March 31, 2023

To the Citizens of the Village of Palmetto Bay, Florida  
And Other Interested Parties:

State law requires that all general-purpose local governments publish within nine months of the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America and government auditing standards by a firm of licensed certified public accountants. Additionally, the Village's charter requires an annual independent audit of the books of accounts, financial records, and transactions of all departments of the Village by independent certified public accountants. Pursuant to these requirements, we hereby issue the Annual Comprehensive Financial Report (Annual Report) of the Village of Palmetto Bay for the fiscal year ended September 30, 2022.

This report consists of management's representations concerning the finances of the Village of Palmetto Bay. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the Village has established a comprehensive internal control framework that is designed both to protect the Village's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the Village of Palmetto Bay's financial statements in conformity with GAAP. The Village's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Village's financial statements have been audited by Marcum LLP, a licensed certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the Village's financial statements for the fiscal year ended September 30, 2022, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon their audit, that there was a reasonable basis for rendering unmodified opinions on the Village of Palmetto Bay's financial statements for the fiscal year ended September 30, 2022, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Village of Palmetto Bay's MD&A can be found immediately following the report of the independent auditors.

## **Profile of the Government**

The Village of Palmetto Bay is the 33<sup>rd</sup> incorporated municipality in Miami-Dade County. Its borders are SW 136<sup>th</sup> street to the north, US 1 to the west, Biscayne Bay to the east, and SW 184<sup>th</sup> street to the south. The Village is approximately eight square miles, comprised primarily of residential properties, and its business district is concentrated along the US 1 corridor.

The Village of Palmetto Bay was incorporated in 2002 and operates under the Council/Manager form of government. The Village Council is comprised of the Mayor, Vice-Mayor, and three Council Members elected village wide. The Mayor and Council Members term is for four years, as of November 2012, the length of service was extended to three terms, but no person may serve more than two terms in any one position. The Village Council is responsible for enacting laws (resolutions, ordinances, and regulations) governing the Village, as well as appointing the members of various advisory committees, and hiring the Village Manager, Village Clerk and Village Attorney. The Village Manager is responsible for enforcement of all laws, provisions of the Charter and directives of the Council, appointment of department heads with Council approval, and oversight of the operations of the Village.

The Village operates with a small, highly qualified core staff, and outsources several major functions including police protection, public works construction, and building inspections. The Village maintains a close working relationship with Miami-Dade County for such services as refuse collection, debris cleanup, fire protection, and libraries. The Village also works closely with all public and private schools serving Village residents.

The Mayor and Council Members are also the Board of Directors for the Palmetto Bay Foundation, Inc. The purpose of the Foundation is to raise the educational and quality of life concerns of the residents of the Village of Palmetto Bay, and to foster and promote community wide interest and concern for the history and preservation of the Village of Palmetto Bay. The Foundation is presented as a blended component unit in the financial statements as the Village has operational responsibility for the Foundation.

The annual budget serves as the foundation for the Village of Palmetto Bay's financial planning and control. All departments of the Village are required to submit proposed budgets to the Village Manager, who then makes any necessary revisions. The Village Manager then presents to the Village Council for their review, a budget estimate of the revenues and expenditures of all the Village's departments. Two public hearings are conducted, to inform the taxpayers of the proposed budget and to receive their comments. A majority affirmative vote of the quorum is needed to adopt the budget, which is legally enacted prior to October 1 by the passage of an ordinance. Only the General Fund budget appropriations are legally adopted, the Special Revenue Budget including Capital Projects are presented only as a recommendation for expenditures, as the use of these funds are legally restricted by Florida Statute, third parties or Village ordinances. The legal level of budgetary control is at the fund level. The Village Manager may amend the adopted budget for adjustments between departments administratively, but the Village Council must approve all budget adjustments between funds. Supplemental appropriations for expenditures in excess of the adopted budget may be appropriated by the Council by way of an ordinance. Budget-to-actual comparisons are provided in this report for the general fund, the only fund for which an appropriated annual budget has been adopted.

## **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Village of Palmetto Bay operates.

### **Local Economy**

The Village of Palmetto Bay is a medium-sized municipality serving approximately 24,000 citizens. Most of the Village's ad-valorem taxes are derived from its residential properties with an average taxable value for fiscal year 2022 of \$326,075, which is an 8.0% increase from prior year. The average County residential taxable value is \$259,965. Total property values for the Village increased by 5.2%. The foundation of Palmetto Bay is its low-density residential development that serves as housing for employment centers north of the Village. Commercial and office uses are primarily oriented towards the U.S. 1 corridor and consists of ten major auto dealerships, several large-box retailers, retail shopping plazas, and multiple office buildings. Two other concentrations of commercial uses are in the eastern portion of the Village and include retail service uses and a class A office park development. The latest U.S. Census classifies the Village residents as middle to upper-middle class. The Village residents support the local businesses which results in a stable local economy.

### **Long-Term Financial Planning and Major Initiatives**

The Village has approved a zoning district encompassing 330 acres known as the Downtown Palmetto Bay Zoning District. The mixed-use district includes commercial, office and residential uses. In 2014, Miami-Dade County completed a water and sewer infrastructure expansion project along the U.S. 1 corridor which sets the necessary infrastructure to attract development to the area. In 2018, the Village Council approved the new Downtown Code. The new Downtown Code considers the desired Village Scale development of the residents, considers the market trends of development while allowing a well-planned approach to mixed use environments. In summary the new code will allow up to 5-story mixed-use buildings within the Island Sector in the Downtown District and a step-down approach in height and scale towards the residential areas of the Village. Since the adoption of the Downtown Code in 2018 and the completion of the Village's Franjo Road Main Street project in 2021, 716 apartments have been completed and 24,000 square feet of commercial space added. Current projects include a medical facility, Audi/Ferrari dealership, 52 apartments and a restaurant/marketplace. There are 15 projects in various stages of review to be completed over the next two to three years. The Village's goal is to have a downtown where the residents can live, work, learn and play. To accomplish this the Village has commissioned a market analysis of the area to recommend an economic development strategic plan so that Village is the premier community to live, work, learn and play.

### **Financial Policies**

The Village of Palmetto Bay has adopted and enacted financial policies when taken as a whole serves the purpose of timely informing management and the citizens of the financial position of the Village, while safeguarding Village assets and appropriating resources to provide the high level of services the citizens expect.

The Village has adopted Florida Statutes 218.415 for its investment policy. The Village Charter mandates the budget and debt policy. Council enacted the procurement policy. Village Administration implemented the revenue and capitalization policies.

## **Pension Benefits**

The Village of Palmetto Bay maintains a defined contribution pension plan with the International City Managers' Association, Retirement Corporation (ICMA RC) for its full-time employees, created in accordance with Internal Revenue Code Section 401(a). The Village automatically contributes 6% for all full-time employees. In addition, each employee is allowed to contribute up to 6% of their compensation with an equal match from the Village. The Village also sponsors a 457 deferred compensation plan, of which participation is voluntary.

## **Awards and Acknowledgments**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Palmetto Bay for its Annual Report for the fiscal year ended September 30, 2021. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Report. This report must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for 2022.

The preparation of the Annual Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in preparation of this report. We also wish to recognize the assistance provided by the firm of Marcum LLP.

In closing, the Mayor, Vice-Mayor, and the Village Council must be credited for their leadership, and for maintaining the highest standards of professionalism in the management of the Village's finances.

Sincerely,

---

## INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor, Village Council and Village Manager  
**Village of Palmetto Bay, Florida**

### **Report on the Audit of the Financial Statements**

#### *Opinions*

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Palmetto Bay, Florida (the "Village"), as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Village, as of September 30, 2022, and the respective changes in financial position, thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### *Auditors' Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Schedule, and the Schedule of Changes in Total OPEB Liability and Related Ratios on pages 5-14, 49-50, and 51, respectively, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The combining financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2023, on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Village's internal control over financial reporting and compliance.

(MD&A)**

## Management's Discussion and Analysis

As management of the Village of Palmetto Bay, Florida (the "Village"), we offer readers of the Village's financial statements this narrative overview and analysis of the financial activities of the Village for the fiscal year ending September 30, 2022.

### Financial Highlights

- The assets plus deferred outflows of the Village exceeded its liabilities plus deferred inflows at the close of the most recent fiscal year by \$65,378,035 (net position). Of this amount, \$16,072,374 (*unrestricted net position*) may be used to meet the Village's ongoing obligations to citizens and creditors. The balance, \$49,305,661 is comprised of net investment in capital assets of \$44,817,016 and restricted net position of \$4,488,645.
- The Village's net position of governmental activities increased by \$4,450,023. This increase is attributable to changes in the Village's only fund category, the Governmental funds. Detailed changes are explained later under Governmental Activities.
- As of the close of the current fiscal year, the Village's Governmental funds reported combined ending fund balances of \$20,954,144, an increase of \$4,766,677 in comparison with the prior year. Approximately 71% of ending fund balance or \$14,776,367 is from the General Fund. The General Fund balance has \$4,700,000 in Assigned and \$9,614,128 in Unassigned.
- The General Fund unassigned fund balance of \$9,614,128, is approximately 74% of total General Fund expenditures.

### Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Village's basic financial statements. The Village's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the Village's finances, in a manner like a private sector business.

The statement of net position presents information on all the Village's assets and deferred outflows and liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Village include general government, economic development, public safety, public works, and parks & recreation. The Village has a blended component unit described in Note 1 and no business-type activities. The government-wide financial statements include the Village itself (known as the *primary government*) and the Palmetto Bay Foundation, Inc. (*a component unit of the Village*) and can be found on pages 15 and 16 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Village has one fund category: Governmental funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains four Governmental fund types: General Fund, Special Revenue Fund, Debt Service Fund and Capital Projects Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances.

The Governmental Fund Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances is made up of, the General Fund, Special Revenue Funds, a Capital Projects Fund and Non-Major Funds. The Special Revenue Funds encompasses the Transportation Fund, Grants Fund and Building Fund. The Non-Major Governmental Funds combining statements consists of; four Special Revenue Funds which are Stormwater Fund, Law Enforcement Trust Fund, False Alarm Fund and Art in Public Places Fund, a Debt Service Fund and the Palmetto Bay Foundation (the "*Foundation*"). A description of the Foundation is found in the notes to the financial statements on page 22, and the combining financial statements can be found on pages 52 and 53.

The only budget the Village adopts an annual appropriation for is the General Fund. A budgetary comparison statement has been provided to demonstrate compliance with this budget on pages 49 and 50.

The basic governmental fund financial statements can be found on pages 17 to 20 of this report.

**Notes to the basic financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21 to 48 of this report.

### Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the Village’s case, assets plus deferred outflows exceeded liabilities plus deferred inflows by \$65,378,035 at the close of the most recent fiscal year.

The largest portion of the Village’s net position, \$44,817,016 or approximately 69%, reflects its net investment in capital assets (e.g., land, buildings, furniture and equipment), less any related debt and deferred inflows/outflows used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. The debt related to these assets amounts to \$12,125,714, and it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Village’s net position is restricted, which represents resources that are subject to external restrictions on how they may be used. These resources have been set aside for capital projects, debt service payments and other contractual obligations. The Village’s restricted net position as of the end of fiscal year 2022 had a balance of \$4,488,645.

The remaining balance of net position (unrestricted), \$16,072,374, may be used to meet the government’s ongoing obligations to citizen’s and creditors.

At the end of the current fiscal year, the Village can report positive balances in all categories of net position. The same situation held true for the prior fiscal year.

**Governmental Activities.** The Village’s Governmental Activities net position increased by a total of \$4,450,023 during the current fiscal year. Current Assets increased \$9,211,593 compared to prior year, mainly due to the receipt of the second tranche of American Rescue Plan Act (ARPA) funds in the amount of \$6,141,217. Capital Assets decreased \$998,818 mainly due to depreciation. Deferred Outflows decreased \$2,529 because of the amortization of the Loss on Refunding. Liabilities increased \$1,985,513 mainly due to Other Liabilities increasing \$2,929,415 due to the unspent ARPA funds.

**Revenues:**

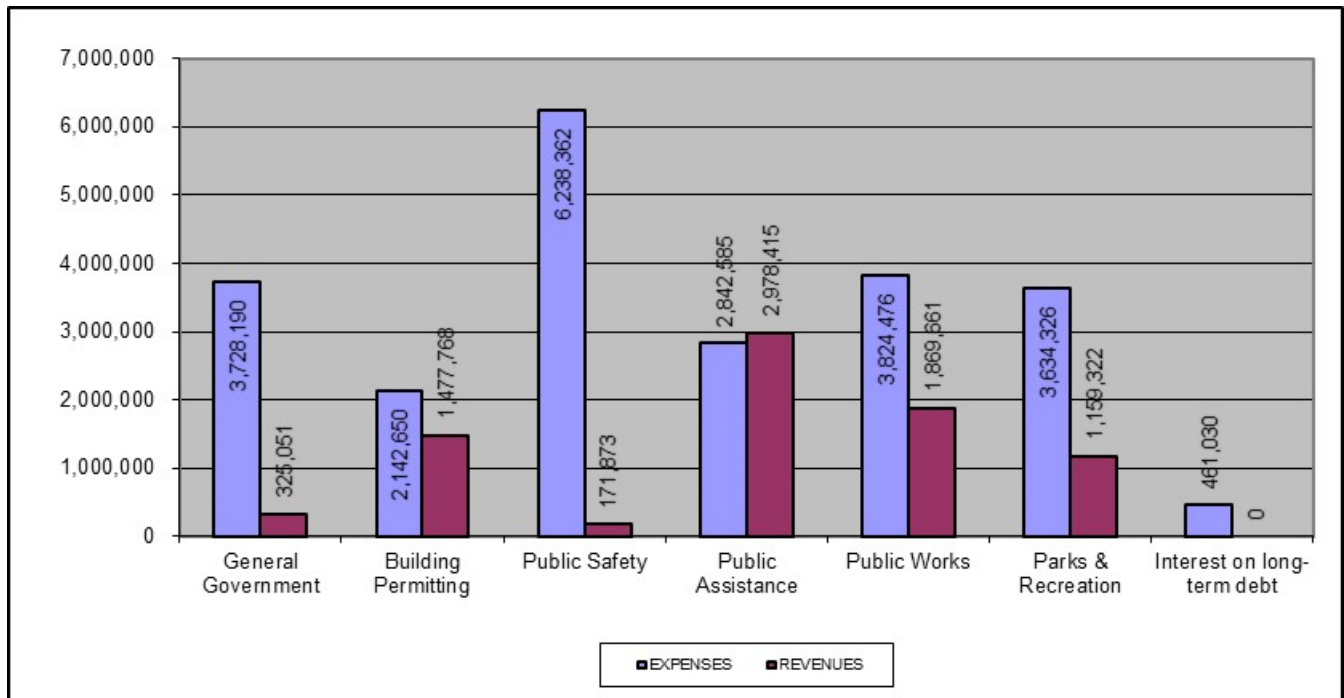

Total revenues increased \$3,908,748 from FY 2021 revenues to a total of \$27,321,642 for FY 2022. The major components are as follows:

- Taxes of \$11,560,738 comprised 42% of total revenues in the current fiscal year. Most of this category is property taxes of \$7,812,046. Property assessed values increased 5.2%. The Village increased the millage rate from 2.235 to 2.400 per \$1,000 of assessed taxable value for fiscal year 2022 which resulted in an increase in collections of \$995,437. In total, Taxes increased \$1,268,836 mainly from Property taxes.
- Grants and Contributions were \$3,990,081 or 15% of total revenues. An increase of \$2,628,722 over prior year is mainly due to the recognition of ARPA revenue.
- Charges for services totaled \$3,992,009 or 15% of total revenues. There was a decrease of \$869,056 mainly due to a decrease in Building Permitting services as a result of fewer major development projects starting in fiscal year 2022.
- Franchise fees increased \$769,326 in part to new development and Florida Power and Light (FPL) fee increases.
- General Revenues-Intergovernmental increased \$988,342 mainly due the recovery of State Sales Taxes from the COVID recession.

**Expenses:**

- Village expenses increased a total of \$482,549 from FY2021. The increase is mainly due to the expenditure of ARPA funds.

**Expenses and Program Revenues – Governmental Activities**

## Revenues by Source – Governmental Activities

**Financial Analysis of the Government's Funds** As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds** The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Village's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$20,954,144, an increase of \$4,766,677. Approximately 45% of the ending fund balance or \$9,403,965 constitutes unassigned fund balance, which is available for spending at the Village's discretion.

**The General Fund** is the chief operating fund of the Village. At the end of the current fiscal year fund balance of the general fund was \$14,776,367, of which \$9,614,128 is unassigned and \$4,700,000 is assigned. As a measure of the general fund's liquidity, it may be useful to compare both the unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 74% of total general fund expenditures, while total fund balance represents 113% of that same amount. The General Fund had a Net Change in Fund Balance of \$3,850,707. The Net Change in Fund Balance was mainly the result of a revenue surplus of \$1,627,956 and under expenditures of \$2,671,871 that resulted in a total operating surplus of \$5,070,362, before transfers out. A description of the detailed changes can be found in General Fund Budgetary Highlights.

**Special Revenue Funds** are used to account for restricted monies received for a specific purpose. The Village has the following Special Revenue Funds:

**The Transportation Fund** is used to account for the various fuel and transportation taxes that are restricted to the maintenance and improvement of the Village's roadways and Transit. The increase in the ending fund balance of \$337,269 is due to the recovery of revenues from the COVID-19 shut down and people traveling again. The ending fund balance is \$1,987,981.

**The Grants Fund** is used to account for and track the expenditures of the approximately 10 grants and impact fees. The increase in fund balance of \$76,858 is mainly due to the collection of impact fees in the amount of \$192,306. The ending fund balance is \$1,630,469.

**The Building Fund** is used to account for permit receipts and expenditures according to Florida Statute 553.80. The Building fund balance increased \$327,400 because of a \$1,000,000 transfer from General Fund. The ending deficit fund balance is (\$210,163). The shortfall is mainly due to projects delayed due to COVID-19.

**The Capital Projects Fund** is used to account for Village funded capital projects. The decrease in fund balance of \$135,492 is mainly due the recording of leases and the purchase of an art sculpture. The ending fund balance is \$1,285,524.

**Non-Major Governmental Funds** is the combination of four Special Revenue Funds which are Stormwater, Law Enforcement Trust Fund, False Alarm Fund and Art in Public Places Fund, a Debt Service Fund, and the Palmetto Bay Foundation, which is a component unit. In total, Non-Major fund balance increased \$309,935. The more significant funds are discussed below:

**The Stormwater Management Fund** is used to account for assessments related to stormwater mitigation. The assessment revenue is committed for drainage projects in accordance with Village ordinance. The Stormwater fund balance increased \$164,360, due to an increase in fees from \$4 to \$5. The ending fund balance is \$857,466.

**Art in Public Places** is used to account for fees imposed on new construction to promote art in the Village. The fund balance increased \$140,746 due to the fees from some new development. The ending fund balance is \$540,886.

**Debt Service** is for debt reserves of the 2010 bonds used for the Village Hall complex. The bond was refinanced in 2021 and no reserves were required for the new bond. The \$10,269 balance was applied towards interest in fiscal year 2022.

**False Alarm Fund** is used to account for the registration and false alarm fines. The fund balance increased \$13,500 due to a surplus from operations. The ending fund balance is \$72,885.

### **General Fund Budgetary Highlights**

The total budgetary operating surplus of \$4,299,827 resulted from a surplus of \$1,627,956 in revenues and an under spending of expenditure by \$2,671,871. The net change in Fund Balance was an increase of \$3,230,172. The most significant variances are:

## REVENUES:

- Franchise Fees – positive variance of \$541,934 due to increase in FPL fees.
- Half-Cent Sales tax – positive variance of \$585,769 due to recovery from COVID.
- Charges for Services – positive variance of \$370,822 due park rentals rebounding from COVID.

## EXPENDITURES:

Total General Fund Expenditures – had total savings from all departments of \$2,671,871. The most significant variances were from:

- Financial and Administrative – positive variance of \$255,664, mainly from Human Resources personnel vacancies.
- Public Safety – positive variance of \$1,602,940, due to funding from ARPA.
- Public Works: Facility Maintenance – positive variance of \$146,811, due to savings from maintenance operations.
- Parks – positive variance of \$334,995 due to personnel vacancies.
- Debt – positive variance of \$253,653 due to refinancing of 2010 bond.

## OTHER FINANCING SOURCES (USES)

The Village had additional Operational transfers of \$1,000,000 from the General Fund to assist the Building fund and \$69,655 to reimburse the Transportation fund.

## Capital Assets and Debt Administration

**Capital Assets.** The Village’s investment in capital assets as of September 30, 2022, amounted to \$56,942,730 (net of accumulated depreciation/amortization). This investment in capital assets includes land, buildings, street and sidewalk improvements, furniture and equipment and leases (right-of-use assets). The Village’s net investment in capital assets decreased by \$335,280 in the current fiscal year, mainly due depreciation/amortization of \$2,121,292 and new assets of \$1,122,474.

Major capital asset events during the current fiscal year included the following:

- Purchase of a Vac-Con truck - \$449,560
- Several storm drain projects are in progress - \$349,860

**Long-term Debt.** At the end of the current fiscal year, the Village had total debt outstanding of \$9,263,654, leases liabilities \$165,717, and liabilities to Miami-Dade County in the amount of \$926,475. The total debt is backed by the full faith and credit of the Village for which the Village is liable in the unlikely event of default.

**Summary of Outstanding Debt  
Promissory Notes, Revenue Bonds, and Leases**

	September 30,	
	2022	2021
Promissory Note	\$ 723,654	\$ 805,840

Liabilities to Miami-Dade County	926,475	1,391,162
Total	\$ 10,355,846	\$ 11,178,176

There were two debt issues outstanding at the end of the fiscal year. This consists of the Florida Municipal Loan Council Revenue Bond Series 2021A issued in the amount of \$8,815,000 which refinanced the 2010B \$14,780,000 bond and the Promissory Note Series 2010 with Hancock Bank for \$1,205,000 which refinanced the Florida Municipal Loan Council Revenue Bond Series 2005D issued for the Village Library in the amount of \$1,495,000. Additional information on the Village’s long-term debt can be found in Note 6, pages 36-42. The Village has contractual liabilities to Miami-Dade County as part of the Village’s incorporation from the County.

**Economic Factors and Next Year’s Budgets and Rates**

- The unemployment rate for Miami-Dade County in September 2022 was 2.6%, which represents a decrease of 3.7% from the previous year. This is lower than the state’s average unemployment rate of 2.7% and the national average rate of 3.5% in September 2022. The unemployment rate of the Village is generally lower than the County. (Source: US Census).
- Inflationary trends in the County at 10.7% are higher than the national average which was 8.3% for August 2022.
- Most municipalities property value continue to increase, the Village FY2023 property values increased 10.3% while the County had an average increase of 11.8%.
- The National, State and Local economies have rebounded from COVID, with record low unemployment and strong consumer purchasing even though inflation is relatively high.

All these factors were considered in preparing the Village’s budget for the 2023 fiscal year. The fiscal year 2023, estimated ending fund balance in the general fund increased to \$10,985,032. The Village used a millage rate of 2.40 for fiscal year 2022, which is more than to the roll back rate of 2.1390 mills. For fiscal year 2023 the millage rate was decreased to 2.35 which is greater than the roll back rate of 2.1828 by 7.66%.

## **Requests for Information**

This financial report is designed to provide a general overview of the Village's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, 9705 E Hibiscus Street, Palmetto Bay, Florida 33157.

Amounts reported for governmental activities in the statement of activities are different as a result of:

Net change in fund balances - total government funds	\$	4,766,677
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.

Expenditures for capital outlay	\$ 1,122,474		
Less current year depreciation	<u>(2,121,292)</u>		(998,818)

Governmental funds report revenue when earned and available. However, the government-wide statements recognize revenue when earned, regardless of availability.

Utility taxes		308,483

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Palmetto Bay, Florida (the “Village”) was incorporated on September 10, 2002. The Village operates under a Council-Manager form of government. In addition to the general government function, the Village provides its residents with public safety (police), public works, parks and recreation, planning and zoning, and building and permitting. The Village does not provide educational, water and sewer, solid waste, fire or hospital facilities; those services are provided by the Miami-Dade County School Board and Miami-Dade County, respectively.

The financial statements of the Village have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”) as applied to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the Village are described below:

#### *FINANCIAL REPORTING ENTITY*

As required by GAAP, these financial statements present the Village (the primary government) and its component unit. Component units are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the Village’s financial statements to be misleading or incomplete. The primary government is considered financially accountable if it appoints a voting majority of an organization’s governing body (the “Board”) and 1) it is able to impose its will on the organization or 2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burden on the Board. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

Component units are included in the reporting entity either as blended or as discretely presented. Blended component units, although legally separate entities are, in substance, part of the Village’s operations. Accordingly, data from these component units are combined with data of the primary government.

Based upon the application of the criteria described above, the financial activity of the blended component unit listed below has been included in the Village’s financial reporting entity. The Board of Directors of the Palmetto Bay Foundation, Inc. (the “Foundation”) are the same individuals as the Village Council.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *BLENDING COMPONENT UNIT*

The Foundation was created on December 6, 2004 for the purpose of enhancing and preserving the history of Palmetto Bay. The Foundation is a not-for-profit 501(c)(3) corporation using a calendar year end and, therefore, amounts presented for the Foundation are as of and for the year ended December 31, 2021. The primary government has operational responsibility for the component unit. Revenues consist primarily of donations and investment income. The Foundation's articles restrict the use of the funds to charitable, educational or scientific purposes. For the year ended December 31, 2021, the Foundation had approximately \$7,000 in assets and no revenue or expenditures.

#### *GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS*

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Village as a whole. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The Village does not have any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. The major individual governmental funds are reported as separate columns in the fund financial statements. All remaining nonmajor governmental funds are aggregated and reported as nonmajor governmental funds.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

##### *MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION*

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers revenues to be available when they are collected within 60 days of the end of the current fiscal period except for revenues received from Miami-Dade County for the half-penny tax which are collected within 90 days of the end of the current fiscal period due to the nature of the collection cycle. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences are recorded only when payment is due.

Property taxes, franchise fees and other taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and, as such, have been recognized as revenues of the current fiscal period. Revenue for expenditure driven grants are recognized when the qualifying expenditures are incurred. All other revenue items are considered to be measurable and available only when cash is received by the Village.

The Village reports the following major governmental funds:

- **General Fund:** The fund is the Village’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- **Transportation Fund:** The fund accounts for the restricted revenues received from the transportation surtax, the local option gas tax, and expenditures for related transportation costs.
- **Grants Fund:** The fund accounts for all restricted grant monies and the related program income from federal, state, and local agency grants. This fund is reported separately for transparency.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *MEASUREMENT FOCUS, BASIS, OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)*

- **Building Fund:** The fund accounts for the restricted resources and operations of building permitting and inspections.
- **Capital Projects Fund:** The fund accounts for the activities of the Village’s ongoing capital projects.

Additionally, the Village reports nonmajor funds within the governmental fund types as follows:

- **Special Revenue Funds:** These funds account for restricted monies received which are to be used in accordance with the funds’ stated purposes.
- **Debt Service Fund:** The fund accounts for resources consumed for principal and interest payments applied to the Village’s long-term liabilities.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

#### *DEPOSITS AND INVESTMENTS*

The Village’s cash and cash equivalents include cash on hand, pooled cash, demand deposits, and short-term highly liquid investments with original maturities of three months or less from the date of acquisition.

The nature of investments is governed by the provisions of Florida Statutes Section 218. Under this statute, authorized investments are limited, unless otherwise authorized by law or ordinance, to the local government surplus funds trust fund, money market funds, direct or unconditionally guaranteed obligations of the United States government, obligations of certain governmental agencies, interest bearing time deposits or savings accounts. Income from investments is recorded as earned.

#### *INTERFUND RECEIVABLES AND PAYABLES*

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as “due to/from other funds.”

# VILLAGE OF PALMETTO BAY, FLORIDA

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *RECEIVABLES*

Receivables include amounts due from other governments and others for services provided by the Village. Receivables are recorded and revenues are recognized as earned or as specific program expenditures/expenses are incurred. Allowances for uncollectible receivables are based upon historical trends and the periodic aging of receivables. Management has considered outstanding receivables and has deemed them to be fully collectible. As such, an allowance for uncollectible accounts was not considered necessary.

#### *LEASE RECEIVABLE*

The Village's lease receivable is measured at the present value of lease payments expected to be received during the lease term. A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

#### *PREPAID ITEMS*

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. In certain instances, prepaid items reported in governmental funds represent debt service payment paid prior to its respective due date. These costs are expensed when used. Amounts reported in the governmental funds are offset by an equal reservation of fund balance in the fund financial statements. This is an indication that these components of current assets do not constitute available spending resources.

#### *PROPERTY TAXES*

Property values are assessed on a county-wide basis by the Miami-Dade County Property Appraiser as of January 1, the lien date, of each year and are due the following November 1. Taxable value of property within the Village is certified by the Property Appraiser and the Village levies a tax millage rate upon the taxable value, which provides revenue required for the fiscal year beginning October 1. The millage rate assessed by the Village for the fiscal year ended September 30, 2022 was 2.4000 mills.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

##### *PROPERTY TAXES*

Property taxes levied each November 1, by the Village and all other taxing authorities within Miami-Dade County, are centrally billed and collected by Miami-Dade County, with remittances to the Village of its proportionate share of collected taxes. Taxes for the fiscal year beginning October 1 are billed in the month of November, subject to a 1% per month discount for the period November through February, and are due no later than March 31. On April 1, unpaid amounts become delinquent with interest and penalties added thereafter. Beginning June 1, tax certificates representing delinquent taxes with interest and penalties are sold by Miami-Dade County, with remittance to the Village for its share of those receipts. At September 30, 2022, there were no material delinquent taxes.

##### *CAPITAL ASSETS*

Capital assets, which include land, buildings, furniture and equipment, improvements other than buildings, intangibles (i.e. software), right-to-use assets (leases), and infrastructure assets (e.g., roads, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their acquisition value (the price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date).

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are expensed as incurred. Major outlays for capital assets and improvements are capitalized as projects are constructed. The Village maintains a \$750,000 threshold for capitalizing easements and a \$250,000 threshold for capitalizing software.

Capital assets are depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Furniture and equipment	5-20
Vehicles	7
Buildings	30
Leasehold improvements	10
Infrastructure	30
Software	5
Right-to-use assets	Through lease maturity

# VILLAGE OF PALMETTO BAY, FLORIDA

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *LEASES (RIGHT-OF-USE ASSET)*

The leases (right-of-use asset) are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The leases (right-of-use asset) are amortized on a straight-line basis over the life of the related lease.

#### *COMPENSATED ABSENCES*

The Village's policy is to permit employees to accumulate paid time off ("PTO") benefits. Based on their length of service to the Village, employees may carry over a maximum of 80 unused hours each calendar year, with the exception of the village clerk and village manager, who can carry over a maximum of 720 unused hours each calendar year. Any unused hours in excess of the maximum is paid out. All PTO is accrued when incurred in the government-wide fund financial statements based on current rates of pay. Compensated absences are expected to be used in the following year.

A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. For the governmental funds, compensated absences are liquidated from the general fund.

#### *LONG-TERM OBLIGATIONS*

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities. Bond premiums, discounts, and deferred amounts on refunding are deferred and amortized over the life of the bonds using the straight-line amortization method. The results of using this method do not differ significantly from the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issue costs are expenses as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Long-term liabilities of governmental funds are generally liquidated through the general fund with the exception of the debt accounted for in the transportation fund, building fund and nonmajor governmental stormwater management fund.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES*

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Village has two items that qualify for reporting in this category as deferred outflows of resources. An item related to Other Post-Employment Benefits (“OPEB”) and the loss on refunding of Florida Municipal Loan Council Revenue Series 2010B (“FMLC Bonds”) (Note 6).

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The Village has three items that qualify for reporting in this category. An item related to leases, an item related to OPEB, and an item related to the gain on refunding on bonds with Miami-Dade County (Note 6).

#### *FUND BALANCE*

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based on primarily on the extent to which the Village is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

**Non-spendable** - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

**Restricted** - This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

# VILLAGE OF PALMETTO BAY, FLORIDA

## NOTES TO BASIC FINANCIAL STATEMENTS

### FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

##### *FUND BALANCE (CONTINUED)*

**Committed** - This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by ordinance which is the Village Council's highest level of decision-making authority. These amounts cannot be used for any other purpose unless the Village Council removes or changes the specified use by taking the same type of action or motion that was employed when the funds were initially committed. An ordinance is required to establish, modify, or rescind fund balance commitments. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

**Assigned** - This classification includes amounts that are constrained by the Village's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Village Council or their designee. The Village Manager has been designated by the Village Council via resolution as authorized to assign fund balances.

**Unassigned** - This classification includes the residual fund balance for the General Fund only and the amount established for minimum funding which represents the portion of the General Fund balance that has been established to be used in emergency situations. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

##### *FUND BALANCE FLOW ASSUMPTIONS*

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Village's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last, unless the Village Council has provided otherwise in its commitment or assignment actions by either ordinance or resolution.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *NET POSITION*

Net position in the government-wide financial statements are classified into three components:

**Net Investment in Capital Assets** - This category consists of capital assets, net of accumulated depreciation/amortization, and reduced by any outstanding debt incurred to acquire, construct or improve those assets, excluding unexpended proceeds, plus the net effect of capital asset related deferred outflow/inflow of resources.

**Restricted Net Position** - This category consists of net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation.

**Unrestricted Net Position** - This category consists of all net position that does not meet the definition of either of the other two components.

#### *NET POSITION FLOW ASSUMPTION*

Sometimes the Village will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which resources are considered to be applied. When both restricted and unrestricted resources are available for use, it is the Village's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

#### *USE OF ESTIMATES*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows/outflows, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the reporting period. These estimates include assessing the collectability of receivables, and the useful lives of capital assets. Actual results could differ from those estimates.

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *IMPLEMENTATION OF NEW GASB STANDARDS*

GASB Statement No. 87, *Leases* (“GASB 87”), the objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments’ financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. This Statement was implemented by the Village for the fiscal year ending September 30, 2022.

### NOTE 2 – CASH AND CASH EQUIVALENTS

In addition to insurance provided by the Federal Depository Insurance Corporation, all deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, *Florida Security for Public Deposits Act*, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or another banking institution, eligible collateral. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Accordingly, all amounts reported as deposits are insured or collateralized.

#### *INVESTMENTS*

The Florida State Board of Administration (“SBA”) Pool, hereinafter referred to as “Florida PRIME”, is not a registrant with the Securities and Exchange Commission (“SEC”); however, its board has adopted operating procedures consistent with the requirements for a 2a-7 fund. In accordance with these requirements, the method used to determine the participants’ shares sold and redeemed is the amortized cost method. Amortized cost includes accrued income and is a method of calculating an investment’s value by adjusting its acquisition cost for the amortization of discount or premium over the period from purchase to maturity.

### NOTE 2 – CASH AND CASH EQUIVALENTS (CONTINUED)

#### *INVESTMENTS (CONTINUED)*

The SBA is governed by Chapter 19-7 of the Florida Administrative Code and Chapters 218 and 215 of the Florida Statutes. These rules provide guidance and establish the general operating procedures for the administration of the SBA. Additionally, the Office of the Auditor General of the State of Florida performs the operational audit of the activities and investment of the SBA. The SBA accounts are not subject to custodial credit risk as these investments are not evidenced by securities that exist in physical or bank entry form.

In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the Village's investment in the Florida PRIME meets the definition of a qualifying investment pool that measures for financial reporting purposes all of its investments at amortized cost and should disclose the presence of any limitations or restrictions on withdrawals. As of September 30, 2022, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value. At September 30, 2022, the Village's investment in the Florida PRIME was \$1,978,832. Florida PRIME is presented as a cash equivalent.

**Interest Rate Risk** - The Village has an investment policy that limits investment maturities as a means of managing its exposure to market value losses arising from increasing interest rates. To mitigate risk, the Village primarily invests in investments with maturities of twelve months or less.

The dollar weighted average days to maturity ("WAM") of Florida PRIME at September 30, 2022, is 21 days. Next interest rate reset dates for floating rate securities are used in the calculation of the WAM. The weighted average life ("WAL") of Florida PRIME at September 30, 2022, is 72 days.

**Credit Risk** - The Village has an investment policy that limits investments to the highest ratings by a nationally recognized statistical rating organization ("NRSRO") (Standard and Poor's and Moody's investment services). In order to mitigate credit risk, the Village does limit investments to the highest ratings by a NRSRO. Florida PRIME is rated AAAM by Standard and Poor's.

The SBA issues a separate financial report. A copy of this financial report can be found on the SBA website at [www.sbafla.com](http://www.sbafla.com).

*INVESTMENTS (CONTINUED)*

**Concentration of Credit Risk** - The Village diversifies its portfolio in such a way to control the risk of loss resulting from concentration of assets to a specific maturity, instrument, issue, dealer, or bank through which these securities are bought and sold. The Village only invests in Florida PRIME at September 30, 2022.

NOTE 3 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivable and payable balances at September 30, 2022 were as follows:

	Interfund Receivable	Interfund Payable
General Fund	\$ 427,505	\$ 222,913

**NOTE 4 – LEASE RECEIVABLE**

On May 2, 2005, the Village, as a lessor, entered into a 28 year lease with Miami-Dade County that commenced during fiscal year 2008 for the use of Ludovici Park Library. Effectively October 1, 2021, the Village implemented GASB 87. An initial lease receivable was recorded in the amount of \$1,593,011. As of September 30, 2022, the value of the lease receivable is \$1,484,030. Miami-Dade County is required to make an annual payment totaling \$108,981. The lease receivable is measured at a discount rate of 4.46%, which is an implicit interest rate. The value of the deferred inflow of resources as of September 30, 2022, was \$1,486,810, and the Village recognized lease revenue of \$106,201 during the fiscal year.

Both Miami-Dade County and the Village have the right to terminate the agreement. In the event the Village terminates this agreement before it expires, it shall provide the County at no additional cost to the County and with no interruption except reasonable time for relocation, a space comparable in size and amenities to the Library and acceptable to the County. The Village shall be responsible for the full cost of such relocation. In the event the County terminates this agreement before it expires, the County shall provide the Village with a balloon payment equal to the balance needed to pay-off the Village's construction cost debt.

#### NOTE 6 – LONG-TERM LIABILITIES (CONTINUED)

##### *REFUNDING REVENUE NOTE, SERIES 2015 (DIRECT BORROWING)*

During fiscal year 2016, the Village issued a Refunding Revenue Note, Series 2015 (“Note”), facilitated by the Florida Municipal Loan Council (“FMLC”) in the principal amount of \$1,252,148. The refunding was a current refunding. The proceeds were used for the cost of the initial issuance of the Note and to refund the cost of the Florida Municipal Loan Council Bond Series 2005D for the construction of a library building which had an outstanding balance of \$1,205,000. The Note is collateralized by a pledge of the Village’s non-ad valorem revenues. Total pledged amounts over the life of the note are expected to be approximately \$3,000,000. For the current year, debt service and pledged revenues were approximately \$98,000 and \$109,000, respectively. The total principal and interest remaining on the bonds is \$802,746. The refunding reduced total debt service payments by nearly \$357,385. The bonds are payable semi-annually through October 2030 with principal amounts ranging from approximately \$69,000 to \$97,000 with an interest of 2.359%. The final maturity date of the bonds is October 1, 2030.

Whenever any event of default as referred to in the Note agreement occurs, the FMLC or the purchaser shall, in addition to any other remedies herein or by law provided, have the right at its or their option without any further demand or notice, except as otherwise provided for in this agreement, to take whatever other action at law or in equity which may appear necessary or desirable to collect amounts then due to it and thereafter to become due hereunder or to enforce any other of its or their rights hereunder; provided; however, the FMLC shall only have the right to take such action as it deems necessary to collect amounts then due or to become due to the FMLC.

Debt service requirements to maturity are as follows:

##### *QUALITY NEIGHBORHOOD IMPROVEMENT PROGRAM (“QNIP”) (DIRECT BORROWING)*

The Village is required to pay Miami-Dade County its allocated share of principal and interest of the Miami-Dade County Public Service Tax Revenue Bonds, Series 1999, that were issued prior to the Village’s incorporation. On September 28, 2011, the Miami-Dade County refunded the outstanding Miami-Dade County Public Service Tax Revenue Bonds, Series 1999, with the issuance of the Miami-Dade County Public Service Tax Revenue Bonds, Series 2011. The proceeds from the bonds were used for the construction of parks, drainage, and roads throughout the Village. The Village’s pro rata share of the Miami-Dade County’s bonds is approximately 3.6% and is payable annually through 2024.

On July 28, 2021, the Miami-Dade County refunded the outstanding Miami-Dade County Public Service Tax Revenue Bonds, Series 2011, with the issuance of the Miami-Dade County Capital Asset Acquisition Special Obligation Refunding Bonds, Series 2021B. This resulted in a principal balance savings for the Village of \$80,899 during the current year. The principal and interest payment for the fiscal year ended September 30, 2022 was approximately \$157,000. Payments include interest at approximately 3.7% per annum.

Upon an event of default in the Master Ordinance of Miami-Dade County, a trustee or Bondholder acting for the Holders of all Bonds made by suit, action, mandamus or other judicial proceedings, protect and enforce any and all rights, including the right to the appointment of a receiver, existing under and to the extent permitted by the laws of the State of Florida, or granted and contained in the Master Ordinance, and may enforce and compel the performance of all duties required in the Master Ordinance or by any applicable statutes to be performed by the County or by an officer thereof.

##### *STORMWATER UTILITY REVENUE BONDS (DIRECT BORROWING)*

The Village is required to pay Miami-Dade County its pro rata share of principal and interest of the Miami-Dade County Stormwater Utility Revenue Bonds, Series 1999 and 2004 issued and outstanding since the exemption date of the Village. On September 16, 2013 the Miami-Dade County refunded all of the outstanding Stormwater Utility Revenue Bonds, Series 1999 and Series 2004, except for the Stormwater Utility Revenue Bonds, Series 2004, which matured on April 1, 2014 and April 1, 2015. The proceeds from the bonds were used for the installation of drainage throughout the Village. The Village's pro-rata share of the bonds is approximately 1.7% and is payable annually through 2029.

On September 9, 2020, the Miami-Dade County refunded the outstanding Stormwater Utility Revenues Series 2013 with the issuance of the Stormwater Utility Revenue Refunding Bonds, Series 2020. This resulted in a principal balance savings for the Village of \$162,528 during the current year. The principal and interest payments for the fiscal year ended September 30, 2022 were approximately \$112,000. Payments include interest at approximately 3.5% per annum.

Upon an event of default in the Master Ordinance of Miami-Dade County, a trustee or Bondholder acting for the Holders of all Bonds made by suit, action, mandamus or other judicial proceedings, protect and enforce any and all rights, including the right to the appointment of a receiver, existing under and to the extent permitted by the laws of the State of Florida, or granted and contained in the Master Ordinance, and may enforce and compel the performance of all duties required in the Master Ordinance or by any applicable statutes to be performed by the County or by an officer thereof.

#### *FLORIDA MUNICIPAL LOAN COUNCIL REFUNDING REVENUE BONDS, SERIES 2021A (DIRECT BORROWING)*

In August 2021, the Village issued FMLC Refunding Revenue Bonds, Series 2021A in the principal amount of \$8,815,000 with a bond premium of \$1,663,652. The Series 2021A bonds were issued for the purpose of refunding the Series 2010B in order to reduce total debt service payments by \$4,647,661. The economic gain on the refunding was \$3,156,171 in net present value savings. The reacquisition price exceeded the net carrying amount of the old debt by \$34,784, which was deemed insignificant. The bonds are secured by a pledge of the Village's non-ad valorem revenues. The principal and interest payments for the fiscal year ended September 30, 2022 were approximately \$652,000. The total principal and interest remaining on the bonds is \$11,732,850. The bonds are payable semi-annually over 20 years with principal amounts ranging from \$649,000 to \$655,000 and interest payments ranging from 3% to 4%. The final maturity date of the bonds is October 1, 2040. S&P Global Ratings (S&P) has assigned a rating to the Bonds of "AAA" (stable outlook).

Whenever any event of default referred to in the bond agreement hereof shall have happened and be continuing, the Council or the trustee shall, in addition to any other remedies herein or by law provided, have the right, at its or their option without any further demand or notice, to take such steps and exercise such remedies as provided in the Agreement, and, without limitation, to take whatever other action at law or in equity which may appear necessary or desirable to collect amounts then due and thereafter to become due hereunder or to enforce any other of its or their rights hereunder.

**NOTE 7 – DEFINED CONTRIBUTION PLAN**

The Village provides retirement benefits for full time employees through a money purchase plan (a defined contribution plan) (the “Plan”). The Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of the employees are tax deferred until the time of withdrawal. The Plan is administered by International City Managers’ Association Retirement Corporation. Amendments to the Plan are authorized by the Village Council. The Plan was established pursuant to Resolution 03-82 adopted on October 7, 2003 by the Village Council.

### NOTE 7 – DEFINED CONTRIBUTION PLAN (CONTINUED)

Plan benefits depend solely on amounts contributed to the Plan, plus investment earnings, less administrative expenses. The Village's minimum contribution for participating employees is 6% of the employees' gross salary. Plan members may contribute up to 6% of the Plan member's gross salary and receive an additional equal match from the Village for a total Village contribution of up to 12% of the member's salary. Employees are fully vested after 5 years of service. Employees contributed approximately \$263,000 and the Village contributed approximately \$266,000 to the Plan during the fiscal year ended September 30, 2022.

### NOTE 8 – OTHER POST-EMPLOYMENT BENEFITS (OPEB)

#### *PLAN DESCRIPTION*

The Village, in compliance with Florida Statute 112.0801, shall allow all former personnel who retire, and their eligible dependents, the option to continue to participate in the group insurance plan or self-insurance plan. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost no more than the premium cost applicable to active employees. For retired employees and their eligible dependents, the cost of continued participation shall be paid by the retired employees. The benefits of the OPEB Plan conform to Florida Statutes, which is the legal authority for the OPEB Plan. The OPEB Plan is not accounted for as a trust fund since an irrevocable trust has not been established to fund the OPEB Plan. The OPEB Plan has no assets and does not issue a separate financial report. The OPEB Plan is a single-employer defined benefit plan.

#### *FUNDING POLICY*

The Village provides no funding for any portion of the premiums after retirement. However, the Village recognizes that there is an "implicit subsidy" arising as a result of the blended rate premium since retiree health care costs, on average, are higher than active employee healthcare costs. It is the Village's current policy to fund the plan on a "pay-as-you-go" basis. The OPEB liability is liquidated through the funds from the General Fund.

The Village requires that retirees must pay the monthly premium as determined by the insurance carrier for single coverage, spousal coverage, children coverage, or family coverage, as applicable.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

*GRANTS*

Grant monies received and disbursed by the Village are for specific purposes and may be subject to audit by the grantor agencies. Such audits may result in requests for reimbursements due to disallowed expenditures or other actions by grantor agencies. Based upon prior experience, the Village does not believe that such disallowances or other actions taken by the grantor agencies, if any, would have a material effect on the financial position of the Village.

*LITIGATION*

The Village is also subject to various claims that arise in the normal course of business. Management believes that, although the outcome of the litigation cannot be predicted with certainty, the ultimate liability, if any, will not have a material adverse effect on the Village's financial statements.

## NOTES TO BASIC FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

---

### NOTE 9 – COMMITMENTS AND CONTINGENCIES (CONTINUED)

#### *RISK MANAGEMENT*

The Village is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the Village carries commercial insurance. There was no reduction in insurance coverage from coverage in the prior year and there were no settlements that exceeded insurance coverage for each of the past three years.

#### *AGREEMENT WITH MIAMI-DADE COUNTY FOR LOCAL POLICE PATROL SERVICES*

On May 5, 2003, the Village executed an agreement with Miami-Dade County for local police patrol services. The Village makes regular monthly payments to Miami-Dade County. Payments are adjusted to accrue for labor costs incurred and deducted from the gross revenues due to the Village from Miami-Dade County. Payments for the services provided by Miami-Dade County are based on the level of staffing services requested by the Village utilizing the actual personnel costs of officers and equipment. This agreement was modified in July 2019 and expires in September 2024. Payments for patrol services totaled approximately \$8,409,027 during fiscal year ended September 30, 2022.

#### *CONSTRUCTION COMMITMENTS*

The Village had construction commitments of approximately \$2,416,000 outstanding at September 30, 2022.

### NOTE 10 – DEFICIT IN FUND BALANCE

At September 30, 2022, the Building Fund had a deficit of \$210,163. The Village expects to fund this deficit with transfers from the General Fund in subsequent years.

**NOTE TO BUDGETARY COMPARISON SCHEDULE**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

---

**NOTE 1 – BUDGETARY COMPARISON SCHEDULES**

The General Fund annual appropriated budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. Special Revenue, Debt Service and Capital Projects Funds do not have annual appropriated adopted budgets.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

- (1) Prior to fiscal year end, the Village Manager submits to the Village Council a proposed operating budget for the fiscal year commencing the following October 1st. The operating budget is restricted to proposed expenditures and the means of financing them by means of appropriated revenues, other financing sources and appropriations of fund balances. Budgetary control over expenditures, including capital outlay and transfers in the General Fund is legally maintained at the fund level.
- (2) Two public hearings are conducted to obtain taxpayer comments as required by Truth in Millage (“TRIM”) legislation.
- (3) Prior to October 1st (unless preempted by TRIM) as stated in the Village’s Charter, the budget is legally enacted through passage of an ordinance.
- (4) The Village Manager may amend the adopted budget for adjustments within departments administratively in the General Fund, but the Village Council must approve all budget adjustments between funds. Supplemental appropriations of revenues in excess of the adopted budget may be appropriated by the Council by way of an ordinance. There were no supplemental appropriations for the fiscal year.
- (5) Unencumbered appropriations lapse at year-end.
- (6) The General Fund had \$1,512,622 in supplemental appropriations in fiscal year 2022. Of this amount, \$379,465 was allocated to fund balance.

## **COMPLIANCE REPORTS**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor, Village Council and Village Manager  
**Village of Palmetto Bay, Florida**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Palmetto Bay, Florida (the "Village"), as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated March 31, 2023.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

To the Honorable Mayor, Village Council and Village Manager  
**Village of Palmetto Bay, Florida**

**Report on Compliance for the Major Federal Program**

***Opinion on the Major Federal Program***

We have audited the Village of Palmetto Bay, Florida (the "Village") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the Village's major federal program for the fiscal year ended September 30, 2022. The Village's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Village complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2022.

***Basis for Opinion on the Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Village and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Village's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Village's federal programs.

## ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Village's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Village's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Village's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Village's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Village, as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements. We issued our report thereon dated March 31, 2023, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022**

---

**NOTE 1 – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the “Schedule”) presents the expenditures activity of all federal awards of the Village of Palmetto Bay, Florida (the “Village”) for the fiscal year ended September 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Village, it is not intended to and does not present the financial position, changes in net position/fund balance or cash flows of the Village.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**NOTE 3 – INDIRECT COST RATE**

The Village has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR  
GENERAL OF THE STATE OF FLORIDA**

To the Honorable Mayor, Village Council and Village Manager  
**Village of Palmetto Bay, Florida**

***Report on the Financial Statements***

We have audited the financial statements of the Village of Palmetto Bay, Florida (the “Village”), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated March 31, 2023.

***Auditors’ Responsibility***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, Rules of the Auditor General.

***Other Reporting Requirements***

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for the Major Federal Program; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance, Schedule of Findings and Questioned Costs; and Independent Accountants’ Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated March 31, 2023, should be considered in conjunction with this management letter.

***Prior Audit Findings***

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. The status of the audit finding and recommendation made in the preceding annual financial audit report has been addressed and identified in Appendix A to this report.

### ***Official Title and Legal Authority***

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 of the financial statements.

### ***Financial Condition and Management***

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Village has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Village did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Village. It is management's responsibility to monitor the Village's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. The financial condition assessment was performed as of fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

### ***Additional Matters***

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that has occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

### ***Purpose of this Letter***

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Honorable Mayor, Village Council, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO  
SECTION 218.415, FLORIDA STATUTES**

To the Honorable Mayor, Village Council and Village Manager  
**Village of Palmetto Bay, Florida**

We have examined the Village of Palmetto Bay, Florida (the "Village") compliance with Section 218.415, Florida Statutes, Local Government Investment Policies, for the fiscal year ended September 30, 2022. Management of the Village is responsible for the Village's compliance with the specified requirements. Our responsibility is to express an opinion on the Village's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Village complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the Village complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the Village's compliance with specified requirements.

In our opinion, the Village complied, in all material respects, with Section 218.415, Florida Statutes for the fiscal year ended September 30, 2022.

This report is intended to describe our testing of compliance with Section 218.415, Florida Statutes and it is not suitable for any other purpose.
