This page intentionally left blank

March 15, 2021

Honorable Mayor and City Commissioners,
Citizens of the City of Sarasota
Sarasota, Florida

Dear Mayor and City Commissioners:

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) of the City of Sarasota, Florida, for the fiscal year ending September 30, 2020. This report is presented in conformity with generally accepted accounting principles (GAAP), was prepared by the City's Financial Administration Department, and audited by an independent firm of certified public accountants, Purvis Gray and Company, LLP, as mandated by both local ordinances and State Statute. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presented data, including all disclosures, rests with the management of the City. We believe the data as presented is accurate in all material respects and is reported in a manner designed to fairly set forth the financial position and results of operations of the City of Sarasota as measured by the financial activity of its various funds.

The City is required to undergo an annual single audit in conformity with the provisions of the *Government Audit Standards*, issued by the Comptroller General of the United States; the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550 Rules of the Auditor General, State of Florida. Information related to this single audit, including a schedule of expenditures of Federal awards and State financial assistance, the report of independent auditors on internal controls over financial reporting and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included.

City management is responsible for establishing and maintaining a system of internal controls designed to ensure the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal controls are designed to provide reasonable, but not absolute assurance that the financial statements will be free from material misstatement. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the City

The City of Sarasota, Florida, was incorporated in 1902, and later re-platted in 1912 to be formally incorporated as a City in 1912. The current Charter was approved by the voters of the City on September 3, 1996 with Ordinance No. 96-3951, and became effective November 1, 1996. The City has operated under the Commission - City Manager form of government since 1945. The City Commission consists of five elected citizens who are qualified voters in the City. The Commission appoints a professional City Manager, who is the chief administrative officer of the City, and directs the business of the City and its various departments. The Commission determines policy, adopts legislation, approves the City's budget, sets taxes and fees, appoints the City Auditor and Clerk and the City Attorney, as well as the members of all boards and committees.

The City provides a range of municipal services. The Public Safety operation includes police protection as well as building code compliance and zoning. Recreational services include the Lido Pool, Arlington Park Facilities, Robert L. Taylor Community Complex, various tennis courts located throughout the City, Bobby Jones Golf Course, a 45-hole course, numerous neighborhood parks, a children's water park on the Bayfront, and a skateboard park. Public Works provides essential street and highway maintenance, traffic signalization as well as solid waste collection. The Public Utilities department provides drinking water and sewer treatment operations and reuse water for irrigation. In addition, the City operates two municipal auditoriums and the award winning 1,800 seat Van Wezel Performing Arts Hall. Other services provided include neighborhood development services, redevelopment, community development, special event permitting, as well as general administrative services. The City also provides an employee and retiree health center.

The financial statements in this report include the funds of all the activities under the jurisdiction of the City Commission. This includes the Community Redevelopment Agency (CRA), the Golden Gate Point Special District (GGP), the St. Armands Business Improvement District (BID), and the Downtown Improvement District (DID). The CRA provides for the rehabilitation, conservation and redevelopment of the Newtown Redevelopment area. The purpose of the GGP is to construct and maintain enhancements and improvements within the public right of way on Golden Gate Point. The BID was created as a dependent taxing authority with the power to levy up to two mills, with City Commission approval, for the purpose of purchasing supplemental services (maintenance, security, sanitation, promotions, infrastructure, and capital improvements). The boundaries of the BID are made up of all parcels of real property located within the Commercial Tourist Zone District in the vicinity of St. Armands Circle. The DID was created to improve the Downtown Core of the City and is governed by a board of five members, who are non-residential property owners subject to ad valorem taxation within the District and are appointed by the City Commission.

Local Economy

The City of Sarasota is located on the Gulf of Mexico on the southwest coast of Florida and covers an area of 25.9 square miles with an estimated population of 57,683. The City, once the winter home of the Ringling Brothers and Barnum & Bailey Circus, is a mecca for those seeking a high quality of life, and host to three growing universities with a student population of 4,500. The City is a major resort area with an average year-round temperature of 73^o F and miles of pristine white sand beaches that beckon to the hundreds of thousands of tourists that visit year-round. The City is the winter home of the Baltimore Orioles major league baseball team. The City owns and operates the award-winning Van Wezel Performing Arts Hall, the premier showcase for the performing arts on Florida's southwest coast. In 2020, US News & World Report identified Sarasota as one of the top places to live in the U.S., ranking #16 in the nation and #1 in the State of Florida.

The City's functional (seasonal plus tourist) population swells to almost 100,000 during the winter months. The provision of tourist accommodations, restaurants, entertainment, financial institutions, and health services constitutes a major source of employment and contributes significantly to the stability of the local economy. In 2020, employment figures were impacted by COVID-19. However, Sarasota County had

an unemployment rate of 5.2% in September 2020, lower than the statewide rate of 7.2% and the national rate of 7.9%.

In major publications, Sarasota continues to earn high ratings as a City that is economically vibrant while successfully managing its growth and providing a high quality of life. This includes excellent public and private K-12 schools and local universities, wonderful attractions, and excellent neighborhoods. The City of Sarasota has slowed urban sprawl by retaining and adding green space, supporting local culture, and zoning for a pedestrian friendly, vibrant higher density downtown that is guided by the principles of new urbanism.

The economy and housing market in Sarasota has been growing since the end of the Great Recession. Property tax revenue increased 7.0% over the previous year from \$36,074,226 in 2019 to \$38,226,955 in 2020. This is attributable to a \$740 million increase in taxable value. The current building boom, dubbed the Billion Dollar Boom, has approximately 7000 units of some form of housing completed or recently underway. The unassigned fund balance in the General Fund is \$23.2 million, which is a 30.2% ratio to expenditures and an excellent funding level.

Long-Term Financial Planning

The annual budget serves as the foundation for the City's financial planning and control. All departments of the City are required to submit requests to the City Manager. The City Manager uses these requests as the starting point for developing the proposed budget. The City Manager then presents the proposed budget to the City Commission for review during several budget workshops throughout the summer months. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30th, the close of the City of Sarasota's fiscal year. The appropriated budget is prepared by fund and department (e.g., Police, Development Services, etc.). Department Heads may make budget transfers within their individual departments. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted.

Relevant Financial Policies

The City Commission has adopted or amended financial policies with the purpose of maintaining a prudent level of financial resources to support the level of service the City provides to its residents. Policies cover the areas of contingency planning in the event of emergencies; debt management, including debt issuance and management, debt affordability and debt capacity; fees and charges that reflect the cost of City programs and the portion to be recovered from users; and revenue policy to ensure reliability and sufficiency of City revenues to support its operations. Two major rating institutions (Moody's Investors Service, and Fitch Ratings) have evaluated the City's financial management, economic conditions and administrative practices. In 2020, Fitch Ratings affirmed its ratings of the City's general obligation bonds of AA+ and AA1 for the City's special obligation bonds. The bond ratings reflect that the City's bonds are one tier away from the highest bond rating available.

Major Initiatives

During the year the City continued its activities to maintain the quality of life for its neighborhoods by resurfacing 16 streets, increased sidewalk connectivity and replacing the aging street light circuit in Cherokee Park. Through public/private partnerships, lighting improvements were completed along Ringling Boulevard and construction of a Round-About at the intersection of US. 41 and Fruitville was begun. Efforts to increase pedestrian and bicycle mobility and safety took a major step forward with the beginning of construction of the Coon Key Multi Use Recreational Trail (MURT) that will complete the MURT connection between Downtown and St. Armands Circle. Through an agreement with the United States Army Corps of Engineers, contractors began to place approximately 700,000 cy of sand to renourish 1.56 miles of Lido Beach that had been impacted by recent storms.

The Utilities Department initiated the delivery of its \$298.5 million, eleven (11) year Capital Improvement Program along with the delivery of several ongoing projects. Projects of note included: Wastewater Treatment Plant Headworks and Filter Upgrade Project (\$6.1 million – complete); Rehabilitation (Lining) of Existing Sanitary Sewer Mains (\$2.4 million - complete); Rehabilitation of seven (7) Sewage Lift Stations (\$1 million - complete); Rehabilitation/Replacement of various Water and Wastewater Treatment Process Infrastructure (\$1 million – complete); Coon Key 16-inch Water Main Replacement (\$0.46 million - complete); Lift Station 87 Phase II (\$21.27 million – ongoing, 93% complete); Osprey Avenue Utilities and Roadway Improvement Project (\$8.98 million – ongoing, 26% complete); and Lift Station Phase III (\$10.16 million – ongoing, 4% complete).

The Office of Housing and Community Development continued administering federal funds to the benefit of low-income households and in predominantly low-income neighborhoods despite the COVID-19 pandemic. A total of 53 households were assisted with home rehabilitation during fiscal year 2020 even though care had to be taken to maintain social distancing between homeowners and construction workers. Federal funds, both Community Development Block Grant (CDBG) and HOME Investment Partnerships Program (HOME) funds were leveraged with State Housing Initiatives Partnership (SHIP) dollars to serve the low-income households, 4 of which were within City of Sarasota limits. Fourteen of these households included special needs individuals (having either physical or developmental disabilities).

The Development Services Department experienced another very busy year, issuing 7,104 permits compared to last years' 7,425 permits, with a construction value of \$273 million, versus \$540 million construction value last year. The COVID-19 pandemic can be attributed to the pause of some pending commercial projects, which accounts for the lower construction value. However, the overall permit number issued has stayed consistent.

On September 6, 2018, the City Commission approved the Master Plan for the development of the region's most significant, publicly owned, bayfront property on 53 acres that currently includes the Van Wezel Performing Arts Hall. Additionally, the City Commission approved the conceptual design which included the construction of a new Performing Arts Center, in partnership with the Van Wezel Foundation, and a plan for Phase 1, the first ten acres on the south end of the site.

Independent Audit

The City Charter, Article IV, Section 9, requires an annual audit of the City's financial statements by independent accountants selected by the City Commission. This requirement has been complied with and the independent auditors' report is included in the financial section of this report.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded its Certificate of Achievement for Excellence in Financial Reporting to the City of Sarasota, Florida, for its Annual Comprehensive Financial Report for the fiscal year ending September 30, 2019. This was the thirty ninth consecutive year that the City has received this prestigious award. We are pleased to continue to achieve this distinction. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Award for Distinguished Budget

The City received the GFOA's Award for Distinguished Budget Presentation for its annual financial plan for the fiscal year beginning October 1, 2019, the same period covered by this Annual Comprehensive Financial Report. This was the thirtieth consecutive year that the City has received this prestigious award. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories including policy documentation, financial planning, organization, and as a communications medium. We are pleased that we continue to achieve this distinction.

Award for Popular Annual Financial Report

The City received the GFOA's Award for Outstanding Achievement in Popular Annual Financial Reporting (PAFR) for its annual financial report for the fiscal year ended September 20, 2019. This was the seventh year the City has received this prestigious award. In order to qualify for the award for Outstanding Achievement in Popular Annual Financial Reporting, the City's PAFR was judged to be proficient in several categories, including creativity, presentation, reader appeal, understandability, and distribution.

Acknowledgements

This report represents countless hours of preparation and could not have been accomplished without the dedicated efforts of the employees of the Financial Administration Department. In closing, the continued interest and support by the Mayor and the members of the City Commission in the planning and guidance of the financial operations of the City is appreciated.

Sincerely,

Kelly R. Strickland, CPA, CGFO

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Sarasota, Florida (the City) as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the General Employees' Pension Plan, the Police Officers' Pension Plan, or the Firefighters' Pension Plan, which represent 82% of the assets and 44% of the expenditures/deductions of the aggregate remaining fund information, respectively. Those statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the General Employees' Pension Plan, the Police Officers' Pension Plan, and the Firefighters' Pension Plan, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are

INDEPENDENT AUDITOR'S REPORT

appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund, the community redevelopment agency fund, and the housing and community development fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information as listed in the table of contents (collectively, the required supplementary information) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Introductory Section, Combining and Individual Non-Major Fund Statements and Schedules, and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and Chapter 10.550, *Rules of the Auditor General of the State of Florida*, and is also not a required part of the basic financial statements.

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

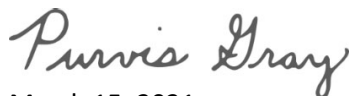

INDEPENDENT AUDITOR'S REPORT

The Combining and Individual Fund Statements and Schedules, and the Schedule of Expenditures of Federal Awards and State Financial Assistance are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the report of the other auditors, the Combining and Individual Fund Statements and Schedules, and the Schedule of Expenditures of Federal Awards and State Financial Assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2021, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

This section of the City of Sarasota's Annual Comprehensive Financial Report provides a narrative overview and analysis of the basic financial activities of the City as of and for the year ended September 30, 2020. The intent of the information presented here, in conjunction with the Letter of Transmittal, is to provide the reader with a clearer picture of the City's overall financial status.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$442,949,913 (*net position*). Of this amount, \$390,631,515 represents net investment in capital assets (*capital assets net of related debt*); \$26,887,073 is restricted for specific purposes (*restricted net position*) and the remaining portion represents negative unrestricted net position of \$(12,957,922).
- The government's total net position increased by \$32,286,431, or 7.9% for the year compared to an \$16,615,199 increase in the prior year.
- Total revenues were \$189,921,631, a decrease of \$6,570,391, or 3.3%, from last year.
- Total expenses were \$157,635,200, a decrease of \$22,241,623, or 12.4%, from last year.
- Pension and OPEB related items represented a predominant portion of both deferred outflow and deferred inflow of resources. The City's employer contributions to its pension and OPEB plans of \$22,210,478, made in fiscal year 2020, after the measurement date of September 30, 2019, were reported as a deferred outflow of resources and will be recognized as an expense next year.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$99,286,258, an increase of \$130,834 for the year.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$23,155,761 or 30.2% of total General Fund expenditures, including transfers out.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) notes to the financial statements, and 3) fund financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements

The focus of the *government-wide financial statements* is on the overall financial position and activities of the City of Sarasota. Reporting is similar to that of a private-sector business. The City's government-wide financial statements include the *statement of net position* and *statement of activities*. As described below, these statements do not include the City's fiduciary funds because resources of these funds cannot be used to finance the City's activities. However, the financial statements of fiduciary funds are included in the City's fund financial statements because the City is financially accountable for those resources, even though they belong to other parties.

The *statement of net position* presents information on all of the City's assets, liabilities, and deferred inflows/outflows of resources with the net of these amounts reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents revenue and expenses and shows how the government's net position changed during the most recent fiscal year. All changes in net position are reported in a manner similar to the approach used by a private-sector business in that revenues are recognized when earned or established

criteria are satisfied, and expenses are reported when incurred. Accordingly, revenues are reported even when they may not be collected for several months after the end of the accounting period and expenses are recorded even though they may not have used cash during the current period.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, physical environment, transportation, culture and recreation, and economic environment. The business-type activities of the City include the water and sewer utility, the Van Wezel Performing Arts Hall, solid waste collection, golf courses, auditoriums, and parking system.

The City's government-wide financial statements can be found on pages 34-35 of this report.

Fund Financial Statements

Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the City rather than the City as a whole. Except for the General Fund, separate funds are established to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds

Governmental fund financial statements consist of a balance sheet and a statement of revenues, expenditures, and changes in fund balances. These statements are prepared on an accounting basis that is significantly different from that used to prepare the government-wide financial statements.

In general, these financial statements have a short-term emphasis and, for the most part, measure and account for cash and other assets that can easily be converted to cash. For example, amounts reported on the balance sheet include items such as cash and receivables collectible within a short period of time, but do not include capital assets such as land and buildings. Fund liabilities include amounts that are to be paid within a short period after the end of the fiscal year. The difference between a fund's total assets plus deferred outflows of resources less total liabilities and deferred inflows of resources is labeled as the fund balance, and generally indicates the amount that can be used to finance the next fiscal year's activities. The statement of revenues, expenditures, and changes in fund balances for governmental funds reports only those revenues and expenditures that were collected or paid during the current period or very shortly after the end of the year.

For the most part, the balances and activities accounted for in the governmental funds are also reported in the governmental activities columns of the government-wide financial statements. However, because of the difference in accounting basis used to prepare fund financial statements and government-wide financial statements, there are often significant differences between the totals presented. For this reason, there is a reconciliation after the balance sheet that reconciles the total fund balances to the net position presented in the governmental activities column on the statement of net position. Also, there is a reconciliation after the statement of revenues, expenditures, and changes in fund balances that reconciles the total change in fund balances for all governmental funds to the change in net position as reported in the governmental activities column in the statement of activities.

The City presents in separate columns funds that are most significant to the City (major funds) and all other governmental funds are aggregated and reported in a single column (nonmajor funds). The City's governmental fund financial statements are presented on pages 36-42.

Proprietary funds

Proprietary fund financial statements consist of a statement of net position, statement of revenues, expenses, and changes in fund net position and statement of cash flows. These statements are prepared on an accounting basis that is similar to the basis used to prepare the government-wide financial statements. For financial reporting purposes, proprietary funds are grouped into enterprise funds and internal service funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer utility, performing arts hall, solid waste collection, golf course, auditoriums, and parking system. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses separate internal service funds to account for its fleet maintenance activities, management information systems, benefits and self-insurance programs, and its equipment replacement activities. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the major enterprise funds, which are Water and Sewer, Van Wezel Performing Arts Hall, and Solid Waste Collection. The remaining nonmajor enterprise funds are combined and presented as other funds on the proprietary funds financial statements. All internal service funds are considered to be nonmajor funds and are combined into a single, aggregated presentation in the proprietary fund financial statements.

The proprietary fund financial statements can be found on pages 50-57 of this report.

Fiduciary funds

Fiduciary fund financial statements consist of a statement of fiduciary net position and a statement of changes in fiduciary net position. Assets held by the City for other parties, either as a trustee or as an agent, and that cannot be used to finance the City's own operating programs, are reported in the fiduciary funds. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 58-59 of this report.

Component Units

Discretely presented component unit financial statements can be found on pages 60-61 of this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 65-130 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension and other post-employment benefits to its employees. Required supplementary information can be found on pages 132-150 of this report.

Budgetary comparison schedules for combining statements of nonmajor governmental, nonmajor enterprise, internal service, and fiduciary funds begin on page 164.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities by \$442,949,913 at the close of the most recent fiscal year. The following schedule is a summary of the Statement of Net Position found on page 34 of this report and provides comparable data for the previous fiscal year:

City of Sarasota's Net Position

| | Governmental Activities | | Business-type Activities | | Total | |
|---|-------------------------|-----------------------|--------------------------|-----------------------|-----------------------|-----------------------|
| | 2020 | 2019 | 2020 | 2019 | 2020 | 2019 |
| Current and other assets | \$ 140,059,057 | \$ 132,754,273 | \$ 85,506,284 | \$ 91,656,115 | \$ 225,565,341 | \$ 224,410,388 |

| Net position: | | | | | | |
| Net investment in capital assets | 195,937,154 | 179,406,368 | 194,694,361 | 185,403,654 | 390,631,515 | 364,810,022 |
| Restricted | 61,378,044 | 68,152,899 | 3,898,276 | 5,112,714 | 65,276,320 | 73,265,613 |
| Unrestricted | (39,811,380) | (55,431,049) | 26,853,458 | 28,018,896 | (12,957,922) | (27,412,153) |
| Total net position | <u>\$ 217,503,818</u> | <u>\$ 192,128,218</u> | <u>\$ 225,446,095</u> | <u>\$ 218,535,264</u> | <u>\$ 442,949,913</u> | <u>\$ 410,663,482</u> |

At September 30, 2020, the City is able to report positive balances in all categories of net position except for the governmental activities unrestricted net position. The negative unrestricted net position for the governmental activities is due to the implementation of GASB Statement No. 68, *Accounting and Financial Reporting of Pensions*, in fiscal year 2015 which resulted in a beginning net position reduction of \$73,790,484. In addition, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, was implemented in fiscal year 2018 which resulted in a beginning net position reduction of \$10,452,641.

The largest portion of the City's net position, \$390,631,515 reflects its investment in capital assets (e.g., land, buildings, improvements, infrastructure, and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should still be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the City's net position, \$65,276,320, represents resources that are subject to external restrictions on how they may be used. Of the total net position at September 30, 2020, a deficit amount of \$(12,957,922)

City of Sarasota, Florida
Management's Discussion and Analysis
September 30, 2020

represents unrestricted net position \$(39,811,380) for governmental activities and \$26,853,458 for business-type activities).

The following is a summary of the information presented in the Statement of Activities found on page 35 of this report:

City of Sarasota's Changes in Net Position

| | Governmental Activities | | Business-type Activities | | Total | |

Governmental Activities

As shown on the previous page governmental activities increased the City's net position by \$25.4 million in 2020 compared to a \$17.1 million increase in 2019. A further detail of the expenses and program revenues for governmental activities in 2020 compared to 2019 is below:

Expenses and Net Program Revenue (Expense) - Governmental Activities

| Program | 2020 | | | 2019 | | |
|------------------------|----------------------|----------------------|------------------------|----------------------|----------------------|------------------------|
| | Expenses | Program | | Expenses | Program | |
| | | Revenues | Net | | Revenues | Net |
| General Government | \$ 13,176,807 | \$ 1,443,814 | \$ (11,732,993) | \$ 12,223,245 | \$ 1,778,792 | \$ (10,444,453) |
| Public Safety | 44,550,602 | 7,816,981 | (36,733,621) | 39,754,287 | 10,009,876 | (29,744,411) |
| Physical Environment | 60,484 | 2,229,535 | 2,169,051 | 16,196,171 | 11,053,188 | (5,142,983) |
| Transportation | 9,831,209 | 6,932,924 | (2,898,285) | 12,455,769 | 2,778,896 | (9,676,873) |
| Culture and Recreation | 9,002,092 | 9,093,209 | 91,117 | 5,622,968 | 3,417,660 | (2,205,308) |
| Economic Environment | 5,000,121 | 3,168,877 | (1,831,244) | 6,378,987 | 5,599,877 | (779,110) |
| Human Services | 795,152 | - | (795,152) | 1,059,994 | - | (1,059,994) |
| Interest Expense | 1,841,318 | - | (1,841,318) | 1,940,064 | - | (1,940,064) |
| Total | \$ 84,257,785 | \$ 30,685,340 | \$ (53,572,445) | \$ 95,631,485 | \$ 34,638,289 | \$ (60,993,196) |

The table above reveals that program revenues are not sufficient to cover expenses for any of the City's governmental activities for fiscal year 2020. This is not unusual; governmental activities are primarily funded with general revenues. The following graph shows the composition of revenues for the City's governmental activities:

Revenues by Source - Governmental Activities

The net program (expense) above was \$53.6 million in 2020 and \$61.0 million in 2019. These net program expenses must be funded from general revenues, transfers, or from beginning net position. The following is a comparison of these general revenue sources for the last two years:

General Revenues and Transfers

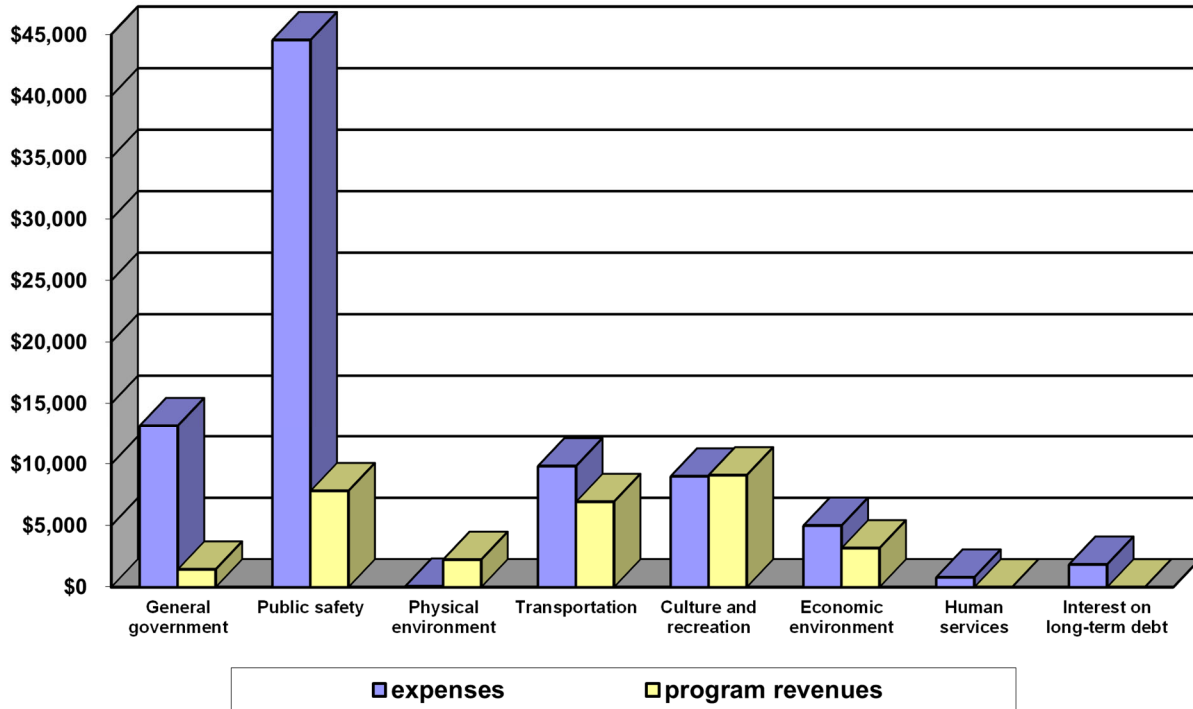

| | <u>2020</u> | % of <u>Total</u> | <u>2019</u> | Increase <u>(Decrease)</u> | % <u>change</u> |
|--------------------------|----------------------|----------------------|----------------------|-------------------------------|--------------------|
| General Revenues: | | | | | |
| Property taxes | \$ 38,226,955 | 48.42% | \$ 36,074,226 | \$ 2,152,729 | 5.97% |
| Gasoline taxes | 2,469,133 | 3.13% | 2,673,665 | (204,532) | -7.65% |
| Sales taxes | 13,509,400 | 17.11% | 14,039,968 | (530,568) | -3.78% |
| Public service taxes | 11,095,087 | 14.05% | 11,090,572 | 4,515 | 0.04% |
| Business taxes | 928,899 | 1.18% | 950,142 | (21,243) | -2.24% |
| Other taxes | 42,939 | 0.05% | 44,260 | (1,321) | -2.98% |
| Franchise fees | 5,649,620 | 7.16% | 6,021,672 | (372,052) | -6.18% |
| State revenue sharing | 1,936,476 | 2.45% | 2,021,900 | (85,424) | -4.22% |
| Investment earnings | 3,976,458 | 5.04% | 4,467,971 | (491,513) | -11.00% |
| Other | 1,901,578 | 2.41% | 2,274,013 | (372,435) | -16.38% |
| Net transfers | <u>(788,500)</u> | <u>-1.00%</u> | <u>(1,560,000)</u> | <u>771,500</u> | <u>-49.46%</u> |
| Total | <u>\$ 78,948,045</u> | <u>100.00%</u> | <u>\$ 78,098,389</u> | <u>\$ 849,656</u> | <u>1.09%</u> |

General revenues and transfers increased by \$849,656 from 2020 to 2019, as shown in the preceding table. The increase is attributed to the following:

- Property tax revenue increased \$2,152,729, a 5.97% increase. The increase is a result of the City's assessed values rising 4.67% over last year and the City's overall millage rate for the current year decreased from 3.5150 mills to 3.4971 mills.
- Sales tax revenue decreased \$530,568 for the year due to the onset of the COVID-19 pandemic. Prior to this, sales tax revenue had been gradually increasing for the past nine years. Other revenues affected by the pandemic included Franchise Fees which decreased \$372,052 and other Miscellaneous revenues, including rental income which decreased \$372,435.
- Investment earnings decreased \$491,513 in 2020 due to less favorable yields on fixed income securities. In consideration of the effect of the COVID-19 pandemic, this decrease is less than that was anticipated.

The following chart compares expenses with program revenues for the City's governmental activities:

Expenses and Program Revenues - Governmental Activities
 (in thousands)

Business-type Activities

As stated previously, business-type activities increased the City's net position \$6,910,831 in 2020 compared to a change in net position of \$(489,994) in 2019 as a result of operations. The following is a comparison for the last two years:

Changes in Net Position - Business-type Activities

| Program | 2020 | | | 2019 | | |
|-------------------------|----------------------|----------------------|---------------------|----------------------|----------------------|---------------------|
| | Expenses | Program Revenue | Net | Expenses | Program Revenue | Net |
| Water and Sewer | \$ 40,415,092 | \$ 48,754,804 | \$ 8,339,712 | \$ 47,623,927 | \$ 47,391,361 | \$ (232,566) |
| Van Wezel | 12,382,291 | 11,621,309 | (760,982) | 15,337,759 | 14,166,812 | (1,170,947) |
| Solid Waste | 13,362,371 | 12,298,105 | (1,064,266) | 13,140,286 | 12,496,541 | (643,745) |

 (in thousands)**

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The fund financial statements for the governmental funds are provided on pages 36-41. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$99,286,258 an increase of \$130,834 for the year. Approximately 23% of this amount (\$23,064,501) constitutes unassigned fund balance, which is available for spending at the City's discretion subject to budgetary constraints, legal, or other requirements. The remainder of fund balance is nonspendable, restricted, committed or assigned to indicate that it is not available for new spending. Significant restrictions include: 1) restricted for infrastructure improvements (\$23,006,222), 2) restricted for community redevelopment (\$4,290,071), 3) restricted for building services (\$11,506,213), 4) restricted for transportation (\$8,754,104), and 5) restricted for Housing and Community Development (\$6,298,996).

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$23,155,761, while total fund balance was \$30,597,185. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 30.2% (or 3.6 months) of total General Fund expenditures and transfers out.

Revenues and transfers in for the City's General Fund decreased by \$1,568,066 since the prior year. Key factors for the increases in revenue are:

- The General Fund's ad valorem tax revenue increased \$2,102,159. This is attributable to a \$745 million increase in taxable value. The millage of 3.2632 mills remained the same as the previous year.
- Intergovernmental revenues decreased by \$1,883,970 for the current year. \$1,709,475 of the decrease is attributed to nonrecurring FEMA reimbursements for Hurricane Irma in the previous year.
- The remaining decreases, Franchise Fees \$(372,052), Charges for Services \$(303,618), Fines & Forfeitures \$(754,847) Investment Earnings \$(128,937) and other miscellaneous revenues \$(148,150), are attributable to the economic effects of the COVID-19 Pandemic.

Expenditures and transfers out for the General Fund increased by \$2,231,019. This increase can be attributed to a 3% wage increase for the bargaining and non-bargaining employees of the City. At the onset of the COVID-19 pandemic in March of 2020, City departments were instructed to reduce costs by freezing unfilled positions, restrict travel, postpone capital purchases and other miscellaneous methods.

The General Fund financial statements also include the Parks and Recreation Special District Fund, which was created on November 5, 2018 as a dependent special district. The district was created to acquire, construct, reconstruct, maintain, repair, add to and operate recreational facilities. The City Commission has determined that the funding for the Parks and Recreation Special District should be a transfer from the General Fund, rather than an independent funding source such as Ad Valorem revenues with a set millage. For this reason, Parks and Recreation District is reported as a part of the General Fund for financial statement purposes.

The Community Redevelopment Agency Fund accounts for the operations of the City of Sarasota Community Redevelopment Agency (CRA). The total revenues for the year were \$411,651 and included tax increment revenue of \$93,934, miscellaneous revenue of \$153,155, and investment earnings of \$164,562. Expenditures and transfers out of \$2,841,256 included the following:

| | |
|--|-------------|
| • Lemon Avenue Streetscape | \$1,609,188 |
| • Newtown Land Assemblage | 423,274 |
| • Small Business and Safety Assistance Grants | 281,609 |
| • Newtown CRA Plan/Revisit | 108,975 |
| • Newtown Cultural Arts Center | 101,908 |
| • Parking Garages Electronic Occupancy System | 80,725 |
| • Newtown Business Assistant Grants | 56,162 |
| • Other Miscellaneous Project costs and Events | 179,415 |

The Community Redevelopment Agency Fund has a fund balance of \$ 4,290,071 as of September 30, 2020, which is reserved for specific projects identified and approved in the CRA's annual budget.

The Housing & Community Development (OHCD) Fund administers Federal housing and community development programs both in the City and County. Total revenues for the current year were \$1,970,206 and expenditures and transfers out were \$1,755,802. During the year, OHCD partnered with non-profits to create housing for low-income households and assisted low-income homeowners with roof replacements, air conditioning units, plumbing and other repairs.

The Penny Sales Tax Fund accounts for the revenue from the one-cent local option sales surtax. Total revenues for the year were \$9,313,412 with \$8,505,525 coming from the Infrastructure Sales Surtax, \$586,540 from investment earnings, and \$221,347 for other miscellaneous income. Expenditures and transfers out for the year totaled \$9,889,600. The net decrease in fund balance was \$(576,188) resulting in a fund balance at the end of 2020 of \$23,791,347. Expenditures and transfers out for the current year included the following capital improvement projects:

| | |
|---|-------------|
| • Debt service transfer out for Parks & Community Center projects | \$1,340,267 |
| • Police Vehicles | 1,268,144 |
| • Parks and Recreation facility upgrades | 1,083,090 |
| • Street reconstruction | 1,062,767 |
| • Housing Authority | 1,042,435 |
| • Lido Beach Pavilion Improvements | 628,517 |
| • The Bay - Park Improvements | 441,009 |
| • Median Design-Coon Key/Washington | 334,110 |
| • Lighting improvements | 327,820 |
| • North Water Tower Park Lighting | 237,666 |
| • Traffic Signal Rebuild Information Technology projects | 232,207 |
| • US41 & 10th Mobility and Roundabout | 232,022 |
| • Construct New Sidewalks | 222,904 |
| • Bobby Jones Golf Complex Renovation/Rebuild | 201,332 |
| • Other miscellaneous projects | 1,235,310 |

The Building Services Fund tracks the costs to administer the Florida Building Code. Revenues are specifically designated by Florida Statutes to pay the costs of building/development services. For the current year, licenses and permit fees were \$5,158,393, a \$1,306,676 decrease from the prior year, as construction appears to be slowing in the City. However, the economic effects of the COVID-19 pandemic also may play a part in the decrease of these revenues. Total revenues of \$6,381,944 also included \$840,472 for charges for services, \$383,038 of investment earnings, and \$41 of miscellaneous revenues. Expenditures and transfers out for the year totaled \$7,753,249, resulting in a net decrease in fund balance of \$(1,371,305).

The Tourist Development Tax Fund is used to account for revenues received for beach maintenance, restoration, re-nourishment and erosion control. For the current year revenues totaled \$4,812,369, of which \$4,807,738 was tourist taxes and \$4,631 was investment earnings. Expenditures were \$144,411, all for the re-nourishment of the beach on Lido Key.

Enterprise funds

The fund financial statements for the City's enterprise funds provide essentially the same type of information found in the business-type activities column of the government-wide financial statements, but in more detail, and by fund. The following is a discussion of each fund's performance for fiscal year 2020, compared to the prior fiscal year.

Water & Sewer Fund

Water utility activities include water supply, treatment, storage, and distribution. Sewer utility activities include collection, treatment, and disposal. This fund also includes a reclaimed water distribution system. All three activities require billing and collection, repair/maintenance, and other administrative functions. The Water & Sewer Fund reported a change in net position of \$10,046,085 for 2020 compared to a change in net position of \$1,879,315 for 2019.

Operating revenues of the Water and Sewer Fund increased \$1,649,814 for the current year. This increase is mainly attributed to a 3.5% rate increase.

Operating expenses for the Water and Sewer Fund decreased by \$7,066,854, a 15.4% decrease. \$3.3 million of the decrease was due to actuarial expenses for the pension and OPEB benefit plans for employees. Contractual Services decreased by \$1 million, and Repairs and Maintenance costs decreased by \$2.5 million.

Van Wezel Performing Arts Hall Fund

This fund accounts for the revenues and expenses of a world class performing arts hall which provides a wide variety of entertainment, including performances by nationally and internationally known theater, ballet, and musical groups. The fund reported a change in net position of \$(400,595) for 2020 compared to a change in net position of \$(766,265) in 2019.

Operating revenues for the Van Wezel Performing Arts Hall decreased \$2,759,917 in the current year. With the onset of the COVID-19 pandemic, performances were canceled, related performance fees and other performance expenses decreased, leading to an overall operating expense decrease of \$2,952,335.

Solid Waste Management Fund

Solid waste operations include the collection and disposal activities of refuse and recycling. The fund reported a change in net position of \$(737,617) for 2020 compared to a change in net position of \$(303,636) in 2019. The fund had an operating revenue decrease of \$200,849 for the current year, compared to a revenue increase of \$1,615,221 for 2019 which was attributed to an 8.34% rate increase for residential customers and a 5.0% rate increase for commercial customers. Operating expenses decreased by \$235,996.

Parking Management Fund

Parking Management is responsible for oversight and maintenance of the City's four parking garages, 17 public parking lots, on street parking and enforcement of parking regulations. The fund reported a change in net position of \$(1,897,334) for 2020 compared to a change in net position of \$(1,287,962) in 2019.

The \$307,296 decrease in operating revenues for 2020 were offset by a \$39,813 increase in operating expenses. Contributing to the overall decrease in net position is the impact of the COVID-19 Pandemic on the economy. Also, no subsidies were provided to the Parking Management Fund in 2020.

Other factors concerning the finances of the proprietary funds have been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

Overall, the General Fund revenue and transfers in budget was increased by \$255,932. This amount includes an increase of \$119,900 of grant funding for the Police marine patrol and other various donations for Police services. The General Fund expenditure and transfers out budget increased for the year by \$4,650,837. The difference between the original expenditures budget and the final budget are summarized as follows:

- \$1,262,296 increase for outstanding encumbrances from 2019. These are items ordered in the prior year (using prior year budget) but have not yet been received.
- \$455,537 increase for reappropriations of project balances. These are the budget balances of projects that have not been completed as of 9/30/19.
- \$577,630 increase for 3% wage increases for Teamsters bargaining unit (year 1 of 3).
- \$1,681,229 increase for 3% wage increases for the Police IUPA bargaining unit (year 1 of 3).
- \$674,145 increase for various other projects.

Actual revenues and transfers in were greater than final budget by \$335,495 and actual expenditures and transfers out were less than budgeted expenditures by a total of \$4,806,241. This resulted in a positive budget variance of \$5,141,736. Most of this savings was achieved by higher than expected revenues and the committed efforts to control costs at all levels of management.

The final budget anticipated \$4,696,494 to be expended from available fund balance. However, revenues were greater than budgetary estimates and expenditures were less than budgetary estimates as discussed above. This resulted in a positive change in fund balance of \$445,242, \$5,141,736 more than was anticipated by the final budget.

Capital Asset and Debt Administration

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2020, is \$510,379,977 (net of accumulated depreciation). This investment in capital assets includes land, art collections, construction in progress, buildings, improvements, infrastructure, utility systems and equipment. The total increase (additions less retirements and depreciation) in the City's investment in capital assets for the current fiscal year was \$30,251,370 (a 6.1% increase for governmental activities and a 6.5% increase for business-type activities).

The schedule below reflects the City's capital assets as of September 30, 2020 and 2019:

City of Sarasota's Capital Assets (Net of Depreciation)

| | Governmental Activities | | Business-type Activities | | Total | |
|------------------------------------|-------------------------|-----------------------|--------------------------|-----------------------|-----------------------|-----------------------|
| | 2020 | 2019 | 2020 | 2019 | 2020 | 2019 |
| Land | \$ 41,206,351 | \$ 40,783,077 | \$ 11,869,613 | \$ 11,869,613 | \$ 53,075,964 | \$ 52,652,690 |
| Art collections | 1,670,683 | 1,587,683 | 218,397 | 218,397 | 1,889,080 | 1,806,080 |
| Buildings | 49,426,703 | 51,367,781 | 43,622,935 | 45,835,526 | 93,049,638 | 97,203,307 |
| Improvements and Infrastructure | 107,719,761 | 104,979,549 | 8,962,668 | 9,052,700 | 116,682,429 | 114,032,249 |
| Utility systems | -- | -- | 148,015,435 | 130,020,652 | 148,015,435 | 130,020,652 |
| Equipment | 7,709,994 | 7,928,708 | 10,015,417 | 8,757,131 | 17,725,411 | 16,685,839 |
| Construction in progress | 27,048,932 | 14,714,258 | 52,893,088 | 53,013,535 | 79,942,020 | 67,727,793 |
| Total | <u>\$ 234,782,424</u> | <u>\$ 221,361,056</u> | <u>\$ 275,597,553</u> | <u>\$ 258,767,554</u> | <u>\$ 510,379,977</u> | <u>\$ 480,128,610</u> |

Additional information on the City's capital assets can be found in Note 6 on pages 92-93 of this report.

Major capital asset activity during the current fiscal year included the following:

- Various system additions and improvements were completed in the Water and Sewer Fund at a cost of \$18,735,228 and construction began on others at a cost of \$7,322,897
- The construction on the Bay started and includes contributed capital of \$4,452,709. See note 18 for further information regarding this project.
- The construction of various streets and highways, such as construction on the US41 and Fruitville roundabout, total \$11,033,977, while \$4,151,372 was completed in the current fiscal year.

Long-term debt

At the end of the current fiscal year, the City had total bonded debt outstanding of \$100,602,117. Of this amount, \$31,920,000 comprises debt backed by the full faith and credit of the City. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e., special obligation bonds, and revenue bonds).

Two major rating institutions (Moody's Investors Service, and Fitch Ratings) have evaluated the City's financial management, economic conditions, and administrative practices. The bond ratings reflect that the City's bonds have the characteristics of investment quality, as shown below:

| | Moody's Investors Service | Fitch Ratings |
|--------------------|---------------------------------|------------------|
| General Obligation | Aa1 | AA+ |
| Special Obligation | Aa2 | AA |
| Water and Sewer | Aa2 | AA |

The schedule below reflects the City's outstanding debt as of September 30, 2020 and 2019:

City of Sarasota's Outstanding Debt and Loans Payable

| | Governmental Activities | | Business-type Activities | | Total | |
|--------------------------|-------------------------|---------------|--------------------------|---------------|----------------|----------------|
| | 2020 | 2019 | 2020 | 2019 | 2020 | 2019 |
| General obligation bonds | \$ 31,920,000 | \$ 33,430,000 | \$ -- | \$ -- | \$ 31,920,000 | \$ 33,430,000 |
| Special obligation bonds | 12,507,117 | 13,832,785 | -- | -- | 12,507,117 | 13,832,785 |
| Revenue bonds | -- | -- | 56,175,000 | 59,090,000 | 56,175,000 | 59,090,000 |
| Total bonds | 44,427,117 | 47,262,785 | 56,175,000 | 59,090,000 | 100,602,117 | 106,352,785 |
| Loans payable | -- | -- | 23,394,022 | 12,454,853 | 23,394,022 | 12,454,853 |
| Total bonds & loans | \$ 44,427,117 | \$ 47,262,785 | \$ 79,569,022 | \$ 71,544,853 | \$ 123,996,139 | \$ 118,807,638 |

The City's total debt decreased by \$5,188,501. The key factors in this increase are:

- \$10,939,169 of loan proceeds were drawn on a state revolving loan for the Lift Station 87 Project.
- Scheduled principal payments of \$5,750,668 were paid when due.

Additional information on the City's long-term debt can be found in Note 8 on pages 95-100 of this report.

Economic Factors and Next Year's Budget and Rates

The General Fund budget for the 2021 fiscal year was balanced utilizing \$1,005,018 of unassigned fund balance. The City's reserve policy states that the City will establish an unassigned fund balance in the General Fund for emergency purposes and/or liquidity purposes of two to three (17% to 25%) months of

General Fund expenditures to indicate that it is in sound financial condition. The fund balance for 2021 will result in an estimated unassigned fund balance of \$19,802,715 at September 30, 2021, 26.1% of budgeted expenditures.

The City is faced with balancing strong growth in some revenue categories against others that can be highly volatile with significant fluctuations through economic cycles. As such, a thoughtful and disciplined approach to budgeting and spending is necessary. Factors considered in preparing the City's 2021 fiscal year budget were:

- The taxable value of commercial and residential property increased 4.67% from last year's certified valuation. The \$525 million increase in taxable value for 2021 is the ninth consecutive year that property values have increased.
- No adjustment was made to the General Fund property tax rate of 3.2632. Since the property valuation for the 2020 tax year increased, property tax revenue is expected to increase \$1,502,853.
- The City's population changed slightly from 56,692 reported in 2019 to 57,683 for 2020.
- The City of Sarasota unemployment rate for September 2020 was 5.2%, an increase of 2.4% from the September 2019 rate of 2.8%. The Sarasota County unemployment rate for September 2020 was 5.2%, an increase of 2.4% from the 2.8% rate reported in September 2019 and lower than the State and Federal rates (7.2% and 7.8% respectively).

Requests for Information

This financial report is designed to provide users with a general overview of the City of Sarasota's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Financial Administration, Director, 1565 1st Street, Sarasota, Florida 34236, or telephone (941) 263-6407. You can also access our website at www.sarasotafl.gov.

Basic Financial Statements

This page intentionally left blank

Basic Financial Statements

This part of the City of Sarasota's annual comprehensive financial report represents a minimum combination of financial statements and note disclosures required for fair representation in conformity with Generally Accepted Accounting Principles (GAAP).

Contents

Government-Wide Financial Statements

Page

34-35

This focus of the Government-Wide Financial Statements is on the overall financial position and activities of the City. These financial statements incorporate all of the City's governmental and business-type activities, as well as its nonfiduciary component units. There are two basic government-wide financial statements: the Statement of Net Position and the Statement of Activities

Fund Financial Statements

36-59

The focus of the Fund Financial Statements have a short-term emphasis and for the most part, measure and account for cash and other assets that can be easily converted to cash. The Governmental Fund Financial Statements consist of a Balance Sheet/Statement of Net Position, and a Statement of Revenues, Expenditures and Changes in Fund Balance/Net Position

Component Unit Financial Statements

60-61

Component Units are entities for which the City is considered to be financially accountable. In addition to the separate column in the Government-Wide Financial Statements, the Component Units Financial Statements include the Statement of Net Position and the Statement of Activities

Notes to the Financial Statements

65-130

The Notes to the Financial Statements are a presentation of information integral to the financial statements and essential to a user's understanding of City's financial position.

City of Sarasota, Florida

Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds to
the Statement of Activities
For the Year Ended September 30, 2020

| | | |
|--|----|---------|
| Net change in fund balances - total governmental funds | \$ | 130,834 |
|--|----|---------|

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures, however, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives. Donation of Capital Assets are not financial resources to Governmental Funds, however, increase net position in the Statement of activities. Governmental Funds report the sale of Capital Assets as a financial source, however, in the statement of activities, only the gain or loss on the sale is reported.

| | | | |
|-------------------------------------|---------------|--|------------|
| Expenditures for capital assets | \$ 21,290,008 | | |
| Less current year depreciation | (11,685,467) | | |
| Donation of Capital Assets | 4,452,709 | | |
| Less Loss on Sale of Capital Assets | (128,316) | | 13,928,934 |

The collection of special assessments and receipt of repayment of long-term receivables provides current financial resources. Neither transaction, however, has any effect on net position of governmental activities.

| | | | |
|-----------------------------------|---------|--|---------|
| Collection of special assessments | (7,269) | | |
| Receipts on mortgages receivable | 251,522 | | 244,253 |

Repayment of long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

| | | | |
|--------------------------|-----------|--|-----------|
| Principal repayments: | | | |
| General obligation bonds | 1,510,000 | | |
| Special obligation bonds | 1,325,668 | | |
| Capital lease | 382,031 | | 3,217,699 |

Some revenues and expenses reported in the statement of activities are not reported in the governmental funds because they have no effect on current financial resources

| | | | |
|---|-------------|--|-------------|
| Grants | (3,430,145) | | |
| Interest subsidy received before interest payment due | (59,634) | | |
| Accrued interest | 48,883 | | (3,440,896) |

Governmental funds report the effect of bond insurance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

| | | | |
|--|-----------|--|----------|
| Amortization of bond premium | 183,304 | | |
| Amortization of deferred loss on refunding | (224,302) | | (40,998) |

Changes to net pension liability and pension related deferred outflows and inflows of resources do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds

4,123,356

Changes to net OPEB liability and OPEB related deferred outflows and inflows of resources do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds

164,920

Internal service funds are used by management to charge the costs of certain activities to individual funds.

| | | | |
|---|--|--|-----------|
| The net expense of the internal service funds is reported with governmental activities. | | | 7,047,498 |
|---|--|--|-----------|

Change in net position of governmental activities

\$ 25,375,600

The accompanying notes are an integral part of this statement.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Sarasota, Florida, (the City) was incorporated in 1902. The City is on the west coast of Florida, approximately half-way down the state and is comprised of 24 square miles with a population of 57,683. The City was created pursuant to the Laws of Florida, Chapter 73-618. The current charter was approved by a special act of the State of Florida legislature in 1973 and by the voters of the City at an election held September 6, 1996. The City operates under the Commission-Manager form of government and provides municipal services such as police protection, public works and all the necessary functions of general government. The City also has certain enterprise operations consisting of a water and sewer utility, a golf course, a performing arts hall, a solid waste collection service, a municipal auditorium and parking management.

The financial statements of the City have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. As required by generally accepted accounting principles, the accompanying financial statements present the City of Sarasota and its component units (entities for which the City is considered to be financially accountable).

The General Fund financial statements are combined with the Parks and Recreation Special District which was created on November 5, 2018. The district, created to acquire, construct, reconstruct, maintain, repair and add to and operate recreational facilities was intended to be funded with Ad Valorem revenues, and a set millage rate. However, the City Commission has decided to fund the district as a transfer from the General Fund. For this reason, the Parks and Recreation District is reported as a part of the General Fund for financial statement purposes.

| | |
|--------------------------------------|----------------------------|
| | <u>Fund Balance</u> |
| General Fund, as of 09/30/2019 | 27,751,943 |
| Parks & Recreation, as of 09/30/2019 | <u>2,400,000</u> |
| Restated Beginning Balance | <u><u>30,151,943</u></u> |

Blended component units, although legally separate entities, are in substance part of the government's operations. Therefore, data from these units are presented with data of the City (the primary government). The discretely presented component units are aggregated and reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the City. Each blended and discretely presented component unit has a September 30th year-end.

Blended Component Unit: The Community Redevelopment Agency (CRA) was created by the City Commission, pursuant to Florida Statutes, Section 163.357, to provide for the rehabilitation, conservation and redevelopment of certain areas within the City. The CRA operates under the guidance of the City Commission which meets separately as the CRA's governing body to approve the adoption of the annual budget, the issuance of debt, the execution of contracts and the payment of unbudgeted expenditures. The financial statements of the CRA have been included within the City's reporting entity as the Community Redevelopment Special Revenue Fund. Separate financial statements of the CRA are available.

The Golden Gate Point Special District (District) was created by the City Commission, pursuant to Florida Statutes, Section 189.4041. The purpose of the District is to construct and maintain enhancement and improvements within the public rights of way on Golden Gate Point. The City Commission is the governing board of the District which meets to approve the adoption of the annual budget, the issuance of debt, the execution of contracts and the payment of expenditures. The financial statements of the District have been included within the City's reporting entity as the Golden Gate Point Special Revenue Fund. Separate financial statements of the District are not available.

Discretely Presented Component Units: The St. Armands Business Improvement District (BID) was created by City Ordinance 02-4382 under Chapter 163.511 of the Florida Statutes. The boundaries of the BID are made up of all parcels of real property located within the CT Zone District in the vicinity of St. Armands Circle. The BID is a dependent taxing authority with the power to levy up to two mills, with City Commission approval, for the purpose of purchasing supplemental services (maintenance, security, sanitation, promotions, infrastructure and capital improvements).

The Downtown Improvement District (DID) was created by City Ordinance 08-4832 under Chapter 189.4041 of the Florida Statutes. The boundaries of the DID includes all non-residential parcels within the downtown core of the City. The DID is a dependent taxing authority with the power to levy up to two mills, with City Commission approval, for the purpose of purchasing supplemental services (maintenance, security, sanitation, promotions, infrastructure and capital improvements).

The City Commission appoints the governing boards. The BID and DID are fiscally dependent on the City, and their financial statements are included in separate columns of the accompanying financial statements. Separate financial statements are not available. The BID and DID are accounted for as governmental fund types and use the same applicable accounting policies the City presents in the Notes to Financial Statements.

B. Government-Wide and Fund Financial Statements

The basic financial statements consist of the government-wide financial statements and fund financial statements. The government-wide financial statements required under this statement (the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements so as not to distort financial results. Fiduciary funds are also excluded from the government-wide financial statements since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements (fund financial statements) are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The City's fiduciary funds are presented in the fund financial statements by type (pension/OPEB trust and agency funds) but as noted above are not included in the government-wide statements. A reconciliation is provided that converts the results of governmental fund accounting to the government-wide presentations.

Internal Service Funds of a government (which traditionally provide services primarily to other funds of the government) are presented in summary form as part of the proprietary fund financial statements. Since the principal users of the internal services are the City's governmental activities, financial statements of internal service funds are consolidated into the governmental activities column when presented at the government-wide level. To the extent possible, the costs of these services are reflected in the appropriate governmental activities.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements, the proprietary fund financial statements and the fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Operating revenues shown for proprietary operations generally result from producing or providing goods and services such as water, sewer and solid waste collection. Operating expenses for these operations include all costs related to providing the service or product. These costs include salaries, supplies, travel, contract services, depreciation, administrative expenses and other expenses directly related to costs of services. All other revenue and expenses not meeting these definitions are reported as non-operating revenues and expenses.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days (90 days for grant revenue) of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Grant revenues are considered earned and accrued simultaneously with the grant expenditure. In applying the susceptibility-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and substantially irrevocable; i.e., revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion. All other revenue items are considered to be measurable and available only when cash is received by the government.

Agency funds are unlike all other types of funds, reporting only assets and liabilities. Therefore, they do not have a measurement focus, but do however use the accrual basis of accounting to recognize receivables and payables. They are merely clearing accounts for assets held by the City as an agent for individuals, private organizations and other governmental entities.

The financial transactions of the City are recorded in individual funds. Each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Most of the essential

governmental services such as police protection, public works, street, highway and landscape maintenance and general administration are provided by the General Fund. The *Community Redevelopment Fund* is used to account for tax increment revenues that encourage development in the downtown and Newtown areas. The *Housing and Community Development Fund* accounts for a variety of affordable housing and community development programs funded by the Federal Department of Housing and Urban Development. The *Penny Sales Tax Fund* accounts for the revenue derived from a one cent local option infrastructure sales surtax imposed by Sarasota County, Florida. The *Building Services Fund* accounts for revenues and expenditures related to providing services to the development community including plans review, construction inspections, and development approval. The *Tourist Development Tax Fund* accounts for tourist development tax revenues and expenditures for tourist related projects.

The City reports the following major proprietary funds:

The *Water and Sewer Fund* accounts for the provision of water and sewer services to the residents and businesses of the City. All activities necessary to provide such services are accounted for in this fund, including administration, operations, maintenance, financing and related debt service and billing and collection. The *Van Wezel Performing Arts Hall Fund* accounts for revenues and expenses of a cultural center which provides a wide variety of entertainment, including performances by nationally known theater, ballet and musical groups, for which a significant portion is financed through user charges. The *Solid Waste Management Fund* accounts for the provision of solid waste collection and recycling activities to the residents and businesses of the City. The *Parking Management Fund* accounts for the operations of the City's on-street parking, parking garages and surface parking lots.

In addition, the City reports the following fund types:

Internal Service Funds account for services provided to other departments within the City on a cost reimbursement basis. These services include: information technology services, equipment maintenance services, equipment replacement services and general benefits and insurance services. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The excess revenue or expenses for the funds are allocated to the appropriate functional activity.

The *Pension Trust Funds* account for the activities of the General Employees' Defined Benefit Pension, Police Officers' Defined Benefit Pension, Firefighters' Defined Benefit Pension and General Employees Defined Contribution plans, which accumulate resources for pension benefit payments to qualified employees.

The *Other Post Employment Benefits Trust Fund* accounts for the future liability of costs for medical/prescription/dental coverage, extended life insurance coverage and benefits under the Employee Assistance Program available to retirees and their dependents.

The *Agency Funds* account for impact fees collected from citizens and disbursed to Sarasota County.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer enterprise fund, the Van Wezel Performing Arts Hall enterprise fund, the Solid Waste enterprise fund and the Parking Management enterprise fund are charges to customers for sales and services. The Water and Sewer fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. The principal operating revenues of the internal service funds are interfund charges. The operating expenses for enterprise funds and internal

service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City allocates charges for indirect services provided by General Fund departments based on a cost allocation plan. The costs are included in the program expense reported by functional activity in the Statement of Activities.

D. Cash and Cash Equivalents

The City maintains a cash and investment pool that is available for use by all funds. The City considers all highly liquid investments with original maturities of three months or less when purchased to be cash equivalents for purposes of the statement of cash flows.

The City's cash and investment pool consists of United States Government securities, United States Government Agency securities, Federal Instrumentalities, Mortgage-Backed Securities, Florida Prime administered by the Florida State Board of Administration, money market funds and cash. Cash balances and requirements of all funds are considered in determining the amount to be invested. Interest earned on pooled cash and investments is allocated to funds based on their average daily balances.

E. Investments

For all funds, except the OPEB and pension trust funds, investments consist of U.S. Government securities, U.S. Government Agency securities, Federal Instrumentalities, Mortgage-Backed Securities, Florida Prime administered by the Florida State Board of Administration and money market funds. Investments of the OPEB and pension trust funds consist of U.S. Government securities, U.S. Government Agency securities, corporate bonds and notes, common and preferred stocks, mutual funds, foreign securities, real estate, and money market funds. All investments are reported at fair value using quoted market prices or the best estimate available. The difference between cost and fair value of investments held is recorded as net unrealized gains or losses and is included in net investment earnings.

F. Other Receivables

All trade receivables on the statement of net position are shown net of an allowance for uncollectible. Long-term notes receivable due to governmental funds represent loans to property owners for rehabilitation of properties. Recognition of governmental fund type revenues is deferred until they become current, in accordance with the modified accrual basis of accounting.

G. Interfund Receivables and Payables

During the course of its operations, the City has numerous transactions between funds to provide services, construct assets and service debt. To the extent that certain transactions between funds were not paid for or received as of September 30, 2020, balances of interfund receivables and payables expected to be liquidated within one year have been recorded as due from and due to other funds. Balances of interfund receivables and payables not expected to be liquidated within one year are recorded as advances to and advances from other funds. Balances of advances to other funds are reserved in the fund balances of the respective funds since these balances are not available for appropriation. Short-term interfund loans to eliminate cash deficits are classified as interfund receivables/payables. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

H. Inventories

Inventories are adjusted to annual and periodic counts and are valued at cost, which approximates market, using the average cost method. Inventory is accounted for using the consumption method, whereby inventories are recorded as expenditures when they are used.

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

J. Restricted Assets

Proceeds of the City's enterprise fund revenue bonds, as well as other resources set aside in accordance with bond covenants or local ordinance, are classified as restricted on the fund level balance sheets of the enterprise funds. These include the following: interest and sinking accounts used for accumulation of resources needed to meet debt service requirements as they become due; general reserve account used to accumulate resources to pay the cost of improvements, to pay the cost of purchasing or redeeming bonds, to pay the principal and interest on any obligations subordinate to the bonds issued under the resolution, to make up any deficiencies in any of the Accounts and to pay the cost of any item qualifying as an expenditure of the Renewal, Replacement and Improvement Account; and the utility construction accounts used for acquisition and construction of assets funded by revenue bond proceeds.

Restricted assets are not presented on the statement of net position of the governmental funds under the modified accrual basis of accounting; however, certain assets of these funds are restricted as to use. Such assets, consisting primarily of cash and receivables, include debt proceeds, permit fees, state and federal forfeiture awards, state and federal grants and amounts held for debt service. All applicable assets in the enterprise funds and in the governmental funds have been restricted in amounts sufficient to meet restrictive purposes.

K. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial estimated useful life in excess of one year and an individual cost of more than \$1,000 for tangible personal property, buildings, improvements, infrastructure and utility systems. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art, similar assets, and capital assets received in a service concession arrangement are recorded at acquisition value at the date of the donation. (Acquisition value is the price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date.) The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

The City has a collection of art presented both in buildings and public outdoor spaces. The true value of the art is expected to either be maintained or enhanced over time and thus, the art is not depreciated. If individual pieces are lost or destroyed the loss is recorded.

Property, plant, and equipment of the City is depreciated using the straight line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|------------------------------|---------------------|
| Buildings | 30-50 |
| Other improvements | 10-20 |
| Public domain infrastructure | 10-40 |
| System infrastructure | 30 |
| Vehicles | 4 |
| Office equipment | 5 |
| Computer equipment | 3 |

L. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category:

- Deferred charges on refunding. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Differences between expected and actual experience with regard to economic and demographic factors in the measurement of the total pension liability and changes of assumptions about future economic or demographic factors or of other inputs. These amounts are deferred and included in collective pension expense, beginning in the current measurement period, using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan (active employees and inactive employees) determined as of the beginning of the measurement period.
- Pension contributions subsequent to measurement date related to the net pension liability are reported as deferred outflows of resources until the next measurement date.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has the following items that qualify for reporting in this category:

- Unavailable revenues reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from the following sources: 1) Revenues that are not collected during the “availability period”. The City considers grant revenues to be available if they are collected within 90 days of the end of the current fiscal period; 2) An offset account to the long-term notes receivables and special assessments in the governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Differences between expected and actual experience with regard to economic and demographic factors in the measurement of the total pension liability. This amount is deferred and included in collective pension expense, beginning in the current measurement period, using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan (active employees and inactive employees) determined as of the beginning of the measurement period.
- Net differences between projected and actual earnings on pension plan investments related to the net pension liability. Net differences between projected and actual earnings on pension plan investments identified during the measurement period are deferred and amortized as a component of pension expense in future periods.

M. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond insurance costs are recorded as prepaid items and amortized over the term of the bonds using the bonds outstanding method, which approximates the effective interest method. Other bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. Compensated Absences

It is the City's policy to allow employees to accumulate unused vacation benefits up to certain maximum hours. Unused sick leave benefits cannot be accumulated. Unused vacation is paid upon an employee's termination. Earned but unpaid vacation benefits are recognized as an expense or expenditure in the Proprietary and Governmental Fund types when earned because the City has provided financial resources for the full amount through its budget process.

The City's Governmental Funds liability for accrued compensated absences is reported in the General Benefits and Insurance Internal Service Fund. This fund is reimbursed through payroll charges to the City's Governmental Funds. A liability for those amounts is reported in governmental funds only if they have matured as a result of employee resignations or retirements.

O. Net Position

The government-wide and business-type fund financial statements utilize a net position presentation. Net position is presented in three components – net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction, or improvement of those assets. This component does not include the portion of debt attributable to the unspent proceeds.

Restricted – This component consists of net position that has constraints placed on it either externally by third-parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation.

Unrestricted – This component consists of net position that does not meet the definition of "invested in capital assets (net of related debt)", and "restricted".

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

P. Fund Balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable Fund Balance – consists of amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. "Not in spendable form" includes items that are not expected to be converted to cash (such as inventories and prepaid items) and long-term loans and notes receivable.

Restricted Fund Balance – consists of amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – consists of amounts that can only be used for specific purposes imposed by formal action (resolution) of the City Commission, the City’s highest level of decision making authority. The committed amounts cannot be used for any other purpose unless the City Commission removes or changes the limitation by taking the same form of action (resolution) it employed to previously commit those amounts.

Assigned Fund Balance – consists of amounts that are set aside with the intent to be used for a specific purpose by the City Manager or his designee as authorized in the annual budget resolution. In governmental funds other than the General Fund, assigned fund balance represents the amount that is not restricted or committed. Assigned amounts cannot cause a deficit in unassigned fund balance.

Unassigned Fund Balance – consists of excess amounts that have not been classified in the previous four categories. All funds in this category also provide the resources necessary to meet unexpected expenditures and revenue shortfalls. The General Fund is the only fund that reports a positive unassigned fund balance amount.

When an expenditure is incurred, the City uses restricted amounts first when both restricted and unrestricted fund balances are available. Additionally, the City would first use unassigned fund balance, followed by committed fund balance and then assigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

In a governmental fund other than the General Fund, expenditures incurred for a specific purpose might exceed the amounts in the fund that are restricted, committed, and assigned to that purpose and a negative residual balance for that purpose may result. If that occurs, amounts assigned to other purposes in that fund should be reduced to eliminate the deficit. If the remaining deficit eliminates all other assigned amounts in the fund, or if there are no amounts assigned to other purposes, the negative residual amount should be classified as *unassigned* fund balance. A negative residual amount should not be reported for restricted, committed, or assigned fund balances in any fund.

Q. General Fund Revenue Stabilization Fund

Maintaining a General Fund Revenue Stabilization Fund is a necessity for sound financial management and fiscal accountability. The General Fund Revenue Stabilization Fund was established to minimize the impact of declines from economic conditions on major General Fund revenue sources. The General Fund Revenue Stabilization Fund was adopted by Resolution 16R-2544 on December 7, 2015. The General Fund Revenue Stabilization Fund fund balance is committed by the City Commission as set forth in the annual budget (and any amendments thereto) as a means to ensure funding to help mitigate cyclical downturns in the General Fund revenue base. The Revenue Stabilization Fund is based on the following seven principles that will guide the initial funding, subsequent funding, withdrawing and replenishment: (1) The maximum balance of the Revenue Stabilization Fund will be equal to three and a half percent of budgeted General Fund recurring revenues for the then current fiscal year, (2) The Revenue Stabilization Fund was financed initially through an additional transfer of \$590,833 of available resources from the General Fund Unassigned Fund Balance, (3) Subsequent transfers to the Revenue Stabilization Fund may be recommended by the City Manager and be based on the General Fund financial results of the most recently ended fiscal year or included as part of the City Manager’s budget recommendations for the upcoming fiscal year, (4) Withdrawals from the Reserve can only be considered if there is an unexpected General Fund recurring revenue decline of at least three percent below the original budget projections for the then current fiscal year, (5) Only one-third of the anticipated General Fund recurring revenue decline can be recovered through a transfer from the Revenue Stabilization Fund in any one fiscal year, (6) No more than twenty-five percent of the balance in the Revenue Stabilization Fund can be withdrawn in any one fiscal year, (7) Withdrawals from the Revenue Stabilization Fund must be approved by the City Commission as a formal budget action. At September 30, 2020, the reserve had a balance of \$2,638,570.

R. Property Tax Calendar

The City levies property taxes each November 1st, which become a lien on real and personal property located in the City. Property taxes are based on the assessed values determined by the Sarasota County Property Appraiser as of the prior January 1st. The current year’s levy is based on taxable assessed property values totaling \$11,237,185.

The State of Florida permits the City to levy taxes up to 10 mills of assessed property valuations for the General Fund. For the 2019-2020 fiscal year, the City levied taxes of 3 mills for the General Fund and an additional 0.2518 mills for debt service on general obligation bonds.

The Sarasota County Tax Collector collects property taxes on behalf of each municipality within county boundaries. All taxes are due from property owners on March 31st. Taxes become delinquent on April 1st. By May 31st of each year, either all taxes have been collected and remitted to the City or the delinquent taxes are raised by public auction of tax certificates. Due to this arrangement there are no material unremitted tax revenues at the end of the fiscal year. The major dates in this process are listed on the following table.

| PROPERTY TAX CALENDAR | |
|------------------------------|---|
| July 1 | Assessment roll validated |
| September 30 | Millage resolution approved |
| October 1 | Beginning of City's fiscal year for which tax is to be levied |
| November 1 | Tax bills rendered and due |
| November 1 - March 31 | Property taxes due with various discounts |
| April 1 | Taxes delinquent and property subject to lien |
| May 31 | Tax certificates sold by County |

S. Implementation of Governmental Accounting Standards Statements

The following GASB Pronouncements have been issued but are not in effect for the City as of September 30, 2020:

GASB Statement No. 84, *Fiduciary Activities*. The objective of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria include (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. The requirements of the this Statement will enhance consistency and comparability, which will enhance the value provided by the information reported in financial statements for assessing government accountability and stewardship.

GASB Statement No. 87, *Leases* This objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. This Statement will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model.

GASB Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period* The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. Interest cost incurred before the end of the construction period will not be included in the historical cost of a capital asset reported in a business type activity or enterprise fund.

GASB Statement No. 90, *Majority Equity Interests-An Amendment of GASB Statements No. 14 and No. 61*. This Statement objective is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information related to presentation of majority equity interest in legally separate organizations that previously was reported inconsistently.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, all special revenue and debt service funds, and the Penny Sales Tax Capital Projects Fund. All other capital projects funds adopt project-length budgets.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. No later than the first regular City Commission meeting of September, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing October 1st. The operating budget includes proposed expenditures and the means of financing the expenditures.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to October 1st, the budget is legally enacted through passage of a resolution. The budget resolution restricts total expenditures by fund. Expenditures for any year may not exceed current year fund appropriations plus accumulated fund equity.
4. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level. Transfers of appropriations between funds require the approval of the City Commission. The transfer of appropriations between line items within the same department can be accomplished with Department Head and Budget Director approval.
5. All unencumbered and unexpended appropriations lapse at fiscal year-end. Encumbered appropriations also lapse, but may be honored by additional appropriations in the subsequent year's budget.
6. The City Commission has the power to revise its budget appropriations by resolution from time to time during the fiscal year; however, no revision may be made by transferring any encumbered funds unless such funds are first released or discharged from any such encumbrance.
7. Formal budgetary integration is employed as a management control device during the year for the general, special revenue and capital projects funds.
8. Budgets for the general, special revenue, debt service and capital projects funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the general, special revenue and capital projects funds. Encumbrances outstanding at year-end are reported as assigned fund balance since they do not constitute expenditures or liabilities. Encumbrances which the City intends to honor are appropriated as part of the subsequent year's budget.

Budgeted amounts are as originally adopted or amended by the City. Supplemental appropriations made during the fiscal year are included in the "Final Budget" columns on the statement of revenues, expenditures and changes in fund balances-budget and actual.

B. Deficit fund equity

The Glen Oaks Debt Service Fund had a deficit fund balance of \$91,260. This deficit will be eliminated with the collection of special assessments and interest earnings.

The Equipment Maintenance Internal Service Fund had a net deficit of \$577,472. The deficit in this fund was due to the allocation of its share of net pension liability for the General Employees' Pension Plan. The deficit will be eliminated by future revenues.

NOTE 3 - DEPOSITS AND INVESTMENTS

Cash and cash equivalents include cash on hand, amounts in demand and time deposits and short-term investments with original maturity dates within three months of the date acquired by the city. All of the City's deposits are held in qualified public depositories pursuant to Florida Statutes, Chapter 280, *Florida Security for Public Deposits Act*. Under the Act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits, times the depository's collateral pledging level. The pledging level may range from 50% to 125% depending upon the depository's financial condition and establishment period. All collateral must be deposited with an approved financial institution. Any losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in default. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof.

The City maintains a cash and investment pool that is available for use by all funds, except the Pension Trust Funds. The deposits and investments of the Pension Trust Funds are held separately from those of other City funds. Interest income earned as a result of pooling is distributed monthly to the appropriate funds based on average daily balances.

The City's investment guidelines have been defined in a written investment policy and approved by the City Commission. The guidelines specify limits by instrument, and establish a diversified investment strategy and a minimum credit quality. It applies to all funds except the Pension Trust Funds. The direction of investment strategies, within policy limits, is established by an internal investment committee that meets quarterly.

The City's investment manager is authorized to invest in the State Board of Administration's Local Government Investment Pool (Florida Prime Fund), U.S. Government Securities, U.S. Government Agencies, Interest Bearing Time Deposit or Savings Accounts, Repurchase Agreements, Commercial Paper, State and/or Local Government Taxable and/or Tax-Exempt Debt, Intergovernmental Investment Pools, Corporate Obligations, FDIC Corporate Obligations, Supranationals, Asset-Backed Securities and Mortgage-Backed Securities (MBS). According to City policies, the Pension Trust Funds are also authorized to invest in common and preferred stock, mutual funds, convertible debentures, commercial paper, corporate bonds, foreign securities, real estate, and money market funds.

The Florida Prime Fund meets the criteria of an external investment pool that measures all of its investments at amortized cost for financial reporting purposes. The Florida Prime Fund is administered by the State Board of Administration and was created by Section 218.415, Florida Statutes. This investment pool operates under investment guidelines established by Section 215.47, Florida Statutes.

Fair Value Measurement of Investments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is also an exit price at a measurement date from the perspective of a market participant that controls the asset or is obligated for the liability.

The City uses fair value measurements for the initial recording and subsequent periodic remeasurement of certain assets on a recurring basis. Additionally, the City may be required to record at fair value other assets on a nonrecurring basis. The nonrecurring fair value adjustments typically involve application of lower-of-cost-or-fair-value or asset-impairment accounting.

The City holds less complex types of investments, which are measured at fair value on a recurring basis. The City categorizes its fair value measurements within the fair value hierarchy established by GASB Statement No. 72. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant observable inputs; and Level 3 inputs are significant unobservable inputs.

A. City of Sarasota

As of September 30, 2020, the City had the following cash, cash equivalents and investments:

| <u>Portfolio / Investments</u> | <u>Fair Value</u> | <u>Weighted Average Maturity (Years)</u> |
|--|-----------------------|--|
| Cash Deposits | \$ 20,491,240 | Not Applicable |
| Certificate of Deposits | 5,335,245 | Not Applicable |
| Money Market Funds | 859,365 | 0.01 |
| Federal Agency Bonds/Notes | 32,095,916 | 2.30 |
| Agency Mortgage-Backed Securities | 9,911,479 | 8.18 |
| Agency Collateralized Mortgage Obligations | 9,310,264 | 4.09 |
| Corporate Notes | 30,003,376 | 1.66 |
| Municipal Obligations | 1,321,348 | 3.34 |
| U.S Treasury Bonds/Notes | 51,500,720 | 1.78 |
| Supra-National Agency Bonds/Notes | 10,324,635 | 2.04 |
| Asset Backed Securities | 8,763,793 | 1.98 |
| Investment pools: | | |
| Florida Palm | 306,832 | Not Applicable |
| Florida Prime | 22,498,074 | 0.10 |
| Total Cash & Investments | <u>\$ 202,722,287</u> | |
| Portfolio weighted average maturity | | 2.47 |

City investments include cash and investments for the Primary Government, Component Units and Agency Funds as follows:

| | |
|---------------------------|-----------------------|
| Primary Government | |
| Statement of Net Position | |
| Cash and Cash Equivalents | \$ 37,558,927 |
| Investments | 163,117,207 |
| Component Units | |
| Cash and Cash Equivalents | 187,024 |
| Investments | 1,804,107 |
| Agency Funds | |
| Cash and Cash Equivalents | 4,815 |
| Investments | 50,207 |
| Total | <u>\$ 202,722,287</u> |

Interest Rate Risk

Interest rate risk exists when there is a possibility that changes in interest rates could adversely affect an investment's fair value. When interest rates increase, the value of fixed rate securities fall. The inverse is also true, as interest rates fall, the value on fixed rate securities increase. The City manages its exposure to declines in fair market values by decreasing the weighted average maturity of its investment portfolio during periods of rising interest rates. The City's investment policy generally limits the weighted average maturity of the portfolio to a period of five years or less.

Credit Risk

Credit quality risk results from potential default of investments that are not financially sound. The investment policy limits investments in commercial paper to A-1/P-1 rated paper with the aggregate value not to exceed twenty percent of the total portfolio. The City's investments in United States Government Securities, United States Agencies, Federal Instrumentalities and Mortgage-Backed Securities are rated AA+ by Standard & Poor's and Aaa by Moody's Investors Service. Money market funds are invested with financial institutions that comply with Chapter 280 of Florida Statutes, whereby the City is made whole by all participating banks should a principal loss be incurred by the City. Investments in Florida Prime are rated AAA by Standard & Poor's.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributable to the quantity of the government's investment in a single issuer. The City's investment policy allows for investing in a variety of securities based on the issuer. The allowable concentration in any one issuer is based on the type of issuer - i.e., 25% for Mortgage-Backed Securities, 25% for the Florida Prime Fund, Interest Bearing Time Deposit or Savings Accounts, 50% Intergovernmental Investment Pools, 75% for United States Government Agencies, and up to 100% for United States Government Securities.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All United States Government securities, United States Government Agencies, and Mortgage-Backed securities are held by a third party custodial entity in the name of the City.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The City's investment policy does not permit investments in foreign securities.

Fair Value Measurement of Investments

The City has the following recurring fair value measurements as of September 30, 2020:

| Investments | Fair Value | Level | |
|--|------------------------------|----------------------|-----------------------|
| | | 1 | 2 |
| Federal Agency Bonds/Notes | \$ 32,095,916 | \$ - | \$ 32,095,916 |
| Agency Mortgage-Backed Securities | 9,911,479 | - | 9,911,479 |
| Agency Collateralized Mortgage Obligations | 9,310,264 | - | 9,310,264 |
| Corporate Notes | 30,003,376 | - | 30,003,376 |
| Municipal Obligations | 1,321,348 | - | 1,321,348 |
| U.S Treasury Bonds/Notes | 51,500,720 | 51,500,720 | - |
| Supra-National Agency Bonds/Notes | 10,324,635 | - | 10,324,635 |
| Asset Backed Securities | 8,763,793 | - | 8,763,793 |
| Total Investments by Fair Value Level | <u>\$ 153,231,531</u> | <u>\$ 51,500,720</u> | <u>\$ 101,730,811</u> |
| Investments Measured at Amortized Cost: | | | |
| Florida Palm | 306,832 | | |
| Florida Prime | 22,498,074 | | |
| | <u>22,804,906</u> | | |
| Total Investments | <u><u>\$ 176,036,437</u></u> | | |

Debt securities classified in Level 1 are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 are valued using the following approaches:

- Federal Agency Bonds/Notes, Agency Mortgage-Backed Securities, Supra-National Agency Bonds/Notes, and Asset Backed Securities; Commercial Paper; quoted prices for identical securities in markets that are not active;
- Corporate and Municipal Bonds: quoted prices for similar securities in active markets;
- Agency Collateralized Mortgage Obligations: matrix pricing based on the securities' relationship to benchmark quoted prices.

Investments in Florida Prime are valued at amortized cost and are not subject to the fair value hierarchy. There are no limitations or restrictions on participant withdrawals, including items such as redemption notices, maximum transaction amounts, and Florida Prime's authority to impose liquidity fees or redemption gates.

B. General Employees' Defined Benefit Pension Plan

As of September 30, 2020, the General Employees' Defined Benefit Pension Plan had the following cash, cash equivalents and investments:

| <u>Portfolio / Investments</u> | <u>Fair Value</u> | <u>Duration (Years)</u> |
|--------------------------------|-----------------------|-------------------------|
| Cash Deposits | \$ 327,741 | Not Applicable |
| Money market funds | 3,413,205 | Not Applicable |
| U.S. Government securities | 9,490,170 | 4.17 |
| Common and preferred stock | 73,884,340 | Not Applicable |
| Corporate bonds and notes | 8,826,062 | 4.54 |
| Real estate funds | 16,403,269 | Not Applicable |
| Mortgage backed securities | 11,050,315 | 22.56 |
| Other equities | 7,713,523 | Not Applicable |
| Master Limited Partnerships | 174,669 | Not Applicable |
| Foreign stocks | 23,784,812 | Not Applicable |
| Total Cash & Investments | <u>\$ 155,068,106</u> | |

Interest Rate Risk

The Plan manages exposure to declines in fair values through other methods such as evaluating the credit rating, diversifying the investments in the portfolio, and outside portfolio consulting. The Plan does not limit the weighted average maturity of its investment portfolio.

Custodial Credit Risk

For an investment, this is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Plan does not believe that they have a custodial risk exposure as all their securities are insured, registered, and held by an outside custodian.

Concentration of Credit Risk

The Plan does not allow for any investment in more than 10% (at market) of an investment manager's equity portfolio to be invested in the shares of a single corporate issuer. Investments in equity securities shall not exceed 75% of the market value of the total Plan assets. Except for Treasury and agency obligations, no more than 10% (at cost) of any investment manager's total fixed income portfolio shall be invested in the securities of a single issuer. No more than 17.5% (at market) of the Plan's assets may be invested in securities issued by corporations domiciled outside the United States.

Credit Risk

The Plan must operate in compliance with all applicable State and Federal laws concerning the investment of pension assets. All equity investments are limited to those issues that are traded on a major stock exchange or in over-the-counter securities for which there is an active market maker regulated by the NASD. Investments in corporate fixed income securities must hold a rating in one of the three highest classifications by a major rating service. If commercial paper is used, it must be rated A-1 or P-1. Ratings for the Plan's applicable securities are as follows:

| | <u>September 30, 2020, Credit Ratings</u> | |
|---------------------------------|---|----------------|
| | <u>S&P</u> | <u>Moody's</u> |
| US Government Securities | AA+ | Aaa |
| US Government Agency Securities | AA+ | Aaa...NR |
| Corporate Bonds | AAA...BBB | Aaa...Baa2 |

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The Plan does not have a policy that addresses the risks associated with investments in foreign currency. The Plan holds \$23,784,812 in international investments. This amount represents approximately 15.37% of total Plan investments. Most of the foreign investments are denominated in U.S. dollars, therefore minimizing the foreign currency risk.

Fair Value Measurement of Investments

The Plan has the following recurring fair value measurements as of September 30, 2020:

| Investments | Fair Value | Level | | |
|---------------------------------------|-----------------------|----------------------|----------------------|---------------------|
| | | 1 | 2 | 3 |
| Debt Securities: | | | | |
| US Government Securities | \$ 9,490,170 | \$ 3,200,784 | \$ 6,289,386 | \$ -- |
| Mortgage Backed Securities | 11,050,315 | -- | 11,050,315 | -- |
| Corporate Bonds and Notes | 8,826,062 | -- | 8,826,062 | -- |
| Total Debt Securities | <u>29,366,547</u> | <u>3,200,784</u> | <u>26,165,763</u> | <u>--</u> |
| Common and Preferred Stock | 73,884,340 | 73,884,340 | -- | -- |
| Real Estate Funds | 8,362,178 | -- | -- | 8,362,178 |
| Foreign Stocks | 23,784,812 | 11,059,817 | 12,724,995 | -- |
| Master Limited Partnerships | 174,669 | 174,669 | -- | -- |
| Other Equities | 7,713,523 | 7,713,523 | -- | -- |
| Total Investments by Fair Value Level | <u>\$ 143,286,069</u> | <u>\$ 96,033,133</u> | <u>\$ 38,890,758</u> | <u>\$ 8,362,178</u> |

Investments Measured at Net Asset Value (NAV):

| | |
|-------------------|------------------|
| Real Estate Funds | <u>8,041,091</u> |
|-------------------|------------------|

Investments Not Subject to Level Disclosure:

| | |
|--------------------|------------------|
| Money Market Funds | <u>3,413,205</u> |
|--------------------|------------------|

| | |
|-------------------|-----------------------|
| Total Investments | <u>\$ 154,740,365</u> |
|-------------------|-----------------------|

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique for similar securities. Matrix pricing is used to value securities based on the securities relationship to benchmark quoted prices. Real estate funds classified in Level 3 are valued using independent appraisers to determine the market value of the investments in the fund.

The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent) is presented on the following table:

| Investment | Fair Value | Unfunded Commitments | Redemption Frequency (if Currently Eligible) | Redemption Notice Period |
|---|---------------------|----------------------|--|--------------------------|
| Investments Measured at Net Asset Value (NAV): | | | | |
| Real Estate Funds (1) | \$ 8,041,091 | \$ - | Quarterly | 45 days |
| Total Investments Measured at NAV | <u>\$ 8,041,091</u> | | | |

(1) *Real estate funds.* This type includes real estate funds that invest primarily in U.S. commercial real estate. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital. Capital commitments are accepted by the fund quarterly and are generally called from investors pro rata in the order of the quarter in which they are received. Shares are generally issued quarterly 45 days after quarter-end when that quarter's price per share is published. Redemption requests must be received by the Fund 45 days prior to quarter end, and to the extent the fund has liquid assets, redemption requests will be redeemed after quarter end when that quarter's per share price is published. Because it is not probable that any individual investment will be sold, the fair value of each individual investment has been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital.

C. Firefighters' Defined Benefit Pension Plan

As of September 30, 2020, the Firefighters' Defined Benefit Pension Plan had the following cash, cash equivalents and investments:

| <u>Portfolio / Investments</u> | <u>Fair Value</u> | <u>Weighted Average Maturity (Years)</u> |
|-----------------------------------|-------------------|--|
| Cash Deposits | \$ 693,224 | N/A |
| Money Market Funds | 2,633,321 | N/A |
| U.S. Government agency securities | 11,203,584 | 13.13 |
| Common Stock | 80,025,080 | N/A |
| Corporate Bonds and Notes | 23,033,524 | 8.67 |
| Stock Mutual Funds | 1,791,965 | N/A |
| Real Estate Funds | 18,870,794 | N/A |
| Mortgage Backed Securities | 1,316,014 | 26.31 |
| Municipal Securities | 221,750 | 20.27 |
| Foreign Stocks | 18,265,293 | N/A |
| Foreign Bonds | 322,860 | 3.17 |
| Total Cash & Investments | \$ 158,377,409 | |

Interest Rate Risk

The Plan manages exposure to declines in fair values through other methods such as evaluating the credit rating, diversifying the investments in the portfolio, and outside portfolio consulting. The Plan does not limit the weighted average maturity of its investment portfolio.

Credit Risk

The Plan limits its short term investments to the following: money market or short term investment fund provided by the funds custodian; direct obligations of the United States Government with a maturity of one year or less; commercial paper issued by United States Corporations which have a maturity of 270 days or less and that is rated A-1 or higher by Standard & Poor's or P-1 or higher by Moody's; and Bankers Acceptances issued by the largest fifty banks in the United States. All equity investments are limited to fully and easily negotiable equity securities. All equity investments are limited to those issues that are traded on a major stock exchange. Investments in corporate fixed income securities are limited to those securities rated "A" or higher by Moody's or Standard & Poor's rating services. Investments in collateralized mortgage obligations are limited to 25% of the market value of the investment manager's total portfolio and are restricted to those issues backed by the full faith of the United States Government, an Agency thereof, or are rated AAA by a major rating service and PAC (planned amortization class), NAC (non-accelerated securities) or VADM (very accurately defined maturity) securities.

| | <u>September 30, 2020, Credit Ratings</u> | |
|----------------------------|---|----------------|
| | <u>S&P</u> | <u>Moody's</u> |
| Government securities | - | Aaa |
| Municipal securities | AAA | A2 |
| Mortgage backed securities | AAA | Aaa |
| Corporate bonds and notes | AAA...CCC+ | Aaa...Baa1 |

Concentration of Credit Risk

The Plan does not allow for any investment in more than 6% (at market) of an investment manager's equity portfolio to be invested in the shares of a single corporate issuer. Investments in the shares of companies that have been publicly traded for less than one year are limited to no more than 10% of an investment manager's portfolio. Investments in securities (stocks, bonds, and cash equivalents) issued by corporations domiciled outside the United States shall not exceed 10% (at cost) of the Fund's total market value. No more than 10% (at cost) of any investment manager's total fixed income portfolio shall be invested in the securities of any single corporate issuer. No more than 10% (at time of purchase) of the Fund's total market value may be invested in real estate investments. All real estate investments are to be made through

participation in diversified commingled funds of real properties. Real estate investments shall be broadly diversified as to property type and location.

The Plan has concentrated its risk for cash by maintaining deposits which may at times exceed amounts covered by the Federal Deposit Insurance Corporation (FDIC). The Fund has not incurred losses related to these and believes it is not exposed to any significant risk on cash.

Custodial Credit Risk, Investments

For an investment, this is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Plan does not believe that they have a custodial risk exposure as all their securities are insured, registered, and held by an outside custodian.

Foreign Currency Risk

Investment in securities issued by foreign governments or corporations domiciled outside of the United States shall not exceed 25% of the Fund's total market value.

Fair Value Measurement of Investments

The Plan has the following recurring fair value measurements as of September 30, 2020:

| Investments | Fair Value | Level | | |
|--|-----------------------|----------------------|----------------------|----------------------|
| | | 1 | 2 | 3 |
| Debt Securities | | | | |
| U.S. Government agency securities | \$ 11,203,584 | \$ 9,837,696 | \$ 1,365,888 | \$ -- |
| Municipal Securities | 221,750 | -- | 221,750 | -- |
| Mortgage Backed Securities | 1,316,014 | -- | 1,316,014 | -- |
| Corporate Bonds and Notes | 23,033,524 | -- | 23,033,524 | -- |
| Total Debt Securities | <u>35,774,872</u> | <u>9,837,696</u> | <u>25,937,176</u> | <u>--</u> |
| Common Stock | 80,025,080 | 72,868,031 | 7,157,049 | -- |
| Foreign Bonds | 322,860 | -- | 322,860 | -- |
| Foreign Stock | 18,265,293 | 9,113,792 | 9,151,501 | -- |
| Stock Mutual Funds | 1,791,965 | -- | 1,791,965 | -- |
| Real Estate Funds | 18,870,794 | -- | -- | 18,870,794 |
| Total Investments by Fair Value Level | <u>\$ 155,050,864</u> | <u>\$ 91,819,519</u> | <u>\$ 44,360,551</u> | <u>\$ 18,870,794</u> |
| Investments Not Subject to Level Disclosure | | | | |
| Money Market Funds | <u>2,633,321</u> | | | |
| Total Investments | <u>\$ 157,684,185</u> | | | |

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Real estate funds classified in Level 3 are valued using independent appraisers to determine the market value of the investments in the fund.

D. Police Officers' Defined Benefit Pension Plan

As of September 30, 2020, the Police Officers' Defined Benefit Pension Plan had the following cash, cash equivalents and investments:

| <u>Portfolio / Investments</u> | <u>Fair Value</u> | <u>Duration (Years)</u> |
|--------------------------------------|-----------------------|-------------------------|
| Cash Deposits | \$ 450,529 | N/A |
| Money Market Funds | 3,978,647 | N/A |
| U. S. Government Securities | 17,000,414 | 4.56 |
| Common Stock | 151,223,706 | N/A |
| Preferred Stock | 1,178,610 | N/A |
| Corporate Bonds | 49,340,206 | 7.00 |
| Real Estate Mutual Funds | 31,597,952 | N/A |
| Mortgage and Asset Backed Securities | 11,911,945 | 20.03 |
| Municipal Securities | 2,370,161 | 19.12 |
| Foreign Mutual Funds | 1,187,321 | N/A |
| Total Cash & Investments | <u>\$ 270,239,491</u> | |

Concentration

As of September 30, 2020, the Plan held investments in one mutual fund in an amount that exceeded 5% of the Fund's net position. The fair value of the mutual fund was \$31,597,952, and it is classified as a real estate mutual fund for the year ended September 30, 2020.

Duration

Duration is the measure of fixed income cash flows using present value, weighted for cash flows as a percentage of the investment's full price. Effective duration makes assumptions regarding the most likely timing and amounts of variable cash flows arising from such investments as callable bonds, prepayments and variable-rate debt.

Credit Risk

The Plan limits its short term investments to the following: money market or short term investment funds provided by the funds custodian; commercial paper issued by United States Corporations which have a majority of 270 days or less and a rating of A-1 or higher by Standard & Poor's or P-1 or higher by Moody's. All equity investments are limited to fully and easily negotiable equity securities. In addition, investments in the shares of companies that have been publicly traded for less than one year are limited to no more than 15% of the market value of an investment manager's total equity portfolio. Investments in corporate fixed income securities are limited to those securities rate "A" or higher by Moody's or Standard & Poor's rating services. Investments in Collateralized Mortgage Obligations are limited to 25% of the market value of the investment manager's total portfolio and are restricted to those issues backed by the full faith or United States Government, and Agency thereof, or are rated AAA by a major rating service and PAC (planned amortization class), NAC (non-accelerated securities) or VADM (very accurately defined maturity) securities. Ratings for the Plan's applicable securities are as follows:

| | <u>September 30, 2019, Credit Ratings</u> | |
|--------------------------|---|----------------|
| | <u>S&P</u> | <u>Moody's</u> |
| US Government Securities | AA+ | Aaa |
| Corporate Bonds | AAA...BBB+ | Aaa...Baa1 |

Rating information for mortgage and asset backed securities and bond mutual funds was not provided. No investments for which ratings were received were risk rated below investment policy guidelines as described above. The investment policy requires fixed income securities which are downgraded below the minimum rating by both Moody's and Standard & Poor's shall be sold at the earliest beneficial opportunity. Investment positions are reviewed by the Board of Trustees at their regular meetings.

Interest Rate Risk

The Plan manages exposure to declines in fair values through other methods such as evaluating the credit rating, diversifying the investments in the portfolio, and outside portfolio consulting. The Plan does not limit the weighted average maturity of its investment portfolio.

Concentration of Credit Risk

The Plan states that no more than 5% (at market) of an investment manager's equity portfolio may be invested in the shares of a single corporate issuer. Investments in equity securities shall not exceed 75% of the market value of the total Plan assets. Investments in convertible securities (classified as equity investments) and are limited to 25% of the Plan's total portfolio value and no more than 10% of each investment managers convertible portfolio may be invested in shares of a single corporate issuer.

No more than 10% (at market) of an investment manager's total fixed income portfolio shall be invested in the securities of any single corporate issuer. Investments in securities (stocks, bonds and cash equivalents) issued by foreign governments or corporation domiciled outside the United States shall not exceed 25% of the market value of Plan assets. Investments in real estate shall not exceed 15% (at market) of the value of the total Plan assets.

The Plan maintains cash deposits at financial institutions which may, at times, exceed amounts covered by the Federal Deposit Insurance Corporation (FDIC). The plan has not experienced any losses in such accounts and believes they are not exposed to any significant credit risk to cash.

Custodial Credit Risk

For an investment, this is the risk that in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Plan does not believe that they have a custodial risk exposure as all their securities are insured, registered, and held by an outside custodian.

Foreign Currency Risk

The Board of Trustees retains outside investment managers with the Fund's written investment policy. The Fund's Investment policy states that investments in securities issued by foreign governments or corporation domiciled outside the United States shall not exceed 25% of the market value of Fund assets. The investment policy specifically prohibits certain investments including interest rate swaps, limited partnerships of any kind, venture capital, and futures contracts. The investment policy also prohibits trading on margin and short selling.

Fair Value Measurement of Investments

The Plan has the following recurring fair value measurements as of September 30, 2020:

| Investments | Fair Value | Level | | |
|--|-------------------|---------------|----------------|---------------|
| | | 1 | 2 | 3 |
| Debt Securities | | | | |
| US Government Securities | \$ 17,000,414 | \$ -- | \$ 17,000,414 | \$ -- |
| Mortgage and Asset Backed Securities | 11,911,945 | -- | 11,751,535 | 160,410 |
| Municipal Securities | 2,370,161 | -- | 2,370,161 | -- |
| Corporate Bonds | 49,340,206 | 4,715,965 | 44,624,241 | -- |
| Total Debt Securities | 80,622,726 | 4,715,965 | 75,746,351 | 160,410 |
| Common Stock | 151,223,706 | 73,346,241 | 77,877,465 | -- |
| Preferred Stock | 1,178,610 | 214,354 | 964,256 | -- |
| Foreign Mutual Funds | 1,187,321 | 1,187,321 | -- | -- |
| Real Estate Mutual Funds | 31,597,952 | -- | -- | 31,597,952 |
| Total Investments by Fair Value Level | \$ 265,810,315 | \$ 79,463,881 | \$ 154,588,072 | \$ 31,758,362 |
| Investments Not Subject to Level Disclosure | | | | |
| Money Market Funds | 3,978,647 | | | |
| Total Investments | \$ 269,788,962 | | | |

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities

relationship to benchmark quoted prices. Real estate funds classified in Level 3 are valued used independent appraisers to determine the market value of the investments in the fund.

There were no investments measured at net asset value (NAV) as of September 30, 2020.

(1) *Global opportunities growth*. This type includes investments in one fund that invests in companies large and small primarily located in Europe and the Pacific Basin. At least 80 percent of the funds' investments must be in non-U.S. equities in the financial, information technology, consumer discretionary, industrials, healthcare, consumer staples, materials, energy, telecommunications, utilities and real estate sectors. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.

E. OPEB Trust Fund

As of September 30, 2020, the OPEB Trust Fund had the following cash, cash equivalents and investments:

| <u>Portfolio / Investments</u> | <u>Fair Value</u> | <u>Weighted Average Maturity (Years)</u> |
|-------------------------------------|----------------------|--|
| Cash Deposits | \$ 153,747 | Not Applicable |
| Money Market Funds | 1,190,859 | - |
| U.S. Government Securities | 808,019 | - |
| U.S. Government Agency Securities | 829,223 | 0.02 |
| Common Stock Domestic | 30,460,895 | Not Applicable |
| Corporate Bonds Domestic | 5,837,738 | 0.15 |
| Real Estate Funds | 6,070,644 | - |
| Mortgage Backed Securities | 602,403 | |
| Common Stock Foreign | 5,168,565 | Not Applicable |
| Corporate Bonds Foreign | 537,673 | Not Applicable |
| Total Cash & Investments | <u>\$ 51,659,766</u> | |
| Portfolio weighted average maturity | | 0.18 |

Interest Rate Risk

The Plan manages exposure to declines in fair values through other methods such as evaluating the credit rating, diversifying the investments in the portfolio, and outside portfolio consulting. The Plan does not limit the weighted average maturity of its investment portfolio.

Credit Risk

The Plan limits its fixed income investments to marketable debt securities issued or guaranteed by the United States Government or its agencies, domestic corporations, asset-backed and commercial mortgage-backed securities, domestic banks and other US financial institutions. All securities must hold a rating in one of the 3 highest classifications by a major rating service. If commercial paper is used it must be rated A-1 or P-1. All equity securities are limited to securities listed on the New York, American and principal regional and foreign exchanges, and in over-the-counter securities for which there is an active market maker regulated by the NASD.

Concentration of Credit Risk

The Plan does not allow for any investment in more than 5% (at market) of an investment manager's equity portfolio to be invested in the shares of a single corporate issuer. Investments in equity securities shall not exceed 70% of the market value of the total Plan assets. Except for Treasury and agency obligations, no more than 10% (at cost) of any investment manager's total fixed income portfolio shall be invested in the securities of a single issuer. No more than 10% (at market) of the Funds' assets may be invested in securities issued by corporations domiciled outside the United States.

Custodial Credit Risk

For an investment, this is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Plan does not believe that they have a custodial risk exposure as all their securities are insured, registered, and held by an outside custodian.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The plan does not have a policy that addresses the risks associated with investments in foreign currency. The trust fund holds \$5,706,238 in foreign investments. This amount represents approximately 11% of total trust fund investments. Many of the foreign investments are denominated in U.S. dollars, therefore minimizing the foreign currency risk.

Fair Value Measurement of Investments

The Plan has the following recurring fair value measurements as of September 30, 2020:

| Investments | Fair Value | Level | | |
|---------------------------------------|---------------|---------------|--------------|--------------|
| | | 1 | 2 | 3 |
| U.S. Government Securities | \$ 808,019 | | \$ 808,019 | |
| U.S. Government Agency Securities | 829,223 | | 829,223 | |
| Common Stock Domestic | 30,460,895 | 30,460,895 | | |
| Corporate Bonds Domestic | 5,837,738 | | 5,837,738 | |
| Mortgage Backed Securities | 602,403 | | 602,403 | |
| Common Stock Foreign | 5,168,565 | 5,168,565 | | |
| Corporate Bonds Foreign | 537,673 | | 537,673 | |
| Private Real Estate Fund | 6,070,644 | | | 6,070,644 |
| Total Investments by Fair Value Level | \$ 50,315,160 | \$ 35,629,460 | \$ 8,615,056 | \$ 6,070,644 |

Common, preferred and foreign stock classified in Level 1 are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 are valued using the following approaches:

- U.S. Government, U.S. Government Agency, and Mortgage Backed Securities: quoted prices for identical securities in markets that are not active;
- Corporate Bonds: quoted prices for similar securities in active markets;
- Foreign Bond Mutual Funds: published fair value per share (unit) for each fund.

Private Real Estate Fund classified in Level 3 are valued using independent appraisers to determine the market value of the investments in the fund.

F. General Employees Defined Contribution Retirement Plan

As of September 30, 2020, the General Employees Defined Contribution Retirement Plan had the following cash, cash equivalents and investments:

| Portfolio/Investments | Fair Value | Weighted Average Maturity (Years) |
|-------------------------------------|---------------|-----------------------------------|
| Cash and Cash Equivalents | \$ 17,036 | Not Applicable |
| Stock mutual funds | 13,015,095 | Not Applicable |
| Bond mutual funds | 2,360,268 | 9.07 |
| Foreign mutual funds | 742,289 | Not Applicable |
| Total Cash & Investments | \$ 16,134,688 | |
| Portfolio weighted average maturity | | 9.07 |

The General Employees Defined Contribution Plan utilizes the same investment guidelines as those used for the General Employees' Pension Plan investments. Interest rate risk, credit risk, concentration of credit risk, custodial credit risk, and foreign currency risk are the same as those that have been disclosed for City investments.

Fair Value Measurement of Investments

The Plan has the following recurring fair value measurements as of September 30, 2020:

| <u>Investments</u> | <u>Fair Value</u> | <u>Level</u> | |
|---------------------------------------|----------------------|--------------|----------------------|
| | | <u>1</u> | <u>2</u> |
| Stock Mutual Funds | \$ 13,015,095 | \$ -- | \$ 13,015,095 |
| Bond Mutual Funds | 2,360,268 | -- | 2,360,268 |
| Foreign Mutual Funds | 742,289 | -- | 742,289 |
| Total Investments by Fair Value Level | <u>\$ 16,117,652</u> | <u>\$ --</u> | <u>\$ 16,117,652</u> |

Domestic, Bond and Foreign Mutual Funds classified in Level 2 are valued using published fair value per share (unit) for each fund.

G. Discretely Presented Component Units

The *St. Armands Business Improvement District and Downtown Improvement District* utilizes the same investment guidelines as those used for City investments. Interest rate risk, credit risk, concentration of credit risk, custodial credit risk, and foreign currency risk are the same as those that have been disclosed for City investments.

Reconciliation of Cash and Investments

A reconciliation of cash and investments as shown on the Statement of Net Position and Statement of Fiduciary Net Position follows:

| | <u>Statement of Net Position</u> | <u>Statement of Fiduciary Net Position</u> | <u>Total</u> |
|---------------------------|--------------------------------------|--|-----------------------|
| Primary Government | | | |
| Cash and cash equivalents | \$ 37,558,927 | \$ 1,642,277 | \$ 39,201,204 |
| Investments | 163,117,207 | 649,837,183 | 812,954,390 |
| Total | <u>\$ 200,676,134</u> | <u>\$ 651,479,460</u> | <u>\$ 852,155,594</u> |
| Component Unit | | | |
| Cash and cash equivalents | \$ 187,024 | | \$ 187,024 |
| Investments | 1,804,107 | | 1,804,107 |
| Total | <u>\$ 1,991,131</u> | | <u>1,991,131</u> |
| Total | | | <u>\$ 854,146,725</u> |

NOTE 4 - RECEIVABLES AND UNEARNED REVENUE

A. Receivables

Receivables as of year-end for the City's governmental activities, individual major governmental funds, nonmajor governmental funds in the aggregate, internal service funds in the aggregate and applicable allowances for uncollectible accounts, are as follows (no allowance for uncollectibles was needed):

| | Accounts | Interest | Notes | Special Assessments | Total |
|-----------------------------|---------------------|-------------------|-------------------|----------------------------|---------------------|
| General Fund | \$ 2,703,161 | \$ 102,066 | \$ -- | \$ -- | \$ 2,805,227 |
| Community Redevelopment | -- | 11,820 | -- | -- | 11,820 |
| Housing and Community Devel | 6,325 | 8,518 | 88,034 | -- | 102,877 |
| Penny Sales Tax | -- | 62,426 | -- | -- | 62,426 |
| Building Services Fund | -- | 34,394 | -- | -- | 34,394 |
| Tourist Development Tax | -- | 6,725 | -- | -- | 6,725 |
| Nonmajor Governmental Funds | 163,802 | 81,855 | 165,006 | 93,922 | 504,585 |
| Internal Service Funds | 128,217 | 42,941 | -- | -- | 171,158 |
| Total receivables | <u>\$ 3,001,505</u> | <u>\$ 350,745</u> | <u>\$ 253,040</u> | <u>\$ 93,922</u> | <u>\$ 3,699,212</u> |

The interfund receivable in the General Fund was partially eliminated in the conversion from governmental funds balance sheet and internal service funds statement of net position to the governmental activities statement of net position.

Receivables for the City's business-type activities, including individual major funds and allowances for uncollectibles accounts are as follows:

| | Water and Sewer | Van Wezel | Solid Waste | Parking Management | Other Funds | Total |
|------------------------------|------------------------|-------------------|--------------------|---------------------------|--------------------|---------------------|
| Receivables-unrestricted: | | | | | | |
| Accounts (billed) | \$ 2,262,149 | \$ 338,524 | \$ 476,449 | \$ 174,393 | \$ -- | \$ 3,251,515 |
| Accounts (unbilled) | 2,403,996 | -- | -- | -- | -- | 2,403,996 |
| Allowance for uncollectibles | (205,065) | -- | (130,493) | (27,276) | -- | (362,834) |
| Accounts (net) | <u>4,461,080</u> | <u>338,524</u> | <u>345,956</u> | <u>147,117</u> | <u>--</u> | <u>5,292,677</u> |
| Interest | 139,585 | 28,044 | 13,417 | 516 | 402 | 181,964 |
| Receivables-Restricted: | | | | | | |
| Interest | \$ 8,274 | -- | -- | \$ 965 | -- | 9,239 |
| Total receivables (net) | <u>\$ 4,608,939</u> | <u>\$ 366,568</u> | <u>\$ 359,373</u> | <u>\$ 148,598</u> | <u>\$ 402</u> | <u>\$ 5,483,880</u> |

B. Special assessments receivable

Glen Oaks Estates Special Assessment

In 2011, the City Commission approved to design and construct a privacy wall and related improvements for the Glen Oaks Estates Subdivision with a special assessment. The assessment was levied against the property located within the Glen Oaks Estates Subdivision Special Assessment District. The special assessment receivables, which are recorded in a debt service fund, are to be collected over a twenty year period with interest earnings of 4.3%. The special assessment receivable at September 30, 2020, is \$93,922.

St. Armands Parking Garage Special Assessment

In 2016, the City Commission approved construction of a parking garage on St. Armands Key. The City Commission also adopted an assessment resolution for the imposition and levying of a special assessment on commercial properties in the St. Armands assessment area to fund a portion of the costs associated with construction of the parking garage. Under the resolution, the City has pledged a special assessment proceeds to the payment of principal and interest on the St. Armands Paid Parking Area Revenue Bonds Series 2017A. The special assessment receivables are to be collected over a twenty year period beginning with the 2017 fiscal year. The annual assessment is \$260,000 plus administrative costs and the special assessment receivable at September 30, 2020 is \$4,160,000.

The City anticipates Net Parking Revenues (and Assessments as described above with respect to the Series 2017A Bonds) will be collected in an amount sufficient to cover debt service on the Series 2017 Bonds. However, in the event the 2017A Pledged Funds and the 2017B Pledged Funds are insufficient to cover debt service on the Series 2017 Bonds, the City covenanted and agreed and has a positive and affirmative duty to appropriate in its annual budget, by amendment, if necessary, from Non-Ad Valorem Revenues, amounts sufficient to pay principal and interest on the Series 2017 Bonds.

Current assessments receivable and the related revenues are recognized when billed and due. Assessments receivable not due during the current year are classified as “deferred”. Revenue is not recognized on deferred receivables until they become current, in accordance with the modified accrual basis of accounting. Receivables are considered “delinquent” if an annual payment is not received. As of September 30, 2020, all special assessments receivable were deferred.

C. Unearned revenue

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and business-type funds also defer revenue recognition in connection with resources that have been received, but not yet earned (unearned). As of September 30, 2020, the various components of unearned revenue reported in the governmental funds and business-type funds were as follows:

| Governmental Funds: | Unearned |
|---|-----------------|
| Grant drawdowns prior to meeting all eligibility requirements | \$ 3,039,212 |
| Prepaid occupational licenses | 546,055 |
| Receipts for future services | 2,018 |
| Rental receipts not yet earned | 2,273 |
| Total unearned revenue for governmental funds | \$ 3,589,558 |
| | |
| Business-type Funds: | |
| Van Wezel ticket sales | \$ 1,940,722 |
| Solid Waste collections billed in advance | 536,799 |
| Water and Sewer impact & connection fees | 2,221,104 |
| Grant receipts not yet earned | 117,502 |
| Unused gift certificates | 610,454 |
| Rental receipts not yet earned | 20,582 |
| Receipts for future services | 242,803 |
| Total unearned revenue for business-type funds | \$ 5,689,966 |

NOTE 5 - INTERFUND BALANCES

Interfund balances at September 30, 2020, consisted of the following amounts:

A. Due to/from other funds:

The City reports interfund balances between funds. The total of all balances agrees with the sum of interfund balances presented in the statements of net position/balance sheet for governmental funds and for proprietary funds. This balance is an interfund receivable that is expected to be liquidated within one year.

| | | |
|-------------------------------------|----|---------|
| Due to General Fund from: | | |
| Parking Management | \$ | 150,255 |
| | | |
| Due to Internal Service Funds from: | | |
| Nonmajor Governmental Funds | \$ | 13,395 |

B. Advances from/to other funds:

| <u>Receivable Fund</u> | <u>Payable Fund</u> | <u>Amount</u> |
|------------------------|-----------------------------|---------------|
| General Fund | Parking Management | \$ 821,357 |
| Internal Service | Nonmajor Governmental Funds | \$ 80,527 |

The General Fund provided an advance to the Parking Management Fund for the purchase of 40 parking pay stations and 20 multi-head meters for the St. Armand's Parking Area and 41 parking pay stations, 25 multi-head meters, and 5 single space station for the Downtown Parking Area. The repayment of the advance began in the 2019-19 fiscal year with a maturity in 2029.

The General Benefits and Insurance Internal Service Fund provided an advance to the Glen Oaks Estates Subdivision Special Assessment District for the design and construction of a wall. The repayment of the advance began in the 2011-12 fiscal year with a final maturity in 2031.

C. Interfund transfers:

The City reports interfund transfers between many of its funds. The sum of all transfers presented in the following schedule agrees with the sum of interfund transfers presented in the governmental and proprietary fund financial statements. Interfund transfers for the year ended September 30, 2020, consisted of the following:

| <u>Transfer</u> | <u>Purpose</u> | <u>Amount</u> |
|--|---------------------|---------------|
| Transfers to General Fund from: | | |
| Community Redevelopment | Program Funding | \$ 16,700 |
| Housing and Community Development | Investment Earnings | 47,998 |
| Development Services | Program Funding | 577,207 |
| Tourist Development Tax | Investment Earnings | 4,631 |
| Nonmajor Governmental Funds | Program Funding | 1,248,062 |
| Nonmajor Governmental Funds | Investment Earnings | 448,628 |
| Internal Service Funds | Investment Earnings | 6,645 |
| Total transfers to General fund | | \$ 2,349,871 |
| Transfers to Nonmajor Governmental Funds from: | | |
| General Fund | Program funding | 26,576 |
| Penny Sales Tax Fund | Debt service | 1,340,267 |
| Penny Sales Tax Fund | Program funding | 51,607 |
| Nonmajor Governmental Funds | Debt service | 501,142 |
| Total transfers to Nonmajor Governmental Funds | | 1,919,592 |
| Transfers to Solid Waste Fund from: | | |
| Nonmajor Governmental Funds | Program funding | 200,000 |
| Transfers to Nonmajor Enterprise Funds from: | | |
| General Fund | Operating subsidies | 588,500 |
| Total transfers to Nonmajor Enterprise Funds | | 588,500 |
| Total interfund transfers in | | \$ 5,057,963 |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 6 - CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2020, was as follows:

| | Beginning Balance | Additions and Transfers* | Retirements and Transfers | Ending Balance |
|--|-----------------------|--------------------------------|---------------------------------|-----------------------|
| Governmental Activities: | | | | |
| Capital assets not being depreciated: | | | | |

| Other | 276,285 |
| Total depreciation expense - business-type activities* | <u>\$ 13,560,408</u> |

*The amounts reported in additions and transfers in the disclosure of capital assets by government function includes other items, such as transfers, and depreciation.

NOTE 7 – CAPITAL LEASE

The City previously entered into a master tax exempt lease purchase agreement on December 9, 2015, with U.S. Bancorp Government Leasing and Finance, Inc. to finance the purchase of police vehicles and related equipment. An addendum was made on March 18, 2019 to the master tax-exempt lease purchase agreement for \$1,180,000 to purchase 26 police vehicles. This lease agreement has a final maturity date of March 19, 2022, bears interest at 2.93%, and qualifies as a capital lease for accounting purposes and therefore, has been recorded at the present value of the future minimum lease payments as of the inception date. The capital assets acquired through the capital lease are as follows:

| | |
|--------------------------------|----------------------------|
| | Governmental Activities |
| Equipment | \$ 1,180,000 |
| Less: accumulated depreciation | (442,500) |
| Carrying value | <u>\$ 737,500</u> |

In addition, on September 21, 2018, the city entered into a \$2,126,716 Master Tax Exempt Lease with U.S. Bancorp Government Leasing and Finance, Inc. to finance the purchase of solid waste equipment. The lease agreement has a final maturity date of September 21, 2023, bears interest at 3.418%, and qualifies as a capital lease for accounting purposes and therefore, has been recorded at the present value of the future minimum lease payments as of the inception date. The capital assets acquired through the capital lease are as follows:

| | |
|--------------------------------|-----------------------------|
| | Business Type Activities |
| Equipment | \$ 2,126,716 |
| Less: accumulated depreciation | (607,634) |
| Carrying value | <u>\$ 1,519,082</u> |

The following is a schedule of the future minimum lease payments for this capital lease, and the present value of the net minimum lease payments at September 30, 2020:

| | | |
|---|----------------------------|-----------------------------|
| | Governmental Activities | Business Type Activities |
| Year ending September 30, | | |
| 2021 | \$ 416,605 | \$ 469,935 |
| 2022 | 416,604 | 469,935 |
| 2023 | - | 469,935 |
| Total minimum lease payments | <u>833,209</u> | <u>1,409,805</u> |
| Less: amount representing interest | (35,240) | (91,153) |
| Present value of net minimum lease payments | <u>\$ 797,969</u> | <u>\$ 1,318,652</u> |

NOTE 8 - LONG-TERM DEBT

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included in the totals for governmental activities. Payments on the General Obligation Bonds are made by the Debt Service Funds. Payments on the Special Obligation Bonds and Capital Lease are made by the Penny Sales Tax Fund. For the governmental activities, compensated absences are liquidated by the General Benefits and Insurance Internal Service Fund. This fund is reimbursed through payroll charges to the City's governmental funds where the employee vacation benefits are earned. The Net OPEB liability and Net Pension Liability attributed to the Governmental Activities will be liquidated by the General Fund.

City of Sarasota, Florida

Future Revenues that are Pledged

The City has pledged future revenue sources for various debt issues. The following table provides a summary of the pledged revenues for the City's outstanding debt issues:

| Source of Revenue Pledged | Governmental Activities | Business-Type Activities | |
|--|---|--|----------------------------|
| | Penny Sales Tax | Water & Sewer Net Revenue | Parking Management |
| Revenue Pledged Thru | 11/1/2024 | 10/1/2040 | 1/1/2038 |
| Total Principal and Interest Outstanding | \$ 17,502,773 | \$ 68,382,261 | \$ 20,408,753 |
| Current Year Principal and Interest Paid | 2,154,536 | 4,000,318 | 1,117,156 |
| Current Year Revenue | 8,505,525 | 18,960,772 | 931,922 |
| Description of Debt | Series 2009 and 2010 Special Obligation Bonds | Water & Sewer Utility Revenue Bonds issued 2010-2019 | Series 2017 Revenue Bonds |
| Purpose of Debt | Land and Capital Improvements | Construction and Refunding Bonds | St. Armands Parking Garage |
| Debt Coverage | 3.95 | 4.74 | 0.83 |

Defeased Debt

The City has defeased certain bonds by placing the proceeds of new bonds in irrevocable trust accounts to provide for all future debt service payments on the old bonds. All such defeasements have been in prior years. The assets of the trust accounts and the liability for the defeased bonds are not included in the City's financial statements.

On September 30, 2020, outstanding bonds which are considered defeased in substance were:

Business-type Activities:

| | | |
|-----------------------------|--------------|--------------|
| Water & Sewer Revenue Bonds | Series 2010B | \$25,255,000 |
|-----------------------------|--------------|--------------|

The bonds were issued for the purpose of providing funds to advance refund all the City's Water & Sewer Revenue Bonds, Series 2010B, and to paying certain costs and expenses relating to the issuance of the bonds. The City, in effect will reduce its aggregate debt service payments by \$1,670,717 over the next 21.3 years and obtain an economic gain (difference between the present value of the old debt and new debt service payments) of \$906,030.

State Revolving Fund Loans

On June 9, 2017, the City entered into a loan agreement with the Florida Water Pollution Control Financing Corporation for \$25,000,000 at 0.25 percent. The loan proceeds are to be disbursed to the City as costs are incurred for the construction of wastewater and reclaimed water facilities. On November 6, 2017, the City entered into an amendment(1) to increase the loan by \$2,840,000, and on December 14, 2020 the City entered into another amendment (2) to increase the loan by \$5,709,344 for a total loan amount of \$33,549,344. As of September 30, 2020, the City has drawn down \$23,259,571 of the loan proceeds.

On June 22, 2017, the City entered into a loan agreement with the Florida Department of Environmental Protection for \$1,551,000 at 1.24 percent. The loan proceeds are to be disbursed to the City as costs are incurred for construction associated with drinking water facilities. As of September 30, 2020, the City has drawn down \$134,451 of the loan proceeds.

Both loans are 20-year loans with the first principal and interest payment due on January 1, 2022. Loan repayments do not begin until the final draw is made from the loan proceeds.

NOTE 9 - COMPLIANCE WITH RATE COVENANT AND OTHER PROVISIONS

Water and Sewer Revenue Bonds

The Water and Sewer System Revenue Bond Resolution contains the provision that rates and charges for water and sewer service shall be adjusted as it shall appear necessary, so that the net revenues will be sufficient to provide an amount in each fiscal year at least equal to the greater of:

- (i) 100% of all amounts required to be deposited to the Bond Service, Redemption, Reserve, Renewal, Replacement and Improvement, and the General Reserve Accounts pursuant to clauses (a), (b), (c), (d) and (e) of Section 505 of the Bond Resolution for the then current fiscal year, or
- (ii) 125% of the maximum principal and interest requirements for any future fiscal year.

The net revenues generated by the Water and Sewer System are sufficient to satisfy the above rate coverage requirement. The Administration of the City believes that it is in full compliance with Section 708 and all other covenants of the Water and Sewer System Revenue Bond Resolution.

Water and Sewer System Revenue Bond Resolution

The following is a synopsis of the terms of the Water and Sewer System Revenue Bond Resolution which describes the various accounts required to be established; the extent to which use of cash therein is restricted for the benefit of the bondholders; the sequence in which specified amounts of cash from net income are to be transferred into such accounts; special reserve subaccounts to be established within given accounts and the limitations on amounts required to be accumulated; and investment authorizations and related restrictions. The accounts established are listed as follows:

Revenue Account - All revenues of the system are collected by the City and deposited as received into a depository to the credit of the Revenue Account.

Interest and Sinking Account - All debt service requirements are recorded in this account. Three separate subaccounts designated the Bond Service Account, Redemption Account and Reserve Account are established to further delineate the exact purpose of said monies.

Renewal, Replacement and Improvement Account - For paying the cost of unusual or extraordinary maintenance or repairs, the cost of renewals and replacements, the cost of acquiring, installing or replacing equipment, the cost of improvements and providing for the local share of any Federal or State assistance program.

General Reserve Account - To pay the cost of improvements, to pay the cost of purchasing or redeeming bonds, to pay the principal and interest on any obligations subordinate to the bonds issued under the resolution, to make up any deficiencies in any of the Accounts and to pay the cost of any item qualifying as an expenditure of the Renewal, Replacement and Improvement Account.

Flow of Cash from Net Revenues - The Finance Director shall, on or before the 20th day of each month, withdraw the balance remaining in the Revenue Account, less an amount to be held for the payment of current expenses, and deposit the sum withdrawn to the credit of the following accounts in said order:

- (a) to the Bond Service Account, one-sixth of the amount of interest payable on the bonds of each series on the next interest payment date and one-twelfth of the next maturing installment of principal on all serial bonds outstanding;
- (b) to the Redemption Account, one-twelfth of the next maturing installment of principal on all term bonds outstanding;
- (c) to the Reserve Account, such amount, if any, of any balance remaining, equal to the Reserve Account requirement which shall mean the maximum principal and interest coming due in the current or any subsequent fiscal year; provided, however, that the amount so deposited in respect of a

deficiency in the Reserve Account upon any monthly withdrawal from the Revenue Account need not exceed one-sixtieth (1/60th) of the Reserve Account requirement;

(d) to the credit of Renewal, Replacement and Improvement Account, such amount, if any, of any balance remaining; provided that the amount deposited to the credit of said account in each month shall not be less than an amount equal to one-twelfth of eight per centum (1/12 of 8%) of the revenues for the preceding fiscal year if at the time of such deposit the unencumbered balance of said account is less than \$1,000,000; and provided further that the City Commission by resolution may establish maximum deposits to the credit of the Renewal, Replacement and Improvement Account for a period of time necessary to insure a regular flow of deposits to the General Reserve Account for the purpose of said Account;

(e) to the General Reserve Account, the balance, if any, remaining after making the deposits under clauses (a), (b), (c) and (d) above; provided, however, the amount of net impact fees will be deposited to an impact fee subaccount within the General Reserve Account.

If the amount deposited in any month to the credit of any of the accounts shall be less than the amount required to be deposited under the foregoing provision of this section, the requirement, therefore, shall nevertheless be cumulative and the amount of any deficiency in any month shall be added to the amount otherwise required to be deposited in each month thereafter until such time as all such deficiencies have been made up.

Security for Deposits - All monies deposited with a depository shall be held in trust and guaranteed by the Federal Deposit Insurance Corporation or other Federal Agencies and any monies in excess of said guarantee shall be secured by setting aside government obligations or other marketable securities, with the approval of the Finance Director, having a market value not less than the amount of such deposits, or in such other manner as permitted by applicable State of Florida or federal laws.

Investments - Monies held for the credit of the various accounts are invested and reinvested by the Finance Director as follows:

Construction, revenue, bond service, redemption, reserve, renewal, replacement and improvement and general reserve accounts: investment obligations or time deposits which mature or are subject to redemption not later than the dates that monies held for the credit of these accounts are required for the purposes intended. However, investments for the Reserve Account are subject to redemption not later than the date of maturity of the bonds issued.

NOTE 10 - RESTRICTED ASSETS

The balances of restricted asset accounts in the enterprise funds at September 30, 2020, are as follows:

| | | |
|-------------------------------------|--------------|----------------------|
| <u>Water and Sewer</u> | | |
| Revenue Account - Customer deposits | \$ 1,292,876 | |
| Interest & Sinking Account | 3,847,883 | |
| Construction Accounts | 5,164,988 | |
| | | 10,305,747 |
| <u>Solid Waste</u> | | |
| Customer Deposits | | 5,767 |
| <u>Parking Management</u> | | |
| Construction Accounts | | 5,108,577 |
| Total | | <u>\$ 15,420,091</u> |

NOTE 11 - SELF-INSURANCE PROGRAMS

The City's self-insurance programs are accounted for as an Internal Service Fund, which was established to account for and finance its uninsured risks of loss. All funds of the City participate in the program and make payments to the General Benefits and Insurance Fund. Fund revenues are primarily contributions from other funds for amounts needed to pay insurance premiums, anticipated self-insured losses and administrative expenses.

Group Health is a plan providing medical and dental coverage for employees and retirees. The employee's health benefits are accounted for in the General Benefits and Insurance Internal Service Fund. The retiree health benefits are partially funded and accounted for in the OPEB Trust Fund.

The total claims liability of \$3,647,265 at September 30, 2020, includes \$2,240,006 for workers compensation, \$1,183,835 for group health, \$213,424 for police liability and \$10,000 for general liability. This claims liability is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for unpaid claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated annually to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The City is self-insured for the following types of risk exposures which are limited by insurance coverage as noted:

General and Automotive Liability - The City is fully self-insured for general and automotive liability coverage and is relying on state statutes, which limit damage awards against state and local governments to \$200,000 per claim and \$300,000 per occurrence. However, there have been specific instances when the state legislature has overridden the statutes.

Group Health - The City provides employees/retirees medical and dental coverage through a self-funded health plan. The City is self-insured for health claims on a per individual basis up to \$250,000 annually. The City has insurance coverage for claims in excess of \$250,000.

Workers' Compensation - The City is self-insured for workers' compensation claims on a per occurrence basis up to \$500,000. The City has insurance coverage for claims in excess of \$500,000.

Law Enforcement Death Benefit - This program provides a maximum benefit of \$225,000 for law enforcement that are intentionally killed as a consequence of performing their duties. The City is fully self-insured for this benefit.

Police Liability - This program provides indemnification to police officers while acting on behalf of the City. The City is partially self-insured on a per claim basis up to \$25,000 and for amounts in excess of \$1,000,000. The City has insurance coverage for claims between these two limits.

The claims liability accrued at September 30, 2020, for the self-insurance programs do not include automotive liability and law enforcement death benefit.

The City obtains an annual actuarial review on its group health, workers' compensation, general liability and police liability self-insurance programs. Although the level of funding for some of the City's self-insurance programs have not been based upon actuarial computations, the actuarial reviews verified that the programs are adequately funded.

City of Sarasota, Florida
Notes to the Financial Statements
September 30, 2020

Changes in claims liability amounts were as follows:

| | General Benefits and Insurance Fund | | OPEB Trust Fund | |
|-----------------------------------|--|-------------------------------|-------------------------------|-------------------------------|
| | Year ended 9/30/19 | Year ended 9/30/20 | Year ended 9/30/19 | Year ended 9/30/20 |
| Unpaid claims, beginning of year | \$ 2,660,759 | \$ 2,791,859 | \$ 473,361 | \$ 521,674 |
| Incurred claims (including IBNRs) | 8,806,780 | 7,036,508 | 7,060,702 | 5,343,003 |
| Claim payments | (8,675,680) | (6,720,791) | (7,012,389) | (5,324,988) |
| Unpaid claims, end of year | <u>\$ 2,791,859</u> | <u>\$ 3,107,576</u> | <u>\$ 521,674</u> | <u>\$ 539,689</u> |

The City purchases commercial insurance for property damage. There were no significant reductions in coverage from prior year. There were no settlements of property damage claims in excess of insurance coverage in each of the past three years.

NOTE 12 - COMMITMENTS

Construction/consulting commitments

The City has active construction and other projects as of September 30, 2020. At year end the City's commitments with contractors and consultants are as follows:

| | Spent to-date | Remaining Commitment |
|--|--------------------------|---------------------------------|
| <u>Business-type Activities:</u> | | |
| Lift Station 87 Structure | \$ 19,710,921 | \$ 1,618,651 |
| Osprey Avenue Utility and Road Improvement | 2,841,265 | 6,134,817 |
| Osprey, Alta Vista, Pomelo Gravity Main Replacement | 427,899 | 9,729,477 |
| US 41 and Fruitville Roundabout | 5,377,059 | 1,551,076 |
| Bayfront Park, Siesta Drive, and 7th Street Water Main Replacement | 23,200 | 1,500,549 |
| Coon Key MURT | 1,209,789 | 757,755 |
| Total | <u>\$ 29,590,133</u> | <u>\$ 21,292,325</u> |

Encumbrances

The City uses encumbrances to control expenditure commitments for the year and to enhance cash management. Encumbrances represent commitments related to contracts not yet performed and purchase orders not yet filled (executory contracts; and open purchase orders). Commitments for such expenditure of monies are encumbered to reserve a portion of applicable appropriations. Encumbrances still open at year-end are not accounted for as expenditures and liabilities but, rather, as restricted, committed, or assigned governmental fund balance. As of September 30, 2020, total governmental fund encumbrance balances for the City are as follows:

| | |
|-----------------------------------|---------------------|
| Governmental Activities: | |
| General Fund | \$ 455,233 |
| Penny Sales Tax | 3,694,430 |
| Community Redevelopment | 142,695 |
| Housing and Community Development | 19,225 |
| Tourist Development Tax | 259,931 |
| Development Services | 171,724 |
| Nonmajor Governmental Funds | 3,441,247 |
| Total | <u>\$ 8,184,485</u> |
| Component Units: | |
| Downtown Improvement District | \$ 29,008 |
| St. Armands Business District | 30,657 |
| Total | <u>\$ 59,665</u> |

Operating Leases

There are no commitments under operating lease agreements for equipment and building during the next fiscal year.

Interlocal Agreement Fire/EMS Services

On November 21, 1995, the City entered into an agreement with Sarasota County for the consolidation of fire, communications, and emergency medical services. The City and Sarasota County are mutually interested in providing professional fire, emergency medical service (EMS) protection, emergency communications for the dispatch of law enforcement, fire emergency management personnel, and other services to the citizens and properties within their respective jurisdictions. The common objective is to improve efficiency and technical capability while reducing the overall cost of such services to the citizenry. The County is responsible for operating and maintaining the Fire/EMS facilities. All facilities and improvements shall remain the property of the City and the City will continue to pay debt service on the facilities and properties with certain limitations.

The City and County entered into a new agreement effective October 1, 2003, that remains in effect until September 30, 2023. The agreement will renew automatically for successive additional periods of twenty years. Either party may terminate this agreement with at least 365 days written notice during the following time periods: from August 1, 2020, to September 30, 2020. The new agreement provides for the City to pay to the Firefighters' Pension Plan the lesser amount of the monies equivalent to the sum total of the Share Distribution paid to firefighters and the surviving spouse of firefighters that retired prior to January 1, 1996, or the required Employer's annual contribution to that plan. In addition, the City agrees each fiscal year to pay to the Firefighters' Pension Plan the lesser amount of either \$500,000 or the amount of the required Employer's annual contributions, less the amount of the City's payment to fund the Share Distribution in excess of \$1,700,000. In addition, each fiscal year for which the required Employer's annual contribution, less the amount of the City's payment to fund the Share Distribution, exceeds \$2,200,000, the County and City shall pay to the Firefighters' Pension Plan monies equivalent to the amount of the excess as follows: 67% by the County and 33% by the City. For the current fiscal year the required contribution from the City was \$3,239,310.

Sports Complex Interlocal Agreement

The City owned a Major League Baseball (MLB) spring training complex which was accounted for as an enterprise fund. The sports complex had been used for MLB spring training since it was completed in 1989. The sports complex required substantial renovation in order to attract a MLB team to conduct spring training at the facility. The City transferred ownership of the sports complex to the County for one dollar on November 10, 2009. In addition, the City provided the County with \$9,753,524 that was used for the renovation of the stadium. This funding came from grant funds and the proceeds of bonds issued by the City. Funding for the bond principal and interest payments will come from a Florida Office of Tourism, Trade and Economic Development grant.

The County has entered into a 30 year lease agreement with the Baltimore Orioles Major League Baseball team to use the sports complex as its spring training site. The County and the Baltimore Orioles designed and completed a substantial renovation to the sports complex. The City will have no further obligation to provide funding for the operation, maintenance or capital repairs and improvements while the sports complex is under County ownership.

The County shall have the obligation to transfer ownership of the sports complex back to the City in the event that: (1) Major League spring training activities at the sports complex are discontinued by the Baltimore Orioles for a period of two years and no other MLB club agrees to use the sports complex for spring training activities, and (2) the County has repaid any and all debt issued in connection with the substantial renovation of the sports complex or any future capital repair or improvement; provided, however, that the County shall not issue debt having payment obligations that extend beyond the term of the lease, or any lease extension, between the County and the Baltimore Orioles. In order to effectuate this obligation, the City must first notify the County in writing that it is of the opinion that the two above-described events have occurred, including a demand that ownership of the sports complex be transferred back to the City. The purchase price to be paid by the City to the County at the time of transfer shall be one dollar.

Upon transfer of the sports complex back to the City, the sports complex shall be used for public recreational or other public use. In the event that the City desires to make the sports complex available for non-public uses the County shall have the option to purchase or lease the sports complex from the City. If the sports complex is purchased, the purchase price to be paid by the County to the City at the time of transfer shall be the appraised value of the sports complex land exclusive of the value of the improvements, assuming

its use as a publicly owned sports complex. If the sports complex is leased, the rent to be paid by the County to the City shall be established on the basis that is a land lease only and shall exclude the value of the improvements.

NOTE 13 - CONTINGENCIES

COVID-19 Pandemic

The COVID-19 pandemic has created economic turmoil. Beginning in March 2020, the City was impacted by the pandemic, both operationally and financially. Significant declines in the financial markets and economic activity have taken a toll on the major revenues of the City, primarily Sales Tax and Charges for Services. At the onset of the pandemic, many recreational and cultural activities provided by the City were curtailed. As the fiscal year ended and the new fiscal year begins, many of these activities are still not operating at full capacity. The City has taken measures to budget accordingly for Fiscal Year 2021 with the anticipation of lower revenues and corresponding expenditures. The long-term effect of this pandemic is expected to be significant but is not quantifiable at this time.

Grant Programs

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

Other

The City is engaged in numerous other legal actions alleging damages as a result of acts or omissions of the City, its officers, agents, or employees with a potential liability of up to \$1,000,000. The administration of the City believes that the ultimate outcome will not have a material adverse effect on the City.

NOTE 14 – DEFINED BENEFIT RETIREMENT PLANS

The City maintains three defined benefit, public employee retirement plans. Assets are held separately and may be used only for the payment of benefits to the members and administrative expenses of the respective plans. The Plans are administered by a separate Board of Trustees. The City Commission approves all plan provisions and amendments. Each Plan’s financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due and a formal commitment to provide contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. The Plans issue stand alone, audited financial reports financial statements including all required note disclosures and supplementary information. The pension plan’s fiduciary net position in the City’s annual financial report has been determined on the same basis used in the pension plan’s stand-alone financial reports. The standalone reports may be obtained from the City of Sarasota City Auditor and Clerk’s website at <https://www.sarasotafl.gov/government/city-auditor-and-clerk>.

Previously, the General Employees', Police Officers' and Firefighters' Defined Benefit Pension Plans implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. In addition to other disclosures, the GASB requires the following schedules be included in the Required Supplementary Information section of this report for the General Employees' and Police Officers' Defined Benefit Pension Plans:

- A 10-year schedule of changes in the net pension liability,
- A 10-year schedule of contributions, and
- A 10-year schedule of the annual money-weighted rate of return on pension plan investments.

The GASB requires the following schedules be included in the Required Supplementary Information section of this report for the Firefighters' Defined Benefit Pension Plan:

- A 10-year schedule of the City’s proportionate share of the net pension liability,
- A 10-year schedule of City contributions.

Until a full 10-year trend is compiled, the Plans will present information for those years for which information is available.

GASB Statement No. 68 allows a measurement date for employers that is no earlier than the employer’s prior fiscal year end. The City chooses to use the prior fiscal year’s measurement date for its defined benefit retirement plans. This insures that the City’s annual report can be issued on a timely basis.

A. General Employees Defined Benefit Pension Plan

Plan administration. The City of Sarasota General Employees’ Defined Benefit Pension Plan, a defined benefit single-employer public employee retirement plan, is administered by the Plan’s Board of Trustees in accordance with Chapter 24, Article II, of the Sarasota City Code, 1986, as restated on November 16, 2009. The Plan’s Board of Trustees consists of the City Auditor and Clerk, the Finance Director, four (4) members of the Plan, and a trustee who is a legal resident of the City and appointed by the City Commission.

Plan membership. The Plan is closed to new members. At September 30, 2020, membership consisted of the following:

| | |
|---|------------|
| Inactive plan members or beneficiaries currently receiving benefits | 428 |
| Inactive plan members entitled to but not yet receiving benefits | 14 |
| Active plan members | <u>148</u> |
| Total | <u>590</u> |

Benefits provided. The Plan covers permanent, probationary and full time City of Sarasota employees who are not members of the Police Officers’ or Firefighters’ Pension Plans and were hired prior to September 7, 2011. The Plan also covers some previous City employees that became Sarasota County employees

through consolidation. Members may retire as early as age 55 with 10 years of service. Such a retiree would receive a retirement benefit based upon a percentage of average annual earnings during the highest 4 years of the last 10 years of employment prior to the date of retirement multiplied by the years of service. The retirement benefit percentage increases based upon the retiree's age up to a maximum of 2.5 percent at age 65, or after 30 years of service regardless of age. The Plan provides disability benefits as if the participant retired at age 65, providing that 10 years of credited service has been attained. If an employee separates service from the City before achieving 10 years of credited service, the employee will receive his contributions plus 4.5 percent interest compounded annually.

Contributions. Plan members are required to contribute 6 percent of their annual pay to the Plan and the City and County contribution must be at least 8 percent of annual payroll. The Plan's Board of Trustees has elected to change to a dollar-based contribution determination method, therefore \$6,794,635 is required to be contributed by the City and County for the fiscal year ending September 30, 2020. The actuarially determined City & County contribution is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability.

During the year ending September 30, 2020, contributions were made in accordance with contribution requirements determined by an actuarial valuation of the Plan as of September 30, 2019. Contributions totaling \$7,395,743 were from the following sources; the City and County contributed \$6,794,635 and plan members contributed \$601,108.

Deferred retirement option plan. Effective November 20, 2000, the City approved an ordinance creating a deferred retirement option plan (DROP). In lieu of terminating employment, any member may elect to defer receipt of such service retirement pension and to participate in the DROP. A member's participation in the DROP may not exceed sixty months beginning at the time the election becomes effective. A member may participate only once. An account is established for each member participating in the DROP. The member's DROP account consists of the monthly retirement benefit the member would have received had they terminated their employment and the earnings on those amounts. The accounts of members that entered the DROP prior to December 28, 2011, will be credited with interest at an effective rate of six and one-half (6 ½) percent per annum compounded quarterly. The accounts of members that entered the DROP on or after December 28, 2011, will be credited with interest at an effective rate of two (2) percent per annum compounded quarterly. The accrued benefit at September 30, 2020, was \$1,483,455 and is included in net position restricted for pensions.

Investment policy. All investments of the Plan must be consistent with the investment policy adopted by the Plan's Board of Trustees. The policy is structured to maximize the financial return to the Plan consistent with the risks incumbent in each investment and is structured to establish and maintain an appropriate diversification of the Plan's assets. Investments of the Plan are comprised of money market funds, U.S. Government securities, U.S. Government agency securities, common and preferred stocks, corporate bonds and notes, real estate funds, and foreign stocks as authorized by Plan policies. The investments as of September 30, 2020, for the Plan are reported in Note 3.

Rate of return. For the year ended September 30, 2020, the annual money-weighted rate of return on Plan investments, net of Plan investment expense was 5.9 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Actuarial assumptions. The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of September 30, 2019.

The total pension liability was rolled forward from the valuation date to the plan year ending September 30, 2020 using the following actuarial assumptions applied to all measurement periods:

| | |
|---------------------------|--|
| Inflation | 2.30% |
| Salary increases | 4.70% to 6.30% depending on age, including inflation |
| Investment rate of return | 6.80%, net of pension plan investment expense |

As of September 30, 2020, mortality rates were based on the RP-2000 Combined Healthy Participant Mortality Table for Annuitants (for postretirement mortality), with mortality improvement projected to all future years after 2000 using Scale BB.

The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of Plan investment expense) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Plan's target asset allocation as of September 30, 2020, (see the discussion of the Plan's investment policy) are summarized in the following table:

| <u>Asset Class</u> | <u>Long-Term Expected Real Rate of Return</u> |
|------------------------|---|
| Domestic equity | 6.66% |
| Fixed income | 1.64% |
| International equity | 5.55% |
| Real estate | 5.39% |
| Other (Infrastructure) | 5.90% |

Discount rate. A single discount rate of 6.80 percent was used to measure the total pension liability. This single discount rate was based on the expected rate of return on Plan investments of 6.80 percent. The projection of cash flows used to determine this single discount rate assumed that plan members contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments (6.80%) was applied to all periods of projected benefit payments to determine the total pension liability.

The single discount rate was developed as follows:

| | |
|---|-------|
| Single discount rate | 6.80% |
| Long-term expected rate of return | 6.80% |
| Long-term municipal bond rate * | 2.75% |
| Last year ending September 30 in the 2020 to 2119 projection period for which projected benefit payments are fully funded | 2119 |

* Source: Fidelity General Obligation AA rate as of September 30, 2020, which is the rate for Fixed Income Market Data/ Yield Curve/ Data for Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index." Fidelity notes that the municipal curves are constructed using option-adjusted analytics across a diverse population of over 10,000 tax exempt municipal securities.

Sensitivity of the net pension liability to changes in the discount rate. The following presents the Plan's net pension liability, calculated using a single discount rate of 6.80%, as well as what the Plan's net pension liability would be if it were calculated using a single discount rate that is one percentage-point lower or one percentage-point higher:

| | <u>1% Decrease (5.80%)</u> | <u>Current Discount Rate (6.80%)</u> | <u>1% Increase (7.80%)</u> |
|-----------------------|----------------------------|--------------------------------------|----------------------------|
| Net pension liability | \$ 81,488,102 | \$ 57,501,561 | \$ 37,327,715 |

City of Sarasota, Florida
Notes to the Financial Statements
September 30, 2020

Changes in the Net Pension Liability. The changes in Net Pension Liability for the General Employees Defined Benefit Pension Plan are as follows:

| | Increase (Decrease) | | |
|---|--------------------------------|------------------------------------|--|
| | Total Pension Liability | Plan Fiduciary Net Position | Net Pension Liability / (Asset) |
| Balance at September 30, 2018* | \$ 208,137,577 | \$ 162,385,768 | \$ 45,751,809 |
| Changes for the year: | | | |
| Service cost | 2,125,447 | -- | 2,125,447 |
| Interest on the total pension liability | 13,943,309 | -- | 13,943,309 |
| Differences between expected and actual experience | (66,942) | -- | (66,942) |
| Changes of assumptions | 2,174,917 | -- | 2,174,917 |
| Contributions from the employer | -- | 6,844,845 | (6,844,845) |
| Contributions from employees | -- | 640,783 | (640,783) |
| Net investment income | -- | (818,083) | 818,083 |
| Administrative expenses | -- | (240,566) | 240,566 |
| Other | -- | -- | - |
| Benefit payments, including refunds of employee contributions | (14,211,262) | (14,211,262) | -- |
| Net changes | 3,965,469 | (7,784,283) | 11,749,752 |
| Balance at September 30, 2019* | <u>\$ 212,103,046</u> | <u>\$ 154,601,485</u> | <u>\$ 57,501,561</u> |

*Measurement date

Net pension liability. The net pension liability is measured as the total pension liability, less the amount of the pension plan's fiduciary net position. In actuarial terms, this will be the accrued liability less the market value of assets (not the smoother actuarial value of assets that is often encountered in actuarial valuations performed to determine the employer's contribution requirement). The components of the net pension liability at September 30, 2019, were as follows:

| | |
|--|----------------------|
| Total pension liability | \$ 212,103,046 |
| Plan fiduciary net position | <u>154,601,485</u> |
| Net pension liability | <u>\$ 57,501,561</u> |
| Plan fiduciary net position as a percentage of the total pension liability | 72.89% |

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions. For the year ended September 30, 2020, the City recognizes pension expense of \$7,766,528 for the General Employees Defined Benefit Pension Plan (GEDBPP). At September 30, 2020, the City has deferred outflows and deferred inflows of resources related to the GEDBPP as follows:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|---------------------------------------|--------------------------------------|
| Difference between expected and actual experience | \$ -- | \$ 27,564 |
| Changes in assumptions | 895,554 | -- |
| Contributions to the pension plan subsequent to the measurement date | 5,855,246 | -- |
| Net difference between projected and actual earnings on pension plan investments | 4,033,386 | |
| Total | <u>\$ 10,784,186</u> | <u>\$ 27,564</u> |

\$5,855,246 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

| Year Ended September 30, | Deferred Outflows/(Inflows) of Resources |
|--------------------------|--|
| 2021 | \$ 706,620 |
| 2022 | 59,902 |
| 2023 | 1,778,379 |
| 2024 | 2,356,475 |

B. Firefighters Defined Benefit Pension Plan

Plan administration. The City of Sarasota Firefighters' Defined Benefit Pension Plan, a defined benefit cost-sharing multiple employer public employee retirement plan, is administered in accordance with Chapter 24, Article II, of the Sarasota City Code, 1986, as restated on November 16, 2009. On January 1, 1996, the City's Fire/Rescue Department was consolidated with Sarasota County, as such the Plan is closed to new entrants. The Plan remains intact with Sarasota County and the City of Sarasota making the employer contributions.

Florida Statute Chapter 175 requires that the Board of Trustees be comprised of two members appointed by the City Commission, two members elected by a majority of the firefighters who are members of the Plan, and a fifth member chosen by a majority of the other members and administratively appointed by the City Commission.

Plan membership. The Plan is closed to new members. At September 30, 2020, membership consisted of the following:

| | |
|---|------------|
| Inactive plan members or beneficiaries currently receiving benefits | <u>162</u> |
| Total | <u>162</u> |

Benefits provided. The Plan covers former City of Sarasota firefighters who are employed by Sarasota County as a result of the consolidation. Any Plan member who has creditable service of 10 years and has attained age 50 or has creditable service of 25 years, regardless of age, is eligible for normal retirement. Such a retiree would receive a normal retirement benefit of 3 percent of average annual earnings during the highest 3 years of service during the last 10 years of service multiplied by the years of service. The pension benefit cannot exceed the average taxable earnings for the last 3 years of employment.

The Plan provides disability benefits for both duty related and not duty related disabilities. Disability caused by performance of duties is computed at 3 percent of average compensation multiplied by years of service (minimum 25 years), and, at all times, must be equal to at least fifty percent of the base salary for a journeyman fire medic top step. A not in line of duty disability is computed at 2.5 percent of average compensation multiplied by years of service plus 5 percent of the firefighter's last monthly salary for each eligible child.

The Plan provides death benefits for both duty related and not duty related deaths. Death caused by performance of duties is computed at two-thirds of 3 percent of average compensation multiplied by the years of service (minimum 25 years) plus 5 percent of the firefighters' last monthly salary for each eligible child. A not in line of duty death is computed at two-thirds of 2.5 percent of average compensation multiplied by years of service plus 5 percent of the firefighters' last monthly salary for each eligible child.

Contributions. Plan members are required to contribute 8 percent of their annual salary to the Plan. Other contributions are received from the State of Florida, Sarasota County and the City. The State of Florida

contribution results from the City's share of insurance tax. The County of Sarasota and the City contribute an amount to make the fund actuarially sound.

The City makes contributions to the Plan in accordance with a funding schedule outlined in an Interlocal Agreement with Sarasota County. The City's contractually required contribution rate for the year ended September 30, 2020, was 33 percent of an actuarially determined amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Plan from the City were \$3,270,691 for the year ended September 30, 2020.

The State of Florida makes contributions from taxes on casualty insurance premiums. The City recognized its portion of these on-behalf payments from the State as revenue and personnel expenditures in the City's General Fund before they were recorded as contributions in the Firefighters' Pension Plan.

Investment policy. All investments of the Plan must be consistent with the investment policy adopted by the Plan's Board of Trustees. The policy is structured to maximize the financial return to the Plan consistent with the risks incumbent in each investment and is structured to establish and maintain an appropriate diversification of the Plan's assets. Investments of the Plan are comprised of money market funds, U.S. Government securities, U.S. Government agency securities, municipal securities, common stock, corporate bonds and notes, real estate funds, and foreign stocks as authorized by Plan policies. The investments as of September 30, 2020, for the Plan are reported in Note 3.

Rate of return. For the year ended September 30, 2020, the annual money-weighted rate of return on Plan investments, net of Plan investment expense was 9.71%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Actuarial assumptions. The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of September 30, 2019. The total pension liability was rolled forward from the valuation date to the plan year ending September 30, 2020 using the following actuarial assumptions applied to all measurement periods:

| | |
|---------------------------|------------------------------------|
| Inflation | 3.75% |
| Salary increases | 3.75% to 6.75% including inflation |
| Investment rate of return | 6.85% |

Mortality rates were based on the Florida Retirement System (FRS) mortality tables which use variations of fully generational RP-2000 Mortality Tables with projection scale BB.

The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of Plan investment expense) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Plan's target asset allocation as of September 30, 2019, (see the discussion of the Plan's investment policy) are summarized in the following table:

| <u>Asset Class</u> | <u>Long-Term Expected Real Rate of Return</u> |
|----------------------------|---|
| Domestic Equity securities | 6.60% |
| Fixed income securities | 1.50% |
| Real estate | 5.60% |
| Infrastructure | 5.70% |
| International Equity | 5.60% |

Discount rate. A single discount rate of 6.85% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on Plan investments of 6.85%. The projection of cash flows used to determine this single discount rate assumed that plan members contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the

City of Sarasota, Florida
Notes to the Financial Statements
September 30, 2020

difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments (6.85%) was applied to all periods of projected benefit payments to determine the total pension liability.

The single discount rate was developed as follows:

| | |
|---|-------|
| Single discount rate | 6.85% |
| Long-term expected rate of return | 6.85% |
| Long-term municipal bond rate * | 2.75% |
| Last year ending September 30 in the 2021 to 2120 projection period for which projected benefit payments are fully funded | 2120 |

* Source: Fixed income municipal bonds with 20 years to maturity that include only federally tax exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index" as of September 30, 2020. In describing this index, Fidelity notes that the municipal curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax-exempt securities.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate. The following presents the City's proportionate share of the net pension liability, calculated using a single discount rate of 6.85%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a single discount rate that is one percentage-point lower or one percentage-point higher:

| | Net Pension Liability | | |
|---|------------------------------------|--|------------------------------------|
| | 1% Decrease (5.85)% | Current Discount Rate (6.85%) | 1% Increase (7.85)% |
| City of Sarasota's proportionate share of net pension liability | \$ 18,283,144 | \$ 10,723,383 | \$ 4,481,229 |

Net pension liability. At September 30, 2020, the City reported a liability of \$10,723,383 for its proportionate share of the net pension liability. The net pension liability was measured as of September 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the Plan relative to the projected contributions of all participating employers actuarially determined. At September 30, 2020, the City's proportion was 33 percent, which was the same proportion measured as of September 30, 2019.

Pension plan fiduciary net position. Detailed information about the Plan's fiduciary net position is available in the separately issued Firefighters Defined Benefit Pension Plan financial report.

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions. For the year ended September 30, 2020, the City will recognize pension expense of \$1,605,654 for the Firefighters Defined Benefit Pension Plan (FFDBPP). At September 30, 2020, the City has deferred outflows and deferred inflows of resources related to the FFDBPP as follows:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|---|--|
| Contributions to the pension plan subsequent to the measurement date | \$ 3,383,047 | \$ -- |
| Net difference between projected and actual earnings on pension plan investments | 804,081 | -- |
| Total | <u>\$ 4,187,128</u> | <u>\$ --</u> |

\$3,383,047 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources of resources related to pensions will be recognized as pension expense as follows:

| Year Ended September 30, | Deferred Outflows/(Inflows) of Resources |
|--------------------------|--|
| 2019 | \$ (157,508) |
| 2020 | 50,531 |
| 2021 | 364,177 |
| 2022 | 546,881 |

C. Police Officers Defined Benefit Pension Plan

Plan administration. The City of Sarasota Police Officers' Defined Benefit Pension Plan, a defined benefit single-employer public employee retirement plan, is administered by the Plan's Board of Trustees in accordance with Chapter 24, Article II of the Sarasota City Code, 1986, as amended and restated.

Florida Statute Chapter 185 requires that the Board of Trustees be comprised of two members appointed by the City Commission, two members elected by a majority of the police officers who are members of the Plan, and a fifth member chosen by a majority of the other members and administratively appointed by the City Commission.

The Plan also provides for compliance with Chapter 185, Florida Statutes to ensure the Plan will continue to qualify for funding under F.S. 185.08 in the event a change to the statute is effective before the Plan can be amended. The City Commission may not amend the Plan to reduce the vested accrued benefit of members or beneficiaries.

Plan membership. At September 30, 2020, membership consisted of the following:

| | |
|---|------------|
| Inactive plan members or beneficiaries currently receiving benefits | 220 |
| Inactive plan members entitled to but not yet receiving benefits | 6 |
| Active plan members | <u>164</u> |
| Total | <u>390</u> |

Benefits provided. The Plan provides disability benefits for both duty related and non-duty related disabilities. If the Board determines that the disability was caused by performance of duty, the pension is calculated the same as if he or she had taken normal retirement after a minimum of 25 years of service. The Plan calls for minimum payments to in the line of duty disability recipients and their beneficiaries. Disability for police officers injured not in the line of duty is computed at 2.50% of average compensation multiplied by years of service (maximum of forty years), plus 5% of police officers' last monthly salary for each eligible child.

If any police officer is killed as a result of performing duties, the beneficiaries are entitled to the same monthly pension as if the deceased had taken a normal retirement after a minimum of 25 years of service. If any police officer dies of causes not directly related to performing duties, the beneficiaries are entitled to receive the same monthly pension as if the deceased had received disability benefits not in the line of duty and then died.

If an employee separates from the City before achieving 10 years of credited service, the employee will receive the full amount of his or her contributions plus regular interest. This will be a complete discharge of benefits under the Plan. If an employee separates service from the City after 10 years of credited service they may receive a pension starting at age 55, a refund of contributions and interest, or receive a reduced retirement pension starting any time after age 50.

Other contributions are received from the State of Florida and the City. The State of Florida contribution results from the City's share of insurance tax. The City contributes an amount to make the Plan actuarially sound, but not less than 8% of payroll.

If a member served as a police officer with the City during a period of previous employment or if a member served as a police officer for any other municipal, county or state law enforcement department in the United States, he or she may contribute an actuarially determined amount to the Plan to effectively purchase those prior service years. However, the member may not purchase prior police service that is counted for retirement benefits from another pension plan. The prior service time must be for at least one year and there is no maximum limit. In addition, the Plan also accepts rollovers of eligible pension accounts solely for the purpose of purchasing credited service.

The Fund also provides for compliance with Chapter 185, *Florida Statutes* to ensure the Fund will continue to qualify for funding under Florida Statute 185.08 in the event a change to the statute is effective before the Fund can be amended. The City Commission may not amend the Fund to reduce the vested accrued benefit of members or beneficiaries.

On December 8, 2017, the City approved Ordinance 17-5232 which establishes a defined contribution plan (a "share plan") to provide special benefits to police officers and retirees with a determination of eligibility made each plan year beginning October 1.

Under the provision of the ordinance, the initial amount to be allocated to the share plan shall be \$421,898, which reflects 50% of the accumulated excess premium tax revenues that have not been allocated to fund benefits as of September 30, 2018.

In any plan year, following the initial funding of share accounts in which annual premium tax revenues exceed \$773,572, the individual share account of each active police officer or DROP participant who was a member of the share plan on the preceding September 30, shall be credited with an equal share of 50% of the excess. For the year ended September 30, 2019, the share plan had a balance of \$328,735

Contributions. Participants are required to contribute 8 percent of their annual salary to the Plan. If an employee separates service from the City before achieving 10 years of credited service, the employee will receive his contributions plus 5 percent regular interest compounded annually. Other contributions are received from the State of Florida and the City. The State of Florida contribution results from the City's share of insurance tax. The City contributes an amount to make the fund actuarially sound, but not less than 8 percent of payroll. The projection of benefits for financial reporting purposes *does not* explicitly incorporate the potential effects of legal or contractual funding limitations.

During the year ended September 30, 2020, contributions totaling \$9,151,455 were made in accordance with contribution requirements determined by an actuarial valuation of the Plan as of September 30, 2019. The City contributed \$7,279,326; the State of Florida contributed \$718,233 and the employees contributed \$1,153,896.

The State of Florida makes contributions from taxes on casualty insurance premiums. The City recognized these on-behalf payments from the State as revenue and personnel expenditures in the City's General Fund before they were recorded as contributions in the Police Officers' Pension Plan.

Deferred retirement option plan. Effective December 21, 1998, the City approved an ordinance creating a deferred retirement option plan (DROP). In lieu of terminating employment as a police officer, any member may elect to defer receipt of such service retirement pension and to participate in the DROP. A member's participation in the DROP may not exceed sixty months beginning at the time the election becomes effective. A member may participate only once.

A separate general ledger account is created for each member participating in the DROP to track earnings, contributions and payments. The member's DROP account consists of the monthly retirement benefit the member would have received had they terminated their employment as a police officer and the earnings of those amounts. To maximize earnings potential for each DROP participant, the funds are pooled with the investments in the Fund.

For members who entered the DROP prior to October 1, 2012, the member elects to receive either interest at a fixed rate of 6.5% per annum, compounded quarterly, or the actual net rate of investment return realized by the pension Fund. For those who entered the DROP on or after October 1, 2012, the member elects to receive either interest at a fixed interest rate of 2.5% per annum compounded quarterly, or the actual rate of investment return realized by the pension Fund. The DROP amount included as a component of net position at September 30, 2019, was \$1,675,151.

Investment policy. All investments of the Plan must be consistent with the investment policy adopted by the Plan's Board of Trustees. The policy is structured to maximize the financial return to the Plan consistent with the risks incumbent in each investment and is structured to establish and maintain an appropriate diversification of the Plan's assets. Investments of the Plan are comprised of money market funds, U.S. Government securities, U.S. Government agency securities, municipal securities, common and preferred stocks, stock mutual funds, bond mutual funds, corporate bonds, real estate mutual funds, and foreign mutual funds as authorized by Plan policies. The investments as of September 30, 2020, for the Plan are reported in Note 3.

Rate of return. For the year ended September 30, 2020, the annual money-weighted rate of return on Plan investments, net of Plan investment expense was 10.70%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. *Actuarial assumptions.* The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of September 30, 2019. The total pension liability was rolled forward from the valuation date to the Plan year ending September 30, 2020, using the following actuarial assumptions applied to all measurement periods:

| | |
|---------------------------|---|
| Inflation | 2.30% |
| Salary increases | 5.20% to 19.30% depending on service, including inflation |
| Investment rate of return | 7.00% |

RP-2000 Combined Healthy Participant Mortality Table (for preretirement mortality) and the RP-2000 Mortality Table for Annuitants (for postretirement mortality), with mortality improvements projected to all future years after 2000 using Scale BB. For males, the base mortality rates include a 90% blue collar adjustment and a 10% white collar adjustment. For females, the base mortality rates include a 100% white collar adjustment. These are the same rates currently in use for Special Risk Class members in the July 1, 2018 actuarial valuation of the Florida Retirement System (FRS). Florida Statutes Chapter 112.63(1)(f) mandates the use of the mortality tables used in either of the two most recently published actuarial valuation reports of FRS.

The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of Plan investment expense) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Plan's target asset allocation as of September 30, 2020, (see the discussion of the Plan's investment policy) are summarized in the following table:

| <u>Asset Class</u> | <u>Long-Term Expected Real Rate of Return</u> |
|----------------------|---|
| Domestic equity | 35.00% |
| Bonds | 25.00% |
| International equity | 15.00% |
| Real estate | 10.00% |
| Infrastructure | 5.00% |

Discount rate. A single discount rate of 7.00% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on Plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that plan members contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan

City of Sarasota, Florida
Notes to the Financial Statements
September 30, 2020

investments (7.00%) was applied to all periods of projected benefit payments to determine the total pension liability.

The single discount rate was developed as follows:

| | |
|-----------------------------------|-------|
| Single discount rate | 7.00% |
| Long-term expected rate of return | 7.00% |
| Long-term municipal bond rate * | 2.75% |

Last year ending September 30 in the 2020 to 2119 projection

period for which projected benefit payments are fully funded 2119

* Source: Fidelity General Obligation AA rate as of September 30, 2019, which is the rate for Fixed Income Market Data/Yield Curve Data for Municipal Bonds with 20 years to maturity that included only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index." Fidelity notes that the municipal curves are constructed using option-adjusted analytics across a diverse population of over 10,000 tax exempt municipal securities.

Sensitivity of the net pension liability to changes in the discount rate. The following presents the Plan's net pension liability, calculated using a single discount rate of 7.00%, as well as what the Plan's net pension liability would be if it were calculated using a single discount rate that is one percentage-point lower or one percentage-point higher:

| | 1% Decrease (6.00)% | Current Discount Rate (7.00%) | 1% Increase (8.00)% |
|-----------------------|------------------------------------|--|------------------------------------|
| Net pension liability | \$ 75,170,024 | \$ 36,513,846 | \$ 5,017,467 |

Changes in the Net Pension Liability. The changes in Net Pension Liability for the Police Officers Defined Benefit Pension Plan are as follows:

| | Increase (Decrease) | | |
|--|------------------------------------|--|--|
| | Total Pension Liability | Plan Fiduciary Net Position | Net Pension Liability / (Asset) |
| Balance at September 30, 2017* | \$ 274,421,755 | \$ 246,484,418 | \$ 27,937,337 |
| Changes for the year: | | | |
| Service cost | 3,890,552 | -- | 3,890,552 |
| Interest on the total pension liability | 18,852,295 | -- | 18,852,295 |
| Differences between expected and actual experience | 760,661 | -- | 760,661 |
| Changes of assumptions | - | -- | - |
| Contributions from the employer | -- | 7,834,538 | (7,834,538) |
| Contributions from employees | -- | 1,093,665 | (1,093,665) |
| Net investment income | -- | 6,203,055 | (6,203,055) |
| Administrative expenses | -- | -- | -- |
| Benefit payments, including | | | |
| refunds of employee contributions | (14,031,273) | (14,031,273) | -- |
| Other | -- | (204,259) | 204,259 |
| Net changes | 9,472,235 | 895,726 | 8,576,509 |
| Balance at September 30, 2018* | <u>\$ 283,893,990</u> | <u>\$ 247,380,144</u> | <u>\$ 36,513,846</u> |

*Measurement date

Net pension liability. The net pension liability is measured as the total pension liability, less the amount of the pension plan's fiduciary net position. In actuarial terms, this will be the accrued liability less the market value of assets (not the smoother actuarial value of assets that is often encountered in actuarial valuations performed to determine the employer's contribution requirement). The components of the net pension liability at September 30, 2020, were as follows:

| | |
|--|----------------------|
| Total Pension liability | \$ 283,893,990 |
| Plan fiduciary net position | <u>247,380,144</u> |
| Net Pension liability | <u>\$ 36,513,846</u> |
| Plan fiduciary net position as a percentage of the total Pension liability | 87.14% |

Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions. For the year ended September 30, 2020, the City will recognize pension expense of \$6,308,392 for the Police Officers Defined Benefit Pension Plan (PODBPP). At September 30, 2020, the City has deferred outflows and deferred inflows of resources related to the PODBPP as follows:

| | <u>Deferred Outflows of Resources</u> | <u>Deferred Inflows of Resources</u> |
|---|---|--|
| Difference between expected and actual experience | \$ 1,305,069 | \$ 799,225 |
| Contributions to the Pension Plan subsequent to the measurement date | 7,987,185 | -- |
| Changes in Assumptions | -- | 121,311 |
| Net difference between projected and actual earning on Pension plan investments | -- | 835,887 |
| Total | <u>\$ 9,292,254</u> | <u>\$ 1,756,423</u> |

\$7,987,185 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

| <u>Year Ended September 30,</u> | <u>Deferred Outflows/(Inflows) of Resources</u> |
|---------------------------------|---|
| 2021 | \$ (1,613,390) |
| 2022 | (1,717,909) |
| 2023 | 706,927 |
| 2024 | 2,173,018 |

D. Summary of All Defined Benefit Pension Plans

The actuarial valuation of the liabilities and the measurement date were determined as of the September 30, 2019. These liabilities were used for GASB Statement No. 68 purposes for the reporting period ending September 30, 2020. Using a measurement date of September 30, 2019, allows for more timely reporting at the end of the year.

Totals for the City's single employer and cost-sharing multiple employer pension plans for the 2019 fiscal year are summarized below:

| | <u>Defined Benefit Pension Plans</u> | | | |
|--|--------------------------------------|---------------------------|----------------------------|----------------|
| | <u>General Employees</u> | <u>Fire- Fighters</u> | <u>Police Officers</u> | <u>Total</u> |
| Net pension liability | \$ 57,501,561 | \$ 10,723,383 | \$ 36,513,846 | \$ 104,738,790 |
| Deferred outflows of resources related to pensions | 10,784,186 | 4,187,128 | 9,292,254 | 24,263,568 |
| Deferred inflows of resources related to pensions | 27,564 | - | 1,756,423 | 1,783,987 |
| Pension expense | 7,766,528 | 1,605,654 | 6,308,392 | 15,680,574 |

Totals by funds are as follows:

| | <u>Net Pension Liability</u> | <u>Deferred Outflows</u> | <u>Deferred Inflows</u> | <u>Pension Expense</u> |
|--------------------------|----------------------------------|------------------------------|-----------------------------|----------------------------|
| Governmental activities | \$ 76,580,846 | \$ 19,006,845 | \$ 1,770,489 | \$ 11,877,382 |
| Business-type activities | 28,157,944 | 5,256,723 | 13,498 | 3,803,192 |
| Totals | <u>\$ 104,738,790</u> | <u>\$ 24,263,568</u> | <u>\$ 1,783,987</u> | <u>\$ 15,680,574</u> |

NOTE 15 – GENERAL EMPLOYEES DEFINED CONTRIBUTION RETIREMENT PLAN

Plan description. The General Employees Defined Contribution Retirement Plan was established as a single employer, public employee, retirement plan to provide income to all participating General Employees hired on or after September 7, 2011. All Plan provisions, including benefits, eligibility, vesting, etc., were established by City Ordinance 11-4988. The City Commission approves all plan provisions and amendments. The Plan does not issue a stand-alone financial report and is not included in any other retirement system's or entity's financial report.

The Plan's financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due and a formal commitment to provide contributions has been made. Benefits and refunds are recognized when due and payable in accordance with terms of the Plan.

All investments are directed by Plan members, including the non-vested portion of the City's contributions, if any. Plan members may elect to allocate investments among mutual funds, money market funds, and fixed income funds. Investments are reported at fair value.

Membership. General Employees Defined Contribution Retirement Plan membership at September 30, 2020, is as follows:

| | |
|---|------------|
| Active employees (vested and non-vested) | 374 |
| Retired and terminated members maintaining balances | <u>14</u> |
| Total | <u>388</u> |

Benefits. Member contributions are 100% vested at all times. Employer contributions become vested after five years of employment.

Funding policy. Members are required to contribute 6% of covered salary (regular pay only) to the Plan, and the City is required to match this contribution percentage. A Participant may elect to make an additional deferral of his or her compensation to a 457(b) Deferred Compensation Plan. In such event, the City shall match 100% of up to the first 2% electively deferred by the Participant, for a total match of 8%. While the Participant's elective deferral shall be deposited into a 457(b) Deferred Compensation Plan, the contributions made by the City shall be deposited into the Defined Contribution Plan. During 2020, actual contributions were \$1,323,921 from employees, \$1,319,108 from the City, \$4,397 from Sarasota County and \$380,407 from other.

The City contributed an additional \$835,589 to fund administrative expenses for the plan. This contribution was from current year forfeitures for employees that have terminated before five years of employment.

NOTE 16 - OTHER POST-EMPLOYMENT BENEFITS PLAN

A. Plan Description

The City Commission established the Other Post-Employment Benefits (OPEB) Trust Fund for the purpose of accumulating, investing, and managing funds necessary to meet the costs of providing health and/or life insurance to retirees and their dependents. The plan is a single-employer defined benefit OPEB plan administered by the City to provide medical and life insurance benefits to eligible retirees and their dependents. The plan is administered by a separate oversight committee. The City Commission approves all plan provisions and amendments. Separate financial statements of the plan are not available.

For the current fiscal year the Plan has adopted Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. In addition to other disclosures, the GASB requires the following schedules to be included in the Required Supplementary Information section of this report for the OPEB plan:

- A 10-year schedule of changes in the net OPEB liability.
- A 10-year schedule of contributions, and
- A 10-year schedule of the annual money-weighted rate of return on OPEB plan investments.

Until a full 10-year trend is compiled, the Plan will present information for which information is available.

GASB Statement No. 75 allows a measurement date for employers that is no earlier than the employer's prior fiscal year end. The City chooses to use the prior fiscal year's measurement date for its OPEB Plan. This insures that the City's annual report can be issued on a timely basis.

All full time employees of the City of Sarasota who satisfy the vesting, disability, early or normal retirement provisions of the applicable retirement plans may be eligible for post-employment benefits. Furthermore, certain individuals who transferred from the City to the County are eligible for certain benefits under the City's OPEB plan. These include certain Fire Rescue employees, and other former employees who were transferred to Sarasota County through a consolidation of services. They continue to be members of the City's Pension Plans, but are not covered under the City's benefit plans while an active employee. However, upon retirement under the City's pension plans, they may transfer to the City's benefit plans (medical, prescription and dental only; no life insurance) for coverage during their retirement years.

Membership in the plan consisted of the following at September 30, 2020:

| | |
|---|-------|
| Inactive Plan Members or Beneficiaries Currently Receiving Benefits | 693 |
| Inactive Plan Members Entitles to But Not Yet Receiving Benefits | 15 |
| Active Plan Members | 717 |
| Total | 1,425 |

B. Summary of Significant Accounting Policies

Basis of Accounting. The plan's financial statements are prepared using the accrual basis of accounting. Separate financial statements of the plan are not available. Employee and employer contributions are recognized as revenues when due and a formal commitment to provide contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments. Investments are reported at fair value using quoted market prices or the best estimate available.

C. Funding Policy and Contributions

The contribution requirements of plan members and the City are established and may be amended by the City Commission. The contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually by the City Commission. These contributions

are neither mandated nor guaranteed. The City has retained the right to unilaterally modify its payment for retiree health care and life insurance benefits. The projection of benefits for financial reporting purposes *does not* explicitly incorporate the potential effects of legal or contractual funding limitations.

For the 2020 fiscal year, the City contributed \$4,985,000 to the plan, and plan members receiving benefits contributed \$1,540,687. Retiree-only coverage is offered to plan members at no cost or up to \$137.94 per month based upon pension benefit and type of plan selected. Dependent coverage is offered at \$485.66 to \$1,108.09 per month depending on the plan selected. Rates vary based upon the type of plan selected by the retiree.

D. Net OPEB Liability

Actuarial Assumptions. The Total OPEB Liability was determined by an actuarial valuation as of September 30, 2017, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| | |
|-----------------------------|--|
| Inflation | 2.25% Intermediate, 2.50% Long-Term |
| Salary Increase | 4.00% - 19.30% depending on plan type, age and years of service |
| Investment Rate of Return | 6.00% |
| Healthcare cost trend rates | Based on the Getzen Model, with trend starting at 6.75% and gradually decreasing to an ultimate trend rate of 4.69%. |

Mortality tables used for Regular Class and Special Risk Class members in the July 1, 2018 actuarial valuation of the Florida Retirement System (FRS), including generational projections of improvements. They are based on the results of a statewide experience study covering the period 2008 through 2013.

The actuarial assumptions used in the September 30, 2020, valuation were based on the results of an actuarial experience study performed as of September, 30, 2019.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of September 30, 2020, are summarized in the following table:

| <u>Asset Class</u> | <u>Long-Term Expected Real Rate of Return</u> | <u>Target Allocation</u> |
|----------------------|---|--------------------------|
| Domestic equity | 6.50% | 60% |
| Fixed Income | 0.64% | 20% |
| International Equity | 5.42% | 10% |
| Real Estate | 5.18% | 10% |

Discount rate. A single discount rate of 6.00% was used to measure the total OPEB liability. This single discount rate was based on the expected rate of return on OPEB plan investments of 6.00%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the total actuarially determined contribution rates and the member rate. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long-term expected rate of return on OPEB plan investments (6.00%) was applied to all periods of projected benefit payments to determine the total OPEB liability.

City of Sarasota, Florida
Notes to the Financial Statements
September 30, 2020

The single discount rate was developed as follows:

| | |
|---|-------|
| The single discount rate | 6.00% |
| Long-term expected rate of return | 6.00% |
| Long-term municipal bond rate | 2.75% |
| Last year ending September 30 in the 2020 to 2119 projection period for which projected benefit payments are fully funded | 2119 |

* Source: Fidelity General Obligation AA rate as of September 29, 2019, which is the rate for Fixed Income Market Data / Yield Curve Data for Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index." Fidelity notes that the municipal curves are constructed using option-adjusted analytics across a diverse population of over 10,000 tax exempt municipal securities.

Sensitivity of the Net OPEB Liability to changes in the discount rate. The following presents the Net OPEB Liability of the City, as well as what the City's Net OPEB Liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current discount rate:

| | 1% Decrease <u>(5.00)%</u> | Current Discount Rate <u>(6.00)%</u> | 1% Increase <u>(7.00)%</u> |
|--------------------|-------------------------------|--|-------------------------------|
| Net OPEB Liability | \$ 58,645,358 | \$ 47,097,003 | \$ 37,527,761 |

Sensitivity of the Net OPEB Liability to changes in the healthcare cost trend rates. The following presents the Net OPEB Liability of the City, as well as what the City's Net OPEB Liability would be if it were calculated using healthcare cost trend rates that are 1% point lower (5.50% decreasing to 3.24%) or 1% point higher (7.50% decreasing to 5.24%) than the current healthcare cost trend rates:

| | 1% Decrease <u>(5.75% decreasing to 3.69%)</u> | Current Discount Rate Trend Rate Assumption | 1% Increase <u>(7.75% decreasing to 5.69%)</u> |
|--------------------|---|--|---|
| Net OPEB Liability | \$ 37,034,173 | \$ 47,097,003 | \$ 59,089,134 |

Changes in the Net OPEB Liability. The changes in Net OPEB Liability are as follows:

| Net changes | <u>4,583,027</u> | <u>(1,255,189)</u> | <u>5,838,216</u> |
| Balance at September 30, 2019* | <u>\$ 95,409,519</u> | <u>\$ 48,312,516</u> | <u>\$ 47,097,003</u> |

*Measurement date

City of Sarasota, Florida
Notes to the Financial Statements
September 30, 2020

Net OPEB liability. The Total OPEB Liability as of September 30, 2020 is based on results of an actuarial valuation date of September 30, 2019 and rolled forward using generally accepted actuarial procedures. The components of the Net OPEB Liability as of September 30, 2020, were as follows.

| | | |
|---|----|-------------------|
| Total OPEB liability | \$ | 95,409,519 |
| Plan fiduciary net position | | 48,312,516 |
| Net OPEB liability | \$ | <u>47,097,003</u> |
| Plan fiduciary net position as a percentage of the total OPEB liability | | 50.64% |

OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB. For the year ended September 30, 2020, the City will recognize OPEB expense of \$14,177,144, for the Other Post-Employment Benefits (OPEB) Trust Fund. At September 30, 2020, the City has deferred outflows and deferred inflows of resources related to the OPEB are as follows:

| | <u>Deferred Outflows of Resources</u> | <u>Deferred Inflows of Resources</u> |
|---|---|--|
| Difference between expected and actual experience | \$ 122,580 | \$ 1,075,993 |
| Assumption Changes | 7,004,708 | -- |
| Contributions to the OPEB Plan subsequent to Measurement date | 4,985,000 | -- |
| Net difference between projected and actual earning on Pension plan investments | -- | 520,678 |
| Total | <u>\$ 12,112,288</u> | <u>\$ 1,596,671</u> |

\$4,544,315 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

| <u>Year Ended September 30,</u> | <u>Deferred Outflows/(Inflows) of Resources</u> |
|---------------------------------|---|
| 2021 | \$ 1,758,343 |
| 2022 | 1,758,343 |
| 2023 | 1,183,395 |
| 2024 | 830,536 |

E. Summary of OPEB Plan

The actuarial valuation of the liabilities was determined as of October 1, 2017 (based on the actuarial valuation results as reported in the October 1, 2018 actuarial valuation report dated May 1, 2019) and "rolled-forward" to the September 30, 2019 measurement date. These liabilities are used for GASB Statement No. 75 reporting for the reporting period ending September 30, 2020. Using a measurement date of September 30, 2019 allows for timelier reporting at the end of the year.

Totals for the City's OPEB Plan for the 2020 fiscal year are summarized below:

| | <u>Net OPEB Liability</u> | <u>Deferred Outflows</u> | <u>Deferred Inflows</u> | <u>OPEB Expense</u> |
|--------------------------|-------------------------------|------------------------------|-----------------------------|-------------------------|
| Governmental activities | \$ 33,876,244 | \$ 8,704,497 | \$ 1,148,464 | \$ 3,384,875 |
| Business-type activities | 13,220,759 | 3,407,791 | 448,207 | 1,321,003 |
| Totals | <u>\$ 47,097,003</u> | <u>\$ 12,112,288</u> | <u>\$ 1,596,671</u> | <u>\$ 4,705,878</u> |

NOTE 18 - THE BAY

The Project

The Bay is a community, City, and Park Conservancy initiative to transform 53 acres of city-owned land, that is mostly parking lot, into a signature public park along the Sarasota Bay. Once complete, The Bay will include a wide range of park uses that will be open and accessible, free and welcoming, to the citizens and visitors of the City. The preliminary cost estimate for a 50+ acre park at The Bay is \$100 - \$150 million, or \$2-\$3 million dollars an acre, to be developed in phases as plans are finalized and approved, and funds raised. The estimated capital cost for Phase 1 is \$22 - \$33 million. The Bay will be funded from a combination of private philanthropic gifts and government sources. Phase 1 will be funded 80% from philanthropy and 20% from government sources.

Home Rule Tax Increment Financing (TIF) District

On November 2, 2020, both the City of Sarasota and the Sarasota county Commissions voted to finalize an interlocal agreement to create a home rule tax increment financing (TIF) district for The Bay. The tax increment revenue may only be used for the design and construction of capital improvements within the Bay Park, including, but not necessarily limited to a new performing arts center. These revenues may also be used for new bicycle and pedestrian amenities within the District. The base year of the district is January 1, 2019 for a period of 30 years. Both the City and the County will contribute at their adopted millage rate.

As of September 30, 2020, the City has expended \$730,319. along with contributions of \$4,452,709 from the Park Conservancy for a total output of \$5,183,028 towards Phase 1 of the project.

NOTE 19 - SUBSEQUENT EVENT

Florida Sales Tax Payments Refunding Revenue Bond, Series 2020

On December 14, 2020, the City refunded the Sales Tax Payments Revenue Bonds, Series 2010. These bonds were originally issued to finance a portion of the cost of construction, reconstruction, and renovation of a Facility for a Retained Spring Training Franchise to be used for major league baseball operations including without limitation expansion of the Ed Smith Stadium Complex. The refunding resulted in a Net Present Value Savings (NVP) of approximately \$897,000 and a NPV percentage savings of the refunded bonds of approximately 14.0%.

Notes to Schedule:**Valuation Date** 9/30/2018**Measurement Date** 9/30/2018

Actuarially determined contribution rates are calculated as of September 30, which is two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

| | |
|-------------------------------|--|
| Actuarial Cost Method | Entry Age Normal |
| Amortization Method | Level Dollar, Closed |
| Remaining Amortization Period | 17 years |
| Asset Valuation Method | 5-year smoothed market |
| Inflation | 2.30% |
| Salary Increases | 4.70% to 6.30% depending on age, including inflation |
| Investment Rate of Return | 6.90% |
| Retirement Age | Experience-based table of rates that are specific to the type of eligibility condition. |
| Mortality | RP-2000 Combined Healthy Participant Mortality Table (for preretirement mortality) and the RP-2000 Mortality Table for Annuitants (for postretirement mortality), with mortality improvements projected to all future years after 2000 using Scale BB. For males, the base mortality rates include a 50% blue collar adjustment and a 50% white collar adjustment. For females, the base mortality rates include a 100% white collar adjustment. These are the same rates currently in use for Regular Class members of the Florida Retirement System (FRS), as required under Florida Statutes, Chapter 112.63. |

Other Information:

Notes: See Discussion of Valuation Results in the September 30, 2018 Actuarial Valuation Report.

Notes to Schedule:

The 2015 fiscal year was the year of implementation of GASB Statement No. 68. Ten year trend information will be presented for future fiscal years.

The 2015 fiscal year reflects a benefit change of \$3,008,519. This is attributable to reinterpretation of an Ordinance for the normal form of payment. The Ordinance was reinterpreted to consider the normal form of payment for years of service earned prior to October 1, 2012 to be a joint and 2/3 survivor form of payment (for married participants) instead of 10 years certain and life. Benefits for police officers who retired after October 1, 2012 have been revised to reflect this Ordinance reinterpretation.

| Salary Increases | 5.20% to 19.30% depending on age, including inflation |
| Investment Rate of Return | 7.00% |
| Retirement Age | Experience-based table of rates that are specific to the type of eligibility condition. |
| Mortality | RP-2000 Combined Healthy Participant Mortality Table (for preretirement mortality) and the RP-2000 Mortality Table for Annuitants (for postretirement mortality), with mortality improvements projected to all future years after 2000 using Scale BB. For males, the base mortality rates include a 90% blue collar adjustment and a 10% white collar adjustment. For females, the base mortality rates include a 100% white collar adjustment. These are the same rates currently in use for Special Risk Class members of the Florida Retirement System (FRS), as required under Florida Statutes, Chapter 112.63. |

Notes to Schedule:

Valuation Date 10/1/2018
Measurement Date 9/30/2019

Actuarially determined contribution rates are calculated as of October 1, which is 12 months prior to the end of the fiscal year in which contributions are made and reported.

Methods and Assumptions Used to Determine Contribution Rates:

| | |
|-------------------------------|---|
| Actuarial Cost Method | Entry Age Normal |
| Amortization Method | Level Percent of Pay, Closed |
| Remaining Amortization Period | 12 years |
| Asset Valuation Method | Market Value |
| Inflation | 2.50% |
| Salary Increases | 4.00% to 19.30% depending on plan, including inflation |
| Investment Rate of Return | 6.00% |
| Retirement Age | Experience-based tables of rates that are specific to the type of eligibility. |
| Mortality | Mortality tables used for Regular Class and Special Risk Class members in the July 1, 2018 actuarial valuation of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2008 through 2013. |
| Health Care Cost Trend | Based upon the Getzen Model, with trend starting at 6.75% and gradually decreasing to an ultimate trend rate of 4.69%, including the impact of the excise tax. |
| Aging Factors | Based on the 2013 SOA Study "Health Care Costs-From Birth to Death" |
| Expenses | Investment returns are net of the investment expenses; and, Health Plan Administrative expenses directly related to the delivery of benefits are offsets to benefits are included in the per capita costs. |

| 2016 | 2015 | 2014 | 2013 | 2012 | 2011 |
|---------------|----------------|---------------|---------------|---------------|---------------|
| \$ 4,137,688 | \$ 4,236,625 | \$ 12,615,000 | \$ 11,771,000 | \$ 11,114,000 | \$ 10,808,000 |

Combining and Individual Fund Statements and Schedules

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue funds are used to account for revenues derived from specific sources which are restricted to finance specific activities.

State Housing Initiative Partnership (SHIP) - To account for revenue received from the Florida Housing Finance Corporation to be used for affordable housing needs.

Gas Tax - To account for the proceeds of a local option gas tax on motor fuels and special fuels that is restricted to transportation.

Special Law Enforcement (forfeiture) - To account for revenue received from fines or sale of property forfeited that is restricted for law enforcement purposes only.

Golden Gate Point - To account for revenues and expenditures related to the construction and maintenance of enhancements and improvements within the public rights of way on Golden Gate Point.

Multi-Modal Transportation Impact - To account for Impact Fees collected and expenditures restricted for the purpose of acquisition, expansion, and development of the public facilities identified in the Capital Improvement Program.

Miscellaneous Grants - To account for several miscellaneous grants which have a single purpose and require minimal special accounting requirements.

Multi-Purpose - To account for miscellaneous revenues that are legally restricted to expenditures for a particular purpose.

Nonmajor Governmental Funds

Debt Service Funds

Debt service funds are used to account for the accumulation of resources for the payment of principal, interest, and related costs, on long-term general and special obligation debt and loans payable.

2015 General Obligation Bonds - To account for the accumulation of resources for the payment of principal and interest on the 2015 General Obligation Bonds issued to advance refund 2007 General Obligation Bonds maturing on or after 7/1/2018.

2016 General Obligation Bonds - To account for the accumulation of resources for the payment of principal and interest on the 2016 General Obligation Bonds.

2009 Build America - To account for the accumulation of resources for the payment of principal and interest on funds borrowed for the acquisition of land (Payne Park), construction of the Palm Parking Garage, and construction of the Robert L. Taylor Community Complex.

2010 Sales Tax Payment Revenue Bonds - To account for funds received for the purpose of financing a portion of the cost of the reconstruction of the Ed Smith Stadium Complex.

Glen Oaks - To account for funds received for the purpose of financing a portion of the cost of the reconstruction of a privacy wall for the Glen Oaks Estates Subdivision.

Nonmajor Governmental Funds

Capital Projects Fund

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Capital and Extraordinary Maintenance - To account for funds appropriated for major capital facilities, improvements, and equipment.

2007 General Obligation Bonds- To account for funds received for the proceeds of bonds issued for the construction of a new police headquarters.

2009 Build America Bonds - To account for funds received for the proceeds of bonds issued to build a community center and acquire land for a park and parking garage.

2010 Stadium Bonds - To account for funds received from the Build America Bond Series 2010 (issue date 12/16/10) for the purpose of financing a portion of the cost of the construction, reconstruction and renovation of the Ed Smith Stadium Complex.

Nonmajor Enterprise Funds

Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis is financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Bobby Jones Golf Course - To account for the revenues and expenses of operating a complete 36 hole municipal golf course and a 9 hole executive course financed entirely by user charges.

Municipal Auditoriums - To account for the operations of the City's civic center complex and the Payne Park auditorium.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments on a cost-reimbursement basis.

Equipment Maintenance - This fund accounts for the cost of operating a maintenance facility used to service all motor vehicles.

Information Technology - This fund accounts for the cost of providing hardware and software information systems and technologies to other City Departments.

General Benefits and Insurance - This fund accounts for the administration of compensated absences for governmental fund departments and the City's self-insurance programs.

Equipment Replacement - This fund accounts for the capital funding and replacement of motor vehicles and other equipment.

Fiduciary Funds

Trust Funds

Trust funds are used to account for assets held by the government in a trustee capacity. They are accounted for in essentially the same manner as enterprise funds since capital maintenance is critical.

Pension Trust Funds

General Employees' Defined Benefit Pension - This fund is used to account for the accumulation of resources for pension benefit payments to participants of the City's General Employees' Defined Benefit Pension Plan.

Police Officers' Defined Benefit Pension- This fund is used to account for the accumulation of resources for pension benefit payments to participants of the City's Police Officers' Defined Pension Plan.

Firefighters' Defined Benefit Pension - This fund is used to account for the accumulation of resources for pension benefit payments to participants of the City's Firefighters' Defined Benefit Pension Plan.

General Employees Defined Contribution Retirement Plan - This fund is used to account for both the City and employee contributions that would accrue to the employees, and also to account for the additional 2 percent City contribution that is budgeted annually for administrative costs.

Other Post-Employment Benefits Trust Fund - This fund is used to account for the future liability of costs for medical/prescription/dental coverage, extended life insurance coverage and benefits under the Employee Assistance Program available to retirees and their dependents.

Agency Funds

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations and other governmental units. They are custodial in nature and do not involve the measurement of results of operations.

Community Development - This fund is used to account for fees due to homeowners for repairs to their homes.

Impact Fees - This fund is used to account for fees collected from citizens and disbursed to Sarasota County.

Statistical Section

This part of the City of Sarasota's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

| <u>Contents</u> | <u>Page</u> |
|--|--------------------|
| Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time. | 202-211 |
| Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue sources. | 212-217 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. | 218-225 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place. | 226-227 |
| Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs. | 228-233 |

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Note: Details regarding the City's outstanding debt can be found in the notes to the financial statements. Operating expenses do not include interest and depreciation expense.

The 1992 Special Obligation Bonds and a portion of the 2009 Special Obligation Bonds are backed by the Tax Increment Financing (TIF) revenue from the City of Sarasota and from Sarasota County. The Infrastructure Sales Tax Bonds and a portion of the 2009 Special Obligation Bonds are backed by the One Cent Local Option Sales Tax. The final principal and interest due on the Infrastructure Sales Tax Bonds was September 1, 2009.

The 2010 Sales Tax Payment Revenue Bonds are backed by a pledge of Sales Tax payments for the certification for the major league baseball spring training facility, pursuant to Section 212.20(6)(d)7.b, Florida Statutes.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Sarasota, Florida (the City) as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 15, 2021. Our report includes a reference to other auditors who audited the financial statements of the City's General Employees', Police Officers', and Firefighters' Pension Plans, as described in our report on the City's financial statements. This report includes our consideration of the results of the other auditor's testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

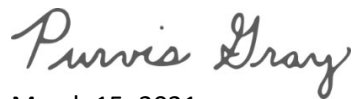

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550,
RULES OF THE AUDITOR GENERAL**

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

Report on Compliance for Each Major Federal Program/State Project

We have audited the City of Sarasota, Florida’s (the City) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement*, and the requirements described in the Florida Department of Financial Services’ *State Projects Compliance Supplement*, that could have a direct and material effect on each of the City’s major federal programs and state projects for the year ended September 30, 2020. The City’s major federal programs and state projects are identified in the summary of auditor’s results section of the accompanying Schedule of Findings and Questioned Costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs and state projects.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the City’s major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the City’s compliance.

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550,
RULES OF THE AUDITOR GENERAL**

Opinion on Each Major Federal Program and State Project

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2020.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

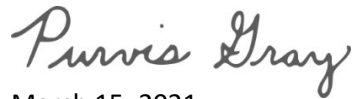

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program or state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550,
*RULES OF THE AUDITOR GENERAL***

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

**CITY OF SARASOTA
SARASOTA, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS**

1. **Summary of Auditor's Results**

- I. The auditor's report expresses an unmodified opinion on the financial statements of the City of Sarasota (the City) based upon our audit and the report of other auditors.
- II. There are no findings for the financial statement audit.
- III. No instances of non-compliance material to the financial statements of the City were disclosed during the audit.
- IV. No significant deficiencies or material weaknesses relating to the audit of the major federal award programs and state projects are reported in the Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and on Internal Control Over Compliance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*.
- V. The auditor's report on compliance for major federal programs and state project expresses an unmodified opinion.
- VI. There are no audit findings that are required to be reported in accordance with Section .516 of the Uniform Guidance and Chapter 10.550 of the *Rules of the Auditor General*.
- VII. The programs tested as federal major programs were:
 - **Department of Housing and Urban Development, Entitlement Grants Cluster**
 - Community Development Block Grant (CFDA No. 14.218)
 - Neighborhood Stabilization Program 3 (CFDA No. 14.218)
 - **Department of Treasury, Passed through Florida Housing Finance Company**
 - Coronavirus Relief Fund (CFDA No. 21.019)
 - **Department of Treasury, Passed through Sarasota County**
 - Coronavirus Relief Fund (CFDA No. 21.019)
 - **Department of Treasury, Passed through Sarasota County, Passed through Van Wezel Foundation, Inc.**
 - Coronavirus Relief Fund (CFDA No. 21.019)

The program tested as state major project was:

- **Florida Department of Environmental Protection**
 - Wastewater Treatment Facility Construction (CSFA No. 37.077)

VIII. **Dollar Threshold Used to Distinguish Between Type A and Type B Programs**

- **Federal Major Programs - \$750,000**
- **State Major Projects - \$750,000**

**CITY OF SARASOTA
SARASOTA, FLORIDA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS**

IX. Auditee Qualification as Low-Risk Auditee

The auditee qualifies as a low-risk auditee per criteria set forth in Section .520 of the Uniform Guidance.

2. Findings Related to the Basic Financial Statements Required to be Reported Under Generally Accepted Government Auditing Standards (GAGAS)

The audit disclosed no findings, which are required to be reported under GAGAS.

3. Findings and Questioned Costs for Federal Awards Required to be Reported Under Section .516 of the Uniform Guidance

There were no current year findings.

4. Status of Prior Audit Findings

There were no audit findings from the prior year for fiscal year ended September 30, 2019.

The accompanying notes are an integral part of this statement.

City of Sarasota, Florida
Notes to Schedule of Expenditures of Federal
Awards and State Financial Assistance
September 30, 2020

1. Summary of Significant Accounting Policies:

The accounting policies and presentation of the Single Audit Report of the City of Sarasota, Florida have been designed to conform to generally accepted accounting principles as applicable to governmental units, including the reporting and compliance requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) (federal awards), and Chapter 10.550, *Rules of the Auditor General* of the State of Florida.

A. Reporting Entity - The Audits of States, Local Governments, and Non-Profit Organizations and A-133 set forth the audit and reporting requirements for federal awards, Chapter 69 I-5 sets forth the requirements for state financial assistance. The City of Sarasota included schedules of both federal and state financial assistance in the Single Audit section. Financial assistance received directly from the State of Florida is included to satisfy the audit requirements of the State of Florida grantor agencies.

B. Basis of Accounting - Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The modified accrual basis of accounting is followed in the Schedule of Expenditures of Federal Awards and State Financial Assistance. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related liability is incurred. In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. In some financial assistance programs where monies must be expended on the specific purpose or project before any amounts will be paid to the City of Sarasota, revenues are recognized based upon the expenditures recorded.

2. Contingencies:

Grant monies received and disbursed by the City of Sarasota are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to disallowed expenditures. Based upon prior experience, the City of Sarasota does not believe that such disallowances, if any, would have a material effect on the financial position of the City. As of September 30, 2020, there were no material questioned or disallowed costs as a result of grant audits in process or completed.

3. Disaster Public Assistance

Disaster funding received from the FEMA Public Assistance Program (CFDA 97.036) is based on Project Worksheets (PWs) that outline the eligible expenses and the scope of the project. Expenditures recorded on this Schedule are contingent on when funds are obligated and approved, and the City has incurred eligible expenditures. PWs are categorized as either "small" or "large" based on the total expenses. Small PWs are reported based on the amount obligated, while large PWs are determined by actual eligible expenditures. Approximately \$128,812 of eligible expenditures incurred in prior years were reported on the Schedule this year.

4. The auditee did not use the de minimis cost rate.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH FLORIDA STATUTE SECTION 218.415 – INVESTMENTS OF PUBLIC FUNDS

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

Report on Compliance

We have examined the City of Sarasota, Florida's (the City) compliance with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2020. City management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements during the fiscal year ended September 30, 2020.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Honorable Mayor and Members of the City Commission, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Sarasota, Florida (the City) as of and for the year ended September 30, 2020, and have issued our report thereon dated March 15, 2021. Our report also includes a reference to other auditors, who audited the financial statements of the City's General Employees', Police Officers', and Firefighters' Pension Plans, as described in our report on the City's financial statements.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with AICPA *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated March 15, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. The following finding was disclosed in the preceding audit report:

2019-1 Financial Reporting - Period End Closing Routine has been updated below for 2020.

MANAGEMENT LETTER

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The City has disclosed this information in Note 1 to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same.

Section 10.554(1)(i)2, *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we have the following recommendations:

2019-1 Financial Reporting - Period End Closing Routine

Our 2019 Auditors Reports included a Management Letter Comment outlining our recommendations to improve the City's year-end financial reporting, which was delayed beyond the normal time line and required numerous post year-end adjusting entries and clean up due to areas not being fully reconciled during the year.

We attributed this condition to the recent retirements of several key accounting, budget and other department personnel, the City's complex fund and sub fund structure, rapid City-wide growth with many special projects, only partial use of a documented period end closing routine, and suboptimal communication with other departments having decentralized accounting functions, especially grant related.

During 2020, City staff within the finance and accounting department (the department) made a concerted effort to improve the above conditions and the year-end CAFR is back on an improved time line as a result of these efforts. However, the City once again experienced significant key employee turnover in the department and in upper financial management, which brings the sustainability of the progress made in 2020 into question going forward and could lead to lack of segregation of duties in the future as well. Additionally, a hiring freeze associated with the economic effects of COVID-19 has hampered the ability to replace these key positions in the department.

The Honorable Mayor and
Members of the City Commission
City of Sarasota
Sarasota, Florida

MANAGEMENT LETTER

Communication with other departments having decentralized accounting functions for grants remains a challenge to ensure finance and accounting is being updated on all such grant activity, costs, and billing to ensure complete and accurate SEFA reporting.

During 2020, the City conducted a comprehensive search for a new accounting Enterprise Resource Planning (ERP) system which it hopes to implement during FY 2021-22, which will require a significant effort to accomplish. To be successful in this important project, maintain the progress made during 2020, and maintain an appropriate segregation of duties, the City will need to fill 1 - 2 key positions that have been lost in the past several years with experienced accounting degreed individuals.

Accordingly, to accomplish these goals and maintain a desirable level of stewardship and accountability of the public resources, we recommend that the City continue its efforts to rebuild the base level of skilled accounting talent in the department.

Special District Component Units

Section 10.554(1)(i)5.d., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of the City, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the City in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Honorable Mayor and Members of the City Commission, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

City's Response to Auditor's Recommendations

2019-1 Financial Reporting – Period End Closing Routine

We concur with the auditor's comments and recommendations. The City will continue to document procedures to ensure that all areas are being reviewed and reconciled properly. The Department of Financial Administration is currently working with City Management on the staffing needs necessary to meet department sustainability, maintain a desired level of stewardship and accountability of public resources, and restore proper segregation of duties.

Sincerely,
