May 27, 2021

Honorable Mayor and Members of the City Commission City of Palatka, Florida

Mayor and Commissioners:

We are pleased to present to you, the City Commission and the citizens of Palatka, the Comprehensive Annual Financial Report of the City of Palatka (the "City") for the fiscal year ended September 30, 2020.

This report was completed by the Finance Director and City Manager, with close cooperation of the external auditors, HCT Certified Public Accountants & Consultants, LLC, and represents the official report of the financial operations and condition of the City of Palatka to its citizens. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the management of the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included. This letter of transmittal should be read in conjunction with Management's Discussion and Analysis, which can be found beginning on page xvii.

#### THE REPORTING ENTITY

The City of Palatka is a political subdivision of the state of Florida, which was incorporated January 8, 1853. Palatka is in the Northeast section of Florida in Putnam County (the "County") and is the County Seat. Palatka lies along the St. Johns River and is approximately 50 miles south of Jacksonville, 26 miles west of St. Augustine and 50 miles east of Gainesville.

The City operates under a Commission/Manager form of government. It has an elected Mayor-Commissioner and a Board of Commissioners (four members) and serves approximately 10,770 residents by providing a full range of municipal services including General Administration, Public Safety, Planning and Zoning and Community Enrichment and Development. In addition, the City owns a Municipal Golf Course; an Airport; Sanitation, Water and Wastewater utility systems. The Palatka Downtown Redevelopment Agency, and the Palatka Gas Authority are considered component units of the City, and the City is financially accountable for them. Accordingly, these component units are included in the City's Comprehensive Annual Financial Report.

#### **ECONOMIC CONDITION**

Palatka's population is 10,770 persons according to the University of Florida, Bureau of Economic and Business Research, Florida Estimate of Population for 2020. During the budget planning for fiscal year 2019-20, the City proposed a General Fund operating budget that was 10% more than the previous year increasing from \$12.279 million to \$13.668 million. The City is currently in year six (6) of implementing a fire service special assessment that resulted in revenues of \$1,310,426 in FY2020. The millage rate remained at 6.4000 mills for the fifth consecutive year. Other revenue sources such as state shared revenues, sales taxes, fuel taxes, and utility taxes increased from the prior year, while franchise fees and communication service taxes decreased from the prior year. The annual transfer from the Palatka Gas Authority was \$181,203 in FY2020 as a result of the same formula used for franchise fees, 5.9% of gross revenues.

The City Commission kept the City's millage rate the same as the past fiscal year, 6.4000 mills. The inclusion of the annual special assessment for fire protection services collected \$1,310,426. However, total fire assessment revenue does not cover all of current fire protection operational expenses. Furthermore, the City is not adequately budgeting for capital replacement. Overall, the City continues to face the challenge of increased expenditures related to maintaining the current level of service it provides its citizens without increasing the total amount of revenues received from ad valorem taxes and the fire service assessment.

For the year-ended September 30, 2020, the General Fund total fund balance was \$4,453,342, an increase of \$1,237,983, from the prior year.

Approximately seventeen percent (17%) of the General Fund total fund balance is non-spendable due to advances to other funds, therefore the City will not have this portion available for use in the immediate future. Restricted and committed fund balances comprise an additional eight percent (8%) of the total fund balance. The remaining unassigned fund balance is 34.54% of the total general fund expenditures, which totals \$3,305,333. This balance exceeds the minimum balance recommended by the GFOA of approximately 16.67% or two months' worth of operating expenditures. The net position of the Enterprise Funds increased by approximately 8.9%.

The City's golf course continues to operate at a financial deficit with money from the general fund being budgeted as a transfer to offset this deficit. In February 2017, the City entered into a franchise lease agreement for the day to day operations of its historic golf course to minimize the operating deficit and reduce the annual transfer. This Franchise Agreement has proven a minimization of operational deficit and resulted in a revenue share of \$29,357 in FY2020.

#### **MAJOR INITIATIVES**

**Invest in staff** – Motivate, retain and develop a quality labor pool.

Improve the effectiveness of our services and the appearance of the community – Focus resources on those services and projects that provide the community (tax payers) the greatest positive impact on quality of life and aesthetics of the community. Initiate team building through developing strong internal and external collaborative relationships. Enhance the use of information systems and reporting.

Create a safe working environment- Create and sustain safe facilities and infrastructure while identifying and reducing risks.

**Improve facilities and infrastructure -** Improve the condition and functionality of all community facilities and infrastructure. Institutionalize preventative maintenance procedures and increase the replacement of deficient infrastructure.

**Reduction of Personnel Cost** – Identify and implement work schedule to reduce the cost of overtime while incorporating training and providing for better service and coverage during peak times.

#### **CURRENT PROJECTS**

The City's Downtown redevelopment and revitalization efforts continue to be a critical and vital improvement project in order to reinvigorate the downtown and City. The 100 Block property is under new ownership with a build-out in place to utilize the ground floor space. The upstairs space continues to be occupied and plans are still not solidified for the vacant infill lot.

The City Commission adopted a Riverfront Conceptual Master Plan in March 2010 and has successfully completed approximately six point one million dollars (\$6.1 million) of improvements to the Riverfront Park Downtown Area including; road way, storm drainage, parking facilities, landscaping, playground, restroom and shower facilities, and appurtenant facilities. The funding for these improvements has come from the downtown tax increment fund and infrastructure surtax revenues as well as significant grant dollars from various State and Federal sources. The City is in negotiations with a vendor to operate the marina and provide an enhanced level of service and maintenance. The City expects to share in a portion of the vendor's earned revenue.

Public infrastructure and streetscape improvements continue to radiate outward from the Riverfront with the planned improvements to St. Johns Avenue from 4<sup>th</sup> Street West to Palm Avenue. Stormwater, potable, sanitary sewer and streetscape improvements were realized in the South Tax Increment District.

# MAJOR INITIATIVES (Continued)

#### CURRENT PROJECTS (continued)

The City received \$1 million in SJRWMD funding for potable line replacement in the North Historic District and Palatka Heights. This funding has been matched with State Revolving Loand Funds from FDEP and Tax Increment Funds. Since starting in 2018 the City has replaced approximately 50,000 lf of potable water main.

Infrastructure surtax revenues (Better Place Funds) are dedicated to capital improvements within the City. This year's improvements were primarily used for grant match, infrastructure improvements (i.e. sidewalks, road resurfacing and stormwater) and repayment of capital-related loan obligations.

The City continues to leverage grant funds from St John's Water Management District and Florida Department of Economic Opportunity CDBG along with Department of Environmental Protection State Revolving Fund Loans to continue the replacement of potable water lines in the Downtown core. Restructured utility rates have provided the necessary debt service payment and funding necessary for engineering and permitting.

A St. Johns River Water Management District grant for \$1.2 million was awarded for the development of a 200+ acre reclaimed disposal site adjacent to the treatment plant. The City finalized an agricultural lease for the 200 acre site that will ensure the beneficial use of reclaimed water and bio-solids on site for agricultural purposes. This lease is currently generating \$20,000 in annual revenue and increases the plants wet-weather discharge capability.

The City received a \$1.3 million in a State Appropriation for streetscape, pedestrian and cyclist safety improvements on St. Johns Avenue from 5th Street to 13th Street. This project is currently under design through an US EPA Brownfields Grant building upon work performed in a previous Brownfields Assessment Grant Cycle. The project dovetails with the planned potable line replacement for the area.

Through a partnership with Florida Department of Environmental Protection and Florida Rural Water the City has been able to successfully implement a hydrogen peroxide disinfectant treatment process at the R.C. Willis Water Treatment Plant. The project resulted in approximately \$60,000 in annual saving and partially mitigated the creation of THM's in the drinking water distribution system. Plans and permitting are underway for the addition of a Granular Activated Carbon filtration system to bring the plant into compliance in 2022.

# MAJOR INITIATIVES (Continued)

#### CURRENT PROJECTS (concluded)

The City continues to upgrade the pavement and drainage systems and add new hangar facilities at the airport with the help of Federal Aviation Administration (FAA) and Florida Department of Transportation (FDOT) grants. The rehabilitation of Taxiways A and B is nearing the completion of phase I of improvements to the pavement, drainage, markings and lighting. Phase II will begin within the next fiscal year along with plans to relocate the North end of Runway 17-35 and the Taxiway C-3 connector. The T-Hangar project is now complete with 100% occupancy generating additional revenue. These improvements have enhanced the City's ability to sustain the airport and provide for further development and economic opportunities there. The City has begun to address on and off airport obstructions with assistance from the FAA and FDOT. These improvements are intended to mitigate existing safety concerns and to prepare the airport for possible runway expansion in the future.

#### **FUTURE PROJECTS**

Better Place Funds will continue to be used to improve the City's infrastructure, debt repayment and for major equipment purchases. This use of Better Place Funds will continue next fiscal year and thereafter until all streets, drainage and sidewalks in the City are addressed.

The City has evaluated parts of the City's Waste Water Treatment process that produces biosolids which currently are sent to the County's landfill for disposal. The City is seeking funding from various sources in order to finance the equipment and processes which would produce a class B bio-solid to be marketed or land applied on City owned land. The improvements are expected to cost 3.4 million dollars. The City successfully secured State appropriation funding and expects the project to commence in FY 20/21.

The City continues to field locate all water and sewer assets to maintain the Geographic Information System (GIS) asset management system. The City has submitted two (2) legislative appropriation requests totaling \$3.9 million for potable (drinking) water main line replacement and Wastewater Treatment Plant upgrades. The City has surpassed its goal of replacing 40,000 linear feet of potable main lines in the next 3-5 years mainly due to additional grant and appropriation funding. The full drawdown of State Revolving Loan Funds for the first phase is expected to occur in FY 21/22. The City estimates 25 miles of potable lines out of the 66 miles identified as past their useful life will be replaced by 21/22.

## MAJOR INITIATIVES (Concluded)

#### FUTURE PROJECTS (concluded)

Building off the hydrogen peroxide pilot, the R.C. Willis Water Treatment Plant plans to implement granular activated carbon filtration. This, along with the wholesale replacement of aging distribution pipes, hydrogen peroxide and other improvements, will further mitigate the formation of THM's in the drinking water system.

Other future projects include two (2) stormwater infrastructure projects to pretreat stormwater runoff prior to it entering the St. Johns River system and the replacement of more than 3,000 linear feet of sidewalks throughout the City in effort to improve walkability and quality of life for our residents.

The City continues to work with Putnam County and Chamber of Commerce representatives to expand utility services in order to promote and facilitate economic development. The City continues to meet with Putnam County to discuss annexation of enclaves around the City and potential utility boundary service areas which could spark and promote economic development in the region. City staff continues to work with Putnam County staff to coordinate joint infrastructure projects and partner on securing funding for improvements within City/County right-of-ways.

#### FINANCIAL POLICIES

#### INTERNAL CONTROL STRUCTURE

The City's general governmental fund operations are accounted for by using the modified accrual basis of accounting, with revenues being recognized when they become measurable and available. Expenditures are recorded when goods or services are received and the related liability is incurred. The City's enterprise funds and government wide activities are reported on the accrual basis of accounting.

The City Manager serves as the chief administrative officer of the City. The Finance Director is the financial officer for the City and is responsible for financial accounting and reporting. The Finance Director, in conjunction with the City Manager, serves as the budget officer and presents the preliminary budget, based on departmental requests, to the City Commission for approval. All budgeted amounts lapse at year's end.

The evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the internal control structure. We believe the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

# FINANCIAL POLICIES (Concluded)

#### INTERNAL CONTROL STRUCTURE (continued)

In developing and maintaining the City's accounting system, consideration is given to the adequacy of internal controls. Internal controls are designed to provide reasonable, but not absolute, assurance that (1) assets are safeguarded against loss from unauthorized use or disposition, that (2) transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The concept of reasonable assurance recognizes the cost of internal controls should not exceed the benefits likely to be derived.

#### **BUDGETARY CONTROL**

Budgetary control is maintained at the fund level. The Finance Director may authorize budget transfers between major categories within the departments and between departments and divisions within the same fund. All interfund transfers and budget amendments require prior approval of the City Commission. The Finance Director monitors departmental expenditures on a monthly basis. The City Commission is provided with a quarterly budget status report. Encumbrances lapse at year's end.

#### INDEPENDENT AUDIT

Florida Statutes require an audit of the financial statements of the City of Palatka by an independent certified public accountant selected by the City Commission. The City complied with this requirement, and the auditor's opinion is included in the financial section of this report.

#### AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Palatka for its comprehensive annual financial report for the fiscal year ended September 30, 2019. This was the twenty-eighth year in a row that the City received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report.

A certificate of achievement is valid for one year only. We believe this report satisfies the requirements of generally accepted accounting principles, applicable legal requirements, and certificate of achievement program requirements, and we are submitting it to the GFOA for consideration for an award.

#### **ACKNOWLEDGMENTS**

The preparation of this report was accomplished through the efforts and dedication of the City's financial staff. We would also like to thank the members of the City Commission for their interest and support in planning and conducting the fiscal operations of the City of Palatka.

Respectfully submitted,

Donald E. Holmes

City Manager

Lauren R. Shank Finance Director

#### **GFOA Certificate of Achievement**

The City's Certificate of Achievement for Excellence in Financial Reporting for the year ended September 30, 2019 is presented on the following page.

#### INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Commission of City of Palatka, Florida

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discreetly presented component units, each major fund, and the aggregate remaining fund information of the City of Palatka, Florida (the "City") as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Governmental activities, the business-type, the aggregate discreetly presented component units, each major fund, and the aggregate remaining fund information of the City of Palatka, Florida, as of September 30, 2020, and the respective changes in financial position, and where applicable, cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4–16 and 69–71 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 27, 2021 on our consideration of the City's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

HCT Certified Public Accountants & Consultants, LLC Hollywood, Florida May 27, 2021

As management of the City of Palatka, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2020. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page i of this report.

#### Financial Highlights

- The net position of the City at the close of the fiscal year was \$56,314,025. The total unrestricted net position of the City ended the fiscal year at a deficit (\$731,014).
- The City's total net position increased by \$6,202,977 or 12.38%. Governmental net position increased by \$2,612,550 or 19.64% and the Enterprise funds net position increased by \$3,590,427 or 26.99%.
- The total net position of each Enterprise fund was: Water \$20,915,128, Sanitation \$10,167, Golf Course \$1,063,422, and Airport \$18,411,222.
- As of September 30, 2020, the City's governmental funds reported combined ending fund balances of \$5,909,204, an increase of \$1,616,301 or 37.65%.
- At the end of the fiscal year, unassigned fund balance for the General Fund was \$3,305,333 or 34.54% of total General Fund expenditures. Downtown Redevelopment Agency fund balance was \$854,052. Better Place Plan fund balance was \$601,810.
- Net position of the General, Police Officers', and Firefighters' Pension Trust Funds changed by \$864,382, \$367,576, and \$666,534 respectively.

#### **Overview of Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-wide Financial Statements**

The *Government-wide Financial Statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City of Palatka's assets and deferred outflows, and liabilities and deferred inflows, with the difference between the two reported as net position. The City has deferred outflows or deferred inflows that are pension related in the government-wide statements. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e. uncollected taxes and earned but unused vacation leave).

The Government-wide Financial Statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, streets and drainage, economic development and culture and recreation. The business type activities of the City include the utility (water and wastewater), the airport, the golf course, sanitation, and the component unit, the gas authority.

The government-wide financial statements include not only the City of Palatka, but also the Palatka Gas Authority, an independent component unit of the City. Financial information for this component unit is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 17 & 18 of this report.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Palatka can be divided into three categories: governmental funds, proprietary fund, and fiduciary funds.

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's-near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, the Downtown Redevelopment Agency fund, and the Better Place Plan fund, which are considered major funds. Data from the non-major governmental fund is included in the nonmajor governmental fund column.

The City adopts an annual appropriated budget for each governmental fund. Budgetary comparison schedules have been provided for the General fund and the Downtown Redevelopment Agency special revenue fund in the required supplementary information section and for the Better Place Plan fund and the other nonmajor governmental fund in the supplementary information section.

The basic governmental fund financial statements can be found on pages 19-22 of this report.

#### Proprietary Funds

The City maintains several enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Water, Golf Course, Airport, and Sanitation operations, as does the independent Component Unit Gas Authority.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the funds listed above, all of which are considered to be major funds of the City.

The proprietary fund financial statements can be found on pages 23–26 of this report.

#### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 27-28 of this report.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-68 of this report.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning budgetary comparisons and the City's net liabilities, contributions and investment returns relating to its pension plans and the City's total liability for other postemployment benefits (OPEB) to its employees. Required supplementary information can be found on pages 69-79 of this report.

Supplementary information can be found beginning on page 80 of this report.

#### **Government-wide Financial Analysis**

#### **Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Palatka, assets and deferred outflows exceeded liabilities and deferred inflows by \$15,914,086 million at the close of the most recent fiscal year. There were deferred outflows of \$1,577,439 and deferred inflows of \$694,012.

The majority of the City's net position rests in its investment in capital assets (e.g., land, buildings, machinery and equipment), less any related debt used to acquire these assets that is still outstanding. These capital assets are used to provide services to citizens and are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Total deferred inflows of resources	694,012	510,204	105,689	11,945	799,701	522,149
Net position:		_				
Invested in capital assets						
(net of related debt)	16,548,465	15,588,396	38,662,341	37,042,784	55,210,806	52,631,180
Restricted items	1,826,138	1,333,192	8,095	8,095	1,834,233	1,341,287
Unrestricted	(2,460,517)	(3,620,052)	1,729,503	(241,367)	(731,014)	(3,861,419)
Total net position	\$ 15,914,086	\$ 13,301,536	\$ 40,399,939	\$ 36,809,512	\$ 56,314,025	\$ 50,111,048

An additional portion of the City's net position \$1,826,138 or 11.47% represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is a negative amount of (\$2,460,517).

#### **Change in Net Position**

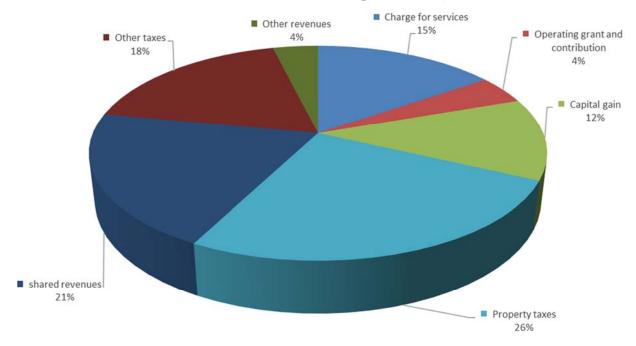

The City's total net position increased \$6,200,304 over the previous year as a result of an increase of \$2,612,550 from governmental activities and an increase of \$3,587,754 from business-type activities.

#### Revenues by Source - Governmental Activities For the Year Ended September 30, 2020

Expenses by Funtion - Governmental Activities For the Year Ended September 30, 2020

#### **Business-type Activities**

Business-type activities increased the City's net position by \$3,587,754. Key elements of this increase were as follows:

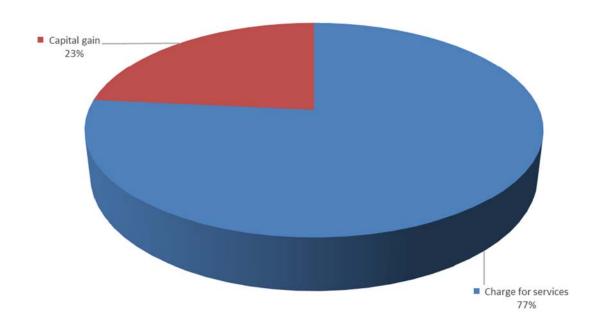

The Water fund had an operating income of \$2,310,860 in addition to net nonoperating expenses of \$402,243 resulting in gain of \$1,908,617 before capital contributions and transfers. After capital contributions and transfers, the net position increased by \$3,114,724. The net position at the end of the fiscal year in the Water fund totaled \$20,915,128.

The Sanitation fund net position increased by \$111,906 due to operating income of \$392,244, the fund increased from the prior year. The net position at the end of the fiscal year in the Sanitation fund was \$10,167.

The Golf Course fund net position increased by \$37,864 due to transfers from the General Fund. The net position at the end of the fiscal year in the Golf Course fund was \$1,063,422.

The Airport fund received capital contributions of \$1,031,637 for various capital projects throughout the fiscal year. These funds were used for projects that included pavement, marking, and lighting rehabilitation of taxiways, taxi lanes, and runways. The operating loss for the Airport which includes depreciation totaled \$783,400. This loss combined with a total nonoperating expense was partially offset by the capital contributions, bringing the change in net position of the fund to \$323,260. The net position at the end of the fiscal year in the Airport fund totaled \$18,411,222.

#### Revenues by Source - Business-type Activities For the Year Ended September 30, 2020

#### Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$5,909,204, an increase of \$1,616,301 (37.65%) in comparison to the prior year. This total includes a nonspendable fund balance of \$774,598, a restricted fund balance of \$1,749,574, a committed fund balance of \$79,699, and an unassigned fund balance of \$3,305,333, which is available for spending at the government's discretion.

#### General Fund

The General Fund is the chief operating fund of the City. At the end of the current fiscal year General fund balance was \$4,453,342, an increase of \$1,237,923, from the prior year.

Local tax revenues are the primary sources of the City's tax revenue and are a combination of property tax, franchise, utility, sales tax and local option gas taxes. Total taxes decreased by \$7,316 from the prior year.

Ad valorem taxes, which were accounted for in the general and special revenue funds was 6.4000 mills, and generated \$2,669,249 which was an increase of \$144,516 from the prior year. The City is in its fifth year of implementing a special assessment for fire protection services that generated \$1,310,426 in revenues.

Total revenues for the General Fund increased by \$257,626 from the prior year.

The General Fund had an increase of \$40,903 in expenditures, which is essentially status quo from the prior year.

Unassigned fund balance in the General Fund increased by \$583,950 or 21.46% from the prior year.

#### Special Revenue Funds

The Downtown Redevelopment fund balance was \$854,052, an increase of \$340,920 from the prior year. This increase was the result of a taxes revenues of \$522,329.

The Better Place Plan fund ended the fiscal year with a balance of \$610,810, an increase of \$37,458 from the prior year. This increase was due to an increase in grant revenues.

#### **Proprietary Funds**

Proprietary funds are used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the cost (expenses, including depreciation) of providing goods and services to the general public on a continuing basis is financed through user charges. The City operates four proprietary enterprise funds: the Water, Golf Course Fund, Sanitation Fund, and Airport Fund. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. As of September 30, 2020, total proprietary fund net position amounted to \$40,399,939.

#### Water Fund

The Water Fund accounts for operations of the City's water and sewer systems. Operating revenue increased by \$475,307 or 7.91% from the prior year. Operating expenses, conversely, decreased by a total of \$1,843,463 or 30.65%. Unrestricted net position at the end of the fiscal year for the water revenue fund amounted to \$2,126,643.

#### Sanitation Fund

There was an increase in operating revenue of \$203,224 or 9.37% from the prior year. Expenses increased by \$69,453. Unrestricted net position for the sanitation fund equaled negative (\$107,694).

#### Golf Course Fund

The City entered into a franchise agreement in February 2017 for operation of golf course. Operating revenues booked decreased by \$1,004 from the prior year. Operating expenses also decreased by \$38,816 or (13.73%), exceeding operating revenues by (\$150,060). Unrestricted net position for the golf course fund equaled positive \$29,779.

#### Airport Fund

Operating revenue decreased by (\$75,245) and operating expenses decreased \$113,176 over the prior year. This resulted in a continued negative unrestricted net position balance of (\$319,225) at fiscal year-end.

Other factors concerning the finances of these four funds have already been addressed in the discussion of the City's business-type activities above.

#### **General Fund Budgetary Highlights**

A comparison of actual revenues versus the final budget reflects that actual revenues, excluding transfers, were \$472,968 more than budgeted, primarily composed of unbudgeted refunds from prior year health insurance claims paid and sale of surplus equipment. There were no significant variances in actual versus final budget expenditures.

#### **Capital Asset and Debt Administration**

#### City of Palatka Capital Assets (Net of Depreciation) September 30, 2020 and 2019

	Governmental Activities		Business-Type Activities		Total

Total	\$ 18,365,609	\$ 17,192,683	\$ 49,879,728	\$ 49,589,448	\$ 68,245,337	\$ 66,782,131

#### Capital Assets

The capital assets of the governmental funds are those assets used in the performance of general governmental functions and exclude the assets of the Enterprise Funds. As of September 30, 2020, the governmental capital assets of the City amounted to \$18,365,609, net of depreciation. This was an increase of \$1,172,926 over the prior year. Capital assets are recorded at historical cost or estimated historical cost, except for contributed assets, which are recorded at estimated acquisition value at the date of contribution.

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2020, (net of accumulated depreciation) amounts to \$68,245,337. This investment in capital assets includes land, buildings, infrastructure, improvements, furniture, equipment, water and sewer distribution system and construction in progress. The total increase in the City's net investment in capital assets was \$1,463,206.

Major capital asset events during the fiscal year occurred in multiple funds. The city received various grants and private contributions that paid for project costs at the airport and the City's riverfront and historic districts. The capital asset expenditures were for the following:

- Construction of South District Stormwater Improvements
- Hank Bryan and Booker Park Improvements
- Taxiway A Edge Lighting at Airport
- Airport Security Fencing
- Phase V North Side Potable Line Replacement
- Palatka Heights Potable Line Replacement
- State Road 20 Road Improvements
- Beneficial Reclaimed Water Project

Additional information on the City's capital assets is found in Note 5 in the notes to the financial statements.

#### Long-term Debt

At the end of the current fiscal year, the City had total debt outstanding of \$12,703,290.

#### City of Palatka Long-term Debt Obligations For the Years Ended September 30, 2020 and 2019

	Governmental Activities		Business-Type Activities		Total	
	2020	2019	2020	2019	2020	2019

Total	\$ 1,817,144	\$ 1,604,287	\$ 10,886,146	\$ 11,798,609	\$ 12,703,290	\$ 13,402,896

The City's total long-term debt decreased \$699,606 from the prior year. The decrease is attributed to the following:

- Governmental activities:
  - o Payments of notes of \$194,297.
  - o New capital leases of \$514,940 with payments of \$107,786.
- Business-type activities:
  - o The Water fund refunded the Florida Municipal Loan Council 2010A revenue bond series for a total of \$5,620,357 for a net savings of \$644,643.
  - o Total payments made of bonds, notes, and lease exceed additions by \$912,463.

Other long-term liability activity included:

- Governmental activities:
  - o Governmental obligations for compensated absences decreased by (21.74%) or (\$85,016).
  - o Total OPEB obligations increased by \$76,335 or 18.48% to arrive at a total obligation of \$489,466.
  - o Net pension liability decreased by \$257,857 or (3.62%) to arrive at a total obligation of \$6,860,619.
- Business-type activities:
  - o Compensated absences increased by 8.15% or \$17,095.
  - o Total OPEB obligations increased by \$19,789 or 8.80% to arrive at a total obligation of \$244,733.
  - o Net pension liability decreased by (\$201,499) or (5.19%) to arrive at a total obligation of \$3,679,206.

Additional information on the City's long-term liabilities can be found in Note 6 in the notes to the financial statements.

#### **Economic Factors and Next Year's Budgets and Rates**

The budget serves as the annual financial plan for the City. It articulates public priorities, helps management make informed choices about the allocation of resources, promotes effective communications, establishes broad goals and management strategies to guide decision making and develops approaches to achieve those goals.

For the FY 2020-2021 budget, City staff proposed a balanced General Fund budget without the use of reserves to balance the budget. The City Commission kept the City's millage rate the same as FY 2019-2020, 6.4000 mills. The inclusion of the annual special assessment for fire protection services allows for the millage rate to avoid an increase.

Water and sewer base meter rates were increased to accommodate for inflation resulting in the Utility Fund budget being balanced with some funds anticipated to be put into reserves. Solid waste rates were increased also to ensure the long-term sustainability of the fund. These increases are necessary in order to maintain capital replacements.

The City continues to assess various cost cutting and revenue enhancing activities at the Palatka Municipal Airport in order to move this community asset toward financial solvency. Rehabilitation of markings, lighting, and pavement on runways, taxiways, and taxi-lanes with 100% grant funding.

#### **Request for Information**

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Finance Director, 201 N. 2nd Street, Palatka, Florida 32177.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### Reporting Entity

The City of Palatka, Florida (the "City"), which is located in northeast Florida, was incorporated January 8, 1853 under the Laws of the State of Florida, Chapter 492. The City operates under an elected Mayor-Commissioner and a Board of Commissioners (four members) and provides human services, community enrichment and development, law enforcement, fire protection, and rescue service.

As required by generally accepted accounting principles, the accompanying financial statements present the City as a primary government and its component units, entities for which the City is considered financially accountable, or entities that would be misleading to exclude. The component units are included in the reporting entity because of the significance of their operational relationship with the City. The City is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. The primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

Blended component units, although legally separate entities, are in substance part of the City's operations and, accordingly, data from these units are combined with the data of the City. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the City.

#### **Blended Component Unit**

The Palatka Downtown Redevelopment Agency (the "Agency") is a legally separate entity created pursuant to Florida Statutes following the adoption of an approving Resolution (No. 4-12, dated November 10, 1983) by the City. The Agency is governed by a five-member board whose members are the same as the City Commission, and a financial benefit or burden relationship exists. The operations of the Agency are reported in a governmental fund.

#### Discretely Presented Component Unit

The Palatka Gas Authority (the "Gas Authority") was created by an Act of the Florida Legislature (Ch. 59-1679, Act 1959) and ratified by election on November 10, 1959. The members of the Gas Authority's governing board are appointed by the City Commission. Additionally, bond issues and operational and capital budgets must be approved by the City Commission. Annually, the Gas Authority provides a contribution to the City from its income. The contribution is 5.9% of gross revenues on a monthly basis.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Discretely Presented Component Unit (Continued)

Complete financial statements of the Gas Authority can be obtained directly from:

The Palatka Gas Authority 518 Main Street Palatka, Florida 32177

#### Related Organization

The Palatka Housing Authority (the "Housing Authority") was established by the City in 1962 pursuant to Chapter 421, Florida Statutes. The purpose of the Housing Authority is to provide affordable housing to the Palatka community and surrounding areas. The Housing Authority is considered a related organization because its Board members are appointed by the Mayor of the City of Palatka. The City is not financially accountable for the Housing Authority, nor does it meet other criteria of a component unit and, accordingly, the Housing Authority is not included in the accompanying financial statements.

#### Joint Ventures

The City did not participate in any joint ventures during the 2019-2020 fiscal year.

#### Basis of Presentation

The financial statements of the City have been prepared in accordance with generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting principles. The more significant of the City's accounting policies are hereafter described.

#### Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements. Interfund services provided and used, if any, are not eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Government-wide Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include: charges for services that are directly related to a given function; and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other revenues not properly included among program revenues are reported instead as *general revenues*.

#### Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements, but all nonmajor funds are aggregated and displayed in a single column. The governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for the governmental funds.

The City reports the following major governmental funds:

General Fund – the primary operating fund, used to account for and report all financial resources not accounted for and reported in another fund.

Downtown Redevelopment Agency Fund – to account for the collection and use of tax increment funds of the City's Downtown Redevelopment Agency.

Better Place Plan Capital Project Fund – to account for revenues received from a discretionary surtax imposed to finance certain capital projects.

The City reports the following major enterprise funds:

*Water Fund* – to account for the assets, operation and maintenance of the City-owned water and sewer system.

Sanitation Fund – to account for the assets, operation and maintenance of the City's solid waste department.

Golf Course Fund – to account for the assets, operation and maintenance of the City-owned golf course, which is operated by a third-party vendor.

Airport Fund – to account for the assets, operation and maintenance of the City-owned airport.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Fund Financial Statements (Continued)

The City has one nonmajor governmental fund.

Additionally, the City reports the following fiduciary funds:

Pension Trust Funds – to account for activities of the City's pension plans.

#### Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Taxes and certain intergovernmental revenues constitute the most significant sources of revenue considered susceptible to accrual. In governmental funds, expenditures are generally recognized when the related liability is incurred. However, debt service expenditures, and expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

#### Cash and Cash Equivalents

For purpose of the Statement of Cash Flows, the City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

#### Accounts Receivable

Receivables are stated at net realizable value, reduced by an allowance for uncollectable accounts, where appropriate. Accounts receivable of the Enterprise Funds are net of a \$52,314 allowance. Accounts receivable of the Gas Authority are net of \$18,933 allowance.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Investments

Investments are reported at fair value based on quoted market prices when available, except for money market investments, which are reported at cost, which approximates fair value.

#### Inventories

Inventories are stated at cost, based on the first-in, first-out method. Expense is charged as items are consumed.

#### Long-term Receivables

Noncurrent portions of long-term receivables due to governmental funds are reported on the balance sheet, without regard to the fund's measurement focus. However, special reporting treatment is used to indicate that these receivables are not considered "available spendable resources," since they do not represent net current assets. Recognition of governmental fund revenues represented by noncurrent receivables is deferred until they become current receivables. Noncurrent portions of long-term loans and advances receivable are offset by a nonspendable fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

#### Capital Assets

Capital assets are recorded at historical cost or estimated historical cost, except for contributed assets which are recorded at estimated acquisition value at the date of contribution. The City generally uses a capitalization threshold of \$5,000 for all classes of capital assets, other than intangible assets and infrastructure. Intangible assets, such as computer software, have a capitalization threshold of \$10,000. General infrastructure assets, such as dirt to pavement roads, mill and resurface road projects and all sidewalk projects, have a capitalization threshold of \$100,000.

The City began prospective reporting of general infrastructure assets at the effective date of GASB Statement No. 34. Effective October 1, 2006, the City began retroactive reporting of all major general governmental infrastructure assets. The estimated cost of the initial reporting of these assets was obtained through backtrending (i.e. estimating the current replacement cost of the infrastructure and using appropriate indices to deflate the cost to the estimated acquisition year). The reported values exclude basic road resurfacing, or other normal maintenance and repairs that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Capital Assets (Continued)

Depreciation and amortization of capital assets is provided using the straight-line method over the estimated useful lives of the assets, which range as follows:

	Years
Buildings and improvements	30
Furniture and equipment	3 - 10
Intangibles	10
Water and sewer distribution system	15 - 50
Plant assets and equipment	20 - 50
General infrastructure	35 - 50

For its business-type activities, the City's policy is to capitalize construction period interest costs on projects funded specifically through debt financing. Interest earnings are offset against construction costs for qualified projects financed with tax-exempt debt. No interest costs were capitalized during 2020.

### Claims and Judgments

For governmental funds, a fund liability is reported to account for the portion of the liability that will be liquidated with expendable available financial resources. The liability is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements.

#### Compensated Absences

The City's policy is to allow limited vesting of employee vacation pay and accumulated sick leave. A liability for accrued compensated absences of employees of the governmental funds has been accrued. Since this liability will not be liquidated with expendable available financial resources, the liability has not been reported in the governmental funds. A liability for compensated absences is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. In prior years, compensated absence liabilities associated with governmental funds were liquidated by the General Fund and Downtown Redevelopment Agency Fund, the funds that incurred the liabilities.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Property Taxes**

The Putnam County Tax Collector bills and collects property taxes for the City. At September 30, 2020, property taxes receivable was not material.

Details of the City's tax calendar are presented below:

Lien date January 1
Levy date October 1

Discount period November - February

No discount period March Delinquent date April 1

### Operating Revenues and Expenses

The enterprise funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, the information about the fiduciary net position of the City's General, Police Officers', and Firefighters' Pension Plans (the "Plans") and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Deferred Outflow/ Inflows of Resources

A deferred outflow of resources is a consumption of net assets that is applicable to a future reporting period.

A deferred inflow of resources is an acquisition of net assets that is applicable to a future reporting period.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Restricted Net Position

In the accompanying government-wide and proprietary funds' statements of net position, *restricted net position* is subject to restrictions beyond the City's control. The restriction is either externally imposed (for instance, by creditors, grantors, contributors, or laws/regulations of other governments) or is imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

The City has no net position restricted by enabling legislation.

#### Fund Balance

The City follows the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions to classify fund balances for governmental funds into specifically defined classifications. The classifications comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

The fund balance classifications specified in GASB Statement No. 54 are as follows:

Nonspendable Fund Balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – Committed fund balances are amounts that can only be used for specific purposes as a result of constraints imposed by formal action of the City's highest level of decision-making authority, which is by ordinance approved by the City Commission. Committed amounts cannot be used for any other purpose unless the City removes those constraints by taking the same type of action.

Assigned Fund Balance – Assigned fund balances are amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the City Commission or (b) a body or official to which the Commission has delegated the authority to assign amounts to be used for specific purposes. At this point in time, only the Commission has the authority to assign fund balances.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Fund Balance (Continued)

Unassigned Fund Balance – Unassigned fund balance is the residual classification for the General Fund.

The City's policy is to expend resources in the following order: restricted, committed, assigned, and unassigned.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

#### **NOTE 2 – DEPOSITS AND INVESTMENTS**

Deposits and investments are classified in the accompanying financial statements as follows:

		Primary		Componet	
	(	Government	Unit		
Statement of net position:					
Cash and equivalents	\$	6,587,130	\$	1,361,343	
Restricted cash and equivalents		2,292,237		747,203	
Restricted investments		-		1,060,047	
Statement of fiduciary net position:					
Money market and other cash equivalents		3,193,225		-	
Investments		37,312,520		-	
Total deposits and investments	\$	49,385,112	\$	3,168,593	

The remainder of the page was left blank intentional

### NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

For purpose of risk disclosures, deposits and investments are comprised of the following:

	Primary Government	Componet Unit
Deposits with financial institutions (including certificates of deposit)	\$ 10,931,964	\$ 2,108,546
Investments - other than pension Investments - pension	37,312,520	1,060,047
Total deposits and investments	\$ 48,244,484	\$ 3,168,593

#### **Deposits**

All of the City's and the Gas Authority's demand deposits, certificates of deposit, and money market accounts are held in qualified public depositories pursuant to Chapter 280, Florida Statutes, and are entirely insured by Federal depository insurance or collateralized pursuant to the Florida Security for Public Deposits Act.

#### Investments

Section 218.415, Florida Statutes, authorizes the City to invest excess public funds in the following:

- Direct obligations of the U.S. Treasury;
- Savings accounts and interest bearing deposits in qualified public depositories;
- The Local Government Surplus Funds Trust Fund;
- Securities and Exchange Commission registered money market funds with the highest credit quality rating.

The City's investments at September 30, 2020 are summarized in the following table:

		Maturities								
		0-5 years	5-10 years	10+ years	n/a					
Pension investments:										
Government bonds and notes	\$ 701,489	\$ 326,126	\$ 209,017	\$ 166,346	\$ -					
Government agenies	2,102,789	16,182	1,109,910	976,697	-					
Corporate bonds and notes	1,650,579	446,373	1,061,508	142,698	-					
Mutual funds (fixed income)	9,978,699	-	-	-	9,978,699					
Mutual funds (equities)	22,878,964	-	-	-	22,878,964					
Total pension investments	\$ 37,312,520	\$ 788,681	\$ 2,380,435	\$ 1,285,740	\$ 32,857,663					

### NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

The City's investments in debt securities are rated as follows:

Corporate	Bonds	Government				
and N	otes	Agencies				
Aaa	9%	Aaa	100%			
A1	10%	0	-			
A2	17%	0	-			
A3	44%	0	-			
BAA1	6%	0	-			
BAA2	14%	0	-			
Not rated	-	Not rated	-			
	100%		100%			

The City's investments in mutual funds and money markets are not rated for credit quality by a nationally recognized statistical rating organization.

The City is not exposed to foreign currency risk, but is exposed to the following investment risks:

*Credit Risk* – the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

Interest Rate Risk – the risk that changes in interest rates will adversely affect the fair value of an investment.

Concentration of Credit Risk – the risk of loss attributed to the magnitude of a government's investment in a single issuer.

The City does not have a formal investment policy relating to the aforementioned risks, other than Section 218.415, Florida Statutes, for investing public funds. That statute limits the City's exposure to credit risk and interest rate risk by limiting authorized investment options as previously described. However, the City's three pension plans have each adopted investment policies that address the risks described above and set other investing guidelines. Those policies require the investments to be structured in such a manner as to provide sufficient liquidity to pay obligations as they come due. To the extent possible, an attempt must be made to match investment maturities with known cash needs and anticipated cash-flow requirements. Furthermore, the policies of the Police Officers' and Firefighter Plans require diversification to the extent practical to control the risk of loss resulting from overconcentration of assets in a specific maturity, issuer, instrument, dealer or bank in which the financial instruments are bought and sold.

### NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

#### Investments (Continued)

The policies of the General Pension Plan place restrictions on investments, including limits as to quality ratings of at least Standard & Poor's A1 or Moody's P-1 for cash instruments; Standard and Poor's BBB or Moody's Baa for bonds or other evidences of indebtedness; corporations listed on one or more of the recognized national exchanges or on the National Market System of the NASDAQ stock market for equities; real estate investments (REITs) that trade on a major exchange; or obligations issued by the United States Government or guaranteed as to principal and interest by the United States Government or an agency of the United States Government.

#### **NOTE 3 – FAIR VALUE MEASUREMENT**

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of September 30, 2020:

- Government bonds and notes U.S. Treasury bonds and notes are valued using quoted market prices.
- Government agencies U.S. Agencies are valued using a matrix pricing model.
- Corporate bonds and notes Valued using quoted market prices.
- Mutual funds Valued at the daily closing price as reported by the fund.

The following table summarizes the City's assets for which fair values are determined on a recurring basis:

			Que	oted Prices in		Significant		
			Activ	ve Markets for		Observable	Sign	ificant
			Ide	entical Assets		Inputs	Unobs	servable
	]	Fair Value	(Level 1)		(Level 2)		Inputs	(Level 3)
Investments:								
Government bonds and notes	\$	701,489	\$	701,489	\$	-	\$	-
Government agencies		2,102,789		-		2,102,789		-
Corporate binds and notes		1,650,579		877,019		773,560		-
Mutual funds (fixed income)		9,978,699		9,978,699		-		-
Mutual funds (equities)		22,878,964		19,475,677		3,403,287		_
Total pension investments		37,312,520		31,032,884		6,279,636		-

#### NOTE 4 – INTERFUND BALANCES AND TRANSFERS

At September 30, 2020, interfund balances consist of:

- A long-term advance from the General Fund to the Airport Fund of \$510,105.
- A temporary loan from the General Fund to the Better Place Plan Fund of \$264,492, expected to be repaid within the next fiscal year.

Interfund transfers for the year ended September 30, 2020 consisted of the following:

	General	D	owntown					Golf		
Transfers from:	fund	re	dev. fund	Water	S	Sanitation	C	ourse	Airport	Total
Transfers to:										
General fund	\$ -	\$	53,835	\$ 804,207	\$	263,219	\$	277	\$ 64,812	\$1,186,350
Better place plan fund	400		-	1,300		800		-	-	2,500
Water fund	-		38,792	-		-		-	-	38,792
Golf course fund	212,711		-	-		-		-	-	212,711
Airport	73,847		-	-		-		-	-	73,847
Total	\$ 286,958	\$	92,627	\$ 805,507	\$	264,019	\$	277	\$ 64,812	\$1,514,200

The interfund transfers were made in the normal course of operations and are consistent with the activities of the fund making the transfer.

The remainder of the page was left blank intentional

### NOTE 5 - CAPITAL ASSETS ACTIVITY

During the year ended September 30, 2020, the following changes in capital assets occurred:

Primary Government	Balance October 1, 2019	Additions	Deletions	Transfers	Balance September 30, 2020	
Governmental activities:						
Capital assets not being depreciated:						
Land and improvements	\$ 3,822,892	\$ 138,212	\$ -	\$ -	\$ 3,961,104	
Construction in progress	1,009,288	36,476			1,045,764	
Total not being depreciated	4,832,180	174,688			5,006,868	
Capital assets being depreciated:						
Buildings and improvements	8,508,354	31,957	-	-	8,540,311	
Infrastructure	15,439,887	1,497,933	-	-	16,937,820

\$ 336,331

### **Business-type Activities**

\$5,620,357 Florida Municipal Loan Council Refunding Revenue Note, Series 2020; payable in varying installments through October 1, 2040, bearing a fixed interest rate of 2.73%, secured by a pledge of Half-Cent Sales Tax Revenues, Public Service Tax Revenues, and Communications Service Tax Revenues. Interest payments are due every April 1 beginning on April 1, 2021. Principal and interest payments are due every October 1, beginning October 1, 2021.

5,620,357

\$714,914 Water Reuse System State Revolving Loan; interest rate of 1.34%. Repayment began in September 2005 in 30 semiannual payments. Secured by a pledge of the net revenues of the water and sewer system after satisfaction of senior obligations. The approximate amount of the pledge is equal to the remaining principal and interest of \$80,198. During the current year, the City recognized net revenues of \$2,384,388, and made \$26,821 principal and interest payments.

# NOTE 6 – LONG-TERM OBLIGATIONS (CONTINUED)

\$4,268,622 Drinking Water State Revolving Fund Loan, plus capitalized interest of \$15,953, payable in semiannual installments of \$142,476, including interest at 2.61%, through January 2029, from net revenues of the water and sewer system. The proceeds were used to repay the portion of interim loan for construction of the drinking water treatment/distribution project, that was not covered by a DEP grant. The approximate amount of the pledge is equal to the remaining principal and interest of \$3,125,704. During the current year, the City recognized net revenues of \$2,384,388, and paid principal and interest payments in the amount of \$284,080.	2,490,667
\$7,853,000 Drinking Water State Revoling Fund Loan, plus estimated \$20,000 capitalized interest, less principal forgiveness of \$1,210,796, paybale in semiannual installments of \$175,506, including interest at 0.32%, beginning Decemeber 15, 2020 through Decemeber 2040, from net revenues of the water and sewer system. The proceeds are being used for Water Main Improvements. The approximate amount of hte pledge is equal to the remaining principal and interest of \$429,640. During the current year, the City drew \$425,554 of the available loan, recognized net revenues of \$2,070,189, and paid principal and interest payments in the amount of \$0.	425,554
\$500,000 February 2019 emergency loan for improvements to sewer system, plus interest at 3.37%. Interest will be annually at February 2020 and February 2021 and principal will be due in a lump sum payment in February 2021. The proceeds are being used for sewer system improvements. The loan is unsecured. During the current year, no payments were due or made.	473,336
\$528,000 Airport T-Hangar Revenue Refunding Note Series 2013B, plus interest at 3.75% paid semiannually through September 2023, from net revenues of the airport and non-ad valorem revenues. The approximate amount of the pledge is equal to the remaining principal and interest of \$283,644. During the current year, the City had recognized net revenues of \$30,482 and made \$58,988 principal and interest payments.	156,000
\$883,000 Airport Terminal Revenue Refunding Note Series 2013C, plus interest at 2.541%, paid semiannually through September 2023, from net revenues of the airport and non-ad valorem revenues. The approximate amount of the pledge is equal to the remaining principal and interest of \$464,984. During the current year, the City had recognized net revenues of \$30,482 and made \$88,502 principal and interest payments.	257,000
\$1,358,000 Taxable Golf Course Revenue Refunding Note, Series 2013A, payable in annual installments, plus interest at 4.25% payable semiannually through September 2023, from the net revenues of the Golf Course Facilities and non-ad valorem taxes. The approximate amount of the pledge is equal to the remaining principal and interest of \$844,886. During the current year, the City had deficit net revenues of \$20,206 and made \$169,274 principal and interest payments.	472,000

The City has long-term water/sewer agreements with the St. Johns River Water Management District and Putnam County, which are liquidated when permit costs are incurred or new business hook-ups are made in the Highway 19 corridor.

#### **Capital Leases**

#### Governmental Activities

During the fiscal year, the City continued to pay a 389,000, 2.04% capital lease for police vehicles due in semi-annual installments of approximately \$45,000, a \$56,400, 1.8% capital lease for a rescue vehicle due in semi-annual installments of approximately \$4,000, a \$680,000, 3.38% capital lease for fire engine due in quarterly installments of approximately \$75,000 to \$85,000, and \$266,559 capital lease for vehicles at 3.288% due in semi-annual installments of approximately \$29,000. During the fiscal year, the City entered into a \$514,940 capital lease for vehicles at 3.280% due in annual installments of approximately \$81,000. These leases are payable from the General Fund and reported in governmental activities in furniture and equipment.

### NOTE 6 – LONG-TERM OBLIGATIONS (CONTINUED)

### **Business-type Activities**

Additionally, the City has a \$257,100, 2.44% capital lease for a sanitation truck due in semi-annual payments of approximately \$20,000, a \$289,257, 2.04% capital lease for a sanitation truck in semi-annual payments of approximately \$23,000 and a 419,000, 1.80% capital lease for two sanitation trucks in semi-annual payments of approximately \$30,000. All three leases are payable from the Sanitation Fund and are reported in business-type activities in furniture and equipment. During the fiscal year, the City entered into a \$274,223 capital lease for a sanitation rearloader and vehicles for the airport at 3.28% with annual payments of \$2,513 which is payable form the Sanitation and Airport Funds.

Future lease payments, together with the present value of the minimum lease payments, are summarized in the following tabulation:

	Governmental Activities		siness-type Activities

#### **NOTE 9 – PENSION PLANS**

#### Defined Benefit Plan

Plan Description. The City sponsors a single-employer public employee retirement system (the "System") administered by the City of Palatka, Pension Boards of Trustees. The General Pension Board consists of five members, including the City Manager, two City Commission appointees, one member elected by a majority of the other covered General employees, and one citizen having financial experience appointed by the City Commission. The Police Officer Pension Board and Firefighters Pension Board each consist of two City Commission appointees, two members of the Plan elected by a majority of the other covered members and a fifth member elected by the other four board trustees and appointed by the City Commission. The System administers the City Employees Retirement Plan (the "Plan") which provides three employee contributory defined benefit pension plans. Members of the Plan include employees of the City and the Palatka Gas Authority. Nonemployer contributions are made by the State of Florida on behalf of Police Officers and Firefighters who participate in the System. For the year ended September 30, 2020, the City recognized \$77,299 and \$66,498 in the General Fund for State contributions to the Police Officers' and Firefighters' Retirement Funds, respectively. The City accounts for the Plan in three Pension Trust Funds, corresponding to three benefit groups as follows:

General – all members not included in Police Officers and Firefighters Police Officers – all state-certified police officers Firefighters – all state-certified firefighters

The Plan provides for vesting of benefits after 7 years of creditable service. General plan members are eligible for retirement at the earlier of: 1) age 55 and 7 years of credited service, or 2) 30 years of credited service, regardless of age. Police officer members are eligible at the earlier of: 1) age 50 and 7 years of credited service, 2) age 55 and 10 years of credited service, 3) age 52 and 25 years of credited service, or 4) 30 years of credited service, regardless of age. Firefighter members are eligible at the earlier of: 1) age 50 and 7 years of credited service for those hired before January 1, 2016, or age 50 and 10 years of credited service for those hired on or after January 1, 2016, 2) age 55 and 10 years of credited service, or 3) 25 years of credited service, regardless of age. The Plan also provides for disability, retirement, termination and death benefits with eligibility and benefit provisions as described in the authorizing ordinance. For general, police officer, and firefighter members, annual benefits for plan years beginning October 1, 2014, are equal to total years of service times 2.5% of final average compensation (highest 3 consecutive years of the last 5). In addition, police officer and firefighter members also will receive a supplement funded with Chapter 185 or 175, F.S., as applicable, Premium Tax monies equal to 0.63% and 0.79%, respectively, of final average compensation times credited service. No other changes in benefit provisions have been made for the plan year beginning October 1, 2017. The minimum benefit for duty disability is 45% of final average compensation for general, police officer and firefighter members. The minimum benefit for non-duty disability for all members is 25% of final average compensation. A member who terminates with less than 7 years' service may withdraw his or her member contributions.

#### NOTE 9 – PENSION PLANS (CONTINUED)

The Boards of Trustees establish and may amend provisions of the plan related to participant eligibility, contribution requirements, vesting, and benefit provisions. However, these plan provisions are subject to minimum requirements established in Chapters 112, 175, and 185, Florida Statutes. The Plan does not issue a stand-alone financial report.

Current membership in the Plan as of September 30, 2020 is as follows:

	General	Police Officers	Fire Fighters	Total
Inactive plan members or beneficiaries				
currently receiving benefits	120	31	15	166
Inactive plan members entitled to but				
not yet receiving benefits	23	13	4	40
Active plan members	85	29	23	137
Total	228	73	42	343

Contributions. Contributions consist of the remaining amount required in order to pay current costs and amortize unfunded past service cost, if any, as provided in Chapter 112, Florida Statutes. Employees are required to contribute 6.00% of their annual salary.

Concentrations. As of September 30, 2020, the Plans did not hold investments in any one organization that represents 5% or more of the Plans' fiduciary net position.

Rate of Return. For the year ended September 30, 2020, the annual money-weighted rate of return on General, Police Officers, and Firefighters Pension Plans investments, net of pension plan investment expense was 4.35%, 3.58%, and 3.77%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense adjusted for the changing amounts actually invested.

Deferred Retirement Option Program (DROP). Eligibility is met with satisfaction of normal retirement requirements. Participation is not to exceed five years, or for police officers and firefighters, beyond attaining 35 or 34 years, respectively, of credited service, if earlier. General and Police DROP participants may choose actual net rate of return as reported by the Fund's monitor each September 30 or a fixed 6.5% per annum compounded monthly. Effective beginning with the year ending September 30, 2008 the rate of return was limited to 0% for general members in DROP. Rate for Firefighter DROP participants is the greater of: 1) net rate of investment return or 2) 5.0%. The DROP balance as of September 30, 2020 was \$240,295, \$181,536 and \$0, respectively, for general, police officer and firefighters.

*Net Pension Liability*. The City's net pension liability was measured as of September 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated October 1, 2019 and rolled forward to that date.

### NOTE 9 – PENSION PLANS (CONTINUED)

The components of the net pension liability for the plans at September 30, 2020 were as follows:

	City of Palatka -		]	Palatka Gas		otal General
	General			Authority	Re	tirement Fund
Total pension liability	\$	20,919,717	\$	5,594,499	\$	26,514,216
Plan fiduciary net position		(14,478,706)		(4,668,320)		(19,147,026)
Net pension liability	\$	6,441,011	\$	926,179	\$	7,367,190
Pension fiduciary net position as a						
percentage of the total pension liability		70.00%		70.00%		72.21%
			D,	olice Officers'		Firefighters'
T-4-11-1-1-174			- 1	one o moore		_
Total pension liability			\$	13,487,101	\$	11,341,391
Plan fiduciary net position				(11,861,929)		(8,412,658)
Net pension liability			\$	1,625,172	\$	2,928,733
Pension fiduciary net position as a						
percentage of the total pension liability				87.95%		74.18%

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of October 1, 2019, rolled forward to September 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

		Police	Fire
	General	Officers	Fighters
Investment rate of return	7.5%	7.5%	7.5%
Projected salary increases*	Service based	Service based	Service based
* Includes inflation at	2.7%	2.7%	2.7%
Post Retirement COLA	0.0%	0.0%	0.0%

The most recent actuarial experience study for which significant assumptions are based upon was dated September 20, 2016 for the General Plan, and September 19, 2016 for Police Officers' and Firefighters' Plans.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

#### NOTE 9 – PENSION PLANS (CONTINUED)

Best estimates of arithmetic real rates of return for each major asset class included in all three pension plans' target asset allocations as of September, 30 2020 are summarized in the following table:

Long-term

				Long will
				Expected Real
		Target Allocation		Rate of Return
Asset class:	General	Police Officers'	Firefighters'	All Plans
Domestic equity	27.0%	32%	32%	8.50%
Internation equity	15.0%	15%	15%	4.10%
Bonds	34.0%	25%	25%	3.70%
High yields bonds	5.0%	5%	5%	6.40%
Convertibles	8.0%	8%	8%	7.90%
REITS	5.0%	5%	5%	7.90%
Infrastructure	5.0%	5%	5%	6.40%
Cash	1.0%	5%	5%	0.50%
Total	100%	100%	100%	

Discount Rate. The discount rate used to measure the total pension liability was 7.70% for each Plan. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTE 9 – PENSION PLANS (CONTINUED)

Pension expense and deferred outflows of resources and deferred inflows of resources. For the year end September 30, 2020, the City recognized pension expense of \$1,738,737 (including \$244,138 for Palatka Gas Authority), \$778,551, and \$760,759 relating to the General, Police Officers', and Firefighters' plans respectively. At September 30, 2020, the City reported deferred outflows and inflows of resources relating to the General, Police Officers', and Firefighters' pensions from the following sources:

	Deffered Outflows of Resources - City		Deffered Outflows of Resources - PGA		Deffered Outflows of Resources - Total		Deffered Inflows of Resources - Total

#### Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The City has complied with the requirements of subsection (g) of IRC Section 457 and, accordingly, all assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. Consequently, the plan is not reported in the City's financial statements.

#### **NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS**

#### Plan Description

The City sponsors and administers a single-employer defined benefit plan for postemployment benefits other than pension benefits (OPEB Plan).

The City's health care plan includes certain health care benefits for retired employees of the City, including its component unit, the Palatka Gas Authority. Substantially all employees may become eligible for those benefits if they reach normal retirement age while working for the City or Palatka Gas Authority. The premiums for the retirees are deducted from their pension account, and are entirely paid by those participants. The City pays no portion of the premiums attributable to the retirees, but does contribute any remaining amount necessary for payment of claims. In future years, contributions are assumed to increase at the same rate as premiums.

For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Plan does not meet the requirements for an OPEB plan administered through a trust, and the City has not established a qualifying trust for the OPEB plan. The OPEB Plan does not issue a stand-alone financial report.

The City Commission can amend the benefit provisions provided by the OPEB Plan.

#### Benefits Provided

The OPEB Plan provides an implicit health insurance subsidy for retirees of the City and Palatka Gas Authority. The plan allows employees who retire and meet retirement eligibility under one of the City's retirement plans (and their spouses and eligible dependents) to continue medical insurance coverage as a participant in the City's health insurance plan. The retiree pays 100% of the blended group rate premium.

#### **Contributions**

The contribution requirements of plan members and the participating employers are established and may be amended by the City. The City's required contribution, actuarially determined, is based on a combination of projected pay-as-you-go financing, with an additional amount to prefund benefits when earned. Contributions are not based on a measure of pay. The contractually required contribution for the year ended September 30, 2020 was \$18,225. Actual contributions to the OPEB Plan were \$18,225 for the year ended September 30, 2020. Retiree plan members receiving benefits contributed to pay-as-you-go financing through their required contributions for health insurance premiums.

#### NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

#### Total OPEB Liability

The measurement date is September 30, 2020, based on an actuarial valuation dated October 1, 2018 and rolled forward to September 30, 2020. The reporting period is October 1, 2019 through September 30, 2020.

The Sponsor's total OPEB liability of \$802,724 (comprised of \$735,295 for City and \$67,429 for Palatka Gas Authority) was measured as of September 30, 2020.

#### Actuarial Assumptions and Other Inputs

Table

Inflation rate 2.50%
Salary increase rate(s) Varies by service

Discount rate 2.14%
Initial trand rate 7.50%
Ultimate trend rate 4.00%
Years to ultimate 55

All mortality rates were based on the RP-2000 mortality tables.

#### Discount Rate

All future benefit payments were discounted using a high-quality municipal bond rate of 4.18%. The rate was based on the week closest but not later than the measurement date of the Bond Buyer 20-Bond Index as published by the Federal Reserve. This index consists of 20 general obligation bonds that mature in 20 years. The average rating of the 20 bonds is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp.'s AA.

#### NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

#### Change in Total OPEB Liability

Changes for the year:	
Service cost	\$ 47,937
Interest	23,160
Difference between expected and actual experience	(88,551)
Changes of assumptions and actual experience	141,832
Benefit payments	 (18,225)
Net changes	106,153
Total OPEB liabilitty - beginning of reporting period	696,571
Total OPEB liabilitty - end of reporting period	\$ 802,724

Changes in assumptions reflect a change in the discount rate from 4.18% for the reporting period ended September 30, 2019, to 3.58% for the reporting period ended September 30, 2020.

#### Sensitivity of the Total OPEB Liability to changes in the Discount Rate

The following presents the total OPEB liability of the Sponsor, as well as what the Sponsor's total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

	Current								
	1%	Decrease	19	1% Increase					
		1.14%	2.14%			3.14%			
Total OPEB liability - City	\$	817,938	\$	735,295	\$	663,135			
Total OPEB liability - PGA		75,007		67,429		60,811			
Total OPEB liability	\$	892,945	\$	802,724	\$	723,946			

#### NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

#### Sensitivity of the Total OPEB Liability to changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the Sponsor, as well as what the Sponsor's total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	Healthcare Cost							
	1%	Decrease	Tr	end Rates	1% Increase			
	3.00	0% - 6.50%	4.00	0% - 7.50%	5.00	0% - 8.50%		
Total OPEB liability - City	\$	642,778	\$	735,295	\$	845,152		
Total OPEB liability - PGA		58,945		67,429		77,503		
Total OPEB liability	\$	701,723	\$	802,724	\$	922,655		

### OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2020, the Sponsor recognized OPEB expense of \$92,263, including \$7,750 for the Palatka Gas Authority.

On September 30, 2020, the Sponsor reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources						Deferred Outflows of Resources						
	City		PGA		Total		City		PGA		Total		
Differences between expected													
and actual experience	\$ -	\$	-	\$	-	\$	67,593	\$	6,199	\$	73,792		
Changes of assumptions	149,404		13,701		163,105		25,397		2,329		27,726		
Total	\$ 149,404	\$	13,701	\$	163,105	\$	92,990	\$	8,528	\$	101,518		

#### NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ending			
September 30,	City	PGA	Total
2021	\$ 9,953	\$ 913	\$ 10,866
2022	9,953	913	10,866
2023	9,953	913	10,866
2024	18,419	1,689	20,108
2025	8,135	746	8,881
Thereafter	-	-	_
Total	\$ 56,413	\$ 5,174	\$ 61,587

#### **NOTE 11 – RISK MANAGEMENT**

The City is exposed to various risks of loss related to general liability, workers' compensation, public liability, law enforcement liability, health benefits, property damage, and errors and omissions. To manage its risks, the City participates in the Florida League of Cities Self Insurance Fund (the "Fund") a public entity risk pool currently operating as a common risk management and insurance program for member cities. The City pays an annual premium to the Fund for its coverage. The premiums are designed to fund the liability risks assumed by the Fund and are based on certain actual exposures of each member. The City's settled claims have not exceeded coverage in any of the past three fiscal years.

#### **NOTE 12 - COMMITMENTS**

The City leases some of its golf carts under operating leases. Lease payments for the year ended September 30, 2020 were \$46,496. Future lease payments are as follows:

	Bus	siness-type
Year ending September 30,	A	Activities
2021	\$	47,144
2022		47,792
2023		44,381
Total	\$	139,317

#### **NOTE 13 - CONTINGENCIES**

The City is sometimes a party to lawsuits and claims arising out of the normal conduct of its activities. While the results of lawsuits or other proceedings against the City cannot be predicted with certainty, management does not expect that these matters will have a material adverse effect on the financial condition of the City.

#### **NOTE 14 – SUBSEQUENT EVENTS**

Management has evaluated subsequent events to determine if events or transactions occurring through May 27, 2021, the date the financial statements available to be issued, require potential adjustment to or disclosure in the financial statements.

The City evaluated its September 30, 2020 financial statements for subsequent events through the date the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen and will likely have a negative impact to financial operations; although such potential impact is unknown at this time.

#### **NOTE 15 – FUTURE ACCOUNTING PRONOUNCEMENTS**

A brief description of new accounting pronouncements that might have a significant impact on the City's financial statements is presented below. Management is currently evaluating the impact of the adoption of these pronouncements on the City's financial statements.

In January 2017, the GASB issued Statement No. 84, Fiduciary Activities. This Statement will improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement is effective for the fiscal year ending September 30, 2021.

In May 2017, the GASB issued Statement No. 87, Leases. This Statement will increase the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting that is based on the foundational principle that leases are financings of the right to use an underlying asset. This Statement is effective for the fiscal year ending September 30, 2022.

In June 2018, the GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. This Statement will enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and simplify accounting for interest cost incurred before the end of a construction period. This Statement is effective for the fiscal year ending September 30, 2022.

#### NOTE 15 – FUTURE ACCOUNTING PRONOUNCEMENTS (CONTINUED)

In August 2018, the GASB issued Statement No. 90, Major Equity Interests. This Statement will improve consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. This Statement is effective for the fiscal year ending September 30, 2021.

In May 2019, the GASB issued Statement No. 91, Conduit Debt Obligations. This Statement will provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement is effective for the fiscal year ending September 30, 2023.

In January 2020, the GASB issued Statement No. 92, Omnibus 2020. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The requirements related to the effective date of Statement 87 and Implementation Guide 2019-3, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance. The requirements related to (1) intra-entity transfers of assets and those related to the applicability of Statements 73 and 74; (2) application of Statement 84 to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities; and (3) the measurement of liabilities (and assets, if any) associated with AROs in a government acquisition are effective for government acquisitions occurring in reporting periods beginning after June 15, 2021.

In March 2020, the GASB issued Statement No. 93, Replacement of Interbank Offered Rates. This Statement is designed to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. This Statement is effective for the fiscal year ending September 30, 2021. Additionally, in March 2020, the GASB issued Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements. This Statement is designed to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement is effective for the fiscal year ending September 30, 2022.

In May 2020, the GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement is effective for the fiscal year ending September 30, 2022.

#### NOTE 15 – FUTURE ACCOUNTING PRONOUNCEMENTS (CONTINUED)

In May 2020, the GASB issued Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. This Statement provides guidance on to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. This Statement is effective for the fiscal year ending September 30, 2021.

#### City of Palatka Notes to Budgetary Comparison Schedules September 30, 2020

Budgets are prepared and adopted on the modified accrual basis of accounting.

On or before the first day in August of each year, the City Manager submits to the City Commission a budget for the ensuing fiscal year, along with an accompanying budget message. The general summary of the budget and notice of public hearing is published in the local newspaper. Prior to the last day of September, the budget is legally enacted. All appropriations lapse at the end of the fiscal year.

Florida Statutes provide that it is unlawful to make expenditures that exceed the total amount budgeted for each fund. The City Manager can approve budget transfers within and between operating departments and divisions of the same fund. All interfund transfers require prior approval of the City Commission. Therefore, the fund level is the legal level of control for budget considerations.

Annual budgets are adopted for all governmental funds.

#### Notes to the Schedule

For measurement date 09/30/2020, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.60% to 7.50% For measurement date 09/30/2019, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.70% to 7.60% For measurement date 09/30/2018, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.80% to 7.70% For measurement date 09/30/2017, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.90% to 7.80% In addition, the assumed rates of mortality were chnaged from those in the July 1, 2015 FRS valuation report to those used in the July 1, 2016 FRS valuation report (FRS herein is the Florida Retirement System).

For measurement date 09/30/2016, amounts reported as chnages of assumptions resulted from an experience study dated Sept. 20, 2016:

- The assumed rate of individual salary increases was changed from a 5.50% each year to a service-based table.
- The assumed interest rate was lowered from 800% to 7.9%.
- The assumed rates of mortality were chnaged to match what is used by FRS for non-special risk participants.
- The assumed rates for Normal Retirement increased for all ages.
- The assumed rates of disability decreased by changing from Table 1207 to Table 1201.
- The inflation assumption rate was lowered form 3.00% to 2070%, matching the long-term inflation assumptin used by the Plan's investment consultant.

<sup>\*</sup> The schedule will present ten years emparative data when ten years become available.

#### Notes to the Schedule

For measurement date 09/30/2020, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.60% to 7.50% For measurement date 09/30/2019, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.70% to 7.60% For measurement date 09/30/2018, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.80% to 7.70% For measurement date 09/30/2017, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.90% to 7.80% In addition, the assumed rates of mortality were chnaged from those in the July 1, 2015 FRS valuation report to those used in the July 1, 2016 FRS valuation report (FRS herein is the Florida Retirement System).

For measurement date 09/30/2016, amounts reported as chnages of assumptions resulted from an experience study dated Sept. 20, 2016:

- The assumed rate of individual salary increases was changed from a 5.50% each year to a service-based table.
- The assumed interest rate was lowered from 800% to 7.9%.
- The assumed rates of mortality were chnaged to match what is used by FRS for non-special risk participants.
- The assumed rates for Normal Retirement increased for all ages.
- The assumed rates of disability decreased by changing from Table 1207 to Table 1201.
- The inflation assumption rate was lowered form 3.00% to 2070%, matching the long-term inflation assumptin used by the Plan's investment consultant.

<sup>\*</sup> The schedule will present ten years emparative data when ten years become available.

#### Notes to the Schedule

For measurement date 09/30/2020, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.60% to 7.50% For measurement date 09/30/2019, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.70% to 7.60% For measurement date 09/30/2018, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.80% to 7.70% For measurement date 09/30/2017, amounts reported as chnages of assumptions resulted from lowering the investment rate of return from 7.90% to 7.80% In addition, the assumed rates of mortality were chnaged from those in the July 1, 2015 FRS valuation report to those used in the July 1, 2016 FRS valuation report (FRS herein is the Florida Retirement System).

For measurement date 09/30/2016, amounts reported as chaages of assumptions resulted from an experience study dated Sept. 20, 2016:

- The assumed rate of individual salary increases was changed from a 5.50% each year to a service-based table.
- The assumed interest rate was lowered from 800% to 7.9%.
- The assumed rates of mortality were chnaged to match what is used by FRS for non-special risk participants.
- The assumed rates for Normal Retirement increased for all ages.
- The assumed rates of disability decreased by changing from Table 1207 to Table 1201.
- The inflation assumption rate was lowered form 3.00% to 2070%, matching the long-term inflation assumptin used by the Plan's investment consultant.

<sup>\*</sup> The schedule will present ten years emparative data when ten years become available.

#### Notes to the Schedule

Actuarially determined contribution rates are calculated as of October 1, two years prior to end of the fiscal year in which the contributions are reported.

Valucation Date for FY 2020 contribution 10/1/2018

Methods and assumption used to determine contribution rates:

Mortality rates: Healthy & Inactive Female: RP 2000 Generational Annuitant White Collar, Scale BB

Healthy & Inactive Male: RP 2000 Generational - 50% Annuitant White Collar / 50% Annuitant Blue Collar, Scale BB

Disabled: RP 2000 Disabled; Female set forward two years, Male setback for years

Interest rate: 7.80% per year compounded annually, net of investment related expenses.

Retirement age:

Retirement

Age	Rate
50-54	10.0%
55	25.0%
56-59	20.0%
60	40.0%
61-64	25.0%
65+	100.0%

Salary increases: 8% less than one year of service. 5% for one year and greater of service.

Payroll growth: None, for purpose of amortizing the unfunded actuarial liability

Marital status: 80% of active members are assumed to be married at the time of retirement. Females are assumed to be three years younger than males

Funding method: Entry Age Normal

Actuarial asset method: Each year, the prior Actuarial Value of Assets is brought forward utilizing the historical geometric 4-year average Market Value return (net of fees).

Disability and termination rates: See following table. It is assumed that 25% of disablements and active members deaths are service related.

Percent Terminating Percent becoming

Age	during the year disal	oled during the year
20	34.40%	0.03%
30	30.00%	0.04%
40	16.40%	0.07%
50	3.40%	0.18%

<sup>\*</sup> The schedule will present ten years comparative data when ten years become available.

<sup>2018</sup> changes in assumptions and other inputs reflect a change in the discount rate from 3.64% in 2017 to 4.18% in 2018.

<sup>2019</sup> changes in assumptions and other inputs reflect a change in the discount rate from 4.18% in 2018 to 3.58% in 2019.

<sup>2020</sup> changes in assumptions and other inputs reflect a change in the discount rate from 3.58% in 2019 to 2.14% in 2020.

# **Supplementary Information**

#### MAJOR GOVERNMENTAL CAPITAL PROJECTS FUND

A Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The City maintains the following Capital Projects Fund:

<u>Better Place Plan Fund</u> - is used to account for revenues received from a discretionary surtax imposed to finance certain capital projects.

# Statistical Section (unaudited)

#### **Statistical Section**

This part of the City of Palatka comprehensive annual financial report represents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

	Page <u>Number</u>
Financial Trends	83
These schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time.	
Revenue Capacity	87
These schedules contain information to help the reader assess the factors affecting the city's ability to generate its property and sales taxes.	
Debt Capacity	91
These schedules present information to help the reader assess the affordability of the city's current levels of outstanding debt and the city's ability to issue additional debt in the future.	
Demographic and Economic Information	96
These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place and to help make comparisons over time and with other governments.	
Operating Information	98
These schedules contain information about the city's operations and resources to help the reader understand how the city's financial information relates to the services the city provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Source: Putnam County Board of County Commissioners

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Palatka. This process recognizes that, when considering the city's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

For debt repaid with sales surtax revenues, the percentage of overlapping debt applicable is estimated using the total amount of local infrastructure surtax revenues received by the City divided by the total amount of local infrastructure surtax revenues received by Putnam County.

For debt repaid with 1/2 cent sales revenues, the percentage of overlapping debt applicable is estimated using the total amount of 1/2 cent sales tax revenues received by the City divided by the total amount of 1/2 cent sales tax revenues received by Putnam County.

## HCT Certified Public Accountants & Consultants, LLC

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Commission City of Palatka, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Palatka, Florida (the 'City'), as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's, basic financial statements, and have issued our report thereon dated May 27, 2021.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2021-001 and 2021-002 that we consider to be material weaknesses.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### City of Palatka, Florida's Response to Findings

City's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## HCT Certified Public Accountants & Consultants, LLC

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and Members of the City Commission City of Palatka, Florida

We have audited the City of Palatka, Florida's (the "City")'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2020. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2020.

#### **Report on Internal Control over Compliance**

Management of the City, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## City of Palatka, Florida Notes to the Schedule of Expenditures of Federal Awards Year Ended September 30, 2020

#### **NOTE 1 – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the City of Palatka, Florida (the "City"). The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Because this schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in, the preparation of the basic financial statements.

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized when they become a demand on current available financial resources. Expenditures on contracts under A-133 are recognized following the cost principles in OMB Circular A-133, and expenditures on all other contracts are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The preparation of this schedule requires management to make various estimates. Actual results could vary from those estimates.

#### NOTE 3 – INDIRECT COST OF RATE

The Organization has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### NOTE 4 – LOAN AND LOAN GUARANTEE PROGRAMS

The City does not participate in any loan or loan guarantee programs.

#### NOTE 5 – FEDERALLY FUNDED INSURANCE

The City does not receive any federally funded insurance.

#### NOTE 6 – NONCASH ASSISTANCE

The City did not receive or provide any noncash assistance related to Federal awards.

#### **Section II – Financial Statement Findings**

## Finding No. 2020-001 Controls over Payroll Processing

Finding Type: Internal Control and Material Weakness

#### **Condition:**

During our review of the controls over payroll and the processing of payroll, we noted a lack of segregation of duties as there was only one individual who processed and approved payroll prior to being processed for payment.

#### Criteria:

According to the COSO (Committee of Sponsoring Organizations), having multiple individuals reviewing and approving different functions helps prevent the potential for fraud or the risk of a material misstatement.

#### Cause:

Limited number of finance and human resource staff to review payroll to ensure errors were not caught and information was accurate.

#### **Effect:**

A weak internal controls structure opens the City for potential fraud or higher risk of material misstatement.

#### **Recommendation:**

We recommend that the City reviews the existing policies and procedures and develop new processes to ensure that there is a strong segregation of duties with processing the payroll for payment.

#### **Management's Response and Planned Corrective Actions:**

See accompanying corrective action plan.

#### Finding No. 2020-002 Incorrect employee payments

Finding Type: Internal Control and Material Weakness

#### **Condition:**

During our review of the controls over payroll and employee payrates, we noted that multiple employee's payrates did not match their approved payrates, resulting in employees to be both over and under paid.

#### Criteria:

Section 218.33, *Florida Statutes*, require that local government entities follow uniform accounting practices and procedures including the use of proper accounting and fiscal management, which includes establishing and maintaining effective internal control to help ensure that appropriate goals and objectives are met and ensuring that management and financial information is reliable and properly reported.

## City of Palatka, Florida Schedule of Findings and Questioned Costs (Continued) Year Ended September 30, 2020

#### Cause:

Limited number of finance and human resource staff to review payroll to ensure errors were not caught and information was accurate.

#### **Effect:**

A weak internal controls structure opens the City for potential fraud or higher risk of material misstatement.

#### **Recommendation:**

We recommend that the City reviews the existing policies and procedures and develop new processes to ensure that there is a strong segregation of duties with processing the payroll for payment.

## Management's Response and Planned Corrective Actions:

See accompanying corrective action plan.

#### Section III – Federal Awards Findings and Questioned Costs

No current-year matters were reported.

#### Section IV - Prior-Year Audit Findings

#### **Financial Statement Findings**

Finding No. 2019-001

#### **Condition:**

As part of the audit process, we proposed material adjustments to the City's financial statements. The required assistance to prepare financial statements, including notes, in accordance with generally accepted accounting principles.

#### **Recommendation:**

The city should consider and evaluate the costs and benefits of improving internal controls relative to the financial reporting process to ensure all material adjustments are included in the year-end close-out.

#### **Current Year Status:**

Condition no longer exists. There were no material adjustments made in FY2020.

## City of Palatka, Florida Schedule of Findings and Questioned Costs (Continued) Year Ended September 30, 2020

## **Finding No. 2019-002**

#### **Condition:**

The City's procedures are not adequate to ensure the proper identification of financial assistance programs and preparation of an accurate Schedule of Expenditures of Federal Awards (SEFA). Certain grants were missing or required material adjustments to the amount of expenditures shown on the SEFA.

#### **Recommendation:**

The City should develop policies, procedures, and the expertise to prepare a complete and accurate SEFA.

#### **Current Year Status:**

Condition no longer exists.

## IINDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Honorable Mayor and Members of the City Commission City of Palatka, Florida

We have examined the City of Palatka (the City's) compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2020. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2020. This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the City Commission, and is not intended to be and should not be used by anyone other than these specified parties.

## MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Honorable Mayor and Members of the City Commission City of Palatka, Florida

## **Report on the Financial Statements**

We have audited the financial statements of the City of Palatka, Florida (the 'City'), as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated May 27, 2021.

#### **Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

#### **Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated May 27, 2021, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding financial audit report except for as listed on the following page.

#### **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. All related disclosures have been made in the notes to the financial statements.

#### **Financial Condition and Management**

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

## **Special District Component Units**

Sections 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

#### **Purpose of this letter**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Mayor, Members of the City Council, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

May 27, 2021

The Honorable Sherrill F. Norman Florida Auditor General P.O. Box 1735 Tallahassee, FL 32302

Dear Ms. Norman:

I write to you in response to the findings noted in the audit of the City of Palatka, prepared by HCT Certified Public Accountants & Consultants, LLC for the year ended in September 30, 2020.

2020-001

Condition- During our review of the controls over payroll and the processing of payroll, a lack of segregation of duties as there was only one individual who processed and approved payroll prior to being processed for payment.

Recommendation- We recommend that the City reviews the existing policies and procedures and develop a new process to ensure that there is a strong segregation of duties with processing the payroll for payment.

Resolution- The City implemented a process that segregated duties within payroll processing. The segregation of duties allows multiple individuals to review and approve different functions within the processing of payroll to ensure errors are caught and corrected before final processing of payment.

2020-002

PHONE: 386-329-0100

Condition- During our review of the controls over payroll and employee pay rates, we noted that multiple employee's pay rates did not match their approved pay rates, resulting in employees to be both over and under paid.

Recommendation- We recommend that the City reviews the existing policies and procedures and develop a new process to ensure that there is a strong segregation of duties with processing the payroll for payment.

Resolution- The City implemented a process that segregated duties within processing of pay rate changes for existing and new employees upon hire. The segregation of duties

warm palatka fl.gov

and formal update to the change of status process allows multiple individuals to review and approve different steps within the processing of pay rate changes and payroll to ensure errors are caught and corrected.

Please contact me if you have any questions or need additional explanation.

Sincerely,

Lauren R. Shank Finance Director
