March 23, 2023

To the Honorable Mayor and City Council Members And the Citizens of the *City of Oviedo, Florida*

We are pleased to submit the Annual Comprehensive Annual Financial Report (ACFR) of the City of Oviedo, Florida, for the fiscal year ended September 30, 2022. This report fulfills the requirements of the City Charter, Florida Statutes, and the Rules of the Florida Auditor General. It is presented in conformity with generally accepted accounting principles (GAAP) and audited by an independent firm of certified public accountants. The organization, form and contents of this report plus the accompanying financial statements and statistical tables are formulated in accordance with the principles prescribed by the Governmental Accounting Standards Board (GASB), the State of Florida and the Government Finance Officers Association of the United States and Canada (GFOA).

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal controls should not exceed the anticipated benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of any material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects and is reported in a manner designed to fairly set forth the financial position and results of operations of the City of Oviedo, Florida as measured by the financial activity of its various funds.

Purvis, Gray and Company, LLP, a firm of licensed certified public accountants, has audited the City's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City for the year ended September 30, 2022, are free of material misstatement. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified ("clean") opinion on the City's financial statements for the year ended September 30, 2022, and that the statements are fairly presented in conformity with GAAP. The independent auditor's report is presented at the front of the Financial Section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This transmittal letter is designed to complement the MD&A and should be read in conjunction with it. The City of Oviedo's MD&A can be found immediately following the report of the independent auditors.

Profile of the City

The City of Oviedo, Florida was incorporated in 1925. Located in Central Florida and considered part of the Orlando Metropolitan area, the City encompasses approximately 16 square miles and is home to approximately 40,078 residents.

In accordance with the City Charter, the City Council operates under the Council-City Manager form of government. The City Council consists of a Mayor and four Council Members elected atlarge. The Council appoints a City Manager who is the administrative head of the City and directs the business of the City and its departments. The City provides a full range of services to its citizens. These services include law enforcement; fire and rescue services; public works including engineering services, stormwater maintenance, fleet maintenance, landscaping and right of way maintenance, street and sidewalk maintenance, water and wastewater utility services; recreation and parks; development services, including building services, code enforcement, planning and development review; and general administrative services.

The annual budget serves as the foundation for the City of Oviedo's financial planning and control. The City Charter requires the City Manager to submit the proposed budget and the City Manager's Budget Message to the City Council on or before July 31st of each year. The City Council is then required to hold public hearings on the proposed budget and adopt a final budget by resolution on or before September 30th of the fiscal year currently ending. The budget is legally adopted at the fund level. Expenditures may not legally exceed appropriations at the fund level. Transfers of appropriations between funds require the approval of City Council. The budget may be formally amended by the City Council at any time. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund, this comparison is presented as part of the Required Supplementary Information (RSI) subsection of this report. For other governmental funds with appropriated budgets, this comparison is presented in the Combined and Individual Statements subsection of this report. The financial plan may be obtained from the City's Budget Department or the City's website http://www.cityofoviedo.net.

Local Economy

The City of Oviedo is greatly encouraged by its most recent economic trends. The City's 2022-23 total taxable property assessed valuation increased 10.14% from the previous fiscal year. Estimates are not yet available for fiscal year 2023-24, however, the trend is expected to maintain its positive momentum. The unemployment rate for Seminole County was 2.4% for September 2022, which is lower than the State of Florida's rate of 2.5%, and the national average of 3.5%.

In March 2013, the City broke ground on Oviedo on the Park, the City's new downtown neighborhood for living, working and playing. At the heart of Oviedo on the Park is Center Lake Park and the Amphitheater/Cultural Center, which were completed in May of 2015. To date, 552 apartments, 219 townhomes, 44 single family homes, and 45,108 square feet of commercial use space has been constructed. Future phases will include additional commercial retail, restaurants, offices and mixed-use residential over commercial development.

Seminole County, in conjunction with the City of Oviedo and the Florida Department of Transportation, is currently widening State Road (SR) 426 and County Road (CR) 419 in the City of Oviedo. The project has been divided into three phases. Construction of Phase 1, SR 434 Widening from Smith Street to Franklin Street, started in January 2017 and is complete.

Construction of Phase 2 from Pine Avenue to Adeline B Tinsley Way (formerly Avenue B), is underway. Phase 3, from Adeline B Tinsley Way to west of Lockwood Boulevard, is currently not funded and is a County only project.

The City completed construction of a new downtown regional stormwater pond, Solary Park. The pond is located in the City's historic downtown area on the south side of Franklin Street and west side of Geneva Drive. The intent of the pond is to provide a master drainage facility within the historic downtown to facilitate and incentivize economic development and redevelopment of the City's downtown core. Stormwater management is an important factor to consider in encouraging future private sector investment.

In 2020, Money.com ranked Oviedo as the 43rd best place to live in America and was the only Florida city named on the list. Money.com reviewed cities and towns with populations greater than 25,000, and reviewed statistics such as crime rate, median income level, diversity, the housing market, cost of living, public education, weather, lifestyle and amenities. How Money Walks rated Oviedo as the 3rd best place to raise kids in the U.S. in 2015 outranking places in Colorado and Texas due to our highly rated public schools, coupled with a median household income of \$81,068 and the absence of a state income tax. Additionally, the access to year-round outdoor recreation and affordable cost of living makes Oviedo one of the best places to raise kids. Furthermore, Oviedo was named a Healthy Weight Community Champion in 2014, 2015, 2016, 2017 and again in 2018 for its commitment to promoting physical activity and for increasing awareness to improve nutrition through policy and environmental change. Oviedo continues to be one of the 20 Safest Cities to live in the State of Florida as evidenced by Safe Choice Security in 2014 as well as a Most Charitable Community in Central Florida by the Orlando Business Journal in 2013.

Long-term Financial Planning

The Budget serves as the annual financial plan for the City. It articulates public priorities, helps management make informed choices about the allocation of resources, promotes effective communications, establishes broad goals and management strategies to guide decision making and develops approaches to achieve those goals. The City develops and maintains a three (3) to five (5) year financial trend model that forecasts revenues and expenditures based on a set of accepted assumptions. A ten (10) year Capital Improvement Program is prepared and updated annually to reflect the capital investment needs of the City consistent with the Comprehensive Plan and other master plans approved by the City Council. Management has developed fiscal policies for the adopted financial plan regarding revenues, expenditures, reserves, capital improvements and debt management.

Relevant Financial Policies

Budget and financial policies adopted by the City are intended to guide elected officials, the City Manager and staff in their on-going roles as financial stewards of the City. Financial reserve policies have been established to provide sufficient cash flow for daily financial needs, to offset significant economic downturns or revenue shortfalls, and to provide for unforeseen expenditures related to emergencies or other unanticipated needs. The General Fund financial reserve policy is to maintain at a minimum, un-appropriated fund balance equal to fifteen percent (15%) of the annual General Fund expenditure budget. Should the unassigned fund balance fall below 15%, the City Council will take necessary steps to replenish the reserve to the target level prior to the close of the following fiscal year. In order to protect the resources necessary to ensure continued operations of the Water and Sewer Utility System, a working cash reserve shall be established

equal to a minimum of one-hundred twenty (120) days of the Utility System's operating budget less depreciation. Debt management policies include maintaining minimum debt service coverage of 125% in the Water and Sewer Utility Fund (income available for debt service divided by the maximum debt service requirement). The City shall also maintain a minimum capital reserve balance in the Water and Sewer Renewal and Replacement Fund equal to fifty percent (50%) of the prior year depreciation expense for plant and equipment. The City constantly reviews its outstanding debt for the purpose of determining if the financial marketplace will afford the City the opportunity to refund an issue in an effort to reduce debt service costs. The City has also adopted an investment policy that governs cash reserves in excess of amounts needed to meet current expenses. The objectives are to first protect and safeguard City funds; second, to provide sufficient liquidity to meet operating, payroll and capital requirements; and third, to maximize return on the City's portfolio while minimizing risks. During the fiscal year, the City's investment portfolio earned 0.008% as calculated using the average portfolio balance.

Awards and Acknowledgements

The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its ACFR for the fiscal year ended September 30, 2021, which is the 31st time the City has received this prestigious award. The Certificate of Achievement is a national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. Such ACFR must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one (1) year only. The City believes the current report continues to conform to the Certificate of Achievement program requirements and will be submitting it to the GFOA to determine its eligibility for another certificate.

Additionally, the City received the GFOA's Award for Distinguished Budget Presentation for its annual financial plan for the fiscal year beginning October 1, 2021, the same period covered by this ACFR. This was the 17th consecutive year that the City has received this prestigious award. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device. This award is valid for a period of one (1) year only.

The preparation of the ACFR, on a timely basis, was made possible by the dedicated service of the entire staff of the City's Finance Department. Each department member has our sincere appreciation for the contribution made in the preparation of this report. The other City departments, although not extensively involved in year-end audit activities, contributed significantly by ensuring the accuracy and integrity of accounting information compiled throughout the year. Without their diligence, the work of the Finance Department would have been considerably more difficult. Appreciation must also be expressed to the City's auditors whose suggestions and attention to detail enhanced the quality of this report.

In closing, we would also like to thank the members of the City Council for their active support of our efforts for maintaining fiscal accountability and responsibility for the City.

Respectfully submitted,

Bryan Cobb City Manager

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oviedo, Florida (the City) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Change in Accounting Principle

As described in Note 1 to the financial statements in 2022, the City adopted new accounting guidance, Governmental Accounting Standards Board Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

CERTIFIED PUBLIC ACCOUNTANTS

Gainesville | Ocala | Tallahassee | Sarasota | Orlando | Lakeland | Tampa purvisgray.com

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

INDEPENDENT AUDITOR'S REPORT

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

INDEPENDENT AUDITOR'S REPORT

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and other postemployment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

INDEPENDENT AUDITOR'S REPORT

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 23, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Purvis Gray

Ocala, Florida

City of Oviedo, Florida Management's Discussion and Analysis

The purposes of the City of Oviedo, Florida's (the City) Management's Discussion and Analysis (MD&A) are to:

- Assist the reader in focusing on significant financial issues.
- Provide an overview of the City's financial activity.
- Identify changes in the City's financial position (its ability to address the next and subsequent year challenges).
- Identify any material deviations from the financial plan (the approved budget).
- Identify individual fund issues or concerns.

The MD&A focuses on the current year's activities, resulting changes, and currently known facts. Therefore, it is recommended that it be read in conjunction with the Transmittal Letter beginning on page i and the City's financial statements beginning on page 17.

Financial Highlights

- At the close of fiscal year 2022, the City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$159,451,693 (net position). Of this amount, \$38,486,465 (unrestricted net position) may be utilized to meet the City's ongoing obligations to citizens and creditors.
- During the fiscal year 2022, the City's total net position increased by \$11,815,513, or 8.0%.
- At the close of the fiscal year 2022, the City's governmental funds reported combined ending fund balances of \$31,375,965, an increase of \$8,613,719 in comparison with the prior year. Approximately 51.7%, or \$16,208,440 of the total amount, is *unassigned fund balance* and is available for spending at the City's discretion.
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed, assigned*, and *unassigned* components of *fund balance*) for the governmental funds was \$18,168,594, or approximately 39.1% of total governmental funds expenditures.
- The City's total debt decreased by \$5,732,200 during the current fiscal year.

Overview of the Financial Statements

The financial statements focus on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the City's accountability.

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of the following three (3) components:

- Government-Wide Financial Statements
- Fund Financial Statements
- Notes to the Financial Statements

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents financial information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

City of Oviedo, Florida Management's Discussion and Analysis

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, physical environment, economic development, and recreation and parks. The business-type activities of the City consist of the water and sewer systems, stormwater system, and the Twin Rivers golf course.

The government-wide financial statements include only the City itself (known as the *primary government*) and one blended component unit (The City of Oviedo Community Redevelopment Agency). The business-type activities function as departments of the City and, therefore, have been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 17-19 of this report.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three (3) categories: governmental, proprietary, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental* activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's *near-term* financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains twenty-five (25) individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, 3rd Generation Sales Tax, Community Redevelopment Agency, and American Rescue Plan Act, which are considered to be major funds. Data from the other twenty-two (22) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in this report, immediately following the notes to the financial statements and required supplementary information.

The City adopts an annual appropriated budget for its General, 3rd Generation Sales Tax, Community Redevelopment Agency, American Rescue Plan Act, and certain Special Revenue and Debt Service Funds, except for the State Pension Contributions. Budgetary comparison schedules have been provided for these funds to demonstrate compliance with the budget, and are presented as required supplementary information for the General Fund, 3rd Generation Sales Tax, Community Redevelopment Agency, American Rescue Plan Act and combining schedules for the non-major governmental funds.

The basic governmental fund financial statements can be found on pages 20-23 of this report.

Proprietary Funds

The City maintains two (2) proprietary fund types. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer system, stormwater system, and Twin-Rivers golf course. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its self-insurance health plan and City-paid employee long-term disability and life insurance, fleet maintenance operations, and its property and casualty insurance deductible expenses. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 24-27 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 28-29 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 30-69 of this report.

Required Supplementary Information (RSI)

RSI can be found on pages 70-81 of this report.

Other Information

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the RSI. Combining and individual fund statements and schedules can be found on pages 82-117 of this report.

Government-Wide Financial Analysis

Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$159,451,693 (net position) as of the close of the most recent fiscal year.

The largest portion of the City's net position (\$107,864,797 or 67.6%) reflects its investment in capital assets (e.g., land, buildings, improvements, infrastructure, vehicles and equipment and right-to-use equipment); less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

\$13,100,431 of the City's net position represents resources that are subject to external restrictions on how they may be used, primarily for capital improvements. The remaining balance of *unrestricted net position* (\$38,486,465 or 24.1%) may be used to meet the City's ongoing obligations to citizens and creditors.

The following table reflects the condensed *Statement of Net Position* for the current and prior year. For more detailed information, see the *Statement of Net Position* on page 17.

Statement of Activities

The following table reflects the *Statement of Changes in Net Position* for the current and prior year. For more detailed information see the *Statement of Activities* on pages 18-19.

Fiscal year 2022, activities increased the City's net position by \$11,815,513, or 8.0%. The previous fiscal year, 2021, net position increased by \$10,277,118, or 7.5%.

Governmental activities increased net position by \$10,778,470 in fiscal year 2022 compared to an increase of \$6,611,252 in 2021. Fiscal year 2022 activities increased net position primarily due to an increase in ad valorem tax revenue, charges for services, and capital grants and contributions.

The increase in ad valorem tax revenue was primarily affected by the increase in final taxable value, which was up roughly 3.94% from the previous year.

Business-type activities increased net position by \$1,037,043, or 1.6%, in fiscal year 2022 compared to an increase of \$3,665,866, or 6.2%, in 2021. In fiscal year 2022, the net position for the Twin Rivers Golf Course Fund increased \$347,083, which is up from the previous year's increase of \$212,486.

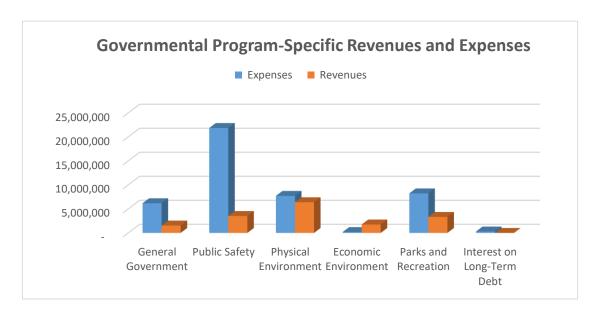

Following the *Changes in Net Position* table is a series of bar and pie charts that relay in pictorial form the revenues and expenses for each of the governmental and business-type activities, as well as the revenue "source" for each.

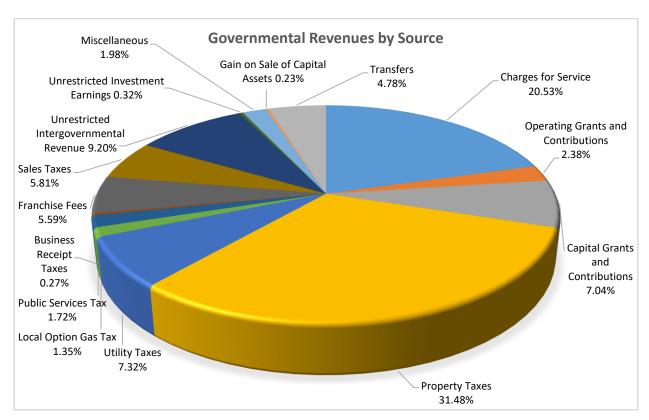

Additional information regarding the changes in fund balances of the governmental and business-type activities can be found in the section entitled Financial Analysis of the City's Funds on page 12.

Note that the first graph depicts governmental program-specific revenues and expenses. For this graph, the revenue includes charges for services, operating grants and contributions, and capital grants and contributions. This chart is intended to show the amount of program expenses funded by specific program revenues.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's *governmental funds* is to provide information on *near-term* inflows, outflows, and balances of *spendable resources*. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2022, the City's governmental funds reported combined ending fund balances of \$31,375,965, an increase of \$8,613,719 in comparison with the prior year. Approximately 51.7% of this total amount, \$16,208,440, constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance, \$15,167,525, is either non-spendable, as inventories and prepaid items, restricted for special revenue funds, debt service funds, and capital projects, or committed or assigned to specific purposes.

The General Fund is the chief operating fund of the City. At September 30, 2022, the unassigned fund balance of the General Fund was \$14,605,276, while the total fund balance was \$14,885,201. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 46.4% of total General Fund expenditures, while total fund balance represents 47.3% of that same amount.

During the current fiscal year, the fund balance of the City's General Fund increased by \$3,611,252. The increase is primarily related to the following: a 20% increase in intergovernmental revenues for Revenue Sharing and Local Government Half Cent Sales Tax due to a strong local economy; a decrease in Salaries and Benefit expenditures of 4% due to vacant positions throughout the year; and a decrease in Operating Expenditures of 15% due to supply delays for goods due to the economy. A portion of the 15% reduction in Operating Expenditures will be carried forward to the next fiscal year.

The Community Redevelopment Agency increased in fund balance by \$442,855, due to an increase in property values within the Community Redevelopment Agency.

The 3rd Generation Sales Tax fund increased in fund balance by \$3,824,734, due to less expenditures related to capital projects occurring during the fiscal year.

The American Rescue Plan Act fund increased in fund balance by \$98,562, from investment activities from funds received in advance from the American Rescue Plan Act.

The total fund balance of all the non-major governmental funds is \$8,027,830, a net increase of \$636,316 when compared with the prior year.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the Water and Sewer Utility Fund at September 30, 2022, amounted to \$22,170,892. There was an increase in net position of the Water and Sewer Utility Fund of \$351,486 in 2022 compared to an increase of \$2,728,883 in 2021. The change is in part due to an increase in charges for service from the previous year of \$61,815 while operating expenses increased by \$681,128 and a reduction in the capital contributions of \$2,143,231 over 2021, resulting in a smaller change in net position in 2022 compared to 2021.

Unrestricted net position of the Stormwater Utility Fund at September 30, 2022, amounted to \$2,337,783. There was an increase in net position of the Stormwater Utility Fund of \$338,474 in 2022 compared to an increase of \$724,497 in 2021. The change was primarily due to a decrease in intergovernmental revenues of \$390,999 over the prior year and a loan forgiven in the current year recorded as non-operating expenses of \$262,629.

The Twin Rivers Golf Course Fund was created in 2017 to account for the management activities of the golf course property that is owned by the Stormwater Utility Fund. In fiscal year 2022, the fund's net position increased by \$347,083, primarily due to interfund loan forgiveness of \$291,454 as well as an increase in charges for services revenue of \$88,528 as compared to last year.

General Fund Budgetary Highlights

Differences between the Adopted Budget and the final amended budget (\$85,554 increase in revenues and \$1,825,668 increase in appropriations) can be briefly summarized as follows:

Revenues:

- Increase in Federal Grants of \$62,271
- Increase in State Grants of \$19,548
- Increase in Other General Government Charges and Fees of \$3,735

Transfers in increased by \$415,049. This includes increases in transfers from the following funds:

- Increase in Transfers from the Building Services Fund of \$360,000
- Increase in Transfers from the CRA Fund of \$45,000
- Increase in Transfers from the DEA Fund of \$10,049

Expenditures:

Adjustments within the various General Fund departments resulted in an increase in expenditures of \$1,825,668.

Transfers out decreased by \$17,623. This includes increases in transfers to the following funds:

- A reduction in the Debt Service Fund of \$61,123 to cover the early payoff of various notes.
- An increase in the transfer to the Technology Replacement Fund of \$43,500 for the purchases of security cameras at Oviedo on the Park.

Increases in expenditures were partially offset by the use of fund balance. The General Fund use of fund balance was approved to help fund the increase in expenditures and various transfers noted above.

Differences between the final amended budget and actuals (\$2,461,309 increase in revenues and other financing sources and \$2,420,503 decrease in expenditures and other financing uses) can be briefly summarized as follows:

Revenues:

Actual year-end revenues were over budget by \$2,461,309, or 7.1%. This variance is attributed primarily to an increase in the following:

- Property Taxes of \$153,838
- Utility Service Taxes of \$148,590
- Business Receipts of \$3,417
- Licenses, Permits, and Fees of \$252,000

- Intergovernmental Revenues of \$890,324
- Charges for Services of \$742,192
- Miscellaneous Income of \$170,539
- Leases of \$86,642
- Sale of Capital Assets of \$45,430

These increases were offset by decreases in the following:

- Investment Income of \$4,316
- Fines and Forfeitures of \$27,347

Expenditures:

Actual year-end expenditures were under budget by \$2,420,503, or 7.1%. The variance was primarily attributable to decreases in the following:

- Salaries and Benefits of \$979,543 due to Open Positions
- Travel and Per-Diem of \$44,994
- Repairs and Maintenance of \$84,032
- Operating Supplies of \$117,923
- Professional Services of \$458,523
- Road Materials of \$48,087
- Rental and Leases of \$67,084
- Other Contractual Services of \$586,529
- Other Operating of \$33,788

Overall:

The net increase in fund balance was \$3,611,252.

Capital Asset and Debt Administration

Capital Assets

The City's total capital assets for its governmental and business-type activities as of September 30, 2022, amounts to \$168,968,620 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, infrastructure, machinery and equipment and right-of-use equipment. The total decrease in the City's total capital assets for the current fiscal year was \$2,807,733 (a 1.6% decrease in total assets). This was caused by \$708,070 in disposals of governmental assets including the disposal of significant fire equipment and demolition of an old post office building in the current year as well as normal depreciation of assets.

Additional information on the City's capital assets can be found in Note 4-D in the accompanying notes to the financial statements.

Long-Term Debt

At September 30, 2022, the City had \$49,803,000 in bonded debt outstanding. Of this amount, \$4,857,000 related to General Obligation Notes, \$2,100,000 related to Public Improvement Revenue Notes, \$2,120,000 related to Capital Improvement Revenue Notes, and \$40,726,000 related to Utility Revenue Bonds/Notes.

In addition, the City had \$2,457,210 related to the State Revolving Fund Loan, \$790,532 related to financed purchases on equipment, and \$1,596,614 related to Lease Payables.

There was a reduction in principal outstanding of \$4,657,000 in annual principal payments for outstanding bond and note issues, and principal payments totaling \$314,689 on the state revolving loan. There was a reduction of \$677,134 in principal payments for outstanding financed purchases.

The City shall only be permitted to issue revenue bonds, notes, certificates of participation, lease purchase contracts, or other instruments of indebtedness by the affirmative vote of four City Council members at a public hearing held prior to the issuance of such bonds; provided that the total amount of indebtedness does not exceed \$10 million for infrastructure in any one calendar year and that the City's independent financial advisor certifies that debt limitations as prescribed in City ordinance are not exceeded. This annual debt issuance limit shall not apply to any debt secured by enterprise funds or debt associated with leases.

The City's Water and Sewer Utility Revenue Bonds obtained a one-level upgrade to the City's Utility Bonds from S&P in June 2009 (from AA- to AA). This rating was reaffirmed by S&P in October 2020. In November of 2020, Moody's reaffirmed its Aa3 rating.

Additional information on the City's long-term liabilities can be found in Note 4-G in the accompanying notes to financial statements.

Economic Factors and Next Year's Budgets and Rates

The City's elected and appointed officials considered many factors when adopting the FY 2022-23 Budget. The Adopted Budget reflects the culmination of the City's efforts to balance the General Fund budget, while maintaining service levels for core City services. The General Fund property millage rate

for FY 2022-23 increased to 5.3350 mills, which is 13.36% greater than the rolled back millage rate of 4.7063 mills. The property millage rate for the General Obligation Bonds decreased from .1545 mills to .1400 mills, a decrease of 9.38%. The combined millage rate for both the Ad Valorem and General Obligation Bonds in FY 2021-22 was 5.2820 mills, the total combined millage rate for FY 2022-23 is 5.4750 mills.

The FY 2022-23 General Fund budget of \$36,298,262 is \$1,737,564, or 5.03%, greater than the FY 2021-22 Adopted Budget. The FY 2022-23 General Fund budget was adopted without the use of fund balance, leaving the unassigned fund balance for the General Fund at \$10,654,137. The unassigned fund balance is projected to be \$9,913,557 or 28.08% of the Adopted Budget General Fund expenditures less transfers. Thus, the City continues to meet its Fund Balance Reserve Policy.

The increase in Ad Valorem revenues is due to an overall increase in the gross property value of the City of 10.14% along with an increase in the Ad-Valorem millage rate of .2075 mills.

Non-Ad Valorem revenues (excluding transfers and fund balances) reflect an increase of \$109,282 or 0.69% more than the FY 2021-22 Adopted Budget.

The increase is primarily due to increases in the following:

- Utility Service Taxes of \$6,979
- Franchise Fees of \$81,050
- Intergovernmental Revenues of \$105,750
- Miscellaneous \$43,400

The increases were offset by decreases in the following revenues:

- Development Service Fees of \$38,025
- Fines and Forfeitures of \$25,100
- Licenses and Permits of \$3,300
- Recreation Activity Fees of \$61,472

The total Adopted Budget for all City funds combined of \$76.38 million (exclusive on inter-fund transfers) is \$3,452,763, or 4.73%, more than the FY 2021-22 total Adopted Budget.

The City's tax base increased by \$336.5 million, or 10.14%, as compared to fiscal year 2021, based on the Certification of Taxable Value as provided by the Seminole County Property Appraiser.

Requests for Information

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Office of the Finance Director, City of Oviedo, 400 Alexandria Boulevard, Oviedo, Florida 32765.

The notes to the financial statements are an integral part of the financial statements.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended September 30, 2022

| Net Change in Fund Balances, Total Governmental Funds | | \$ 8,613,719 |
|--|--------------------------------|------------------|
| Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because: | | |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is depreciated over their estimated useful lives: | | |
| Expenditures for Capital Assets Less: Current Year Depreciation | \$ 3,992,790 (4,145,183) | (152,393) |
| In the Statement of Activities, only the loss on the sale/disposal of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold/disposed. | | (225,920) |
| Financing of certain long-term debt is reported in the governmental funds as revenues. Such proceeds are not reported as revenues in the Statements of Activities, but rather are reported as liabilities in the Statements of Net Position: | | (===)===; |
| Leases | | (95,761) |
| Repayment of long-term debt is an expenditure in the governmental funds. But the repayment reduces long-term liabilities in the Statement of Net Position: | | |
| Principal Payments | | 3,610,950 |
| Governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The amount is the net effect of these difference in the treatment of these items. | | (2,466) |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds: | | |
| Change in Long-Term Compensated Absences Change in Accrued Interest | (189,140) 35,037 | (154,103) |
| The change in the net pension liability (assets) and deferred inflows and outflows related to pensions is reported in the Statement of Activities, but not in the fund statements. | | (2,019,429) |
| The change in the net OPEB liability and deferred inflows and outflows related to OPEB is reported in the Statement of Activities, but not in the fund statements. | | (285,992) |
| Internal service funds are used by management to account for the cost of health insurance, long-term disability, life insurance, and fleet maintenance. The net revenue of certain activities of internal service funds is reported | | |
| with governmental activities. | | 1,489,865 |
| Change in Net Position of Governmental Activities | | \$ 10,778,470 |

Note 1 - Summary of Significant Accounting Policies

A - Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support.

B - Reporting Entity

The City of Oviedo, Florida (the City), a municipality that was incorporated under Chapter 10950, *Laws of Florida* in 1925, operates under the Council - City Manager form of government. The City is located near the center of the State of Florida in the eastern section of Seminole County.

The City is a municipal corporation with a five-member council, including the Mayor. The Chairman acts as the presiding officer of the council, with the Deputy Mayor serving during the Mayor's absence.

The City provides a full range of municipal services, including police and fire protection, public works activities, parks and recreation, planning and development, and general administrative services. In addition, the City operates a water and sewer utility, stormwater utility, and golf course.

In evaluating how to define the City, for financial reporting purposes, management has considered all potential component units. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government: (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. In applying the above criteria, the City has one blended component unit as follows:

The City Council adopted City Resolution 1836-08 in June of 2008, thereby creating the Community Redevelopment Agency (CRA) of Oviedo. This is a dependent taxing district established in accordance with Chapter 163, Part III, Florida Statutes. Notification to the affected taxing authorities was done in compliance with Chapter 163.346, Florida Statutes. Taxes are levied annually on the incremental increase in taxable value over the base year. The tax revenues are used to fund projects designed to enhance and improve the described area. The purpose of the CRA is to utilize appropriate private and public resources to rejuvenate blighted areas by establishing and stimulating new development, creating new job opportunities, and focusing public investment in designated areas within the City. The term of the CRA's existence is 30 years.

The Oviedo Community Redevelopment Plan was adopted by Ordinance No. 1496 by the City Council to govern the use of these resources. The City Council serves as the governing board of the CRA, along with two (2) representatives of the Seminole County government or selected by the Seminole County government. The adoption of Ordinance No. 1496 and modified by Ordinance No. 1510, established the Redevelopment Trust Fund to account for all transactions generated by activity within the CRA. Separate financial statements are issued for the CRA.

C - Basis of Presentation - Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and the internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The statement of activities demonstrates the degree to which direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

D - Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund category (governmental, proprietary, and fiduciary) are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The *Community Redevelopment Agency* was established as a dependent taxing district. The incremental annual increase in tax over the base year will be used to fund projects designed to enhance and improve the described area.

The 3^{rd} Generation Sales Tax Fund was established to account for the City's construction projects approved to use the extra one cent sales tax approved by voters.

The American Rescue Plan Act Fund was established to account for the City's American Rescue Plan Act Funds. The funding provides direct payments to address the economic effects of COVID-19 on State, Local and Tribal Governments in the United States.

The City reports the following major enterprise funds:

The Water and Sewer Utility Fund is used to account for the City's water and sewer operations and related capital improvements, which are financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public are financed primarily through user charges.

The *Stormwater Utility Fund* is used to account for the City's stormwater operations and related capital improvements, which are financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public are financed primarily through user charges.

The Twin Rivers Golf Course Fund is used to account for the City's golf operations, which are financed in a manner similar to private business enterprises, where the costs of providing services to the general public are financed primarily through user charges.

Additionally, the City reports the following fund types:

Internal Service Funds are an accounting device used to accumulate and allocate costs internally among a government's various functions. The City utilizes internal service funds for the City's self-insured health insurance plan; for the City's Insurance Deductible Fund, which accounts for the City's insurance deductible expenses relating to general liability, property, and workers compensation claims; and for fleet maintenance operations. Because services accounted for in the internal service funds predominately benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements and are presented separately in the proprietary fund financial statements.

Pension Trust Funds account for the activities of The Police Officers' Retirement Trust Fund and the Firefighters' Pension Trust Fund, which accumulate resources for pension benefit payments to the respective qualified public safety employees.

Special Revenue Funds account for specific revenue sources that are restricted by law or administrative action to expenditures for specific purposes. Non-major special revenue funds include the Capital Expansion Fund, Local Option Gas Tax Fund, State Law Enforcement Fund, Federal DEA Grant (Forfeiture) Fund, Sidewalk Fund, Streetlight Fund, State Pension Contributions Fund, Solid Waste Fund, Building Services Fund, Transportation Impact Fees Fund, Law Enforcement Fund, Police Donations Fund, and Second Dollar Education Fund.

Debt Service Funds account for the accumulation of resources for and the payment of principal and interest on certain long-term debt. Non-major debt service funds include the Public Improvement Revenue Bonds Fund, General Obligation Bonds Fund, and the Lease Financing Debt Service Fund.

Capital Project Funds account for financial resources segregated for the acquisition or construction of major capital facilities. Non-major capital project funds include the Local Option Sales Tax Fund, Vehicle Replacement Fund, Technology Improvements Fund, General Facility Improvement Fund, Recreational Facility Improvement Fund, and Police Construction Fund.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal services funds) are eliminated so that only the net amount is included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

E - Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement* focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

Property taxes, sales taxes, franchise fees, utility taxes, state revenue sharing, charges for services, and investment earnings associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Reimbursement related to hurricane Irma (Disaster Grants - Public Assistance) has been recognized as revenue in the year in which the reimbursement was obligated even if all obligated funds have not been received within 60 days after year-end. All other revenue items are considered to be measurable and available only when cash is received by the City.

The proprietary and pension funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

Unearned revenues in governmental funds include amounts collected before the revenue recognition criteria are met. The unearned amount typically consists of license revenue collected in advance of the ensuing year and unspent American Rescue Plan Act Funds.

F - Budgetary Information

1. Budgetary Basis of Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, Community Redevelopment Agency, non-major special revenue funds, and debt service funds. Capital projects funds are developed and monitored in the City's ten-year Capital Improvement Program and appropriated annually.

The appropriated budget is prepared by fund, function, and department. The City's finance director, city manager or designee may make transfers of appropriations within a department up to established thresholds, but not between funds. Transfers of appropriations between funds require the approval of the council. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances (those for which performance under the executor contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

2. Excess of Expenditures Over Appropriations

The City has no excess of expenditures over appropriations in the General Fund or major special revenue funds. For the year ended September 30, 2022, expenditures exceeded appropriations in the following non-major funds (the legal level of budgetary control): (a) Streetlight special revenue fund by \$36,994; (b) law enforcement special revenue fund by \$7,674; (c) police donations special revenue fund by \$10,675; (d) building services special revenue fund by \$12,840.

G - Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

For purposes of cash flows, cash and cash equivalents include cash on hand, cash on deposit, external investment pools, and all highly liquid investments (including restricted assets) with a maturity of 90 days or less when purchased. All cash and investments of the enterprise funds represent an equity position in the City's internal pool of cash and investments. The City currently holds \$3,997 available as petty cash.

The City maintains a cash and investment pool that is used by all funds. This pool includes deposits and overnight repurchase agreements, amounts with the State Board of Administration (SBA) and Florida Safe. Interest income earned as a result of pooling is distributed to the appropriate funds based on the average daily balance of cash in each fund for the period.

2. Investments

Investments for the City are reported at fair value within the fair value hierarchy established in accordance with Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, unless the investment qualifies as an external investment pool. External investment pools are an arrangement that commingles (pools) the monies of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio and one or more of the participants is not part of the sponsor's reporting entity. GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, addresses accounting and financial reporting for pools. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes if the pool meets the criteria of GASB Statement No. 79.

Fair Value Measurement - The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1 Inputs: Quoted price for identical assets in an active market.
- <u>Level 2 Inputs</u>: (A) Quoted prices for similar assets or liabilities in active markets; (B) quoted prices for identical or similar assets or liabilities in markets that are not active; (C) inputs other than quoted prices that are observable for the assets or liabilities, such as: (1) interest rates and yield curves observable at commonly quoted intervals, (2) implied volatilities, (3) credit spreads; (D) market-corroborated inputs.
- <u>Level 3 Inputs</u>: Unobservable inputs for an asset or liability are significant to the fair value measurements.

3. Receivables

All receivables are shown net of an allowance for uncollectibles. Accounts receivable in excess of 90 days comprise the accounts receivable allowance for uncollectibles.

4. <u>Inventories and Prepaid Items/Expenses</u>

Inventories are valued at cost using the first-in/first-out (FIFO) method and consist of expendable supplies and repair parts. The cost of such inventories is recorded as expenditures or expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items are recorded as expenditures or expenses when consumed rather than when purchased.

5. Capital Assets

Property, plant and equipment, and infrastructure assets (i.e., roads, streets and sidewalks, curbs and gutters, drainage systems, and lighting systems) purchased or acquired are carried at historical cost or estimated historical cost and are reported in the applicable governmental or business-type activities columns in the government-wide financial statements (except for intangible right-to-use lease assets, the measurement is discussed in note 1 G(10)). Contributed assets are recorded at acquisition value as of the date received. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

The City has some capital assets that meet the definition of intangible assets per GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, including computer software and reclaimed water capacity.

Property, plant and equipment of the primary government are depreciated using the straight-line method over the following useful lives.

| Classification | <u>Useful Life</u> |
|---------------------------------|--------------------|
| Buildings | 50 Years |
| Machinery and Equipment | 5-25 Years |
| Right-to-use Leased Equipment | 5-25 Years |
| Intangibles | 5-25 Years |
| Improvements and Infrastructure | 10-50 Years |

Amortization of assets recorded under leases is included with depreciation expense.

6. <u>Deferred Outflows/Inflows of Resources</u>

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to future periods and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. They are the deferred charge on refunding

reported in the government-wide and proprietary fund statement of net position, and the deferred outflows of pension earnings. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to future periods and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has one item that qualifies for reporting in this category, deferred inflows related to pensions.

7. Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

8. Fund Balance Flow Assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

9. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Council has, by resolution, authorized the finance director to assign fund balance. The Council may also assign

fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

10. Leases

Lessee: The City is a lessee for non-cancellable lease of equipment. The City recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. The lease is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct cost. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the non-cancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor: The City is a lessor for a non-cancellable lease of a building. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

H - Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as *program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources, are reported as general revenues rather than as program revenues.

2. Property Taxes

Under Florida law, the assessment of all properties and the collection of all City property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. State statutes permit cities to levy property taxes at a rate of up to ten (10) mills. The millage rate in effect for the City for the fiscal year ended September 30, 2022, was 5.1275 mills.

The tax levy of the City is established by the City Council prior to October 1st of each year, and the Seminole County Property Appraiser incorporates the millage into the total tax levy, which includes municipalities, independent districts, and the County School Board tax requirement. All property is reassessed according to its fair market value on the lien date or January 1st of each year.

All taxes are due and payable on the levy date of November 1st of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1st following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% for payments received in the month of November, 3% for payments received in the month of December, 2% for payments received in the month of January, and 1% for payments received in the month of February. The taxes paid in March are not subject to discount.

Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1st following the tax year, certificates are sold for all delinquent taxes on real property. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

3. Compensated Absences

City policy permits employees to accumulate earned but unused vacation and sick pay benefits. The City records the vested portion of accumulated unused compensated absences at year-end based on each employee's accumulated unused hours and rate of pay, including the City's share of Social Security, Medicare taxes, and retirement benefits. All compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. For governmental activities, compensated absences are generally liquidated by the General Fund.

4. Proprietary Funds Operating and Non-Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services. The City also recognizes as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise funds and internal service funds include the cost of sales and services, administrative expenses, depreciation on capital assets, and amortization of intangible assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

I - Other Significant Accounting Policies

1. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

J - Recent GASB Accounting Standards

The City is currently evaluating the effects that the following GASB Statements, which will be implemented in future financial statements, will have on its financial statements for subsequent fiscal years:

■ GASB has issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements, will be effective for the year ending September 30, 2023. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This statement: (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in GASB Statement No. 87, Leases, as amended.

■ GASB has issued GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, will be effective for the year ending September 30, 2023. This Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). A PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or non-governmental entity) to provide public services by conveying control of the right to operate or use a non-financial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction.

K - New GASB Statements Implemented

For the year ended September 30, 2022, the City implemented GASB Statement No. 87, Leases. GASB Statement No. 87 enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the City financial statements and had no effect on the beginning net position.

Note 2 - Reconciliation of Government-Wide and Fund Financial Statements

A - Explanation of Certain Differences between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

The governmental fund balance sheet includes reconciliation between *fund balance - total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position.

B - Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental fund balance sheet includes reconciliation between *fund balance - total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position.

Note 3 - Stewardship, Compliance, and Accountability

In accordance with the Fund Reserve Policy, the City reserves an amount equal to 15 percent of the annual General Fund budget and a minimum of one hundred twenty (120) days of the Water and Sewer Utility Enterprise Fund operating budget less depreciation, annual debt service, and capital expenditures. The City also maintains a minimum capital reserve balance in the Water and Sewer Renewal and Replacement Fund equal to 50 percent of the prior year depreciation expense for plant and equipment. The purpose of this policy is to provide capacity to provide sufficient cash flow for daily financial needs, to have the ability to offset significant economic downturns or revenue shortfalls, and to provide funds for unforeseen expenditures related to emergencies or other unanticipated needs.

If at the end of the fiscal year, the actual amount of assigned fund balance, or restricted net position falls below the required level, the City Council will take necessary steps to replenish the reserve to the targeted level in the subsequent fiscal year. If the ending unassigned fund balance in the General Fund is above 15 percent of General Fund expenditures at fiscal year-end, the City Council may transfer the excess amount to any of the non-Water and Sewer Utility Capital Project Funds. The City Manager will disclose the excess amount, if any, after the completion of the financial audit and recommend transfer options for the subsequent fiscal year.

Note 4 - Detailed Notes on All Activities and Funds

A - Cash Deposits with Financial Institutions

Custodial credit risk-deposits. In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of September 30, 2022, the carrying amount of the City's deposits was \$20,770,835 and the bank balances were \$21,168,592. All of the bank balance was covered by federal depository insurance or by collateral held by the City's bank in the City's name. None of the amount was covered by collateral held in the pledging bank's trust department in the City's name.

The City's bank balances are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for each banking relationship. Remaining balances are collateralized pursuant to Chapter 280, Florida Statutes. Under this chapter, all depositories holding public funds collateralize deposits in excess of FDIC insurance with the State Treasurer. In the event of default by a participating financial institution (a qualified public depository), all participating institutions are obligated to reimburse the governmental entity for the loss.

B - Investments

As of September 30, 2022, the City's investment portfolio was composed of the following investments, including information on their fair value and weighted average maturity (WAM):

_

| Туре | Fair Value | WAM | Fair Value Measurements Level |
|-------------------------|------------------|------------------|-------------------------------------|
| Pooled Interest Bearing | | | |
| Checking Accounts | \$ 20,770,835 | N/A | N/A |
| Cash with Fiscal Agent | 1,747,617 | N/A | N/A |
| Florida Prime | 19,636,518 | 21 Days | N/A |
| US Treasury Obligations | 23,043,634 | Less than 1 year | 1 |
| Florida Safe VNAV | 11,121,674 | Less than 1 year | N/A |
| Florida Safe SNAV | 6,287,944 | Less than 1 year | N/A |
| Total | \$ 82,608,222 | | |

The City utilizes a pooled investment concept for all its funds to maximize its investment program. Investment income from this internal pooling is allocated to the respective funds based upon the sources of funds invested. As of September 30, 2022, the carrying amount of investments includes accrued interest of \$55,472.

Investments in certificates of deposit are to be made only with banks and/or savings and loans that qualify as authorized depositories under Florida law. City policy provides for other investments to be made through authorized depositories. State statutes and City policy authorize investments in U.S. Treasury Bills, Notes, and Bonds; insured or fully collateralized certificates of deposit or bank savings accounts; U.S. Government Instrumentalities; Local Government Investment Pools (LGIP); SBA intermediate term investment pools; and money market funds and mutual funds that invest solely in U.S. Government obligations.

The City investments in external investment pools are as follows:

Florida PRIME—The fund is administered by the SBA. As a Florida PRIME participant, the City invests in a pool of investments whereby the City owns a share of the respective pool, not the underlying securities. Florida PRIME currently meets all of the necessary criteria to elect to measure all of the investments at amortized cost.

Florida SAFE Stable NAV—The fund is administered by PMA Financial Network, LLC. The fund's investments are valued at stable net asset value (NAV) and currently meet all of the necessary criteria to elect to measure all of the investments in the fund at amortized cost.

Florida SAFE Variable NAV—The fund is administered by PMA Financial Network, LLC. The fund is valued at variable NAV and thus does not meet the criteria to elect to measure all of the investments at amortized cost under GASB Statement No. 79. Because it values its investments at variable NAV, which approximates fair value, the fund is not subject to the fair value hierarchy table under GASB Statement No. 72.

The following schedule reconciles the cash, cash equivalents, and investment balances as shown in the financial statements with the portfolio totals shown above authorized under Sections 218.415 and 166.261 of Florida State Statutes:

| Cash, Cash Equivalents, and Investments - Statements of Net Position | |
|--|------------------|
| Cash and Cash Equivalents | \$ 23,920,449 |
| Investments | 53,801,827 |
| Restricted Assets | |
| Cash and Cash Equivalents | 4,945,665 |
| Total Cash, Cash Equivalents, and Investments | \$ 82,667,941 |
| Portfolio Total Shown Above | \$ 82,608,222 |
| Plus: Cash on Hand | 4,247 |
| Plus: Accrued Interest | 55,472 |
| Total Cash, Cash Equivalents, and Investments | \$ 82,667,941 |
| | |

Interest rate risk. The investment portfolio policy of the City has the objective of regularly exceeding the average return on the SBA's Local Surplus Funds Trust Fund (Florida PRIME) for short-term investments (less than a year in duration) and for long-term investments, an index of the United States Treasury or Government securities. These indices are considered benchmarks for the riskless investment transactions and, therefore, comprise a minimum standard for the portfolio rate of return.

The investment portfolio policy of the City states that investments shall be held to maturity unless called. Investments shall be structured so as to maintain a Portfolio Average Maturity of no longer than five years. For purposes of meeting this limitation, variable rate securities shall be measured on the basis of the period elapsed between interest reset dates. No investment shall be made in an instrument with a stated final maturity longer than five years. Below are the credit quality distributions for securities with credit exposure as a percentage of total investments with investments held in the City's portfolio as of September 30, 2022:

Credit Quality Distribution for Securities With Credit Exposure as a Percentage of Total Investments

| | | Percentage of |
|---------------------------|----------------------|---------------|
| Type of Investment | <u>Credit Rating</u> | <u>Total</u> |
| Florida Safe SNAV | AAAm | 10% |
| U.S. Treasury Obligations | AAA | 38% |
| Florida PRIME | AAAm | 33% |
| Florida Safe VNAV | AAAf | 19% |

Credit Risk

Securities shall be limited to those rated BAA or higher by Moody's or Standard & Poor's rating services. Unrated investments are typically U.S. Agency backed securities.

Concentration of Credit Risk

The investment portfolio policy of the City has the objective of structuring investments as to not allow for an investment in any one type of issue (e.g., Federal Home Loan Bank) that is in excess of 50% of the City's total investments.

Custodial Credit Risk-Investments

For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

As of September 30, 2022, the City has satisfied all of the objectives and requirements laid out in the City's investment policy and held no investments that were not in compliance with policy.

Investment income for the year ended September 30, 2022, consisted of the following:

| | | | C | Community | 3rd Generation American | | | Other Water and | | S | Storm | | Internal | | | |
|-----------------|----|---------|-----|-------------|-------------------------|-----------|----|-----------------|--------------|--------|-------|-----------|--------------|-------|---------|-------|
| | 0 | General | Rec | development | | Sales Tax | | Rescue | Governmental | | Sewer | | Water | | Service | |
| | | Fund | | Agency | | Fund | | Plan Act | | Funds | | lity Fund | Utility Fund | | Funds | |
| Interest Income | \$ | 37,584 | \$ | 4,972 | \$ | 14,263 | \$ | 98,562 | \$ | 22,286 | \$ | 62,149 | \$ | 6,019 | \$ | 9,441 |

The Firefighters' Pension Trust Fund and the Police Officers' Retirement Trust Fund have the following recurring fair value measurements as of September 30, 2022:

| | | | | Fair Va | alue | Measurements | Usin | g |
|---|----|-------------------------|---|-----------------|------|---|------|--|
| Firefighters' Pension Trust Fund | Se | ptember 30, 2022 | Quoted Priced in , Active Markets Level (1) | | | Significant Observable Outputs Level (2) | Ur | ignificant nobservable Inputs Level (3) |
| Equities: Unit Investment Trust Fixed Income - Mutual Funds | \$ | 1,944,511 14,482,081 | \$ | - 14,482,081 | \$ | - | \$ | 1,944,511 - |
| Total | \$ | 16,426,592 | \$ | 14,482,081 | \$ | - | \$ | 1,944,511 |
| Police Officers' Retirement Trust Fund Equities: | | | | | | | | |
| Mutual Funds | \$ | 18,491,641 | \$ | 18,491,641 | \$ | - | \$ | - |
| Unit Investment Trusts Fixed Income: | | 2,615,291 | | - | | - | | 2,615,291 |
| Mutual Funds | | 1,299,398 | | 1,299,398 | | - | | - |
| U.S. Government Obligations | | 3,899,449 | | 1,433,756 | | 2,465,693 | | - |
| Corporate Bonds | | 1,429,314 | | - | | 1,429,314 | | - |
| Total | \$ | 27,735,093 | \$ | 21,224,795 | \$ | 3,895,007 | \$ | 2,615,291 |

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Investments in U.S. Real Estate Investment Funds (Unit Investment Trusts) are considered to be Level 3 and are valued at net asset value in accordance with their operating agreement.

C - Receivable

Amounts are aggregated into a single accounts receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. Below is the detail of receivables for the general and non-major governmental funds, as well as the enterprise fund, in the aggregate, including the applicable allowances for uncollectible accounts:

| | General Fund | merican Rescue Plan Act | Go | Other vernmental Funds | - | Water and Sewer Itility Fund | St | ormwater Fund | - | win Rivers olf Course Fund | Internal Service Funds |
|--|--------------------------------|-------------------------------|----|------------------------------|----|------------------------------------|----|----------------------|----|----------------------------------|------------------------------|

| Business-Type Activities: | |
| Water and Sewer Utility | \$ 3,606,584 |
| Stormwater | 644,569 |
| Total Depreciation Expense | <u>\$ 4,251,153</u> |

E – Interfund Balances and Transfers

The composition of interfund transfers for the year ended September 30, 2022, is as follows:

| | Transfer In | | | | | | | | | | | | |
|--------------------------|--------------|----|------------|----|-----------|----|----------|----|----------|----|-----------|--|--|
| | | | Other | ٧ | Vater and | | | | Internal | | | | |
| | General | Go | vernmental | | Sewer | St | ormwater | | Service | | | | |
| | Fund | | Fund | | Fund | | Fund | | Funds | | Total | | |
| General Fund | \$ - | \$ | 1,870,444 | \$ | - | \$ | - | \$ | 155,105 | \$ | 2,025,549 | | |
| Community Redevelopment | 293,528 | | - | | - | | - | | - | | 293,528 | | |
| Non-Major | | | | | | | | | | | | | |
| Governmental Funds | 420,049 | | 284,763 | | - | | - | | 177 | | 704,989 | | |
| Water/Sewer Utility Fund | 2,150,000 | | 131,741 | | - | | 85,518 | | 84,109 | | 2,451,368 | | |
| Stormwater Fund | 225,000 | | 41,979 | | 121,061 | | - | | 7,819 | | 395,859 | | |
| Twin Rivers Gold Fund | - | | - | | - | | 84,745 | | - | | 84,745 | | |
| Internal Service Funds | | | - | | - | | - | | 2,790 | | 2,790 | | |
| Total | \$ 3,088,577 | \$ | 2,328,927 | \$ | 121,061 | \$ | 170,263 | \$ | 250,000 | \$ | 5,958,828 | | |

Transfers are used to: 1) move revenue from the fund with collection authorization to the debt service fund as debt service principal and interest payments become due; and 2) move unrestricted General Fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

The water and sewer utility fund advanced \$600,000 to the Twin Rivers Golf Course fund in a prior year. The Twin Rivers Golf Course Fund will make annual payments of \$50,000 each year, with no interest to be paid, until the balance of the advance is paid in full. As of September 30, 2022, the outstanding principal balance was \$600,000.

Other interfund receivables and payables are the result of transfers of resources resulting from pooled cash transactions. In addition, temporary advances between funds occurred that will be repaid or offset during the next fiscal year.

F - Lease

Lease Receivable

The City has two leases related to tower rentals. For one lease, the initial lease term was for 30 years and expired on April 2, 2021; however, there are six (6) additional renewal terms of five (5) years each for both the ground and tower lease. Starting in April 2021, the annual lease payment was \$20,400, which will increase by 2% annually. The other tower lease agreement was for ten (10) years, with annual payments of \$50,000, increasing by 5% annually.

During the current fiscal year, the City recognized \$69,612 in lease revenue and \$0 in interest revenue related to these leases. As of September 30, 2022, the City's receivable for lease payments was \$866,484. Additionally, the City has a deferred inflow of resources associated with this lease, which will be recognized as revenue over the lease term. As of September 30, 2022, the balance of the deferred inflow of resources was \$871,283.

Lease Payables Lease agreements are summarized as follows:

| | | | | | | | Total | | |
|-------------------------------|-----------|-----------|----|-------------|----------|-----------|-----------|-----------|-----------|
| | | Payment | Pa | ayment | Interest | | Lease | | Balance |
| Description | Date | Terms | | Amount Rate | | Liability | | 9/30/2022 | |
| Copiers | 2/18/2022 | 5 Years | \$ | 2,232 | 4.50% | \$ | 120,175 | \$ | 107,090 |
| Copiers | 10/1/2021 | 5 Years | | 769 | 4.50% | | 25,290 | | 16,932 |
| Plotters | 10/1/2021 | 5 Years | | 583 | 4.50% | | 13,928 | | 7,384 |
| Vehicles | Various | 2-5 Years | | 334-629 | 4.50% | | 100,997 | | 39,779 |

G - Long-Term Liabilities

General Obligation Notes

The City issued general obligation notes to provide funds for the acquisition and construction of major capital facilities. General obligation notes are direct obligations and pledge the full faith and credit of the government, provided that the levy of ad valorem taxes by the City in each year for the payment of debt service on the Series 2013 notes shall not exceed 0.9 mills on all of the taxable property in the City. The total principal and interest remaining to be paid on this series is \$5,867,181. For the fiscal year, principal and interest paid on this series was \$489,150 and total pledged revenue was \$497,594.

General obligation bonds and notes outstanding at September 30, 2022, are as follows:

| Governmental Activities: | | | Interest | | Outstanding |
|---------------------------|-----------|--------------|----------|----------|---------------|
| | | Original | Rates to | Final | September 30, |
| General Obligation Bonds | Sale Date | Borrowing | Maturity | Maturity | 2022 |
| Limited Ad Valorem Notes, | | | | | - |
| Direct Placement | 2013 | \$ 5,900,000 | 3.25% | 2033 | \$ 4,857,000 |

Public Improvement Notes

Public improvement notes outstanding at September 30, 2022, are as follows:

| Governmental Activities: | | | Interest | | Outstanding |
|--------------------------|-----------|--------------|----------|----------|---------------|
| | | Original | Rates to | Final | September 30, |
| Public Improvement Notes | Sale Date | Borrowing | Maturity | Maturity | 2022 |
| Public Improvement, | | | | | |
| Direct Placement | 2013 | \$ 3,900,000 | 2.44% | 2028 | \$ 2,100,000 |

The Public Improvement Revenue Note, Series 2013 is secured by utility tax revenue and communication services tax revenue. The note is not to exceed \$3,900,000. During 2014, the City drew the remaining funds available on the note. The total principal and interest remaining to be paid on this series is \$2,279,340. For the fiscal year, total principal and interest paid on this series was \$354,900 and total pledged revenue was \$4,989,755.

The Public Improvement Revenue Refunding Note, Series 2012A is secured by utility tax revenue and communication services tax revenue. The total principal and interest remaining to be paid on this series is \$0. For the fiscal year, principal and interest paid on this series was \$1,427,936 and total pledged revenue was \$4,989,755.

Capital Improvement Notes

Capital improvement notes outstanding at September 30, 2022, are as follows:

| Governmental Activities: | | | Outstanding | | |
|--------------------------|-----------|--------------|-------------|----------|---------------|
| | | Original | Rates to | Final | September 30, |
| Public Improvement Notes | Sale Date | Borrowing | Maturity | Maturity | 2022 |

| (Refunding - Series B), | | | | | |
| Direct Placement | 2012 | \$ 4,779,000 | 2.31% | 2027 | \$ 2,120,000 |

The Capital Improvement Revenue Refunding Note, Series 2012B is secured by half-cent sales tax and electric franchise fee revenues. The total principal and interest remaining to be paid on this series is \$2,304,419. For the fiscal year, principal and interest paid on this series was \$390,906 and total pledged revenue was \$5,860,240.

The Capital Improvement Revenue Refunding Note, Series 2012D is secured by half-cent sales tax and electric franchise fee revenues. The total principal and interest remaining to be paid on this series is \$0. For the fiscal year, principal and interest paid on this series was \$510,803 and total pledged revenue was \$5,860,240.

Financed Purchases Payable

The City entered into agreements for the financing acquisition of vehicles, as well as certain equipment. These agreements qualify as financed purchases and not leases under GASB 87.

The outstanding financed purchases at September 30, 2022, are as follows:

| Governmental Activities: | | | | Interest | | Οι | ıtstanding |
|--------------------------|-----------|------------------|-----------|-----------|----------|-----|------------|
| | | | Original | Rates to | Final | Sep | tember 30, |
| Financed Purchases | Sale Date | e Date Borrowing | | Maturity | Maturity | | 2022 |
| Equipment 2020 | | | _ | | | | |
| | | | | 1.0305% - | | | |
| Direct Placement | 2020 | \$ | 1,385,800 | 1.1611% | 2027 | \$ | 790,532 |

The total principal and interest remaining to be paid on these notes payables for equipment acquisition was \$807,216. For the fiscal year, principal and interest paid on this series was \$249,691.

Self-Supporting Revenue Bonds/Notes

The City also issued bonds where the City pledges income derived from the acquired or constructed assets to pay debt service.

Self-supporting revenue bonds/notes outstanding at September 30, 2022, are as follows:

| Business-Type Activities: | | | Outstanding | | | |
|--------------------------------|-----------|------------------|-------------|----------|----|-------------|
| | | Original | Rates to | Final | Se | ptember 30, |
| Utility Revenue Bonds/Notes | Sale Date | Borrowing | Maturity | Maturity | | 2022 |

| Utility Refunding Revenue Note | | | | | | |
| Series 2014A, Direct Placement | 2014 | \$ 3,628,000 | 2.50% | 2026 | \$ | 1,413,000 |
| Utility Revenue Series 2017, | | | | | | |
| Direct Placement | 2017 | \$ 5,000,000 | 2.91% | 2031 | \$ | 3,770,000 |
| Utility Revenue Series 2020A, | | | | | | |
| Direct Placement | 2020 | \$ 34,840,885 | 4.00-5.00% | 2040 | \$ | 27,675,000 |

The Utility Revenue Note, Series 2007 is secured by the net revenues of the water, sewer, and stormwater system. The total principal and interest remaining to be paid on this series is \$1,618,411. For the fiscal year, principal and interest paid on this series was \$266,777 and total pledged revenue was \$9,418,233.

The Utility Refunding Revenue Note, Series 2014 is secured by the net revenues of the water, sewer, and stormwater system. The total principal and interest remaining to be paid on this series is \$7,830,494. For the fiscal year, principal and interest paid on this series was \$449,748 and total pledged revenue was \$9,418,233.

The Utility Refunding Revenue Note, Series 2014A is secured by the net revenues of the water, sewer, and stormwater system. The total principal and interest remaining to be paid on this series is \$1,484,836. For the fiscal year, principal and interest paid on this series was \$365,423 and total pledged revenue was \$9,418,233.

The Utility Revenue Note, Series 2017 is secured by the net revenues of the water, sewer, and stormwater system. The total principal and interest remaining to be paid on this series is \$4,344,492. For the fiscal year, principal and interest paid on this series was \$430,707 and total pledged revenue was \$9,418,233.

The Utility Revenue Note, Series 2020A is secured by the net revenues of the water, sewer, and stormwater system. The total principal and interest remaining to be paid on this series is \$42,312,275. For the fiscal year, principal and interest paid on this series was \$1,896,750 and total pledged revenue was \$9,418,233.

Notes Payable

In 2006 and 2012, the City executed loan agreements with the Department of Environmental Protection. Revenues pledged are derived from the City's Water and Sewer Utility System.

Notes payable outstanding at September 30, 2022, are as follows:

| Business-Type Activities: | | 0 | Outstanding | | | | |
|------------------------------|-----------|-----------|-------------|----------|----------|------|-------------|
| | | | Original | Rates to | Final | Sep | otember 30, |
| Notes Payable | Sale Date | Borrowing | | Maturity | Maturity | 2022 | |
| State of Florida | | | | | | | |
| State Revolving Fund | | | | | | | |
| (SRF) Loan, Direct Placement | 2006 | \$ | 3,732,834 | 2.71% | 2026 | \$ | 894,768 |
| State of Florida | | | | | | | |
| State Revolving Fund | | | | | | | |
| (SRF) Loan, Direct Placement | 2012 | \$ | 2,278,893 | 3.15% | 2032 | \$ | 1,562,442 |

The State of Florida - State Revolving Fund (SRF) Loans Series 2006 and 2012 are secured by the gross revenues of the Water and Sewer Utility System after operation and maintenance expenses and debt payments. The total principal and interest remaining to be paid on these series is \$950,182 and \$1,888,431, respectively. For the fiscal year, principal and interest paid on these series was \$234,945 and \$156,121, respectively, and total pledged revenue was \$5,109,849.

Summary of Debt Service Requirement to Maturity

The debt service requirements for the City's bonds, loan, and notes are as follows:

Governmental Activities, Direct Placement:

| | General Obligation | Revenue Notes | Financed Purchases | Total Interest | P | Total rincipal and Interest |
|--|----------------------------|----------------------|---------------------------|-----------------------|----|-----------------------------------|
| Year Ended September 30, | | | | | | |

Pension and OPEB liabilities related to governmental activities are liquidated by the General Fund.

H - Risk Management

1. Public Risk Management of Florida

On October 1, 1998, the City became a member of Public Risk Management of Florida (the pool), a local government liability risk pool. The pool has 63 local government agency members. The pool administers insurance activities relating to property, general liability, police professional, automobile liability, public officials' liability, workers' compensation, and boiler and machinery. The pool absorbs losses up to a specified amount for each pool year and purchases excess and

other specific coverage from third-party carriers. The pool assesses each member it's pro rata share of the estimated amount required to meet current year losses and operating expenditures/expenses. If total member assessments do not produce sufficient funds to meet its obligations, the pool can make additional limited assessments. Losses, if any, in excess of the pool's ability to assess its members would revert back to the member that incurred the loss. There were no additional assessments levied against the City for the fiscal year ended September 30, 2022. The cost of the insurance is allocated among the appropriate departments.

2. <u>Self-Insured for Employee Health Insurance</u>

The City is self-insured for employee health insurance. As permitted by GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, the City accounts for its self-insured assets, liabilities, net position, and activities in an internal service fund.

The claims liability of \$225,715 has been actuarially determined and represents the best estimate available of incurred but not reported claims.

Changes to the claims liability are as follows for the years ended September 30:

| | | <u> 2021</u> | | |
|------------------------------------|-----------|--------------|----|-------------|
| Claim Liability, Beginning of Year | \$ | 224,034 | \$ | 256,060 |
| Incurred Claims | | 2,833,323 | | 3,283,467 |
| Payments on Claims | | (2,831,642) | | (3,315,493) |
| Claim Liability, End of Year | <u>\$</u> | 225,715 | \$ | 224,034 |

I - Commitments and Contingencies

1. Litigation

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

The Seminole County Court entered judgement in favor of the plaintiff and against the City in the amount of \$3,587,024. The City has taken the necessary steps to appeal the decision. As of the end of the fiscal year, the appeal is still pending.

2. Commitments Under Construction Contracts and Encumbrances

At September 30, 2022, the City had general fund encumbrances of \$407,649, other governmental encumbrances of \$1,724,433, ongoing governmental construction commitments of \$1,176,813, and proprietary construction commitments of \$2,072,354 for various infrastructure improvements.

3. Grants

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government and the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

4. Transportation Impact Fee Credits

The City has entered into a number of agreements with developers under which the developer donates transportation infrastructure improvements or rights of way to the City and receives credit for future transportation impact fee payments. As of September 30, 2022, credit balances for future impact fees total approximately \$3,715,959.

J - Defined Contribution Plan

The City established a single employer, defined contribution money purchase plan (the Plan) in June 1995 administered by ICMA Retirement Corporation, that covers all full-time employees other than those covered by the Police Officers' Retirement Trust Fund and Firefighters' Pension Trust Fund (see below). The City Manager, Assistant City Manager, and Department Directors have the option of contributing 0% to 10% and vesting immediately. Other Plan members are required to contribute 1% - 10% (employee choice upon hire). The City matches participant contributions up to a maximum of 5% of the employee's salary. At September 30, 2022, there were 147 Plan members.

All full-time employees hired after the effective date of the Plan are required to participate in the Plan. Employees hired prior to the effective date may choose whether or not to participate in the Plan. However, once an employee chooses to participate, they must continue to participate as long as they are a full-time employee of the City. All employees participate in the Plan. The Plan also includes loan provisions for participating employees. For the year ended September 30, 2022, the City's expense for matching contributions was \$409,859. No forfeitures were used to reduce the City's expense in 2022, and there is no outstanding employer liability at September 30, 2022.

City contributions become vested to participants based on the number of years of service completed. The vesting schedule for City contributions is as follows (exception to vesting schedule is that Directors vest immediately):

| | Specific Percent |
|------------------|------------------|
| Years of Service | Vesting |
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 | 100% |

K - Defined Contribution Plan

The City offers its employees a deferred compensation plan created in accordance with the Internal Revenue Code Section 457. The plan, available to all full-time City employees, permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Because the plan assets are held in trust for the exclusive benefit of plan participants and their beneficiaries, the plan is not accounted for in the City's financial statements.

L - Defined Benefit Pension Plans

The City has two defined benefit single-employer pension plans:

- Police Officers' Retirement Trust Fund
- Firefighters' Pension Trust Fund

The plans do not issue stand-alone financial reports and are not included in any other retirement systems or entities financial report. The City accounts for both plans as pension trust funds; therefore, they are accounted for in substantially the same manner as proprietary funds. Plan member contributions, employer contributions and contributions from other entities are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans.

The following are the financial statements for the Police Officers' Retirement Trust Fund and Firefighters' Pension Trust Fund as of September 30, 2022:

| Fiduciary Funds: | | | | | | |

For the year ended September 30, 2022, total recognized pension expense was \$3,694,599.

In addition to other disclosures, the GASB requires a schedule of changes in the net pension liability and related ratios; a schedule of contributions; and a schedule of investment returns that include historical trend information. These schedules are included as required supplementary information to the financial statements.

1. Fire

Effective October 1, 2002, the City established a single employer, defined benefit pension plan that covers all full-time firefighters. Benefits, eligible employees, contribution requirements, and other benefits are established by State statute and City ordinance. Additionally, employee contributions are tax deferred for federal withholding purposes under Section 414(h) of the Internal Revenue Code.

The Plan is administered by a Board of Trustees comprised of two council appointees, two members of the Department elected by the membership, and a fifth member elected by the other four members, and appointed by Council.

Benefits Provided - The Plan provides retirement, termination, disability, and death benefits. Normal retirement is defined as the earlier of age 55 and 10 years of credited service, or age 52 and 25 years of credited service. Retirement benefits are calculated as 3% of average final compensation times credited service. Early retirement for Firefighters is defined as age 50 and 10 years of credited service. Retirement benefits are reduced 3% per year. Employees are 100% vested after 10 years of credited services. Members will receive the vested portion of their accrued benefit payable at the otherwise normal retirement date. All Plan members are eligible for non-service incurred disability benefits after 10 years of credited service, and for service incurred disability benefits upon date of employment. Disability benefits are accrued to date of disability but not less than 42% of average final compensation (service incurred) or 25% of average final compensation (not service incurred). Vested members will receive preretirement death benefits as a monthly accrued benefit payable to the designated beneficiary for 10 years at the otherwise normal or early retirement date. Non-vested members will receive pre-retirement death benefits as a refund of accumulated contributions without interest.

Participants who satisfy normal retirement requirements have the option to enter the Deferred Retirement Option Program (DROP). Participation is limited to 60 months. The participant may elect either: 1) net investment return credited each quarter (not less than 0%, nor greater than 10%); or 2) a fixed annual effective rate of 3.0% compounded and credited monthly. The participant has the option of changing the option once during the period of DROP participation.

Effective September 30, 2016, excess Premium Tax Monies received pursuant to Chapter 175, Florida Statutes will be allocated to individual member (including DROP participants) share accounts based on years of Credited Service. To assist with Plan funding, the City may use the amount of Premium Tax Monies received in fiscal 2013 (\$273,286.09) plus 50% of annual monies received in excess of this amount. The remaining 50% excess is allocated to the Share Plan, beginning with the fiscal year ended September 30, 2016. Expenses related to administration of the Share Plan are debited against individual accounts on a pro rata basis.

City of Oviedo, Florida

Notes to Financial Statements

September 30, 2022

Plan Membership—at October 1, 2021, Plan membership consisted of the following:

| Inactive Plan Members or Beneficiaries Currently Receiving Benefits | 15 |
|---|-----------|
| Inactive Plan Members Entitled to But Not Yet Receiving Benefits | 10 |
| Active Plan Members | 50 |
| Total | <u>75</u> |

Contributions — Member contributions are 7% of salary. City and State contributions are the remaining amount necessary to pay current costs and amortize unfunded past service cost, if any, as provided in Part VII of Chapter 112, Florida Statutes.

Net Pension Liability of the City

The City's net pension liability was measured as of September 30, 2022, and the total pension liability used to calculate the net pension liability was determined as of that date. The components of the net pension liability of the sponsor on September 30, 2022, were as follows:

| Total Pension Liability | \$ 23,449,812 |
|--|------------------|
| Plan Fiduciary Net Position | (16,982,918) |
| Sponsor's Net Pension Liability | \$ 6,466,894 |
| Plan Fiduciary Net Position as a Percentage of Total Pension Liability | 72.42% |

Actuarial Assumptions

The Total Pension Liability was determined by an actuarial valuation as of October 1, 2021, updated to September 30, 2022, using the following actuarial assumptions:

| Inflation | 2.5% |
|---------------------------|---------------|
| Salary Increases | Service Based |
| Discount Rates | 7.10% |
| Investment Rate of Return | 7.10% |

Mortality rates were based on the following:

Mortality Rate Healthy Active Lives:

Female: PubS.H-2010 (Below Median) for Employees, set forward one year.

Male: PubS.H-2010 (Below Median) for Employees, set forward one year.

Mortality Rate Healthy Retiree Lives:

Female: PubS.H-2010 for Healthy Retirees, set forward one year.

Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

Mortality Rate Beneficiary Lives:

Female: PubG.H-2010 (Below Median) for Healthy Retirees.

Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.

Mortality Rate Disabled Lives:

80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.

All rates are projected generationally with Mortality Improvement Scale MP-2018.

The previously described mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the Florida Retirement System (FRS). The above rates are those outlined in Milliman's July 1, 2021 FRS valuation report for special risk employees, with appropriate adjustments made based on plan demographics.

The most recent actuarial experience study used to review the other significant assumptions was dated July 30, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For 2022, the inflation rate assumption was 2.50%.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2022, are summarized in the following table:

Firefighters:

| | Target | Long-Term Expected Real |
|----------------------|------------|----------------------------|
| Asset Class | Allocation | Rate of Return |
| All Cap Value Equity | 27.5% | 7.5% |
| Broad Growth Equity | 27.5% | 7.5% |
| International Equity | 15.0% | 8.5% |
| Fixed Income (Core) | 10.0% | 2.5% |
| Global Bond | 5.0% | 3.5% |
| Real Estate | 10.0% | 4.5% |
| TIPS | 5.0% | 2.5% |
| Total | 100.0% | |

Discount Rate—The discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that Plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Concentrations—The Plan did not hold investments in any one organization that represent 5% or more of the Pension Plan's Fiduciary Net Position.

Rate of Return—For the year ended September 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -17.67%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Changes in Net Pension Liability

| | Increase (Decrease) | | | | | |
|---|---------------------|----------------------------------|------|----------------------------------|----|-------------------------------------|
| | To | otal Pension Liability (a) | Plan | Fiduciary Net Position (b) | r | Net Pension Liability (a)-(b) |

| Balance at September 30, 2022 | \$ | 23,449,812 | \$ | 16,982,918 | \$ | 6,466,894 |

Sensitivity on the Net Pension Liability to Changes in the Discount Rate

| | 1% Decrease | | 1% Decrease | | 1% Decrease Discount Ra | | 1 | .% Increase |
|-----------------------------|-------------|-----------|-------------|-----------|-------------------------|-----------|---|-------------|
| | | 6.10% | | 7.10% | | 8.10% | | |
| Plan Sponsor's Net Position | \$ | 9,734,701 | \$ | 6,466,894 | \$ | 3,760,218 | | |

Pension Expense, Deferred Outflows and Inflows of Resources

For the year ended September 30, 2022, the sponsor will recognize a pension expense of \$1,619,851. On September 30, 2022, the sponsor reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows Resources | Deferred Inflows Resources |
|---|-----------------------------------|----------------------------------|
| Differences Between Expected and Actual Experience | \$ 647,585 | \$ 665,434 |
| Changes in Assumptions | 885,899 | 221,305 |
| Net Difference Between Projected and Actual Earnings on | | |
| Pension Plan Investments | 2,537,985 | |
| Total | \$ 4,071,469 | \$ 886,739 |
| | | |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended September 30, | |
|--------------------------|---------------|
| 2023 | \$ 652,763 |
| 2024 | 481,851 |
| 2025 | 550,304 |
| 2026 | 1,065,291 |
| 2027 | 62,775 |
| Thereafter | 371,746 |

2. Police

The City established a single-employer, defined benefit pension plan that covers all full-time sworn police officers' effective October 1, 1991.

The Plan is administered by a Board of Trustees comprised of two council appointees, two members of the Department elected by the membership, and a fifth member elected by the other four members, and appointed by Council as a ministerial duty.

Benefits Provided - The Plan provides retirement, termination, disability, and death benefits. Normal retirement is defined as the earlier of age 55 and 10 years of credited service, or 25 years of credited service, regardless of age. Retirement benefits are calculated as 3% of average final compensation times credited service. Early retirement is defined as age 45 and 10 years of credited service. Retirement benefits are reduced 3% for each year that the commencement of benefits precedes normal retirement. Employees hired prior to January 1, 2006, are 100% vested after 5 years of credited services. Employees hired after December 31, 2005, are 100% vested after 10 years of credited service. Members will receive the vested portion of his (her) accrued benefit payable at the otherwise normal retirement date. All Plan members are eligible for non-service incurred disability benefits after 10 years of credited service, and for service incurred disability benefits upon date of employment. Disability benefits are accrued to date of disability but not less than 42% (80% if intentional violence) of average final compensation (service incurred). Pre-retirement death benefits for vested members are an accrued benefit payable to the beneficiary for 10 years beginning at the deceased member's normal retirement date, or actuarially reduced for payment commencing earlier. Pre-retirement death benefits for non-vested members are a refund of accumulated member contributions.

The Plan established a DROP, under which an employee who has completed twenty-five (25) years of service may elect to retire for pension purposes without terminating employment for up to 5 years. Once DROP is elected, it may not be revoked, and employment will automatically cease at the end of 5 years. Bargaining unit employees, upon entering DROP, will have their monthly DROP benefit placed in a DROP account and will have the choice of either of the following options:

- 1. 3% Rate of Return; or
- 2. The net rate of investment return for the Plan, not to be less than 0%.

While in DROP, bargaining unit employees may elect, one time only, to change their rate of return from option 1 to option 2, or option 2 to option 1. Said change shall be executed by the employee in writing and the change shall commence on the first day of the new quarter after the request has been received by the Pension Board.

City of Oviedo, Florida

Notes to Financial Statements

September 30, 2022

Effective September 30, 2017, excess Premium Tax Monies received pursuant to Chapter 185, Florida Statutes will be allocated to individual member (including DROP participants) share accounts based on years of Credited Service. Annual Premium Tax Revenues in excess of \$215,956 will be allocated equally to eligible Plan participants. Expenses related to administration of the Share Plan are debited against individual accounts on a pro rata basis.

Plan Membership - At October 1, 2021, plan membership consisted of the following:

| Inactive Plan Members or Beneficiaries Currently Receiving Benefits | 32 |
|---|------------|
| Inactive Plan Members Entitled to But Not Yet Receiving Benefits | 11 |
| Active Plan Members | 69 |
| Total | <u>112</u> |

Contributions

Member contributions are 6% of Salary, effective September 27, 2010. City and State contributions are the remaining amount necessary to pay current costs and amortize unfunded past service cost, if any, as provided in Chapter 112, Florida Statutes.

Net Pension Liability of the City

The City's net pension liability was measured as of September 30, 2022, and the total pension liability used to calculate the net pension liability was determined as of that date. The components of the net pension liability of the sponsor on September 30, 2022, were as follows:

| Total Pension Liability | \$ 34,945,410 |
|---------------------------------|------------------|
| Plan Fiduciary Net Position | (29,249,534) |
| Sponsor's Net Pension Liability | \$ 5,695,876 |

Plan Fiduciary Net Position as a Percentage of Total Pension Liability

83.70%

Actuarial Assumptions

The Total Pension Liability was determined by an actuarial valuation as of October 1, 2021, updated to September 30, 2022, using the following actuarial assumptions:

| Inflation | 2.50% |
|---------------------------|---------------|
| Salary Increase | Service Based |
| Discount | 7.00% |
| Investment Rate of Return | 7.00% |

Mortality rates were based on the following:

Mortality Rate Healthy Active Lives:

Female: PubS.H-2010 (Below Median) for Employees, set forward one year. Male: PubS.H-2010 (Below Median) for Employees, set forward one year.

Mortality Rate Healthy Retiree Lives:

Female: PubS.H-2010 for Healthy Retirees, set forward one year.

Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

Mortality Rate Beneficiary Lives:

Female: PubG.H-2010 (Below Median) for Healthy Retirees.

Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.

Mortality Rate Disabled Lives:

80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.

All rates are projected generationally with Mortality Improvement Scale MP-2018.

The previously described mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the Florida Retirement System (FRS). The above rates are those outlined in Milliman's July 1, 2021 FRS valuation report for special risk employees, with appropriate adjustments made based on plan demographics.

The most recent actuarial experience study used to review the other significant assumptions was dated November 2, 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

For 2022, the inflation rate assumption of the investment advisor was 2.50%.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2022, are summarized in the following table:

| Asset Class Allocation Rate of Return All Cap Value Equity 25.0% 7.5% Broad Growth Equity 25.0% 7.5% International Equity 15.0% 8.5% Fixed Income (Core) 10.0% 2.5% Global Bond 5.0% 3.5% Real Estate 10.0% 4.5% TIPS 5.0% 2.5% GTAA 5.0% 3.5% Total 100.0% 3.5% | | Target | Long-Term Expected Real |

| Real Estate 10.0% 4.5% TIPS 5.0% 2.5% GTAA 5.0% 3.5% | Fixed Income (Core) | 10.0% | 2.5% |
| TIPS 5.0% 2.5% GTAA 5.0% 3.5% | Global Bond | 5.0% | 3.5% |
| GTAA 5.0% 3.5% | Real Estate | 10.0% | 4.5% |
| | TIPS | 5.0% | 2.5% |
| Total 100.0% | GTAA | 5.0% | 3.5% |
| | Total | 100.0% | |

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that Plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between

the actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability (Asset)

| | Increase (Decrease) | | | | | |
|---|---------------------|---|----|-------------|---|-------------|
| | | Total Pension Plan Fiduciary Liability Position (a) (b) | | | Net Net Pension Liability (Asset) (a)-(b) | |
| Balance at September 30, 2021 | \$ | 32,849,350 | \$ | 36,014,599 | \$ | (3,165,249) |
| Changes for the Year: | | | | | | |

| Net Investment Income | | - | | (6,736,737) | | 6,736,737 |
| Benefit Payments, Including Refunds of Employee | | | | | | |
| Contributions | | (1,197,158) | | (1,197,158) | | - |
| Administration Expense | | | | (68,374) | | 68,374 |
| Net Changes | | 2,096,060 | | (6,765,065) | | 8,861,125 |
| Balance at September 30, 2022 | \$ | 34,945,410 | \$ | 29,249,534 | \$ | 5,695,876 |

Sensitivity on the Net Pension Liability (Asset) to Changes in the Discount Rate

| | 19 | 1% Decrease 6.00% | | Discount Rate 7.00% | | 1% Increase |
|---|----|----------------------|----|---------------------|----|-------------|
| | | | | | | 8.00% |
| Plan Sponsor's Net Position Liability (Asset) | \$ | 9,846,809 | \$ | 5,695,876 | \$ | 2,236,256 |

Concentrations—The Plan did not hold investments in any one organization that represent 5 percent or more of the Pension Plan's Fiduciary Net Position.

Rate of Return—For the year ended September 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -18.77%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Pension Expense, Deferred Outflows and Inflows of Resources—For the year ended September 30, 2022, the sponsor will recognize a pension expense of \$2,074,748. On September 30, 2022, the sponsor reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | Deferred Inflows of Resources | |
|--|--------------------------------------|----|-------------------------------------|--|
| Differences Between Expected and Actual Experience | \$ 334,882 | \$ | 562,545 | |
| Changes in Assumptions | 1,088,014 | | - | |
| Net Difference Between Projected and Actual Earnings | | | | |
| on Pension Plan Investments | 4,678,408 | | | |
| Total | \$ 6,101,304 | \$ | 562,545 | |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended September 30, | |
|--------------------------|-----------------|
| 2023 | \$ 1,310,884 |
| 2024 | 1,354,995 |
| 2025 | 1,077,099 |
| 2026 | 1,092,924 |
| 2027 | 1,989,953 |
| Thereafter | (1,287,096) |

On September 30, 2022, the sponsor reported a payable of \$4,202 for the outstanding amount of contributions of the pension plan required for the year ended September 30, 2022.

M - Other Postemployment Benefits (OPEB)

Plan Description

The OPEB Plan is a single-employer, defined benefit plan administered by the City. In accordance with Florida Statutes Section 112.0801, the City makes continued group health insurance coverage through the City's current provider available to retirees and eligible dependents provided certain service requirements and normal age retirement requirements have been met. The plan is funded on a pay-as-you-go basis and there are no plan financial statements. No assets are accumulated in a trust that meets all of the criteria in GASB Statement No. 75, paragraph 4.

Retirement Eligibility

General Employees

Participants are eligible for medical continuation at age 62 and 10 years of service, or 25 years of service.

Firefighters

Participants are eligible for Normal Retirement upon attaining the earlier of: 1) Age 55 and 10 Years of Credited Service; or 2) Age 52 and 25 Years of Credited Service. They are eligible for Early Retirement at Age 50 with 10 Years of Credited Service.

Police Officers

Participants are eligible for Normal Retirement upon attaining the earlier of: 1) Age 55 and 10 Years of Credited Service; or 2) 25 Years of Credited Service. They are eligible for Early Retirement at Age 45 with 10 Years of Credited Service.

City of Oviedo, Florida

Notes to Financial Statements

September 30, 2022

Post 65 medical coverage is available and hasn't been elected by any retirees as of October 1, 2021.

Employees Covered by Benefit Terms

At October 1, 2020 (the valuation date), the following employees were covered by the benefit terms:

| Inactive Employees or Beneficiaries Currently Receiving Benefits | 38 |
|--|-----|
| Inactive Employees Entitled to But Not Yet Receiving Benefits | - |
| Active Employees | 297 |
| Total | 335 |

Employer Contributions

The funding policy of the plan sponsor is to contribute annually an amount sufficient to satisfy benefit payment requirements to participants.

Employee Contributions

None.

Total OPEB Liability

The City's total OPEB liability of \$3,273,000 as of September 30, 2022, for the City's fiscal year and reporting period of October 1, 2021 to September 30, 2022. The values shown for this fiscal year and reporting period are based on a measurement date of October 1, 2021, and the corresponding measurement period of October 1, 2020 to October 1, 2021. The measurement of the total OPEB liability is based on a valuation date of October 1, 2020.

| Total OPEB Liability | \$ | 3,273,000 |
|------------------------------------|-----------|-----------|
| Plan Fiduciary Net Position | | |
| Sponsor's Net OPEB Liability | <u>\$</u> | 3,273,000 |
| Plan Fiduciary Net Position as a | | |
| Percentage of Total OPEB Liability | | 0.00% |

Actuarial Assumptions and Other Inputs

The total OPEB liability in the October 1, 2021, actuarial valuation, was determined using the following key actuarial assumptions, applied to all periods included in the measurement:

City of Oviedo, Florida

Notes to Financial Statements

September 30, 2022

Discount Rate 2.19% (Municipal GO AA 20-year yield curve rate as of the measurement

date).

Salary Scale General Employees: 2.50%, Firefighters: 3.00%, Police Officers: 6.00%.

Health Care Cost Trend Rates: 6.50% for fiscal year-end 2022, decreasing 0.25% per year to an ultimate

rate of 5.00%.

Mortality: RP-2014 Mortality Table, fully generational with base year 2006,

projected using two-dimensional mortality improvement scale MP-2021.

Actuarial Cost Method: Entry Age Actuarial Cost Method

Change in Total OPEB Liability

| | OPEB Liability |
|----------------------------------|----------------|
| Balance at October 1, 2021 | \$ 3,097,000 |
| Changes for the Year: | |
| Service Cost | 213,000 |
| Interest | 79,000 |
| Differences Between Expected and | |
| Actual Experience | (135,000) |
| Changes of Assumptions | 92,000 |
| Benefit Payments | (73,000) |
| Net Changes | 176,000 |
| Balance at September 30, 2022 | \$ 3,273,000 |

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability/(asset) of the employer as of the measurement date calculated using the discount rate, as well as what the employer's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

| | Current | | | | | |
|-----------------------------------|---------|------------|-----|-------------|----|-------------|
| | 19 | % Decrease | Dis | scount Rate | : | 1% Increase |
| | | 1.19% | | 2.19% | | 3.19% |
| Plan Sponsor's Net OPEB Liability | \$ | 3,753,000 | \$ | 3,273,000 | \$ | 2,882,000 |

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates.

The following presents the total OPEB liability of the employer, as well as what the employer's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

| | 1% | Decrease | Curre | ent Trend Rate | 1% Increase | | |
|-----------------------------------|----|-----------|-------|----------------|-------------|-----------|--|
| Plan Sponsor's Net OPEB Liability | \$ | 2,947,000 | \$ | 3,273,000 | \$ | 3,669,000 | |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB For the year ended September 30, 2022, under GASB Statement No. 75 the employer OPEB expense is \$396,000. The deferred outflow of resources and deferred inflows of resources related to OPEB as of September 30, 2022, from various sources are as follows:

| | Deferred Outflows | | | Deferred Inflows | | | |
|--|----------------------|-----------|--------------|---------------------|--|--|--|
| | of I | Resources | of Resources | | | | |
| Differences Between Expected and Actual Experience | \$ | 289,000 | \$ | 214,000 | | | |
| Changes in Assumptions | | 448,000 | | - | | | |
| Employer Contributions after Measurement Date | | | | | | | |
| but Prior to Fiscal Year-End | | 73,000 | | - | | | |
| Total | \$ | 810,000 | \$ | 214,000 | | | |

The deferred outflows of resources and deferred inflows of resources related to OPEB totaling \$73,000 resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability for the year ending September 30, 2023. Other amounts reported as deferred inflows of resources related to pensions will be recognized in OPEB expenses as follows:

| \$ 95,000 |
|---------------|
| 95,000 |
| 95,000 |
| 95,000 |
| 99,000 |
| 44,000 |
| |
| \$ 523,000 |
| \$ |

N - Fund Balances

In accordance with GASB Statement No. 54, the components of the fund balances of governmental funds now reflect the classifications described below.

Non-Spendable Fund Balance

Amounts that are: (a) not in spendable form; or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance

Amounts that can be spent only for specific purposes stipulated by: (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws and regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance

Amounts that can be used only for the specific purposes determined by a formal action of the Council Members, the City's highest level of decision-making authority, with formal action occurring prior to fiscal year-end. Commitments may be changed or lifted only by the Council Members taking the same formal action (resolution) that imposed the constraint originally.

Assigned Fund Balance

Includes spendable fund balance amounts intended by management to be used for a specific purpose, as discussed previously in Note 1. Fund balance flow assumptions are also discussed in Note 1.

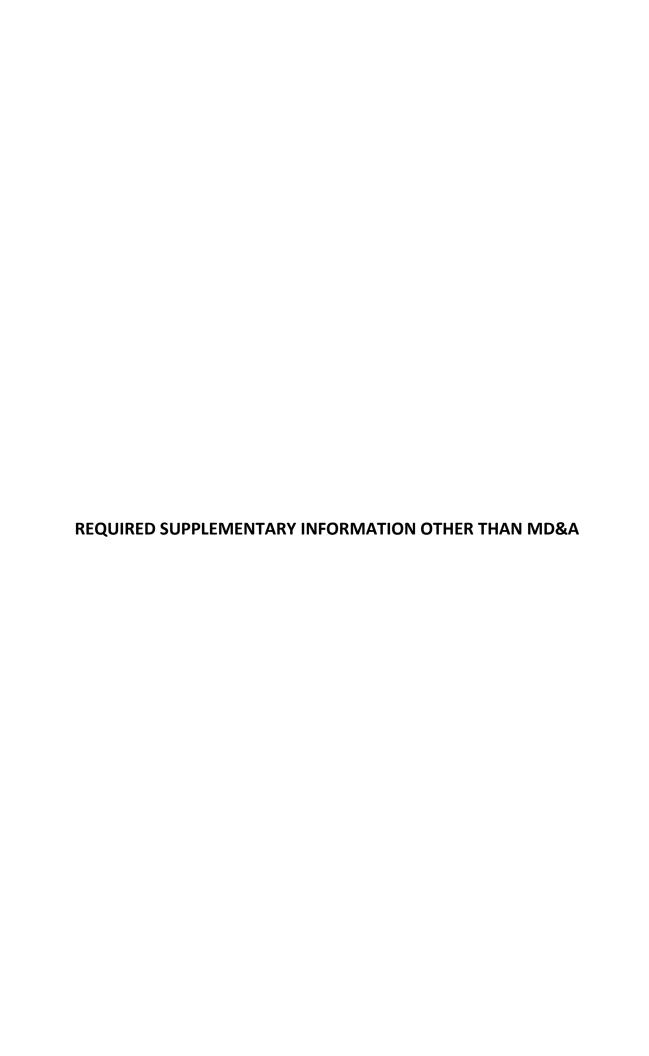

Unassigned Fund Balance

This classification represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund, except the General Fund, if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The Police Construction Fund has a deficit fund balance of \$124,287, the Fleet Fund has a deficit net position of \$14,545, and the Twin Rivers Golf Course Fund has a deficit net position of \$67,955 at September 30, 2022.

At September 30, 2022, the City's government fund balances were classified as follows:

| | General Fund | Community development Agency | 3rd Generation Sales Tax | | American Rescue Plan Act | | G | Other overnmental Funds | Total Governmental Funds | | |
|--------------------------|---------------------|------------------------------------|--------------------------|-----------|-----------------------------|--------|----|-------------------------------|--------------------------------|------------|--|
| Fund Balance | | | | | | | | | | | |
| Non-Spendable: | | | | | | | | | | | |
| Prepaid Items | \$ 91,905 | \$ - | \$ | - | \$ | - | \$ | 15,035 | \$ | 106,940 | |
| Restricted for: | | | | | | | | | | | |

Schedule of Changes in the City's Net Pension Liability and Related Ratios - Firefighters' Retirement Trust

Last Ten Fiscal Years*

(Concluded)

Notes to Schedule:

Changes in Benefit Terms:

For measurement date 9/30/2022, amounts reported as changes of benefits resulted from the following:

- 1. Effective October 1, 2023, salary shall include up to 300 hours of overtime per calendar year earned after October 1, 2023, but shall not include payments for accrued unused sick or annual leave
- 2. Increase the maximum DROP participation period from 3 years to 5 years. Members shall make a one-time election about the length of their DROP participation, in writing, upon initially entering DROP

Changes of Assumptions:

For measurement date September 30, 2021, the investment rate of return was lowered from 7.40% to 7.10% per year, net of investment related expenses.

For measurement date September 30, 2020, as mandated by Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the rates used in Milliman's July 1, 2019, FRS valuation report for specific risk employees, with appropriate adjustments made based on plan demographics.

* Only 9 years of data available; additional years' information will be displayed as it becomes available.

Note to Schedule:

Changes of Assumptions:

For measurement date September 30, 2021, the investment rate of return was lowered from 7.30% to 7.00% per year, net of investment related expenses.

For measurement date September 30, 2020, as mandated by Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the rates used in Milliman's July 1, 2019, FRS valuation report for specific risk employees, with appropriate adjustments made based on plan demographics.

The Board approved the following changes to the assumptions in conjunction with an actuarial experience study dated November 2, 2020:

- Lowering the investment return assumption from 7.65% to 7.30% per year, net of investment-related expenses.
- $Lowering \ the \ assumed \ rates \ of \ individual \ salary \ increases \ from \ 4.50\% \ to \ 3.50\% \ for \ members \ with \ 20 \ or \ more \ years \ of \ Credited \ Service.$
- Modifying the assumed rates for Normal Retirement, generally assuming greater deferral for members with less than 25 years of Credited Service.
- Lowering the overall assumed rates of withdrawal for those with less than 10 years of Credited Service, while increasing rates for those with 10-14 years of Credited Service.
- Increasing the assumed rates of disablement to 300% of the previously assumed rates at each age.
 - * Only 9 years of data available; additional years' information will be displayed as it becomes available.

Notes to Schedule:

Valuation Date: October 1, 2021

Methods and Assumptions Used in Calculations of Actuarially Determined Contribution Rates:

The actuarially determined contribution rates are calculated as October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Mortality Rate Healthy Active Lives: Female: PubS.H-2010 (Below Median) for Employees, set forward one year.

Male: PubS.H-2010 (Below Median) for Employees, set forward one year.

 $Healthy\ Retiree\ Lives:\ Female:\ PubS. H-2010\ for\ Healthy\ Retirees\ set\ forward\ one\ year.$

Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

Beneficiary Lives: Female: PubG.H-2010 (Below Median) for Healthy Retirees.

Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.

Disabled Lives: 80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.

Interest Rate 7.10% per year, compounded annually, net of investment-related expenses.

Normal Retirement Members are assumed to retire with 50% probability in the first two years of eligibility and are assumed to retire with 100%

probability thereafter. This assumption was approved in conjunction with an actuarial experience study dated July 2019.

Early Retirement Commencing with the earliest Early Retirement Age (age 50 with 10 years of Credited Service). Members are assumed to retire

with an immediate subsidized benefit at the rate of 5% per year. This assumption was approved in conjunction with an actuarial

experience study dated July 2019.

Payroll Growth None

Funding Method Frozen Entry Age Actuarial Cost Method.

Salary Increases The rates below are based on results of a July 2019 Experience Study.

Disability Rates See Table below. It is assumed that 90% of Disability retirements are duty-related.

Termination Rates The rates below are based on results of a July 2019 Experience Study.

Asset Methodology All assets are valued at fair value with an adjustment made to uniformly spread actuarial investment gains and losses (as

 $measured\ by\ actual\ fair\ value\ investment\ return\ against\ expected\ fair\ value\ investment\ return)\ over\ a\ four-year\ period.$

| Termination | Rates | Salary Increas | ses | Disability | Rates |

Notes to Schedule:

The employer has elected to make an annual contribution equal to the benefit payments. The employer share of net benefits is the difference between the expected benefit payments and the retiree contributions. It is sometimes referred to as "pay-as-you-go".

The expected benefit payments are actuarially determined to reflect the age difference between the overall covered group and the retiree group.

Actuarially determined contribution, which are based on the "pay-as-you-go" cost, and actual contributions are from the measurement periods ending September 30 of the year prior to the year-end of the reporting period shown.

No assets are accumulated in a trust that meets all of the criteria in GASB Statement No. 75, paragraph 4.

^{*} Only 5 years of data available; additional years' information will be displayed as it becomes available.

City of Oviedo, Florida **Statistical Section Table of Contents** September 30, 2022

This part of the City of Oviedo's (the City) annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosure, and required supplementary information says about the City's overall financial health.

CONTENTS

| | Page |
|---|------|
| Financial Trends | 118 |
| These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time. | |
| Revenue Capacity | 124 |
| These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property and sales tax. | |
| Debt Capacity | 128 |
| These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future. | |
| Demographic and Economic Information | 133 |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and help make comparisons over time and with other governments. | |
| Operating Information | 135 |
| These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs. | |

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive reports for the relevant year.

Footnotes on following page.

Footnotes:

- [1] Amounts reflect the combination of Utility Enterprise System and Stormwater System financial results. Numbers may not add due to rounding.
- [2] Amounts shown reflect revenues derived from rates for monthly service for water, sewer, reclaimed water, and stormwater service.
- [3] Amounts shown do not include revenues associated with proceeds from the sale or other disposition of the Utility System or any part thereof, condemnation awards or proceeds of issuance received with respect to the Utility System. Other Operating Revenues do not include Contributions in Aid of Construction, Water System Development Charges or Sewer System Development Charges. Amounts include, among other things, revenue from alternative water charges, meter installation charges, late penalty fees, reconnection fees, and miscellaneous charges for service. Amounts also include revenues from Build America Bond rebates.
- [4] Amounts shown only reflect earnings from funds and accounts established by the City that are considered unrestricted (earnings not required to be retained in such funds and accounts and are available as a component of Net Revenues). Earnings from System Development Charge Funds, the Construction Funds established from previously issued Series 2007 Note, the Series 2010A and Series 2010B Utility Revenue Bonds, and the Series 2020A Utility Revenue Bonds are considered restricted to such accounts and not considered as a component of net available revenue for this analysis. Additionally, all fair market value adjustments to reflect unrealized changes in the market value of the City's investments have been recognized in order to report investment income that was earned and received by the City.
- [5] Amounts shown do not include depreciation and amortization expenses, which are non-cash expenses and are not considered as part of the Cost of Operation and Maintenance as defined in the Bond Resolution. Reserves for renewals and replacements, Payments in Lieu of Taxes (PILOT) and any administrative indirect expenses incurred by departments of the City, other than those directly responsible for operating and maintaining the Utility System, are not reflected as part of the Cost of Operation and Maintenance pursuant to the Bond Resolution. The payment of the administrative indirect expenses have been recognized as a required transfer after the payment of all required deposits delineated in the Bond Resolution (e.g. the Bond Service Requirement) for rate covenant evaluation purposes since the payment of such expenses are budgeted transfers from the Revenue of the Utility System and relate to the general management and support functions of the Utility System.
- [6] Amounts reflect Bond Service Requirement on Outstanding Bonds issued in accordance with the provisions of the Bond Resolution.
- [7] Reference is made to the Rate Covenant as more fully described in Section 20, article (D) of the Bond Resolution (referred as the "COVENANTS OF THE ISSUER Rate Covenant").
- [8] Amounts reflect the System Development Charges Available for Bond Service Requirement considering that pursuant to the Bond Resolution, the Water and Sewer System Development Charges for each year shall not include any amounts in excess of the Bond Service Requirement for each series of Bonds for each Bond Year multiplied by the Expansion Percentages.
- [9] Adjusted Net Revenue determined as follows: calculated only for the rate covenant contained in the State Revolving Fund (SRF) Loan Agreement administered by the FDEP:

| | 2018 | | 2019 | | 2020 | | 2021 | | 2022 |
|--|------|-----------|------|-----------|------|-----------|------|-----------|-----------------|
| Net Revenues [18] | \$ | 8,686,185 | \$ | 8,743,269 | \$ | 9,755,323 | \$ | 9,810,539 | \$ 8,525,613 |
| Less Senior Lien Debt Service | | 3,631,334 | | 3,920,151 | | 3,918,641 | | 3,516,421 | 3,409,405 |
| Less Senior Lien Debt Service Coverage | | | | | | | | | |
| Requirement (10% of Debt Service) | | 363,133 | | 392,015 | | 391,864 | | 351,642 | 340,940 |
| Net Revenues Available for SRF Loan | | | | | | | | | |
| Coverage Calculation | \$ | 4,691,717 | \$ | 4,431,103 | \$ | 5,444,818 | \$ | 5,942,476 | \$ 4,775,267 |

- [10] Amounts reflect repayment of low interest loans secured through the State Revolving Fund (SRF) loan program as administered by the FDEP and have a second lien on the Pledged Revenues after the payment of the Outstanding Bonds. Such amounts are considered as a Subordinate Debt and are considered as a required use of funds deposited in the Revenue Fund pursuant to the flow of funds delineated in the Bond Resolution.
- [11] Reflects other required transfers, which are recognized in the flow of funds to be funded from deposits to the Revenue Fund as provided in the Bond Resolution payment, which are subordinate to the payment of the Bond Service Requirement. Required deposits to the Bond Service Fund and the Subordinate Debt Service Fund are shown separately in order to show compliance with rate covenant per Bond Resolution and the rate coverage test per the SRF Loan Agreement.
- [12] No deposit to the Reserve Account was recognized since the fund was considered fully funded during the Historical Period by: i) proceeds from the issuance of the Outstanding Bonds; or ii) secured by a debt service reserve credit facility during such period.
- [13] Amounts shown presented for disclosure purposes only and reflect other transfers that have been recognized since: i) such transfers are set by City financial policy (deposit to the information technology and vehicle replacement funds); and ii) represent a General Obligation of the Utility System that must be funded from the Revenue Fund (deposited from surplus revenues after the payment of all required transfers) (SunTrust Generator) Lease, BB&T (Street Sweeper) Lease, and Bank of America (Meter Replacement) Lease.
- [14] Amounts shown reflect annual deposits to the Vehicle Replacement Fund and the Information Technology Fund which have been established by the City and used as an Utility System asset replacement fund. Amounts reflected since funds are used specifically for Utility System asset replacement.
- [15] Amounts shown reflect payments for leases payable from Utility System revenue after payment of all other required transfers as delineated in the Bond Resolution and include the following. Such leases are not secured by a lien on net revenues of the Utility System.

Note to the Schedule of Expenditures of Federal Awards

Basis of Presentation

The accompanying schedule of Federal Awards is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance.

Indirect Cost Rate

The City has elected not to use the 10% de minimus indirect cost rate as allowed under the Uniform Guidance.

PURVIS GRAY

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oviedo, Florida (the City) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 23, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operations of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

CERTIFIED PUBLIC ACCOUNTANTS

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

Purvis Gray

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

March 23, 2023 Ocala, Florida

PURVIS GRAY

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Oviedo, Florida's (the City) compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2022. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material non-compliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material non-compliance when it exists. The risk of not detecting material non-compliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Non-compliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material non-compliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Other Issues

The following statement, as applicable to the situation, may be required in the Schedule of Findings and Questioned Costs:

■ No summary schedule of prior audit findings is required because there were no prior audit findings related to Federal Programs.

PURVIS GRAY

MANAGEMENT LETTER

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Oviedo, Florida (the City) as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated March 23, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance; Schedule of Findings and Questioned Cost; and Independent Accountant's Report on examination conducted in accordance with American Institute of Certified Public Accountants Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated March 23, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no such findings in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. These disclosures can be found in Note 1 to the financial statements.

MANAGEMENT LETTER

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the local government entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statues. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Oviedo Community Redevelopment Agency (CRA) reported this information in the CRA's separately issued financial statements.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Purvis Gray

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the City Council and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

PURVIS GRAY

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES

Honorable Mayor and City Council City of Oviedo Oviedo, Florida

We have examined the City of Oviedo, Florida's (the City) compliance with the requirements of Section 218.415, Florida Statutes, as of and for the year ended September 30, 2022, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specific requirements. The nature, timing, and extent of procedures selected depend on our judgement, including an assessment of the risk of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specific requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Members of the City Council, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
