INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council
City of Williston
Williston, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

INDEPENDENT AUDITOR'S REPORT

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and required supplementary information as listed in the table of contents (collectively, the required supplementary information) on pages 4-18 and 65-74 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries

Honorable Mayor and City Council
City of Williston
Williston, Florida

INDEPENDENT AUDITOR'S REPORT

of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards and state projects, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and Chapter 10.550, *Rules of the Auditor General* of the State of Florida and is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state projects is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

CITY OF WILLISTON, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2024

The Management Discussion and Analysis (MD&A) serves as an introduction to the City of Williston, Florida's (the City) basic financial statements. It also aids the readers by focusing on significant financial issues, providing an overview of the City's financial activities, and identifying the City's ability to meet future challenges; it assists in identifying significant deviations from the financial plan and addresses any individual fund issues or concerns. Since the MD&A is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the City's financial statements (beginning on page 19). Please note the City provides prior year comparative financial information as required by Governmental Accounting Standards Board (GASB) Statement No. 34.

As management of the City, we offer readers of the City's annual financial statements this narrative overview and analysis of financial activities of the City for fiscal year ended September 30. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

FINANCIAL HIGHLIGHTS

- The City's net position exceeded its liabilities at the close of the current fiscal year by \$32,242,092.
- The City's total net position increased by \$4,865,848 for the current fiscal year. Governmental activities assets increased by \$3,193,310 and business-type activities increased by \$1,669,538 for the fiscal year.
- The City's governmental funds reported a combined ending fund balance of \$1,735,450. The non-spendable portion of the fund balance totaled \$115,283 and the restricted portion totaled \$1,227,512. Approximately 23% of the ending fund balance, \$392,655, is available for spending at the City's discretion (unassigned fund balance).
- The City maintains two single employer defined benefit plans that separately cover full-time police officers and all other general employees. The net change in the fiduciary fund's assets was an increase of \$1,326,516 from the prior year.
- The City's total long-term debt increased by \$1,289,550 or approximately 40% during the current fiscal year. This change was the result of three new loans totaling \$1,059,230 as well as an increase in the City's net pension liability, other postemployment benefits, and compensated absences. Those increases were offset by principal payments.
- The City's total net position of \$32,242,092 is divided into the following classifications:
 - Net Investment in Capital Assets in the amount of \$29,126,923. This includes land, buildings, improvements, and equipment less accumulated depreciation and any outstanding debt that is related to the purchase or construction of those assets.
 - Restricted assets of \$2,289,955 for specific use in law enforcement, airport operations, net pension asset and the community redevelopment expenditures.
 - Unrestricted assets in the amount of \$825,214 are available for the City to meet the ongoing activities and obligations to citizens and creditors.

**CITY OF WILLISTON, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2024**

Overview of the Financial Statements

The MD&A is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. For the fiscal year ended September 30, 2024, the City has prepared the financial statements based on the guidelines provided in the GASB Statement No. 34 reporting model illustrated below:

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances as a whole. This broad overview is similar to the financial reporting of private-sector businesses. The government-wide financial statements have separate columns for governmental activities and business-type activities. Governmental activities are primarily supported by taxes, charges for services and grants, while business-type activities are self-supporting through user fees and charges.

- The *statement of net position* presents information on all the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.
- The *statement of activities* presents information on how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenditures are reported in this statement for some items that will result in cash flows in future fiscal periods. (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions within the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or in part a portion of these costs through user fees and charges (*business-type activities*). Governmental activities include, among other things, general government (city council, finance, and administration), public safety (police and fire control), public works (streets and sidewalks), culture, and recreation. Business activities include electric, gas, water, sewer, and sanitation utilities. The government-wide financial statements can be found on pages 19 and 20 of this report.

**CITY OF WILLISTON, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2024**

Fund Financial Statements

A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds in the City can be divided into governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

This fund is used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows (revenues) and outflows (expenditures of spendable resources)*, as well as on *balances of spendable resources* available at the end of the fiscal year. The government-wide financial statements include both *near-term and long-term inflows (revenues) and outflows (expenditures)*, as well as on *balances of spendable resources* available at the end of the fiscal year. Information in the governmental funds may be useful in evaluating a government's *near-term* financing requirements.

The focus of *governmental funds* is narrower than that of the government-wide financial statements. It is useful to compare the information presented in the *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's *near-term* financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains three (3) individual *governmental funds*. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balance for the general fund, airport development special revenue fund, and community redevelopment special revenue fund, all of which are considered to be major funds. The basic governmental fund financial statements can be found on pages 21 through 24 of this report.

Proprietary Funds

The City maintains one type of *proprietary fund*, which is the *enterprise fund*, used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to separately account for its utility activities. Business-type activities charge a fee for the specific goods or services provided to customers. The basic proprietary fund financial statements can be found on pages 25 through 27 of this report.

Fiduciary Funds

This fund accounts for resources held in a trustee capacity or as an agent for parties outside of the government. Fiduciary funds are not included in the government-wide financial statements because their resources or assets are not available to support the City's activities. The City has two fiduciary fund-type pension trusts for its pension funds. The accounting used for fiduciary funds is much like that used in proprietary funds. The basic fiduciary fund financial statements can be found on pages 28 and 29 of this report.

**CITY OF WILLISTON, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2024**

Notes to the Financial Statements

The notes to the financial statements provide additional information that is important in order to gain a full understanding of the data in the government-wide and fund financial statements. The notes are located immediately following the basic financial statements on pages 30 through 64 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension and other postemployment benefits to its general employees and police officers. Required supplementary information can be found on pages 65 through 74 of this report.

Government-Wide Financial Analysis

As noted earlier, the statement of net position on the following page may serve over time as a useful indicator of the City's financial position. The City's net position exceeded liabilities by \$32,242,092 at the close of the fiscal year ending September 30, 2024, resulting in an increase in net position of \$4,865,848, or approximately 17% more than the prior year total of \$27,376,244.

By far, the largest portion of the City's net position is reflected in its investment in capital assets such as land, buildings, improvements, and equipment, less debt used to acquire those assets that are still outstanding, which total \$29,126,923 or approximately 90% of the overall net position mentioned above. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related outstanding debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted net position are resources subject to external restrictions on how they may be used and represent \$2,289,955, or approximately 8% of total net position. Restricted assets increased by \$686,953, or approximately 46%, from the prior year. The remaining balance of \$825,214 is unrestricted and may be used to meet the City's ongoing obligations to its citizens, customers, and creditors.

The statement of net position on the following page illustrates the increases or decreases in net position from the prior fiscal year both for governmental-type and business-type activities.

Normal Impacts

There are six basic transactions that will affect the comparability of the Statement of Net Position summary presentation.

1. Net results of activities will impact (increase/decrease current assets and unrestricted net position).
2. Borrowing of capital will increase current assets and long-term debt.
3. Spending borrowed proceeds on new capital will reduce current assets and increase capital assets. There is a second impact, an increase in invested capital assets, and an increase in related net debt will not change the invested in capital assets, net of debt.
4. Spending of non-borrowed current assets on new capital will reduce current assets, increase capital assets, reduce unrestricted net position, and increase invested in capital assets, net of debt.
5. Principal payment of debt will reduce current assets and reduce long-term debt, reduce unrestricted net position, and increase invested in capital assets, net of debt.
6. Reduction of capital assets through depreciation will reduce capital assets and invested in capital assets, net of debt.

Governmental Activities

As shown on the previous page, the City's total net position for governmental activities increased by \$3,193,310 for the current fiscal year. Key elements of these changes are as follows:

Revenues

Overall, the total revenue for governmental activities increased by \$4,028,599 compared to the prior fiscal year. The activity was as follows:

Charges for services decreased by \$409,061, or approximately 13%, from the prior fiscal year-end. The decrease was primarily the result of a reduction in permit revenue received during the current fiscal year.

Capital grants and contributions increased by \$4,078,505 or approximately 723%, compared to the prior fiscal year. The increase was the result of grant funding received for airport construction projects.

The general revenues increased by \$253,294 compared to the previous year due to an increase in property taxes, public service taxes, interest income and other taxes.

The following chart shows the percentage each revenue source represents within the City as a whole. The percentages may not equate to 100 percent due to rounding.

**CITY OF WILLISTON, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2024**

Expenses

The City's governmental expenses increased to \$9,225,077, a \$771,911 or 9% increase from the previous fiscal year's total of \$8,453,166. The change is the result of an increase in personal services (including benefits) as well as an increase in professional services to modify comprehensive plan, hurricane expenses, the net pension/OPEB liability and insurance premiums.

The following illustration shows the percentage each functional area represents within the City as a whole. The percentages may not equate to 100 percent due to rounding.

The bar chart on the next page compares governmental activity expenses against program revenues that each department generates, without any associated general revenues such as property, franchise, public service and telecommunication taxes, as well as interest and other miscellaneous income.

Governmental Activities Expenses & Program Revenues - 2024

Business-Type Activities

Business-type activities increased the City's net position by \$1,669,538 from the previous fiscal year-end. The increase in the net position was primarily the result of approximately \$1,415,915 increase in water and sewer charges billed by the City. Other contributing factors are discussed below.

Revenues

Overall, total revenue for business-type activities increased by \$1,756,200 compared to the prior fiscal year. The change was primarily the result of an increase in charges for services billed by the City which was offset by a decrease in grant revenue compared to the prior fiscal year.

The activity for the fiscal year was as follows: charges for services increased by \$2,212,678, capital grants and contributions decreased by \$457,090, and other revenues and interest increased by \$612 from the prior fiscal year. The chart below illustrates the breakdown as a percentage of total revenues by each source for the City's business-type activities.

CITY OF WILLISTON, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2024

Business-type activity expenses increased by \$879,997 from the prior fiscal year-end. This change was the result of an increase in salaries and wages, materials and supplies, and depreciation expenses compared to the prior fiscal year. Other increases in expenses included an increase in equipment maintenance, engineering services, and the transfer to the general fund. The increases were offset by a decrease in electricity and gas purchases related to utility services.

The bar chart shown below compares expenses and program revenues for the current fiscal year and the previous one, to illustrate how business-type activities support themselves without the aid of general revenues such as interest earnings and before any transfers are made to governmental funds.

Fund Financial Analysis

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The primary function of the City's governmental funds is to report on *near-term* revenues (inflows), expenditures (outflows) and balance of spendable resources. This information is useful in assessing the government's financial requirements in the near future. In particular, fund balance is a good indicator of the City's net resources that are available for spending at the end of the fiscal year. At the end of the current fiscal year the City's combined ending governmental fund balance was \$1,735,450. The fund balance in the general fund was \$670,926. The fund balance in the two special revenue funds was a combined ending balance of \$1,064,524. The City ended the current fiscal year with an overall increase in its combined fund balance of \$232,620 as compared to the prior year-end balance of \$1,502,830.

The City has three major governmental funds as shown below. The following pages illustrate the net change in fund balance for each of the three funds for the fiscal year.

Major Funds

- General Fund
- Special Revenue Fund - Airport Development
- Special Revenue Fund - Community Redevelopment Agency (CRA)

CITY OF WILLISTON, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2024

The general fund is the main operating fund for the City and is shown below. The fund balance after transfers decreased by \$153,326 for the fiscal year, as compared to an increase of \$76,514 in the previous fiscal year, a net decrease in 2024 of \$229,840.

The community redevelopment fund is another special revenue fund the City includes in its statements as illustrated below. The fund balance after transfers associated with this fund increased by \$313,766 for the current fiscal year-end, as compared to a decrease of \$119,947 in the prior year, a net increase in 2024 of \$426,228. The fund was established to account for the Community Redevelopment Agency's (CRA) activities. The CRA's sole purpose is eliminating and preventing the development of slum and blighted areas within the community in order to serve the interest of the citizens.

The Statement of Revenues, Expenditures, and Changes in Fund Balance for all illustrations shown on the previous pages 14 through 16 are provided on page 23 of this report.

Proprietary Funds

The City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the business-type activities totaled \$1,683,903 which was \$1,010,668 or approximately 150% more than the prior year. The remaining balance was made up of \$505,945 which was restricted and \$11,882,535 being invested in capital assets net of any related debt.

The City's total net position for business-type activities increased by \$1,669,538 from the prior fiscal year-end. Key elements of the increase have been addressed in the discussion of the City's business-type activities found on pages 12 and 13 of this report.

**CITY OF WILLISTON, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2024**

General Fund Budgetary Highlights with Variances

Overall, the general fund ended the current fiscal year with a negative variance between its final operating revenues budgeted and actual operating revenues in the amount of \$26,353. This was mainly due to lower taxes and permitting revenues than was budgeted. The negative variance was offset with additional intergovernmental revenue than was budgeted.

The general fund experienced a positive variance between its final operating expenditures budget and actual operating expenditures in the amount of \$19,649. The positive variance was largely the result of lower capital outlay spending than anticipated related to police communication equipment.

Capital Asset and Debt Administration

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2024, amounts to \$31,573,037 (net of accumulated depreciation) as compared to the prior year-end total of \$26,864,190 as shown below. The investment in capital assets includes land, buildings, utility distribution systems, improvements, machinery and equipment, streets, roads, and construction in progress. The total increase in capital assets for the current fiscal year was \$4,708,847 or 17.5%. Governmental activities increased by \$3,411,106 and the business-type activities increased by \$1,297,741 as illustrated below. The increase in governmental activities assets was primarily the additions for airport projects and was off by depreciation recorded in the current fiscal year. The increase in business-type activities was primarily the result of the John Henry Park drainage project and was also offset by the depreciation recorded in the current fiscal year.

Debt Administration

At the end of the current fiscal year, the City had a total long-term debt balance of \$4,494,771. Of that amount, \$2,358,690 is comprised of general obligation debt and backed by the credit of the government. The remaining \$2,136,081 represents notes secured solely by specific revenue sources. Governmental activities account for \$2,190,784 while business-type activities account for \$2,303,987 of the overall debt as shown below.

CITY OF WILLISTON, FLORIDA
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
FOR THE YEAR ENDED SEPTEMBER 30, 2024

Total Fund Balance for Governmental Funds	\$	1,735,450
--	----	-----------

Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of the assets is \$34,209,466 and the accumulated depreciation is (\$16,499,509).		17,767,063
--	--	------------

Net pension assets and liabilities, deferred outflows and inflows of resources related to the pensions, and OPEB are applicable to future periods and, therefore, are not reported in governmental funds.

Net Pension Liability - FRS		(1,012,195)
Net Pension Liability - HIS		(175,096)
Net Pension Asset - Police		503,321
Net Pension Asset - General		634,445
OPEB Obligation		(394,592)
Deferred Inflow - OPEB		(231,563)
Deferred Inflow - FRS		(129,332)
Deferred Inflow - HIS		(26,005)
Deferred Inflow - Police		(584,390)
Deferred Inflow - General		(500,706)
Deferred Outflow - OPEB		96,523
Deferred Outflow - FRS		402,119
Deferred Outflow - HIS		29,740
Deferred Outflow - Police		300,417
Deferred Outflow - General		363,411

Long-term liabilities are not due and payable in the current period and, accordingly, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities, both current and long-term, are reported in the statement of net position. Long-term liabilities at year-end consist of:

Notes Payable		(237,966)
SBITA Right-to-Use Asset		(160,029)
Compensated Absences		(210,906)

Net Position of Governmental Activities	\$	<u>18,169,709</u>

The accompanying notes to financial statements are an integral part of this statement.

CITY OF WILLISTON, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL
FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2024

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Net Change in Fund Balances - Total Governmental Funds	\$ 232,620
--	------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period, including a disposal of a capital asset:

Capital Additions	4,673,107
Depreciation Expense	(1,251,238)
Disposal of Capital Assets	(10,763)

The issuance of long-term debt (e.g., bonds, notes payable) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items:

Issuance of Long Term Debt	(378,784)
Repayment of Long-Term Debt	70,156

Compensated absences reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Net Change in Compensated Absences	(13,983)
------------------------------------	----------

Governmental funds report pension contributions as expenditures. However, in the statement of activities, changes in pension and OPEB liabilities are reported as a pension and OPEB expense. The following changes affected pension and OPEB related expense:

Pension Expense - FRS	(32,401)
Pension Expense - HIS	(8,472)
Pension Expense - Police	54,376
Pension Expense - General	(82,010)
OPEB Expense - General	(56,299)

Change in Net Position of Governmental Activities	\$ 3,196,309
--	---------------------

NOTES TO BASIC FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

Note 1 - Description and Summary of Significant Accounting Policies

Reporting Entity

The City of Williston, Florida (the City) was established in 1897 under Florida Statutes, Section 165.031(4). The City operates under a Mayor-Council form of government and provides the following services as authorized by its charter: Public safety (law enforcement, fire, and animal control); public utilities; streets and sidewalks; parks and playgrounds; airport development; and general government services.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The accompanying financial statements present the City and its component unit, an entity for which the City is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the City's operations.

Blended Component Units—The Williston Community Redevelopment Agency (the Agency) is included in the financial reporting entity as a blended component unit. The Agency is established under Florida Statutes, Chapter 163, for the purpose of rehabilitation, conservation, and redevelopment of certain slum and blighted areas in order to serve the interest of public health, safety, morals, and welfare of the community residents. Members of the Agency's Board are appointed by the government's City Council for which certain limited power may be delegated to the Agency in carrying out its activities. However, other powers, including final approval of redevelopment plans and the determination of areas as slums or blighted, vest in the City Council. The Agency is presented as a special revenue fund in the accompanying financial statements.

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the fiduciary activities of the primary government and its component units. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues.

Basis of Presentation—Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the City has one blended component unit. The Agency is included in the governmental activities column in the government-wide financial statements.

NOTES TO FINANCIAL STATEMENTS CITY OF WILLISTON, FLORIDA

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the City's electric and water functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Basis of Presentation—Fund Financial Statements

Separate fund financial statements are provided for governmental funds, proprietary funds, blended component units, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

- The *general fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *special revenue airport development fund* accounts for operations of the City's airport development and operational related activities.
- The *special revenue community redevelopment fund* accounts for the governmental community redevelopment activities for the purpose of eliminating and preventing the development of slum and blighted areas.

The City reports the following major enterprise fund:

- The *utility fund* accounts for all utility activities of the City. The utility fund reflects activities of the electric systems, the sewage treatment plant and collections systems, the water system, natural gas distribution systems, the solid waste department, and the newly developing COWLink system.

Additionally, the City reports the following fiduciary fund:

- The *pension trust funds* account for the activities of the City's Police Officers and General Employees Retirement Plans and Trusts, which accumulate resources for pension benefit payments to all qualified employees.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources funds. In the fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in the fund financial statements, certain eliminations are made in the preparation of the government-wide financial

NOTES TO FINANCIAL STATEMENTS CITY OF WILLISTON, FLORIDA

statements. Transfers between the funds that are included in the governmental activities column. Similarly, balances between the funds are included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be generally available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Fiduciary fund financial statements for the foregoing pension plans and trusts are prepared using the accrual basis of accounting for trust funds. Employer and participant contributions are recognized in the period that contributions are due and payable in accordance with the terms of each plan. Investments in the plans are reported at fair value according to the independent custodian for each plan using various third-party pricing source. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Contribution requirements and contributions made are required by Florida Statutes, and the City's Pension Board govern employer and employee contribution requirements for each plan. The City's contributions are actuarially determined to ensure sufficient assets will be available to pay benefits when due. The costs of administering each plan are funded using investment earnings.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, airport fund, and community redevelopment fund. The appropriated budget is prepared by fund, function, and department. The City's department heads and City Manager may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the City Council. The legal level of budgetary control is the fund level.

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

Assets, Liabilities, and Fund Balances

Cash and Cash Equivalents and Investments—The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. For the purposes of the statement of cash flows, all demand deposits in the proprietary fund are included in the statement.

State statutes and the City's investment policy authorize the City to invest in obligations of the U.S. Treasury, interest bearing time deposits or savings accounts in qualified public depositories, money market funds, and certain governmental investment pools authorized by the state.

Investments for the City are reported at fair value. The City's pension funds are invested in a pooled account under the Florida Municipal Investment Trust Fund, including cash and cash equivalents, and government and corporate securities. The Fund operates in accordance with state laws and regulations. The reported value of the pension funds' investments is the same as the fair value of the pool shares.

Accounts Receivable and Due from Other Governments—Utility operating revenues are generally recognized on the basis of cycle billings rendered monthly. The amount of services delivered after the last billing date and up to September 30 is estimated and accrued at year-end.

Due from Other Governments represent amounts due from the federal, state or local governments, State of Florida, or Levy County for shared revenues or costs. The amount is considered collectible in full within 60 days of fiscal year-end.

Inventories and Prepaids—All inventories are valued at cost using the first-in/first-out method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets—Capital assets, which include land, plant distribution systems, machinery and equipment, and infrastructure assets (if purchased after 2003) (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

Land, plant, and equipment of the City is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	20-50
Plant Distribution System	5-50
Improvements	5-50
Vehicles	3-10
Machinery and Equipment	5-40

Long-Term Obligations—In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

Governmental Fund Balances—The GASB has promulgated Statement No. 54, entitled *Fund Balance Reporting and Governmental Fund Type Definitions*. The Statement is designed to do two things: 1) it clarifies the definition of what activities are to be reported within different types of governmental funds (general fund, special revenue fund type, capital project fund type, debt service fund type, and permanent fund type); and 2) it provides clearer fund balance definitions that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in governmental funds as follows:

- **Non-Spendable**—Amounts that are not in spendable form (such as inventory and prepaids) are required to be maintained intact.
- **Restricted**—Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- **Committed**—Amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority (i.e., City Council). To be reported as committed, amounts cannot be used for any other purpose unless the City takes the highest level action to remove or the City Council approves the change.
- **Assigned**—Amounts the City intends to use for a specific purpose. Intent can be expressed by the City Council or by an official or body to which the City Council delegates authority.
- **Unassigned**—Amounts that are available for any purpose. Positive amounts are only reported in the General Fund.

The City Council is the highest level of decision-making authority of the City, and approves the establishment, increase, and reduction in *Committed* fund balances by budget resolutions and amendments. *Restricted* and *Committed* fund balances are always used first for the purposes for which they were designated. Changes to this practice require prior City Council approval. A minimum fund balance amount has not been formally adopted.

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

Revenues and Expenditures/Expenses

Program Revenues—Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Property Tax Revenue Recognition—Under Florida law, the assessment of all properties and the collection of all county, municipal, and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the state regulating tax assessments are also designed to assure a consistent property valuation method state-wide. Florida Statutes permit municipalities to levy property taxes at a rate of up to 10 mills. The City levied a rate of 6.750 mills in the 2023 tax roll.

The tax levy of the City is established by the City Council prior to October 1 of each year and the Levy County Property Appraiser incorporates the City's millage into the total tax levy, which includes the County and the County School Board tax requirements.

All property is reassessed according to its fair market value January 1 of each year. Each assessment roll is submitted to the Executive Director of the Florida Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of Florida Statutes.

All taxes are levied on November 1 of each year, or as soon thereafter, as the assessment roll is certified and delivered to the County Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. Taxes paid in March are without discount.

On, or prior to, June 1 following the tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

The City does not accrue its portion of the County-held tax sale certificates or personal property tax warrants because such amounts are not measurable and available as of the balance sheet date.

Compensated Absences—It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for three quarters of the unpaid accumulated sick leave since the City has a policy to pay only one quarter of such pay benefits when employees separate from service with the City. All vacation pay and one quarter of sick pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

Operating and Non-Operating Revenues and Expenses—Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's utility system enterprise fund are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Subscription-Based Information Technology Arrangements (SBITAs)

The City is obligated under a SBITAs related to certain software products utilized in City ERP operations. At the inception of a new SBITA, the City recognizes a SBITA liability and an intangible right-to-use subscription asset (subscription asset) in the government-wide financial statements. At the commencement of the subscription arrangement, the City initially measures the SBITA liability at the present value of payments expected to be made during the subscription term. Subsequently, the SBITA liability is reduced by the principal portion of the subscription payments made. The subscription asset is initially measured as the initial amount of the SBITA liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain initial direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over the subscription term.

Deferred Inflows and Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. In the statement of net position, the deferred outflow for pensions is an aggregate of items related to pensions and the deferred outflow for Other Postemployment Benefits (OPEB) is an aggregate of items related to OPEB. The deferred outflows related to pensions and OPEB will be recognized as either expense or a reduction in the related liability in future reporting years.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. In the statement of net position, the deferred inflow for pensions is an aggregate of items related to pensions and the deferred inflows for OPEB is an aggregate of items related to OPEB. The deferred inflows related to pensions and OPEB will be recognized as reductions to expense in future reporting years.

On-Behalf Payments for Fringe Benefits

The City receives on-behalf payments from the State of Florida to be used for Police Officers' Retirement Plan Contributions. On-behalf payments to the City totaled \$41,036 for the year ended September 30, 2024. Such payments are recorded as intergovernmental revenue and public safety expenditures in the generally accepted accounting principles basis government-wide and general fund financial statements.

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Note 2 - Stewardship, Compliance, and Accountability

Budgetary Information

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the general, special revenue, enterprise, and pension trust funds. All annual appropriations lapse at fiscal year-end. Project-length financial budgets are adopted for all capital projects funds.

Prior to August 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted in August and September to obtain taxpayer comments. Prior to October 1, the budget is legally adopted and approved. Revisions that alter the total expenditures of any fund must be approved by the City Council.

The appropriated budget is prepared by fund, function, and department. The City Manager may make transfers of appropriations within a department. Transfers of appropriations between departments require approval by the City Council by resolution under the City's charter. The legal level of budgetary control is the fund level. Further, Florida Statutes, Section 166.241, requires the City to expend or contract for expenditures only in pursuance of budgeted appropriations. There were no material violations of budgetary or other legal and contractual provisions requiring disclosure.

Pension Cash and Money Market	131,333
Pension Investments	<u>9,249,568</u>
Total	<u><u>\$ 11,819,384</u></u>

Fair Value Hierarchy

The City holds assets that are defined as short-term investments. The City's investments are recorded at fair value unless the investment qualifies as an external investment pool under the guidance in GASB Statement No. 79. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels:

Level 1—Inputs - are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

Level 2—Inputs - are inputs, other than quoted prices included within Level 1, that are observable for an asset or liability, either directly or indirectly. These inputs are derived from, or corroborated by, observable market data through correlation or by other means.

Level 3—Inputs - are unobservable inputs for an asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs.

Custodial Credit Risk—Cash Deposits

The City's cash deposits are covered by Federal depository insurance or by collateral held by the City's custodial bank, which is pledged to a state trust fund that provides security for amounts held in excess of Federal Deposit Insurance Corporation coverage in accordance with the *Florida Security for Public Deposits Act*, Chapter 280, Florida Statutes.

The *Florida Security for Public Deposits Act* (the Act) established guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements, and characteristics of eligible collateral. Under the Act, the qualified public depository must pledge at least 50% of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance. Additional collateral up to a maximum of 125% may be required if deemed necessary under conditions set forth in the Act.

The City's investment policies are governed by state statutes and local ordinance. The basic allowable investment instruments include Local Government Surplus Funds, or any governmental investments pool authorized pursuant to the *Florida Interlocal Act*, as provided by Section 163, Florida Statutes, Security and Exchange Commission registered money market funds with the highest credit quality rating, interest bearing time deposits or savings accounts in qualified public depositories, and direct obligations of the U.S. Treasury.

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

The City's pension trust funds are held in the Florida Municipal Pension Trust Fund (FMPTF). The FMPTF is established as a trust whereby governmental entities with employee pension or OPEB plans may elect to join the trust and with the trust providing the plans with administrative and investment services for the benefit of participating employers, participating employees, and beneficiaries. All employee pension plan assets with the FMPTF are included in the trust's Master Trust Fund. Employee pension plan assets of the defined benefit type are invested by the FMPTF through the Florida Municipal Investment Trust (FMIvT) for the benefit of the participating employers, participating employees, and beneficiaries.

The FMIvT, administered by the Florida League of Cities, Inc., is an interlocal governmental entity created under the laws of the State of Florida. The FMIvT is an Authorized Investment under Section 163.01 Florida Statutes. The FMIvT is a Local Government Investment Pool and is considered an external investment pool for GASB reporting purposes; however, subject to the fair value reporting under GASB Statement No. 72.

At September 30, 2024, the City's investment balances consisted of the pension trust funds held in the FMPTF. Asset allocation in the FMPTF external investment pool at September 30, 2024, is as follows:

<u>Asset Allocation</u>	<u>Asset Allocation Percentage</u>
Cash and Money Market	1.4%
Broad Market High Quality Bond	14.4%
Core Plus	14.9%
Diversified Large Cap Equity	24.9%
Diversified Small to Mid-Cap Equity	14.5%
International Equity	20.5%
Core Real Estate Portfolio	9.4%
Total	<u><u>100.0%</u></u>

Interest Rate Risk—Interest rate risk exists when there is a possibility the change in interest rates could adversely affect an investment's fair value. The City does not have a policy for interest rate risk. The weighted average maturity (WAM) of the underlying debt investments in the FMPTF pool is used to determine interest rate risk when applicable.

Credit Risk—Credit risk exists when there is a probability that the issuer or other counterparty to an investment may be unable to fulfill its obligations. The City's investment policy limits exposure to credit risk.

Custodial Credit Risk—Under GASB Statement No. 40, disclosure is only required if investments are uninsured, unregistered, and held by either the counterpart of the counterparty's trust department or agent but not in the City's name. The City's investments are through the FMPTF in the FMIvT, which are evidenced by shares in the pool. Investments in the pools should be disclosed but not categorized because they are not evidenced by securities that exist in a physical or book entry form. The City's investments are with the pool, not the securities that make up the pool and, therefore, no disclosure is required.

Foreign Current Risk—The City's investments are part of FMIvT and those investments are not subject to foreign current risk.

Total Depreciation Expense - Business-Type Activities	<u>\$ 868,715</u>
--	--------------------------

Note 5 - Interfund Receivable, Payables, Transfers, and Advances

The outstanding balances between funds result mainly from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur. All amounts are expected to be paid within one year. Noted no amounts receivable and/or payable as of fiscal year-end.

The composition of interfund advances as September 30, 2024, is as follows:

<u>Advanced To</u>	<u>Advanced From</u>	<u>Amount</u>
General Fund	Utility Fund	\$ 87,775
Airport Development Fund	General Fund	66,474

The advance to the Utility Fund was to fund the purchase of a fire truck. Payments are made as funds are available. In the current year the City budgeted and repaid \$30,100. The advance to the Airport Development Fund was to fund operating and capital shortfalls in the fund.

The composition of interfund receivables and payables as September 30, 2024, is as follows:

<u>Advanced To</u>	<u>Advanced From</u>	<u>Amount</u>
General Fund	Community Redevelopment Fund	\$ 427,455

The City makes transfers among its funds in the course of the fiscal year. The principal purpose of the transfers is to allocate resources from the enterprise funds to the general fund to assist with various governmental activities. Also, transfers are used to move unrestricted general fund revenues to finance various activities that the City must account for in the other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs. A summary of interfund transfers follows:

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

	Interfund Transfers In	Transfers (Out)
Major Funds		
General Fund	\$ 1,819,717	\$ (201,737)
Utility Fund	-	(1,750,085)
Airport Development Fund	-	(69,632)
Community Redevelopment Fund	201,737	-
Total Interfund Transfers	<u>\$ 2,021,454</u>	<u>\$ (2,021,454)</u>

Note 6 - Long-Term Debt

Bank Notes Related to Governmental Activities—The City has one bank promissory note, which was for the purpose of financing a fire truck. Interest rate on the note is 2.50%. The original loan amount was \$148,900 and is secured by a pledge of revenues received from Levy County for fire protection services. At September 30, 2024, total interest paid on this note was \$175 with the final payment.

City Hall Bank Note—In May 2018, the City obtained a bank note with a local bank for up to \$3,000,000 to finance the demolition of the old City Hall building and construction of the new City Hall building. The interest rate is 3.5% from May 8, 2018 through May 8, 2039. The City will make 12 monthly payments of interest only, beginning May 8, 2018, followed by 240 payments in the amount required to amortize the unpaid principal balance. All outstanding principal and interest are due on May 8, 2039. At September 30, 2024, the interest rate was 3.5% and total interest paid on this note was \$36,799.

Fire Department and Police Building Renovation – In July 2021, the City entered into a loan agreement for \$100,000 to renovate the Fire Department and Police Buildings. At September 30, 2024, the interest rate was 3.75% and total interest paid on this note was \$3,078. During fiscal year 2024, the City entered into a loan agreement for \$160,000 to rebuild a fire tanker truck. At September 30, 2024, the interest rate was 4.96% and total interest paid on this note was \$0.

CRA Note – In August 2024, the City entered into a loan agreement for \$1,000,000 to continue improvement for Block 12 within the CRA boundaries. The loan amount is secured by a pledge of tax increment revenues received within the CRA. At September 30, 2024, the interest rate was 6.00% and total interest paid on this note was \$385.

Line of Credit – In May 2024, the City entered into a line of credit agreement for up to \$3,000,000 for upcoming projects to be identified as needed. The first project for the 2024 draw down was stated as John Henry Park Drainage Project. The minimum interest rate is 5%. The rate will be based on the Wall Street Journal Prime rate. During the fiscal year, the interest range was 5.88% to 5.5125%. At September 30, 2024, the interest the total interest paid on this note was \$14,904.

General Long-Term Debt Schedules:

Note Payable Year Ended September 30,	Direct Borrowings Governmental Activities	
	Principal	Interest

Pledged Revenues

The City has pledged certain revenues to repay loans outstanding as of September 30, 2024. The following table reports the revenues, pledged for each note issued, the amounts of such revenues received in the current year, the current year principal and interest paid on the debt, the approximate percentage of each revenue, which is pledged to meet the note obligation, the date through which the revenue is pledged under the note agreement, and the total pledged future revenues for each note, which is the amount of the remaining principal and interest on the notes at September 30, 2024:

Description of Notes	Pledge Revenue	Revenue Received	Principal and Interest Paid	Estimated Percentage Pledged	Outstanding Principal and Interest	Pledged Through
Governmental Activity						
Note Payable:						
Renovation	Communications Service Tax	\$ 81,689	\$ 21,964	6.14%	\$ 75,210	2039
Note Payable:						
CRA Project	Tax Increment Revenues	\$ 420,720	\$ 385	1.59%	\$ 7,485	2025

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Description of Notes	Pledge Revenue	Revenue Received	Principal and Interest Paid	Estimated Percentage Pledged	Outstanding Principal and Interest	Pledged Through
Business-Type Activity						
Note Payable:						
City Hall Loan	Net System Revenues (1)(2)	\$ 2,451,830	\$ 88,026	3.49%	\$ 1,284,766	2039
Line of Credit:						
Drainage Project	Grant Revenues	\$ 1,556,429	\$ 14,904	59.40%	\$ 924,517	2025

- (1) Net System Revenues - all excess revenues received by the City for the operation of utility system (after payment of associated operation and maintenance expense).
- (2) Per the loan agreement, pledged revenues for the City Hall Note will be "all utility system revenues". Additionally, the City agrees to pledge such additional non-ad valorem tax revenues as is necessary. Information for pledged revenue amounts will be included when loan balance outstanding is finalized.

Note 7 - Subscription-Based Information Technology Arrangements

The City has one information technology software subscription arrangements that require recognition under GASB Statement No. 96. The City recognizes a SBITA liability and an intangible right-to-use asset for the software arrangements.

Effective September 30, 2024, the City entered into a subscription arrangement with Edmunds GovTech for the use of certain software for a five-year term. The agreement requires annual payments of \$55,485. The City used its incremental borrowing rate of 1.9767% to record the present value of the subscription payments.

As of September 30, 2024, the City's SBITA assets and accumulated amortization are as follows:

	SBITA Asset Value	Accumulated Amortization	Net
Edmunds GovTech	\$ 211,299	\$ (42,260)	\$ 169,039
Total	\$ 211,299	\$ (42,260)	\$ 169,039

Remaining principal and interest requirements for the City's subscription arrangements are as follows:

Year Ending September 30	Principal	Interest	Total
2025	\$ 52,293	\$ 3,192	\$ 55,485
2026	53,336	2,148	55,484
2027	54,400	1,085	55,485
Total	\$ 160,029	\$ 6,425	\$ 166,454

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Note 8 - Regulated Leases

The City is the lessor in sixteen agreements that qualify to be treated as regulated in accordance with the requirements of GASB Statement No. 87, *Leases*. The City leases land and facilities for airport grounds, hangars, parking, and buildings through 2053. T-hangar rents are on a monthly basis and all others are completed on an agreement basis for a specified period of time. The City received \$510,425 during the current fiscal year related to these leases. The following is the schedule of future lease payments:

<u>September 30,</u>	<u>Revenue</u>
2025	\$ 186,809
2026	173,456
2027	157,712
2028	109,398
2029	73,663
2030-2034	289,453
2035-2039	210,697
2040-2044	161,565
2045-2049	130,803
2050-2053	74,829
Total	<u><u>\$ 1,568,385</u></u>

Note 9 - Other Postemployment Benefits (OPEB)

Plan Description – The OPEB Plan is a single employer benefit plan administered by the City.

Pursuant to the provision of Section 112.0801, Florida Statutes, former employees who retire from the City and their dependents are eligible to participate in the City’s Health Plan for health and life insurance, as long as they pay a full premium applicable to the coverage elected.

Benefits Provided – The OPEB Plan is a single employer benefit plan administered by the City. The retirees are charged the same premium amount the insurance company charges for the type of coverage elected. However, the premiums set by the insurance company are based on average experiences among younger active employees and older retired employees. The older retirees would have a higher cost for health insurance coverage without the City’s subsidizing the cost of the retiree coverage because it pays all or a significant portion of the premium on behalf of the active employees. Per GASB Statement No. 75, this is called the “implicit rate subsidy”.

Employees Covered by Benefit Terms – At October 1, 2023, the date of the most recent actuarial valuation, plan participation consisted of the following covered by the benefit terms:

Active Plan Members	61
Inactive Plan Members	<u>-</u>
Total Participants	<u><u>61</u></u>

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Contributions – For the OPEB Plan, contribution requirements of the City are established and may be amended through action from the City Council. Currently the City’s OPEB benefits are unfunded. The actual contributions are based on pay-as-you-go financing requirements. There is not a separate trust fund or equivalent arranged in which the City would make contributions to advance-fund the obligation, as it does for its pension funds.

Net OPEB Liability – The City’s net OPEB liability was measured as of September 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions – The total OPEB liability in the October 1, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate:	4.06% per annum; this rate was used to discount all future benefit payments and based on the return on the S & P Municipal Bond 20-year High Grade Index as of the measurement date.
Inflation:	3.50%
Salary Increases:	3.00% per annum
Investment Rate of Return:	4.06%
Healthcare Cost Trend Rates:	Increases in healthcare costs are assumed to be 7.00% for the 2023/2024 fiscal year graded down by 0.50% per year to 5.00% for the 2027/28 and later fiscal years.
Mortality Basis:	Sex-distinct rates set forth in the PUB-2010 Mortality Table for general and public safety employees, with full generational improvements in mortality using Scale MP-2020.
Changes:	Since the prior measurement date, the discount rate was decreased from 4.91% per annum to 4.06% per annum and the monthly implied subsidy at age 55 for the 2023/24 fiscal year for the retiree and his spouse was decreased from \$403.12 to \$325.00.
Types of Benefits Offered:	Post-retirement medical, dental, vision, and life insurance benefits.

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

Implied Subsidy Because the insurance carrier charges the same monthly rate for health insurance regardless of age, an implied monthly subsidy of \$325.00 has been assumed at age 55 for the 2023/24 fiscal year; at other ages, the implied subsidy was developed based on the age-related morbidity assumption and, for other fiscal years, the implied subsidy was increased in accordance with the healthcare cost trend rates; the implied subsidy is assumed to disappear at age 65.

Explicit Subsidy: An explicit subsidy of \$871.44 per month has been assumed for the period October 1, 2023 through September 30, 2024 until age 65 for each individual who retires on or after age 62 with at least 25 years of service and this subsidy is assumed to increase with the healthcare cost trend rates; with respect to general employees, an explicit subsidy of \$5.85 per month prior to age 65, \$3.80 per month between ages 65 and 70, and \$2.92 per month after age 70 has been assumed for each retiree and this subsidy is not assumed to increase in the future; with respect to public safety employees, an explicit subsidy of \$6.00 per month prior to age 65, \$3.90 per month between ages 65 and 70, and \$3.00 per month after age 70 has been assumed for each retiree and this subsidy is not assumed to increase in the future.

Premium: Retirees must pay the full monthly premium as determined by the insurance carrier for coverage other than medical and life insurance coverage for the retiree himself and must pay the full cost of health insurance coverage for himself above any explicit subsidies provided by the City. The City pays any applicable premiums for single coverage under the medical insurance program until age 65 for those employees who retire on or after age 62 with at least 25 years of service and who were covered under the City's health insurance program for at least five years immediately prior to their retirement. In addition, the City pays the entire premium for a \$15,000 life insurance policy to each retiree. Life insurance coverage decreases by 35% upon the attainment of age 65 and decreases by another 15% upon the attainment of age 70.

Changes in the OPEB Liability – for the fiscal year ended September 30, 2024, were as follows:

	Total OPEB Liability
Balance at September 30, 2023	\$ 563,073
Changes for a Year:	
Service Cost	97,680
Demographic Gain/Loss	(16,631)
Assumption Changes	(20,858)
Expected Interest Growth	26,530
Benefit Payments and Refunds	(14,732)
Net Changes	71,989
Balance at September 30, 2024	\$ 635,062

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates – The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.06 percent) or 1-percentage-point higher (5.06 percent) than the current discount rate:

Comparison of Net OPEB Liability Using Alternative Discount Rates

	<u>3.06% Decrease</u>	<u>4.06% Discount Rate</u>	<u>5.06% Increase</u>
Net OPEB Liability	\$ 703,750	\$ 635,062	\$ 574,259

Comparison of Net OPEB Liability Using Alternative Healthcare Cost Trend Rates

	<u>1% Decrease</u>	<u>7.0% Graded Down to 5.0%</u>	<u>1% Increase</u>
Net OPEB Liability	\$ 546,282	\$ 635,062	\$ 746,020

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources – For the year ended September 30, 2024, the City recognized OPEB expense of \$83,289.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Balance as of September 30, 2023	\$ 174,462	\$ 380,494
Change due to:		
Amortization Payments	(19,116)	(45,305)
Demographic Gain/Loss	-	16,631
Assumption Changes	-	20,862
Total Change	(19,116)	(7,812)
Balance as of September 30, 2024	<u>\$ 155,346</u>	<u>\$ 372,682</u>

Net inflows of resources shown above will be recognized in OPEB expense in the following years:

<u>Fiscal Year</u>	<u>Net OPEB Expense</u>
2025	\$ 26,189
2026	26,189
2027	26,189
2028	26,189
2029	25,780
Thereafter	86,800
Total	<u>\$ 217,336</u>

Note 10 - Employee Retirement Plans

Defined Contribution Plan

The City provides a 457 Deferred Compensation Plan for the City Manager. Contributions to the Plan for the year ended September 30, 2024, were \$11,744.

Defined Benefits Plans

The City maintains two single employer, defined benefit plans that separately cover full-time police officer employees and all other general employees. Prior to October 1, 2004, the City's police officers were covered under the same defined benefit plan along with the City's general employees. Effective October 1,

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

2004, the City established a separate plan and trust for police officers and transferred all liabilities for any accrued benefits, and the cash equivalents equal to the present value to pay the accrued benefits, to the new plan and trust.

Police Officers Plan

Retirement Plan and Trust for Police Officers—The City sponsors and administers the Retirement Plan for the Police Officers of the City of Williston (the Plan). The Plan is considered a defined benefit single-employer plan and is accounted for as a separate pension trust fund. The Plan covers all full-time police officers. A City employee shall become a participant of the Plan at the time of employment. Participants contribute 5% of compensation to the Plan, whereas the City is required to contribute an amount actuarially determined using the aggregate actuarial cost method, currently 3.00% (October 1, 2023) of covered payroll. The cost of administering the Plan is financed by investment earnings.

Name of the Pension Plan:	Retirement Plan and Trust for Police Officers of the City of Williston.
Legal Plan Administrator:	Board of Trustees of the Retirement Plan for the Police Officers of the City of Williston Single-Employer Defined Benefit Pension Plan.
Pension Plan Reporting:	The Plan issues a stand-alone financial report each year, which contains information about the Plan's fiduciary net position. The Plan's fiduciary net position has been determined on the same basis used by the pension plan and is equal to the market value of the assets as calculated under the accrual basis of accounting. This report is available to the public at the Plan's administrative office: Retirement Department, Florida League of Cities, Inc. P.O. Box 1757, Tallahassee, Florida 32302, (800) 342-8112.

Description of Benefit Terms:

Employees Covered:	Full-time police officers employed by the City of Williston.
Types of Benefits Offered:	Retirement, disability, and pre-retirement death benefits.
Basic Pension Formula:	3.00% of average earnings times service.
Early Retirement Adjustment:	Early retirement pension is reduced by 3% for each year by which the early retirement date precedes the normal retirement date.
Disability Pension:	Larger of basic pension formula or 42% of average earnings (for service-connected disabilities). Larger of basic pension formula or 25% of average earnings (for non-service-connected disabilities). Disability benefits are offset as necessary to preclude the total of the disability compensation from exceeding average earnings.
Pre-Retirement Death Benefit:	Basic pension formula payable for 10 years at early or normal retirement age (payable to the beneficiary of vested participant). Return of accumulated employee contributions (payable to the beneficiary of a non-vested participant).
Normal Retirement Age:	Age 55 with at least five years of service (only for participants who were fully vested at the time of their transfer into the Plan from the general employees' plan prior to June 1, 2008), or Age 55 with at least 10 years of service, or Age 52 with at least 25 years of service, or any age with at least 30 years of service.

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Early Retirement Age:	Age 50 with at least 10 years of service.
Vesting Requirement:	100% vesting after five years of service (only for participants who were fully vested at the time of their transfer into the Plan from the general employees' plan prior to June 1, 2008), or 100% vesting after 10 years of service.
Form of Payment:	Actuarially increased single life annuity 10-year certain and life annuity. Actuarially equivalent 50%, 66 ^{2/3} %, 75%, or 100% joint and contingent annuity. Any other actuarially equivalent form of payment approved by the Board of Trustees.
Average Earnings:	Average of the highest five-years of pensionable earnings out of the last 10 years.
Cost-of-Living Adjustment:	No automatic cost-of-living adjustment is provided.
Deferred Retirement Option Plan (DROP):	A participant who has attained their normal retirement age is eligible to participate in the DROP for a period of up to 60 months. The DROP accounts are credited with interest at the rate of 6.50% per annum.
Legal Authority:	The Plan was established effective October 1, 2004, pursuant to City ordinance and has been amended several times since that date.
Plan Amendments:	Since the completion of the previous valuation, Ordinances 638 and 641 were adopted. These Ordinances added a DROP provision. This addition of the DROP had no actuarial impact.

Information used to determine the Net Pension Liability:

Employer's Reporting Date:	September 30, 2024
Measurement Date:	September 30, 2024
Actuarial Valuation Date:	October 1, 2023
Additional information as of the latest actuarial valuation is as follows:	
Actuarial Cost Method	Aggregate
Amortization Method	Level Percentage, Open
Remaining Amortization Period	30 Years
Asset Valuation Method	Market Value
Non-Investment Expenses	Liabilities have been loaded by 2.75% to account for non-investment expenses.
Mortality Basis	Sex-distinct rates set forth in the RP-2000 Blue Collar Mortality Table, with full generational improvements in mortality using Scale BB. For non-retired participants, sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Employee Mortality Table for public safety employees (Below Median table for males), with full generational improvements in mortality using Scale MP-2018 and with ages set forward one year (pre-retirement mortality); for non-disabled retirees, sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Healthy Retiree Mortality Table for public safety employees (Below

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Retirement	Median table for males), with full generational improvements in mortality using Scale MP-2018 and with ages set forward one year; for disabled retirees, sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Disabled Retiree Mortality Table (80% general employee rates plus 20% public safety employee rates), with full generational improvements in mortality using Scale MP-2018. Retirement is assumed to occur at normal retirement age.
Future Contributions	Contributions from the employer and employees are assumed to be made as legally required.
Changes	Contributions from the employer and employees are assumed to be made as legally required. Since the prior measurement date, the mortality basis was changed from the RP-2000 Blue Collar Mortality Table with generational improvements in mortality using Scale BB to selected PUB-2010 Mortality Tables with generational improvements in mortality using Scale MP-2018.
Actuarial Assumptions:	
Investment Rate of Return	7.00%
Projected Salary Increases	4.50% per annum
Non-Investment Expenses	Liabilities have been loaded by 2.75%
Includes Inflation at *	2.92%
Discount Rate	7.00% (2.77% per annum is due to inflation)
Cost-of-Living Adjustments	0.0%
Changes	No assumptions were changed since the prior measurement date.

*Same assumptions as used for the actuarial valuation of system.

Determination of Long-Term Expected Rate of Return on Plan Assets:

Investment Category	Target Allocation	Expected Long-Term Real Return
Core Bonds	15.00%	1.60% per annum
Core Plus	15.00%	2.10% per annum
U.S. Large Cap Equity	25.00%	4.60% per annum
U.S. Small Cap Equity	14.00%	5.50% per annum
Non-U.S. Equity	21.00%	6.70% per annum
Core Real Estate	10.00%	5.00% per annum
Total or Weighted Arithmetic Average	100.00%	4.38% per annum

Current membership in the Plan is comprised of the following:

Group	October 1, 2023
Retirees and Beneficiaries Currently Receiving Benefits	6
Terminated Plan Participants Entitled to But Not Yet Receiving Benefits	6
Active Plan Participants	13
Total	25

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

The components of the net pension liability (asset) of the sponsor on September 30, 2024, were as follows:

Total Pension Liability	\$ 2,941,830
Plan Fiduciary Net Position	<u>(3,445,151)</u>
Sponsor's Net Pension Liability (Asset)	<u>\$ (503,321)</u>
Plan Fiduciary Net Position as a Percentage of Total Pension Liability (Asset)	117%

The differences between the actuarial financial statements and the pension financial statement were due to timing differences.

The investments in the Police Officers separate Share Plan are not included in the calculation of the Plan Fiduciary Net Position, however, are included in the Statement of Fiduciary Net Position. These investments totaled \$343,817 as of September 30, 2024.

General Employees Plan

Retirement Plan and Trust for General Employees—The City sponsors and administers the Retirement Plan and Trust for the General Employees of the City (the Plan). The Plan is considered a defined benefit single-employer plan and is accounted for as a separate pension trust fund. The Plan covers all full-time general employees. A government employee shall become a participant of the Plan at the time of employment.

Name of Pension Plan:	Retirement Plan for the General Employees of the City of Williston.
Legal Plan Administrator:	Board of Trustees of the Retirement Plan for the General Employees of the City of Williston Single-Employer Defined Benefit Pension Plan.
Type of Plan:	Single-Employer Defined Benefit Pension Plan.
Current Contribution Requirements:	Employer contributions are actuarially determined; employees contribute 5.00% of pensionable earnings; employee contribution requirement may be amended by City ordinance, but employer contribution requirement is subject to State minimums.
Pension Plan Reporting:	The Plan issues a stand-alone financial report each year, which contains information about the Plans fiduciary net position. The Plan's fiduciary net position has been determined on the same basis used by the pension plan and is equal to the market value of the assets as calculated under the accrual basis of accounting. This report is available to the public at the Plan's administrative office: Retirement Department, Florida League of Cities, Inc. P.O. Box 1757, Tallahassee, Florida 32302, (800) 342-8112.

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Description of Benefit Terms:

Employees Covered:	Full-time employees of the City of Williston, other than Police Officers and the City Manager.
Types of Benefits Offered:	Retirement, disability, and pre-retirement death benefits.
Basic Pension Formula:	2.25% of average earnings times service.
Early Retirement Adjustment:	The early retirement pension is actuarially equivalent to the normal retirement pension.
Disability Pension:	The disability pension is actuarially equivalent to the normal retirement pension.
Pre-Retirement Death Benefit:	The pre-retirement death benefit is actuarially equivalent to the normal retirement pension and is payable as a single life annuity or as a single lump sum payment to the beneficiary of a vested participant. Return of accumulated employee contributions (payable to the beneficiary of a non-vested participant).
Normal Retirement Age:	Age 62 with at least five years of service.
Early Retirement Age:	Age 55 with at least five years of service.
Vesting Requirement:	100% vesting after five years of service.
Form of Payment:	Single life annuity. Actuarially equivalent 10-year certain and life annuity. Actuarially equivalent 50%, 66 ^{2/3} %, 75%, or 100% joint and contingent annuity. Actuarially equivalent single lump sum payment. Any other actuarially equivalent form of payment approved by the Board of Trustees.
Average Earnings:	Average of the highest five years of pensionable earnings out of the last 10 years; pensionable earnings include total compensation other than bonuses, lump sum payments, overtime pay, and extraordinary compensation.
Cost-of-Living Adjustment:	None
DROP:	A deferred retirement option plan (DROP) is available to those participants who have attained their early or normal retirement age, and individuals may participate in the DROP for up to 60 months; DROP accounts are credited with interest at the rate of 6.50% per annum.
Legal Authority:	The Plan was established effective October 1, 1983, pursuant to City ordinance and has been amended several times since that date.
Changes:	The benefit terms did not change from the prior measurement date.

Additional information as of the latest actuarial valuation is as follows:

Valuation Date	October 1, 2023
Actuarial Cost Method	Aggregate
Amortization Method	Level Percentage, Open
Remaining Amortization Period	30 Years
Asset Valuation Method	Market Value
Mortality Basis	Pre-retirement mortality is based on the sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Below Median Employee Mortality Table

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

	for general employees, with full generational improvements in mortality using Scale MP-2018 and with male ages set back one year; post-retirement mortality is based on the sex-distinct rates set forth in the PUB-2010 Headcount-Weighted Below Median Healthy Retiree Mortality Table for general employees, with full generational improvements in mortality using Scale MP-2018 and with male ages set back one year.
Retirement	Retirement is assumed to occur at normal retirement age.
Non-Investment Expenses	Liabilities have been loaded by 2.75% to account for non-investment expenses.
Future Contributions	Contributions from the employer and employees are assumed to be made as legally required.
Changes	No changes from the prior measurement date.
Actuarial Assumptions:	
Investment Rate of Return	7.00%
Projected Salary Increases	4.00%
Non-Investment Expenses	Liabilities have been loaded by 2.25%
Includes Inflation at *	3.25%
Discount Rate	7.00% (2.77% per annum is due to inflation)
Cost of Living Adjustments	0.0%
Changes	No assumptions were changed since the prior measurement date.

*Same assumptions as used for the actuarial valuation of system.

Current membership in the Plan is comprised of the following:

Group	October 1, 2023
Retirees and Beneficiaries Currently Receiving Benefits	20
Terminated Plan Participants Entitled to But Not Yet Receiving Benefits	65
Plan Participants:	
Active	48
Total	133

Florida State Retirement System – Pension Plan

Beginning in 2017, all Fire Fighters of the City are eligible to participate in the Florida State Retirement System (the System). This System was created by the Florida Legislature and is a cost-sharing, multiple-employer defined benefit, and public retirement plan available to governmental units within the State of Florida. The System issued a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315, or by calling (850) 488-5706.

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

All fire employees of the City are eligible to participate in the System. Special risk employees who retire at or after age 55, with six years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to the product of: 1) average monthly compensation in the highest five years of creditable service; 2) creditable service during the appropriate period; and 3) the appropriate benefit percentage. Benefits fully vest on reaching six years of service. Vested employees may retire after six years of creditable service and receive reduced retirement benefits. The System also provides death benefits, disability benefits, and annual cost-of-living adjustments. Benefits are established by Florida Statute. Beginning in 2011, the state mandated a 3% contribution to the plan by the employees. The City currently only has fire employees that participate in the Florida Retirement System.

The funding methods and the determination of benefits payable are provided in various acts of the Florida Legislature. These acts provide that employers, such as the City, are required to contribute 32.67% of the compensation for Regular Special Risk and 39.82% for Administrative (with 1.66% for HIS) as of September 30, 2023. In addition, employees that are not participating in the DROP program are required to contribute 3% of their gross salary.

The City contributed 100% of the required contributions to the System for the year ended September 30, 2024, as follows:

<u>Year</u>	<u>Amount</u>
2024	\$ 163,123

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions—At September 30, 2024, the City reported a net pension liability of \$1,012,195 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City's proportionate share of the net pension liability was based on projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2024, the City's proportionate share of the FRS liability was .00261652765% an increase of .00015822042% from the prior year.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources—For the year ended September 30, 2024, the Sponsor recognized a Pension Expense of \$32,391. On September 30, 2024, the Sponsor reported Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions from the following sources:

	<u>Deferred Inflow of Resources</u>	<u>Deferred Outflow of Resources</u>
Differences Between Expected and Actual Experience	\$ -	\$ 102,259
Change in Assumptions	-	138,731
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	67,276	-
Changes in Proportion and Differences Between the City Contributions and Proportionate Share of Contributions	62,046	123,222
City Contributions Subsequent to Measurement Date	-	37,907
Total	<u>\$ 129,322</u>	<u>\$ 402,118</u>

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

The Deferred Outflows of Resources related to pensions totaling \$37,908 resulting from City contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year</u>	<u>Pension Expense</u>
2025	\$ 1,656
2026	168,296
2027	38,121
2028	14,787
2029	<u>12,029</u>
Total	<u>\$ 234,889</u>

Actuarial Assumptions

The total pension liability in the July 1, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases	3.50% Including Inflation
Investment Rate of Return 6.70%, Net Pension Plan	Investment Expense, Including Inflation

Mortality rates were based on the PUB-2010 with Scale MP-2021.

The actuarial assumptions used in the June 30, 2024 valuation were based on the results of an actuarial experience study for the period June 30, 2018 through June 30, 2023.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>	<u>Standard Deviation</u>
Cash	1.0%	3.3%	3.3%	1.1%
Fixed Income	29.0%	5.7%	5.6%	3.9%
Global Equity	45.0%	8.6%	7.0%	18.2%
Real Estate	12.0%	8.1%	6.8%	16.6%
Private Equity	11.0%	12.4%	8.8%	28.4%
Strategic Investments	<u>2.0%</u>	6.6%	6.2%	8.7%
Total	<u>100%</u>			

Assumed Inflation-Mean	2.4%	1.5%
------------------------	------	------

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Discount Rate—The discount rate used to measure the total pension liability was 6.70 percent. In general, the discount rate for calculating the total pension liability under GASB Statement No. 67 is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. The rate of return assumption is a prescribed assumption as defined by Actuarial Standard of Practice No. 27.

Sensitivity of the City's Proportionate Share of the Net Position Liability to Changes in the Discount Rate—The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.70 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.70 percent) or 1-percentage-point higher (7.70 percent) than the current rate:

	<u>1% Decrease 5.70%</u>	<u>Current Discount Rate – 6.70%</u>	<u>1% Increase 7.70%</u>
City's Proportionate Share of the Net Pension Liability	\$ 1,780,417	\$ 1,012,195	\$ 368,648

FRS Pension Plan Fiduciary Net Position—Detailed information about pension plan's fiduciary net position is available in the separately issued FRS Annual Comprehensive Financial Report.

Health Insurance Subsidy (HIS) Defined Benefit Pension Plan

Plan Description—The HIS Pension Plan (HIS Plan) is a cost-sharing, multiple-employer defined benefit pension plan established to provide a monthly subsidy payment to retired members of any state-administered retirement system in order to assist such retired members in paying the costs of health insurance. Persons are eligible for HIS payments who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system, except those individuals who are pension recipients under Sections 121.40, 237.08(18)(a), and 250.22, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes, or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when he or she terminates employment with all employers participating in the FRS and:

- For a member of the FRS investment plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes and meets the definition of retiree in Section 121.4501(2), Florida Statutes.
- For a member of the FRS defined benefit pension plan, or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan.

Any person retiring on or after July 1, 2001, as a member of the FRS, including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability benefit per provisions under Chapter 112, Florida Statutes. Additionally, participants in the Senior Management Service Optional Annuity Program and the State City System Optional Retirement Program are not eligible to receive benefits from the HIS Plan.

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

Benefits Provided—The benefit is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement.

For the fiscal year ended June 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$7.50. The payments are at least \$45 but not more than \$225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare.

Contributions—The HIS Program is funded by required contributions from FRS participating employers as set by the Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2024, the contribution rate was 2.00 percent of payroll. The state contributed 100 percent of its statutorily required contributions for the current and preceding three years. HIS contributions are deposited in a separate trust fund from which HIS payments are authorized. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The City's contributions to the HIS defined benefit pension plan are reported as a total with the pension plan contributions listed above.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIS—At September 30, 2024, the City reported a net pension liability of \$175,096 for its proportionate share of the net pension liability for HIS. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City's proportionate share of the net pension liability was based on projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2024 the City's proportionate share was .00116722579%, which was an increase of .00001314237% from its proportionate share measured from the prior year.

For the year ended September 30, 2024, the City recognized pension expense is \$8,471. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Inflow Funds	Deferred Outflow Funds
Differences Between Expected and Actual Experience	\$ 336	\$ 1,691
Change in Assumptions	20,729	3,099
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	63	-
Changes in Proportion and Differences Between the City Contributions and Proportionate Share of Contributions	4,877	22,435
City Contributions Subsequent to Measurement Date	-	2,516
Total	<u><u>\$ 26,005</u></u>	<u><u>\$ 29,741</u></u>

NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA

The deferred outflows of resources related to pensions totaling \$2,516 resulting from City contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>September 30,</u>	<u>Inflows/Outflows</u>
2025	\$ 4,203
2026	1,403
2027	(1,980)
2028	(1,012)
2029	(993)
Thereafter	(401)
Total	<u><u>\$ 1,220</u></u>

Actuarial Assumptions—The total pension liability in the July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increase	3.50% Average, Including Inflation
Bond Buyer General Obligation 20-Bond Municipal Bond	3.93%

Mortality rates were based on the PUB-2010 with Scale MP-2021.

The actuarial assumptions used in the July 1, 2024, valuation were based on the results of an actuarial experience study for the period July 1, 2018 through June 30, 2023.

Discount Rate—The discount rate used to measure the total pension liability was 3.93 percent. In general, the discount rate for calculating the total pension liability under GASB Statement No. 67 is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the plan sponsor. The discount rate used in the 2024 valuation was updated from 3.65 percent, reflecting the change in the Bond Buyer General Obligation 20-Bond Municipal Bond Index as of June 30, 2024.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate—The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 3.93 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.93 percent) or 1-percentage-point higher (4.93 percent) than the current rate:

	<u>1% Decrease</u> <u>2.93%</u>	<u>Current Discount</u> <u>Rate 3.93%</u>	<u>1% Increase</u> <u>4.93%</u>
City's Proportionate Share of the Net Pension Liability	\$ 199,323	\$ 175,096	\$ 154,982

**NOTES TO FINANCIAL STATEMENTS
CITY OF WILLISTON, FLORIDA**

Pension Plan Fiduciary Net Position—Detailed information about the pension plan’s fiduciary net position is available in the separately issued FRS Annual Comprehensive Financial Report.

Note 11 - Other Disclosures

Allowances for Doubtful Accounts

Allowances for doubtful accounts at September 30, 2024, are as follows:

Utility Fund	\$ 78,314
General Fund	16,339
Airport Fund	<u>60,000</u>
Total Allowances for Doubtful Accounts	<u>\$ 154,653</u>

Note 12 - Other Information

Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; workers’ compensation; and natural disasters for which the City carries commercial insurance. There were no settlements in excess of the insurance coverage in any of the three prior fiscal years.

Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

Note 13 - Commitments and Contingencies

The City has a construction commitment for a new airport terminal building for a total commitment of \$3,938,095 funded with grant proceeds. As of September 30, 2024, the amount paid is \$3,741,190 with a remaining balance of approximately \$196,905 to be paid on the project.

The City has a construction commitment for the John Henry Celebration Park Drainage project for a total commitment of \$1,645,602 funded with grant proceeds. As of September 30, 2024, the amount paid is \$1,620,276 with a remaining balance of approximately \$25,326 to be paid on the project.

REQUIRED SUPPLEMENTARY INFORMATION

The following supplementary schedules present trend information regarding the retirement plans for the City's General Employees and Police Officers retirement plans, retirement plans for the City's Firefighters, and Other Postemployment Benefits. This information is necessary for a fair presentation in conformity with generally accepted accounting principles.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

Note 1: Methods and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rates in the schedule of contributions are calculated as of October 1, 2023, one year prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

	Police Officers' Pension Plan	General Employees' Pension Plan
Valuation Date	October 1, 2023	October 1, 2023
Actuarial Cost Method	Aggregate	Aggregate
Amortization Method	Level Percentage, Open	Level Percentage, Open
Remaining Amortization Period	30 Years	30 Years
Asset Valuation Method	Market Value	Market Value
Salary Increase	4.5% per Annum	4.00% per Annum
Discount Rate	7.00%	7.00%

Note 2: Changes in Assumptions

Note: No plan assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

Assumption Changes: Since the prior measurement date, the discount rate was decreased from 3.58% per annum to 3.00% per annum, the monthly implied subsidy at age 55 for the 2019/2020 fiscal year for the retiree and his spouse was increased from \$215 to \$250, and the mortality basis was changed from the RP-2000 Mortality Table with generational improvements in mortality using Scale BB to the PUB-2010 Mortality Table with generational improvements in mortality using Scale MP-2017.

Historical information is required only for measurement periods for which GASB Statement No. 75 is applicable. Future years' information will be displayed as it becomes available for a period of up to 10 years.

Since the prior measurement date, the discount rate was increased from 2.14% per annum to 2.43% per annum; the healthcare cost trend rates were changed from 6.50% for the 2020/2021 fiscal year graded down to 5.00% per year to 8.50% for the 2020/2021 fiscal year spouse was increased from \$267.50 to \$350.00 graded down to 5.00% per year; and the monthly implied subsidy at age 55 for the 2020/2021 fiscal year for the retiree and his spouse was increased from \$267.50 to \$350.00.

Since the prior measurement date, the discount rate was increased from 2.43% per annum to 4.77% per annum and the monthly implied subsidy at age 55 for the 2021/2022 fiscal year for the retiree and his spouse was decreased from \$379.75 to \$300.00.

Since the prior measurement date, the discount rate was increased from 4.77% per annum to 4.91% per annum.

Since the prior measurement date, the discount rate was increased from 4.91% per annum to 4.06% per annum and the monthly implied subsidy at age 55 for the 2023/24 fiscal year for the retiree

OTHER REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor and City Council
City of Williston
Williston, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Williston, Florida (the City) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 30, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Honorable Mayor and City Council
City of Williston
Williston, Florida

Report on Compliance for Each Major Federal Program and State Project

Opinion on Each Major Federal Program and State Project

We have audited the City of Williston, Florida's (the City) compliance with the types of compliance requirements, identified as subject to audit in the OMB *Compliance Supplement* and the requirements described in the *Department of Financial Services, State Projects Compliance Supplement*, that could have a direct and material effect on each of the City's major federal programs and state projects for the year ended September 30, 2024. The City's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program and State Projects

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *Department of Financial Services, State Projects Compliance Supplement*. Our responsibilities under those standards, the Uniform Guidance, and the *State Projects Compliance Supplement* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY
THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material non-compliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and Department of Financial Services, *State Projects Compliance Supplement*, will always detect material non-compliance when it exists. The risk of not detecting material non-compliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Non-compliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the *Department of Financial Services, State Projects Compliance Supplement*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material non-compliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *Department of Financial Services, State Projects Compliance Supplement*, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable

THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of the Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *Department of Financial Services, State Projects Compliance Supplement*. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES – INVESTMENT OF PUBLIC FUNDS

Honorable Mayor and City Council
City of Williston
Williston, Florida

We have examined the City of Williston, Florida's (the City) compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies*, with regards to the City's investments during the fiscal year ended September 30, 2024. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements during the fiscal year ended September 30, 2024.

This report is intended solely for the information and use of the Florida Auditor General, the Mayor and Council Members, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

Note 1 - Basis of Presentation

The Schedule of Federal Awards includes the federal grant activity of the City of Williston, Florida and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Therefore, amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the basic financial statements.

Note 2 - Indirect Cost Rate

The City has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

MANAGEMENT LETTER

Honorable Mayor and City Council
City of Williston
Williston, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Williston, Florida (the City) as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated June 30, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control Over Compliance, Schedule of Findings and Questioned Costs, and Independent Accountant's Report on an examination conducted in accordance with AICPA *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated June 30, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. The prior year finding has been resolved.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority for the City is reported in Note 1 to the basic financial statements. The City included the following blended component unit:

- Williston Community Redevelopment Agency

MANAGEMENT LETTER

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. Please see Management Letter Comments.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., *Rules of the Auditor General*, the City has stated that a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within the City's geographical boundaries during the fiscal year under audit.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information as required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1i)7, *Rules of the Auditor General* for the Williston Community Redevelopment Agency can be found in its separately issued report.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, fraud, waste, or abuse, that has occurred, or is likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal, state, and other granting agencies, the Mayor and Council Members, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

Honorable Mayor and City Council
City of Williston
Williston, Florida

MANAGEMENT LETTER

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

MANAGEMENT LETTER COMMENT

Honorable Mayor and City Council
City of Williston
Williston, Florida

Current Fiscal Year

2024-1 Implementation of Enterprise Resource Planning (ERP) System

During the fiscal year ended 2024, the City of Williston, Florida (the City) experienced several issues related to various accounting functions during the implementation of their new ERP system. The issues were related to reporting, compilation of detailed accounting data, and summary information. The key accounting areas experiencing these issues were:

- Inventory
- Accounts Payable
- Accounts Receivable

We recommend that the City continue their efforts to work with the ERP provider to address the items to ensure timely financial reporting and completeness of the information.

2024-2 Fund Balance Policy

In the past several years, we have noted a continued decline in most funds of the City wherein expenditures were greater than revenues causing a decline in reserves of fund balances. Currently, fund balance for most funds is approximately 10% of expenditures (including interfund advance) and best practices recommends a reserve rate of 20%-25% of expenditures.

We recommend that management of the City and the City Council develop a fund balance/net position policy that would set limitations and budgetary guidelines to target a desired fund balance/net position reserve. Having an established reserve level in fund balances will assist the City in future operational planning and help to restore balances to a level that would assist the City in case of unexpected financial emergencies.

RE: MANAGEMENT'S RESPONSE TO AUDIT FINDINGS

This letter represents our required response and follow-up to audit findings under Section 10.558(2), Rules of the Auditor General, State of Florida, for the year ended September 30, 2024:

2024-1 Implementation of Enterprise Resource Planning (ERP) System

The City will continue to work with the ERP provider to complete the implementation of the ERP system and address the outstanding items to ensure timely financial reporting and completeness of the information. The implementation will be completed during Fiscal Year 2025.

2024-2 Fund Balance Policy

The City will develop a fund balance/net position policy that will set limitations and guidelines for targeted reserves in order to work towards the best practices fund balance recommendations.

Very truly yours,

CITY OF WILLISTON, FLORIDA
