INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor
and Town Council
Town of Indian Shores, Florida

We have audited the accompanying financial statements of the governmental activities, each major fund, the budgetary comparisons for the general fund, and the aggregate remaining fund information of the Town of Indian Shores, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error, in making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

The Honorable Mayor
and Town Council
Town of Indian Shores, Florida

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Indian Shores, Florida as of September 30, 2020, and the respective changes in financial position and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-14 and the schedule of net pension liabilities, ratios for the Chapter 185 pension plan, contributions and investment returns for the Chapter 185 pension plan, the schedule of the Town's net pension liability and the schedule of change in total OPEB liability and related ratios be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statement, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Honorable Mayor
and Town Council
Town of Indian Shores, Florida

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or any assurance on them.

Other Reporting Required by Governmental Auditing Standards

In accordance with *Government Accounting Standards*, we have also issued our report dated September 8, 2021, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION

AND ANALYSIS

THIS PAGE INTENTIONALLY LEFT BLANK

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Town of Indian Shores' discussion and analysis is designed to:

- (a) Assist the reader in focusing on the financial issues
- (b) Provide an overview of the Town's financial activity
- (c) Identify changes in the Town's financial position
- (d) Identify any material deviations from the financial plan (the approved budget)
- (e) Identify individual fund issues or concerns for the fiscal year ended September 30, 2020.

FINANCIAL HIGHLIGHTS

- At the close of fiscal year 2020 the Town's assets exceeded its liabilities, resulting in *net* position of \$9,147,071. Of this amount, the *unrestricted net position* of \$4,471,695 can be used for any purpose that is approved by the Town Council.
- On September 30, 2020, the Town's governmental funds reported an ending fund balance of \$4,176,782 which is an *increase* of \$150,171 in comparison with the prior year. This increase is attributable primarily to the receipt of funding from FEMA for damages incurred during Hurricane Irma.
- During the year, the Town's governmental activities program revenues were \$934,889 compared to expenses of \$3,833,678 which means that **only 24.39% of expenses were paid for with program revenues**. The percentage is consistent year over year.
- On September 30, 2020, unassigned fund balance for the General Fund was \$1,998,785.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The three components of the financial statements are: (1) Government-wide financial statements which include the *Statement of Net Position* and the *Statement of Activities* which presents information presenting how the Town's net position changed during the fiscal year; (2) Fund financial statements tell how these services were financed in the short term, as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds; and (3) Notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The *government-wide financial statements* are designed to provide readers with a broad overview of the Town's finances, using the *accrual basis of accounting*, which is similar to a private-sector business. There are two types of government-wide financial statements:

1. The *Statement of Net Position* presents information on all the Town's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

2. The *Statement of Activities* presents information showing how the government's net position changed during fiscal year 2020. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town include general government, public safety, highways and streets, parking, and culture and recreation. Property Taxes, utility services taxes, gas taxes, and sales taxes, finance the majority of these services.

The government-wide financial statements include the Town itself (known as the primary government) and all activities of the governing agency.

The government-wide financial statements can be found on pages 15 - 16 of this report.

FUND FINANCIAL STATEMENTS

The accounts of the Town are organized based on funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures or expenses, as appropriated. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

The Town's funds are presented in separate fund financial statements. These funds are presented on a governmental fund financial statement. The Town's major funds are presented in separate columns on the fund financial statements. The definition of a major fund is one that meets certain criteria set forth in GASB 34. The funds that do not meet the criteria of a major fund are considered non-major funds and are combined into a single column on the fund financial statements.

GOVERNMENTAL FUNDS

Governmental fund financial statements are prepared on the modified accrual basis using current financial resources measurement focus. Under modified accrual basis, revenues are recognized when they become measurable and available as net current assets. The governmental fund statements provide a detailed short-term view of the Town general government operations and the information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's program.

The Town adopts an annual budget for all funds and a budgetary comparison statement has been provided for these funds to demonstrate budgetary compliance.

Proprietary funds financial statements are used to report the same functions presented as business-like activities in the government-wide financial statements on a full accrual basis and provide both long- and short-term financial information. The Town does not maintain a separate enterprise fund (one type of proprietary fund).

A *Fiduciary fund* is *not* included in the government-wide financial statements because the resources of those funds are not available to finance the Town's operation. The accounting used for fiduciary fund is similar to proprietary funds.

The basic fiduciary fund financial statement can be found on pages 22 and 23 of this report.

NOTES TO FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 24 – 74 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, including progress of funding pensions and other postemployment benefits (OPEB) to its employees. This includes the general fund original budget and final budget in comparison to actual expenses.

The required supplementary information for the fiduciary fund's individual fund schedule information is reported on pages 76 – 80 of this report. The required supplementary information for the other postemployment benefits is reported on page 75.

CAPITAL ASSETS

The capital assets of the Town are those assets that are used in the performance of Town functions. The Town continues to follow GASB Statement 34. Historically, a government's largest group of assets which includes land, building, improvements, machinery and equipment and infrastructure – i.e. roads, bridges, sidewalks curbs, and underground pipes - unless associated with a utility, have not been reported or depreciated in the Town's financial statements. The new statement requires that these assets be valued and recorded within the governmental columns of the Governmental-wide Statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Changes in net position - As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town, total assets exceeded total liabilities by \$9,147,071 at the close of fiscal year ended September 30, 2020. The Town uses capital assets to provide services to citizens; therefore, these assets are not available for future spending, because the Town has no intention of selling these assets to generate spendable assets (i.e., cash). The following table reflects the condensed Statement of Net Position.

Total Net Position	\$9,147,071	\$8,817,019

¹For more detailed information, see Statement of Net Position on Page 15.

Of the Town's total net position, 50.1 % represents resources that are unrestricted on how they may be used with 0.1% being subject to external restrictions.

The remaining portion of the Town's net position, or 49.8%, represents its investment in capital assets (e. g. land, building, improvements and equipment), less any related outstanding debt used to acquire those assets. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The remaining balance of unrestricted net position \$4,471,695 may be used to meet the government's ongoing obligations to citizens and creditors.

GOVERNMENTAL ACTIVITIES

Governmental Activities increased the Town's net position by \$330,052. Key elements of this change are as follows:

- Actual property tax revenue increased by \$123,343 or 6.7% compared to the prior year. A 5.84% increase in the existing property values and a millage rate of 1.8700 that was 4.97% above the Rolled-Back Rate of 1.7814.
- Governmental fund overall revenues decreased over fiscal year 2019 with a reported decrease of \$(1,028,095) or (25)%.
 - Ad Valorem increased by \$123,343 or 6.7%
 - Franchise Taxes decreased by \$(17,991) or (6.7)%
 - Utility Taxes increased by \$3,797 or 0.9%
 - Licenses and Permits decreased by \$(5,723) or (2.7)%
 - Intergovernmental Revenues decreased by \$(1,168,810) or (206.2)%
 - Charges for Services increased by \$8,853 or 1.4%
 - Fines, Interest & Miscellaneous Revenues increased by \$28,436 or 39.4%
- Local Option Sales Tax decreased (29)% or \$(45,144) over the prior year. Utility Taxes increased 0.9% or \$3,797 with the Communications Services Tax decreasing (5.7)% or \$5,871) over last year. The Utility Tax and 2.5% of the Communications Services Tax are utilized for the retirement of the long-term debt and interest for the placement of utilities underground within the Town.
- Program revenues increased \$14,835 primarily due to a small increase in fines assessed by the Town and an increase in charges for Police services.
- **Overall revenues decreased (23.9)% or \$(993,796)** in comparison with the prior year along with an **increase of 1.0% or \$38,841 in program expenditures** in comparison with the prior year.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the Town's governmental fund is to provide a detailed short-term view of the Town's general government operations. The information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's program. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2020, the Town's governmental funds reported ending fund balances of \$4,176,782 which is an *increase* of \$150,171 in comparison with the prior year. There was a decrease in revenue of \$(1,028,095) compared to the previous year and expenditures increased by \$256,236.

<i>INTERGOVERNMENTAL REVENUES</i>						
	<u>2020</u>	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>
Half-Cent Sales Tax	\$91,466	\$96,717	\$95,879	\$90,267	\$89,354	\$92,759
State Revenue Sharing	\$32,705	\$34,700	\$33,655	\$32,859	\$31,827	\$31,259
Local Option Gas Tax	\$16,870	\$20,300	\$21,518	\$24,943	\$24,731	\$24,195
1 Cent Surtax - LOST	\$154,655	\$199,799	\$190,354	\$178,788	\$174,366	\$178,937

100% of Utility taxes and 2.5% of the Communications Services Tax are utilized to fund the long-term debt payments for the undergrounding of utilities on Gulf Boulevard.

The Assigned fund balance for designated projects is \$1,319,824 and the Unassigned fund balance is \$1,998,785 both of which are available for spending at the Town's discretion.

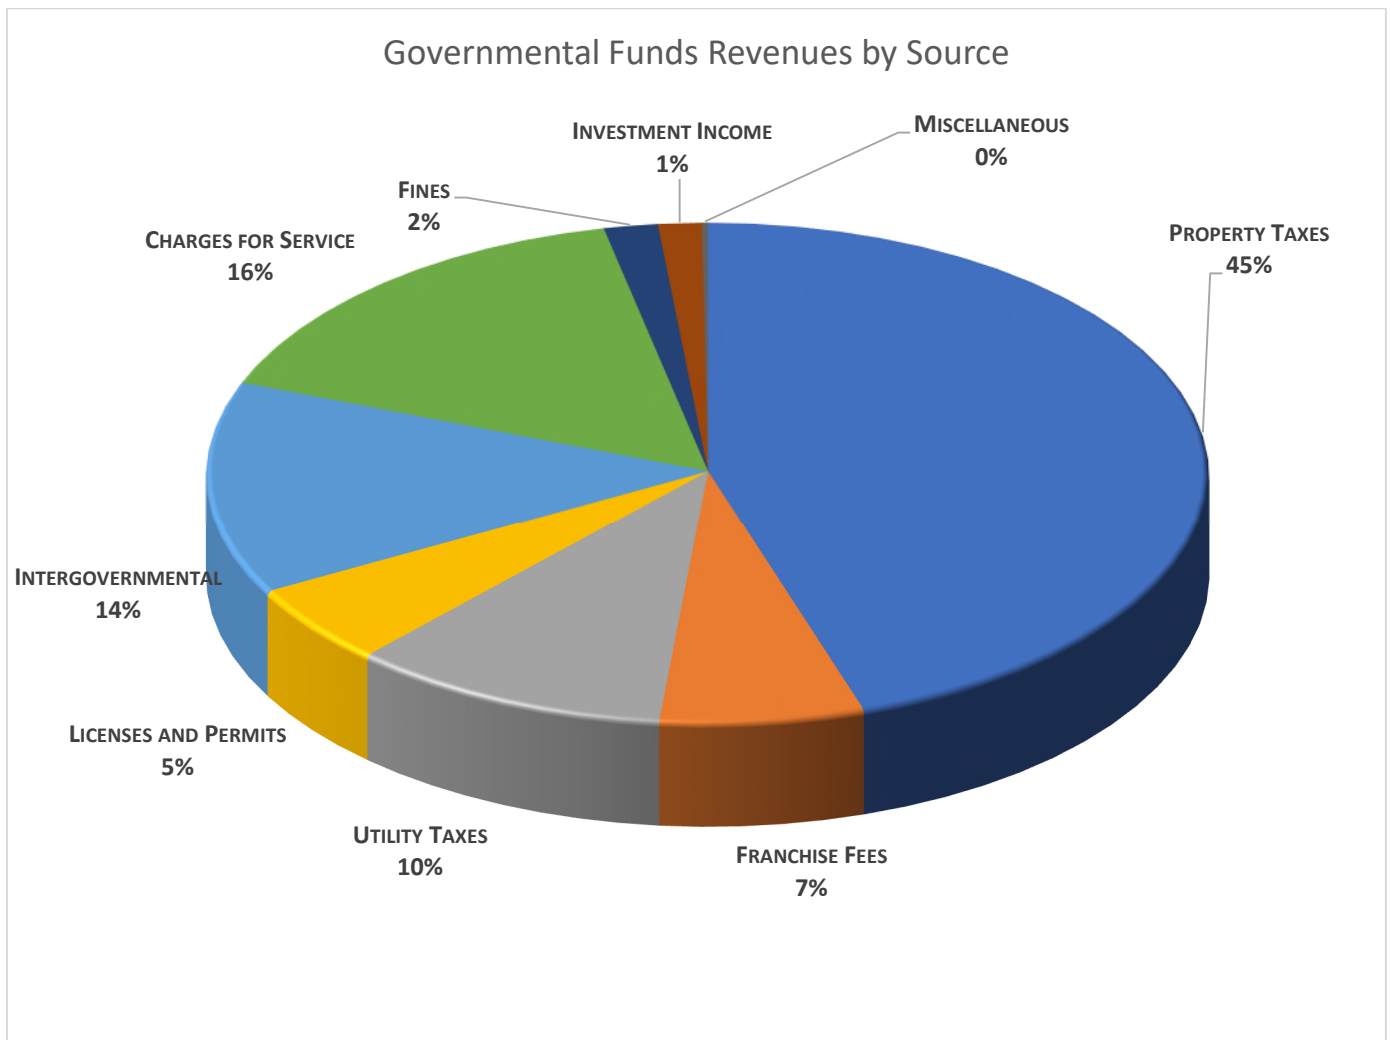

The remainder of the fund balance \$858,173 is non-spendable, restricted, or committed fund balance is not available for new spending and is detailed on page 57 along with the Reserved Pension Trust Funds.

CALCULATION OF ALLOWABLE MAXIMUM MILLAGE

The rolled back rate is the rate that would generate approximately the same tax dollars as the previous year with the same properties (1.7814). During 2020 the Town was required to calculate and disclose the allowable Maximum Millage Levy Calculation. The current year rolled-back rate is allowed to be adjusted by the growth or loss in per capita Florida personal income that is certified by the Department of Revenue which was 1.0322%. The **majority vote** maximum millage rate allowed for the Town of Indian Shores was 2.2490. With a **two-thirds vote** the maximum millage rate allowed would have been 2.4739. **The Town Council approved a rate of 1.8700 per \$1,000 of valuation** which was 4.97% **more than** the rolled back rate of 1.7814.

For the Fiscal 2019/2020 year the maximum millage rate that can be levied will be calculated much the same as in FY 2018/2019 subject to any legislative changes.

The following chart shows the major sources of revenue by percentage. Most of the tax sources are not controllable by the Town, because State Statutes set the tax levies, but the Town has maintained a property tax millage well below the maximum 10 mill statutory rate.

GOVERNMENTAL FUNDS - BUDGETARY HIGHLIGHTS

There were no budget amendments to the original budget.

CAPITAL ASSET AND DEBT ADMINISTRATION

CAPITAL ASSETS - GOVERNMENTAL FUNDS

The Town's investment in capital assets for its governmental activities as of September 30, 2020, amounts to \$8,700,745 net of accumulated depreciation. This investment in capital assets includes land, building, improvements other than buildings, and equipment.

Additional information on the Town's capital assets can be found on page 52 and 53 of this report.

LONG-TERM DEBT

At the end of Fiscal Year 2020, the Town had no outstanding general obligation bonds.

On February 15, 2005, the Town issued Revenue Bonds, Series 2005A through the Florida Municipal Loan Council in the amount of \$5,930,000 for the purpose of undergrounding utilities within the Town.

	<u>Governmental Activities</u>
Revenue Bonds - Principal	<u>\$ 3,123,947</u>

During Fiscal Year 2019/2020 the Town paid \$346,840 towards retirement of principal and with the retiring of the outstanding balance, interest expense has declined to \$120,692 for interest and fees paid semi-annually in February and August.

On September 27, 2012, the Town refinanced Municipal Revenue Bonds in the amount of \$1,820,000 that was utilized for the construction of a new Municipal Center. During Fiscal Year 2019/2020 the Town paid \$135,652 towards retirement of the principal and \$29,666 for interest payments. Debt payments are paid monthly and there is no pre-payment penalty after five-years from the date of issue.

	<u>Governmental Activities</u>
Revenue Note - Principal	<u>\$ 746,088</u>

The Town has recorded a liability for compensated absences in the amount of \$49,187.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- The unemployment rate for the County on September 30, 2020, was 5.7 percent which represents an increase of 3 percent from the prior year. The State rate of unemployment was 7.6 percent as of September 30, 2020.
- The Town of Indian Shores is primarily a residential community with less than 14.9 percent of properties currently claiming Homestead Exemption. Latest report shows 417 out of 2806 parcels.
- The Town of Indian Shores witnessed new construction costs estimated value of \$17,098,780 for the fiscal year ended September 2020. Permit Fees totaled over \$261,100 during this time. Due to new construction and increasing values, the Town is in good condition to raise sufficient tax revenue in FY19-20 to meet projected expenditures without utilizing reserves. With new construction and increased issuances of Certificates of Occupancy and assessed values of real property continuing to increase well into 2021, the Town's ability to provide salary and benefit increases is likely.
- This financial report is designed to present users with a general overview of the Town's finances to all those interested in the government finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed:

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

1. Summary of Significant Accounting Policies

The Town of Indian Shores (Town) maintains its accounting records in accordance with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below:

Reporting Entity - The Town is a political subdivision of the State of Florida, located in Pinellas County in the southwest central portion of the State. The Town was incorporated in 1949. In accordance with the Florida Statutes of 1941, the Town was established pursuant to a special election held on September 16, 1949. The Town's Charter was revised in 1985 and is the same Charter under which the Town currently operates. The Town is approximately .385 square miles in land area. The Town is a full service municipality providing its citizens with a full complement of municipal services except for fire protection.

In evaluating how to define the Town of Indian Shores, Florida (the primary government), for financial reporting purposes, management has considered all potential component units. The decision as to the inclusion of a component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14.

This governmental accounting standard requires that this financial statement present the Town of Indian Shores (the primary government) and its component units. Component units generally are legally separate entities for which a primary government is financially accountable. Financial accountability ordinarily involves meeting both of the following criteria: the primary government is accountable for the potential component unit (i.e., the primary government appoints the voting majority of its board) and the primary government is able to impose its will upon the potential component unit, or there is a possibility that the potential component unit may provide specific financial benefits or impose specific financial burdens on the primary government. The policemen's pension fund is included in these financial statements as a pension trust fund.

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

1. **Summary of Significant Accounting Policies (Continued)**

Policemen's Pension Fund - The Town's police officers participate in the Policemen's Pension Plan. The Plan functions for the benefit of these employees and is governed by a five-member pension board. Two police officers, two Town residents and a fifth member elected by the other four members constitute the pension board. The Town and the Plan participants are obligated to fund all Plan costs based upon actuarial valuations. The Town is authorized to establish benefit levels and to approve the actuarial assumptions used in the determination of contribution levels.

Complete financial statements of the above pension fund can be obtained from:

Town of Indian Shores
Director of Finance and Personnel
19305 Gulf Boulevard
Indian Shores, Florida 33785

The Pinellas Suncoast Fire & Rescue District (PSFRD) provides services within the Town of Indian Shores, but has not been included in the reporting entity because it does not meet the criteria necessary to be a component unit. The PSFRD elects its own governing Board, sets its own fee for services schedule and is completely independent of the Town of Indian Shores.

Government-Wide and Fund Financial Statements - The Town has adopted the provisions of GASB Statement No. 34, "Basic Financial Statements and Management Discussion and Analysis for State and Local Governments." The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from fiduciary funds.

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

1. Summary of Significant Accounting Policies (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, a reconciliation is presented on the same page or the page following each statement, which briefly explains the adjustments necessary to reconcile the fund based financial statements to the governmental activities column of the government-wide presentation.

The Town's fiduciary funds are presented in the fund financial statements by type (pension). Since by definition these assets are being held for the benefit of a third-party (pension participants) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

1. Summary of Significant Accounting Policies (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation -

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

The Town reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

1. Summary of Significant Accounting Policies (Continued)

The *Capital Improvements Fund* accounts for the capital projects funded by the infrastructure sales surtax.

The Town reports the following nonmajor governmental fund:

The *Road and Bridge Fund* is a Special Revenue Fund that accounts for repair and maintenance projects funded by the County.

Additionally, the Town reports the following fund type:

The *Pension Trust Fund* - The Town's police officers participate in the Public Safety Pension Fund.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's administrative function and various other functions of the government. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed.

Establishment/Elimination of Funds

No funds were established or eliminated during the fiscal year ended September 30, 2020.

Assets, Liabilities, and Net Position/Equity:

Deposits and investments - The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The Town's investment policy is to maintain funds in investments which yield the highest possible efficiency and return within the limitations established by Florida Statutes, Chapter 218.415. Provisions of those statutes authorize the Town to invest in:

- a) Florida State Board of Administration Local Government Pooled Investment Fund.
- b) Bonds, notes or other obligations of the United States or for which the credit of the United States is pledged for the payment thereof.
- c) Interest-bearing time deposits, savings accounts or collective investment funds in banks or savings and loan associations organized under the laws of the United States.
- d) Obligations of the federal farm credit banks and the Federal Home Loan Mortgage Corporation.
- e) Obligations of the Federal National Mortgage Association and the Government National Mortgage Association.

Investments in fixed income securities are stated at fair value. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Investments held by the Town's pension trust fund are reported at fair value. Short-term investments are reported at amortized cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair values.

The Domestic and Foreign Stocks, Corporate Bonds, Municipal and U.S. Government Obligations and Temporary Investment Funds are assets of the Policemen's Pension Trust Fund (Plan) and are reported at fair value. These securities are held by the Plan's agent in the Plan's name. The Temporary Investment funds are open end funds and are not subject to categorization.

The ICMA Investment Fund is an asset of the Employees' Pension Trust Fund and is reported at fair value. The ICMA Investment Fund is an open-end fund and provides management of commingled retirement plan funds for the defined contribution plan administered by the ICMA Retirement Corporation. The Retirement Corporation administers qualified money purchase pension plans for state and local governments and instrumentalities.

Receivables and payables - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All tax, accounts and intergovernmental receivables are shown net of an allowance for uncollectible.

Property Taxes - Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector.

The tax levy of the Town is established by the Town Council prior to October 1 of each year and the Pinellas County Property Appraiser incorporates the Town's millage into the total tax levy, which includes the Pinellas County School Board tax requirements. The Town is permitted by state law to levy taxes up to ten mills of assessed valuation, exclusive of taxes levied for the payment of bonds. The 2020 millage rate assessed by the Town was 1.8700.

All property is reassessed according to its fair market value January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State statutes.

All taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest at 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on property. After sale, tax certificates bear interest at 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Delinquent taxes on personal property bear interest at 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

Because of the Pinellas County Tax Collector's Office efficient system for selling tax certificates and remitting the proceeds to the Town any delinquent or uncollected property taxes at year end are immaterial. The Town's tax calendar is as follows:

Valuation Date:	January 1
Levy Date:	November 1
Due Date:	March 31, succeeding year
Lien Date:	April 1, succeeding year

Capital Assets - Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred, if any, during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	45-55
Building improvements	20-30
Public domain infrastructure	45-55
Machinery and equipment	5-15

Long-term Obligations - In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

Net Position - Net position of the government-wide fund represents the difference between assets and liabilities. Net investment in capital assets, net of related debt consists of capital assets net of accumulated depreciation and the outstanding balance on any borrowing spent for acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Council or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Nature and Purpose of Classifications of Fund Equity - In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Amounts that are restricted to specific purposes either by

a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments or

b) imposed by law through constitutional provisions or enabling legislation are classified as restricted fund balances.

Amounts that can only be used for specific purposes pursuant to constraints imposed by the Town Council through a resolution are classified as committed fund balances. Amounts that are constrained by the Town's intent to be used for specific purposes but are neither restricted nor committed are classified as assigned fund balances. Assignments are made by the Town management. Non-spendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Unassigned fund balance represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the governmental funds.

Fund Balance/ Net Position Policy

The Town hereby establishes and will maintain Fund Balance/Net Position, as defined herein, in accordance with Governmental Accounting and Financial Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Fund Balance shall be composed of non-spendable, restricted, committed, assigned and unassigned amounts.

A Fund Balance Policy/Net Position is adopted in order to secure and maintain investment-grade credit ratings, meet seasonal shortfalls in cash flow, and reduce susceptibility to emergency or unanticipated expenditures and/or revenue shortfalls. Fund balance information is used to identify the available resources to repay long-term debt, reduce property taxes, add new governmental programs, expand existing ones, or enhance the financial position of the Town, in accordance with policies established by the Town Council.

This Fund Balance/Net Position Policy establishes:

- a. Fund balance policy for the General Fund;
- b. The method of budgeting the amount of estimated unrestricted fund balance (also known as estimated beginning fund balance) available for appropriation during the annual budget adoption process (prior to the actual, audited fund balance being known) and what actions may need to be taken if the actual fund balance is significantly different than the budgeted fund balance; and
- c. Establish the spending order of fund balances.

RESTRICTED

Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation will be budgeted and reported in specific revenue funds, capital project funds or debt service funds.

COMMITTED

This component may be made for such purposes including, but not limited to: a) major maintenance and repair projects; b) meeting future obligations resulting from a natural disaster; c) accumulating resources pursuant to stabilization arrangements; d) establishing reserves for disasters; and/or e) for setting aside amounts for specific projects.

ASSIGNED

This component may be: a) made for a specific purpose that is narrower than the general purposes of the government itself; and/or b) used to reflect the appropriation of a portion of existing unassigned fund balance to eliminate a projected deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues.

Assigned fund balance shall reflect management's intended use of resources as set forth in the annual budget (and any amendments thereto). Assigned fund balance may or may not be appropriated for expenditure in the subsequent year depending on the timing of the project/reserve for which it was assigned.

UNASSIGNED

This classification represents amounts that have not been restricted, committed or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

UNASSIGNED (Continued)

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources (committed, assigned and unassigned) as they are needed. When unrestricted resources (committed, assigned and unassigned) are available for use it is the Town's policy to use committed resources first, then assigned, and then unassigned as they are needed.

NON-SPENDABLE

This component is established to report items that are not expected to be converted to cash such as inventory and pre-paid items; items not currently in cash form such as long-term amounts of loans and notes receivable as well as property acquired for resale; and, items legally or contractually required to be maintained intact such as the corpus (or principle) of a permanent fund.

MINIMUM LEVEL OF UNASSIGNED FUND BALANCE

Unassigned fund balance is the residual classification for general fund and represents fund balance that has not been restricted, committed or assigned by specific purposes within the general fund.

If, after the annual audit, prior or committed or assigned fund balance causes the unassigned fund balance to fall below 30% of general fund operating expenditures, the Town Administrator will also advise Town Council in order for the necessary action to be taken to restore the unassigned fund balance to 30% of General Fund operating expenditures.

The Town Administrator will prepare and submit a plan for committed and/or assigned fund balance reduction, expenditure reductions and/or revenue increases to Town Council. The Town shall take action necessary to restore the unassigned fund balance to acceptable levels within two years.

The Town Administrator, Town Clerk, Director of Finance and Personnel, and all other Department Heads earn vacation leave at the rate of six (6) hours per bi-weekly period, or in accordance with the appropriate rate based on length of service, whichever is greater.

A maximum of two hundred forty hours or thirty working days may be carried over from one fiscal year to the next. An employee who has served six months or more may take vacation leave. Every eligible full-time employee is required to take at least sixty-four hours of vacation leave within each fiscal year. At the end of the fiscal year or when an employee is to be terminated without prejudice, the employee may (contingent upon the approval of the Department Head, Town Administrator, Town Clerk, and Director of Finance and Personnel), take all, or any portion, of his accrued vacation leave subject to the following limitations. Leaves by Department Heads must be approved by the Director of Finance and Personnel. Any vacation leave by a Department Head which will contribute to exceeding one hundred twenty hours taken within a period of ninety consecutive calendar days requires the approval of the appropriate Town committee responsible to the Town Council for that department (responsible committee). However, if an employee is being terminated without prejudice, the one hundred twenty hour limitation does not apply.

An employee who terminates employment "without prejudice" is paid for any unused vacation leave accumulated to the time of termination. An employee who does not perform satisfactorily in accordance with the Town's standards will be terminated "with prejudice." Any employees terminated with prejudice may lose all accrued vacation leave. Each case will be reviewed by the responsible committee.

Sick Leave:

Sick leave is earned based on length of completed, fully compensated service as follows:

<u>Years of Completed Service</u>	<u>Leave Earned</u> <u>Per Biweekly Pay Period</u>

Amounts of vested or accumulated accrued leave that are not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts.

Deferred Outflows of Resources/Deferred Inflows of Resources -Government Accounting Standards Board (GASB) Concept Statement No. 4, "Elements of Financial Statements", introduced two new elements of the financial statements in addition to Assets, Liabilities and Net Assets (changed to Net Position) which are:

Deferred Outflows of Resources is a consumption of net assets by the government that is applicable to a future reporting period.

Deferred Inflows of Resources is an acquisition of net assets by the government that is applicable to a future reporting period.

Government Accounting Standards Board (GASB) Statement No. 63, “Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position” provide financial reporting guidance for Deferred Outflows of Resources and Deferred Inflows of Resources and also identifies Net Position (replacing Net Assets) as the residual of all the elements (Assets, Deferred Outflows of Resources, Liabilities and Deferred Inflow of Resources) presented in a statement of financial position.

Government Accounting Standards Board (GASB) Statement No. 65, “Items Previously Reported as Assets and Liabilities” establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflow of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

The Town has the following items that qualify for reporting in this category:

- A. Pension contributions after measurement date. These contributions are deferred and recognized in the following fiscal year.
- B. Difference in projected and actual earning on pension assets - This difference is deferred and amortized over a closed five year period.

1. **Summary of Significant Accounting Policies (Continued)**

Net Position:

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is presented in three components - net investment in capital assets, restricted and unrestricted.

Net Investment in Capital Assets - This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction, or improvement of those assets. This component does not include the portion of debt attributable to the unspent proceeds.

Restricted - This component consists of net position that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or law or regulations of other governments) or by law through constitutional provisions or enabling legislation.

Unrestricted - This component consists of net position that does not meet the definition of “net investment in capital assets” and “restricted”.

When both restricted and unrestricted resources are available for use, it is the Town’s policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance:

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components - nonspendable, restricted, committed, assigned and unassigned.

Subsequent Events - Management has adopted the provisions set forth in GASB Statement No. 56, *Subsequent Events*, and considered subsequent events through September 8, 2021.

2. **Stewardship, Compliance, and Accountability**

Budget Information - Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund and the enterprise funds and are controlled on a fund and department level. On or before May 31 of each year, all departments of the Town submit requests for appropriation to the Finance Officer so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year. All annual appropriations lapse at fiscal year-end.

The proposed budget is presented by the Town staff to the Town Council for review on or before August 31. The Town Council holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the Finance Officer or the revenue estimates must be changed by an affirmative vote of a majority of the Town Council.

Expenditures may not legally exceed budgeted appropriations at the departmental level.

Encumbrances accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

3. **Cash and Cash Equivalents**

The Town maintains a cash pool that is available for use by all funds. Each fund's portion of this pool is displayed as "Cash and Cash Equivalents". In addition, investments are separately held by the Town's General Fund.

4. Deposits

At year-end the carrying amount of the Town's deposits was \$721,669 and the bank balance was \$862,358. The bank balance was covered by federal depository insurance and, for the amount in excess of such federal depository insurance, by the State of Florida's Security for Public Deposits Act. Provisions of the Act require that public deposits may only be made at qualified public depositories. The Act requires each qualified public depository to deposit with the State Treasurer eligible collateral equal to or in excess of the required collateral as determined by the provisions of the Act. In the event of a failure by a qualified public depository, losses in excess of federal depository insurance and proceeds from the sale of the securities pledged by the defaulting depository, are assessed against the other qualified public depositories of the same type as the depository in default.

5. Investments

The Town's investments are categorized as insured or registered or for which the securities are held by the Town or its agent in the Town's name. Investments that are not evidenced by securities that exist in physical or book-entry form include investments in open-ended mutual funds and pools managed by other governments.

Interest Rate Risk - The Town manages its exposure to fair value losses arising from increasing interest rates through its adopted investment policies. The Town limits the effective duration of its investment portfolio through the adoption of nationally recognized risk measure bench marks.

Credit Risk - Consistent with state law the Town's investment guidelines limit its fixed income investments to a quality rating of 'A' or equivalent as rated by one or more recognized bond rating service at the time of purchase. Fixed income investments which are downgraded to 'BAA' or equivalent must be liquidated within a reasonable period of time not to exceed twelve months. Fixed income investments which are downgraded below 'BAA' shall be liquidated immediately.

The common stocks, corporate obligations, and temporary investment funds are assets of the Policemen's Pension Fund held by the Fund's agent in the Funds name. Accrued interest is not shown under a separate balance sheet account for the investment in the Florida Local Government Pooled Investment Fund as it is carried at fair value.

Policemen's Pension Fund

The Board for the Policemen's Pension Fund has adopted an Investment Policy that is in accordance with Chapter 185 of the Florida Statutes.

6. Investment Measurement at Fair Value

Fair Value Hierarchy

The accounting standards break down the fair value hierarchy into three levels based on how observable the inputs are that make up the valuation. The most observable inputs are classified as Level 1 where the unobservable inputs are classified as Level 3.

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

As a general rule, any asset that has a daily closing price and is actively traded will be classified as a Level 1 input.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly. Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in active markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

As a general rule, if an asset or liability does not fall into the requirements of a Level 1 or Level 3 input, it would default to Level 2. With Level 2 inputs, there is usually data that can be easily obtained to support the valuation, even though it is not as easily obtained as a Level 1 input would be.

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

6. Investment Measurement at Fair Value (Continued)

Fair Value Hierarchy (Continued)

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

As a general rule, Level 3 inputs are those that are difficult to obtain on a regular basis and require verification from an outside party, such as an auditor or an appraisal, to validate the valuation.

Net asset value (NAV) is a common measurement of fair value for Level 1, Level 2, and Level 3 investments. A fund's NAV is simply its assets less its liabilities, and is often reported as a per share amount for fair value measurement purposes. The Plan would multiply the NAV per share owned to arrive at fair value. Level 1 investment in funds such as mutual funds report at a daily NAV per share and are actively traded. NAV also comes in to play for Level 2 and 3 investments. As a matter of convenience (or referred to in accounting literature as a "practical expedient"), a Plan can use the NAV per share for investments in a nongovernmental entity that does not have a readily determined fair value, such as an alternative investment. Investments measured at NAV as a practical expedient would be excluded from the fair value hierarchy because the valuation is not based on actual market inputs but rather is quantified using the fund's reported NAV as a matter of convenience.

The Plan categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The Plan has the following total recurring fair value measurements as of September 30, 2020:

- *Debt securities* - Debt securities classified in Level 1 or Level 2 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used by International Data Pricing and Reference Data, LLC to value securities based on the securities' relationship to benchmark quoted prices.

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

6. Investment Measurement at Fair Value (Continued)

Fair Value Hierarchy (Continued)

- *Mutual funds* - The rationale for inclusion in Level 1 or Level 2 points to the unobservable inputs involved in mutual fund pricing. Mutual funds do not trade using bid and ask, as with ETF's or common stock. Instead, the prices are determined by the net asset value of the underlying investments at the close of business for the next day's open. The underlying assets themselves may include a variety of Level 1 and Level 2 securities and some may be valued using matrix pricing which interpolates the price of a security based on the price of similar securities.
- *Fixed income funds* - Valued using pricing models maximizing the use of observable input for similar securities. This includes basing value on yield currently available on comparable securities of issues with similar credit ratings.
- *Equity funds* - Valued at market prices for similar assets in active markets.
- *Common stock* - Valued at quoted market prices for identical assets in active markets.

14. Budgetary - GAAP Reporting Reconciliation

The accompanying financial statements present comparisons of the legally adopted budget with actual data on a GAAP (generally accepted accounting principles) basis. Accounting principles applied by the Town for purposes of developing data on a budgetary basis did not differ significantly from those used to present financial statements in conformity with generally accepted accounting principles for the year ended September 30, 2020.

15. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Town expects such amounts, if any, to be immaterial.

The Town did not receive federal grant funds during the fiscal year ended September 30, 2020, and is not, therefore, subject to the program compliance audit by the grantee under the Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations".

The Town has not entered into any operating leases with scheduled rent increases as of September 30, 2020.

On January 20, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Town's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Town is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2020.

16. Postemployment Benefits

The Town does not provide postemployment benefits for police officers or general employees other than pension benefits. Postemployment health care benefits are made available to the Town's terminated employees in accordance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). Under COBRA, the Town is required to offer an election to deceased or terminated participants, their spouses or dependents, to continue coverage in the health plan provided by the Town. The cost of coverage which the Town may charge the participant may not exceed 102% of the applicable premium.

17. Defined Benefit Plan

Plan Description:

The following brief description of the Town of Indian Shores Policemen's Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Ordinance for more complete information.

The Plan is a single employer defined benefit pension plan covering all full-time sworn police officers (hired after January 1, 1996) of the Town of Indian Shores, Florida (Town). Participation in the Plan is required as a condition of employment. Originally established by Town Ordinance in 1996 and amended in 2001 the Plan provides for pension, death and disability benefits. The Plan is subject to provisions of Chapter 185 of the State of Florida Statutes.

The Plan in accordance with the above statute, is governed by a five member pension board. Two police officers who are elected by a majority of the members of the Plan, two are residents of the Town who are appointed by the Town Council and a fifth member elected by the other four members constitute the pension board. The Town and the Plan participants are obligated to fund all Plan costs based upon actuarial valuations. The Town is authorized to establish benefit levels and the Board of Trustees approve the actuarial assumptions used in the determination of contribution levels.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

17. Defined Benefit Plan (Continued)

Current membership in the Plan is comprised of all full-time sworn police officers (except the Chief of Police) of the Town of Indian Shores and is summarized as follows:

<u>September 30,</u>	<u>2020</u>
Retirees and beneficiaries currently receiving benefits	<u>6</u>
Terminated plan members entitled to but not yet receiving benefits	<u>2</u>
Active plan members:	
Fully vested	1
Nonvested	<u>10</u>
Total	<u>11</u>

Officers who retire at the earlier of 52 and 25 years of service or age 55 and the completion of ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.50 percent of their average final compensation times their years of credited service. Cost of living adjustments are not provided. The Plan permits early retirement at age 50 and the completion of ten years of credited service. Benefits vest upon completing ten years of credited service.

The Plan also provides death and disability benefits. The death benefit is the greater of the officer's accumulated contributions or his accrued benefit. Disability payments will be equal to 2.50 percent of the officer's average annual compensation times his years of credited service but shall not be less than 42 percent of his average monthly compensation as of his early retirement date.

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

17. Defined Benefit Plan (Continued)

The Plan has not issued a stand-alone financial report for the year ended September 30, 2020.

Basis of Accounting:

Basis of accounting is the method by which revenues and expenses are recognized in the accounts and are reported in the financial statements. The accrual basis of accounting is used for the Plan. Under the accrual basis of accounting, revenues are recognized when they are earned and collection is reasonably assured, and expenses are recognized when the liability is incurred. Plan member contributions are recognized in the period in which the contributions are due. Town contributions to the plan, as calculated by the Plan's Actuary, are recognized as revenue when due and the Town has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Asset Allocation - The Plan's adopted asset allocation policy as of September 30, 2020 is as follows:

<u>Asset Class</u>	<u>Target Allocation</u>
Domestic equity	50 %
International equity	10
Broad market fixed income	<u>40</u>
Total	<u><u>100%</u></u>

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

17. Defined Benefit Plan (Continued)

Rate of Return - For the year ended September 30, 2020, the annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense, was 6.79 percent adjusted for the changing amounts actually invested.

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Funding Policy:

Officer contribution rates are established at 5.0 percent of salary. Accumulated officer contributions are refunded if an officer leaves covered employment before ten years of credited service. Interest is not paid on contributions of terminated officers with less than ten years of credited service. State excise taxes collected from the Town's residents by the State of Florida are restricted to fund the Plan under Florida Statutes, Chapter 185. Contributions are received from the Town in amounts sufficient to fund the Plan at an actuarially determined rate specified by Florida Statute, Chapter 185. The Plan's administrative costs are financed through investment earnings. The Plan has no undue investment concentrations.

18. Net Pension Liability of the Town

The Town's pension liability on September 30, 2020 was as follows:

Discount rate:

The discount rate used to measure the total pension liability was 6.50 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

22. Employees' Pension Fund

The Town provides pension benefits for all of its full-time employees through a Money Purchase Pension 401 Plan (Plan) adopted on October 1, 1986. In a money purchase pension plan benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate on employment. The Plan requires that the Town contribute thirteen percent of their compensation. All participating employees must contribute a minimum of seven percent of their compensation. All full-time employees hired prior to October 1, 1986 are fully vested. The Town's contributions for each employee (and interest allocated to the employee's amount) hired after October 1, 1986, are fully vested after five years of continuous service. Town contributions for, and interest forfeited by, employees who leave employment before five years of service are used to reduce the Town's current-period contribution requirement.

TOWN OF INDIAN SHORES, FLORIDA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2020

22. Employees' Pension Fund (Continued)

The Plan allows participant loans for certain specified purposes. Loans may not exceed the lesser of fifty percent of the participant's vested account balances or \$50,000. Loans must be repaid within five years at a rate of prime plus 0.5% or the FHA/VA rate on loans for a principal residence.

The Town's total payroll in fiscal year 2020 was \$1,394,142. The Town's contributions were calculated using the participants' salary amount of \$755,615. The Town made the required 13% contribution offset by any forfeitures during the year ended September 30, 2020. The employees who participate in this Plan must make a minimum contribution of 7% of their total salaries. Both the Town and the covered employees made the required contributions summarized as follows:

	<u>Contribution Amount</u>	<u>Percentage of Current Covered Payroll</u>
Required:		
Town	\$ 98,230	13%
Employees	<u>53,025</u>	7%

23. Deferred Compensation Plan

The Town maintains a deferred compensation plan (Plan) under the provisions of Section 457 of the Internal Revenue Code, as amended. This law stipulates that all assets and income of the plan must be held in trust for the exclusive benefit of the Plan participants and their beneficiaries. The Town's plan is administered by the International City Management Association Retirement Corporation (ICMA) and provides the plan participants with the option to invest in eleven different registered investment funds (mutual funds). Although the Town is the Trustee of the plan, the Town has no administrative involvement and performs no investing function for the plan and has not therefore, reported the plan in this financial report.

24. Post-Employment Health Care Benefits

GASB Statement No. 75: *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions* (OPEB), established new accounting standards for postretirement benefits. The new standard does not require funding of OPEB expense, but any difference between the annual required contribution (ARC) and the amount funded during the year is required to be recorded in the employer's financial statement as an increase (or decrease) in the net OPEB obligation. The effective date for implementation of GASB 75 by the Town of Indian Shores, Florida is October 1, 2017. For purposes of this valuation, medical insurance OPEB, were taken into consideration.

The results of this valuation are based on a measurement date of September 30, 2020.

Plan Description

The Town of Indian Shores' Retiree Health Care Plan (Plan) is a single-employer defined benefit post-employment health care plan that covers eligible retired employees of the Town. The Plan, which is administered by the Town, allows employees who retire and meet retirement eligibility requirements under the applicable retirement plan to continue medical insurance coverage as a participant in the Town's plan. For purposes of applying Paragraph 4 Under Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the Plan does not meet the requirements for an OPEB plan administered through a trust.

Employees Covered by Benefit Terms

At October 1, 2019, the following employees were covered by the benefit terms:

Inactive Plan Members or Beneficiaries Currently receiving Benefits	-
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	-
Active Plan Members	<u>23</u>
	<u>23</u>

Benefits Provided

A retired employee and his or her spouse are eligible to continue health insurance identical to the active employees if they meet the eligibility for requirement under this applicable Plan. The retiree is responsible for paying the entire monthly premium for health coverage and that of any covered spouse or eligible dependents. Upon reaching age 65, Medicare is assumed to become primary.

TOTAL OPEB LIABILITY

The measurement date is September 30, 2020.

The measurement period for the OPEB expense was October 1, 2019 to September 30, 2020.

The reporting period is October 1, 2019 through September 30, 2020.

The Town's Total OPEB Liability was measured as of September 30, 2020.

Actuarial Assumption

The Total OPEB Liability was determined by an actuarial valuation as of October 1, 2019 using the following actuarial assumptions:

Inflation	2.50%
Salary Increases	2.50%
Discount Rate	2.14%
Initial Trend Rate	7.50%
Ultimate Trend Rate	4.00%
Years to Ultimate	55

For all lives monthly rates were RP-2000 Combined Healthy Mortality Table projected to the valuation date using Projection Scale AA.

Discount Rate:

Given the Town's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 2.14%. The high-quality municipal bond rate was based on the measurement date of the S&P Municipal Bond 20 year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index as published by S&P Dow Jones Indices. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard and Poor's Rating Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

The Honorable Mayor
and Town Council
Town of Indian Shores, Florida

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the AICPA Professional Standards AT Sections 601.55 and 601.56, the financial statements of the governmental activities, the business-type activities, each major fund, the budgetary comparisons for the general fund and the aggregate remaining fund information of the Town of Indian Shores, Florida, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Town of Indian Shores, Florida's (Town) basic financial statements, and have issued our report thereon dated September 8, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Honorable Mayor
and Town Council
Town of Indian Shores, Florida

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Honorable Mayor and
Town Council
Town of Indian Shores, Florida

Report on the Financial Statements

We have audited the financial statements of the Town of Indian Shores, Florida as of and for the fiscal year ended September 30, 2020 and have issued our report thereon dated September 8, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Controller General of the United States; and Chapter 10.550, Rules of the Auditor General

Other Reports and Schedule

We have issued our Independent Auditors Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General Disclosures in those reports and schedule, which are dated September 8, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, require that we determine whether or not corrective actions have been taken to address finding and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial report. There were no findings or recommendations made on internal control and compliance issues during the preceding annual financial audit.

The Honorable Mayor and
Town Council
Town of Indian Shores, Florida

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This disclosure has been included in the Town's Comprehensive Annual Financial Report for the fiscal year ended September 30, 2020.

Financial Condition

Sections 10.554(1)(i)5.a. and 10.556(7) Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether or not the Town of Indian Shores, Florida has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Town did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Section 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Town of Indian Shores, Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, require that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

The Honorable Mayor and
Town Council
Town of Indian Shores, Florida

Purpose of this Letter

Our management letter is intended solely for the information and use of the legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Town Council, and applicable management, and is not intended to be and should not be used by anyone other than those specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

The Honorable Mayor and
Town Council
Town of Indian Shores, Florida

We have examined the Town of Indian Shores, Florida's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2020. Management is responsible for the Town's compliance with those requirements. Our responsibility is to express an opinion on the Town's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, the Town complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2020.

This report is intended solely for the information and use of the Town and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

September 8, 2021

The Honorable Mayor
and Town Council
Town of Indian Shores, Florida

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the budgetary comparisons for that general fund and the aggregate remaining fund information which collectively comprise the basic financial statements of the of the Town of Indian Shores, Florida as of and for the year ended September 30, 2020, and have issued our report thereon dated September 8, 2021.

We have issued our Report on Compliance and Internal Accounting Controls in Accordance with *Government Auditing Standards* dated September 8, 2021. Disclosure in that report, if any, should be considered in conjunction with this management memorandum.

We conducted our audit in accordance with United States generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

In planning and performing our audit of the financial statements of the Town of Indian Shores, Florida we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

2018-2019

- A. GASB Statement No. 87

2019-2020

2020-1 GASB Statement No. 95

The primary objective of GASB Statement No. 95, which became effective in May 2020, is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018 and later.

The effective dates of certain provisions contained in the following pronouncements are postponed and are effective as indicated in GASB Statement No. 95.

We recommend that the Finance Director become aware of the revised implementation dates in this standard.

2018-2019

2019-1 GASB Statement No. 87

In June 2017, the Governmental Accounting Standards Board (GASB), the Board) issued Statement No. 87, *Leases* to provide more useful decision-making information for users of state and local government financial statements. In many respects, Statement No. 87 is similar to the lease accounting and reporting standards established by the Financial Accounting Standards Board (FASB) for business entities. For example, both standards are based on the principle that a leased asset represents the right to use such asset for the period of the lease term, and both address accounting and reporting requirements for lessees and lessors.

Local governments will account for and report leases for fiscal periods beginning October 1, 2022, in accordance with Statement No. 87.

Last year we recommended that the Finance Director become aware of this new standard.

This recommendation has been implemented.

We appreciate the courtesy and assistance provided to us by the Town's personnel during our audit. We will review the status of the above comments during our next audit engagement. We have already discussed many of these comments and suggestions with Town personnel, and we will be pleased to discuss them if further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.
