<u>Grantor/Agency Project</u>	<u>CSFA Number</u>	<u>Contract/Grant Number</u>	<u>Expenditures</u>
STATE FINANCIAL ASSISTANCE			
State of Florida - Department of Education and Commissioner of Education:			
University Major Gifts Program	48.074	13-9020	<u>\$ 13,521,830</u>
Total Expenditures of State Financial Assistance			<u><u>\$ 13,521,830</u></u>

University of South Florida Foundation, Inc.

Notes to Schedule of Expenditures of State Financial Assistance

Year Ended June 30, 2020

1. Presentation and Basis of Accounting

Expenditures are reported on the accrual basis of accounting and presented in accordance with Chapter 10.650, *Rules of the Auditor General of the State of Florida*, and the requirements of the Florida Board of Education. Expenditures are earned and incurred pursuant to Section 1011.94, Florida Statutes.

2. University Major Gift Challenge Grant Program

The University of South Florida Foundation, Inc. (the “Foundation”) may receive state matching contributions from the state of Florida for new major gifts to the Foundation meeting the criteria of the Challenge Grant Program. The amounts shown as expenditures are the matching funds received from the state of Florida and expenditures made from these endowments during the fiscal year.

The Major Gifts Program has been temporarily suspended for donations received on or after June 30, 2011. Existing eligible donations received on or before June 29, 2011, remain eligible for future matching funds when appropriated by the state. The program may be restarted by the state after \$200 million of the backlog for the state match programs has been funded.

3. Indirect Cost Rate

The Foundation did not utilize indirect cost rates, including the 10% de minimis indirect cost rate, for reimbursement of grant expenditures for the fiscal year ended June 30, 2020.

**Report of Independent Auditor on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance With *Government Auditing Standards***

To the Board of Directors and Management
University of South Florida Foundation, Inc.
Tampa, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements the University of South Florida Foundation, Inc. (the "Foundation"), a direct support organization and component unit of the University of South Florida, as of and for the years ended June 30, 2020 and 2019 and the related notes to financial statements, which collectively comprise the Foundation's basic financial statements as listed in the table of contents, and have issued our report thereon dated October 16, 2020. Our report includes an emphasis of matter paragraph which discloses that the global coronavirus pandemic. Our report is not modified with respect to that matter.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report of Independent Auditor on Compliance for Each Major State Financial Assistance Project and on Internal Control over Compliance Required by Chapter 10.650, Rules of the Auditor General of the State of Florida

To the Board of Directors
University of South Florida Foundation, Inc.
Tampa, Florida

Report on Compliance for Each Major State Financial Assistance Project

We have audited the University of South Florida Foundation, Inc. (the “Foundation”) compliance with the types of compliance requirements described in the Executive Office of the Governor of Florida’s State Projects Compliance Supplement that could have a direct and material effect on each of the Foundation’s major state financial assistance project for the year ended June 30, 2020. The Foundation’s major state financial assistance projects are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with the state statutes, regulations, and the terms and conditions of its state awards applicable to its state financial assistance projects.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for each of the Foundation’s major state financial assistance projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.650, *Rules of the Auditor General of the State of Florida*. Those standards and Chapter 10.650, *Rules of the Auditor General of the State of Florida*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the Foundation’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state financial assistance project. However, our audit does not provide a legal determination of the Foundation’s compliance.

Opinion on Each Major State Financial Assistance Project

In our opinion, the Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state financial assistance projects for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of the Foundation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Foundation's internal control over compliance with the types of requirements that could have a direct and material effect on each major state financial assistance project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state financial assistance project and to test and report on internal control over compliance in accordance with Chapter 10.650, *Rules of the Auditor General of the State of Florida*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state financial assistance project, on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state financial assistance project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Chapter 10.650, *Rules of the Auditor General of the State of Florida*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by Chapter 10.650, *Rules of the Auditor General of the State of Florida*

We have audited the financial statements of the Foundation as of and for the year ended June 30, 2020, and have issued our report thereon dated October 16, 2020, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by Chapter 10.650, *Rules of the Auditor General of the State of Florida*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated, in all material respects, in relation to the financial statements as a whole.
