March 19, 2024

To the Honorable Mayor, Members of the City Commission and Community Members:

We are pleased to present the City of Sunrise (the City) Annual Comprehensive Financial Report (ACFR) for the fiscal year ended September 30, 2023. State law requires that all general-purpose local governments publish a complete set of financial statements within nine months of the close of each fiscal year. The financial statements included in this report conform to generally accepted accounting principles (GAAP) and are audited by a firm of licensed certified public accountants in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

This report consists of management's representations concerning the finances of the City. Responsibility for both the reliability of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed to protect the City's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. To the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Marcum LLP, a firm of licensed certified public accountants, has audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2023, are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit and the reports of other auditors, that there was a reasonable basis for rendering unmodified opinions that the City's financial statements for the fiscal year ended September 30, 2023, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader federal mandated "Single Audit" designed to meet the special needs of the federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report on the fair presentation of the financial statements, on the audited government's internal controls over financial reporting, on compliance, and other matters.

GAAP requires that management provide a narrative introduction overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

City Profile

The City of Sunrise, incorporated in 1961, is located in southeastern Florida in Broward County. The City encompasses an area of approximately 18 square miles with an estimated population of over 97,000, making Sunrise the 25th largest city in Florida. The City is convenient to three international airports and three deep-water ports, and hosts an estimated 30 million visitors each year.

The City has operated under a City Commission/City Manager form of government since 1989. The City Commission is comprised of the Mayor, Deputy Mayor, Assistant Deputy Mayor, and two Commissioners, who enact laws, determine policies and adopt the annual budget. The City Commission appoints the charter officers, which include the City Manager, City Clerk, City Attorney, Fire Chief and Chief of Police. The City Manager is responsible for carrying out the policies of the City Commission and for overseeing the daily management of the City. The City Manager also appoints the heads of the various departments.

The City provides a full range of services including police and fire protection, emergency medical service, water, wastewater and gas services, sanitation and recycling services, stormwater services, recreational and cultural activities/events, construction and maintenance of streets and other infrastructure, and general administrative services. Internal services of the City, accounted for on a cost reimbursement basis, include workers' compensation insurance, fleet management, information technology and communications services, and self-funded health insurance. The City is financially accountable for one special improvement district and one special tax district, both of which are included as an integral part of the City's ACFR. Additional information on legally separate entities can be found in the notes to the financial statements (See Note I.A.).

The annual budget serves as the foundation for the City's financial planning and control. All departments of the City are required to submit requests for appropriation to the City Manager. The City Manager uses these requests as the basis for developing a proposed budget. The City Manager then presents the proposed budget to the City Commission on or before August 1st of each year. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget by September 30th of each year. The appropriated budget is prepared by fund, function (e.g. Public Safety), and department (e.g. Police). The City Manager is authorized to transfer appropriations within a department, office or agency; however, any other revisions require approval of the City Commission. Program based budgeting has been implemented to help the reader understand the true cost of various programs.

Budget-to-actual comparisons are provided in this report for each governmental fund for which an appropriated annual budget has been adopted.

Economic Outlook and Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the environment within which the City operates.

Local Economy

The City of Sunrise, situated in the heart of the tri-county region (Miami-Dade, Broward and Palm Beach), is well diversified and continues to be a prime location for corporate headquarters and major office operations. The City continues to be a leader in the region for the attraction of new corporate investment, job growth and business expansion. The City offers developers and business owners superior access to a lucrative customer base. As the region's population base continues to shift north and west, the Sawgrass area of Sunrise has become the population center of the tri-county area. As such, the City is uniquely situated to offer a large pool of prospective employees and customers to many multi-national corporations, regional corporate offices and headquarters for leading domestic and international corporations.

Sunrise is a business, commerce and employment dynamo for the State of Florida. The City is home to industry heavyweights and renowned companies like American Express, AT&T, Comcast, Cigna, Chetu, New York Life, and many others. Sunrise boasts Broward County's largest corporate office park, the 650-acre Sawgrass International Corporate Park, which is ideally situated at the convergence of I-595, I-75 and the Sawgrass Expressway. Companies located in the Corporate Park provide over 20,000 jobs to South Floridians.

The City of Sunrise is home to a diversified group of businesses, including corporate offices, financial services, tech companies, medical companies, research and development companies, one of the most successful outlet malls in the continental United States - Sawgrass Mills and the 20,000 seat Amerant Bank Arena, one of the finest arenas in the country and home to the National Hockey League's Florida Panthers professional ice hockey team and a popular destination for major concerts and events. A strong endorsement of the City's business appeal is that corporations, hotels, restaurants, office parks and attractions already located in our community continue to expand and invest in the area. The area of the City anchored by these three major assets (Sawgrass Mills mall, Sawgrass International Corporate Park and the Amerant Bank Arena) is known as the *Sunrise Business and Entertainment District*. This four-square mile district has over \$5 billion worth of property value and continues to attract tourism, investment, and jobs to Sunrise.

Demand for residential, quality office, industrial, manufacturing and hospitality projects in South Florida continues and developers continue making progress with plans for new development in Sunrise.

In 2023, a total of 410 new business licenses were issued in Sunrise, with over 3,400 business license renewals. Commercial vacancy rates decreased compared to last year. Lease rates average about \$34 per square foot - extremely strong numbers for a suburban market like Sunrise.

Our two large mixed-use projects in Western Sunrise have also made progress, Radius is negotiating with a large Corporate user and Metropica completed their first residential tower and is negotiating the next phases of the development.

The multifamily housing market continues to be a strong performer in Sunrise with occupancy and rents at historic highs. New apartment and townhome projects totaling over 2,000 new units throughout the City are in various stages of planning and development.

The City has also been focusing on implementation of the East Sunrise Improvement's Master Plan. This massive redevelopment initiative, coined *Celebrate Sunrise*, was created to improve the quality of life, appearance, and values of both residential and commercial properties within our original Sunrise neighborhoods. The goal is to stimulate investment and redevelopment of commercial areas and to revitalize our original neighborhoods, primarily from University Drive eastward to the City limits. Since the adoption of the Master Plan in 2019, the City has purchased numerous parcels of land and commercial properties in the area and has already committed over \$30 million in infrastructure and other improvements. Redevelopment is already underway with several projects completed and others on the horizon.

The Sunrise economy continues to prosper and is expected to remain a favorite destination to conduct business and for international visitors to spend time and money. High-quality job opportunities continue to expand in Sunrise with new commercial development, which strengthen the City's appeal as a location to purchase or rent a home. All indicators portray a City poised to capture both residential and commercial investors in 2024 and beyond.

Long-term Financial Planning

The City maintains a general fund revenue stabilization account with a funding level of five percent (5%) of last known audited actual operating expenditures to mitigate any potential future general fund revenue shortfalls. In addition, a contingency reserve account with a funding level of fifteen percent (15%) was created to provide funding for disasters, emergencies, or other exigent circumstances. These measures are intended to buffer unforeseen economic changes as they arise.

Major Initiatives

Park projects include:

- The creation of Sunset Strip Park, a new multipurpose green space with paved walkways, landscaping and more.
- The Village Art Plaza will create a public space that connects the Village Community Center and City Park and will allow for a public art walk, as well as providing space for community engagement, public gathering, and special events.
- Veterans Park will have a memorial plaza, military salute promenade and contemplation labyrinth as well as a boundless playground and open space.

Building projects include:

- The Municipal Campus expansion provided a new City Hall building and will create an intermodal public transfer station, an expanded amphitheater, and amenities for the public.
- Civic Center pool pump building replacement will replace the aging infrastructure of the existing building.

Utility projects include:

- Springtree Water Treatment Plant supply wells.
- Southwest Wastewater Deep Injection Well installation which will relieve the capacity constraints at the southwest plant and Sawgrass Wastewater Treatment Plant.
- Sawgrass Wastewater Treatment Plant Train A clarifier mechanism replacement.
- Springtree Water Treatment Plant Phase II will support the conversion of the plant under nanofiltration (NF) treatment.
- Stormwater Pump Station #8 Rehabilitation to improve operation and efficiency of the pump.
- Advanced Meter Infrastructure (AMI) project to replace the City's utility meters which currently require manual reading with automated meters.

The City hosted a variety of large-scale annual community events such as Fall Harvest Festival, Boo Bash (Halloween), Winter Wonderland, Woofstock (Dog Festival), Royal Egg Hunt, and various Movies- in-the-Park events. The City also hosted a variety of other special events, including a Back to School Round-Up and Comic Con (a comic book and gaming convention). The City's annual Fourth of July Celebration featured a morning parade and an evening outdoor concert and fireworks spectacular at the Amerant Bank Arena, which attracted an estimated 20,000 revelers from across the region. Cultural events included year-round Theatre and Art Gallery programming, a Martin Luther King Jr. Arts Weekend, our annual Cultural Festival, open mic nights and writing workshops for teens, and our popular Tunes 'N Trucks outdoor concert series. The City also opened new park facilities with community ribbon cutting celebrations. The City's robust scholastic and community-based chess programs have earned Sunrise local, national, and international acclaim. In addition, the City hosts a wide variety of athletic competitions such as competitive swim meets, baseball and softball tournaments, and soccer tournaments which bring in athletes and teams from across the region on an annual basis. Together, these offerings enhance the quality of life for Sunrise residents and attract visitors and tourism.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Sunrise, Florida for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended September 30, 2022. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report was made possible by the efficient and dedicated service of the Finance and Administrative Services Department staff. Sincere appreciation is expressed for the contributions made by all individuals in the preparation of this report. Credit also must be given to the Mayor and City Commissioners for their commitment to prudent fiscal management practices that emphasize long-term financial stability.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sunrise, Florida (the "City"), as of and for the fiscal year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the City of Sunrise Police Officers' Retirement Plan and City of Sunrise General Employees' Retirement Plan ("Pension Plans"), component units of the City, which represent 74%, 77% and 52%, respectively, of the assets, net position/fund balance and revenues/additions of the aggregate remaining fund information as of September 30, 2023. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Pension Plans, is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis on pages 15 through 24, the schedules of changes in the net pension liability and related ratios, the schedules of employer contributions, and the schedule of changes in total OPEB liability and related ratios on pages 90 through 95 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City’s basic financial statements. The combining and individual fund statements and schedules and the schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. *Code of Federal Regulation* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises of Data Elements as Required by Section 218.39(3)(c), Florida Statutes, and the introductory and statistical sections, but does not include the basic financial statements and our auditors’ report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 19, 2024, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Marcum LLP

Fort Lauderdale, FL
March 19, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS (unaudited)

The following discussion and analysis of the City of Sunrise's financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2023. Please read it in conjunction with the letter of transmittal which can be found on pages 1-6 of this report and the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

Government-wide

- The City's total net position, on a government-wide basis, totaled \$769,863,312 at September 30, 2023, an increase of 4.8% from September 30, 2022.

Governmental Activities

- On a government-wide basis for governmental activities, the City's general revenues of \$107,191,352 were \$4,819,775 less than the \$112,011,127 of expenses net of program revenue. Additionally, general revenues were \$15,963,759 more than the prior year representing an increase of approximately 17.5%. Investment earnings account for \$8,060,769 of the increase.
- As of September 30, 2023, the City's governmental activities reported a total ending net position of \$183,624,548. Unrestricted net position has a negative amount of \$41,552,386 due to the deferred outflows, deferred inflows and the pension and other postemployment benefits liabilities now being recognized as required by GASB reporting requirements.

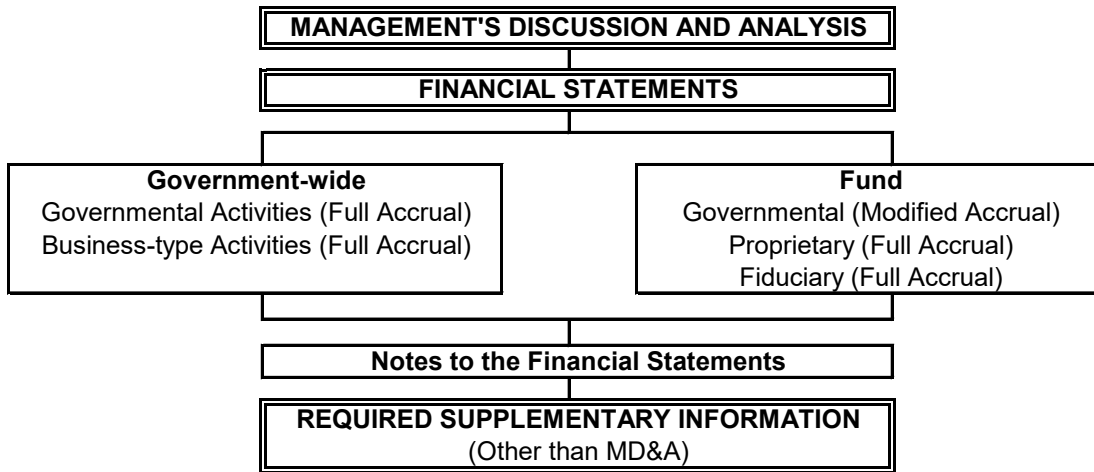

General Fund

- At the end of the current fiscal year, fund balance for the general fund was \$95,312,580. Of this balance, \$867,421 for inventories, prepaid items and advances was nonspendable; \$33,754,698 was committed for revenue stabilization, contingency, economic development, and reforestation replacement; \$546,000 was assigned for subsequent year's expenditures and \$2,071,940 was assigned for encumbrances and construction contracts commitments. The balance of \$58,072,521 is unassigned and available for new spending.
- At the end of the fiscal year, the unassigned fund balance was \$58,072,521 or 36.7% of general fund revenues and 40.2% of general fund expenditures.
- General fund revenues and other financing sources increased by \$15,321,997, an increase of 10.3% from fiscal year 2022 primarily due to increased assessed property values accounting for \$4,624,054, intergovernmental (grants) accounting for \$2,690,783 and investment revenue accounting for \$5,477,848 of the increase in General fund revenue.
- General fund expenditures and other financing uses increased by \$4,925,297, or 3.3% greater than last fiscal year primarily due to increases to general government expenditures of \$2,141,909, increase in public safety expenditures of \$1,677,919 and increase to culture and recreation of \$1,130,879.

USING THE FINANCIAL SECTION OF THIS ANNUAL COMPREHENSIVE FINANCIAL REPORT

The City's basic financial statements are presented within the financial section of this Annual Comprehensive Financial Report. As illustrated in the following chart, the financial section has three components: management's discussion and analysis (this section), the basic financial statements and required supplementary information.

COMPONENTS OF THE FINANCIAL SECTION

GOVERNMENT-WIDE STATEMENTS

The government-wide financial statements, the Statement of Net Position and the Statement of Activities, report information about the City as a whole using accounting methods similar to those used by private-sector companies; they provide both long-term and short-term information about the City's overall financial status. The Statement of Net Position presents financial and capital resources of the City. It includes all of the City's assets, liabilities and deferred inflows/outflows of resources reported using the full accrual basis of accounting. The Statement of Activities accounts for all of the current year's revenues and expenses, regardless of when cash is received or paid.

The government-wide financial statements report the City's net position and the changes in net position. The City's net position - the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources - are one way to measure the financial health, or financial position, of the City. Over time, increases or decreases in net position may be an indicator of whether the financial position of the City is improving or deteriorating. However, in order to assess the overall health of the City, other non-financial factors such as changes in the City's property tax base and condition of the infrastructure must be considered.

The City's government-wide financial statements are divided into two categories:

Governmental activities – Most of the City's basic services are reported here, such as police, fire and other public safety services, culture and recreation, transportation and general administration. Property, utility service and sales taxes, charges for services, franchise fees, and state and federal grants finance most of these activities. One other legal entity for which the City is financially accountable - Special Tax District No. 1 is a blended component unit of the City.

Business-type activities – The City's water, wastewater and gas, sanitation, recycling, stormwater and golf course operations are reported here. Fees are charged to customers to recover all or a significant portion of the costs of providing these services.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more information about the City's most significant funds on an individual basis. The fund financial statements focus on reporting the City's operations in more detail than the government-wide statements. The City has three types of funds – Governmental, Proprietary and Fiduciary.

Governmental Funds

General, special revenue, debt service and capital projects funds are governmental funds, funds which focus on 1) near-term inflows and outflows of spendable resources and 2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information follows the governmental funds statements that explain the differences between them.

In fiscal year 2023, the City maintained eighteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Improvements capital projects fund and Municipal Complex capital projects fund (major funds). Data from the other fifteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund and other governmental funds. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget as one of the basic financial statements.

Proprietary Funds

Services for which the City charges customers a fee are generally reported in proprietary funds. These funds, like the government-wide statements, provide both long-term and short-term financial information. The City's enterprise funds (one type of proprietary fund) are the same as its business-type activities, but the fund financial statements provide more detail and additional information, such as cash flows. The City uses enterprise funds to account for its water, wastewater and gas, sanitation, recycling, stormwater, and golf course operations. The City uses internal service funds (the other type of proprietary fund) to report activities that provide services for the City's other programs and activities. The Workers' Compensation, Fleet Management, Information Technology and Communications, and Self-Insured Health funds are the City's four internal service funds. Because these services benefit both governmental activities and business-type activities, they have been allocated accordingly in the government-wide financial statements.

The proprietary fund financial statements provide separate information for the water, wastewater and gas utility system and the sanitation funds, both of which are considered to be major funds of the City. Data from the other three proprietary funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor proprietary funds is provided in the form of combining statements elsewhere in this report.

Fiduciary Funds

The City is the trustee, or fiduciary, for its employees' pension plans and for the special assessment custodial fund. The City is responsible for ensuring that the assets reported in these funds are used for their intended purpose. The City's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a separate Statement of Changes in Fiduciary Net Position for the pension plans and custodial funds. The City excludes these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations. The accounting used for fiduciary funds is similar to accounting used for proprietary funds. Data from the three pension trust funds is combined into a single aggregated presentation. Individual fund data is provided in the form of combining statements elsewhere in this report.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Summary of Net Position

The following table presents the condensed comparative Summary of Net Position for fiscal year 2023 and 2022:

Summary of Net Position
As of September 30, 2023 and 2022
(in thousands)

	Governmental Activities		Business-type Activities		Total

Long-term liabilities	398,184	282,673	240,656	231,513	638,840	514,186
Total liabilities	<u>431,311</u>	<u>315,608</u>	<u>263,062</u>	<u>252,137</u>	<u>694,372</u>	<u>567,745</u>
Deferred inflows of resources	21,752	57,422	10,319	20,319	32,071	77,741
Net position:						
Net investment in capital assets	171,320	176,459	241,431	231,169	412,751	409,352
Restricted	53,857	54,501	111,126	75,735	164,983	128,512
Unrestricted	(41,552)	(47,129)	233,681	243,994	192,129	196,865
Total net position	<u>\$ 183,625</u>	<u>\$ 183,831</u>	<u>\$ 586,238</u>	<u>\$ 550,898</u>	<u>\$ 769,863</u>	<u>\$ 734,729</u>

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of September 30, 2023, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$769,863 thousand.

The majority of the City's net position (53.6%) reflects its investment in capital assets, less any outstanding related debt and deferred outflows/inflows used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (21.4%) represents resources that are subject to external restrictions on how they may be used, such as debt or capital projects. The remaining balance of unrestricted net position (25.0%) may be used to meet the City's ongoing obligations to its citizenry.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position for the business-type activities and positive balances in two of the three categories of net position (net investment in capital assets and restricted) for the governmental activities.

There was an overall increase in net position of \$35,134 thousand for the current fiscal year. The increase of \$35,340 thousand for business-type activities is primarily due to higher revenues for water/wastewater, stormwater and gas as compared to the expenses for those operations. The decrease of \$206 thousand for governmental activities is primarily due to increase in governmental expenditures (\$29,624 thousands) over the increase in governmental revenue (\$24,845 thousands). Primary cause for the increase in governmental expenditures is due to increase in the GASB 68 expenditures, in current year were an increase of \$10,779 thousand vs last year was a reduction of \$12,578 thousand.

Summary of Activities

The following table provides a condensed comparative summary of the City's operations for the fiscal years ended September 30, 2023 and 2022:

Changes in Net Position

Revenues

For the fiscal year ended September 30, 2023, revenues from governmental activities totaled \$180,055 thousand.

General property taxes were \$57,885 thousand, an increase of \$4,683 thousand as compared to fiscal year 2022. Assessed property values increased by 8.1% compared to 2022 while the City maintained its previous year's millage rate.

Charges for services increased by \$6,212 thousand mainly due to the increases in Public Safety (increase in Building permits), Water & Sewer (rate change near the end of the year), and Sanitation Fund (CPI for the FY 2023).

Operating grants and contributions increased by \$2,674 thousand due to increase in the public assistance federal grant funds (primarily ARPA grant) and increase in insurance premium taxes. Capital grants and contributions increased by \$3,776 thousand primarily due to increases in developer contributions, increase in interest earning related to capital (construction projects) and having new Homeland Security Urban Area grant that in current year.

Unrestricted investment earnings increased by \$25,734 thousand due to increase in interest rates by the Federal Reserve which cause most interest/investment earnings to increase substantially by the end of FY 2023.

Sources of Revenue: Government-wide for FY 2023

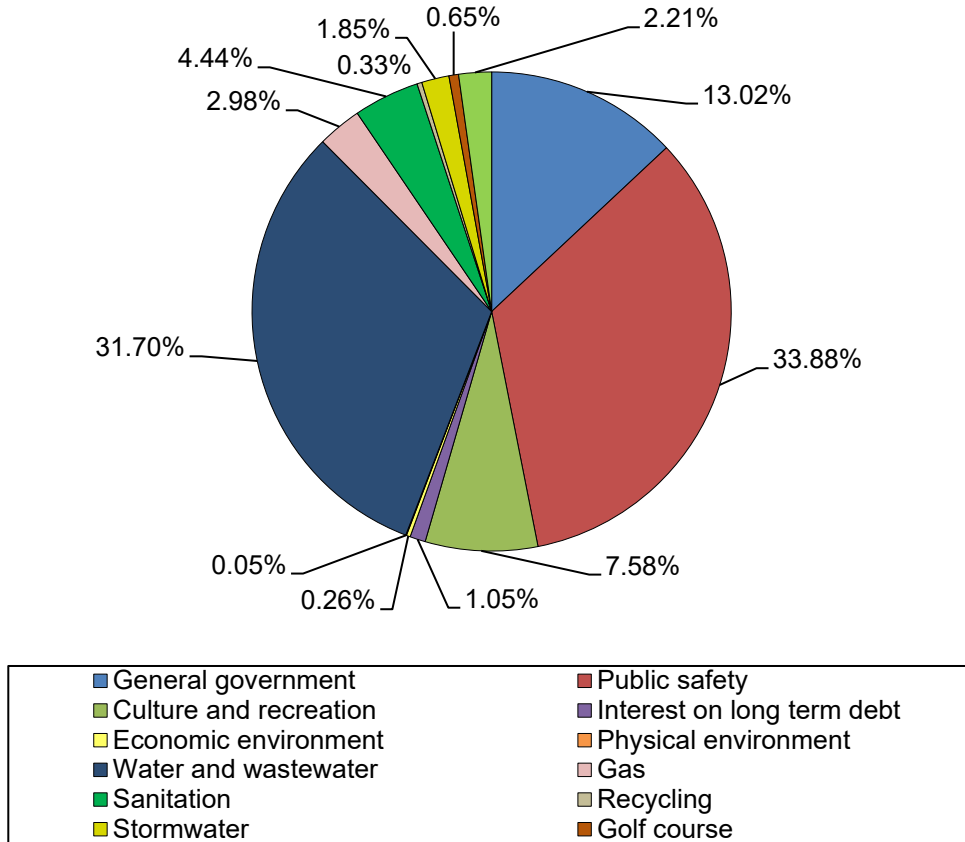

Expenses

For the fiscal year ended September 30, 2023, expenses for governmental activities totaled \$184,875 thousand, an increase of \$29,652 thousand. This is primarily due to an increase in GASB 68 Pension expenses across the whole city which was \$23,357 more than the prior year.

Expenses for the City’s business-type activities, which provide water, wastewater and gas, sanitation, recycling, stormwater services and golf course operations, totaled \$133,577 thousand, an increase of \$10,070 thousand from fiscal year 2022. This increase was primarily due to an increase in repair and maintenance (approximately \$3,338 thousand), increase in salary, wages and employee benefits (\$4,122 thousand) and increase in insurance and other expenses (\$1,224 thousand) by the Water & Sewer fund. Sanitation fund also had an increase in solid waste removal cost (\$978 thousand).

Functional Expenses: Government-wide for FY2023

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

For the fiscal year ended September 30, 2023, the governmental funds reflect a combined fund balance of \$178,467,721 a decrease of \$4,737,439 in comparison with the prior year. Approximately 99.5% of this total amount (\$177,515,457) constitutes spendable fund balance. The remainder of fund balance is non-spendable and not available for new spending because it has already been committed for advances (\$120,000), prepaid items (\$746,298) and inventories (\$85,966). The primary reason for the decrease in fund balance was that the Municipal Complex Capital Project Fund had \$16,119,338 more in capital expenditures for the municipal complex project than the revenue for the current year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The difference between the original budget and the final amended budget for expenditures and transfers out amounted to a \$6,728,030 increase in appropriations. Of this increase, \$381,980 was funded through a grant/donation and \$6,346,050 was funded from the General Fund unassigned fund balance. Highlights of the supplemental appropriation follow:

- \$381,980 in increases were funded by outside government grant and donations were allocated as follows:
 - Public safety increased by \$86,980 from a \$5,000 donation used for a new Police equipment (infrared safety lights), and \$24,500 in state grant from Florida Department of Transportation for traffic equipment and \$57,480 from Federal Public Safety Grant to fund the Kevin and Avonte Program in Police.
 - Non-department increase by \$295,000 from Public Transportation Grant agreement to support the City's transportation service (new demand electric vehicle shuttle program).

- \$6,346,050 increases were supplemental appropriations from the General Fund unassigned fund balance. Amount was allocated as follows:
 - Non-departmental increased by \$3,680,000 for transfer to General Capital Projects fund to increase funding for the Municipal Campus expansion.
 - Non-departmental increased by \$740,000 for transfer to General Capital Projects fund to increase funding for various capital improvement plan projects.
 - Facilities (Public Works) increase by \$378,000 for funding of “Neighborhood Participation Program Phase 4.
 - Encumbrance rollover from prior year of \$1,548,050 funding various categories.

General Fund
Summary of Revenues, Expenditures and Changes in Fund Balance – Budget to
FY 2023
(in thousands)

	<u>Original Budget</u>	<u>Final Budget</u>	<u>Actual Amounts</u>
Revenues			
Taxes	\$ 71,630	\$ 71,630	\$ 73,925
Permits and fees	3,379	3,379	1,015
Franchise Fees	9,830	9,830	11,938
Intergovernmental	13,446	13,823	14,732
Charges for services	26,069	26,069	27,736
Other	24,225	24,230	28,760
Total	<u>148,579</u>	<u>148,961</u>	<u>158,106</u>
Expenditures	150,999	153,207	144,638
Excess (deficiency) of revenues over (under) expenditures	<u>(2,420)</u>	<u>(4,246)</u>	<u>13,468</u>
Other financing sources (uses)			
Transfers in	5,375	5,375	5,369
Transfers out	(3,823)	(8,343)	(8,343)
Debt proceeds from subscriptions	-	-	47
Sale of capital assets	50	50	104
Total	<u>1,602</u>	<u>(2,918)</u>	<u>(2,823)</u>
Net change in fund balance	<u>\$ (818)</u>	<u>\$ (7,164)</u>	<u>\$ 10,645</u>

Actual general fund revenues were greater than original budgeted revenues by \$9,145 thousand. This increase was primarily due to more investment earnings (higher interest rates), more tax revenue (insurance premiums were increasing state-wide resulting in higher Insurance Premium Tax and FPL increased electricity charges resulting in higher utility service taxes), more franchise fees (also increase due to the increase electricity charges by FPL) offset by a decrease in permit revenue. Actual general fund operating expenditures were less than the original budget by \$6,361 thousand primarily due to reduced expenditures in General government category (reduced personnel cost due to vacancies in Planning and Development department and reduce cost in Non-departmental) from planned. Additionally, the original budget for transfers out was less than the final budget by \$4,520 thousand due to the transfer of funds to the Capital Projects Fund for construction of various capital projects (primarily the Municipal Campus expansion).

CAPITAL ASSETS

At the end of fiscal year 2023, the City's governmental activities had a net investment of \$274,853,373 in a variety of capital assets and infrastructure, which represents a net increase of \$9,015,283 (including the beginning balance restatement for intangibles-subscription right to use) from the prior year. The City's net investment in capital assets for its business-type activities amounted to \$397,240,137, which represents a net decrease of \$3,466,424 from the prior year. The following table reflects the components of capital assets and their changes:

	Government-wide Change in Capital Assets (in thousands)					
	Governmental Activities			Business-type Activities		
	Balance 10/1/2022	Net Additions/ Deletions	Balance 10/1/2023	Balance 10/1/2022	Net Additions/ Deletions	Balance 10/1/2022

Totals	<u>\$ 266,947</u>	<u>\$ 7,906</u>	<u>\$ 274,853</u>	<u>\$ 400,707</u>	<u>\$ (3,466)</u>	<u>\$ 397,241</u>

* The beginning balance was restated due to the implementation of GASB Statement No. 96. Refer to Note IV.K

Major capital asset events during the current fiscal year included the following:

- Completion of various facility projects including the construction of a new City Hall, citywide bus shelters-Phase 1, Oscar Wind Park intermediate phase and 25.5 acre wetlands remediation.
- Major projects completed by Water/Wastewater Utility System are they SW 130th Avenue forcemain rehabilitation and Springtree Wastewater Treatment Plan headworks improvements.

Planning, design or construction is in progress on the following projects:

- Various parks improvements are in the construction phase, such as Village Art Plaza, Civic Center Phase 2 improvements, and Veterans Park
- The Municipal Campus Expansion (old city hall demolition, parking garage and amphitheater phase) started and is expected to be completed in FY 2025.
- Various system additions and improvements are under construction in the Water/Wastewater Utility System.

Additional information on the City's capital assets can be found in note IV.C to the financial statements.

LONG-TERM DEBT

At the end of the current fiscal year, the City had total debt principal outstanding of \$246,714,315. Of this amount, \$152,670,000 direct borrowing secured solely by specified revenue sources, \$53,220,000 is general obligation bonds and \$39,610,000 is special obligation bonds and \$62,739 is Lease Liability principal and remaining \$1,151,576 is Subscription Liability principal (related to implementation of GASB 96). More detailed information about the City's long-term liabilities is presented in Note IV. H to the financial statements.

The City's special tax district ad valorem tax bonds have an insured rating of "A2" by Moody's Investors Service and an insured rating of "AA" by Standard and Poor's. The general obligation bonds have a rating of "Aa2" by Moody's and "AA" by Fitch. The special obligation bonds series 2020 have a rating of "AA" and Fitch rating of "AA-"

The special assessment bonds (Series 2015) were issued to fund design and construction of two public parking garage structures and improvements to public infrastructure, intersections, traffic signalization and rights-of-way and a portion of existing parking lots on land owned by benefitted owners located at Sawgrass Mills mall. The bonds have a rating of "BBB" by Fitch. The City is not obligated in any manner for the payment of principal and interest for these bonds. Funds are collected through special assessments on the affected property owners. The City acts as the fiduciary agent for these funds.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The millage rate of \$6.0543 was adopted for fiscal year 2024, which was the same millage rate as fiscal year 2023. The millage rate has remained the same since fiscal year 2010.

There are rate increases for the Water and Wastewater Fund and the Consumer Price Index (CPI) increase of 5.71% has been implemented for FY 2023. Gas rate increased by a CPI of 4.93%. Stormwater rates have increased by the CPI of 5.71%. Sanitation fund increased by 4.35% and Recycling fund increased by a CPI of 4.00%. On the expenditure side, health insurance premiums remain the same while increases are expected for pension and other employee benefit costs.

According to the U.S. Department of Labor, Bureau of Labor Statistics, the City's total resident employment as of September 2023 was 54,683 compared to 53,277 as of September 2022. The City's resident unemployment rate increased from 2.6% in September 2022 to 3.0% in September 2023. The State of Florida's unemployment rate in September 2022 was 2.8%.

As of July 2023 (the latest data available from the U. S. Census Bureau), the City's median household income was \$66,001, while the State's median household income was \$67,917.

REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance and Administrative Services Director, 10770 West Oakland Park Blvd., Sunrise, Florida 33351.

**CITY OF SUNRISE, FLORIDA
RECONCILIATION OF THE BALANCE SHEET
TO THE STATEMENT OF NET POSITION -
GOVERNMENTAL FUNDS
SEPTEMBER 30, 2023**

Fund balances - total governmental funds	\$ 178,467,721
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	259,608,473
Debt interest payable that will not be liquidated with current financial resources is not reported in the funds.	(472,902)
Deferred inflows of resources related to pension income and other post employment benefits are not recognized in the governmental funds; however, they are reported in the statement of net position under full accrual accounting.	(11,934,430)
Deferred outflows of resources related to pension contributions and other post employment benefits are not recognized in the governmental funds; however, they are reported in the statement of net position under full accrual accounting.	108,601,712
The internal service funds are used by management to charge the costs of workers' compensation, fleet management, information technology and communications, and self-insured health to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	36,370,474
Other post employment benefits are not due and payable in the current period and, therefore, are not reported in the funds.	(23,579,919)
Pension liabilities are not due and payable in the current period and therefore, are not reported in the funds.	(252,327,468)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore, are not reported in the funds.	<u>(111,109,113)</u>
Net position of governmental activities	<u>\$ 183,624,548</u>

The notes to the financial statements are an integral part of this statement.

**CITY OF SUNRISE, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023**

Net change in fund balances - total governmental funds	\$ (4,737,439)
--	----------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	8,795,402
--	-----------

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, write-offs and donations) is to increase/(decrease) net position.	(845,079)
--	-----------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	3,561,452
---	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	(195,034)
---	-----------

Cash pension contributions reported in the funds were greater than the calculated pension expense on the statement of activities and therefore reduced net pension liability.	(10,245,267)
---	--------------

Internal service funds are used by management to charge the costs of workers' compensation, fleet management, information technology and communications, and self-insured health to individual funds. The net revenue of certain activities of the internal service funds are reported with governmental activities.	3,459,917
--	-----------

Change in net position of governmental activities	\$ (206,048)
---	--------------

The notes to the financial statements are an integral part of this statement.

I. Summary of Significant Accounting Policies

A. Reporting entity

The City of Sunrise, Florida (the “City”) was incorporated June 22, 1961 and has a population of approximately 97,000 living within an area of approximately 18 square miles. The City was established under Charter 61-2902, which was adopted in 1961 with a mayor/commission form of government. By referendum, the city commission/city manager form of government replaced the mayor/commission form of government in 1989. Five elected city commission members comprised of the Mayor, Deputy Mayor, Assistant Deputy Mayor and two Commissioners govern the City.

In evaluating the City as a reporting entity, management has addressed all potential component units for which the City may or may not be financially accountable and, as such, be includable within the City’s financial statements. The City (the primary government) is financially accountable if it appoints a voting majority of the organization’s governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefit to or impose specific financial burden on the City and/or has operational responsibility. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. If the component unit’s governing body is substantively the same as the City’s, the component unit is blended (reported as if it was part of the City’s operations).

Blended component units

City of Sunrise Special Tax District No. 1 (the District) was created by Ordinance 373. The District provides, or assists in the provision of, public works lying within its territorial limits. All elected and appointed officials and employees of the City are, ex officio, the officials and employees of the District. Management of the City has operational responsibility for the component unit.

B. Government-wide and fund financial statements

The financial statements of the City have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units in accordance with Governmental Accounting Standards Board Pronouncements (GASB). The City applied the requirements, as applicable, of the following GASB Statements effective October 1, 2022: Statement No. 91, *Conduit Debt Obligations*; Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*; Statement No. 96, *Subscription-Based Information Technology Arrangements*; and Statement No. 99, *Omnibus 2022 implementing the requirements related to Leases, Public-Private Partnerships, and Subscription-Based Information Technology Arrangements*.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been eliminated from these statements. Exceptions to this are administrative charges where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the City's water and wastewater function and various other functions of the City. The net residual amounts due between governmental and business-type activities are presented as internal balances in the statement of net position. Amounts reported in the funds as receivable from or payable to fiduciary funds are included in the statement of net position as receivable from and payable to external parties, rather than as internal balances.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported instead as general revenues. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting and financial statement presentation

Measurement focus is commonly used to describe the types of transactions and events that are reported in a fund's operating statement. Basis of accounting refers to the point at which revenues and expenditures/expenses are recognized in the accounts and reported in the financial statements and relates to the timing of transactions, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. The economic resources measurement focus is on the determination of net income and capital maintenance. All fund assets, deferred outflows/inflows of resources, and liabilities, current and non-current, are accounted for in the fund. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Certain indirect costs are included in the program expense reported for business-type activities.

Amounts reported as program revenues include 1) charges to customers for goods, services or privileges provided, 2) operating grants and contributions and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues, rather than as program revenues. Taxes and other items not classified as program revenues are reported as general revenues.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. The current financial resources measurement focus is on the determination of and changes in financial position. This concept emphasizes the acquisition, use and balance of governmental fund expendable available financial resources and related current liabilities. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred. The exception to this general rule is that principal and interest on general long-term debt and compensated absences are recognized when due.

Property taxes, gas taxes, utility service taxes, franchise fees, fuel tax refunds, administrative charges and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. In applying the susceptible to accrual concept to intergovernmental revenues, revenues are recognized when all eligibility requirements are met. All other revenue items are considered to be measurable and available only when cash is received by the City.

Governmental funds are used to account for the City's general government activities. The City reports the following major governmental funds:

- The General Fund is the operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.
- The Capital Improvements Capital Projects Fund accounts for general capital projects.
- The Municipal Complex Capital Project Fund accounts for the development, design, and construction of the building and surrounding structures as part of the Municipal Complex.

The other governmental funds are a summarization of all the non-major governmental funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative fees, general expenses and depreciation/ amortization on capital assets. Operating expenses for the internal service funds include claims, insurance premiums, general expenses and depreciation/amortization on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

The City reports the following major proprietary funds:

- The Water, Wastewater, and Gas Utility System enterprise fund accounts for the provision of water, wastewater and natural gas services to customers inside and outside the City limits.
- The Sanitation enterprise fund accounts for the provision of solid waste disposal services to City residents.

The other proprietary funds are a summarization of all the non-major proprietary funds.

Additionally, the City reports the following fund types:

Internal service funds are used to account for goods or services provided by one department to other departments of the City on a cost-reimbursement basis. The City operates four internal service funds for the purpose of workers' compensation services, fleet management, information technology and communications, and self-insured health.

Fiduciary funds include pension trust funds and a custodial fund. The pension trust funds account for the activities of the City's general employees', police officers' and firefighters' pension plans, which accumulate resources for pension benefit payments to qualified employees. The custodial fund is used to account for transactions related to \$70,120,000 Taxable Special Assessment Bonds, Series 2015 which includes the establishment of a debt service reserve and the debt service transactions associated with the bonds. The bonds were issued by the City and secured by assessments on real property within a specified area that stands to benefit from the improvements provided by the bonds, known as the Parking Garages Assessment Area. The City has no liability for repayment of the bonds and is merely acting as the property owners' agent in handling the debt service transactions by collecting the assessments and forwarding for payment to the bondholders each May 1 and November 1. For fiscal year ended September 30, 2023, the custodial fund reports total net position of \$6,805,508, which consists of the debt service reserve of \$4,786,575 and \$2,018,933 received from the property owners for the 2024 debt service of the bonds.

D. Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

1. Cash and cash equivalents

The City has defined cash and cash equivalents to include cash on hand, demand deposits, short-term investments (including restricted assets) with original maturities at the time of purchase of three months or less, external investment pools, money market mutual funds, and equity in the City's pooled cash.

Pooled cash is an investment tool employed by the City that maximizes earning potential by investing large amounts of idle cash for short periods of time. It is available for use by all funds except those whose cash and investments must be segregated due to bond covenants or other legal restrictions. The City maintains pooled cash accounts in all of its funds except for the pension trust funds, debt service funds, capital projects funds that are funded by special assessments or debt, and the Police Confiscation fund. Interest income is distributed based on average daily balances.

The City invests surplus funds in a variety of investment vehicles, including external investment pools. The City invests in three external investment pools (Florida PRIME, Florida Fixed Income Trust and Florida Cooperative Liquid Assets Securities System). The City owns shares of the pools, not the underlying securities. Florida PRIME is administered by the SBA, who provides regulatory oversight, and has been managed by Federated Hermes, Inc. since February 2008. Florida Fixed Investment Trust (FL-FIT) is administered by Deep Blue Investment Advisors and Florida Cooperative Liquid Assets Securities System (FLCLASS) is administered by Public Trust Advisors, LLC. Florida PRIME is governed by Chapter 19-7 of the Florida Administrative Code and Chapters 215 and 218 of the Florida Statutes. These rules provide guidance and establish the policies and general operating procedures for administration of the investment pool. Florida PRIME is not a registrant with the Securities and Exchange Commission (SEC); however, the SBA has adopted operating procedures consistent with the requirements for a 2a-7 fund and measures all of its investments at amortized cost. The investments in Florida PRIME are not insured by FDIC or any other governmental agency. With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawals, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of September 30, 2023, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of the account value.

Florida Fixed investment Trust (FL-FIT) was established in accordance with Florida Statute 163.01. The majority of the approved securities in the within the FL-FIT Cash Pool portfolio have a maximum maturity limit of approximately one year. The portfolio is a floating net asset value (NAV) product and provides same-day liquidity for participants.

Florida Cooperative Liquid Assets Securities System (FLCLASS) is an intergovernmental investment pool authorized under Section 218.415, Florida Statutes. FLCLASS is a stable \$1.00 NAV local government investment pool that provides for investing in high-quality, short- to medium-term securities.

Pooled cash and cash equivalents are also invested in various certificates of deposit, The Florida Cooperative Liquid Assets Securities System and Florida Fixed Income Trust Cash Pool local government investment pools, and four money market mutual funds including Fidelity Investments Money Market Government Portfolio Institutional Class, Goldman Sachs Financial Square Government Fund – Institutional Shares, First American Money Market Funds - Treasury Obligations Fund, and Federated Hermes Government Obligations Fund - Institutional Shares.

2. Investments

The City's authorized investments include the Florida PRIME or any authorized intergovernmental investment pool, U.S. Government and Agency securities, obligations of U.S. government sponsored enterprises implicitly or explicitly guaranteed by the U.S. government, mortgage-backed securities, certificates of deposit, repurchase agreements, commercial paper, corporate notes, obligations of state and local governments, certain money market mutual funds, short term bond funds, and bankers' acceptances. Investments purchased with maturities of three months or less are classified as cash equivalents.

Investments, including The Florida Cooperative Liquid Assets Securities System and Florida Fixed Investment Trust Cash Pool local government investment pools, are stated at fair value (quoted market price or the best available estimate thereof). However, the Florida PRIME investment pool, money market investments, including short-term, highly liquid investments with a remaining maturity at time of purchase of one year or less, and certificates of deposit are reported at amortized cost.

Bond ordinances authorize trust account investments in deposit accounts of any banks that are fully insured by federal depository insurance or fully collateralized by federal securities, repurchase agreements and general obligation or full faith credit bonds, notes or obligations of any state or subdivision provided such obligations meet certain rating requirements. The bond ordinances also provide that monies on deposit in the reserve account may be invested only in federal securities.

The City's pension funds' investment policies are determined by the respective Boards of Trustees. Their portfolios may consist of obligations guaranteed by the U.S. government, time or savings accounts, corporate bonds, common or preferred stocks, international equity funds (up to 25% of portfolios), limited real estate investments (up to 15% of portfolios), and mutual funds. Fair values of investments are determined as follows: securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the fiscal year at current exchange rates; securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the past reported bid and ask prices; and investments that do not have an established market are reported at estimated fair value as determined by the Board of Trustees. Time deposits and short-term investment pools are valued at amortized cost.

3. Receivables and payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “interfund receivables/payables” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

Advances to other funds (an asset), as reported in the governmental fund financial statements, are classified as nonspendable fund balance to indicate they are not available for appropriation. Customer receivables are shown net of an allowance for uncollectible accounts. All assessments are reported, including delinquencies.

4. Inventories and prepaid items

All City inventories are maintained on a consumption basis of accounting where items are purchased for inventory and charged as an expenditure/expense as the items are consumed. The reported governmental fund type inventories are offset by a fund balance classified as nonspendable that indicates unavailability of spendable resources. Inventories held by the General Fund consist of postage stamps while inventories included in the special revenue funds consist of irrigation parts and road materials. Inventories included in the enterprise funds consist of chemicals, meters, and parts and supplies. Inventories in the internal service funds consist of fuel. Governmental fund inventories are stated at cost, using the first-in/first-out (FIFO) method. The chemicals and fuel inventories in the enterprise and internal service funds are stated at cost using the FIFO method; the meters and parts and supplies inventories are stated at cost, using the weighted average method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditure when consumed rather than when purchased. The governmental fund financial statements consider prepaid items to be nonspendable fund balance.

5. Restricted assets

Certain proceeds of the City’s enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants. The “revenue bond operations and maintenance” account is used to report resources set aside to pay operating and maintenance expenses. The “revenue bond debt service” account is used to segregate resources accumulated for debt service payments over the next twelve months. The “revenue bond reserve” account is used to report resources set aside to make up potential future deficiencies in the revenue bond debt service account. The “revenue bond renewal and replacement” account is used to report resources set aside to cure deficiencies in the debt service account or the reserve account, or to fund asset renewals and replacements.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first and then unrestricted resources as they are needed. In the governmental funds, when both restricted resources and other resources (committed, assigned, and unassigned) can be used, the spending priority is committed, assigned, then unassigned, except in the General Fund where the spending priority is assigned, unassigned, then committed.

6. Capital assets

Capital assets, which include property, plant, equipment, vehicles, intangibles, infrastructure assets (e.g., roads, bridges, etc.) and right to use assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. Generally, the City defines capital assets as assets with an initial, individual cost of \$5,000 or greater and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Contributed assets are recorded at acquisition value as of the date received. Subscription-based information technology arrangements are capitalized when the cost is \$25,000 or greater.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated and amortized using the straight-line method over the following estimated useful lives.

Intangibles	5 - 45 years
Buildings	25 - 50 years
Improvements other than buildings	5 - 20 years
Water and wastewater plant	30 - 50 years
Gas plant	25 - 50 years
Deep well injection system	50 years
Machinery & equipment	3 - 10 years
Vehicles	5 - 12 years
Public domain infrastructure	20 - 50 years

Contributions of funds from federal, state or local sources for the purpose of purchasing property, plant and equipment and connection fees intended to recover the cost of connecting new customers to the system are recorded as capital contributions on the proprietary statement of revenues, expenses, and changes in net position.

7. Pensions

Net pension liability, deferred outflows and inflows of resources, pension expense and information about the fiduciary net position, and additions and deductions to fiduciary net position have been determined and reported on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

8. *Deferred outflows/inflows of resources*

The Statement of Net Position includes a separate section for deferred outflows of resources. This represents a consumption of net assets applicable to future periods and will not be recognized as an expense/expenditure until the future period to which it applies. Items in this category include a deferred charge on refunding, a deferred pension expense (see note V.C.) and a deferred OPEB expense (see note V.D.). A deferred charge on refunding is the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt.

The Statement of Net Position also includes a separate section, listed below total liabilities, for deferred inflows of resources that represents the acquisition of net assets applicable to future periods and is not recognized as revenue until the period to which it applies. Items in this category include unavailable revenue, deferred pension income (see note V.C.) and deferred OPEB income (see note V.D.). Governmental funds report unavailable revenue using the modified accrual basis of accounting from special assessments. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

9. Compensated absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits, which will be paid to employees upon separation from City service if certain criteria are met. The accumulated compensated absences and associated employee-related costs are accrued when incurred in the government-wide and proprietary fund financial statements. The current portion is the amount estimated to be used in the following fiscal year. The compensated absences balance in the governmental funds represents a reconciling item between the fund and the government-wide presentations.

10. Long-term obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums/discounts are amortized using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

11. Net position or fund balance

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. Net investment in capital assets represent the City's capital assets net of accumulated depreciation plus the capital-related deferred outflows of resources less any capital-related borrowings and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed to meet the various covenants as may be specified and defined in the revenue bond indenture or other legal document.

The governmental funds' financial statements report five categories of fund balance: nonspendable, restricted, committed, assigned and unassigned. Nonspendable fund balances include amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Amounts that are restricted to specific purposes either by a) constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation are classified as restricted fund balances. Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Commission through an ordinance or resolution (which are both equal and the highest level of decision-making authority) are classified as committed fund balances. These constraints remain binding unless removed or changed in the same manner employed to commit those resources. Amounts that are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed are classified as assigned fund balances. Funds can only be assigned by City Commission. With the exception of the general fund, this is the residual fund balance classification for all governmental funds with positive balances. Unassigned fund balance is the residual classification that has not been restricted, committed or assigned. Any residual (unassigned) balance must be positive in the General Fund but may be negative in any other governmental funds as a result of overspending for specific purposes for which amounts have been restricted, committed or assigned.

12. Revenue stabilization

A general fund revenue stabilization account was approved by City Commission through resolution to mitigate the impacts of future revenue shortfalls. The minimum funding level is five percent (5%) of audited actual operating expenditures based on the most recent year in which audited operating expenditures are available. Disbursements from the revenue stabilization account may be made by the City Commission by enactment of an ordinance requiring a majority plus one vote if the following criteria is met: the revenue shortfall in a fiscal year results from revenue collections short of the amount budgeted by five percent (5%) or more or the revenue shortfall results from projected budgeted revenues for any ensuing year that are less than the previous year's adopted revenue budget and the revenue shortfall is expected to persist through the end of the fiscal year.

13. Use of estimates

The preparation of the financial statements in conformity with GAAP in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows/outflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

II. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes the reconciliation between *fund balances – total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds”. The details of this \$(111,109,113) are as follows:

Bonds payable	\$ (92,055,000)
Plus: Issuance premiums	(6,549,736)
Compensated absences	(11,765,121)
Lease liability	(62,739)
Subscription liability	<u>(676,517)</u>
Net adjustment to reduce <i>fund balances - total governmental funds</i> to arrive at <i>net position of governmental activities</i>	<u>\$ (111,109,113)</u>

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes the reconciliation between *net change in fund balances – total governmental funds* and *change in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense”. The details of this \$8,795,402 difference are as follows:

Capital outlay	\$ 26,626,299
Depreciation and amortization expense	(15,319,327)
Non-capitalized capital outlay expenditures	<u>(2,511,570)</u>
Net adjustment to increase <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position of governmental activities</i>	<u>\$ 8,795,402</u>

Another element of that reconciliation states that “the net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, write-offs and donations) is to increase/ (decrease) net position”. The details of this \$(845,079) difference are as follows:

The statement of activities reports losses arising from the write-off of capital assets. Governmental funds do not report any loss resulting from a capital asset write-off.	<u>\$ (845,079)</u>
Net adjustment to increase <i>net change in fund balances - total governmental funds to arrive at change in net position of governmental activities</i>	<u>\$ (845,079)</u>

Another element of that reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position”. The details of this \$(3,561,452) difference are as follows:

Subscription liability proceeds	\$ (47,687)
Amortization of bond premium	664,538
Interest accrual for General Obligation bonds	17,813
Bond principal repayments	2,200,000
Lease liability principal	356,206
Subscription liability principal	<u>370,582</u>
Net adjustment to decrease <i>net change in fund balances - total governmental funds to arrive at change in net position of governmental activities</i>	<u>\$ 3,561,452</u>

Another element of that reconciliation states that "some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds”. The details of the \$(195,034) difference are as follows:

Other post employment benefits	\$ (613,375)
Compensated absences	<u>418,341</u>
Net adjustment to decrease net change in fund balances - total governmental funds to arrive at change in net position of governmental activities	<u>\$ (195,034)</u>

III. Stewardship, Compliance and Accountability

A. Budgetary information

Budgets are legally adopted for all governmental and proprietary fund types. Annual budgets are adopted on a basis consistent with generally accepted accounting principles. Project-length budgets are adopted in the capital projects funds. All unencumbered, annual appropriations lapse at fiscal year-end. Significant appropriations outstanding at year-end are re-appropriated in the following year.

The appropriated budget is prepared by fund, function, and department. The city manager may make transfers of appropriations among programs within a department, office or agency. Transfers of appropriations between departments require the approval of the city commission.

Expenditures/expenses may not legally exceed appropriations at the individual fund level; exception is the general fund expenditures, which may not exceed appropriations at the department level. Supplemental appropriations for operating and capital expenditures of \$759,980 for the general fund, \$70,000 for the special revenue funds, \$100,000 for the internal service funds, \$4,420,000 for the capital projects funds were approved during the year and are included in the final budget.

The City follows these procedures in establishing the legally adopted budgetary data:

1. Prior to August 1st, the City Manager submits to the City Commission a proposed annual budget, budget message and capital program for the fiscal year commencing October 1st. The operating budget includes proposed expenditures/expenses and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1st, the budget is legally enacted through the passage of an ordinance as required by the City Charter.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders) outstanding at year-end are reported as assigned fund balance and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year. Encumbrances in the amount of \$23,853,753 were rolled over from the prior year (see Note IV.E)

IV. Detailed Notes on all Funds

A. Deposits and investments

As of September 30, 2023, the reported value of the City's deposits and investments, exclusive of the Pension trust and custodial funds, was \$633,841,709. Cash and cash equivalents at September 30, 2023 amount to \$78,707,927 restricted and \$259,730,718 unrestricted. Total investments amount to \$59,722,985 restricted and \$235,680,079 unrestricted.

The following table summarizes the City's cash and cash equivalents and investments:

	Reported Value	Less Than 1 Year	1 - 3 Years	Credit Rating	Average Maturity in Days	Percent Distribution
Cash and investments:						
Cash						
Cash on hand	\$ 69,505	\$ 69,505	\$ -	- NA -		- NA -
Demand deposits:						
Bank United	71,222,666	71,222,666	-	- NA -		11.24%
Synovus Bank	14,068,924	14,068,924	-	- NA -		2.22%
Other deposits (operating accounts)	65,640,462	65,640,462	-	- NA -		10.36%
Money market mutual funds:						
Fidelity Investments FRGXX	13,994,087	13,994,087	-	AAAm/Aaa-mf	29	2.21%

Total investments	<u>\$ 295,403,064</u>	<u>\$ 89,057,821</u>	<u>\$ 206,345,243</u>			
Total cash and investments	<u>\$ 633,841,709</u>	<u>\$ 427,496,466</u>	<u>\$ 206,345,243</u>			<u>100.00%</u>

Interest rate risk. The City's investment policy, exclusive of the Pension trust funds, addresses exposure to declines in fair value by limiting the weighted average duration of its investment portfolio to less than three years and by limiting final maturity to seven years or less from date of settlement. The City may withdraw its funds from any of the above-mentioned investment vehicles, other than the bonds and commercial paper, upon one day's notice. To limit exposure to interest rate risk, the City and its three Pension Plans: General Employees, Firefighters and Police Officers diversify investments by security type and institution, and limit holdings in any one type of investment with any one issuer with various durations of maturity. In addition, the Police Officers' Pension Plan manages its exposure to declines in fair values by limiting the effective duration of its investment portfolio through the adoption of the Barclays Capital Intermediate Government/Credit Index.

As of September 30, 2023, the General Employees' Pension trust fund had the following fixed income investments:

Investment Type	Fair Value	Investment Maturities (In Years)			
		Less than 1	1-5	6-10	More than 10
Bond mutual funds	\$34,897,071	\$ 3,490	\$12,074,386	\$16,628,454	\$ 6,190,741

Credit Risk	Fair Value	AAA	AA	A
		Bond mutual funds	\$34,597,071	\$23,060,099
		BAA	BB	B & Lower
		\$4,159,731	\$1,430,780	\$1,050,402

The City's Police Officers' Pension trust fund contained the following fixed income investments as of September 30, 2023:

Investment Type	Fair Value	Effective Duration (Years)	Barclays Aggregate Bond Rating
U.S. Government obligations	\$26,855,973	4-16	AA+
U.S. agency obligations	17,561,830	1-19	AA+
Corporate bonds	5,977,496	1-8	A-
Temporary investment funds	4,235,378	0	-
Total fair value	<u>\$54,630,677</u>		

At September 30, 2023, the City's Firefighters' Pension trust fund had the following fixed income investments:

Investment Type	Credit Rating	Fair Value	Investment Maturities (In Years)			
			Less than 1	1-5	6-10	More than 10
U.S. Government bonds and notes	*	1,239,901	-	831,667	408,234	-
U.S. Government bonds and notes	AAA	1,728,540	-	-	-	1,728,540
U.S. Government agency securities	AA+	89,660	-	89,660	-	-
Mortgage-backed securities	*	7,134,326	-	17,607	268,958	6,847,761
Corporate obligations	A+ to BBB+	4,994,062	-	1,735,733	3,258,329	-
		<u>\$ 15,186,489</u>	<u>\$ -</u>	<u>\$ 2,674,667</u>	<u>\$ 3,935,521</u>	<u>\$ 8,576,301</u>

* Obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government are considered to have no credit risk.

Credit risk. The City's investment policy limits the quality and quantity of investments in order to mitigate the effects of credit risk. Funds that are invested in U.S. government obligations are considered to have no credit risk. Consistent with State law, the General Employees' Pension Plan and the Police Officers' Pension Plans' investment guidelines limit corporate bonds to the top three ratings issued by one of the nationally recognized statistical rating organizations. The SBA Florida PRIME investment guidelines limit securities to the highest short-term rating category by one or more nationally recognized rating organizations ("NRSROs"), or be deemed to be of comparable quality by the Investment Manager, subject to section 215.47(1)(j), Florida Statutes.

Concentration of credit risk. The City's revised investment policy limits the investment in any single issuer from 5% to no more than 40% of the value of the portfolio depending on the investment sector. The 40% maximum is restricted to U.S. Government and Agency instruments and Government Sponsored Enterprise (GSE) securities. Depository accounts (other than operating) secured by the Florida Security for Public Deposits Act, Chapter 280, Florida Statutes are limited to 25% of the portfolio per issuer. Investments in intergovernmental investment pools authorized pursuant to the Florida Interlocal Cooperation Act as provided in Florida Statute 163.01, is limited to no more than 60% of the value of the portfolio. The policy further limits investments in intergovernmental investment pools to a maximum of 35% in any one issuer. The Florida PRIME fund investment pool's exposure to a single non-governmental issuer is limited to 5% and exposure to any single money market mutual fund will not exceed 10% of the Florida PRIME assets. The policy restricts investments in registered investment companies (money market mutual funds) to 50% of the portfolio and 20% per issuer. The General Employees', Police Officers' and Firefighters' Pension Plans investment policies do not allow for an investment in any one issuer that is five percent or more of the Plans' net position restricted for benefits.

Custodial credit risk – deposits. In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. All cash deposits are held in qualified public depositories pursuant to State of Florida Statutes Chapter 280, "Florida Security for Public Deposits Act". Under the Act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The pledging level may range from 25% to 150% depending upon the depository's financial condition and establishment period. All collateral must be deposited with the Chief Financial Officer. Any losses to a public depositor, not covered by deposit insurance and the proceeds from the sale of collateral pledged by the defaulting depository, will be assessed against other qualified public depositories. Accordingly, all deposits are deemed insured or collateralized.

Custodial credit risk – investments. This is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. No custodial credit risk exposure exists for the City or the pension plans as all investments are held by each entity's custodial bank and registered in each entity's name.

Foreign currency risk. This is the risk that changes in the exchange rates will adversely affect the fair value of an investment. The City's investment policy requires all securities be denominated in U.S. dollars. Therefore, there is no foreign currency risk exposure. The foreign pension investments that are held by the General Employees', Police Officers' and Firefighters' pension funds are not subject to foreign currency risk as they are denominated in U.S. dollars.

Fair Value Measurement - When applicable, the City measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. GASB defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the City has the ability to access;
- Level 2: Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table summarizes the City's investments, excluding the pension funds, within the fair value hierarchy at September 30, 2023:

	Fair Value	Level 1	Level 2
U.S. treasuries	\$ 82,635,788	\$ -	\$ 82,635,788
Commercial paper	88,759,876	-	88,759,876
Corporate notes	20,760,345	-	20,760,345
Total investments at fair value	<u>192,156,009</u>	<u>\$ -</u>	<u>\$ 192,156,009</u>
Investments measured at net asset value (NAV)			
Florida Fixed Income Trust Select Cash Pool (FL-FIT)	43,038,563		
Florida Local Government Investment Trust (FLGIT)	<u>59,910,547</u>		
Investments reported at amortized cost			
Certificates of deposit	<u>297,945</u>		
Total investments	<u>\$ 295,403,064</u>		

Debt securities - Debt securities consist primarily of negotiable obligations of the U.S. government and U.S. government-sponsored agencies, preferred securities, and bond funds. These securities can typically be valued using the close or last traded price on a specific date (quoted prices in active markets). When quoted prices are not available, fair value is determined based on valuation models that use inputs that include market observable inputs. These inputs included recent trades, yields, price quotes, cash flows, maturity, credit ratings, and other assumptions based upon the specifics of the investment's type.

Investments Measured at Net Asset Value (NAV)				
		Unfunded	Redemption	Redemption
		Commitments	Frequency	Notice Period
Collective funds FL-FIT	\$ 43,038,563	-	Daily	Next Day
Collective funds FLGIT	<u>59,910,547</u>	-	Daily	Next Day
Total investments measured at NAV	<u>\$ 102,949,110</u>			

The FL-FIT is a commingled Pool designed to provide a high level of current income consistent with low volatility of net asset value and provide positive holding period returns for time horizons of 1-3 years or greater. The management team utilizes multiple short-term investment strategies based upon the interest rate outlook for the 1 to 5-year part of the treasury curve. The management team takes advantage of these short-term strategies by utilizing a diversified portfolio of fixed income securities such as U.S. Treasury and Agencies Securities, government securities and agency mortgage back securities, corporate securities, commercial paper and other money market investments.

The FLGIT Short Term Bond is a floating net asset value pool with next day liquidity. The pool's objective includes the safety and preservation of principal, liquidity sufficient to meet the redemption schedule and income consistent with these objectives. The portfolio primarily invests in asset-backed securities, U.S. government agency securities, U.S. treasury securities and corporate bonds. Other investments include repurchase agreements, municipal bonds, and obligations of the U.S. state and local entities.

The following table summarizes the General Employees' Pension Plan's investments within the fair value hierarchy at September 30, 2023:

	Fair Value	Level 1	Level 2
Common stocks	\$ 18,137,430	\$ 18,137,430	\$ -
Fixed income mutual funds	34,897,071	-	34,897,071
Equity mutual funds	123,245,157	-	123,245,157
International equity trust funds	37,708,024	-	37,708,024
Total investments at fair value	213,987,682	\$ 18,137,430	\$ 195,850,252
Investments measured at Net Asset Value (NAV)			
Real estate funds	39,682,092		
Total investments	\$253,669,774		

Common stocks - Investments traded on U.S. or foreign securities exchanges are generally valued at the regular trading session closing price on the exchange or market in which such securities are principally traded.

Fixed income and equity mutual funds – Some of the underlying securities have observable Level 1 quoted pricing inputs. However, while the underlying asset values may be based on quoted market prices, the net asset value of the portfolios is not publicly quoted. Additionally, some of the underlying securities employ matrix pricing. Accordingly, these investments have been reported as Level 2.

International equity trust funds – The Plan invests in two international equity trusts (“IETs”). The IETs’ underlying investments consist mostly of common stocks which are considered Level 1 securities under the fair value hierarchy. One of the IETs also includes forward exchange currency contracts which are considered Level 2 liabilities under the fair value hierarchy. The other IET holds short-term investments which consist of cash held by its custodian who sweeps it into money market funds, and are considered Level 2 investments.

Real estate funds – This type includes three real estate funds that invest primarily in a diversified portfolio of institutional quality multi-family, industrial, retail and office assets in the U.S. Real Estate is considered an illiquid investment strategy as funds generally have a life span of seven to 10 years. The nature of investments in this asset type is that distributions are received through investment generated income and the liquidation of the underlying assets of the fund. The fair values of the investments in this asset type are valued in good faith based upon the most recent financial information available for the underlying companies. These are reported by the investment managers at the measurement date. The estimated fair value of these investments may differ from values that would have been used had a ready market existed. The fair values of the investments in this type have been determined using the NAV (or its equivalent) of the plan's ownership interest in partners' capital. Two investments have quarterly liquidity and one can be redeemed at any time; however, all three investments are subject to liquidity risks. Liquidity risk is the risk that redemption notice periods are required and longer periods may be imposed before payment of redemption proceeds are settled.

The following table summarizes the Police Pension Plan's investments (excluding money market funds) within the fair value hierarchy at September 30, 2023:

	Fair Value	Level 1	Level 2
U.S. Government obligations	\$ 26,855,973	\$ -	\$26,855,973
U.S. agency obligations	17,561,830	-	17,561,830
Corporate bonds	5,977,496	-	5,977,496
Domestic stocks	63,007,554	63,007,554	-
Domestic equity investment funds	40,784,000	40,784,000	-
International equity investment funds	19,792,218	19,792,218	-
Temporary investment funds	4,235,378	4,235,378	-
Total investments at fair value	178,214,449	<u>\$127,819,150</u>	<u>\$50,395,299</u>
Investments measured at net asset value (NAV)			
Commingled real estate funds	<u>17,621,590</u>		
Total investments	<u>\$195,836,039</u>		

Debt securities - Debt securities classified in Level 1 or Level 2 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used by Interactive Data Pricing and Reference Data, LLC to value securities based on the securities' relationship to benchmark quoted prices.

Mutual funds – The rationale for inclusion in Level 1 or Level 2 points to the unobservable inputs involved in mutual fund pricing. Mutual funds do not trade using bid and ask, as with ETF's or common stock. Instead, the prices are determined by the net asset value of the underlying investments at the close of business for the next day's open. The underlying assets themselves may include a variety of Level 1 and Level 2 securities and some may be valued using matrix pricing which interpolates the price of a security based on the price of similar securities.

Fixed income funds – Valued using pricing models maximizing the use of observable input for similar securities. This includes basing value on yield currently available on comparable securities of issues with similar credit ratings.

Equity funds - Valued at market prices for similar assets in active markets.

Common stock - Valued at quoted market prices for identical assets in active markets.

Investments Measured at Net Asset Value (NAV)				
		Unfunded	Redemption	Redemption
		Commitments	Frequency	Notice Period
Real estate investment funds:				
ASB Allegiance Real Estate Fund	\$ 9,153,937	-	Quarterly	60 days
Barings Core Property Fund L.P	8,467,653	-	Quarterly	60 days
Total investments measured at NAV	<u>\$17,621,590</u>			

The real estate investment funds are open end, commingled private equity real estate portfolios. These REIT-based funds are structured as limited partnerships. Their primary focus is to invest in well-based income producing properties within major U.S. markets. The fair values of the investments in these funds have been determined using the NAV per unit of the trust's ownership interest in partners' capital. The investments of the fund are valued quarterly. Withdrawal requests must be made 60 days in advance and may be paid in one or more installments.

The following table summarizes the Firefighters' Pension Plan's investments (excluding money market funds) within the fair value hierarchy at September 30, 2023:

	Fair Value	Level 1	Level 2
U.S. Government bonds and notes	\$ 2,968,441	\$ -	\$ 2,968,441
U.S. government agency securities	89,660	-	89,660
Mortgage-backed securities	7,134,326	-	7,134,326
Corporate obligations	4,994,062	-	4,994,062
Common stock	42,601,247	42,601,247	-
International equity investment fund	8,317,261	8,317,261	-
Total investments at fair value	66,104,997	<u>\$50,918,508</u>	<u>\$15,186,489</u>
Investments measured at net asset value (NAV)			
Non-US limited partnership	1,254,927		
Collective investment funds	69,187,529		
Commingled real estate funds	<u>24,679,762</u>		
Total investments measured at the NAV	95,122,218		
Investments measured at amortized cost			
Money market funds	<u>3,897,488</u>		
Total investments	<u>\$165,124,703</u>		

Method used to value investments - Investments, with the exception of money market funds, collective investment funds, and commingled real estate funds, are reported at fair value. Money market funds are reported at amortized cost, which approximates fair value, and collective investment funds and commingled real estate funds are reported at net asset value ("NAV"). Securities traded on national or international exchanges are valued at the last reported sales price or exchange rates.

NAV of the collective investment funds and the commingled real estate funds are determined by the fund managers using fair values of the underlying investments of the fund. There are no restrictions or terms and conditions on the Plan in redeeming the collective investment funds and the commingled real estate funds and the Plan has no unfunded commitments related to the investments. Real estate values are based upon independent appraisals performed for assets held by the open-end fund annually, with restricted-scope appraisals conducted on a quarterly basis for those assets not receiving a full appraisal. The fair value of real estate is determined as the price that the Plan would expect to receive if the asset was sold to a market participant assuming the highest and best use of each asset at the date of the statement of fiduciary net position. Net appreciation (depreciation) in fair value of investments includes the difference between cost and fair value of investments held, as well as the net realized gains and losses for securities which are sold. Interest and dividend income are recognized on the accrual basis when earned. Purchases and sales of investments are recorded on a trade date basis.

Investments Measured at Net Asset Value (NAV)				
		Unfunded	Redemption	Redemption
		Commitments	Frequency	Notice Period
Non-US limited partnership ¹	\$ 1,254,927	-	Daily	5 days
Collective funds ²	69,187,529	-	Daily	Same Day
Commingled real estate ³	24,679,762	-	Quarterly	60 days
Total investments measured at NAV	<u>\$ 95,122,218</u>			

¹ Non-US limited partnership has an investment objective to seek long-term capital appreciation. The limited partnership mainly invests in common stocks (growth or value stocks or both) of emerging market companies of any size.

² Collective investment funds overall objective is to provide long-term capital appreciation with less volatility than the developed international equity markets.

³ Provide the Plan with access to an institutional-quality portfolio of core real estate investments throughout the United States.

B. Receivables and unearned revenue

Receivables at September 30, 2023, are as follows:

	Interest	Taxes / Franchise Fees	Accounts	Lease Receivable	Other	Inter- governmental	Total Receivables
Governmental activities:							
General	\$ 55,371	\$2,372,112	\$ 1,625,711	\$ -	\$ 26,100	\$ 2,314,781	\$ 6,394,075

Less: Uncollectibles	-	-	(150,000)	-	-	-	(150,000)
Total – business-type activities	\$ 262,816	\$ -	\$ 23,533,552	\$ 1,328,251	\$ 398,595	\$ 3,125	\$ 25,526,339

Revenues of the Water, Wastewater & Gas Utility System enterprise fund are reported net of uncollectible amounts. Write off of \$168,107 of uncollectible amounts took place during the fiscal year.

Unearned revenue

At the end of the current fiscal year, the various components of unearned revenue reported in the governmental funds were as follows:

Prepaid local business license tax (General fund)	\$ 1,554,147
Prepaid gift certificates (General fund)	6,807
Prepaid inspection/plans review fees (General fund)	842,824
Prepaid inspection/plans review fees (Building fund)	45,208
Prepaid sidewalk replacement fees (Fuel and Roadway special revenue fund)	20,365
Grant proceeds prior to meeting all eligibility requirements (General fund)	13,241,567
Grant proceeds prior to meeting all eligibility requirements (SHIP fund)	1,897,746
Total unearned revenue for governmental funds	\$ 17,608,664

C. Capital assets

Capital asset activity for the fiscal year ended September 30, 2023 was as follows:

Governmental activities:	Restated* Beginning Balance	Increases	Decreases	Ending Balance
Capital assets, not being depreciated or amortized:				
Land	\$ 26,707,300	\$ -	\$ (799,270)	\$ 25,908,030

Depreciation and amortization expense was charged to functions/programs of the primary government as follows:

Governmental activities:

General government	\$ 5,166,387
Public safety	3,508,132
Transportation, including depreciation of general infrastructure assets	2,109,785
Culture and recreation	7,204,195
Total depreciation/amortization expense - governmental activities	<u>\$17,988,499</u>

Business-type activities:

Water, wastewater and gas	\$26,585,552
Sanitation	-
Recycling	3,384
Stormwater	744,433
Golf course	113,529
Total depreciation/amortization expense - business-type activities	<u>\$27,446,898</u>

D. Construction commitments

At September 30, 2023, the City had in process various uncompleted construction projects with remaining balances totaling \$47,455,638. Funding of these projects is to be made primarily through the proceeds of the related bond issues or restricted funds.

E. Encumbrances

Purchase orders are issued throughout the fiscal year to encumber budgets in the governmental funds. Encumbrances as of September 30, 2023 are as follows:

Major funds:	
General Fund	\$ 2,071,940
Capital Improvements Capital Projects Fund	8,199,350
Municipal Complex Capital Projects Fund	12,893,609
Other governmental funds	688,887
Total Encumbrances	<u>\$ 23,853,786</u>

F. Interfund receivables, payables and transfers

The General Fund advanced \$120,000 to the Police Confiscation special revenue fund. This advance was made to fund certain police operations. The General Fund recognizes the advance as an asset with a corresponding nonspendable fund balance.

The General Fund advanced \$210,751 to Building Fees Fund special revenue fund as a short-term loan to fund operations.

The General Fund advanced \$70,933 to the Urban Area Security Initiative Grant special revenue fund as a short-term loan to fund operations.

The General Fund advanced \$100,413 to the CDBG Grant special revenue fund as a short-term loan to fund operations prior to grant reimbursement.

The composition of interfund balances as of September 30, 2023, is as follows:

Fund	Interfund receivables	Interfund payables
General fund	\$ 382,097	\$ -
Non-major governmental funds:		
Special revenue funds:		
Building Fees	-	210,751
Urban Area Security Initiative Grant	-	70,933
Community Development Block Grant	-	100,413
Total interfund receivables/payables	<u>\$ 382,097</u>	<u>\$ 382,097</u>

Fund	Advance from	Advance to
General fund	\$ 120,000	\$ -
Non-major governmental funds:		
Special revenue funds:		
Police Confiscation	-	120,000
Total advances	<u>\$ 120,000</u>	<u>\$ 120,000</u>

Fund	Due from other funds	Due to other funds	Purpose
General fund	\$ 618,125	\$ 318,793	1,2,3,4
Special revenue funds:			
Building Fees	-	8,008	2
Community Development Block Grant	-	370	2
Fuel and Roadway	-	2,695	2
Police Confiscation	-	31,983	1
Debt service funds:			
Special Tax District No. 1	-	-	1
General Obligation Bond Series 2015	619	-	4
Special Obligation Bond Series 2020	34,916	-	4
Capital project funds:			
Capital Improvements	-	664	1
Total non-major governmental funds	<u>35,535</u>	<u>43,720</u>	
Enterprise Funds:			
Water, Wastewater, and Gas Utility System	-	465,253	1,2
Sanitation	-	181,637	2,3
Total major enterprise funds	-	646,890	
Non-major enterprise funds:			
Recycling	-	11,673	3
Stormwater	-	4,022	2
Total non-major enterprise funds	-	15,695	
Internal service funds:			
Fleet Management	22,056	670	1,2
Information Technology & Communications	-	4,477	2
Total internal service funds	<u>22,056</u>	<u>5,147</u>	
Pension trust/custodial funds:			
General Employees' Pension	129,528	-	2
Police Officers' Pension	139,938	-	2
Firefighters' Pension	85,063	-	2
Total pension trust/custodial funds	<u>354,529</u>	<u>-</u>	
Total due to/due from	<u>\$ 1,030,245</u>	<u>\$ 1,030,245</u>	

The reasons for the due to/due from other funds are:

- 1) Salary, fringe benefit, operating expense reimbursements
- 2) Pension plan funding
- 3) Franchise fee receivable/payable
- 4) Interest

Interfund transfers:

	Transfers In					Total
	General fund	Capital improvements capital projects fund	Non-major governmental funds	Non-major enterprise funds	Internal service funds	
Transfer Out						
General fund	\$ -	\$ 5,042,000 b	\$ 2,446,520 a/b	\$ 755,010 c	\$ 100,000 a	\$ 8,343,530
Water, Wastewater and Gas utility system enterprise fund	5,368,737 a	-	-	-	-	5,368,737
	<u>\$ 5,368,737</u>	<u>\$ 5,042,000</u>	<u>\$ 2,446,520</u>	<u>\$ 755,010</u>	<u>\$ 100,000</u>	<u>\$ 13,712,267</u>

The reason for these transfers are set forth below:

- a) Move unrestricted revenue collected in funds to finance various programs accounted for in other funds in accordance with budgetary authorization.
- b) Provide funds for capital outlay
- c) Subsidize operations

G. Leases and Subscription-Based Information Technology Arrangements

1. Leases

The financial statements include the application of GASB Statement No. 87, Leases. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

Lease Receivable

The City entered into a lease as Lessor for a Tower Lease (Crown Castle - NW 8th Street). As of October 1, 2021 – the date of GASB 87 adoption, there were 235 months remaining on the lease. An initial lease receivable was recorded in the amount of \$607,774. As of September 30, 2023, the value of the lease receivable is \$563,452. The lessee is required to make annual fixed payments of \$30,000. The lease has an interest rate of 1.6710%. The value of the deferred inflow of resources as of September 30, 2023 was \$545,703, and the City recognized lease revenue of \$31,035 during the fiscal year. The lessee has 3 extension options, each for 60 months.

The City entered into a lease as Lessor for a Tower Lease (Crown Castle - Slydgemill Rd). As of October 1, 2021 – the date of GASB 87 adoption, there were 222 months remaining on the lease. An initial lease receivable was recorded in the amount of \$823,843. As of September 30, 2023, the value of the lease receivable is \$764,799. The lessee is required to make monthly fixed payments of \$3,500. The lease has an interest rate of 1.6400%. The value of the deferred inflow of resources as of September 30, 2023 was \$734,779, and the City recognized lease revenue of \$44,532 during the fiscal year. The lessee has 3 extension options, each for 60 months. The City had a termination period of 12 months as of the lease commencement.

Principal and Interest Expected to Maturity			
Fiscal Year	Business-Type Activities		
	Principal Payments	Interest Payments	Total Payments
2024	\$ 50,264	\$ 21,736	\$ 72,000
2025	54,360	20,890	75,250
2026	63,050	19,950	83,000
2027	64,097	18,903	83,000
2028	65,161	17,839	83,000
2029 - 2033	381,577	71,698	453,275
2034 - 2038	471,885	36,844	508,729
2039 - 2041	177,857	3,395	181,252
Total	\$ 1,328,251	\$ 211,255	\$ 1,539,506

Lease Payable

The City entered into a lease as Lessee with Harley Davidson. As of October 1, 2021 – the date of GASB 87 adoption, there were 44 months remaining on the lease. An initial lease liability was recorded in the amount of \$134,727. As of September 30, 2023, the value of the lease liability is \$62,739. The City is required to make monthly fixed payments of \$3,150. The lease has an interest rate of 0.4750%. The value of the right to use asset as of September 30, 2023 of \$134,727 with accumulated amortization of \$73,488 is included with Vehicles on the Lease Class activities table found below.

Amount of Lease Assets by Major Classes of Underlying Asset

Asset Class	As of September 30, 2023	
	Lease Asset Value	Accumulated Amortization
Vehicles	\$ 134,727	\$ 73,488
Total Leases	\$ 134,727	\$ 73,488

Principal and Interest Requirements to Maturity			
Fiscal Year	Governmental Activities		
	Principal Payments	Interest Payments	Total Payments
2024	\$ 37,584	\$ 216	\$ 37,800
2025	25,155	45	25,200
Total	\$ 62,739	\$ 261	\$ 63,000

2. Subscription-Based Technology Arrangements

For the year ended September 30, 2023, the financial statements include the adoption of GASB Statement No. 96, Subscription-Based Information Technology Arrangements. The primary objective of this statement is to enhance the relevance and consistency of information about governments' subscription activities. This statement establishes a single model for subscription accounting based on the principle that subscriptions are financings of the right to use an underlying asset. Under this Statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset. For additional information, refer to the disclosures below.

Subscriptions Payable

The City entered into a subscription for the use of Saferwatch Command Center. As of October 1, 2022 – the date of GASB 96 adoption, there were 13 months remaining on the subscription. An initial subscription liability was recorded in the amount of \$19,948. As of September 30, 2023, the value of the subscription liability is \$0. The City is required to make annual fixed payments of \$20,000. The subscription has an interest rate of 3.1440%. The value of the right to use asset as of September 30, 2023 of \$19,948 with accumulated amortization of \$18,413 is included with Software on the Subscription Class activities table found below. The subscription has 1 extension option, for 12 months. There is a termination period of 1 month as of the subscription commencement.

The City entered into a subscription for the use of Axon - OSP7+. As of October 1, 2022 – the date of GASB 96 adoption, there were 37 months remaining on the subscription. An initial subscription liability was recorded in the amount of \$979,464. As of September 30, 2023, the value of the subscription liability is \$645,235. The City is required to make annual fixed payments of \$338,370. The subscription has an interest rate of 3.2380%. The value of the right to use asset as of September 30, 2023 of \$979,464 with accumulated amortization of \$312,872 is included with Software on the Subscription Class activities table found below. The subscription has a termination period of 1 month as of the subscription commencement.

The City entered into a subscription for the use of Granicus Application Software & Server. As of October 1, 2022 – the date of GASB 96 adoption, there were 22 months remaining on the subscription. An initial subscription liability was recorded in the amount of \$109,911. As of September 30, 2023, the value of the subscription liability is \$36,012. The City is required to make annual fixed payments of \$37,167. The subscription has an interest rate of 3.2067%. The value of the right to use asset as of September 30, 2023 of \$109,911 with accumulated amortization of \$58,360 is included with Software on the Subscription Class activities table found below. The subscription has a termination period of 3 months as of the subscription commencement.

On December 15, 2022, the City entered into a 36-month subscription for the use of Leads Online System. An initial subscription liability was recorded in the amount of \$47,688. As of September 30, 2023, the value of the subscription liability is \$31,283. The City is required to make annual fixed payments of \$16,405. The subscription has an interest rate of 3.2380%. The value of the right to use asset as of September 30, 2023 of \$47,688 with accumulated amortization of \$12,628 is included with Software on the Subscription Class activities table found below.

On February 1, 2023, the City entered into a 79-month subscription for the use of RingCentral Cloud Services. An initial subscription liability was recorded in the amount of \$482,507. As of September 30, 2023, the value of the subscription liability is \$439,047. The City is required to make monthly fixed payments of \$6,650. The subscription has an interest rate of 2.8943%. The value of the right to use asset as of September 30, 2023 of \$482,507 with accumulated amortization of \$48,311 is included with Software on the Subscription Class activities table found below.

Amount of Subscription Assets by Major Classes of Underlying Asset

As of September 30, 2023		
Asset Class	Subscription Asset Value	Accumulated Amortization
Software	\$ 1,639,517	\$ 450,585
Total Subscriptions	\$ 1,639,517	\$ 450,585

Principal and Interest Requirements to Maturity

Governmental Activities			
Fiscal Year	Principal Payments	Interest Payments	Total Payments
2024	\$ 436,871	\$ 34,871	\$ 471,742
2025	413,632	20,943	434,575
2026	72,037	7,763	79,800
2027	74,149	5,651	79,800
2028	76,324	3,476	79,800
2029	78,563	1,237	79,800
Total	\$ 1,151,576	\$ 73,941	\$ 1,225,517

H. Long-term debt

The schedule below details the changes in long-term liabilities for the year ended September 30, 2023:

	Beginning Balance*	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Bonds payable	\$ 94,995,000	\$ -	\$ (2,165,000)	\$ 92,830,000	\$ 2,270,000
Less deferred amounts:					
For issuance premiums	7,214,274	-	(664,538)	6,549,736	-
Total bonds payable	102,209,274	-	(2,829,538)	99,379,736	2,270,000
Compensated absences	12,476,160	10,695,889	(11,102,766)	12,069,283	611,638
Lease liability	418,945	-	(356,206)	62,739	37,584
Subscription liability	1,109,323	530,194	(487,941)	1,151,576	436,871
Claims	3,070,101	1,386,924	(1,588,314)	2,868,711	717,100
Governmental activities long-term liabilities	\$ 119,283,803	\$ 12,613,007	\$ (16,364,765)	\$ 115,532,045	\$ 4,073,193
Business-type activities:					
Direct borrowing	\$ 167,850,000	\$ -	\$ (15,180,000)	\$ 152,670,000	\$ 15,515,000
Compensated absences	4,000,249	3,228,324	(3,223,361)	4,005,212	342,531
Business-type activities long-term liabilities	\$ 171,850,249	\$ 3,228,324	\$ (18,403,361)	\$ 156,675,212	\$ 15,857,531

* The beginning balance was adjusted due to the implementation of GASB Statement No. 96. Refer to Note IV.G

For governmental activities, pension liabilities, compensated absences and other post-employment benefits are generally liquidated by the general fund. Pension contributions are paid by the General Fund, Building Fees Fund, Fuel and Roadway Fund, Community Development Block Grant Fund and Police Confiscation Fund. Claims and judgments are liquidated by the Workers' Compensation internal service fund.

Revenue bonds and other long-term liabilities directly related to and intended to be paid from proprietary funds are included in the accounts of such funds. Utility system revenue bonds and direct borrowings are collateralized by a lien on the revenues earned by the utility system.

On July 3, 2018, the City issued Utility System Revenue Refunding bonds, Series 2018, as a direct borrowing totaling \$89,625,000. This was done to refund the Utility System Revenue Refunding Bonds, Series 1998. The true interest cost is 2.33% and matures in 2026. On April 2, 2020, the City issued Utility System Revenue Refunding bonds, Series 2020, as a direct borrowing totaling \$96,880,000. This was done to refund the Utility System Revenue Refunding Bonds, Series 2010B. The true interest cost is 1.39% and matures in 2035.

General Long-Term Debt Bonds are collateralized by multiple sources. The Special Tax District No. 1 ad valorem tax bonds and ad valorem tax refunding bonds are collateralized by voted debt service ad valorem taxes to be levied upon all taxable property within the District. The bonds issued by the special districts are not general or limited obligation debt or bonded indebtedness of the City and the City is not obligated to pay the bonds or bond service charges.

The General Obligation Bonds, Series 2015 were issued in the amount of \$37,630,000 and on November 21, 2019, General Obligation Bonds, Series 2019 were issued in the amount of \$23,365,000. These bonds are collateralized by voted debt service ad valorem taxes to be levied upon all taxable property within the City. These bonds were issued to finance the design, acquisition, construction, equipment, and installation of certain parks, recreation, and leisure projects within the City. The issuance of the Series 2015 and Series 2019 bonds were approved by a majority vote of the qualified electors of the City in a bond referendum held in November 2014.

On January 7, 2021, the Special Obligation Bonds, Series 2020 were issued in the amount of \$40,350,000. These bonds are payable from amounts budgeted and appropriated by the City from non-ad valorem revenues. These bonds were issued to finance the development, design, acquisition, construction, improvement, expansion, equipping, installation and furnishing of the City’s municipal complex, capitalized interest through October 1, 2021 and cost of issuance. The true interest cost is 2.218% with annual principal payments starting October 1, 2022 and semi-annual interest payment starting April 1, 2021. These bonds mature in 2050.

Annual debt service requirements to maturity for revenue bonds are as follows:

Year Ending September 30:	Business-type Activities	
	Direct Borrowing	
	Principal	Interest
2024	\$ 15,515,000	\$ 2,323,674
2025	15,865,000	1,967,227
2026	16,215,000	1,602,811
2027	16,580,000	1,230,081
2028	9,300,000	1,100,811
2029-2033	48,470,000	3,501,410
2034-2036	30,725,000	431,039
Total	\$152,670,000	\$12,157,053

Governmental Activities

Annual debt service requirements for public improvement and ad valorem tax bonds and special obligation bonds are as follows:

Year Ending September 30:	Governmental Activities			
	Public Imp & Ad Valorem Bonds		Special Obligation Bonds	
	Principal	Interest	Principal	Interest
2024	\$ 1,495,000	\$ 1,891,608	\$ 775,000	\$ 1,384,700
2025	1,570,000	1,816,859	815,000	1,345,950
2026	1,645,000	1,738,358	855,000	1,305,200
2027	1,725,000	1,656,109	900,000	1,262,450
2028	1,815,000	1,569,858	945,000	1,217,450
2029-2033	10,115,000	6,911,607	5,505,000	5,327,500
2034-2038	11,930,000	4,788,302	6,720,000	4,093,950
2039-2043	14,115,000	2,811,644	7,810,000	3,009,600
2044-2048	7,600,000	758,813	9,105,000	1,763,850
2049-2051	1,210,000	36,300	6,180,000	374,400
	<u>53,220,000</u>	<u>23,979,458</u>	<u>39,610,000</u>	<u>21,085,050</u>
Plus: Bond premium	1,477,454	-	5,072,282	-
Total	<u>\$ 54,697,454</u>	<u>\$ 23,979,458</u>	<u>\$ 44,682,282</u>	<u>\$ 21,085,050</u>

Description of Individual Bond Issues Outstanding – Summarized below are the bonds outstanding for the City’s governmental activities:

Governmental activities	Purpose of Issue	Amount Issued	Principal Outstanding	Interest Rate
General Obligation Bonds, Series 2015				
Serial bonds	Park, Recreation & Leisure Projects	\$ 18,460,000	\$ 12,055,000	3.0%-5.0%
Term bonds		19,170,000	19,170,000	3.375%-4.0%
General Obligation Bonds, Series 2019				
Serial bonds	Park, Recreation & Leisure Projects	15,615,000	14,245,000	2.25%-5.0%
Term bonds		7,750,000	7,750,000	3.00%
Special Obligation Bonds, Series 2020				
Serial bonds	Municipal Complex Project	30,350,000	29,610,000	3.0%-5.0%
Term bonds		<u>10,000,000</u>	<u>10,000,000</u>	3.00%
Total governmental activities bonds		<u>\$ 134,775,000</u>	<u>\$ 92,830,000</u>	

There are no Individual Bond Issues Outstanding for the City’s business-type activities.

The City has outstanding utility direct borrowings totaling \$152,670,000. The City has pledged future net water, wastewater, and gas revenues to repay this debt. Funds from the direct borrowing, which are payable through 2026, were used to refund the Series 1998 bonds. Additionally, the Series 2010B bonds were refunded in April 2020 with a direct borrowing of \$96,880,000, which is payable through 2035. Total principal and interest remaining to be paid on the direct borrowings is \$153,887,052. Principal and interest paid for the current year and total customer net revenue were \$17,850,107 and \$47,185,799, respectively. The pledged revenues are expected to continue through maturity of the debt.

In the event of a default, bondholders may sue to enforce their rights or to enjoin any acts of the City that may be unlawful or in violation of their rights. In certain cases, in the event of a default, the interest rate on the debt may be increased.

Defeased and refunded debt

The City has a number of bond issues that have been refunded. An advanced refunding provides for an irrevocable deposit with an escrow agent (a third-party banking institution) of sufficient funds to pay the principal and interest, when due, on the refunded bonds to the earliest call date. On the earliest call date, all bonds outstanding are redeemed and interest subsequent to the refunding date will cease. Bonds are typically refunded for either economic gain to the governmental unit or to eliminate restrictive and antiquated covenants often associated therewith. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the City's books. At September 30, 2023, there is no refunded debt with a remaining outstanding balance.

I. Property taxes

The State of Florida permits the City to levy taxes up to 10 mills of assessed property valuation for the general fund except for special benefits and debt service obligations which may be issued with the approval of those taxpayers subject to ad valorem taxes. The operating millage rate levied by the City and budgeted for the 2022-2023 fiscal year is 6.0543 mills. On January 29, 2008, the Florida electorate approved an amendment to the Florida Constitution relative to property taxation. This amendment (referred to as Amendment 1) was placed on the ballot by the Florida Legislature at a special session held during 2007 and became effective October 1, 2008. Amendment 1 increased the current \$25,000 homestead exemption by an additional \$25,000 (for property values between \$50,000 and \$75,000), except for school district taxes. Amendment 1 also provided "portability", allowing property owners to transfer up to \$500,000 of their "Save Our Homes" benefits to their next homestead when they move. "Save Our Homes" became effective in 1995 and limits (caps) the annual increase in assessed value for homesteaded property to three percent (3%) or the percentage change in the Consumer Price Index, whichever is less. Amendment 1 also provided a \$25,000 exemption for tangible personal property. Current tax collections for the year ended September 30, 2022 were approximately 99% of the total tax levy, net of discounts allowed.

Property taxes based on assessed values at January 1 are levied on November 1 of each year. A four percent discount is allowed if the taxes are paid in November, with the discount declining by one percentage point each month thereafter. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid taxes and assessments are auctioned beginning June 1 of each year.

The City Commission establishes the tax levy of the City. The adoption of the final millage rate occurred September 27, 2022. Property tax collections are governed by Chapter 197, Florida Statutes. The Broward County Tax Collector (Tax Collector) bills and collects all property taxes levied within the County. The Tax Collector remits current taxes collected through four distributions to the City in the first quarter of the tax year and at least one distribution each month thereafter. The City recognizes property tax revenue in the period in which they are levied.

The property tax calendar for revenues billed and received for the fiscal year ended September 30, 2023 is shown as follows:

Lien date	January 1, 2022
Levy date, tax bills mailed	November 1, 2022
Last date for 4% discount on taxes paid	November 30, 2022
Last date for 3% discount on taxes paid	December 31, 2022
Last date for 2% discount on taxes paid	January 31, 2023
Last date for 1% discount on taxes paid	February 28, 2023
Final due date of payment of taxes	March 31, 2023
Date for auctioning tax certificates on delinquent accounts	On or before June 1, 2023

J. Fund Balance – Building Fees Special Revenue Fund

The Building Fees Special Revenue Fund had a negative fund balance of \$508,358 as of September 30, 2023. In 2020, the City hired a consultant to perform a Building Division Fee Schedule Study to evaluate the full cost of providing Building services, associated with the enforcement of the Florida Building Code, to the community and comply with State law. In order to provide Building services for the Community and fully recover the service fees to provide the actual services, the study identified the need to amend the permit fees and the associated methodology for calculation of Building permit fees. In September 2022, the City adopted a new Building Fee Schedule. The new fees were effective October 1, 2022 and applicable to all new building permit applications submitted and other building services requested on and after October 1, 2022. It is anticipated it will take several years to bring the fund balance to a positive balance.

K. Conduit Debt Obligation

On February 25, 2015 the special assessment bonds (Series 2015) were issued to fund design and construction of two public parking garage structures and improvements to public infrastructure, intersections, traffic signalization and rights-of-way and a portion of existing parking lots on land owned by benefitted owners located at Sawgrass Mills mall. The bonds have a rating of “BBB” by Fitch and were issued for a face amount of \$70,120,000. The City is not obligated in any manner for the payment of principal and interest for these bonds. Funds are collected through special assessments on the affected property owners. The City acts as the fiduciary agent for these funds. As of September 30, 2023, these bonds had a remaining outstanding principal balance of \$60,595,000.

L. Public – Public Partnership

An Agreement between Indian Trace Special Municipal District (District) and the City was entered into in June of 1993 for the City to provide the District with water and wastewater services to its customers using the District owned water and wastewater infrastructure for percentage of the water and wastewater services billed by the City to the District's customers. The Agreement was for an initial thirty-year period with an automatic renewal for additional term of thirty years unless District notifies the City on or before the end of the twenty-fifth anniversary of the commencement of the term of the Agreement that the District elects not to renew the agreement. The Agreement specifies that the District will be reimbursed for the use of its water and wastewater assets at 20% of the total service charges (prior to any surcharges) billed to the District's customers. In FY 2023 \$6,118,676 was credited to the District. Since payments to the District are variable (there are no installment payments, no fixed payments, no residual value guarantees, and no termination penalties), no asset or liability was recorded on the City's financial statements related to this Public – Public Partnership.

M. Subsequent event

In May 2018, the City entered into an Agreement with Palm Beach Aggregates, LLC related to the construction of the C-51 Reservoir which will serve as a regional alternative water supply. In the Agreement, the City committed to an initial capacity of 5 million gallons per day (mgd) of water at \$4.6 million per mgd for a total one-time capacity cost share of \$23 million. This payment of \$23 million was made on December 15, 2023 from the Water and Wastewater Fund.

V. Other Information

A. Risk management

The City is exposed to various risks of loss related to torts, theft of, damage to or destruction of assets, errors and omissions, injuries to employees and natural disasters. During the 1994-1995 fiscal year, the City established a Workers' Compensation fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Workers' Compensation fund self-insures losses up to \$250,000 per occurrence. The City purchases excess insurance through the Florida Municipal Insurance Trust, an intergovernmental pool, for claims in excess of coverage provided by the fund. The City also participates in intergovernmental pooling or carries commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

All departments of the City participate in the program and make payments to the fund based on actuarial estimates of the amounts needed to pay prior and current year claims (including allocated loss adjustment expenses and incurred but not reported claims). The claims liability of \$2,868,711 which is discounted at 2%, is reported in the fund at September 30, 2023 and is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the claim can be reasonably estimated.

The following schedule presents the changes in aggregate claims liability (in thousands) for the past two years:

	Year ended September 30, 2022	Year ended September 30, 2023
Unpaid claims, beginning of fiscal year	\$ 3,070	\$ 3,070
Incurred claims (and estimate changes)	965	1,387
Claim payments	(965)	(1,588)
Unpaid claims, end of fiscal year	<u>\$ 3,070</u>	<u>\$ 2,869</u>

B. Contingent liabilities

Amounts received or receivable from grant agencies are subject to audits and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's counsel, the resolution of these matters will not have a significant adverse effect on the financial condition of the City.

C. Employee retirement systems and pension plans

Plan descriptions: The City of Sunrise contributes to three single-employer defined benefit pension plans: General Employees' Pension Plan, Police Officers' Pension Plan and Firefighters' Pension Plan and one defined contribution plan: Governmental Money Purchase Plan and Trust. Additionally, the City maintains a supplemental retiree subsidy for police officers hired on or after September 30, 2015 and general employees and a preservation of benefits plan.

In addition to normal retirement benefits, all three of the defined benefit pension plans provide for long-term disability and survivor benefits, as well as deferred pensions for former employees, dependent upon length of service or years of contributions and age upon death or disability. Florida Statutes Chapter 112 and City ordinance provide the authority to establish and amend benefit provisions for all three defined benefit pension plans.

Effective September 13, 1999, the General Employees' Pension Plan distinguished between general employees, management and senior management. DROP was implemented for management and senior management effective June 12, 2001 and for general employees effective January 1, 2004. An eligible member hired prior to October 1, 2018 may participate in the DROP for a maximum of 72 months prior to termination of employment while an eligible member hired on or after October 1, 2018 may in the DROP for a maximum of 48 months. As of September 30, 2023, there were eighty-three (83) participants in the DROP. Beginning one year after retirement or entry into the DROP, an annual increase in retirement benefits of 2% for management members and 2.5% for senior management who reach early or normal retirement age and begin receiving benefits after June 12, 2001, is applicable. For eligible general employees, a

supplemental pension distribution in the form of an optional 13th check, based on the cumulative net actuarial gain is available; effective January 1, 2004, a minimum of one-half of the 13th check is guaranteed payable, notwithstanding actuarial gains; effective October 1, 2007, a minimum of 75% of the 13th check is guaranteed payable, notwithstanding actuarial gains. Effective for all general employees, including management and senior management, hired on or after October 1, 2009, a minimum of 75% of the 13th check is guaranteed payable, notwithstanding actuarial gains. Effective for all general employees, including management and senior management, hired on or after October 1, 2018, who begin receiving retirement benefits are eligible for a 13th check for years of investment gains if the funded status of the plan is equal to 100% or greater.

A deferred retirement option program (DROP) was implemented in the Police Officers' Pension Plan (the Plan). Upon participation in the DROP, the participant becomes a retiree for all Plan purposes and any further benefits under the pension plan cease to accrue. Normal retirement payments that would have been payable to the participant as a result of retirement are accumulated and invested in the DROP to be distributed to the participant upon termination of employment. Effective July 10, 2007, an eligible member who elects to participate in the DROP within five years following the member's earliest normal retirement date may participate in the DROP for a maximum of six years. Effective August 9, 2011, an eligible member who elects to participate in the DROP within five years following the member's earliest normal retirement date may participate in the DROP for a maximum of seven years. An eligible member hired on or after September 30, 2015 who elects to participate in the DROP within six months following the member's earliest normal retirement date may participate in the DROP for a maximum of four years. There were forty-six (46) members in the DROP as of September 30, 2023. Members of the Plan who terminate employment and begin receiving normal retirement benefits subsequent to December 31, 2005 will receive a 2% cost of living adjustment. Members who begin receiving normal retirement benefits or enter the DROP on or after October 1, 2008 will receive a 2.5% cost of living adjustment. Members hired on or after September 30, 2015 who begin receiving normal retirement benefits or enter the DROP will receive no cost of living adjustment. The Plan provides for supplemental pension distributions based on the cumulative net actuarial gain as identified in the most recent actuarial report for eligible participants who have retired prior to December 13, 2004. Any participant immediately eligible for early or normal retirement benefits or entered the DROP between August 14, 2001 and December 12, 2004 is eligible for a 13th check, the amount of which cannot exceed 100% of a participant's monthly retirement benefit. In the event that the cumulative net actuarial gain exceeds the amount distributed by the 13th check and the City's required contributions to the Plan, a 14th check will be distributed to eligible participants – those eligible for a 13th check, except for DROP participants. Members hired on or after September 30, 2015 who begin receiving normal retirement benefits are eligible for a 13th check for years of investment gains if the plan is 100% funded.

City Ordinance 124-X-02-B, approved March 12, 2002, established a retirement incentive program for firefighters. During a "window period" of thirty calendar days, beginning February 27, 2002, eligible firefighters could have made an irrevocable election to participate in this program. The eligible firefighters must have retired and separated from City employment no later than April 15, 2002. Eligible firefighters who elected the program could have also elected to participate in a DROP for up to thirty-six months or, alternatively, elect a BAC-DROP option for up to eighteen months. Beginning four years after retirement or entry into the DROP, a 2% annual increase in retirement benefits is

applicable for all members. As of June 10, 2008, eligible firefighters can participate in the DROP for a maximum period of 72 months. Effective September 25, 2012, eligible firefighters who elect to participate in the DROP program can participate for up to 84 months; eligible firefighters may elect a “BAC – DROP” option of up to 24 months, which will reduce the maximum 84-month DROP period by the same amount of time. Effective October 1, 2013, the annual COLA is increased to 2.5% for firefighter members who terminate employment and begin receiving normal retirement benefits or enter the DROP on or after October 1, 2010. Eligible firefighters hired on or after November 19, 2021 who elect to participate in the DROP program can participate for up to 48 months. There is no COLA for firefighter members hired on or after November 19, 2021. Members hired on or after November 19, 2021, who begin receiving retirement benefits are eligible for a 13th check for years of investment gains if the funded status of the plan is equal to 100% or greater. As of September 30, 2023, twenty-one (21) firefighters were participating in this program.

The Governmental Money Purchase Plan and Trust (Purchase Plan) was established for senior managers who are members of the General Employees’ Pension Plan. The Purchase Plan was subsequently amended on March 12, 2003 by Ordinance 715-X-03-A, to additionally include all management employees with more than 10 years of City service and city commissioners. The City contributes 3% of earnings each plan year (calendar year) on behalf of each eligible management employee, 6% of earnings each plan year on behalf of each senior management employee and each city commissioner, and the calendar year maximum for the City Manager; the eligible employees are not required to make contributions. MissionSquare Retirement serves as administrator for this Purchase Plan. The City recognized expenditures/expenses of \$313,207 for the fiscal year ended September 30, 2023 for the forty-four (44) employees covered under the plan. City ordinance provides the authority to establish and amend benefit provisions and contribution requirements for the Governmental Money Purchase Plan and Trust. The Purchase Plan was amended with Ordinance No. 715-X-09-A, effective May 1, 2009, which eliminated the benefit for general employees newly hired, rehired, or promoted from a general employee position into a management position.

The City, under Ordinance No. 715-X-99-A and amended by Ordinance No. 715-X-00-C and Ordinance No. 715-X-03-A, established a retiree subsidy benefit plan of \$200 per month for all general executive management and supervisory/professional employees who retired on or after September 28, 1999, except that senior managers who retired directly from the City after January 1, 2001, receive an amount equivalent to 80% of the total cost of family coverage under the City’s health insurance program. Effective October 1, 1999, the City agreed to establish a subsidy of \$200 per month for all general employees, per the Collective Bargaining Agreement between the City and the Federation of Public Employees. The subsidy commenced at the same time the General Employees’ Pension Plan member began to receive normal or early retirement benefits and continues until the plan member reaches age 65. Upon attaining age 65, bargaining unit employees will receive 75% of the \$200 per month subsidy, except that senior managers will receive 75% of the benefit received immediately prior to attaining age 65. If a general executive management or supervisory/professional employee dies before age 65, the health insurance subsidy continues to be paid to that member’s spouse until the date that member would have reached age 65. Effective October 1, 2006, eligible general employees who retire and separate employment will be paid a monthly subsidy of \$250, which shall continue for the life of the retiree. Eligible general employees who retire and

separate employment after February 26, 2008 will be paid a monthly subsidy of \$350, which shall continue for the life of the retiree. Effective under Ordinance No. 715-X-09-A, all management and supervisory/professional employees who separate and retire from the City after May 1, 2009, whose health benefit at retirement is less than the benefit provided to general employees under the applicable collective bargaining agreement in effect at the time of separation, will receive a retiree subsidy equal to the general employee's benefit. Effective October 1, 2015, eligible police employees who retire and separate employment will be paid a monthly subsidy of \$500 until age 65, which shall be thereafter be reduced to \$350 and shall continue for the life of the retiree. There were 435 participants during the fiscal year ended September 30, 2023. There are no assets accumulated in the retiree subsidy plan to pay related benefits.

Additionally, the City maintains a preservation of benefits plan. Effective September 28, 1999, under Ordinance No. 715-X-99-A, the City established a preservation of benefits plan as a deferred compensation plan for managers and senior managers who are members of the General Employees' Pension Plan. Effective September 12, 2017, under Ordinance No. 622, an excess benefit plan was established for eligible members of the Police Officers' Retirement Plan and Firefighters' Retirement Plan who entered the DROP between March 1, 2010 and October 17, 2017. These are administered by the City and established as a qualified governmental excess benefits arrangement pursuant to section 415(m) of the U. S. Internal Revenue Code. For each eligible payee, the City will provide a supplemental retirement benefit equal to the reduction of retirement benefits due to the application of section 401(a) (17) or section 415(b) of the U.S. Internal Revenue Code. There were ten (10) eligible participants covered during the fiscal year ended September 30, 2023.

All three defined benefit pension plans are included as part of the City's reporting entity as pension trust funds. Copies of separately issued financial reports that include financial statements and required supplementary information for each plan are available at the following locations:

<u>General Employees' Pension Plan</u>	<u>Police Officers' Pension Plan</u>	<u>Firefighters' Pension Plan</u>

Contributions for pension plans: The contribution requirements of plan members and the City for the City's three single-employer defined benefit pension plans are established and may be amended by City Ordinance. Plan member contributions are recognized in the period in which the contributions are due. The City contributes an actuarially determined amount to fully fund benefits for active members. Any unfunded actuarial liability is amortized as a level percent of projected member payroll over a period of twenty years for the Police Officers' and General Employees' Pension Plans and twenty-five years for the Firefighters' Pension Plan. City contributions to the plans, as calculated by the plans' actuaries, are recognized as revenue when due and the City has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans. If the City's calculated contribution, excluding the cost of post September 13, 1999 management and senior

management benefits, exceeds 14% for the General Employees' Pension Plan, member contributions, as well as the City contribution, are increased by half of the excess percentage of payroll except that the total maximum contribution for general employees is capped at 9.51% until a new bargaining unit contract is negotiated and the maximum contribution for management and senior management hired prior to October 1, 2009 is 11.75%. Effective October 1, 2009, general employees, including management and senior management, hired on or after October 1, 2009 contribute 8%. Police officers hired before September 30, 2015 contribute 9.84% and police officers hired on or after September 30, 2015 contribute 8%. Firefighters hired before November 19, 2021 contribute 10.63% and firefighters hired on or after November 19, 2021 contribute 8%.

The following schedule summarizes the contribution rates for the City and its plan members:

Contributions:	General Employees' Pension Plan	Police Officers' Pension Plan	Firefighters' Pension Plan	Total Contributions
Contribution rates:				
City	34.02%	70.30%	45.00%	
Plan members		9.84%	10.63%	
General employees	9.51%			
Management, senior management	11.75%			
Employees hired after 10/1/09	8.00%			
Police Officers hired after 9/30/15		8.00%		
Employees hired after 11/19/21			8.00%	
Actuarially determined contribution	\$14,301,377	\$11,739,241	\$7,867,942	\$33,908,560
Contributions made:				
City	\$14,301,377	10,661,348	\$6,256,829	\$31,219,554
Plan members	3,663,784	1,315,568	1,631,527	6,610,879
Other ¹		1,077,893	1,611,113	2,689,006

¹ The Police Officers' and Firefighters' Pension Plans are partially funded by contributions from the State of Florida under Chapters 185 and 175, respectively, of the Florida Statutes. This contribution consists of excise taxes collected by the State on property and casualty insurance premiums on policies written within the City and totaled \$2,689,006 for the year ended September 30, 2023: \$1,611,113 for property insurance contracts for firefighters and \$1,077,893 for casualty insurance contracts for police officers. These amounts are recognized as insurance premium tax revenues and public safety expenditures in the General Fund.

Actuarial methods and assumptions: The City's net pension liability for all plans was measured as of September 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date (rolled forward from October 1, 2021 actuarial valuation). Mortality rates were based on the RP-2000 Combined Table for males and females with mortality improvement projected to all future years using Scale BB for all plans.

The actuarial methods and assumptions for each plan are as follows:

	General Employees' Pension Plan	Police Officers' Pension Plan	Firefighters' Pension Plan
Actuarial cost method	Entry age normal	Entry age normal	Entry age normal
Amortization method	Level percent, closed	Level percent, closed	Level percent, closed
Remaining amortization period	20 years	20 years	25 years
Actuarial assumptions:			
Investment rate of return	7.00%	7.15%	7.50%
Inflation rate	2.27%	2.50%	2.20%
Projected salary increases *	3.5%-6.0%	4.2%-7.5%	4.5%-13%
Cost of living adjustments	2.5% management & commissioners; 2.5% senior management based on eligibility	2.5% for eligible employees	2.5% for eligible employees
Asset valuation:			
Reporting	Fair value	Fair value	Fair value
Actuarial valuation	5 year smoothed market	5 year smoothed market	5 year smoothed market
Non-government investment in excess of 5%	None	None	None

*Projected salary increases include inflation.

Membership as of Actuarial Valuation Date

Retirees and beneficiaries	641	192	131
Inactive, non-retired members	60	2	-
Active members	557	132	138

The actuarial valuation of the total pension liability was performed as of September 30, 2021 for the retiree subsidy plan and October 1, 2021 for the excess benefits plan. Both plans have a measurement date of September 30, 2022 based on the assumptions presented below.

	<u>Retiree Subsidy</u>	<u>Excess Plan</u>
Actuarial valuation date	September 30, 2021	October 1, 2021
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Inflation rate	2.25%	2.50%
Discount rate	4.40%	4.4%
Salary increases	Police: based on age of employee General: based on years of credited service Fire: based on years of credited service	N/A

Membership as of Actuarial Valuation Date

Retirees and beneficiaries	398	10
Active members	640	-

Discount rate: The discount rate used to measure the total pension liability was 7.00% for the General Employees' Retirement Plan, 7.15% for the Police Officers' Plan and 7.50% for the Firefighters' Pension Plan. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rates. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate: The discount rate used to measure the total pension liability for the retiree subsidy plan and excess benefits plan was based on a municipal bond rate of 4.40% based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date.

Sensitivity of the net pension liability to changes in the discount rate: The following presents the City's net pension liability calculated using the current discount rates and the liability using discount rates that are one percentage point lower and one percentage point higher than the current rates:

Pension Plan	1% Decrease	Current	
		Discount Rate	1% Increase
General Employees (7.00%)	\$ 172,678,632	\$ 129,491,831	\$ 93,455,164
Police Officers (7.15%)	135,763,317	99,087,832	69,429,798
Firefighters (7.50%)	96,176,025	67,445,601	44,014,753

Sensitivity of the total pension liability to changes in the discount rate: The following presents the City's total pension liability for the retiree subsidy plan and excess benefits plan calculated using a municipal bond discount rate and the total liability using municipal bond rates that are one percentage point lower and one percentage point higher than the current rate:

Pension Plan	1% Decrease	Current	
		Discount Rate	1% Increase
Retiree Subsidy Plan (4.40%)	\$ 37,139,410	\$ 33,283,269	\$ 30,048,126
Excess Benefits Plan (4.40%)	3,135,753	2,915,041	2,721,617

Long-term expected rate of return: The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major class included in the pension plans' target asset allocations as of September 30, 2023 are summarized in the following table:

	Target Allocation	Asset Class	Long-Term Expected Real Rate of Return
<u>General Employees Retirement Plan</u>	55.0%	Domestic Equity	8.62%
	15.0%	International Equity	6.05%
	30.0%	Fixed Income	2.19%
<u>Police Officers' Retirement Plan</u>	51.0%	Domestic equity	7.50%
	8.0%	Real Estate	4.50%
	9.0%	International Equity	8.50%
	32.0%	Fixed Income	2.50%
<u>Firefighters' Retirement Plan</u>	32.0%	Large Cap	7.90%
	8.0%	Mid Cap	8.60%
	10.0%	Small Cap	8.00%
	20.0%	Fixed Income	0.20%
	12.0%	International Equity	4.50%
	3.0%	Emerging Markets	8.90%
	15.0%	Real Estate	6.80%

Pension Expense, Deferred Outflows and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2023, the City recognized pension income of \$176,258,092 and pension expense of \$188,593,248 as the result of GASB Statement No. 68. Deferred outflows and inflows of resources related to the City's three defined benefit pension plans are as follows:

	Pension Plans			Total
	General Employees'	Police Officers'	Firefighters'	
<u>Deferred outflows</u>				
Difference between expected and actual experience	\$ 4,871,837	\$ 1,942,632	\$ 215,320	\$ 7,029,789
Contributions subsequent to the measurement date	14,301,377	11,739,241	7,867,942	33,908,560
Difference between expected and actual earnings on investments	34,654,665	29,170,688	20,408,604	84,233,957
Changes in assumptions	3,900,869	4,769,697	2,288,429	10,958,995
Total deferred outflows	\$ 57,728,748	\$ 47,622,258	\$ 30,780,295	\$ 136,131,301
<u>Deferred inflows</u>				
Difference between expected and actual experience	\$ -	\$ 40,522	\$ 2,158,748	\$ 2,199,270
Difference between expected and actual earnings on investments	-	-	-	-
Changes in assumptions	457,369	-	2,041,397	2,498,766
Total deferred inflows	\$ 457,369	\$ 40,522	\$ 4,200,145	\$ 4,698,036
Net Pension Expense	\$ 3,251,252	\$ 5,934,789	\$ 3,149,115	\$ 12,335,156

As a result of GASB Statement No. 73, for the year ended September 30, 2023, the City recognized pension income of \$553,304 for the retiree subsidy and \$221,716 for the excess benefits plans. Additionally, the City recognized pension expense of \$0 for the retiree subsidy benefit and \$0 for the excess benefits plans. Deferred outflows and inflows of resources related to the City's other pension plans are as follows:

	Other Pension Plans		Total
	Retire Subsidy	Excess Benefits	
Deferred outflows			
Difference between expected and actual experience	\$ 293,101	\$ -	\$ 293,101
Contributions subsequent to the measurement date	1,849,634	205,508	2,055,142
Changes in assumptions	1,868,176	-	1,868,176
Total deferred outflows	<u>\$ 4,010,911</u>	<u>\$ 205,508</u>	<u>\$ 4,216,419</u>
Deferred inflows			
Difference between expected and actual experience	\$ 664,721	\$ -	\$ 664,721
Changes in assumptions	8,752,231	-	8,752,231
Total deferred inflows	<u>\$ 9,416,952</u>	<u>\$ -</u>	<u>\$ 9,416,952</u>

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date totaling \$35,963,702 will be recognized as a reduction in net pension liability in the year ending September 30, 2024 for each respective pension plan.

Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized as pension expense (income) as follows:

Fiscal Year	Defined Benefit Pension Plans			Retiree Subsidy
	General Employees'	Police Officers'	Firefighters'	
2024	\$ 10,239,526	\$ 10,491,665	\$ 4,589,081	\$ (1,312,568)

Thereafter	-	-	-	(1,250,526)
	<u>\$ 42,970,002</u>	<u>\$ 35,842,495</u>	<u>\$ 18,712,208</u>	<u>\$ (7,255,675)</u>

D. Other post-employment benefits

The cost of post-employment healthcare, life insurance, and long-term care benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. In adopting the requirements of GASB Statement No. 75, the City recognizes the total OPEB liability and the OPEB expense cost of these post-employment benefits in the year when the employee services are received.

Plan descriptions: The City has previously established and maintains a self-funded employee group medical insurance plan, a fully-insured employee group life insurance plan, and a fully-insured employee group long-term care insurance plan that it makes available to eligible retirees in accordance with State of Florida law and City ordinance. The self-funded medical and fully-insured life insurance plans are single-employer, experience-rated insurance plans that provide benefits to eligible retirees and their eligible dependents. The fully-insured long-term care insurance plan is a single-employer, statewide filed and rated insurance plan available to eligible retirees and their eligible dependents. These plans are not accounted for in a trust fund, as an irrevocable trust has not been established.

Funding policy: To date, the City has followed a pay-as-you-go funding policy, contributing only those amounts necessary to provide for its portion of current year benefit costs and expenses. The contribution requirements, if any, of plan members are established by the City. The City pays any remaining required amounts after contributions of plan members are taken into account. Currently, eligible retirees do not pay for life insurance or long-term care insurance plans provided by the City, but do pay the premiums associated with the medical plan elected - no direct City subsidy is currently applicable. However, there are implicit costs of medical and direct costs of life and long-term care insurance plan benefits. Retiree's spouses and other eligible dependents are also eligible under the City's medical and life insurance plans and the retiree is responsible for the payment of the applicable medical and life insurance premiums.

State of Florida law prohibits the City from separately rating retirees and active employees for medical plan benefits. The City therefore assigns to both groups equal, blended-rate premiums and makes available to both groups the same plan options. Although both groups are assigned the same blended-rate premiums, GAAP requires the actuarial liabilities to be calculated using age-adjusted premiums approximating claim costs for eligible retirees separate from active eligible members. The use of age-adjusted premiums results in the entire expected retiree obligation recognized in this disclosure.

Actuarial methods and assumptions: Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

Projections of other post-employment benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial calculations reflect a long-term perspective. The annual health care cost projected trend rates are based on the Getzen Model with a trend rate of 6.0% effective October 1, 2021 and gradually decreasing to an ultimate trend rate of 3.75%. Benefits are assumed to be unfunded.

The actuarial valuation of the total OPEB liability was performed as of September 30, 2021 and a measurement date of September 30, 2022 based on the assumptions presented below.

Actuarial valuation date	September 30, 2021
Actuarial cost method	Entry age normal
Actuarial assumptions:	
Inflation rate	2.25%
Discount rate	4.40%
Projected salary increases	Police-based on age of employee General-based on years of credited service Fire-based on years of credited service
Asset valuation method	n/a

Membership as of Actuarial Valuation Date	
Retirees and beneficiaries	417
Active members	966

Changes in the Total OPEB Liability:

Total OPEB obligation – beginning	\$45,184,419
Changes for the year:	
Service cost	2,021,818
Interest on total OPEB liability	1,022,121
Changes of benefit terms	-
Difference between expected and actual experience of the total OPEB liability	-
Changes of assumptions and other inputs	(12,751,465)
Benefit payments	<u>(1,068,062)</u>
Net change in total OPEB liability	<u>(10,775,588)</u>
Total OPEB obligation – ending	<u>\$34,408,831</u>
Covered employee payroll	\$88,884,917
Total OPEB liability as a percentage of covered employee payroll	38.71%

The Schedules of Changes in the City's Total OPEB Liability and Related Ratios, presented as required supplementary information following the notes to the financial statements, present multiyear trend information.

Discount rate: The discount rate used to measure the total OPEB liability was based on a tax-exempt municipal bond rate of 4.4% based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date.

Mortality rate: The mortality rate used to measure the total OPEB liability was based on July 1, 2021 mortality tables of the Florida Retirement System. They are based on the results of a statewide experience study covering the period 2013 through 2018.

Sensitivity of the total OPEB liability to changes in the discount rate: The following presents the City's total OPEB liability calculated using a discount rate of 4.4%, as well as the total OPEB liability using a discount rate that is one percentage point lower and one percentage point higher than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
OPEB liability (4.40%)	\$ 39,396,633	\$ 34,408,831	\$ 30,372,526

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rate: The following presents the City's total OPEB liability calculated using the assumed trend rates, as well as the total OPEB liability using a trend rate that is one percentage point lower and one percentage point higher than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
OPEB liability (6.00%)	\$ 31,888,860	\$ 34,408,831	\$ 37,480,962

OPEB Expense, Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2023, the City recognized OPEB income of \$283,097 and OPEB expense of \$1,184,057 as the result of GASB Statement No. 75. Deferred outflows and inflows of resources related to OPEB are as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions subsequent to the measurement date	\$ 1,351,159	\$ -
Difference between expected and actual earnings on investments	-	5,014,806
Changes in assumptions and other inputs	9,682,452	11,660,648
	<u>\$ 11,033,611</u>	<u>\$ 16,675,454</u>

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Year Ending September 30,	Net Deferred Outflow/Inflows of Resources
2024	\$ (731,464)
2025	(441,280)
2026	(379,255)
2027	(1,576,197)
2028	(1,742,428)
Thereafter	(2,122,378)
	<u>\$ (6,993,002)</u>

Notes:

Valuation dates of actuarially determined contributions for all plans are calculated based on the valuation as of the beginning of the year prior to the fiscal year in which contributions are due.

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes

Building Fees Fund

Accounts for the receipts and disbursements associated with building and permit fees.

Impact Fees Fund

Accounts for the receipts and disbursements of impact fees received from developers.

Urban Area Security Initiative Grant Fund

Accounts for the receipts and disbursements of the Urban Area Security Initiative Grant funds.

Broward County Home Consortium Grant Fund

Accounts for the receipts and disbursements of the Broward County Home Consortium Grant funds.

Neighborhood Stabilization Program Grant Fund

Accounts for the receipts and disbursements of the Neighborhood Stabilization Grant funds.

Community Development Block Grant Fund

Accounts for the receipts and disbursements of the Community Development Block Grant funds.

State Housing Initiative Partnership Grant Fund

Accounts for the receipts and disbursements of the State Housing Initiative Partnership Grant funds.

Fuel & Roadway Fund

Accounts for the government's share of motor fuel tax revenues that are legally restricted to the maintenance of, and improvements to, the streets, roadways, median strips, and street lights within the City.

Police Confiscation Fund

Accounts for the receipts and disbursements of police confiscation funds.

Debt Service Funds

Debt service funds are used to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

Special Tax District No. 1

Accumulates voted debt service ad valorem tax monies for Special Tax District No. 1 of the City of Sunrise, Florida Ad Valorem Tax Bonds, maturing on October 1, 2021.

General Obligation Bonds

Accumulates ad valorem taxes collected for payment of debt service on the General Obligation Bonds, Series 2015, maturing on July 1, 2044.

Special Obligation Bonds

Accumulates non-ad valorem revenues collected for payment of debt service on the Special Obligation, Series 2020, maturing on October 1, 2050.

Capital Projects Funds

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Special Tax District No. 1

Accounts for the construction of a parking garage and additional public works improvements for Special Tax District No. 1.

Nonmajor Proprietary Funds

Enterprise Funds

Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. When debt is backed solely by fees and charges or there is a legal requirement or policy decision to recover costs, an enterprise fund must be used.

Recycling Fund	Accounts for the provision of recycling services to City residents.
Stormwater Fund	Accounts for the operations of a City stormwater utility.
Golf Course Fund	Accounts for the operations of a City owned golf course.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and other government units, on a cost reimbursement basis.

Workers' Compensation Fund

Accounts for the provision of workers' compensation services to departments.

Fleet Management Fund

Accounts for funding for vehicle maintenance and replacement.

Information Technology & Communications Fund

Accounts for funding for computer and/or communications equipment replacement.

Self-Insured Health

Accounts for funding of the City's self-insured health plan.

Fiduciary Funds

Pension Trusts and Custodial Funds

Pension trust funds are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans. Custodial funds are used to report fiduciary activities that are not required to be reported in pension trust funds, investment trust funds, or private-purpose trust funds.

General Employees', Police Officers' and Firefighters' Pension Trust Funds

Accounts for the accumulation of resources to be used for retirement benefit payments to City employees.

Special Assessment Custodial Fund

Accounts for the accumulation of resources from special assessments to be used for principal and interest payments for the Special Assessment bonds, Series 2015.

Statistical Section

This part of the City's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

CONTENTS

	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	136
Revenue Capacity These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	141
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	146
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	150
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	153

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report for the relevant year.

**SCHEDULE 12
CITY OF SUNRISE, FLORIDA
DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
AS OF SEPTEMBER 30, 2023**

GOVERNMENTAL UNIT	DEBT OUTSTANDING	ESTIMATED PERCENTAGE APPLICABLE*	ESTIMATED SHARE OF OVERLAPPING DEBT
Debt repaid with property taxes			
Broward County School Board	\$ 2,281,909,000	3.51%	\$ 80,095,006
Broward County	39,205,000	3.82%	<u>1,497,631</u>
Subtotal, overlapping debt			81,592,637
City direct debt			<u>100,594,051</u>
Total direct and overlapping debt			<u><u>\$ 182,186,688</u></u>

Sources: Assessed value data used to estimate applicable percentages provided by Broward County.
Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

*For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using gross taxable property values after Value Adjustment Board changes. Applicable percentages were estimated by dividing the City's gross taxable property values after Value Adjustment Board changes by the County's and School Board's gross taxable property values after Value Adjustment Board changes.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Sunrise, Florida (the "City"), as of and for the fiscal year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 19, 2024. Our report includes a reference to other auditors who audited the financial statements of the City of Sunrise Police Officers' Retirement Plan and the City of Sunrise General Employees' Retirement Plan, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Police Officers' Retirement Plan were not audited in accordance with *Government Auditing Standards*.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR
FEDERAL PROGRAM AND STATE PROJECT AND REPORT ON INTERNAL
CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND
CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

To the Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

Report on Compliance for the Major Federal Program and Major State Project

Opinion on the Major Federal Program and Major State Project

We have audited the City of Sunrise, Florida's (the "City") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement*, and the requirements described in the *State of Florida Department of Financial Services' State Projects Compliance Supplement*, that could have a direct and material effect on the City's major federal program and major state project for the fiscal year ended September 30, 2023. The City's major federal program and major state project are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program and major state project for the fiscal year ended September 30, 2023.

Basis for Opinion on the Major Federal Program and Major State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General (Chapter 10.550). Our responsibilities under those standards, the Uniform Guidance and Chapter 10.550 are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program and major state project. Our audit does not provide a legal determination of City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance and Chapter 10.550 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the major federal program and major state project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

CITY OF SUNRISE, FLORIDA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards and state financial assistance (the “Schedule”) includes the federal and state activity of the City of Sunrise, Florida (the “City”) for the fiscal year ended September 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Chapter 10.550, Rules of the Auditor General. Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position/fund balance or cash flows of the City.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and the Florida Single Audit Act, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 – INDIRECT COST RATE

The City has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Sunrise, Florida (the “City”), as of and for the fiscal year ended September 30, 2023, and have issued our report thereon dated March 19, 2024. We did not audit the financial statements of the City of Sunrise Police Officers’ Retirement Plan and City of Sunrise General Employees’ Retirement Plan, which represent 74%, 77% and 52%, respectively, of the assets, net position/fund balance and revenues/additions of the aggregate remaining fund information.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance) and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for the Major Federal Program and State Project and Report on Internal Control over Compliance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Schedule of Findings and Questioned Costs; Summary Schedule of Prior Audit Findings; and Independent Accountants’ Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedules, which are dated March 19, 2024, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. As disclosed in Note I, the City was established under Chapter 61-2902 Laws of Florida in 1961. The City included the following blended component units: the Special Tax District No.1 and the Metropica Improvement District.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. Our assessment was performed as of the fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did have one (1) recommendation identified as MLC 2023-001 which is included in Appendix A.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information for Dependent Special Districts

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the City reported the required information in the Other Information Section found on page 159.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Mayor and the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF SUNRISE, FLORIDA

APPENDIX A – CURRENT YEAR AND PRIOR YEARS RECOMMENDATIONS TO IMPROVE FINANCIAL MANAGEMENT (CONTINUED)

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

MLC 2023-001 –NONCOMPLIANCE WITH TIMELINESS TEST FOR COMMUNITY DEVELOPMENT BLOCK GRANT (“CDBG”) PROGRAM

Criteria, Condition and Cause

As an entitlement City for the CDBG program, the City of Sunrise (the “City”) receives an annual federal grant award from the U.S. Department of Housing and Urban Development (“HUD” or “Agency”). The purpose of the CDBG funding is to provide decent housing, a suitable living environment and better economic opportunities for low-to moderate-income residents. As required by 24 CFR 570.902 of the CDBG regulations, the Agency reviewed the City for compliance with requirements for carrying out a CDBG Program in a timely manner. A grantee is considered in compliance if, 60 days prior to the end of its program year, the balance in the grantee’s line of credit, plus the balance of program income on hand, is not more than 1.5 times the most recent entitlement grant. When the 60-day test was conducted on August 2, 2022 and August 2, 2023, it was calculated that the City had an adjusted line of credit balance of 3.41 times its annual grant. Therefore, the City was again in non-compliance with the 1.5 performance standard for a second consecutive year. As a result, HUD sent a correspondence letter to the City on September 25, 2023, requiring the City to provide a response to the Agency by October 21, 2023. The City’s response must include a workout plan describing the steps it will take to ensure that the line of credit balance, including any program income, will be no greater than 1.5 on August 2, 2024, which represents the date the Agency will conduct its 60-day timeliness test for fiscal year 2024.

Effect

Failure to comply with the timeliness reporting requirements can have significant implications, including the potential for HUD to impose sanctions or recapture of funds, which could affect the City’s ability to finance ongoing or future community development projects.

Recommendation

Marcum strongly recommends that City implement procedures to ensure compliance with CDBG reporting deadlines in the future. This may include establishing internal controls to track and monitor the use of CDBG funds and developing a reporting calendar with built-in reminders to prevent missed deadlines. We suggest implementing performance measurement procedures to track the progress of CDBG-funded projects against goals and timelines. This can help identify slow-moving projects that may jeopardize timeliness standards.

CITY OF SUNRISE, FLORIDA

**APPENDIX A – CURRENT YEAR AND PRIOR YEARS RECOMMENDATIONS TO
IMPROVE FINANCIAL MANAGEMENT (CONTINUED)**

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2023

**MLC 2023-001 –NONCOMPLIANCE WITH TIMELINESS TEST FOR COMMUNITY DEVELOPMENT
BLOCK GRANT (CDBG) PROGRAM (CONTINUED)**

Management’s Response

The City takes this matter seriously and has complied with providing HUD a workout plan. The City has implemented procedures to track and monitor the use of CDBG funds and communicate any issues that may jeopardize timeliness standards.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO
SECTION 218.415, FLORIDA STATUTES**

To the Honorable Mayor, City Commission and City Manager
City of Sunrise, Florida

We have examined the City of Sunrise, Florida (the "City") compliance with Section 218.415, Florida Statutes, Local Government Investment Policies, for the fiscal year ended September 30, 2023. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the City and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with Section 218.415, Florida Statutes for the fiscal year ended September 30, 2023.

This report is intended to describe our testing of compliance with Section 218.415, Florida Statutes, and it is not suitable for any other purpose.
