INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor, City Commission, and City Manager,
City of Flagler Beach, Florida:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Flagler Beach, Florida (the City), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

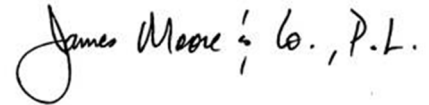

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "James Moore & Co., P.L.". The signature is written in a cursive style with a large initial "J" and a stylized "M".

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the City of Flagler Beach, Florida (hereinafter referred to as the "City") offers the readers of these basic financial statements this narrative overview and analysis of the City's financial activities for the fiscal year ended September 30, 2022. This discussion and analysis is designed to assist the reader in focusing on significant financial issues and activities and to identify any significant changes in financial position. The City encourages readers to consider the information presented here in conjunction with the financial statements, which follow this section.

Financial Highlights

- The total assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$59,389,667 (net position). Of this amount, \$14,555,032 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$4,202,441 in fiscal year 2022. Net position of the City's governmental activities increased (decreased) by \$1,494,053, while net position of its business type activities increased (decreased) by \$2,708,388.
- The City's governmental funds reported a combined ending fund balance of \$8,798,232 at the end of the current fiscal year, which increased (decreased) by \$(12,389) in comparison to the \$8,810,621 reported at the end of the prior fiscal year. Of this amount, \$4,747,386 is available for spending at the City's discretion (unassigned fund balance).
- At the end of the 2022 fiscal year, unassigned fund balance for the General Fund was \$4,747,386 or 55% of the total fiscal year 2022 General Fund expenditures of \$8,598,752.
- The City's total long-term debt obligations decreased approximately \$850,000 during the fiscal year, due to standard payments on long-term debt, offset by the issuance of new state revolving fund loans of approximately \$224,000 and recognition of leases under GASB 87 of approximately \$16,000. The City's combined long-term commitment for compensated absences totaled \$277,537 at year-end.

Overview of the Financial Statements

The City's basic financial statements are comprised of three parts: 1) management's discussion and analysis, 2) the basic financial statements, including notes to the financial statements, and 3) required supplementary information, including various pension-related schedules.

Management's discussion and analysis (MD&A) is intended to serve as an introduction to the basic financial statements and required supplementary information. The MD&A represents management's examination and analysis of the City's financial condition and performance. Summary financial statement data, key financial and operational indicators used in the strategic plan, budget, as well as other management tools were used for this analysis.

The basic financial statements include two kinds of statements that present different views of the City. The first two statements consist of entity-wide financial statements that provide both the short- and long-term financial information about the City's overall financial status, including its governmental activities and its business-type activities. These statements report information about the City using full accrual accounting methods, and an economic resources focus, as utilized by similar business activities in the private sector. Information concerning the City's assets and liabilities, both financial and capital, and short-term and long-term debt are included. Likewise, all revenues and expenses received during the year, regardless of when cash is received or paid are reported. However, rate-regulated accounting principles applicable to private sector utilities are not used by governmental utilities. The remaining statements are

fund financial statements that focus on individual parts of the City government and report the City's operations in more detail than the government-wide financial statements. The governmental funds statements tell how general government services like public safety were financed in the short-term as well as what remains for future spending. Proprietary fund statements offer short-term and long-term financial information about the activities the government operates like businesses, such as the City's water and sewer utility system. Fiduciary fund statements provide information about the financial relationships in which the City acts solely as a trustee or agent for the benefit of others (like the retirement plans for the City's police officers and firefighters), to whom the resources in question belong.

The financial statements also include notes which provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the City's significant accounting policies, account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any.

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. This section also contains budgetary comparisons for the City's governmental fund activities.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business. The basic financial statements of the City include a statement of net position and a statement of activities, which are described as follows:

- A statement of net position presents information on all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources at the end of its fiscal year, with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the City's financial position is improving or deteriorating. Net position increases when revenues exceed expenses. Increases to assets without a corresponding increase to liabilities results in increased net position, which indicates an improved financial condition.
- The statement of activities presents the results of business operations over the course of the fiscal year and information as to how the City's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., delinquent taxes and earned but unused personal leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government services, public safety (police, fire, and building inspection), roads and streets, physical environment (Community Redevelopment Agency), and culture and recreation. The business-type activities of the City include its water and sewer utility, stormwater utility, sanitation, and pier activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds - not the City as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These funds are reported using the modified accrual accounting method, which measures cash and all other financial assets that can be readily converted into cash. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations can be found on pages 14 and 16.

The City maintains two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and community redevelopment fund both of which are considered to be major funds.

Proprietary Funds. Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary fund financial statements, like the government-wide statements, provide both long- and short-term financial information. The City's enterprise funds (water and sewer utility, stormwater utility, pier, and sanitation) are the items included in the business-type activities presented in the government-wide statements. Since the accounting for these operations is similar to that provided in the government-wide financial statements, the fund financial statements provide limited supplemental information in more detail, such as cash flows data. The basic proprietary fund financial statements can be found on pages 17 to 19 of this report.

Fiduciary Funds. Funds held in trust on behalf of the City's defined benefit pension plans, which account for the plan contribution activity, investment income, and benefit payments to retirees. The basic fiduciary fund financial statements can be found on pages 20 and 21 of this report.

Financial Analysis of the City as a Whole

Net Position. As noted previously, net position may serve over time as a useful indicator of a government's financial position. This year, the City's combined total assets exceeded liabilities (net position) by \$59,389,667 at the end of 2022, compared to \$55,187,226 at the end of 2021. This represents a total increase of \$4,202,441 or 7.6% from the amount reported at the end of the prior fiscal year.

The following is a summary of net position at year end:

**Net Position
September 30, 2022 and 2021**

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
ASSETS						
Current and other assets	\$ 11,511,841	\$ 9,282,355	\$ 14,081,549	\$ 13,174,252	\$ 25,593,390	\$ 22,456,607
Net pension asset	979,451	678,642	-	-	979,451	678,642
Capital and lease assets	9,839,878	8,694,506	31,749,719	30,254,063	41,589,597	38,948,569
Total assets	\$ 22,331,170	\$ 18,655,503	\$ 45,831,268	\$ 43,428,315	\$ 68,162,438	\$ 62,083,818
DEFERRED OUTFLOWS	\$ 950,299	\$ 754,870	\$ 6,563	\$ 5,297	\$ 956,862	\$ 760,167
LIABILITIES						
Current liabilities	\$ 2,834,281	\$ 554,137	\$ 1,394,046	\$ 824,773	\$ 4,228,327	\$ 1,378,910
Noncurrent liabilities:	863,497	1,325,226	3,341,150	4,439,282	4,204,647	5,764,508
Total liabilities	\$ 3,697,778	\$ 1,879,363	\$ 4,735,196	\$ 5,264,055	\$ 8,432,974	\$ 7,143,418
DEFERRED INFLOWS	\$ 1,071,969	\$ 513,341	\$ 224,690	\$ -	\$ 1,296,659	\$ 513,341
NET POSITION						
Net investment in capital assets	\$ 9,248,082	\$ 8,153,723	\$ 27,916,346	\$ 25,707,758	\$ 37,164,428	\$ 33,861,481
Restricted	3,113,189	2,874,571	4,557,018	4,279,578	7,670,207	7,154,149
Unrestricted	6,150,451	5,989,375	8,404,581	8,182,221	14,555,032	14,171,596
Total net position	\$ 18,511,722	\$ 17,017,669	\$ 40,877,945	\$ 38,169,557	\$ 59,389,667	\$ 55,187,226

The most significant component of the City's net position (approximately 63%) is, by far, its investment in capital assets (land, infrastructure, buildings, and equipment), less any related debt used to acquire or construct those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (13%) represents resources that are subject to external restrictions on how they may be used. Consequently, the remaining 25% of unrestricted net position, represents amounts that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements, and totaled \$14,555,032 at year-end, compared to \$14,171,596 in 2021. The main reason for the increase from prior year is related to increases in charges for services revenue and an increase in grant revenues which has been offset by increased related expenses.

Changes in Net Position. While the statement of net position shows a snapshot of the City's financial position at the end of the fiscal year, the statement of changes in net position provides answers as to the nature and source of those changes. During 2022, total revenues were approximately \$17,500,000 compared to approximately \$16,000,000 in the prior year. Approximately 27% of the City's revenue came from property taxes, 11% from other taxes and fees, 48% came from fees charged for services, and most of the remaining revenue included state and federal financial assistance and other miscellaneous revenues.

During 2022, expenses were approximately \$13,300,000 as opposed to approximately \$12,400,000 in the prior year, for an increase of approximately 8%. Governmental Funds experienced an increase of approximately \$400,000 in total expenditures for the year, primarily due to increases in Public Safety services for our residents as well as the utilization of the ARPA funding. Business Type Funds experienced an increase of approximately \$500,000 in total expenditures for the year. The City had several large Utility Projects in process in 2022, notably a well construction, telemetry meter replacement, a water system rehab project and the design of a new waste water treatment plant.

The following is a summary of changes in net position at year end:

**Changes in Net Position
For the Fiscal Years Ended September 30, 2022 and 2021**

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
REVENUES

Interest expense	13,653	15,327	97,023	101,671	110,676	116,998
Total expenses	7,324,853	6,879,717	6,042,787	5,555,569	13,367,640	12,435,286
Change in net position	1,494,053	625,468	2,708,388	2,932,600	4,202,441	3,558,068
Net position, beginning of year, as restated	17,017,669	16,392,201	38,169,557	35,236,957	55,187,226	51,629,158
Net position, end of year	\$ 18,511,722	\$ 17,017,669	\$ 40,877,945	\$ 38,169,557	\$ 59,389,667	\$ 55,187,226

Governmental Activities

Revenues for the City's governmental activities totaled \$8,818,906 in 2022. This represents an increase of approximately \$1,300,000 more than last year's reported revenues of approximately \$7,500,000, and is primarily related to the receipt of ARPA funding.

Governmental activities expenses totaled \$7,324,853, which increased about \$400,000 from the prior year due to the utilization of ARPA funds and a land purchase.

Business-Type Activities

The major source of operating revenues for the City's business-type activities is charges for services (water and sewer, stormwater, sanitation, and pier), which during the year increased to a total of about \$150,000 more than the charges for services of \$7,520,143 in 2021.

Total operating expenses of the proprietary funds fund in 2022 and totaled \$5,945,764, compared to \$5,425,827 in 2021, an increase of about \$500,000, primarily due to 2022 increased Capital Projects in Utilities and Stormwater Funds.

Financial Analysis of the City's Funds

As stated previously, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As the City completed the year, its governmental funds reported a combined fund balance of \$8,798,232, which was an increase (decrease) of (\$12,389) compared with the amount reported last year. This was primarily due to revenues and expenses being comparable in 2022.

The general fund is the chief operating fund of the City. As of September 30, 2022, the unassigned fund balance in the general fund totaled \$6,061,354. This unassigned fund balance represents approximately 55% of the City's spending requirements experienced during 2022.

The City's community redevelopment fund had a fund balance of \$546,662 at the end of the year, an increase of about \$150,000 from the prior year. All amount held in this fund are restricted for reinvestment in the community redevelopment district.

Proprietary Fund. The City's proprietary fund financial statements provide the same type of information found in the government-wide financial statements, but in more detail.

Charges for services in the proprietary funds increased about \$150,000 from the prior year due to rate increases.

General Fund Budgetary Highlights

The tax revenues brought in about \$310,000 more than originally budgeted, and intergovernmental revenues brought in about \$190,000 less than originally budgeted. Tax revenues increased due to collection of additional Ad Valorem taxes collected above the 95% budgeted as well as the increased receipt of Infra Structure Surtax, FPL franchise and service tax. Intergovernmental revenue included less ARPA funds than budgeted, due to unspent APRA being recorded as Unearned revenue.

All of these factors combined resulted in \$(162,604) increase (decrease) to General Fund Balance for Fiscal Year 2022.

Capital Assets and Debt Administration

Capital Assets. At September 30, 2022, the City had nearly \$37 million invested in a broad range of capital assets, including land, buildings, park facilities, police equipment, public works equipment and water lines. See Note (6) for further information on the City's capital assets.

Long-Term Debt. The City has various notes and bonds payable totaling \$4,052,705 at year-end, compared to \$4,418,597 one year earlier. The proceeds of these loans, which were drawn in increments over various preceding years, were to fund utility projects as well as refund prior bonds and notes payable. Under these agreements, the City must repay these loans with semiannual payments.

More detailed information about the City's long-term debt is presented in Note (8) to the financial statements.

Economic Factors and Next Year's Budgets and Rates

Many factors are considered each year by the City Commission in its efforts to establish an operating budget, to evaluate its personnel needs, and to develop uniform user fees that are reasonable, and more importantly, capable of cost recovery. Some of the major factors considered in this process are the local economy, civilian labor force, inflation rates and needed capital improvement projects.

- Property values continue to increase slightly; this was considered by the City Commission with the adopted rate of 5.450. The rollback rate was 4.481 mills by 21.6%.
- Flagler Beach's economy thrives on tourism; with the direct impact of the pandemic in 2021, many of our local businesses have struggled but The City is seeing an increase in the tourism as well as the increase business revenues. This factor was considered during budgeting for Utility Revenues.
- Development on the John Anderson Corridor and Roberts Road, which is located in unincorporated Flagler County is underway, the City plans to provide water and sewer to this area per an Inter-local Agreement with Flagler County. Commercial and residential development within The City continues to increase which has been reflected in our revenues.

In summary, the City's financial position is experiencing a turnaround after the pandemic. So, the economic and financial condition of the city remains strong and continues to get stronger due to grants, increased governmental revenues and charges for services delivered.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning any of the information provided in this report, or requests for additional information should be addressed to the City of Flagler Beach, Finance Department Director, 105 South Second Street, Flagler Beach, FL 32136. Information can also be obtained at the City's website at www.cityofflaglerbeach.com.

CITY OF FLAGLER BEACH, FLORIDA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2022

Fund balances - total governmental funds		\$ 8,798,232
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
<p>Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds</p>		
Total governmental capital assets	20,093,219	
Less: accumulated depreciation	<u>(10,253,341)</u>	9,839,878
<p>On the governmental fund statements, a net pension asset (liability) is not recorded until an amount is due and payable and the pension plan's fiduciary net position is not sufficient for payment of those benefits (no such liability exists at the end of the current fiscal year). On the statement of net position, the City's net pension asset (liability) of the defined benefit pension plans is reported as a noncurrent liability. Additionally, deferred outflows and deferred inflows related to pensions are also reported.</p>		
Net pension asset	979,451	
Deferred outflows related to pensions	939,556	
Deferred inflows related to pensions	<u>(1,071,969)</u>	847,038
<p>On the governmental fund statements, a total OPEB liability is not recorded unless an amount is due and payable (no such liability exists at the end of the current fiscal year). On the Statement of Net Position, the City's total OPEB liability is reported as a noncurrent liability. Additionally, deferred outflows related to OPEB are also reported.</p>		
Total OPEB liability	(309,560)	
Deferred outflows related to OPEB	<u>10,743</u>	(298,817)
<p>Long-term liabilities, including bonds payable and notes payable, are not due and payable in the current period and, therefore, are not reported in the funds. These liabilities, deferred outflows, and other debt-related deferred charges consist of the following:</p>		
Bonds and notes payable	(474,000)	
Compensated absences	<u>(200,609)</u>	(674,609)
Net position of governmental activities		<u><u>\$ 18,511,722</u></u>

The accompanying notes to financial statements are an integral part of this statement.

**CITY OF FLAGLER BEACH, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2022**

Net change in fund balances - total governmental funds	\$ (12,389)
Differences in amounts reported for governmental activities in the statement of activities are:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.	
Capital outlay expenditures	2,041,606
Depreciation expense	(896,234)
Bond and loan proceeds are reported as financing sources in the governmental funds. However, the issuance of debt is reported as long-term debt payable in the statement of net position. Repayment of bond and note principal is an expenditure in the governmental funds, but the repayment of debt principal reduces long-term liabilities in the statement of net position. These amounts are as follows:	
Principal repayment of general long-term debt and lease liabilities	65,930
Governmental funds report contributions to defined benefit pension plans as expenditures. However, in the statement of activities, the amount contributed to defined benefit pension plans reduces future net pension liability. Also included in pension expense in the statement of activities are amounts required to be amortized.	
Change in net pension asset/liability and deferred inflows/outflows related to pensions	282,141
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. These adjustments are as follows:	
Change in compensated absences liability	(34,072)
Change in total OPEB liability and deferred outflows related to OPEB	47,071
Change in net position of governmental activities	\$ 1,494,053

The accompanying notes to financial statements are an integral part of this statement.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:**

The financial statements of the City of Flagler Beach, Florida (the City), have been prepared in accordance with accounting principles generally accepted in the United States of America as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted body for promulgating governmental accounting and financial reporting principles and the City has adopted the GASB Codification. The following is a summary of the City's significant accounting policies:

(a) **Reporting entity**—The City of Flagler Beach (City), Florida, Flagler County (County), a political subdivision incorporated in 1946, under the authority of Chapter 165 *Florida Statutes*, was established by Chapter 11.481 Laws of Florida Acts of 1925. The City operates under a Commission-Manager form of government and provides the following services, as authorized by the City Charter: public safety (police, fire, and building departments), highways and streets, culture/recreation, public improvements, planning and zoning, and general government services. As required by accounting principles generally accepted in the United States of America (GAAP), these financial statements present the government and its component units, entities for which the government is considered to be financial accountable. Blended component units, although legally separate entities, are in substance, part of the City's operations and so, data from these units are combined with the data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize that it is legally separate from the City. The City has no discretely presented component units to report.

(b) **Blended component units**—The City has one blended component units, as follows:

The Flagler Beach Community Redevelopment Agency (the CRA) is operated by the City. The CRA was created by City Ordinance 95-24 and 97-21 pursuant to Florida Statute 163.387, for the purpose of rehabilitation, conservation and redevelopment of specific downtown areas of the City. Since the City is financially accountable for the activities of the CRA, its governing commission is the same, and its relationship to the City is significant, its financial activities are reported on a blended basis as if it were part of the primary government as a major special revenue fund.

(c) **Government-wide and fund financial statements**—The government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report aggregated information for the overall government for all of the activities of the primary government. These statements do not report fiduciary funds or fiduciary component units such as retirement trust funds. Those activities are reported only in fund financial statements. The effect of interfund activity has been removed from these statements.

Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other nonexchange revenues, are reported separately from business-type activities, which are financed wholly or partially by fees charged to external parties for goods or services and are reported in enterprise funds.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect costs are included in the program expense reported for individual functions and activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

(d) **Measurement focus, basis of accounting, and financial statement presentation**—The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Government resources are allocated to, and accounted for in, individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The accounting and financial reporting treatment is determined by the applicable measurement focus and the basis of accounting. The basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. The basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities).

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary funds and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. Grants, other intergovernmental revenues, charges for services, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, certain expenditures relating to future periods, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The City reports the following major governmental funds:

General Fund—The General Fund is the principal fund of the City which accounts for all financial transactions not accounted for in other funds. The majority of current operating expenditures of the City other than proprietary fund activities are financed through revenues received by the General Fund.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

The Flagler Beach Community Redevelopment Agency Fund—The City’s special revenue fund. It accounts for revenue sources that are legally restricted to expenditures for the CRA.

The City reports the following major proprietary funds:

Water and Sewer Fund—The Water and Sewer Fund accounts for the costs and recovery of costs in the form of user charges related to the production, treatment and distribution of potable water.

Sanitation Fund—The Sanitation Fund accounts for the costs and recovery of costs in the form of user charges related to the collection, treatment and disposal of sewage waste with the City.

Stormwater Fund—The Stormwater Fund accounts for the collection of drainage fees utilized for the expansion and maintenance of drainage facilities.

Pier Fund—The Pier Fund accounts for the operations and maintenance of the City pier.

Additionally, the City reports the following fund types:

Pension Trust Funds—The Pension Trust Funds account for the net position held in trust for defined pension benefits and the related financial activities of the employees’ retirement system, which accumulates resources for defined pension benefit payments to the Municipal Police Officers’ Retirement Trust Fund and the Municipal Firefighters’ Pension Trust Fund.

As a general rule, the effect of the City’s interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City’s water and sewer function and various other functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments (when applicable). Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the City’s enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(e) **Budgets and budgetary accounting**—Annual budgets for all governmental and proprietary funds were adopted in compliance with Florida law. The basis on which the budgets are prepared is consistent with the basis of accounting utilized by the various fund types. The governmental funds' budgets are prepared on the modified accrual basis of accounting. The proprietary funds' budgets are prepared on a full accrual basis of accounting. The City uses the following procedures in establishing the budgetary data reflected in the accompanying financial statements:

- i. On or before July 1st, the City Manager submits a preliminary budget to the City Commission for the ensuing fiscal year.
- ii. Budget workshop sessions are scheduled by the City Commission, as needed.
- iii. A general summary of the budget and notice of public hearing is made available to the public.
- iv. Prior to October 1st, the budget is legally enacted through passage of an ordinance.
- v. The City Commission, by resolution, may make supplemental appropriations in excess of those estimated for the year up to the amount of available revenue. Prior to the end of the fiscal year, supplemental appropriations are made for unanticipated spending requirements by the Commission.
- vi. The City Commission must approve all inter-departmental budget amendments and/or appropriations transfers.
- vii. Budgetary control is exercised at the department level.
- viii. Every appropriation lapses at the close of the fiscal year.

The budgets for governmental funds that were either adopted or amended during the year by the City Commission were prepared using the modified accrual basis of accounting in accordance with generally accepted accounting principles. The general and special revenue funds have legally adopted budgets.

The budgets for proprietary funds that were either adopted or amended during the year by the City Commission were prepared using the accrual basis of accounting in accordance with generally accepted accounting principles. The water, sewer, sanitation, and stormwater funds also have legally adopted annual budgets.

(f) **Deposits and investments**—The City's cash and cash equivalents include cash on hand, demand deposits and short-term investments that are readily convertible to known amounts of cash. Investments with original maturities of three months or less are considered to be cash equivalents.

The City has adopted the reporting required by Accounting and Financial Reporting for Certain Investments and for External Investment Pools. All investments including investments in the City's fiduciary funds are recorded at fair value based on quoted market values, except for the City's investments in the Florida PRIME portion of the State Investment Pool, which are reported at amortized cost, which approximates fair value.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(g) **Receivables and payables**—Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “due to/from other funds” (i.e., the current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

All trade and property tax receivables are reported net of an allowance for uncollectible accounts, which is based upon management's analysis of historical trends. Utility operating sales are generally recognized on the basis of cycle billings rendered monthly. Unbilled accounts receivable are accrued by the City at September 30th, to recognize the sales revenues earned between the last meter reading dates made in mid-September through the end of the fiscal year.

(h) **Leases receivable**—When engaged in long-term leasing activity as the lessor, the City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements. At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.
- The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

(i) **Prepaid items**—Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(j) **Capital assets**—Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, drainage improvements, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of greater than one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized, but charged to operating expense as incurred. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	15 – 50 years
Improvements	10 – 50 years
Machinery and equipment	5 – 15 years
Infrastructure	40 years
Right-to-use lease	5 years

(k) **Compensated absences**—The City reports compensated absences in the applicable governmental or business-type activity columns in the governmental-wide financial statements. The portion of employee payroll costs paid subsequent to year end attributable to services performed prior to year end and accumulated unpaid vacation, sick leave, and personal leave is recorded and recognized as a current liability. The remainder of the liability for compensated absences payable beyond the current period is recorded as a long-term liability.

(l) **Leases**—The City leases submerged land and equipment, and determines if an arrangement is a lease at inception. The City recognizes intangible right-to-use (RTU) assets and corresponding lease liabilities for all leases that are not considered short-term. RTU assets represent the City’s right to use an underlying asset for the lease term and lease liabilities represent the City’s obligation to make lease payments arising from the lease. RTU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term.

Basis of lease classification – Leases that meet the following requirements will not be considered short term: (1) the maximum possible lease term(s) is non-cancelable by both lessee and lessor, and (2) is more than 12 months.

Discount Rate – Unless explicitly stated in the lease agreement, known by the City, or the City is able to determine the rate implicit within the lease, the discount rate used to calculate lease right-to-use assets and liabilities will be the City’s tax exempt market borrowing rate for 30 year fixed terms at the end of each year, which will be the rate utilized for the next calendar year. The City elected to use its incremental borrowing rate (IBR) of 3% as of September 30, 2021 for leases entered into beginning October 1, 2021.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

(m) **Long-term obligations**—In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Original issue bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. In the fund financial statements, governmental fund types recognize premiums and discounts, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(n) **Fund equity**—In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Those classifications are as follows:

Nonspendable – amounts not available to be spent or not in spendable form, such as inventory and prepaid items.

Restricted – amounts constrained to specific purposes by their providers (such as grantors and higher levels of government), through constitutional provisions or by enabling legislation.

Committed – amounts constrained to specific purposes based on actions taken by the City Commission through ordinance.

Assigned – amounts the City intends to use for a specific purpose. Intent can be expressed by City Commission or by an official or body which the City Commission delegates authority.

Unassigned – amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available; the City considers restricted funds to have been spent first. When expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds and finally, unassigned funds, as needed.

(o) **Deferred outflows/inflows of resources**—In addition to assets, the statement of financial position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has multiple items, deferred outflows related to pensions and OPEB in the proprietary funds and government-wide statement of net position, which qualify for reporting in this category. Deferred outflows related to pensions are discussed further in Note (12) and deferred outflows related to OPEB are discussed further in Note (11).

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(1) **Summary of Significant Accounting Policies:** (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. Currently, the items in this category are unavailable revenues, which will be recognized as inflows of resources in the period that the amounts become available; deferred inflows relates to leases, as discussed further in Note (4); deferred inflows of resources related to pensions, as discussed further in Note (12); and deferred inflows of resources related to OPEB, as discussed further in Note (11).

(p) **Property taxes**—Property tax revenues are recognized when levied, to the extent that they result in current receivables. Details of the property tax calendar are presented below:

Lien date	June 1
Levy date	November 1
Discount periods	November – February
No discount period	March
Delinquent date	April 1

(q) **Net position flow assumption**—Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to determine amounts reported as restricted and unrestricted net position, it is the City’s policy to consider restricted net position to have been used before unrestricted net position is applied.

(r) **Use of estimates**—Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates assumed in preparing the financial statements.

(s) **New accounting pronouncements**—GASB Statement No. 87, Leases (the Statement), establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset (RTU), and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The City has implemented this Statement and its various provisions in 2022.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(2) **Reconciliation of Government-Wide and Fund Financial Statements:**

(a) **Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position**—Following the governmental fund balance sheet is a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. A detailed explanation of these differences is provided in this reconciliation.

(b) **Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities**—Following the governmental fund statement of revenues, expenditures, and changes in fund balances, there is a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. A detailed explanation of these differences is provided in this reconciliation.

(3) **Deposits and Investments:**

The City’s investment policies are governed by Chapter 280 and 218, Florida Statutes. For all investments authorized by statute the City applies the “Prudent Person” standard when developing investment strategies. The basic allowable investment instruments are as follows:

The Local Government Surplus Trust Funds or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act of 1969, as provided in s. 163.01

Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency

Interest bearing time deposits or savings accounts in qualified public depositories as defined in Chapter 280, Florida Statutes

Direct obligations of the United States Treasury

Deposits include cash on hand and amounts held in the City’s demand accounts. At September 30, 2022, the carrying amount of the City’s deposits was \$6,447,498. Each demand account is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Any balance in excess of FDIC insurance is covered by collateral held by the City’s custodial bank, which is pledged to a state trust fund that provides security in accordance with Florida Security for Public Deposits Act, Chapter 280, Florida Statutes.

The Florida Security for Public Deposits Act (the Act) established guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements and characteristics of eligible collateral. Under the Act, the qualified public depository must pledge at least 50 percent of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance. Additional collateral, up to a maximum of 125 percent, may be required, if deemed necessary under the conditions set forth in the Act.

Obligations pledged to secure deposits must be delivered to the State Treasurer or, with the approval of the State Treasurer, to a bank, savings association, or trust company provided a power of attorney is delivered to the Treasurer. Under the Act, the pool may assess participating financial institutions on a pro rata basis to fund any shortfall in the event of the failure of a member institution.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(3) **Deposits and Investments:** (Continued)

Credit Risk: Credit risk is the risk that a debt issuer or other counter-party to an investment will not fulfill its obligations. The City has no investment policy that would limit its investment choices due to credit risk other than State statutes governing investments listing in Florida Statutes, Section 218.415.

Custodial Credit Risk—Deposits: In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. Pursuant to the applicable provisions of Chapter 280, Florida Statutes, *The Florida Security for Public Deposits Act*, the State of Florida, Department of Financial Services, Division of Treasury, Bureau of Collateral Management have established specific requirements relative to the security and collateralization for public deposits. Accordingly, banks qualifying as a public depository in the State of Florida must adopt the necessary procedures outlined in these statutes and meet all of the requirements of this chapter to be designated by the State Chief Financial Officer (CFO) as eligible to receive deposits from municipal depositors. Collateral having a market value equal to 50% of the average daily balance for each month of all public deposits in excess of any applicable depository insurance is required to be pledged or deposited with the State CFO to secure such deposits. Additional

collateral, up to a maximum of 125% may be required if deemed necessary under the conditions set forth in the Act. Securities eligible to be pledged as collateral are generally limited to obligations of the United States government and any state thereof and are held in the name of the State CFO's office. Compliance with the provisions of Chapter 280, Florida Statutes, is monitored by a Qualified Public Depository Oversight Board with members appointed by the State CFO.

The City invests temporarily idle resources in the Local Government Investment Pool (State Pool). The State Pool is administered by the Florida Prime Investment Pool, who provides regulatory oversight. Florida Prime Investment Pool (Florida PRIME) is similar to money market funds in which units are owned in the fund rather than the underlying investments. These investments are reported at amortized cost and meet the requirements of GASB Statement No. 31, as amended by GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, which establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. There is no limitation or restrictions on withdrawals from Florida PRIME; although in the occurrence of an event that has a material impact on liquidity or operations of the trust fund, the funds' executive director may limit contributions to or withdrawals from the trust fund for a period of 48 hours.

The City has investments in Florida Municipal Investment Trust (FMIT). The FMIT is an external pool established in 1993 and administered by the Florida League of Cities, Inc. pursuant to the laws of the State of Florida. The FMIT is exempt from registration under the Securities Act of 1933, the Investment Company Act of 1940 and the Florida Securities and Investors Protection Act. Participants in the FMIT are limited to governmental entities in the State of Florida. The FMIT has adopted GASB Statement No. 31, as amended by GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and the fair value of the City's position in the FMIT is the same as the fair value of the FMIT shares. The investment in the pool is not evidenced by securities that exist in physical or book entry form.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(3) **Deposits and Investments:** (Continued)

The City measures and records its investments, assets whose use is limited, and restricted assets using fair value measurement guidelines, which recognize a three-tiered fair value hierarchy, as follows:

- *Level 1:* Quoted prices for identical investments in active markets;
- *Level 2:* Observable inputs other than quoted market prices; and,
- *Level 3:* Unobservable inputs.

The following chart shows the City’s cash and investment accounts by investment portfolios and their respective maturities (in years) and fair value measurement levels as of September 30, 2022:

Investment Type	Carrying Value	Weighted Average Maturity (years)	Credit Rating (Fitch)	Fair Value Hierarchy Classification
Pooled Funds – 0-2 Year High Quality Bond Fund	\$ 2,671,720	0.70	AAAf/S1	Level 2
Pooled Funds – 1-3 Year High Quality Bond Fund	3,585,579	1.50	AAAf/S2	Level 2
Pooled Funds – Intermediate High Quality Bond Fund	1,531,243	4.70	AAAf/S3	Level 2
Florida PRIME	9,107,708	21 days	AAA(S&P)	N/A
Cash and cash equivalents	6,539,030	N/A	NR	N/A
Total Portfolio	<u>\$ 23,435,280</u>			

Pension Plan Investments

The City’s Pension plans have adopted investment policies which authorizes the pension managers to invest in the following:

Police Plan—Money market accounts, fixed income investments rated “A” or better (10% individual issuer limitation), equities traded on a national stock exchange (5% issuer limitation), and pooled funds such as mutual funds and ETFs.

Fire Plan—Money market accounts, fixed income investments rated “A” or better (10% individual issuer limitation), equities traded on a national stock exchange (5% issuer limitation), and pooled funds such as mutual funds and ETFs.

The pension plans measure and record investments using fair value measurement guidelines utilizing the same three-tiered fair value hierarchy as the City.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(3) **Deposits and Investments:** (Continued)

The following is a description of the valuation techniques used for assets measured at fair value:

Corporate and Municipal Debt Obligations—Valued based on face value of the instruments adjusted for inflation and interest maturities.

Corporate and Equity Securities—Valued at fair value based on quoted market prices at year end.

Mutual Funds (fixed income and equity)—Valued based on face value of the instruments adjusted for inflation and interest maturities.

Real Estate Funds—Valued based upon the underlying investments’ most recent audited financial statements.

A summary of investments held at fair value as of September 30, 2022, is as follows:

	Fair Value	Level 1
Investments, at fair value		
Corporate equity securities	\$ 4,830,192	\$ 4,830,192
Mutual funds - fixed income	1,796,776	1,796,776
Total investments	\$ 6,626,968	\$ 6,626,968

The pension plans also held a total of \$198,707 of cash and cash equivalents held in the pension trust funds.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of investments. Generally, the longer the time to maturity, the greater the exposure to interest rate risk. The City’s investment policy requires diversifying investments to control the risk of loss resulting from over-concentrations of assets in a specific maturity.

Credit Risk: Credit risk is the risk that a debt issuer or other counter-party to an investment will not fulfill its obligations. The Pension Plans utilize portfolio diversification in order to limit investments to the highest rated securities as rated by nationally recognized rating agencies and credit rating limitations are in place through the plan investment policies. All investments rated within the investment policy guidelines at September 30, 2022.

Concentration of Credit Risk: The City’s pension plans have varying limitations on investment in single-issuers as discussed in the authorized investments note. At September 30, 2022, the investment portfolios met the single issuer limitations.

Custodial Credit Risk: Custodial credit risk is the risk that the City may not recover cash and investments held by another party in the event of financial failure. Custodial credit risk is limited since investments are held in independent custodial safekeeping accounts or mutual funds.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(3) **Deposits and Investments:** (Continued)

Foreign Currency Risk: Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The Pension trust funds policies allow for up to 25% percent of its investments in common stock, capital stock and convertible securities at market value in foreign securities. At September 30, 2022, the investment portfolios met the foreign securities limitations.

(4) **Accounts Receivable:**

The City's receivables consisted of the following at September 30, 2022:

	<u>Gross Receivable</u>	<u>Allowance for Doubtful Accounts</u>	<u>Net Receivable</u>
Governmental Activities:			
General Fund	\$ 261,225	\$ (1,861)	\$ 259,364
Community Redevelopment Fund	1,480	-	1,480
Total – Governmental Activities	<u>262,705</u>	<u>(1,861)</u>	<u>260,844</u>
Business-Type Activities:			
Pier Fund	18,651	-	18,651
Water and Sewer Fund	897,535	(75,678)	821,857
Sanitation Fund	144,912	(8,409)	136,503
Stormwater Fund	55,443	(3,052)	52,391
Totals – Business-Type Activities	<u>1,116,541</u>	<u>(87,139)</u>	<u>1,029,402</u>
Totals	<u>\$ 1,379,246</u>	<u>\$ (89,000)</u>	<u>\$ 1,290,246</u>

In addition to accounts receivable, the City also recorded \$499,042 in due from other governments at September 30, 2022. These amounts reflect management's best estimate of recoveries based on costs incurred and approved projects, and are subject to change pending adjustments made by the respective Federal and/or State agencies.

The City also recorded special assessments receivable of \$94,478, of which \$87,146 represents the balance remaining as of September 30, 2022 on the financing by the property owners of the Morningside Subdivision for Sewer System Construction, which was completed during the year ended September 30, 2014, at an original amount financed totaling approximately \$630,000.

In fiscal year 2014, pursuant to Resolutions 2013-05 and 2014-11, the City levied a special assessment for certain benefiting property owners to fund sanitary sewer improvements in the Morningside subdivision. The sanitary sewer improvements were constructed by the City, which retained ownership of the improvements. Related to the special assessment, the City entered into agreements with the individual property owners in the Morningside subdivision under which the City has financed and will collect \$632,997 plus interest at 4.75% per annum from this special assessment to fund these improvements. At September 30, 2021, \$94,478 of the original principal portion of the special assessment is reported as Special assessments receivable – restricted, and \$6,621 was included with interest earnings in the Water & Sewer Fund.

(7) **Leases:**

(a) **City as Lessor**—The City is the lessor in a lease agreements for one building facility. A lease receivable and deferred inflow of resources was recorded for this leases.

In 2012, the City entered into a lease agreement with the Tenant for the leasing of the pier restaurant. Based on the terms of the agreement, the initial ten-year lease began on October 1, 2012, expired on September 30, 2022, and was extended for five years. Annual rentals under the lease agreement include minimum monthly payments of \$3,800 and will increase 3% annually. For the year ended September 30, 2022, the City recognized \$45,506 in lease revenue and \$7,453 in interest revenue related to this lease. As of September 30, 2022, the City's receivable for lease payments was \$230,900 and for interest payments was \$577. Also, the City has a deferred inflow of resources associated with this lease that will be recognized over the lease term. As of September 30, 2022, the balance of the deferred inflow of resources was \$224,690.

The principal and interest requirements to maturity for this lease as of September 30, 2022, are as follows:

Year Ending September 30,	Principal	Interest	Total Payments
2023	\$ 40,600	\$ 6,372	\$ 46,972
2024	43,264	5,117	48,381
2025	46,051	3,781	49,832

2027	52,018	850	52,868
Total future minimum lease payments	\$ 230,900	\$ 18,480	\$ 249,380

(b) **City as Lessee**—The City is the lessee in one lease agreement for submerged land for the Pier Fund. A lease liability and a right-to-use asset was recorded for this lease in that funds.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(7) **Leases:** (Continued)

In 2017, the City entered into a 60 month lease agreement with the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida for submerged land valued at \$15,831. The initial lease expired in October 2022 and was renewed for an additional five-year period. A right-to-use asset and initial lease liability was recorded by the City during the current fiscal year. As of September 30, 2022, the value of the lease liability was \$13,242. The City is required to make annual principal and interest payments of \$2,895. The City's incremental borrowing rate (IBR) was calculated at 3.0% at September 30, 2021, and was the discount rate utilized in the current year for this lease. The land has a five-year useful life. The value of the right-to-use assets as of September 30, 2022 was \$15,831 and had accumulated amortization of \$2,603.

Lease expense for the right-to-use assets for the years ended September 30, 2022, was as follows:

September 30, 2022	Business-type Activities
Amortization expense	\$ 2,602
Interest on lease liabilities	408
Total	\$ 3,011

The principal and interest requirements to maturity for the lease liability as of September 30, 2022, is as follows:

Business-type Activities Year Ending September 30,	Principal	Interest	Total Payments
2023	\$ 2,492	\$ 403	\$ 2,895
2024	2,568	327	2,895

Total	<u>\$ 474,000</u>	<u>\$ 49,159</u>	<u>\$ 523,159</u>

Notes payable in the City's business-type activities at September 30, 2022, were comprised of the following obligations:

In January 2005, the City entered into an agreement with the State of Florida, Department of Environmental Protection for a \$3,375,000 loan for a water treatment plant expansion project at an interest rate of 2.67% per year. In June 2006, the loan was amended to include an additional \$3,158,750 with an interest rate of 2.65%. In July 2007, the loan was amended to include an additional \$3,280,134 with an interest rate of 2.64%. The semi-annual payment is due January 15th and July 15th. The loan is collateralized by the pledged revenues of the water and sewer system and carries with it certain rate coverage requirements, which the City was in compliance with at September 30, 2022. The outstanding balance at September 30, 2022, was \$1,963,145 and the note matures in 2027.

SEPTEMBER 30, 2022

(8) **Long-Term Liabilities:** (Continued)

Refunding Revenue Note, Series 2015, issued to (1) refund the City's outstanding stormwater revenue note, series 2015, (2) refund the outstanding principal amount of the 2009 CRA Note, and (3) pay related costs of issuance. The series 2015 note is secured by the City's covenant to budget and appropriate from legally available non-ad valorem revenues of the City. The note is split 43% and 57% between governmental and business type activities, respectively. The interest rate is 2.53% and the note matures October 2029. Principal payments are due annually on October 1st and interest payments are due semiannually on October 1st and April 1st. The outstanding balance at September 30, 2022, was \$749,000.

In July 2020, the City entered into an agreement with the State of Florida, Department of Environmental Protection for a \$900,000 loan for design activities related to Wastewater Treatment Facility Construction, at an interest rate of 0.58% per year. In August 2022, the loan was amended to be reduced by \$7,047. The first semi-annual payment is due August 15, 2022. The loan is collateralized by the pledged revenues of the water and sewer system and carries with it certain rate coverage requirements, which the City was in compliance with at September 30, 2022. The outstanding balance at September 30, 2022, was \$866,560 and the note maturity is estimated to occur in 2035.

Annual debt service requirements to maturity for the City's business-type activities notes payable, are as follows:

<u>Year Ending September 30,</u>	<u>Business-type Activities</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 459,646	\$ 75,856	\$ 535,502
2024	570,033	59,672	629,705
2025	584,723	47,820	632,543
2026	598,720	33,242	631,962
2027	381,155	18,300	399,455
2028-2032	562,571	33,354	595,925
2033-2037	232,197	9,556	241,753
2038-2042	189,660	22,853	212,513
Total	<u>\$ 3,578,705</u>	<u>\$ 300,653</u>	<u>\$ 3,879,358</u>

In general, an event of default will occur if the City fails to make a payment of principal and interest when such amounts are due and payable or if the City fails to punctually perform any of the material covenants, conditions, agreements and provisions contained in a debt indenture. In the event of default, the note holders shall be entitled to sue for, enforce payment of, and receive any and all amounts due from the City for principal and interest. In addition, the notes shall bear interest at the default rate; the City may be subject to a late fee; and the City may be required to pay all of the note holders' attorney's fees incurred to remedy the default.

(9) **Commitments and Contingencies:**

The City is engaged in various liability claims incidental to the conduct of its general government operations at September 30, 2022. The outcomes of established claims are included in these financial statements. In the opinion of the City's legal counsel, no legal proceedings are pending or threatened against the City which are not covered by applicable insurance which would inhibit its ability to perform its operations or materially affect its financial condition.

The City has active construction projects with uncompleted work commitments of \$1,498,619 as of September 30, 2022.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(10) **Risk Management:**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters, all of which is satisfactorily insured by limited risk, high deductible commercial general liability insurance. Commercial insurance policies are also obtained for other risks of loss, including employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

(11) **Other Postemployment Benefits (OPEB):**

Plan Description—City of Flagler Beach, Florida, Post-Retirement Benefits Plan (the Plan) is a single-employer healthcare plan administered by the City. Pursuant to Section 112.0801, Florida Statutes, the City is required to permit participation in the Plan to retirees and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. Eligible individuals include all regular employees of the City who retire from active service under one of the pension plans sponsored by the City. Under certain conditions, eligible individuals also include spouses and dependent children. The Plan does not issue a publicly available financial report.

Funding Policy—The contribution requirements of plan members and the City are established by state statutes and may be amended by the state legislature. The required contribution is based on projected pay-as-you-go financing requirements and is subject to constant revision. The City has opted to not fund the total OPEB obligation or the resulting unfunded actuarial accrued liability on an annual basis. The City utilizes the General Fund to liquidate the liability for the OPEB obligation from previous years

Benefits Provided—The Other Post Employment Benefit Plan is a single-employer benefit plan administered by the City. Retirees are charged whatever the insurance company charges for the type of coverage elected, however, the premiums charged by the insurance company are based on a blending of the experience among younger active employees and older retired employees. The older retirees actually have a higher cost which means the City is actually subsidizing the cost of the retiree coverage because it pays all or a significant portion of the premium on behalf of the active employee, known as the “implicit rate subsidy.”

Plan Membership—At September 30, 2021, the date of the latest actuarial valuation, plan participation consisted of the following:

Active Employees	77
Inactive Employees	-
	77
	77

Total OPEB Liability—The City’s total OPEB liability of \$498,664 was measured as of September 30, 2021, and was determined by an actuarial valuation as of September 30, 2021 utilizing the Measurement Method for small plans as permitted under GASB 75.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(11) **Other Postemployment Benefits (OPEB):** (Continued)

Actuarial Assumptions and Other Inputs—The total OPEB liability in the September 30, 2022, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods in the measurement, unless otherwise specified:

Inflation	2.50%
Salary increases	2.50%
Discount rate	2.43%
Healthcare cost trend rate	7.50%
	Ultimate rate reached in 2075 4.00%
Retirees' share of benefit-related costs	100.00%

The City does not have a dedicated Trust to pay retiree healthcare benefits. The discount rate was based on the September 30, 2021 S&P Municipal Bond 20 Year High Grade Rate Index as published by the S&P Dow Jones Indices.

Mortality rates were based on the PuBG-2010 Mortality Tables.

For the fiscal year ended September 30, 2022, changes in the total OPEB liability were as follows:

Balance at September 30, 2021	<u>\$ 571,149</u>
Changes for a year:	
Service cost	63,360
Interest	13,443
Differences between expected and actual experience	(8,750)
Changes of assumptions	(127,771)
Benefit payments – implicit rate subsidy	<u>(12,767)</u>
Net changes	(72,485)
Balance at September 30, 2022	<u><u>\$ 498,664</u></u>

Sensitivity of the total OPEB liability to changes in the discount rate:

The following presents the total OPEB liability of the City calculated using the discount rate of 2.43%, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Total OPEB Liability	\$ 568,705	\$ 498,664	\$ 440,988

**CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

(11) **Other Postemployment Benefits (OPEB):** (Continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rate:

The following presents the total OPEB liability of the City as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (3.00%-6.50%) or 1% higher (5.00%-8.50%) than the current healthcare cost trend rates (4.00%-7.50%):

	<u>1% Decrease</u>	<u>Current Trend Rates</u>	<u>1% Increase</u>
Total OPEB Liability	\$ 438,852	\$ 498,664	\$ 571,000

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended September 30, 2022, the City recognized OPEB revenue of \$58,518. At September 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Contributions subsequent to measurement date	\$ 17,306	\$ -
Total	<u>\$ 17,306</u>	<u>\$ -</u>

Deferred outflows for contributions subsequent to the measurement date will be recognized in fiscal year 2023.

(12) **Employee Retirement Systems and Pension Funds:**

General Employees - Defined Contribution Plan

The City Commission has adopted the International City Management Association Retirement corporation (ICMA-RC) Money Purchase Plan and Trust, as amended, effective March 10, 2016. The plan is available to the general employees who are not in one of the other City retirement plans. City contributions to the ICMA-RC Money Purchase Plan and trust for general employees shall be 6.5% of each participant's earnings for the plan year. Participants are not permitted to make contributions. City contributions fully vest in the year they are contributed. For the year ended September 30, 2022, actual employer contributions to this plan totaled \$170,694.

Municipal Police Officers' and Firefighters' Defined Benefit Pension Plans

The City's pension plans are established by various City ordinances. The City maintains two separate single employer benefit pension plans which cover firefighters and police officers. The City's ordinances governing the firefighters' and police officers' plans were written in compliance with the provisions of Florida Statutes, Chapters 175 and 185, respectively.

Plan Description and Administration

The City's pension plans are single employer defined benefit pension plans administered by a board of trustees. The board of trustees for each pension plan consists of two Commission appointees, two members of the plan elected by the plan membership, and one member elected by the other four members and appointed by the Commission.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(12) Employee Retirement Systems and Pension Funds: (Continued)

No standalone financial reports exist for the pension plans. All financial activity is reported within the accompanying financial statements. Investments are reported at fair value and are managed by third party money managers. The City's independent custodian and the individual money managers price each instrument (using various third party pricing sources) and reconcile material differences. Investments that do not have an established market are reported at estimated fair value. Performance reporting, manager fees, and the City's asset valuation are based on the custodian's determination of value.

Costs incurred by each of the plans for administration of the plans, which includes legal and actuarial fees, trustee fees and investment advisory fees, are borne by the respective retirement plans and are included in the actuarial analysis of the required funding amounts.

Benefits Provided and Employees Covered

Each Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. Current membership in the employee retirement plans was composed of the following at October 1, 2020:

	Police Plan	Fire Plan
Inactive plan members or beneficiaries receiving benefits	8	5
Inactive plan members entitled to but not yet receiving benefits	9	5
Active participants	15	18
Total current membership	32	28

A summary of the benefits provided under each plan are as follows:

Police Officers Plan

- Normal Retirement Benefits: 3.19% of average final compensation times credited service
- Normal Retirement Age: Earlier of: 1) age 55 and 10 years of credited service or 2) age 52 and 25 years of service
- Vesting Schedule: 100% after 10 years of credited service
- Vesting Benefit Amount: Members will receive the vested portion of accrued benefit at the otherwise normal retirement date
- Disability Eligibility Service Incurred: Covered from date of employment
- Disability Eligibility Nonservice Incurred: 10 years of credited service
- Disability Benefit: Benefit accrued to date of disability but not less than 42% of average final compensation (service incurred) or 25% of average final compensation (nonservice incurred)
- Pre-Retirement Death Benefits Vested: Monthly accrued benefit payable to designated beneficiary for 10 years
- Pre-Retirement Death Benefits Non-Vested: Refund of accumulated contributions without interest
- Share Plan: Pursuant to Chapter 2015-39, Laws of Florida, a supplemental benefit component for special benefits exists but is not currently funded per mutual consent between the City and membership.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(12) **Employee Retirement Systems and Pension Funds:** (Continued)

Firefighters Plan

- Normal Retirement Benefits: 3.0% of average final compensation times credited service
- Normal Retirement Age: Earlier of age 55 and 10 years of credited service or age 52 and 25 years of credited service
- Early Retirement Benefits: Accrued benefit reduced 3% for each year commencement occurs prior to age 55
- Early Retirement Age: Age 50 and 10 Years of credited service
- Vesting Schedule: 100% after 10 years of credited service
- Vesting Benefit Amount: Members will receive the vested portion of accrued benefit at the otherwise normal retirement date
- Disability Eligibility Service Incurred: Covered from date of employment
- Disability Eligibility Nonservice Incurred: 10 years of credited service
- Disability Benefit: Benefit accrued to date of disability but not less than 42% of average final compensation (service incurred) or 25% of average final compensation (nonservice incurred)
- Pre-Retirement Death Benefits Vested: Monthly accrued benefit payable to designated beneficiary for 10 years
- Pre-Retirement Death Benefits Non-Vested: Refund of accumulated contributions without interest
- Share Plan: Pursuant to Chapter 2015-39, Laws of Florida, a supplemental benefit component for special benefits exists but is currently not funded.

The most recent experience studies for both the police and fire plans were conducted as of August 20, 2019.

Contributions

Members contribute ten percent (police) or five percent (fire) of their pretax earnings. The City contributes the remaining amount required in order to pay current costs and amortize unfunded past service cost, if any, over thirty years. The State of Florida contributes any monies received by reason of the laws of the State for the purpose of funding and paying for retirement benefits.

For the year ended September 30, 2022, contributions to the City's pension plans were as follows:

	Police Plan	Fire Plan	Total
Employee contributions	\$ 91,518	\$ 60,637	\$ 152,155
City contributions	182,136	66,153	248,289
State contributions	63,877	54,933	118,810
Total contributions	\$ 337,531	\$ 181,723	\$ 519,254

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(12) **Employee Retirement Systems and Pension Funds:** (Continued)

Investment Policy

See Note (2)(b) for additional discussion of the investment policies for each of the Plans. The following was the asset allocation policy for each of the plans at September 30, 2022:

Asset Class	Target Asset Allocation	
	Police Plan	Fire Plan
Domestic equity	50%	50%
International equity	15%	15%
Broad Market Fixed Income	35%	35%

Net Pension Liability (Asset)

The components of the net pension liability (asset) of the pension plans at September 30, 2022, were as follows:

	Police Plan	Fire Plan	Total
Total pension liability	\$ 5,416,872	\$ 1,810,257	\$ 7,227,129
Plan fiduciary net position	(5,529,412)	(2,677,168)	(8,206,580)
Net pension liability (asset)	\$ (112,540)	\$ (866,911)	\$ (979,451)
 Plan fiduciary net position as percentage of total pension liability	 102.08%	 147.89%	 113.55%

The total pension liability was determined by an actuarial valuation as of October 1, 2021, and measurement date of September 30, 2022, using the following actuarial assumptions to all measurement periods.

	Police Plan	Fire Plan
Inflation	2.50%	2.50%
Salary increases	Service based	Service based
Investment rate of return	7.00%	7.00%
Mortality table	MP-2018, projected	MP-2018, projected

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(12) **Employee Retirement Systems and Pension Funds:** (Continued)

Best estimates of arithmetic real rates of return for each major class included in the pension plan's target asset allocation as of September 30, 2022, are summarized in the following table:

Long Term Expected Real Rate of Return		
Asset Class	Police Plan	Fire Plan
Domestic equity	7.5%	7.5%
International equity	8.5%	8.5%
Broad Market Fixed Income	2.5%	2.5%

Discount rate:

The discount rate used to measure the total pension liability for each pension plan varied as discussed on the following pages. The projection of cash flows used to determine the discount rate assumed the plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in net pension liability (asset):

Changes in each plan's net pension liability (asset) were as follows:

	Police Plan		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability (Asset)
	(a)	(b)	(a-b)
Beginning Balance	\$ 4,927,739	\$ 4,581,135	\$ 346,604

Ending Balance	\$ 1,810,257	\$ 2,677,168	\$ (866,911)

Sensitivity of the net pension liability (asset) to changes in the discount rate:

The following presents the net pension liability (asset) of the City calculated using the selected discount rates, as well as what the City's net pension liability (asset) (NPL(A)) would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

Plan	Current Discount Rate	NPL(A) with 1% Decrease	NPL(A) at Current Discount Rate	NPL(A) with 1% Increase
Police	7.00%	\$ 624,062	\$ (112,540)	\$ (719,822)
Fire	7.00%	(574,285)	(866,911)	(1,101,935)
Total		<u>\$ 49,777</u>	<u>\$ (979,451)</u>	<u>\$ (1,821,757)</u>

For the year ended September 30, 2022, the annual-money weighted rate of return on each pension plan investments, net of pension plan investment expense was as follows:

	Police Plan	Fire Plan
Annual money-weighted rate of return	20.91%	20.41%

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

(12) **Employee Retirement Systems and Pension Funds:** (Continued)

Pension Expense and Deferred Outflows and Inflows of Resources Related to Pensions

For the year ended September 30, 2022, the City recognized pension expense (revenue) of \$114,131 and \$(29,173) in the Police and Fire pension plans, respectively, for a total of \$84,958.

At September 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Police Plan		Fire Plan	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 214,612	\$ (178,359)	\$ 209,568	\$ (62,640)
Changes of assumptions	25,947	(33,180)	122,330	-
Net different between projected and actual investment earnings	-	(244,767)	-	(553,023)
Employer and State contributions subsequent to the measurement date	121,086	-	246,013	-
	<u>\$ 361,645</u>	<u>\$ (456,306)</u>	<u>\$ 577,911</u>	<u>\$ (615,663)</u>

The outcome of the Deferred Outflows of resources related to pensions resulting from Employer and State contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended September 30, 2022. All other amounts reported as deferred outflows and deferred inflows of resources related to pensions being amortized for a period of greater than one year will be recognized in pension expense in succeeding years as follows:

	Police Plan	Fire Plan
2023	\$ (65,700)	\$ (84,892)
2024	(36,444)	(80,287)
2025	(90,204)	(33,597)
2026	(91,417)	(21,397)
2027	-	4,426
Thereafter	-	-

(15) **Recent Accounting Pronouncements:**

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial statements. Listed below are pronouncements with required implementation dates effective for subsequent fiscal years that have not yet been implemented. Management has not currently determined what, if any, impact implementation of the following will have on the City's financial statements:

- (a) GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*, in May 2020. GASB 96 provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The provisions in GASB 96 are effective for periods beginning after June 15, 2022.

CITY OF FLAGLER BEACH, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

(15) **Recent Accounting Pronouncements:** (Continued)

- (b) GASB issued Statement No. 101, *Compensated Absences*, in June 2022. The objective of GASB 101 is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The provisions in GASB 101 are effective for periods beginning after December 15, 2023.

Measurement date:	9/30/2021	9/30/2020	9/30/2019	9/30/2018	9/30/2017

Changes of assumptions. Changes of assumptions and other changes reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period:

2.43%	2.14%	3.58%	4.18%	3.64%
-------	-------	-------	-------	-------

Benefit Payments:

The plan sponsor did not provide actual net benefits paid by the Plan for the fiscal year ending on September 30, 2022. Expected net benefit payments produced by the valuation model for the same period are shown in the table above.

OPEB Trust:

For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Plan does not meet the requirements for an OPEB plan administered through a trust.

Notes to Schedule:

Valuation Date: 10/1/2020
Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Entry age normal cost
Amortization Method: Unfunded actuarial accrued liability amortized over 15 years.
Asset Valuation Method: The Actuarial Value of Assets is based on a four-year smoothing methodology. The annual difference between expected and actual investment earnings (Market Value, net of investment-related expenses), is phased in over a four-year period.

Inflation: 2.50%
Salary Increases: Service based
Investment Rate of Return: 7.0% per year compounded annually, net of investment related expenses.
Mortality: Healthy Active Lives:
Female: PubS.H-2010 for Employees, set forward one year.
Male: PubS.H-2010 (Below Median) for Employees, set forward one year.
Healthy Retiree Lives:

Notes to Schedule:

Valuation Date: 10/1/2020

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Entry age normal cost
Amortization Method: Unfunded actuarial accrued liability amortized over 15 years
Asset Valuation Method: All assets are valued at market value with an adjustment to uniformly spread actuarial investment gains and losses (as measured by actual market value investment return against expected market value investment return) over a five-year period. (Prior year Fair Market Value, net of investment-related expenses).
Inflation: 2.50%
Salary Increases: Service based
Investment Rate of Return: 7.0% per year compounded annually, net of investment related expenses.

SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor, City Commission, and City Manager,
City of Flagler Beach, Florida:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Flagler Beach, Florida (the City), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 29, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control described below, that we consider to be significant deficiencies:

2022-002 Information Technology Matters

The City's information technology (IT) environment plays a key role in the financial reporting process, and safeguards should be in place to protect the integrity and security of all financial data. During our testing of network and application access we noted the following:

- The finance director had full administrator rights to City's accounting software.

The exploitation of these deficiencies could result in the compromise of the integrity and/or security of the City's data as it relates to financial reporting. We recommend performing a documented review of user access at least annually to verify user access is appropriately restricted. This review should either be performed by someone who does not have an administrator role or a dual review is performed. We also recommend delegating application administration duties to someone outside of finance. We also recommend performing offsite backups to improve reliability of backups in the event of device failure.

2022-003 Journal Entry Controls

During our testing of journal entries, eighteen of the twenty-five selected were not properly approved. As such, improper journal entry activity, whether due to error or fraud, may not be detected on a timely basis. Internal controls over financial reporting should include processes that require journal entries made to the accounting system of sub-ledgers be reviewed and approved by an individual other than the individual responsible for preparing the journal entry. While management has developed processes that require all journal entries be reviewed by someone other than the preparer, we recommend implementing these practices and monitoring to ensure they are followed consistently.

2022-006 Preparation of Financial Statements

During preliminary evaluation of City personnel skills, knowledge, and experience as well as preliminary discussions with those responsible for overseeing the audit and nonattest services, it was determined that the City does not have an individual who possesses the level of skills, knowledge, and experience to prepare the financial statements in their entirety. The City relied on us to provide extensive cash-to-accrual assistance as well as assistance in preparation of supporting schedules such as depreciation schedules. Management did review, approve, and accept responsibility for those financial statements prior to their issuance. We recommend providing training opportunities to those individuals responsible for overseeing the preparation of financial statements including training that covers governmental accounting specifics.

Report on Compliance and Other Matters

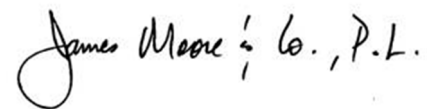

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Management's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our engagement and described in the table of contents. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Daytona Beach, Florida
June 29, 2023

**INDEPENDENT AUDITORS' MANAGEMENT LETTER REQUIRED
BY CHAPTER 10.550, RULES OF THE STATE OF FLORIDA
OFFICE OF THE AUDITOR GENERAL**

To the Honorable Mayor, City Commission, and City Manager,
City of Flagler Beach, Florida:

Report on the Financial Statements

We have audited the basic financial statements of City of Flagler Beach, Florida (the City), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 29, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports which are dated June 29, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Current year comments 2022-002 through 2022-005 remain uncorrected from the second preceding audit. The following is a summary of prior year findings and recommendations:

2020-001 and 2021-001 Reconciliation of Account Balances and Audit Adjustments – Corrective action taken.

2020-002 and 2021-002 Information Technology Matters – Comment remains partially uncorrected from the preceding audit; see repeat comment 2022-002.

2020-003 and 2021-003 Journal Entry Controls – Comment remains partially uncorrected from the preceding audit; see repeat comment 2022-003.

2020-004 and 2021-004 Fund Balance Policy – Comment remains uncorrected from the preceding audit; see repeat comment 2022-004.

2020-005 and 2021-005 Deficit Unrestricted Net Position – Comment remain uncorrected from the preceding audit; see repeat comment 2022-005.

2021-006 Budgetary Compliance – Corrective action taken.

2021-007 Pension Benefit Payments – Corrective action taken.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting City be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority for the primary government and component units of the reporting City is disclosed in Note 1 of the basic financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the City, did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we had the following recommendations:

2022-001 OPEB Census Data

During our OPEB data testing, we noted that 1 of 10 hire dates and 1 of 10 birth dates were incorrectly reported for participant data submitted to the actuary. We recommend a formal review process be implemented and performed by the City to ensure actuaries are provided with accurate and complete information.

2022-004 Fund Balance Policy

The City does not have a fund balance policy established. We recommend a fund balance policy be established that specifies what the unassigned and unrestricted fund balances/net position should be as a percentage of each fund's expenditures/expenses in order to monitor the sufficiency of all of the unassigned and unrestricted fund balances.

2022-005 Deficit Unrestricted Net Position

The City's Pier Fund has a Deficit Unrestricted Net Position of \$250,661 which was created by recurring losses in the Pier Fund. On the Statement of Net Position, the Pier Fund has recorded an advance from the General Fund of \$467,304 to subsidize the recurring losses. We recommend exploring options for the Pier Fund to either pay back the General Fund, or consider transferring the balance from the General Fund to the Pier Fund and rectify the Deficit Unrestricted Net Position.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Special District Information – CRAs

The required reporting items in accordance with Section 218.39(3)(c), Florida Statutes for the Flagler Beach Community Redevelopment Agency have been reported in the separately-issued audited financial statements.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Management’s Response to Findings

The City’s responses to the findings identified in our audit are outlined as listed in the table of contents. The City’s response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, City Commission, management, others within the City, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Daytona Beach, Florida
June 29, 2023

INDEPENDENT ACCOUNTANTS' EXAMINATION REPORT

To the Honorable Mayor, City Commission, and City Manager,
City of Flagler Beach, Florida:

We have examined the City of Flagler Beach, Florida's (the City) compliance with Section 218.415, Florida Statutes, *Local Government Investment Policies (the Statute)*, for the year ended September 30, 2022. Management is responsible for the City's compliance with the Statute. Our responsibility is to obtain reasonable assurance by evaluate the City's compliance with the Statute and performing other procedures to obtain sufficient appropriate evidence to express an opinion that conveys the results of our evaluation based on our examination.

Our examination was conducted in accordance with attestation standards for a direct examination engagement established by the American Institute of Certified Public Accountants (AICPA). Those standards require that we obtain reasonable assurance for evaluating the City's compliance with the Statute, and performing other procedures to obtain sufficient appropriate evidence to express an opinion that conveys the results of our evaluation of the City's compliance with the Statute. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of risks that the City was not in compliance with the Statute in all material respects, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the City and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the City of Flagler Beach, Florida complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

A handwritten signature in black ink that reads 'James Moore & Co., P.L.' with a large, stylized initial 'J'.

Daytona Beach, Florida
June 29, 2023

Management's Responses to Findings

2022-001 OPEB Census Data

The City agrees that a formal review process be implemented to provide accurate and complete information. The audit revealed two input errors in the OPEB information spreadsheets. The participant data errors will be corrected and submitted to the actuary.

2022-002 Information Technology Matters

The City agrees that an annual review of user access in the City's Financial Software System needs to be performed. Due to the small Finance Staff, the city does not have the means to have 100% separation of duties when it comes to administrative tasks such as setting up new users with their specific user rights. However, the current process is that when a new user is added to the system, a print out of their allotted rights of access will be signed off on by the individual requesting access, the Finance Director and the City Manager. Administrative procedures are performed by the Finance Director, but under an administrative login that is separate from the login for the Finance Director. The software system provides an audit of all transactions showing which users has performed each step. This audit is available in all modules of the software. The City currently contracts IT services with Flagler County and has confirmed that an offsite backup does take place at the county emergency operation center. The City will also work with our county IT partner to establish procedures for setting up user access so that the finance director will no longer have full administrative rights to the City's accounting software.

2022-003 Journal Entry Controls

The City agrees that a formal journal entry review process is necessary. Journal entries are created by the Finance Director, Asst. to the Finance Director and the Payroll/Bookkeeper position. The Payroll/bookkeeper position only makes journal entries related to Credit Card transactions Fees which are reviewed by the Finance Director during bank reconciliations. During fiscal year 22/23, the finance department has implemented a process that the Finance Director reviews and signs any journal entries created by the Asst. to the Finance Director. Any journal entries created by the Finance Director are reviewed and signed by the City Manager.

2022-004 Fund Balance Policy

The City agrees that a fund balance policy needs to be established. Such policy will specify what the unassigned and unrestricted fund balances/net position should be as a percentage of each fund's expenditure/expenses. The completion of this policy had been identified as a goal of the Finance Director to be completed in the 22/23 fiscal year.

2022-005 Deficit Unrestricted Net Position

The City created an Enterprise fund for Pier Operations with the intention of the Pier becoming self-supporting. The Pier fund in the past has not been self-supporting has been subsidized by the General Fund and most recently this YE21/22 that is the case due to Hurricanes Ian and Nicole. The pier has been closed since Oct. 2022 due to severe damage and safety issues and the bait shop as of June 1, 2023. The draft budget for 23/24 reflects a self-supporting fund. Demolition and reconstruction of the pier will start in 2024, with an anticipated completion date of December 2025. The City will explore options for the Pier Fund to pay back the General Fund.

2022-006 Preparation of Financial Statements

The City agrees that more training is needed for the individual that oversees the preparation of the financial statements. The Finance Department began a restructure in Fiscal Year 2020-21, by adding two new positions, Assistant to the Finance Director and Senior Compliance Analyst / Project Coordinator in hopes to make the succession process easier. In June 2022, an Interim Finance Director was appointed after the decision to retire was made by the previous finance director of more than 14 years. The Interim Finance Director was later hired as the Finance Director in November 2022 with several years of Business Accounting experience, but only a few months of experience in Governmental Accounting. This lack of up-to-date training and experience in Governmental Fund accounting, created the need for assistance and support to prepare the financial statements and the supporting schedules for year-end close and audit. In order to remedy the situation, a post audit review will be completed with James Moore in order to identify areas of opportunity. Additional training through the FGFOA/GFOA will take place as well as governmental accounting classes. An introduction to governmental accounting class has been completed, with the intention to complete the second class in the introductory governmental accounting and then the intermediate governmental accounting series. The City currently has a vacant position, Assistant to the Finance Director, once the position is filled, the individual will receive similar training opportunities. The City recognizes that the Assistant to the Finance Director be upgraded to Assistant Finance Director to better reflect the true tasks and responsibilities of that position, which has been fully endorsed by the Interim City Manager.
