March 26, 2025

TO THE HONORABLE MAYOR, MEMBERS OF COUNCIL AND CITIZENS:

The Comprehensive Annual Financial Report of the City of Bushnell for the fiscal year ended September 30, 2024, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to fairly present the financial position and results of operations of the City. To provide a reasonable basis for making these representations, management of the City of Bushnell has established a comprehensive internal control framework that is designed to both protect the government's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the City of Bushnell's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Bushnell's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects. All disclosures necessary to enable the reader to gain an understanding of the government's financial activities have been included. Additionally, the Management's Discussion and Analysis section that follows will provide highlights and review the financial performance during the reporting period.

BACKGROUND INFORMATION

The City of Bushnell, founded with the establishment of the Post Office on October 28, 1885, is a political subdivision of the State of Florida located in Sumter County. The City was established under the legal authority of the Laws of Florida, Chapter 57-105 and incorporated in 1911. Bushnell's rural atmosphere is inviting to those who like to enjoy a more relaxed lifestyle, yet exhibits a steady growth in both its commercial and its residential sectors with an estimated population of 3,523 reported in the 2024 census. The City operates under a Council-Manager form of government. The legislative branch of the City is composed of a four-member elected City Council, and an elected Mayor.

REPORTING ENTITY AND ITS SERVICES

This report includes all funds of the City. The City of Bushnell provides a full range of general governmental services and activities. These services include code enforcement; administrative and financial services; planning, zoning and development review; maintenance of highways, streets, and drainage; recreation and special events. Police, fire and library services are provided by either agreement or contract with the Sumter County Board of County Commissioners. In addition to general government activities, the governing body also operates an Electric, Water, Wastewater, and Sanitation Utility Operation.

LOCAL ECONOMY

The City of Bushnell is the County Seat of Sumter County. It also contains, within its boundaries, Bushnell Elementary and South Sumter High School. The County Courthouse, as well as the schools, brings a diverse group of consumers into the Bushnell area. While Bushnell's municipal limits are 12.42 square miles, our consumer service area is much greater.

The City of Bushnell is one of the smallest Electric utility providers in the State of Florida. The City also provides Water, Wastewater, and Sanitation services to consumers within the municipal limits, as well as select areas outside our municipal boundaries. The Wastewater Utility continues to encourage commercial growth, which has, in turn, created employment opportunities within the area.

Major industries located within the government's boundaries include manufacturers of air conditioning vents and metal components, go cart-racing motors, and storage buildings. The City also permits a Class 1 landfill within the city limits.

Due to its central location within the state, Bushnell has access to all major cities via Interstate 75, Highway 301, and the Florida Turnpike, thus making it easy to commute to Tampa, Orlando, Ocala, and Gainesville.

BUDGET INFORMATION

Each year during the month of May, City staff begins the process of reviewing current expenditures and revenues to begin the annual budget process. After all current revenues and expenses are reviewed, staff uses the current information to formulate the next budget year's projections. Once the projections are complete, the City Council holds a workshop to discuss matters relating to the upcoming Master Budget and Five-Year Capital Improvement Plan. After the completion of the workshop, City staff makes any necessary adjustments to the Master Budget and the Five-Year Capital Improvement Plan that is then presented for the First and Final Budget Hearings in September.

Budgetary controls have been established to address off-budget expenditures. Budgetary controls are maintained at the fund level within cost center, grant, or project appropriations. Budget to actual comparisons demonstrate how the actual revenues and expenditures compare to both the original and final revised budgets. It is each department head's responsibility to direct the purchasing process within his/her department in accordance with the requirements of the general budget. Should a necessary expenditure arise following initial approval of the annual budget, the department head shall request a budget amendment to the City Council. The City Council must amend the approved budget before the expenditure occurs.

CURRENT YEAR PROJECTS

During the Fiscal Year 2024, the City of Bushnell completed several projects to help improve the services provided to our citizens. The following information highlights these projects:

Road Improvements

The following road improvements were completed in Fiscal Year 2024:

- Overlay paving of Lowery Street.
- Reconstruction of Old CR 313.
- Various intersection and sidewalk improvements.

Parks and Recreation

The following park improvements were completed in Fiscal Year 2024:

- Upgrade of Bushnell Plaza Park elements.

Cemetery

- Construction and repaving of Cemetery streets.
- Purchase of new Cemetery tracking software.

Utility Projects

The following Water Utility project was completed in Fiscal Year 2024:

- Completion of the water plant and infrastructure improvements funded by the American Rescue Plan Act grant.

The following Wastewater Utility projects were completed in Fiscal Year 2024:

- Completion of the wastewater plant and infrastructure improvements funded by the American Rescue Plan Act grant.

The following Electric Utility projects were completed in Fiscal Year 2024:

- Electric GIS mapping.

Community Events

This year, the City was able to continue its marquee event: the annual Bushnell Fall Festival. The Fiscal Year 2024 Bushnell Fall Festival and Parade saw upwards of 10,000 attendees. Those in attendance enjoyed various vendors, food trucks, a kiddie zone with bounce houses and inflatables, a street dance, live entertainment, and a firework show. The City also hosted a Santa in the Park event and co-hosted numerous other events for the community's enjoyment.

MAJOR INITIATIVES/FUTURE PROJECTS

Road Improvements

The City is scheduled to make the following road improvements in Fiscal Year 2025:

- Overlay paving of York Street.
- Overlay paving of Roland Street.

Parks and Recreation

The following park improvements are scheduled for Fiscal Year 2025:

- Bushnell Downtown Park: Addition of trees, landscaping and additional sculptures.
- Engineering and construction of a splash pad at the Kenny Dixon Sports Complex funded with a FRDAP grant and general revenue funds.
- Various park improvements at Kenny Dixon Sports Complex funded through a FRDAP grant.
- Various park improvements at Dr. Martin Luther King, Jr. Park funded through a FRDAP grant.

Utility Projects

The following Water utility projects are scheduled to be completed in Fiscal Year 2025:

- Various upgrades at Water Plant 1, including: reroof of the building and replacement of chemical feed equipment, high service pumps, the generator and fuel tank.
- Various upgrades at Water Plant 2, including: replacement of generator, well pumps, high service pump, and chemical feed equipment.
- Various upgrades at the Sumterville Water Plant, including: replacement of pumps and fire flow pumps.
- Improvements to the overall distribution system, including: connecting the Bushnell and Sumterville water systems, eliminating dead ends, performing a lead and copper water line inventory, GIS mapping, hydraulic modeling, commercial water meter replacement, and more.

The following Wastewater utility projects are scheduled to be completed in Fiscal Year 2025:

- Wastewater Treatment Plant Improvements, including: sequencing batch reactor repair, engineering of a new Wastewater Treatment Plant, and initial construction of the new plant.
- Improvements to the overall collection system, including: hydraulic modeling and lift station upgrades.

The following Electric utility projects are scheduled to be completed in Fiscal Year 2025:

- Upgrade of the Electric System GIS maps.

OTHER INFORMATION

Independent Audit:

State Statute requires an annual audit by independent certified public accountants. The accounting firm of Purvis, Gray, and Company, LLP was selected by the City of Bushnell to complete this year's audit. The auditors' report on the basic financial statements, and combining and individual fund statements and schedules, are included in the financial section of the report.

Awards:

Building Strong Communities Award: At its annual Energy Connections Conference and Trade Show in Orlando, the Florida Municipal Electric Association presented the City of Bushnell with a "Building Strong Communities" award for its effort to provide the community with extra services and programs that go above and beyond what is normally "supplied."

Tree City USA: The Tree City USA award was first presented to the City of Bushnell in 1994. The City has continued to receive this award each subsequent year. This award requires an annual Arbor Day Celebration, the planting of trees, the implementation of a tree preservation policy, and an annual application documenting the levels of expenditure for maintenance of the program.

Certificate of Excellence in Financial Reporting: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bushnell for its Comprehensive Annual Financial Report for the fiscal year ending September 30, 2023. This was the twenty-third consecutive year the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments:

The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Administrative Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. We would also like to thank the Mayor and the City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Sincerely,

Shelley Ragan

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bushnell, Florida (the City) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund and major special revenue fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

INDEPENDENT AUDITOR'S REPORT

Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards*, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the pension and other postemployment benefits information and schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

INDEPENDENT AUDITOR'S REPORT

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of state awards, as required by Chapter 10.550, *Rules of the Auditor General*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state projects are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2025, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the City of Bushnell, Florida (the City) we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages iii-vi of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights

The assets and deferred outflows of the City of Bushnell exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$49,267,411. Of this amount, \$24,245,533 may be used to meet the government's ongoing obligations to citizens and creditors.

As of the close of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$9,696,390, an increase of \$2,325,611 in comparison with the prior year.

Overview of the Financial Statements

This management discussion and analysis is intended to serve as an introduction to the City of Bushnell's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information in addition to the basic financial statement themselves.

1.) Government-Wide Financial Statements

The government-wide financial statements are designed to provide a broad overview of the City of Bushnell's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City of Bushnell's assets and deferred outflows of resources, as well as liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Bushnell is improving or deteriorating.

The statement of activities presents information in how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in a future fiscal period (e.g., uncollected taxes and earned, but unused, vacation leave).

The government-wide financial statements can be found on pages 11-13.

2.) Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Bushnell, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Bushnell can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Management's Discussion and Analysis

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term* inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's *near-term* financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's *near-term* financing decisions. Both the governmental fund balance sheet and the government fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Bushnell maintains two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and special revenue funds.

The City of Bushnell adopts an annual appropriated budget for its general fund and special revenue funds. The budgetary comparison statements have been provided for the general fund and special revenue funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 14-22.

Proprietary Funds: Proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Bushnell uses proprietary funds to account for its electric distribution operation, water services, wastewater services, and sanitation services.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the electric, water, wastewater, and sanitation services, all of which are considered to be major funds of the City of Bushnell.

The basic proprietary fund financial statements can be found on pages 23-27.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Bushnell's programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found of pages 28-29 of this report.

Management's Discussion and Analysis

3.) Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 30-61 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Bushnell's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 62-69 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve as a useful indicator of a government's financial position over time. In the case of the City of Bushnell, assets and deferred outflow exceeded liabilities and deferred inflows by \$49,267,411 at the close of the most recent fiscal year.

Approximately 50% of the City of Bushnell's net position reflects its investment in capital assets (e.g., land, buildings, utility plant in service, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Bushnell uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Bushnell's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from future revenues, since the capital assets themselves cannot be used to liquidate these liabilities.

Management's Discussion and Analysis

CITY OF BUSHNELL'S NET POSITION

	Governmental		Business-Type Activities		Total	
	2024	2023	2024	2023	2024	2023

Management's Discussion and Analysis

An additional portion of the City of Bushnell's net position, 1%, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position \$24,245,533 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Bushnell is able to report positive balances in two categories of net position, both for the government as a whole, as well as for its governmental activities.

The government's net position increased by \$8,203,973 during the current fiscal year.

The increase in net position is partially attributed to the net improvement in revenues over expenses in the governmental funds and electric, water, and sanitation utility funds.

Governmental Activities: Both the general fund and the special revenue - cemetery fund are considered major governmental funds. Governmental activities increased the City of Bushnell's net position by \$2,382,423. During the fiscal year, the City received 3% less revenues from the State of Florida than it did in the previous year. The Cemetery Fund saw an increase of almost 68% due to an increase of interest revenues received from investments.

Business-Type Activities: The City of Bushnell considered all four of the business-type activities - electric, water, wastewater, and sanitation major funds. Business-type activities increased the City of Bushnell's net position by \$5,821,550. The Electric, Water, Wastewater and Sanitation funds saw an increase to their customer base throughout the fiscal year. Due to the increase in customers, the charges for services increased across all funds. The City also adopted increased rates for both the Water and Wastewater funds, which accounts for a portion of the increase to the respective Fund revenues.

Financial Analysis of the Government's Funds

As noted earlier, the City of Bushnell uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the City of Bushnell's governmental funds is to provide information on *near-term* inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Bushnell's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Bushnell's governmental funds reported combined ending fund balances of \$9,696,390, an increase of \$2,325,611 in comparison with the prior year. 4% of the fund balance is restricted for perpetual care for the cemetery. Approximately 18% is assigned for the Community Trust Fund related to the landfill revenues. The remaining 78% is considered unassigned and available to meet the City of Bushnell's obligations.

Management's Discussion and Analysis

The general fund is the chief operating fund of the City of Bushnell. At the end of the current fiscal year, fund balance of the general fund reached \$9,270,948. As a measure of the general fund's liquidity, it may be useful to compare the total fund balance to total fund expenditures.

The fund balance of the City of Bushnell's general fund increased by \$2,370,213 during the current fiscal year. A few key factors in this increase is as follows:

- Property Tax revenues increased due to annexations and construction throughout the fiscal year. The City received an additional 13% of Property Tax over revenues from the prior year.
- License and Permit revenues increased due to growth and construction inside the City's municipal boundaries.
- Additional revenues were received by the City from the Heart of Florida landfill.

Proprietary Funds: The City of Bushnell's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the electric, water, wastewater, and sanitation funds at the end of the year amount to \$15,640,087. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

Governmental Funds Budgetary Information

Differences between the original budget and the final amended budget are briefly summarized as follows:

- The City of Bushnell received more land development and building permit proceeds than anticipated.
- The City of Bushnell received more revenues from the special events than anticipated.
- The City of Bushnell received more electric franchise taxes and utility taxes than originally projected.
- The City of Bushnell received more investment income than originally projected.
- The City of Bushnell received less revenues from fines and forfeitures than it has in past years.

Capital Asset and Debt Administration

Capital Assets: The City of Bushnell's investment in capital assets for its governmental and business type activities as of September 30, 2024, amount to \$38,930,948 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system, improvements, and machinery and equipment.

Capital asset events during the current fiscal year included the following:

- The completion of the overlay paving of Lowery Street.
- The completion of the reconstruction of County Road 313.
- The completion of the construction and repaving of roads on the interior of the Evergreen Cemetery.
- The completion of water plant infrastructure improvement projects funded by the American Rescue Plan Act grant.
- The completion of the wastewater plant infrastructure improvements funded by the American Rescue Plan Act grant.

Management's Discussion and Analysis

Additional information on capital assets can be located on page 41 within the notes to the financial statements.

Long-Term Debt: The City of Bushnell's total debt increased by a net of \$498,347 during the current fiscal year. The new debt incurred during the year was the completion of two State Revolving Loans for the Wastewater Fund, and the addition of a financed purchase for the Sanitation Fund. Additional information on long-term debt can be located on page 42, within the notes of the financial statements.

Economic Factors and Next Year's Budgets and Rates

Economic Factors: The City of Bushnell is the County Seat of Sumter County, reported by the University of Florida, Bureau of Economic and Business research as "The second fastest growing County in 2009." Situated just 50 miles north of Tampa and 50 miles west of Orlando, the City of Bushnell is strategically located between Interstate 75 and the Florida Turnpike. Our location provides easy transportation access to both of these metropolitan areas.

Easily accessible from many areas and being the County Seat in an ever-growing Sumter County makes the City of Bushnell's market area much larger than its corporate limits. Independent market studies suggest that the population within the market area affected by the City of Bushnell could exceed 70,000 people. In addition to this significant number, traffic studies conducted by the Sumter County Road and Bridge Department indicate average daily traffic counts of 20,000 cars on West Belt Avenue. These statistics are mentioned only to illustrate the much larger market and social forces affecting this small community on a daily basis. Within the utility service area, which comprises mostly the incorporated city limits and some small areas in the unincorporated Sumter County, the City of Bushnell services a total 2,966 of metered customers, of which 904 are commercial customers. The City of Bushnell exhibits steady growth in its commercial sector. The SR 48 and I-75 interchange still has a number of commercial undeveloped parcels of varying size; these parcels have available utility services to them making them attractive for further commercial development.

Next Fiscal Year Budget and Rates: For fiscal year 2024-2025 the Council of the City of Bushnell adopted a tax increase on ad valorem taxes. In July of 2024 the City Council voted to increase both water and wastewater rates by 20% after completing a rate study with the assistance of the Florida Rural Water Association. The City of Bushnell intends to continue to monitor all revenue streams to ensure sufficiency in meeting expenditures, and for establishment and funding of capital reserve accounts.

Requests for Information

This financial report is designed to provide a general overview of the City of Bushnell's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, P. O. Box 115, Bushnell, Florida 33513.

**CITY OF BUSHNELL, FLORIDA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
AS OF SEPTEMBER 30, 2024**

Total Fund Balances of Governmental Funds \$ 9,696,390

**Amounts Reported for Governmental Activities in the Statement
of Net Position are Different Because:**

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$16,447,304 and the accumulated depreciation is (\$6,053,755). 10,393,549

Deferred Inflows relating to pensions and other postemployment benefits represent future acquisition of net position that is not reported in the funds:

Pension Related (107,681)

Deferred Outflows and Inflows for pensions and other postemployment benefits are amounts that are not financial resources reported in the funds:

OPEB Related 20,046
Pension Related 340,694

Recognize Deferred Grant Revenues 100,000

Long-term liabilities are not due and payable in the current period and, accordingly, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds but rather is recognized as an expenditure when due. All liabilities, both current and long-term, are reported in the statement of net position. Long-term liabilities at year-end consist of:

Net Pension Liability (380,033)
Notes Payable (863,223)
Compensated Absences (120,163)
OPEB Obligation (518,365)

Total Net Position of Governmental Activities \$ 18,561,214

See accompanying notes.

**CITY OF BUSHNELL, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2024**

Net Change in Fund Balances - Total Governmental Funds \$ 2,325,611

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Governmental funds report capital purchases as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense. This reconciling item is the amount of depreciation expense of (\$517,092) and net capital additions of \$356,722. (160,370)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds.

The following principal repayments of long-term debt occurred during the year:

Principal Repayments:
Note Payable 163,476

Change in Deferred Grant Revenues 100,000

Change in deferred inflows and outflows of resources:

Pension Related 100,239
OPEB Related 545

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds:

Compensated Absences (10,215)
OPEB Obligation 21,041
Net Pension Liability (157,904)

Change in Net Position of Governmental Activities \$ 2,382,423

See accompanying notes.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Note 1 - Description of Funds and Summary of Significant Accounting Policies

The financial statements of the City of Bushnell, Florida (the City) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. Significant City accounting policies are described below:

Reporting Entity

The City is a political subdivision of the State of Florida located in Sumter County (the County). The City was established under the legal authority of the Laws of Florida, Chapter 57-105. The City operates under a council-manager form of government. The legislative branch of the City is composed of a four-member elected City Council, and an elected mayor. The Mayor and City Council are governed by the City Charter by state and local laws and regulations. The Mayor and City Council are responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the City Manager. The City provides services to its residents in many areas, including contracting with the County for public safety (police), highways and streets, utilities, sanitation, culture and recreation, public improvements, and general administrative services.

In evaluating the City as a reporting entity, management has addressed all potential component units (traditionally separate reporting entities) for which the City may or may not be financially accountable and, as such, be included within the City's financial statements. The City (the primary government) is financially accountable if it appoints a voting majority of the organization's Governing Board and: (1) it is able to impose its will on the organization, or (2) there is a potential for the organization to provide specific financial benefit to, or impose specific financial burden on, the City. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Management has determined that there are no component units that the City is required to report on.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment.

Indirect expenses are allocated automatically, and certain indirect costs are included in program expenses reported for individual function and activities. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. The fiduciary funds are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide activities.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City operates the following major governmental funds:

■ **Governmental Funds**

Governmental funds are used to account for all or most of a government's general activities. The City operates the following major governmental funds:

- The **General Fund**—is the City's primary operating fund. It accounts for all financial resources of the primary government, except those required to be accounted for in another fund.
- The **Evergreen Cemetery Fund**—accounts for the proceeds from sales of cemetery lots and contributions to the City's cemetery fund, which is used to maintain the cemetery. This fund is reported as a special revenue fund. Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes.

■ **Proprietary Funds**

Proprietary funds are used to account for the City's ongoing activities, which are similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

The City reports the following major proprietary funds:

- The **Electric Utility Fund**—accounts for the fiscal activity of providing electric services to residential and commercial customers.
 - The **Water Utility Fund**—accounts for the fiscal activity of providing water services to residential and commercial customers.
 - The **Wastewater Fund**—accounts for the fiscal activity of providing wastewater services to residential and commercial customers.
 - The **Sanitation Fund**—accounts for the operations and maintenance of the City’s refuse collection system.
- **Fiduciary Fund**
- The **Pension Trust Fund**—accounts for the activities of the City’s General Employees’ Retirement fund, which accumulates resources for pension benefit payments for qualified retiring employees. It is excluded from the government-wide financial statements because it is fiduciary in nature and does not represent resources available to the City for operations. The financial statements are prepared on the accrual basis of accounting. Benefits and refunds of the postemployment defined-benefit plan are recognized when due and payable in accordance with the terms of the plan. In addition, administrative costs are financed through plan earnings.

Summary of Significant Accounting Policies

The City conforms to all significant accounting policies to GAAP applicable to governmental units. The following is a summary of the more significant principles and practices used in the preparation of these financial statements:

Proprietary Funds

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the City’s proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City’s policy to generally use restricted resources first, and then unrestricted resources, as they are needed for their intended purposes; however, this decision is frequently made on a case-by-case basis based upon facts and circumstances. Revenues of the proprietary funds are recognized on the basis of services rendered. Billing cycles of the proprietary funds that overlap September 30 are prorated based upon meter reading dates.

Budgets and Budgetary Accounting

The City’s procedures in preparing and adopting the annual budget, which is adopted on a basis consistent with GAAP, are as follows:

- The City Manager is responsible for preparing a proposed operating budget for all governmental funds and proprietary funds for the upcoming year prior to September 30 that includes estimated revenues, proposed expenditures, and other financing sources and uses.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

- Public hearings are held to obtain taxpayer comments and suggestions. The budget is enacted through passage of a resolution.
- The City Manager is authorized to transfer budgeted amounts within any fund but may not revise total fund expenditures without the approval of the City Council. The budget data presented is in agreement with the originally adopted budget as amended by the City Council.
- Formal budgetary integration is employed as a management control device during the year for substantially all funds. Budgets are adopted on a basis consistent with GAAP, except that the provision for depreciation expense is not included in the budget of the proprietary funds. Total budgetary appropriations within a governmental fund type may not be exceeded legally. Appropriations lapse at the end of the year. Budget data, when presented in the basic financial statements, is prepared on the same basis of accounting as that prescribed for the fund. An annual operating budget was prepared for all funds.

Annual budgets are adopted on a basis consistent with GAAP for all governmental funds.

During the year, the City made supplemental budget appropriations, which increased or decreased the budgets, as necessary.

Cash and Cash Equivalents

Cash includes cash on hand, demand deposits with banks, money market funds, and certificates of deposits, as well as short-term investments with a maturity date within three months of the date acquired.

The City utilizes pooled cash and investment accounts in which each fund participates on a dollar equivalent basis (except the pension trust funds). Interest is distributed monthly based on average balances. The nature of the pooled accounts permits temporary negative cash balances upon overdrawing of cash available in individual funds, which is presented as interfund receivables and payables. The cash and investments of the pension trust funds are held separately from those of other City funds.

Transfers

Transfers are recognized in the accounting period in which the interfund receivable and payable arise. Transfers are made between funds to finance operations, per the budget.

Capital Grants

Accounts receivable from other governments include amounts due from grantors. Program and capital grants for capital assets are recorded as receivables and revenues at the time reimbursable costs are incurred. Revenues received in advance of costs being incurred are deferred. Capital grants for capital asset additions to the proprietary funds are recorded as non-operating revenues.

Investments

Investments, including pension funds, are stated at fair value. State Board of Administration (SBA) funds are stated at amortized cost.

Receivables

Utility operating revenues are generally recognized on the basis of cycle billings rendered monthly. The amount of services delivered after the last billing date and up to September 30 is estimated and accrued at year-end. The allowance for doubtful accounts is detailed in Note 12.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

General fund receivables represent amounts due from the federal, state, or local governments, State of Florida or the County for shared revenues or costs. The amount is considered collectible in full within sixty days of fiscal year-end (therefore, an allowance for doubtful accounts is not recorded).

Lease Receivable

The City is the lessor for several non-cancelable leases. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of the payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of the lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted to lease payment received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgements include how the City determines: (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the non-cancelable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

Inventories and Prepaid Items

Inventories held by the utility funds are priced by the weighted-average costs method at the lower of cost or market. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Cost Reimbursements

Certain personal services and operating expenses/expenditures recorded in various funds and departments are a result of services performed and expenses/expenditures incurred for the benefit of other funds and departments. In order to better reflect various funds and departments' actual costs, a cost reimbursement is recorded as a reduction in expenditures or expenses. The funds and departments that benefit from the services and expenses/expenditures record a cost reimbursement as an increase in expenditures or expenses.

Capital Assets

Capital assets, which include land, utility plant-in-service, buildings, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Utility plant-in-service and equipment with initial individual costs that equal or exceed \$300 and estimated useful lives of over one year are recorded as capital assets. Capital assets are recorded at historical cost if purchased or constructed. Infrastructure assets acquired prior to the implementation of GASB Statement No. 34 have not been recorded.

Capital asset purchases are recorded as capital outlay expenditures in the fund level governmental funds in the year of acquisition.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	32-50 Years
Improvements Other Than Buildings	10-50 Years
Machinery, Equipment, and Furniture	3-15 Years

Bond Discounts

Bond discounts for proprietary fund types are deferred and amortized over the term of the bonds using the straight-line amortization method, which produces a result not significantly different from the interest method. Bond discounts are presented as a reduction of the face amount of bonds payable.

Compensated Absences

In the governmental fund financial statements there are no amounts of compensated absences associated with employee vacations and sick leave recorded. In the government-wide financial statements, all governmental fund compensated absences are recorded and split between the current and non-current portions. The general fund is used to liquidate the liability for compensated absences.

In proprietary funds, the amount of compensated absences associated with employee vacation days and sick leave that are recorded as expenses represent the amounts paid during the year and accrued at year-end. The entire liability for compensated absences of these funds is reflected in the respective financial statements split between the current and non-current portions and also recorded in the entity-wide statements.

The policy for payment of sick leave is upon voluntary termination of the employee, 50% of the accumulated hours would be paid (75% for long-term employees with twenty or more years of full-time service) not to exceed 1,040 hours. The City accrues and records 100% of unpaid vacation pay and 50% or 75%, as applicable, of unpaid sick pay at the employee's current pay rate.

Encumbrances

Encumbrances accounting, under which purchase orders, contracts, and other commitments are recorded as expenditures in order to reserve that portion of the applicable appropriation, is not employed by the City for budgetary purposes.

Unearned Revenues

Unearned revenues include amounts collected before the revenue recognition criteria are met and receivables which, under the modified accrual basis of accounting, are measurable but not yet available.

Water Line Extension Charges

Water line extension charges are made to customers to cover the full cost of the addition. Costs of the extension are reported as utility plant-in-service and depreciated over the estimated useful life of the assets.

Property Taxes

Under Florida law, the assessment of all properties and the collection of all county, municipal, and school board property taxes are consolidated in the offices of the County Property Appraiser and the County Tax Collector. The laws of the state regulating tax assessment are also designed to assure a consistent property valuation method state-wide. Florida Statutes permit municipalities to levy property taxes at a rate of up to 10 mills. The millage rate assessed by the City for the fiscal year ended September 30, 2024, was 3.562%.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

The tax levy of the City is established by the City Council prior to October 1 of each year and the County Property Appraiser incorporates the City millages into the total tax levy, which includes the County and the County School Board tax requirements.

All property is assessed according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the Florida Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of Florida Statutes.

Taxes are assessed on November 1 of each year, or as soon thereafter as the assessment roll is certified and delivered to the County Tax Collector. Unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount.

On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest at 18% per year or any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

The City does not accrue its portion of the County-held tax sales certificates or personal property tax warrants because such amounts are not measurable and available as of the balance sheet date.

Fund Balance Reporting

GASB has promulgated Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The statement is designed to do two things. First, it clarifies the definition of what activities are to be reported within different types of governmental funds (general fund, special revenue fund type, capital project fund type, debt service fund type, and permanent fund type). No changes were required by the City based on this standard clarification.

Second, it provides clearer fund balance definitions that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in governmental funds as follows:

- *Non-Spendable*—Resources that cannot be spent, such as for inventories and prepaid items.
- *Restricted*—Balances that only can be spent for specific purposes imposed by external sources.
- *Committed*—Resources that can only be spent for purposes established by the highest decision making authority in the City—the City Council.
- *Assigned*—Amounts designated for specific purposes but does not meet the criteria to be designated restricted or committed.
- *Unassigned*—The residual classification for all remaining funds not contained in other classifications for the general fund.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

All *Restricted* fund balances relate to external debt service restrictions and perpetual care for the cemetery. The City Council is the highest decision making authority of the City, approves the establishment, increase, and reduction in *Committed* and *Assigned* fund balances by resolution. All other fund balances are *Unassigned* for the General Fund. *Restricted* and *Committed* fund balances are always used first for the purposes for which they are designated. Changes to this practice require prior City Council approval. The City Council, the governing body, has not provided authorization or a policy designating authority to changes of the above classifications to any other individual. A minimum fund balance amount has not been formally adopted.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. The separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify as deferred outflows of resources on its government-wide and proprietary statement of net position, the deferred outflows for Other Postemployment Benefits (OPEB) and deferred outflows for pension. The deferred outflows for OPEB are an aggregate of items related to OPEB as calculated in accordance with GASB Statements No. 68, *Accounting and Financial Reporting for Pensions*, and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The deferred outflows for OPEB and pensions will be recognized as pension expense, or a reduction of the net OPEB, or pension liabilities in future reporting periods.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has three types of deferred inflows, the deferred inflows related to pensions, deferred inflows of grants, and deferred inflows related to leases. The deferred inflows for pensions are an aggregate of items related to pensions as calculated under the sample principles as the deferred outflows for pensions. Both will be recognized as a reduction to pension expense in future reporting periods.

Note 2 - Cash and Cash Equivalents and Investments

All cash deposits were held in qualified public depositories and were covered by federal depository insurance or by the *Florida Security for Public Deposits Act*, Chapter 280 of the Florida Statutes.

The amounts placed with the SBA Florida Prime™, for participation in the Local Government Surplus Funds Trust Fund investment pool was created by Section 218.415, Florida Statutes. This investment pool operates under investment guidelines established by Section 215.47, Florida Statutes. The City's investments in the Florida Prime™, a Securities and Exchange Commission investment pool, are reported at fair value, which is amortized at cost. The fund issues separate financial reports and can be found at their website at www.sbafla.com/PRIME.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

The City's cash and cash equivalents, investments, and required disclosures for the year ended September 30, 2024, are as follows:

<u>Type</u>	<u>Fair Value</u>	<u>WAM</u>	<u>Level</u>	<u>Credit Ratings</u>

Total	<u>\$ 23,430,628</u>			

*SBA is only the Florida Prime™ pool and is valued at amortized cost.

Fair Value Hierarchy

The City holds assets that are defined as short-term investments. The City's investments are recorded at fair value unless the investment qualifies as an external investment pool under the guidance in GASB Statement No. 79. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels:

Level 1—Inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

Level 2—Inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, prices for identical or similar assets or liabilities in markets that are not active, and inputs other than quoted prices that are observable for the asset or liability, such as: (1) interest rates and yield curves observable at commonly quoted intervals, (2) implied volatilities, and/or (3) credit spreads and market corroborated inputs. This includes other significant observable inputs (including quoted prices of similar securities, interest rates, prepayment speeds, credit risk, etc.).

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Level 3—Inputs are unobservable inputs for an asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs.

Other Investment Disclosures

The City holds investments in qualified external investments pools that measure all of its investments at amortized cost for financial reporting purposes. These investments are recorded at amortized cost. The following investment is recorded at amortized costs and is not subject to the fair value hierarchy:

- Florida Local Government Investment Pool (Florida Prime™)

The pool has no limitations or restrictions on participant withdrawals including items, such as redemption notices, maximum transaction amounts, and the pool’s authority to impose liquidity fees or redemption gates.

GASB Statement No. 79 says that if a participant has an investment in a qualifying external investment pool that measures, for financial reporting purposes, all of its investments at amortized cost, it should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool’s authority to impose liquidity fees or redemption gates) in notes to the financial statements.

With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states the principal and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the Executive Director may extend the moratorium until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days.

With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made.

As of September 30, 2024, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100% of their account value.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Investments

The City established an investment policy on September 7, 2017, that follows the Florida Statute 218.415.

The investment policy for the General Employees' Pension Fund was established in 2002, pursuant to the Florida Statutes requirements and has been amended.

Interest Rate Risk

The City's pension plan investment policy does not address the risk that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The pension plan's interest rate risks are measured using the weighted average maturity method (WAM). The WAM method expresses investment time horizons, the time when investments become due and payable-in years or months, weighted to reflect the dollar size of individual investments.

Custodial Credit Risk

The City's pension plan policy requires securities be held with a third-party custodian; and all securities purchased by, and all collateral obtained by, the City shall be properly designated as an asset of the City.

Concentration of Credit Risk

The City's pension plan policy states that, except for Treasury and Agency Obligations, the debt portion of the investments shall contain no more than ten percent (10%) of a given issuer irrespective of the number of differing issues.

Credit Risk

The City's pension plan policy states that all securities must hold a rating in one of the three highest classifications by a major rating service. All of the fixed income investments in the pensions' funds hold a rating of AAA by Standard & Poor's and Moody's. As of September 30, 2024, there were no investments that had greater than 5% concentration by any one issuer other than those explicitly guaranteed by the U.S. Government.

Foreign Currency Risk

The City's pension plan policy does not address applicability in investments in foreign currency. The pension plan does not have exposure to foreign currency risk.

Rate Stabilization

The rate stabilization fund was created pursuant to an agreement with the City's wholesale power provider, Florida Municipal Power Agency (FMPA). These funds are held in trust by FMPA in a money market fund and can be utilized by the City to stabilize the City's bulk electric rates. As of September 30, 2024, the balance in this account was \$86,146 shown as cash with fiscal agent in the statement of net position.

Note 3 - Restricted Assets

Customer Deposits

Customer deposits have been restricted to indicate that the amount is not available for the financing of current utility operations.

Loan Payable (State Revolving Loan Program) - Hanson Plant	Waste Water System Revenues and Available (1) Non-Ad Valorem	586,494	69,230	53%	312,814	2028
Loan Payable (State Revolving Loan Program) -	Waste Water System Revenues (1)	586,494	-	4%	416,449	2025
Loan Payable (State Revolving Loan Program) - WWTP	Waste Water System Revenues (1)	586,494	-	7%	405,601	2025
Florida Municipal Power Agency Utility Expansion	Electric Revenues (1)	1,020,823	511,591	136%	6,962,651	2029

(1) System Revenues are defined as net current year revenues multiplied by the remaining number of years pledged.

Note 7 - Lease Receivable

The City is the lessor of several tower leases with Bright House, Century Link and Blue, Inc. to place communication equipment on City owned water towers. The City leases “tower space” to Blue, Inc. to place communication equipment as part of their wireless network services. Bright House and Century Link have multiple pole attachments within the City. The lease amount is adjusted each year by the amount equal to the greater of 3% of the preceding year rent or by the U.S. Consumer Price index.

Description	Date	Payment Terms	Payment Amount	Incremental Borrowing Rate	Total Lease Receivable	Balance 9/30/2024
Tower Space – Blue Inc.	3/8/2022	5 Years	\$ 3,333	1.05%	\$ 194,928	\$ 95,419
Pole Attachment – Bright House	6/1/2020	5 Years	14,127	1.05%	51,788	9,377
Pole Attachment – Century Link	6/1/2020	5 Years	4,488	1.05%	16,456	2,977
Total Lease Agreements						<u>\$ 107,773</u>

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

The District recognized the following revenue associated with these leases during the fiscal year:

<u>Lease Related Revenues</u>	<u>2024 Balance</u>		
Tower Space - Blue, Inc.	\$	38,774	
Pole Attachment - Bright House		13,950	
Pole Attachment - Century Link		4,431	
	<u>\$</u>	<u>57,155</u>	

<u>For the Fiscal Year Ending September 30:</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Receipts</u>
2025	\$ 51,536	\$ 868	\$ 52,404
2026	39,597	399	39,996
2027	16,640	71	16,711
Total	<u>\$ 107,773</u>	<u>\$ 1,338</u>	<u>\$ 109,111</u>

Note 8 - Electric Power Agreements

FMPA

The City is a member of the FMPA, which is a joint action agency formed by a number of Florida municipalities for the purpose of providing electric power alternatives for its members.

FMPA is a governmental, joint action agency formed pursuant to Florida Statutes. FMPA has the authority to undertake joint power supply projects and to issue tax-exempt bonds or other obligations to finance or refinance the costs of such projects.

Due to the diverse needs of Florida’s municipal electric systems, FMPA was established as a project-oriented agency. Under this structure, each member has the option whether or not to participate in a project. Members may choose to participate in more than one project; however, each of the FMPA’s five projects is independent from the other and no revenues or funds available from one project can be used to pay the costs of any other project.

The City has elected to participate in the “All Requirements Project”, which supplies all of the City’s power requirements. The agreement will remain in effect until October 1, 2035, with optional successive five-year renewal periods. The contract provides for optional withdrawal by the City but would require the City to make all remaining project members whole, which is generally understood as a paying off of its share of the project’s debt. The cost to the City withdrawing from the contract has not been calculated but is generally understood to require payoff of the City’s portion of project debt.

Power rates charged to the City by FMPA are subject to a majority vote of the Board of Directors of FMPA.

Note 9 - Employee Retirement Systems

Florida State Retirement System—Pension Plan

As of October 1, 2023 the City opted to re-enter Florida Retirement System for any existing employees and then new hires only. This System was created by the Florida Legislature and is a cost-sharing, multiple-employer defined-benefit, public retirement plan available to governmental units within the state of Florida. The System issued a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315, or by calling (850) 488-5706.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

All full-time employees of the City after October 1, 2023, are eligible to participate in the System. Special risk employees who retire at or after age 55, with six years of creditable service; and all other employees who retire at or after age 55, with six years of creditable service; are entitled to a retirement benefit, payable monthly for life, equal to the product of: (1) average monthly compensation in the highest five years of creditable service, (2) creditable service during the appropriate period, and (3) the appropriate benefit percentage. Benefits fully vest on reaching six years of service. Vested employees may retire after six years of creditable service and receive reduced retirement benefits. The System also provides death benefits, disability benefits, and annual cost-of-living adjustments. Benefits are established by Florida Statute. Beginning in 2011, the state mandated a 3% contribution to the System by the employees. The City currently has two employees that participate in the System.

The funding methods and the determination of benefits payable are provided in various acts of the Florida Legislature. These acts provide that employers, such as the City, are required to contribute 13.63% of the compensation for regular members, 21.13% for Deferred Retirement Option Program (DROP), 34.52% for senior management, and 45.45% for elected officials as of September 30, 2024. In addition, employees that are not participating in DROP are required to contribute 3% of their gross salary.

The City contributed 100% of the required contributions to the System [cumulative total for both state plans – FRS and Health Insurance Subsidy (HIS)] for the years ended September 30, 2024, 2023, and 2022, as follows:

<u>Year</u>	<u>Amount</u>
2024	\$ 47,977

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions—At September 30, 2024, the City reported a net pension liability of \$178,918 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The City’s proportionate share of the net pension liability was based on projection of the City’s long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2024, the City’s proportionate share was .000462502%, which was an increase of .000462502 from its proportionate share measured as of June 30, 2023.

Pension Expense and Deferred Outflow of Resources and Deferred Inflow of Resources—For the year ended September 30, 2024, the Sponsor will recognize a pension expense of \$254. On September 30, 2024, the Sponsor reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

	<u>Deferred Inflow</u>	<u>Deferred Outflow</u>
	<u>Funds</u>	<u>Funds</u>
Differences Between Expected and Actual Experience	\$ -	\$ 18,075
Change in Assumptions	-	24,522
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	11,892	-
Contributions Subsequent to Measurement Date	-	10,736
Changes in Proportion and Differences Between the City Contributions and Proportionate Share of Contributions	<u>14,281</u>	<u>119,490</u>
Total	<u>\$ 26,173</u>	<u>\$ 172,823</u>

The deferred outflows of resources related to pensions totaling \$10,736 resulting from City contributions subsequent to the measurement date, but before the end of the employer's reporting period, will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year</u>	<u>Total Inflows/Outflows</u>
2025	\$ 12,597
2026	55,526
2027	29,941
2028	27,890
2029	9,960
Thereafter	<u>-</u>
Total	<u>\$ 135,914</u>

Actuarial Assumptions

The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary Increases	3.25%, Including Inflation
Investment Rate of Return	6.70%, Net Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the July 1, 2019. As a result of the 2018 actuarial experience study, the real payroll growth assumption was 3.25% and the long-term expected rate of return was 6.70%.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1.0%	3.3%	3.3%	1.1%
Fixed Income	29.0%	5.7%	5.6%	3.9%
Global Equity	45.0%	8.6%	7.0%	18.2%
Real Estate	12.0%	8.1%	6.8%	16.6%
Private Equity	11.0%	12.4%	8.8%	28.4%
Strategic Investments	2.0%	6.6%	6.2%	8.7%
Total	<u>100%</u>			

Discount Rate—The discount rate used to measure the total pension liability was 6.70%. In general, the discount rate for calculating the total pension liability under GASB Statement No. 67 is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. The rate of return assumption is a prescribed assumption as defined by Actuarial Standards of Practice.

Sensitivity of the City’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate—The following presents the City’s proportionate share of the net pension liability calculated using the discount rate of 6.70%, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.70%) or 1-percentage-point higher (7.70%) than the current rate:

	<u>1% Decrease 5.70%</u>	<u>Current Discount Rate – 6.70%</u>	<u>1% Increase 7.70%</u>
City’s Proportionate Share of the Net Pension Liability	\$ 314,710	\$ 178,918	\$ 65,163

FRS Pension Plan Fiduciary Net Position—Detailed information about pension plan’s fiduciary net position is available in the separately issued FRS Comprehensive Annual Financial Report.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Florida State Retirement System—HIS

Plan Description—The HIS Pension Plan (HIS Plan) is a cost-sharing, multiple-employer defined benefit pension plan established to provide a monthly subsidy payment to retired members of any state-administered retirement system in order to assist such retired members in paying the costs of health insurance. Persons are eligible for HIS payments who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system, except those individuals who are pension recipients under Sections 121.40, 237.08(18)(a), and 250.22, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes, or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when he or she terminates employment with all employers participating in the FRS and:

- For a member of the FRS investment plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes and meets the definition of retiree in Section 121.4501(2), Florida Statutes.
- For a member of the FRS defined-benefit pension plan, or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan.

Any person retiring on or after July 1, 2001, as a member of the FRS, including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability benefit per provisions under Chapter 112, Florida Statutes. Additionally, participants in the Senior Management Service Optional Annuity Program and the State City System Optional Retirement Program are not eligible to receive benefits from the HIS Plan.

Benefits Provided—The benefit is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement.

For the fiscal year ended June 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions—The HIS Program is funded by required contributions from FRS participating employers as set by the Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2024, the contribution rate was 2.00% of payroll. The state contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

The City’s contributions to the HIS defined-benefit pension plan are reported as a total with the pension plan contributions listed above.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIS—At September 30, 2024, the City reported a net pension liability of \$97,656 for its proportionate share of the net pension liability for HIS. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City’s proportionate share of the net pension liability was based on projection of the City’s long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2024, the City’s proportionate share was .000650995%, which was an increase of .000650995 from its proportionate share measured as of June 30, 2013.

For the year ended September 30, 2024, the City recognized pension expense as listed above. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Inflow Funds	Deferred Outflow Funds
Differences Between Expected and Actual Experience	\$ 188	\$ 943
Change in Assumptions	11,561	1,728
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	35	-
Contributions Subsequent to Measurement Date	-	2,280
Changes in Proportion and Differences Between the City Contributions and Proportionate Share of Contributions	15,627	91,112
Total	\$ 27,411	\$ 96,063

The deferred outflows of resources related to pensions totaling \$2,280 resulting from City contributions subsequent to the measurement date, but before the end of the employer’s reporting period, will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year	Total Inflows/Outflows
2025	\$ 7,871
2026	9,040
2027	13,077
2028	15,333
2029	16,179
Thereafter	4,872
Total	\$ 66,372

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Actuarial Assumptions—The total pension liability in the July 1, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increase	3.50% Average, Including Inflation
Bond Buyer General Obligation 20-Bond Municipal Bond	3.93%

Mortality rates were based on the Generational RP-2000 with Projection Scale BB.

The actuarial assumptions used in the July 1, 2024 valuation were based on the results of an actuarial experience study for the period July 1, 2018 through June 30, 2023.

Discount Rate—The discount rate used to measure the total pension liability was 3.9%. In general, the discount rate for calculating the total pension liability under GASB Statement No. 67 is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan Sponsor. The discount rate used in the 2024 valuation was updated from 3.93% to 3.65%, reflecting the change in the Bond Buyer General Obligation 20-Bond Municipal Bond Index as of June 30, 2024. In addition, the salary increase, including inflation was updated from 3.25% to 3.50%.

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate—The following presents the City’s proportionate share of the net pension liability calculated using the discount rate of 3.9%, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93%) or 1-percentage-point higher (4.93%) than the current rate:

	<u>1% Decrease</u> <u>2.93%</u>	<u>Current Discount</u> <u>Rate – 3.93%</u>	<u>1% Increase</u> <u>4.93%</u>
City’s Proportionate Share of the Net Pension Liability	\$ 11,168	\$ 97,656	\$ 86,438

Pension Plan Fiduciary Net Position—Detailed information about pension plan’s fiduciary net position is available in the separately issued FRS Comprehensive Annual Financial Report.

Deferred Compensation Plan

The City also participates in a qualified deferred compensation plan (457 Plan) in which employees can voluntarily participate. The City matches 10% of the employee’s biweekly individual contribution. Amendments to the 457 Plan can only be made via the approval of the City Council. This 457 Plan is administered by the U.S. Conference of Mayors. The employee chooses one or a combination of several available investments. Employees are 100% vested in this program and accounts are maintained individually by employees. Following are the City’s contributions to the 457 Plan:

<u>Year</u>	<u>Amount</u>
2024	\$ 5,054
2023	4,165
2022	1,722

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

General Employees' Defined Contribution Plan

After freezing entrance to its previous defined-benefit plan effective October 1, 2013, the City created a new defined contribution plan covering all eligible general employees of the City. Contributions continue for hired employees prior to October 1, 2013, and FRS opt out October 1, 1995.

Prior to October 1, 2013, the City contributed 17.8% of the employees' salary, with a six-year step-vesting period. Employees had to be full-time.

The plan was amended and restated October 1, 2013. The City now makes non-elective contributions of 10% of the full-time employee's payroll expense. Additionally, starting in October, for every 1% that an employee sets aside in their (457) deferred compensation plan (listed above), the City also matches an additional 1% up to a maximum of an additional 4%. The match amounts are deposited into the employees 401(a) defined contribution account. The employees' retirement savings now have the potential of totaling 18% of their salary. Amendments to the plan can only be made via the approval of the City Council.

Forfeitures are used to offset current contribution by the City. The normal retirement date is the first day of the month coinciding with the participants sixtieth birthday.

The vesting schedule, based on the number of years of service, is as follows:

Greater Than 6 Months but Less Than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 or More Years	100%

Upon severance from employment, the participant is entitled to apply to receive his or her benefit payable under any payout option that satisfies the provisions of the plan.

At September 30, 2024, there were 21 active members of the plan. For the years ended September 30, 2024, 2023, and 2022, the City contributed \$63,965, \$59,850, and \$117,809, respectively, to the plan. There were no forfeitures during the fiscal year.

Defined-Benefit Plan

Pension Trust Fund

■ **Plan Description**

In January 1996, the City adopted a separate single-employer pension plan, general employees' retirement plan, that covers substantially all full-time City employees employed after January 1, 1996, pursuant to the City's opt-out of the FRS. This plan is maintained as a pension trust fund and included as part of the City reporting entity. City ordinance and state law requires contributions to be determined by actuarial studies every three years. A stand-alone financial report is not issued.

The general employees' retirement plan (the Plan) covers all full-time employees. The Plan is non-contributory, and the City provides the full contribution to fund the Plan. The annual pension cost related to the Plan includes amortization, over a thirty-year period, of a prior service cost established October 13, 1995. The City Council has the authority to amend the Plan.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Plan Administration

The City's General Employees' Pension Plan is a defined-benefit pension plan administered by a Board of Trustees, which acts as the Administrator of the plan. The Board consists of five Trustees, two who are legal residents of the City appointed by the City Council, two who are employee members elected by a majority of the members of the plan, and a fifth Trustee, who is chosen by a majority of the first four Trustees.

Benefits Provided

The plan provides retirement, termination, disability, and death benefits.

Normal Retirement:

Date: Earlier of age 62, or 30 years of Credited Service, regardless of age.

Benefit: 1.6% of Average Final Compensation times Credited Service. Benefit rate increases to 1.63% at age 63, or 31 years, to 1.65% at age 64, or 32 years, and 1.68% at age 65, or 33 years. Benefit Rate for Senior Management is 2.0%.

Early Retirement:

Eligibility: 6 Years of Credited Service, regardless of age.

Benefit: Accrued benefit, reduced 5% for each year prior to Normal Retirement.

Vesting:

Schedule: 100% after 6 Years of Credited Service.

Benefit Amount: Member will receive the vested portion of his (her) accrued benefit payable at the otherwise Normal Retirement Date.

Disability:

Eligibility: Service Incurred: Covered from Date of Employment. Non-Service Incurred: 6 Years of Credited Service.

Benefit:

Benefit accrued to date of disability, but not less than 42% of Average Final Compensation (Service Incurred), or 25% of Average Final Compensation (Non-Service Incurred).

Pre-Retirement Death Benefits:

Vested: Joint Annuitant receives an immediate or deferred monthly benefit computed based on the assumption that the Member retired on the date of death and elected the 100% joint and survivor annuity. Joint Annuitant is a spouse, dependent child, or any person receiving 50% or more of their support from the Member.

Non-Vested:

Refund of any Member contributions.

Cost-of-Living Adjustments:

Each July 1 following the retirement, the monthly benefit amount is increased 3%. The increase is based on the June benefit, excluding any HIS.

Contributions:

Member contributions - none. City contributions - amount required in order to pay current costs and amortize unfunded past service cost, if any, over no more than 40 years.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

■ **Investments**

Investment Policy

The following was the Board’s adopted asset allocation policy as of September 30, 2024:

Asset Class	Target Allocation
Domestic Equity	55%
International Equity	10%
Fixed Income	30%
REITS	5%
Total	100%

Concentrations

The plan did not hold investments in any one organization that represents 5% or more of the pension plan’s fiduciary net position.

Rate of Return

For the year ended September 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 22.62%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

■ **Membership**

Membership of the plan consisted of the following as of October 1, 2023:

	General Employees
Active Plan Members	9
Inactive Members Currently Receiving Benefits	6
Inactive Members or Beneficiaries Entitled But Not Yet Receiving Benefits	12
Total	27

■ **Net Pension Liability (Asset)**

The components of the net pension liability (asset) of the Sponsor on September 30, 2024, were as follows:

Total Pension Liability	\$ 6,236,753
Plan Fiduciary Net Position*	(5,537,294)
Sponsor’s Net Pension Liability (Asset)	\$ 699,459
Plan Fiduciary Net Position as a Percentage of Total Pension Liability	88.78%

**Noted that there are timing differences between fiduciary net position per the notes and the financial statements.*

■ **Actuarial Assumptions**

The total pension liability (asset) was determined by an actuarial valuation as of October 1, 2022, updated to September 30, 2024, using the following actuarial assumptions applied to all measurement periods:

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Inflation	2.40%
Salary Increases	6.00%
Investment Rate of Return	7.50%
Discount Rate	7.25%

Mortality Rate Healthy Active Lives:

Female: PubG.H-2010 (Below Median) for Employees.

Male: PubG.H-2010 (Below Median) for Employees, set back one year.

Mortality Rate Healthy Retiree Lives:

Female: PubG.H-2010 (Below Median) for Healthy Retirees.

Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.

Mortality Rate Beneficiary Lives:

Female: PubG.H-2010 (Below Median) for Healthy Retirees.

Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.

Mortality Rate Disabled Lives:

PubG.H-2010 for Disabled Retirees, set forward three years.

All rates are projected generationally with Mortality Improvement Scale MP-2018. We feel this assumption sufficiently accommodates future mortality improvements.

The previously described mortality assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the FRS. The above rates are those outlined in Milliman’s July 1, 2019 FRS valuation report for non-special-risk employees.

The date of the most recent experience study for which significant assumptions are based upon is not available.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. For 2024, the inflation rate assumption of the investment advisor was 2.40%. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans target asset allocation as of September 30, 2024, are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	5.73%
International Equity	4.60%
Fixed Income	0.98%
REITS	3.25%

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Discount Rate

The discount rate used to measure the total pension liability (asset) was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

Sensitivity of the net pension liability (asset) to changes in the discount rate:

	1% Decrease 6.25%	Current Discount Rate - 7.25%	1% Increase 8.25%
Sponsor's Net Pension Liability (Asset)	\$ 1,751,178	\$ 699,459	\$ (146,800)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended September 30, 2024, the Sponsor will recognize a pension expense of \$296,501. On September 30, 2024, the Sponsor reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflow Funds	Deferred Inflow Funds
Differences Between Expected and Actual Experience	\$ 506,484	\$ 69,984
Changes in Assumptions	64,340	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	194,756
Total	\$ 570,824	\$ 264,740

Other amounts reported as net deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending September 30,	Amount
2025	\$ 183,833
2026	266,746
2027	(6,008)
2028	(138,487)
Total	\$ 306,084

	<u>\$ 976,033</u>	<u>\$ 318,323</u>	<u>\$ 839,710</u>	<u>\$ (454,646)</u>

Note 10 - Other Postemployment Benefits (OPEB)

The OPEB Plan is a single-employer benefit plan administered by the City. Pursuant to the provision of Section 112.0801, Florida Statutes, former employees who retire from the City are eligible to participate in the City's health plan for health and life insurance. The City subsidizes the premium rate paid by retirees by allowing them to participate in the OPEB Plan at a blended group (implicit subsidized) premium rate for both active and retired employees. In addition, the City provides 50% of their health and life premiums (explicit subsidy). The remaining 50% of the premiums are paid for by the employee, less their FRS subsidy (as applicable). The OPEB Plan does not issue a stand-alone report and is not included in the report of another entity.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

For the OPEB Plan, contributions requirements of the City are established and may be amended through action from the City Council. Currently, the City’s OPEB benefits are unfunded. The actual contributions are based on a pay-as-you-go financing requirement. There is no separate trust fund or equivalent arrangement into which the City would make contributions to advance-fund the obligation, as it does for its pension fund. The City funds the liquidation of the obligation through operating revenues for each of the respective funds.

The actuarial valuation, dated September 30, 2023, involves estimates of the value of reported amounts and assumptions about the probability of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend.

Funding Policy—The numbers reflect a decision not to fund the program. Therefore, the contributions made to the program are assumed to be the benefits paid to retirees and administrative expenses. The City’s general fund is typically used to liquidate the OPEB liability.

Calculations are based upon the types of benefits provided under the terms of the substantive plan at the time of the valuation and on the pattern of sharing of costs between the employer and plan members to that point. Calculations reflect a long-term prospective, so methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

Plan Membership as of September 30, 2023	
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	10
Covered Spouses	-
Active Plan Members	24
Total	34

For the actuarial valuation, dated September 30, 2023, the Entry Age (level % of pay) actuarial cost method was used. Select Actuarial Assumptions are listed in the table below:

Inflation:	2.50%
Salary Increases:	2.50%
Discount Rate:	4.87%
Initial Trend Rate:	7.25%
Ultimate Trend Rate:	4.00%
Years to Ultimate:	52

For all lives, mortality rates were RP-2000 Combined Healthy Mortality Tables projects to the valuation date using Projection Scale AA.

Discount Rate:

Given the City’s decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 4.87%. The high-quality municipal bond rate was based on the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index as published by S&P Dow Jones Indices. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA by Standard & Poor’s Ratings Services, Aa2 by Moody’s or AA by Fitch. If there are multiple ratings, the lowest rating is used.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

OPEB Expense:

For the year ended September 30, 2024, the Sponsor will recognize OPEB expense (revenue) \$(49,776).

Deferred Outflows

For the year ended September 30, 2024, deferred outflows related to OPEB consist of \$37,799 for benefits paid subsequent to the measurement date and will be recognized as a reduction of the liability in the subsequent period.

Changes in Total OPEB Liability

	Increases and Decreases in Total OPEB Liability
Reporting Period Ended September 30, 2023	\$ 958,065
Changes for a Year:	
Service Cost	54,224
Interest	47,498
Changes in Assumptions	(17,190)
Differences Between Expected and Actual	-
Benefit Payments	(33,425)
Net Changes	(51,107)
Reporting Period Ended September 30, 2024	\$ 1,009,172

Changes of assumptions reflect a change in the discount rate from 4.77% for the reporting period ended September 30, 2023, to 4.87% for the reporting period ended September 30, 2024.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the Sponsor, as well as what the Sponsor’s total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

	1% Decrease 3.87%	Current Discount Rate – 4.87%	1% Increase 5.87%
Total OPEB Liability	\$ 1,201,308	\$ 1,009,172	\$ 857,631

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the total OPEB liability of the Sponsor, as well as what the Sponsor’s total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	1% Decrease 3.00% - 6.25%	Healthcare Cost Trend Rates 4.00% - 7.25%	1% Increase 5.00% - 8.25%
Total OPEB Liability	\$ 860,567	\$ 1,009,172	\$ 1,199,106

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Note 11 - Interfund Transfers, Advances, and Due To/Due From

Interfund Transfers

There were no transfers during the fiscal year.

Due From/Due To Other Funds

There were no due from/due to other funds at fiscal year-end.

Note 12 - Other Disclosures

Allowances for Doubtful Accounts

Allowances for doubtful accounts at September 30, 2024, are as follows:

Electric Utility Fund	\$	5,000
Water Utility Fund		2,500
Wastewater Fund		2,000
Sanitation Fund		<u>1,500</u>
Total Allowances for Doubtful Accounts	\$	<u>11,000</u>

Note 13 - Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City transfers risk of loss through the purchase of commercial insurance from the Florida League of Cities, Inc., and independent agencies. Insurance against losses are provided for the following types of risk:

- Workers' Compensation and Employer's Liability
- General and Automobile Liability
- Real and Personal Property Damage
- Public Officials' Liability
- Accidental Death and Disability

The City's coverage for workers' compensation is under a retrospectively rated policy. Premiums are accrued based on the ultimate cost to-date of the City's experience for this type of risk. There have been no significant reductions in insurance coverage during fiscal year 2024. Settled claims have not exceeded the commercial excess coverage in any of the past three years.

**NOTES TO FINANCIAL STATEMENTS
CITY OF BUSHNELL, FLORIDA**

Note 14 - Contingencies and Commitments

Commitments and Contingencies

The City has a City-Wide Vulnerability Study Assessment commitment for \$100,000. As of September 30, 2024, the amount paid is \$100,000.00 with a remaining balance of approximately \$100,000.00 to be paid on the project.

The City has a Water Facility Master Plan project commitment for \$655,400 (SRF Loan DW600431). As of September 30, 2024, the amount paid is \$0.00 with a remaining balance of approximately \$655,400.00 to be paid on the project.

The City also experienced a tank rupture at the Wastewater Treatment Plant (SBR4 Repair project - CW600450) with a commitment for \$1,050,000 from State Revolving Funds (SRF Loan). As of September 30, 2024, the amount paid is \$627,387.48 with a remaining balance of approximately \$422,612.52 to be paid on the project.

The City has committed to a Wastewater Facility Master Plan (CW600441) in the amount of \$2,018,800. As of September 30, 2024, the amount paid is \$1,408,727.36.

The City has committed to a Lead & Copper project (DW600460) in the amount of \$187,000. As of September 30, 2024, the amount paid is \$120,000.00.

The City has committed to a Wastewater System Improvements project (LPA0258) in the amount of \$864,000. As of September 30, 2024, the amount paid is \$861,758.64.

The City has committed to a Splashpad project (FRDAP) in the amount of \$200,000. As of September 30, 2024, the amount paid is \$0.

Note 15 - Excess Expenditures Over Appropriations - General Fund

For the year ended September 30, 2024, expenditures exceeded appropriations in the general fund (the legal level of budgetary control) by \$108,569.

Note 16 - Federal Financial Assistance

During the fiscal year, the City did not expend greater than \$750,000 in federal financial assistance; therefore, an audit in accordance with *the* Uniform Guidance was not required.

REQUIRED SUPPLEMENTARY INFORMATION

The following supplementary schedules present trend information regarding the retirement plans for the City of Bushnell, Florida's General Employees and participants in the Florida Retirement System and other postemployment benefits. This information is necessary for a fair presentation in conformity with generally accepted accounting principles.

Notes to Schedule:

Changes of assumptions. Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period:

Fiscal Year Ended September 30, 2024:	4.87%
Fiscal Year Ended September 30, 2023:	4.77%
Fiscal Year Ended September 30, 2022:	2.43%
Fiscal Year Ended September 30, 2021:	2.14%
Fiscal Year Ended September 30, 2020:	3.58%
Fiscal Year Ended September 30, 2019:	4.18%
Fiscal Year Ended September 30, 2018:	3.64%

* GASB Statement No. 75 was adopted for the 2018 fiscal year and the 10-year trend information will be developed from that date forward.

Covered-Employee Payroll: Covered-Employee payroll is projected to the measurement date based on actual covered payroll as of the valuation data using applicable salary increase assumptions.

Benefit Payments: The Plan sponsor did not provide actual net benefits paid by the Plan for the fiscal year ended on September 30, 2024. Expected net benefit payments produced by the valuation model for the same period are shown in the table above.

Expected model for the same net benefit payments produced by the valuation period are shown in the table above.

There are no assets accumulated in a trust that meet the criteria of GASB codification P22.101 or P52.101 to pay related benefits for the OPEB plan.

Changes of Assumptions:

For measurement date September 30, 2018, as a result of Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the assumptions used by the Florida Retirement System (FRS).

The inflation assumption rate was lowered from 3.00% to 2.30%, matching the long-term inflation assumption utilized by the Plan's investment consultant.

For measurement date September 30, 2020, as mandated by Chapter 2015-157, Laws of Florida, the assumed rates of mortality were changed to the rates used in Milliman's July 1, 2019, FRS valuation report for non-special risk employees.

For measurement date September 30, 2021, the investment rate of return was lowered from 7.75% to 7.50% per year, net of investment related expenses.

Changes of Benefit Terms:

For measurement date September 30, 2021, amounts reported as changes of benefit terms resulted from Ordinance No. 2020-13 and updated the definition of Joint Annuitant but was not valued in the October 1, 2020, actuarial valuation.

Notes to Schedule

Valuation Date:

October 1, 2023

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Funding Method:

Entry Age Normal Actuarial Cost Method

Asset Valuation Method:

Each year, the prior Actuarial Value of Assets is brought forward utilizing the historical geometric four-year average fair value return (net of fees). It is possible that over time this technique will produce an insignificant bias over or below fair value of assets.

Salary Increases:

6.0% per year until the assumed retirement age.

Interest Rate:

7.50% per year compounded annually, net of investment related expenses.

Payroll Growth:

None for amortizing UAAL.

Retirement Age:

Earlier of age 62 or 30 years of service, regardless of age. Also, any Member who has reached Normal Retirement is assumed to continue employment for one additional year.

Early Retirement:

Beginning at 10 years of service, Members are assumed to retire with an immediate subsidized benefit at the rate of 3.0% per year.

Termination Rates:

See table below.

Disability Rates:

Female: 100% RP2000 Disabled Female set forward two years.
Male: 100% RP2000 Disabled Male set back four years.

The above assumption rates were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumption used in either of the two most recent valuations of the Florida Retirement System (FRS). The above rates are those outlined in Milliman's July 1, 2015 FRS valuation report for other than special-risk employees. We feel this assumption sufficiently accommodates future mortality improvements.

This assumption was developed from those used by other plans containing Florida Municipal General Employees. It is assumed that 25% of disablements that occur are service related.

Termination and Disability Rate Table:

Age	%		
	Terminating	Terminating	Becoming
	During the Year	During the Year	Disabled the Year
20	17.2%	17.2%	0.05%
30	15.0%	15.0%	0.06%
40	8.2%	8.2%	0.12%
50	1.7%	1.7%	0.43%
60	0.5%	0.5%	1.61%

Note: Overlapping governments are those that coincide, at least in part, with geographical boundaries of the City of Bushnell, Florida (the City). This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the City. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt of each overlapping government.

COMPLIANCE SECTION

**ADDITIONAL ELEMENTS OF REPORTING PREPARED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*,
ISSUED BY THE COMPTROLLER GENERAL OF THE UNITED
STATES, AND *RULES OF THE AUDITOR GENERAL***

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bushnell, Florida (the City) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 26, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control that we consider to be a significant deficiency detailed on the Schedule of Findings and Questioned Costs as 2008-1.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

City's Response to Findings

The City's response to the findings identified in our audit is described in the accompanying management letter response. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards*, in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
STATE PROJECT AND ON INTERNAL CONTROLS OVER COMPLIANCE REQUIRED
BY CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

Report on Compliance for Each Major State Project

Opinion on Each Major State Project

We have audited the City of Bushnell, Florida's (the City) compliance with the types of compliance requirements identified as subject to audit in the Department of Financial Services, State Projects *Compliance Supplement*, that could have a direct and material effect on each of City's major state project for the year ended September 30, 2024. The City's major state project are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state project for the year ended September 30, 2024.

Basis for Opinion on Each Major State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the Department of Financial Services, State Projects *Compliance Supplement*. Our responsibilities under those standards and the Department of Financial Services, State Projects *Compliance Supplement*, are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's state projects.

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
STATE PROJECT AND ON INTERNAL CONTROLS OVER COMPLIANCE REQUIRED
BY CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material non-compliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Department of Financial Services, State Projects Compliance Supplement will always detect material non-compliance when it exists. The risk of not detecting material non-compliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Non-compliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major state projects as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Department of Financial Services, State Projects *Compliance Supplement*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material non-compliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Department of Financial Services, State Projects *Compliance Supplement*, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a state projects on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a state projects will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control*

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR
STATE PROJECT AND ON INTERNAL CONTROLS OVER COMPLIANCE REQUIRED
BY CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state projects that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor’s Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Department of Financial Services, State Projects *Compliance Supplement*. Accordingly, this report is not suitable for any other purpose.

Florida Department of Environmental Protection				
Bushnell Wastewater Treatment Facility Upgrades - Legislative Appropriation	LPA0258	37.039	\$ 864,000	\$ 542,493
Clean Water State Revolving Fund Construction Loan	WW600450	37.077	1,050,000	614,851
Clean Water State Revolving Fund Loan - Planning	WW600441	37.077	2,018,800	<u>1,408,727</u>
Total Expenditures of State Awards				<u><u>\$ 2,566,071</u></u>

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of state projects was presented on the accrual basis of accounting.

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
STATE PROJECTS PROGRAMS IN ACCORDANCE WITH THE CHAPTER 10.550,
RULES OF THE AUDITOR GENERAL
FOR THE YEAR ENDED SEPTEMBER 30, 2024
CITY OF BUSHNELL, FLORIDA**

PART A - SUMMARY OF AUDIT RESULTS

1. The independent auditor’s report expresses an unmodified opinion on the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Bushnell, Florida (the City) as of and for the year ended September 30, 2024.
2. A significant deficiency relating to the audit of the financial statements is identified in the report on internal control over financial reporting and on compliance and other matters based on an audit of the basic financial statements of the City and is reported in this schedule.
3. No instances of non-compliance material to the basic financial statements of the City were disclosed during the audit.
4. No significant deficiencies relating to the audit of the major state projects are reported in the report on compliance with requirements applicable to each major state projects and on internal control over compliance in accordance with the Department of Financial Services, *State Projects Compliance Supplement*.
5. The auditor’s report on compliance for the major state projects for the City expresses an unqualified opinion.
6. Audit findings that are required to be reported in accordance with the Department of Financial Services, *State Projects Compliance Supplement*, are reported in this schedule.
7. The programs tested as a major state project included the following:
 - State Award
Florida Department of Environmental Protection
Wastewater Treatment Facility Construction, CSFA 37.077
8. The threshold for distinguishing Type A and Type B Projects was \$750,000 for major state projects.

PART B - FINDINGS—FINANCIAL STATEMENTS

2008-1—Segregation of Duties

The City operates with a small finance, accounting, and customer service department and does not have the resources to properly segregate duties among employees so that no one employee has sole control over approving, recording, and accounting for transactions.

Because significant deficiencies in internal control over financial reporting exists when there is not sufficient separation of incompatible accounting duties, we recommend that the City’s finance, accounting, and customer service departments continue to develop and, if necessary, expand its current staff to ensure more effective internal control structure over financial reporting.

PART C - FINDINGS AND QUESTIONED COSTS—MAJOR STATE PROJECTS

1. No matters were reported.

MANAGEMENT LETTER

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Bushnell, Florida (the City) as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated March 26, 2025.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor’s Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor’s Report on Compliance for Each Major State Project and Report on Internal Control Over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountant’s Report on an examination conducted in accordance with the American Institute of Certified Public Accountants Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated March 26, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report.

Tabulation of Uncorrected Audit Findings		
Current Year Finding No.	2022-23 FY Finding No.	2021-22 FY Finding No.
2008-1	2008-1	2008-1

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority for the City is reported in Note 1 to the basic financial statements. There are no component units related to the City.

MANAGEMENT LETTER

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management (see Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*).

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., *Rules of the Auditor General*, the City stated a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within their geographical boundaries during the fiscal year under audit.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that has occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but warrants the attention of those charged with governance.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor and Council Members, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

RESPONSE TO THE MANAGEMENT LETTER

To: Honorable Mayor and Council Members
From: Shelley Ragan
Re: Management Response to the Auditor's Management Letter

Honorable Council Members:

This letter of explanation is being offered in accordance with the "Rules of the Auditor General," in particular, Chapter 10.500 thereof. Specifically, this letter responds to Purvis, Gray and Company's "Management Letter" comments dated March 26, 2025. In their report, Purvis, Gray and Company, LLP (PG&C) made several recommendations for improvement with regard to the City's fiscal management. The specific areas identified in their comments and recommendations are as follows:

PRIOR YEAR RECOMMENDATIONS:

- ❖ Segregation of Duties

The following discussion addresses each of the above comments and recommendations, providing additional background information, and describing management's plans to address these findings.

PRIOR YEAR RECOMMENDATIONS:

2008-1 – Segregation of Duties

Management continues to review current segregation of duties and reassigns job duties as permitted to allow for more appropriate segregation. Additional tasks have been assigned to both the Accounts Payable Specialist and the Procurement Administrative Assistant in hopes of improving the segregation of duties in the Finance Department. The City hopes that the additional duties shared by staff will help fulfill the requirements for proper segregation of duties in the future.

Respectfully submitted,

Shelley Ragan

Shelley Ragan, Finance Director

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH FLORIDA STATUTES SECTION 218.415 – INVESTMENTS OF PUBLIC FUNDS

Honorable Mayor and Council Members
City of Bushnell
Bushnell, Florida

We have examined the City of Bushnell, Florida's (the City) compliance with the requirements of Section 218.415, Florida Statutes, with regards to the City's investments during the year ended September 30, 2024. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the City complied, in all material respects, with the aforementioned requirements during the fiscal year ended September 30, 2024.

This report is intended solely for the information and use of the Florida Auditor General, the Honorable Mayor and Council Members of the City, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
