INTRODUCTORY SECTION

June 5th, 2026

Citizens of Deerfield Beach
Honorable Mayor and Members of the City Commission

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of the City of Deerfield Beach, Florida (City) for the fiscal year ended September 30, 2025, with a clean audit opinion with no audit findings.

The ACFR is designed to provide our Residents, Commission, City Staff, Bondholders, and other interested parties insight into how the City is managing public finances and assess accountability by:

- Assessing financial condition and results of operations;
- Comparing actual financial results with legally adopted budget, where appropriate;
- Assisting in determining compliance with finance related laws, rules, and regulations; and
- Assisting in evaluating the efficiency and effectiveness of City operations.

Florida Statute 218.32 and local ordinances require that the City issue a report on the financial position and activity within nine months of the close of each fiscal year. Additionally, the financial statements must be presented in conformity with generally accepted accounting principles (GAAP) and this report must be audited in accordance with generally accepted auditing standards and government auditing standards by an independent firm of certified public accountants.

We believe this report complies with these requirements and continues to present full financial accountability, disclosure, and transparency.

This philosophy is reflected through the informative financial analysis provided by the City's Financial Services Department and the exhibits and statistical tables included within the ACFR. Responsibility for the accuracy, completeness, and fairness of the presentation, including disclosures, rests with City management. Furthermore, we believe the data as presented is accurate in all material respects; presented in a manner designed to fairly represent the financial position and results of operations of the City; and includes all disclosures necessary to enable the reader to gain an understanding of the City's financial activity.

Independent Audit and Single Audit Requirements

CBIZ CPAs P.C., a firm of licensed certified public accountants, audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the City's financial statements for the fiscal year ended September 30, 2025, are free of material misstatement. The independent audit involved examining evidence supporting the amounts and disclosures contained in the financial statements on a test basis; assessing the accounting principles used and representations made by management; and evaluating the overall financial statement presentation.

The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering unmodified or "clean" opinion that the City's financial statements for the fiscal year ended September 30, 2025, are fairly presented in conformity with GAAP. The independent auditors' report is included in the financial section of this report.

In addition to meeting the requirements set forth above, the independent audit was also designed to meet the special needs of federal and state grantor agencies as provided for in the Federal Single Audit Act, Office of Management and Budget (OMB) Uniform Guidance, Florida Single Audit Act in accordance with Chapter 10.550, and Rules of the Auditor General. These standards require the independent auditor to report not only on the fair presentation of the basic financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal and state awards. These Compliance Reports are included under the Reporting Section of the ACFR.

This letter of transmittal is designed to complement Management's Discussion & Analysis (MD&A) and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditors' report on the basic financial statements.

The City of Deerfield Beach

Profile

The City was incorporated in 1925 as the Town of Deerfield. In 1951, the Town of Deerfield was renamed to the City of Deerfield Beach. The City operates under the commission/manager form of government. The City Commission is comprised of the Mayor, Vice-Mayor, and three Commissioners who adopt legislation and policies, approves the City's annual budget, levies taxes, and sets fees. The Commission appoints a professional City Manager who serves as the Chief Administrative and Executive Officer and is responsible for implementing policies adopted by the City Commission and directing city operations through appointment of Department Directors. The Commission also appoints the City Attorney and members of various boards and committees. The Mayor, elected at-large to a four-year term, acts as the formal representative of the City and presides over Commission meetings. The public also elects four City Commissioners by district who serve four-year terms. The Vice Mayor serves for a period of one year and is designated by the Commission as outlined in the City Charter.

Local Economy

Home to over 87,700 residents, the City is a medium-size coastal city located on the east coast of Florida in Broward County. The City is a diverse residential community with a complimentary mix of commercial development such as shopping and retail facilities, office buildings, restaurants, tourist lodgings, distribution, warehousing, manufacturing, and light industry. The major economic influences in this area are predominantly the housing market, travel and tourism, the regional job market, the changing business environment, severe weather events, global inflation and interest rates, and economic uncertainty. Considering these economic indicators play an important role in directing and prioritizing the use of City resources now and in the future.

According to the Broward County Property Appraiser's Office, the final taxable value of the City for the year ended September 30, 2025 reflected an increase of 7.26% over the prior year. In October 2025, the overall residential median real estate sales for the County were up 2.17%, with the City being the 11th highest in the County. The City's total assessed property values have sustained growth for the past several years. The growth in the tax base is attributed to its redevelopment efforts, commercial and residential development projects. The Florida Economic Estimating Conference published statistics in September of 2025 indicating Florida has seen an increased demand for real estate in the past several years, nurtured by interest rates and the cost of borrowing which have climbed to historically high levels in the past year that have begun cooling in 2025. The housing market has continued to slow down, with the report predicting an 0.7% growth rate decline in FY25-26 and leveling off in Fiscal Year 2026-27.

Financial and strategic planning are of paramount importance to the City of Deerfield Beach. For fiscal year 2025, the City focused efforts on implementing its core values and key priorities and further embracing the revised Strategic Plan. This plan covers the 2025 to 2030 period and emphasized key priorities of customer care; improved quality of life; sustainability; financial accountability; and modernization of city processes and infrastructure.

Services

The City provides a broad range of municipal services which include:

- Public Safety (Police, Fire-Rescue Services, Ocean Rescue Services, etc.)
- Code Compliance Services
- Solid Waste Collection and Disposal Services
- Water Production, Distribution, Maintenance, and Construction
- Wastewater Collection System Maintenance and Construction
- Stormwater Management
- Parks and Recreation Facility Management, Recreational, Cultural Programs Aquatic and Special Event Programs and Activities
- Cemetery Management and Services
- Coastal and Environmental Protection and Management
- Public Land/Open Space Management
- Grounds Maintenance and Beautification
- Road and Bridge Maintenance and Construction
- Planning, Zoning, and Building Services
- Community and Social Services and Grants Administration
- General Administrative Services

Reporting Entity

The City government does not provide primary or secondary education or health care, as these are the responsibility of other taxing authorities. Both entities are independent special districts that are not part of the City. As such, financial data for them or for any other government has not been included in the financial statements in this report.

Blended component units, although legally separate entities are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the Community Redevelopment Agency (CRA) is reported as a special revenue fund of the primary government.

Accounting and Internal Controls

This report consists of management's representations concerning the finances of the City. Consequently, the responsibility for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with management. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed to safeguard City assets from loss, theft or misappropriation and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. The cost of an internal control should not exceed the benefits to be derived; therefore, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The valuation of costs and benefits requires estimates and judgments by management.

Budgetary Controls

The annual operating budget and Five-Year Capital Improvement Plan (CIP) serves as the foundation for the City's financial planning and control. All departments are required to submit expenditure requests and revenue projections, as applicable, for appropriation to the City Manager. The City Manager uses these requests and projections as the starting point for developing a proposed balanced budget. The City Manager then presents the proposed budget to the City Commission on or before the 15th of August of each year. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget by the 30th of September of each year. The annual operating budget is prepared

and adopted in accordance with Florida Statute Chapter 166.241. The legally adopted budget is prepared by fund (i.e. General Fund), by function (i.e. Public Safety), and department (i.e. Office of Public Safety), for current expenditures with separate appropriations established for the annual capital projects, debt service, interfund transfers, intergovernmental expenditures, and other various Enterprise and Special Revenue Funds. Continuous improvement to the budget revenue and expenditure allocations has provided for further alignment with functional areas to improve transparency and to better track full costs for the various functional services the City provides.

Budgetary control is administered in conformity with state statute, the City's Charter, and adopted ordinances. Generally, amendments to the budget that increase or decrease the overall appropriation, or amend the budget across fund or department require City Commission approval. Budget control is further administered by management at the divisional or budget unit level (i.e. Parking Authority). Budget-to-actual comparisons and analysis of all the City's Governmental and Proprietary Funds are provided to the Commission and management on a monthly basis. For the General Fund and the CRA Fund, a final annual comparison is presented in the Required Supplementary Information (RSI) section of the ACFR.

Major Initiatives

The City was awarded approximately \$16.3 million in financial relief through the American Rescue Plan Act (ARPA), with the initial allocation of \$8.15 million in FY2021 and the remaining balance disbursed in FY2022. Following the approval of the ARPA Spending Plan by the City Commission in November 2021, the city transitioned from planning to full-scale implementation. This initiative represents a strategic investment in infrastructure, economic recovery, and community resilience. City staff continue to oversee the execution of several priority projects and programs, which remain ongoing and are expected to continue through the federal expenditure deadline of December 31, 2026.

These include:

- West Deerfield Beach Stormwater Improvements
- SE 8th Avenue Stormwater Improvements
- Park Improvements and Aquatic Center Upgrades
- Community Grants for Non-Profit Organizations
- Advanced Meter Reading Infrastructure Improvements
- Regional Beach Re-Nourishment Project

All ARPA-funded activities are being managed in compliance with federal regulations, with an emphasis on transparency, accountability and measurable outcomes.

In addition to the progress made on the ARPA-funded initiatives above, the City continues to move forward on a number of other multi-year capital projects and business and community programs that reflect these priorities.

- **Johnny Tigner Center.** The original Johnny Tigner Center was demolished, making way for a newly constructed community center to meet the needs of our growing community. The new two-story community center totals 23,000 square feet and is located in the same vicinity of the demolished building, adjacent to the Leo Robb Gymnasium. It incorporates a canopy structure to bridge the two buildings. This is a multi-year project. The design-build contract was initiated in FY2022, and the center opened to the public in September of 2024.
- **Construction of Playgrounds.** Playground improvements in FY2025 included the following locations: Crystal Heights North (permitted in November 2024) and Villages of Hillsboro (construction began in November 2024 and was completed February 2025).
- **West Deerfield Beach Stormwater Improvements.** This project will provide additional underground storage and infiltration to Deer Run to reduce the severity and duration of flooding until the area is able to drain to the existing trunk line. Design was initiated in FY2023 for completion in FY2026.

- **SE 8th Avenue Stormwater Improvements.** The goal of this effort is to develop a cost effective and feasible engineering solution to address flooding in the SE 8th Avenue neighborhood. Construction began in May 2024 and is anticipated to be completed in FY2026.
- **Pioneer Park Dock, Rail, and Piling Replacements.** This project will obtain structural evaluation, assessment of dock system and development of construction plans to remediate or reconstruct the dock and Pier 5. (The remainder of the piles and decking for Piers 1, 2, 3 & 4 were reconstructed in FY2022). Design was initiated in FY2023, construction began in March 2026 with anticipated completion in FY2026.
- **Advanced Metering Infrastructure (AMI) Improvements.** This technology will allow remote access to collect consumption information and troubleshoot meters. It will save the City the expense of monthly trips to each physical location to read a meter. In addition, billing will be more accurate and customers will have real-time access to their water consumption. The construction contract was awarded in FY2023 and with anticipated completion in FY 2026.
- **Regional Beach Renourishment Project.** In compliance with a settlement agreement between the City of Deerfield Beach and Town of Hillsboro Beach, the City designed, permitted, and completed a joint renourishment project. The significance of this project is (1) the construction methodology used in which a pipeline pumped sand from the Boca ebb shoal to the renourishment areas, (2) the participation of three cities (Boca Raton, Deerfield Beach, and Hillsboro Beach), and (3) the estimated savings of \$3 million compared to truck hauling. Sand placement commenced on April 7, 2023 and was completed on April 24, 2023. The project was completed in May 2023. The City and Town have begun preliminary work to design and permit the second beach nourishment project to be conducted as per the settlement agreement. This project is anticipated to be completed in the Spring of 2028.
- **Community Participation Grants (General Fund).** The City is committed to supporting organizations that contribute to the public welfare of the community. The Community Participation Grant program was established to provide financial resources to local non-profit organizations that assist the City in serving a valid public purpose. In FY2025, grants were awarded to 14 non-profit entities.

Long Range Financial Planning

The City's current General Obligation and Covenant-to-Budget and Appropriate bond ratings are AA+ and AA from Fitch Ratings and Standard & Poor's Global Ratings respectively. The City's Fitch ratings were upgraded to the current level in August 2024 and reaffirmed in January 2026. The methodology that the rating agencies uses combine both qualitative and quantitative measures. Though each vary slightly, the major categories consist of the Economy, Institutional Framework, Financial performance, Liquidity, and Leverage. Some of the comments by the rating agencies indicate a stable outlook with strong management, budget flexibility, and performance. Maintaining a good credit rating helps keep the cost of borrowing low which can be significant factor in the amount of debt which can be used to finance major capital projects.

At the close of fiscal year 2025, the City's General Fund unassigned fund balance was \$32.6 million, which is approximately \$1.9 million above the closing balance for fiscal year 2024 of \$30.7 million. Excess unassigned fund balance above the policy limits can be used to fund capital projects or other one-time needs approved by Commission such as various infrastructure improvement projects, or unanticipated revenue shortfalls stemming from major natural disasters. The City also maintains an Emergency Reserve fund balance of \$7.5 million. The emergency reserve fund sets aside funds for the immediate response to events such as hurricanes. The City also maintains a self-insurance reserve fund balance of approximately \$7.6 million for any possible future claims. These measures are intended to buffer unforeseen emergent and/or economic challenges.

The City's Capital Improvement Plan (CIP) document is updated and adopted on an annual basis. The CIP prioritizes major capital projects and identifies revenue sources available to finance the improvements. For Fiscal Years 2026-2030, the City Commission adopted a CIP budget of

approximately \$298 million. The CIP includes anticipated funding from various available fund balances and debt financing instruments in FY2026 and forward.

As part of the Fiscal Year 2026 Budget development, the City continued its strategy of preparing estimates of its future budgetary needs to support capital investments, operational costs, and fund balance reserves for its major enterprise funds. Master Plans and rate sufficiency studies for the Utility, Stormwater, and Solid Waste Funds were completed in Fiscal Year 2022. The City Commission approved the funding strategies and long-term rate adjustments. The increases have been staggered over the next four Years 2024 to 2027 to minimize the financial impact on residents. Rate adjustments for Fiscal 2025 equaled 5.25% for water and 9.25 % for wastewater.

The Utility Fund rate adjustments will allow the City to address capital improvements necessary to improve aging infrastructure and meet future water quality regulations and standards. The Stormwater Fund rate adjustments will provide the needed funding to address our flood-prone areas. The Solid Fund rate adjustments were to help address the negative net position of the Fund that was also an audit observation in the Fiscal 2021 ACFR and an Auditor General operational audit finding.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Deerfield Beach for its comprehensive annual financial report for the fiscal year ending September 30, 2024. This was the 45th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized annual financial report. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. We believe that our current report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for award.

Additionally, the City of Deerfield Beach also received the GFOA's Distinguished Budget Presentation Award for the FY2026 annual, the 30th consecutive year. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

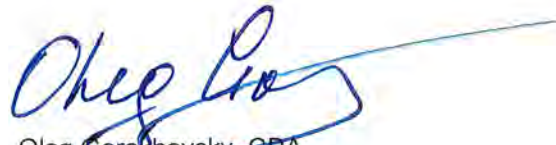

Thank you for your continued interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner. This report could not have been prepared without the dedicated service of all of the employees of the Department of Financial Services as well as other departments that provided assistance throughout the preparation of this ACFR. In addition, we appreciate the thoroughness with which our auditors, CBIZ CPAs P.C., performed their audit function.

Finally, we would like to thank the City Commission for their continued guidance and support in our efforts towards fiscal stewardship.

Respectfully submitted,

Rodney Brimlow

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

Independent Auditors' Report

To the Honorable Mayor, City Commission and City Manager
City of Deerfield Beach, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Deerfield Beach, Florida (the "City"), as of and for the fiscal year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the City's Pension Trust Funds (the "Plans"), component units of the City, which represent 90%, 91% and 71%, respectively, of the assets, net position/fund balance and revenues/additions of the aggregate remaining fund information as of September 30, 2025. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Plans are based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards*"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design,

implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 17, and the schedules of changes in the City's net pension liability and related ratios, the schedules of City contributions, schedule of City's proportionate share of net pension liability, schedule of changes in the City's total OPEB liability and related ratios, and budgetary comparison schedules for the general fund and major special revenue funds on pages 104 through 115, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an

appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules, as listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory section and the statistical section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2026 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(MD&A)

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the report is intended to give readers a narrative overview to facilitate both a short and long-term analysis of the financial activities of the City for the fiscal year ended September 30, 2025. This Management's Discussion and Analysis is based on currently known facts, decisions and conditions that existed as of the date of the independent auditors' report. The information presented is in accordance with Governmental Accounting Standards Board Statement No. 34 (GASB 34) as amended. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i - vii of this report.

FINANCIAL HIGHLIGHTS

- The total assets on the Government-wide basis of the City at September 30, 2025 increased \$37.6 million, or 9.01% from the prior year.
- The City's total liabilities on a Government-wide basis decreased by \$31.9 million, or 14.5% from the prior year.
- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$269.8 million (net position). Of this amount, \$148.6 million was from governmental activities and \$121.2 million was from business-type activities.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$107.6 million, an increase of \$5.3 million, in comparison with the amount reported for the prior fiscal year. Of this amount, \$3.8 million was non-spendable, \$38.5 million was restricted, \$38.5 million was assigned, and \$26.8 million was unassigned and therefore available for spending at the City's discretion.
- At the end of the fiscal year, unassigned fund balance in the General Fund was \$32.6 million, or 23.4% of total General Fund expenditures and transfers. The City has a reserve policy of maintaining an amount in reserves that is at least 10% and 5% of total General Fund expenditures and transfers for unassigned and assigned emergency reserves respectively.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serve as an introduction to the City's basic financial statements. The basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements: The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business and include both long-term and short-term information about the City's financial status.

The statement of net position presents information on all the City's assets and liabilities, deferred outflows and inflows of resources, with the difference between the assets (and deferred outflows of resources) and liabilities (and deferred inflows of resources) reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in a future fiscal period. Examples of such items include earned but uncollected grant funds and earned, but unused compensated absences.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, economic environment, public safety, human services, physical environment, transportation, and culture and recreation. The business-type activities of the City include water and sewer, stormwater utility, and solid waste services.

The government-wide financial statements include not only the City itself (known as the primary government), but also a legally separate Community Redevelopment Agency (CRA) for which the City is financially accountable. Although legally separate, the CRA's governing body is identical to the City Commission, and because the services of the CRA are exclusively for the benefit of the City and its residents, it is included as an integral part of the primary government.

The government-wide financial statements can be found on pages 16 - 17 of this report.

Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for activities where the emphasis is placed on available financial resources, rather than upon net income determination. Therefore, unlike the government-wide financial statements, governmental fund financial statements focus on the acquisition and use of current spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains governmental funds for various sources of revenues. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for those funds that are considered significant (major) to the City as a whole. These financial statements report five major funds: General Fund, American Rescue Plan Fund, Community Redevelopment Agency Fund, General Obligation Debt Service Fund and the General Construction Fund. Data from the nonmajor governmental funds are combined into a single, aggregated presentation. Individual fund information for each of these nonmajor governmental funds is provided in the form of combining statements that are found on pages 116-123 of this report.

The City adopts an annual appropriated budget for its governmental and proprietary funds. A budgetary comparison statement has been provided for the General and CRA Funds to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 18-21 of this report.

Proprietary Funds. Proprietary funds are used to account for activities where the emphasis is placed on net income determination. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements with greater detail. The City uses enterprise funds to account for its water and sewer, stormwater utility as well as its solid waste activities. The enterprise funds, which are considered to be major funds of the City, are reported separately as proprietary fund financial statements in the basic financial statements.

The basic proprietary fund financial statements can be found on pages 22 – 24 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds (Pension Trust Funds) are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's programs. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 27 - 28 of this report.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29 - 103 of this report and should be read in conjunction with the City's financial statements.

Other Information: In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information (RSI) concerning the City's progress in funding its obligation to provide pension and other post-employment benefits to its employees, and budgetary comparisons for the General Fund and the CRA (special revenue) Fund. RSI can be found on pages 104 - 115 of this report.

The combining and individual fund statement and schedules referred to earlier in connection with nonmajor funds are presented immediately following the RSI. Combining and individual fund statements and schedules can be found on pages 116 - 125 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. In the case of the City, assets plus deferred outflows exceeded liabilities plus deferred inflows by \$269.8 million at the close of fiscal year 2025.

The largest portion of the City's net position of \$158.6 million, or 58.8% of total net position, reflects its investment in capital assets (e.g., land, buildings, equipment, improvements, utility plants and infrastructure), less any related debt and deferred inflows/outflows used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following analysis summarizes the net position as September 30, 2025 and 2024:

	Summary of Net Position

Total Net Position	<u>\$ 148,559,706</u>	<u>\$ 112,444,842</u>	<u>\$ 121,228,397</u>	<u>\$ 106,064,881</u>	<u>\$ 269,788,103</u>	<u>\$ 218,509,723</u>

An additional portion of the City's net position, \$46.2 million or approximately 17.1%, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, approximately \$65 million, continues to be impacted by the implementation of GASB Statement No. 75 which had a significant negative impact on the City's unrestricted net position for the governmental activities but is recovering.

The net position of business-type activities increased by \$15.2 million to \$121.2 million in 2025. This increase was primarily due to an increase in sale revenue in the Water and Sewer Utility and Solid Waste Funds. Rate increases were implemented for the Water and Sewer Utility Fund. The Solid Waste Fund had increased sales in their commercial operations.

The City's current and other assets increased by \$15.8 million from \$180.6 million to \$196.3 million. The increase was primarily due to the issuance of new debt during FY 2025 for projects that will begin in FY 2026.

Current liabilities remained consistent with prior year.

Noncurrent liabilities decreased by \$32.3 million from \$200.9 million to \$168.6 million in FY2025. A significant portion of this decrease is due to the change in net pension liability due to market changes.

The following analysis summarizes the changes in net position for the years ended September 30, 2025 and 2024:

	Summary of Changes in Net Position					
	Governmental Activities		Business-type Activities		Total

Governmental Activities: Governmental activities increased the City’s net position by \$36.1 million. This increase is a result of the following.

Taxes increased by \$5.2 million from \$99.0 million to \$104.2 million. The revenue category Taxes is made up of Property, Utility, Sales and Use, Franchise, Alcoholic beverages and Mobile home taxes.

Charges for Services increased by \$.1 Millions from \$45.8 million in FY2024 to \$45.9 million due to increase in the total receipts for occupational business taxes and building permits.

Investment earnings decreased by \$1.6 million from \$6.9 million to \$5.3 million in FY2025 due to the overall market activity.

There was a \$11 million decrease in public safety expenses from FY2024 to FY2025. A significant portion of this decrease is from the net pension liability in FY2025 due to overall market conditions.

Additionally, there was a decrease in transfers out in the amount of \$3.5 millions.

When analyzed by source, revenues for FY2025 were as follows: 62% is generated from taxes, 27% is from charges for services, operating and capital grants/contributions comprise 3%, intergovernmental, investment earnings and miscellaneous revenues make up the remaining 8%.

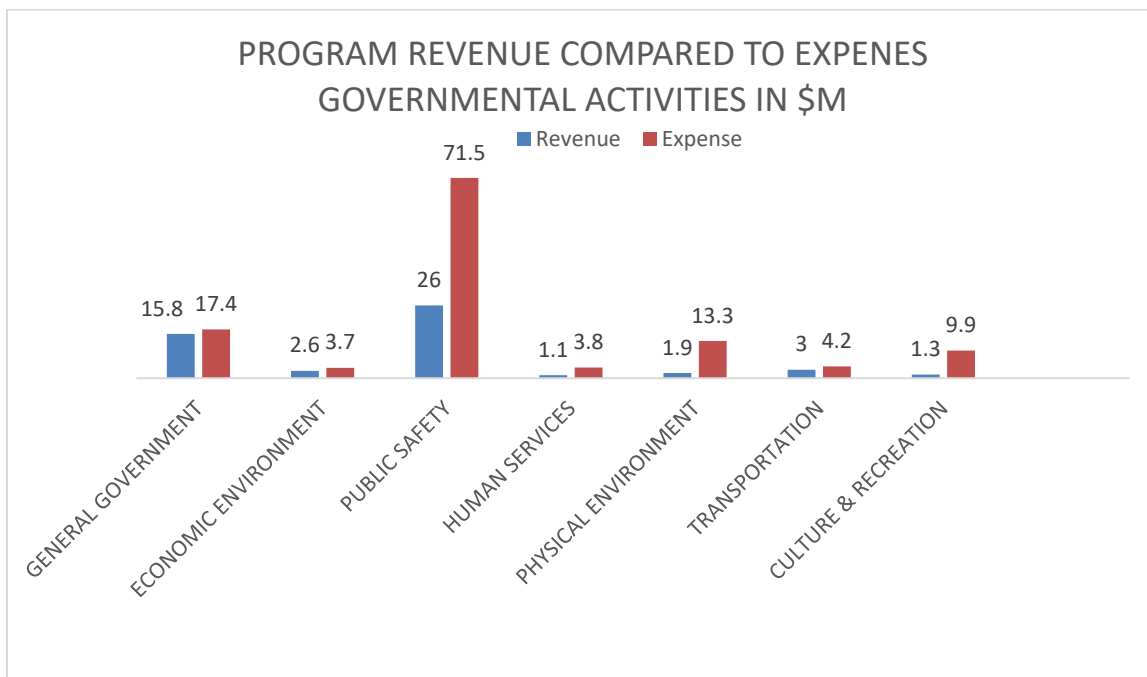

Program and General Revenues by Source – Governmental Activities

The City’s expenses cover a broad range of services, with approximately 56% of governmental activity expenses related to public safety (fire/rescue and police protection). Public safety expenses constitute the largest component of total expenses due to the service level requirements. The public safety function consists of the Office of Public Safety which in FY 2025 oversaw the Broward Sheriff Office (BSO) contracts related to Law Enforcement, Fire and Rescue Services, Emergency Management Services, Parking Authority, School Crossing Guards, and Ocean Rescue Services.

When compared with the previous year, expenses increased in governmental funds for FY2025. A significant portion of these increases were as a direct result of the change in the net pension liabilities and related deferred outflows/inflows for the year. The City also had increases in physical environment, transportation and culture and recreation expenses. These increases were affected by higher prices of operational supplies as well as a return to hosting outdoor activities by the Parks and Recreation Department.

The chart below compares program revenues and expenses for the individual governmental activities for the fiscal year.

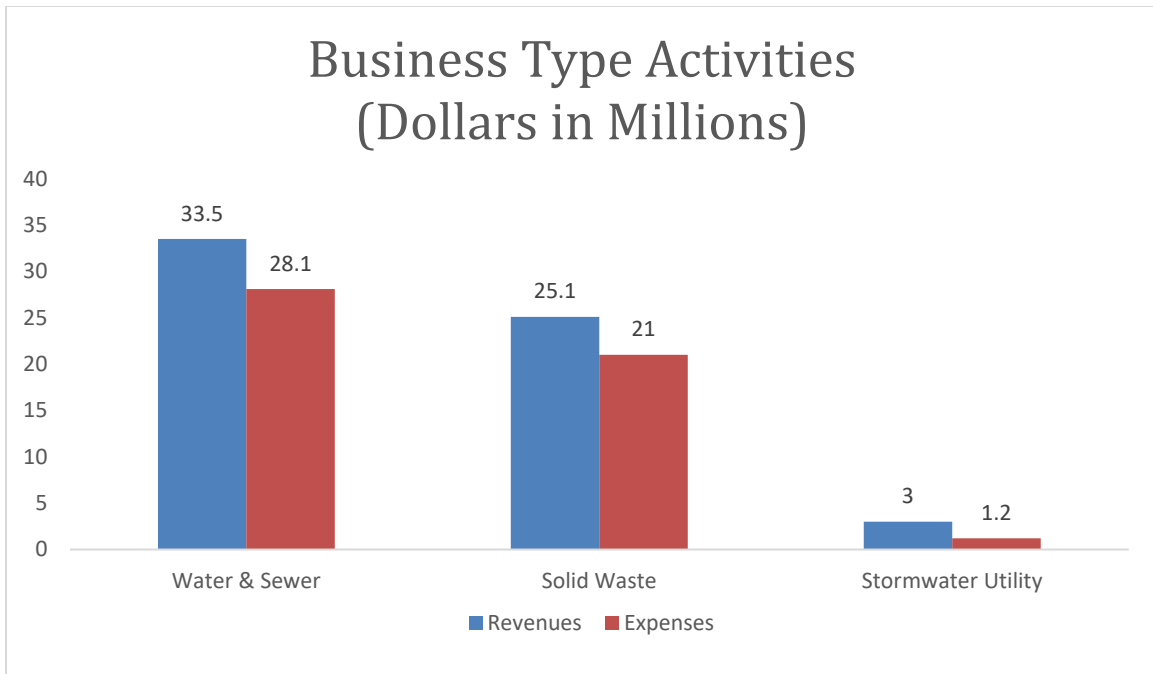

Business-type Activities: Business-type activities are presented in detail in the proprietary fund statements. These funds represent the Water and Sewer Utility, Solid Waste, and Storm Water Utility Funds. Together these funds show an overall increase in revenues of \$2.7 million when compared to fiscal year 2024.

The Water and Sewer Utility Fund net position increased by \$7.3 million. This was a result of the integrated utility master plan and a financial analysis of the master plan implemented in June of 2022, as well as increased residential and commercial development and redevelopment.

The Solid Waste Fund had an increase of \$4.2 million. Most of the increase came from additional revenues from bulk and commercial debris removal cost as well as a transfer in from governmental funds.

The Stormwater Fund had an increase of \$3.6 million. There were no major changes to this fund during the fiscal period.

The following chart compares program revenues to expenses by individual business-type activity for the current year. These business-type activities recover more costs through program revenues than governmental activities, generating sufficient revenues to cover current expenses.

Financial Analysis of the City’s Funds

The City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds: The focus of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. Unassigned fund balance may serve as a useful measure of the City’s net resources available for spending at the end of the fiscal year.

As of the end of the fiscal year, the City's governmental funds reported combined ending fund balances of \$107.6 million, an increase of \$5.2 million from the prior year's ending balances of \$102.4 million. Approximately 25%, \$26.8 million of the combined fund balances constitute *unassigned fund balance* that is available to meet the City's current and future needs. The remainder of fund balance is *nonspendable, restricted, committed and assigned* to indicate that it is not available for new spending.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance was \$32.6 million, while total fund balance was \$72.4 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 23.4% of total General Fund expenditures and transfers.

The total fund balance of the City's General Fund increased by \$10.6 million during the fiscal year. Key factors in this increase were an overall increase in most revenue sources for this year over fiscal year 2024. The biggest increase was in property taxes of \$4.3 million.

The Community Redevelopment Agency Fund accounts for revenues collected from and expenditures incurred within the community redevelopment area which borders Federal Highway to the west and State Road A1A to the east. At the end of the fiscal year, the restricted and total fund balance in this fund amounted to \$5.1 million.

Proprietary Funds. The City's proprietary funds provide the same type of information found in the government-wide business-type activities financial statements, but in more detail.

Unrestricted net position of the Water and Sewer Utility Fund at the end of the fiscal year amounted to \$36.8 million. The Solid Waste Fund had an unrestricted net position of \$9.3 million at the end of the fiscal year. The Stormwater Utility Fund had an unrestricted net position of \$4.8 million at the end of the fiscal year.

Capital Assets and Debt Administration

Capital Assets. The City's capital assets for its governmental and business-type activities as of September 30, 2025, amounted to \$258.3 million (net of accumulated depreciation). These capital assets include land, buildings, improvements other than building (such as improvements to parks), equipment, utility plants in service and infrastructure (roads, highways, bridges, etc.). The total increase in the City's capital assets for the current fiscal year was 9.2%, due to increases in construction in process. The following table summarizes the City's capital assets.

**Schedule of Capital Assets
(Net of Depreciation)**

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024

Major capital asset events during the fiscal year included the following:

- International Fishing Pier Repairs and Renovation at \$3,370,162
- ERP Implementation - \$1,334,501
- SE 8th Ave Stormwater Drainage - \$1,960,341
- AMI Advance Metering Project - \$1,037,674

Additional information on the City of Deerfield Beach’s capital assets can be found in Note 3 on pages 62 - 64 of this report.

Long-term Debt. At year-end, the City had \$21.5 million in general obligation bonds outstanding. The City also had \$41.4 million in outstanding covenant bonds (for which the City must “covenant” and appropriate funds necessary to pay the annual debt service), but which are primarily backed by revenue sources other than voted-debt ad valorem taxes. The business-type activities had \$19.0 million outstanding in revenue bonds and \$1 million in loans payable. The City had \$7.7 million in financing leases outstanding at the end of the fiscal year.

The City’s current General Obligation and Covenant-to-Budget and Appropriate bond ratings are AA+ and AA from Fitch Ratings and Standard & Poor’s Global Ratings respectively. The City’s Fitch ratings were upgraded to the current level in August 2024, and reaffirmed in January 2026.

Outstanding Debt
(Bonds, Loans, Notes and Leases Payable)

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024
General obligation bonds (backed by the City)	\$ 21,501,897	\$ 23,055,182	\$ --	\$ --	\$ 21,501,897	\$ 23,055,182

Add/(subtract) premium/ (discount)	5,822,475	5,845,769	--	--	5,822,475	5,845,769
Notes payable	3,912,268	--	1,837,732	--	5,750,000	--
Leases	4,158,669	4,438,626	3,506,338	3,742,374	7,665,007	8,181,000
Obligations under SBITA's	1,624,057	524,978	77,653	150,654	1,701,710	675,632
Loan payable	--	--	932,815	1,432,114	932,815	1,432,114
Total	<u>\$ 78,434,366</u>	<u>\$ 76,894,555</u>	<u>\$ 25,361,813</u>	<u>\$ 26,026,660</u>	<u>\$ 103,796,179</u>	<u>\$ 102,921,215</u>

The City's general obligation debt per capita, excluding enterprise fund debt, was \$290 at the end of fiscal year 2025. The City's outstanding net general obligation debt was 0.20% of the City's assessed property value. The City's debt policy requires that its net general obligation bonded debt not exceed two (2) percent of the assessed valuation of taxable property within the City, unless otherwise directed by the City Commission. Net reduction is due to the pay down of principal debt service obligations.

Additional information on the City's long-term debt can be found in Note 3 on pages 70 - 75 of this report.

Economic Factors and Next Fiscal Year's Budget and Rates

Some of the economic factors affecting the City of Deerfield Beach are similar to those being experienced nationally, such as low unemployment rate, inflation, and housing shortages.

Despite rising cost, the City of Deerfield Beach kept its millage rate at 6.0018 for the new budget year. The FY2026 budget anticipates increases in interest on investments due to the trending market conditions. Enterprise fund revenues continues to increase primarily due to rates increases approved by the City Commission. The Water Services rate was increased 5.25% and 9.25 % for Sewer.

Expenditures towards housing assistance in fiscal 2025 amounted to \$1.2 million. The FY 2025 budget allocates \$2,490,991 for housing assistance (Home Grant, Ship Grant & Community Development Block Grant). The City is using this mechanism to assist families with home ownership within Deerfield Beach. However due to high interest rates and low inventory the City anticipates housing to be a continuing challenge.

Requests for Information

This financial report is designed to provide a general overview of the City of Deerfield Beach's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, City of Deerfield Beach, 150 N.E. 2nd Avenue, Deerfield Beach, Florida 33441.

CITY OF DEERFIELD BEACH, FLORIDA

**RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION**

SEPTEMBER 30, 2025

Fund Balances, Total Governmental Funds		\$ 107,603,221
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		
Governmental capital assets	\$ 275,822,984	
Accumulated depreciation/amortization	<u>(110,214,953)</u>	165,608,031
Long-term liabilities are not due and payable in the current period and are not reported in the funds.		
Interest payable	(1,575,826)	
Bonds, loans and leases payable	(76,810,309)	
Insurance claims payable	(5,914,022)	
Obligations under SBITAs	(1,624,057)	
Compensated absences payable	(1,384,076)	
Total OPEB liabilities	(12,570,868)	
Net pension liabilities	<u>(34,997,577)</u>	(134,876,735)
Deferred outflows and inflows of resources related to pensions and OPEB are recorded in the statement of net position.		
Deferred outflows related to pensions	17,488,592	
Deferred inflows related to pensions	<u>(6,335,411)</u>	11,153,181
Deferred outflows from OPEB	924,527	
Deferred inflows related to OPEB	<u>(5,162,343)</u>	(4,237,816)
Revenues are unavailable in the governmental funds because they are not available to pay current period expenditures. They are, however, recognized in the governmental activities.		1,411,459
Bond premiums and discounts, gains, and losses related to the issuance of long-term debt are charged to "Other Financing Sources and Uses" when debt is issued in the governmental funds. These items, however, are capitalized and amortized over the life of the bonds in the government-wide financial statements.		<u>(162,679)</u>
Net Position of Governmental Activities		<u>\$ 148,559,706</u>

The accompanying notes are an integral part of these financial statements.

CITY OF DEERFIELD BEACH, FLORIDA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

Net Change in Fund Balances - Total Governmental Funds	\$	5,250,899
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported in depreciation/amortization expense. This is the amount by which capital outlays exceeded depreciation/amortization in the current period.		
Capital outlay, including SBITAs	\$ 20,376,256	
Governmental depreciation	<u>(5,090,057)</u>	15,286,199
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		(89,740)
Some expenses reported in the statement of activities do not require the use of current financial resources, and therefore are not reported in the funds.		
Insurance claims and benefits expense	(98,098)	
Other postemployment benefit expense	787,840	
Loss on disposal of capital assets	(144,788)	
Pension expense	<u>17,428,035</u>	17,972,989
In the statement of activities, certain operating expenses - compensated absences (sick and vacation pay) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amounts actually used (paid).		
Compensated absences		(98,286)
The issuance of long-term debt (e.g., bonds, leases, SBITAs) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
Long-term debt principal repayments	4,240,020	
Issuance of debt	(3,912,268)	
Initiation of SBITAs	(1,890,851)	
Bond premium	<u>20,335</u>	(1,542,764)
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus, requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The interest expense reported in the statement of activities is the result of accrued interest on bonds, leases and loans payable.		
		<u>(664,433)</u>
Change in Net Position of Governmental Activities	\$	<u><u>36,114,864</u></u>

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of the City of Deerfield Beach, Florida’s (the “City”) significant accounting policies is presented to assist the reader in interpreting the financial statements and other information in this report. The policies are considered essential and should be read in conjunction with the accompanying financial statements.

The basic financial statements include both government-wide and fund financial statements. The government-wide focus is on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The focus of the fund financial statements is on the major individual funds of the governmental and business-type categories.

The City’s fiduciary funds are presented in the basic financial statements by type (i.e., pension). Since, by definition, these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the City, these funds are not incorporated into the government-wide statements.

A. FINANCIAL REPORTING ENTITY

The City of Deerfield Beach is a political subdivision of the State of Florida, located in Broward County along the lower southeast coast of the state. Originally incorporated in June 1925, the Town of Deerfield was formed under the provisions of Chapter 10462, Special Acts of the 1925 Legislature. In June 1951, Chapter 27503, laws of the State of Florida, created a new charter abolishing the Town and changing its name to City of Deerfield Beach. Today, the City is approximately 16.3 square miles in area. In addition to the public safety, general government, recreation, and public works services provided to its over 87,500, residents, the City operates water, sewer, stormwater, and solid waste enterprises. The City does not provide educational or hospital facilities. Those services are provided by the School Board of Broward County and the Broward Health North District, respectively.

The financial reporting entity covered by this report includes the City and its component unit. The reporting entity has been defined by Governmental Accounting Standards Board (“GASB”) Statement No. 14 (as amended by GASB Statements No. 39, 61 and 80) as the primary government and those component units for which the primary government is financially accountable. Financial accountability exists when a primary government appoints a voting majority of an organization’s governing board and may either impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific burdens on, the primary government. Blended component units, although legally separate entities, are, in substance, part of the City’s operations, and so information for these entities is combined with information of the primary government.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. *FINANCIAL REPORTING ENTITY (CONTINUED)*

The Deerfield Beach Community Redevelopment Agency (the “CRA”), a separate legal entity, which is largely responsible for redevelopment of the area that encompasses most of the beach district and the area along Hillsboro Boulevard from Federal Highway to the intracoastal waterway, was established in November 1999. The CRA is governed by a board which is comprised of the City’s elected officials, and management of the City has operational responsibility of the CRA. The CRA is also fiscally dependent upon the City. Accordingly, the CRA is a blended component unit and is presented as a special revenue fund. The CRA has a September 30 year-end. Separate financial statements for the CRA are available.

The Deerfield Beach Housing Authority (the “Housing Authority”) is a related organization because the Mayor, with the concurrence of the City Commission, has the responsibility of appointing the members of the Housing Authority Board. Its operations are conducted within City boundaries. However, it is not included as a part of the financial reporting entity because it is fiscally independent and it has no financial accountability to the City. The Housing Authority’s autonomy prohibits it from providing any financial benefit or imposing a financial burden upon the City. The Housing Authority is not exclusively for the benefit of City residents and the City Commission cannot impose its will over operations, cannot hire, reassign or dismiss management, and cannot remove Housing Authority board members without cause. The Housing Authority is responsible for ensuring that a complete and full financial accounting and an audit is completed biennially by a certified public accountant.

The Northeast Focal Point Children, Alzheimer’s, Senior, Adult Services, Inc. (hereinafter referred to as “CASA”), is a nonprofit entity organized under the laws of the State of Florida in September 1986. This organization raises funds and makes yearly pledges to the City to subsidize the costs of operating the City’s children’s, Alzheimer’s, senior and adult day care facilities. GASB requires that a legally separate, tax-exempt organization should be reported as a component unit of the City, if the primary government is the sole corporate member of the nonprofit or if all of the following are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the City; (2) the City is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization and (3) the economic resources received or held by the separate organization are significant to the City. The City believes that conditions (1) and (2) apply to CASA. However, the City does not believe that the economic resources held/received by that entity is “significant” to the City’s operations and the City is not the sole corporate member of CASA. As such, it is not included as a part of the financial reporting entity.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City and its component unit. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available if they are collected within three months of the end of the current fiscal period, with the exception of property tax revenue, which is deferred unless taxes are received within sixty days subsequent to year-end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, pensions, other post-employment benefits and claims and judgments, are recorded only when payment is due.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Property taxes (when levied), franchise taxes, intergovernmental revenue (when the eligibility requirements are met), licenses, special assessments, charges for services for ambulance fees, as well as interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period, if available. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *American Rescue Plan Fund* accounts for the receipt and expenditure related to federal funding provided to assist with Covid 19/post pandemic related issues and lost revenue recovery.

The *Community Redevelopment Agency ("CRA") Fund* accounts for the proceeds of tax increment revenues and the related expenditures for redevelopment of the area that hovers along Hillsboro Boulevard and that encompasses most of the beach district from Federal Highway to the Intracoastal Waterway. This fund has been deemed a major fund, since management believes it is particularly important to financial statement users for public interest. The CRA also issues a set of standalone financial statements that can be found on the City's website.

The *General Construction Fund* accounts for all the City's capital projects.

The *General Obligation Debt Service Fund* accounts for the monies for payment of 2012 Florida Municipal Loan Council Revenue bonds, Series 2018 Construction Revenue Bonds and the Series 2024 Special Obligation Non-Ad Valorem Revenue Bond.

The City reports the following major proprietary funds:

The *Water and Sewer Utility Fund* accounts for the provision of water and sewer services to the City's residents.

The *Solid Waste Fund* accounts for the provision of solid waste services to the City's residents.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Additionally, the City's pension trust funds, namely, Fire, Police and Non-uniformed pension funds, account for the activities of the retirement systems for these relevant classes of employees and accumulate resources for pension benefit payments to qualified retirees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between the City's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods and services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer Utility Fund are charges to customers for the provision of water and sewer services. This fund also recognizes as revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Further, the Solid Waste Fund recognizes as revenue charges to customers for the provision of solid waste services. Operating expenses for both enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. NEW ACCOUNTING PRONOUNCEMENTS ADOPTED

The implementation of GASB Statement No. 101, *Compensated Absences*, and GASB Statement No. 102, *Certain Risk Disclosures*, did not have a significant impact on the City's financial statements.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY

1. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short term investments with original maturities of three months or less from the date of acquisition. The City has established an investment policy in accordance with Section 218.415, Florida Statutes that allows the City to invest in relatively low-risk securities, such as the State Treasurer's Investment Pool, and U.S. government and agencies securities. In accordance with the requirements of the GASB, all investments of the City have been reported at fair value except money market funds and the State Treasurer's Investment Pool which its reported value is the same as the value of the pool shares and is recorded at amortized cost. Resources of all funds, with the exception of the pension trust funds, have been combined into investment pools for the purpose of maximizing investment yields. Investment revenue is comprised of interest and dividends and realized gains and losses on investments. Net appreciation (depreciation) in the fair value of investments is comprised of unrealized gains and losses on investments. Investment earnings on pooled investments are allocated monthly based upon equity balances of the respective funds. Accrued interest on pooled investments is grouped with investments on the balance sheet at year-end. In addition, the pension trust funds are authorized to invest in corporate bonds, stocks, money market funds, mortgages and notes.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (CONTINUED)

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). All other residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Receivables are shown net of allowance for uncollectibles. Management determines the allowance for uncollectible accounts, based upon a review of the accounts and its knowledge of the debtor’s ability to pay. Property taxes are levied as of October 1 on property values assessed as of January 1 of the same year. The tax levy is divided into two billings: the first billing (mailed during September) is an estimate of the current year’s levy based on the prior year’s taxes; the second billing (mailed on November 1) reflects adjustments to the current year’s actual levy. The billings are considered past due on April 1 of the subsequent year, at which time the applicable property is subject to lien, and penalties and interest are assessed.

Amounts reflected as “due from other governments” in the government-wide and the fund financial statements represent amounts that are owed to the City by other governmental entities for services.

The City’s lease receivable is measured at the present value of lease payments expected to be received during the lease term. A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

3. Inventories and Prepaid Items

Inventories consisting principally of expendable items held for consumption, are stated at average cost. The consumption method is used for all inventories and prepaid items, that is, items of inventory/prepays are expended when they are consumed rather than when they are purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (CONTINUED)

4. Restricted Assets

Certain resources of the City’s Water and Sewer Fund (Enterprise Fund) are classified as restricted assets on the statement of net position because they are maintained in separate accounts and their uses are limited by applicable bond covenants and loan agreements. The state revolving loan sinking fund account is used to segregate resources that are accumulated for the payment of principal and interest on the City’s revolving loans with the Florida Department of Environmental Protection.

The “general obligation bond construction account” is used to report those proceeds of general obligation bonds that are restricted for use in the construction of specified projects, as outlined in the bond covenants.

5. Capital Assets

Capital assets, which include property, plant, equipment, intangibles, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide and the proprietary fund financial statements. Capital assets are defined by the City as assets with an initial individual cost of \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost, if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset’s life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (CONTINUED)

5. Capital Assets (continued)

The City’s property, plant and equipment are depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings	40
Improvements other than buildings	20
Roads	40
Bridges	50
Other infrastructure	20 – 50
Intangibles	5 – 45
Equipment	5 – 10

In the governmental fund financial statements, capital assets are reported as expenditures and no depreciation expense is recorded.

6. Subscription-Based Information Technology Arrangements

The City has recorded subscription-based information technology arrangement (“SBITA”) assets and liabilities as a result of implementing GASB Statement No. 96. The SBITA assets are initially measured at an amount equal to the initial measurement of the related SBITA liability plus any SBITA payments made prior to the subscription term, less SBITA incentives, plus any ancillary charges necessary to place the SBITA into service. The SBITA assets are amortized on a straight-line basis over the life of the related contract.

The City monitors changes in circumstances that would require a remeasurement of its SBITAs and will do so if certain changes occur that would be expected to significantly affect the amount of the SBITA liability.

SBITA assets are reported with other capital assets and SBITA liabilities are reported with long-term debt on the statement of net position (see Note 3).

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (CONTINUED)

7. Deferred Outflows/Inflows of Resources

In addition to assets and liabilities, the government-wide and Enterprise Fund Statements of Net Position and the governmental funds Balance Sheet report a separate section for deferred outflows or deferred inflows of resources. The separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The City's deferred outflows of resources are related to its pension and other post-employment benefits liabilities.

The separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenues) until that time. The City's deferred inflows are related to its leases, pension obligations, OPEB liabilities and a deferred amount on debt refunding, which are reported as deferred inflows of resources on the government-wide Statement of Net Position. The deferred amount on debt refunding was a gain resulting from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition, the City has another item, unavailable revenues, which arises only under the modified accrual basis of accounting and is reported as a deferred inflow of resources on the governmental funds Balance Sheet. The unavailable revenues result from business taxes received by the City in advance of the year for which they were levied. These amounts are deferred and recognized as an inflow of resources in the year that the amounts become available.

8. Compensated Absences

It is the City's policy to permit employees to accumulate earned, unused vacation and sick pay benefits. A portion of accumulated sick pay benefits are paid upon separation based on the number of years of service. All vacation pay and applicable portions of sick pay balances are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (CONTINUED)

9. Long-term Obligations

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the government-wide and proprietary fund type statements of net position. Bonds payable are reported net of the applicable bond premium or discounts. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Deferred amounts (the difference between the reacquisition price and the net carrying amount) on refunding are amortized over the shorter of the remaining life of the old debt or the life of the new debt using the straight line method, which does not result in a material difference from the effective interest method. Debt issuance costs, except for the portion which relates to prepaid insurance costs, are recognized as an expense in the period incurred. Prepaid insurance costs are reported as an asset and are recognized as expense on a straight line basis over the duration of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Debt principal payments and issuance costs, whether or not withheld from actual debt proceeds, are reported as debt service expenditures.

10. Fund Balance/Net Position

In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, governmental funds report separate classifications of fund balance. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The restricted fund balance is defined as having restrictions (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. Committed fund balance is defined as amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (i.e. resolution) performed prior to year-end, of the City Commission. Assigned fund balance represents amounts that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (CONTINUED)

10. Fund Balance/Net Position (continued)

The City, through resolution establishing its fund balance policy, has given the City Manager the authority to assign fund balance. Assignment of fund balance may be a) made for a specific purpose that is narrower than the general purposes of the fund itself; and/or b) used to reflect the appropriation of a portion of existing unassigned fund balance to eliminate a projected deficit in the subsequent year's budget in an amount no greater than the projected excess of expenditures over expected revenues. Assigned fund balance shall reflect management's intended use of resources as set forth each year by the City Manager. Assigned fund balance may or may not be appropriated for expenditure in the subsequent year depending on the timing of the project/reserve for which it was assigned. Unassigned fund balance is the residual classification for the General Fund, plus any deficits of any other governmental funds. The City considers restricted or unrestricted amounts to have been spent when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. The City considers committed, assigned, or unassigned amounts to have been spent when expenditures incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. The City's policy is to expend resources in the following order: restricted, committed, assigned and unassigned.

It is the City's policy to obtain and maintain a minimum level of General Fund unassigned fund balance of at least 10% of General Fund operating expenditures and transfers. The disaster/emergency reserve fund balance is assigned by the City Commission as set forth in the annual budget (and any amendments thereto) to ensure the maintenance of services to the public during hurricanes and other natural disasters, as well as economic changes that might severely impact the City's ability to provide necessary public services.

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

Net Investment in Capital Assets – is intended to reflect the portion of net position which is associated with capital assets (net of accumulated depreciation/amortization), less outstanding capital asset related debt, net of unspent bond proceeds and deferred inflow/outflow of resources that are attributed to the acquisition of those assets or related debt which are included in this component of net position.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (CONTINUED)

10. Fund Balance/Net Position (continued)

Restricted Net Position – has third-party (statutory bond covenant or granting agency) limitations on use or limitations which have been imposed through enabling legislation.

The government-wide statement of net position reports \$46,169,843 of restricted net position.

Unrestricted Net Position – has no third-party limitations as to its use, and consists of all net position that does not meet the definition of the other two components, and any net deficits that exist.

11. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred outflows and inflows of resources at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from management’s estimates.

12. Property Taxes

Property taxes attach as an enforceable lien on real property and are levied as of October 1st. The tax levy is divided into two billings: the first billing (mailed mid-August) is an estimate of the current year’s levy based on the proposed tax rates, which serves to inform taxpayers of their proposed taxes prior to the final approval of the millage rate in September. The second billing (mailed in November) reflects the current year’s actual levy. The billings are considered past due after March 31st of the following year after the respective tax billing date, at which time the applicable property is subject to lien, and penalties and interest are assessed.

NOTE 3 – DETAILED NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

Deposits

The City maintains a common cash and cash equivalents pool for use by all non-fiduciary funds. Deposits of the City, including time deposit accounts, demand deposit accounts and certificates of deposit, are defined as public deposits. Pursuant to the City's policies, all of the City's deposits are held in qualified public depositories pursuant to Chapter 280.03 of the Florida Statutes, "Florida Security for Public Deposits Act." Under the Act, all qualified public depositories are required to pledge eligible collateral having fair value equal to or greater than the average daily or monthly balance of all public deposits, times the depository's collateral pledging level. The pledging level may range from 50% to 125% depending upon the depository's financial condition and establishment period. All collateral must be deposited with an approved financial institution. Any losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral and, if necessary, assessments against other qualified public depositories of the same type as the depository in fault. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss.

Investments

Authorized Investments

The City's investments are categorized as investments for the City as a whole (hereinafter referred to as "general City investments") and those of its various defined benefit pension plans. The City is authorized by statute and policy to invest public funds (general City investments) in interest-bearing savings accounts, money market accounts and checking accounts, obligations of the United States government, its agencies and instrumentalities; certificates of deposit that are fully insured and collateralized; high-grade commercial paper, repurchase agreements having a defined termination date and collateralized by U.S. Treasury obligations; and Local Government Surplus Trust Funds, as administered by the Florida State Board of Administration ("SBA"). The City invested funds throughout the year in the Florida PRIME, which is not Securities and Exchange Commission ("SEC") registered, but which qualifies as a fluctuating net asset value ("NAV") pool. The City's investment in the SBA at September 30, 2025 represented less than 1% of the total investment assets of the SBA. The City of Deerfield Beach invests in the pool, the value of the City's position is the same as the value of the pool shares and is recorded at amortized cost. At September 30, 2025, the City's investment in the SBA was \$68,316,249.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

Authorized Investments (continued)

In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the City's investments in the Florida PRIME meets the definition of a qualifying investment pool that measures, for financial reporting purposes, all of its investments at amortized cost and should disclose the presence of any limitations or restrictions on withdrawals. As of September 30, 2025, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

The Florida Municipal Investment Trust (the "Trust") (as administered by the Florida League of Cities) is an authorized investment under Section 218.415(115), Florida Statutes, for units of local government in Florida. The operation and administration of the Trust is the responsibility of a Board of Trustees, who are selected from the ranks of elected officials of governmental entities participating in the Trust. The fair value of the City's position in the Trust at September 30, 2025 is the same as the value of the pool share, \$2,873,783.

The overriding objectives of the City's investment policy are preservation of its principal investment, while providing for liquidity and maximization of investment income.

Each of the City's three individual pension plans is governed by a Board of Trustees, which is responsible for determining the investment policies for the respective plan, namely the City's Fire, Police Officers, and Non-uniformed retirement pension plans. The investment policies for the various plans typically are devised to earn an average rate of return over the long term that will equal or exceed the return of a target index. The trustees are authorized to invest in a wide range of instruments, including but not limited to, federally-guaranteed obligations, bonds, stocks, or other evidences of indebtedness issued or guaranteed by a corporation organized under the laws of the United States or any state or organized territory of the United States, provided that the corporation is listed on any one or more of the recognized national stock exchanges or the National Market System of the NASDAQ Stock Market.

In acquiring these investments on behalf of the various plans, the trustees are required to exercise a level of care, which persons of prudence, discretion and intelligence would exercise when acquiring these same investments for their own (personal) accounts.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. In accordance with the City’s investment policy, the City minimizes the interest rate risk of investments in the portfolio by placing limitations on the duration of such investments. With the exception of funds reserved for capital projects, all of the City’s general investments shall be limited to instruments maturing within two years of purchase. This ensures that securities mature to meet cash requirements for operations, thereby avoiding the need to sell securities in the open market prior to maturity.

The Police Officers’ Retirement Plan limits its exposure to interest rate risk by varying the durations of the maturities of its investment holdings.

Neither the Municipal Firefighter’s Pension Trust Plan nor the Non-Uniform Employees’ Retirement Plan has investment policies that use limits on investment maturities as a means of managing its exposure to fair value losses arising from interest rates.

Information about the sensitivity of the fair values of the City’s and the City’s pension plans’ investments to market interest rate fluctuations is provided by the following tables that shows the distribution by maturity:

Investment Type	Value	Maturities (in Years)		
		Less Than 1 Year	1-5 Years	6-10 Years
City General Investments				
FL PRIME	\$ 68,316,249	\$ 68,316,249	\$ --	\$ --

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization (“NRSRO”). State law limits investments in commercial paper and corporate bonds to the top 3 ratings issued by NRSRO’s. All Treasury obligations are guaranteed by the good faith and credit of the United States and are therefore not subject to credit risk. The amounts held in the Florida PRIME are rated by Standard and Poor’s. The current rating is AAAM. Florida Municipal Investment Trust is not rated by any nationally recognized statistical rating agency.

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

Concentration of Credit Risk

The City limits its investments in any one issuer to no more than 5% of total investments, except for investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments, which are excluded from this requirement. There were no individual investments that represented 5% or more of the City's total investments at September 30, 2025. The three pension plans limit their exposure by limiting their investments in any one issuer to no more than 5% of plan net position other than those issued by the U.S. government or its agencies. None of the plans had holdings that exceeded the 5% limit.

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, the City will not be able to recover the value of its investment or collateral securities that are in the possession of another party. These investments are held by the various pension plans' custodial banks and are registered in the name of the pertinent pension plan. With the exception of the investments with the SBA Florida PRIME, all of the City's general investments were held by the City's custodial bank and were registered in the City's name as of year-end.

Fair Value Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements with the fair value hierarchy established by GAAP. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Investments measured and reported at fair value are classified and disclosed in one of the following categories:

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

Fair Value Hierarchy (continued)

Level 1 - Investments traded in an active market with available quoted prices for identical assets as of the reporting date.

Level 2 - Inputs to the valuation methodology are based upon observable inputs for the assets either directly or indirectly, other than those considered Level 1 inputs, which may include quoted prices for identical assets in markets that are not considered to be active, and quoted prices of similar assets in active or inactive markets.

Level 3 - Inputs to the valuation methodology are based upon unobservable inputs.

Deerfield Beach Municipal Firefighters' Pension Trust Fund ("Fire Plan")

The following is a description of the valuation methodologies used for assets measured at fair value and Net Asset Value ("NAV") for the Fire plan:

Common stock: Valued at the closing price reported on the New York Stock Exchange.

Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Private credit funds & Private equity funds: Value based on the NAV. The most significant input into the NAV is the fair value of its investment holdings. These holdings are valued by the general partners on a quarterly basis, in conjunction with management and investment advisors. The Fire Plan has holds in limited partnerships.

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

Fair Value Hierarchy (continued)

Deerfield Beach Municipal Firefighters' Pension Trust Fund (continued)

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yield of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote, if available.

Hedge funds: Value based on the net asset value per share, without further adjustment. Net asset value is based upon the fair value of the underlying investments.

Real estate: Valued at the net asset value of shares held by the Fire Plan at year end. The Fire Plan has investments in private market real estate investments for which no liquid public market exists.

4. Hedge fund: The fund is a multi-strategy fund of hedge funds that aims to pursue varying strategies in order to diversify risk and reduce volatility. The fund is a diversified portfolio offering investment solutions through activist long/short equity hedge funds, event driven hedge funds and multi-strategy hedge funds. The investment is valued at NAV and holder of capital, upon at least 90 days prior written notice, may request to redeem a minimum of \$100,000 of their capital shares, as of the close of business on the last business day of each calendar year, by giving irrevocable written notice.
5. Private credit funds: These funds seek to provide a consistent stream of income and capital protection. These funds invest in securitized bonds and real estate collateralized loan obligations. These investments are valued at NAV.
6. Private equity funds: These funds are invested in primarily an actively managed portfolio of private equity and other private assets including secondary, co-investment and primary investments. The investments are valued at NAV.

Deerfield Beach Municipal Police Officers’ Retirement Trust Fund

The following is a description of the valuation methodologies used for assets measured at fair value for the police plan:

Debt securities: Debt securities consist primarily of negotiable obligations of the U.S. government and U.S. government-sponsored agencies, corporations, securitized offerings backed by residential and commercial mortgages, TIPS, and foreign debt securities. These securities can be typically be valued using the close or last traded price on a specific date (quoted prices in active markets). When quoted prices are not available, fair value is determined based on valuation models that use inputs that include market observable inputs. These inputs included recent trades, yields, price quotes, cash flows, maturity, credit ratings, and other assumptions based upon the specifics of the investment type.

Deerfield Beach Municipal Nonuniformed Employees' Retirement Plan

The following is a description of the valuation methodologies used for assets measured at fair value for the Nonuniformed Plan:

Common stocks: Valued at the closing price reported on the New York Stock Exchange.

Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Hedge fund: Valued based on the net asset value per share, without further adjustment. Net asset value is based upon the fair value of the underlying investment.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yield of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote, if available.

Real estate fund: Valued at the net asset value of shares held by the Nonuniformed Plan at year end. The Nonuniformed Plan has an investment in a private market real estate investment for which no liquid public market exists.

Transfers to the General Fund by the nonmajor governmental funds represent amounts paid by the nonmajor governmental funds for matching grant requirements for expenditures which were accounted for in the General Fund. Transfers to nonmajor governmental funds represent payments for the City’s match in connection with grants that the City participates in cost sharing for the funded project. Transfers from the General Fund by enterprise funds represents amounts paid by the General Fund on behalf of enterprise funds.

FINANCING LEASES

The City has entered into master lease purchase agreements and other lease arrangements as lessee for financing the acquisition of equipment for public safety, public works and for parks and recreational facilities.

The City has also financed the acquisition of sanitation vehicles in its Solid Waste Fund. These lease agreements qualify as financing leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the date of inception.

LONG-TERM DEBT

Governmental Activities Debt

General Obligation Bonds, Series 2000 – The original amount of this issue was divided into two series: Series “A,” for which \$9,978,847 in bonds were issued, and Series “B,” for which \$2,820,183 in bonds were issued. The proceeds of these bonds were used to finance the construction of a public safety complex, a public works facility, parks improvements, right-of-way improvements and expansion of the senior services facilities. The combined outstanding bonds of the issue, \$1,010,184, have interest rates that range from 4.25% to 6.08%. For Series A, principal is due annually on April 1st and interest is payable semi-annually on April 1st and October 1st with the final maturity date being October 1, 2026.

General Obligation Bonds, Series 2012B-2 – The original amount of this issue was \$14,770,000. The proceeds of these bonds were used to refund previously issued debt, namely Florida Municipal Loan Council Revenue Bonds, Series 2000B; Series 2003A and Series 2003B. The interest rates on these bonds range from 2% to 5%. The principal is due annually on April 1st and interest is payable semi-annually on April 1st and October 1st with the final maturity date being October 1, 2028. The principal and interest of this issue will be payable from and secured by the City’s ad valorem taxes. For the current year, principal and interest of \$929,700 was paid. Ad valorem taxes amounted to \$70,754,966. The outstanding balance for this issue at year end amounted to \$6,860,000.

The General Obligation Bonds are limited liabilities of the City, payable from ad-valorem taxes, secured by the full faith and credit of the City. In the event of default, bondholders may sue to enforce their rights.

Covenant Bonds, Series 2012B-1 – The original amount of this issue was \$20,090,000. The proceeds of this bond issue were to repay previously issued debt as well as to finance the construction of parks and right of way improvements, in addition to citywide street improvements. The interest rates on these bonds range from 2.00% to 4.00%. Principal is due annually on October 1st and interest is payable semi-annually on April 1st and October 1st, with the final maturity date being October 1, 2032. The remaining outstanding bonds of this issue total \$9,210,000 with total interest payable of \$1,106,866 over the remainder of the term of the bonds. For the current year, principal and interest of \$1,565,844 was paid.

CITY OF DEERFIELD BEACH, FLORIDA

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

LONG-TERM DEBT (CONTINUED)

Governmental Activities Debt (continued)

Covenant Bonds, Series 2018 – The original amount of this issue was \$36,155,000. The proceeds of this bond issue were to repay previously issued debt, Series 2006 Covenant Bonds, as well as to finance the renovation and construction of City facilities, parks and citywide street improvements. The interest rates on these bonds range from 2.44% to 5.25%. Principal is due annually on December 1st and interest is payable semi-annually on June 1st and December 1st, with the final maturity date being December 1, 2042. The outstanding balance for this issue at year end amounted to \$34,845,000. For the current year, principal and interest of \$3,612,700 was paid.

Special Obligation Non-Ad Valorem Bonds, Series 2024 – The original amount of this issue was \$14,500,000. The proceeds of these bonds were used to finance municipal capital improvements. The interest rates on these bonds range from 4.37% to 5.53%. Principal is due annually on March 1st and interest is payable semi-annually on March 1st and September 1st, with the final maturity date being March 1, 2044. The outstanding balance for this issue at year end amounted to \$14,035,000.

Special Obligation Non-Ad Valorem Revenue Note, Series 2025 – The original amount of this issue was \$5,750,000. The proceeds of these bonds were used to finance equipment and vehicles. The interest rates on this note is fixed at 3.50%. Principal is due annually on March 1st and interest is payable semi-annually on March 1st and September 1st, with the final maturity date being March 1, 2030. The outstanding balance for this issue at year end amounted to \$5,750,000.

Covenant bonds and Special Obligation bonds are limited obligations of the City, payable solely from non-ad valorem revenues, set aside by the City in its annual budget. In the event of default, the payment of principal or interest, owners of the bonds shall have remedies as specified by the federal bankruptcy code, the bond indenture of and any bond policy insurance.

Business-type Activities Debt

Loans Payable – The City has entered into two loan agreements with the State of Florida Department of Environmental Protection. The primary purpose of these loans is to construct water and wastewater facilities. As of September 30, 2009, the City borrowed \$8,662,208, with interest rates ranging from 2.27% to 3.57%. Principal and interest payments on the two Florida Water Pollution Control Construction loans are due on April 15 and October 15 of each year. At September 30, 2025, the unpaid principal balances of Water Pollution Control Loan No. WW69302L and Loan No. WW693030 were \$97,270, and \$835,546, respectively. Revenues of the Water and Sewer Utility Fund have been pledged as security for repayment of these loans. Total principal and interest paid during the current year totaled \$528,306.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 3 – DETAILED NOTES ON ALL FUNDS (CONTINUED)

LONG-TERM DEBT (CONTINUED)

Business-type Activities Debt (continued)

These loans are payable from gross revenues derived yearly from the operation of the water and sewer systems after operation and maintenance expense. Upon any event of default the lender may take action by mandamus or other proceeding at law to enforce the rights of the lender.

Bank of America Revenue and Refunding Note, Series 2018 – On June 13, 2018, the City entered into a loan agreement with Bank of America in the amount of \$11,397,243. The proceeds of this bond issue were used to refund the Florida Municipal Loan Council Revenue Bonds, Series 2008A. The reacquisition price exceeded the net carrying amount of the old debt by \$85,603. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt issued. This refunding was undertaken to reduce the total debt service payments over the next 10 years by \$1,068,336 and resulted in an economic gain of \$914,540. The interest rate on the new debt is 3.07%. Principal is due annually on October 1st and interest is payable semiannually on April 1st and October 1st, with the final maturity date being October 1, 2028. As of September 30, 2025, the principal balance outstanding was \$4,640,274. The principal and interest paid during the current year totaled \$1,230,143.

Water & Sewer Revenue Note, Series 2024 – The original amount of this issue was \$14,990,000. The proceeds of these bonds were used to finance municipal capital improvements to the City's water and sewer system. The interest rates on this bond range from 3.92% to 5.24%. Principal is due annually on November 1st and interest is payable semi-annually on May 1st and November 1st, with the final maturity date being November 1, 2044. The outstanding balance for this issue at year end amounted to \$14,367,000.

Remedies on default allows the lenders of these loans to take whatever action at law or in equity which may appear necessary or desirable to collect amounts then due and thereafter to become due.

LONG-TERM DEBT (CONTINUED)

Pollution Remediation

The City accepted approximately 44.65 acres of donated land in October 2011 from a private donor. The City plans to redevelop the land (Tam O'Shanter project) and eventually use it for community facilities and recreation, as well as open space. The land has been found to contain contamination from toxic substances. According to studies conducted to determine the extent of the pollution and the expected costs of remediation estimated costs may range between \$150,000 and \$4,000,000 depending on the prospective use of the land. The donor has contributed \$250,000 towards the future costs of clean-up. No remediation efforts had begun as of September 30, 2025. The remediation outlays are considered necessary to prepare the asset for its intended use, and will be capitalized as part of the newly developed asset as expenditures are incurred, and therefore no expenditure and liability have been accrued at this time.

NOTE 4 – OTHER INFORMATION

RESTRICTED ASSETS

The amounts shown below are those assets restricted by sources external to the City. Ordinances and bond covenants pertaining to long-term debt and other agreements require segregation and restriction of certain assets represented by the following amounts as of September 30, 2025:

Governmental Activities	
Debt service	\$ 19,918,582
Perpetual care	2,502,946
Economic environment	5,145,763
Public safety	4,617,736

RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employee health; and natural disasters. Liability claims in the State of Florida are limited to some extent by Chapter 768.28 of the Florida Statutes, under the Doctrine of Sovereign Immunity. The General Fund provides coverage of up to \$175,000 per participant for employee health claims. The General Fund also provides coverage for workers compensation claims. The City retains the risk of loss up to \$200,000 for general liability claims. For property damage, the City has a deductible of \$500,000 for flood damage and \$5,000 for all other perils. For all other risks of loss, the City has purchased an excess coverage insurance policy covering individual claims in excess of these specified amounts. Settled claims did not exceed the commercial coverage in any of the past three fiscal years.

Various funds of the City participate in its risk management program and make payments to the General Fund based on estimates of the amounts needed to cover costs of current year's claims. Claim expenditures and liabilities are reported when it is probable and a loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported ("IBNR"). Claim liabilities are based upon the estimated ultimate cost of settling the claims including specific, incremental claim adjustment expenses, salvage, and subrogation and considering the effects of inflation and recent claim settlement trends including frequency and amount of payouts and other economic and social factors.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 4 – OTHER INFORMATION (CONTINUED)

RISK MANAGEMENT (CONTINUED)

At September 30, 2025, the amount of these liabilities was \$6,743,149. Changes in the reported liability since October 1, 2024 resulted from the following:

	Claims Payable October 1	Current Year's Claims and Changes in Estimates	Claims Payments	Liability September 30
Fiscal Year Ended September 30,				
2024	\$ 7,192,595	\$ 3,757,910	\$ (4,332,741)	\$ 6,617,764
2025	\$ 6,617,764	\$ 6,103,604	\$ (5,978,219)	\$ 6,743,149

CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally, the federal and state agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds.

The City is currently the defendant in a number of litigation issues and claims that arose in the normal course of operations. City management has indicated that they intend to vigorously defend such matters, the ultimate outcome of which, in the opinion of management, will not have a significant adverse effect on the financial condition of the City.

DEFINED BENEFIT PENSION PLANS

Plan Description

The City of Deerfield Beach, as a single-employer, maintains three defined benefit pension plans covering full-time firefighters employed by the City prior to October 1, 2011, police officers employed by the City prior to January 13, 1990, and non-uniformed employees hired before April 17, 1990. The Deerfield Beach Municipal Firefighters’ Pension Trust Fund (the “Fire Pension Plan”), the City of Deerfield Beach Police Officers’ Retirement Plan (the “Police Pension Plan”) and the City of Deerfield Beach Non-Uniformed Employees’ Retirement Fund (the “Non-uniformed Pension Plan”) are individual plans administered for each of three employee categories: fire, police and non-uniformed personnel. Each plan is governed by its own board of trustees, which is responsible for establishing employee benefit provisions within the framework of Chapters 175 and 185 of the Florida Statutes and local ordinances. Retirement, disability and death benefits and annual cost-of-living adjustments are provided by all three plans to members and beneficiaries. New members are no longer admitted to any of the three defined benefit plans.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 4 – OTHER INFORMATION (CONTINUED)

DEFINED BENEFIT PENSION PLANS (CONTINUED)

Plan Description (continued)

The financial statements for the City's pension plans are prepared using the accrual basis of accounting. Contributions from plan members are recognized in the period in which the contributions are due. The City's contributions are recognized when due and when a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of each individual plan. All plan investments are reported at fair value with the exception of money market funds which are reported at amortized cost. Securities traded on a national exchange are valued at the last reported sales price on the plan's fiscal year end. Securities without an established market price are reported at estimated fair value.

The Fire Pension Plan, as well as the Police Officers' Retirement Plan, issue publicly available financial reports that include financial statements and required supplementary information. The reports for the Police Officers' Retirement Plan may be obtained by writing or calling the following: Pension Resource Center, 4360 Northlake Blvd., Suite 206, Palm Beach Gardens, FL 33410; (561) 624-3277. The reports for the Fire Pension Plan may also be obtained by contacting the following: Freiman Little Actuaries, LLC; 4105 Savannahs Trail; Merritt Island, FL 32953; (321) 453-6542.

The Non-uniformed Employees' Retirement Plan also issues publicly available financial reports. These reports may be obtained via written request to the following: Benefits USA, Inc., 3810 Inverrary Blvd, Suite 302, Lauderhill, Florida 33319; or by calling (800) 425-2454.

On January 13, 1990 the police officers of the City of Deerfield Beach merged with the Broward County Sheriff's Office. State law provides that these officers, who are now employees of the Broward County Sheriff's Office, could make an irrevocable election to remain in the City's pension plan. On October 1, 2012, the firefighters of the City of Deerfield Beach also merged with the Broward Sheriff's Office. Like the police officers, they were also allowed to make an irrevocable election to remain in the City's pension plan or join the Florida Retirement System.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 4 – OTHER INFORMATION (CONTINUED)

DEFINED BENEFIT PENSION PLANS (CONTINUED)

Funding Policy

The Board of Trustees of each plan establishes and may amend the contribution requirements of plan members and of the City.

The Fire Pension Fund, as well as the Police Pension Fund, is partially funded by contributions from the State of Florida. The state’s contribution to the pension funds consists of excise taxes collected on fire and casualty insurance premiums on policies written within the City limits. For fiscal year 2025, the state contributed \$1,183,578 and \$1,191,987 to the Fire Pension and Police Pension Funds, respectively. On-behalf payments of fringe benefits and salaries for the City’s employees were recognized as revenues and expenditures during the period.

Information regarding fiscal year 2025 participant data for the three pension plans is as follows:

	Fire	Police	Non-Uniformed	Total
Plan membership as of actuarial valuation date	10/1/2024	10/1/2023	10/1/2023

NOTE 4 – OTHER INFORMATION (CONTINUED)

DEFINED BENEFIT PENSION PLANS (CONTINUED)

Funding Policy (continued)

Covered employees in the fire and non-uniformed defined benefit plans are required to contribute 9% of their gross salary. Beginning on January 13, 1990, participants in the police pension plan were no longer required to contribute to the plan. The member’s contribution rate is fixed by the authorizing ordinance and the City’s contribution rate is actuarially determined. The actuarial assumptions and three to five-year smoothed market methods were selected to fund the plans with the intent of producing future required employer contributions which remain fairly level as a percentage of covered payroll. The contribution rate for normal cost is determined using the entry age or the aggregate cost method, depending on the plan, over a 15 to 30 year period.

Net Pension Liability

The component as of the net pension liability as of September 30, 2024 (measurement date) were as follows:

Retirement Age	N/A	N/A	Age 64 with 10 years of service or age 55 with 25 years of service

PENSION DISCOUNT RATE

The discount rate used to measure the total pension liability was 7.25%, 6.50%, and 6.00% for the Fire, Police, and Non-Uniformed Pension plans respectively. This is a single rate that reflects the long- term expected rate of return on Pension plan investments expected to be used to finance the payment of benefits, including inflation. The projection of cash flows used to determine the discount rate assumed member contributions are made at 9% of pay and City contributions will be made in an amount equal to the difference between the actuarially determined contributions and member contributions. Fiduciary net position is projected to be sufficient to make projected benefit payments, for purposes of this determination.

DEFINED BENEFITS PENSION PLANS

Investments – Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined by using a building-block method. Best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. The long-term expected rate of return on investments is the best-estimate ranges weighted by the asset allocation plus expected inflation. Best estimates of arithmetic real rates of return for each major asset class as provided by the investment monitor for the Fire, Police and non-uniformed pension plans, respectively, are shown below.

Asset Class	Long-Term Expected Real Rate of Return
Fire	
Domestic equity	7.20%
International equity	2.90%

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension expense and deferred outflows and deferred inflows of resources related to pensions: The net pension liability was measured as of September 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2023. The City reported deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows (Inflows)		
	Police	Fire	Non-Uniformed
Contributions subsequent to the measurement date	\$ 4,071,908	\$ 7,469,136	\$ 785,240
Difference between expected and actual earnings on investments	<u>(4,244,384)</u>	<u>5,394,698</u>	<u>(3,643,029)</u>
Total Deferred Outflows (Inflows)	<u>\$ (172,476)</u>	<u>\$ 12,863,834</u>	<u>\$ (2,857,789)</u>

The deferred outflows of resources resulting from City contributions to the pension plans subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent year. The amount reported as a deferred inflow/outflow of resources related to the pension will be recognized in pension expense over the four remaining years as follows:

Fiscal Year Ending September 30,	Police	Fire	Non-Uniformed
2026	\$ (1,450,205)	\$ 1,555,834	\$ (1,051,770)

DEFINED CONTRIBUTION PLAN

The City has a defined contribution plan that was established on April 17, 1990 via Ordinance No. 1990-025. This plan covers all full-time employees who are not members of the City's defined benefit pension plans, previously described. This plan was established under the provisions of Section 401(a) of the Internal Revenue Code. The City has authorized the City Commission to establish and amend all plan provisions. The assets of the plan are self-directed, and investment results are reported to participants/employees on a quarterly basis. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment returns thereon. The City does not have fiduciary accountability for the plan and, accordingly, the plan is not reported in the accompanying financial statements.

The City contributed 8% of salaries to the plan on a bi-weekly basis, for a contribution for the year ended September 30, 2025 of \$2,444,533. The plan requires a 4% match of all participants. Plan participants become fully vested in the plan after five years of service. Total member contributions for the fiscal year totaled \$1,222,268.

DEFERRED COMPENSATION PLAN

The City offers certain employees the opportunity to participate in a deferred compensation plan that was created on December 1, 1987, via resolution C1987/114. This plan was established in accordance with Section 457 of the Internal Revenue Code. The plan permits employees to defer a portion of their salaries until future years. At the employee's election, such amounts may be invested in mutual funds with varying degrees of risk and return. Loans may be taken against an employee's account for specified purposes. All amounts of compensation deferred under a "Section-457" plan, all property and rights purchased with those amounts, and all investment earnings, are held in trust for the exclusive benefit of the plan's participants and their beneficiaries. Since the City has no control over these assets, they are not reflected in the City's financial statements.

The International City Management Association Retirement Corporation acts as agent for the employees in administering both the defined contribution as well as the deferred compensation plans described above.

NOTE 5 – COST SHARING DEFINED BENEFIT PLANS

Effective November 6, 2001, the City of Deerfield Beach commenced participation in the Florida Retirement System (“FRS”), a cost-sharing multiple employer Public Employee Retirement System (“PERS”). There are two defined benefit plans as part of the Florida Retirement System. The FRS is a cost-sharing, multiple-employer defined benefit pension plan with a Deferred Retirement Option Program (“DROP”) for eligible employees. The Health Insurance Subsidy Program (“HIS”) is a cost-sharing, multiple-employer defined benefit pension plan. The FRS and HIS were created by the Florida Legislature and are administered by the State of Florida.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 5 – COST SHARING DEFINED BENEFIT PLANS (CONTINUED)

Only Elected members of the City Commission are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature.

The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' website:

(http://www.dms.myflorida.com/workforce_operations/retirement/publications).

PLAN DESCRIPTION

FRS Pension Plan

The FRS Pension Plan ("FRS Plan") is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program ("DROP") for eligible employees. Only Elected Officials participate in this plan.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service (except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service). All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service (except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service). Members of the Plan may include up to 4 years of credit for military service toward creditable service.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 5 – COST SHARING DEFINED BENEFIT PLANS (CONTINUED)

PLAN DESCRIPTION (CONTINUED)

FRS Pension Plan (continued)

The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

HIS Plan

The Retiree Health Insurance Subsidy Program (“HIS Plan”) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of the State administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

BENEFITS PROVIDED

FRS Pension Plan

Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years’ earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years’ earnings. The total percentage value of the benefit received is determined by calculating the total value of all service,

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

PLAN DESCRIPTION (CONTINUED)

FRS Pension Plan (continued)

which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

Elected Officers' Class: 3.00%

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-October 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

HIS Plan

For the fiscal year ended September 30, 2025 eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

CONTRIBUTIONS

FRS Pension Plan

The Florida Legislature establishes contribution rates for participating employers and employees. Employees are required to contribute 3% of gross salary. Employer contribution is based on class. For the fiscal year ended September 30, 2023, the contribution rate for Elected Officers' Class was 16.94%.

The City's contributions for FRS totaled \$96,937 for the fiscal year ended September 30, 2025.

HIS Plan

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2025, the HIS contribution was 1.66 percent. The City contributed 100 percent of its statutorily required contributions for the current year and preceding three years. The HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS/INFLOWS OF RESOURCES RELATED TO PENSIONS

At September 30, 2025, the City reported liabilities of \$503,870 for its proportionate share of the FRS net pension liability and \$53,888 for the HIS net pension liability. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City's proportionate share of the net pension liability was based on the City's fiscal year 2025 contributions relative to the fiscal year 2025 contributions of all participating members.

ACTUARIAL ASSUMPTIONS

Actuarial assumptions for both cost-sharing defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Mortality Table Experience Study Actuarial Cost Method	Generational RP-2010 with Projection Scale MP-2021 7/1/18 - 6/30/23 Individual Entry Age Normal	
	FRS	HIS
Investment rate of return	6.70%	5.20%
Projected salary increases	3.50%	3.50%
Inflation	2.40%	2.40%

LONG-TERM EXPECTED RATE OF RETURN

FRS Pension Plan

The long-term expected rate of return on the plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	3.2%	3.2%	1.1%
Fixed income	29.0%	5.5%	5.4%	4.0%
Global equity	45.0%	8.5%	6.9%	18.3%
Real estate (property)	12.0%	8.4%	7.1%	16.8%
Private equity	11.0%	12.4%	8.8%	28.4%
Strategic investments	<u>2.0%</u>	6.5%	6.1%	8.7%
Total	<u>100.0%</u>			
Assumed Inflation-Mean			2.4%	1.5%

Note: As outlined in the Plan's investment policy

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 5 – COST SHARING DEFINED BENEFIT PLANS (CONTINUED)

DISCOUNT RATE OF RETURN

The discount rate used to measure the total pension liability was 6.70% for the FRS plan. The fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

The HIS program uses a pay as you go funding structure, so therefore, the depletion date is considered to be immediate and the single equivalent discount rate is equal to the municipal bond rate. The municipal bond rate of 5.20% was used to determine the total pension liability for the program. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

SENSITIVITY OF THE CITY’S PROPORTIONATE SHARE OF THE NET POSITION LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following table presents the sensitivity of the City’s proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the City’s proportionate share of the net pension liability if the discount rate was 1.00% lower or 1.00% higher than the current discount rate at June 30, 2025.

	City's Proportionate Share of the Net Pension Liability		
	1% Decrease	Current Discount Rate	1% Increase
Pension Plan	5.70%	6.70%	7.70%
FRS	\$ 988,838	\$ 503,870	\$ 97,281
	1% Decrease	Current Discount Rate	1% Increase
Pension Plan	4.20%	5.20%	6.20%
HIS	\$ 60,766	\$ 53,888	\$ 48,118

PENSION PLAN FIDUCIARY NET POSITION

Detailed information about the fiduciary net position of both benefit plans is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Pension expense (income)	7,577	1,021,310	4,379,293	136,031	5,544,211

NOTE 6 – OTHER POST-EMPLOYMENT BENEFITS

PLAN DESCRIPTION

The City of Deerfield Beach’s Retiree Health Care Plan (the “Plan”) is a single employer defined benefit postemployment health care plan that covers eligible retired employees of the City. The Plan, which is administered by the City, allows employees who retire and meet retirement eligibility requirements under one of the City’s retirement plans to continue health and life insurance coverage as a participant in the City’s plan. For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Plan does not meet the requirements for an OPEB plan administered through a trust.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 6 – OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

PLAN DESCRIPTION (CONTINUED)

Benefit Description and Funding Policy

The City provides a single employer defined benefit post-employment health insurance benefit to its general employees, firefighters and police officers who are members of the Deerfield Beach Municipal Police Officers’ Retirement Trust Fund. The City offers three fully-insured PPO plans to retirees. The City pays the premiums for the retiree only until the age of 65. The retiree pays the premium for an optional Medicare Supplementary coverage offered to post-65 retirees. Spouses of retired participants are eligible to participate in the retiree health care plan. Coverage continues to surviving spouses of deceased retirees for firefighters only. Coverage is terminated for spouses of all other retirees upon the death of the retiree.

Pursuant to Section 112.0801, Florida Statutes, general employees, firefighters and police officers who retire from the City may continue their participation in a City-sponsored health and/or dental insurance plan at the same premiums applicable to active employees. Since retiree claims are expected to result in higher costs to the plan, on average, than those for active employees on an actuarial basis, there is an implicit subsidy included in the premiums for the retirees.

Investments. The OPEB plan does not have a formal investment policy. The City uses the Pay-As-You-Go-Approach of funding to provide benefits to participants of the plan.

Benefits. Benefit provisions and City contribution requirements are established and may be amended by the City Commission. The City currently provides direct subsidies for certain retirees by paying a portion of the retiree's premium for individual coverage.

Employees Covered by benefit terms. As of September 30, 2025, the following employees were covered by the benefit terms:

Inactive plan members, or beneficiaries currently receiving benefits	168
Inactive plan members entitle to but not yet receiving benefits	--
Active plan members	<u>399</u>
Total	<u><u>567</u></u>

SCHEDULE OF CHANGES IN TOTAL OPEB LIABILITY

The City's Total OPEB Liability (“TOL”) was measured as of September 30, 2024, and was determined by an actuarial valuation as of September 30, 2024. As of September 30, 2025, the reported TOL of \$20,537,328, represents 78.76% of the covered payroll. The components of TOL are as follows:

Balance at September 30, 2024	<u>\$ 25,905,131</u>
Changes for the Year	
Service cost	1,542,453
Interest	1,306,196
Differences between expected and actual experience	(1,068,790)
Changes in assumptions or other inputs	(5,879,999)
Benefit payments	<u>(1,267,663)</u>
Net Changes	<u>(5,367,803)</u>
Balance at September 30, 2025	<u>\$ 20,537,328</u>
Covered Employee Payroll	<u>\$ 26,076,282</u>
City's Total OPEB liability as a % of Covered Payroll	78.76%

DISCOUNT RATE AND SENSITIVITY DISCLOSURES

Discount Rate

The City's OPEB plan does not have a GASB compliant trust; therefore, the discount rate equals the tax exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date.

A discount rate of 4.06% was used to measure the September 30, 2025 Total OPEB Liability. A discount rate of 4.06% was used for the beginning of the measurement period. These rates are based on the Fidelity 20-Year Municipal GO AA Index - daily rate closest or equal to but not later than the respective measurement dates.

ACTUARIAL ASSUMPTIONS AND OTHER INPUTS

The Total OPEB Liability was determined based on several actuarial assumptions using the Actuarial Cost Method. Total OPEB liability was calculated by an actuarial valuation as of September 30, 2024, with a measurement date of September 30, 2024, using the following assumptions, applied to all prior periods included in the measurement:

Measurement date	September 30, 2024
Actuarial valuation date	September 30, 2024
Inflation	2.50%
Salary increases	6.00%
Discount rate	4.06%
Projected salary increases	6.00%
Healthcare cost trend rates	4.00% - 6.75% based on the Getzen Model
Retirees’ share of benefit-related costs	Retirees pay various portions of full blended premium for individual coverage

Discount rate – based on the Fidelity 20-Year Municipal GO AA Index

Mortality rates – All mortality rates were based on the PubG-2010 mortality tables with fully generational improvement using Scale MP-2021. Rates are based on those outlined in Milliman’s July 1, 2024 Florida Retirement System valuation report with appropriate adjustments made based on plan demographics.

STATEMENT OF OPEB EXPENSES AND DEFERRED OUTFLOWS/INFLOWS OF RESOURCES RELATED TO OPEB

Summary of Outstanding Deferred Inflows and Outflows of Resources Related to OPEB.

For the fiscal year ended September 30, 2025, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and expected experience	\$ --	\$ 2,988,851
Changes of assumptions	607,328	5,444,993
Employer contributions subsequent to measurement date	<u>903,094</u>	<u>--</u>
Total	<u>\$ 1,510,422</u>	<u>\$ 8,433,844</u>

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO BUDGETARY COMPARISON SCHEDULE

FOR THE YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

The City adopts annual operating budgets on a non-GAAP basis for the General Fund and the enterprise funds, as well as the following special revenue funds: Road and Bridge Tax Fund, Community Development Block Grant Fund, and the Community Redevelopment Agency Fund. The remaining special revenue funds are governed by grants with different fiscal periods and are funded at levels which the City has little control over or measurable knowledge of at the time it adopts the other budgets.

For budgetary control purposes, encumbrance accounting is utilized, whereas purchase orders, contracts and other financial commitments for expenditures are recorded in order to reserve that portion of the applicable appropriation. Encumbrances outstanding at year-end are reported as appropriations of fund balance, since they do not constitute expenditures or liabilities. Unless encumbered by a purchase order, the budget appropriations lapse at the end of each year.

At any time during the fiscal year, the City Manager may authorize a budget adjustment among the various line items within a department, as long as the total budget for the department does not change. Furthermore, if the City Manager certifies that there are revenues available for appropriation in excess of those estimated in the original budget, the City Commission may, by ordinance, make supplemental appropriations for the year up to the amount of such excess.

NOTE 2 – RECONCILIATION OF BUDGET TO ACTUAL

The City adopts annual budgets on a non-GAAP basis which includes encumbrances. Actual data, accounted for on a basis consistent with GAAP, is presented in the “Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds.” Actual data, accounted for on a non-GAAP basis, is presented in the “Budgetary Comparison Schedule – General Fund.” Reconciliation of the actual data as presented in the aforementioned statements is shown below:

	Total Revenues
Total Revenues per Budget	\$ 147,697,657
Initiation of SBITAs	<u>(1,890,851)</u>
Total Revenues per GAAP	<u>\$ 145,806,806</u>

Methods and assumptions used to determine rates:

Actuarial valuation date	10/1/2024
Notes	Actuarially determined contribution are calculated as of October 1, one year prior to the end of the fiscal year in which contributions are reported.
Actuarial cost method	Entry age normal
Amortization method	Level dollar, closed
Remaining amortization period	The lesser of 20 years and the average future lifetime of the inactive participants
Asset valuation method	Restricted to 80% - 120% of fair value, obtained by smoothing three years' past differences between actual investment earnings and assumed investment return, then adding this number on the current fair value.
Inflation	2.50%
Salary increases	N/A
Investment rate of return	6.50%
Retirement age	N/A
Mortality	Healthy Lives: Female: PubS.H-2010 (Above Median) for Healthy Retirees, set forward one year. Male: PubS.H-2010 (Above Median) for Healthy Retirees, set forward one year. Disabled Lives: 80% PubG.H-2010 for Disabled Retirees / 20% PubS.H- 2010 for Disabled Retirees. All rates are projected generationally with Mortality Improvement Scale MP-2021

This schedule is presented as required by accounting principles generally accepted in the United States of America.

Notes to the Schedule:

The plan is funded on a pay-as-you-go basis and is not administered as a formal qualifying trust. There were no plan assets as of the date of the most recent valuation. Since there are currently no invested plan assets held in trust to finance the OPEB obligation, the discount rate is the long-term expected rate of return on tax-exempt, high quality municipal bonds based on the Bond Buyer 20-Bond GO Index.

This schedule is presented as required by accounting principles generally accepted in the United States of America. However, until a full 10-year trend is compiled, information is presented for those years available.

**COMBINING AND INDIVIDUAL FUND FINANCIAL
STATEMENTS AND SCHEDULES**

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Building Permits Fund – to account for funds received from building permits, which have been restricted as to expenditures for specified purposes.

Road and Bridge Tax Fund – to account for the proceeds from motor fuel tax revenues that are restricted to the maintenance and acquisition of roads and bridges.

Community Development Block Grant (“CDBG”) Fund – to account for federal proceeds which are restricted as to the objectives of community development and revitalization.

State Housing Initiative Partnership (“SHIP”) Grant Fund – to account for State funds received for providing assistance to very low, low and moderate-income households in becoming first time homebuyers or in rehabilitating their existing homes.

Miscellaneous Grants Fund – to account for federal, state and county monies restricted to expenditures for projects and programs which are outlined in the individual grant agreements.

Parking Deviation Fund – to account for impact fees collected from property owners, which fees are earmarked for construction of parking facilities within those areas from which the fees were collected.

General Trust Fund – to account for funds received as donations, which have been restricted as to expenditures for specified purposes.

Impact Fees Fund – to account for impact fees collected on new residential and commercial construction within the City.

Target Area Trust Fund – to account for monies collected from code violation fines and which have been designated for the rehabilitation of the Target Area within the City.

Beautification and Landscape Trust Fund – to account for tree removal fees, fines and private contributions designated for the preservation of trees within the City.

Crime Prevention Trust Fund – to account for penalties assessed on the violation of local ordinances, which funds are used to increase public awareness and acquire crime prevention tools such as informational brochures, audio visual aids and training of police officers and civilians involved in crime awareness and prevention.

Law Enforcement Trust Fund – a revolving fund established to account for a portion of the proceeds from the sale of property seized from illegal drug-related activities. Funds may be expended to defray certain qualified law enforcement costs.

Nuisance Abatement Assessment Fund – to account for fees collected for abating the nuisance condition of certain properties.

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

DEBT SERVICE FUNDS

Debt Service Funds – are used to account for resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

CAPITAL GRANTS PROJECTS FUNDS

Capital Grants Capital Projects Fund - used to account for the acquisition and construction of major capital improvements that are financed by grants from federal, state and local agencies.

PERMANENT FUNDS

Permanent Funds – are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs.

Perpetual Care Permanent Fund – to account for money received for the purpose of providing perpetual care for the City's cemeteries.

STATISTICAL SECTION (UNAUDITED)

This part of the City of Deerfield Beach's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information reflect about the City's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue, property tax. Information about water and sewer rates is also included.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt as well as the City's ability to issue additional debt.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial statements relates to the services that the City provides, as well as the activities that the City performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

School Board of Broward County, Florida:			
Certificates of participation	1,122,177	5.0%	55,805
Financing Leases	<u>93,483</u>	5.0%	<u>4,649</u>
Subtotal, Overlapping Debt	<u>1,215,660</u>		<u>60,454</u>
Total Direct Debt and Overlapping Debt	<u>\$ 69,955,032</u>		<u>\$ 68,799,826</u>

(1) Debt outstanding data provided by each government unit.

(2) Overlapping debt includes only general obligation debt secured by ad valorem taxes as of September 30, 2025.

(3) \$4,350,000 of covenant bonds are secured by and payable from the Florida Power and Light Company electric franchise fees. The remaining balance of covenant bonds are payable from all governmental activities revenue sources of the City, except for ad valorem taxes.

Sources: Assessed value data used to estimate applicable percentages provided by the Broward County, Florida Property Appraiser.

* Ratio of taxable assessed value in the City of Deerfield Beach to total Broward County assessed value.

Note: The computation of legal debt margin is not included in the statistical section, since neither the Florida statutes nor the current ordinances of the City of Deerfield Beach specify a legal debt margin.

^(A) Gross revenue for the purpose of determining debt service coverage, is equal to the sum of the operating revenues of the Water and Sewer Fund and total interest earnings.

^(B) Expenses, for the purpose of determining debt service coverage, are equal to the total operating expenses of the Water and Sewer Fund less depreciation and less the general administrative charge.

^(C) The debt service requirement for the Florida Municipal Loan Council Revenue bonds, Series 2008A is set forth in the tri-partite loan agreement between the City ("the Borrower"); Banc of America Public Capital Corporation ("the Purchaser"); and the Florida Municipal Loan Council ("the Issuer").

^(D) The debt service requirements for the State of Florida Drinking Water Revolving Loan, as well as the State's Water Pollution Control Financing Corporation revolving loans are set forth in the 'Clean Water State Revolving Fund Agreement' between the City and the State of Florida, Department of Environment Protection.

REPORTING SECTION

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Mayor, the City Commission and City Manager
City of Deerfield Beach, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States ("*Government Auditing Standards*"), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Deerfield Beach, Florida (the "City"), as of and for the fiscal year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated June 5, 2026. Our report includes a reference to other auditors who audited the financial statements of the City's Pension Trust Funds, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CBIZ CPAs P.C.

Fort Lauderdale, Florida
June 5, 2026

**Independent Auditors' Report on Compliance for the Major Federal Program
and Each Major State Project; Report on Internal Control Over Compliance;
and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance
Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General**

To the Honorable Mayor, the City Commission and City Manager
City of Deerfield Beach, Florida

Report on Compliance for the Major Federal Program and Each Major State Project

Opinion on the Major Federal Program and Each Major State Project

We have audited the City of Deerfield Beach, Florida (the “City”) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement*, and the requirements described in the *State of Florida Department of Financial Services’ State Projects Compliance Supplement*, that could have a direct and material effect on the City’s major federal program and each state project for the fiscal year ended September 30, 2025. The City’s major federal program and each major state project are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the major federal program and each major state project for the fiscal year ended September 30, 2025.

Basis for Opinion on the Major Federal Program and Each Major State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (“GAAS”); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (“*Government Auditing Standards*”); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”), and Chapter 10.550, Rules of the Auditor General (“Chapter 10.550”). Our responsibilities under those standards, the Uniform Guidance and Chapter 10.550, are further described in the Auditors’ Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program and each major state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of the major federal program and each major state project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a

reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of and for the fiscal year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. Our report includes a reference to other auditors who audited the financial statements of the City's Pension Trust Funds, as described in our report on the City's financial statements. We issued our report thereon dated June 5, 2026, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

CITY OF DEERFIELD BEACH, FLORIDA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards and state financial assistance (the “Schedule”) presents the expenditure activity of all federal and state awards of the City of Deerfield Beach, Florida (the “City”) for the fiscal year ended September 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”) and Chapter 10.550, Rules of the Auditor General. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position/fund balance or cash flows of the City.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and the Florida Single Audit Act, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 – INDIRECT COST RATE

The City has elected not to use the minimis indirect cost rate for federal programs allowed under the Uniform Guidance.

NOTE 4 – SUBRECIPIENTS

No amounts were provided to subrecipients during the fiscal year ended September 30, 2025.

CITY OF DEERFIELD BEACH, FLORIDA

I. PRIOR YEAR FINANCIAL STATEMENT FINDINGS AND STATUS

None

II. PRIOR YEAR FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None

**Management Letter in Accordance with the Rules of the
Auditor General of the State of Florida**

To the Honorable Mayor, the City Commission and City Manager
City of Deerfield Beach, Florida

Report on the Financial Statements

We have audited the financial statements of the City of Deerfield Beach, Florida (the “City”), as of and for the fiscal year ended September 30, 2025, and have issued our report thereon dated June 5, 2026. We did not audit the financial statements of City’s Pension Trust Funds, as described in our report on the City’s financial statements. This management letter does not include any matters reported on separately by those other auditors in their management letter, if any.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (“*Government Auditing Standards*”); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”); and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors’ Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for the Major Federal Program and Each Major State Project; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General; Summary Schedule of Prior Audit Findings; Schedule of Findings and Questioned Costs; and Independent Accountants’ Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedules, which are dated June 5, 2026, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 of the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by same. The financial condition assessment was performed as of the fiscal year end.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Program

Section 10.554(1)(i)6.a., Rules of the Auditor General, requires a statement as to whether a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did/did not operate within the City's geographical boundaries during the fiscal year under audit. During the fiscal year ended September 30, 2025, all PACE Programs that operated within the City's geographical boundaries were handled directly with Broward County.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component unit that failed to

provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7., Rules of the Auditor General, the Deerfield Beach Community Redevelopment Agency (the “CRA”) required information is reported in the CRA’s stand-alone financial statements for the fiscal year ended September 30, 2025.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that have occurred, or is likely to have occurred, that has an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Honorable Mayor, City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

**Independent Accountants' Report on Compliance Pursuant to
Section 218.415, Florida Statutes**

To the Honorable Mayor, the City Commission and City Manager
City of Deerfield Beach, Florida

We have examined the City of Deerfield Beach, Florida's (the "City") compliance with Section 218.415, Florida Statutes, Local Government Investment Policies, for the fiscal year ended September 30, 2025. Management of the City is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the City and to meet other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with Section 218.415, Florida Statutes, for the fiscal year ended September 30, 2025.

This report is intended solely to describe our testing of compliance with Section 218.415, Florida Statutes, and it is not suitable for any other purpose.
