VILLAGE OF PINECREST
Office of the Village Manager

March 2, 2022

To the Honorable Mayor Joseph Corradino
Members of the Village Council and
Citizens of the Village of Pinecrest:

The Government Finance Officers' Association recommends that local governments publish within (6) six months of the close of each fiscal year a complete set of financial statements presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that recommendation, we hereby issue the Annual Comprehensive Financial Report of the Village of Pinecrest for the fiscal year ended September 30, 2021.

This report is consistent with management's representation of the Village of Pinecrest's finances. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, the Village of Pinecrest's management has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Village of Pinecrest's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Village of Pinecrest's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Village of Pinecrest's financial statements have been audited by Caballero Fierman Llerena & Garcia, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Village of Pinecrest for the fiscal year that ended September 30, 2021, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amount and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Village of Pinecrest's financial statements for the fiscal year ended September 30, 2021, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Village of Pinecrest's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The Village of Pinecrest was incorporated on March 12, 1996 pursuant to Ordinance 95-207 adopted by the Miami-Dade Board of County Commissioners on November 12, 1995. The Village of Pinecrest occupies a land area of approximately 8 square miles and serves a population of 18,419. The Village of Pinecrest receives tax levies on real and personal properties located within its boundaries.

The Village of Pinecrest has operated under the Council-Manager form of government since its inception. Policymaking and legislative authority are vested in a governing council consisting of the Mayor and four Council Members. The Council is responsible for adopting ordinances, adopting the budget, and appointing the Village Manager, Village Clerk and Village Attorney. The Village Manager is responsible for carrying out the policies and directives of the Council, for overseeing the day-to-day operations of the government, and for appointing department heads.

The Village of Pinecrest offers a wide range of services, including, police protection, maintenance of roadways, parks and recreation, building, planning and zoning and stormwater services. Certain services are provided through other governmental entities such as the Miami-Dade Fire and Rescue Department, Miami-Dade Public School Board and Miami-Dade County.

The Village of Pinecrest has six major departments: Police, Building and Planning, Public Works, Parks & Recreation, Pinecrest Gardens and General Government. General Government consists of the following sub-divisions: Village Council, Village Manager, Village Clerk, Finance, Information Technology, and Village Attorney.

The annual budget serves as a foundation for the Village of Pinecrest's financial planning and control. All departments of the Village are required to submit requests for appropriation to the Village Manager and these requests are the starting point for developing a proposed budget. The Village Manager then presents this proposed budget to the Village Council for review. The Village Council is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30th, the close of the Village's fiscal year. The appropriated budget is prepared by type of fund and department. No department may expend in excess of the amount appropriated for that department within an individual fund without the approval of the Village Manager. The Village Manager may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the Village Council through a budget amendment process. The Village Council approves supplemental appropriations. Budget to actual comparisons are provided in this report for the General Fund for which an appropriated annual budget has been adopted. The General Fund, budget to actual report is presented in the required supplemental information section of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment with which the Village of Pinecrest operates.

Local economy. Despite the challenges the Corona Virus pandemic has presented, the Village managed to maintain excellent stability. This medium sized municipality is an active community of involved citizens who take a genuine interest in the social, business, cultural and governing aspects of their Village. The Village is comprised of an affluent residential housing stock and several retail shopping malls. There is no industrial area in the community.

Long-term financial planning. The Village has undertaken several capital improvement projects as part of its five-year capital improvement plan. The Village of Pinecrest has provided funding for improvements at Pinecrest Gardens: Hibiscus flooring and windows, Bridal Room renovations, Upper Garden design and construction, ADA playground and pathways, pathway lighting, Splash Pad renovations and Banyan Bowl Lighting ; Community Center benches, shade structure and cinema package; Suniland Park pathways and LED ballfield lighting; Greer Park multipurpose floor renovations; Coral Pine Thorguard system; Village Hall AV system; Gary Matzner Park land purchase and improvements; Flagler Grove Park turf and playground renovations; Stormwater drainage improvements; and combined with assistance from the American Recovery Plan, a potable water project.

Financial policies. The Village of Pinecrest has the following financial policies: Operating Budget Policy, Capital Improvement Policy, Debt Management Policy, Revenue Policy, Investment Policy, Fund Balance Policy, Account, Auditing & Financial Reporting Policy, Audit Committee & Auditor Selection Policy, Capital Asset Policy, Travel Policy, Purchasing Policy, Retiree Health Care Policy, Fraud Policy, Construction Guarantee Policy and Credit Card Policy. The Revenue Policy establishes that all one-time revenues will be matched with expenditures to decrease the reliance on the fund balance.

Pension. The Village of Pinecrest sponsors a defined contribution pension plan 401 (a) with VOYA Financial. With the exception of sworn police personnel, full time employees contribute seven percent (7%) of his or her pay to the plan, which is matched by a contribution by the Village of Pinecrest of eleven and a half percent (11.5%) for general employees and fourteen point one percent (14.1%) for department heads.

A defined benefit plan sponsored by the Florida Retirement System (FRS) was established for sworn police personnel. Sworn police personnel who were employed at the time the defined benefit plan by FRS was established had the option of remaining in the 401 (a) plan sponsored by the ICMA RC (International City/County Management Association, Retirement Corporation) at the time. The 401 (a) is now managed by VOYA Financial. All newly hired sworn police personnel participate in the FRS.

Additional information on the Village of Pinecrest pension benefits can be found in Note 9 of the financial statements.

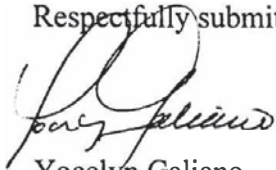

Awards and acknowledgements

The Government Finance Officers Association of the United State and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Pinecrest for its annual comprehensive financial report (ACFR) for the fiscal year ended September 30, 2020. This was the 25th year that the Village received this prestigious award. In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. The report submitted for the Fiscal Year 2020 satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and it will be submitted to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Finance Department. We would like to express our appreciation to all members of the departments who assisted and contributed to the preparation of this report. Credit must also be given to the Mayor and the Village Council for their unfailing support for maintaining the highest standards of professionalism in the management of the Village of Pinecrest's finances.

Respectfully submitted,

Yocelyn Galiano,

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

Honorable Mayor, Members of the Village Council and Village Manager
Village of Pinecrest, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Pinecrest, Florida (the "Village") as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village, as of September 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedules, the Schedules of the Village's Proportionate Share of Net Pension Liabilities and Contributions, and the Schedule of Changes in the Village's Total OPEB Liability and Related Ratios on pages 3–11 and 45–53 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 2, 2022, on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Required Supplementary Information)

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

As management of the Village of Pinecrest, Florida (the "Village"), we offer the Village's financial statements in this narrative overview and analysis of the financial activities of the Village for the fiscal year ended September 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

This was our second year operating under the Coronavirus (COVID-19) pandemic. Business as usual ceased to exist as we adapted to the new reality. Programs and funding sources were reduced and while spending was cut in areas such as travel and office supplies, many vendor contracts could not be paused or cancelled. The Village also had to undertake many steps to protect lives from the threat of the virus, which resulted in unbudgeted expenditures. This was coupled with increased demand for materials and price pressures. Despite the challenges the pandemic presented, the Village managed to maintain excellent stability.

Financial Highlights

- The assets and deferred outflows of resources of the Village exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$82,129,880 (net position).
- The Village's total net position increased by \$1,109,261. While liabilities remained relatively consistent, the cash and cash equivalents grew by almost \$7 million. This was due to two debt issuances used for debt repayment and capital asset purchases. As well as revenues exceeding expenses by about \$1 Million.
- At the close of the current fiscal year, the Village's government funds reported combined ending fund balances of \$13,818,512, an increase of \$5,677,294 in comparison with the prior year. Approximately 52.2% of this total amount, \$7,216,677 is available for spending at the government's discretion (Unassigned Fund balance). The financial position of the Village has increased, and the overall financial position continues to be excellent. The increase is attributable to the cash and equivalent balances growth mainly due to the debt issuance and COVID-19 funds received as well as a catch up of the prior year of COVID-19 related expenses.
- At the end of the current fiscal year, the Unassigned Fund balance for the General Fund was \$7,216,677 or 28.4% of the total General Fund expenditures and transfers.
- The Village total bonded and bank debt increased by \$10,602,372 or 116.7% during the current fiscal year. The Village had two debt issuances. One in the amount of \$7,921,446 which included the purchase of a land for a passive park, Gary Matzner Park, and capital purchases and improvements, and a second for \$5,750,526 which included a loan payoff to take advantage of lower interest rates and further capital purchases and improvements.
- The Village received federal funding from the Cares Act of \$827,130 and has a receivable of \$213,396 for expended COVID-19 related expenditures. The Village also has a receivable of \$99,325 for COVID-19 Related expenditures from the Federal Emergency Management Agency (FEMA). The FEMA Hurricane Irma receivable is now at \$65,911 due to receipt of \$120,556 in the current year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Village's basic financial statements. The Village's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statement. The government-wide financial statements are designed to provide readers with a broad overview of the Village's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the Village's assets, liabilities, and deferred inflows/outflows of resources with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

Overview of the Financial Statements (Continued)

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flow. Thus, revenues and expenses are reported in this statement for some that will only result in cash flow in the future fiscal periods (i.e. uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Village include general government, police and public works (including highways, parks, and planning and building). The business-type activities of the Village include stormwater activities.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village are governmental and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflow and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains eleven (11) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. The Village has the following governmental funds: General, Transportation, CITT Public Transit, Capital Projects, six (6) non-major Special Revenue funds and a Debt Service Fund. Only the General Fund, Transportation Fund, CITT Public Transit Fund and Capital Projects Fund are considered to be major funds. Data from the other funds are combined into a single, aggregated presentation. Individual data for these non-major governmental funds are provided in the form of combining statements elsewhere in this report.

The Village adopts an annual appropriated budget for its General Fund as well as for its other governmental funds. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

Proprietary Fund. The Village maintains one type of proprietary fund - an Enterprise Fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village uses an Enterprise Fund to account for its stormwater activities.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Proprietary Fund financial statements provide separate information for the Stormwater Fund, which is considered a major fund of the Village.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the footnotes.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Village, assets and deferred outflow of resources exceeded liabilities by \$82,129,880 at the close of the most recent fiscal year.

By far the largest portion of the Village's net position \$81,977,478 or 99.8% reflects its investment in capital assets (i.e. land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The Village uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources because the capital assets themselves cannot be used to liquidate these liabilities.

	Governmental Activities		Business-type Activities		Total	
	2020	2021	2020	2021	2020	2021
Current and other assets	\$ 10,001,851	\$ 16,809,506	\$ 2,191,680	\$ 2,549,542	\$ 12,193,531	\$ 19,359,048

- Revenues increased by \$5,303,451 or 20.1%, while expenses decreased by \$1,223,160 or 3.8% over the prior fiscal year.
- Taxes, \$17,419,962, comprised 57.1% of the total governmental revenues, \$30,482,060 during the fiscal year. Most of this category is property taxes, \$ 11,630,934. The millage rate decreased from 2.399 to 2.351, however the tax base or property values increased. The net increase in ad valorem revenues was only \$15,045.
- Charges for services accounted for \$7,793,829 or 25.6% of total governmental revenues. This category increased by almost \$2.1 million. The building permitting fees increased by almost \$1 million over the prior year. While the Village does not have room for many new housing developments, it experienced a boom in renovation type permitting. This line item was also over budget by almost \$900,000. The parks and recreation line also experienced an increase of about \$860,000 as programs were gradually reopening as COVID-19 rates dropped.
- Operating and capital grants and contributions accounted for \$2,876,540 or 9.0% of total governmental revenues. This line increased by close to \$1.7 million. Almost \$1 million of this figure is for the COVID-19 funding from the federal government. These funds were not included in the revenue budget as their source was unknown at the time. The receivables for the COVID-19 and Hurricane Irma of \$378,634 are also included. These federal grants are one-time events to aid the community in times of an emergency.

Expenses and Program Revenues – Governmental Activities

Revenues by Source – Governmental Activities

Financial Analysis of the Government's Funds

The Village used fund accounting to ensure and demonstrate compliance with finance related requirements.

Governmental funds. The focus of the Village's governmental funds is to provide information on near term inflow, outflow and balances of spendable resources. Such information is useful in assessing the Village's financing requirements. In particular, the Unassigned Fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

Financial Analysis of the Government's Funds (Continued)

As of the end of the current fiscal year, the Village's governmental funds (GAAP basis) reported combined ending fund balances of \$13,818,512 an increase of \$5,677,294 or 69.7% in comparison with the prior year, \$8,141,218. Approximately 54.5% of this total amount, \$7,216,677, constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is not available for new spending or is assigned. The major reason for the increase is the increase in revenues related to the COVID-19 pandemic coupled with a managed growth in expenses to continue the investment in infrastructure and the community.

The General Fund had an increase of \$2,135,199. This was accomplished through the excess of revenues over the expenses. The pandemic revenues of about \$1 million, the increased permitting fees due to the renovation boom of our area and an increase in community interest in park recreation were coupled with unfilled personnel positions, especially in the police and parks departments. The Transportation Fund decreased by \$268,342, as the Village continued road projects as planned above and beyond planned revenues and used reserve funds. The CITT Public Transit Fund increased by \$313,102 due to project delays from scarcity of materials. However, those projects are planned and will move forward. The Capital Projects Fund increased \$3,687,774 as capital improvements are planned with the two note proceeds funded in the current fiscal year. The Village added another park with the purchase of land for \$3.8 million and is undergoing a major improvement to an existing park, Pinecrest Gardens. This project is in process and will result in a park that is inviting to special needs and meets and exceeds ADA requirements. The nonmajor governmental funds decreased by \$190,439. The decrease was comprised of \$278,336 for the debt payment from FY20 made in FY21 offset by the impact fee funds increase pending projects in development.

The General Fund is the chief operating fund of the Village. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$7,216,677. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance is 27.2% of total General Fund expenditures including transfers, while total fund balance represents 29.7% of that same amount.

- The unassigned fund balance of the Village's General Fund increased by \$2,147,214 during the current fiscal year due to the excess of revenues over expenditures previously mentioned.
- The Police expenditures were under budget by \$259,933 due to unfilled open positions and various capital projects that were not completed and will be carried over to complete those projects such as the license plate reader, computer and radio equipment and a wellness application.
- General Government departments combined were under budget by \$18,860 due to a decrease of lobbyist expenses and not traveling to scheduled conferences.
- Public Works was under by \$61,915, caused by a drop in contractual services due to the scarcity of material and by a change in the Director position which brought about savings in the eligible vacation payout.
- Parks and Recreation was under \$136,929 due to a slow restart of the operations offered due to the Covid-19 pandemic. \$54,804 will be carried over in FY 21 for improvements to Pinecrest Gardens, a parks master plan and to cover a shortfall in the 401a funding for an employee.

The Debt Service Fund traditionally has no fund balance. The government transfers the exact amount needed for both principal and interest payments each year. This year, due to the timing of a lost and reissued check in FY20, the fund had a beginning balance for the amount of the reissued check. In the current fiscal year, the transfers in were less than the payments made in the year. This year \$3,069,600 was paid in principal and \$266,006 was paid in interest. One of the debt issuances provided for \$855,000 for the pay off a note to take advantage of lower interest rates. The fund ended with a zero balance.

Proprietary Fund. The Stormwater Fund accounts for revenues collected for the maintenance of the stormwater collection function in the Village. The Village maintains the canals and underground pipes and there are operational costs associated with treating the water. This year the unrestricted net position went from \$1,863,604 to \$2,238,198, an increase of \$374,594. This increase reflects the fact that more funds were received than were spent on capital improvements this year. Those excess funds will be used for future year capital improvements, which are depreciated over many years.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

General Fund Budget Highlights

The budget to actual variances in the General Fund were:

- **Total Taxes, \$474,619.** \$474,619 over budgeted revenues due to a new agreement made with the electric franchise fee. The communication services tax is also over due to an update in the addresses that pertain to the Village.
- **Licenses and Permits, \$999,252.** \$999,252 over the budgeted revenues due to an increase in permitting fees for \$855,334. The Village experienced an exponential growth in renovation permitting. Much construction had been halted or delayed temporarily due to local orders in the previous year due to the Pandemic.
- **Charges for Services, \$578,779.** \$578,779 over the budgeted amount due to a larger than expected demand stemming from the removal of the stay at home orders and easing up of distancing for social interactions. The reinstatement of programming in the parks, Community Center and Pinecrest Gardens was highly successful.
- **Intergovernmental revenue, \$1,342,550.** \$1,350,204 was earned in excess of the budgeted revenues. The receipt of the FEMA Hurricane Irma funds incurred in FY 18 was \$120,556 and Cares was \$827,130. This income, was not budgeted and provided for the overage in this category.

During the year, actual revenues in were more than actual expenditures, increasing the fund balance by \$5,266,928 or \$2,072,611 when including the transfers in and out. This increased the General Fund balance from \$5,792,703 to \$7,865,314.

The amended budget had planned for expenditures over revenues of \$3,873,333.

The following highlights the reason for the budget amendments in the General Fund:

- Covid-19 Emergency Protective Measures, \$416,392, reimbursable by the Cares Act
- Transfers to 911 funds for delays in funding, \$45,969
- Transfer from General Fund to Capital funds for Pinecrest Gardens Project, \$522,914
- Community Center repairs funded by 3rd party insurance, \$47,750
- Gary Matzner Park Land purchase and improvements funded by debt issuance, \$3,850,000
- Pinecrest Gardens Upper Garden Improvements, funded by debit issuance, \$1,000,000
- Potable Water Project, funded by the American Recovery Plan, \$32,126
- Attorney Fees and professional fees, \$197,225
- Clerk Sick Pay out, \$9,566
- Pinecrest Gardens Cypress Kitchen, funded by Shuttered Venue Grant, \$319,614
- Transfer to Debt Fund for FY20 payment that was voided and reissued, \$278,366
- Village Council Audiovisual system, \$39,505
- Transfer from CITT to General Fund. Repayment from FY20 CITT fund shortage due to the loss of the FDOT grant for on demand transport. Eligibility was lost due to Covid-19 when the service was halted but the vendor agreement was still in effect, \$27,000

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

General Fund Budget Highlights (Continued)

- Transfer from Transportation to CITT for invoice paid, \$51,038
- ADA Sidewalk Capital Project funded by grant, \$200,000

Capital Asset and Debt Administration

Capital assets. The Village's investment in capital assets for its governmental activities as of September 30th amounts to \$95,319,270 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, roads, sidewalks, infrastructure, stormwater system, and construction in progress. The total increase in the Village's investment in capital assets for the current fiscal year was 4.8%.

- Major capital asset events during the current fiscal year included the following:
- Stormwater improvements
- Gary Matzner Park: Land purchase and improvements
- Village Council Audio Visual System
- Renovations and improvements at Pinecrest Gardens, the Community Center and various parks
- Village-wide road improvement
- Police and building and planning vehicles
- Construction in Progress
- Flagler Grove: Artificial Turf
- Pinecrest Gardens: Upper Garden Construction and Lower Garden Path Lighting

Additional information on the Village's capital assets can be found in Note 4.

Long-term debt. At the end of the fiscal year, the Village had total bank debt outstanding of \$19,684,372.

Village of Pinecrest's Outstanding Debt

	Governmental Activities	
	<u>2020</u>	<u>2021</u>
Revenue bonds	\$ 9,082,000	\$ 19,684,372

The Village increased its total debt by \$10,602,372 or 116.7% during the current fiscal year. There are five loan issues outstanding: the Library/Community Center, \$621,000, which matures in FY 2024, Community Center/Coral Pine Park \$3,428,300, which matures in FY 2029 and a Capital Improvements loan with an outstanding balance of \$1,963,100 which matures in FY 2028. Two new loans were issued in the current fiscal year: Capital Improvements \$7,921,446 that matures in FY 2041 and Refund and Capital Improvements \$5,750,526 that matures in FY 2036. The funds from the second loan issued in FY21 were used to refund Pinecrest Gardens Improvements, \$855,000 (Series 2011B) that matured in FY 2030.

VILLAGE OF PINECREST, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2021

Capital Asset and Debt Administration (Continued)

The Series 2011B bonds carried the following bond rating:

- Standard & Poor's – AAA
- Fitch – AA+. The Issuer default rating is a AAA

This bond was refunded to take advantage of lower interest rates. Additional information on the Village's long-term debt can be found in Note 6.

Economic Factors and Next Year's Budgets and Rates

- The COVID-19 pandemic continues to be of concern, although the fiscal year 2022 budget was made with an expectation of that the Village will return to somewhat "normal" operation; yet some uncertainty still lingers.
- Property values in the Village continue to grow and have allowed the Village to keep the reduction in the millage rate from 2.399 to 2.35 from the prior fiscal year.
- The job market is tight and the ability to fill positions, especially in the parks and recreation, is country wide. The Village is researching ways to ensure competitive fringes and offerings to attract prospective employees.
- The increased inflationary trend is of concern, but the Village is aggressive in securing pricing that is within our budget plans.

During the current fiscal year, the unassigned fund balance for governmental funds increased to \$7,534,482, which allows the Village Financial flexibility. The Village also has \$5,043,765 of fund balance in the Capital Projects Fund that is either restricted or assigned for various capital improvement projects.

Requests for Information

This financial report is designed to provide a general overview of the Village's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Department of Finance, 12645 Pinecrest Parkway, Pinecrest, Florida 33156-5931 or emailed to finance@pinecrest-fl.gov.

VILLAGE OF PINECREST, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

Amounts reported for governmental activities in the statement of activities are different as a result of:

Net change in fund balances - total government funds (Page 16)	\$	5,669,398
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.

Capital outlay	11,204,070	
Less: Items not meeting the threshold for capitalization	(40,994)	
Less: Loss on disposal of capital assets	(2,003)	
Less current year depreciation	<u>(6,818,902)</u>	4,342,171

The issuance of long-term debt (e.g. bonds, leases) provided current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Proceeds from issuance of debt	(13,671,972)	
Principal payments	<u>3,069,600</u>	(10,602,372)

Some expenses reported in the statement of activities do not require current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Change in compensated absences		(5,714)
Change in accrued interest		(126,471)
Amortization of deferred charge and gain on refunding		(6,297)
OPEB expense		(12,159)
Pension expense		1,148,787

Revenue collected outside of the period of availability is not available to pay for current period expenditures however it is available to pay long term obligations of the Village.		296,555
--	--	---------

Change in net position of governmental activities (Page 13)	\$	<u>703,898</u>
---	----	----------------

NOTES TO BASIC FINANCIAL STATEMENTS

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Pinecrest (the “Village”) was incorporated March 12, 1996, pursuant to Ordinance 95-207 adopted by the Miami-Dade Board of County Commissioners November 12, 1995. The Village occupies a land area of eight square miles and serves a population of 18,419. The Village operates under a Council-Manager form of government and provides the following services: public safety (police), public works, building, planning and zoning, code enforcement, stormwater management, and parks and recreation.

The basic financial statements of the Village have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental units, which are generally accepted in the United States. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental and financial reporting principles.

Significant accounting and reporting policies and practices of the Village are described below.

A. Financial Reporting Entity

The financial statements were prepared in accordance with the GASB, the reporting entity, which establishes standards for defining and reporting on the financial reporting entity. The definition of the financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. One of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the Village, organizations for which the Village is financially accountable and other organizations for which the nature and significance of their relationship with the Village are such that exclusion would cause the reporting entity’s financials statements to be misleading or incomplete. The Village is financially accountable for a component unit if it appoints a voting majority of the organization’s governing board and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Village. Based upon the application of these criteria, there were no organizations that met the criteria described above.

B. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the Village as a whole) and fund financial statements.

The government-wide financial statements (i.e. the statements of net position and the statement of activities) report information on all activities of the Village. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds and the proprietary fund. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting is used for the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Village.

The Village reports the following major governmental funds:

General Fund – This fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Transportation Fund – This fund receives grants from the state of Florida and from Miami-Dade County to be used to account for and report resources restricted or committed to the improvement of the Village's roadway system. The primary sources of revenue are intergovernmental grants from a portion of the gasoline sales tax and a Miami-Dade County share of a half cent sales tax to be used for non-public transportation.

CITT Public Transit Fund – This fund reports on the public transit funds received from a portion of the transportation sales tax.

Capital Projects Fund – This fund receives transfers from the general fund as well as grants and accounts for purchases of land and improvements to the parks and buildings in the community.

The Village reports one major proprietary fund:

Stormwater Fund – This fund (an enterprise fund) accounts for the stormwater control activities of the community. Funds are received from business and residential users and used to maintain the stormwater collection system.

Additionally, the Village reports other special revenue funds and a debt service fund.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the governments various functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. General revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the stormwater fund are charges to business and residential customers for stormwater system maintenance. Operating expenses report on the costs to maintain the stormwater system, the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance

1. Deposits and Investments – Cash and cash equivalents, which are cash and short-term investments with maturities of three months or less, include cash on hand, a repurchase agreement and investments with the State Board of Administration Investment Pool. Investments are reported at fair value.
2. Interfund transactions – As the Village does not have any lending/borrowing arrangements between funds, all outstanding balances between funds are reported as "due to/from other funds". All amounts receivable from or payable to other funds are to be settled with expendable, available financial resources. Transactions which are recurring annual transfers between two or more funds are recorded as transfers in and out. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."
3. Receivables – Receivables include amounts due from other governments and others for services provided by the Village. Receivables, including special assessments, are recorded when the related service is provided.
4. Restricted assets – Proceeds from impact fees, CITT surtax and 2nd local option gas taxes are classified as restricted in various special revenue funds since these resources are specifically earmarked for restricted purposes including law enforcement, transportation and recreational eligible items.
5. Prepaid items – Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. These costs are accounted for under the consumption method.
6. Capital assets – The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the Village are depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Improvements	15 years
Equipment:	
Cars	5 years
Trucks	10 years
Equipment	5 years
Computer equipment	3 years
Computer software	7 years
Infrastructure:	
Roads	25 years
Stormwater system	50 years
Sidewalks	20 years

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

7. Deferred outflows/deferred inflows of resources – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Village only has three items that qualify for reporting in this category. One is the deferred charge on refunding resulting from the difference in the carrying value of a refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The other two items are the deferred outflows relating to the pension plan (discussed in Note 9) and the deferred outflows relating to the OPEB plan (discussed in Note 10).

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Village has three items that qualify for reporting in this category. One is a deferred gain on refunding that results from the difference in the carrying value of refunded debt and its reacquisition price.

This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is the deferred inflows relating to the pension plans and the OPEB plan. These are discussed in further detail in Note 9 and Note 10. The Village also has one other type of these items, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from certain charges for services and fines and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

The Village maintains balances for outstanding permit violations and code enforcement violations imposed through the Village's Special Masters process. The balance represented as corresponding deferred outflows of resources and deferred inflows of resources are considered by the Village to be collectable as liens are placed on properties subject to enforcement measures. The balance for total violations under the Special Masters process on September 30, 2021 is approximately \$6,280,000.

8. Compensated absences – Village employees are granted vacation and sick leave in varying amounts based on length of service and the department that the employee services. The Village's sick leave policy is to permit employees to accumulate earned but unused sick pay benefits. Such leave is accrued and reported as a fund liability when it is probable that the Village will compensate the employee in the following fiscal year. Unused sick pay is not paid at termination.

The Village's vacation policy is that earned vacation must be taken within one year of the employee's anniversary. Carryover is limited to two hundred and forty (240) hours. Unused vacation pay, if any, is paid with the employee's termination or retirement. Those amounts estimated to be liquidated with expendable available financial resources from the General Fund are reported as expenditures and a fund liability of the General Fund.

9. Long-term obligations – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as another financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

10. Property taxes – Property taxes for the current year were assessed and collected by Miami-Dade County and subsequently remitted to the Village. Property taxes are assessed as of January 1 each year and are first billed (levied) and due the following November 1. Under Florida law, the assessment of all properties and the collection of all county, municipal, school board and special district property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws for the state regulating tax assessments are also designed to assure a consistent property valuation method statewide. State statutes permit municipalities to levy property taxes at a rate of up to 10 mills (\$10 per \$1,000 of assessed taxable valuation). The millage rate assessed by the Village for the year ended September 30, 2021, was 2.399 mills.

The tax levy of the Village is established by the Village Council prior to October 1 of each year, and the County Property Appraiser incorporates the millage into the tax levy, which includes Miami-Dade County, Miami-Dade County School Board and special taxing districts.

All property is reassessed according to its fair market value as of January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

All real and tangible personal property taxes are due and payable on November 1, each year or as soon as practicable thereafter as the assessment roll is certified by the County Property Appraiser. Miami-Dade County mails to each property owner on the assessment roll a notice of the taxes due and Miami-Dade County also collects the taxes for the Village. Taxes may be paid upon receipt of such notice from Miami-Dade County, with discounts at the rate of 4% if paid in the month of November, 3% if paid in the month of December, 2% if paid in the month of January and 1% if paid in the month of February. Taxes paid during the month of March are without discount, and all unpaid taxes on real and tangible personal property become delinquent and liens are placed on April 1 of the year following the year in which taxes were assessed. Procedures for the collection of delinquent taxes by Miami-Dade County are provided for in the laws of Florida. There were no material delinquent property taxes at September 30, 2021.

11. Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.
12. Encumbrances – Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances may be re-appropriated and become part of the subsequent year's budget pursuant to state regulations. There were no outstanding encumbrances at year-end.
13. Net position – Net position is the result of assets and deferred outflows of resources less liabilities and deferred inflows of resources. The net position of the government-wide and proprietary funds are categorized into three components:

Net investment in capital assets – this category consists of capital assets, reduced by accumulated depreciation and any outstanding debt incurred to acquire, construct or improve those assets excluding unexpended bond proceeds.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

13. Net position (Continued)

Restricted net position – this category consists of all net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – consists of the net position not meeting the definition of either of the other two components.

Restricted consists of net position with constraints placed on their use by external parties (creditors, grantors, contributors, or laws and regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted indicates that portion of net position that is available to fund future operations.

Net position flow assumption – Sometimes the Village will fund outlays for a particular purpose from both restricted (i.e. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Village's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

It is the Village's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

14. Fund Balance – As of September 30, 2021, fund balances of the governmental fund financial statements are classified as follows:

Fund balances of the governmental funds are classified as follows:

Non-spendable – amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of Village Council. Village Council is the highest level of decision making authority for the Village. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by Village Council. Ordinances and resolutions are equally changing to binding formal actions of the Village Council.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Village's adopted policy, only Village Council may assign amounts for specific purposes.

Unassigned – all other spendable amounts. The General Fund is the only fund that reports a positive unassigned fund balance. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in government funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balance (Continued)

14. Fund Balance (Continued)

Fund balance flow assumptions – Sometimes the Village will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Village's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policy – The Village of Pinecrest will maintain a minimum unassigned fund balance in the General Fund of 10% of budgeted expenditures and transfers out. The Village shall strive to keep an additional unassigned fund balance for extraordinary expenditures and mitigation due to the Village being located in a hurricane zone. That amount is to be determined each year by Council during the budget process.

15. Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Although these estimates are based on management's knowledge of current events and actions, actual results may ultimately differ from those estimates.

NOTE 2 – DEPOSITS AND INVESTMENTS

Deposits

In addition to insurance provided by the Federal Depository Insurance Corporation, all deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, Florida Security for Public Deposits Act, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or banking institution eligible collateral. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The Village invests surplus funds in an external investment pool, the Local Government Surplus Funds Trust Fund (Florida PRIME). The State Pool is administered by the Florida State Board of Administration (SBA), who provides regulatory oversight.

The Florida Prime has adopted operating procedures consistent with the requirement for 2a-7 like fund. The Village's investment in the Florida PRIME is reported at amortized cost. The fair value of the position in the pool is equal to the value of the pool shares. These investments are exempt from fair value hierarchy level disclosure. The Village had the following investments as of September 30, 2021:

Investment	Fair Value
Florida Prime	\$ 6,371,038

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

Credit risk

The Village has an investment policy that emphasizes the safety of principal while maintaining adequate liquidity to meet its needs. Investments are limited to the highest ratings by two of the nationally recognized statistical rating organizations - Nationally Recognized Statistical Rating Organization (NRSRO) and Standard and Poor's and Moody's Investment Services. The Florida PRIME is rated AAAM by Standard and Poor's.

The weighted average maturity (WAM) of the securities held in Florida PRIME is 49 days. The weighted average life (WAL) of Florida PRIME is 64 days.

Redemption gates

With regard to redemption gates for Florida PRIME, Chapter 218.409(8)(a), Florida Statutes, states, "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, and the Investment Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days."

Liquidity fees

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2021, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

Concentration of credit risk

GASB Statement 40 requires disclosure when the percent is 5% or more in any one issuer. External investment pools are exempt from Concentration and Interest Rate Risk disclosures.

Interest rate risk

In accordance with our investment policy, the Village manages its exposure to declines in fair values by investing in conservative investments with the emphasis on safety of principal.

Total Transportation Fund		<u>\$ 74,870</u>	

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 6 – LONG-TERM DEBT

The Village has five debt issues outstanding at September 30, 2021, all of which are considered direct borrowings. Principal and interest on these bonds are payable from a covenant to budget and appropriate legally available non-ad valorem revenues.

Series 2014 is for refunding the construction costs of the Library/Community Center at Pinecrest Gardens, \$3,075,000 and bears interest at 2.10%. In the event of a default, the note contains a provision to bear interest at the default rate until the default is cured. Additionally, the Council or Lender shall have all remedies provided by law to collect amounts then due.

Series 2015 is for the expansion of the Community Center and improvements at Coral Pines Park. The note bears interest at 2.40%. In the event of a default, the note contains a provision to bear interest at the default rate until the default is cured. Additionally, the Council or Lender shall have all remedies provided by law to collect amounts then due.

The Series 2019 was issued in the amount of approximately \$2,617,100 to provide funding for various capital projects including improvement of the Community Center, the Municipal Center/Library, Pinecrest Gardens, and other parks within the Village. The note bears interest at 2.53%. In the event of a default, the note contains a provision to bear interest at the default rate until the default is cured. Additionally, the Council or Lender shall have all remedies provided by law to collect amounts then due.

Series 2021A was issued in the amount of approximately \$7,880,000 to provide funding for various park improvement projects including Pinecrest Gardens. The note bears interest at 2.22%. In the event of a default, the note contains a provision to bear interest at the default rate until the default is cured. Additionally, the Council or Lender shall have all remedies provided by law to collect amounts then due.

On July 1, 2021 the Village issued Series 2021B in the amount of approximately \$5,750,526 to purchase a parcel of land for parks and recreational purposes, improvements to Pinecrest Gardens, and the refunding of Series 2011. The note bears interest at 1.92%. In the event of a default, the loan agreement has a provision that the Council or Lender shall have all remedies provided by law to collect amounts then due.

The Village utilized \$948,125 of the proceeds from the Series 2021B note to advance refund approximately \$862,465 outstanding from the 2011 Series note. The net proceeds were deposited with an escrow agent to provide for future debt service payments on the 2011 Series bonds. As a result, the 2011 Series Note is considered to be defeased and the corresponding liability has been removed from the Village's long-term liabilities. The advance refunding transaction resulted in an economic gain of approximately \$124,763 derived from the difference between the present value of the prior debt net cash flow and the present value of the refunding debt service of approximately \$1,088,507 and \$951,210 respectively.

Maturities of these direct borrowings are as follows:

Year ending September 30,	Principal	Interest	Total
2022	\$ 1,449,627	\$ 541,691	\$ 1,991,318
2023	1,585,757	406,382	1,992,139
2024	1,621,557	370,864	1,992,421
2025	1,443,225	333,056	1,776,281
2026	1,476,163	300,491	1,776,654
2027-2031	5,872,321	1,007,437	6,879,758
2032-2036	3,891,273	501,092	4,392,365
2037-2041	2,344,449	145,927	2,490,376
	<u>\$ 19,684,372</u>	<u>\$ 3,606,940</u>	<u>\$ 23,291,312</u>

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 6 – LONG-TERM DEBT (CONTINUED)

Changes in long-term liabilities of governmental activities during the year are summarized as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amounts Due Within One Year
Governmental Activities					
Direct borrowings:					
Bonds payable	\$ 9,082,000	\$ 13,671,972	\$ (3,069,600)	\$ 19,684,372	\$ 1,449,627
Total OPEB liability	305,958	16,835	(46,236)	276,557	-
Net pension liability	13,413,667	-	(10,094,563)	3,319,104	7,877
Compensated absences	629,692	777,189	(771,475)	635,406	540,095
Total governmental activities	<u>\$23,431,317</u>	<u>\$14,465,996</u>	<u>\$(13,981,874)</u>	<u>\$23,915,439</u>	<u>\$ 1,997,599</u>

Compensated absences are paid from the General Fund in the form of vacation pay. The total OPEB liability and the net pension liability are generally liquidated by the General Fund.

NOTE 7 – ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable as of fiscal year end for the Village's individual major and nonmajor funds, in the aggregate are as follows:

	General Fund	Transportation Fund	CITT Public Transit Fund	Capital Projects Fund	Nonmajor Governmental Funds	Total
Payables:						
Payroll	\$ 620,055	\$ -	\$ -	\$ -	\$ -	\$ 620,055
Vendors	413,991	22,800	26,687	616,881	330	1,080,689
Security deposits	274,937	-	-	-	-	274,937
Other	326,182	-	-	-	-	326,182
Total payables	<u>\$ 1,635,165</u>	<u>\$ 22,800</u>	<u>\$ 26,687</u>	<u>\$ 616,881</u>	<u>\$ 330</u>	<u>\$ 2,301,863</u>

NOTE 8 – DEFINED CONTRIBUTION PLAN

The Village of Pinecrest 401(a) Money Purchase Plan is a defined contribution plan established by the Village to provide benefits at retirement for its employees. All full-time employees must be a member of the Plan. Plan members are required to contribute 7% of base earnings for the Plan year. The Village is required to contribute 10% of base earnings for each participant for the Plan year. Plan provisions and contribution requirements are established and may be amended by the Village Council.

The Plan's assets are administered by Voya Financial. The Village does not exercise any control over the Plan assets. Village contributions to the Plan were \$722,843. Employee contributions were \$380,087 for the fiscal year ended September 30, 2021.

The Village also offers its employees a deferred compensation plan. The Plan, available to all Village employees, permits them to defer a portion of their salary until future years. Participation in the Plan is optional. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Benefit provisions and contributions are established and may be amended by the Village Council. During the fiscal year ended September 30, 2021, the Village made no contributions and employees contributed \$463,298. Pursuant to the Statement No. 32 of the GASB, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, the Village does not have a fiduciary relationship with the Plan. Accordingly, the balances and transactions of the Village's Plan are not reported in the Village's financial statements.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 9 – RETIREMENT PLAN

Florida Retirement System

The Village participates in the Florida Retirement System (FRS), a statewide cost-sharing multiple- employer public employee retirement system (PERS), available to governmental units within the state and administered by the State of Florida Department of Management Services, Division of Retirement. The sworn police personnel are eligible to participate in the FRS.

General information

As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (“Pension Plan”) and the Retiree Health Insurance Subsidy (“HIS Plan”). The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature. The state of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, by calling (877) 377-1737, or by visiting:

www.dms.myflorida.com/workforce_operations/retirement/publications

Plan description

The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (“DROP”) for eligible employees.

Benefits provided

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary for each year of credited service.

For Special Risk and Special Risk Administrative Support class members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 60 or 30 years of service regardless of age. Also, the final average compensation for these members will be based on the eight highest years of salary.

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 9 – RETIREMENT PLAN (CONTINUED)

Contributions

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute 3% of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2020 through June 30, 2021, and from July 1, 2021 through September 30, 2021, respectively, were as follows: Regular Class – 10.00% and 10.82%; Senior Management – 27.29% and 29.01%; and DROP participants – 16.98% and 18.34%. These employer contribution rates do not include the 1.66% HIS Plan subsidy for the periods October 1, 2020 through June 30, 2021, and from July 1, 2021 through September 30, 2021, respectively.

The Village's contributions, including employee contributions, to the Pension Plan totaled \$928,571 for the fiscal year ended September 30, 2021.

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions

At September 30, 2021, the Village reported a liability of \$1,841,231 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The Village's proportion of the net pension liability was based on a projection of the Village's 2020-2021 fiscal year contributions relative to the 2020-2021 fiscal year contributions of all participating members. At June 30, 2021, the Village's proportion was 0.0244%, which was a decrease from its proportion measured as of June 30, 2020, of 0.0277%.

For the fiscal year ended September 30, 2021, the Village recognized pension expense of \$(230,260). In addition, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 315,590	\$ -
Change of assumptions	1,259,862	-
Net difference between projected and actual earnings on FRS pension plan investments	-	6,423,594
Changes in proportion and differences between the Village FRS contributions and proportionate share of contributions	59,050	1,315,577
Village FRS pension plan contributions subsequent to the measurement date	264,164	-
Total	\$ 1,898,666	\$ 7,739,171

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 9 – RETIREMENT PLAN (CONTINUED)

The deferred outflows of resources related to the Pension Plan, totaling \$264,164 resulting from Village contributions to FRS subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Fiscal Year Ending September 30	Deferred outflows/(inflows), net
2022	\$ (1,123,347)
2023	(1,306,759)
2024	(1,632,539)
2025	(1,925,466)
2026	(116,558)
Thereafter	-

Actuarial assumptions

The total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumption, applied to all period included in the measurement:

Inflation:	2.40%
Salary increases:	3.25%, average, including inflation
Investment rate of return:	6.80%, net of pension plan investment expense, including inflation

Mortality rates were based on PUB-2010 base tables and varies by member category and sex, projected generationally with Scale MP-2018.

The actuarial assumptions used in the July 1, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation ¹	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	2.1%	2.1%	1.1%
Fixed income	20.0%	3.8%	3.7%	3.3%
Global equity	54.2%	8.2%	6.7%	17.8%
Real estate	10.3%	7.1%	6.2%	13.8%
Private equity	10.8%	11.7%	8.5%	26.4%
Strategic investments	3.7%	5.7%	5.4%	8.4%
	<u>100%</u>			
Assumed inflation-mean			2.4%	1.2%

Note: (1) As outlined in the Plan's investment policy

NOTE 9 – RETIREMENT PLAN (CONTINUED)

Discount rate

The discount rate used to measure the total pension liability was 6.80%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the Village's proportionate share of the net position liability to changes in the discount rate

The following represents the Village's proportionate share of the net pension liability calculated using the discount rate of 6.80%, as well as what the Village's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate.

	1% Decrease 5.80%	Current Discount Rate 6.80%	1% Increase 7.80%
Village's proportionate share of the net pension liability	\$ 8,234,110	\$ 1,841,231	\$ (3,502,499)

Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

Payables to the pension plan

At September 30, 2021, the Village reported a payable in the amount of \$0 for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2021.

HIS Plan

Plan description

The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits provided

For the fiscal year ended September 30, 2021, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2021, the HIS contribution for the period October 1, 2020 through September 30, 2021, was 1.66%. The Village contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contribution are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The Village's contributions to the HIS Plan totaled \$70,818 for the current year.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 9 – RETIREMENT PLAN (CONTINUED)

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions

At September 30, 2021, the Village reported a liability of \$1,477,873 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The Village's proportionate share of the net pension liability was based on the Village's 2020-2021 fiscal year contributions relative to the 2020-2021 fiscal year contributions of all participating members. At June 30, 2021, the Village's proportionate share was 0.0120%, which was an increase from its proportionate share measured as of June 30, 2020, of 0.0116%.

For the fiscal year ended September 30, 2021, the Village recognized pension expense of \$104,927. In addition the Village reported deferred outflows of resources and deferred in flows of resources related to pensions from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 49,453	\$ 619
Change of assumptions	116,128	60,892
Net difference between projected and actual earnings on HIS investments	1,541	-
Changes in proportion and differences between the Village HIS contributions and proportionate share of contributions	78,180	99,742
Village HIS contributions subsequent to the measurement date	19,017	-
Total	<u>\$ 264,319</u>	<u>\$ 161,253</u>

The deferred outflows of resources related to the HIS Plan, totaling \$19,017 resulting from Village contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

<u>Fiscal Year Ending September 30</u>	<u>Deferred outflows/(inflows), net</u>
2022	\$ 28,141
2023	7,678
2024	12,134
2025	12,138
2026	18,089
Thereafter	5,869

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 9 – RETIREMENT PLAN (CONTINUED)

The total pension liability in the July 1, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	2.40%
Salary increases:	3.25%, average, including inflation
Municipal bond index	2.16%

Mortality rates were based on the Generational PUB-2010 with Projection Scale BB tables.

The actuarial assumptions used in the July 1, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

Discount rate

The discount rate used to measure the total pension liability was 2.16%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the Village's proportionate share of the net position liability to changes in the discount rate

The following represents the Village's proportionate share of the net pension liability calculated using the discount rate of 2.16%, as well as what the Village's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease 1.16%	Current Discount Rate 2.16%	1% Increase 3.16%
Village's proportionate share of the net pension liability	\$ 1,708,564	\$ 1,477,873	\$ 1,288,873

Pension plan fiduciary net position

Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Annual Comprehensive Financial Report.

Payables to the pension plan

At September 30, 2021, the Village reported a payable in the amount of \$0 for outstanding contributions to the HIS Plan required for the fiscal year ended September 30, 2021.

Applicable totals for all of the Village's defined benefit pension plans are reflected below:

	FRS	HIS	Total
Village's proportionate share of net pension liability	\$ 1,841,231	\$ 1,477,873	\$ 3,319,104
Deferred outflows of resources	1,898,666	264,319	2,162,985
Deferred inflows of resources	7,739,171	161,253	7,900,424
Pension expense/expenditure	(230,260)	104,927	(125,333)

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS

Description

The Village administers a single-employer defined benefit OPEB plan. The purpose of this plan is to account for the implicit rate subsidy the Village provides to its retirees Florida Statutes require that municipalities provide their retirees access to the same health insurance programs as their current employees at the same rates. Since the inclusion of the retirees results in higher overall health insurance costs to the municipality which cannot be passed on to the retirees, it in effect results in what is called the implicit rate subsidy. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. This is the only post-employment benefit the Village provides to its retirees other than its pension plan.

Membership in the plan consisted of the following at September 30, 2021:

Retirees and beneficiaries currently receiving benefits	2
Inactive plan members entitled to but not yet receiving benefits	-
Active employees	129
Total	131

Separate financial statements for the Village’s OPEB plan are not available. Funds from the General Fund are used to liquidate the total OPEB liability.

This actuarial valuation involves estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend.

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to constant revision as actual experience is compared with past expectations and new estimates are made about the future.

Calculations are based upon the types of benefits provided under the terms of the substantive plan at the time of the valuation and on the pattern of sharing of costs between the employer and plan members to that point. Calculations reflect a long-term prospective, so methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Benefits Provided

Retirees and their dependents can continue participating in the group insurance plans offered by the Village, but they are required to contribute 100% of the active premiums.

Total OPEB liability of the Village

The Village’s total OPEB liability was measured as of September 30, 2020 and was determined by an actuarial valuation as of October 1, 2019, with the actuary using standard techniques to roll forward the liability to the measurement date.

Actuarial assumptions

The total OPEB liability in the October 1, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate:	Same as Healthcare Cost Trend Rates
Salary Increase:	3.00%
Discount Rate:	2.14%
Initial Trend Rate:	6.50%
Ultimate Trend Rate:	5.00% by 2022/2023
Participation Rate:	10%

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

For general employees, mortality rates were based on the PUB-2010 mortality tables. For female lives, 100% of the white-collar table was used. For male lives, a 50% white collar table, 50% blue collar table blend was used. All tables include fully generational adjustments for mortality improvements using improvement scale BB. For disabled lives, mortality rates were based on the PUB-2010 sex-distinct disabled mortality tables with female lives set forward two years, male lives set back four years. Disabled mortality has not been adjusted for mortality improvements.

Discount rate

Given the Village's decision not to fund the program, all future benefit payments were discounted using a municipal bond rate of 2.14%.

Changes in the total OPEB liability for the Village for the year ended September 30, 2021, were as follows:

	Total OPEB Liability
Balance at 9/30/2020	\$ 305,958
Changes for the year:	
Service cost	25,501
Expected interest growth	6,926
Demographic experience	(24,308)
Benefit payments and refunds	(15,695)
Assumption changes	(21,825)
Net changes	(29,401)
Balance at 9/30/2021	\$ 276,557

There were no significant changes in assumptions since the prior measurement date.

The required schedule of changes in the Village's total OPEB liability and related ratios immediately following the notes to the financial statements presents multi-year trend information about the total OPEB liability.

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the total OPEB liability of the Village, as well as what the Village's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.14%) or 1-percentage-point higher (3.14%) than the current discount rate:

	1% Decrease (1.14%)	Current Discount Rate Assumption (2.14%)	1% Increase (3.14%)
Total OPEB liability	\$ 302,255	\$ 276,557	\$ 253,804

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the total OPEB liability of the Village, as well as what the Village's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1- percentage-point higher than the current healthcare cost trend rates:

	1% Trend Decrease	Healthcare Cost Trend Rate Assumption (6.50% graded down to 5.00%)	1% Trend Increase
Total OPEB liability	\$ 245,427	\$ 276,557	\$ 314,094

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of September 30, 2021, and the current sharing pattern of costs between employer and inactive employees.

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB

For the year ended September 30, 2021, the Village recognized OPEB expense of \$16,835. At September 30, 2021, the Village reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 40,603	\$ 29,054
Change of assumptions	53,256	63,212
Village contributions subsequent to the measurement date	19,376	-
Net changes	\$ 113,235	\$ 92,266

The deferred outflows of resources related to the OPEB Plan, totaling \$19,376 resulting from Village contributions to the plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB Plan will be recognized in OPEB expense as follows:

Fiscal Year Ending	Amount
September 30:	
2022	\$ 103
2023	103
2024	103
2025	103
2026	103
Thereafter	1,078

VILLAGE OF PINECREST, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2021

NOTE 11 – COMMITMENTS AND CONTINGENCIES

Risk management

The Village is exposed to various risks of loss related to torts, theft of or damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters for which the Village carries insurance through the Florida League of Cities. There were no significant reductions in insurance coverage from the coverage in the prior year. There were no settled claims that have exceeded insurance coverage for each of the past three years.

Litigation

The Village is a defendant in various lawsuits incidental to its operations. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Village's management and legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Contingent liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. In the opinion of management, future disallowances of grant expenditures, if any, would not have a material adverse effect on the Village's financial condition.

Interlocal agreements

On June 17, 1997, the Village entered into an interlocal agreement with Miami-Dade County to passthrough the Village's share of the franchise fee on electricity collected by Florida Power and Light. Under this agreement, the County remitted \$1,630,409 to the Village for the fiscal year ending September 30, 2021. This agreement will be in effect as long as the ordinance establishing the collection of these fees is in place.

On July 17, 2003, the Village entered into another interlocal agreement with Miami-Dade County. Under this agreement, the County remitted \$801,756 to the Village for the fiscal year ending September 30, 2021, for the purpose of providing transportation services within the Village. This agreement shall remain in effect as long as the County receives net proceeds from the ½ cent County Transit System Surtax as authorized by Miami-Dade County Ordinance No. 02-116 pursuant to the authority of Section 212.055(1), *Florida Statutes 2002*.

VILLAGE OF PINECREST, FLORIDA
NOTES TO BUDGETARY COMPARISON SCHEDULES
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 1 – BUDGETS AND BUDGETARY ACCOUNTING

An annual appropriated budget is adopted for all of the governmental funds on a basis consistent with accounting principles generally accepted in the United States.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The Village Manager submits to the Council a proposed operating and capital budget for the ensuing year. The budget includes proposed expenditures and means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to October 1, the budget is legally enacted through the passage of a budget ordinance.
- d. The Village Council, by motion, may make supplemental appropriations for the year up to the amount of revenues in excess of those estimated. There were supplemental appropriations in the General Fund for an additional \$321,290 during the fiscal year ended September 30, 2021.
- e. Formal budgetary integration is employed as a management control device during the year for all of the funds.
- f. The Village Manager is authorized to transfer part of, all or an unencumbered appropriation within a department within a fund; however, any revisions that alter the total appropriations of any department or fund must be approved by the Village Council. The Departments are General Government, Police, BPZ (Building, Planning and Zoning), Public Works, and Parks and Recreation. The classification detail at which expenditures may not legally exceed appropriations is at the department level.
- g. Unencumbered appropriations lapse at fiscal year-end. Unencumbered amounts are reappropriated in the following year's budget.

Budgeted amounts are as originally adopted or as amended. Individual type amendments are not material in relation to the original appropriations.

NOTE 2 – RECONCILIATION OF BUDGETED AND ACTUAL RESULTS

For the year ended September 30, 2021, expenditures exceeded appropriations in the following:

General Fund - Village manager	\$	13,125
General Fund - Village clerk		10,221

These unfavorable variances were caused by unbudgeted costs related to unforeseen circumstances and occurrences during the year and were covered by revenues in excess of budget and unassigned fund balance.

Covered payroll was projected one year forward from the valuation date for the reporting period ending September 30, 2019.

The schedule will present 10 years of information once it is accumulated.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

COMBINING FINANCIAL STATEMENTS

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Police Education Fund – This fund receives funds from judgements, donations and grants to be used to provide training to police department personnel.

Police Forfeiture Fund – This fund is used to account for revenues received from federal, state and local law enforcement forfeitures and seizures which are restricted for law enforcement purposes.

Hardwire Fund – This fund receives funds from a tax on land-based phone lines and is used to fund 911 services.

Wireless Fund – This fund receives funds derived from a tax on cell phones and is used to fund 911 services.

Prepaid 911 Fund – This fund receives funds collected by the state for the emergency telephonenumber 911 which are restricted for the purchase of systems, training, communications and related capital asset purchases.

Impact Fees Fund – This fund receives impact fees charged against new development to provide for capital related costs made necessary by the new growth.

DEBT SERVICE FUND

Debt Service Fund – The debt service fund is used to accumulate resources and distribute principal, interest and bond relatedissuance costs on long-term debt.

STATISTICAL SECTION

STATISTICAL SECTION

(Unaudited)

This section of the Village of Pinecrest, Florida's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

TABLE OF CONTENTS

Financial

Trends

Page

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changes over time.

Table 1 – Net Position by Component	64
Table 2 – Changes in Net Position	65-66
Table 3 – Governmental Activities Tax Revenue by Source	67
Table 4 – Fund Balances, Governmental Funds	68
Table 5 – Changes in Fund Balances, Governmental Funds	69-70

Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue source, the property tax.

Table 6 – General Governmental Revenues by Function	71
Table 7 – Assessed and Estimated Actual Value of Taxable Property	72
Table 8 – Property Tax Rates – Direct and Overlapping Governments	73
Table 9 – Property Tax Levies and Collections	74
Table 10 – Principal Property Taxpayers	75

Debt Capacity

These schedules present information help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.

Table 11 – Ratio of Outstanding Debt by Type	76
Table 12 – Ratio of General Bonded Debt Outstanding	77
Table 13 – Direct and Overlapping Governmental Activities Debt	78

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

Table 14 – Demographic and Economic Statistics	79
Table 15 – Principal Employers	80

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.

Table 16 – Full-Time Equivalent Government Employees by Function/Program	81
Table 17 – Operating Indicators by Function/Program	82-84
Table 18 – Capital Assets by Function/Program	85

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report for the relevant year.

COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor, Members of the Village Council and Village Manager
Village of Pinecrest, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Pinecrest, Florida (the "Village"), as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated March 2, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR ITS MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Honorable Mayor, Members of the Village Council and Village Manager
Village of Pinecrest, Florida

Report on Compliance for Each Major Federal Program

We have audited the Village of Pinecrest, Florida's (the "Village") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Village's major federal program for the fiscal year ended September 30, 2021. The Village's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for the Village's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Village's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Village's compliance.

Opinion on Its Federal Program

In our opinion, the Village complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal program for the fiscal year ended September 30, 2021.

Report on Internal Control over Compliance

Management of the Village is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Village's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

VILLAGE OF PINECREST, FLORIDA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Village of Pinecrest, Florida (the "Village") under programs of the federal government for the fiscal year ended September 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the Village, it is not intended to and does not present the financial position, changes in net position or cash flows of the Village.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement, except for the Equitable Sharing Programs for Justice and Treasury which follow the *Guide to Equitable Sharing for State, Local and Tribal Law Enforcement Agencies*. Pass-through entity identifying numbers are presented where available.

NOTE 3 - INDIRECT COST RATE

The Village has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4 - CONTINGENCY

The grant revenue amounts received are subject to audit and adjustment. If any expenditures are disallowed by grantor agency as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the Village. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal and state laws and regulations.

MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Honorable Mayor, Members of the Village Council and Village Manager
Village of Pinecrest, Florida

Report on the Financial Statements

We have audited the basic financial statements of the Village of Pinecrest, Florida (the "Village"), as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated March 2, 2022.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 2, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the notes financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Village has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Village did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Village. It is management's responsibility to monitor the Village's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. This assessment has been performed as of the fiscal year end.

Financial Condition and Management (Continued)

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Village Council and management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO SECTION 218.415
FLORIDA STATUTES**

To the Honorable Mayor, Village Council, and Village Manager
Village of Pinecrest, Florida

We have examined Village of Pinecrest, Florida's (the "Village") compliance with the requirements of Section 218.415 Florida Statutes during the period of October 1, 2020 to September 30, 2021. Management of the Village is responsible for the Village's compliance with the specified requirements. Our responsibility is to express an opinion on the Village's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Village complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether Village complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Village's compliance with specified requirements. In our opinion, the Village complied, in all material respects, with the requirements of Section 218.415 Florida Statutes during the period of October 1, 2020 to September 30, 2021.

This report is intended solely for the information and use of management, the Mayor, the Village Council, others within the Village and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.
