March 23, 2022

The Honorable Commissioners, and Citizens of Indian Rocks Beach, Florida

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of the City of Indian Rocks Beach, Florida, for the fiscal year ended September 30, 2021, as mandated by both local ordinances and State Statutes. The Annual Comprehensive Financial Report was compiled by the City Finance Director & City Manager, in close cooperation with the external auditor and associates, and represents the official report of the City's financial operations and condition to the citizens, City Commission, the financial community, and other persons interested in the financial affairs of the City of Indian Rocks Beach. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City.

We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain maximum understanding of the City's financial affairs have been included. To maintain a reasonable basis for making these representations, management maintains an internal control structure that provides reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's accounting policies.

Generally Accepted Accounting Principles (GAAP) requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with the MD&A. The City of Indian Rocks Beach's MD&A can be found immediately following the report of the independent auditors.

The City of Indian Rocks Beach financial statements have been audited by MSL, P.A., a firm of certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the Fiscal Year ended September 30, 2021 are free of material misstatement. The audit involved examining evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statements. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an

unmodified opinion that the City's financial statements for the Fiscal Year ended September 30, 2021 are fairly presented in conformity with GAAP. The independent auditor's report is presented on page 1 of this report.

Profile of the Government

The City of Indian Rocks Beach was incorporated on June 25, 1955 under the provisions of the Laws of Florida, Chapter 30852, and since that time, has operated under the same Charter. The City is an independent reporting entity as defined by the Governmental Accounting Standards Board (GASB). The City is a political subdivision of the State of Florida, located in Pinellas County, operating under a City Manager/City Commission form of government. The City is located on a barrier island on the southwest coast of the state and is approximately 1.4 square miles in area and is part of the Tampa Bay metropolitan area. Please visit www.indian-rocks-beach.com for more information about the City and for links to other sites within the area.

The City provides municipal services that include solid waste collection, community planning, street repair and maintenance, drainage repair and maintenance, parks, and library services. The City contracts with Pinellas County for building permitting services. Pinellas County government provides potable water, sewer collection & treatment, solid waste disposal, and the jail/court systems while Pinellas Suncoast Fire and Rescue District provides fire and rescue services. The City contracts with the Pinellas County Sheriff's Office for law enforcement services.

The City operates under a commission-manager form of government. Policy-making and legislative authority are vested in the City Commission consisting of five members. The City Commission is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the City's Manager, City Attorney and City Clerk. The City Manager is the Chief Executive Officer of the City and is responsible for carrying out the policies and ordinances of the City Commission, for the day-to-day operations of the City, for appointing the heads of the various departments, and the hiring and supervision of all City employees. In addition, the City Manager is responsible for the supervision of the City Attorney and City Clerk. The City Commission is elected on a non-partisan basis and serves a two-year term.

The annual budget is the foundation for the City's financial planning and control systems. All City department heads are involved in the annual budget process. A Finance and Budget Review Committee, as established in the City Code of Ordinances, reviews the request for appropriation as submitted by the City Manager. The City Manager then presents this proposed budget to the City Commission for review in June of each year. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30, the close of the City's fiscal year. The appropriated budget is prepared by fund, function and by department, and as the year progresses, budget to actual comparisons are provided to each department, as well as the City Commission.

Local Economy

The City primarily consists of residential properties including single and multi-family homes. Commercial properties include hotels, restaurants, and real estate offices. Extraordinary increases in property values for both residential and commercial continue throughout the City. In total, taxable property values rose 7.2% in 2021 with double digit increases projected for 2022. The City

continues to experience large numbers of conversions of full-time residences to short term or vacation rental properties. Sharp increases in inflation not seen since the 1980's highlight the economy. Significant inflation has impacted the purchasing abilities in both governmental and enterprise operations. Interest rates remain at historically low levels making investment returns challenging.

Long-term Financial Planning

Financial planning for the immediate and foreseeable future remains a key stabilizing factor for the City. The City Manager proposes and the City Commission adopts a five-year capital improvement plan, which is updated annually. Replacing and maintaining infrastructure throughout the City, including road, drainage, and parks facilities, remains a primary responsibility. Maintaining strong fund balances, the receipt of sufficient revenues and operating efficiencies all continue to be focal points of the City and its efforts to meet the service demands of residents.

Major Initiatives

The City proactively addresses the strategic needs for services and investing in its capital infrastructure. In total, over \$2.6 million in capital project funding is budgeted for fiscal year 2022 Major projects include:

- > \$650,000 Road milling, Resurfacing & Curbing;
- > \$156,000 City Park upgrades and improvements;
- > \$1,772,360 Utility undergrounding Phase II North Gulf Blvd.

Relevant Financial Policies

It is the policy of the City Commission to maintain a General Fund reserve equal to six months of operating expenditures (50%) of the General Fund. This is the target that the unassigned fund balance should not fall below without establishing a replenishment plan. Funds in excess of these required reserves may be appropriated by the City Commission for specific capital improvement projects or other one-time needs. Funds are invested in a manner which provides the highest investment return with the maximum security, while meeting the daily cash flow demands of the City.

It is the policy of the City Commission that enterprise fund operations shall be self-supporting. Periodic review of rate schedules help to ensure that enterprise funds are self-supporting. Additionally, Commission policy requires that unrestricted fund balances of the enterprise funds be maintained at a level equivalent to the greater of three months of operation and maintenance expenses for the solid waste fund.

Internal and Budgetary Control

A major emphasis is placed by the City on effective internal control in the City's accounting system. Internal control seeks to provide reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that financial records are reliable for preparing financial statements and maintaining accountability for assets. In addition, the independent certified public accountants perform annual reviews as part of their examination of the financial statements.

Budgetary control is maintained at the department level by using comparisons to budgeted amounts before releasing purchase orders to vendors. Any increase or decrease in the total budget of a fund must be approved by the City Commission.

Award for Financial Reporting

The City participates in the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting Program. This program encourages governments to prepare financial reports in accordance with standards which promote consistency, full disclosure and uniformity among all governmental entities. The Certificate of Achievement recognizes conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded the Certificate of Achievement, a government must publish an easily readable and efficiently organized ACFR that conforms to rigorous program standards. The ACFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The City last received the award for its FY 2020 ACFR. The administration believes the current ACFR also conforms to all program requirements and will, therefore, be submitted to the GFOA to determine its eligibility for another certificate.

Acknowledgements

Preparation of this ACFR was made possible through the dedicated efforts of everyone in the Finance Department. We would like to thank all City department heads for their contribution to the audit process by ensuring the accuracy of accounting information recorded throughout the year.

We also wish to thank the members of the City Commission and citizens for WORKING TOGETHER to support planning and conducting proactive financial operations of the City in a responsive and progressive manner.

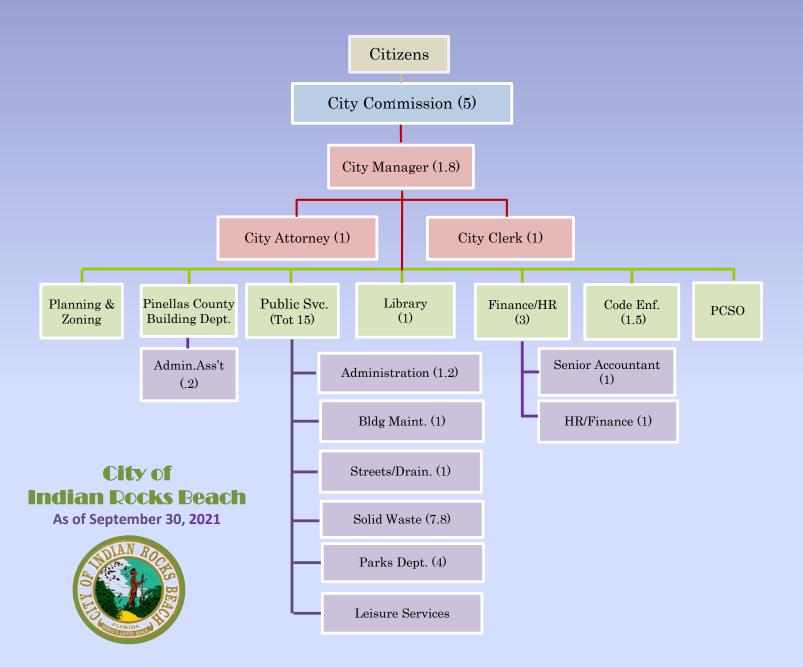

Respectfully Submitted,

Brently Gregg Mims,

City Manager

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Commission Indian Rocks Beach, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Indian Rocks Beach, Florida (the "City") as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2021, and the respective changes in financial position, and cash flows, where applicable, thereof and for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

Honorable Mayor and Members of the City Commission Indian Rocks Beach, Florida

INDEPENDENT AUDITOR'S REPORT (Concluded)

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The introductory section, the other supplemental information section, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The other supplemental information section is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 23, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

Tampa, Florida March 23, 2022

CITY OF INDIAN ROCKS BEACH, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS September 30, 2021

The City of Indian Rocks Beach's (the "City") Management's Discussion and Analysis (the "MD&A") presents an overview of the City's financial activities for the fiscal year ended September 30, 2021. This document should be read in conjunction with the letter of transmittal in the introductory section, and the City's financial statements following the MD&A.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of fiscal year 2021 by \$19.9 million (net position). Of this amount, \$4.1 million (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- At September 30, 2021, the City's governmental funds reported combined ending fund balances of \$6.0 million, an increase of \$.3 million in comparison with the prior year.
- At September 30, 2021, the unassigned fund balance for the General Fund was \$3.8 million, or 105% of total General Fund expenditures.
- Governmental funds revenues of \$4.9 million decreased \$36 thousand, or less than 1% from the prior fiscal year.

Overview of the Financial Statements

This MD&A is intended to serve as an introduction to the City's basic financial statements which are comprised of three components: 1) government-wide financial statements; 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The *government-wide financial statements*, which consist of the following two statements, are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during fiscal year 2021. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected but earned revenue and unused vacation leave).

Both of these financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, physical environment, transportation and culture/recreation. The business-type activities of the City include solid waste collection and disposal. The government-wide financial statements can be found immediately following the MD&A.

CITY OF INDIAN ROCKS BEACH, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS - continued

September 30, 2021

Fund financial statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains several individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, and the Sales Surtax Fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* in the other supplemental information section of this report.

The City adopts an annual appropriated budget for its General Fund and all of the special revenue funds. Budgetary comparison schedules have been provided for the budgeted funds to demonstrate budgetary compliance. The basic governmental fund financial statements may be found immediately following the government-wide financial statements.

Proprietary funds

The City maintains one proprietary fund. The *enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for the fiscal activities relating to solid waste disposal.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Solid Waste Disposal Fund, which is considered to be a major fund of the City. The basic proprietary fund financial statements follow the governmental fund financial statements.

Notes to the financial statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found after the proprietary fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes to the financial statements, *required supplementary information* is included which presents budgetary comparison schedules for the City's General Fund and the major special revenue funds. Required supplementary information can be found following the notes to the financial statements. The combining statements referred to earlier in connection with nonmajor governmental funds are presented in the other supplemental information section of this report. Combined and individual fund budgetary comparison schedules can be found after the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$19.9 million at the close of the fiscal year ended September 30, 2021. At the end of fiscal year 2021, the City continues to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

City of Indian Rocks Beach, Florida Net Position

Total Net Position	\$	19,153,412	\$	18,788,229	\$ 820,582	\$	\$ 824,255		\$ 19,973,994		19,612,484

Of total net position, the City has \$13.9 million (69%) invested in *capital assets* (e.g., land, buildings, equipment and infrastructure) less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. The City has *restricted net position* of \$2.04 million for capital projects and special revenues. The remaining balance of *unrestricted net position* of \$4.1 million may be used to meet the government's ongoing obligations to citizens and creditors.

Governmental activities

The Change in Net Position of the Governmental Activities of approximately (\$365) thousand represented an increase compared to prior year. This increase in Net Position resulted in part from the 2020 outsourcing of the City's Building Department to Pinellas County and the subsequent decrease in inspection expenses. In addition, much lower expenditures from utility undergrounding construction projects in 2021 added to the increase in Net Position. Governmental revenues remained fairly consistent and unchanged for 2021 when compared to the prior year.

Business-type activities

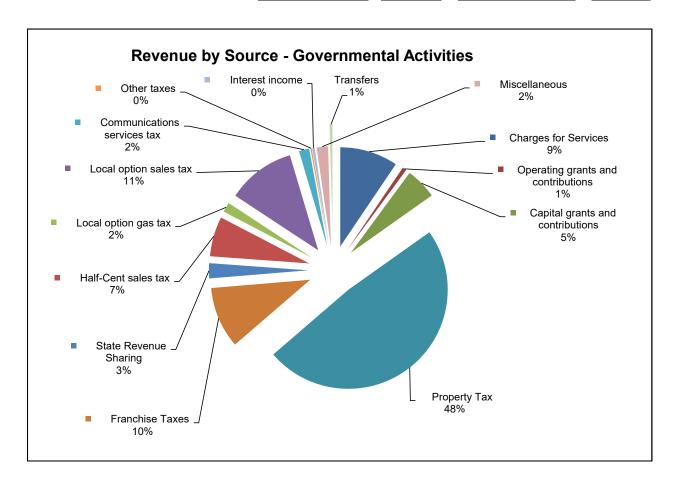

The Change in Net Position of Business-type Activities of \$4 thousand represented a decrease compared to prior fiscal year. The net position for the solid waste operations fund was decreased by \$4 thousand, in total, program or fee revenue fell only \$3 thousand short of solid waste fund expenditures in 2021. Solid waste fund revenues in total decreased by \$18 thousand or 1% for 2021 mostly due to intergovernmental receipts from disaster recovery in 2020.

CITY OF INDIAN ROCKS BEACH, FLORIDA MANAGEMENT'S DISCUSSION AND ANALYSIS – continued September 30, 2021

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the *unrestricted (committed, assigned, and unassigned) fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2021, the City's governmental funds reported combined ending fund balances of \$5.9 million, an increase of \$328K in comparison with the prior year. Unassigned fund balance is \$3.8 million and is available for spending, subject to regulatory, statutory and budgetary restrictions. The remainder of fund balance is not available for new spending because it has already been committed for: 1) capital projects (\$1.9 million), 2) emergencies (\$100 thousand), and 3) impact fee programs (\$89 thousand).

The General Fund is the chief operating fund of the City. At the end of fiscal year 2021, unassigned fund balance of the General Fund was \$3.83 million, while total fund balance was \$3.95 million. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures and transfers out. Unassigned fund balance represents 105% of the total General Fund expenditures. Total fund balance of the City's General Fund increased by \$387 thousand, or 11%, during the fiscal year. The increase in fund balance resulted from strong property tax collection revenues and cost controls within all areas of expenditures.

The Sales Surtax Fund is used to account for the receipts of a local option sales tax that is to be utilized for the City's capital projects. For the fiscal year 2021, the fund balance decreased by \$58 thousand. Local option sales tax revenues decreased by \$233K due to the completion of the utility undergrounding project on Gulf Blvd. and subsequent lower cost reimbursements from Pinellas County. Capital expenditures for fiscal 2021 were allocated towards road milling and resurfacing, underground utility projects along Gulf Blvd., solar enhancements, and park facility improvements. In total, over \$850k of capital projects were completed in fiscal year 2021.

Enterprise funds

The City's enterprise fund provides the same type of information found in the government-wide financial statements, but in more detail. The City has one enterprise fund: the Solid Waste Disposal Fund, which is a major fund. Unrestricted net position of the Solid Waste Fund, at the end of the year, was \$487 thousand.

The Solid Waste Disposal Fund is used to account for the City's solid waste disposal operations. For fiscal year 2021, the Solid Waste Disposal Fund decreased \$4 thousand in Net Position for the year. Solid waste fund revenues in total decreased by \$18k or 1% for 2021 as a result of Federal reimbursements received in 2021 from COVID-19.

General Fund Budgetary Highlights

The following table shows the differences between actual expenditures and the final budget for the General Fund:

		Actual				
September 30, 2021	Ex	penditures	Fi	nal Budget	Di	fference
General Government	\$	1,308,750	\$	1,367,400	\$	(58,650)

Culture / Recreation		618,764		614,580		4,184
	\$	3,646,782	\$	3,731,650	\$	(84,868)

Capital Assets and Debt Administration

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2021 amounts to \$13.9 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements other than buildings, machinery and equipment, vehicles and construction in progress. The City's investment in capital assets decreased \$114K million or approximately 1% for fiscal year 2021. The major capital asset events during the year included road reconstruction, park facility upgrades and improvements, solar enhancements to City facilities, and a underground utility project along Gulf Blvd.

Additional information on the City's debt can be found in Note G of this report.

Economic Factors and Next Year's Budgets and Rates

Factors considered in preparing the City's budget for fiscal year 2022 included:

- The adopted budget maintains the previously approved mill levy rate of 1.8326 that was adopted and approved for 2021.
- Population remained unchanged at 4,432 in 2022 according to the U.S. Census Bureau.
- Full-time equivalent positions City-wide were approved at 23.5 for fiscal 2022, no change over the previous year.
- The continued reduction of 25% in the cost allocation from the Solid Waste Budget to the General Fund Budget.
- Cost of living increases of 3% for all City employees.
- A 6% rate increase in solid waste fees for both commercial and residential customers, the first rate increase in three years.
- Scheduled purchases of several capital vehicles including a packer truck in solid waste, a Polaris in code enforcement, a pick-up truck in Public Services, and a bucket truck in the Streets division.

Requests for Information

This financial report is designed to present users with a general overview of the City's finances and to demonstrate the City's accountability. If you have questions concerning any of the information provided in this report or need additional financial information, contact the City's Finance Department, (727-595-2517), 1507 Bay Palm Boulevard, Indian Rocks Beach, Florida 33785.

City of Indian Rocks Beach, Florida Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances Governmental Funds to the Statement of Activities For the Fiscal Year Ended September 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:

4	
Net change in fund balances - total governmental funds	\$ 327,956
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (\$768,764) is less than depreciation (\$778,539).	(9,775)
Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. These adjustments are as follows:	
Compensated absences	(26)
Other postemployment benefits	1,034
Governmental funds report City pension contributions as expenditures. In the statement of activities, the cost of pension benefits earned net of contributions is reported as pension expense.	
Difference between pension contributions and net pension expense	 45,994
Change in net position of governmental activities	\$ 365,183

Notes to the Financial Statements September 30, 2021

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Reporting Entity

The City of Indian Rocks Beach, Florida, (the "City") located in Pinellas County, is a political subdivision of the State of Florida pursuant to Article VIII, Section 1(a), of the Constitution of the State of Florida. The City was incorporated on June 25, 1955 and since that time has operated under the same Charter. The City is approximately 1.4 square miles in area. The legislative branch of the City is composed of a five-member elected Commission. The City Commission is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Commission-appointed City Manager. The City Manager is responsible for the day-to-day operation of the City and the management of all Team Members. Fire Services in the City are provided by the Pinellas Suncoast Fire Rescue District. Law Enforcement Services are provided through a contract with the Pinellas County Sheriff's Office. All other traditional city services including solid waste operations are provided by the City.

The financial statements of the City have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as applied to governmental units. GAAP requires management to make use of estimates that affect reported amounts in the basic financial statements. Actual results could differ from those estimates. Based upon the application of the criteria, as set forth in Governmental Accounting Standards Board ("GASB") Statement Number 61, *The Financial Reporting Entity*, there are no potential component units or related organizations of the City. Following is a summary of the more significant policies of the City.

2. Government-wide and Fund Financial Statements

The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. These statements report information on all activities of the primary government as a whole. As part of the consolidation process, all interfund activities are eliminated from these statements except for the residual amounts between governmental and business-type activities reported as "internal balances." On both statements, governmental and business-type activities are reported separately.

Net position, the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources, as presented in the Statement of Net Position, is subdivided into three categories: amounts net investment in capital assets,; restricted net position; and unrestricted net position. Net Position is reported as restricted when constraints are imposed on the use of the amounts either externally by creditors, grantors, contributors, or laws and regulations of other governments, or by law through constitutional provisions or enabling legislation.

The Statement of Activities presents a comparison between the direct and indirect expenses of a given function or segment and its program revenues, and displays the extent to which each function or segment contributes to the change in net position for the fiscal year. Direct expenses are those that are clearly identifiable to a specific function or segment. Indirect expenses are costs the City has allocated to functions through various allocation methods.

Notes to the Financial Statements September 30, 2021

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions. Charges for services refer to amounts received from those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues not classified as program revenues are reported as general revenues.

Separate fund financial statements report detailed information about the City's governmental and proprietary funds. The focus of governmental and proprietary fund financial statements is on major funds. Therefore, major funds are reported as separate columns in the fund financial statements and nonmajor funds are aggregated and presented as a single column on each statement. The results of governmental fund accounting are converted to the government-wide presentation by reconciliation.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this are payments-in-lieu of taxes and other charges between the City's utilities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements, as well as the proprietary fund financial statements, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized when a liability is incurred. Property tax revenues are recognized in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

All governmental fund financial statements are reported using a current financial resources measurement focus on a modified accrual basis of accounting. Under this basis, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available is defined as collectible within the current period, or soon enough thereafter to be used to pay liabilities of the current period, usually considered sixty (60) days.

The primary revenue sources for governmental funds are property taxes, public utility taxes, franchise fees, and sales and fuel taxes. Primary revenue sources associated with the current fiscal period are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenues, such as licenses and permits, charges for services, and miscellaneous revenues, are considered to be measurable and available only when payment is received.

Expenditures of governmental funds are generally recorded when a liability is incurred, as under accrual accounting. However, accumulated sick and vacation pay, prepaid insurance and similar items are recorded only when payment is due.

Notes to the Financial Statements September 30, 2021

A.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Proprietary funds distinguish between operating and non-operating revenues and expenses. Operating revenues generally result from producing and delivering goods or providing services, such as waste disposal services, to the general public. Operating expenses for these operations include the costs of sales and services, administrative expenses, and depreciation. All revenues and expenses not meeting the definition of operating are reported as non-operating revenues and expenses.

Major funds are those whose revenues, expenditures and liabilities are at least ten (10%) percent of corresponding totals for all governmental or enterprise funds, and at least five (5%) percent of the aggregate amount for all governmental *and* enterprise funds for the same item.

The government reports the following major governmental funds:

General Fund - The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in another fund.

Sales Surtax Fund - The Sales Surtax Fund accounts for the capital projects funded by the local option sales tax.

The government reports the following major proprietary funds:

Solid Waste Disposal Fund - The Solid Waste Disposal Fund accounts for the activities of the government's solid waste disposal service to both commercial enterprises and residents.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as needed.

4. Cash and Cash Equivalents

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly-liquid, short-term investments with original maturities of three months or less from the date of acquisition. The City maintains centralized checking accounts for all funds.

Cash equivalents include pooled investments with the Florida Surplus Asset Fund Trust. The Florida Surplus Asset Fund Trust ("SAFE") is a 2a7-like pool carried at amortized cost which approximates market. A 2a7-like pool is not registered with the Securities and Exchange Commission ("SEC") as an investment company but nevertheless, has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940, which comprises the rules governing money market funds. Thus, these pools operate essentially as a money market fund. Additionally, cash equivalents include pooled investments with the Florida Cooperative Liquid Assets Securities System (FLCLASS), and Florida Fixed Income Trust (FLFIT), both of which are independent local government investment pools, designed to provide a safe and competitive investment alternatives to Florida governmental entities. Both FLCLASS and FLFIT are rated 'AAAm' by S&P Global Ratings Services, the highest rating assigned to principal stability government investment pools.

Notes to the Financial Statements September 30, 2021

A.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

5. <u>Investments</u>

The City's investment activities are governed by Chapter 218.415, Florida Statutes. In accordance with this statute, the City may invest any surplus funds in (a) the Local Government Surplus Funds Trust Fund ("SBA"); (b) SEC registered money market funds with the highest credit quality rating from a nationally-recognized rating agency; (c) interest-bearing time deposits or savings accounts in qualified public depositories; and (d) direct obligations of the U.S. Treasury. Securities listed in (c) and (d) must be invested to provide sufficient liquidity to pay obligations as they become due. The City has adopted an investment policy, in compliance with Florida Statutes, to establish a formal policy on the investing of City funds.

Investments are stated at fair value. Changes in the fair value during the year are included in investment income or loss.

6. Receivables and Payables

Activity between funds, representative of lending/borrowing arrangements outstanding at the end of the fiscal year, is referred to as either "due to/from other funds" (the current portion of interfund loans) or "advances to/from other funds" (the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Trade receivables consist of account balances less than 180 days overdue. Account balances exceeding 180 days compromise the trade accounts receivable allowance for uncollectible.

7. Prepayments and Deposits

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These amounts are offset by fund balance classifications or components which indicate that they do not constitute available resources.

Notes to the Financial Statements September 30, 2021

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

8. Property and Equipment

Capital assets, including land, buildings, improvements other than buildings, infrastructure (i.e., roads, bridges, sidewalks, and similar items) and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost, or estimated historical cost if constructed. Contributions or donations of capital assets received from federal, state or local sources are recorded as contributions when received and are stated at acquisition value.

Major additions, improvements and expenditures that significantly extend the useful life of an asset are capitalized as projects are constructed. Interest is capitalized on projects during the construction period based upon average accumulated project expenditures. The costs of normal maintenance and repairs that do not improve or extend the life of the respective assets are not capitalized.

Capital asset depreciation is recognized using the straight-line method over the estimated useful lives as follows:

Asset Classification R	Range of Lives						
Improvements other than buildings 2	15 – 55 years 20 – 30 years 5 – 15 years						

9. Compensated Absences

Annual Leave:

The City permits employees to accumulate earned annual leave (vacation). Vacation is earned at 6.67 hours per month, not to exceed 80 hours or two work weeks (ten working days) per year for employees during their first five years. Employees with five full years of uninterrupted service receive ten hours per month, not to exceed 120 hours or three weeks (fifteen working days) per year. Annual leave may be accumulated from year to year up to a maximum accrual of 240 hours (thirty working days). An employee with a minimum of six months of continuous employment shall be compensated for all accrued unused annual leave hours at their basic straight-time, hourly rate upon separation from employment. In the event of an employee's death, all accumulated vacation will be paid to the employee's estate.

Notes to the Financial Statements September 30, 2021

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported as general long-term debt. No expenditure is reported for these amounts. Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees.

Accumulated compensated absences for annual leave are recorded as expense in the government-wide and proprietary funds when incurred. A liability for these amounts is reported in the governmental fund only if they have matured, for example, as a result of employee resignations and retirements.

Sick Leave:

Sick leave is earned at the rate of 3.08 hours per payroll period by full-time employees. Unused sick leave may be accumulated up to a maximum of 720 hours. Since sick leave is forfeited upon separation from City employment, no liability for sick leave has been recorded in these financial statements.

10. Deferred Outflows / Inflows of Resources

In addition to assets and liabilities, the City reports the financial statement elements of deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expenditure or expense) until that applicable time. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that applicable time.

The City reports two items that qualify as deferred outflows of resources on its government-wide and proprietary statements of net position, deferred outflows contributions and deferred outflows for pensions. The deferred outflows contributions and deferred outflows for pensions are aggregates of items related to pensions as calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Both deferred outflows will be recognized as pension expense or a reduction of the net pension liability in future reporting years.

The City reports one item that qualifies as deferred inflows of resources on its government-wide and proprietary statements of net position, deferred inflows for pensions. The deferred inflows for pensions is an aggregate of items related to pensions as calculated under the same principles as deferred outflows for pensions, and will be recognized as a reduction to pension expense in future reporting years.

Notes to the Financial Statements September 30, 2021

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

11. Net Pension Liability

In the government-wide and proprietary statements, net pension liability represents the present value of projected benefit payments to be provided through the cost-sharing, defined-benefit pension plans to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plan's fiduciary net position. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension plans, and pension expense, information about the fiduciary net position and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The City allocated the net pension liability, deferred outflows for pensions, deferred inflows for pensions, and pension expense to funds and functions/activities based on their respective contributions made to the pension plans during the fiscal year.

12. Long-Term Liabilities

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

13. Fund Equity

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components: non-spendable, restricted, committed, assigned, and unassigned.

Non-spendable – This component includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted – This component consists of amounts that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or regulations of other governments), or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

Notes to the Financial Statements September 30, 2021

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Committed – This component comprises amounts which can only be used for specific purposes pursuant to constraints imposed by formal action of the City's highest level of decision-making authority, to include the City Charter, ordinances and resolutions, individually or in combination, to be construed as equally binding. Those committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (City charter, ordinance or resolution) it employed to commit those amounts. At September 30, 2021, the City had a committed amount for emergencies of \$100,000. This commitment was established by the City Commission in City Ordinance No. 555, paragraph 1, 6/15/1994. The ordinance defines an "emergency" as a natural disaster such as a hurricane or tornado, declarations of such by the governor or president, or other sudden and unexpected occurrences causing extensive damage to the essential infrastructure of municipal operation or unanticipated costs to the community. In the event there are expenditures from this fund, the balance shall be replenished no later than the next fiscal year, as reflected in the passage of the next fiscal year budget. Funds within this commitment shall be used for an emergency as declared by at least three affirmative commissioner votes.

Assigned – This component consists of amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning fund balance is expressed by the City Commission, City Manager or their designee.

Unassigned – This classification represents amounts that have not been restricted, committed or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

The nature and purpose of the classifications are explained on the face of the financial statement.

When both restricted and unrestricted (committed, assigned and unassigned) resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. When unrestricted resources are available for use, it is the City's policy to use committed resources first, then assigned, and then unassigned as they are needed.

Net Investment in Capital Assets - This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction, or improvement of those assets.

Restricted – This component consists of net position that have constraints placed on them either externally by third-parties (creditors, grantors, contributors, or laws or

Notes to the Financial Statements September 30, 2021

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

regulations of other governments) or by law through constitutional provisions or enabling legislation. The City would typically use restricted assets first, as appropriate opportunities arise, but may selectively defer the use of these funds.

Unrestricted – This component consists of net position that does not meet the definition of "net investment in capital assets" or "restricted."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed. In the general fund, the City strives to maintain an unassigned fund balance of three months of operating expenditures (50%) of the general fund. This is the target that the unassigned fund balance should not fall below without establishing a replenishment plan.

14. Revenues, Contributions, Expenditures, and Expenses

The City's accounting treatment and recognition policies for certain revenues, expenditures, and expenses having unique accounting requirements are as follows:

Property taxes

Property taxes are billed in November and attach as a lien on the property as of January 1 of each year. Taxes become delinquent on April 1, and tax certificates on all property on which taxes are delinquent are sold at the end of May of each year. Property taxes are fully collected prior to the end of the fiscal year. Therefore, no material amounts of property taxes are receivable.

The tax levy of the City is established by the City Commission prior to October 1 of each year, and the Pinellas County Property Appraiser incorporates the City's millage into the total tax levy, which includes the Pinellas County School Board tax requirements. The City is permitted by state law to levy taxes up to ten mills of assessed valuation exclusive of taxes levied for the payment of bonds. A mill levy of 1.8326 was approved for 2021.

All property is reassessed according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

All taxes are due and payable on November 1 of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at a rate of 4% in the month

Notes to the Financial Statements September 30, 2021

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest at 18% per year until the tax is either satisfied by seizure and sale of property, or by the five-year statute of limitations. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on property. After sale, tax certificates bear interest at 18% per year, or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Due to the Pinellas County Tax Collector's efficient system for selling tax certificates and remitting the proceeds to the City, any delinquent or uncollected property taxes at year-end are immaterial. The City's tax calendar is as follows:

Valuation Date	January 1
Levy Date	November 1
Due Date	March 31, succeeding year
Lien Date	April 1, succeeding year

Administrative service charges

Administrative services are provided to the solid waste enterprise fund by various departments within the general fund. These charges are recorded as revenues in the general fund and as operating expenses in the fund being charged.

Grants

Operating and capital grants for both governmental and proprietary funds are recorded as receivables and revenues at the time reimbursable project costs are incurred. Grant revenues received in advance of meeting all eligibility criteria are deferred.

B. BUDGETARY INFORMATION

An annual budget is prepared for all funds of the City, which is effectively controlled through governing agreements and related City ordinances. The annual operating budgets are prepared on a basis consistent with accounting principles generally accepted in the United States. Annual budget appropriations lapse at the end of each fiscal year. Encumbrances outstanding at year-end are charged against the ensuing year's budget and thus are not shown in budget-to-actual presentations, but are presented as an assigned fund balance.

The City follows the procedures set forth below in establishing the budgetary data reflected in the financial statements:

Notes to the Financial Statements September 30, 2021

B. BUDGETARY INFORMATION (CONTINUED)

Budget Information – Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, special revenue funds, and the enterprise funds and are controlled on a fund and department level. On or before May 31 of each year, all departments of the City submit requests for appropriation to the Finance Officer so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information on the past year, current-year estimates and requested appropriations for the next fiscal year. All annual appropriations lapse at fiscal year-end. The proposed budget is presented by the City Manager to the City Commission for review on or before July 1. The City Commission holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenues and unassigned fund balances estimated as available by the Finance Officer.

Expenditures may not legally exceed budgeted appropriations at the fund level.

- Revenues are projected from rate structures, historical data, estimates and statistical trends available from City sources and outside agencies.
- Expenses are estimated on cost analyses, expected needs, and historical data produced by the finance and operating departments.

The final adoption of the City's budget complies with the "Truth in Millage" statute of Florida that mandates two public hearings prior to adoption of the ad valorem tax millage rate and the budget. Prior to October 1 of each year, the public hearings are completed, and the Commission adopts the Final Budget and establishes the ad valorem tax millage rate.

C. CASH AND INVESTMENTS

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly-liquid, short-term investments with original maturities of three months or less from the date of acquisition. The City maintains a cash pool that is available for use by all funds. Each fund's portion of this pool is displayed as "Cash and Cash Equivalents."

1. Deposits

As of September 30, 2021, the total carrying amount of cash deposits at a local financial institution was \$1,917,386. The City has complied with the requirements of the Florida Security for Public Deposits Act (the "Act") by maintaining its accounts at a qualified public depository, as provided by Chapter 280 of the Florida Statutes. Under the Act, qualified public depositories must deposit with the State Treasurer eligible collateral in such amounts as required by the Act. Therefore, all cash deposits held by banks can be classified as fully insured.

Notes to the Financial Statements September 30, 2021

C. CASH AND INVESTMENTS (CONTINUED)

2. Investments

The City's investment policy allows the City to invest surplus money in instruments provided by Florida Statute, Chapter 218.415. Those utilized by the City are:

- Certificates of deposit
- Florida Surplus Asset Fund Trust, FLSAFE LGIP
- Florida Cooperative Liquid Asset Securities System
- Florida Fixed Income Trust Preferred Deposit Fund

Investments are categorized into the following four (4) categories of risk:

- (1) Interest Rate Risk To mitigate interest rate risk, the City's investment policy requires that the investment portfolio be structured with securities that maintain the greatest degree of liquidity and flexibility. The portfolio will maintain a structure with maturities staged to meet the City's obligations as they become due.
- (2) Credit Risk To mitigate credit risk, the City, in compliance with policy, primarily invests in U.S. Government securities and the State of Florida Local Government Surplus Trust Fund pool (the "Pool").
- (3) Custodial Risk To mitigate custodial risk, all cash and securities are held in accounts bearing the name of the City. Securities in such accounts, even though held in the "street name," are considered held in the name of the City.
- (4) Concentration of Credit Risk The City's investment policy requires that investments be diversified by security type and institution. No more than fifty (50%) percent of the City's funds will be invested with the same issuer, except direct obligations of the United States Treasury. No more than fifty (50%) percent of the City's funds will be invested through the same investment institution or dealer. No more than twenty (20%) percent of the City's funds will be invested beyond five (5) years in any security with the same maturity date.

Notes to the Financial Statements September 30, 2021

C. CASH AND INVESTMENTS (CONTINUED)

The following is a summary of the City's pooled investments at September 30, 2021:

	0 111		Maturity
	Credit		Less Than
	Ratings	Fair Value	One Year
Florida Surplus Asset Fund Trust	AAAm	\$ 2,180,478	\$2,180,478
Florida Cooperative Liquid Asset Securities System	AAAm	2,065,549	2,065,549
Florida Fixed Income Trust - Preferred Deposit Fund	n/a	531,468	531,468
AXIOM BANK, NA, FL	n/a	333,000	-
Florida Community Bank/Synovus	n/a	333,000	333,000
Total Investments		\$ 5,443,495	\$5,110,495

The hierarchy of fair value investments does not apply to the above assets. There are no restrictions or limitations on withdrawals as it relates to the City's investments in external investment pools.

D. RECEIVABLES

The following is a detail listing of receivables for the City's individual major funds, including the applicable allowances for uncollectible accounts at September 30, 2021:

Description	G	General	Sales Surtax Fund	Solid Waste	nmajor unds	Total		
Accounts	\$	4,103	\$ -	\$ 274,963	\$ -	\$ 279,066		
Taxes		23,991	-	-	-	23,991		
Franchise Fees		48,480	-	-	-	48,480		
Intergovernmental		12,331	147,606	-	4,740	164,677		
		88,905	147,606	274,963	 4,740	516,214		
Less: Allowance for Uncollectable		-	-	(1,226)	-	(1,226)		
	\$	88,905	\$ 147,606	\$ 273,737	\$ 4,740	\$ 514,988		

Notes to the Financial Statements September 30, 2021

E. INTERFUND RECEIVABLES AND PAYABLES

During fiscal year 2021, interfund transfers were as follows:

	Tr	ansfers In	Tr	ansfers Out	Purpose
General Fund Nonmajor Governmental Funds:		22,000		-	
Recreation Impact Fee Fund		-		11,370	Park Capital Improvements
Development Impact Fee Fund		-		10,630	Infrastructure Capital Improvements
	\$	22,000	\$	22,000	

Individual interfund receivables and payables at September 31, 2021 are:

There were no interfund receivables and payables at September 30, 2021.

Notes to the Financial Statements September 30, 2021

F. CAPITAL ASSETS

Governmental capital asset activity for the year ended September 30, 2021 was as follows:

	Beginning Balance			Ending Balance
Governmental Activities	9/30/2020	Increases	Decreases	9/30/2021
Capital Assets, Not Being Depreciated:				
Land	\$ 2,215,254	\$ -	\$ -	\$ 2,215,254
Construction In Progress	337,141	144,742	(477,553)	4,330

Notes to the Financial Statements September 30, 2021

F. CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions/programs of the government as follows:

Depreciation Expense By Function	
Governmental Activities:	
General Government	\$ 64,844
Public Safety	3,479
Transportation	377,669
Culture/Recreation	 332,547
Total Governmental Activities	\$ 778,539
Depreciation Expense By Function	
Business-type Activities:	
Solid Waste	\$ 104,983
	\$ 104,983

G. LONG-TERM DEBT

Schedule of Changes in Long-Term Debt

The City's long-term debt includes compensated absences and other postemployment benefits. The following is a schedule of changes in the City's long-term debt for the fiscal year ended September 30, 2021:

Governmental Activities:	Balance 9/30/20	_A	dditions	<u>R</u>	eductions	-	Balance 9/30/21		Due Within One Year		ong-Term Portion
Compensated Absences Other Postemployment Benefits Net Pension Liability	\$ 78,112 61,151 331,033	\$	12,477	\$	(12,451) (1,034) (260,223)	\$	78,138 60,117 70,810		23,440	\$	54,698 60,117 70,810
Business-type Activities:	 470,296		12,477	<u>\$</u>	(273,708)	<u>\$</u>	209,065	<u>\$</u>	23,440	<u>\$</u>	185,625
Compensated Absences Other Postemployment Benefits Net Pension Liability	\$ 25,710 29,673 105,554	\$	4,238	\$	(2,796) (443) (44,492)	\$	27,152 29,230 61,062	\$	8,146 - -	\$	19,006 29,230 61,062
	\$ 160,937	\$	4,238	\$	(47,731)	\$	117,444	\$	8,146	\$	109,298

General Fund revenues have been used in prior years to liquidate the liability for pension liabilities, compensated absences and other post-employment benefit obligations.

Notes to the Financial Statements September 30, 2021

H. RISK MANAGEMENT

In September 2000, the City entered into a contract with Public Risk Management of Florida ("PRM") to provide insurance coverage, and became self-insured and a member of PRM, a risk-management pool and self-insurance association for public entities within the State of Florida. Coverage includes a deductible of \$1,000 per occurrence for all perils.

PRM is organized under an Interlocal Agreement with each member having a Board Member and Alternate Member on the PRM Board of Directors. Claims service is provided by Gallagher Bassett Services who provides claims services, to over 150 public entities in Florida. Included in the claims services is managed care through Genex for workers' compensation. The City pays an annual premium to PRM for property, liability and workers' compensation coverage. PRM provides a reinsurance program that consists of both specific excess and aggregate excess insurance, which offers financial security for its members.

The City has established an active Safety Committee (the "Committee") and Safety Program (and has received a 3% discount on the workers' compensation premium for the 2021 fiscal year). The Committee reviews any problems relating to safety, and makes suggestions to improve safety practices. One employee maintains certification annually as a safety professional through the Safety Council of Pinellas County.

The City continues to carry commercial insurance for all other risks of loss, including health, wind, flood, and employee accident insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past four fiscal years. The City has not had any significant coverage reductions under these policies from the prior years.

I. EMPLOYEES' RETIREMENT PLANS

1. Florida Retirement System

All of the City's general employees hired before January 1, 1996 participate in the Florida Retirement System ("FRS"), a cost-sharing, defined-benefit, multiple-employer public employee retirement system.

The City of Indian Rocks Beach contributes to the FRS, which is administered by the Florida Department of Management Services, Division of Retirement. FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Chapter 121 of the Florida Statutes, which may be amended by the Florida Legislature, assigns the authority to establish and amend benefit provisions to the Department of Management Services through the Division of Retirement. The FRS issues a publicly-available financial report that

Notes to the Financial Statements September 30, 2021

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

includes financial statements and required supplementary information for FRS. That report may be obtained by writing to:

State of Florida Division of Retirement 3639-C North Monroe Street Tallahassee, Florida 32399-1560

The FRS funding policy provides for monthly employer contributions at actuarially-determined rates that, expressed as percentages of annual covered payroll, are adequate to accumulate sufficient assets to pay benefits when due. The percentage level of payroll employer contribution rates, established by state law, is determined using the entry-age actuarial funding method. Future plan benefit changes, assumption changes, and methodology changes are amortized over 30 years, using level-dollar amounts. Except for gains reserved for rate stabilization, future actuarial gains and losses are amortized on a rolling 10% basis as a level-dollar amount.

Retirement benefits, and the City's contribution rate, are summarized as follows:

Membership Category	Retirement Benefit	Vesting	Contribution Rates Beginning July 1, 2020 (of covered payroll)
Regular	1.6% times years of service times average compensation (8 highest years) if age 65 or 33 years of service at any age.	After 8 years of creditable service.	Employer 10.00% Employee 3.00%
Elected State, County and City Officers	1.6% times years of service times average compensation (8 highest years) if age 65 or 33 years of service at any age.	After 8 years of creditable service.	Employer 49.18% Employee 3.00%
Senior Management	1.6% times years of service times average compensation (8 highest years) if age 65 or 33 years of service at any age.	After 8 years of creditable service.	Employer 27.29% Employee 3.00%

The City's contributions include 1.66% for a post-retirement health insurance subsidy. FRS also provides disability and survivors' benefits. Benefits are established by Florida State Statute.

Notes to the Financial Statements September 30, 2021

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

The Florida Retirement System

1. Plan Description, Membership and Plan Benefits, and Contribution Requirements

Plan Description

Five active City employees hired prior to 1996 participate in the FRS, four in regular class membership and one in senior management class membership. All five FRS members are covered by the FRS, a cost-sharing, multiple-employer, defined-benefit pension plan. The FRS was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program ("DROP") under the defined-benefit plan, and amended in 2000 to provide a defined-contribution plan alternative to the defined-benefit plan for FRS members effective July 1, 2002. This integrated defined-contribution pension plan is the FRS Investment Plan ("INV"). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy ("HIS") Program, a cost-sharing, multiple-employer, defined-benefit pension plan to assist retired members of any state-administered retirement system in paying the costs of health insurance.

The FRS and HIS are administered by the Florida Department of Management Services, Division of Retirement. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code. The Florida Legislature has the authority to establish and amend retirement legislation and related bills of significance to members of the FRS and HIS plans (including benefit terms and contribution rates). Passed bills are presented to the Governor of Florida and approved before they may be enacted into law.

The FRS and HIS financial information is included in the Florida Retirement System ("System") Pension Plan and Other State-Administered Systems' Annual Comprehensive Financial Report (ACFR). The System ACFR, including audited financial information to support the Schedules of Employer Allocations and Schedules of Pension Amounts by Employer, are available online at:

http://www.dms.myflorida.com/workforce operations/retirement/publications.

The System ACFR and actuarial reports may also be obtained by contacting the Division of Retirement by mail or phone at:

Department of Management Services Division of Retirement Bureau of Research and Member Contributions P.O. Box 9000

Notes to the Financial Statements September 30, 2021

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Tallahassee, FL 32315-9000 850-488-5706

Membership and Plan Benefits - FRS

The FRS has two classes of membership applicable to the City, including regular class and senior management class. Employees enrolled in the FRS vested after six years of creditable service and are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. Retirees receive a lifetime pension benefit with joint and survivor payment options. The FRS provides retirement, disability, death benefits and annual cost-of-living adjustments. The FRS also includes an early retirement provision, but imposes a penalty for each year a member retires before the normal retirement date.

Benefits are computed on the basis of age, average final compensation, creditable years of service, and accrual value by membership class. As provided in Section 121.101 Florida Statutes, if the member's service credit was accrued before July 1, 2011, the annual cost of living adjustment is 3% per year. If the member has service credit on or after July 1, 2011, there is an individually calculated cost of living adjustment.

A DROP was established effective July 1, 1998, subject to provisions of Section 121.091, Florida Statutes. It permits employees eligible for normal retirement under the FRS to defer receipt of monthly benefit payments while continuing employment with a FRS employer. An employee may participate in the DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the Florida Retirement System Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

<u>Membership and Plan Benefits - HIS</u>

HIS membership is available to all members within the FRS and INV plans. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. Eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive HIS benefits, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which can include Medicare.

Notes to the Financial Statements September 30, 2021

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Contribution Requirements

The contribution rates for FRS and HIS members are established, and may be amended, by the State of Florida. Employer contribution rates are actuarially recommended but set by the Legislature. These rates are a percentage of covered payroll. The FRS and HIS contribution rates were as follows:

FRS Class:	10/20 - 06/21	07/21 - 09/21
Regular	10.00%	10.82%
Senior Management	27.29%	29.01%
DROP	16.98%	18.34%

Employer rates include 1.66% from 10/20 - 09/21 for the HIS program. In addition, other than for the DROP, rates include .06% from 10/20 - 09/21 for administrative costs.

The City's contributions recognized during the fiscal year ended September 30, 2021 by the FRS and HIS were \$32,753 and \$3,312, respectively.

2. FRS and HIS Rate of Return, Discount Rate Sensitivity and Significant Actuarial Assumptions

Long-Term Rate of Return

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in October 2021 the FRS Actuarial Assumption Conference reviewed assumptions by Milliman's Capital Markets Assumption team. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Target	Annual Arithmetic
Asset Class	Allocation	Return
Cash	1.0%	2.1%
Fixed Income	20.0%	3.8%
Global Equity	54,2%	8.2%
Real Estate (Property)	10.3%	7.1%
Private Equity	10.8%	11.7%
Strategic Investments	3.7%	5.7%
	100.0%	=-

Notes to the Financial Statements September 30, 2021

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

The HIS is essentially funded on a pay-as-you-go basis and the depletion date is considered to be immediate. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the plan, or assumed asset allocation.

Discount Rate Sensitivity Analysis

The following tables demonstrate the sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact if the discount rate was 1.0% higher or 1.0% lower than the current discount rate at June 30, 2021

	FRS Net	Pe	nsion Liability	(As	set)	HIS Net Pension Liability (Asset)				sset)	
		Cur	rrent Discount			Current Discount					
	1% Decrease		Rate		1% Increase	1%	6 Decrease	Rate 1% Incre		1% Increase	
	5.80%		6.80%		7.80%	116%			2.16%		3.16%
9	283,199	\$	63,326	\$	(120,463)	\$	79,246	\$	68,546	\$	59,780

Actuarial Methods and Assumptions

Actuarial assumptions for both the FRS and HIS are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS has a valuation performed annually and the HIS has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS and HIS was completed for the period July 1, 2013 through June 30, 2018.

The total pension liability for the FRS was determined by an actuarial valuation as of July 1, 2021 and for HIS by an actuarial valuation as of July 1, 2020 updated to July 1, 2021 using the individual entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth for both plans is assumed at 3.25%. Mortality assumptions for both plans were based on the PUB210 base table varied by member category and sex, projected generationally with scale MP-2018; and on the Generational RP-2000 with projection scale MP-2018 for the HIS. Both the discount rate and long-term expected rate of return used for FRS investments is 6.80%, consistent with the prior year. The FRS fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 2.16% was used to determine its total pension liability (a decrease from 2.21% in the prior year). In October 2021, the Actuarial Assumptions Conference adopted the Bond Buyer General Obligation 20-Bond Municipal Bond Index as the applicable municipal bond index.

Notes to the Financial Statements September 30, 2021

I. EMPLOYEES' RETIREMENT PLANS (CONTINUED)

Net Pension Liability, Deferred Outflows/Inflows of Resources, and Pension Expense for City Defined Benefit Pension Plans

1. Proportionate Share of FRS and HIS Plans

Employers participating in the FRS and HIS were provided pension allocation schedules for use in recording their proportionate share of the FRS and HIS collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense at measurement date June 30, 2021 in accordance with GASB Statements No. 68, Accounting and Financial Reporting for Pensions and No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of Statement No. 68. The underlying financial information used to prepare the pension allocation schedules was based on the same basis as mentioned previously and on an actuarial valuation as of July 1, 2021 for the FRS and July 1, 2020 updated to July 1, 2021 for HIS. The City's proportionate share was calculated using retirement contributions for employees that were members of the FRS and HIS during the measurement year ended June 30, 2021. The aggregate employer contribution amounts in the pension allocation schedules agree to the total employer contribution amounts reported in the System ACFR.

At September 30, 2021, the City reported a net pension liability of \$131,872 for its proportionate share of the collective net pension liability of the FRS and HIS. The following table presents information on the City's proportionate share of the FRS and HIS:

			City
	FRS	HIS	Total
Proportionate Share of Net Pension	\$ 63,326	\$ 68,546	\$ 131,872
Liability at June 30, 2021			
City's proportion at June 30, 2021	0.00000838	0.00000559	
City's proportion at June 30, 2020	0.00000849	0.00000562	
Change in proportion during current year	-0.00000011	-0.00000003	

Notes to the Financial Statements September 30, 2021

I. EMPLOYEES' RETIREMENT PLANS (Continued)

2. Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended September 30, 2021, the City recognized a credit to pension expense of \$53,857, (\$46,338 credit related to the FRS, and \$7,519 credit related to the HIS). At September 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		FR	RS			HIS				ed Outflows
	Def	Outflow	Е	ef Inflow	De	f Outflow	D	ef Inflow	_ / (Defe	erred Inflows)
Differences between expected and actual experience	\$	10,854	\$	-	\$	2,294	\$	(29)	\$	13,148 (29)
Changes of assumptions		43,331		-		5,386		(2,824)		48,717 (2,824)
Net difference between projected and actual investment earnings		-		(220,929)		71		-		71 -
Changes In proportion		3,898		(38,935)		2,033		(24,171)		5,931 (63,106)
City contributions subsequent to the measurement data		8,109				779				8,888
Total Deferred Outflows	\$	66,192			\$	10,563				76,755
Total Deferred (Inflows)			\$	(259,864)			\$	(27,024)	\$	(286,888)

Deferred outflows of resources of \$8,888 are reported by the City for employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

			City Total
Reporting Year			Deferred Outflows
Ending June 30,	FRS	HIS	(Deferred Inflows)
2022	\$ (37,379) \$	(4,274)	\$ (41,653)
2023	(43,011)	(3,567)	(46,578)
2024	(55,214)	(3,661)	(58,875)
2025	(66,131)	(3,479)	(69,610)
2026	(46)	(1,947)	(1,993)
Thereafter	 -	(312)	(312)

Notes to the Financial Statements September 30, 2021

I. EMPLOYEES' RETIREMENT PLANS (Continued)

3. Payables to the Pension Plans

Included in the amounts reported as accrued liabilities is \$0 payable to the Florida Retirement System. The amount is for required contributions based on September 2021 payroll not remitted to the plans until October 2021, and is reported in the General Fund. The amount includes required employer contributions for the FRS and HIS plans.

Deferred Retirement Option Program:

The FRS DROP is available to a member when the member first reaches eligibility for normal retirement. DROP allows a member to retire while continuing employment for up to 60 months. During DROP participation, the member's retirement benefits accumulate in the FRS Trust Fund and earn monthly interest equivalent to an annual rate of 6.5% (1.3% for members who enter DROP on or after 07/01/2011). The member must cease employment after a maximum of 60 months, must satisfy the termination requirements for retirement, and is subject to re-employment restrictions thereafter. The member's DROP accumulation may be paid out as a lump-sum payment, a rollover, or a combination partial lump-sum payment and rollover. Employers must pay contributions at a rate of 14.03% of salary for all DROP participants. FRS also provides disability and survivors' benefits.

The contribution requirements of employers are established and may be amended by the Division of Retirement. The City's contributions, and its required contributions for the three years ended September 30, 2021 are summarized as follows:

	Required		-	Actual	Percentage
Fiscal Year	Contributions		Con	tributions	Contributed
2021	\$	32,753	\$	32,753	100%
2020	\$	29,026	\$	29,026	100%
2019	\$	30,463	\$	30,463	100%
2018	\$	36,029	\$	36,029	100%

General Employees' Defined Contribution Plan

The City provides retirement benefits for all of its full-time employees hired after January 1, 1996 through a non-contributory, defined-contribution plan administered by the ICMA Retirement Corporation under their prototype Profit-Sharing Plan and Trust Agreement. In a defined-contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after three months of employment. The Plan requires that the City contribute 10% of all participants' earnings. The City's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of continuous service. City contributions for, and interest forfeited by, employees who leave employment before five years of service are used to reduce the City's current-period contribution requirement. Plan provisions and contribution requirements are established and may be amended by the City Commission. The Plan does not issue a stand-alone financial report and is not included in any other retirement system or entity's financial report.

Notes to the Financial Statements September 30, 2021

J. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Changes of assumptions reflect a change in the discount rate from 2.14% for the fiscal year ending September 30, 2020 to 2.43% for the fiscal year ending September 30, 2021.

Sensitivity of the Total OPEB Liability to changes in the Discount Rate:

The following presents the Total OPEB Liability of the Sponsor, as well as what the Sponsor's Total OPEB Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

CITY OF INDIAN ROCKS BEACH, FLORIDA NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds account for revenues from specific taxes or other earmarked revenue sources which, by law are designated to finance particular functions or activities of government. The City has the following nonmajor special revenue funds:

Local Option Gas Surtax Fund

To account for the receipt of a local gas tax that is to be used for the City's capital projects.

Transportation Impact Fee Fund

To account for the receipt and expenditure of transportation impact fees, as levied by the City. This fund is also used to collect for and disburse to the County its share of transportation impact fees.

Recreation Impact Fee Fund

To account for the receipt and expenditure of recreation impact fees as levied by the City. The funds collected are used exclusively for the purpose of additional recreation space, the reconstruction or refurbishing of existing recreation areas, or the purchase of recreation equipment.

Developmental Impact Fee Fund

To account for the receipt and expenditure of developmental impact fees as levied by the City. The funds collected are to be specifically allocated for the payment of expenditures for construction of roads, utilities, sidewalks, curbs, drainage, seawalls, installation of streetlights, and any other activity which is not directly related to the City's sanitary sewage system.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Commission Indian Rocks Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements, as listed in the table of contents, of the City of Indian Rocks Beach, Florida (the "City") as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated March 23, 2022.

Internal Control over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Honorable Mayor and Members of the City Commission Indian Rocks Beach, Florida

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements, and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated March 23, 2022

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MSL, P.A.

Certified Public Accountants

Tampa, Florida March 23, 2022

INDEPENDENT ACCOUNTANT'S REPORT

Honorable Mayor and Members of the City Commission Indian Rocks Beach, Florida

We have examined the compliance of the City of Indian Rocks Beach, Florida (the "City") with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2021. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the City's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2021.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Honorable Mayor and Members of the City Commission Indian Rocks Beach, Florida

Report on the Financial Statements

We have audited the basic financial statements of the City of Indian Rocks Beach, Florida (the "City") as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated March 23, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have also issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with AICPA *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in these reports, which are dated March 23, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, there were no findings or recommendations.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Honorable Mayor and Members of the City Commission Indian Rocks Beach, Florida

Financial Condition and Management (Continued)

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, City Commission, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
