

To the Honorable Mayor, Members of the City Commission, and Citizens of the City of Fruitland Park, Florida:

The Comprehensive Annual Financial Report (AFR) for the City of Fruitland Park, Florida, for the fiscal year ended September 30, 2020 is hereby submitted pursuant to Florida Statutes Chapter 218.39 and Chapter 10.550 of the Rules of the Auditor General of the State of Florida. State law requires an annual financial audit of local government entities be completed no later than nine months after the end of the fiscal year. This AFR is published to fulfill this requirement for the fiscal year ended September 30, 2020 and to provide our citizens, city commission, city staff, creditors and other interested parties with detailed information concerning the financial condition and activities of the City.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, which is based on a comprehensive framework of internal controls established for this purpose. Because the cost of the internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

We believe that the City's internal accounting controls adequately

safeguard assets and provide reasonable assurance of proper recording of financial transactions. In addition, we believe the information contained in this report is presented in a manner designed to fairly present the financial position and results of operation of the City as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain a maximum understanding of the City's financial affairs are included.

The City of Fruitland Park maintains budgetary controls to ensure compliance with legal provisions contained in the annual appropriated budget approved by the City Commission. Annual budgets are legally adopted for the activities of the General Fund, Redevelopment Fund, Capital Projects Fund, Utility Fund, Firefighter Pension Trust Fund and the Recreation Programs Fund. Budgets are controlled at the department level and total expenditures may not legally exceed appropriations for each budgeted department without Commission approval. Encumbrance accounting is utilized to reserve the encumbered portion of the appropriation.

The City of Fruitland Park's financial statements have been audited in accordance with generally accepted auditing standards by McDermitt Davis, Certified Public Accountants and Advisors. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City of Fruitland Park are free of material misstatement. The independent audit involves examining, on a test basis,

506 W. Berckman Street  
Fruitland Park, Florida 34731

Tel. (352) 360-6727  
Fax. (352) 360-6686

evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and estimates made by management; and evaluating the overall financial statement presentation. McDirmit Davis concluded, based upon the audit, that there is reasonable basis for rendering an unmodified (“clean report”) opinion that the City of Fruitland Park’s financial statements for the fiscal year ending September 30, 2020, are fairly presented in conformity with generally accepted accounting principles (GAAP). The independent auditor’s report is located at the front of the financial section of this report.

Management’s Discussion and Analysis (MD&A), immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A provides “financial highlights” and interprets the financial report by analyzing trends and by explaining changes, fluctuations, and variances in the financial data. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

## **Profile of the City**

The City of Fruitland Park is operated under a Commission-Manager form of government. Policymaking and legislative authorities are vested in the City Commission that consists of a Mayor and four other Commission members. The Mayor presides over commission meetings and public ceremonies. The Commission is non-partisan and the

members are elected to four year staggered terms. The City Commission is responsible, among other things, for passing ordinances, adopting the budget, appointing boards, and hiring the City Manager, City Finance Director, City Clerk, City Attorney and the City Auditor. The City Manager is responsible for carrying out the policies of the Commission, overseeing the day-to-day operations and appointing department heads.

The City of Fruitland Park, incorporated in 1927, is located in central Florida. It is empowered by Florida Statute to extend its corporate limits by annexation, which it does from time to time. Fruitland Park has a population of 10,206 and a land area of approximately 7.31 square miles. It has 73.73 miles of street. The Villages added an additional 17.008 miles of streets. The City’s property tax millage rate is \$3.9134 per \$1000 for fiscal year 2020, same as last year.

The City of Fruitland Park provides a full range of services to its residents. These services include a public library, police and fire protection, the construction and maintenance of local streets and infrastructure, and recreational and cultural activities and events. The City also maintains and operates water and sewer utilities. Garbage collection and disposal services are provided by way of an exclusive franchise agreement with Waste Management Inc.

The annual budget serves as the foundation for the City of Fruitland Park’s financial planning and control. All

department heads are required to submit requests for appropriation to the City Manager. The City Manager uses these requests as a basis for developing a proposed budget and then presents the proposed budget to the City Commission for review. The City Commission is required to hold two public hearings, one on the proposed budget and a second to adopt a final budget by no later than September 30<sup>th</sup>, the close of the fiscal year. The City Manager and Department Heads may transfer resources within a department as necessary; however transfers between departments require special approval (budget amendment by resolution) from the City Commission. The City of Fruitland Park utilizes an encumbrance accounting system to maintain budgetary control. These encumbrances lapse at year-end.

### **Local economy**

Fruitland Park, which is located in northwest Lake County, is essentially residential in character and its economy is primarily centered in retail trade and service industries. Fruitland Park is located in the triangle between Leesburg, Lady Lake and The Villages, the largest residential retirement community in the state.

Evidence of growth has begun to show all over the City of Fruitland Park. One of the most visible signs of this event is taking place on the north western boundaries of the City. In 2008, approximately 989 acres of property was annexed into the City of Fruitland Park. This development is referred to as the "Pine Ridge Dairy". In May 2014, 780 of those acres were

purchased by The Villages and approved for development as the "Villages of Fruitland Park". The approved plan includes 2,055 residential homes, 3 recreation centers, and an 18-hole golf course. The residential home values range from \$225,000 to over \$2,000,000. There were 348 certificates of occupancy issued in the Villages of Fruitland Park in FY2015, 689 issued in FY2016, 894 issued in FY2017, 90 issued in FY2018, and 31 issued in FY2019 for a total of 2,052 certificates of occupancy issued in the Villages of Pine Ridge Dairy. There was a total of 100 certificates of occupancy issued in Fruitland Park in FY2020.

The Villages is known for causing an economic domino effect to all of its surrounding areas. The City of Fruitland Park should experience a growth pattern similar to Lady Lake over the next 1-4 years. Several other parcels in Fruitland Park are making plans because of the growth brought by The Villages to develop commercial infrastructures such as warehouses, retail shops, apartments, family housing, and restaurants. We have several subdivisions being built: Oak Forest, Chelsea's Run, Mirror Lake Village, and Village Park (First Baptist Church). The Glen is completing its final phase. Future developments are Gardenia East and Lake Saunder's Grove.

Lake County made a three phase expansion design for the City's second major thorough fare, County Road 466A, from two to four lanes in 2012. However, due to budget constraints the project was

506 W. Berckman Street  
Fruitland Park, Florida 34731

Tel. (352) 360-6727  
Fax. (352) 360-6686

placed on hold. The County has now teamed up with the City of Fruitland Park and the Villages to get this roadway completed. Lake County completed construction on Phase 1 (from US Highway 27/441 to Sunny Court) in April 2017. The estimated cost of Phase 1 is \$2.3 million plus \$374,094 to relocate the utilities. The Villages handled all of the road construction in Phase 2 (from Windy Acres to the Sumter County Line) in 2016, with an estimated cost of \$5.32 million. The City of Fruitland Park along with Lake County solicited help of the State of Florida for Phase 3. Phase 3a, at 3.3 million (from Sunny Court to Janice Drive) and Phase 3b at 7.3 million (from Janice Drive to Windy Acres). The county worked on Phase 3a in FY2019 and completed construction in December 2019. There is a total of 3.05 miles of roadway that will be widened once the project is complete. Phase 3b should be completed by FY2025.

The Florida Department of Transportation began its construction on U.S. Highway 27/441 in Fruitland Park in 2011. This project expanded the City's main corridor from four to six lanes and was completed in June 2014. This expansion will also facilitate the expected growth.

There were 42 business licenses issued in Fruitland Park as of September 30, 2020. There are several new businesses in Fruitland Park: Gulf Coast Fire of Lake County, Yunique Medical Service, and Weight Success Centers. As previously stated, the City of Fruitland Park expects the number of commercial businesses to grow because the area will be more

attractive for several industries around the country.

Businesses looking to build or relocate in Lake County can take advantage of various incentives. Lake County's Department of Economic Growth and Redevelopment sponsors several Business Incentive programs.

Lake County's Business Opportunity Centers (BOC) offer full-service business support to all businesses in Lake County, regardless of size, industry or business cycle. Whether you are an entrepreneur with the next big idea or a successful business owner looking to take your company to the next level, the Lake County BOC has a program or service designed to help you achieve your economic goals.

High Value Job Creation Program (HVJCP) is a program designed to encourage and target industry businesses that offer significant economic benefit and create high-value jobs. This program provides a cash award for the creation of jobs that pay a minimum of 115% of the County's average annual wage.

The Artist Relocation Program (ARP) is designed to encourage arts and culture in downtown art districts by providing matching funds to new or relocating art businesses to offset building improvement costs.

Lake County along with Lake-Sumter State College, the Sumter County Economic Development Council, and

506 W. Berckman Street  
Fruitland Park, Florida 34731

Tel. (352) 360-6727  
Fax. (352) 360-6686

other local economic development-oriented agencies established the Business Assistance Center; a partnership to help new and nurture existing businesses. This partnership provides small-business mentoring and is a resource when small businesses hit the inevitable bump or hurdle.

Affordable land and a pro-business approach contributes to the areas overall success in attracting new business. Large distributors such as Marriott, Domino's Pizza, Toyota and Goodyear Tire and Rubber Company have located in Lake County because of the central location, which allows for easy and efficient distribution throughout the state.

Lake County's September 20 unemployment rate was 7.4%. This is up 4.6% for the same time period last year. This rate is slightly higher than the state average of 7.2% and lower than the national average of 7.8% for the same period. The increased unemployment was due to the COVID-19 virus.

The taxable values for real and personal property has decreased 28.7% from 2008 to 2013, when property values were at its peak. Amendment 1 was approved in 2008 which limited growth in taxable values. Taxable values \$747,762,402 rose 9.95% from FY2019 (\$680,084,533) due to growth. FY2018 taxable value finally caught up to the property values of 2008, although that was due to the Village growth.

## Major Initiatives

The City of Fruitland Park is taking a proactive stance to promote the economic development in the area. The Commission is revitalizing the City for residents of all ages to enjoy. There were several properties acquired that will be used for recreational purposes in the future. The old Library has been renovated to the new Community Center. Additionally, Community Redevelopment Agency funds were utilized to renovate the Community Center. We continue to renovate parks and upgrade basketball facilities. The City repaved ten streets and the entrance to the soccer field (Fountain, East Fruitland St, William Drive, Grizzard St, Acorn Circle, Mulberry St, East Hilltop St, College Ave intersection with Berckman, Mike St, Dennis Ave, Orange St, Bottomly Lane). The City also seal coat and restriped the Community Center.

The City built had a new soccer field and added electricity and lighting to the field in FY2019. Sidewalks and bleacher pads and handicap parking were installed. We spent \$406,789 and were reimbursed \$200,000 by Lake County. The City constructed a new library. The construction cost was \$2,842,954 but we received grants from the state and the county for \$1,919,003 which means the Library cost Fruitland Park \$923,951. The final cost which includes furnishing was \$3,134,732. The new Library opened July 2019. The City leased 6 PD vehicles, purchased a Ford F250 for the Water Department, and paid a loan borrowed for construction of the Lady

506 W. Berckman Street  
Fruitland Park, Florida 34731

Tel. (352) 360-6727  
Fax. (352) 360-6686

Lake sewer connection. The Lady Lake sewer connection became operational in October 2018.

### **Long Term Financial Planning**

Lake County voters renewed a One-Cent Discretionary Infrastructure Surtax on November 6, 2002 and again on November 3, 2015. The original tax, was authorized through December 31, 2017 and is now authorized through December 31, 2032, this provides a funding source for infrastructure and capital projects. These funds were used to construct City Hall. The City used these funds on several major Capital Improvement Projects which included the construction of two major sewer lines along 466a and Shiloh plus a new sewer line connection to Lady Lake.

At September 30, 2020 the unassigned fund balance in the General Fund was \$4,445,942, 8 months of current General Fund expenditures. This figure is over the “no less than two months of regular general fund operating expenditures” provided for in the Government Finance Officers Association’s Appropriate Level of Unreserved Fund Balance recommendation. Also, it is over than the minimum range of the 6 months of operating expenditures informally established by the City for budgetary and planning purposes.

### **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Fruitland Park for

its Comprehensive Annual Financial Report (AFR) for the fiscal year ending September 30, 2018. The City of Fruitland Park had received this prestigious award for fourteen consecutive years. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The City was not eligible for the achievement award in FY2019 due to a qualified opinion.

This report represents numerous hours of preparation and it would not have been possible without the dedicated efforts of the finance department. We would like to express our appreciation to members who assisted and contributed to the preparation of this report. Special recognition is given to finance department who worked diligently to ensure the timeliness and accuracy of this report. We also thank the Mayor and Commission Members for their interest and support in planning and conducting the operations of the City in a responsible and professional manner.

Respectfully Submitted,

*Gary La Venia*

## Financial Section

## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Commission  
City of Fruitland Park, Florida

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the *City of Fruitland Park, Florida*, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our (1) unmodified opinion on the business-type activities, each major fund, and the aggregate remaining fund information and (2) qualified opinion on the governmental activities.

### Basis for Qualified Opinion on Governmental Activities

Management has not adopted a methodology for properly implementing the requirements of Government Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, and, accordingly, has not provided information relating to net pension assets, deferred inflows of pension earnings and deferred outflows of pension earnings as they relate to the Municipal Firemen's Retirement Plan. The amount by which this departure would affect the assets, deferred inflows, deferred outflows and change in net position of the governmental activities has not been determined.

### Qualified Opinion on Governmental Activities

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph on the governmental activities, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of City of Fruitland Park, as of September 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Unmodified Opinion on the Business-Type Activities, Major Funds, and Aggregate Remaining Fund Information**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, each major fund, and the aggregate remaining fund information of City of Fruitland Park, as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund, and community redevelopment fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the pension disclosures on pages 3 through 10, and 52 through 53 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Schedule of Changes in the City's Net Pension Liability and Related Ratios - Municipal Firemen's Retirement Plan, the Schedule of City Contributions - Municipal Firemen's Retirement Plan, and the Schedule of Investment Returns - Municipal Firemen's Retirement Plan that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise *City of Fruitland Park's* basic financial statements. The introductory section and individual fund financial schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

The individual fund financial schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued a report dated April 8, 2021 on our consideration of *City of Fruitland Park's* internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering *City of Fruitland Park's* internal control over financial reporting and compliance.

*McDermitt Davis*

Orlando, Florida  
April 8, 2021

As management of the *City of Fruitland Park, Florida* we offer readers of the *City of Fruitland Park's* financial statements this narrative overview and analysis of the financial activities of the *City of Fruitland Park* for the fiscal year ended September 30, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

### **Financial Highlights**

- The assets and deferred outflows of the *City of Fruitland Park* exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$21,531,440 (net position). Of this amount, \$2,418,052 represents unrestricted net position, which may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$2,383,320.
- At the close of the current fiscal year, the *City of Fruitland Park's* governmental funds reported combined ending fund balances of \$10,230,868, an increase of \$2,478,903 in comparison with the prior year. Approximately (43%) of this total amount, \$4,445,942, is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$4,445,942, or (66%) of total general fund expenditures.

### **Overview of the Financial Statements**

The financial statements focus on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the City's accountability.

This discussion and analysis are intended to serve as an introduction to the *City of Fruitland Park's* (the City) basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the *City of Fruitland Park's* financial position, in a manner similar to a private-sector business. They include a *Statement of Net Position* and a *Statement of Activities*.

The *Statement of Net Position* presents information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the *City of Fruitland Park* that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the *City of Fruitland Park* include general government, public safety, transportation, sanitation and culture and recreation services. The business-type activities of the *City of Fruitland Park* include utility services and recreation programs.

The government-wide financial statements include only the *City of Fruitland Park* itself (known as the *primary government*) and one blended component unit (The Community Redevelopment Fund).

The government-wide financial statements can be found on pages 11 - 12 of this report.

### **Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The *City of Fruitland Park*, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the *City of Fruitland Park* can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

#### *Governmental Funds*

*Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The *City of Fruitland Park* maintains three individual governmental funds. Information is presented separately in the governmental funds Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, the Community Redevelopment Fund, and Capital Projects Fund which are considered to be major funds.

The *City of Fruitland Park* adopts an annual appropriated budget for all of its governmental funds. Budgetary comparison statements have been provided for the General Fund, and the Community Redevelopment Fund to demonstrate compliance with this budget at pages 17 - 18. Budgetary comparison schedule for the Capital Projects fund is at page 54.

The basic governmental fund financial statements can be found on pages 13 - 16 of this report.

#### *Proprietary Funds*

*City of Fruitland Park* maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The *City of Fruitland Park* uses enterprise funds to account for utility management and recreation programs.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for Utility management and Recreation programs.

The basic proprietary fund financial statements can be found on pages 19 - 23 of this report.

#### *Fiduciary Funds*

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 24 -25 of this report.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on pages 26 - 51 of this report.

### **Required Supplementary Information (RSI)**

RSI can be found on pages 52 - 53 of this report.

## Government-Wide Financial Analysis

### Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the *City of Fruitland Park*, assets exceeded liabilities by \$21,531,440 at the close of the most recent fiscal year. The following table reflects the condensed statement of net position for the current and prior year. For more detail see the Statement of Net Position on page 11.

#### *City of Fruitland Park* **Statement of Net Position**

	<b>Governmental Activities</b>		<b>Business-Type Activities</b>		<b>Total Primary Government</b>

<b>Total liabilities</b>	<b>4,971,863</b>	<b>4,790,077</b>	<b>3,342,185</b>	<b>3,673,835</b>	<b>8,314,048</b>	<b>8,463,912</b>
<b>Deferred Inflows:</b>	<b>329,784</b>	<b>230,043</b>	<b>19,655</b>	<b>12,373</b>	<b>349,439</b>	<b>242,416</b>
<b>Net Position:</b>						
Net investment in capital assets	7,360,284	7,312,155	5,499,296	5,339,711	12,859,580	12,651,866
Restricted	5,252,045	4,748,371	1,001,763	871,876	6,253,808	5,620,247
Unrestricted	2,506,452	1,271,599	(88,400)	(395,592)	2,418,052	876,007
<b>Total net position</b>	<b>\$ 15,118,781</b>	<b>\$ 13,332,125</b>	<b>\$ 6,412,659</b>	<b>\$ 5,815,995</b>	<b>\$ 21,531,440</b>	<b>\$ 19,148,120</b>

\$12,859,580 (60%) of the City's net position reflects its investment in capital assets (e.g., land, buildings, improvements, infrastructure and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Although the *City of Fruitland Park's* investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net position that are subject to external restrictions as to how they may be used total \$6,253,808 (29%). The remaining balance of *unrestricted net position*, \$2,418,052 or 11%, may be used to meet the government's ongoing obligations to citizens and creditors.

City of Fruitland Park, Florida  
**Management's Discussion and Analysis**

The City's net position increased by \$2,383,320 during the current fiscal year. The following table reflects the condensed Statement of Activities for the current year. For more detail see the Statement of Activities on page 12.

*City of Fruitland Park*

*Governmental Activities*

Governmental activities increased the *City of Fruitland Park's* net position by \$1,786,656. This was due to increases in property values, and intergovernmental revenues.

*Business-Type Activities*

Business-type activities increased the *City of Fruitland Park's* net position by \$596,664 primarily due to increases in charges for services and transfers in.

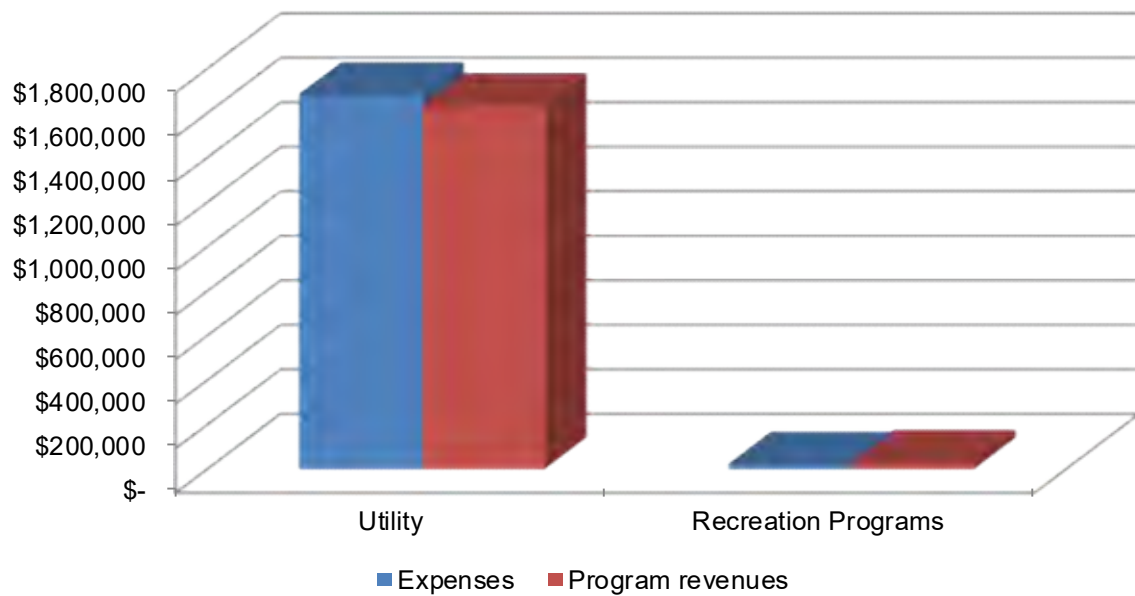

### Expenses and Program Revenues - Governmental Activities

### Revenue by Source - Governmental Activities

**Expenses and Program Revenues - Business-Type Activities**

**Revenue by Source - Business-Type Activities**

### **Financial Analysis of the Government's Funds**

As noted earlier, the *City of Fruitland Park* used fund accounting to ensure and demonstrate compliance with finance-related requirements.

#### **Governmental Funds**

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the *City of Fruitland Park's* financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the *City of Fruitland Park's* governmental funds reported combined ending fund balances of \$10,230,868, an increase of \$2,478,903 in comparison with the prior year. However, the majority of the fund balances are restricted or committed, so there is only \$4,445,942 available for spending at the City's discretion.

The general fund is the chief operating fund of the *City of Fruitland Park*. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$4,445,942, while total fund balance was \$9,387,514. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 66% while total fund balance is 140% of total General Fund expenditures.

The fund balance of the general fund increased by \$1,908,815 during the current fiscal year primarily due to increased property tax revenue and CARES Act funding.

The fund balance of the community redevelopment fund increased by \$158,427 primarily due to increased property tax revenues.

The capital projects fund balance increased by \$411,661. This is an improvement from the prior fiscal year due to less capital outlay spending and increased intergovernmental revenues.

#### **Proprietary Funds**

The *City of Fruitland Park's* proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the proprietary funds at the year-end amounted to (\$88,400). The total increase in net position for these funds was \$596,664. Other factors concerning the finances of these two funds have already been addressed in the discussion of the *City of Fruitland Park's* business-type activities.

#### **General Fund Budgetary Highlights**

During the year, actual revenues were \$1,119,065 more than budgeted revenues and actual expenditures were \$1,061,528 less than budgeted expenditures. Expenses were lower than budgeted primarily due to anticipated capital projects that were delayed due to uncertainties caused by the COVID-19 pandemic.

#### **Capital Asset and Debt Administration**

##### *Capital Assets*

The *City of Fruitland Park's* investment in capital assets for its governmental and business-type activities as of September 30, 2020, amounts to \$15,899,410 (net of accumulated depreciation), for a decrease of \$310,855 from the prior year. This investment in capital assets includes land, buildings, improvements, machinery and equipment and infrastructure. The total decrease in the City's investment in capital assets for the current fiscal year was 2% (a 1% decrease for governmental activities, and a 3% decrease for business-type activities).

Additional information on the *City of Fruitland Park's* capital assets can be found in Note 6 of this report.

*Long-Term Debt*

At the end of the current fiscal year, the *City of Fruitland Park* had total debt outstanding of \$3,039,830. This debt includes capital leases payable and notes payable. Additional information on long-term debt can be found in Note 8 of this report.

	<b>Governmental Activities</b>		<b>Business-Type Activities</b>		<b>Total Primary Government</b>

The *City of Fruitland Park's* total debt decreased by \$518,569 (15%) during the current fiscal year, due to regularly scheduled payments and no issuance of new debt.

**Next Year's Budget and Rates**

At September 30, 2020, the unassigned fund balance in the General Fund is \$4,445,942. The City anticipates resuming expenditure on planned capital projects.

**Requests for Information**

This financial report is designed to provide a general overview of the *City of Fruitland Park's* finances for all those with an interest in the government's finances. Questions concerning any of the information should be addressed to the office of the Finance Director, *City of Fruitland Park*, 506 W. Berkman Street, Fruitland Park, Florida 34731.

City of Fruitland Park, Florida  
**Reconciliation of the Governmental Funds Balance Sheet to the  
Statement of Net Position**  
September 30, 2020

---

<b>Total Fund Balance, governmental funds</b>	<b>\$ 10,230,868</b>
---	----------------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in this fund financial statement, but are reported in the governmental activities of the Statement of Net Position.	7,604,517
---	-----------

Deferred inflows and outflows of resources related to pension earning are not recognized in the governmental funds, however, they are recorded in net position under full accrual accounting.	1,693,930
---	-----------

Long-term liabilities, including notes payable, are not due and payable in the current period and therefore are not reported in the funds:

Capital lease	\$ (244,233)	
Accrued interest payable	(7,280)	
Compensated absences	(122,077)	
Net pension liability	(4,036,944)	(4,410,534)
	<u>                    </u>	<u>                    </u>

<b>Net Position of Governmental Activities in the Statement of Net Position</b>	<b>\$ 15,118,781</b>

**Reconciliation of the Statement of Revenues, Expenditures and Changes  
in Fund Balances of Governmental Funds to the Statement of Activities**

For the Year Ended September 30, 2020

---

Net Change in Fund Balances, total governmental funds:	\$	2,478,903
--	----	-----------

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period.

Expenditures for capital assets	\$	500,314	
Less: current year depreciation		<u>(541,452)</u>	(41,138)

Governmental funds report bond proceeds as current financial resources. In contrast, the Statement of Activities treats such issuance of debt as a liability. Governmental funds report repayment of bond principal as an expenditure. In contrast, the Statement of Activities treats such repayments as a reduction in long-term liabilities. This is the amount by which repayments exceeded proceeds.

Principal payments	89,267
--------------------	--------

Cash pension contributions reported in the funds were more than the calculated pension expense on the statement of activities, and therefore increased net position.

(721,714)
-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds.

Change in compensated absences	\$	(19,602)	
Change in accrued interest payable		<u>940</u>	<u>(18,662)</u>

<b>Change in net position of governmental activities</b>	<b>\$</b>	<b><u>1,786,656</u></b>
--	-----------	-------------------------

## **Notes to Financial Statements**

## **NOTE 1                      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Reporting Entity**

The *City of Fruitland Park, Florida* ("the City") is a political subdivision of the state of Florida located in Lake County. The *City of Fruitland Park* was created by charter in 1927. The City operates under a Commission-Manager form of government and provides the following services as authorized by its charter: public safety (police, fire and building inspections), roads and streets, culture (library) and recreation, planning and zoning, and water, sewer and garbage utility service. Except for a few customers, utility services are provided only within the incorporated boundaries of the City.

In evaluating how to define the government, for financial reporting purposes, the City has considered all potential component units. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organizations' resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. In applying the above criteria, the City has one blended component unit as follows:

### **The City of Fruitland Park Community Redevelopment Fund**

The *City of Fruitland Park* created the Community Redevelopment Agency in March of 1995. This is a dependent taxing district established in accordance with Chapter 163, Part III, Florida Statutes. Notification to affected taxing agency was done in compliance with Chapter 163.346, Part III, Florida Statutes. The incremental annual increase in tax over the base years will be used to fund projects designed to enhance and improve the described area. The City Commission, being the duly elected governmental body for the designated area, passed Resolution 95-012, which established the *City of Fruitland Park* as the Redevelopment Agency for the purpose of carrying out the community redevelopment programs and plans within the area and adopted a community development redevelopment plan. Through Ordinance 95-001 the City established the Community Redevelopment Trust Fund to account for all transactions generated by this special revenue fund. In September 2006, the City adopted Resolution 2006-022 to expand the CRA boundaries and modified the redevelopment plan.

### **Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## **NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

### **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The government reports the following funds:

### **Major Governmental Funds**

*General Fund* - the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

*Community Redevelopment Fund* - established as a dependent taxing district. The incremental annual increase in tax over the base years will be used to fund projects designed to enhance and improve the described area.

*Capital Projects Fund* - a capital projects fund used to account for the acquisition or construction of major capital facilities. The fund also accounts for discretionary sales surtax revenues that are legally restricted for expenditure on infrastructure and related debt.

### **Major Proprietary Funds**

*Utility Fund* - used to account for the operations of the City's water and sewer utility operations, which are financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public on an ongoing basis are financed primarily through user charges.

*Recreation Programs Fund* - used for the receipt of recreation sports program fees and related direct costs associated with each recreation sports program (except for activities of the City's municipal swimming pool) sponsored by the City.

### **Fiduciary Funds**

*Firemen's Retirement Trust Fund* - a pension trust fund that accounts for the accumulation of resources for pension benefit payments to qualified City volunteer firefighters.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the City's water function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

## **NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's water and recreation programs funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

### **Assets, Liabilities, Deferred Outflows/Inflows and Net Position/Fund Balance**

#### *Deposits and Investments*

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments of the City are reported at fair value and are categorized within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. The City's investments consist of investments authorized per their investment policy, adopted in accordance with Section 218.415, Florida Statutes.

#### *Receivables and Payables*

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Advances between funds, as reported in the fund financial statements, are offset by a non-spendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are shown net of an allowance for uncollectable. The County bills and collects property taxes and remits them to the City. City property tax revenues are recognized when levied to the extent that they result in current receivables.

All property is reassessed according to its fair value on the lien date, or January 1 of each year. Taxes are levied on October 1 of each year. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. On or around May 31 following the tax year, certificates are sold for all delinquent taxes on real property.

#### *Inventories and Prepaid Items*

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

**NOTE 1        SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

*Restricted Assets*

The use of certain assets of the Utility fund may be restricted by specific provisions of bond resolutions, city ordinances and/or agreements with various parties. Assets so designated are identified as restricted assets on the balance sheet.

*Capital Assets*

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City's capitalization policy as assets with an initial, individual cost of \$1,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the City are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings	30-40
Improvements	10-20
Infrastructure	20-50
Equipment	5-10
Intangible assets	10

*Compensated Absences*

It is the City's policy to permit employees to accumulate earned but unused vacation benefits. Since the City's policy is to pay all vacation benefits when employees separate from service, these amounts are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

*Long-Term Obligations*

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

## **NOTE 1        SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

### *Deferred Outflows/Inflows of Resources*

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City has one item that qualifies for reporting in this category, which is the deferred outflows of pension earnings.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has one item that qualifies for reporting in this category, which is the deferred inflows of pension earnings.

### *Net Position Flow Assumptions*

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

### *Fund Balance Flow Assumptions*

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balances). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

### *Fund Balance Policies*

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the city's highest level of decision-making authority. The Commission is the highest level of decision-making authority for the city that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the city for specific purposes but do not meet the criteria to be classified as committed. The commission has maintained authority to assign fund balance. The commission may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

**NOTE 1                      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

*New Accounting Standards*

In fiscal year 2020, the City implemented Government Accounting Standards Board (GASB) Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. This statement eliminates the requirement to capitalize interest on enterprise fund construction projects. The City also implemented GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. This pronouncement provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by postponing the effective dates of provisions in certain other statements. There was no effect on beginning balances of the City for the implementation of either statement.

**NOTE 2                      RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

**Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Positions:**

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds* and *net position - governmental activities* as reported in the government-wide statement of net position.

**Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities:**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds* and *changes in net positions of governmental activities* as reported in the government-wide statement of activities.

**NOTE 3                      STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**Budgetary Information**

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to the end of the fiscal year, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public workshops are held where the Commission, City Manager and department heads refine budget detail items. Public hearings are held to obtain taxpayer comments. The budget is then enacted through passage of a resolution no later than September 30.
3. Appropriations are authorized by resolution at the department level. These are the legal levels of budgetary control. Administrative control is maintained through the establishment of more detailed line-item budgets.
4. The City Manager is authorized to transfer budgeted amounts between line items within any department; however, any revisions that alter the total expenditures of a department must be approved by a majority vote of the City Commission.
5. Formal budgetary integration is employed as a management control device during the year for governmental funds. Total budgeted appropriations within a governmental fund type may not be exceeded legally.
6. Encumbrance accounting is currently employed by the City. Encumbrances outstanding at year end do not constitute expenditures or liabilities and are not reported as committed or assigned fund balances. All appropriations and encumbrances lapse at year end.

#### **NOTE 4                      DEPOSITS AND INVESTMENTS**

##### **Deposits**

All bank deposits were covered by Federal Depository Insurance or by collateral held in banks that are members of the State of Florida's Collateral Pool as specified under Florida law. Florida Statutes provide for collateral pooling by banks and savings and loans. This limits local government deposits to "authorized depositories".

##### **Investments**

The City's investment policies are governed by State Statutes and City ordinances. City ordinance allows investments in any financial institution that is a qualified public depository of the State of Florida as identified by the State Treasurer, in accordance with Chapter 280 of the Florida Statutes. Authorized investments are:

1. U.S. Government obligations, U.S. Government agency obligations, and U.S. Government instrumentality obligations;
2. Canadian Government obligation (payable in local currency);
3. Certificates of Deposit;
4. Savings and loan association deposits;
5. Prime bankers acceptances;
6. Prime commercial paper;
7. Investment-grade obligations of state, provincial and local governments and public authorities;
8. Money market mutual funds regulated by the Securities and Exchange Commission and whose portfolios consist only of domestic securities;
9. Statewide investment pools;
10. Mutual funds;
11. The Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida interlocal Cooperation Act, as provided as provided in F.S. § 163.01;
12. Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
13. Savings accounts in state-certified qualified public depositories, as defined in F.S. § 280.02;
14. Certificates of deposit in state-certified qualified public depositories, as defined in F.S. § 280.02;
15. Direct obligations of the U.S. Treasury;
16. Federal agencies and instrumentalities.

##### **Interest Rate Risk**

Interest rate risk exists when there is a possibility that changes in interest rates could adversely affect an investment's fair value. The City's investment policy does not specifically address interest rate risk.

##### **Credit Risk**

The City's investment policy limits its investments to the State Board of Administration investment pool, certificates of deposit, highly rated money market funds, government obligation, and mutual funds. The City's mutual bond fund investments are not rated.

---

**NOTE 4                      DEPOSITS AND INVESTMENTS (CONTINUED)**

**Custodial Credit Risk**

Custodial risk is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At September 30, 2020, none of the Trust investments listed are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

The State Board of Administration (SBA) Local Government Investment Pool (LGIP), operated by the Florida State Board of Administration, is a "2a-7 like" pool in accordance with GASB 31; therefore, it is not presented at fair value but at its actual pooled share price which approximates fair value. The LGIP is not a registrant with the SEC; however, the State of Florida does provide regulatory oversight.

Investments held by the City at September 30, 2020 are detailed below:

Investment Type	Fair Value	Credit Rating	Weighted Avg. Maturity
Florida Prime	\$ 6,338,036	AAAm	48 days
Certificates of deposit	400,000	N/A	N/A
	<u>\$ 6,738,036</u>		

**Fair Value**

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The City uses a market approach in measuring fair value that uses prices and other relevant information generated by market transaction involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted prices for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the City's own data in measuring unobservable inputs.

The City has the following recurring fair value measurements as of September 30, 2020:

Investments Valued by Fair Value Level	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
Pension Mutual Funds	\$ 743,039	\$ -	\$ 743,039
	<u>\$ 743,039</u>	<u>\$ -</u>	<u>\$ 743,039</u>

---

**NOTE 5            RECEIVABLES**

Receivables as of year-end for the City's individual funds, including the applicable allowances for uncollectible accounts, are as follows:

	<b>General Fund</b>	<b>Utility Fund</b>	<b>Total</b>
<b>Receivables:</b>			
Accounts	\$       83,098	\$       196,207	\$    279,305
Less allowance for uncollectible accounts	-	(7,755)	(7,755)
	<u>\$       83,098</u>	<u>\$       188,452</u>	<u>\$    271,550</u>

*SECTION LEFT INTENTIONALLY BLANK*

**NOTE 6 CAPITAL ASSETS**

Capital asset activity for the year ended September 30, 2020 was as follows:

	<b>Beginning Balance</b>	<b>Increases</b>	<b>Decreases</b>	<b>Ending Balance</b>
<b>Governmental Activities:</b>				
Capital assets, not being depreciated:				
Land	\$ 1,313,703	\$ -	\$ -	\$ 1,313,703
Construction in progress	55,751	171,913	-	227,664
<b>Total capital assets, not being depreciated</b>	<b>1,369,454</b>	<b>171,913</b>	<b>-</b>	<b>1,541,367</b>
<b>Capital assets, being depreciated:</b>				
Buildings	5,270,532	-	-	5,270,532
Improvements	1,219,623	135,502	-	1,355,125
Machinery and equipment	3,413,578	192,899	(55,909)	3,550,568
Infrastructure	687,726	-	-	687,726
<b>Total capital assets, being depreciated</b>	<b>10,591,459</b>	<b>328,401</b>	<b>(55,909)</b>	<b>10,863,951</b>
<b>Less accumulated depreciation for:</b>				
Buildings	(1,190,900)	(156,661)	-	(1,347,561)
Improvements	(761,885)	(35,951)	-	(797,836)
Machinery and equipment	(2,112,101)	(325,699)	55,909	(2,381,891)
Infrastructure	(250,372)	(23,141)	-	(273,513)
<b>Total accumulated depreciation</b>	<b>(4,315,258)</b>	<b>(541,452)</b>	<b>55,909</b>	<b>(4,800,801)</b>
<b>Total capital assets, being depreciated, net</b>	<b>6,276,201</b>	<b>(213,051)</b>	<b>-</b>	<b>6,063,150</b>
<b>Government activities capital assets, net</b>	<b>\$ 7,645,655</b>	<b>\$ (41,138)</b>	<b>\$ -</b>	<b>\$ 7,604,517</b>

**NOTE 6 CAPITAL ASSETS (CONTINUED)**

	<b>Beginning Balance</b>	<b>Increases</b>	<b>Decreases</b>	<b>Ending Balance</b>
<b>Business-type Activities:</b>				
Capital assets, not being depreciated:				
Land	\$ 354,952	\$ -	\$ -	\$ 354,952
Construction in progress	320,030	45,764	-	365,794
<b>Total capital assets, not being depreciated</b>	<b>674,982</b>	<b>45,764</b>	<b>-</b>	<b>720,746</b>
<b>Capital assets, being depreciated:</b>				
Buildings	243,408	-	-	243,408
Infrastructure	10,829,813	-	-	10,829,813
Machinery and equipment	521,751	42,508	(2,446)	561,813
Intangible assets	346,296	-	-	346,296
<b>Total capital assets, being depreciated</b>	<b>11,941,268</b>	<b>42,508</b>	<b>(2,446)</b>	<b>11,981,330</b>
<b>Less accumulated depreciation for:</b>				
Buildings	(181,659)	(6,496)	-	(188,155)
Improvements/Infrastructure	(3,132,095)	(288,182)	-	(3,420,277)
Machinery and equipment	(429,104)	(28,681)	2,446	(455,339)
Intangible assets	(308,782)	(34,630)	-	(343,412)
<b>Total accumulated depreciation</b>	<b>(4,051,640)</b>	<b>(357,989)</b>	<b>2,446</b>	<b>(4,407,183)</b>
<b>Total capital assets, being depreciated, net</b>	<b>7,889,628</b>	<b>(315,481)</b>	<b>-</b>	<b>7,574,147</b>
<b>Business-type activities capital assets, net</b>	<b>\$ 8,564,610</b>	<b>\$ (269,717)</b>	<b>\$ -</b>	<b>\$ 8,294,893</b>

Depreciation expense was charged to functions/programs as follows:

<b>Governmental Activities:</b>	
General government	\$ 56,868
Public safety	189,988
Transportation	85,175
Culture and recreation	209,421
<b>Total depreciation expense, governmental activities</b>	<b>\$ 541,452</b>
<b>Business-type Activities:</b>	
Utility	\$ 357,989
<b>Total depreciation expense, business type activities</b>	<b>\$ 357,989</b>

## NOTE 7 LEASES

### Capital Leases

The City has entered into lease agreements as lease for financing the acquisition of vehicles and equipment. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

	<b>Governmental Activities</b>
Assets	
Machinery and equipment	\$ 408,353
Less: Accumulated depreciation	(142,418)
<b>Total</b>	<b>\$ 265,935</b>

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2020 were as follows:

<b>Year Ending September 30</b>	<b>Governmental Activities</b>
2021	\$ 44,217
2022	33,875
2023	33,875
2024	33,875
2025	33,875
2026-2028	101,625
Total minimum lease payments	281,342
Less: Amount representing interest	(37,109)
	<b>\$ 244,233</b>

## NOTE 8 LONG-TERM DEBT

### State Revolving Fund Loans

On September 17, 2001, the City entered into a loan agreement with the State of Florida Department of Environmental Protection under the Clean Water State Revolving Fund (SRF) loan program. The purpose of the loan was to provide funding for preconstruction planning and engineering activities for a sewer utility system for the City's highway commercial corridor. Maximum borrowing under this agreement was \$237,108. All preconstruction activities have been completed, and all loan disbursements have been received.

Interest accrues on the outstanding balance at a rate of 3.16% per year. Semi-annual loan payments of \$8,165 are due each February 15 and August 15 through February 15, 2026. Total principal and interest remaining to be paid on this series is \$89,815. For the year ended September 30, 2020, principal and interest paid on this series was \$16,330. The net revenue of the water and sewer utility is pledged as security for repayment and totaled \$380,123 in 2020.

## **NOTE 8                    LONG-TERM DEBT (CONTINUED)**

On March 29, 2005, the City entered into a second loan agreement with the State under the Clean Water SRF loan program. The purpose of the loan was to provide funding for construction of a sewer utility system, consisting of a 98,000 gallons per day wastewater treatment plant and a low-pressure sewer collection system along the City's highway commercial corridor. Maximum borrowing under this agreement is \$2,393,745. All loan disbursements have been received. The total amount borrowed was \$1,937,529.

Semi-annual loan payments of \$76,589 began on August 15, 2006. Beginning February 15, 2010, the semi-annual loan payments were reduced to \$60,669, and continue each February 15 and August 15 thereafter through February 15, 2026. Total principal and interest remaining to be paid on this series is \$667,362. For the year ended September 30, 2020, principal and interest paid on this series was \$121,338. The net revenue of the water and sewer utility is pledged as security for repayment and totaled \$380,123 in 2020.

In the event of default, the Florida Department of Environmental Protection may cause to establish rates and collect fees, require the City to account for all moneys received and used, appoint a receiver to manage the Water and Sewer Systems, intercept delinquent amounts plus a penalty due to the City under State Revenue Sharing, recover all amounts due including costs of collection and attorney fees, and accelerate the repayment schedule or increase the interest rate by a factor of up to 1.667.

### **Florida Department of Transportation Note**

On May 2, 2011 the City Signed a promissory note with the State of Florida Department of Transportation (FDOT) in the amount of \$913,460. In exchange, the City agreed to have FDOT move water and sewer utility lines out of State highway right-of-way in order to allow FDOT to complete a highway widening project. The note carries a 0% interest rate and is payable in 30 equal annual installments beginning October 15, 2014. The amount of the note was an estimate of the utility construction cost, and the note states that in the event that the actual cost of the utility relocation work is different, that a new promissory note will be executed for the actual cost amount. The note is secured by gross revenues of the water and sewer utility. In the event of default, the entire remaining unpaid principal balance shall become immediately due and payable in at the option of FDOT.

At September 30, 2013, the utility work was complete, and the City recorded estimated costs of \$619,882. The highway project was completed in June 2014, and FDOT adjusted the note to the actual costs of \$425,588.

Total principal and interest remaining to be paid on this series is \$326,284. For the fiscal year, principal paid on this series was \$14,186 and total pledged revenue was \$1,644,110.

### **2016 Capital Improvement Revenue Note**

In January 2016, the City issued a Capital Improvement Revenue Note Series 2016 in the amount of \$2,500,000, at an interest rate of 2.33 percent, provided for the cost of acquiring and constructing improvements to the City's Wastewater System and related improvements. The note is secured by infrastructure sales surtax received by the City and recorded in the Capital Projects Fund. In the event of default, the Note holder may increase the interest rate by 2.0%, and recover all expenses incurred including attorney fees.

Total principal and interest remaining to be paid on this series is \$1,893,875. For the fiscal year, principal and interest paid on this series was \$344,341 and total pledged revenue was \$870,612.

**NOTE 8 LONG-TERM DEBT (CONTINUED)**

Annual debt service requirements to maturity for notes payable are as follows:

<b>Year Ending September 30,</b>	<b>Business-Type Activities</b>	
	<b>Principal</b>	<b>Interest</b>
2021	\$ 439,344	\$ 56,851
2022	449,630	46,567
2023	460,165	36,031
2024	470,956	25,241
2025	482,009	14,187
2026-2030	309,068	2,862
2031-2035	70,930	-
2036-2040	70,930	-
2041-2043	42,565	-
<b>Total</b>	<b>\$ 2,795,597</b>	<b>\$ 181,739</b>

**Changes in Long-Term Liabilities**

Long-term liability activity for the year ended September 30, 2020 was as follows:

	<b>Beginning Balance</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending Balance</b>	<b>Due Within One Year</b>
<b>Governmental Activities:</b>					
Capital lease	\$ 333,500	\$ -	\$ (89,267)	\$ 244,233	\$ 36,126
Compensated absences	102,475	70,480	(50,878)	122,077	24,415
Net pension liability	3,724,832	312,112	-	4,036,944	-
<b>Governmental activity long-term liabilities</b>	<b>\$ 4,160,807</b>	<b>\$ 382,592</b>	<b>\$ (140,145)</b>	<b>\$ 4,403,254</b>	<b>\$ 60,541</b>
<b>Business-Type Activities:</b>					
Notes payable - direct borrowing:					
SRF Loan, preconstruction	\$ 95,277	\$ -	\$ (13,424)	\$ 81,853	\$ 13,852
SRF Loan, construction	723,307	-	(103,760)	619,547	106,392
FDOT Note	340,470	-	(14,186)	326,284	14,186
Capital Improvement Note	2,065,845	-	(297,932)	1,767,913	304,914
<b>Total notes payable</b>	<b>3,224,899</b>	<b>-</b>	<b>(429,302)</b>	<b>2,795,597</b>	<b>439,344</b>
Compensated absences	9,591	5,437	(3,660)	11,368	2,274
Net pension liability	200,344	40,263	-	240,607	-
<b>Business-type activity long-term liabilities</b>	<b>\$ 3,434,834</b>	<b>\$ 45,700</b>	<b>\$ (432,962)</b>	<b>\$ 3,047,572</b>	<b>\$ 441,618</b>

The governmental activities liabilities for compensated absences and pension related liabilities are generally liquidated by the general fund.

## NOTE 9 INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund transfers for the year ended September 30, 2020 are summarized below:

<b>Transfers Out:</b>	<b>Transfers In</b>		
	<b>General Fund</b>	<b>Utility Fund</b>	<b>Total</b>
General Fund	\$ -	\$ 240,000	\$ 240,000
Community redevelopment	39,998	-	39,998
Capital projects	-	358,528	358,528
Recreation programs	4,003	-	4,003
	<u>\$ 44,001</u>	<u>\$ 598,528</u>	<u>\$ 642,529</u>

Transfers out of the Community redevelopment fund was to fund related portions of personnel wages related to Community redevelopment projects. The other transfers were completed to support operations.

Amounts payable by the Capital Projects Fund, Utility Fund, and Recreation Programs Fund to the General Fund relate to disbursements made on behalf of the respective funds near the end of the fiscal year. Balances are expected to be collected in these funds and reimbursed to the General Fund in the subsequent year.

## NOTE 10 DEFINED BENEFIT RETIREMENT PLANS

### Florida Retirement System

Effective February 1, 2015, the City joined the State of Florida Retirement System (FRS) for the covered groups of Police and General Employees. The FRS is a cost-sharing multiple employer public employee retirement system administered by the State of Florida Department of Management Services, Division of Retirement, to provide retirement and survivor benefits to participating public employees. Chapter 121, Florida Statutes, establishes the authority for participant eligibility, contribution requirements, vesting eligibility and benefit provisions.

Early retirement benefits may also be provided; however, there is a reduction in benefits for each year prior to normal retirement. Generally, membership was compulsory for all full-time and part-time employees. There is a 3% requirement for employees to contribute to FRS effective July 1, 2011.

The 2007 Florida Legislature continued the uniform contribution rate system under which participating employers make uniform contributions to support the FRS Pension Plan and the Retiree Health Insurance Subsidy (HIS Plan). Under Section 121.405, Florida Statutes, FRS also provides a defined contribution plan (Investment Plan) alternative to the FRS defined benefit pension plan. Employers contribute based upon blended rates determined as a percentage of the total payroll for each class or subclass of FRS membership, regardless of which retirement plan individuals elect.

The State of Florida issues a report that includes financial statements and required supplementary information for FRS. That report may be obtained by writing to Florida Retirement System, Tallahassee, Florida 32399-1560.

### Funding Policy

The FRS has ten (10) classes of membership. Only two (2) classes are applicable to the City's eligible employees. These two (2) classes, with descriptions and contribution rates in effect during the period ended September 30, 2020 are as follows:

**NOTE 10                      DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

Regular Class - Members not qualifying for other classes (13.00% [includes 3% employee contribution] from July 1, 2020 through September 30, 2020 and 11.47% [includes 3% employee contribution] from October 1, 2019 through June 30, 2019.)

Special Risk Class - Members employed as law enforcement officers, firefighters, or correctional officers and meet the criteria set to qualify for this class (27.45% [includes 3% employee contribution] from July 1, 2020 through September 30, 2020 and 28.48% [includes 3% employee contribution] from October 1, 2019 through June 30, 2019.)

**Pension Plan (FRS)**

*Plan Description*

The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program ("DROP") for eligible employees.

*Benefits Provided*

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

*Contributions*

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year.

The employer contribution rates include 1.66% and 1.66% HIS Plan subsidy for the periods October 1, 2019 through June 30, 2020 and from July 1, 2020 through September 30, 2020, respectively.

The City's contributions, including employee contributions, to the Pension Plan totaled \$277,879 for the fiscal year ended September 30, 2020.

**NOTE 10 DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*  
At September 30, 2020, the City reported a liability of \$3,553,570 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The City's proportionate share of the net pension liability was based on the City's 2020 fiscal year contributions relative to the 2019 fiscal year contributions of all participating members. At June 30, 2020, the City's proportionate share was .008199 percent, which was a decrease of .000745 percent from its proportionate share measured as of June 30, 2019.

For the fiscal year ended September 30, 2020, the City recognized pension expense of \$669,814. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b>Description</b>	<b>Deferred Outflow of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 136,002	\$ -
Change of assumptions	643,309	-
Net difference between projected and actual earnings on pension plan investments	211,583	-
Changes in proportion and differences between pension plan contributions and proportionate share of contributions	578,252	157,735
Pension plan contributions subsequent to the measurement date	67,161	-
	<u>\$ 1,636,307</u>	<u>\$ 157,735</u>

The deferred outflows of resources related to the Pension Plan, totaling \$67,161 resulting from City contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

<b>Year Ended September 30,</b>	
2021	\$ 369,050
2022	430,679
2023	349,007
2024	221,417
2025	41,258
Thereafter	-

## NOTE 10 DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)

### *Actuarial Assumptions*

The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumption, applied to all period included in the measurement:

Inflation	2.40 %
Salary Increases	3.25%, average, including inflation
Investment Rate of Return	6.80%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB2010 base table varies by member category and sex, projected generationally with Scale MP 2018.

The actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation (1)</b>	<b>Annual Arithmetic Return</b>	<b>Compound Annual (Geometric) Return</b>	<b>Standard Deviation</b>
Cash	1.00%	2.20%	2.20%	1.20%
Fixed income	19.00%	3.00%	2.90%	3.50%
Global equities	54.20%	8.00%	6.70%	17.10%
Real estate	10.30%	6.40%	5.80%	11.70%
Private equity	11.10%	10.80%	8.10%	25.70%
Strategic investments	4.40%	5.50%	5.30%	6.90%
<b>Total</b>	<b>100.00%</b>			
Assumed Inflation, mean			2.40%	1.70%

(1) As outlined in the Pension Plan's investment policy

### *Discount Rate*

The discount rate used to measure the total pension liability was 6.80%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation the total pension liability is equal to the long-term expected rate of return.

---

**NOTE 10                      DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

*Sensitivity of the City's Proportionate Share of the Net Position Liability to Changes in the Discount Rate*

The following represents the City's proportionate share of the net pension liability calculated using the discount rate of 6.80%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.80%) or one percentage point higher (7.80%) than the current rate:

	<b>Discount Rate Minus 1% 5.80%</b>	<b>Current Discount Rate 6.80%</b>	<b>Discount Rate Plus 1% 7.80%</b>
<b>City's proportionate share of net pension liability (FRS)</b>	\$     5,674,454	\$     3,553,570	\$     1,782,198

*Pension Plan Fiduciary Net Position*

Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

*Payables to the Pension Plan*

At September 30, 2020, the City does not have any payables for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2020.

**HIS Plan**

*Plan Description*

The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

*Benefits Provided*

For the fiscal year ended September 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

*Contributions*

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2020, the HIS contribution for the period October 1, 2019 through June 30, 2020 and from July 1, 2020 through September 30, 2020 was 1.66% and 1.66%, respectively. The City contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The City's contributions to the HIS Plan totaled \$34,887 for the fiscal year ended September 30, 2020.

**NOTE 10 DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At September 30, 2020, the City reported a liability of \$723,981 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The City's proportionate share of the net pension liability was based on the City's 2020 fiscal year contributions relative to the 2019 fiscal year contributions of all participating members. At June 30, 2020, the City's proportionate share was .005929 percent, which was a decrease of .001621 percent from its proportionate share measured as of June 30, 2019.

For the fiscal year ended September 30, 2020, the City recognized pension expense of \$104,342. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<b>Description</b>	<b>Deferred Outflow of Resources</b>	<b>Deferred Inflows of Resources</b>
Change of assumptions	\$ 77,849	\$ 42,097
Differences between expected and actual experience	29,615	559
Net difference between projected and actual earnings on pension plan investments	578	-
Changes in proportion and differences between pension plan contributions and proportionate share of contributions	391,726	149,048
Pension plan contributions subsequent to the measurement date	8,255	-
	<u>\$ 508,023</u>	<u>\$ 191,704</u>

The deferred outflows of resources related to the HIS Plan, totaling \$8,255 resulting from City contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

<b>Year Ended September 30,</b>	
2021	\$ 97,742
2022	81,094
2023	50,651
2024	47,544
2025	39,837
Thereafter	(8,804)

---

**NOTE 10                      DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

*Actuarial Assumptions*

The total pension liability in the July 1, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 %
Salary Increases	3.25 %, average, including inflation
Municipal Bond Rate	2.21 % net of pension plan investment expense

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018.

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

*Discount Rate*

The discount rate used to measure the total pension liability was 2.21%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

*Sensitivity of the City's Proportionate Share of the Net Position Liability to Changes in the Discount Rate*

The following represents the City's proportionate share of the net pension liability calculated using the discount rate of 2.21%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (1.21%) or one percentage point higher (3.21%) than the current rate:

	<b>Discount Rate Minus 1% 1.21%</b>	<b>Current Discount Rate 2.21%</b>	<b>Discount Rate Plus 1% 3.21%</b>
<b>City's proportionate share of net pension liability (HIS)</b>	\$        836,890	\$        723,981	\$        631,565

*Pension Plan Fiduciary Net Position*

Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

**NOTE 10                      DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

**Investment Plan**

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. City employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected City Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2020 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class 6.30%, and Special Risk class 14.00%.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the City.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The City had 25 employees who participated in the Investment Plan during 2020 and the City's contributions totaled \$85,191.

**NOTE 10                      DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

**Municipal Firemen's Retirement Plan**

The Municipal Firemen's Retirement Plan was established to conform to provisions of the Florida Statutes for all sworn firefighters. The Plan is a single-employer, defined benefit pension plan, and is administered by the City. There is no separately issued report on the Plan.

Firefighters attaining the age of 55 who have completed 10 or more creditable years of service or attaining the age of 52 who have completed 25 years of creditable service are entitled to annual benefits of 3% of their average final compensation times years of credited service. The Plan permits early retirement at the completion of 10 years of continuous service and attaining the age of 50 years. Active firefighters who retire disabled receive not less than 42% of their average monthly earnings at the time of disability.

Disability benefits are paid for ten years certain or life or recovery from disability. If a firefighter dies prior to retirement but has at least 10 years of contributing service, his or her beneficiary is entitled to the benefits payable to the firefighter at early or normal retirement age.

As of September 30, 2020, there was one retiree currently receiving benefits, and no terminated firefighters were entitled to benefits but not yet receiving them. Out of the 8 active volunteer firefighters, none have vested retirement benefits. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Effective January 1, 1995, each firefighter is required by local ordinance to contribute five percent of his/her compensation to the plan. The City also contributes five percent of each plan member's compensation to the Plan. Additionally, the Plan is funded by a 1% state excise tax on all fire insurance premiums collected from policyholders insuring property within City limits. For the year ended September 30, 2020, the City collected \$28,743 in fire insurance premium taxes, which are reported as revenue in the General Fund. The City is required by State statute to contribute these taxes to the plan within 5 days of receipt. The corresponding contribution to the pension fund is reported as a fire department expenditure in the General Fund.

The City's contribution requirements are not actuarially determined, and the actuarial implication of the City's funding policy has also not been determined. There were no changes during the year ended September 30, 2020 in the method used to calculate or establish contribution requirements. Most administrative costs of the Plan are absorbed by the General Fund.

Actuarial valuations for the Plan are provided and paid for by the State of Florida Division of Retirement on a triennial basis. City management and the pension board of trustees do not believe the cost, which would have to be paid by the pension fund, of obtaining more frequent actuarial valuations or updates, is worth the benefit provided by current funding status information for this small pension fund. The latest actuarial valuation was performed as of October 1, 2019.

Subsequent to the fiscal year end, the City executed an interlocal agreement with Lake County to provide fire services to the City. As a part of this agreement, the City will terminate the plan and all participants will become fully vested, per Florida Statutes. The effect of this termination as not yet been determined by the City and no amounts have been recorded as a result of this plan termination.

**NOTE 10 DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

**Aggregate Amounts of All Pension Plans**

The aggregate amounts for all of the City's defined benefit pension plans at September 30, 2020 are as follows:

		<b>Governmental Activities</b>			
	Net Pension Asset (Liability)	Deferred Inflows	Deferred Outflows	Pension Expense	
FRS Pension Plan	\$ (3,353,686)	\$ (148,863)	\$ 1,544,267	\$ 624,820	
HIS Pension Plan	(683,258)	(180,921)	479,447	96,894	
	<u>\$ (4,036,944)</u>	<u>\$ (329,784)</u>	<u>\$ 2,023,714</u>	<u>\$ 721,714</u>	
		<b>Business-type Activities</b>			
	Net Pension Asset (Liability)	Deferred Inflows	Deferred Outflows	Pension Expense	
FRS Pension Plan	\$ (199,884)	\$ (8,872)	\$ 92,040	\$ 44,994	
HIS Pension Plan	(40,723)	(10,783)	28,576	7,448	
	<u>\$ (240,607)</u>	<u>\$ (19,655)</u>	<u>\$ 120,616</u>	<u>\$ 52,442</u>	

**NOTE 11 DEFINED CONTRIBUTION RETIREMENT PLANS**

**ICMA 401a Retirement Plan**

Effective January 1, 1997, the city established, by resolution, a money purchase plan and trust called "the City of Fruitland Park 401-a Plan" in the form of the ICMA Retirement Corporation Prototype Money Purchase Plan and Trust. The plan is a defined contribution pension plan administered by the ICMA Retirement Corporation. The City Commission must authorize plan amendments to benefit provisions or the obligation to make contributions.

All full-time employees at least 18 years of age, other than those participating in FRS, are eligible to participate in this plan once they have completed a 90-day period of service. An employee does not become vested in any benefits until the completion of five years of service, at which time the employee becomes 100% vested. At September 30, 2020 there were 8 participants in the plan.

Contributions to the plan are made only by the City. The City will contribute a minimum of 2% of a participant's earnings, not including overtime or bonuses, into the plan. The City will contribute up to 5% into the plan, depending upon (and matching) a participant's contribution into the City's ICMA 457 deferred compensation plan.

Participant's separating from service with the City before the five-year vesting period of service is complete forfeit their entire account balance in the plan. The City may use forfeited amounts to reduce the City's required payment of contributions for current plan participants. During the year ended September 30, 2020, the city did not use any forfeited amounts for payment of contributions for current plan participants. The City contributed \$12,994 to the plan for the year ended September 30, 2020.

**NOTE 11                      DEFINED CONTRIBUTION RETIREMENT PLANS (CONTINUED)**

**ICMA 457 Deferred Compensation Plan**

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is administered by ICMA Retirement Corporation. The plan permits participants to defer a portion of their salary until future years. At September 30, 2020, the plan had 8 participants.

All of the City's employees are eligible to participate in the ICMA deferred compensation plan after completion of a three month probationary period upon their first date of employment. Participation is strictly on a voluntary basis. Participants become immediately 100% vested in contributions credited to their account.

The City does not make any contributions to this plan for participants who entered the plan after January 1, 1997. For those employees (1 as of September 30, 2020) participating in the plan on January 1, 1997, the City contributes a minimum of 2% and will match up to 5% of a participant's contribution into the plan.

Because the Plan Assets are held in trust for the exclusive benefit of plan participants and their beneficiaries, the Plan is not accounted for in the City's fund financials.

**NOTE 12                      OTHER POST-EMPLOYMENT BENEFITS**

In accordance with Florida Statutes Section 112.0801, the City makes continued group health insurance through the City's current provider available to retirees and eligible dependents provided certain service requirements and normal age retirement requirements have been met. This benefit has no cost to the City, other than the implicit cost of including retirees in the group calculation. All premiums are paid by the retiree. The City has no retirees currently receiving benefits, and therefore no liability has been recorded.

**NOTE 13                      COMMITMENTS AND CONTINGENCIES**

**Litigation**

The City is engaged in various liability claims incidental to the conduct of its general government operations at September 30, 2020. While the ultimate outcome of the litigation cannot be determined at this time, management believes that any amounts not covered by insurance, if any, resulting from these lawsuits would not materially affect the financial position of the City.

**Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. There have been no significant reductions in insurance coverage from the prior year and settlements have not exceeded insurance coverage during the past three years.

**NOTE 14 FUND BALANCE**

At September 30, 2020 the City's governmental fund balances were as follows:

	<b>General Fund</b>	<b>Community Redevelopment</b>	<b>Capital Projects</b>	<b>Total</b>
<b>Fund Balances</b>				
<b>Nonspendable</b>				
Inventory	\$ 3,777	\$ -	\$ -	\$ 3,777

	<u>\$ 9,387,514</u>	<u>\$ 308,981</u>	<u>\$ 534,373</u>	<u>\$ 10,230,868</u>

**NOTE 14 SUBSEQUENT EVENTS**

In December 2020, the City executed an interlocal agreement to consolidate its fire services with Lake County, resulting in the sale of its fire assets to the County for approximately \$102,000, which will be paid by the County in equal installments over the next two years. Additionally, the sale will result in the elimination of the capital lease liabilities related to the fire radios, since these were also transferred to the County. As a result of this agreement, the City will also terminate the Municipal Firemen's Retirement Plan. Per Florida Statutes, all participants will become fully vested in their plan balances. The effect of this event has not yet been determined and, therefore, no amounts have been recorded in these financial statements.

In November 2020, the City entered into Loan Agreement WW350820 with the State Revolving Fund for the design of a sewer force main. The City may borrow up to \$85,000 at zero interest. The City is also eligible for principal forgiveness up to 70% of the borrowed amount if funds are used for eligible purposes.

Source-Lake County Property Appraiser's Office

The property appraiser is required to physically inspect the property at least once every 5 years. Homesteaded property is reassessed annually on January 1. Any change resulting from such reassessment shall not exceed the lower of 3% of the prior year's assessed value or the percentage change in percentage change in the Consumer Price Index for All Urban Consumers, U.S. City Average, all items 1967=100, or successor reports for the preceding calendar year as initially reported by the United States Department of Labor, Bureau of Labor Statistics.

The estimated just value is adjusted down to the taxable value due to governmental exemptions, widows/widowers exemption, disability/blind exemption, institutional exemption for charitable, religious, scientific, literary and educational, \$25,000 homestead exemption, additional \$25,000 homestead exemption age 65 and older and the homestead assessment differential (just value minus capped value).

## Other Reports

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and City Council  
City of Fruitland Park, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the *City of Fruitland Park, Florida*, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated April 8, 2021, which includes a qualified opinion on governmental activities for the exclusion of net pension assets related to the Municipal Firemen's Retirement Plan.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the *City of Fruitland Park, Florida's* internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of *City of Fruitland Park's* internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in Appendix A, we identified a deficiency in internal control that we consider to be a significant deficiency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in Appendix A to be significant deficiencies.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether *City of Fruitland Park's* financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The result of our tests disclosed an instance noncompliance which is described in Appendix B.

**City's Response to Findings**

The City's response to the findings identified in our audit are described in the accompanying report. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## MANAGEMENT LETTER

Honorable Mayor and City Council  
City of Fruitland Park, Florida

### Report on the Financial Statements

We have audited the financial statements of the *City of Fruitland Park, Florida*, as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated April 8, 2021 which includes a qualified opinion on governmental activities for the exclusion of net pension assets related to the Municipal Firemen's Retirement Plan.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

### Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements accordance with Chapter 10.550, rules of the Auditor General. Disclosures in those reports, which are dated April 8, 2021, should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, require that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding financial audit report, except as noted below.

Tabulation of Uncorrected Audit Findings		
Current Year Finding #	2019FY Finding #	2018FY Finding #
20-1	19-1	18-2

### Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information has been disclosed in the notes to the financial statements.

### Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate results of our determination as to whether or not the *City of Fruitland Park, Florida* has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions(s) met. In connection with our audit, we determined that the *City of Fruitland Park, Florida* did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the *City of Fruitland Park, Florida's* financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

**Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. We noted one finding of noncompliance which is described in Appendix B.

**Purpose of this Letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the City Council, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "McDiarmid Davis". The signature is written in a cursive, slightly slanted style.

Orlando, Florida

#### **ML20-1 - Pension Actuarial Valuations**

##### **Finding**

During our audit, it was noted that the Firemen's Retirement Trust obtains only triennial actuarial valuations, which do not include required information on the City's net pension asset or liability.

##### **Criteria**

Governmental accounting standards require valuations to be done every two years. Additionally, GASB Statement No. 68, requires the City to report the net pension asset or liability on the City's financial statements.

##### **Cause**

The State funds the actuarial valuations of the plan, and has not performed a valuation on the updated pension accounting standards.

##### **Effect**

City is not in compliance with governmental accounting standards.

##### **Recommendation**

We noted that subsequent to year end, the City will be terminating the pension plan. If such termination can occur within the subsequent fiscal year and the required termination payouts can be calculated, no actuarial valuation will be required under GASB standards for the subsequent fiscal year.

**ML20-2 - Investment Policy**

**Finding**

During our audit, it was noted that the continuing professional education required by Florida Statutes 218.415 was not taken by the required individuals.

**Criteria**

The City has established an investment an investment policy that requires annual continuing education courses to be taken by certain responsible individuals.

**Cause**

Courses that were scheduled to be attended were cancelled due to the COVID-19 pandemic and no suitable replacement could be found before year end.

**Effect**

City is not in compliance with Florida Statutes.

**Recommendation**

We recommend that the required individuals take the continuing education courses as soon as a suitable course can be identified.

**INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH  
THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES**

The Honorable Mayor and City Council  
City of Fruitland Park, Florida

We have examined City of Fruitland Park's (the City) compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in Government Auditing Standards issued by the Comptroller General of the United States and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, other than the noncompliance noted in Appendix B, City of Fruitland Park complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.

Re: City of Fruitland Park FYE September 30, 2020, Response to audit comments

The management comments related to fiscal year ending September 30, 2020 were received by both the City Manager and the Finance Director.

#### ML 20-1 Pension Actuarial Valuations

During our audit, it was noted that the Firefighters Retirement Trust obtains only triennial actuarial valuations, which do not include required information on the City's net pension assets or liability.

#### Response

This pension is a very small pension for volunteer firefighters. We have hired an actuary, GRS Consulting to complete an annual actuarial report for FY2020. It is currently in progress. The Volunteer Fire Department was terminated, effective January 1, 2021, and we are currently under contract with Lake County Fire. GRS Consulting will calculate each firefighters entitled benefits under the plan once the Actuarial Report for FY2020 is complete.

#### ML 20-2 Investment Policy

During our audit, it was noted that the continuing professional education required by Florida Statutes 218.415 was not taken by the required individuals.

#### Response

The course was scheduled to be attended but was cancelled due to COVID-19 pandemic in FY2020. Personnel will take the virtual course offered by FGFOA in May 2021.
