INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Town Council Town of Grant-Valkaria, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Grant-Valkaria, Florida, ("the Town") as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town as of September 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

MELBOURNE

8035 Spyglass Hill Road Melbourne, FL 32940 321-757-2020 ORLANDO 255 South Orange Avenue, #1200 Orlando, FL 32801 407-841-8841

Auditor's Responsibilities for the Audit of the Financial Statements

objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information for major funds, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The budgetary comparison for the nonmajor funds is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The budgetary comparison for the nonmajor funds is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison for the nonmajor funds is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2023, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

April 15, 2023 Melbourne, Florida

Berman Hopkins Wright & LaHam CPAs and Associates, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended September 30, 2022

As management of the Town of Grant-Valkaria, Florida (the "Town"), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended September 30, 2022.

- On a government-wide basis, the assets of the Town exceeded its liabilities at the close of the 2022 fiscal year by \$75,511,287 (net position). Of this amount, \$69,154,915 is invested in capital assets, \$944,752 is restricted for fund use, and the remaining amount of \$5,411,620 is unrestricted.
- The Town's total net position decreased by \$1,111,418 from governmental activities.
- The Town's governmental funds reported a combined ending fund balance of \$6,422,956 with a \$1,222,543 increase from the previous fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information in addition to the basic financial statements themselves.

1) Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

- The statement of net position presents information on all the Town's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.
- The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.
- The government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the Town include general government, public safety, transportation, physical environment, and parks and recreation. The Town has no business activities. The government-wide financial statements can be found as listed on the table of contents of this report.

2) Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Town has only one category of funds: governmental funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains six individual governmental funds and adopts an annual appropriated budget for its funds. Budgetary comparison schedules have been provided for each major fund to demonstrate compliance with the budget and can be found as listed on the table of contents of this report.

The governmental fund financial statements can be found as listed on the table of contents of this report.

3) Notes to the financial statements. The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found as listed on the table of contents of this report.

Government-wide Financial Analysis

The Town's net position is summarized below.

	Governmental Activities								
		2022		2021	Difference				
Assets									
Current assets	\$	8,222,148	\$	6,303,584	\$	1,918,564			
Capital assets		69,154,915		71,469,410		(2,314,495)			
Total assets		77,377,063		77,772,994		(395,931)			
Liabilities									
Current liabilities		1,826,541		1,130,519		696,022			
Noncurrent liabilities		39,235		19,770		19,465			
Total liabilities		1,865,776		1,150,289		715,487			
Net position									
Net investment in capital assets		69,154,915		71,469,410		(2,314,495)			
Restricted for:									
Solid waste		14		14		-			
Stormwater		609,614		564,588		45,026			
Building fund		139,237		-		139,237			
Transportation		302,107		446,948		(144,841)			
Other governmental funds		33,017			26,950				
Unrestricted		5,272,383		4,135,678		1,136,705			
Total net position	\$	75,511,287	\$	76,622,705	\$	(1,111,418)			

The increases in the Town's current assets and current liabilities are mostly a result of unspent American Rescue Plan funds ("ARPA") of \$2,101,540 of which \$1,629,622 is included in current liabilities as unearned revenue.

About 92% of the Town's net position reflects its net investment in capital assets (Town Hall, sidewalks and roadways). The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. The Town's net investment in capital assets decreased \$2,314,495 due to depreciation. The Town's remaining restricted net position includes resources that are subject to external restrictions on how they may be used; \$609,614 is restricted to stormwater drainage projects, \$302,107 is restricted for future road projects, \$139,237 is reserved for building projects, and the remaining balance is for park enhancements.

The \$5,272,383 of unrestricted net position of may be used to meet the Town's ongoing obligations to citizens and creditors.

Analysis of the Town's Operations

The following table provides a summary of the Town's operations for the years ended September 30, 2022 and 2021.

	Governmental Activities								
	2022			2021		Difference			
Revenues:									
Program revenues:									
Charges for services	\$	887,140	\$	933,018	\$	(45,878)			
Operating grants and contributions		248,925		246,387		2,538			
Total program revenues		1,136,065		1,179,405		(43,340)			
General revenues:						<u>.</u>			
Property taxes		607,307		571,836		35,471			
Communication service taxes		118,231		117,262		969			
Franchise fees		313,605		266,292		47,313			
Transportation impact fees		9,059		28,155		(19,096)			
ARPA funds		471,918		-		471,918			
Road construction		28,072		-		28,072			
Shared revenues		421,590		377,350		44,240			
Interest income		11,864		6,688		5,176			
Other revenues		92,718		28,895		63,823			
Building permit fees		318,388		-		318,388			
Donated capital assets		-		234,936		(234,936)			
Total general revenues		2,392,752		1,631,414		761,338			
Total revenues		3,528,817		2,810,819		717,998			
Expenses:									
General government		604,711		472,429		132,282			
Public safety		308,325		279,880		28,445			
Transportation		3,096,687		3,488,494		(391,807)			
Physical environment		590,856		538,891		51,965			
Parks and recreation		39,656		36,356		3,300			
Total expenses		4,640,235		4,816,050		(175,815)			
Decrease in net position		(1,111,418)		(2,005,231)		893,813			
Net position - beginning		76,622,705		78,627,936		(2,005,231)			
Net position - ending	\$	75,511,287	\$	76,622,705	\$	(1,111,418)			

The Town experiences an average annual population growth of over 1% which explains the slight increases in revenues. Key revenue changes for 2022 include donated capital assets, ARPA revenue and building permits. ARPA revenue has increased as the Town received the remaining funding during 2022 and began several projects using that funding.

Analysis of the Town's Operations (continued)

Building permit fees increased \$318,388 as there has been a lot of building activity in the area during the year. Donated capital assets decreased during the year due to no capital assets being donated during the current year.

The General government expenses increased by \$132,282 mainly due to the permit and building fund growth to keep up with the current Town's demands along with pay increases for all staff. The transportation fund decreased by \$391,807. This was mainly due to not as many projects started during the year as in the previous year.

At the end of 2021, the Town separated its building department activities into a separate department under public safety. Existing personnel, facility, and administrative costs have been allocated to the building department from the general government operations which caused expenses to shift between these two categories. In addition, the Assistant Building Division Manager remained a full-time position to accommodate the increase in development activity. During 2022, this was the first full year in effect.

Fund Financial Statements

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the Town of Grant-Valkaria, Florida's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town of Grant-Valkaria, Florida's financing requirements. Fund balance is composed of non-spendable, restricted, committed, assigned and unassigned fund balances which are described in Note A-14 in the notes to the financial statements. The Fund financial statements are presented on the pages as listed in the table of contents.

As of the end of the current fiscal year, the Town's governmental funds reported combined fund balances of \$6,422,956, as compared to \$5,200,413 for the prior year. The \$6,422,956 consists of \$6,617 that is non-spendable, \$2,186,000 that is committed for emergencies, \$1,083,989 that is restricted for special revenue funds, and \$3,146,350 that is unassigned. The General Fund is the chief operating fund of the Town and reported a total fund balance of \$5,334,876 as of September 30, 2022, as compared to \$4,182,796 as of September 30, 2021.

In addition, the Town utilizes special revenue funds for stormwater projects, solid waste projects, major transportation projects, ARPA projects and the remaining aggregate funds. Restricted fund balances in these special revenue funds total \$1,083,989 at September 30, 2022.

General Fund Budgetary Highlights

The Town adopted an annual budget for each of its funds for the year ended September 30, 2022. The budget comparison schedules are reflected on the pages as listed on the table of contents. The following information is presented to assist the reader in comparing actual results with budgetary amounts.

General Fund Budgetary Highlights (continued)

The Town has several revenue streams that directly correlate to the activities of its citizenry. Increases above those anticipated through the budget process include: Licenses and permit funds of \$213,248 from a significant growth in development in the area. Decreases included the American Rescue Plan Act ("ARPA") funds of \$471,918 as not as many projects were started through the year as was initially planned.

The Town's general fund expenses were below budget by \$124,676. General government was below budget because a new building fund was established and these expenses were moved into the new account. Transportation was below budget \$316,875 due to being able to cover the required projects with the transportation fund funding rather than the general fund and it was below budget. Capital Outlay expenditures were below budget by \$447,190 due to not as many projects were started for the ARPA funding as initially planned.

Storm Water Fund Budgetary Highlights

Current storm water costs are \$50,977 under budget because of the several projects being delayed into the next year.

Solid Waste Fund Budgetary Highlights

Revenues and expenditures are below budget due to the actual number of households and commercial locations needing services being lower than anticipated. All collected revenues are remitted to the Town's service provider.

Transportation Fund Budgetary Highlights

Transportation costs are \$276,924 under budget as the Town was unable to qualify roads to be paved as was planned in the budget.

Building Fund Budgetary Highlights

Building revenues were over the budgeted amounts due to increase in building from a new subdivision.

Capital Asset and Debt Administration

- Capital Assets: The Town's total investment in capital assets as of September 30, 2022, amounts to \$69,154,915 (net of accumulated depreciation). Current year activity includes an increase for purchased assets totaling \$371,635, and a decrease for depreciation of \$2,854,867.
- Long-term Debt: At the end of the current fiscal year, the Town did not have any general long-term outstanding debt.

In 2022, the Town had \$352,435 gain in infrastructure due to the extension and/or construction of three dirt roads as well as the replacement of 2 culvert pipes. The Town obtained management software for \$13,235 which was transferred from construction in progress and capitalized during the year. The Town has \$181,972 in current construction in progress (mainly for roads). The Town also has \$5,965 added to the building for repairs that were made during the year.

Capital Asset and Debt Administration (continued)

Additional information on the Town's capital assets and Town's long-term liabilities can be found in Note C and D in the notes to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The Town anticipates a steady population growth over the next several years that will create a need for roadway and drainage improvements.

Property valuation has shown a steady increase in the past few years of approximately 8%. The assessed values for 2020-2021, 2019-2020 and 2018-2019, were \$458,585,996, \$424,687,120 and \$397,153,960 respectively. For 2021-202, the millage rate remained at 1.3038.

These factors were considered in preparing the Town's budget for the 2022 fiscal year. Property tax revenues for 2022 are based on the preliminary assessed property value of \$480,445,003. For 2022, the Town established \$3,038,037 expenditure budget for the Town's entire operations with key components being transportation and drainage projects. The Town budgeted \$1,053,531 for transportation projects consisting of repaving/restriping existing roads and paving unpaved roads. The Town has also budgeted \$136,221 to replace deteriorating or damaged culvert pipe and headwalls and additional drainage ditch cleaning.

Request for Information

This financial report is designed to provide a general overview of the Town of Grant-Valkaria, Florida's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the management staff of the Town of Grant-Valkaria, 1449 Valkaria Road, Grant-Valkaria, Florida 32950.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the year ended September 30, 2022

Net change in fund balance - total governmental funds		\$	1,222,543
The change in net position reported for governmental activities in the statement of activities is different because:			
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.			
Capital outlay Depreciation expense	\$ 540,372 (2,854,867)	-	(2,314,495)
Some expenses reported in the statement of activities did not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Compensated absences			(19,466)
Change in net position of governmental activities		\$	(1,111,418)

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. <u>Reporting entity</u>

The Town of Grant-Valkaria, Florida (the "Town"), was incorporated and organized by a special act of the Florida legislation in 2006 as a municipality with a Mayor and a sixmember Council, all of whom are elected by the registered voters of the Town. The Council elects a Vice-Mayor from among its members annually. The Town provides a wide range of services as directed by the Town Charter, including general government, inspections, planning and zoning, and other related general and administrative services for its residents.

The accounting policies of the Town conform to accounting principles generally accepted in the United States of America as applicable to governments as established by the Governmental Accounting Standards Board ("GASB"). The GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies.

In evaluating the Town as a reporting entity, management has addressed all potential component units that may or may not fall within the Town's oversight and control, and thus, be included in the Town's financial statements as defined in GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100, *Defining the Financial Reporting Entity*. The Town did not exercise oversight responsibility over any other potential component units. The financial statements of the Town consist only of the operations of the Town; thus, there are no component units included.

2. Government-wide and fund financial statements

The government-wide financial statements consist of a statement of net position and a statement of activities. These statements report information on all of the nonfiduciary activities of the primary government as a whole. As part of the consolidation process, all interfund activities are eliminated from these statements.

Net position, the difference between assets and liabilities, as presented in the statement of net position, is subdivided into three categories: net investments in capital assets; restricted net position; and unrestricted net position. Net position is reported as restricted when constraints are imposed on the use of the amounts either externally by creditors, grantors, contributors, or laws and regulations of other governments, or by law through constitutional provisions or enabling legislation. Net investment in capital assets is the component of net position that consists of capital assets, net of accumulated depreciation and reduced by any outstanding balances of bonds, mortgages, notes of other borrowings that are attributable to the acquisition, construction and improvements of those assets. Unrestricted net position is the component of net position that does not meet the definition of the other two components.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. <u>Government-wide and fund financial statements (continued)</u>

The statement of activities presents a comparison between the direct and indirect expenses of a given function or segment and its program revenues, and displays the extent to which each function or segment contributes to the change in net position for the fiscal years.

Direct expenses are those that are clearly identifiable to a specific function or segment. Program revenues consist of charges for services, operating grants and contributions, and capital grants and contributions.

Charges for services refer to amounts received from those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Grants and contributions consist of revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported instead as general revenues.

Separate fund financial statements report detailed information about the Town's governmental funds. The focus of governmental fund financial statements is on major funds. Therefore, major funds are reported as separate columns in the fund financial statements and non-major funds are aggregated and presented as a single column on each statement. A reconciliation is provided that converts the results of governmental fund accounting to the government-wide presentation.

3. <u>Measurement focus</u>, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. <u>Measurement focus, basis of accounting and financial statement presentation</u> (continued)

Property taxes, franchise taxes, licenses and permits, charges for services, fines and forfeitures associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Town reports the following major governmental funds:

<u>General Fund</u> - The general fund is the general operating fund of the Town and is used to account for all financial resources except those required to be accounted for in another fund.

<u>Stormwater Projects Fund</u> - is used to account for revenues and expenses received/used by the Town that are legally restricted for drainage expenditures.

<u>Solid Waste Fund</u> - is used to account for revenues and expenses received/used by the Town that are used for solid waste expenditures.

<u>Transportation Fund</u> - is used to account for revenues and expenses received/used by the Town that are legally restricted for roadway, bicycle, and other transportation projects.

<u>Building Fund</u> - is used to account for revenues and expenses received/used by the Town that are from their building permits and other such programs and used for furthering those projects.

When restricted resources meet the criteria to be available for use and unassigned resources are also available for use, it is the Town's policy to use restricted resources first, and then unassigned resources, as needed.

4. Cash and cash equivalents

Cash and cash equivalents are considered to be cash in banks and certificates of deposit with original maturities of three months or less while maturities greater than three months are considered investments.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

5. Investments

The Town has not adopted a formal investment policy and, therefore, the Town's investment activities are governed by Chapter 218 of the Florida Statutes. Florida Statutes authorize the Town to invest in the Local Government Surplus Funds Trust Fund, which is administered by the State Board of Administration; obligations of principal and interest of which are unconditionally guaranteed by the United States Government; interest bearing time deposits or savings accounts in banks and savings and loan organized under the laws of the United States; obligations of the Federal Farm Credit Banks, the Federal Home Loan Mortgage Corporation, the Federal Home Loan Bank, or obligations of the Federal National Mortgage Association; and obligations of the Federal National Mortgage Association. The Town has no investments as of September 30, 2022.

6. <u>Receivables</u>

After reviewing the individual account balances, the Town's management has determined that 100% of receivables are fully collectible based on prior experience with similar types of receivables. Therefore, no allowance for doubtful accounts has been provided.

7. Capital assets

Capital assets are reported in the applicable governmental columns in the governmentwide financial statements. The Town defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at cost when purchased. Donated capital assets are capitalized at their fair value at the date received. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation is provided using the straight-line method over the estimated useful lives of the various classes of depreciable assets. The estimated useful lives of equipment range from 3-7 years while the estimated useful life of infrastructure assets is 40 years.

8. <u>Compensated absences</u>

The Town records the vested portion of accumulated unused compensated absences, if material, at year-end based on each employee's unused hours and rate of pay, including the Town's share of payroll taxes. All compensated absences are accrued when incurred in the government-wide financial statements as accrued liabilities. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

9. Impairment of long-lived assets

The Town evaluates events or changes in circumstances affecting long-lived assets to determine whether an impairment of its assets has occurred. If the Town determines that a capital asset is impaired, and that impairment is other-than-temporary, then an impairment loss will be recorded in the Town's financial statements. Management has determined that there were no such impairments as of September 30, 2022.

10. Unearned revenue

Unearned revenues are a liability that represents amounts received, but not yet earned. The Town's unearned revenues consist mostly of American Rescue Plan Act funds ("ARPA") of \$1,629,622, which have been received but are unspent as of September 30, 2022. The unearned revenue will be earned in the future periods as the eligible expenses will be incurred.

11. Property taxes

Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the Brevard County Property Appraiser and Brevard County Tax Collector. The laws of the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. State statutes permit municipalities to levy property taxes at a rate of up to 10 mills. For the year ended September 30, 2022, the Town's millage rate was 1.3038 mills.

The tax levy of the Town is established by the Town Council prior to October 1 of each year and the Brevard County Tax Collector incorporates the millage into the total tax levy, which includes the municipalities, independent districts and the school board tax requirements. All property is reassessed according to its fair market value on March 1 of each year.

Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes. The assessed value on October 1, 2020, upon which the 2020-2021 levy was based, was \$480,644,198.

All taxes are due and payable on November 1 (levy date) of each year or as soon thereafter as the assessment roll is certified and delivered to the Brevard County Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. Taxes are paid in March without discount. Current tax collections, net of discounts taken, for the year ended September 30, 2022, were approximately 97% of the total tax levy.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

11. Property taxes (continued)

On or prior to June 1st of each fiscal year, tax certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest at 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates are held by Brevard County.

12. Interfund transactions

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All interfund transactions are reported as transfers on the fund financial statements, and are eliminated on the governmental-wide financial statements. For the year ended September 30, 2022, transfers no interfund transfers were noted.

13. Income tax

The Town qualifies as a tax-exempt entity and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

14. Use of estimates

The preparation of financial statements, in accordance with generally accepted accounting principles in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

15. Fund balance classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in their respective governmental funds can be spent. The classifications used in the governmental fund financials statements are as follows.

<u>Non-spendable Fund Balance</u> - Amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. "Not in spendable form" includes items that are not expected to be converted to cash (inventories, prepaid expenditures) and items such as long-term amount of loans, property acquired for resale, as well as unrealized gains.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

15. Fund balance classification (continued)

<u>Restricted Fund Balance</u> - Amounts that have externally enforceable limitations on use of resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

<u>Committed Fund Balance</u> - Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Town Council, the Town's highest level of decision making authority. Commitments may only be removed or changed by the Town Council taking the same formal action (resolution) that imposed the constraint originally. At September 30, 2022, the Town has \$2,186,000 committed for emergency reserves.

<u>Unassigned Fund Balance</u> - Amounts that are considered the residual classification for the General Fund resources. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

Restricted amounts shall be spent first unless there are legal documents/contracts prohibiting this, such as grant agreements. Further, the order of priority shall be Committed Fund Balance, followed by Assigned Fund Balance, and then Unassigned Fund Balance when expenditures are incurred for purposes for which amounts in any of classifications could be used.

16. Impact of recently implemented accounting principles

In June 2017, the GASB issued Statement No. 87, *Leases*, which established a single model for lease accounting. This statement is effective for the Town's September 30, 2022 fiscal year end. Management has implemented the adoption of this statement on the Town's financial statements and it did not have a significant impact to the Town's statements

17. Impact of recently issued accounting principles

In May 2020, the GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. This statement is effective for the Town's September 30, 2023 fiscal year end. Management is currently evaluating the impact of the adoption of this statement on the Town's financial statements.

In June 2022, GASB issued Statement No. 101, *Compensated Absences*. This statement is effective for the Town's September 30, 2024 fiscal year end. Management is currently evaluating the impact of the adoption of this statement on the Town's financial statements

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE B - CASH AND CASH EQUIVALENTS

The Town's cash and cash equivalents include demand deposits of \$8,145,806 and a certificate of deposit of \$260,922 held at financial institutions, of which \$2,679,364 is considered restricted.

Custodial Credit Risk. The deposits are insured by the Federal Deposit Insurance Corporation ("FDIC") for up to \$250,000 per depositor. Any balance in excess of FDIC insurance is covered by collateral held by the Town's custodial banks, which is pledged to a state trust fund that provides security in accordance with the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes. At September 30, 2022, the Town's cash and cash equivalent balances were fully insured or collateralized.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE C - CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2022 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Capital assets, not being depreciated: Land Construction in progress	\$ 145,146 17,119	\$- 181,972	\$ - -	\$ 145,146 199,091

Governmental activities capital				
assets, net	\$71,469,410	\$ (2,301,260)	\$ (13,235)	\$69,154,915

During the year ended September 30, 2022, for depreciation expense of \$2,854,867, \$604,711 was charged to the general government functions of the Town.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE D - LIABILITIES

Changes in noncurrent liabilities for the year ended September 30, 2022 are summarized as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Compensated absences	\$ 47,119	\$ 48,259	\$ 28,792	\$ 66,586	\$ 28,286

Historically, compensated absences have been generally liquidated by the general fund.

NOTE E - RETIREMENT PLANS

The Town offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 which is administered by ICMA Retirement Corporation. The plan is available to full-time employees and permits employees to defer a portion of their salary until future years. Deferred compensation withdrawals are not available to employees until termination, retirement, death, or an unforeseeable emergency. The Town does not make contributions to this plan. In accordance with current professional pronouncements, the Town has not included such funds in its financial statements.

Additionally, the Town offers a defined contribution plan (the "Plan") created in accordance with Internal Revenue Service Code Section 401(a) which is administrated by ICMA Retirement Corporation. The Plan provides a portable retirement program for "mobile" administrative, professional and technical employees of local government. If a participant separates from service and subsequently becomes employed with another unit of a state or local government, then the participant may rollover the benefits into the new employer's pension plan providing said plan permits rollovers. At September 30, 2022, there were 6 plan members. The Town is required to contribute between 9% and 11% to the Plan of the salaries of the participating employees.

The Town contributed \$42,168 to the Plan for the year ended September 30, 2022. Plan provisions may be amended by the Town Commission. The Plan is held in a trust for the exclusive benefit of the participants and their beneficiaries, consequently, the Town has no fiduciary responsibility; therefore, the net position of the Plan is not included in the Town's financial statements.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2022

NOTE F - COMMITMENTS AND CONTINGENCIES

During the ordinary course of its operations, the Town is party to various claims, legal actions and complaints. Some of these matters are covered by the Town's insurance program. While the ultimate effect of any litigation cannot be ascertained at this time, management believes, based on the advice of legal counsel, that there will be no material effect on the Town's financial position and/or that the Town has sufficient insurance coverage to cover any claims.

NOTE G - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. In order to limit its exposure to these risks, the Town is a participant in the Florida League of Cities (a not-for-profit corporation) insurance program for workers compensation, general and auto liability. The insurance program purchases excess and specific coverages from third party carriers. Participants in the program are billed annually for their portion of the cost of the program adjusted for actual experience during the period of coverage. Participants are not assessed for unanticipated losses incurred by the program. Additionally, the Town has purchased commercial property insurance and various other insurance coverage from third parties to cover other risks that the Town may be exposed to. Premiums paid by the Town during the year totaled \$19,787. There have been no significant reductions in insurance coverage during fiscal year 2022. Settled claims resulting from the risks described above have not exceeded the insurance coverage for the last three years.

NOTE H - AMERICAN RESCUE PLAN ACT

On March 11, 2021, the American Rescue Plan Act was signed into law, and established the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Fund, which together make up the Coronavirus State and Local Fiscal Recovery Funds ("SLFRF") program.

This program is intended to provide support to State and local governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses.

The Town received \$2,101,540 of ARPA funds as of September 30, 2022. As of the year ended September 30, 2022, \$471,918 was earned (see Note A-9).

NOTE I - SUBSEQUENT EVENTS

The Town has evaluated subsequent events through April 15, 2023; the date on which the financial statements were available for issuance, and has determined that no material events occurred that would require additional disclosure in the financial statements.

REQUIRED SUPPLEMENTARY INFORMATION

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION

For the year ended September 30, 2022

NOTE A - BUDGETS AND BUDGETARY ACCOUNTING

Budgets are adopted on an annual basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the general and special revenue funds. The annual operating budget serves as legal authorization for expenditures and proposed means of financing them. The legal level of budgetary control is the department level. The budgets presented for fiscal year ended September 30, 2022 have been adopted according to the Town's procedures.

On or before July 15 of each year, the Town Administrator shall submit a budget in accordance with state law. It shall outline the financial policies of the Town for the ensuing fiscal year, describe the important features of the budget, indicate any major changes from the current year in fiscal policy, summarize the Town's fiscal position, and include any other material items as the Town Administrator deems necessary.

The Town Council shall adopt a budget for the ensuing fiscal year by resolution on or before September 30 of each year. The Town Council shall not authorize or allow to be authorized a budget that exceeds the reasonably expected revenue, plus prior year reserves for the ensuing fiscal year.

If at any time during the fiscal year it appears probable to the Town Administrator that the revenues available will be insufficient to meet the amount appropriated in the budget, the Town Administrator shall report to the Town Council without delay. The Town Council shall then take action to prevent or minimize any deficit and for that purpose may, by resolution, reduce one or more appropriations.

The Town Administrator shall have full authority to transfer unencumbered funds between different programs within a department, office, or agency. The Town Administrator shall not have the authority to transfer encumbered funds between departments, offices, or agencies.

The Town Council may, by resolution, transfer or otherwise allocate or reallocate part or all of any unencumbered balance within a department, office, or agency to any other department, office, or agency.

All appropriations shall lapse at the end of the budget year to the extent that such appropriations have not been expended or encumbered, and any appropriation made in one budget year shall not be valid or effective during any subsequent budget year.

COMPLIANCE

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and the Town Council Town of Grant-Valkaria, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining funds of the Town of Grant-Valkaria, Florida (the "Town"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated April 15, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Honorable Members of the Town Council Town of Grant-Valkaria, Florida

Report on the Financial Statements

We have audited the financial statements of the Town of Grant-Valkaria, Florida (the "Town"), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated April 15, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports which are dated April 15, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings or associated recommendations made in the preceding annual financial audit.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Town of Grant-Valkaria, Florida was established by and is governed per the special law 54.1407 Laws of Florida. There were no component units of the reporting entity to be disclosed in this management letter. Additional legal entity disclosures are included in Note A-1 of the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.566(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Town has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Town did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Town. It is management's responsibility to monitor the Town's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Council Members, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON INVESTMENT COMPLIANCE

The Honorable Mayor and Town Council Town of Grant-Valkaria, Florida

We have examined the Town of Grant-Valkaria, Florida's (the "Town") compliance with Section 218.415, Florida Statutes, regarding the investment of public funds during the year ended September 30, 2022. Management is responsible for the Town's compliance with the specified requirements. Our responsibility is to express an opinion on the Town's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Town complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Town complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Town's compliance with specified requirements.

In our opinion, the Town complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of the Town and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.
